σκεψαμένη τῆς ἡδονῆς οὔτε τὴν αἰτίαν, ἀλόγως τε παντάπασιν ὡς ἔπος εἰπεῖν οὐδὲν διαριθμησαμένη, τριβῇ καὶ ἐμπειρίᾳ μνήμην μόνον σφζομένη [501b] τοῦ εἰωθότος γίνεσθαι, ᾧ δὴ καὶ πορίζεται τὰς ἡδονάς. ταῦτ' οὖν πρῶτον σκόπει εἰ δοκεῖ σοι ἱκανῶς λέγεσθαι, καὶ εἶναι τινες καὶ περὶ ψυχὴν τοιαῦται ἄλλαι πραγματεῖαι, αἱ μὲν τεχνικαί, προμήθειάν τινα ἔχουσai τοῦ βελτίστου περὶ τὴν ψυχὴν, αἱ δὲ τούτου μὲν ὀλιγοῦσαι, ἐσκεμμένα δ' αὖ, ὥσπερ ἐκεῖ, τὴν ἡδονὴν μόνον τῆς ψυχῆς, τίνα ἂν αὐτῇ τρόπον γίνοιτο, ἥτις δὲ ἡ βελτίων ἢ χείρων τῶν ἡδονῶν, οὔτε σκοπούμεναι οὔτε μέλον αὐταῖς ἄλλο ἢ χαρίζεσθαι [501c] μόνον, εἴτε βέλτιον εἴτε χεῖρον. ἐμοὶ μὲν γάρ, ᾧ Καλλίκλεις, δοκοῦσίν τε εἶναι, καὶ ἔγωγέ φημι τὸ τοιοῦτον κολακείαν εἶναι καὶ περὶ σῶμα καὶ περὶ ψυχὴν καὶ περὶ ἄλλο ὅτου ἂν τις τὴν ἡδονὴν θεραπεύῃ, ἀσκέπτως ἔχων τοῦ ἀμείνονός τε καὶ τοῦ χείρονος· σὺ δὲ δὴ πότερον συγκατατίθεσαι ἡμῖν περὶ τούτων τὴν αὐτὴν δόξαν ἢ ἀντίφη;

Καλλίκλης: οὐκ ἔγωγε, ἀλλὰ συγχωρῶ, ἵνα σοι καὶ περανθῇ ὁ λόγος καὶ Γοργία τῷδε χαρίσωμαι. [501d]

Σωκράτης: πότερον δὲ περὶ μὲν μίαν ψυχὴν ἔστιν τοῦτο, περὶ δὲ δύο καὶ πολλὰς οὐκ ἔστιν;

Καλλίκλης: οὐκ, ἀλλὰ καὶ περὶ δύο καὶ περὶ πολλὰς.

Σωκράτης: οὐκοῦν καὶ ἀθρόαις ἅμα χαρίζεσθαι ἔστι, μηδὲν σκοπούμενον τὸ βέλτιστον;

Καλλίκλης: οἶμαι ἔγωγε.

Σωκράτης: ἔχεις οὖν εἰπεῖν αἵτινές εἰσιν αἱ ἐπιτηδεύσεις αἱ τοῦτο ποιοῦσαι; μᾶλλον δέ, εἰ βούλει, ἐμοῦ ἐρωτῶντος, ἡ μὲν ἂν σοι δοκῇ τούτων εἶναι, φάθι, ἡ δ' ἂν μή, μὴ φάθι. [501e] πρῶτον δὲ σκεψώμεθα τὴν αὐλητικὴν. οὐ δοκεῖ σοι τοιαύτη τις εἶναι, ᾧ Καλλίκλεις, τὴν ἡδονὴν ἡμῶν μόνον διώκειν, ἄλλο δ' οὐδὲν φροντίζειν;

Καλλίκλης: ἔμοιγε δοκεῖ.

Σωκράτης: οὐκοῦν καὶ αἱ τοιαίδε ἅπασαι, οἷον ἡ κιθαριστικὴ ἢ ἐν τοῖς ἀγῶσιν;

Καλλίκλης: ναί.

Σωκράτης: τί δὲ ἡ τῶν χορῶν διδασκαλία καὶ ἡ τῶν διθυράμβων ποίησις; οὐ τοιαύτη τίς σοι καταφαίνεται; ἢ ἡγῇ τι φροντίζειν Κινησίαν τὸν Μέλητος, ὅπως ἐρεῖ τι τοιοῦτον ὅθεν ἂν οἱ ἀκούοντες βελτίους γίγνοιτο, ἢ ὅτι μέλλει [502a] χαριεῖσθαι τῷ ὄχλῳ τῶν θεατῶν;

Καλλίκλης: δῆλον δὴ τοῦτό γε, ὦ Σώκρατες, Κινησίου γε πέρι.

Σωκράτης: τί δὲ ὁ πατήρ αὐτοῦ Μέλης; ἢ πρὸς τὸ βέλτιστον βλέπων ἐδόκει σοι κιθαρωδεῖν; ἢ ἐκεῖνος μὲν οὐδὲ πρὸς τὸ ἥδιστον; ἡνία γὰρ ἄδων τοὺς θεατάς. ἀλλὰ δὴ σκόπει: οὐχὶ ἢ τε κιθαρωδικὴ δοκεῖ σοι πᾶσα καὶ ἡ τῶν διθυράμβων ποίησις ἡδονῆς χάριν ἡυρῆσθαι;

Καλλίκλης: ἔμοιγε. [502b]

Σωκράτης: τί δὲ δὴ ἡ σεμνὴ αὕτη καὶ θαυμαστή, ἡ τῆς τραγωδίας ποίησις, ἐφ' ᾧ ἐσπούδακεν; πότερόν ἐστιν αὐτῆς τὸ ἐπιχείρημα καὶ ἡ σπουδὴ, ὥς σοι δοκεῖ, χαρίζεσθαι τοῖς θεαταῖς μόνον, ἢ καὶ διαμάχεσθαι, ἐάν τι αὐτοῖς ἡδὺ μὲν ἢ καὶ κεχαρισμένον, πονηρὸν δέ, ὅπως τοῦτο μὲν μὴ ἐρεῖ, εἰ δέ τι τυγχάνει ἀηδὲς καὶ ὠφέλιμον, τοῦτο δὲ καὶ λέξει καὶ ἄσεται, ἐάντε χαίρωσιν ἐάντε μὴ; ποτέρως σοι δοκεῖ παρεσκευάσθαι ἡ τῶν τραγωδιῶν ποίησις;

Καλλίκλης: δῆλον δὴ τοῦτό γε, ὦ Σώκρατες, ὅτι πρὸς τὴν [502c] ἡδονὴν μᾶλλον ὥρμηται καὶ τὸ χαρίζεσθαι τοῖς θεαταῖς.

Σωκράτης: οὐκοῦν τὸ τοιοῦτον, ὦ Καλλίκλεις, ἔφαμεν νυνδὴ κολακείαν εἶναι;

Καλλίκλης: πάνυ γε.

Σωκράτης: φέρε δὴ, εἴ τις περιέλοι τῆς ποιήσεως πάσης τό τε μέλος καὶ τὸν ῥυθμὸν καὶ τὸ μέτρον, ἄλλο τι ἢ λόγοι γίνονται τὸ λειπόμενον;

Καλλίκλης: ἀνάγκη.

Σωκράτης: οὐκοῦν πρὸς πολὺν ὄχλον καὶ δῆμον οὗτοι λέγονται οἱ λόγοι;

Καλλίκλης: φημί.

Σωκράτης: δημηγορία ἄρα τίς ἐστίν ἡ ποιητική. [502d]

Καλλίκλης: φαίνεται.

Σωκράτης: οὐκοῦν ῥητορική δημηγορία ἂν εἴη: ἢ οὐ ῥητορεύειν δοκοῦσί σοι οἱ ποιηταὶ ἐν τοῖς θεάτροις;

Καλλίκλης: ἔμοιγε.

Σωκράτης: νῦν ἄρα ἡμεῖς ἠύρηκαμεν ῥητορικήν τινα πρὸς δῆμον τοιοῦτον οἷον παίδων τε ὁμοῦ καὶ γυναικῶν καὶ ἀνδρῶν, καὶ δούλων καὶ ἐλευθέρων, ἦν οὐ πάνυ ἀγάμεθα: κολακικὴν γὰρ αὐτὴν φαμεν εἶναι.

Καλλίκλης: πάνυ γε.

Σωκράτης: εἶεν: τί δὲ ἡ πρὸς τὸν Ἀθηναίων δῆμον ῥητορική [502e] καὶ τοὺς ἄλλους τοὺς ἐν ταῖς πόλεσιν δῆμους τοὺς τῶν ἐλευθέρων ἀνδρῶν, τί ποτε ἡμῖν αὕτη ἐστίν; πότερόν σοι δοκοῦσιν πρὸς τὸ βέλτιστον αἰεὶ λέγειν οἱ ῥήτορες, τούτου στοχαζόμενοι, ὅπως οἱ πολῖται ὥς βέλτιστοι ἔσονται διὰ τοὺς αὐτῶν λόγους, ἢ καὶ οὗτοι πρὸς τὸ χαρίζεσθαι τοῖς πολίταις ὠρμημένοι, καὶ ἔνεκα τοῦ ἰδίου τοῦ αὐτῶν ὀλιγωροῦντες τοῦ κοινοῦ, ὥσπερ παισὶ προσομιλοῦσι τοῖς δῆμοις, χαρίζεσθαι αὐτοῖς πειρώμενοι μόνον, εἰ δέ γε βελτίους ἔσονται ἢ χεῖρους [503a] διὰ ταῦτα, οὐδὲν φροντίζουσιν;

Καλλίκλης: οὐχ ἀπλοῦν ἔτι τοῦτο ἐρωτᾷς: εἰσὶ μὲν γὰρ οἱ κηδόμενοι τῶν πολιτῶν λέγουσιν ἅ λέγουσιν, εἰσὶν δὲ καὶ οἷους σὺ λέγεις.

Σωκράτης: ἐξαρκεῖ. εἰ γὰρ καὶ τοῦτό ἐστι διπλοῦν, τὸ μὲν ἕτερόν που τούτου κολακεία ἂν εἴη καὶ αἰσχροὴ δημηγορία, τὸ δ' ἕτερον καλόν, τὸ παρασκευάζειν ὅπως ὥς βέλτισται ἔσονται τῶν πολιτῶν αἰ ψυχαί, καὶ διαμάχεσθαι λέγοντα τὰ βέλτιστα, εἴτε ἡδίω εἴτε ἀηδέστερα ἔσται τοῖς ἀκούουσιν. [503b] ἀλλ' οὐ πάποτε σὺ ταύτην εἶδες τὴν ῥητορικήν: ἢ εἴ τινα ἔχεις τῶν ῥητόρων τοιοῦτον εἰπεῖν, τί οὐχὶ καὶ ἐμοὶ αὐτὸν ἔφρασας τίς ἐστίν;

Καλλίκλης: ἀλλὰ μὰ Δία οὐκ ἔχω ἔγωγέ σοι εἰπεῖν τῶν γε νῦν

ρήτορων οὐδένα.

Σωκράτης: τί δέ; τῶν παλαιῶν ἔχεις τινὰ εἰπεῖν δι' ὄντινα αἰτίαν ἔχουσιν Ἀθηναῖοι βελτίους γεγονέναι, ἐπειδὴ ἐκεῖνος ἤρξατο δημηγορεῖν, ἐν τῷ πρόσθεν χρόνῳ χεῖρους ὄντες; ἐγὼ μὲν γὰρ οὐκ οἶδα τίς ἐστὶν οὗτος. [503c]

Καλλίκλης: τί δέ; Θεμιστοκλέα οὐκ ἀκούεις ἄνδρα ἀγαθὸν γεγονότα καὶ Κίμωνα καὶ Μιλτιάδην καὶ Περικλέα τουτονὶ τὸν νεωστὶ τετελευτηκότα, οὗ καὶ σὺ ἀκήκοας;

Σωκράτης: εἰ ἔστιν γε, ὦ Καλλίκλεις, ἣν πρότερον σὺ ἔλεγες ἀρετὴν, ἀληθῆς, τὸ τὰς ἐπιθυμίας ἀποπιμπλάναι καὶ τὰς αὐτοῦ καὶ τὰς τῶν ἄλλων: εἰ δὲ μὴ τοῦτο, ἀλλ' ὅπερ ἐν τῷ ὑστέρῳ λόγῳ ἠναγκάσθημεν ἡμεῖς ὁμολογεῖν — ὅτι αἱ μὲν τῶν ἐπιθυμιῶν πληρούμεναι βελτίῳ ποιοῦσι τὸν ἄνθρωπον, [503d] ταύτας μὲν ἀποτελεῖν, αἱ δὲ χεῖρω, μή, τοῦτο δὲ τέχνη τις εἴη — τοιοῦτον ἄνδρα τούτων τινὰ [γεγονέναι] οὐκ ἔχω ἔγωγε πῶς εἶπω.

Καλλίκλης: ἀλλ' ἐὰν ζητῆς καλῶς, εὐρήσεις.

Σωκράτης: ἴδωμεν δὴ οὕτως ἀτρέμα σκοπούμενοι εἴ τις τούτων τοιοῦτος γέγονεν: φέρε γάρ, ὁ ἀγαθὸς ἀνὴρ καὶ ἐπὶ τὸ βέλτιστον λέγων, ἂν λέγῃ ἄλλο τι οὐκ εἰκῇ ἐρεῖ, ἀλλ' [503e] ἀποβλέπων πρὸς τι; ὥσπερ καὶ οἱ ἄλλοι πάντες δημιουργοὶ [βλέποντες] πρὸς τὸ αὐτῶν ἔργον ἕκαστος οὐκ εἰκῇ ἐκλεγόμενος προσφέρει [πρὸς τὸ ἔργον τὸ αὐτῶν,] ἀλλ' ὅπως ἂν εἰδός τι αὐτῷ σχῇ τοῦτο ὃ ἐργάζεται. οἷον εἰ βούλει ἰδεῖν τοὺς ζωγράφους, τοὺς οἰκοδόμους, τοὺς ναυπηγούς, τοὺς ἄλλους πάντας δημιουργούς, ὄντινα βούλει αὐτῶν, ὡς εἰς τάξιν τινὰ ἕκαστος ἕκαστον τίθῃσιν ὃ ἂν τιθῇ, καὶ προσαναγκάζει τὸ ἕτερον τῷ ἐτέρῳ πρέπον τε εἶναι καὶ ἀρμόττειν, ἕως ἂν τὸ [504a] ἅπαν συστήσῃται τεταγμένον τε καὶ κεκοσμημένον πρᾶγμα: καὶ οἱ τε δὴ ἄλλοι δημιουργοὶ καὶ οὓς νυνδὴ ἐλέγομεν, οἱ περὶ τὸ σῶμα, παιδοτρίβαι τε καὶ ἱατροί, κοσμοῦσί που τὸ σῶμα καὶ συντάττουσιν. ὁμολογοῦμεν οὕτω τοῦτ' ἔχειν ἢ οὔ;

Καλλίκλης: ἔστω τοῦτο οὕτω.

Σωκράτης: τάξεως ἄρα καὶ κόσμου τυχοῦσα οἰκία χρηστὴ ἂν εἴη,

ἀταξίας δὲ μοχθηρά;

Καλλίκλης: φημί.

Σωκράτης: οὐκοῦν καὶ πλοῖον ὡσαύτως; [504b]

Καλλίκλης: ' ναί.

Σωκράτης: καὶ μὴν καὶ τὰ σώματά φαμεν τὰ ἡμέτερα;

Καλλίκλης: πάνυ γε.

Σωκράτης: τί δ' ἡ ψυχὴ; ἀταξίας τυχοῦσα ἔσται χρηστή, ἢ τάξεώς τε καὶ κόσμου τινός;

Καλλίκλης: ἀνάγκη ἐκ τῶν πρόσθεν καὶ τοῦτο συνομολογεῖν.

Σωκράτης: τί οὖν ὄνομά ἐστιν ἐν τῷ σώματι τῷ ἐκ τῆς τάξεώς τε καὶ τοῦ κόσμου γιγνομένῳ;

Καλλίκλης: Ὑγίειαν καὶ ἰσχὺν ἴσως λέγεις. [504c]

Σωκράτης: ἔγωγε. τί δὲ αὖ τῷ ἐν τῇ ψυχῇ ἐγγιγνομένῳ ἐκ τῆς τάξεως καὶ τοῦ κόσμου; πειρῶ εὐρεῖν καὶ εἰπεῖν ὥσπερ ἐκεῖ τὸ ὄνομα.

Καλλίκλης: τί δὲ οὐκ αὐτὸς λέγεις, ὦ Σώκρατες;

Σωκράτης: ἀλλ' εἴ σοι ἡδιόν ἐστιν, ἐγὼ ἐρῶ: σὺ δέ, ἂν μὲν σοι δοκῶ ἐγὼ καλῶς λέγειν, φάθι, εἰ δὲ μή, ἔλεγχε καὶ μὴ ἐπίτρεπε. ἐμοὶ γὰρ δοκεῖ ταῖς μὲν τοῦ σώματος τάξεσιν ὄνομα εἶναι ὑγεινόν, ἐξ οὗ ἐν αὐτῷ ἡ ὑγίεια γίγνεται καὶ ἡ ἄλλη ἀρετὴ τοῦ σώματος. ἔστιν ταῦτα ἢ οὐκ ἔστιν;

Καλλίκλης: ἔστιν. [504d]

Σωκράτης: ταῖς δέ γε τῆς ψυχῆς τάξεσι καὶ κοσμήσεσιν νόμιμόν τε καὶ νόμος, ὅθεν καὶ νόμιμοι γίνονται καὶ κόσμοι: ταῦτα δ' ἔστιν δικαιοσύνη τε καὶ σωφροσύνη. φῆς ἢ οὐ;

Καλλίκλης: ἔστω.

Σωκράτης: οὐκοῦν πρὸς ταῦτα βλέπων ὁ ῥήτωρ ἐκεῖνος, ὁ τεχνικός

τε καὶ ἀγαθός, καὶ τοὺς λόγους προσοίσει ταῖς ψυχαῖς οὗς ἂν λέγῃ, καὶ τὰς πράξεις ἀπάσας, καὶ δῶρον ἐάν τι διδῶ, δώσει, καὶ ἐάν τι ἀφαιρῇται, ἀφαιρήσεται, πρὸς τοῦτο ἀεὶ τὸν νοῦν ἔχων, ὅπως ἂν αὐτοῦ τοῖς πολίταις [504e] δικαιοσύνη μὲν ἐν ταῖς ψυχαῖς γίγνηται, ἀδικία δὲ ἀπαλλάττεται, καὶ σωφροσύνη μὲν ἐγγίγνηται, ἀκολασία δὲ ἀπαλλάττεται, καὶ ἡ ἄλλη ἀρετὴ ἐγγίγνηται, κακία δὲ ἀπίη. συγχωρεῖς ἢ οὐ;

Καλλίκλης: συγχωρῶ.

Σωκράτης: τί γὰρ ὄφελος, ὦ Καλλίκλεις, σώματί γε κάμνοντι καὶ μοχθηρῶς διακειμένῳ σιτία πολλὰ διδόναι καὶ τὰ ἥδιστα ἢ ποτὰ ἢ ἄλλ' ὅτιοῦν, ὃ μὴ ὀνήσει αὐτὸ ἔσθ' ὅτι πλέον ἢ τοῦναντίον κατὰ γε τὸν δίκαιον λόγον καὶ ἔλαττον; ἔστι ταῦτα; [505a]

Καλλίκλης: ἔστω.

Σωκράτης: οὐ γὰρ οἶμαι λυσιτελεῖ μετὰ μοχθηρίας σώματος ζῆν ἄνθρωπον: ἀνάγκη γὰρ οὕτω καὶ ζῆν μοχθηρῶς. ἢ οὐχ οὕτως;

Καλλίκλης: ναί.

Σωκράτης: οὐκοῦν καὶ τὰς ἐπιθυμίας ἀποπιμπλάναι, οἷον πεινῶντα φαγεῖν ὅσον βούλεται ἢ διψῶντα πιεῖν, ὑγιαίνοντα μὲν ἐῷσιν οἱ ἱατροὶ ὥς τὰ πολλά, κάμνοντα δὲ ὥς ἔπος εἰπεῖν οὐδέποτε' ἐῷσιν ἐμπίμπλασθαι ὧν ἐπιθυμεῖ; συγχωρεῖς τοῦτό γε καὶ σύ;

Καλλίκλης: ἔγωγε. [505b]

Σωκράτης: περὶ δὲ ψυχὴν, ὦ ἄριστε, οὐχ ὁ αὐτὸς τρόπος; ἕως μὲν ἂν πονηρὰ ἦ, ἀνόητός τε οὖσα καὶ ἀκόλαστος καὶ ἄδικος καὶ ἀνόσιος, εἴργειν αὐτὴν δεῖ τῶν ἐπιθυμιῶν καὶ μὴ ἐπιτρέπειν ἄλλ' ἅττα ποιεῖν ἢ ἀφ' ὧν βελτίων ἔσται: φῆς ἢ οὐ;

Καλλίκλης: φημί.

Σωκράτης: οὕτω γὰρ που αὐτῇ ἄμεινον τῇ ψυχῇ;

Καλλίκλης: πάνυ γε.

Σωκράτης: οὐκοῦν τὸ εἴργειν ἐστὶν ἀφ' ὧν ἐπιθυμεῖ κολάζειν;

Καλλίκλης: ναί.

Σωκράτης: τὸ κολάζεσθαι ἄρα τῇ ψυχῇ ἄμεινόν ἐστιν ἢ ἡ ἀκολασία, ὥσπερ σὺ νυνδὴ ᾤου. [505c]

Καλλίκλης: οὐκ οἶδ' ἅττα λέγεις, ὦ Σώκρατες, ἀλλ' ἄλλον τινὰ ἐρώτα.

Σωκράτης: οὗτος ἀνὴρ οὐχ ὑπομένει ὠφελούμενος καὶ αὐτὸς τοῦτο πάσχων περὶ οὗ ὁ λόγος ἐστί, κολαζόμενος.

Καλλίκλης: οὐδέ γέ μοι μέλει οὐδὲν ὧν σὺ λέγεις, καὶ ταῦτά σοι Γοργίου χάριν ἀπεκρινάμην.

Σωκράτης: εἶεν: τί οὖν δὴ ποιήσομεν; μεταξὺ τὸν λόγον καταλύομεν;

Καλλίκλης: αὐτὸς γνώσῃ.

Σωκράτης: ἀλλ' οὐδὲ τοὺς μύθους φασὶ μεταξὺ θέμις εἶναι [505d] καταλείπειν, ἀλλ' ἐπιθέντας κεφαλὴν, ἵνα μὴ ἄνευ κεφαλῆς περιίῃ. ἀπόκριναι οὖν καὶ τὰ λοιπά, ἵνα ἡμῖν ὁ λόγος κεφαλὴν λάβῃ.

Καλλίκλης: ὥς βίαιος εἶ, ὦ Σώκρατες. ἐὰν δὲ ἐμοὶ πείθῃ, ἐάσεις χαίρειν τοῦτον τὸν λόγον, ἢ καὶ ἄλλῳ τῷ διαλέξῃ.

Σωκράτης: τίς οὖν ἄλλος ἐθέλει; μὴ γάρ τοι ἀτελεῖ γε τὸν λόγον καταλείπωμεν.

Καλλίκλης: αὐτὸς δὲ οὐκ ἂν δύναιο διελθεῖν τὸν λόγον, ἢ λέγων κατὰ σαυτὸν ἢ ἀποκρινόμενος σαυτῷ; [505e]

Σωκράτης: ἵνα μοι τὸ τοῦ Ἐπιχάρμου γένηται, ἃ “πρὸ τοῦ δύο ἄνδρες ἔλεγον,” εἷς ὧν ἱκανὸς γένωμαι. ἀτὰρ κινδυνεύει ἀναγκαιότατον εἶναι οὕτως. εἰ μέντοι ποιήσομεν, οἶμαι ἔγωγε χρῆναι πάντας ἡμᾶς φιλονίκως ἔχειν πρὸς τὸ εἰδέναι τὸ ἀληθὲς τί ἐστιν περὶ ὧν λέγομεν καὶ τί ψεῦδος; κοινὸν γὰρ ἀγαθὸν ἅπασι φανερόν γενέσθαι αὐτό. δίδεμι [506a] μὲν οὖν τῷ λόγῳ ἐγὼ ὥς ἂν μοι δοκῇ ἔχειν: ἐὰν δὲ τῷ ὑμῶν μὴ τὰ ὄντα δοκῶ ὁμολογεῖν ἐμαυτῷ, χρὴ ἀντιλαμβάνεσθαι καὶ ἐλέγχειν. οὐδὲ γάρ τοι ἔγωγε εἰδῶς λέγω ἃ λέγω, ἀλλὰ ζητῶ κοινῇ μεθ' ὑμῶν, ὥστε, ἂν τι φαίνεται λέγων ὁ

ἀμφισβητῶν ἐμοί, ἐγὼ πρῶτος συγχωρήσομαι. λέγω μέντοι ταῦτα, εἰ δοκεῖ χρῆναι διαπερανθῆναι τὸν λόγον: εἰ δὲ μὴ βούλεσθε, ἐῷμεν ἤδη χαίρειν καὶ ἀπίωμεν.

Γοργίας: ἀλλ’ ἐμοὶ μὲν οὐ δοκεῖ, ὦ Σώκρατες, χρῆναί πω [506b] ἀπιέναι, ἀλλὰ διεξελθεῖν σε τὸν λόγον: φαίνεται δέ μοι καὶ τοῖς ἄλλοις δοκεῖν. βούλομαι γὰρ ἔγωγε καὶ αὐτὸς ἀκοῦσαί σου αὐτοῦ διόντος τὰ ἐπίλοιπα.

Σωκράτης: ἀλλὰ μὲν δὴ, ὦ Γοργία, καὶ αὐτὸς ἡδέως μὲν ἂν Καλλικλεῖ τούτῳ ἔτι διελεγόμεν, ἕως αὐτῷ τὴν τοῦ Ἀμφίονος ἀπέδωκα ῥῆσιν ἀντὶ τῆς τοῦ Ζήθου: ἐπειδὴ δὲ σύ, ὦ Καλλίκλεις, οὐκ ἐθέλεις συνδιαπερᾶναι τὸν λόγον, ἀλλ’ οὖν ἐμοῦ γε ἀκούων ἐπιλαμβάνου, ἐάν τί σοι δοκῶ μὴ [506c] καλῶς λέγειν. καὶ με ἐὰν ἐξελέγῃς, οὐκ ἀχθεσθήσομαί σοι ὥσπερ σὺ ἐμοί, ἀλλὰ μέγιστος εὐεργέτης παρ’ ἐμοὶ ἀναγεγράψῃ.

Καλλίκλεις: λέγε, ὠγαθέ, αὐτὸς καὶ πέραινε.

Σωκράτης: ἄκουε δὴ ἐξ ἀρχῆς ἐμοῦ ἀναλαβόντος τὸν λόγον. ἄρα τὸ ἡδὺ καὶ τὸ ἀγαθὸν τὸ αὐτὸ ἐστίν;

οὐ ταῦτόν, ὥς ἐγὼ καὶ Καλλικλῆς ὡμολογήσαμεν.

πότερον δὲ τὸ ἡδὺ ἔνεκα τοῦ ἀγαθοῦ πρακτέον, ἢ τὸ ἀγαθὸν ἔνεκα τοῦ ἡδέος;

τὸ ἡδὺ ἔνεκα τοῦ ἀγαθοῦ.

ἡδὺ δὲ ἐστίν τοῦτο οὗ [506d] παραγενομένου ἡδόμεθα, ἀγαθὸν δὲ οὗ παρόντος ἀγαθοὶ ἐσμεν;

πάνυ γε.

ἀλλὰ μὴν ἀγαθοὶ γέ ἐσμεν καὶ ἡμεῖς καὶ τᾶλλα πάντα ὅς’ ἀγαθὰ ἐστίν, ἀρετῆς τινος παραγενομένης;

ἔμοιγε δοκεῖ ἀναγκαῖον εἶναι, ὦ Καλλίκλεις.

ἀλλὰ μὲν δὴ ἢ γε ἀρετὴ ἐκάστου, καὶ σκεύους καὶ σώματος καὶ ψυχῆς αὐ καὶ ζώου παντός, οὐ τῷ εἰκῇ κάλλιστα παραγίγνεται, ἀλλὰ

τάξει καὶ ὀρθότητι καὶ τέχνῃ, ἥτις ἐκάστω ἀποδέδεται αὐτῶν: ἄρα ἔστιν ταῦτα;

ἐγὼ μὲν γάρ φημι.

[506e] τάξει ἄρα τεταγμένον καὶ κεκοσμημένον ἔστιν ἡ ἀρετὴ ἐκάστου;

φαίην ἂν ἔγωγε.

κόσμος τις ἄρα ἐγγενόμενος ἐν ἐκάστω ὁ ἐκάστου οἰκεῖος ἀγαθὸν παρέχει ἕκαστον τῶν ὄντων;

ἔμοιγε δοκεῖ.

καὶ ψυχὴ ἄρα κόσμον ἔχουσα τὸν ἑαυτῆς ἀμείνων τῆς ἀκοσμήτου;

ἀνάγκη.

ἀλλὰ μὴν ἢ γε κόσμον ἔχουσα κοσμία;

πῶς γὰρ οὐ μέλλει;

ἢ δέ [507a] γε κοσμία σώφρων;

πολλὴ ἀνάγκη.

ἢ ἄρα σώφρων ψυχὴ ἀγαθὴ. ἐγὼ μὲν οὐκ ἔχω παρὰ ταῦτα ἄλλα φάναι, ὦ φίλε Καλλίκλεις: σὺ δ' εἰ ἔχεις, δίδασκε.

Καλλίκλης: λέγ', ὦγαθέ.

Σωκράτης: λέγω δὴ ὅτι, εἰ ἡ σώφρων ἀγαθὴ ἔστιν, ἡ τοῦναντίον τῇ σώφρονι πεπονθυῖα κακὴ ἔστιν: ἦν δὲ αὕτη ἡ ἄφρων τε καὶ ἀκόλαστος. πάνυ γε.

καὶ μὴν ὅ γε σώφρων τὰ προσήκοντα πράττει ἂν καὶ περὶ θεοὺς καὶ περὶ ἀνθρώπους: οὐ γὰρ ἂν σωφρονοῖ τὰ μὴ προσήκοντα πράττων;

[507b] ἀνάγκη ταῦτ' εἶναι οὕτω.

καὶ μὴν περὶ μὲν ἀνθρώπους τὰ προσήκοντα πράττων δίκαι' ἂν πράττοι, περὶ δὲ θεοὺς ὅσια: τὸν δὲ τὰ δίκαια καὶ ὅσια πράττοντα

ἀνάγκη δίκαιον καὶ ὅσιον εἶναι. ἔστι ταῦτα.

καὶ μὲν δὴ καὶ ἀνδρεῖόν γε ἀνάγκη: οὐ γὰρ δὴ σώφρωνος ἀνδρός ἐστιν οὔτε διώκειν οὔτε φεύγειν ἢ μὴ προσήκει, ἀλλ' ἢ δεῖ καὶ πράγματα καὶ ἀνθρώπους καὶ ἡδονὰς καὶ λύπας φεύγειν καὶ διώκειν, καὶ ὑπομένοντα καρτερεῖν ὅπου δεῖ: ὥστε πολλή [507c] ἀνάγκη, ὃ Καλλίκλεις, τὸν σώφρονα, ὥσπερ διήλθομεν, δίκαιον ὄντα καὶ ἀνδρεῖον καὶ ὅσιον ἀγαθὸν ἄνδρα εἶναι τελέως, τὸν δὲ ἀγαθὸν εὖ τε καὶ καλῶς πράττειν ἢ ἂν πράττη, τὸν δ' εὖ πράττοντα μακάριόν τε καὶ εὐδαίμονα εἶναι, τὸν δὲ πονηρὸν καὶ κακῶς πράττοντα ἄθλιον: οὗτος δ' ἂν εἴη ὁ ἐναντίως ἔχων τῷ σώφρονι, ὁ ἀκόλαστος, ὃν σὺ ἐπήνεις.

ἐγὼ μὲν οὖν ταῦτα οὕτω τίθεμαι καὶ φημι ταῦτα ἀληθῆ εἶναι: εἰ δὲ ἔστιν ἀληθῆ, τὸν βουλόμενον, ὡς ἔοικεν, εὐδαίμονα [507d] εἶναι σωφροσύνην μὲν διωκτέον καὶ ἀσκητέον, ἀκολασίαν δὲ φευκτέον ὡς ἔχει ποδῶν ἕκαστος ἡμῶν, καὶ παρασκευαστέον μάλιστα μὲν μηδὲν δεῖσθαι τοῦ κολάζεσθαι, ἐὰν δὲ δεηθῇ ἢ αὐτὸς ἢ ἄλλος τις τῶν οἰκείων, ἢ ιδιώτης ἢ πόλις, ἐπιθετέον δίκην καὶ κολαστέον, εἰ μέλλει εὐδαίμων εἶναι. οὗτος ἔμοιγε δοκεῖ ὁ σκοπὸς εἶναι πρὸς ὃν βλέποντα δεῖ ζῆν, καὶ πάντα εἰς τοῦτο τὰ αὐτοῦ συντείνοντα καὶ τὰ τῆς πόλεως, ὅπως δικαιοσύνη παρέσται καὶ σωφροσύνη [507e] τῷ μακαρίῳ μέλλοντι ἔσεσθαι, οὕτω πράττειν, οὐκ ἐπιθυμίας ἑῶντα ἀκολάστους εἶναι καὶ ταύτας ἐπιχειροῦντα πληροῦν, ἀνήνυτον κακόν, ληστοῦ βίον ζῶντα. οὔτε γὰρ ἂν ἄλλῳ ἀνθρώπῳ προσφιλεῖς ἂν εἴη ὁ τοιοῦτος οὔτε θεῷ: κοινωνεῖν γὰρ ἀδύνατος, ὅτῳ δὲ μὴ ἐνὶ κοινωνίᾳ, φιλία οὐκ ἂν εἴη. φασὶ δ' οἱ σοφοί, ὃ Καλλίκλεις, καὶ οὐρανὸν καὶ [508a] γῆν καὶ θεοὺς καὶ ἀνθρώπους τὴν κοινωνίαν συνέχειν καὶ φιλίαν καὶ κοσμιότητα καὶ σωφροσύνην καὶ δικαιοσύνην, καὶ τὸ ὅλον τοῦτο διὰ ταῦτα κόσμον καλοῦσιν, ὃ ἐταῖρε, οὐκ ἀκοσμίαν οὐδὲ ἀκολασίαν. σὺ δέ μοι δοκεῖς οὐ προσέχειν τὸν νοῦν τούτοις, καὶ ταῦτα σοφὸς ὢν, ἀλλὰ λέληθέν σε ὅτι ἡ ἰσότης ἢ γεωμετρικὴ καὶ ἐν θεοῖς καὶ ἐν ἀνθρώποις μέγα δύναται, σὺ δὲ πλεονεξίαν οἶε δεῖν ἀσκεῖν: γεωμετρίας γὰρ ἀμελεῖς. εἰεν: ἢ ἐξελεγκτέος δὴ οὗτος ὁ λόγος [508b] ἡμῖν ἐστιν, ὡς οὐ δικαιοσύνης καὶ σωφροσύνης κτήσει εὐδαίμονες οἱ εὐδαίμονες, κακίας δὲ οἱ ἄθλιοι, ἢ εἰ οὗτος ἀληθὴς ἐστιν, σκεπτέον τί τὰ συμβαίνοντα. τὰ

πρόσθεν ἐκεῖνα, ὃ Καλλίκλεις, συμβαίνει πάντα, ἐφ' οἷς σύ με ἤρου εἰ σπουδάζων λέγοιμι, λέγοντα ὅτι κατηγορητέον εἶη καὶ αὐτοῦ καὶ ὑέος καὶ ἐταίρου, ἐάν τι ἀδικῇ, καὶ τῇ ῥητορικῇ ἐπὶ τοῦτο χρηστέον: καὶ ἃ Πῶλον αἰσχύνῃ ᾧ συγχωρεῖν, ἀληθῆ ἄρα ἦν, τὸ εἶναι τὸ ἀδικεῖν τοῦ ἀδικεῖσθαι ὅσπερ [508c] αἰσχιον τοσοῦτω κάκιον: καὶ τὸν μέλλοντα ὀρθῶς ῥητορικὸν ἔσεσθαι δίκαιον ἄρα δεῖ εἶναι καὶ ἐπιστήμονα τῶν δικαίων, ὃ αὖ Γοργίαν ἔφη Πῶλος δι' αἰσχύνῃν ὁμολογῆσαι.

τούτων δὲ οὕτως ἐχόντων σκεψώμεθα τί ποτ' ἐστὶν ἃ σὺ ἐμοὶ ὀνειδίζεις, ἄρα καλῶς λέγεται ἢ οὐ, ὥς ἄρα ἐγὼ οὐχ οἷός τ' εἰμι βοηθῆσαι οὔτε ἐμαυτῷ οὔτε τῶν φίλων οὐδενὶ οὐδὲ τῶν οἰκείων, οὐδ' ἐκσῶσαι ἐκ τῶν μεγίστων κινδύνων, εἰμὶ δὲ ἐπὶ τῷ βουλομένῳ ὥσπερ οἱ ἄτιμοι τοῦ ἐθέλοντος, [508d] ἅντε τύπτειν βούληται, τὸ νεανικὸν δὴ τοῦτο τὸ τοῦ σοῦ λόγου, ἐπὶ κόρρῃς, ἐάντε χρήματα ἀφαιρεῖσθαι, ἐάντε ἐκβάλλειν ἐκ τῆς πόλεως, ἐάντε, τὸ ἔσχατον, ἀποκτεῖναι: καὶ οὕτω διακεῖσθαι πάντων δὴ αἰσχιστόν ἐστιν, ὥς ὁ σὸς λόγος. ὁ δὲ δὴ ἐμὸς ὅστις, πολλάκις μὲν ἤδη εἴρηται, οὐδὲν δὲ κωλύει καὶ ἔτι λέγεσθαι: οὐ φημι, ὃ Καλλίκλεις, τὸ τύπτεσθαι ἐπὶ κόρρῃς ἀδίκως αἰσχιστον εἶναι, οὐδέ γε τὸ τέμνεσθαι [508e] οὔτε τὸ σῶμα τὸ ἐμὸν οὔτε τὸ βαλλάντιον, ἀλλὰ τὸ τύπτειν καὶ ἐμὲ καὶ τὰ ἐμὰ ἀδίκως καὶ τέμνειν καὶ αἰσχιον καὶ κάκιον, καὶ κλέπτειν γε ἅμα καὶ ἀνδραποδίζεσθαι καὶ τοιχωρυχεῖν καὶ συλλήβδην ὅτιοῦν ἀδικεῖν καὶ ἐμὲ καὶ τὰ ἐμὰ τῷ ἀδικοῦντι καὶ κάκιον καὶ αἰσχιον εἶναι ἢ ἐμοὶ τῷ ἀδικουμένῳ. ταῦτα ἡμῖν ἄνω ἐκεῖ ἐν τοῖς πρόσθεν λόγοις οὕτω φανέντα, ὥς ἐγὼ λέγω, κατέχεται καὶ δέδεται, καὶ [509a] εἰ ἀγροικότερόν τι εἰπεῖν ἔστιν, σιδηροῖς καὶ ἀδαμαντίνοις λόγοις, ὥς γοῦν ἂν δόξειεν οὕτως, οὗς σὺ εἰ μὴ λύσεις ἢ σοῦ τις νεανικώτερος, οὐχ οἷόν τε ἄλλως λέγοντα ἢ ὥς ἐγὼ νῦν λέγω καλῶς λέγειν: ἐπεὶ ἔμοιγε ὁ αὐτὸς λόγος ἐστὶν ἀεὶ, ὅτι ἐγὼ ταῦτα οὐκ οἶδα ὅπως ἔχει, ὅτι μέντοι ὧν ἐγὼ ἐντετύχηκα, ὥσπερ νῦν, οὐδεὶς οἷός τ' ἐστὶν ἄλλως λέγων μὴ οὐ καταγέλαστος εἶναι. ἐγὼ μὲν οὖν αὖ τίθημι [509b] ταῦτα οὕτως ἔχειν: εἰ δὲ οὕτως ἔχει καὶ μέγιστον τῶν κακῶν ἐστὶν ἡ ἀδικία τῷ ἀδικοῦντι καὶ ἔτι τούτου μείζον μεγίστου ὄντος, εἰ οἷόν τε, τὸ ἀδικοῦντα μὴ διδόναι δίκην, τίνα ἂν βοήθειαν μὴ δυνάμενος ἄνθρωπος βοηθεῖν ἑαυτῷ καταγέλαστος ἂν τῇ ἀληθείᾳ εἴη; ἄρα οὐ ταύτην, ἣτις ἀποτρέψει τὴν μεγίστην ἡμῶν βλάβην; ἀλλὰ πολλή

ἀνάγκη ταύτην εἶναι τὴν αἰσχίστην βοήθειαν μὴ δύνασθαι βοηθεῖν μήτε αὐτῷ μήτε τοῖς αὐτοῦ φίλοις τε καὶ οἰκείοις, δευτέραν δὲ [509c] τὴν τοῦ δευτέρου κακοῦ καὶ τρίτην τὴν τοῦ τρίτου καὶ ἄλλα οὕτως: ὥς ἐκάστου κακοῦ μέγεθος πέφυκεν, οὕτω καὶ κάλλος τοῦ δυνατὸν εἶναι ἐφ’ ἑκάστα βοηθεῖν καὶ αἰσχύνῃ τοῦ μή. ἄρα ἄλλως ἢ οὕτως ἔχει, ὦ Καλλίκλεις;

Καλλίκλης: οὐκ ἄλλως.

Σωκράτης: δυοῖν οὖν ὄντοιν, τοῦ ἀδικεῖν τε καὶ ἀδικεῖσθαι, μεῖζον μὲν φαμεν κακὸν τὸ ἀδικεῖν, ἔλαττον δὲ τὸ ἀδικεῖσθαι. τί οὖν ἂν παρασκευασάμενος ἄνθρωπος βοηθήσειεν αὐτῷ, [509d] ὥστε ἀμφοτέρας τὰς ὠφελίας ταύτας ἔχειν, τὴν τε ἀπὸ τοῦ μὴ ἀδικεῖν καὶ τὴν ἀπὸ τοῦ μὴ ἀδικεῖσθαι; πότερα δύναμιν ἢ βούλησιν; ὧδε δὲ λέγω: πότερον ἐὰν μὴ βούληται ἀδικεῖσθαι, οὐκ ἀδικήσεται, ἢ ἐὰν δύναμιν παρασκευάσῃται τοῦ μὴ ἀδικεῖσθαι, οὐκ ἀδικήσεται;

Καλλίκλης: δῆλον δὴ τοῦτό γε, ὅτι ἐὰν δύναμιν.

Σωκράτης: τί δὲ δὴ τοῦ ἀδικεῖν; πότερον ἐὰν μὴ βούληται ἀδικεῖν, ἱκανὸν τοῦτ’ ἐστίν — οὐ γὰρ ἀδικήσῃ — ἢ καὶ ἐπὶ [509e] τοῦτο δεῖ δύναμιν τινα καὶ τέχνην παρασκευάσασθαι, ὥς, ἐὰν μὴ μάθῃ αὐτὰ καὶ ἀσκήσῃ, ἀδικήσῃ; τί οὐκ αὐτό γέ μοι τοῦτο ἀπεκρίνω, ὦ Καλλίκλεις, πότερόν σοι δοκοῦμεν ὀρθῶς ἀναγκασθῆναι ὁμολογεῖν ἐν τοῖς ἔμπροσθεν λόγοις ἐγὼ τε καὶ Πῶλος ἢ οὐ, ἥνικα ὁμολογήσαμεν μηδένα βουλόμενον ἀδικεῖν, ἀλλ’ ἄκοντας τοὺς ἀδικοῦντας πάντας ἀδικεῖν; [510a]

Καλλίκλης: ἔστω σοι τοῦτο, ὦ Σώκρατες, οὕτως, ἵνα διαπεράνης τὸν λόγον.

Σωκράτης: καὶ ἐπὶ τοῦτο ἄρα, ὥς ἔοικεν, παρασκευαστέον ἐστὶ δύναμιν τινα καὶ τέχνην, ὅπως μὴ ἀδικήσωμεν.

Καλλίκλης: πάνυ γε.

Σωκράτης: τίς οὖν ποτ’ ἐστὶν τέχνη τῆς παρασκευῆς τοῦ μηδὲν ἀδικεῖσθαι ἢ ὥς ὀλίγιστα; σκέψαι εἰ σοὶ δοκεῖ ἥπερ ἐμοί. ἐμοὶ μὲν γὰρ δοκεῖ ἥδε: ἡ αὐτὸν ἄρχειν δεῖν ἐν τῇ πόλει ἢ καὶ τυραννεῖν, ἢ τῆς ὑπαρχούσης πολιτείας ἐταῖρον εἶναι.

Καλλίκλης: ὁρᾷς, ὦ Σώκρατες, ὡς ἐγὼ ἔτοιμός εἰμι ἐπαινεῖν, [510b] ἂν τι καλῶς λέγῃς; τοῦτό μοι δοκεῖς πάνυ καλῶς εἰρηκέναι.

Σωκράτης: σκοπεῖ δὴ καὶ τόδε ἐάν σοι δοκῶ εἶ λέγειν. φίλος μοι δοκεῖ ἕκαστος ἐκάστῳ εἶναι ὡς οἶόν τε μάλιστα, ὥνπερ οἱ παλαιοὶ τε καὶ σοφοὶ λέγουσιν, ὁ ὅμοιος τῷ ὁμοίῳ. οὐ καὶ σοί;

Καλλίκλης: ἔμοιγε.

Σωκράτης: οὐκοῦν ὅπου τύραννός ἐστιν ἄρχων ἄγριος καὶ ἀπαίδευτος, εἴ τις τούτου ἐν τῇ πόλει πολὺ βελτίων εἴη, φοβοῖτο δήπου ἂν αὐτὸν ὁ τύραννος καὶ τούτῳ ἐξ ἅπαντος [510c] τοῦ νοῦ οὐκ ἂν ποτε δύναιτο φίλος γενέσθαι;

Καλλίκλης: ἔστι ταῦτα.

Σωκράτης: οὐδέ γε εἴ τις πολὺ φαυλότερος εἴη, οὐδ' ἂν οὔτος καταφρονοῖ γὰρ ἂν αὐτοῦ ὁ τύραννος καὶ οὐκ ἂν ποτε ὡς πρὸς φίλον σπουδάσειεν.

Καλλίκλης: καὶ ταῦτ' ἀληθῆ.

Σωκράτης: λείπεται δὴ ἐκεῖνος μόνος ἄξιος λόγου φίλος τῷ τοιούτῳ, ὅς ἂν ὁμοήθης ὦν, ταῦτ' αὖ ψέγων καὶ ἐπαινῶν, ἐθέλῃ ἄρχεσθαι καὶ ὑποκεῖσθαι τῷ ἄρχοντι. οὔτος μέγα [510d] ἐν ταύτῃ τῇ πόλει δυνήσεται, τοῦτον οὐδεὶς χαίρων ἀδικήσει. οὐχ οὕτως ἔχει;

Καλλίκλης: ναί.

Σωκράτης: εἰ ἄρα τις ἐννοήσειεν ἐν ταύτῃ τῇ πόλει τῶν νέων, “τίνα ἂν τρόπον ἐγὼ μέγα δυνάμην καὶ μηδεὶς με ἀδικοῖ;” αὕτη, ὡς ἔοικεν, αὐτῷ ὁδός ἐστιν, εὐθὺς ἐκ νέου ἐθίζειν αὐτὸν τοῖς αὐτοῖς χαίρειν καὶ ἄχθεσθαι τῷ δεσπότη, καὶ παρασκευάζειν ὅπως ὅτι μάλιστα ὅμοιος ἔσται ἐκείνῳ. οὐχ οὕτως;

Καλλίκλης: ναί.

Σωκράτης: οὐκοῦν τούτῳ τὸ μὲν μὴ ἀδικεῖσθαι καὶ μέγα [510e] δύνασθαι, ὡς ὁ ὑμέτερος λόγος, ἐν τῇ πόλει διαπεπράξεται.

Καλλίκλης: πάνυ γε.

Σωκράτης: ἄρ' οὖν καὶ τὸ μὴ ἀδικεῖν; ἢ πολλοῦ δεῖ, εἴπερ ὅμοιος ἔσται τῷ ἄρχοντι ὄντι ἀδίκῳ καὶ παρὰ τούτῳ μέγα δυνήσεται; ἀλλ' οἶμαι ἔγωγε, πᾶν τούναντίον οὕτωςι ἢ παρασκευῇ ἔσται αὐτῷ ἐπὶ τὸ οἶφ τε εἶναι ὡς πλεῖστα ἀδικεῖν καὶ ἀδικοῦντα μὴ διδόναι δίκην. ἢ γάρ;

Καλλίκλης: φαίνεται. [511a]

Σωκράτης: οὐκοῦν τὸ μέγιστον αὐτῷ κακὸν ὑπάρξει μοχθηρῷ ὄντι τὴν ψυχὴν καὶ λελωβημένῳ διὰ τὴν μίμησιν τοῦ δεσπότου καὶ δύναμιν.

Καλλίκλης: οὐκ οἶδ' ὅπῃ στρέφεις ἐκάστοτε τοὺς λόγους ἄνω καὶ κάτω, ὦ Σώκρατες; ἢ οὐκ οἶσθα ὅτι οὗτος ὁ μιμούμενος τὸν μὴ μιμούμενον ἐκεῖνον ἀποκτενεῖ, ἐὰν βούληται, καὶ ἀφαιρήσεται τὰ ὄντα. [511b]

Σωκράτης: οἶδα, ὦγαθὲ Καλλίκληις, εἰ μὴ κωφός γ' εἰμί, καὶ σοῦ ἀκούων καὶ Πώλου ἄρτι πολλάκις καὶ τῶν ἄλλων ὀλίγου πάντων τῶν ἐν τῇ πόλει: ἀλλὰ καὶ σὺ ἐμοῦ ἅκουε, ὅτι ἀποκτενεῖ μέν, ἂν βούληται, ἀλλὰ πονηρὸς ὢν καλὸν κάγαθὸν ὄντα.

Καλλίκλης: οὐκοῦν τοῦτο δὴ καὶ τὸ ἀγανακτητόν;

Σωκράτης: οὐ νοῦν γε ἔχοντι, ὥς ὁ λόγος σημαίνει. ἢ οἶε δεῖν τοῦτο παρασκευάζεσθαι ἄνθρωπον, ὥς πλεῖστον χρόνον ζῆν, καὶ μελετᾶν τὰς τέχνας ταύτας αἱ ἡμᾶς ἀεὶ ἐκ τῶν [511c] κινδύνων σφάζουσιν, ὥσπερ καὶ ἦν σὺ κελεύεις ἐμὲ μελετᾶν τὴν ῥητορικὴν τὴν ἐν τοῖς δικαστηρίοις διασφάζουσιν;

Καλλίκλης: ναὶ μὰ Δία ὀρθῶς γέ σοι συμβουλεύων.

Σωκράτης: τί δέ, ὦ βέλτιστε; ἢ καὶ ἡ τοῦ νεῖν ἐπιστήμη σεμνή τίς σοι δοκεῖ εἶναι;

Καλλίκλης: μὰ Δί' οὐκ ἔμοιγε.

Σωκράτης: καὶ μὴν σφάζει γε καὶ αὕτη ἐκ θανάτου τοὺς ἀνθρώπους, ὅταν εἷς τι τοιοῦτον ἐμπέσωσιν οὗ δεῖ ταύτης τῆς ἐπιστήμης. εἰ δ' αὕτη σοι δοκεῖ σμικρὰ εἶναι, ἐγὼ σοι [511d] μείζω ταύτης ἐρῶ, τὴν

κυβερνητικήν, ἥ οὐ μόνον τὰς ψυχὰς σφάζει ἀλλὰ καὶ τὰ σώματα καὶ τὰ χρήματα ἐκ τῶν ἐσχάτων κινδύνων, ὥσπερ ἡ ῥητορική. καὶ αὕτη μὲν προσεσταλμένη ἐστὶν καὶ κοσμία, καὶ οὐ σεμνύνεται ἐσχηματισμένη ὡς ὑπερήφανόν τι διαπραττομένη, ἀλλὰ ταῦτά διαπραξαμένη τῇ δικανικῇ, ἐὰν μὲν ἐξ Αἰγίνης δεῦρο σώσῃ, οἶμαι δὴ ὀβολοὺς ἐπράξατο, ἐὰν δὲ ἐξ Αἰγύπτου ἢ ἐκ τοῦ Πόντου, [511e] ἐὰν πάμπολυ, ταύτης τῆς μεγάλης εὐεργεσίας, σώσασα ἂ νυνδὴ ἔλεγον, καὶ αὐτὸν καὶ παῖδας καὶ χρήματα καὶ γυναῖκας, ἀποβιβάσας εἰς τὸν λιμένα δύο δραχμὰς ἐπράξατο, καὶ αὐτὸς ὁ ἔχων τὴν τέχνην καὶ ταῦτα διαπραζάμενος ἐκβὰς παρὰ τὴν θάλατταν καὶ τὴν ναῦν περιπατεῖ ἐν μετρίῳ σχήματι: λογίζεσθαι γὰρ οἶμαι ἐπίσταται ὅτι ἄδηλόν ἐστιν οὐσινὰς τε ὠφέληκεν τῶν συμπλεόντων οὐκ ἐάσας καταποντωθῆναι καὶ οὐσινὰς ἐβλαψεν, εἰδὼς ὅτι οὐδὲν [512a] αὐτοὺς βελτίους ἐξεβίβασεν ἢ οἷοι ἐνέβησαν, οὔτε τὰ σώματα οὔτε τὰς ψυχὰς. λογίζεται οὖν ὅτι οὐκ, εἰ μὲν τις μεγάλους καὶ ἀνιάτοις νοσήμασιν κατὰ τὸ σῶμα συνεχόμενος μὴ ἀπεπνίγη, οὗτος μὲν ἄθλιός ἐστιν ὅτι οὐκ ἀπέθανεν, καὶ οὐδὲν ὑπ' αὐτοῦ ὠφέληται: εἰ δέ τις ἄρα ἐν τῷ τοῦ σώματος τιμιωτέρῳ, τῇ ψυχῇ, πολλὰ νοσήματα ἔχει καὶ ἀνιάτα, τούτῳ δὲ βιωτέον ἐστὶν καὶ τοῦτον ὀνήσει, ἅντε ἐκ θαλάττης ἅντε ἐκ δικαστηρίου ἐάντε ἄλλοθεν ὀποθεοῦν [512b] σώσῃ, ἀλλ' οἶδεν ὅτι οὐκ ἄμεινόν ἐστιν ζῆν τῷ μοχθηρῷ ἀνθρώπῳ: κακῶς γὰρ ἀνάγκη ἐστὶν ζῆν.

διὰ ταῦτα οὐ νόμος ἐστὶ σεμνύνεσθαι τὸν κυβερνήτην, καίπερ σφάζοντα ἡμᾶς, οὐδέ γε, ὃ θαυμάσιε, τὸν μηχανοποιόν, ὃς οὔτε στρατηγοῦ, μὴ ὅτι κυβερνήτου, οὔτε ἄλλου οὐδενὸς ἐλάττω ἐνίστε δύναται σφάζειν: πόλεις γὰρ ἔστιν ὅτε ὅλας σφάζει. μὴ σοι δοκεῖ κατὰ τὸν δικανικὸν εἶναι; καίτοι εἰ βούλοιο λέγειν, ὃ Καλλίκλεις, ἅπερ ὑμεῖς, σεμνύνων [512c] τὸ πρᾶγμα, καταχώσειεν ἂν ὑμᾶς τοῖς λόγοις, λέγων καὶ παρακαλῶν ἐπὶ τὸ δεῖν γίνεσθαι μηχανοποιούς, ὡς οὐδὲν ἄλλὰ ἐστὶν: ἱκανὸς γὰρ αὐτῷ ὁ λόγος. ἀλλὰ σὺ οὐδὲν ἥττον αὐτοῦ καταφρονεῖς καὶ τῆς τέχνης τῆς ἐκείνου, καὶ ὡς ἐν ὀνειδίει ἀποκαλέσαις ἂν μηχανοποιόν, καὶ τῷ ὑεῖ αὐτοῦ οὐτ' ἂν δοῦναι θυγατέρα ἐθέλοις, οὐτ' ἂν αὐτὸς λαβεῖν τὴν ἐκείνου. καίτοι ἐξ ὧν τὰ σαυτοῦ ἐπαινεῖς, τίνι δικαίῳ λόγῳ τοῦ μηχανοποιοῦ καταφρονεῖς καὶ [512d] τῶν ἄλλων ὧν νυνδὴ ἔλεγον; οἶδ' ὅτι φαίης ἂν βελτίων εἶναι καὶ ἐκ βελτιόνων. τὸ δὲ βέλτιον εἰ μὴ ἔστιν ὁ ἐγὼ

λέγω, ἀλλ' αὐτὸ τοῦτ' ἐστὶν ἀρετὴ, τὸ σῶζειν αὐτὸν καὶ τὰ ἑαυτοῦ ὄντα ὅποῖός τις ἔτυχεν, καταγέλαστός σοι ὁ ψόγος γίγνεται καὶ μηχανοποιοῦ καὶ ἱατροῦ καὶ τῶν ἄλλων τεχνῶν ὅσαι τοῦ σῶζειν ἔνεκα πεποίηνται. ἀλλ', ὦ μακάριε, ὅρα μὴ ἄλλο τι τὸ γενναῖον καὶ τὸ ἀγαθὸν ἢ ἢ τὸ σῶζειν τε καὶ σῶζεσθαι. μὴ γὰρ τοῦτο μὲν, τὸ ζῆν ὅποσονδὴ [512e] χρόνον, τὸν γε ὡς ἀληθῶς ἄνδρα ἐατέον ἐστὶν καὶ οὐ φιλοψυχητέον, ἀλλὰ ἐπιτρέψαντα περὶ τούτων τῷ θεῷ καὶ πιστεύσαντα ταῖς γυναιξίν ὅτι τὴν εἰμαρμένην οὐδ' ἂν εἰς ἐκφύγοι, τὸ ἐπὶ τούτῳ σκεπτέον τίν' ἂν τρόπον τοῦτον ὃν μέλλοι χρόνον βῶναι ὡς ἄριστα βιοίῃ, ἄρα ἐξομοίων [513a] αὐτὸν τῇ πολιτείᾳ ταύτῃ ἐν ἣ ἂν οἰκῇ, καὶ νῦν δὲ ἄρα δεῖ σέ ὡς ὁμοιότατον γίνεσθαι τῷ δήμῳ τῷ Ἀθηναίων, εἰ μέλλεις τούτῳ προσφιλῆς εἶναι καὶ μέγα δύνασθαι ἐν τῇ πόλει: τοῦθ' ὅρα εἰ σοὶ λυσιτελεῖ καὶ ἐμοί, ὅπως μή, ὦ δαιμόνιε, πεισόμεθα ὅπερ φασὶ τὰς τὴν σελήνην καθαιρούσας, τὰς Θετταλίδας: σὺν τοῖς φιλότατοῖς ἢ αἵρεσις ἡμῖν ἔσται ταύτης τῆς δυνάμεως τῆς ἐν τῇ πόλει. εἰ δέ σοι οἶει ὄντιν' ἄνθρώπων παραδώσειν τέχνην τινὰ τοιαύτην, ἥτις [513b] σε ποιήσει μέγα δύνασθαι ἐν τῇ πόλει τῇδε ἀνόμοιον ὄντα τῇ πολιτείᾳ εἶτ' ἐπὶ τὸ βέλτιον εἶτ' ἐπὶ τὸ χεῖρον, ὡς ἐμοὶ δοκεῖ, οὐκ ὀρθῶς βουλευή, ὦ Καλλίκλεις: οὐ γὰρ μιμητὴν δεῖ εἶναι ἀλλ' αὐτοφυῶς ὅμοιον τούτοις, εἰ μέλλεις τι γνήσιον ἀπεργάζεσθαι εἰς φιλίαν τῷ Ἀθηναίων δήμῳ καὶ ναὶ μὰ Δία τῷ Πυριλάμπους γε πρός. ὅστις οὖν σε τούτοις ὁμοιότατον ἀπεργάσεται, οὗτός σε ποιήσει, ὡς ἐπιθυμεῖς πολιτικὸς εἶναι, πολιτικὸν καὶ ῥητορικόν: τῷ αὐτῶν γὰρ [513c] ἦθει λεγομένων τῶν λόγων ἕκαστοι χαίρουσι, τῷ δὲ ἄλλοτρίῳ ἄχθονται, εἰ μὴ τι σὺ ἄλλο λέγεις, ὦ φίλη κεφαλὴ. λέγομέν' ἐν πρὸς ταῦτα, ὦ Καλλίκλεις;

Καλλίκλης: οὐκ οἶδ' ὄντινά μοι τρόπον δοκεῖς εὖ λέγειν, ὦ Σώκρατες, πέπονθα δὲ τὸ τῶν πολλῶν πάθος: οὐ πάνυ σοι πείθομαι.

Σωκράτης: ὁ δήμου γὰρ ἔρω, ὦ Καλλίκλης, ἐνὼν ἐν τῇ ψυχῇ τῇ σῇ ἀντιστατεῖ μοι: ἀλλ' ἐὰν πολλάκις [ἴσως καὶ] βέλτιον [513d] ταῦτα ταῦτα διασκοπώμεθα, πεισθήσῃ. ἀναμνήσθητι δ' οὖν ὅτι δύο ἔφαμεν εἶναι τὰς παρασκευὰς ἐπὶ τὸ ἕκαστον θεραπεύειν, καὶ σῶμα καὶ ψυχὴν, μίαν μὲν πρὸς ἡδονὴν ὁμιλεῖν, τὴν ἑτέραν δὲ πρὸς τὸ βέλτιστον, μὴ καταχαριζόμενον ἀλλὰ διαμαχόμενον. οὐ ταῦτα ἦν ἂ τότε ὠριζόμεθα;

Καλλίκλης: πάνυ γε.

Σωκράτης: οὐκοῦν ἢ μὲν ἑτέρα, ἢ πρὸς ἡδονήν, ἀγεννῆς καὶ οὐδὲν ἄλλο ἢ κολακεία τυγχάνει οὕσα: ἢ γάρ; [513e]

Καλλίκλης: ἔστω, εἰ βούλει, σοὶ οὕτως.

Σωκράτης: ἢ δέ γε ἑτέρα, ὅπως ὡς βέλτιστον ἔσται τοῦτο, εἴτε σῶμα τυγχάνει ὃν εἴτε ψυχὴ, ὃ θεραπεύομεν;

Καλλίκλης: πάνυ γε.

Σωκράτης: ἄρ' οὖν οὕτως ἐπιχειρητέον ἡμῖν ἐστὶν τῇ πόλει καὶ τοῖς πολίταις θεραπεύειν, ὡς βελτίστους αὐτοὺς τοὺς πολίτας ποιοῦντας; ἄνευ γὰρ δὴ τούτου, ὡς ἐν τοῖς ἔμπροσθεν ἠγύρισκομεν, οὐδὲν ὄφελος ἄλλην εὐεργεσίαν οὐδεμίαν [514a] προσφέρειν, ἐὰν μὴ καλὴ κάγαθὴ ἢ διάνοια ἢ τῶν μελλόντων ἢ χρήματα πολλὰ λαμβάνειν ἢ ἀρχὴν τινων ἢ ἄλλην δύναμιν ἠντινοῦν. φῶμεν οὕτως ἔχειν;

Καλλίκλης: πάνυ γε, εἰ σοὶ ἴδιον.

Σωκράτης: εἰ οὖν παρεκαλοῦμεν ἀλλήλους, ὦ Καλλίκλεις, δημοσίᾳ πράζοντες τῶν πολιτικῶν πραγμάτων ἐπὶ τὰ οἰκοδομικά, ἢ τειχῶν ἢ νεωρίων ἢ ἱερῶν ἐπὶ τὰ μέγιστα οἰκοδομήματα, πότερον ἔδει ἂν ἡμᾶς σκέψασθαι ἡμᾶς αὐτοὺς καὶ [514b] ἐξετάσαι πρῶτον μὲν εἰ ἐπιστάμεθα τὴν τέχνην ἢ οὐκ ἐπιστάμεθα, τὴν οἰκοδομικὴν, καὶ παρὰ τοῦ ἐμάθομεν; ἔδει ἂν ἢ οὐ;

Καλλίκλης: πάνυ γε.

Σωκράτης: οὐκοῦν δεύτερον αὖ τόδε, εἴ τι πώποτε οἰκοδόμημα ὠκοδομήκαμεν ἰδίᾳ ἢ τῶν φίλων τινὶ ἢ ἡμέτερον αὐτῶν, καὶ τοῦτο τὸ οἰκοδόμημα καλὸν ἢ αἰσχρὸν ἐστίν: καὶ εἰ μὲν ἠγύρισκομεν σκοπούμενοι διδασκάλους τε ἡμῶν ἀγαθοὺς καὶ [514c] ἐλλογίμους γεγονότας καὶ οἰκοδομήματα πολλὰ μὲν καὶ καλὰ μετὰ τῶν διδασκάλων ὠκοδομημένα ἡμῖν, πολλὰ δὲ καὶ ἴδια ἡμῶν ἐπειδὴ τῶν διδασκάλων ἀπηλλάγημεν, οὕτω μὲν διακειμένων, νοῦν ἐχόντων ἦν ἂν ἰέναι ἐπὶ τὰ δημόσια ἔργα: εἰ δὲ μήτε διδάσκαλον εἶχομεν ἡμῶν αὐτῶν ἐπιδείξαι οἰκοδομήματά τε ἢ μηδὲν ἢ πολλὰ καὶ μηδενὸς ἄξια, οὕτω δὴ ἀνόητον ἦν δήπου ἐπιχειρεῖν τοῖς δημοσίοις ἔργοις καὶ

παρακαλεῖν ἀλλήλους ἐπ’ αὐτά. φῶμεν ταῦτα ὀρθῶς λέγεσθαι [514d]
ἢ οὐ;

Καλλίκλης: πάνυ γε.

Σωκράτης: οὐκοῦν οὕτω πάντα, τά τε ἄλλα κἂν εἰ ἐπιχειρήσαντες δημοσιεύειν παρεκαλοῦμεν ἀλλήλους ὥς ἱκανοὶ ἰατροὶ ὄντες, ἐπεσκεψάμεθα δῆπου ἂν ἐγὼ τε σὲ καὶ σὺ ἐμέ, φέρε πρὸς θεῶν, αὐτὸς δὲ ὁ Σωκράτης πῶς ἔχει τὸ σῶμα πρὸς ὑγίειαν; ἢ ἤδη τις ἄλλος διὰ Σωκράτην ἀπηλλάγη νόσου, ἢ δοῦλος ἢ ἐλεύθερος; κἂν ἐγὼ οἶμαι περὶ σοῦ ἕτερα τοιαῦτα ἐσκόπουν: καὶ εἰ μὴ ἠύρίσκομεν δι’ ἡμᾶς μηδένα [514e] βελτίω γεγονότα τὸ σῶμα, μήτε τῶν ξένων μήτε τῶν ἀστῶν, μήτε ἄνδρα μήτε γυναῖκα, πρὸς Διός, ὃ Καλλίκλεις, οὐ καταγέλαστον ἂν ἦν τῇ ἀληθείᾳ, εἰς τοσοῦτον ἀνοίας ἐλθεῖν ἀνθρώπους, ὥστε, πρὶν ιδιωτεύοντας πολλὰ μὲν ὅπως ἐτύχομεν ποιῆσαι, πολλὰ δὲ κατορθῶσαι καὶ γυμνάσασθαι ἱκανῶς τὴν τέχνην, τὸ λεγόμενον δὴ τοῦτο ἐν τῷ πίθῳ τὴν κεραμεῖαν ἐπιχειρεῖν μανθάνειν, καὶ αὐτούς τε δημοσιεύειν ἐπιχειρεῖν καὶ ἄλλους τοιούτους παρακαλεῖν; οὐκ ἀνόητόν σοι δοκεῖ ἂν εἶναι οὕτω πράττειν;

Καλλίκλης: ἔμοιγε. [515a]

Σωκράτης: νῦν δέ, ὃ βέλτιστε ἀνδρῶν, ἐπειδὴ σὺ μὲν αὐτὸς ἄρτι ἄρχη πράττειν τὰ τῆς πόλεως πράγματα, ἐμὲ δὲ παρακαλεῖς καὶ ὀνειδίζεις ὅτι οὐ πράττω, οὐκ ἐπισκεψόμεθα ἀλλήλους, φέρε, Καλλικλῆς ἤδη τινὰ βελτίω πεποίηκεν τῶν πολιτῶν; ἔστιν ὅστις πρότερον πονηρὸς ὦν, ἄδικός τε καὶ ἀκόλαστος καὶ ἄφρων, διὰ Καλλικλέα καλός τε κάγαθός γέγονεν, ἢ ξένος ἢ ἀστός, ἢ δοῦλος ἢ ἐλεύθερος; λέγε μοι, [515b] ἐάν τις σε ταῦτα ἐξετάζη, ὃ Καλλίκλεις, τί ἐρεῖς; τίνα φήσεις βελτίω πεποιηκέναι ἄνθρωπον τῇ συνουσίᾳ τῇ σῇ; ὀκνεῖς ἀποκρίνασθαι, εἵπερ ἔστιν τι ἔργον σὸν ἔτι ιδιωτεύοντος, πρὶν δημοσιεύειν ἐπιχειρεῖν;

Καλλίκλης: φιλόνομος εἶ, ὃ Σώκρατες.

Σωκράτης: ἀλλ’ οὐ φιλονικία γε ἐρωτῶ, ἀλλ’ ὥς ἀληθῶς βουλόμενος εἰδέναι ὄντινά ποτε τρόπον οἶει δεῖν πολιτεύεσθαι ἐν ἡμῖν. ἢ ἄλλου του ἄρα ἐπιμελήσῃ ἡμῖν ἐλθὼν ἐπὶ τὰ [515c] τῆς

πόλεως πράγματα ἢ ὅπως ὅτι βέλτιστοι οἱ πολῖται ὦμεν; ἢ οὐ πολλάκις ἤδη ὠμολογήκαμεν τοῦτο δεῖν πράττειν τὸν πολιτικὸν ἄνδρα; ὠμολογήκαμεν ἢ οὐ; ἀποκρίνου. ὠμολογήκαμεν: ἐγὼ ὑπὲρ σοῦ ἀποκρινοῦμαι. εἰ τοίνυν τοῦτο δεῖ τὸν ἀγαθὸν ἄνδρα παρασκευάζειν τῇ ἑαυτοῦ πόλει, νῦν μοι ἀναμνησθεῖς εἰπὲ περὶ ἐκείνων τῶν ἀνδρῶν ὧν ὀλίγω πρότερον ἔλεγες, εἰ ἔτι σοι δοκοῦσιν ἀγαθοὶ πολῖται γεγονέναι, [515d] Περικλῆς καὶ Κίμων καὶ Μιλτιάδης καὶ Θεμιστοκλῆς.

Καλλίκλης: ἔμοιγε.

Σωκράτης: οὐκοῦν εἴπερ ἀγαθοί, δῆλον ὅτι ἕκαστος αὐτῶν βελτίους ἐποίει τοὺς πολίτας ἀντὶ χειρόνων. ἐποίει ἢ οὐ;

Καλλίκλης: ναί.

Σωκράτης: οὐκοῦν ὅτε Περικλῆς ἤρχετο λέγειν ἐν τῷ δήμῳ, χεῖρους ἦσαν οἱ Ἀθηναῖοι ἢ ὅτε τὰ τελευταῖα ἔλεγεν;

Καλλίκλης: ἴσως.

Σωκράτης: οὐκ ἴσως δῆ, ὃ βέλτιστε, ἀλλ' ἀνάγκη ἐκ τῶν ὠμολογημένων, εἴπερ ἀγαθός γ' ἦν ἐκεῖνος πολίτης. [515e]

Καλλίκλης: τί οὖν δῆ;

Σωκράτης: οὐδέν: ἀλλὰ τόδε μοι εἰπὲ ἐπὶ τούτῳ, εἰ λέγονται Ἀθηναῖοι διὰ Περικλέα βελτίους γεγονέναι, ἢ πᾶν τοῦναντίον διαφθαρῆναι ὑπ' ἐκείνου. ταυτὶ γὰρ ἔγωγε ἀκούω, Περικλέα πεποιηκέναι Ἀθηναίους ἀργοὺς καὶ δειλοὺς καὶ λάλους καὶ φιλαργύρους, εἰς μισθοφορίαν πρῶτον καταστήσαντα.

Καλλίκλης: τῶν τὰ ὅσα κατεαγόντων ἀκούεις ταῦτα, ὃ Σώκρατες.

Σωκράτης: ἀλλὰ τάδε οὐκέτι ἀκούω, ἀλλ' οἶδα σαφῶς καὶ ἐγὼ καὶ σύ, ὅτι τὸ μὲν πρῶτον ἡὐδοκίμει Περικλῆς καὶ οὐδεμίαν αἰσχροὴν δίκην κατεψηφίσαντο αὐτοῦ Ἀθηναῖοι, ἡνίκα χεῖρους ἦσαν: ἐπειδὴ δὲ καλοὶ καὶ ἀγαθοὶ ἐγεγόνεσαν [516a] ὑπ' αὐτοῦ, ἐπὶ τελευτῇ τοῦ βίου τοῦ Περικλέους, κλοπὴν αὐτοῦ κατεψηφίσαντο, ὀλίγου δὲ καὶ θανάτου ἐτίμησαν, δῆλον ὅτι ὥς πονηροῦ ὄντος.

Καλλίκλης: τί οὖν; τούτου ἔνεκα κακὸς ἦν Περικλῆς;

Σωκράτης: ὄνων γοῦν ἂν ἐπιμελητὴς καὶ ἵππων καὶ βοῶν τοιοῦτος ὢν κακὸς ἂν ἐδόκει εἶναι, εἰ παραλαβὼν μὴ λακτίζοντας ἑαυτὸν μηδὲ κυρίττοντας μηδὲ δάκνοντας ἀπέδειξε ταῦτα ἅπαντα ποιοῦντας δι' ἀγριότητα. ἢ οὐ δοκεῖ σοι [516b] κακὸς εἶναι ἐπιμελητὴς ὅστισοῦν ὅτουοῦν ζῶου, ὃς ἂν παραλαβὼν ἡμερώτερα ἀποδείξῃ ἀγριώτερα ἢ παρέλαβε; δοκεῖ ἢ οὐ;

Καλλίκλης: πάνυ γε, ἵνα σοι χαρίσωμαι.

Σωκράτης: καὶ τόδε τοίνυν μοι χάρισαι ἀποκρινάμενος: πότερον καὶ ὁ ἄνθρωπος ἐν τῶν ζῶων ἐστὶν ἢ οὐ;

Καλλίκλης: πῶς γὰρ οὐ;

Σωκράτης: οὐκοῦν ἀνθρώπων Περικλῆς ἐπεμέλετο;

Καλλίκλης: ναί.

Σωκράτης: τί οὖν; οὐκ ἔδει αὐτούς, ὥς ἄρτι ὠμολογοῦμεν, δικαιότερους γεγονέναι ἀντὶ ἀδικωτέρων ὑπ' ἐκείνου, εἴπερ [516c] ἐκεῖνος ἐπεμελεῖτο αὐτῶν ἀγαθὸς ὢν τὰ πολιτικά;

Καλλίκλης: πάνυ γε.

Σωκράτης: οὐκοῦν οἱ γε δίκαιοι ἡμεροί, ὥς ἔφη Ὅμηρος: σὺ δὲ τί φῆς; οὐχ οὕτως;

Καλλίκλης: ναί.

Σωκράτης: ἀλλὰ μὴν ἀγριωτέρους γε αὐτοὺς ἀπέφηνεν ἢ οἴους παρέλαβεν, καὶ ταῦτ' εἰς αὐτόν, ὃν ἥκιστ' ἂν ἐβούλετο.

Καλλίκλης: βούλει σοι ὁμολογήσω;

Σωκράτης: εἰ δοκῶ γε σοι ἀληθῆ λέγειν.

Καλλίκλης: ἔστω δὴ ταῦτα.

Σωκράτης: οὐκοῦν εἴπερ ἀγριωτέρους, ἀδικωτέρους τε καὶ χείρους; [516d]

Καλλίκλης: ἔστω.

Σωκράτης: οὐκ ἄρ' ἀγαθὸς τὰ πολιτικά Περικλῆς ἦν ἐκ τούτου τοῦ λόγου.

Καλλίκλης: οὐ σύ γε φῆς.

Σωκράτης: μὰ Δί' οὐδὲ γε σὺ ἐξ ὧν ὠμολόγεις. πάλιν δὲ λέγε μοι περὶ Κίμωνος; οὐκ ἐξωστράκισαν αὐτὸν οὗτοι οὓς ἐθεράπευεν, ἵνα αὐτοῦ δέκα ἐτῶν μὴ ἀκούσειαν τῆς φωνῆς; καὶ Θεμιστοκλέα ταῦτα ταῦτα ἐποίησαν καὶ φυγῇ προσεξημίωσαν; Μιλτιάδην δὲ τὸν Μαραθῶνι εἰς τὸ βάραθρον [516e] ἐμβαλεῖν ἐψηφίσαντο, καὶ εἰ μὴ διὰ τὸν πρύτανιν, ἐνέπεσεν ἄν; καίτοι οὗτοι, εἰ ἦσαν ἄνδρες ἀγαθοί, ὥς σὺ φῆς, οὐκ ἄν ποτε ταῦτα ἔπασχον. οὐκουν οἱ γε ἀγαθοὶ ἡνίοχοι κατ' ἀρχὰς μὲν οὐκ ἐκπίπτουσιν ἐκ τῶν ζευγῶν, ἐπειδὰν δὲ θεραπεύσωσιν τοὺς ἵππους καὶ αὐτοὶ ἀμείνους γένωνται ἡνίοχοι, τότε ἐκπίπτουσιν: οὐκ ἔστι ταῦτ' οὐτ' ἐν ἡνιοχείᾳ οὐτ' ἐν ἄλλῳ ἔργῳ οὐδενί: ἢ δοκεῖ σοι;

Καλλίκλης: οὐκ ἔμοιγε.

Σωκράτης: ἀληθεῖς ἄρα, ὥς ἔοικεν, οἱ ἔμπροσθεν λόγοι ἦσαν, [517a] ὅτι οὐδένα ἡμεῖς ἴσμεν ἄνδρα ἀγαθὸν γεγονότα τὰ πολιτικά ἐν τῇδε τῇ πόλει. σὺ δὲ ὠμολόγεις τῶν γε νῦν οὐδένα, τῶν μέντοι ἔμπροσθεν, καὶ προεῖλου τούτους τοὺς ἄνδρας: οὗτοι δὲ ἀνεφάνησαν ἐξ ἴσου τοῖς νῦν ὄντες, ὥστε, εἰ οὗτοι ρήτορες ἦσαν, οὕτε τῇ ἀληθινῇ ρητορικῇ ἐχρῶντο — οὐ γὰρ ἂν ἐξέπεσον — οὕτε τῇ κολακικῇ.

Καλλίκλης: ἀλλὰ μέντοι πολλοῦ γε δεῖ, ὃ Σώκρατες, μή ποτέ τις τῶν νῦν ἔργα τοιαῦτα ἐργάσεται οἷα τούτων ὅστις [517b] βούλει εἵργασται.

Σωκράτης: ὃ δαιμόνιε, οὐδ' ἐγὼ ψέγω τούτους ὥς γε διακόνους εἶναι πόλεως, ἀλλὰ μοι δοκοῦσι τῶν γε νῦν διακονικώτεροι γεγονέναι καὶ μᾶλλον οἷοί τε ἐκπορίζειν τῇ πόλει ὧν ἐπεθύμει. ἀλλὰ γὰρ μεταβιβάζειν τὰς ἐπιθυμίας καὶ μὴ ἐπιτρέπειν, πείθοντες καὶ βιαζόμενοι ἐπὶ τοῦτο ὅθεν ἔμελλον ἀμείνους ἔσεσθαι οἱ πολῖται, ὥς ἔπος εἰπεῖν οὐδὲν [517c] τούτων διέφερον ἐκεῖνοι: ὅπερ μόνον ἔργον ἐστὶν ἀγαθοῦ πολίτου. ναῦς δὲ καὶ τείχη καὶ νεώρια καὶ ἄλλα πολλὰ

τοιαῦτα καὶ ἐγὼ σοὶ ὁμολογῶ δεινότερους εἶναι ἐκείνους τούτων ἐκπορίζειν. πρᾶγμα οὖν γελοῖον ποιούμεν ἐγὼ τε καὶ σὺ ἐν τοῖς λόγοις· ἐν παντὶ γὰρ τῷ χρόνῳ ὃν διαλεγόμεθα οὐδὲν πανόμεθα εἰς τὸ αὐτὸ ἀεὶ περιφερόμενοι καὶ ἀγνοοῦντες ἀλλήλων ὅτι λέγομεν. ἐγὼ γοῦν σε πολλάκις οἶμαι ὡμολογηκέναι καὶ ἐγνωκέναι ὥς ἄρα διττὴ αὕτη τις [517d] ἡ πραγματεία ἔστιν καὶ περὶ τὸ σῶμα καὶ περὶ τὴν ψυχὴν, καὶ ἡ μὲν ἐτέρα διακονικὴ ἔστιν, ἣ δυνατόν εἶναι ἐκπορίζειν, ἐὰν μὲν πεινῇ τὰ σώματα ἡμῶν, σιτία, ἐὰν δὲ διψῇ, ποτά, ἐὰν δὲ ῥιγῷ, ἱμάτια, στρώματα, ὑποδήματα, ἄλλ' ὧν ἔρχεται σώματα εἰς ἐπιθυμίαν· καὶ ἐξεπίτηδές σοι διὰ τῶν αὐτῶν εἰκόνων λέγω, ἵνα ῥᾶον καταμάθῃς. τούτων γὰρ ποριστικὸν εἶναι ἢ κάπηλον ὄντα ἢ ἔμπορον ἢ δημιουργόν του αὐτῶν [517e] τούτων, σιτοποιὸν ἢ ὀψοποιὸν ἢ ὑφάντην ἢ σκυτοτόμον ἢ σκυτοδεψόν, οὐδὲν θαυμαστόν ἐστιν ὄντα τοιοῦτον δόξαι καὶ αὐτῷ καὶ τοῖς ἄλλοις θεραπευτὴν εἶναι σώματος, παντὶ τῷ μὴ εἰδότι ὅτι ἔστιν τις παρὰ ταύτας ἀπάσας τέχνη γυμναστικὴ τε καὶ ἰατρικὴ, ἣ δὴ τῷ ὄντι γε ἔστιν σώματος θεραπεία, ἥνπερ καὶ προσήκει τούτων ἄρχειν πασῶν τῶν τεχνῶν καὶ χρῆσθαι τοῖς τούτων ἔργοις διὰ τὸ εἰδέναι ὅτι χρηστὸν καὶ πονηρὸν τῶν σιτίων ἢ ποτῶν ἐστιν εἰς ἀρετὴν [518a] σώματος, τὰς δ' ἄλλας πάσας ταύτας ἀγνοεῖν· διὸ δὴ καὶ ταύτας μὲν δουλοπρεπεῖς τε καὶ διακονικὰς καὶ ἀνελευθέρους εἶναι περὶ σώματος πραγματείας, τὰς ἄλλας τέχνας, τὴν δὲ γυμναστικὴν καὶ ἰατρικὴν κατὰ τὸ δίκαιον δεσποίνας εἶναι τούτων. ταῦτα οὖν ταῦτα ὅτι ἔστιν καὶ περὶ ψυχὴν, τοτὲ μὲν μοι δοκεῖς μανθάνειν ὅτι λέγω, καὶ ὁμολογεῖς ὥς εἰδὼς ὅτι ἐγὼ λέγω· ἤκεις δὲ ὀλίγον ὕστερον λέγων ὅτι ἄνθρωποι [518b] καλοὶ κάγαθοι γεγόνασιν πολῖται ἐν τῇ πόλει, καὶ ἐπειδὴν ἐγὼ ἐρωτῶ οἵτινες, δοκεῖς μοι ὁμοιοτάτους προτείνεσθαι ἀνθρώπους περὶ τὰ πολιτικά, ὥσπερ ἂν εἰ περὶ τὰ γυμναστικά ἐμοῦ ἐρωτῶντος οἵτινες ἀγαθοὶ γεγόνασιν ἢ εἰσὶν σωμάτων θεραπευταί, ἔλεγές μοι πάνυ σπουδάζων, Θεαρίων ὁ ἀρτοκόπος καὶ Μίθαικος ὁ τὴν ὀσοποιίαν συγγεγραφὼς τὴν Σικελικὴν καὶ Σάραμβος ὁ κάπηλος, ὅτι οὗτοι θαυμάσιοι γεγόνασιν σωμάτων θεραπευταί, ὁ μὲν ἄρτους θαυμαστοὺς [518c] παρασκευάζων, ὁ δὲ ὄψον, ὁ δὲ οἶνον. ἴσως ἂν οὖν ἡγανάκτεις, εἰ σοὶ ἔλεγον ἐγὼ ὅτι Ἄνθρωπε, ἐπαί'εις οὐδὲν περὶ γυμναστικῆς· διακόνους μοι λέγεις καὶ ἐπιθυμιῶν παρασκευαστὰς ἀνθρώπους, οὐκ ἐπαί'οντας καλὸν κάγαθόν οὐδὲν περὶ αὐτῶν, οἷ, ἂν οὕτω τύχωσιν, ἐμπλήσαντες καὶ παχύναντες τὰ σώματα τῶν

ἀνθρώπων, ἐπαινούμενοι ὑπ' αὐτῶν, προσαπολοῦσιν αὐτῶν καὶ τὰς ἀρχαίας σάρκας· οἱ [518d] δ' αὖ δι' ἀπειρίαν οὐ τοὺς ἐστιῶντας αἰτιάσονται τῶν νόσων αἰτίους εἶναι καὶ τῆς ἀποβολῆς τῶν ἀρχαίων σαρκῶν, ἀλλ' οἱ ἂν αὐτοῖς τύχῳσι τότε παρόντες καὶ συμβουλευόντες τι, ὅταν δὴ αὐτοῖς ἦκη ἢ τότε πλησμονὴ νόσον φέρουσα συχνῶ ὕστερον χρόνῳ, ἅτε ἄνευ τοῦ ὑγιεινοῦ γεγονυῖα, τούτους αἰτιάσονται καὶ ψέξουσιν καὶ κακόν τι ποιήσουσιν, ἂν οἰοί τ' ὧσι, τοὺς δὲ προτέρους ἐκείνους καὶ αἰτίους τῶν κακῶν [518e] ἐγκωμιάσουσιν. καὶ σὺ νῦν, ὦ Καλλίκλεις, ὁμοιότατον τούτῳ ἐργάζῃ: ἐγκωμιάζεις ἀνθρώπους, οἱ τούτους εἰστιάκασιν εὐωχοῦντες ὧν ἐπεθύμουν. καὶ φασὶ μεγάλην τὴν πόλιν πεποικηκέναι αὐτούς: ὅτι δὲ οἰδεῖ καὶ ὕπουλός ἐστιν [519a] δι' ἐκείνους τοὺς παλαιούς, οὐκ αἰσθάνονται. ἄνευ γὰρ σωφροσύνης καὶ δικαιοσύνης λιμένων καὶ νεωρίων καὶ τειχῶν καὶ φόρων καὶ τοιούτων φλυαριῶν ἐμπεπλήκασιν τὴν πόλιν: ὅταν οὖν ἔλθῃ ἢ καταβολὴ αὕτη τῆς ἀσθενείας, τοὺς τότε παρόντας αἰτιάσονται συμβούλους, Θεμιστοκλέα δὲ καὶ Κίμωνα καὶ Περικλέα ἐγκωμιάσουσιν, τοὺς αἰτίους τῶν κακῶν: σοῦ δὲ ἴσως ἐπιλήψονται, ἐὰν μὴ εὐλαβῇ, καὶ τοῦ ἐμοῦ ἐταίρου Ἀλκιβιάδου, ὅταν καὶ τὰ ἀρχαῖα προσαπολλύωσι [519b] πρὸς οἷς ἐκτῆσαντο, οὐκ αἰτίων ὄντων τῶν κακῶν ἀλλ' ἴσως συναιτίων. καίτοι ἔγωγε ἀνόητον πρᾶγμα καὶ νῦν ὁρῶ γιγνόμενον καὶ ἀκούω τῶν παλαιῶν ἀνδρῶν πέρι. αἰσθάνομαι γάρ, ὅταν ἡ πόλις τινὰ τῶν πολιτικῶν ἀνδρῶν μεταχειρίζεται ὥς ἀδικοῦντα, ἀγανακτοῦντων καὶ σχετλιαζόντων ὥς δεινὰ πάσχουσι: πολλὰ καὶ ἀγαθὰ τὴν πόλιν πεποικηκότες ἄρα ἀδίκως ὑπ' αὐτῆς ἀπόλλυνται, ὥς ὁ τούτων λόγος. τὸ δὲ ὅλον ψευδὸς ἐστίν: προστάτης γὰρ πόλεως [519c] οὐδ' ἂν εἷς ποτε ἀδίκως ἀπόλοιτο ὑπ' αὐτῆς τῆς πόλεως ἢς προστατεῖ. κινδυνεύει γὰρ ταῦτόν εἶναι, ὅσοι τε πολιτικοὶ προσποιοῦνται εἶναι καὶ ὅσοι σοφισταί. καὶ γὰρ οἱ σοφισταί, τᾶλλα σοφοὶ ὄντες, τοῦτο ἄτοπον ἐργάζονται πρᾶγμα: φάσκοντες γὰρ ἀρετῆς διδάσκαλοι εἶναι πολλάκις κατηγοροῦσιν τῶν μαθητῶν ὥς ἀδικοῦσι σφᾶς [αὐτούς], τοὺς τε μισθοὺς ἀποστεροῦντες καὶ ἄλλην χάριν οὐκ ἀποδιδόντες, [519d] εὖ παθόντες ὑπ' αὐτῶν. καὶ τούτου τοῦ λόγου τί ἂν ἀλογώτερον εἴῃ πρᾶγμα, ἀνθρώπους ἀγαθοὺς καὶ δικαίους γενομένους, ἐξαιρεθέντας μὲν ἀδικίαν ὑπὸ τοῦ διδασκάλου, σχόντας δὲ δικαιοσύνην, ἀδικεῖν τούτῳ ᾧ οὐκ ἔχουσιν; οὐ δοκεῖ σοι τοῦτο ἄτοπον εἶναι, ὦ ἐταῖρε; ὥς ἀληθῶς δημηγορεῖν με ἠνάγκασας, ὦ Καλλίκλεις, οὐκ ἐθέλων ἀποκρίνεσθαι.

Καλλίκλης: σὺ δ' οὐκ ἂν οἴός τ' εἶης λέγειν, εἰ μή τίς σοι ἀποκρίνοιτο; [519e]

Σωκράτης: ἔοικά γε· νῦν γοῦν συχνοὺς τείνω τῶν λόγων, ἐπειδὴ μοι οὐκ ἐθέλεις ἀποκρίνεσθαι. ἀλλ', ὠγαθέ, εἰπὲ πρὸς Φιλίου, οὐ δοκεῖ σοι ἄλογον εἶναι ἀγαθὸν φάσκοντα πεποιηκέναι τινὰ μέμφεσθαι τούτῳ ὅτι ὑφ' ἑαυτοῦ ἀγαθὸς γεγονώς τε καὶ ὦν ἔπειτα πονηρὸς ἐστίν;

Καλλίκλης: ἔμοιγε δοκεῖ.

Σωκράτης: οὐκοῦν ἀκούεις τοιαῦτα λεγόντων τῶν φασκόντων παιδεύειν ἀνθρώπους εἰς ἀρετὴν; [520a]

Καλλίκλης: ἔγωγε· ἀλλὰ τί ἂν λέγοις ἀνθρώπων περὶ οὐδενὸς ἀξίων;

Σωκράτης: τί δ' ἂν περὶ ἐκείνων λέγοις, οἱ φάσκοντες προεστάναι τῆς πόλεως καὶ ἐπιμελεῖσθαι ὅπως ὡς βελτίστη ἔσται, πάλιν αὐτῆς κατηγοροῦσιν, ὅταν τύχωσιν, ὡς πονηροτάτης; οἷε τι διαφέρειν τούτους ἐκείνων; ταῦτόν, ὃ μακάρι', ἐστὶν σοφιστὴς καὶ ῥήτωρ, ἢ ἐγγὺς τι καὶ παραπλήσιον, ὥσπερ ἐγὼ ἔλεγον πρὸς Πῶλον· σὺ δὲ δι' ἄγνοίαν [520b] τὸ μὲν ἀγκαλόν τι οἷε εἶναι, τὴν ῥητορικὴν, τοῦ δὲ καταφρονεῖς. τῇ δὲ ἀληθείᾳ κάλλιόν ἐστὶν σοφιστικὴ ῥητορικῆς ὅσῳ περ νομοθετικὴ δικαστικῆς καὶ γυμναστικὴ ἱατρικῆς· μόνοις δ' ἔγωγε καὶ ὦμην τοῖς δημηγόροις τε καὶ σοφισταῖς οὐκ ἐγχωρεῖν μέμφεσθαι τούτῳ τῷ πράγματι ὃ αὐτοὶ παιδεύουσιν, ὡς πονηρόν ἐστιν εἰς σφᾶς, ἢ τῷ αὐτῷ λόγῳ τούτῳ ἅμα καὶ ἑαυτῶν κατηγορεῖν ὅτι οὐδὲν ὠφελήκασιν οὓς φασιν ὠφελεῖν. οὐχ οὕτως ἔχει; [520c]

Καλλίκλης: πάνυ γε.

Σωκράτης: καὶ προέσθαι γε δήπου τὴν εὐεργεσίαν ἄνευ μισθοῦ, ὡς τὸ εἰκός, μόνοις τούτοις ἐνεχώρει, εἴπερ ἀληθῆ ἔλεγον. ἄλλην μὲν γὰρ εὐεργεσίαν τις εὐεργετηθεὶς, οἷον ταχὺς γενόμενος διὰ παιδοτρίβην, ἴσως ἂν ἀποστερήσειε τὴν χάριν, εἰ προοῖτο αὐτῷ ὁ παιδοτρίβης καὶ μὴ συνθέμενος αὐτῷ μισθὸν ὅτι μάλιστα ἅμα μεταδιδούς τοῦ τάχους λαμβάνοι [520d] τὸ ἀργύριον· οὐ γὰρ δὴ τῇ βραδυτῇτι οἷμαι ἀδικοῦσιν οἱ ἄνθρωποι, ἀλλ' ἀδικία· ἥ γάρ;

Καλλίκλης: ναί.

Σωκράτης: οὐκοῦν εἴ τις αὐτὸ τοῦτο ἀφαιρεῖ, τὴν ἀδικίαν, οὐδὲν δεινὸν αὐτῷ μήποτε ἀδικηθῇ, ἀλλὰ μόνῳ ἀσφαλὲς ταύτην τὴν εὐεργεσίαν προέσθαι, εἴπερ τῷ ὄντι δύναιτό τις ἀγαθοὺς ποιεῖν. οὐχ οὕτω;

Καλλίκλης: φημί.

Σωκράτης: διὰ ταῦτ' ἄρα, ὥς ἔοικε, τὰς μὲν ἄλλας συμβουλὰς συμβουλευεῖν λαμβάνοντα ἀργύριον, οἷον οἰκοδομίας πέρι ἢ τῶν ἄλλων τεχνῶν, οὐδὲν αἰσχροῦν. [520e]

Καλλίκλης: ἔοικέ γε.

Σωκράτης: περὶ δέ γε ταύτης τῆς πράξεως, ὄντιν' ἂν τις τρόπον ὡς βέλτιστος εἴη καὶ ἄριστα τὴν αὐτοῦ οἰκίαν διοικοῖ ἢ πόλιν, αἰσχρὸν νενόμισται μὴ φάναι συμβουλευεῖν, ἐὰν μὴ τις αὐτῷ ἀργύριον διδῷ. ἢ γάρ;

Καλλίκλης: ναί.

Σωκράτης: δῆλον γὰρ ὅτι τοῦτο αἰτιὸν ἐστίν, ὅτι μόνη αὕτη τῶν εὐεργεσιῶν τὸν εὖ παθόντα ἐπιθυμεῖν ποιεῖ ἀντ' εὖ ποιεῖν, ὥστε καλὸν δοκεῖ τὸ σημεῖον εἶναι, εἰ εὖ ποιήσας ταύτην τὴν εὐεργεσίαν ἀντ' εὖ πείσεται: εἰ δὲ μή, οὐ. ἔστι ταῦτα οὕτως ἔχοντα; [521a]

Καλλίκλης: ἔστιν.

Σωκράτης: ἐπὶ ποτέραν οὖν με παρακαλεῖς τὴν θεραπείαν τῆς πόλεως, διόρισόν μοι: τὴν τοῦ διαμάχεσθαι Ἀθηναίοις ὅπως ὡς βέλτιστοι ἔσονται, ὡς ἱατρόν, ἢ ὡς διακονήσοντα καὶ πρὸς χάριν ὁμιλήσοντα; τάληθ' ἢ μοι εἰπέ, ὦ Καλλίκλεις: δίκαιος γὰρ εἶ, ὥσπερ ἥρξω παρρησιάζεσθαι πρὸς ἐμέ, διατελεῖν ἃ νοεῖς λέγων. καὶ νῦν εὖ καὶ γενναίως εἰπέ.

Καλλίκλης: λέγω τοίνυν ὅτι ὡς διακονήσοντα. [521b]

Σωκράτης: κολακεύσοντα ἄρα με, ὦ γενναιότατε, παρακαλεῖς.

Καλλίκλης: εἴ σοι Μυσὸν γε ἥδιον καλεῖν, ὦ Σώκρατες: ὡς εἰ μὴ ταῦτά γε ποιήσεις —

Σωκράτης: μὴ εἴπῃς ὁ πολλάκις εἴρηκας, ὅτι ἀποκτενεῖ με ὁ βουλόμενος, ἵνα μὴ αὖ καὶ ἐγὼ εἴπω, ὅτι Πονηρός γε ὢν ἀγαθὸν ὄντα: μὴδ' ὅτι ἀφαιρήσεται ἐάν τι ἔχω, ἵνα μὴ αὖ ἐγὼ εἴπω ὅτι ἀλλ' ἀφελόμενος οὐχ ἔξει ὅτι χρήσεται αὐτοῖς, ἀλλ' ὥσπερ με ἀδίκως ἀφείλετο, οὕτως καὶ [521c] λαβὼν ἀδίκως χρήσεται, εἰ δὲ ἀδίκως, αἰσχροῶς, εἰ δὲ αἰσχροῶς, κακῶς.

Καλλίκλης: ὥς μοι δοκεῖς, ὦ Σώκρατες, πιστεύειν μὴδ' ἂν ἐν τούτων παθεῖν, ὥς οἰκῶν ἐκποδὼν καὶ οὐκ ἂν εἰσαχθεὶς εἰς δικαστήριον ὑπὸ πάνυ ἴσως μοχθηροῦ ἀνθρώπου καὶ φαύλου.

Σωκράτης: ἀνόητος ἄρα εἰμί, ὦ Καλλίκλεις, ὥς ἀληθῶς, εἰ μὴ οἶομαι ἐν τῇδε τῇ πόλει ὄντινον ἂν ὅτι τύχοι, τοῦτο παθεῖν. τόδε μέντοι εὖ οἶδ' ὅτι, ἐάνπερ εἰσὶν εἰς δικαστήριον περὶ [521d] τούτων τινὸς κινδυνεύων, ὃ σὺ λέγεις, πονηρός τίς μ' ἔσται ὁ εἰσάγων — οὐδεὶς γὰρ ἂν χρηστός μὴ ἀδικοῦντ' ἀνθρωπον εἰσαγάγοι — καὶ οὐδέν γε ἄτοπον εἰ ἀποθάνοιμι. βούλει σοι εἴπω δι' ὅτι ταῦτα προσδοκῶ;

Καλλίκλης: πάνυ γε.

Σωκράτης: οἶμαι μετ' ὀλίγων Ἀθηναίων, ἵνα μὴ εἴπω μόνος, ἐπιχειρεῖν τῇ ὥς ἀληθῶς πολιτικῇ τέχνῃ καὶ πράττειν τὰ πολιτικὰ μόνος τῶν νῦν: ἅτε οὖν οὐ πρὸς χάριν λέγων τοὺς λόγους οὕς λέγω ἐκάστοτε, ἀλλὰ πρὸς τὸ βέλτιστον, οὐ πρὸς [521e] τὸ ἥδιστον, καὶ οὐκ ἐθέλων ποιεῖν ἃ σὺ παραινεῖς, τὰ κομψὰ ταῦτα, οὐχ ἔξω ὅτι λέγω ἐν τῷ δικαστηρίῳ. ὁ αὐτὸς δέ μοι ἤκει λόγος ὅνπερ πρὸς Πῶλον ἔλεγον: κρινοῦμαι γὰρ ὥς ἐν παιδίοις ἰατρὸς ἂν κρίνοιτο κατηγοροῦντος ὀψοποιοῦ. σκόπει γάρ, τί ἂν ἀπολογοῖτο ὁ τοιοῦτος ἀνθρωπος ἐν τούτοις ληφθεὶς, εἰ αὐτοῦ κατηγοροῖ τις λέγων ὅτι “ὦ παῖδες, πολλὰ ὑμᾶς καὶ κακὰ ὅδε εἵργασται ἀνὴρ καὶ αὐτούς, καὶ τοὺς νεωτάτους ὑμῶν διαφθείρει τέμνων τε καὶ κάων, καὶ [522a] ἰσχυαίνων καὶ πνίγων ἀπορεῖν ποιεῖ, πικρότατα πώματα διδοὺς καὶ πεινὴν καὶ διψὴν ἀναγκάζων, οὐχ ὥσπερ ἐγὼ πολλὰ καὶ ἡδέα καὶ παντοδαπὰ ἠυώχουν ὑμᾶς;” τί ἂν οἶει ἐν τούτῳ τῷ κακῷ ἀποληφθέντα ἰατρὸν ἔχειν εἰπεῖν; ἢ εἰ εἴποι τὴν ἀλήθειαν, ὅτι “ταῦτα πάντα ἐγὼ ἐποίουν, ὦ παῖδες, ὑγιεινῶς,” πόσον τι οἶει ἂν ἀναβοῆσαι τοὺς τοιούτους δικαστάς; οὐ μέγα;

Καλλίκλης: ἴσως: οἴεσθαί γε χρή.

Σωκράτης: οὐκοῦν οἶει ἐν πάσῃ ἀπορίᾳ ἂν αὐτὸν ἔχεσθαι ὅτι [522b] χρή εἰπεῖν;

Καλλίκλης: πάνυ γε.

Σωκράτης: τοιοῦτον μέντοι καὶ ἐγὼ οἶδα ὅτι πάθος πάθοιμι ἂν εἰσελθὼν εἰς δικαστήριον. οὔτε γὰρ ἡδονὰς ἅς ἐκπεπόρικα ἔξω αὐτοῖς λέγειν, ἅς οὗτοι εὐεργεσίας καὶ ὠφελίας νομίζουσιν, ἐγὼ δὲ οὔτε τοὺς πορίζοντας ζηλῶ οὔτε οἷς πορίζεται: ἐάν τέ τις με ἢ νεωτέρους φῇ διαφθεῖρειν ἀπορεῖν ποιοῦντα, ἢ τοὺς πρεσβυτέρους κακηγορεῖν λέγοντα πικροὺς λόγους ἢ ἰδίᾳ ἢ δημοσίᾳ, οὔτε τὸ ἀληθὲς ἔξω εἰπεῖν, ὅτι δικαίως [522c] πάντα ταῦτα ἐγὼ λέγω, καὶ πράττω τὸ ὑμέτερον δὴ τοῦτο, ὃ ἄνδρες δικασταί, οὔτε ἄλλο οὐδέν: ὥστε ἴσως, ὅτι ἂν τύχω, τοῦτο πείσομαι.

Καλλίκλης: δοκεῖ οὖν σοι, ὦ Σώκρατες, καλῶς ἔχειν ἄνθρωπος ἐν πόλει οὕτως διακείμενος καὶ ἀδύνατος ὢν ἑαυτῷ βοηθεῖν;

Σωκράτης: εἰ ἐκεῖνό γε ἐν αὐτῷ ὑπάρχοι, ὦ Καλλίκλεις, ὃ σὺ πολλάκις ὡμολόγησας: εἰ βεβοηθηκὼς εἴη αὐτῷ, μήτε περὶ [522d] ἀνθρώπους μήτε περὶ θεοὺς ἄδικον μηδὲν μήτε εἰρηκὼς μήτε εἰργασμένος. αὕτη γὰρ τῆς βοηθείας ἑαυτῷ πολλάκις ἡμῖν ὡμολόγηται κρατίστη εἶναι. εἰ μὲν οὖν ἐμέ τις ἐξελέγχοι ταύτην τὴν βοήθειαν ἀδύνατον ὄντα ἑμαυτῷ καὶ ἄλλῳ βοηθεῖν, αἰσχυνοίμην ἂν καὶ ἐν πολλοῖς καὶ ἐν ὀλίγοις ἐξελεγχόμενος καὶ μόνος ὑπὸ μόνου, καὶ εἰ διὰ ταύτην τὴν ἀδυναμίαν ἀποθνήσκοιμι, ἀγανακτοίην ἂν: εἰ δὲ κολακικῆς ῥητορικῆς ἐνδεῖα τελευτῶν ἔγωγε, εὖ οἶδα ὅτι ῥαδίως ἴδοις ἂν με φέροντα [522e] τὸν θάνατον. αὐτὸ μὲν γὰρ τὸ ἀποθνήσκειν οὐδεὶς φοβεῖται, ὅστις μὴ παντάπασιν ἀλόγιστός τε καὶ ἀνανδρός ἐστιν, τὸ δὲ ἀδικεῖν φοβεῖται: πολλῶν γὰρ ἀδικημάτων γέμοντα τὴν ψυχὴν εἰς Αἴδου ἀφικέσθαι πάντων ἔσχατον κακῶν ἐστιν. εἰ δὲ βούλει, σοὶ ἐγώ, ὥς τοῦτο οὕτως ἔχει, ἐθέλω λόγον λέξαι.

Καλλίκλης: ἀλλ' ἐπείπερ γε καὶ τᾶλλα ἐπέρανας, καὶ τοῦτο πέρανον. [523a]

Σωκράτης: ἄκουε δὴ, φασί, μάλα καλοῦ λόγου, ὃν σὺ μὲν ἡγήσῃ

μῦθον, ὥς ἐγὼ οἶμαι, ἐγὼ δὲ λόγον· ὥς ἀληθῆ γὰρ ὄντα σοι λέξω ἃ μέλλω λέγειν. ὥσπερ γὰρ Ὅμηρος λέγει, διενείμαντο τὴν ἀρχὴν ὁ Ζεὺς καὶ ὁ Ποσειδῶν καὶ ὁ Πλούτων, ἐπειδὴ παρὰ τοῦ πατρὸς παρέλαβον. ἦν οὖν νόμος ὁδε περὶ ἀνθρώπων ἐπὶ Κρόνου, καὶ αἰεὶ καὶ νῦν ἔτι ἔστιν ἐν θεοῖς, τῶν ἀνθρώπων τὸν μὲν δικαίως τὸν βίον διελθόντα καὶ [523b] ὁσίως, ἐπειδὴν τελευτήσῃ, εἰς μακάρων νήσους ἀπιόντα οἰκεῖν ἐν πάσῃ εὐδαιμονίᾳ ἐκτὸς κακῶν, τὸν δὲ ἀδίκως καὶ ἀθέως εἰς τὸ τῆς τίσεώς τε καὶ δίκης δεσμωτήριον, ὃ δὴ Τάρταρον καλοῦσιν, ἰέναι. τούτων δὲ δικασταὶ ἐπὶ Κρόνου καὶ ἔτι νεωστὶ τοῦ Διὸς τὴν ἀρχὴν ἔχοντος ζῶντες ἦσαν ζώντων, ἐκείνῃ τῇ ἡμέρᾳ δικάζοντες ἢ μέλλοιεν τελευτᾶν· κακῶς οὖν αἱ δίκαι ἐκρίνοντο. ὃ τε οὖν Πλούτων καὶ οἱ ἐπιμεληταὶ οἱ ἐκ μακάρων νήσων ἰόντες ἔλεγον πρὸς τὸν Δία ὅτι φοιτῶν [523c] σφιν ἄνθρωποι ἐκατέρωσε ἀνάξιοι. εἶπεν οὖν ὁ Ζεὺς· “ἀλλ’ ἐγὼ,” ἔφη, “παύσω τοῦτο γιγνόμενον. νῦν μὲν γὰρ κακῶς αἱ δίκαι δικάζονται. ἀμπεχόμενοι γάρ,” ἔφη, “οἱ κρινόμενοι κρίνονται· ζῶντες γὰρ κρίνονται. πολλοὶ οὖν,” ἢ δ’ ὅς, “ψυχὰς πονηρὰς ἔχοντες ἡμιφισμένοι εἰσὶ σώματά τε καλὰ καὶ γένη καὶ πλούτους, καί, ἐπειδὴν ἡ κρίσις ἦ, ἔρχονται αὐτοῖς πολλοὶ μάρτυρες, μαρτυρήσοντες ὥς δικαίως βεβιώκασιν· [523d] οἱ οὖν δικασταὶ ὑπὸ τε τούτων ἐκπλήττονται, καὶ ἅμα καὶ αὐτοὶ ἀμπεχόμενοι δικάζουσι, πρὸ τῆς ψυχῆς τῆς αὐτῶν ὀφθαλμοὺς καὶ ὦτα καὶ ὅλον τὸ σῶμα προκεκαλυμμένοι. ταῦτα δὲ αὐτοῖς πάντα ἐπίπροσθεν γίγνεται, καὶ τὰ αὐτῶν ἀμφιέσματα καὶ τὰ τῶν κρινομένων. πρῶτον μὲν οὖν,” ἔφη, “παυστέον ἐστὶν προειδόμενος αὐτοὺς τὸν θάνατον· νῦν γὰρ προϊΐσασι. τοῦτο μὲν οὖν καὶ δὴ εἴρηται τῷ Προμηθεῖ [523e] ὅπως ἂν παύσῃ αὐτῶν. ἔπειτα γυμνοὺς κριτέον ἀπάντων τούτων· τεθνεῶτας γὰρ δεῖ κρίνεσθαι. καὶ τὸν κριτὴν δεῖ γυμνὸν εἶναι, τεθνεῶτα, αὐτῇ τῇ ψυχῇ αὐτὴν τὴν ψυχὴν θεωροῦντα ἐξαίφνης ἀποθανόντος ἐκάστου, ἔρημον πάντων τῶν συγγενῶν καὶ καταλιπόντα ἐπὶ τῆς γῆς πάντα ἐκεῖνον τὸν κόσμον, ἵνα δικαία ἡ κρίσις ἦ. ἐγὼ μὲν οὖν ταῦτα ἐγνωκὼς πρότερος ἢ ὑμεῖς ἐποησάμην δικαστὰς ὑεῖς ἐμαυτοῦ, δύο μὲν ἐκ τῆς Ἀσίας, Μίνω τε καὶ Ῥαδάμανθυν, [524a] ἕνα δὲ ἐκ τῆς Εὐρώπης, Αἰακόν· οὗτοι οὖν ἐπειδὴν τελευτήσωσι, δικάσουσιν ἐν τῷ λειμῶνι, ἐν τῇ τριόδῳ ἐξ ἧς φέρετον τὼ ὁδῷ, ἡ μὲν εἰς μακάρων νήσους, ἡ δ’ εἰς Τάρταρον. καὶ τοὺς μὲν ἐκ τῆς Ἀσίας Ῥαδάμανθος κρινεῖ, τοὺς δὲ ἐκ τῆς Εὐρώπης Αἰακός· Μίνω δὲ πρεσβεῖα δώσω ἐπιδιακρίνειν, ἐὰν ἀπορῆτόν τι τῷ

ἐτέρω, ἵνα ὡς δικαιοσύνη ἡ κρίσις ἢ περὶ τῆς πορείας τοῖς ἀνθρώποις.”

ταῦτ’ ἔστιν, ὃ Καλλίκλεις, ἃ ἐγὼ ἀκηκοὺς πιστεύω [524b] ἀληθῆ εἶναι: καὶ ἐκ τούτων τῶν λόγων τοιόνδε τι λογίζομαι συμβαίνειν. ὁ θάνατος τυγχάνει ὧν, ὡς ἐμοὶ δοκεῖ, οὐδὲν ἄλλο ἢ δυοῖν πραγμάτων διάλυσιν, τῆς ψυχῆς καὶ τοῦ σώματος, ἀπ’ ἀλλήλοιν: ἐπειδὴν δὲ διαλυθῆτον ἄρα ἀπ’ ἀλλήλοιν, οὐ πολὺ ἦττον ἐκάτερον αὐτοῖν ἔχει τὴν ἕξιν τὴν αὐτοῦ ἥνπερ καὶ ὅτε ἕξη ὁ ἄνθρωπος, τό τε σῶμα τὴν φύσιν τὴν αὐτοῦ καὶ τὰ θεραπεύματα καὶ τὰ παθήματα ἔνδηλα [524c] πάντα. οἷον εἴ τις μέγα ἦν τὸ σῶμα φύσει ἢ τροφῇ ἢ ἀμφοτέρω ζῶντος, τούτου καὶ ἐπειδὴν ἀποθάνῃ ὁ νεκρὸς μέγας, καὶ εἰ παχύς, παχὺς καὶ ἀποθανόντος, καὶ ἄλλα οὕτως: καὶ εἰ αὖ ἐπετήδευε κομᾶν, κομήτης τούτου καὶ ὁ νεκρὸς. μαστιγίας αὖ εἴ τις ἦν καὶ ἵχνη εἶχε τῶν πληγῶν οὐλὰς ἐν τῷ σώματι ἢ ὑπὸ μαστίγων ἢ ἄλλων τραυμάτων ζῶν, καὶ τεθνεῶτος τὸ σῶμα ἔστιν ἰδεῖν ταῦτα ἔχον: ἢ κατεαγότα εἴ του ἦν μέλη ἢ διεστραμμένα ζῶντος, καὶ [524d] τεθνεῶτος ταῦτά ταῦτα ἔνδηλα. ἐνὶ δὲ λόγῳ, οἷος εἶναι παρεσκευαστο τὸ σῶμα ζῶν, ἔνδηλα ταῦτα καὶ τελευτήσαντος ἢ πάντα ἢ τὰ πολλὰ ἐπὶ τινι χρόνῳ. ταῦτὸν δὴ μοι δοκεῖ τοῦτ’ ἄρα καὶ περὶ τὴν ψυχὴν εἶναι, ὃ Καλλίκλεις: ἔνδηλα πάντα ἔστιν ἐν τῇ ψυχῇ, ἐπειδὴν γυμνωθῇ τοῦ σώματος, τὰ τε τῆς φύσεως καὶ τὰ παθήματα ἃ διὰ τὴν ἐπιτήδευσιν ἐκάστου πράγματος ἔσχεν ἐν τῇ ψυχῇ ὁ ἄνθρωπος. ἐπειδὴν οὖν ἀφίκωνται παρὰ τὸν δικαστὴν, οἱ μὲν ἐκ τῆς Ἀσίας [524e] παρὰ τὸν Ῥαδάμανθυν, ὁ Ῥαδάμανθος ἐκείνους ἐπιστήσας θεᾶται ἐκάστου τὴν ψυχὴν, οὐκ εἰδὼς ὅτου ἐστίν, ἀλλὰ πολλάκις τοῦ μεγάλου βασιλέως ἐπιλαβόμενος ἢ ἄλλου ὁποιοῦν βασιλέως ἢ δυνάστου κατεῖδεν οὐδὲν ὑγιὲς ὄν τῆς ψυχῆς, ἀλλὰ διαμεμαστιγωμένην καὶ οὐλῶν μεστὴν ὑπὸ [525a] ἐπιπορκιῶν καὶ ἀδικίας, ἃ ἐκάστη ἢ πρᾶξις αὐτοῦ ἐξωμόρξατο εἰς τὴν ψυχὴν, καὶ πάντα σκολιὰ ὑπὸ ψεύδους καὶ ἀλαζονείας καὶ οὐδὲν εὐθὺ διὰ τὸ ἄνευ ἀληθείας θεθράφθαι: καὶ ὑπὸ ἐξουσίας καὶ τρυφῆς καὶ ὕβρεως καὶ ἀκρατίας τῶν πράξεων ἀσυμμετρίας τε καὶ αἰσχροτήτος γέμουσαν τὴν ψυχὴν εἶδεν: ἰδὼν δὲ ἀτίμως ταύτην ἀπέπεμψεν εὐθὺ τῆς φρουρᾶς, οἱ μέλλει ἐλθοῦσα ἀνατλήναι τὰ προσήκοντα πάθη. [525b] προσήκει δὲ παντὶ τῷ ἐν τιμωρίᾳ ὄντι, ὑπ’ ἄλλου ὀρθῶς τιμωρουμένῳ, ἢ βελτίονι γίνεσθαι καὶ ὀνίνασθαι ἢ παραδείγματι

τοῖς ἄλλοις γίνεσθαι, ἵνα ἄλλοι ὀρώντες πάσχοντα ἃ ἂν πάσχη φοβούμενοι βελτίους γίνωνται. εἰσὶν δὲ οἱ μὲν ὠφελούμενοί τε καὶ δίκην δίδόντες ὑπὸ θεῶν τε καὶ ἀνθρώπων οὗτοι οἱ ἂν ἰάσιμα ἁμαρτήματα ἁμάρτωσιν· ὅμως δὲ δι' ἀλγηδόνων καὶ ὀδυνῶν γίνεσθαι αὐτοῖς ἢ ὠφελία καὶ ἐνθάδε καὶ ἐν Ἄϊδου· οὐ γὰρ οἶόν τε ἄλλως ἀδικίας ἀπαλλάττεσθαι. [525c] οἱ δ' ἂν τὰ ἔσχατα ἀδικήσωσι καὶ διὰ τὰ τοιαῦτα ἀδικήματα ἀνίατοι γένωνται, ἐκ τούτων τὰ παραδείγματα γίνεσθαι, καὶ οὗτοι αὐτοὶ μὲν οὐκέτι ὀνίνανται οὐδὲν, ἅτε ἀνίατοι ὄντες, ἄλλοι δὲ ὀνίνανται οἱ τούτους ὀρώντες διὰ τὰς ἁμαρτίας τὰ μέγιστα καὶ ὀδυνηρότατα καὶ φοβερώτατα πάθη πάσχοντας τὸν αἰὲ χρόνον, ἀτεχνῶς παραδείγματα ἀνηρημένους ἐκεῖ ἐν Ἄϊδου ἐν τῷ δεσμοτηρίῳ, τοῖς αἰὲ τῶν ἀδίκων ἀφικνουμένοις θεάματα καὶ νοουθήματα. [525d] ὧν ἐγὼ φημι ἓνα καὶ Ἀρχέλαον ἔσεσθαι, εἰ ἀληθὴ λέγει Πῶλος, καὶ ἄλλον ὅστις ἂν τοιοῦτος τύραννος ᾗ· οἶμαι δὲ καὶ τοὺς πολλοὺς εἶναι τούτων τῶν παραδειγμάτων ἐκ τυράννων καὶ βασιλέων καὶ δυναστῶν καὶ τὰ τῶν πόλεων πραξάντων γεγονότας· οὗτοι γὰρ διὰ τὴν ἐξουσίαν μέγιστα καὶ ἀνοσιώτατα ἁμαρτήματα ἁμαρτάνουσι. μαρτυρεῖ δὲ τούτοις καὶ Ὅμηρος· βασιλέας γὰρ καὶ δυνάστας ἐκεῖνος πεποίηκεν [525e] τοὺς ἐν Ἄϊδου τὸν αἰὲ χρόνον τιμωρουμένους, Τάνταλον καὶ Σίσυφον καὶ Τιτυόν· Θερσίτην δέ, καὶ εἴ τις ἄλλος πονηρὸς ἦν ἰδιώτης, οὐδεὶς πεποίηκεν μεγάλας τιμωρίας συνεχόμενον ὡς ἀνίατον — οὐ γὰρ οἶμαι ἐξῆν αὐτῷ· διὸ καὶ εὐδαιμονέστερος ἦν ἢ οἷς ἐξῆν — ἀλλὰ γάρ, ὦ Καλλίκλεις, ἐκ τῶν [526a] δυναμένων εἰσὶ καὶ οἱ σφόδρα πονηροὶ γιγνόμενοι ἄνθρωποι· οὐδὲν μὴν κωλύει καὶ ἐν τούτοις ἀγαθοὺς ἄνδρας ἐγγίγεσθαι, καὶ σφόδρα γε ἄξιον ἀγασθαι τῶν γιγνομένων· χαλεπὸν γάρ, ὦ Καλλίκλεις, καὶ πολλοῦ ἐπαίνου ἄξιον ἐν μεγάλῃ ἐξουσίᾳ τοῦ ἀδικεῖν γενόμενον δικαίως διαβιῶναι. ὀλίγοι δὲ γίνονται οἱ τοιοῦτοι· ἐπεὶ καὶ ἐνθάδε καὶ ἄλλοι γεγόνασιν, οἶμαι δὲ καὶ ἔσονται καλοὶ καγαθοὶ ταύτην τὴν ἀρετὴν τὴν τοῦ δικαίως [526b] διαχειρίζειν ἃ ἂν τις ἐπιτρέπη· εἷς δὲ καὶ πάνυ ἐλλόγιμος γέγονεν καὶ εἰς τοὺς ἄλλους Ἑλληνας, Ἀριστείδης ὁ Λυσιμάχου· οἱ δὲ πολλοί, ὦ ἄριστε, κακοὶ γίνονται τῶν δυναστῶν. ὅπερ οὖν ἔλεγον, ἐπεὶ δὲ ὁ Ῥαδάμανθυς ἐκεῖνος τοιοῦτόν τινα λάβῃ, ἄλλο μὲν περὶ αὐτοῦ οὐκ οἶδεν οὐδὲν, οὐθ' ὅστις οὐθ' ὄντινων, ὅτι δὲ πονηρὸς τις· καὶ τοῦτο κατιδὼν ἀπέπεμψεν εἰς Τάρταρον, ἐπισημηνάμενος, ἕαντε ἰάσιμος ἕαντε ἀνίατος δοκῇ εἶναι· ὁ δὲ ἐκεῖσε ἀφικόμενος

[526c] τὰ προσήκοντα πάσχει. ἐνίστε δ' ἄλλην εἰσιδὼν ὁσίως βεβιωκυῖαν καὶ μετ' ἀληθείας, ἀνδρὸς ιδιώτου ἢ ἄλλου τινός, μάλιστα μὲν, ἔγωγέ φημι, ὧ Καλλίκλεις, φιλοσόφου τὰ αὐτοῦ πράξαντος καὶ οὐ πολυπραγμονήσαντος ἐν τῷ βίῳ, ἡγάσθη τε καὶ ἐς μακάρων νήσους ἀπέπεμψε. ταῦτα δὲ ταῦτα καὶ ὁ Αἰακός — ἐκάτερος τούτων ῥάβδον ἔχων δικάζει — ὁ δὲ Μίνως ἐπισκοπῶν κάθηται, μόνος ἔχων χρυσοῦν [526d] σκῆπτρον, ὡς φησιν Ὀδυσσεὺς ὁ Ὀμήρου ἰδεῖν αὐτὸν — χρύσειον σκῆπτρον ἔχοντα, θεμιστεύοντα νέκυσσιν.

ηομ. οδ. 11.569 ἐγὼ μὲν οὖν, ὧ Καλλίκλεις, ὑπὸ τε τούτων τῶν λόγων πέπεισμαι, καὶ σκοπῶ ὅπως ἀποφανοῦμαι τῷ κριτῇ ὡς ὑγιεστάτην τὴν ψυχὴν: χαίρειν οὖν ἐάσας τὰς τιμὰς τὰς τῶν πολλῶν ἀνθρώπων, τὴν ἀλήθειαν ἀσκῶν πειράσομαι τῷ ὄντι ὡς ἂν δύνωμαι βέλτιστος ὢν καὶ ζῆν καὶ ἐπειδὰν ἀποθνήσκω [526e] ἀποθνήσκειν. παρακαλῶ δὲ καὶ τοὺς ἄλλους πάντας ἀνθρώπους, καθ' ὅσον δύνamai, καὶ δὴ καὶ σὲ ἀντιπαρακαλῶ ἐπὶ τοῦτον τὸν βίον καὶ τὸν ἀγῶνα τοῦτον, ὃν ἐγὼ φημι ἀντὶ πάντων τῶν ἐνθάδε ἀγώνων εἶναι, καὶ ὀνειδίζω σοι ὅτι οὐχ οἷός τ' ἔση σαυτῷ βοηθῆσαι, ὅταν ἡ δίκη σοι ἦ καὶ ἡ κρίσις ἦν νυνδὴ ἐγὼ ἔλεγον, ἀλλὰ ἐλθὼν παρὰ τὸν δικαστήν, [527a] τὸν τῆς Αἰγίνης ὕον, ἐπειδὰν σου ἐπιλαβόμενος ἄγῃ, χασμήσῃ καὶ ἰλιγγιάσεις οὐδὲν ἦττον ἢ ἐγὼ ἐνθάδε σὺ ἐκεῖ, καὶ σε ἴσως τυπτήσῃ τις καὶ ἐπὶ κόρρης ἀτίμως καὶ πάντως προπηλακιεῖ.

τάχα δ' οὖν ταῦτα μῦθος σοι δοκεῖ λέγεσθαι ὥσπερ γραδὸς καὶ καταφρονεῖς αὐτῶν, καὶ οὐδέν γ' ἂν ἦν θαυμαστὸν καταφρονεῖν τούτων, εἴ πῃ ζητοῦντες εἶχομεν αὐτῶν βελτίω καὶ ἀληθέστερα εὐρεῖν: νῦν δὲ ὁρᾷς ὅτι τρεῖς ὄντες ὑμεῖς, οἵπερ σοφώτατοί ἐστε τῶν νῦν Ἑλλήνων, σὺ τε καὶ Πῶλος καὶ [527b] Γοργίας, οὐκ ἔχετε ἀποδεῖξαι ὡς δεῖ ἄλλον τινὰ βίον ζῆν ἢ τοῦτον, ὥσπερ καὶ ἐκεῖσε φαίνεται συμφέρων. ἀλλ' ἐν τοσοῦτοις λόγοις τῶν ἄλλων ἐλεγχομένων μόνος οὗτος ἡρεμεῖ ὁ λόγος, ὡς εὐλαβητέον ἐστὶν τὸ ἀδικεῖν μᾶλλον ἢ τὸ ἀδικεῖσθαι, καὶ παντὸς μᾶλλον ἀνδρὶ μελετητέον οὐ τὸ δοκεῖν εἶναι ἀγαθὸν ἀλλὰ τὸ εἶναι, καὶ ἰδίᾳ καὶ δημοσίᾳ: ἐὰν δέ τις κατὰ τι κακὸς γίγνηται, κολαστέος ἐστί, καὶ τοῦτο δεύτερον ἀγαθὸν μετὰ τὸ εἶναι δίκαιον, τὸ γίγνεσθαι καὶ [527c] κολαζόμενον διδόναι δίκην: καὶ πᾶσαν κολακείαν καὶ τὴν

MENO

Μένων, Σωκράτης, Παῖς Μένωνος, Ἄνυτος.

[70a] **Μένων:** ἔχεις μοι εἰπεῖν, ὦ Σώκρατες, ἄρα διδασκτὸν ἡ ἀρετή; ἢ οὐ διδασκτὸν ἀλλ' ἀσκητόν; ἢ οὔτε ἀσκητόν οὔτε μαθητόν, ἀλλὰ φύσει παραγίγνεται τοῖς ἀνθρώποις ἢ ἄλλω τινὶ τρόπῳ;

Σωκράτης: ὦ Μένων, πρὸ τοῦ μὲν Θετταλοὶ εὐδόκιμοι ἦσαν ἐν τοῖς Ἑλλήσιν καὶ ἐθαυμάζοντο ἐφ' ἵπικῃ τε καὶ πλούτῳ, [70b] νῦν δέ, ὡς ἐμοὶ δοκεῖ, καὶ ἐπὶ σοφίᾳ, καὶ οὐχ ἥκιστα οἱ τοῦ σοῦ ἐταίρου Ἀριστίππου πολῖται Λαρισαῖοι. τούτου δὲ ὑμῖν αἰτιὸς ἐστὶ Γοργίας: ἀφικόμενος γὰρ εἰς τὴν πόλιν ἐραστὰς ἐπὶ σοφίᾳ εἴληφεν Ἀλευαδῶν τε τοὺς πρώτους, ὧν ὁ σὸς ἐραστής ἐστιν Ἀρίστιππος, καὶ τῶν ἄλλων Θετταλῶν. καὶ δὴ καὶ τοῦτο τὸ ἔθος ὑμᾶς εἴθικεν, ἀφόβως τε καὶ μεγαλοπρεπῶς ἀποκρίνεσθαι ἐάν τις τι ἔρηται, ὥσπερ εἰκὸς τοὺς [70c] εἰδότας, ἅτε καὶ αὐτὸς παρέχων αὐτὸν ἐρωτᾶν τῶν Ἑλλήνων τῷ βουλομένῳ ὅτι ἂν τις βούληται, καὶ οὐδενὶ ὅτῳ οὐκ ἀποκρινόμενος. ἐνθάδε δέ, ὦ φίλε Μένων, τὸ ἐναντίον περιέστηκεν: ὥσπερ αὐχμὸς τις τῆς σοφίας γέγονεν, καὶ κινδυνεύει [71a] ἐκ τῶνδε τῶν τόπων παρ' ὑμᾶς οἵχεσθαι ἡ σοφία. εἰ γοῦν τινα ἐθέλεις οὕτως ἐρέσθαι τῶν ἐνθάδε, οὐδεὶς ὅστις οὐ γελάσεται καὶ ἐρεῖ: ὦ ξένε, κινδυνεύω σοι δοκεῖν μακάριός τις εἶναι ἀρετὴν γοῦν εἴτε διδασκτὸν εἶθ' ὅτῳ τρόπῳ παραγίγνεται εἰδέναι ἐγὼ δὲ τοσοῦτον δέω εἴτε διδασκτὸν εἴτε μὴ διδασκτὸν εἰδέναι, ὥστ' οὐδὲ αὐτὸ ὅτι ποτ' ἐστὶ τὸ παράπαν ἀρετὴ τυγχάνω εἰδῶς. [71b]

ἐγὼ οὖν καὶ αὐτός, ὦ Μένων, οὕτως ἔχω: συμπένομαι τοῖς πολίταις τούτου τοῦ πράγματος, καὶ ἐμαυτὸν καταμέφομαι ὡς οὐκ εἰδῶς περὶ ἀρετῆς τὸ παράπαν: ὁ δὲ μὴ οἶδα τί ἐστίν, πῶς ἂν ὁποῖόν γέ τι εἰδείην; ἢ δοκεῖ σοι οἷόν τε εἶναι, ὅστις Μένωνα μὴ γινώσκει τὸ παράπαν ὅστις ἐστίν, τοῦτον εἰδέναι εἴτε καλὸς εἴτε πλούσιος εἴτε καὶ γενναῖός ἐστιν, εἴτε καὶ τάναντία τούτων; δοκεῖ σοι οἷόν τ' εἶναι;

Μένων: οὐκ ἔμοιγε. ἀλλὰ σύ, ὦ Σώκρατες, ἀληθῶς [71c] οὐδ' ὅτι ἀρετὴ ἐστὶν οἶσθα, ἀλλὰ ταῦτα περὶ σοῦ καὶ οἵκαδε ἀπαγγέλλωμεν;

Σωκράτης: μὴ μόνον γε, ὦ ἐταῖρε, ἀλλὰ καὶ ὅτι οὐδ' ἄλλῳ πῶ

ένέτυχον εἰδότι, ὡς ἐμοὶ δοκῶ.

Μένων: τί δέ; Γοργία οὐκ ένέτυχες ὅτε ένθάδε ἦν;

Σωκράτης: ἔγωγε.

Μένων: εἴτα οὐκ ἐδόκει σοι εἰδέναι;

Σωκράτης: οὐ πάνυ εἰμὶ μνήμων, ὦ Μένων, ὥστε οὐκ ἔχω εἰπεῖν ἐν τῷ παρόντι πῶς μοι τότε ἔδοξεν. ἀλλ' ἴσως ἐκεῖνός τε οἶδε, καὶ σὺ ἂ ἐκεῖνος ἔλεγε: ἀνάμνησον οὖν [71d]με πῶς ἔλεγεν. εἰ δὲ βούλει, αὐτὸς εἰπέ: δοκεῖ γὰρ δήπου σοὶ ἅπερ ἐκεῖνω.

Μένων: ἔμοιγε.

Σωκράτης: ἐκεῖνον μὲν τοίνυν ἐῷμεν, ἐπειδὴ καὶ ἅπεστιν: σὺ δὲ αὐτός, ὦ πρὸς θεῶν, Μένων, τί φῆς ἀρετὴν εἶναι; εἶπον καὶ μὴ φθονήσης, ἵνα εὐτυχέστατον ψεῦσμα ἐψευσμένος ὦ, ἂν φανῆς σὺ μὲν εἰδώς καὶ Γοργίας, ἐγὼ δὲ εἰρηκῶς μηδενὶ πώποτε εἰδότι έντετυχηκέναι. [71e]

Μένων: ἀλλ' οὐ χαλεπὸν, ὦ Σώκρατες, εἰπεῖν. πρῶτον μὲν, εἰ βούλει ἄνδρὸς ἀρετὴν, ῥάδιον, ὅτι αὕτη ἐστὶν ἄνδρὸς ἀρετή, ἱκανὸν εἶναι τὰ τῆς πόλεως πράττειν, καὶ πράττοντα τοὺς μὲν φίλους εὖ ποιεῖν, τοὺς δ' ἐχθροὺς κακῶς, καὶ αὐτὸν εὐλαβεῖσθαι μηδὲν τοιοῦτον παθεῖν. εἰ δὲ βούλει γυναικὸς ἀρετὴν, οὐ χαλεπὸν διελθεῖν, ὅτι δεῖ αὐτὴν τὴν οἰκίαν εὖ οἰκεῖν, σφύζουσάν τε τὰ ἔνδον καὶ κατήκοον οὔσαν τοῦ ἀνδρός. καὶ ἄλλη ἐστὶν παιδὸς ἀρετή, καὶ θηλείας καὶ ἄρρενος, καὶ πρεσβυτέρου ἀνδρός, εἰ μὲν βούλει, ἐλευθέρου, εἰ δὲ βούλει, [72a]δούλου. καὶ ἄλλαι πάμπολλαι ἀρεταὶ εἰσιν, ὥστε οὐκ ἀπορία εἰπεῖν ἀρετῆς πέρι ὅτι ἐστίν: καθ' ἐκάστην γὰρ τῶν πράξεων καὶ τῶν ἡλικιῶν πρὸς ἕκαστον ἔργον ἐκάστῳ ἡμῶν ἡ ἀρετή ἐστίν, ὡσαύτως δὲ οἶμαι, ὦ Σώκρατες, καὶ ἡ κακία.

Σωκράτης: πολλῇ γέ τιτι εὐτυχία ἔοικα κεχρηῆσθαι, ὦ Μένων, εἰ μίαν ζητῶν ἀρετὴν σμῆνός τι ἀνηύρηκα ἀρετῶν παρὰ σοὶ κεῖμενον. ἀτάρ, ὦ Μένων, κατὰ ταύτην τὴν εἰκόνα τὴν [72b]περὶ τὰ σμήνη, εἴ μου ἐρομένου μελίττης περὶ οὐσίας ὅτι ποτ' ἐστίν, πολλὰς καὶ παντοδαπὰς ἔλεγες αὐτὰς εἶναι, τί ἂν ἀπεκρίνω μοι, εἴ σε ἡρόμην: ἄρα τούτῳ φῆς πολλὰς καὶ παντοδαπὰς εἶναι καὶ διαφερούσας

ἀλλήλων, τῷ μελίττας εἶναι; ἢ τούτῳ μὲν οὐδὲν διαφέρουσιν, ἄλλω δέ τῳ, οἷον ἢ κάλλει ἢ μεγέθει ἢ ἄλλῳ τῷ τῶν τοιούτων; εἰπέ, τί ἂν ἀπεκρίνω οὕτως ἐρωτηθεῖς;

Μένων: τοῦτ' ἔγωγε, ὅτι οὐδὲν διαφέρουσιν, ἢ μέλιται εἰσίν, ἢ ἑτέρα τῆς ἑτέρας. [72c]

Σωκράτης: εἰ οὖν εἶπον μετὰ ταῦτα: τοῦτο τοίνυν μοι αὐτὸ εἰπέ, ὦ Μένων: ὃ οὐδὲν διαφέρουσιν ἀλλὰ ταυτόν εἰσιν ἅπασαι, τί τοῦτο φῆς εἶναι; εἶχες δήπου ἂν τί μοι εἰπεῖν;

Μένων: ἔγωγε.

Σωκράτης: οὕτω δὴ καὶ περὶ τῶν ἀρετῶν: κἂν εἰ πολλαὶ καὶ παντοδαπαὶ εἰσιν, ἔν γέ τι εἶδος ταυτόν ἅπασαι ἔχουσιν δι' ὃ εἰσὶν ἀρεταί, εἰς ὃ καλῶς που ἔχει ἀποβλέψαντα τὸν ἀποκρινόμενον τῷ ἐρωτήσαντι ἐκείνο δηλῶσαι, ὃ τυγχάνει [72d] οὕσα ἀρετῇ: ἢ οὐ μανθάνεις ὅτι λέγω;

Μένων: δοκῶ γέ μοι μανθάνειν: οὐ μέντοι ὥς βούλομαί γέ πω κατέχω τὸ ἐρωτώμενον.

Σωκράτης: πότερον δὲ περὶ ἀρετῆς μόνον σοι οὕτω δοκεῖ, ὦ Μένων, ἄλλη μὲν ἀνδρὸς εἶναι, ἄλλη δὲ γυναικὸς καὶ τῶν ἄλλων, ἢ καὶ περὶ ὑγιείας καὶ περὶ μεγέθους καὶ περὶ ἰσχύος ὡσαύτως; ἄλλη μὲν ἀνδρὸς δοκεῖ σοι εἶναι ὑγίεια, ἄλλη δὲ γυναικός; ἢ ταυτόν πανταχοῦ εἶδος ἐστίν, ἐάνπερ ὑγίεια [72e] ἦ, ἐάντε ἐν ἀνδρὶ ἐάντε ἐν ἄλλῳ ὅττω οὖν ἦ;

Μένων: ἡ αὕτη μοι δοκεῖ ὑγιεῖα γε εἶναι καὶ ἀνδρὸς καὶ γυναικός.

Σωκράτης: οὐκοῦν καὶ μέγεθος καὶ ἰσχύς; ἐάνπερ ἰσχυρὰ γυνὴ ἦ, τῷ αὐτῷ εἶδει καὶ τῇ αὐτῇ ἰσχύϊ ἰσχυρὰ ἔσται; τὸ γὰρ τῇ αὐτῇ τοῦτο λέγω: οὐδὲν διαφέρει πρὸς τὸ ἰσχύς εἶναι ἢ ἰσχύς, ἐάντε ἐν ἀνδρὶ ἢ ἐάντε ἐν γυναικί. ἢ δοκεῖ τί σοι διαφέρειν;

Μένων: οὐκ ἔμοιγε. [73a]

Σωκράτης: ἡ δὲ ἀρετὴ πρὸς τὸ ἀρετὴ εἶναι διοίσει τι, ἐάντε ἐν παιδί ἢ ἐάντε ἐν πρεσβύτῃ, ἐάντε ἐν γυναικί ἐάντε ἐν ἀνδρί;

Μένων: ἔμοιγέ πως δοκεῖ, ὦ Σώκρατες, τοῦτο οὐκέτι ὅμοιον εἶναι τοῖς ἄλλοις τούτοις.

Σωκράτης: τί δέ; οὐκ ἀνδρὸς μὲν ἀρετὴν ἔλεγες πόλιν εὖ διοικεῖν, γυναικὸς δὲ οἰκίαν;

Μένων: ἔγωγε.

Σωκράτης: ἄρ' οὖν οἷόν τε εὖ διοικεῖν ἢ πόλιν ἢ οἰκίαν ἢ ἄλλο ὅτιοῦν, μὴ σωφρόνως καὶ δικαίως διοικοῦντα;

Μένων: οὐ δῆτα. [73b]

Σωκράτης: οὐκοῦν ἄνπερ δικαίως καὶ σωφρόνως διοικῶσιν, δικαιοσύνη καὶ σωφροσύνη διοικήσουσιν;

Μένων: ἀνάγκη.

Σωκράτης: τῶν αὐτῶν ἄρα ἀμφοτέρω δέονται, εἴπερ μέλλουσιν ἀγαθοὶ εἶναι, καὶ ἡ γυνὴ καὶ ὁ ἀνὴρ, δικαιοσύνης καὶ σωφροσύνης.

Μένων: φαίνονται.

Σωκράτης: τί δὲ παῖς καὶ πρεσβύτες; μὴν ἀκόλαστοι ὄντες καὶ ἄδικοι ἀγαθοὶ ἂν ποτε γένοιοντο;

Μένων: οὐ δῆτα.

Σωκράτης: ἀλλὰ σώφρονες καὶ [73c]δίκαιοι;

Μένων: ναί.

Σωκράτης: πάντες ἄρ' ἀνθρώποι τῷ αὐτῷ τρόπῳ ἀγαθοὶ εἰσιν: τῶν αὐτῶν γὰρ τυχόντες ἀγαθοὶ γίνονται.

Μένων: ἔοικε.

Σωκράτης: οὐκ ἂν δήπου, εἴ γε μὴ ἡ αὐτὴ ἀρετὴ ἦν αὐτῶν, τῷ αὐτῷ ἂν τρόπῳ ἀγαθοὶ ᾗσαν.

Μένων: οὐ δῆτα.

Σωκράτης: ἐπειδὴ τοίνυν ἡ αὐτὴ ἀρετὴ πάντων ἐστίν, πειρῶ εἰπεῖν

καὶ ἀναμνησθῆναι τί αὐτό φησι Γοργίας εἶναι καὶ σὺ μετ' ἐκείνου.

Μένων: τί ἄλλο γ' ἢ ἄρχειν οἷόν τ' εἶναι τῶν ἀνθρώπων; [73d]εἶπερ ἓν γέ τι ζητεῖς κατὰ πάντων.

Σωκράτης: ἀλλὰ μὴν ζητῶ γε. ἀλλ' ἄρα καὶ παιδὸς ἡ αὐτὴ ἀρετὴ, ὃ Μένων, καὶ δούλου, ἄρχειν οἷω τε εἶναι τοῦ δεσπότου, καὶ δοκεῖ σοι ἔτι ἂν δοῦλος εἶναι ὁ ἄρχων;

Μένων: οὐ πάνυ μοι δοκεῖ, ὦ Σώκρατες.

Σωκράτης: οὐ γὰρ εἰκός, ὃ ἄριστε: ἔτι γὰρ καὶ τόδε σκόπει. ἄρχειν φῆς οἷόν τ' εἶναι. οὐ προσθήσομεν αὐτόσε τὸ δικαίως, ἀδίκως δὲ μή;

Μένων: οἶμαι ἔγωγε: ἡ γὰρ δικαιοσύνη, ὦ Σώκρατες, ἀρετὴ ἐστίν. [73e]

Σωκράτης: πότερον ἀρετὴ, ὦ Μένων, ἢ ἀρετὴ τις;

Μένων: πῶς τοῦτο λέγεις;

Σωκράτης: ὥς περὶ ἄλλου ὁτουοῦν. οἷον, εἰ βούλει, στρογγυλότητος πέρι εἵπομαι ἂν ἔγωγε ὅτι σχῆμά τί ἐστίν, οὐχ οὕτως ἀπλῶς ὅτι σχῆμα. διὰ ταῦτα δὲ οὕτως ἂν εἵπομαι, ὅτι καὶ ἄλλα ἔστι σχήματα.

Μένων: ὀρθῶς γε λέγων σὺ, ἐπεὶ καὶ ἐγὼ λέγω οὐ μόνον δικαιοσύνην ἀλλὰ καὶ ἄλλας εἶναι ἀρετάς. [74a]

Σωκράτης: τίνας ταύτας; εἶπέ. οἷον καὶ ἐγὼ σοι εἵπομαι ἂν καὶ ἄλλα σχήματα, εἴ με κελεύεις: καὶ σὺ οὖν ἐμοὶ εἶπέ ἄλλας ἀρετάς.

Μένων: ἡ ἀνδρεία τοίνυν ἔμοιγε δοκεῖ ἀρετὴ εἶναι καὶ σωφροσύνη καὶ σοφία καὶ μεγαλοπρέπεια καὶ ἄλλαι πάμπολλαι.

Σωκράτης: πάλιν, ὦ Μένων, ταυτὸν πεπόνθαμεν: πολλὰς αὖ ἠϋρήκαμεν ἀρετάς μίαν ζητοῦντες, ἄλλον τρόπον ἢ νυνδὴ: τὴν δὲ μίαν, ἢ διὰ πάντων τούτων ἐστίν, οὐ δυνάμεθα ἀνευρεῖν.

Μένων: οὐ γὰρ δύναμαί πω, ὦ Σώκρατες, ὥς σὺ ζητεῖς, [74b]μίαν ἀρετὴν λαβεῖν κατὰ πάντων, ὥσπερ ἓν τοῖς ἄλλοις.

Σωκράτης: εἰκότως γε: ἀλλ' ἐγὼ προθυμήσομαι, ἐὰν οἷός τ' ὦ, ἡμᾶς

προβιβάσαι. μανθάνεις γάρ που ὅτι οὕτως ἔχει περὶ παντός: εἴ τίς σε ἀνέροιτο τοῦτο ὃ νυνδὴ ἐγὼ ἔλεγον, τί ἐστὶν σχῆμα, ὦ Μένων; εἰ αὐτῷ εἶπες ὅτι στρογγυλότης, εἴ σοι εἶπεν ἅπερ ἐγώ, πότερον σχῆμα ἢ στρογγυλότης ἐστὶν ἢ σχῆμά τι; εἶπες δήπου ἂν ὅτι σχῆμά τι.

Μένων: πάνυ γε. [74c]

Σωκράτης: οὐκοῦν διὰ ταῦτα, ὅτι καὶ ἄλλα ἐστὶν σχήματα;

Μένων: ναί.

Σωκράτης: καὶ εἴ γε προσανηρώτα σε ὅποια, ἔλεγες ἄν;

Μένων: ἔγωγε.

Σωκράτης: καὶ αὖ εἰ περὶ χρώματος ὡσαύτως ἀνήρετο ὅτι ἐστίν, καὶ εἰπόντος σου ὅτι τὸ λευκόν, μετὰ ταῦτα ὑπέλαβεν ὁ ἐρωτῶν: πότερον τὸ λευκὸν χρῶμά ἐστὶν ἢ χρῶμά τι; εἶπες ἂν ὅτι χρῶμά τι, διότι καὶ ἄλλα τυγχάνει ὄντα;

Μένων: ἔγωγε.

Σωκράτης: καὶ εἴ γέ σε ἐκέλευε λέγειν ἄλλα χρώματα, ἔλεγες [74d] ἂν ἄλλα, ἃ οὐδὲν ἦττον τυγχάνει ὄντα χρώματα τοῦ λευκοῦ;

Μένων: ναί.

Σωκράτης: εἰ οὖν ὥσπερ ἐγὼ μετήει τὸν λόγον, καὶ ἔλεγεν ὅτι ἀεὶ εἰς πολλὰ ἀφικνούμεθα, ἀλλὰ μὴ μοι οὕτως, ἀλλ' ἐπειδὴ τὰ πολλὰ ταῦτα ἐνὶ τινι προσαγορεύεις ὀνόματι, καὶ φῆς οὐδὲν αὐτῶν ὅτι οὐ σχῆμα εἶναι, καὶ ταῦτα καὶ ἐναντία ὄντα ἀλλήλοις, ὅτι ἐστὶν τοῦτο ὃ οὐδὲν ἦττον κατέχει τὸ στρογγύλον ἢ τὸ εὐθύ, ὃ δὴ ὀνομάζεις σχῆμα [74e] καὶ οὐδὲν μᾶλλον φῆς τὸ στρογγύλον σχῆμα εἶναι ἢ τὸ εὐθύ; ἢ οὐχ οὕτω λέγεις;

Μένων: ἔγωγε.

Σωκράτης: ἄρ' οὖν, ὅταν οὕτω λέγῃς, τότε οὐδὲν μᾶλλον φῆς τὸ στρογγύλον εἶναι στρογγύλον ἢ εὐθύ, οὐδὲ τὸ εὐθὺ εὐθὺ ἢ στρογγύλον;

Μένων: οὐ δήπου, ὦ Σώκρατες.

Σωκράτης: ἀλλὰ μὴν σχῆμά γε οὐδὲν μᾶλλον φῆς εἶναι τὸ στρογγύλον τοῦ εὐθέος, οὐδὲ τὸ ἕτερον τοῦ ἐτέρου.

Μένων: ἀληθῆ λέγεις.

Σωκράτης: τί ποτε οὖν τοῦτο οὐ τοῦτο ὄνομά ἐστιν, τὸ σχῆμα; [75a]πειρῶ λέγειν. εἰ οὖν τῷ ἐρωτῶντι οὕτως ἢ περὶ σχήματος ἢ χρώματος εἶπες ὅτι ἀλλ' οὐδὲ μανθάνω ἔγωγε ὅτι βούλει, ὦ ἄνθρωπε, οὐδὲ οἶδα ὅτι λέγεις, ἴσως ἂν ἐθαύμασε καὶ εἶπεν: οὐ μανθάνεις ὅτι ζητῶ τὸ ἐπὶ πᾶσιν τούτοις ταῦτόν; ἢ οὐδὲ ἐπὶ τούτοις, ὦ Μένων, ἔχοις ἂν εἰπεῖν, εἰ τίς σε ἐρωτῇ: τί ἐστιν ἐπὶ τῷ στρογγύλῳ καὶ εὐθεῖ καὶ ἐπὶ τοῖς ἄλλοις, ἃ δὴ σχήματα καλεῖς, ταῦτόν ἐπὶ πᾶσιν; πειρῶ εἰπεῖν, ἵνα καὶ γένηταί σοι μελέτη πρὸς τὴν περὶ τῆς ἀρετῆς ἀπόκρισιν. [75b]

Μένων: μή, ἀλλὰ σύ, ὦ Σώκρατες, εἰπέ.

Σωκράτης: βούλει σοι χαρίσωμαι;

Μένων: πάνυ γε.

Σωκράτης: ἐθελήσεις οὖν καὶ σὺ ἐμοὶ εἰπεῖν περὶ τῆς ἀρετῆς;

Μένων: ἔγωγε.

Σωκράτης: προθυμητέον τοίνυν: ἄξιον γάρ.

Μένων: πάνυ μὲν οὖν.

Σωκράτης: φέρε δὴ, πειρώμεθά σοι εἰπεῖν τί ἐστιν σχῆμα. σκόπει οὖν εἰ τόδε ἀποδέχῃ αὐτὸ εἶναι: ἔστω γὰρ δὴ ἡμῖν τοῦτο σχῆμα, ὃ μόνον τῶν ὄντων τυγχάνει χρώματι ἀεὶ ἐπόμενον. ἱκανῶς σοι, ἢ ἄλλως πως ζητεῖς; ἐγὼ γὰρ κἂν [75c]οὕτως ἀγαπῶν εἴ μοι ἀρετὴν εἴποις.

Μένων: ἀλλὰ τοῦτό γε εὐηθες, ὦ Σώκρατες.

Σωκράτης: πῶς λέγεις;

Μένων: ὅτι σχῆμά πού ἐστιν κατὰ τὸν σὸν λόγον ὃ ἀεὶ χροῖα ἔπεται.

εἶεν: εἰ δὲ δὴ τὴν χροάν τις μὴ φαίη εἰδέναι, ἀλλὰ ὡσαύτως ἀποροῖ ὥσπερ περὶ τοῦ σχήματος, τί ἂν οἶε σοι ἀποκεκρίσθαι;

Σωκράτης: τάληθ' ἔγωγε· καὶ εἰ μὲν γε τῶν σοφῶν τις εἴη καὶ ἐριστικῶν τε καὶ ἀγωνιστικῶν ὁ ἐρόμενος, εἴποιμ' ἂν [75d] αὐτῷ ὅτι ἐμοὶ μὲν εἴρηται· εἰ δὲ μὴ ὀρθῶς λέγω, σὸν ἔργον λαμβάνειν λόγον καὶ ἐλέγχειν. εἰ δὲ ὥσπερ ἐγὼ τε καὶ σὺ νυνὶ φίλοι ὄντες βούλοιντο ἀλλήλοις διαλέγεσθαι, δεῖ δὴ πρῶτον πῶς καὶ διαλεκτικώτερον ἀποκρίνεσθαι. ἔστι δὲ ἴσως τὸ διαλεκτικώτερον μὴ μόνον τάληθ' ἀποκρίνεσθαι, ἀλλὰ καὶ δι' ἐκείνων ὧν ἂν προσομολογῇ εἰδέναι ὁ ἐρωτώμενος. πειράσομαι δὴ καὶ ἐγὼ σοι οὕτως εἰπεῖν. [75e] λέγε γάρ μοι: τελευτὴν καλεῖς τι; τοῖόνδε λέγω οἶον πέρας καὶ ἔσχατον πάντα ταῦτα ταυτόν τι λέγω: ἴσως δ' ἂν ἡμῖν Πρόδικος διαφέροιτο, ἀλλὰ σύ γέ που καλεῖς πεπεράνθαι τι καὶ τετελευτηκέναι τὸ τοιοῦτον βούλομαι λέγειν, οὐδὲν ποικίλον.

Μένων: ἀλλὰ καλῶ, καὶ οἶμαι μανθάνειν ὃ λέγεις. [76a]

Σωκράτης: τί δ'; ἐπίπεδον καλεῖς τι, καὶ ἕτερον αὖ στερεόν, οἶον ταῦτα τὰ ἐν ταῖς γεωμετρίαις;

Μένων: ἔγωγε καλῶ.

Σωκράτης: ἤδη τοίνυν ἂν μάθοις μου ἐκ τούτων σχῆμα ὃ λέγω. κατὰ γὰρ παντὸς σχήματος τοῦτο λέγω, εἰς ὃ τὸ στερεὸν περαίνει, τοῦτ' εἶναι σχῆμα: ὅπερ ἂν συλλαβὼν εἴποιμι στερεοῦ πέρας σχῆμα εἶναι.

Μένων: τὸ δὲ χρῶμα τί λέγεις, ὦ Σώκρατες;

Σωκράτης: ὕβριστής γ' εἶ, ὦ Μένων: ἀνδρὶ πρεσβύτῃ πράγματα προστάτεις ἀποκρίνεσθαι, αὐτὸς δὲ οὐκ ἐθέλεις [76b] ἀναμνησθεὶς εἰπεῖν ὅτι ποτε λέγει Γοργίας ἀρετὴν εἶναι.

Μένων: ἀλλ' ἐπειδὴν μοι σὺ τοῦτ' εἴπης, ὦ Σώκρατες, ἐρῶ σοι.

Σωκράτης: κἂν κατακεκαλυμμένος τις γνοίῃ, ὦ Μένων, διαλεγόμενου σου, ὅτι καλὸς εἶ καὶ ἐρασταί σοι ἔτι εἰσίν.

Μένων: τί δῆ;

Σωκράτης: ὅτι οὐδὲν ἀλλ' ἢ ἐπιτάττεις ἐν τοῖς λόγοις, ὅπερ ποιοῦσιν οἱ τρυφῶντες, ἅτε τυραννεύοντες ἕως ἂν ἐν ὥρᾳ [76c] ᾤσιν, καὶ ἅμα ἐμοῦ ἴσως κατέγνωκας ὅτι εἰμὶ ἡττων τῶν καλῶν: χαριοῦμαι οὖν σοι καὶ ἀποκρινοῦμαι.

Μένων: πάνυ μὲν οὖν χάρισαι.

Σωκράτης: βούλει οὖν σοι κατὰ Γοργίαν ἀποκρίνωμαι, ἢ ἂν σὺ μάλιστα ἀκολουθήσῃς;

Μένων: βούλομαι: πῶς γὰρ οὔ;

Σωκράτης: οὐκοῦν λέγετε ἀπορροάς τινας τῶν ὄντων κατὰ Ἐμπεδοκλέα;

Μένων: σφόδρα γε.

Σωκράτης: καὶ πόρους εἰς οὓς καὶ δι' ὧν αἱ ἀπορροαὶ πορεύονται;

Μένων: πάνυ γε.

Σωκράτης: καὶ τῶν ἀπορροῶν τὰς μὲν ἀρμόττειν ἐνίοις τῶν [76d] πόρων, τὰς δὲ ἐλάττους ἢ μεῖζους εἶναι;

Μένων: ἔστι ταῦτα.

Σωκράτης: οὐκοῦν καὶ ὄψιν καλεῖς τι;

Μένων: ἔγωγε.

Σωκράτης: ἐκ τούτων δὴ σύνες ὃ τοι λέγω, ἔφη Πίνδαρος. ἔστιν γὰρ χροᾶ ἀπορροὴ σχημάτων ὅψει σύμμετρος καὶ αἰσθητός.

Μένων: ἄριστά μοι δοκεῖς, ὦ Σώκρατες, ταύτην τὴν ἀπόκρισιν εἰρηκέναι.

Σωκράτης: ἴσως γάρ σοι κατὰ συνήθειαν εἴρηται: καὶ ἅμα οἶμαι ἐννοεῖς ὅτι ἔχοις ἂν ἐξ αὐτῆς εἰπεῖν καὶ φωνὴν ὃ ἔστι, [76e] καὶ ὁσμὴν καὶ ἄλλα πολλὰ τῶν τοιούτων.

Μένων: πάνυ μὲν οὖν.

Σωκράτης: τραγικὴ γάρ ἐστιν, ὦ Μένων, ἡ ἀπόκρισις, ὥστε ἀρέσκει

σοι μάλλον ἢ ἡ περὶ τοῦ σχήματος.

Μένων: ἔμοιγε.

Σωκράτης: ἀλλ' οὐκ ἔστιν, ὃ παῖ Ἀλεξιδήμου, ὥς ἐγὼ ἐμαυτὸν πείθω, ἀλλ' ἐκείνη βελτίων· οἶμαι δὲ οὐδ' ἂν σοὶ δόξαι, εἰ μή, ὥσπερ χθὲς ἔλεγες, ἀναγκαῖόν σοι ἀπιέναι πρὸ τῶν μυστηρίων, ἀλλ' εἰ περιμείναις τε καὶ μυηθείης. [77a]

Μένων: ἀλλὰ περιμένειμ' ἂν, ὃ Σώκρατες, εἴ μοι πολλὰ τοιαῦτα λέγοις.

Σωκράτης: ἀλλὰ μὴν προθυμίας γε οὐδὲν ἀπολείψω, καὶ σοῦ ἕνεκα καὶ ἐμαντοῦ, λέγων τοιαῦτα· ἀλλ' ὅπως μὴ οὐχ οἷός τ' ἔσομαι πολλὰ τοιαῦτα λέγειν. ἀλλ' ἴθι δὴ πειρῶ καὶ σὺ ἐμοὶ τὴν ὑπόσχεσιν ἀποδοῦναι, κατὰ ὅλου εἰπὼν ἀρετῆς περί ὅτι ἐστίν, καὶ παῦσαι πολλὰ ποιῶν ἐκ τοῦ ἐνός, ὅπερ φασὶ τοὺς συντρίβοντάς τι ἐκάστοτε οἱ σκώπτοντες, ἀλλὰ ἐάσας ὅλην καὶ ὑγιῇ εἰπεῖ τί ἐστὶν ἀρετή. τὰ δέ γε παραδείγματα [77b] παρ' ἐμοῦ εἴληφας.

Μένων: δοκεῖ τοίνυν μοι, ὃ Σώκρατες, ἀρετὴ εἶναι, καθάπερ ὁ ποιητὴς λέγει, χαίρειν τε καλοῖσι καὶ δύνασθαι· καὶ ἐγὼ τοῦτο λέγω ἀρετὴν, ἐπιθυμοῦντα τῶν καλῶν δυνατὸν εἶναι πορίζεσθαι.

Σωκράτης: ἄρα λέγεις τὸν τῶν καλῶν ἐπιθυμοῦντα ἀγαθῶν ἐπιθυμητὴν εἶναι;

Μένων: μάλιστά γε.

Σωκράτης: ἄρα ὥς ὄντων τινῶν οἱ τῶν κακῶν ἐπιθυμοῦσιν, ἐτέρων δὲ οἱ τῶν [77c] ἀγαθῶν; οὐ πάντες, ὦριστε, δοκοῦσί σοι τῶν ἀγαθῶν ἐπιθυμεῖν;

Μένων: οὐκ ἔμοιγε.

Σωκράτης: ἀλλὰ τινες τῶν κακῶν;

Μένων: ναί.

Σωκράτης: οἰόμενοι τὰ κακὰ ἀγαθὰ εἶναι, λέγεις, ἢ καὶ γινώσκοντες ὅτι κακά ἐστιν ὅμως ἐπιθυμοῦσιν αὐτῶν;

Μένων: ἀμρότερα ἔμοιγε δοκοῦσιν.

Σωκράτης: ἥ γὰρ δοκεῖ τίς σοι, ὦ Μένων, γινώσκων τὰ κακὰ ὅτι κακὰ ἐστὶν ὅμως ἐπιθυμεῖν αὐτῶν;

Μένων: μάλιστα.

Σωκράτης: τί ἐπιθυμεῖν λέγεις; ἥ γενέσθαι αὐτῷ;

Μένων: γενέσθαι: τί γὰρ [77d]ἄλλο;

Σωκράτης: πότερον ἡγούμενος τὰ κακὰ ὠφελεῖν ἐκεῖνον ὃ ἂν γένηται, ἢ γινώσκων τὰ κακὰ ὅτι βλάπτει ὃ ἂν παρῇ;

Μένων: εἰσὶ μὲν οἱ ἡγούμενοι τὰ κακὰ ὠφελεῖν, εἰσὶν δὲ καὶ οἱ γινώσκοντες ὅτι βλάπτει.

Σωκράτης: ἥ καὶ δοκοῦσί σοι γινώσκειν τὰ κακὰ ὅτι κακὰ ἐστὶν οἱ ἡγούμενοι τὰ κακὰ ὠφελεῖν;

Μένων: οὐ πάνυ μοι δοκεῖ τοῦτό γε.

Σωκράτης: οὐκοῦν δῆλον ὅτι οὗτοι μὲν οὐ τῶν κακῶν ἐπιθυμοῦσιν, [77e]οἱ ἀγνοοῦντες αὐτά, ἀλλὰ ἐκείνων ἃ ὄντο ἀγαθὰ εἶναι, ἔστιν δὲ ταῦτά γε κακά: ὥστε οἱ ἀγνοοῦντες αὐτὰ καὶ οἰόμενοι ἀγαθὰ εἶναι δῆλον ὅτι τῶν ἀγαθῶν ἐπιθυμοῦσιν. ἢ οὐ;

Μένων: κινδυνεύουσιν οὗτοί γε.

Σωκράτης: τί δέ; οἱ τῶν κακῶν μὲν ἐπιθυμοῦντες, ὥς φῆς σύ, ἡγούμενοι δὲ τὰ κακὰ βλάπτειν ἐκεῖνον ὃ ἂν γίγνηται, γινώσκουσιν δήπου ὅτι βλαβήσονται ὑπ' αὐτῶν;

Μένων: [78a]ἀνάγκη.

Σωκράτης: ἀλλὰ τοὺς βλαπτομένους οὗτοι οὐκ οἶονται ἀθλίους εἶναι καθ' ὅσον βλάπτονται;

Μένων: καὶ τοῦτο ἀνάγκη.

Σωκράτης: τοὺς δὲ ἀθλίους οὐ κακοδαίμονας;

Μένων: οἶμαι ἔγωγε.

Σωκράτης: ἔστιν οὖν ὅστις βούλεται ἄθλιος καὶ κακοδαίμων εἶναι;

Μένων: οὐ μοι δοκεῖ, ὦ Σώκρατες.

Σωκράτης: οὐκ ἄρα βούλεται, ὦ Μένων, τὰ κακὰ οὐδεὶς, εἴπερ μὴ βούλεται τοιοῦτος εἶναι. τί γὰρ ἄλλο ἐστὶν ἄθλιον εἶναι ἢ ἐπιθυμεῖν τε τῶν κακῶν καὶ κτᾶσθαι;

Μένων: κινδυνεύεις [78b] ἀληθῆ λέγειν, ὦ Σώκρατες; καὶ οὐδεὶς βούλεσθαι τὰ κακὰ.

Σωκράτης: οὐκοῦν νυνδὴ ἔλεγες ὅτι ἔστιν ἡ ἀρετὴ βούλεσθαι τε τὰγαθὰ καὶ δύνασθαι;

Μένων: εἶπον γάρ.

Σωκράτης: οὐκοῦν τοῦ λεχθέντος τὸ μὲν βούλεσθαι πᾶσιν ὑπάρχει, καὶ ταύτῃ γε οὐδὲν ὁ ἕτερος τοῦ ἐτέρου βελτίων;

Μένων: φαίνεται.

Σωκράτης: ἀλλὰ δῆλον ὅτι εἴπερ ἐστὶ βελτίων ἄλλος ἄλλου, κατὰ τὸ δύνασθαι ἢ εἶναι ἀμείνων.

Μένων: πάνυ γε.

Σωκράτης: τοῦτ' ἔστιν ἄρα, ὥς ἔοικε, κατὰ τὸν σὸν λόγον ἀρετὴ, [78c] δύναμις τοῦ πορίζεσθαι τὰγαθὰ.

Μένων: παντάπασί μοι δοκεῖ, ὦ Σώκρατες, οὕτως ἔχειν ὥς σὺ νῦν ὑπολαμβάνεις.

Σωκράτης: ἴδωμεν δὴ καὶ τοῦτο εἰ ἀληθὲς λέγεις; ἴσως γὰρ ἂν εὖ λέγοις. τὰγαθὰ φησὶ οἷόν τ' εἶναι πορίζεσθαι ἀρετὴν εἶναι;

Μένων: ἔγωγε.

Σωκράτης: ἀγαθὰ δὲ καλεῖς οὐχὶ οἷον ὑγίειάν τε καὶ πλοῦτον;

Μένων: καὶ χρυσίον λέγω καὶ ἀργύριον κτᾶσθαι καὶ τιμὰς ἐν πόλει καὶ ἀρχάς.

Σωκράτης: μὴ ἄλλ' ἅττα λέγεις τὰγαθὰ ἢ τὰ τοιαῦτα;

Μένων: οὐκ, ἀλλὰ [78d]πάντα λέγω τὰ τοιαῦτα.

Σωκράτης: εἶεν: χρυσίον δὲ δὴ καὶ ἀργύριον πορίζεσθαι ἀρετὴ ἐστίν, ὥς φησι Μένων ὁ τοῦ μεγάλου βασιλέως πατρικὸς ξένος. πότερον προστιθεῖς τούτῳ τῷ πόρῳ, ὃ Μένων, τὸ δικαίως καὶ ὀσίως, ἢ οὐδέν σοι διαφέρει, ἀλλὰ κἂν ἀδίκως τις αὐτὰ πορίζηται, ὁμοίως σὺ αὐτὰ ἀρετὴν καλεῖς;

Μένων: οὐ δήπου, ὦ Σώκρατες.

Σωκράτης: ἀλλὰ κακίαν.

Μένων: πάντως δήπου.

Σωκράτης: δεῖ ἄρα, ὥς ἔοικε, τούτῳ τῷ πόρῳ δικαιοσύνην ἢ σωφροσύνην ἢ [78e]ὀσιότητα προσεῖναι, ἢ ἄλλο τι μόνιον ἀρετῆς: εἰ δὲ μή, οὐκ ἔσται ἀρετὴ, καίπερ ἐκπορίζουσα τὰγαθὰ.

Μένων: πῶς γὰρ ἄνευ τούτων ἀρετὴ γένοιτ' ἄν;

Σωκράτης: τὸ δὲ μὴ ἐκπορίζειν χρυσίον καὶ ἀργύριον, ὅταν μὴ δίκαιον ᾖ, μήτε αὐτῷ μήτε ἄλλῳ, οὐκ ἀρετὴ καὶ αὕτη ἐστὶν ἡ ἀπορία;

Μένων: φαίνεται.

Σωκράτης: οὐδὲν ἄρα μᾶλλον ὁ πόρος τῶν τοιούτων ἀγαθῶν ἢ ἡ ἀπορία ἀρετὴ ἂν εἴη, ἀλλά, ὥς ἔοικεν, ὃ μὲν ἂν μετὰ δικαιοσύνης γίγνηται, ἀρετὴ ἔσται, ὃ δ' [79a]ἂν ἄνευ πάντων τῶν τοιούτων, κακία.

Μένων: δοκεῖ μοι ἀναγκαῖον εἶναι ὥς λέγεις.

Σωκράτης: οὐκοῦν τούτων ἕκαστον ὀλίγον πρότερον μόνιον ἀρετῆς ἔφαμεν εἶναι, τὴν δικαιοσύνην καὶ σωφροσύνην καὶ πάντα τὰ τοιαῦτα;

Μένων: ναί.

Σωκράτης: εἴτα, ὦ Μένων, παίζεις πρὸς με;

Μένων: τί δὴ, ὦ Σώκρατες;

Σωκράτης: ὅτι ἄρτι ἐμοῦ δεηθέντος σου μὴ καταγνύναι μηδὲ κερματίζειν τὴν ἀρετὴν, καὶ δόντος παραδείγματα καθ' ἃ δέοι ἀποκρίνεσθαι, τούτου μὲν ἡμέλησας, λέγεις δέ μοι ὅτι ἀρετὴ [79b] ἐστὶν οἷόν τ' εἶναι τὰγαθὰ πορίζεσθαι μετὰ δικαιοσύνης· τοῦτο δὲ φῆς μόνιον ἀρετῆς εἶναι;

Μένων: ἔγωγε.

Σωκράτης: οὐκοῦν συμβαίνει ἐξ ὧν σὺ ὁμολογεῖς, τὸ μετὰ μορίου ἀρετῆς πράττειν ὅτι ἂν πράττη, τοῦτο ἀρετὴν εἶναι· τὴν γὰρ δικαιοσύνην μόνιον φῆς ἀρετῆς εἶναι, καὶ ἕκαστα τούτων. τί οὖν δὴ τοῦτο λέγω; ὅτι ἐμοῦ δεηθέντος ὅλον εἰπεῖν τὴν ἀρετὴν, αὐτὴν μὲν πολλοῦ δεῖς εἰπεῖν ὅτι ἐστίν, πᾶσαν δὲ φῆς πρᾶξιν ἀρετὴν εἶναι, ἐάνπερ μετὰ μορίου [79c] ἀρετῆς πράττηται, ὥσπερ εἰρηκῶς ὅτι ἀρετὴ ἐστὶν τὸ ὅλον καὶ ἤδη γνωσομένου ἐμοῦ, καὶ ἐὰν σὺ κατακερματίζῃς αὐτὴν κατὰ μόρια. δεῖται οὖν σοι πάλιν ἐξ ἀρχῆς, ὡς ἐμοὶ δοκεῖ, τῆς αὐτῆς ἐρωτήσεως, ὃ φίλε Μένων, τί ἐστὶν ἀρετὴ, εἰ μετὰ μορίου ἀρετῆς πᾶσα πρᾶξις ἀρετὴ ἂν εἴη; τοῦτο γάρ ἐστιν λέγειν, ὅταν λέγῃ τις, ὅτι πᾶσα ἢ μετὰ δικαιοσύνης πρᾶξις ἀρετὴ ἐστὶν. ἢ οὐ δοκεῖ σοι πάλιν δεῖσθαι τῆς αὐτῆς ἐρωτήσεως, ἀλλ' οἶει τινὰ εἰδέναι μόνιον ἀρετῆς ὅτι ἐστίν, αὐτὴν μὴ εἰδότα;

Μένων: οὐκ ἔμοιγε δοκεῖ. [79d]

Σωκράτης: εἰ γὰρ καὶ μέμνησαι, ὅτ' ἐγὼ σοι ἄρτι ἀπεκρινάμην περὶ τοῦ σχήματος, ἀπεβάλλομέν που τὴν τοιαύτην ἀπόκρισιν τὴν διὰ τῶν ἔτι ζητουμένων καὶ μήπω ὁμολογημένων ἐπιχειροῦσαν ἀποκρίνεσθαι.

Μένων: καὶ ὁρθῶς γε ἀπεβάλλομεν, ὃ Σώκρατες.

Σωκράτης: μὴ τοίνυν, ὃ ἄριστε, μηδὲ σὺ ἔτι ζητουμένης ἀρετῆς ὅλης ὅτι ἐστὶν οἷου διὰ τῶν ταύτης μορίων ἀποκρινόμενος δηλώσειν αὐτὴν ὁφιοῦν, ἢ ἄλλο ὅτιοῦν τούτῳ τῷ αὐτῷ [79e] τρόπῳ λέγων, ἀλλὰ πάλιν τῆς αὐτῆς δεήσεσθαι ἐρωτήσεως, τίνος ὄντος ἀρετῆς λέγεις ἢ λέγεις; ἢ οὐδέν σοι δοκῶ λέγειν;

Μένων: ἔμοιγε δοκεῖς ὁρθῶς λέγειν.

Σωκράτης: ἀπόκριναι τοίνυν πάλιν ἐξ ἀρχῆς· τί φῆς ἀρετὴν εἶναι

καὶ σὺ καὶ ὁ ἐταῖρός σου;

Μένων: ὦ Σώκρατες, ἤκουον μὲν ἔγωγε πρὶν καὶ συγγενέσθαι [80a]σοι ὅτι σὺ οὐδὲν ἄλλο ἢ αὐτός τε ἀπορεῖς καὶ τοὺς ἄλλους ποιεῖς ἀπορεῖν: καὶ νῦν, ὥς γέ μοι δοκεῖς, γοητεύεις με καὶ φαρμάττεις καὶ ἀτεχνῶς κατεπάδεις, ὥστε μεστὸν ἀπορίας γεγενέσθαι. καὶ δοκεῖς μοι παντελῶς, εἰ δεῖ τι καὶ σκῶσαι, ὁμοιότατος εἶναι τό τε εἶδος καὶ τᾶλλα ταύτῃ τῇ πλατεῖα νάρκη τῇ θαλαττίᾳ: καὶ γὰρ αὕτη τὸν ἀεὶ πλησιάζοντα καὶ ἀπτόμενον ναρκᾶν ποιεῖ, καὶ σὺ δοκεῖς μοι νῦν ἐμὲ τοιοῦτόν τι πεποιηκέναι, { {χ|ναρκᾶν]: ἀληθῶς γὰρ ἔγωγε καὶ [80b]τὴν ψυχὴν καὶ τὸ στόμα ναρκῶ, καὶ οὐκ ἔχω ὅτι ἀποκρίνωμαί σοι. καίτοι μυριάκις γε περὶ ἀρετῆς παμπόλλους λόγους εἶρηκα καὶ πρὸς πολλούς, καὶ πάνυ εὖ, ὥς γε ἐμαυτῷ ἐδόκουν: νῦν δὲ οὐδ' ὅτι ἐστὶν τὸ παράπαν ἔχω εἰπεῖν. καὶ μοι δοκεῖς εὖ βουλευέσθαι οὐκ ἐκπλέων ἐνθὲνδε οὐδ' ἀποδημῶν: εἰ γὰρ ξένος ἐν ἄλλῃ πόλει τοιαῦτα ποιοῖς, τάχ' ἂν ὥς γόης ἀπαχθείης.

Σωκράτης: πανοῦργος εἶ, ὦ Μένων, καὶ ὀλίγου ἐξηπάτησάς με.

Μένων: τί μάλιστα, ὦ Σώκρατες; [80c]

Σωκράτης: γινώσκω οὐ ἔνεκά με ἥκασας.

Μένων: τίνας δὴ οἶει;

Σωκράτης: ἵνα σε ἀντεικάσω. ἐγὼ δὲ τοῦτο οἶδα περὶ πάντων τῶν καλῶν, ὅτι χαίρουσιν εἰκαζόμενοι λυσιτελεῖ γὰρ αὐτοῖς: καλαὶ γὰρ οἶμαι τῶν καλῶν καὶ αἱ εἰκόνες ἄλλ' οὐκ ἀντεικάσομαί σε. ἐγὼ δέ, εἰ μὲν ἡ νάρκη αὐτὴ ναρκῶσα οὕτω καὶ τοὺς ἄλλους ποιεῖ ναρκᾶν, ἔοικα αὐτῇ: εἰ δὲ μή, οὐ. οὐ γὰρ εὐπορῶν αὐτὸς τοὺς ἄλλους ποιῶ ἀπορεῖν, ἀλλὰ παντὸς μᾶλλον αὐτὸς ἀπορῶν οὕτως καὶ τοὺς ἄλλους ποιῶ [80d]ἀπορεῖν. καὶ νῦν περὶ ἀρετῆς ὃ ἐστὶν ἐγὼ μὲν οὐκ οἶδα, σὺ μέντοι ἴσως πρότερον μὲν ἠδῆσθα πρὶν ἐμοῦ ἅψασθαι, νῦν μέντοι ὁμοιος εἶ οὐκ εἰδότι. ὅμως δὲ ἐθέλω μετὰ σοῦ σκέψασθαι καὶ συζητῆσαι ὅτι ποτὲ ἐστίν.

Μένων: καὶ τίνα τρόπον ζητήσεις, ὦ Σώκρατες, τοῦτο ὃ μὴ οἶσθα τὸ παράπαν ὅτι ἐστίν; ποῖον γὰρ ὦν οὐκ οἶσθα προθέμενος ζητήσεις; ἢ εἰ καὶ ὅτι μάλιστα ἐντύχοις αὐτῷ, πῶς εἴσῃ ὅτι τοῦτό ἐστίν ὃ σὺ οὐκ

ἤδησθα; [80e]

Σωκράτης: μανθάνω οἷον βούλει λέγειν, ὦ Μένων. ὁρᾷς τοῦτον ὡς ἐριστικὸν λόγον κατὰγεις, ὡς οὐκ ἄρα ἔστιν ζητεῖν ἀνθρώπου οὔτε ὁ οἶδε οὔτε ὁ μὴ οἶδε; οὔτε γὰρ ἂν ὁ γε οἶδεν ζητοῖ οἶδεν γάρ, καὶ οὐδὲν δεῖ τῷ γε τοιοῦτῳ ζητήσεως οὔτε ὁ μὴ οἶδεν οὐδὲ γὰρ οἶδεν ὅτι ζητήσει. [81a]

Μένων: οὐκοῦν καλῶς σοι δοκεῖ λέγεσθαι ὁ λόγος οὗτος, ὦ Σώκρατες;

Σωκράτης: οὐκ ἔμοιγε.

Μένων: ἔχεις λέγειν ὅπη;

Σωκράτης: ἔγωγε: ἀκήκοα γὰρ ἀνδρῶν τε καὶ γυναικῶν σοφῶν περὶ τὰ θεῖα πράγματα.

Μένων: τίνα λόγον λεγόντων;

Σωκράτης: ἀληθῆ, ἔμοιγε δοκεῖν, καὶ καλόν.

Μένων: τίνα τοῦτον, καὶ τίνες οἱ λέγοντες;

Σωκράτης: οἱ μὲν λέγοντές εἰσι τῶν ἱερέων τε καὶ τῶν ἱερειῶν ὅσοις μεμέληκε περὶ ὧν μεταχειρίζονται λόγον οἷοις τ' εἶναι [81b] διδόναι: λέγει δὲ καὶ Πίνδαρος καὶ ἄλλοι πολλοὶ τῶν ποιητῶν ὅσοι θεοὶ εἰσιν. ἃ δὲ λέγουσιν, ταυτί ἐστιν: ἀλλὰ σκόπει εἴ σοι δοκοῦσιν ἀληθῆ λέγειν. φασὶ γὰρ τὴν ψυχὴν τοῦ ἀνθρώπου εἶναι ἀθάνατον, καὶ τοτὲ μὲν τελευτᾶν ὃ δὴ ἀποθνήσκειν καλοῦσι τοτὲ δὲ πάλιν γίγνεσθαι, ἀπόλλυσθαι δ' οὐδέποτε: δεῖν δὲ διὰ ταῦτα ὡς ὀσιώτατα διαβιῶναι τὸν βίον: οἷσιν γὰρ ἂν

Μένων: ἀλλὰ προσέξω.

Σωκράτης: εἰπὲ δὴ μοι, ὦ παῖ, γινώσκεις τετράγωνον χωρίον ὅτι τοιοῦτόν ἐστιν;

Παῖς: ἔγωγε.

Σωκράτης: ἔστιν οὖν [82c]τετράγωνον χωρίον ἴσας ἔχον τὰς γραμμὰς ταύτας πάσας, τέτταρας οὐσας;

Παῖς: πάνυ γε.

Σωκράτης: οὐ καὶ ταυτασὶ τὰς διὰ μέσου ἐστὶν ἴσας ἔχον;

Παῖς: ναί.

Σωκράτης: οὐκοῦν εἴη ἂν τοιοῦτον χωρίον καὶ μείζον καὶ ἔλαττον;

Σωκράτης: ἐπειδὴ δὲ δυοῖν ποδοῖν καὶ ταύτη, ἄλλο τι ἢ δις δυοῖν γίγνεται;

Παῖς: γίγνεται.

Σωκράτης: δυοῖν ἄρα δις γίγνεται ποδῶν;

Παῖς: ναί.

Σωκράτης: πόσοι οὖν εἰσιν οἱ δύο δις πόδες; λογισάμενος εἰπέ.

Παῖς: τέτταρες, ὦ Σώκρατες.

Παῖς: δῆλον δὴ, ὦ Σώκρατες, ὅτι διπλασία.

Σωκράτης: ὁρᾷς, ὦ Μένων, ὡς ἐγὼ τοῦτον οὐδὲν διδάσκω, ἀλλ' ἐρωτῶ πάντα; καὶ νῦν οὗτος οἶεται εἰδέναι ὅποια ἐστὶν ἀφ' ἧς τὸ ὀκτώπουν χωρίον γενήσεται: ἢ οὐ δοκεῖ σοι;

Μένων: οὐ δῆτα.

Σωκράτης: οἶεται δέ γε ἀπὸ τῆς διπλασίας;

Μένων: ναί.

Σωκράτης: θεῶ δὴ αὐτὸν ἀναμνησκόμενον ἐφεξῆς, ὡς δεῖ ἀναμνησkesthai.

σὺ δέ μοι λέγε: ἀπὸ τῆς διπλασίας γραμμῆς φῆς τὸ [83a] διπλάσιον χωρίον γίνεσθαι; τοιόνδε λέγω, μὴ ταύτη μὲν μακρόν, τῇ δὲ βραχύ, ἀλλὰ ἴσον πανταχῇ ἔστω ὥσπερ τουτί, διπλάσιον δὲ τούτου, ὀκτώπουν: ἀλλ' ὅρα εἰ ἔτι σοι ἀπὸ τῆς διπλασίας δοκεῖ ἔσεσθαι.

Παῖς: τετραπλάσιον.

Σωκράτης: ἀπὸ τῆς διπλασίας [83c]ἄρα, ὃ παῖ, οὐ διπλάσιον ἀλλὰ τετραπλάσιον γίνεται χωρίον.

Σωκράτης: οὐκ ἀπὸ μὲν μείζονος ἔσται ἢ τοσαύτης γραμμῆς, ἀπὸ ἐλάττωνος δὲ ἢ [83d]τοσησδί; ἢ οὐ;

Παῖς: ἔμοιγε δοκεῖ οὕτω.

Σωκράτης: καλῶς· τὸ γάρ σοι δοκοῦν τοῦτο ἀποκρίνου. καί μοι λέγε· οὐχ ἦδε μὲν δυοῖν ποδοῖν ἦν, ἢ δὲ τεττάρων;

Παῖς: ναί.

Σωκράτης: δεῖ ἄρα τὴν τοῦ ὀκτώποδος χωρίου γραμμὴν μείζω μὲν εἶναι τῆσδε τῆς δίποδος, ἐλάττω δὲ τῆς τετράποδος.

Παῖς: δεῖ. [83e]

Σωκράτης: πειρῶ δὴ λέγειν πηλίκην τινὰ φῆς αὐτὴν εἶναι.

Παῖς: τρίποδα.

Παῖς: ὀκτώ.

Σωκράτης: οὐδ' ἄρ' ἀπὸ τῆς τρίποδός πω τὸ ὀκτώπουν χωρίον γίγνεται.

Παῖς: οὐ δῆτα.

Σωκράτης: ἀλλ' ἀπὸ ποίας; πειρῶ ἡμῖν εἰπεῖν ἀκριβῶς; καὶ [84a]εἰ μὴ βούλει ἀριθμεῖν, ἀλλὰ δεῖξον ἀπὸ ποίας.

Παῖς: ἀλλὰ μὰ τὸν Δία, ὦ Σώκρατες, ἔγωγε οὐκ οἶδα.

Σωκράτης: ἐννοεῖς αὖ, ὦ Μένων, οὗ ἐστὶν ἤδη βαδίζων ὅδε τοῦ ἀναμιμνήσκεισθαι; ὅτι τὸ μὲν πρῶτον ἤδει μὲν οὐ, ἥτις ἐστὶν ἡ τοῦ ὀκτώποδος χωρίου γραμμὴ, ὥσπερ οὐδὲ νῦν πω οἶδεν, ἀλλ' οὖν ᾧ γ' αὐτὴν τότε εἰδέναι, καὶ θαρραλέως ἀπεκρίνετο ὥς εἰδώς, καὶ οὐχ ἡγεῖτο ἀπορεῖν: νῦν δὲ ἡγεῖται [84b]ἀπορεῖν ἤδη, καὶ ὥσπερ οὐκ οἶδεν, οὐδ' οἶεται εἰδέναι.

Μένων: ἀληθῆ λέγεις.

Σωκράτης: οὐκοῦν νῦν βέλτιον ἔχει περὶ τὸ πρᾶγμα ὃ οὐκ ἤδει;

Μένων: καὶ τοῦτό μοι δοκεῖ.

Σωκράτης: ἀπορεῖν οὖν αὐτὸν ποιήσαντες καὶ ναρκᾶν ὥσπερ ἡ νάρκη, μῶν τι ἐβλάψαμεν;

Μένων: οὐκ ἔμοιγε δοκεῖ.

Μένων: οὐ μοι δοκεῖ, ὦ Σώκρατες.

Σωκράτης: ὦνητο ἄρα ναρκήσας;

Μένων: δοκεῖ μοι.

Σωκράτης: καὶ μὴν οὐκ ἤδει γε, ὡς ἔφαμεν ὀλίγον πρότερον.

Μένων: ἀληθῆ λέγεις.

Σωκράτης: ἐνήσαν δέ γε αὐτῷ αὗται αἱ δόξαι: ἦ οὐ;

Μένων: ναί.

Σωκράτης: τῷ οὐκ εἰδότει ἄρα περὶ ὧν ἄν μὴ εἰδῇ ἔνεισιν ἀληθεῖς
δόξαι περὶ τούτων ὧν οὐκ οἶδε;

Μένων: φαίνεται.

Σωκράτης: καὶ νῦν μὲν γε αὐτῷ ὥσπερ ὄναρ ἄρτι ἀνακεκίνηται αἱ
δόξαι αὗται: εἰ δὲ αὐτόν τις ἀνερήσεται πολλάκις τὰ αὐτὰ ταῦτα καὶ
πολλαχῇ, οἷσθ' ὅτι τελευτῶν οὐδενὸς ἦττον ἀκριβῶς
[85d]ἐπιστήσεται περὶ τούτων.

Μένων: ἔοικεν.

Σωκράτης: οὐκοῦν οὐδενὸς διδάξαντος ἀλλ' ἐρωτήσαντος
ἐπιστήσεται, ἀναλαβὼν αὐτὸς ἐξ αὐτοῦ τὴν ἐπιστήμην;

Μένων: ναί.

Σωκράτης: τὸ δὲ ἀναλαμβάνειν αὐτόν ἐν αὐτῷ ἐπιστήμην οὐκ
ἀναμνησθεσθαί ἐστιν;

Μένων: πάνυ γε.

Σωκράτης: ἄρ' οὖν οὐ τὴν ἐπιστήμην, ἣν νῦν οὗτος ἔχει, ἦτοι
ἔλαβέν ποτε ἢ ἀεὶ εἶχεν;

Μένων: ναί.

Σωκράτης: οὐκοῦν εἰ μὲν ἀεὶ εἶχεν, ἀεὶ καὶ ἦν ἐπιστήμων· εἰ δὲ ἔλαβέν ποτε, οὐκ ἂν ἔν γε τῷ νῦν βίῳ εἰληφώς εἴη. ἥ [85e]δεδίδαχέν τις τοῦτον γεωμετρεῖν; οὗτος γὰρ ποιήσει περὶ πάσης γεωμετρίας ταῦτά ταῦτα, καὶ τῶν ἄλλων μαθημάτων ἀπάντων. ἔστιν οὖν ὅστις τοῦτον πάντα δεδίδαχεν; δίκαιος γάρ που εἴ εἰδέναι, ἄλλως τε ἐπειδὴ ἐν τῇ σῇ οἰκίᾳ γέγονεν καὶ τέθραπται.

Μένων: ἀλλ' οἶδα ἔγωγε ὅτι οὐδεὶς πώποτε ἐδίδαξεν.

Σωκράτης: ἔχει δὲ ταύτας τὰς δόξας, ἥ οὐχί;

Μένων: ἀνάγκη, ὦ Σώκρατες, φαίνεται.

Σωκράτης: εἰ δὲ μὴ ἐν τῷ νῦν βίῳ λαβών, οὐκ ἤδη τοῦτο [86a]δῆλον, ὅτι ἐν ἄλλῳ τινὶ χρόνῳ εἶχε καὶ ἐμεμαθήκει;

Μένων: φαίνεται.

Σωκράτης: οὐκοῦν οὗτός γε ἔστιν ὁ χρόνος ὅτ' οὐκ ἦν ἄνθρωπος;

Μένων: ναί.

Σωκράτης: εἰ οὖν ὅν τ' ἂν ἦ χρόνον καὶ ὅν ἂν μὴ ἦ ἄνθρωπος, ἐνέσσονται αὐτῷ ἀληθεῖς δόξαι, αἱ ἐρωτήσῃ ἐπεγερθεῖσαι ἐπιστῆμαι γίνονται, ἅρ' οὖν τὸν ἀεὶ χρόνον μεμαθηκυῖα ἔσται ἡ ψυχὴ αὐτοῦ; δῆλον γὰρ ὅτι τὸν πάντα χρόνον ἔστιν ἢ οὐκ ἔστιν ἄνθρωπος.

Μένων: φαίνεται. [86b]

Σωκράτης: οὐκοῦν εἰ ἀεὶ ἡ ἀλήθεια ἡμῖν τῶν ὄντων ἔστιν ἐν τῇ ψυχῇ, ἀθάνατος ἂν ἡ ψυχὴ εἴη, ὥστε θαρροῦντα χρὴ ὁ μὴ τυγχάνεις ἐπιστάμενος νῦν τοῦτο δ' ἔστιν ὁ μὴ μεμνημένος ἐπιχειρεῖν ζητεῖν καὶ ἀναμνησθεσθαι;

Μένων: εὖ μοι δοκεῖς λέγειν, ὦ Σώκρατες, οὐκ οἶδ' ὅπως.

Σωκράτης: καὶ γὰρ ἐγὼ ἐμοί, ὦ Μένων. καὶ τὰ μὲν γε ἄλλα οὐκ ἂν πάνυ ὑπὲρ τοῦ λόγου δισχυρισαίμην· ὅτι δ' οἰόμενοι δεῖν ζητεῖν ἃ μὴ τις οἶδεν βελτίους ἂν εἴμεν καὶ ἀνδρικώτεροι καὶ ἥττον ἀργοὶ ἢ εἰ

οιοίμεθα ἂ μὴ ἐπιστάμεθα μηδὲ [86c]δυνατὸν εἶναι εὐρεῖν μηδὲ δεῖν ζητεῖν, περὶ τούτου πάνυ ἂν διαμαχοίμην, εἰ οἷός τε εἶην, καὶ λόγῳ καὶ ἔργῳ.

Μένων: καὶ τοῦτο μὲν γε δοκεῖς μοι εὖ λέγειν, ὦ Σώκρατες.

Σωκράτης: βούλει οὖν, ἐπειδὴ ὁμονοοῦμεν ὅτι ζητητέον περὶ οὗ μὴ τις οἶδεν, ἐπιχειρήσωμεν κοινῇ ζητεῖν τί ποτ' ἐστὶν ἀρετή;

Μένων: πάνυ μὲν οὖν. οὐ μέντοι, ὦ Σώκρατες, ἀλλ' ἔγωγε ἐκεῖνο ἂν ἥδιστα, ὅπερ ἠρόμην τὸ πρῶτον, καὶ σκεψαίμην καὶ ἀκούσαιμι, πότερον ὡς διδακτῷ ὄντι αὐτῷ δεῖ ἐπιχειρεῖν, [86d]ἢ ὡς φύσει ἢ ὡς τίνι ποτὲ τρόπῳ παραγιγνομένης τοῖς ἀνθρώποις τῆς ἀρετῆς.

Σωκράτης: ἀλλ' εἰ μὲν ἐγὼ ἤρχον, ὦ Μένων, μὴ μόνον ἐμαυτοῦ ἀλλὰ καὶ σοῦ, οὐκ ἂν ἐσκεψάμεθα πρότερον εἴτε διδακτὸν εἴτε οὐ διδακτὸν ἢ ἀρετῇ, πρὶν ὅτι ἐστὶν πρῶτον ἐζητήσαμεν αὐτό: ἐπειδὴ δὲ σὺ σαυτοῦ μὲν οὐδ' ἐπιχειρεῖς ἄρχειν, ἵνα δὴ ἐλεύθερος ᾦς, ἐμοῦ δὲ ἐπιχειρεῖς τε ἄρχειν καὶ ἄρχεις, συγχωρήσομαί σοι τί γὰρ χρὴ ποιεῖν; ἔοικεν οὖν σκεπτέον [86e]εἶναι ποῖόν τί ἐστὶν ὃ μήπω ἴσμεν ὅτι ἐστίν. εἰ μὴ τι οὖν ἀλλὰ σμικρόν γέ μοι τῆς ἀρχῆς χάλασον, καὶ συγχώρησον ἐξ ὑποθέσεως αὐτὸ σκοπεῖσθαι, εἴτε διδακτὸν ἐστὶν εἴτε ὅπως οὖν. λέγω δὲ τὸ ἐξ ὑποθέσεως ὧδε, ὥσπερ οἱ γεωμέτραι πολλάκις σκοποῦνται, ἐπειδὴν τις ἔρηται αὐτούς, οἷον περὶ χωρίου, εἰ οἷόν τε ἐξ τόνδε τὸν κύκλον τόδε τὸ χωρίον [87a]τρίγωνον ἐνταθῆναι, εἴποι ἂν τις ὅτι οὐπω οἶδα εἰ ἔστιν τοῦτο τοιοῦτον, ἀλλ' ὥσπερ μὲν τινα ὑποθέσιν προὔργου οἶμαι ἔχειν πρὸς τὸ πρᾶγμα τοιάνδε: εἰ μὲν ἐστὶν τοῦτο τὸ χωρίον τοιοῦτον οἷον παρὰ τὴν δοθεῖσαν αὐτοῦ γραμμὴν παρατείναντα ἐλλείπειν τοιούτῳ χωρίῳ οἷον ἂν αὐτὸ τὸ παρατεταμένον ᾦ, ἄλλο τι συμβαίνειν μοι δοκεῖ, καὶ ἄλλο αὖ, εἰ ἀδύνατόν ἐστιν ταῦτα παθεῖν. ὑποθέμενος οὖν ἐθέλω [87b]εἰπεῖν σοι τὸ συμβαῖνον περὶ τῆς ἐντάσεως αὐτοῦ εἰς τὸν κύκλον, εἴτε ἀδύνατον εἴτε μή. οὕτω δὴ καὶ περὶ ἀρετῆς ἡμεῖς, ἐπειδὴ οὐκ ἴσμεν οὐθ' ὅτι ἐστὶν οὐθ' ὁποῖόν τι, ὑποθέμενοι αὐτὸ σκοπῶμεν εἴτε διδακτὸν εἴτε οὐ διδακτὸν ἐστὶν, ὧδε λέγοντες: εἰ ποῖόν τί ἐστὶν τῶν περὶ τὴν ψυχὴν ὄντων ἀρετῇ, διδακτὸν ἂν εἴη ἢ οὐ διδακτὸν; πρῶτον μὲν δὴ εἰ ἔστιν ἄλλοιόν ἢ οἷον ἐπιστήμη, ἄρα διδακτὸν ἢ οὐ, ἢ ὃ νυνδὴ ἐλέγομεν, ἀναμνηστὸν διαφερέτω δὲ μηδὲν

ἡμῖν [87c] ὁποτέρῳ ἂν τῷ ὀνόματι χρώμεθα ἀλλ' ἄρα διδασκόν; ἢ τοῦτό γε παντὶ δῆλον, ὅτι οὐδὲν ἄλλο διδάσκεται ἄνθρωπος ἢ ἐπιστήμην;

Μένων: ἔμοιγε δοκεῖ.

Σωκράτης: εἰ δέ γ' ἐστὶν ἐπιστήμη τις ἡ ἀρετὴ, δῆλον ὅτι διδασκὸν ἂν εἴη.

Μένων: πῶς γὰρ οὐ;

Σωκράτης: τούτου μὲν ἄρα ταχὺ ἀπηλλάγμεθα, ὅτι τοιοῦδε μὲν ὄντος διδασκόν, τοιοῦδε δ' οὐ.

Μένων: πάνυ γε.

Σωκράτης: τὸ δὴ μετὰ τοῦτο, ὡς ἔοικε, δεῖ σκέψασθαι πότερόν ἐστιν ἐπιστήμη ἡ ἀρετὴ ἢ ἄλλοῖον ἐπιστήμης. [87d]

Μένων: ἔμοιγε δοκεῖ τοῦτο μετὰ τοῦτο σκεπτέον εἶναι.

Σωκράτης: τί δὲ δῆ; ἄλλο τι ἢ ἀγαθὸν αὐτὸ φαμεν εἶναι τὴν ἀρετὴν, καὶ αὕτη ἡ ὑπόθεσις μένει ἡμῖν, ἀγαθὸν αὐτὸ εἶναι;

Μένων: πάνυ μὲν οὖν.

Σωκράτης: οὐκοῦν εἰ μὲν τί ἐστὶν ἀγαθὸν καὶ ἄλλο χωριζόμενον ἐπιστήμης, τάχ' ἂν εἴη ἡ ἀρετὴ οὐκ ἐπιστήμη τις: εἰ δὲ μηδὲν ἐστὶν ἀγαθὸν ὃ οὐκ ἐπιστήμη περιέχει, ἐπιστήμην ἂν τιν' αὐτὸ ὑποπτεύοντες εἶναι ὀρθῶς ὑποπτεύοιμεν.

Μένων: ἔστι ταῦτα.

Σωκράτης: καὶ μὴν [87e] ἀρετὴ γ' ἐσμὲν ἀγαθοί;

Μένων: ναί.

Σωκράτης: εἰ δὲ ἀγαθοί, ὠφέλιμοι: πάντα γὰρ τὰγαθὰ ὠφέλιμα. οὐχί;

Μένων: ναί.

Σωκράτης: καὶ ἡ ἀρετὴ δὴ ὠφέλιμὸν ἐστίν;

Μένων: ἀνάγκη ἐκ τῶν ὁμολογημένων.

Σωκράτης: σκεψώμεθα δὴ καθ' ἕκαστον ἀναλαμβάνοντες ποῖά ἐστιν ἃ ἡμᾶς ὠφελεῖ. ὑγίεια, φαμέν, καὶ ἰσχύς καὶ κάλλος καὶ πλοῦτος δὴ: ταῦτα λέγομεν καὶ τὰ τοιαῦτα ὠφέλιμα. [88a]οὐχί;

Μένων: ναί.

Σωκράτης: ταῦτα δὲ ταῦτά φαμεν ἐνίοτε καὶ βλάπτειν: ἢ σὺ ἄλλως φῆς ἢ οὕτως;

Μένων: οὐκ, ἀλλ' οὕτως.

Σωκράτης: σκόπει δὴ, ὅταν τί ἐκάστου τούτων ἡγῆται, ὠφελεῖ ἡμᾶς, καὶ ὅταν τί, βλάπτει; ἄρ' οὐχ ὅταν μὲν ὀρθὴ χρῆσις, ὠφελεῖ, ὅταν δὲ μή, βλάπτει;

Μένων: πάνυ γε.

Σωκράτης: ἔτι τοίνυν καὶ τὰ κατὰ τὴν ψυχὴν σκεψώμεθα. σωφροσύνην τι καλεῖς καὶ δικαιοσύνην καὶ ἀνδρείαν καὶ εὐμαθίαν καὶ μνήμην καὶ μεγαλοπρέπειαν καὶ πάντα τὰ [88b]τοιαῦτα;

Μένων: ἔγωγε.

Σωκράτης: σκόπει δὴ, τούτων ἅττα σοι δοκεῖ μὴ ἐπιστήμη εἶναι ἀλλ' ἄλλο ἐπιστήμης, εἰ οὐχὶ τοτὲ μὲν βλάπτει, τοτὲ δὲ ὠφελεῖ; οἷον ἀνδρεία, εἰ μὴ ἔστι φρόνησις ἢ ἀνδρεία ἀλλ' οἷον θάρρος τι: οὐχ ὅταν μὲν ἄνευ νοῦ θαρρῇ ἄνθρωπος, βλάπτεται, ὅταν δὲ σὺν νῷ, ὠφελεῖται;

Μένων: ναί.

Σωκράτης: οὐκοῦν καὶ σωφροσύνη ὡσαύτως καὶ εὐμαθία: μετὰ μὲν νοῦ καὶ μανθανόμενα καὶ καταρτυόμενα ὠφέλιμα, ἄνευ δὲ νοῦ βλαβερά;

Μένων: πάνυ [88c]σφόδρα.

Σωκράτης: οὐκοῦν συλλήβδην πάντα τὰ τῆς ψυχῆς ἐπιχειρήματα καὶ καρτερήματα ἡγουμένης μὲν φρονήσεως εἰς εὐδαιμονίαν

τελευτᾷ, ἀφροσύνης δ' εἰς τοῦναντίον;

Μένων: ἔοικεν.

Σωκράτης: εἰ ἄρα ἀρετὴ τῶν ἐν τῇ ψυχῇ τί ἐστὶν καὶ ἀναγκαῖον αὐτῷ ὠφελίμῳ εἶναι, φρόνησιν αὐτὸ δεῖ εἶναι, ἐπειδὴ περ πάντα τὰ κατὰ τὴν ψυχὴν αὐτὰ μὲν καθ' αὐτὰ οὔτε ὠφέλιμα οὔτε βλαβερά ἐστὶν, προσγενομένης δὲ φρονήσεως [88d] ἢ ἀφροσύνης βλαβερά τε καὶ ὠφέλιμα γίνεταί. κατὰ δὴ τοῦτον τὸν λόγον ὠφελίμον γε οὐσαν τὴν ἀρετὴν φρόνησιν δεῖ τιν' εἶναι.

Μένων: ἔμοιγε δοκεῖ.

Σωκράτης: καὶ μὲν δὴ καὶ τᾶλλα ἃ νυνδὴ ἐλέγομεν, πλοῦτόν τε καὶ τὰ τοιαῦτα, τοτὲ μὲν ἀγαθὰ τοτὲ δὲ βλαβερά εἶναι, ἄρα οὐχ ὥσπερ τῇ ἄλλῃ ψυχῇ ἢ φρόνησις ἡγουμένη ὠφέλιμα τὰ τῆς ψυχῆς ἐποίει, ἢ δὲ ἀφροσύνη βλαβερά, οὕτως αὖ [88e] καὶ τούτοις ἢ ψυχὴ ὀρθῶς μὲν χρωμένη καὶ ἡγουμένη ὠφέλιμα αὐτὰ ποιεῖ, μὴ ὀρθῶς δὲ βλαβερά;

Μένων: πάνυ γε.

Σωκράτης: ὀρθῶς δέ γε ἢ ἔμφρων ἡγεῖται, ἡμαρτημένως δ' ἢ ἄφρων;

Μένων: ἔστι ταῦτα.

Σωκράτης: οὐκοῦν οὕτω δὴ κατὰ πάντων εἰπεῖν ἔστιν, τῷ ἀνθρώπῳ τὰ μὲν ἄλλα πάντα εἰς τὴν ψυχὴν ἀνηρτῆσθαι, τὰ δὲ τῆς ψυχῆς αὐτῆς εἰς φρόνησιν, εἰ [89a] μέλλει ἀγαθὰ εἶναι: καὶ τούτῳ τῷ λόγῳ φρόνησις ἂν εἴη τὸ ὠφελίμον: φαμὲν δὲ τὴν ἀρετὴν ὠφελίμον εἶναι;

Μένων: πάνυ γε.

Σωκράτης: φρόνησιν ἄρα φαμὲν ἀρετὴν εἶναι, ἥτοι σύμπασαν ἢ μέρος τι;

Μένων: δοκεῖ μοι καλῶς λέγεσθαι, ὦ Σώκρατες, τὰ λεγόμενα.

Σωκράτης: οὐκοῦν εἰ ταῦτα οὕτως ἔχει, οὐκ ἂν εἶεν φύσει οἱ ἀγαθοί.

Μένων: οὐ μοι δοκεῖ. [89b]

Σωκράτης: καὶ γὰρ ἂν που καὶ τόδ' ἦν: εἰ φύσει οἱ ἀγαθοὶ ἐγίγνοντο, ἥσαν που ἂν ἡμῖν οἱ ἐγίγνωσκον τῶν νέων τοὺς ἀγαθοὺς τὰς φύσεις, οὓς ἡμεῖς ἂν παραλαβόντες ἐκείνων ἀποφηνάντων ἐφυλάττομεν ἂν ἐν ἀκροπόλει, κατασημνήμενοι πολὺ μᾶλλον ἢ τὸ χρυσίον, ἵνα μηδεὶς αὐτοὺς διέφθειρεν, ἀλλ' ἐπειδὴ ἀφίκοντο εἰς τὴν ἡλικίαν, χρήσιμοι γίγνονται ταῖς πόλεσι.

Μένων: εἰκός γέ τοι, ὦ Σώκρατες.

Σωκράτης: ἄρ' οὖν ἐπειδὴ οὐ φύσει οἱ ἀγαθοὶ ἀγαθοὶ γίνονται, [89c] ἄρα μαθήσει;

Μένων: δοκεῖ μοι ἤδη ἀναγκαῖον εἶναι: καὶ δῆλον, ὦ Σώκρατες, κατὰ τὴν ὑπόθεσιν, εἴπερ ἐπιστήμη ἐστὶν ἀρετὴ, ὅτι διδακτὸν ἐστίν.

Σωκράτης: ἴσως νῆ Δία: ἀλλὰ μὴ τοῦτο οὐ καλῶς ὡμολογήσαμεν;

Μένων: καὶ μὴν ἐδόκει γε ἄρτι καλῶς λέγεσθαι.

Σωκράτης: ἀλλὰ μὴ οὐκ ἐν τῷ ἄρτι μόνον δέη αὐτὸ δοκεῖν καλῶς λέγεσθαι, ἀλλὰ καὶ ἐν τῷ νῦν καὶ ἐν τῷ ἔπειτα, εἰ μέλλει τι αὐτοῦ ὑγιὲς εἶναι. [89d]

Μένων: τί οὖν δῆ; πρὸς τί βλέπων δυσχεραίνεις αὐτὸ καὶ ἀπιστεῖς μὴ οὐκ ἐπιστήμη ἢ ἡ ἀρετὴ;

Σωκράτης: ἐγὼ σοι ἐρῶ, ὦ Μένων. τὸ μὲν γὰρ διδακτὸν αὐτὸ εἶναι, εἴπερ ἐπιστήμη ἐστίν, οὐκ ἀνατίθεμαι μὴ οὐ καλῶς λέγεσθαι: ὅτι δὲ οὐκ ἔστιν ἐπιστήμη, σκέψαι ἐάν σοι δοκῶ εἰκότως ἀπιστεῖν. τότε γάρ μοι εἶπέ: εἰ ἔστιν διδακτὸν ὅτιοῦν πρᾶγμα, μὴ μόνον ἀρετὴ, οὐκ ἀναγκαῖον αὐτοῦ καὶ διδασκάλους καὶ μαθητὰς εἶναι;

Μένων: ἔμοιγε δοκεῖ. [89e]

Σωκράτης: οὐκοῦν τούναντίον αὖ, οὗ μήτε διδάσκαλοι μήτε μαθηταὶ εἶεν, καλῶς ἂν αὐτὸ εἰκάζοντες εἰκάζοιμεν μὴ διδακτὸν εἶναι;

Μένων: ἔστι ταῦτα: ἀλλ' ἀρετῆς διδάσκαλοι οὐ δοκοῦσί σοι εἶναι;

Σωκράτης: πολλάκις γοῦν ζητῶν εἴ τινες εἶεν αὐτῆς διδάσκαλοι, πάντα ποιῶν οὐ δύναμαι εὐρεῖν. καίτοι μετὰ πολλῶν γε ζητῶ, καὶ τούτων μάλιστα οὓς ἂν οἶμαι ἐμπειροτάτους εἶναι τοῦ πράγματος. καὶ δὴ καὶ νῦν, ὦ Μένων, εἰς καλὸν ἡμῖν Ἄνυτος ὅδε παρεκαθέζετο, ᾧ μεταδῶμεν τῆς ζητήσεως. [90a]εἰκότως δ' ἂν μεταδοῖμεν: Ἄνυτος γὰρ ὅδε πρῶτον μὲν ἐστὶ πατὴρ πλουσίου τε καὶ σοφοῦ Ἀνθεμίωνος, ὃς ἐγένετο πλούσιος οὐκ ἀπὸ τοῦ αὐτομάτου οὐδὲ δόντος τινός, ὥσπερ ὁ νῦν νεωστὶ εἰληφὼς τὰ Πολυκράτους χρήματα Ἰσμηνίας ὁ Θηβαῖος, ἀλλὰ τῇ αὐτοῦ σοφίᾳ κτησάμενος καὶ ἐπιμελείᾳ, ἔπειτα καὶ τὰ ἄλλα οὐχ ὑπερήφανος δοκῶν εἶναι πολίτης οὐδὲ ὀγκώδης τε καὶ ἐπαχθής, ἀλλὰ κόσμιος καὶ εὐσταλῆς [90b]ἀνὴρ: ἔπειτα τοῦτον εὖ ἔθρεψεν καὶ ἐπαίδευσεν, ὥς δοκεῖ Ἀθηναίων τῷ πλήθει: αἰροῦνται γοῦν αὐτὸν ἐπὶ τὰς μεγίστας ἀρχάς. δίκαιον δὴ μετὰ τοιούτων ζητεῖν ἀρετῆς περὶ διδασκάλους, εἴτ' εἰσὶν εἴτε μή, καὶ οἵτινες. σὺ οὖν ἡμῖν, ὦ Ἄνυτε, συζήτησον, ἐμοὶ τε καὶ τῷ σαστοῦ ξένῳ Μένωνι τῷδε, περὶ τούτου τοῦ πράγματος τίνες ἂν εἶεν διδάσκαλοι. ὧδε δὲ σκέψαι: εἰ βουλοίμεθα Μένωνα τόνδε ἀγαθὸν ἱατρὸν [90c]γενέσθαι, παρὰ τίνας ἂν αὐτὸν πέμποιμεν διδασκάλους; ἄρ' οὐ παρὰ τοὺς ἱατρούς;

Ἄνυτος: πάνυ γε.

Σωκράτης: τί δ' εἰ σκυτοτόμον ἀγαθὸν βουλοίμεθα γενέσθαι, ἄρ' οὐ παρὰ τοὺς σκυτοτόμους;

Ἄνυτος: ναί.

Σωκράτης: καὶ τᾶλλα οὕτως;

Ἄνυτος: πάνυ γε.

Σωκράτης: ὧδε δὴ μοι πάλιν περὶ τῶν αὐτῶν εἰπέ. παρὰ τοὺς ἱατρούς, φαμέν, πέμποντες τόνδε καλῶς ἂν ἐπέμπομεν, βουλόμενοι ἱατρὸν γενέσθαι: ἄρ' ὅταν τοῦτο λέγωμεν, τότε [90d]λέγομεν, ὅτι παρὰ τούτους πέμποντες αὐτὸν σωφρονοῖμεν ἂν, τοὺς ἀντιποιοιμένους τε τῆς τέχνης μᾶλλον ἢ τοὺς μή, καὶ τοὺς μισθὸν πραττομένους ἐπ' αὐτῷ τούτῳ, ἀποφήναντας αὐτοὺς διδασκάλους τοῦ βουλομένου ἰέναι τε καὶ μανθάνειν; ἄρ' οὐ πρὸς ταῦτα βλέψαντες καλῶς ἂν ἐπέμποιμεν;

Ἄνυτος: ναί.

Σωκράτης: οὐκοῦν καὶ περὶ αὐλήσεως καὶ τῶν ἄλλων τὰ αὐτὰ [90e] ταῦτα; πολλὴ ἄνοιά ἐστι βουλομένους αὐλητὴν τινα ποιῆσαι παρὰ μὲν τοὺς ὑπὸ σκηνῶν διδάξαι τὴν τέχνην καὶ μισθὸν πραττομένους μὴ ἐθέλειν πέμπειν, ἄλλοις δέ τισιν πράγματα παρέχειν, ζητοῦντα μαθάνειν παρὰ τούτων, οἳ μήτε προσποιοῦνται διδάσκαλοι εἶναι μήτ' ἔστιν αὐτῶν μαθητὴς μηδεὶς τούτου τοῦ μαθήματος ὃ ἡμεῖς ἀξιούμεν μαθάνειν παρ' αὐτῶν ὃν ἂν πέμπωμεν. οὐ πολλή σοι δοκεῖ ἀλογία εἶναι;

Ἄνυτος: ναι μὰ Δία ἔμοιγε, καὶ ἀμαθία γε πρὸς.

Σωκράτης: καλῶς λέγεις. νῦν τοίνυν ἔξεστί σε μετ' ἐμοῦ [91a] κοινῇ βουλευέσθαι περὶ τοῦ ξένου τουτοῦ Μένωνος. οὗτος γάρ, ὦ Ἄνυτε, πάλαι λέγει πρὸς με ὅτι ἐπιθυμεῖ ταύτης τῆς σοφίας καὶ ἀρετῆς ἣ οἱ ἄνθρωποι τὰς τε οἰκίας καὶ τὰς πόλεις καλῶς διοικοῦσι, καὶ τοὺς γονέας τοὺς αὐτῶν θεραπεύουσι, καὶ πολίτας καὶ ξένους ὑποδέξασθαι τε καὶ ἀποπέμψαι ἐπίστανται ἀξίως ἀνδρὸς ἀγαθοῦ. ταύτην οὖν τὴν [91b] ἀρετὴν σκόπει παρὰ τίνας ἂν πέμποντες αὐτὸν ὀρθῶς πέμπομεν. ἡ δὴλον δὴ κατὰ τὸν ἄρτι λόγον ὅτι παρὰ τούτους τοὺς ὑπὸ σκηνῶν ἀρετῆς διδασκάλους εἶναι καὶ ἀποφήναντας αὐτοὺς κοινούς τῶν Ἑλλήνων τῷ βουλομένῳ μαθάνειν, μισθὸν τούτου ταξαμένους τε καὶ πραττομένους;

Ἄνυτος: καὶ τίνας λέγεις τούτους, ὦ Σώκρατες;

Σωκράτης: οἶσθα δήπου καὶ σὺ ὅτι οὗτοί εἰσιν οὓς οἱ ἄνθρωποι καλοῦσι σοφιστάς. [91c]

Ἄνυτος: Ἡράκλεις, εὐφήμει, ὦ Σώκρατες. μηδένα τῶν γ' ἐμῶν μήτε οἰκείων μήτε φίλων, μήτε ἀστὸν μήτε ξένον, τοιαύτη μανία λάβοι, ὥστε παρὰ τούτους ἐλθόντα λωβηθῆναι, ἐπεὶ οὗτοί γε φανερά ἐστι λῶβη τε καὶ διαφθορά τῶν συγγιγνομένων.

Σωκράτης: πῶς λέγεις, ὦ Ἄνυτε; οὗτοι ἄρα μόνοι τῶν ἀντιποιομένων τι ἐπίστασθαι εὐεργετεῖν τοσοῦτον τῶν ἄλλων διαφέρουσιν, ὅσον οὐ μόνον οὐκ ὠφελοῦσιν, ὥσπερ οἱ ἄλλοι, ὅτι ἂν τις αὐτοῖς παραδῷ, ἀλλὰ καὶ τὸ ἐναντίον διαφθείρουσιν; [91d] καὶ

τούτων φανερώς χρήματα ἀξιοῦσι πράττεσθαι; ἐγὼ μὲν οὖν οὐκ ἔχω ὅπως σοι πιστεύσω: οἶδα γὰρ ἄνδρα ἓνα Πρωταγόραν πλείω χρήματα κτησάμενον ἀπὸ ταύτης τῆς σοφίας ἢ Φειδίαν τε, ὃς οὕτω περιφανῶς καλὰ ἔργα ἡργάζετο, καὶ ἄλλους δέκα τῶν ἀνδριαντοποιῶν. καίτοι τέρας λέγεις εἰ οἱ μὲν τὰ ὑποδήματα ἐργαζόμενοι τὰ παλαιὰ καὶ τὰ ἱμάτια ἐξακούμενοι οὐκ ἂν δύναιντο λαθεῖν τριάκονθ' [91e] ἡμέρας μοχθηρότερα ἀποδιδόντες ἢ παρέλαβον τὰ ἱμάτιά τε καὶ ὑποδήματα, ἀλλ' εἰ τοιαῦτα ποιοῖεν, ταχὺ ἂν τῷ λιμῷ ἀποθάνοιεν, Πρωταγόρας δὲ ἄρα ὅλην τὴν Ἑλλάδα ἐλάνθανεν διαφθείρων τοὺς συγγιγνομένους καὶ μοχθηροτέρους ἀποπέμπων ἢ παρελάμβανεν πλεον ἢ τετταράκοντα ἔτη οἶμαι γὰρ αὐτὸν ἀποθανεῖν ἐγγὺς καὶ ἐβδομήκοντα ἔτη γεγονότα, τετταράκοντα δὲ ἐν τῇ τέχνῃ ὄντα καὶ ἐν ἅπαντι τῷ χρόνῳ τούτῳ ἔτι εἰς τὴν ἡμέραν ταυτηνὴν εὐδοκιμῶν οὐδὲν πέπαυται, καὶ οὐ μόνον Πρωταγόρας, ἀλλὰ καὶ [92a] ἄλλοι πάμπολλοι, οἱ μὲν πρότερον γεγονότες ἐκείνου, οἱ δὲ καὶ νῦν ἔτι ὄντες. πότερον δὴ οὖν φῶμεν κατὰ τὸν σὸν λόγον εἰδότας αὐτοὺς ἐξαπατᾶν καὶ λωβᾶσθαι τοὺς νέους, ἢ λεληθῆναι καὶ ἑαυτούς; καὶ οὕτω μαίνεσθαι ἀξιόσομεν τούτους, οὓς ἔνιοί φασι σοφωτάτους ἀνθρώπων εἶναι;

Ἄνυτος: πολλοῦ γε δέουσι μαίνεσθαι, ὃ Σώκρατες, ἀλλὰ πολὺ μᾶλλον οἱ τούτοις διδόντες ἀργύριον τῶν νέων, τούτων [92b] δ' ἔτι μᾶλλον οἱ τούτοις ἐπιτρέποντες, οἱ προσήκοντες, πολὺ δὲ μάλιστα πάντων αἱ πόλεις, ἐῶσαι αὐτοὺς εἰσαφικνεῖσθαι καὶ οὐκ ἐξελαύνουσαι, εἴτε τις ξένος ἐπιχειρεῖ τοιοῦτόν τι ποιεῖν εἴτε ἀστός.

Σωκράτης: πότερον δέ, ὃ Ἄνυτε, ἡδίκηκέ τίς σε τῶν σοφιστῶν, ἢ τί οὕτως αὐτοῖς χαλεπὸς εἶ;

Ἄνυτος: οὐδὲ μὰ Δία ἔγωγε συγγέγονα πώποτε αὐτῶν οὐδενί, οὐδ' ἂν ἄλλον ἐάσαιμι τῶν ἐμῶν οὐδένα.

Σωκράτης: ἄπειρος ἄρ' εἶ παντάπασιν τῶν ἀνδρῶν;

Ἄνυτος: καὶ εἶην γε. [92c]

Σωκράτης: πῶς οὖν ἂν, ὃ δαιμόνιε, εἰδείης περὶ τούτου τοῦ πράγματος, εἴτε τι ἀγαθὸν ἔχει ἐν αὐτῷ εἴτε φλαῦρον, οὗ παντάπασιν ἄπειρος εἴης;

Ἄνυτος: ῥαδίως· τούτους γοῦν οἶδα οἳ εἰσιν, εἴτ' οὖν ἄπειρος αὐτῶν εἰμι εἴτε μή.

Σωκράτης: μάντις εἶ ἴσως, ὃ Ἄνυτε· ἐπεὶ ὅπως γε ἄλλως οἶσθα τούτων πέρι, ἐξ ὧν αὐτὸς λέγεις θαυμάζοιμ' ἄν. ἀλλὰ γὰρ οὐ τούτους ἐπιζητοῦμεν τίνες εἰσίν, παρ' οὓς ἂν [92d]**Μένων:** ἀφικόμενος μοχθηρὸς γένοιτο οὗτοι μὲν γάρ, εἰ σὺ βούλει, ἔστων οἱ σοφισταί· ἀλλὰ δὴ ἐκείνους εἰπὲ ἡμῖν, καὶ τὸν πατρικὸν τόνδε ἐταῖρον εὐεργέτησον φράσας αὐτῷ παρὰ τίνας ἀφικόμενος ἐν τοσαύτῃ πόλει τὴν ἀρετὴν ἣν νυνδὴ ἐγὼ διήλθον γένοιτ' ἂν ἄξιος λόγου.

Ἄνυτος: τί δὲ αὐτῷ οὐ σὺ ἔφρασας;

Σωκράτης: ἀλλ' οὓς μὲν ἐγὼ ᾧμην διδασκάλους τούτων εἶναι, εἶπον, ἀλλὰ τυγχάνω οὐδὲν λέγων, ὥς σὺ φῆς· καὶ ἴσως τι [92e]λέγεις. ἀλλὰ σὺ δὴ ἐν τῷ μέρει αὐτῷ εἰπὲ παρὰ τίνας ἔλθῃ Ἀθηναῖων· εἰπὲ ὄνομα ὅτου βούλει.

Σωκράτης: ἔμοιγε, ὃ Ἄνυτε, καὶ εἶναι δοκοῦσιν ἐνθάδε ἀγαθοὶ τὰ πολιτικά, καὶ γεγονέναι ἔτι οὐχ ἥττον ἢ εἶναι· ἀλλὰ μῶν καὶ διδάσκαλοι ἀγαθοὶ γεγόνασιν τῆς αὐτῶν ἀρετῆς; τοῦτο γάρ ἐστιν περὶ οὗ ὁ λόγος ἡμῖν τυγχάνει ὧν· οὐκ εἰ εἰσιν ἀγαθοὶ ἢ μὴ ἄνδρες ἐνθάδε, οὐδ' εἰ γεγόνασιν ἐν τῷ [93b]πρόσθεν, ἀλλ' εἰ διδακτὸν ἐστὶν ἀρετὴ πάλαι σκοποῦμεν. τοῦτο δὲ σκοποῦντες τόδε σκοποῦμεν, ἄρα οἱ ἀγαθοὶ ἄνδρες καὶ τῶν νῦν καὶ τῶν προτέρων ταύτην τὴν ἀρετὴν ἣν αὐτοὶ ἀγαθοὶ ἦσαν ἠπίσταντο καὶ ἄλλῳ παραδοῦναι, ἢ οὐ παραδοτὸν τοῦτο ἀνθρώπῳ οὐδὲ παραληπτὸν ἄλλῳ παρ' ἄλλου:

Ἄνυτος: ἔγωγε, πάντων γε μάλιστα.

Σωκράτης: οὐκοῦν καὶ διδάσκαλον ἀγαθόν, εἴπερ τις ἄλλος τῆς αὐτοῦ ἀρετῆς διδάσκαλος ἦν, κάκεϊνον εἶναι;

Ἄνυτος: οἶμαι ἔγωγε, εἴπερ ἐβούλετό γε.

Σωκράτης: ἀλλ', οἶε, οὐκ ἂν ἐβουλήθη ἄλλους τέ τινας καλοὺς κάγαθοὺς γενέσθαι, μάλιστα δέ που τὸν ὑὸν τὸν αὐτοῦ; ἢ οἶε αὐτὸν φθονεῖν αὐτῷ καὶ ἐξεπίτηδες οὐ παραδιδόναι [93d]τὴν ἀρετὴν ἣν αὐτὸς ἀγαθὸς ἦν; ἢ οὐκ ἀκήκοας ὅτι Θεμιστοκλῆς Κλεόφαντον τὸν ὑὸν ἱππέα μὲν ἐδιδάξατο ἀγαθόν; ἐπέμενε γοῦν ἐπὶ τῶν ἵππων ὀρθὸς ἐσθηκῶς, καὶ ἠκόντιζεν ἀπὸ τῶν ἵππων ὀρθός, καὶ ἄλλα πολλὰ καὶ θαυμαστὰ ἡργάζετο ἃ ἐκεῖνος αὐτὸν ἐπαιδεύσατο καὶ ἐποίησε σοφόν, ὅσα διδασκάλων ἀγαθῶν εἶχετο: ἢ ταῦτα οὐκ ἀκήκοας τῶν πρεσβυτέρων;

Ἄνυτος: ἀκήκοα.

Σωκράτης: οὐκ ἂν ἄρα τὴν γε φύσιν τοῦ ὑέος αὐτοῦ ἠτιάσαιτ' ἂν τις εἶναι κακὴν. [93e]

Ἄνυτος: ἴσως οὐκ ἂν.

Σωκράτης: τί δὲ τόδε; ὥς Κλεόφαντος ὁ Θεμιστοκλέους ἀνὴρ ἀγαθὸς καὶ σοφὸς ἐγένετο ἅπερ ὁ πατὴρ αὐτοῦ, ἤδη του ἀκήκοας ἢ νεωτέρου ἢ πρεσβυτέρου;

Ἄνυτος: οὐ δῆτα.

Σωκράτης: ἄρ' οὖν ταῦτα μὲν οἴομεθα βούλεσθαι αὐτὸν τὸν αὐτοῦ ὑὸν παιδεῦσαι, ἣν δὲ αὐτὸς σοφίαν ἦν σοφός, οὐδὲν τῶν γειτόνων βελτίω ποιῆσαι, εἴπερ ἦν γε διδασκτὸν ἢ ἀρετῇ;

Ἄνυτος: ἴσως μὰ Δί' οὐ.

Σωκράτης: οὗτος μὲν δὴ σοι τοιοῦτος διδάσκαλος ἀρετῆς, ὃν καὶ σὺ

ὁμολογεῖς ἐν τοῖς ἄριστον τῶν προτέρων εἶναι: ἄλλον [94a]δὲ δὴ σκεψόμεθα, Ἀριστείδην τὸν Λυσιμάχου: ἢ τοῦτον οὐχ ὁμολογεῖς ἀγαθὸν γεγονέναι;

Ἄνυτος: ἔγωγε, πάντως δήπου.

Σωκράτης: οὐκοῦν καὶ οὗτος τὸν ὑὸν τὸν αὐτοῦ Λυσίμαχον, ὅσα μὲν διδασκάλων εἶχετο, κάλλιστα Ἀθηναίων ἐπαίδευσε, ἄνδρα δὲ βελτίῳ δοκεῖ σοι ὅτουοῦν πεποιηκέναι; τούτῳ γάρ που καὶ συγγέγονας καὶ ὀρᾷς οἷός ἐστιν. εἰ δὲ βούλει, [94b]Περικλέα, οὕτως μεγαλοπρεπῶς σοφὸν ἄνδρα, οἷσθ' ὅτι δύο ὑεῖς ἔθρεψε, Πάραλον καὶ Ξάνθιππον;

Σωκράτης: τούτους μέντοι, ὥς οἴσθα καὶ σύ, ἱππέας μὲν ἐδίδαξεν οὐδενὸς χεῖρους Ἀθηναίων, καὶ μουσικὴν καὶ ἀγωνίαν καὶ τᾶλλα ἐπαίδευσεν ὅσα τέχνης ἔχεται οὐδενὸς χεῖρους: ἀγαθοὺς δὲ ἄρα ἄνδρας οὐκ ἐβούλετο ποιῆσαι; δοκῶ μὲν, ἐβούλετο, ἀλλὰ μὴ οὐκ ἦ διδακτὸν. ἵνα δὲ μὴ ὀλίγους οἷη καὶ τοὺς φαυλοτάτους Ἀθηναίων ἀδυνάτους γεγονέναι τοῦτο [94c]τὸ πρᾶγμα, ἐνθυμήθητι ὅτι Θουκυδίδης αὖ δύο ὑεῖς ἔθρεψεν, Μελησίαν καὶ Στέφανον, καὶ τούτους ἐπαίδευσεν τὰ τε ἄλλα εὖ καὶ ἐπάλαισαν κάλλιστα Ἀθηναίων τὸν μὲν γὰρ Ξανθία ἔδωκε, τὸν δὲ Εὐδώρω: οὗτοι δὲ που ἐδόκουν τῶν τότε κάλλιστα παλαίειν ἢ οὐ μέμνησαι;

Ἄνυτος: ἔγωγε, ἀκοῇ.

Σωκράτης: οὐκοῦν δήλον ὅτι οὗτος οὐκ ἂν ποτε, οὗ μὲν ἔδει [94d]δαπανώμενον διδάσκειν, ταῦτα μὲν ἐδίδαξε τοὺς παῖδας τοὺς αὐτοῦ, οὗ δὲ οὐδὲν ἔδει ἀναλώσαντα ἀγαθοὺς ἄνδρας ποιῆσαι, ταῦτα δὲ οὐκ ἐδίδαξεν, εἰ διδακτὸν ἦν; ἀλλὰ γὰρ ἴσως ὁ Θουκυδίδης φαῦλος ἦν, καὶ οὐκ ἦσαν αὐτῷ πλεῖστοι φίλοι Ἀθηναίων καὶ τῶν συμμάχων; καὶ οἰκίας μεγάλης ἦν καὶ ἐδύνατο μέγα ἐν τῇ πόλει καὶ ἐν τοῖς ἄλλοις Ἑλλήσιν, ὥστε εἴπερ ἦν τοῦτο διδακτὸν, ἐξευρεῖν ἂν ὅστις ἔμελλεν αὐτοῦ τοὺς ὑεῖς ἀγαθοὺς ποιήσιν, ἢ τῶν ἐπιχωρίων τις ἢ τῶν [94e]ξένων, εἰ αὐτὸς μὴ ἐσχόλαζεν διὰ τὴν τῆς πόλεως ἐπιμέλειαν. ἀλλὰ γάρ, ὦ ἑταῖρε Ἄνυτε, μὴ οὐκ ἦ διδακτὸν ἀρετή.

Ἄνυτος: ὦ Σώκρατες, ῥαδίως μοι δοκεῖς κακῶς λέγειν ἀνθρώπους. ἐγὼ μὲν οὖν ἂν σοι συμβουλευσαιμι, εἰ ἐθέλεις ἐμοὶ πείθεσθαι, εὐλαβεῖσθαι: ὡς ἴσως μὲν καὶ ἐν ἄλλῃ πόλει ῥᾶόν ἐστιν κακῶς ποιεῖν ἀνθρώπους ἢ εὔ, ἐν τῇδε δὲ καὶ [95a]πάνυ: οἶμαι δὲ σὲ καὶ αὐτὸν εἰδέναι.

Σωκράτης: ὦ Μένων, Ἄνυτος μὲν μοι δοκεῖ χαλεπαίνειν, καὶ οὐδὲν θαυμάζω: οἶεται γάρ με πρῶτον μὲν κακηγορεῖν τούτους τοὺς ἄνδρας, ἔπειτα ἡγεῖται καὶ αὐτὸς εἶναι εἷς τούτων. ἀλλ' οὗτος μὲν ἐάν ποτε γνῶ οἷόν ἐστιν τὸ κακῶς λέγειν, παύσεται χαλεπαίνων, νῦν δὲ ἀγνοεῖ: σὺ δέ μοι εἶπέ, οὐ καὶ παρ' ὑμῖν εἰσιν καλοὶ κάγαθοὶ ἄνδρες;

Μένων: πάνυ γε. [95b]

Σωκράτης: τί οὖν; ἐθέλουσιν οὗτοι παρέχειν αὐτοὺς διδασκάλους τοῖς νέοις, καὶ ὁμολογεῖν διδάσκαλοί τε εἶναι καὶ διδακτὸν ἀρετῇ;

Μένων: οὐ μὰ τὸν Δία, ὦ Σώκρατες, ἀλλὰ τοτὲ μὲν ἂν αὐτῶν ἀκούσαις ὡς διδακτὸν, τοτὲ δὲ ὡς οὔ.

Σωκράτης: φῶμεν οὖν τούτους διδασκάλους εἶναι τούτου τοῦ πράγματος, οἷς μὴδὲ αὐτὸ τοῦτο ὁμολογεῖται;

Μένων: οὐ μοι δοκεῖ, ὦ Σώκρατες.

Σωκράτης: τί δὲ δῆ; οἱ σοφισταί σοι οὗτοι, οἵπερ μόνοι ἐπαγγέλλονται, δοκοῦσι διδάσκαλοι εἶναι ἀρετῆς; [95c]

Μένων: καὶ Γοργίου μάλιστα, ὦ Σώκρατες, ταῦτα ἄγαμαι, ὅτι οὐκ ἂν ποτε αὐτοῦ τοῦτο ἀκούσαις ὑπισχνουμένου, ἀλλὰ καὶ τῶν ἄλλων καταγελᾶ, ὅταν ἀκούσῃ ὑπισχνουμένου. **Μένων:** ἀλλὰ λέγειν οἶεται δεῖν ποιεῖν δεινούς.

Σωκράτης: οὐδ' ἄρα σοὶ δοκοῦσιν οἱ σοφισταὶ διδάσκαλοι εἶναι;

Μένων: οὐκ ἔχω λέγειν, ὦ Σώκρατες. καὶ γὰρ αὐτὸς ὅπερ οἱ πολλοὶ πέπονθα: τοτὲ μὲν μοι δοκοῦσιν, τοτὲ δὲ οὔ.

Σωκράτης: οἶσθα δὲ ὅτι οὐ μόνον σοί τε καὶ τοῖς ἄλλοις τοῖς πολιτικοῖς τοῦτο δοκεῖ τοτὲ μὲν εἶναι διδακτὸν, τοτὲ δ' οὔ,

[95d] ἀλλὰ καὶ Θεόγνιν τὸν ποιητὴν οἶσθ' ὅτι ταῦτα ταῦτα λέγει;

Μένων: ἐν ποίοις ἔπεσιν;

Σωκράτης: ἐν τοῖς ἐλεγείοις, οὗ λέγει καὶ παρὰ τοῖσιν πῖνε καὶ ἔσθιε, καὶ μετὰ τοῖσιν

ἴζε, καὶ ἄνδανε τοῖς, ὧν μεγάλη δύναμις.

ἐσθλῶν μὲν γὰρ ἅπ' ἐσθλὰ διδάξεται: ἣν δὲ κακοῖσιν (Ελεγείαι 33-36) [95e] συμμίσγης, ἀπολεῖς καὶ τὸν ἔοντα νόον.

Μένων: φαίνεται γε.

Σωκράτης: ἐν ἄλλοις δέ γε ὀλίγον μεταβάς, εἰ δ' ἦν ποιητόν, φησί, καὶ ἔνθετον ἀνδρὶ νόημα, (Ελεγείαι 434-438) λέγει πως ὅτι

πολλοὺς ἂν μισθοὺς καὶ μεγάλους ἔφερον

οὐ ποτ' ἂν ἐξ ἀγαθοῦ πατὴρ ἐγέντο κακός,

[96a] πειθόμενος μύθοισι σαόφροσιν. ἀλλὰ διδάσκων

οὐ ποτε ποιήσεις τὸν κακὸν ἄνδρ' ἀγαθόν.

Μένων: φαίνεται.

Σωκράτης: ἔχεις οὖν εἰπεῖν ἄλλου ὁτιοῦν πράγματος, οὗ οἱ μὲν φάσκοντες διδάσκαλοι εἶναι οὐχ ὅπως ἄλλων διδάσκαλοι ὁμολογοῦνται, ἀλλ' οὐδὲ αὐτοὶ ἐπίστασθαι, ἀλλὰ πονηροὶ [96b] εἶναι περὶ αὐτὸ τοῦτο τὸ πρᾶγμα οὗ φασὶ διδάσκαλοι εἶναι, οἱ δὲ ὁμολογούμενοι αὐτοὶ καλοὶ καὶ ἀγαθοὶ τότε μὲν φασὶν αὐτὸ διδακτὸν εἶναι, τότε δὲ οὐ; τοὺς οὖν οὕτω τεταραγμένους περὶ ὁτιοῦν φαίης ἂν σὺ κυρίως διδασκάλους εἶναι;

Μένων: μὰ Δί' οὐκ ἔγωγε.

Σωκράτης: οὐκοῦν εἰ μήτε οἱ σοφισταὶ μήτε οἱ αὐτοὶ καλοὶ καὶ ἀγαθοὶ ὄντες διδάσκαλοί εἰσι τοῦ πράγματος, δηλὸν ὅτι οὐκ ἂν ἄλλοι γε;

Μένων: οὐ μοι δοκεῖ. [96c]

Σωκράτης: εἰ δέ γε μὴ διδάσκαλοι, οὐδὲ μαθηταί;

Μένων: δοκεῖ μοι ἔχειν ὡς λέγεις.

Σωκράτης: ὁμολογήκαμεν δέ γε, πράγματος οὐ μήτε διδάσκαλοι μήτε μαθηταὶ εἶεν, τοῦτο μηδὲ διδακτὸν εἶναι;

Μένων: ὁμολογήκαμεν.

Σωκράτης: οὐκοῦν ἀρετῆς οὐδαμοῦ φαίνονται διδάσκαλοι;

Μένων: ἔστι ταῦτα.

Σωκράτης: εἰ δέ γε μὴ διδάσκαλοι, οὐδὲ μαθηταί;

Μένων: φαίνεται οὕτως.

Σωκράτης: ἀρετὴ ἄρα οὐκ ἂν εἴη διδακτὸν; [96d]

Μένων: οὐκ ἔοικεν, εἵπερ ὀρθῶς ἡμεῖς ἐσκέμμεθα. ὥστε καὶ θαυμάζω δὴ, ὃ Σώκρατες, πότερόν ποτε οὐδ' εἰσὶν ἀγαθοὶ ἄνδρες, ἢ τίς ἂν εἴη τρόπος τῆς γενέσεως τῶν ἀγαθῶν γιγνομένων.

Σωκράτης: κινδυνεύομεν, ὃ Μένων, ἐγὼ τε καὶ σὺ φαῦλοί τινες εἶναι ἄνδρες, καὶ σέ τε Γοργίας οὐχ ἱκανῶς πεπαιδευκέναι καὶ ἐμὲ Πρόδικος. παντὸς μᾶλλον οὖν προσεκτέον τὸν νοῦν ἡμῖν αὐτοῖς, καὶ ζητητέον ὅστις ἡμᾶς ἐνὶ γέ τῳ τρόπῳ βελτίους [96e]ποιήσῃ: λέγω δὲ ταῦτα ἀποβλέψας πρὸς τὴν ἄρτι ζήτησιν, ὥς ἡμᾶς ἔλαθεν καταγέλαστος ὅτι οὐ μόνον ἐπιστήμης ἡγουμένης ὀρθῶς τε καὶ εὖ τοῖς ἀνθρώποις πράττεται τὰ πράγματα, ἣ ἴσως καὶ διαφεύγει ἡμᾶς τὸ γινῶναι τίνα ποτὲ τρόπον γίνονται οἱ ἀγαθοὶ ἄνδρες.

Μένων: πῶς τοῦτο λέγεις, ὃ Σώκρατες;

Σωκράτης: ὧδε: ὅτι μὲν τοὺς ἀγαθοὺς ἄνδρας δεῖ ὠφελίμους εἶναι, [97a]ὀρθῶς ὁμολογήκαμεν τοῦτό γε ὅτι οὐκ ἂν ἄλλως ἔχοι: ἦ γάρ;

Μένων: ναί.

Σωκράτης: καὶ ὅτι γε ὠφελίμοι ἔσονται, ἂν ὀρθῶς ἡμῖν ἡγῶνται τῶν πραγμάτων, καὶ τοῦτό που καλῶς ὁμολογοῦμεν;

Μένων: ναί.

Σωκράτης: ὅτι δ' οὐκ ἔστιν ὀρθῶς ἡγεῖσθαι, ἐὰν μὴ φρόνιμος ᾖ, τοῦτο ὅμοιοί ἐσμεν οὐκ ὀρθῶς ὡμολογηκόσιν.

Μένων: πῶς δὴ {χ|ὀρθῶς} λέγεις;

Σωκράτης: ἐγὼ ἐρῶ. <εἰ> εἰδὼς τὴν ὁδὸν τὴν εἰς Λάρισσαν ἢ ὅποι βούλει ἄλλοσε βαδίζοι καὶ ἄλλοις ἡγοῖτο, ἄλλο τι ὀρθῶς ἂν καὶ εἰ ἡγοῖτο;

Μένων: πάνυ γε. [97b]

Σωκράτης: τί δ' εἴ τις ὀρθῶς μὲν δοξάζων ἦτις ἐστὶν ἡ ὁδός, ἐληλυθὼς δὲ μὴ μὴδ' ἐπιστάμενος, οὐ καὶ οὗτος ἂν ὀρθῶς ἡγοῖτο;

Μένων: πάνυ γε.

Σωκράτης: καὶ ἕως γ' ἂν που ὀρθὴν δόξαν ἔχῃ περὶ ὧν ὁ ἕτερος ἐπιστήμην, οὐδὲν χείρων ἡγεμὼν ἔσται, οἰόμενος μὲν ἀληθῆ, φρονῶν δὲ μή, τοῦ τοῦτο φρονοῦντος.

Μένων: οὐδὲν γάρ.

Σωκράτης: δόξα ἄρα ἀληθῆς πρὸς ὀρθότητα πράξεως οὐδὲν χείρων ἡγεμὼν φρονήσεως; καὶ τοῦτό ἐστιν ὃ νυνδὴ παρελείπομεν ἐν τῇ περὶ τῆς ἀρετῆς σκέψει ὁποῖόν τι εἶη, λέγοντες [97c] ὅτι φρόνησις μόνον ἡγεῖται τοῦ ὀρθῶς πράττειν: τὸ δὲ ἄρα καὶ δόξα ἦν ἀληθῆς.

Μένων: εἰσὶ γέ.

Σωκράτης: οὐδὲν ἄρα ἥττον ὠφέλιμόν ἐστιν ὀρθὴ δόξα ἐπιστήμης.

Μένων: τοσούτῳ γε, ὃ Σώκρατες, ὅτι ὁ μὲν τὴν ἐπιστήμην ἔχων ἀεὶ ἂν ἐπιτυχάνοι, ὁ δὲ τὴν ὀρθὴν δόξαν τοτὲ μὲν ἂν τυγχάνοι, τοτὲ δ' οὔ.

Σωκράτης: πῶς λέγεις; ὁ ἀεὶ ἔχων ὀρθὴν δόξαν οὐκ ἀεὶ ἂν τυγχάνοι, ἕωσπερ ὀρθὰ δοξάζοι;

Μένων: ἀνάγκη μοι φαίνεται: ὥστε θαυμάζω, ὃ Σώκρατες, [97d] τοῦτου οὕτως ἔχοντος, ὅτι δὴ ποτε πολλὴ τιμιωτέρα ἢ ἐπιστήμη τῆς ὀρθῆς δόξης, καὶ δι' ὅτι τὸ μὲν ἕτερον, τὸ δὲ ἕτερόν ἐστιν αὐτῶν.

Σωκράτης: οἶσθα οὖν δι' ὅτι θαυμάζεις, ἢ ἐγὼ σοι εἶπω;

Μένων: πάνυ γ' εἰπέ.

Σωκράτης: ὅτι τοῖς Δαιδάλου ἀγάλμασιν οὐ προσέσχηκας τὸν νοῦν: ἴσως δὲ οὐδ' ἔστιν παρ' ὑμῖν.

Μένων: πρὸς τί δὲ δὴ τοῦτο λέγεις;

Σωκράτης: ὅτι καὶ ταῦτα, ἐὰν μὲν μὴ δεδεμένα ᾖ, ἀποδιδράσκει καὶ δραπετεύει, ἐὰν δὲ δεδεμένα, παραμένει. [97e]

Μένων: τί οὖν δῆ;

Σωκράτης: τῶν ἐκείνου ποιημάτων λελυμένον μὲν ἐκτῆσθαι οὐ πολλῆς τιнос ἄξιόν ἐστι τιμῆς, ὥσπερ δραπέτην ἄνθρωπον οὐ γὰρ παραμένει δεδεμένον δὲ πολλοῦ ἄξιον: πάνυ γὰρ καλὰ τὰ ἔργα ἐστίν. πρὸς τί οὖν δὴ λέγω ταῦτα; πρὸς τὰς δόξας τὰς ἀληθεῖς. καὶ γὰρ αἱ δόξαι αἱ ἀληθεῖς, ὅσον μὲν ἂν χρόνον παραμένωσιν, καλὸν τὸ χρῆμα καὶ πάντ' [98a]ἀγαθὰ ἐργάζονται: πολὺν δὲ χρόνον οὐκ ἐθέλουσι παραμένειν, ἀλλὰ δραπετεύουσιν ἐκ τῆς ψυχῆς τοῦ ἀνθρώπου, ὥστε οὐ πολλοῦ ἄξιαί εἰσιν, ἕως ἂν τις αὐτὰς δήσῃ αἰτίας λογισμῷ. τοῦτο δ' ἐστίν, ὃ Μένων ἐταῖρε, ἀνάμνησις, ὡς ἐν τοῖς πρόσθεν ἡμῖν ὁμολόγηται. ἐπειδὴν δὲ δεθῶσιν, πρῶτον μὲν ἐπιστῆμαι γίνονται, ἔπειτα μόνιμοι: καὶ διὰ ταῦτα δὴ τιμιώτερον ἐπιστήμη ὀρθῆς δόξης ἐστίν, καὶ διαφέρει δεσμῷ ἐπιστήμη ὀρθῆς δόξης.

Μένων: νῆ τὸν Δία, ὃ Σώκρατες, ἔοικεν τοιούτῳ τινί. [98b]

Σωκράτης: καὶ μὴν καὶ ἐγὼ ὡς οὐκ εἰδὼς λέγω, ἀλλὰ εἰκάζων: ὅτι δέ ἐστίν τι ἄλλοιον ὀρθὴ δόξα καὶ ἐπιστήμη, οὐ πάνυ μοι δοκῶ τοῦτο εἰκάζειν, ἀλλ' εἶπερ τι ἄλλο φαῖν ἂν εἰδέναι ὀλίγα δ' ἂν φαῖν ἐν δ' οὖν καὶ τοῦτο ἐκείνων θείην ἂν ὣν οἶδα.

Μένων: καὶ ὀρθῶς γε, ὃ Σώκρατες, λέγεις.

Σωκράτης: τί δέ; τόδε οὐκ ὀρθῶς, ὅτι ἀληθὴς δόξα ἡγουμένη τὸ ἔργον ἐκάστης τῆς πράξεως οὐδὲν χεῖρον ἀπεργάζεται ἢ ἐπιστήμη;

Μένων: καὶ τοῦτο δοκεῖς μοι ἀληθῆ λέγειν. [98c]

Σωκράτης: οὐδὲν ἄρα ὀρθὴ δόξα ἐπιστήμης χεῖρον οὐδὲ ἥττον ὠφελίμη ἔσται εἰς τὰς πράξεις, οὐδὲ ἀνὴρ ὁ ἔχων ὀρθὴν δόξαν ἢ ὁ ἐπιστήμην.

Μένων: ἔστι ταῦτα.

Σωκράτης: καὶ μὴν ὁ γε ἀγαθὸς ἀνὴρ ὠφέλιμος ἡμῖν ὡμολόγηται εἶναι.

Μένων: ναί.

Σωκράτης: ἐπειδὴ τοίνυν οὐ μόνον δι' ἐπιστήμην ἀγαθοὶ ἄνδρες ἂν εἶεν καὶ ὠφέλιμοι ταῖς πόλεσιν, εἴπερ εἶεν, ἀλλὰ καὶ δι' ὀρθὴν δόξαν, τούτοις δὲ οὐδέτερον φύσει ἐστὶν τοῖς ἀνθρώποις, [98d] οὔτε ἐπιστήμη οὔτε δόξα ἀληθής, οὔτ' ἐπίκτητα ἢ δοκεῖ σοι φύσει ὁποτερονοῦν αὐτοῖν εἶναι;

Μένων: οὐκ ἔμοιγε.

Σωκράτης: οὐκοῦν ἐπειδὴ οὐ φύσει, οὐδὲ οἱ ἀγαθοὶ φύσει εἶεν ἄν.

Μένων: οὐ δῆτα.

Σωκράτης: ἐπειδὴ δέ γε οὐ φύσει, ἐσκοποῦμεν τὸ μετὰ τοῦτο εἰ διδακτὸν ἐστίν.

Μένων: ναί.

Σωκράτης: οὐκοῦν διδακτὸν ἔδοξεν εἶναι, εἰ φρόνησις ἡ ἀρετή;

Μένων: ναί.

Σωκράτης: καὶ εἰ γε διδακτὸν εἴη, φρόνησις ἂν εἶναι;

Μένων: πάνυ γε. [98e]

Σωκράτης: καὶ εἰ μὲν γε διδάσκαλοι εἶεν, διδακτὸν ἂν εἶναι, μὴ ὄντων δὲ οὐ διδακτόν;

Μένων: οὕτω.

Σωκράτης: ἀλλὰ μὴν ὡμολογήκαμεν μὴ εἶναι αὐτοῦ διδασκάλους;

Μένων: ἔστι ταῦτα.

Σωκράτης: ὠμολογήκαμεν ἄρα μήτε διδακτὸν αὐτὸ μήτε φρόνησιν εἶναι;

Μένων: πάνυ γε.

Σωκράτης: ἀλλὰ μὴν ἀγαθὸν γε αὐτὸ ὁμολογοῦμεν εἶναι;

Μένων: ναί.

Σωκράτης: ὠφελίμον δὲ καὶ ἀγαθὸν εἶναι τὸ ὀρθῶς ἡγούμενον;

Μένων: πάνυ γε. [99a]

Σωκράτης: ὀρθῶς δέ γε ἡγεῖσθαι δύο ὄντα ταῦτα μόνα, δόξαν τε ἀληθῆ καὶ ἐπιστήμην, ἃ ἔχων ἄνθρωπος ὀρθῶς ἡγεῖται τὰ γὰρ ἀπὸ τύχης τινὸς ὀρθῶς γινόμενα οὐκ ἀνθρωπίνῃ ἡγεμονίᾳ γίγνεται ὧν δὲ ἄνθρωπος ἡγεμὼν ἐστὶν ἐπὶ τὸ ὀρθόν, δύο ταῦτα, δόξα ἀληθῆς καὶ ἐπιστήμη.

Μένων: δοκεῖ μοι οὕτω.

Σωκράτης: οὐκοῦν ἐπειδὴ οὐ διδακτὸν ἐστὶν, οὐδ' ἐπιστήμη δὴ ἔτι γίγνεται ἢ ἀρετή;

Μένων: οὐ φαίνεται. [99b]

Σωκράτης: δυοῖν ἄρα ὄντοιν ἀγαθοῖν καὶ ὠφελίμοιν τὸ μὲν ἕτερον ἀπολέλυσται, καὶ οὐκ ἂν εἴη ἐν πολιτικῇ πράξει ἐπιστήμη ἡγεμὼν.

Μένων: οὐ μοι δοκεῖ.

Σωκράτης: οὐκ ἄρα σοφία τινὶ οὐδὲ σοφοὶ ὄντες οἱ τοιοῦτοι ἄνδρες ἡγοῦντο ταῖς πόλεσιν, οἱ ἀμφὶ Θεμιστοκλέα τε καὶ οὓς ἄρτι Ἄνυτος ὅδε ἔλεγεν· διὸ δὴ καὶ οὐχ οἷοί τε ἄλλους ποιεῖν τοιούτους οἷοι αὐτοὶ εἰσι, ἅτε οὐ δι' ἐπιστήμην ὄντες τοιοῦτοι.

Μένων: ἔοικεν οὕτως ἔχειν, ὦ Σώκρατες, ὥς λέγεις.

Σωκράτης: οὐκοῦν εἰ μὴ ἐπιστήμη, εὐδοξία δὴ τὸ λοιπὸν [99c] γίγνεται· ἥ οἱ πολιτικοὶ ἄνδρες χρώμενοι τὰς πόλεις ὀρθοῦσιν,

οὐδὲν διαφερόντως ἔχοντες πρὸς τὸ φρονεῖν ἢ οἱ χρησμοδοῖ τε καὶ οἱ θεομάντιες: καὶ γὰρ οὗτοι ἐνθουσιῶντες λέγουσιν μὲν ἀληθῆ καὶ πολλά, ἴσασι δὲ οὐδὲν ὧν λέγουσιν.

Μένων: κινδυνεύει οὕτως ἔχειν.

Σωκράτης: οὐκοῦν, ὦ Μένων, ἄξιον τούτους θεῖους καλεῖν τοὺς ἄνδρας, οἵτινες νοῦν μὴ ἔχοντες πολλὰ καὶ μεγάλα κατορθοῦσιν ὧν πράττουσι καὶ λέγουσι;

Μένων: πάνυ γε.

Σωκράτης: ὀρθῶς ἄρ' ἂν καλοῖμεν θεῖους τε οὓς νυνδὴ ἐλέγομεν [99d] χρησμοδοὺς καὶ μάντιες καὶ τοὺς ποιητικούς ἅπαντας: καὶ τοὺς πολιτικούς οὐχ ἥκιστα τούτων φαῖμεν ἂν θεῖους τε εἶναι καὶ ἐνθουσιάζειν, ἐπίπνους ὄντας καὶ κατεχομένους ἐκ τοῦ θεοῦ, ὅταν κατορθῶσι λέγοντες πολλὰ καὶ μεγάλα πράγματα, μηδὲν εἰδότες ὧν λέγουσιν.

Μένων: πάνυ γε.

Σωκράτης: καὶ αἶ γε γυναῖκες δήπου, ὦ Μένων, τοὺς ἀγαθοὺς ἄνδρας θεῖους καλοῦσι: καὶ οἱ Λάκωνες ὅταν τινὰ ἐγκωμιάζωσιν ἀγαθὸν ἄνδρα, θεῖος ἀνὴρ, φασίν, οὗτος. [99e]

Μένων: καὶ φαίνονται γε, ὦ Σώκρατες, ὀρθῶς λέγειν. καίτοι ἴσως Ἄνυτος ὅδε σοι ἄχθεται λέγοντι.

Σωκράτης: οὐδὲν μέλει ἔμοιγε. τούτῳ μὲν, ὦ Μένων, καὶ αὐθις διαλεξόμεθα: εἰ δὲ νῦν ἡμεῖς ἐν παντὶ τῷ λόγῳ τούτῳ καλῶς ἐζητήσαμεν τε καὶ ἐλέγομεν, ἀρετὴ ἂν εἴη οὔτε φύσει οὔτε διδακτόν, ἀλλὰ θεῖα μοῖρα παραγιγνομένη ἄνευ νοῦ οἷς ἂν [100a] παραγίγνηται, εἰ μὴ τις εἴη τοιοῦτος τῶν πολιτικῶν ἀνδρῶν οἷος καὶ ἄλλον ποιῆσαι πολιτικόν. εἰ δὲ εἴη, σχεδὸν ἂν τι οὗτος λέγοιτο τοιοῦτος ἐν τοῖς ζῶσιν οἷον ἔφη Ὅμηρος ἐν τοῖς τεθνεῶσιν τὸν Τειρεσίαν εἶναι, λέγων περὶ αὐτοῦ, ὅτι οἷος πέπνυται τῶν ἐν Ἄιδου, τοὶ δὲ σκιαὶ αἰσσοῦσι. ταῦτόν ἂν καὶ ἐνθάδε ὁ τοιοῦτος ὥσπερ παρὰ σκιάς ἀληθὲς ἂν πρᾶγμα εἴη πρὸς ἀρετήν. [100b]

Μένων: κάλλιστα δοκεῖς μοι λέγειν, ὦ Σώκρατες.

Σωκράτης: ἐκ μὲν τοίνυν τούτου τοῦ λογισμοῦ, ὃ Μένων, θεία μοίρα ἡμῖν φαίνεται παραγινομένη ἢ ἀρετὴ οἷς ἂν παραγίγηται: τὸ δὲ σαφὲς περὶ αὐτοῦ εἰσόμεθα τότε, ὅταν πρὶν ᾧτινι τρόπῳ τοῖς ἀνθρώποις παραγίγνεται ἀρετὴ, πρότερον ἐπιχειρήσωμεν αὐτὸ καθ' αὐτὸ ζητεῖν τί ποτ' ἔστιν ἀρετὴ. νῦν δ' ἐμοὶ μὲν ὥρα ποιῖέναι, σὺ δὲ ταῦτα ταῦτα ἅπερ αὐτὸς πέπεισαι πεῖθε καὶ τὸν ξένον τόνδε Ἄνυτον, ἵνα [100c]πρώτερος ᾗ: ὥς ἐὰν πείσης τοῦτον, ἔστιν ὅτι καὶ Ἀθηναίους ὀνήσεις.

MENEXENUS

Σωκράτης, Μενέξενος.

[234a] **Σωκράτης:** ἐξ ἀγορᾶς ἢ πόθεν Μενέξενος;

Μενέξενος: ἐξ ἀγορᾶς, ὃ Σώκρατες, καὶ ἀπὸ τοῦ βουλευτηρίου.

Σωκράτης: τί μάλιστα σοὶ πρὸς βουλευτήριον; ἢ δῆλα δὴ ὅτι παιδεύσεως καὶ φιλοσοφίας ἐπὶ τέλει ἡγῆ εἶναι, καὶ ὡς ἱκανῶς ἤδη ἔχων ἐπὶ τὰ μείζω ἐπινοεῖς τρέπεσθαι, καὶ ἄρχειν ἡμῶν, ὃ θαυμάσιε, ἐπιχειρεῖς τῶν πρεσβυτέρων [234b] τηλικούτος ὢν, ἵνα μὴ ἐκλίπη ὑμῶν ἡ οἰκία ἀεὶ τίνα ἡμῶν ἐπιμελητὴν παρεχομένη;

Μενέξενος: ἐὰν σύ γε, ὃ Σώκρατες, ἔἴς καὶ συμβουλεύης ἄρχειν, προθυμήσομαι: εἰ δὲ μή, οὐ. νῦν μέντοι ἀφικόμην πρὸς τὸ βουλευτήριον πυθόμενος ὅτι ἡ βουλὴ μέλλει αἰρεῖσθαι ὅστις ἔρεῖ ἐπὶ τοῖς ἀποθανούσιν: ταφὰς γὰρ οἶσθ' ὅτι μέλλουσι ποιεῖν.

Σωκράτης: πάνυ γε: ἀλλὰ τίνα εἴλοντο;

Μενέξενος: οὐδένα, ἀλλὰ ἀνεβάλοντο εἰς τὴν αὔριον. οἶμαι μέντοι Ἀρχῖνον ἢ Δίωνα αἰρεθήσεσθαι. [234c]

Σωκράτης: καὶ μὴν, ὃ Μενέξενε, πολλαχῇ κινδυνεύει καλὸν εἶναι τὸ ἐν πολέμῳ ἀποθνήσκειν. καὶ γὰρ ταφῆς καλῆς τε καὶ μεγαλοπρεποῦς τυγχάνει, καὶ ἐὰν πένης τις ὢν τελευτήσῃ, καὶ ἐπαίνου αὐτῷ ἔτυχεν, καὶ ἐὰν φαῦλος ᾖ, ὑπ' ἀνδρῶν σοφῶν τε καὶ οὐκ εἰκῇ ἐπαινούντων, ἀλλὰ ἐκ πολλοῦ χρόνου λόγους παρεσκευασμένων, οἱ οὕτως καλῶς ἐπαινοῦσιν, ὥστε καὶ τὰ [235a] προσόντα καὶ τὰ μὴ περὶ ἐκάστου λέγοντες, κάλλιστα πῶς τοῖς ὀνόμασι ποικίλλοντες, γοητεύουσιν ἡμῶν τὰς ψυχάς, καὶ τὴν πόλιν ἐγκωμιάζοντες κατὰ πάντας τρόπους καὶ τοὺς τετελευτηκότας ἐν τῷ πολέμῳ καὶ τοὺς προγόνους ἡμῶν ἅπαντας τοὺς ἔμπροσθεν καὶ αὐτοὺς ἡμᾶς τοὺς ἔτι ζῶντας ἐπαινοῦντες, ὥστ' ἐγώ γε, ὃ Μενέξενε, γενναίως πάνυ διατίθεμαι ἐπαινούμενος ὑπ' αὐτῶν, καὶ ἐκάστοτε ἐξέστηκα [235b] ἀκροώμενος καὶ κηλούμενος, ἡγούμενος ἐν τῷ παραχρῆμα μείζων καὶ γενναιότερος καὶ καλλίων γεγονέναι. καὶ οἷα

δὴ τὰ πολλὰ αἰεὶ μετ' ἐμοῦ ξένοι τινὲς ἔπονται καὶ συνακροῶνται πρὸς οὓς ἐγὼ σεμνότερος ἐν τῷ παραχρῆμα γίγνομαι: καὶ γὰρ ἐκεῖνοι ταῦτα ταῦτα δοκοῦσί μοι πάσχειν καὶ πρὸς ἐμὲ καὶ πρὸς τὴν ἄλλην πόλιν, θαυμασιωτέραν αὐτὴν ἡγεῖσθαι εἶναι ἢ πρότερον, ὑπὸ τοῦ λέγοντος ἀναπειθόμενοι. καὶ μοι αὕτη ἡ σεμνότης παραμένει ἡμέρας πλείω [235c] ἢ τρεῖς: οὕτως ἑναυλος ὁ λόγος τε καὶ ὁ φθόγγος παρὰ τοῦ λέγοντος ἐνδύεται εἰς τὰ ὦτα, ὥστε μόγις τετάρτη ἢ πέμπτη ἡμέρα ἀναμιμνήσκομαι ἐμαυτοῦ καὶ αἰσθάνομαι οὐ γῆς εἰμι, τέως δὲ οἶμαι μόνον οὐκ ἐν μακάρων νήσοις οἰκεῖν: οὕτως ἡμῖν οἱ ῥήτορες δεξιοὶ εἰσιν.

Μενέξενος: αἰεὶ σὺ προσπαίζεις, ὦ Σώκρατες, τοὺς ῥήτορας. νῦν μέντοι οἶμαι ἐγὼ τὸν αἰρεθέντα οὐ πάνυ εὐπορήσειν: ἐξ ὑπογούου γὰρ παντάπασις ἢ αἵρεσις γέγονεν, ὥστε ἴσως ἀναγκασθήσεται ὁ λέγων ὥσπερ αὐτοσχεδιάζειν. [235d]

Σωκράτης: πόθεν, ὦγαθέ; εἰσὶν ἐκάστοις τούτων λόγοι παρεσκευασμένοι, καὶ ἅμα οὐδὲ αὐτοσχεδιάζειν τά γε τοιαῦτα χαλεπόν. εἰ μὲν γὰρ δέοι Ἀθηναίους ἐν Πελοποννησίοις εὖ λέγειν ἢ Πελοποννησίους ἐν Ἀθηναίοις, ἀγαθοῦ ἂν ῥήτορος δέοι τοῦ πείσοντος καὶ εὐδοκιμήσοντος: ὅταν δέ τις ἐν τούτοις ἀγωνίζεται οὕσπερ καὶ ἐπαινεῖ, οὐδὲν μέγα δοκεῖν εὖ λέγειν.

Μενέξενος: οὐκ οἶει, ὦ Σώκρατες;

Σωκράτης: οὐ μέντοι μὰ Δία. [235e]

Μενέξενος: ἢ οἶει οἷός τ' ἂν εἶναι αὐτὸς εἰπεῖν, εἰ δέοι καὶ ἔλοιτό σε ἡ βουλή;

Σωκράτης: καὶ ἐμοὶ μὲν γε, ὦ Μενέξενε, οὐδὲν θαυμαστὸν οἶω τ' εἶναι εἰπεῖν, ὥς τυγχάνει διδάσκαλος οὕσα οὐ πάνυ φαύλη περὶ ῥητορικῆς, ἀλλ' ἤπερ καὶ ἄλλους πολλοὺς καὶ ἀγαθοὺς πεποίηκε ῥήτορας, ἓνα δὲ καὶ διαφέροντα τῶν Ἑλλήνων, Περικλέα τὸν Ἐανθίππου.

Μενέξενος: τίς αὕτη; ἢ δῆλον ὅτι Ἀσπασίαν λέγεις;

Σωκράτης: λέγω γάρ, καὶ Κόννον γε τὸν Μητροβίου: οὗτοι γάρ [236a] μοι δύο εἰσὶν διδάσκαλοι, ὁ μὲν μουσικῆς, ἡ δὲ ῥητορικῆς.

οὕτω μὲν οὖν τρεφόμενον ἄνδρα οὐδὲν θαυμαστὸν δεινὸν εἶναι λέγειν: ἀλλὰ καὶ ὅστις ἐμοῦ κάκιον ἐπαιδεύθη, μουσικὴν μὲν ὑπὸ Λάμπρου παιδευθεὶς, ῥητορικὴν δὲ ὑπ' Ἀντιφῶντος τοῦ Ῥαμνουσίου, ὅμως κἂν οὗτος οἷός τ' εἴη Ἀθηναίους γε ἐν Ἀθηναίοις ἐπαινῶν εὐδοκιμεῖν.

Μενέξενος: καὶ τί ἂν ἔχοις εἰπεῖν, εἰ δέοι σε λέγειν;

Σωκράτης: αὐτὸς μὲν παρ' ἐμαυτοῦ ἴσως οὐδέν, Ἀσπασίας δὲ [236b] καὶ χθὲς ἡκροώμην περαινούσης ἐπιτάφιον λόγον περὶ αὐτῶν τούτων. ἤκουσε γὰρ ἅπερ σὺ λέγεις, ὅτι μέλλοιεν Ἀθηναῖοι αἰρεῖσθαι τὸν ἐροῦντα: ἔπειτα τὰ μὲν ἐκ τοῦ παραχρῆμά μοι διήει, οἷα δέοι λέγειν, τὰ δὲ πρότερον ἐσκεμμένη, ὅτε μοι δοκεῖ συνετίθει τὸν ἐπιτάφιον λόγον ὃν Περικλῆς εἶπεν, περιλείμματ' ἅττα ἐξ ἐκείνου συγκολλῶσα.

Μενέξενος: ἦ καὶ μνημονεύσαις ἂν ἃ ἔλεγεν ἡ Ἀσπασία;

Σωκράτης: εἰ μὴ ἀδικῶ γε: ἐμάνθανόν γέ τοι παρ' αὐτῆς, καὶ [236c] ὀλίγου πληγὰς ἔλαβον ὅτ' ἐπελανθανόμην.

Μενέξενος: τί οὖν οὐ διήλθες;

Σωκράτης: ἀλλ' ὅπως μή μοι χαλεπανεῖ ἡ διδάσκαλος, ἂν ἐξενέγκω αὐτῆς τὸν λόγον.

Μενέξενος: μηδαμῶς, ὦ Σώκρατες, ἀλλ' εἰπέ, καὶ πάνυ μοι χαριῇ, εἴτε Ἀσπασίας βούλει λέγειν εἴτε ὅτουοῦν: ἀλλὰ μόνον εἰπέ.

Σωκράτης: ἀλλ' ἴσως μου καταγέλαση, ἂν σοι δόξω πρεσβύτης ὢν ἔτι παίζειν.

Μενέξενος: οὐδαμῶς, ὦ Σώκρατες, ἀλλ' εἰπέ παντὶ τρόπῳ.

Σωκράτης: ἀλλὰ μέντοι σοί γε δεῖ χαρίζεσθαι, ὥστε κἂν ὀλίγου, [236d] εἴ με κελεύοις ἀποδύντα ὀρχήσασθαι, χαρισαίμην ἂν, ἐπειδὴ γε μόνω ἐσμέν. ἀλλ' ἄκουε. ἔλεγε γάρ, ὥς ἐγῶμαι, ἀρξαμένη λέγειν ἀπ' αὐτῶν τῶν τεθνεώτων οὕτως.

ἔργῳ μὲν ἡμῖν οἶδε ἔχουσιν τὰ προσήκοντα σφίσιν αὐτοῖς, ὢν τυχόντες πορεύονται τὴν εἰμαρμένην πορείαν, προπεμφθέντες κοινῇ

μὲν ὑπὸ τῆς πόλεως, ἰδίᾳ δὲ ὑπὸ τῶν οἰκείων: λόγῳ δὲ δὴ τὸν λειπόμενον κόσμον ὃ τε νόμος προστάττει [236e] ἀποδοῦναι τοῖς ἀνδράσιν καὶ χρή. ἔργων γὰρ εὖ πραχθέντων λόγῳ καλῶς ῥηθέντι μνήμη καὶ κόσμος τοῖς πράξασι γίγνεται παρὰ τῶν ἀκουσάντων: δεῖ δὴ τοιούτου τινὸς λόγου ὅστις τοὺς μὲν τετελευτηκότας ἱκανῶς ἐπαινέσεται, τοῖς δὲ ζῶσιν εὐμενῶς παραινέσεται, ἐκγόνοις μὲν καὶ ἀδελφοῖς μιμεῖσθαι τὴν τῶνδε ἀρετὴν παρακελευόμενος, πατέρας δὲ καὶ μητέρας καὶ εἴ τινας τῶν ἄνωθεν ἔτι προγόνων λείπονται, τούτους δὲ [237a] παραμυθούμενος. τίς οὖν ἂν ἡμῖν τοιοῦτος λόγος φανείη; ἢ πόθεν ἂν ὀρθῶς ἀρξάμεθα ἄνδρας ἀγαθοὺς ἐπαινοῦντες, οἱ ζῶντές τε τοὺς ἑαυτῶν ἡὔφραινον δι' ἀρετὴν, καὶ τὴν τελευτὴν ἀντὶ τῆς τῶν ζώντων σωτηρίας ἠλλάξαντο; δοκεῖ μοι χρῆναι κατὰ φύσιν, ὥσπερ ἀγαθοὶ ἐγένοντο, οὕτω καὶ ἐπαινεῖν αὐτούς. ἀγαθοὶ δὲ ἐγένοντο διὰ τὸ φῦναι ἐξ ἀγαθῶν. τὴν εὐγένειαν οὖν πρῶτον αὐτῶν ἐγκωμιάζωμεν, δεύτερον δὲ τροφήν [237b] τε καὶ παιδείαν: ἐπὶ δὲ τούτοις τὴν τῶν ἔργων πρᾶξιν ἐπιδείξωμεν, ὥς καλὴν καὶ ἀξίαν τούτων ἀπεφάναντο. τῆς δ' εὐγενείας πρῶτον ὑπῆρξε τοῖσδε ἡ τῶν προγόνων γένεσις οὐκ ἔπηλυσ οὔσα, οὐδὲ τοὺς ἐκγόνους τούτους ἀποφηναμένη μετοικοῦντας ἐν τῇ χώρᾳ ἄλλοθεν σφῶν ἠκόντων, ἀλλ' αὐτόχθονας καὶ τῷ ὄντι ἐν πατρίδι οἰκοῦντας καὶ ζῶντας, καὶ τρεφομένους οὐχ ὑπὸ μητρειᾶς ὡς οἱ ἄλλοι, ἀλλ' ὑπὸ [237c] μητρὸς τῆς χώρας ἐν ἣ ὥκουν, καὶ νῦν κεῖσθαι τελευτήσαντας ἐν οἰκείois τόποις τῆς τεκούσης καὶ θρεψάσης καὶ ὑποδεξαμένης. δικαιοτάτον δὴ κοσμήσαι πρῶτον τὴν μητέρα αὐτήν: οὕτω γὰρ συμβαίνει ἅμα καὶ ἡ τῶνδε εὐγένεια κοσμουμένη.

ἔστι δὲ ἀξία ἡ χώρα καὶ ὑπὸ πάντων ἀνθρώπων ἐπαινεῖσθαι, οὐ μόνον ὑφ' ἡμῶν, πολλαχῇ μὲν καὶ ἄλλῃ, πρῶτον δὲ καὶ μέγιστον ὅτι τυγχάνει οὔσα θεοφιλῆς. μαρτυρεῖ δὲ ἡμῶν τῷ λόγῳ ἡ τῶν ἀμφισβητησάντων περὶ αὐτῆς θεῶν [237d] ἔρις τε καὶ κρίσις: ἦν δὴ θεοὶ ἐπήνεσαν, πῶς οὐχ ὑπ' ἀνθρώπων γε συμπάντων δικαία ἐπαινεῖσθαι; δεύτερος δὲ ἐπαινος δικαίως ἂν αὐτῆς εἴη, ὅτι ἐν ἐκείνῳ τῷ χρόνῳ, ἐν ᾧ ἡ πᾶσα γῆ ἀνεδίδου καὶ ἔφυνε ζῶα παντοδαπά, θηρία τε καὶ βοτά, ἐν τούτῳ ἡ ἡμετέρα θηρίων μὲν ἀγρίων ἄγονος καὶ καθαρὰ ἐφάνη, ἐξελέξατο δὲ τῶν ζώων καὶ ἐγέννησεν ἄνθρωπον, ὃ συνέσει τε ὑπερέχει τῶν ἄλλων καὶ δίκην καὶ θεοὺς μόνον [237e] νομίζει. μέγα δὲ τεκμήριον τούτῳ τῷ λόγῳ, ὅτι ἦδε ἔτεκεν ἡ γῆ τοὺς

τῶνδὲ τε καὶ ἡμετέρους προγόνους. πᾶν γὰρ τὸ τεκὸν τροφήν ἔχει ἐπιτηδείαν ᾧ ἂν τέκη, ᾧ καὶ γυνὴ δήλη τεκοῦσά τε ἀληθῶς καὶ μή, ἀλλ' ὑποβαλλομένη, ἐὰν μὴ ἔχη πηγὰς τροφῆς τῷ γεννωμένῳ. ὁ δὲ καὶ ἡ ἡμετέρα γῆ τε καὶ μήτηρ ἱκανὸν τεκμήριον παρέχεται ὡς ἀνθρώπους γεννησαμένη: μόνη γὰρ ἐν τῷ τότε καὶ πρώτη τροφήν ἀνθρωπείαν [238a] ἤνεγκεν τὸν τῶν πυρῶν καὶ κριθῶν καρπὸν, ᾧ κάλλιστα καὶ ἄριστα τρέφεται τὸ ἀνθρώπειον γένος, ὡς τῷ ὄντι τοῦτο τὸ ζῶον αὐτὴ γεννησαμένη. μᾶλλον δὲ ὑπὲρ γῆς ἢ γυναικὸς προσήκει δέχεσθαι τοιαῦτα τεκμήρια: οὐ γὰρ γῆ γυναικα μεμίμηται κινήσει καὶ γεννήσει, ἀλλὰ γυνὴ γῆν. τούτου δὲ τοῦ καρποῦ οὐκ ἐφθόνησεν, ἀλλ' ἔνειμεν καὶ τοῖς ἄλλοις. μετὰ δὲ τοῦτο ἐλαίου γένεσιν, πόνων ἀρωγὴν, ἀνῆκεν τοῖς [238b] ἐκγόνοις: θρεψαμένη δὲ καὶ αὐξήσασα πρὸς ἥβην ἄρχοντας καὶ διδασκάλους αὐτῶν θεοὺς ἐπηγάγετο: ὧν τὰ μὲν ὀνόματα πρέπει ἐν τῷ τοιῷδε ἔαν ἴσμεν γάρ οἱ τὸν βίον ἡμῶν κατεσκεύασαν πρὸς τε τὴν καθ' ἡμέραν δίαιταν, τέχνας πρῶτους παιδευσάμενοι, καὶ πρὸς τὴν ὑπὲρ τῆς χώρας φυλακὴν ὅπλων κτῆσίν τε καὶ χρῆσιν διδαξάμενοι.

γεννηθέντες δὲ καὶ παιδευθέντες οὕτως οἱ τῶνδε πρόγονοι ᾠκουν πολιτείαν κατασκευασάμενοι, ἧς ὀρθῶς ἔχει διὰ βραχέων [238c] ἐπιμνησθῆναι. πολιτεία γὰρ τροφή ἀνθρώπων ἐστίν, καλὴ μὲν ἀγαθῶν, ἡ δὲ ἐναντία κακῶν. ὡς οὖν ἐν καλῇ πολιτείᾳ ἐτράφησαν οἱ πρόσθεν ἡμῶν, ἀναγκαῖον δηλῶσαι, δι' ἣν δὲ κάκεῖνοι ἀγαθοὶ καὶ οἱ νῦν εἰσιν, ὧν οἶδε τυγχάνουσιν ὄντες οἱ τετελευτηκότες. ἡ γὰρ αὐτὴ πολιτεία καὶ τότε ἦν καὶ νῦν, ἀριστοκρατία, ἐν ἣ νῦν τε πολιτευόμεθα καὶ τὸν ἀεὶ χρόνον ἐξ ἐκείνου ὡς τὰ πολλά. καλεῖ δὲ ὁ μὲν αὐτὴν [238d] δημοκρατίαν, ὁ δὲ ἄλλο, ᾧ ἂν χαίρη, ἔστι δὲ τῇ ἀληθείᾳ μετ' εὐδοξίας πλήθους ἀριστοκρατία. βασιλῆς μὲν γὰρ ἀεὶ ἡμῖν εἰσιν: οὗτοι δὲ τοτὲ μὲν ἐκ γένους, τοτὲ δὲ αἰρετοί: ἐγκρατὲς δὲ τῆς πόλεως τὰ πολλά τὸ πλῆθος, τὰς δὲ ἀρχὰς δίδωσι καὶ κράτος τοῖς ἀεὶ δόξασιν ἀρίστοις εἶναι, καὶ οὔτε ἀσθενείᾳ οὔτε πενίᾳ οὔτ' ἀγνωσίᾳ πατέρων ἀπελήλათαι οὐδεὶς οὐδὲ τοῖς ἐναντίοις τετίμηται, ὥσπερ ἐν ἄλλαις πόλεσιν, ἀλλὰ εἷς ὅρος, ὁ δόξας σοφὸς ἢ ἀγαθὸς εἶναι κρατεῖ καὶ ἄρχει. [238e] αἰτία δὲ ἡμῖν τῆς πολιτείας ταύτης ἡ ἐξ ἴσου γένεσις. αἱ μὲν γὰρ ἄλλαι πόλεις ἐκ παντοδαπῶν κατεσκευασμέναι ἀνθρώπων εἰσὶ καὶ ἀνωμάτων, ὥστε αὐτῶν ἀνώμαλοι καὶ αἱ πολιτεῖαι, τυραννίδες τε καὶ ὀλιγαρχίαι: οἰκοῦσιν

οὖν ἔνιοι μὲν δούλους, οἱ δὲ δεσπότας ἀλλήλους νομίζοντες: ἡμεῖς δὲ καὶ οἱ ἡμέτεροι, [239a] μιᾷ μητρὸς πάντες ἀδελφοὶ φύντες, οὐκ ἀξιοῦμεν δοῦλοι οὐδὲ δεσπότης ἀλλήλων εἶναι, ἀλλ' ἡ ἰσογονία ἡμᾶς ἢ κατὰ φύσιν ἰσονομίαν ἀναγκάζει ζητεῖν κατὰ νόμον, καὶ μηδενὶ ἄλλω ὑπέικειν ἀλλήλοις ἢ ἀρετῆς δόξῃ καὶ φρονήσεως.

ὅθεν δὴ ἐν πάσῃ ἐλευθερίᾳ τεθραμμένοι οἱ τῶνδ' γε πατέρες καὶ οἱ ἡμέτεροι καὶ αὐτοὶ οὗτοι, καὶ καλῶς φύντες, πολλὰ δὴ καὶ καλὰ ἔργα ἀπεφύησαντο εἰς πάντας ἀνθρώπους [239b] καὶ ἰδίᾳ καὶ δημοσίᾳ, οἴομενοι δεῖν ὑπὲρ τῆς ἐλευθερίας καὶ Ἑλλήσιν ὑπὲρ Ἑλλήνων μάχεσθαι καὶ βαρβάροις ὑπὲρ ἀπάντων τῶν Ἑλλήνων. Εὐμόλπου μὲν οὖν καὶ Ἀμαζόνων ἐπιστρατευσάντων ἐπὶ τὴν χώραν καὶ τῶν ἔτι προτέρων ὡς ἡμύναντο, καὶ ὡς ἤμυναν Ἀργείοις πρὸς Καδμεῖους καὶ Ἡρακλείδαις πρὸς Ἀργεῖους, ὃ τε χρόνος βραχὺς ἀξίως διηγῆσασθαι, ποιηταὶ τε αὐτῶν ἤδη καλῶς τὴν ἀρετὴν ἐν μουσικῇ ὑμνήσαντες εἰς πάντας μεμνηύκασιν: ἐὰν οὖν ἡμεῖς [239c] ἐπιχειρῶμεν τὰ αὐτὰ λόγῳ ψιλῷ κοσμεῖν, τάχ' ἂν δεῦτεροι φαινοίμεθα. ταῦτα μὲν οὖν διὰ ταῦτα δοκεῖ μοι εἶναι, ἐπειδὴ καὶ ἔχει τὴν ἀξίαν: ὧν δὲ οὔτε ποιητὴς πω δόξαν ἀξίαν ἐπ' ἀξίοις λαβὼν ἔχει ἔτι τέ ἐστιν ἐν ἀμνηστία, τούτων περὶ μοι δοκεῖ χρῆναι ἐπιμνησθῆναι ἐπαινοῦντά τε καὶ προμνύμενον ἄλλοις ἐς ὧδ' αὖτε καὶ τὴν ἄλλην ποίησιν αὐτὰ θεῖναι πρεπόντως τῶν πραξάντων. ἔστιν δὲ τούτων ὧν λέγω [239d] πρῶτα: Πέρσας ἡγουμένους τῆς Ἀσίας καὶ δουλουμένους τὴν Εὐρώπην ἔσχον οἱ τῆσδε τῆς χώρας ἔκγονοι, γονῆς δὲ ἡμέτεροι, ὧν καὶ δίκαιον καὶ χρὴ πρῶτον μεμνημένους ἐπαινεῖσαι αὐτῶν τὴν ἀρετὴν. δεῖ δὴ αὐτὴν ἰδεῖν, εἰ μέλλει τις καλῶς ἐπαινεῖν, ἐν ἐκείνῳ τῷ χρόνῳ γενόμενον λόγῳ, ὅτε πᾶσα μὲν ἡ Ἀσία ἐδούλευε τρίτῳ ἤδη βασιλεῖ, ὧν ὁ μὲν πρῶτος Κῦρος ἐλευθερώσας Πέρσας τοὺς αὐτοῦ πολίτας τῷ αὐτοῦ φρονήματι [239e] ἅμα καὶ τοὺς δεσπότας Μήδους ἐδουλώσατο καὶ τῆς ἄλλης Ἀσίας μέχρι Αἰγύπτου ἤρξεν, ὁ δὲ υἱὸς Αἰγύπτου τε καὶ Λιβύης ὅσον οἶόν τ' ἦν ἐπιβαίνειν, τρίτος δὲ Δαρεῖος περὶ μὲν μέχρι Σκυθῶν τὴν ἀρχὴν ὥριστο, ναυσὶ δὲ τῆς τε [240a] θαλάττης ἐκράτει καὶ τῶν νήσων, ὥστε μηδὲ ἀξιοῦν ἀντίπαλον αὐτῷ μηδένα εἶναι: αἱ δὲ γινῶμαι δεδουλωμένοι ἀπάντων ἀνθρώπων ἦσαν: οὕτω πολλὰ καὶ μεγάλα καὶ μάχιστα γένη καταδεδουλωμένη ἦν ἡ Περσῶν ἀρχή. αἰτιασάμενος δὲ Δαρεῖος ἡμᾶς τε καὶ Ἑρετριᾶς, Σάρδεσιν ἐπιβουλευσάμενος,

πέμψας μυριάδας μὲν πεντήκοντα ἓν τε πλοίοις καὶ ναυσίν, ναῦς δὲ τριακοσίας, Δᾶτιν δὲ ἄρχοντα, εἶπεν ἦκειν ἄγοντα Ἑρετριᾶς καὶ Ἀθηναίους, εἰ βούλοιο τὴν [240b] ἑαυτοῦ κεφαλὴν ἔχειν: ὁ δὲ πλεύσας εἰς Ἑρέτριαν ἐπ' ἄνδρας οἱ τῶν τότε Ἑλλήνων ἐν τοῖς εὐδοκιμώτατοι ἦσαν τὰ πρὸς τὸν πόλεμον καὶ οὐκ ὀλίγοι, τούτους ἐχειρώσατο μὲν ἐν τρισὶν ἡμέραις, διηρευνήσατο δὲ αὐτῶν πᾶσαν τὴν χώραν, ἵνα μηδεὶς ἀποφύγοι, τοιοῦτῳ τρόπῳ: ἐπὶ τὰ ὅρια ἐλθόντες τῆς Ἑρετρικῆς οἱ στρατιῶται αὐτοῦ, ἐκ θαλάττης εἰς θάλατταν διαστάντες, συνάψαντες τὰς χεῖρας διήλθον ἅπασαν τὴν [240c] χώραν, ἵν' ἔχοιεν τῷ βασιλεῖ εἰπεῖν ὅτι οὐδεὶς σφᾶς ἀποπεφευγὼς εἴη. τῇ δ' αὐτῇ διανοίᾳ κατηγάγοντο ἐξ Ἑρετρίας εἰς Μαραθῶνα, ὡς ἑτοιμόν σφισιν ὄν καὶ Ἀθηναίους ἐν τῇ αὐτῇ ταύτῃ ἀνάγκῃ ζεύξαντας Ἑρετριεῦσιν ἄγειν. τούτων δὲ τῶν μὲνπραχθέντων, τῶν δ' ἐπιχειρουμένων οὐτ' Ἑρετριεῦσιν ἐβοήθησεν Ἑλλήνων οὐδεὶς οὔτε Ἀθηναίους πλὴν Λακεδαιμονίων οὔτοι δὲ τῇ ὑστεραίᾳ τῆς μάχης ἀφίκοντο οἱ δ' ἄλλοι πάντες ἐκπεπληγμένοι, ἀγαπῶντες τὴν [240d] ἐν τῷ παρόντι σωτηρίαν, ἡσυχίαν ἦγον. ἐν τούτῳ δὴ ἂν τις γενόμενος γνοίῃ οἷοι ἄρα ἐτύγχανον ὄντες τὴν ἀρετὴν οἱ Μαραθῶνι δεξάμενοι τὴν τῶν βαρβάρων δύναμιν καὶ κολασάμενοι τὴν ὑπερηφανίαν ὅλης τῆς Ἀσίας καὶ πρῶτοι στήσαντες τρόπαια τῶν βαρβάρων, ἡγεμόνες καὶ διδάσκαλοι τοῖς ἄλλοις γενόμενοι ὅτι οὐκ ἄμαχος εἴη ἡ Περσῶν δύναμις, ἀλλὰ πᾶν πλῆθος καὶ πᾶς πλοῦτος ἀρετῇ ὑπεῖκει. ἐγὼ μὲν οὖν ἐκείνους [240e] τοὺς ἄνδρας φημὶ οὐ μόνον τῶν σωμάτων τῶν ἡμετέρων πατέρας εἶναι, ἀλλὰ καὶ τῆς ἐλευθερίας τῆς τε ἡμετέρας καὶ συμπάντων τῶν ἐν τῇδε τῇ ἡπείρῳ: εἰς ἐκεῖνο γὰρ τὸ ἔργον ἀποβλέψαντες καὶ τὰς ὑστέρας μάχας ἐτόλμησαν διακινδυνεύειν οἱ Ἕλληνες ὑπὲρ τῆς σωτηρίας, μαθηταὶ τῶν Μαραθῶνι γενόμενοι. τὰ μὲν οὖν ἀριστεῖα τῷ λόγῳ ἐκείνοις ἀναθετέον, [241a] τὰ δὲ δευτερεῖα τοῖς περὶ Σαλαμῖνα καὶ ἐπ' Ἀρτεμισίῳ ναυμαχήσασι καὶ νικήσασι. καὶ γὰρ τούτων τῶν ἀνδρῶν πολλὰ μὲν ἂν τις ἔχοι διελθεῖν, καὶ οἷα ἐπιόντα ὑπέμειναν κατὰ τε γῆν καὶ κατὰ θάλατταν, καὶ ὥς ἡμύναντο ταῦτα: ὁ δέ μοι δοκεῖ καὶ ἐκείνων κάλλιστον εἶναι, τούτου μνησθήσομαι, ὅτι τὸ ἐξῆς ἔργον τοῖς Μαραθῶνι διεπράξαντο. οἱ μὲν γὰρ Μαραθῶνι τοσοῦτον μόνον ἐπέδειξαν τοῖς Ἕλλησιν, ὅτι [241b] κατὰ γῆν οἷόν τε ἀμύνασθαι τοὺς βαρβάρους ὀλίγοις πολλοῦς, ναυσὶ δὲ ἔτι ἤν ἄδηλον καὶ δόξαν εἶχον Πέρσαι ἄμαχοι εἶναι κατὰ θάλατταν καὶ πλήθει καὶ

πλούτῳ καὶ τέχνῃ καὶ ῥώμῃ: τοῦτο δὴ ἄξιον ἐπαινεῖν τῶν ἀνδρῶν τῶν τότε ναυμαχησάντων, ὅτι τὸν ἐχόμενον φόβον διέλυσαν τῶν Ἑλλήνων καὶ ἔπαυσαν φοβουμένους πλῆθος νεῶν τε καὶ ἀνδρῶν. ὑπ' ἀμφοτέρων δὴ συμβαίνει, τῶν τε Μαραθῶνι μαχεσαμένων καὶ τῶν ἐν [241c] Σαλαμῖνι ναυμαχησάντων, παιδευθῆναι τοὺς ἄλλους Ἕλληνας, ὑπὸ μὲν τῶν κατὰ γῆν, ὑπὸ δὲ τῶν κατὰ θάλατταν μαθόντας καὶ ἐθισθέντας μὴ φοβεῖσθαι τοὺς βαρβάρους. τρίτον δὲ λέγω τὸ ἐν Πλαταιαῖς ἔργον καὶ ἀριθμῷ καὶ ἀρετῇ γενέσθαι τῆς Ἑλληνικῆς σωτηρίας, κοινὸν ἤδη τοῦτο Λακεδαιμονίων τε καὶ Ἀθηναίων. τὸ μὲν οὖν μέγιστον καὶ χαλεπώτατον οὗτοι πάντες ἡμύναντο, καὶ διὰ ταύτην τὴν ἀρετὴν νῦν τε ὑφ' ἡμῶν ἐγκωμιάζονται καὶ εἰς τὸν ἔπειτα [241d] χρόνον ὑπὸ τῶν ὕστερον: μετὰ δὲ τοῦτο πολλαὶ μὲν πόλεις τῶν Ἑλλήνων ἔτι ἦσαν μετὰ τοῦ βαρβάρου, αὐτὸς δὲ ἡγγέλλετο βασιλεὺς διανοεῖσθαι ὡς ἐπιχειρήσων πάλιν ἐπὶ τοὺς Ἕλληνας. δίκαιον δὴ καὶ τούτων ἡμᾶς ἐπιμνησθῆναι, οἱ τοῖς τῶν προτέρων ἔργοις τέλος τῆς σωτηρίας ἐπέθεσαν ἀνακαθηράμενοι καὶ ἐξελάσαντες πᾶν τὸ βάρβαρον ἐκ τῆς θαλάττης. ἦσαν δὲ οὗτοι οἱ τε ἐπ' Εὐρυμέδοντι ναυμαχίσαντες [241e] καὶ οἱ εἰς Κύπρον στρατεύσαντες καὶ οἱ εἰς Αἴγυπτον πλεύσαντες καὶ ἄλλοσε πολλαχόσε, ὧν χρὴ μεμνήσθαι καὶ χάριν αὐτοῖς εἰδέναι, ὅτι βασιλεῖα ἐποίησαν δείσαντα τῇ ἑαυτοῦ σωτηρίᾳ τὸν νοῦν προσέχειν, ἀλλὰ μὴ τῇ τῶν Ἑλλήνων ἐπιβουλεύειν φθορᾷ.

καὶ οὗτος μὲν δὴ πάσῃ τῇ πόλει διηντλήθη ὁ πόλεμος ὑπὲρ [242a] ἑαυτῶν τε καὶ τῶν ἄλλων ὁμοφώνων πρὸς τοὺς βαρβάρους: εἰρήνης δὲ γενομένης καὶ τῆς πόλεως τιμωμένης ἦλθεν ἐπ' αὐτήν, ὃ δὴ φιλεῖ ἐκ τῶν ἀνθρώπων τοῖς εὖ πράττουσι προσπίπτειν, πρῶτον μὲν ζῆλος, ἀπὸ ζήλου δὲ φθόνος: ὃ καὶ τήνδε τὴν πόλιν ἄκουσαν ἐν πολέμῳ τοῖς Ἕλλησι κατέστησεν. μετὰ δὲ τοῦτο γενομένου πολέμου, συνέβαλον μὲν ἐν Τανάγρα ὑπὲρ τῆς Βοιωτῶν ἐλευθερίας Λακεδαιμονίοις [242b] μαχόμενοι, ἀμφισβητησίμου δὲ τῆς μάχης γενομένης, διέκρινε τὸ ὕστερον ἔργον: οἱ μὲν γὰρ ὥχοντο ἀπιόντες, καταλιπόντες [Βοιωτοὺς] οἷς ἐβοήθουν, οἱ δ' ἡμέτεροι τρίτῃ ἡμέρᾳ ἐν Οἰνοφύτοις νικήσαντες τοὺς ἀδίκως φεύγοντας δικαίως κατήγαγον. οὗτοι δὴ πρῶτοι μετὰ τὸν Περσικὸν πόλεμον, Ἕλλησιν ἤδη ὑπὲρ τῆς ἐλευθερίας βοηθοῦντες πρὸς Ἕλληνας, ἄνδρες ἀγαθοὶ [242c] γενόμενοι καὶ ἐλευθερώσαντες οἷς ἐβοήθουν, ἐν τῷδε τῷ

μνήματι τιμηθέντες ὑπὸ τῆς πόλεως πρῶτοι ἐτέθησαν. μετὰ δὲ ταῦτα πολλοῦ πολέμου γενομένου, καὶ πάντων τῶν Ἑλλήνων ἐπιστρατευσάντων καὶ τεμόντων τὴν χώραν καὶ ἀναξίαν χάριν ἐκτινόντων τῇ πόλει, νικήσαντες αὐτοὺς ναυμαχία οἱ ἡμέτεροι καὶ λαβόντες αὐτῶν τοὺς ἡγεμόνας Λακεδαιμονίους ἐν τῇ Σφαγία, ἐξὸν αὐτοῖς διαφθεῖραι ἐφείσαντο [242d] καὶ ἀπέδοσαν καὶ εἰρήνην ἐποίησαντο, ἡγούμενοι πρὸς μὲν τὸ ὁμόφυλον μέχρι νίκης δεῖν πολεμεῖν, καὶ μὴ δι' ὀργὴν ἰδίαν πόλεως τὸ κοινὸν τῶν Ἑλλήνων διολλύναι, πρὸς δὲ τοὺς βαρβάρους μέχρι διαφθορᾶς. τούτους δὴ ἄξιον ἐπαινέσαι τοὺς ἄνδρας, οἱ τοῦτον τὸν πόλεμον πολεμήσαντες ἐνθάδε κεῖνται, ὅτι ἐπέδειξαν, εἴ τις ἄρα ἡμφεσβήτει ὥς ἐν τῷ προτέρῳ πολέμῳ τῷ πρὸς τοὺς βαρβάρους ἄλλοι τινὲς εἶεν ἀμείνους Ἀθηναίων, ὅτι οὐκ ἄληθῇ ἀμφισβητοῖεν: οὗτοι [242e] γὰρ ἐνταῦθα ἔδειξαν, στασιασάσης τῆς Ἑλλάδος περιγενόμενοι τῷ πολέμῳ, τοὺς προεστῶτας τῶν ἄλλων Ἑλλήνων χειρωσάμενοι, μεθ' ὧν τότε τοὺς βαρβάρους ἐνίκων κοινῇ, τούτους νικῶντες ἰδίᾳ. τρίτος δὲ πόλεμος μετὰ ταύτην τὴν εἰρήνην ἀνέλπιστός τε καὶ δεινὸς ἐγένετο, ἐν ᾧ πολλοὶ καὶ ἀγαθοὶ τελευτήσαντες ἐνθάδε κεῖνται, πολλοὶ μὲν ἀμφὶ Σικελίαν [243a] πλεῖστα τρόπαια στήσαντες ὑπὲρ τῆς Λεοντίνων ἐλευθερίας, οἷς βοηθοῦντες διὰ τοὺς ὄρκους ἔπλευσαν εἰς ἐκείνους τοὺς τόπους, διὰ δὲ μῆκος τοῦ πλοῦ εἰς ἀπορίαν τῆς πόλεως καταστάσης καὶ οὐ δυναμένης αὐτοῖς ὑπηρετεῖν, τούτῳ ἀπειπόντες ἐδυστύχησαν: ὧν οἱ ἐχθροὶ καὶ προσπολεμήσαντες πλείω ἔπαινον ἔχουσι σωφροσύνης καὶ ἀρετῆς ἢ τῶν ἄλλων οἱ φίλοι: πολλοὶ δ' ἐν ταῖς ναυμαχίαις ταῖς καθ' Ἑλλήσποντον, μιᾷ μὲν ἡμέρᾳ πάσας τὰς τῶν πολεμίων [243b] ἐλόντες ναῦς, πολλὰς δὲ καὶ ἄλλας νικήσαντες: ὁ δ' εἶπον δεινὸν καὶ ἀνέλπιστον τοῦ πολέμου γενέσθαι, τότε λέγω τὸ εἰς τοσοῦτον φιλονικίας ἐλθεῖν πρὸς τὴν πόλιν τοὺς ἄλλους Ἕλληνας, ὥστε τολμῆσαι τῷ ἐχθίστῳ ἐπικηρυκεῦσασθαι βασιλεῖ, ὃν κοινῇ ἐξέβαλον μεθ' ἡμῶν, ἰδίᾳ τοῦτον πάλιν ἐπάγεσθαι, βάρβαρον ἐφ' Ἕλληνας, καὶ συναθροῖσαι ἐπὶ τὴν πόλιν πάντας Ἕλληνας τε καὶ βαρβάρους. οὗ δὴ καὶ [243c] ἐκφανὴς ἐγένετο ἡ τῆς πόλεως ρώμη τε καὶ ἀρετή. οἰομένων γὰρ ἤδη αὐτὴν καταπεπολεμηῖσθαι καὶ ἀπειλημμένων ἐν Μυτιλήνῃ τῶν νεῶν, βοηθήσαντες ἐξήκοντα ναυσίν, αὐτοὶ ἐμβάντες εἰς τὰς ναῦς, καὶ ἄνδρες γενόμενοι ὁμολογουμένως ἄριστοι, νικήσαντες μὲν τοὺς πολεμίους, λυσάμενοι δὲ τοὺς φιλίους, ἀναξίου τύχης τυχόντες, οὐκ ἀναιρεθέντες ἐκ τῆς

τε ἐπιστήμη χωριζομένη [247a] δικαιοσύνης καὶ τῆς ἄλλης ἀρετῆς πανουργία, οὐ σοφία φαίνεται. ὧν ἕνεκα καὶ πρῶτον καὶ ὕστατον καὶ διὰ παντὸς πᾶσαν πάντως προθυμίαν πειρᾶσθε ἔχειν ὅπως μάλιστα μὲν ὑπερβαλεῖσθε καὶ ἡμᾶς καὶ τοὺς πρόσθεν εὐκλεία: εἰ δὲ μή, ἴστε ὥς ἡμῖν, ἂν μὲν νικῶμεν ὑμᾶς ἀρετῇ, ἡ νίκη αἰσχύνῃν φέρει, ἡ δὲ ἦττα, ἔαν ἡττώμεθα, εὐδαιμονίαν. μάλιστα δ' ἂν νικῶμεθα καὶ ὑμεῖς νικῶντες, εἰ παρασκευάσαισθε τῇ τῶν [247b] προγόνων δόξῃ μὴ καταχρησόμενοι μηδ' ἀναλώσοντες αὐτήν, γνόντες ὅτι ἀνδρὶ οἰομένῳ τί εἶναι οὐκ ἔστιν αἴσχιον οὐδὲν ἢ παρέχειν ἑαυτὸν τιμώμενον μὴ δι' ἑαυτὸν ἀλλὰ διὰ δόξαν προγόνων. εἶναι μὲν γὰρ τιμὰς γονέων ἐκγόνοις καλὸς θησαυρὸς καὶ μεγαλοπρεπής: χρῆσθαι δὲ καὶ χρημάτων καὶ τιμῶν θησαυρῷ, καὶ μὴ τοῖς ἐκγόνοις παραδιδόναι, αἰσχρὸν καὶ ἄνανδρον, ἀπορία ἰδίων αὐτοῦ κτημάτων τε καὶ εὐδοξιῶν. [247c] καὶ ἔαν μὲν ταῦτα ἐπιτηδεύσητε, φίλοι παρὰ φίλους ἡμᾶς ἀφίξεσθε, ὅταν ὑμᾶς ἡ προσήκουσα μοῖρα κομίση: ἀμελήσαντας δὲ ὑμᾶς καὶ κακισθέντας οὐδεὶς εὐμενῶς ὑποδέξεται. τοῖς μὲν οὖν παισὶ ταῦτ' εἰρήσθω.

πατέρας δὲ ἡμῶν, οἷς εἰσί, καὶ μητέρας αἰεὶ χρὴ παραμυθεῖσθαι ὥς ῥᾶστα φέρειν τὴν συμφορὰν, ἔαν ἄρα συμβῇ γενέσθαι, καὶ μὴ συνοδύρεσθαι οὐ γὰρ τοῦ λυπήσοντος [247d] προσδεήσονται: ἱκανὴ γὰρ ἔσται καὶ ἡ γενομένη τύχη τοῦτο πορίζειν ἄλλ' ἰωμένους καὶ πρᾶυνοντας ἀναμνησκείν αὐτοὺς ὅτι ὧν ἠῦχοντο τὰ μέγιστα αὐτοῖς οἱ θεοὶ ἐπήκοοι γεγονάσιν. οὐ γὰρ ἀθανάτους σφίσι παῖδας ἠῦχοντο γενέσθαι ἄλλ' ἀγαθοὺς καὶ εὐκλεεῖς, ὧν ἔτυχον, μεγίστων ἀγαθῶν ὄντων: πάντα δὲ οὐ ῥᾶδιον θνητῷ ἀνδρὶ κατὰ νοῦν ἐν τῷ ἑαυτοῦ βίῳ ἐκβαίνειν. καὶ φέροντες μὲν ἀνδρείως τὰς συμφορὰς δόξουσι τῷ ὄντι ἀνδρείων παίδων πατέρες εἶναι [247e] καὶ αὐτοὶ τοιοῦτοι, ὑπέκοντες δὲ ὑποψίαν παρέξουσιν ἢ μὴ ἡμέτεροι εἶναι ἢ ἡμῶν τοὺς ἐπαινοῦντας καταψεύδεσθαι: χρὴ δὲ οὐδέτερα τούτων, ἀλλ' ἐκείνους μάλιστα ἡμῶν ἐπαινέτας εἶναι ἔργῳ, παρέχοντας αὐτοὺς φαινομένους τῷ ὄντι πατέρας ὄντας ἀνδρας ἀνδρῶν. πάλοι γὰρ δὴ τὸ μηδὲν ἄγαν λεγόμενον καλῶς δοκεῖ λέγεσθαι: τῷ γὰρ ὄντι εὖ λέγεται. ὅτῳ γὰρ ἀνδρὶ εἰς ἑαυτὸν ἀνήρηται πάντα τὰ πρὸς εὐδαιμονίαν [248a] φέροντα ἢ ἐγγὺς τούτου, καὶ μὴ ἐν ἄλλοις ἀνθρώποις αἰωρεῖται ἐξ ὧν ἢ εὖ ἢ κακῶς πραξάντων πλανᾶσθαι ἠνάγκασται καὶ τὰ ἐκείνου, τούτῳ ἄριστα παρεσκευάσται ζῆν, οὗτός

ἐστὶν ὁ σώφρων καὶ οὗτος ὁ ἀνδρεῖος καὶ φρόνιμος: οὗτος γιγνομένων χρημάτων καὶ παίδων καὶ διαφθειρομένων μάλιστα πείσεται τῇ παροιμίᾳ: οὔτε γὰρ χαίρων οὔτε λυπούμενος ἄγαν φανήσεται διὰ τὸ αὐτῷ πεποιθέναι. τοιούτους [248b] δὲ ἡμεῖς γε ἀξιούμεν καὶ τοὺς ἡμετέρους εἶναι καὶ βουλόμεθα καὶ φαμέν, καὶ ἡμᾶς αὐτοὺς νῦν παρέχομεν τοιούτους, οὐκ ἀγανακτοῦντας οὐδὲ φοβουμένους ἄγαν εἰ δεῖ τελευτᾶν ἐν τῷ παρόντι.

δεόμεθα δὴ καὶ πατέρων καὶ μητέρων τῇ αὐτῇ ταύτῃ διανοίᾳ χρωμένους τὸν ἐπίλοιπον βίον διάγειν, καὶ εἰδέναι ὅτι οὐ θρηνοῦντες οὐδὲ ὀλοφυρόμενοι ἡμᾶς ἡμῖν μάλιστα χαριοῦνται, ἀλλ' εἴ τις ἔστι τοῖς τετελευτηκόσιν αἰσθησις [248c] τῶν ζώντων, οὕτως ἀχάριστοι εἶεν ἂν μάλιστα, ἐαυτοὺς τε κακοῦντες καὶ βαρέως φέροντες τὰς συμφοράς: κούφως δὲ καὶ μετρίως μάλιστ' ἂν χαρίζοντο. τὰ μὲν γὰρ ἡμέτερα τελευτὴν ἤδη ἔξει ἥπερ καλλίστη γίγνεται ἀνθρώποις, ὥστε πρέπει αὐτὰ μᾶλλον κοσμεῖν ἢ θρηνεῖν: γυναικῶν δὲ τῶν ἡμετέρων καὶ παίδων ἐπιμελούμενοι καὶ τρέφοντες καὶ ἐνταῦθα τὸν νοῦν τρέποντες τῆς τε τύχης μάλιστ' ἂν εἶεν ἐν λήθῃ καὶ [248d] ζῶεν κάλλιον καὶ ὀρθότερον καὶ ἡμῖν προσφιλέστερον. ταῦτα δὴ ἱκανὰ τοῖς ἡμετέροις παρ' ἡμῶν ἀγγέλλειν: τῇ δὲ πόλει παρακελευοίμεθ' ἂν ὅπως ἡμῖν καὶ πατέρων καὶ υἱῶν ἐπιμελήσονται, τοὺς μὲν παιδεύοντες κοσμίως, τοὺς δὲ γηροτροφοῦντες ἀξίως: νῦν δὲ ἴσμεν ὅτι καὶ ἐὰν μὴ ἡμεῖς παρακελευώμεθα, ἱκανῶς ἐπιμελήσεται.

ταῦτα οὖν, ὧ παῖδες καὶ γονεῖς τῶν τελευτησάντων, ἐκεῖνοί [248e] τε ἐπέσκηπτον ἡμῖν ἀπαγγέλλειν, καὶ ἐγὼ ὥς δύναμαι προθυμότερα ἀπαγγέλλω: καὶ αὐτὸς δέομαι ὑπὲρ ἐκείνων, τῶν μὲν μιμεῖσθαι τοὺς αὐτῶν, τῶν δὲ θαρρεῖν ὑπὲρ αὐτῶν, ὥς ἡμῶν καὶ ἰδίᾳ καὶ δημοσίᾳ γηροτροφησόντων ὑμᾶς καὶ ἐπιμελησομένων, ὅπου ἂν ἕκαστος ἐκάστῳ ἐντυγχάνῃ ὀφιοῦν τῶν ἐκείνων. τῆς δὲ πόλεως ἵστε που καὶ αὐτοὶ τὴν ἐπιμέλειαν, ὅτι νόμους θεμένη περὶ τοὺς τῶν ἐν τῷ πολέμῳ τελευτησάντων παῖδας τε καὶ γεννήτορας ἐπιμελεῖται, καὶ διαφερόντως [249a] τῶν ἄλλων πολιτῶν προστέτακται φυλάττειν ἀρχῇ ἥπερ μεγίστη ἐστίν, ὅπως ἂν οἱ τούτων μὴ ἀδικῶνται πατέρες τε καὶ μητέρες: τοὺς δὲ παῖδας συνεκτρέφει αὐτῇ, προθυμουμένη ὅτι μάλιστ' ἄδηλον αὐτοῖς τὴν ὀρφανίαν γενέσθαι, ἐν πατρὸς σχήματι καταστᾶσα αὐτοῖς αὐτὴ ἔτι τε παισὶν οὖσιν, καὶ ἐπειδὴν εἰς ἀνδρὸς

[249d]

οὕτως σοι ὁ λόγος, ὦ Μενέξενε, Ἀσπασίας τῆς Μιλησίας ἐστίν.

Μενέξενος: νῆ Δία, ὦ Σώκρατες, μακαρίαν γε λέγεις τὴν Ἀσπασίαν, εἰ γυνὴ οὕσα τοιοῦτους λόγους οἷα τ' ἐστὶ συντιθέναι.

Σωκράτης: ἀλλ' εἰ μὴ πιστεύεις, ἀκολουθεῖ μετ' ἐμοῦ, καὶ ἀκούσῃ αὐτῆς λεγούσης.

Μενέξενος: πολλάκις, ὦ Σώκρατες, ἐγὼ ἐντετύχηκα Ἀσπασίᾳ, καὶ οἶδα οἷα ἐστίν.

Σωκράτης: τί οὖν; οὐκ ἄγασαι αὐτὴν καὶ νῦν χάριν ἔχεις τοῦ λόγου αὐτῆς;

Μενέξενος: καὶ πολλήν γε, ὦ Σώκρατες, ἐγὼ χάριν ἔχω τούτου [249e] τοῦ λόγου ἐκείνῃ ἢ ἐκείνῳ ὅστις σοι ὁ εἰπὼν ἐστὶν αὐτόν: καὶ πρὸς γε ἄλλων πολλῶν χάριν ἔχω τῷ εἰπόντι.

Σωκράτης: εὖ ἂν ἔχοι: ἀλλ' ὅπως μου μὴ κατερεῖς, ἵνα καὶ αὐθὶς σοι πολλοὺς καὶ καλοὺς λόγους παρ' αὐτῆς πολιτικούς ἀπαγγέλλω.

Μενέξενος: θάρρει, οὐ κατερῶ: μόνον ἀπάγγελλε.

Σωκράτης: ἀλλὰ ταῦτ' ἔσται.

SYMPOSIUM

Ἀπολλόδωρος

I. [172 a] Δοκῶ μοι περὶ ὧν πυνθάνεσθε οὐκ ἀμελέτητος εἶναι· καὶ γὰρ ἐτύγχανον πρῶην εἰς ἄστν οἴκοθεν ἀνίων Φαληρόθεν· τῶν οὖν γνωρίμων τις ὀπισθεν κατιδὼν με πόρρωθεν ἐκάλεσε, καὶ παίζων ἅμα τῇ κλήσει· Ὡ Φαληρεὺς, ἔφη, οὗτος Ἀπολλόδωρος, οὐ περιμένεις; κἀγὼ ἐπιστὰς περιέμεινα· καὶ ὅς· Ἀπολλόδωρε, ἔφη, καὶ μὴν καὶ ἔναγχός σε ἐζήτουν βουλόμενος διαπυθέσθαι τὴν Ἀγάθωνος συνουσίαν [172b] καὶ Σωκράτους καὶ Ἀλκιβιάδου καὶ τῶν ἄλλων τῶν τότε ἐν τῷ συνδείπνῳ παραγενομένων, περὶ τῶν ἐρωτικῶν λόγων τίνες ἦσαν· ἄλλος γάρ τις μοι διηγεῖτο ἀκηκοὺς Φοίνικος τοῦ Φιλίππου· ἔφη δὲ καὶ σὲ εἰδέναι. ἀλλὰ γὰρ οὐδὲν εἶχε σαφὲς λέγειν· σὺ οὖν μοι διήγησαι· δικαιοτάτος γὰρ εἶ τοὺς τοῦ ἐταίρου λόγους ἀπαγγέλλειν· πρότερον δέ μοι, ἢ δ' ὅς, εἶπέ· σὺ αὐτὸς παρεγένου τῇ συνουσίᾳ ταύτῃ ἢ οὐ; κἀγὼ εἶπον ὅτι· Παντάπασιν ἔοικέ σοι οὐδὲν διηγεῖσθαι [172c] σαφὲς ὁ διηγούμενος, εἰ νεωστὶ ἡγεῖ τὴν συνουσίαν γεγονέναι ταύτην ἣν ἐρωτᾷς, ὥστε καὶ ἐμὲ παραγενέσθαι. Ἐ γωγε δὴ . Πόθεν, ἦν δ' ἐγὼ, ὦ Γλαύκων; οὐκ οἶσθ' ὅτι πολλῶν ἐτῶν Ἀγάθων ἐνθάδε οὐκ ἐπιδεδήμηκεν; ἀφ' οὗ δ' ἐγὼ Σωκράτει συνδιατρίβω καὶ ἐπιμελὲς πεποιήμαι ἐκάστης ἡμέρας εἰδέναι ὅτι ἂν λέγῃ ἢ πράττῃ οὐδέπω τρία ἔτη ἐστίν; [173a] πρὸ τοῦ δὲ περιτρέχων ὅπῃ τύχοιμι καὶ οἰόμενος τί ποιεῖν ἀθλιώτερος ἢ ὅτουοῦν, οὐχ ἦττον ἢ σὺ νυνί, οἰόμενος δεῖν πάντα μᾶλλον πράττειν ἢ φιλοσοφεῖν. καὶ ὅς· Μὴ σκῶπτ', ἔφη, ἀλλ' εἰπέ μοι πότε ἐγένετο ἡ συνουσία αὕτη. κἀγὼ εἶπον ὅτι· Παίδων ὄντων ἡμῶν ἔτι, ὅτε τῇ πρώτῃ τραγωδίᾳ ἐνίκησεν Ἀγάθων, τῇ ὑστεραίᾳ ἢ ἢ τὰ ἐπινίκια ἔθυσεν αὐτὸς τε καὶ οἱ χορευταί. Πάνυ, ἔφη, ἄρα πάλοι, ὡς ἔοικεν. ἀλλὰ τίς σοι διηγεῖτο; ἢ αὐτὸς Σωκράτης; [173b] Οὐ μὰ τὸν Δία, ἦν δ' ἐγὼ, ἀλλ' ὅσπερ Φοίνικι· Ἀριστόδημος ἦν τις, Κυδαθηναεὺς, σμικρὸς, ἀνυπόδητος ἀεὶ· παρεγγόνει δ' ἐν τῇ συνουσίᾳ, Σωκράτους ἐραστής ὢν ἐν τοῖς μάλιστα τῶν τότε, ὡς ἐμοὶ δοκεῖ. οὐ μέντοι ἀλλὰ καὶ Σωκράτη γε ἔνια ἤδη ἀνηρόμην ὦν ἐκείνου ἤκουσα, καὶ μοι ὠμολόγει καθάπερ ἐκεῖνος διηγεῖτο. Τί οὖν, ἔφη, οὐ διηγῆσω μοι; πάντως δὲ ἡ ὁδὸς ἢ εἰς ἄστν ἐπιτηδεῖα πορευομένοις καὶ λέγειν καὶ ἀκούειν. οὕτω δὴ

ίόντες ἅμα τοὺς λόγους περὶ αὐτῶν ἐποιοῦμεθα, [173c] ὥστε, ὅπερ ἀρχόμενος εἶπον, οὐκ ἀμελετήτως ἔχω. εἰ οὖν δεῖ καὶ ὑμῖν διηγήσασθαι, ταῦτα χρή ποιεῖν. καὶ γὰρ ἔγωγε καὶ ἄλλως, ὅταν μὲν τινὰς περὶ φιλοσοφίας λόγους ἢ αὐτὸς ποιῶμαι ἢ ἄλλων ἀκούω, χωρὶς τοῦ οἶεσθαι ὠφελεῖσθαι ὑπερφυῶς ὡς χαίρω· ὅταν δὲ ἄλλους τινὰς, ἄλλως τε καὶ τοὺς ὑμετέρους τοὺς τῶν πλουσίων καὶ χρηματιστικῶν, αὐτὸς τε ἄχθομαι ὑμᾶς τε τοὺς ἐταίρους ἐλεῶ, ὅτι οἶεσθε τί ποιεῖν [173d] οὐδὲν ποιοῦντες. καὶ ἴσως αὖ ὑμεῖς ἐμὲ ἡγεῖσθε κακοδαίμονα εἶναι, καὶ οἶομαι ὑμᾶς ἀληθῆ οἶεσθαι· ἐγὼ μέντοι ὑμᾶς οὐκ οἶομαι ἀλλ' εὖ οἶδα.

Ἐταῖρος

Α εἰ ὅμοιος εἶ, ὦ Ἀπολλόδωρε· ἀεὶ γὰρ σαυτὸν τε κακηγορεῖς καὶ τοὺς ἄλλους, καὶ δοκεῖς μοι ἀτεχνῶς πάντα ἀθλίους ἡγεῖσθαι πλὴν Σωκράτους, ἀπὸ σαυτοῦ ἀρξάμενος. καὶ ὁπόθεν ποτὲ ταύτην τὴν ἐπωνυμίαν ἔλαβες τὸ μαλακὸς καλεῖσθαι, οὐκ οἶδα ἔγωγε· ἐν μὲν γὰρ τοῖς λόγοις ἀεὶ τοιοῦτος εἶ· σαυτῷ τε καὶ τοῖς ἄλλοις ἀγριαίνεις πλὴν Σωκράτους.

Ἀπολλόδωρος

[173 e] ὦ φίλτατε, καὶ δηλὸν γε δὴ ὅτι οὕτω διανοούμενος καὶ περὶ ἑμαυτοῦ καὶ περὶ ὑμῶν μαίνομαι καὶ παραπαίω.

Ἐταῖρος

Οὐκ ἄξιον περὶ τούτων, Ἀπολλόδωρε, νῦν ἐρίζειν· ἀλλ' ὅπερ ἐδεόμεθά σου, μὴ ἄλλως ποιήσης, ἀλλὰ διήγησαι τίνες ἦσαν οἱ λόγοι.

Ἀπολλόδωρος

Ἥσαν τοῖνυν ἐκεῖνοι τοιοῖδε τινές· μᾶλλον δ' [174a] ἐξ ἀρχῆς ὑμῖν ὥς ἐκεῖνος διηγεῖτο καὶ ἐγὼ πειράσομαι διηγήσασθαι.

II. Ἐφη γὰρ οἱ Σωκράτη ἐντυχεῖν λελουμένον τε καὶ τὰς βλαύτας ὑποδεδεμένον, ἃ ἐκεῖνος ὀλιγάκις ἐποiei· καὶ ἐρέσθαι αὐτὸν ὅποι ἴοι οὕτω καλὸς γεγεννημένος. καὶ τὸν εἰπεῖν ὅτι· Ἐ πὶ δεῖπνον εἰς Ἀγάθωνος. χθὲς γὰρ αὐτὸν διέφυγον τοῖς ἐπινικίοις, φοβηθεῖς τὸν

ὄχλον· ὠμολόγησα δ' εἰς τήμερον παρέσεσθαι. ταῦτα δὴ ἐκαλλωπισάμην, ἵνα καλὸς παρὰ καλὸν ἴω. ἀλλὰ σύ, ἦ δ' ὅς, πῶς [174b] ἔχεις πρὸς τὸ ἐθέλγειν ἂν ἰέναι ἄκλητος ἐπὶ δεῖπνον; καὶ γὰρ, ἔφη, εἶπον ὅτι οὕτως ὅπως ἂν σὺ κελεύῃς. Ἔπου τοίνυν, ἔφη, ἵνα καὶ τὴν παροιμίαν διαφθεῖρωμεν μεταβάλλοντες, ὥς ἄρα καὶ ἀγαθῶν ἐπὶ δαίτας ἴασιν αὐτόματοι ἀγαθοί. Ὅμηρος μὲν γὰρ κινδυνεύει οὐ μόνον διαφθεῖραι ἀλλὰ καὶ ὑβρίσαι εἰς ταύτην τὴν παροιμίαν· ποιήσας γὰρ τὸν Ἀγαμέμνονα διαφερόντως ἀγαθὸν ἄνδρα [174c] τὰ πολεμικά, τὸν δὲ Μενέλεων μαλθακὸν αἰχμητὴν, θυσίαν ποιουμένου καὶ ἐστιῶντος τοῦ Ἀγαμέμνονος ἄκλητον ἐποίησεν ἐλθόντα τὸν Μενέλεων ἐπὶ τὴν θοίνην, χεῖρω ὄντα ἐπὶ τὴν τοῦ ἀμείνωνος. ταῦτ' ἀκούσας εἰπεῖν ἔφη· Ἴσως μέντοι κινδυνεύσω καὶ ἐγὼ οὐχ ὥς σὺ λέγεις, ὦ Σώκρατες, ἀλλὰ καθ' Ὅμηρον φαῦλος ὢν ἐπὶ σοφοῦ ἀνδρὸς ἰέναι θοίνην ἄκλητος. ἄρ' οὖν ἄγων μέ τι ἀπολογήσῃς; ὥς ἐγὼ μὲν οὐχ ὁμολογήσω ἄκλητος [174d] ἦκειν, ἀλλ' ὑπὸ σοῦ κεκλημένος. Σύν τε δὲ, ἔφη, ἐρχομένω πρὸ ὁ τ οὐ βουλευσόμεθα ὅ τι ἐροῦμεν. ἀλλ' ἴωμεν. — Τοιαῦτ' ἄττα σφᾶς ἔφη διαλεχθέντας ἰέναι. τὸν οὖν Σωκράτη ἐαυτῷ πῶς προσέχοντα τὸν νοῦν κατὰ τὴν ὁδὸν πορεύεσθαι ὑπολειπόμενον, καὶ περιμένοντος οὗ κελεύειν προϊέναι εἰς τὸ πρόσθεν. ἐπειδὴ δὲ γενέσθαι ἐπὶ τῇ οἰκίᾳ [174e] τῇ Ἀγάθωνος, ἀνεφωγμένην καταλαμβάνειν τὴν θύραν, καὶ τι ἔφη αὐτόθι γελοῖον παθεῖν. οἱ μὲν γὰρ εὐθὺς παῖδά τινα τῶν ἑνδοθεν ἀπαντήσαντα ἄγειν οὗ κατέκειντο οἱ ἄλλοι, καὶ καταλαμβάνειν ἤδη μέλλοντας δειπνεῖν· εὐθὺς δ' οὖν ὥς ἰδεῖν τὸν Ἀγάθωνα· Ὡ φάναι, Ἀριστόδημε, εἰς καλὸν ἦκεις ὅπως συνδειπνήσης· εἰ δ' ἄλλου τινὸς ἕνεκα ἦλθες, εἰς αὐθις ἀναβαλοῦ, ὥς καὶ χθὲς ζητῶν σε, ἵνα καλέσαιμι, οὐχ οἷός τ' ἦ ἰδεῖν. ἀλλὰ Σωκράτη ἡμῖν πῶς οὐκ ἄγεις; καὶ ἐγὼ, ἔφη, μεταστρεφόμενος οὐδαμοῦ ὁρῶ Σωκράτη ἐπόμενον· εἶπον οὖν ὅτι καὶ αὐτὸς μετὰ Σωκράτους ἦκοιμι, κληθεὶς ὑπ' ἐκείνου δεῦρ' ἐπὶ δεῖπνον. Καλῶς γ', ἔφη, ποιῶν σύ· ἀλλὰ ποῦ ἔστιν οὗτος; [175a] Ὅπισθεν ἐμοῦ ἄρτι εἰσῆει· ἀλλὰ θαυμάζω καὶ αὐτὸς ποῦ ἂν εἴη. Οὐ σκέπη, ἔφη, παῖ, φάναι τὸν Ἀγάθωνα, καὶ εἰσάξεις Σωκράτη; σὺ δ', ἦ δ' ὅς, Ἀριστόδημε, παρ' Ἐρυξίμαχον κατακλίνου.

III. Καὶ ἔ μὲν ἔφη ἀπονίζειν τὸν παῖδα ἵνα κατακέοιτο· ἄλλον δὲ τινα

τῶν παίδων ἤκειν ἀγγέλλοντα ὅτι· Σωκράτης οὗτος ἀναχωρήσας ἐν τῷ τῶν γειτόνων προθύρῳ ἔστηκεν, κάμοῦ καλοῦντος οὐκ ἐθέλει εἰσιέναι. Ἄ τοπόν γ', ἔφη, λέγεις· οὐκ οὐν καλεῖς αὐτὸν καὶ μὴ ἀφήσεις; [175b] καὶ ὃς ἔφη εἰπεῖν Μηδαμῶς, ἀλλ' ἐᾶτε αὐτόν. ἔθος γάρ τι τοῦτ' ἔχει· ἐνίοτε ἀποστάς ὅποι ἂν τύχη ἔστηκεν. ἤξει δ' αὐτίκα, ὥς ἐγὼ οἶμαι. μὴ οὖν κινεῖτε, ἀλλ' ἐᾶτε. Ἀλλ' οὕτω χρὴ ποιεῖν, εἰ σοὶ δοκεῖ, ἔφη φάναι τὸν Ἀγάθωνα. ἀλλ' ἡμᾶς, ὦ παῖδες, τοὺς ἄλλους ἐστιᾶτε. πάντως παρατίθετε ὅτι ἂν βούλησθε, ἐπειδὴν τις ὑμῖν μὴ ἐφεςτήκη· ὁ ἐγὼ οὐδεπώποτε ἐποίησα· νῦν οὖν, νομίζοντες καὶ ἐμὲ ὑφ' ὑμῶν κεκληθῆσθαι ἐπὶ δεῖπνον καὶ τούσδε τοὺς [175c] ἄλλους, θεραπεύετε, ἵν' ὑμᾶς ἐπαινῶμεν. — Μετὰ ταῦτα ἔφη σφᾶς μὲν δειπνεῖν, τὸν δὲ Σωκράτη οὐκ εἰσιέναι. τὸν οὖν Ἀγάθωνα πολλάκις κελεύειν μεταπέμψασθαι τὸν Σωκράτη, ἔδὲ οὐκ ἔαν. ἤκειν οὖν αὐτὸν οὐ πολλὸν χρόνον ὥς εἰώθει διατρίψαντα, ἀλλὰ μάλιστα σφᾶς μεσοῦν δειπνοῦντας. τὸν οὖν Ἀγάθωνα, τυγχάνειν γὰρ ἔσχατον κατακεῖμενον μόνον· Δεῦρ', ἔφη φάναι, Σώκρατες, παρ' ἐμὲ κατάκεισο, ἵνα καὶ τοῦ σοφοῦ ἀπτόμενός σου [175d] ἀπολαύσω, ὃ σοι προσέστη ἐν τοῖς προθύροις. δῆλον γὰρ ὅτι εὖρες αὐτὸ καὶ ἔχεις· οὐ γὰρ ἂν προαπέστης. καὶ τὸν Σωκράτη καθίζεσθαι καὶ εἰπεῖν ὅτι· Εὖ ἂν ἔχοι, φάναι, ὦ Ἀγάθων, εἰ τοιοῦτον εἶη ἡ σοφία ὥστ' ἐκ τοῦ πληρεστέρου εἰς τὸ κενώτερον ῥεῖν ἡμῶν, ἐὰν ἀπτόμεθα ἀλλήλων, ὥσπερ τὸ ἐν ταῖς κύλιξιν ὕδωρ τὸ διὰ τοῦ ἐρίου ῥέον ἐκ τῆς πληρεστέρας εἰς τὴν κενωτέραν. εἰ γὰρ οὕτως ἔχει καὶ ἡ [175e] σοφία, πολλοῦ τιμῶμαι τὴν παρὰ σοὶ κατάκλινιν· οἶμαι γάρ με παρὰ σοῦ πολλῆς καὶ καλῆς σοφίας πληρωθήσεσθαι. ἡ μὲν γὰρ ἐμὴ φαύλη τις ἂν εἴη, ἡ καὶ ἀμφισβητήσιμος, ὥσπερ ὄναρ οὔσα, ἡ δὲ σὴ λαμπρά τε καὶ πολλὴν ἐπίδοσιν ἔχουσα, ἡ γε παρὰ σοῦ νέου ὄντος οὕτω σφόδρα ἐξέλαμψεν καὶ ἐκφανὴς ἐγένετο πρῶτην ἐν μάρτυσι τῶν Ἑλλήνων πλεον ἢ τρισμυρίοις. Ὑβριστὴς εἶ, ἔφη, ὦ Σώκρατες, ὁ Ἀγάθων. καὶ ταῦτα μὲν καὶ ὀλίγον ὕστερον διαδικασόμεθα ἐγὼ τε καὶ σὺ περὶ τῆς σοφίας, δικαστὴ χρώμενοι τῷ Διονύσῳ· νῦν δὲ πρὸς τὸ δεῖπνον πρῶτα τρέπου.

IV. [176a] Μετὰ ταῦτα, ἔφη, κατακλινέντος τοῦ Σωκράτους καὶ δειπνήσαντος καὶ τῶν ἄλλων, σπονδὰς τε σφᾶς ποιήσασθαι, καὶ

ἄσαντας τὸν θεὸν καὶ τᾶλλα τὰ νομιζόμενα, τρέπεσθαι πρὸς τὸν πότον· τὸν οὖν Πausανίαν ἔφη λόγου τοιούτου τινὸς κατάρχειν. Εἶεν, ἄνδρες, φάναι, τίνα τρόπον ῥᾶστα πιόμεθα; ἐγὼ μὲν οὖν λέγω ὑμῖν ὅτι τῷ ὄντι πάννυ χαλεπῶς ἔχω ὑπὸ τοῦ χθὲς πότου καὶ δέομαι ἀναψυχῆς τινὸς ὅς, οἶμαι δὲ καὶ ὑμῶν τοὺς πολλοὺς· παρήστε γὰρ χθὲς — σκοπεῖσθε [176b] οὖν τίνι τρόπῳ ἂν ὡς ῥᾶστα πίνοιμεν· τὸν οὖν Ἀριστοφάνη εἰπεῖν. Τ οὗτο μέντοι εὖ λέγεις, ὦ Πausανία, τὸ παντὶ τρόπῳ παρασκευάσασθαι ῥαστώνην τινὰ τῆς πόσεως· καὶ γὰρ αὐτός εἰμι τῶν χθὲς βεβαπτισμένων. ἀκούσαντα οὖν αὐτῶν ἔφη Ἐρυξίμαχον τὸν Ἀκουμενοῦ. Ἡ καλῶς, φάναι, λέγετε. καὶ ἔτι ἐνὸς δέομαι ὑμῶν ἀκοῦσαι· πῶς ἔχει πρὸς τὸ ἐρρῶσθαι πίνειν, Ἀγάθων; Οὐδαμῶς, φάναι, οὐδ' αὐτὸς ἔρρωμαι. [176c] Ἑρμαῖον ἂν εἴη ἡμῖν, ἧ δ' ὅς, ὡς ἔοικεν, ἐμοί τε καὶ Ἀριστοδήμῳ καὶ Φαίδρῳ καὶ τοῖσδε, εἰ ὑμεῖς οἱ δυνατώτατοι πίνειν νῦν ἀπειρήκατε· ἡμεῖς μὲν γὰρ ἀεὶ ἀδύνατοι. Σωκράτης δ' ἐξαίρῳ λόγου· ἱκανὸς γὰρ καὶ ἀμφοτέρα, ὥστ' ἐξαρκέσει αὐτῷ ὁπότερ' ἂν ποιῶμεν. ἐπειδὴ οὖν μοι δοκεῖ οὐδεὶς τῶν παρόντων προθύμως ἔχειν πρὸς τὸ πολὺν πίνειν οἶνον, ἴσως ἂν ἐγὼ περὶ τοῦ μεθύσκεσθαι, οἷόν ἐστι, τάληθ' ἔλεγον ἦττον ἂν εἴην ἀηδής. ἐμοί γὰρ δὴ τοῦτό γε οἶμαι [176d] κατάδηλον γεγονέναι ἐκ τῆς ἱατρικῆς, ὅτι χαλεπὸν τοῖς ἀνθρώποις ἡ μέθη ἐστί· καὶ οὔτε αὐτὸς ἐκὼν εἶναι πόρρῳ ἐθελήσαιμι ἂν πιεῖν οὔτε ἄλλῳ συμβουλεύσαιμι, ἄλλως τε καὶ κραιπαλῶντα ἔτι ἐκ τῆς προτεραίας. Ἀλλὰ μὴν, ἔφη φάναι ὑπολαβόντα Φαῖδρον τὸν Μυρρρινούσιον, ἐγωγέ σοι εἴωθα πείθεσθαι ἄλλως τε καὶ ἅττ' ἂν περὶ ἱατρικῆς λέγῃς· νῦν δ', ἂν εὖ βουλεύωνται, καὶ οἱ λοιποί. [176e] ταῦτα δὴ ἀκούσαντας συγχωρεῖν πάντας μὴ διὰ μέθης ποιήσασθαι τὴν ἐν τῷ παρόντι συνουσίαν, ἀλλ' οὕτω πίνοντας πρὸς ἡδονήν.

V. Ἐπειδὴ τοίνυν, φάναι τὸν Ἐρυξίμαχον, τοῦτο μὲν δέδοκται, πίνειν ὅσον ἂν ἕκαστος βούληται, ἐπάναγκες δὲ μηδὲν εἶναι, τὸ μετὰ τοῦτο εἰσηγοῦμαι τὴν μὲν ἄρτι εἰσελθοῦσαν αὐλητρίδα χαίρειν ἔαν, αὐλοῦσαν ἑαυτῇ ἢ ἂν βούληται ταῖς γυναῖξι ταῖς ἑνδον, ἡμᾶς δὲ διὰ λόγων ἀλλήλοις συνεῖναι τὸ τήμερον· καὶ δι' οἶων λόγων, εἰ βούλεσθε, ἐθέλω ὑμῖν εἰσηγήσασθαι. [177a] Φάναι δὴ πάντας καὶ βούλεσθαι καὶ κελεύειν αὐτὸν εἰσηγεῖσθαι. εἰπεῖν οὖν τὸν

Ἐρυξίμαχον ὅτι· Ἡ μὲν μοι ἀρχὴ τοῦ λόγου ἐστὶ κατὰ τὴν Εὐριπίδου Μελανίππην· οὐ γὰρ ἐμὸς ὁ μῦθος, ἀλλὰ Φαῖδρου τοῦδε, ὃν μέλλω λέγειν. Φαῖδρος γὰρ ἐκάστοτε πρὸς με ἀγανακτῶν λέγει· Οὐ δεινόν, φησὶν, ὦ Ἐρυξίμαχε, ἄλλοις μὲν τισὶ θεῶν ὕμνους καὶ παίωνας εἶναι ὑπὸ τῶν ποιητῶν πεποιημένους, τῷ δὲ Ἑρωτι, τηλικούτῳ ὄντι καὶ τοσοῦτῳ θεῷ, μηδὲ ἓνα πώποτε τοσοῦτων [177b] γεγονότων ποιητῶν πεποιηκέναι μηδὲν ἐγκώμιον· εἰ δὲ βούλει αὖ σκέψασθαι τοὺς χρηστοὺς σοφιστάς, Ἡρακλέους μὲν καὶ ἄλλων ἐπαίνους καταλογάδην ξυγγράφειν, ὥσπερ ὁ βέλτιστος Πρόδικος· καὶ τοῦτο μὲν ἦττον καὶ θαυμαστόν, ἀλλ' ἐγώ γε ἤδη τινὶ ἐνέτυχον βιβλίῳ ἀνδρὸς σοφοῦ, ἐν ᾧ ἐνήσαν ἅλες ἐπαινὸν θαυμάσιον ἔχοντες πρὸς ὠφέλειαν· καὶ ἄλλα τοιαῦτα [177c] συχνὰ ἴδοις ἂν ἐγκεκωμιασμένα· τὸ οὖν τοιούτων μὲν περὶ πολλὴν σπουδὴν ποιήσασθαι, Ἑρωτα δὲ μηδένα πω ἀνθρώπων τετολμηκέναι εἰς ταυτηνὶ τὴν ἡμέραν ἀξίως ὑμνῆσαι, ἀλλ' οὕτως ἡμέληται τοσοῦτος θεός; ταῦτα δὴ μοι δοκεῖ εὖ λέγειν Φαῖδρος. ἐγὼ οὖν ἐπιθυμῶ ἅμα μὲν τούτῳ ἔρανον εἰσενεγκεῖν καὶ χαρίσασθαι, ἅμα δ' ἐν τῷ παρόντι πρέπον μοι δοκεῖ εἶναι ἡμῖν τοῖς παροῦσι κοσμησαί τὸν θεόν. Εἰ οὖν [177d] ξυνδοκεῖ καὶ ὑμῖν, γένοιτ' ἂν ἡμῖν ἐν λόγοις ἰκανὴ διατριβή· δοκεῖ γάρ μοι χρῆναι ἕκαστον ἡμῶν λόγον εἰπεῖν ἐπαινὸν Ἑρωτος ἐπὶ δεξιᾷ ὡς ἂν δύνηται κάλλιστον, ἄρχειν δὲ Φαῖδρον πρῶτον, ἐπειδὴ καὶ πρῶτος κατάκειται καὶ ἔστιν ἅμα πατὴρ τοῦ λόγου. Οὐδεὶς σοι, ὦ Ἐρυξίμαχε, φάναι τὸν Σωκράτη, ἐναντία ψηφιεῖται. οὔτε γὰρ ἂν που ἐγὼ ἀποφῆσαιμι, ὃς οὐδὲν φημι ἄλλο ἐπίστασθαι ἢ τὰ ἐρωτικά, οὔτε που Ἀγάθων καὶ [177e] Πausanias, οὐδὲ μὴν Ἀριστοφάνης, ᾧ περὶ Διόνυσον καὶ Ἀφροδίτην πᾶσα ἡ διατριβή, οὐδὲ ἄλλος οὐδεὶς τουτωνὶ ὢν ἐγὼ ὁρῶ. καίτοι οὐκ ἐξ ἴσου γίγνεται ἡμῖν τοῖς ὑστάτοις κατακειμένοις· ἀλλ' ἐὰν οἱ πρόσθεν ἰκανῶς καὶ καλῶς εἴπωσιν, ἐξαρκέσει ἡμῖν. ἀλλὰ τύχῃ ἀγαθῇ καταρχέτω Φαῖδρος καὶ ἐγκωμιαζέτω τὸν Ἑρωτα. ταῦτα δὴ καὶ οἱ ἄλλοι πάντες ἄρα ξυνέφασάν τε καὶ [178a] ἐκέλευον ἅπερ ὁ Σωκράτης. πάντων μὲν οὖν ἃ ἕκαστος εἶπεν, οὔτε πάνυ ὁ Ἀριστόδημος ἐμέμνητο οὐτ' αὖ ἐγὼ ἃ ἐκεῖνος ἔλεγε πάντα· ἃ δὲ μάλιστα καὶ ὢν ἐδοξέ μοι ἀξιομνημόνευτον, τούτων ὑμῖν ἐρῶ ἐκάστου τὸν λόγον.

VI. πρῶτον μὲν γάρ, ὥσπερ λέγω, ἔφη Φαῖδρον ἀρξάμενον ἐνθένδε ποθὲν λέγειν, ὅτι μέγας θεὸς εἶη ὁ Ἔρως καὶ θαυμαστὸς ἐν ἀνθρώποις τε καὶ θεοῖς, πολλαχῇ μὲν καὶ ἄλλῃ, οὐχ ἥκιστα δὲ κατὰ τὴν γένεσιν. τὸ γὰρ ἐν τοῖς πρεσβύτατον [178b] εἶναι τῶν θεῶν, τίμιον, ἧ δ' ὅς· τεκμήριον δὲ τούτου· γονῆς γὰρ Ἐρωτος οὐτ' εἰσὶν οὔτε λέγονται ὑπ' οὐδενὸς οὔτε ιδιώτου οὔτε ποιητοῦ, ἀλλ' Ἡσιόδος πρῶτον μὲν Χάος φησὶ γενέσθαι,

... αὐτὰρ ἔπειτα

Γαῖ' εὐρύστερνος, πάντων ἔδος ἀσφαλὲς αἰεὶ, ἡδ' Ἔρος...

φησὶ μετὰ τὸ Χάος δύο τούτω γενέσθαι, Γῆν τε καὶ Ἔρωτα. Παρμενίδης δὲ τὴν γένεσιν λέγει

πρώτιστον μὲν Ἔρωτα θεῶν μητίσατο πάντων.

[178c] Ἡσιόδω δὲ καὶ Ἀκουσίλεως ὁμολογεῖ. οὕτω πολλαχόθεν ὁμολογεῖται ὁ Ἔρως ἐν τοῖς πρεσβύτατος εἶναι. πρεσβύτατος δὲ ὢν μεγίστων ἀγαθῶν ἡμῖν αἰτιὸς ἐστίν. οὐ γὰρ ἔγωγ' ἔχω εἰπεῖν ὅτι μεῖζόν ἐστιν ἀγαθὸν εὐθὺς νέφ' ὄντι ἢ ἐραστῆς χρηστὸς καὶ ἐραστῇ παιδικά. ὁ γὰρ χρὴ ἀνθρώποις ἡγεῖσθαι παντὸς τοῦ βίου τοῖς μέλλουσι καλῶς βιώσεσθαι, τοῦτο οὔτε συγγένεια οἷα τε ἐμποιεῖν οὕτω καλῶς οὔτε τιμαὶ οὔτε πλοῦτος οὔτ' ἄλλο [178d] οὐδὲν ὡς ἔρως. λέγω δὲ διὰ τί τοῦτο; τὴν ἐπὶ μὲν τοῖς αἰσχροῖς αἰσχύνῃν, ἐπὶ δὲ τοῖς καλοῖς φιλοτιμίαν· οὐ γὰρ ἔστιν ἄνευ τούτων οὔτε πόλιν οὔτε ιδιώτην μεγάλα καὶ καλὰ ἔργα ἐξεργάζεσθαι. φημὶ τοίνυν ἐγὼ ἄνδρα ὅστις ἐρᾷ, εἴ τι αἰσχρὸν ποιῶν κατάδηλος γίγνεται ἢ πάσχων ὑπὸ τοῦ δι' ἀνανδρίαν μὴ ἀμυνόμενος, οὔτ' ἂν ὑπὸ πατρός ὀφθέντα οὕτως ἀλγῆσαι οὔτε ὑπὸ ἐταίρων οὔτε ὑπ' ἄλλου [178e] οὐδενὸς ὡς ὑπὸ παιδικῶν. ταῦτόν δὲ τοῦτο καὶ τὸν ἐρώμενον ὀρῶμεν, ὅτι διαφερόντως τοὺς ἐραστὰς αἰσχύνεται, ὅταν ὀφθῇ ἐν αἰσχυρῷ τινι ὦν. εἰ οὖν μηχανή τις γένοιτο ὥστε πόλιν γενέσθαι ἢ στρατόπεδον ἐραστῶν τε καὶ παιδικῶν, οὐκ ἔστιν ὅπως ἂν ἄμεινον οἰκήσειαν τὴν ἑαυτῶν ἢ ἀπεχόμενοι πάντων τῶν αἰσχυρῶν καὶ φιλοτιμούμενοι πρὸς [179a] ἀλλήλους· καὶ μαχόμενοι γ' ἂν μετ' ἀλλήλων οἱ τοιοῦτοι νικῶεν ἂν ὀλίγοι ὄντες ὡς ἔπος εἰπεῖν πάντας ἀνθρώπους. ἐρῶν γὰρ ἀνὴρ ὑπὸ παιδικῶν ὀφθῆναι ἢ λιπὼν τάξιν ἢ ὅπλα ἀποβαλὼν ἤττον ἂν δὴ που δέξαιτο ἢ ὑπὸ πάντων τῶν ἄλλων, καὶ πρὸ τούτου

τεθνάναι ἂν πολλάκις ἔλοιτο. καὶ μὴν ἐγκαταλιπεῖν γε τὰ παιδικὰ ἢ μὴ βοηθῆσαι κινδυνεύοντι — οὐδεὶς οὕτω κακὸς, ὅντινα οὐκ ἂν αὐτὸς ὁ Ἔρως ἔνθεον ποιήσῃε πρὸς ἀρετὴν, ὥστε ὅμοιον εἶναι τῷ ἀρίστῳ φύσει. [179b] καὶ ἀτεχνῶς, ὃ ἔφη Ὅμηρος, μένος ἐμπνεῦσαι ἐνίοις τῶν ἡρώων τὸν θεόν, τοῦτο ὁ Ἔρως τοῖς ἐρῶσι παρέχει γιγνόμενον παρ' αὐτοῦ.

VII. Καὶ μὴν ὑπεραποθνήσκειν γε μόνοι ἐθέλουσιν οἱ ἐρῶντες, οὐ μόνον ὅτι ἄνδρες, ἀλλὰ καὶ αἱ γυναῖκες. τούτου δὲ καὶ ἡ Πελίου θυγάτηρ Ἀλκηστὶς ἱκανὴν μαρτυρίαν παρέχεται ὑπὲρ τοῦδε τοῦ λόγου εἰς τοὺς Ἕλληνας, ἐβελήσασα μόνῃ ὑπὲρ τοῦ αὐτῆς ἀνδρὸς ἀποθανεῖν, ὄντων αὐτῷ πατρός τε [179c] καὶ μητρός· οὓς ἐκείνη τοσοῦτον ὑπερεβάλετο τῇ φιλίᾳ διὰ τὸν ἔρωτα, ὥστε ἀποδειξαι αὐτοὺς ἀλλοτρίους ὄντας τῷ ὑεῖ καὶ ὀνόματι μόνον προσήκοντας, καὶ τοῦτ' ἐργασαμένη τὸ ἔργον οὕτω καλὸν ἔδοξεν ἐργάσασθαι οὐ μόνον ἀνθρώποις ἀλλὰ καὶ θεοῖς, ὥστε πολλῶν πολλὰ καὶ καλὰ ἐργασαμένων εὐαριθμήτοις δὴ τισιν ἔδοσαν τοῦτο γέρας οἱ θεοί, ἐξ Ἄιδου ἀνεῖναι πάλιν τὴν ψυχὴν, ἀλλὰ τὴν ἐκείνης ἀνεῖσαν ἀγασθέντες [179d] τῷ ἔργῳ· οὕτω καὶ θεοὶ τὴν περὶ τὸν ἔρωτα σπουδὴν τε καὶ ἀρετὴν μάλιστα τιμῶσιν. Ὀρφέα δὲ τὸν Οἰάγρου ἀτελῇ ἀπέπεμψαν ἐξ Ἄιδου . φάσμα δεῖξαντες τῆς γυναικὸς ἐφ' ἣν ἦκεν, αὐτὴν δὲ οὐ δόντες, ὅτι μαλθακίζεσθαι ἐδόκει, ἅτε ὦν κιθαρωδός, καὶ οὐ τολμᾶν ἔνεκα τοῦ ἔρωτος ἀποθνήσκειν ὥσπερ Ἀλκηστὶς, ἀλλὰ διαμηχανᾶσθαι ζῶν εἰσιέναι εἰς Ἄιδου , τοιγάρτοι διὰ ταῦτα δίκην αὐτῷ ἐπέθεσαν, καὶ ἐποίησαν τὸν θάνατον αὐτοῦ ὑπὸ γυναικῶν [179e] γενέσθαι, οὐχ ὥσπερ Ἀχιλλέα τὸν τῆς Θέτιδος υἱὸν ἐτίμησαν καὶ εἰς μακάρων νήσους ἀπέπεμψαν, ὅτι πεπυσμένος παρὰ τῆς μητρὸς ὡς ἀποθανοῖτο ἀποκτείνας Ἑκτορα, μὴ ἀποκτείνας δὲ τοῦτον οἴκαδ' ἔλθων γηραιὸς τελευτήσοι, ἐτόλμησεν ἐλέσθαι βοηθήσας τῷ ἐραστῇ Πατρόκλῳ καὶ [180a] τιμωρήσας οὐ μόνον ὑπεραποθανεῖν ἀλλὰ καὶ ἐπαποθανεῖν τετελευτηκότι· ὅθεν δὴ καὶ ὑπεραγασθέντες οἱ θεοὶ διαφερόντως αὐτὸν ἐτίμησαν, ὅτι τὸν ἐραστὴν οὕτω περὶ πολλοῦ ἐποιεῖτο. Αἰσχύλος δὲ φλυαρεῖ φάσκων Ἀχιλλέα Πατρόκλου ἐρᾶν, ὃς ἦν καλλίων οὐ μόνον Πατρόκλου ἀλλ' καὶ τῶν ἡρώων ἀπάντων, καὶ ἔτι ἀγένειος, ἔπειτα νεώτερος πολὺ, ὥς

φησιν Ὅμηρος. ἀλλὰ γὰρ τῷ ὄντι μάλιστα μὲν ταύτην τὴν ἀρετὴν οἱ θεοὶ τιμῶσιν τὴν περὶ [180b] τὸν ἔρωτα, μᾶλλον μέντοι θαυμάζουσιν καὶ ἄγανται καὶ εὖ ποιοῦσιν ὅταν ὁ ἐρώμενος τὸν ἐραστὴν ἀγαπᾷ, ἢ ὅταν ὁ ἐραστὴς τὰ παιδικά. θειότερον γὰρ ἐραστὴς παιδικῶν· ἔνθεος γάρ ἐστι. διὰ ταῦτα καὶ τὸν Ἀχιλλέα τῆς Ἀλκήστιδος μᾶλλον ἐτίμησαν, εἰς μακάρων νήσους ἀποπέμψαντες. οὕτω δὲ ἔγωγέ φημι Ἔρωτα θεῶν καὶ πρεσβύτατον καὶ τιμιώτατον καὶ κυριώτατον εἶναι εἰς ἀρετῆς καὶ εὐδαιμονίας κτῆσιν ἀνθρώποις καὶ ζῶσι καὶ τελευτήσασιν.

VIII. [180c] Φαῖδρον μὲν τοιοῦτόν τινα λόγον ἔφη εἰπεῖν, μετὰ δὲ Φαῖδρον ἄλλους τινὰς εἶναι, ὧν οὐ πάνυ διεμνημόνευε ν · οὐς παρὲς τὸν Πausανίου λόγον διηγείτο. εἰπεῖν δ' αὐτὸν ὅτι· οὐ καλῶς μοι δοκεῖ, ὦ Φαῖδρε, προβεβλησθαι ἡμῖν ὁ λόγος, τὸ ἀπλῶς οὕτως παρηγγέλθαι ἐγκωμιάζειν Ἔρωτα. εἰ μὲν γὰρ εἷς ἦν ὁ Ἔρως, καλῶς ἂν εἶχε· νῦν δὲ οὐ γὰρ ἐστὶν εἷς· μὴ ὄντος δὲ ἐνὸς ὀρθότερόν ἐστι πρότερον προῤῥηθῆναι [180d] ὁπότερον δεῖ ἐπαινεῖν. ἐγὼ οὖν πειράσομαι τοῦτο ἐπανορθώσασθαι, πρῶτον μὲν Ἔρωτα φράσαι ὃν δεῖ ἐπαινεῖν, ἔπειτα ἐπαινέσαι ἀξίως τοῦ θεοῦ. πάντες γὰρ ἴσμεν ὅτι οὐκ ἔστιν ἄνευ Ἐρωτος Ἀφροδίτη. μιᾶς μὲν οὖν οὔσης εἷς ἂν ἦν Ἔρως· ἐπεὶ δὲ δὴ δύο ἐστόν, δύο ἀνάγκη καὶ Ἐρωτε εἶναι. πῶς δ' οὐ δύο τῷ θεῷ; ἢ μὲν γέ που πρεσβυτέρα καὶ ἀμήτωρ Οὐρανοῦ θυγάτηρ, ἦν δὴ καὶ Οὐρανίαν ἐπονομάζομεν· ἢ δὲ νεωτέρα Διὸς καὶ Διώνης, [180e] ἦν δὴ Πάνδημον καλοῦμεν. ἀναγκαῖον δὴ καὶ ἔρωτα τὸν μὲν τῇ ἐτέρᾳ συνεργὸν Πάνδημον ὀρθῶς καλεῖσθαι, τὸν δὲ Οὐράνιον. ἐπαινεῖν μὲν οὖν δεῖ πάντας θεοὺς, ἃ δ' οὖν ἑκάτερος εἴληχε πειρατέον εἰπεῖν. πᾶσα γὰρ πράξις ᾧδ' ἔχει· αὐτὴ ἐφ' ἑαυτῆς πραττομένη οὔτε καλὴ οὔτε αἰσχρά. [181a] οἷον ὃ νῦν ἡμεῖς ποιοῦμεν, ἢ πίνειν ἢ ἄδειν ἢ διαλέγεσθαι, οὐκ ἔστι τούτων αὐτὸ καλὸν οὐδὲν, ἀλλ' ἐν τῇ πράξει, ὥς ἂν πραχθῇ, τοιοῦτον ἀπέβη· καλῶς μὲν γὰρ πραττόμενον καὶ ὀρθῶς καλὸν γίνεταί, μὴ ὀρθῶς δὲ αἰσχρόν. Οὕτω δὴ καὶ τὸ ἐρᾶν καὶ ὁ Ἔρως οὐ πᾶς ἐστὶ καλὸς οὐδὲ ἄξιος ἐγκωμιάζεσθαι, ἀλλὰ ὁ καλῶς προτρέπων ἐρᾶν.

IX. Ὁ μὲν οὖν τῆς Πανδήμου Ἀφροδίτης ὡς ἀληθῶς πάνδημός [181b] ἐστὶ καὶ ἐξεργάζεται ὃ τι ἂν τύχη· καὶ οὗτός ἐστιν ὃν οἱ φαῦλοι τῶν ἀνθρώπων ἐρῶσιν. ἐρῶσι δὲ οἱ τοιοῦτοι πρῶτον μὲν οὐχ ἥττον γυναικῶν ἢ παίδων, ἔπειτα ὧν καὶ ἐρῶσι τῶν σωμάτων μᾶλλον ἢ τῶν ψυχῶν, ἔπειτα ὡς ἂν δύνωνται ἀνοητοτάτων, πρὸς τὸ διαπράξασθαι μόνον βλέποντες, ἀμελοῦντες δὲ τοῦ καλῶς ἢ μὴ· ὅθεν δὴ ξυμβαίνει αὐτοῖς ὃ τι ἂν τύχῃσι τοῦτο πράττειν, ὁμοίως μὲν ἀγαθόν, ὁμοίως δὲ τοῦναντίον. ἔστι γὰρ καὶ ἀπὸ τῆς θεοῦ νεωτέρας [181c] τε οὔσης πολὺ ἢ τῆς ἐτέρας, καὶ μετεχούσης ἐν τῇ γενέσει καὶ θήλεος καὶ ἄρρενος. ὁ δὲ τῆς Οὐρανίας πρῶτον μὲν οὐ μετεχούσης θήλεος ἀλλ' ἄρρενος μόνον [καὶ ἔστιν οὗτος ὁ τῶν παίδων ἔρως] ἔπειτα πρεσβυτέρας, ὕβρεως ἀμοίρου· ὅθεν δὴ ἐπὶ τὸ ἄρρεν τρέπονται οἱ ἐκ τούτου τοῦ ἔρωτος ἐπιπνοι, τὸ φύσει ἐρρώμενέστερον καὶ νοῦν μᾶλλον ἔχον ἀγαπῶντες. καὶ τις ἂν γνοίῃ καὶ ἐν αὐτῇ τῇ παιδευασίᾳ τοὺς εἰλικρινῶς [181d] ὑπὸ τούτου τοῦ ἔρωτος ὠρμημένους· οὐ γὰρ ἐρῶσι παίδων, ἀλλ' ἐπειδὴν ἤδη ἄρχονται νοῦν ἴσχειν, τοῦτο δὲ πλησιάζει τῷ γενειάσκειν. παρεσκευασμένοι γὰρ , οἷμαί εἰσιν οἱ ἐντεῦθεν ἀρχόμενοι ἐρᾶν ὡς τὸν βίον ἅπαντα ξυνεσόμενοι καὶ κοινῇ συμβιωσόμενοι, ἀλλ' οὐκ ἐξαπατήσαντες, ἐν ἀφροσύνῃ λαβόντες ὡς νέον, καταγελάσαντες οἰχίσεσθαι ἐπ' ἄλλον ἀποτρέχοντες. χρῆν δὲ καὶ νόμον εἶναι μὴ ἐρᾶν [181e] παίδων, ἵνα μὴ εἰς ἄδηλον πολλὴ σπουδὴ ἀνηλίσκετο· τὸ γὰρ τῶν παίδων τέλος ἄδηλον οἱ τελευτᾷ κακίας καὶ ἀρετῆς ψυχῆς τε πέρι καὶ σώματος. οἱ μὲν οὖν ἀγαθοὶ τὸν νόμον τοῦτον αὐτοὶ αὐτοῖς ἐκόντες τίθενται, χρῆν δὲ καὶ τούτους τοὺς πανδήμους ἐραστὰς προσαναγκάζειν τὸ τοιοῦτον, ὥσπερ καὶ τῶν ἐλευθέρων γυναικῶν προσαναγκάζομεν αὐτοὺς καθ' [182a] ὅσον δυνάμεθα μὴ ἐρᾶν. οὗτοι γάρ εἰσιν οἱ καὶ τὸ ὄνειδος πεποιηκότες, ὥστε τινὰς τολμᾶν λέγειν ὡς αἰσχρὸν χαρίζεσθαι ἐρασταῖς· λέγουσι δὲ εἰς τούτους ἀποβλέποντες, ὀρῶντες αὐτῶν τὴν ἀκαιρίαν καὶ ἀδικίαν, ἐπεὶ οὐ δὴ πού κοσμίως γε καὶ νομίμως οἰοῦν <πράγμα> πραττόμενον ψόγον ἂν δικαίως φέροι. καὶ δὴ καὶ ὁ περὶ τὸν ἔρωτα νόμος ἐν μὲν ταῖς ἄλλαις πόλεσι νοῆσαι ῥάδιος, ἀπλῶς γὰρ ὥριστα· ὁ δ' ἐνθάδε [182b] καὶ ἐν Λακεδαίμονι ποικίλος. ἐν Ἡλίδι μὲν γὰρ καὶ ἐν Βοιωτοῖς, καὶ οὗ μὴ σοφοὶ λέγειν, ἀπλῶς νενομοθέτῃται καλὸν τὸ χαρίζεσθαι ἐρασταῖς, καὶ οὐκ ἂν τις εἴποι οὔτε νέος οὔτε παλαιὸς ὡς αἰσχρὸν, ἵνα , οἷμαι , μὴ πράγματ' ἔχωσιν λόγῳ πειρώμενοι πείθειν τοὺς νέους, ἅτε ἀδύνατοι λέγειν· τῆς

δὲ Ἰωνίας καὶ ἄλλοθι πολλαχοῦ αἰσχρὸν νενόμισται, ὅποι ὑπὸ βαρβάροις οἰκοῦσιν. τοῖς γὰρ βαρβάροις διὰ τὰς τυραννίδας αἰσχρὸν τοῦτό γε καὶ ἦ γε [182c] φιλοσοφία καὶ ἡ φιλογυμναστία· οὐ γὰρ οἶμαι συμφέρει τοῖς ἄρχουσι φρονήματα μεγάλα ἐγγίγνεσθαι τῶν ἀρχομένων, οὐδὲ φιλίας ἰσχυρὰς καὶ κοινωνίας, ὃ δὴ μάλιστα φιλεῖ τὰ τε ἄλλα πάντα καὶ ὁ ἔρως ἐμποιεῖν. ἔργῳ δὲ τοῦτῳ ἔμαθον καὶ οἱ ἐνθάδε τύραννοι· ὁ γὰρ Ἀριστογείτονος ἔρως καὶ ἡ Ἀρμοδίου φιλία βέβαιος γενομένη κατέλυσεν αὐτῶν τὴν ἀρχήν. οὕτως οὗ μὲν αἰσχρὸν ἐτέθη [182d] χαρίζεσθαι ἐρασταῖς, κακία τῶν θεμένων κεῖται, τῶν μὲν ἀρχόντων πλεονεξία, τῶν δὲ ἀρχομένων ἀνανδρία· οὗ δὲ καλὸν ἀπλῶς ἐνομίσθη, διὰ τὴν τῶν θεμένων τῆς ψυχῆς ἀργίαν. ἐνθάδε δὲ πολὺ τούτων κάλλιον νενομοθέτηται, καὶ ὅπερ εἶπον, οὐ ράδιον κατανοῆσαι.

X. Ἐνθυμηθέντι γὰρ ὅτι λέγεται κάλλιον τὸ φανερώς ἐρᾶν τοῦ λάθρα, καὶ μάλιστα τῶν γενναιοτάτων καὶ ἀρίστων, κἂν αἰσχύους ἄλλων ᾧσι, καὶ ὅτι αὗτῃ ἡ παρακέλευσις τῷ ἐρῶντι παρὰ πάντων θαυμαστή, οὐχ ὥς τι αἰσχρὸν ποιοῦντι, καὶ ἐλόντι τε καλὸν δοκεῖ εἶναι [182e] καὶ μὴ ἐλόντι αἰσχρὸν, καὶ πρὸς τὸ ἐπιχειρεῖν ἐλεῖν ἐξουσίαν ὁ νόμος δέδωκε τῷ ἐραστῇ θαυμαστὰ ἔργα ἐργαζομένῳ ἐπαινεῖσθαι, ἃ εἴ τις τολμῶη ποιεῖν ἄλλ’ ὅτιοῦν διώκων καὶ [183a] βουλόμενος διαπράξασθαι πλὴν τοῦτο, πλὴν φιλοσοφίας, τὰ μέγιστα καρποῖτ’ ἂν ὀνειδῇ· εἰ γὰρ ἡ χρήματα βουλόμενος παρὰ τοῦ λαβεῖν ἢ ἀρχὴν ἄρξαι ἢ τινα ἄλλην δύναμιν ἐθέλοι ποιεῖν οἷάπερ οἱ ἐρασταὶ πρὸς τὰ παιδικά, ἱκετείας τε καὶ ἀντιβολήσεις ἐν ταῖς δεήσεσιν ποιούμενοι, καὶ ὅρκους ὀμνύντες, καὶ κοιμήσεις ἐπὶ θύραις, καὶ ἐθέλοντες δουλείας δουλεύειν οἷας οὐδ’ ἂν δοῦλος οὐδεὶς, ἐμποδίζοιτο ἂν μὴ πράττειν οὕτω τὴν πρᾶξιν καὶ ὑπὸ φίλων καὶ ὑπὸ ἐχθρῶν, [183b] τῶν μὲν ὀνειδιζόντων κολακείας καὶ ἀνελευθερίας, τῶν δὲ νουθετούντων καὶ αἰσχυνομένων ὑπὲρ αὐτοῦ· τῷ δ’ ἐρῶντι πάντα ταῦτα ποιοῦντι χάρις ἔπεται, καὶ δέδοται ὑπὸ τοῦ νόμου ἄνευ ὀνειδῶν πράττειν, ὥς πάγκαλόν τι πρᾶγμα διαπραττομένου· ὃ δὲ δεινότατον, ὥς γε λέγουσιν οἱ πολλοί, ὅτι καὶ ὀμνύντι μόνῳ συγγνώμῃ παρὰ θεῶν ἐκβάντι τῶν ὅρκων· ἀφροδίσιον γὰρ ὅρκον οὐ φασιν εἶναι· οὕτω [183c] καὶ οἱ θεοὶ καὶ οἱ ἄνθρωποι πᾶσαν

ἐξουσίαν πεποιήκασι τῷ ἐρῶντι, ὥς ὁ νόμος φησὶν ὁ ἐνθάδε· ταύτη μὲν οὖν οἰηθεῖν ἂν τις πάγκαλον νομίζεσθαι ἐν τῇδε τῇ πόλει καὶ τὸ ἐρᾶν καὶ τὸ φίλους γίγνεσθαι τοῖς ἐρασταῖς. ἐπειδὴν δὲ παιδαγωγοὺς ἐπιστήσαντες οἱ πατέρες τοῖς ἐρωμένοις μὴ ἑῷσι διαλέγεσθαι τοῖς ἐρασταῖς, καὶ τῷ παιδαγωγῷ ταῦτα προστεταγμένα ἦ, ἡλικιωταὶ δὲ καὶ ἐταῖροι ὀνειδίζουσιν ἐάν τι ὀρθῶς τοιοῦτον γιγνόμενον, καὶ τοὺς ὀνειδίζοντας αὖ οἱ [183d] πρεσβύτεροι μὴ διακωλύωσι μηδὲ λοιδορῶσιν ὥς οὐκ ὀρθῶς λέγοντας, εἰς δὲ ταῦτά τις αὖ βλέψας ἡγήσασαί τ' ἂν πάλιν αἰσχιστον τὸ τοιοῦτον ἐνθάδε νομίζεσθαι. τὸ δὲ , οἶμαι , ὧδ' ἔχει· οὐχ ἀπλοῦν ἐστίν, ὅπερ ἐξ ἀρχῆς ἐλέχθη , οὔτε καλὸν εἶναι αὐτὸ καθ' αὐτὸ οὔτε αἰσχρόν, ἀλλὰ καλῶς μὲν πραττόμενον καλόν, αἰσχρῶς δὲ αἰσχρόν. αἰσχρῶς μὲν οὖν ἐστὶ πονηρῷ τε καὶ πονηρῶς χαρίζεσθαι, καλῶς δὲ χρηστῷ τε καὶ καλῶς. πονηρὸς δ' ἐστὶν ἐκεῖνος ὁ ἐραστὴς ὁ πάνδημος, [183e] ὁ τοῦ σώματος μᾶλλον ἢ τῆς ψυχῆς ἐρῶν· καὶ γὰρ οὐδὲ μόνιμός ἐστιν, ἅτε οὐ μόνιμου ἐρῶν πράγματος. ἅμα γὰρ τῷ τοῦ σώματος ἄνθει λήγοντι, οὔπερ ἦρα, οἴχεται ἀποπτάμενος, πολλοὺς λόγους καὶ ὑποσχέσεις καταισχύνας· ὁ δὲ τοῦ ἡθους χρηστοῦ ὄντος ἐραστὴς διὰ βίου μένει, ἅ τε μόνιμῳ συντακεῖς. τούτους δὴ βούλεται ὁ [184a] ἡμέτερος νόμος εὖ καὶ καλῶς βασανίζειν, καὶ τοῖς μὲν χαρίσασθαι, τοὺς δὲ διαφεύγειν. διὰ ταῦτα οὖν τοῖς μὲν διώκειν παρακελεύεται, τοῖς δὲ φεύγειν, ἀγωνοθετῶν καὶ βασανίζων , ποτέρων ποτέ ἐστίν ὁ ἐρῶν καὶ ποτέρων ὁ ἐρώμενος. Οὕτω δὴ ὑπὸ ταύτης τῆς αἰτίας πρῶτον μὲν τὸ ἀλίσκεσθαι ταχὺ αἰσχρόν νενόμισται, ἵνα χρόνος ἐγγένηται, ὃς δὴ δοκεῖ τὰ πολλὰ καλῶς βασανίζειν· ἔπειτα τὸ ὑπὸ χρημάτων καὶ ὑπὸ πολιτικῶν δυνάμεων ἁλῶναι αἰσχρόν, [184b] ἐάν τε κακῶς πάσχων πτήξῃ καὶ μὴ καρτερήσῃ, ἂν τ' εὐεργετούμενος εἰς χρήματα ἢ εἰς διαπράξεις πολιτικὰς μὴ καταφρονήσῃ· οὐδὲν γὰρ δοκεῖ τούτων οὔτε βέβαιον οὔτε μόνιμον εἶναι, χωρὶς τοῦ μηδὲ πεφυκέναι ἀπ' αὐτῶν γενναίαν φιλίαν. μία δὲ λείπεται τῷ ἡμετέρῳ νόμῳ ὁδός, εἰ μέλλει καλῶς χαριεῖσθαι ἐραστῇ παιδικά. Ἔστι γὰρ ἡμῖν νόμος, ὥσπερ ἐπὶ τοῖς ἐρασταῖς ἦν δουλεύειν ἐθέλοντας [184c] ἡντινοῦν δουλείαν παιδικοῖς μὴ κολακείαν εἶναι μηδὲ ἐπονείδιστον, οὕτω δὴ καὶ ἄλλη μία μόνη δουλεία ἐκούσιος λείπεται οὐκ ἐπονείδιστος· αὕτη δ' ἐστὶν ἡ περὶ τὴν ἀρετήν.

XI. Νενόμισται γὰρ δὴ ἡμῖν, ἐάν τις ἐθέλῃ τινὰ θεραπεύειν ἡγούμενος δι' ἐκεῖνον ἀμείνων ἔσεσθαι ἢ κατὰ σοφίαν τινὰ ἢ κατὰ ἄλλο ὅτιοῦν μέρος ἀρετῆς, αὕτη αὖ ἢ ἐθελοδουλεία οὐκ αἰσχρὰ εἶναι οὐδὲ κολακεία. δεῖ δὴ τῷ νόμῳ τούτῳ ξυμβαλεῖν εἰς ταυτό, τόν τε περὶ τὴν παιδευαστίαν καὶ [184d] τὸν περὶ τὴν φιλοσοφίαν τε καὶ τὴν ἄλλην ἀρετὴν, εἰ μέλλει ξυμβῆναι καλὸν γενέσθαι τὸ ἐραστῇ παιδικὰ χαρίσασθαι. ὅταν γὰρ εἰς τὸ αὐτὸ ἔλθωσιν ἐραστής τε καὶ παιδικὰ, νόμον ἔχων ἐκάτερος, ὁ μὲν χαρισισμένοις παιδικοῖς ὑπηρετῶν ὅτιοῦν δικαίως ἂν ὑπηρετεῖν, ὁ δὲ τῷ ποιοῦντι αὐτὸν σοφόν τε καὶ ἀγαθὸν δικαίως αὖ ὅτιοῦν ἂν ὑπουργεῖν < ὑπουργῶν > , καὶ ὁ μὲν δυνάμενος εἰς φρόνησιν καὶ τὴν [184e] ἄλλην ἀρετὴν ξυμβάλλεσθαι, ὁ δὲ δεόμενος εἰς παιδευσιν καὶ τὴν ἄλλην σοφίαν κτᾶσθαι, τότε δὴ τούτων ξυνιόντων εἰς ταυτόν τῶν νόμων μοναχοῦ ἐνταῦθα ξυμπίπτει τὸ καλὸν εἶναι παιδικὰ ἐραστῇ χαρίσασθαι, ἄλλοθι δὲ οὐδαμοῦ. ἐπὶ τούτῳ καὶ ἐξαπατηθῆναι οὐδὲν αἰσχρόν· ἐπὶ δὲ τοῖς ἄλλοις πᾶσι καὶ ἐξαπατωμένῳ αἰσχύνῃν φέρει καὶ μὴ. εἰ γὰρ τις [185a] ἐραστῇ ὡς πλουσίῳ πλούτου ἔνεκα χαρισάμενος ἐξαπατηθεῖ καὶ μὴ λάβοι χρήματα, ἀναφανέντος τοῦ ἐραστοῦ πένητος, οὐδὲν ἦττον αἰσχρόν· δοκεῖ γὰρ ὁ τοιοῦτος τό γε αὐτοῦ ἐπιδείξει, ὅτι ἔνεκα χρημάτων ὅτιοῦν ἂν ὀφιοῦν ὑπηρετοῖ, τοῦτο δὲ οὐ καλόν. κατὰ τὸν αὐτὸν δὴ λόγον κἂν εἴ τις ὡς ἀγαθῷ χαρισάμενος καὶ αὐτὸς ὡς ἀμείνων ἐσόμενος διὰ τὴν φιλίαν ἐραστοῦ ἐξαπατηθεῖ, ἀναφανέντος ἐκείνου κακοῦ [185b] καὶ οὐ κεκτημένου ἀρετῆν, ὅμως καλὴ ἢ ἀπάτη· δοκεῖ γὰρ αὖ καὶ οὗτος τὸ καθ' αὐτὸν δεδηλωκέναι, ὅτι ἀρετῆς γ' ἔνεκα καὶ τοῦ βελτίων γενέσθαι πᾶν ἂν παντὶ προθυμηθεῖ, τοῦτο δὲ αὖ πάντων κάλλιστον· οὕτω < πᾶν > πάντως γε καλὸν ἀρετῆς < γ' > ἔνεκα χαρίζεσθαι. οὗτός ἐστιν ὁ τῆς Οὐρανίας θεοῦ Ἑρῶς καὶ Οὐράνιος καὶ πολλοῦ ἄξιος καὶ πόλει καὶ ιδιώταις, πολλὴν ἐπιμέλειαν ἀναγκάζων ποιεῖσθαι πρὸς ἀρετὴν τόν [185c] τε ἐρῶντα αὐτὸν αὐτοῦ καὶ τὸν ἐρώμενον· οἱ δ' ἕτεροι πάντες τῆς ἐτέρας, τῆς πανδήμου. ταῦτά σοι, ἔφη, ὡς ἐκ τοῦ παραχρῆμα, ὦ Φαῖδρε, περὶ Ἑρωτος ξυμβάλλομαι. — Πausανίου δὲ παυσαμένου , διδάσκουσι γάρ με ἴσα λέγειν οὕτως οἱ σοφοί , ἔφη ὁ Ἀριστόδημος δεῖν μὲν Ἀριστοφάνη λέγειν, τυχεῖν δὲ αὐτῷ τινὰ ἢ ὑπὸ πλησμονῆς ἢ ὑπὸ τινος ἄλλου λύγγα ἐπιπεπτωκυῖαν καὶ οὐχ οἷόν τε εἶναι λέγειν, [185d] ἀλλ' εἰπεῖν αὐτόν , ἐν τῇ κάτω γὰρ αὐτοῦ τὸν ἱατρὸν Ἑρυξίμαχον κατακεῖσθαι , ὦ Ἑρυξίμαχε, δίκαιος εἶ ἢ παῦσαί με τῆς

λυγγὸς ἢ λέγειν ὑπὲρ ἐμοῦ, ἕως ἄν ἐγὼ παύσωμαι. καὶ τὸν Ἑρξίμαχον εἶπεῖν· Ἀλλὰ ποιήσω ἀμφοτέρω ταῦτα· ἐγὼ μὲν γὰρ ἐρῶ ἐν τῷ σῶ μέρει, σὺ δ' ἐπειδὰν παύσῃ, ἐν τῷ ἐμῷ. ἐν ᾧ δ' ἄν ἐγὼ λέγω, ἐὰν μὲν σοι ἐθέλῃ ἀπνευστὶ ἔχοντι πολὺν χρόνον παύεσθαι ἢ λύγξ· εἰ δὲ μή, ὕδατι [185e] ἀνακογχυλίασον. εἰ δ' ἄρα πάνυ ἰσχυρά ἐστιν, ἀναλαβὼν τι τοιοῦτον οἶον κινήσῃς ἄν τὴν ῥίνα, πτάρε· καὶ ἐὰν τοῦτο ποιήσῃς ἅπαξ ἢ δίς, καὶ εἰ πάνυ ἰσχυρά ἐστι, παύσεται. Οὐκ ἄν φθάνοις λέγων, φάναι τὸν Ἀριστοφάνη· ἐγὼ δὲ ταῦτα ποιήσω.

XII. Εἶπεῖν δὴ τὸν Ἑρξίμαχον· Δ οκεῖ τοίνυν μοι ἀναγκαῖον εἶναι, ἐπειδὴ Πausanίας ὀρμήσας ἐπὶ τὸν λόγον καλῶς οὐχ [186a] ἱκανῶς ἀπετέλεσε, δεῖν ἐμὲ πειραῖσθαι τέλος ἐπιθεῖναι τῷ λόγῳ. Τὸ μὲν γὰρ διπλοῦν εἶναι τὸν Ἑρωτα δοκεῖ μοι καλῶς διελέσθαι . ὅτι δὲ οὐ μόνον ἐστὶν ἐπὶ ταῖς ψυχαῖς τῶν ἀνθρώπων πρὸς τοὺς καλοὺς ἀλλὰ καὶ πρὸς ἄλλα πολλὰ καὶ ἐν τοῖς ἄλλοις, τοῖς τε σώμασι τῶν πάντων ζώων καὶ τοῖς ἐν τῇ γῇ φυομένοις καὶ ὡς ἔπος εἶπεῖν ἐν πᾶσι τοῖς οὖσι, καθεωρακέναι μοι δοκῶ ἐκ τῆς ἱατρικῆς, τῆς ἡμετέρας [186b] τέχνης, ὡς μέγας καὶ θαυμαστὸς καὶ ἐπὶ πᾶν ὁ θεὸς τείνει καὶ κατ' ἀνθρώπινα καὶ κατὰ θεῖα πράγματα. ἄρξομαι δὲ ἀπὸ τῆς ἱατρικῆς λέγων, ἵνα καὶ πρεσβεύωμεν τὴν τέχνην. ἡ γὰρ φύσις τῶν σωμάτων τὸν διπλοῦν Ἑρωτα τοῦτον ἔχει· τὸ γὰρ ὑγιὲς τοῦ σώματος καὶ τὸ νοσοῦν ὁμολογουμένως ἕτερόν τε καὶ ἀνόμοιον ἐστὶ· τὸ δὲ ἀνόμοιον ἀνομοίων ἐπιθυμεῖ καὶ ἐρᾷ. ἄλλος μὲν οὖν ὁ ἐπὶ τῷ ὑγιεινῷ ἔρω, ἄλλος δὲ ὁ ἐπὶ τῷ νοσώδει. ἔστι δὴ, ὥσπερ ἄρτι Pausanίας ἔλεγεν τοῖς μὲν ἀγαθοῖς καλὸν χαρίζεσθαι τῶν ἀνθρώπων, [186c] τοῖς δ' ἀκολάστοις αἰσχρόν, οὕτω καὶ ἐν αὐτοῖς τοῖς σώμασιν τοῖς μὲν ἀγαθοῖς ἐκάστου τοῦ σώματος καὶ ὑγιεινοῖς καλὸν χαρίζεσθαι καὶ δεῖ, καὶ τοῦτό ἐστιν ᾧ ὄνομα τὸ ἱατρικόν, τοῖς δὲ κακοῖς καὶ νοσώδεσιν αἰσχρόν τε καὶ δεῖ ἀχαριστεῖν, εἰ μέλλει τις τεχνικὸς εἶναι. ἔστι γὰρ ἱατρικὴ, ὡς ἐν κεφαλαίῳ εἶπεῖν, ἐπιστήμη τῶν τοῦ σώματος ἐρωτικῶν πρὸς πλησμονὴν καὶ κένωσιν, καὶ ὁ διαγιγνώσκων ἐν τούτοις τὸν [186d] καλὸν τε καὶ αἰσχρόν ἔρωτα, οὗτός ἐστιν ὁ ἱατρικώτατος, καὶ ὁ μεταβάλλειν ποίων, ὥστε ἀντὶ τοῦ ἐτέρου ἔρωτος τὸν ἕτερον κτᾶσθαι, καὶ οἷς μὴ ἔνεστιν ἔρω, δεῖ δ'

ἐγγενέσθαι, ἐπιστάμενος ἐμποῖησαι καὶ ἐνόντα ἐξελεῖν, ἀγαθὸς ἂν εἴη δημιουργός. δεῖ γὰρ δὴ τὰ ἔχθιστα ὄντα ἐν τῷ σώματι φίλα οἶόν τ' εἶναι ποιεῖν καὶ ἐρᾶν ἀλλήλων. ἔστι δὲ ἔχθιστα τὰ ἐναντιώτατα, ψυχρὸν θερμῷ, πικρὸν γλυκεῖ, ξηρὸν ὑγρῷ, [186e] πάντα τὰ τοιαῦτα· τούτοις ἐπιστηθεὶς ἔρωτα ἐμποῖησαι καὶ ὁμόνοιαν ὁ ἡμέτερος πρόγονος Ἀσκληπιός, ὥς φασιν οἶδε οἱ ποιηταὶ καὶ ἐγὼ πείθομαι, συνέστησεν τὴν ἡμετέραν τέχνην. ἥ τε οὖν ἰατρικὴ, ὥσπερ λέγω, πᾶσα διὰ τοῦ θεοῦ τούτου [187a] κυβερνᾶται, ὡσαύτως δὲ καὶ γυμναστικὴ καὶ γεωργία· μουσικὴ δὲ καὶ παντὶ κατάδηλος τῷ καὶ σμικρὸν προσέχοντι τὸν νοῦν ὅτι κατὰ ταῦτα ἔχει τούτοις, ὥσπερ ἴσως καὶ Ἡράκλειτος βούλεται λέγειν, ἐπεὶ τοῖς γε ῥήμασιν οὐ καλῶς λέγει. τὸ ἐν γὰρ φησι διαφερόμενον αὐτὸ αὐτῷ ξυμφέρεσθαι, ὥσπερ ἁρμονίαν τόξου τε καὶ λύρας. ἔστι δὲ πολλὴ ἀλογία ἁρμονίαν φάναι διαφέρεσθαι ἢ ἐκ διαφορομένων ἔτι εἶναι. ἀλλὰ ἴσως τόδε ἐβούλετο λέγειν, ὅτι ἐκ διαφορομένων [187b] πρότερον τοῦ ὀξέος καὶ βαρέος, ἔπειτα ὕστερον ὁμολογησάντων γέγονεν ὑπὸ τῆς μουσικῆς τέχνης. οὐ γὰρ δὴ που ἐκ διαφορομένων γε ἔτι τοῦ ὀξέος καὶ βαρέος ἁρμονία ἂν εἴη· ἡ γὰρ ἁρμονία συμφωνία ἐστί, συμφωνία δὲ ὁμολογία τις· ὁμολογίαν δὲ ἐκ διαφορομένων, ἕως ἂν διαφέρωνται, ἀδύνατον εἶναι· διαφερόμενον δὲ αὖ καὶ μὴ ὁμολογοῦν ἀδύνατον ἀρμόσαι· ὥσπερ γε καὶ ὁ ῥυθμὸς ἐκ τοῦ ταχέος καὶ [187c] βραδέος, ἐκ διενηνεγμένων πρότερον, ὕστερον δὲ ὁμολογησάντων γέγονε. τὴν δὲ ὁμολογίαν πᾶσι τούτοις, ὥσπερ ἐκεῖ ἡ ἰατρικὴ, ἐνταῦθα ἡ μουσικὴ ἐντίθησιν, ἔρωτα καὶ ὁμόνοιαν ἀλλήλων ἐμποιήσασα· καὶ ἔστιν αὖ μουσικὴ περὶ ἁρμονίαν καὶ ῥυθμὸν ἐρωτικῶν ἐπιστήμη. καὶ ἐν μὲν γε αὐτῇ τῇ συστάσει ἁρμονίας τε καὶ ῥυθμοῦ οὐδὲν χαλεπὸν τὰ ἐρωτικὰ διαγιγνώσκειν, οὐδὲ ὁ διπλοῦς ἔρος ἐνταῦθά πως ἔστιν· ἀλλ' ἐπειδὴν δέη πρὸς τοὺς ἀνθρώπους καταχρῆσθαι [187d] ῥυθμῷ τε καὶ ἁρμονίᾳ ἢ ποιοῦντα, (ὁ δὲ μελοποιίαν καλοῦσιν) , ἢ χρώμενον ὀρθῶς τοῖς πεποιημένοις μέλεσιν τε καὶ μέτροις, (ὁ δὲ παιδεία ἐκλήθη) , ἐνταῦθα δὴ καὶ χαλεπὸν καὶ ἀγαθοῦ δημιουργοῦ δεῖ. πάλιν γὰρ ἤκει ὁ αὐτὸς λόγος, ὅτι τοῖς μὲν κοσμίοις τῶν ἀνθρώπων, καὶ ὥς ἂν κοσμιώτεροι γίγνοιτο οἱ μήπω ὄντες, δεῖ χαρίζεσθαι καὶ φυλάττειν τὸν τούτων ἔρωτα, καὶ οὗτός ἐστιν ὁ καλός, ὁ οὐράνιος, ὁ τῆς Οὐρανίας [187e] μούσης Ἑρώς· ὁ δὲ Πολυμνίας ὁ πάνδημος, ὃν δεῖ εὐλαβούμενον προσφέρειν οἷς ἂν προσφέρῃ, ὅπως ἂν τὴν μὲν ἡδονὴν αὐτοῦ καρπώσῃται, ἀκολασίαν δὲ μηδεμίαν ἐμποιήσῃ.

ὥσπερ ἐν τῇ ἡμετέρᾳ τέχνῃ μέγα ἔργον ταῖς περὶ τὴν ὀψοποικὴν τέχνην ἐπιθυμίαις καλῶς χρῆσθαι, ὥστ' ἄνευ νόσου τὴν ἡδονὴν καρπώσασθαι. καὶ ἐν μουσικῇ δὴ καὶ ἐν ἰατρικῇ καὶ ἐν τοῖς ἄλλοις πᾶσι καὶ τοῖς ἀνθρωπείοις καὶ τοῖς θείοις, καθ' ὅσον παρείκει, φυλακτέον ἐκάτερον τὸν ἔρωτα· ἔνεστον [188a] γάρ.

XIII. Ἐπεὶ καὶ ἡ τῶν ὥρων τοῦ ἐνιαυτοῦ σύστασις μεστή ἐστὶν ἀμφοτέρων τούτων, καὶ ἐπειδὴν μὲν πρὸς ἄλληλα τοῦ κοσμοῦ τύχη ἔρωτος ἃ νῦν δὴ ἐγὼ ἔλεγον, τὰ τε θερμὰ καὶ τὰ ψυχρὰ καὶ ξηρὰ καὶ ὑγρὰ, καὶ ἀρμονίαν καὶ κρᾶσιν λάβη σῶφρονα, ἥκει φέροντα εὐετηρίαν τε καὶ ὑγίειαν ἀνθρώποις καὶ τοῖς ἄλλοις ζώοις τε καὶ φυτοῖς, καὶ οὐδὲν ἠδίκησεν· ὅταν δὲ ὁ μετὰ τῆς ὕβρεως Ἔρωτος ἐγκρατέστερος περὶ τὰς τοῦ ἐνιαυτοῦ ὥρας γένηται, διαφθείρει τε πολλὰ καὶ ἠδίκησεν. [188b] οἱ τε γὰρ λοιμοὶ φιλοῦσι γίνεσθαι ἐκ τῶν τοιούτων καὶ ἄλλ' αὐτὴ ὅμοια πολλὰ νοσήματα καὶ τοῖς θηρίοις καὶ τοῖς φυτοῖς· καὶ γὰρ πάχναι καὶ χάλασαι καὶ ἐρυσίβαι ἐκ πλεονεξίας καὶ ἀκοσμίας περὶ ἄλληλα τῶν τοιούτων γίνεσθαι ἐρωτικῶν· ὧν ἐπιστήμη περὶ ἄστρον τε φορὰς καὶ ἐνιαυτῶν ὥρας ἀστρονομία καλεῖται. ἔτι τοίνυν καὶ θυσίαι πᾶσαι καὶ οἷς μαντικὴ ἐπιστατεῖ (ταῦτα δ' ἐστὶν ἡ περὶ θεοῦς τε [188c] καὶ ἀνθρώπων πρὸς ἀλλήλους κοινωνία) οὐ περὶ ἄλλο τί ἐστὶν ἢ περὶ Ἐρωτος φυλακὴν τε καὶ ἴασιν· πᾶσα γὰρ ἡ ἀσέβεια φιλεῖ γίνεσθαι ἐὰν μὴ τις τῷ κοσμίῳ Ἐρωτι χαρίζηται μηδὲ τιμᾷ τε αὐτὸν καὶ πρεσβεύῃ ἐν παντὶ ἔργῳ, ἀλλὰ τὸν ἕτερον, καὶ περὶ γονέας καὶ ζῶντας καὶ τετελευτηκότας καὶ περὶ θεοῦς· ἃ δὴ προστέτακται τῇ μαντικῇ ἐπισκοπεῖν τοὺς Ἐρωτας καὶ ἰατρεῦειν· καὶ ἔστιν αὐτὴ ἡ [188d] μαντικὴ φιλίας θεῶν καὶ ἀνθρώπων δημιουργὸς τῷ ἐπίστασθαι τὰ κατὰ ἀνθρώπους ἐρωτικά, ὅσα τείνει πρὸς θέμιν καὶ ἀσέβειαν. οὕτω πολλὴν καὶ μεγάλην, μᾶλλον δὲ πᾶσαν δύναμιν ἔχει ξυλλήβδην μὲν ὁ πᾶς Ἐρωτος, ὁ δὲ περὶ τάγαθὰ μετὰ σωφροσύνης καὶ δικαιοσύνης ἀποτελούμενος καὶ παρ' ἡμῖν καὶ παρὰ θεοῖς, οὗτος τὴν μεγίστην δύναμιν ἔχει καὶ πᾶσαν ἡμῖν εὐδαιμονίαν παρασκευάζει καὶ ἀλλήλοις δυναμένους ὀμιλεῖν καὶ φίλους εἶναι καὶ τοῖς κρείττοσιν ἡμῶν θεοῖς. ἴσως μὲν [188e] οὖν καὶ ἐγὼ τὸν Ἐρωτα ἐπαινῶν πολλὰ παραλείπω, οὐ μέντοι ἐκὼν γε. ἀλλ' εἴ τι ἐξέλιπον, σὸν ἔργον, ὃ

Ἀριστόφανες, ἀναπληρῶσαι· ἢ εἴ πως ἄλλως ἐν νῶ ἔχεις ἐγκωμιάζειν τὸν θεόν, ἐγκωμιάζε, ἐπειδὴ καὶ τῆς λυγγὸς πέπαυσαι. — [189a] Ἐκδεξάμενον οὖν ἔφη εἰπεῖν τὸν Ἀριστοφάνη ὅτι· Καὶ μάλ' ἐπαύσατο, οὐ μέντοι πρὶν γε τὸν παρμὸν προσενηχθῆναι αὐτῇ, ὥστε με θαυμάζειν εἰ τὸ κόσμιον τοῦ σώματος ἐπιθυμεῖ τοιούτων ψόφων καὶ γαργαλισμῶν, οἷον καὶ ὁ παρμός ἐστι· πάνυ γὰρ εὐθὺς ἐπαύσατο, ἐπειδὴ αὐτῷ τὸν παρμὸν προσήνεγκα. καὶ τὸν Ἑρυξίμαχον· ὦγαθέ, φάναι, Ἀριστόφανες, ὄρα τί ποιεῖς. γελωτοποιεῖς μέλλων λέγειν, καὶ φύλακά με τοῦ [189b] λόγου ἀναγκάζεις γίγνεσθαι τοῦ σεαυτοῦ, ἐάν τοι γελοῖον εἴπῃς, ἐξόν σοι ἐν εἰρήνῃ λέγειν. καὶ τὸν Ἀριστοφάνη γελάσαντα εἰπεῖν· Εὖ λέγεις, ὦ Ἑρυξίμαχε, καί μοι ἔστω ἄρρητα τὰ εἰρημένα. ἀλλὰ μὴ με φύλαττε, ὥς ἐγὼ φοβοῦμαι περὶ τῶν μελλόντων ῥηθήσεσθαι, οὐ τι μὴ γελοῖα εἴπω (τοῦτο μὲν γὰρ ἂν κέρδος εἴη καὶ τῆς ἡμετέρας μούσης ἐπιχώριον) ἀλλὰ μὴ καταγέλαστα. Βαλὼν γε, φάναι, ὦ Ἀριστόφανες, οἷι ἐκφεύξεσθαι· ἀλλὰ πρόσεχε τὸν νοῦν καὶ οὕτως λέγε ὥς δώσω λόγον· [189c] ἴσως μέντοι, ἂν δόξῃ μοι, ἀφήσω σε.

XIV. Καὶ μὴν, ὦ Ἑρυξίμαχε, εἰπεῖν τὸν Ἀριστοφάνη, ἄλλη γέ πη ἐν νῶ ἔχω λέγειν ἢ ἣ σύ τε καὶ Πανσανίας εἰπέτην. ἐμοὶ γὰρ δοκοῦσιν ἄνθρωποι παντάπασιν τὴν τοῦ ἔρωτος δύναμιν οὐκ ἡσθήσθαι, ἐπεὶ αἰσθανόμενοι γε μέγιστ' ἂν αὐτοῦ ἱερὰ κατασκευάσαι καὶ βωμούς, καὶ θυσίας ἂν ποιεῖν μεγίστας, οὐχ ὥσπερ νῦν τούτων οὐδὲν γίγνεται περὶ αὐτόν, δέον πάντων μάλιστα γίγνεσθαι. ἔστι γὰρ θεῶν φιλανθρωπότατος, [189d] ἐπίκουρός τε ὢν τῶν ἀνθρώπων καὶ ἰατρὸς τούτων ὢν ἰαθέντων μεγίστη εὐδαιμονία ἂν τῷ ἀνθρωπεῖ φένηται εἶη. ἐγὼ οὖν πειράσομαι ὑμῖν εἰσηγήσασθαι τὴν δύναμιν αὐτοῦ, ὑμεῖς δὲ τῶν ἄλλων διδάσκαλοι ἔσεσθε. δεῖ δὲ πρῶτον ὑμᾶς μαθεῖν τὴν ἀνθρωπίνην φύσιν καὶ τὰ παθήματα αὐτῆς. ἢ γὰρ πάλοι ἡμῶν φύσις οὐχ αὐτὴ ἦν ἢπερ νῦν, ἀλλ' ἄλλοία. πρῶτον μὲν γὰρ τρία ἦν τὰ γένη τὰ τῶν ἀνθρώπων, οὐχ ὥσπερ νῦν δύο, ἄρρεν καὶ θῆλυ, [189e] ἀλλὰ καὶ τρίτον προσῆν κοινὸν ὃν ἀμφοτέρων τούτων, οὗ νῦν ὄνομα λοιπόν, αὐτὸ δὲ ἡφάνισται· ἀνδρόγυνον γὰρ ἐν τότε μὲν ἦν καὶ εἶδος καὶ ὄνομα ἐξ ἀμφοτέρων κοινὸν τοῦ τε ἄρρενος καὶ θήλεος, νῦν δὲ οὐκ ἔστιν ἀλλ' ἢ ἐν ὀνείδει ὄνομα κεείμενον. ἔπειτα ὅλον ἦν ἐκάστου

τοῦ ἀνθρώπου τὸ εἶδος στρογγύλον, νῶτον καὶ πλευράς κύκλῳ ἔχον·
χεῖρας δὲ τέτταρας εἶχε, καὶ σκέλη τὰ ἴσα ταῖς χερσίν, καὶ πρόσωπα
[190a] δὴ ἐπ' αὐχένι κυκλοτερεῖ, ὅμοια πάντη· κεφαλὴν δ' ἐπ'
ἀμφοτέροις τοῖς προσώποις ἐναντίοις κειμένοις μίαν, καὶ ὅτα
τέτταρα, καὶ αἰδοῖα δύο, καὶ τᾶλλα πάντα ὡς ἀπὸ τούτων ἂν τις
εἰκάσειεν. ἐπορεύετο δὲ καὶ ὀρθὸν ὥσπερ νῦν, ὁποτέρωσε
βουληθείη· καὶ ὁπότε ταχὺ ὀρμήσειεν θεῖν, ὥσπερ οἱ κυβιστῶντες
καὶ εἰς ὀρθὸν τὰ σκέλη περιφερόμενοι κυβιστῶσι κύκλῳ, ὅκτῳ τότε
οὗσι τοῖς μέλεσιν ἀπειριδόμενοι ταχὺ ἐφέροντο κύκλῳ. ἦν δὲ διὰ
ταῦτα τρία [190b] τὰ γένη καὶ τοιαῦτα, ὅτι τὸ μὲν ἄρρην ἦν τοῦ
ἡλίου τὴν ἀρχὴν ἔκγονον, τὸ δὲ θῆλυ τῆς γῆς, τὸ δὲ ἀμφοτέρων
μετέχον τῆς σελήνης, ὅτι καὶ ἡ σελήνη ἀμφοτέρων μετέχει· περιφερῆ
δὲ δὴ ἦν καὶ αὐτὰ καὶ ἡ πορεία αὐτῶν διὰ τὸ τοῖς γονεῦσιν ὅμοια
εἶναι. ἦν οὖν τὴν ἰσχὺν δεινὰ καὶ τὴν ῥώμην, καὶ τὰ φρονήματα
μεγάλα εἶχον, ἐπεχείρησαν δὲ τοῖς θεοῖς, καὶ ὁ λέγει Ὅμηρος περὶ
Ἐφιάλτου τε καὶ Ὠτου, περὶ ἐκείνων λέγεται, τὸ εἰς τὸν οὐρανὸν
ἀνάβασιν ἐπιχειρεῖν [190c] ποιεῖν, ὡς ἐπιθησομένων τοῖς θεοῖς.

XV. Ὁ οὖν Ζεὺς καὶ οἱ ἄλλοι θεοὶ ἐβουλεύοντο, ὅ τι χρὴ αὐτοὺς
ποιῆσαι, καὶ ἠπόρουν· οὔτε γὰρ ὅπως ἀποκτείναιεν εἶχον καὶ ὥσπερ
τοὺς γίγαντας κεραυνώσαντες τὸ γένος ἀφανίσαιεν — αἱ τιμαὶ γὰρ
αὐτοῖς καὶ ἱερὰ τὰ παρὰ τῶν ἀνθρώπων ἠφανίζετο — οὐθ' ὅπως
ἐῷεν ἀσελγαίνειν. μόγις δὴ ὁ Ζεὺς ἐννοήσας λέγει ὅτι· Δοκῶ μοι,
ἔφη, ἔχειν μηχανήν, ὡς ἂν εἰέν τε ἄνθρωποι καὶ παύσαιντο τῆς
ἀκολασίας ἀσθενέστεροι [190d] γενόμενοι. νῦν μὲν γὰρ αὐτούς, ἔφη,
διατεμῶ δίχα ἕκαστον, καὶ ἅμα μὲν ἀσθενέστεροι ἔσονται, ἅμα δὲ
χρησιμώτεροι ἡμῖν διὰ τὸ πλείους τὸν ἀριθμὸν γεγονέναι· καὶ
βαδιοῦνται ὀρθοὶ ἐπὶ δυοῖν σκελοῖν· ἐὰν δ' ἔτι δοκῶσιν ἀσελγαίνειν
καὶ μὴ ἐθέλωσιν ἡσυχίαν ἄγειν, πάλιν αὖ, ἔφη, τεμῶ δίχα, ὥστ' ἐφ'
ἐνὸς πορεύσονται σκέλους ἀσκολιάζοντες. ταῦτα εἰπὼν ἔτεμνε τοὺς
ἀνθρώπους δίχα, ὥσπερ οἱ τὰ ὠὰ τέμνοντες [190e] καὶ μέλλοντες
ταριχεύειν, ἢ ὥσπερ οἱ τὰ ὠὰ ταῖς θριξίν· ὄντινα δὲ τέμοι, τὸν
Ἀπόλλω ἐκέλευε τό τε πρόσωπον μεταστρέφειν καὶ τὸ τοῦ αὐχένος

μετέστρεφε, καὶ συνέλκων πανταχόθεν τὸ δέρμα ἐπὶ τὴν γαστέρα νῦν καλουμένην, ὥσπερ τὰ σύσπαστα βαλάντια, ἐν στόμα ποιῶν ἀπέδει κατὰ μέσῃν τὴν γαστέρα, ὃ δὴ τὸν ὀμφαλὸν καλοῦσι. καὶ τὰς μὲν ἄλλας ῥυτίδας [191a] τὰς πολλὰς ἐξελέαινε καὶ τὰ στήθη διήρθρου, ἔχων τι τοιοῦτον ὄργανον οἷον οἱ σκυτοτόμοι περὶ τὸν καλάποδα λεαίνοντες τὰς τῶν σκυτῶν ῥυτίδας· ὀλίγας δὲ κατέλιπε, τὰς περὶ αὐτὴν τὴν γαστέρα καὶ τὸν ὀμφαλόν, μνημεῖον εἶναι τοῦ παλαιοῦ πάθους. ἐπειδὴ οὖν ἡ φύσις δίχα ἐτμήθη, ποθοῦν ἕκαστον τὸ ἥμισυ τὸ αὐτοῦ ξυνηίει, καὶ περιβάλλοντες τὰς χεῖρας καὶ συμπλεκόμενοι ἀλλήλοις, ἐπιθυμοῦντες συμφῦναι, ἀπέθνησκον ὑπὸ λιμοῦ καὶ τῆς [191b] ἄλλης ἀργίας διὰ τὸ μηδὲν ἐθέλγειν χωρὶς ἀλλήλων ποιεῖν. καὶ ὁπότε τι ἀποθάνοι τῶν ἡμίσεων, τὸ δὲ λειφθεῖν, τὸ λειφθὲν ἄλλο ἐζήτει καὶ συνεπλέκετο, εἴτε γυναικὸς τῆς ὅλης ἐντύχοι ἡμίσει, ὃ δὴ νῦν γυναῖκα καλοῦμεν, εἴτ' ἀνδρός· καὶ οὕτως ἀπώλλυντο. ἐλεήσας δὲ ὁ Ζεὺς ἄλλην μηχανὴν πορίζεται, καὶ μετατίθησιν αὐτῶν τὰ αἰδοῖα εἰς τὸ πρόσθεν· τέως γὰρ καὶ ταῦτα ἐκτὸς εἶχον, καὶ ἐγέννων [191c] καὶ ἔτικτον οὐκ εἰς ἀλλήλους ἀλλ' εἰς γῆν, ὥσπερ οἱ τέττιγες. μετέθηκε τε οὖν οὕτω αὐτῶν εἰς τὸ πρόσθεν καὶ διὰ τούτων τὴν γένεσιν ἐν ἀλλήλοις ἐποίησε, διὰ τοῦ ἄρρενος ἐν τῷ θήλει, τῶνδε ἕνεκα, ἵνα ἐν τῇ συμπλοκῇ ἅμα μὲν εἰ ἀνὴρ γυναικὶ ἐντύχοι, γεννῶεν καὶ γίγνοιτο τὸ γένος, ἅμα δ' εἰ καὶ ἄρρην ἄρρενι, πλησμονὴν γοῦν γίγνοιτο τῆς συνουσίας καὶ διαπαύοιντο καὶ ἐπὶ τὰ ἔργα τρέποιντο καὶ τοῦ ἄλλου βίου ἐπιμελοῖντο. ἔστι δὴ οὖν ἐκ τόσου [191d] ὁ ἔρως ἔμφυτος ἀλλήλων τοῖς ἀνθρώποις καὶ τῆς ἀρχαίας φύσεως συναγωγεὺς καὶ ἐπιχειρῶν ποιῆσαι ἐν ἐκ δυοῖν καὶ ἰάσασθαι τὴν φύσιν τὴν ἀνθρωπίνην.

XVI. Ἐ καστος οὖν ἡμῶν ἐστὶν ἀνθρώπου ξύμβολον, ἅτε τετμημένος ὥσπερ αἰ ψῆτται, ἐξ ἑνὸς δύο. ζητεῖ δὴ αἰεὶ τὸ αὐτοῦ ἕκαστος ξύμβολον. ὅσοι μὲν οὖν τῶν ἀνδρῶν τοῦ κοινοῦ τμήμᾳ εἰσιν, ὃ δὴ τότε ἀνδρόγυνον ἐκαλεῖτο, φιλογύναικές τέ εἰσὶ καὶ οἱ πολλοὶ τῶν μοιχῶν ἐκ τούτου τοῦ γένους γεγόνασιν, καὶ [191e] ὅσαι αὖ γυναῖκες φίλανδροί τε καὶ μοιχεύτριαι, ἐκ τούτου τοῦ γένους γίγνονται. ὅσαι δὲ τῶν γυναικῶν γυναικὸς τμήμᾳ εἰσιν, οὐ πάνυ αὐταὶ τοῖς ἀνδράσι τὸν νοῦν προσέχουσιν, ἀλλὰ μᾶλλον πρὸς τὰς

γυναῖκας τετραμμέναι εἰσί, καὶ αἱ ἑταιρίστριαι ἐκ τούτου τοῦ γένους γίνονται. ὅσοι δὲ ἄρρενος τμημά εἰσι, τὰ ἄρρενα διώκουσι, καὶ τέως μὲν ἂν παῖδες ὦσιν, ἅτε τεμάχια ὄντα τοῦ ἄρρενος, φιλοῦσι τοὺς ἄνδρας καὶ χαίρουσι συγκατακείμενοι καὶ συμπεπλεγμένοι [192a] τοῖς ἀνδράσι, καὶ εἰσιν οὗτοι βέλτιστοι τῶν παίδων καὶ μειρακίων, ἅτε ἀνδρειότατοι ὄντες φύσει. φασὶ δὲ δὴ τινες αὐτοὺς ἀναισχύντους εἶναι, ψευδόμενοι· οὐ γὰρ ὑπ' ἀναισχυντίας τοῦτο δρῶσιν ἀλλ' ὑπὸ θάρρους καὶ ἀνδρείας καὶ ἀρρένωπίας, τὸ ὅμοιον αὐτοῖς ἀσπαζόμενοι. μέγα δὲ τεκμήριον· καὶ γὰρ τελεωθέντες μόνοι ἀποβαίνουσιν εἰς τὰ πολιτικὰ ἄνδρες οἱ τοιοῦτοι. ἐπειδὴν δὲ ἀνδρωθῶσι, [192b] παιδευαστοῦσι καὶ πρὸς γάμους καὶ παιδοποιίας οὐ προσέχουσι τὸν νοῦν φύσει, ἀλλ' ὑπὸ τοῦ νόμου ἀναγκάζονται· ἀλλ' ἐξαρκεῖ αὐτοῖς μετ' ἀλλήλων καταζῆν ἀγάμοις. πάντως μὲν οὖν ὁ τοιοῦτος παιδευαστὴς τε καὶ φιλεραστὴς γίγνεται, αἱ δὲ τὸ συγγενὲς ἀσπαζόμενος. ὅταν μὲν οὖν καὶ αὐτῷ ἐκεῖνῳ ἐντύχη τῷ αὐτοῦ ἡμίσει καὶ ὁ παιδευαστὴς καὶ ἄλλος πᾶς, τότε καὶ θαυμαστὰ ἐκπλήττονται φιλία τε καὶ [192c] οἰκειότητι καὶ ἔρωτι, οὐκ ἐθέλοντες, ὥς ἔπος εἰπεῖν χωρίζεσθαι ἀλλήλων οὐδὲ σμικρὸν χρόνον. καὶ οἱ διατελοῦντες μετ' ἀλλήλων διὰ βίου οὗτοί εἰσιν, οἳ οὐδ' ἂν ἔχοιεν εἰπεῖν ὅ τι βούλονται σφίσι παρ' ἀλλήλων γίγνεσθαι. οὐδενὶ γὰρ ἂν δόξειεν τοῦτ' εἶναι ἢ τῶν ἀφροδισίων συνουσία, ὥς ἄρα τούτου ἕνεκα ἕτερος ἐτέρῳ χαίρει ζυνὼν οὕτως ἐπὶ μεγάλης σπουδῆς· ἀλλ' ἄλλο τι βουλομένη ἐκατέρου ἡ ψυχὴ [192d] δὴλῃ ἐστίν, ὃ οὐ δύναται εἰπεῖν, ἀλλὰ μαντεύεται ὃ βούλεται, καὶ αἰνίττεται. καὶ εἰ αὐτοῖς ἐν τῷ αὐτῷ κατακειμένοις ἐπιστὰς ὁ Ἥφαιστος, ἔχων τὰ ὄργανα, ἔροιτο· τί ἔσθ' ὃ βούλεσθε, ὦ ἄνθρωποι, ὑμῖν παρ' ἀλλήλων γενέσθαι; καὶ εἰ ἀποροῦντας αὐτοὺς πάλιν ἔροιτο· ἄρά γε τοῦδε ἐπιθυμεῖτε, ἐν τῷ αὐτῷ γενέσθαι ὅτι μάλιστα ἀλλήλοις, ὥστε καὶ νύκτα καὶ ἡμέραν μὴ ἀπολείπεσθαι ἀλλήλων; εἰ γὰρ τούτου ἐπιθυμεῖτε, ἐθέλω ὑμᾶς συντηῆσαι καὶ [192e] συμφυσῆσαι εἰς τὸ αὐτό, ὥστε δύο ὄντας ἕνα γεγονέναι καὶ ἕως τ' ἂν ζῆτε, ὥς ἕνα ὄντα, κοινῇ ἀμφοτέρους ζῆν, καὶ ἐπειδὴν ἀποθάνητε, ἐκεῖ αὖ ἐν Αἴδου ἀντὶ δυοῖν ἕνα εἶναι κοινῇ τεθνεῶτε· ἀλλ' ὁρᾶτε εἰ τούτου ἐρᾶτε καὶ ἐξαρκεῖ ὑμῖν ἂν τούτου τύχητε· ταῦτ' ἀκούσας ἴσμεν ὅτι οὐδ' ἂν εἰς ἐξαρνηθεῖν οὐδ' ἄλλο τι ἂν φανείη βουλούμενος, ἀλλ' ἀτεχνῶς οἴοιτ' ἂν ἀκηκοέναι τοῦτο ὃ πάλαι ἄρα ἐπεθύμει, συνελθὼν καὶ συντακείς τῷ ἐρωμένῳ ἐκ δυοῖν εἰς γενέσθαι. τοῦτο γάρ ἐστι τὸ αἴτιον, ὅτι ἡ

ἀρχαία φύσις ἡμῶν ἦν αὕτη καὶ ἤμεν ὅλοι· τοῦ ὅλου οὖν τῇ ἐπιθυμίᾳ [193a] καὶ διώξει ἔρωσ ὄνομα. καὶ πρὸ τοῦ, ὥσπερ λέγω, ἐν ἡμεν, νυνὶ δὲ διὰ τὴν ἀδικίαν διωκίσθημεν ὑπὸ τοῦ θεοῦ, καθάπερ Ἀρκάδες ὑπὸ Λακεδαιμονίων· φόβος οὖν ἔστιν, ἐὰν μὴ κόσμιοι ὦμεν πρὸς τοὺς θεοὺς, ὅπως μὴ καὶ αὐθις διασχισθῶμεθα, καὶ περιίμεν ἔχοντες ὥσπερ οἱ ἐν ταῖς στήλαις καταγραφὴν ἐκτετυπωμένοι, διαπεπισμένοι κατὰ τὰς ῥίνας, γεγονότες ὥσπερ λίσπαι. ἀλλὰ τούτων ἕνεκα πάντ' ἄνδρα χρή ἅπαντα παρακελεύεσθαι εὐσεβεῖν περὶ [193b] θεοὺς, ἵνα τὰ μὲν ἐκφύγωμεν, τῶν δὲ τύχωμεν, ὧν ὁ Ἔρωσ ἡμῖν ἡγεμὼν καὶ στρατηγός. ὃ μηδεὶς ἐναντία πρᾶττέτω (πράττει δ' ἐναντία ὅστις θεοῖς ἀπεχθάνεται)· φίλοι γὰρ γενόμενοι καὶ διαλλαγέντες τῷ θεῷ ἐξευρήσομέν τε καὶ ἐντευξόμεθα τοῖς παιδικοῖς τοῖς ἡμετέροις αὐτῶν, ὃ τῶν νῦν ὀλίγοι ποιοῦσι. καὶ μή μοι ὑπολάβῃ Ἑρυξίμαχος, κωμῳδῶν τὸν λόγον, ὡς Πausανίαν καὶ Ἀγάθωνα λέγω· ἴσως μὲν [193c] γὰρ καὶ οὗτοι τούτων τυγχάνουσιν ὄντες καὶ εἰσιν ἀμφοτέρω τὴν φύσιν ἄρρενες· λέγω δὲ οὖν ἔγωγε καθ' ἀπάντων καὶ ἀνδρῶν καὶ γυναικῶν, ὅτι οὕτως ἂν ἡμῶν τὸ γένος εὐδαιμον γένοιτο, εἰ ἐκτελέσαιμεν τὸν ἔρωτα καὶ τῶν παιδικῶν τῶν αὐτοῦ ἕκαστος τύχοι εἰς τὴν ἀρχαίαν ἀπελθὼν φύσιν· εἰ δὲ τοῦτο ἄριστον, ἀναγκαῖον καὶ τῶν νῦν παρόντων τὸ τοῦτου ἐγγυτάτω ἄριστον εἶναι· τοῦτο δ' ἐστὶ παιδικῶν τυχεῖν κατὰ νοῦν αὐτῷ πεφυκότων· οὗ δὴ τὸν αἴτιον θεὸν ὑμνοῦντες [193d] δικαίως ἂν ὑμνοῖμεν Ἔρωτα, ὃς ἐν τε τῷ παρόντι ἡμᾶς πλεῖστα ὀνίνησιν εἰς τὸ οἰκεῖον ἄγων, καὶ εἰς τὸ ἔπειτα ἐλπίδας μεγίστας παρέχεται, ἡμῶν παρεχομένων πρὸς θεοὺς εὐσέβειαν, καταστήσας ἡμᾶς εἰς τὴν ἀρχαίαν φύσιν καὶ ἱσάμενος μακαρίους καὶ εὐδαιμόνας ποιῆσαι. οὗτος, ἔφη, ὃ Ἑρυξίμαχε, ὁ ἐμὸς λόγος ἐστὶ περὶ Ἔρωτος, ἄλλοις ἢ ὁ σός. ὥσπερ οὖν ἐδεήθην σου, μὴ κωμωδήσῃς αὐτόν, ἵνα καὶ τῶν λοιπῶν ἀκούσωμεν τί ἕκαστος [193e] ἐρεῖ, μᾶλλον δὲ τί ἐκάτερος· Ἀγάθων γὰρ καὶ Σωκράτης λοιποί.

XVII. Ἀλλὰ πείσομαί σοι, ἔφη φάναι τὸν Ἑρυξίμαχον· καὶ γάρ μοι ὁ λόγος ἡδέως ἐρρήθη. καὶ εἰ μὴ ξυνήδειν Σωκράτει τε καὶ Ἀγάθωνι δεινοῖς οὔσι περὶ τὰ ἐρωτικά, πάνυ ἂν ἐφοβούμην μὴ ἀπορήσωσι λόγων διὰ τὸ πολλὰ καὶ παντοδαπὰ εἰρηῆσθαι· νῦν δὲ ὁμῶς θαρρῶ ,

[194a] τὸν οὖν Σωκράτη εἰπεῖν Καλῶς γὰρ αὐτὸς ἠγώνισαι, ὃ Ἑρξίμαχε· εἰ δὲ γένοιο οὗ νῦν ἐγὼ εἰμι, μᾶλλον δὲ ἴσως οὗ ἔσομαι ἐπειδὰν καὶ Ἀγάθων εἴπῃ εὔ, καὶ μάλ' ἂν φοβοῖο καὶ ἐν παντὶ εἴης ὥσπερ ἐγὼ νῦν. Φαρμάττειν βούλει με, ὃ Σώκρατες, εἰπεῖν τὸν Ἀγάθωνα, ἵνα θορυβηθῶ διὰ τὸ οἶσθαι τὸ θέατρον προσδοκίαν μεγάλην ἔχειν ὡς εὔ ἐροῦντος ἐμοῦ. Ἐπιλήσμων μέντ' ἂν εἴην, ὃ Ἀγάθων, εἰπεῖν τὸν Σωκράτη, [194b] εἰ ἰδὼν τὴν σὴν ἀνδρείαν καὶ μεγαλοφροσύνην ἀναβαίνοντος ἐπὶ τὸν ὀκρίβαντα μετὰ τῶν ὑποκριτῶν, καὶ βλέψαντος ἐναντία τοσοῦτῳ θεάτρῳ, μέλλοντος ἐπιδείξεσθαι σαυτοῦ λόγους, καὶ οὐδ' ὅπωςτιοῦν ἐκπλαγέντος, νῦν οἰηθεῖν σε θορυβήσεσθαι ἔνεκα ἡμῶν ὀλίγων ἀνθρώπων. Τί δέ, ὃ Σώκρατες; τὸν Ἀγάθωνα φάναι, οὐ δὴ πού με οὕτω θεάτρου μεστὸν ἡγεῖ, ὥστε καὶ ἀγνοεῖν ὅτι νοῦν ἔχοντι ὀλίγοι ἔμφρονες πολλῶν ἀφρόνων φοβερώτεροι; [194c] Οὐ μέντ' ἂν καλῶς ποιοίην, φάναι τὸν Σωκράτη, ὃ Ἀγάθων, περὶ σοῦ τι ἐγὼ ἄγροικον δοξάζων· ἀλλ' εὔ οἶδα ὅτι εἴ τις ἐντύχοις οὗς ἡγεῖο σοφούς, μᾶλλον ἂν αὐτῶν φροντίζοις ἢ τῶν πολλῶν· ἀλλὰ μὴ οὐχ οὗτοι ἡμεῖς ὤμεν· ἡμεῖς μὲν γὰρ καὶ ἐκεῖ παρήμεν καὶ ἡμεν τῶν πολλῶν· εἰ δὲ ἄλλοις ἐντύχοις σοφοῖς, τάχ' ἂν αἰσχύνοιο αὐτούς, εἴ τι ἴσως οἷοιο αἰσχρὸν ὄν ποιεῖν· ἢ πῶς λέγεις; Ἀληθῆ λέγεις, φάναι. Τοὺς δὲ πολλοὺς οὐκ ἂν αἰσχύνοιο εἴ τι οἷοιο αἰσχρὸν ποιεῖν; [194d] καὶ τὸν Φαῖδρον ἔφη ὑπολαβόντα εἰπεῖν Ὡ φίλε Ἀγάθων, ἐὰν ἀποκρίνῃ Σωκράτει, οὐδὲν ἔτι διοίσει αὐτῷ ὀπιοῦν τῶν ἐνθάδε ὅτιοῦν γίνεσθαι, ἐὰν μόνον ἔχη ὅτῳ διαλέγεται, ἄλλως τε καὶ καλῷ. ἐγὼ δὲ ἡδέως μὲν ἀκούω Σωκράτους διαλεγομένου, ἀναγκαῖον δέ μοι ἐπιμεληθῆναι τοῦ ἐγκωμίου τῷ Ἑρωτι καὶ ἀποδέξασθαι παρ' ἐνὸς ἐκάστου ὑμῶν τὸν λόγον· ἀποδοὺς οὖν ἐκάτερος τῷ θεῷ οὕτως ἤδη διαλεγέσθω. [194e] Ἀλλὰ καλῶς λέγεις, ὃ Φαῖδρε, φάναι τὸν Ἀγάθωνα, καὶ οὐδέν με κωλύει λέγειν· Σωκράτει γὰρ καὶ αὐθις ἔσται πολλάκις διαλέγεσθαι.

XIII. Ἐ γὰρ δὲ δὴ βούλομαι πρῶτον μὲν εἰπεῖν ὡς χρή με εἰπεῖν, ἔπειτα εἰπεῖν. δοκοῦσι γὰρ μοι πάντες οἱ πρόσθεν εἰρηκότες οὐ τὸν θεὸν ἐγκωμιάζειν ἀλλὰ τοὺς ἀνθρώπους εὐδαιμονίζειν τῶν ἀγαθῶν ὧν ὁ θεὸς αὐτοῖς αἴτιος· ὅποῖος δὲ τις αὐτὸς ὧν [195a] ταῦτα ἐδωρήσατο, οὐδεὶς εἴρηκεν. εἷς δὲ τρόπος ὀρθὸς παντὸς ἐπαίνου περὶ

παντός, λόγῳ διελθεῖν οἷος οἷων αἴτιος ὢν τυγχάνει περὶ οὗ ἂν ὁ λόγος ἦ. οὕτω δὴ τὸν Ἑρώτα καὶ ἡμᾶς δίκαιον ἐπαινέσαι πρῶτον αὐτὸν οἷός ἐστιν, ἔπειτα τὰς δόσεις. φημὶ οὖν ἐγὼ πάντων θεῶν εὐδαιμόνων ὄντων Ἑρώτα, εἰ θέμις καὶ ἀνεμέσητον εἰπεῖν, εὐδαιμονέστατον εἶναι αὐτῶν, κάλλιστον ὄντα καὶ ἄριστον. ἔστι δὲ κάλλιστος ὢν τοιόσδε. πρῶτον μὲν νεώτατος θεῶν, ὃ Φαῖδρε. μέγα [195b] δὲ τεκμήριον τῷ λόγῳ αὐτὸς παρέχεται, φεύγων φυγῇ τὸ γῆρας, ταχὺ ὃν δῆλον ὅτι· θάπτον γοῦν τοῦ δέοντος ἡμῖν προσέρχεται. ὃ δὴ ἐφύκεν Ἑρῶς μισεῖν καὶ οὐδ' ἐντὸς πολλοῦ πλησιάζειν. μετὰ δὲ νέων ἀεὶ σύνεστί τε καὶ ἔστιν· ὁ γὰρ παλαιὸς λόγος εὖ ἔχει, ὡς ὁμοιον ὁμοίῳ ἀεὶ πελάζει. ἐγὼ δὲ Φαῖδρῳ πολλὰ ἄλλα ὁμολογῶν τοῦτο οὐχ ὁμολογῶ, ὡς Ἑρῶς Κρόνου καὶ Ἰαπετοῦ ἀρχαιότερός ἐστιν. ἀλλά [195c] φημὶ νεώτατον αὐτὸν εἶναι θεῶν καὶ ἀεὶ νέον, τὰ δὲ παλαιὰ πράγματα περὶ θεοῦς, ἃ Ἡσίοδος καὶ Παρμενίδης λέγουσιν, Ἀνάγκη καὶ οὐκ Ἑρωτι γεγονέναι, εἰ ἐκείνοι ἀληθῆ ἔλεγον· οὐ γὰρ ἂν ἐκτομαὶ οὐδὲ δεσμοὶ ἀλλήλων ἐγίνοντο καὶ ἄλλα πολλὰ καὶ βίαια, εἰ Ἑρῶς ἐν αὐτοῖς ἦν, ἀλλὰ φιλία καὶ εἰρήνη, ὥσπερ νῦν, ἐξ οὗ Ἑρῶς τῶν θεῶν βασιλεύει. νέος μὲν οὖν ἐστί, πρὸς δὲ τῷ νέῳ ἀπαλός· ποιητοῦ δ' ἔστιν [195d] ἐνδεῆς οἷος ἦν Ὅμηρος, πρὸς τὸ ἐπιδεῖξαι θεοῦ ἀπαλότητα. Ὅμηρος γὰρ Ἄτην θεὸν τέ φησιν εἶναι καὶ ἀπαλήν (τοὺς γοῦν πόδας αὐτῆς ἀπαλοὺς εἶναι) λέγων

... τῆς μένθ' ἀπαλοὶ πόδες· οὐ γὰρ ἐπ' οὐδεος

πίλνεται, ἀλλ' ἄρα ἦ γε κατ' ἀνδρῶν κράατα βαίνει.

καλῶ οὖν δοκεῖ μοι τεκμηρίῳ τὴν ἀπλότητα ἀποφαίνειν, ὅτι οὐκ ἐπὶ σκληροῦ βαίνει, ἀλλ' ἐπὶ μαλθακοῦ. τῷ αὐτῷ [195e] δὴ καὶ ἡμεῖς χρησόμεθα τεκμηρίῳ περὶ Ἑρώτα ὅτι ἀπαλός. οὐ γὰρ ἐπὶ γῆς βαίνει οὐδ' ἐπὶ κρανίων, ἃ ἐστιν οὐ πάνυ μαλακά, ἀλλ' ἐν τοῖς μαλακωτάτοις τῶν ὄντων καὶ βαίνει καὶ οἰκεῖ. ἐν γὰρ ἡθεσι καὶ ψυχαῖς θεῶν καὶ ἀνθρώπων τὴν οἴκησιν ἰδρυταί· καὶ οὐκ αὖ ἐξῆς ἐν πάσαις ταῖς ψυχαῖς, ἀλλ' ἥτινι ἂν σκληρὸν ἦθος ἐχούσῃ ἐντύχη, ἀπέρχεται, ἥ δ' ἂν μαλακόν, οἰκίζεται. ἀπτόμενον οὖν ἀεὶ καὶ ποσὶν καὶ πάντῃ ἐν μαλακωτάτοις τῶν μαλακωτάτων, ἀπαλώτατον ἀνάγκη [196a] εἶναι. νεώτατος μὲν δὴ ἐστὶ καὶ ἀπαλώτατος, πρὸς δὲ τούτοις ὑγρὸς τὸ εἶδος, οὐ γὰρ ἂν οἷός τ' ἦν πάντῃ περιπτύσσεσθαι οὐδὲ διὰ

πάσης ψυχῆς καὶ εἰσιῶν τὸ πρῶτον λανθάνειν καὶ ἐξιῶν, εἰ σκληρὸς ἦν. συμμέτρου δὲ καὶ ὕγρᾳς ἰδέας μέγα τεκμήριον ἢ εὐσχημοσύνη, ὃ δὴ διαφερόντως ἐκ πάντων ὁμολογουμένως Ἔρωσ ἔχει· ἀσχημοσύνη γὰρ καὶ Ἔρωτι πρὸς ἀλλήλους αἰὶ πόλεμος. χρόας δὲ κάλλος ἢ κατ' ἄνθη δίαίτα τοῦ θεοῦ σημαίνει· ἀνανθεῖ γὰρ [196b] καὶ ἀπηνθηκότης καὶ σώματι καὶ ψυχῇ καὶ ἄλλῳ ὀτφοῦν οὐκ ἐνίζει Ἔρωσ· οὗ δ' ἂν εὐανθῆς τε καὶ εὐώδης τόπος ἦ, ἐνταῦθα δὲ καὶ ἵζει καὶ μένει.

XIX. Περὶ μὲν οὖν κάλλους τοῦ θεοῦ καὶ ταῦθ' ἱκανὰ καὶ ἔτι πολλὰ λείπεται, περὶ δὲ ἀρετῆς Ἔρωτος μετὰ ταῦτα λεκτέον· τὸ μὲν μέγιστον ὅτι Ἔρωσ οὐτ' ἀδικεῖ οὐτ' ἀδικεῖται οὐθ' ὑπὸ θεοῦ οὔτε θεόν, οὐθ' ὑπ' ἀνθρώπου οὔτε ἄνθρωπον. οὔτε γὰρ αὐτὸς βία πάσχει, εἴ τι πάσχει — βία γὰρ Ἔρωτος οὐχ [196c] ἄπτεται — οὔτε ποιῶν ποιεῖ — πᾶς γὰρ ἐκὼν Ἔρωτι πᾶν ὑπηρετεῖ — ἃ δ' ἂν ἐκὼν ἐκόντι ὁμολογήσῃ, φασὶν “ οἱ πόλεως βασιλῆς νόμοι „ δίκαια εἶναι. πρὸς δὲ τῇ δικαιοσύνῃ σωφροσύνης πλείστης μετέχει. εἶναι γὰρ ὁμολογεῖται σωφροσύνη τὸ κρατεῖν ἡδονῶν καὶ ἐπιθυμιῶν, Ἔρωτος δὲ μηδεμίαν ἡδονὴν κρείττω εἶναι· εἰ δὲ ἦττους, κρατοῖντ' ἂν ὑπὸ Ἔρωτος, ὃ δὲ κρατοῖ, κρατῶν δὲ ἡδονῶν καὶ ἐπιθυμιῶν ὃ Ἔρωσ διαφερόντως ἂν σωφρονοῖ. καὶ μὴν εἰς γε ἀνδρείαν Ἔρωτι [196d] “ οὐδ' Ἀρης ἀνθίσταται „, οὐ γὰρ ἔχει Ἔρωτα Ἀρης, ἀλλ' Ἔρωσ Ἀρη , Ἀφροδίτης, ὡς λόγος· κρείττων δὲ ὁ ἔχων τοῦ ἐχομένου· τοῦ δ' ἀνδρειοτάτου τῶν ἄλλων κρατῶν πάντων ἂν ἀνδρειότατος εἴη· περὶ μὲν οὖν δικαιοσύνης καὶ σωφροσύνης καὶ ἀνδρείας τοῦ θεοῦ εἴρηται, περὶ δὲ σοφίας λείπεται· ὅσον οὖν δυνατόν, πειρατέον μὴ ἐλλείπειν. καὶ πρῶτον μὲν, ἴν' αὖ καὶ ἐγὼ τὴν ἡμετέραν τέχνην τιμήσω ὥσπερ Ἐρυξίμαχος [196e] τὴν αὐτοῦ, ποιητῆς ὁ θεὸς σοφὸς οὕτως ὥστε καὶ ἄλλον ποιῆσαι· πᾶς γοῦν ποιητῆς γίγνεται, “ κἂν ἄμουσος ἦ τὸ πρῖν „, οὗ ἂν Ἔρωσ ἄψηται. ὧ δὲ πρέπει ἡμᾶς μαρτυρίῳ χρῆσθαι, ὅτι ποιητῆς ὁ Ἔρωσ ἀγαθὸς ἐν κεφαλαίῳ πᾶσαν ποίησιν τὴν κατὰ μουσικὴν· ἃ γάρ τις ἢ μὴ ἔχει ἢ μὴ οἶδεν, οὐτ' ἂν ἐτέρῳ δοίῃ οὐτ' ἂν ἄλλον διδάξειεν. καὶ [197a] μὲν δὴ τὴν γε τῶν ζώων ποίησιν πάντων τίς ἐναντιώσεται μὴ οὐχὶ Ἔρωτος εἶναι σοφίαν, ἣ γίγνεται τε καὶ φύεται πάντα τὰ ζῶα; ἀλλὰ τὴν τῶν τεχνῶν δημιουργίαν οὐκ ἴσμεν, ὅτι οὗ μὲν ἂν ὁ θεὸς οὗτος διδάσκαλος γένηται, ἐλλόγιμος καὶ φανὸς

ἀπέβη, οὗ δ' ἂν Ἔρωσ μὴ ἐφάψηται, σκοτεινός; τοξικὴν γε μὴν καὶ ἰατρικὴν καὶ μαντικὴν Ἀπόλλων ἂν εὖρεν ἐπιθυμίας καὶ ἔρωτος ἡγεμονεύσαντος, [197b] ὥστε καὶ οὗτος Ἔρωτος ἂν εἴη μαθητής, καὶ Μοῦσαι μουσικῆς καὶ Ἥφαιστος χαλκείας καὶ Ἀθηνᾶ ἰστοουργίας καὶ “ Ζεὺς κυβερνᾷν θεῶν τε καὶ ἀνθρώπων „ . ὅθεν δὴ καὶ κατεσκευάσθη τῶν θεῶν τὰ πράγματα Ἔρωτος ἐγγενομένου, δηλὸν ὅτι κάλλους (αἵσχει γὰρ οὐκ ἔνι Ἔρωσ)· πρὸ τοῦ δέ, ὥσπερ ἐν ἀρχῇ εἶπον, πολλὰ καὶ δεινὰ θεοῖς ἐγίνετο . ὥς λέγεται, διὰ τὴν τῆς Ἀνάγκης βασιλείαν· ἐπειδὴ δ' ὁ θεὸς οὗτος ἔφυ, ἐκ τοῦ ἐρᾶν τῶν καλῶν πάντ' ἀγαθὰ γέγονεν καὶ θεοῖς καὶ ἀνθρώποις. [197c] οὕτως ἐμοὶ δοκεῖ, ὦ Φαῖδρε, Ἔρωσ πρῶτος αὐτὸς ὢν κάλλιστος καὶ ἄριστος μετὰ τοῦτο τοῖς ἄλλοις ἄλλων τοιούτων αἴτιος εἶναι. ἐπέρχεται δέ μοι τι καὶ ἔμμετρον εἰπεῖν, ὅτι οὗτός ἐστιν ὁ ποιῶν

*εἰρήνην μὲν ἐν ἀνθρώποις, πελάγει δὲ γαλήνην
νηνεμίαν, ἀνέμων κοίτην ὕπνον τ' ἐνὶ κήδει.*

[197d] οὗτος δὲ ἡμᾶς ἀλλοτριότητος μὲν κενοῖ, οἰκειότητος δὲ πληροῖ, τὰς τοιάσδε ξυνόδους μετ' ἀλλήλων πάσας τιθεῖς ξυνιέναι, ἐν ἑορταῖς, ἐν χοροῖς, ἐν θυσίαις γινόμενος ἡγεμὼν· πραότητα μὲν πορίζων, ἀγριότητα δ' ἐξορίζων· φιλόδωρος εὐμενείας, ἄδωρος δυσμενείας· ἵλεως ἀγαθοῖς· θεατὸς σοφοῖς, ἀγαστὸς θεοῖς· ζηλωτὸς ἀμοίροις, κτητὸς εὐμοίροις· Τρυφῆς, Ἀβρότητας, Χλιδῆς, Χαρίτων, Ἰμέρου, Πόθου πατήρ· ἐπιμελὴς ἀγαθῶν, ἀμελὴς κακῶν· ἐν πόνῳ, ἐν φόβῳ, ἐν πόνῳ, ἐν [197e] λόγῳ κυβερνήτης, ἐπιβάτης, παραστάτης τε καὶ σωτὴρ ἄριστος, ξυμπάντων τε θεῶν καὶ ἀνθρώπων κόσμος, ἡγεμὼν κάλλιστος καὶ ἄριστος, ὃ χρηρῆ ἔπεσθαι πάντα ἄνδρα ἐφυμνοῦντα καλῆς ὥδης μετέχοντα ἣν ἄδει θέλγων πάντων θεῶν τε καὶ ἀνθρώπων νόημα· οὗτος, ἔφη, ὁ παρ' ἐμοῦ λόγος, ὦ Φαῖδρε, τῷ θεῷ ἀνακείσθω, τὰ μὲν παιδιᾶς, τὰ δὲ σπουδῆς μετρίας, καθ' ὅσον ἐγὼ δύναμαι, μετέχων.

XX. [198a] Εἰπόντος δὲ τοῦ Ἀγάθωνος πάντας ἔφη ὁ Ἀριστόδημος ἀναθορυβῆσαι τοὺς παρόντας, ὥς πρεπόντως τοῦ νεανίσκου εἰρηκότος καὶ αὐτῷ καὶ τῷ θεῷ· τὸν οὖν Σωκράτης εἰπεῖν βλέψαντα εἰς τὸν Ἐρυξίμαχον· Ἄρά σοι δοκῶ, φάναι, ὦ παῖ Ἀκουμενοῦ, ἀδεές

πάλαι δέος δεδιέναι, ἀλλ' οὐ μαντικῶς, ἃ νῦν δὴ ἔλεγον εἰπεῖν, ὅτι Ἀγάθων θαυμαστῶς ἐροῖ, ἐγὼ δ' ἀπορήσοιμι; Τὸ μὲν ἕτερον, φάναι τὸν Ἑρυξίμαχον, μαντικῶς μοι δοκεῖς εἰρηκέναι, ὅτι Ἀγάθων εὖ ἐρεῖ· τὸ δὲ σὲ ἀπορήσειν, οὐκ οἶμαι. [198b] Καὶ πῶς, ὦ μακάριε, εἰπεῖν τὸν Σωκράτη, οὐ μέλλω ἀπορεῖν καὶ ἐγὼ καὶ ἄλλος ὅστισοῦν, μέλλων λέξειν μετὰ καλὸν οὕτω καὶ παντοδαπὸν λόγον ῥηθέντα; καὶ τὰ μὲν ἄλλα οὐχ ὁμοίως μὲν θαυμαστά· τὸ δὲ ἐπὶ τελευτῆς τοῦ κάλλους τῶν ὀνομάτων καὶ ῥημάτων τίς οὐκ ἂν ἐξεπλάγη ἀκούων; ἐπεὶ ἔγωγε ἐνθυμούμενος ὅτι αὐτὸς οὐχ οἷός τ' ἔσομαι οὐδ' ἐγγὺς τούτων οὐδὲν καλὸν εἰπεῖν, ὑπ' αἰσχύνης ὀλίγου [198c] ἀποδράς ῥόχνην, εἴ πη εἶχον. καὶ γάρ με Γοργίου ὁ λόγος ἀνεμίμνησκεν, ὥστε ἀτεχνῶς τὸ τοῦ Ὀμήρου ἐπεπόνθη· ἐφοβούμην μὴ μοι τελευτῶν ὁ Ἀγάθων Γοργίου κεφαλὴν δεινοῦ λέγειν ἐν τῷ λόγῳ ἐπὶ τὸν ἐμὸν λόγον πέμψας αὐτόν με λίθον τῇ ἀφωνίᾳ ποιήσειε. καὶ ἐνενόησα τότε ἄρα καταγέλαστος ὢν, ἥνικα ὑμῖν ὁμολόγουν ἐν τῷ μέρει μεθ' [198d] ὑμῶν ἐγκωμιάσεσθαι τὸν Ἑρωτα καὶ ἔφην εἶναι δεινὸς τὰ ἐρωτικά, οὐδὲν εἰδὼς ἄρα τοῦ πράγματος, ὥς ἔδει ἐγκωμιάζειν ὁτιοῦν. ἐγὼ μὲν γὰρ ὑπ' ἀβελτερίας ὄμην δεῖν τάληθ' ἔχειν περὶ ἐκάστου τοῦ ἐγκωμιαζομένου, καὶ τοῦτο μὲν ὑπάρχειν, ἐξ αὐτῶν δὲ τούτων τὰ κάλλιστα ἐκλεγομένους ὥς εὐπρεπέστατα τιθέναι· καὶ πάνυ δὴ μέγα ἐφρόνουν ὥς εὖ ἐρῶν, ὥς εἰδὼς τὴν ἀλήθειαν τοῦ ἐπαινεῖν ὁτιοῦν. τὸ δὲ ἄρα, ὥς ἔοικεν, οὐ τοῦτο ἦν τὸ καλῶς ἐπαινεῖν ὁτιοῦν, ἀλλὰ τὸ ὥς [198e] μέγιστα ἀνατιθέναι τῷ πράγματι καὶ ὥς κάλλιστα, ἐάν τε ἦ οὕτως ἔχοντα ἐάν τε μὴ· εἰ δὲ ψευδῆ, οὐδὲν ἄρ' ἦν πρᾶγμα. προυρρήθη γάρ, ὥς ἔοικεν, ὅπως ἕκαστος ἡμῶν τὸν ἔρωτα ἐγκωμιάζειν δόξει, οὐχ ὅπως ἐγκωμιάσεται. διὰ ταῦτα δὴ, οἶμαι, πάντα λόγον κινουῦντες ἀνατίθετε τῷ Ἑρωτι, καὶ φατε αὐτὸν τοιοῦτόν τε εἶναι καὶ τοσοῦτον αἴτιον, ὅπως ἂν [199a] φαίνεται ὥς κάλλιστος καὶ ἄριστος, δῆλον ὅτι τοῖς μὴ γινώσκουσιν· οὐ γὰρ που τοῖς γε εἰδόσιν· καὶ καλῶς γ' ἔχει καὶ σεμνῶς ὁ ἐπαινος. ἀλλὰ γὰρ ἐγὼ οὐκ ἤδη τὸν τρόπον τοῦ ἐπαίνου, οὐδ' εἰδὼς ὑμῖν ὁμολόγησα καὶ αὐτὸς ἐν τῷ μέρει ἐπαινέσεσθαι. “ ἡ γλῶσσα οὖν ὑπέσχετο, ἡ δὲ φρήν οὐ,· χαιρέτω δὴ. οὐ γὰρ ἔτι ἐγκωμιάζω τοῦτον τὸν τρόπον· οὐ γὰρ ἂν δυναίμην· οὐ μέντοι ἀλλὰ τά γε ἀληθῆ, [199b] εἰ βούλεσθε, ἐθέλω εἰπεῖν κατ' ἐμαυτόν, οὐ πρὸς τοὺς ὑμετέρους λόγους, ἵνα μὴ γέλωτα ὀφλω. ὅρα οὖν, ὦ Φαῖδρε, εἴ τι καὶ τοιούτου λόγου δέῃ, περὶ Ἑρωτος τάληθ' λεγόμενα ἀκούειν, ὀνομάσει δὲ καὶ θέσει ῥημάτων

τοιαύτη ὅποια δὴ ἂν τις τύχη ἐπελθοῦσα. τὸν οὖν Φαῖδρον ἔφη καὶ τοὺς ἄλλους κελεύειν λέγειν, ὅπῃ αὐτὸς οἴοιτο δεῖν εἰπεῖν, ταύτη. Ἔτι τοίνυν, φάναι, ὦ Φαῖδρε, πάρες μοι Ἀγάθωνα σμίкр' ἄττα ἐρέσθαι, ἵνα ἀνομολογησάμενος παρ' αὐτοῦ οὕτως ἤδη λέγω. [199c] Ἀλλὰ παρήμι, φάναι τὸν Φαῖδρον, ἀλλ' ἐρώτα. μετὰ ταῦτα δὴ τὸν Σωκράτη ἔφη ἐνθένδε ποθὲν ἄρξασθαι.

XXI. Καὶ μὴν, ὦ φίλε Ἀγάθων, καλῶς μοι ἔδοξας καθηγήσασθαι τοῦ λόγου, λέγων ὅτι πρῶτον μὲν δέοι αὐτὸν ἐπιδείξαι ὁποῖός τις ἐστὶν ὁ Ἔρω, ὕστερον δὲ τὰ ἔργα αὐτοῦ, ταύτην τὴν ἀρχὴν πάνυ ἄγμαι. ἴθι οὖν μοι περὶ Ἐρωτος, ἐπειδὴ καὶ τᾶλλα καλῶς καὶ μεγαλοπρεπῶς διῆλθες οἷός ἐστι, καὶ [199d] τότε εἶπέ· πότερόν ἐστι τοιοῦτος οἷος εἶναι τινὸς ὁ Ἔρω, ἔρω, ἢ οὐδενός; ἐρωτῶ δ' οὐκ εἰ μητρός τινος ἢ πατρός ἐστὶν — γελοῖον γὰρ ἂν εἴη τὸ ἐρώτημα, εἰ Ἔρω ἐστὶν ἔρω, μητρός ἢ πατρός — ἀλλ' ὥσπερ ἂν εἰ αὐτὸ τοῦτο πατέρα ἠρώτων, ἄρα ὁ πατήρ ἐστι πατήρ τινος ἢ οὐ; εἶπες ἂν δὴ πού μοι, εἰ ἐβούλου καλῶς ἀποκρίνασθαι, ὅτι ἐστὶν ὑέος γε ἢ θυγατρὸς ὁ πατήρ πατήρ· ἢ οὐ; Πάνυ γε, φάναι τὸν Ἀγάθωνα. Οὐκοῦν καὶ ἡ μήτηρ ὡσαύτως; Ὁμολογεῖσθαι καὶ τοῦτο. [199e] Ἔτι τοίνυν, εἰπεῖν τὸν Σωκράτη, ἀπόκριναι ὀλίγω πλείω, ἵνα μᾶλλον καταμάθῃς ὁ βούλομαι. εἰ γὰρ ἐροίμην, τί δέ; ἀδελφός, αὐτὸ τοῦθ' ὅπερ ἐστὶν, ἐστὶ τινὸς ἀδελφὸς ἢ οὐ; Φάναι εἶναι. Οὐκοῦν ἀδελφοῦ ἢ ἀδελφῆς; Ὁμολογεῖν. Πειρῶ δὴ, φάναι, καὶ τὸν ἔρωτα εἰπεῖν. ὁ Ἔρω, ἔρω, ἐστὶν οὐδενὸς ἢ τινός; Πάνυ μὲν οὖν ἐστὶν. [200a] Τοῦτο μὲν τοίνυν, εἰπεῖν τὸν Σωκράτη, φύλαξον παρὰ σαντῶ μεμνημένος ὅτου· τοσόνδε δὲ εἶπέ, πότερον ὁ Ἔρω ἐκείνου οὐ ἐστὶν ἔρω, ἐπιθυμεῖ αὐτοῦ ἢ οὐ; Πάνυ γε, φάναι. Πότερον ἔχων αὐτὸ οὐ ἐπιθυμεῖ τε καὶ ἐρᾷ, εἴτα ἐπιθυμεῖ τε καὶ ἐρᾷ, ἢ οὐκ ἔχων; Οὐκ ἔχων, ὡς τὸ εἰκός γε, φάναι. Σκόπει δὴ, εἰπεῖν τὸν Σωκράτη, ἀντὶ τοῦ εἰκότος εἰ ἀνάγκη οὕτως, τὸ ἐπιθυμοῦν ἐπιθυμεῖν οὐ ἐνδεές ἐστὶν, ἢ μὴ [200b] ἐπιθυμεῖν, ἐὰν μὴ ἐνδεές ἦ. ἐμοὶ μὲν γὰρ θαυμαστῶς δοκεῖ, ὦ Ἀγάθων, ὡς ἀνάγκη εἶναι· σοὶ δὲ πῶς; Κάμοι, φάναι, δοκεῖ. Καλῶς λέγεις. ἄρ' οὖν βούλοιτ' ἂν τις μέγας ὢν μέγας εἶναι, ἢ ἰσχυρὸς ὢν ἰσχυρός; Ἀδύνατον ἐκ τῶν ὁμολογημένων. Οὐ γάρ που ἐνδεὴς ἂν εἴη τούτων ὁ γε ὢν. Ἀληθὴ λέγεις. Εἰ γὰρ καὶ ἰσχυρὸς ὢν βούλοιο ἰσχυρὸς εἶναι, φάναι τὸν Σωκράτη, καὶ ταχὺς

ὦν ταχύς, καὶ ὑγιής ὦν ὑγιής — ἴσως γὰρ ἂν τις ταῦτα οἰηθεῖη καὶ πάντα τὰ τοιαῦτα, τοὺς ὄντας [200c] τε τοιούτους καὶ ἔχοντας ταῦτα τούτων ἅπερ ἔχουσι καὶ ἐπιθυμεῖν, ἵν' οὖν μὴ ἐξαπατηθῶμεν, τούτου ἕνεκα λέγω· τούτοις γάρ, ὦ Ἀγάθων, εἰ ἐννοεῖς, ἔχειν μὲν ἕκαστα τούτων ἐν τῷ παρόντι ἀνάγκη ἃ ἔχουσιν, ἐάν τε βούλωνται ἐάν τε μή, καὶ τούτου γε δὴ πού τις ἂν ἐπιθυμήσειεν; ἀλλ' ὅταν τις λέγῃ ὅτι ἐγὼ ὑγιαίνων βούλομαι καὶ ὑγιαίνειν, καὶ πλουτῶν βούλομαι καὶ πλουτεῖν, καὶ ἐπιθυμῶ αὐτῶν τούτων ἃ ἔχω, εἴπομεν ἂν αὐτῷ ὅτι σύ, ὦ ἄνθρωπε, [200d] πλουτὸν κεκτημένος καὶ ὑγίειαν καὶ ἰσχὺν βούλει καὶ εἰς τὸν ἔπειτα χρόνον ταῦτα κεκτηθῆναι, ἐπεὶ ἐν τῷ γε νῦν παρόντι, εἴτε βούλει εἴτε μή, ἔχεις· σκοπεῖ οὖν, ὅταν τοῦτο λέγῃς, ὅτι ἐπιθυμῶ τῶν παρόντων, εἰ ἄλλο τι λέγεις ἢ τόδε, ὅτι βούλομαι τὰ νῦν παρόντα καὶ εἰς τὸν ἔπειτα χρόνον παρεῖναι· ἄλλο τι ὁμολογοῖ ἄν; Συμφάναι ἔφη τὸν Ἀγάθωνα. εἰπεῖν δὴ τὸν Σωκράτη, Οὐκοῦν τοῦτό γ' ἐστὶν ἐκείνου ἐρᾶν, ὃ οὐπω ἔτοιμον αὐτῷ ἐστὶν οὐδὲ ἔχει, τὸ εἰς τὸν ἔπειτα χρόνον ταῦτα εἶναι αὐτῷ σφζόμενα καὶ παρόντα; [200e] Πάνυ γε, φάναι. Καὶ οὗτος ἄρα καὶ ἄλλος πᾶς ὁ ἐπιθυμῶν τοῦ μὴ ἐτοίμου ἐπιθυμεῖ καὶ τοῦ μὴ παρόντος, καὶ ὃ μὴ ἔχει καὶ ὃ μὴ ἔστιν αὐτὸς καὶ οὗ ἐνδεής ἐστι, τοιαῦτ' ἅττα ἐστὶν ὧν ἡ ἐπιθυμία τε καὶ ὁ ἔρως ἐστίν; Πάνυ γ', εἰπεῖν. Ἰθὶ δὴ, φάναι τὸν Σωκράτη, ἀνομολογησώμεθα τὰ εἰρημένα. ἄλλο τι ἔστιν ὃ Ἔρως ἢ πρῶτον μὲν τινῶν, ἔπειτα τούτων ὧν ἂν ἐνδεῖα παρῇ αὐτῷ; [201a] Ναί, φάναι. Ἐπὶ δὴ τούτοις ἀναμνήσθητι τίνων ἔφησθα ἐν τῷ λόγῳ εἶναι τὸν Ἔρωτα· εἰ δὲ βούλει, ἐγὼ σε ἀναμνήσω. οἶμαι γάρ σε οὕτωςί πως εἰπεῖν, ὅτι τοῖς θεοῖς κατεσκευάσθη τὰ πράγματα δι' ἔρωτα καλῶν· αἰσχυρῶν γὰρ οὐκ εἴη ἔρως. οὐχ οὕτωςί πως ἔλεγε; Εἶπον γάρ, φάναι τὸν Ἀγάθωνα. Καὶ ἐπιεικῶς γε λέγεις, ὦ ἐταῖρε, φάναι τὸν Σωκράτη· καὶ εἰ τοῦτο οὕτως ἔχει, ἄλλο τι ὃ Ἔρως κάλλους ἂν εἴη ἔρως, αἰσχυροὺς δὲ οὐ; Ὡμολόγει. [201b] Οὐκοῦν ὁμολόγηται, οὗ ἐνδεής ἐστὶ καὶ μὴ ἔχει, τούτου ἐρᾶν; Ναί, εἰπεῖν. Ἐνδεής ἄρ' ἐστὶ καὶ οὐκ ἔχει ὃ Ἔρως κάλλος. Ἀνάγκη, φάναι. Τί δέ; τὸ ἐνδεές κάλλους καὶ μηδαμῇ κεκτημένον κάλλος ἄρα λέγεις σὺ καλὸν εἶναι; Οὐ δῆτα. Ἐτι οὖν ὁμολογεῖς Ἔρωτα καλὸν εἶναι, εἰ ταῦτα οὕτως ἔχει; καὶ τὸν Ἀγάθωνα εἰπεῖν. Κινδυνεύω, ὦ Σώκρατες, οὐδὲν εἰδέναι ὧν τότε εἶπον. [201c] Καὶ μὴν καλῶς γε εἶπες, φάναι, ὦ Ἀγάθων. ἀλλὰ σμικρὸν ἔτι εἰπέ· τάγαθὰ οὐ καὶ καλὰ δοκεῖ σοι εἶναι; Ἐμοιγε. Εἰ ἄρα ὃ Ἔρως τῶν καλῶν ἐνδεής ἐστὶ, τὰ δὲ ἀγαθὰ καλά, κἂν τῶν

ἀγαθῶν ἐνδεὴς εἶη. Ἐγώ, φάναι, ὦ Σώκρατες, σοὶ οὐκ ἂν δυναίμην ἀντιλέγειν, ἀλλ' οὕτως ἐχέτω ὡς σὺ λέγεις. Οὐ μὲν οὖν τῇ ἀληθείᾳ, φάναι, ὦ φιλούμενε Ἀγάθων, δύνασαι ἀντιλέγειν, ἐπεὶ Σωκράτει γε οὐδὲν χαλεπόν.

XXII. [201d] Καὶ σὲ μὲν γε ἤδη ἐάσω· τὸν δὲ λόγον τὸν περὶ τοῦ Ἑρωτος, ὃν ποτ' ἤκουσα γυναικὸς Μαντινικῆς Διοτίμας, ἣ ταῦτά τε σοφὴ ἦν καὶ ἄλλα πολλά, καὶ Ἀθηναίοις ποτὲ θυμαμένοις πρὸ τοῦ λοιμοῦ δέκα ἔτη ἀναβολὴν ἐποίησε τῆς νόσου, ἣ δὴ καὶ ἐμὲ τὰ ἐρωτικά ἐδίδαξεν, — ὃν οὖν ἐκείνη ἔλεγε λόγον, πειράσομαι ὑμῖν διελθεῖν ἐκ τῶν ὁμολογημένων ἐμοὶ καὶ Ἀγάθωνι, αὐτὸς ἀπ' ἐμαυτοῦ, ὅπως ἂν δύνωμαι. δεῖ δὴ, ὦ Ἀγάθων, ὥσπερ σὺ διηγῆσω, διελθεῖν [201e] αὐτὸν πρῶτον, τίς ἐστὶν ὁ Ἑρως καὶ ποῖός τις, ἔπειτα τὰ ἔργα αὐτοῦ. δοκεῖ οὖν μοι ῥᾶστον εἶναι οὕτω διελθεῖν, ὥς ποτέ με ἡ ξένη ἀνακρίνουσα διήει. σχεδὸν γάρ τι καὶ ἐγὼ πρὸς αὐτὴν ἕτερα τοιαῦτα ἔλεγον οἷάπερ νῦν πρὸς ἐμὲ Ἀγάθων, ὡς εἶη ὁ Ἑρως μέγας θεός, εἶη δὲ τῶν καλῶν· ἤλεγχε δὴ με τούτοις τοῖς λόγοις οἷσπερ ἐγὼ τοῦτον, ὡς οὔτε καλὸς εἶη κατὰ τὸν ἐμὸν λόγον οὔτε ἀγαθός. καὶ ἐγώ, Πῶς λέγεις, ἔφην, ὦ Διοτίμα; αἰσchrὸς ἄρα ὁ Ἑρως ἐστὶ καὶ κακός; καὶ ἦ, Οὐκ εὐφημήσεις; ἔφη· ἡ οἶει, ὅτι ἂν μὴ καλὸν ἦ, ἀναγκαῖον αὐτὸ εἶναι αἰσchrόν; [202a] Μάλιστα γε. Ἥ καὶ ἂν μὴ σοφόν, ἀμαθές; ἢ οὐκ ἦσθησαι ὅτι ἔστιν τι μεταξύ σοφίας καὶ ἀμαθίας; Τί τοῦτο; Τὸ ὀρθὰ δοξάζειν καὶ ἄνευ τοῦ ἔχειν λόγον δοῦναι οὐκ οἶσθ', ἔφη, ὅτι οὔτε ἐπίστασθαί ἐστιν (ἄλογον γὰρ πρᾶγμα πῶς ἂν εἶη ἐπιστήμη;) οὔτε ἀμαθία (τὸ γὰρ τοῦ ὄντος τυγχάνον πῶς ἂν εἶη ἀμαθία;) ἔστι δὲ δὴ που τοιοῦτον ἡ ὀρθὴ δόξα, μεταξύ φρονήσεως καὶ ἀμαθίας. Ἀληθῆ, ἦν δ' ἐγώ, λέγεις. [202b] Μὴ τοίνυν ἀνάγκαζε ὁ μὴ καλόν ἐστιν αἰσchrόν εἶναι, μηδὲ ὁ μὴ ἀγαθόν, κακόν. οὕτω δὲ καὶ τὸν Ἑρωτα ἐπειδὴ αὐτὸς ὁμολογεῖς μὴ εἶναι ἀγαθὸν μηδὲ καλόν, μηδὲν τι μᾶλλον οἶου δεῖν αὐτὸν αἰσchrόν καὶ κακὸν εἶναι, ἀλλὰ τι μεταξύ, ἔφη, τούτοις. Καὶ μήν, ἦν δ' ἐγώ, ὁμολογεῖται γε παρὰ πάντων μέγας θεὸς εἶναι; Τῶν μὴ εἰδόντων, ἔφη, πάντων λέγεις, ἢ καὶ τῶν εἰδόντων; Ξυμπάντων μὲν οὖν. καὶ ἡ γελάσασα· Καὶ πῶς ἂν, ἔφη, ὦ Σώκρατες, [202c] ὁμολογοῖτο μέγας θεὸς εἶναι παρὰ τούτων, οἳ φασιν αὐτὸν οὐδὲ θεὸν εἶναι; Τίνες οὗτοι;

ἦν δ' ἐγώ. Εἷς μέν, ἔφη, σύ, μία δ' ἐγώ. καὶ γὰρ εἶπον· Πῶς τοῦτο, ἔφην, λέγεις; καὶ ἦ, Ῥαδίως, ἔφη. λέγε γάρ μοι, οὐ πάντας θεοὺς φῆς εὐδαίμονας εἶναι καὶ καλοὺς; ἢ τολμήσαις ἄν τινα μὴ φάναι καλόν τε καὶ εὐδαίμονα θεῶν εἶναι; Μὰ Δί' οὐκ ἐγώγ', ἔφην. Εὐδαίμονας δὲ δὴ λέγεις οὐ τοὺς τάγαθὰ καὶ τὰ καλὰ κεκτημένους; Πάνυ γε. [202d] Ἀλλὰ μὴν Ἐρωτά γε ὠμολόγηκας δι' ἔνδειαν τῶν ἀγαθῶν καὶ καλῶν ἐπιθυμεῖν αὐτῶν τούτων ὧν ἐνδεής ἐστιν. Ὁμολόγηκα γάρ. Πῶς ἄν οὖν θεὸς εἴη ὃ γε τῶν καλῶν καὶ ἀγαθῶν ἅμοιρος; Οὐδαμῶς, ὥς γ' ἔοικεν. Ὅρᾳς οὖν, ἔφη, ὅτι καὶ σὺ ἔρωτα οὐ θεὸν νομίζεις;

XXIII. Τί οὖν ἄν, ἔφην, εἴη ὁ Ἔρως; θνητός; Ἥκιστά γε. Ἀλλὰ τί μὴν; Ὡσπερ τὰ πρότερα, ἔφη, μεταξὺ θνητοῦ καὶ ἀθανάτου. Τί οὖν, ὦ Διοτίμα; Δαίμων μέγας, ὦ Σώκρατες· καὶ γὰρ πᾶν τὸ δαιμόνιον [202e] μεταξύ ἐστι θεοῦ τε καὶ θνητοῦ. Τίνα, ἦν δ' ἐγώ, δύναμιν ἔχον; Ἑρμηνεύον καὶ διαπορθμεύον θεοῖς τὰ παρ' ἀνθρώπων καὶ ἀνθρώποις τὰ παρὰ θεῶν, τῶν μὲν τὰς δεήσεις καὶ θυσίας, τῶν δὲ τὰς ἐπιτάξεις τε καὶ ἀμοιβὰς τῶν θυσιῶν, ἐν μέσῳ δὲ ὄν ἀμφοτέρων συμπληροῖ, ὥστε τὸ πᾶν αὐτὸ αὐτῷ ξυνδεδέσθαι. διὰ τούτου καὶ ἡ μαντικὴ πᾶσα χωρεῖ καὶ ἡ τῶν ἱερέων τέχνη τῶν τε περὶ τὰς θυσίας καὶ τελετὰς [203a] καὶ τὰς ἐπαφὰς καὶ τὴν μαντείαν πᾶσαν καὶ γοητείαν. θεὸς δὲ ἀνθρώπῳ οὐ μίγνυται, ἀλλὰ διὰ τούτου πᾶσά ἐστιν ἡ ὁμιλία καὶ ἡ διάλεκτος θεοῖς πρὸς ἀνθρώπους, καὶ ἐγρηγοροῦσι καὶ καθεύδουσι· καὶ ὁ μὲν περὶ τὰ τοιαῦτα σοφὸς δαιμόνιος ἀνὴρ, ὁ δὲ ἄλλο τι σοφὸς ὧν ἢ περὶ τέχνας ἢ χειρουργίας τινὰς βάναντος. οὗτοι δὴ οἱ δαίμονες πολλοὶ καὶ παντοδαποὶ εἰσιν, εἷς δὲ τούτων ἐστὶ καὶ ὁ Ἔρως. Πατὴρ δέ, ἦν δ' ἐγώ, τίνος ἐστὶ καὶ μητρός; [203b] Μακρότερον μὲν, ἔφη, διηγῆσασθαι· ὅμως δέ σοι ἐρῶ. ὅτε γὰρ ἐγένετο ἡ Ἀφροδίτη, εἰσιπύοντο οἱ θεοὶ οἳ τε ἄλλοι καὶ ὁ τῆς Μήτιδος υἱὸς Πόρος. ἐπειδὴ δὲ ἐδείπνησαν, προσαιτήσουσα οἶον δὴ εὐωχίας οὔσης ἀφίκετο ἡ Πενία, καὶ ἦν περὶ τὰς θύρας. ὁ οὖν Πόρος μεθυσθεὶς τοῦ νέκταρος, οἶνος γὰρ οὕπῳ ἦν, εἰς τὸν τοῦ Διὸς κῆπον εἰσελθὼν βεβαρημένος ἠΰδεν. ἡ οὖν Πενία ἐπιβουλεύουσα διὰ τὴν αὐτῆς ἀπορίαν παιδίον ποιήσασθαι ἐκ τοῦ Πόρου, κατακλίνεται [203c] τε παρ' αὐτῷ καὶ ἐκύησε τὸν ἔρωτα. διὸ δὴ καὶ τῆς Ἀφροδίτης ἀκόλουθος καὶ θεράπων γέγονεν ὁ Ἔρως, γεννηθεὶς ἐν

τοῖς ἐκείνης γενεθλίοις, καὶ ἅμα φύσει ἐραστῆς ὢν περὶ τὸ καλὸν καὶ τῆς Ἀφροδίτης καλῆς οὔσης. ἅτε οὖν Πόρου καὶ Πενίας υἱὸς ὢν ὁ Ἔρως ἐν τοιαύτῃ τύχῃ καθέστηκεν. πρῶτον μὲν πένης ἀεὶ ἐστὶ, καὶ πολλοῦ δεῖ ἀπαλὸς τε καὶ καλός, οἶον οἱ πολλοὶ οἶονται, ἀλλὰ σκληρὸς [203d] καὶ αὐχμηρὸς καὶ ἀνυπόδητος καὶ ἄοικος, χαμαιπετὴς ἀεὶ ὢν καὶ ἄστρωτος, ἐπὶ θύραις καὶ ἐν ὁδοῖς ὑπαίθριος κοιμώμενος, τὴν τῆς μητρὸς φύσιν ἔχων, ἀεὶ ἐνδεία ξύνοικος. κατὰ δὲ αὐτὸν τὸν πατέρα ἐπίβουλός ἐστι τοῖς καλοῖς καὶ τοῖς ἀγαθοῖς, ἀνδρεῖος ὢν καὶ ἴτης καὶ σύντονος, θηρευτῆς δεινός, ἀεὶ τινὰς πλέκων μηχανάς, καὶ φρονήσεως ἐπιθυμητῆς καὶ πόριμος, φιλοσοφῶν διὰ παντὸς τοῦ βίου, δεινὸς γόης καὶ φαρμακεὺς καὶ σοφιστής· καὶ οὔτε ὥς [203e] ἀθάνατος πέφυκεν οὔτε ὥς θνητός, ἀλλὰ τοτὲ μὲν τῆς αὐτῆς ἡμέρας θάλλει τε καὶ ζῇ, ὅταν εὐπορήσῃ, τοτὲ δὲ ἀποθνήσκει, πάλιν δὲ ἀναβιώσκειται διὰ τὴν τοῦ πατρὸς φύσιν, τὸ δὲ ποριζόμενον ἀεὶ ὑπεκρεῖ· ὥστε οὔτε ἀπορεῖ Ἔρως ποτὲ οὔτε πλουτεῖ, σοφίας τε αὐτῷ καὶ ἀμαθίας ἐν μέσῳ ἐστίν. [204a] ἔχει γὰρ ὥδε. θεῶν οὐδεὶς φιλοσοφεῖ οὐδ' ἐπιθυμεῖ σοφὸς γενέσθαι· ἔστι γάρ· οὐδ' εἴ τις ἄλλος σοφός, οὐ φιλοσοφεῖ· οὐδ' αὐτοὶ οἱ ἀμαθεῖς φιλοσοφοῦσιν οὐδ' ἐπιθυμοῦσι σοφοὶ γενέσθαι· αὐτὸ γὰρ τοῦτό ἐστι χαλεπὸν ἀμαθία, τὸ μὴ ὄντα καλὸν καγαθὸν μηδὲ φρόνιμον δοκεῖν αὐτῷ εἶναι ἰκανόν· οὐκ οὐκ ἐπιθυμεῖ ὁ μὴ οἰόμενος ἐνδεὴς εἶναι οὐδ' ἂν μὴ οἴηται ἐπιδεῖσθαι. Τίνες οὖν, ἔφην ἐγώ, ὦ Διοτίμα, οἱ φιλοσοφοῦντες, εἰ μήτε οἱ σοφοὶ μήτε οἱ ἀμαθεῖς; [204b] Δῆλον δὴ, ἔφη, τοῦτό γε ἤδη καὶ παιδί, ὅτι οἱ μεταξὺ τούτων ἀμφοτέρων, ὢν αὐτὸ καὶ ὁ Ἔρως. ἔστι γὰρ δὴ τῶν καλλίστων ἡ σοφία, Ἔρως δ' ἐστὶν ἔρως περὶ τὸ καλόν, ὥστε ἀναγκαῖον Ἔρωτα φιλόσοφον εἶναι, φιλόσοφον δὲ ὄντα μεταξὺ εἶναι σοφοῦ καὶ ἀμαθοῦς. αἰτία δὲ αὐτῷ καὶ τούτων ἡ γένεσις· πατρὸς μὲν γὰρ σοφοῦ ἐστὶ καὶ εὐπόρου, μητρὸς δὲ οὐ σοφῆς καὶ ἀπόρου· ἡ μὲν οὖν φύσις τοῦ δαίμονος, ὦ φίλε Σώκρατες, αὕτη· ὢν δὲ σὺ φήθης Ἔρωτα [204c] εἶναι, θαυμαστὸν οὐδὲν ἔπαθες. φήθης δέ, ὥς ἐμοὶ δοκεῖ τεκμαιρομένη ἐξ ὧν σὺ λέγεις, τὸ ἐρώμενον Ἔρωτα εἶναι, οὐ τὸ ἐρῶν· διὰ ταῦτά σοι οἴμαι πάγκαλος ἐφαίνετο ὁ Ἔρως. καὶ γὰρ ἔστι τὸ ἐραστὸν τὸ τῷ ὄντι καλὸν καὶ ἀβρὸν καὶ τέλειον καὶ μακαριστόν· τὸ δὲ γε ἐρῶν ἄλλην ιδέαν τοιαύτην ἔχον, οἷαν ἐγὼ διήλθον.

XXIV. Καὶ ἐγὼ εἶπον· Εἶεν δὴ, ὦ ξένη· καλῶς γὰρ λέγεις· τοιοῦτος ὢν ὁ Ἔρως τίνα χρεῖαν ἔχει τοῖς ἀνθρώποις; [204d] Τοῦτο δὴ μετὰ ταῦτ', ἔφη, ὦ Σώκρατες, πειράσομαί σε διδάξαι. ἔστι μὲν γὰρ δὴ τοιοῦτος καὶ οὕτω γεγωνὼς ὁ Ἔρως, ἔστι δὲ τῶν καλῶν, ὥς σὺ φῆς. εἰ δέ τις ἡμᾶς ἔροιτο· τί τῶν καλῶν ἐστὶν ὁ Ἔρως, ὦ Σώκρατες τε καὶ Διοτίμα; ὧδε δὲ σαφέστερον ἐρῶ· ὁ ἐρῶν τῶν καλῶν τί ἐρᾷ; καὶ ἐγὼ εἶπον ὅτι· Γενέσθαι αὐτῷ. Ἀλλ' ἐπιποθεῖ, ἔφη, ἡ ἀπόκρισις ἐρώτησιν τοιάνδε· τί ἔσται ἐκείνῳ ὃ ἂν γένηται τὰ καλά; Οὐ πάνυ ἔφην ἔτι ἔχειν ἐγὼ πρὸς ταύτην τὴν ἐρώτησιν προχείρως ἀποκρίνασθαι. [204e] Ἀλλ', ἔφη, ὥσπερ ἂν εἴ τις μεταβαλὼν ἀντὶ τοῦ καλοῦ τῷ ἀγαθῷ χρώμενος πυνθάνοιτο· φέρε, ὦ Σώκρατες, ἐροιτο· ὁ ἐρῶν τῶν ἀγαθῶν· τί ἐρᾷ; Γενέσθαι, ἦν δ' ἐγώ, αὐτῷ. Καὶ τί ἔσται ἐκείνῳ ὃ ἂν γένηται τὰγαθὰ; Τοῦτ' εὐπορώτερον, ἦν δ' ἐγώ, ἔχω ἀποκρίνασθαι, ὅτι εὐδαίμων ἔσται. [205a] Κτήσει γάρ, ἔφη, ἀγαθῶν οἱ εὐδαίμονες εὐδαίμονες, καὶ οὐκέτι προσδεῖ ἐρέσθαι ἵνα τί δὲ βούλεται εὐδαίμων εἶναι ὁ βουλόμενος, ἀλλὰ τέλος δοκεῖ ἔχειν ἡ ἀπόκρισις. Ἀληθῆ λέγεις, εἶπον ἐγώ. Ταύτην δὴ τὴν βούλησιν καὶ τὸν ἔρωτα τοῦτον πότερα κοινὸν οἶε εἶναι πάντων ἀνθρώπων, καὶ πάντας τὰγαθὰ βούλεσθαι αὐτοῖς εἶναι ἀεὶ, ἢ πῶς λέγεις; Οὕτως, ἦν δ' ἐγώ· κοινὸν εἶναι πάντων. Τί δὴ οὖν, ἔφη, ὦ Σώκρατες, οὐ πάντας ἐρᾶν φαμέν, [205b] εἴπερ γε πάντες τῶν αὐτῶν ἐρῶσι καὶ ἀεὶ, ἀλλὰ τινὰς φαμεν ἐρᾶν, τοὺς δ' οὐ; Θαυμάζω, ἦν δ' ἐγώ, καὶ αὐτός. Ἀλλὰ μὴ θαύμαζ', ἔφη· ἀφελόντες γὰρ ἄρα τοῦ ἔρωτός τι εἶδος ὀνομάζομεν, τὸ τοῦ ὅλου ἐπιτιθέντες ὄνομα, ἔρωτα, τὰ δὲ ἄλλα ἄλλοις καταχρώμεθα ὀνόμασιν. Ὡσπερ τί; ἦν δ' ἐγώ. Ὡσπερ τόδε, οἷσθ' ὅτι ποιήσις ἐστὶ τι πολὺ· ἡ γὰρ τοι ἐκ τοῦ μὴ ὄντος εἰς τὸ ὄν ἰόντι ὀφιοῦν αἰτία πᾶσα ἐστὶ [205c] ποιήσις, ὥστε καὶ αἱ ὑπὸ πάσαις ταῖς τέχναις ἐργασίαι ποιήσεις εἰσὶ καὶ οἱ τούτων δημιουργοὶ πάντες ποιηταί. Ἀληθῆ λέγεις. Ἀλλ' ὅμως, ἦ δ' ἦ, οἷσθ' ὅτι οὐ καλοῦνται ποιηταὶ ἀλλὰ ἄλλα ἔχουσιν ὀνόματα, ἀπὸ δὲ πάσης τῆς ποιήσεως ἐν μόνιον ἀφορισθὲν τὸ περὶ τὴν μουσικὴν καὶ τὰ μέτρα τῷ τοῦ ὅλου ὀνόματι προσαγορεύεται. ποιήσις γὰρ τοῦτο μόνον καλεῖται, καὶ οἱ ἔχοντες τοῦτο τὸ μόνιον τῆς ποιήσεως ποιηταί. Ἀληθῆ λέγεις, ἔφην. [205d] Οὕτω τοίνυν καὶ περὶ τὸν ἔρωτα· τὸ μὲν κεφάλαιόν ἐστι πᾶσα ἢ τῶν ἀγαθῶν ἐπιθυμία καὶ τοῦ εὐδαιμονεῖν, ὁ μέγιστός τε καὶ δολερὸς ἔρως παντί· ἀλλ' οἱ μὲν ἄλλῃ τρεπόμενοι πολλαχῇ ἐπ' αὐτόν, ἢ κατὰ χρηματισμὸν ἢ κατὰ φιλογυμνασίαν ἢ κατὰ

φιλοσοφίαν, οὔτε ἐρᾶν καλοῦνται οὔτ' ἔρασταί, οἱ δὲ κατὰ ἓν τι εἶδος ἰόντες τε καὶ ἐσπουδακότες τὸ τοῦ ὅλου ὄνομα ἴσχουσιν, ἔρωτά τε καὶ ἐρᾶν καὶ ἐρασταί. Κινδυνεύεις ἀληθῆ, ἔφην ἐγώ, λέγειν. Καὶ λέγεται μὲν γέ τις, ἔφη, λόγος, ὥς οἱ ἂν τὸ ἡμῖς [205e] ἑαυτῶν ζητῶσιν, οὗτοι ἐρῶσιν· ὁ δ' ἐμὸς λόγος οὔτε ἡμίσεός φησιν εἶναι τὸν ἔρωτα οὔτε ὅλου, ἐὰν μὴ τυγχάνῃ γέ που, ὃ ἐταῖρε, ἀγαθὸν ὄν· ἐπεὶ αὐτῶν γε καὶ πόδας καὶ χεῖρας ἐθέλουσιν ἀποτέμνεσθαι οἱ ἄνθρωποι, ἐὰν αὐτοῖς δοκῇ τὰ ἑαυτῶν πονηρὰ εἶναι. οὐ γὰρ τὸ ἑαυτῶν οἶμαι ἕκαστοι ἀσπάζονται, εἰ μὴ εἴ τις τὸ μὲν ἀγαθὸν οἰκεῖον καλεῖ καὶ ἑαυτοῦ, τὸ δὲ κακὸν ἀλλότριον· ὥς οὐδέν γε ἄλλο ἐστὶν οὗ [206a] ἐρῶσιν ἄνθρωποι ἢ τοῦ ἀγαθοῦ. ἢ σοὶ δοκοῦσιν; Μὰ Δί' οὐκ ἔμοιγε, ἦν δ' ἐγώ. Ἄρ' οὖν, ἢ δ' ἦ, οὕτως ἀπλοῦν ἐστὶ λέγειν ὅτι οἱ ἄνθρωποι τὰγαθοῦ ἐρῶσιν; Ναί, ἔφην. Τί δέ; οὐ προσθετέον, ἔφη, ὅτι καὶ εἶναι τὸ ἀγαθὸν αὐτοῖς ἐρῶσιν; Προσθετέον. Ἄρ' οὖν, ἔφη, καὶ οὐ μόνον εἶναι, ἀλλὰ καὶ ἀεὶ εἶναι; Καὶ τοῦτο προσθετέον. Ἔστιν ἄρα συλλήβδην, ἔφη, ὁ ἔρος τοῦ τὸ ἀγαθὸν αὐτῷ εἶναι ἀεὶ. Ἀληθέστατα, ἔφην ἐγώ, λέγεις.

XXV. [206b] Ὅτε δὴ τούτου ὁ ἔρος ἐστὶν ἀεὶ, ἢ δ' ἦ, τῶν τίνα τρόπον διωκόντων αὐτὸ καὶ ἐν τίνι πράξει ἢ σπουδῇ καὶ ἡ ζύντασις ἔρος ἂν καλοῖτο; τί τοῦτο τυγχάνει ὄν τὸ ἔργον; ἔχεις εἰπεῖν; Οὐ μὲντ' ἂν σέ, ἔφην ἐγώ, ὃ Διοτίμα, ἐθαύμαζον ἐπὶ σοφία καὶ ἐφοίτων παρὰ σέ αὐτὰ ταῦτα μαθησόμενος. Ἀλλ' ἐγώ σοι, ἔφη, ἐρῶ. ἔστι γὰρ τοῦτο τόκος ἐν καλῷ καὶ κατὰ τὸ σῶμα καὶ κατὰ τὴν ψυχὴν. Μαντείας, ἦν δ' ἐγώ, δεῖται ὅτι ποτε λέγεις, καὶ οὐ μανθάνω. [206c] Ἀλλ' ἐγώ, ἢ δ' ἦ, σαφέστερον ἐρῶ. κυοῦσιν γάρ, ἔφη, ὃ Σώκρατες, πάντες ἄνθρωποι καὶ κατὰ τὸ σῶμα καὶ κατὰ τὴν ψυχὴν, καὶ ἐπειδὴν ἐν τινὶ ἡλικίᾳ γένωνται, τίκτειν ἐπιθυμεῖ ἡμῶν ἡ φύσις. τίκτειν δὲ ἐν μὲν αἰσχυρῷ οὐ δύναται, ἐν δὲ τῷ καλῷ. ἢ γὰρ ἀνδρὸς καὶ γυναικὸς συνουσία τόκος ἐστίν. ἔστι δὲ τοῦτο θεῖον τὸ πρᾶγμα, καὶ τοῦτο ἐν θνητῷ ὄντι τῷ ζῳῷ ἀθάνατον ἔνεστιν, ἢ κύησις καὶ ἡ γέννησις. τὰ δὲ ἐν τῷ ἀναρμόστῳ ἀδύνατον γενέσθαι. [206d] ἀνάρμοστον δ' ἐστὶ τὸ αἰσχυρὸν παντὶ τῷ θεῷ, τὸ δὲ καλὸν ἀρμόττον. Μοῖρα οὖν καὶ Εἰλείθυια ἢ Καλλονὴ ἐστὶ τῇ γενέσει. διὰ ταῦτα ὅταν μὲν καλῷ προσπελάζῃ τὸ κυοῦν, ἵλεών τε γίγνεται καὶ εὐφραινόμενον διαχεῖται

καὶ τίκτει τε καὶ γεννᾷ· ὅταν δὲ αἰσχροῦ, σκυθρωπόν τε καὶ λυπούμενον συσπειρᾶται καὶ ἀποτρέπεται καὶ ἀνείλλεται καὶ οὐ γεννᾷ, ἀλλὰ ἴσχον τὸ κύημα χαλεπῶς φέρει. ὅθεν δὴ τῷ κυοῦντί τε καὶ ἤδη σπαργῶντι πολλή ἡ πτοίησις γέγονε [206e] περὶ τὸ καλὸν διὰ τὸ μεγάλης ὠδίνος ἀπολύειν τὸν ἔχοντα. ἔστιν γάρ, ὃ Σώκρατες, ἔφη, οὐ τοῦ καλοῦ ὁ ἔρω, ὥς σὺ οἶε. Ἀλλὰ τί μήν; Τῆς γεννήσεως καὶ τοῦ τόκου ἐν τῷ καλῷ. Εἶεν, ἦν δ' ἐγώ. Πάνυ μὲν οὖν, ἔφη. τί δὴ οὖν τῆς γεννήσεως; ὅτι ἀειγενές ἐστι καὶ ἀθάνατον ὥς θνητῷ ἢ γέννησις. ἀθανασίας [207a] δὲ ἀναγκαῖον ἐπιθυμεῖν μετὰ ἀγαθοῦ ἐκ τῶν ὁμολογημένων, εἴπερ τοῦ τἀγαθὸν ἑαυτῷ εἶναι ἀεὶ ἔρω ἐστίν. ἀναγκαῖον δὲ ἐκ τούτου τοῦ λόγου καὶ τῆς ἀθανασίας τὸν ἔρωτα εἶναι.

XXVI. Ταῦτά τε οὖν πάντα ἐδίδασκέ με, ὅποτε περὶ τῶν ἐρωτικῶν λόγους ποιοῖτο, καὶ ποτε ἤρετο Τί οἶε, ὃ Σώκρατες, αἴτιον εἶναι τούτου τοῦ ἔρωτος καὶ τῆς ἐπιθυμίας; ἢ οὐκ αἰσθάνει ὥς δεινῶς διατίθεται πάντα τὰ θηρία ἐπειδὰν γεννᾶν ἐπιθυμήσῃ, καὶ τὰ πεζὰ καὶ τὰ πτηνὰ, νοσοῦντά τε [207b] πάντα καὶ ἐρωτικῶς διατιθέμενα, πρῶτον μὲν περὶ τὸ ξυμμιγῆναι ἀλλήλοις, ἔπειτα περὶ τὴν τροφήν τοῦ γενομένου, καὶ ἔτοιμά ἐστιν ὑπὲρ τούτων καὶ διαμάχεσθαι τὰ ἀσθενέστατα τοῖς ἰσχυροτάτοις καὶ ὑπεραποθνήσκειν, καὶ αὐτὰ τῷ λιμῷ παρατεινόμενα ὥστ' ἐκεῖνα ἐκτρέφειν, καὶ ἄλλο πᾶν ποιοῦντα; τοὺς μὲν γὰρ ἀνθρώπους, ἔφη, οἷοιτ' ἂν τις ἐκ λογισμοῦ ταῦτα ποιεῖν· τὰ δὲ θηρία τίς αἰτία οὕτως ἐρωτικῶς διατίθεται; ἔχεις λέγειν; καὶ ἐγὼ αὖ ἔλεγον ὅτι οὐκ εἰδείην· ἢ δ' εἶπεν, Διανοεῖ οὖν δεινός ποτε γενήσεσθαι τὰ ἐρωτικά, ἐὰν ταῦτα μὴ ἐννοῇ; Ἀλλὰ διὰ ταῦτά τοι, ὃ Διοτίμα, ὅπερ νῦν δὴ εἶπον, παρὰ σὲ ἤκω, γνοὺς ὅτι διδασκάλων δέομαι. ἀλλὰ μοι λέγε καὶ τούτων τὴν αἰτίαν καὶ τῶν ἄλλων τῶν περὶ τὰ ἐρωτικά. Εἰ τοίνυν, ἔφη, πιστεύεις ἐκείνου εἶναι φύσει τὸν ἔρωτα, οὗ πολλάκις ὁμολογήκαμεν, μὴ θαύμαζε. ἐνταῦθα γὰρ [207d] τὸν αὐτὸν ἐκεῖνον λόγον ἢ θνητὴ φύσις ζητεῖ κατὰ τὸ δυνατόν ἀεὶ τε εἶναι καὶ ἀθάνατος. δύναται δὲ ταύτῃ μόνον τῇ γενέσει, ὅτι ἀεὶ καταλείπει ἕτερον νέον ἀντὶ τοῦ παλαιοῦ, ἐπεὶ καὶ ἐν ᾧ ἐν ἑκάστῳ τῶν ζώων ζῆν καλεῖται καὶ εἶναι τὸ αὐτό· οἷον ἐκ παιδαρίου ὁ αὐτὸς λέγεται ἕως ἂν πρεσβύτης γένηται· οὗτος μέντοι

οὐδέποτε τὰ αὐτὰ ἔχων ἐν αὐτῷ ὅμως ὁ αὐτὸς καλεῖται, ἀλλὰ νέος αἰεὶ γιγνόμενος, τὰ δὲ ἀπολλύς, καὶ κατὰ τὰς τρίχας καὶ σάρκα καὶ ὅστ' αἰ [207e] αἷμα καὶ ξύμπαν τὸ σῶμα. καὶ μὴ ὅτι κατὰ τὸ σῶμα, ἀλλὰ καὶ κατὰ τὴν ψυχὴν οἱ τρόποι, τὰ ἦθη, δόξαι, ἐπιθυμίαι, ἡδοναί, λύπαι, φόβοι τούτων ἕκαστα οὐδέποτε τὰ αὐτὰ πάρεστιν ἐκάστω, ἀλλὰ τὰ μὲν γίγνεται, τὰ δὲ ἀπόλλυται. πολὺ δὲ τούτων ἀτοπώτερον ἔτι, ὅτι καὶ αἱ ἐπιστήμαι [208a] μὴ ὅτι αἱ μὲν γίνονται, αἱ δὲ ἀπόλλυνται ἡμῖν, καὶ οὐδέποτε οἱ αὐτοὶ ἐσμεν οὐδὲ κατὰ τὰς ἐπιστήμας, ἀλλὰ καὶ μία ἐκάστη τῶν ἐπιστημῶν ταὐτὸν πάσχει. ὁ γὰρ καλεῖται μελετᾶν, ὡς ἐξιούσης ἐστὶ τῆς ἐπιστήμης· λήθη γὰρ ἐπιστήμης ἔξοδος, μελέτη δὲ πάλιν καινὴν ἐμποιοῦσα ἀντὶ τῆς ἀπιούσης μνήμην σφῆζει τὴν ἐπιστήμην, ὥστε τὴν αὐτὴν δοκεῖν εἶναι. τούτῳ γὰρ τῷ τρόπῳ πᾶν τὸ θνητὸν σφῆζεται, οὐ τὸ παντάπασιν τὸ αὐτὸ αἰεὶ εἶναι ὥσπερ τὸ [208b] θεῖον, ἀλλὰ τῷ τὸ ἀπὸν καὶ παλαιούμενον ἕτερον νέον ἐγκαταλείπειν οἷον αὐτὸ ἦν. ταύτῃ τῇ μηχανῇ, ᾧ Σώκρατες, ἔφη, θνητὸν ἀθανασίας μετέχει, καὶ σῶμα καὶ τᾶλλα πάντα· ἀθάνατον δὲ ἄλλῃ. μὴ οὖν θαύμαζε εἰ τὸ αὐτοῦ ἀποβλάστημα φύσει πᾶν τιμᾷ· ἀθανασίας γὰρ χάριν παντὶ αὕτῃ ἢ σπουδῇ καὶ ὁ ἔρος ἔπεται.

XXVII. Καὶ ἐγὼ ἀκούσας τὸν λόγον ἐθαύμασά τε καὶ εἶπον Εἶεν, ἦν δ' ἐγώ, ᾧ σοφωτάτῃ Διοτίμα, ταῦτα ὡς ἀληθῶς οὕτως ἔχει; [208c] καὶ ἦ, ὥσπερ οἱ τέλει σοφισταί, Εὖ ἴσθι, ἔφη, ᾧ Σώκρατες· ἐπεὶ γε καὶ τῶν ἀνθρώπων εἰ ἐθέλεις εἰς τὴν φιλοτιμίαν βλέψαι, θαυμάζεις ἂν τῆς ἀλογίας περὶ, ἃ ἐγὼ εἶρηκα εἰ μὴ ἐννοεῖς, ἐνθυμηθεὶς ὡς δεινῶς διάκεινται ἔρωτι τοῦ ὀνομαστοῦ γενέσθαι καὶ “ κλέος ἐς τὸν αἰεὶ χρόνον ἀθάνατον καταθέσθαι „, , καὶ ὑπὲρ τούτου κινδύνους τε κινδυνεύειν ἑτοιμοὶ εἰσι πάντας ἔτι μᾶλλον ἢ ὑπὲρ τῶν [208d] παίδων, καὶ χρήματα ἀναλίσκειν καὶ πόνους πονεῖν οὐστινασοῦν καὶ ὑπεραποθνῆναι ἢ σκεῖν. ἐπεὶ οἶμι σύ, ἔφη, Ἄλκηστιν ὑπὲρ Ἀδμήτου ἀποθανεῖν ἂν, ἢ Ἀχιλλέα Πατρόκλῳ ἐπαποθανεῖν, ἢ προαποθανεῖν τὸν ὑμέτερον Κόδρον ὑπὲρ τῆς βασιλείας τῶν παίδων, μὴ οἰομένους ἀθάνατον μνήμην ἀρετῆς περὶ ἑαυτῶν ἔσεσθαι, ἦν νῦν ἡμεῖς ἔχομεν; πολλοῦ γε δεῖ, ἔφη, ἀλλ' οἶμαι ὑπὲρ ἀρετῆς ἀθανάτου καὶ τοιαύτης δόξης εὐκλεοῦς πάντες πάντα ποιοῦσιν, ὅσῳ ἂν ἀμείνους [208e] ᾧσι,

XXVIII. Ταῦτα μὲν οὖν τὰ ἐρωτικά ἴσως, ὃ Σώκρατες, κἂν σὺ [210a] μνηθεῖης· τὰ δὲ τέλεια καὶ ἐποπτικά, ὧν ἕνεκα καὶ ταῦτα ἔστιν, ἐάν τις ὀρθῶς μετήη, οὐκ οἶδ' εἰ οἷός τ' ἂν εἴη. ἐρῶ μὲν οὖν, ἔφη, ἐγὼ καὶ προθυμίας οὐδὲν ἀπολείψω· πειρῶ δὲ ἔπεσθαι, ἂν οἷός τε ἦς. δεῖ γάρ, ἔφη, τὸν ὀρθῶς ἰόντα ἐπὶ τοῦτο τὸ πρᾶγμα ἄρχεσθαι μὲν νέον ὄντα ἰέναι ἐπὶ τὰ καλὰ σώματα, καὶ πρῶτον μὲν, ἐὰν ὀρθῶς ἡγῆται ὁ ἡγούμενος, ἐνὸς αὐτὸν σώματος ἐρᾶν καὶ ἐνταῦθα γεννᾶν λόγους καλοῦς, ἔπειτα δὲ αὐτὸν κατανοῆσαι ὅτι τὸ κάλλος [210b] τὸ ἐπὶ ὀφθαλμοῦ σώματι τῷ ἐπὶ ἐτέρῳ σώματι ἀδελφόν ἐστι, καὶ εἰ δεῖ διώκειν τὸ ἐπ' εἶδει καλόν, πολλὴ ἄνοια μὴ οὐχ ἓν τε καὶ ταῦτόν ἡγεῖσθαι τὸ ἐπὶ πᾶσιν τοῖς σώμασι κάλλος· τοῦτο δ' ἐννοήσαντα καταστῆναι πάντων τῶν καλῶν σωμάτων ἐραστήν, ἐνὸς δὲ τὸ σφόδρα τοῦτο χαλάσαι καταφρονήσαντα καὶ σμικρὸν ἡγησάμενον· μετὰ δὲ ταῦτα τὸ ἐν ταῖς ψυχαῖς κάλλος τιμιώτερον ἡγήσασθαι τοῦ ἐν τῷ σώματι, ὥστε καὶ ἐὰν ἐπιεικὴς ὦν τὴν ψυχὴν τις κἂν σμικρὸν ἄνθος [210c] ἔχη, ἐξαρκεῖν αὐτῷ καὶ ἐρᾶν καὶ κήδεσθαι καὶ τίκτειν λόγους τοιούτους καὶ ζητεῖν, οἵτινες ποιήσουσι βελτίους τοὺς νέους, ἵνα ἀναγκασθῇ αὐτὴ θεάσασθαι τὸ ἐν τοῖς ἐπιτηδεύμασι καὶ τοῖς νόμοις καλὸν καὶ τοῦτ' ἰδεῖν ὅτι πᾶν αὐτὸ αὐτῷ συγγενές ἐστιν, ἵνα τὸ περὶ τὸ σῶμα καλὸν σμικρὸν τι ἡγήσῃται εἶναι. μετὰ δὲ τὰ ἐπιτηδεύματα ἐπὶ τὰς ἐπιστήμας ἀγαγεῖν, ἵνα ἴδῃ αὐτὴ ἐπιστημῶν κάλλος, καὶ βλέπων πρὸς [210d] πολὺ ἤδη τὸ καλὸν μηκέτι τῷ παρ' ἐνί, ὥσπερ οἰκέτης, ἀγαπῶν παιδαρίου κάλλος ἢ ἀνθρώπου τινός ἢ ἐπιτηδεύματος ἐνός, δουλεύων φαῦλος ἢ καὶ σμικρολόγος, ἀλλ' ἐπὶ τὸ πολὺ πέλαγος τετραμμένος τοῦ καλοῦ καὶ θεωρῶν πολλοὺς καὶ καλοὺς λόγους καὶ μεγαλοπρεπεῖς τίκτηι καὶ διανοήματα ἐν φιλοσοφίᾳ ἀφθόνῳ, ἕως ἂν ἐνταῦθα ῥωσθεῖς καὶ αὐξηθεῖς κατίδη τινὰ ἐπιστήμην μίαν τοιαύτην, ἣ ἐστὶ καλοῦ [210e] τοιοῦδε. πειρῶ δέ μοι, ἔφη, τὸν νοῦν προσέχειν ὡς οἷόν τε μάλιστα.

XXIX. Ὁ δὲ γὰρ ἂν μέχρι ἐνταῦθα πρὸς τὰ ἐρωτικά παιδαγωγηθῇ, θεώμενος ἐφεξῆς τε καὶ ὀρθῶς τὰ καλὰ, πρὸς τέλος ἤδη ἰὼν τῶν ἐρωτικῶν ἐξαίφνης κατόψεταί τι θαυμαστὸν τὴν φύσιν καλόν, τοῦτο ἐκεῖνο, ὃ Σώκρατες, οὗ δὴ ἕνεκεν καὶ οἱ ἔμπροσθεν πάντες πόνοι

τῷ ἄλλῳ ἀνθρώπων ἀθανάτῳ καὶ ἐκείνῳ; [212b] — Ταῦτα δὴ, ὦ Φαῖδρέ τε καὶ οἱ ἄλλοι, ἔφη μὲν Διοτίμα, πέπεισμαι δ' ἐγὼ· πεπεισμένος δὲ πειρᾶμαι καὶ τοὺς ἄλλους πείθειν ὅτι τούτου τοῦ κτήματος τῇ ἀνθρωπείᾳ φύσει συνεργὸν ἀμείνω Ἑρωτος οὐκ ἂν τις ῥαδίως λάβοι. διὸ δὴ ἐγώ γε φημι χρῆναι πάντα ἄνδρα τὸν Ἑρωτα τιμᾶν, καὶ αὐτὸς τιμῶ τὰ ἐρωτικὰ καὶ διαφερόντως ἀσκῶ, καὶ τοῖς ἄλλοις παρακελεύομαι, καὶ νῦν τε καὶ ἀεὶ ἐγκωμιάζω τὴν δύναμιν καὶ ἀνδρείαν τοῦ Ἑρωτος καθ' ὅσον οἷός τ' εἰμί. τοῦτον [212c] οὖν τὸν λόγον, ὦ Φαῖδρε, εἰ μὲν βούλει, ὥς ἐγκώμιον εἰς Ἑρωτα νόμισον εἰρησθαι, εἰ δέ, ὅτι καὶ ὅπη χαίρεις ὀνομάζων, τοῦτο ὀνόμαζε.

XXX. Εἰπόντος δὲ ταῦτα τοῦ Σωκράτους τοὺς μὲν ἐπαινεῖν, τὸν δὲ Ἀριστοφάνη λέγειν τι ἐπιχειρεῖν, ὅτι ἐμνήσθη αὐτοῦ λέγων ὁ Σωκράτης περὶ τοῦ λόγου· καὶ ἐξαίφνης τὴν αὐλειὸν θύραν κρουομένην πολὺν ψόφον παρασχεῖν ὥς κωμαστῶν, καὶ αὐλητρίδος φωνὴν ἀκούειν. τὸν οὖν Ἀγάθωνα, Παῖδες, φάναι, [212d] οὐ σκέψεσθε; καὶ ἐὰν μὲν τις τῶν ἐπιτηδείων ἦ, καλεῖτε· εἰ δὲ μή, λέγετε ὅτι οὐ πίνομεν ἀλλ' ἀναπαυόμεθα ἤδη. καὶ οὐ πολὺ ὕστερον Ἀλκιβιάδου τὴν φωνὴν ἀκούειν ἐν τῇ αὐλῇ σφόδρα μεθύοντος καὶ μέγα βοῶντος, ἐρωτῶντος ὅπου Ἀγάθων καὶ κελεύοντος ἄγειν παρ' Ἀγάθωνα. ἄγειν οὖν αὐτὸν παρὰ σφᾶς τὴν τε αὐλητρίδα ὑπολαβοῦσαν καὶ ἄλλους τινὰς τῶν ἀκολουθῶν, καὶ ἐπιστῆναι ἐπὶ τὰς θύρας [212e] ἐστεφανωμένον αὐτὸν κιττοῦ τέ τινα στεφάνῳ δασεῖ καὶ ἴων, καὶ ταινίας ἔχοντα ἐπὶ τῆς κεφαλῆς πάνυ πολλὰς, καὶ εἰπεῖν· Ἄνδρες, χαίρετε· μεθύοντα ἄνδρα πάνυ σφόδρα δέξεσθε συμπότην, ἣ ἀπίωμεν ἀναδήσαντες μόνον Ἀγάθωνα, ἐφ' ᾧ περ ἦλθομεν; ἐγὼ γάρ τοι, φάναι, χθὲς μὲν οὐχ οἷός τ' ἐγενόμην ἀφικέσθαι, νῦν δὲ ἤκω ἐπὶ τῇ κεφαλῇ ἔχων τὰς ταινίας, ἵνα ἀπὸ τῆς ἐμῆς κεφαλῆς τὴν τοῦ σοφωτάτου καὶ καλλίστου κεφαλῆν ἀνειπὼν οὕτως ἀναδήσω· ἄρα καταγελάσεσθέ μου ὥς μεθύοντος; ἐγὼ δέ, κἂν ὑμεῖς [213a] γεῶτε, ὅμως εὖ οἶδ' ὅτι ἀληθῆ λέγω. ἀλλὰ μοι λέγετε αὐτόθεν, ἐπὶ ῥητοῖς εἰσὶώ ἢ μή; συμπίεσθε ἢ οὐ; πάντας οὖν ἀναθορυβῆσαι καὶ κελεύειν εἰσιέναι καὶ κατακλίνεσθαι, καὶ τὸν Ἀγάθωνα καλεῖν αὐτόν. καὶ τὸν ἰέναι ἀγόμενον ὑπὸ τῶν ἀνθρώπων, καὶ περιαιρούμενον ἅμα τὰς ταινίας ὥς ἀναδήσοντα, ἐπίπροσθε τῶν

ὀφθαλμῶν ἔχοντα οὐ κατιδεῖν τὸν Σωκράτη, ἀλλὰ καθίζεσθαι παρὰ τὸν Ἀγάθωνα [213b] ἐν μέσῳ Σωκράτους τε καὶ ἐκείνου· παραχωρῆσαι γὰρ τὸν Σωκράτη ὥς ἐκεῖνον καθίζειν. παρακαθεζόμενον δὲ αὐτὸν ἀσπάζεσθαι τε τὸν Ἀγάθωνα καὶ ἀναδεῖν. εἰπεῖν οὖν τὸν Ἀγάθωνα· Ὑπολύετε, παῖδες, Ἀλκιβιάδην, ἵνα ἐκ τρίτων κατακέηται. Πάνυ γε, εἰπεῖν τὸν Ἀλκιβιάδην· ἀλλὰ τίς ἡμῖν ὁδε τρίτος συμπότης; καὶ ἅμα μεταστρεφόμενον αὐτὸν ὁρᾶν τὸν Σωκράτη, ἰδόντα δὲ ἀναπηδῆσαι καὶ εἰπεῖν· ὦ Ἡράκλεις, τουτί τί ἦν; Σωκράτης οὗτος; ἐλλοχῶν αὖ με ἐνταῦθα κατέκεισο, [213c] ὥσπερ εἰώθεις ἐξαίφνης ἀναφαίνεσθαι ὅπου ἐγὼ ὦμην ἥκιστα σε ἔσεσθαι. καὶ νῦν τί ἤκεις; καὶ τί αὖ ἐνταῦθα κατεκλίνης; ὥς οὐ παρὰ Ἀριστοφάνει οὐδὲ εἴ τις ἄλλος γελοῖος ἔστι τε καὶ βούλεται, ἀλλὰ διεμηχανήσω ὅπως παρὰ τῷ καλλίστῳ τῶν ἔνδον κατακείσει; καὶ τὸν Σωκράτη· Ἀγάθων, φάναι, ὅρα εἴ μοι ἐπαμύνεις· ὥς ἐμοὶ ὁ τούτου ἔρως τοῦ ἀνθρώπου οὐ φαῦλον πρᾶγμα γέγονεν. ἀπ' ἐκείνου γὰρ τοῦ χρόνου, ἀφ' οὗ τούτου [213d] ἡράσθην, οὐκέτι ἔξεστί μοι οὔτε προσβλέψαι οὔτε διαλεχθῆναι καλῶ οὐδ' ἐνί, ἢ οὐτοσί ζηλοτυπῶν με καὶ φθονῶν θαυμαστὰ ἐργάζεται καὶ λοιδορεῖται τε καὶ τὸ χεῖρε μόγις ἀπέχεται. ὅρα οὖν μή τι καὶ νῦν ἐργάσῃται, ἀλλὰ διάλλαξον ἡμᾶς, ἢ ἐὰν ἐπιχειρῇ βιάζεσθαι, ἐπάμυνε, ὥς ἐγὼ τὴν τούτου μανίαν τε καὶ φιλερασίαν πάνυ ὀρρώδῳ. Ἀλλ' οὐκ ἔστι, φάναι τὸν Ἀλκιβιάδην, ἐμοὶ καὶ σοὶ διαλλαγή. ἀλλὰ τούτων μὲν εἰσαυθίς σε τιμωρήσομαι· νῦν [213e] δέ μοι, Ἀγάθων, φάναι, μετάδος τῶν ταινιῶν, ἵνα ἀναδῆσωμεν καὶ τὴν τούτου ταυτηνὶ τὴν θαυμαστήν κεφαλὴν, καὶ μή μοι μέμφηται ὅτι σὲ μὲν ἀνέδησα, αὐτὸν δὲ νικῶντα ἐν λόγοις πάντας ἀνθρώπους, οὐ μόνον πρόφην ὥσπερ σύ, ἀλλ' αἰεὶ, ἔπειτα οὐκ ἀνέδησα. καὶ ἅμ' αὐτὸν λαβόντα τῶν ταινιῶν ἀναδεῖν τὸν Σωκράτη καὶ κατακλίνεσθαι.

XXXI. Ἐπειδὴ δὲ κατεκλίνη, εἰπεῖν· Εἶεν δὴ, ἄνδρες· δοκεῖτε γάρ μοι νήφειν. οὐκ ἐπιτρεπτέον ὑμῖν, ἀλλὰ ποτέον· ὠμολόγηται γὰρ ταῦθ' ἡμῖν. ἄρχοντα οὖν αἰροῦμαι τῆς πόσεως, ἕως ἄν ὑμεῖς ἱκανῶς πῖητε, ἐμαυτόν. ἀλλὰ φερέτω, Ἀγάθων, εἴ τι ἔστιν ἔκπωμα μέγα. μᾶλλον δὲ οὐδὲν δεῖ, ἀλλὰ φέρε, παῖ, φάναι, τὸν ψυκτῆρα ἐκεῖνον, ἰδόντα αὐτὸν [214a] πλέον ἢ ὀκτὼ κοτύλας χωροῦντα. τοῦτον

ἐμπλησάμενον πρῶτον μὲν αὐτὸν ἐκπιεῖν, ἔπειτα τῷ Σωκράτει κελεύειν ἐγγεῖν καὶ ἅμα εἰπεῖν· Πρὸς μὲν Σωκράτη, ὃ ἄνδρες, τὸ σόφισμά μοι οὐδέν· ὅποσον γὰρ ἂν κελεύῃ τις, τοσοῦτον ἐκπιὼν οὐδὲν μᾶλλον μὴ ποτε μεθυσθῇ. τὸν μὲν οὖν Σωκράτη ἐγγέαντος τοῦ παιδὸς πίνειν· τὸν δ' Ἑρυσίμαχον· Πῶς οὖν, φάναι, ὃ Ἀλκιβιάδης, ποιοῦμεν; [214b] οὕτως οὔτε τι λέγομεν ἐπὶ τῇ κύλικι οὔτε τι ἄδομεν, ἀλλ' ἀτεχνῶς ὥσπερ οἱ διψῶντες πióμεθα; τὸν οὖν Ἀλκιβιάδην εἰπεῖν· ὦ Ἑρυσίμαχε, βέλτιστε βελτίστου πατρὸς καὶ σωφρονεστάτου, χαῖρε. Καὶ γὰρ σύ, φάναι τὸν Ἑρυσίμαχον· ἀλλὰ τί ποιοῦμεν; Ὅ τι ἂν σὺ κελεύῃς. δεῖ γάρ σοι πείθεσθαι·

ἰητρός γὰρ ἀνὴρ πολλῶν ἀντάξιός ἄλλων·

ἐπίταττε οὖν ὅτι βούλει. Ἄκουσον δὴ, εἰπεῖν τὸν Ἑρυσίμαχον. ἡμῖν πρὶν σὲ εἰσελθεῖν ἔδοξε χρῆναι ἐπὶ δεξιὰ ἕκαστον ἐν μέρει λόγον [214c] περὶ Ἑρωτος εἰπεῖν ὡς δύναιτο κάλλιστον, καὶ ἐγκωμιάσαι. οἱ μὲν οὖν ἄλλοι πάντες ἡμεῖς εἰρήκαμεν· σὺ δ' ἐπειδὴ οὐκ εἴρηκας καὶ ἐκπέπωκας, δίκαιος εἰ εἰπεῖν, εἰπὼν δὲ ἐπιτάξαι Σωκράτει ὃ τι ἂν βούλῃ, καὶ τοῦτον τῷ ἐπὶ δεξιὰ καὶ οὕτω τοὺς ἄλλους. Ἀλλὰ, φάναι, ὃ Ἑρυσίμαχε, τὸν Ἀλκιβιάδην, καλῶς μὲν λέγεις, μεθύοντα δὲ ἄνδρα παρὰ νηφόντων λόγους παραβάλλειν μὴ οὐκ ἐξ ἴσου ἦ. καὶ ἅμα, ὃ μακάριε, πείθει τί [214d] σε Σωκράτης ὧν ἄρτι εἶπεν; ἢ οἴσθα ὅτι τοῦναντίον ἐστὶ πᾶν ἢ ὃ ἔλεγεν; οὗτος γάρ, ἐάν τινα ἐγὼ ἐπαινέσω τούτου παρόντος ἢ θεὸν ἢ ἄνθρωπον ἄλλον ἢ τοῦτον, οὐκ ἀφέξεταί μου τὼ χεῖρε. Οὐκ εὐφημήσεις; φάναι τὸν Σωκράτη. Μὰ τὸν Ποσειδῶ, εἰπεῖν τὸν Ἀλκιβιάδην, μηδὲν λέγε πρὸς ταῦτα, ὡς ἐγὼ οὐδ' ἂν ἓνα ἄλλον ἐπαινέσαιμι σοῦ παρόντος. Ἀλλ' οὕτω ποίει, φάναι τὸν Ἑρυσίμαχον, εἰ βούλει· Σωκράτη ἐπαινέσον. [214e] Πῶς λέγεις; εἰπεῖν τὸν Ἀλκιβιάδην· δοκεῖ χρῆναι, ὃ Ἑρυσίμαχε; ἐπιθῶμαι τῷ ἀνδρὶ καὶ τιμωρήσωμαι ὑμῶν ἐναντίον; Οὗτος, φάναι τὸν Σωκράτη, τί ἐν νῷ ἔχεις; ἐπὶ τὰ γελοιότερα με ἐπαινέσαι; ἢ τί ποιήσεις; Τάληθ' ἐρῶ. ἀλλ' ὄρα εἰ παρήγης. Ἀλλὰ μέντοι, φάναι, τά γε ἀληθῆ παρήγῃ καὶ κελεύω λέγειν. Οὐκ ἂν φθάνοιμι, εἰπεῖν τὸν Ἀλκιβιάδην. καὶ μέντοι οὕτωςι ποιήσον. ἐάν τι μὴ ἀληθὲς λέγω, μεταξὺ ἐπιλαβοῦ, ἂν βούλῃ, καὶ εἰπὲ ὅτι τοῦτο ψεύδομαι· ἐκὼν γὰρ εἶναι οὐδὲν [215a] ψεύσομαι. ἐάν μέντοι ἀναμιμνησκόμενος ἄλλο ἄλλοθεν λέγω, μηδὲν θαυμάσης· οὐ γάρ τι ράδιον τὴν σὴν ἀτοπίαν

ὧδ' ἔχοντι εὐπόρως καὶ ἐφεξῆς καταριθμῆσαι.

XXXII. Σωκράτη δ' ἐγὼ ἐπαινεῖν, ὧ ἄνδρες, οὕτως ἐπιχειρήσω, δι' εἰκόνων. οὗτος μὲν οὖν ἴσως οἰήσεται ἐπὶ τὰ γελοιότερα, ἔσται δ' ἡ εἰκὼν τοῦ ἀληθοῦς ἔνεκα, οὐ τοῦ γελοίου. φημί γὰρ δὴ ὁμοιότατον αὐτὸν εἶναι τοῖς σειληνοῖς τούτοις τοῖς [215b] ἐν τοῖς ἐρμογλυφεῖοις καθημένοις, οὕστινας ἐργάζονται οἱ δημιουργοὶ σύριγγας ἢ αὐλοὺς ἔχοντας, οἱ διχάδε διοιχθέντες φαίνονται ἔνδοθεν ἀγάλματα ἔχοντες θεῶν. καὶ φημί αὖ ἐοικέναι αὐτὸν τῷ σατύρῳ τῷ Μαρσῷ. ὅτι μὲν οὖν τό γε εἶδος ὁμοῖος εἴ τούτοις, ὧ Σώκρατες, οὐδ' ἂν αὐτὸς δὴ που ἀμφισβητήσαις· ὥς δὲ καὶ τᾶλλα ἔοικας, μετὰ τοῦτο ἄκουε. ὕβριστης εἶ· ἢ οὐ; ἐὰν γὰρ μὴ ὁμολογῇς, μάρτυρας παρέξομαι. ἀλλ' οὐκ αὐλητής; πολὺ γε θαυμασιώτερος ἐκείνου· [215c] ὁ μὲν γε δι' ὀργάνων ἐκίλει τοὺς ἀνθρώπους τῇ ἀπὸ τοῦ στόματος δυνάμει, καὶ ἔτι νυνὶ ὅς ἂν τὰ ἐκείνου αὐλῇ· ἃ γὰρ Ὀλυμπος ἠϋλει, Μαρσίου λέγω, τούτου διδάξαντος· τὰ οὖν ἐκείνου ἐάν τε ἀγαθὸς αὐλητὴς αὐλῇ ἐάν τε φαύλη αὐλητρίς, μόνον κατέχεσθαι ποιεῖ καὶ δηλοῖ τοὺς τῶν θεῶν τε καὶ τελετῶν δεομένους διὰ τὸ θεῖα εἶναι. σὺ δ' ἐκείνου τοσοῦτον μόνον διαφέρεις, ὅτι ἄνευ ὀργάνων ψιλοῖς λόγοις ταῦτον [215d] τοῦτο ποιεῖς. ἡμεῖς γοῦν ὅταν μὲν τοῦ ἄλλου ἀκούωμεν λέγοντος καὶ πάννυ ἀγαθοῦ ῥήτορος ἄλλους λόγους, οὐδὲν μέλει ὥς ἔπος εἰπεῖν οὐδενί· ἐπειδὴ δὲ σοῦ τις ἀκούῃ ἢ τῶν σῶν λόγων ἄλλου λέγοντος, κἂν πάννυ φαῦλος ἦ ὁ λέγων, ἐάν τε γυνὴ ἀκούῃ ἐάν τε ἀνὴρ ἐάν τε μειράκιον, ἐκπεπληγμένοι ἐσμὲν καὶ κατεχόμεθα. ἐγὼ γοῦν, ὧ ἄνδρες, εἰ μὴ ἔμελλον κομιδῇ δόξειν μεθύειν, εἶπον ὁμόσας ἂν ὑμῖν οἷα δὴ πέπονθα αὐτὸς ὑπὸ τῶν τούτου λόγων καὶ πάσχω ἔτι καὶ [215e] νυνί. ὅταν γὰρ ἀκούω, πολὺ μοι μᾶλλον ἢ τῶν κορυβαντιώντων ἢ τε καρδία πηδᾷ καὶ δάκρυα ἐκχεῖται ὑπὸ τῶν λόγων τῶν τούτου, ὁρῶ δὲ καὶ ἄλλους παμπόλλους τὰ αὐτὰ πάσχοντας. Περικλέους δὲ ἀκούων καὶ ἄλλων ἀγαθῶν ῥητόρων εὖ μὲν ἡγοῦμην λέγειν, τοιοῦτον δ' οὐδὲν ἔπασχον, οὐδ' ἐτεθορύβητό μου ἡ ψυχὴ οὐδ' ἡγανάκτει ὥς ἀνδραποδωδῶς διακειμένου· ἀλλ' ὑπὸ τουτουὶ τοῦ Μαρσίου πολλάκις δὴ [216a] οὕτω διετέθην ὥστε μοι δόξαι μὴ βιωτὸν εἶναι ἔχοντι ὥς ἔχω. καὶ ταῦτα, ὧ Σώκρατες, οὐκ ἐρεῖς ὥς οὐκ ἀληθῆ. καὶ ἔτι γε νῦν ζύνοιδ' ἐμαυτῷ ὅτι εἰ ἐθέλοιμι

παρέχειν τὰ ὧτα, οὐκ ἂν καρτερήσαιμι ἀλλὰ ταῦτα ἂν πάσχοιμι· ἀναγκάζει γάρ με ὁμολογεῖν ὅτι πολλοῦ ἐνδεῆς ὢν αὐτὸς ἔτι ἐμαυτοῦ μὲν ἀμελῶ, τὰ δ' Ἀθηναίων πράττω. βία οὖν ὥσπερ ἀπὸ τῶν Σειρήνων ἐπισχόμενος τὰ ὧτα οἴχομαι φεύγων, ἵνα μὴ αὐτοῦ καθήμενος παρὰ τούτῳ καταγηράσω. πέπονθα δὲ [216b] πρὸς τοῦτον μόνον ἀνθρώπων, ὃ οὐκ ἂν τις οἶοιτο ἐν ἐμοὶ ἐνεῖναι, τὸ αἰσχύνεσθαι ὄντινόν· ἐγὼ δὲ τοῦτον μόνον αἰσχύνομαι. ξύνοιδα γὰρ ἐμαυτῷ ἀντιλέγειν μὲν οὐ δυναμένῳ ὥς οὐ δεῖ ποιεῖν ἃ οὗτος κελεύει, ἐπειδὴν δὲ ἀπέλθω, ἡττημένῳ τῆς τιμῆς τῆς ὑπὸ τῶν πολλῶν δραπετεύω οὖν αὐτὸν καὶ φεύγω, καὶ ὅταν ἴδω, αἰσχύνομαι τὰ ὁμολογημένα. [216c] καὶ πολλάκις μὲν ἡδέως ἂν ἴδοιμι αὐτὸν μὴ ὄντα ἐν ἀνθρώποις· εἰ δ' αὖ τοῦτο γένοιτο, εὖ οἶδα ὅτι πολὺ μείζον ἂν ἀχθοίμην, ὥστε οὐκ ἔχω ὅ τι χρήσωμαι τούτῳ τῷ ἀνθρώπῳ.

XXXIII. Καὶ ὑπὸ μὲν δὴ τῶν αὐλημάτων καὶ ἐγὼ καὶ ἄλλοι πολλοὶ τοιαῦτα πεπόνθασιν ὑπὸ τοῦδε τοῦ σατύρου· ἄλλα δὲ ἐμοῦ ἀκούσατε ὡς ὁμοίος τ' ἐστὶν οἷς ἐγὼ εἴκασα αὐτὸν καὶ τὴν δύναμιν ὡς θαυμασίαν ἔχει. εὖ γὰρ ἴστε ὅτι οὐδεὶς ὑμῶν [216d] τοῦτον γινώσκει· ἀλλὰ ἐγὼ δηλώσω, ἐπείπερ ἠρξάμην. ὁρᾶτε γὰρ ὅτι Σωκράτης ἐρωτικῶς διακείται τῶν καλῶν καὶ ἀεὶ περὶ τούτους ἐστὶ καὶ ἐκπέπληκται, καὶ αὖ ἄγνοεῖ πάντα καὶ οὐδὲν οἶδεν. ὡς τὸ σχῆμα αὐτοῦ . τοῦτο οὐ σειληνῶδες; σφόδρα γε. τοῦτο γὰρ οὗτος ἔξωθεν περιβέβληται, ὥσπερ ὁ γεγλυμμένος σειληνός· ἐνδοθεν δὲ ἀνοιχθεὶς πόσης οἴεσθε γέμει, ὧ ἄνδρες συμπόται, σωφροσύνης; ἴστε ὅτι οὔτε εἴ τις καλὸς ἐστὶ μέλει αὐτῷ οὐδέν, ἀλλὰ καταφρονεῖ τοσοῦτον [216e] ὅσον οὐδ' ἂν εἷς οἰηθείη, οὔτ' εἴ τις πλούσιος, οὔτ' εἰ ἄλλην τινὰ τιμὴν ἔχων τῶν ὑπὸ πλήθους μακαριζομένων· ἡγεῖται δὲ πάντα ταῦτα τὰ κτήματα οὐδενὸς ἄξια καὶ ἡμᾶς οὐδὲν εἶναι , λέγω ὑμῖν , εἰρωνευόμενος δὲ καὶ παίζων πάντα τὸν βίον πρὸς τοὺς ἀνθρώπους διατελεῖ. σπουδάσαντος δὲ αὐτοῦ καὶ ἀνοιχθέντος οὐκ οἶδα εἴ τις ἐώρακε τὰ ἐντὸς ἀγάλματα· ἀλλ' ἐγὼ ἤδη ποτ' εἶδον, καὶ μοι ἔδοξεν οὕτω θεῖα καὶ [217a] χρυσᾶ εἶναι καὶ πάγκαλα καὶ θαυμαστά, ὥστε ποιητέον εἶναι ἔμβραχυν ὃ τι κελεύει Σωκράτης. ἡγούμενος δὲ αὐτὸν ἐσπουδακέναι ἐπὶ τῇ ἐμῇ ὥρᾳ ἔρμαιον ἡγησάμην εἶναι καὶ εὐτύχημα ἐμὸν θαυμαστόν, ὡς ὑπάρχον μοι χαρισισμένῳ Σωκράτει πάντ' ἀκοῦσαι ὅσα περ οὗτος ἥδει· ἐφρόνουν γὰρ δὴ ἐπὶ τῇ ὥρᾳ θαυμάσιον ὅσον. ταῦτα οὖν διανοηθεὶς, πρὸ τοῦ οὐκ εἰωθὼς ἄνευ ἀκολούθου μόνος μετ' αὐτοῦ γίνεσθαι, τότε ἀποπέμπων [217b] τὸν ἀκόλουθον μόνος συνεγινόμην . δεῖ γὰρ πρὸς ὑμᾶς πάντα τάληθ' εἰπεῖν· ἀλλὰ προσέχετε τὸν νοῦν, καὶ εἰ ψεύδομαι, Σώκρατες, ἐξέλεγε . συνεγινόμην γάρ, ὧ ἄνδρες, μόνος μόνῳ, καὶ ὥμην αὐτίκα διαλέξεσθαι αὐτόν μοι ἅπερ ἂν ἐραστὴς παιδικοῖς ἐν ἐρημίᾳ διαλεχθείη, καὶ ἔχαιρον. τούτων δ' οὐ μάλα ἐγίγνετο οὐδέν, ἀλλ' ὥσπερ εἰώθει διαλεχθεὶς ἂν μοι καὶ συνημερεύσας ὥχετο ἀπιών. μετὰ ταῦτα συγγυμνάζεσθαι [217c] προῦκαλούμην αὐτὸν καὶ συνεγυμναζόμεν, ὡς τι ἐνταῦθα περανῶν. συνεγυμνάζετο οὖν μοι καὶ προσεπάλαιεν πολλάκις οὐδενὸς παρόντος· καὶ τί δεῖ λέγειν; οὐδὲν γάρ μοι πλεόν ἦν. ἐπειδὴ δὲ οὐδαμῇ ταύτῃ ἦνυτον, ἔδοξέ μοι ἐπιθετέον εἶναι τῷ ἀνδρὶ κατὰ τὸ καρτερόν καὶ οὐκ ἀνετέον, ἐπειδὴ περ ἐγκεχειρήκη, ἀλλὰ ἰστέον ἥδη τί ἐστὶ τὸ πρᾶγμα.

προκαλοῦμαι δὴ αὐτὸν πρὸς τὸ συνδειπνεῖν, ἀτεχνῶς ὥσπερ ἐραστῆς παιδικοῖς ἐπιβουλεύων. καὶ μοι οὐδὲ τοῦτο ταχὺ [217d] ὑπήκουσεν, ὅμως δ' οὖν χρόνῳ ἐπείσθη. ἐπειδὴ δὲ ἀφίκετο τὸ πρῶτον, δειπνήσας ἀπιέναι ἐβούλετο. καὶ τότε μὲν αἰσχυνόμενος ἀφήκα αὐτόν· αὐθις δ' ἐπιβουλεύσας, ἐπειδὴ ἐδεδειπνήκει, διελεγόμεν ὑπὸ πόρρῳ τῶν νυκτῶν, καὶ ἐπειδὴ ἐβούλετο ἀπιέναι, σκηπτόμενος ὅτι ὁπὲ εἴη, προσηνάγκασα αὐτὸν μένειν. ἀνεπαύετο οὖν ἐν τῇ ἐχομένῃ ἐμοῦ κλίνῃ, ἐν ἥπερ ἐδείπνει, καὶ οὐδεὶς ἐν τῷ οἰκήματι ἄλλος καθηῦδεν ἢ [217e] ἡμεῖς. μέχρι μὲν οὖν δὴ δεῦρο τοῦ λόγου καλῶς ἂν ἔχοι καὶ πρὸς ὄντινόν λέγειν· τὸ δ' ἐντεῦθεν οὐκ ἂν μου ἠκούσατε λέγοντος, εἰ μὴ πρῶτον μὲν, τὸ λεγόμενον, οἶνος (ἄνευ τε παίδων καὶ μετὰ παίδων) ἦν ἀληθής, ἔπειτα ἀφανίσαι Σωκράτους ἔργον ὑπερήφανον εἰς ἔπαινον ἐλθόντα ἁδικόν μοι φαίνεται. ἔτι δὲ τὸ τοῦ δηχθέντος ὑπὸ τοῦ ἔχεως πάθος καμὲ ἔχει. φασὶ γὰρ πού τινα τοῦτο παθόντα οὐκ ἐθέλιν λέγειν οἶον ἦν πλὴν τοῖς δεδηγμένοις, ὥς μόνοις γνωσομένοις [218a] τε καὶ συγγνωσομένοις εἰ πᾶν ἐτόλμα δρᾶν τε καὶ λέγειν ὑπὸ τῆς ὀδύνης. ἐγὼ οὖν δεδηγμένος τε ὑπὸ ἀλγεινότερου καὶ τὸ ἀλγεινότατον ὧν ἂν τις δηχθείη — τὴν καρδίαν ἢ ψυχὴν γὰρ ἢ ὃ τι δεῖ αὐτὸ ὀνομάσαι πληγεῖς τε καὶ δηχθεὶς ὑπὸ τῶν ἐν φιλοσοφίᾳ λόγων, οἱ ἔχονται ἐχίδνης ἀγριώτερον, νέου ψυχῆς μὴ ἀφυοῦς ὅταν λάβωνται, καὶ ποιοῦσι δρᾶν τε καὶ λέγειν ὅτιοῦν — καὶ ὁρῶν αὖ Φαῖδρους, Ἀγάθωνας, [218b] Ἐρυξιμάχους, Πausανίας, Ἀριστοδήμους τε καὶ Ἀριστοφάνους — Σωκράτη δὲ αὐτὸν τί δεῖ λέγειν, καὶ ὅσοι ἄλλοι; πάντες γὰρ κεκοινωνήκατε τῆς φιλοσόφου μανίας τε καὶ βακχείας· διὸ πάντες ἀκούσεσθε· συγγνώσεσθε γὰρ τοῖς τε τότεπραχθεῖσι καὶ τοῖς νῦν λεγομένοις· οἱ δὲ οἰκέται, καὶ εἴ τις ἄλλος ἐστὶν βέβηλός τε καὶ ἄγροικος, πύλας πάνυ μεγάλας τοῖς ὥσιν ἐπίθεσθε.

XXXIV. Ἐπειδὴ γὰρ οὖν, ὃ ἄνδρες, ὃ τε λύχνος ἀπεσβήκει καὶ [218c] οἱ παῖδες ἔξω ἦσαν, ἔδοξέ μοι χρῆναι μηδὲν ποικίλλειν πρὸς αὐτόν, ἀλλ' ἐλευθέρως εἰπεῖν ἃ μοι ἐδόκει· καὶ εἶπον κινήσας αὐτόν, Σώκρατες, καθεύδεις; Οὐ δῆτα, ἦ δ' ὅς. Οἶσθα οὖν ἃ μοι δέδοκται; Τί μάλιστα, ἔφη. Σὺ ἐμοὶ δοκεῖς, ἦν δ' ἐγώ, ἐμοῦ ἐραστῆς ἄξιος γεγονέναι μόνος, καὶ μοι φαίνει ὀκνεῖν μνησθῆναι πρὸς με· ἐγὼ δὲ

οὕτως ἔχω· πάνυ ἀνόητον ἡγοῦμαι εἶναι σοὶ μὴ οὐ καὶ τοῦτο χαρίζεσθαι καὶ εἴ τι ἄλλο ἢ τῆς οὐσίας τῆς ἐμῆς [218d] δέοιο ἢ τῶν φίλων τῶν ἐμῶν. ἐμοὶ μὲν γὰρ οὐδέν ἐστι πρεσβύτερον τοῦ ὡς ὃ τι βέλτιστον ἐμὲ γενέσθαι, τούτου δὲ οἶμαί μοι συλλήπτορα οὐδένα κυριώτερον εἶναι σοῦ. ἐγὼ δὴ τοιούτῳ ἀνδρὶ πολὺ μᾶλλον ἂν μὴ χαριζόμενος αἰσχυνοίμην τοὺς φρονίμους, ἢ χαριζόμενος τοὺς τε πολλοὺς καὶ ἄφρονας. καὶ οὗτος ἀκούσας μάλα εἰρωνικῶς καὶ σφόδρα ἑαυτοῦ τε καὶ εἰωθότως ἔλεξεν· ὦ φίλε Ἀλκιβιάδη, κινδυνεύεις τῷ ὄντι οὐ φαῦλος εἶναι, εἴπερ ἀληθῆ τυγχάνει ὄντα ἃ λέγεις [218e] περὶ ἐμοῦ, καὶ τις ἔστ' ἐν ἐμοὶ δύναμις δι' ἧς ἂν σὺ γένοιτο ἀμείνων· ἀμήχανόν τοι κάλλος ὁρώς ἂν ἐν ἐμοὶ καὶ τῆς παρὰ σοὶ εὐμορφίας πάμπλου διαφέρων. εἰ δὴ καθορῶν αὐτὸ κοινώσασθαι τέ μοι ἐπιχειρεῖς καὶ ἀλλάξασθαι κάλλος ἀντὶ κάλλους, οὐκ ὀλίγῳ μου πλεονεκτεῖν διανοεῖ, ἀλλ' ἀντὶ δόξης ἀλήθειαν καλῶν κτᾶσθαι ἐπιχειρεῖς καὶ τῷ [219a] ὄντι “ χρύσεια χαλκεῖον „ διαμείβεσθαι νοεῖς. ἀλλ', ὦ μακάριε, ἄμεινον σκόπει, μὴ σε λανθάνω οὐδὲν ὦν. ἢ τοι τῆς διανοίας ὄψις ἄρχεται ὅξυ βλέπειν ὅταν ἢ τῶν ὀμμάτων τῆς ἀκμῆς λήγειν ἐπιχειρῇ· σὺ δὲ τούτων ἔτι πόρρω. καγὼ ἀκούσας· Τὰ μὲν παρ' ἐμοῦ, ἔφην, ταῦτά ἐστιν, ὧν οὐδὲν ἄλλως εἴρηται ἢ ὡς διανοοῦμαι· σὺ δὲ αὐτὸς οὕτω βουλεύου ὅτι σοὶ τε ἄριστον καὶ ἐμοὶ ἡγεῖ. Ἀλλ', ἔφη, τοῦτό γ' εὖ λέγεις· ἐν γὰρ τῷ ἐπιόντι χρόνῳ [219b] βουλευόμενοι πράξομεν ὃ ἂν φαίνεται νῦν περὶ τε τούτων καὶ περὶ τῶν ἄλλων ἄριστον. ἐγὼ μὲν δὴ ταῦτα ἀκούσας τε καὶ εἰπὼν, καὶ ἄφεις ὥσπερ βέλη, τετρωσθαι αὐτὸν ὥμην· καὶ ἀναστάς γε, οὐδ' ἐπιτρέψας τούτῳ εἰπεῖν οὐδὲν ἔτι, ἀμφιέσας τὸ ἱμάτιον τὸ ἐμαυτοῦ τοῦτον — καὶ γὰρ ἦν χειμῶν — ὑπὸ τὸν τρίβωνα κατακλινεῖς τὸν τούτου, περιβαλὼν τὴν χεῖρα τούτῳ τῷ [219c] δαιμονίῳ ὡς ἀληθῶς καὶ θαυμαστῷ, κατεκείμεν τὴν νύκτα ὅλην. καὶ οὐδὲ ταῦτα αὖ, ὦ Σώκρατες, ἐρεῖς ὅτι ψεύδομαι. ποιήσαντος δὲ δὴ ταῦτα ἐμοῦ οὗτος τοσοῦτον περιεγένετό τε καὶ κατεφρόνησεν καὶ κατεγέλασεν τῆς ἐμῆς ὥρας καὶ ὕβρισεν· καὶ περὶ ἐκεῖνό γε ὥμην τί εἶναι, ὦ ἄνδρες δικασταί· δικασταί γάρ ἐστε τῆς Σωκράτους ὑπερηφανίας. εὖ γὰρ ἴστε μὰ θεοῦς, μὰ θεάς, οὐδὲν περιττότερον καταδεδαρθηκώς [219d] ἀνέστην μετὰ Σωκράτους, ἢ εἰ μετὰ πατρὸς καθηῦδον ἢ ἀδελφοῦ πρεσβυτέρου.

XXXV. Τὸ δὴ μετὰ τοῦτο τίνα οἶσθέ με διάνοιαν ἔχειν, ἡγούμενον μὲν ἡτιμάσθαι, ἀγάμενον δὲ τὴν τούτου φύσιν τε καὶ σωφροσύνην καὶ ἀνδρείαν, ἐντετυχηκότα ἀνθρώπῳ τοιούτῳ οἷῳ ἐγὼ οὐκ ἂν ὦμην ποτ' ἐντυχεῖν εἰς φρόνησιν καὶ εἰς καρτερίαν; ὥστε οὐθ' ὅπως οὖν ὀργιζοίμην εἶχον καὶ ἀποστερηθεῖν τῆς τούτου συνουσίας, οὐθ' ὅπῃ προσαγαγοίμην [219e] αὐτὸν εὐπόρουν. εὖ γὰρ ἤδη ὅτι χρήμασί γε πολὺ μᾶλλον ἄτρωτος ἦν πανταχῇ ἢ σιδήρῳ ὁ Αἴας, ὃν τε ὦμην αὐτὸν μόνῳ ἀλώσεσθαι, διεπεφεύγει με. ἡπόρουν δὴ, καταδεδουλωμένος τε ὑπὸ τοῦ ἀνθρώπου ὡς οὐδεὶς ὑπ' οὐδενὸς ἄλλου περιῆα. ταῦτά τε γὰρ μοι ἅπαντα προὔγεγονε, καὶ μετὰ ταῦτα στρατεία ἡμῖν εἰς Ποτεΐδαιαν ἐγένετο κοινὴ καὶ συνεσιτοῦμεν ἐκεῖ. πρῶτον μὲν οὖν τοῖς πόνοις οὐ μόνον ἐμοῦ περιῆν, ἀλλὰ καὶ τῶν ἄλλων ἀπάντων. ὁπότε ἀναγκασθεῖμεν ἀποληφθέντες που, οἷα δὴ ἐπὶ στρατείας, [220a] ἀσιτεῖν, οὐδὲν ἦσαν οἱ ἄλλοι πρὸς τὸ καρτερεῖν· ἐν τ' αὖ ταῖς εὐωχίαις μόνος ἀπολαύειν οἷός τ' ἦν τά τ' ἄλλα καὶ πίνειν οὐκ ἐθέλων, ὁπότε ἀναγκασθεῖη, πάντας ἐκράτει, καὶ ὁ πάντων θαυμαστότατον, Σωκράτη μεθύοντα οὐδεὶς πώποτε ἐώρακεν ἀνθρώπων. τούτου μὲν οὖν μοι δοκεῖ καὶ αὐτίκα ὁ ἔλεγχος ἔσεσθαι. πρὸς δὲ αὖ τὰς τοῦ χειμῶνος καρτερήσεις — δεινοὶ γὰρ αὐτόθι χειμῶνες — θαυμάσια εἰργάζετο τά τε [220b] ἄλλα, καὶ ποτε ὄντος πάγου οἴου δεινοτάτου, καὶ πάντων ἢ οὐκ ἐξιόντων ἐνδοθεν, ἢ εἴ τις ἐξίοι, ἡμφιεσμένων τε θαυμαστὰ δὴ ὅσα καὶ ὑποδεδεμένων καὶ ἐνείλιγμένων τοὺς πόδας εἰς πῖλους καὶ ἀρνακίδας, οὗτος δ' ἐν τούτοις ἐξῆει ἔχων ἱμάτιον μὲν τοιοῦτον οἷόν περ καὶ πρότερον εἰώθει φορεῖν, ἀνυπόδητος δὲ διὰ τοῦ κρυστάλλου ῥᾶον ἐπορεύετο ἢ οἱ ἄλλοι ὑποδεδεμένοι, οἱ δὲ στρατιῶται ὑπέβλεπον [220c] αὐτὸν ὡς καταφρονοῦντα σφῶν.

XXXVI. Καὶ ταῦτα μὲν δὴ ταῦτα·

οἷον δ' αὖ τόδ' ἔρρεξε καὶ ἔτλη καρτερὸς ἀνὴρ

ἐκεῖ ποτε ἐπὶ στρατὸν εἰς, ἄξιον ἀκοῦσαι. ξυννοήσας γὰρ αὐτόθι ἔωθ' ἐν τῇ εἰσθήκῃ σκοπῶν, καὶ ἐπειδὴ οὐ προυχῶρει αὐτῷ, οὐκ ἀνίει ἀλλὰ εἰσθήκει ζητῶν. καὶ ἤδη ἦν μεσημβρία, καὶ ἄνθρωποι ἡσθάνοντο, καὶ θαυμάζοντες ἄλλος ἄλλῳ ἔλεγεν, ὅτι Σωκράτης ἐξ

έωθινοῦ φροντίζων τι ἔστηκε. τελευτῶντες δέ τινες τῶν Ἰώνων, ἐπειδὴ ἐσπέρα ἦν, δειπνήσαντες , καὶ [220d] γὰρ θέρος τότε γ' ἦν , χαμεύνια ἐξενεγκάμενοι ἅμα μὲν ἐν τῷ ψύχει καθηῦδον, ἅμα δ' ἐφύλαττον αὐτὸν εἰ καὶ τὴν νύκτα ἐστήξοι. ὁ δὲ εἰστήκει μέχρι ἕως ἐγένετο καὶ ἥλιος ἀνέσχευ· ἔπειτα ὥχεται ἀπὼν προσευξάμενος τῷ ἡλίῳ. εἰ δὲ βούλεσθε ἐν ταῖς μάχαις· τοῦτο γὰρ δὴ δίκαιόν γε αὐτῷ ἀποδοῦναι· ὅτε γὰρ ἡ μάχη ἦν ἐξ ἧς ἐμοὶ καὶ τὰριστεῖα ἔδοσαν οἱ στρατηγοί, οὐδεὶς ἄλλος ἐμὲ ἔσωσεν [220e] ἀνθρώπων ἢ οὗτος, τετρωμένον οὐκ ἐθέλων ἀπολιπεῖν, ἀλλὰ συνδιέσωσε καὶ τὰ ὅπλα καὶ αὐτὸν ἐμέ. καὶ ἐγὼ μὲν, ὃ Σῶκράτης, καὶ τότε ἐκέλευον σοὶ διδόναι τὰριστεῖα τοὺς στρατηγούς, καὶ τοῦτό γέ μοι οὔτε μέμνη οὔτε ἐρεῖς ὅτι ψεύδομαι· ἀλλὰ γὰρ τῶν στρατηγῶν πρὸς τὸ ἐμὸν ἀξίωμα ἀποβλεπόντων καὶ βουλομένων ἐμοὶ διδόναι τὰριστεῖα, αὐτὸς προθυμότερος ἐγένου τῶν στρατηγῶν ἐμὲ λαβεῖν ἢ σαυτόν. ἔτι τοίνυν, ὃ ἄνδρες, ἄξιον ἦν θεάσασθαι Σωκράτη, ὅτε ἀπὸ Δηλίου [221a] φυγῇ ἀνεχώρει τὸ στρατόπεδον· ἔτυχον γὰρ παραγενόμενος ἵππον ἔχων, οὗτος δὲ ὅπλα. ἀνεχώρει οὖν ἐσκεδασμένων ἤδη τῶν ἀνθρώπων οὗτός τε ἅμα καὶ Λάχης· καὶ ἐγὼ περιτυγχάνω, καὶ ἰδὼν εὐθύς παρακελεύομαί τε αὐτοῖς θαρρύνειν, καὶ ἔλεγον ὅτι οὐκ ἀπολείψω αὐτῷ. ἐνταῦθα δὴ καὶ κάλλιον ἐθεασάμην Σωκράτη ἢ ἐν Ποτειδαίᾳ . αὐτὸς γὰρ ἦττον ἐν φόβῳ ἢ διὰ τὸ ἐφ' ἵππου εἶναι· πρῶτον μὲν ὅσον περιῆν [221b] Λάχης τῷ ἔμφρων εἶναι· ἔπειτα ἔμοιγ' ἐδόκει, ὃ Ἀριστόφανες, τὸ σὸν δὴ τοῦτο, καὶ ἐκεῖ διαπορεύεσθαι ὥσπερ καὶ ἐνθάδε, “ βρενθυόμενος καὶ τῷφθαλμῷ παραβάλλων „ , ἡρέμα παρασκοπῶν καὶ τοὺς φίλους καὶ τοὺς πολέμιους, δῆλος ὢν παντὶ καὶ πάνυ πόρρωθεν ὅτι εἴ τις ἄψεται τούτου τοῦ ἀνδρός, μάλα ἐρρώμενως ἀμυνεῖται. διὸ καὶ ἀσφαλῶς ἀπῆγει καὶ οὗτος καὶ ὁ ἐταῖρος· σχεδὸν γὰρ τι τῶν οὕτω διακειμένων ἐν τῷ πολέμῳ οὐδὲ ἄπτονται, ἀλλὰ τοὺς προτροπάδην [221c] φεύγοντας διώκουσιν. πολλὰ μὲν οὖν ἂν τις καὶ ἄλλα ἔχοι Σωκράτη ἐπαινέσαι καὶ θαυμάσια· ἀλλὰ τῶν μὲν ἄλλων ἐπιτηδευμάτων τάχ' ἂν τις καὶ περὶ ἄλλου τοιαῦτα εἴποι, τὸ δὲ μηδενὶ ἀνθρώπων ὅμοιον εἶναι, μήτε τῶν παλαιῶν μήτε τῶν νῦν ὄντων, τοῦτο ἄξιον παντὸς θαύματος. οἷος γὰρ Ἀχιλλεὺς ἐγένετο, ἀπεικάσειεν ἂν τις καὶ Βρασίδαν καὶ ἄλλους, καὶ οἷος αὖ Περικλῆς, καὶ Νέστορα καὶ Ἀντήνορα , εἰσὶ δὲ καὶ ἕτεροι· [221d] καὶ τοὺς ἄλλους κατὰ ταῦτ' ἂν τις ἀπεικάζοι· οἷος δὲ οὗτοσὶ γέγονε τὴν ἀτοπίαν ἄνθρωπος, καὶ

αὐτὸς καὶ οἱ λόγοι αὐτοῦ, οὐδ' ἐγγὺς ἂν εὔροι τις ζητῶν, οὔτε τῶν νῦν οὔτε τῶν παλαιῶν, εἰ μὴ ἄρα εἰ οἷς ἐγὼ λέγω ἀπεικάζοι τις αὐτόν, ἀνθρώπων μὲν μηδενί, τοῖς δὲ σειληνοῖς καὶ σατύροις, αὐτὸν καὶ τοὺς λόγους.

XXXVII. Καὶ γὰρ οὖν καὶ τοῦτο ἐν τοῖς πρώτοις παρέλιπον, ὅτι καὶ οἱ λόγοι αὐτοῦ ὁμοιότατοί εἰσι τοῖς σειληνοῖς τοῖς διοιγομένοις. [221e] εἰ γὰρ ἐθέλοι τις τῶν Σωκράτους ἀκούειν λόγων, φανεῖν ἂν πάννυ γελοιοῖ τὸ πρῶτον· τοιαῦτα καὶ ὀνόματα καὶ ῥήματα ἐξωθεν περιαμπέχονται, σατύρου δὴ τινα ὕβριστοῦ δοράν. ὄνους γὰρ κανθηλίους λέγει καὶ χαλκέας τινὰς καὶ σκυτοτόμους καὶ βυρσοδέψας, καὶ αἰεὶ διὰ τῶν αὐτῶν τὰ αὐτὰ φαίνεται λέγειν, ὥστε ἄπειρος καὶ ἀνόητος ἄνθρωπος [222a] πᾶς ἂν τῶν λόγων καταγελάσειεν. διοιγομένους δὲ ἰδὼν ἂν τις καὶ ἐντὸς αὐτῶν γιγνόμενος πρῶτον μὲν νοῦν ἔχοντας ἔνδον μόνους εὐρήσει τῶν λόγων, ἔπειτα θειοτάτους καὶ πλεῖστα ἀγάλματ' ἀρετῆς ἐν αὐτοῖς ἔχοντας καὶ ἐπὶ πλεῖστον τείνοντας, μᾶλλον δὲ ἐπὶ πᾶν ὅσον προσήκει σκοπεῖν τῷ μέλλοντι καλῶ κἀγαθῷ ἔσεσθαι. ταῦτ' ἐστίν, ὧ ἄνδρες, ἃ ἐγὼ Σωκράτη ἐπαινῶ· καὶ αὖ ἃ μέφομαι συμμείζας ὑμῖν εἶπον ἃ με ὕβρισε. καὶ μέντοι [222b] οὐκ ἐμὲ μόνον ταῦτα πεποίηκεν, ἀλλὰ καὶ Χαρμίδην τὸν Γλαύκωνος καὶ Εὐθύδημον τὸν Διοκλέους καὶ ἄλλους πάννυ πολλοὺς, οὓς οὗτος ἐξαπατῶν ὡς ἐραστῆς παιδικὰ μᾶλλον αὐτὸς καθίσταται ἀντ' ἐραστοῦ. ἃ δὴ καὶ σοὶ λέγω, ὧ Ἀγάθων, μὴ ἐξαπατᾶσθαι ὑπὸ τούτου, ἀλλ' ἀπὸ τῶν ἡμετέρων παθημάτων γνόντα εὐλαβηθῆναι, καὶ μὴ κατὰ τὴν παροιμίαν ὥσπερ νήπιον παθόντα γνῶναι.

XXXVIII. [222c] Εἰπόντος δὴ ταῦτα τοῦ Ἀλκιβιάδου γέλωτα γενέσθαι ἐπὶ τῇ παρρησίᾳ αὐτοῦ, ὅτι ἐδόκει ἔτι ἐρωτικῶς ἔχειν τοῦ Σωκράτους. τὸν οὖν Σωκράτη· Νήφειν μοι δοκεῖς, φάναι, ὧ Ἀλκιβιάδη. οὐ γὰρ ἂν ποτε οὕτω κομπῶς κύκλω περιβαλλόμενος ἀφανίσαι ἐνεχέιρεις οὗ ἔνεκα ταῦτα πάντα εἴρηκας, καὶ ὡς ἐν παρέργῳ δὴ λέγων ἐπὶ τελευτῆς αὐτὸ ἔθηκας, ὡς οὐ πάντα τούτου ἔνεκα εἰρηκῶς, τοῦ ἐμὲ καὶ [222d] Ἀγάθωνα διαβάλλειν, οἰόμενος

δεῖν ἐμὲ μὲν σοῦ ἐρᾶν καὶ μηδενὸς ἄλλου, Ἀγάθωνα δὲ ὑπὸ σοῦ ἐρᾶσθαι καὶ μηδ' ὑφ' ἐνὸς ἄλλου. ἀλλ' οὐκ ἔλαθες, ἀλλὰ τὸ σατυρικόν σου δρᾶμα τοῦτο καὶ σειληνικὸν κατάδηλον ἐγένετο. ἀλλ', ὦ φίλε Ἀγάθων, μηδὲν πλέον αὐτῷ γένηται, ἀλλὰ παρασκευάζου ὅπως ἐμὲ καὶ σὲ μηδεὶς διαβάλη. τὸν οὖν Ἀγάθωνα εἰπεῖν· Καὶ μήν, ὦ Σώκρατες, κινδυνεύεις [222ε] ἀληθῆ λέγειν. τεκμαίρομαι δὲ καὶ ὡς κατακλίνει ἐν μέσῳ ἐμοῦ τε καὶ σοῦ, ἵνα χωρὶς ἡμᾶς διαλάβῃ· οὐδὲν οὖν πλέον αὐτῷ ἔσται, ἀλλ' ἐγὼ παρὰ σὲ ἐλθὼν κατακλινήσομαι. Πάνυ γε, φάναι τὸν Σωκράτη, δεῦρο ὑποκάτω ἐμοῦ κατακλίνου. Ὡ Ζεῦ, εἰπεῖν τὸν Ἀλκιβιάδην, οἷα αὖ πάσχω ὑπὸ τοῦ ἀνθρώπου. οἶεταί μου δεῖν πανταχῇ περιεῖναι. ἀλλ' εἰ μή τι ἄλλο, ὦ θαυμάσιε, ἐν μέσῳ ἡμῶν ἔα Ἀγάθωνα κατακεῖσθαι. Ἀλλ' ἀδύνατον, φάναι τὸν Σωκράτη. σὺ μὲν γὰρ ἐμὲ ἐπήνεσας, δεῖ δὲ ἐμὲ αὖ τὸν ἐπὶ δεξιᾷ ἐπαινεῖν. ἐὰν οὖν ὑπὸ σοὶ κατακλινῇ Ἀγάθων, οὐ δὴ που ἐμὲ πάλιν ἐπαιnéσεται, πρὶν ὑπ' ἐμοῦ μᾶλλον ἐπαινεθῆναι. ἀλλ' ἔασον, [223α] ὦ δαιμόνιε, καὶ μὴ φθονήσης τῷ μειρακίῳ ὑπ' ἐμοῦ ἐπαινεθῆναι· καὶ γὰρ πάνυ ἐπιθυμῶ αὐτὸν ἐγκωμιάσαι. Ἰοὺ ἰοῦ, φάναι τὸν Ἀγάθωνα, Ἀλκιβιάδη, οὐκ ἔσθ' ὅπως ἂν ἐνθάδε μείναιμι, ἀλλὰ παντὸς μᾶλλον μεταναστήσομαι, ἵνα ὑπὸ Σωκράτους ἐπαινεθῶ. Ταῦτα ἐκεῖνα, φάναι τὸν Ἀλκιβιάδην, τὰ εἰωθότα· Σωκράτους παρόντος τῶν καλῶν μεταλαβεῖν ἀδύνατον ἄλλω. καὶ νῦν ὡς εὐπόρως καὶ πιθανὸν λόγον ἡὔρεν, ὥστε παρ' ἑαυτῷ τουτονὶ κατακεῖσθαι.

XXXIX. [223b] Τὸν μὲν οὖν Ἀγάθωνα ὡς κατακεισόμενον παρὰ τῷ Σωκράτει ἀνίστασθαι· ἐξαίφνης δὲ κωμαστὰς ἦκειν παμπόλλους ἐπὶ τὰς θύρας, καὶ ἐπιτυχόντας ἀνεφγμέναις ἐξιόντος τινὸς εἰς τὸ ἀντικρυς πορεύεσθαι παρὰ σφᾶς καὶ κατακλίνεσθαι, καὶ θορύβου μεστὰ πάντα εἶναι, καὶ οὐκέτι ἐν κόσμῳ οὐδενὶ ἀναγκάζεσθαι πίνειν πάμπολον οἶνον. τὸν μὲν οὖν Ἑρυξίμαχον καὶ τὸν Φαῖδρον καὶ ἄλλους τινὰς ἔφη ὁ Ἀριστόδημος οἴχεσθαι ἀπίοντας, ἔ δὲ ὕπνον λαβεῖν, [223c] καὶ καταδαρθεῖν πάνυ πολὺ, ἅτε μακρῶν τῶν νυκτῶν οὐσῶν, ἐξεγρέσθαι δὲ πρὸς ἡμέραν ἤδη ἀλεκτρυόνων ἀδόντων, ἐξεγρόμενος δὲ ἰδεῖν τοὺς μὲν ἄλλους καθεύδοντας καὶ οἰχομένους, Ἀγάθωνα δὲ καὶ Ἀριστοφάνη καὶ Σωκράτη ἔτι μόνους ἐγρηγορέναι

καὶ πίνειν ἐκ φιάλης μεγάλης ἐπὶ δεξιᾷ. τὸν οὖν Σωκράτη αὐτοῖς διαλέγεσθαι· καὶ τὰ μὲν ἄλλα ὁ [223d] Ἀριστόδημος οὐκ ἔφη μεμνησθαι τῶν λόγων . οὔτε γὰρ ἐξ ἀρχῆς παραγενέσθαι ὑπονυστάζειν τε· τὸ μέντοι κεφάλαιον, ἔφη, προσαναγκάζειν τὸν Σωκράτη ὁμολογεῖν αὐτοὺς τοῦ αὐτοῦ ἀνδρὸς εἶναι κωμωδίαν καὶ τραγωδίαν ἐπίστασθαι ποιεῖν, καὶ τὸν τέχνη τραγωδοποιὸν ὄντα κωμωδοποιὸν εἶναι. ταῦτα δὴ ἀναγκαζομένους αὐτοὺς καὶ οὐ σφόδρα ἐπομένους νυστάζειν· καὶ πρότερον μὲν καταδαρθεῖν τὸν Ἀριστοφάνη, ἥδη δὲ ἡμέρας γιγνομένης τὸν Ἀγάθωνα. τὸν οὖν Σωκράτη, κατακοιμίσαντ' ἐκείνους, ἀναστάντα ἀπιέναι, καὶ ἔωσπερ εἰώθει ἔπεσθαι, καὶ ἐλθόντα εἰς Λύκειον, ἀπονιψάμενον, ὥσπερ ἄλλοτε τὴν ἄλλην ἡμέραν διατρίβειν, καὶ οὕτω διατρίψαντα εἰς ἑσπέραν οἴκοι ἀναπαύεσθαι.

Σωκράτης, Γλαύκων

[327a] Σωκράτης κατέβην χθὲς εἰς Πειραιᾶ μετὰ Γλαύκωνος τοῦ Ἀρίστωνος προσευζόμενός τε τῇ θεῷ καὶ ἅμα τὴν ἑορτὴν βουλόμενος θεάσασθαι τίνα τρόπον ποιήσουσιν ἅτε νῦν πρῶτον ἄγοντες. καλὴ μὲν οὖν μοι καὶ ἡ τῶν ἐπιχωρίων πομπὴ ἔδοξεν εἶναι, οὐ μέντοι ἦττον ἐφαίνετο πρέπειν ἢν οἱ Θοῤᾳκες ἔπεμπον. [327b] προσευζάμενοι δὲ καὶ θεωρήσαντες ἀπῆμεν πρὸς τὸ ἄστυ. κατιδὼν οὖν πόρρωθεν ἡμᾶς οἴκαδε ὠρμημένους Πολέμαρχος ὁ Κεφάλου ἐκέλευσε δραμόντα τὸν παῖδα περιμεῖναι ἐ κελεῦσαι. καὶ μου ὀπισθεν ὁ παῖς λαβόμενος τοῦ ἱματίου, κελεύει ὑμᾶς, ἔφη, Πολέμαρχος περιμεῖναι. καὶ ἐγὼ μετεστράφην τε καὶ ἡρόμην ὅπου αὐτὸς εἴη. οὗτος, ἔφη, ὀπισθεν προσέρχεται· ἀλλὰ περιμένετε. ἀλλὰ περιμενοῦμεν, ἦ δ' ὅς ὁ Γλαύκων.

[327c] καὶ ὀλίγω ὕστερον ὃ τε Πολέμαρχος ἦκε καὶ Ἀδείμαντος ὁ τοῦ Γλαύκωνος ἀδελφὸς καὶ Νικήρατος ὁ Νικίου καὶ ἄλλοι τινὲς ὡς ἀπὸ τῆς πομπῆς.

Σωκράτης, Γλαύκων, Πολέμαρχος, Αδείμαντος

ὁ οὖν Πολέμαρχος ἔφη· ὦ Σώκρατες, δοκεῖτέ μοι πρὸς ἄστυ ὀρμηθῆναι ὡς ἀπιόντες.

οὐ γὰρ κακῶς δοξάζεις, ἦν δ' ἐγώ.

ὁρᾷς οὖν ἡμᾶς, ἔφη, ὅσοι ἐσμέν;

πῶς γὰρ οὐ;

ἦ τοίνυν τούτων, ἔφη, κρείττους γένεσθε ἢ μένετ' αὐτοῦ.

οὐκοῦν, ἦν δ' ἐγώ, ἔτι ἐν λείπεται, τὸ ἦν πείσωμεν ὑμᾶς ὡς χρὴ ἡμᾶς ἀφεῖναι;

ἦ καὶ δύναισθ' ἄν, ἦ δ' ὅς, πεῖσαι μὴ ἀκούοντας;

οὐδαμῶς, ἔφη ὁ Γλαύκων.

ὥς τοίνυν μὴ ἀκουσομένων, οὕτω διανοεῖσθε.

[328a] καὶ ὁ Ἀδείμαντος, ἄρά γε, ἦ δ' ὅς, οὐδ' ἴστε ὅτι λαμπὰς ἔσται πρὸς ἐσπέραν ἀφ' ἵππων τῇ θεῷ;

ἀφ' ἵππων; ἦν δ' ἐγώ· καινόν γε τοῦτο. λαμπάδια ἔχοντες διαδώσουσιν ἀλλήλοις ἀμιλλώμενοι τοῖς ἵπποις; ἢ πῶς λέγεις;

οὕτως, ἔφη ὁ Πολέμαρχος. καὶ πρὸς γε παννυχίδα ποιήσουσιν, ἦν ἄξιον θεάσασθαι· ἐξαναστησόμεθα γὰρ μετὰ τὸ δεῖπνον καὶ τὴν παννυχίδα θεασόμεθα. καὶ συνεσόμεθά τε πολλοῖς τῶν νέων αὐτόθι καὶ διαλεξόμεθα. ἀλλὰ μένετε [328b] καὶ μὴ ἄλλως ποιεῖτε.

καὶ ὁ Γλαύκων, ἔοικεν, ἔφη, μενετέον εἶναι.

ἀλλ' εἰ δοκεῖ, ἦν δ' ἐγώ, οὕτω χρὴ ποιεῖν.

Σωκράτης, Γλαύκων, Κέφαλος

ἦμεν οὖν οἵκαδε εἰς τοῦ Πολεμάρχου, καὶ Λυσίαν τε αὐτόθι κατελάβομεν καὶ Εὐθύδημον, τοὺς τοῦ Πολεμάρχου ἀδελφούς, καὶ δὴ καὶ Θρασύμαχον τὸν Καλχηδόνιον καὶ Χαρμαντίδην τὸν Παιανιᾶ καὶ Κλειτοφῶντα τὸν Ἀριστωνύμου· ἦν δ' ἔνδον καὶ ὁ πατήρ ὁ τοῦ Πολεμάρχου Κέφαλος. καὶ μάλα πρεσβύτης μοι ἔδοξεν εἶναι· διὰ χρόνου γὰρ καὶ [328c] ἐωράκη αὐτόν. καθῆστο δὲ ἐστεφανωμένος ἐπὶ τινος προσκεφαλαίου τε καὶ δίφρου· τεθυκῶς γὰρ ἐτύγγανεν ἐν τῇ αὐλῇ. ἐκαθεζόμεθα οὖν παρ' αὐτόν· ἔκειντο γὰρ δίφροι τινὲς αὐτόθι κύκλῳ.

εὐθὺς οὖν με ἰδὼν ὁ Κέφαλος ἠσπάζετό τε καὶ εἶπεν· ὦ Σώκρατες, οὐ δὲ θαμίζεις ἡμῖν καταβαίνων εἰς τὸν Πειραιᾶ. χρῆν μέντοι. εἰ μὲν γὰρ ἐγώ ἔτι ἐν δυνάμει ἢ τοῦ ῥαδίως πορεύεσθαι πρὸς τὸ ἄστν, οὐδὲν ἂν σὲ ἔδει δεῦρο [328d] ἰέναι, ἀλλ' ἡμεῖς ἂν παρὰ σὲ ἦμεν· νῦν δέ σε χρὴ πυκνότερον δεῦρο ἰέναι. ὥς εὖ ἴσθι ὅτι ἔμοιγε ὅσον αἱ ἄλλαι αἱ κατὰ τὸ σῶμα ἡδοναὶ ἀπομαραίνονται, τοσοῦτον αὖξονται αἱ περὶ τοὺς λόγους ἐπιθυμίαι τε καὶ ἡδοναί. μὴ οὖν ἄλλως ποίει, ἀλλὰ τοῖσδέ τε τοῖς νεανίσκοις σύνισθι καὶ δεῦρο παρ' ἡμᾶς φοῖτα ὥς παρὰ φίλους τε καὶ πάνν οἰκείους.

καὶ μὴν, ἦν δ' ἐγώ, ὦ Κέφαλε, χαίρω γε διαλεγόμενος [328e] τοῖς

σφόδρα πρεσβύταις· δοκεῖ γάρ μοι χρῆναι παρ' αὐτῶν πυθάνεσθαι, ὥσπερ τινὰ ὁδὸν προεληλυθότων ἦν καὶ ἡμᾶς ἴσως δεήσει πορεύεσθαι, ποία τίς ἐστίν, τραχεῖα καὶ χαλεπή, ἢ ῥαδία καὶ εὐπορος. καὶ δὴ καὶ σοῦ ἡδέως ἂν πυθοίμην ὅτι σοι φαίνεται τοῦτο, ἐπειδὴ ἐνταῦθα ἤδη εἴ τῆς ἡλικίας ὃ δὴ “ἐπὶ γήραος οὐδῶ” φασιν εἶναι οἱ ποιηταί, πότερον χαλεπὸν τοῦ βίου, ἢ πῶς σὺ αὐτὸ ἐξαγγέλλεις.

[329a] ἐγὼ σοι, ἔφη, νῆ τὸν Δία ἐρῶ, ὃ Σώκρατες, οἷόν γέ μοι φαίνεται. πολλάκις γὰρ συνερχόμεθά τινες εἰς ταῦτόν παραπλησίαν ἡλικίαν ἔχοντες, διασφύζοντες τὴν παλαιὰν παροιμίαν· οἱ οὖν πλεῖστοι ἡμῶν ὀλοφύρονται συνιόντες, τὰς ἐν τῇ νεότητι ἡδονὰς ποθοῦντες καὶ ἀναμνησκόμενοι περὶ τε τὰ φροδίσια καὶ περὶ πότους τε καὶ εὐωχίας καὶ ἄλλ' ἅττα ἃ τῶν τοιούτων ἔχεται, καὶ ἀγανακτοῦσιν ὡς μεγάλων τινῶν ἀπεστερημένοι καὶ τότε μὲν εὖ ζῶντες, νῦν δὲ οὐδὲ ζῶντες. [329b] ἔνιοι δὲ καὶ τὰς τῶν οἰκείων προπηλακίσεις τοῦ γήρωσ ὀδύρονται, καὶ ἐπὶ τούτῳ δὴ τὸ γῆρας ὑμνοῦσιν ὅσων κακῶν σφίσιν αἴτιον. ἐμοὶ δὲ δοκοῦσιν, ὃ Σώκρατες, οὗτοι οὐ τὸ αἴτιον αἰτιᾶσθαι. εἰ γὰρ ἦν τοῦτ' αἴτιον, κἂν ἐγὼ τὰ αὐτὰ ταῦτα ἐπεπόνθη, ἔνεκά γε γήρωσ, καὶ οἱ ἄλλοι πάντες ὅσοι ἐνταῦθα ἦλθον ἡλικίας. νῦν δ' ἐγώ γε ἤδη ἐντετύχηκα οὐχ οὕτως ἔχουσιν καὶ ἄλλοις, καὶ δὴ καὶ Σοφοκλεῖ ποτε τῷ ποιητῇ παρεγενόμην ἐρωτώμεν ὑπὸ τίνος· “πῶς,” ἔφη, [329c] “ὃ Σοφόκλεις, ἔχεις πρὸς τὰ φροδίσια; ἔτι οἷός τε εἴ γυναικὶ συγγίγνεσθαι”; καὶ ὅς, “εὐφήμει,” ἔφη, “ὃ ἄνθρωπε· ἀσμενέστατα μέντοι αὐτὸ ἀπέφυγον, ὥσπερ λυττῶντά τινα καὶ ἄγριον δεσπότην ἀποδράς.” εὖ οὖν μοι καὶ τότε ἔδοξεν ἐκεῖνος εἰπεῖν, καὶ νῦν οὐχ ἥττον. παντάπασιν γὰρ τῶν γε τοιούτων ἐν τῷ γῆρα πολλὴ εἰρήνη γίγνεται καὶ ἐλευθερία· ἐπειδὴ αἱ ἐπιθυμίαι παύσωνται κατατείνουσαι καὶ χαλάσωσιν, παντάπασιν τὸ τοῦ Σοφοκλέους γίγνεται, [329d] δεσποτῶν πάννυ πολλῶν ἐστὶ καὶ μαινομένων ἀπηλλάχθαι. ἀλλὰ καὶ τούτων περὶ καὶ τῶν γε πρὸς τοὺς οἰκείους μία τις αἰτία ἐστίν, οὐ τὸ γῆρας, ὃ Σώκρατες, ἀλλ' ὁ τρόπος τῶν ἀνθρώπων. ἂν μὲν γὰρ κόσμιοι καὶ εὐκολοὶ ᾧσιν, καὶ τὸ γῆρας μετρίως ἐστὶν ἐπίπονον· εἰ δὲ μὴ, καὶ γῆρας, ὃ Σώκρατες, καὶ νεότης χαλεπὴ τῷ τοιούτῳ συμβαίνει.

καὶ ἐγὼ ἀγασθεὶς αὐτοῦ εἰπόντος ταῦτα, βουλόμενος ἔτι [329e] λέγειν αὐτὸν ἐκίνουν καὶ εἶπον· ὃ Κέφαλε, οἶμαί σου τοὺς πολλοὺς,

ὅταν ταῦτα λέγῃς, οὐκ ἀποδέχεσθαι ἀλλ' ἡγεῖσθαι σε ῥαδίως τὸ γῆρας φέρειν οὐ διὰ τὸν τρόπον ἀλλὰ διὰ τὸ πολλὴν οὐσίαν κεκτηῖσθαι· τοῖς γὰρ πλουσίοις πολλὰ παραμύθια φασιν εἶναι.

ἀληθῆ, ἔφη, λέγεις· οὐ γὰρ ἀποδέχονται. καὶ λέγουσι μὲν τι, οὐ μέντοι γε ὅσον οἶονται· ἀλλὰ τὸ τοῦ Θεμιστοκλέους εὖ ἔχει, ὃς τῷ Σεριφίῳ λοιδορουμένῳ καὶ λέγοντι [330a] ὅτι οὐ δι' αὐτὸν ἀλλὰ διὰ τὴν πόλιν εὐδοκιμοῖ, ἀπεκρίνατο ὅτι οὐτ' ἂν αὐτὸς Σερίφιος ὢν ὀνομαστὸς ἐγένετο οὐτ' ἐκεῖνος Ἀθηναῖος. καὶ τοῖς δὴ μὴ πλουσίοις, χαλεπῶς δὲ τὸ γῆρας φέρουσιν, εὖ ἔχει ὁ αὐτὸς λόγος, ὅτι οὐτ' ἂν ὁ ἐπιεικὴς πάνυ τι ῥαδίως γῆρας μετὰ πενίας ἐνέγκοι οὐθ' ὁ μὴ ἐπιεικὴς πλουτήσας εὐκολὸς ποτ' ἂν ἐαυτῷ γένοιτο.

πότερον δέ, ἦν δ' ἐγώ, ὦ Κέφαλε, ὢν κέκτησαι τὰ πλείω παρέλαβες ἢ ἐπεκτήσῃς;

[330b] ποῖ' ἐπεκτησάμην, ἔφη, ὦ Σώκρατες; μέσος τις γέγονα χρηματιστὴς τοῦ τε πάππου καὶ τοῦ πατρός. ὁ μὲν γὰρ πάππος τε καὶ ὁμώνυμος ἐμοὶ σχεδόν τι ὅσῃν ἐγὼ νῦν οὐσίαν κέκτημαι παραλαβὼν πολλάκις τοσαύτην ἐποίησεν, Λυσανίας δὲ ὁ πατὴρ ἔτι ἐλάττω αὐτὴν ἐποίησε τῆς νῦν οὐσης· ἐγὼ δὲ ἀγαπῶ ἐὰν μὴ ἐλάττω καταλίπω τούτοισιν, ἀλλὰ βραχεῖ γέ τι πλείω ἢ παρέλαβον.

οὐ τοι ἔνεκα ἡρόμην, ἦν δ' ἐγώ, ὅτι μοι ἔδοξας οὐ σφόδρα [330c] ἀγαπᾶν τὰ χρήματα, τοῦτο δὲ ποιοῦσιν ὥς τὸ πολὺ οἱ ἂν μὴ αὐτοὶ κτήσωνται· οἱ δὲ κτησάμενοι διπλῇ ἢ οἱ ἄλλοι ἀσπάζονται αὐτά. ὥσπερ γὰρ οἱ ποιηταὶ τὰ αὐτῶν ποιήματα καὶ οἱ πατέρες τοὺς παῖδας ἀγαπῶσιν, ταύτῃ τε δὴ καὶ οἱ χρηματιστάμενοι περὶ τὰ χρήματα σπουδάζουσιν ὥς ἔργον ἐαυτῶν, καὶ κατὰ τὴν χρεῖαν ἥπερ οἱ ἄλλοι. χαλεποὶ οὖν καὶ συγγενέσθαι εἰσὶν, οὐδὲν ἐθέλοντες ἐπαινεῖν ἀλλ' ἢ τὸν πλοῦτον. ἀληθῆ, ἔφη, λέγεις.

[330d] πάνυ μὲν οὖν, ἦν δ' ἐγώ. ἀλλὰ μοι ἔτι τοσόνδε εἰπέ· τί μέγιστον οἶει ἀγαθὸν ἀπολελαυκέναι τοῦ πολλὴν οὐσίαν κεκτηῖσθαι;

ὃ, ἦ δ' ὅς, ἴσως οὐκ ἂν πολλοὺς πείσαιμι λέγων. εὖ γὰρ ἴσθι, ἔφη, ὦ Σώκρατες, ὅτι, ἐπειδάν τις ἐγγὺς ἢ τοῦ οἴεσθαι τελευτήσῃν, εἰσέρχεται αὐτῷ δέος καὶ φροντίς περὶ ὧν ἔμπροσθεν οὐκ εἰσῆει. οἱ τε γὰρ λεγόμενοι μῦθοι περὶ τῶν ἐν Ἄϊδου, ὥς τὸν ἐνθάδε

ἀδικήσαντα δεῖ ἐκεῖ διδόναι [330e] δίκην, καταγελῶμενοι τέως, τότε δὴ στρέφουσιν αὐτοῦ τὴν ψυχὴν μὴ ἀληθεῖς ᾧσιν· καὶ αὐτός — ἦτοι ὑπὸ τῆς τοῦ γήρωος ἀσθενείας ἢ καὶ ὥσπερ ἤδη ἐγγυτέρω ὢν τῶν ἐκεῖ μᾶλλον τι καθορᾷ αὐτά — ὑποψίας δ' οὖν καὶ δείματος μεστὸς γίγνεται καὶ ἀναλογίζεται ἤδη καὶ σκοπεῖ εἰ τινὰ τι ἡδίκησεν. ὁ μὲν οὖν εὐρίσκων ἑαυτοῦ ἐν τῷ βίῳ πολλὰ ἀδικήματα καὶ ἐκ τῶν ὕπνων, ὥσπερ οἱ παῖδες, θαμὰ ἐγειρόμενος δειμαίνει [331a] καὶ ζῇ μετὰ κακῆς ἐλπίδος· τῷ δὲ μηδὲν ἑαυτῷ ἄδικον συνειδῶτι ἡδεῖα ἐλπίς ἀεὶ πάρεστι καὶ ἀγαθὴ γηροτρόφος, ὡς καὶ Πίνδαρος λέγει. χαριέντως γάρ τοι, ὦ Σώκρατες, τοῦτ' ἐκεῖνος εἶπεν, ὅτι ὅς ἂν δικαίως καὶ ὀσίως τὸν βίον διαγάγῃ,

γλυκεῖα οἱ καρδίαν

ἀτάλλοισα γηροτρόφος συναορεῖ

ἐλπίς ἃ μάλιστα θνατῶν πολύστροφον

γνώμαν κυβερνᾷ.

εὖ οὖν λέγει θαυμαστῶς ὡς σφόδρα. πρὸς δὴ τοῦτ' ἔγωγε τίθημι τὴν τῶν χρημάτων κτῆσιν πλείστου ἀξίαν εἶναι, οὗ [331b] τι παντὶ ἀνδρὶ ἀλλὰ τῷ ἐπιεικεῖ καὶ κοσμίῳ. τὸ γὰρ μηδὲ ἄκοντά τινα ἐξαπατῆσαι ἢ ψεύσασθαι, μηδ' αὖ ὀφείλοντα ἢ θεῷ θυσίας τινὰς ἢ ἀνθρώπῳ χρήματα ἔπειτα ἐκεῖσε ἀπιέναι δεδιότα, μέγα μέρος εἰς τοῦτο ἢ τῶν χρημάτων κτῆσις συμβάλλεται. ἔχει δὲ καὶ ἄλλας χρείας πολλὰς· ἀλλὰ ἔν γε ἀνθ' ἐνὸς οὐκ ἐλάχιστον ἔγωγε θεῖν ἂν εἰς τοῦτο ἀνδρὶ νοῦν ἔχοντι, ὦ Σώκρατες, πλοῦτον χρησιμώτατον εἶναι.

[331c] παγκάλως, ἣν δ' ἐγώ, λέγεις, ὦ Κέφαλε. τοῦτο δ' αὐτό, τὴν δικαιοσύνην, πότερα τὴν ἀλήθειαν αὐτὸ φήσομεν εἶναι ἀπλῶς οὕτως καὶ τὸ ἀποδιδόναι ἂν τίς τι παρὰ τοῦ λάβῃ, ἢ καὶ αὐτὰ ταῦτα ἔστιν ἐνίστε μὲν δικαίως, ἐνίστε δὲ ἀδίκως ποιεῖν; οἷον τοιόνδε λέγω· πᾶς ἂν που εἴποι, εἰ τις λάβοι παρὰ φίλου ἀνδρὸς σωφρονοῦντος ὅπλα, εἰ μανεῖς ἀπαιτοῖ, ὅτι οὔτε χρὴ τὰ τοιαῦτα ἀποδιδόναι, οὔτε δίκαιος ἂν εἴη ὁ ἀποδιδούς, οὐδ' αὖ πρὸς τὸν οὕτως ἔχοντα πάντα ἐθέλων τάληθῃ λέγειν.

[331d] ὀρθῶς, ἔφη, λέγεις.

οὐκ ἄρα οὗτος ὅρος ἐστὶν δικαιοσύνης, ἀληθῆ τε λέγειν καὶ ἅ ἂν λάβῃ τις ἀποδιδόναι.

Σωκράτης, Κέφαλος, Πολέμαρχος

πάνυ μὲν οὖν, ἔφη, ὦ Σώκρατες, ὑπολαβὼν ὁ Πολέμαρχος, εἶπερ γέ τι χρὴ Σιμωνίδῃ πείθεσθαι.

καὶ μέντοι, ἔφη ὁ Κέφαλος, καὶ παραδίδωμι ὑμῖν τὸν λόγον· δεῖ γάρ με ἤδη τῶν ἱερῶν ἐπιμεληθῆναι.

οὐκοῦν, ἔφη, ἐγώ, ὁ Πολέμαρχος, τῶν γε σῶν κληρονόμος;

πάνυ γε, ἦ δ' ὅς γε λάσας, καὶ ἅμα ἦει πρὸς τὰ ἱερά.

Σωκράτης, Πολέμαρχος

[331e] λέγε δῆ, εἶπον ἐγώ, σὺ ὁ τοῦ λόγου κληρονόμος, τί φῆς τὸν Σιμωνίδην λέγοντα ὀρθῶς λέγειν περὶ δικαιοσύνης;

ὅτι, ἦ δ' ὅς, τὸ τὰ ὀφειλόμενα ἐκάστῳ ἀποδιδόναι δίκαιόν ἐστι· τοῦτο λέγων δοκεῖ ἔμοιγε καλῶς λέγειν.

ἀλλὰ μέντοι, ἦν δ' ἐγώ, Σιμωνίδῃ γε οὐ ῥάδιον ἀπιστεῖν — σοφὸς γὰρ καὶ θεῖος ἀνὴρ — τοῦτο μέντοι ὅτι ποτὲ λέγει, σὺ μὲν, ὦ Πολέμαρχε, ἴσως γινώσκεις, ἐγὼ δὲ ἀγνοῶ· δηλὸν γὰρ ὅτι οὐ τοῦτο λέγει, ὅπερ ἄρτι ἐλέγομεν, τό τινος παρακαταθεμένου τι ὀτφοῦν μὴ σωφρόνως ἀπαιτοῦντι [332a] ἀποδιδόναι. καίτοι γε ὀφειλόμενόν ποῦ ἐστὶν τοῦτο ὃ παρακατέθετο· ἦ γάρ;

ναί. ἀποδοτέον δέ γε οὐδ' ὅπωςτιοῦν τότε ὅποτε τις μὴ σωφρόνως ἀπαιτοῖ;

ἀληθῆ, ἦ δ' ὅς.

ἄλλο δῆ τι ἢ τὸ τοιοῦτον, ὥς ἔοικεν, λέγει Σιμωνίδης τὸ τὰ ὀφειλόμενα δίκαιον εἶναι ἀποδιδόναι.

ἄλλο μέντοι νῆ Δί', ἔφη· τοῖς γὰρ φίλοις οἶεται ὀφείλειν τοὺς φίλους ἀγαθὸν μὲν τι δρᾶν, κακὸν δὲ μῆδέν.

μανθάνω, ἦν δ' ἐγώ — ὅτι οὐ τὰ ὀφειλόμενα ἀποδίδωσιν ὅς ἂν τῷ

χρυσίον ἀποδοῖ παρακαταθεμένῳ, ἅνπερ ἡ ἀπόδοσις [332b] καὶ ἡ λῆψις βλαβερὰ γίγνηται, φίλοι δὲ ὧσιν ὁ τε ἀπολαμβάνων καὶ ὁ ἀποδιδούς — οὐχ οὕτω λέγειν φῆς τὸν Σιμωνίδην;

πάνυ μὲν οὖν.

τί δέ; τοῖς ἐχθροῖς ἀποδοτέον ὅτι ἂν τύχῃ ὀφειλόμενον;

παντάπασι μὲν οὖν, ἔφη, ὃ γε ὀφείλεται αὐτοῖς, ὀφείλεται δέ γε οἷμαι παρά γε τοῦ ἐχθροῦ τῷ ἐχθρῷ ὅπερ καὶ προσήκει, κακόν τι.

ἠνίξατο ἄρα, ἦν δ' ἐγώ, ὥς ἔοικεν, ὁ Σιμωνίδης ποιητικῶς [332c] τὸ δίκαιον ὃ εἶη. διανοεῖτο μὲν γάρ, ὥς φαίνεται, ὅτι τοῦτ' εἶη δίκαιον, τὸ προσῆκον ἐκάστῳ ἀποδιδόναι, τοῦτο δὲ ὠνόμασεν ὀφειλόμενον.

ἀλλὰ τί οἶει; ἔφη.

ὦ πρὸς Διός, ἦν δ' ἐγώ, εἰ οὖν τις αὐτὸν ἤρετο· “ὦ Σιμωνίδη, ἡ τίσιν οὖν τί ἀποδιδούσα ὀφειλόμενον καὶ προσῆκον τέχνη ἰατρικὴ καλεῖται;” τί ἂν οἶει ἡμῖν αὐτὸν ἀποκρίνασθαι;

δῆλον ὅτι, ἔφη, ἡ σώμασιν φάρμακά τε καὶ σιτία καὶ ποτά.

ἡ δὲ τίσιν τί ἀποδιδούσα ὀφειλόμενον καὶ προσῆκον τέχνη μαγειρικὴ καλεῖται;

[332d] ἡ τοῖς ὄψοις τὰ ἡδύσματα.

εἶεν· ἡ οὖν δὴ τίσιν τί ἀποδιδούσα τέχνη δικαιοσύνη ἂν καλοῖτο;

εἰ μὲν τι, ἔφη, δεῖ ἀκολουθεῖν, ὦ Σώκρατες, τοῖς ἔμπροσθεν εἰρημένοις, ἡ τοῖς φίλοις τε καὶ ἐχθροῖς ὠφελίας τε καὶ βλάβας ἀποδιδούσα.

τὸ τοὺς φίλους ἄρα εὖ ποιεῖν καὶ τοὺς ἐχθροὺς κακῶς δικαιοσύνην λέγει;

δοκεῖ μοι.

τίς οὖν δυνατώτατος κάμνοντας φίλους εὖ ποιεῖν καὶ ἐχθροὺς κακῶς πρὸς νόσον καὶ ὑγίειαν;

ιατρός.

[332e] τίς δὲ πλέοντας πρὸς τὸν τῆς θαλάττης κίνδυνον;

κυβερνήτης.

τί δὲ ὁ δίκαιος; ἐν τίνι πράξει καὶ πρὸς τί ἔργον δυνατώτατος φίλους ὠφελεῖν καὶ ἐχθροὺς βλάπτειν;

ἐν τῷ προσπολεμεῖν καὶ ἐν τῷ συμμαχεῖν, ἔμοιγε δοκεῖ.

εἶεν· μὴ κάμνουσί γε μήν, ὦ φίλε Πολέμαρχε, ἱατρὸς ἄχρηστος.

ἀληθῆ.

καὶ μὴ πλέουσι δὴ κυβερνήτης.

ναί.

ἄρα καὶ τοῖς μὴ πολεμοῦσιν ὁ δίκαιος ἄχρηστος;

οὐ πάνυ μοι δοκεῖ τοῦτο.

χρήσιμον ἄρα καὶ ἐν εἰρήνῃ δικαιοσύνη;

[333a] χρήσιμον.

καὶ γὰρ γεωργία· ἢ οὐ;

ναί.

πρὸς γε καρποῦ κτῆσιν;

ναί.

καὶ μὴν καὶ σκυτοτομική;

ναί.

πρὸς γε ὑποδημάτων ἂν οἶμαι φαίης κτῆσιν;

πάνυ γε.

τί δὲ δῆ; τὴν δικαιοσύνην πρὸς τίνος χρεῖαν ἢ κτῆσιν ἐν εἰρήνῃ φαίης

ἂν χρήσιμον εἶναι;

πρὸς τὰ συμβόλαια, ὧ Σώκρατες.

συμβόλαια δὲ λέγεις κοινωνήματα ἢ τι ἄλλο;

κοινωνήματα δῆτα.

[333b] ἄρ' οὖν ὁ δίκαιος ἀγαθὸς καὶ χρήσιμος κοινωνὸς εἰς πεττῶν θέσιν, ἢ ὁ πεττευτικός;

ὁ πεττευτικός.

ἀλλ' εἰς πλίνθων καὶ λίθων θέσιν ὁ δίκαιος χρησιμώτερός τε καὶ ἀμείνων κοινωνὸς τοῦ οἰκοδομικοῦ;

οὐδαμῶς.

ἀλλ' εἰς τίνα δὴ κοινωνίαν ὁ δίκαιος ἀμείνων κοινωνὸς τοῦ οἰκοδομικοῦ τε καὶ κιθαριστικοῦ, ὥσπερ ὁ κιθαριστικός τοῦ δικαίου εἰς κρουμάτων;

εἰς ἀργυρίου, ἔμοιγε δοκεῖ.

πλὴν γ' ἴσως, ὧ Πολέμαρχε, πρὸς τὸ χρησθαι ἀργυρίῳ, ὅταν δέῃ ἀργυρίου κοινῇ πρίασθαι ἢ ἀποδόσθαι ἵππον· τότε [333c] δέ, ὡς ἐγὼ οἶμαι, ὁ ἱππικός. ἢ γάρ;

φαίνεται.

καὶ μὴν ὅταν γε πλοῖον, ὁ ναυπηγὸς ἢ ὁ κυβερνήτης;

ἔοικεν.

ὅταν οὖν τί δέῃ ἀργυρίῳ ἢ χρυσίῳ κοινῇ χρησθαι, ὁ δίκαιος χρησιμώτερος τῶν ἄλλων;

ὅταν παρακαταθέσθαι καὶ σῶν εἶναι, ὧ Σώκρατες.

οὐκοῦν λέγεις ὅταν μηδὲν δέῃ αὐτῷ χρησθαι ἀλλὰ κεῖσθαι;

πάνυ γε.

ὅταν ἄρα ἄχρηστον ἢ ἀργύριον, τότε χρήσιμος ἐπ' αὐτῷ [333d] ἡ δικαιοσύνη;

κινδυνεύει.

καὶ ὅταν δὴ δρέπανον δέῃ φυλάττειν, ἡ δικαιοσύνη χρήσιμος καὶ κοινῇ καὶ ἰδίᾳ· ὅταν δὲ χρῆσθαι, ἡ ἀμπελουργικὴ;

φαίνεται.

φήσεις δὲ καὶ ἀσπίδα καὶ λύραν ὅταν δέῃ φυλάττειν καὶ μηδὲν χρῆσθαι, χρήσιμον εἶναι τὴν δικαιοσύνην, ὅταν δὲ χρῆσθαι, τὴν ὀπλιτικὴν καὶ τὴν μουσικὴν;

ἀνάγκη.

καὶ περὶ τᾶλλα δὴ πάντα ἡ δικαιοσύνη ἐκάστου ἐν μὲν χρήσει ἄχρηστος, ἐν δὲ ἀχρηστία χρήσιμος;

κινδυνεύει.

[333e] οὐκ ἂν οὖν, ὦ φίλε, πάνυ γέ τι σπουδαῖον εἴη ἡ δικαιοσύνη, εἰ πρὸς τὰ ἄχρηστα χρήσιμον ὄν τυγχάνει. τότε δὲ σκεψώμεθα. ἄρ' οὐχ ὁ πατάξαι δεινότατος ἐν μάχῃ εἴτε πυκτικῇ εἴτε τινὶ καὶ ἄλλῃ, οὗτος καὶ φυλάξασθαι;

πάνυ γε.

ἄρ' οὖν καὶ νόσον ὅστις δεινὸς φυλάξασθαι, καὶ λαθεῖν οὗτος δεινότατος ἐμποιήσας;

ἔμοιγε δοκεῖ.

[334a] ἀλλὰ μὴν στρατοπέδου γε ὁ αὐτὸς φύλαξ ἀγαθός, ὅσπερ καὶ τὰ τῶν πολεμίων κλέψαι καὶ βουλεύματα καὶ τὰς ἄλλας πράξεις;

πάνυ γε.

οὔτου τις ἄρα δεινὸς φύλαξ, τούτου καὶ φῶρ δεινός.

ἔοικεν.

εἰ ἄρα ὁ δίκαιος ἀργύριον δεινὸς φυλάττειν, καὶ κλέπτειν δεινός.

ὥς γοῦν ὁ λόγος, ἔφη, σημαίνει.

κλέπτῃς ἄρα τις ὁ δίκαιος, ὥς ἔοικεν, ἀναπέφονται, καὶ κινδυνεύεις παρ' Ὀμήρου μεμαθηκέναι αὐτό· καὶ γὰρ ἐκεῖνος [334b] τὸν τοῦ Ὀδυσσέως πρὸς μητρὸς πάππον Αὐτόλυκον ἀγαπᾷ τε καὶ φησιν αὐτὸν πάντας ἀνθρώπους κεκάσθαι κλεπτοσύνη θ' ὅρκῳ τε. ἔοικεν οὖν ἡ δικαιοσύνη καὶ κατὰ σὲ καὶ καθ' Ὅμηρον καὶ κατὰ Σιμωνίδην κλεπτική τις εἶναι, ἐπ' ὠφελίᾳ μέντοι τῶν φίλων καὶ ἐπὶ βλάβῃ τῶν ἐχθρῶν. οὐχ οὕτως ἔλεγε;

οὐ μὰ τὸν Δί', ἔφη, ἀλλ' οὐκέτι οἶδα ἔγωγε ὅτι ἔλεγον· τοῦτο μέντοι ἔμοιγε δοκεῖ ἔτι, ὠφελεῖν μὲν τοὺς φίλους ἢ δικαιοσύνη, βλάπτειν δὲ τοὺς ἐχθρούς.

[334c] φίλους δὲ λέγεις εἶναι πότερον τοὺς δοκοῦντας ἐκάστῳ χρηστοὺς εἶναι, ἢ τοὺς ὄντας, κἂν μὴ δοκῶσι, καὶ ἐχθροὺς ὡσαύτως;

εἰκὸς μὲν, ἔφη, οὓς ἂν τις ἡγῇται χρηστοὺς φιλεῖν, οὓς δ' ἂν πονηροὺς μισεῖν.

ἄρ' οὖν οὐχ ἁμαρτάνουσιν οἱ ἄνθρωποι περὶ τοῦτο, ὥστε δοκεῖν αὐτοῖς πολλοὺς μὲν χρηστοὺς εἶναι μὴ ὄντας, πολλοὺς δὲ τοῦναντίον;

ἁμαρτάνουσιν.

τούτοις ἄρα οἱ μὲν ἀγαθοὶ ἐχθροί, οἱ δὲ κακοὶ φίλοι;

πάνυ γε.

ἀλλ' ὅμως δίκαιον τότε τούτοις τοὺς μὲν πονηροὺς [334d] ὠφελεῖν, τοὺς δὲ ἀγαθοὺς βλάπτειν;

φαίνεται.

ἀλλὰ μὴν οἷ γε ἀγαθοὶ δίκαιοί τε καὶ οἷοι μὴ ἀδικεῖν;

ἀληθῆ.

κατὰ δὴ τὸν σὸν λόγον τοὺς μηδὲν ἀδικοῦντας δίκαιον κακῶς ποιεῖν.

μηδαμῶς, ἔφη, ὦ Σώκρατες· πονηρὸς γὰρ ἔοικεν εἶναι ὁ λόγος.

τοὺς ἀδίκους ἄρα, ἣν δ' ἐγώ, δίκαιον βλάπτειν, τοὺς δὲ δικαίους ὠφελεῖν;

οὗτος ἐκείνου καλλίων φαίνεται.

πολλοῖς ἄρα, ὦ Πολέμαρχε, συμβήσεται, ὅσοι διημαρτήκασιν [334e] τῶν ἀνθρώπων, δίκαιον εἶναι τοὺς μὲν φίλους βλάπτειν — πονηροὶ γὰρ αὐτοῖς εἰσιν — τοὺς δ' ἐχθροὺς ὠφελεῖν — ἀγαθοὶ γάρ· καὶ οὕτως ἐροῦμεν αὐτὸ τὸναντίον ἢ τὸν Σιμωνίδην ἔφαμεν λέγειν.

καὶ μάλα, ἔφη, οὕτω συμβαίνει. ἀλλὰ μεταθώμεθα· κινδυνεύομεν γὰρ οὐκ ὀρθῶς τὸν φίλον καὶ ἐχθρὸν θέσθαι.

πῶς θέμενοι, ὦ Πολέμαρχε;

τὸν δοκοῦντα χρηστόν, τοῦτον φίλον εἶναι.

νῦν δὲ πῶς, ἣν δ' ἐγώ, μεταθώμεθα;

τὸν δοκοῦντά τε, ἣ δ' ὅς, καὶ τὸν ὄντα χρηστόν φίλον· [335a] τὸν δὲ δοκοῦντα μὲν, ὄντα δὲ μή, δοκεῖν ἀλλὰ μὴ εἶναι φίλον. καὶ περὶ τοῦ ἐχθροῦ δὲ ἡ αὐτὴ θέσις.

φίλος μὲν δὴ, ὡς ἔοικε, τούτῳ τῷ λόγῳ ὁ ἀγαθὸς ἔσται, ἐχθρὸς δὲ ὁ πονηρός.

ναί.

κελεύεις δὴ ἡμᾶς προσθεῖναι τῷ δικαίῳ ἢ ὡς τὸ πρῶτον ἐλέγομεν, λέγοντες δίκαιον εἶναι τὸν μὲν φίλον εὖ ποιεῖν, τὸν δ' ἐχθρὸν κακῶς· νῦν πρὸς τούτῳ ὧδε λέγειν, ὅτι ἔστιν δίκαιον τὸν μὲν φίλον ἀγαθὸν ὄντα εὖ ποιεῖν, τὸν δ' ἐχθρὸν κακὸν ὄντα βλάπτειν;

[335b] πάνυ μὲν οὖν, ἔφη, οὕτως ἂν μοι δοκεῖ καλῶς λέγεσθαι.

ἔστιν ἄρα, ἣν δ' ἐγώ, δικαίου ἀνδρὸς βλάπτειν καὶ ὄντινόν ἀνθρώπων;

καὶ πάνυ γε, ἔφη· τούς γε πονηροὺς τε καὶ ἐχθροὺς δεῖ βλάπτειν.

βλαπτόμενοι δ' ἵπποι βελτίους ἢ χεῖρους γίνονται;

χειρους.

ἄρα εἰς τὴν τῶν κυνῶν ἀρετὴν, ἢ εἰς τὴν τῶν ἵππων;

εἰς τὴν τῶν ἵππων.

ἄρ' οὖν καὶ κύνες βλαπτόμενοι χειρους γίγνονται εἰς τὴν τῶν κυνῶν ἄλλ' οὐκ εἰς τὴν τῶν ἵππων ἀρετὴν;

ἀνάγκη.

[335c] ἀνθρώπους δέ, ὧς ἑταῖρε, μὴ οὕτω φῶμεν, βλαπτομένους εἰς τὴν ἀνθρωπεῖαν ἀρετὴν χειρους γίνεσθαι;

πάνυ μὲν οὖν.

ἀλλ' ἡ δικαιοσύνη οὐκ ἀνθρωπεῖα ἀρετή;

καὶ τοῦτ' ἀνάγκη.

καὶ τοὺς βλαπτομένους ἄρα, ὧς φίλε, τῶν ἀνθρώπων ἀνάγκη ἀδικωτέρους γίνεσθαι.

ἔοικεν.

ἄρ' οὖν τῇ μουσικῇ οἱ μουσικοὶ ἀμούσους δύνανται ποιεῖν;

ἀδύνατον.

ἀλλὰ τῇ ἵπικῇ οἱ ἵπτικοι ἀφίππους;

οὐκ ἔστιν.

ἀλλὰ τῇ δικαιοσύνῃ δὴ οἱ δίκαιοι ἀδίκους; ἢ καὶ [335d] συλλήβδην ἀρετῇ οἱ ἀγαθοὶ κακοὺς;

ἀλλὰ ἀδύνατον.

οὐ γὰρ θερμότητος οἶμαι ἔργον ψύχειν ἀλλὰ τοῦ ἐναντίου.

ναί.

οὐδὲ ξηρότητος ὑγραίνειν ἀλλὰ τοῦ ἐναντίου.

πάνυ γε.

οὐδὲ δὴ τοῦ ἀγαθοῦ βλάπτειν ἀλλὰ τοῦ ἐναντίου.

φαίνεται.

ὁ δέ γε δίκαιος ἀγαθός;

πάνυ γε.

οὐκ ἄρα τοῦ δικαίου βλάπτειν ἔργον, ὦ Πολέμαρχε, οὔτε φίλον οὔτ' ἄλλον οὐδένα, ἀλλὰ τοῦ ἐναντίου, τοῦ ἀδίκου.

παντάπασί μοι δοκεῖς ἀληθῆ λέγειν, ἔφη, ὦ Σώκρατες.

[335e] εἰ ἄρα τὰ ὀφειλόμενα ἐκάστῳ ἀποδιδόναι φησὶν τις δίκαιον εἶναι, τοῦτο δὲ δὴ νοεῖ αὐτῷ τοῖς μὲν ἐχθροῖς βλάβην ὀφείλεσθαι παρὰ τοῦ δικαίου ἀνδρός, τοῖς δὲ φίλοις ὠφελίαν, οὐκ ἦν σοφὸς ὁ ταῦτα εἰπών. οὐ γὰρ ἀληθῆ ἔλεγεν· οὐδαμοῦ γὰρ δίκαιον οὐδένα ἡμῖν ἐφάνη ὄν βλάπτειν.

συγχωρῶ, ἦ δ' ὅς.

μαχόμεθα ἄρα, ἦν δ' ἐγώ, κοινῇ ἐγώ τε καὶ σύ, ἐάν τις αὐτὸ φῇ ἢ Σιμωνίδην ἢ Βίαντα ἢ Πιττακὸν εἰρηκέναι ἢ τιν' ἄλλον τῶν σοφῶν τε καὶ μακαρίων ἀνδρῶν.

ἐγὼ γοῦν, ἔφη, ἔτοιμός εἰμι κοινωνεῖν τῆς μάχης.

[336a] ἀλλ' οἶσθα, ἦν δ' ἐγώ, οὗ μοι δοκεῖ εἶναι τὸ ῥῆμα, τὸ φάναι δίκαιον εἶναι τοὺς μὲν φίλους ὠφελεῖν, τοὺς δ' ἐχθροὺς βλάπτειν;

τίνος; ἔφη.

οἶμαι αὐτὸ Περιάνδρου εἶναι ἢ Περδίκκου ἢ Ξέρξου ἢ Ἰσμηνίου τοῦ Θηβαίου ἢ τινος ἄλλου μέγα οἰομένου δύνασθαι πλουσίου ἀνδρός.

ἀληθέστατα, ἔφη, λέγεις.

εἶεν, ἦν δ' ἐγώ· ἐπειδὴ δὲ οὐδὲ τοῦτο ἐφάνη ἢ δικαιοσύνη ὄν οὐδὲ τὸ δίκαιον, τί ἂν ἄλλο τις αὐτὸ φαίη εἶναι;

[336b] καὶ ὁ Θρασύμαχος πολλάκις μὲν καὶ διαλεγομένων ἡμῶν

μεταξὺ ὥρμα ἀντιλαμβάνεσθαι τοῦ λόγου, ἔπειτα ὑπὸ τῶν παρακαθημένων διεκωλύετο βουλομένων διακοῦσαι τὸν λόγον· ὡς δὲ διεπαυσάμεθα καὶ ἐγὼ ταῦτ' εἶπον, οὐκέτι ἡσυχίαν ἦγεν, ἀλλὰ συστρέψας ἑαυτὸν ὥσπερ θηρίον ἦκεν ἐφ' ἡμᾶς ὡς διαρπασόμενος.

Σωκράτης, Πολέμαρχος, Θρασύμαχος

καὶ ἐγὼ τε καὶ ὁ Πολέμαρχος δείσαντες διεπτοήθημεν· ὁ δ' εἰς τὸ μέσον φθεγξάμενος, τίς, ἔφη, ὑμᾶς πάλαι φλυαρία [336c] ἔχει, ὦ Σώκρατες; καὶ τί εὐηθίζεσθε πρὸς ἀλλήλους ὑποκατακλινόμενοι ὑμῖν αὐτοῖς; ἀλλ' εἴπερ ὡς ἀληθῶς βούλει εἰδέναι τὸ δίκαιον ὅτι ἔστι, μὴ μόνον ἐρώτα μηδὲ φιλοτιμοῦ ἐλέγχων ἐπειδάν τίς τι ἀποκρίνηται, ἐγνωνκῶς τοῦτο, ὅτι ῥᾶον ἐρωτᾶν ἢ ἀποκρίνεσθαι, ἀλλὰ καὶ αὐτὸς ἀπόκριναι καὶ εἰπεῖ τί φῆς εἶναι τὸ δίκαιον. καὶ ὅπως μοι μὴ ἐρεῖς ὅτι τὸ [336d] δέον ἐστὶν μηδ' ὅτι τὸ ὠφέλιμον μηδ' ὅτι τὸ λυσιτελοῦν μηδ' ὅτι τὸ κερδαλέον μηδ' ὅτι τὸ συμφέρον, ἀλλὰ σαφῶς μοι καὶ ἀκριβῶς λέγε ὅτι ἂν λέγῃς· ὡς ἐγὼ οὐκ ἀποδέξομαι ἐὰν ὕθλους τοιούτους λέγῃς.

καὶ ἐγὼ ἀκούσας ἐξεπλάγην καὶ προσβλέπων αὐτὸν ἐφοβούμην, καί μοι δοκῶ, εἰ μὴ πρότερος ἐωράκη αὐτὸν ἢ ἐκεῖνος ἐμέ, ἄφωνος ἂν γενέσθαι. νῦν δὲ ἡνίκα ὑπὸ τοῦ λόγου ἤρχετο ἐξαγριαίνεσθαι, προσέβλεψα αὐτὸν πρότερος, [336e] ὥστε αὐτῷ οἷός τ' ἐγενόμην ἀποκρίνασθαι, καὶ εἶπον ὑποτρέμων· ὦ Θρασύμαχε, μὴ χαλεπὸς ἡμῖν ἴσθι· εἰ γάρ τι ἐξαμαρτάνομεν ἐν τῇ τῶν λόγων σκέψει ἐγὼ τε καὶ ὁδε, εὖ ἴσθι ὅτι ἄκοντες ἀμαρτάνομεν. μὴ γὰρ δὴ οἷου, εἰ μὲν χρυσίον ἐζητοῦμεν, οὐκ ἂν ποτε ἡμᾶς ἐκόντας εἶναι ὑποκατακλίνεσθαι ἀλλήλοις ἐν τῇ ζητήσει καὶ διαφθείρειν τὴν εὖρεσιν αὐτοῦ, δικαιοσύνην δὲ ζητοῦντας, πρᾶγμα πολλῶν χρυσίων τιμιώτερον, ἔπειθ' οὕτως ἀνοήτως ὑπείκειν ἀλλήλοις καὶ οὐ σπουδάζειν ὅτι μάλιστα φανῆναι αὐτό. οἷου γε σύ, ὦ φίλε. ἀλλ' οἶμαι οὐ δυνάμεθα· ἐλεεῖσθαι οὖν ἡμᾶς πολὺ [337a] μᾶλλον εἰκὸς ἐστὶν που ὑπὸ ὑμῶν τῶν δεινῶν ἢ χαλεπαίνεσθαι.

καὶ ὅς ἀκούσας ἀνεκάγχασέ τε μάλα σαρδάνιον καὶ εἶπεν· ὦ Ἡράκλεις, ἔφη, αὕτη 'κείνη ἢ εἰωθυῖα εἰρωνεία Σωκράτους, καὶ ταῦτ' ἐγὼ ἤδη τε καὶ τούτοις προύλεγον, ὅτι σὺ ἀποκρίνασθαι μὲν οὐκ ἐθελήσεις, εἰρωνεύσοιο δὲ καὶ πάντα μᾶλλον ποιήσεις ἢ

ἀποκρινοῖο, εἴ τίς τί σε ἐρωτᾷ.

σοφὸς γὰρ εἶ, ἦν δ' ἐγώ, ὃ Θρασύμαχε· εὖ οὖν ἤδησθα ὅτι εἴ τινα ἔροιο ὅποσα ἐστὶν τὰ δώδεκα, καὶ ἐρόμενος προείποις [337b] αὐτῷ — “ὅπως μοι, ὃ ἄνθρωπε, μὴ ἐρεῖς ὅτι ἔστιν τὰ δώδεκα δις ἕξ μηδ' ὅτι τρεῖς τέτταρα μηδ' ὅτι ἑξάκις δύο μηδ' ὅτι τετράκις τρία· ὥς οὐκ ἀποδέξομαί σου ἐὰν τοιαῦτα φλυαρῇς” — δῆλον οἶμαί σοι ἦν ὅτι οὐδεὶς ἀποκρινοῖτο τῷ οὕτως πυνθανομένῳ. ἀλλ' εἴ σοι εἶπεν· “ὃ Θρασύμαχε, πῶς λέγεις; μὴ ἀποκρίνωμαι ὣν προεῖπες μηδέν; πότερον, ὃ θαυμάσιε, μηδ' εἰ τούτων τι τυγχάνει ὄν, ἀλλ' ἕτερον εἶπω τι [337c] τοῦ ἀληθοῦς; ἢ πῶς λέγεις;” τί ἂν αὐτῷ εἶπες πρὸς ταῦτα;

εἶεν, ἔφη· ὥς δὴ ὅμοιον τοῦτο ἐκείνῳ.

οὐδέν γε κωλύει, ἦν δ' ἐγώ· εἰ δ' οὖν καὶ μὴ ἔστιν ὅμοιον, φαίνεται δὲ τῷ ἐρωτηθέντι τοιοῦτον, ἥττον τι αὐτὸν οἶει ἀποκρινεῖσθαι τὸ φαινόμενον ἑαυτῷ, ἐάντε ἡμεῖς ἀπαγορεύωμεν ἐάντε μή;

ἄλλο τι οὖν, ἔφη, καὶ σὺ οὕτω ποιήσεις; ὣν ἐγὼ ἀπεῖπον, τούτων τι ἀποκρινῇ;

οὐκ ἂν θαυμάσαιμι, ἦν δ' ἐγώ· εἴ μοι σκεψαμένῳ οὕτω δόξειεν.

[337d] τί οὖν, ἔφη, ἂν ἐγὼ δεῖξω ἑτέραν ἀπόκρισιν παρὰ πάσας ταύτας περὶ δικαιοσύνης, βελτίῳ τούτων; τί ἀξιοῖς παθεῖν;

τί ἄλλο, ἦν δ' ἐγώ, ἢ ὅπερ προσήκει πάσχειν τῷ μὴ εἰδότε; προσήκει δέ που μαθεῖν παρὰ τοῦ εἰδότος· καὶ ἐγὼ οὖν τοῦτο ἀξιῶ παθεῖν.

ἡδὺς γὰρ εἶ, ἔφη· ἀλλὰ πρὸς τῷ μαθεῖν καὶ ἀπότεισον ἀργύριον.

οὐκοῦν ἐπειδάν μοι γένηται, εἶπον.

Σωκράτης, Θρασύμαχος, Γλαῦκων

ἀλλ' ἔστιν, ἔφη ὁ Γλαῦκων. ἀλλ' ἔνεκα ἀργυρίου, ὃ Θρασύμαχε, λέγε· πάντες γὰρ ἡμεῖς Σωκράτει εἰσοίσομεν.

[337e] πάνυ γε οἶμαι, ἦ δ' ὅς· ἵνα Σωκράτης τὸ εἰωθὸς διαπράξῃται· αὐτὸς μὲν μὴ ἀποκρίνηται, ἄλλου δ' ἀποκρινομένου λαμβάνη λόγον

καὶ ἐλέγχῃ. πῶς γὰρ ἄν, ἔφην ἐγώ, ὃ βέλτιστε, τὶς ἀποκρίναιτο πρῶτον μὲν μὴ εἰδὼς μηδὲ φάσκων εἰδέναι, ἔπειτα, εἴ τι καὶ οἶεται, περὶ τούτων ἀπειρημένον αὐτῷ εἶη ὅπως μηδὲν ἐρεῖ ὧν ἡγεῖται ὑπ' ἀνδρὸς οὐ φαύλου; ἀλλὰ σὲ δὴ μᾶλλον [338a] εἰκὸς λέγειν· σὺ γὰρ δὴ φῆς εἰδέναι καὶ ἔχειν εἰπεῖν. μὴ οὖν ἄλλως ποιεῖ, ἀλλὰ ἐμοὶ τε χαρίζου ἀποκρινόμενος καὶ μὴ φθονήσης καὶ Γλαύκωνα τόνδε διδάξαι καὶ τοὺς ἄλλους.

εἰπόντος δέ μου ταῦτα, ὃ τε Γλαύκων καὶ οἱ ἄλλοι ἐδέοντο αὐτοῦ μὴ ἄλλως ποιεῖν. καὶ ὁ Θρασύμαχος φανερὸς μὲν ἦν ἐπιθυμῶν εἰπεῖν ἴν' εὐδοκιμήσειεν, ἡγούμενος ἔχειν ἀπόκρισιν παγκάλῃν· προσεποιεῖτο δὲ φιλονικεῖν πρὸς τὸ ἐμὲ εἶναι τὸν ἀποκρινόμενον. τελευτῶν δὲ συνεχώρησεν, [338b] κἄπειτα, αὕτη δὴ, ἔφη, ἡ Σωκράτους σοφία· αὐτὸν μὲν μὴ ἐθέλειν διδάσκειν, παρὰ δὲ τῶν ἄλλων περιύοντα μανθάνειν καὶ τούτων μηδὲ χάριν ἀποδιδόναι.

ὅτι μὲν, ἦν δ' ἐγώ, μανθάνω παρὰ τῶν ἄλλων, ἀληθῆ εἶπες, ὃ Θρασύμαχε, ὅτι δὲ οὐ με φῆς χάριν ἐκτίνειν, ψεύδῃ· ἐκτίνω γὰρ ὅσῃν δύναμαι. δύναμαι δὲ ἐπαινεῖν μόνον· χρήματα γὰρ οὐκ ἔχω. ὥς δὲ προθύμως τοῦτο δρῶ, ἐάν τις μοι δοκῇ εὖ λέγειν, εὖ εἶση αὐτίκα δὴ μάλα, ἐπειδὰν ἀποκρίνη· οἶμαι γὰρ σε εὖ ἐρεῖν.

[338c] ἄκουε δὴ, ἦ δ' ὅς. φημί γὰρ ἐγώ εἶναι τὸ δίκαιον οὐκ ἄλλο τι ἢ τὸ τοῦ κρείττονος συμφέρον. ἀλλὰ τί οὐκ ἐπαινεῖς; ἀλλ' οὐκ ἐθελήσεις.

ἐὰν μάθω γε πρῶτον, ἔφην, τί λέγεις· νῦν γὰρ οὐπω οἶδα. τὸ τοῦ κρείττονος φῆς συμφέρον δίκαιον εἶναι. καὶ τοῦτο, ὃ Θρασύμαχε, τί ποτε λέγεις; οὐ γὰρ που τό γε τοιόνδε φῆς· εἰ Πουλυδάμας ἡμῶν κρείττων ὁ παγκρατιαστής καὶ αὐτῷ συμφέρει τὰ βόεια κρέα πρὸς τὸ σῶμα, τοῦτο τὸ [338d] σιτίον εἶναι καὶ ἡμῖν τοῖς ἥττοσιν ἐκείνου συμφέρον ἅμα καὶ δίκαιον.

βδελυρὸς γὰρ εἶ, ἔφη, ὃ Σώκρατες, καὶ ταύτη ὑπολαμβάνεις ἢ ἂν κακουργήσais μάλιστα τὸν λόγον.

οὐδαμῶς, ὃ ἄριστε, ἦν δ' ἐγώ· ἀλλὰ σαφέστερον εἰπὲ τί λέγεις.

εἴτ' οὐκ οἶσθ', ἔφη, ὅτι τῶν πόλεων αἱ μὲν τυραννοῦνται, αἱ δὲ

δημοκρατοῦνται, αἱ δὲ ἀριστοκρατοῦνται;

πῶς γὰρ οὐ;

οὐκοῦν τοῦτο κρατεῖ ἐν ἐκάσῃ πόλει, τὸ ἄρχον;

πάνυ γε.

[338e] τίθεται δέ γε τοὺς νόμους ἐκάστη ἡ ἀρχὴ πρὸς τὸ αὐτῇ συμφέρον, δημοκρατία μὲν δημοκρατικούς, τυραννὶς δὲ τυραννικούς, καὶ αἱ ἄλλαι οὕτως· θέμεναι δὲ ἀπέφηναν τοῦτο δίκαιον τοῖς ἀρχομένοις εἶναι, τὸ σφίσι συμφέρον, καὶ τὸν τούτου ἐκβαίνοντα κολάζουσιν ὡς παρανομοῦντά τε καὶ ἀδικοῦντα. τοῦτ' οὖν ἐστίν, ὃ βέλτιστε, ὃ λέγω ἐν ἀπάσαις [339a] ταῖς πόλεσιν ταυτὸν εἶναι δίκαιον, τὸ τῆς καθεστηκυίας ἀρχῆς συμφέρον· αὕτη δέ που κρατεῖ, ὥστε συμβαίνει τῷ ὀρθῶς λογιζομένῳ πανταχοῦ εἶναι τὸ αὐτὸ δίκαιον, τὸ τοῦ κρείττονος συμφέρον.

νῦν, ἦν δ' ἐγώ, ἔμαθον ὃ λέγεις· εἰ δὲ ἀληθὲς ἢ μὴ, πειράσομαι μαθεῖν. τὸ συμφέρον μὲν οὖν, ὃ Θρασύμαχε, καὶ σὺ ἀπεκρίνω δίκαιον εἶναι — καίτοι ἔμοιγε ἀπηγόρευες ὅπως μὴ τοῦτο ἀποκρινοίμην — πρόσσεστιν δὲ δὴ αὐτόθι τὸ “τοῦ κρείττονος.”

[339b] σμικρά γε ἴσως, ἔφη, προσθήκη.

οὐπω δῆλον οὐδ' εἰ μεγάλη· ἀλλ' ὅτι μὲν τοῦτο σκεπτέον εἰ ἀληθὴ λέγεις, δῆλον. ἐπειδὴ γὰρ συμφέρον γέ τι εἶναι καὶ ἐγὼ ὁμολογῶ τὸ δίκαιον, σὺ δὲ προστιθεῖς καὶ αὐτὸ φῆς εἶναι τὸ τοῦ κρείττονος, ἐγὼ δὲ ἀγνοῶ, σκεπτέον δὴ.

σκόπει, ἔφη.

ταῦτ' ἔσται, ἦν δ' ἐγώ. καί μοι εἰπέ· οὐ καὶ πείθεσθαι μέντοι τοῖς ἄρχουσιν δίκαιον φῆς εἶναι;

ἔγωγε.

[339c] πότερον δὲ ἀναμάρτητοί εἰσιν οἱ ἄρχοντες ἐν ταῖς πόλεσιν ἐκάσταις ἢ οἷοί τι καὶ ἁμαρτεῖν;

πάντως που, ἔφη, οἷοί τι καὶ ἁμαρτεῖν.

οὐκοῦν ἐπιχειροῦντες νόμους τιθέναι τοὺς μὲν ὀρθῶς τιθέασιν, τοὺς δὲ τινας οὐκ ὀρθῶς;

οἶμαι ἔγωγε.

τὸ δὲ ὀρθῶς ἄρα τὸ τὰ συμφέροντά ἐστι τίθεσθαι ἑαυτοῖς, τὸ δὲ μὴ ὀρθῶς ἀσύμφορα; ἢ πῶς λέγεις;

οὕτως.

ἂ δ' ἂν θῶνται ποιητέον τοῖς ἀρχομένοις, καὶ τοῦτό ἐστι τὸ δίκαιον;

πῶς γὰρ οὐ;

[339d] οὐ μόνον ἄρα δίκαιόν ἐστιν κατὰ τὸν σὸν λόγον τὸ τοῦ κρείττονος συμφέρον ποιεῖν ἀλλὰ καὶ τοῦναντίον, τὸ μὴ συμφέρον.

τί λέγεις σύ; ἔφη.

ἂ σὺ λέγεις, ἔμοιγε δοκῶ σκοπῶμεν δὲ βέλτιον. οὐχ ὠμολόγηται τοὺς ἄρχοντας τοῖς ἀρχομένοις προστάττοντας ποιεῖν ἅττα ἐνίστε διαμαρτάνειν τοῦ ἑαυτοῖς βελτίστου, ἂ δ' ἂν προστάττωσιν οἱ ἄρχοντες δίκαιον εἶναι τοῖς ἀρχομένοις ποιεῖν; ταῦτ' οὐχ ὠμολόγηται;

οἶμαι ἔγωγε, ἔφη.

[339e] οἴου τοίνυν, ἦν δ' ἐγώ, καὶ τὸ ἀσύμφορα ποιεῖν τοῖς ἄρχουσί τε καὶ κρείττοσι δίκαιον εἶναι ὠμολογήσθαι σοι, ὅταν οἱ μὲν ἄρχοντες ἄκοντες κακὰ αὐτοῖς προστάττωσιν, τοῖς δὲ δίκαιον εἶναι φῆς ταῦτα ποιεῖν ἃ ἐκεῖνοι προσέταζαν — ἄρα τότε, ὦ σοφώτατε Θρασύμαχε, οὐκ ἀναγκαῖον συμβαίνειν αὐτὸ οὕτωςί, δίκαιον εἶναι ποιεῖν τοῦναντίον ἢ ὃ σὺ λέγεις; τὸ γὰρ τοῦ κρείττονος ἀσύμφορον δήπου προστάττεται τοῖς ἥττοσιν ποιεῖν.

[340a] ναὶ μὰ Δί', ἔφη, ὦ Σώκρατες, ὁ Πολέμαρχος, σαφέστατά γε.

Σωκράτης, Κλειτοφών, Πολέμαρχος, Θρασύμαχος

ἐὰν σύ γ', ἔφη, αὐτῷ μαρτυρήσης, ὁ Κλειτοφῶν ὑπολαβών.

καὶ τί, ἔφη, δεῖται μάρτυρος; αὐτὸς γὰρ Θρασύμαχος ὁμολογεῖ τοὺς

μὲν ἄρχοντας ἐνίστε ἑαυτοῖς κακὰ προστάττειν, τοῖς δὲ δίκαιον εἶναι ταῦτα ποιεῖν. τὸ γὰρ τὰ κελευόμενα ποιεῖν, ὃ Πολέμαρχε, ὑπὸ τῶν ἀρχόντων δίκαιον εἶναι ἔθετο Θρασύμαχος.

καὶ γὰρ τὸ τοῦ κρείττονος, ὃ Κλειτοφῶν, συμφέρον [340b] δίκαιον εἶναι ἔθετο. ταῦτα δὲ ἀμφοτέρωθεν θέμενος ὡμολόγησεν αὐτῷ ἐνίστε τοὺς κρείττους τὰ αὐτοῖς ἀσύμφορα κελεύειν τοὺς ἥττους τε καὶ ἀρχομένους ποιεῖν. ἐκ δὲ τούτων τῶν ὁμολογιῶν οὐδὲν μᾶλλον τὸ τοῦ κρείττονος συμφέρον δίκαιον ἢ εἶη ἢ τὸ μὴ συμφέρον.

ἀλλ', ἔφη ὁ Κλειτοφῶν, τὸ τοῦ κρείττονος συμφέρον ἔλεγεν ὁ ἡγοῖτο ὁ κρείττων αὐτῷ συμφέρειν· τοῦτο ποιητέον εἶναι τῷ ἥττονι, καὶ τὸ δίκαιον τοῦτο ἐτίθετο.

ἀλλ' οὐχ οὕτως, ἦ δ' ὅς ὁ Πολέμαρχος, ἐλέγετο.

Σωκράτης, Θρασύμαχος

[340c] οὐδέν, ἦν δ' ἐγώ, ὃ Πολέμαρχε, διαφέρει, ἀλλ' εἰ νῦν οὕτω λέγει Θρασύμαχος, οὕτως αὐτοῦ ἀποδεχόμεθα. καὶ μοι εἰπέ, ὃ Θρασύμαχε· τοῦτο ἦν ὁ ἐβούλου λέγειν τὸ δίκαιον, τὸ τοῦ κρείττονος συμφέρον δοκοῦν εἶναι τῷ κρείττονι, ἔάντε συμφέρῃ ἔάντε μὴ; οὕτω σε φῶμεν λέγειν;

ἦκιστα γε, ἔφη· ἀλλὰ κρείττω με οἶε καλεῖν τὸν ἐξαμαρτάνοντα ὅταν ἐξαμαρτάνῃ;

ἔγωγε, εἶπον, ὥμην σε τοῦτο λέγειν ὅτε τοὺς ἄρχοντας ὡμολόγεις οὐκ ἀναμαρτήτους εἶναι ἀλλὰ τι καὶ ἐξαμαρτάνειν.

[340d] συκοφάντης γὰρ εἶ, ἔφη, ὃ Σώκρατες, ἐν τοῖς λόγοις· ἐπεὶ αὐτίκα ἱατρὸν καλεῖς σὺ τὸν ἐξαμαρτάνοντα περὶ τοὺς κάμνοντας κατ' αὐτὸ τοῦτο ὃ ἐξαμαρτάνει; ἢ λογιστικόν, ὃς ἂν ἐν λογισμῷ ἀμαρτάνῃ, τότε ὅταν ἀμαρτάνῃ, κατὰ ταύτην τὴν ἀμαρτίαν; ἀλλ' οἶμαι λέγομεν τῷ ῥήματι οὕτως, ὅτι ὁ ἱατρὸς ἐξήμαρτεν καὶ ὁ λογιστὴς ἐξήμαρτεν καὶ ὁ γραμματιστής· τὸ δ' οἶμαι ἕκαστος τούτων, καθ' ὅσον τοῦτ' ἐστίν [340e] ὃ προσαγορεύομεν αὐτόν, οὐδέποτε ἀμαρτάνει· ὥστε κατὰ τὸν ἀκριβῆ λόγον, ἐπειδὴ καὶ σὺ ἀκριβολογῇ, οὐδεὶς τῶν δημιουργῶν ἀμαρτάνει. ἐπιλειπούσης γὰρ ἐπιστήμης ὁ ἀμαρτάνων ἀμαρτάνει, ἐν ᾧ οὐκ ἔστι δημιουργός· ὥστε

δημιουργὸς ἢ σοφὸς ἢ ἄρχων οὐδεὶς ἀμαρτάνει τότε ὅταν ἄρχων ᾦ, ἀλλὰ πᾶς γ' ἂν εἴποι ὅτι ὁ ἱατρὸς ἤμαρτεν καὶ ὁ ἄρχων ἤμαρτεν. τοιοῦτον οὖν δὴ σοὶ καὶ ἐμὲ ὑπόλαβε νυνδὴ ἀποκρίνεσθαι· τὸ δὲ ἀκριβέστατον ἐκεῖνο τυγχάνει ὄν, τὸν ἄρχοντα, καθ' [341a] ὅσον ἄρχων ἐστίν, μὴ ἀμαρτάνειν, μὴ ἀμαρτάνοντα δὲ τὸ αὐτῷ βέλτιστον τίθεσθαι, τοῦτο δὲ τῷ ἀρχομένῳ ποιητέον. ὥστε ὅπερ ἐξ ἀρχῆς ἔλεγον δίκαιον λέγω, τὸ τοῦ κρείττονος ποιεῖν συμφέρον.

εἶεν, ἦν δ' ἐγώ, ὦ Θρασύμαχε· δοκῶ σοὶ συκοφαντεῖν;

πάνυ μὲν οὖν, ἔφη.

οἶει γὰρ με ἐξ ἐπιβουλῆς ἐν τοῖς λόγοις κακουργοῦντά σε ἐρέσθαι ὡς ἠρόμην;

εὖ μὲν οὖν οἶδα, ἔφη. καὶ οὐδέν γέ σοι πλέον ἔσται· [341b] οὔτε γὰρ ἂν με λάθοις κακουργῶν, οὔτε μὴ λαθὼν βιάσασθαι τῷ λόγῳ δύναιο.

οὐδέ γ' ἂν ἐπιχειρήσαιμι, ἦν δ' ἐγώ, ὦ μακάριε. ἀλλ' ἵνα μὴ αὐθις ἡμῖν τοιοῦτον ἐγγένηται, διόρισαι ποτέρως λέγεις τὸν ἄρχοντά τε καὶ τὸν κρείττονα, τὸν ὡς ἔπος εἰπεῖν ἢ τὸν ἀκριβεῖ λόγῳ, ὃ νυνδὴ ἔλεγες, οὗ τὸ συμφέρον κρείττονος ὄντος δίκαιον ἔσται τῷ ἥττονι ποιεῖν.

τὸν τῷ ἀκριβεστάτῳ, ἔφη, λόγῳ ἄρχοντα ὄντα. πρὸς ταῦτα κακούργει καὶ συκοφάντει, εἴ τι δύνασαι — οὐδέν σου παρίεμαι — ἀλλ' οὐ μὴ οἷός τ' ἦς.

[341c] οἶει γὰρ ἂν με, εἶπον, οὕτω μανῆναι ὥστε ξυρεῖν ἐπιχειρεῖν λέοντα καὶ συκοφαντεῖν Θρασύμαχον;

νῦν γοῦν, ἔφη, ἐπεχείρησας, οὐδὲν ὦν καὶ ταῦτα.

ἄδην, ἦν δ' ἐγώ, τῶν τοιούτων. ἀλλ' εἰπέ μοι· ὁ τῷ ἀκριβεῖ λόγῳ ἱατρός, ὃν ἄρτι ἔλεγες, πότερον χρηματιστῆς ἐστίν ἢ τῶν καμνόντων θεραπευτής; καὶ λέγε τὸν τῷ ὄντι ἱατρὸν ὄντα.

τῶν καμνόντων, ἔφη, θεραπευτής.

τί δὲ κυβερνήτης; ὁ ὀρθῶς κυβερνήτης ναυτῶν ἄρχων ἐστίν ἢ ναύτης;

ναυτῶν ἄρχων.

[341d] οὐδὲν οἶμαι τοῦτο ὑπολογιστέον, ὅτι πλεῖ ἐν τῇ νηί, οὐδ' ἐστὶν κλητέος ναύτης· οὐ γὰρ κατὰ τὸ πλεῖν κυβερνήτης καλεῖται, ἀλλὰ κατὰ τὴν τέχνην καὶ τὴν τῶν ναυτῶν ἀρχήν.

ἀληθῆ, ἔφη.

οὐκοῦν ἐκάστῳ τούτων ἔστιν τι συμφέρον;

πάνυ γε.

οὐ καὶ ἡ τέχνη, ἣν δ' ἐγώ, ἐπὶ τούτῳ πέφυκεν, ἐπὶ τῷ τὸ συμφέρον ἐκάστῳ ζητεῖν τε καὶ ἐκπορίζειν;

ἐπὶ τούτῳ, ἔφη.

ἄρ' οὖν καὶ ἐκάστη τῶν τεχνῶν ἔστιν τι συμφέρον ἄλλο ἢ ὅτι μάλιστα τελέαν εἶναι;

[341e] πῶς τοῦτο ἐρωτᾷς;

ὥσπερ, ἔφην ἐγώ, εἴ με ἔροιο εἰ ἐξαρκεῖ σώματι εἶναι σώματι ἢ προσδεῖται τινος, εἵποιμ' ἂν ὅτι “παντάπασι μὲν οὖν προσδεῖται. διὰ ταῦτα καὶ ἡ τέχνη ἐστὶν ἡ ἰατρικὴ νῦν ηὔρημένη, ὅτι σῶμά ἐστιν πονηρὸν καὶ οὐκ ἐξαρκεῖ αὐτῷ τοιοῦτῳ εἶναι. τούτῳ οὖν ὅπως ἐκπορίζῃ τὰ συμφέροντα, ἐπὶ τούτῳ παρεσκευάσθη ἡ τέχνη.” ἢ ὀρθῶς σοι δοκῶ, ἔφην, ἂν εἰπεῖν οὕτω λέγων, ἢ οὐ;

ὀρθῶς, ἔφη.

[342a] τί δὲ δῆ; αὐτὴ ἡ ἰατρικὴ ἐστὶν πονηρά, ἢ ἄλλη τις τέχνη ἔσθ' ὅτι προσδεῖται τινος ἀρετῆς — ὥσπερ ὀφθαλμοὶ ὄψεως καὶ ὦτα ἀκοῆς καὶ διὰ ταῦτα ἐπ' αὐτοῖς δεῖ τινος τέχνης τῆς τὸ συμφέρον εἰς αὐτὰ ταῦτα σκεψομένης τε καὶ ἐκποριούσης — ἄρα καὶ ἐν αὐτῇ τῇ τέχνῃ ἔνι τις πονηρία, καὶ δεῖ ἐκάστη τέχνη ἄλλης τέχνης ἥτις αὐτῇ τὸ συμφέρον σκέψεται, καὶ τῇ σκοπούμενῃ ἐτέρας αὖ τοιαύτης, καὶ τοῦτ' ἔστιν ἀπέραντον; [342b] ἢ αὐτὴ αὐτῇ τὸ συμφέρον σκέψεται; ἢ οὔτε αὐτῆς οὔτε ἄλλης προσδεῖται ἐπὶ τὴν αὐτῆς πονηρίαν τὸ συμφέρον σκοπεῖν· οὔτε γὰρ πονηρία οὔτε ἀμαρτία οὐδεμία οὐδεμιᾷ τέχνῃ πάρεστιν, οὐδὲ προσήκει τέχνῃ ἄλλῳ τὸ συμφέρον ζητεῖν ἢ

ἐκεῖνῳ οὐ τέχνη ἐστίν, αὐτὴ δὲ ἀβλαβὴς καὶ ἀκέραιός ἐστιν ὀρθὴ οὐσα, ἕωσπερ ἂν ἡ ἐκάστη ἀκριβὴς ὅλη ἤπερ ἐστίν; καὶ σκοπεῖ ἐκεῖνῳ τῷ ἀκριβεῖ λόγῳ· οὕτως ἢ ἄλλως ἔχει;

οὕτως, ἔφη, φαίνεται.

[342c] οὐκ ἄρα, ἦν δ' ἐγώ, ἱατρικὴ ἱατρικῇ τὸ συμφέρον σκοπεῖ ἀλλὰ σώματι.

ναί, ἔφη.

οὐδὲ ἱππικὴ ἱππικῇ ἀλλ' ἵπποις· οὐδὲ ἄλλη τέχνη οὐδεμία ἑαυτῇ — οὐδὲ γὰρ προσδεῖται — ἀλλ' ἐκεῖνῳ οὐ τέχνη ἐστίν.

φαίνεται, ἔφη, οὕτως.

ἀλλὰ μήν, ὦ Θρασύμαχε, ἄρχουσί γε αἱ τέχναι καὶ κρατοῦσιν ἐκείνου οὐπὲρ εἰσιν τέχναι.

συνεχώρησεν ἐνταῦθα καὶ μάλα μόγις.

οὐκ ἄρα ἐπιστήμη γε οὐδεμία τὸ τοῦ κρείττονος συμφέρον σκοπεῖ οὐδ' ἐπιτάττει, ἀλλὰ τὸ τοῦ ἥττονός τε καὶ ἀρχομένου [342d] ὑπὸ ἑαυτῆς.

συνωμολόγησε μὲν καὶ ταῦτα τελευτῶν, ἐπεχείρει δὲ περὶ αὐτὰ μάχεσθαι· ἐπειδὴ δὲ ὠμολόγησεν, ἄλλο τι οὖν, ἦν δ' ἐγώ, οὐδὲ ἱατρὸς οὐδεὶς, καθ' ὅσον ἱατρός, τὸ τῷ ἱατρῷ συμφέρον σκοπεῖ οὐδ' ἐπιτάττει, ἀλλὰ τὸ τῷ κάμνοντι; ὠμολόγηται γὰρ ὁ ἀκριβὴς ἱατρὸς σωμάτων εἶναι ἄρχων ἀλλ' οὐ χρηματιστής. ἢ οὐχ ὠμολόγηται;

συνέφη.

οὐκοῦν καὶ ὁ κυβερνήτης ὁ ἀκριβὴς ναυτῶν εἶναι ἄρχων ἀλλ' οὐ ναύτης;

[342e] ὠμολόγηται.

οὐκ ἄρα ὁ γε τοιοῦτος κυβερνήτης τε καὶ ἄρχων τὸ τῷ κυβερνήτῃ συμφέρον σκέπεται τε καὶ προστάξει, ἀλλὰ τὸ τῷ ναύτῃ τε καὶ ἀρχομένῳ.

συνέφησε μόγισ.

οὐκοῦν, ἦν δ' ἐγώ, ὦ Θρασύμαχε, οὐδὲ ἄλλος οὐδεὶς ἐν οὐδεμιᾷ ἀρχῇ, καθ' ὅσον ἄρχων ἐστίν, τὸ αὐτῷ συμφέρον σκοπεῖ οὐδ' ἐπιτάττει, ἀλλὰ τὸ τῷ ἀρχομένῳ καὶ ὃ ἂν αὐτὸς δημιουργῇ, καὶ πρὸς ἐκεῖνο βλέπων καὶ τὸ ἐκείνῳ συμφέρον καὶ πρέπον, καὶ λέγει ἅ λέγει καὶ ποιεῖ ἅ ποιεῖ ἅπαντα.

[343a] ἐπειδὴ οὖν ἐνταῦθα ἦμεν τοῦ λόγου καὶ πᾶσι καταφανὲς ἦν ὅτι ὁ τοῦ δικαίου λόγος εἰς τοῦναντίον περιειστῆκει, ὁ Θρασύμαχος ἀντὶ τοῦ ἀποκρίνεσθαι, εἶπέ μοι, ἔφη, ὦ Σώκρατες, τίτθῃ σοι ἔστιν;

τί δέ; ἦν δ' ἐγώ· οὐκ ἀποκρίνεσθαι χρὴν μᾶλλον ἢ τοιαῦτα ἐρωτᾶν;

ὅτι τοί σε, ἔφη, κορυζῶντα περιορᾷ καὶ οὐκ ἀπομύττει δεόμενον, ὅς γε αὐτῇ οὐδὲ πρόβατα οὐδὲ ποιμένα γινώσκεις.

ὅτι δὴ τί μάλιστα; ἦν δ' ἐγώ.

[343b] ὅτι οἶει τοὺς ποιμένας ἢ τοὺς βουκόλους τὸ τῶν προβάτων ἢ τὸ τῶν βοῶν ἀγαθὸν σκοπεῖν καὶ παχύνειν αὐτοὺς καὶ θεραπεύειν πρὸς ἄλλο τι βλέποντας ἢ τὸ τῶν δεσποτῶν ἀγαθὸν καὶ τὸ αὐτῶν, καὶ δὴ καὶ τοὺς ἐν ταῖς πόλεσιν ἄρχοντας, οἱ ὡς ἀληθῶς ἄρχουσιν, ἄλλως πως ἡγῇ διανοεῖσθαι πρὸς τοὺς ἀρχομένους ἢ ὥσπερ ἂν τις πρὸς πρόβατα διατεθεῖη, καὶ ἄλλο τι σκοπεῖν αὐτοὺς διὰ νυκτὸς καὶ ἡμέρας ἢ τοῦτο, [343c] ὅθεν αὐτοὶ ὠφελήσονται. καὶ οὕτω πόρρω εἶπερί τε τοῦ δικαίου καὶ δικαιοσύνης καὶ ἀδίκου τε καὶ ἀδικίας, ὥστε ἀγνοεῖς ὅτι ἡ μὲν δικαιοσύνη καὶ τὸ δίκαιον ἀλλότριον ἀγαθὸν τῷ ὄντι, τοῦ κρείττονός τε καὶ ἄρχοντος συμφέρον, οἰκεία δὲ τοῦ πειθομένου τε καὶ ὑπηρετοῦντος βλάβη, ἡ δὲ ἀδικία τοῦναντίον, καὶ ἄρχει τῶν ὡς ἀληθῶς εὐηθικῶν τε καὶ δικαίων, οἱ δ' ἀρχόμενοι ποιοῦσιν τὸ ἐκείνου συμφέρον κρείττονος ὄντος, καὶ εὐδαίμονα ἐκείνον ποιοῦσιν ὑπηρετοῦντες [343d] αὐτῷ, ἑαυτοὺς δὲ οὐδ' ὁπωσιοῦν. σκοπεῖσθαι δέ, ὦ εὐηθέστατε Σώκρατες, οὕτωςί χρή, ὅτι δίκαιος ἀνὴρ ἀδίκου πανταχοῦ ἔλαττον ἔχει. πρῶτον μὲν ἐν τοῖς πρὸς ἀλλήλους συμβολαίοις, ὅπου ἂν ὁ τοιοῦτος τῷ τοιούτῳ κοινωνήσῃ, οὐδαμοῦ ἂν εὖροις ἐν τῇ διαλύσει τῆς κοινωνίας πλεον ἔχοντα τὸν δίκαιον τοῦ ἀδίκου ἀλλ' ἔλαττον· ἔπειτα ἐν τοῖς πρὸς τὴν πόλιν, ὅταν τέ τινες εἰσφοραὶ ὦσιν, ὁ μὲν δίκαιος ἀπὸ τῶν ἴσων πλεον εἰσφέρει, ὁ

δ' ἔλαττον, ὅταν τε λήψεις, [343e] ὁ μὲν οὐδέν, ὁ δὲ πολλὰ κερδαίνει. καὶ γὰρ ὅταν ἀρχὴν τινα ἄρχῃ ἐκάτερος, τῷ μὲν δικαίῳ ὑπάρχει, καὶ εἰ μηδεμία ἄλλη ζημία, τὰ γε οἰκεῖα δι' ἀμέλειαν μοχθηροτέρως ἔχειν, ἐκ δὲ τοῦ δημοσίου μηδὲν ὠφελεῖσθαι διὰ τὸ δίκαιον εἶναι, πρὸς δὲ τούτοις ἀπεχθέσθαι τοῖς τε οἰκείοις καὶ τοῖς γνωρίμοις, ὅταν μηδὲν ἐθέλῃ αὐτοῖς ὑπηρετεῖν παρὰ τὸ δίκαιον· τῷ δὲ ἀδίκῳ πάντα τούτων τάναντία ὑπάρχει. λέγω γὰρ [344a] ὄνπερ νυνδὴ ἔλεγον, τὸν μέγαρα δυνάμενον πλεονεκτεῖν· τοῦτον οὖν σκόπει, εἴπερ βούλει κρίνειν ὅσῳ μᾶλλον συμφέρει ἰδίᾳ αὐτῷ ἄδικον εἶναι ἢ τὸ δίκαιον. πάντων δὲ ῥᾶστα μαθήσῃ, ἐὰν ἐπὶ τὴν τελεωτάτην ἀδικίαν ἔλθῃς, ἢ τὸν μὲν ἀδικήσαντα εὐδαιμονέστατον ποιεῖ, τοὺς δὲ ἀδικηθέντας καὶ ἀδικῆσαι οὐκ ἂν ἐθέλοντας ἀθλιωτάτους. ἔστιν δὲ τοῦτο τυραννίς, ἢ οὐ κατὰ σμικρὸν τάλλότρια καὶ λάθρα καὶ βία ἀφαιρεῖται, καὶ ἱερὰ καὶ ὅσια καὶ ἴδια καὶ δημόσια, ἀλλὰ [344b] συλλήβδην· ὣν ἐφ' ἐκάστῳ μέρει ὅταν τις ἀδικήσας μὴ λάθῃ, ζημιουταί τε καὶ ὄνειδῃ ἔχει τὰ μέγιστα — καὶ γὰρ ἱερόσυλοι καὶ ἀνδραποδισταί καὶ τοιχωρύχοι καὶ ἀποστερηταί καὶ κλέπτει οἱ κατὰ μέρη ἀδικοῦντες τῶν τοιούτων κακουργημάτων καλοῦνται — ἐπειδὴν δέ τις πρὸς τοῖς τῶν πολιτῶν χρήμασιν καὶ αὐτοὺς ἀνδραποδισάμενος δουλώσῃται, ἀντὶ τούτων τῶν αἰσχυρῶν ὀνομάτων εὐδαίμονες καὶ μακάριοι [344c] κέκληνται, οὐ μόνον ὑπὸ τῶν πολιτῶν ἀλλὰ καὶ ὑπὸ τῶν ἄλλων ὅσοι ἂν πύθωνται αὐτὸν τὴν ὅλην ἀδικίαν ἡδικοκότες· οὐ γὰρ τὸ ποιεῖν τὰ ἄδικα ἀλλὰ τὸ πάσχειν φοβούμενοι ὀνειδίζουσιν οἱ ὀνειδίζοντες τὴν ἀδικίαν. οὕτως, ὧ Σώκρατες, καὶ ἰσχυρότερον καὶ ἐλευθεριώτερον καὶ δεσποτικώτερον ἀδικία δικαιοσύνης ἐστὶν ἱκανῶς γιγνομένη, καὶ ὅπερ ἐξ ἀρχῆς ἔλεγον, τὸ μὲν τοῦ κρείττονος συμφέρον τὸ δίκαιον τυγχάνει ὄν, τὸ δ' ἄδικον ἑαυτῷ λυσιτελοῦν τε καὶ συμφέρον.

[344d] ταῦτα εἰπὼν ὁ Θρασύμαχος ἐν νῷ εἶχεν ἀπιέναι, ὥσπερ βαλανεὺς ἡμῶν καταντλήσας κατὰ τῶν ὥτων ἀθρόον καὶ πολὺν τὸν λόγον· οὐ μὴν εἵασάν γε αὐτὸν οἱ παρόντες, ἀλλ' ἠνάγκασαν ὑπομεῖναι τε καὶ παρασχεῖν τῶν εἰρημένων λόγον. καὶ δὴ ἔγωγε καὶ αὐτὸς πάνυ ἐδεόμην τε καὶ εἶπον· ὧ δαιμόνιε Θρασύμαχε, οἷον ἐμβάλων λόγον ἐν νῷ ἔχεις ἀπιέναι πρὶν διδάξαι ἱκανῶς ἢ μαθεῖν εἴτε οὕτως εἴτε ἄλλως [344e] ἔχει; ἢ σμικρὸν οἶε ἐπιχειρεῖν πρᾶγμα διορίζεσθαι ὅλου βίου διαγωγὴν, ἢ ἂν διαγόμενος ἕκαστος ἡμῶν

λυσιτελεστάτην ζωὴν ζῶη;

ἐγὼ γὰρ οἶμαι, ἔφη ὁ Θρασύμαχος, τουτὶ ἄλλως ἔχειν;

ἔοικας, ἦν δ' ἐγὼ — ἦτοι ἡμῶν γε οὐδὲν κήδεσθαι, οὐδέ τι φροντίζειν εἴτε χεῖρον εἴτε βέλτιον βιωσόμεθα ἀγνοοῦντες ὃ σὺ φῆς εἰδέναι. ἀλλ', ὠγαθέ, προθυμοῦ καὶ ἡμῖν ἐνδείξασθαι — οὗτοι [345a] κακῶς σοι κείσεται ὅτι ἂν ἡμᾶς τοσοῦσδε ὄντας εὐεργετήσης — ἐγὼ γὰρ δὴ σοι λέγω τό γ' ἐμόν, ὅτι οὐ πείθομαι οὐδ' οἶμαι ἀδικίαν δικαιοσύνης κερδαλεώτερον εἶναι, οὐδ' ἐὰν ἔῃ τις αὐτὴν καὶ μὴ διακωλύῃ πράττειν ἃ βούλεται. ἀλλ', ὠγαθέ, ἔστω μὲν ἄδικος, δυνάσθω δὲ ἀδικεῖν ἢ τῷ λανθάνειν ἢ τῷ διαμάχεσθαι, ὅμως ἐμέ γε οὐ πείθει ὡς ἔστι τῆς δικαιοσύνης κερδαλεώτερον. ταῦτ' οὖν [345b] καὶ ἕτερος ἴσως τις ἡμῶν πέπονθεν, οὐ μόνος ἐγὼ· πείσον οὖν, ὦ μακάριε, ἱκανῶς ἡμᾶς ὅτι οὐκ ὀρθῶς βουλευόμεθα δικαιοσύνην ἀδικίας περὶ πλείονος ποιοῦμενοι.

καὶ πῶς, ἔφη, σὲ πείσω; εἰ γὰρ οἷς νυνδὴ ἔλεγον μὴ πέπεισαι, τί σοι ἔτι ποιήσω; ἢ εἰς τὴν ψυχὴν φέρων ἐνθῶ τὸν λόγον;

μὰ Δί', ἦν δ' ἐγὼ, μὴ σύ γε· ἀλλὰ πρῶτον μὲν, ἃ ἂν εἴπης, ἔμμενε τούτοις, ἢ ἐὰν μετατιθῇ, φανερώς μετατίθεσο καὶ ἡμᾶς μὴ ἐξαπάτα. νῦν δὲ ὀρᾷς, ὦ Θρασύμαχε — ἔτι [345c] γὰρ τὰ ἐμπροσθεν ἐπισκεψόμεθα — ὅτι τὸν ὡς ἀληθῶς ἱατρὸν τὸ πρῶτον ὀριζόμενος τὸν ὡς ἀληθῶς ποιμένα οὐκέτι ᾧου δεῖν ὕστερον ἀκριβῶς φυλάξαι, ἀλλὰ πιαίνειν οἶει αὐτὸν τὰ πρόβατα, καθ' ὅσον ποιμὴν ἐστίν, οὐ πρὸς τὸ τῶν προβάτων βέλτιστον βλέποντα ἀλλ', ὥσπερ δαιτυμόνα τινὰ καὶ μέλλοντα ἐστιάσεσθαι, πρὸς τὴν εὐωχίαν, ἢ αὖ πρὸς τὸ [345d] ἀποδόσθαι, ὥσπερ χρηματιστὴν ἀλλ' οὐ ποιμένα. τῇ δὲ ποιμενικῇ οὐ δήπου ἄλλου του μέλει ἢ ἐφ' ᾧ τέτακται, ὅπως τούτῳ τὸ βέλτιστον ἐκποριεῖ — ἐπεὶ τά γε αὐτῆς ὥστ' εἶναι βελτίστη ἱκανῶς δήπου ἐκπεπόρισται, ἕως γ' ἂν μηδὲν ἐνδέη τοῦ ποιμενικῆ εἶναι — οὕτω δὲ ᾧμην ἔγωγε νυνδὴ ἀναγκαῖον εἶναι ἡμῖν ὁμολογεῖν πᾶσαν ἀρχήν, καθ' ὅσον ἀρχή, μηδενὶ ἄλλῳ τὸ βέλτιστον σκοπεῖσθαι ἢ ἐκείνῳ, τῷ [345e] ἀρχομένῳ τε καὶ θεραπευομένῳ, ἔν τε πολιτικῇ καὶ ιδιωτικῇ ἀρχῇ. σὺ δὲ τοὺς ἄρχοντας ἐν ταῖς πόλεσιν, τοὺς ὡς ἀληθῶς ἄρχοντας, ἐκόντας οἶει ἄρχειν;

μὰ Δί' οὐκ, ἔφη, ἀλλ' εὖ οἶδα. τί δέ, ἦν δ' ἐγώ, ὦ Θρασύμαχε; τὰς ἄλλας ἀρχὰς οὐκ ἐννοεῖς ὅτι οὐδεὶς ἐθέλει ἄρχειν ἐκόν, ἀλλὰ μισθὸν αἰτοῦσιν, ὥς οὐχὶ αὐτοῖσιν ὠφελίαν ἐσομένην ἐκ τοῦ ἄρχειν ἀλλὰ [346a] τοῖς ἀρχομένοις; ἐπεὶ τοσόνδε εἶπέ· οὐχὶ ἐκάστην μέντοι φασὲν ἐκάστοτε τῶν τεχνῶν τούτῳ ἑτέραν εἶναι, τῷ ἑτέραν τὴν δύναμιν ἔχειν; καί, ὦ μακάριε, μὴ παρὰ δόξαν ἀποκρίνου, ἵνα τι καὶ περαίνωμεν.

ἀλλὰ τούτῳ, ἔφη, ἑτέρα.

οὐκοῦν καὶ ὠφελίαν ἐκάστη τούτων ἰδίαν τινὰ ἡμῖν παρέχεται ἀλλ' οὐ κοινήν, οἷον ἰατρικὴ μὲν ὑγίειαν, κυβερνητικὴ δὲ σωτηρίαν ἐν τῷ πλεῖν, καὶ αἱ ἄλλαι οὕτω;

πάνυ γε.

[346b] οὐκοῦν καὶ μισθωτικὴ μισθόν; αὕτη γὰρ αὐτῆς ἡ δύναμις· ἢ τὴν ἰατρικὴν σὺ καὶ τὴν κυβερνητικὴν τὴν αὐτὴν καλεῖς; ἢ ἑάνπερ βούλη ἀκριβῶς διορίζειν, ὥσπερ ὑπέθου, οὐδέν τι μᾶλλον, ἐάν τις κυβερνῶν ὑγιὲς γίγνηται διὰ τὸ συμφέρον αὐτῷ πλεῖν ἐν τῇ θαλάττῃ, ἔνεκα τούτου καλεῖς μᾶλλον αὐτὴν ἰατρικὴν;

οὐ δῆτα, ἔφη.

οὐδέ γ', οἶμαι, τὴν μισθωτικὴν, ἐὰν ὑγιαίνει τις μισθαρνῶν.

οὐ δῆτα.

τί δέ; τὴν ἰατρικὴν μισθαρνητικὴν, ἐὰν ἰώμενός τις μισθαρνῇ;

[346c] οὐκ ἔφη.

οὐκοῦν τὴν γε ὠφελίαν ἐκάστης τῆς τέχνης ἰδίαν ὡμολογήσαμεν εἶναι;

ἔστω, ἔφη.

ἦντινα ἄρα ὠφελίαν κοινῇ ὠφελοῦνται πάντες οἱ δημιουργοί, δῆλον ὅτι κοινῇ τινι τῷ αὐτῷ προσχρώμενοι ἀπ' ἐκείνου ὠφελοῦνται.

ἔοικεν, ἔφη.

φαινόμενόν δέ γε τὸ μισθὸν ἀρνησθαι τοὺς δημιουργοὺς ἀπὸ τοῦ προσχρῆσθαι τῇ μισθωτικῇ τέχνῃ γίνεσθαι αὐτοῖς.

συνέφη μόγις.

[346d] οὐκ ἄρα ἀπὸ τῆς αὐτοῦ τέχνης ἐκάστῳ αὕτη ἡ ὠφελία ἐστίν, ἢ τοῦ μισθοῦ λήψις, ἀλλ', εἰ δεῖ ἀκριβῶς σκοπεῖσθαι, ἢ μὲν ἰατρικὴ ὑγίαιαν ποιεῖ, ἢ δὲ μισθαρνητικὴ μισθόν, καὶ ἢ μὲν οἰκοδομικὴ οἰκίαν, ἢ δὲ μισθαρνητικὴ αὐτῇ ἐπομένη μισθόν, καὶ αἱ ἅλλαι πᾶσαι οὕτως τὸ αὐτῆς ἐκάστη ἔργον ἐργάζεται καὶ ὠφελεῖ ἐκεῖνο ἐφ' ᾧ τέτακται. ἐὰν δὲ μὴ μισθὸς αὐτῇ προσγίγνηται, ἔσθ' ὅτι ὠφελεῖται ὁ δημιουργὸς ἀπὸ τῆς τέχνης;

οὐ φαίνεται, ἔφη.

[346e] ἄρ' οὖν οὐδ' ὠφελεῖ τότε, ὅταν προῖκα ἐργάζεται;

οἶμαι ἔγωγε.

οὐκοῦν, ὦ Θρασύμαχε, τοῦτο ἤδη δῆλον, ὅτι οὐδεμία τέχνη οὐδὲ ἀρχὴ τὸ αὐτῇ ὠφέλιμον παρασκευάζει, ἀλλ', ὅπερ πάλαι ἐλέγομεν, τὸ τῷ ἀρχομένῳ καὶ παρασκευάζει καὶ ἐπιτάττει, τὸ ἐκείνου συμφέρον ἥττονος ὄντος σκοποῦσα, ἀλλ' οὐ τὸ τοῦ κρείττονος. διὰ δὴ ταῦτα ἔγωγε, ὦ φίλε Θρασύμαχε, καὶ ἄρτι ἐλεγον μηδένα ἐθέλειν ἐκόντα ἄρχειν καὶ τὰ ἀλλότρια κακὰ μεταχειρίζεσθαι ἀνορθοῦντα, [347a] ἀλλὰ μισθὸν αἰτεῖν, ὅτι ὁ μέλλων καλῶς τῇ τέχνῃ πράξειν οὐδέποτε αὐτῷ τὸ βέλτιστον πράττει οὐδ' ἐπιτάττει κατὰ τὴν τέχνην ἐπιτάττων, ἀλλὰ τῷ ἀρχομένῳ· ὣν δὴ ἕνεκα, ὡς ἔοικε, μισθὸν δεῖν ὑπάρχειν τοῖς μέλλουσιν ἐθελήσειν ἄρχειν, ἢ ἀργύριον ἢ τιμὴν, ἢ ζημίαν ἐὰν μὴ ἄρχῃ.

Σωκράτης, Γλαύκων

πῶς τοῦτο λέγεις, ὦ Σώκρατες; ἔφη ὁ Γλαύκων· τοὺς μὲν γὰρ δύο μισθοὺς γινώσκω, τὴν δὲ ζημίαν ἦντινα λέγεις καὶ ὡς ἐν μισθοῦ μέρει εἴρηκας, οὐ συνήκα.

τὸν τῶν βελτίστων ἄρα μισθόν, ἔφη, οὐ συνιεῖς, δι' ὃν [347b] ἄρχουσιν οἱ ἐπιεικέστατοι, ὅταν ἐθέλωσιν ἄρχειν. ἢ οὐκ οἶσθα ὅτι τὸ φιλότιμόν τε καὶ φιλάργυρον εἶναι ὀνειδος λέγεται τε καὶ ἔστιν;

ἔγωγε, ἔφη.

διὰ ταῦτα τοῖνυν, ἦν δ' ἐγώ, οὔτε χρημάτων ἔνεκα ἐθέλουσιν ἄρχειν οἱ ἀγαθοὶ οὔτε τιμῆς· οὔτε γὰρ φανερῶς πραττόμενοι τῆς ἀρχῆς ἔνεκα μισθὸν μισθωτοὶ βούλονται κεκλησθαι, οὔτε λάθρα αὐτοὶ ἐκ τῆς ἀρχῆς λαμβάνοντες κλέπται. οὐδ' αὖ τιμῆς ἔνεκα· οὐ γάρ εἰσι φιλότιμοι. δεῖ δὴ [347c] αὐτοῖς ἀνάγκην προσεῖναι καὶ ζημίαν, εἰ μέλλουσιν ἐθέλειν ἄρχειν — ὅθεν κινδυνεύει τὸ ἐκόντα ἐπὶ τὸ ἄρχειν ἰέναι ἀλλὰ μὴ ἀνάγκην περιμένειν αἰσχρὸν νενομίσθαι — τῆς δὲ ζημίας μεγίστη τὸ ὑπὸ πονηροτέρου ἄρχεσθαι, ἐὰν μὴ αὐτὸς ἐθέλῃ ἄρχειν· ἦν δεισάντες μοι φαίνονται ἄρχειν, ὅταν ἄρχωσιν, οἱ ἐπιεικεῖς, καὶ τότε ἔρχονται ἐπὶ τὸ ἄρχειν οὐχ ὥς ἐπ' ἀγαθόν τι ἰόντες οὐδ' ὥς εὐπαθήσοντες ἐν αὐτῷ, ἀλλ' [347d] ὥς ἐπ' ἀναγκαῖον καὶ οὐκ ἔχοντες ἑαυτῶν βελτίοσιν ἐπιτρέψαι οὐδὲ ὁμοίοις. ἐπεὶ κινδυνεύει πόλις ἀνδρῶν ἀγαθῶν εἰ γένοιτο, περιμάχητον ἂν εἶναι τὸ μὴ ἄρχειν ὥσπερ νυνὶ τὸ ἄρχειν, καὶ ἐνταῦθ' ἂν καταφανὲς γενέσθαι ὅτι τῷ ὄντι ἀληθινὸς ἄρχων οὐ πέφυκε τὸ αὐτῷ συμφέρον σκοπεῖσθαι ἀλλὰ τὸ τῷ ἀρχομένῳ· ὥστε πᾶς ἂν ὁ γινώσκων τὸ ὠφελεῖσθαι μᾶλλον ἔλοιτο ὑπ' ἄλλου ἢ ἄλλον ὠφελῶν πράγματα ἔχειν. τοῦτο μὲν οὖν ἔγωγε οὐδαμῇ συγχωρῶ [347e] Θρασυμάχῳ, ὥς τὸ δίκαιόν ἐστιν τὸ τοῦ κρείττονος συμφέρον. ἀλλὰ τοῦτο μὲν δὴ καὶ εἰς αὐτὸς σκεψόμεθα· πολὺ δέ μοι δοκεῖ μεῖζον εἶναι ὃ νῦν λέγει Θρασύμαχος, τὸν τοῦ ἀδίκου βίον φάσκων εἶναι κρείττω ἢ τὸν τοῦ δικαίου. σὺ οὖν ποτέρως, ἦν δ' ἐγώ, ὦ Γλαῦκων, αἰρή; καὶ πότερον ἀληθεστέρως δοκεῖ σοι λέγεσθαι;

τὸν τοῦ δικαίου ἔγωγε λυσιτελέστερον βίον εἶναι.

[348a] ἤκουσας, ἦν δ' ἐγώ, ὅσα ἄρτι Θρασύμαχος ἀγαθὰ διήλθεν τῷ τοῦ ἀδίκου;

ἤκουσα, ἔφη, ἀλλ' οὐ πείθομαι.

βούλει οὖν αὐτὸν πείθωμεν, ἂν δυνώμεθα πῃ ἐξευρεῖν, ὥς οὐκ ἀληθὴ λέγει;

πῶς γὰρ οὐ βούλομαι; ἦ δ' ὅς.

ἂν μὲν τοῖνυν, ἦν δ' ἐγώ, ἀντικατατείναντες λέγωμεν αὐτῷ λόγον

παρὰ λόγον, ὅσα αὖ ἀγαθὰ ἔχει τὸ δίκαιον εἶναι, καὶ αὖθις οὗτος, καὶ ἄλλον ἡμεῖς, ἀριθμεῖν δεήσει [348b] τὰγαθὰ καὶ μετρεῖν ὅσα ἐκάτεροι ἐν ἐκατέρῳ λέγομεν, καὶ ἤδη δικαστῶν τινων τῶν διακρινούντων δεησόμεθα· ἂν δὲ ὥσπερ ἄρτι ἀνομολογούμενοι πρὸς ἀλλήλους σκοπῶμεν, ἅμα αὐτοὶ τε δικασταὶ καὶ ῥήτορες ἐσόμεθα.

πάνυ μὲν οὖν, ἔφη.

ὁποτέρως οὖν σοι, ἦν δ' ἐγώ, ἀρέσκει.

οὕτως, ἔφη.

ἴθι δὴ, ἦν δ' ἐγώ, ὦ Θρασύμαχε, ἀποκρίναι ἡμῖν ἐξ ἀρχῆς. τὴν τελέαν ἀδικίαν τελέας οὐσης δικαιοσύνης λυσιτελεστέραν φῆς εἶναι;

Σωκράτης, Γλαύκων, Θρασύμαχος

[348c] πάνυ μὲν οὖν καὶ φημί, ἔφη, καὶ δι' ἃ, εἴρηκα.

φέρε δὴ, τὸ τοιόνδε περὶ αὐτῶν πῶς λέγεις; τὸ μὲν που ἀρετὴν αὐτοῖν καλεῖς, τὸ δὲ κακίαν;

πῶς γὰρ οὐ;

οὐκοῦν τὴν μὲν δικαιοσύνην ἀρετὴν, τὴν δὲ ἀδικίαν κακίαν;

εἰκός γ', ἔφη, ὦ ἡδιστε, ἐπειδὴ γε καὶ λέγω ἀδικίαν μὲν λυσιτελεῖν, δικαιοσύνην δ' οὐ.

ἀλλὰ τί μήν;

τοῦναντίον, ἦ δ' ὅς.

ἦ τὴν δικαιοσύνην κακίαν;

οὐκ, ἀλλὰ πάνυ γενναίαν εὐήθειαν.

[348d] τὴν ἀδικίαν ἄρα κακοήθειαν καλεῖς;

οὐκ, ἀλλ' εὐβουλίαν, ἔφη.

ἦ καὶ φρόνιμοί σοι, ὦ Θρασύμαχε, δοκοῦσιν εἶναι καὶ ἀγαθοὶ οἱ ἄδικοι;

οἱ γε τελέως, ἔφη, οἷοί τε ἀδικεῖν, πόλεις τε καὶ ἔθνη δυνάμενοι ἀνθρώπων ὑφ' ἐαυτοὺς ποιεῖσθαι· σὺ δὲ οἶμι με ἴσως τοὺς τὰ βαλλάντια ἀποτέμνοντας λέγειν. λυσιτελεῖ μὲν οὖν, ἢ δ' ὅς, καὶ τὰ τοιαῦτα, ἐάνπερ λανθάνῃ· ἔστι δὲ οὐκ ἄξια λόγου, ἀλλ' ἂ νυνδὴ ἔλεγον.

[348e] τοῦτο μὲν, ἔφην, οὐκ ἄγνοῶ ὃ βούλει λέγειν, ἀλλὰ τόδε ἐθαύμασα, εἰ ἐν ἀρετῆς καὶ σοφίας τιθεῖς μέρει τὴν ἀδικίαν, τὴν δὲ δικαιοσύνην ἐν τοῖς ἐναντίοις.

ἀλλὰ πάνυ οὕτω τίθημι.

τοῦτο, ἦν δ' ἐγώ, ἥδη στερεώτερον, ὃ ἐταῖρε, καὶ οὐκέτι ῥάδιον ἔχειν ὅτι τις εἴπη. εἰ γὰρ λυσιτελεῖν μὲν τὴν ἀδικίαν ἐτίθεσο, κακίαν μέντοι ἢ αἰσχρὸν αὐτὸ ὠμολόγεις εἶναι ὥσπερ ἄλλοι τινές, εἴχομεν ἂν τι λέγειν κατὰ τὰ νομιζόμενα λέγοντες· νῦν δὲ δῆλος εἶ ὅτι φήσεις αὐτὸ καὶ καλὸν καὶ ἰσχυρὸν εἶναι καὶ τᾶλλα αὐτῷ πάντα προσθήσεις [349a] ἂ ἡμεῖς τῷ δικαίῳ προσετίθεμεν, ἐπειδὴ γε καὶ ἐν ἀρετῇ αὐτὸ καὶ σοφία ἐτόλμησας θεῖναι.

ἀληθέστατα, ἔφη, μαντεύη.

ἀλλ' οὐ μέντοι, ἦν δ' ἐγώ, ἀποκνητέον γε τῷ λόγῳ ἐπεξελεθεῖν σκοπούμενον, ἕως ἂν σε ὑπολαμβάνω λέγειν ἅπερ διανοῇ. ἐμοὶ γὰρ δοκεῖς σύ, ὃ Θρασύμαχε, ἀτεχνῶς νῦν οὐ σκώπτειν, ἀλλὰ τὰ δοκοῦντα περὶ τῆς ἀληθείας λέγειν.

τί δέ σοι, ἔφη, τοῦτο διαφέρει, εἴτε μοι δοκεῖ εἴτε μή, ἀλλ' οὐ τὸν λόγον ἐλέγχεις;

[349b] οὐδέν, ἦν δ' ἐγώ. ἀλλὰ τόδε μοι πειρῶ ἔτι πρὸς τούτοις ἀποκρίνασθαι· ὁ δίκαιος τοῦ δικαίου δοκεῖ τί σοι ἂν ἐθέλῃν πλέον ἔχειν;

οὐδαμῶς, ἔφη· οὐ γὰρ ἂν ἦν ἀστεῖος, ὥσπερ νῦν, καὶ εὐήθης.

τί δέ; τῆς δικαίας πράξεως;

οὐδὲ τῆς δικαίας, ἔφη.

τοῦ δὲ ἀδίκου πότερον ἀξιοῖ ἂν πλεονεκτεῖν καὶ ἡγοῖτο δίκαιον εἶναι,

ἢ οὐκ ἂν ἡγοῖτο;

ἡγοῖτ' ἂν, ἥ δ' ὅς, καὶ ἀξιοῖ, ἀλλ' οὐκ ἂν δύναίτο.

ἀλλ' οὐ τοῦτο, ἦν δ' ἐγώ, ἐρωτῶ, ἀλλ' εἰ τοῦ μὲν [349c] δικαίου μὴ ἀξιοῖ πλέον ἔχειν μὴδὲ βούλεται ὁ δίκαιος, τοῦ δὲ ἀδίκου;

ἀλλ' οὕτως, ἔφη, ἔχει.

τί δὲ δὴ ὁ ἄδικος; ἄρα ἀξιοῖ τοῦ δικαίου πλεονεκτεῖν καὶ τῆς δικαίας πράξεως;

πῶς γὰρ οὐκ; ἔφη, ὅς γε πάντων πλέον ἔχειν ἀξιοῖ;

οὐκοῦν καὶ ἀδίκου γε ἀνθρώπου τε καὶ πράξεως ὁ ἄδικος πλεονεκτῇ καὶ ἀμιλλήσεται ὡς ἀπάντων πλεῖστον αὐτὸς λάβη;

ἔστι ταῦτα.

ὣδε δὴ λέγωμεν, ἔφην· ὁ δίκαιος τοῦ μὲν ὁμοίου οὐ πλεονεκτεῖ, τοῦ δὲ ἀνομοίου, ὁ δὲ ἄδικος τοῦ τε ὁμοίου καὶ [349d] τοῦ ἀνομοίου;

ἄριστα, ἔφη, εἴρηκας.

ἔστιν δέ γε, ἔφην, φρόνιμός τε καὶ ἀγαθὸς ὁ ἄδικος, ὁ δὲ δίκαιος οὐδέτερος;

καὶ τοῦτ', ἔφη, εὔ.

οὐκοῦν, ἦν δ' ἐγώ, καὶ ἔοικε τῷ φρονίμῳ καὶ τῷ ἀγαθῷ ὁ ἄδικος, ὁ δὲ δίκαιος οὐκ ἔοικεν;

πῶς γὰρ οὐ μέλλει, ἔφη, ὁ τοιοῦτος ὦν καὶ εἰκέναι τοῖς τοιούτοις, ὁ δὲ μὴ εἰκέναι;

καλῶς. τοιοῦτος ἄρα ἐστὶν ἐκάτερος αὐτῶν οἷσπερ ἔοικεν;

ἀλλὰ τί μέλλει; ἔφη.

εἶεν, ὦ Θρασύμαχε· μουσικὸν δέ τινα λέγεις, ἕτερον δὲ [349e] ἄμουσον;

ἔγωγε.

πότερον φρόνιμον καὶ πότερον ἄφρονα;

τὸν μὲν μουσικὸν δήπου φρόνιμον, τὸν δὲ ἄμουσον ἄφρονα.

οὐκοῦν καὶ ἅπερ φρόνιμον, ἀγαθόν, ἃ δὲ ἄφρονα, κακόν;

ναί.

τί δὲ ἰατρικόν; οὐχ οὕτως;

οὕτως.

δοκεῖ ἂν οὖν τίς σοι, ὦ ἄριστε, μουσικὸς ἀνὴρ ἀρμοττόμενος λύραν ἐθέλῃν μουσικοῦ ἀνδρὸς ἐν τῇ ἐπιτάσει καὶ ἀνέσει τῶν χορδῶν πλεονεκτεῖν ἢ ἀξιοῦν πλέον ἔχειν;

οὐκ ἔμοιγε.

τί δέ; ἀμούσου;

ἀνάγκη, ἔφη.

[350a] τί δὲ ἰατρικός; ἐν τῇ ἐδωδῇ ἢ πόσει ἐθέλῃν ἂν τι ἰατρικοῦ πλεονεκτεῖν ἢ ἀνδρὸς ἢ πράγματος;

οὐ δῆτα.

μὴ ἰατρικοῦ δέ;

ναί.

περὶ πάσης δὴ ὅρα ἐπιστήμης τε καὶ ἀνεπιστημοσύνης εἴ τίς σοι δοκεῖ ἐπιστήμων ὅστισοῦν πλείω ἂν ἐθέλῃν αἰρεῖσθαι ἢ ὅσα ἄλλος ἐπιστήμων ἢ πράττειν ἢ λέγειν, καὶ οὐ ταῦτα τῷ ὁμοίῳ ἑαυτοῦ εἰς τὴν αὐτὴν πρᾶξιν.

ἀλλ' ἴσως, ἔφη, ἀνάγκη τοῦτό γε οὕτως ἔχειν.

τί δὲ ὁ ἀνεπιστήμων; οὐχὶ ὁμοίως μὲν ἐπιστήμονος [350b] πλεονεκτήσειεν ἂν, ὁμοίως δὲ ἀνεπιστήμονος;

ἴσως.

ὁ δὲ ἐπιστήμων σοφός;

φημί.

ὁ δὲ σοφὸς ἀγαθός;

φημί.

ὁ ἄρα ἀγαθὸς τε καὶ σοφὸς τοῦ μὲν ὁμοίου οὐκ ἐθελήσει πλεονεκτεῖν, τοῦ δὲ ἀνομοίου τε καὶ ἐναντίου.

ἔοικεν, ἔφη.

ὁ δὲ κακός τε καὶ ἀμαθὴς τοῦ τε ὁμοίου καὶ τοῦ ἐναντίου.

φαίνεται.

οὐκοῦν, ὦ Θρασύμαχε, ἦν δ' ἐγώ, ὁ ἄδικος ἡμῖν τοῦ ἀνομοίου τε καὶ ὁμοίου πλεονεκτεῖ; ἢ οὐχ οὕτως ἔλεγες;

ἔγωγε, ἔφη.

[350c] ὁ δέ γε δίκαιος τοῦ μὲν ὁμοίου οὐ πλεονεκτήσει, τοῦ δὲ ἀνομοίου;

ναί.

ἔοικεν ἄρα, ἦν δ' ἐγώ, ὁ μὲν δίκαιος τῷ σοφῷ καὶ ἀγαθῷ, ὁ δὲ ἄδικος τῷ κακῷ καὶ ἀμαθεῖ.

κινδυνεύει.

ἀλλὰ μὴν ὁμολογοῦμεν, ὅ γε ὅμοιος ἐκάτερος εἴη, τοιοῦτον καὶ ἐκάτερον εἶναι.

ὁμολογοῦμεν γάρ.

ὁ μὲν ἄρα δίκαιος ἡμῖν ἀναπέφανται ὢν ἀγαθός τε καὶ σοφός, ὁ δὲ ἄδικος ἀμαθής τε καὶ κακός.

ὁ δὲ Θρασύμαχος ὁμολόγησε μὲν πάντα ταῦτα, οὐχ [350d] ὥς ἐγὼ νῦν ῥαδίως λέγω, ἀλλ' ἐλκόμενος καὶ μόγις, μετὰ ἰδρωτός θαυμαστοῦ ὅσου, ἅτε καὶ θέρους ὄντος — τότε καὶ εἶδον ἐγώ,

πρότερον δὲ οὕτω, Θρασύμαχον ἐρυθριῶντα — ἐπειδὴ δὲ οὖν διωμολογησάμεθα τὴν δικαιοσύνην ἀρετὴν εἶναι καὶ σοφίαν, τὴν δὲ ἀδικίαν κακίαν τε καὶ ἀμαθίαν, εἶεν, ἣν δ' ἐγώ, τοῦτο μὲν ἡμῖν οὕτω κείσθω, ἔφαμεν δὲ δὴ καὶ ἰσχυρὸν εἶναι τὴν ἀδικίαν. ἢ οὐ μέμνησαι, ὦ Θρασύμαχε;

μέμνημαι, ἔφη· ἀλλ' ἔμοιγε οὐδὲ ἂ νῦν λέγεις ἀρέσκει, καὶ ἔχω περὶ αὐτῶν λέγειν. εἰ οὖν λέγοιμι, εὖ οἶδ' ὅτι [350e] δημηγορεῖν ἂν με φαίης. ἢ οὖν ἔα με εἰπεῖν ὅσα βούλομαι, ἢ, εἰ βούλει ἐρωτᾶν, ἐρώτα· ἐγὼ δέ σοι, ὥσπερ ταῖς γραυσὶν ταῖς τοὺς μύθους λεγούσαις, “εἶεν” ἐρῶ καὶ κατανέυσομαι καὶ ἀνανεύσομαι.

μηδαμῶς, ἦν δ' ἐγώ, παρά γε τὴν σαυτοῦ δόξαν.

ὥστε σοί, ἔφη, ἀρέσκειν, ἐπειδὴ περ οὐκ ἔῃς λέγειν. καίτοι τί ἄλλο βούλει;

οὐδὲν μὰ Δία, ἦν δ' ἐγώ, ἀλλ' εἴπερ τοῦτο ποιήσεις, ποίει· ἐγὼ δὲ ἐρωτήσω.

ἐρώτα δὴ.

τοῦτο τοίνυν ἐρωτῶ, ὅπερ ἄρτι, ἵνα καὶ ἐξῆς διασκεψώμεθα [351a] τὸν λόγον, ὁποῖόν τι τυγχάνει ὃν δικαιοσύνη πρὸς ἀδικίαν. ἐλέχθη γάρ που ὅτι καὶ δυνατότερον καὶ ἰσχυρότερον εἶη ἀδικία δικαιοσύνης· νῦν δέ γ', ἔφην, εἴπερ σοφία τε καὶ ἀρετὴ ἐστὶν δικαιοσύνη, ῥαδίως οἶμαι φανήσεται καὶ ἰσχυρότερον ἀδικίας, ἐπειδὴ περ ἐστὶν ἀμαθία ἢ ἀδικία — οὐδεὶς ἂν ἔτι τοῦτο ἀγνοήσειεν — ἀλλ' οὐ τι οὕτως ἀπλῶς, ὦ Θρασύμαχε, ἔγωγε ἐπιθυμῶ, ἀλλὰ τῇδὲ πη σκέψασθαι· [351b] πόλιν φαίης ἂν ἄδικον εἶναι καὶ ἄλλας πόλεις ἐπιχειρεῖν δουλοῦσθαι ἀδίκως καὶ καταδεδουλωθῆναι, πολλὰς δὲ καὶ ὑφ' ἑαυτῇ ἔχειν δουλωσαμένην;

πῶς γὰρ οὐκ; ἔφη. καὶ τοῦτό γε ἡ ἀρίστη μάλιστα ποιήσει καὶ τελεώτατα οὕσα ἄδικος.

μανθάνω, ἔφην, ὅτι σὸς οὗτος ἦν ὁ λόγος. ἀλλὰ τόδε περὶ αὐτοῦ σκοπῶ· πότερον ἢ κρείττων γιγνομένη πόλις πόλεως ἄνευ δικαιοσύνης τὴν δύναμιν ταύτην ἔξει, ἢ ἀνάγκη αὐτῇ μετὰ δικαιοσύνης;

[351c] εἰ μὲν, ἔφη, ὥς σὺ ἄρτι ἔλεγες ἔχει — ἡ δικαιοσύνη σοφία —
μετὰ δικαιοσύνης· εἰ δ' ὥς ἐγὼ ἔλεγον, μετὰ ἀδικίας.

πάνυ ἄγαμαι, ἦν δ' ἐγώ, ὦ Θρασύμαχε, ὅτι οὐκ ἐπινεύεις μόνον καὶ
ἀνανεύεις, ἀλλὰ καὶ ἀποκρίνη πάνυ καλῶς.

σοὶ γάρ, ἔφη, χαρίζομαι.

εὖ γε σὺ ποιῶν· ἀλλὰ δὴ καὶ τόδε μοι χάρισαι καὶ λέγε· δοκεῖς ἂν ἢ
πόλιν ἢ στρατόπεδον ἢ ληστὰς ἢ κλέπτας ἢ ἄλλο τι ἔθνος, ὅσα κοινῇ
ἐπὶ τι ἔρχεται ἀδίκως, πρᾶξαι ἂν τι δύνασθαι, εἰ ἀδικοῖεν ἀλλήλους;

[351d] οὐ δῆτα, ἦ δ' ὅς.

τί δ' εἰ μὴ ἀδικοῖεν; οὐ μᾶλλον;

πάνυ γε.

στάσεις γάρ που, ὦ Θρασύμαχε, ἢ γε ἀδικία καὶ μίση καὶ μάχας ἐν
ἀλλήλοις παρέχει, ἢ δὲ δικαιοσύνη ὁμόνοιαν καὶ φιλίαν· ἦ γάρ;

ἔστω, ἦ δ' ὅς, ἵνα σοὶ μὴ διαφέρωμαι.

ἀλλ' εὖ γε σὺ ποιῶν, ὦ ἄριστε. τόδε δέ μοι λέγε· ἄρα εἰ τοῦτο ἔργον
ἀδικίας, μῖσος ἐμποιεῖν ὅπου ἂν ἐνῇ, οὐ καὶ ἐν ἐλευθέροις τε καὶ
δούλοις ἐγγιγνομένη μισεῖν ποιήσει ἀλλήλους καὶ στασιάζειν καὶ
ἀδυνάτους εἶναι κοινῇ μετ' [351e] ἀλλήλων πράττειν;

πάνυ γε.

τί δὲ ἂν ἐν δυοῖν ἐγγένηται; οὐ διοίσονται καὶ μισήσουσιν καὶ ἐχθροὶ
ἔσονται ἀλλήλοις τε καὶ τοῖς δικαίοις;

ἔσονται, ἔφη.

ἐὰν δὲ δῆ, ὦ θαυμάσιε, ἐν ἐνὶ ἐγγένηται ἀδικία, μὴν μὴ ἀπολεῖ τὴν
αὐτῆς δύναμιν, ἢ οὐδὲν ἥττον ἔξει;

μηδὲν ἥττον ἐχέτω, ἔφη.

οὐκοῦν τοιάνδε τινὰ φαίνεται ἔχουσα τὴν δύναμιν, οἷαν, ὧ ἂν
ἐγγένηται, εἴτε πόλει τινὶ εἴτε γένει εἴτε στρατοπέδῳ εἴτε [352a]

ἄλλω ὁτῶν, πρῶτον μὲν ἀδύνατον αὐτὸ ποιεῖν πράττειν μεθ' αὐτοῦ διὰ τὸ στασιάζειν καὶ διαφέρεισθαι, ἔτι δ' ἐχθρὸν εἶναι ἑαυτῷ τε καὶ τῷ ἐναντίῳ παντὶ καὶ τῷ δικαίῳ; οὐχ οὕτως;

πάνυ γε.

καὶ ἐν ἐνὶ δὴ οἶμαι ἐνοῦσα ταῦτα ταῦτα ποιήσει ἅπερ πέφυκεν ἐργάζεσθαι· πρῶτον μὲν ἀδύνατον αὐτὸν πράττειν ποιήσει στασιάζοντα καὶ οὐχ ὁμονοοῦντα αὐτὸν ἑαυτῷ, ἔπειτα ἐχθρὸν καὶ ἑαυτῷ καὶ τοῖς δικαίοις· ἦ γάρ;

ναί.

δίκαιοι δέ γ' εἰσίν, ὦ φίλε, καὶ οἱ θεοί;

ἔστω, ἔφη.

[352b] καὶ θεοῖς ἄρα ἐχθρὸς ἔσται ὁ ἄδικος, ὦ Θρασύμαχε, ὁ δὲ δίκαιος φίλος.

εὐωχοῦ τοῦ λόγου, ἔφη, θαρρῶν· οὐ γὰρ ἔγωγέ σοι ἐναντιώσομαι, ἵνα μὴ τοῖσδε ἀπέχθωμαι.

ἴθι δὴ, ἦν δ' ἐγώ, καὶ τὰ λοιπά μοι τῆς ἐστιάσεως ἀποπλήρωσον ἀποκρινόμενος ὥσπερ καὶ νῦν. ὅτι μὲν γὰρ καὶ σοφώτεροι καὶ ἀμείνους καὶ δυνατώτεροι πράττειν οἱ δίκαιοι φαίνονται, οἱ δὲ ἄδικοι οὐδὲ πράττειν μετ' ἀλλήλων οἶοί [352c] τε — ἀλλὰ δὴ καὶ οὓς φαμεν ἐρρωμένως πάποτε τι μετ' ἀλλήλων κοινῇ πρᾶξαι ἀδίκους ὄντας, τοῦτο οὐ παντάπασιν ἀληθὲς λέγομεν· οὐ γὰρ ἂν ἀπείχοντο ἀλλήλων κομιδῇ ὄντες ἄδικοι, ἀλλὰ δῆλον ὅτι ἐνῆν τις αὐτοῖς δικαιοσύνη, ἣ αὐτοὺς ἐποίει μήτοι καὶ ἀλλήλους γε καὶ ἐφ' οὓς ἦσαν ἅμα ἀδικεῖν, δι' ἣν ἔπραξαν ἅ ἔπραξαν, ὥρμησαν δὲ ἐπὶ τὰ ἄδικα ἀδικία ἡμιμόχθηροι ὄντες, ἐπεὶ οἱ γε παμπόνηροι καὶ τελέως ἄδικοι τελέως εἰσὶ καὶ πράττειν ἀδύνατοι — ταῦτα [352d] μὲν οὖν ὅτι οὕτως ἔχει μανθάνω, ἀλλ' οὐχ ὥς σὺ τὸ πρῶτον ἐτίθεσο· εἰ δὲ καὶ ἄμεινον ζῶσιν οἱ δίκαιοι τῶν ἀδίκων καὶ εὐδαιμονέστεροί εἰσιν, ὅπερ τὸ ὕστερον προυθέμεθα σκέψασθαι, σκεπτέον. φαίνονται μὲν οὖν καὶ νῦν, ὥς γέ μοι δοκεῖ, ἐξ ὧν εἰρήκαμεν· ὅμως δ' ἐτι βέλτιον σκεπτέον. οὐ γὰρ περὶ τοῦ ἐπιτυχόντος ὁ λόγος, ἀλλὰ περὶ τοῦ ὄντινα τρόπον χρῆ ζῆν.

σκόπει δή, ἔφη.

σκοπῶ, ἦν δ' ἐγώ. καί μοι λέγε· δοκεῖ τί σοι εἶναι ἵππου ἔργον;

[352e] ἔμοιγε.

ἄρ' οὖν τοῦτο ἂν θείης καὶ ἵππου καὶ ἄλλου ὅτουοῦν ἔργον, ὃ ἂν ἢ μόνῳ ἐκείνῳ ποιῇ τις ἢ ἄριστα;

οὐ μανθάνω, ἔφη.

ἀλλ' ὧδε· ἔσθ' ὅτῳ ἂν ἄλλῳ ἴδοις ἢ ὀφθαλμοῖς;

οὐ δῆτα.

τί δέ; ἀκούσαις ἄλλῳ ἢ ὤσιν;

οὐδαμῶς.

οὐκοῦν δικαίως [ἂν] ταῦτα τούτων φαμέν ἔργα εἶναι;

πάνυ γε.

[353a] τί δέ; μαχαίρα ἂν ἀμπέλου κλῆμα ἀποτέμοις καὶ σμίλη καὶ ἄλλοις πολλοῖς;

πῶς γὰρ οὐ;

ἀλλ' οὐδενί γ' ἂν οἶμαι οὕτω καλῶς ὥς δρεπάνῳ τῷ ἐπὶ τούτῳ ἐργασθέντι.

ἀληθῆ.

ἄρ' οὖν οὐ τοῦτο τούτου ἔργον θήσομεν;

θήσομεν μὲν οὖν.

νῦν δὴ οἶμαι ἄμεινον ἂν μάθοις ὃ ἄρτι ἠρώτων, πυνθανόμενος εἰ οὐ τοῦτο ἐκάστου εἴη ἔργον ὃ ἂν ἢ μόνον τι ἢ κάλλιστα τῶν ἄλλων ἀπεργάζεταιται.

ἀλλά, ἔφη, μανθάνω τε καί μοι δοκεῖ τοῦτο ἐκάστου [353b] πράγματος ἔργον εἶναι.

εἶεν, ἦν δ' ἐγώ. οὐκοῦν καὶ ἀρετὴ δοκεῖ σοι εἶναι ἐκάστω ὥπερ καὶ ἔργον τι προστέτακται; ἴωμεν δὲ ἐπὶ τὰ αὐτὰ πάλιν· ὀφθαλμῶν, φαμέν, ἔστι τι ἔργον;

ἔστιν.

ἄρ' οὖν καὶ ἀρετὴ ὀφθαλμῶν ἔστιν;

καὶ ἀρετή.

τί δέ; ὥτων ἦν τι ἔργον;

ναί.

οὐκοῦν καὶ ἀρετή;

καὶ ἀρετή.

τί δὲ πάντων πέρι τῶν ἄλλων; οὐχ οὕτω;

οὕτω.

Ἔχε δὴ· ἄρ' ἂν ποτε ὄμματα τὸ αὐτῶν ἔργον καλῶς [353c] ἀπεργάσαιντο μὴ ἔχοντα τὴν αὐτῶν οἰκείαν ἀρετὴν, ἀλλ' ἀντὶ τῆς ἀρετῆς κακίαν;

καὶ πῶς ἄν; ἔφη· τυφλότητα γὰρ ἴσως λέγεις ἀντὶ τῆς ὀψεως.

ἦτις, ἦν δ' ἐγώ, αὐτῶν ἢ ἀρετῇ· οὐ γάρ πω τοῦτο ἐρωτῶ, ἀλλ' εἰ τῇ οἰκείᾳ μὲν ἀρετῇ τὸ αὐτῶν ἔργον εὖ ἐργάσεται τὰ ἐργαζόμενα, κακία δὲ κακῶς.

ἀληθές, ἔφη, τοῦτό γε λέγεις.

οὐκοῦν καὶ ὅτα στερόμενα τῆς αὐτῶν ἀρετῆς κακῶς τὸ αὐτῶν ἔργον ἀπεργάσεται;

πάνυ γε.

[353d] τίθεμεν οὖν καὶ τᾶλλα πάντα εἰς τὸν αὐτὸν λόγον;

ἔμοιγε δοκεῖ.

ἴθι δὴ, μετὰ ταῦτα τόδε σκέψαι. ψυχῆς ἔστιν τι ἔργον ὃ ἄλλω τῶν ὄντων οὐδ' ἂν ἐνὶ πράξαις, οἷον τὸ τοιόνδε· τὸ ἐπιμελεῖσθαι καὶ ἄρχειν καὶ βουλευέσθαι καὶ τὰ τοιαῦτα πάντα, ἔσθ' ὅτῳ ἄλλω ἢ ψυχῇ δικαίως ἂν αὐτὰ ἀποδοῖμεν καὶ φαῖμεν ἴδια ἐκείνης εἶναι;

οὐδενὶ ἄλλω.

τί δ' αὖ τὸ ζῆν; οὐ ψυχῆς φήσομεν ἔργον εἶναι;

μάλιστα γ', ἔφη.

οὐκοῦν καὶ ἀρετὴν φαμέν τινα ψυχῆς εἶναι;

φαμέν.

[353e] ἄρ' οὖν ποτε, ὦ Θρασύμαχε, ψυχὴ τὰ αὐτῆς ἔργα εὖ ἀπεργάζεται στερομένη τῆς οἰκείας ἀρετῆς, ἢ ἀδύνατον;

ἀδύνατον.

ἀνάγκη ἄρα κακῇ ψυχῇ κακῶς ἄρχειν καὶ ἐπιμελεῖσθαι, τῇ δὲ ἀγαθῇ πάντα ταῦτα εὖ πράττειν.

ἀνάγκη.

οὐκοῦν ἀρετὴν γε συνεχωρήσαμεν ψυχῆς εἶναι δικαιοσύνην, κακίαν δὲ ἀδικίαν;

συνεχωρήσαμεν γάρ.

ἢ μὲν ἄρα δικαία ψυχὴ καὶ ὁ δίκαιος ἀνὴρ εὖ βιώσεται, κακῶς δὲ ὁ ἄδικος.

φαίνεται, ἔφη, κατὰ τὸν σὸν λόγον.

[354a] ἀλλὰ μὴν ὅ γε εὖ ζῶν μακάριός τε καὶ εὐδαίμων, ὁ δὲ μὴ τάναντία.

πῶς γὰρ οὐ;

ὁ μὲν δίκαιος ἄρα εὐδαίμων, ὁ δ' ἄδικος ἄθλιος.

ἔστω, ἔφη.

ἀλλὰ μὴν ἄθλιόν γε εἶναι οὐ λυσιτελεῖ, εὐδαίμονα δέ.

πῶς γὰρ οὐ;

οὐδέποτ' ἄρα, ὦ μακάριε Θρασύμαχε, λυσιτελέστερον ἀδικία δικαιοσύνης.

ταῦτα δὴ σοι, ἔφη, ὦ Σώκρατες, εἰστιάσθω ἐν τοῖς Βενδιδίοις.

ὑπὸ σοῦ γε, ἦν δ' ἐγώ, ὦ Θρασύμαχε, ἐπειδὴ μοι πρῶτος ἐγένου καὶ χαλεπαίνων ἐπαύσω. οὐ μέντοι καλῶς γε [354b] εἰστίμαι, δι' ἑμαυτὸν ἀλλ' οὐ διὰ σέ· ἀλλ' ὥσπερ οἱ λίχνοι τοῦ ἀεὶ παραφερομένου ἀπογεύονται ἀρπάζοντες, πρὶν τοῦ προτέρου μετρίως ἀπολαῦσαι, καὶ ἐγώ μοι δοκῶ οὕτω, πρὶν ὃ τὸ πρῶτον ἐσκοποῦμεν εὐρεῖν, τὸ δίκαιον ὅτι ποτ' ἐστίν, ἀφέμενος ἐκείνου ὀρμῆσαι ἐπὶ τὸ σκέψασθαι περὶ αὐτοῦ εἴτε κακία ἐστὶν καὶ ἀμαθία, εἴτε σοφία καὶ ἀρετή, καὶ ἐμπεσόντος αὖ ὕστερον λόγου, ὅτι λυσιτελέστερον ἢ ἀδικία τῆς δικαιοσύνης, οὐκ ἀπεσχόμην τὸ μὴ οὐκ ἐπὶ τοῦτο ἐλθεῖν ἀπ' ἐκείνου, ὥστε μοι νυνὶ γέγονεν ἐκ τοῦ διαλόγου μηδὲν [354c] εἰδέναι· ὁπότε γὰρ τὸ δίκαιον μὴ οἶδα ὃ ἐστίν, σχολῇ εἶσομαι εἴτε ἀρετὴ τις οὐσα τυγχάνει εἴτε καὶ οὐ, καὶ πότερον ὁ ἔχων αὐτὸ οὐκ εὐδαίμων ἐστὶν ἢ εὐδαίμων.

Σωκράτης, Γλαύκων

[357a] Ἐγὼ μὲν οὖν ταῦτα εἰπὼν ὥμην λόγου ἀπηλλάχθαι· τὸ δ' ἦν ἄρα, ὡς ἔοικε, προοίμιον. ὁ γὰρ Γλαύκων ἀεὶ τε δὴ ἀνδρειότατος ὢν τυγχάνει πρὸς ἅπαντα, καὶ δὴ καὶ τότε τοῦ Θρασυμάχου τὴν ἀπόρρησιν οὐκ ἀπεδέξατο, ἀλλ' ἔφη· ὦ Σώκρατες, πότερον ἡμᾶς βούλει δοκεῖν πεπεικέναι ἢ ὡς [357b] ἀληθῶς πεῖσαι ὅτι παντὶ τρόπῳ ἄμεινόν ἐστιν δίκαιον εἶναι ἢ ἄδικον;

ὦς ἀληθῶς, εἶπον, ἔγωγ' ἂν ἐλοίμην, εἰ ἐπ' ἐμοὶ εἴη.

Οὐ τοίνυν, ἔφη, ποιεῖς ὁ βούλει. λέγε γάρ μοι· ἄρά σοι δοκεῖ τοιόνδε τι εἶναι ἀγαθόν, ὃ δεξαίμεθ' ἂν ἔχειν οὐ τῶν ἀποβαινόντων ἐφιέμενοι, ἀλλ' αὐτὸ αὐτοῦ ἔνεκα ἀσπαζόμενοι, οἷον τὸ χαίρειν καὶ αἱ ἡδοναὶ ὅσαι ἀβλαβεῖς καὶ μηδὲν εἰς τὸν ἔπειτα χρόνον διὰ ταύτας γίγνεται ἄλλο ἢ χαίρειν ἔχοντα;

Ἐμοιγε, ἦν δ' ἐγώ, δοκεῖ τι εἶναι τοιοῦτον.

[357c] Τί δέ; ὁ αὐτὸ τε αὐτοῦ χάριν ἀγαπῶμεν καὶ τῶν ἀπ’ αὐτοῦ γιγνομένων, οἷον αὖ τὸ φρονεῖν καὶ τὸ ὀρᾶν καὶ τὸ ὑγιαίνειν; τὰ γὰρ τοιαῦτά που δι’ ἀμφοτέρω ἀσπαζόμεθα.

Ναί, εἶπον.

Τρίτον δὲ ὀρᾷ τι, ἔφη, εἶδος ἀγαθοῦ, ἐν ᾧ τὸ γυμνάζεσθαι καὶ τὸ κάμνοντα ἰατρεύεσθαι καὶ ἰατρευσίς τε καὶ ὁ ἄλλος χρηματισμός; ταῦτα γὰρ ἐπίποντα φαῖμεν ἄν, ὠφελεῖν δὲ ἡμᾶς, καὶ αὐτὰ μὲν ἑαυτῶν ἕνεκα οὐκ ἂν δεξαίμεθα ἔχειν, [357d] τῶν δὲ μισθῶν τε χάριν καὶ τῶν ἄλλων ὅσα γίγνεται ἀπ’ αὐτῶν.

Ἔστιν γὰρ οὖν, ἔφην, καὶ τοῦτο τρίτον. ἀλλὰ τί δὴ;

Ἐν ποίῳ, ἔφη, τούτων τὴν δικαιοσύνην τιθεῖς;

[358a] Ἐγὼ μὲν οἶμαι, ἦν δ’ ἐγώ, ἐν τῷ καλλίστῳ, ὃ καὶ δι’ αὐτὸ καὶ διὰ τὰ γινόμενα ἀπ’ αὐτοῦ ἀγαπητέον τῷ μέλλοντι μακαρίῳ ἔσεσθαι.

Οὐ τοίνυν δοκεῖ, ἔφη, τοῖς πολλοῖς, ἀλλὰ τοῦ ἐπιτόνου εἰδους, ὃ μισθῶν θ’ ἕνεκα καὶ εὐδοκιμήσεων διὰ δόξαν ἐπιτηδευτέον, αὐτὸ δὲ δι’ αὐτὸ φευκτέον ὡς ὃν χαλεπόν. Οἶδα, ἦν δ’ ἐγώ, ὅτι δοκεῖ οὕτω καὶ πάλαι ὑπὸ Θρασυμάχου ὡς τοιοῦτον ὃν ψέγεται, ἀδικία δ’ ἐπαινεῖται· ἀλλ’ ἐγώ τις, ὡς ἔοικε, δυσμαθής.

[358b] Ἴθι δὴ, ἔφη, ἄκουσον καὶ ἐμοῦ, ἐάν σοι ἔτι ταῦτα δοκῇ. Θρασυμάχος γάρ μοι φαίνεται πρωαίτερον τοῦ δέοντος ὑπὸ σοῦ ὥσπερ ὄφεις κηληθῆναι, ἐμοὶ δὲ οὕτω κατὰ νοῦν ἢ ἀπόδειξις γέγονεν περὶ ἐκατέρου· ἐπιθυμῶ γὰρ ἀκοῦσαι τί τ’ ἔστιν ἐκάτερον καὶ τίνα ἔχει δύναμιν αὐτὸ καθ’ αὐτὸ ἐνὸν ἐν τῇ ψυχῇ, τοὺς δὲ μισθοὺς καὶ τὰ γινόμενα ἀπ’ αὐτῶν ἑᾶσαι χαίρειν. οὕτωςί οὖν ποιήσω, ἐάν καὶ σοὶ δοκῇ· ἐπανανεῶ [358c] σομαι τὸν Θρασυμάχου λόγον, καὶ πρῶτον μὲν ἐρῶ δικαιοσύνην οἷον εἶναί φασιν καὶ ὅθεν γεγονέναι, δεύτερον δὲ ὅτι πάντες αὐτὸ οἱ ἐπιτηδεύοντες ἄκοντες ἐπιτηδεύουσιν ὡς ἀναγκαῖον ἀλλ’ οὐχ ὡς ἀγαθόν, τρίτον δὲ ὅτι εἰκότως αὐτὸ δρῶσι· πολὺ γὰρ ἀμείνων ἄρα ὁ τοῦ ἀδίκου ἢ ὁ τοῦ δικαίου βίος, ὡς λέγουσιν. ἐπεὶ ἔμοιγε, ὦ Σώκρατες, οὐ τι δοκεῖ οὕτως· ἀπορῶ μέντοι διατεθρυλημένος τὰ ὥτα ἀκούων Θρασυμάχου καὶ μυρίων ἄλλων,

τὸν δὲ ὑπὲρ τῆς δικαιοσύνης λόγον, ὡς [358d] ἄμεινον ἀδικίας, οὐδενός πω ἀκήκοα ὡς βούλομαι — βούλομαι δὲ αὐτὸ καθ' αὐτὸ ἐγκωμιαζόμενον ἀκοῦσαι — μάλιστα δ' οἶμαι ἂν σοῦ πυθέσθαι. διὸ κατατείνας ἔρῳ τὸν ἄδικον βίον ἐπαινῶν, εἰπὼν δὲ ἐνδείξομαί σοι ὃν τρόπον αὖ βούλομαι καὶ σοῦ ἀκούειν ἀδικίαν μὲν ψέγοντος, δικαιοσύνην δὲ ἐπαινοῦντος. ἀλλ' ὅρα εἴ σοι βουλομένων ἃ λέγω.

Πάντων μάλιστα, ἦν δ' ἐγώ· περὶ γὰρ τίνος ἂν μᾶλλον πολλάκις τις νοῦν ἔχων χαίροι λέγων καὶ ἀκούων;

[358e] Κάλιστα, ἔφη, λέγεις· καὶ ὁ πρῶτον ἔφην ἐρεῖν, περὶ τούτου ἄκουε, τί ὃν τε καὶ ὅθεν γέγονε δικαιοσύνη.

Γλαύκων

Πεφυκέναι γὰρ δὴ φασιν τὸ μὲν ἀδικεῖν ἀγαθόν, τὸ δὲ ἀδικεῖσθαι κακόν, πλέονι δὲ κακῷ ὑπερβάλλειν τὸ ἀδικεῖσθαι ἢ ἀγαθῷ τὸ ἀδικεῖν, ὥστ' ἐπειδὴν ἀλλήλους ἀδικῶσί τε καὶ ἀδικῶνται καὶ ἀμφοτέρων γεύωνται, τοῖς μὴ δυναμένοις τὸ [359a] μὲν ἐκφεύγειν τὸ δὲ αἰρεῖν δοκεῖ λυσιτελεῖν συνθέσθαι ἀλλήλοις μήτ' ἀδικεῖν μήτ' ἀδικεῖσθαι· καὶ ἐντεῦθεν δὴ ἄρξασθαι νόμους τίθεσθαι καὶ συνθήκας αὐτῶν, καὶ ὀνομάσαι τὸ ὑπὸ τοῦ νόμου ἐπιταγμα νόμιμόν τε καὶ δίκαιον· καὶ εἶναι δὴ ταύτην γένεσίν τε καὶ οὐσίαν δικαιοσύνης, μεταξὺ οὗσαν τοῦ μὲν ἀρίστου ὄντος, ἐὰν ἀδικῶν μὴ διδῷ δίκην, τοῦ δὲ κακίστου, ἐὰν ἀδικούμενος τιμωρεῖσθαι ἀδύνατος ᾖ· τὸ δὲ δίκαιον ἐν μέσῳ ὃν τούτων ἀμφοτέρων ἀγαπᾶσθαι οὐχ ὡς [359b] ἀγαθόν, ἀλλ' ὡς ἄρρωστίᾳ τοῦ ἀδικεῖν τιμώμενον· ἐπεὶ τὸν δυνάμενον αὐτὸ ποιεῖν καὶ ὡς ἀληθῶς ἄνδρα οὐδ' ἂν ἐνί ποτε συνθέσθαι τὸ μήτε ἀδικεῖν μήτε ἀδικεῖσθαι· μαίνεσθαι γὰρ ἂν. ἡ μὲν οὖν δὴ φύσις δικαιοσύνης, ᾧ Σώκρατες, αὕτη τε καὶ τοιαύτη, καὶ ἐξ ὧν πέφυκε τοιαῦτα, ὡς ὁ λόγος.

Ὡς δὲ καὶ οἱ ἐπιτηδεύοντες ἀδυναμία τοῦ ἀδικεῖν ἄκοντες αὐτὸ ἐπιτηδεύουσι, μάλιστ' ἂν αἰσθοίμεθα, εἰ τοιόνδε ποιή[359c]σαιμεν τῇ διανοίᾳ· δόντες ἐξουσίαν ἑκατέρῳ ποιεῖν ὅτι ἂν βούληται, τῷ τε δικαίῳ καὶ τῷ ἀδίκῳ, εἴτ' ἐπακολουθήσαιμεν θεώμενοι ποῖ ἡ ἐπιθυμία ἑκάτερον ἄξει. ἐπ' αὐτοφώρῳ οὖν λάβοιμεν ἂν τὸν δίκαιον τῷ ἀδίκῳ εἰς ταῦτόν ἰόντα διὰ τὴν πλεονεξίαν, ὃ πᾶσα φύσις διώκειν

Σωκράτης, Γλαύκων

Βαβαῖ, ἦν δ' ἐγώ, ὦ φίλε Γλαύκων, ὡς ἐρρωμένως ἐκάτερον ὥσπερ ἀνδριάντα εἰς τὴν κρίσιν ἐκκαθαίρεις τοῖν ἀνδροῖν.

᾽Ως μάλιστ', ἔφη, δύναμαι. ὄντιν δὲ τοιούτοι, οὐδὲν ἔτι, ὡς ἐγῶμαι, χαλεπὸν ἐπεξελεθεῖν τῷ λόγῳ οἷος ἐκάτερον [361e] βίος ἐπιμένει. λεκτέον οὖν· καὶ δὴ κἂν ἀγροικοτέρως λέγῃται, μὴ ἐμὲ οἶου λέγειν, ὦ Σώκρατες, ἀλλὰ τοὺς ἐπαινοῦντας πρὸ δικαιοσύνης ἀδικίαν. ἐροῦσι δὲ τάδε, ὅτι οὕτω διακείμενος ὁ δίκαιος μαστιγώσεται, στρεβλώσεται, δεδῆ[362a]σεται, ἐκκαυθήσεται τῷ φθαλμῷ, τελευτῶν πάντα κακὰ παθὼν ἀνασχινδυλευθήσεται καὶ γινώσεται ὅτι οὐκ εἶναι δίκαιον ἀλλὰ δοκεῖν δεῖ ἐθέλειν. τὸ δὲ τοῦ Αἰσχύλου πολὺ ἦν ἄρα ὀρθότερον λέγειν κατὰ τοῦ ἀδίκου. τῷ ὄντι γὰρ φήσουσι τὸν ἄδικον, ἅτε ἐπιτηδεύοντα πρᾶγμα ἀληθείας ἐχόμενον καὶ οὐ πρὸς δόξαν ζῶντα, οὐ δοκεῖν ἄδικον ἀλλ' εἶναι ἐθέλειν,

Σωκράτης, Αδείμαντος

[362d] Ταῦτ' εἰπόντος τοῦ Γλαύκωνος ἐγὼ μὲν αὖ ἐν νῷ εἶχόν τι

εἰ μέλλομεν εὐδαιμονήσῃν, ταύτῃ ἰτέον, ὥς τὰ ἔχνη τῶν λόγων φέρει. ἐπὶ γὰρ τὸ λανθάνειν συνωμοσίας τε καὶ ἐταιρίας συνάζομεν, εἰσὶν τε πειθοῦς διδάσκαλοι σοφίαν δημηγορικὴν τε καὶ δικανικὴν διδόντες, ἐξ ὧν τὰ μὲν πείσομεν, τὰ δὲ βιασόμεθα, ὥς πλεονεκτοῦντες δίκην μὴ διδόναι. “Ἀλλὰ δὴ θεοὺς οὔτε λανθάνειν οὔτε βιάσασθαι δυνατόν.” Οὐκοῦν, εἰ μὲν μὴ εἰσὶν ἢ μηδὲν αὐτοῖς τῶν ἀνθρωπίνων μέλει, τί καὶ ἡμῖν [365e] μελητέον τοῦ λανθάνειν; εἰ δὲ εἰσὶ τε καὶ ἐπιμελοῦνται, οὐκ ἄλλοθεν τοι αὐτοὺς ἴσμεν ἢ ἀκηκόαμεν ἢ ἔκ τε τῶν νόμων καὶ τῶν γενεαλογησάντων ποιητῶν, οἱ δὲ αὐτοὶ οὗτοι λέγουσιν ὥς εἰσὶν οἷοι θυσίαις τε καὶ εὐχολαῖς ἀγανῆσιν καὶ ἀναθήμασιν παράγεσθαι ἀναπειθόμενοι, οἷς ἢ ἀμρότερα ἢ οὐδέτερα πειστέον. εἰ δ’ οὖν πειστέον, ἀδικητέον καὶ θυτέον [366a] ἀπὸ τῶν ἀδικημάτων. δίκαιοι μὲν γὰρ ὄντες ἀζήμιοι μόνον ὑπὸ θεῶν ἐσόμεθα, τὰ δ’ ἐξ ἀδικίας κέρδη ἀπωσόμεθα· ἀδικοὶ δὲ κερδανοῦμέν τε καὶ λισσόμενοι ὑπερβαίνοντες καὶ ἀμαρτάνοντες, πείθοντες αὐτοὺς ἀζήμιοι ἀπαλλάξομεν. “Ἀλλὰ γὰρ ἐν Ἀίδου δίκην δώσομεν ὧν ἂν ἐνθάδε ἀδικήσωμεν, ἢ αὐτοὶ ἢ παῖδες παίδων.” Ἄλλ’, ὦ φίλε, φήσῃ λογιζόμενος, αἱ τελεταὶ αὖ μέγα δύνανται καὶ οἱ λύσιοι θεοί, ὥς αἱ [366b] μέγισται πόλεις λέγουσι καὶ οἱ θεῶν παῖδες ποιηταὶ καὶ προφῆται τῶν θεῶν γενόμενοι, οἱ ταῦτα οὕτως ἔχειν μὲν οὖσιν.

Κατὰ τίνα οὖν ἔτι λόγον δικαιοσύνην ἂν πρὸς μεγίστης ἀδικίας αἰροίμεθ’ ἄν, ἣν ἔαν μετ’ εὐσχημοσύνης κιβδήλου κτησώμεθα, καὶ παρὰ θεοῖς καὶ παρ’ ἀνθρώποις πράξομεν κατὰ νοῦν ζῶντές τε καὶ τελευτήσαντες, ὥς ὁ τῶν πολλῶν τε καὶ ἄκρων λεγόμενος λόγος; ἐκ δὴ πάντων τῶν εἰρη[366c]μένων τίς μηχανή, ὧς Σώκρατες, δικαιοσύνην τιμᾶν ἐθέλῃν ὧς τις δύναιμι ὑπάρχει ψυχῆς ἢ χρημάτων ἢ σώματος ἢ γένους, ἀλλὰ μὴ γελᾶν ἐπαινουμένης ἀκούοντα; ὥς δὴ τοι εἴ τις ἔχει ψευδῇ μὲν ἀποφῆναι ἃ εἰρήκαμεν, ἱκανῶς δὲ ἔγνωκεν ὅτι ἄριστον δικαιοσύνη, πολλήν που συγγνώμην ἔχει καὶ οὐκ ὀργίζεται τοῖς ἀδικοῖς, ἀλλ’ οἶδεν ὅτι πλὴν εἴ τις θεία φύσει δυσχεραίνων τὸ ἀδικεῖν ἢ ἐπιστήμην λαβὼν [366d] ἀπέχεται αὐτοῦ, τῶν γε ἄλλων οὐδεὶς ἐκὼν δίκαιος, ἀλλ’ ὑπὸ ἀνανδρίας ἢ γήρωος ἢ τινος ἄλλης ἀσθενείας ψέγει τὸ ἀδικεῖν, ἀδυνατῶν αὐτὸ δρᾶν. ὥς δέ, δηλον· ὁ γὰρ πρῶτος τῶν τοιούτων εἰς δύναμιν ἐλθὼν πρῶτος ἀδικεῖ, καθ’ ὅσον ἂν οἷός τ’ ἦ. καὶ τούτων ἀπάντων οὐδὲν ἄλλο αἴτιον ἢ

ἐκεῖνο, ὅθεν περ ἅπας ὁ λόγος οὗτος ὥρμησεν καὶ τῷδε καὶ ἐμοὶ πρὸς σέ, ὦ Σώκρατες, εἰπεῖν, ὅτι “³Ω θαυμάσιε, πάντων [366e] ὑμῶν, ὅσοι ἐπαινέται φατὲ δικαιοσύνης εἶναι, ἀπὸ τῶν ἐξ ἀρχῆς ἡρώων ἀρξάμενοι, ὅσων λόγοι λελειμμένοι, μέχρι τῶν νῦν ἀνθρώπων οὐδεὶς πώποτε ἔψεξεν ἀδικίαν οὐδ’ ἐπήνεσεν δικαιοσύνην ἄλλως ἢ δόξας τε καὶ τιμὰς καὶ δωρεὰς τὰς ἀπ’ αὐτῶν γιγνομένας· αὐτὸ δ’ ἐκάτερον τῇ αὐτοῦ δυνάμει τί δρᾷ, τῇ τοῦ ἔχοντος ψυχῇ ἐνόν, καὶ λανθάνον θεοῦς τε καὶ ἀνθρώπους, οὐδεὶς πώποτε οὔτ’ ἐν ποιήσει οὔτ’ ἐν ἰδίοις λόγοις ἐπεξῆλθεν ἱκανῶς τῷ λόγῳ ὥς τὸ μὲν μέγιστον κακῶν ὅσα ἴσχει ψυχῇ ἐν αὐτῇ, δικαιοσύνη δὲ μέγιστον ἀγαθόν. [367a] εἰ γὰρ οὕτως ἐλέγετο ἐξ ἀρχῆς ὑπὸ πάντων ὑμῶν καὶ ἐκ νέων ἡμᾶς ἐπέιθετε, οὐκ ἂν ἀλλήλους ἐφυλάττομεν μὴ ἀδικεῖν, ἀλλ’ αὐτὸς αὐτοῦ ἦν ἕκαστος ἄριστος φύλαξ, δεδιὼς μὴ ἀδικῶν τῷ μεγίστῳ κακῷ σύννοικος ἦ.”

Ταῦτα, ὦ Σώκρατες, ἴσως δὲ καὶ ἔτι τούτων πλείω Θρασύμαχος τε καὶ ἄλλος πού τις ὑπὲρ δικαιοσύνης τε καὶ ἀδικίας λέγοιεν ἄν, μεταστρέφοντες αὐτοῖν τὴν δύναμιν φορτικῶς, ὥς γέ μοι δοκεῖ. ἀλλ’ ἐγώ, οὐδὲν γάρ σε [367b] δέομαι ἀποκρύπτεσθαι, σοῦ ἐπιθυμῶν ἀκοῦσαι τάναντία, ὥς δύναμαι μάλιστα κατατείνας λέγω. μὴ οὖν ἡμῖν μόνον ἐνδείξει τῷ λόγῳ ὅτι δικαιοσύνη ἀδικίας κρεῖττον, ἀλλὰ τί ποιοῦσα ἐκατέρα τὸν ἔχοντα αὐτὴ δι’ αὐτὴν ἢ μὲν κακόν, ἢ δὲ ἀγαθόν ἐστίν· τὰς δὲ δόξας ἀφαίρει, ὥσπερ Γλαῦκων διεκελεύσατο. εἰ γὰρ μὴ ἀφαιρήσεις ἐκατέρωθεν τὰς ἀληθεῖς, τὰς δὲ ψευδεῖς προσθήσεις, οὐ τὸ δίκαιον φήσομεν ἐπαινεῖν σε ἀλλὰ τὸ δοκεῖν, οὐδὲ τὸ ἄδικον εἶναι [367c] ψέγειν ἀλλὰ τὸ δοκεῖν, καὶ παρακελεύεσθαι ἄδικον ὄντα λανθάνειν, καὶ ὁμολογεῖν Θρασυμάχῳ ὅτι τὸ μὲν δίκαιον ἀλλότριον ἀγαθόν, συμφέρον τοῦ κρεῖττονος, τὸ δὲ ἄδικον αὐτῷ μὲν συμφέρον καὶ λυσιτελοῦν, τῷ δὲ ἥττονι ἀσύμφορον. ἐπειδὴ οὖν ὁμολόγησας τῶν μεγίστων ἀγαθῶν εἶναι δικαιοσύνην, ἃ τῶν τε ἀποβαινόντων ἀπ’ αὐτῶν ἕνεκα ἄξια κεκτῆσθαι, πολὺ δὲ μᾶλλον αὐτὰ αὐτῶν, οἷον ὁρᾶν, [367d] ἀκούειν, φρονεῖν, καὶ ὑγιαίνειν δῆ, καὶ ὅς’ ἄλλα ἀγαθὰ γόνιμα τῇ αὐτῶν φύσει ἀλλ’ οὐ δόξῃ ἐστίν, τοῦτ’ οὖν αὐτὸ ἐπαίνεσον δικαιοσύνης, ὃ αὐτὴ δι’ αὐτὴν τὸν ἔχοντα ὀνίνησιν καὶ ἀδικία βλάπτει, μισθοὺς δὲ καὶ δόξας πάρες ἄλλοις ἐπαινεῖν· ὥς ἐγὼ τῶν μὲν ἄλλων ἀποδεχοίμην ἂν οὕτως ἐπαινούντων δικαιοσύνην καὶ ψεγόντων ἀδικίαν, δόξας τε περὶ αὐτῶν καὶ μισθοὺς

ἐγκωμιαζόντων καὶ λοιδορούντων, σοῦ δὲ οὐκ ἄν, εἰ μὴ σὺ κελεύεις, διότι πάντα τὸν βίον [367e] οὐδὲν ἄλλο σκοπῶν διελήλυθας ἢ τοῦτο. μὴ οὖν ἡμῖν ἐνδείξῃ μόνον τῷ λόγῳ ὅτι δικαιοσύνη ἀδικίας κρεῖττον, ἀλλὰ καὶ τί ποιούσα ἐκάτερα τὸν ἔχοντα αὐτὴ δι’ αὐτήν, ἐάντε λανθάνῃ ἐάντε μὴ θεοῦς τε καὶ ἀνθρώπων, ἢ μὲν ἀγαθόν, ἢ δὲ κακόν ἐστι.

Σωκράτης, Αδείμαντος

Καὶ ἐγὼ ἀκούσας, αἰ μὲν δὴ τὴν φύσιν τοῦ τε Γλαύκωνος καὶ τοῦ Ἀδείμαντος ἠγάμην, ἀτὰρ οὖν καὶ τότε πάνυ γε [368a] ἥσθην καὶ εἶπον· Οὐ κακῶς εἰς ὑμᾶς, ὧ παῖδες ἐκείνου τοῦ ἀνδρός, τὴν ἀρχὴν τῶν ἐλεγείων ἐποίησεν ὁ Γλαύκωνος ἐραστής, εὐδοκιμήσαντας περὶ τὴν Μεγαροῖ μάχην, εἰπὼν —

παῖδες Ἀρίστωνος, κλεινοῦ θεῖον γένος ἀνδρός·

τοῦτό μοι, ὦ φίλοι, εὖ δοκεῖ ἔχειν· πάνυ γὰρ θεῖον πεπόντοῦτό μοι, ὦ φίλοι, εὖ δοκεῖ ἔχειν· πάνυ γὰρ θεῖον πεπόνθατε, εἰ μὴ πέπεισθε ἀδικίαν δικαιοσύνης ἄμεινον εἶναι, οὕτω δυνάμενοι εἰπεῖν ὑπὲρ αὐτοῦ. δοκεῖτε δὴ μοι ὥς [368b] ἀληθῶς οὐ πεπεῖσθαι — τεκμαίρομαι δὲ ἐκ τοῦ ἄλλου τοῦ ὑμετέρου τρόπου, ἐπεὶ κατὰ γε αὐτοὺς τοὺς λόγους ἠπίσταν ἂν ὑμῖν — ὅσῳ δὲ μᾶλλον πιστεύω, τοσούτῳ μᾶλλον ἀπορῶ ὅτι χρήσωμαι. οὔτε γὰρ ὅπως βοηθῶ ἔχω· δοκῶ γάρ μοι ἀδύνατος εἶναι — σημεῖον δέ μοι, ὅτι ἂ πρὸς Θρασύμαχον λέγων ὥμην ἀποφαίνειν ὥς ἄμεινον δικαιοσύνη ἀδικίας, οὐκ ἀπεδέξασθέ μου — οὔτ’ αὖ ὅπως μὴ βοηθήσω ἔχω· δέδοικα γὰρ μὴ οὐδ’ ὅσιον ἢ παραγενόμενον δικαιοσύνη κακηγοροῦ[368c]μένῃ ἀπαγορεύειν καὶ μὴ βοηθεῖν ἔτι ἐμπνέοντα καὶ δυνάμενον φθέγγεσθαι. κράτιστον οὖν οὕτως ὅπως δύναμαι ἐπικουρεῖν αὐτῇ.

“Ὁ τε οὖν Γλαύκων καὶ οἱ ἄλλοι ἐδέοντο παντὶ τρόπῳ βοηθῆσαι καὶ μὴ ἀνεῖναι τὸν λόγον, ἀλλὰ διερευνήσασθαι τί τέ ἐστιν ἐκάτερον καὶ περὶ τῆς ὠφελείας αὐτοῖν τάληθές ποτέρως ἔχει. εἶπον οὖν ὅπερ ἐμοὶ ἔδοξεν, ὅτι Τὸ ζήτημα ὃ ἐπιχειροῦμεν οὐ φαῦλον ἀλλ’ ὅξυ βλέποντος, ὥς ἐμοὶ [368d] φαίνεται. ἐπειδὴ οὖν ἡμεῖς οὐ δεινοί, δοκῶ μοι, ἦν δ’ ἐγώ, τοιαύτην ποιήσασθαι ζήτησιν αὐτοῦ, οἷαν περ

ἂν εἰ προσέταξέ τις γράμματα σμικρὰ πόρρωθεν ἀναγνῶναι μὴ πάνυ ὀξὺ βλέπουσιν, ἔπειτά τις ἐνενόησεν, ὅτι τὰ αὐτὰ γράμματα ἔστι που καὶ ἄλλοθι μείζω τε καὶ ἐν μείζονι, ἔρμαιον ἂν ἐφάνη οἶμαι ἐκεῖνα πρῶτον ἀναγνόντας οὕτως ἐπισκοπεῖν τὰ ἐλάττω, εἰ τὰ αὐτὰ ὄντα τυγχάνει.

Πάνυ μὲν οὖν, ἔφη ὁ Ἀδείμαντος· ἀλλὰ τί τοιοῦτον, ὦ [368e] Σώκρατες, ἐν τῇ περὶ τὸ δίκαιον ζητήσει καθορᾷ;

Ἐγώ σοι, ἔφην, ἐρῶ. δικαιοσύνη, φαμέν, ἔστι μὲν ἀνδρὸς ἐνός, ἔστι δέ που καὶ ὅλης πόλεως;

Πάνυ γε, ἦ δ' ὅς.

Οὐκοῦν μείζον πόλις ἐνὸς ἀνδρός;

Μείζον, ἔφη.

Ἵσως τοίνυν πλείων ἂν δικαιοσύνη ἐν τῷ μείζονι ἐνείη καὶ ῥάων καταμαθεῖν. εἰ οὖν βούλεσθε, πρῶτον ἐν ταῖς [369a] πόλεσι ζητήσωμεν ποῖόν τί ἐστιν· ἔπειτα οὕτως ἐπισκεψώμεθα καὶ ἐν ἐνὶ ἐκάστῳ, τὴν τοῦ μείζονος ὁμοιότητα ἐν τῇ τοῦ ἐλάττονος ιδέα ἐπισκοποῦντες.

Ἀλλά μοι δοκεῖς, ἔφη, καλῶς λέγειν.

Ἄρ' οὖν, ἦν δ' ἐγώ, εἰ γιγνομένην πόλιν θεασαίμεθα λόγῳ, καὶ τὴν δικαιοσύνην αὐτῆς ἴδοιμεν ἂν γιγνομένην καὶ τὴν ἀδικίαν;

Τάχ' ἄν, ἦ δ' ὅς.

Οὐκοῦν γενομένου αὐτοῦ ἐλπίς εὐπετέστερον ἰδεῖν ὁ ζητοῦμεν;

[369b] Πολύ γε.

Δοκεῖ οὖν χρῆναι ἐπιχειρῆσαι περαίνειν; οἶμαι μὲν γὰρ οὐκ ὀλίγον ἔργον αὐτὸ εἶναι· σκοπεῖτε οὖν.

Ἔσκεπται, ἔφη ὁ Ἀδείμαντος· ἀλλὰ μὴ ἄλλως ποίει.

Γίγνεται τοίνυν, ἦν δ' ἐγώ, πόλις, ὥς ἐγῶμαι, ἐπειδὴ τυγχάνει ἡμῶν ἕκαστος οὐκ αὐτάρκης, ἀλλὰ πολλῶν <ὧν> ἐνδεής· ἢ τίς οἶει ἀρχὴν

ἄλλην πόλιν οἰκίζειν;

Οὐδεμίαν, ἥ δ' ὅς.

[369c] Οὕτω δὴ ἄρα παραλαμβάνων ἄλλος ἄλλον, ἐπ' ἄλλου, τὸν δ' ἐπ' ἄλλου χρεία, πολλῶν δεόμενοι, πολλοὺς εἰς μίαν οἴκησιν ἀγείραντες κοινωνοὺς τε καὶ βοηθοὺς, ταύτη τῇ συνοικίᾳ ἐθέμεθα πόλιν ὄνομα· ἥ γάρ;

Πάνυ μὲν οὖν.

Μεταδίδωσι δὴ ἄλλος ἄλλῳ, εἴ τι μεταδίδωσιν, ἢ μεταλαμβάνει, οἴομενος αὐτῷ ἄμεινον εἶναι;

Πάνυ γε.

Ἴθι δὴ, ἦν δ' ἐγώ, τῷ λόγῳ ἐξ ἀρχῆς ποιῶμεν πόλιν· ποιήσει δὲ αὐτήν, ὥς ἔοικεν, ἡ ἡμετέρα χρεία.

Πῶς δ' οὖ;

[369d] Ἀλλὰ μὴν πρώτη γε καὶ μεγίστη τῶν χρειῶν ἡ τῆς τροφῆς παρασκευὴ τοῦ εἶναί τε καὶ ζῆν ἔνεκα.

Παντάпасί γε.

Δευτέρα δὴ οἰκίσεως, τρίτη δὲ ἐσθῆτος καὶ τῶν τοιούτων.

Ἔστι ταῦτα.

Φέρε δὴ, ἦν δ' ἐγώ, πῶς ἡ πόλις ἀρκέσει ἐπὶ τοσαύτην παρασκευήν; ἄλλο τι γεωργὸς μὲν εἷς, ὁ δὲ οἰκοδόμος, ἄλλος δέ τις ὑφάντης; ἢ καὶ σκυτοτόμον αὐτόσε προσθήσομεν ἢ τιν' ἄλλον τῶν περὶ τὸ σῶμα θεραπευτήν;

Πάνυ γε.

Εἴη δ' ἂν ἡ γε ἀναγκαιοτάτη πόλις ἐκ τεττάρων ἢ πέντε ἀνδρῶν.

[369e] Φαίνεται.

Τί δὴ οὖν; ἓνα ἕκαστον τούτων δεῖ τὸ αὐτοῦ ἔργον ἅπασιν κοινὸν κατατιθέναι, οἷον τὸν γεωργὸν ἓνα ὄντα παρασκευάζειν σιτία

τέτταρσιν καὶ τετραπλάσιον χρόνον τε καὶ πόνον ἀναλίσκειν ἐπὶ σίτου παρασκευῇ καὶ ἄλλοις κοινωνεῖν, ἢ ἀμελήσαντα ἑαυτῷ μόνον τέταρτον μέρος ποιεῖν τούτου τοῦ [370a] σίτου ἐν τετάρτῳ μέρει τοῦ χρόνου, τὰ δὲ τρία, τὸ μὲν ἐπὶ τῇ τῆς οἰκίας παρασκευῇ διατρίβειν, τὸ δὲ ἱματίου, τὸ δὲ ὑποδημάτων, καὶ μὴ ἄλλοις κοινωνοῦντα πράγματα ἔχειν, ἀλλ' αὐτὸν δι' αὐτὸν τὰ αὐτοῦ πράττειν;

Καὶ ὁ Ἀδείμαντος ἔφη· Ἄλλ' ἴσως, ὦ Σώκρατες, οὕτω ῥᾶον ἢ 'κείνως.

Οὐδέν, ἦν δ' ἐγώ, μὰ Δία ἄτοπον. ἐννοῶ γὰρ καὶ αὐτὸς εἰπόντος σοῦ, ὅτι πρῶτον μὲν ἡμῶν φύεται ἕκαστος οὐ πάνυ [370b] ὅμοιος ἐκάστῳ, ἀλλὰ διαφέρων τὴν φύσιν, ἄλλος ἐπ' ἄλλου ἔργου πράξει. ἢ οὐ δοκεῖ σοι;

Ἔμοιγε.

Τί δέ; πότερον κάλλιον πράττοι ἂν τις εἷς ὢν πολλὰς τέχνας ἐργαζόμενος, ἢ ὅταν μίαν εἷς;

Ὅταν, ἦ δ' ὅς, εἷς μίαν.

Ἀλλὰ μὴν οἶμαι καὶ τόδε δῆλον, ὥς, ἐάν τις τινος παρῇ ἔργου καιρόν, διόλλυται.

Δῆλον γάρ.

Οὐ γὰρ οἶμαι ἐθέλει τὸ πραπτόμενον τὴν τοῦ πράττοντος σχολὴν περιμένειν, ἀλλ' ἀνάγκη τὸν πράττοντα τῷ πρατ[370c]τομένῳ ἐπακολουθεῖν μὴ ἐν παρέργου μέρει.

Ἀνάγκη.

Ἐκ δὴ τούτων πλείω τε ἕκαστα γίνεται καὶ κάλλιον καὶ ῥᾶον, ὅταν εἷς ἔν κατὰ φύσιν καὶ ἐν καιρῷ, σχολὴν τῶν ἄλλων ἄγων, πράττη.

Παντάπασι μὲν οὖν.

Πλειόνων δὴ, ὦ Ἀδείμαντε, δεῖ πολιτῶν ἢ τεττάρων ἐπὶ τὰς παρασκευὰς ὢν ἐλέγομεν. ὁ γὰρ γεωργός, ὥς ἔοικεν, οὐκ αὐτὸς ποιήσεται ἑαυτῷ τὸ ἄροτρον, εἰ μέλλει καλὸν εἶναι, [370d] οὐδὲ

σμινύην, οὐδὲ τᾶλλα ὄργανα ὅσα περὶ γεωργίαν. οὐδ' αὖ ὁ οἰκοδόμος· πολλῶν δὲ καὶ τούτῳ δεῖ. ὡσαύτως δ' ὁ ὑφάντης τε καὶ ὁ σκυτοτόμος· ἢ οὐ;

Ἄληθῃ.

Τέκτονες δὴ καὶ χαλκῆς καὶ τοιοῦτοί τινες πολλοὶ δημιουργοί, κοινωνοὶ ἡμῖν τοῦ πολιχνίου γιγνόμενοι, συχνὸν αὐτὸ ποιοῦσιν.

Πάνυ μὲν οὖν.

Ἄλλ' οὐκ ἂν πῶ πάνυ γε μέγα τι εἴη, εἰ αὐτοῖς βουκόλους τε καὶ ποιμένας τούς τε ἄλλους νομέας προσθεῖμεν, ἵνα οἱ τε [370e] γεωργοὶ ἐπὶ τὸ ἀροῦν ἔχοιεν βοῦς, οἱ τε οἰκοδόμοι πρὸς τὰς ἀγωγὰς μετὰ τῶν γεωργῶν χρῆσθαι ὑποζυγίοις, ὑφάνται δὲ καὶ σκυτοτόμοι δέρμασιν τε καὶ ἐρίοις.

Οὐδέ γε, ἢ δ' ὅς, σμικρὰ πόλις ἂν εἴη ἔχουσα πάντα ταῦτα.

Ἄλλὰ μὴν, ἦν δ' ἐγώ, κατοικίσαι γε αὐτὴν τὴν πόλιν εἰς τοιοῦτον τόπον οὗ ἐπεισαγωγίμων μὴ δεήσεται, σχεδόν τι ἀδύνατον.

Ἀδύνατον γάρ.

Προσδεήσει ἄρα ἔτι καὶ ἄλλων, οἱ ἐξ ἄλλης πόλεως αὐτῇ κομιοῦσιν ὧν δεῖται.

Δεήσει.

Καὶ μὴν κενὸς ἂν ἦ ὁ διάκονος, μηδὲν ἄγων ὧν ἐκεῖνοι [371a] δέονται παρ' ὧν ἂν κομίζονται ὧν ἂν αὐτοῖς χρεῖα, κενὸς ἄπεισιν. ἢ γάρ;

Δοκεῖ μοι.

Δεῖ δὴ τὰ οἶκοι μὴ μόνον ἑαυτοῖς ποιεῖν ἱκανά, ἀλλὰ καὶ οἷα καὶ ὅσα ἐκεῖνοις ὧν ἂν δέωνται.

Δεῖ γάρ.

Πλειόνων δὴ γεωργῶν τε καὶ τῶν ἄλλων δημιουργῶν δεῖ ἡμῖν τῇ πόλει.

Πλειόνων γάρ.

Καὶ δὴ καὶ τῶν ἄλλων διακόνων που τῶν τε εἰσαζόντων καὶ ἐξαζόντων ἕκαστα. οὗτοι δὲ εἰσιν ἔμποροι· ἡ γάρ;

Ναί.

Καὶ ἐμπόρων δὴ δεησόμεθα.

Πάνυ γε

Καὶ ἐὰν μὲν γε κατὰ θάλατταν ἡ ἐμπορία γίγνηται, συχνῶν [371b] καὶ ἄλλων προσδεήσεται τῶν ἐπιστημόνων τῆς περὶ τὴν θάλατταν ἐργασίας.

Συχνῶν μέντοι.

Τί δὲ δὴ; ἐν αὐτῇ τῇ πόλει πῶς ἀλλήλοις μεταδώσουσιν ὧν ἂν ἕκαστοι ἐργάζονται; ὧν δὴ ἔνεκα καὶ κοινωνίαν ποιησάμενοι πόλιν ᾠκίσσαμεν.

Δῆλον δὴ, ἡ δ' ὅς, ὅτι πωλοῦντες καὶ ὠνούμενοι.

Ἀγορὰ δὴ ἡμῖν καὶ νόμισμα σύμβολον τῆς ἀλλαγῆς ἔνεκα γενήσεται ἐκ τούτου.

Πάνυ μὲν οὖν.

[371c] Ἄν οὖν κομίσας ὁ γεωργὸς εἰς τὴν ἀγορὰν τι ὧν ποιεῖ, ἢ τις ἄλλος τῶν δημιουργῶν, μὴ εἰς τὸν αὐτὸν χρόνον ἤκη τοῖς δεομένοις τὰ παρ' αὐτοῦ ἀλλάξασθαι, ἀργήσει τῆς αὐτοῦ δημιουργίας καθήμενος ἐν ἀγορᾷ;

Οὐδαμῶς, ἡ δ' ὅς, ἀλλὰ εἰσὶν οἱ τοῦτο ὀρώντες ἑαυτοὺς ἐπὶ τὴν διακονίαν τάττουσιν ταύτην, ἐν μὲν ταῖς ὀρθῶς οἰκουμέναις πόλεσι σχεδόν τι οἱ ἀσθενέστατοι τὰ σώματα καὶ ἀχρεῖοί τι ἄλλο ἔργον πράττειν. αὐτοῦ γὰρ δεῖ μένοντας [371d] αὐτοὺς περὶ τὴν ἀγορὰν τὰ μὲν ἀντ' ἀργυρίου ἀλλάξασθαι τοῖς τι δεομένοις ἀποδόσθαι, τοῖς δὲ ἀντὶ αὐτοῦ ἀργυρίου διαλλάττειν ὅσοι τι δέονται πρίασθαι.

Αὕτη ἄρα, ἡν δ' ἐγώ, ἡ χρεία καπῆλων ἡμῖν γένεσιν ἐμποιεῖ τῇ

πόλει. ἢ οὐ καπήλους καλοῦμεν τοὺς πρὸς ὦνήν τε καὶ πρᾶσιν διακονοῦντας ἰδρυμένους ἐν ἀγορᾷ, τοὺς δὲ πλανήτας ἐπὶ τὰς πόλεις ἐμποροῦς;

Πάνυ μὲν οὖν.

[371e] Ἔτι δὴ τινες, ὥς ἐγῶμαι, εἰσὶ καὶ ἄλλοι διάκονοι, οἳ ἂν τὰ μὲν τῆς διανοίας μὴ πάνυ ἀξιοκοινώνητοι ὦσιν, τὴν δὲ τοῦ σώματος ἰσχὺν ἱκανὴν ἐπὶ τοὺς πόνους ἔχωσιν· οἳ δὴ πωλοῦντες τὴν τῆς ἰσχύος χρεῖαν, τὴν τιμὴν ταύτην μισθὸν καλοῦντες, κέκληνται, ὥς ἐγῶμαι, μισθωτοί· ἢ γάρ;

Πάνυ μὲν οὖν.

Πλήρωμα δὴ πόλεώς εἰσιν, ὥς ἔοικε, καὶ μισθωτοί.

Δοκεῖ μοι.

Ἄρ' οὖν, ὃ Ἀδείμαντε, ἤδη ἡμῖν ηὔξηται ἡ πόλις, ὥστ' εἶναι τελέα;

Ἴσως.

Ποῦ οὖν ἂν ποτε ἐν αὐτῇ εἴη ἢ τε δικαιοσύνη καὶ ἡ ἀδικία; καὶ τίني ἅμα ἐγγενομένη ὧν ἐσκέμμεθα;

[372a] Ἐγὼ μὲν, ἔφη, οὐκ ἐννοῶ, ὃ Σώκρατες, εἰ μὴ που ἐν αὐτῶν τούτων χρεῖα τινὶ τῇ πρὸς ἀλλήλους.

Ἄλλ' ἴσως, ἦν δ' ἐγώ, καλῶς λέγεις· καὶ σκεπτέον γε καὶ οὐκ ἀποκνητέον.

Πρῶτον οὖν σκεψώμεθα τίνα τρόπον διαιτήσονται οἱ οὕτω παρεσκευασμένοι. ἄλλο τι ἢ σῖτόν τε ποιοῦντες καὶ οἶνον καὶ ἱμάτια καὶ ὑποδήματα; καὶ οἰκοδομησάμενοι οἰκίας, θέρους μὲν τὰ πολλὰ γυμνοὶ τε καὶ ἀνυπόδητοι ἐργάσονται, τοῦ δὲ [372b] χειμῶνος ἡμφιεσμένοι τε καὶ ὑποδεδεμένοι ἱκανῶς· θρέψονται δὲ ἐκ μὲν τῶν κριθῶν ἄλφιτα σκευαζόμενοι, ἐκ δὲ τῶν πυρῶν ἄλευρα, τὰ μὲν πέψαντες, τὰ δὲ μάζαντες, μάζας γενναίας καὶ ἄρτους ἐπὶ κάλαμόν τινα παραβαλλόμενοι ἢ φύλλα καθάρα, κατακλινέντες ἐπὶ στιβάδων ἐστρωμένων μίλακί τε καὶ μυρρίναις, εὐωγήσονται αὐτοὶ τε καὶ τὰ παιδιά, ἐπιπίνοντες τοῦ οἴνου, ἐστεφανωμένοι καὶ ὑμνοῦντες τοὺς

θεούς, ἡδέως συνόντες ἀλλήλοις, οὐχ ὑπὲρ τὴν οὐσίαν ποιού[372c]μενοι τοὺς παῖδας, εὐλαβούμενοι πενίαν ἢ πόλεμον.

Σωκράτης, Γλαύκων

Καὶ ὁ Γλαύκων ὑπολαβών, ὦ ἄνδρ ὄψου, ἔφη, ὥς ἔοικας, ποιεῖς τοὺς ἄνδρας ἐστιωμένους.

Ἄληθῆ, ἦν δ' ἐγώ, λέγεις. ἐπελαθόμην ὅτι καὶ ὄψον ἔξουσιν, ἅλας τε δῆλον ὅτι καὶ ἐλάας καὶ τυρόν, καὶ βολβούς καὶ λάχανά γε, οἷα δὲ ἐν ἀγροῖς ἐψήματα, ἐψήσονται. καὶ τραγήματά που παραθήσομεν αὐτοῖς τῶν τε σύκων καὶ ἐρεβίνθων καὶ κυάμων, καὶ μύρτα καὶ φηγούς σποδιοῦσιν [372d] πρὸς τὸ πῦρ, μετρίως ὑποπίνοντες· καὶ οὕτω διάγοντες τὸν βίον ἐν εἰρήνῃ μετὰ ὑγιείας, ὥς εἰκός, γηραιοὶ τελευτῶντες ἄλλον τοιοῦτον βίον τοῖς ἐκγόνοις παραδώσουσιν.

Καὶ ὅς, Εἰ δὲ ὑὼν πόλιν, ὦ Σώκρατες, ἔφη, κατεσκεύαζες, τί ἂν αὐτὰς ἄλλο ἢ ταῦτα ἐχόρταζες;

Ἀλλὰ πῶς χρή, ἦν δ' ἐγώ, ὦ Γλαύκων;

Ἄπερ νομίζεται, ἔφη· ἐπὶ τε κλινῶν κατακεῖσθαι οἶμαι τοὺς μέλλοντας μὴ τάλαιπωρεῖσθαι, καὶ ἀπὸ τραπεζῶν [372e] δειπνεῖν, καὶ ὄψα ἅπερ καὶ οἱ νῦν ἔχουσι καὶ τραγήματα.

Εἶεν, ἦν δ' ἐγώ· μανθάνω. οὐ πόλιν, ὥς ἔοικε, σκοποῦμεν μόνον ὅπως γίγνεται, ἀλλὰ καὶ τρυφῶσαν πόλιν. ἴσως οὖν οὐδὲ κακῶς ἔχει· σκοποῦντες γὰρ καὶ τοιαύτην τάχ' ἂν κατίδοιμεν τήν τε δικαιοσύνην καὶ ἀδικίαν ὅπῃ ποτὲ ταῖς πόλεσιν ἐμφύονται. ἡ μὲν οὖν ἀληθινὴ πόλις δοκεῖ μοι εἶναι ἣν διεληλύθαμεν, ὥσπερ ὑγίης τις· εἰ δ' αὖ βούλεσθε, καὶ φλεγμαίνουσιν πόλιν θεωρήσωμεν· οὐδὲν ἀποκωλύει. [373a] ταῦτα γὰρ δὴ τισιν, ὥς δοκεῖ, οὐκ ἐξαρκέσει, οὐδὲ αὕτη ἡ δίαίτα, ἀλλὰ κλῖναι τε προσέσονται καὶ τράπεζαι καὶ τᾶλλα σκευή, καὶ ὄψα δὴ καὶ μύρα καὶ θυμιάματα καὶ ἐταῖραι καὶ πέμματα, καὶ ἕκαστα τούτων παντοδαπά. καὶ δὴ καὶ ἃ τὸ πρῶτον ἐλέγομεν οὐκέτι τἀναγκαῖα θετέον, οἰκίας τε καὶ ἱμάτια καὶ ὑποδήματα, ἀλλὰ τήν τε ζωγραφίαν κινητέον καὶ τὴν ποικιλίαν, καὶ χρυσὸν καὶ ἐλέφαντα καὶ πάντα τὰ τοιαῦτα κτητέον. ἦ γάρ;

[373b] Ναί, ἔφη.

Οὐκοῦν μείζονά τε αὖ τὴν πόλιν δεῖ ποιεῖν· ἐκείνη γὰρ ἡ ὑγιεινὴ οὐκέτι ἱκανή, ἀλλ’ ἤδη ὄγκου ἐμπληστέα καὶ πλήθους, ἃ οὐκέτι τοῦ ἀναγκαίου ἔνεκά ἐστιν ἐν ταῖς πόλεσιν, οἷον οἱ τε θηρευταὶ πάντες οἱ τε μιμηταί, πολλοὶ μὲν οἱ περὶ τὰ σχήματά τε καὶ χρώματα, πολλοὶ δὲ οἱ περὶ μουσικὴν, ποιηταὶ τε καὶ τούτων ὑπηρέται, ῥαψωδοί, ὑποκριταί, χορευταί, ἐργολάβοι, σκευῶν τε παντοδαπῶν δημιουργοί, τῶν τε ἄλλων [373c] καὶ τῶν περὶ τὸν γυναικεῖον κόσμον. καὶ δὴ καὶ διακόνων πλείονων δεησόμεθα· ἢ οὐ δοκεῖ δεῆσειν παιδαγωγῶν, τιθῶν, τροφῶν, κομμωτριῶν, κουρέων, καὶ αὖ ὀψοποιῶν τε καὶ μαγείρων; ἔτι δὲ καὶ συβωτῶν προσδεησόμεθα· τοῦτο γὰρ ἡμῖν ἐν τῇ προτέρᾳ πόλει οὐκ ἐνῆν — ἔδει γὰρ οὐδέν — ἐν δὲ ταύτῃ καὶ τούτου προσδεῆσαι. δεῆσει δὲ καὶ τῶν ἄλλων βοσκημάτων παμπόλλων, εἴ τις αὐτὰ ἔδεται· ἦ γάρ;

Πῶς γὰρ οὐ;

[373d] Οὐκοῦν καὶ ἱατρῶν ἐν χρεῖαις ἐσόμεθα πολὺ μᾶλλον οὕτω διαιτώμενοι ἢ ὥς τὸ πρότερον;

Πολύ γε.

Καὶ ἡ χώρα γέ που, ἡ τότε ἱκανὴ τρέφειν τοὺς τότε, σμικρὰ δὴ ἐξ ἱκανῆς ἔσται. ἢ πῶς λέγομεν;

Οὕτως, ἔφη.

Οὐκοῦν τῆς τῶν πλησίον χώρας ἡμῖν ἀποτμητέον, εἰ μέλλομεν ἱκανὴν ἔξειν νέμειν τε καὶ ἀροῦν, καὶ ἐκείνοις αὖ τῆς ἡμετέρας, ἐὰν καὶ ἐκεῖνοι ἀφῶσιν αὐτοὺς ἐπὶ χρημάτων κτήσιν ἄπειρον, ὑπερβάντες τὸν τῶν ἀναγκαίων ὅρον;

[373e] Πολλὴ ἀνάγκη, ἔφη, ὦ Σώκρατες.

Πολεμήσομεν δὴ τὸ μετὰ τοῦτο, ὦ Γλαύκων; ἢ πῶς ἔσται;

Οὕτως, ἔφη.

Καὶ μηδὲν γέ πω λέγωμεν, ἦν δ’ ἐγώ, μήτ’ εἴ τι κακὸν μήτ’ εἰ ἀγαθὸν ὁ πόλεμος ἐργάζεται, ἀλλὰ τοσοῦτον μόνον, ὅτι πολέμου αὖ γενέσιν ἠυρήκαμεν, ἐξ ὧν μάλιστα ταῖς πόλεσιν καὶ ἰδίᾳ καὶ δημοσίᾳ κακὰ

γίνεται, όταν γίνηται.

Πάνυ μὲν οὖν.

Ἔτι δὴ, ὦ φίλε, μείζονος τῆς πόλεως δεῖ οὐ τι σμικρῷ, [374a] ἀλλ' ὅλῳ στρατοπέδῳ, ὃ ἐξελθὼν ὑπὲρ τῆς οὐσίας ἀπάσης καὶ ὑπὲρ ὧν νυνδὴ ἐλέγομεν διαμαχεῖται τοῖς ἐπιοῦσιν.

Τί δέ; ἢ δ' ὅς· αὐτοὶ οὐχ ἱκανοί;

Οὐκ, εἰ σύ γε, ἦν δ' ἐγώ, καὶ ἡμεῖς ἅπαντες ὁμολογήσαμεν καλῶς, ἥνικα ἐπλάττομεν τὴν πόλιν· ὁμολογοῦμεν δέ που, εἰ μέμνησαι, ἀδύνατον ἓνα πολλὰς καλῶς ἐργάζεσθαι τέχνας.

Ἀληθῆ λέγεις, ἔφη.

[374b] Τί οὖν; ἦν δ' ἐγώ· ἢ περὶ τὸν πόλεμον ἀγωνία οὐ τεχνικὴ δοκεῖ εἶναι;

Καὶ μάλα, ἔφη.

Ἦ οὖν τι σκυτικῆς δεῖ μᾶλλον κήδεσθαι ἢ πολεμικῆς;

Οὐδαμῶς.

Ἄλλ' ἄρα τὸν μὲν σκυτοτόμον διεκωλύομεν μήτε γεωργὸν ἐπιχειρεῖν εἶναι ἅμα μήτε ὑφάντην μήτε οἰκοδόμον ἀλλὰ σκυτοτόμον, ἵνα δὴ ἡμῖν τὸ τῆς σκυτικῆς ἔργον καλῶς γίγνοιτο, καὶ τῶν ἄλλων ἐνὶ ἐκάστῳ ὡσαύτως ἐν ἀπεδίδομεν, πρὸς ὃ ἐπεφύκει ἕκαστος καὶ ἐφ' ᾧ ἔμελλε τῶν ἄλλων [374c] σχολὴν ἄγων διὰ βίου αὐτὸ ἐργαζόμενος οὐ παριεῖς τοὺς καιροὺς καλῶς ἀπεργάσεσθαι· τὰ δὲ δὴ περὶ τὸν πόλεμον πότερον οὐ περὶ πλείστου ἐστὶν εὖ ἀπεργασθέντα; ἢ οὕτω ῥάδιον, ὥστε καὶ γεωργῶν τις ἅμα πολεμικὸς ἔσται καὶ σκυτοτομῶν καὶ ἄλλην τέχνην ἡντινοῦν ἐργαζόμενος, πεττευτικὸς δὲ ἢ κυβευτικὸς ἱκανῶς οὐδ' ἂν εἷς γένοιτο μὴ αὐτὸ τοῦτο ἐκ παιδὸς ἐπιτηδεύων, ἀλλὰ παρέργῳ χρώμενος; [374d] καὶ ἀσπίδα μὲν λαβὼν ἢ τι ἄλλο τῶν πολεμικῶν ὅπλων τε καὶ ὀργάνων αὐθημερόν ὀπλιτικῆς ἢ τινος ἄλλης μάχης τῶν κατὰ πόλεμον ἱκανὸς ἔσται ἀγωνιστής, τῶν δὲ ἄλλων ὀργάνων οὐδὲν οὐδένα δημιουργὸν οὐδὲ ἀθλητὴν ληφθὲν ποιήσει, οὐδ' ἔσται χρήσιμον τῷ μήτε τὴν

ἐπιστήμην ἐκάστου λαβόντι μήτε τὴν μελέτην ἱκανὴν παρασχομένῳ;

Πολλοῦ γὰρ ἂν, ἥ δ' ὅς, τὰ ὄργανα ἦν ἄξια.

Οὐκοῦν, ἦν δ' ἐγώ, ὅσῳ μέγιστον τὸ τῶν φυλάκων ἔργον, [374e] τοσοῦτῳ σχολῆς τε τῶν ἄλλων πλείστης ἂν εἴη καὶ αὐτῆς τέχνης τε καὶ ἐπιμελείας μεγίστης δεόμενον. Οἶμαι ἔγωγε, ἥ δ' ὅς.

Ἄρ' οὖν οὐ καὶ φύσεως ἐπιτηδείας εἰς αὐτὸ τὸ ἐπιτήδευμα;

Πῶς δ' οὐ;

Ἡμέτερον δὴ ἔργον ἂν εἴη, ὥς ἔοικεν, εἵπερ οἱοί τ' ἐσμέν, ἐκλέξασθαι τίνες τε καὶ ποῖαι φύσεις ἐπιτήδεια εἰς πόλεως φυλακὴν.

Ἡμέτερον μέντοι.

Μὰ Δία, ἦν δ' ἐγώ, οὐκ ἄρα φαῦλον πρᾶγμα ἡράμεθα· ὅμως δὲ οὐκ ἀποδειλιατέον, ὅσον γ' ἂν δύναμις παρείκη.

[375a] Οὐ γὰρ οὖν, ἔφη.

Οἶει οὖν τι, ἦν δ' ἐγώ, διαφέρειν φύσιν γενναίου σκύλακος εἰς φυλακὴν νεανίσκου εὐγενοῦς;

Τὸ ποῖον λέγεις;

Οἶον ὁξύν τέ που δεῖ αὐτοῖν ἐκάτερον εἶναι πρὸς αἴσθησιν καὶ ἐλαφρὸν πρὸς τὸ αἰσθανόμενον διωκᾶσθαι, καὶ ἰσχυρὸν αὐτῷ, ἐὰν δέη ἐλόντα διαμάχεσθαι.

Δεῖ γὰρ οὖν, ἔφη, πάντων τούτων.

Καὶ μὴν ἀνδρεῖόν γε, εἵπερ εὖ μαχεῖται.

Πῶς δ' οὐ;

Ἀνδρεῖος δὲ εἶναι ἄρα ἐθελήσει ὁ μὴ θυμοειδὴς εἴτε ἵππος εἴτε κύων ἢ ἄλλο ὅτιον ζῷον; ἢ οὐκ ἐννενόηκας ὥς [375b] ἄμαχόν τε καὶ ἀνίκητον θυμός, οὗ παρόντος ψυχῇ πᾶσα πρὸς πάντα ἄφοβός τέ ἐστι καὶ ἀήττητος;

Ἐννενόηκα.

Τὰ μὲν τοίνυν τοῦ σώματος οἷον δεῖ τὸν φύλακα εἶναι, δῆλα.

Ναί.

Καὶ μὴν καὶ τὰ τῆς ψυχῆς, ὅτι γε θυμοειδῆ.

Καὶ τοῦτο.

Πῶς οὖν, ἦν δ' ἐγώ, ὦ Γλαύκων, οὐκ ἄγριοι ἀλλήλοισ τε ἔσονται καὶ τοῖς ἄλλοις πολίταις, ὄντες τοιοῦτοι τὰς φύσεις;

Μὰ Δία, ἦ δ' ὅς, οὐ ῥαδίως.

[375c] Ἀλλὰ μέντοι δεῖ γε πρὸς μὲν τοὺς οἰκείους πρᾶους αὐτοὺς εἶναι, πρὸς δὲ τοὺς πολεμίους χαλεπούς· εἰ δὲ μή, οὐ περιμενοῦσιν ἄλλους σφᾶς διολέσαι, ἀλλ' αὐτοὶ φθίησονται

αὐτὸ δρᾶσαντες.

Ἀληθῆ, ἔφη.

Τί οὖν, ἦν δ' ἐγώ, ποιήσομεν; πόθεν ἅμα πρᾶον καὶ μεγαλόθυμον ἦθος εὐρήσομεν; ἐναντία γάρ που θυμοειδεῖ πραεῖα φύσις.

Φαίνεται.

Ἀλλὰ μέντοι τούτων γε ὁποτέρου ἂν στέρηται, φύλαξ ἀγαθὸς οὐ μὴ γένηται· ταῦτα δὲ ἀδυνάτοις ἔοικεν, καὶ οὕτω [375d] δὴ συμβαίνει ἀγαθὸν φύλακα ἀδύνατον γενέσθαι.

Κινδυνεύει, ἔφη.

Καὶ ἐγὼ ἀπορήσας τε καὶ ἐπισκεψάμενος τὰ ἔμπροσθεν, Δικαίως γε, ἦν δ' ἐγώ, ὦ φίλε, ἀποροῦμεν· ἥς γὰρ προυθέμεθα εἰκόνας ἀπελείφθημεν.

Πῶς λέγεις;

Οὐκ ἐννενοήκαμεν ὅτι εἰσὶν ἄρα φύσεις οἷας ἡμεῖς οὐκ ᾔσκημεν, ἔχουσαι τὰναντία ταῦτα.

Ποῦ δὴ;

Ἴδοι μὲν ἂν τις καὶ ἐν ἄλλοις ζώοις, οὐ μεντὰν ἥκιστα [375e] ἐν ᾧ ἡμεῖς παρεβάλλομεν τῷ φύλακι. οἴσθα γάρ που τῶν γενναίων κυνῶν, ὅτι τοῦτο φύσει αὐτῶν τὸ ἦθος, πρὸς μὲν τοὺς συνήθεις τε καὶ γνωρίμους ὡς οἷόν τε πραοτάτους εἶναι, πρὸς δὲ τοὺς ἀγνώτας τοῦναντίον.

Οἶδα μέντοι.

Τοῦτο μὲν ἄρα, ἦν δ' ἐγώ, δυνατόν, καὶ οὐ παρὰ φύσιν ζητοῦμεν τοιοῦτον εἶναι τὸν φύλακα.

Οὐκ ἔοικεν.

Ἄρ' οὖν σοι δοκεῖ ἔτι τοῦδε προσδεῖσθαι ὁ φυλακικὸς ἐσόμενος, πρὸς τῷ θυμοειδεῖ ἔτι προσγενέσθαι φιλόσοφος τὴν φύσιν;

[376a] Πῶς δὴ; ἔφη· οὐ γὰρ ἐννοῶ.

Καὶ τοῦτο, ἦν δ' ἐγώ, ἐν τοῖς κυσὶν κατόψει, ὃ καὶ ἄξιον θαυμάσαι τοῦ θηρίου.

Τὸ ποῖον;

Ὅτι ὄν μὲν ἂν ἴδῃ ἀγνώτα, χαλεπαίνει, οὐδὲ ἐν κακὸν προπεπονθώς· ὄν δ' ἂν γνώριμον, ἀσπάζεται, κἂν μηδὲν πώποτε ὑπ' αὐτοῦ ἀγαθὸν πεπόνθῃ. ἢ οὐπω τοῦτο ἐθαύμασας; Οὐ πάνυ, ἔφη, μέχρι τούτου προσέσχον τὸν νοῦν· ὅτι δέ που δρᾷ ταῦτα, δῆλον.

Ἀλλὰ μὴν κομψόν γε φαίνεται τὸ πάθος αὐτοῦ τῆς [376b] φύσεως καὶ ὡς ἀληθῶς φιλόσοφον.

Πῇ δὴ;

Ἦι, ἦν δ' ἐγώ, ὅψιν οὐδενὶ ἄλλῳ φίλην καὶ ἐχθρὰν διακρίνει ἢ τῷ τὴν μὲν καταμαθεῖν, τὴν δὲ ἀγνοῆσαι. καίτοι πῶς οὐκ ἂν φιλομαθὲς εἴη συνέσει τε καὶ ἀγνοίᾳ ὀριζόμενον τό τε οἰκεῖον καὶ τὸ ἀλλότριον;

Οὐδαμῶς, ἦ δ' ὅς, ὅπως οὔ.

Ἀλλὰ μέντοι, εἶπον ἐγώ, τό γε φιλομαθὲς καὶ φιλόσοφον ταῦτόν;

Ταῦτόν γάρ, ἔφη.

Οὐκοῦν θαρροῦντες τιθῶμεν καὶ ἐν ἀνθρώπῳ, εἰ μέλλει [376c] πρὸς τοὺς οἰκείους καὶ γνωρίμους πρᾶός τις ἔσεσθαι, φύσει φιλόσοφον καὶ φιλομαθῇ αὐτὸν δεῖν εἶναι; Τιθῶμεν, ἔφη.

Φιλόσοφος δὴ καὶ θυμοειδὴς καὶ ταχὺς καὶ ἰσχυρὸς ἡμῖν τὴν φύσιν ἔσται ὁ μέλλον καλὸς κἀγαθὸς ἔσεσθαι φύλαξ πόλεως.

Παντάπασι μὲν οὖν, ἔφη.

Οὗτος μὲν δὴ ἂν οὕτως ὑπάρχοι. θρέψονται δὲ δὴ ἡμῖν οὗτοι καὶ παιδευθήσονται τίνα τρόπον; καὶ ἄρά τι προὔργου ἡμῖν ἐστὶν αὐτὸ σκοποῦσι πρὸς τὸ κατιδεῖν οὔπερ ἔνεκα [376d] πάντα σκοποῦμεν, δικαιοσύνην τε καὶ ἀδικίαν τίνα τρόπον ἐν πόλει γίνεται; ἵνα μὴ ἐῷμεν ἱκανὸν λόγον ἢ συχρὸν διεξίωμεν.

Σωκράτης, Αδείμαντος

Καὶ ὁ τοῦ Γλαῦκωνος ἀδελφός, Πάνυ μὲν οὖν, ἔφη, ἔγωγε προσδοκῶ προὔργου εἶναι εἰς τοῦτο ταύτην τὴν σκέψιν.

Μὰ Δία, ἦν δ' ἐγώ, ὦ φίλε Ἀδείμαντε, οὐκ ἄρα ἀφετέον, οὐδ' εἰ μακροτέρα τυγχάνει οὔσα.

Οὐ γὰρ οὖν.

Ἴθι οὖν, ὥσπερ ἐν μύθῳ μυθολογοῦντές τε καὶ σχολὴν ἄγοντες λόγῳ παιδεύωμεν τοὺς ἄνδρας.

[376e] Ἀλλὰ χρή.

Τίς οὖν ἡ παιδεία; ἢ χαλεπὸν εὐρεῖν βελτίῳ τῆς ὑπὸ τοῦ πολλοῦ χρόνου ἡνῶμένης; ἐστὶν δέ που ἡ μὲν ἐπὶ σώμασι γυμναστική, ἡ δ' ἐπὶ ψυχῇ μουσική.

Ἔστιν γάρ.

Ἄρ' οὖν οὐ μουσικῇ πρότερον ἀρξόμεθα παιδεύοντες ἢ γυμναστικῇ;

Πῶς δ' οὔ;

Μουσικῆς δ', εἶπον, τιθεῖς λόγους, ἢ οὔ;

Ἐγωγε.

Λόγων δὲ διττὸν εἶδος, τὸ μὲν ἀληθές, ψεῦδος δ' ἕτερον;

Ναί.

[377a] Παιδευτέον δ' ἐν ἀμφοτέροις, πρότερον δ' ἐν τοῖς ψευδέσιν;

Οὐ μανθάνω, ἔφη, πῶς λέγεις.

Οὐ μανθάνεις, ἦν δ' ἐγώ, ὅτι πρῶτον τοῖς παιδίοις μύθους λέγομεν; τοῦτο δέ που ὡς τὸ ὅλον εἰπεῖν ψεῦδος, ἐνὶ δὲ καὶ ἀληθῇ. πρότερον δὲ μύθοις πρὸς τὰ παιδία ἢ γυμνασίοις χρώμεθα.

Ἔστι ταῦτα.

Τοῦτο δὲ ἔλεγον, ὅτι μουσικῆς πρότερον ἀπτέον ἢ γυμναστικῆς.

Ὅρθῶς, ἔφη.

Οὐκοῦν οἶσθ' ὅτι ἀρχὴ παντὸς ἔργου μέγιστον, ἄλλως [377b] τε δὴ καὶ νέφ καὶ ἀπαλῶ ὀτφοῦν; μάλιστα γὰρ δὴ τότε πλάττεται, καὶ ἐνδύεται τύπος ὃν ἂν τις βούληται ἐνσημῆνασθαι ἐκάστῳ.

Κομιδῇ μὲν οὖν.

Ἄρ' οὖν ῥαδίως οὕτω παρήσομεν τοὺς ἐπιτυχόντας ὑπὸ τῶν ἐπιτυχόντων μύθους πλασθέντας ἀκούειν τοὺς παῖδας καὶ λαμβάνειν ἐν ταῖς ψυχαῖς ὡς ἐπὶ τὸ πολὺ ἐναντίας δόξας ἐκείναις ἅς, ἐπειδὰν τελεωθῶσιν, ἔχειν οἰησόμεθα δεῖν αὐτούς;

Οὐδ' ὁπωστιοῦν παρήσομεν.

Πρῶτον δὲ ἡμῖν, ὡς ἔοικεν, ἐπιστατητέον τοῖς μυθοποιοῖς, [377c] καὶ ὃν μὲν ἂν καλὸν [μῦθον] ποιήσωσιν, ἐγκριτέον, ὃν δ' ἂν μή, ἀποκριτέον. τοὺς δ' ἐγκριθέντας πείσομεν τὰς τροφούς τε καὶ μητέρας λέγειν τοῖς παισίν, καὶ πλάττειν τὰς ψυχὰς αὐτῶν τοῖς μύθοις πολὺ μᾶλλον ἢ τὰ σώματα ταῖς χερσίν· ὧν δὲ νῦν λέγουσι τοὺς πολλοὺς ἐκβλητέον.

Ποίους δὲ; ἔφη.

Ἐν τοῖς μείζουσιν, ἦν δ' ἐγώ, μύθοις ὀψόμεθα καὶ τοὺς ἐλάττους. δεῖ γὰρ δὴ τὸν αὐτὸν τύπον εἶναι καὶ ταὐτὸν [377d] δύνασθαι τοὺς τε μείζους καὶ τοὺς ἐλάττους. ἢ οὐκ οἶει;

Ἐγὼ γ', ἔφη· ἀλλ' οὐκ ἐννοῶ οὐδὲ τοὺς μείζους τίνας λέγεις.

Οὓς Ἡσίοδος τε, εἶπον, καὶ Ὅμηρος ἡμῖν ἐλεγέτην καὶ οἱ ἄλλοι ποιηταί. οὗτοι γάρ που μύθους τοῖς ἀνθρώποις ψευδεῖς συντιθέντες ἔλεγον τε καὶ λέγουσι.

Ποίους δὴ, ἦ δ' ὅς, καὶ τί αὐτῶν μεμφόμενος λέγεις;

Ὅπερ, ἦν δ' ἐγώ, χρὴ καὶ πρῶτον καὶ μάλιστα μέμφεσθαι, ἄλλως τε καὶ ἐάν τις μὴ καλῶς ψεύδεται.

Τί τοῦτο;

[377e] Ὅταν εικάζη τις κακῶς [οὐσίαν] τῷ λόγῳ, περὶ θεῶν τε καὶ ἡρώων οἳ εἰσιν, ὥσπερ γραφεὺς μηδὲν ἐοικότα γράφων οἷς ἂν ὅμοια βουληθῇ γράψαι. Καὶ γάρ, ἔφη, ὀρθῶς ἔχει τὰ γε τοιαῦτα μέμφεσθαι. ἀλλὰ πῶς δὴ λέγομεν καὶ ποῖα;

Πρῶτον μὲν, ἦν δ' ἐγώ, τὸ μέγιστον καὶ περὶ τῶν μεγίστων ψεῦδος ὁ εἰπὼν οὐ καλῶς ἐψεύσατο ὡς Οὐρανός τε ἡργάσατο ἅ φησι δρᾶσαι αὐτὸν Ἡσίοδος, ὃ τε αὖ Κρόνος [378a] ὡς ἐτιμωρήσατο αὐτόν. τὰ δὲ δὴ τοῦ Κρόνου ἔργα καὶ πάθη ὑπὸ τοῦ ἕως, οὐδ' ἂν εἰ ἦν ἀληθὴ ὥμην δεῖν ῥαδίως οὕτως λέγεσθαι πρὸς ἄφρονάς τε καὶ νέους, ἀλλὰ μάλιστα μὲν σιγᾶσθαι, εἰ δὲ ἀνάγκη τις ἦν λέγειν, δι' ἀπορρήτων ἀκούειν ὡς ὀλιγίστους, θυσαμένους οὐ χοῖρον ἀλλὰ τι μέγα καὶ ἄπορον θῦμα, ὅπως ὅτι ἐλαχίστοις συνέβη ἀκοῦσαι.

Καὶ γάρ, ἦ δ' ὅς, οὗτοί γε οἱ λόγοι χαλεποί.

[378b] Καὶ οὐ λεκτέοι γ', ἔφην, ὧ Ἀδεύμαντε, ἐν τῇ ἡμετέρᾳ πόλει. οὐδὲ λεκτέον νέῳ ἀκούοντι ὡς ἀδικῶν τὰ ἔσχατα οὐδὲν ἂν θαυμαστὸν ποιοῖ, οὐδ' αὖ ἀδικοῦντα πατέρα κολάζων παντὶ τρόπῳ, ἀλλὰ δρῶν ἂν ὅπερ θεῶν οἱ πρῶτοί τε καὶ μέγιστοι.

Οὐ μὰ τὸν Δία, ἦ δ' ὅς, οὐδὲ αὐτῷ μοι δοκεῖ ἐπιτήδεια εἶναι λέγειν.

Οὐδέ γε, ἦν δ' ἐγώ, τὸ παράπαν ὡς θεοὶ θεοῖς πολέμουσί [378c] τε

καὶ ἐπιβουλεύουσι καὶ μάχονται — οὐδὲ γὰρ ἀληθῆ — εἴ γε δεῖ ἡμῖν τοὺς μέλλοντας τὴν πόλιν φυλάξιν αἵσχιτον νομίζιν τὸ ῥαδίως ἀλλήλοισ ἀπεχθάνεσθαι — πολλοῦ δεῖ γιγαντομαχίας τε μυθολογητέον αὐτοῖς καὶ ποικιλτέον, καὶ ἄλλας ἔχθρας πολλὰς καὶ παντοδαπὰς θεῶν τε καὶ ἡρώων πρὸς συγγενεῖς τε καὶ οἰκείους αὐτῶν — ἀλλ' εἴ πως μέλλομεν πείσειν ὥς οὐδεὶς πώποτε πολίτης ἕτερος ἐτέρῳ ἀπήχθετο οὐδ' ἔστιν τοῦτο ὅσιον, τοιαῦτα λεκτέα μᾶλλον πρὸς [378d] τὰ παιδιά εὐθὺς καὶ γέρουσι καὶ γραυσί, καὶ πρεσβυτέροις γιγνομένοις καὶ τοὺς ποιητὰς ἐγγὺς τούτων ἀναγκαστέον λογοποιεῖν. Ἦρας δὲ δεσμοὺς ὑπὸ ὕεος καὶ Ἥφαιστου ῥίψεις ὑπὸ πατρός, μέλλοντος τῇ μητρὶ τυπτομένη ἀμυνεῖν, καὶ θεομαχίας ὅσας Ὀμηρος πεποίηκεν οὐ παραδεκτέον εἰς τὴν πόλιν, οὔτ' ἐν ὑπονοίαις πεποιημένας οὔτε ἄνευ ὑπονοιῶν. ὁ γὰρ νέος οὐχ οἷός τε κρίνειν ὅτι τε ὑπόνοια καὶ ὁ μή, ἀλλ' ἂ ἂν τηλικούτος ὢν λάβῃ ἐν ταῖς δόξαις δυσέκ[378e]νιπτά τε καὶ ἀμετάστατα φιλεῖ γίνεσθαι. ὧν δὴ ἴσως ἔνεκα περὶ παντὸς ποιητέον ἂ πρῶτα ἀκούουσιν ὅτι κάλλιστα μεμυθολογημένα πρὸς ἀρετὴν ἀκούειν. Ἔχει γάρ, ἔφη, λόγον. ἀλλ' εἴ τις αὖ καὶ ταῦτα ἐρωτῶῃ ἡμᾶς, ταῦτα ἅττα τ' ἔστιν καὶ τίνες οἱ μῦθοι, τίνας ἂν φαῖμεν;

Καὶ ἐγὼ εἶπον· ὦ Ἀδείμαντε, οὐκ ἐσμέν ποιηταὶ ἐγὼ τε [379a] καὶ σὺ ἐν τῷ παρόντι, ἀλλ' οἰκιστὰι πόλεως· οἰκισταῖς δὲ τοὺς μὲν τύπους προσήκει εἰδέναι ἐν οἷς δεῖ μυθολογεῖν τοὺς ποιητὰς, παρ' οὓς ἐὰν ποιῶσιν οὐκ ἐπιτρεπτέον, οὐ μὴν αὐτοῖς γε ποιητέον μύθους.

Ὅρθως, ἔφη· ἀλλ' αὐτὸ δὴ τοῦτο, οἱ τύποι περὶ θεολογίας τίνες ἂν εἶεν;

Τοιοῖδε πού τινες, ἦν δ' ἐγὼ· οἷος τυγχάνει ὁ θεὸς ὢν, ἀεὶ δῆπου ἀποδοτέον, ἐάντε τις αὐτὸν ἐν ἔπεσιν ποιῇ ἐάντε ἐν μέλεσιν ἐάντε ἐν τραγωδίᾳ.

Δεῖ γάρ.

[379b] Οὐκοῦν ἀγαθὸς ὁ γε θεὸς τῷ ὄντι τε καὶ λεκτέον οὔτω;

Τί μὴν;

Ἀλλὰ μὴν οὐδέν γε τῶν ἀγαθῶν βλαβερόν· ἦ γάρ;

Οὐ μοι δοκεῖ.

Ἄρ' οὖν ὁ μὴ βλαβερὸν βλάπτει;

Οὐδαμῶς.

Ὁ δὲ μὴ βλάπτει κακὸν τι ποιεῖ;

Οὐδὲ τοῦτο.

Ὁ δέ γε μηδὲν κακὸν ποιεῖ οὐδ' ἂν τινος εἴη κακοῦ αἴτιον;

Πῶς γάρ;

Τί δέ; ὠφέλιμον τὸ ἀγαθόν;

Ναί.

Αἴτιον ἄρα εὐπραγίας;

Ναί.

Οὐκ ἄρα πάντων γε αἴτιον τὸ ἀγαθόν, ἀλλὰ τῶν μὲν εὖ ἐχόντων αἴτιον, τῶν δὲ κακῶν ἀναίτιον.

[379c] Παντελῶς γ', ἔφη.

Οὐδ' ἄρα, ἦν δ' ἐγώ, ὁ θεός, ἐπειδὴ ἀγαθός, πάντων ἂν εἴη αἴτιος, ὥς οἱ πολλοὶ λέγουσιν, ἀλλὰ ὀλίγων μὲν τοῖς ἀνθρώποις αἴτιος, πολλῶν δὲ ἀναίτιος· πολὺ γὰρ ἐλάττω τὰγαθὰ τῶν κακῶν ἡμῖν, καὶ τῶν μὲν ἀγαθῶν οὐδένα ἄλλον αἰτιατέον, τῶν δὲ κακῶν ἅλλ' ἅττα δεῖ ζητεῖν τὰ αἴτια, ἄλλ' οὐ τὸν θεόν.

Ἀληθέστατα, ἔφη, δοκεῖς μοι λέγειν.

Οὐκ ἄρα, ἦν δ' ἐγώ, ἀποδεκτέον οὔτε Ὅμηρου οὔτ' ἄλλου [379d] ποιητοῦ ταύτην τὴν ἀμαρτίαν περὶ τοὺς θεοὺς ἀνοήτως ἀμαρτάνοντος καὶ λέγοντος —

ὥς δοιοί τε πίθοι κατακείται ἐν Διὸς οὐδαι

κηρῶν ἔμπλειοι, ὁ μὲν ἐσθλῶν, αὐτὰρ ὁ δειλῶν·

καὶ ᾧ μὲν ἄν μείζας ὁ Ζεὺς δῶ ἀμφοτέρων,
ἄλλοτε μὲν τε κακῶ ὅ γε κύρεται, ἄλλοτε δ' ἐσθλῶ·
ᾧ δ' ἄν μή, ἀλλ' ἄκρατα τὰ ἕτερα,
τὸν δὲ κακῇ βούβρωστις ἐπὶ χθόνα διᾶν ἐλαύνει·

[379e] οὐδ' ὥς ταμίας ἡμῖν Ζεὺς —

ἀγαθῶν τε κακῶν τε τέτυκται.

τὴν δὲ τῶν ὄρκων καὶ σπονδῶν σύγχυσιν, ἣν ὁ Πάνδαρος συνέχεεν,
ἐάν τις φῇ δι' Ἀθηνᾶς τε καὶ Διὸς γεγονέναι, οὐκ ἐπαινεσόμεθα,
οὐδὲ θεῶν ἔριν τε καὶ κρίσιν [380a] διὰ Θέμιτός τε καὶ Διός, οὐδ' αὖ,
ὥς Αἰσχύλος λέγει, ἐάτεον ἀκούειν τοὺς νέους, ὅτι —

θεὸς μὲν αἰτίαν φύει βροτοῖς,

ὅταν κακῶσαι δῶμα παμπήδην θέλῃ.

ἀλλ' ἐάν τις ποιῇ ἐν οἷς ταῦτα τὰ ἱαμβεῖα ἔνεστιν, τὰ τῆς Νιόβης
πάθη, ἢ τὰ Πελοπιδῶν ἢ τὰ Τρωικὰ ἢ τι ἄλλο τῶν τοιούτων, ἢ οὐ
θεοῦ ἔργα ἐάτεον αὐτὰ λέγειν, ἢ εἰ θεοῦ, ἐξευρετέον αὐτοῖς σχεδὸν
ὄν νῦν ἡμεῖς λόγον ζητοῦμεν, καὶ [380b] λεκτέον ὥς ὁ μὲν θεὸς
δίκαίᾳ τε καὶ ἀγαθὰ ἡργάζετο, οἱ δὲ ὠνίναντο κολαζόμενοι· ὥς δὲ
ἄθλιοι μὲν οἱ δίκην διδόντες, ἣν δὲ δὴ ὁ δρῶν ταῦτα θεός, οὐκ ἐάτεον
λέγειν τὸν ποιητὴν. ἀλλ' εἰ μὲν ὅτι ἐδεήθησαν κολάσεως λέγοιεν ὥς
ἄθλιοι οἱ κακοί, διδόντες δὲ δίκην ὠφελοῦντο ὑπὸ τοῦ θεοῦ, ἐάτεον·
κακῶν δὲ αἴτιον φάναι θεόν τι γίνεσθαι ἀγαθὸν ὄντα, διαμαχετέον
παντὶ τρόπῳ μήτε τινα λέγειν ταῦτα ἐν τῇ αὐτοῦ πόλει, εἰ μέλλει
εὐνομήσεσθαι, μήτε τινα ἀκούειν, [380c] μήτε νεώτερον μήτε
πρεσβύτερον, μήτ' ἐν μέτρῳ μήτε ἄνευ μέτρου μυθολογοῦντα, ὥς
οὔτε ὅσα ἄν λεγόμενα εἰ λέγοιτο, οὔτε σύμφορα ἡμῖν οὔτε σύμφωνα
αὐτὰ αὐτοῖς.

Σύμψηφός σοί εἰμι, ἔφη, τούτου τοῦ νόμου, καί μοι ἀρέσκει.

Οὗτος μὲν τοίνυν, ἣν δ' ἐγώ, εἷς ἄν εἴη τῶν περὶ θεοῦς νόμων τε καὶ
τύπων, ἐν ᾧ δεήσει τοὺς τε λέγοντας λέγειν καὶ τοὺς ποιοῦντας
ποιεῖν, μὴ πάντων αἴτιον τὸν θεὸν ἀλλὰ τῶν ἀγαθῶν.

Καὶ μάλ', ἔφη, ἀπόχρη.

[380d] Τί δὲ δὴ ὁ δεύτερος ὅδε; ἄρα γόητα τὸν θεὸν οἶει εἶναι καὶ οἷον ἐξ ἐπιβουλῆς φαντάζεσθαι ἄλλοτε ἐν ἄλλαις ιδέαις τοτὲ μὲν αὐτὸν γιγνόμενον, [καὶ] ἀλλάττοντα τὸ αὐτοῦ εἶδος εἰς πολλὰς μορφάς, τοτὲ δὲ ἡμᾶς ἀπατῶντα καὶ ποιοῦντα περὶ αὐτοῦ τοιαῦτα δοκεῖν, ἢ ἀπλοῦν τε εἶναι καὶ πάντων ἥκιστα τῆς ἑαυτοῦ ιδέας ἐκβαίνειν;

Οὐκ ἔχω, ἔφη, νῦν γε οὕτως εἰπεῖν.

Τί δὲ τόδε; οὐκ ἀνάγκη, εἴπερ τι ἐξίσταται τῆς αὐτοῦ [380e] ιδέας, ἢ αὐτὸ ὑφ' ἑαυτοῦ μεθίστασθαι ἢ ὑπ' ἄλλου;

Ἀνάγκη.

Οὐκοῦν ὑπὸ μὲν ἄλλου τὰ ἄριστα ἔχοντα ἥκιστα ἀλλοιοῦταί τε καὶ κινεῖται; οἷον σῶμα ὑπὸ σιτίων τε καὶ ποτῶν καὶ πόνων, καὶ πᾶν φυτὸν ὑπὸ εἰλήσεων τε καὶ ἀνέμων καὶ τῶν τοιούτων παθημάτων, οὐ τὸ ὑγιέστατον καὶ ἰσχυρότατον [381a] ἥκιστα ἀλλοιοῦται;

Πῶς δ' οὐ;

Ψυχὴν δὲ οὐ τὴν ἀνδρειοτάτην καὶ φρονιμωτάτην ἥκιστ' ἂν τι ἔξωθεν πάθος ταραξείεν τε καὶ ἀλλοιώσειεν;

Ναί.

Καὶ μὴν που καὶ τά γε σύνθετα πάντα σκεύη τε καὶ οἰκοδομήματα καὶ ἀμφιέσματα κατὰ τὸν αὐτὸν λόγον τὰ εὖ εἰργασμένα καὶ εὖ ἔχοντα ὑπὸ χρόνου τε καὶ τῶν ἄλλων παθημάτων ἥκιστα ἀλλοιοῦται.

Ἔστι δὴ ταῦτα.

[381b] Πᾶν δὴ τὸ καλῶς ἔχον ἢ φύσει ἢ τέχνῃ ἢ ἀμφοτέροις ἐλαχίστην μεταβολὴν ὑπ' ἄλλου ἐνδέχεται.

Ἔοικεν.

Ἀλλὰ μὴν ὁ θεὸς γε καὶ τὰ τοῦ θεοῦ πάντῃ ἄριστα ἔχει.

Πῶς δ' οὐ;

Ταύτη μὲν δὴ ἥκιστα ἂν πολλὰς μορφὰς ἴσχοι ὁ θεός.

Ἦκιστα δῆτα.

Ἄλλ' ἄρα αὐτὸς αὐτὸν μεταβάλλοι ἂν καὶ ἄλλοιοι;

Δῆλον, ἔφη, ὅτι, εἴπερ ἄλλοιοῦται.

Πότερον οὖν ἐπὶ τὸ βέλτιόν τε καὶ κάλλιον μεταβάλλει ἑαυτὸν ἢ ἐπὶ τὸ χεῖρον καὶ τὸ αἰσχιον ἑαυτοῦ;

[381c] Ἀνάγκη, ἔφη, ἐπὶ τὸ χεῖρον, εἴπερ ἄλλοιοῦται· οὐ γάρ που ἐνδεᾶ γε φήσομεν τὸν θεὸν κάλλους ἢ ἀρετῆς εἶναι.

Ὅρθότατα, ἦν δ' ἐγώ, λέγεις. καὶ οὕτως ἔχοντος δοκεῖ ἂν τίς σοι, ὦ Ἀδείμαντε, ἐκὼν αὐτὸν χεῖρω ποιεῖν ὀπηροῦν ἢ θεῶν ἢ ἀνθρώπων;

Ἀδύνατον, ἔφη.

Ἀδύνατον ἄρα, ἔφη, καὶ θεῶ ἐθέλειν αὐτὸν ἄλλοιοῦν, ἀλλ' ὥς ἔοικε, κάλλιστος καὶ ἄριστος ὢν εἰς τὸ δυνατόν ἕκαστος αὐτῶν μένει ἀεὶ ἀπλῶς ἐν τῇ αὐτοῦ μορφῇ.

Ἄπασα, ἔφη, ἀνάγκη ἔμοιγε δοκεῖ.

[381d] Μηδεὶς ἄρα, ἦν δ' ἐγώ, ὦ ἄριστε, λεγέτω ἡμῖν τῶν ποιητῶν, ὥς —

θεοὶ ξείνοισιν ἐοικότες ἄλλοδαποῖσι,

παντοῖοι τελέθοντες, ἐπιστροφῶσι πόληας·

μηδὲ Πρωτέως καὶ Θέτιδος καταψευδέσθω μηδεὶς, μηδ' ἐν τραγωδίαις μηδ' ἐν τοῖς ἄλλοις ποιήμασιν εἰσαγέτω Ἦραν ἡλλοιωμένην, ὥς ἰέρεيان ἀγείρουσαν —

Ἰνάχου Ἀργείου ποταμοῦ παισὶν βιοδώροις·

[381e] καὶ ἄλλα τοιαῦτα πολλὰ μὴ ἡμῖν ψευδέσθων. μηδ' αὖ ὑπὸ τούτων ἀναπειθόμεναι αἱ μητέρες τὰ παιδιά ἐκδειματούντων, λέγουσαι τοὺς μύθους κακῶς, ὥς ἄρα θεοὶ τινες περιέρχονται νύκτωρ πολλοῖς ξένοις καὶ παντοδαποῖς ἰνδαλλόμενοι, ἵνα μὴ ἅμα μὲν εἰς

θεοὺς βλασφημῶσιν, ἅμα δὲ τοὺς παῖδας ἀπεργάζονται δειλοτέρους.
Μὴ γάρ, ἔφη.

Ἄλλ' ἄρα, ἦν δ' ἐγώ, αὐτοὶ μὲν οἱ θεοὶ εἰσιν οἷοι μὴ μεταβάλλειν,
ἡμῖν δὲ ποιοῦσιν δοκεῖν σφᾶς παντοδαποὺς φαίνεσθαι, ἐξαπατῶντες
καὶ γοητεύοντες;

Ἵσως, ἔφη.

[382a] Τί δέ; ἦν δ' ἐγώ· ψεύδεσθαι θεὸς ἐθέλοι ἂν ἢ λόγῳ ἢ ἔργῳ
φάντασμα προτείνων;

Οὐκ οἶδα, ἦ δ' ὅς.

Οὐκ οἶσθα, ἦν δ' ἐγώ, ὅτι τό γε ὥς ἀληθῶς ψεῦδος, εἰ οἷόν τε τοῦτο
εἰπεῖν, πάντες θεοὶ τε καὶ ἄνθρωποι μισοῦσιν;

Πῶς, ἔφη, λέγεις;

Οὕτως, ἦν δ' ἐγώ, ὅτι τῷ κυριωτάτῳ που ἑαυτῶν ψεύδεσθαι καὶ περὶ
τὰ κυριώτατα οὐδεὶς ἐκὼν ἐθέλει, ἀλλὰ πάντων μάλιστα φοβεῖται
ἐκεῖ αὐτὸ κεκτῆσθαι.

Οὐδὲ νῦν πω, ἦ δ' ὅς, μανθάνω.

[382b] Οἷε γάρ τί με, ἔφην, σεμνὸν λέγειν· ἐγὼ δὲ λέγω ὅτι τῇ ψυχῇ
περὶ τὰ ὄντα ψεύδεσθαί τε καὶ ἐψεῦσθαι καὶ ἀμαθῆ εἶναι καὶ ἐνταῦθα
ἔχειν τε καὶ κεκτῆσθαι τὸ ψεῦδος πάντες ἥκιστα ἂν δέξαιντο, καὶ
μισοῦσι μάλιστα αὐτὸ ἐν τῷ τοιούτῳ.

Πολύ γε, ἔφη.

Ἀλλὰ μὴν ὀρθότατά γ' ἂν, ὃ νυνδὴ ἔλεγον, τοῦτο ὥς ἀληθῶς ψεῦδος
καλοῖτο, ἢ ἐν τῇ ψυχῇ ἄγνοια ἢ τοῦ ἐψευσμένου· ἐπεὶ τό γε ἐν τοῖς
λόγοις μίμημά τι τοῦ ἐν τῇ ψυχῇ ἐστὶν παθήματος καὶ ὕστερον
γεγονὸς εἶδωλον, οὐ πάνυ [382c] ἄκρατον ψεῦδος. ἢ οὐχ οὕτως;

Πάνυ μὲν οὖν.

Τὸ μὲν δὴ τῷ ὄντι ψεῦδος οὐ μόνον ὑπὸ θεῶν ἀλλὰ καὶ ὑπ'
ἀνθρώπων μισεῖται.

Δοκεῖ μοι.

Τί δὲ δὴ τὸ ἐν τοῖς λόγοις [ψεῦδος]; πότε καὶ τῷ χρήσιμον, ὥστε μὴ ἄξιον εἶναι μίσους; ἄρ' οὐ πρὸς τε τοὺς πολεμίους καὶ τῶν καλουμένων φίλων, ὅταν διὰ μανίαν ἢ τινα ἄνοιαν κακὸν τι ἐπιχειρῶσιν πράττειν, τότε ἀποτροπῆς ἕνεκα ὡς φάρμακον χρήσιμον γίγνεται; καὶ ἐν αἷς νυνδὴ [382d] ἐλέγομεν ταῖς μυθολογίαις, διὰ τὸ μὴ εἰδέναι ὅπη τάληθές ἔχει περὶ τῶν παλαιῶν, ἀφομοιοῦντες τῷ ἀληθεῖ τὸ ψεῦδος ὅτι μάλιστα, οὕτω χρήσιμον ποιοῦμεν;

Καὶ μάλα, ἦ δ' ὅς, οὕτως ἔχει.

Κατὰ τί δὴ οὖν τούτων τῷ θεῷ τὸ ψεῦδος χρήσιμον; πότερον διὰ τὸ μὴ εἰδέναι τὰ παλαιὰ ἀφομοιωὺν ἂν ψεύδοιτο;

Γελοῖον μεντὰν εἶη, ἔφη.

Ποιητῆς μὲν ἄρα ψευδῆς ἐν θεῷ οὐκ ἔνι.

Οὐ μοι δοκεῖ.

Ἀλλὰ δεδιὼς τοὺς ἐχθροὺς ψεύδοιτο;

[382e] Πολλοῦ γε δεῖ.

Ἀλλὰ δι' οἰκείων ἄνοιαν ἢ μανίαν;

Ἀλλ' οὐδεῖς, ἔφη, τῶν ἀνοήτων καὶ μαινομένων θεοφιλῆς.

Οὐκ ἄρα ἔστιν οὗ ἕνεκα ἂν θεὸς ψεύδοιτο.

Οὐκ ἔστιν.

Πάντη ἄρα ἀψευδὲς τὸ δαιμόνιον τε καὶ τὸ θεῖον.

Παντάπασι μὲν οὖν, ἔφη.

Κομιδῇ ἄρα ὁ θεὸς ἀπλοῦν καὶ ἀληθές ἐν τε ἔργῳ καὶ λόγῳ, καὶ οὔτε αὐτὸς μεθίσταται οὔτε ἄλλους ἐξαπατᾷ, οὔτε κατὰ φαντασίας οὔτε κατὰ λόγους οὔτε κατὰ σημείων πομπάς, οὔθ' ὕπαρ οὐδ' ὄναρ.

[383a] Οὕτως, ἔφη, ἔμοιγε καὶ αὐτῷ φαίνεται σοῦ λέγοντος.

Συγχωρεῖς ἄρα, ἔφην, τοῦτον δεύτερον τύπον εἶναι ἐν ᾧ δεῖ περὶ θεῶν καὶ λέγειν καὶ ποιεῖν, ὥς μήτε αὐτοὺς γόητας ὄντας τῷ μεταβάλλειν ἑαυτοὺς μήτε ἡμᾶς ψεύδεσι παράγειν ἐν λόγῳ ἢ ἐν ἔργῳ;

Συγχωρῶ.

Πολλὰ ἄρα Ὅμηρου ἐπαινοῦντες, ἀλλὰ τοῦτο οὐκ ἐπαινεσόμεθα, τὴν τοῦ ἐνυπνίου πομπὴν ὑπὸ Διὸς τῷ Ἀγαμέμνονι· οὐδὲ Αἰσχύλου, ὅταν φῇ ἡ Θέτις τὸν Ἀπόλλω ἐν τοῖς αὐτῆς [383b] γάμοις ἄδοντα ἐνδατεῖσθαι τὰς ἐὰς εὐπαιδίας —

νόσων τ' ἀπείρους καὶ μακραίωνας βίους,

ξυμπαντὰ τ' εἰπὼν θεοφιλεῖς ἐμὰς τύχας

παιᾶν' ἐπηυφήμησεν, εὐθυμῶν ἐμέ.

καγὼ τὸ Φοίβου θεῖον ἀψευδὲς στόμα

ἤλπιζον εἶναι, μαντικῇ βρύον τέχνῃ·

ὁ δ', αὐτὸς ὕμνων, αὐτὸς ἐν θοίνῃ παρών,

αὐτὸς τάδ' εἰπὼν, αὐτός ἐστιν ὁ κτανὼν

τὸν παῖδα τὸν ἐμόν —

[383c] ὅταν τις τοιαῦτα λέγῃ περὶ θεῶν, χαλεπανοῦμέν τε καὶ χορὸν οὐ δώσομεν, οὐδὲ τοὺς διδασκάλους ἐάσομεν ἐπὶ παιδείᾳ χρῆσθαι τῶν νέων, εἰ μέλλουσιν ἡμῖν οἱ φύλακες θεοσεβεῖς τε καὶ θεῖοι γίνεσθαι, καθ' ὅσον ἀνθρώπῳ ἐπὶ πλεῖστον οἷόν τε.

Παντάπασιν, ἔφη, ἔγωγε τοὺς τύπους τούτους συγχωρῶ, καὶ ὥς νόμοις ἂν χρῶμην.

Πολιτεία Γ

Σωκράτης, Αδείμαντος

[386a] Τὰ μὲν δὴ περὶ θεούς, ἦν δ' ἐγώ, τοιαῦτ' ἅττα, ὥς ἔοικεν, ἀκουστέον τε καὶ οὐκ ἀκουστέον εὐθὺς ἐκ παίδων τοῖς θεοῦς τε τιμῆσουσιν καὶ γονέας τὴν τε ἀλλήλων φιλίαν μὴ περὶ σμικροῦ ποιησομένοις.

Καὶ οἷμαί γ', ἔφη, ὀρθῶς ἡμῖν φαίνεσθαι.

Τί δέ δὴ εἰ μέλλουσιν εἶναι ἀνδρεῖοι; ἄρα οὐ ταῦτά τε λεκτέον καὶ οἷα αὐτοὺς ποιῆσαι ἥκιστα τὸν θάνατον δεδιέναι; [386b] ἢ ἡγῇ τινὰ ποτ' ἂν γενέσθαι ἀνδρεῖον ἔχοντα ἐν αὐτῷ τοῦτο τὸ δεῖμα;

Μὰ Δία, ἦ δ' ὅς, οὐκ ἔγωγε.

Τί δέ; τὰν ᾿Αιδου ἡγούμενον εἶναί τε καὶ δεινὰ εἶναι οἷε τινὰ θανάτου ἀδεῇ ἔσεσθαι καὶ ἐν ταῖς μάχαις αἰρήσεσθαι πρὸ ἥττης τε καὶ δουλείας θάνατον;

Οὐδαμῶς.

Δεῖ δὴ, ὥς ἔοικεν, ἡμᾶς ἐπιστατεῖν καὶ περὶ τούτων τῶν μύθων τοῖς ἐπιχειροῦσιν λέγειν, καὶ δεῖσθαι μὴ λοιδορεῖν ἀπλῶς οὕτως τὰ ἐν ᾿Αιδου ἀλλὰ μᾶλλον ἐπαινεῖν, ὥς οὔτε ἀληθῇ [386c] ἂν λέγοντας οὔτε ὠφέλιμα τοῖς μέλλουσιν μαχίμοις ἔσεσθαι.

Δεῖ μέντοι, ἔφη.

Ἐξαλείψομεν ἄρα, ἦν δ' ἐγώ, ἀπὸ τοῦδε τοῦ ἔπους ἀρξάμενοι πάντα τὰ τοιαῦτα —

Παντάπασιν μὲν οὖν.

Οὐκοῦν ἔτι καὶ τὰ περὶ ταῦτα ὀνόματα πάντα τὰ δεινὰ τε καὶ φοβερὰ
ἀποβλητέα, Κωκυτοῦς τε καὶ Στύγας καὶ [387c] ἐνέρους καὶ

ἀλίβαντας, καὶ ἄλλα ὅσα τούτου τοῦ τύπου ὀνομαζόμενα φρίττειν δὴ ποιεῖ ὡς οἶεται† πάντας τοὺς ἀκούοντας. καὶ ἴσως εὖ ἔχει πρὸς ἄλλο τι· ἡμεῖς δὲ ὑπὲρ τῶν φυλάκων φοβούμεθα μὴ ἐκ τῆς τοιαύτης φρίκης θερμότεροι καὶ μαλακώτεροι τοῦ δέοντος γένωνται ἡμῖν.

Καὶ ὀρθῶς γ', ἔφη, φοβούμεθα.

Ἀφαιρετέα ἄρα;

Ναί.

Τὸν δὲ ἐναντίον τύπον τούτοις λεκτέον τε καὶ ποιητέον;

Δῆλα δῆ.

[387d] Καὶ τοὺς ὀδυρμούς ἄρα ἐξαιρήσομεν καὶ τοὺς οἴκτους τοὺς τῶν ἐλλογίμων ἀνδρῶν;

Ἀνάγκη, ἔφη, εἴπερ καὶ τὰ πρότερα.

Σκόπει δῆ, ἦν δ' ἐγώ, εἰ ὀρθῶς ἐξαιρήσομεν ἢ οὐ. φαμέν δὲ δὴ ὅτι ὁ ἐπιεικὴς ἀνὴρ τῷ ἐπιεικεῖ, οὐπὲρ καὶ ἐταῖρός ἐστιν, τὸ τεθνάναι οὐ δεινὸν ἡγήσεται. Φαμέν γάρ.

Οὐκ ἄρα ὑπὲρ γ' ἐκείνου ὡς δεινόν τι πεπονθότος ὀδύροιτ' ἄν.

Οὐ δῆτα.

Ἀλλὰ μὴν καὶ τόδε λέγομεν, ὡς ὁ τοιοῦτος μάλιστα αὐτὸς αὐτῷ αὐτάρκης πρὸς τὸ εὖ ζῆν καὶ διαφερόντως τῶν [387e] ἄλλων ἥκιστα ἐτέρου προσδεῖται.

Ἀληθῆ, ἔφη.

Ἦκιστα ἄρ' αὐτῷ δεινὸν στερηθῆναι ὕεος ἢ ἀδελφοῦ ἢ χρημάτων ἢ ἄλλου τοῦ τῶν τοιούτων.

Ἦκιστα μέντοι.

Ἦκιστ' ἄρα καὶ ὀδύρεσθαι, φέρειν δὲ ὡς πράότατα, ὅταν τις αὐτὸν τοιαύτη συμφορὰ καταλάβῃ.

Πολύ γε.

Ὁρθῶς ἄρ' ἂν ἐξαιροῖμεν τοὺς θρήνους τῶν ὀνομαστῶν ἀνδρῶν, γυναιξὶ δὲ ἀποδιδόιμεν, καὶ οὐδὲ ταύταις σπου[388a]δαίαις, καὶ ὅσοι κακοὶ τῶν ἀνδρῶν, ἵνα ἡμῖν δυσχεραίνωσιν ὅμοια τούτοις ποιεῖν οὕς δὴ φαμεν ἐπὶ φυλακῇ τῆς χώρας τρέφειν.

Ὁρθῶς, ἔφη.

Πάλιν δὴ Ὀμήρου τε δεησόμεθα καὶ τῶν ἄλλων ποιητῶν μὴ ποιεῖν Ἀχιλλέα θεᾶς παῖδα —

εἰ δ' οὖν θεοὺς, μήτοι τόν γε μέγιστον τῶν θεῶν τολμήσαι οὕτως ἀνομοίως μιμήσασθαι, ὥστε

εἰ γάρ, ὦ φίλε Ἀδείμαντε, τὰ τοιαῦτα ἡμῖν οἱ νέοι σπουδῇ ἀκούοιεν καὶ μὴ καταγελῶεν ὥς ἀναξίως λεγομένων, σχολῇ ἂν ἑαυτὸν γέ τις ἄνθρωπον ὄντα ἀνάξιον ἡγήσαιτο τούτων καὶ ἐπιπλήξειεν, εἰ καὶ

ἐπίοι αὐτῷ τι τοιοῦτον ἢ λέγειν ἢ ποιεῖν, ἀλλ' οὐδὲν αἰσχυνόμενος οὐδὲ καρτερῶν πολλοὺς ἐπὶ σμικροῖσιν παθήμασιν θρήνους ἂν ἄδοι καὶ ὀδυρμούς.

[388e] Ἀληθέστατα, ἔφη, λέγεις.

Δεῖ δέ γε οὐχ, ὥς ἄρτι ἡμῖν ὁ λόγος ἐσήμαινεν· ὃ πειστέον, ἕως ἄν τις ἡμᾶς ἄλλῳ καλλίονι πείσῃ.

Οὐ γὰρ οὖν δεῖ.

Ἀλλὰ μὴν οὐδὲ φιλογέλωτάς γε δεῖ εἶναι. σχεδὸν γὰρ ὅταν τις ἐπιῇ ἰσχυρῷ γέλῳ, ἰσχυρὰν καὶ μεταβολὴν ζητεῖ τὸ τοιοῦτον.

Δοκεῖ μοι, ἔφη.

Οὔτε ἄρα ἀνθρώπους ἀξίους λόγου κρατουμένους ὑπὸ [389a] γέλῳ ἂν τις ποιῇ, ἀποδεκτέον, πολὺ δὲ ἦττον, ἐὰν θεοῦς.

Πολὺ μέντοι, ἦ δ' ὅς.

Οὐκοῦν Ὀμήρου οὐδὲ τὰ τοιαῦτα ἀποδεξόμεθα περὶ θεῶν —

ἄσβεστος δ' ἄρ' ἐνῶρτο γέλῳ μακάρεσσι θεοῖσιν,

ὥς ἴδον Ἥφαιστον διὰ δώματα ποιπνύοντα·

οὐκ ἀποδεκτέον κατὰ τὸν σὸν λόγον.

Εἰ σύ, ἔφη, βούλει ἐμὸν τιθέναι· οὐ γὰρ οὖν δὴ [389b] ἀποδεκτέον.

Ἀλλὰ μὴν καὶ ἀλήθειάν γε περὶ πολλοῦ ποιητέον. εἰ γὰρ ὀρθῶς ἐλέγομεν ἄρτι, καὶ τῷ ὄντι θεοῖσι μὲν ἄχρηστον ψεῦδος, ἀνθρώποις δὲ χρησίμον ὥς ἐν φαρμάκου εἶδει, δῆλον ὅτι τό γε τοιοῦτον ἰατροῖς δοτέον, ἰδιώταις δὲ οὐχ ἀπτέον.

Δῆλον, ἔφη.

Τοῖς ἄρχουσιν δὴ τῆς πόλεως, εἴπερ τιςὶν ἄλλοις, προσήκει ψεύδεσθαι ἢ πολεμίων ἢ πολιτῶν ἔνεκα ἐπ' ὠφελίᾳ τῆς πόλεως, τοῖς δὲ ἄλλοις πᾶσιν οὐχ ἀπτέον τοῦ τοιούτου· [389c] ἀλλὰ πρὸς γε δὴ τοὺς τοιούτους ἄρχοντας ἰδιώτῃ ψεύσασθαι ταυτὸν καὶ μεῖζον

ἀμάρτημα φήσομεν ἢ κάμνοντι πρὸς ἰατρὸν ἢ ἀσκοῦντι πρὸς παιδοτρίβην περὶ τῶν τοῦ αὐτοῦ σώματος παθημάτων μὴ τάληθῃ λέγειν, ἢ πρὸς κυβερνήτην περὶ τῆς νεώς τε καὶ τῶν ναυτῶν μὴ τὰ ὄντα λέγοντι ὅπως ἢ αὐτὸς ἢ τις τῶν συνναυτῶν πράξεως ἔχει.

Ἀληθέστατα, ἔφη.

[389d] Ἄν ἄρ' ἄλλον τινὰ λαμβάνῃ ψευδόμενον ἐν τῇ πόλει τῶν οἱ δημοεργοὶ ἔασι, μάντιν ἢ ἱητῆρα κακῶν ἢ τέκτονα δούρων,

κολάσει ὡς ἐπιτήδευμα εἰσάγοντα πόλεως ὥσπερ νεὼς ἀνατρεπτικόν τε καὶ ὀλέθριον.

Ἐάνπερ, ἦ δ' ὅς, ἐπὶ γε λόγῳ ἔργα τελεῖται.

Τί δέ; σωφροσύνης ἄρα οὐ δεήσει ἡμῖν τοῖς νεανίαις;

Πῶς δ' οὔ;

Σωφροσύνης δὲ ὡς πλήθει οὐ τὰ τοιάδε μέγιστα, ἀρχόν[389e]των μὲν ὑπηκόους εἶναι, αὐτοὺς δὲ ἄρχοντας τῶν περὶ πότους καὶ ἀφροδίσια καὶ περὶ ἐδωδᾶς ἡδονῶν; Ἔμοιγε δοκεῖ.

Τὰ δὴ τοιάδε φήσομεν οἶμαι καλῶς λέγεσθαι, οἷα καὶ Ὀμήρῳ Διομήδης λέγει —

τέττα, σιωπῇ ἦσο, ἐμῷ δ' ἐπιτείθεο μύθῳ,

καὶ τὰ τούτων ἐχόμενα, τὰ ἴσαν μένεα πνείνοντες Ἀχαιοί,

σιγῇ δειδιότες σημάντορας,

καὶ ὅσα ἄλλα τοιαῦτα.

Καλῶς.

Τί δέ; τὰ τοιάδε —

οἶνοβαρές, κυνὸς ὄμματ' ἔχων, κραδίην δ' ἐλάφοιο

[390a] καὶ τὰ τούτων ἐξῆς ἄρα καλῶς, καὶ ὅσα ἄλλα τις ἐν λόγῳ ἢ ἐν ποιήσει εἴρηκε νεανιεύματα ἰδιωτῶν εἰς ἄρχοντας;

Οὐ καλῶς.

Οὐ γὰρ οἶμαι εἷς γε σωφροσύνην νέοις ἐπιτήδεια ἀκούειν· εἰ δέ τινα ἄλλην ἡδονὴν παρέχεται, θαυμαστὸν οὐδέν. ἢ πῶς σοι φαίνεται;

Οὕτως, ἔφη.

Τί δέ; ποιεῖν ἄνδρα τὸν σοφώτατον λέγοντα ὥς δοκεῖ αὐτῷ κάλλιστον εἶναι πάντων, ὅταν παρὰ πλεῖαι ὧσι τράπεζαι

[390b] σίτου καὶ κρειῶν, μέθῃ δ' ἐκ κρητῆρος ἀφύσσων

οἰνοχόος φορέησι καὶ ἐγχείῃ δεπάεσσι,

δοκεῖ σοι ἐπιτήδειον εἶναι πρὸς ἐγκράτειαν ἑαυτοῦ ἀκούειν νέῳ; ἢ τὸ λιμῷ δ' οἰκτιστον θανέειν καὶ πότμον ἐπισπεῖν;

Οὐ μὰ τὸν Δία, ἦ δ' ὅς, οὐ μοι φαίνεται ἐπιτήδειον.

Παντάπασι μὲν οὖν, ἔφη.

Οὐ μὲν δὴ δωροδόκους γε ἐατέον εἶναι τοὺς ἄνδρας οὐδὲ φιλοχρημάτους.

[390e] Οὐδαμῶς.

Οὐδ' ἄστέον αὐτοῖς ὅτι δῶρα θεοὺς πείθει, δῶρ' αἰδοίους βασιλῆας·

οὐδὲ τὸν τοῦ Ἀχιλλέως παιδαγωγὸν Φοῖνικα ἐπαινετέον ὥς μετρίως ἔλεγε συμβουλευὼν αὐτῷ δῶρα μὲν λαβόντι ἐπαμύνειν τοῖς Ἀχαιοῖς, ἄνευ δὲ δώρων μὴ ἀπαλλάττεσθαι τῆς μήνιος. οὐδ' αὐτὸν τὸν Ἀχιλλέα ἀξιόσομεν οὐδ' ὁμολογήσομεν οὕτω φιλοχρήματον εἶναι, ὥστε παρὰ τοῦ Ἀγαμέμνονος δῶρα λαβεῖν, καὶ τιμὴν αὖ λαβόντα νεκροῦ [391a] ἀπολύειν, ἄλλως δὲ μὴ θέλειν.

Οὐκ οὖν δίκαιόν γε, ἔφη, ἐπαινεῖν τὰ τοιαῦτα.

Ὅκνῳ δέ γε, ἦν δ' ἐγώ, δι' Ὅμηρον λέγειν ὅτι οὐδ' ὅσιον ταῦτά γε κατὰ Ἀχιλλέως φάναι καὶ ἄλλων λεγόντων πείθεσθαι, καὶ αὖ ὥς πρὸς τὸν Ἀπόλλω εἶπεν —

[391b] καὶ ὥς πρὸς τὸν ποταμόν, θεὸν ὄντα, ἀπειθῶς εἶχεν καὶ μάχεσθαι ἔτοιμος ἦν, καὶ αὖ τὰς τοῦ ἐτέρου ποταμοῦ Σπερχεῖοῦ ἱερὰς τρίχας Πατρόκλῳ ἥρωϊ, ἔφη, κόμην ὀπάσαιμι φέρεσθαι, νεκρῷ ὄντι, καὶ ὥς ἔδρασεν τοῦτο, οὐ πειστέον· τάς τε αὖ Ἑκτορος ἔλξεις περὶ τὸ σῆμα τὸ Πατρόκλου καὶ τὰς τῶν ζωγρηθέντων σφαγὰς εἰς τὴν πυράν, σύμπαντα ταῦτα οὐ φήσομεν ἀληθῆ εἰρησθαι, οὐδ' ἐάσομεν [391c] πείθεσθαι τοὺς ἡμετέρους ὥς Ἀχιλλεύς, θεᾶς ὦν παῖς καὶ Πηλέως, σωφρονεστάτου τε καὶ τρίτου ἀπὸ Διός, καὶ ὑπὸ τῷ σοφωτάτῳ Χείρωνι τεθραμμένος, τοσαύτης ἦν ταραχῆς πλέως, ὥστ' ἔχειν ἐν αὐτῷ νοσήματα δύο ἐναντίῳ ἀλλήλοιν, ἀνελευθερίαν μετὰ φιλοχρηματίας καὶ αὖ ὑπερηφανίαν θεῶν τε καὶ ἀνθρώπων.

Ὅρθῶς, ἔφη, λέγεις.

Μὴ τοίνυν, ἦν δ' ἐγώ, μηδὲ τάδε πειθώμεθα μηδ' ἐῷμεν λέγειν, ὥς Θησεὺς Ποσειδῶνος υἱὸς Πειρίθους τε Διὸς [391d] ὥρμησαν οὕτως ἐπὶ δεινὰς ἀρπαγὰς, μηδέ τιν' ἄλλον θεοῦ παῖδά τε καὶ ἥρω τολμῆσαι ἂν δεινὰ καὶ ἀσεβῆ ἔργασασθαι, παῖδά τε καὶ ἥρω τολμῆσαι ἂν δεινὰ καὶ ἀσεβῆ ἔργασασθαι, οἷα νῦν καταψεύδονται αὐτῶν· ἀλλὰ προσαναγκάζωμεν τοὺς ποιητὰς ἢ μὴ τούτων αὐτὰ ἔργα φάναι ἢ τούτους μὴ εἶναι θεῶν παῖδας, ἀμφοτέρω δὲ μὴ λέγειν, μηδὲ ἡμῖν

ἐπιχειρεῖν πείθειν τοὺς νέους ὥς οἱ θεοὶ κακὰ γεννῶσιν, καὶ ἥρωες ἀνθρώπων οὐδὲν βελτίους· ὅπερ γὰρ ἐν τοῖς πρόσθεν ἐλέ[391e]γομεν, οὐθ' ὅσια ταῦτα οὔτε ἀληθῆ· ἐπεδείξαμεν γάρ που ὅτι ἐκ θεῶν κακὰ γίνεσθαι ἀδύνατον.

Πῶς γὰρ οὐ;

Καὶ μὴν τοῖς γε ἀκούουσιν βλαβερά· πᾶς γὰρ ἑαυτῷ συγγνώμην ἔξει κακῷ ὄντι, πεισθεὶς ὥς ἄρα τοιαῦτα πράττουσιν τε καὶ ἔπραττον καὶ οἱ θεῶν ἀγχίσποροι,

οὐ πώ σφιν ἐξίτηλον αἶμα δαιμόνων.

ὧν ἔνεκα παυστέον τοὺς τοιούτους μύθους, μὴ ἡμῖν πολλὴν [392a] εὐχέρειαν ἐντίκτωσι τοῖς νέοις πονηρίας.

Κομιδῇ μὲν οὖν, ἔφη.

Τί οὖν, ἦν δ' ἐγώ, ἡμῖν ἔτι λοιπὸν εἶδος λόγων περὶ ὀριζομένοις οἴους τε λεκτέον καὶ μή; περὶ γὰρ θεῶν ὥς δεῖ λέγεσθαι εἴρηται, καὶ περὶ δαιμόνων τε καὶ ἡρώων καὶ τῶν ἐν Ἄιδου.

Πάνυ μὲν οὖν.

Οὐκοῦν καὶ περὶ ἀνθρώπων τὸ λοιπὸν εἴη ἄν;

Δῆλα δῆ.

Ἀδύνατον δῆ, ὦ φίλε, ἡμῖν τοῦτό γε ἐν τῷ παρόντι τάξαι.

Πῶς;

Ὅτι οἶμαι ἡμᾶς ἐρεῖν ὥς ἄρα καὶ ποιηταὶ καὶ λογοποιοὶ [392b] κακῶς λέγουσιν περὶ ἀνθρώπων τὰ μέγιστα, ὅτι εἰσὶν ἄδικοι μὲν εὐδαίμονες πολλοί, δίκαιοι δὲ ἄθλιοι, καὶ ὥς λυσιτελεῖ τὸ ἀδικεῖν, ἐὰν λανθάνῃ, ἢ δὲ δικαιοσύνη ἀλλότριον μὲν ἀγαθόν, οἰκεία δὲ

ζημία· καὶ τὰ μὲν τοιαῦτα ἀπερεῖν λέγειν, τὰ δ' ἐναντία τούτων
προστάζειν ἄδεν τε καὶ μυθολογεῖν. ἢ οὐκ οἶει;

Εὖ μὲν οὖν, ἔφη, οἶδα.

Οὐκοῦν ἐὰν ὁμολογῇς ὀρθῶς με λέγειν, φήσω σε ὁμολογηκέναι ἅ
πάσαι ζητοῦμεν;

Ὅρθῶς, ἔφη, ὑπέλαβες.

[392c] Οὐκοῦν περί γε ἀνθρώπων ὅτι τοιούτους δεῖ λόγους λέγεσθαι,
τότε διομολογησόμεθα, ὅταν εὕρωμεν οἷόν ἐστιν δικαιοσύνη καὶ ὡς
φύσει λυσιτελοῦν τῷ ἔχοντι, ἐάντε δοκῇ ἐάντε μὴ τοιοῦτος εἶναι;

Ἀληθέστατα, ἔφη.

Τὰ μὲν δὴ λόγων πέρι ἐχέτω τέλος· τὸ δὲ λέξεως, ὡς ἐγὼ οἶμαι, μετὰ
τοῦτο σκεπτέον, καὶ ἡμῖν ἅ τε λεκτέον καὶ ὡς λεκτέον παντελῶς
ἐσκέψεται.

Καὶ ὁ Ἀδείμαντος, Τοῦτο, ἢ δ' ὅς, οὐ μανθάνω ὅτι λέγεις.

[392d] Ἀλλὰ μέντοι, ἦν δ' ἐγώ, δεῖ γε· ἴσως οὖν τῇδε μᾶλλον εἴσῃ.
ἄρ' οὐ πάντα ὅσα ὑπὸ μυθολόγων ἢ ποιητῶν λέγεται διήγησις οὔσα
τυγχάνει ἢ γεγονότων ἢ ὄντων ἢ μελλόντων;

Τί γάρ, ἔφη, ἄλλο;

Ἄρ' οὖν οὐχὶ ἥτοι ἀπλῇ διηγῇσιν ἢ διὰ μιμήσεως γιγνομένη ἢ δι'
ἀμφοτέρων περαίνουσιν;

Καὶ τοῦτο, ἢ δ' ὅς, ἔτι δέομαι σαφέστερον μαθεῖν.

Γελοῖος, ἦν δ' ἐγώ, ἔοικα διδάσκαλος εἶναι καὶ ἀσαφής· ὥσπερ οὖν
οἱ ἀδύνατοι λέγειν, οὐ κατὰ ὅλον ἀλλ' ἀπολαβὼν [392e] μέρος τι
πειράσομαί σοι ἐν τούτῳ δηλῶσαι ὃ βούλομαι. καὶ μοι εἶπέ·
ἐπίστασαι τῆς Ἰλιάδος τὰ πρῶτα, ἐν οἷς ὁ ποιητής φησι τὸν μὲν
Χρῦσιν δεῖσθαι τοῦ Ἀγαμέμνονος ἀπολῦσαι τὴν θυγατέρα, τὸν δὲ
χαλεπαίνειν, τὸν δέ, ἐπειδὴ [393a] οὐκ ἐτύγγανεν, κατεύχεσθαι τῶν
Ἀχαιῶν πρὸς τὸν θεόν;

Ἐγωγε.

Οἶσθ' οὖν ὅτι μέχρι μὲν τούτων τῶν ἐπῶν καὶ ἐλίσσεται πάντα
Ἀχαιοῦς,

Ἀτρεΐδα δὲ μάλιστα δύω, κοσμήτορε λαῶν

λέγει τε αὐτὸς ὁ ποιητὴς καὶ οὐδὲ ἐπιχειρεῖ ἡμῶν τὴν διάνοιαν
ἄλλοσε τρέπειν ὥς ἄλλος τις ὁ λέγων ἢ αὐτός· τὰ δὲ μετὰ ταῦτα
ὥσπερ αὐτὸς ὢν ὁ Χρύσης λέγει καὶ πειρᾶται [393b] ἡμᾶς ὅτι
μάλιστα ποιῆσαι μὴ Ὅμηρον δοκεῖν εἶναι τὸν λέγοντα ἀλλὰ τὸν
ἱερέα, πρεσβύτην ὄντα. καὶ τὴν ἄλλην δὴ πᾶσαν σχεδόν τι οὕτω
πεποιήται διήγησιν περὶ τε τῶν ἐν Ἰλίου καὶ περὶ τῶν ἐν Ἰθάκῃ καὶ
ὅλῃ Ὀδυσσεΐα παθημάτων.

Πάνυ μὲν οὖν, ἔφη.

Οὐκοῦν διήγησις μὲν ἐστὶν καὶ ὅταν τὰς ῥήσεις ἐκάστοτε λέγῃ καὶ
ὅταν τὰ μεταξὺ τῶν ῥήσεων;

Πῶς γὰρ οὐ;

[393c] Ἄλλ' ὅταν γέ τινα λέγῃ ῥῆσιν ὥς τις ἄλλος ὢν, ἅρ' οὐ τότε
ὁμοιοῦν αὐτὸν φήσομεν ὅτι μάλιστα τὴν αὐτοῦ λέξιν ἐκάστω ὃν ἂν
προείπῃ ὥς ἐροῦντα;

Φήσομεν· τί γάρ;

Οὐκοῦν τό γε ὁμοιοῦν ἑαυτὸν ἄλλῳ ἢ κατὰ φωνὴν ἢ κατὰ σχῆμα
μιμεῖσθαί ἐστιν ἐκείνον ᾧ ἂν τις ὁμοιοῖ;

Τί μήν;

Ἐν δὴ τῷ τοιούτῳ, ὥς ἔοικεν, οὗτός τε καὶ οἱ ἄλλοι ποιηταὶ διὰ
μιμήσεως τὴν διήγησιν ποιοῦνται.

Πάνυ μὲν οὖν.

Εἰ δέ γε μηδαμοῦ ἑαυτὸν ἀποκρύπτοιο ὁ ποιητής, πᾶσα [393d] ἂν
αὐτῷ ἄνευ μιμήσεως ἢ ποιήσῃς τε καὶ διήγησις γεγονυῖα εἴη. ἵνα δὲ
μὴ εἴπῃς ὅτι οὐκ αὖθις μανθάνεις, ὅπως ἂν τοῦτο γένοιτο ἐγὼ φράσω. εἰ

γὰρ Ὅμηρος εἰπὼν ὅτι ἦλθεν ὁ Χρύσης τῆς τε θυγατρὸς λύτρα φέρων καὶ ἰκέτης τῶν Ἀχαιῶν, μάλιστα δὲ τῶν βασιλέων, μετὰ τοῦτο μὴ ὡς Χρύσης γενόμενος ἔλεγεν ἀλλ' ἔτι ὡς Ὅμηρος, οἷσθ' ὅτι οὐκ ἂν μίμησις ἦν ἀλλὰ ἀπλὴ διήγησις. εἶχε δ' ἂν ὧδε πως — φράσω δὲ ἄνευ μέτρου· οὐ γὰρ εἰμι ποιητικός — Ἐλθὼν [393e] ὁ ἱερεὺς ἤρχετο ἐκείνοις μὲν τοὺς θεοὺς δοῦναι ἐλόντας τὴν Τροίαν αὐτοὺς σωθῆναι, τὴν δὲ θυγατέρα οἱ λῦσαι δεξαμένους ἄποινα καὶ τὸν θεὸν αἰδεσθέντας. ταῦτα δὲ εἰπόντος αὐτοῦ οἱ μὲν ἄλλοι ἐσέβοντο καὶ συνήνουν, ὁ δὲ Ἀγαμέμνων ἠγρίαιεν ἐντελλόμενος νῦν τε ἀπιέναι καὶ αὖθις μὴ ἐλθεῖν, μὴ αὐτῷ τό τε σκῆπτρον καὶ τὰ τοῦ θεοῦ στέμματα οὐκ ἐπαρκέσῃ· πρὶν δὲ λυθῆναι αὐτοῦ τὴν θυγατέρα, ἐν Ἀργεὶ ἔφη γηράσειν μετὰ οὗ· ἀπιέναι δ' ἐκέλευεν καὶ μὴ ἐρεθίζειν, [394a] ἵνα σῶς οἴκαδε ἔλθοι. ὁ δὲ πρεσβύτης ἀκούσας ἔδρισέν τε καὶ ἀπῆει σιγῇ, ἀποχωρήσας δὲ ἐκ τοῦ στρατοπέδου πολλὰ τῷ Ἀπόλλωνι ἤρχετο, τάς τε ἐπωνυμίας τοῦ θεοῦ ἀνακαλῶν καὶ ὑπομιμνήσκων καὶ ἀπαιτῶν, εἴ τι πώποτε ἢ ἐν ναῶν οἰκοδομήσεσιν ἢ ἐν ἱερῶν θυσίαις κεχαρισμένον δωρήσαιτο· ὦν δὴ χάριν κατηύχετο τεῖσαι τοὺς Ἀχαιοὺς τὰ ἅ δάκρυα τοῖς ἐκείνου βέλεσιν. οὕτως, ἦν δ' ἐγώ, ὦ ἐταῖρε, ἄνευ [394b] μιμήσεως ἀπλὴ διήγησις γίγνεται.

Μανθάνω, ἔφη.

Μάνθανε τοίνυν, ἦν δ' ἐγώ, ὅτι ταύτης αὖ ἐναντία γίγνεται, ὅταν τις τὰ τοῦ ποιητοῦ τὰ μεταξὺ τῶν ῥήσεων ἐξαιρῶν τὰ ἀμοιβαῖα καταλείπη.

Καὶ τοῦτο, ἔφη, μανθάνω, ὅτι ἔστιν τὸ περὶ τὰς τραγωδίας τοιοῦτον.

Ὅρθότατα, ἔφην, ὑπέλαβες, καὶ οἶμαί σοι ἤδη δηλοῦν ὃ ἔμπροσθεν οὐχ οἷός τ' ἦ, ὅτι τῆς ποιήσεώς τε καὶ μυθο[394c]λογίας ἡ μὲν διὰ μιμήσεως ὅλη ἐστίν, ὥσπερ σὺ λέγεις, τραγωδία τε καὶ κωμωδία, ἡ δὲ δι' ἀπαγγελίας αὐτοῦ τοῦ ποιητοῦ — εὖροις δ' ἂν αὐτὴν μάλιστά που ἐν διθυράμβοις — ἡ δ' αὖ δι' ἀμφοτέρων ἔν τε τῇ τῶν ἐπῶν ποιήσει, πολλαχοῦ δὲ καὶ ἄλλοθι, εἴ μοι μανθάνεις.

Ἀλλὰ συνίημι, ἔφη, ὃ τότε ἐβούλου λέγειν.

Καὶ τὸ πρὸ τούτου δὴ ἀναμνήσθητι, ὅτι ἔφαμεν ἃ μὲν λεκτέον ἤδη

εἰρησθαι, ὥς δὲ λεκτέον ἔτι σκεπτέον εἶναι.

Ἄλλὰ μέμνημαι.

[394d] Τοῦτο τοίνυν αὐτὸ ἦν ὃ ἔλεγον, ὅτι χρεῖη διομολογήσασθαι πότερον ἐάσομεν τοὺς ποιητὰς μιμουμένους ἡμῖν τὰς διηγήσεις ποιεῖσθαι ἢ τὰ μὲν μιμουμένους, τὰ δὲ μή, καὶ ὅποια ἐκάτερα, ἢ οὐδὲ μιμεῖσθαι.

Μαντεύομαι, ἔφη, σκοπεῖσθαί σε εἴτε παραδεξόμεθα τραγωδίαν τε καὶ κωμωδίαν εἰς τὴν πόλιν, εἴτε καὶ οὐ.

Ἴσως, ἦν δ' ἐγώ, ἴσως δὲ καὶ πλείω ἔτι τούτων· οὐ γὰρ δὴ ἔγωγέ πω οἶδα, ἀλλ' ὅπη ἂν ὁ λόγος ὥσπερ πνεῦμα φέρη, ταύτη ἰτέον.

Καὶ καλῶς γ', ἔφη, λέγεις.

[394e] Τόδε τοίνυν, ὦ Ἀδεΐμαντε, ἄθρει, πότερον μιμητικούς ἡμῖν δεῖ εἶναι τοὺς φύλακας ἢ οὐ· ἢ καὶ τοῦτο τοῖς ἔμπροσθεν ἔπεται, ὅτι εἷς ἕκαστος ἐν μὲν ἂν ἐπιτηδεύμα καλῶς ἐπιτηδεύει, πολλὰ δ' οὐ, ἀλλ' εἰ τοῦτο ἐπιχειροῖ, πολλῶν ἐφαπτόμενος πάντων ἀποτυγχάνει ἂν, ὥστ' εἶναί που ἐλλόγιμος;

Τί δ' οὐ μέλλει;

Οὐκοῦν καὶ περὶ μιμήσεως ὁ αὐτὸς λόγος, ὅτι πολλὰ ὁ αὐτὸς μιμεῖσθαι εὖ ὥσπερ ἐν οὐ δυνατός;

Οὐ γὰρ οὖν.

[395a] Σχολῇ ἄρα ἐπιτηδεύσει γέ τι ἅμα τῶν ἀξίων λόγου ἐπιτηδευμάτων καὶ πολλὰ μιμῆσεται καὶ ἔσται μιμητικός, ἐπεὶ πού οὐδὲ τὰ δοκοῦντα ἐγγὺς ἀλλήλων εἶναι δύο μιμήματα δύνανται οἱ αὐτοὶ ἅμα εὖ μιμεῖσθαι, οἷον κωμωδίαν καὶ τραγωδίαν ποιοῦντες. ἢ οὐ μιμήματε ἄρτι τούτῳ ἐκάλεις;

Ἐγωγέ· καὶ ἀληθῆ γε λέγεις, ὅτι οὐ δύνανται οἱ αὐτοί.

Οὐδὲ μὴν ῥαψωδοί γε καὶ ὑποκριταὶ ἅμα.

Ἀληθῆ.

Ἄλλ' οὐδέ τοι ὑποκριταὶ κωμωδοῖς τε καὶ τραγωδοῖς οἱ [395b]
αὐτοί· πάντα δὲ ταῦτα μιμήματα. ἢ οὐ;

Μιμήματα.

Καὶ ἔτι γε τούτων, ὦ Ἀδείμαντε, φαίνεται μοι εἰς σμικρότερα
κατακεκερματίσθαι ἢ τοῦ ἀνθρώπου φύσις, ὥστε ἀδύνατος εἶναι
πολλὰ καλῶς μιμεῖσθαι ἢ αὐτὰ ἐκεῖνα πράττειν ὧν δὴ καὶ τὰ
μιμήματά ἐστιν ἀφομοιώματα.

Ἀληθέστατα, ἢ δ' ὅς.

Εἰ ἄρα τὸν πρῶτον λόγον διασώσομεν, τοὺς φύλακας ἡμῖν τῶν
ἄλλων πασῶν δημιουργιῶν ἀφειμένους δεῖν εἶναι [395c]
δημιουργοὺς ἐλευθερίας τῆς πόλεως πάνυ ἀκριβεῖς καὶ μηδὲν ἄλλο
ἐπιτηδεύειν ὅτι μὴ εἰς τοῦτο φέρει, οὐδὲν δὴ δέοι ἂν αὐτοὺς ἄλλο
πράττειν οὐδὲ μιμεῖσθαι· ἐὰν δὲ μιμῶνται, μιμεῖσθαι τὰ τούτοις
προσήκοντα εὐθὺς ἐκ παίδων, ἀνδρείους, σώφρονας, ὀσίους,
ἐλευθέρους, καὶ τὰ τοιαῦτα πάντα, τὰ δὲ ἀνελεύθερα μήτε ποιεῖν
μήτε δεινοὺς εἶναι μιμήσασθαι, μηδὲ ἄλλο μηδὲν τῶν αἰσχρῶν, ἵνα
μὴ ἐκ τῆς μιμήσεως τοῦ εἶναι [395d] ἀπολαύσωσιν. ἢ οὐκ ἦσθησαι
ὅτι αἱ μιμήσεις, ἐὰν ἐκ νέων πόρρω διατελέσωσιν, εἰς ἔθνη τε καὶ
φύσιν καθίστανται καὶ κατὰ σῶμα καὶ φωνὰς καὶ κατὰ τὴν διάνοιαν;

Καὶ μάλα, ἢ δ' ὅς.

Οὐ δὴ ἐπιτρέψομεν, ἦν δ' ἐγώ, ὧν φαμέν κήδεσθαι καὶ δεῖν αὐτοὺς
ἄνδρας ἀγαθοὺς γενέσθαι, γυναῖκα μιμεῖσθαι ἄνδρας ὄντας, ἢ νέαν ἢ
πρεσβυτέραν, ἢ ἀνδρὶ λοιδορουμένην ἢ πρὸς θεοὺς ἐρίζουσάν τε καὶ
μεγαλαυχουμένην, οἰομένην [395e] εὐδαίμονα εἶναι, ἢ ἐν συμφοραῖς
τε καὶ πένθεσιν καὶ θρήνοις ἐχομένην· κάμνουσαν δὲ ἢ ἐρῶσαν ἢ
ὠδίνουσαν, πολλοῦ καὶ δεήσομεν.

Παντάπασι μὲν οὖν, ἢ δ' ὅς.

Οὐδέ γε δούλας τε καὶ δούλους πράττοντας ὅσα δούλων.

Οὐδέ τοῦτο.

Οὐδέ γε ἄνδρας κακοὺς, ὥς ἔοικεν, δειλοὺς τε καὶ τὰ ἐναντία

πράττοντας ὦν νυνδὴ εἵπομεν, κακηγοροῦντάς τε καὶ κωμωδοῦντας ἀλλήλους καὶ αἰσχρολογοῦντας, μεθύοντας ἢ [396a] καὶ νήφοντας, ἢ καὶ ἄλλα ὅσα οἱ τοιοῦτοι καὶ ἐν λόγοις καὶ ἐν ἔργοις ἀμαρτάνουσιν εἰς αὐτούς τε καὶ εἰς ἄλλους, οἶμαι δὲ οὐδὲ μαινομένοις ἐθιστέον ἀφομοιοῦν αὐτοὺς ἐν λόγοις οὐδὲ ἐν ἔργοις· γνωστέον μὲν γὰρ καὶ μαινομένους καὶ πονηροὺς ἄνδρας τε καὶ γυναῖκας, ποιητέον δὲ οὐδὲν τούτων οὐδὲ μιμητέον.

Ἄληθέστατα, ἔφη.

Τί δέ; ἦν δ' ἐγώ· χαλκεύοντας ἢ τι ἄλλο δημιουργοῦντας, [396b] ἢ ἐλαύνοντας τριήρεις ἢ κελεύοντας τούτοις, ἢ τι ἄλλο τῶν περὶ ταῦτα μιμητέον;

Καὶ πῶς; ἔφη, οἷς γε οὐδὲ προσέχειν τὸν νοῦν τούτων οὐδενὶ ἐξέσται;

Τί δέ; ἵππους χρεμετίζοντας καὶ ταύρους μυκωμένους καὶ ποταμοὺς ψοφoῦντας καὶ θάλατταν κτυποῦσαν καὶ βροντάς καὶ πάντα αὐτὰ ταῖα ἢ μιμήσονται;

Ἄλλ' ἀπείρηται αὐτοῖς, ἔφη, μήτε μαίνεσθαι μήτε μαινομένοις ἀφομοιοῦσθαι.

Εἰ ἄρα, ἦν δ' ἐγώ, μανθάνω ἃ σὺ λέγεις, ἔστιν τι εἶδος λέξεώς τε καὶ διηγήσεως ἐν ᾧ ἂν διηγοῖτο ὁ τῷ ὄντι καλὸς [396c] καγαθός, ὅποτε τι δέοι αὐτὸν λέγειν, καὶ ἕτερον αὖ ἀνόμοιον τούτῳ εἶδος, οὗ ἂν ἔχοιτο ἀεὶ καὶ ἐν ᾧ διηγοῖτο ὁ ἐναντίως ἐκείνῳ φύς τε καὶ τραφεῖς.

Ποῖα δὴ, ἔφη, ταῦτα;

Ὁ μὲν μοι δοκεῖ, ἦν δ' ἐγώ, μέτριος ἀνὴρ, ἐπειδὰν ἀφίκηται ἐν τῇ διηγήσει ἐπὶ λέξιν τινὰ ἢ πρᾶξιν ἀνδρὸς ἀγαθοῦ, ἐθελήσῃν ὥς αὐτὸς ὦν ἐκεῖνος ἀπαγγέλλειν καὶ οὐκ αἰσχυνεῖσθαι ἐπὶ τῇ τοιαύτῃ μιμήσει, μάλιστα μὲν μιμούμενος [396d] τὸν ἀγαθὸν ἀσφαλῶς τε καὶ ἐμφρόνως πράττοντα, ἐλάττω δὲ καὶ ἥττον ἢ ὑπὸ νόσων ἢ ὑπὸ ἐρώτων ἐσφαλμένον ἢ καὶ ὑπὸ μέθης ἢ τινος ἄλλης συμφορᾶς· ὅταν δὲ γίγνηται κατὰ τινὰ ἑαυτοῦ ἀνάξιον, οὐκ ἐθελήσῃν σπουδῇ ἀπεικάζειν ἑαυτὸν τῷ χεῖρονι, εἰ μὴ ἄρα κατὰ βραχύ, ὅταν τι χρηστὸν ποιῇ, ἀλλ' αἰσχυνεῖσθαι, ἅμα μὲν ἀγύμναστος ὦν τοῦ

μιμείσθαι τοὺς τοιοῦτους, ἅμα δὲ καὶ δυσχεραίνων αὐτὸν ἐκμάττειν τε καὶ [396e] ἐνιστάναι εἰς τοὺς τῶν κακιόνων τύπους, ἀτιμάζων τῇ διανοίᾳ, ὅτι μὴ παιδιᾶς χάριν.

Εἰκός, ἔφη.

Οὐκοῦν διηγήσει χρήσεται οἷα ἡμεῖς ὀλίγον πρότερον διήλθομεν περὶ τὰ τοῦ Ὀμήρου ἔπη, καὶ ἔσται αὐτοῦ ἡ λέξις μετέχουσα μὲν ἀμφοτέρων, μιμήσεώς τε καὶ τῆς ἄλλης διηγήσεως, σμικρὸν δέ τι μέρος ἐν πολλῷ λόγῳ τῆς μιμήσεως; ἢ οὐδὲν λέγω;

Καὶ μάλα, ἔφη, οἷόν γε ἀνάγκη τὸν τύπον εἶναι τοῦ τοιοῦτου ῥήτορος.

[397a] Οὐκοῦν, ἦν δ' ἐγώ, ὁ μὴ τοιοῦτος αὖ, ὅσῳ ἂν φαυλότερος ᾖ, πάντα τε μᾶλλον διηγήσεται καὶ οὐδὲν ἑαυτοῦ ἀνάξιον οἰήσεται εἶναι, ὥστε πάντα ἐπιχειρήσει μιμείσθαι σπουδῇ τε καὶ ἐναντίον πολλῶν, καὶ ἃ νυνδὴ ἐλέγομεν, βροντάς τε καὶ ψόφους ἀνέμων τε καὶ χαλαζῶν καὶ ἁζόνων τε καὶ τροχιλιῶν, καὶ σαλπίγγων καὶ αὐλῶν καὶ συρίγγων καὶ πάντων ὀργάνων φωνάς, καὶ ἔτι κυνῶν καὶ προβάτων καὶ ὀρνέων φθόγγους· [397b] καὶ ἔσται δὴ ἡ τοῦτου λέξις ἅπασα διὰ μιμήσεως φωναῖς τε καὶ σχήμασιν, ἢ σμικρὸν τι διηγήσεως ἔχουσα;

Ἀνάγκη, ἔφη, καὶ τοῦτο.

Ταῦτα τοίνυν, ἦν δ' ἐγώ, ἔλεγον τὰ δύο εἶδη τῆς λέξεως.

Καὶ γὰρ ἔστιν, ἔφη.

Οὐκοῦν αὐτοῖν τὸ μὲν σμικρὰς τὰς μεταβολὰς ἔχει, καὶ ἐάν τις ἀποδιδῷ πρέπουσαν ἀρμονίαν καὶ ῥυθμὸν τῇ λέξει, ὀλίγου πρὸς τὴν αὐτὴν γίγνεται λέγειν τῷ ὀρθῶς λέγοντι καὶ ἐν μιᾷ ἀρμονίᾳ — σμικραὶ γὰρ αἱ μεταβολαὶ — καὶ δὴ καὶ ἐν [397c] ῥυθμῷ ὡσαύτως παραπλησίῳ τινί;

Κομιδῇ μὲν οὖν, ἔφη, οὕτως ἔχει.

Τί δὲ τὸ τοῦ ἐτέρου εἶδος; οὐ τῶν ἐναντίων δεῖται, πασῶν μὲν ἀρμονιῶν, πάντων δὲ ῥυθμῶν, εἰ μέλλει αὖ οἰκείως λέγεσθαι, διὰ τὸ παντοδαπὰς μορφὰς τῶν μεταβολῶν ἔχειν;

Καὶ σφόδρα γε οὕτως ἔχει.

Ἄρ' οὖν πάντες οἱ ποιηταὶ καὶ οἱ τι λέγοντες ἢ τῷ ἐτέρῳ τούτων ἐπιτυχάνουσιν τύπῳ τῆς λέξεως ἢ τῷ ἐτέρῳ ἢ ἐξ ἀμφοτέρων τινὶ συγκεραννύντες;

Ἀνάγκη, ἔφη.

[397d] Τί οὖν ποιήσομεν; ἦν δ' ἐγώ· πότερον εἰς τὴν πόλιν πάντας τούτους παραδεξόμεθα ἢ τῶν ἀκράτων τὸν ἕτερον ἢ τὸν κεκραμένον;

Ἐὰν ἡ ἐμή, ἔφη, νικᾷ, τὸν τοῦ ἐπεικοῦς μιμητὴν ἄκρατον.

Ἀλλὰ μὴν, ὦ Ἀδείμαντε, ἡδύς γε καὶ ὁ κεκραμένος, πολὺ δὲ ἡδιστος παισὶ τε καὶ παιδαγωγοῖς ὁ ἐναντίος οὗ σὺ αἰρή καὶ τῷ πλείστῳ ὄχλῳ.

Ἡδιστος γάρ.

Ἀλλ' ἴσως, ἦν δ' ἐγώ, οὐκ ἂν αὐτὸν ἀρμόττειν φαίης τῇ [397e] ἡμετέρᾳ πολιτείᾳ, ὅτι οὐκ ἔστιν διπλοῦς ἀνὴρ παρ' ἡμῖν οὐδὲ πολλαπλοῦς, ἐπειδὴ ἕκαστος ἐν πράττει.

Οὐ γὰρ οὖν ἀρμόττει.

Οὐκοῦν διὰ ταῦτα ἐν μόνῃ τῇ τοιαύτῃ πόλει τόν τε σκυτοτόμον σκυτοτόμον εὐρήσομεν καὶ οὐ κυβερνήτην πρὸς τῇ σκυτοτομίᾳ, καὶ τὸν γεωργὸν γεωργὸν καὶ οὐ δικαστὴν πρὸς τῇ γεωργίᾳ, καὶ τὸν πολεμικὸν πολεμικὸν καὶ οὐ χρηματιστὴν πρὸς τῇ πολεμικῇ, καὶ πάντας οὕτω;

Ἀληθῆ, ἔφη.

[398a] Ἄνδρα δὴ, ὥς ἔοικε, δυνάμενον ὑπὸ σοφίας παντοδαπὸν γίνεσθαι καὶ μιμεῖσθαι πάντα χρήματα, εἰ ἡμῖν ἀφίκοιτο εἰς τὴν πόλιν αὐτός τε καὶ τὰ ποιήματα βουλόμενος ἐπιδείξασθαι, προσκυνοῖμεν ἂν αὐτὸν ὥς ἱερὸν καὶ θαυμαστὸν καὶ ἡδύν, εἵπομεν δ' ἂν ὅτι οὐκ ἔστιν τοιοῦτος ἀνὴρ ἐν τῇ πόλει παρ' ἡμῖν οὔτε θέμις ἐγγενέσθαι, ἀποπέμποιμέν τε εἰς ἄλλην πόλιν μύρον κατὰ τῆς κεφαλῆς καταχέαντες καὶ ἐρίῳ στέψαντες, αὐτοὶ δ' ἂν τῷ

αὐστηροτέρῳ καὶ ἀηδεστέρῳ ποιητῇ [398b] χρώμεθα καὶ μυθολόγῳ ὠφελίας ἔνεκα, ὅς ἡμῖν τὴν τοῦ ἐπεικοῦς λέξιν μιμοῖτο καὶ τὰ λεγόμενα λέγοι ἐν ἐκείνοις τοῖς τύποις οἷς κατ' ἀρχὰς ἐνομοθετήσαμεθα, ὅτε τοὺς στρατιώτας ἐπεχειροῦμεν παιδεύειν.

Καὶ μάλ', ἔφη, οὕτως ἂν ποιοῖμεν, εἰ ἐφ' ἡμῖν εἴη.

Νῦν δὴ, εἶπον ἐγώ, ὦ φίλε, κινδυνεύει ἡμῖν τῆς μουσικῆς

τὸ περὶ λόγους τε καὶ μύθους παντελῶς διαπεπεράνθαι· ἅ τε γὰρ λεκτέον καὶ ὥς λεκτέον εἴρηται.

Καὶ αὐτῷ μοι δοκεῖ, ἔφη.

[398c] Οὐκοῦν μετὰ τοῦτο, ἦν δ' ἐγώ, τὸ περὶ ᾧδῆς τρόπου καὶ μελῶν λοιπόν;

Δῆλα δὴ.

Ἄρ' οὖν οὐ πᾶς ἤδη ἂν εὖροι ἃ ἡμῖν λεκτέον περὶ αὐτῶν οἷα δεῖ εἶναι, εἴπερ μέλλομεν τοῖς προειρημένοις συμφωνήσιν;

Καὶ ὁ Γλαῦκων ἐπιγέλασας, Ἐγὼ τοίνυν, ἔφη, ὦ Σώκρατες, κινδυνεύω ἐκτὸς τῶν πάντων εἶναι· οὐκουν ἱκανῶς γε ἔχω ἐν τῷ παρόντι συμβαλέσθαι ποῖα ἅττα δεῖ ἡμᾶς λέγειν· ὑποπτεύω μέντοι.

Πάντως δήπου, ἦν δ' ἐγώ, πρῶτον μὲν τόδε ἱκανῶς ἔχεις [398d] λέγειν, ὅτι τὸ μέλος ἐκ τριῶν ἐστὶν συγκεείμενον, λόγου τε καὶ ἁρμονίας καὶ ῥυθμοῦ.

Ναί, ἔφη, τοῦτό γε.

Οὐκοῦν ὅσον γε αὐτοῦ λόγος ἐστίν, οὐδὲν δήπου διαφέρει τοῦ μὴ ἁδομένου λόγου πρὸς τὸ ἐν τοῖς αὐτοῖς δεῖν τύποις λέγεσθαι οἷς ἄρτι προείπομεν καὶ ὡσαύτως;

Ἀληθῆ, ἔφη.

Καὶ μὴν τὴν γε ἁρμονίαν καὶ ῥυθμὸν ἀκολουθεῖν δεῖ τῷ λόγῳ.

Πῶς δ' οὐ;

Ἄλλὰ μέντοι θρήνων γε καὶ ὀδυρμῶν ἔφαμεν ἐν λόγοις οὐδὲν προσδεῖσθαι.

Οὐ γὰρ οὖν.

[398e] Τίνες οὖν θρηνώδεις ἀρμονίαι; λέγε μοι· σὺ γὰρ μουσικός.

Μειξολυδιστί, ἔφη, καὶ συντονολυδιστὶ καὶ τοιαῦταί τινες.

Οὐκοῦν αὗται, ἦν δ' ἐγώ, ἀφαιρετέαι; ἄχρηστοι γὰρ καὶ γυναιξιν ἄς δεῖ ἐπιεικεῖς εἶναι, μὴ ὅτι ἀνδράσι.

Πάνυ γε.

Ἄλλὰ μὴν μέθη γε φύλαξιν ἀπρεπέστατον καὶ μαλακία καὶ ἀργία.

Πῶς γὰρ οὖ;

Τίνες οὖν μαλακαὶ τε καὶ συμποτικαὶ τῶν ἀρμονιῶν;

Ἰαστί, ἦ δ' ὅς, καὶ λυδιστὶ αὖ τινες χαλαραὶ καλοῦνται.

[399a] Ταύταις οὖν, ὦ φίλε, ἐπὶ πολεμικῶν ἀνδρῶν ἔσθ' ὅτι χρήσι;

Οὐδαμῶς, ἔφη· ἀλλὰ κινδυνεύει σοι δωριστὶ λείπεσθαι καὶ φρυγιστί.

Οὐκ οἶδα, ἔφην ἐγώ, τὰς ἀρμονίας, ἀλλὰ κατάλειπε ἐκείνην τὴν ἀρμονίαν, ἣ ἐν τε πολεμικῇ πράξει ὄντος ἀνδρείου καὶ ἐν πάσῃ βιαίῳ ἐργασίᾳ πρεπόντως ἂν μιμήσαιο φθόγγους τε καὶ προσωδίας, καὶ ἀποτυχόντος ἢ εἰς τραύματα ἢ εἰς [399b] θανάτους ἰόντος ἢ εἰς τινα ἄλλην συμφορὰν πεσόντος, ἐν πᾶσι τούτοις παρατεταγμένως καὶ καρτερούντως ἀμυνομένου τὴν τύχην· καὶ ἄλλην αὖ ἐν εἰρηνικῇ τε καὶ μὴ βιαίῳ ἀλλ' ἐν ἐκουσίᾳ πράξει ὄντος, ἢ τινά τι πείθοντός τε καὶ δεομένου, ἢ εὐχῇ θεὸν ἢ διδαχῇ καὶ νουθετήσῃ ἀνθρώπων, ἢ τοῦναντίον ἄλλω δεομένῳ ἢ διδάσκοντι ἢ μεταπείθοντι ἑαυτὸν ἐπέχοντα, καὶ ἐκ τούτων πράξαντα κατὰ νοῦν, καὶ μὴ ὑπερηφάνως ἔχοντα, ἀλλὰ σωφρόνως τε καὶ μετρίως ἐν πᾶσι τούτοις [399c] πράττοντά τε καὶ τὰ ἀποβαίνοντα ἀγαπῶντα. ταύτας δύο ἀρμονίας, βίαιον, ἐκούσιον, δυστυχοῦντων, εὐτυχοῦντων, σωφρόνων, ἀνδρείων [ἀρμονίας] αἵτινες φθόγγους μιμήσονται κάλλιστα, ταύτας λείπε.

Ἄλλ', ἥ δ' ὅς, οὐκ ἄλλας αἰτεῖς λείπειν ἢ ἅς νυνδὴ ἐγὼ ἔλεγον.

Οὐκ ἄρα, ἦν δ' ἐγώ, πολυχорδίας γε οὐδὲ παναρμονίου ἡμῖν δεήσει ἐν ταῖς ψδαῖς τε καὶ μέλεσιν.

Οὐ μοι, ἔφη, φαίνεται.

Τριγώνων ἄρα καὶ πηκτίδων καὶ πάντων ὀργάνων ὅσα [399d] πολύχορδα καὶ πολυαρμόνια, δημιουργοὺς οὐ θρέψομεν.

Οὐ φαινόμεθα.

Τί δέ; αὐλοποιοὺς ἢ αὐλητὰς παραδέξῃ εἰς τὴν πόλιν; ἢ οὐ τοῦτο πολυχорδότατον, καὶ αὐτὰ τὰ παναρμόνια αὐλοῦ τυγχάνει ὄντα μίμημα;

Δῆλα δὴ, ἥ δ' ὅς.

Λύρα δὴ σοι, ἦν δ' ἐγώ, καὶ κιθάρα λείπεται [καὶ] κατὰ πόλιν χρήσιμα· καὶ αὖ κατ' ἀγροὺς τοῖς νομεῦσι σύριγξ ἅν τις εἴη.

Ὡς γοῦν, ἔφη, ὁ λόγος ἡμῖν σημαίνει.

[399e] Οὐδέν γε, ἦν δ' ἐγώ, καινὸν ποιοῦμεν, ὧ φίλε, κρίνοντας τὸν Ἀπόλλω καὶ τὰ τοῦ Ἀπόλλωνος ὄργανα πρὸ Μαρσίου τε καὶ τῶν ἐκείνου ὀργάνων. Μὰ Δία, ἥ δ' ὅς, οὐ μοι φαινόμεθα.

Καὶ νῆ τὸν κύνα, εἶπον, λελήθαμέν γε διακαθαίροντες πάλιν ἦν ἄρτι τρυφᾶν ἔφαμεν πόλιν.

Σωφρονοῦντές γε ἡμεῖς, ἥ δ' ὅς.

Ἴθι δὴ, ἔφην, καὶ τὰ λοιπὰ καθαίρωμεν. ἐπόμενον γὰρ δὴ ταῖς ἀρμονίαις ἂν ἡμῖν εἴη τὸ περὶ ρυθμούς, μὴ ποικίλους αὐτοὺς διώκειν μηδὲ παντοδαπὰς βάσεις, ἀλλὰ βίου ρυθμούς ἰδεῖν κοσμίῳ τε καὶ ἀνδρείῳ τίνες εἰσὶν· οὕς ἰδόντα τὸν [400a] πόδα τῷ τοιούτου λόγῳ ἀναγκάζειν ἔπεσθαι καὶ τὸ μέλος, ἀλλὰ μὴ λόγον ποδί τε καὶ μέλει. οἵτινες δ' ἂν εἶεν οὗτοι οἱ ρυθμοί, σὸν ἔργον, ὥσπερ τὰς ἀρμονίας, φράσαι.

Ἀλλὰ μὰ Δί', ἔφη, οὐκ ἔχω λέγειν. ὅτι μὲν γὰρ τρί' ἄττα ἐστὶν εἶδη

ἐξ ὧν αἱ βάσεις πλέκονται, ὥσπερ ἐν τοῖς φθόγγοις τέτταρα, ὅθεν αἱ παῖσαι ἀρμονίαι, τεθεαμένος ἂν εἵποιμι· ποῖα δὲ ὁποίου βίου μιμήματα, λέγειν οὐκ ἔχω.

[400b] Ἄλλα ταῦτα μὲν, ἦν δ' ἐγώ, καὶ μετὰ Δάμωνος βουλευσόμεθα, τίνες τε ἀνελευθερίας καὶ ὕβρεως ἢ μανίας καὶ ἄλλης κακίας πρέπουσαι βάσεις, καὶ τίνας τοῖς ἐναντίοις λειπτέον ρυθμούς· οἶμαι δέ με ἀκηκοέναι οὐ σαφῶς ἐνόπιόν τέ τινα ὀνομάζοντος αὐτοῦ σύνθετον καὶ δάκτυλον καὶ ἡρῶν γε, οὐκ οἶδα ὅπως διακοσμοῦντος καὶ ἴσον ἄνω καὶ κάτω τιθέντος, εἰς βραχὺ τε καὶ μακρὸν γιγνόμενον, καί, ὥς ἐγὼ οἶμαι, ἱαμβον καὶ τιν' ἄλλον τροχαῖον ὠνόμαζε, μήκη δὲ καὶ [400c] βραχύτητας προσῆπτε. καὶ τούτων τισὶν οἶμαι τὰς ἀγωγὰς τοῦ ποδὸς αὐτὸν οὐχ ἥττον ψέγειν τε καὶ ἐπαινεῖν ἢ τοὺς ρυθμούς αὐτούς — ἦτοι συναμφοτέρων τι· οὐ γὰρ ἔχω λέγειν — ἀλλὰ ταῦτα μὲν, ὥσπερ εἶπον, εἰς Δάμωνα ἀναβεβλήσθω· διελέσθαι γὰρ οὐ μικροῦ λόγου. ἢ σὺ οἶει;

Μὰ Δί', οὐκ ἔγωγε.

Ἄλλα τόδε γε, ὅτι τὸ τῆς εὐσχημοσύνης τε καὶ ἀσχημοσύνης τῷ εὐρύθμῳ τε καὶ ἀρρhythμῳ ἀκολουθεῖ, δύνασαι διελέσθαι;

Πῶς δ' οὐ;

[400d] Ἄλλα μὴν τὸ εὐρυθμόν γε καὶ τὸ ἀρρυθμον τὸ μὲν τῇ καλῇ λέξει ἔπεται ὁμοιούμενον, τὸ δὲ τῇ ἐναντίᾳ, καὶ τὸ εὐάρμοστον καὶ ἀνάρμοστον ὡσαύτως, εἶπερ ρυθμός γε καὶ ἀρμονία λόγῳ, ὥσπερ ἄρτι ἐλέγετο, ἀλλὰ μὴ λόγος τούτοις.

Ἄλλα μὴν, ἦ δ' ὅς, ταῦτά γε λόγῳ ἀκολουθητέον.

Τί δ' ὁ τρόπος τῆς λέξεως, ἦν δ' ἐγώ, καὶ ὁ λόγος; οὐ

τῷ τῆς ψυχῆς ἥθει ἔπεται;

Πῶς γὰρ οὐ;

Τῇ δὲ λέξει τὰ ἄλλα;

Ναί.

Εὐλογία ἄρα καὶ εὐαρμοστία καὶ εὐσχημοσύνη καὶ εὐρυθ[400ε]μία
εὐηθεία ἀκολουθεῖ, οὐχ ἦν ἄνοιαν οὖσαν ὑποκοριζόμενοι καλοῦμεν
[ὡς εὐήθειαν], ἀλλὰ τὴν ὡς ἀληθῶς εὖ τε καὶ καλῶς τὸ ἦθος
κατεσκευασμένην διάνοιαν.

Παντάπασι μὲν οὖν, ἔφη.

Ἄρ' οὖν οὐ πανταχοῦ ταῦτα διωκτέα τοῖς νέοις, εἰ μέλλουσι τὸ
αὐτῶν πράττειν;

Διωκτέα μὲν οὖν.

[401a] Ἔστιν δέ γέ που πλήρης μὲν γραφικὴ αὐτῶν καὶ πᾶσα ἡ
τοιαύτη δημιουργία, πλήρης δὲ ὑφαντικὴ καὶ ποικιλία καὶ οἰκοδομία
καὶ πᾶσα αὖ ἡ τῶν ἄλλων σκευῶν ἐργασία, ἔτι δὲ ἡ τῶν σωμάτων
φύσις καὶ ἡ τῶν ἄλλων φυτῶν· ἐν πᾶσι γὰρ τούτοις ἔνεστιν
εὐσχημοσύνη ἢ ἀσχημοσύνη. καὶ ἡ μὲν ἀσχημοσύνη καὶ ἀρρυθμία
καὶ ἀναρμοστία κακολογίας καὶ κακοηθείας ἀδελφά, τὰ δ' ἐναντία
τοῦ ἐναντίου, σὺφρονός τε καὶ ἀγαθοῦ ἥθους, ἀδελφά τε καὶ
μιμήματα.

Παντελῶς μὲν οὖν, ἔφη.

[401b] Ἄρ' οὖν τοῖς ποιηταῖς ἡμῖν μόνον ἐπιστατητέον καὶ
προσαναγκαστέον τὴν τοῦ ἀγαθοῦ εἰκόνα ἥθους ἐμποιεῖν τοῖς
ποιήμασιν ἢ μὴ παρ' ἡμῖν ποιεῖν, ἢ καὶ τοῖς ἄλλοις δημιουργοῖς
ἐπιστατητέον καὶ διακωλυτέον τὸ κακόηθες τοῦτο καὶ ἀκόλαστον καὶ
ἀνελεύθερον καὶ ἄσχημον μήτε ἐν εἰκόσι ζώων μήτε ἐν
οἰκοδομήμασι μήτε ἐν ἄλλῳ μηδενὶ δημιουργουμένῳ ἐμποιεῖν, ἢ ὁ
μὴ οἷός τε ὢν οὐκ ἐατέος παρ' ἡμῖν δημιουργεῖν, ἵνα μὴ ἐν κακίας
εἰκόσι τρεφόμενοι ἡμῖν οἱ [401c] φύλακες ὥσπερ ἐν κακῇ βοτάνῃ,
πολλὰ ἐκάστης ἡμέρας κατὰ σμικρὸν ἀπὸ πολλῶν δρεπόμενοί τε καὶ
νεμόμενοι, ἔν τι συνιστάντες λανθάνωσιν κακὸν μέγα ἐν τῇ αὐτῶν
ψυχῇ, ἀλλ' ἐκείνους ζητητέον τοὺς δημιουργοὺς τοὺς εὐφυῶς
δυναμένους ἰχνεύειν τὴν τοῦ καλοῦ τε καὶ εὐσχήμονος φύσιν, ἵνα
ὥσπερ ἐν ὑγιεινῷ τόπῳ οἰκοῦντες οἱ νέοι ἀπὸ παντὸς ὠφελῶνται,
ὁπόθεν ἂν αὐτοῖς ἀπὸ τῶν καλῶν ἔργων ἢ πρὸς ὄψιν ἢ πρὸς ἀκοήν τι
προσβάλῃ, ὥσπερ αὖρα φέρουσα ἀπὸ [401d] χρηστῶν τόπων
υἰγίαν, καὶ εὐθὺς ἐκ παίδων λανθάνῃ εἰς ὁμοιότητά τε καὶ φιλίαν

καὶ συμφωνίαν τῷ καλῷ λόγῳ ἄγουσα;

Πολὺ γὰρ ἂν, ἔφη, κάλλιστα οὕτω τραφεῖεν.

Ἄρ' οὖν, ἦν δ' ἐγώ, ὦ Γλαύκων, τούτων ἕνεκα κυριωτάτη ἐν μουσικῇ τροφή, ὅτι μάλιστα καταδύεται εἰς τὸ ἐντὸς τῆς ψυχῆς ὃ τε ῥυθμὸς καὶ ἁρμονία, καὶ ἐρρωμενέστατα ἅπτεται αὐτῆς φέροντα τὴν εὐσχημοσύνην, καὶ ποιεῖ εὐσχήμονα, [401e] ἐάν τις ὀρθῶς τραφῇ, εἰ δὲ μή, τοὺναντίον; καὶ ὅτι αὐτῶν παραλειπομένων καὶ μὴ καλῶς δημιουργηθέντων ἢ μὴ καλῶς φύντων ὀξύτατ' ἂν αἰσθάνοιτο ὁ ἐκεῖ τραφεὶς ὡς ἔδει, καὶ ὀρθῶς δὴ δυσχεραίνων τὰ μὲν καλὰ ἐπαινοῖ καὶ χαίρων καὶ καταδεχόμενος εἰς τὴν ψυχὴν τρέφοιτ' ἂν ἀπ' αὐτῶν καὶ [402a] γίγνοιτο καλὸς τε κάγαθός, τὰ δ' αἰσχροὶ ψέγοι τ' ἂν ὀρθῶς καὶ μισοῖ ἔτι νέος ὢν, πρὶν λόγον δυνατός εἶναι λαβεῖν, ἐλθόντος δὲ τοῦ λόγου ἀσπάζοιτ' ἂν αὐτὸν γνωρίζων δι' οἰκειότητα μάλιστα ὁ οὕτω τραφεὶς; Ἐμοὶ γοῦν δοκεῖ, ἔφη, τῶν τοιούτων ἕνεκα ἐν μουσικῇ εἶναι ἡ τροφή. Ὡσπερ ἄρα, ἦν δ' ἐγώ, γραμμάτων περὶ τότε ἱκανῶς εἶχομεν, ὅτε τὰ στοιχεῖα μὴ λανθάνοι ἡμᾶς ὀλίγα ὄντα ἐν ἅπασιν οἷς ἔστιν περιφερόμενα, καὶ οὐτ' ἐν σμικρῷ οὐτ' ἐν [402b] μεγάλῳ ἡτιμάζομεν αὐτά, ὡς οὐ δέοι αἰσθάνεσθαι, ἀλλὰ πανταχοῦ προυθυμούμεθα διαγιγνώσκειν, ὡς οὐ πρότερον ἐσόμενοι γραμματικοὶ πρὶν οὕτως ἔχοιμεν — Ἀληθῆ.

Οὐκοῦν καὶ εἰκόνας γραμμάτων, εἴ που ἢ ἐν ὕδασιν ἢ ἐν κατόπτροις ἐμφαίνοντο, οὐ πρότερον γνωσόμεθα, πρὶν ἂν αὐτὰ γνῶμεν, ἀλλ' ἔστιν τῆς αὐτῆς τέχνης τε καὶ μελέτης;

Παντάπασι μὲν οὖν.

Ἄρ' οὖν, ὁ λέγω, πρὸς θεῶν, οὕτως οὐδὲ μουσικοὶ πρό[402c]τερον ἐσόμεθα, οὔτε αὐτοὶ οὔτε οὓς φαμεν ἡμῖν παιδευτέον εἶναι τοὺς φύλακας, πρὶν ἂν τὰ τῆς σωφροσύνης εἶδη καὶ ἀνδρείας καὶ ἐλευθεριότητος καὶ μεγαλοπρεπειίας καὶ ὅσα τούτων ἀδελφὰ καὶ τὰ τούτων αὐτῶν ἐναντία πανταχοῦ περιφερόμενα γνωρίζωμεν καὶ ἐνόντα ἐν οἷς ἔνεστιν αἰσθανώμεθα καὶ αὐτὰ καὶ εἰκόνας αὐτῶν, καὶ μήτε ἐν σμικροῖς μήτε ἐν μεγάλοις ἀτιμάζομεν, ἀλλὰ τῆς αὐτῆς οἴωμεθα τέχνης εἶναι καὶ μελέτης;

Πολλὴ ἀνάγκη, ἔφη.

[402d] Οὐκοῦν, ἦν δ' ἐγώ, ὅτου ἂν συμπίπτῃ ἔν τε τῇ ψυχῇ καλὰ ἦθη ἐνόντα καὶ ἐν τῷ εἶδει ὁμολογοῦντα ἐκείνοις καὶ συμφωνοῦντα, τοῦ αὐτοῦ μετέχοντα τύπου, τοῦτ' ἂν εἴη κάλλιστον θέαμα τῷ δυναμένῳ θεᾶσθαι;

Πολύ γε.

Καὶ μὴν τό γε κάλλιστον ἐρασιμώτατον;

Πῶς δ' οὐ;

Τῶν δὴ ὅτι μάλιστα τοιούτων ἀνθρώπων ὃ γε μουσικὸς ἐρώη ἄν· εἰ δὲ ἀσύμφωνος εἴη, οὐκ ἂν ἐρώη.

Οὐκ ἂν, εἰ γέ τι, ἔφη, κατὰ τὴν ψυχὴν ἐλλείποι· εἰ μέντοι τι κατὰ τὸ σῶμα, ὑπομείνειεν ἂν ὥστε ἐθέλῃν [402e] ἀσπάζεσθαι.

Μανθάνω, ἦν δ' ἐγώ· ὅτι ἔστιν σοι ἢ γέγονεν παιδικὰ τοιαῦτα, καὶ συγχωρῶ. ἀλλὰ τόδε μοι εἰπέ· σωφροσύνη καὶ ἡδονὴ ὑπερβαλλούση ἔστι τις κοινωνία;

Καὶ πῶς; ἔφη, ἢ γε ἔκφρονα ποιεῖ οὐχ ἥττον ἢ λύπη;

Ἀλλὰ τῇ ἄλλῃ ἀρετῇ;

[403a] Οὐδαμῶς.

Τί δέ; ὕβρει τε καὶ ἀκολασίᾳ;

Πάντων μάλιστα.

Μεῖζω δέ τινα καὶ ὀξυτέραν ἔχεις εἰπεῖν ἡδονὴν τῆς περὶ τὰ ἀφροδίσια;

Οὐκ ἔχω, ἦ δ' ὅς, οὐδέ γε μανικωτέραν.

Ὁ δὲ ὀρθὸς ἔρως πέφυκε κοσμίῳ τε καὶ καλοῦ σωφρόνως τε καὶ μουσικῶς ἐρᾷ;

Καὶ μάλα, ἦ δ' ὅς.

Οὐδὲν ἄρα προσοιστέον μανικὸν οὐδὲ συγγενὲς ἀκολασίας τῷ ὀρθῷ ἔρωτι;

Οὐ προσοιστέον.

[403b] Οὐ προσοιστέον ἄρα αὕτη ἡ ἡδονή, οὐδὲ κοινωνητέον αὐτῆς ἐραστῇ τε καὶ παιδικοῖς ὀρθῶς ἐρῶσί τε καὶ ἐρωμένοις;

Οὐ μέντοι μὰ Δί', ἔφη, ὦ Σώκρατες, προσοιστέον.

Οὕτω δὴ, ὡς ἔοικε, νομοθετήσεις ἐν τῇ οἰκίζομένῃ πόλει φιλεῖν μὲν καὶ συνεῖναι καὶ ἄπτεσθαι ὥσπερ ὑέος παιδικῶν ἐραστήν, τῶν καλῶν χάριν, ἐὰν πείθῃ, τὰ δ' ἄλλα οὕτως ὁμιλεῖν πρὸς ὃν τις σπουδάζει, ὅπως μηδέποτε δόξει μα[403c]κρότερα τούτων συγγίγνεσθαι· εἰ δὲ μή, ψόγον ἀμουσίας καὶ ἀπειροκαλίας ὑφέζοντα.

Οὕτως, ἔφη.

Ἄρ' οὖν, ἦν δ' ἐγώ, καὶ σοὶ φαίνεται τέλος ἡμῖν ἔχειν ὁ περὶ μουσικῆς λόγος; οἱ γοῦν δεῖ τελευτᾶν, τετελεύτηκεν· δεῖ δέ που τελευτᾶν τὰ μουσικὰ εἰς τὰ τοῦ καλοῦ ἐρωτικά.

Σύμφημι, ἦ δ' ὅς.

Μετὰ δὴ μουσικὴν γυμναστικὴν θεραπεῖοι οἱ νεανίαί.

Τί μήν;

Δεῖ μὲν δὴ καὶ ταύτη ἀκριβῶς τρέφεσθαι ἐκ παίδων διὰ [403d] βίου. ἔχει δέ πως, ὡς ἐγὼμαι, ὧδε· σκόπει δὲ καὶ σύ. ἐμοὶ μὲν γὰρ οὐ φαίνεται, ὃ ἂν χρηστὸν ἦ σῶμα, τοῦτο τῇ αὐτοῦ ἀρετῇ ψυχὴν ἀγαθὴν ποιεῖν, ἀλλὰ τοῦναντίον ψυχὴ ἀγαθὴ τῇ αὐτῆς ἀρετῇ σῶμα παρέχειν ὡς οἷόν τε βέλτιστον· σοὶ δὲ πῶς φαίνεται;

Καὶ ἐμοί, ἔφη, οὕτως.

Οὐκοῦν εἰ τὴν διάνοιαν ἱκανῶς θεραπεύσαντες παραδοῖμεν αὐτῇ τὰ περὶ τὸ σῶμα ἀκριβολογεῖσθαι, ἡμεῖς δὲ ὅσον τοὺς [403e] τύπους ὑφηγησαίμεθα, ἵνα μὴ μακρολογῶμεν, ὀρθῶς ἂν ποιοῖμεν;

Πάνυ μὲν οὖν.

Μέθης μὲν δὴ εἵπομεν ὅτι ἀφεκτέον αὐτοῖς· παντὶ γάρ που μᾶλλον ἐγγωρεῖ ἢ φύλακι μεθυσθέντι μὴ εἰδέναι ὅπου γῆς ἐστίν.

Γελοῖον γάρ, ἥ δ' ὅς, τόν γε φύλακα φύλακος δεῖσθαι.

Τί δὲ δὴ σίτων πέρι; ἀθληταὶ μὲν γὰρ οἱ ἄνδρες τοῦ μεγίστου ἀγῶνος. ἢ οὐχί;

Ναί. [404a] Ἔαρ' οὖν ἡ τῶνδε τῶν ἀσκητῶν ἕξις προσήκουσ' ἂν εἴη τούτοις;

Ἴσως.

Ἄλλ', ἣν δ' ἐγώ, ὑπνώδης αὕτη γέ τις καὶ σφαλερὰ πρὸς ὑγίειαν. ἢ οὐχ ὀρθῶς ὅτι καθεύδουσί τε τὸν βίον καί, ἐὰν σμικρὰ ἐκβῶσιν τῆς τεταγμένης διαίτης, μεγάλα καὶ σφόδρα νοσοῦσιν οὗτοι οἱ ἀσκηταί;

Ὅρῳ.

Κομποτέρας δὴ τινος, ἣν δ' ἐγώ, ἀσκήσεως δεῖ τοῖς πολεμικοῖς ἀθληταῖς, οὓς γε ὥσπερ κύνας ἀγρύπνους τε ἀνάγκη εἶναι καὶ ὅτι μάλιστα ὁξὺ ὀρᾶν καὶ ἀκούειν καὶ πολλὰς μεταβολὰς ἐν ταῖς στρατείαις μεταβάλλοντας ὑδάτων τε καὶ τῶν ἄλλων σίτων καὶ εἰλήσεων καὶ χειμῶνων μὴ ἀκροσφαλεῖς εἶναι πρὸς ὑγίειαν.

Φαίνεται μοι.

Ἔαρ' οὖν ἡ βελτίστη γυμναστικὴ ἀδελφὴ τις ἂν εἴη τῆς ἀπλῆς μουσικῆς ἣν ὀλίγον πρότερον διῆμμεν;

Πῶς λέγεις;

Ἀπλῇ που καὶ ἐπιεικῆς γυμναστικῇ, καὶ μάλιστα ἡ τῶν περὶ τὸν πόλεμον.

Πῇ δὴ;

Καὶ παρ' Ὀμήρου, ἣν δ' ἐγώ, τά γε τοιαῦτα μάθοι ἂν τις. οἶσθα γὰρ ὅτι ἐπὶ στρατιᾷς ἐν ταῖς τῶν ἡρώων ἐστιάσεσιν οὔτε ἰχθύσιν αὐτοὺς ἐστιᾶ, καὶ ταῦτα ἐπὶ [404c] θαλάττῃ ἐν Ἑλλησπόντῳ ὄντας, οὔτε ἐφθοῖς κρέασιν ἀλλὰ μόνον ὀπτοῖς, ἃ δὴ μάλιστ' ἂν εἴη στρατιώταις εὖπορα· πανταχοῦ γὰρ ὥς ἔπος εἰπεῖν αὐτῷ τῷ πυρὶ χρῆσθαι εὐπορώτερον ἢ ἀγγεῖα συμπεριφέρειν.

Καὶ μάλα.

Οὐδὲ μὴν ἡδυσμάτων, ὥς ἐγῴμαι, Ὅμηρος πώποτε ἐμνήσθη. ἢ τοῦτο μὲν καὶ οἱ ἄλλοι ἀσκηταὶ ἴσασιν, ὅτι τῷ μέλλοντι σώματι εὖ ἔξειν ἀφεκτέον τῶν τοιούτων ἀπάντων;

Καὶ ὀρθῶς γε, ἔφη, ἴσασί τε καὶ ἀπέχονται.

[404d] Συρακοσίαν δέ, ὃ φίλε, τράπεζαν καὶ Σικελικὴν ποικιλίαν ὄψου, ὥς ἔοικας, οὐκ αἰνεῖς, εἴπερ σοι ταῦτα δοκεῖ ὀρθῶς ἔχειν.

Οὐ μοι δοκῶ.

Ψέγεις ἄρα καὶ Κορινθίαν κόρην φύλην εἶναι ἀνδράσιν μέλλουσιν εὖ σώματος ἔξειν.

Παντάπασι μὲν οὖν.

Οὐκοῦν καὶ Ἀττικῶν περμμάτων τὰς δοκούσας εἶναι εὐπαθείας;

Ἀνάγκη.

Ὅλην γὰρ οἶμαι τὴν τοιαύτην σίτησιν καὶ δίαιταν τῇ μελοποιίᾳ τε καὶ ᾠδῇ τῇ ἐν τῷ παναρμονίῳ καὶ ἐν πᾶσι [404e] ῥυθμοῖς πεποιημένη ἀπεικάζοντες ὀρθῶς ἂν ἀπεικάζοιμεν.

Πῶς γὰρ οὐ;

Οὐκοῦν ἐκεῖ μὲν ἀκολασίαν ἢ ποικιλίᾳ ἐνέτικτεν, ἐνταῦθα δὲ νόσον, ἢ δὲ ἀπλότης κατὰ μὲν μουσικὴν ἐν ψυχᾷς

σωφροσύνην, κατὰ δὲ γυμναστικὴν ἐν σώμασιν ὑγίειαν;

Ἀληθέστατα, ἔφη.

[405a] Ἀκολασίας δὲ καὶ νόσων πληθυσουσῶν ἐν πόλει ἅρ' οὐ δικαστήριά τε καὶ ἰατρεῖα πολλὰ ἀνοίγεται, καὶ δικανικὴ τε καὶ ἰατρικὴ σεμνύνονται, ὅταν δὴ καὶ ἐλεύθεροι πολλοὶ καὶ σφόδρα περὶ αὐτὰ σπουδάζωσιν;

Τί γὰρ οὐ μέλλει;

Τῆς δὲ κακῆς τε καὶ αἰσχροῦς παιδείας ἐν πόλει ἅρα μὴ τι μεῖζον ἔξεις

λαβεῖν τεκμήριον ἢ τὸ δεῖσθαι ἰατρῶν καὶ δικαστῶν ἄκρων μὴ μόνον τοὺς φαύλους τε καὶ χειροτέχνας, ἀλλὰ καὶ τοὺς ἐν ἐλευθέρῳ σχήματι προσποιουμένους τε[405b] θράφθαι; ἢ οὐκ αἰσχρὸν δοκεῖ καὶ ἀπαιδευσίας μέγα τεκμήριον τὸ ἐπακτῷ παρ' ἄλλων, ὡς δεσποτῶν τε καὶ κριτῶν, τῷ δικαίῳ ἀναγκάζεσθαι χρῆσθαι, καὶ ἀπορίᾳ οἰκεῖον;

Πάντων μὲν οὖν, ἔφη, αἰσχιστον.

Ἥ δοκεῖ σοι, ἦν δ' ἐγώ, τούτου αἰσχιον εἶναι τοῦτο, ὅταν δὴ τις μὴ μόνον τὸ πολὺ τοῦ βίου ἐν δικαστηρίοις φεύγων τε καὶ διώκων κατατρίβηται, ἀλλὰ καὶ ὑπὸ ἀπειροκαλίας ἐπ' αὐτῷ δὴ τούτῳ πεισθῇ καλλωπίζεσθαι, ὡς δεινὸς [405c] ὢν περὶ τὸ ἀδικεῖν καὶ ἱκανὸς πάσας μὲν στροφὰς στρέφεσθαι, πάσας δὲ διεξόδους διεξελθὼν ἀποστραφεῖναι λυγίζόμενος, ὥστε μὴ παρασχεῖν δίκην, καὶ ταῦτα σμικρῶν τε καὶ οὐδενὸς ἀξίων ἔνεκα, ἀγνοῶν ὅσῳ κάλλιον καὶ ἄμεινον τὸ παρασκευάζειν τὸν βίον αὐτῷ μηδὲν δεῖσθαι νυστάζοντος δικαστοῦ;

Οὐκ, ἀλλὰ τοῦτ', ἔφη, ἐκείνου ἔτι αἰσχιον.

Τὸ δὲ ἱατρικῆς, ἦν δ' ἐγώ, δεῖσθαι ὅτι μὴ τραυμάτων ἔνεκα ἢ τινων ἐπετείων νοσημάτων ἐπιπεσόντων, ἀλλὰ δι' [405d] ἀργίαν τε καὶ δίαιταν οἷαν διήλθομεν, ρευμάτων τε καὶ πνευμάτων ὥσπερ λίμνας ἐμπιπλαμένους φύσας τε καὶ κατάρρους νοσήμασιν ὀνόματα τίθεσθαι ἀναγκάζειν τοὺς κομψοὺς Ἀσκληπιάδας, οὐκ αἰσχρὸν δοκεῖ; Καὶ μάλ', ἔφη· ὡς ἀληθῶς καινὰ ταῦτα καὶ ἄτοπα νοσημάτων ὀνόματα.

Οἶα, ἦν δ' ἐγώ, ὡς οἶμαι, οὐκ ἦν ἐπ' Ἀσκληπιοῦ. [405e] τεκμαίρομαι δέ, ὅτι αὐτοῦ οἱ ὑεῖς ἐν Τροίᾳ Εὐρυπύλῳ τετρωμένῳ ἐπ' οἶνον Πράμνειον ἄλφιστα πολλὰ ἐπιπασθέντα [406a] καὶ τυρὸν ἐπιξυσθέντα, ἃ δὴ δοκεῖ φλεγματώδη εἶναι, οὐκ ἐμέμψαντο τῇ δούσῃ πιεῖν, οὐδὲ Πατρόκλῳ τῷ ἰωμένῳ ἐπετίμησαν.

Καὶ μὲν δὴ, ἔφη, ἄτοπὸν γε τὸ πῶμα οὕτως ἔχοντι.

Οὐκ, εἰ γ' ἐννοεῖς, εἶπον, ὅτι τῇ παιδαγωγικῇ τῶν νοσημάτων ταύτῃ τῇ νῦν ἱατρικῇ πρὸ τοῦ Ἀσκληπιάδα οὐκ ἐχρῶντο, ὡς φασι, πρὶν

Ἡρόδικον γενέσθαι· Ἡρόδικος δὲ παιδοτρίβης ὢν καὶ νοσώδης γενόμενος, μείζας γυμναστικὴν [406b] ἱατρικῇ, ἀπέκναισε πρῶτον μὲν καὶ μάλιστα ἑαυτόν, ἔπειτ' ἄλλους ὕστερον πολλούς.

Πῇ δὴ; ἔφη.

Μακρόν, ἦν δ' ἐγώ, τὸν θάνατον αὐτῷ ποιήσας. παρακολουθῶν γὰρ τῷ νοσήματι θανασίμῳ ὄντι οὔτε ἰάσασθαι οἶμαι οἷός τ' ἦν ἑαυτόν, ἐν ἀσχολίᾳ τε πάντων ἰατρευόμενος διὰ βίου ἔζη, ἀποκναιόμενος εἴ τι τῆς εἰωθυίας διαίτης ἐκβαίῃ, δυσθανατῶν δὲ ὑπὸ σοφίας εἰς γῆρας ἀφίκετο.

Καλὸν ἄρα τὸ γέρας, ἔφη, τῆς τέχνης ἠνέγκατο.

[406c] Οἷον εἰκός, ἦν δ' ἐγώ, τὸν μὴ εἰδότα ὅτι Ἀσκληπιὸς οὐκ ἀγνοίᾳ οὐδὲ ἀπειρίᾳ τούτου τοῦ εἶδους τῆς ἱατρικῆς τοῖς ἐκγόνοις οὐ κατέδειξεν αὐτό, ἀλλ' εἰδὼς ὅτι πᾶσι τοῖς εὐνομουμένοις ἔργον τι ἐκάστω ἐν τῇ πόλει προστέτακται, ὃ ἀναγκαῖον ἐργάζεσθαι, καὶ οὐδενὶ σχολὴ διὰ βίου κάμνειν ἰατρευόμενῳ. ὃ ἡμεῖς γελοίως ἐπὶ μὲν τῶν δημιουργῶν αἰσθανόμεθα, ἐπὶ δὲ τῶν πλουσίων τε καὶ εὐδαιμόνων δοκούντων εἶναι οὐκ αἰσθανόμεθα.

Πῶς; ἔφη.

[406d] Τέκτων μὲν, ἦν δ' ἐγώ, κάμνων ἀξιοῖ παρὰ τοῦ ἱατροῦ φάρμακον πιὼν ἐξεμέσαι τὸ νόσημα, ἢ κάτω καθαρθεῖς ἢ καύσει ἢ τομῇ χρησάμενος ἀπηλλάχθαι· ἐὰν δέ τις αὐτῷ μακρὰν δίαιταν προστάτῃ, πιλιδία τε περὶ τὴν κεφαλὴν περιτιθεῖς καὶ τὰ τούτοις ἐπόμενα, ταχὺ εἶπεν ὅτι οὐ σχολὴ κάμνειν οὐδὲ λυσιτελεῖ οὕτω ζῆν, νοσήματι τὸν νοῦν προσέχοντα, τῆς δὲ προκειμένης ἐργασίας ἀμελοῦντα. καὶ μετὰ ταῦτα χαίρειν [406e] εἰπὼν τῷ τοιούτῳ ἱατρῷ, εἰς τὴν εἰωθυῖαν δίαιταν ἐμβάς, ὑγιὲς γενόμενος ζῇ τὰ ἑαυτοῦ πράττων· ἐὰν δὲ μὴ ἱκανὸν ᾖ τὸ σῶμα ὑπενεγκεῖν, τελευτήσαςπραγμάτων ἀπηλλάγη.

Καὶ τῷ τοιούτῳ μὲν γ', ἔφη, δοκεῖ πρέπειν οὕτω ἱατρικῇ χρῆσθαι.

[407a] Ἄρα, ἦν δ' ἐγώ, ὅτι ἦν τι αὐτῷ ἔργον, ὃ εἰ μὴ πράττοι, οὐκ ἔλυσιτέλει ζῆν;

Δῆλον, ἔφη.

Ὁ δὲ δὴ πλούσιος, ὥς φαμεν, οὐδὲν ἔχει τοιοῦτον ἔργον προκείμενον, οὗ ἀναγκαζομένῳ ἀπέχεσθαι ἀβίωτον.

Οὕκουν δὴ λέγεται γε.

Φωκυλίδου γάρ, ἣν δ' ἐγώ, οὐκ ἀκούεις πῶς φησι δεῖν, ὅταν τῷ ἤδη βίος ᾗ, ἀρετὴν ἀσκεῖν.

Οἶμαι δέ γε, ἔφη, καὶ πρότερον.

Μηδέν, εἶπον, περὶ τούτου αὐτῷ μαχώμεθα, ἀλλ' ἡμᾶς αὐτοὺς διδάζωμεν πότερον μελετητέον τοῦτο τῷ πλουσίῳ [407b] καὶ ἀβίωτον τῷ μὴ μελετῶντι, ἢ νοσοτροφία τεκτονικῇ μὲν καὶ ταῖς ἄλλαις τέχναις ἐμπόδιον τῇ προσέξει τοῦ νοῦ, τὸ δὲ Φωκυλίδου παρακέλευμα οὐδὲν ἐμποδίζει.

Ναὶ μὰ τὸν Δία, ἣ δ' ὅς. σχεδόν γέ τι πάντων μάλιστα ἢ γε περαιτέρω γυμναστικῆς ἢ περιττῇ αὕτῃ ἐπιμέλεια τοῦ σώματος· καὶ γὰρ πρὸς οἰκονομίας καὶ πρὸς στρατείας καὶ πρὸς ἐδραίους ἐν πόλει ἀρχὰς δύσκολος.

Τὸ δὲ δὴ μέγιστον, ὅτι καὶ πρὸς μαθήσεις ἀστινασοῦν καὶ [407c] ἐννοήσεις τε καὶ μελέτας πρὸς ἑαυτὸν χαλεπῇ, κεφαλῇς τινὰς ἀεὶ διατάσεις καὶ ἰλίγγους ὑποπεύουσα καὶ αἰτιωμένη ἐκ φιλοσοφίας ἐγγίγνεσθαι, ὥστε, ὅπῃ ταύτῃ ἀρετὴ ἀσκεῖται καὶ δοκιμάζεται, πάντῃ ἐμπόδιος· κάμνειν γὰρ οἶεσθαι ποιεῖ ἀεὶ καὶ ὠδίνοντα μήποτε λήγειν περὶ τοῦ σώματος.

Εἰκός γε, ἔφη.

Οὕκουν ταῦτα γινώσκοντα φῶμεν καὶ Ἀσκληπιὸν τοὺς μὲν φύσει τε καὶ διαίτῃ ὑγιεινῶς ἔχοντας τὰ σώματα, [407d] νόσημα δέ τι ἀποκεκριμένον ἴσχοντας ἐν αὐτοῖς, τούτοις μὲν καὶ ταύτῃ τῇ ἔξει καταδειῖναι ἰατρικὴν, φαρμάκοις τε καὶ τομαῖς τὰ νοσήματα ἐκβάλλοντα αὐτῶν τὴν εἰωθυῖαν προστάττειν δίαιταν, ἵνα μὴ τὰ πολιτικὰ βλάπτοι, τὰ δ' εἴσω διὰ παντὸς νενοσηκότα σώματα οὐκ ἐπιχειρεῖν διαίταις κατὰ σμικρὸν ἀπαντλοῦντα καὶ ἐπιχέοντα μακρὸν καὶ κακὸν βίον ἀνθρώπῳ ποιεῖν, καὶ ἔκγονα αὐτῶν, ὥς τὸ εἰκός,

ἕτερα τοιαῦτα φυτεύειν, ἀλλὰ τὸν μὴ δυνάμενον ἐν τῇ καθεστηκυίᾳ [407e] περιόδῳ ζῆν μὴ οἶσθαι δεῖν θεραπεύειν, ὥς οὔτε αὐτῷ οὔτε πόλει λυσιτελεῖ;

Πολιτικόν, ἔφη, λέγεις Ἀσκληπιόν.

Δῆλον, ἦν δ' ἐγώ· καὶ οἱ παῖδες αὐτοῦ, ὅτι τοιοῦτος ἦν, [408a] οὐχ ὁρᾷς ὥς καὶ ἐν Τροίᾳ ἀγαθοὶ πρὸς τὸν πόλεμον ἐφάνησαν, καὶ τῇ ἱατρικῇ, ὥς ἐγὼ λέγω, ἐχρῶντο; ἢ οὐ μέμνησαι ὅτι καὶ τῷ Μενέλεω ἐκ τοῦ τραύματος οὗ ὁ Πάνδαρος ἔβαλεν —

αἶψ' ἐκμυζήσαντες ἐπ' ἥπια φάρμακ' ἔπασσον,

ὅτι δ' ἐχρῆν μετὰ τοῦτο ἢ πιεῖν ἢ φαγεῖν οὐδὲν μᾶλλον ἢ τῷ Εὐρυπύλῳ προσέταττον, ὥς ἱκανῶν ὄντων τῶν φαρμάκων ἰάσασθαι ἄνδρας πρὸ τῶν τραυμάτων ὑγιεινούς τε καὶ [408b] κοσμίους ἐν διαίτῃ, κἂν εἰ τύχοιεν ἐν τῷ παραχρῆμα κυκεῶνα πiónτες, νοσῶδη δὲ φύσει τε καὶ ἀκόλαστον οὔτε αὐτοῖς οὔτε τοῖς ἄλλοις ᾤοντο λυσιτελεῖν ζῆν, οὐδ' ἐπὶ τούτοις τὴν τέχνην δεῖν εἶναι, οὐδὲ θεραπευτέον αὐτούς, οὐδ' εἰ Μίδου πλουσιώτεροι εἶεν.

Πάνυ κομπούς, ἔφη, λέγεις Ἀσκληπιοῦ παῖδας.

Πρέπει, ἦν δ' ἐγώ, καίτοι ἀπειθοῦντές γε ἡμῖν οἱ τραγωδοποιοί τε καὶ Πίνδαρος Ἀπόλλωνος μὲν φασιν Ἀσκληπιὸν εἶναι, ὑπὸ δὲ χρυσοῦ πεισθῆναι πλούσιον ἄνδρα θανάσιμον [408c] ἤδη ὄντα ἰάσασθαι, ὅθεν δὴ καὶ κεραυνωθῆναι αὐτόν. ἡμεῖς δὲ κατὰ τὰ προειρημένα οὐ πεισόμεθα αὐτοῖς ἀμφοτέρα, ἀλλ' εἰ μὲν θεοῦ ἦν, οὐκ ἦν, φήσομεν, αἰσχροκερδής· εἰ δ' αἰσχροκερδής, οὐκ ἦν θεοῦ.

Ὁρθότατα, ἦ δ' ὅς, ταῦτά γε. ἀλλὰ περὶ τοῦδε τί λέγεις, ὦ Σώκρατες; ἄρ' οὐκ ἀγαθοὺς δεῖ ἐν τῇ πόλει κεκτῆσθαι ἱατρούς; εἶεν δ' ἂν που μάλιστα τοιοῦτοι ὅσοι [408d] πλείστους μὲν ὑγιεινούς, πλείστους δὲ νοσώδεις μετεχειρίσαντο, καὶ δικασταὶ αὖ ὡσαύτως οἱ παντοδαπαῖς φύσεσιν ὠμилήκότες.

Καὶ μάλα, εἶπον, ἀγαθοὺς λέγω. ἀλλ' οἴσθα οὕς ἡγοῦμαι τοιούτους;

Ἄν εἴπῃς, ἔφη.

Ἄλλὰ πειράσομαι, ἦν δ' ἐγώ· σὺ μέντοι οὐχ ὅμοιον πρᾶγμα τῷ αὐτῷ λόγῳ ἦρου.

Πῶς; ἔφη.

Ἰατροὶ μὲν, εἶπον, δεινότατοι ἂν γένοιτο, εἰ ἐκ παίδων ἀρξάμενοι πρὸς τῷ μανθάνειν τὴν τέχνην ὥς πλείστοις τε καὶ πονηροτάτοις σώμασιν ὁμιλήσειαν καὶ αὐτοὶ πάσας [408e] νόσους κάμοιεν καὶ εἶεν μὴ πάνυ ὑγιεῖν φύσει. οὐ γὰρ οἶμαι σῶματι σῶμα θεραπεύουσιν — οὐ γὰρ ἂν αὐτὰ ἐνεχῶρει κακὰ εἶναι ποτε καὶ γενέσθαι — ἀλλὰ ψυχῇ σῶμα, ἧ οὐκ ἐγχωρεῖ κακὴν γενομένην τε καὶ οὕσαν εὖ τι θεραπεύειν.

Ὅρθῶς, ἔφη.

[409a] Δικαστὴς δέ γε, ὃ φίλε, ψυχῇ ψυχῆς ἄρχει, ἧ οὐκ ἐγχωρεῖ ἐκ νέας ἐν πονηραῖς ψυχαῖς τεθράφθαι τε καὶ ὠμιληκέναι καὶ πάντα ἀδικήματα αὐτὴν ἡδίκηκυϊαν διεξεληλυθέναι, ὥστε ὀξέως ἂφ' αὐτῆς τεκμαίρεσθαι τὰ τῶν ἄλλων ἀδικήματα οἷον κατὰ σῶμα νόσους· ἀλλ' ἄπειρον αὐτὴν καὶ ἀκέραιον δεῖ κακῶν ἡθῶν νέαν οὕσαν γεγενέσθαι, εἰ μέλλει καλὴ καγαθὴ οὕσα κρινεῖν ὑγιῶς τὰ δίκαια. διὸ δὴ καὶ εὐήθεις νέοι ὄντες οἱ ἐπιεικεῖς φαίνονται καὶ εὐεξαπάτητοι [409b] ὑπὸ τῶν ἀδίκων, ἅτε οὐκ ἔχοντες ἐν ἑαυτοῖς παραδείγματα ὁμοιοπαθῇ τοῖς πονηροῖς.

Καὶ μὲν δὴ, ἔφη, σφόδρα γε αὐτὸ πάσχουσι.

Τῷ τοι, ἦν δ' ἐγώ, οὐ νέον ἀλλὰ γέροντα δεῖ τὸν ἀγαθὸν δικαστὴν εἶναι, ὁψιμαθῇ γεγονότα τῆς ἀδικίας οἷόν ἐστιν, οὐκ οἰκείαν ἐν τῇ αὐτοῦ ψυχῇ ἐνοῦσαν ἡσθημένον, ἀλλ' ἄλλοτρίαν ἐν ἄλλοτρίαις μεμελετηκότα ἐν πολλῷ χρόνῳ διαισθάνεσθαι οἷον πέφυκε κακόν, ἐπιστήμη, οὐκ [409c] ἐμπειρία οἰκεία κεκρημένον.

Γενναιότατος γοῦν, ἔφη, ἔοικεν εἶναι ὁ τοιοῦτος δικαστής.

Καὶ ἀγαθός γε, ἦν δ' ἐγώ, ὃ σὺ ἡρώτας· ὁ γὰρ ἔχων ψυχὴν ἀγαθὴν ἀγαθός. ὁ δὲ δεινὸς ἐκεῖνος καὶ καχύποπτος, ὁ πολλὰ αὐτὸς ἡδίκηκῶς καὶ πανοῦργός τε καὶ σοφὸς οἰόμενος εἶναι, ὅταν μὲν ὁμοίοις ὁμιλῇ, δεινὸς φαίνεται ἐξευλαβούμενος, πρὸς τὰ ἐν αὐτῷ παραδείγματα ἀποσκοπῶν· ὅταν δὲ ἀγαθοῖς καὶ πρεσβυτέροις ἤδη

πλησιάζει, ἀβέλτερος [409d] αὐτῷ φαίνεται, ἀπιστῶν παρὰ καιρὸν καὶ ἀγνοῶν ὑγιὲς ἥθος, ἅτε οὐκ ἔχων παράδειγμα τοῦ τοιούτου. πλεονάκις δὲ πονηροῖς ἢ χρηστοῖς ἐντυγχάνων σοφώτερος ἢ ἀμαθέστερος δοκεῖ εἶναι αὐτῷ τε καὶ ἄλλοις.

Παντάπασι μὲν οὖν, ἔφη, ἀληθῆ.

Οὐ τοίνυν, ἦν δ' ἐγώ, τοιοῦτον χρὴ τὸν δικαστὴν ζητεῖν τὸν ἀγαθόν τε καὶ σοφόν, ἀλλὰ τὸν πρότερον· πονηρία μὲν γὰρ ἀρετὴν τε καὶ αὐτὴν οὐποτ' ἂν γνοίη, ἀρετὴ δὲ φύσεως παιδευομένης χρόνῳ ἅμα αὐτῆς τε καὶ πονηρίας ἐπιστήμην [409e] λήψεται. σοφὸς οὖν οὗτος, ὥς μοι δοκεῖ, ἀλλ' οὐχ ὁ κακὸς γίγνεται.

Καὶ ἐμοί, ἔφη, συνδοκεῖ.

Οὐκοῦν καὶ ἱατρικὴν, οἷαν εἵπομεν, μετὰ τῆς τοιαύτης δικαστικῆς κατὰ πόλιν νομοθετήσεις, αἱ τῶν πολιτῶν σοί [410a] τοὺς μὲν εὐφυεῖς τὰ σώματα καὶ τὰς ψυχὰς θεραπεύσουσι, τοὺς δὲ μή, ὅσοι μὲν κατὰ σῶμα τοιοῦτοι, ἀποθνήσκουσιν ἐάσουσιν, τοὺς δὲ κατὰ τὴν ψυχὴν κακοφυεῖς καὶ ἀνιάτους αὐτοὶ ἀποκτενοῦσιν;

Τὸ γοῦν ἄριστον, ἔφη, αὐτοῖς τε τοῖς πάσχουσιν καὶ τῇ πόλει οὕτω πέφονται.

Οἱ δὲ δὴ νέοι, ἦν δ' ἐγώ, δηλὸν ὅτι εὐλαβήσονται σοὶ δικαστικῆς εἰς χρεῖαν ἰέναι, τῇ ἀπλῇ ἐκεῖνῃ μουσικῇ χρώμενοι ἦν δὲ ἔφαμεν σωφροσύνην ἐντίκτειν.

Τί μήν; ἔφη.

[410b] Ἄρ' οὖν οὐ κατὰ ταῦτα ἔχνη ταῦτα ὁ μουσικὸς γυμναστικὴν διώκων, ἐὰν ἐθέλῃ, αἰρήσει, ὥστε μηδὲν ἱατρικῆς δεῖσθαι ὅτι μὴ ἀνάγκη;

Ἔμοιγε δοκεῖ.

Αὐτά γε μὴν τὰ γυμνάσια καὶ τοὺς πόνους πρὸς τὸ θυμοειδὲς τῆς φύσεως βλέπων κάκεῖνο ἐγείρων πονήσει μᾶλλον ἢ πρὸς ἰσχύν, οὐχ ὥσπερ οἱ ἄλλοι ἀθληταὶ ῥώμης ἕνεκα σιτία καὶ πόνους μεταχειριεῖται.

Ὁρθότατα, ἦ δ' ὅς.

Ἄρ' οὖν, ἦν δ' ἐγώ, ὦ Γλαύκων, καὶ οἱ καθιστάντες [410c] μουσικῇ καὶ γυμναστικῇ παιδεύειν οὐχ οὗ ἕνεκά τινες οἴονται καθιστᾶσιν, ἵνα τῇ μὲν τὸ σῶμα θεραπεύονται, τῇ δὲ τὴν ψυχὴν;

Ἀλλὰ τί μήν; ἔφη.

Κινδυνεύουσιν, ἦν δ' ἐγώ, ἀμφοτέρα τῆς ψυχῆς ἕνεκα τὸ μέγιστον καθιστάναι.

Πῶς δὴ;

Οὐκ ἐννοεῖς, εἶπον, ὥς διατίθενται αὐτὴν τὴν διάνοιαν οἱ ἂν γυμναστικῇ μὲν διὰ βίου ὁμιλήσωσιν, μουσικῆς δὲ μὴ ἄψωνται; ἢ αὖ ὅσοι ἂν τοῦναντίον διατεθῶσιν;

Τίνος δέ, ἦ δ' ὅς, πέρι λέγεις;

[410d] Ἀγριότητός τε καὶ σκληρότητος, καὶ αὖ μαλακίας τε καὶ ἡμερότητος, ἦν δ' ἐγώ —

Ἐγωγε, ἔφη· ὅτι οἱ μὲν γυμναστικῇ ἀκράτῳ χρησάμενοι ἀγριώτεροι τοῦ δέοντος ἀποβαίνουσιν, οἱ δὲ μουσικῇ μαλακώτεροι αὖ γίνονται ἢ ὥς κάλλιον αὐτοῖς.

Καὶ μήν, ἦν δ' ἐγώ, τό γε ἄγριον τὸ θυμοειδὲς ἂν τῆς φύσεως παρέχοιτο, καὶ ὀρθῶς μὲν τραφὲν ἀνδρεῖον ἂν εἴη, μᾶλλον δ' ἐπιταθὲν τοῦ δέοντος σκληρόν τε καὶ χαλεπὸν γίγνοιτ' ἂν, ὥς τὸ εἶκος.

Δοκεῖ μοι, ἔφη.

[410e] Τί δέ; τὸ ἡμερον οὐχ ἢ φιλόσοφος ἂν ἔχοι φύσις, καὶ μᾶλλον μὲν ἀνεθéntος αὐτοῦ μαλακώτερον εἴη τοῦ δέοντος, καλῶς δὲ τραφέντος ἡμερόν τε καὶ κόσμιον;

Ἔστι ταῦτα.

Δεῖν δέ γέ φαμεν τοὺς φύλακας ἀμφοτέρα ἔχειν τούτῳ τῷ φύσει.

Δεῖ γάρ.

Οὐκοῦν ἡρμόσθαι δεῖ αὐτὰς πρὸς ἀλλήλας;

Πῶς δ' οὐ;

Καὶ τοῦ μὲν ἡρμοσμένου σώφρων τε καὶ ἀνδρεία ἢ [411a] ψυχῇ;

Πάνυ γε.

Τοῦ δὲ ἀναρμόστου δειλὴ καὶ ἄγροικος;

Καὶ μάλα.

Οὐκοῦν ὅταν μὲν τις μουσικῇ παρέχῃ καταυλεῖν καὶ καταχεῖν τῆς ψυχῆς διὰ τῶν ὧτων ὥσπερ διὰ χώνης ἃς νυνδὴ ἡμεῖς ἐλέγομεν τὰς γλυκείας τε καὶ μαλακὰς καὶ θρηνώδεις ἁρμονίας, καὶ μινυρίζων τε καὶ γεγανωμένος ὑπὸ τῆς ῥόδης διατελῇ τὸν βίον ὅλον, οὗτος τὸ μὲν πρῶτον, εἴ τι θυμοειδὲς εἶχεν, ὥσπερ σίδηρον ἐμάλαξεν καὶ χρήσιμον [411b] ἐξ ἀχρήστου καὶ σκληροῦ ἐποίησεν· ὅταν δ' ἐπέχων μὴ ἀνιῇ ἀλλὰ κηλῇ, τὸ δὴ μετὰ τοῦτο ἤδη τήκει καὶ λείβει, ἕως ἂν ἐκτῆξῃ τὸν θυμὸν καὶ ἐκτέμῃ ὥσπερ νεῦρα ἐκ τῆς ψυχῆς καὶ ποιήσῃ “μαλθακὸν αἰχμητήν.”

Πάνυ μὲν οὖν, ἔφη.

Καὶ ἐὰν μὲν γε, ἦν δ' ἐγώ, ἐξ ἀρχῆς φύσει ἄθυμον λάβῃ, ταχὺ τοῦτο διεπράξατο· ἐὰν δὲ θυμοειδῇ, ἀσθενῇ ποιήσας τὸν θυμὸν ὀξύρροπον ἀπηργάσατο, ἀπὸ σμικρῶν ταχὺ ἐρεθι[411c]ζόμενόν τε καὶ κατασβεन्नύμενον. ἀκράχοι οὖν καὶ ὀργίλοι ἀντὶ θυμοειδοῦς γεγένηται, δυσκολίας ἔμπλεα.

Κομιδῇ μὲν οὖν.

Τί δὲ ἂν αὖ γυμναστικῇ πολλὰ πονῇ καὶ εὐωχῇται εὖ μάλα, μουσικῆς δὲ καὶ φιλοσοφίας μὴ ἄπτηται; οὐ πρῶτον μὲν εὖ ἴσχων τὸ σῶμα φρονήματός τε καὶ θυμοῦ ἐμπίμπλαται καὶ ἀνδρειότερος γίγνεται αὐτὸς αὐτοῦ;

Καὶ μάλα γε.

Τί δὲ ἐπειδὰν ἄλλο μηδὲν πράττῃ μηδὲ κοινωνῇ Μούσῃς

[411d] μηδαμῇ; οὐκ εἴ τι καὶ ἐνῆν αὐτοῦ φιλομαθὲς ἐν τῇ ψυχῇ, ἅτε οὔτε μαθήματος γευόμενον οὐδενὸς οὔτε ζητήματος, οὔτε λόγου μετίσχον οὔτε τῆς ἄλλης μουσικῆς, ἀσθενές τε καὶ κωφὸν καὶ τυφλὸν γίγνεται, ἅτε οὐκ ἐγειρόμενον οὐδὲ τρεφόμενον οὐδὲ διακαθαίρομένων τῶν αἰσθήσεων αὐτοῦ;

Οὕτως, ἔφη.

Μισόλογος δὴ οἶμαι ὁ τοιοῦτος γίγνεται καὶ ἄμουσος, καὶ πειθοῖ μὲν διὰ λόγων οὐδὲν ἔτι χρῆται, βία δὲ καὶ [411e] ἀγριότητι ὥσπερ θηρίον πρὸς πάντα διαπράττεται, καὶ ἐν ἀμαθίᾳ καὶ σκαιότητι μετὰ ἀρρυθμίας τε καὶ ἀχαριστίας ζῇ.

Παντάπασιν, ἦ δ' ὅς, οὕτως ἔχει.

Ἐπὶ δὴ δὴ ὄντε τούτω, ὡς ἔοικε, δύο τέχνα θεὸν ἔγωγ' ἂν τινα φαίην δεδωκέναι τοῖς ἀνθρώποις, μουσικὴν τε καὶ γυμναστικὴν ἐπὶ τὸ θυμοειδὲς καὶ τὸ φιλόσοφον, οὐκ ἐπὶ ψυχὴν καὶ σῶμα, εἰ μὴ εἰ πάρεργον, ἀλλ' ἐπ' ἐκείνω, ὅπως [412a] ἂν ἀλλήλοιν συναρμοσθῆτον ἐπιτεινομένω καὶ ἀνιεμένω μέχρι τοῦ προσήκοντος.

Καὶ γὰρ ἔοικεν, ἔφη.

Τὸν κάλλιστ' ἄρα μουσικῇ γυμναστικὴν κεραννύντα καὶ μετριώτατα τῇ ψυχῇ προσφέροντα, τοῦτον ὀρθότατ' ἂν φαίμεν εἶναι τελέως μουσικώτατον καὶ εὐαρμοστώτατον, πολὺ μᾶλλον ἢ τὸν τὰς χορδὰς ἀλλήλαις συνιστάντα.

Εἰκότως γ', ἔφη, ὦ Σώκρατες.

Οὐκοῦν καὶ ἐν τῇ πόλει ἡμῖν, ὦ Γλαῦκων, δεήσει τοῦ τοιούτου τινὸς ἀεὶ ἐπιστάτου, εἰ μέλλει ἡ πολιτεία σφύζεσθαι;

[412b] Δεήσει μέντοι ὡς οἶόν τέ γε μάλιστα.

Οἱ μὲν δὴ τύποι τῆς παιδείας τε καὶ τροφῆς οὗτοι ἂν εἶεν. χορείας γὰρ τί ἂν τις διεξίοι τῶν τοιούτων καὶ θήρας τε καὶ κυνηγέσια καὶ γυμνικοὺς ἀγῶνας καὶ ἵππικούς; σχεδὸν γάρ τι δῆλα δὴ ὅτι τούτοις ἐπόμενα δεῖ αὐτὰ εἶναι, καὶ οὐκέτι χαλεπὰ εὐρεῖν.

Ἴσως, ἦ δ' ὅς, οὐ χαλεπὰ.

Εἶεν, ἦν δ' ἐγώ· τὸ δὴ μετὰ τοῦτο τί ἂν ἡμῖν διαιρετέον εἴη; ἄρ' οὐκ αὐτῶν τούτων οἵτινες ἄρξουσὶ τε καὶ ἄρξονται;

[412c] Τί μήν;

Οὐκοῦν ὅτι μὲν πρεσβυτέρους τοὺς ἄρχοντας δεῖ εἶναι, νεωτέρους δὲ τοὺς ἀρχομένους, δῆλον;

Δῆλον.

Καὶ ὅτι γε τοὺς ἀρίστους αὐτῶν;

Καὶ τοῦτο.

Οἱ δὲ γεωργῶν ἄριστοι ἄρ' οὐ γεωργικώτατοι γίγνονται;

Ναί.

Νῦν δ', ἐπεὶ δὴ φυλάκων αὐτοὺς ἀρίστους δεῖ εἶναι, ἄρ' οὐ φυλακικωτάτους πόλεως;

Ναί.

Οὐκοῦν φρονίμους τε εἰς τοῦτο δεῖ ὑπάρχειν καὶ δυνατοὺς καὶ ἔτι κηδεμόνας τῆς πόλεως;

[412d] Ἔστι ταῦτα.

Κήδοιτο δέ γ' ἂν τις μάλιστα τούτου ὃ τυγχάνοι φιλῶν.

Ἀνάγκη.

Καὶ μὴν τοῦτό γ' ἂν μάλιστα φιλοῖ, ᾧ συμφέρειν ἡγοῖτο τὰ αὐτὰ καὶ ἑαυτῷ καὶ [ὅταν μάλιστα] ἐκείνου μὲν εὖ πράττοντος οἶοιτο συμβαίνειν καὶ ἑαυτῷ εὖ πράττειν, μὴ δέ, τοῦναντίον.

Οὕτως, ἔφη.

Ἐκλεκτέον ἄρ' ἐκ τῶν ἄλλων φυλάκων τοιούτους ἄνδρας, οἳ ἂν σκοποῦσιν ἡμῖν μάλιστα φαίνωνται παρὰ πάντα τὸν [412e] βίον, ὃ μὲν ἂν τῇ πόλει ἡγήσωνται συμφέρειν, πάσῃ προθυμία ποιεῖν, ὃ δ' ἂν μή, μηδενὶ τρόπῳ πράττειν ἂν ἐθέλῃν.

Ἐπιτήδριοι γάρ, ἔφη.

Δοκεῖ δὴ μοι τηρητέον αὐτοὺς εἶναι ἐν ἀπάσαις ταῖς ἡλικίαις, εἰ φυλακτικοὶ εἰσι τούτου τοῦ δόγματος καὶ μήτε γοητευόμενοι μήτε βιαζόμενοι ἐκβάλλουσιν ἐπιλανθανόμενοι δόξαν τὴν τοῦ ποιεῖν δεῖν ἃ τῇ πόλει βέλτιστα.

Τίνα, ἔφη, λέγεις τὴν ἐκβολήν;

Ἐγώ σοι, ἔφην, ἐρῶ. φαίνεται μοι δόξα ἐξιέναι ἐκ διανοίας ἢ ἐκουσίως ἢ ἀκουσίως, ἐκουσίως μὲν ἢ ψευδῆς [413a] τοῦ μεταμανθάνοντος, ἀκουσίως δὲ πᾶσα ἡ ἀληθής.

Τὸ μὲν τῆς ἐκουσίου, ἔφη, μανθάνω, τὸ δὲ τῆς ἀκουσίου δέομαι μαθεῖν.

Τί δέ; οὐ καὶ σὺ ἡγῇ, ἔφην ἐγώ, τῶν μὲν ἀγαθῶν ἀκουσίως στέρεσθαι τοὺς ἀνθρώπους, τῶν δὲ κακῶν ἐκουσίως; ἢ οὐ τὸ μὲν ἐψεῦσθαι τῆς ἀληθείας κακόν, τὸ δὲ ἀληθεύειν ἀγαθόν; ἢ οὐ τὰ ὄντα δοξάζειν ἀληθεύειν δοκεῖ σοι εἶναι;

Ἄλλ', ἢ δ' ὅς, ὀρθῶς λέγεις, καί μοι δοκοῦσιν ἄκοντες ἀληθοῦς δόξης στερίσκεσθαι.

[413b] Οὐκοῦν κλαπέντες ἢ γοητευθέντες ἢ βιασθέντες τοῦτο πάσχουσιν;

Οὐδὲ νῦν, ἔφη, μανθάνω.

Τραγικῶς, ἦν δ' ἐγώ, κινδυνεύω λέγειν. κλαπέντας μὲν γὰρ τοὺς μεταπεισθέντας λέγω καὶ τοὺς ἐπιλανθανομένους, ὅτι τῶν μὲν χρόνος, τῶν δὲ λόγος ἐξαιρούμενος λανθάνει· νῦν γὰρ που μανθάνεις;

Ναί.

Τοὺς τοίνυν βιασθέντας λέγω οὓς ἂν ὀδύνη τις ἢ ἀλγηδὼν μεταδοξάσαι ποιήσῃ.

Καὶ τοῦτ', ἔφη, ἔμαθον, καὶ ὀρθῶς λέγεις.

[413c] Τοὺς μὴν γοητευθέντας, ὥς ἐγῶμαι, κἄν σὺ φαίης εἶναι οἱ ἂν μεταδοξάσωσιν ἢ ὑφ' ἡδονῆς κηληθέντες ἢ ὑπὸ φόβου τι δείσαντες.

Ἔοικε γάρ, ἦ δ' ὅς, γοητεύειν πάντα ὅσα ἀπατᾷ.

Ὁ τοίνυν ἄρτι ἔλεγον, ζητητέον τίνες ἄριστοι φύλακες τοῦ παρ' αὐτοῖς δόγματος, τοῦτο ὥς ποιητέον ὃ ἂν τῇ πόλει ἀεὶ δοκῶσι βέλτιστον εἶναι [αὐτοῖς ποιεῖν]. τηρητέον δὴ εὐθύς ἐκ παίδων προθεμένοις ἔργα ἐν οἷς ἂν τις τὸ τοιοῦτον μάλιστα ἐπιλανθάνοιτο καὶ ἐξαπατῶτο, καὶ τὸν μὲν μνή[413d]μονα καὶ δυσεξαπάτητον ἐγκριτέον, τὸν δὲ μὴ ἀποκριτέον. ἦ γάρ;

Ναί.

Καὶ πόνους γε αὖ καὶ ἀλγηδόνας καὶ ἀγῶνας αὐτοῖς θετέον, ἐν οἷς ταῦτά ταῦτα τηρητέον.

Ὅρθως, ἔφη.

Οὐκοῦν, ἦν δ' ἐγώ, καὶ τρίτου εἶδους τούτοις γοητείας ἄμιλλαν ποιητέον, καὶ θεατέον — ὥσπερ τοὺς πώλους ἐπὶ τοὺς ψόφους τε καὶ θορύβους ἄγοντες σκοποῦσιν εἰ φοβεροί, οὕτω νέους ὄντας εἰς δείματ' ἅττα κομιστέον καὶ εἰς ἡδονὰς [413e] αὖ μεταβλητέον, βασανίζοντας πολὺ μᾶλλον ἢ χρυσὸν ἐν πυρί — εἰ δυσγοήτευτος καὶ εὐσχήμων ἐν πᾶσι φαίνεται, φύλαξ αὐτοῦ ὢν ἀγαθὸς καὶ μουσικῆς ἥς ἐμάνθανεν, εὐρυθμόν τε καὶ εὐάρμοστον ἑαυτὸν ἐν πᾶσι τούτοις παρέχων, οἷος δὴ ἂν ὢν καὶ ἑαυτῷ καὶ πόλει χρησιμώτατος εἴη. καὶ τὸν ἀεὶ ἐν τε παισὶ καὶ νεανίσκοις καὶ ἐν ἀνδράσι βασανι[414a]ζόμενον καὶ ἀκήρατον ἐκβαίνοντα καταστατέον ἄρχοντα τῆς πόλεως καὶ φύλακα, καὶ τιμὰς δοτέον καὶ ζῶντι καὶ τελευτήσαντι, τάφων τε καὶ τῶν ἄλλων μνημείων μέγιστα γέρα λαγχάνοντα· τὸν δὲ μὴ τοιοῦτον ἀποκριτέον. τοιαύτη τις, ἦν δ' ἐγώ, δοκεῖ μοι, ὦ Γλαύκων, ἢ ἐκλογὴ εἶναι καὶ κατάστασις τῶν ἀρχόντων τε καὶ φυλάκων, ὥς ἐν τύφῳ, μὴ δι' ἀκριβείας, εἰρησθαί.

Καὶ ἐμοί, ἦ δ' ὅς, οὕτως πη φαίνεται.

[414b] Ἄρ' οὖν ὥς ἀληθῶς ὀρθότατον καλεῖν τούτους μὲν φύλακας παντελεῖς τῶν τε ἔξωθεν πολεμίων τῶν τε ἐντὸς φιλίων, ὅπως οἱ μὲν μὴ βουλήσονται, οἱ δὲ μὴ δυνήσονται κακουργεῖν, τοὺς δὲ νέους, οὓς

δὴ νῦν φύλακας ἐκαλοῦμεν, ἐπικούρους τε καὶ βοηθοὺς τοῖς τῶν ἀρχόντων δόγμασιν;

Ἔμοιγε δοκεῖ, ἔφη.

Τίς ἂν οὖν ἡμῖν, ἣν δ' ἐγώ, μηχανὴ γένοιτο τῶν ψευδῶν τῶν ἐν δέοντι γιγνομένων, ὧν δὴ νῦν ἐλέγομεν, γενναῖον [414c] τι ἐν ψευδομένους πεῖσαι μάλιστα μὲν καὶ αὐτοὺς τοὺς ἄρχοντας, εἰ δὲ μή, τὴν ἄλλην πόλιν;

Ποῖόν τι, ἔφη.

Μηδὲν καινόν, ἣν δ' ἐγώ, ἀλλὰ Φοινικικόν τι, πρότερον μὲν ἤδη πολλαχοῦ γεγονός, ὥς φασιν οἱ ποιηταὶ καὶ πεπεύκασιν, ἐφ' ἡμῶν δὲ οὐ γεγονός οὐδ' οἶδα εἰ γενόμενον ἄν, πεῖσαι δὲ συχνῆς πειθοῦς.

Ὡς ἔοικας, ἔφη, ὁκνοῦντι λέγειν.

Δόξω δέ σοι, ἣν δ' ἐγώ, καὶ μάλ' εἰκότως ὁκνεῖν, ἐπειδὰν εἴπω.

Λέγ', ἔφη, καὶ μὴ φοβοῦ.

[414d] Λέγω δὴ — καίτοι οὐκ οἶδα ὁποῖα τόλμη ἢ ποίοις λόγοις χρώμενος ἐρῶ — καὶ ἐπιχειρήσω πρῶτον μὲν αὐτοὺς τοὺς ἄρχοντας πείθειν καὶ τοὺς στρατιώτας, ἔπειτα δὲ καὶ τὴν ἄλλην πόλιν, ὥς ἄρ' ἂ ἡμεῖς αὐτοὺς ἐτρέφομεν τε καὶ ἐπαιδεύομεν, ὥσπερ ὀνείρατα ἐδόκουν ταῦτα πάντα πάσχειν τε καὶ γίγνεσθαι περὶ αὐτούς, ἦσαν δὲ τότε τῇ ἀληθείᾳ ὑπὸ γῆς ἐντὸς πλαττόμενοι καὶ τρεφόμενοι καὶ αὐτοὶ καὶ τὰ [414e] ὅπλα αὐτῶν καὶ ἡ ἄλλη σκευὴ δημιουργουμένη, ἐπειδὴ δὲ παντελῶς ἐξεργασμένοι ἦσαν, καὶ ἡ γῆ αὐτοὺς μήτηρ οὔσα ἀνῆκεν, καὶ νῦν δεῖ ὥς περὶ μητρὸς καὶ τροφοῦ τῆς χώρας ἐν ἣ εἰσι βουλευέσθαι τε καὶ ἀμύνειν αὐτούς, ἐάν τις ἐπ' αὐτὴν ἦ, καὶ ὑπὲρ τῶν ἄλλων πολιτῶν ὡς ἀδελφῶν ὄντων καὶ γηγενῶν διανοεῖσθαι.

Οὐκ ἐτός, ἔφη, πάλαι ἡσχύνου τὸ ψεῦδος λέγειν.

[415a] Πάνυ, ἣν δ' ἐγώ, εἰκότως· ἀλλ' ὅμως ἄκουε καὶ τὸ λοιπὸν τοῦ μύθου. ἐστὲ μὲν γὰρ δὴ πάντες οἱ ἐν τῇ πόλει ἀδελφοί, ὥς φήσομεν πρὸς αὐτοὺς μυθολογοῦντες, ἀλλ' ὁ θεὸς πλάττων, ὅσοι μὲν ὑμῶν ἱκανοὶ ἄρχειν, χρυσὸν ἐν τῇ γενέσει συνέμειξεν αὐτοῖς, διὸ

τιμιώτατοί εισιν· ὅσοι δ' ἐπίκουροι, ἄργυρον· σίδηρον δὲ καὶ χαλκὸν τοῖς τε γεωργοῖς καὶ τοῖς ἄλλοις δημιουργοῖς. ἅτε οὖν συγγενεῖς ὄντες πάντες τὸ μὲν πολὺ ὁμοίους ἂν ὑμῖν αὐτοῖς γεννῶτε, [415b] ἔστι δ' ὅτε ἐκ χρυσοῦ γεννηθεῖη ἂν ἀργυροῦν καὶ ἐξ ἀργύρου χρυσοῦν ἔκγονον καὶ τᾶλλα πάντα οὕτως ἐξ ἀλλήλων. τοῖς οὖν ἄρχουσι καὶ πρῶτον καὶ μάλιστα παραγγέλλει ὁ θεός, ὅπως μηδενὸς οὕτω φύλακες ἀγαθοὶ ἔσονται μηδ' οὕτω σφόδρα φυλάξουσιν μηδὲν ὥς τοὺς ἐκγόνους, ὅτι αὐτοῖς τούτων ἐν ταῖς ψυχαῖς παραμέμικται, καὶ ἐάν τε σφέτερος ἔκγονος ὑπόχαλκος ἢ ὑποσίδηρος γένηται, μηδενὶ [415c] τρόπῳ κατελεήσουσιν, ἀλλὰ τὴν τῇ φύσει προσήκουσαν τιμὴν ἀποδόντες ὥσουςιν εἰς δημιουργοὺς ἢ εἰς γεωρούς, καὶ ἂν αὖ ἐκ τούτων τις ὑπόχρυσος ἢ ὑπάργυρος φυῇ, τιμήσαντες ἀνάξουσιν τοὺς μὲν εἰς φυλακὴν, τοὺς δὲ εἰς ἐπικουρίαν, ὥς χρησιμοῦ ὄντος τότε τὴν πόλιν διαφθαρῆναι, ὅταν αὐτὴν ὁ σιδηροῦς φύλαξ ἢ ὁ χαλκοῦς φυλάξῃ. τοῦτον οὖν τὸν μῦθον ὅπως ἂν πεισθεῖεν, ἔχεις τινὰ μηχανήν;

[415d] Οὐδαμῶς, ἔφη, ὅπως γ' ἂν αὐτοὶ οὗτοι· ὅπως μεντὰν οἱ τούτων ὑεῖς καὶ οἱ ἔπειτα οἱ τ' ἄλλοι ἄνθρωποι οἱ ὕστερον.

Ἀλλὰ καὶ τοῦτο, ἦν δ' ἐγώ, εὖ ἂν ἔχοι πρὸς τὸ μᾶλλον αὐτοὺς τῆς πόλεως τε καὶ ἀλλήλων κήδεσθαι· σχεδὸν γάρ τι μανθάνω ὃ λέγεις.

Καὶ τοῦτο μὲν δὴ ἔξει ὅπη ἂν αὐτὸ ἡ φήμη ἀγάγῃ· ἡμεῖς δὲ τούτους τοὺς γηγενεῖς ὀπλίσαντες προάγωμεν ἡγουμένων τῶν ἀρχόντων. ἐλθόντες δὲ θεασάσθων τῆς πόλεως ὅπου κάλλιστον στρατοπεδεύσασθαι, ὅθεν τοὺς τε [415e] ἔνδον μάλιστ' ἂν κατέχοιεν, εἴ τις μὴ ἐθέλοι τοῖς νόμοις πείθεσθαι, τοὺς τε ἔξωθεν ἀπαμύνοιεν, εἰ πολέμιος ὥσπερ λύκος ἐπὶ ποίμνην τις ἴοι· στρατοπεδευσάμενοι δέ, θύσαντες οἷς χρή, εὐνὰς ποιησάσθων. ἢ πῶς;

Οὕτως, ἔφη.

Οὐκοῦν τοιαύτας, οἷας χειμῶνός τε στέγειν καὶ θέρους ἱκανὰς εἶναι;

Πῶς γὰρ οὐχί; οἰκήσεις γάρ, ἔφη, δοκεῖς μοι λέγειν.

Ναί, ἦν δ' ἐγώ, στρατιωτικὰς γε, ἀλλ' οὐ χρηματιστικὰς.

[416a] Πῶς, ἔφη, αὐτοῦτο λέγεις διαφέρειν ἐκείνου;

Ἐγώ σοι, ἦν δ' ἐγώ, πειράσομαι εἰπεῖν. δεινότατον γάρ που πάντων καὶ αἵσχιστον ποιμέσι τοιούτους γε καὶ οὕτω τρέφειν κύνας ἐπικούρους ποιμνίων, ὥστε ὑπὸ ἀκολασίας ἢ λιμοῦ ἢ τινος ἄλλου κακοῦ ἔθους αὐτοὺς τοὺς κύνας ἐπιχειρήσαι τοῖς προβάτοις κακουργεῖν καὶ ἀντὶ κυνῶν λύκοις ὁμοιωθῆναι.

Δεινόν, ἦ δ' ὅς· πῶς δ' οὐ;

[416b] Οὐκοῦν φυλακτέον παντὶ τρόπῳ μὴ τοιοῦτον ἡμῖν οἱ ἐπίκουροι ποιήσωσι πρὸς τοὺς πολίτας, ἐπειδὴ αὐτῶν κρείττους εἰσίν, ἀντὶ συμμαχῶν εὐμενῶν δεσπόταις ἀγρίοις ἀφομοιωθῶσιν;

Φυλακτέον, ἔφη.

Οὐκοῦν τὴν μεγίστην τῆς εὐλαβείας παρεσκευασμένοι ἂν εἶεν, εἰ τῷ ὄντι καλῶς πεπαιδευμένοι εἰσίν;

Ἀλλὰ μὴν εἰσίν γ', ἔφη.

Καὶ ἐγὼ εἶπον· Τοῦτο μὲν οὐκ ἄξιον δισχυρίζεσθαι, ὦ φίλε Γλαύκων· ὁ μέντοι ἄρτι ἐλέγομεν, ἄξιον, ὅτι δεῖ [416c] αὐτοὺς τῆς ὀρθῆς τυχεῖν παιδείας, ἥτις ποτέ ἐστιν, εἰ μέλλουσι τὸ μέγιστον ἔχειν πρὸς τὸ ἡμεροὶ εἶναι αὐτοῖς τε καὶ τοῖς φυλαττομένοις ὑπ' αὐτῶν.

Καὶ ὀρθῶς γε, ἦ δ' ὅς.

Πρὸς τοίνυν τῇ παιδεῖα ταύτῃ φαίη ἂν τις νοῦν ἔχων δεῖν καὶ τὰς οἰκήσεις καὶ τὴν ἄλλην οὐσίαν τοιαύτην αὐτοῖς παρεσκευάσθαι, ἥτις μήτε τοῦ φύλακας ὥς ἀρίστους εἶναι παύσει [416d] αὐτούς, κακουργεῖν τε μὴ ἐπαρεῖ περὶ τοὺς ἄλλους πολίτας.

Καὶ ἀληθῶς γε φήσει.

Ὅρα δὴ, εἶπον ἐγώ, εἰ τοιόνδε τινὰ τρόπον δεῖ αὐτοὺς ζῆν τε καὶ οἰκεῖν, εἰ μέλλουσι τοιοῦτοι ἔσεσθαι· πρῶτον μὲν οὐσίαν κεκτημένον μηδεμίαν μηδένα ἰδίαν, ἂν μὴ πᾶσα ἀνάγκη· ἔπειτα οἴκησιν καὶ ταμειῶν μηδενὶ εἶναι μηδὲν τοιοῦτον, εἰς ὃ οὐ πᾶς ὁ βουλόμενος εἴσεισι· τὰ δ' ἐπιτήδεια, ὅσων δέονται ἄνδρες ἀθληταὶ πολέμου σῶφρονές τε καὶ [416e] ἀνδρεῖοι, ταξαμένους παρὰ τῶν

ἄλλων πολιτῶν δέχεσθαι μισθὸν τῆς φυλακῆς τοσοῦτον ὅσον μήτε περιεῖναι αὐτοῖς εἰς τὸν ἐνιαυτὸν μήτε ἐνδεῖν· φοιτῶντας δὲ εἰς συσσίτια ὥσπερ ἐστρατοπεδευμένους κοινῇ ζῆν· χρυσίον δὲ καὶ ἀργύριον εἰπεῖν αὐτοῖς ὅτι θεῖον παρὰ θεῶν ἀεὶ ἐν τῇ ψυχῇ ἔχουσι καὶ οὐδὲν προσδέονται τοῦ ἀνθρωπείου, οὐδὲ ὅσια τὴν ἐκείνου κτήσιν τῇ τοῦ θνητοῦ χρυσοῦ κτήσει συμμειγνύντας μαιίνειν, διότι πολλὰ καὶ ἀνόσια περὶ τὸ τῶν [417a] πολλῶν νόμισμα γέγονεν, τὸ παρ' ἐκείνοις δὲ ἀκήρατον· ἀλλὰ μόνοις αὐτοῖς τῶν ἐν τῇ πόλει μεταχειρίζεσθαι καὶ ἄπτεσθαι χρυσοῦ καὶ ἀργύρου οὐ θέμις, οὐδ' ὑπὸ τὸν αὐτὸν ὄροφον ἰέναι οὐδὲ περιάψασθαι οὐδὲ πίνειν ἐξ ἀργύρου ἢ χρυσοῦ. καὶ οὕτω μὲν σφῶσιντό τ' ἂν καὶ σφῶζοιεν τὴν πόλιν· ὁπότε δ' αὐτοὶ γῆν τε ἰδίαν καὶ οἰκίας καὶ νομίσματα κτήσονται, οἰκονόμοι μὲν καὶ γεωργοὶ ἀντὶ φυλάκων ἔσονται, [417b] δεσπότης δ' ἐχθροὶ ἀντὶ συμμάχων τῶν ἄλλων πολιτῶν γενήσονται, μισοῦντες δὲ δὴ καὶ μισούμενοι καὶ ἐπιβουλεύοντες καὶ ἐπιβουλεύόμενοι διάξουσι πάντα τὸν βίον, πολὺ πλείω καὶ μᾶλλον δεδιότες τοὺς ἔνδον ἢ τοὺς ἔξωθεν πολεμίους, θέοντες ἤδη τότε ἐγγύτατα ὀλέθρου αὐτοὶ τε καὶ ἡ ἄλλη πόλις. τούτων οὖν πάντων ἕνεκα, ἣν δ' ἐγώ, φῶμεν οὕτω δεῖν κατεσκευάσθαι τοὺς φύλακας οἰκῆσώς τε πέρι καὶ τῶν ἄλλων, καὶ ταῦτα νομοθετήσωμεν, ἢ μή;

Πάνυ γε, ἣ δ' ὅς ὁ Γλαύκων.

Πολιτεία Δ

Σωκράτης, Αδείμαντος

[419a] Καὶ ὁ Ἀδείμαντος ὑπολαβὼν, τί οὖν, ἔφη, ὦ Σώκρατες, ἀπολογήσῃ, ἐάν τις σε φῇ μὴ πάνυ τι εὐδαίμονας ποιεῖν τούτους τοὺς ἄνδρας, καὶ ταῦτα δι' ἐαυτοῦς, ὧν ἔστι μὲν ἡ πόλις τῇ ἀληθείᾳ, οἱ δὲ μὴδὲν ἀπολαύουσιν ἀγαθὸν τῆς πόλεως, οἷον ἄλλοι ἀγροὺς τε κεκτημένοι καὶ οἰκίας οἰκοδομοῦμενοι καλὰς καὶ μεγάλας, καὶ ταύταις πρέπουσαν κατασκευὴν κτῶμενοι, καὶ θυσίας θεοῖς ἰδίας θύοντες, καὶ ξενοδοκοῦντες, καὶ δὴ καὶ ἅ νυνδὴ σὺ ἔλεγες, χρυσὸν τε καὶ ἄργυρον κεκτημένοι καὶ πάντα ὅσα νομίζεται τοῖς μέλλουσιν μακαρίοις εἶναι; ἀλλ' ἀτεχνῶς, φαίη ἄν, ὥσπερ ἐπικούροι μισθωτοὶ ἐν [420a] τῇ πόλει φαίνονται καθῆσθαι οὐδὲν ἄλλο ἢ φρουροῦντες. Ναί, ἦν δ' ἐγώ, καὶ ταῦτά γε ἐπισίτιοι καὶ οὐδὲ μισθὸν πρὸς τοῖς σιτίοις λαμβάνοντες ὥσπερ οἱ ἄλλοι, ὥστε οὐδ' ἂν ἀποδημῆσαι βούλωνται ἰδίᾳ, ἐξέσται αὐτοῖς, οὐδ' ἐταίραις διδόναι, οὐδ' ἀναλίσκειν ἂν ποι βούλωνται ἄλλοσε, οἷα δὴ οἱ εὐδαίμονες δοκοῦντες εἶναι ἀναλίσκουσι. ταῦτα καὶ ἄλλα τοιαῦτα συχνὰ τῆς κατηγορίας ἀπολείπεις.

Ἀλλ', ἦ δ' ὅς, ἔστω καὶ ταῦτα κατηγορημένα.

[420b] Τί οὖν δὴ ἀπολογησόμεθα, φῆς;

Ναί.

Τὸν αὐτὸν οἶμον, ἦν δ' ἐγώ, πορευόμενοι εὐρήσομεν, ὡς ἐγῶμαι, ἃ λεκτέα. ἐροῦμεν γὰρ ὅτι θαυμαστὸν μὲν ἂν οὐδὲν εἴη εἰ καὶ οὗτοι οὕτως εὐδαιμονέστατοί εἰσιν, οὐ μὴν πρὸς τοῦτο βλέποντες τὴν πόλιν οἰκίζομεν, ὅπως ἐν τι ἡμῖν ἔθνος ἔσται διαφερόντως εὐδαιμον, ἀλλ' ὅπως ὅτι μάλιστα ὅλη ἡ πόλις. ᾤήθημεν γὰρ ἐν τῇ τοιαύτῃ μάλιστα ἂν εὐρεῖν δικαιοσύνην καὶ αὖ ἐν τῇ κάκιστα οἰκουμένη [420c] ἀδικίαν, κατιδόντες δὲ κρῖναι ἂν ὁ πάλαι ζητοῦμεν. νῦν μὲν οὖν, ὡς οἴομεθα, τὴν εὐδαίμονα πλάττομεν οὐκ ἀπολαβόντες ὀλίγους ἐν αὐτῇ τοιούτους τινὰς τιθέντες, ἀλλ' ὅλην· αὐτίκα δὲ τὴν ἐναντίαν σκεψόμεθα. ὥσπερ οὖν ἂν εἰ ἡμᾶς ἀνδριάντα γράφοντας προσελθὼν τις ἔψεγε λέγων ὅτι οὐ τοῖς καλλίστοις τοῦ ζώου τὰ κάλλιστα

φάρμακα προστίθεμεν — οἱ γὰρ ὀφθαλμοὶ κάλλιστον ὄν οὐκ ὀστρεῖῳ ἐναληλιμμένοι εἶεν ἀλλὰ μέλανι — μετρίως ἂν ἔδο[420d]κοῦμεν πρὸς αὐτὸν ἀπολογεῖσθαι λέγοντες· “ὦ θαυμάσιε, μὴ οἴου δεῖν ἡμᾶς οὕτω καλοὺς ὀφθαλμοὺς γράφειν, ὥστε μηδὲ ὀφθαλμοὺς φαίνεσθαι, μηδ’ αὖ τᾶλλα μέρη, ἀλλ’ ἄθρει εἰ τὰ προσήκοντα ἐκάστοις ἀποδιδόντες τὸ ὅλον καλὸν ποιοῦμεν· καὶ δὴ καὶ νῦν μὴ ἀνάγκαζε ἡμᾶς τοιαύτην εὐδαιμονίαν τοῖς φύλαξι προσάπτειν, ἢ ἐκείνους πᾶν μᾶλλον [420e] ἀπεργάσεται ἢ φύλακας. ἐπιστάμεθα γὰρ καὶ τοὺς γεωργοὺς ξυστίδας ἀμφιέσαντες καὶ χρυσὸν περιθέντες πρὸς ἡδονὴν ἐργάζεσθαι κελεύειν τὴν γῆν, καὶ τοὺς κεραμέας κατακλίναντες ἐπὶ δεξιὰ πρὸς τὸ πῦρ διαπίνοντάς τε καὶ εὐωχομένους, τὸν τροχὸν παραθεμένους, ὅσον ἂν ἐπιθυμῶσι κεραμεύειν, καὶ τοὺς ἄλλους πάντας τοιούτῳ τρόπῳ μακαρίους ποιεῖν, ἵνα δὴ ὅλη ἡ πόλις εὐδαιμονῇ. ἀλλ’ ἡμᾶς μὴ οὕτω νουθέτει· ὥς, ἂν σοι πειθώμεθα, οὔτε ὁ γεωργὸς γεωργὸς [421a] ἔσται οὔτε ὁ κεραμεὺς κεραμεὺς οὔτε ἄλλος οὐδεὶς οὐδὲν ἔχων σχῆμα ἐξ ὧν πόλις γίγνεται. ἀλλὰ τῶν μὲν ἄλλων ἐλάττων λόγος· νευρορράφοι γὰρ φαῦλοι γενόμενοι καὶ διαφθαρέντες καὶ προσποιησάμενοι εἶναι μὴ ὄντες πόλει οὐδὲν δεινόν, φύλακες δὲ νόμων τε καὶ πόλεως μὴ ὄντες ἀλλὰ δοκοῦντες ὁρᾷς δὴ ὅτι πᾶσαν ἄρδην πόλιν ἀπολλύασιν, καὶ αὖ τοῦ εὖ οἰκεῖν καὶ εὐδαιμονεῖν μόνοι τὸν καιρὸν ἔχουσιν.” εἰ μὲν οὖν ἡμεῖς μὲν φύλακας ὥς ἀληθῶς [421b] ποιοῦμεν ἥκιστα κακούργους τῆς πόλεως, ὁ δ’ ἐκεῖνο λέγων γεωργοὺς τινας καὶ ὥσπερ ἐν πανηγύρει ἀλλ’ οὐκ ἐν πόλει ἐστιάτορας εὐδαίμονας, ἄλλο ἂν τι ἢ πόλιν λέγοι. σκεπτέον οὖν πότερον πρὸς τοῦτο βλέποντες τοὺς φύλακας καθιστῶμεν, ὅπως ὅτι πλείστη αὐτοῖς εὐδαιμονία ἐγγενήσεται, ἢ τοῦτο μὲν εἰς τὴν πόλιν ὅλην βλέποντας θεατέον εἰ ἐκείνῃ ἐγγίγνεται, τοὺς δ’ ἐπικούρους τούτους καὶ τοὺς [421c] φύλακας ἐκεῖνο ἀναγκαστέον ποιεῖν καὶ πειστέον, ὅπως ὅτι ἄριστοι δημιουργοὶ τοῦ ἑαυτῶν ἔργου ἔσονται, καὶ τοὺς ἄλλους ἅπαντας ὡσαύτως, καὶ οὕτω συμπάσης τῆς πόλεως αὐξανομένης καὶ καλῶς οἰκίζομένης ἐατέον ὅπως ἐκάστοις τοῖς ἔθνεσιν ἢ φύσις ἀποδίδωσι τοῦ μεταλαμβάνειν εὐδαιμονίας.

Ἄλλ’, ἢ δ’ ὅς, καλῶς μοι δοκεῖς λέγειν.

Ἄρ’ οὖν, ἦν δ’ ἐγώ, καὶ τὸ τούτου ἀδελφὸν δόξω σοι μετρίως

λέγειν;

Τί μάλιστα;

[421d] Τοὺς ἄλλους αὖ δημιουργοὺς σκόπει εἰ τάδε διαφθείρει, ὥστε καὶ κακοὺς γίγνεσθαι.

Τὰ ποῖα δὴ ταῦτα;

Πλοῦτος, ἦν δ' ἐγώ, καὶ πενία.

Πῶς δὴ;

᾽Ωδε. πλουτήσας χυτρεὺς δοκεῖ σοι ἔτ' ἐθελήσειν ἐπιμελεῖσθαι τῆς τέχνης;

Οὐδαμῶς, ἔφη.

Ἀργὸς δὲ καὶ ἀμελὴς γενήσεται μᾶλλον αὐτὸς αὐτοῦ;

Πολύ γε.

Οὐκοῦν κακίων χυτρεὺς γίγνεται;

Καὶ τοῦτο, ἔφη, πολύ.

Καὶ μὴν καὶ ὄργανά γε μὴ ἔχων παρέχεσθαι ὑπὸ πενίας ἢ τι ἄλλο τῶν εἰς τὴν τέχνην τά τε ἔργα πονηρότερα [421e] ἐργάσεται καὶ τοὺς ὑεῖς ἢ ἄλλους οὓς ἂν διδάσκη χεῖρους δημιουργοὺς διδάξεται.

Πῶς δ' οὖ;

᾽Υπ' ἀμφοτέρων δὴ, πενίας τε καὶ πλούτου, χεῖρω μὲν τὰ τῶν τεχνῶν ἔργα, χεῖρους δὲ αὐτοί.

Φαίνεται.

Ἔτερα δὴ, ὥς ἔοικε, τοῖς φύλαξιν ἠϋρήκαμεν, ἃ παντὶ τρόπῳ φυλακτέον ὅπως μήποτε αὐτοὺς λήσει εἰς τὴν πόλιν παραδύνα.

Τὰ ποῖα ταῦτα;

[422a] Πλοῦτός τε, ἦν δ' ἐγώ, καὶ πενία· ὥς τοῦ μὲν τρυφὴν καὶ

ἀργίαν καὶ νεωτερισμὸν ἐμποιοῦντος, τῆς δὲ ἀνελευθερίαν καὶ κακοεργίαν πρὸς τῷ νεωτερισμῷ. Πάνυ μὲν οὖν, ἔφη. τόδε μέντοι, ὦ Σώκρατες, σκόπει, πῶς ἡμῖν ἡ πόλις οἷα τ' ἔσται πολεμεῖν, ἐπειδὰν χρήματα μὴ κεκτημένα ἦ, ἄλλως τε κὰν πρὸς μεγάλην τε καὶ πλουσίαν ἀναγκασθῇ πολεμεῖν.

Δῆλον, ἦν δ' ἐγώ, ὅτι πρὸς μὲν μίαν χαλεπώτερον, [422b] πρὸς δὲ δύο τοιαύτας ῥᾶον.

Πῶς εἶπες; ἦ δ' ὅς.

Πρῶτον μὲν που, εἶπον, ἐὰν δέη μάχεσθαι, ἄρα οὐ πλουσίοις ἀνδράσι μαχοῦνται αὐτοὶ ὄντες πολέμου ἀθληταί;

Ναὶ τοῦτό γε, ἔφη.

Τί οὖν, ἦν δ' ἐγώ, ὦ Ἀδείμαντε; εἷς πύκτης ὡς οἷόν τε κάλλιστα ἐπὶ τοῦτο παρεσκευασμένος δυοῖν μὴ πύκταιν, πλουσίῳ δὲ καὶ πιόνοιν, οὐκ ἂν δοκεῖ σοι ῥαδίως μάχεσθαι;

Οὐκ ἂν ἴσως, ἔφη, ἅμα γε.

Οὐδ' εἰ ἐξεῖη, ἦν δ' ἐγώ, ὑποφεύγοντι τὸν πρότερον ἀεὶ [422c] προσφερόμενον ἀναστρέφοντα κρούειν, καὶ τοῦτο ποιοῖ πολλάκις ἐν ἡλίῳ τε καὶ πνίγει; ἄρα γε οὐ καὶ πλείους χειρώσαιτ' ἂν τοιοῦτους ὁ τοιοῦτος;

Ἀμέλει, ἔφη, οὐδὲν ἂν γένοιτο θαυμαστόν.

Ἀλλ' οὐκ οἶει πυκτικῆς πλέον μετέχειν τοὺς πλουσίους ἐπιστήμη τε καὶ ἐμπειρία ἢ πολεμικῆς;

Ἐγὼ γ', ἔφη.

Ῥαδίως ἄρα ἡμῖν οἱ ἀθληταὶ ἐκ τῶν εἰκότων διπλασίοις τε καὶ τριπλασίοις αὐτῶν μαχοῦνται.

Συγχωρήσομαί σοι, ἔφη· δοκεῖς γάρ μοι ὀρθῶς λέγειν.

[422d] Τί δ' ἂν πρεσβείαν πέμψαντες εἰς τὴν ἑτέραν πόλιν τάληθῃ εἴπωσιν, ὅτι “Ἡμεῖς μὲν οὐδὲν χρυσίῳ οὐδ' ἀργυρίῳ χρώμεθα, οὐδ'

ἡμῖν θέμις, ὑμῖν δέ· συμπολεμήσαντες οὖν μεθ' ἡμῶν ἔχετε τὰ τῶν ἐτέρων;” οἶε τινὰς ἀκούσαντας ταῦτα αἰρήσεσθαι κυσὶ πολεμεῖν στερεοῖς τε καὶ ἰσχυοῖς μᾶλλον ἢ μετὰ κυνῶν προβάτοις πίσσι τε καὶ ἀπαλοῖς;

Οὐ μοι δοκεῖ. ἀλλ' ἐὰν εἰς μίαν, ἔφη, πόλιν συν[422e]αθροισθῇ τὰ τῶν ἄλλων χρήματα, ὅρα μὴ κίνδυνον φέρῃ τῇ μὴ πλουτούσῃ.

Εὐδαίμων εἶ, ἦν δ' ἐγώ, ὅτι οἶε ἄξιον εἶναι ἄλλην τινὰ προσειπεῖν πόλιν ἢ τὴν τοιαύτην οἷαν ἡμεῖς κατεσκευάζομεν.

Ἀλλὰ τί μήν; ἔφη.

Μειζόνως, ἦν δ' ἐγώ, χρὴ προσαγορεύειν τὰς ἄλλας· ἐκάστη γὰρ αὐτῶν πόλεις εἰσὶ ἀάπολλαι ἀλλ' οὐ πόλεις, τὸ τῶν παιζόντων. δύο μὲν, κἂν ὅτιοῦν ἦ, πολεμία ἀλλή[423a]λαις, ἡ μὲν πενήτων, ἡ δὲ πλουσιῶν· τούτων δ' ἐν ἑκατέρᾳ πάνυ πολλαί, αἷς ἐὰν μὲν ὥς μιᾷ προσφέρῃ, παντὸς ἂν ἀμάρτοις, ἐὰν δὲ ὥς πολλαῖς, διδοὺς τὰ τῶν ἐτέρων τοῖς ἐτέροις χρήματά τε καὶ δυνάμεις ἢ καὶ αὐτούς, συμμάχοις μὲν ἀεὶ πολλοῖς χρήσῃ, πολεμίοις δ' ὀλίγοις. καὶ ἕως ἂν ἡ πόλις σοι οἰκῇ σωφρόνως ὥς ἄρτι ἐτάχθη, μεγίστη ἔσται, οὐ τῷ εὐδοκιμεῖν λέγω, ἀλλ' ὥς ἀληθῶς μεγίστη, καὶ ἐὰν μόνον ἦ χιλίων τῶν προπολεμούντων· οὕτω γὰρ μεγάλην πόλιν μίαν οὐ ῥαδίως οὔτε ἐν Ἑλλήσιν οὔτε ἐν βαρβάροις [423b] εὐρήσεις, δοκούσας δὲ πολλὰς καὶ πολλαπλασίας τῆς τηλικαύτης. ἢ ἄλλως οἶε;

Οὐ μὰ τὸν Δί', ἔφη.

Οὐκοῦν, ἦν δ' ἐγώ, οὗτος ἂν εἴη καὶ κάλλιστος ὅρος τοῖς ἡμετέροις ἄρχουσιν, ὅσῃν δεῖ τὸ μέγεθος τὴν πόλιν ποιεῖσθαι καὶ ἡλικὴ οὔσῃ ὅσῃν χώραν ἀφορισαμένους τὴν ἄλλην χαίρειν ἐάν.

Τίς, ἔφη, ὅρος;

Οἶμαι μὲν, ἦν δ' ἐγώ, τόνδε· μέχρι οὗ ἂν ἐθέλῃ αὐξομένη εἶναι μία, μέχρι τούτου αὔξειν, πέρα δὲ μὴ.

[423c] Καὶ καλῶς γ', ἔφη.

Οὐκοῦν καὶ τοῦτο αὖ ἄλλο πρόσταγμα τοῖς φύλαξι προστάζομεν,

φυλάττειν παντὶ τρόπῳ ὅπως μήτε σμικρὰ ἢ πόλις ἔσται μήτε μεγάλη δοκοῦσα, ἀλλὰ τις ἱκανὴ καὶ μία. Καὶ φαῦλόν γ', ἔφη, ἴσως αὐτοῖς προστάζομεν.

Καὶ τούτου γε, ἦν δ' ἐγώ, ἔτι φαυλότερον τόδε, οὗ καὶ ἐν τῷ πρόσθεν ἐπεμνήσθημεν λέγοντες ὡς δέοι, ἐάντε τῶν φυλάκων τις φαῦλος ἔκγονος γένηται, εἰς τοὺς ἄλλους [423d] αὐτὸν ἀποπέμπεσθαι, ἐάντ' ἐκ τῶν ἄλλων σπουδαῖος, εἰς τοὺς φύλακας. τοῦτο δ' ἐβούλετο δηλοῦν ὅτι καὶ τοὺς ἄλλους πολίτας, πρὸς ὃ τις πέφυκεν, πρὸς τοῦτο ἓνα πρὸς ἓν ἕκαστον ἔργον δεῖ κομίζειν, ὅπως ἂν ἐν τῷ αὐτοῦ ἐπιτηδεύων ἕκαστος μὴ πολλοὶ ἀλλ' εἷς γίγνηται, καὶ οὕτω δὴ σύμπασα ἢ πόλις μία φύηται ἀλλὰ μὴ πολλαί.

Ἔστι γάρ, ἔφη, τοῦτο ἐκείνου σμικρότερον.

Οὗτοι, ἦν δ' ἐγώ, ὦ ἀγαθὲ Ἀδείμαντε, ὡς δόξειεν ἂν τις, ταῦτα πολλὰ καὶ μεγάλα αὐτοῖς προστάττομεν ἀλλὰ [423e] πάντα φαῦλα, ἐὰν τὸ λεγόμενον ἐν μέγα φυλάττωσι, μᾶλλον δ' ἀντὶ μεγάλου ἱκανόν.

Τί τοῦτο; ἔφη.

Τὴν παιδείαν, ἦν δ' ἐγώ, καὶ τροφήν· ἐὰν γὰρ εὖ παιδευόμενοι μέτριοι ἄνδρες γίνωνται, πάντα ταῦτα ῥαδίως διόψονται, καὶ ἄλλα γε ὅσα νῦν ἡμεῖς παραλείπομεν, τὴν τε τῶν γυναικῶν κτήσιν καὶ γάμων καὶ παιδοποιίας, ὅτι [424a] δεῖ ταῦτα κατὰ τὴν παροιμίαν πάντα ὅτι μάλιστα κοινὰ τὰ φίλων ποιεῖσθαι.

Ὅρθότατα γάρ, ἔφη, γίγνοιτ' ἂν.

Καὶ μὴν, εἶπον, πολιτεία ἐάνπερ ἅπαξ ὁρμήσῃ εὖ, ἔρχεται ὥσπερ κύκλος αὐξανομένη· τροφή γὰρ καὶ παῖ δευσις χρηστὴ σφριζομένη φύσεις ἀγαθὰς ἐμποιεῖ, καὶ αὖ φύσεις χρησταὶ τοιαύτης παιδείας ἀντιλαμβανόμεναι ἔτι βελτίους τῶν προτέρων φύονται, εἰς τε τᾶλλα καὶ εἰς τὸ [424b] γενεᾶν, ὥσπερ καὶ ἐν τοῖς ἄλλοις ζώοις.

Εἰκός γ', ἔφη.

Ὡς τοίνυν διὰ βραχέων εἰπεῖν, τούτου ἀνθεκτέον τοῖς ἐπιμεληταῖς τῆς πόλεως, ὅπως ἂν αὐτοὺς μὴ λάθῃ διαφθαρὲν ἀλλὰ παρὰ πάντα

αὐτὸ φυλάττωσι, τὸ μὴ νεωτερίζειν περὶ γυμναστικὴν τε καὶ μουσικὴν παρὰ τὴν τάξιν, ἀλλ' ὥς οἶόν τε μάλιστα φυλάττειν, φοβουμένους ὅταν τις λέγῃ ὥς τὴν

ἁοιδὴν μᾶλλον ἐπιφρονέουσ' ἄνθρωποι,

ἥτις ἀειδόντεσσι νεωτάτη ἀμφιπέλῃται,

[424c] μὴ πολλάκις τὸν ποιητὴν τις οἴηται λέγειν οὐκ ἄσματα νέα ἀλλὰ τρόπον ὥδῃς νέον, καὶ τοῦτο ἐπαινῇ. δεῖ δ' οὐτ' ἐπαινεῖν τὸ τοιοῦτον οὔτε ὑπολαμβάνειν. εἶδος γὰρ καινὸν μουσικῆς μεταβάλλειν εὐλαβητέον ὥς ἐν ὄλῳ κινδυνεύοντα· οὐδαμοῦ γὰρ κινεῖνται μουσικῆς τρόποι ἄνευ πολιτικῶν νόμων τῶν μεγίστων, ὥς φησί τε Δάμων καὶ ἐγὼ πείθομαι.

Καὶ ἐμὲ τοίνυν, ἔφη ὁ Ἀδείμαντος, θὲς τῶν πεπεισμένων.

[424d] Τὸ δὴ φυλακτήριον, ἦν δ' ἐγώ, ὥς ἔοικεν, ἐνταῦθά που οἰκοδομητέον τοῖς φύλαξιν, ἐν μουσικῇ.

Ἡ γοῦν παρανομία, ἔφη, ῥαδίως αὕτη λανθάνει παραδυομένη.

Ναί, ἔφην, ὥς ἐν παιδιᾷς γε μέρει καὶ ὥς κακὸν οὐδὲν ἐργαζομένη.

Οὐδὲ γὰρ ἐργάζεται, ἔφη, ἄλλο γε ἢ κατὰ σμικρὸν εἰσοικισαμένη ἡρέμα ὑπορρεῖ πρὸς τὰ ἥθη τε καὶ τὰ ἐπιτηδεύματα· ἐκ δὲ τούτων εἰς τὰ πρὸς ἀλλήλους συμβόλαια μείζων ἐκβαίνει, ἐκ δὲ δὴ τῶν συμβολαίων ἔρχεται ἐπὶ [424e] τοὺς νόμους καὶ πολιτείας σὺν πολλῇ, ὃ Σώκρατες, ἀσελγεία, ἕως ἂν τελευτῶσα πάντα ἰδίᾳ καὶ δημοσίᾳ ἀνατρέψῃ.

Εἶεν, ἦν δ' ἐγώ· οὕτω τοῦτ' ἔχει;

Δοκεῖ μοι, ἔφη.

Οὐκοῦν, ὃ ἐξ ἀρχῆς ἐλέγομεν, τοῖς ἡμετέροις παισὶν ἐννομωτέρου εὐθὺς παιδιᾷς μεθεκτέον, ὥς παρανόμου γιγνομένης αὐτῆς καὶ παίδων τοιούτων ἐννόμους τε καὶ σπουδαίους [425a] ἐξ αὐτῶν ἄνδρας αὐξάνεσθαι ἀδύνατον ὄν;

Πῶς δ' οὐχί; ἔφη.

Ὅταν δὴ ἄρα καλῶς ἀρξάμενοι παῖδες παίζειν εὐνομίαν διὰ τῆς μουσικῆς εἰσδέξωνται, πάλιν τούναντίον ἢ 'κείνοις εἰς πάντα συνέπεται τε καὶ αὖξει, ἐπανορθοῦσα εἴ τι καὶ πρότερον τῆς πόλεως ἔκειτο.

Ἀληθῆ μέντοι, ἔφη.

Καὶ τὰ σμικρὰ ἄρα, εἶπον, δοκοῦντα εἶναι νόμιμα ἐξευρίσκουσιν οὗτοι, ἃ οἱ πρότερον ἀπώλλυσαν πάντα.

<Τὰ> ποῖα;

[425b] Τὰ τοιάδε· σιγὰς τε τῶν νεωτέρων παρὰ πρεσβυτέροις ἅς πρέπει, καὶ κατακλίσεις καὶ ὑπαναστάσεις καὶ γονέων θεραπείας, καὶ κουράς γε καὶ ἀμπεχόνας καὶ ὑποδέσεις καὶ ὅλον τὸν τοῦ σώματος σχηματισμὸν καὶ τᾶλλα ὅσα τοιαῦτα. ἢ οὐκ οἶε;

Ἐγωγε.

Νομοθετεῖν δ' αὐτὰ οἶμαι εὐηθες· οὔτε γάρ που γίγνεται οὔτ' ἂν μείνειεν λόγῳ τε καὶ γράμμασιν νομοθετηθέντα.

Πῶς γάρ;

Κινδυνεύει γοῦν, ἦν δ' ἐγώ, ὧ 'Αδείμαντε, ἐκ τῆς παι[425c]δείας ὅποι ἂν τις ὀρμήσῃ, τοιαῦτα καὶ τὰ ἐπόμενα εἶναι. ἢ οὐκ ἀεὶ τὸ ὅμοιον ὄν ὅμοιον παρακαλεῖ;

Τί μήν;

Καὶ τελευτῶν δὴ οἶμαι φαῖμεν ἂν εἰς ἓν τι τέλος καὶ νεανικὸν ἀποβαίνειν αὐτὸ ἢ ἀγαθὸν ἢ καὶ τούναντίον.

Τί γὰρ οὐκ; ἢ δ' ὅς.

Ἐγὼ μὲν τοίνυν, εἶπον, διὰ ταῦτα οὐκ ἂν ἔτι τὰ τοιαῦτα ἐπιχειρήσαιμι νομοθετεῖν.

Εἰκότως γ', ἔφη.

Τί δέ, ὧ πρὸς θεῶν, ἔφην, τάδε τὰ ἀγοραῖα, συμβολαίων τε πέρι κατ' ἀγορὰν ἕκαστοι ἃ πρὸς ἀλλήλους συμβάλ[425d]λουσιν, εἰ δὲ βούλει,

καὶ χειροτεχνικῶν περὶ συμβολαίων καὶ λοιδοριῶν καὶ αἰκίας καὶ δικῶν λήξεως καὶ δικαστῶν καταστάσεως, καὶ εἴ που τελῶν τινες ἢ πράξεις ἢ θέσεις ἀναγκαῖοί εἰσιν ἢ κατ' ἀγορὰς ἢ λιμένας, ἢ καὶ τὸ παράπαν ἀγορανομικὰ ἅττα ἢ ἀστυνομικὰ ἢ ἐλλιμενικὰ ἢ ὅσα ἄλλα τοιαῦτα, τούτων τολμήσομέν τι νομοθετεῖν;

Ἄλλ' οὐκ ἄξιον, ἔφη, ἀνδράσι καλοῖς κἀγαθοῖς ἐπιτάττειν· [425e] τὰ πολλὰ γὰρ αὐτῶν, ὅσα δεῖ νομοθετήσασθαι, ῥαδίως που εὐρήσουσιν.

Ναί, ὦ φίλε, εἶπον, ἐάν γε θεὸς αὐτοῖς διδῶ σωτηρίαν τῶν νόμων ὧν ἔμπροσθεν διήλθομεν.

Εἰ δὲ μή γε, ἦ δ' ὅς, πολλὰ τοιαῦτα τιθέμενοι ἀεὶ καὶ ἐπανορθούμενοι τὸν βίον διατελοῦσιν, οἴομενοι ἐπιλήψεσθαι τοῦ βελτίστου.

Λέγεις, ἔφην ἐγώ, βιώσεσθαι τοὺς τοιοῦτους ὥσπερ τοὺς κάμνοντάς τε καὶ οὐκ ἐθέλοντας ὑπὸ ἀκολασίας ἐκβῆναι πονηρᾶς διαίτης.

Πάνυ μὲν οὖν.

[426a] Καὶ μὴν οὗτοί γε χαριέντως διατελοῦσιν· ἰατρευόμενοι γὰρ οὐδὲν περαίνουσιν, πλὴν γε ποικιλώτερα καὶ μείζω ποιοῦσι τὰ νοσήματα, καὶ ἀεὶ ἐλπίζοντες, ἐάν τις φάρμακον συμβουλεύσῃ, ὑπὸ τούτου ἔσεσθαι ὑγιεῖς.

Πάνυ γάρ, ἔφη, τῶν οὕτω καμνόντων τὰ τοιαῦτα πάθη.

Τί δέ; ἦν δ' ἐγώ· τόδε αὐτῶν οὐ χαρίεν, τὸ πάντων ἔχθιστον ἡγεῖσθαι τὸν τάληθῃ λέγοντα, ὅτι πρὶν ἂν μεθύων καὶ ἐμπιπλάμενος καὶ ἀφροδισιάζων καὶ ἀργῶν παύσῃται, [426b] οὔτε φάρμακα οὔτε καύσεις οὔτε τομαὶ οὐδ' αὖ ἐπωδαὶ αὐτὸν οὐδὲ περίαπτα οὐδὲ ἄλλο τῶν τοιούτων οὐδὲν ὀνήσει;

Οὐ πάνυ χαρίεν, ἔφη· τὸ γὰρ τῷ εὖ λέγοντι χαλεπαίνειν οὐκ ἔχει χάριν.

Οὐκ ἐπαινέτης εἶ, ἔφην ἐγώ, ὥς ἔοικας, τῶν τοιούτων ἀνδρῶν.

Οὐ μέντοι μὰ Δία.

Οὐδ' ἂν ἡ πόλις ἄρα, ὅπερ ἄρτι ἐλέγομεν, ὅλη τοιοῦτον ποιῇ, οὐκ ἐπαινέσῃ. ἢ οὐ φαίνονται σοι ταῦτ' ἐργάζεσθαι τούτοις τῶν πόλεων ὅσαι κακῶς πολιτευόμεναι προαγορεύ[426c]ουσι τοῖς πολίταις τὴν μὲν κατάστασιν τῆς πόλεως ὅλην μὴ κινεῖν, ὥς ἀποθανομένους, ὃς ἂν τοῦτο δρᾷ· ὃς δ' ἂν σφᾶς οὕτω πολιτευομένους ἥδιστα θεραπεύῃ καὶ χαρίζεται ὑποτρέχων καὶ προγιγνώσκων τὰς σφετέρας βουλήσεις καὶ ταύτας δεινὸς ἢ ἀποπληροῦν, οὗτος ἄρα ἀγαθός τε ἔσται ἀνὴρ καὶ σοφὸς τὰ μεγάλα καὶ τιμῆσεται ὑπὸ σφῶν;

Ταῦτ' οὖν, ἔφη, ἔμοιγε δοκοῦσι δρᾶν, καὶ οὐδ' ὅπωςτιοῦν ἐπαινῶ.

[426d] Τί δ' αὖ τοὺς ἐθέλοντας θεραπεύειν τὰς τοιαύτας πόλεις καὶ προθυμομένους; οὐκ ἄγασαι τῆς ἀνδρείας τε καὶ εὐχερείας;

Ἐγὼ γ', ἔφη, πλὴν γ' ὅσοι ἐξηπάτηνται ὑπ' αὐτῶν καὶ οἴονται τῇ ἀληθείᾳ πολιτικοὶ εἶναι, ὅτι ἐπαινοῦνται ὑπὸ τῶν πολλῶν.

Πῶς λέγεις; οὐ συγγιγνώσκεις, ἦν δ' ἐγώ, τοῖς ἀνδράσιν; ἢ οἶε οἷόν τ' εἶναι ἀνδρὶ μὴ ἐπισταμένῳ μετρεῖν, ἐτέρων [426e] τοιούτων πολλῶν λεγόντων ὅτι τετράπηχός ἐστιν, αὐτὸν ταῦτα μὴ ἡγεῖσθαι περὶ αὐτοῦ;

Οὐκ αὖ, ἔφη, τοῦτό γε.

Μὴ τοίνυν χαλέπαινε· καὶ γάρ πού εἰσι πάντων χαριέστατοι οἱ τοιοῦτοι, νομοθετοῦντές τε οἷα ἄρτι διήλθομεν καὶ ἐπανορθοῦντες, αἰεὶ οἰόμενοί τι πέρας εὐρήσειν περὶ τὰ ἐν τοῖς συμβολαίοις κακουργήματα καὶ περὶ ἃ νυνδὴ ἐγὼ ἔλεγον, ἀγνοοῦντες ὅτι τῷ ὄντι ὥσπερ Ὑδραν τέμνουσιν.

[427a] Καὶ μὴν, ἔφη, οὐκ ἄλλο γέ τι ποιοῦσιν.

Ἐγὼ μὲν τοίνυν, ἦν δ' ἐγώ, τὸ τοιοῦτον εἶδος νόμων περὶ καὶ πολιτείας οὗτ' ἐν κακῶς οὗτ' ἐν εὖ πολιτευομένῃ πόλει ὥμην ἂν δεῖν τὸν ἀληθινὸν νομοθέτην πραγματεύεσθαι, ἐν τῇ μὲν ὅτι ἀνωφελὴ καὶ πλεον οὐδέν, ἐν δὲ τῇ ὅτι τὰ μὲν αὐτῶν κἂν ὅστισοῦν εὖροι, τὰ δὲ ὅτι αὐτόματα ἔπεισιν ἐκ τῶν ἔμπροσθεν ἐπιτηδευμάτων.

[427b] Τί οὖν, ἔφη, ἔτι ἂν ἡμῖν λοιπὸν τῆς νομοθεσίας εἴη;

Καὶ ἐγὼ εἶπον ὅτι Ἑμῖν μὲν οὐδέν, τῷ μέντοι Ἀπόλλωνι τῷ ἐν Δελοῖς τά γε μέγιστα καὶ κάλλιστα καὶ πρῶτα τῶν νομοθετημάτων.

Τὰ ποῖα; ἦ δ' ὅς.

Ἱερῶν τε ἰδρύσεις καὶ θυσίαι καὶ ἄλλαι θεῶν τε καὶ δαιμόνων καὶ ἡρώων θεραπαῖαι· τελευτησάντων <τε> αὖ θῆκαι καὶ ὅσα τοῖς ἐκεῖ δεῖ ὑπηρετοῦντας ἵλεως αὐτοὺς ἔχειν. τὰ γὰρ δὴ τοιαῦτα οὗτ' ἐπιστάμεθα ἡμεῖς οἰκίζοντές τε πόλιν [427c] οὐδενὶ ἄλλῳ πεισόμεθα, ἐὰν νοῦν ἔχωμεν, οὐδὲ χρῆσόμεθα ἐξηγητῇ ἄλλ' ἢ τῷ πατρίῳ· οὗτος γὰρ δῆπου ὁ θεὸς περὶ τὰ τοιαῦτα πᾶσιν ἀνθρώποις πάτριος ἐξηγητὴς [ἐν μέσῳ] τῆς γῆς ἐπὶ τοῦ ὀμφαλοῦ καθήμενος ἐξηγεῖται.

Καὶ καλῶς γ', ἔφη, λέγεις· καὶ ποιητέον οὕτω.

Ὀικισμένη μὲν τοίνυν, ἦν δ' ἐγώ, ἤδη ἂν σοι εἴη, ὦ παῖ [427d] Ἀρίστωνος, ἡ πόλις· τὸ δὲ δὴ μετὰ τοῦτο σκόπει ἐν αὐτῇ, φῶς ποθὲν πορισάμενος ἱκανόν, αὐτός τε καὶ τὸν ἀδελφὸν παρακάλει καὶ Πολέμαρχον καὶ τοὺς ἄλλους, ἐὰν πως ἴδωμεν ποῦ ποτ' ἂν εἴη ἡ δικαιοσύνη καὶ ποῦ ἡ ἀδικία, καὶ τί ἀλλήλοιν διαφέρετον, καὶ πότερον δεῖ κεκτῆσθαι τὸν μέλλοντα εὐδαίμονα εἶναι, ἐάντε λανθάνῃ ἐάντε μὴ πάντας θεοὺς τε καὶ ἀνθρώπους.

Οὐδὲν λέγεις, ἔφη ὁ Γλαῦκων· σὺ γὰρ ὑπέσχου ζητήσῃς, [427e] ὥς οὐχ ὅσιόν σοι ὄν μὴ οὐ βοηθεῖν δικαιοσύνη εἰς δύναμιν παντὶ τρόπῳ.

Ἀληθῆ, ἔφην ἐγώ, ὑπομιμνήσκεις, καὶ ποιητέον μὲν γε οὕτως, χρὴ δὲ καὶ ὑμᾶς συλλαμβάνειν.

Ἀλλ', ἔφη, ποιήσομεν οὕτω.

Ἐλπίζω τοίνυν, ἦν δ' ἐγώ, εὐρήσῃς αὐτὸ ὧδε. οἶμαι ἡμῖν τὴν πόλιν, εἴπερ ὀρθῶς γε ᾤκισται, τελέως ἀγαθὴν εἶναι.

Ἀνάγκη γ', ἔφη.

Δῆλον δὴ ὅτι σοφὴ τ' ἐστὶ καὶ ἀνδρεία καὶ σώφρων καὶ δικαία.

Δῆλον.

Οὐκοῦν ὅτι ἂν αὐτῶν εὕρωμεν ἐν αὐτῇ, τὸ ὑπόλοιπον ἔσται τὸ οὐχ

ηύρημένον;

[428a] Τί μήν;

Ὡσπερ τοίνυν ἄλλων τινῶν τετάρων, εἰ ἔν τι ἐζητοῦμεν αὐτῶν ἐν ὁτῶν, ὁπότε πρῶτον ἐκεῖνο ἔγνωμεν, ἱκανῶς ἂν εἶχεν ἡμῖν, εἰ δὲ τὰ τρία πρότερον ἐγνωρίσαμεν, αὐτῷ ἂν τούτῳ ἐγνώριστο τὸ ζητούμενον· δηλον γὰρ ὅτι οὐκ ἄλλο ἔτι ἦν ἢ τὸ ὑπολειφθέν.

Ὅρθῶς, ἔφη, λέγεις.

Οὐκοῦν καὶ περὶ τούτων, ἐπειδὴ τέτταρα ὄντα τυγχάνει, ὡσαύτως ζητητέον;

Δῆλα δῆ.

Καὶ μὲν δὴ πρῶτόν γε μοι δοκεῖ ἐν αὐτῷ κατάδηλον εἶναι [428b] ἡ σοφία· καί τι ἄτοπον περὶ αὐτὴν φαίνεται.

Τί; ἢ δ' ὅς.

Σοφὴ μὲν τῷ ὄντι δοκεῖ μοι ἡ πόλις εἶναι ἢ διήλθομεν· εὐβουλος γάρ, οὐχί;

Ναί.

Καὶ μὴν τοῦτό γε αὐτό, ἡ εὐβουλία, δηλον ὅτι ἐπιστήμη τίς ἐστίν· οὐ γάρ που ἀμαθία γε ἀλλ' ἐπιστήμη εὖ βουλευόνται.

Δῆλον.

Πολλὰ δέ γε καὶ παντοδαπαὶ ἐπιστῆμαι ἐν τῇ πόλει εἰσίν.

Πῶς γὰρ οὐ;

Ἄρ' οὖν διὰ τὴν τῶν τεκτόνων ἐπιστήμην σοφὴ καὶ εὐβουλος ἡ πόλις προσρητέα;

[428c] Οὐδαμῶς, ἔφη, διὰ γε ταύτην, ἀλλὰ τεκτονική.

Οὐκ ἄρα διὰ τὴν ὑπὲρ τῶν ξυλίνων σκευῶν ἐπιστήμην, βουλευομένη ὥς ἂν ἔχοι βέλτιστα, σοφὴ κλητέα πόλις.

Οὐ μέντοι.

Τί δέ; τὴν ὑπὲρ τῶν ἐκ τοῦ χαλκοῦ ἢ τινα ἄλλην τῶν τοιούτων;

Οὐδ' ἠντινοῦν, ἔφη.

Οὐδὲ τὴν ὑπὲρ τοῦ καρποῦ τῆς γενέσεως ἐκ τῆς γῆς, ἀλλὰ γεωργική.

Δοκεῖ μοι.

Τί δ'; ἦν δ' ἐγώ· ἔστι τις ἐπιστήμη ἐν τῇ ἄρτι ὑφ' ἡμῶν οἰκισθείσῃ παρὰ τισι τῶν πολιτῶν, ἣ οὐχ ὑπὲρ τῶν [428d] ἐν τῇ πόλει τινὸς βουλευέται, ἀλλ' ὑπὲρ αὐτῆς ὅλης, ὄντινα τρόπον αὐτὴ τε πρὸς αὐτὴν καὶ πρὸς τὰς ἄλλας πόλεις ἄριστα ὁμιλοῖ;

Ἔστι μέντοι.

Τίς, ἔφην ἐγώ, καὶ ἐν τίσιν;

Αὕτη, ἣ δ' ὅς, ἡ φυλακική, καὶ ἐν τούτοις τοῖς ἄρχουσιν οὓς νυνδὴ τελέους φύλακας ὀνομάζομεν.

Διὰ ταύτην οὖν τὴν ἐπιστήμην τί τὴν πόλιν προσαγορεύεις;

Εὐβουλον, ἔφη, καὶ τῷ ὄντι σοφὴν.

Πότερον οὖν, ἦν δ' ἐγώ, ἐν τῇ πόλει οἶει ἡμῖν χαλκέας [428e] πλείους ἐνέσεσθαι ἢ τοὺς ἀληθινοὺς φύλακας τούτους;

Πολύ, ἔφη, χαλκέας.

Οὐκοῦν, ἔφην, καὶ τῶν ἄλλων ὅσοι ἐπιστήμας ἔχοντες ὀνομάζονται τινες εἶναι, πάντων τούτων οὗτοι ἂν εἶεν ὀλίγιστοι;

Πολύ γε.

Τῷ σμικροτάτῳ ἄρα ἔθνει καὶ μέρει ἐαυτῆς καὶ τῇ ἐν τούτῳ ἐπιστήμῃ, τῷ προεστώτι καὶ ἄρχοντι, ὅλη σοφὴ ἂν εἴη κατὰ φύσιν οἰκισθεῖσα πόλις· καὶ τοῦτο, ὥς ἔοικε, φύσει [429a] ὀλίγιστον γίγνεται γένος, ὃ προσήκει ταύτης τῆς ἐπιστήμης μεταλαγχάνειν ἢ μόνην δεῖ τῶν ἄλλων ἐπιστημῶν σοφίαν καλεῖσθαι.

Ἀληθέστατα, ἔφη, λέγεις.

Τοῦτο μὲν δὴ ἐν τῶν τεττάρων οὐκ οἶδα ὄντινα τρόπον ἠύρηκαμεν, αὐτό τε καὶ ὅπου τῆς πόλεως ἴδρυται.

Ἐμοὶ γοῦν δοκεῖ, ἔφη, ἀποχρώντως ἠύρησθαι.

Ἀλλὰ μὴν ἀνδρεία γε αὐτὴ τε καὶ ἐν ᾧ κεῖται τῆς πόλεως, δι' ὃ τοιαύτη κλητέα ἢ πόλις, οὐ πάνυ χαλεπὸν ἰδεῖν.

Πῶς δὴ;

[429b] Τίς ἄν, ἦν δ' ἐγώ, εἰς ἄλλο τι ἀποβλέψας ἢ δειλὴν ἢ ἀνδρείαν πόλιν εἴποι ἄλλ' ἢ εἰς τοῦτο τὸ μέρος ὃ προπολεμεῖ τε καὶ στρατεύεται ὑπὲρ αὐτῆς;

Οὐδ' ἂν εἷς, ἔφη, εἰς ἄλλο τι.

Οὐ γὰρ οἶμαι, εἶπον, οἳ γε ἄλλοι ἐν αὐτῇ ἢ δειλοὶ ἢ ἀνδρεῖοι ὄντες κύριοι ἂν εἶεν ἢ τοίαν αὐτὴν εἶναι ἢ τοίαν.

Οὐ γάρ.

Καὶ ἀνδρεία ἄρα πόλις μέρει τινὶ ἑαυτῆς ἐστί, διὰ τὸ ἐν ἐκείνῳ ἔχειν δύναμιν τοιαύτην ἢ διὰ παντὸς σώσει τὴν περὶ [429c] τῶν δεινῶν δόξαν, ταῦτά τε αὐτὰ εἶναι καὶ τοιαῦτα, ἃ τε καὶ οἷα ὁ νομοθέτης παρήγγελλεν ἐν τῇ παιδείᾳ. ἢ οὐ τοῦτο ἀνδρείαν καλεῖς;

Οὐ πάνυ, ἔφη, ἔμαθον ὃ εἶπες, ἀλλ' αὐθις εἰπέ.

Σωτηρίαν ἔγωγ', εἶπον, λέγω τινὰ εἶναι τὴν ἀνδρείαν.

Ποίαν δὴ σωτηρίαν;

Τὴν τῆς δόξης τῆς ὑπὸ νόμου διὰ τῆς παιδείας γεγονυίας περὶ τῶν δεινῶν ἃ τέ ἐστί καὶ οἷα· διὰ παντὸς δὲ ἔλεγον αὐτῆς σωτηρίαν τὸ ἐν τε λύπαις ὄντα διασφύζεσθαι αὐτὴν καὶ ἐν [429d] ἡδοναῖς καὶ ἐν ἐπιθυμίαις καὶ ἐν φόβοις καὶ μὴ ἐκβάλλειν. ᾧ δέ μοι δοκεῖ ὅμοιον εἶναι ἐθέλω ἀπεικάσαι, εἰ βούλει.

Ἀλλὰ βούλομαι.

Οὐκοῦν οἶσθα, ἦν δ' ἐγώ, ὅτι οἱ βαφῆς, ἐπειδὴν βουλευθῶσι βάψαι ἔρια ὥστ' εἶναι ἀλουργά, πρῶτον μὲν ἐκλέγονται ἐκ τοσοῦτων

χρωμάτων μίαν φύσιν τὴν τῶν λευκῶν, ἔπειτα προπαρασκευάζουσιν, οὐκ ὀλίγη παρασκευῇ θεραπεύσαντες ὅπως δέξεται ὅτι μάλιστα τὸ ἄνθος, καὶ οὕτω δὴ βάπτουσι. [429e] καὶ ὁ μὲν ἂν τούτῳ τῷ τρόπῳ βαφῇ, δευσοποιὸν γίγνεται τὸ βαφέν, καὶ ἡ πλῴσις οὕτ' ἄνευ ῥυμμάτων οὔτε μετὰ ῥυμμάτων δύναται αὐτῶν τὸ ἄνθος ἀφαιρεῖσθαι· ἃ δ' ἂν μὴ, οἴσθα οἷα δὴ γίγνεται, ἐάντε τις ἄλλα χρώματα βάπτῃ ἐάντε καὶ ταῦτα μὴ προθεραπεύσας.

Οἶδα, ἔφη, ὅτι καὶ ἔκπλυτα καὶ γελοῖα.

Τοιοῦτον τοίνυν, ἦν δ' ἐγώ, ὑπόλαβε κατὰ δύναμιν ἐργάζεσθαι καὶ ἡμᾶς, ὅτε ἐξελεγόμεθα τοὺς στρατιώτας καὶ [430a] ἐπαιδευόμεν μουσικῇ καὶ γυμναστικῇ· μηδὲν οἷου ἄλλο μηχανᾶσθαι ἢ ὅπως ἡμῖν ὅτι κάλλιστα τοὺς νόμους πεισθέντες δέξοιντο ὥσπερ βαφὴν, ἵνα δευσοποιὸς αὐτῶν ἡ δόξα γίγνοιτο καὶ περὶ δεινῶν καὶ περὶ τῶν ἄλλων διὰ τὸ τὴν τε φύσιν καὶ τὴν τροφὴν ἐπιτηδεῖαν ἐσχηκέναι, καὶ μὴ αὐτῶν ἐκπλύναι τὴν βαφὴν τὰ ῥύμματα ταῦτα, δεινὰ ὄντα ἐκκλύζειν, ἢ τε ἡδονή, παντὸς χαλεστραίου δεινότερα οὔσα τοῦτο δρᾶν [430b] καὶ κονίας, λύπη τε καὶ φόβος καὶ ἐπιθυμία, παντὸς ἄλλου ῥύμματος. τὴν δὲ τοιαύτην δύναμιν καὶ σωτηρίαν διὰ παντὸς δόξης ὀρθῆς τε καὶ νομίμου δεινῶν τε πέρι καὶ μὴ ἀνδρείαν ἐγωγε καλῶ καὶ τίθεμαι, εἰ μὴ τι σὺ ἄλλο λέγεις.

Ἄλλ' οὐδέν, ἦ δ' ὅς, λέγω· δοκεῖς γάρ μοι τὴν ὀρθὴν δόξαν περὶ τῶν αὐτῶν τούτων ἄνευ παιδείας γεγονυῖαν, τὴν τε θηριώδη καὶ ἀνδραποδώδη, οὔτε πάνυ νόμιμον ἡγεῖσθαι, ἄλλο τέ τι ἢ ἀνδρείαν καλεῖν.

[430c] Ἀληθέστατα, ἦν δ' ἐγώ, λέγεις.

Ἀποδέχομαι τοίνυν τοῦτο ἀνδρείαν εἶναι.

Καὶ γὰρ ἀποδέχου, ἦν δ' ἐγώ, πολιτικὴν γε, καὶ ὀρθῶς ἀποδέξῃ· αἴθις δὲ περὶ αὐτοῦ, ἐὰν βούλῃ, ἔτι κάλλιον δίμην. νῦν γὰρ οὐ τοῦτο ἐζητοῦμεν, ἀλλὰ δικαιοσύνην· πρὸς οὗν τὴν ἐκείνου ζήτησιν, ὥς ἐγῶμαι, ἱκανῶς ἔχει.

Ἀλλὰ καλῶς, ἔφη, λέγεις.

Δύο μὲν, ἦν δ' ἐγώ, ἔτι λοιπὰ ἃ δεῖ κατιδεῖν ἐν τῇ [430d] πόλει, ἢ τε

σωφροσύνη καὶ οὐ δὴ ἔνεκα πάντα ζητοῦμεν, δικαιοσύνη.

Πάνυ μὲν οὖν.

Πῶς οὖν ἂν τὴν δικαιοσύνην εὖροιμεν, ἵνα μηκέτι πραγματευώμεθα περὶ σωφροσύνης;

Ἐγὼ μὲν τοίνυν, ἔφη, οὔτε οἶδα οὔτ' ἂν βουλοίμην αὐτὸ πρότερον φανῆναι, εἴπερ μηκέτι ἐπισκεψόμεθα σωφροσύνην· ἀλλ' εἰ ἔμοιγε βούλει χαρίζεσθαι, σκόπει πρότερον τοῦτο ἐκείνου.

[430e] Ἀλλὰ μέντοι, ἦν δ' ἐγώ, βούλομαί γε, εἰ μὴ ἀδικῶ.

Σκόπει δὴ, ἔφη.

Σκεπτέον, εἶπον· καὶ ὥς γε ἐντεῦθεν ἰδεῖν, συμφωνία τινὶ καὶ ἁρμονία προσέοικεν μᾶλλον ἢ τὰ πρότερον.

Πῶς;

Κόσμος πού τις, ἦν δ' ἐγώ, ἡ σωφροσύνη ἐστὶν καὶ ἡδονῶν τινῶν καὶ ἐπιθυμιῶν ἐγκράτεια, ὥς φασι κρείττω δὴ αὐτοῦ ἀποφαίνοντες οὐκ οἶδ' ὄντινα τρόπον, καὶ ἄλλα ἅττα τοιαῦτα ὥσπερ ἵχνη αὐτῆς λέγεται. ἦ γάρ;

Πάντων μάλιστα, ἔφη.

Οὐκοῦν τὸ μὲν κρείττω αὐτοῦ γελοῖον; ὁ γὰρ ἑαυτοῦ κρείττων καὶ ἥττων δήπου ἂν αὐτοῦ εἴη καὶ ὁ ἥττων κρείττων· [431a] ὁ αὐτὸς γὰρ ἐν ἅπασιν τούτοις προσαγορεύεται.

Τί δ' οὐ;

Ἀλλ', ἦν δ' ἐγώ, φαίνεται μοι βούλεσθαι λέγειν οὗτος ὁ λόγος ὥς τι ἐν αὐτῷ τῷ ἀνθρώπῳ περὶ τὴν ψυχὴν τὸ μὲν βέλτιον ἔνι, τὸ δὲ χεῖρον, καὶ ὅταν μὲν τὸ βέλτιον φύσει τοῦ χείρονος ἐγκρατὲς ᾖ, τοῦτο λέγειν τὸ κρείττω αὐτοῦ — ἐπαινεῖ γοῦν — ὅταν δὲ ὑπὸ τροφῆς κακῆς ἢ τινος ὁμιλίας κρατηθῇ ὑπὸ πλήθους τοῦ χείρονος σμικρότερον τὸ βέλτιον [431b] ὢν, τοῦτο δὲ ὥς ἐν ὀνειδὶ ψέγειν τε καὶ καλεῖν ἥττω ἑαυτοῦ καὶ ἀκόλαστον τὸν οὕτω διακεείμενον.

Καὶ γὰρ ἔοικεν, ἔφη.

Ἀπόβλεπε τοίνυν, ἦν δ' ἐγώ, πρὸς τὴν νέαν ἡμῖν πόλιν, καὶ εὐρήσεις ἐν αὐτῇ τὸ ἕτερον τούτων ἐνόν· κρεῖττω γὰρ αὐτὴν αὐτῆς δικαίως φήσεις προσαγορεύεσθαι, εἴπερ οὗ τὸ ἄμεινον τοῦ χείρονος ἄρχει σῶφρον κλητέον καὶ κρεῖττον αὐτοῦ.

Ἄλλ' ἀποβλέπω, ἔφη, καὶ ἀληθῆ λέγεις.

Καὶ μὴν καὶ τάς γε πολλὰς καὶ παντοδαπὰς ἐπιθυμίας καὶ [431c] ἡδονὰς τε καὶ λύπας ἐν παισὶ μάλιστα ἂν τις εὔροι καὶ γυναιξὶ καὶ οἰκέταις καὶ τῶν ἐλευθέρων λεγομένων ἐν τοῖς πολλοῖς τε καὶ φαύλοις.

Πάνυ μὲν οὖν.

Τὰς δέ γε ἀπλᾶς τε καὶ μετρίας, αἱ δὲ μετὰ νοῦ τε καὶ δόξης ὀρθῆς λογισμῷ ἄγονται, ἐν ὀλίγοις τε ἐπιτεύξῃ καὶ τοῖς βέλτιστα μὲν φῦσιν, βέλτιστα δὲ παιδευθεῖσιν.

Ἀληθῆ, ἔφη.

Οὐκοῦν καὶ ταῦτα ὁρᾷς ἐνόντα σοι ἐν τῇ πόλει καὶ κρατουμένας αὐτόθι τὰς ἐπιθυμίας τὰς ἐν τοῖς πολλοῖς τε [431d] καὶ φαύλοις ὑπὸ τε τῶν ἐπιθυμιῶν καὶ τῆς φρονήσεως τῆς ἐν τοῖς ἐλάττωσιν τε καὶ ἐπιεικεστέροις;

Ἐγὼ γ', ἔφη.

Εἰ ἄρα δεῖ τινα πόλιν προσαγορεύειν κρεῖττω ἡδονῶν τε καὶ ἐπιθυμιῶν καὶ αὐτὴν αὐτῆς, καὶ ταύτην προσρητέον.

Παντάπασι μὲν οὖν, ἔφη.

Ἄρ' οὖν οὐ καὶ σῶφρονα κατὰ πάντα ταῦτα;

Καὶ μάλα, ἔφη.

Καὶ μὴν εἴπερ αὖ ἐν ἄλλῃ πόλει ἢ αὐτῇ δόξα ἔνεστι τοῖς [431e] τε ἄρχουσι καὶ ἀρχομένοις περὶ τοῦ οὕστινας δεῖ ἄρχειν, καὶ ἐν ταύτῃ ἂν εἴη τοῦτο ἐνόν. ἢ οὐ δοκεῖ;

Καὶ μάλα, ἔφη, σφόδρα.

Ἐν ποτέροις οὖν φήσεις τῶν πολιτῶν τὸ σωφρονεῖν ἐνεῖναι ὅταν οὕτως ἔχωσιν; ἐν τοῖς ἄρχουσιν ἢ ἐν τοῖς ἀρχομένοις;

Ἐν ἀμφοτέροις που, ἔφη.

Ὅρᾳς οὖν, ἦν δ' ἐγώ, ὅτι ἐπικεικῶς ἐμαντευόμεθα ἄρτι ὡς ἀρμονία τινὶ ἢ σωφροσύνη ὁμοίωται;

Τί δή;

Ὅτι οὐχ ὥσπερ ἡ ἀνδρεία καὶ ἡ σοφία ἐν μέρει τινὶ [432a] ἐκατέρα ἐνοῦσα ἢ μὲν σοφὴν, ἢ δὲ ἀνδρείαν τὴν πόλιν παρείχετο, οὐχ οὕτω ποιεῖ αὕτη, ἀλλὰ δι' ὅλης ἀτεχνῶς τέταται διὰ πασῶν παρεχομένη συνάδοντας τοὺς τε ἀσθενεστάτους ταυτὸν καὶ τοὺς ἰσχυροτάτους καὶ τοὺς μέσους, εἰ μὲν βούλει, φρονήσει, εἰ δὲ βούλει, ἰσχύι, εἰ δέ, καὶ πλήθει ἢ χρήμασιν ἢ ἄλλῳ ὁτιοῦν τῶν τοιούτων· ὥστε ὀρθότατ' ἂν φαῖμεν ταύτην τὴν ὁμόνοιαν σωφροσύνην εἶναι, χειρόνός τε καὶ ἀμείνωνος κατὰ φύσιν συμφωνίαν ὁπότερον δεῖ ἄρχειν καὶ ἐν πόλει καὶ ἐν ἐνὶ ἐκάστῳ.

[432b] Πάνυ μοι, ἔφη, συνδοκεῖ.

Εἶεν, ἦν δ' ἐγώ· τὰ μὲν τρία ἡμῖν ἐν τῇ πόλει κατῶπται, ὥς γε οὕτωςι δόξαι· τὸ δὲ δὴ λοιπὸν εἶδος, δι' ὃ ἂν ἔτι ἀρετῆς μετέχοι πόλις, τί ποτ' ἂν εἴη; δῆλον γὰρ ὅτι τοῦτ' ἐστὶν ἡ δικαιοσύνη.

Δῆλον.

Οὐκοῦν, ὦ Γλαύκων, νῦν δὴ ἡμᾶς δεῖ ὥσπερ κυνηγέτας τινὰς θάμνον κύκλῳ περιίστασθαι προσέχοντας τὸν νοῦν, μή πη διαφύγη ἡ δικαιοσύνη καὶ ἀφανισθεῖσα ἄδηλος γένηται. [432c] φανερόν γάρ δὴ ὅτι ταύτη πη ἔστιν· ὅρα οὖν καὶ προθυμοῦ κατιδεῖν, ἐάν πως πρότερος ἐμοῦ ἴδῃς καὶ ἐμοὶ φράσῃς.

Εἰ γὰρ ὥφελον, ἔφη. ἀλλὰ μᾶλλον, ἐάν μοι ἐπομένῳ χρῇ καὶ τὰ δεικνύμενα δυναμένῳ καθορᾶν, πάνυ μοι μετρίως χρήσῃ.

Ἔπου, ἦν δ' ἐγώ, εὐξάμενος μετ' ἐμοῦ.

Ποίησω ταῦτα, ἀλλὰ μόνον, ἥ δ' ὅς, ἡγοῦ.

Καὶ μὴν, εἶπον ἐγὼ, δύσβατός γέ τις ὁ τόπος φαίνεται καὶ ἐπίσκοις· ἔστι γοῦν σκοτεινὸς καὶ δυσδιερεύνητος. ἀλλὰ γὰρ ὁμῶς ἰτέον.

[432d] Ἰτέον γάρ, ἔφη.

Καὶ ἐγὼ κατιδὼν, Ἰοῦ ἰού, εἶπον, ὦ Γλαύκων· κινδυνεύομέν τι ἔχειν ἵχνος, καὶ μοι δοκεῖ οὐ πᾶν τι ἐκφευγεῖσθαι ἡμᾶς.

Εὖ ἀγγέλλεις, ἥ δ' ὅς.

Ἦ μήν, ἦν δ' ἐγὼ, βλακικόν γε ἡμῶν τὸ πάθος.

Τὸ ποῖον;

Πάλαι, ὦ μακάριε, φαίνεται πρὸ ποδῶν ἡμῖν ἐξ ἀρχῆς κυλινδεῖσθαι, καὶ οὐχ ἑωρῶμεν ἄρ' αὐτό, ἀλλ' ἦμεν καταγελαστότατοι· ὥσπερ οἱ ἐν ταῖς χερσὶν ἔχοντες ζητοῦσιν [432e] ἐνίοτε ὁ ἔχουσιν, καὶ ἡμεῖς εἰς αὐτὸ μὲν οὐκ ἀπεβλέπομεν, πόρρω δέ ποι ἀπεσκοποῦμεν, ἥ δὴ καὶ ἐλάνθανεν ἴσως ἡμᾶς.

Πῶς, ἔφη, λέγεις;

Οὕτως, εἶπον, ὥς δοκοῦμέν μοι καὶ λέγοντες αὐτὸ καὶ ἀκούοντες πάλαι οὐ μανθάνειν ἡμῶν αὐτῶν, ὅτι ἐλέγομεν τρόπον τινὰ αὐτό.

Μακρόν, ἔφη, τὸ προοίμιον τῷ ἐπιθυμοῦντι ἀκοῦσαι.

[433a] Ἀλλ', ἦν δ' ἐγὼ, ἄκουε εἴ τι ἄρα λέγω. ὁ γὰρ ἐξ ἀρχῆς ἐθέμεθα δεῖν ποιεῖν διὰ παντός, ὅτε τὴν πόλιν κατὰκίζομεν, τοῦτό ἐστιν, ὥς ἐμοὶ δοκεῖ, ἥτοι τούτου τι εἶδος ἡ δικαιοσύνη. ἐθέμεθα δὲ δήπου καὶ πολλάκις ἐλέγομεν, εἰ μέμνησαι, ὅτι ἓνα ἕκαστον ἐν δέοι ἐπιτηδεύειν τῶν περὶ τὴν πόλιν, εἰς ὃ αὐτοῦ ἡ φύσις ἐπιτηδειοτάτη πεφυκυῖα εἴη.

Ἐλέγομεν γάρ.

Καὶ μὴν ὅτι γε τὸ τὰ αὐτοῦ πράττειν καὶ μὴ πολυπραγμονεῖν δικαιοσύνη ἐστί, καὶ τοῦτο ἄλλων τε πολλῶν [433b] ἀκηκόαμεν καὶ αὐτοὶ πολλάκις εἰρήκαμεν.

Εἰρήκαμεν γάρ.

Τοῦτο τοίνυν, ἦν δ' ἐγώ, ὦ φίλε, κινδυνεύει τρόπον τινὰ γιγνόμενον ἢ δικαιοσύνη εἶναι, τὸ τὰ αὐτοῦ πράττειν. οἴσθα ὅθεν τεκμαίρομαι;

Οὐκ, ἀλλὰ λέγ', ἔφη.

Δοκεῖ μοι, ἦν δ' ἐγώ, τὸ ὑπόλοιπον ἐν τῇ πόλει ὧν ἐσκέμμεθα, σωφροσύνης καὶ ἀνδρείας καὶ φρονήσεως, τοῦτο εἶναι, ὃ πᾶσιν ἐκείνοις τὴν δύναμιν παρέσχεν ὥστε ἐγγενέσθαι, καὶ ἐγγενομένοις γε σωτηρίαν παρέχειν, ἕωσπερ ἂν [433c] ἐνῇ. καίτοι ἐφαμεν δικαιοσύνην ἔσσεσθαι τὸ ὑπολειφθὲν ἐκείνων, εἰ τὰ τρία εὐροιμεν.

Καὶ γὰρ ἀνάγκη, ἔφη.

Ἄλλὰ μέντοι, ἦν δ' ἐγώ, εἰ δέοι γε κρίναι τί τὴν πόλιν ἡμῖν τούτων μάλιστα ἀγαθὴν ἀπεργάσεται ἐγγενόμενον, δύσκριτον ἂν εἴη πότερον ἢ ὁμοδοξία τῶν ἀρχόντων τε καὶ ἀρχομένων, ἢ ἡ περὶ δεινῶν τε καὶ μὴ, ἅττα ἐστί, δόξης ἐννόμου σωτηρία ἐν τοῖς στρατιώταις ἐγγενομένη, ἢ ἡ ἐν [433d] τοῖς ἄρχουσι φρόνησις τε καὶ φυλακὴ ἐνοῦσα, ἢ τοῦτο μάλιστα ἀγαθὴν αὐτὴν ποιεῖ ἐνὸν καὶ ἐν παιδὶ καὶ ἐν γυναικὶ καὶ δούλῳ καὶ ἐλευθέρῳ καὶ δημιουργῷ καὶ ἄρχοντι καὶ ἀρχομένῳ, ὅτι τὸ αὐτοῦ ἕκαστος εἷς ὧν ἔπραττε καὶ οὐκ ἐπολυπραγμόνει.

Δύσκριτον, ἔφη· πῶς δ' οὐ;

Ἐνάμιλλον ἄρα, ὥς ἔοικε, πρὸς ἀρετὴν πόλεως τῇ τε σοφίᾳ αὐτῆς καὶ τῇ σωφροσύνῃ καὶ τῇ ἀνδρείᾳ ἢ τοῦ ἕκαστον ἐν αὐτῇ τὰ αὐτοῦ πράττειν δύναμις.

Καὶ μάλα, ἔφη.

Οὐκοῦν δικαιοσύνην τό γε τούτοις ἐνάμιλλον ἂν εἰς ἀρετὴν [433e] πόλεως θείης;

Παντάπασι μὲν οὖν.

Σκόπει δὴ καὶ τῇδε εἰ οὕτω δόξει· ἄρα τοῖς ἄρχουσιν ἐν τῇ πόλει τὰς δίκας προστάξεις δικάζειν;

Τί μήν;

Ἦ ἄλλου οὐτινοσοῦν μᾶλλον ἐφιέμενοι δικάσουσιν ἢ τούτου, ὅπως ἂν ἕκαστοι μήτ' ἔχωσι τὰλλότρια μήτε τῶν αὐτῶν στέρωνται;

Οὐκ, ἀλλὰ τούτου.

Ὡς δικαίου ὄντος;

Ναί.

Καὶ ταύτη ἄρα πη ἡ τοῦ οἰκείου τε καὶ ἑαυτοῦ ἕξις τε καὶ [434a] πρᾶξις δικαιοσύνη ἂν ὁμολογοῖτο.

Ἔστι ταῦτα.

Ἴδὲ δὴ ἐὰν σοὶ ὅπερ ἐμοὶ συνδοκῇ. τέκτων σκυτοτόμου ἐπιχειρῶν ἔργα ἐργάζεσθαι ἢ σκυτοτόμος τέκτονος, ἢ τὰ ὄργανα μεταλαμβάνοντες τὰλλήλων ἢ τιμάς, ἢ καὶ ὁ αὐτὸς ἐπιχειρῶν ἀμφοτέρω πράττειν, πάντα τᾶλλα μεταλλαττόμενα, ἄρά σοι ἂν τι δοκεῖ μέγα βλάψαι πόλιν;

Οὐ πάνυ, ἔφη.

Ἄλλ' ὅταν γε οἶμαι δημιουργὸς ὦν ἢ τις ἄλλος χρηματιστής [434b] φύσει, ἔπειτα ἐπαιρόμενος ἢ πλούτῳ ἢ πλήθει ἢ ἰσχύι ἢ ἄλλῳ τῷ τοιούτῳ εἰς τὸ τοῦ πολεμικοῦ εἶδος ἐπιχειρῇ ἰέναι, ἢ τῶν πολεμικῶν τις εἰς τὸ τοῦ βουλευτικοῦ καὶ φύλακος ἀνάξιος ὦν, καὶ τὰ ἀλλήλων οὔτοι ὄργανα μεταλαμβάνωσι καὶ τὰς τιμάς, ἢ ὅταν ὁ αὐτὸς πάντα ταῦτα ἅμα ἐπιχειρῇ πράττειν, τότε οἶμαι καὶ σοὶ δοκεῖν ταύτην τὴν τούτων μεταβολὴν καὶ πολυπραγμοσύνην ὀλεθρον εἶναι τῇ πόλει.

Παντάπασι μὲν οὖν.

Ἦ τριῶν ἄρα ὄντων γενῶν πολυπραγμοσύνη καὶ μεταβολή [434c] εἰς ἄλληλα μεγίστη τε βλάβη τῇ πόλει καὶ ὀρθότατ' ἂν προσαγορεύοιτο μάλιστα κακουργία.

Κομιδῇ μὲν οὖν.

Κακουργίαν δὲ τὴν μεγίστην τῆς ἑαυτοῦ πόλεως οὐκ ἀδικίαν φήσεις

εἶναι;

Πῶς δ' οὐ;

Τοῦτο μὲν ἄρα ἀδικία. πάλιν δὲ ὧδε λέγωμεν· χρηματιστικοῦ, ἐπικουρικοῦ, φυλακικοῦ γένους οἰκαιοπραγία, ἐκάστου τούτων τὸ αὐτοῦ πράττοντος ἐν πόλει, τὸναντίον ἐκείνου δικαιοσύνη τ' ἂν εἴη καὶ τὴν πόλιν δικαίαν παρέχοι;

[434d] Οὐκ ἄλλη ἔμοιγε δοκεῖ, ἢ δ' ὅς, ἔχειν ἡ ταύτη.

Μηδέν, ἦν δ' ἐγώ, πῶ πάνυ παγίως αὐτὸ λέγωμεν, ἀλλ' ἐὰν μὲν ἡμῖν καὶ εἰς ἓνα ἕκαστον τῶν ἀνθρώπων ἰὸν τὸ εἶδος τοῦτο ὁμολογῇται καὶ ἐκεῖ δικαιοσύνη εἶναι, συγχωρησόμεθα ἤδη — τί γὰρ καὶ ἐροῦμεν; — εἰ δὲ μή, τότε ἄλλο τι σκεψόμεθα. νῦν δ' ἐκτελέσωμεν τὴν σκέψιν ἣν ᾠήθημεν, εἰ ἐν μείζονί τινι τῶν ἐχόντων δικαιοσύνην πρότερον <ἢ> ἐκεῖ ἐπιχειρήσασθαι, ῥᾶον ἂν ἐν ἐνὶ ἀνθρώπῳ κατιδεῖν οἶόν ἐστιν. καὶ [434e] ἔδοξε δὴ ἡμῖν τοῦτο εἶναι πόλις, καὶ οὕτω ᾠκίζομεν ὡς ἐδυνάμεθα ἀρίστην, εὖ εἰδότες ὅτι ἐν γε τῇ ἀγαθῇ ἂν εἴη. ὁ οὖν ἡμῖν ἐκεῖ ἐφάνη, ἐπαναφέρωμεν εἰς τὸν ἓνα, κἂν μὲν ὁμολογῇται, καλῶς ἔξει· ἐὰν δέ τι ἄλλο ἐν τῷ ἐνὶ ἐμφαίνεται, πάλιν ἐπανιόντες ἐπὶ τὴν πόλιν βασανιοῦμεν, καὶ [435a] τάχ' ἂν παρ' ἄλληλα σκοποῦντες καὶ τρίβοντες, ὥσπερ ἐκ πυρείων ἐκλάμψαι ποιήσασθαι τὴν δικαιοσύνην· καὶ φανεράν γενομένην βεβαιωσόμεθα αὐτὴν παρ' ἡμῖν αὐτοῖς.

Ἄλλ', ἔφη, καθ' ὁδόν τε λέγεις καὶ ποιεῖν χρὴ οὕτως.

Ἄρ' οὖν, ἦν δ' ἐγώ, ὅ γε ταυτὸν ἂν τις προσείποι μεῖζόν τε καὶ ἔλαττον, ἀνόμοιον τυγχάνει ὃν ταύτῃ ἢ ταυτὸν προσαγορεύεται, ἢ ὅμοιον;

Ὅμοιον, ἔφη.

[435b] Καὶ δίκαιος ἄρα ἀνὴρ δικαίας πόλεως κατ' αὐτὸ τὸ τῆς δικαιοσύνης εἶδος οὐδὲν διοίσει, ἀλλ' ὅμοιος ἔσται.

Ὅμοιος, ἔφη.

Ἀλλὰ μέντοι πόλις γε ἔδοξεν εἶναι δικαία ὅτε ἐν αὐτῇ τριττὰ γένη

φύσεων ἐνόντα τὸ αὐτῶν ἕκαστον ἔπραττεν, σῶφρων δὲ αὖ καὶ ἀνδρεία καὶ σοφὴ διὰ τῶν αὐτῶν τούτων γενῶν ἄλλ' ἅττα πάθη τε καὶ ἔξεις.

Ἀληθῆ, ἔφη.

Καὶ τὸν ἓνα ἄρα, ὃ φίλε, οὕτως ἀξιόσομεν, τὰ αὐτὰ ταῦτα [435c] εἶδη ἐν τῇ αὐτοῦ ψυχῇ ἔχοντα, διὰ τὰ αὐτὰ πάθη ἐκείνοις τῶν αὐτῶν ὀνομάτων ὀρθῶς ἀξιοῦσθαι τῇ πόλει.

Πᾶσα ἀνάγκη, ἔφη.

Εἰς φαῦλόν γε αὖ, ἦν δ' ἐγώ, ὃ θαυμάσιε, σκέμμα ἐμπεπτώκαμεν περὶ ψυχῆς, εἴτε ἔχει τὰ τρία εἶδη ταῦτα ἐν αὐτῇ εἴτε μή.

Οὐ πάνυ μοι δοκοῦμεν, ἔφη, εἰς φαῦλον· ἴσως γάρ, ὃ Σώκρατες, τὸ λεγόμενον ἀληθές, ὅτι χαλεπὰ τὰ καλά.

Φαίνεται, ἦν δ' ἐγώ. καὶ εὖ γ' ἴσθι, ὃ Γλαῦκων, ὥς ἡ [435d] ἐμὴ δόξα, ἀκριβῶς μὲν τοῦτο ἐκ τοιούτων μεθόδων, οἷαις νῦν ἐν τοῖς λόγοις χρώμεθα, οὐ μὴ ποτε λάβωμεν — ἄλλη γὰρ μακροτέρα καὶ πλείων ὁδὸς ἢ ἐπὶ τοῦτο ἄγουσα — ἴσως μέντοι τῶν γε προειρημένων τε καὶ προεσκεμμένων ἀξίως.

Οὐκοῦν ἀγαπητόν; ἔφη· ἐμοὶ μὲν γὰρ ἐν γε τῷ παρόντι ἱκανῶς ἂν ἔχοι.

Ἀλλὰ μέντοι, εἶπον, ἔμοιγε καὶ πάνυ ἐξαρκέσει.

Μὴ τοίνυν ἀποκάμης, ἔφη, ἀλλὰ σκόπει.

[435e] Ἄρ' οὖν ἡμῖν, ἦν δ' ἐγώ, πολλὴ ἀνάγκη ὁμολογεῖν ὅτι γε τὰ αὐτὰ ἐν ἑκάστῳ ἔνεστιν ἡμῶν εἶδη τε καὶ ἦθλη ἅπερ ἐν τῇ πόλει; οὐ γάρ που ἄλλοθεν ἐκεῖσε ἀφίκται. γελοῖον γὰρ ἂν εἴη εἴ τις οἰηθεῖ τὸ θυμοειδὲς μὴ ἐκ τῶν ιδιωτῶν ἐν ταῖς πόλεσιν ἐγγεγονέναι, οἳ δὴ καὶ ἔχουσι ταύτην τὴν αἰτίαν, οἷον οἱ κατὰ τὴν Θράκην τε καὶ Σκυθικὴν καὶ σχεδόν τι κατὰ τὸν ἄνω τόπον, ἢ τὸ φιλομαθές, ὃ δὴ τὸν παρ' ἡμῖν [436a] μάλιστ' ἂν τις αἰτιάσαιτο τόπον, ἢ τὸ φιλοχρήματον τὸ περὶ τοὺς τε Φοίνικας εἶναι καὶ τοὺς κατὰ Αἴγυπτον φαίη τις ἂν οὐχ ἥκιστα.

Καὶ μάλα, ἔφη.

Τοῦτο μὲν δὴ οὕτως ἔχει, ἦν δ' ἐγώ, καὶ οὐδὲν χαλεπὸν γινῶναι.

Οὐ δῆτα.

Τόδε δὲ ἤδη χαλεπὸν, εἰ τῷ αὐτῷ τούτῳ ἕκαστα πράττομεν ἢ τρισὶν οὖσιν ἄλλο ἄλλῳ· μανθάνομεν μὲν ἑτέρῳ, θυμούμεθα δὲ ἄλλῳ τῶν ἐν ἡμῖν, ἐπιθυμοῦμεν δ' αὖ τρίτῳ τινὶ τῶν περὶ τὴν τροφήν τε καὶ γέννησιν ἡδονῶν καὶ ὅσα τούτων [436b] ἀδελφά, ἢ ὅλη τῇ ψυχῇ καθ' ἕκαστον αὐτῶν πράττομεν, ὅταν ὁρμήσωμεν. ταῦτ' ἔσται τὰ χαλεπὰ διορίσασθαι ἀξίως λόγου.

Καὶ ἐμοὶ δοκεῖ, ἔφη.

ᾧδε τοίνυν ἐπιχειρῶμεν αὐτὰ ὀρίζεσθαι, εἴτε τὰ αὐτὰ ἀλλήλοις εἴτε ἑτέρα ἐστί.

Πῶς;

Δῆλον ὅτι ταῦτὸν τάναντία ποιεῖν ἢ πάσχειν κατὰ ταυτόν γε καὶ πρὸς ταῦτὸν οὐκ ἐθελήσει ἅμα, ὥστε ἂν που εὐρίσκωμεν ἐν αὐτοῖς ταῦτα γιγνόμενα, εἰσόμεθα ὅτι οὐ ταῦτὸν [436c] ἦν ἀλλὰ πλείω.

Εἶεν.

Σκόπει δὴ ὃ λέγω.

Λέγε, ἔφη.

Ἐστάναι, εἶπον, καὶ κινεῖσθαι τὸ αὐτὸ ἅμα κατὰ τὸ αὐτὸ ἄρα δυνατόν;

Οὐδαμῶς.

Ἔτι τοίνυν ἀκριβέστερον ὁμολογησώμεθα, μή πη προϊόντες ἀμφισβητήσωμεν. εἰ γάρ τις λέγοι ἄνθρωπον ἐστηκότα, κινουῖντα δὲ τὰς χεῖράς τε καὶ τὴν κεφαλὴν, ὅτι ὁ αὐτὸς ἑστηκός τε καὶ κινεῖται ἅμα, οὐκ ἂν οἶμαι ἀξιοῖμεν οὕτω [436d] λέγειν δεῖν, ἀλλ' ὅτι τὸ μὲν τι αὐτοῦ ἑστηκε, τὸ δὲ κινεῖται. οὐχ οὕτω;

Οὕτω.

Οὐκοῦν καὶ εἰ ἔτι μᾶλλον χαριεντίζοιτο ὁ ταῦτα λέγων, κομψευόμενος ὡς οἱ γε στρόβιλοι ὅλοι ἐστᾶσί τε ἅμα καὶ κινοῦνται, ὅταν ἐν τῷ αὐτῷ πήξαντες τὸ κέντρον περιφέρωνται, ἢ καὶ ἄλλο τι κύκλῳ περιῶν ἐν τῇ αὐτῇ ἔδρᾳ τοῦτο δρᾷ, οὐκ ἂν ἀποδεχοίμεθα, ὡς οὐ κατὰ ταῦτα ἐαυτῶν [436e] τὰ τοιαῦτα τότε μενόντων τε καὶ φερομένων, ἀλλὰ φαῖμεν ἂν ἔχειν αὐτὰ εὐθύ τε καὶ περιφερὲς ἐν αὐτοῖς, καὶ κατὰ μὲν τὸ εὐθὺ ἐστάναι — οὐδαμῇ γὰρ ἀποκλίνειν — κατὰ δὲ τὸ περιφερὲς κύκλῳ κινεῖσθαι, καὶ ὅταν δὲ τὴν εὐθυωρίαν ἢ εἰς δεξιάν ἢ εἰς ἀριστεράν ἢ εἰς τὸ πρόσθεν ἢ εἰς τὸ ὀπίσθεν ἐγκλίνη ἅμα περιφερόμενον, τότε οὐδαμῇ [ἔστιν] ἐστάναι.

Καὶ ὀρθῶς γε, ἔφη.

Οὐδὲν ἄρα ἡμᾶς τῶν τοιούτων λεγόμενον ἐκπλήξει, οὐδὲ μᾶλλον τι πείσει ὥς ποτέ τι ἂν τὸ αὐτὸ ὄν ἅμα κατὰ [437a] τὸ αὐτὸ πρὸς τὸ αὐτὸ τάναντία πάθοι ἢ καὶ εἴη ἢ καὶ ποιήσειεν.

Οὐκουν ἐμέ γε, ἔφη.

Ἄλλ' ὅμως, ἦν δ' ἐγώ, ἵνα μὴ ἀναγκαζώμεθα πάσας τὰς τοιαύτας ἀμφισβητήσεις ἐπεξιόντες καὶ βεβαιούμενοι ὡς οὐκ ἀληθεῖς οὕσας μηκύνειν, ὑποθέμενοι ὡς τούτου οὕτως ἔχοντος εἰς τὸ πρόσθεν προῖωμεν, ὁμολογήσαντες, ἐάν ποτε ἄλλη φανῇ ταῦτα ἢ ταύτη, πάντα ἡμῖν τὰ ἀπὸ τούτου συμβαίνοντα λελυμένα ἔσεσθαι.

Ἄλλὰ χρή, ἔφη, ταῦτα ποιεῖν.

[437b] Ἄρ' <ἂν> οὖν, ἦν δ' ἐγώ, τὸ ἐπινεύειν τῷ ἀνανεύειν καὶ τὸ ἐφίεσθαι τινος λαβεῖν τῷ ἀπαρνεῖσθαι καὶ τὸ προσάγεσθαι τῷ ἀπωθεῖσθαι, πάντα τὰ τοιαῦτα τῶν ἐναντίων ἀλλήλοις θεῖς εἴτε ποιημάτων εἴτε παθημάτων; οὐδὲν γὰρ ταύτη διοίσει.

Ἄλλ', ἦ δ' ὅς, τῶν ἐναντίων.

Τί οὖν; ἦν δ' ἐγώ· διψῆν καὶ πεινῆν καὶ ὅλως τὰς ἐπιθυμίας, καὶ αὖ τὸ ἐθέλειν καὶ τὸ βούλεσθαι, οὐ πάντα ταῦτα [437c] εἰς ἐκεῖνά ποι ἂν θεῖς τὰ εἶδη τὰ νυνδὴ λεχθέντα; οἷον ἀεὶ τὴν τοῦ ἐπιθυμοῦντος ψυχὴν οὐχὶ ἤτοι ἐφίεσθαι φήσεις ἐκείνου οὗ ἂν ἐπιθυμῇ, ἢ προσάγεσθαι τοῦτο ὃ ἂν βούληται οἱ γενέσθαι, ἢ αὖ, καθ' ὅσον ἐθέλει τί οἱ πορισθῆναι, ἐπινεύειν τοῦτο πρὸς αὐτὴν ὥσπερ τινὸς

ἐρωτῶντος, ἐπορευομένην αὐτοῦ τῆς γενέσεως;

Ἔγωγε.

Τί δέ; τὸ ἀβουλεῖν καὶ μὴ ἐθέλειν μὴδ' ἐπιθυμεῖν οὐκ εἰς τὸ ἀπωθεῖν καὶ ἀπελαύνειν ἀπ' αὐτῆς καὶ εἰς ἅπαντα τάναντία ἐκείνοις θήσομεν;

[437d] Πῶς γὰρ οὐ;

Τούτων δὴ οὕτως ἐχόντων ἐπιθυμιῶν τι φήσομεν εἶναι εἶδος, καὶ ἐναργεστάτας αὐτῶν τούτων ἦν τε δίψαν καλοῦμεν καὶ ἦν πείναν;

Φήσομεν, ἥ δ' ὅς.

Οὐκοῦν τὴν μὲν ποτοῦ, τὴν δ' ἐδωδῆς;

Ναί.

Ἄρ' οὖν, καθ' ὅσον δίψα ἐστί, πλέονος ἂν τινος ἢ οὐ λέγομεν ἐπιθυμία ἐν τῇ ψυχῇ εἶη, οἷον δίψα ἐστί δίψα ἄρά γε θερμοῦ ποτοῦ ἢ ψυχροῦ, ἢ πολλοῦ ἢ ὀλίγου, ἢ καὶ ἐνὶ λόγῳ ποιοῦ τινος πάματος; ἢ ἐὰν μὲν τις θερμότης τῷ [437e] δίψει προσῇ, τὴν τοῦ ψυχροῦ ἐπιθυμίαν προσπαρέχοιτ' ἂν, ἐὰν δὲ ψυχρότης, τὴν τοῦ θερμοῦ; ἐὰν δὲ διὰ πλήθους παρουσίαν πολλὴ ἢ δίψα ἦ, τὴν τοῦ πολλοῦ παρέξεται, ἐὰν δὲ ὀλίγη, τὴν τοῦ ὀλίγου; αὐτὸ δὲ τὸ διψῆν οὐ μὴ ποτε ἄλλου γένηται ἐπιθυμία ἢ οὐπὲρ πέφυκεν, αὐτοῦ πάματος, καὶ αὐτὸ πεινῆν βρώματος;

Οὕτως, ἔφη, αὐτὴ γε ἡ ἐπιθυμία ἐκάστη αὐτοῦ μόνον ἐκάστου οὐ πέφυκεν, τοῦ δὲ τοίου ἢ τοίου τὰ προσγιγνώμενα.

[438a] Μήτοι τις, ἦν δ' ἐγώ, ἀσκέπτους ἡμᾶς ὄντας θορυβήσῃ, ὥς οὐδεὶς ποτοῦ ἐπιθυμεῖ ἀλλὰ χρηστοῦ ποτοῦ, καὶ οὐ σίτου ἀλλὰ χρηστοῦ σίτου. πάντες γὰρ ἄρα τῶν ἀγαθῶν ἐπιθυμοῦσιν· εἰ οὖν ἡ δίψα ἐπιθυμία ἐστί, χρηστοῦ ἂν εἶη εἴτε πάματος εἴτε ἄλλου ὅτου ἐστὶν ἐπιθυμία, καὶ αἱ ἄλλαι οὕτω.

Ἴσως γὰρ ἂν, ἔφη, δοκοῖ τι λέγειν ὁ ταῦτα λέγων.

Ἀλλὰ μέντοι, ἦν δ' ἐγώ, ὅσα γ' ἐστὶ τοιαῦτα οἷα εἶναί [438b] του, τὰ μὲν ποιά ἅττα ποιοῦ τινός ἐστιν, ὥς ἐμοὶ δοκεῖ, τὰ δ' αὐτὰ ἕκαστα

αὐτοῦ ἐκάστου μόνον. Οὐκ ἔμαθον, ἔφη.

Οὐκ ἔμαθες, ἔφην, ὅτι τὸ μεῖζον τοιοῦτόν ἐστιν οἷον τινὸς εἶναι μεῖζον;

Πάνυ γε.

Οὐκοῦν τοῦ ἐλάττωνος;

Ναί.

Τὸ δέ γε πολὺ μεῖζον πολὺ ἐλάττωνος. ἤ γάρ;

Ναί.

Ἄρ' οὖν καὶ τὸ ποτὲ μεῖζον ποτὲ ἐλάττωνος, καὶ τὸ ἐσόμενον μεῖζον ἐσομένου ἐλάττωνος;

Ἀλλὰ τί μήν; ἤ δ' ὅς.

[438c] Καὶ τὰ πλείω δὴ πρὸς τὰ ἐλάττω καὶ τὰ διπλάσια πρὸς τὰ ἡμίσεια καὶ πάντα τὰ τοιαῦτα, καὶ αὖ βαρύτερα πρὸς κουφότερα καὶ θάττω πρὸς τὰ βραδύτερα, καὶ ἔτι γε τὰ θερμὰ πρὸς τὰ ψυχρὰ καὶ πάντα τὰ τούτοις ὅμοια ἄρ' οὐχ οὕτως ἔχει;

Πάνυ μὲν οὖν.

Τί δὲ τὰ περὶ τὰς ἐπιστήμας; οὐχ ὁ αὐτὸς τρόπος; ἐπιστήμη μὲν αὐτὴ μαθήματος αὐτοῦ ἐπιστήμη ἐστὶν ἢ ὅτου δὴ δεῖ θεῖναι τὴν ἐπιστήμην, ἐπιστήμη δέ τις καὶ ποιά τις [438d] ποιοῦ τινος καὶ τινός. λέγω δὲ τὸ τοιόνδε· οὐκ ἐπειδὴ οἰκίας ἐργασίας ἐπιστήμη ἐγένετο, διήνεγκε τῶν ἄλλων ἐπιστημῶν, ὥστε οἰκοδομικὴ κληθῆναι;

Τί μήν;

Ἄρ' οὐ τῷ ποιά τις εἶναι, οἷα ἑτέρα οὐδεμία τῶν ἄλλων;

Ναί.

Οὐκοῦν ἐπειδὴ ποιοῦ τινος, καὶ αὐτὴ ποιά τις ἐγένετο; καὶ αἱ ἄλλαι οὕτω τέχναι τε καὶ ἐπιστῆμαι;

Ἔστιν οὕτω.

Τοῦτο τοίνυν, ἦν δ' ἐγώ, φάθι με τότε βούλεσθαι λέγειν, εἰ ἄρα νῦν ἔμαθες, ὅτι ὅσα ἐστὶν οἷα εἶναί του, αὐτὰ μὲν μόνα αὐτῶν μόνων ἐστίν, τῶν δὲ ποιῶν τινων ποιά ἅττα. [438e] καὶ οὐ τι λέγω, ὥς, οἷων ἂν ἦ, τοιαῦτα καὶ ἔστιν, ὥς ἄρα καὶ τῶν ὑγιεινῶν καὶ νοσῶδων ἡ ἐπιστήμη ὑγιεινὴ καὶ νοσώδης καὶ τῶν κακῶν καὶ τῶν ἀγαθῶν κακὴ καὶ ἀγαθὴ· ἀλλ' ἐπεὶ οὐκ αὐτοῦ οὐπὲρ ἐπιστήμη ἐστὶν ἐγένετο ἐπιστήμη, ἀλλὰ ποιοῦ τινος, τοῦτο δ' ἦν ὑγιεινὸν καὶ νοσῶδες, ποιά δὴ τις συνέβη καὶ αὐτὴ γενέσθαι, καὶ τοῦτο αὐτὴν ἐποίησεν μηκέτι ἐπιστήμην ἀπλῶς καλεῖσθαι, ἀλλὰ τοῦ ποιοῦ τινος προσγενομένου ἱατρικὴν.

Ἐμαθον, ἔφη, καὶ μοι δοκεῖ οὕτως ἔχειν.

[439a] Τὸ δὲ δὴ δίψος, ἦν δ' ἐγώ, οὐ τούτων θήσεις τῶν τινὸς εἶναι τοῦτο ὅπερ ἐστίν; ἔστι δὲ δήπου δίψος —

Ἐγωγε, ἦ δ' ὅς· πώματός γε.

Οὐκοῦν ποιοῦ μὲν τινος πώματος ποιόν τι καὶ δίψος, δίψος δ' οὖν αὐτὸ οὔτε πολλοῦ οὔτε ὀλίγου, οὔτε ἀγαθοῦ οὔτε κακοῦ, οὐδ' ἐνὶ λόγῳ ποιοῦ τινος, ἀλλ' αὐτοῦ πώματος μόνον αὐτὸ δίψος πέφυκεν;

Παντάπασι μὲν οὖν.

Τοῦ διψῶντος ἄρα ἡ ψυχὴ, καθ' ὅσον διψῇ, οὐκ ἄλλο [439b] τι βούλεται ἢ πιεῖν, καὶ τούτου ὀρέγεται καὶ ἐπὶ τοῦτο ὁρμᾷ.

Δῆλον δὴ.

Οὐκοῦν εἴ ποτέ τι αὐτὴν ἀνθέλκει διψῶσαν, ἕτερον ἂν τι ἐν αὐτῇ εἴη αὐτοῦ τοῦ διψῶντος καὶ ἄγοντος ὥσπερ θηρίον ἐπὶ τὸ πιεῖν; οὐ γὰρ δὴ, φαμέν, τό γε αὐτὸ τῷ αὐτῷ ἑαυτοῦ περὶ τὸ αὐτὸ ἅμ' ἄ<v> τάναντία πράττοι.

Οὐ γὰρ οὖν.

Ὡσπερ γε οἶμαι τοῦ τοξότου οὐ καλῶς ἔχει λέγειν ὅτι αὐτοῦ ἅμα αἱ χεῖρες τὸ τόξον ἀπωθοῦνται τε καὶ προσέλκονται, ἀλλ' ὅτι ἄλλη μὲν ἡ ἀπωθοῦσα χεὶρ, ἑτέρα δὲ ἡ προσαγομένη.

[439c] Παντάπασι μὲν οὖν, ἔφη.

Πότερον δὴ φῶμέν τινας ἔστιν ὅτε διψῶντας οὐκ ἐθέλειν πιεῖν;

Καὶ μάλα γ', ἔφη, πολλοὺς καὶ πολλάκις.

Τί οὖν, ἔφην ἐγώ, φαίη τις ἂν τούτων πέρι; οὐκ ἐνεῖναι μὲν ἐν τῇ ψυχῇ αὐτῶν τὸ κελεῦον, ἐνεῖναι δὲ τὸ κωλῦον πιεῖν, ἄλλο ὄν καὶ κρατοῦν τοῦ κελεύοντος;

Ἔμοιγε, ἔφη, δοκεῖ.

Ἄρ' οὖν οὐ τὸ μὲν κωλῦον τὰ τοιαῦτα ἐγγίγνεται, ὅταν [439d] ἐγγένηται, ἐκ λογισμοῦ, τὰ δὲ ἄγοντα καὶ ἔλκοντα διὰ παθημάτων τε καὶ νοσημάτων παραγίγνεται;

Φαίνεται.

Οὐ δὴ ἀλόγως, ἦν δ' ἐγώ, ἀξιώσομεν αὐτὰ διττά τε καὶ ἕτερα ἀλλήλων εἶναι, τὸ μὲν ὃ λογίζεται λογιστικὸν προσαγορεύοντες τῆς ψυχῆς, τὸ δὲ ὃ ἐρᾷ τε καὶ πεινῇ καὶ διψῇ καὶ περὶ τὰς ἄλλας ἐπιθυμίας ἐπτόχεται ἀλόγιστόν τε καὶ ἐπιθυμητικόν, πληρώσεών τινων καὶ ἡδονῶν ἐταῖρον.

[439e] Οὐκ, ἀλλ' εἰκότως, ἔφη, ἡγοίμεθ' ἂν οὕτως.

Ταῦτα μὲν τοίνυν, ἦν δ' ἐγώ, δύο ἡμῖν ὠρίσθω εἶδη ἐν ψυχῇ ἐνόντα· τὸ δὲ δὴ τοῦ θυμοῦ καὶ ὃ θυμούμεθα πότερον τρίτον, ἢ τούτων ποτέρῳ ἂν εἴη ὁμοφυές;

Ἴσως, ἔφη, τῷ ἐτέρῳ, τῷ ἐπιθυμητικῷ.

Ἄλλ', ἦν δ' ἐγώ, ποτὲ ἀκούσας τιτ' πιστεύω τούτῳ· ὥς ἄρα Λεόντιος ὁ Ἀγλαῖωνος ἀνιὼν ἐκ Πειραιῶς ὑπὸ τὸ βόρειον τεῖχος ἐκτός, αἰσθόμενος νεκροὺς παρὰ τῷ δημίῳ κειμένους, ἅμα μὲν ἰδεῖν ἐπιθυμοῖ, ἅμα δὲ αὖ δυσχεραῖνοι καὶ ἀποτρέποι ἑαυτόν, καὶ τέως μὲν μάχοιτό τε καὶ παρα[440a]καλύπτοιο, κρατούμενος δ' οὖν ὑπὸ τῆς ἐπιθυμίας, διελκύσας τοὺς ὀφθαλμούς, προσδραμὼν πρὸς τοὺς νεκρούς, “Ἴδου ὑμῖν,” ἔφη, “ὧ κακοδαίμονες, ἐμπλήσθητε τοῦ καλοῦ θεάματος.”

Ἦκουσα, ἔφη, καὶ αὐτός.

Οὗτος μέντοι, ἔφην, ὁ λόγος σημαίνει τὴν ὀργὴν πολεμεῖν ἐνίοτε ταῖς ἐπιθυμίαις ὥς ἄλλο ὃν ἄλλω.

Σημαίνει γάρ, ἔφη.

Οὐκοῦν καὶ ἄλλοθι, ἔφην, πολλαχοῦ αἰσθανόμεθα, ὅταν [440b] βιάζονται τινα παρὰ τὸν λογισμὸν ἐπιθυμίαι, λοιδοροῦντά τε αὐτὸν καὶ θυμούμενον τῷ βιαζομένῳ ἐν αὐτῷ, καὶ ὥσπερ δυοῖν στασιαζόντων σύμμαχον τῷ λόγῳ γιγνόμενον τὸν θυμὸν τοῦ τοιούτου; ταῖς δ' ἐπιθυμίαις αὐτὸν κοινωνήσαντα, αἰροῦντος λόγου μὴ δεῖν ἀντιπράττειν, οἶμαί σε οὐκ ἂν φάναι γενομένου ποτὲ ἐν σαντῷ τοῦ τοιούτου αἰσθῆσθαι, οἶμαι δ' οὐδ' ἐν ἄλλῳ.

Οὐ μὰ τὸν Δία, ἔφη.

[440c] Τί δέ, ἦν δ' ἐγώ, ὅταν τις οἴηται ἀδικεῖν; οὐχ ὅσῳ ἂν γενναιότερος ᾖ, τοσοῦτῳ ἥττον δύναται ὀργίζεσθαι καὶ πεινῶν καὶ ῥιγῶν καὶ ἄλλο ὅτιοῦν τῶν τοιούτων πάσχων ὑπ' ἐκείνου ὃν ἂν οἴηται δικαίως ταῦτα δρᾶν, καί, ὃ λέγω, οὐκ ἐθέλει πρὸς τοῦτον αὐτοῦ ἐγείρεσθαι ὁ θυμός;

Ἀληθεῖ, ἔφη.

Τί δέ ὅταν ἀδικεῖσθαι τις ἡγῆται; οὐκ ἐν τούτῳ ζεῖ τε καὶ χαλεπαίνει καὶ συμμαχεῖ τῷ δοκοῦντι δικαίῳ καί, διὰ τὸ πεινῆν καὶ διὰ τὸ ῥιγοῦν καὶ πάντα τὰ τοιαῦτα πάσχειν, [440d] ὑπομένων καὶ νικᾷ καὶ οὐ λήγει τῶν γενναίων, πρὶν ἂν ἢ διαπράξῃται ἢ τελευτήσῃ ἢ ὥσπερ κύων ὑπὸ νομέως ὑπὸ τοῦ λόγου τοῦ παρ' αὐτῷ ἀνακληθεὶς πρᾶνθῇ;

Πάνυ μὲν οὖν, ἔφη, ἔοικε τούτῳ ὃ λέγεις· καίτοι γ' ἐν τῇ ἡμετέρᾳ πόλει τοὺς ἐπικούρους ὥσπερ κύνας ἐθέμεθα ὑπηκόους τῶν ἀρχόντων ὥσπερ ποιμένων πόλεως.

Καλῶς γάρ, ἦν δ' ἐγώ, νοεῖς ὃ βούλομαι λέγειν. ἀλλ' ἢ πρὸς τούτῳ καὶ τόδε ἐνθυμῇ;

[440e] Τὸ ποῖον;

Ὅτι τοῦναντίον ἢ ἀρτίως ἡμῖν φαίνεται περὶ τοῦ θυμοειδοῦς. τότε

μὲν γὰρ ἐπιθυμητικὸν τι αὐτὸ φόμεθα εἶναι, νῦν δὲ πολλοῦ δεῖν φαμεν, ἀλλὰ πολὺ μᾶλλον αὐτὸ ἐν τῇ τῆς ψυχῆς στάσει τίθεσθαι τὰ ὅπλα πρὸς τὸ λογιστικόν.

Παντάπασιν, ἔφη.

Ἄρ' οὖν ἕτερον ὄν καὶ τούτου, ἢ λογιστικοῦ τι εἶδος, ὥστε μὴ τρία ἀλλὰ δύο εἶδη εἶναι ἐν ψυχῇ, λογιστικὸν καὶ ἐπιθυμητικόν; ἢ καθάπερ ἐν τῇ πόλει συνεῖχεν αὐτὴν τρία [441a] ὄντα γένη, χρηματιστικόν, ἐπικουρητικόν, βουλευτικόν, οὕτως καὶ ἐν ψυχῇ τρίτον τοῦτό ἐστι τὸ θυμοειδές, ἐπίκουρον ὄν τῷ λογιστικῷ φύσει, ἐὰν μὴ ὑπὸ κακῆς τροφῆς διαφθαρή;

Ἀνάγκη, ἔφη, τρίτον.

Ναί, ἦν δ' ἐγώ, ἂν γε τοῦ λογιστικοῦ ἄλλο τι φανῇ, ὥσπερ τοῦ ἐπιθυμητικοῦ ἐφάνη ἕτερον ὄν.

Ἄλλ' οὐ χαλεπόν, ἔφη, φανῆναι· καὶ γὰρ ἐν τοῖς παιδίοις τοῦτό γ' ἂν τις ἴδοι, ὅτι θυμοῦ μὲν εὐθὺς γενόμενα μεστὰ ἐστὶ, λογισμοῦ δ' ἔνιοι μὲν ἔμοιγε δοκοῦσιν οὐδέποτε μετα[441b]λαμβάνειν, οἱ δὲ πολλοὶ ὀψέ ποτε.

Ναὶ μὰ Δί', ἦν δ' ἐγώ, καλῶς γε εἶπες. ἔτι δὲ ἐν τοῖς θηρίοις ἂν τις ἴδοι ὃ λέγεις, ὅτι οὕτως ἔχει. πρὸς δὲ τούτοις καὶ ὃ ἄνω που [ἐκεῖ] εἵπομεν, τὸ τοῦ Ὀμήρου μαρτυρήσει, τὸ —

στῆθος δὲ πλήξας κραδίην ἠνίπαπε μύθῳ·

ἐνταῦθα γὰρ δὴ σαφῶς ὥς ἕτερον ἐτέρῳ ἐπιπλήττον πε[441c]ποίηκεν Ὅμηρος τὸ ἀναλογισάμενον περὶ τοῦ βελτίονός τε καὶ χείρονος τῷ ἀλογίστως θυμουμένῳ. Κομιδῇ, ἔφη, ὀρθῶς λέγεις.

Ταῦτα μὲν ἄρα, ἦν δ' ἐγώ, μόγις διανενεύκαμεν, καὶ ἡμῖν ἐπεικῶς ὁμολόγηται τὰ αὐτὰ μὲν ἐν πόλει, τὰ αὐτὰ δ' ἐν ἐνὸς ἐκάστου τῇ ψυχῇ γένη ἐνεῖναι καὶ ἴσα τὸν ἀριθμόν.

Ἔστι ταῦτα.

Οὐκοῦν ἐκεῖνό γε ἤδη ἀναγκαῖον, ὥς πόλις ἦν σοφὴ καὶ ᾧ, οὕτω καὶ τὸν ιδιώτην καὶ τούτῳ σοφὸν εἶναι;

Τί μὴν;

[441d] Καὶ ὃ δὴ ἀνδρεῖος ιδιώτης καὶ ὥς, τούτῳ καὶ πόλιν ἀνδρείαν καὶ οὕτως, καὶ τᾶλλα πάντα πρὸς ἀρετὴν ὡσαύτως ἀμφοτέρω ἔχειν;

Ἀνάγκη.

Καὶ δίκαιον δὴ, ὃ Γλαύκων, οἶμαι φήσομεν ἄνδρα εἶναι τῷ αὐτῷ τρόπῳ ὥπερ καὶ πόλις ἦν δικαία.

Καὶ τοῦτο πᾶσα ἀνάγκη.

Ἄλλ' οὐ πη μὴν τοῦτό γε ἐπιελήσμεθα, ὅτι ἐκείνη γε τῷ τὸ ἑαυτοῦ ἕκαστον ἐν αὐτῇ πράττειν τριῶν ὄντων γενῶν δικαία ἦν.

Οὐ μοι δοκοῦμεν, ἔφη, ἐπιελῆσθαι.

Μνημονευτέον ἄρα ἡμῖν ὅτι καὶ ἡμῶν ἕκαστος, ὅτου ἂν [441e] τὰ αὐτοῦ ἕκαστον τῶν ἐν αὐτῷ πράττη, οὗτος δίκαιός τε ἔσται καὶ τὰ αὐτοῦ πράττων.

Καὶ μάλα, ἦ δ' ὅς, μνημονευτέον.

Οὐκοῦν τῷ μὲν λογιστικῷ ἄρχειν προσήκει, σοφῷ ὄντι καὶ ἔχοντι τὴν ὑπὲρ ἀπάσης τῆς ψυχῆς προμήθειαν, τῷ δὲ θυμοειδεῖ ὑπηκόῳ εἶναι καὶ συμμάχῳ τούτου;

Πάνυ γε.

Ἄρ' οὖν οὐχ, ὥσπερ ἐλέγομεν, μουσικῆς καὶ γυμναστικῆς κρᾶσις σύμφωνα αὐτὰ ποιήσει, τὸ μὲν ἐπιτείνουσα καὶ [442a] τρέφουσα λόγοις τε καλοῖς καὶ μαθήμασιν, τὸ δὲ ἀνιῆῖσα παραμυθουμένη, ἡμεροῦσα ἀρμονία τε καὶ ῥυθμῷ;

Κομιδῇ γε, ἦ δ' ὅς.

Καὶ τούτῳ δὴ οὕτῳ τραφέντε καὶ ὥς ἀληθῶς τὰ αὐτῶν μαθόντε καὶ παιδευθέντε προστήσεσθον τοῦ ἐπιθυμητικοῦ — ὃ δὴ πλεῖστον τῆς ψυχῆς ἐν ἐκάστῳ ἐστὶ καὶ χρημάτων φύσει ἀπληστότατον — ὃ τηρήσετον μὴ τῷ πίμπλασθαι τῶν περὶ τὸ σῶμα καλουμένων ἡδονῶν πολὺ καὶ ἰσχυρὸν γενόμενον [442b]ν οὐκ αὖ τὰ αὐτοῦ πράττη, ἀλλὰ

καταδουλώσασθαι καὶ ἄρχειν ἐπιχειρήσῃ ὧν οὐ προσήκον αὐτῷ γένει, καὶ σύμπαντα τὸν βίον πάντων ἀνατρέψῃ.

Πάνυ μὲν οὖν, ἔφη.

Ἄρ' οὖν, ἦν δ' ἐγώ, καὶ τοὺς ἔξωθεν πολεμίους τούτῳ ἂν κάλλιστα φυλαττοίτην ὑπὲρ ἀπάσης τῆς ψυχῆς τε καὶ τοῦ σώματος, τὸ μὲν βουλευόμενον, τὸ δὲ προπολεμοῦν, ἐπόμενον [δὲ] τῷ ἄρχοντι καὶ τῇ ἀνδρείᾳ ἐπιτελοῦν τὰ βουλευθέντα;

Ἔστι ταῦτα.

Καὶ ἀνδρεῖον δὴ οἶμαι τούτῳ τῷ μέρει καλοῦμεν ἓνα [442c] ἕκαστον, ὅταν αὐτοῦ τὸ θυμοειδὲς διασώζῃ διὰ τε λυπῶν καὶ ἡδονῶν τὸ ὑπὸ τῶν λόγων παραγγελθὲν δεινόν τε καὶ μῆ.

Ὅρθῶς γ', ἔφη.

Σοφὸν δέ γε ἐκείνῳ τῷ σμικρῷ μέρει, τῷ ὃ ἥρχεν τ' ἐν αὐτῷ καὶ ταῦτα παρήγγελλεν, ἔχον αὖ κακεῖνο ἐπιστήμην ἐν αὐτῷ τὴν τοῦ συμφέροντος ἐκάστω τε καὶ ὅλῳ τῷ κοινῷ σφῶν αὐτῶν τριῶν ὄντων.

Πάνυ μὲν οὖν.

Τί δέ; σῶφρονα οὐ τῇ φιλίᾳ καὶ συμφωνίᾳ τῇ αὐτῶν τούτων, ὅταν τό τε ἄρχον καὶ τὸ ἀρχομένῳ τὸ λογιστικὸν [442d] ὁμοδοξῶσι δεῖν ἄρχειν καὶ μὴ στασιάζωσιν αὐτῷ;

Σωφροσύνη γοῦν, ἦ δ' ὅς, οὐκ ἄλλο τί ἐστίν ἢ τοῦτο, πόλεώς τε καὶ ιδιώτου.

Ἀλλὰ μὲν δὴ δίκαιός γε, ᾧ πολλάκις λέγομεν, τούτῳ καὶ οὕτως ἔσται.

Πολλὴ ἀνάγκη.

Τί οὖν; εἶπον ἐγώ· μὴ πῃ ἡμῖν ἀπαμβλύνεται ἄλλο τι δικαιοσύνη δοκεῖν εἶναι ἢ ὅπερ ἐν τῇ πόλει ἐφάνη;

Οὐκ ἔμοιγε, ἔφη, δοκεῖ.

Ἔωδε γάρ, ἦν δ' ἐγώ, παντάπασιν ἂν βεβαιωσαίμεθα [442e] εἴ τι

ἡμῶν ἔτι ἐν τῇ ψυχῇ ἀμφισβητεῖ, τὰ φορτικὰ αὐτῷ προσφέροντες.

Ποῖα δὴ;

Οἷον εἰ δέοι ἡμᾶς ἀνομολογεῖσθαι περὶ τε ἐκείνης τῆς πόλεως καὶ τοῦ ἐκείνη ὁμοίως πεφυκότος τε καὶ τεθραμμένου ἀνδρός, εἰ δοκεῖ ἂν παρακαταθήκην χρυσίου ἢ ἀργυρίου δεξάμενος ὁ τοιοῦτος ἀποστερῆσαι, τίν' ἂν οἶε οἰηθῆναι [443a] τοῦτον αὐτὸ δρᾶσαι μᾶλλον ἢ ὅσοι μὴ τοιοῦτοι;

Οὐδέν' ἄν, ἔφη.

Οὐκοῦν καὶ ἱεροσυλιῶν καὶ κλοπῶν καὶ προδοσιῶν, ἢ ἰδίᾳ ἐταίρων ἢ δημοσίᾳ πόλεων, ἐκτὸς ἂν οὗτος εἴη;

ἐκτός.

Καὶ μὴν οὐδ' ὅπωςτιοῦν γ' ἂν ἄπιστος ἢ κατὰ ὅρκους ἢ κατὰ τὰς ἄλλας ὁμολογίας.

Πῶς γὰρ ἄν;

Μοιχεῖαί γε μὴν καὶ γονέων ἀμέλειαι καὶ θεῶν ἀθεραπευσίαι παντὶ ἄλλῳ μᾶλλον ἢ τῷ τοιούτῳ προσήκουσι.

Παντὶ μέντοι, ἔφη.

[443b] Οὐκοῦν τούτων πάντων αἴτιον ὅτι αὐτοῦ τῶν ἐν αὐτῷ ἕκαστον τὰ αὐτοῦ πράττει ἀρχῆς τε πέρι καὶ τοῦ ἄρχεσθαι;

Τοῦτο μὲν οὖν, καὶ οὐδέν ἄλλο.

Ἔτι τι οὖν ἕτερον ζητεῖς δικαιοσύνην εἶναι ἢ ταύτην τὴν δύναμιν ἢ τοὺς τοιούτους ἄνδρας τε παρέχεται καὶ πόλεις;

Μὰ Δία, ἢ δ' ὅς, οὐκ ἔγωγε.

Τέλεον ἄρα ἡμῖν τὸ ἐνύπνιον ἀποτετέλεσται, ὃ ἔφαμεν ὑποπτεῦσαι ὥς εὐθὺς ἀρχόμενοι τῆς πόλεως οἰκίζειν κατὰ [443c] θεόν τινα εἰς ἀρχὴν τε καὶ τύπον τινὰ τῆς δικαιοσύνης κινδυνεύομεν ἐμβεβηκέναι.

Παντάπασιν μὲν οὖν.

Τὸ δέ γε ἦν ἄρα, ὃ Γλαύκων — δι' ὃ καὶ ὠφελεῖ — εἰδωλόν τι τῆς δικαιοσύνης, τὸ τὸν μὲν σκυτοτομικὸν φύσει ὀρθῶς ἔχειν σκυτοτομεῖν καὶ ἄλλο μηδὲν πράττειν, τὸν δὲ τεκτονικὸν τεκταίνεσθαι, καὶ τᾶλλα δὴ οὕτως.

Φαίνεται.

Τὸ δέ γε ἀληθές, τοιοῦτόν τι ἦν, ὡς ἔοικεν, ἡ δικαιοσύνη ἀλλ' οὐ περὶ τὴν ἔξω πρᾶξιν τῶν αὐτοῦ, ἀλλὰ περὶ τὴν [443d] ἐντός, ὡς ἀληθῶς περὶ ἑαυτὸν καὶ τὰ ἑαυτοῦ, μὴ ἑάσαντα τὰλλότρια πράττειν ἕκαστον ἐν αὐτῷ μηδὲ πολυπραγμονεῖν πρὸς ἄλληλα τὰ ἐν τῇ ψυχῇ γένη, ἀλλὰ τῷ ὄντι τὰ οἰκεῖα εὖ θέμενον καὶ ἄρξαντα αὐτὸν αὐτοῦ καὶ κοσμήσαντα καὶ φίλον γενόμενον ἑαυτῷ καὶ συναρμόσαντα τρία ὄντα, ὥσπερ ὅρους τρεῖς ἁρμονίας ἀτεχνῶς, νεάτης τε καὶ ὑπάτης καὶ μέσης, καὶ εἰ ἄλλα ἅττα μεταξὺ τυγχάνει ὄντα, πάντα ταῦτα [e.] συνδῆσαντα καὶ παντάπασιν ἓνα γενόμενον ἐκ πολλῶν, σῶφρονα καὶ ἡρμοσμένον, οὕτω δὴ πράττειν ἤδη, εἴαν τι πράττη ἢ περὶ χρημάτων κτήσιν ἢ περὶ σώματος θεραπείαν ἢ καὶ πολιτικόν τι ἢ περὶ τὰ ἴδια συμβόλαια, ἐν πᾶσι τούτοις ἡγούμενον καὶ ὀνομάζοντα δικαίαν μὲν καὶ καλὴν πρᾶξιν ἢ ἂν ταύτην τὴν ἔξιν σῶξιν τε καὶ συναπεργάζεται, σοφίαν δὲ τὴν ἐπιστατοῦσαν ταύτῃ τῇ πράξει ἐπιστήμην, ἀδικον δὲ [444a] πρᾶξιν ἢ ἂν ἀεὶ ταύτην λύῃ, ἀμαθίαν δὲ τὴν ταύτῃ αὐτῇ ἐπιστατοῦσαν δόξαν.

Παντάπασιν, ἣ δ' ὅς, ὃ Σώκρατες, ἀληθῆ λέγεις.

Εἶεν, ἦν δ' ἐγώ· τὸν μὲν δίκαιον καὶ ἄνδρα καὶ πόλιν καὶ δικαιοσύνην, ὃ τυγχάνει ἐν αὐτοῖς ὄν, εἰ φαῖμεν ἠύρηκέναι, οὐκ ἂν πάνυ τι οἶμαι δόξαμεν ψεύδεσθαι. Μὰ Δία οὐ μέντοι, ἔφη.

Φῶμεν ἄρα;

Φῶμεν.

Ἔστω δὴ, ἦν δ' ἐγώ· μετὰ γὰρ τοῦτο σκεπτέον οἶμαι ἀδικίαν.

Δῆλον.

[444b] Οὐκοῦν στάσιν τινὰ αὐτῶν ὄντων τούτων δεῖ αὐτὴν εἶναι καὶ πολυπραγμοσύνην καὶ ἀλλοτριπραγμοσύνην καὶ ἐπανάστασιν

μέρους τινὸς τῷ ὅλῳ τῆς ψυχῆς, ἵν' ἄρχῃ ἐν αὐτῇ οὐ προσῆκον, ἀλλὰ τοιοῦτου ὄντος φύσει οἷου πρέπειν αὐτῷ δουλεύειν, τῷ δ' οὐ δουλεύειν ἀρχικοῦ γένους ὄντι; τοιαῦτ' ἅττα οἶμαι φήσομεν καὶ τὴν τούτων ταραχὴν καὶ πλάνην εἶναι τὴν τε ἀδικίαν καὶ ἀκολασίαν καὶ δειλίαν καὶ ἀμαθίαν καὶ συλλήβδην πᾶσαν κακίαν.

Αὐτὰ μὲν οὖν ταῦτα, ἔφη.

[444c] Οὐκοῦν, ἦν δ' ἐγώ, καὶ τὸ ἄδικα πράττειν καὶ τὸ ἀδικεῖν καὶ αὖ τὸ δίκαια ποιεῖν, ταῦτα πάντα τυγχάνει ὄντα κατάδηλα ἤδη σαφῶς, εἴπερ καὶ ἡ ἀδικία τε καὶ δικαιοσύνη;

Πῶς δῆ;

Ὅτι, ἦν δ' ἐγώ, τυγχάνει οὐδὲν διαφέροντα τῶν ὑγιεινῶν τε καὶ νοσῶδων, ὥς ἐκεῖνα ἐν σώματι, ταῦτα ἐν ψυχῇ.

Πῃ; ἔφη.

Τὰ μὲν που ὑγιεινὰ ὑγίειαν ἐμποιεῖ, τὰ δὲ νοσώδη νόσον.

Ναί.

Οὐκοῦν καὶ τὸ μὲν δίκαια πράττειν δικαιοσύνην ἐμποιεῖ, [444d] τὸ δ' ἄδικα ἀδικίαν;

Ἀνάγκη.

Ἔστι δὲ τὸ μὲν ὑγίειαν ποιεῖν τὰ ἐν τῷ σώματι κατὰ φύσιν καθιστάναι κρατεῖν τε καὶ κρατεῖσθαι ὑπ' ἀλλήλων,

τὸ δὲ νόσον παρὰ φύσιν ἄρχειν τε καὶ ἄρχεσθαι ἄλλο ὑπ' ἄλλου.

Ἔστι γάρ.

Οὐκοῦν αὖ, ἔφην, τὸ δικαιοσύνην ἐμποιεῖν τὰ ἐν τῇ ψυχῇ κατὰ φύσιν καθιστάναι κρατεῖν τε καὶ κρατεῖσθαι ὑπ' ἀλλήλων, τὸ δὲ ἀδικίαν παρὰ φύσιν ἄρχειν τε καὶ ἄρχεσθαι ἄλλο ὑπ' ἄλλου;

Κομιδῇ, ἔφη.

Ἀρετὴ μὲν ἄρα, ὥς ἔοικεν, ὑγίειά τέ τις ἂν εἴη καὶ [444e] κάλλος καὶ

εὐεξία ψυχῆς, κακία δὲ νόσος τε καὶ αἵσχος καὶ ἀσθένεια.

Ἔστιν οὕτω.

Ἄρ' οὖν οὐ καὶ τὰ μὲν καλὰ ἐπιτηδεύματα εἰς ἀρετῆς κτῆσιν φέρει, τὰ δ' αἰσχροὶ εἰς κακίας;

Ἀνάγκη.

Τὸ δὴ λοιπὸν ἤδη, ὥς ἔοικεν, ἡμῖν ἐστὶ σκέψασθαι [445a] πότερον αὐτὸ λυσιτελεῖ δίκαιά τε πράττειν καὶ καλὰ ἐπιτηδεύειν καὶ εἶναι δίκαιον, ἔαντε λανθάνῃ ἔαντε μὴ τοιοῦτος ὢν, ἢ ἀδικεῖν τε καὶ ἄδικον εἶναι, ἔάνπερ μὴ διδῶ δίκην μηδὲ βελτίων γίγνηται κολαζόμενος.

Ἄλλ', ἔφη, ὃ Σώκρατες, γελοῖον ἔμοιγε φαίνεται τὸ σκέμμα γίνεσθαι ἤδη, εἰ τοῦ μὲν σώματος τῆς φύσεως διαφθειρομένης δοκεῖ οὐ βιωτὸν εἶναι οὐδὲ μετὰ πάντων σιτίων τε καὶ ποτῶν καὶ παντὸς πλούτου καὶ πάσης ἀρχῆς, τῆς δὲ αὐτοῦ τούτου ὃ ζῶμεν φύσεως ταραττομένης καὶ [445b] διαφθειρομένης βιωτὸν ἄρα ἔσται, ἔάνπερ τις ποιῇ ὃ ἂν βουλευθῇ ἄλλο πλὴν τοῦτο ὁπόθεν κακίας μὲν καὶ ἀδικίας ἀπαλλαγῇσεται, δικαιοσύνην δὲ καὶ ἀρετὴν κτήσεται, ἐπειδὴ περ ἐφάνη γε ὄντα ἐκάτερα οἷα ἡμεῖς διεληλύθαμεν.

Γελοῖον γάρ, ἦν δ' ἐγώ· ἀλλ' ὅμως ἐπεὶ περ ἐνταῦθα ἐληλύθαμεν, ὅσον οἷόν τε σαφέστατα κατιδεῖν ὅτι ταῦτα οὕτως ἔχει οὐ χρὴ ἀποκᾶμνιν.

Ἦκιστα, νῆ τὸν Δία, ἔφη, πάντων ἀποκμητέον.

[445c] Δεῦρό νυν, ἦν δ' ἐγώ, ἵνα καὶ ἴδῃς ὅσα καὶ εἶδη ἔχει ἡ κακία, ὥς ἐμοὶ δοκεῖ, ἃ γε δὴ καὶ ἄξια θέας.

Ἔπομαι, ἔφη· μόνον λέγε.

Καὶ μὴν, ἦν δ' ἐγώ, ὥσπερ ἀπὸ σκοπιᾶς μοι φαίνεται, ἐπειδὴ ἐνταῦθα ἀναβέβηκαμεν τοῦ λόγου, ἐν μὲν εἶναι εἶδος τῆς ἀρετῆς, ἅπειρα δὲ τῆς κακίας, τέτταρα δ' ἐν αὐτοῖς ἅττα ὧν καὶ ἄξιον ἐπιμνησθῆναι.

Πῶς λέγεις; ἔφη.

Ὅσοι, ἦν δ' ἐγώ, πολιτειῶν τρόποι εἰσὶν εἶδη ἔχοντες, τοσοῦτοι κινδυνεύουσι καὶ ψυχῆς τρόποι εἶναι.

Πόσοι δὴ;

[445d] Πέντε μὲν, ἦν δ' ἐγώ, πολιτειῶν, πέντε δὲ ψυχῆς.

Λέγε, ἔφη, τίνες.

Λέγω, εἶπον, ὅτι εἷς μὲν οὗτος ὃν ἡμεῖς διεληλύθαμεν πολιτείας εἷη ἂν τρόπος, ἐπονομασθείη δ' ἂν καὶ διχῇ· ἐγγενομένου μὲν γὰρ ἀνδρὸς ἐνὸς ἐν τοῖς ἄρχουσι διαφέροντος βασιλεία ἂν κληθεῖη, πλειόνων δὲ ἀριστοκρατία.

Ἀληθῆ, ἔφη.

Τοῦτο μὲν τοίνυν, ἦν δ' ἐγώ, ἐν εἶδος λέγω· οὔτε γὰρ ἂν [445e] πλείους οὔτε εἷς ἐγγερόμενοι κινήσειεν ἂν τῶν ἀξίων λόγου νόμων τῆς πόλεως, τροφῇ τε καὶ παιδείᾳ χρησάμενος ἢ διήλθομεν.

οὐ γὰρ εἰκός, ἔφη.

Πολιτεία Ε

Σωκράτης, Γλαύκων, Αδείμαντος

[449a] ἀγαθὴν μὲν τοίνυν τὴν τοιαύτην πόλιν τε καὶ πολιτείαν καὶ ὀρθὴν καλῶ, καὶ ἄνδρα τὸν τοιοῦτον: κακὰς δὲ τὰς ἄλλας καὶ ἡμαρτημένας, εἴπερ αὕτη ὀρθή, περὶ τε πόλεων διοικήσεις καὶ περὶ ἰδιωτῶν ψυχῆς τρόπου κατασκευήν, ἐν τέτταρσι πονηρίας εἶδεν οὔσας.

ποίας δὴ ταύτας; ἔφη.

καὶ ἐγὼ μὲν ἦα τὰς ἐφεξῆς ἐρῶν, ὥς μοι ἐφαίνοντο [449b] ἕκασται ἐξ ἀλλήλων μεταβαίνειν: ὁ δὲ Πολέμαρχος- σμικρὸν γὰρ ἀπωτέρω τοῦ Ἀδειμάντου καθῆστο-ἐκτείνας τὴν χεῖρα καὶ λαβόμενος τοῦ ἱματίου ἄνωθεν αὐτοῦ παρὰ τὸν ὦμον, ἐκεῖνόν τε προσηγάγετο καὶ προτείνας ἑαυτὸν ἔλεγεν ἅττα προσκεκυφώς, ὦν ἄλλο μὲν οὐδὲν κατηκούσαμεν, τότε δέ: Ἀφήσομεν οὖν, ἔφη, ἢ τί δράσομεν;

ἦκιστα γε, ἔφη ὁ Ἀδείμαντος μέγα ἤδη λέγων.

καὶ ἐγὼ, τί μάλιστα, ἔφην, ὑμεῖς οὐκ ἀφίετε;

σέ, ἦ δ' ὅς. [449c]

ὅτι, ἐγὼ εἶπον, τί μάλιστα;

ἀπορραθυμεῖν ἡμῖν δοκεῖς, ἔφη, καὶ εἶδος ὅλον οὐ τὸ ἐλάχιστον ἐκκλέπτειν τοῦ λόγου ἵνα μὴ διέλθῃς, καὶ λήσῃν οἰηθῆναι εἰπὼν αὐτὸ φαύλως, ὥς ἄρα περὶ γυναικῶν τε καὶ παίδων παντὶ δηλὸν ὅτι κοινὰ τὰ φίλων ἔσται.

οὐκοῦν ὀρθῶς, ἔφην, ὦ Ἀδείμαντε;

ναί, ἦ δ' ὅς. ἀλλὰ τὸ ὀρθῶς τοῦτο, ὥσπερ τᾶλλα, λόγου δεῖται τίς ὁ τρόπος τῆς κοινωνίας: πολλοὶ γὰρ ἂν γένοιντο. [449d] μὴ οὖν παρῆς ὄντινα σὺ λέγεις: ὥς ἡμεῖς πάλαι περιμένομεν οἰόμενοί σέ που μνησθήσεσθαι παιδοποιίας τε πέρι, πῶς παιδοποιήσονται, καὶ γενομένους πῶς θρέψουσιν, καὶ ὅλην ταύτην ἣν λέγεις κοινωνίαν γυναικῶν τε καὶ παίδων: μέγα γάρ τι οἰόμεθα φέρειν καὶ ὅλον εἰς

πολιτείαν ὀρθῶς ἢ μὴ ὀρθῶς γιγνόμενον. νῦν οὖν, ἐπειδὴ ἄλλης ἐπιλαμβάνη πολιτείας πρὶν ταῦτα ἱκανῶς διελέσθαι, δέδοκται ἡμῖν τοῦτο [450a] ὃ σὺ ἤκουσας, τὸ σὲ μὴ μεθίεναι πρὶν ἂν ταῦτα πάντα ὥσπερ τᾶλλα διέλθῃς.

καὶ ἐμὲ τοίνυν, ὁ Γλαῦκων ἔφη, κοινωνὸν τῆς ψήφου ταύτης τίθετε.

Σωκράτης, Γλαῦκων, Αδείμαντος, Θρασύμαχος

ἀμέλει, ἔφη ὁ Θρασύμαχος, πᾶσι ταῦτα δεδογμένα ἡμῖν νόμιζε, ὦ Σώκρατες.

οἶον, ἦν δ' ἐγώ, εἰργάσασθε ἐπιλαβόμενοι μου. ὅσον λόγον πάλιν, ὥσπερ ἐξ ἀρχῆς, κινεῖτε περὶ τῆς πολιτείας: ἦν ὡς ἡδὴ διεληλυθὼς ἔγωγε ἔχαιρον, ἀγαπῶν εἴ τις ἐάσοι ταῦτα ἀποδεξάμενος ὡς τότε ἐρρήθη. ἂ νῦν ὑμεῖς παρακαλοῦντες [450b] οὐκ ἴστε ὅσον ἐσμὸν λόγων ἐπεγείρετε: ὃν ὀρῶν ἐγὼ παρήκα τότε, μὴ παράσχοι πολὺν ὄχλον.

τί δέ; ἦ δ' ὅς ὁ Θρασύμαχος: χρυσοχοήσοντας οἶει τούσδε νῦν ἐνθάδε ἀφίχθαι, ἀλλ' οὐ λόγων ἀκουσομένους;

ναί, εἶπον, μετρίων γε.

μέτρον δέ γ', ἔφη, ὦ Σώκρατες, ὁ Γλαῦκων, τοιούτων λόγων ἀκούειν ὅλος ὁ βίος νοῦν ἔχουσιν. ἀλλὰ τὸ μὲν ἡμέτερον ἔα: σὺ δὲ περὶ ὧν ἐρωτῶμεν μηδαμῶς ἀποκάμῃς ἢ [450c] σοι δοκεῖ διεξιῶν, τίς ἡ κοινωνία τοῖς φύλαξιν ἡμῖν παίδων τε πέρι καὶ γυναικῶν ἔσται καὶ τροφῆς νέων ἔτι ὄντων, τῆς ἐν τῷ μεταξὺ χρόνῳ γιγνομένης γενέσεώς τε καὶ παιδείας, ἣ δὴ ἐπιπονωτάτη δοκεῖ εἶναι. πειρῶ οὖν εἰπεῖν τίνα τρόπον δεῖ γίγνεσθαι αὐτήν.

οὐ ράδιον, ὦ εὐδαιμον, ἦν δ' ἐγώ, διελθεῖν: πολλὰς γὰρ ἀπιστίας ἔχει ἔτι μᾶλλον τῶν ἔμπροσθεν ὧν διήλθομεν. καὶ γὰρ ὡς δυνατὰ λέγεται, ἀπιστοῖτ' ἂν, καὶ εἰ ὅτι μάλιστα γένοιτο, ὡς ἄριστ' ἂν εἴη ταῦτα, καὶ ταύτη ἀπιστήσεται. [450d] διὸ δὴ καὶ ὄκνος τις αὐτῶν ἄπτεσθαι, μὴ εὐχὴ δοκῇ εἶναι ὁ λόγος, ὦ φίλε ἐταῖρε. μηδέν, ἦ δ' ὅς, ὄκνει: οὔτε γὰρ ἀγνώμονες οὔτε ἄπιστοι οὔτε δύσνοι οἱ ἀκουσόμενοι.

καὶ ἐγὼ εἶπον: ὦ ἄριστε, ἦ που βουλόμενός με παραθαρρύνειν

λέγεις;

ἔγωγ', ἔφη.

πάν τοίνυν, ἦν δ' ἐγώ, τούναντίον ποιεῖς. πιστεύοντος μὲν γὰρ ἐμοῦ ἐμοὶ εἰδέναι ἃ λέγω, καλῶς εἶχεν ἡ παραμυθία: ἐν γὰρ φρονίμοις τε καὶ φίλοις περὶ τῶν μεγίστων τε καὶ [450e] φίλων τάληθ' εἰδότα λέγειν ἀσφαλὲς καὶ θαρραλέον, ἀπιστοῦντα δὲ καὶ ζητοῦντα ἅμα τοὺς λόγους ποιεῖσθαι, ὃ δὴ [451a] ἐγὼ δρῶ, φοβερόν τε καὶ σφαλερόν, οὗ τι γέλωτα ὀφλεῖν- παιδικὸν γὰρ τοῦτό γε-ἀλλὰ μὴ σφαλεῖς τῆς ἀληθείας οὐ μόνον αὐτὸς ἀλλὰ καὶ τοὺς φίλους συνεπισπασάμενος κείσομαι περὶ ἃ ἥκιστα δεῖ σφάλλεσθαι. προσκυνῶ δὲ Ἀδράστειαν, ᾧ Γλαύκων, χάριν οὗ μέλλω λέγειν: ἐλπίζω γὰρ οὖν ἔλαττον ἀμάρτημα ἀκουσίως τινὸς φονέα γενέσθαι ἢ ἀπατεῶνα καλῶν τε καὶ ἀγαθῶν καὶ δικαίων νομίμων πέρι. τοῦτο οὖν τὸ κινδύνευμα κινδυνεύειν ἐν ἐχθροῖς κρεῖττον ἢ [451b] φίλοις, ὥστε εἴ με παραμυθῇ.

καὶ ὁ Γλαύκων γελάσας, ἀλλ', ᾧ Σώκρατες, ἔφη, ἐάν τι πάθωμεν πλημμελὲς ὑπὸ τοῦ λόγου, ἀφίεμέν σε ὥσπερ φόνου καὶ καθαρὸν εἶναι καὶ μὴ ἀπατεῶνα ἡμῶν. ἀλλὰ θαρρήσας λέγε.

ἀλλὰ μέντοι, εἶπον, καθαρὸς γε καὶ ἐκεῖ ὁ ἀφεθείς, ὥς ὁ νόμος λέγει: εἰκὸς δέ γε, εἴπερ ἐκεῖ, κἀνθάδε.

λέγε τοίνυν, ἔφη, τούτου γ' ἕνεκα.

λέγειν δὴ, ἔφην ἐγώ, χρὴ ἀνάπαλιν αὖ νῦν, ἃ τότε ἴσως [451c] ἔδει ἐφεξῆς λέγειν: τάχα δὲ οὕτως ἂν ὀρθῶς ἔχοι, μετὰ ἀνδρεῖον δρᾶμα παντελῶς διαπερανθὲν τὸ γυναικεῖον αὖ περαίνειν, ἄλλως τε καὶ ἐπειδὴ σὺ οὕτω προκαλῇ.

ἀνθρώποις γὰρ φῦσι καὶ παιδευθεῖσιν ὥς ἡμεῖς διήλθομεν, κατ' ἐμὴν δόξαν οὐκ ἔστ' ἄλλη ὀρθὴ παίδων τε καὶ γυναικῶν κτῆσίς τε καὶ χρεῖα ἢ κατ' ἐκείνην τὴν ὁρμὴν ἰοῦσιν, ἥνπερ τὸ πρῶτον ὠρμήσαμεν: ἐπεχειρήσαμεν δὲ πού ὥς ἀγέλης φύλακας τοὺς ἄνδρας καθιστάναι τῷ λόγῳ.

ναί. [451d]

ἀκολουθῶμεν τοίνυν καὶ τὴν γένεσιν καὶ τροφήν παραπλησίαν ἀποδιδόντες, καὶ σκοπῶμεν εἰ ἡμῖν πρέπει ἢ οὐ.

πῶς; ἔφη.

ὧδε. τὰς θηλείας τῶν φυλάκων κυνῶν πότερα συμφυλάττειν οἰόμεθα δεῖν ἅπερ ἂν οἱ ἄρρενες φυλάττωσι καὶ συνθηρεῦειν καὶ τᾶλλα κοινῇ πράττειν, ἢ τὰς μὲν οἰκουρεῖν ἔνδον ὡς ἀδυνάτους διὰ τὸν τῶν σκυλάκων τόκον τε καὶ τροφήν, τοὺς δὲ πονεῖν τε καὶ πᾶσαν ἐπιμέλειαν ἔχειν περὶ τὰ ποίμνια; [451e]

κοινῇ, ἔφη, πάντα: πλὴν ὡς ἀσθενεστέραις χρώμεθα, τοῖς δὲ ὡς ἰσχυροτέροις.

οἷόν τ' οὖν, ἔφην ἐγώ, ἐπὶ τὰ αὐτὰ χρῆσθαί τινι ζῳῷ, ἂν μὴ τὴν αὐτὴν τροφήν τε καὶ παιδείαν ἀποδιδῶς;

οὐχ οἷόν τε.

εἰ ἄρα ταῖς γυναιξὶν ἐπὶ ταῦτα χρησόμεθα καὶ τοῖς ἀνδράσι, ταῦτα καὶ διδακτέον αὐτάς. [452a]

ναί.

μουσικὴ μὴν ἐκείνοις γε καὶ γυμναστικὴ ἐδόθη.

ναί.

καὶ ταῖς γυναιξὶν ἄρα τούτῳ τῷ τέχνῳ καὶ τὰ περὶ τὸν πόλεμον ἀποδοτέον καὶ χρηστέον κατὰ ταυτά.

εἰκὸς ἐξ ὧν λέγεις, ἔφη.

ἴσως δὴ, εἶπον, παρὰ τὸ ἔθος γελοῖα ἂν φαίνοιτο πολλὰ περὶ τὰ νῦν λεγόμενα, εἰ πράζεται ἢ λέγεται.

καὶ μάλα, ἔφη.

τί, ἦν δ' ἐγώ, γελοιότατον αὐτῶν ὁρᾷς; ἢ δῆλα δὴ ὅτι γυμνὰς τὰς γυναῖκας ἐν ταῖς παλαιστραῖς γυμναζομένας μετὰ [452b] τῶν ἀνδρῶν, οὐ μόνον τὰς νέας, ἀλλὰ καὶ ἤδη τὰς πρεσβυτέρας, ὥσπερ τοὺς γέροντας ἐν τοῖς γυμνασίοις, ὅταν ῥυσοὶ καὶ μὴ ἡδεῖς τὴν ὄψιν

ὅμως φιλογυμναστῶσιν;

νῆ τὸν Δία, ἔφη: γελοῖον γὰρ ἂν, ὥς γε ἐν τῷ παρεστῶτι, φανείη.

οὐκοῦν, ἦν δ' ἐγώ, ἐπείπερ ὠρμήσαμεν λέγειν, οὐ φοβητέον τὰ τῶν χαριέντων σκώμματα, ὅσα καὶ οἷα ἂν εἴποιεν εἰς τὴν τοιαύτην μεταβολὴν γενομένην καὶ περὶ τὰ γυμνάσια [452c] καὶ περὶ μουσικὴν καὶ οὐκ ἐλάχιστα περὶ τὴν τῶν ὄπλων σχέσιν καὶ ἵππων ὀχήσεις.

ὀρθῶς, ἔφη, λέγεις.

ἀλλ' ἐπείπερ λέγειν ἠρξάμεθα, πορευτέον πρὸς τὸ τραχὺ τοῦ νόμου, δεηθεῖσιν τε τούτων μὴ τὰ αὐτῶν πράττειν ἀλλὰ σπουδάζειν, καὶ ὑπομνήσασιν ὅτι οὐ πολὺς χρόνος ἐξ οὗ τοῖς Ἑλλήσιν ἐδόκει αἰσχροῖα εἶναι καὶ γελοῖα ἅπερ νῦν τοῖς πολλοῖς τῶν βαρβάρων, γυμνοὺς ἄνδρας ὀραῖσθαι, καὶ ὅτε ἤρχοντο τῶν γυμνασίων πρῶτοι μὲν Κρήτες, ἔπειτα Λακεδαιμόνιοι, [452d] ἐξῆν τοῖς τότε ἀστείοις πάντα ταῦτα κωμωδεῖν. ἢ οὐκ οἶει;

ἔγωγε.

ἀλλ' ἐπειδὴ οἶμαι χρωμένοις ἄμεινον τὸ ἀποδύεσθαι τοῦ συγκαλύπτειν πάντα τὰ τοιαῦτα ἐφάνη, καὶ τὸ ἐν τοῖς ὀφθαλμοῖς δὴ γελοῖον ἐξερρῦν ὑπὸ τοῦ ἐν τοῖς λόγοις μηνυθέντος ἀρίστου: καὶ τοῦτο ἐνεδείξατο, ὅτι μάταιος ὃς γελοῖον ἄλλο τι ἡγεῖται ἢ τὸ κακόν, καὶ ὁ γελωτοποιεῖν ἐπιχειρῶν πρὸς ἄλλην τινὰ ὄψιν ἀποβλέπων ὥς γελοίου ἢ τὴν τοῦ ἄφρονός [452e] τε καὶ κακοῦ, καὶ καλοῦ αὖ σπουδάζει πρὸς ἄλλον τινὰ σκοπὸν στησάμενος ἢ τὸν τοῦ ἀγαθοῦ.

παντάπασι μὲν οὖν, ἔφη.

ἄρ' οὖν οὐ πρῶτον μὲν τοῦτο περὶ αὐτῶν ἀνομολογητέον, εἰ δυνατὰ ἢ οὐ, καὶ δοτέον ἀμφισβήτησιν εἴτε τις φιλοπαΐσμων εἴτε σπουδαστικὸς ἐθέλει ἀμφισβητῆσαι, πότερον [453a] δυνατὴ φύσις ἢ ἀνθρωπίνη ἢ θήλεια τῇ τοῦ ἄρρενος γένους κοινωνῆσαι εἰς ἅπαντα τὰ ἔργα ἢ οὐδ' εἰς ἓν, ἢ εἰς τὰ μὲν οἷα τε, εἰς δὲ τὰ οὐ, καὶ τοῦτο δὴ τὸ περὶ τὸν πόλεμον ποτέρων ἐστίν; ἄρ' οὐχ οὕτως ἂν κάλλιστα τις ἀρχόμενος ὥς τὸ εἰκὸς καὶ κάλλιστα τελευτήσκειεν;

πολύ γε, ἔφη.

βούλει οὖν, ἦν δ' ἐγώ, ἡμεῖς πρὸς ἡμᾶς αὐτοὺς ὑπὲρ τῶν ἄλλων ἀμφισβητήσωμεν, ἵνα μὴ ἔρημα τὰ τοῦ ἐτέρου λόγου πολιορκῆται; [453b]

οὐδέν, ἔφη, κωλύει.

λέγωμεν δὴ ὑπὲρ αὐτῶν ὅτι “ὦ Σώκρατες τε καὶ Γλαύκων, οὐδέν δεῖ ὑμῖν ἄλλους ἀμφισβητεῖν: αὐτοὶ γὰρ ἐν ἀρχῇ τῆς κατοικίσεως, ἦν ᾠκίζετε πόλιν, ὠμολογεῖτε δεῖν κατὰ φύσιν ἕκαστον ἓνα ἐν τῷ αὐτοῦ πράττειν.”

ὠμολογήσαμεν οἶμαι: πῶς γὰρ οὐ;

“ἔστιν οὖν ὅπως οὐ πάμπολυ διαφέρει γυνὴ ἀνδρὸς τὴν φύσιν;”

πῶς δ' οὐ διαφέρει;

“οὐκοῦν ἄλλο καὶ ἔργον ἑκατέρῳ προσήκει προστάττειν [453c] τὸ κατὰ τὴν αὐτοῦ φύσιν;”

τί μὴν;

“πῶς οὖν οὐχ ἁμαρτάνετε νυνὶ καὶ τάναντία ὑμῖν αὐτοῖς λέγετε φάσκοντες αὖ τοὺς ἄνδρας καὶ τὰς γυναῖκας δεῖν τὰ αὐτὰ πράττειν, πλεῖστον κεχωρισμένην φύσιν ἔχοντας;” ἔξεις τι, ὦ θαυμάσιε, πρὸς ταῦτ' ἀπολογεῖσθαι;

ὥς μὲν ἐξαίφνης, ἔφη, οὐ πάνυ ῥάδιον: ἀλλὰ σοῦ δεήσομαί τε καὶ δέομαι καὶ τὸν ὑπὲρ ἡμῶν λόγον, ὅστις ποτ' ἐστίν, ἐρμηνεῦσαι.

ταῦτ' ἐστίν, ἦν δ' ἐγώ, ὦ Γλαύκων, καὶ ἄλλα πολλὰ [453d] τοιαῦτα, ἃ ἐγὼ πάλαι προορῶν ἐφοβούμην τε καὶ ὤκνουν ἅπτεσθαι τοῦ νόμου τοῦ περὶ τὴν τῶν γυναικῶν καὶ παίδων κτῆσιν καὶ τροφῇν.

οὐ μὰ τὸν Δία, ἔφη: οὐ γὰρ εὐκόλῳ ἔοικεν.

οὐ γάρ, εἶπον. ἀλλὰ δὴ ὧδ' ἔχει: ἅντε τις εἰς κολυμβήθραν μικρὰν ἐμπέσῃ ἅντε εἰς τὸ μέγιστον πέλαγος μέσον, ὅμως γε νεῖ οὐδὲν ἦττον.

πάνυ μὲν οὖν.

οὐκοῦν καὶ ἡμῖν νευστέον καὶ πειρατέον σφζεσθαι ἐκ τοῦ λόγου, ἦτοι δελφῖνά τινα ἐλπίζοντας ἡμᾶς ὑπολαβεῖν ἂν ἢ τινα ἄλλην ἄπορον σωτηρίαν. [453e]

ἔοικεν, ἔφη.

φέρει δὴ, ἦν δ' ἐγώ, ἐάν πη εὕρωμεν τὴν ἔξοδον. ὁμολογοῦμεν γὰρ δὴ ἄλλην φύσιν ἄλλο δεῖν ἐπιτηδεύειν, γυναικὸς δὲ καὶ ἀνδρὸς ἄλλην εἶναι: τὰς δὲ ἄλλας φύσεις τὰ αὐτὰ φαμεν νῦν δεῖν ἐπιτηδεῦσαι. ταῦτα ἡμῶν κατηγορεῖται;

κομιδῇ γε. [454a]

ἦ γενναία, ἦν δ' ἐγώ, ὦ Γλαύκων, ἡ δύναμις τῆς ἀντιλογικῆς τέχνης.

τί δὴ;

ὅτι, εἶπον, δοκοῦσί μοι εἰς αὐτὴν καὶ ἄκοντες πολλοὶ ἐμπίπτειν καὶ οἶεσθαι οὐκ ἐρίζειν ἀλλὰ διαλέγεσθαι, διὰ τὸ μὴ δύνασθαι κατ' εἶδη διαιρούμενοι τὸ λεγόμενον ἐπισκοπεῖν, ἀλλὰ κατ' αὐτὸ τὸ ὄνομα διώκειν τοῦ λεχθέντος τὴν ἐναντίωσιν, ἔριδι, οὐ διαλέκτῳ πρὸς ἀλλήλους χρώμενοι.

ἔστι γὰρ δὴ, ἔφη, περὶ πολλοὺς τοῦτο τὸ πάθος: ἀλλὰ μὲν καὶ πρὸς ἡμᾶς τοῦτο τείνει ἐν τῷ παρόντι; [454b]

παντάπασι μὲν οὖν, ἦν δ' ἐγώ: κινδυνεύομεν γοῦν ἄκοντες ἀντιλογίας ἅπτεσθαι.

πῶς;

τὸ <μῆ> τὴν αὐτὴν φύσιν ὅτι οὐ τῶν αὐτῶν δεῖ ἐπιτηδευμάτων τυγχάνειν πάνυ ἀνδρείως τε καὶ ἐριστικῶς κατὰ τὸ ὄνομα διώκομεν, ἐπεσκεψάμεθα δὲ οὐδ' ὀπθοῦν τί εἶδος τὸ τῆς ἐτέρας τε καὶ τῆς αὐτῆς φύσεως καὶ πρὸς τί τείνον ὠριζόμεθα τότε, ὅτε τὰ ἐπιτηδεύματα ἄλλη φύσει ἄλλα, τῇ δὲ αὐτῇ τὰ αὐτὰ ἀπεδίδομεν.

οὐ γὰρ οὖν, ἔφη, ἐπεσκεψάμεθα. [454c]

τοιγάρτοι, εἶπον, ἔξεστιν ἡμῖν, ὥς ἔοικεν, ἀνερωτᾶν ἡμᾶς αὐτοὺς εἰ ἡ αὐτὴ φύσις φαλακρῶν καὶ κομητῶν καὶ οὐχ ἡ ἐναντία, καὶ ἐπειδὴν ὁμολογῶμεν ἐναντίαν εἶναι, ἐὰν φαλακροὶ σκυτοτομῶσιν, μὴ ἑᾶν κομητάς, ἐὰν δ' αὖ κομηται, μὴ τοὺς ἐτέρους.

γελοῖον μεντὰν εἶη, ἔφη.

ἄρα κατ' ἄλλο τι, εἶπον ἐγώ, γελοῖον, ἢ ὅτι τότε οὐ πάντως τὴν αὐτὴν καὶ τὴν ἐτέραν φύσιν ἐπιθέμεθα, ἀλλ' ἐκείνο τὸ εἶδος τῆς ἀλλοιωσέως τε καὶ ὁμοιώσεως μόνον [454d] ἐφυλάττομεν τὸ πρὸς αὐτὰ τείνον τὰ ἐπιτηδεύματα; οἷον ἱατρικὸν μὲν καὶ ἱατρικὴν τὴν ψυχὴν [ὄντα} }} τὴν αὐτὴν φύσιν ἔχειν ἐλέγομεν: ἢ οὐκ οἶει;

ἔγωγε.

ἱατρικὸν δέ γε καὶ τεκτονικὸν ἄλλην;

πάντως που.

οὐκοῦν, ἦν δ' ἐγώ, καὶ τὸ τῶν ἀνδρῶν καὶ τὸ τῶν γυναικῶν γένος, ἐὰν μὲν πρὸς τέχνην τινὰ ἢ ἄλλο ἐπιτήδευμα διαφέρον φαίνεται, τοῦτο δὴ φήσομεν ἑκατέρῳ δεῖν ἀποδιδόναι: ἐὰν δ' αὐτῷ τούτῳ φαίνεται διαφέρειν, τῷ τὸ μὲν θῆλυ τίκτειν, [454e] τὸ δὲ ἄρρεν ὀχεύειν, οὐδέν τί πω φήσομεν μᾶλλον ἀποδεδεῖχθαι ὥς πρὸς ὃ ἡμεῖς λέγομεν διαφέρει γυνὴ ἀνδρός, ἀλλ' ἔτι οἰησόμεθα δεῖν τὰ αὐτὰ ἐπιτηδεύειν τοὺς τε φύλακας ἡμῖν καὶ τὰς γυναῖκας αὐτῶν.

καὶ ὀρθῶς γ', ἔφη.

οὐκοῦν μετὰ τοῦτο κελεύομεν τὸν τὰ ἐναντία λέγοντα [455a] τοῦτο αὐτὸ διδάσκειν ἡμᾶς, πρὸς τίνα τέχνην ἢ τί ἐπιτήδευμα τῶν περὶ πόλεως κατασκευὴν οὐχ ἡ αὐτὴ ἀλλὰ ἑτέρα φύσις γυναικός τε καὶ ἀνδρός;

δίκαιον γοῦν.

τάχα τοίνυν ἄν, ὅπερ σὺ ὀλίγον πρότερον ἔλεγες, εἶποι ἄν καὶ ἄλλος, ὅτι ἐν μὲν τῷ παραχρήμα ἱκανῶς εἰπεῖν οὐ ῥάδιον, ἐπισκεψαμένῳ δὲ οὐδέν χαλεπόν.

εἶποι γὰρ ἄν.

βούλει οὖν δεώμεθα τοῦ τὰ τοιαῦτα ἀντιλέγοντος ἀκολουθῆσαι [455b] ἡμῖν, ἐάν πως ἡμεῖς ἐκείνῳ ἐνδειξώμεθα ὅτι οὐδέν ἐστιν ἐπιτήδευμα ἴδιον γυναικὶ πρὸς διοίκησιν πόλεως;

πάνυ γε.

ἴθι δῆ, φήσομεν πρὸς αὐτόν, ἀποκρίνου: ἄρα οὕτως ἔλεγες τὸν μὲν εὐφυῆ πρὸς τι εἶναι, τὸν δὲ ἀφυῆ, ἐν ᾧ ὁ μὲν ῥαδίως τι μανθάνει, ὁ δὲ λαλεπῶς; καὶ ὁ μὲν ἀπὸ βραχείας μαθήσεως ἐπὶ πολὺ εὐρετικὸς εἴη οὗ ἔμαθεν, ὁ δὲ πολλῆς μαθήσεως τυχὼν καὶ μελέτης μηδ' ἂ ἔμαθε σῶζοιτο; καὶ τῷ μὲν τὰ τοῦ σώματος ἱκανῶς ὑπηρετοῖ τῇ διανοίᾳ, τῷ [455c] δὲ ἐναντιοῖτο; ἄρ' ἄλλα ἅττα ἐστὶν ἢ ταῦτα, οἷς τὸν εὐφυῆ πρὸς ἕκαστα καὶ τὸν μὴ ὠρίζου;

οὐδεῖς, ἦ δ' ὅς, ἄλλα φήσει.

οἷσθ' αὖτις οὖν ὑπὸ ἀνθρώπων μελετώμενον, ἐν ᾧ οὐ πάντα ταῦτα τὸ τῶν ἀνδρῶν γένος διαφερόντως ἔχει ἢ τὸ τῶν γυναικῶν; ἢ μακρολογῶμεν τήν τε ὑφαντικὴν λέγοντες καὶ τὴν τῶν ποπάνων τε καὶ ἐψημάτων θεραπείαν, ἐν οἷς δῆ τι δοκεῖ τὸ γυναικεῖον γένος εἶναι, οὗ καὶ καταγελαστότατόν [455d] ἐστὶ πάντων ἡττώμενον;

ἀληθῆ, ἔφη, λέγεις, ὅτι πολὺ κρατεῖται ἐν ἅπασιν ὡς ἔπος εἰπεῖν τὸ γένος τοῦ γένους. γυναικες μέντοι πολλαὶ πολλῶν ἀνδρῶν βελτίους εἰς πολλὰ: τὸ δὲ ὅλον ἔχει ὡς σὺ λέγεις.

οὐδὲν ἄρα ἐστίν, ὦ φίλε, ἐπιτήδευμα τῶν πόλιν διοικούντων γυναικὸς διότι γυνή, οὐδ' ἀνδρὸς διότι ἀνὴρ, ἀλλ' ὁμοίως διεσπαρμέναι αἱ φύσεις ἐν ἀμφοῖν τοῖν ζώοιν, καὶ πάντων μὲν μετέχει γυνὴ ἐπιτηδευμάτων κατὰ [455e] φύσιν, πάντων δὲ ἀνὴρ, ἐπὶ πᾶσι δὲ ἀσθενέστερον γυνὴ ἀνδρός.

πάνυ γε.

ἦ οὖν ἀνδράσι πάντα προστάζομεν, γυναικὶ δ' οὐδέν;

καὶ πῶς;

ἀλλ' ἔστι γὰρ οἶμαι, ὡς φήσομεν, καὶ γυνὴ ἰατρικὴ, ἢ δ' οὐ, καὶ μουσικὴ, ἢ δ' ἄμουσος φύσει.

τί μήν; [456a]

[καί] γυμναστική δ' ἄρα οὐ, οὐδὲ πολεμική, ἢ δὲ ἀπόλεμος καὶ οὐ φιλογυμναστική;

οἶμαι ἔγωγε.

τί δέ; φιλόσοφος τε καὶ μισόσοφος; καὶ θυμοειδής, ἢ δ' ἄθυμός ἐστι;
καὶ ταῦτα.

ἔστιν ἄρα καὶ φυλακική γυνή, ἢ δ' οὐ. ἢ οὐ τοιαύτην καὶ τῶν ἀνδρῶν
τῶν φυλακικῶν φύσιν ἐξελεξάμεθα;

τοιαύτην μὲν οὖν.

καὶ γυναικὸς ἄρα καὶ ἀνδρὸς ἢ αὐτὴ φύσις εἰς φυλακὴν πόλεως,
πλὴν ὅσα ἀσθενεστέρα, ἢ δὲ ἰσχυροτέρα ἐστίν.

φαίνεται. [456b]

καὶ γυναῖκες ἄρα αἱ τοιαῦται τοῖς τοιούτοις ἀνδράσιν ἐκλεκταί
συνοικεῖν τε καὶ συμφυλάττειν, ἐπεὶ περ εἰσὶν ἱκαναὶ καὶ συγγενεῖς
αὐτοῖς τὴν φύσιν.

πάνυ γε.

τὰ δ' ἐπιτηδεύματα οὐ τὰ αὐτὰ ἀποδοτέα ταῖς αὐταῖς φύσεσιν;

τὰ αὐτά.

ἤκομεν ἄρα εἰς τὰ πρότερα περιφερόμενοι, καὶ ὁμολογοῦμεν μὴ
παρὰ φύσιν εἶναι ταῖς τῶν φυλάκων γυναιξὶ μουσικὴν τε καὶ
γυμναστικὴν ἀποδιδόναι.

παντάπασι μὲν οὖν.

οὐκ ἄρα ἀδύνατά γε οὐδὲ εὐχαῖς ὅμοια ἐνομοθετοῦμεν, [456c]
ἐπεὶ περ κατὰ φύσιν ἐτίθεμεν τὸν νόμον: ἀλλὰ τὰ νῦν παρὰ ταῦτα
γινόμενα παρὰ φύσιν μᾶλλον, ὥς ἔοικε, γίγνεται.

ἔοικεν.

οὐκοῦν ἡ ἐπίσκεψις ἡμῖν ἦν εἰ δυνατά γε καὶ βέλτιστα λέγοιμεν;
ἦν γάρ.

καὶ ὅτι μὲν δὴ δυνατά, διωμολόγηται;
ναί.

ὅτι δὲ δὴ βέλτιστα, τὸ μετὰ τοῦτο δεῖ διομολογηθῆναι;
δῆλον.

οὐκοῦν πρὸς γε τὸ φυλακικὴν γυναῖκα γενέσθαι, οὐκ ἄλλη μὲν ἡμῖν
ἄνδρας ποιήσει παιδεία, ἄλλη δὲ γυναῖκας, ἄλλως [456d] τε καὶ τὴν
αὐτὴν φύσιν παραλαβοῦσα;

οὐκ ἄλλη.

πῶς οὖν ἔχεις δόξης τοῦ τοιοῦδε πέρι;

τίνος δῆ;

τοῦ ὑπολαμβάνειν παρὰ σεαυτῷ τὸν μὲν ἀμείνω ἄνδρα, τὸν δὲ χεῖρω:
ἢ πάντας ὁμοίους ἡγῇ;

οὐδαμῶς.

ἐν οὖν τῇ πόλει ἦν ὠκίζομεν, πότερον οἶε ἡμῖν ἀμείνους ἄνδρας
ἐξεργάσθαι τοὺς φύλακας, τυχόντας ἤς διήλθομεν παιδείας, ἢ τοὺς
σκυτοτόμους, τῇ σκυτικῇ παιδευθέντας;

γελοῖον, ἔφη, ἐρωτᾷς.

μανθάνω, ἔφη. τί δέ; τῶν ἄλλων πολιτῶν οὐχ οὗτοι [456e] ἄριστοι;

πολύ γε.

τί δέ; αἱ γυναῖκες τῶν γυναικῶν οὐχ αὗται ἔσονται βέλτισται;

καὶ τοῦτο, ἔφη, πολύ.

ἔστι δέ τι πόλει ἄμεινον ἢ γυναικᾶς τε καὶ ἄνδρας ὡς ἀρίστους
ἐγγίγνεσθαι;

οὐκ ἔστιν.

τοῦτο δὲ μουσική τε καὶ γυμναστική παραγιγνόμεναι, ὥς [457a]
ἡμεῖς διήλθομεν, ἀπεργάζονται;

πῶς δ' οὐ;

οὐ μόνον ἄρα δυνατόν ἀλλὰ καὶ ἄριστον πόλει νόμιμον ἐτίθεμεν.

οὕτως.

ἀποδυτέον δὴ ταῖς τῶν φυλάκων γυναιξίν, ἐπείπερ ἀρετὴν ἀντι
ίματίων ἀμφιέσονται, καὶ κοινωνητέον πολέμου τε καὶ τῆς ἄλλης
φυλακῆς τῆς περὶ τὴν πόλιν, καὶ οὐκ ἄλλα πρακτέον: τούτων δ'
αὐτῶν τὰ ἐλαφρότερα ταῖς γυναιξίν ἢ τοῖς ἀνδράσι δοτέον διὰ τὴν
τοῦ γένους ἀσθένειαν. ὁ [457b] δὲ γελῶν ἀνὴρ ἐπὶ γυμναῖς γυναιξί,
τοῦ βελτίστου ἔνεκα γυμναζομέναις, “ἀτελεῖ” τοῦ γελοίου “σοφίας
δρέπων καρπὸν”, οὐδὲν οἶδεν, ὥς ἔοικεν, ἐφ' ᾧ γελαῖ οὐδ' ὅτι
πράττει: κάλλιστα γὰρ δὴ τοῦτο καὶ λέγεται καὶ λελέξεται, ὅτι τὸ μὲν
ὠφέλιμον καλόν, τὸ δὲ βλαβερὸν αἰσχρόν.

παντάπασι μὲν οὖν.

τοῦτο μὲν τοίνυν ἔν ὥσπερ κῦμα φῶμεν διαφεύγειν τοῦ γυναικείου
πέρι νόμου λέγοντες, ὥστε μὴ παντάπασι κατακλυσθῆναι τιθέντας
ὥς δεῖ κοινῇ πάντα ἐπιτηδεύειν τοὺς τε [457c] φύλακας ἡμῖν καὶ τὰς
φυλακίδας, ἀλλὰ πῃ τὸν λόγον αὐτὸν αὐτῷ ὁμολογεῖσθαι ὥς δυνατὰ
τε καὶ ὠφέλιμα λέγει;

καὶ μάλα, ἔφη, οὐ σμικρὸν κῦμα διαφεύγεις.

φήσεις γε, ἦν δ' ἐγώ, οὐ μέγα αὐτὸ εἶναι, ὅταν τὸ μετὰ τοῦτο ἴδης.

λέγε δῆ, ἴδω, ἔφη.

τούτῳ, ἦν δ' ἐγώ, ἔπεται νόμος καὶ τοῖς ἔμπροσθεν τοῖς ἄλλοις, ὥς
ἐγῶμαι, ὅδε.

τίς;

τὰς γυναῖκας ταύτας τῶν ἀνδρῶν τούτων πάντων πάσας [457d] εἶναι

κοινάς, ἰδίᾳ δὲ μηδενὶ μηδεμίαν συνοικεῖν· καὶ τοὺς παῖδας αὐτοῦ κοινούς, καὶ μήτε γονέα ἔκγονον εἰδέναι τὸν αὐτοῦ μήτε παῖδα γονέα.

πολύ, ἔφη, τοῦτο ἐκείνου μεῖζον πρὸς ἀπιστίαν καὶ τοῦ δυνατοῦ πέρι καὶ τοῦ ὠφελίμου.

οὐκ οἶμαι, ἦν δ' ἐγώ, περὶ γε τοῦ ὠφελίμου ἀμφισβητεῖσθαι ἂν, ὥς οὐ μέγιστον ἀγαθὸν κοινάς μὲν τὰς γυναῖκας εἶναι, κοινούς δὲ τοὺς παῖδας, εἴπερ οἶόν τε· ἀλλ' οἶμαι περὶ τοῦ εἰ δυνατὸν ἢ μὴ πλείστην ἂν ἀμφισβήτησιν γενέσθαι. [457e]

περὶ ἀμφοτέρων, ἦ δ' ὅς, εὖ μάλ' ἂν ἀμφισβητηθεῖη.

λέγεις, ἦν δ' ἐγώ, λόγων σύστασιν· ἐγὼ δ' ὥμην ἔκ γε τοῦ ἐτέρου ἀποδράσεσθαι, εἴ σοι δόξειεν ὠφέλιμον εἶναι, λοιπὸν δὲ δή μοι ἔσεσθαι περὶ τοῦ δυνατοῦ καὶ μή. ἀλλ' οὐκ ἔλαθες, ἦ δ' ὅς, ἀποδιδράσκων, ἀλλ' ἀμφοτέρων πέρι δίδου λόγον.

ὕφεκτέον, ἦν δ' ἐγώ, δίκην. τοσόνδε μέντοι χάρισαί [458a] μοι· ἕασόν με ἐορτάσαι, ὥσπερ οἱ ἄργοι τὴν διάνοιαν εἰώθασιν ἐστιᾶσθαι ὑφ' ἑαυτῶν, ὅταν μόνοι πορεύωνται. καὶ γὰρ οἱ τοιοῦτοί που, πρὶν ἐξευρεῖν τίνα τρόπον ἔσται τι ὧν ἐπιθυμοῦσι, τοῦτο παρέντες, ἵνα μὴ κάμνωσι βουλευόμενοι περὶ τοῦ δυνατοῦ καὶ μή, θέντες ὥς ὑπάρχον εἶναι ὃ βούλονται, ἥδη τὰ λοιπὰ διατάττουσιν καὶ χαίρουσιν διεξιόντες οἷα δράσουσι γενομένου, ἄργον καὶ ἄλλως ψυχὴν ἔτι [458b] ἀργότεραν ποιοῦντες. ἥδη οὖν καὶ αὐτὸς μαλακίζομαι, καὶ ἐκεῖνα μὲν ἐπιθυμῶ ἀναβαλέσθαι καὶ ὕστερον ἐπισκέψασθαι, ἢ δυνατά, νῦν δὲ ὥς δυνατῶν ὄντων θεὸς σκέψομαι, ἂν μοι παριῆς, πῶς διατάξουσιν αὐτὰ οἱ ἄρχοντες γιγνόμενα, καὶ ὅτι πάντων συμφορώτατ' ἂν εἴηπραχθέντα τῇ τε πόλει καὶ τοῖς φύλαξιν. ταῦτα πειράσομαι σοι πρότερα συνδιασκοπεῖσθαι, ὕστερα δ' ἐκεῖνα, εἴπερ παριεῖς.

ἀλλὰ παρήμι, ἔφη, καὶ σκόπει.

οἶμαι τοίνυν, ἦν δ' ἐγώ, εἴπερ ἔσονται οἱ ἄρχοντες ἄξιοι [458c] τούτου τοῦ ὀνόματος, οἳ τε τούτοις ἐπικούροι κατὰ ταῦτά, τοὺς μὲν ἐθελήσιν ποιεῖν τὰ ἐπιταττόμενα, τοὺς δὲ ἐπιτάξειν, τὰ μὲν αὐτοὺς

πειθομένους τοῖς νόμοις, τὰ δὲ καὶ μιμουμένους, ὅσα ἂν ἐκείνοις ἐπιτρέψωμεν.

εἰκός, ἔφη.

σὺ μὲν τοῖνυν, ἦν δ' ἐγώ, ὁ νομοθέτης αὐτοῖς, ὥσπερ τοὺς ἄνδρας ἐξέλεξας, οὕτω καὶ τὰς γυναῖκας ἐκλέξας παραδώσεις καθ' ὅσον οἶόν τε ὁμοφυεῖς: οἱ δέ, ἅτε οἰκίας τε καὶ συσσίτια κοινὰ ἔχοντες, ἰδίᾳ δὲ οὐδενὸς οὐδὲν τοιοῦτον κεκτημένου, [458d] ὁμοῦ δὴ ἔσονται, ὁμοῦ δὲ ἀναμεμειγμένων καὶ ἐν γυμνασίοις καὶ ἐν τῇ ἄλλῃ τροφῇ ὑπ' ἀνάγκης οἶμαι τῆς ἐμφύτου ἄξονται πρὸς τὴν ἀλλήλων μεῖξιν. ἢ οὐκ ἀναγκαῖά σοι δοκῶ λέγειν;

οὐ γεωμετρικαῖς γε, ἦ δ' ὅς, ἀλλ' ἐρωτικάς ἀνάγκαις, αἱ κινδυνεύουσιν ἐκείνων δριμύτεραι εἶναι πρὸς τὸ πείθειν τε καὶ ἔλκειν τὸν πολὺν λεών.

καὶ μάλα, εἶπον. ἀλλὰ μετὰ δὴ ταῦτα, ὦ Γλαύκων, ἀτάκτως μὲν μείγνυσθαι ἀλλήλοις ἢ ἄλλο ὅτιοῦν ποιεῖν οὔτε [458e] ὅσιον ἐν εὐδαιμόνων πόλει οὔτ' ἐάσουσιν οἱ ἄρχοντες.

οὐ γὰρ δίκαιον, ἔφη.

δῆλον δὴ ὅτι γάμους τὸ μετὰ τοῦτο ποιήσομεν ἱεροὺς εἰς δύναμιν ὅτι μάλιστα: εἶεν δ' ἂν ἱεροὶ οἱ ὠφελιμώτατοι.

παντάπασι μὲν οὖν. [459a]

πῶς οὖν δὴ ὠφελιμώτατοι ἔσονται; τόδε μοι λέγε, ὦ Γλαύκων: ὁρῶ γάρ σου ἐν τῇ οἰκίᾳ καὶ κύνας θηρευτικούς καὶ τῶν γενναίων ὀρνίθων μάλα συχνούς: ἄρ' οὖν, ὦ πρὸς Διός, προσέσχηκάς τι τοῖς τούτων γάμοις τε καὶ παιδοποιΐᾳ;

τὸ ποῖον; ἔφη.

πρῶτον μὲν αὐτῶν τούτων, καίπερ ὄντων γενναίων, ἄρ' οὐκ εἰσὶ τινες καὶ γίγνονται ἄριστοι;

εἰσίν.

πότερον οὖν ἐξ ἀπάντων ὁμοίως γεννᾷς, ἢ προθυμῇ ὅτι μάλιστα ἐκ

τῶν ἀρίστων;

ἐκ τῶν ἀρίστων. [459b]

τί δ'; ἐκ τῶν νεωτάτων ἢ ἐκ τῶν γεραιτάτων ἢ ἐξ ἀκμαζόντων ὅτι μάλιστα;

ἐξ ἀκμαζόντων.

καὶ ἂν μὴ οὕτω γεννᾶται, πολὺ σοὶ ἡγῇ χειρόν ἔσεσθαι τό τε τῶν ὀρνίθων καὶ τὸ τῶν κυνῶν γένος;

ἔγωγ', ἔφη.

τί δὲ ἵππων οἶει, ἦν δ' ἐγώ, καὶ τῶν ἄλλων ζώων; ἢ ἄλλη πη ἔχειν;

ἄτοπον μεντᾶν, ἦ δ' ὅς, εἴη.

βαβαῖ, ἦν δ' ἐγώ, ὦ φίλε ἑταῖρε, ὥς ἄρα σφόδρα ἡμῖν δεῖ ἄκρων εἶναι τῶν ἀρχόντων, εἴπερ καὶ περὶ τὸ τῶν ἀνθρώπων γένος ὡσαύτως ἔχει. [459c]

ἀλλὰ μὲν δὴ ἔχει, ἔφη: ἀλλὰ τί δή;

ὅτι ἀνάγκη αὐτοῖς, ἦν δ' ἐγώ, φαρμάκοις πολλοῖς χρῆσθαι. ἱατρὸν δέ που μὴ δεομένοισι μὲν σώμασι φαρμάκων, ἀλλὰ διαίτη ἐθελόντων ὑπακούειν, καὶ φαυλότερον ἐξαρκεῖν ἡγούμεθα εἶναι: ὅταν δὲ δὴ καὶ φαρμακεύειν δέη, ἴσμεν ὅτι ἀνδρειότερου δεῖ τοῦ ἱατροῦ.

ἀληθῆ: ἀλλὰ πρὸς τί λέγεις;

πρὸς τόδε, ἦν δ' ἐγώ: συχνῶ τῷ ψεύδει καὶ τῇ ἀπάτῃ κινδυνεύει ἡμῖν δεήσειν χρῆσθαι τοὺς ἄρχοντας ἐπ' ὠφελίᾳ [459d] τῶν ἀρχομένων. ἔφαμεν δέ που ἐν φαρμάκου εἶδει πάντα τὰ τοιαῦτα χρήσιμα εἶναι.

καὶ ὀρθῶς γε, ἔφη.

ἐν τοῖς γάμοις τοίνυν καὶ παιδοποιίαις ἔοικε τὸ ὀρθὸν τοῦτο γίγνεσθαι οὐκ ἐλάχιστον.

πῶς δή;

δεῖ μὲν, εἶπον, ἐκ τῶν ὁμολογημένων τοὺς ἀρίστους ταῖς ἀρίσταις

συγγίγνεσθαι ὥς πλειστάκις, τοὺς δὲ φαυλοτάτους ταῖς φαυλοτάταις τοῦναντίον, καὶ τῶν μὲν τὰ ἔκγονα τρέφειν, [459e] τῶν δὲ μή, εἰ μέλλει τὸ ποιμνιον ὅτι ἀκρότατον εἶναι, καὶ ταῦτα πάντα γιγνόμενα λανθάνειν πλὴν αὐτοὺς τοὺς ἄρχοντας, εἰ αὖ ἡ ἀγέλη τῶν φυλάκων ὅτι μάλιστα ἀστασίαστος ἔσται.

ὀρθότατα, ἔφη.

οὐκοῦν δὴ ἑορταί τινες νομοθετητέαι ἐν αἷς συνάξομεν τάς τε νύμφας καὶ τοὺς νυμφίους καὶ θυσῖαι, καὶ ὕμνοι [460a] ποιητέοι τοῖς ἡμετέροις ποιηταῖς πρέποντες τοῖς γιγνομένοις γάμοις: τὸ δὲ πλῆθος τῶν γάμων ἐπὶ τοῖς ἄρχουσι ποιήσομεν, ἵν' ὥς μάλιστα διασφύζωσι τὸν αὐτὸν ἀριθμὸν τῶν ἀνδρῶν, πρὸς πολέμους τε καὶ νόσους καὶ πάντα τὰ τοιαῦτα ἀποσκοποῦντες, καὶ μήτε μεγάλη ἡμῖν ἡ πόλις κατὰ τὸ δυνατόν μήτε σμικρὰ γίγνηται.

ὀρθῶς, ἔφη.

κλήροισι δὴ τινες οἶμαι ποιητέοι κομψοί, ὥστε τὸν φαῦλον ἐκεῖνον αἰτιᾶσθαι ἐφ' ἐκάστης συνέρξεως τύχην ἀλλὰ μὴ τοὺς ἄρχοντας.

καὶ μάλα, ἔφη. [460b]

καὶ τοῖς ἀγαθοῖς γέ που τῶν νέων ἐν πολέμῳ ἢ ἄλλοθι που γέρα δοτέον καὶ ἄθλα ἄλλα τε καὶ ἀφθονεστέρα ἢ ἐξουσία τῆς τῶν γυναικῶν συγκοιμήσεως, ἵνα καὶ ἅμα μετὰ προφάσεως ὥς πλεῖστοι τῶν παίδων ἐκ τῶν τοιούτων σπεύρωνται.

ὀρθῶς.

οὐκοῦν καὶ τὰ ἀεὶ γιγνόμενα ἔκγονα παραλαμβάνουσαι αἱ ἐπὶ τούτων ἐφεστηκυῖαι ἀρχαὶ εἴτε ἀνδρῶν εἴτε γυναικῶν εἴτε ἀμφοτέρω-κοιναὶ μὲν γάρ που καὶ ἀρχαὶ γυναιξί τε καὶ ἀνδράσιν-

ναί. [460c]

τὰ μὲν δὴ τῶν ἀγαθῶν, δοκῶ, λαβοῦσαι εἰς τὸν σηκὸν οἴσουσιν παρά τινας τροφοὺς χωρὶς οἰκούσας ἔν τινι μέρει τῆς πόλεως: τὰ δὲ τῶν χειρόνων, καὶ ἐάν τι τῶν ἐτέρων ἀνάπηρον γίγνηται, ἐν ἀπορρήτῳ τε καὶ ἀδήλῳ κατακρύψουσιν ὥς πρέπει.

εἵπερ μέλλει, ἔφη, καθαρὸν τὸ γένος τῶν φυλάκων ἔσεσθαι.

οὐκοῦν καὶ τροφῆς οὗτοι ἐπιμελήσονται τάς τε μητέρας ἐπὶ τὸν σηκὸν ἄγοντες ὅταν σπαργῶσι, πᾶσαν μηχανὴν [460d] μηχανώμενοι ὅπως μηδεμία τὸ αὐτῆς αἰσθήσεται, καὶ ἄλλας γάλα ἐχούσας ἐκπορίζοντες, ἐὰν μὴ αὐταὶ ἱκαναὶ ᾧσι, καὶ αὐτῶν τούτων ἐπιμελήσονται ὅπως μέτριον χρόνον θηλάσονται, ἀγρυπνίας δὲ καὶ τὸν ἄλλον πόνον τίτθαις τε καὶ τροφοῖς παραδώσουσιν;

πολλὴν ῥαστώνην, ἔφη, λέγεις τῆς παιδοποιίας ταῖς τῶν φυλάκων γυναιξίν.

πρέπει γάρ, ἦν δ' ἐγώ. τὸ δ' ἐφεξῆς διέλθωμεν ὃ προυθέμεθα. ἔφαμεν γὰρ δὴ ἐξ ἀκμαζόντων δεῖν τὰ ἔκγονα γίνεσθαι.

ἀληθῆ. [460e]

ἄρ' οὖν σοι συνδοκεῖ μέτριος χρόνος ἀκμῆς τὰ εἴκοσι ἔτη γυναικί, ἀνδρὶ δὲ τὰ τριάκοντα;

τὰ ποῖα αὐτῶν; ἔφη.

γυναικὶ μὲν, ἦν δ' ἐγώ, ἀρξαμένη ἀπὸ εἰκοσιετίδος μέχρι τετταρακονταετίδος τίκτειν τῇ πόλει: ἀνδρὶ δέ, ἐπειδὴν τὴν ὀξυτάτην δρόμου ἀκμὴν παρῇ, τὸ ἀπὸ τούτου γεννᾶν τῇ πόλει μέχρι πεντεκαίπεντηκονταέτους. [461a]

ἀμφοτέρων γοῦν, ἔφη, αὕτη ἀκμὴ σώματός τε καὶ φρονήσεως.

οὐκοῦν ἐάντε πρεσβύτερος τούτων ἐάντε νεώτερος τῶν εἰς τὸ κοινὸν γεννήσεων ἄψηται, οὔτε ὅσιον οὔτε δίκαιον φήσομεν τὸ ἀμάρτημα, ὥς παῖδα φιτύοντος τῇ πόλει, ὅς, ἂν λάθῃ, γεννήσεται οὐχ ὑπὸ θυσίων οὐδ' ὑπὸ εὐχῶν φύς, ἃς ἐφ' ἐκάστοις τοῖς γάμοις εὔξονται καὶ ἱέρειαι καὶ ἱερεῖς καὶ σύμπασα ἡ πόλις ἐξ ἀγαθῶν ἀμείνους καὶ ἐξ ὠφελίμων [461b] ὠφελιμωτέρους αἰεὶ τοὺς ἐκγόνους γίνεσθαι, ἀλλ' ὑπὸ σκότου μετὰ δεινῆς ἀκρατείας γεγονώς.

ὀρθῶς, ἔφη.

ὁ αὐτὸς δέ γ', εἶπον, νόμος, ἐάν τις τῶν ἔτι γεννώντων μὴ συνέρξαντος ἄρχοντος ἄπτηται τῶν ἐν ἡλικίᾳ γυναικῶν: νόθον γὰρ

καὶ ἀνέγγυον καὶ ἀνίερον φήσομεν αὐτὸν παῖδα τῇ πόλει καθιστάναι.
ὀρθότατα, ἔφη.

ὅταν δὲ δὴ οἶμαι αἶ τε γυναῖκες καὶ οἱ ἄνδρες τοῦ γεννᾶν ἐκβῶσι τὴν ἡλικίαν, ἀφήσομέν που ἐλευθέρους αὐτοὺς συγγίγνεσθαι [461c] ὃ ἂν ἐθέλωσι, πλὴν θυγατρὶ καὶ μητρὶ καὶ ταῖς τῶν θυγατέρων παισὶ καὶ ταῖς ἄνω μητρὸς, καὶ γυναῖκας αὖ πλὴν ὑεὶ καὶ πατρὶ καὶ τοῖς τούτων εἰς τὸ κάτω καὶ ἐπὶ τὸ ἄνω, καὶ ταῦτά γ' ἤδη πάντα διακελευσάμενοι προθυμεῖσθαι μάλιστα μὲν μηδ' εἰς φῶς ἐκφέρειν κύημα μηδέ γ' ἔν, ἐὰν γένηται, ἐὰν δέ τι βιάσῃται, οὕτω τιθέναι, ὥς οὐκ οὔσης τροφῆς τῷ τοιούτῳ. καὶ ταῦτα μὲν γ', ἔφη, μετρίως λέγεται: πατέρας δὲ καὶ [461d] θυγατέρας καὶ ἃ νυνδὴ ἔλεγες πῶς διαγνώσσονται ἀλλήλων;

οὐδαμῶς, ἦν δ' ἐγώ: ἀλλ' ἀφ' ἧς ἂν ἡμέρας τις αὐτῶν νυμφίος γένηται, μετ' ἐκείνην δεκάτῳ μηνὶ καὶ ἐβδόμῳ δὴ ἃ ἂν γένηται ἔκγονα, ταῦτα πάντα προσερεῖ τὰ μὲν ἄρρενα ὑεῖς, τὰ δὲ θήλεα θυγατέρας, καὶ ἐκεῖνα ἐκείνον πατέρα, καὶ οὕτω δὴ τὰ τούτων ἔκγονα παίδων παῖδας, καὶ ἐκεῖν' αὖ ἐκείνους πάππους τε καὶ τηθάς, τὰ δ' ἐν ἐκείνῳ τῷ χρόνῳ γεγονότα, ἐν ᾧ αἱ μητέρες καὶ οἱ πατέρες αὐτῶν ἐγέννων, [461e] ἀδελφάς τε καὶ ἀδελφούς, ὥστε, ὁ νυνδὴ ἐλέγομεν, ἀλλήλων μὴ ἅπτεσθαι. ἀδελφοὺς δὲ καὶ ἀδελφὰς δώσει ὁ νόμος συνοικεῖν, ἐὰν ὁ κλῆρος ταύτῃ συμπίπτῃ καὶ ἡ Πυθία προσαναίρῃ.

ὀρθότατα, ἦ δ' ὅς.

ἡ μὲν δὴ κοινωνία, ὧ Γλαύκων, αὕτη τε καὶ τοιαύτη γυναικῶν τε καὶ παίδων τοῖς φύλαξί σοι τῆς πόλεως: ὥς δὲ ἐπομένη τε τῇ ἄλλῃ πολιτεία καὶ μακρῷ βελτίστη, δεῖ δὴ τὸ μετὰ τοῦτο βεβαιώσασθαι παρὰ τοῦ λόγου. ἢ πῶς ποιῶμεν; [462a]

οὕτω νῆ Δία, ἦ δ' ὅς.

ἄρ' οὖν οὐχ ἡδε ἀρχὴ τῆς ὁμολογίας, ἐρέσθαι ἡμᾶς αὐτοὺς τί ποτε τὸ μέγιστον ἀγαθὸν ἔχομεν εἰπεῖν εἰς πόλεως κατασκευήν, οὗ δεῖ στοχαζόμενον τὸν νομοθέτην τιθέναι τοὺς νόμους, καὶ τί μέγιστον κακόν, εἴτα ἐπισκέψασθαι ἅρα ἃ νυνδὴ διήλθομεν εἰς μὲν τὸ τοῦ ἀγαθοῦ ἵχνος ἡμῖν ἀρμόττει, τῷ δὲ τοῦ κακοῦ ἀναρμοστεῖ;

πάντων μάλιστα, ἔφη.

ἔχομεν οὖν τι μείζον κακὸν πόλει ἢ ἐκεῖνο ὃ ἂν αὐτήν [462b] διασπᾷ καὶ ποιῇ πολλὰς ἀντὶ μιᾶς; ἢ μείζον ἀγαθὸν τοῦ ὃ ἂν συνδῇ τε καὶ ποιῇ μίαν;

οὐκ ἔχομεν.

οὐκοῦν ἡ μὲν ἡδονῆς τε καὶ λύπης κοινωνία συνδεῖ, ὅταν ὅτι μάλιστα πάντες οἱ πολῖται τῶν αὐτῶν γιγνομένων τε καὶ ἀπολλυμένων παραπλησίως χαίρῳσι καὶ λυπῶνται;

παντάπασι μὲν οὖν, ἔφη.

ἡ δέ γε τῶν τοιούτων ιδίῳσις διαλύει, ὅταν οἱ μὲν περιαλγεῖς, οἱ δὲ περιχαρεῖς γίνωνται ἐπὶ τοῖς αὐτοῖς [462c] παθήμασι τῆς πόλεως τε καὶ τῶν ἐν τῇ πόλει;

τί δ' οὐ;

ἄρ' οὖν ἐκ τοῦδε τὸ τοιόνδε γίγνεται, ὅταν μὴ ἅμα φθέγγωνται ἐν τῇ πόλει τὰ τοιάδε ῥήματα, τό τε ἐμὸν καὶ τὸ οὐκ ἐμόν; καὶ περὶ τοῦ ἀλλοτρίου κατὰ ταυτά;

κομιδῇ μὲν οὖν.

ἐν ᾗτινι δὴ πόλει πλεῖστοι ἐπὶ τὸ αὐτὸ κατὰ ταυτὰ τοῦτο λέγουσι τὸ ἐμὸν καὶ τὸ οὐκ ἐμόν, αὕτη ἄριστα διοικεῖται;

πολύ γε.

καὶ ἥτις δὴ ἐγγύτατα ἐνὸς ἀνθρώπου ἔχει; οἷον ὅταν πού τις ἡμῶν δάκτυλός του πληγῇ, πᾶσα ἡ κοινωνία ἢ κατὰ τὸ σῶμα πρὸς τὴν ψυχὴν τεταμένη εἰς μίαν σύνταξιν τὴν τοῦ ἄρχοντος [462d] ἐν αὐτῇ ἥσθετό τε καὶ πᾶσα ἅμα συνήλγησεν μέρους πονήσαντος ὅλη, καὶ οὕτω δὴ λέγομεν ὅτι ὁ ἄνθρωπος τὸν δάκτυλον ἀλγεῖ: καὶ περὶ ἄλλου ὁπουοῦν τῶν τοῦ ἀνθρώπου ὁ αὐτὸς λόγος, περὶ τε λύπης πονοῦντος μέρους καὶ περὶ ἡδονῆς ῥαΐζοντος;

ὁ αὐτὸς γάρ, ἔφη: καὶ τοῦτο ὃ ἐρωτᾷς, τοῦ τοιούτου ἐγγύτατα ἢ ἄριστα πολιτευομένη πόλις οἰκεῖ.

ένος δὴ οἶμαι πάσχοντος τῶν πολιτῶν ὅτιοῦν ἢ ἀγαθὸν [462e] ἢ κακὸν ἢ τοιαύτη πόλις μάλιστα τε φήσει ἑαυτῆς εἶναι τὸ πάσχον, καὶ ἢ συνησθήσεται ἅπασα ἢ συλλυπήσεται.

ἀνάγκη, ἔφη, τήν γε εὖνομον.

ὥρα ἂν εἴη, ἣν δ' ἐγώ, ἐπανιέναι ἡμῖν ἐπὶ τὴν ἡμετέραν πόλιν, καὶ τὰ τοῦ λόγου ὁμολογήματα σκοπεῖν ἐν αὐτῇ, εἰ αὐτὴ μάλιστ' ἔχει εἴτε καὶ ἄλλη τις μᾶλλον.

οὐκοῦν χρή, ἔφη. [463a]

τί οὖν; ἔστι μὲν που καὶ ἐν ταῖς ἄλλαις πόλεσιν ἄρχοντές τε καὶ δῆμος, ἔστι δὲ καὶ ἐν ταύτῃ;

ἔστι.

πολίτας μὲν δὴ πάντες οὗτοι ἀλλήλους προσερούσι;

πῶς δ' οὔ;

ἀλλὰ πρὸς τῷ πολίτας τί ὁ ἐν ταῖς ἄλλαις δῆμος τοὺς ἄρχοντας προσαγορεύει;

ἐν μὲν ταῖς πολλαῖς δεσπότας, ἐν δὲ ταῖς δημοκρατουμέναις αὐτὸ τοῦνομα τοῦτο, ἄρχοντας.

τί δ' ὁ ἐν τῇ ἡμετέρᾳ δῆμος; πρὸς τῷ πολίτας τί τοὺς ἄρχοντάς φησιν εἶναι; [463b]

σωτηῆράς τε καὶ ἐπικούρους, ἔφη.

τί δ' οὗτοι τὸν δῆμον;

μισθοδότας τε καὶ τροφέας.

οἱ δ' ἐν ταῖς ἄλλαις ἄρχοντες τοὺς δῆμους;

δούλους, ἔφη.

τί δ' οἱ ἄρχοντες ἀλλήλους;

συνάρχοντας, ἔφη.

τί δ' οἱ ἡμέτεροι;

συμφύλακας.

ἔχεις οὖν εἰπεῖν τῶν ἀρχόντων τῶν ἐν ταῖς ἄλλαις πόλεσιν, εἴ τίς τινα ἔχει προσειπεῖν τῶν συναρχόντων τὸν μὲν ὡς οἰκεῖον, τὸν δ' ὡς ἀλλότριον;

καὶ πολλοὺς γε.

οὐκοῦν τὸν μὲν οἰκεῖον ὡς ἑαυτοῦ νομίζει τε καὶ λέγει, [463c] τὸν δ' ἀλλότριον ὡς οὐχ ἑαυτοῦ;

οὕτω.

τί δὲ οἱ παρὰ σοὶ φύλακες; ἔσθ' ὅστις αὐτῶν ἔχοι ἂν τῶν συμφυλάκων νομίσαι τινὰ ἢ προσειπεῖν ὡς ἀλλότριον;

οὐδαμῶς, ἔφη: παντὶ γὰρ ᾧ ἂν ἐντυγχάνῃ, ἢ ὡς ἀδελφῷ ἢ ὡς ἀδελφῇ ἢ ὡς πατρὶ ἢ ὡς μητρὶ ἢ ὑεῖ ἢ θυγατρὶ ἢ τούτων ἐκγόνοις ἢ προγόνοις νομιεῖ ἐντυγχάνειν.

κάλλιστα, ἦν δ' ἐγώ, λέγεις, ἀλλ' ἔτι καὶ τόδε εἰπέ: πότερον αὐτοῖς τὰ ὀνόματα μόνον οἰκεῖα νομοθετήσεις, ἢ [463d] καὶ τὰς πράξεις πάσας κατὰ τὰ ὀνόματα πράττειν, περὶ τε τοὺς πατέρας, ὅσα νόμος περὶ πατέρας αἰδοῦς τε πέρι καὶ κηδεμονίας καὶ τοῦ ὑπήκοον δεῖν εἶναι τῶν γονέων, ἢ μήτε πρὸς θεῶν μήτε πρὸς ἀνθρώπων αὐτῷ ἄμεινον ἔσεσθαι, ὡς οὔτε ὅσια οὔτε δίκαια πράττοντος ἂν, εἰ ἄλλα πράττοι ἢ ταῦτα; αὐταὶ σοὶ ἢ ἄλλαι φῆμαι ἐξ ἀπάντων τῶν πολιτῶν ὑμνήσουσιν εὐθὺς περὶ τὰ τῶν παίδων ὧτα καὶ περὶ πατέρων, οὓς ἂν αὐτοῖς τις ἀποφήνῃ, καὶ περὶ τῶν ἄλλων συγγενῶν; [463e]

αὐται, ἔφη: γελοῖον γὰρ ἂν εἴη εἰ ἄνευ ἔργων οἰκεῖα ὀνόματα διὰ τῶν στομάτων μόνον φθέγγοντο.

πασῶν ἄρα πόλεων μάλιστα ἐν αὐτῇ συμφωνήσουσιν ἐνός τινος ἢ εὖ ἢ κακῶς πράττοντος ὃ νυνδὴ ἐλέγομεν τὸ ῥῆμα, τὸ ὅτι τὸ ἐμὸν εὖ πράττει ἢ ὅτι τὸ ἐμὸν κακῶς.

ἀληθέστατα αὖ, ἦ δ' ὅς. [464a]

οὐκοῦν μετὰ τούτου τοῦ δόγματός τε καὶ ῥήματος ἔφαμεν συνακολουθεῖν τάς τε ἡδονὰς καὶ τὰς λύπας κοινῇ;

καὶ ὀρθῶς γε ἔφαμεν.

οὐκοῦν μάλιστα τοῦ αὐτοῦ κοινωνήσουσιν ἡμῖν οἱ πολῖται, ὃ δὴ ἐμὸν ὀνομάσουσιν; τούτου δὲ κοινωνοῦντες οὕτω δὴ λύπης τε καὶ ἡδονῆς μάλιστα κοινωνίαν ἔξουσιν;

πολύ γε.

ἄρ' οὖν τούτων αἰτία πρὸς τῇ ἄλλῃ καταστάσει ἢ τῶν γυναικῶν τε καὶ παίδων κοινωνία τοῖς φύλαξιν;

πολὺ μὲν οὖν μάλιστα, ἔφη. [464b]

ἀλλὰ μὴν μέγιστόν γε πόλει αὐτὸ ὁμολογήσαμεν ἀγαθόν, ἀπεικάζοντες εὖ οἰκουμένην πόλιν σώματι πρὸς μέρος αὐτοῦ λύπης τε πέρι καὶ ἡδονῆς ὥς ἔχει.

καὶ ὀρθῶς γ', ἔφη, ὁμολογήσαμεν.

τοῦ μεγίστου ἄρα ἀγαθοῦ τῇ πόλει αἰτία ἡμῖν πέφανται ἢ κοινωνία τοῖς ἐπικούροις τῶν τε παίδων καὶ τῶν γυναικῶν.

καὶ μάλ', ἔφη.

καὶ μὲν δὴ καὶ τοῖς πρόσθεν γε ὁμολογοῦμεν: ἔφαμεν γάρ που οὔτε οἰκίας τούτοις ιδίας δεῖν εἶναι οὔτε γῆν οὔτε [464c] τι κτῆμα, ἀλλὰ παρὰ τῶν ἄλλων τροφήν λαμβάνοντας, μισθὸν τῆς φυλακῆς, κοινῇ πάντας ἀναλίσκειν, εἰ μέλλοιεν ὄντως φύλακες εἶναι.

ὀρθῶς, ἔφη.

ἄρ' οὖν οὐχ, ὅπερ λέγω, τὰ τε πρόσθεν εἰρημένα καὶ τὰ νῦν λεγόμενα ἔτι μᾶλλον ἀπεργάζεται αὐτοὺς ἀληθινούς φύλακας, καὶ ποιεῖ μὴ διασπᾶν τὴν πόλιν τὸ ἐμὸν ὀνομάζοντας μὴ τὸ αὐτὸ ἄλλ' ἄλλον ἄλλο, τὸν μὲν εἰς τὴν ἑαυτοῦ οἰκίαν ἔλκοντα ὅτι ἂν δύνηται χωρὶς τῶν ἄλλων κτήσασθαι, [464d] τὸν δὲ εἰς τὴν ἑαυτοῦ ἐτέραν οὔσαν, καὶ γυναικὰ τε καὶ παῖδας ἐτέρους, ἡδονὰς τε καὶ ἀλγηδόνας ἐμποιοῦντας ιδίων ὄντων ιδίας, ἀλλ' ἐνὶ δόγματι τοῦ οἰκείου πέρι ἐπὶ

τὸ αὐτὸ τείνοντας πάντας εἰς τὸ δυνατόν ὁμοπαθεῖς λύπης τε καὶ ἡδονῆς εἶναι;

κομιδῇ μὲν οὖν, ἔφη.

τί δέ; δίκαι τε καὶ ἐγκλήματα πρὸς ἀλλήλους οὐκ οἰχίσεται ἐξ αὐτῶν ὥς ἔπος εἰπεῖν διὰ τὸ μηδὲν ἴδιον ἐκτῆσθαι πλὴν τὸ σῶμα, τὰ δ' ἄλλα κοινά; ὅθεν δὴ ὑπάρχει [464e] τούτοις ἀστασιάστοις εἶναι, ὅσα γε διὰ χρημάτων ἢ παίδων καὶ συγγενῶν κτῆσιν ἄνθρωποι στασιάζουσιν;

πολλὴ ἀνάγκη, ἔφη, ἀπηλλάχθαι.

καὶ μὴν οὐδὲ βιαίων γε οὐδ' αἰκίας δίκαι δικαίως ἂν εἶεν ἐν αὐτοῖς: ἥλιξι μὲν γὰρ ἥλικας ἀμύνεσθαι καλὸν καὶ δίκαιόν που φήσομεν, ἀνάγκην σωμάτων ἐπιμελεῖα τιθέντες.

ὀρθῶς, ἔφη. [465a]

καὶ γὰρ τόδε ὀρθὸν ἔχει, ἦν δ' ἐγώ, οὗτος ὁ νόμος: εἴ ποὺ τίς τῷ θυμοῖτο, ἐν τῷ τοιούτῳ πληρῶν τὸν θυμὸν ἦττον ἐπὶ μείζους ἂν ἴοι στάσεις.

πάνυ μὲν οὖν.

πρεσβυτέρῳ μὴν νεωτέρων πάντων ἄρχειν τε καὶ κολάζειν προστετάσσεται.

δῆλον.

καὶ μὴν ὅτι γε νεώτερος πρεσβύτερον, ἂν μὴ ἄρχοντες προστάττωσιν, οὔτε ἄλλο βιάζεσθαι ἐπιχειρήσει ποτὲ οὔτε τύπτειν, ὥς τὸ εἰκός. οἶμαι δ' οὐδὲ ἄλλως ἀτιμάσει: ἱκανῶ γὰρ τῷ φύλακε κωλύοντε, δέος τε καὶ αἰδώς, αἰδώς μὲν ὥς [465b] γονέων μὴ ἅπτεσθαι εἰργουσα, δέος δὲ τὸ τῷ πάσχοντι τοὺς ἄλλους βοηθεῖν, τοὺς μὲν ὥς υἱεῖς, τοὺς δὲ ὥς ἀδελφούς, τοὺς δὲ ὥς πατέρας.

συμβαίνει γὰρ οὕτως, ἔφη.

πανταχῇ δὴ ἐκ τῶν νόμων εἰρήνην πρὸς ἀλλήλους οἱ ἄνδρες ἄξουσιν;

πολλήν γε.

τούτων μὴν ἐν ἑαυτοῖς μὴ στασιαζόντων οὐδὲν δεινὸν μὴ ποτε ἢ ἄλλη πόλις πρὸς τούτους ἢ πρὸς ἀλλήλους διχοστατήσῃ.

οὐ γὰρ οὖν.

τά γε μὴν σμικρότατα τῶν κακῶν δι' ἀπρέπειαν ὀκνῶ [465c] καὶ λέγειν, ὧν ἀπηλλαγμένοι ἂν εἶεν, κολακείας τε πλουσίων πένητες ἀπορίας τε καὶ ἀλγηδόνας ὅσας ἐν παιδοτροφίᾳ καὶ χρηματισμοῖς διὰ τροφήν οἰκετῶν ἀναγκαίαν ἴσχουσι, τὰ μὲν δανειζόμενοι, τὰ δ' ἐξαρνούμενοι, τὰ δὲ πάντως πορισάμενοι θέμενοι παρὰ γυναῖκάς τε καὶ οἰκέτας, ταμιεύειν παραδόντες, ὅσα τε, ὦ φίλε, περὶ αὐτὰ καὶ οἷα πάσχουσι, δῆλὰ τε δὴ καὶ ἀγεννῆ καὶ οὐκ ἄξια λέγειν. [465d]

δῆλα γάρ, ἔφη, καὶ τυφλῷ.

πάντων τε δὴ τούτων ἀπαλλάσσονται, ζήσουσί τε τοῦ μακαριστοῦ βίου ὃν οἱ Ὀλυμπιονῖκαι ζῶσι μακαριώτερον.

πῇ;

διὰ σμικρόν που μέρος εὐδαιμονίζονται ἐκεῖνοι ὧν τούτοις ὑπάρχει. ἢ τε γὰρ τῶνδε νίκη καλλίων, ἢ τ' ἐκ τοῦ δημοσίου τροφή τελεωτέρα. νίκην τε γὰρ νικῶσι συμπάσης τῆς πόλεως σωτηρίαν, τροφή τε καὶ τοῖς ἄλλοις πᾶσιν ὅσων βίος δεῖται αὐτοῖ τε καὶ παῖδες ἀναδοῦνται, καὶ γέρα δέχονται [465e] παρὰ τῆς αὐτῶν πόλεως ζῶντές τε καὶ τελευτήσαντες ταφῆς ἀξίας μετέχουσιν.

καὶ μάλα, ἔφη, καλά.

μέμνησαι οὖν, ἦν δ' ἐγώ, ὅτι ἐν τοῖς πρόσθεν οὐκ οἶδα ὅτου λόγος ἡμῖν ἐπέπληξεν ὅτι τοὺς φύλακας οὐκ εὐδαίμονας [466a] ποιοῖμεν, οἷς ἐξὸν πάντα ἔχειν τὰ τῶν πολιτῶν οὐδὲν ἔχοιεν; ἡμεῖς δέ που εἶπομεν ὅτι τοῦτο μὲν, εἴ που παραπίπτει, εἰς αὐθις σκεψοίμεθα, νῦν δὲ τοὺς μὲν φύλακας φύλακας ποιοῖμεν, τὴν δὲ πόλιν ὡς οἰοί τ' εἶμεν εὐδαιμονεστάτην, ἀλλ' οὐκ εἰς ἓν ἔθνος ἀποβλέποντες ἐν αὐτῇ τοῦτο εὐδαιμον πλάττομεν;

μέμνημαι, ἔφη.

τί οὖν; νῦν ἡμῖν ὁ τῶν ἐπικούρων βίος, εἶπερ τοῦ γε τῶν Ὀλυμπιονικῶν πολὺ τε καλλίων καὶ ἀμείνων φαίνεται, [466b] μὴ πη κατὰ τὸν τῶν σκυτοτόμων φαίνεται βίον ἢ τινων ἄλλων δημιουργῶν ἢ τὸν τῶν γεωργῶν;

οὐ μοι δοκεῖ, ἔφη.

ἀλλὰ μέντοι, ὃ γε καὶ ἐκεῖ ἔλεγον, δίκαιον καὶ ἐνταῦθα εἰπεῖν, ὅτι εἰ οὕτως ὁ φύλαξ ἐπιχειρήσει εὐδαίμων γίγνεσθαι, ὥστε μηδὲ φύλαξ εἶναι, μηδ' ἄρκεσει αὐτῷ βίος οὕτω μέτριος καὶ βέβαιος καὶ ὡς ἡμεῖς φαμεν ἄριστος, ἀλλ' ἀνόητός τε καὶ μειρακιώδης δόξα ἐμπεσοῦσα εὐδαιμονίας περὶ ὁρμήσει [466c] αὐτὸν διὰ δύναμιν ἐπὶ τὸ ἅπαντα τὰ ἐν τῇ πόλει οἰκείουσθαι, γινώσκεται τὸν Ἡσίοδον ὅτι τῷ ὄντι ἦν σοφὸς λέγων “πλέον” εἶναι πῶς “ἥμισυ παντός.” (Hes. WD 40)

ἐμοὶ μέν, ἔφη, συμβούλῳ χρώμενος μενεῖ ἐπὶ τούτῳ τῷ βίῳ.

συγχωρεῖς ἄρα, ἦν δ' ἐγώ, τὴν τῶν γυναικῶν κοινωνίαν τοῖς ἀνδράσιν, ἣν διεληλύθαμεν, παιδείας τε περὶ καὶ παίδων καὶ φυλακῆς τῶν ἄλλων πολιτῶν, κατὰ τε πόλιν μενούσας εἰς πόλεμόν τε ἰούσας καὶ συμφυλάττειν δεῖν καὶ [466d] συνθηρεῖν ὥσπερ κύνας, καὶ πάντα πάντῃ κατὰ τὸ δυνατόν κοινωνεῖν, καὶ ταῦτα πραττούσας τά τε βέλτιστα πράξειν καὶ οὐ παρὰ φύσιν τὴν τοῦ θήλεος πρὸς τὸ ἄρρεν, ἢ πεφύκατον πρὸς ἀλλήλῳ κοινωνεῖν;

συγχωρῶ, ἔφη.

οὐκοῦν, ἦν δ' ἐγώ, ἐκεῖνο λοιπὸν διελέσθαι, εἰ ἄρα καὶ ἐν ἀνθρώποις δυνατόν, ὥσπερ ἐν ἄλλοις ζώοις, ταύτην τὴν κοινωνίαν ἐγγενέσθαι, καὶ ὅπη δυνατόν;

ἐφθης, ἔφη, εἰπὼν ἢ ἔμελλον ὑπολήψεσθαι. [466e]

περὶ μὲν γὰρ τῶν ἐν τῷ πολέμῳ οἶμαι, ἔφην, δῆλον ὅν τρόπον πολεμήσουσιν.

πῶς; ἢ δ' ὅς.

ὅτι κοινῇ στρατεύσονται, καὶ πρὸς γε ἄξουσιν τῶν παίδων εἰς τὸν πόλεμον ὅσοι ἀδροί, ἵν' ὥσπερ οἱ τῶν ἄλλων δημιουργῶν θεῶνται

ταῦτα ἃ τελεωθέντας δεήσει δημιουργεῖν: [467a] πρὸς δὲ τῇ θεᾷ διακονεῖν καὶ ὑπηρετεῖν πάντα τὰ περὶ τὸν πόλεμον, καὶ θεραπεύειν πατέρας τε καὶ μητέρας. ἢ οὐκ ἦσθαι τὰ περὶ τὰς τέχνας, οἷον τοὺς τῶν κεραμῶν παῖδας, ὥς πολὺν χρόνον διακονοῦντες θεωροῦσι πρὶν ἅπτεσθαι τοῦ κεραμεύειν;

καὶ μάλα.

ἢ οὖν ἐκείνοις ἐπιμελέστερον παιδευτέον ἢ τοῖς φύλαξι τοὺς αὐτῶν ἐμπειρία τε καὶ θεὰ τῶν προσηκόντων;

καταγέλαστον μεντᾶν, ἔφη, εἴη.

ἀλλὰ μὴν καὶ μαχεῖται γε πᾶν ζῶον διαφερόντως [467b] παρόντων ὧν ἂν τέκη.

ἔστιν οὕτω. κίνδυνος δέ, ὃ Σώκρατες, οὐ σμικρὸς σφαλεῖσιν, οἷα δὴ ἐν πολέμῳ φιλεῖ, πρὸς ἑαυτοῖς παῖδας ἀπολέσαντας ποιῆσαι καὶ τὴν ἄλλην πόλιν ἀδύνατον ἀναλαβεῖν. ἀληθῆ, ἦν δ' ἐγώ, λέγεις. ἀλλὰ σὺ πρῶτον μὲν ἡγῆ παρασκευαστέον τὸ μή ποτε κινδυνεῦσαι;

οὐδαμῶς.

τί δ'; εἴ που κινδυνευτέον, οὐκ ἐν ᾧ βελτίους ἔσονται κατορθοῦντες;

δῆλον δὴ. [467c]

ἀλλὰ σμικρὸν οἶε διαφέρειν καὶ οὐκ ἄξιον κινδύνου θεωρεῖν ἢ μὴ τὰ περὶ τὸν πόλεμον παῖδας τοὺς ἄνδρας πολεμικοὺς ἔσομένους;

οὐκ, ἀλλὰ διαφέρει πρὸς ὃ λέγεις.

τοῦτο μὲν ἄρα ὑπαρκτέον, θεωροὺς πολέμου τοὺς παῖδας ποιεῖν, προσμηχανᾶσθαι δ' αὐτοῖς ἀσφάλειαν, καὶ καλῶς ἔξει: ἢ γάρ;

ναί.

οὐκοῦν, ἦν δ' ἐγώ, πρῶτον μὲν αὐτῶν οἱ πατέρες, ὅσα ἄνθρωποι, οὐκ ἀμαθεῖς ἔσονται ἀλλὰ γνωμονικοὶ τῶν [467d] στρατειῶν ὅσαι τε καὶ μὴ ἐπικίνδυνοι;

εἰκός, ἔφη.

εις μὲν ἄρα τὰς ἄξουσιν, εἰς δὲ τὰς εὐλαβήσονται.

ὀρθῶς.

καὶ ἄρχοντάς γέ που, ἦν δ' ἐγώ, οὐ τοὺς φαυλοτάτους αὐτοῖς ἐπιστήσουσιν ἀλλὰ τοὺς ἐμπειρία τε καὶ ἡλικία ἱκανοὺς ἡγεμόνας τε καὶ παιδαγωγοὺς εἶναι.

πρέπει γάρ.

ἀλλὰ γάρ, φήσομεν, καὶ παρὰ δόξαν πολλὰ πολλοῖς δὴ ἐγένετο.

καὶ μάλα.

πρὸς τοίνυν τὰ τοιαῦτα, ὦ φίλε, πτεροῦν χρή παιδία ὄντα εὐθύς, ἴν', ἂν τι δέη, πετόμενοι ἀποφεύγωσιν. [467e]

πῶς λέγεις; ἔφη.

ἐπὶ τοὺς ἵππους, ἦν δ' ἐγώ, ἀναβιβαστέον ὥς νεωτάτους, καὶ διδασκαμένους ἱππεύειν ἐφ' ἵππων ἀκτέον ἐπὶ τὴν θέαν, μὴ θυμοειδῶν μηδὲ μαχητικῶν, ἀλλ' ὅτι ποδωκεστάτων καὶ εὐηνιωτάτων. οὕτω γὰρ κάλλιστα τε θεάσονται τὸ αὐτῶν ἔργον, καὶ ἀσφαλέστατα, ἂν τι δέη, σωθήσονται μετὰ πρεσβυτέρων ἡγεμόνων ἐπόμενοι.

ὀρθῶς, ἔφη, μοι δοκεῖς λέγειν. [468a]

τί δὲ δὴ, εἶπον, τὰ περὶ τὸν πόλεμον; πῶς ἐκτέον σοι τοὺς στρατιώτας πρὸς αὐτούς τε καὶ τοὺς πολεμίους; ἄρ' ὀρθῶς μοι καταφαίνεται ἢ οὐ;

λέγ', ἔφη, ποῖ' αὖ.

αὐτῶν μὲν, εἶπον, τὸν λιπόντα τάξιν ἢ ὅπλα ἀποβαλόντα ἢ τι τῶν τοιούτων ποιήσαντα διὰ κάκην ἄρα οὐ δημιουργόν τινα δεῖ καθιστάναι ἢ γεωργόν;

πάνυ μὲν οὖν.

τὸν δὲ ζῶντα εἰς τοὺς πολεμίους ἀλόντα ἄρ' οὐ δωρεὰν διδόναι τοῖς ἐλοῦσι χρῆσθαι τῇ ἄγρᾳ ὅτι ἂν βούλωνται; [468b]

κομιδῇ γε.

τὸν δὲ ἀριστεύσαντά τε καὶ εὐδοκίμησαντα οὐ πρῶτον μὲν ἐπὶ στρατιᾷς ὑπὸ τῶν συστρατευομένων μεираκίων τε καὶ παίδων ἐν μέρει ὑπὸ ἐκάστου δοκεῖ σοι χρῆναι στεφανωθῆναι; ἢ οὐ;

ἔμοιγε.

τί δέ; δεξιωθῆναι;

καὶ τοῦτο.

ἀλλὰ τόδ' οἶμαι, ἦν δ' ἐγώ, οὐκέτι σοι δοκεῖ.

τὸ ποῖον;

τὸ φιλησαί τε καὶ φιληθῆναι ὑπὸ ἐκάστου.

πάντων, ἔφη, μάλιστα: καὶ προστίθιμί γε τῷ νόμῳ, [468c] ἕως ἂν ἐπὶ ταύτης ὧσι τῆς στρατιᾶς, καὶ μηδενὶ ἐξεῖναι ἀπαρνηθῆναι ὃν ἂν βούληται φιλεῖν, ἵνα καί, ἐάν τις τοῦ τύχῃ ἐρῶν ἢ ἄρρενος ἢ θηλείας, προθυμότερος ἢ πρὸς τὸ τᾶριστεῖα φέρειν.

καλῶς, ἦν δ' ἐγώ. ὅτι μὲν γὰρ ἀγαθῷ ὄντι γάμοι τε ἔτοιμοι πλείους ἢ τοῖς ἄλλοις καὶ αἰρέσεις τῶν τοιούτων πολλάκις παρὰ τοὺς ἄλλους ἔσσονται, ἵν' ὅτι πλείστοι ἐκ τοῦ τοιούτου γίνωνται, εἴρηται ἤδη.

εἵπομεν γάρ, ἔφη.

ἀλλὰ μὴν καὶ καθ' Ὅμηρον τοῖς τοιοῖσδε δίκαιον τιμᾶν [468d] τῶν νέων ὅσοι ἀγαθοί. καὶ γὰρ Ὅμηρος τὸν εὐδοκίμησαντα ἐν τῷ πολέμῳ “νότοισιν” Αἴαντα ἔφη “διηνεκέεσσι γεραίρεσθαι,” (Hom. Il. 7.321-322) ὡς ταύτην οἰκείαν οὔσαν τιμὴν τῷ ἡβῶντί τε καὶ ἀνδρεῖω, ἐξ ἧς ἅμα τῷ τιμᾶσθαι καὶ τὴν ἰσχὺν αὐξήσει.

ὀρθότατα, ἔφη.

πεισόμεθα ἄρα, ἦν δ' ἐγώ, ταῦτά γε Ὅμηρῳ. καὶ γὰρ ἡμεῖς ἐν τε θυσίαις καὶ τοῖς τοιούτοις πᾶσι τοὺς ἀγαθοὺς, καθ' ὅσον ἂν ἀγαθοὶ φαίνωνται, καὶ ὕμνοις καὶ οἷς νυνδὴ ἐλέγομεν τιμήσομεν, πρὸς δὲ τούτοις “ἔδραις τε καὶ κρέασιν” [468e] “ιδὲ πλείους

δεπάεσσιν,”Hom. Il. 8.162 ἵνα ἅμα τῷ τιμᾶν ἀσκῶμεν τοὺς ἀγαθοὺς ἄνδρας τε καὶ γυναῖκας.

κάλλιστα, ἔφη, λέγεις.

εἶεν: τῶν δὲ δὴ ἀποθανόντων ἐπὶ στρατιᾷς ὃς ἂν εὐδοκίμησας τελευτήσῃ ἄρ’ οὐ πρῶτον μὲν φήσομεν τοῦ χρυσοῦ γένους εἶναι;

πάντων γε μάλιστα.

ἀλλ’ οὐ πεισόμεθα Ἡσιόδῳ, ἐπειδάν τινες τοῦ τοιούτου γένους τελευτήσωσιν, ὥς ἄρα- [469a]

οἱ μὲν δαίμονες ἄγνοοι ἐπιχθόνιοι τελέθουσιν,

ἔσθλοί, ἀλεξίκακοι, φύλακες μερόπων ἀνθρώπων; (Hes. WD 121)

πεισόμεθα μὲν οὖν.

διαπυθόμενοι ἄρα τοῦ θεοῦ πῶς χρή τοὺς δαιμονίους τε καὶ θείους τιθέναι καὶ τίνι διαφόρῳ, οὕτω καὶ ταύτη θήσομεν ἥ ἂν ἐξηγῇται;

τί δ’ οὐ μέλλομεν;

καὶ τὸν λοιπὸν δὴ χρόνον ὥς δαιμόνων, οὕτω θεραπεύσομέν [469b] τε καὶ προσκυνήσομεν αὐτῶν τὰς θήκας; ταῦτα δὲ ταῦτα νομοιοῦμεν ὅταν τις γήρῃ ἢ τινι ἄλλῳ τρόπῳ τελευτήσῃ τῶν ὅσοι ἂν διαφερόντως ἐν τῷ βίῳ ἀγαθοὶ κριθῶσιν;

δίκαιον γοῦν, ἔφη.

τί δέ; πρὸς τοὺς πολεμίους πῶς ποιήσουσιν ἡμῖν οἱ στρατιῶται;

τὸ ποῖον δῆ;

πρῶτον μὲν ἀνδραποδισμοῦ πέρι, δοκεῖ δίκαιον Ἕλληνας Ἑλληνίδας πόλεις ἀνδραποδίζεσθαι, ἢ μὴδ’ ἄλλη ἐπιτρέπειν κατὰ τὸ δυνατόν καὶ τοῦτο ἐθίζειν, τοῦ Ἑλληνικοῦ [469c] γένους φείδεσθαι, εὐλαβουμένους τὴν ὑπὸ τῶν βαρβάρων δουλείαν;

ὅλῳ καὶ παντί, ἔφη, διαφέρει τὸ φείδεσθαι.

μὴδὲ Ἕλληνα ἄρα δοῦλον ἐκτῆσθαι μήτε αὐτούς, τοῖς τε ἄλλοις

Ἑλλησιν οὕτω συμβουλεύειν;

πάνυ μὲν οὖν, ἔφη: μᾶλλον γ' ἂν οὖν οὕτω πρὸς τοὺς βαρβάρους τρέποιντο, ἑαυτῶν δ' ἀπέχοντο.

τί δέ; σκυλεύειν, ἣν δ' ἐγώ, τοὺς τελευτήσαντας πλὴν ὅπλων, ἐπειδὰν νικήσωσιν, ἥ καλῶς ἔχει; ἢ οὐ πρόφασιν [469d] μὲν τοῖς δειλοῖς ἔχει μὴ πρὸς τὸν μαχόμενον ἰέναι, ὥς τι τῶν δεόντων δρῶντας ὅταν περὶ τὸν τεθνεῶτα κυπτάζωσι, πολλὰ δὲ ἤδη στρατόπεδα διὰ τὴν τοιαύτην ἀρπαγὴν ἀπώλετο;

καὶ μάλα.

ἀνελεύθερον δὲ οὐ δοκεῖ καὶ φιλοχρήματον νεκρὸν συλᾶν, καὶ γυναικείας τε καὶ σμικρᾶς διανοίας τὸ πολέμιον νομίζειν τὸ σῶμα τοῦ τεθνεῶτος ἀποπταμένου τοῦ ἐχθροῦ, λειοπότης δὲ ᾧ ἐπολέμει; ἢ οἶε τι διάφορον δρᾶν τοὺς τοῦτο [469e] ποιοῦντας τῶν κυνῶν, αἱ τοῖς λίθοις οἷς ἂν βληθῶσι χαλεπαίνουσι, τοῦ βάλλοντος οὐχ ἀπτόμεναι;

οὐδὲ σμικρόν, ἔφη.

ἐατέον ἄρα τὰς νεκροσυλίας καὶ τὰς τῶν ἀναιρέσεων διακωλύσεις;

ἐατέον μέντοι, ἔφη, νῆ Δία.

οὐδὲ μὴν που πρὸς τὰ ἱερὰ τὰ ὅπλα οἴσομεν ὥς ἀναθήσοντες, ἄλλως τε καὶ τὰ τῶν Ἑλλήνων, ἐάν τι ἡμῖν μέλη [470a] τῆς πρὸς τοὺς ἄλλους Ἑλληνας εὐνοίας: μᾶλλον δὲ καὶ φοβησόμεθα μὴ τι μίasma ἢ πρὸς ἱερὸν τὰ τοιαῦτα ἀπὸ τῶν οἰκείων φέρειν, ἐάν μὴ τι δὴ ὁ θεὸς ἄλλο λέγῃ.

ὀρθότατα, ἔφη.

τί δὲ γῆς τε τμήσεως τῆς Ἑλληνικῆς καὶ οἰκιδῶν ἐμπρήσεως; ποῖόν τί σοι δράσουσιν οἱ στρατιῶται πρὸς τοὺς πολεμίους;

σοῦ, ἔφη, δόξαν ἀποφαινομένου ἡδέως ἂν ἀκούσαιο.

ἐμοὶ μὲν τοίνυν, ἣν δ' ἐγώ, δοκεῖ τούτων μηδέτερα ποιεῖν, [470b] ἀλλὰ τὸν ἐπέτειον καρπὸν ἀφαιρεῖσθαι. καὶ ὧν ἔνεκα, βούλει σοι

λέγω;

πάνυ γε.

φαίνεται μοι, ὥσπερ καὶ ὀνομάζεται δύο ταῦτα ὀνόματα, πόλεμός τε καὶ στάσις, οὕτω καὶ εἶναι δύο, ὄντα ἐπὶ δυοῖν τινοιν διαφοραῖν. λέγω δὲ τὰ δύο τὸ μὲν οἰκεῖον καὶ συγγενές, τὸ δὲ ἀλλότριον καὶ ὀθνεῖον. ἐπὶ μὲν οὖν τῇ τοῦ οἰκείου ἔχθρᾳ στάσις κέκληται, ἐπὶ δὲ τῇ τοῦ ἀλλοτρίου πόλεμος.

καὶ οὐδέν γε, ἔφη, ἀπὸ τρόπου λέγεις. [470c]

ὄρα δὴ καὶ εἰ τόδε πρὸς τρόπου λέγω. φημί γὰρ τὸ μὲν Ἑλληνικὸν γένος αὐτὸ αὐτῷ οἰκεῖον εἶναι καὶ συγγενές, τῷ δὲ βαρβαρικῷ ὀθνεῖόν τε καὶ ἀλλότριον.

καλῶς γε, ἔφη.

Ἑλληνας μὲν ἄρα βαρβάροις καὶ βαρβάρους Ἑλλησι πολεμεῖν μαχομένους τε φήσομεν καὶ πολεμίους φύσει εἶναι, καὶ πόλεμον τὴν ἔχθραν ταύτην κλητέον: Ἑλληνας δὲ Ἑλλησιν, ὅταν τι τοιοῦτον δρῶσιν, φύσει μὲν φίλους εἶναι, νοσεῖν δ' ἐν τῷ τοιούτῳ τὴν Ἑλλάδα καὶ στασιάζειν, [470d] καὶ στάσιν τὴν τοιαύτην ἔχθραν κλητέον.

ἐγὼ μὲν, ἔφη, συγχωρῶ οὕτω νομίζειν.

σκοπεῖ δὴ, εἶπον, ὅτι ἐν τῇ νῦν ὁμολογουμένῃ στάσει, ὅπου ἂν τι τοιοῦτον γένηται καὶ διαστῇ πόλις, ἐὰν ἐκάτεροι ἐκατέρων τέμνωσιν ἀγροὺς καὶ οἰκίας ἐμπιμπρῶσιν, ὥς ἀλιτηριώδης τε δοκεῖ ἡ στάσις εἶναι καὶ οὐδέτεροι αὐτῶν φιλοπόλιδες-οὐ γὰρ ἂν ποτε ἐτόλμων τὴν τροφὸν τε καὶ μητέρα κείρειν-ἀλλὰ μέτριον εἶναι τοὺς καρποὺς ἀφαιρεῖσθαι [470e] τοῖς κρατοῦσι τῶν κρατουμένων, καὶ διανοεῖσθαι ὡς διαλλαγησομένων καὶ οὐκ ἀεὶ πολεμησόντων.

πολὺ γάρ, ἔφη, ἡμερωτέρων αὕτη ἡ διάνοια ἐκείνης.

τί δὲ δὴ; ἔφην: ἦν σὺ πόλιν οἰκίζεις, οὐχ Ἑλληνίς ἔσται;

δεῖ γ' αὐτήν, ἔφη.

οὐκοῦν καὶ ἀγαθοί τε καὶ ἡμεροὶ ἔσονται;

σφόδρα γε.

ἀλλ' οὐ φιλέλληνες; οὐδὲ οἰκείαν τὴν Ἑλλάδα ἡγήσονται, οὐδὲ κοινωνήσουσιν ὥνπερ οἱ ἄλλοι ἱερῶν;

καὶ σφόδρα γε. [471a]

οὐκοῦν τὴν πρὸς τοὺς Ἕλληνας διαφοράν, ὥς οἰκείους, στάσιν ἡγήσονται καὶ οὐδὲ ὀνομάσουσιν πόλεμον;

οὐ γάρ.

καὶ ὥς διαλλαγησόμενοι ἄρα διοίσονται;

πάνυ μὲν οὖν.

εὐμενῶς δὴ σωφρονιοῦσιν, οὐκ ἐπὶ δουλείᾳ κολάζοντες οὐδ' ἐπ' ὀλέθρῳ, σωφρονισταὶ ὄντες, οὐ πολέμιοι.

οὕτως, ἔφη.

οὐδ' ἄρα τὴν Ἑλλάδα Ἕλληνες ὄντες κεροῦσιν, οὐδὲ οἰκῆσεις ἐμπρήσουσιν, οὐδὲ ὁμολογήσουσιν ἐν ἐκάστη πόλει πάντας ἐχθροὺς αὐτοῖς εἶναι, καὶ ἄνδρας καὶ γυναῖκας καὶ παῖδας, ἀλλ' ὀλίγους ἀεὶ ἐχθροὺς τοὺς αἰτίους τῆς διαφορᾶς. [471b] καὶ διὰ ταῦτα πάντα οὔτε τὴν γῆν ἐθελήσουσιν κεῖρειν αὐτῶν, ὥς φίλων τῶν πολλῶν, οὔτε οἰκίας ἀνατρέπειν, ἀλλὰ μέχρι τούτου ποιήσονται τὴν διαφοράν, μέχρι οὔ ἂν οἱ αἵτιοι ἀναγκασθῶσιν ὑπὸ τῶν ἀναιτίων ἀλγούντων δοῦναι δίκην.

ἐγὼ μὲν, ἔφη, ὁμολογῶ οὕτω δεῖν πρὸς τοὺς ἐναντίους τοὺς ἡμετέρους πολίτας προσφέρεισθαι: πρὸς δὲ τοὺς βαρβάρους, ὥς νῦν οἱ Ἕλληνες πρὸς ἀλλήλους.

τιθῶμεν δὴ καὶ τοῦτον τὸν νόμον τοῖς φύλαξι, μήτε γῆν [471c] τέμνειν μήτε οἰκίας ἐπιμπράναι;

θῶμεν, ἔφη, καὶ ἔχειν γε καλῶς ταῦτά τε καὶ τὰ πρόσθεν.

ἀλλὰ γάρ μοι δοκεῖς, ὦ Σώκρατες, ἐάν τις σοι τὰ τοιαῦτα ἐπιτρέπη λέγειν, οὐδέποτε μνησθήσεσθαι ὃ ἐν τῷ πρόσθεν παρωσάμενος

πάντα ταῦτα εἴρηκας, τὸ ὥς δυνατὴ αὕτη ἡ πολιτεία γενέσθαι καὶ τίνα τρόπον ποτὲ δυνατὴ: ἐπεὶ ὅτι γε, εἰ γένοιτο, πάντ' ἂν εἴη ἀγαθὰ πόλει ἢ γένοιτο, καὶ ἃ σὺ παραλείπεις ἐγὼ λέγω, ὅτι καὶ τοῖς πολέμοις [471d] ἄριστ' ἂν μάχοντο τῷ ἥκιστα ἀπολείπειν ἀλλήλους, γιγνώσκοντές τε καὶ ἀνακαλοῦντες ταῦτα τὰ ὀνόματα ἑαυτοῦς, ἀδελφούς, πατέρας, υἱεῖς: εἰ δὲ καὶ τὸ θῆλυ συστρατεύοιτο, εἴτε καὶ ἐν τῇ αὐτῇ τάξει εἴτε καὶ ὀπισθεν ἐπιτεταγμένον, φόβων τε ἔνεκα τοῖς ἐχθροῖς καὶ εἰ ποτὲ τις ἀνάγκη βοηθείας γένοιτο, οἶδ' ὅτι ταύτῃ πάντῃ ἄμαχοι ἂν εἶεν: καὶ οἴκοι γε ἃ παραλείπεται ἀγαθὰ, ὅσα ἂν εἴη αὐτοῖς, ὁρῶ. [471e] ἀλλ' ὥς ἐμοῦ ὁμολογοῦντος πάντα ταῦτα ὅτι εἴη ἂν καὶ ἄλλα γε μυρία, εἰ γένοιτο ἡ πολιτεία αὕτη, μηκέτι πλείω περὶ αὐτῆς λέγε, ἀλλὰ τοῦτο αὐτὸ ἥδη πειρώμεθα ἡμᾶς αὐτοὺς πείθειν, ὥς δυνατόν καὶ ἢ δυνατόν, τὰ δ' ἄλλα χαίρειν ἐῷμεν. [472a]

ἐξαίφνης γε σύ, ἦν δ' ἐγώ, ὥσπερ καταδρομὴν ἐποιήσω ἐπὶ τὸν λόγον μου, καὶ οὐ συγγιγνώσκεις στραγγευσμένῳ. ἴσως γὰρ οὐκ οἶσθα ὅτι μόγις μοι τῷ δύο κύματε ἐκφυγόντι νῦν τὸ μέγιστον καὶ χαλεπώτατον τῆς τρικυμίας ἐπάγεις, ὃ ἐπειδὰν ἴδῃς τε καὶ ἀκούσης, πάνυ συγγνώμην ἔξεις, ὅτι εἰκότως ἄρα ὥκνουν τε καὶ ἐδεδοίκη οὔτω παράδοξον λόγον λέγειν τε καὶ ἐπιχειρεῖν διασκοπεῖν.

ὅσῳ ἂν, ἔφη, τοιαῦτα πλείω λέγῃς, ἥττον ἀφεθήσῃ [472b] ὑφ' ἡμῶν πρὸς τὸ μὴ εἰπεῖν πῇ δυνατὴ γίγνεσθαι αὕτη ἡ πολιτεία. ἀλλὰ λέγε καὶ μὴ διάτριβε.

οὐκοῦν, ἦν δ' ἐγώ, πρῶτον μὲν τόδε χρή ἀναμνησθῆναι, ὅτι ἡμεῖς ζητοῦντες δικαιοσύνην οἷόν ἐστι καὶ ἀδικίαν δεῦρο ἥκομεν.

χρή: ἀλλὰ τί τοῦτο; ἔφη.

οὐδέν: ἀλλ' ἐὰν εὕρωμεν οἷόν ἐστι δικαιοσύνη, ἄρα καὶ ἄνδρα τὸν δίκαιον ἀξιώσομεν μηδὲν δεῖν αὐτῆς ἐκείνης διαφέρειν, ἀλλὰ πανταχῇ τοιοῦτον εἶναι οἷον δικαιοσύνη [472c] ἐστίν; ἢ ἀγαπήσομεν ἐὰν ὅτι ἐγγύτατα αὐτῆς ἢ καὶ πλεῖστα τῶν ἄλλων ἐκείνης μετέχῃ;

οὕτως, ἔφη: ἀγαπήσομεν.

παραδείγματος ἄρα ἔνεκα, ἦν δ' ἐγώ, ἐζητοῦμεν αὐτό τε δικαιοσύνην οἷόν ἐστι, καὶ ἄνδρα τὸν τελέως δίκαιον εἰ γένοιτο, καὶ οἷος ἂν εἴη

γενόμενος, καὶ ἀδικίαν αὐτὸν καὶ τὸν ἀδικώτατον, ἵνα εἰς ἐκείνους ἀποβλέποντες, οἳ οἱ ἄνθρωποι φαίνονται εὐδαιμονίας τε περὶ καὶ τοῦ ἐναντίου, ἀναγκάζομεθα καὶ περὶ ἡμῶν αὐτῶν ὁμολογεῖν, ὅς ἄν ἐκείνοις ὅτι [472d] ὁμοιότατος ᾖ, τὴν ἐκείνης μοῖραν ὁμοιοτάτην ἔξω, ἀλλ' οὐ τοῦτου ἕνεκα, ἵνα ἀποδείξωμεν ὡς δυνατὰ ταῦτα γίνεσθαι.

τοῦτο μὲν, ἔφη, ἀληθὲς λέγεις.

οἷοι ἄν οὖν ἥττον τι ἀγαθὸν ζωγράφον εἶναι ὅς ἄν γράψας παράδειγμα οἷον ἄν εἴη ὁ κάλλιστος ἄνθρωπος καὶ πάντα εἰς τὸ γράμμα ἱκανῶς ἀποδοῦς μὴ ἔχη ἀποδείξαι ὡς καὶ δυνατόν γενέσθαι τοιοῦτον ἄνδρα;

μὰ Δί' οὐκ ἔγωγ', ἔφη.

τί οὖν; οὐ καὶ ἡμεῖς, φαμέν, παράδειγμα ἐποιοῦμεν [472e] λόγῳ ἀγαθῆς πόλεως;

πάνυ γε.

ἥττον τι οὖν οἷοι ἡμᾶς εὖ λέγειν τοῦτου ἕνεκα, ἐὰν μὴ ἔχωμεν ἀποδείξαι ὡς δυνατόν οὕτω πόλιν οἰκῆσαι ὡς ἐλέγγο;

οὐ δῆτα, ἔφη.

τὸ μὲν τοίνυν ἀληθές, ἦν δ' ἐγώ, οὕτω: εἰ δὲ δὴ καὶ τοῦτο προθυμηθῆναι δεῖ σὴν χάριν, ἀποδείξαι πῇ μάλιστα καὶ κατὰ τί δυνατότατ' ἄν εἴη, πάλιν μοι πρὸς τὴν τοιαύτην ἀπόδειξιν τὰ αὐτὰ διομολόγησαι.

τὰ ποῖα; [473a]

ἄρ' οἷόν τέ τι πραχθῆναι ὡς λέγεται, ἢ φύσιν ἔχει πρᾶξιν λέξεως ἥττον ἀληθείας ἐφάπτεσθαι, κἂν εἰ μὴ τῷ δοκεῖ; ἀλλὰ σὺ πότερον ὁμολογεῖς οὕτως ἢ οὐ;

ὁμολογῶ, ἔφη.

τοῦτο μὲν δὴ μὴ ἀνάγκαζέ με, οἷα τῷ λόγῳ διήλθομεν, τοιαῦτα παντάπασιν καὶ τῷ ἔργῳ δεῖν γινόμενα <ἄν> ἀποφαίνειν: ἀλλ', ἐὰν

οἰοί τε γενώμεθα εὐρεῖν ὥς ἂν ἐγγύτατα τῶν εἰρημένων πόλις οἰκήσειεν, φάναι ἡμᾶς [473b] ἐξηυρηκέναι ὥς δυνατὰ ταῦτα γίνεσθαι ἃ σὺ ἐπιτάτεις. ἢ οὐκ ἀγαπήσεις τούτων τυγχάνων; ἐγὼ μὲν γὰρ ἂν ἀγαπῶην.

καὶ γὰρ ἐγώ, ἔφη.

τὸ δὲ δὴ μετὰ τοῦτο, ὥς ἔοικε, πειρώμεθα ζητεῖν τε καὶ ἀποδεικνύναι τί ποτε νῦν κακῶς ἐν ταῖς πόλεσι πράττεται δι' ὃ οὐχ οὕτως οἰκοῦνται, καὶ τίνος ἂν σμικροτάτου μεταβαλόντος ἔλθοι εἰς τοῦτον τὸν τρόπον τῆς πολιτείας πόλις, μάλιστα μὲν ἐνός, εἰ δὲ μή, δυοῖν, εἰ δὲ μή, ὅτι ὀλιγίστων τὸν ἀριθμὸν καὶ σμικροτάτων τὴν δύναμιν. [473c] παντάπασιν μὲν οὖν, ἔφη.

ἐνός μὲν τοίνυν, ἦν δ' ἐγώ, μεταβαλόντος δοκοῦμέν μοι ἔχειν δεῖξαι ὅτι μεταπέσοι ἂν, οὐ μέντοι σμικροῦ γε οὐδὲ ῥαδίου, δυνατοῦ δέ.

τίνος; ἔφη.

ἐπ' αὐτῷ δὴ, ἦν δ' ἐγώ, εἰμὶ ὃ τῷ μεγίστῳ προσηκάζομεν κύματι. εἰρήσεται δ' οὖν, εἰ καὶ μέλλει γέλῳτι τε ἀτεχνῶς ὥσπερ κῦμα ἐγγελῶν καὶ ἀδοξία κατακλύσειν. σκόπει δὲ ὃ μέλλω λέγειν.

λέγε, ἔφη.

ἐὰν μή, ἦν δ' ἐγώ, ἢ οἱ φιλόσοφοι βασιλεύσωσιν ἐν [473d] ταῖς πόλεσιν ἢ οἱ βασιλεῖς τε νῦν λεγόμενοι καὶ δυνάσται φιλοσοφήσωσιν γνησίως τε καὶ ἱκανῶς, καὶ τοῦτο εἰς ταῦτόν συμπέσῃ, δύναμὶς τε πολιτικῇ καὶ φιλοσοφίᾳ, τῶν δὲ νῦν πορευομένων χωρὶς ἐφ' ἐκάτερον αἱ πολλαὶ φύσεις ἐξ ἀνάγκης ἀποκλεισθῶσιν, οὐκ ἔστι κακῶν παῦλα, ὧ φίλε Γλαύκων, ταῖς πόλεσι, δοκῶ δ' οὐδὲ τῷ ἀνθρωπίνῳ γένει, [473e] οὐδὲ αὕτη ἡ πολιτεία μή ποτε πρότερον φυῇ τε εἰς τὸ δυνατόν καὶ φῶς ἡλίου ἴδῃ, ἦν νῦν λόγῳ διεληλύθαμεν. ἀλλὰ τοῦτό ἐστιν ὃ ἐμοὶ πάλαι ὅκνον ἐντίθησι λέγειν, ὁρῶντι ὥς πολὺ παρὰ δόξαν ρηθήσεται: χαλεπὸν γὰρ ἰδεῖν ὅτι οὐκ ἂν ἄλλη τις εὐδαιμονήσειεν οὔτε ἰδίᾳ οὔτε δημοσίᾳ.

καὶ ὅς, ὧ Σώκρατες, ἔφη, τοιοῦτον ἐκβέβληκας ῥῆμά τε καὶ λόγον, ὃν εἰπὼν ἡγοῦ ἐπὶ σὲ πάνυ πολλοὺς τε καὶ [474a] οὐ φαύλους νῦν οὕτως, οἷον ῥίψαντας τὰ ἱμάτια, γυμνοὺς λαβόντας ὅτι ἐκάστῳ

παρέτυχεν ὄπλον, θεῖν διατεταμένους ὡς θαυμάσια ἐργασομένους: οὐς εἰ μὴ ἀμυνῇ τῷ λόγῳ καὶ ἐκφεύξῃ, τῷ ὄντι τωθαζόμενος δώσεις δίκην.

οὐκοῦν σύ μοι, ἦν δ' ἐγώ, τούτων αἴτιος;

καλῶς γ', ἔφη, ἐγὼ ποιῶν. ἀλλὰ τοί σε οὐ προδώσω, ἀλλ' ἀμυνῶ οἷς δύναμαι: δύναμαι δὲ εὐνοίᾳ τε καὶ τῷ παρακελεύεσθαι, καὶ ἴσως ἂν ἄλλου του ἐμμελέστερόν σοι [474b] ἀποκρινοίμην. ἀλλ' ὡς ἔχων τοιοῦτον βοηθὸν πειρῶ τοῖς ἀπιστοῦσιν ἐνδείξασθαι ὅτι ἔχει ἢ σὺ λέγεις.

πειρατέον, ἦν δ' ἐγώ, ἐπειδὴ καὶ σὺ οὕτω μεγάλην συμμαχίαν παρέχῃ. ἀναγκαῖον οὖν μοι δοκεῖ, εἰ μέλλομέν πη ἐκφεύξεσθαι οὐς λέγεις, διορίσασθαι πρὸς αὐτοὺς τοὺς φιλοσόφους τίνας λέγοντες τολμῶμεν φάναι δεῖν ἄρχειν, ἵνα διαδήλων γενομένων δύνηταί τις ἀμύνεσθαι, ἐνδεικνύμενος [474c] ὅτι τοῖς μὲν προσήκει φύσει ἅπτεσθαι τε φιλοσοφίας ἡγεμονεύειν τ' ἐν πόλει, τοῖς δ' ἄλλοις μήτε ἅπτεσθαι ἀκολουθεῖν τε τῷ ἡγουμένῳ.

ᾧρα ἂν εἴη, ἔφη, ὀρίζεσθαι.

ἴθι δὴ, ἀκολούθησόν μοι τῇδε, ἐὰν αὐτὸ ἀμῇ γέ πη ἱκανῶς ἐξηγησώμεθα.

ἄγε, ἔφη.

ἀναμιμνήσκειν οὖν σε, ἦν δ' ἐγώ, δεήσει, ἢ μέμνησαι ὅτι ὄν ἂν φῶμεν φιλεῖν τι, δεῖ φανῆναι αὐτόν, ἐὰν ὀρθῶς λέγεται, οὐ τὸ μὲν φιλοῦντα ἐκείνου, τὸ δὲ μή, ἀλλὰ πᾶν στέργοντα; [474d]

ἀναμιμνήσκειν, ἔφη, ὡς ἔοικεν, δεῖ: οὐ γὰρ πάνυ γε ἐννοῶ.

ἄλλω, εἶπον, ἔπρεπεν, ὃ Γλαύκων, λέγειν ἃ λέγεις: ἀνδρὶ δ' ἐρωτικῷ οὐ πρέπει ἀμνημονεῖν ὅτι πάντες οἱ ἐν ᾧρα τὸν φιλόπαιδα καὶ ἐρωτικὸν ἀμῇ γέ πη δάκνουσί τε καὶ κινοῦσι, δοκοῦντες ἄξιοι εἶναι ἐπιμελείας τε καὶ τοῦ ἀσπάζεσθαι. ἢ οὐχ οὕτω ποιεῖτε πρὸς τοὺς καλοὺς; ὁ μὲν, ὅτι σιμός, ἐπίχαρις κληθεὶς ἐπαινεθήσεται ὑφ' ὑμῶν, τοῦ δὲ τὸ γρυπὸν βασιλικόν φατε εἶναι, τὸν δὲ δὴ διὰ [474e] μέσου τούτων ἐμμετρώτατα ἔχειν, μέλανας δὲ ἀνδρικοὺς ἰδεῖν, λευκοὺς δὲ

θεῶν παῖδας εἶναι: μελιχλῶρους δὲ καὶ τοῦνομα οἶει τινὸς ἄλλου ποίημα εἶναι ἢ ἐραστοῦ ὑποκοριζομένου τε καὶ εὐχερῶς φέροντος τὴν ὠχρότητα, ἐὰν ἐπὶ ὥρᾳ ᾗ; καὶ ἐνὶ λόγῳ πάσας προφάσεις προφασίζεσθαι τε [475a] καὶ πάσας φωνὰς ἀφίετε, ὥστε μηδένα ἀποβάλλειν τῶν ἀνθούτων ἐν ὥρᾳ.

εἰ βούλει, ἔφη, ἐπ' ἐμοῦ λέγειν περὶ τῶν ἐρωτικῶν ὅτι οὕτω ποιούσι, συγχωρῶ τοῦ λόγου χάριν.

τί δέ; ἦν δ' ἐγώ: τοὺς φιλοίνους οὐ τὰ αὐτὰ ταῦτα ποιοῦντας ὀρᾷς; πάντα οἶνον ἐπὶ πάσης προφάσεως ἀσπαζομένους;

καὶ μάλα.

καὶ μὴν φιλοτίμους γε, ὡς ἐγῶμαι, καθορᾷς ὅτι, ἂν μὴ στρατηγῆσαι δύνωνται, τριττυαρχοῦσιν, κἂν μὴ ὑπὸ μειζόνων [475b] καὶ σεμνοτέρων τιμᾶσθαι, ὑπὸ σμικροτέρων καὶ φαυλοτέρων τιμώμενοι ἀγαπῶσιν, ὡς ὅλως τιμῆς ἐπιθυμηταὶ ὄντες.

κομιδῇ μὲν οὖν.

τοῦτο δὴ φάθι ἢ μή: ἄρα ὃν ἂν τινος ἐπιθυμητικὸν λέγωμεν, παντὸς τοῦ εἶδους τούτου φήσομεν ἐπιθυμεῖν, ἢ τοῦ μὲν, τοῦ δὲ οὐ;

παντός, ἔφη.

οὐκοῦν καὶ τὸν φιλόσοφον σοφίας φήσομεν ἐπιθυμητὴν εἶναι, οὐ τῆς μὲν, τῆς δ' οὐ, ἀλλὰ πάσης;

ἀληθῆ.

τὸν ἄρα περὶ τὰ μαθήματα δυσχεραίνοντα, ἄλλως τε [475c] καὶ νέον ὄντα καὶ μήπω λόγον ἔχοντα τί τε χρηστὸν καὶ μή, οὐ φήσομεν φιλομαθῇ οὐδὲ φιλόσοφον εἶναι, ὥσπερ τὸν περὶ τὰ σιτία δυσχερῇ οὔτε πεινῆν φαμεν οὔτ' ἐπιθυμεῖν σιτίων, οὐδὲ φιλόσιτον ἀλλὰ κακόσιτον εἶναι.

καὶ ὀρθῶς γε φήσομεν.

τὸν δὲ δὴ εὐχερῶς ἐθέλοντα παντὸς μαθήματος γεύεσθαι καὶ ἀσμένως ἐπὶ τὸ μαθάνειν ἰόντα καὶ ἀπλήστως ἔχοντα, τοῦτον δ' ἐν

δίκη φήσομεν φιλόσοφον: ἦ γάρ; [475d]

καὶ ὁ Γλαῦκων ἔφη: πολλοὶ ἄρα καὶ ἄτοποι ἔσονται σοι τοιοῦτοι. οἳ τε γὰρ φιλοθεάμονες πάντες ἔμοιγε δοκοῦσι τῷ καταμανθάνειν χαίροντες τοιοῦτοι εἶναι, οἳ τε φιλήκοοι ἀτοπώτατοί τινές εἰσιν ὥς γ' ἐν φιλοσόφοις τιθέναι, οἳ πρὸς μὲν λόγους καὶ τοιαύτην διατριβὴν ἐκόντες οὐκ ἂν ἐθέλοιεν ἐλθεῖν, ὥσπερ δὲ ἀπομεμισθωκότες τὰ ὧτα ἐπακοῦσαι πάντων χορῶν περιθέουσι τοῖς Διονυσίοις οὔτε τῶν κατὰ πόλεις οὔτε τῶν κατὰ κώμας ἀπολειπόμενοι. τούτους οὖν πάντας καὶ ἄλλους τοιούτων τινῶν [475e] μαθητικούς καὶ τοὺς τῶν τεχνυδρίων φιλοσόφους φήσομεν;

οὐδαμῶς, εἶπον, ἀλλ' ὁμοίους μὲν φιλοσόφοις.

τοὺς δὲ ἀληθινούς, ἔφη, τίνας λέγεις;

τοὺς τῆς ἀληθείας, ἦν δ' ἐγώ, φιλοθεάμονας.

καὶ τοῦτο μὲν γ', ἔφη, ὀρθῶς: ἀλλὰ πῶς αὐτὸ λέγεις;

οὐδαμῶς, ἦν δ' ἐγώ, ῥαδίως πρὸς γε ἄλλον: σὲ δὲ οἶμαι ὁμολογήσειν μοι τὸ τοιόνδε.

τὸ ποῖον;

ἐπειδὴ ἐστὶν ἐναντίον καλὸν αἰσχυρῷ, δύο αὐτῷ εἶναι. [476a]

πῶς δ' οὔ;

οὐκοῦν ἐπειδὴ δύο, καὶ ἐν ἑκάτερον;

καὶ τοῦτο.

καὶ περὶ δὴ δικαίου καὶ ἀδίκου καὶ ἀγαθοῦ καὶ κακοῦ καὶ πάντων τῶν εἰδῶν περὶ ὁ αὐτὸς λόγος, αὐτὸ μὲν ἐν ἑκαστον εἶναι, τῇ δὲ τῶν πράξεων καὶ σωμάτων καὶ ἀλλήλων κοινωνίᾳ πανταχοῦ φανταζόμενα πολλὰ φαίνεσθαι ἑκαστον.

ὀρθῶς, ἔφη, λέγεις.

ταύτη τοίνυν, ἦν δ' ἐγώ, διαιρῶ, χωρὶς μὲν οὓς νυνδὴ ἔλεγε φιλοθεάμονάς τε καὶ φιλοτέχνους καὶ πρακτικούς, [476b] καὶ χωρὶς

αὐτὸ περὶ ὧν ὁ λόγος, οὓς μόνους ἂν τις ὀρθῶς προσεῖποι φιλοσόφους.

πῶς, ἔφη, λέγεις;

οἱ μὲν που, ἦν δ' ἐγώ, φιλήκοοι καὶ φιλοθεάμονες τάς τε καλὰς φωνὰς ἀσπάζονται καὶ χρώας καὶ σχήματα καὶ πάντα τὰ ἐκ τῶν τοιούτων δημιουργούμενα, αὐτοῦ δὲ τοῦ καλοῦ ἀδύνατος αὐτῶν ἡ διάνοια τὴν φύσιν ἰδεῖν τε καὶ ἀσπασασθαι.

ἔχει γὰρ οὖν δὴ, ἔφη, οὕτως.

οἱ δὲ δὴ ἐπ' αὐτὸ τὸ καλὸν δυνατοὶ ἰέναι τε καὶ ὁρᾶν καθ' αὐτὸ ἄρα οὐ σπάνιοι ἂν εἶεν; [476c]

καὶ μάλα.

ὁ οὖν καλὰ μὲν πράγματα νομίζων, αὐτὸ δὲ κάλλος μήτε νομίζων μήτε, ἂν τις ἡγήται ἐπὶ τὴν γνῶσιν αὐτοῦ, δυνάμενος ἐπεσθαι, ὅναρ ἢ ὕπαρ δοκεῖ σοι ζῆν; σκόπει δέ. τὸ ὀνειρώττειν ἄρα οὐ τόδε ἐστίν, ἐάντε ἐν ὕπνῳ τις ἐάντ' ἐγρηγορῶς τὸ ὅμοιον τῷ μὴ ὅμοιον ἀλλ' αὐτὸ ἡγήται εἶναι ὃ ἔοικεν;

ἐγὼ γοῦν ἂν, ἦ δ' ὅς, φαίην ὀνειρώττειν τὸν τοιοῦτον.

τί δέ; ὁ τάναντία τούτων ἡγούμενός τέ τι αὐτὸ καλὸν [476d] καὶ δυνάμενος καθορᾶν καὶ αὐτὸ καὶ τὰ ἐκείνου μετέχοντα, καὶ οὔτε τὰ μετέχοντα αὐτὸ οὔτε αὐτὸ τὰ μετέχοντα ἡγούμενος, ὕπαρ ἢ ὅναρ αὐτὸς οὗτος δοκεῖ σοι ζῆν;

καὶ μάλα, ἔφη, ὕπαρ.

οὐκοῦν τούτου μὲν τὴν διάνοιαν ὡς γινώσκοντος γνώμην ἂν ὀρθῶς φαίμεν εἶναι, τοῦ δὲ δόξαν ὡς δοξάζοντος;

πάνυ μὲν οὖν.

τί οὖν ἐὰν ἡμῖν χαλεπαίνει οὗτος, ὃν φάμεν δοξάζειν ἀλλ' οὐ γινώσκειν, καὶ ἀμφισβητῇ ὡς οὐκ ἀληθῆ λέγομεν; [476e] ἔξομέν τι παραμυθεῖσθαι αὐτὸν καὶ πείθειν ἡρέμα, ἐπικρυπτόμενοι ὅτι οὐχ ὑγιαίνει;

δεῖ γέ τοι δῆ, ἔφη.

ἴθι δῆ, σκοπεῖ τί ἐροῦμεν πρὸς αὐτόν. ἢ βούλει ὧδε πυνθανώμεθα παρ' αὐτοῦ, λέγοντες ὡς εἴ τι οἶδεν οὔδεις αὐτῷ φθόνος, ἀλλ' ἄσμενοι ἂν ἴδοιμεν εἰδότα τι. ἀλλ' ἡμῖν εἶπε τόδε: ὁ γινώσκων γινώσκει τί ἢ οὐδέν; σὺ οὖν μοι ὑπὲρ ἐκείνου ἀποκρίνου.

ἀποκρινοῦμαι, ἔφη, ὅτι γινώσκει τί.

πότερον ὃν ἢ οὐκ ὄν; [477a]

ὄν: πῶς γὰρ ἂν μὴ ὄν γέ τι γνωσθεῖη;

ἱκανῶς οὖν τοῦτο ἔχομεν, κἂν εἰ πλεοναχῇ σκοποῖμεν, ὅτι τὸ μὲν παντελῶς ὃν παντελῶς γνωστόν, μὴ ὃν δὲ μηδαμῇ πάντῃ ἄγνωστον;

ἱκανώτατα.

εἶεν: εἰ δὲ δῆ τι οὕτως ἔχει ὡς εἶναι τε καὶ μὴ εἶναι, οὐ μεταξὺ ἂν κέοιτο τοῦ εἰλικρινῶς ὄντος καὶ τοῦ αὖ μηδαμῇ ὄντος;

μεταξύ.

οὐκοῦν ἐπὶ μὲν τῷ ὄντι γνῶσις ἦν, ἀγνωσία δ' ἐξ ἀνάγκης ἐπὶ μὴ ὄντι, ἐπὶ δὲ τῷ μεταξὺ τούτῳ μεταξύ τι καὶ ζητητέον [477b] ἀγνοίας τε καὶ ἐπιστήμης, εἴ τι τυγχάνει ὃν τοιοῦτον;

πάνυ μὲν οὖν.

ἄρ' οὖν λέγομέν τι δόξαν εἶναι;

πῶς γὰρ οὐ;

πότερον ἄλλην δύναμιν ἐπιστήμης ἢ τὴν αὐτήν;

ἄλλην.

ἐπ' ἄλλῳ ἄρα τέτακται δόξα καὶ ἐπ' ἄλλῳ ἐπιστήμη, κατὰ τὴν δύναμιν ἐκατέρα τὴν αὐτῆς.

οὕτω.

οὐκοῦν ἐπιστήμη μὲν ἐπὶ τῷ ὄντι πέφυκε, γινῶναι ὡς ἔστι τὸ ὄν; -

μᾶλλον δὲ ὥδέ μοι δοκεῖ πρότερον ἀναγκαῖον εἶναι διελέσθαι.

πῶς; [477c]

φήσομεν δυνάμεις εἶναι γένος τι τῶν ὄντων, αἷς δὴ καὶ ἡμεῖς δυνάμεθα ἃ δυνάμεθα καὶ ἄλλο πᾶν ὅτι περ ἂν δύνηται, οἷον λέγω ὄψιν καὶ ἀκοὴν τῶν δυνάμεων εἶναι, εἰ ἄρα μανθάνεις ὃ βούλομαι λέγειν τὸ εἶδος.

ἀλλὰ μανθάνω, ἔφη.

ἄκουσον δὴ ὃ μοι φαίνεται περὶ αὐτῶν. δυνάμεως γὰρ ἐγὼ οὔτε τινὰ χρόαν ὀρῶ οὔτε σχῆμα οὔτε τι τῶν τοιούτων οἷον καὶ ἄλλων πολλῶν, πρὸς ἃ ἀποβλέπων ἔνια διορίζομαι παρ' ἐμαντῶ τὰ μὲν ἄλλα εἶναι, τὰ δὲ ἄλλα: δυνάμεως [477d] δ' εἰς ἐκεῖνο μόνον βλέπω ἐφ' ᾧ τε ἔστι καὶ ὃ ἀπεργάζεται, καὶ ταύτη ἐκάστην αὐτῶν δύναμιν ἐκάλεσα, καὶ τὴν μὲν ἐπὶ τῷ αὐτῷ τεταγμένην καὶ τὸ αὐτὸ ἀπεργαζομένην τὴν αὐτὴν καλῶ, τὴν δὲ ἐπὶ ἐτέρῳ καὶ ἕτερον ἀπεργαζομένην ἄλλην. τί δὲ σύ; πῶς ποιεῖς;

οὕτως, ἔφη.

δεῦρο δὴ πάλιν, ἦν δ' ἐγώ, ὧ ἄριστε. ἐπιστήμην πότερον δυνάμιν τινα φῆς εἶναι αὐτήν, ἢ εἰς τί γένος τιθεῖς;

εἰς τοῦτο, ἔφη, πασῶν γε δυνάμεων ἐρρωμενεστάτην. [477e]

τί δέ, δόξαν εἰς δύναμιν ἢ εἰς ἄλλο εἶδος οἴσομεν;

οὐδαμῶς, ἔφη: ᾧ γὰρ δοξάζειν δυνάμεθα, οὐκ ἄλλο τι ἢ δόξα ἐστίν.

ἀλλὰ μὲν δὴ ὀλίγον γε πρότερον ὠμολόγεις μὴ τὸ αὐτὸ εἶναι ἐπιστήμην τε καὶ δόξαν.

πῶς γὰρ ἂν, ἔφη, τό γε ἀναμάρτητον τῷ μὴ ἀναμαρτήτῳ ταυτόν τις νοῦν ἔχων τιθεῖν;

καλῶς, ἦν δ' ἐγώ, καὶ δῆλον ὅτι ἕτερον ἐπιστήμης δόξα [478a] ὁμολογεῖται ἡμῖν.

ἕτερον.

ἐφ' ἐτέρῳ ἄρα ἕτερόν τι δυναμένη ἐκατέρα αὐτῶν πέφυκεν;

ἀνάγκη.

ἐπιστήμη μὲν γέ που ἐπὶ τῷ ὄντι, τὸ ὄν γινῶναι ὡς ἔχει;

ναί.

δόξα δέ, φαμέν, δοξάζειν;

ναί.

ἢ ταὐτὸν ὅπερ ἐπιστήμη γινώσκει; καὶ ἔσται γνωστόν τε καὶ δοξαστὸν τὸ αὐτό; ἢ ἀδύνατον;

ἀδύνατον, ἔφη, ἐκ τῶν ὁμολογημένων: εἴπερ ἐπ' ἄλλῃ ἄλλῃ δύναμις πέφυκεν, δυνάμεις δὲ ἀμφοτέραί ἐστων, δόξα τε [478b] καὶ ἐπιστήμη, ἄλλῃ δὲ ἐκατέρα, ὥς φαμεν, ἐκ τούτων δὴ οὐκ ἐγχωρεῖ γνωστόν καὶ δοξαστὸν ταὐτὸν εἶναι.

οὐκοῦν εἰ τὸ ὄν γνωστόν, ἄλλο τι ἂν δοξαστὸν ἢ τὸ ὄν εἴη;

ἄλλο.

ἄρ' οὖν τὸ μὴ ὄν δοξάζει; ἢ ἀδύνατον καὶ δοξάσαι τό γε μὴ ὄν; ἐννόει δέ. οὐχ ὁ δοξάζων ἐπὶ τὶ φέρει τὴν δόξαν; ἢ οἷόν τε αὐτὸ δοξάζειν μὲν, δοξάζειν δὲ μηδέν;

ἀδύνατον.

ἀλλ' ἔν γε τι δοξάζει ὁ δοξάζων;

ναί.

ἀλλὰ μὴν μὴ ὄν γε οὐχ ἔν τι ἀλλὰ μηδὲν ὀρθότατ' ἂν [478c] προσαγορεύοιτο;

πάνυ γε.

μὴ ὄντι μὴν ἄγνοϊαν ἐξ ἀνάγκης ἀπέδομεν, ὄντι δὲ γινῶσιν;

ὀρθῶς, ἔφη.

οὐκ ἄρα ὄν οὐδὲ μὴ ὄν δοξάζει;

οὐ γάρ.

οὔτε ἄρα ἄγνοια οὔτε γνῶσις δόξα ἂν εἴη;

οὐκ ἔοικεν.

ἄρ' οὖν ἐκτὸς τούτων ἐστίν, ὑπερβαίνουσα ἢ γνῶσιν σαφηνεία ἢ ἄγνοϊαν ἀσαφεία;

οὐδέτερα.

ἀλλ' ἄρα, ἣν δ' ἐγώ, γνώσεως μὲν σοι φαίνεται δόξα σκοτωδέστερον, ἀγνοίας δὲ φανότερον;

καὶ πολὺ γε, ἔφη. [478d]

ἐντὸς δ' ἀμφοῖν κεῖται;

ναί.

μεταξὺ ἄρα ἂν εἴη τούτοις δόξα.

κομιδῇ μὲν οὖν.

οὐκοῦν ἔφαμεν ἐν τοῖς πρόσθεν, εἴ τι φανεῖν οἶον ἅμα ὄν τε καὶ μὴ ὄν, τὸ τοιοῦτον μεταξὺ κεῖσθαι τοῦ εἰλικρινῶς ὄντος τε καὶ τοῦ πάντως μὴ ὄντος, καὶ οὔτε ἐπιστήμην οὔτε ἄγνοϊαν ἐπ' αὐτῷ ἔσεσθαι, ἀλλὰ τὸ μεταξὺ αὐτῶν φανέν ἀγνοίας καὶ ἐπιστήμης;

ὀρθῶς.

νῦν δέ γε πέφανται μεταξὺ τούτοις ὃ δὴ καλοῦμεν δόξαν;

πέφανται. [478e]

ἐκεῖνο δὴ λείποισ' ἂν ἡμῖν εὐρεῖν, ὥς ἔοικε, τὸ ἀμφοτέρων μετέχον, τοῦ εἶναι τε καὶ μὴ εἶναι, καὶ οὐδέτερον εἰλικρινὲς ὀρθῶς ἂν προσαγορευόμενον, ἵνα, ἐὰν φανῇ, δοξαστὸν αὐτὸ εἶναι ἐν δίκῃ προσαγορευόμενον, τοῖς μὲν ἅκροις τὰ ἅκρα, τοῖς δὲ μεταξὺ τὰ μεταξὺ ἀποδιδόντες. ἢ οὐχ οὕτως;

οὕτω.

τούτων δὴ ὑποκειμένων λεγέτω μοι, φήσω, καὶ ἀποκρινέσθω [479a] ὁ χρηστὸς ὃς αὐτὸ μὲν καλὸν καὶ ἰδέαν τινὰ αὐτοῦ κάλλους μηδεμίαν ἡγεῖται ἀεὶ μὲν κατὰ ταῦτα ὡσαύτως ἔχουσιν, πολλὰ δὲ τὰ καλὰ νομίζει, ἐκεῖνος ὁ φιλοθεάμων καὶ οὐδαμῇ ἀνεχόμενος ἂν τις ἔν τῷ καλὸν φῇ εἶναι καὶ δίκαιον καὶ τᾶλλα οὕτω. “τούτων γὰρ δὴ, ὦ ἄριστε, φήσομεν, τῶν πολλῶν καλῶν μὲν τι ἔστιν ὃ οὐκ αἰσχροὺν φανήσεται; καὶ τῶν δικαίων, ὃ οὐκ ἄδικον; καὶ τῶν ὁσίων, ὃ οὐκ ἀνόσιον;” [479b]

οὐκ, ἀλλ’ ἀνάγκη, ἔφη, καὶ καλὰ πῶς αὐτὰ καὶ αἰσχρὰ φανῆναι, καὶ ὅσα ἄλλα ἐρωτᾷς.

τί δὲ τὰ πολλὰ διπλάσια; ἥττον τι ἡμίσεα ἢ διπλάσια φαίνεται;

οὐδέν.

καὶ μεγάλα δὴ καὶ σμικρὰ καὶ κοῦφα καὶ βαρέα μή τι μᾶλλον ἢ ἂν φήσωμεν, ταῦτα προσρηθήσεται ἢ τάναντία;

οὐκ, ἀλλ’ αἰεὶ, ἔφη, ἕκαστον ἀμφοτέρων ἔξεται.

πότερον οὖν ἔστι μᾶλλον ἢ οὐκ ἔστιν ἕκαστον τῶν πολλῶν τοῦτο ὃ ἂν τις φῇ αὐτὸ εἶναι;

τοῖς ἐν ταῖς ἐστιάσεσιν, ἔφη, ἐπαμφοτερίζουσιν ἔοικεν, [479c] καὶ τῷ τῶν παίδων αἰνίγματι τῷ περὶ τοῦ εὐνούχου, τῆς βολῆς πέρι τῆς νυκτερίδος, ᾧ καὶ ἐφ’ οὗ αὐτὸν αὐτὴν αἰνίττονται βαλεῖν: καὶ γὰρ ταῦτα ἐπαμφοτερίζειν, καὶ οὕτ’ εἶναι οὔτε μὴ εἶναι οὐδὲν αὐτῶν δυνατὸν παγίως νοῆσαι, οὔτε ἀμφοτέρα οὔτε οὐδέτερον.

ἔχεις οὖν αὐτοῖς, ἦν δ’ ἐγώ, ὅτι χρήσι, ἢ ὅποι θήσεις καλλίω θέσιν τῆς μεταξὺ οὐσίας τε καὶ τοῦ μὴ εἶναι; οὔτε γὰρ που σκοτωδέστερα μὴ ὄντος πρὸς τὸ μᾶλλον μὴ εἶναι [479d] φανήσεται, οὔτε φανότερα ὄντος πρὸς τὸ μᾶλλον εἶναι.

ἀληθέστατα, ἔφη.

ἠυρήκαμεν ἄρα, ὥς ἔοικεν, ὅτι τὰ τῶν πολλῶν πολλὰ νόμιμα καλοῦ τε πέρι καὶ τῶν ἄλλων μεταξύ που κυλινδεῖται τοῦ τε μὴ ὄντος καὶ

τοῦ ὄντος εἰλικρινῶς.

ἠύρηκαμεν.

προωμολογήσαμεν δέ γε, εἴ τι τοιοῦτον φανείη, δοξαστὸν αὐτὸ ἀλλ' οὐ γνωστὸν δεῖν λέγεσθαι, τῇ μεταξὺ δυνάμει τὸ μεταξὺ πλανητὸν ἀλισκόμενον.

ὡμολογήκαμεν. [479e]

τοὺς ἄρα πολλὰ καλὰ θεωμένους, αὐτὸ δὲ τὸ καλὸν μὴ ὀρώντας μὴδ' ἄλλω ἐπ' αὐτὸ ἄγοντι δυναμένους ἔπεσθαι, καὶ πολλὰ δίκαια, αὐτὸ δὲ τὸ δίκαιον μὴ, καὶ πάντα οὕτω, δοξάζειν φήσομεν ἅπαντα, γινώσκειν δὲ ὧν δοξάζουσιν οὐδέν.

ἀνάγκη, ἔφη.

τί δὲ αὖ τοὺς αὐτὰ ἕκαστα θεωμένους καὶ ἀεὶ κατὰ ταῦτα ὡσαύτως ὄντα; ἄρ' οὐ γινώσκειν ἀλλ' οὐ δοξάζειν;

ἀνάγκη καὶ ταῦτα.

οὐκοῦν καὶ ἀσπάζεσθαι τε καὶ φιλεῖν τούτους μὲν ταῦτα [480a] φήσομεν ἐφ' οἷς γινώσις ἐστίν, ἐκείνους δὲ ἐφ' οἷς δόξα; ἢ οὐ μνημονεύομεν ὅτι φωνάς τε καὶ χροάς καλὰς καὶ τὰ τοιαῦτ' ἔφαμεν τούτους φιλεῖν τε καὶ θεᾶσθαι, αὐτὸ δὲ τὸ καλὸν οὐδ' ἀνέχεσθαι ὥς τι ὄν;

μεμνήμεθα.

μὴ οὖν τι πλημμελήσομεν φιλοδόξους καλοῦντες αὐτοὺς μᾶλλον ἢ φιλοσόφους; καὶ ἄρα ἡμῖν σφόδρα χαλεπανοῦσιν ἂν οὕτω λέγωμεν;

οὐκ, ἂν γέ μοι πείθωνται, ἔφη: τῷ γὰρ ἀληθεῖ χαλεπαίνειν οὐ θέμις.

τοὺς αὐτὸ ἄρα ἕκαστον τὸ ὃν ἀσπαζομένους φιλοσόφους ἀλλ' οὐ φιλοδόξους κλητέον;

παντάπασι μὲν οὖν.

Πολιτεία ΣΤ

Σωκράτης, Γλαύκων

[484a] οἱ μὲν δὴ φιλόσοφοι, ἦν δ' ἐγώ, ὃ Γλαύκων, καὶ οἱ μὴ διὰ μακροῦ τινος διεξελθόντες λόγου μόγις πως ἀνεφάνησαν οἷ εἰσιν ἐκότεροι.

ἴσως γάρ, ἔφη, διὰ βραχέος οὐ ράδιον.

οὐ φαίνεται, εἶπον: ἐμοὶ γοῦν ἔτι δοκεῖ ἂν βελτιόνως φανῆναι εἰ περὶ τούτου μόνου ἔδει ρηθῆναι, καὶ μὴ πολλὰ τὰ λοιπὰ διελθεῖν μέλλοντι κατόψεσθαι τί διαφέρει βίος [484b] δίκαιος ἀδίκου.

τί οὖν, ἔφη, τὸ μετὰ τοῦτο ἡμῖν;

τί δ' ἄλλο, ἦν δ' ἐγώ, ἢ τὸ ἐξῆς; ἐπειδὴ φιλόσοφοι μὲν οἱ τοῦ ἀεὶ κατὰ ταυτὰ ὡσαύτως ἔχοντος δυνάμενοι ἐφάπτεσθαι, οἱ δὲ μὴ ἄλλ' ἐν πολλοῖς καὶ παντοίως ἴσχουσιν πλανώμενοι οὐ φιλόσοφοι, ποτέρους δὴ δεῖ πόλεως ἡγεμόνας εἶναι;

πῶς οὖν λέγοντες ἂν αὐτό, ἔφη, μετρίως λέγοιμεν;

ὁπότεροι ἂν, ἦν δ' ἐγώ, δυνατοὶ φαίνωνται φυλάξαι νόμους τε καὶ ἐπιτηδεύματα πόλεων, τούτους καθιστάναι [484c] φύλακας.

ὀρθῶς, ἔφη.

τόδε δέ, ἦν δ' ἐγώ, ἄρα δηλον, εἴτε τυφλὸν εἴτε ὁξὺ ὀρῶντα χρὴ φύλακα τηρεῖν ὅτιοῦν;

καὶ πῶς, ἔφη, οὐ δηλον;

ἦ οὖν δοκοῦσί τι τυφλῶν διαφέρειν οἱ τῷ ὄντι τοῦ ὄντος ἐκάστου ἐστερημένοι τῆς γνώσεως, καὶ μηδὲν ἐναργὲς ἐν τῇ ψυχῇ ἔχοντες παράδειγμα, μηδὲ δυνάμενοι ὥσπερ γραφῆς εἰς τὸ ἀληθέστατον ἀποβλέποντες κάκεῖσε ἀεὶ ἀναφέροντές τε [484d] καὶ θεώμενοι ὡς οἷόν τε ἀκριβέστατα, οὕτω δὴ καὶ τὰ ἐνθάδε νόμιμα καλῶν τε πέρι καὶ δικαίων καὶ ἀγαθῶν τίθεσθαι τε, ἐὰν δέη τίθεσθαι, καὶ τὰ κείμενα φυλάττοντες σῶζουσιν;

οὐ μὰ τὸν Δία, ἣ δ' ὅς, οὐ πολὺ τι διαφέρει.

τούτους οὖν μᾶλλον φύλακας στησόμεθα ἢ τοὺς ἐγνωκότας μὲν ἕκαστον τὸ ὄν, ἐμπειρία δὲ μηδὲν ἐκείνων ἐλλείποντας μηδ' ἐν ἄλλῳ μηδενὶ μέρει ἀρετῆς ὑστεροῦντας;

ἄτοπον μεντᾶν, ἔφη, εἴη ἄλλους αἰρεῖσθαι, εἴ γε τᾶλλα μὴ ἐλλείποντο: τοῦτ' ἄρ' αὐτῷ σχεδόν τι τῷ μεγίστῳ ἂν προέχοιεν.
[485a]

οὐκοῦν τοῦτο δὴ λέγωμεν, τίνα τρόπον οἰοί τ' ἔσονται οἱ αὐτοὶ κάκεῖνα καὶ ταῦτα ἔχειν;

πάνυ μὲν οὖν.

ὁ τοίνυν ἀρχόμενοι τούτου τοῦ λόγου ἐλέγομεν, τὴν φύσιν αὐτῶν πρῶτον δεῖ καταμαθεῖν: καὶ οἶμαι, ἐὰν ἐκείνην ἱκανῶς ὁμολογήσωμεν, ὁμολογήσειν καὶ ὅτι οἰοί τε ταῦτα ἔχειν οἱ αὐτοί, ὅτι τε οὐκ ἄλλους πόλεων ἡγεμόνας δεῖ εἶναι ἢ τούτους.

πῶς;

τοῦτο μὲν δὴ τῶν φιλοσόφων φύσεων περὶ ὁμολογήσθω [485b] ἡμῖν ὅτι μαθήματός γε ἀεὶ ἐρῶσιν ὃ ἂν αὐτοῖς δηλοῖ ἐκείνης τῆς οὐσίας τῆς ἀεὶ οὐσης καὶ μὴ πλανωμένης ὑπὸ γενέσεως καὶ φθορᾶς.

ὁμολογήσθω.

καὶ μὴν, ἦν δ' ἐγώ, καὶ ὅτι πάσης αὐτῆς, καὶ οὔτε σμικροῦ οὔτε μείζονος οὔτε τιμιωτέρου οὔτε ἀτιμοτέρου μέρους ἐκόντες ἀφίενται, ὥσπερ ἐν τοῖς πρόσθεν περὶ τε τῶν φιλοτίμων καὶ ἐρωτικῶν διήλθομεν.

ὀρθῶς, ἔφη, λέγεις.

τόδε τοίνυν μετὰ τοῦτο σκόπει εἰ ἀνάγκη ἔχειν πρὸς [485c] τοῦτ' ἐν τῇ φύσει οἱ ἂν μέλλωσιν ἔσεσθαι οἷους ἐλέγομεν.

τὸ ποῖον;

τὴν ἀψεύδειαν καὶ τὸ ἐκόντας εἶναι μηδαμῇ προσδέχεσθαι τὸ ψεῦδος

ἀλλὰ μισεῖν, τὴν δ' ἀλήθειαν στέργειν.

εἰκός γ', ἔφη.

οὐ μόνον γε, ὦ φίλε, εἰκός, ἀλλὰ καὶ πᾶσα ἀνάγκη τὸν ἐρωτικῶς του φύσει ἔχοντα πᾶν τὸ συγγενές τε καὶ οἰκεῖον τῶν παιδικῶν ἀγαπᾶν.

ὁρθῶς, ἔφη.

ἦ οὖν οἰκειότερον σοφία τι ἀληθείας ἂν εὖροις;

καὶ πῶς; ἦ δ' ὅς.

ἦ οὖν δυνατόν εἶναι τὴν αὐτὴν φύσιν φιλόσοφόν τε καὶ [485d] φιλοψευδῆ;

οὐδαμῶς γε.

τὸν ἄρα τῷ ὄντι φιλομαθῇ πάσης ἀληθείας δεῖ εὐθὺς ἐκ νέου ὅτι μάλιστα ὀρέγεσθαι.

παντελῶς γε.

ἀλλὰ μὴν ὅτῳ γε εἰς ἓν τι αἰ ἐπιθυμίαι σφόδρα ῥέπουσιν, ἴσμεν πού ὅτι εἰς τᾶλλα τούτῳ ἀσθενέστεραι, ὥσπερ ῥεῦμα ἐκεῖσε ἀπωχέτευμένον.

τί μὴν;

ὦι δὴ πρὸς τὰ μαθήματα καὶ πᾶν τὸ τοιοῦτον ἐρρυνήκασιν, περὶ τὴν τῆς ψυχῆς οἶμαι ἡδονὴν αὐτῆς καθ' αὐτὴν εἶεν ἄν, τὰς δὲ διὰ τοῦ σώματος ἐκλείπειν, εἰ μὴ πεπλασμένως ἀλλ' [485e] ἀληθῶς φιλόσοφος τις εἴη.

μεγάλη ἀνάγκη.

σώφρων μὴν ὅ γε τοιοῦτος καὶ οὐδαμῇ φιλοχρήματος: ὧν γὰρ ἕνεκα χρήματα μετὰ πολλῆς δαπάνης σπουδάζεται, ἄλλῳ τινὶ μᾶλλον ἢ τούτῳ προσήκει σπουδάζειν.

οὕτω. [486a]

καὶ μὴν πού καὶ τότε δεῖ σκοπεῖν, ὅταν κρίνειν μέλλης φύσιν

φιλόσοφόν τε καὶ μῆ.

τὸ ποῖον;

μῆ σε λάθῃ μετέχουσα ἀνελευθερίας· ἐναντιώτατον γάρ που σμικρολογία ψυχῇ μελλούσῃ τοῦ ὅλου καὶ παντὸς αἰεὶ ἐπορεύεσθαι θείου τε καὶ ἀνθρωπίνου.

ἀληθέστατα, ἔφη.

ἦι οὖν ὑπάρχει διανοία μεγαλοπρέπεια καὶ θεωρία παντὸς μὲν χρόνου, πάσης δὲ οὐσίας, οἷόν τε οἶε τούτῳ μέγα τι δοκεῖν εἶναι τὸν ἀνθρώπινον βίον;

ἀδύνατον, ἦ δ' ὅς. [486b]

οὐκοῦν καὶ θάνατον οὐ δεινόν τι ἡγήσεται ὁ τοιοῦτος;

ἥκιστα γε.

δειλῇ δὴ καὶ ἀνελευθέρῳ φύσει φιλοσοφίας ἀληθινῆς, ὥς ἔοικεν, οὐκ ἂν μετείῃ.

οὐ μοι δοκεῖ.

τί οὖν; ὁ κόσμιος καὶ μὴ φιλοχρήματος μῆδ' ἀνελεύθερος μῆδ' ἀλαζών μῆδὲ δειλὸς ἔσθ' ὅπῃ ἂν δυσσύμβολος ἢ ἄδικος γένοιτο;

οὐκ ἔστιν.

καὶ τοῦτο δὴ ψυχὴν σκοπῶν φιλόσοφον καὶ μὴ εὐθύς νέου ὄντος ἐπισκέψη, εἰ ἄρα δικαία τε καὶ ἡμερος ἢ δυσκοινωνητος καὶ ἀγρία.

πάνυ μὲν οὖν. [486c]

οὐ μὴν οὐδὲ τόδε παραλείψεις, ὥς ἐγῴμαι.

τὸ ποῖον;

εὐμαθὲς ἢ δυσμαθὲς. ἢ προσδοκᾷ ποτέ τινά τι ἱκανῶς ἂν στέρξει, ὃ πράττων ἂν ἀλγῶν τε πράττοι καὶ μόγις σμικρὸν ἀνύτων;

οὐκ ἂν γένοιτο.

τί δ' εἰ μηδὲν ὧν μάθοι σφῆζεν δύναιτο, λήθης ὧν πλέως; ἄρ' ἂν οἷός τ' εἴη ἐπιστήμης μὴ κενὸς εἶναι;

καὶ πῶς;

ἀνόνητα δὴ πονῶν οὐκ οἶει ἀναγκασθήσεται τελευτῶν αὐτόν τε μισεῖν καὶ τὴν τοιαύτην πράξιν;

πῶς δ' οὐ; [486d]

ἐπιλήσιμονα ἄρα ψυχὴν ἐν ταῖς ἱκανῶς φιλοσόφοις μὴ ποτε ἐγκρίνωμεν, ἀλλὰ μνημονικὴν αὐτὴν ζητῶμεν δεῖν εἶναι.

παντάπασι μὲν οὖν.

ἀλλ' οὐ μὴν τό γε τῆς ἀμούσου τε καὶ ἀσχήμονος φύσεως ἄλλοσέ ποι ἂν φαῖμεν ἔλκειν ἢ εἰς ἀμετρίαν.

τί μήν;

ἀλήθειαν δ' ἀμετρία ἢ γῆ συγγενῇ εἶναι ἢ ἐμμετρία;

ἐμμετρία.

ἐμμετρον ἄρα καὶ εὐχαριν ζητῶμεν πρὸς τοῖς ἄλλοις διάνοιαν φύσει, ἣν ἐπὶ τὴν τοῦ ὄντος ιδέαν ἐκάστου τὸ αὐτοφυὲς εὐάγωγον παρέξει.

πῶς δ' οὐ; [486e]

τί οὖν; μὴ πη δοκοῦμέν σοι οὐκ ἀναγκαῖα ἕκαστα διεληλυθέναι καὶ ἐπόμενα ἀλλήλοις τῇ μελλούσῃ τοῦ ὄντος ἱκανῶς τε καὶ τελέως ψυχῇ μεταλήψεσθαι; [487a]

ἀναγκαιότατα μὲν οὖν, ἔφη.

ἔστιν οὖν ὅπη μέμψη τοιοῦτον ἐπιτήδευμα, ὃ μὴ ποτ' ἂν τις οἷός τε γένοιτο ἱκανῶς ἐπιτηδεῦσαι, εἰ μὴ φύσει εἴη μνήμων, εὐμαθής, μεγαλοπρεπής, εὐχαρις, φίλος τε καὶ συγγενὴς ἀληθείας, δικαιοσύνης, ἀνδρείας, σωφροσύνης;

οὐδ' ἂν ὁ Μῶμος, ἔφη, τό γε τοιοῦτον μέμψαιτο.

ἀλλ', ἦν δ' ἐγώ, τελειωθεῖσι τοῖς τοιούτοις παιδεῖα τε καὶ ἡλικία ἄρα

οὐ μόνους ἂν τὴν πόλιν ἐπιτρέποις; [487b]

Σωκράτης, Αδείμαντος

καὶ ὁ Ἀδείμαντος, ὃ Σώκρατες, ἔφη, πρὸς μὲν ταῦτά σοι οὐδεὶς ἂν οἴοις τ' εἶη ἀντειπεῖν. ἀλλὰ γὰρ τοιόνδε τι πάσχουσιν οἱ ἀκούοντες ἐκάστοτε ἃ νῦν λέγεις: ἡγοῦνται δι' ἀπειρίαν τοῦ ἐρωτᾶν καὶ ἀποκρίνεσθαι ὑπὸ τοῦ λόγου παρ' ἑκαστον τὸ ἐρώτημα σμικρὸν παραγόμενοι, ἀθροισθέντων τῶν σμικρῶν ἐπὶ τελευτῆς τῶν λόγων μέγα τὸ σφάλμα καὶ ἐναντίον τοῖς πρώτοις ἀναφαίνεσθαι, καὶ ὥσπερ ὑπὸ τῶν πεττεύειν δεινῶν οἱ μὴ τελευτῶντες ἀποκλείονται καὶ οὐκ ἔχουσιν ὅτι [487c] φέρωσιν, οὕτω καὶ σφεῖς τελευτῶντες ἀποκλείεσθαι καὶ οὐκ ἔχειν ὅτι λέγωσιν ὑπὸ πεττείας αὖ ταύτης τινὸς ἐτέρας, οὐκ ἐν ψήφοις ἀλλ' ἐν λόγοις: ἐπεὶ τό γε ἀληθὲς οὐδέν τι μᾶλλον ταύτῃ ἔχειν. λέγω δ' εἰς τὸ παρὸν ἀποβλέψας. νῦν γὰρ φαίη ἂν τίς σοι λόγῳ μὲν οὐκ ἔχειν καθ' ἑκαστον τὸ ἐρωτώμενον ἐναντιοῦσθαι, ἔργῳ δὲ ὁρᾶν, ὅσοι ἂν ἐπὶ φιλοσοφίαν ὀρμήσαντες μὴ τοῦ πεπαιδεῦσθαι ἔνεκα ἀψάμενοι νέοι ὄντες [487d] ἀπαλλάττονται, ἀλλὰ μακρότερον ἐνδιατρίψωσιν, τοὺς μὲν πλείστους καὶ πάνυ ἄλλοκότους γιγνομένους, ἵνα μὴ παμπονήρους εἴπωμεν, τοὺς δ' ἐπιεικεστάτους δοκοῦντας ὅμως τοῦτό γε ὑπὸ τοῦ ἐπιτηδεύματος οὗ σὺ ἐπαινεῖς πάσχοντας, ἀχρήστους ταῖς πόλεσι γιγνομένους.

καὶ ἐγὼ ἀκούσας, οἷε οὖν, εἶπον, τοὺς ταῦτα λέγοντας ψεύδεσθαι;

οὐκ οἶδα, ἣ δ' ὅς, ἀλλὰ τὸ σοὶ δοκοῦν ἡδέως ἂν ἀκούοιμι.

ἀκούοις ἂν ὅτι ἔμοιγε φαίνονται τάληθῃ λέγειν. [487e]

πῶς οὖν, ἔφη, εὖ ἔχει λέγειν ὅτι οὐ πρότερον κακῶν παύσονται αἱ πόλεις, πρὶν ἂν ἐν αὐταῖς οἱ φιλόσοφοι ἄρξωσιν, οὓς ἀχρήστους ὁμολογοῦμεν αὐταῖς εἶναι;

ἐρωτᾷς, ἦν δ' ἐγώ, ἐρώτημα δεόμενον ἀποκρίσεως δι' εἰκόνας λεγομένης.

σὺ δέ γε, ἔφη, οἶμαι οὐκ εἴωθας δι' εἰκόνων λέγειν.

εἶεν, εἶπον: σκώπτεις ἐμβεβληκῶς με εἰς λόγον οὕτω [488a] δυσαπὸδείκτον; ἄκουε δ' οὖν τῆς εἰκόνας, ἵν' ἔτι μᾶλλον ἴδῃς ὥς

γλίσχρως εικάζω. οὕτω γὰρ χαλεπὸν τὸ πάθος τῶν ἐπιεικεστάτων, ὃ πρὸς τὰς πόλεις πεπόνθασιν, ὥστε οὐδ' ἔστιν ἐν οὐδέν ἄλλο τοιοῦτον πεπονθός, ἀλλὰ δεῖ ἐκ πολλῶν αὐτὸ συναγαγεῖν εικάζοντα καὶ ἀπολογούμενον ὑπὲρ αὐτῶν, οἷον οἱ γραφῆς τραγελάφους καὶ τὰ τοιαῦτα μειγνύντες γράφουσιν. νόησον γὰρ τοιουτοῖν γενόμενον εἴτε πολλῶν νεῶν πέρι εἴτε μιᾶς· ναύκληρον μεγέθει μὲν καὶ [488b] ῥώμῃ ὑπὲρ τοὺς ἐν τῇ νηὶ πάντας, ὑπόκωφον δὲ καὶ ὀρῶντα ὡσαύτως βραχύ τι καὶ γινώσκοντα περὶ ναυτικῶν ἕτερα τοιαῦτα, τοὺς δὲ ναύτας στασιάζοντας πρὸς ἀλλήλους περὶ τῆς κυβερνήσεως, ἕκαστον οἰόμενον δεῖν κυβερνᾶν, μήτε μαθόντα πώποτε τὴν τέχνην μέτε ἔχοντα ἀποδειξάιναι διδάσκαλον ἑαυτοῦ μηδὲ χρόνον ἐν ᾧ ἐμάνθανεν, πρὸς δὲ τούτοις φάσκοντας μηδὲ διδακτὸν εἶναι, ἀλλὰ καὶ τὸν λέγοντα ὡς διδακτὸν ἐτοιμοὺς κατατέμνειν, αὐτοὺς δὲ αὐτῷ ἀεὶ τῷ [488c] ναυκλήρῳ περικεχύσθαι δεομένους καὶ πάντα ποιοῦντας ὅπως ἂν σφίσι τὸ πηδάλιον ἐπιτρέψῃ, ἐνίοτε δ' ἂν μὴ πείθωσιν ἀλλὰ ἄλλοι μᾶλλον, τοὺς μὲν ἄλλους ἢ ἀποκτεινύντας ἢ ἐκβάλλοντας ἐκ τῆς νεῶς, τὸν δὲ γενναῖον ναύκληρον μανδραγόρα ἢ μέθη ἢ τινι ἄλλῳ συμποδίσαντας τῆς νεῶς ἄρχειν χρωμένους τοῖς ἐνοῦσι, καὶ πίνοντάς τε καὶ εὐωχομένους πλεῖν ὡς τὸ εἰκὸς τοὺς τοιούτους, πρὸς δὲ τούτοις ἐπαινοῦντας [488d] ναυτικὸν μὲν καλοῦντας καὶ κυβερνητικὸν καὶ ἐπιστάμενον τὰ κατὰ ναῦν, ὃς ἂν συλλαμβάνειν δεινὸς ἢ ὅπως ἄρξουσιν ἢ πείθοντες ἢ βιαζόμενοι τὸν ναύκληρον, τὸν δὲ μὴ τοιοῦτον ψέγοντας ὡς ἄχρηστον, τοῦ δὲ ἀληθινοῦ κυβερνήτου πέρι μηδ' ἐπαῖοντες, ὅτι ἀνάγκη αὐτῷ τὴν ἐπιμέλειαν ποιεῖσθαι ἐνιαυτοῦ καὶ ὥρων καὶ οὐρανοῦ καὶ ἄστρον καὶ πνευμάτων καὶ πάντων τῶν τῇ τέχνῃ προσηκόντων, εἰ μέλλει τῷ ὄντι νεῶς ἀρχικὸς ἔσεσθαι, ὅπως δὲ κυβερνήσει [488e] ἐάντε τινες βούλωνται ἐάντε μή, μήτε τέχνην τούτου μήτε μελέτην οἰόμενοι δυνατὸν εἶναι λαβεῖν ἅμα καὶ τὴν κυβερνητικήν. τοιούτων δὲ περὶ τὰς ναῦς γιγνομένων τὸν ὡς ἀληθῶς κυβερνητικὸν οὐχ ἡγῆ ἂν τῷ ὄντι μετεωροσκοπὸν [489a] τε καὶ ἀδολέσχην καὶ ἄχρηστὸν σφίσι καλεῖσθαι ὑπὸ τῶν ἐν ταῖς οὕτω κατεσκευασμέναις ναυσὶ πλωτῆρων;

καὶ μάλα, ἔφη ὁ Ἀδείμαντος.

οὐ δὴ, ἦν δ' ἐγώ, οἶμαι δεῖσθαι σε ἐξεταζομένην τὴν εἰκόνα ἰδεῖν, ὅτι ταῖς πόλεσι πρὸς τοὺς ἀληθινοὺς φιλοσόφους τὴν διάθεσιν ὅμοιον,

ἀλλὰ μανθάνειν ὁ λέγω.

καὶ μάλ', ἔφη.

πρῶτον μὲν τοίνυν ἐκείνον τὸν θαυμάζοντα ὅτι οἱ φιλόσοφοι οὐ τιμῶνται ἐν ταῖς πόλεσι δίδασκέ τε τὴν εἰκόνα καὶ πειρῶ πείθειν ὅτι πολὺ ἂν θαυμαστότερον ἦν [489b] εἰ ἐτιμῶντο.

ἀλλὰ διδάζω, ἔφη.

καὶ ὅτι τοίνυν τάληθ' ἴσθης, ὥς ἄχρηστοι τοῖς πολλοῖς οἱ ἐπιεικέστατοι τῶν ἐν φιλοσοφίᾳ: τῆς μέντοι ἀχρηστίας τοὺς μὴ χρωμένους κέλευε αἰτιᾶσθαι, ἀλλὰ μὴ τοὺς ἐπιεικεῖς. οὐ γὰρ ἔχει φύσιν κυβερνήτην ναυτῶν δεῖσθαι ἄρχεσθαι ὑφ' αὐτοῦ οὐδὲ τοὺς σοφοὺς ἐπὶ τὰς τῶν πλουσίων θύρας ἰέναι, ἀλλ' ὁ τοῦτο κομψευσάμενος ἐψεύσατο, τὸ δὲ ἀληθὲς πέφυκεν, ἐάντε πλούσιος ἐάντε πένης κάμνη, ἀναγκαῖον [489c] εἶναι ἐπὶ ἱατρῶν θύρας ἰέναι καὶ πάντα τὸν ἄρχεσθαι δεόμενον ἐπὶ τὰς τοῦ ἄρχεῖν δυναμένου, οὐ τὸν ἄρχοντα δεῖσθαι τῶν ἀρχομένων ἄρχεσθαι, οὗ ἂν τῇ ἀληθείᾳ τι ὄφελος ᾖ. ἀλλὰ τοὺς νῦν πολιτικούς ἄρχοντας ἀπεικάζων οἷς ἄρτι ἐλέγομεν ναύταις οὐχ ἁμαρτήση, καὶ τοὺς ὑπὸ τούτων ἀχρήστους λεγομένους καὶ μετεωρολέσχας τοῖς ὡς ἀληθῶς κυβερνῆταις.

ὀρθότατα, ἔφη.

ἔκ τε τοίνυν τούτων καὶ ἐν τούτοις οὐ ῥάδιον εὐδοκιμεῖν τὸ βέλτιστον ἐπιτήδευμα ὑπὸ τῶν τάναντία ἐπιτηδευόντων: [489d] πολὺ δὲ μεγίστη καὶ ἰσχυροτάτη διαβολὴ γίγνεται φιλοσοφία διὰ τοὺς τὰ τοιαῦτα φάσκοντας ἐπιτηδεύειν, οὓς δὴ σὺ φῆς τὸν ἐγκαλοῦντα τῇ φιλοσοφίᾳ λέγειν ὥς παμπόνηροι οἱ πλεῖστοι τῶν ἰόντων ἐπ' αὐτήν, οἱ δὲ ἐπιεικέστατοι ἄχρηστοι, καὶ ἐγὼ συνεχώρησα ἀληθῆ σε λέγειν. ἦ γάρ;

ναί.

οὐκοῦν τῆς μὲν τῶν ἐπιεικῶν ἀχρηστίας τὴν αἰτίαν διεληλύθαμεν;

καὶ μάλα.

τῆς δὲ τῶν πολλῶν πονηρίας τὴν ἀνάγκην βούλει τὸ μετὰ τοῦτο

διέλθωμεν, καὶ ὅτι οὐδὲ τούτου φιλοσοφία αἰτία, [489e] ἂν δυνώμεθα, πειραθῶμεν δεῖξαι;

πάνυ μὲν οὖν.

ἀκούωμεν δὴ καὶ λέγωμεν ἐκεῖθεν ἀναμνησθέντες, ὅθεν διῆμεν τὴν φύσιν οἷον ἀνάγκη φῦναι τὸν καλὸν τε καὶ ἀγαθὸν [490a] ἐσόμενον. ἡγεῖτο δ' αὐτῷ, εἰ νῶ ἔχεις, πρῶτον μὲν ἀλήθεια, ἣν διώκειν αὐτὸν πάντως καὶ πάντῃ ἔδει ἢ ἀλαζόνι ὄντι μηδαμῇ μετεῖναι φιλοσοφίας ἀληθινῆς.

ἦν γὰρ οὕτω λεγόμενον.

οὐκοῦν ἐν μὲν τοῦτο σφόδρα οὕτω παρὰ δόξαν τοῖς νῦν δοκουμένοις περὶ αὐτοῦ;

καὶ μάλα, ἔφη.

ἄρ' οὖν δὴ οὐ μετρίως ἀπολογησόμεθα ὅτι πρὸς τὸ ὄν πεφυκῶς εἶη ἀμιλλᾶσθαι ὃ γε ὄντως φιλομαθής, καὶ οὐκ [490b] ἐπιμένει ἐπὶ τοῖς δοξαζομένοις εἶναι πολλοῖς ἐκάστοις, ἀλλ' ἴοι καὶ οὐκ ἀμβλύνοιτο οὐδ' ἀπολήγοι τοῦ ἔρωτος, πρὶν αὐτοῦ ὃ ἔστιν ἐκάστου τῆς φύσεως ἄψασθαι ᾧ προσήκει ψυχῆς ἐφάπτεσθαι τοῦ τοιούτου-προσθήκει δὲ συγγενεῖ- ᾧ πλησιάσας καὶ μιγείς τῷ ὄντι ὄντως, γεννήσας νοῦν καὶ ἀλήθειαν, γνοίῃ τε καὶ ἀληθῶς ζῶῃ καὶ τρέφοιτο καὶ οὕτω λήγοι ὠδίνος, πρὶν δ' οὐ;

ὥς οἷόν τ', ἔφη, μετριώτατα.

τί οὖν; τούτῳ τι μετέσται ψεῦδος ἀγαπᾶν ἢ πᾶν τοῦναντίον μισεῖν; [490c]

μισεῖν, ἔφη.

ἡγουμένης δὴ ἀληθείας οὐκ ἂν ποτε οἶμαι φαρμέν αὐτῇ χορὸν κακῶν ἀκολουθῆσαι.

πῶς γάρ;

ἀλλ' ὑγιές τε καὶ δίκαιον ἦθος, ᾧ καὶ σωφροσύνην ἔπεσθαι.

ὀρθῶς, ἔφη.

καὶ δὴ τὸν ἄλλον τῆς φιλοσόφου φύσεως χορὸν τί δεῖ πάλιν ἐξ ἀρχῆς ἀναγκάζοντα τάττειν; μέμνησαι γάρ που ὅτι συνέβη προσῆκον τούτοις ἀνδρεία, μεγαλοπρέπεια, εὐμάθεια, μνήμη: καὶ σοῦ ἐπιλαβομένου ὅτι πᾶς μὲν ἀναγκασθήσεται [490d] ὁμολογεῖν οἷς λέγομεν, ἐάσας δὲ τοὺς λόγους, εἰς αὐτοὺς ἀποβλέψας περὶ ὧν ὁ λόγος, φαίη ὁρᾶν αὐτῶν τοὺς μὲν ἀχρήστους, τοὺς δὲ πολλοὺς κακοὺς πᾶσαν κακίαν, τῆς διαβολῆς τὴν αἰτίαν ἐπισκοποῦντες ἐπὶ τούτῳ νῦν γεγόναμεν, τί ποθ' οἱ πολλοὶ κακοί, καὶ τούτου δὴ ἔνεκα πάλιν ἀνειλήφαμεν τὴν τῶν ἀληθῶς φιλοσόφων φύσιν καὶ ἐξ ἀνάγκης ὠρισάμεθα. [490e]

ἔστιν, ἔφη, ταῦτα.

ταύτης δὴ, ἦν δ' ἐγώ, τῆς φύσεως δεῖ θεάσασθαι τὰς φθοράς, ὥς διόλλυται ἐν πολλοῖς, σμικρὸν δέ τι ἐκφεύγει, οὓς δὴ καὶ οὐ πονηροὺς, ἀχρήστους δὲ καλοῦσι: καὶ μετὰ [491a] τοῦτο αὖ τὰς μιμουμένας ταύτην καὶ εἰς τὸ ἐπιτήδευμα καθισταμένας αὐτῆς, οἷαι οὔσαι φύσεις ψυχῶν εἰς ἀνάξιον καὶ μειζον ἑαυτῶν ἀφικνούμεναι ἐπιτήδευμα, πολλαχῇ πλημμελοῦσαι, πανταχῇ καὶ ἐπὶ πάντας δόξαν οἷαν λέγεις φιλοσοφία προσῆψαν.

τίνας δέ, ἔφη, τὰς διαφθοράς λέγεις;

ἐγώ σοι, εἶπον, ἂν οἷός τε γένωμαι, πειράσομαι διελθεῖν. τόδε μὲν οὖν οἶμαι πᾶς ἡμῖν ὁμολογήσει, τοιαύτην φύσιν καὶ πάντα ἔχουσιν ὅσα προσετάξαμεν νυνδὴ, εἰ τελέως [491b] μέλλοι φιλόσοφος γενέσθαι, ὀλιγάκις ἐν ἀνθρώποις φύεσθαι καὶ ὀλίγας. ἢ οὐκ οἶει;

σφόδρα γε.

τούτων δὴ τῶν ὀλίγων σκόπει ὥς πολλοὶ ὄλεθροι καὶ μεγάλοι.

τίνες δὴ;

ὁ μὲν πάντων θαυμαστότατον ἀκοῦσαι, ὅτι ἐν ἑκάστῳ ὧν ἐπηνέσαμεν τῆς φύσεως ἀπόλλυσι τὴν ἔχουσιν ψυχὴν καὶ ἀποσπᾷ φιλοσοφίας. λέγω δὲ ἀνδρείαν, σωφροσύνην καὶ πάντα ἃ διήλθομεν.

ἄτοπον, ἔφη, ἀκοῦσαι. [491c]

ἔτι τοίνυν, ἦν δ' ἐγώ, πρὸς τούτοις τὰ λεγόμενα ἀγαθὰ πάντα φθείρει καὶ ἀποσπᾶ, κάλλος καὶ πλοῦτος καὶ ἰσχύς σώματος καὶ συγγένεια ἐρρωμένη ἐν πόλει καὶ πάντα τὰ τούτων οἰκεῖα· ἔχεις γὰρ τὸν τύπον ὧν λέγω.

ἔχω, ἔφη· καὶ ἡδέως γ' ἂν ἀκριβέστερον ἂ λέγεις πυθοίμην.

λαβοῦ τοίνυν, ἦν δ' ἐγώ, ὅλου αὐτοῦ ὀρθῶς, καί σοι εὐδελόν τε φανεῖται καὶ οὐκ ἄτοπα δόξει τὰ προειρημένα περὶ αὐτῶν.

πῶς οὖν, ἔφη, κελεύεις; [491d]

παντός, ἦν δ' ἐγώ, σπέρματος πέρι ἢ φυτοῦ, εἴτε ἐγγείων εἴτε τῶν ζώων, ἴσμεν ὅτι τὸ μὴ τυχὸν τροφῆς ἢς προσήκει ἐκάστῳ μὴδ' ὥρας μὴδὲ τόπου, ὅσῳ ἂν ἐρρωμενέστερον ἦ, τοσοῦτ' ἄλλων ἐνδεῖ τῶν πρεπόντων· ἀγαθὸν γάρ που κακὸν ἐναντιώτερον ἢ τῷ μὴ ἀγαθῷ.

πῶς δ' οὐ;

ἔχει δὴ οἶμαι λόγον τὴν ἀρίστην φύσιν ἐν ἀλλοτριωτέρα οὖσαν τροφῇ κάκιον ἀπαλλάττειν τῆς φαύλης.

ἔχει. [491e]

οὐκοῦν, ἦν δ' ἐγώ, ὦ Ἀδεΐμαντε, καὶ τὰς ψυχὰς οὕτω φῶμεν τὰς εὐφυεστάτας κακῆς παιδαγωγίας τυχούσας διαφερόντως κακὰς γίνεσθαι; ἢ οἶει τὰ μεγάλα ἀδικήματα καὶ τὴν ἄκρατον πονηρίαν ἐκ φαύλης ἀλλ' οὐκ ἐκ νεανικῆς φύσεως τροφῇ διολομένης γίνεσθαι, ἀσθενῇ δὲ φύσιν μεγάλων οὔτε ἀγαθῶν οὔτε κακῶν αἰτίαν ποτὲ ἔσεσθαι;

οὐκ, ἀλλά, ἦ δ' ὅς, οὕτως. [492a]

ἦν τοίνυν ἔθεμεν τοῦ φιλοσόφου φύσιν, ἂν μὲν οἶμαι μαθήσεως προσηκούσης τύχη, εἰς πᾶσαν ἀρετὴν ἀνάγκη αὐξανομένην ἀφικνεῖσθαι, ἐὰν δὲ μὴ ἐν προσηκούσῃ σπαρεῖσά τε καὶ φυτευθεῖσα τρέφεται, εἰς πάντα τάναντία αὖ, ἐὰν μὴ τις αὐτῇ βοηθήσας θεῶν τύχη. ἢ καὶ σὺ ἡγῇ, ὥσπερ οἱ πολλοί, διαφθειρομένους τινὰς εἶναι ὑπὸ σοφιστῶν νέους, διαφθείροντας δὲ τινὰς σοφιστὰς ἰδιωτικούς,

ὅτι καὶ ἄξιον λόγου, ἀλλ' οὐκ αὐτοὺς τοὺς ταῦτα λέγοντας μεγίστους [492b] μὲν εἶναι σοφιστάς, παιδεύειν δὲ τελεώτατα καὶ ἀπεργάζεσθαι οἷους βούλονται εἶναι καὶ νέους καὶ πρεσβυτέρους καὶ ἄνδρας καὶ γυναῖκας;

πότε δὴ; ἦ δ' ὅς.

ὅταν, εἶπον, συγκαθεζόμενοι ἄθροοι πολλοὶ εἰς ἐκκλησίας ἢ εἰς δικαστήρια ἢ θέατρα ἢ στρατόπεδα ἢ τινα ἄλλον κοινὸν πλήθους σύλλογον σὺν πολλῷ θορύβῳ τὰ μὲν ψέγωσι τῶν λεγομένων ἢ πραττομένων, τὰ δὲ ἐπαινῶσιν, ὑπερβαλλόντως ἐκάτερα, καὶ ἐκβοῶντες καὶ κροτοῦντες, πρὸς δ' [492c] αὐτοῖς αἱ τε πέτραι καὶ ὁ τόπος ἐν ᾧ ἂν ὧσιν ἐπηχοῦντες διπλάσιον θόρυβον παρέχῃσι τοῦ ψόγου καὶ ἐπαίνου. ἐν δὴ τῷ τοιούτῳ τὸν νέον, τὸ λεγόμενον, τίνα οἶε καρδίαν ἴσχειν; ἢ ποῖαν [ἂν] αὐτῷ παιδείαν ιδιωτικὴν ἀνθέξῃ, ἣν οὐ κατακλυσθεῖσαν ὑπὸ τοῦ τοιούτου ψόγου ἢ ἐπαίνου οἰχήσεσθαι φερομένην κατὰ ῥοὴν ἦ ἂν οὗτος φέρῃ, καὶ φήσῃσι τε τὰ αὐτὰ τούτοις καλὰ καὶ αἰσχροῖα εἶναι, καὶ ἐπιτηδεύσειν ἅπερ ἂν οὗτοι, καὶ ἔσεσθαι τοιοῦτον; [492d]

πολλή, ἦ δ' ὅς, ὦ Σώκρατες, ἀνάγκη.

καὶ μὴν, ἦν δ' ἐγώ, οὐπω τὴν μεγίστην ἀνάγκην εἰρήκαμεν.

ποῖαν; ἔφη.

ἦν ἔργῳ προστιθέασι λόγῳ μὴ πείθοντες οὗτοι οἱ παιδευταί τε καὶ σοφισταί. ἦ οὐκ οἶσθα ὅτι τὸν μὴ πειθόμενον ἀτιμίαις τε καὶ χρήμασι καὶ θανάτοις κολάζουσι;

καὶ μάλα, ἔφη, σφόδρα.

τίνα οὖν ἄλλον σοφιστὴν οἶε ἢ ποίους ιδιωτικοὺς λόγους ἐναντία τούτοις τείνοντας κρατήσῃν; [492e]

οἶμαι μὲν οὐδένα, ἦ δ' ὅς.

οὐ γάρ, ἦν δ' ἐγώ, ἀλλὰ καὶ τὸ ἐπιχειρεῖν πολλὴ ἄνοια. οὔτε γὰρ γίγνεται οὔτε γέγονεν οὐδὲ οὖν μὴ γένηται ἄλλοιον ἥθος πρὸς ἀρετὴν παρὰ τὴν τούτων παιδείαν πεπαιδευμένον, ἀνθρώπειον, ὧ

ἐταῖρε-θεῖον μέντοι κατὰ τὴν παροιμίαν ἐξαίρῳμεν λόγου: εὖ γὰρ χρή εἰδέναι, ὅτιπερ ἂν σωθῇ τε [493a] καὶ γένηται οἷον δεῖ ἐν τοιαύτῃ καταστάσει πολιτειῶν, θεοῦ μοῖραν αὐτὸ σῶσαι λέγων οὐ κακῶς ἐρεῖς.

οὐδ' ἐμοὶ ἄλλως, ἔφη, δοκεῖ.

ἔτι τοίνυν σοι, ἦν δ' ἐγώ, πρὸς τούτοις καὶ τόδε δοξάτω.

τὸ ποῖον;

ἕκαστος τῶν μισθαρνούντων ιδιωτῶν, οὓς δὴ οὔτοι σοφιστὰς καλοῦσι καὶ ἀντιτέχνους ἡγοῦνται, μὴ ἄλλα παιδεύειν ἢ ταῦτα τὰ τῶν πολλῶν δόγματα, ἃ δοξάζουσιν ὅταν ἀθροισθῶσιν, καὶ σοφίαν ταύτην καλεῖν: οἷόνπερ ἂν εἰ θρέμματος μεγάλου καὶ ἰσχυροῦ τρεφομένου τὰς ὀργὰς τις καὶ [493b] ἐπιθυμίας κατεμάνθανεν, ὅπῃ τε προσελθεῖν χρή καὶ ὅπῃ ἄψασθαι αὐτοῦ, καὶ ὁπότε χαλεπώτατον ἢ πρῶτότατον καὶ ἐκ τίνων γίγνεται, καὶ φωνὰς δὴ ἐφ' οἷς ἐκάστας εἶωθεν φθέγγεσθαι, καὶ οἷας αὖ ἄλλου φθεγγομένου ἡμεροῦται τε καὶ ἀγριαίνει, καταμαθὼν δὲ ταῦτα πάντα συνουσία τε καὶ χρόνου τριβῇ σοφίαν τε καλέσειεν καὶ ὥς τέχνην συστησάμενος ἐπὶ διδασκαλίαν τρέποιτο, μηδὲν εἰδὼς τῇ ἀληθείᾳ τούτων τῶν δογμάτων τε καὶ ἐπιθυμιῶν ὅτι καλὸν ἢ αἰσχρὸν [493c] ἢ ἀγαθὸν ἢ κακὸν ἢ δίκαιον ἢ ἄδικον, ὀνομάζοι δὲ πάντα ταῦτα ἐπὶ ταῖς τοῦ μεγάλου ζῶου δόξαις, οἷς μὲν χαίροι ἐκεῖνο ἀγαθὰ καλῶν, οἷς δὲ ἄχθοιτο κακά, ἄλλον δὲ μηδένα ἔχει λόγον περὶ αὐτῶν, ἀλλὰ τὰναγκαῖα δίκαια καλοῖ καὶ καλὰ, τὴν δὲ τοῦ ἀναγκαίου καὶ ἀγαθοῦ φύσιν, ὅσον διαφέρει τῷ ὄντι, μήτε ἑωρακῶς εἴη μήτε ἄλλῳ δυνατὸς δεῖξαι. τοιοῦτος δὲ ὢν πρὸς Διὸς οὐκ ἄτοπος ἂν σοι δοκεῖ εἶναι παιδευτής;

ἔμοιγ', ἔφη.

ἦ οὖν τι τούτου δοκεῖ διαφέρειν ὁ τὴν τῶν πολλῶν καὶ [493d] παντοδαπῶν συνιόντων ὀργὴν καὶ ἡδονὰς κατανενοηκέναι σοφίαν ἡγούμενος, εἴτ' ἐν γραφικῇ εἴτ' ἐν μουσικῇ εἴτε δὴ ἐν πολιτικῇ; ὅτι μὲν γὰρ ἂν τις τούτοις ὁμιλῇ ἐπιδεικνύμενος, ἢ ποιήσιν ἢ τινα ἄλλην δημιουργίαν ἢ πόλει διακονίαν, κυρίους αὐτοῦ ποιῶν τοὺς πολλούς, πέρα τῶν ἀναγκαίων, ἢ Διομηδεῖα λεγομένη ἀνάγκη ποιεῖν αὐτῷ ταῦτα ἃ ἂν οὔτοι ἐπαινῶσιν: ὥς δὲ καὶ ἀγαθὰ καὶ καλὰ ταῦτα τῇ

ἀληθεία, ἤδη πάποτε τοῦ ἡδουσας αὐτῶν λόγον διδόντος οὐ καταγέλαστον; [493e]

οἶμαι δέ γε, ἦ δ' ὅς, οὐδ' ἀκούσομαι.

ταῦτα τοίνυν πάντα ἐννοήσας ἐκεῖνο ἀναμνήσθητι: αὐτὸ τὸ καλὸν ἀλλὰ μὴ τὰ πολλὰ καλά, ἢ αὐτό τι ἕκαστον καὶ [494a] μὴ τὰ πολλὰ ἕκαστα, ἔσθ' ὅπως πλῆθος ἀνέξεται ἢ ἡγήσεται εἶναι;

ἦκιστά γ', ἔφη.

φιλόσοφον μὲν ἄρα, ἦν δ' ἐγώ, πλῆθος ἀδύνατον εἶναι.

ἀδύνατον.

καὶ τοὺς φιλοσοφοῦντας ἄρα ἀνάγκη ψέγεσθαι ὑπ' αὐτῶν.

ἀνάγκη.

καὶ ὑπὸ τούτων δὴ τῶν ιδιωτῶν, ὅσοι προσομιλοῦντες ὄχλῳ ἀρέσκειν αὐτῷ ἐπιθυμοῦσι.

δῆλον.

ἐκ δὴ τούτων τίνα ὀρθῶς σωτηρίαν φιλοσόφῳ φύσει, ὥστ' ἐν τῷ ἐπιτηδεύματι μείναςαν πρὸς τέλος ἐλθεῖν; ἐννόει δ' [494b] ἐκ τῶν ἔμπροσθεν. ὠμολόγηται γὰρ δὴ ἡμῖν εὐμάθεια καὶ μνήμη καὶ ἀνδρεία καὶ μεγαλοπρέπεια ταύτης εἶναι τῆς φύσεως.

ναί.

οὐκοῦν εὐθὺς ἐν παισὶν ὁ τοιοῦτος πρῶτος ἔσται ἐν ἅπασιν, ἄλλως τε καὶ ἐὰν τὸ σῶμα φυῇ προσφερὴς τῇ ψυχῇ;

τί δ' οὐ μέλλει; ἔφη.

βουλήσονται δὴ οἶμαι αὐτῷ χρῆσθαι, ἐπειδὰν πρεσβύτερος γίγνηται, ἐπὶ τὰ αὐτῶν πράγματα οἷ τε οἰκεῖοι καὶ οἱ πολῖται.

πῶς δ' οὖ; [494c]

ὑποκείσονται ἄρα δεόμενοι καὶ τιμῶντες, προκαταλαμβάνοντες καὶ προκολακεύοντες τὴν μέλλουσαν αὐτοῦ δύναμιν.

φιλεῖ γοῦν, ἔφη, οὕτω γίγνεσθαι.

τί οὖν οἶει, ἦν δ' ἐγώ, τὸν τοιοῦτον ἐν τοῖς τοιούτοις ποιήσῃν, ἄλλως τε καὶ ἐὰν τύχῃ μεγάλης πόλεως ὦν καὶ ἐν ταύτῃ πλούσιός τε καὶ γενναῖος, καὶ ἔτι εὐειδὴς καὶ μέγας; ἄρ' οὐ πληρωθήσεσθαι ἀμηχάνου ἐλπίδος, ἡγούμενον καὶ τὰ τῶν Ἑλλήνων καὶ τὰ τῶν βαρβάρων ἱκανὸν ἔσεσθαι [494d] πράττειν, καὶ ἐπὶ τούτοις ὑψηλὸν ἔξαρεῖν αὐτόν, σχηματισμοῦ καὶ φρονήματος κενοῦ ἄνευ νοῦ ἐμπιμπλάμενον;

καὶ μάλ', ἔφη.

τῷ δὴ οὕτω διατιθεμένῳ ἐὰν τις ἡρέμα προσελθὼν τάληθῃ λέγῃ, ὅτι νοῦς οὐκ ἔνεστιν αὐτῷ, δεῖται δέ, τὸ δὲ οὐ κτητὸν μὴ δουλεύσαντι τῇ κτήσῃ αὐτοῦ, ἄρ' εὐπετές οἶει εἶναι εἰσακοῦσαι διὰ τοσούτων κακῶν;

πολλοῦ γε δεῖ, ἦ δ' ὅς.

ἐὰν δ' οὖν, ἦν δ' ἐγώ, διὰ τὸ εὖ πεφυκέναι καὶ τὸ συγγενὲς [494e] τῶν λόγων εἰσαιοσθῆναι τέ πῃ καὶ κάμπηται καὶ ἔλκεται πρὸς φιλοσοφίαν, τί οἰόμεθα δράσειν ἐκείνους τοὺς ἡγουμένους ἀπολλύναι αὐτοῦ τὴν χρεῖαν τε καὶ ἐταιρίαν; οὐ πᾶν μὲν ἔργον, πᾶν δ' ἔπος λέγοντάς τε καὶ πράττοντας καὶ περὶ αὐτόν, ὅπως ἂν μὴ πεισθῇ, καὶ περὶ τὸν πείθοντα, ὅπως ἂν μὴ οἶός τ' ἦ, καὶ ἰδίᾳ ἐπιβουλεύοντας καὶ δημοσίᾳ εἰς ἀγῶνας καθιστάντας; [495a]

πολλή, ἦ δ' ὅς, ἀνάγκη.

ἔστιν οὖν ὅπως ὁ τοιοῦτος φιλοσοφήσῃ;

οὐ πάνυ.

ὁρᾷς οὖν, ἦν δ' ἐγώ, ὅτι οὐ κακῶς ἐλέγομεν ὥς ἄρα καὶ αὐτὰ τὰ τῆς φιλοσόφου φύσεως μέρη, ὅταν ἐν κακῇ τροφῇ γένηται, αἷτια τρόπον τινὰ τοῦ ἐκπεσεῖν ἐκ τοῦ ἐπιτηδεύματος, καὶ τὰ λεγόμενα ἀγαθὰ, πλοῦτοί τε καὶ πᾶσα ἡ τοιαύτη παρασκευή;

οὐ γάρ, ἀλλ' ὀρθῶς, ἔφη, ἐλέχθη.

οὗτος δὴ, εἶπον, ὧ θαυμάσιε, ὀλεθρός τε καὶ διαφθορά [495b]

τοσαύτη τε καὶ τοιαύτη τῆς βελτίστης φύσεως εἰς τὸ ἄριστον ἐπιτήδευμα, ὀλίγης καὶ ἄλλως γιγνομένης, ὥς ἡμεῖς φαμεν. καὶ ἐκ τούτων δὴ τῶν ἀνδρῶν καὶ οἱ τὰ μέγιστα κακὰ ἐργαζόμενοι τὰς πόλεις γίνονται καὶ τοὺς ιδιώτας, καὶ οἱ τάγαθά, οἳ ἂν ταύτη τύχῃσι ῥύνετες; σμικρὰ δὲ φύσις οὐδὲν μέγα οὐδέποτε οὐδένα οὔτε ιδιώτην οὔτε πόλιν δρᾷ.

ἀληθέστατα, ἦ δ' ὅς.

οὔτοι μὲν δὴ οὕτως ἐκπίπτοντες, οἷς μάλιστα προσήκει, [495c] ἔρημον καὶ ἀτελῇ φιλοσοφίαν λείποντες αὐτοὶ τε βίον οὐ προσήκοντα οὐδ' ἀληθῇ ζῶσιν, τὴν δέ, ὥσπερ ὀρφανὴν συγγενῶν, ἄλλοι ἐπεισελθόντες ἀνάξιοι ἥσυχνάν τε καὶ ὄνειδῃ περιῆψαν, οἷα καὶ σὺ φῆς ὀνειδίζειν τοὺς ὀνειδίζοντας, ὥς οἱ συνόντες αὐτῇ οἱ μὲν οὐδενός, οἱ δὲ πολλοὶ πολλῶν κακῶν ἄξιοί εἰσιν.

καὶ γὰρ οὖν, ἔφη, τά γε λεγόμενα ταῦτα.

εἰκότως γε, ἦν δ' ἐγώ, λεγόμενα. καθορῶντες γὰρ ἄλλοι ἀνθρωπίσκοι κενὴν τὴν χώραν ταύτην γιγνομένην, καλῶν [495d] δὲ ὀνομάτων καὶ προσημάτων μεστήν, ὥσπερ οἱ ἐκ τῶν εἰργμῶν εἰς τὰ ἱερὰ ἀποδιδράσκοντες, ἄσμενοι καὶ οὔτοι ἐκ τῶν τεχνῶν ἐκπηδῶσιν εἰς τὴν φιλοσοφίαν, οἳ ἂν κομψότατοι ὄντες τυγχάνωσι περὶ τὸ αὐτῶν τεχνίον. ὅμως γὰρ δὴ πρὸς γε τὰς ἄλλας τέχνας καίπερ οὕτω πραττούσης φιλοσοφίας τὸ ἀξίωμα μεγαλοπρεπέστερον λείπεται, οὗ δὴ ἐφίεμενοι πολλοὶ ἀτελεῖς μὲν τὰς φύσεις, ὑπὸ δὲ τῶν τεχνῶν τε καὶ δημιουργιῶν ὥσπερ τὰ σώματα λελώβηνται, οὕτω [495e] καὶ τὰς ψυχὰς συγκεκλασμένοι τε καὶ ἀποτεθρυμμένοι διὰ τὰς βανασίας τυγχάνουσιν-ἢ οὐκ ἀνάγκη;

καὶ μάλα, ἔφη.

δοκεῖς οὖν τι, ἦν δ' ἐγώ, διαφέρειν αὐτοὺς ἰδεῖν ἀργύριον κτησαμένου χαλκῆος φαλακροῦ καὶ σμικροῦ, νεωστὶ μὲν ἐκ δεσμῶν λελυμένου, ἐν βαλανείῳ δὲ λελουμένου, νεουογὸν ἱμάτιον ἔχοντος, ὥς νυμφίου παρεσκευασμένου, διὰ πενίαν καὶ ἐρημίαν τοῦ δεσπότου τὴν θυγατέρα μέλλοντος γαμεῖν; [496a]

οὐ πάνυ, ἔφη, διαφέρει.

ποῖ' ἅττα οὖν εἰκὸς γεννᾶν τοὺς τοιούτους; οὐ νόθα καὶ φαῦλα;
πολλὴ ἀνάγκη.

τί δέ; τοὺς ἀναξίους παιδεύσεως, ὅταν αὐτῇ πλησιάζοντες ὁμιλῶσι
μὴ κατ' ἀξίαν, ποῖ' ἅττα φῶμεν γεννᾶν διανοήματά τε καὶ δόξας; ἄρ'
οὐχ ὡς ἀληθῶς προσήκοντα ἀκοῦσαι σοφίσματα, καὶ οὐδὲν γνήσιον
οὐδὲ φρονήσεως [ἄξιον] ἀληθινῆς ἐχόμενον;

παντελῶς μὲν οὖν, ἔφη.

πάνσμικρον δὴ τι, ἔφην ἐγώ, ὦ Ἀδείμαντε, λείπεται τῶν [496b] κατ'
ἀξίαν ὁμιλούντων φιλοσοφία, ἣ που ὑπὸ φυγῆς καταληφθὲν γενναῖον
καὶ εὖ τεθραμμένον ἦθος, ἀπορία τῶν διαφθερούντων κατὰ φύσιν
μεῖναν ἐπ' αὐτῇ, ἣ ἐν σμικρᾷ πόλει ὅταν μεγάλη ψυχὴ φυῇ καὶ
ἀτιμάσασα τὰ τῆς πόλεως ὑπερίδῃ: βραχὺ δέ πού τι καὶ ἀπ' ἄλλης
τέχνης δικαίως ἀτιμάσαν εὐφυὲς ἐπ' αὐτὴν ἂν ἔλθοι. εἴη δ' ἂν καὶ ὁ
τοῦ ἡμετέρου ἐταίρου Θεάγους χαλινὸς οἶος κατασχεῖν: καὶ γὰρ
[496c] Θεάγει τὰ μὲν ἄλλα πάντα παρεσκεύασται πρὸς τὸ ἐκπεσεῖν
φιλοσοφίας, ἣ δὲ τοῦ σώματος νοσοτροφία ἀπείργουσα αὐτὸν τῶν
πολιτικῶν κατέχει. τὸ δ' ἡμέτερον οὐκ ἄξιον λέγειν, τὸ δαιμόνιον
σημεῖον: ἣ γάρ πού τι ἀλλῶ ἢ οὐδενὶ τῶν ἔμπροσθεν γέγονεν. καὶ
τούτων δὴ τῶν ὀλίγων οἱ γενόμενοι καὶ γευσάμενοι ὡς ἡδὺ καὶ
μακάριον τὸ κτῆμα, καὶ τῶν πολλῶν αὖ ἱκανῶς ἰδόντες τὴν μανίαν,
καὶ ὅτι οὐδεὶς οὐδὲν ὑγιὲς ὡς ἔπος εἰπεῖν περὶ τὰ τῶν πόλεων πράττει
οὐδ' ἔστι [496d] σύμμαχος μεθ' ὅτου τις ἰὼν ἐπὶ τὴν τῷ δικαίῳ
βοήθειαν σφάζοιτ' ἂν, ἀλλ' ὥσπερ εἰς θηρίᾳ ἄνθρωπος ἐμπεσὼν, οὔτε
συναδικεῖν ἐθέλων οὔτε ἱκανὸς ὢν εἰς πᾶσιν ἀγρίοις ἀντέχειν, πρὶν τι
τὴν πόλιν ἢ φίλους ὄνῃσαι προαπολόμενος ἀνωφελὴς αὐτῷ τε καὶ
τοῖς ἄλλοις ἂν γένοιτο-ταῦτα πάντα λογισμῷ λαβὼν, ἡσυχίαν ἔχων
καὶ τὰ αὐτοῦ πράττων, οἷον ἐν χειμῶνι κονιορτοῦ καὶ ζάλης ὑπὸ
πνεύματος φερομένου ὑπὸ τειχίον ἀποστάς, ὁρῶν τοὺς ἄλλους
καταπιμπλαμένους ἀνομίας, ἀγαπᾷ εἴ πῃ αὐτὸς καθαρὸς ἀδικίας τε
καὶ ἀνοσίων [496e] ἔργων τόν τε ἐνθάδε βίον βιώσεται καὶ τὴν
ἀπαλλαγὴν αὐτοῦ μετὰ καλῆς ἐλπίδος ἴλεως τε καὶ εὐμενῆς
ἀπαλλάσσεται. [497a]

ἀλλά τοι, ἣ δ' ὅς, οὐ τὰ ἐλάχιστα ἂν διαπραξάμενος ἀπαλλάττοιο.

οὐδέ γε, εἶπον, τὰ μέγιστα, μὴ τυχὼν πολιτείας προσηκούσης: ἐν γὰρ προσηκούσῃ αὐτός τε μᾶλλον αὐξήσεται καὶ μετὰ τῶν ἰδίων τὰ κοινὰ σώσει.

τὸ μὲν οὖν τῆς φιλοσοφίας ὧν ἔνεκα διαβολὴν εἴληφεν καὶ ὅτι οὐ δικαίως, ἐμοὶ μὲν δοκεῖ μετρίως εἰρησθαι, εἰ μὴ ἔτ' ἄλλο λέγεις τι σύ.

ἀλλ' οὐδέν, ἦ δ' ὅς, ἔτι λέγω περὶ τούτου: ἀλλὰ τὴν προσήκουσαν αὐτῇ τίνα τῶν νῦν λέγεις πολιτειῶν; [497b]

οὐδ' ἡντινοῦν, εἶπον, ἀλλὰ τοῦτο καὶ ἐπαιτιῶμαι, μηδεμίαν ἀξίαν εἶναι τῶν νῦν κατάστασιν πόλεως φιλοσόφου φύσεως: διὸ καὶ στρέφεσθαι τε καὶ ἀλλοιοῦσθαι αὐτήν, ὥσπερ ξενικὸν σπέρμα ἐν γῇ ἄλλῃ σπειρόμενον ἐξίτηλον εἰς τὸ ἐπιχώριον φιλεῖ κρατούμενον ἰέναι, οὕτω καὶ τοῦτο τὸ γένος νῦν μὲν οὐκ ἴσχειν τὴν αὐτοῦ δύναμιν, ἀλλ' εἰς ἀλλότριον ἦθος ἐκπίπτειν: εἰ δὲ λήψεται τὴν ἀρίστην πολιτείαν, ὥσπερ [497c] καὶ αὐτὸ ἄριστόν ἐστιν, τότε δηλώσει ὅτι τοῦτο μὲν τῷ ὄντι θεῖον ἦν, τὰ δὲ ἄλλα ἀνθρώπινα, τὰ τε τῶν φύσεων καὶ τῶν ἐπιτηδευμάτων. δῆλος δὴ οὖν εἶ ὅτι μετὰ τοῦτο ἐρήσῃ τίς αὕτη ἡ πολιτεία.

οὐκ ἔγνωσ, ἔφη: οὐ γὰρ τοῦτο ἔμελλον, ἀλλ' εἰ αὕτη ἦν ἡμεῖς διεληλύθαμεν οἰκίζοντες τὴν πόλιν ἢ ἄλλῃ.

τὰ μὲν ἄλλα, ἦν δ' ἐγώ, αὕτη: τοῦτο δὲ αὐτὸ ἐρρήθη μὲν καὶ τότε, ὅτι δεῖσσι τι ἀεὶ ἐνεῖναι ἐν τῇ πόλει λόγον [497d] ἔχον τῆς πολιτείας τὸν αὐτὸν ὄνπερ καὶ σὺ ὁ νομοθέτης ἔχων τοὺς νόμους ἐτίθεις.

ἐρρήθη γάρ, ἔφη.

ἀλλ' οὐχ ἱκανῶς, εἶπον, ἐδηλώθη, φόβῳ ὧν ὑμεῖς ἀντιλαμβανόμενοι δεδηλώκατε μακρὰν καὶ χαλεπὴν αὐτοῦ τὴν ἀπόδειξιν: ἐπεὶ καὶ τὸ λοιπὸν οὐ πάντων ῥᾶστον διελθεῖν.

τὸ ποῖον;

τίνα τρόπον μεταχειριζομένη πόλις φιλοσοφίαν οὐ διολεῖται. τὰ γὰρ δὴ μεγάλα πάντα ἐπισφαλῆ, καὶ τὸ λεγόμενον τὰ καλὰ τῷ ὄντι χαλεπά. [497e]

ἀλλ' ὅμως, ἔφη, λαβέτω τέλος ἡ ἀπόδειξις τούτου φανεροῦ γενομένου.

οὐ τὸ μὴ βούλεσθαι, ἦν δ' ἐγώ, ἀλλ' εἶπερ, τὸ μὴ δύνασθαι διακωλύσει: παρὼν δὲ τήν γ' ἐμὴν προθυμίαν εἴση. σκόπει δὲ καὶ νῦν ὡς προθύμως καὶ παρακινδυνευτικῶς μέλλω λέγειν, ὅτι τὸναντίον ἢ νῦν δεῖ τοῦ ἐπιτηδεύματος τούτου πόλιν ἅπτεσθαι.

πῶς;

νῦν μὲν, ἦν δ' ἐγώ, οἱ καὶ ἀπτόμενοι μειράκια ὄντα ἄρτι [498a] ἐκ παίδων τὸ μεταξὺ οἰκονομίας καὶ χρηματισμοῦ πλησιάσαντες αὐτοῦ τῷ χαλεπωτάτῳ ἀπαλλάττονται, οἱ φιλοσοφώτατοι ποιούμενοι-λέγω δὲ χαλεπώτατον τὸ περὶ τοὺς λόγους -ἐν δὲ τῷ ἔπειτα, ἐὰν καὶ ἄλλων τοῦτο πραττόντων παρακαλούμενοι ἐθέλωσιν ἀκροαταὶ γίγνεσθαι, μεγάλα ἡγοῦνται, πάρεργον οἰόμενοι αὐτὸ δεῖν πράττειν: πρὸς δὲ τὸ γῆρας ἐκτὸς δὴ τινων ὀλίγων ἀποσβέννυνται πολὺ μᾶλλον τοῦ [498b] Ἡρακλείειου ἡλίου, ὅσον αὖθις οὐκ ἐξάπτονται.

δεῖ δὲ πῶς; ἔφη.

παῖν τὸναντίον: μειράκια μὲν ὄντα καὶ παῖδας μεираκιώδη παιδείαν καὶ φιλοσοφίαν μεταχειρίζεσθαι, τῶν τε σωμάτων, ἐν ᾧ βλαστάνει τε καὶ ἀνδροῦται, εὖ μάλα ἐπιμελεῖσθαι, ὑπηρεσίαν φιλοσοφία κτωμένους: προϊούσης δὲ τῆς ἡλικίας, ἐν ἣ ἡ ψυχὴ τελεοῦσθαι ἄρχεται, ἐπιτείνειν τὰ ἐκείνης γυμνάσια: ὅταν δὲ λήγῃ μὲν ἡ ῥώμη, πολιτικῶν δὲ καὶ [498c] στρατειῶν ἐκτὸς γίγνηται, τότε ἤδη ἀφέντους νέμεσθαι καὶ μηδὲν ἄλλο πράττειν, ὅτι μὴ πάρεργον, τοὺς μέλλοντας εὐδαιμόνως βιώσεσθαι καὶ τελευτήσαντας τῷ βίῳ τῷ βεβιωμένῳ τὴν ἐκεῖ μοῖραν ἐπιστήσιν πρέπουσαν.

ὡς ἀληθῶς μοι δοκεῖς, ἔφη, λέγειν γε προθύμως, ὃ Σώκρατες: οἶμαι μέντοι τοὺς πολλοὺς τῶν ἀκουόντων προθυμότερον ἔτι ἀντιτείνειν οὐδ' ὅπωςτιοῦν πεισομένους, ἀπὸ Θρασυμάχου ἀρξαμένους.

μὴ διάβαλλε, ἦν δ' ἐγώ, ἐμὲ καὶ Θρασύμαχον ἄρτι [498d] φίλους γεγονότας, οὐδὲ πρὸ τοῦ ἐχθροὺς ὄντας. πείρας γὰρ οὐδὲν ἀνήσομεν, ἕως ἂν ἡ πείσωμεν καὶ τοῦτον καὶ τοὺς ἄλλους, ἢ προὔργου τι ποιήσωμεν εἰς ἐκεῖνον τὸν βίον, ὅταν αὖθις γενόμενοι τοῖς τοιούτοις

ἐντύχωσι λόγοις.

εἰς μικρόν γ', ἔφη, χρόνον εἴρηκας.

εἰς οὐδέν μὲν οὖν, ἔφην, ὥς γε πρὸς τὸν ἅπαντα. τὸ μέντοι μὴ πείθεσθαι τοῖς λεγομένοις τοὺς πολλοὺς θαῦμα οὐδέν: οὐ γὰρ πώποτε εἶδον γενόμενον τὸ νῦν λεγόμενον, [498e] ἀλλὰ πολὺ μᾶλλον τοιαῦτ' ἅττα ῥήματα ἐξεπίτηδες ἀλλήλοις ὁμοιωμένα, ἀλλ' οὐκ ἀπὸ τοῦ αὐτομάτου ὥσπερ νῦν συμπεσόντα. ἄνδρα δὲ ἀρετῇ παρισωμένον καὶ ὁμοιωμένον μέχρι τοῦ δυνατοῦ τελέως ἔργω τε καὶ λόγῳ, δυναστεύοντα [499a] ἐν πόλει ἐτέρα τοιαύτη, οὐ πώποτε ἑωράκασιν, οὔτε ἓνα οὔτε πλείους. ἢ οἶει;

οὐδαμῶς γε.

οὐδέ γε αὖ λόγων, ὃ μακάριε, καλῶν τε καὶ ἐλευθέρων ἱκανῶς ἐπήκοοι γεγόνασιν, οἷων ζητεῖν μὲν τὸ ἀληθὲς συντεταμένως ἐκ παντὸς τρόπου τοῦ γνῶναι χάριν, τὰ δὲ κομπᾶ τε καὶ ἐριστικὰ καὶ μηδαμόσε ἄλλοσε τείνοντα ἢ πρὸς δόξαν καὶ ἔριν καὶ ἐν δίκαις καὶ ἐν ἰδίαις συνουσίαις πόρρωθεν ἀσπαζομένων.

οὐδὲ τούτων, ἔφη.

τούτων τοι χάριν, ἦν δ' ἐγώ, καὶ ταῦτα προορώμενοι [499b] ἡμεῖς τότε καὶ δεδιότες ὅμως ἐλέγομεν, ὑπὸ τάληθοῦς ἠναγκασμένοι, ὅτι οὔτε πόλις οὔτε πολιτεία οὐδέ γ' ἀνὴρ ὁμοίως μὴ ποτε γένηται τέλος, πρὶν ἂν τοῖς φιλοσόφοις τούτοις τοῖς ὀλίγοις καὶ οὐ πονηροῖς, ἀχρήστοις δὲ νῦν κεκλημένοις, ἀνάγκη τις ἐκ τύχης περιβάλλῃ, εἴτε βούλονται εἴτε μὴ, πόλεως ἐπιμεληθῆναι, καὶ τῇ πόλει κατηκόφ γενέσθαι, ἢ τῶν νῦν ἐν δυναστείαις ἢ βασιλείαις ὄντων ὑέσιν ἢ αὐτοῖς [499c] ἐκ τινος θείας ἐπιπνοίας ἀληθινῆς φιλοσοφίας ἀληθινὸς ἔρως ἐμπέσῃ. τούτων δὲ πότερα γενέσθαι ἢ ἀμφοτέρω ὥς ἄρα ἐστὶν ἀδύνατον, ἐγὼ μὲν οὐδένα φημι ἔχειν λόγον. οὕτω γὰρ ἂν ἡμεῖς δικαίως καταγελῶμεθα, ὥς ἄλλως εὐχαῖς ὅμοια λέγοντες. ἢ οὐχ οὕτως;

οὕτως.

εἰ τοίνυν ἄκροις εἰς φιλοσοφίαν πόλεώς τις ἀνάγκη ἐπιμεληθῆναι ἢ γέγονεν ἐν τῷ ἀπείρῳ τῷ παρεληλυθότῳ χρόνῳ ἢ καὶ νῦν ἔστιν ἐν τινι

βαρβαρικῷ τόπῳ, πόρρῳ που [499d] ἐκτὸς ὄντι τῆς ἡμετέρας ἐπόψεως, ἥ καὶ ἔπειτα γενήσεται, περὶ τούτου ἔτοιμοι τῷ λόγῳ διαμάχεσθαι, ὥς γέγονεν ἡ εἰρημένη πολιτεία καὶ ἔστιν καὶ γενήσεται γε, ὅταν αὕτη ἡ Μοῦσα πόλεως ἐγκρατὴς γένηται. οὐ γὰρ ἀδύνατος γενέσθαι, οὐδ' ἡμεῖς ἀδύνατα λέγομεν: χαλεπὰ δὲ καὶ παρ' ἡμῶν ὁμολογεῖται.

καὶ ἐμοί, ἔφη, οὕτω δοκεῖ.

τοῖς δὲ πολλοῖς, ἦν δ' ἐγώ, ὅτι οὐκ αὖ δοκεῖ, ἐρεῖς;

ἴσως, ἔφη.

ὦ μακάριε, ἦν δ' ἐγώ, μὴ πάνυ οὕτω τῶν πολλῶν κατηγορεῖ. [499e] ἀλλοίαν τοι δόξαν ἔξουσιν, ἐὰν αὐτοῖς μὴ φιλονικῶν ἀλλὰ παραμυθούμενος καὶ ἀπολυόμενος τὴν τῆς φιλομαθείας διαβολὴν ἐνδεικνύῃ οὕς λέγεις τοὺς φιλοσόφους, καὶ διορίζῃ [500a] ὥσπερ ἄρτι τὴν τε φύσιν αὐτῶν καὶ τὴν ἐπιτήδευσιν, ἵνα μὴ ἡγῶνται σε λέγειν οὕς αὐτοὶ οἴονται. [ἥ καὶ ἐὰν οὕτω θεῶνται, ἀλλοίαν τοι φήσεις αὐτοὺς δόξαν λήψεσθαι καὶ ἄλλα ἀποκρινεῖσθαι.] ἥ οἶει τινὰ χαλεπαίνειν τῷ μὴ χαλεπῷ ἢ φθονεῖν τῷ μὴ φθονερῷ ἄφθονόν τε καὶ πρᾶον ὄντα; ἐγὼ μὲν γάρ σε προφθάσας λέγω ὅτι ἐν ὀλίγοις τισὶν ἡγοῦμαι, ἀλλ' οὐκ ἐν τῷ πλήθει, χαλεπὴν οὕτω φύσιν γίνεσθαι.

καὶ ἐγὼ ἀμέλει, ἔφη, συνοίομαι. [500b]

οὐκοῦν καὶ αὐτὸ τοῦτο συνοίει, τοῦ χαλεπῶς πρὸς φιλοσοφίαν τοὺς πολλοὺς διακεῖσθαι ἐκείνους αἰτίους εἶναι τοὺς ἔξωθεν οὐ προσῆκον ἐπεiskeωμακότας, λοιδορουμένους τε αὐτοῖς καὶ φιλαπεχθημόνως ἔχοντας καὶ ἀεὶ περὶ ἀνθρώπων τοὺς λόγους ποιουμένους, ἥκιστα φιλοσοφία πρέπον ποιοῦντας;

πολύ γ', ἔφη.

οὐδὲ γάρ που, ὦ Ἀδείμαντε, σχολὴ τῷ γε ὥς ἀληθῶς πρὸς τοῖς οὖσι τὴν διάνοιαν ἔχοντι κάτω βλέπειν εἰς ἀνθρώπων [500c] πραγματείας, καὶ μαχόμενον αὐτοῖς φθόνου τε καὶ δυσμενείας ἐμπίμπλασθαι, ἀλλ' εἰς τεταγμένα ἅττα καὶ κατὰ ταῦτά ἀεὶ ἔχοντα ὀρῶντας καὶ θεωμένους οὗτ' ἀδικοῦντα οὗτ' ἀδικούμενα ὑπ' ἀλλήλων, κόσμῳ δὲ πάντα καὶ κατὰ λόγον ἔχοντα, ταῦτα μιμεῖσθαι τε καὶ ὅτι μάλιστα

ἀφομοιοῦσθαι. ἢ οἶει τινὰ μηχανὴν εἶναι, ὅτῳ τις ὁμιλεῖ ἀγάμενος, μὴ μιμεῖσθαι ἐκεῖνο;

ἀδύνατον, ἔφη.

θείῳ δὴ καὶ κοσμίῳ ὃ γε φιλόσοφος ὁμιλῶν κόσμιός τε [500d] καὶ θεῖος εἰς τὸ δυνατόν ἀνθρώπῳ γίγνεται: διαβολὴ δ' ἐν πᾶσι πολλή.

παντάπασι μὲν οὖν.

ἂν οὖν τις, εἶπον, αὐτῷ ἀνάγκη γένηται ἃ ἐκεῖ ὁρᾷ μελετῆσαι εἰς ἀνθρώπων ἥθη καὶ ἰδίᾳ καὶ δημοσίᾳ τιθέναι καὶ μὴ μόνον ἑαυτὸν πλάττειν, ἄρα κακὸν δημιουργὸν αὐτὸν οἶει γενήσεσθαι σωφροσύνης τε καὶ δικαιοσύνης καὶ συμπάσης τῆς δημοτικῆς ἀρετῆς;

ἥκιστα γε, ἦ δ' ὅς.

ἀλλ' ἐὰν δὴ αἰσθωνται οἱ πολλοὶ ὅτι ἀληθῆ περὶ αὐτοῦ [500e] λέγομεν, χαλεπανοῦσι δὴ τοῖς φιλοσόφοις καὶ ἀπιστήσουσιν ἡμῖν λέγουσιν ὥς οὐκ ἂν ποτε ἄλλως εὐδαιμονήσειε πόλις, εἰ μὴ αὐτὴν διαγράψειαν οἱ τῷ θεῷ παραδείγματι χρώμενοι ζωγράφοι;

οὐ χαλεπανοῦσιν, ἦ δ' ὅς, ἐάνπερ αἰσθωνται. ἀλλὰ δὴ [501a] τίνα λέγεις τρόπον τῆς διαγραφῆς;

λαβόντες, ἦν δ' ἐγώ, ὥσπερ πίνακα πόλιν τε καὶ ἥθη ἀνθρώπων, πρῶτον μὲν καθαρὰν ποιήσειαν ἂν, ὃ οὐ πάνυ ῥᾴδιον: ἀλλ' οὖν οἴσθ' ὅτι τούτῳ ἂν εὐθύς τῶν ἄλλων διενέγκοιεν, τῷ μήτε ἰδιώτου μήτε πόλεως ἐθελῆσαι ἂν ἄψασθαι μηδὲ γράφειν νόμους, πρὶν ἢ παραλαβεῖν καθαρὰν ἢ αὐτοὶ ποιῆσαι.

καὶ ὀρθῶς γ', ἔφη.

οὐκοῦν μετὰ ταῦτα οἶει ὑπογράψασθαι ἂν τὸ σχῆμα τῆς πολιτείας;

τί μῆν; [501b]

ἔπειτα οἶμαι ἀπεργαζόμενοι πυκνὰ ἂν ἐκατέρως' ἀποβλέποιεν, πρὸς τε τὸ φύσει δίκαιον καὶ καλὸν καὶ σῶφρον καὶ πάντα τὰ τοιαῦτα, καὶ πρὸς ἐκεῖν' αὖ τὸ ἐν τοῖς ἀνθρώποις ἐμποιοῖεν, συμμειγνύντες τε καὶ κεραννύντες ἐκ τῶν ἐπιτηδευμάτων τὸ ἀνδρεῖκελον, ἀπ' ἐκείνου

τεκμαιρόμενοι, ὃ δὴ καὶ Ὅμηρος ἐκάλεσεν ἐν τοῖς ἀνθρώποις ἐγγιγνόμενον θεοειδές τε καὶ θεοείκελον.

ὀρθῶς, ἔφη.

καὶ τὸ μὲν ἂν οἶμαι ἐξαλείφειεν, τὸ δὲ πάλιν ἐγγράφειεν, [501c] ἕως ὅτι μάλιστα ἀνθρώπεια ἦθη εἰς ὅσον ἐνδέχεται θεοφιλεῖ ποιήσειαν.

καλλίστη γοῦν ἄν, ἔφη, ἡ γραφὴ γένοιτο.

ἄρ' οὖν, ἦν δ' ἐγώ, πείθομέν πη ἐκείνους, οὓς διατεταμένους ἐφ' ἡμᾶς ἔφησθα ἰέναι, ὥς τοιοῦτός ἐστι πολιτειῶν ζωγράφος ὃν τότε ἔπηνούμεν πρὸς αὐτούς, δι' ὃν ἐκεῖνοι ἐχαλέπαινον ὅτι τὰς πόλεις αὐτῷ παρεδίδομεν, καὶ τι μᾶλλον αὐτὸ νῦν ἀκούοντες πραῦνεται;

καὶ πολὺ γε, ἦ δ' ὅς, εἰ σωφρονοῦσιν. [501d]

πῇ γὰρ δὴ ἔξουσιν ἀμφισβητῆσαι; πότερον μὴ τοῦ ὄντος τε καὶ ἀληθείας ἐραστὰς εἶναι τοὺς φιλοσόφους;

ἄτοπον μεντᾶν, ἔφη, εἴη.

ἀλλὰ μὴ τὴν φύσιν αὐτῶν οἰκείαν εἶναι τοῦ ἀρίστου, ἦν ἡμεῖς διήλθομεν;

οὐδὲ τοῦτο.

τί δέ; τὴν τοιαύτην τυχοῦσαν τῶν προσηκόντων ἐπιτηδευμάτων οὐκ ἀγαθὴν τελέως ἔσεσθαι καὶ φιλόσοφον, εἴπερ τινὰ ἄλλην; ἢ ἐκείνους φήσῃ μᾶλλον, οὓς ἡμεῖς ἀφωρίσαμεν; [501e]

οὐ δήπου.

ἔτι οὖν ἀγριανοῦσι λεγόντων ἡμῶν ὅτι πρὶν ἂν πόλεως τὸ φιλόσοφον γένος ἐγκρατὲς γένηται, οὔτε πόλει οὔτε πολίταις κακῶν παῦλα ἔσται, οὐδὲ ἡ πολιτεία ἦν μυθολογοῦμεν λόγῳ ἔργῳ τέλος λήψεται;

ἴσως, ἔφη, ἦττον.

βούλει οὖν, ἦν δ' ἐγώ, μὴ ἦττον φῶμεν αὐτοὺς ἀλλὰ [502a] παντάπασι πράγους γεγονέναι καὶ πεπεισθαι, ἵνα, εἰ μὴ τι, ἀλλὰ αἰσχυνθέντες ὁμολογήσωσιν;

πάνυ μὲν οὖν, ἔφη.

οὗτοι μὲν τοίνυν, ἦν δ' ἐγώ, τοῦτο πεπεισμένοι ἔστων: τοῦδε δὲ πέρι
τις ἀμφισβητήσει, ὥς οὐκ ἂν τύχοιεν γενόμενοι βασιλέων ἔκγονοι ἢ
δυναστῶν τὰς φύσεις φιλόσοφοι;

οὐδ' ἂν εἷς, ἔφη.

τοιούτους δὲ γενομένους ὥς πολλὴ ἀνάγκη διαφθαρῆναι, ἔχει τις
λέγειν; ὥς μὲν γὰρ χαλεπὸν σωθῆναι, καὶ ἡμεῖς [502b] συγχωροῦμεν:
ὥς δὲ ἐν παντὶ τῷ χρόνῳ τῶν πάντων οὐδέποτε οὐδ' ἂν εἷς σωθεῖη,
ἔσθ' ὅστις ἀμφισβητήσει;

καὶ πῶς;

ἀλλὰ μὴν, ἦν δ' ἐγώ, εἷς ἱκανὸς γενόμενος, πόλιν ἔχων πειθομένην,
πάντ' ἐπιτελέσαι τὰ νῦν ἀπιστούμενα.

ἱκανὸς γάρ, ἔφη.

ἄρχοντος γάρ που, ἦν δ' ἐγώ, τιθέντος τοὺς νόμους καὶ τὰ
ἐπιτηδεύματα ἃ διεληλύθαμεν, οὐ δῆπου ἀδύνατον ἐθέλειν ποιεῖν
τοὺς πολίτας.

οὐδ' ὅπωςτιοῦν.

ἀλλὰ δῆ, ἅπερ ἡμῖν δοκεῖ, δόξαι καὶ ἄλλοις θαυμαστόν τι καὶ
ἀδύνατον; [502c]

οὐκ οἶμαι ἔγωγε, ἦ δ' ὅς.

καὶ μὴν ὅτι γε βέλτιστα, εἴπερ δυνατά, ἱκανῶς ἐν τοῖς ἔμπροσθεν, ὥς
ἐγῴμαι, διήλθομεν.

ἱκανῶς γάρ.

νῦν δῆ, ὥς ἔοικεν, συμβαίνει ἡμῖν περὶ τῆς νομοθεσίας ἄριστα μὲν
εἶναι ἃ λέγομεν, εἰ γένοιτο, χαλεπὰ δὲ γενέσθαι, οὐ μέντοι ἀδύνατά
γε.

συμβαίνει γάρ, ἔφη.

οὐκοῦν ἐπειδὴ τοῦτο μόγις τέλος ἔσχεν, τὰ ἐπίλοιπα δὴ μετὰ τοῦτο λεκτέον, τίνα τρόπον ἡμῖν καὶ ἐκ τίνων μαθημάτων [502d] τε καὶ ἐπιτηδευμάτων οἱ σωτῆρες ἐνέσονται τῆς πολιτείας, καὶ κατὰ ποίας ἡλικίας ἕκαστοι ἐκάστων ἀπτόμενοι;

λεκτέον μέντοι, ἔφη.

οὐδέν, ἦν δ' ἐγώ, τὸ σοφὸν μοι ἐγένετο τὴν τε τῶν γυναικῶν τῆς κτήσεως δυσχέρειαν ἐν τῷ πρόσθεν παραλιπόντι καὶ παιδογονίαν καὶ τὴν τῶν ἀρχόντων κατάστασιν, εἰδοῖτι ὥς ἐπίφθονός τε καὶ χαλεπὴ γίνεσθαι ἢ παντελῶς ἀληθής: νῦν γὰρ οὐδὲν ἦττον ἦλθεν τὸ δεῖν αὐτὰ διελθεῖν. [502e] καὶ τὰ μὲν δὴ τῶν γυναικῶν τε καὶ παίδων πεπέρανται, τὸ δὲ τῶν ἀρχόντων ὥσπερ ἐξ ἀρχῆς μετελθεῖν δεῖ. ἐλέγομεν [503a] δ', εἰ μνημονεύεις, δεῖν αὐτοὺς φιλοπόλιδάς τε φαίνεσθαι, βασανιζομένους ἐν ἡδοναῖς τε καὶ λύπαις, καὶ τὸ δόγμα τοῦτο μὴτ' ἐν πόνοις μὴτ' ἐν φόβοις μὴτ' ἐν ἄλλῃ μηδεμιᾷ μεταβολῇ φαίνεσθαι ἐκβάλλοντας, ἢ τὸν ἀδυνατοῦντα ἀποκριτέον, τὸν δὲ πανταχοῦ ἀκήρατον ἐκβαίνοντα ὥσπερ χρυσὸν ἐν πυρὶ βασανιζόμενον, στατέον ἄρχοντα καὶ γέρα δοτέον καὶ ζῶντι καὶ τελευτήσαντι καὶ ἄθλα. τοιαῦτ' ἅττα ἦν τὰ λεγόμενα παρεξιόντος καὶ παρακαλυπτομένου τοῦ [503b] λόγου, πεφοβημένου κινεῖν τὸ νῦν παρόν.

ἀληθέστατα, ἔφη, λέγεις: μέμνημαι γάρ.

ὅκνος γάρ, ἔφην, ὃ φίλε, ἐγώ, εἰπεῖν τὰ νῦν ἀποτετολμημένα: νῦν δὲ τοῦτο μὲν τετολμήσθω εἰπεῖν, ὅτι τοὺς ἀκριβεστάτους φύλακας φιλοσόφους δεῖ καθιστάναι.

εἰρήσθω γάρ, ἔφη.

νόησον δὴ ὥς εἰκότως ὀλίγοι ἔσονται σοι: ἦν γὰρ διήλθομεν φύσιν δεῖν ὑπάρχειν αὐτοῖς, εἰς ταῦτόν συμφέεσθαι αὐτῆς τὰ μέρη ὀλιγάκις ἐθέλει, τὰ πολλὰ δὲ διεσπασμένη φύεται. [503c]

πῶς, ἔφη, λέγεις;

εὐμαθεῖς καὶ μνήμονες καὶ ἀγχίνοι καὶ ὀξεῖς καὶ ὅσα ἄλλα τούτοις ἔπεται οἷσθ' ὅτι οὐκ ἐθέλουσιν ἅμα φύεσθαι καὶ νεανικοί τε καὶ μεγαλοπρεπεῖς τὰς διανοίας οἷοι κοσμίως μετὰ ἡσυχίας καὶ

βεβαιότητος ἐθέλειν ζῆν, ἀλλ' οἱ τοιοῦτοι ὑπὸ ὀξύτητος φέρονται ὅπη ἂν τύχωσιν, καὶ τὸ βέβαιον ἅπαν αὐτῶν ἐξοίχεται.

ἀληθῆ, ἔφη, λέγεις.

οὐκοῦν τὰ βέβαια αὖ ταῦτα ἦθη καὶ οὐκ εὐμετάβολα, οἷς [503d] ἂν τις μᾶλλον ὥς πιστοῖς χρήσαιτο, καὶ ἐν τῷ πολέμῳ πρὸς τοὺς φόβους δυσκίνητα ὄντα, πρὸς τὰς μαθήσεις αὖ ποιεῖ ταυτόν: δυσκινήτως ἔχει καὶ δυσμαθῶς ὥσπερ ἀπονεναρκωμένα, καὶ ὕπνου τε καὶ χάσμης ἐμπίμπλονται, ὅταν τι δέῃ τοιοῦτον διαπονεῖν.

ἔστι ταῦτα, ἔφη.

ἡμεῖς δέ γε φαμεν ἀμφοτέρων δεῖν εὖ τε καὶ καλῶς μετέχειν, ἢ μήτε παιδείας τῆς ἀκριβεστάτης δεῖν αὐτῷ μεταδιδόναι μήτε τιμῆς μήτε ἀρχῆς.

ὀρθῶς, ἢ δ' ὅς.

οὐκοῦν σπάνιον αὐτὸ οἶει ἔσεσθαι;

πῶς δ' οὐ; [503e]

βασανιστέον δὴ ἔν τε οἷς τότε ἐλέγομεν πόνοις τε καὶ φόβοις καὶ ἡδοναῖς, καὶ ἔτι δὴ ὁ τότε παρεῖμεν νῦν λέγομεν, ὅτι καὶ ἐν μαθήμασι πολλοῖς γυμνάζειν δεῖ, σκοποῦντας εἰ καὶ τὰ μέγιστα μαθήματα δυνατὴ ἔσται ἐνεργεῖν εἴτε καὶ [504a] ἀποδειλιάσει, ὥσπερ οἱ ἐν τοῖς ἄλλοις ἀποδειλιῶντες.

πρέπει γέ τοι δὴ, ἔφη, οὕτω σκοπεῖν. ἀλλὰ ποῖα δὴ λέγεις μαθήματα μέγιστα;

μνημονεύεις μὲν που, ἦν δ' ἐγώ, ὅτι τριττὰ εἶδη ψυχῆς διαστησάμενοι συνεπιβάζομεν δικαιοσύνης τε πέρι καὶ σωφροσύνης καὶ ἀνδρείας καὶ σοφίας ὁ ἕκαστον εἶη.

μὴ γὰρ μνημονεύων, ἔφη, τὰ λοιπὰ ἂν εἶην δίκαιος μὴ ἀκούειν.

ἢ καὶ τὸ προρρηθὲν αὐτῶν;

τὸ ποῖον δὴ; [504b]

ἐλέγομέν που ὅτι ὥς μὲν δυνατόν ἦν κάλλιστα αὐτὰ κατιδεῖν ἄλλη μακροτέρα εἶη περίοδος, ἣν περιελθόντι καταφανῆ γίγνοιτο, τῶν μέντοι ἔμπροσθεν προειρημένων ἐπομένας ἀποδείξεις οἷόν τ' εἶη προσάψαι. καὶ ὑμεῖς ἐξαρκεῖν ἔφατε, καὶ οὕτω δὴ ἐρρήθη τὰ τότε τῆς μὲν ἀκριβείας, ὥς ἐμοὶ ἐφαίνετο, ἐλλιπῆ, εἰ δὲ ὑμῖν ἀρεσκόντως, ὑμεῖς ἂν τοῦτο εἴποιτε.

ἀλλ' ἔμοιγε, ἔφη, μετρίως: ἐφαίνετο μὴν καὶ τοῖς ἄλλοις. [504c]

ἀλλ', ὦ φίλε, ἦν δ' ἐγώ, μέτρον τῶν τοιούτων ἀπολεῖπον καὶ ὅτι οὖν τοῦ ὄντος οὐ πάνυ μετρίως γίγνεται: ἀτελὲς γὰρ οὐδὲν οὐδενὸς μέτρον. δοκεῖ δ' ἐνιότη τίσιν ἱκανῶς ἤδη ἔχειν καὶ οὐδὲν δεῖν περαιτέρω ζητεῖν.

καὶ μάλ', ἔφη, συχνοὶ πάσχουσιν αὐτὸ διὰ ῥαθυμίαν.

τούτου δέ γε, ἦν δ' ἐγώ, τοῦ παθήματος ἥκιστα προσδεῖ φύλακι πόλεώς τε καὶ νόμων.

εἰκός, ἦ δ' ὅς.

τὴν μακροτέραν τοίνυν, ὦ ἑταῖρε, ἔφην, περιτέον τῷ [504d] τοιούτῳ, καὶ οὐχ ἥττον μανθάνοντι πονητέον ἢ γυμναζομένῳ: ἦ, ὁ νυνδὴ ἐλέγομεν, τοῦ μεγίστου τε καὶ μάλιστα προσήκοντος μαθήματος ἐπὶ τέλος οὐποτε ἤξει.

οὐ γὰρ ταῦτα, ἔφη, μέγιστα, ἀλλ' ἔτι τι μεῖζον δικαιοσύνης τε καὶ ὧν διήλθομεν;

καὶ μεῖζον, ἦν δ' ἐγώ, καὶ αὐτῶν τούτων οὐχ ὑπογραφὴν δεῖ ὥσπερ νῦν θεάσασθαι, ἀλλὰ τὴν τελεωτάτην ἀπεργασίαν μὴ παριέναι. ἦ οὐ γελοῖον ἐπὶ μὲν ἄλλοις σμικροῦ ἀξίους [504e] πᾶν ποιεῖν συντετινομένους ὅπως ὅτι ἀκριβέστατα καὶ καθαρώτατα ἔξει, τῶν δὲ μεγίστων μὴ μεγίστας ἀξιοῦν εἶναι καὶ τὰς ἀκριβείας;

καὶ μάλα, ἔφη, [ἄξιον τὸ διανόημα} }]: ὁ μέντοι μέγιστον μάθημα καὶ περὶ ὅτι αὐτὸ λέγεις, οἶει τιν' ἂν σε, ἔφη, ἀφεῖναι μὴ ἐρωτήσαντα τί ἐστιν;

οὐ πάνυ, ἦν δ' ἐγώ, ἀλλὰ καὶ σὺ ἐρώτα. πάντως αὐτὸ οὐκ ὀλιγάκις

ἀκήκοας, νῦν δὲ ἢ οὐκ ἐννοεῖς ἢ αὖ διανοῇ [505a] ἐμοὶ πράγματα παρέχειν ἀντιλαμβανόμενος. οἶμαι δὲ τοῦτο μᾶλλον: ἐπεὶ ὅτι γε ἡ τοῦ ἀγαθοῦ ἰδέα μέγιστον μάθημα, πολλάκις ἀκήκοας, ἢ δὴ καὶ δίκαια καὶ τᾶλλα προσχρησάμενα χρήσιμα καὶ ὠφέλιμα γίνονται. καὶ νῦν σχεδὸν οἶσθ' ὅτι μέλλω τοῦτο λέγειν, καὶ πρὸς τούτῳ ὅτι αὐτὴν οὐχ ἱκανῶς ἴσμεν: εἰ δὲ μὴ ἴσμεν, ἄνευ δὲ ταύτης εἰ ὅτι μάλιστα τᾶλλα ἐπισταίμεθα, οἶσθ' ὅτι οὐδὲν ἡμῖν ὄφελος, ὥσπερ οὐδ' εἰ [505b] κεκτήμεθα τι ἄνευ τοῦ ἀγαθοῦ. ἢ οἶε τι πλεον εἶναι πᾶσαν κτῆσιν ἐκτῆσθαι, μὴ μέντοι ἀγαθὴν; ἢ πάντα τᾶλλα φρονεῖν ἄνευ τοῦ ἀγαθοῦ, καλὸν δὲ καὶ ἀγαθὸν μηδὲν φρονεῖν;

μὰ Δί' οὐκ ἔγωγ', ἔφη.

ἀλλὰ μὴν καὶ τόδε γε οἶσθα, ὅτι τοῖς μὲν πολλοῖς ἡδονὴ δοκεῖ εἶναι τὸ ἀγαθόν, τοῖς δὲ κομψτέροις φρόνησις.

πῶς δ' οὔ;

καὶ ὅτι γε, ὦ φίλε, οἱ τοῦτο ἡγούμενοι οὐκ ἔχουσι δεῖξαι ἥτις φρόνησις, ἀλλ' ἀναγκάζονται τελευτῶντες τὴν τοῦ ἀγαθοῦ φάναι.

καὶ μάλα, ἔφη, γελοίως. [505c]

πῶς γὰρ οὐχί, ἦν δ' ἐγώ, εἰ ὀνειδίζοντές γε ὅτι οὐκ ἴσμεν τὸ ἀγαθὸν λέγουσι πάλιν ὥς εἰδόσιν; φρόνησιν γὰρ αὐτό φασι εἶναι ἀγαθοῦ, ὥς αὖ συνιέντων ἡμῶν ὅτι λέγουσιν, ἐπειδὴν τὸ τοῦ ἀγαθοῦ φθέγγονται ὄνομα.

ἀληθέστατα, ἔφη.

τί δὲ οἱ τὴν ἡδονὴν ἀγαθὸν ὀριζόμενοι; μὴν μὴ τι ἐλάττονος πλάνης ἔμπλεω τῶν ἐτέρων; ἢ οὐ καὶ οὗτοι ἀναγκάζονται ὁμολογεῖν ἡδονὰς εἶναι κακάς;

σφόδρα γε.

συμβαίνει δὴ αὐτοῖς οἶμαι ὁμολογεῖν ἀγαθὰ εἶναι καὶ κακὰ ταυτά. ἢ γάρ; [505d]

τί μήν;

οὐκοῦν ὅτι μὲν μεγάλαι καὶ πολλαὶ ἀμφισβητήσεις περὶ αὐτοῦ,
φανερόν;

πῶς γὰρ οὐ;

τί δέ; τόδε οὐ φανερόν, ὥς δίκαια μὲν καὶ καλὰ πολλοὶ ἂν ἔλαιντο τὰ
δοκοῦντα, κἂν <εἰ> μὴ εἴη, ὅμως ταῦτα πράττειν καὶ κεκτηῖσθαι καὶ
δοκεῖν, ἀγαθὰ δὲ οὐδενὶ ἔτι ἀρκεῖ τὰ δοκοῦντα κτᾶσθαι, ἀλλὰ τὰ
ὄντα ζητοῦσιν, τὴν δὲ δόξαν ἐνταῦθα ἤδη πᾶς ἀτιμάζει;

καὶ μάλα, ἔφη.

ὁ δὲ διώκει μὲν ἅπαντα ψυχὴ καὶ τούτου ἔνεκα πάντα [505e] πράττει,
ἀπομαντευομένη τι εἶναι, ἀποροῦσα δὲ καὶ οὐκ ἔχουσα λαβεῖν
ἱκανῶς τί ποτ' ἐστὶν οὐδὲ πίστει χρῆσασθαι μονίμῳ οἷα καὶ περὶ
τᾶλλα, διὰ τοῦτο δὲ ἀποτυγχάνει καὶ τῶν ἄλλων εἴ τι ὄφελος ἦν, περὶ
δὴ τὸ τοιοῦτον καὶ τοσοῦτον [506a] οὕτω φῶμεν δεῖν ἐσκοτῶσθαι
καὶ ἐκείνους τοὺς βελτίστους ἐν τῇ πόλει, οἷς πάντα ἐγχειριοῦμεν;

ἥκιστα γ', ἔφη.

οἶμαι γοῦν, εἶπον, δίκαιά τε καὶ καλὰ ἀγνοούμενα ὅπη ποτὲ ἀγαθὰ
ἐστίν, οὐ πολλοῦ τινος ἄξιον φύλακα κεκτηῖσθαι ἂν ἑαυτῶν τὸν τοῦτο
ἀγνοοῦντα: μαντεύομαι δὲ μηδένα αὐτὰ πρότερον γνῶσεσθαι
ἱκανῶς.

καλῶς γάρ, ἔφη, μαντεύη.

οὐκοῦν ἡμῖν ἡ πολιτεία τελέως κεκοσμήσεται, ἐὰν ὁ [506b] τοιοῦτος
αὐτὴν ἐπισκοπῇ φύλαξ, ὁ τούτων ἐπιστήμων;

ἀνάγκη, ἔφη. ἀλλὰ σὺ δὴ, ὦ Σώκρατες, πότερον ἐπιστήμην τὸ
ἀγαθὸν φῆς εἶναι ἢ ἡδονήν, ἢ ἄλλο τι παρὰ ταῦτα;

οὗτος, ἦν δ' ἐγώ, ἀνὴρ, καλῶς ἦσθα καὶ πάλαι καταφανὴς ὅτι σοὶ
οὐκ ἀποχρήσοι τὸ τοῖς ἄλλοις δοκοῦν περὶ αὐτῶν.

οὐδὲ γὰρ δίκαιόν μοι, ἔφη, ὦ Σώκρατες, φαίνεται τὰ τῶν ἄλλων μὲν
ἔχειν εἰπεῖν δόγματα, τὸ δ' αὐτοῦ μή, τοσοῦτον [506c] χρόνον περὶ
ταῦτα πραγματευόμενον.

τί δέ; ἦν δ' ἐγώ: δοκεῖ σοι δίκαιον εἶναι περὶ ὧν τις μὴ οἶδεν λέγειν ὥς εἰδότα;

οὐδαμῶς γ', ἔφη, ὥς εἰδότα, ὥς μέντοι οἰόμενον ταῦθ' ἃ οἶεται ἐθέλειν λέγειν.

τί δέ; εἶπον: οὐκ ἥσθησαι τὰς ἄνευ ἐπιστήμης δόξας, ὥς πᾶσαι αἰσχυραί; ὧν αἱ βέλτισται τυφλαί-ἣ δοκοῦσί τί σοι τυφλῶν διαφέρειν ὁδὸν ὀρθῶς πορευομένων οἱ ἄνευ νοῦ ἀληθές τι δοξάζοντες;

οὐδέν, ἔφη.

βούλει οὖν αἰσχυρὰ θεάσασθαι, τυφλά τε καὶ σκολιά, ἐξὸν [506d] παρ' ἄλλων ἀκούειν φανὰ τε καὶ καλὰ;

μὴ πρὸς Διός, ἣ δ' ὅς, ὦ Σώκρατες, ὁ Γλαύκων, ὥσπερ ἐπὶ τέλει ὦν ἀποστῆς. ἀρκέσει γὰρ ἡμῖν, κἂν ὥσπερ δικαιοσύνης πέρι καὶ σωφροσύνης καὶ τῶν ἄλλων διηλθες, οὕτω καὶ περὶ τοῦ ἀγαθοῦ διέλθης.

καὶ γὰρ ἐμοί, ἦν δ' ἐγώ, ὦ ἐταῖρε, καὶ μάλα ἀρκέσει: ἀλλ' ὅπως μὴ οὐχ οἷός τ' ἔσομαι, προθυμούμενος δὲ ἀσχημονῶν γέλωτα ὀφλήσω. ἀλλ', ὦ μακάριοι, αὐτὸ μὲν τί ποτ' [506e] ἐστὶ τὰγαθὸν εἰσώμεν τὸ νῦν εἶναι-πλέον γάρ μοι φαίνεται ἢ κατὰ τὴν παροῦσαν ὁρμὴν ἐφικέσθαι τοῦ γε δοκοῦντος ἐμοί τὰ νῦν-ὅς δὲ ἔκγονός τε τοῦ ἀγαθοῦ φαίνεται καὶ ὁμοιότατος ἐκείνῳ, λέγειν ἐθέλω, εἰ καὶ ὑμῖν φίλον, εἰ δὲ μή, ἐάν.

ἀλλ', ἔφη, λέγε: εἰς αὐθις γὰρ τοῦ πατρὸς ἀποτείσεις τὴν διήγησιν. [507a]

βουλοίμην ἄν, εἶπον, ἐμέ τε δύνασθαι αὐτὴν ἀποδοῦναι καὶ ὑμᾶς κομίσασθαι, ἀλλὰ μὴ ὥσπερ νῦν τοὺς τόκους μόνον. τοῦτον δὲ δὴ οὖν τὸν τόκον τε καὶ ἔκγονον αὐτοῦ τοῦ ἀγαθοῦ κομίσασθε. εὐλαβεῖσθε μέντοι μή πη ἐξαπατήσω ὑμᾶς ἄκων, κίβδηλον ἀποδιδούς τὸν λόγον τοῦ τόκου.

εὐλαβησόμεθα, ἔφη, κατὰ δύναμιν: ἀλλὰ μόνον λέγε.

διομολογησάμενός γ' ἔφην ἐγώ, καὶ ἀναμνήσας ὑμᾶς τά τ' ἐν τοῖς

ἔμπροσθεν ῥηθέντα καὶ ἄλλοτε ἤδη πολλάκις εἰρημένα. [507b]

τὰ ποῖα; ἦ δ' ὅς.

πολλὰ καλά, ἦν δ' ἐγώ, καὶ πολλὰ ἀγαθὰ καὶ ἕκαστα οὕτως εἶναι
φαμέν τε καὶ διορίζομεν τῷ λόγῳ.

φαμέν γάρ.

καὶ αὐτὸ δὴ καλὸν καὶ αὐτὸ ἀγαθόν, καὶ οὕτω περὶ πάντων ἃ τότε ὡς
πολλὰ ἐτίθεμεν, πάλιν αὖ κατ' ἰδέαν μίαν ἐκάστου ὡς μιᾶς οὔσης
τιθέντες, “ὃ ἔστιν” ἕκαστον προσαγορεύομεν.

ἔστι ταῦτα.

καὶ τὰ μὲν δὴ ὀρθῶσθαί φαμεν, νοεῖσθαι δ' οὐ, τὰς δ' αὖ ιδέας
νοεῖσθαι μὲν, ὀρθῶσθαι δ' οὐ.

παντάπασι μὲν οὖν. [507c]

τῷ οὖν ὀρθῶμεν ἡμῶν αὐτῶν τὰ ὀρώμενα;

τῇ ὀψει, ἔφη.

οὐκοῦν, ἦν δ' ἐγώ, καὶ ἀκοῇ τὰ ἀκουόμενα, καὶ ταῖς ἄλλαις
αἰσθήσεσι πάντα τὰ αἰσθητά;

τί μήν;

ἄρ' οὖν, ἦν δ' ἐγώ, ἐννενόηκας τὸν τῶν αἰσθήσεων δημιουργὸν ὅσῳ
πολυτελεστάτην τὴν τοῦ ὀρθᾶν τε καὶ ὀρθῶσθαι δύναμιν
ἐδημιούργησεν;

οὐ πάνυ, ἔφη.

ἀλλ' ὧδε σκόπει. ἔστιν ὅτι προσδεῖ ἀκοῇ καὶ φωνῇ γένους ἄλλου εἰς
τὸ τὴν μὲν ἀκούειν, τὴν δὲ ἀκούεσθαι, ὃ [507d] ἐὰν μὴ παραγένηται
τρίτον, ἢ μὲν οὐκ ἀκούσεται, ἢ δὲ οὐκ ἀκουσθήσεται;

οὐδενός, ἔφη.

οἶμαι δέ γε, ἦν δ' ἐγώ, οὐδ' ἄλλαις πολλαῖς, ἵνα μὴ εἴπω ὅτι οὐδεμιᾶ,
τοιούτου προσδεῖ οὐδενός. ἢ σύ τινα ἔχεις εἰπεῖν;

οὐκ ἔγωγε, ἦ δ' ὅς.

τὴν δὲ τῆς ὄψεως καὶ τοῦ ὁρατοῦ οὐκ ἐννοεῖς ὅτι προσδεῖται;

πῶς;

ἐνούσης που ἐν ὄμμασιν ὄψεως καὶ ἐπιχειροῦντος τοῦ ἔχοντος
χρησθαι αὐτῇ, παρούσης δὲ χροῶς ἐν αὐτοῖς, ἐὰν μὴ [507e]
παραγένηται γένος τρίτον ἰδίᾳ ἐπ' αὐτὸ τοῦτο πεφυκός, οἶσθα ὅτι ἡ
τε ὄψις οὐδὲν ὄψεται, τὰ τε χρώματα ἔσται ἀόρατα.

τίνος δὴ λέγεις, ἔφη, τούτου;

ὁ δὴ σὺ καλεῖς, ἦν δ' ἐγώ, φῶς.

ἀληθῆ, ἔφη, λέγεις.

οὐ σμικρὰ ἄρα ἰδέα ἡ τοῦ ὁρᾶν αἰσθησις καὶ ἡ τοῦ ὁρᾶσθαι [508a]
δύναμις τῶν ἄλλων συζεύξεων τιμιωτέρῳ ζυγῷ ἐζύγησαν, εἴπερ μὴ
ἄτιμον τὸ φῶς.

ἀλλὰ μήν, ἔφη, πολλοῦ γε δεῖ ἄτιμον εἶναι.

τίνα οὖν ἔχεις αἰτιάσασθαι τῶν ἐν οὐρανῷ θεῶν τούτου κύριον, οὗ
ἡμῖν τὸ φῶς ὄψιν τε ποιεῖ ὁρᾶν ὅτι κάλλιστα καὶ τὰ ὀρώμενα
ὁρᾶσθαι;

ὄνπερ καὶ σύ, ἔφη, καὶ οἱ ἄλλοι: τὸν ἥλιον γὰρ δηλὸν ὅτι ἐρωτᾷς.

ἄρ' οὖν ὧδε πέφυκεν ὄψις πρὸς τοῦτον τὸν θεόν;

πῶς;

οὐκ ἔστιν ἥλιος ἡ ὄψις οὔτε αὐτὴ οὔτ' ἐν ᾧ ἐγγίγνεται, ὁ [508b] δὲ
καλοῦμεν ὄμμα.

οὐ γὰρ οὖν.

ἀλλ' ἡλιοειδέστατόν γε οἶμαι τῶν περὶ τὰς αἰσθήσεις ὀργάνων.

πολύ γε.

οὐκοῦν καὶ τὴν δύναμιν ἣν ἔχει ἐκ τούτου ταμειομένην ὥσπερ

ἐπίρρυτον κέκτηται;

πάνυ μὲν οὖν.

ἄρ' οὖν οὐ καὶ ὁ ἥλιος ὄψις μὲν οὐκ ἔστιν, αἴτιος δ' ὢν αὐτῆς ὁράται
ὑπ' αὐτῆς ταύτης;

οὕτως, ἢ δ' ὅς.

τοῦτον τοίνυν, ἦν δ' ἐγώ, φάναι με λέγειν τὸν τοῦ ἀγαθοῦ ἔκγονον,
ὃν τὰγαθὸν ἐγέννησεν ἀνάλογον ἑαυτῷ, ὅτιπερ αὐτὸ [508c] ἐν τῷ
νοητῷ τόπῳ πρὸς τε νοῦν καὶ τὰ νοούμενα, τοῦτο τοῦτον ἐν τῷ
ὁρατῷ πρὸς τε ὄψιν καὶ τὰ ὁρώμενα.

πῶς; ἔφη: ἔτι διέλθέ μοι.

ὀφθαλμοί, ἦν δ' ἐγώ, οἷσθ' ὅτι, ὅταν μηκέτι ἐπ' ἐκεῖνά τις αὐτοὺς
τρέπη ὣν ἂν τὰς χρόας τὸ ἡμερινὸν φῶς ἐπέχη, ἀλλὰ ὣν νυκτερινὰ
φέγγη, ἀμβλυώττουσί τε καὶ ἐγγὺς φαίνονται τυφλῶν, ὥσπερ οὐκ
ἐνούσης καθαρᾶς ὀψεως;

καὶ μάλα, ἔφη. [508d]

ὅταν δέ γ' οἶμαι ὣν ὁ ἥλιος καταλάμπει, σαφῶς ὁρῶσι, καὶ τοῖς
αὐτοῖς τούτοις ὁμμασιν ἐνούσα φαίνεται.

τί μὴν;

οὕτω τοίνυν καὶ τὸ τῆς ψυχῆς ὧδε νόει: ὅταν μὲν οὗ καταλάμπει
ἀλήθειά τε καὶ τὸ ὄν, εἰς τοῦτο ἀπερείσῃται, ἐνόησέν τε καὶ ἔγνω
αὐτὸ καὶ νοῦν ἔχειν φαίνεται: ὅταν δέ εἰς τὸ τῷ σκότῳ κεκραμένον,
τὸ γιγνόμενόν τε καὶ ἀπολλύμενον, δοξάζει τε καὶ ἀμβλυώττει ἄνω
καὶ κάτω τὰς δόξας μεταβάλλον, καὶ ἔοικεν αὖ νοῦν οὐκ ἔχοντι.

ἔοικε γάρ. [508e]

τοῦτο τοίνυν τὸ τὴν ἀλήθειαν παρέχον τοῖς γινωσκομένοις καὶ τῷ
γινώσκοντι τὴν δύναμιν ἀποδιδὼν τὴν τοῦ ἀγαθοῦ ιδέαν φάθι εἶναι:
αἰτίαν δ' ἐπιστήμης οὔσαν καὶ ἀληθείας, ὥς γινωσκομένης μὲν
διανοοῦ, οὕτω δὲ καλῶν ἀμφοτέρων ὄντων, γνώσεώς τε καὶ
ἀληθείας, ἄλλο καὶ κάλλιον ἔτι τούτων ἡγούμενος αὐτὸ ὀρθῶς

ήγήση: ἐπιστήμην [509a] δὲ καὶ ἀλήθειαν, ὥσπερ ἐκεῖ φῶς τε καὶ ὄψιν ἡλιοειδῇ μὲν νομίζειν ὀρθόν, ἥλιον δ' ἡγεῖσθαι οὐκ ὀρθῶς ἔχει, οὕτω καὶ ἐνταῦθα ἀγαθοειδῇ μὲν νομίζειν ταῦτ' ἀμφοτέρω ὀρθόν, ἀγαθὸν δὲ ἡγεῖσθαι ὁπότερον αὐτῶν οὐκ ὀρθόν, ἀλλ' ἔτι μειζρόνως τιμητέον τὴν τοῦ ἀγαθοῦ ἕξιν.

ἀμήχανον κάλλος, ἔφη, λέγεις, εἰ ἐπιστήμην μὲν καὶ ἀλήθειαν παρέχει, αὐτὸ δ' ὑπὲρ ταῦτα κάλλει ἐστίν: οὐ γὰρ δήπου σύ γε ἡδονὴν αὐτὸ λέγεις.

εὐφήμει, ἦν δ' ἐγώ: ἀλλ' ὧδε μᾶλλον τὴν εἰκόνα αὐτοῦ ἔτι ἐπισκόπει. [509b]

πῶς;

τὸν ἥλιον τοῖς ὁρωμένοις οὐ μόνον οἶμαι τὴν τοῦ ὀραῖσθαι δύναμιν παρέχειν φήσεις, ἀλλὰ καὶ τὴν γένεσιν καὶ αὔξην καὶ τροφήν, οὐ γένεσιν αὐτὸν ὄντα.

πῶς γάρ;

καὶ τοῖς γιγνωσκομένοις τοίνυν μὴ μόνον τὸ γινώσκεισθαι φάναι ὑπὸ τοῦ ἀγαθοῦ παρεῖναι, ἀλλὰ καὶ τὸ εἶναι τε καὶ τὴν οὐσίαν ὑπ' ἐκείνου αὐτοῖς προσεῖναι, οὐκ οὐσίας ὄντος τοῦ ἀγαθοῦ, ἀλλ' ἔτι ἐπέκεινα τῆς οὐσίας πρεσβεία καὶ δυνάμει ὑπερέχοντος. [509c]

καὶ ὁ Γλαῦκων μάλα γελοίως, Ἄπολλων, ἔφη, δαιμονίας ὑπερβολῆς.

σὺ γάρ, ἦν δ' ἐγώ, αἴτιος, ἀναγκάζων τὰ ἐμοὶ δοκοῦντα περὶ αὐτοῦ λέγειν.

καὶ μηδαμῶς γ', ἔφη, παύσῃ, εἰ μή τι, ἀλλὰ τὴν περὶ τὸν ἥλιον ὁμοιότητα αὐτῷ διεξιὼν, εἴ πῃ ἀπολείπεις.

ἀλλὰ μήν, εἶπον, συχνά γε ἀπολείπω.

μηδὲ σμικρὸν τοίνυν, ἔφη, παραλίπῃς.

οἶμαι μὲν, ἦν δ' ἐγώ, καὶ πολὺ: ὅμως δέ, ὅσα γ' ἐν τῷ παρόντι δυνατόν, ἐκὼν οὐκ ἀπολείψω.

μη γάρ, ἔφη. [509d]

νόησον τοίνυν, ἦν δ' ἐγώ, ὥσπερ λέγομεν, δύο αὐτὰ εἶναι, καὶ βασιλεύειν τὸ μὲν νοητοῦ γένους τε καὶ τόπου, τὸ δ' αὖ ὁρατοῦ, ἵνα μὴ οὐρανοῦ εἰπὼν δόξω σοι σοφίζεσθαι περὶ τὸ ὄνομα. ἀλλ' οὖν ἔχεις ταῦτα διττὰ εἶδη, ὁρατόν, νοητόν;

ἔχω.

ὥσπερ τοίνυν γραμμὴν δίχα τετμημένην λαβὼν ἄνισα τμήματα, πάλιν τέμνε ἐκάτερον τὸ τμήμα ἀνὰ τὸν αὐτὸν λόγον, τό τε τοῦ ὀρωμένου γένους καὶ τὸ τοῦ νοουμένου, καὶ σοι ἔσται σαφηνεῖα καὶ ἀσαφεία πρὸς ἄλληλα ἐν μὲν τῷ ὀρωμένῳ [509e] τὸ μὲν ἕτερον τμήμα εἰκόνες-λέγω δὲ τὰς εἰκόνας πρῶτον [510a] μὲν τὰς σκιάς, ἔπειτα τὰ ἐν τοῖς ὕδασι φαντάσματα καὶ ἐν τοῖς ὅσα πυκνά τε καὶ λεῖα καὶ φανὰ συνέστηκεν, καὶ πᾶν τὸ τοιοῦτον, εἰ κατανοεῖς.

ἀλλὰ κατανοῶ.

τὸ τοίνυν ἕτερον τίθει ὧ τοῦτο ἔοικεν, τά τε περὶ ἡμᾶς ζῶς καὶ πᾶν τὸ φυτευτὸν καὶ τὸ σκευαστὸν ὅλον γένος.

τίθημι, ἔφη.

ἦ καὶ ἐθέλοις ἂν αὐτὸ φάναι, ἦν δ' ἐγώ, διηρηῆσθαι ἀληθεία τε καὶ μή, ὥς τὸ δοξαστὸν πρὸς τὸ γνωστόν, οὕτω τὸ ὁμοιωθὲν πρὸς τὸ ὧ ὁμοιώθη; [510b]

ἔγωγ', ἔφη, καὶ μάλα.

σκόπει δὴ αὖ καὶ τὴν τοῦ νοητοῦ τομὴν ἢ τμητέον.

πῆ;

ἦι τὸ μὲν αὐτοῦ τοῖς τότε μιμηθεῖσιν ὥς εἰκόσιν χρωμένη ψυχὴ ζητεῖν ἀναγκάζεται ἐξ ὑποθέσεων, οὐκ ἐπ' ἀρχὴν πορευομένη ἀλλ' ἐπὶ τελευτῇ, τὸ δ' αὖ ἕτερον-τὸ ἐπ' ἀρχὴν ἀνυπόθετον-ἐξ ὑποθέσεως ἰοῦσα καὶ ἄνευ τῶν περὶ ἐκεῖνο εἰκόνων, αὐτοῖς εἶδεσι δι' αὐτῶν τὴν μέθοδον ποιουμένη.

ταῦτ', ἔφη, ἃ λέγεις, οὐχ ἱκανῶς ἔμαθον. [510c]

ἀλλ' αὐθις, ἣν δ' ἐγώ: ῥᾶον γὰρ τούτων προειρημένων μαθήσῃ. οἶμαι γάρ σε εἰδέναι ὅτι οἱ περὶ τὰς γεωμετρίας τε καὶ λογισμοὺς καὶ τὰ τοιαῦτα πραγματευόμενοι, ὑποθέμενοι τό τε περιττὸν καὶ τὸ ἄρτιον καὶ τὰ σχήματα καὶ γωνιῶν τριττὰ εἶδη καὶ ἄλλα τούτων ἀδελφὰ καθ' ἐκάστην μέθοδον, ταῦτα μὲν ὡς εἰδότες, ποιησάμενοι ὑποθέσεις αὐτά, οὐδένα λόγον οὔτε αὐτοῖς οὔτε ἄλλοις ἔτι ἀξιοῦσι περὶ αὐτῶν διδόναι [510d] ὡς παντὶ φανερῶν, ἐκ τούτων δ' ἀρχόμενοι τὰ λοιπὰ ἤδη διεξιόντες τελευτῶσιν ὁμολογουμένως ἐπὶ τοῦτο οὗ ἂν ἐπὶ σκέψιν ὁρμήσωσι.

πάνυ μὲν οὖν, ἔφη, τοῦτό γε οἶδα.

οὐκοῦν καὶ ὅτι τοῖς ὀρωμένοις εἵδεσι προσχρῶνται καὶ τοὺς λόγους περὶ αὐτῶν ποιοῦνται, οὐ περὶ τούτων διανοοῦμενοι, ἀλλ' ἐκείνων πέρι οἷς ταῦτα ἔοικε, τοῦ τετραγώνου αὐτοῦ ἔνεκα τοὺς λόγους ποιοῦμενοι καὶ διαμέτρου αὐτῆς, ἀλλ' οὐ [510e] ταύτης ἦν γράφουσιν, καὶ τᾶλλα οὕτως, αὐτὰ μὲν ταῦτα ἃ πλάττουσιν τε καὶ γράφουσιν, ὧν καὶ σκιαὶ καὶ ἐν ὕδασι εἰκόνες εἰσίν, τούτοις μὲν ὡς εἰκόσιν αὐτῶν χρώμενοι, ζητοῦντες [511a] δὲ αὐτὰ ἐκεῖνα ἰδεῖν ἃ οὐκ ἂν ἄλλως ἴδοι τις ἢ τῇ διανοίᾳ.

ἀληθῆ, ἔφη, λέγεις.

τοῦτο τοίνυν νοητὸν μὲν τὸ εἶδος ἔλεγον, ὑποθέσεις δ' ἀναγκαζομένην ψυχὴν χρῆσθαι περὶ τὴν ζητήσιν αὐτοῦ, οὐκ ἐπ' ἀρχὴν ἰοῦσαν, ὡς οὐ δυναμένην τῶν ὑποθέσεων ἀνωτέρω ἐκβαίνειν, εἰκόσι δὲ χρωμένην αὐτοῖς τοῖς ὑπὸ τῶν κάτω ἀπεικασθεῖσιν καὶ ἐκείνοις πρὸς ἐκεῖνα ὡς ἐναργέσι δεδοξασμένοις τε καὶ τετιμημένοις. [511b]

μανθάνω, ἔφη, ὅτι τὸ ὑπὸ ταῖς γεωμετρίαις τε καὶ ταῖς ταύτης ἀδελφαῖς τέχναις λέγεις.

τὸ τοίνυν ἕτερον μάνθανε τμήμα τοῦ νοητοῦ λέγοντά με τοῦτο οὗ αὐτὸς ὁ λόγος ἄπτεται τῇ τοῦ διαλέγεσθαι δυνάμει, τὰς ὑποθέσεις ποιοῦμενος οὐκ ἀρχὰς ἀλλὰ τῷ ὄντι ὑποθέσεις, οἷον ἐπιβάσεις τε καὶ ὁρμάς, ἵνα μέχρι τοῦ ἀνυποθέτου ἐπὶ τὴν τοῦ παντὸς ἀρχὴν ἰών, ἀψάμενος αὐτῆς, πάλιν αὐτῷ ἐχόμενος τῶν ἐκείνης ἐχομένων, οὕτως ἐπὶ τελευτὴν καταβαίῃ, [511c] αἰσθητῷ παντάπασιν οὐδενί

προσχωρόμενος, ἀλλ' εἶδεν αὐτοῖς δι' αὐτῶν εἰς αὐτά, καὶ τελευτᾷ εἰς εἶδη.

μανθάνω, ἔφη, ἱκανῶς μὲν οὐ-δοκεῖς γάρ μοι συχνὸν ἔργον λέγειν-
ὅτι μέντοι βούλει διορίζειν σαφέστερον εἶναι τὸ ὑπὸ τῆς τοῦ
διαλέγεσθαι ἐπιστήμης τοῦ ὄντος τε καὶ νοητοῦ θεωρούμενον ἢ τὸ
ὑπὸ τῶν τεχνῶν καλουμένων, αἷς αἱ ὑποθέσεις ἀρχαὶ καὶ διανοίᾳ μὲν
ἀναγκάζονται ἀλλὰ μὴ αἰσθήσεσιν αὐτὰ θεᾶσθαι οἱ θεώμενοι, διὰ δὲ
τὸ μὴ ἐπ' ἀρχὴν [511d] ἀνελθόντες σκοπεῖν ἀλλ' ἐξ ὑποθέσεων, νοῦν
οὐκ ἴσχειν περὶ αὐτὰ δοκοῦσί σοι, καίτοι νοητῶν ὄντων μετὰ ἀρχῆς.
διάνοιαν δὲ καλεῖν μοι δοκεῖς τὴν τῶν γεωμετρικῶν τε καὶ τὴν τῶν
τοιούτων ἕξιν ἀλλ' οὐ νοῦν, ὥς μεταξὺ τι δόξης τε καὶ νοῦ τὴν
διάνοιαν οὔσαν.

ἱκανώτατα, ἦν δ' ἐγώ, ἀπεδέξω. καί μοι ἐπὶ τοῖς τέτταρσι τμήμασι
τέτταρα ταῦτα παθήματα ἐν τῇ ψυχῇ γιγνόμενα λαβέ, νόησιν μὲν ἐπὶ
τῷ ἀνωτάτῳ, διάνοιαν [511e] δὲ ἐπὶ τῷ δευτέρῳ, τῷ τρίτῳ δὲ πίστιν
ἀπόδος καὶ τῷ τελευταίῳ εἰκασίαν, καὶ τάξον αὐτὰ ἀνὰ λόγον, ὥσπερ
ἐφ' οἷς ἐστὶν ἀληθείας μετέχει, οὕτω ταῦτα σαφηνείας ἡγησάμενος
μετέχειν.

μανθάνω, ἔφη, καὶ συγχωρῶ καὶ τάττω ὥς λέγεις.

Πολιτεία Ζ

Σωκράτης, Γλαύκων

[514a] μετὰ ταῦτα δὴ, εἶπον, ἀπείκασον τοιοῦτῳ πάθει τὴν ἡμετέραν φύσιν παιδείας τε πέρι καὶ ἀπαιδευσίας. ἰδὲ γὰρ ἀνθρώπους οἷον ἐν καταγείῳ οἰκῆσει σπηλαιώδει, ἀναπεπταμένην πρὸς τὸ φῶς τὴν εἴσοδον ἐχούσῃ μακρὰν παρὰ πᾶν τὸ σπήλαιον, ἐν ταύτῃ ἐκ παίδων ὄντας ἐν δεσμοῖς καὶ τὰ σκέλη καὶ τοὺς αὐχένας, ὥστε μένειν τε αὐτοὺς εἷς τε τὸ [514b] πρόσθεν μόνον ὄραν, κύκλῳ δὲ τὰς κεφαλὰς ὑπὸ τοῦ δεσμοῦ ἀδυνάτους περιάγειν, φῶς δὲ αὐτοῖς πυρὸς ἄνωθεν καὶ πόρρωθεν καόμενον ὀπίσθεν αὐτῶν, μεταξὺ δὲ τοῦ πυρὸς καὶ τῶν δεσμωτῶν ἐπάνω ὁδόν, παρ' ἣν ἰδὲ τειχίον παρῳκοδομημένον, ὥσπερ τοῖς θαυματοποιοῖς πρὸ τῶν ἀνθρώπων πρόκειται τὰ παραφράγματα, ὑπὲρ ὧν τὰ θαύματα δεικνύασιν.

ὁρῶ, ἔφη.

ὅρα τοίνυν παρὰ τοῦτο τὸ τειχίον φέροντας ἀνθρώπους [514c] σκεύη τε παντοδαπὰ ὑπερέχοντα τοῦ τειχίου καὶ ἀνδριάντας [515a] καὶ ἄλλα ζῶα λίθινά τε καὶ ξύλινα καὶ παντοῖα εἰργασμένα, οἷον εἰκὸς τοὺς μὲν φθεγγομένους, τοὺς δὲ σιγῶντας τῶν παραφερόντων.

ἄτοπον, ἔφη, λέγεις εἰκόνα καὶ δεσμώτας ἀτόπους.

ὁμοίους ἡμῖν, ἦν δ' ἐγώ: τοὺς γὰρ τοιοῦτους πρῶτον μὲν ἑαυτῶν τε καὶ ἀλλήλων οἶει ἂν τι ἑωρακέναι ἄλλο πλὴν τὰς σκιάς τὰς ὑπὸ τοῦ πυρὸς εἰς τὸ καταντικρὺ αὐτῶν τοῦ σπηλαίου προσπιπτούσας;

πῶς γάρ, ἔφη, εἰ ἀκινήτους γε τὰς κεφαλὰς ἔχειν ἠναγκασμένοι [515b] εἶεν διὰ βίου;

τί δὲ τῶν παραφερομένων; οὐ ταὐτὸν τοῦτο;

τί μὴν;

εἰ οὖν διαλέγεσθαι οἰοί τ' εἶεν πρὸς ἀλλήλους, οὐ ταῦτα ἡγῇ ἂν τὰ ὄντα αὐτοὺς νομίζειν ἅπερ ὁρῶεν;

ἀνάγκη.

τί δ' εἰ καὶ ἡχὼ τὸ δεσμωτήριον ἐκ τοῦ καταντικρὺ ἔχοι; ὁπότε τις τῶν παριόντων φθέγγετο, οἶει ἂν ἄλλο τι αὐτοὺς ἡγεῖσθαι τὸ φθεγγόμενον ἢ τὴν παριοῦσαν σκιάν;

μὰ Δί' οὐκ ἔγωγ', ἔφη. [515c]

παντάπασι δὴ, ἦν δ' ἐγώ, οἱ τοιοῦτοι οὐκ ἂν ἄλλο τι νομίζοιεν τὸ ἀληθὲς ἢ τὰς τῶν σκευαστῶν σκιάς.

πολλὴ ἀνάγκη, ἔφη.

σκόπει δὴ, ἦν δ' ἐγώ, αὐτῶν λύσιν τε καὶ ἴασιν τῶν τε δεσμῶν καὶ τῆς ἀφροσύνης, οἷα τις ἂν εἴη, εἰ φύσει τοιάδε συμβαίνοι αὐτοῖς: ὁπότε τις λυθείη καὶ ἀναγκάζεται ἐξαίφνης ἀνίστασθαι τε καὶ περιάγειν τὸν αὐχένα καὶ βαδίζειν καὶ πρὸς τὸ φῶς ἀναβλέπειν, πάντα δὲ ταῦτα ποιῶν ἀλγοῖ τε καὶ διὰ τὰς μαρμαρυγὰς ἀδυνατοῖ καθορᾶν ἐκεῖνα ὧν [515d] τότε τὰς σκιάς ἐώρα, τί ἂν οἶει αὐτὸν εἰπεῖν, εἴ τις αὐτῷ λέγοι ὅτι τότε μὲν ἐώρα φλυαρίας, νῦν δὲ μᾶλλον τι ἐγγυτέρω τοῦ ὄντος καὶ πρὸς μᾶλλον ὄντα τετραμμένος ὀρθότερον βλέποι, καὶ δὴ καὶ ἕκαστον τῶν παριόντων δεικνὺς αὐτῷ ἀναγκάζει ἐρωτῶν ἀποκρίνεσθαι ὅτι ἔστιν; οὐκ οἶει αὐτὸν ἀπορεῖν τε ἂν καὶ ἡγεῖσθαι τὰ τότε ὁρώμενα ἀληθέστερα ἢ τὰ νῦν δεικνύμενα;

πολύ γ', ἔφη. [515e]

οὐκοῦν καὶ εἰ πρὸς αὐτὸ τὸ φῶς ἀναγκάζοι αὐτὸν βλέπειν, ἀλγεῖν τε ἂν τὰ ὄμματα καὶ φεύγειν ἀποστρεφόμενον πρὸς ἐκεῖνα ἃ δύναται καθορᾶν, καὶ νομίζειν ταῦτα τῷ ὄντι σαφέστερα τῶν δεικνυμένων;

οὕτως, ἔφη.

εἰ δέ, ἦν δ' ἐγώ, ἐντεῦθεν ἔλκοι τις αὐτὸν βία διὰ τραχείας τῆς ἀναβάσεως καὶ ἀνάντους, καὶ μὴ ἀνείη πρὶν ἐξελκύσειεν εἰς τὸ τοῦ ἡλίου φῶς, ἄρα οὐχὶ ὀδυνᾶσθαι τε [516a] ἂν καὶ ἀγανακτεῖν ἐλκόμενον, καὶ ἐπειδὴ πρὸς τὸ φῶς ἔλθοι, αὐγῆς ἂν ἔχοντα τὰ ὄμματα μεστὰ ὀρᾶν οὐδ' ἂν ἐν δύνασθαι τῶν νῦν λεγομένων ἀληθῶν;

οὐ γὰρ ἂν, ἔφη, ἐξαίφνης γε.

συνηθείας δὴ οἶμαι δέοιτ' ἄν, εἰ μέλλοι τὰ ἄνω ὄψεσθαι. καὶ πρῶτον μὲν τὰς σκιὰς ἂν ῥᾶστα καθορῶ, καὶ μετὰ τοῦτο ἐν τοῖς ὕδασι τά τε τῶν ἀνθρώπων καὶ τὰ τῶν ἄλλων εἶδωλα, ὕστερον δὲ αὐτά: ἐκ δὲ τούτων τὰ ἐν τῷ οὐρανῷ καὶ αὐτὸν τὸν οὐρανὸν νύκτωρ ἂν ῥᾶον θεάσαιτο, προσβλέπων τὸ τῶν [516b] ἄστρων τε καὶ σελήνης φῶς, ἢ μεθ' ἡμέραν τὸν ἥλιόν τε καὶ τὸ τοῦ ἡλίου.

πῶς δ' οὔ;

τελευταῖον δὴ οἶμαι τὸν ἥλιον, οὐκ ἐν ὕδασι οὐδ' ἐν ἀλλοτρίᾳ ἔδρᾳ φαντάσματα αὐτοῦ, ἀλλ' αὐτὸν καθ' αὐτὸν ἐν τῇ αὐτοῦ χώρα δύναιτ' ἂν κατιδεῖν καὶ θεάσασθαι οἷός ἐστιν.

ἀναγκαῖον, ἔφη.

καὶ μετὰ ταῦτ' ἂν ἤδη συλλογίζοιτο περὶ αὐτοῦ ὅτι οὗτος ὁ τὰς τε ὥρας παρέχων καὶ ἐνιαυτοὺς καὶ πάντα ἐπιτροπεύων [516c] τὰ ἐν τῷ ὁρωμένῳ τόπῳ, καὶ ἐκείνων ὧν σφεῖς ἐώρων τρόπον τινὰ πάντων αἴτιος.

δῆλον, ἔφη, ὅτι ἐπὶ ταῦτα ἂν μετ' ἐκεῖνα ἔλθοι.

τί οὖν; ἀναμνησκόμενον αὐτὸν τῆς πρώτης οἰκήσεως καὶ τῆς ἐκεῖ σοφίας καὶ τῶν τότε συνδεσμοτῶν οὐκ ἂν οἶει αὐτὸν μὲν εὐδαιμονίζειν τῆς μεταβολῆς, τοὺς δὲ ἐλεεῖν;

καὶ μάλα.

τιμαὶ δὲ καὶ ἔπαινοι εἴ τινες αὐτοῖς ἦσαν τότε παρ' ἀλλήλων καὶ γέρα τῷ ὀξύτατα καθορῶντι τὰ παριόντα, καὶ μνημονεύοντι μάλιστα ὅσα τε πρότερα αὐτῶν καὶ ὕστερα [516d] εἰώθει καὶ ἅμα πορεύεσθαι, καὶ ἐκ τούτων δὴ δυνατώτατα ἀπομαντευομένῳ τὸ μέλλον ἦξειν, δοκεῖς ἂν αὐτὸν ἐπιθυμητικῶς αὐτῶν ἔχειν καὶ ζηλοῦν τοὺς παρ' ἐκείνοις τιμωμένους τε καὶ ἐνδυναστεύοντας, ἢ τὸ τοῦ Ὀμήρου ἂν πεπονθέναι καὶ σφόδρα βούλεσθαι “ἐπάρουρον ἐόντα θητευέμεν ἄλλῳ ἀνδρὶ παρ' ἀκλήρῳ” Hom. Od. 11.489” καὶ ὅτιοῦν ἂν πεπονθέναι μᾶλλον ἢ ‘κεῖνά τε δοξάζειν καὶ ἐκείνως ζῆν; [516e]

οὕτως, ἔφη, ἔγωγε οἶμαι, πᾶν μᾶλλον πεπονθέναι ἂν δέξασθαι ἢ ζῆν ἐκείνως.

καὶ τότε δὴ ἐννόησον, ἦν δ' ἐγώ. εἰ πάλιν ὁ τοιοῦτος καταβὰς εἰς τὸν αὐτὸν θᾶκον καθίζοιτο, ἄρ' οὐ σκότους <ἄν> ἀνάπλεως σχοίη τοὺς ὀφθαλμούς, ἐξαίφνης ἦκων ἐκ τοῦ ἡλίου;

καὶ μάλα γ', ἔφη.

τὰς δὲ δὴ σκιάς ἐκείνας πάλιν εἰ δέοι αὐτὸν γνωματεύοντα διαμιλλᾶσθαι τοῖς ἀεὶ δεσμώταις ἐκείνοις, ἐν ᾧ ἀμβλυώττει, [517a] πρὶν καταστῆναι τὰ ὄμματα, οὗτος δ' ὁ χρόνος μὴ πάνυ ὀλίγος εἴη τῆς συνηθείας, ἄρ' οὐ γέλωτ' ἂν παράσχοι, καὶ λέγοιτο ἂν περὶ αὐτοῦ ὡς ἀναβὰς ἄνω διεφθαρμένος ἦκει τὰ ὄμματα, καὶ ὅτι οὐκ ἄξιον οὐδὲ πειρᾶσθαι ἄνω ἰέναι; καὶ τὸν ἐπιχειροῦντα λύνει τε καὶ ἀνάγειν, εἴ πως ἐν ταῖς χερσὶ δύναιντο λαβεῖν καὶ ἀποκτείνειν, ἀποκτείνουσαι ἄν;

σφόδρα γ', ἔφη.

ταύτην τοίνυν, ἦν δ' ἐγώ, τὴν εἰκόνα, ᾧ φίλε Γλαύκων, [517b] προσαπτέον ἅπασαν τοῖς ἔμπροσθεν λεγομένοις, τὴν μὲν δι' ὄψεως φαινομένην ἔδραν τῇ τοῦ δεσμοτηρίου οἰκῇσει ἀφομοιοῦντα, τὸ δὲ τοῦ πυρὸς ἐν αὐτῇ φῶς τῇ τοῦ ἡλίου δυνάμει: τὴν δὲ ἄνω ἀνάβασιν καὶ θεὰν τῶν ἄνω τὴν εἰς τὸν νοητὸν τόπον τῆς ψυχῆς ἄνοδον τιθεῖς οὐχ ἁμαρτήσῃ τῆς γ' ἐμῆς ἐλπίδος, ἐπεὶ ταύτης ἐπιθυμεῖς ἀκούειν. θεὸς δὲ που οἶδεν εἰ ἀληθὴς οὕσα τυγχάνει. τὰ δ' οὖν ἐμοὶ φαινόμενα οὕτω φαίνεται, ἐν τῷ γνωστῷ τελευταία ἢ τοῦ [517c] ἀγαθοῦ ἰδέα καὶ μόγις ὁρᾶσθαι, ὁφθεῖσα δὲ συλλογιστέα εἶναι ὡς ἄρα πᾶσι πάντων αὕτη ὀρθὴν τε καὶ καλὴν αἰτία, ἐν τε ὁρατῷ φῶς καὶ τὸν τούτου κύριον τεκοῦσα, ἐν τε νοητῷ αὕτη κυρία ἀλήθειαν καὶ νοῦν παρασχομένη, καὶ ὅτι δεῖ ταύτην ἰδεῖν τὸν μέλλοντα ἐμφρόνως πράξειν ἢ ἰδίᾳ ἢ δημοσίᾳ.

συνόιομαι, ἔφη, καὶ ἐγώ, ὃν γε δὴ τρόπον δύναμαι.

ἴθι τοίνυν, ἦν δ' ἐγώ, καὶ τότε συνοιήθητι καὶ μὴ θαυμάσης ὅτι οἱ ἐνταῦθα ἐλθόντες οὐκ ἐθέλουσιν τὰ τῶν ἀνθρώπων πράττειν, ἀλλ' ἄνω ἀεὶ ἐπείγονται αὐτῶν αἱ ψυχαὶ διατρίβειν: [517d] εἰκὸς γάρ που οὕτως, εἴπερ αὖ κατὰ τὴν προειρημένην εἰκόνα τοῦτ' ἔχει.

εἰκὸς μέντοι, ἔφη.

τί δέ; τόδε οἶει τι θαυμαστόν, εἰ ἀπὸ θείων, ἦν δ' ἐγώ, θεωριῶν ἐπὶ τὰ ἀνθρώπειά τις ἐλθὼν κακὰ ἀσχημονεῖ τε καὶ φαίνεται σφόδρα γελοῖος ἔτι ἀμβλυώττων καὶ πρὶν ἱκανῶς συνήθης γενέσθαι τῷ παρόντι σκότῳ ἀναγκαζόμενος ἐν δικαστηρίοις ἢ ἄλλοθι πού ἀγωνίζεσθαι περὶ τῶν τοῦ δικαίου σκιῶν ἢ ἀγαλμάτων ὧν αἱ σκιαί, καὶ διαμιλλᾶσθαι [517e] περὶ τούτου, ὅπῃ ποτὲ ὑπολαμβάνεται ταῦτα ὑπὸ τῶν αὐτὴν δικαιοσύνην μὴ πάποτε ἰδόντων;

οὐδ' ὅπωςτιοῦν θαυμαστόν, ἔφη. [518a]

ἀλλ' εἰ νοῦν γε ἔχοι τις, ἦν δ' ἐγώ, μεμνητ' ἂν ὅτι διτταὶ καὶ ἀπὸ διττῶν γίνονται ἐπιταράξεις ὄμμασιν, ἕκ τε φωτὸς εἰς σκότος μεθισταμένων καὶ ἐκ σκότους εἰς φῶς. ταῦτά δὲ ταῦτα νομίσας γίνεσθαι καὶ περὶ ψυχὴν, ὁπότε ἴδοι θορυβουμένην τινὰ καὶ ἀδυνατοῦσάν τι καθορᾶν, οὐκ ἂν ἀλογίστως γελῶ, ἀλλ' ἐπισκοποῖ ἂν πότερον ἐκ φανετέρου βίου ἤκουσα ὑπὸ ἀηθείας ἐσκότῳ, ἢ ἐξ ἀμαθίας πλείονος εἰς φανότερον ἰοῦσα ὑπὸ λαμπροτέρου μαρμαρυγῆς [518b] ἐμπέλησται, καὶ οὕτω δὴ τὴν μὲν εὐδαιμονίσειεν ἂν τοῦ πάθους τε καὶ βίου, τὴν δὲ ἐλεήσειεν, καὶ εἰ γελᾶν ἐπ' αὐτῇ βούλοιο, ἥττον ἂν καταγέλαστος ὁ γέλως αὐτῷ εἴη ἢ ὁ ἐπὶ τῇ ἄνωθεν ἐκ φωτὸς ἡκούση.

καὶ μάλα, ἔφη, μετρίως λέγεις.

δεῖ δὴ, εἶπον, ἡμᾶς τοιόνδε νομίσαι περὶ αὐτῶν, εἰ ταῦτ' ἀληθῆ: τὴν παιδείαν οὐχ οἷαν τινὲς ἐπαγγελλόμενοί φασιν εἶναι τοιαύτην καὶ εἶναι. φασὶ δὲ πού οὐκ ἐνούσης ἐν τῇ [518c] ψυχῇ ἐπιστήμης σφεῖς ἐντιθέσθαι, οἷον τυφλοῖς ὀφθαλμοῖς ὄψιν ἐντιθέντες.

φασὶ γὰρ οὖν, ἔφη.

ὁ δέ γε νῦν λόγος, ἦν δ' ἐγώ, σημαίνει ταύτην τὴν ἐνοῦσαν ἐκάστου δύναμιν ἐν τῇ ψυχῇ καὶ τὸ ὄργανον ᾧ καταμανθάνει ἕκαστος, οἷον εἰ ὄμμα μὴ δυνατόν ἦν ἄλλως ἢ σὺν ὅλῳ τῷ σώματι στρέφειν πρὸς τὸ φανὸν ἐκ τοῦ σκοτώδους, οὕτω σὺν ὅλῃ τῇ ψυχῇ ἐκ τοῦ γιγνομένου περιεκτέον εἶναι, ἕως ἂν εἰς τὸ ὄν καὶ τοῦ ὄντος τὸ φανότατον δυνατὴ γένηται ἀνασχέσθαι θεωμένη: τοῦτο δ' εἶναί φαμεν [518d] τάγαθόν. ἦ γάρ;

ναί.

τούτου τοίνυν, ἦν δ' ἐγώ, αὐτοῦ τέχνη ἂν εἴη, τῆς περιαγωγῆς, τίνα τρόπον ὥς ῥᾷστά τε καὶ ἀνυσιμώτατα μεταστραφήσεται, οὐ τοῦ ἐμποιεῖσθαι αὐτῷ τὸ ὀρᾶν, ἀλλ' ὥς ἔχοντι μὲν αὐτό, οὐκ ὀρθῶς δὲ τετραμμένῳ οὐδὲ βλέποντι οἷ ἔδει, τοῦτο διαμηχανήσασθαι.

ἔοικεν γάρ, ἔφη.

αἱ μὲν τοίνυν ἄλλαι ἀρεταὶ καλούμεναι ψυχῆς κινδυνεύουσιν ἐγγύς τι εἶναι τῶν τοῦ σώματος-τῷ ὄντι γάρ [518e] οὐκ ἐνοῦσαι πρότερον ὕστερον ἐμποιεῖσθαι ἔθεσι καὶ ἀσκήσεσιν-ἡ δὲ τοῦ φρονῆσαι παντὸς μᾶλλον θειοτέρου τινὸς τυγχάνει, ὥς ἔοικεν, οὔσα, ὃ τὴν μὲν δύναμιν οὐδέποτε ἀπόλλυσιν, ὑπὸ δὲ τῆς περιαγωγῆς χρήσιμόν τε καὶ ὠφέλιμον [519a] καὶ ἄχρηστον αὖ καὶ βλαβερὸν γίγνεται. ἡ οὐπω ἐννενόηκας, τῶν λεγομένων πονηρῶν μὲν, σοφῶν δέ, ὥς δριμύ μὲν βλέπει τὸ ψυχάριον καὶ ὀξέως διορᾷ ταῦτα ἐφ' ἃ τέτραπται, ὥς οὐ φαύλην ἔχον τὴν ὄψιν, κακία δ' ἠναγκασμένον ὑπηρετεῖν, ὥστε ὅσῳ ἂν ὀξύτερον βλέπῃ, τοσοῦτ' ἄλλω κακὰ ἐργαζόμενον;

πάνυ μὲν οὖν, ἔφη.

τοῦτο μέντοι, ἦν δ' ἐγώ, τὸ τῆς τοιαύτης φύσεως εἰ ἐκ παιδὸς εὐθύς κοπτόμενον περιεκόπη τὰς τῆς γενέσεως [519b] συγγενεῖς ὥσπερ μολυβδίδας, αἱ δὴ ἐδωδαῖς τε καὶ τοιούτων ἡδοναῖς τε καὶ λιχνείαις προσφνεῖς γιγνόμεναι [περὶ] κάτω στρέφουσι τὴν τῆς ψυχῆς ὄψιν: ὧν εἰ ἀπαλλαγὴν περιεστρέφετο εἰς τὰ ἀληθῆ, καὶ ἐκεῖνα ἂν τὸ αὐτὸ τοῦτο τῶν αὐτῶν ἀνθρώπων ὀξύτατα ἑώρα, ὥσπερ καὶ ἐφ' ἃ νῦν τέτραπται.

εἰκός γε, ἔφη.

τί δέ; τόδε οὐκ εἰκός, ἦν δ' ἐγώ, καὶ ἀνάγκη ἐκ τῶν προειρημένων, μήτε τοὺς ἀπαιδεύτους καὶ ἀληθείας ἀπείρους [519c] ἱκανῶς ἂν ποτε πόλιν ἐπιτροπεύσαι, μήτε τοὺς ἐν παιδείᾳ ἐωμένους διατρίβειν διὰ τέλους, τοὺς μὲν ὅτι σκοπὸν ἐν τῷ βίῳ οὐκ ἔχουσιν ἓνα, οὗ στοχαζομένους δεῖ ἅπαντα πράττειν ἃ ἂν πράττωσιν ἰδίᾳ τε καὶ δημοσίᾳ, τοὺς δὲ ὅτι ἐκόντες εἶναι οὐ πράξουσιν, ἡγούμενοι ἐν μακάρων νήσοις ζῶντες ἔτι ἀπωκίσθαι;

ἀληθῆ, ἔφη.

ἡμέτερον δὴ ἔργον, ἦν δ' ἐγώ, τῶν οἰκιστῶν τάς τε βελτίστας φύσεις ἀναγκάσαι ἀφικέσθαι πρὸς τὸ μάθημα ὃ ἐν τῷ πρόσθεν ἔφαμεν εἶναι μέγιστον, ἰδεῖν τε τὸ ἀγαθὸν [519d] καὶ ἀναβῆναι ἐκείνην τὴν ἀνάβασιν, καὶ ἐπειδὰν ἀναβάντες ἰκανῶς ἴδωσι, μὴ ἐπιτρέπῃν αὐτοῖς ὃ νῦν ἐπιτρέπεται.

τὸ ποῖον δῆ;

τὸ αὐτοῦ, ἦν δ' ἐγώ, καταμένειν καὶ μὴ ἐθέλῃν πάλιν καταβαίνειν παρ' ἐκείνους τοὺς δεσμώτας μηδὲ μετέχειν τῶν παρ' ἐκείνοις πόνων τε καὶ τιμῶν, εἴτε φαυλότεραι εἴτε σπουδαιότεραι.

ἔπειτ', ἔφη, ἀδίκησομεν αὐτούς, καὶ ποιήσομεν χεῖρον ζῆν, δυνατόν αὐτοῖς ὃν ἄμεινον; [519e]

ἐπελάθου, ἦν δ' ἐγώ, πάλιν, ὦ φίλε, ὅτι νόμῳ οὐ τοῦτο μέλει, ὅπως ἐν τι γένος ἐν πόλει διαφερόντως εὖ πράξει, ἀλλ' ἐν ὅλῃ τῇ πόλει τοῦτο μηχανᾶται ἐγγενέσθαι, συναρμόττων τοὺς πολίτας πειθοῖ τε καὶ ἀνάγκῃ, ποιῶν μεταδιδόναι [520a] ἀλλήλοις τῆς ὠφελίας ἦν ἂν ἕκαστοι τὸ κοινὸν δυνατοὶ ὧσιν ὠφελεῖν καὶ αὐτὸς ἐμποιῶν τοιούτους ἄνδρας ἐν τῇ πόλει, οὐχ ἵνα ἀφιῇ τρέπεσθαι ὅπῃ ἕκαστος βούλεται, ἀλλ' ἵνα καταχρῆται αὐτὸς αὐτοῖς ἐπὶ τὸν σύνδεσμον τῆς πόλεως.

ἀληθῆ, ἔφη: ἐπελαθόμην γάρ.

σκέψαι τοίνυν, εἶπον, ὦ Γλαύκων, ὅτι οὐδ' ἀδίκησομεν τοὺς παρ' ἡμῖν φιλοσόφους γιγνομένους, ἀλλὰ δίκαια πρὸς αὐτοὺς ἐροῦμεν, προσαναγκάζοντες τῶν ἄλλων ἐπιμελεῖσθαι τε καὶ φυλάττειν. ἐροῦμεν γὰρ ὅτι οἱ μὲν ἐν ταῖς ἄλλαις [520b] πόλεσι τοιοῦτοι γιγνόμενοι εἰκότως οὐ μετέχουσι τῶν ἐν αὐταῖς πόνων: αὐτόματοι γὰρ ἐμφύονται ἀκούσης τῆς ἐν ἐκάστη πολιτείας, δίκην δ' ἔχει τό γε αὐτοφυὲς μηδενὶ τροφήν ὀφείλον μηδ' ἐκτίνειν τῷ προθυμεῖσθαι τὰ τροφεῖα: ὑμᾶς δ' ἡμεῖς ὑμῖν τε αὐτοῖς τῇ τε ἄλλῃ πόλει ὥσπερ ἐν σμῆνεσιν ἡγεμόνας τε καὶ βασιλέας ἐγεννήσαμεν, ἄμεινόν τε καὶ τελεώτερον ἐκείνων πεπαιδευμένους καὶ μᾶλλον δυνατοὺς [520c] ἀμφοτέρων μετέχειν. καταβατέον οὖν ἐν μέρει ἐκάστῳ εἰς τὴν τῶν

ἄλλων συνοίκησιν καὶ συνεθιστέον τὰ σκοτεινὰ θεάσασθαι: συνεθιζόμενοι γὰρ μυρίῳ βέλτιον ὄψεσθε τῶν ἐκεῖ καὶ γνώσεσθε ἕκαστα τὰ εἰδῶλα ἅττα ἐστὶ καὶ ὧν, διὰ τὸ τάληθῃ ἑωρακέναι καλῶν τε καὶ δικαίων καὶ ἀγαθῶν πέρι. καὶ οὕτω ὕπαρ ἡμῖν καὶ ὑμῖν ἢ πόλις οἰκῆσεται ἀλλ' οὐκ ὄναρ, ὥς νῦν αἱ πολλαὶ ὑπὸ σκιαμαχούντων τε πρὸς ἀλλήλους καὶ στασιαζόντων περὶ τοῦ ἄρχειν [520d] οἰκοῦνται, ὥς μεγάλου τινὸς ἀγαθοῦ ὄντος. τὸ δέ που ἀληθὲς ὧδ' ἔχει: ἐν πόλει ἧ ἥκιστα πρόθυμοι ἄρχειν οἱ μέλλοντες ἄρξαι, ταύτην ἄριστα καὶ ἀστασιαστότατα ἀνάγκη οἰκεῖσθαι, τὴν δ' ἐναντίους ἄρχοντας σχοῦσαν ἐναντίως.

πάνυ μὲν οὖν, ἔφη.

ἀπειθήσουσιν οὖν ἡμῖν οἷοι οἱ τρόφιμοι ταῦτ' ἀκούοντες, καὶ οὐκ ἐθελήσουσιν συμπονεῖν ἐν τῇ πόλει ἕκαστοι ἐν μέρει, τὸν δὲ πολὺν χρόνον μετ' ἀλλήλων οἰκεῖν ἐν τῷ καθαρῷ; [520e]

ἀδύνατον, ἔφη: δίκαια γὰρ δὴ δίκαιοις ἐπιτάζομεν. παντὸς μὴν μᾶλλον ὥς ἐπ' ἀναγκαῖον αὐτῶν ἕκαστος εἴσι τὸ ἄρχειν, τοῦναντίον τῶν νῦν ἐν ἐκάστη πόλει ἀρχόντων.

οὕτω γὰρ ἔχει, ἦν δ' ἐγώ, ὃ ἐταῖρε: εἰ μὲν βίον ἐξευρήσεις [521a] ἀμείνω τοῦ ἄρχειν τοῖς μέλλουσιν ἄρξαι, ἔστι σοι δυνατὴ γενέσθαι πόλις εὖ οἰκουμένη: ἐν μόνῃ γὰρ αὐτῇ ἄρξουσιν οἱ τῷ ὄντι πλούσιοι, οὐ χρυσίου ἀλλ' οὗ δεῖ τὸν εὐδαίμονα πλουτεῖν, ζωῆς ἀγαθῆς τε καὶ ἔμφορος. εἰ δὲ πτωχοὶ καὶ πεινῶντες ἀγαθῶν ἰδίων ἐπὶ τὰ δημόσια ἵασιν, ἐντεῦθεν οἰόμενοι τὰγαθὸν δεῖν ἀρπάζειν, οὐκ ἔστι: περιμάχητον γὰρ τὸ ἄρχειν γιγνόμενον, οἰκεῖος ὢν καὶ ἔνδον ὁ τοιοῦτος πόλεμος αὐτοῦς τε ἀπόλλυσι καὶ τὴν ἄλλην πόλιν.

ἀληθέστατα, ἔφη. [521b]

ἔχεις οὖν, ἦν δ' ἐγώ, βίον ἄλλον τινὰ πολιτικῶν ἀρχῶν καταφρονοῦντα ἢ τὸν τῆς ἀληθινῆς φιλοσοφίας;

οὐ μὰ τὸν Δία, ἧ δ' ὅς.

ἀλλὰ μέντοι δεῖ γε μὴ ἐραστὰς τοῦ ἄρχειν ἰέναι ἐπ' αὐτό: εἰ δὲ μή, οἷ γε ἀντερασταὶ μαχοῦνται.

πῶς δ' οὐ;

τίνας οὖν ἄλλους ἀναγκάσεις ἰέναι ἐπὶ φυλακὴν τῆς πόλεως ἢ οἱ περὶ τούτων τε φρονιμώτατοι δι' ὧν ἄριστα πόλις οἰκεῖται, ἔχουσί τε τιμὰς ἄλλας καὶ βίον ἀμείνω τοῦ πολιτικοῦ;

οὐδένας ἄλλους, ἔφη. [521c]

βούλει οὖν τοῦτ' ἤδη σκοπῶμεν, τίνα τρόπον οἱ τοιοῦτοι ἐγγενήσονται, καὶ πῶς τις ἀνάξει αὐτοὺς εἰς φῶς, ὥσπερ ἐξ Ἰαίδου λέγονται δὴ τινες εἰς θεοὺς ἀνελθεῖν;

πῶς γὰρ οὐ βούλομαι; ἔφη.

τοῦτο δὴ, ὡς ἔοικεν, οὐκ ὀστράκου ἂν εἴη περιστροφή, ἀλλὰ ψυχῆς περιαγωγή ἐκ νυκτερινῆς τινος ἡμέρας εἰς ἀληθινήν, τοῦ ὄντος οὔσαν ἐπάνοδον, ἣν δὴ φιλοσοφίαν ἀληθῆ φήσομεν εἶναι.

πάνυ μὲν οὖν.

οὐκοῦν δεῖ σκοπεῖσθαι τί τῶν μαθημάτων ἔχει τοιαύτην [521d] δύναμιν;

πῶς γὰρ οὐ;

τί ἂν οὖν εἴη, ὃ Γλαύκων, μάθημα ψυχῆς ὀλκὸν ἀπὸ τοῦ γιγνομένου ἐπὶ τὸ ὄν; τόδε δ' ἐννοῶ λέγων ἅμα: οὐκ ἀθλητὰς μέντοι πολέμου ἔφαμεν τούτους ἀναγκαῖον εἶναι νέους ὄντας;

ἔφαμεν γάρ.

δεῖ ἄρα καὶ τοῦτο προσέχειν τὸ μάθημα ὃ ζητοῦμεν πρὸς ἐκεῖνω.

τὸ ποῖον;

μὴ ἄχρηστον πολεμικοῖς ἀνδράσιν εἶναι.

δεῖ μέντοι, ἔφη, εἴπερ οἷόν τε.

γυμναστικῇ μὴν καὶ μουσικῇ ἔν γε τῷ πρόσθεν ἐπαιδεύοντο [521e] ἡμῖν.

ἦν ταῦτα, ἔφη.

καὶ γυμναστικὴ μὲν που περὶ γιγνόμενον καὶ ἀπολλύμενον
τετεύτακεν: σώματος γὰρ αὐξῆς καὶ φθίσεως. ἐπιστατεῖ.

φαίνεται.

τοῦτο μὲν δὴ οὐκ ἂν εἴη ὃ ζητοῦμεν μάθημα. [522a]

οὐ γάρ.

ἀλλ' ἄρα μουσικὴ ὅσῃν τὸ πρότερον διήλθομεν;

ἀλλ' ἦν ἐκείνη γ', ἔφη, ἀντίστροφος τῆς γυμναστικῆς, εἰ μέμνησαι,
ἔθεσι παιδεύουσα τοὺς φύλακας, κατὰ τε ἀρμονίαν εὐαρμοστίαν
τινά, οὐκ ἐπιστήμην, παραδιδούσα, καὶ κατὰ ῥυθμὸν εὐρυθμίαν, ἔν
τε τοῖς λόγοις ἕτερα τούτων ἀδελφὰ ἔθη ἅττα ἔχουσα, καὶ ὅσοι
μυθῶδεις τῶν λόγων καὶ ὅσοι ἀληθινώτεροι ἦσαν: μάθημα δὲ πρὸς
τοιοῦτόν τι [522b] ἄγον, οἷον σὺ νῦν ζητεῖς, οὐδὲν ἦν ἐν αὐτῇ.

ἀκριβέστατα, ἦν δ' ἐγώ, ἀναμνησκεις με: τῷ γὰρ ὄντι τοιοῦτον
οὐδὲν εἶχεν. ἀλλ', ὧ δαιμόνιε Γλαύκων, τί ἂν εἴη τοιοῦτον; αἱ τε γὰρ
τέχναι βάνανσοί που ἅπασαι ἔδοξαν εἶναι-

πῶς δ' οὐ; καὶ μὴν τί ἔτ' ἄλλο λείπεται μάθημα, μουσικῆς καὶ
γυμναστικῆς καὶ τῶν τεχνῶν κεχωρισμένον;

φέρε, ἦν δ' ἐγώ, εἰ μηδὲν ἔτι ἐκτὸς τούτων ἔχομεν λαβεῖν, τῶν ἐπὶ
πάντα τεινόντων τι λάβωμεν.

τὸ ποῖον; [522c]

οἷον τοῦτο τὸ κοινόν, ὃ πᾶσαι προσχρῶνται τέχναι τε καὶ διάνοιαι
καὶ ἐπιστήμαι-ὃ καὶ παντὶ ἐν πρώτοις ἀνάγκη μανθάνειν.

τὸ ποῖον; ἔφη.

τὸ φαῦλον τοῦτο, ἦν δ' ἐγώ, τὸ ἐν τε καὶ τὰ δύο καὶ τὰ τρία
διαγιγνώσκειν: λέγω δὲ αὐτὸ ἐν κεφαλαίῳ ἀριθμὸν τε καὶ λογισμὸν.
ἢ οὐχ οὕτω περὶ τούτων ἔχει, ὥς πᾶσα τέχνη τε καὶ ἐπιστήμη
ἀναγκάζεται αὐτῶν μέτοχος γίνεσθαι;

καὶ μάλα, ἔφη.

οὐκοῦν, ἦν δ' ἐγώ, καὶ ἡ πολεμική;

πολλή, ἔφη, ἀνάγκη. [522d]

παγγέλοιον γοῦν, ἔφην, στρατηγὸν Ἀγαμέμνονα ἐν ταῖς τραγυδίαις Παλαμήδης ἐκάστοτε ἀποφαίνει. ἢ οὐκ ἐννενόηκας ὅτι φησὶν ἀριθμὸν εὐρὼν τάς τε τάξεις τῷ στρατοπέδῳ καταστήσαι ἐν Ἰλίῳ καὶ ἐξαριθμῆσαι ναῦς τε καὶ τᾶλλα πάντα, ὥς πρὸ τοῦ ἀναριθμῆτων ὄντων καὶ τοῦ Ἀγαμέμνονος, ὥς ἔοικεν, οὐδ' ὅσους πόδας εἶχεν εἰδότος, εἴπερ ἀριθμεῖν μὴ ἡπίστατο; καίτοι ποῖόν τιν' αὐτὸν οἶει στρατηγὸν εἶναι;

ἄτοπόν τιν', ἔφη, ἔγωγε, εἰ ἦν τοῦτ' ἀληθές. [522e]

ἄλλο τι οὖν, ἦν δ' ἐγώ, μάθημα ἀναγκαῖον πολεμικῷ ἀνδρὶ θήσομεν λογίζεσθαι τε καὶ ἀριθμεῖν δύνασθαι;

πάντων γ', ἔφη, μάλιστα, εἰ καὶ ὅτιοῦν μέλλει τάξεων ἐπαῖειν, μᾶλλον δ' εἰ καὶ ἄνθρωπος ἔσεσθαι.

ἐννοεῖς οὖν, εἶπον, περὶ τοῦτο τὸ μάθημα ὅπερ ἐγώ;

τὸ ποῖον; [523a]

κινδυνεύει τῶν πρὸς τὴν νόησιν ἀγόντων φύσει εἶναι ὧν ζητοῦμεν, χρησθαι δ' οὐδεὶς αὐτῷ ὀρθῶς, ἐλκτικῷ ὄντι παντάπασι πρὸς οὐσίαν.

πῶς, ἔφη, λέγεις;

ἐγὼ πειράσομαι, ἦν δ' ἐγώ, τό γ' ἐμοὶ δοκοῦν δηλῶσαι. ἃ γὰρ διαιροῦμαι παρ' ἐμαυτῷ ἀγωγὰ τε εἶναι οἱ λέγομεν καὶ μή, συνθεατὴς γενόμενος σύμφαθι ἢ ἄπειπε, ἵνα καὶ τοῦτο σαφέστερον ἴδωμεν εἰ ἔστιν οἷον μαντεύομαι.

δείκνυ', ἔφη.

δείκνυμι δὴ, εἶπον, εἰ καθορᾶς, τὰ μὲν ἐν ταῖς αἰσθήσεσιν [523b] οὐ παρακαλοῦντα τὴν νόησιν εἰς ἐπίσκεψιν, ὥς ἱκανῶς ὑπὸ τῆς αἰσθήσεως κρινόμενα, τὰ δὲ παντάπασι διακελευόμενα ἐκείνην ἐπισκέψασθαι, ὥς τῆς αἰσθήσεως οὐδὲν ὑγιὲς ποιούσης.

τὰ πόρρωθεν, ἔφη, φαινόμενα δῆλον ὅτι λέγεις καὶ τὰ ἐσκιαγραφημένα.

οὐ πάνυ, ἦν δ' ἐγώ, ἔτυχες οὗ λέγω.

ποῖα μὲν, ἔφη, λέγεις;

τὰ μὲν οὐ παρακαλοῦντα, ἦν δ' ἐγώ, ὅσα μὴ ἐκβαίνει [523c] εἰς ἐναντίαν αἴσθησιν ἅμα: τὰ δ' ἐκβαίνοντα ὡς παρακαλοῦντα τίθημι, ἐπειδὴν ἡ αἴσθησις μηδὲν μᾶλλον τοῦτο ἢ τὸ ἐναντίον δηλοῖ, εἴτ' ἐγγύθεν προσπίπτουσα εἴτε πόρρωθεν. ὧδε δὲ ἂ λέγω σαφέστερον εἴσῃ. οὗτοί φαμεν τρεῖς ἂν εἶεν δάκτυλοι, ὃ τε σμικρότατος καὶ ὁ δεύτερος καὶ ὁ μέσος.

πάνυ γ', ἔφη.

ὡς ἐγγύθεν τοίνυν ὁρωμένους λέγοντός μου διανοοῦ. ἀλλὰ μοι περὶ αὐτῶν τόδε σκόπει.

τὸ ποῖον;

δάκτυλος μὲν που αὐτῶν φαίνεται ὁμοίως ἕκαστος, καὶ [523d] ταύτη γε οὐδὲν διαφέρει, ἔάντε ἐν μέσῳ ὁράται ἐάντ' ἐπ' ἐσχάτῳ, ἔάντε λευκὸς ἔάντε μέλας, ἔάντε παχὺς ἔάντε λεπτός, καὶ πᾶν ὅτι τοιοῦτον. ἐν πᾶσι γὰρ τούτοις οὐκ ἀναγκάζεται τῶν πολλῶν ἡ ψυχὴ τὴν νόησιν ἐπερέσθαι τί ποτ' ἐστὶ δάκτυλος: οὐδαμοῦ γὰρ ἡ ὄψις αὐτῇ ἅμα ἐσήμηνεν τὸ δάκτυλον τοῦναντίον ἢ δάκτυλον εἶναι.

οὐ γὰρ οὖν, ἔφη.

οὐκοῦν, ἦν δ' ἐγώ, εἰκότως τό γε τοιοῦτον νοήσεως οὐκ [523e] ἂν παρακλητικὸν οὐδ' ἐγερτικὸν εἴη.

εἰκότως.

τί δὲ δῆ; τὸ μέγεθος αὐτῶν καὶ τὴν σμικρότητα ἡ ὄψις ἄρα ἱκανῶς ὁρᾷ, καὶ οὐδὲν αὐτῇ διαφέρει ἐν μέσῳ τινὰ αὐτῶν κεῖσθαι ἢ ἐπ' ἐσχάτῳ; καὶ ὡσαύτως πάχος καὶ λεπτότητα ἢ μαλακότητα καὶ σκληρότητα ἢ ἀφή; καὶ αἱ ἄλλαι αἰσθήσεις ἄρ' οὐκ ἐνδεῶς τὰ τοιαῦτα δηλοῦσιν; ἢ [524a] ὧδε ποιεῖ ἐκάστη αὐτῶν: πρῶτον μὲν ἡ ἐπὶ τῷ σκληρῷ τεταγμένη αἴσθησις ἠνάγκασται καὶ ἐπὶ τῷ μαλακῷ

τετάχθαι, καὶ παραγγέλλει τῇ ψυχῇ ὥς ταῦτόν σκληρόν τε καὶ μαλακὸν αἰσθανομένη;

οὕτως, ἔφη.

οὐκοῦν, ἦν δ' ἐγώ, ἀναγκαῖον ἔν γε τοῖς τοιούτοις αὖ τὴν ψυχὴν ἀπορεῖν τί ποτε σημαίνει αὕτη ἢ αἴσθησις τὸ σκληρόν, εἴπερ τὸ αὐτὸ καὶ μαλακὸν λέγει, καὶ ἢ τοῦ κούφου καὶ ἢ τοῦ βαρέος, τί τὸ κοῦφον καὶ βαρὺ, εἰ τό τε βαρὺ κοῦφον καὶ τὸ κοῦφον βαρὺ σημαίνει; [524b]

καὶ γάρ, ἔφη, αὐταί γε ἄτοποι τῇ ψυχῇ αἰ ἐρμηνεῖαι καὶ ἐπισκέψεως δεόμεναι.

εἰκότως ἄρα, ἦν δ' ἐγώ, ἐν τοῖς τοιούτοις πρῶτον μὲν πειρᾶται λογισμὸν τε καὶ νόησιν ψυχὴ παρακαλοῦσα ἐπισκοπεῖν εἴτε ἐν εἴτε δύο ἐστὶν ἕκαστα τῶν εἰσαγγελλομένων.

πῶς δ' οὖ;

οὐκοῦν ἐὰν δύο φαίνηται, ἕτερόν τε καὶ ἐν ἑκάτερον φαίνεται;

ναί.

εἰ ἄρα ἐν ἑκάτερον, ἀμφοτέρω δὲ δύο, τά γε δύο κεχωρισμένα [524c] νοήσῃ: οὐ γὰρ ἂν ἀχώριστά γε δύο ἐνόει, ἀλλ' ἓν.

ὀρθῶς.

μέγα μὴν καὶ ὄψις καὶ σμικρὸν ἑώρα, φαμέν, ἀλλ' οὐ κεχωρισμένον ἀλλὰ συγκεχυμένον τι. ἦ γάρ;

ναί.

διὰ δὲ τὴν τούτου σαφήνειαν μέγα αὖ καὶ σμικρὸν ἢ νόησις ἠναγκάσθη ἰδεῖν, οὐ συγκεχυμένα ἀλλὰ διωρισμένα, τοῦναντίον ἢ 'κείνη.

ἀληθῆ.

οὐκοῦν ἐντεῦθεν ποθεν πρῶτον ἐπέρχεται ἐρέσθαι ἡμῖν τί οὖν ποτ' ἐστὶ τὸ μέγα αὖ καὶ τὸ σμικρόν;

παντάπασι μὲν οὖν.

καὶ οὕτω δὴ τὸ μὲν νοητόν, τὸ δ' ὁρατὸν ἐκαλέσαμεν. [524d]

ὀρθότατ', ἔφη.

ταῦτα τοίνυν καὶ ἄρτι ἐπεχειροῦν λέγειν, ὥς τὰ μὲν παρακλητικὰ τῆς διανοίας ἐστί, τὰ δ' οὐ, ἃ μὲν εἰς τὴν αἴσθησιν ἅμα τοῖς ἐναντίοις ἑαυτοῖς ἐμπίπτει, παρακλητικὰ ὀριζόμενος, ὅσα δὲ μή, οὐκ ἐγερτικὰ τῆς νοήσεως.

μανθάνω τοίνυν ἤδη, ἔφη, καὶ δοκεῖ μοι οὕτω.

τί οὖν; ἀριθμός τε καὶ τὸ ἐν ποτέρων δοκεῖ εἶναι;

οὐ συννοῶ, ἔφη.

ἀλλ' ἐκ τῶν προειρημένων, ἔφην, ἀναλογίζου. εἰ μὲν γὰρ ἱκανῶς αὐτὸ καθ' αὐτὸ ὁράται ἢ ἄλλη τινὶ αἰσθήσει [524e] λαμβάνεται τὸ ἓν, οὐκ ἂν ὀλκὸν εἶη ἐπὶ τὴν οὐσίαν, ὥσπερ ἐπὶ τοῦ δακτύλου ἐλέγομεν: εἰ δ' ἀεί τι αὐτῷ ἅμα ὁράται ἐναντίωμα, ὥστε μηδὲν μᾶλλον ἓν ἢ καὶ τοὐναντίον φαίνεσθαι, τοῦ ἐπικρινουῦντος δὴ δεοί ἂν ἤδη καὶ ἀναγκάζοιτ' ἂν ἐν αὐτῷ ψυχὴ ἀπορεῖν καὶ ζητεῖν, κινουσα ἐν ἑαυτῇ τὴν ἔννοιαν, καὶ ἀνερωτᾶν τί ποτὲ ἐστὶν αὐτὸ τὸ ἓν, καὶ οὕτω τῶν [525a] ἀγωγῶν ἂν εἶη καὶ μεταστρεπτικῶν ἐπὶ τὴν τοῦ ὄντος θέαν ἢ περὶ τὸ ἓν μάθησις.

ἀλλὰ μέντοι, ἔφη, τοῦτό γ' ἔχει οὐχ ἥκιστα ἢ περὶ αὐτὸ ὄψις: ἅμα γὰρ ταῦτόν ὥς ἓν τε ὁρῶμεν καὶ ὥς ἅπειρα τὸ πλῆθος.

οὐκοῦν εἵπερ τὸ ἓν, ἣν δ' ἐγώ, καὶ σύμπας ἀριθμὸς ταῦτόν πέπονθε τοῦτο;

πῶς δ' οὐ;

ἀλλὰ μὴν λογιστικὴ τε καὶ ἀριθμητικὴ περὶ ἀριθμὸν πᾶσα.

καὶ μάλα. [525b]

ταῦτα δέ γε φαίνεται ἀγωγὰ πρὸς ἀλήθειαν.

ὑπερφυῶς μὲν οὖν.

ὦν ζητοῦμεν ἄρα, ὡς ἔοικε, μαθημάτων ἂν εἴη: πολεμικῷ μὲν γὰρ διὰ τὰς τάξεις ἀναγκαῖον μαθεῖν ταῦτα, φιλοσόφῳ δὲ διὰ τὸ τῆς οὐσίας ἀπτέον εἶναι γενέσεως ἐξαναδύντι, ἢ μηδέποτε λογιστικῷ γενέσθαι.

ἔστι ταῦτ', ἔφη.

ὁ δέ γε ἡμέτερος φύλαξ πολεμικός τε καὶ φιλόσοφος τυγχάνει ὦν.

τί μὴν;

προσῆκον δὴ τὸ μάθημα ἂν εἴη, ὃ Γλαύκων, νομοθετῆσαι καὶ πείθειν τοὺς μέλλοντας ἐν τῇ πόλει τῶν μεγίστων [525c] μεθέξειν ἐπὶ λογιστικὴν ἰέναι καὶ ἀνθάπτεσθαι αὐτῆς μὴ ἰδιωτικῶς, ἀλλ' ἕως ἂν ἐπὶ θεάν τῆς τῶν ἀριθμῶν φύσεως ἀφίκωνται τῇ νοήσει αὐτῇ, οὐκ ὦνῆς οὐδὲ πράσεως χάριν ὡς ἐμπόρους ἢ καπήλους μελετῶντας, ἀλλ' ἔνεκα πολέμου τε καὶ αὐτῆς τῆς ψυχῆς ῥαστώνης μεταστροφῆς ἀπὸ γενέσεως ἐπ' ἀλήθειάν τε καὶ οὐσίαν.

κάλλιστ', ἔφη, λέγεις.

καὶ μὴν, ἦν δ' ἐγώ, νῦν καὶ ἐννοῶ, ῥηθέντος τοῦ περὶ [525d] τοὺς λογισμοὺς μαθήματος, ὡς κομψόν ἐστι καὶ πολλαχῇ χρησίμιον ἡμῖν πρὸς ὃ βουλόμεθα, ἐὰν τοῦ γνωρίζειν ἔνεκά τις αὐτὸ ἐπιτηδεύῃ ἀλλὰ μὴ τοῦ κατηλεύειν.

πῇ δὴ; ἔφη.

τοῦτό γε, ὃ νυνδὴ ἐλέγομεν, ὡς σφόδρα ἄνω ποι ἄγει τὴν ψυχὴν καὶ περὶ αὐτῶν τῶν ἀριθμῶν ἀναγκάζει διαλέγεσθαι, οὐδαμῇ ἀποδεχόμενον ἐὰν τις αὐτῇ ὁρατὰ ἢ ἀπτά σώματα ἔχοντας ἀριθμοὺς προτεινόμενος διαλέγηται. οἶσθα γάρ που τοὺς περὶ ταῦτα δεινοὺς αὖ ὥς, ἐὰν τις αὐτὸ τὸ [525e] ἐν ἐπιχειρῇ τῷ λόγῳ τέμνειν, καταγελῶσί τε καὶ οὐκ ἀποδέχονται, ἀλλ' ἐὰν σὺ κερματίξης αὐτό, ἐκείνοι πολλαπλασιοῦσιν, εὐλαβούμενοι μὴ ποτε φανῇ τὸ ἐν μὴ ἐν ἀλλὰ πολλὰ μόρια.

ἀληθέστατα, ἔφη, λέγεις. [526a]

τί οὖν οἶει, ὃ Γλαύκων, εἴ τις ἔροιτο αὐτούς: “ὃ θαυμάσιοι, περὶ

ποίων ἀριθμῶν διαλέγεσθε, ἐν οἷς τὸ ἐν οἷον ὑμεῖς ἀξιοῦτέ ἐστιν, ἴσον τε ἕκαστον πᾶν παντὶ καὶ οὐδὲ σμικρὸν διαφέρον, μῶριόν τε ἔχον ἐν ἑαυτῷ οὐδέν;” τί ἂν οἶε αὐτοὺς ἀποκρίνασθαι;

τοῦτο ἔγωγε, ὅτι περὶ τούτων λέγουσιν ὧν διανοηθῆναι μόνον ἐγγωρεῖ, ἄλλως δ’ οὐδαμῶς μεταχειρίζεσθαι δυνατόν.

ὁρᾷς οὖν, ἦν δ’ ἐγώ, ὦ φίλε, ὅτι τῷ ὄντι ἀναγκαῖον [526b] ἡμῖν κινδυνεύει εἶναι τὸ μάθημα, ἐπειδὴ φαίνεται γε προσαναγκάζον αὐτῇ τῇ νοήσει χρῆσθαι τὴν ψυχὴν ἐπ’ αὐτὴν τὴν ἀλήθειαν;

καὶ μὲν δὴ, ἔφη, σφόδρα γε ποιεῖ αὐτό.

τί δέ; τόδε ἤδη ἐπεσκέψω, ὥς οἱ τε φύσει λογιστικοὶ εἰς πάντα τὰ μαθήματα ὥς ἔπος εἰπεῖν ὀξεῖς φύονται, οἱ τε βραδεῖς, ἂν ἐν τούτῳ παιδευθῶσιν καὶ γυμνάσωνται, κἂν μηδὲν ἄλλο ὠφεληθῶσιν, ὅμως εἷς γε τὸ ὀξύτεροι αὐτοὶ αὐτῶν γίγνεσθαι πάντες ἐπιδιδόασιν;

ἔστιν, ἔφη, οὕτω. [526c]

καὶ μὴν, ὥς ἐγῴμαι, ἃ γε μείζω πόνον παρέχει μανθάνοντι καὶ μελετῶντι, οὐκ ἂν ῥαδίως οὐδὲ πολλὰ ἂν εὖροις ὥς τοῦτο.

οὐ γὰρ οὖν.

πάντων δὴ ἔνεκα τούτων οὐκ ἀφετέον τὸ μάθημα, ἀλλ’ οἱ ἄριστοι τὰς φύσεις παιδευτέοι ἐν αὐτῷ.

σύμφημι, ἦ δ’ ὅς.

τοῦτο μὲν τοίνυν, εἶπον, ἐν ἡμῖν κείσθω: δεύτερον δὲ τὸ ἐχόμενον τούτου σκεψώμεθα ἅρα τι προσήκει ἡμῖν.

τὸ ποῖον; ἢ γεωμετρίαν, ἔφη, λέγεις;

αὐτὸ τοῦτο, ἦν δ’ ἐγώ. [526d]

ὅσον μὲν, ἔφη, πρὸς τὰ πολεμικὰ αὐτοῦ τείνει, δῆλον ὅτι προσήκει: πρὸς γὰρ τὰς στρατοπεδεύσεις καὶ καταλήψεις χωρίων καὶ συναγωγὰς καὶ ἐκτάσεις στρατιᾶς καὶ ὅσα δὴ ἄλλα σχηματίζουνσι τὰ στρατόπεδα ἐν αὐταῖς τε ταῖς μάχαις καὶ πορείαις διαφέρει ἂν αὐτὸς

αὐτοῦ γεωμετρικός τε καὶ μὴ ὢν.

ἀλλ' οὖν δὴ, εἶπον, πρὸς μὲν τὰ τοιαῦτα καὶ βραχύ τι ἂν ἐξαρκοῖ γεωμετρίας τε καὶ λογισμῶν μόριον· τὸ δὲ πολὺ αὐτῆς καὶ πορρωτέρω προῖον σκοπεῖσθαι δεῖ εἴ τι πρὸς ἐκεῖνο [526e] τείνει, πρὸς τὸ ποιεῖν κατιδεῖν ῥᾶον τὴν τοῦ ἀγαθοῦ ιδέαν. τείνει δέ, φαμέν, πάντα αὐτόσε, ὅσα ἀναγκάζει ψυχὴν εἰς ἐκεῖνον τὸν τόπον μεταστρέφεσθαι ἐν ᾧ ἐστὶ τὸ εὐδαιμονέστατον τοῦ ὄντος, ὃ δεῖ αὐτὴν παντὶ τρόπῳ ιδεῖν.

ὀρθῶς, ἔφη, λέγεις.

οὐκοῦν εἰ μὲν οὐσίαν ἀναγκάζει θεάσασθαι, προσήκει, εἰ δὲ γένεσιν, οὐ προσήκει.

φαμέν γε δὴ. [527a]

οὐ τοίνυν τοῦτό γε, ἦν δ' ἐγώ, ἀμφισβητήσουσιν ἡμῖν ὅσοι καὶ σμικρὰ γεωμετρίας ἔμπειροι, ὅτι αὕτη ἡ ἐπιστήμη πᾶν τὸνναντίον ἔχει τοῖς ἐν αὐτῇ λόγοις λεγομένοις ὑπὸ τῶν μεταχειριζομένων.

πῶς; ἔφη.

λέγουσι μὲν που μάλα γελοίως τε καὶ ἀναγκαίως· ὥς γὰρ πράττοντές τε καὶ πράξεως ἔνεκα πάντας τοὺς λόγους ποιούμενοι λέγουσιν τετραγωνίζειν τε καὶ παρατείνειν καὶ προστιθέναι καὶ πάντα οὕτω φθεγγόμενοι, τὸ δ' ἐστὶ που [527b] πᾶν τὸ μάθημα γνώσεως ἔνεκα ἐπιτηδευόμενον.

παντάπασι μὲν οὖν, ἔφη.

οὐκοῦν τοῦτο ἔτι διομολογητέον;

τὸ ποῖον;

ὥς τοῦ ἀεὶ ὄντος γνώσεως, ἀλλὰ οὐ τοῦ ποτέ τι γιγνομένου καὶ ἀπολλυμένου.

εὐομολόγητον, ἔφη· τοῦ γὰρ ἀεὶ ὄντος ἡ γεωμετρικὴ γνῶσις ἐστίν.

ὀλκὸν ἄρα, ᾧ γενναῖε, ψυχῆς πρὸς ἀλήθειαν εἴη ἂν καὶ ἀπεργαστικὸν

φιλοσόφου διανοίας πρὸς τὸ ἄνω σχεῖν ἅ νῦν κάτω οὐ δέον ἔχομεν.

ὥς οἷόν τε μάλιστα, ἔφη. [527c]

ὥς οἷόν τ' ἄρα, ἦν δ' ἐγώ, μάλιστα προστακτέον ὅπως οἱ ἐν τῇ καλλιπόλει σοι μηδενὶ τρόπῳ γεωμετρίας ἀφέζονται. καὶ γὰρ τὰ πάρεργα αὐτοῦ οὐ σμικρά.

ποῖα; ἦ δ' ὅς.

ἅ τε δὴ σὺ εἶπες, ἦν δ' ἐγώ, τὰ περὶ τὸν πόλεμον, καὶ δὴ καὶ πρὸς πάσας μαθήσεις, ὥστε κάλλιον ἀποδέχεσθαι, ἴσμεν πού ὅτι τῷ ὅλῳ καὶ παντὶ διοίσει ἡμμένους τε γεωμετρίας καὶ μή.

τῷ παντὶ μέντοι νῆ Δί', ἔφη.

δεύτερον δὴ τοῦτο τιθῶμεν μάθημα τοῖς νέοις;

τιθῶμεν, ἔφη. [527d]

τί δέ; τρίτον θῶμεν ἀστρονομίαν; ἢ οὐ δοκεῖ;

ἐμοὶ γοῦν, ἔφη: τὸ γὰρ περὶ ὥρας εὐαίσθητοτέρως ἔχειν καὶ μηνῶν καὶ ἐνιαυτῶν οὐ μόνον γεωργία οὐδὲ ναυτιλία προσήκει, ἀλλὰ καὶ στρατηγία οὐχ ἥττον.

ἡδὺς εἶ, ἦν δ' ἐγώ, ὅτι ἔοικας δεδιότι τοὺς πολλούς, μὴ δοκῆς ἄχρηστα μαθήματα προστάττειν. τὸ δ' ἔστιν οὐ πάνυ φαῦλον ἀλλὰ χαλεπὸν πιστεῦσαι ὅτι ἐν τούτοις τοῖς μαθήμασιν ἐκάστου ὄργανόν τι ψυχῆς ἐκκαθαίρεται τε καὶ [527e] ἀναζωπυρεῖται ἀπολλύμενον καὶ τυφλούμενον ὑπὸ τῶν ἄλλων ἐπιτηδευμάτων, κρεῖττον ὃν σωθῆναι μυρίων ὁμμάτων: μόνῳ γὰρ αὐτῷ ἀλήθεια ὁράται. οἷς μὲν οὖν ταῦτα συνδοκεῖ ἀμηχάνως ὥς εὖ δόξεις λέγειν, ὅσοι δὲ τούτου μηδαμῇ ἠσθημένοι εἰσὶν εἰκότως ἡγήσονται σε λέγειν οὐδέν: ἄλλην γὰρ ἀπ' αὐτῶν οὐχ ὁρῶσιν ἀξίαν λόγου ὠφελίαν. σκόπει [528a] οὖν αὐτόθεν πρὸς ποτέρους διαλέγῃ: ἢ οὐδὲ πρὸς ἑτέρους, ἀλλὰ σαυτοῦ ἕνεκα τὸ μέγιστον ποιῇ τοὺς λόγους, φθονοῖς μὴν οὐδ' ἂν ἄλλῳ, εἰ τίς τι δύναιτο ἀπ' αὐτῶν ὄνασθαι.

οὕτως, ἔφη, αἰροῦμαι, ἐμαυτοῦ ἕνεκα τὸ πλεῖστον λέγειν τε καὶ ἐρωτᾶν καὶ ἀποκρίνεσθαι.

ἀναγε τοίνυν, ἦν δ' ἐγώ, εἰς τοῦπίσω: νυνδὴ γὰρ οὐκ ὀρθῶς τὸ ἐξῆς ἐλάβομεν τῇ γεωμετρίᾳ.

πῶς λαβόντες; ἔφη.

μετὰ ἐπίπεδον, ἦν δ' ἐγώ, ἐν περιφορᾷ ὃν ἤδη στερεὸν [528b] λαβόντες, πρὶν αὐτὸ καθ' αὐτὸ λαβεῖν: ὀρθῶς δὲ ἔχει ἐξῆς μετὰ δευτέραν αὐξὴν τρίτην λαμβάνειν. ἔστι δέ που τοῦτο περὶ τὴν τῶν κύβων αὐξήν καὶ τὸ βάθους μετέχον.

ἔστι γάρ, ἔφη: ἀλλὰ ταῦτά γε, ὦ Σώκратες, δοκεῖ οὐπω ἠρύθσθαι.

διττὰ γάρ, ἦν δ' ἐγώ, τὰ αἷτια: ὅτι τε οὐδεμία πόλις ἐντίμως αὐτὰ ἔχει, ἀσθενῶς ζητεῖται χαλεπὰ ὄντα, ἐπιστάτου τε δέονται οἱ ζητοῦντες, ἄνευ οὗ οὐκ ἂν εὗροιεν, ὃν πρῶτον μὲν γενέσθαι χαλεπόν, ἔπειτα καὶ γενομένου, ὥς νῦν ἔχει, [528c] οὐκ ἂν πείθοιντο οἱ περὶ ταῦτα ζητητικοὶ μεγαλοφρονούμενοι. εἰ δὲ πόλις ὅλη συνεπιστατοῖ ἐντίμως ἄγουσα αὐτά, οὗτοί τε ἂν πείθοιντο καὶ συνεχῶς τε ἂν καὶ ἐντόνως ζητούμενα ἐκφανῇ γένοιτο ὅπῃ ἔχει: ἐπεὶ καὶ νῦν ὑπὸ τῶν πολλῶν ἀτιμαζόμενα καὶ κολουόμενα, ὑπὸ δὲ τῶν ζητούντων λόγον οὐκ ἐχόντων καθ' ὅτι χρήσιμα, ὅμως πρὸς ἅπαντα ταῦτα βία ὑπὸ χάριτος αὐξάνεται, καὶ οὐδὲν θαυμαστὸν αὐτὰ φανῆναι. [528d]

καὶ μὲν δὴ, ἔφη, τό γε ἐπίχαρι καὶ διαφερόντως ἔχει. ἀλλὰ μοι σαφέστερον εἰπὲ ἃ νυνδὴ ἔλεγες. τὴν μὲν γάρ που τοῦ ἐπιπέδου πραγματείαν γεωμετρίαν ἐτίθεις.

ναί, ἦν δ' ἐγώ.

εἰτά γ', ἔφη, τὸ μὲν πρῶτον ἀστρονομίαν μετὰ ταύτην, ὕστερον δ' ἀνεχώρησας.

σπεύδων γάρ, ἔφην, ταχὺ πάντα διεξελθεῖν μᾶλλον βραδύνω: ἐξῆς γὰρ οὕσαν τὴν βάθους αὐξήσεως μέθοδον, ὅτι τῇ ζητήσῃ γελοίως ἔχει, ὑπερβὰς αὐτὴν μετὰ γεωμετρίαν [528e] ἀστρονομίαν ἔλεγον, φορὰν οὕσαν βάθους.

ὀρθῶς, ἔφη, λέγεις.

τέταρτον τοίνυν, ἦν δ' ἐγώ, τιθῶμεν μάθημα ἀστρονομίαν, ὥς

ύπαρχούσης τῆς νῦν παραλειπομένης, ἐὰν αὐτὴν πόλις μετῇ.

εἰκός, ἥ δ' ὅς. καὶ ὁ γε νυνδὴ μοι, ὦ Σώκρατες, ἐπέπληξας περὶ ἀστρονομίας ὡς φορτικῶς ἐπαινοῦντι, νῦν ἥ σὺ μετέρχη [529a] ἐπαινῶ: παντὶ γάρ μοι δοκεῖ δῆλον ὅτι αὕτη γε ἀναγκάζει ψυχὴν εἰς τὸ ἄνω ὁρᾶν καὶ ἀπὸ τῶν ἐνθένδε ἐκεῖσε ἄγει.

ἴσως, ἦν δ' ἐγώ, παντὶ δῆλον πλὴν ἐμοί: ἐμοὶ γὰρ οὐ δοκεῖ οὕτως.

ἀλλὰ πῶς; ἔφη.

ὥς μὲν νῦν αὐτὴν μεταχειρίζονται οἱ εἰς φιλοσοφίαν ἀνάγοντες, πάνυ ποιεῖν κάτω βλέπειν.

πῶς, ἔφη, λέγεις;

οὐκ ἀγεννῶς μοι δοκεῖς, ἦν δ' ἐγώ, τὴν περὶ τὰ ἄνω μάθησιν λαμβάνειν παρὰ σαυτῷ ἢ ἐστι: κινδυνεύεις γὰρ [529b] καὶ εἴ τις ἐν ὀροφῇ ποικίλματα θεώμενος ἀνακύπτων καταμανθάνει τι, ἡγεῖσθαι ἂν αὐτὸν νοήσῃ ἄλλ' οὐκ ὄμμασι θεωρεῖν. ἴσως οὖν καλῶς ἡγῇ, ἐγὼ δ' εὐθητικῶς. ἐγὼ γὰρ αὖ οὐ δύναμαι ἄλλο τι νομίσαι ἄνω ποιοῦν ψυχὴν βλέπειν μάθημα ἢ ἐκεῖνο ὃ ἂν περὶ τὸ ὄν τε ἦ καὶ τὸ ἀόρατον, ἐὰν τέ τις ἄνω κεχηνῶς ἢ κάτω συμμεμικῶς τῶν αἰσθητῶν τι ἐπιχειρῇ μανθάνειν, οὔτε μαθεῖν ἂν ποτέ φημι αὐτόν-ἐπιστήμην [529c] γὰρ οὐδὲν ἔχειν τῶν τοιούτων-οὔτε ἄνω ἀλλὰ κάτω αὐτοῦ βλέπειν τὴν ψυχὴν, κἂν ἐξ ὑπτίας νέων ἐν γῇ ἢ ἐν θαλάττῃ μανθάνῃ.

δίκην, ἔφη, ἔχω: ὀρθῶς γὰρ μοι ἐπέπληξας. ἀλλὰ πῶς δὴ ἔλεγες δεῖν ἀστρονομίαν μανθάνειν παρὰ ἃ νῦν μανθάνουσιν, εἰ μέλλοιεν ὠφελίμως πρὸς ἃ λέγομεν μαθήσεσθαι;

ὦδε, ἦν δ' ἐγώ. ταῦτα μὲν τὰ ἐν τῷ οὐρανῷ ποικίλματα, ἐπεὶ περ ἐν ὀρατῷ πεποίκιλται, κάλλιστα μὲν ἡγεῖσθαι καὶ [529d] ἀκριβέστατα τῶν τοιούτων ἔχειν, τῶν δὲ ἀληθινῶν πολὺ ἐνδεῖν, ἃς τὸ ὄν τάχος καὶ ἢ οὔσα βραδυτῆς ἐν τῷ ἀληθινῷ ἀριθμῷ καὶ πᾶσι τοῖς ἀληθέσι σχήμασι φοράς τε πρὸς ἀλληλα φέρεται καὶ τὰ ἐνόντα φέρει, ἃ δὴ λόγῳ μὲν καὶ διανοίᾳ ληπτά, ὅψει δ' οὔ: ἦ σὺ οἶεις;

οὐδαμῶς γε, ἔφη.

οὐκοῦν, εἶπον, τῇ περὶ τὸν οὐρανὸν ποικιλίᾳ παραδείγμασι χρηστέον τῆς πρὸς ἐκεῖνα μαθήσεως ἕνεκα, ὁμοίως ὥσπερ ἂν [529e] εἴ τις ἐντύχοι ὑπὸ Δαιδάλου ἢ τινος ἄλλου δημιουργοῦ ἢ γραφέως διαφερόντως γεγραμμένοις καὶ ἐκπεπονημένοις διαγράμμασιν. ἡγήσαιο γὰρ ἂν πού τις ἔμπειρος γεωμετρίας, ἰδὼν τὰ τοιαῦτα, κάλλιστα μὲν ἔχειν ἀπεργασία, γελοῖον μὴν ἐπισκοπεῖν αὐτὰ σπουδῇ ὡς τὴν ἀλήθειαν ἐν αὐτοῖς ληψόμενον [530a] ἴσων ἢ διπλασίων ἢ ἄλλης τινὸς συμμετρίας.

τί δ' οὐ μέλλει γελοῖον εἶναι; ἔφη.

τῷ ὄντι δὲ ἀστρονομικόν, ἦν δ' ἐγώ, ὄντα οὐκ οἶει ταὐτὸν πείσεσθαι εἰς τὰς τῶν ἄστρον φορὰς ἀποβλέποντα; νομιεῖν μὲν ὡς οἷόν τε κάλλιστα τὰ τοιαῦτα ἔργα συστήσασθαι, οὕτω συνεστάναι τῷ τοῦ οὐρανοῦ δημιουργῷ αὐτόν τε καὶ τὰ ἐν αὐτῷ: τὴν δὲ νυκτὸς πρὸς ἡμέραν συμμετρίαν καὶ τούτων πρὸς μῆνα καὶ μηνὸς πρὸς ἐνιαυτὸν καὶ τῶν ἄλλων ἄστρον [530b] πρὸς τε ταῦτα καὶ πρὸς ἄλληλα, οὐκ ἄτοπον, οἶει, ἡγήσεται τὸν νομίζοντα γίνεσθαι τε ταῦτα ἀεὶ ὡσαύτως καὶ οὐδαμῇ οὐδὲν παραλλάττειν, σῶμά τε ἔχοντα καὶ ὁρώμενα, καὶ ζητεῖν παντὶ τρόπῳ τὴν ἀλήθειαν αὐτῶν λαβεῖν;

ἐμοὶ γοῦν δοκεῖ, ἔφη, σοῦ νῦν ἀκούοντι.

προβλήμασιν ἄρα, ἦν δ' ἐγώ, χρώμενοι ὥσπερ γεωμετρίαν οὕτω καὶ ἀστρονομίαν μέτιμεν, τὰ δ' ἐν τῷ οὐρανῷ ἐάσομεν, εἰ μέλλομεν ὄντως ἀστρονομίας μεταλαμβάνοντες χρήσιμον [530c] τὸ φύσει φρόνιμον ἐν τῇ ψυχῇ ἐξ ἀχρήστου ποιήσειν.

ἦ πολλαπλάσιον, ἔφη, τὸ ἔργον ἢ ὡς νῦν ἀστρονομεῖται προστάτεις.

οἶμαι δέ γε, εἶπον, καὶ τἄλλα κατὰ τὸν αὐτὸν τρόπον προστάξειν ἡμᾶς, ἐάν τι ἡμῶν ὡς νομοθετῶν ὄφελος ἦ. ἀλλὰ γάρ τι ἔχεις ὑπομῆσαι τῶν προσηκόντων μαθημάτων;

οὐκ ἔχω, ἔφη, νῦν γ' οὕτωςί.

οὐ μὴν ἐν, ἀλλὰ πλείω, ἦν δ' ἐγώ, εἶδη παρέχεται ἡ φορά, [530d] ὡς ἐγῶμαι. τὰ μὲν οὖν πάντα ἴσως ὅστις σοφὸς ἔξει εἰπεῖν: ἃ δὲ καὶ ἡμῖν προφανῆ, δύο.

ποῖα δὴ;

πρὸς τούτῳ, ἦν δ' ἐγώ, ἀντίστροφον αὐτοῦ.

τὸ ποῖον;

κινδυνεύει, ἔφην, ὥς πρὸς ἀστρονομίαν ὄμματα πέπηγεν, ὥς πρὸς ἐναρμόνιον φορὰν ὧτα παγῆναι, καὶ αὗται ἀλλήλων ἀδελφαὶ τινες αἱ ἐπιστῆμαι εἶναι, ὥς οἱ τε Πυθαγόρειοί φασι καὶ ἡμεῖς, ὃ Γλαύκων, συγχωροῦμεν. ἢ πῶς ποιοῦμεν;

οὕτως, ἔφη. [530e]

οὐκοῦν, ἦν δ' ἐγώ, ἐπειδὴ πολὺ τὸ ἔργον, ἐκείνων πευσόμεθα πῶς λέγουσι περὶ αὐτῶν καὶ εἴ τι ἄλλο πρὸς τούτοις: ἡμεῖς δὲ παρὰ πάντα ταῦτα φυλάττομεν τὸ ἡμέτερον.

ποῖον;

μή ποτ' αὐτῶν τι ἀτελὲς ἐπιχειρῶσιν ἡμῖν μανθάνειν οὓς θρέψομεν, καὶ οὐκ ἐξῆκον ἐκεῖσε ἀεὶ, οἷ πάντα δεῖ ἀφήκειν, οἷον ἄρτι περὶ τῆς ἀστρονομίας ἐλέγομεν. ἢ οὐκ οἶσθ' ὅτι [531a] καὶ περὶ ἀρμονίας ἕτερον τοιοῦτον ποιοῦσι; τὰς γὰρ ἀκουομένας αὖ συμφωνίας καὶ φθόγγους ἀλλήλοις ἀναμετροῦντες ἀνήνυτα, ὥσπερ οἱ ἀστρονόμοι, πονοῦσιν.

νὴ τοὺς θεοὺς, ἔφη, καὶ γελοίως γε, πυκνώματ' ἅττα ὀνομάζοντες καὶ παραβάλλοντες τὰ ὧτα, οἷον ἐκ γειτόνων φωνὴν θηρεύομενοι, οἱ μὲν φασιν ἔτι κατακούειν ἐν μέσῳ τινὰ ἡχὴν καὶ σμικρότατον εἶναι τοῦτο διάστημα, ὃ μετρητέον, οἱ δὲ ἀμφισβητοῦντες ὥς ὁμοιον ἤδη φθεγγομένων, ἀμφοτέροι [531b] ὧτα τοῦ νοῦ προστησάμενοι.

σὺ μὲν, ἦν δ' ἐγώ, τοὺς χρηστοὺς λέγεις τοὺς ταῖς χορδαῖς πράγματα παρέχοντας καὶ βασανίζοντας, ἐπὶ τῶν κολλόπων στρεβλοῦντας: ἵνα δὲ μὴ μακροτέρα ἢ εἰκὼν γίγνηται πλήκτρῳ τε πληγῶν γιγνομένων καὶ κατηγορίας πέρι καὶ ἐξαρνήσεως καὶ ἀλαζονείας χορδῶν, παύομαι τῆς εἰκόνης καὶ οὐ φημι τούτους λέγειν, ἀλλ' ἐκείνους οὓς ἔφαμεν νυνδὴ περὶ ἀρμονίας ἐρήσεσθαι. ταὐτὸν γὰρ ποιοῦσι τοῖς ἐν τῇ [531c] ἀστρονομίᾳ: τοὺς γὰρ ἐν ταύταις ταῖς συμφωνίαις ταῖς ἀκουομέναις ἀριθμοὺς ζητοῦσιν, ἀλλ' οὐκ εἰς προβλήματα ἀνίστασιν,

ἐπισκοπεῖν τίνες σύμφωνοι ἀριθμοὶ καὶ τίνες οὐ, καὶ διὰ τί ἑκάτεροι.

δαιμόνιον γάρ, ἔφη, πρᾶγμα λέγεις.

χρήσιμον μὲν οὖν, ἦν δ' ἐγώ, πρὸς τὴν τοῦ καλοῦ τε καὶ ἀγαθοῦ ζήτησιν, ἄλλως δὲ μεταδιωκόμενον ἄχρηστον.

εἰκός γ', ἔφη.

οἶμαι δέ γε, ἦν δ' ἐγώ, καὶ ἡ τούτων πάντων ὧν διεληλύθαμεν [531d] μέθοδος ἐὰν μὲν ἐπὶ τὴν ἀλλήλων κοινωνίαν ἀφίκηται καὶ συγγένειαν, καὶ συλλογισθῇ ταῦτα ἧ ἐστὶν ἀλλήλοις οἰκεῖα, φέρειν τι αὐτῶν εἰς ἃ βουλόμεθα τὴν πραγματείαν καὶ οὐκ ἀνόνητα πονεῖσθαι, εἰ δὲ μή, ἀνόνητα.

καὶ ἐγώ, ἔφη, οὕτω μαντεύομαι. ἀλλὰ πάμπολυ ἔργον λέγεις, ὦ Σώκρατες.

τοῦ προοιμίου, ἦν δ' ἐγώ, ἢ τίνος λέγεις; ἢ οὐκ ἴσμεν ὅτι πάντα ταῦτα προοιμίᾳ ἐστὶν αὐτοῦ τοῦ νόμου ὃν δεῖ μαθεῖν; οὐ γάρ που δοκοῦσί γέ σοι οἱ ταῦτα δεινοὶ διαλεκτικοὶ [531e] εἶναι.

οὐ μὰ τὸν Δί', ἔφη, εἰ μὴ μάλα γέ τινες ὀλίγοι ὧν ἐγὼ ἐντετύχηκα.

ἀλλὰ δῆ, εἶπον, μὴ δυνατοὶ οἵτινες δοῦναί τε καὶ ἀποδέξασθαι λόγον εἴσεσθαι ποτέ τι ὧν φαμεν δεῖν εἰδέναι;

οὐδ' αὖ, ἔφη, τοῦτό γε. [532a]

οὐκοῦν, εἶπον, ὦ Γλαῦκων, οὗτος ἤδη αὐτός ἐστιν ὁ νόμος ὃν τὸ διαλέγεσθαι περαίνει; ὃν καὶ ὄντα νοητὸν μιμοῖτ' ἂν ἡ τῆς ὄψεως δύναμις, ἦν ἐλέγομεν πρὸς αὐτὰ ἤδη τὰ ζῶα ἐπιχειρεῖν ἀποβλέπειν καὶ πρὸς αὐτὰ <τὰ> ἄστρα τε καὶ τελευταῖον δὴ πρὸς αὐτὸν τὸν ἥλιον. οὕτω καὶ ὅταν τις τῷ διαλέγεσθαι ἐπιχειρῇ ἄνευ πασῶν τῶν αἰσθήσεων διὰ τοῦ λόγου ἐπ' αὐτὸ ὃ ἐστὶν ἕκαστον ὁρμᾶν, καὶ μὴ ἀποστῇ πρὶν [532b] ἂν αὐτὸ ὃ ἐστὶν ἀγαθὸν αὐτῇ νοήσῃ λάβῃ, ἐπ' αὐτῷ γίγνεται τῷ τοῦ νοητοῦ τέλει, ὥσπερ ἐκεῖνος τότε ἐπὶ τῷ τοῦ ὀρατοῦ.

παντάπασι μὲν οὖν, ἔφη.

τί οὖν; οὐ διαλεκτικὴν ταύτην τὴν πορείαν καλεῖς;

τί μήν;

ἢ δέ γε, ἦν δ' ἐγώ, λύσις τε ἀπὸ τῶν δεσμῶν καὶ μεταστροφή ἀπὸ τῶν σκιῶν ἐπὶ τὰ εἶδωλα καὶ τὸ φῶς καὶ ἐκ τοῦ καταγείου εἰς τὸν ἥλιον ἐπάνοδος, καὶ ἐκεῖ πρὸς μὲν τὰ ζῷα τε καὶ φυτὰ καὶ τὸ τοῦ ἡλίου φῶς ἔτι ἀδυναμία [532c] βλέπειν, πρὸς δὲ τὰ ἐν ὕδασι φαντάσματα θεῖα καὶ σκιὰς τῶν ὄντων, ἀλλ' οὐκ εἰδῶλων σκιὰς δι' ἐτέρου τοιούτου φωτὸς ὡς πρὸς ἥλιον κρίνειν ἀποσκιαζομένας-πᾶσα αὕτη ἡ πραγματεία τῶν τεχνῶν ἃς διήλθομεν ταύτην ἔχει τὴν δύναμιν καὶ ἐπαναγωγὴν τοῦ βελτίστου ἐν ψυχῇ πρὸς τὴν τοῦ ἀρίστου ἐν τοῖς οὖσι θέαν, ὥσπερ τότε τοῦ σαφεστάτου ἐν σώματι πρὸς τὴν τοῦ φανοτάτου ἐν τῷ σωματοειδεῖ τε καὶ [532d] ὁρατῷ τόπῳ.

ἐγὼ μὲν, ἔφη, ἀποδέχομαι οὕτω. καίτοι παντάπασί γέ μοι δοκεῖ χαλεπὰ μὲν ἀποδέχεσθαι εἶναι, ἄλλον δ' αὖ τρόπον χαλεπὰ μὴ ἀποδέχεσθαι. ὅμως δέ-οὐ γὰρ ἐν τῷ νῦν παρόντι μόνον ἀκουστέα, ἀλλὰ καὶ αὐθις πολλάκις ἐπανιτέον -ταῦτα θέντες ἔχειν ὡς νῦν λέγεται, ἐπ' αὐτὸν δὴ τὸν νόμον ἴωμεν, καὶ διέλθωμεν οὕτως ὥσπερ τὸ προοίμιον διήλθομεν. λέγε οὖν τίς ὁ τρόπος τῆς τοῦ διαλέγεσθαι δυνάμεως, καὶ [532e] κατὰ ποῖα δὴ εἶδη διέστηκεν, καὶ τίνες αὖ ὁδοί: αὐταὶ γὰρ ἂν ἤδη, ὡς ἔοικεν, αἱ πρὸς αὐτὸ ἄγουσαι εἶεν, οἱ ἀφικομένῳ ὥσπερ ὁδοῦ ἀνάπαυλα ἂν εἴη καὶ τέλος τῆς πορείας. [533a]

οὐκέτ', ἦν δ' ἐγώ, ὦ φίλε Γλαύκων, οἷός τ' ἔση ἀκολουθεῖν-ἐπεὶ τό γ' ἐμὸν οὐδὲν ἂν προθυμίας ἀπολίποι-οὐδ' εἰκόνα ἂν ἔτι οὗ λέγομεν ἴδοις, ἀλλ' αὐτὸ τὸ ἀληθές, ὃ γε δὴ μοι φαίνεται-εἰ δ' ὄντως ἢ μή, οὐκέτ' ἄξιον τοῦτο διυσχυρίζεσθαι: ἀλλ' ὅτι μὲν δὴ τοιοῦτόν τι ἰδεῖν, ἰσχυριστέον. ἦ γάρ;

τί μήν;

οὐκοῦν καὶ ὅτι ἡ τοῦ διαλέγεσθαι δύναμις μόνη ἂν φήνειεν ἐμπείρω ὄντι ὧν νυνδὴ διήλθομεν, ἄλλη δὲ οὐδαμῇ δυνατόν;

καὶ τοῦτ', ἔφη, ἄξιον διυσχυρίζεσθαι. [533b]

τόδε γοῦν, ἣν δ' ἐγώ, οὐδεὶς ἡμῖν ἀμφισβητήσει λέγουσιν, ὥς αὐτοῦ γε ἐκάστου πέρι ὃ ἔστιν ἕκαστον ἄλλη τις ἐπιχειρεῖ μέθοδος ὁδῶ περι παντὸς λαμβάνειν. ἀλλ' αἱ μὲν ἄλλαι πᾶσαι τέχναι ἢ πρὸς δόξας ἀνθρώπων καὶ ἐπιθυμίας εἰσὶν ἢ πρὸς γενέσεις τε καὶ συνθέσεις, ἢ πρὸς θεραπείαν τῶν φυομένων τε καὶ συντιθεμένων ἅπασαι τετράφαται· αἱ δὲ λοιπαί, ἃς τοῦ ὄντος τι ἔφαμεν ἐπιλαμβάνεσθαι, γεωμετρίας τε καὶ τὰς ταύτῃ ἐπομένας, ὁρῶμεν ὥς ὀνειρώττουσι μὲν [533c] περὶ τὸ ὄν, ὕπαρ δὲ ἀδύνατον αὐταῖς ἰδεῖν, ἕως ἂν ὑποθέσῃσι χρώμεναι ταύτας ἀκινήτους ἐῷσι, μὴ δυνάμεναι λόγον διδόναι αὐτῶν. ᾧ γὰρ ἀρχὴ μὲν ὃ μὴ οἶδε, τελευτὴ δὲ καὶ τὰ μεταξὺ ἐξ οὗ μὴ οἶδεν συμπέπλεκται, τίς μηχανὴ τὴν τοιαύτην ὁμολογίαν ποτὲ ἐπιστήμην γενέσθαι;

οὐδεμία, ἣ δ' ὅς.

οὐκοῦν, ἣν δ' ἐγώ, ἢ διαλεκτικὴ μέθοδος μόνη ταύτῃ πορεύεται, τὰς ὑποθέσεις ἀναιροῦσα, ἐπ' αὐτὴν τὴν ἀρχὴν [533d] ἵνα βεβαιώσῃται, καὶ τῷ ὄντι ἐν βορβόρῳ βαρβαρικῷ τινι τὸ τῆς ψυχῆς ὄμμα κατορυσμένον ἡρέμα ἔλκει καὶ ἀνάγει ἄνω, συνερίθοις καὶ συμπεριαγωγαῖς χρωμένη αἷς διήλθομεν τέχναις· ἃς ἐπιστήμας μὲν πολλάκις προσείπομεν διὰ τὸ ἔθος, δέονται δὲ ὀνόματος ἄλλου, ἐναργεστέρου μὲν ἢ δόξης, ἀμυδροτέρου δὲ ἢ ἐπιστήμης-διάνοιαν δὲ αὐτὴν ἐν γε τῷ πρόσθεν που ὠρισάμεθα-ἔστι δ', ὥς ἔμοι δοκεῖ, οὐ περὶ [533e] ὀνόματος ἀμφισβήτησις, οἷς τοσούτων πέρι σκέψεις ὅσων ἡμῖν πρόκειται.

οὐ γὰρ οὖν, ἔφη.

ἀλλ' ὃ ἂν μόνον δηλοῖ πως τὴν ἕξιν σαφηνεῖα λέγειν ἐν ψυχῇ <ἀρκέσει;

ναί.>

ἀρκέσει οὖν, ἣν δ' ἐγώ, ὥσπερ τὸ πρότερον, τὴν μὲν πρώτην μοῖραν ἐπιστήμην καλεῖν, δευτέραν δὲ διάνοιαν, τρίτην [534a] δὲ πίστιν καὶ εἰκασίαν τετάρτην· καὶ συναμφοτέρα μὲν ταῦτα δόξαν, συναμφοτέρα δ' ἐκεῖνα νόησιν· καὶ δόξαν μὲν περὶ γένεσιν, νόησιν δὲ περὶ οὐσίαν· καὶ ὅτι οὐσία πρὸς γένεσιν, νόησιν πρὸς δόξαν, καὶ ὅτι νόησις πρὸς δόξαν, ἐπιστήμην πρὸς πίστιν καὶ διάνοιαν πρὸς εἰκασίαν· τὴν δ' ἐφ'

οἷς ταῦτα ἀναλογίαν καὶ διαίρεσιν διχῇ ἐκατέρου, δοξαστοῦ τε καὶ νοητοῦ, ἐῷμεν, ὧ Γλαύκων, ἵνα μὴ ἡμᾶς πολλαπλασίων λόγων ἐμπλήσῃ ἢ ὅσων οἱ παρεληλυθότες. [534b]

ἀλλὰ μὴν ἔμοιγ', ἔφη, τά γε ἄλλα, καθ' ὅσον δύναμαι ἔπεσθαι, συνδοκεῖ.

ἦ καὶ διαλεκτικὸν καλεῖς τὸν λόγον ἐκάστου λαμβάνοντα τῆς οὐσίας; καὶ τὸν μὴ ἔχοντα, καθ' ὅσον ἂν μὴ ἔχῃ λόγον αὐτῷ τε καὶ ἄλλῳ διδόναι, κατὰ τοσοῦτον νοῦν περὶ τούτου οὐ φήσεις ἔχειν;

πῶς γὰρ ἂν, ἦ δ' ὅς, φαίην;

οὐκοῦν καὶ περὶ τοῦ ἀγαθοῦ ὡσαύτως: ὅς ἂν μὴ ἔχῃ διορίσασθαι τῷ λόγῳ ἀπὸ τῶν ἄλλων πάντων ἀφελὼν τὴν [534c] τοῦ ἀγαθοῦ ιδέαν, καὶ ὥσπερ ἐν μάχῃ διὰ πάντων ἐλέγχων διεξιὼν, μὴ κατὰ δόξαν ἀλλὰ κατ' οὐσίαν προθυμούμενος ἐλέγχειν, ἐν πᾶσι τούτοις ἀπτῶτι τῷ λόγῳ διαπορεύηται, οὔτε αὐτὸ τὸ ἀγαθὸν φήσεις εἰδέναι τὸν οὕτως ἔχοντα οὔτε ἄλλο ἀγαθὸν οὐδέν, ἀλλ' εἴ πῃ εἰδῶλου τινὸς ἐφάπτεται, δόξῃ, οὐκ ἐπιστήμῃ ἐφάπτεσθαι, καὶ τὸν νῦν βίον ὀνειροπολοῦντα καὶ ὑπνώττοντα, πρὶν ἐνθάδ' ἐξεγρέσθαι, εἰς Ἄιδου [534d] πρότερον ἀφικόμενον τελέως ἐπικαταδαρθεῖν;

νῆ τὸν Δία, ἦ δ' ὅς, σφόδρα γε πάντα ταῦτα φήσω.

ἀλλὰ μὴν τοὺς γε σαυτοῦ παῖδας, οὓς τῷ λόγῳ τρέφεις τε καὶ παιδεύεις, εἴ ποτε ἔργῳ τρέφοις, οὐκ ἂν ἐάσαις, ὥς ἐγῶμαι, ἀλόγους ὄντας ὥσπερ γραμμάς, ἄρχοντας ἐν τῇ πόλει κυρίους τῶν μεγίστων εἶναι.

οὐ γὰρ οὖν, ἔφη.

νομοθετήσεις δὴ αὐτοῖς ταύτης μάλιστα τῆς παιδείας ἀντιλαμβάνεσθαι, ἐξ ἧς ἐρωτᾶν τε καὶ ἀποκρίνεσθαι ἐπιστημονέστατα οἷοί τ' ἔσονται; [534e]

νομοθετήσω, ἔφη, μετὰ γε σοῦ.

ἄρ' οὖν δοκεῖ σοι, ἔφην ἐγώ, ὥσπερ θριγκὸς τοῖς μαθήμασιν ἡ διαλεκτικὴ ἡμῖν ἐπάνω κεῖσθαι, καὶ οὐκέτ' ἄλλο τούτου μάθημα

ἀνωτέρω ὀρθῶς ἂν ἐπιτίθεσθαι, ἀλλ' ἔχειν [535a] ἤδη τέλος τὰ τῶν μαθημάτων;

ἔμοιγ', ἔφη.

διανομὴ τοίνυν, ἣν δ' ἐγώ, τὸ λοιπὸν σοι, τίσιν ταῦτα τὰ μαθήματα δώσομεν καὶ τίνα τρόπον.

δῆλον, ἔφη.

μέμνησαι οὖν τὴν προτέραν ἐκλογὴν τῶν ἀρχόντων, οἷους ἐξελέξαμεν;

πῶς γάρ, ἦ δ' ὅς, οὔ;

τὰ μὲν ἄλλα τοίνυν, ἣν δ' ἐγώ, ἐκείνας τὰς φύσεις οἷου δεῖν ἐκλεκτέας εἶναι: τοὺς τε γὰρ βεβαιωτάτους καὶ τοὺς ἀνδρειωτάτους προαιρετέον, καὶ κατὰ δύναμιν τοὺς εὐεидεστάτους: [535b] πρὸς δὲ τούτοις ζητητέον μὴ μόνον γενναίους τε καὶ βλοσυροὺς τὰ ἦθη, ἀλλὰ καὶ ἃ τῇδε τῇ παιδείᾳ τῆς φύσεως πρόσφορα ἐκτέον αὐτοῖς.

ποῖα δὲ διαστέλλῃ;

δριμύτητα, ὧ μακάριε, ἔφην, δεῖ αὐτοῖς πρὸς τὰ μαθήματα ὑπάρχειν, καὶ μὴ χαλεπῶς μανθάνειν. πολὺ γάρ τοι μᾶλλον ἀποδειλιῶσι ψυχαὶ ἐν ἰσχυροῖς μαθήμασιν ἢ ἐν γυμνασίοις: οἰκειότερος γὰρ αὐταῖς ὁ πόνος, ἴδιος ἀλλ' οὐ κοινὸς ὢν μετὰ τοῦ σώματος.

ἀληθῆ, ἔφη. [535c]

καὶ μνήμονα δὲ καὶ ἄρρατον καὶ πάντῃ φιλόπονον ζητητέον. ἢ τίτιν τρόπῳ οἶε τά τε τοῦ σώματος ἐθελήσειν τινὰ διαπονεῖν καὶ τοσαύτην μάθησίν τε καὶ μελέτην ἐπιτελεῖν;

οὐδένα, ἦ δ' ὅς, ἐὰν μὴ παντάπασί γ' ἦ εὐφυής.

τὸ γοῦν νῦν ἀμάρτημα, ἣν δ' ἐγώ, καὶ ἡ ἀτιμία φιλοσοφία διὰ ταῦτα προσπέπτωκεν, ὃ καὶ πρότερον εἶπομεν, ὅτι οὐ κατ' ἀξίαν αὐτῆς ἄπτονται: οὐ γὰρ νόθους ἔδει ἄπτεσθαι, ἀλλὰ γνησίους.

πῶς; ἔφη. [535d]

πρῶτον μὲν, εἶπον, φιλοπονία οὐ χολὸν δεῖ εἶναι τὸν ἀψόμενον, τὰ μὲν ἡμίσεα φιλόπονον ὄντα, τὰ δ' ἡμίσεα ἄπονον. ἔστι δὲ τοῦτο, ὅταν τις φιλογυμναστῆς μὲν καὶ φιλόθηρος ᾗ καὶ πάντα τὰ διὰ τοῦ σώματος φιλοπονῇ, φιλομαθῆς δὲ μή, μηδὲ φιλήκοος μηδὲ ζητητικός, ἀλλ' ἐν πᾶσι τούτοις μισοπονῇ: χολὸς δὲ καὶ ὁ τάναντία τούτου μεταβεβληκὸς τὴν φιλοπονίαν.

ἀληθέστατα, ἔφη, λέγεις.

οὐκοῦν καὶ πρὸς ἀλήθειαν, ἦν δ' ἐγώ, ταῦτόν τοῦτο ἀνάπηρον [535e] ψυχὴν θήσομεν, ἣ ἂν τὸ μὲν ἐκούσιον ψεῦδος μισῇ καὶ χαλεπῶς φέρῃ αὐτὴ τε καὶ ἐτέρων ψευδομένων ὑπεραγανακτῇ, τὸ δ' ἀκούσιον εὐκόλως προσδέχεται καὶ ἀμαθαίνουσά που ἀλISCOμένη μὴ ἀγανακτῇ, ἀλλ' εὐχερῶς ὥσπερ θηρίον ὕιον ἐν ἀμαθίᾳ μολύνεται; [536a]

παντάπασι μὲν οὖν, ἔφη.

καὶ πρὸς σωφροσύνην, ἦν δ' ἐγώ, καὶ ἀνδρείαν καὶ μεγαλοπρέπειαν καὶ πάντα τὰ τῆς ἀρετῆς μέρη οὐχ ἥκιστα δεῖ φυλάττειν τὸν νόθον τε καὶ τὸν γνήσιον. ὅταν γάρ τις μὴ ἐπίσταιται πάντῃ τὰ τοιαῦτα σκοπεῖν καὶ ιδιώτης καὶ πόλις, λανθάνουσι χολοῖς τε καὶ νόθοις χρώμενοι πρὸς ὅτι ἂν τύχωσι τούτων, οἱ μὲν φίλοις, οἱ δὲ ἄρχουσι.

καὶ μάλα, ἔφη, οὕτως ἔχει.

ἡμῖν δὴ, ἦν δ' ἐγώ, πάντα τὰ τοιαῦτα διευλαβητέον: [536b] ὥς ἐὰν μὲν ἀρτιμελεῖς τε καὶ ἀρτίφρονες ἐπὶ τοσαύτην μάθησιν καὶ τοσαύτην ἄσκησιν κομίσαντες παιδεύωμεν, ἣ τε δίκη ἡμῖν οὐ μέμψεται αὐτῇ, τὴν τε πόλιν καὶ πολιτείαν σώσομεν, ἄλλοίους δὲ ἄγοντες ἐπὶ ταῦτα τάναντία πάντα καὶ πράξομεν καὶ φιλοσοφίας ἔτι πλείω γέλωτα καταντλήσομεν.

αἰσχρὸν μεντὰν εἶη, ἦ δ' ὅς.

πάνυ μὲν οὖν, εἶπον: γελοῖον δ' ἔγωγε καὶ ἐν τῷ παρόντι <τι> ἔοικα παθεῖν.

τὸ ποῖον; ἔφη. [536c]

ἐπελαθόμεν, ἦν δ' ἐγώ, ὅτι ἐπαίζομεν, καὶ μᾶλλον ἐντεινάμενος εἶπον. λέγων γὰρ ἅμα ἔβλεψα πρὸς φιλοσοφίαν, καὶ ἰδὼν προπεπηλακισμένην ἀναξίως ἀγανακτήσας μοι δοκῶ καὶ ὥσπερ θυμωθεὶς τοῖς αἰτίοις σπουδαιότερον εἰπεῖν ἢ εἶπον.

οὐ μὰ τὸν Δί', ἔφη, οὕκουν ὥς γ' ἐμοὶ ἀκροατῇ.

ἀλλ' ὥς ἐμοί, ἦν δ' ἐγώ, ῥήτορι. τόδε δὲ μὴ ἐπιλανθανώμεθα, ὅτι ἐν μὲν τῇ προτέρᾳ ἐκλογῇ πρεσβύτεας ἐξελέγομεν, [536d] ἐν δὲ ταύτῃ οὐκ ἐγχωρήσει: Σόλωνι γὰρ οὐ πειστέον ὥς γηράσκων τις πολλὰ δυνατὸς μανθάνειν, ἀλλ' ἥττον ἢ τρέχειν, νέων δὲ πάντες οἱ μεγάλοι καὶ οἱ πολλοὶ πόνοι.

ἀνάγκη, ἔφη.

τὰ μὲν τοίνυν λογισμῶν τε καὶ γεωμετριῶν καὶ πάσης τῆς προπαιδείας, ἦν τῆς διαλεκτικῆς δεῖ προπαιδευθῆναι, παισὶν οὔσι χρή προβάλλειν, οὐχ ὥς ἐπάναγκες μαθεῖν τὸ σχῆμα τῆς διδαχῆς ποιουμένους.

τί δὴ; [536e]

ὅτι, ἦν δ' ἐγώ, οὐδὲν μάθημα μετὰ δουλείας τὸν ἐλεύθερον χρή μανθάνειν. οἱ μὲν γὰρ τοῦ σώματος πόνοι βία πονοῦμενοι χειρὸν οὐδὲν τὸ σῶμα ἀπεργάζονται, ψυχῇ δὲ βίαιον οὐδὲν ἔμμονον μάθημα.

ἀληθῆ, ἔφη.

μὴ τοίνυν βία, εἶπον, ὧ ἄριστε, τοὺς παῖδας ἐν τοῖς [537a] μαθήμασιν ἀλλὰ παίζοντας τρέφε, ἵνα καὶ μᾶλλον οἷός τ' ἦς καθορᾶν ἐφ' ὃ ἕκαστος πέφυκεν.

ἔχει ὁ λέγεις, ἔφη, λόγον.

οὐκοῦν μνημονεύεις, ἦν δ' ἐγώ, ὅτι καὶ εἰς τὸν πόλεμον ἔφαμεν τοὺς παῖδας εἶναι ἀκτέον ἐπὶ τῶν ἵππων θεωρούς, καὶ ἐάν που ἀσφαλὲς ἦ, προσακτέον ἐγγὺς καὶ γευστέον αἵματος, ὥσπερ τοὺς σκύλακας;

μέμνημαι, ἔφη.

ἐν πᾶσι δὴ τούτοις, ἦν δ' ἐγώ, τοῖς τε πόνοις καὶ μαθήμασι καὶ φόβοις ὃς ἂν ἐντρεχέστατος ἀεὶ φαίνεται, εἰς ἀριθμόν τινα ἐγκριτέον. [537b]

ἐν τίνι, ἔφη, ἡλικία;

ἡνίκα, ἦν δ' ἐγώ, τῶν ἀναγκαίων γυμνασίων μεθιένται: οὗτος γὰρ ὁ χρόνος, ἔαντε δύο ἔαντε τρία ἔτη γίγνηται, ἀδύνατός τι ἄλλο πρᾶξαι: κόποι γὰρ καὶ ὕπνοι μαθήμασι πολέμιοι. καὶ ἅμα μία καὶ αὕτη τῶν βασάνων οὐκ ἐλαχίστη, τίς ἕκαστος ἐν τοῖς γυμνασίοις φανεῖται.

πῶς γὰρ οὐκ; ἔφη.

μετὰ δὴ τοῦτον τὸν χρόνον, ἦν δ' ἐγώ, ἐκ τῶν εἰκοσιετῶν οἱ προκριθέντες τιμὰς τε μείζους τῶν ἄλλων οἴσονται, [537c] τὰ τε χύδην μαθήματα παισὶν ἐν τῇ παιδείᾳ γεγόμενα τούτοις συνακτέον εἰς σύνοψιν οἰκειότητός τε ἀλλήλων τῶν μαθημάτων καὶ τῆς τοῦ ὄντος φύσεως.

μόνη γοῦν, εἶπεν, ἡ τοιαύτη μάθησις βέβαιος, ἐν οἷς ἂν ἐγγένηται.

καὶ μεγίστη γε, ἦν δ' ἐγώ, πείρα διαλεκτικῆς φύσεως καὶ μή: ὁ μὲν γὰρ συνοπτικός διαλεκτικός, ὁ δὲ μὴ οὔ.

συνοίομαι, ἦ δ' ὅς.

ταῦτα τοίνυν, ἦν δ' ἐγώ, δεήσει σε ἐπισκοποῦντα οἷ ἂν [537d] μάλιστα τοιοῦτοι ἐν αὐτοῖς ὥσι καὶ μόνιμοι μὲν ἐν μαθήμασι, μόνιμοι δ' ἐν πολέμῳ καὶ τοῖς ἄλλοις νομίμοις, τούτους αὖ, ἐπειδὴν τὰ τριάκοντα ἔτη ἐκβαίνωσιν, ἐκ τῶν προκρίτων προκρινάμενον εἰς μείζους τε τιμὰς καθιστάναι καὶ σκοπεῖν, τῇ τοῦ διαλέγεσθαι δυνάμει βασανίζοντα τίς ὁμμάτων καὶ τῆς ἄλλης αἰσθήσεως δυνατὸς μεθιέμενος ἐπ' αὐτὸ τὸ ὄν μετ' ἀληθείας ἰέναι. καὶ ἐνταῦθα δὴ πολλῆς φυλακῆς ἔργον, ὃ ἐταῖρε.

τί μάλιστα; ἦ δ' ὅς. [537e]

οὐκ ἐννοεῖς, ἦν δ' ἐγώ, τὸ νῦν περὶ τὸ διαλέγεσθαι κακὸν γιγνόμενον ὅσον γίγνεται;

τὸ ποῖον; ἔφη.

παρανομίας που, ἔφην ἐγώ, ἐμπίμπλονται.

καὶ μάλα, ἔφη.

θαυμαστὸν οὖν τι οἶει, εἶπον, πάσχειν αὐτούς, καὶ οὐ συγγιγνώσκεις;

πῇ μάλιστα; ἔφη.

οἶον, ἦν δ' ἐγώ, εἴ τις ὑποβολιμαῖος τραφεῖη ἐν πολλοῖς [538a] μὲν χρήμασι, πολλῶ δὲ καὶ μεγάλῳ γένει καὶ κόλαξι πολλοῖς, ἀνὴρ δὲ γενόμενος αἰσθοίτο ὅτι οὐ τούτων ἐστὶ τῶν φασκόντων γονέων, τοὺς δὲ τῷ ὄντι γεννήσαντας μὴ εὖροι, τοῦτον ἔχεις μαντεύσασθαι πῶς ἂν διατεθεῖη πρὸς τε τοὺς κόλακας καὶ πρὸς τοὺς ὑποβαλομένους ἐν ἐκείνῳ τε τῷ χρόνῳ ᾧ οὐκ ἤδει τὰ περὶ τῆς ὑποβολῆς, καὶ ἐν ᾧ αὐτῷ ἤδει; ἢ βούλει ἐμοῦ μαντευομένου ἀκοῦσαι;

βούλομαι, ἔφη.

μαντεύομαι τοίνυν, εἶπον, μᾶλλον αὐτὸν τιμᾶν ἂν τὸν [538b] πατέρα καὶ τὴν μητέρα καὶ τοὺς ἄλλους οἰκείους δοκοῦντας ἢ τοὺς κολακεύοντας, καὶ ἦττον μὲν ἂν περιδεῖν ἐνδεεῖς τινος, ἦττον δὲ παράνομόν τι δρᾶσαι ἢ εἰπεῖν εἰς αὐτούς, ἦττον δὲ ἀπειθεῖν τὰ μεγάλα ἐκείνοις ἢ τοῖς κόλαξιν, ἐν ᾧ χρόνῳ τὸ ἀληθὲς μὴ εἶδει.

εἰκός, ἔφη.

αἰσθόμενον τοίνυν τὸ ὄν μαντεύομαι αὐτῷ περὶ μὲν τούτους ἀνεῖναι ἂν τὸ τιμᾶν τε καὶ σπουδάζειν, περὶ δὲ τοὺς κόλακας ἐπιτεῖναι, καὶ πείθεσθαι τε αὐτοῖς διαφερόντως ἢ πρότερον [538c] καὶ ζῆν ἂν ἤδη κατ' ἐκείνους, συνόντα αὐτοῖς ἀπαρακαλύπτως, πατὴρ δὲ ἐκείνου καὶ τῶν ἄλλων ποιουμένων οἰκείων, εἰ μὴ πάνυ εἴη φύσει ἐπιεικής, μέλειν τὸ μηδέν.

πάντ', ἔφη, λέγεις οἷά περ ἂν γένοιτο. ἀλλὰ πῇ πρὸς τοὺς ἀπτομένους τῶν λόγων αὕτη φέρει ἡ εἰκὼν;

τῇδε. ἔστι που ἡμῖν δόγματα ἐκ παίδων περὶ δικαίων καὶ καλῶν, ἐν οἷς ἐκτεθράμμεθα ὥσπερ ὑπὸ γονεῦσι, πειθαρχοῦντές τε καὶ τιμῶντες αὐτά.

ἔστι γάρ. [538d]

οὐκοῦν καὶ ἄλλα ἐναντία τούτων ἐπιτηδεύματα ἡδονὰς ἔχοντα, ἃ κολακεύει μὲν ἡμῶν τὴν ψυχὴν καὶ ἔλκει ἐφ' αὐτά, πείθει δ' οὐ τοὺς καὶ ὀπηθοῦν μετρίους· ἀλλ' ἐκεῖνα τιμῶσι τὰ πάτρια καὶ ἐκείνοις πειθαρχοῦσιν.

ἔστι ταῦτα.

τί οὖν; ἦν δ' ἐγώ· ὅταν τὸν οὕτως ἔχοντα ἐλθὼν ἐρώτημα ἔρηται· τί ἔστι τὸ καλόν, καὶ ἀποκριναμένου ὁ τοῦ νομοθέτου ἤκουεν ἐξελέγχῃ ὁ λόγος, καὶ πολλάκις καὶ πολλαχῇ ἐλέγχων εἰς δόξαν καταβάλλῃ ὡς τοῦτο οὐδὲν μᾶλλον [538e] καλὸν ἢ αἰσχρόν, καὶ περὶ δικαίου ὡσαύτως καὶ ἀγαθοῦ καὶ ἃ μάλιστα ἦγεν ἐν τιμῇ, μετὰ τοῦτο τί οἶει ποιήσῃν αὐτὸν πρὸς αὐτὰ τιμῆς τε πέρι καὶ πειθαρχίας;

ἀνάγκη, ἔφη, μήτε τιμᾶν ἔτι ὁμοίως μήτε πείθεσθαι.

ὅταν οὖν, ἦν δ' ἐγώ, μήτε ταῦτα ἡγήται τίμια καὶ οἰκεῖα ὥσπερ πρὸ τοῦ, τά τε ἀληθῆ μὴ εὐρίσκη, ἔστι πρὸς ὅποιον [539a] βίον ἄλλον ἢ τὸν κολακεύοντα εἰκότως προσχωρήσεται;

οὐκ ἔστιν, ἔφη.

παράνομος δὴ οἶμαι δόξει γεγονέναι ἐκ νομίμου.

ἀνάγκη.

οὐκοῦν, ἔφην, εἰκὸς τὸ πάθος τῶν οὕτω λόγων ἀπτομένων καί, ὁ ἄρτι ἔλεγον, πολλῆς συγγνώμης ἄξιον;

καὶ ἐλέου γ', ἔφη.

οὐκοῦν ἵνα μὴ γίγνηται ὁ ἔλεος οὗτος περὶ τοὺς τριακοντούτας σοι, εὐλαβουμένῳ παντὶ τρόπῳ τῶν λόγων ἀπτέον;

καὶ μάλ', ἦ δ' ὅς. [539b]

ἄρ' οὖν οὐ μία μὲν εὐλάβεια αὕτη συχνή, τὸ μὴ νέους ὄντας αὐτῶν γεύεσθαι; οἶμαι γάρ σε οὐ λεληθέναι ὅτι οἱ μειρακίσκοι, ὅταν τὸ πρῶτον λόγων γεύωνται, ὡς παιδιᾷ αὐτοῖς καταχρῶνται, ἀεὶ εἰς ἀντιλογίαν χρώμενοι, καὶ μιμούμενοι τοὺς ἐξελέγχοντας αὐτοὶ ἄλλους ἐλέγχουσι, χαίροντες ὥσπερ σκυλάκια τῷ ἔλκειν τε καὶ

σπαράττειν τῷ λόγῳ τοὺς πλησίον αἰεί.

ὑπερφυῶς μὲν οὖν, ἔφη.

οὐκοῦν ὅταν δὴ πολλοὺς μὲν αὐτοὶ ἐλέγξωσιν, ὑπὸ πολλῶν [539c] δὲ ἐλεγχθῶσι, σφόδρα καὶ ταχὺ ἐμπίπτουσιν εἰς τὸ μηδὲν ἡγεῖσθαι ὥνπερ πρότερον· καὶ ἐκ τούτων δὴ αὐτοὶ τε καὶ τὸ ὅλον φιλοσοφίας πέρι εἰς τοὺς ἄλλους διαβέβληνται.

ἀληθέστατα, ἔφη.

ὁ δὲ δὴ πρεσβύτερος, ἦν δ' ἐγώ, τῆς μὲν τοιαύτης μανίας οὐκ ἂν ἐθέλοι μετέχειν, τὸν δὲ διαλέγεσθαι ἐθέλοντα καὶ σκοπεῖν τάληθές μᾶλλον μιμήσεται ἢ τὸν παιδιᾶς χάριν παίζοντα καὶ ἀντιλέγοντα, καὶ αὐτός τε μετριώτερος ἔσται [539d] καὶ τὸ ἐπιτήδευμα τιμιώτερον ἀντὶ ἀτιμοτέρου ποιήσει.

ὀρθῶς, ἔφη.

οὐκοῦν καὶ τὰ προειρημένα τούτου ἐπ' εὐλαβείᾳ πάντα προείρηται, τὸ τὰς φύσεις κοσμίους εἶναι καὶ στασίμους οἷς τις μεταδώσει τῶν λόγων, καὶ μὴ ὥς νῦν ὁ τυχὼν καὶ οὐδὲν προσήκων ἔρχεται ἐπ' αὐτό;

πάνυ μὲν οὖν, ἔφη.

ἄρκεϊ δὴ ἐπὶ λόγων μεταλήψει μεῖναι ἐνδελεχῶς καὶ συντόνως μηδὲν ἄλλο πράττοντι, ἀλλ' ἀντιστρόφως γυμναζομένῳ τοῖς περὶ τὸ σῶμα γυμνασίοις, ἔτη διπλάσια ἢ τότε; [539e]

ἔξ, ἔφη, ἢ τέτταρα λέγεις;

ἀμέλει, εἶπον, πέντε θές. μετὰ γὰρ τοῦτο καταβιβαστέοι ἔσονταί σοι εἰς τὸ σπήλαιον πάλιν ἐκεῖνο, καὶ ἀναγκαστέοι ἄρχειν τὰ τε περὶ τὸν πόλεμον καὶ ὅσαι νέων ἀρχαί, ἵνα μὴδ' ἐμπειρίᾳ ὑστερῶσι τῶν ἄλλων· καὶ ἔτι καὶ ἐν τούτοις [540a] βασανιστέοι εἰ ἐμμενοῦσιν ἐλκόμενοι πανταχόσε ἢ τι καὶ παρακινήσουσι.

χρόνον δέ, ἦ δ' ὅς, πόσον τοῦτον τιθεῖς;

πεντεκαίδεκα ἔτη, ἦν δ' ἐγώ. γενομένων δὲ πεντηκοντουτῶν τοὺς διασωθέντας καὶ ἀριστεύσαντας πάντα πάντη ἐν ἔργοις τε καὶ

ἐπιστήμαις πρὸς τέλος ἤδη ἀκτέον, καὶ ἀναγκαστέον ἀνακλίναντας τὴν τῆς ψυχῆς αὐγὴν εἰς αὐτὸ ἀποβλέψαι τὸ πᾶσι φῶς παρέχον, καὶ ἰδόντας τὸ ἀγαθὸν αὐτό, παραδείγματι χρωμένους ἐκεῖνω, καὶ πόλιν καὶ ἰδιώτας [540b] καὶ ἑαυτοὺς κοσμεῖν τὸν ἐπίλοιπον βίον ἐν μέρει ἐκάστους, τὸ μὲν πολὺ πρὸς φιλοσοφία διατρίβοντας, ὅταν δὲ τὸ μέρος ἦκη, πρὸς πολιτικοῖς ἐπιταλαιπωροῦντας καὶ ἄρχοντας ἐκάστους τῆς πόλεως ἕνεκα, οὐχ ὥς καλὸν τι ἄλλ' ὥς ἀναγκαῖον πράττοντας, καὶ οὕτως ἄλλους ἀεὶ παιδεύσαντας τοιούτους, ἀντικαταλιπόντας τῆς πόλεως φύλακας, εἰς μακάρων νήσους ἀπιόντας οἰκεῖν: μνημεῖα δ' αὐτοῖς καὶ θυσίας [540c] τὴν πόλιν δημοσίᾳ ποιεῖν, ἐὰν καὶ ἡ Πυθία συναναιρῇ, ὥς δαίμοσιν, εἰ δὲ μή, ὥς εὐδαίμοσί τε καὶ θείοις.

παγκάλους, ἔφη, τοὺς ἄρχοντας, ὃ Σώκρατες, ὥσπερ ἀνδριαντοποιὸς ἀπείργασαι.

καὶ τὰς ἀρχούσας γε, ἦν δ' ἐγώ, ὃ Γλαῦκων: μὴδὲν γάρ τι οἴου με περὶ ἀνδρῶν εἰρηκέναι μᾶλλον ἢ εἴρηκα ἢ περὶ γυναικῶν, ὅσαι ἂν αὐτῶν ἱκαναὶ τὰς φύσεις ἐγγίγνωνται.

ὀρθῶς, ἔφη, εἴπερ ἴσα γε πάντα τοῖς ἀνδράσι κοινωνήσουσιν, ὥς διήλθομεν. [540d]

τί οὖν; ἔφην: συγχωρεῖτε περὶ τῆς πόλεως τε καὶ πολιτείας μὴ παντάπασιν ἡμᾶς εὐχὰς εἰρηκέναι, ἀλλὰ χαλεπὰ μὲν, δυνατὰ δέ πη, καὶ οὐκ ἄλλη ἢ εἴρηται, ὅταν οἱ ὥς ἀληθῶς φιλόσοφοι δυνάσται, ἢ πλείους ἢ εἷς, ἐν πόλει γενόμενοι τῶν μὲν νῦν τιμῶν καταφρονήσωσιν, ἡγησάμενοι ἀνελευθέρους εἶναι καὶ οὐδενὸς ἀξίας, τὸ δὲ ὀρθὸν περὶ [540e] πλείστου ποιησάμενοι καὶ τὰς ἀπὸ τούτου τιμὰς, μέγιστον δὲ καὶ ἀναγκαιότατον τὸ δίκαιον, καὶ τούτῳ δὴ ὑπηρετοῦντές τε καὶ αὔξοντες αὐτὸ διασκευώρῃσονται τὴν ἑαυτῶν πόλιν;

πῶς; ἔφη.

ὅσοι μὲν ἂν, ἦν δ' ἐγώ, πρεσβύτεροι τυγχάνωσι δεκετῶν [541a] ἐν τῇ πόλει, πάντας ἐκπέμψωσιν εἰς τοὺς ἀγρούς, τοὺς δὲ παῖδας αὐτῶν παραλαβόντες ἐκτὸς τῶν νῦν ἡθῶν, ἃ καὶ οἱ γονεῖς ἔχουσι, θρέψωνται ἐν τοῖς σφετέροις τρόποισι καὶ νόμοις, οὔσιν οἷσις διεληλύθαμεν

τότε: καὶ οὕτω τάχιστα τε καὶ ῥᾶστα πόλιν τε καὶ πολιτείαν, ἣν ἐλέγομεν, καταστᾶσαν αὐτήν τε εὐδαιμονήσῃν καὶ τὸ ἔθνος ἐν ᾧ ἂν ἐγγένηται πλεῖστα ὀνήσῃν;

πολύ γ', ἔφη: καὶ ὥς ἂν γένοιτο, εἴπερ ποτὲ γίγνοιτο, [541b] δοκεῖς μοι, ὦ Σώκρατες, εὖ εἰρηκέναι.

οὐκοῦν ἄδην ἤδη, εἶπον ἐγώ, ἔχουσιν ἡμῖν οἱ λόγοι περὶ τε τῆς πόλεως ταύτης καὶ τοῦ ὁμοίου ταύτῃ ἀνδρός; δηλὸς γάρ που καὶ οὗτος οἷον φήσομεν δεῖν αὐτὸν εἶναι.

δηλὸς, ἔφη: καὶ ὅπερ ἐρωτᾷς, δοκεῖ μοι τέλος ἔχειν.

Πολιτεία Η

Σωκράτης, Γλαύκων

[543a] εἶεν: ταῦτα μὲν δὴ ὁμολόγηται, ὦ Γλαύκων, τῇ μελλούσῃ ἄκρως οἰκεῖν πόλει κοινὰς μὲν γυναῖκας, κοινούς δὲ παῖδας εἶναι καὶ πᾶσαν παιδείαν, ὡσαύτως δὲ τὰ ἐπιτηδεύματα κοινὰ ἐν πολέμῳ τε καὶ εἰρήνῃ, βασιλέας δὲ αὐτῶν εἶναι τοὺς ἐν φιλοσοφίᾳ τε καὶ πρὸς τὸν πόλεμον γεγονότας ἀρίστους.

ὁμολόγηται, ἔφη. [543b]

καὶ μὴν καὶ τάδε συνεχωρήσαμεν, ὥς, ὅταν δὴ καταστῶσιν οἱ ἄρχοντες, ἄγοντες τοὺς στρατιώτας κατοικιοῦσιν εἰς οἰκῆσεις οἷας προείπομεν, ἴδιον μὲν οὐδὲν οὐδενὶ ἐχούσας, κοινὰς δὲ πᾶσι: πρὸς δὲ ταῖς τοιαύταις οἰκῆσεσι, καὶ τὰς κτήσεις, εἰ μνημονεύεις, διωμολογησάμεθ' αὖτε οἷα ἔσονται αὐτοῖς.

ἀλλὰ μνημονεύω, ἔφη, ὅτι γε οὐδὲν οὐδένα ὥμεθα δεῖν κεκτηῖσθαι ὧν νῦν οἱ ἄλλοι, ὥσπερ δὲ ἀθλητάς τε πολέμου [543c] καὶ φύλακας, μισθὸν τῆς φυλακῆς δεχομένους εἰς ἐνιαυτὸν τὴν εἰς ταῦτα τροφὴν παρὰ τῶν ἄλλων, αὐτῶν τε δεῖν καὶ τῆς ἄλλης πόλεως ἐπιμελεῖσθαι. ὀρθῶς, ἔφη, λέγεις. ἀλλ' ἄγ', ἐπειδὴ τοῦτ' ἀπετελέσαμεν, ἀναμνησθῶμεν πόθεν δεῦρο ἐξετραπόμεθα, ἵνα πάλιν τὴν αὐτὴν ἴωμεν. οὐ χαλεπὸν, ἔφη. σχεδὸν γάρ, καθάπερ νῦν, ὥς διεληλυθὼς περὶ τῆς πόλεως τοὺς λόγους ἐποιοῦ, λέγων ὥς ἀγαθὴν μὲν τὴν τοιαύτην, οἷαν τότε διῆλθες, τιθείης πόλιν, [543d] καὶ ἄνδρα τὸν ἐκείνῃ ὅμοιον, καὶ ταῦτα, ὥς ἔοικας, καλλίω [544a] ἔτι ἔχων εἰπεῖν πόλιν τε καὶ ἄνδρα. ἀλλ' οὖν δὴ τὰς ἄλλας ἡμαρτημένας ἔλεγες, εἰ αὕτη ὀρθή. τῶν δὲ λοιπῶν πολιτειῶν ἔφησθα, ὥς μνημονεύω, τέτταρα εἶδη εἶναι, ὧν καὶ περὶ λόγον ἄξιον εἶη ἔχειν καὶ ἰδεῖν αὐτῶν τὰ ἁμαρτήματα καὶ τοὺς ἐκείναις αὖ ὁμοίους, ἵνα πάντας αὐτοὺς ἰδόντες, καὶ ὁμολογησάμενοι τὸν ἄριστον καὶ τὸν κάκιστον ἄνδρα, ἐπισκεψαίμεθα εἰ ὁ ἄριστος εὐδαιμονέστατος καὶ ὁ κάκιστος ἀθλιώτατος, ἢ ἄλλως ἔχοι: καὶ ἐμοῦ ἐρομένου τίνας λέγοις [544b] τὰς τέτταρας πολιτείας, ἐν τούτῳ ὑπέλαβε Πολέμαρχος τε καὶ Ἀδείμαντος, καὶ οὕτω δὴ σὺ ἀναλαβὼν τὸν λόγον δεῦρ' ἀφίξαι.

ὀρθότατα, εἶπον, ἐμνημόνευσας.

πάλιν τοίνυν, ὥσπερ παλαιστής, τὴν αὐτὴν λαβὴν παρέχε, καὶ τὸ αὐτὸ ἐμοῦ ἐρομένου πειρῶ εἰπεῖν ἅπερ τότε ἔμελλες λέγειν.

ἐάνπερ, ἦν δ' ἐγώ, δύνωμαι.

καὶ μὴν, ἥ δ' ὅς, ἐπιθυμῶ γε καὶ αὐτὸς ἀκοῦσαι τίνας ἔλεγες τὰς τέτταρας πολιτείας. [544c] οὐ χαλεπῶς, ἦν δ' ἐγώ, ἀκούσῃ. εἰσὶ γὰρ ἅς λέγω, αἵπερ καὶ ὀνόματα ἔχουσιν, ἥ τε ὑπὸ τῶν πολλῶν ἐπαινουμένη, ἡ Κρητικὴ τε καὶ Λακωνικὴ αὕτη: καὶ δευτέρα καὶ δευτέρως ἐπαινουμένη, καλουμένη δ' ὀλιγαρχία, συχῶν γέμουσα κακῶν πολιτεία: ἥ τε ταύτῃ διάφορος καὶ ἐφεξῆς γιγνομένη δημοκρατία, καὶ ἡ γενναία δὴ τυραννὶς καὶ πασῶν τούτων διαφέρουσα, τέταρτόν τε καὶ ἔσχατον πόλεως νόσημα. ἥ τινα ἄλλην ἔχεις ἰδέαν πολιτείας, ἥ τις καὶ ἐν εἶδει διαφανεῖ [544d] τινι κεῖται; δυναστεῖαι γὰρ καὶ ὠνηταὶ βασιλεῖαι καὶ τοιαῦταί τινες πολιτεῖαι μεταξύ τι τούτων πού εἰσιν, εὖροι δ' ἂν τις αὐτὰς οὐκ ἐλάττους περὶ τοὺς βαρβάρους ἢ τοὺς Ἑλληνας.

πολλαὶ γοῦν καὶ ἄτοποι, ἔφη, λέγονται.

οἶσθ' οὖν, ἦν δ' ἐγώ, ὅτι καὶ ἀνθρώπων εἶδη τοσαῦτα ἀνάγκη τρόπων εἶναι, ὅσαπερ καὶ πολιτειῶν; ἢ οἶει ἐκ δρυὸς ποθεν ἢ ἐκ πέτρας τὰς πολιτείας γίγνεσθαι, ἀλλ' [544e] οὐχὶ ἐκ τῶν ἡθῶν τῶν ἐν ταῖς πόλεσιν, ἃ ἂν ὥσπερ ῥέψαντα τᾶλλα ἐφελκύσῃται;

οὐδαμῶς ἔγωγ', ἔφη, ἄλλοθεν ἢ ἐντεῦθεν.

οὐκοῦν εἰ τὰ τῶν πόλεων πέντε, καὶ αἱ τῶν ἰδιωτῶν κατασκευαὶ τῆς ψυχῆς πέντε ἂν εἶεν.

τί μὴν;

τὸν μὲν δὴ τῇ ἀριστοκρατίᾳ ὅμοιον διεληλύθαμεν ἤδη, ὃν ἀγαθὸν τε καὶ δίκαιον ὀρθῶς φαμεν εἶναι. [545a] διεληλύθαμεν.

ἄρ' οὖν τὸ μετὰ τοῦτο διυτέον τοὺς χεῖρους, τὸν φιλόνικόν τε καὶ φιλότιμον, κατὰ τὴν Λακωνικὴν ἐστῶτα πολιτείαν, καὶ ὀλιγαρχικὸν αὖ καὶ δημοκρατικὸν καὶ τὸν τυραννικόν, ἵνα τὸν ἀδικώτατον

ιδόντες ἀντιθῶμεν τῷ δικαιοτάτῳ καὶ ἡμῖν τελέα ἢ σκέψις ἦ, πῶς ποτε ἡ ἄκρατος δικαιοσύνη πρὸς ἀδικίαν τὴν ἄκρατον ἔχει εὐδαιμονίας τε περὶ τοῦ ἔχοντος καὶ ἀθλιότητος, ἵνα ἡ Θρασυμάχῳ πειθόμενοι [545b] διώκωμεν ἀδικίαν ἢ τῷ νῦν προφαινομένῳ λόγῳ δικαιοσύνην;

παντάπασι μὲν οὖν, ἔφη, οὕτω ποιητέον.

ἄρ' οὖν, ὥσπερ ἡρξάμεθα ἐν ταῖς πολιτείαις πρότερον σκοπεῖν τὰ ἦθη ἢ ἐν τοῖς ιδιώταις, ὡς ἐναργέστερον ὄν, καὶ νῦν οὕτω πρῶτον μὲν τὴν φιλότιμον σκεπτέον πολιτείαν -ὄνομα γὰρ οὐκ ἔχω λεγόμενον ἄλλο: ἢ τιμοκρατίαν ἢ τιμαρχίαν αὐτὴν κλητέον-πρὸς δὲ ταύτην τὸν τοιοῦτον [545c] ἄνδρα σκεψόμεθα, ἔπειτα ὀλιγαρχίαν καὶ ἄνδρα ὀλιγαρχικόν, αὐθις δὲ εἰς δημοκρατίαν ἀποβλέψαντες θεασόμεθα ἄνδρα δημοκρατικόν, τὸ δὲ τέταρτον εἰς τυραννουμένην πόλιν ἐλθόντες καὶ ιδόντες, πάλιν εἰς τυραννικὴν ψυχὴν βλέποντες, πειρασόμεθα περὶ ὧν προυθέμεθα ἱκανοὶ κριταὶ γενέσθαι;

κατὰ λόγον γέ τοι ἄν, ἔφη, οὕτω γίγνοιτο ἢ τε θέα καὶ ἡ κρίσις.

φέρε τοίνυν, ἦν δ' ἐγώ, πειρώμεθα λέγειν τίνα τρόπον τιμοκρατία γένοιτ' ἂν ἐξ ἀριστοκρατίας. ἢ τόδε μὲν ἀπλοῦν, [545d] ὅτι πᾶσα πολιτεία μεταβάλλει ἐξ αὐτοῦ τοῦ ἔχοντος τὰς ἀρχάς, ὅταν ἐν αὐτῷ τούτῳ στάσις ἐγγένηται: ὁμονοοῦντος δέ, κὰν πάνυ ὀλίγον ἦ, ἀδύνατον κινηθῆναι;

ἔστι γὰρ οὕτω.

πῶς οὖν δὴ, εἶπον, ὦ Γλαύκων, ἡ πόλις ἡμῖν κινηθήσεται, καὶ πῇ στασιάσουσιν οἱ ἐπίκουροι καὶ οἱ ἄρχοντες πρὸς ἀλλήλους τε καὶ πρὸς ἑαυτούς; ἢ βούλει, ὥσπερ Ὅμηρος, εὐχόμεθα ταῖς Μούσαις εἰπεῖν ἡμῖν “ὅπως δὴ” [545e] “πρῶτον” στάσις “ἔμπεσε” Hom. Il. 1.6, καὶ φῶμεν αὐτὰς τραγικῶς ὡς πρὸς παῖδας ἡμᾶς παιζούσας καὶ ἐρεσχηλούσας, ὡς δὴ σπουδῇ λεγούσας, ὑψηλολογουμένας λέγειν;

πῶς; [546a]

ὧδέ πως. χαλεπὸν μὲν κινηθῆναι πόλιν οὕτω συστάσαν: ἀλλ' ἐπεὶ γενομένῳ παντὶ φθορά ἐστίν, οὐδ' ἡ τοιαύτη σύστασις τὸν ἅπαντα μενεῖ χρόνον, ἀλλὰ λυθήσεται. λύσις δὲ ἦδε: οὐ μόνον φυτοῖς

ἐγγείοις, ἀλλὰ καὶ ἐν ἐπιγείοις ζώοις φορὰ καὶ ἀφορία ψυχῆς τε καὶ σωμάτων γίνονται, ὅταν περιτροπαὶ ἐκάστοις κύκλων περιφορὰς συνάπτωσι, βραχυβίοις μὲν βραχυπόρους, ἐναντίοις δὲ ἐναντίας. γένους δὲ ὑμετέρου εὐγονίας τε καὶ ἀφορίας, καίπερ ὄντες σοφοί, [546b] οὕς ἡγεμόνας πόλεως ἐπαιδεύσασθε, οὐδὲν μᾶλλον λογισμῷ μετ' αἰσθήσεως τεύζονται, ἀλλὰ πάρεισιν αὐτοὺς καὶ γεννήσουσι παῖδας ποτε οὐ δέον. ἔστι δὲ θείῳ μὲν γεννητῷ περίοδος ἦν ἀριθμὸς περιλαμβάνει τέλειος, ἀνθρωπείῳ δὲ ἐν ᾧ πρώτῳ αὐξήσεις δυνάμεναί τε καὶ δυναστευόμεναι, τρεῖς ἀποστάσεις, τέτταρας δὲ ὅρους λαβοῦσαι ὁμοιοῦντων τε καὶ ἀνομοιοῦντων καὶ αὐξόντων καὶ φθινόντων, πάντα προσήγορα [546c] καὶ ῥητὰ πρὸς ἄλληλα ἀπέφηναν: ὧν ἐπίτριτος πυθμὴν πεμπάδι συζυγεῖς δύο ἀρμονίας παρέχεται τρεῖς αὐξηθεῖς, τὴν μὲν ἴσην ἰσάκις, ἑκατὸν τοσαυτάκις, τὴν δὲ ἰσομήκη μὲν τῇ, προμήκη δέ, ἑκατὸν μὲν ἀριθμῶν ἀπὸ διαμέτρων ῥητῶν πεμπάδος, δεομένων ἑνὸς ἐκάστων, ἀρρήτων δὲ δυοῖν, ἑκατὸν δὲ κύβων τριάδος. σύμπας δὲ οὗτος ἀριθμὸς γεωμετρικός, τοιούτου κύριος, ἀμεινόνων τε καὶ χειρόνων γενέσεων, [546d] ὥς ὅταν ἀγνοήσαντες ὑμῖν οἱ φύλακες συνοικίζωσιν νύμφας νυμφίοις παρὰ καιρόν, οὐκ εὐφυεῖς οὐδ' εὐτυχεῖς παῖδες ἔσονται: ὧν καταστήσουσι μὲν τοὺς ἀρίστους οἱ πρότεροι, ὅμως δὲ ὄντες ἀνάξιοι, εἰς τὰς τῶν πατέρων αὐτῶν δυνάμεις ἐλθόντες, ἡμῶν πρῶτον ἄρξονται ἀμελεῖν φύλακες ὄντες, παρ' ἔλαττον τοῦ δέοντος ἡγησάμενοι τὰ μουσικῆς, δεύτερον δὲ τὰ γυμναστικῆς, ὅθεν ἀμουςότεροι γενήσονται ὑμῖν οἱ νέοι. ἐκ δὲ τούτων ἄρχοντες οὐ πάνυ φυλακικοὶ [546e] καταστήσονται πρὸς τὸ δοκιμάζειν τὰ Ἡσιόδου τε καὶ τὰ παρ' [547a] ὑμῖν γένη, χρυσοῦν τε καὶ ἀργυροῦν καὶ χαλκοῦν καὶ σιδηροῦν: ὁμοῦ δὲ μιγέντος σιδηροῦ ἀργυρῷ καὶ χαλκοῦ χρυσῷ ἀνομοιότης ἐγγενήσεται καὶ ἀνωμαλία ἀνάρμοστος, ἃ γενόμενα, οὗ ἂν ἐγγένηται, αἰεὶ τίκτει πόλεμον καὶ ἔχθραν.

ταύτης τοι γενεῆς Hom. II. 6.211

χρὴ φάναι εἶναι στάσιν, ὅπου ἂν γίγηται αἰεὶ.

καὶ ὀρθῶς γ', ἔφη, αὐτὰς ἀποκρίνεσθαι φήσομεν.

καὶ γάρ, ἦν δ' ἐγώ, ἀνάγκη μούσας γε οὔσας. [547b]

τί οὖν, ἥ δ' ὅς, τὸ μετὰ τοῦτο λέγουσιν αἱ Μοῦσαι;

στάσεως, ἦν δ' ἐγώ, γενομένης εἰλκέτην ἄρα ἐκατέρω τῷ γένει, τὸ μὲν σιδηροῦν καὶ χαλκοῦν ἐπὶ χρηματισμὸν καὶ γῆς κτῆσιν καὶ οἰκίας χρυσοῦ τε καὶ ἀργύρου, τὸ δ' αὖ, τὸ χρυσοῦν τε καὶ ἀργυροῦν, ἅτε οὐ πενομένῳ ἀλλὰ φύσει ὄντε πλουσίῳ, τὰς ψυχὰς ἐπὶ τὴν ἀρετὴν καὶ τὴν ἀρχαίαν κατάστασιν ἡγέτην: βιαζομένων δὲ καὶ ἀντιτεινόντων ἀλλήλοις, εἰς μέσον ὡμολόγησαν γῆν μὲν καὶ οἰκίας κατανειμαμένους [547c] ιδιώσασθαι, τοὺς δὲ πρὶν φυλαττομένους ὑπ' αὐτῶν ὡς ἐλευθέρους φίλους τε καὶ τροφείας, δουλωσάμενοι τότε περιοίκους τε καὶ οἰκέτας ἔχοντες, αὐτοὶ πολέμου τε καὶ φυλακῆς αὐτῶν ἐπιμελεῖσθαι.

δοκεῖ μοι, ἔφη, αὕτη ἡ μετάβασις ἐντεῦθεν γίγνεσθαι.

οὐκοῦν, ἦν δ' ἐγώ, ἐν μέσῳ τις ἂν εἴη ἀριστοκρατίας τε καὶ ὀλιγαρχίας αὕτη ἡ πολιτεία;

πάνυ μὲν οὖν.

μεταβήσεται μὲν δὴ οὕτω: μεταβᾶσα δὲ πῶς οἰκήσει; ἥ [547d] φανερόν ὅτι τὰ μὲν μιμήσεται τὴν προτέραν πολιτείαν, τὰ δὲ τὴν ὀλιγαρχίαν, ἅτ' ἐν μέσῳ οὔσα, τὸ δέ τι καὶ αὐτῆς ἔξει ἴδιον;

οὕτως, ἔφη.

οὐκοῦν τῷ μὲν τιμᾶν τοὺς ἄρχοντας καὶ γεωργῶν ἀπέχεσθαι τὸ προπολεμοῦν αὐτῆς καὶ χειροτεχνῶν καὶ τοῦ ἄλλου χρηματισμοῦ, συσσίτια δὲ κατεσκευάσθαι καὶ γυμναστικῆς τε καὶ τῆς τοῦ πολέμου ἀγωνίας ἐπιμελεῖσθαι, πᾶσι τοῖς τοιούτοις τὴν προτέραν μιμήσεται;

ναί. [547e]

τῷ δέ γε φοβεῖσθαι τοὺς σοφοὺς ἐπὶ τὰς ἀρχὰς ἄγειν, ἅτε οὐκέτι κεκτημένην ἀπλοῦς τε καὶ ἀτενεῖς τοὺς τοιούτους ἄνδρας ἀλλὰ μεικτούς, ἐπὶ δὲ θυμοειδεῖς τε καὶ ἀπλουστέρους ἀποκλίνειν, τοὺς πρὸς πόλεμον μᾶλλον πεφυκότας ἢ πρὸς [548a] εἰρήνην, καὶ τοὺς περὶ ταῦτα δόλους τε καὶ μηχανὰς ἐντίμως ἔχειν, καὶ πολεμοῦσα τὸν αἰεὶ χρόνον διάγειν, αὕτη ἑαυτῆς αὐτὰ πολλὰ τῶν τοιούτων ἴδια ἔξει;

ναί.

ἐπιθυμηταὶ δέ γε, ἦν δ' ἐγώ, χρημάτων οἱ τοιοῦτοι ἔσονται, ὥσπερ οἱ ἐν ταῖς ὀλιγαρχίαις, καὶ τιμῶντες ἀγρίως ὑπὸ σκότου χρυσόν τε καὶ ἄργυρον, ἅτε κεκτημένοι ταμιεῖα καὶ οἰκείους θησαυρούς, οἳ θέμενοι ἂν αὐτὰ κρύψειαν, καὶ αὖ περιβόλους οἰκίσεων, ἀτεχνῶς νεοττιάς ιδίας, ἐν αἷς [548b] ἀναλίσκοντες γυναιξί τε καὶ οἷς ἐθέλοιεν ἄλλοις πολλὰ ἂν δαπανῶντο.

ἀληθέστατα, ἔφη.

οὐκοῦν καὶ φειδωλοὶ χρημάτων, ἅτε τιμῶντες καὶ οὐ φανερῶς κτώμενοι, φιλαναλωταὶ δὲ ἄλλοτρίων δι' ἐπιθυμίαν, καὶ λάθρα τὰς ἡδονὰς καρπούμενοι, ὥσπερ παῖδες πατέρα τὸν νόμον ἀποδιδράσκοντες, οὐχ ὑπὸ πειθοῦς ἀλλ' ὑπὸ βίας πεπαιδευμένοι διὰ τὸ τῆς ἀληθινῆς Μούσης τῆς μετὰ λόγων [548c] τε καὶ φιλοσοφίας ἡμεληκέναι καὶ πρεσβυτέρως γυμναστικὴν μουσικῆς τετιμηκέναι.

παντάπασι, ἔφη, λέγεις μεμειγμένην πολιτείαν ἐκ κακοῦ τε καὶ ἀγαθοῦ.

μέμεικται γάρ, ἦν δ' ἐγώ· διαφανέστατον δ' ἐν αὐτῇ ἐστὶν ἓν τι μόνον ὑπὸ τοῦ θυμοειδοῦς κρατοῦντος, φιλονικία καὶ φιλοτιμία.

σφόδρα γε, ἦ δ' ὅς.

οὐκοῦν, ἦν δ' ἐγώ, αὕτη μὲν ἡ πολιτεία οὕτω γεγενηῖα καὶ τοιαύτη ἂν τις εἴη, ὥς λόγῳ σχῆμα πολιτείας ὑπογράψαντα [548d] μὴ ἀκριβῶς ἀπεργάσασθαι διὰ τὸ ἐξαρκεῖν μὲν ἰδεῖν καὶ ἐκ τῆς ὑπογραφῆς τὸν τε δικαιοτάτον καὶ τὸν ἀδικοτάτον, ἀμήχανον δὲ μήκει ἔργον εἶναι πάσας μὲν πολιτείας, πάντα δὲ ἦθι μηδὲν παραλιπόντα διελθεῖν.

καὶ ὁρθῶς, ἔφη.

τίς οὖν ὁ κατὰ ταύτην τὴν πολιτείαν ἀνὴρ; πῶς τε γενόμενος ποῖός τέ τις ὢν;

οἶμαι μὲν, ἔφη ὁ Ἀδεΐμαντος, ἐγγύς τι αὐτὸν Γλαύκωνος τουτουὶ τείνειν ἕνεκά γε φιλονικίας. [548e]

ἴσως, ἦν δ' ἐγώ, τοῦτό γε: ἀλλὰ μοι δοκεῖ τάδε οὐ κατὰ τοῦτον πεφυκέναι.

τὰ ποῖα;

αὐθαδέστερόν τε δεῖ αὐτόν, ἦν δ' ἐγώ, εἶναι καὶ ὑποαμουςότερον, φιλόμουσον δέ, καὶ φιλήκοον μὲν, ῥητορικὸν δ' [549a] οὐδαμῶς. καὶ δούλοις μὲν τις ἂν ἄγριος εἴη ὁ τοιοῦτος, οὐ καταφρονῶν δούλων, ὥσπερ ὁ ἱκανῶς πεπαιδευμένος, ἐλευθέροις δὲ ἡμερος, ἀρχόντων δὲ σφόδρα ὑπήκοος, φίλαρχος δὲ καὶ φιλότιμος, οὐκ ἀπὸ τοῦ λέγειν ἀξιῶν ἄρχειν οὐδ' ἀπὸ τοιοῦτου οὐδενός, ἀλλ' ἀπὸ ἔργων τῶν τε πολεμικῶν καὶ τῶν περὶ τὰ πολεμικά, φιλογυμναστής τέ τις ὢν καὶ φιλόθηρος.

ἔστι γάρ, ἔφη, τοῦτο τὸ ἦθος ἐκείνης τῆς πολιτείας.

οὐκοῦν καὶ χρημάτων, ἦν δ' ἐγώ, ὁ τοιοῦτος νέος μὲν ὢν [549b] καταφρονοῖ ἂν, ὅσῳ δὲ πρεσβύτερος γίγνοιτο, μᾶλλον ἀεὶ ἀσπάζοιτο ἂν τῷ τε μετέχειν τῆς τοῦ φιλοχρημάτου φύσεως καὶ μὴ εἶναι εἰλικρινῆς πρὸς ἀρετὴν διὰ τὸ ἀπολειφθῆναι τοῦ ἀρίστου φύλακος;

τίνος; ἦ δ' ὅς ὁ Ἀδείμαντος.

λόγου, ἦν δ' ἐγώ, μουσικῇ κεκραμένου: ὅς μόνος ἐγγενόμενος σωτὴρ ἀρετῆς διὰ βίου ἐνοικεῖ τῷ ἔχοντι.

καλῶς, ἔφη, λέγεις.

καὶ ἔστι μὲν γ', ἦν δ' ἐγώ, τοιοῦτος ὁ τιμοκρατικὸς νεανίας, τῇ τοιαύτῃ πόλει ἐοικώς. [549c]

πάνυ μὲν οὔν.

γίνεται δέ γ', εἶπον, οὗτος ὧδέ πως: ἐνίοτε πατρὸς ἀγαθοῦ ὢν νέος υἱὸς ἐν πόλει οἰκοῦντος οὐκ εὖ πολιτευομένη, φεύγοντος τάς τε τιμὰς καὶ ἀρχὰς καὶ δίκας καὶ τὴν τοιαύτην πᾶσαν φιλοπραγμοσύνην καὶ ἐθέλοντος ἐλαττοῦσθαι ὥστε πράγματα μὴ ἔχειν- πῇ δὴ, ἔφη, γίνεται;

ὅταν, ἦν δ' ἐγώ, πρῶτον μὲν τῆς μητρὸς ἀκούῃ ἀχθομένης ὅτι οὐ τῶν ἀρχόντων αὐτῇ ὁ ἀνὴρ ἐστίν, καὶ ἐλαττουμένης διὰ [549d] ταῦτα ἐν

ταῖς ἄλλαις γυναιξίν, ἔπειτα ὀρώσης μὴ σφόδρα περὶ χρήματα σπουδάζοντα μηδὲ μαχόμενον καὶ λοιδορούμενον ἰδίᾳ τε ἐν δικαστηρίοις καὶ δημοσίᾳ, ἀλλὰ ῥαθύμως πάντα τὰ τοιαῦτα φέροντα, καὶ ἑαυτῷ μὲν τὸν νοῦν προσέχοντα ἀεὶ αἰσθάνηται, ἑαυτὴν δὲ μήτε πάνυ τιμῶντα μήτε ἀτιμάζοντα, ἐξ ἀπάντων τούτων ἀχθομένης τε καὶ λεγούσης ὡς ἀνανδρός τε αὐτῷ ὁ πατήρ καὶ λίαν ἀνειμένος, καὶ ἄλλα δὴ ὅσα καὶ [549e] οἷα φιλοῦσιν αἱ γυναῖκες περὶ τῶν τοιούτων ὑμεῖν.

καὶ μάλ', ἔφη ὁ Ἀδείμαντος, πολλά τε καὶ ὅμοια ἑαυταῖς.

οἴσθα οὖν, ἦν δ' ἐγώ, ὅτι καὶ οἱ οἰκέται τῶν τοιούτων ἐνίστε λάθρα πρὸς τοὺς ὑεῖς τοιαῦτα λέγουσιν, οἱ δοκοῦντες εὖνοι εἶναι, καὶ ἐάν τινα ἴδωσιν ἢ ὀφείλοντα χρήματα, ᾧ μὴ ἐπεξέρχεται ὁ πατήρ, ἢ τι ἄλλο ἀδικοῦντα, διακελεύονται ὅπως, ἐπειδὰν ἀνὴρ γένηται, τιμωρήσεται πάντας τοὺς τοιούτους [550a] καὶ ἀνὴρ μᾶλλον ἔσται τοῦ πατρός. καὶ ἐξιὼν ἕτερα τοιαῦτα ἀκούει καὶ ὀρθῶς, τοὺς μὲν τὰ αὐτῶν πράττοντας ἐν τῇ πόλει ἡλιθίους τε καλουμένους καὶ ἐν σμικρῷ λόγῳ ὄντας, τοὺς δὲ μὴ τὰ αὐτῶν τιμωμένους τε καὶ ἐπαινουμένους. τότε δὴ ὁ νέος πάντα τὰ τοιαῦτα ἀκούων τε καὶ ὀρῶν, καὶ αὖ τοὺς τοῦ πατρὸς λόγους ἀκούων τε καὶ ὀρῶν τὰ ἐπιτηδεύματα αὐτοῦ ἐγγύθεν παρὰ τὰ τῶν ἄλλων, ἐλκόμενος ὑπ' ἀμφοτέρων [550b] τούτων, τοῦ μὲν πατρὸς αὐτοῦ τὸ λογιστικὸν ἐν τῇ ψυχῇ ἄρδοντός τε καὶ αὔξοντος, τῶν δὲ ἄλλων τό τε ἐπιθυμητικὸν καὶ τὸ θυμοειδές, διὰ τὸ μὴ κακοῦ ἀνδρὸς εἶναι τὴν φύσιν, ὁμιλίαις δὲ ταῖς τῶν ἄλλων κακαῖς κεχρησθαι, εἰς τὸ μέσον ἐλκόμενος ὑπ' ἀμφοτέρων τούτων ἦλθε, καὶ τὴν ἐν ἑαυτῷ ἀρχὴν παρέδωκε τῷ μέσῳ τε καὶ φιλονίκῳ καὶ θυμοειδεῖ, καὶ ἐγένετο ὑψηλόφρων τε καὶ φιλότιμος ἀνὴρ.

κομιδῇ μοι, ἔφη, δοκεῖς τὴν τούτου γένεσιν διεληλυθῆναι. [550c]

ἔχομεν ἄρα, ἦν δ' ἐγώ, τὴν τε δευτέραν πολιτείαν καὶ τὸν δεύτερον ἄνδρα.

ἔχομεν, ἔφη.

οὐκοῦν μετὰ τοῦτο, τὸ τοῦ Αἰσχύλου, λέγωμεν, ““ἄλλον ἄλλη πρὸς πόλει τεταγμένον” Aesch. Seven 451,” μᾶλλον δὲ κατὰ τὴν ὑπόθεσιν

προτέραν τὴν πόλιν;

πάνυ μὲν οὖν, ἔφη.

εἴη δέ γ' ἄν, ὥς ἐγῴμαι, ὀλιγαρχία ἢ μετὰ τὴν τοιαύτην πολιτείαν.

λέγεις δέ, ἦ δ' ὅς, τὴν ποίαν κατάστασιν ὀλιγαρχίαν;

τὴν ἀπὸ τιμημάτων, ἣν δ' ἐγώ, πολιτείαν, ἐν ἣ οἱ μὲν [550d]
πλοῦσιοι ἄρχουσιν, πένητι δὲ οὐ μέτεστιν ἀρχῆς.

μανθάνω, ἦ δ' ὅς.

οὐκοῦν ὥς μεταβαίνει πρῶτον ἐκ τῆς τιμαρχίας εἰς τὴν ὀλιγαρχίαν,
ρήτέον;

ναί.

καὶ μὴν, ἦν δ' ἐγώ, καὶ τυφλῷ γε δῆλον ὥς μεταβαίνει.

πῶς;

τὸ ταμιεῖον, ἦν δ' ἐγώ, ἐκεῖνο ἐκάστῳ χρυσίου πληρούμενον
ἀπόλλυσι τὴν τοιαύτην πολιτείαν. πρῶτον μὲν γὰρ δαπάνας αὐτοῖς
ἐξευρίσκουσιν, καὶ τοὺς νόμους ἐπὶ τοῦτο παράγουσιν, ἀπειθοῦντες
αὐτοῖ τε καὶ γυναῖκες αὐτῶν.

εἰκός, ἔφη. [550e]

ἔπειτά γε οἶμαι ἄλλος ἄλλον ὀρῶν καὶ εἰς ζῆλον ἰὼν τὸ πλῆθος
τοιοῦτον αὐτῶν ἀπηγάσαντο.

εἰκός.

τοῦντεῦθεν τοίνυν, εἶπον, προϊόντες εἰς τὸ πρόσθεν τοῦ
χρηματίζεσθαι, ὅσῳ ἂν τοῦτο τιμιώτερον ἡγῶνται, τοσοῦτῳ ἀρετὴν
ἀτιμοτέραν. ἢ οὐχ οὕτω πλούτου ἀρετὴ διέστηκεν, ὥσπερ ἐν
πλάστιγγι ζυγοῦ κειμένου ἐκατέρου, αἰεὶ τοῦναντίον ῥέποντε;

καὶ μάλ', ἔφη. [551a]

τιμωμένου δὴ πλούτου ἐν πόλει καὶ τῶν πλουσίων ἀτιμότερα ἀρετὴ
τε καὶ οἱ ἀγαθοί.

δῆλον.

ἀσκεῖται δὴ τὸ ἀεὶ τιμώμενον, ἀμελεῖται δὲ τὸ ἀτιμαζόμενον.

οὕτω.

ἀντὶ δὴ φιλονίκων καὶ φιλοτίμων ἀνδρῶν φιλοχρηματισταὶ καὶ φιλοχρήματοι τελευτῶντες ἐγένοντο, καὶ τὸν μὲν πλούσιον ἐπαινοῦσίν τε καὶ θαυμάζουσι καὶ εἰς τὰς ἀρχὰς ἄγουσι, τὸν δὲ πένητα ἀτιμάζουσι.

πάνυ γε.

οὐκοῦν τότε δὴ νόμον τίθενται ὅρον πολιτείας ὀλιγαρχικῆς [551b] ταξάμενοι πλῆθος χρημάτων, οὗ μὲν μᾶλλον ὀλιγαρχία, πλέον, οὗ δ' ἥττον, ἔλαττον, προειπόντες ἀρχῶν μὴ μετέχειν ὧς ἂν μὴ ἡ οὐσία εἰς τὸ ταχθὲν τίμημα, ταῦτα δὲ ἡ βίβα μεθ' ὅπλων διαπράττονται, ἡ καὶ πρὸ τούτου φοβήσαντες κατεστήσαντο τὴν τοιαύτην πολιτείαν. ἡ οὐχ οὕτως;

οὕτω μὲν οὖν.

ἡ μὲν δὴ κατάστασις ὡς ἔπος εἰπεῖν αὕτη.

ναί, ἔφη: ἀλλὰ τίς δὴ ὁ τρόπος τῆς πολιτείας; καὶ ποῖα [551c] ἐστὶν ἃ ἔφαμεν αὐτὴν ἀμαρτήματα ἔχειν;

πρῶτον μὲν, ἔφην, τοῦτο αὐτό, ὅρος αὐτῆς οἷός ἐστιν. ἄθρει γάρ, εἰ νεῶν οὕτω τις ποιοῖτο κυβερνήτας, ἀπὸ τιμημάτων, τῷ δὲ πένητι, εἰ καὶ κυβερνητικώτερος εἴη, μὴ ἐπιτρέποι-

πονηράν, ἥ δ' ὅς, τὴν ναυτιλίαν αὐτοὺς ναυτίλλεσθαι.

οὐκοῦν καὶ περὶ ἄλλου οὕτως ὅτουοῦν [ἢ τινος] ἀρχῆς;

οἶμαι ἔγωγε.

πλὴν πόλεως; ἦν δ' ἐγώ: ἡ καὶ πόλεως πέρι;

πολύ γ', ἔφη, μάλιστα, ὅσῳ χαλεπωτάτῃ καὶ μεγίστῃ ἡ ἀρχή. [551d]

ἐν μὲν δὴ τοῦτο τοσοῦτον ὀλιγαρχία ἂν ἔχοι ἀμάρτημα.

φαίνεται.

τί δέ; τόδε ἄρά τι τούτου ἔλαττον;

τὸ ποῖον;

τὸ μὴ μίαν ἀλλὰ δύο ἀνάγκη εἶναι τὴν τοιαύτην πόλιν, τὴν μὲν πενήτων, τὴν δὲ πλουσίων, οἰκοῦντας ἐν τῷ αὐτῷ, αἰεὶ ἐπιβουλεύοντας ἀλλήλοις.

οὐδὲν μὰ Δί', ἔφη, ἔλαττον.

ἀλλὰ μὴν οὐδὲ τόδε καλόν, τὸ ἀδυνάτους εἶναι ἴσως πόλεμόν τινα πολεμεῖν διὰ τὸ ἀναγκάζεσθαι ἢ χρωμένους [551e] τῷ πλήθει ὀπλισμένῳ δεδιέναι μᾶλλον ἢ τοὺς πολεμίους, ἢ μὴ χρωμένους ὡς ἀληθῶς ὀλιγαρχικοὺς φανῆναι ἐν αὐτῷ τῷ μάχεσθαι, καὶ ἅμα χρήματα μὴ ἐθέλιν εἰσφέρειν, ἅτε φιλοχρημάτους.

οὐ καλόν.

τί δέ; ὁ πάλαι ἐλοιδοροῦμεν, τὸ πολυπραγμονεῖν γεωργοῦντας [552a] καὶ χρηματιζομένους καὶ πολεμοῦντας ἅμα τοὺς αὐτοὺς ἐν τῇ τοιαύτῃ πολιτείᾳ, ἣ δοκεῖ ὀρθῶς ἔχειν;

οὐδ' ὁπωστιοῦν.

ὄρα δὴ, τούτων πάντων τῶν κακῶν εἰ τόδε μέγιστον αὕτη πρώτη παραδέχεται.

τὸ ποῖον;

τὸ ἐξεῖναι πάντα τὰ αὐτοῦ ἀποδόσθαι, καὶ ἄλλῳ κτήσασθαι τὰ τούτου, καὶ ἀποδόμενον οἰκεῖν ἐν τῇ πόλει μηδὲν ὄντα τῶν τῆς πόλεως μερῶν, μήτε χρηματιστὴν μήτε δημιουργὸν μήτε ἱππέα μήτε ὀπλίτην, ἀλλὰ πένητα καὶ ἄπορον κεκλημένον. [552b]

πρώτη, ἔφη.

οὐκ οὐκ διακωλύεται γε ἐν ταῖς ὀλιγαρχουμέναις τὸ τοιοῦτον: οὐ γὰρ ἂν οἱ μὲν ὑπέρπλουτοι ἦσαν, οἱ δὲ παντάπασιν πένητες.

ὀρθῶς.

τόδε δὲ ἄθρει: ἄρα ὅτε πλούσιος ὢν ἀνήλυσκεν ὁ τοιοῦτος, μᾶλλον τι τότε ἦν ὄφελος τῇ πόλει εἰς ἃ νυνδὴ ἐλέγομεν; ἢ ἐδόκει μὲν τῶν ἀρχόντων εἶναι, τῇ δὲ ἀληθείᾳ οὔτε ἄρχων οὔτε ὑπηρέτης ἦν αὐτῆς, ἀλλὰ τῶν ἐτοίμων ἀναλωτῆς; [552c]

οὕτως, ἔφη: ἐδόκει, ἦν δὲ οὐδὲν ἄλλο ἢ ἀναλωτῆς.

βούλει οὖν, ἦν δ' ἐγώ, φῶμεν αὐτόν, ὥς ἐν κηρίῳ κηφὴν ἐγγίγνεται, σμήνους νόσημα, οὕτω καὶ τὸν τοιοῦτον ἐν οἰκίᾳ κηφῆνα ἐγγίγνεσθαι, νόσημα πόλεως;

πάνυ μὲν οὖν, ἔφη, ὦ Σώκρατες.

οὐκοῦν, ὦ Ἀδεΐμαντε, τοὺς μὲν πτηνοὺς κηφῆνας πάντας ἀκέντρους ὁ θεὸς πεποίηκεν, τοὺς δὲ πεζοὺς τούτους ἐνίους μὲν αὐτῶν ἀκέντρους, ἐνίους δὲ δεινὰ κέντρα ἔχοντας; καὶ ἐκ μὲν τῶν ἀκέντρων πτωχοὶ πρὸς τὸ γῆρας τελευτῶσιν, ἐκ δὲ [552d] τῶν κεκεντρωμένων πάντες ὅσοι κέκληνται κακοῦργοι;

ἀληθέστατα, ἔφη.

δῆλον ἄρα, ἦν δ' ἐγώ, ἐν πόλει οὗ ἂν ἴδῃς πτωχοὺς, ὅτι εἰσὶ που ἐν τούτῳ τῷ τόπῳ ἀποκεκρυμμένοι κλέπται τε καὶ βαλλαντιατόμοι καὶ ἱερόσυλοι καὶ πάντων τῶν τοιούτων κακῶν δημιουργοί.

δῆλον, ἔφη.

τί οὖν; ἐν ταῖς ὀλιγαρχουμέναις πόλεσι πτωχοὺς οὐχ ὀρθῶς ἐνόντας;

ὀλίγου γ', ἔφη, πάντας τοὺς ἐκτὸς τῶν ἀρχόντων. [552e]

μὴ οὖν οἰόμεθα, ἔφην ἐγώ, καὶ κακοὺργους πολλοὺς ἐν αὐταῖς εἶναι κέντρα ἔχοντας, οὓς ἐπιμελείᾳ βίᾳ κατέχουσιν αἱ ἀρχαί;

οἰόμεθα μὲν οὖν, ἔφη.

ἄρ' οὖν οὐ δι' ἀπαιδευσίαν καὶ κακὴν τροφὴν καὶ κατάστασιν τῆς πολιτείας φήσομεν τοὺς τοιούτους αὐτόθι ἐγγίγνεσθαι;

φήσομεν.

ἀλλ' οὖν δὴ τοιαύτη γέ τις ἂν εἴη ἢ ὀλιγαρχουμένη πόλις καὶ

τοσαῦτα κακὰ ἔχουσα, ἴσως δὲ καὶ πλείω.

σχεδόν τι, ἔφη. [553a]

ἀπειργάσθω δὴ ἡμῖν καὶ αὕτη, ἣν δ' ἐγώ, ἡ πολιτεία, ἣν ὀλιγαρχίαν καλοῦσιν, ἐκ τιμημάτων ἔχουσα τοὺς ἄρχοντας· τὸν δὲ ταύτη ὁμοιον μετὰ ταῦτα σκοπῶμεν, ὥς τε γίγνεται οἷός τε γενόμενός ἐστιν.

πάνυ μὲν οὖν, ἔφη.

ἄρ' οὖν ὧδε μάλιστα εἰς ὀλιγαρχικὸν ἐκ τοῦ τιμοκρατικοῦ ἐκείνου μεταβάλλει;

πῶς;

ὅταν αὐτοῦ παῖς γενόμενος τὸ μὲν πρῶτον ζηλοῖ τε τὸν πατέρα καὶ τὰ ἐκείνου ἵχνη διώκη, ἔπειτα αὐτὸν ἴδη ἐξαίφνης [553b] πταίσαντα ὥσπερ πρὸς ἔρματι πρὸς τῇ πόλει, καὶ ἐκχέαντα τὰ τε αὐτοῦ καὶ ἑαυτόν, ἢ στρατηγήσαντα ἢ τιν' ἄλλην μεγάλην ἀρχὴν ἄρξαντα, εἴτα εἰς δικαστήριον ἐμπεσόντα [βλαπτόμενον] ὑπὸ συκοφαντῶν ἢ ἀποθανόντα ἢ ἐκπεσόντα ἢ ἀτιμωθέντα καὶ τὴν οὐσίαν ἅπασαν ἀποβαλόντα.

εἰκός γ', ἔφη.

ιδὼν δέ γε, ὦ φίλε, ταῦτα καὶ παθὼν καὶ ἀπολέσας τὰ ὄντα, δείσας οἶμαι εὐθὺς ἐπὶ κεφαλὴν ὠθεῖ ἐκ τοῦ θρόνου [553c] τοῦ ἐν τῇ ἑαυτοῦ ψυχῇ φιλοτιμίαν τε καὶ τὸ θυμοειδὲς ἐκεῖνο, καὶ ταπεινωθεὶς ὑπὸ πενίας πρὸς χρηματισμὸν τραπόμενος γλίσχρως καὶ κατὰ σμικρὸν φειδόμενος καὶ ἐργαζόμενος χρήματα συλλέγεται. ἄρ' οὐκ οἶει τὸν τοιοῦτον τότε εἰς μὲν τὸν θρόνον ἐκείνον τὸ ἐπιθυμητικὸν τε καὶ φιλοχρήματον ἐγκαθίζειν καὶ μέγαν βασιλέα ποιεῖν ἐν ἑαυτῷ, τιάρας τε καὶ στρεπτοὺς καὶ ἀκινάκας παραζωννύντα;

ἐγὼ γ', ἔφη. [553d]

τὸ δέ γε οἶμαι λογιστικὸν τε καὶ θυμοειδὲς χαμαὶ ἔνθεν καὶ ἔνθεν παρακαθίσας ὑπ' ἐκείνῳ καὶ καταδουλωσάμενος, τὸ μὲν οὐδὲν ἄλλο ἐᾷ λογίζεσθαι οὐδὲ σκοπεῖν ἄλλ' ἢ ὀπόθεν ἐξ ἐλαττόνων χρημάτων πλείω ἔσται, τὸ δὲ αὖ θαυμάζειν καὶ τιμᾶν μηδὲν ἄλλο ἢ πλοῦτόν τε

καὶ πλουσίους, καὶ φιλοτιμεῖσθαι μηδ' ἐφ' ἐνὶ ἄλλῳ ἢ ἐπὶ χρημάτων κτήσῃ καὶ ἑάν τι ἄλλο εἰς τοῦτο φέρῃ.

οὐκ ἔστ' ἄλλη, ἔφη, μεταβολὴ οὕτω ταχεῖά τε καὶ ἰσχυρὰ ἐκ φιλοτίμου νέου εἰς φιλοχρήματον. [553e]

ἄρ' οὖν οὗτος, ἦν δ' ἐγώ, ὀλιγαρχικός ἐστιν;

ἡ γοῦν μεταβολὴ αὐτοῦ ἐξ ὁμοίου ἀνδρός ἐστι τῇ πολιτείᾳ, ἐξ ἧς ἡ ὀλιγαρχία μετέστη.

σκοπῶμεν δὴ εἰ ὅμοιος ἂν εἴη. [554a]

σκοπῶμεν.

οὐκοῦν πρῶτον μὲν τῷ χρήματα περὶ πλείστου ποιεῖσθαι ὅμοιος ἂν εἴη;

πῶς δ' οὔ;

καὶ μὴν τῷ γε φειδωλὸς εἶναι καὶ ἐργάτης, τὰς ἀναγκαίους ἐπιθυμίας μόνον τῶν παρ' αὐτῷ ἀποπιμπλάς, τὰ δὲ ἄλλα ἀναλώματα μὴ παρεχόμενος, ἀλλὰ δουλούμενος τὰς ἄλλας ἐπιθυμίας ὥς ματαίους.

πάνυ μὲν οὔν.

αὐχμηρός γέ τις, ἦν δ' ἐγώ, ὦν καὶ ἀπὸ παντὸς περιουσίαν ποιούμενος, θησαυροποιὸς ἀνὴρ-οὗς δὴ καὶ ἐπαινεῖ τὸ πλῆθος [554b] -ἢ οὐχ οὗτος ἂν εἴη ὁ τῇ τοιαύτῃ πολιτείᾳ ὅμοιος;

ἐμοὶ γοῦν, ἔφη, δοκεῖ: χρήματα γοῦν μάλιστα ἔντιμα τῇ τε πόλει καὶ παρὰ τῷ τοιούτῳ.

οὐ γὰρ οἶμαι, ἦν δ' ἐγώ, παιδεῖα ὁ τοιοῦτος προσέσχηκεν.

οὐ δοκῶ, ἔφη: οὐ γὰρ ἂν τυφλὸν ἡγεμόνα τοῦ χοροῦ ἐστήσατο καὶ ἐτί<μα> μάλιστα.

εὔ, ἦν δ' ἐγώ. τόδε δὲ σκόπει: κηφηνώδεις ἐπιθυμίας ἐν αὐτῷ διὰ τὴν ἀπαιδευσίαν μὴ φῶμεν ἐγγίγνεσθαι, τὰς μὲν [554c] πτωχικάς, τὰς δὲ κακούργους, κατεχομένας βίᾳ ὑπὸ τῆς ἄλλης ἐπιμελείας;

καὶ μάλ', ἔφη.

οἷσθ' οὖν, εἶπον, οἷ ἀποβλέψας κατόψει αὐτῶν τὰς κακουργίας;

ποῖ; ἔφη.

εἰς τὰς τῶν ὀρφανῶν ἐπιτροπεύσεις, καὶ εἴ πού τι αὐτοῖς τοιοῦτον συμβαίνει, ὥστε πολλῆς ἐξουσίας λαβέσθαι τοῦ ἀδικεῖν.

ἀληθῆ.

ἄρ' οὖν οὐ τούτῳ δῆλον ὅτι ἐν τοῖς ἄλλοις συμβολαίοις ὁ τοιοῦτος, ἐν οἷς εὐδοκιμεῖ δοκῶν δίκαιος εἶναι, ἐπιεικεῖ [554d] τινὶ ἑαυτοῦ βία κατέχει ἄλλας κακὰς ἐπιθυμίας ἐνούσας, οὐ πείθων ὅτι οὐκ ἄμεινον, οὐδ' ἡμερῶν λόγῳ, ἀλλ' ἀνάγκη καὶ φόβῳ, περὶ τῆς ἄλλης οὐσίας τρέμων;

καὶ πάνυ γ', ἔφη.

καὶ νῆ Δία, ἣν δ' ἐγώ, ὦ φίλε, τοῖς πολλοῖς γε αὐτῶν ἐνευρήσεις, ὅταν δέη τὰλλότρια ἀναλίσκειν, τὰς τοῦ κηφῆνος συγγενεῖς ἐνούσας ἐπιθυμίας.

καὶ μάλα, ἣ δ' ὅς, σφόδρα.

οὐκ ἄρ' ἂν εἴη ἀστασίαστος ὁ τοιοῦτος ἐν ἑαυτῷ, οὐδὲ εἷς ἀλλὰ διπλοῦς τις, ἐπιθυμίας δὲ ἐπιθυμιῶν ὡς τὸ πολὺν [554e] κρατούσας ἂν ἔχοι βελτίους χειρόνων.

ἔστιν οὕτω.

διὰ ταῦτα δὴ οἶμαι εὐσχημονέστερος ἂν πολλῶν ὁ τοιοῦτος εἴη: ὁμονοητικῆς δὲ καὶ ἡρμοσμένης τῆς ψυχῆς ἀληθῆς ἀρετὴ πόρρῳ ποι ἐκφεύγοι ἂν αὐτόν.

δοκεῖ μοι.

καὶ μὴν ἀνταγωνιστὴς γε ἰδίᾳ ἐν πόλει ὁ φειδωλὸς [555a] φαῦλος ἢ τινος νίκης ἢ ἄλλης φιλοτιμίας τῶν καλῶν, χρήματά τε οὐκ ἐθέλων εὐδοξίας ἕνεκα καὶ τῶν τοιούτων ἀγώνων ἀναλίσκειν, δεδιὼς τὰς ἐπιθυμίας τὰς ἀναλωτικὰς ἐγείρειν καὶ συμπαρακαλεῖν ἐπὶ

συμμαχίαν τε καὶ φιλονικίαν, ὀλίγοις τισὶν ἑαυτοῦ πολεμῶν ὀλιγαρχικῶς τὰ πολλὰ ἡττᾶται καὶ πλουτεῖ.

καὶ μάλα, ἔφη.

ἔτι οὖν, ἦν δ' ἐγώ, ἀπιστοῦμεν μὴ κατὰ τὴν ὀλιγαρχουμένην πόλιν ὁμοιότητι τὸν φειδωλὸν τε καὶ χρηματιστὴν [555b] τετάχθαι;

οὐδαμῶς, ἔφη.

δημοκρατίαν δὴ, ὥς ἔοικε, μετὰ τοῦτο σκεπτέον, τίνα τε γίγνεται τρόπον, γενομένη τε ποῖόν τινα ἔχει, ἴν' αὖ τὸν τοιοῦτου ἀνδρὸς τρόπον γνόντες παραστησώμεθ' αὐτὸν εἰς κρίσιν.

ὁμοίως γοῦν ἄν, ἔφη, ἡμῖν αὐτοῖς πορευοίμεθα.

οὐκοῦν, ἦν δ' ἐγώ, μεταβάλλει μὲν τρόπον τινὰ τοιόνδε ἐξ ὀλιγαρχίας εἰς δημοκρατίαν, δι' ἀπληστίαν τοῦ προκειμένου ἀγαθοῦ, τοῦ ὥς πλουσιώτατον δεῖν γίνεσθαι;

πῶς δὴ; [555c]

ἅτε οἶμαι ἄρχοντες ἐν αὐτῇ οἱ ἄρχοντες διὰ τὸ πολλὰ κεκτῆσθαι, οὐκ ἐθέλουσιν εἵργειν νόμῳ τῶν νέων ὅσοι ἄν ἀκόλαστοι γίνωνται, μὴ ἐξεῖναι αὐτοῖς ἀναλίσκειν τε καὶ ἀπολλύναι τὰ αὐτῶν, ἵνα ὠνούμενοι τὰ τῶν τοιούτων καὶ εἰσδανείζοντες ἔτι πλουσιώτεροι καὶ ἐντιμότεροι γίνωνται.

παντός γε μᾶλλον.

οὐκοῦν δῆλον ἤδη τοῦτο ἐν πόλει, ὅτι πλοῦτον τιμᾶν καὶ σωφροσύνην ἅμα ἱκανῶς κτᾶσθαι ἐν τοῖς πολίταις [555d] ἀδύνατον, ἀλλ' ἀνάγκη ἢ τοῦ ἐτέρου ἀμελεῖν ἢ τοῦ ἐτέρου;

ἐπιεικῶς, ἔφη, δῆλον.

παραμελοῦντες δὴ ἐν ταῖς ὀλιγαρχίαις καὶ ἐφιέντες ἀκολασταίνειν οὐκ ἀγεννεῖς ἐνίστε ἀνθρώπους πένητας ἠνάγκασαν γενέσθαι.

μάλα γε.

κάθηνται δὴ οἶμαι οὗτοι ἐν τῇ πόλει κεκεντρωμένοι τε καὶ

ἐξωπλισμένοι, οἱ μὲν ὀφείλοντες χρέα, οἱ δὲ ἄτιμοι γεγονότες, οἱ δὲ ἀμφοτέρω, μισοῦντές τε καὶ ἐπιβουλεύοντες τοῖς κτησαμένοις τὰ αὐτῶν καὶ τοῖς ἄλλοις, νεωτερισμοῦ [555e] ἐρῶντες.

ἔστι ταῦτα.

οἱ δὲ δὴ χρηματιστὰι ἐγκύψαντες, οὐδὲ δοκοῦντες τούτους ὁρᾶν, τῶν λοιπῶν τὸν ἀεὶ ὑπεύκοντα ἐνιέντες ἀργύριον τιτρώσκοντες, καὶ τοῦ πατρὸς ἐκγόνους τόκους πολλαπλασίους [556a] κομιζόμενοι, πολὺν τὸν κηφήνα καὶ πτωχὸν ἐμποιοῦσι τῇ πόλει.

πῶς γάρ, ἔφη, οὐ πολύν; καὶ οὔτε γ' ἐκεῖνη, ἣν δ' ἐγώ, τὸ τοιοῦτον κακὸν ἐκκαόμενον ἐθέλουσιν ἀποσβεννύναι, εἴργοντες τὰ αὐτοῦ ὅπη τις βούλεται τρέπειν, οὔτε τῇδε, ἥ αὖ κατὰ ἕτερον νόμον τὰ τοιαῦτα λύεται.

κατὰ δὴ τίνα;

ὅς μετ' ἐκεῖνόν ἐστι δεύτερος καὶ ἀναγκάζων ἀρετῆς ἐπιμελεῖσθαι τοὺς πολίτας. ἐὰν γὰρ ἐπὶ τῷ αὐτοῦ κινδύνῳ [556b] τὰ πολλὰ τις τῶν ἐκουσίῳ συμβολαίων προστάτῃ συμβάλλειν, χρηματίζονται μὲν ἂν ἥττον ἀναιδῶς ἐν τῇ πόλει, ἐλάττω δ' ἐν αὐτῇ φύοιτο τῶν τοιούτων κακῶν οἷον νυνδὴ εἵπομεν.

καὶ πολὺ γε, ἥ δ' ὅς.

νῦν δέ γ', ἔφην ἐγώ, διὰ πάντα τὰ τοιαῦτα τοὺς μὲν δὴ ἀρχομένους οὕτω διατιθέασιν ἐν τῇ πόλει οἱ ἄρχοντες: σφᾶς δὲ αὐτοὺς καὶ τοὺς αὐτῶν-ἄρ' οὐ τρυφῶντας μὲν τοὺς νέους καὶ ἀπόνους καὶ πρὸς τὰ τοῦ σώματος καὶ πρὸς [556c] τὰ τῆς ψυχῆς, μαλακοὺς δὲ καρτερεῖν πρὸς ἡδονάς τε καὶ λύπας καὶ ἀργούς;

τί μήν;

αὐτοὺς δὲ πλὴν χρηματισμοῦ τῶν ἄλλων ἡμεληκότας, καὶ οὐδὲν πλείω ἐπιμέλειαν πεποιημένους ἀρετῆς ἢ τοὺς πένητας;

οὐ γὰρ οὖν.

οὕτω δὴ παρεσκευασμένοι ὅταν παραβάλλωσιν ἀλλήλοις οἱ τε ἄρχοντες καὶ οἱ ἀρχόμενοι ἢ ἐν ὁδῶν πορείαις ἢ ἐν ἄλλαις τισὶ

κοινωνίαις, ἢ κατὰ θεωρίας ἢ κατὰ στρατείας, ἢ σύμπλοι γιγνόμενοι ἢ συστρατιῶται, ἢ καὶ ἐν αὐτοῖς τοῖς [556d] κινδύνοις ἀλλήλους θεώμενοι μηδαμῇ ταύτη καταφρονῶνται οἱ πένητες ὑπὸ τῶν πλουσίων, ἀλλὰ πολλάκις ἰσχνὸς ἀνὴρ πένης, ἡλιωμένος, παραταχθεὶς ἐν μάχῃ πλουσίῳ ἐσκιατροφηκότι, πολλὰς ἔχοντι σάρκας ἀλλοτρίας, ἴδη ἄσθματός τε καὶ ἀπορίας μεστόν, ἅρ' οἶει αὐτὸν οὐχ ἡγεῖσθαι κακία τῇ σφετέρᾳ πλουτεῖν τοὺς τοιούτους, καὶ ἄλλον ἄλλῳ παραγγέλλειν, ὅταν ἰδίᾳ συγγίγνωνται, ὅτι “ἄνδρες ἡμέτεροι: [556e] εἰσὶ γὰρ οὐδέν;”

εὖ οἶδα μὲν οὖν, ἔφη, ἔγωγε, ὅτι οὕτω ποιοῦσιν.

οὐκοῦν ὥσπερ σῶμα νοσῶδες μικρᾶς ῥοπῆς ἔξωθεν δεῖται προσλαβέσθαι πρὸς τὸ κάμνειν, ἐνίοτε δὲ καὶ ἄνευ τῶν ἔξω στασιάζει αὐτὸ αὐτῷ, οὕτω δὴ καὶ ἡ κατὰ ταῦτα ἐκείνῳ διακειμένη πόλις ἀπὸ μικρᾶς προφάσεως, ἔξωθεν ἐπαγομένων ἢ τῶν ἐτέρων ἐξ ὀλιγαρχουμένης πόλεως συμμαχίαν ἢ τῶν ἐτέρων ἐκ δημοκρατουμένης, νοσεῖ τε καὶ αὐτῇ αὐτῇ μάχεται, ἐνίοτε δὲ καὶ ἄνευ τῶν ἔξω στασιάζει; [557a]

καὶ σφόδρα γε.

δημοκρατία δὴ οἶμαι γίγνεται ὅταν οἱ πένητες νικήσαντες τοὺς μὲν ἀποκτείνωσι τῶν ἐτέρων, τοὺς δὲ ἐκβάλωσι, τοῖς δὲ λοιποῖς ἐξ ἴσου μεταδῶσι πολιτείας τε καὶ ἀρχῶν, καὶ ὥς τὸ πολὺ ἀπὸ κλήρων αἱ ἀρχαὶ ἐν αὐτῇ γίνονται.

ἔστι γάρ, ἔφη, αὕτη ἡ κατάστασις δημοκρατίας, ἐάντε καὶ δι' ὅπλων γένηται ἐάντε καὶ διὰ φόβον ὑπεξεληθόντων τῶν ἐτέρων. τίνα δὴ οὖν, ἦν δ' ἐγώ, οὗτοι τρόπον οἰκοῦσι; καὶ ποία [557b] τις ἡ τοιαύτη αὐτοκρατία; δῆλον γὰρ ὅτι ὁ τοιοῦτος ἀνὴρ δημοκρατικός τις ἀναφανήσεται.

δῆλον, ἔφη.

οὐκοῦν πρῶτον μὲν δὴ ἐλεύθεροι, καὶ ἐλευθερίας ἡ πόλις μεστὴ καὶ παρρησίας γίγνεται, καὶ ἐξουσία ἐν αὐτῇ ποιεῖν ὅτι τις βούλεται;

λέγεται γε δὴ, ἔφη.

ὅπου δέ γε ἐξουσία, δῆλον ὅτι ἰδίαν ἕκαστος ἂν κατασκευῇν τοῦ αὐτοῦ βίου κατασκευάζεται ἐν αὐτῇ, ἣτις ἕκαστον ἀρέσκοι.

δῆλον. [557c]

παντοδαποὶ δὴ ἂν οἶμαι ἐν ταύτῃ τῇ πολιτείᾳ μάλιστ' ἐγγίγνοιτο ἄνθρωποι.

πῶς γὰρ οὐ;

κινδυνεύει, ἣν δ' ἐγώ, καλλίστη αὕτη τῶν πολιτειῶν εἶναι: ὥσπερ ἱμάτιον ποικίλον πᾶσιν ἄνθεσι πεποικιλμένον, οὕτω καὶ αὕτη πᾶσιν ἦθεσιν πεποικιλμένη καλλίστη ἂν φαίνοιτο. καὶ ἴσως μὲν, ἣν δ' ἐγώ, καὶ ταύτην, ὥσπερ οἱ παῖδες τε καὶ αἱ γυναῖκες τὰ ποικίλα θεώμενοι, καλλίστην ἂν πολλοὶ κρίνειαν. καὶ μάλ', ἔφη. [557d]

καὶ ἔστιν γε, ὦ μακάριε, ἣν δ' ἐγώ, ἐπιτήδειον ζητεῖν ἐν αὐτῇ πολιτείᾳ.

τί δή;

ὅτι πάντα γένη πολιτειῶν ἔχει διὰ τὴν ἐξουσίαν, καὶ κινδυνεύει τῷ βουλομένῳ πόλιν κατασκευάζειν, ὃ νυνδὴ ἡμεῖς ἐποιοῦμεν, ἀναγκαῖον εἶναι εἰς δημοκρατουμένην ἐλθόντι πόλιν, ὃς ἂν αὐτὸν ἀρέσκη τρόπος, τοῦτον ἐκλέξασθαι, ὥσπερ εἰς παντοπώλιον ἀφικομένῳ πολιτειῶν, καὶ ἐκλεξαμένῳ οὕτω κατοικίσειν. [557e]

ἴσως γοῦν, ἔφη, οὐκ ἂν ἀποροῖ παραδειγμάτων.

τὸ δὲ μηδεμίαν ἀνάγκην, εἶπον, εἶναι ἄρχειν ἐν ταύτῃ τῇ πόλει, μηδ' ἂν ἥς ἱκανὸς ἄρχειν, μηδὲ αὖ ἄρχεσθαι, ἐὰν μὴ βούλῃ, μηδὲ πολεμεῖν πολεμούντων, μηδὲ εἰρήνην ἄγειν τῶν ἄλλων ἀγόντων, ἐὰν μὴ ἐπιθυμῇ εἰρήνης, μηδὲ αὖ, ἐὰν τις ἄρχειν νόμος σε διακωλύῃ ἢ δικάζειν, μηδὲν ἥττον καὶ [558a] ἄρχειν καὶ δικάζειν, ἐὰν αὐτῷ σοι ἐπὶ, ἄρ' οὐ θεσπεσία καὶ ἡδεῖα ἢ τοιαύτη διαγωγὴ ἐν τῷ παραινέει;

ἴσως, ἔφη, ἐν γε τούτῳ.

τί δέ; ἢ πράττης ἐνίων τῶν δικασθέντων οὐ κομψή; ἢ οὐπω εἶδες, ἐν τοιαύτῃ πολιτείᾳ [ἀνθρώπων] κατανηφισθέντων θανάτου ἢ φυγῆς, οὐδὲν ἥττον αὐτῶν μενόντων τε καὶ ἀναστρεφομένων ἐν μέσῳ, [καὶ]

ὥς οὔτε φροντίζοντος οὔτε ὀρῶντος οὐδενὸς περινοστεῖ ὥσπερ ἦρως;

καὶ πολλοὺς γ', ἔφη. [558b]

ἡ δὲ συγγνώμη καὶ οὐδ' ὅπωςτιοῦν σμικρολογία αὐτῆς, ἀλλὰ καταφρόνησις ὧν ἡμεῖς ἐλέγομεν σεμνύνοντες, ὅτε τὴν πόλιν ᾠκίζομεν, ὥς εἰ μὴ τις ὑπερβεβλημένην φύσιν ἔχοι, οὐποτ' ἂν γένοιτο ἀνὴρ ἀγαθός, εἰ μὴ παῖς ὧν εὐθὺς παίζειι ἐν καλοῖς καὶ ἐπιτηδεύοι τὰ τοιαῦτα πάντα, ὥς μεγαλοπρεπῶς καταπατήσας ἅπαντ' αὐτὰ οὐδὲν φροντίζει ἐξ ὁποίων ἂν τις ἐπιτηδευμάτων ἐπὶ τὰ πολιτικὰ ἰὼν πράττη, ἀλλὰ τιμᾷ, [558c] ἐὰν φῇ μόνον εὖνους εἶναι τῷ πλήθει;

πάνυ γ', ἔφη, γενναία.

ταῦτά τε δῆ, ἔφην, ἔχοι ἂν καὶ τούτων ἄλλα ἀδελφὰ δημοκρατία, καὶ εἴη, ὥς ἔοικεν, ἡδεῖα πολιτεία καὶ ἄναρχος καὶ ποικίλη, ἰσότητά τινα ὁμοίως ἴσοις τε καὶ ἀνίσοις διανέμουσα.

καὶ μάλ', ἔφη, γνώριμα λέγεις.

ἄθρει δῆ, ἦν δ' ἐγώ, τίς ὁ τοιοῦτος ἰδίᾳ. ἢ πρῶτον σκεπτέον, ὥσπερ τὴν πολιτείαν ἐσκεψάμεθα, τίνα τρόπον γίνεται;

ναί, ἔφη.

ἄρ' οὖν οὐχ ὧδε; τοῦ φειδωλοῦ ἐκείνου καὶ ὀλιγαρχικοῦ [558d] γένοιτ' ἂν οἶμαι ὑὸς ὑπὸ τῷ πατρὶ τεθραμμένος ἐν τοῖς ἐκείνου ἦθεσι;

τί γὰρ οὖ;

βία δῆ καὶ οὗτος ἄρχων τῶν ἐν αὐτῷ ἡδονῶν, ὅσαι ἀναλωτικαὶ μὲν, χρηματιστικαὶ δὲ μή: αἱ δῆ οὐκ ἀναγκαῖαι κέκληνται-

δῆλον, ἔφη.

βούλει οὖν, ἦν δ' ἐγώ, ἵνα μὴ σκοτεινῶς διαλεγώμεθα, πρῶτον ὀρίσώμεθα τὰς τε ἀναγκαίους ἐπιθυμίας καὶ τὰς μή;

βούλομαι, ἥ δ' ὅς.

οὐκοῦν ἅς τε οὐκ ἂν οἰοί τ' εἶμεν ἀποτρέψαι, δικαίως [558e] ἂν ἀναγκαῖαι καλοῖντο, καὶ ὅσαι ἀποτελούμεναι ὠφελοῦσιν ἡμᾶς; τούτων γὰρ ἀμφοτέρων ἐφίεσθαι ἡμῶν τῇ φύσει ἀνάγκη. ἢ οὐ;

καὶ μάλα. [559a]

δικαίως δὴ τοῦτο ἐπ' αὐταῖς ἐροῦμεν, τὸ ἀναγκαῖον.

δικαίως.

τί δέ; ἅς γέ τις ἀπαλλάξειεν ἄν, εἰ μελετῶ ἐκ νέου, καὶ πρὸς οὐδὲν ἀγαθὸν ἐνοῦσαι δρῶσιν, αἱ δὲ καὶ τοῦναντίον, πάσας ταύτας εἰ μὴ ἀναγκαίους φαῖμεν εἶναι, ἄρ' οὐ

καλῶς ἂν λέγοιμεν;

καλῶς μὲν οὖν.

προελώμεθα δὴ τι παράδειγμα ἐκατέρων αἱ εἰσιν, ἵνα τύπῳ λάβωμεν αὐτάς;

οὐκοῦν χρή.

ἄρ' οὖν οὐχ ἡ τοῦ φαγεῖν μέχρι ὑγιείας τε καὶ εὐεξίας [559b] καὶ αὐτοῦ σίτου τε καὶ ὄψου ἀναγκαῖος ἂν εἴη;

οἶμαι.

ἢ μὲν γέ που τοῦ σίτου κατ' ἀμφοτέρα ἀναγκαῖα, ἢ τε ὠφέλιμος ἢ τε <μὴ> παῦσαι ζῶντα δυνατή.

ναί.

ἢ δὲ ὄψου, εἴ πῃ τινα ὠφελίαν πρὸς εὐεξίαν παρέχεται,

πάνυ μὲν οὖν.

τί δὲ ἡ πέρα τούτων καὶ ἀλλοίων ἐδεσμάτων ἢ τοιούτων ἐπιθυμία, δυνατὴ δὲ κολαζομένη ἐκ νέων καὶ παιδευομένη ἐκ τῶν πολλῶν ἀπαλλάττεσθαι, καὶ βλαβερὰ μὲν σώματι, βλαβερὰ δὲ ψυχῇ πρὸς τε φρόνησιν καὶ τὸ σωφρονεῖν; ἄρά [559c] γε ὀρθῶς οὐκ ἀναγκαῖα ἂν

καλοῖτο;

ὀρθότατα μὲν οὖν.

οὐκοῦν καὶ ἀναλωτικὰς φῶμεν εἶναι ταύτας, ἐκεῖνας δὲ χρηματιστικὰς διὰ τὸ χρησίμους πρὸς τὰ ἔργα εἶναι;

τί μήν;

οὕτω δὴ καὶ περὶ ἀφροδισίων καὶ τῶν ἄλλων φήσομεν;

οὕτω.

ἄρ' οὖν καὶ ὃν νυνδὴ κηφῆνα ὠνομάζομεν, τοῦτον ἐλέγομεν τὸν τῶν τοιοῦτων ἡδονῶν καὶ ἐπιθυμιῶν γέμοντα καὶ [559d] ἀρχόμενον ὑπὸ τῶν μὴ ἀναγκαίων, τὸν δὲ ὑπὸ τῶν ἀναγκαίων φειδωλὸν τε καὶ ὀλιγαρχικόν;

ἀλλὰ τί μήν;

πάλιν τοίνυν, ἦν δ' ἐγώ, λέγωμεν ὥς ἐξ ὀλιγαρχικοῦ δημοκρατικὸς γίγνεται. φαίνεται δέ μοι τά γε πολλὰ ὧδε γίνεσθαι.

πῶς;

ὅταν νέος, τεθραμμένος ὥς νυνδὴ ἐλέγομεν, ἀπαιδεύτως τε καὶ φειδωλῶς, γεύσεται κηφῆνων μέλιτος, καὶ συγγένηται αἰθῶσι θηρσὶ καὶ δεινοῖς, παντοδαπὰς ἡδονὰς καὶ ποικίλας καὶ παντοίως ἐχούσας δυναμένοις σκευάζειν, ἐνταῦθά που [559e] οἷου εἶναι ἀρχὴν αὐτῷ μεταβολῆς ... ὀλιγαρχικῆς τῆς ἑαυτῷ εἰς δημοκρατικὴν. πολλὴ ἀνάγκη, ἔφη.

ἄρ' οὖν, ὥσπερ ἡ πόλις μετέβαλλε βοηθησάσης τῷ ἐτέρῳ μέρει συμμαχίας ἔξωθεν, ὁμοίας ὁμοίῳ, οὕτω καὶ ὁ νεανίας μεταβάλλει βοηθοῦντος αὐτῷ εἶδους ἐπιθυμιῶν ἔξωθεν τῷ ἐτέρῳ τῶν παρ' ἐκείνῳ, συγγενοῦς τε καὶ ὁμοίου;

παντάπασι μὲν οὖν.

καὶ ἐὰν μὲν γε οἶμαι ἀντιβοηθήσῃ τις τῷ ἐν ἑαυτῷ ὀλιγαρχικῷ συμμαχία, ἢ ποθεν παρὰ τοῦ πατρὸς ἢ καὶ τῶν [560a] ἄλλων οἰκείων

νουθετούντων τε καὶ κακιζόντων, στάσις δὴ καὶ ἀντίστασις καὶ μάχη ἐν αὐτῷ πρὸς αὐτὸν τότε γίγνεται.

τί μὴν;

καὶ ποτὲ μὲν οἶμαι τὸ δημοκρατικὸν ὑπεχώρησε τῷ ὀλιγαρχικῷ, καὶ τινες τῶν ἐπιθυμιῶν αἱ μὲν διεφθάρησαν, αἱ δὲ καὶ ἐξέπεσον, αἰδοῦς τινος ἐγγενομένης ἐν τῇ τοῦ νέου ψυχῇ, καὶ κατεκοσμήθη πάλιν.

γίγνεται γὰρ ἐνίστε, ἔφη.

αἴθις δὲ οἶμαι τῶν ἐκπεσουσῶν ἐπιθυμιῶν ἄλλαι ὑποτρεφόμεναι [560b] συγγενεῖς δι' ἀνεπιστημοσύνην τροφῆς πατρὸς πολλαί τε καὶ ἰσχυραὶ ἐγένοντο.

φιλεῖ γοῦν, ἔφη, οὕτω γίνεσθαι.

οὐκοῦν εἴλκυσάν τε πρὸς τὰς αὐτὰς ὁμιλίας, καὶ λάθρα συγγιγνόμεναι πληθὸς ἐνέτεκον.

τί μὴν;

τελευτῶσαι δὴ οἶμαι κατέλαβον τὴν τοῦ νέου τῆς ψυχῆς ἀκρόπολιν, αἰσθόμεναι κενὴν μαθημάτων τε καὶ ἐπιτηδευμάτων καλῶν καὶ λόγων ἀληθῶν, οἳ δὴ ἄριστοι φρουροὶ τε καὶ φύλακες ἐν ἀνδρῶν θεοφιλῶν εἰσι διανοίαις. [560c]

καὶ πολὺ γ', ἔφη.

ψευδεῖς δὴ καὶ ἀλαζόνες οἶμαι λόγοι τε καὶ δόξαι ἀντ' ἐκείνων ἀναδραμόντες κατέσχον τὸν αὐτὸν τόπον τοῦ τοιούτου.

σφόδρα γ', ἔφη.

ἄρ' οὖν οὐ πάλιν τε εἰς ἐκείνους τοὺς Λωτοφάγους ἐλθὼν φανερῶς κατοικεῖ, καὶ ἐὰν παρ' οἰκείων τις βοήθεια τῷ φειδωλῷ αὐτοῦ τῆς ψυχῆς ἀφικνῆται, κλήσαντες οἱ ἀλαζόνες λόγοι ἐκεῖνοι τὰς τοῦ βασιλικοῦ τείχους ἐν αὐτῷ πύλας οὔτε αὐτὴν τὴν συμμαχίαν παριᾶσιν, οὔτε πρέσβεις πρεσβυτέρων [560d] λόγους ἰδιωτῶν εἰσδέχονται, αὐτοὶ τε κρατοῦσι μαχόμενοι, καὶ τὴν μὲν αἰδῶ ἡλιθιότητα ὀνομάζοντες ὥθοῦσιν ἔξω ἀτίμως φυγάδα, σωφροσύνην

δὲ ἀνανδρίαν καλοῦντές τε καὶ προπηλακίζοντες ἐκβάλλουσι, μετριότητα δὲ καὶ κοσμίαν δαπάνην ὡς ἀγροικίαν καὶ ἀνελευθερίαν οὔσαν πείθοντες ὑπερορίζουσι μετὰ πολλῶν καὶ ἀνωφελῶν ἐπιθυμιῶν;

σφόδρα γε.

τούτων δέ γέ που κενώσαντες καὶ καθήραντες τὴν τοῦ [560e] κατεχομένου τε ὑπ' αὐτῶν καὶ τελουμένου ψυχὴν μεγάλοισι τέλεσι, τὸ μετὰ τοῦτο ἤδη ὕβριν καὶ ἀναρχίαν καὶ ἀσωτίαν καὶ ἀναίδειαν λαμπρὰς μετὰ πολλοῦ χοροῦ κατάγουσιν ἐστεφανωμένας, ἐγκωμιάζοντες καὶ ὑποκοριζόμενοι, ὕβριν μὲν εὐπαιδευσίαν καλοῦντες, ἀναρχίαν δὲ ἐλευθερίαν, ἀσωτίαν [561a] δὲ μεγαλοπρέπειαν, ἀναίδειαν δὲ ἀνδρείαν. ἄρ' οὐχ οὕτω πως, ἦν δ' ἐγώ, νέος ὢν μεταβάλλει ἐκ τοῦ ἐν ἀναγκαίοις ἐπιθυμίαις τρεφομένου τὴν τῶν μὴ ἀναγκαίων καὶ ἀνωφελῶν ἡδονῶν ἐλευθέρωσίν τε καὶ ἄνεσιν;

καὶ μάλα γ', ἦ δ' ὅς, ἐναργῶς.

Ζῆ δὴ οἶμαι μετὰ ταῦτα ὁ τοιοῦτος οὐδὲν μᾶλλον εἰς ἀναγκαίους ἢ μὴ ἀναγκαίους ἡδονὰς ἀναλίσκων καὶ χρήματα καὶ πόνους καὶ διατριβάς: ἀλλ' ἐὰν εὐτυχὴς ἦ καὶ μὴ πέρα ἐκβακχευθῇ, ἀλλὰ τι καὶ πρεσβύτερος γενόμενος τοῦ πολλοῦ [561b] θορύβου παρελθόντος μέρη τε καταδέξεται τῶν ἐκπεσόντων καὶ τοῖς ἐπείσελθοῦσι μὴ ὅλον ἑαυτὸν ἐνδῶ, εἰς ἴσον δὴ τι καταστήσας τὰς ἡδονὰς διάγει, τῇ παραπιπτούσῃ ἀεὶ ὥσπερ λαχούσῃ τὴν ἑαυτοῦ ἀρχὴν παραδιδούς ἕως ἂν πληρωθῇ, καὶ αὐθις ἄλλη, οὐδεμίαν ἀτιμάζων ἀλλ' ἐξ ἴσου τρέφων.

πάνυ μὲν οὖν.

καὶ λόγον γε, ἦν δ' ἐγώ, ἀληθῆ οὐ προσδεχόμενος οὐδὲ παριεῖς εἰς τὸ φρούριον, ἐὰν τις λέγῃ ὡς αἱ μὲν εἰσι τῶν [561c] καλῶν τε καὶ ἀγαθῶν ἐπιθυμιῶν ἡδοναί, αἱ δὲ τῶν πονηρῶν, καὶ τὰς μὲν χρὴ ἐπιτηδεύειν καὶ τιμᾶν, τὰς δὲ κολάζειν τε καὶ δουλοῦσθαι: ἀλλ' ἐν πᾶσι τούτοις ἀνανεύει τε καὶ ὁμοίας φησὶν ἀπάσας εἶναι καὶ τιμητέας ἐξ ἴσου.

σφόδρα γάρ, ἔφη, οὕτω διακείμενος τοῦτο δρᾷ.

οὐκοῦν, ἦν δ' ἐγώ, καὶ διαζῇ τὸ καθ' ἡμέραν οὕτω χαριζόμενος τῇ προσπιπτούσῃ ἐπιθυμίᾳ, τοτὲ μὲν μεθύων καὶ καταυλούμενος, αὐθις δὲ ὑδροποτῶν καὶ κατισχναινόμενος, [561d] τοτὲ δ' αὖ γυμναζόμενος, ἔστιν δ' ὅτε ἀργῶν καὶ πάντων ἀμελῶν, τοτὲ δ' ὡς ἐν φιλοσοφίᾳ διατρίβων. πολλάκις δὲ πολιτεύεται, καὶ ἀναπηδῶν ὅτι ἂν τύχῃ λέγει τε καὶ πράττει: κἂν ποτέ τινας πολεμικοὺς ζηλώσῃ, ταύτῃ φέρεται, ἢ χρηματιστικούς, ἐπὶ τοῦτ' αὖ. καὶ οὔτε τις τάξις οὔτε ἀνάγκη ἔπεστιν αὐτοῦ τῷ βίῳ, ἀλλ' ἡδύν τε δὴ καὶ ἐλευθέριον καὶ μακάριον καλῶν τὸν βίον τοῦτον χρῆται αὐτῷ διὰ παντός. [561e]

παντάπασι, ἦ δ' ὅς, διελήλυθας βίον ἰσονομικοῦ τινος ἀνδρός.

οἶμαι δέ γε, ἦν δ' ἐγώ, καὶ παντοδαπὸν τε καὶ πλείστων ἡθῶν μεστόν, καὶ τὸν καλόν τε καὶ ποικίλον, ὥσπερ ἐκείνην τὴν πόλιν, τοῦτον τὸν ἄνδρα εἶναι: ὃν πολλοὶ ἂν καὶ πολλαὶ ζηλώσειαν τοῦ βίου, παραδείγματα πολιτειῶν τε καὶ τρόπων πλεῖστα ἐν αὐτῷ ἔχοντα.

οὗτος γάρ, ἔφη, ἔστιν. [562a]

τί οὖν; τετάχθω ἡμῖν κατὰ δημοκρατίαν ὁ τοιοῦτος ἀνὴρ, ὡς δημοκρατικὸς ὀρθῶς ἂν προσαγορευόμενος;

τετάχθω, ἔφη.

ἢ καλλίστῃ δὴ, ἦν δ' ἐγώ, πολιτεία τε καὶ ὁ κάλλιστος ἀνὴρ λοιπὰ ἂν ἡμῖν εἴη διελθεῖν, τυραννίς τε καὶ τύραννος.

κομιδῇ γ', ἔφη.

φέρε δὴ, τίς τρόπος τυραννίδος, ᾧ φίλε ἐταῖρε, γίγνεται; ὅτι μὲν γὰρ ἐκ δημοκρατίας μεταβάλλει σχεδὸν δῆλον.

δῆλον.

ἄρ' οὖν τρόπον τινὰ τὸν αὐτὸν ἐκ τε ὀλιγαρχίας δημοκρατία [562b] γίγνεται καὶ ἐκ δημοκρατίας τυραννίς;

πῶς;

ὁ προύθεντο, ἦν δ' ἐγώ, ἀγαθόν, καὶ δι' ὃ ἡ ὀλιγαρχία καθίστατο-
τοῦτο δ' ἦν [ὑπερ]πλοῦτος· ἦ γάρ; -

ναί.

ἡ πλούτου τοίνυν ἀπληστία καὶ ἡ τῶν ἄλλων ἀμέλεια διὰ
χρηματισμὸν αὐτὴν ἀπώλλυ.

ἀληθῆ, ἔφη.

ἄρ' οὖν καὶ ὁ δημοκρατία ὀρίζεται ἀγαθόν, ἡ τούτου ἀπληστία καὶ
ταύτην καταλύει;

λέγεις δ' αὐτὴν τί ὀρίζεσθαι;

τὴν ἐλευθερίαν, εἶπον. τοῦτο γάρ που ἐν δημοκρατουμένη [562c]
πόλει ἀκούσαις ἂν ὡς ἔχει τε κάλλιστον καὶ διὰ ταῦτα ἐν μόνῃ ταύτῃ
ἄξιον οἰκεῖν ὅστις φύσει ἐλεύθερος.

λέγεται γὰρ δῆ, ἔφη, καὶ πολὺ τοῦτο τὸ ῥῆμα.

ἄρ' οὖν, ἦν δ' ἐγώ, ὅπερ ἦα νυνδὴ ἐρῶν, ἡ τοῦ τοιοῦτου ἀπληστία
καὶ ἡ τῶν ἄλλων ἀμέλεια καὶ ταύτην τὴν πολιτείαν μεθίστησιν τε καὶ
παρασκευάζει τυραννίδος δεηθῆναι;

πῶς; ἔφη.

ὅταν οἷμαι δημοκρατουμένη πόλις ἐλευθερίας διψήσασα [562d]
κακῶν οἰνοχῶν προστατούντων τύχῃ, καὶ πορρωτέρω τοῦ δέοντος
ἀκράτου αὐτῆς μεθυσθῇ, τοὺς ἄρχοντας δῆ, ἂν μὴ πάνυ πρᾶοι ὧσι
καὶ πολλὴν παρέχωσι τὴν ἐλευθερίαν, κολάζει αἰτιωμένη ὡς μιαρὸς
τε καὶ ὀλιγαρχικούς.

δρῶσιν γάρ, ἔφη, τοῦτο.

τοὺς δέ γε, εἶπον, τῶν ἀρχόντων κατηκόους προπηλακίζει ὡς
ἐθελοδούλους τε καὶ οὐδὲν ὄντας, τοὺς δὲ ἄρχοντας μὲν ἀρχομένοις,
ἀρχομένους δὲ ἄρχουσιν ὁμοίους ἰδίᾳ τε καὶ δημοσίᾳ ἐπαινεῖ τε καὶ
τιμᾷ. ἄρ' οὐκ ἀνάγκη ἐν τοιαύτῃ [562e] πόλει ἐπὶ πᾶν τὸ τῆς
ἐλευθερίας ἰέναι;

πῶς γάρ οὐ;

καὶ καταδύεσθαί γε, ἦν δ' ἐγώ, ὦ φίλε, εἷς τε τὰς ἰδίας οἰκίας καὶ τελευτᾶν μέχρι τῶν θηρίων τὴν ἀναρχίαν ἐμφυομένην.

πῶς, ἦ δ' ὅς, τὸ τοιοῦτον λέγομεν;

οἶον, ἔφην, πατέρα μὲν ἐθίζεσθαι παιδὶ ὅμοιον γίγνεσθαι καὶ φοβεῖσθαι τοὺς ὑεῖς, ὑὸν δὲ πατρί, καὶ μήτε αἰσχύνεσθαι μήτε δεδιέναι τοὺς γονέας, ἵνα δὴ ἐλεύθερος ᾗ: μέτοικον δὲ [563a] ἀστῶ καὶ ἀστὸν μετοίκῳ ἐξισοῦσθαι, καὶ ξένον ὡσαύτως.

γίνεται γὰρ οὕτως, ἔφη.

ταῦτά τε, ἦν δ' ἐγώ, καὶ σμικρὰ τοιάδε ἄλλα γίνεται: διδάσκαλός τε ἐν τῷ τοιούτῳ φοιτητὰς φοβεῖται καὶ θωπεύει, φοιτηταὶ τε διδασκάλων ὀλιγοροῦσιν, οὕτω δὲ καὶ παιδαγωγῶν: καὶ ὅλως οἱ μὲν νέοι πρεσβυτέροις ἀπεικάζονται καὶ διαμιλλῶνται καὶ ἐν λόγοις καὶ ἐν ἔργοις, οἱ δὲ γέροντες συγκαθιέντες τοῖς νέοις εὐτραπείας τε καὶ χαριεντισμοῦ [563b] ἐμπίμπλονται, μιμούμενοι τοὺς νέους, ἵνα δὴ μὴ δοκῶσιν ἀηδεῖς εἶναι μηδὲ δεσποτικοί.

πάνυ μὲν οὖν, ἔφη.

τὸ δέ γε, ἦν δ' ἐγώ, ἔσχατον, ὦ φίλε, τῆς ἐλευθερίας τοῦ πλήθους, ὅσον γίνεται ἐν τῇ τοιαύτῃ πόλει, ὅταν δὴ οἱ ἐωνημένοι καὶ αἱ ἐωνημέναι μηδὲν ἤττον ἐλεύθεροι ὦσι τῶν πριαμένων. ἐν γυναιξὶ δὲ πρὸς ἄνδρας καὶ ἀνδράσι πρὸς γυναῖκας ὅση ἡ ἰσονομία καὶ ἐλευθερία γίνεται, ὀλίγου ἐπελαθόμεθ' εἰπεῖν. [563c] οὐκοῦν κατ' Αἰσχύλον, ἔφη, “ἐροῦμεν ὅτι νῦν ἦλθ' ἐπὶ στόμα;”

πάνυ γε, εἶπον: καὶ ἔγωγε οὕτω λέγω: τὸ μὲν γὰρ τῶν θηρίων τῶν ὑπὸ τοῖς ἀνθρώποις ὅσῳ ἐλευθερώτερά ἐστιν ἐνταῦθα ἢ ἐν ἄλλῃ, οὐκ ἂν τις πείθοιτο ἄπειρος. ἀτεχνῶς γὰρ αἱ τε κύνες κατὰ τὴν παροιμίαν οἷαίπερ αἱ δέσποιναί γίνονται τε δὴ καὶ ἵπποι καὶ ὄνοι, πάνυ ἐλευθέρως καὶ σεμνῶς εἰθισμένοι πορεύεσθαι, κατὰ τὰς ὁδοὺς ἐμβάλλοντες τῷ ἀεὶ ἀπαντῶντι, ἐὰν μὴ ἐξίστηται, καὶ τᾶλλα πάντα οὕτω [563d] μεστὰ ἐλευθερίας γίνεται.

τὸ ἐμόν γ', ἔφη, ἐμοὶ λέγεις ὄναρ: αὐτὸς γὰρ εἰς ἀγρὸν πορευόμενος

θαμὰ αὐτὸ πάσχω.

τὸ δὲ δὴ κεφάλαιον, ἦν δ' ἐγώ, πάντων τούτων συνηθροισμένων, ἐννοεῖς ὡς ἀπαλὴν τὴν ψυχὴν τῶν πολιτῶν ποιεῖ, ὥστε καὶ ὅτιοῦν δουλείας τις προσφέρηται, ἀγανακτεῖν καὶ μὴ ἀνέχεσθαι; τελευτῶντες γάρ που οἴσθ' ὅτι οὐδὲ τῶν νόμων φροντίζουσιν γεγραμμένων ἢ ἀγράφων, ἵνα δὴ μηδαμῇ [563e] μηδεὶς αὐτοῖς ἢ δεσπότης.

καὶ μάλ', ἔφη, οἶδα.

αὕτη μὲν τοίνυν, ἦν δ' ἐγώ, ὦ φίλε, ἡ ἀρχὴ οὕτως καλὴ καὶ νεανικὴ, ὅθεν τυραννὶς φύεται, ὡς ἐμοὶ δοκεῖ.

νεανικὴ δῆτα, ἔφη: ἀλλὰ τί τὸ μετὰ τοῦτο;

ταῦτόν, ἦν δ' ἐγώ, ὅπερ ἐν τῇ ὀλιγαρχίᾳ νόσημα ἐγγενόμενον ἀπώλεσεν αὐτήν, τοῦτο καὶ ἐν ταύτῃ πλέον τε καὶ ἰσχυρότερον ἐκ τῆς ἐξουσίας ἐγγενόμενον καταδουλοῦται δημοκρατίαν. καὶ τῷ ὄντι τὸ ἄγαν τι ποιεῖν μεγάλην φιλεῖ εἰς τοῦναντίον μεταβολὴν ἀνταποδιδόναι, ἐν ὥραις τε καὶ ἐν [564a] φυτοῖς καὶ ἐν σώμασιν, καὶ δὴ καὶ ἐν πολιτείαις οὐχ ἥκιστα.

εἰκός, ἔφη.

ἡ γὰρ ἄγαν ἐλευθερία ἔοικεν οὐκ εἰς ἄλλο τι ἢ εἰς ἄγαν δουλείαν μεταβάλλειν καὶ ιδιώτῃ καὶ πόλει.

εἰκὸς γάρ.

εἰκότως τοίνυν, εἶπον, οὐκ ἐξ ἄλλης πολιτείας τυραννὶς καθίσταται ἢ ἐκ δημοκρατίας, ἐξ οἷμαι τῆς ἀκροτάτης ἐλευθερίας δουλεία πλείστη τε καὶ ἀγριωτάτη.

ἔχει γάρ, ἔφη, λόγον.

ἀλλ' οὐ τοῦτ' οἶμαι, ἦν δ' ἐγώ, ἡρώτας, ἀλλὰ ποῖον [564b] νόσημα ἐν ὀλιγαρχίᾳ τε φυόμενον ταῦτόν καὶ ἐν δημοκρατίᾳ δουλοῦται αὐτήν.

ἀληθεῖ, ἔφη, λέγεις.

ἐκεῖνο τοίνυν, ἔφην, ἔλεγον τὸ τῶν ἀργῶν τε καὶ δαπανηρῶν ἀνδρῶν γένος, τὸ μὲν ἀνδρειότατον ἡγούμενον αὐτῶν, τὸ δ' ἀνανδρότερον ἐπόμενον: οὕς δὴ ἀφομοιοῦμεν κηφῆσι, τοὺς μὲν κέντρα ἔχουσι, τοὺς δὲ ἀκέντροις.

καὶ ὀρθῶς γ', ἔφη.

τούτῳ τοίνυν, ἦν δ' ἐγώ, ταραττετον ἐν πάσῃ πολιτείᾳ ἐγγιγνομένῳ, οἷον περὶ σῶμα φλέγμα τε καὶ χολή: ὧ δὴ καὶ [564c] δεῖ τὸν ἀγαθὸν ἱατρὸν τε καὶ νομοθέτην πόλεως μὴ ἥττον ἢ σοφὸν μελιττουργὸν πόρρωθεν εὐλαβεῖσθαι, μάλιστα μὲν ὅπως μὴ ἐγγενήσεσθον, ἂν δὲ ἐγγένησθον, ὅπως ὅτι τάχιστα σὺν αὐτοῖσι τοῖς κηρίοις ἐκτετμήσεσθον.

ναὶ μὰ Δία, ἦ δ' ὅς, παντάπασί γε.

ὧδε τοίνυν, ἦν δ' ἐγώ, λάβωμεν, ἴν' εὐκρινέστερον ἴδωμεν ὃ βουλόμεθα.

πῶς;

τριχῇ διαστησώμεθα τῷ λόγῳ δημοκρατουμένην πόλιν, [564d] ὥσπερ οὖν καὶ ἔχει. ἐν μὲν γάρ που τὸ τοιοῦτον γένος ἐν αὐτῇ ἐμφύεται δι' ἐξουσίαν οὐκ ἔλαττον ἢ ἐν τῇ ὀλιγαρχουμένῃ.

ἔστιν οὕτω.

πολὺ δέ γε δριμύτερον ἐν ταύτῃ ἢ ἐν ἐκείνῃ.

πῶς;

ἐκεῖ μὲν διὰ τὸ μὴ ἔντιμον εἶναι, ἀλλ' ἀπελαύνεσθαι τῶν ἀρχῶν, ἀγύμναστον καὶ οὐκ ἐρρωμένον γίγνεται: ἐν δημοκρατίᾳ δὲ τοῦτο που τὸ προσετὸς αὐτῆς, ἐκτὸς ὀλίγων, καὶ τὸ μὲν δριμύτατον αὐτοῦ λέγει τε καὶ πράττει, τὸ δ' ἄλλο περὶ τὰ βήματα προσίζον βομβεῖ τε καὶ οὐκ ἀνέχεται τοῦ [564e] ἄλλα λέγοντος, ὥστε πάντα ὑπὸ τοῦ τοιούτου διοικεῖται ἐν τῇ τοιαύτῃ πολιτείᾳ χωρὶς τινων ὀλίγων.

μάλα γε, ἦ δ' ὅς.

ἄλλο τοίνυν τοιόνδε ἀεὶ ἀποκρίνεται ἐκ τοῦ πλήθους.

τὸ ποῖον;

χρηματιζομένων που πάντων, οἱ κοσμιώτατοι φύσει ὡς τὸ πολὺ πλουσιώτατοι γίνονται.

εἰκός.

πλεῖστον δὴ οἶμαι τοῖς κηφῆσι μέλι καὶ εὐπορώτατον ἐντεῦθεν βλίσσεται.

πῶς γὰρ ἂν, ἔφη, παρά γε τῶν σμικρὰ ἐχόντων τις βλίσσειεν;

πλούσιοι δὴ οἶμαι οἱ τοιοῦτοι καλοῦνται κηφήνων βοτάνη.

σχεδὸν τι, ἔφη. [565a]

δῆμος δ' ἂν εἴη τρίτον γένος, ὅσοι αὐτουργοὶ τε καὶ ἀπράγμονες, οὐ πάνυ πολλὰ κεκτημένοι: ὃ δὴ πλεῖστόν τε καὶ κυριώτατον ἐν δημοκρατίᾳ ὅτανπερ ἀθροισθῇ.

ἔστιν γάρ, ἔφη: ἀλλ' οὐ θαμὰ ἐθέλει ποιεῖν τοῦτο, ἐὰν μὴ μέλιτός τι μεταλαμβάνη.

οὐκοῦν μεταλαμβάνει, ἦν δ' ἐγώ, ἀεὶ, καθ' ὅσον δύνανται οἱ προεστώτες, τοὺς ἔχοντας τὴν οὐσίαν ἀφαιρούμενοι, διανέμοντες τῷ δήμῳ, τὸ πλεῖστον αὐτοὶ ἔχειν. [565b]

μεταλαμβάνει γὰρ οὖν, ἦ δ' ὅς, οὕτως.

ἀναγκάζονται δὴ οἶμαι ἀμύνεσθαι, λέγοντές τε ἐν τῷ δήμῳ καὶ πράττοντες ὅπῃ δύνανται, οὗτοι ὧν ἀφαιροῦνται.

πῶς γὰρ οὐ;

αἰτίαν δὴ ἔσχον ὑπὸ τῶν ἐτέρων, κἂν μὴ ἐπιθυμῶσι νεωτερίζειν, ὡς ἐπιβουλεύουσι τῷ δήμῳ καὶ εἰσιν ὀλιγαρχικοί.

τί μῆν;

οὐκοῦν καὶ τελευτῶντες, ἐπειδὴν ὀρῶσι τὸν δῆμον, οὐχ ἐκόντα ἀλλ' ἀγνοήσαντά τε καὶ ἐξαπατηθέντα ὑπὸ τῶν [565c] διαβαλλόντων, ἐπιχειροῦντα σφᾶς ἀδικεῖν, τότε ἤδη, εἴτε βούλονται εἴτε μή, ὡς

ἀληθῶς ὀλιγαρχικοὶ γίνονται, οὐχ ἐκόντες, ἀλλὰ καὶ τοῦτο τὸ κακὸν ἐκεῖνος ὁ κηφὴν ἐντίκτει κεντῶν αὐτούς.

κομιδῇ μὲν οὖν.

εἰσαγγελίαι δὴ καὶ κρίσεις καὶ ἀγῶνες περὶ ἀλλήλων γίνονται.

καὶ μάλα.

οὐκοῦν ἓνα τινὰ ἀεὶ δῆμος εἴωθεν διαφερόντως προΐστασθαι ἑαυτοῦ, καὶ τοῦτον τρέφειν τε καὶ αὔξειν μέγαν;

εἴωθε γάρ. [565d]

τοῦτο μὲν ἄρα, ἦν δ' ἐγώ, δῆλον, ὅτι, ὅτανπερ φύηται τύραννος, ἐκ προστατικῆς ρίξης καὶ οὐκ ἄλλοθεν ἐκβλαστάνει.

καὶ μάλα δῆλον.

τίς ἀρχὴ οὖν μεταβολῆς ἐκ προστάτου ἐπὶ τύραννον; ἢ δῆλον ὅτι ἐπειδὰν ταῦτόν ἄρξηται δρᾶν ὁ προστάτης τῷ ἐν τῷ μύθῳ ὃς περὶ τὸ ἐν Ἀρκαδίᾳ τὸ τοῦ Διὸς τοῦ Λυκαίου

ιερόν λέγεται;

τίς; ἔφη.

ὥς ἄρα ὁ γευσάμενος τοῦ ἀνθρωπίνου σπλάγχνου, ἐν ἄλλοις ἄλλων ἱερείων ἐνὸς ἐγκατατετμημένου, ἀνάγκη δὴ [565e] τοῦτῳ λύκῳ γενέσθαι. ἢ οὐκ ἀκήκοας τὸν λόγον;

ἔγωγε.

ἄρ' οὖν οὕτω καὶ ὃς ἂν δήμου προεστώς, λαβὼν σφόδρα πειθόμενον ὄχλον, μὴ ἀπόσχηται ἐμφυλίου αἵματος, ἀλλ' ἀδίκως ἐπαιτιώμενος, οἷα δὴ φιλοῦσιν, εἰς δικαστήρια ἄγων μαιφονῇ, βίον ἀνδρὸς ἀφανίζων, γλώττη τε καὶ στόματι ἀνοσίῳ γευόμενος φόνου συγγενοῦς, καὶ ἀνδρηλατῇ καὶ [566a] ἀποκτεινύῃ καὶ ὑποσημαίνῃ χρεῶν τε ἀποκοπᾶς καὶ γῆς ἀναδασμόν, ἄρα τῷ τοιούτῳ ἀνάγκη δὴ τὸ μετὰ τοῦτο καὶ εἵμαρται ἢ ἀπολωλέναι ὑπὸ τῶν ἐχθρῶν ἢ τυραννεῖν καὶ λύκῳ ἐξ ἀνθρώπου γενέσθαι;

πολλή ἀνάγκη, ἔφη.

οὗτος δὴ, ἔφην, ὁ στασιάζων γίγνεται πρὸς τοὺς ἔχοντας τὰς οὐσίας.
οὗτος.

ἄρ' οὖν ἐκπεσὼν μὲν καὶ κατελθὼν βία τῶν ἐχθρῶν τύραννος
ἀπειργασμένος κατέρχεται;

δῆλον. [566b]

ἐὰν δὲ ἀδύνατοι ἐκβάλλειν αὐτὸν ὧσιν ἢ ἀποκτεῖναι διαβάλλοντες τῇ
πόλει, βιαίῳ δὴ θανάτῳ ἐπιβουλευουσιν ἀποκτείνουσαι λάθρα.

φιλεῖ γοῦν, ἦ δ' ὅς, οὕτω γίνεσθαι.

τὸ δὴ τυραννικὸν αἶτημα τὸ πολυθρύλητον ἐπὶ τούτῳ πάντες οἱ εἰς
τοῦτο προβεβηκότες ἐξευρίσκουσιν, αἰτεῖν τὸν δῆμον φύλακάς τινας
τοῦ σώματος, ἵνα σῶς αὐτοῖς ἦ ὁ τοῦ δήμου βοηθός.

καὶ μάλ', ἔφη.

διδόασι δὴ οἶμαι δείσαντες μὲν ὑπὲρ ἐκείνου, θαρρήσαντες δὲ ὑπὲρ
ἑαυτῶν. [566c]

καὶ μάλα.

οὐκοῦν τοῦτο ὅταν ἴδῃ ἀνὴρ χρήματα ἔχων καὶ μετὰ τῶν χρημάτων
αἰτίαν μισόδημος εἶναι, τότε δὴ οὗτος, ὃ ἑταῖρε, κατὰ τὸν Κροίσῳ
γενόμενον χρησμόν- . . . πολυψήφιδά παρ' Ἑρμον

φεύγει, οὐδὲ μένει, οὐδ' αἰδεῖται κακὸς εἶναι. Hdt.1.55

οὐ γὰρ ἄν, ἔφη, δεύτερον αὐθις αἰδεσθεῖη.

ὁ δέ γε οἶμαι, ἦν δ' ἐγώ, καταληφθεὶς θανάτῳ δίδοται.

ἀνάγκη.

ὁ δὲ δὴ προστάτης ἐκεῖνος αὐτὸς δῆλον δὴ ὅτι

μέγας [566d] μεγαλωστὶ Hom. Il. 16.776

οὐ κεῖται, ἀλλὰ καταβαλὼν ἄλλους πολλοὺς ἔστηκεν ἐν τῷ δίφρῳ
τῆς πόλεως, τύραννος ἀντὶ προστάτου ἀποτετελεσμένος.

τί δ' οὐ μέλλει; ἔφη.

διέλθωμεν δὴ τὴν εὐδαιμονίαν, ἣν δ' ἐγώ, τοῦ τε ἀνδρὸς καὶ τῆς
πόλεως, ἐν ἧ ἂν ὁ τοιοῦτος βροτὸς ἐγγένηται;

πάνυ μὲν οὖν, ἔφη, διέλθωμεν.

ἄρ' οὖν, εἶπον, οὐ ταῖς μὲν πρώταις ἡμέραις τε καὶ χρόνῳ προσγελᾷ
τε καὶ ἀσπάζεται πάντας, ὃ ἂν περιτυγχάνη, καὶ [566e] οὔτε
τύραννός φησιν εἶναι ὑπισχνεῖται τε πολλὰ καὶ ἰδίᾳ καὶ δημοσίᾳ,
χρεῶν τε ἡλευθέρωσε καὶ γῆν διένειμε δῆμῳ τε καὶ τοῖς περὶ ἑαυτὸν
καὶ πᾶσιν ἱλεώς τε καὶ πρᾶος εἶναι προσποιεῖται;

ἀνάγκη, ἔφη.

ὅταν δέ γε οἶμαι πρὸς τοὺς ἔξω ἐχθροὺς τοῖς μὲν καταλλαγῇ, τοὺς δὲ
καὶ διαφθείρῃ, καὶ ἡσυχία ἐκείνων γένηται, πρῶτον μὲν πολέμους
τινὰς ἀεὶ κινεῖ, ἵν' ἐν χρεῖᾳ ἡγεμόνος ὁ δῆμος ᾗ.

εἰκός γε. [567a]

οὐκοῦν καὶ ἵνα χρήματα εἰσφέροντες πένητες γιγνόμενοι πρὸς τῷ
καθ' ἡμέραν ἀναγκάζονται εἶναι καὶ ἥττον αὐτῷ ἐπιβουλεύωσι;

δῆλον.

καὶ ἂν γέ τις οἶμαι ὑποπτεύῃ ἐλεύθερα φρονήματα ἔχοντας μὴ
ἐπιτρέψειν αὐτῷ ἄρχειν, ὅπως ἂν τούτους μετὰ προφάσεως ἀπολλύῃ
ἐνδοὺς τοῖς πολεμίοις; τούτων πάντων

ἐνεκα τυράννῳ ἀεὶ ἀνάγκη πόλεμον ταραττεῖν;

ἀνάγκη.

ταῦτα δὴ ποιοῦντα ἔτοιμον μᾶλλον ἀπεχθάνεσθαι τοῖς [567b]
πολίταις;

πῶς γὰρ οὐ;

οὐκοῦν καὶ τινας τῶν συγκαταστησάντων καὶ ἐν δυνάμει ὄντων παρρησιάζεσθαι καὶ πρὸς αὐτὸν καὶ πρὸς ἀλλήλους, ἐπιπλήττοντας τοῖς γιγνομένοις, οἳ ἂν τυγχάνωσιν ἀνδρικώτατοι ὄντες;

εἰκός γε.

ὑπεξαίρειν δὴ τούτους πάντας δεῖ τὸν τύραννον, εἰ μέλλει ἄρξειν, ἕως ἂν μήτε φίλων μήτ' ἐχθρῶν λίπη μηδένα ὅτου τι ὄφελος.

δῆλον.

ὁξέως ἄρα δεῖ ὁρᾶν αὐτὸν τίς ἀνδρεῖος, τίς μεγαλόφρων, [567c] τίς φρόνιμος, τίς πλούσιος; καὶ οὕτως εὐδαίμων ἐστίν, ὥστε τούτοις ἅπασιν ἀνάγκη αὐτῷ, εἴτε βούλεται εἴτε μή, πολεμίῳ εἶναι καὶ ἐπιβουλεύειν, ἕως ἂν καθήρῃ τὴν πόλιν.

καλόν γε, ἔφη, καθαρμόν.

ναί, ἦν δ' ἐγώ, τὸν ἐναντίον ἢ οἱ ἱατροὶ τὰ σώματα: οἱ μὲν γὰρ τὸ χεῖριστον ἀφαιροῦντες λείπουσι τὸ βέλτιστον, ὁ δὲ τοῦναντίον.

ὥς ἔοικε γάρ, αὐτῷ, ἔφη, ἀνάγκη, εἴπερ ἄρξει. [567d]

ἐν μακαρίᾳ ἄρα, εἶπον ἐγώ, ἀνάγκη δέδεται, ἢ προστάττει αὐτῷ ἢ μετὰ φαύλων τῶν πολλῶν οἰκεῖν, καὶ ὑπὸ τούτων μισούμενον, ἢ μὴ ζῆν.

ἐν τοιαύτῃ, ἦ δ' ὅς.

ἄρ' οὖν οὐχὶ ὅσῳ ἂν μᾶλλον τοῖς πολίταις ἀπεχθάνηται ταῦτα δρῶν, τοσοῦτῳ πλειόνων καὶ πιστοτέρων δορυφόρων δεήσεται;

πῶς γὰρ οὔ;

τίνες οὖν οἱ πιστοί; καὶ πόθεν αὐτοὺς μεταπέμψεται;

αὐτόματοι, ἔφη, πολλοὶ ἥξουσιν πετόμενοι, ἐὰν τὸν μισθὸν διδῶ.

κηφῆνας, ἦν δ' ἐγώ, νῆ τὸν κύνα, δοκεῖς αὖ τινάς μοι [567e] λέγειν ξενικούς τε καὶ παντοδαπούς.

ἀληθῆ γάρ, ἔφη, δοκῶ σοι.

τίς δὲ αὐτόθεν; ἄρ' οὐκ ἂν ἐθελήσειεν-

πῶς;

τοὺς δούλους ἀφελόμενος τοὺς πολίτας, ἐλευθερώσας, τῶν περὶ ἑαυτὸν δορυφόρων ποιήσασθαι.

σφόδρα γ', ἔφη: ἐπεὶ τοι καὶ πιστότατοι αὐτῷ οὗτοί εἰσιν.

ἦ μακάριον, ἦν δ' ἐγώ, λέγεις τυράννου χρῆμα, εἰ τοιούτοις [568a] φίλοις τε καὶ πιστοῖς ἀνδράσι χρῆται, τοὺς προτέρους ἐκείνους ἀπολέσας.

ἀλλὰ μήν, ἔφη, τοιούτοις γε χρῆται.

καὶ θαυμάζουσι δῆ, εἶπον, οὗτοι οἱ ἐταῖροι αὐτὸν καὶ σύνεισιν οἱ νέοι πολῖται, οἱ δ' ἐπιεικεῖς μισοῦσί τε καὶ φεύγουσι;

τί δ' οὐ μέλλουσιν;

οὐκ ἐτός, ἦν δ' ἐγώ, ἢ τε τραγωδία ὅλως σοφὸν δοκεῖ εἶναι καὶ ὁ Εὐριπίδης διαφέρων ἐν αὐτῇ.

τί δῆ;

ὅτι καὶ τοῦτο πυκνῆς διανοίας ἐχόμενον ἐφθέγγατο, ὥς [568b] ἄρα “σοφοὶ τύραννοί” εἰσι “τῶν σοφῶν συνουσία.” καὶ ἔλεγε δηλὸν ὅτι τούτους εἶναι τοὺς σοφοὺς οἷς σύνεστιν.

καὶ ὥς ἰσόθεόν γ', ἔφη, τὴν τυραννίδα ἐγκωμιάζει, καὶ ἕτερα πολλά, καὶ οὗτος καὶ οἱ ἄλλοι ποιηταί.

τοιγάρτοι, ἔφην, ἅτε σοφοὶ ὄντες οἱ τῆς τραγωδίας ποιηταὶ συγγιγνώσκουσιν ἡμῖν τε καὶ ἐκείνοις ὅσοι ἡμῶν ἐγγὺς πολιτεύονται, ὅτι αὐτοὺς εἰς τὴν πολιτείαν οὐ παραδεξόμεθα ἅτε τυραννίδος ὑμνητάς.

οἶμαι ἔγωγ', ἔφη, συγγιγνώσκουσιν ὅσοιπέρ γε αὐτῶν [568c] κομψοί.

εἰς δέ γε οἶμαι τὰς ἄλλας περιόντες πόλεις, συλλέγοντες τοὺς ὄχλους, καλὰς φωνὰς καὶ μεγάλας καὶ πιθανὰς μισθωσάμενοι, εἰς τυραννίδας τε καὶ δημοκρατίας ἔλκουσι τὰς πολιτείας.

μάλα γε.

οὐκοῦν καὶ προσέτι τούτων μισθοὺς λαμβάνουσι καὶ τιμῶνται, μάλιστα μὲν, ὥσπερ τὸ εἰκός, ὑπὸ τυράννων, δεύτερον δὲ ὑπὸ δημοκρατίας· ὅσῳ δ' ἂν ἀνωτέρω ἴωσιν πρὸς [568d] τὸ ἄναντες τῶν πολιτειῶν, μᾶλλον ἀπαγορεύει αὐτῶν ἢ τιμῇ, ὥσπερ ὑπὸ ἄσθματος ἀδυνατοῦσα πορεύεσθαι.

πάνυ μὲν οὖν.

ἀλλὰ δὴ, εἶπον, ἐνταῦθα μὲν ἐξέβημεν· λέγωμεν δὲ πάλιν ἐκεῖνο τὸ τοῦ τυράννου στρατόπεδον, τὸ καλόν τε καὶ πολὺ καὶ ποικίλον καὶ οὐδέποτε ταῦτόν, πόθεν θρέπεται. δῆλον, ἔφη, ὅτι, ἐάν τε ἱερὰ χρήματα ἢ ἐν τῇ πόλει, ταῦτα ἀναλώσει, ὅποι ποτὲ ἂν ἀεὶ ἐξαρκῇ τὰ τῶν ἀποδομένων, ἐλάττους εἰσφοράς ἀναγκάζων τὸν δῆμον εἰσφέρειν. [568e]

τί δ' ὅταν δὴ ταῦτα ἐπιλίπη;

δῆλον, ἔφη, ὅτι ἐκ τῶν πατρῶων θρέπεται αὐτός τε καὶ οἱ συμπόται τε καὶ ἐταῖροι καὶ ἐταῖραι.

μανθάνω, ἦν δ' ἐγώ· ὅτι ὁ δῆμος ὁ γεννήσας τὸν τύραννον θρέψει αὐτόν τε καὶ ἐταῖρους.

πολλὴ αὐτῷ, ἔφη, ἀνάγκη.

πῶς [δὲ] λέγεις; εἶπον· ἐὰν δὲ ἀγανακτῇ τε καὶ λέγῃ ὁ δῆμος ὅτι οὔτε δίκαιον τρέφεσθαι ὑπὸ πατρὸς ὕδν ἡβῶντα, ἀλλὰ τοῦναντίον ὑπὸ ὑέος πατέρα, οὔτε τούτου αὐτὸν ἔνεκα [569a] ἐγέννησέν τε καὶ κατέστησεν, ἵνα, ἐπειδὴ μέγας γένοιτο, τότε αὐτὸς δουλεύων τοῖς αὐτοῦ δούλοις τρέφοι ἐκεῖνόν τε καὶ τοὺς δούλους μετὰ συγκλύδων ἄλλων, ἀλλ' ἵνα ἀπὸ τῶν πλουσίων τε καὶ καλῶν κἀγαθῶν λεγομένων ἐν τῇ πόλει ἐλευθερωθεῖ ἐκεῖνου προστάντος, καὶ νῦν κελεύει ἀπιέναι ἐκ τῆς πόλεως αὐτόν τε καὶ τοὺς ἐταῖρους, ὥσπερ πατὴρ ὕδν ἐξ οἰκίας μετὰ ὀχληρῶν συμποτῶν ἐξελαύνων;

γνώσεται γε, νῆ Δία, ἢ δ' ὅς, τότε ἦδη ὁ δῆμος οἷος οἷον [569b] θρέμμα γεννῶν ἡσπάζετό τε καὶ ἠϋξεν, καὶ ὅτι ἀσθενέστερος ὢν ἰσχυροτέρους ἐξελαύνει.

πῶς, ἦν δ' ἐγώ, λέγεις; τολμήσει τὸν πατέρα βιάζεσθαι, κἂν μὴ πείθεται, τύπτειν ὁ τύραννος;

ναί, ἔφη, ἀφελόμενός γε τὰ ὄπλα.

πατραλοίαν, ἦν δ' ἐγώ, λέγεις τύραννον καὶ χαλεπὸν γηροτρόφον, καὶ ὥς ἔοικε τοῦτο δὴ ὁμολογουμένη ἂν ἤδη τυραννὶς εἴη, καί, τὸ λεγόμενον, ὁ δῆμος φεύγων ἂν καπνὸν [569c] δουλείας ἐλευθέρων εἰς πῦρ δούλων δεσποτείας ἂν ἐμπεπτωκὸς εἴη, ἀντὶ τῆς πολλῆς ἐκείνης καὶ ἀκαίρου ἐλευθερίας τὴν χαλεπωτάτην τε καὶ πικροτάτην δούλων δουλείαν μεταμπισχόμενος.

καὶ μάλα, ἔφη, ταῦτα οὕτω γίγνεται.

τί οὖν; εἶπον: οὐκ ἐμμελῶς ἡμῖν εἰρήσεται, ἐὰν φῶμεν ἱκανῶς διεληλυθέναι ὥς μεταβαίνει τυραννὶς ἐκ δημοκρατίας, γενομένη τε οἷα ἐστίν;

πάνυ μὲν οὖν ἱκανῶς, ἔφη.

Πολιτεία Θ

Σωκράτης, Αδείμαντος

[571a] αὐτὸς δὴ λοιπός, ἦν δ' ἐγώ, ὁ τυραννικὸς ἀνὴρ σκέψασθαι, πῶς τε μεθίσταται ἐκ δημοκρατικοῦ, γενόμενός τε ποῖός τις ἔστιν καὶ τίνα τρόπον ζῆν, ἄθλιον ἢ μακάριον.

λοιπὸς γὰρ οὖν ἔτι οὗτος, ἔφη.

οἶσθ' οὖν, ἦν δ' ἐγώ, ὁ ποθῶ ἔτι;

τὸ ποῖον;

τὸ τῶν ἐπιθυμιῶν, οἷάι τε καὶ ὅσαι εἰσίν, οὗ μοι δοκοῦμεν ἱκανῶς διηρηθῆσαι. τούτου δὴ ἐνδεῶς ἔχοντος, ἀσαφεστέρα [571b] ἔσται ἡ ζήτησις οὗ ζητοῦμεν. οὐκοῦν, ἦ δ' ὅς, ἔτ' ἐν καλῷ;

πάνυ μὲν οὖν: καὶ σκόπει γε ὁ ἐν αὐταῖς βούλομαι ἰδεῖν. ἔστιν δὲ τόδε. τῶν μὴ ἀναγκαίων ἡδονῶν τε καὶ ἐπιθυμιῶν δοκοῦσί τινές μοι εἶναι παράνομοι, αἱ κινδυνεύουσι μὲν ἐγγίγνεσθαι παντί, κολαζόμεναι δὲ ὑπὸ τε τῶν νόμων καὶ τῶν βελτιόνων ἐπιθυμιῶν μετὰ λόγου ἐνίων μὲν ἀνθρώπων ἢ παντάπασιν ἀπαλλάττεσθαι ἢ ὀλίγαι λείπεσθαι καὶ ἀσθενεῖς, [571c] τῶν δὲ ἰσχυρότεροι καὶ πλείους.

λέγεις δὲ καὶ τίνας, ἔφη, ταύτας;

τὰς περὶ τὸν ὕπνον, ἦν δ' ἐγώ, ἐγειρομένας, ὅταν τὸ μὲν ἄλλο τῆς ψυχῆς εὖδῃ, ὅσον λογιστικὸν καὶ ἡμερον καὶ ἄρχον ἐκείνου, τὸ δὲ θηριῶδές τε καὶ ἄγριον, ἢ σίτων ἢ μέθης πλησθέν, σκιρτᾷ τε καὶ ἀπωσάμενον τὸν ὕπνον ζητῇ ἰέναι καὶ ἀποπιμπλάναι τὰ αὐτοῦ ἦθη: οἶσθ' ὅτι πάντα ἐν τῷ τοιούτῳ τολμᾷ ποιεῖν, ὥς ἀπὸ πάσης λελυμένον τε καὶ ἀπηλλαγμένον αἰσχύνης καὶ φρονήσεως. μητρὶ τε γὰρ ἐπιχειρεῖν [571d] μείγνυσθαι, ὥς οἶεται, οὐδὲν ὀκνεῖ, ἄλλω τε ὀτφοῦν ἀνθρώπων καὶ θεῶν καὶ θηρίων, μισαιφρονεῖν τε ὀτιοῦν, βρώματός τε ἀπέχεσθαι μηδενός: καὶ ἐνὶ λόγῳ οὔτε ἀνοίας οὐδὲν ἐλλείπει οὔτ' ἀναισχυντίας.

ἀληθέστατα, ἔφη, λέγεις.

ὅταν δέ γε οἶμαι ὑγιεινῶς τις ἔχῃ αὐτὸς αὐτοῦ καὶ σωφρόνως, καὶ εἰς τὸν ὕπνον ἦ τὸ λογιστικὸν μὲν ἐγείρας ἑαυτοῦ καὶ ἐστιάσας λόγων καλῶν καὶ σκέψεων, εἰς σύννοιαν [571e] αὐτὸς αὐτῷ ἀφικόμενος, τὸ ἐπιθυμητικὸν δὲ μήτε ἐνδεία δοὺς μήτε πλησμονῇ, ὅπως ἂν κοιμηθῇ καὶ μὴ παρέχῃ θόρυβον [572a] τῷ βελτίστῳ χαῖρον ἢ λυπούμενον, ἀλλ' ἐὰν αὐτὸ καθ' αὐτὸ μόνον καθαρὸν σκοπεῖν καὶ ὀρέγεσθαι τοῦ αἰσθάνεσθαι ὃ μὴ οἶδεν, ἢ τι τῶν γεγονότων ἢ ὄντων ἢ καὶ μελλόντων, ὡσαύτως δὲ καὶ τὸ θυμοειδὲς πραῦνας καὶ μὴ τισιν εἰς ὀργὰς ἐλθὼν κεκινημένῳ τῷ θυμῷ καθεύδῃ, ἀλλ' ἡσυχάσας μὲν τῷ δύο εἶδη, τὸ τρίτον δὲ κινήσας ἐν ᾧ τὸ φρονεῖν ἐγγίγνεται, οὕτως ἀναπαύεται, οἷσθ' ὅτι τῆς τ' ἀληθείας ἐν τῷ τοιούτῳ μάλιστα ἄπτεται καὶ ἥκιστα παράνομοι τότε αἱ ὄψεις [572b] φαντάζονται τῶν ἐνυπνίων.

παντελῶς μὲν οὖν, ἔφη, οἶμαι οὕτως.

ταῦτα μὲν τοίνυν ἐπὶ πλεον ἐξήχθημεν εἰπεῖν· ὃ δὲ βουλόμεθα γινῶναι τόδ' ἐστίν, ὥς ἄρα δεινόν τι καὶ ἄγριον καὶ ἄνομον ἐπιθυμιῶν εἶδος ἐκάστῳ ἔνεστι, καὶ πάνυ δοκοῦσιν ἡμῶν ἐνίοις μετρίοις εἶναι· τοῦτο δὲ ἄρα ἐν τοῖς ὕπνοις γίγνεται ἐνδηλον. εἰ οὖν τι δοκῶ λέγειν καὶ συγχωρεῖς, ἄθρει.

ἀλλὰ συγχωρῶ.

τὸν τοίνυν δημοτικὸν ἀναμνήσθητι οἷον ἔφαμεν εἶναι. [572c] ἦν δέ που γεγονὼς ἐκ νέου ὑπὸ φειδωλῷ πατρὶ τεθραμμένος, τὰς χρηματιστικὰς ἐπιθυμίας τιμῶντι μόνας, τὰς δὲ μὴ ἀναγκαίους ἀλλὰ παιδιᾶς τε καὶ καλλωπισμοῦ ἕνεκα γιγνομένας ἀτιμάζοντι. ἦ γάρ;

ναί.

συγγενόμενος δὲ κομψότεροις ἀνδράσι καὶ μεστοῖς ὧν ἄρτι διήλθομεν ἐπιθυμιῶν, ὀρμήσας εἰς ὕβριν τε πᾶσαν καὶ τὸ ἐκείνων εἶδος μίσει τῆς τοῦ πατρὸς φειδωλίας, φύσιν δὲ τῶν διαφθειρόντων βελτίῳ ἔχων, ἀγόμενος ἀμφοτέρωσε [572d] κατέστη εἰς μέσον ἀμφοῖν τοῖν τρόποιν, καὶ μετρίως δὴ, ὥς ᾤετο, ἐκάστων ἀπολαύων οὕτε ἀνελεύθερον οὕτε παράνομον βίον ζῆ, δημοτικὸς ἐξ ὀλιγαρχικοῦ γεγονώς.

ἦν γάρ, ἔφη, καὶ ἔστιν αὕτη ἡ δόξα περὶ τὸν τοιοῦτον.

θεὸς τοίνυν, ἦν δ' ἐγώ, πάλιν τοῦ τοιούτου ἤδη πρεσβυτέρου γεγονότος νέον ὕν ἐν τοῖς τούτου αὖ ἤθεσιν τεθραμμένον.

τίθημι.

τίθει τοίνυν καὶ τὰ αὐτὰ ἐκεῖνα περὶ αὐτὸν γιγνόμενα ἅπερ καὶ περὶ τὸν πατέρα αὐτοῦ, ἀγόμενόν τε εἰς πᾶσαν [572e] παρανομίαν, ὀνομαζομένην δ' ὑπὸ τῶν ἀγόντων ἐλευθερίαν ἅπασαν, βοηθοῦντά τε ταῖς ἐν μέσῳ ταύταις ἐπιθυμίαις πατέρα τε καὶ τοὺς ἄλλους οἰκείους, τοὺς δ' αὖ παραβοηθοῦντας· ὅταν δ' ἐλπίσωσιν οἱ δεινοὶ μάγοι τε καὶ τυραννοποιοὶ οὗτοι μὴ ἄλλως τὸν νέον καθέξειν, ἔρωτά τινα αὐτῷ μηχανωμένους ἐμποιῆσαι προστάτην τῶν ἀργῶν καὶ τὰ [573a] ἔτοιμα διανεμομένων ἐπιθυμιῶν, ὑπόπτερον καὶ μέγαν κηφῆνά τινα-ἢ τί ἄλλο οἶει εἶναι τὸν τῶν τοιούτων ἔρωτα; -

οὐδὲν ἔγωγε, ἦ δ' ὅς, ἀλλ' ἢ τοῦτο.

οὐκοῦν ὅταν δὴ περὶ αὐτὸν βομβοῦσαι αἱ ἄλλαι ἐπιθυμίαι, θυμιαμάτων τε γέμουσαι καὶ μύρων καὶ στεφάνων καὶ οἶνων καὶ τῶν ἐν ταῖς τοιαύταις συνουσίαις ἡδονῶν ἀνειμένων, ἐπὶ τὸ ἔσχατον αὔξουσαί τε καὶ τρέφουσαι πόθου κέντρον ἐμποιήσωσι τῷ κηφῆνι, τότε δὴ δορυφορεῖται τε ὑπὸ μανίας καὶ [573b] οἰστρᾷ οὗτος ὁ προστάτης τῆς ψυχῆς, καὶ ἐάν τινας ἐν αὐτῷ δόξας ἢ ἐπιθυμίας λάβῃ ποιουμένας χρηστὰς καὶ ἔτι ἐπαισχυνομένας, ἀποκτείνει τε καὶ ἔξω ὠθεῖ παρ' αὐτοῦ, ἕως ἂν καθήρῃ σωφροσύνης, μανίας δὲ πληρώσῃ ἐπακτοῦ.

παντελῶς, ἔφη, τυραννικοῦ ἀνδρὸς λέγεις γένεσιν.

ἄρ' οὖν, ἦν δ' ἐγώ, καὶ τὸ πάλαι διὰ τὸ τοιοῦτον τύραννος ὁ Ἑρως λέγεται;

κινδυνεύει, ἔφη.

οὐκοῦν, ὦ φίλε, εἶπον, καὶ μεθυσθεὶς ἀνὴρ τυραννικόν τι [573c] φρόνημα ἴσχει;

ἴσχει γάρ.

καὶ μὴν ὁ γε μαινόμενος καὶ ὑποκεκινηκὼς οὐ μόνον ἀνθρώπων ἀλλὰ καὶ θεῶν ἐπιχειρεῖ τε καὶ ἐλπίζει δυνατός εἶναι ἄρχειν.

καὶ μάλ', ἔφη.

τυραννικὸς δέ, ἦν δ' ἐγώ, ὦ δαιμόνιε, ἀνὴρ ἀκριβῶς γίγνεται, ὅταν ἡ φύσει ἡ ἐπιτηδεύμασιν ἡ ἀμφοτέροις μεθυστικός τε καὶ ἐρωτικός καὶ μελαγχολικός γένηται.

παντελῶς μὲν οὖν.

γίγνεται μὲν, ὡς ἔοικεν, οὕτω καὶ τοιοῦτος ἀνὴρ: ζῇ δὲ δὴ πῶς; [573d]

τὸ τῶν παιζόντων, ἔφη, τοῦτο σὺ καὶ ἐμοὶ ἐρεῖς.

λέγω δὴ, ἔφην. οἷμαι γὰρ τὸ μετὰ τοῦτο ἑορταὶ γίγνονται παρ' αὐτοῖς καὶ κῶμοι καὶ θάλειαι καὶ ἐταῖραι καὶ τὰ τοιαῦτα πάντα, ὧν ἂν Ἔρως τύραννος ἔνδον οἰκῶν διακυβερνᾷ τὰ τῆς ψυχῆς ἅπαντα.

ἀνάγκη, ἔφη.

ἄρ' οὖν οὐ πολλαὶ καὶ δεινὰ παραβλαστάνουσιν ἐπιθυμίαι ἡμέρας τε καὶ νυκτὸς ἐκάστης, πολλῶν δεόμεναι;

πολλὰ μέντοι.

ταχὺ ἄρα ἀναλίσκονται ἐάν τινες ὥσι πρόσοδοι.

πῶς δ' οὐ; [573e]

καὶ μετὰ τοῦτο δὴ δανεισμοὶ καὶ τῆς οὐσίας παραιρέσεις.

τί μήν;

ὅταν δὲ δὴ πάντ' ἐπιλείπη, ἄρα οὐκ ἀνάγκη μὲν τὰς ἐπιθυμίας βοᾶν πυκνάς τε καὶ σφοδράς ἐννενεοττευμένας, τοὺς δ' ὥσπερ ὑπὸ κέντρων ἐλαυνομένους τῶν τε ἄλλων ἐπιθυμιῶν καὶ διαφερόντως ὑπ' αὐτοῦ τοῦ Ἑρωτος, πάσαις ταῖς ἄλλαις ὥσπερ δορυφόροις ἡγουμένου, οἰστρᾶν καὶ σκοπεῖν τίς τι ἔχει, ὃν δυνατόν ἀφελέσθαι ἀπατήσαντα ἢ [574a] βιασάμενον;

σφόδρα γ', ἔφη.

ἀναγκαῖον δὴ πανταχόθεν φέρειν, ἢ μεγάλαις ὠδῖσί τε καὶ ὀδύναις συνέχεσθαι.

ἀναγκαῖον.

ἄρ' οὖν, ὥσπερ αἱ ἐν αὐτῷ ἡδοναὶ ἐπιγιγνόμεναι τῶν ἀρχαίων πλέον εἶχον καὶ τὰ ἐκείνων ἀφηροῦντο, οὕτω καὶ αὐτὸς ἀξιώσει νεώτερος ὢν πατρός τε καὶ μητρὸς πλέον ἔχειν, καὶ ἀφαιρεῖσθαι, ἐὰν τὸ αὐτοῦ μέρος ἀναλώσῃ, ἀπονειμιάμενος τῶν πατρώων;

ἀλλὰ τί μήν; ἔφη. [574b]

ἂν δὲ δὴ αὐτῷ μὴ ἐπιτρέπωσιν, ἄρ' οὐ τὸ μὲν πρῶτον ἐπιχειροῖ ἂν κλέπτειν καὶ ἀπατᾶν τοὺς γονέας;

πάντως.

ὁπότε δὲ μὴ δύναιτο, ἀρπάξοι ἂν καὶ βιάζοιτο μετὰ τοῦτο;

οἶμαι, ἔφη.

ἀντεχομένων δὴ καὶ μαχομένων, ὃ θαυμάσιε, γέροντός τε καὶ γραός, ἄρ' εὐλαβηθεῖν ἂν καὶ φέισαιτο μὴ τι δρᾶσαι τῶν τυραννικῶν;

οὐ πάνυ, ἦ δ' ὅς, ἔγωγε θαρρῶ περὶ τῶν γονέων τοῦ τοιούτου.

ἀλλ', ὃ Ἀδεΐμαντε, πρὸς Διός, ἔνεκα νεωστὶ φίλης καὶ οὐκ ἀναγκαίας ἐταίρας γεγонуίας τὴν πάλαι φίλην καὶ ἀναγκαίαν [574c] μητέρα, ἢ ἔνεκα ὠραίου νεωστὶ φίλου γεγονότος οὐκ ἀναγκαίου τὸν ἄωρόν τε καὶ ἀναγκαῖον πρεσβύτην πατέρα καὶ τῶν φίλων ἀρχαιότατον δοκεῖ ἂν σοι ὁ τοιοῦτος πληγαῖς τε δοῦναι καὶ καταδουλώσασθαι ἂν αὐτοὺς ὑπ' ἐκείνοις, εἰ εἰς τὴν αὐτὴν οἰκίαν ἀγάγοιτο;

ναὶ μὰ Δία, ἦ δ' ὅς.

σφόδρα γε μακάριον, ἦν δ' ἐγώ, ἔοικεν εἶναι τὸ τυραννικὸν ὑὸν τεκεῖν.

πάνυ γ', ἔφη. [574d]

τί δ', ὅταν δὴ τὰ πατρὸς καὶ μητρὸς ἐπιλείπη τὸν τοιοῦτον, πολὺ δὲ ἤδη συνειλεγμένον ἐν αὐτῷ ἢ τὸ τῶν ἡδονῶν σμῆνος, οὐ πρῶτον μὲν οἰκίας τινὸς ἐφάπεται τοίχου ἢ τινος ὀψὲ νύκτωρ ἰόντος τοῦ ἱματίου, μετὰ δὲ ταῦτα ἱερὸν τι νεωκορήσει; καὶ ἐν τούτοις δὴ πᾶσιν, ἃς πάλαι εἶχεν δόξας ἐκ παιδὸς περὶ καλῶν τε καὶ αἰσχρῶν, τὰς δικαίας ποιούμενας, αἱ νεωστὶ ἐκ δουλείας λελυμέναι, δορυφοροῦσαι τὸν ἔρωτα, κρατήσουσι μετ' ἐκείνου, αἱ πρότερον μὲν ὄναρ [574e] ἐλύοντο ἐν ὕπνῳ, ὅτε ἦν αὐτὸς ἔτι ὑπὸ νόμοις τε καὶ πατρὶ δημοκρατούμενος ἐν ἑαυτῷ: τυραννευθεὶς δὲ ὑπὸ Ἑρωτος, οἷος ὀλιγάκις ἐγίνετο ὄναρ, ὕπαρ τοιοῦτος αἰεὶ γενόμενος, οὔτε τινὸς φόνου δεινοῦ ἀφέξεται οὔτε βρώματος οὔτ' ἔργου, [575a] ἀλλὰ τυραννικῶς ἐν αὐτῷ ὁ Ἑρως ἐν πάσῃ ἀναρχίᾳ καὶ ἀνομίᾳ ζῶν, ἅτε αὐτὸς ὢν μόναρχος, τὸν ἔχοντά τε αὐτὸν ὥσπερ πόλιν ἄξει ἐπὶ πᾶσαν τόλμαν, ὅθεν αὐτόν τε καὶ τὸν περὶ αὐτὸν θόρυβον θρέψει, τὸν μὲν ἔξωθεν εἰσεληλυθότα ἀπὸ κακῆς ὁμιλίας, τὸν δ' ἔνδοθεν ὑπὸ τῶν αὐτῶν τρόπων καὶ ἑαυτοῦ ἀνεθέντα καὶ ἐλευθερωθέντα: ἢ οὐχ οὗτος ὁ βίος τοῦ τοιούτου;

οὗτος μὲν οὖν, ἔφη.

καὶ ἂν μὲν γε, ἦν δ' ἐγώ, ὀλίγοι οἱ τοιοῦτοι ἐν πόλει [575b] ὥσι καὶ τὸ ἄλλο πλῆθος σωφρονῇ, ἐξελθόντες ἄλλον τινὰ δορυφοροῦσι τύραννον ἢ μισθοῦ ἐπικουροῦσιν, ἐάν που πόλεμος ἦ: ἐὰν δ' ἐν εἰρήνῃ τε καὶ ἡσυχίᾳ γένωνται, αὐτοῦ δὴ ἐν τῇ πόλει κακὰ δρῶσι σμικρὰ πολλά.

τὰ ποῖα δὴ λέγεις;

οἷα κλέπτουσι, τοιχωρυχοῦσι, βαλλαντιοτομοῦσι, λωποδυτοῦσιν, ἱεροσυλοῦσιν, ἀνδραποδίζονταί: ἔστι δ' ὅτε συκοφαντοῦσιν, ἐὰν δυνατοὶ ὥσι λέγειν, καὶ ψευδομαρτυροῦσι καὶ δωροδοκοῦσιν. [575c]

σμικρά γ', ἔφη, κακὰ λέγεις, ἐὰν ὀλίγοι ὦσιν οἱ τοιοῦτοι.

τὰ γὰρ σμικρά, ἦν δ' ἐγώ, πρὸς τὰ μεγάλα σμικρά ἐστίν, καὶ ταῦτα δὴ πάντα πρὸς τύραννον πονηρία τε καὶ ἀθλιότητι πόλεως, τὸ λεγόμενον, οὐδ' ἵκταρ βάλλει. ὅταν γὰρ δὴ πολλοὶ ἐν πόλει γένωνται οἱ τοιοῦτοι καὶ ἄλλοι οἱ συνεπόμενοι αὐτοῖς, καὶ αἰσθωνταὶ ἑαυτῶν τὸ πλῆθος, τότε οὗτοί εἰσιν οἱ τὸν τύραννον γεννῶντες μετὰ δήμου

ἀνοίας ἐκεῖνον, ὃς ἂν αὐτῶν μάλιστα αὐτὸς ἐν αὐτῷ μέγιστον καὶ πλεῖστον [575d] ἐν τῇ ψυχῇ τύραννον ἔχη.

εἰκότως γ', ἔφη: τυραννικώτατος γὰρ ἂν εἴη.

οὐκοῦν ἐὰν μὲν ἐκόντες ὑπέικωσιν: ἐὰν δὲ μὴ ἐπιτρέπη ἡ πόλις, ὥσπερ τότε μητέρα καὶ πατέρα ἐκόλαζεν, οὕτω πάλιν τὴν πατρίδα, ἐὰν οἷός τ' ᾖ, κολάσεται ἐπεισαγόμενος νέους ἐταίρους, καὶ ὑπὸ τούτοις δὴ δουλεύουσιν τὴν πάλαι φίλην μητρίδα τε, Κρητῆς φασί, καὶ πατρίδα ἔξει τε καὶ θρέψει. καὶ τοῦτο δὴ τὸ τέλος ἂν εἴη τῆς ἐπιθυμίας τοῦ τοιοῦτου ἀνδρός. [575e]

τοῦτο, ἦ δ' ὅς, παντάπασί γε.

οὐκοῦν, ἦν δ' ἐγώ, οὗτοί γε τοιοῖδε γίνονται ἰδίᾳ καὶ πρὶν ἄρχειν: πρῶτον μὲν οἷς ἂν συνῶσιν, ἢ κόλαξιν ἑαυτῶν συνόντες καὶ πᾶν ἐτοίμοις ὑπηρετεῖν, ἢ ἐὰν τοῦ τι δέωνται, [576a] αὐτοὶ ὑποπεσόντες, πάντα σχήματα τολμῶντες ποιεῖν ὥς οἰκεῖοι, διαπραξάμενοι δὲ ἀλλότριοι;

καὶ σφόδρα γε.

ἐν παντὶ ἄρα τῷ βίῳ ζῶσι φίλοι μὲν οὐδέποτε οὐδενί, ἀεὶ δέ του δεσπόζοντες ἢ δουλεύοντες ἄλλω, ἐλευθερίας δὲ καὶ φιλίας ἀληθοῦς τυραννικὴ φύσις ἀεὶ ἄγευστος.

πάνυ μὲν οὖν.

ἄρ' οὖν οὐκ ὀρθῶς ἂν τοὺς τοιούτους ἀπίστους καλοῖμεν;

πῶς δ' οὔ;

καὶ μὴν ἀδίκους γε ὥς οἷόν τε μάλιστα, εἴπερ ὀρθῶς [576b] ἐν τοῖς πρόσθεν ὡμολογήσαμεν περὶ δικαιοσύνης οἷόν ἐστιν.

ἀλλὰ μὴν, ἦ δ' ὅς, ὀρθῶς γε.

κεφαλαιωσώμεθα τοίνυν, ἦν δ' ἐγώ, τὸν κάκιστον. ἔστιν δέ που, οἷον ὄναρ διήλθομεν, ὃς ἂν ὕπαρ τοιοῦτος ᾖ.

πάνυ μὲν οὖν.

οὐκοῦν οὗτος γίγνεται ὃς ἂν τυραννικώτατος φύσει ὢν μοναρχήσῃ, καὶ ὅσῳ ἂν πλείω χρόνον ἐν τυραννίδι βιώῃ, τοσούτῳ μᾶλλον τοιοῦτος.

ἀνάγκη, ἔφη διαδεξάμενος τὸν λόγον ὁ Γλαῦκων.

ἄρ' οὖν, ἦν δ' ἐγώ, ὃς ἂν φαίνεται πονηρότατος, καὶ [576c] ἀθλιώτατος φανήσεται; καὶ ὃς ἂν πλεῖστον χρόνον καὶ μάλιστα τυραννέσῃ, μάλιστα τε καὶ πλεῖστον χρόνον τοιοῦτος γεγονώς τῇ ἀληθείᾳ; τοῖς δὲ πολλοῖς πολλὰ καὶ δοκεῖ.

ἀνάγκη, ἔφη, ταῦτα γοῦν οὕτως ἔχειν.

ἄλλο τι οὖν, ἦν δ' ἐγώ, ὃ γε τυραννικὸς κατὰ τὴν τυραννουμένην πόλιν ἂν εἴῃ ὁμοιότητι, δημοτικὸς δὲ κατὰ δημοκρατουμένην, καὶ οἱ ἄλλοι οὕτω;

τί μὴν;

οὐκοῦν, ὅτι πόλις πρὸς πόλιν ἀρετῇ καὶ εὐδαιμονίᾳ, τοῦτο καὶ ἀνὴρ πρὸς ἄνδρα; [576d]

πῶς γὰρ οὐ;

τί οὖν ἀρετῇ τυραννουμένη πόλις πρὸς βασιλευομένην οἷαν τὸ πρῶτον διήλθομεν;

πᾶν τοῦναντίον, ἔφη: ἡ μὲν γὰρ ἀρίστη, ἡ δὲ κακίστη.

οὐκ ἐρήσομαι, εἶπον, ὁποτέραν λέγεις: δῆλον γάρ. ἀλλ' εὐδαιμονίας τε αὖ καὶ ἀθλιότητος ὡσαύτως ἢ ἄλλως κρίνεις; καὶ μὴ ἐκπληττώμεθα πρὸς τὸν τύραννον ἓνα ὄντα βλέποντες, μηδ' εἴ τινες ὀλίγοι περὶ ἐκεῖνον, ἀλλ' ὥς χρὴ ὅλην [576e] τὴν πόλιν εἰσελθόντας θεάσασθαι, καταδύντες εἰς ἅπασαν καὶ ἰδόντες, οὕτω δόξαν ἀποφαινώμεθα.

ἀλλ' ὀρθῶς, ἔφη, προκαλῆ: καὶ δῆλον παντὶ ὅτι τυραννουμένης μὲν οὐκ ἔστιν ἀθλιωτέρα, βασιλευομένης δὲ οὐκ εὐδαιμονεστέρα.

ἄρ' οὖν, ἦν δ' ἐγώ, καὶ περὶ τῶν ἀνδρῶν τὰ αὐτὰ ταῦτα [577a] προκαλούμενος ὀρθῶς ἂν προκαλοίμην, ἀξιῶν κρίνειν περὶ αὐτῶν

ἐκεῖνον, ὃς δύναται τῇ διανοίᾳ εἰς ἀνδρὸς ἦθος ἐνδὺς διιδεῖν καὶ μὴ καθάπερ παῖς ἔξωθεν ὁρῶν ἐκπλήττεται ὑπὸ τῆς τῶν τυραννικῶν προστάσεως ἣν πρὸς τοὺς ἔξω σχηματίζονται, ἀλλ' ἱκανῶς διορᾷ; εἰ οὖν οἰοίμην δεῖν ἐκείνου πάντας ἡμᾶς ἀκούειν, τοῦ δυνατοῦ μὲν κρῖναι, συνωκηκότος δὲ ἐν τῷ αὐτῷ καὶ παραγεγονότος ἐν τε ταῖς κατ' οἰκίαν πράξεσιν, ὡς πρὸς ἐκάστους τοὺς οἰκεῖους ἔχει, ἐν οἷς [577b] μάλιστα γυμνὸς ἂν ὀφθείη τῆς τραγικῆς σκευῆς, καὶ ἐν αὐτοῖς δημοσίοις κινδύνοις, καὶ ταῦτα πάντα ἰδόντα κελεύοιμεν ἐξαγγέλλειν πῶς ἔχει εὐδαιμονίας καὶ ἀθλιότητος ὁ τύραννος πρὸς τοὺς ἄλλους;

ὀρθότατ' ἂν, ἔφη, καὶ ταῦτα προκαλοῖο.

βούλει οὖν, ἣν δ' ἐγώ, προσποιησώμεθα ἡμεῖς εἶναι τῶν δυνατῶν ἂν κρῖναι καὶ ἤδη ἐντυχόντων τοιούτοις, ἵνα ἔχωμεν ὅστις ἀποκρινεῖται ἂ ἐρωτῶμεν;

πάνυ γε. [577c]

ἴθι δὴ μοι, ἔφην, ὧδε σκόπει. τὴν ὁμοιότητα ἀναμιμνησκόμενος τῆς τε πόλεως καὶ τοῦ ἀνδρός, οὕτω καθ' ἕκαστον ἐν μέρει ἀθρῶν, τὰ παθήματα ἐκατέρου λέγε.

τὰ ποῖα; ἔφη.

πρῶτον μὲν, ἣν δ' ἐγώ, ὡς πόλιν εἰπεῖν, ἐλευθέραν ἢ δούλην τὴν τυραννουμένην ἔρεις;

ὡς οἷόν τ', ἔφη, μάλιστα δούλην.

καὶ μὴν ὁρᾷς γε ἐν αὐτῇ δεσπότης καὶ ἐλευθέρους.

ὁρῶ, ἔφη, σμικρὸν γέ τι τοῦτο: τὸ δὲ ὅλον, ὡς ἔπος εἰπεῖν, ἐν αὐτῇ καὶ τὸ ἐπιεικέστατον ἀτίμως τε καὶ ἀθλίως δοῦλον. [577d]

εἰ οὖν, εἶπον, ὅμοιος ἀνὴρ τῇ πόλει, οὐ καὶ ἐν ἐκείνῳ ἀνάγκη τὴν αὐτὴν τάξιν ἐνεῖναι, καὶ πολλῆς μὲν δουλείας τε καὶ ἀνελευθερίας γέμειν τὴν ψυχὴν αὐτοῦ, καὶ ταῦτα αὐτῆς τὰ μέρη δουλεύειν, ἅπερ ἦν ἐπιεικέστατα, μικρὸν δὲ καὶ τὸ μοχθηρότατον καὶ μανικώτατον δεσπόζειν;

ἀνάγκη, ἔφη.

τί οὖν; δούλην ἢ ἐλευθέραν τὴν τοιαύτην φήσεις εἶναι ψυχὴν;

δούλην δήπου ἔγωγε.

οὐκοῦν ἢ γε αὖ δούλη καὶ τυραννουμένη πόλις ἥκιστα ποιεῖ ἃ βούλεται;

πολύ γε. [577e]

καὶ ἡ τυραννουμένη ἄρα ψυχὴ ἥκιστα ποιήσει ἃ ἂν βουληθῇ, ὥς περὶ ὅλης εἰπεῖν ψυχῆς: ὑπὸ δὲ οἴστρου ἀεὶ ἐλκομένη βία ταραχῆς καὶ μεταμελείας μεστή ἔσται.

πῶς γὰρ οὐ;

πλουσίαν δὲ ἢ πενομένην ἀνάγκη τὴν τυραννουμένην πόλιν εἶναι;

πενομένην. [578a]

καὶ ψυχὴν ἄρα τυραννικὴν πενιχρὰν καὶ ἄπληστον ἀνάγκη ἀεὶ εἶναι.

οὕτως, ἢ δ' ὅς.

τί δέ; φόβου γέμειν ἄρ' οὐκ ἀνάγκη τὴν τε τοιαύτην πόλιν τὸν τε τοιοῦτον ἄνδρα;

πολλή γε.

ὀδυρμούς τε καὶ στεναγμούς καὶ θρήνους καὶ ἀλγηδόνας οἶει ἔν τινι ἄλλῃ πλείους εὐρήσειν;

οὐδαμῶς.

ἐν ἀνδρὶ δὲ ἡγῇ τὰ τοιαῦτα ἐν ἄλλῳ τινὶ πλείω εἶναι ἢ ἐν τῷ μαινομένῳ ὑπὸ ἐπιθυμιῶν τε καὶ ἐρώτων τούτῳ τῷ τυραννικῷ;

πῶς γὰρ ἂν; ἔφη. [578b]

εἰς πάντα δὴ οἶμαι ταῦτά τε καὶ ἄλλα τοιαῦτα ἀποβλέψας τὴν τε πόλιν τῶν πόλεων ἀθλιωτάτην ἔκρινας-

οὐκοῦν ὀρθῶς; ἔφη.

καὶ μάλα, ἦν δ' ἐγώ. ἀλλὰ περὶ τοῦ ἀνδρὸς αὐτοῦ τυραννικοῦ τί λέγεις εἰς ταῦτα ταῦτα ἀποβλέπων;

μακρῶ, ἔφη, ἀθλιώτατον εἶναι τῶν ἄλλων ἀπάντων.

τοῦτο, ἦν δ' ἐγώ, οὐκέτ' ὀρθῶς λέγεις.

πῶς; ἦ δ' ὅς.

οὐπω, ἔφη, οἶμαι, οὗτός ἐστιν ὁ τοιοῦτος μάλιστα.

ἀλλὰ τίς μήν;

ὁδε ἴσως σοι ἔτι δόξει εἶναι τούτου ἀθλιώτερος.

ποῖος; [578c]

ὅς ἄν, ἦν δ' ἐγώ, τυραννικὸς ὢν μὴ ιδιώτην βίον καταβιῶ, ἀλλὰ δυστυχῆς ἦ καὶ αὐτῷ ὑπὸ τινος συμφορᾶς ἐκπορισθῇ ὥστε τυράννω γενέσθαι.

τεκμαίρομαί σε, ἔφη, ἐκ τῶν προειρημένων ἀληθῆ λέγειν.

ναί, ἦν δ' ἐγώ, ἀλλ' οὐκ οἶεσθαι χρὴ τὰ τοιαῦτα, ἀλλ' εὖ μάλα τῷ τοιούτῳ λόγῳ σκοπεῖν: περὶ γάρ τοι τοῦ μεγίστου ἢ σκέψις, ἀγαθοῦ τε βίου καὶ κακοῦ.

ὀρθότατα, ἦ δ' ὅς.

σκόπει δὴ εἰ ἄρα τι λέγω. δοκεῖ γάρ μοι δεῖν ἐννοῆσαι [578d] ἐκ τῶνδε περὶ αὐτοῦ σκοποῦντας.

ἐκ τίνων;

ἐξ ἐνὸς ἐκάστου τῶν ιδιωτῶν, ὅσοι πλούσιοι ἐν πόλεσιν ἀνδράποδα πολλὰ κέκτηνται. οὗτοι γὰρ τοῦτό γε προσόμοιον ἔχουσιν τοῖς τυράννοισι, τὸ πολλῶν ἄρχειν: διαφέρει δὲ τὸ ἐκείνου πληθός.

διαφέρει γάρ.

οἶσθ' οὖν ὅτι οὗτοι ἀδεῶς ἔχουσιν καὶ οὐ φοβοῦνται τοὺς οἰκέτας;

τί γάρ ἂν φοβοῖντο;

οὐδέν, εἶπον· ἀλλὰ τὸ αἷτιον ἐννοεῖς;

ναί, ὅτι γε πᾶσα ἡ πόλις ἐνὶ ἐκάστῳ βοηθεῖ τῶν ἰδιωτῶν. [578e]

καλῶς, ἦν δ' ἐγώ, λέγεις. τί δέ; εἴ τις θεῶν ἄνδρα ἓνα, ὅτῳ ἔστιν ἀνδράποδα πεντήκοντα ἢ καὶ πλείω, ἄρας ἐκ τῆς πόλεως αὐτόν τε καὶ γυναῖκα καὶ παῖδας θεῖη εἰς ἐρημίαν μετὰ τῆς ἄλλης οὐσίας τε καὶ τῶν οἰκετῶν, ὅπου αὐτῷ μηδεὶς τῶν ἐλευθέρων μέλλοι βοηθήσειν, ἐν ποίῳ ἂν τινι καὶ ὁπόσῳ φόβῳ οἶει γενέσθαι αὐτὸν περὶ τε αὐτοῦ καὶ παίδων καὶ γυναικός, μὴ ἀπόλαιντο ὑπὸ τῶν οἰκετῶν;

ἐν παντί, ἦ δ' ὅς, ἔγωγε. [579a]

οὐκοῦν ἀναγκάζοιτο ἂν τινὰς ἤδη θωπεύειν αὐτῶν τῶν δούλων καὶ ὑπὸ σκηνεῖσθαι πολλὰ καὶ ἐλευθεροῦν οὐδὲν δεόμενος, καὶ κόλαζε αὐτὸς ἂν θεραπόντων ἀναφανείη;

πολλὴ ἀνάγκη, ἔφη, αὐτῷ, ἢ ἀπολωλέναι.

τί δ', εἰ καὶ ἄλλους, ἦν δ' ἐγώ, ὁ θεὸς κύκλῳ κατοικίσειεν γείτονας πολλοὺς αὐτῷ, οἳ μὴ ἀνέχοντο εἴ τις ἄλλος ἄλλου δεσπόζειν ἀξιοῖ, ἀλλ' εἴ πού τινα τοιοῦτον λαμβάνοιεν, ταῖς ἐσχάταις τιμωροῖντο τιμωρίαις; [579b]

ἔτι ἂν, ἔφη, οἶμαι, μᾶλλον ἐν παντί κακοῦ εἶη, κύκλῳ φρουρούμενος ὑπὸ πάντων πολεμίων.

ἄρ' οὖν οὐκ ἐν τοιούτῳ μὲν δεσμοτηρίῳ δέδεται ὁ τύραννος, φύσει ὢν οἷον διεληλύθαμεν, πολλῶν καὶ παντοδαπῶν φόβων καὶ ἐρώτων μεστός; λίχνῳ δὲ ὄντι αὐτῷ τὴν ψυχὴν μόνῳ τῶν ἐν τῇ πόλει οὔτε ἀποδημηῆσαι ἔξεστιν οὐδαμῶσε, οὔτε θεωρῆσαι ὅσων δὴ καὶ οἱ ἄλλοι ἐλεύθεροι ἐπιθυμηταί εἰσιν, καταδεδυκῶς δὲ ἐν τῇ οἰκίᾳ τὰ πολλὰ ὡς γυνὴ ζῇ, [579c] φθονῶν καὶ τοῖς ἄλλοις πολίταις, ἐάν τις ἔξω ἀποδημῇ καὶ τι ἀγαθὸν ὀρᾷ;

παντάπασι μὲν οὖν, ἔφη.

οὐκοῦν τοῖς τοιούτοις κακοῖς πλείω καρποῦται ἀνὴρ ὃς ἂν κακῶς ἐν ἑαυτῷ πολιτευόμενος, ὃν νυνδὴ σὺ ἀθλιώτατον ἔκρινας, τὸν

τυραννικόν, ὥς μὴ ιδιώτης καταβιῶ, ἀλλὰ ἀναγκασθῇ ὑπὸ τινος τύχης τυραννεῦσαι καὶ ἑαυτοῦ ὦν ἀκράτωρ ἄλλων ἐπιχειρήσῃ ἄρχειν, ὥσπερ εἴ τις κάμνοντι σώματι καὶ ἀκράτορι ἑαυτοῦ μὴ ιδιωτεύων ἄλλ' ἀγωνιζόμενος [579d] πρὸς ἄλλα σώματα καὶ μαχόμενος ἀναγκάζεται διαγίνειν τὸν βίον.

παντάπασιν, ἔφη, ὁμοιότατά τε καὶ ἀληθέστατα λέγεις, ὦ Σώκρατες.

οὐκοῦν, ἦν δ' ἐγώ, ὦ φίλε Γλαύκων, παντελῶς τὸ πάθος ἄθλιον, καὶ τοῦ ὑπὸ σοῦ κριθέντος χαλεπώτατα ζῆν χαλεπώτερον ἔτι ζῆν ὁ τυραννῶν;

κομιδῇ γ', ἔφη.

ἔστιν ἄρα τῇ ἀληθείᾳ, κἂν εἰ μὴ τῷ δοκεῖ, ὁ τῷ ὄντι τύραννος τῷ ὄντι δοῦλος τὰς μεγίστας θωπείας καὶ δουλείας [579e] καὶ κόλαξ τῶν πονηροτάτων, καὶ τὰς ἐπιθυμίας οὐδ' ὅπωςτιοῦν ἀποπιμπλάς, ἀλλὰ πλείστων ἐπιδεέστατος καὶ ἐννης τῇ ἀληθείᾳ φαίνεται, ἐάν τις ὅλην ψυχὴν ἐπίστηται θεάσασθαι, καὶ φόβου γέμων διὰ παντὸς τοῦ βίου, σφαδασμῶν τε καὶ ὀδυνῶν πλήρης, εἴπερ τῇ τῆς πόλεως διαθέσει ἥς ἄρχει ἔοικεν. ἔοικεν δέ: ἦ γάρ;

καὶ μάλα, ἔφη. [580a]

οὐκοῦν καὶ πρὸς τούτοις ἔτι ἀποδώσομεν τῷ ἀνδρὶ καὶ ἃ τὸ πρότερον εἵπομεν, ὅτι ἀνάγκη καὶ εἶναι καὶ ἔτι μᾶλλον γίνεσθαι αὐτῷ ἢ πρότερον διὰ τὴν ἀρχὴν φθονερῷ, ἀπίστῳ, ἀδίκῳ, ἀφίλῳ, ἀνοσίῳ καὶ πάσης κακίας πανδοκεῖ τε καὶ τροφεῖ, καὶ ἐξ ἀπάντων τούτων μάλιστα μὲν αὐτῷ δυστυχεῖ εἶναι, ἔπειτα δὲ καὶ τοὺς πλησίον αὐτῷ τοιοῦτους ἀπεργάζεσθαι.

οὐδεῖς σοι, ἔφη, τῶν νοῦν ἐχόντων ἀντερεῖ.

ἴθι δὴ μοι, ἔφην ἐγώ, νῦν ἤδη ὥσπερ ὁ διὰ πάντων [580b] κριτῆς ἀποφαίνεται, καὶ σὺ οὕτω, τίς πρῶτος κατὰ τὴν σὴν δόξαν εὐδαιμονία καὶ τίς δεύτερος, καὶ τοὺς ἄλλους ἐξῆς πέντε ὄντας κρῖνε, βασιλικόν, τιμοκρατικόν, ὀλιγαρχικόν, δημοκρατικόν, τυραννικόν.

ἀλλὰ ῥᾶδια, ἔφη, ἡ κρίσις. καθάπερ γὰρ εἰσῆλθον ἔγωγε ὥσπερ χοροὺς κρίνω ἀρετῇ καὶ κακίᾳ καὶ εὐδαιμονίᾳ καὶ τῷ ἐναντίῳ.

μισθωσώμεθα οὖν κήρυκα, ἦν δ' ἐγώ, ἥ αὐτὸς ἀνείπω ὅτι ὁ Ἀρίστωνος υἱὸς τὸν ἄριστόν τε καὶ δικαιοτάτον εὐδαιμονέστατον [580c] ἔκρινε, τοῦτον δ' εἶναι τὸν βασιλικώτατον καὶ βασιλεύοντα αὐτοῦ, τὸν δὲ κάκιστόν τε καὶ ἀδικώτατον ἀθλιώτατον, τοῦτον δὲ αὖ τυγχάνειν ὄντα ὃς ἂν τυραννικώτατος ὢν ἑαυτοῦ τε ὅτι μάλιστα τυραννῇ καὶ τῆς πόλεως;

ἀνειρήσθω σοι, ἔφη.

ἥ οὖν προσαναγορεύω, εἶπον, ἕαντε λανθάνωσιν τοιοῦτοι ὄντες ἕαντε μὴ πάντας ἀνθρώπους τε καὶ θεοὺς;

προσαναγόρευε, ἔφη.

εἶεν δὴ, εἶπον: αὕτη μὲν ἡμῖν ἡ ἀπόδειξις μία ἂν εἴη, [580d] δευτέραν δὲ ἰδὲ τήνδε, ἕάν τι δόξῃ εἶναι.

τίς αὕτη;

ἐπειδὴ, ὥσπερ πόλις, ἦν δ' ἐγώ, διήρηται κατὰ τρία εἶδη, οὕτω καὶ ψυχὴ ἐνὸς ἐκάστου τριχῇ, [λογιστικὸν] δέξεται, ὥς ἐμοὶ δοκεῖ, καὶ ἑτέραν ἀπόδειξιν.

τίνα ταύτην;

τήνδε. τριῶν ὄντων τριτταὶ καὶ ἡδοναὶ μοι φαίνονται, ἐνὸς ἐκάστου μία ἰδίᾳ: ἐπιθυμίαι τε ὡσαύτως καὶ ἄρχαί.

πῶς λέγεις; ἔφη.

τὸ μὲν, φαμέν, ἦν ὃ μανθάνει ἄνθρωπος, τὸ δὲ ὃ θυμοῦται, τὸ δὲ τρίτον διὰ πολυειδίαν ἐνὶ οὐκ ἔσχομεν ὀνόματι προσεῖπεν [580e] ἰδίῳ αὐτοῦ, ἀλλὰ ὃ μέγιστον καὶ ἰσχυρότατον εἶχεν ἐν αὐτῷ, τούτῳ ἐπωνομάσαμεν: ἐπιθυμητικὸν γὰρ αὐτὸ κεκλήκαμεν διὰ σφοδρότητα τῶν τε περὶ τὴν ἐδωδὴν ἐπιθυμιῶν καὶ πόσιν καὶ ἀφροδίσια καὶ ὅσα ἄλλα τούτοις ἀκόλουθα, καὶ φιλοχρήματον δὴ, ὅτι διὰ χρημάτων μάλιστα ἀποτελοῦνται [581a] αἱ τοιαῦται ἐπιθυμίαι.

καὶ ὀρθῶς γ', ἔφη.

ἄρ' οὖν καὶ τὴν ἡδονὴν αὐτοῦ καὶ φιλίαν εἰ φαῖμεν εἶναι τοῦ

κέρδους, μάλιστα ἂν εἰς ἓν κεφάλαιον ἀπερειδοίμεθα τῷ λόγῳ, ὥστε τι ἡμῖν αὐτοῖς δηλοῦν, ὅποτε τοῦτο τῆς ψυχῆς τὸ μέρος λέγοιμεν, καὶ καλοῦντες αὐτὸ φιλοχρήματον καὶ φιλοκερδὲς ὀρθῶς ἂν καλοῖμεν;

ἐμοὶ γοῦν δοκεῖ, ἔφη.

τί δέ; τὸ θυμοειδὲς οὐ πρὸς τὸ κρατεῖν μέντοι φαμέν καὶ νικᾶν καὶ εὐδοκιμεῖν ἀεὶ ὅλον ὥρμησθαι; [581b]

καὶ μάλα.

εἰ οὖν φιλόνικον αὐτὸ καὶ φιλότιμον προσαγορεύοιμεν, ἧ ἑμμελῶς ἂν ἔχοι;

ἑμμελέστατα μὲν οὖν.

ἀλλὰ μὴν ὧ γε μανθάνομεν, παντὶ δῆλον ὅτι πρὸς τὸ εἰδέναι τὴν ἀλήθειαν ὅπῃ ἔχει πᾶν ἀεὶ τέταται, καὶ χρημάτων τε καὶ δόξης ἥκιστα τούτων τούτῳ μέλει.

πολύ γε.

φιλομαθὲς δὴ καὶ φιλόσοφον καλοῦντες αὐτὸ κατὰ τρόπον ἂν καλοῖμεν;

πῶς γὰρ οὐ;

οὐκοῦν, ἦν δ' ἐγώ, καὶ ἄρχει ἐν ταῖς ψυχαῖς τῶν μὲν [581c] τοῦτο, τῶν δὲ τὸ ἕτερον ἐκείνων, ὁπότερον ἂν τύχη;

οὕτως, ἔφη.

διὰ ταῦτα δὴ καὶ ἀνθρώπων λέγομεν τὰ πρῶτα τριττὰ γένη εἶναι, φιλόσοφον, φιλόνικον, φιλοκερδές;

κομιδῇ γε.

καὶ ἡδονῶν δὴ τρία εἶδη, ὑποκείμενον ἐν ἐκάστῳ τούτων;

πάνυ γε.

οἶσθ' οὖν, ἦν δ' ἐγώ, ὅτι εἰ 'θέλοις τρεῖς τοιούτους ἀνθρώπους ἐν μέρει ἕκαστον ἀνερωτᾶν τίς τούτων τῶν βίων ἥδιστος, τὸν ἑαυτοῦ

ἕκαστος μάλιστα ἐγκωμιάσεται; ὃ τε [581d] χρηματιστικὸς πρὸς τὸ κερδαίνειν τὴν τοῦ τιμᾶσθαι ἡδονὴν ἢ τὴν τοῦ μανθάνειν οὐδενὸς ἀξίαν φήσει εἶναι, εἰ μὴ εἴ τι αὐτῶν ἀργύριον ποιεῖ; ἀληθῆ, ἔφη.

τί δὲ ὁ φιλότιμος; ἦν δ' ἐγώ: οὐ τὴν μὲν ἀπὸ τῶν χρημάτων ἡδονὴν φορτικὴν τινα ἡγεῖται, καὶ αὖ τὴν ἀπὸ τοῦ μανθάνειν, ὅτι μὴ μάθημα τιμὴν φέρει, καπνὸν καὶ φλυαρίαν;

οὕτως, ἔφη, ἔχει.

τὸν δὲ φιλόσοφον, ἦν δ' ἐγώ, τί οἰώμεθα τὰς ἄλλας [581e] ἡδονὰς νομίζειν πρὸς τὴν τοῦ εἰδέναι τάληθές ὅπῃ ἔχει καὶ ἐν τοιούτῳ τινὶ ἀεὶ εἶναι μανθάνοντα; [τῆς ἡδονῆς] οὐ πάνυ πόρρω; καὶ καλεῖν τῷ ὄντι ἀναγκαίως, ὥς οὐδὲν τῶν ἄλλων δεόμενον, εἰ μὴ ἀνάγκη ἦν;

εὖ, ἔφη, δεῖ εἰδέναι;

ὅτε δὴ οὖν, εἶπον, ἀμφισβητοῦνται ἐκάστου τοῦ εἶδους αἱ ἡδοναὶ καὶ αὐτὸς ὁ βίος, μὴ ὅτι πρὸς τὸ κάλλιον καὶ αἴσχιον ζῆν μηδὲ τὸ χειρὸν καὶ ἄμεινον, ἀλλὰ πρὸς αὐτὸ τὸ [582a] ἡδιον καὶ ἀλυπότερον, πῶς ἂν εἰδεῖμεν τίς αὐτῶν ἀληθέστατα λέγει;

οὐ πάνυ, ἔφη, ἔγωγε ἔχω εἰπεῖν.

ἀλλ' ὥδε σκόπει: τίνι χρὴ κρίνεσθαι τὰ μέλλοντα καλῶς κριθῆσεσθαι; ἄρ' οὐκ ἐμπειρία τε καὶ φρονήσῃ καὶ λόγῳ; ἢ τούτων ἔχοι ἂν τις βέλτιον κριτήριον;

καὶ πῶς ἂν; ἔφη.

σκόπει δὴ: τριῶν ὄντων τῶν ἀνδρῶν τίς ἐμπειρότατος πασῶν ὧν εἵπομεν ἡδονῶν; πότερον ὁ φιλοκερδής, μανθάνων αὐτὴν τὴν ἀλήθειαν οἶόν ἐστιν, ἐμπειρότερος δοκεῖ σοι εἶναι τῆς [582b] ἀπὸ τοῦ εἰδέναι ἡδονῆς, ἢ ὁ φιλόσοφος τῆς ἀπὸ τοῦ κερδαίνειν;

πολύ, ἔφη, διαφέρει. τῷ μὲν γὰρ ἀνάγκη γεύεσθαι τῶν ἐτέρων ἐκ παιδὸς ἀρξαμένῳ: τῷ δὲ φιλοκερδεῖ, ὅπῃ πέφυκε τὰ ὄντα μανθάνοντι, τῆς ἡδονῆς ταύτης, ὥς γλυκεῖά ἐστιν, οὐκ ἀνάγκη γεύεσθαι οὐδ' ἐμπείρῳ γίγνεσθαι, μᾶλλον δὲ καὶ προθυμουμένῳ οὐ ῥάδιον.

πολὺ ἄρα, ἦν δ' ἐγώ, διαφέρει τοῦ γε φιλοκερδοῦς ὁ φιλόσοφος ἐμπειρία ἀμφοτέρων τῶν ἡδονῶν. [582c]

πολὺ μέντοι.

τί δὲ τοῦ φιλοτίμου; ἄρα μᾶλλον ἄπειρός ἐστι τῆς ἀπὸ τοῦ τιμᾶσθαι ἡδονῆς ἢ ἐκεῖνος τῆς ἀπὸ τοῦ φρονεῖν;

ἀλλὰ τιμὴ μὲν, ἔφη, ἐάνπερ ἐξεργάζωνται ἐπὶ ὃ ἕκαστος ὥρμηκε, πᾶσιν αὐτοῖς ἔπεται-καὶ γὰρ ὁ πλούσιος ὑπὸ πολλῶν τιμᾶται καὶ ὁ ἀνδρεῖος καὶ σοφός-ὥστε ἀπὸ γε τοῦ τιμᾶσθαι, οἷόν ἐστιν, πάντες τῆς ἡδονῆς ἐμπειροί: τῆς δὲ τοῦ ὄντος θεάς, οἷαν ἡδονὴν ἔχει, ἀδύνατον ἄλλῳ γεγεῦσθαι πλὴν τῷ φιλοσόφῳ. [582d] ἐμπειρίας μὲν ἄρα, εἶπον, ἔνεκα κάλλιστα τῶν ἀνδρῶν κρίνει οὗτος.

πολύ γε.

καὶ μὴν μετὰ γε φρονήσεως μόνος ἔμπειρος γεγονὼς ἔσται.

τί μὴν;

ἀλλὰ μὴν καὶ δι' οὗ γε δεῖ ὄργανον κρίνεσθαι, οὐ τοῦ φιλοκερδοῦς τοῦτο ὄργανον οὐδὲ τοῦ φιλοτίμου, ἀλλὰ τοῦ φιλοσόφου.

τὸ ποῖον;

διὰ λόγων που ἔφαμεν δεῖν κρίνεσθαι. ἦ γάρ;

ναί.

λόγοι δὲ τούτου μάλιστα ὄργανον.

πῶς δ' οὗ;

οὐκοῦν εἰ μὲν πλούτῳ καὶ κέρδει ἄριστα ἐκρίνετο τὰ [582e] κρινόμενα, ἃ ἐπὶ ἡγεῖται ὁ φιλοκερδὴς καὶ ἔψευγεν, ἀνάγκη ἂν ἦν ταῦτα ἀληθέστατα εἶναι.

πολλή γε.

εἰ δὲ τιμῇ τε καὶ νίκη καὶ ἀνδρείᾳ, ἅρ' οὐχ ἃ ὁ φιλότιμός τε καὶ φιλόνομος;

δῆλον.

ἐπειδὴ δ' ἐμπειρία καὶ φρονήσῃ καὶ λόγῳ;

ἀνάγκη, ἔφη, ἃ ὁ φιλόσοφος τε καὶ ὁ φιλόλογος ἐπαινεῖ, ἀληθέστατα εἶναι. [583a]

τριῶν ἄρ' οὐσῶν τῶν ἡδονῶν ἢ τούτου τοῦ μέρους τῆς ψυχῆς ᾧ μανθάνομεν ἡδίστη ἂν εἴη, καὶ ἐν ᾧ ἡμῶν τοῦτο ἄρχει, ὁ τούτου βίος ἡδιστος;

πῶς δ' οὐ μέλλει; ἔφη: κύριος γοῦν ἐπαινέτης ὢν ἐπαινεῖ τὸν ἑαυτοῦ βίον ὁ φρόνιμος.

τίνα δὲ δεύτερον, εἶπον, βίον καὶ τίνα δευτέραν ἡδονὴν φησιν ὁ κριτῆς εἶναι;

δῆλον ὅτι τὴν τοῦ πολεμικοῦ τε καὶ φιλοτίμου: ἐγγυτέρω γὰρ αὐτοῦ ἐστὶν ἢ ἡ τοῦ χρηματιστοῦ.

ὑστάτην δὴ τὴν τοῦ φιλοκερδοῦς, ὥς ἔοικεν.

τί μὴν; ἢ δ' ὅς. [583b]

ταῦτα μὲν τοίνυν οὕτω δύ' ἐφεξῆς ἂν εἴη καὶ δις νενικηκῶς ὁ δίκαιος τὸν ἄδικον: τὸ δὲ τρίτον Ὀλυμπικῶς τῷ σωτηρὶ τε καὶ τῷ Ὀλυμπίῳ Δίῃ, ἄθρει ὅτι οὐδὲ παναληθὴς ἐστὶν ἢ τῶν ἄλλων ἡδονῇ πλὴν τῆς τοῦ φρονίμου οὐδὲ καθαρὰ, ἀλλ' ἐσκιαγραφημένη τις, ὥς ἐγὼ δοκῶ μοι τῶν σοφῶν τινος ἀκηκοέναι. καίτοι τοῦτ' ἂν εἴη μέγιστόν τε καὶ κυριώτατον τῶν πτωμάτων.

πολύ γε: ἀλλὰ πῶς λέγεις; [583c]

ὦδ', εἶπον, ἐξευρήσω, σοῦ ἀποκρινομένου ζητῶν ἅμα.

Ἐρώτα δὴ, ἔφη.

λέγε δὴ, ἦν δ' ἐγώ: οὐκ ἐναντίον φάμεν λύπην ἡδονῇ;

καὶ μάλα.

οὐκοῦν καὶ τὸ μῆτε χαίρειν μῆτε λυπεῖσθαι εἶναί τι;

εἶναι μέντοι.

μεταξὺ τούτοις ἀμφοῖν ἐν μέσῳ ὃν ἡσυχίαν τινὰ περὶ ταῦτα τῆς
ψυχῆς; ἢ οὐχ οὕτως αὐτὸ λέγεις;

οὕτως, ἢ δ' ὅς.

ἄρ' οὖν μνημονεύεις, ἦν δ' ἐγώ, τοὺς τῶν καμνόντων λόγους, οὓς
λέγουσιν ὅταν κάμνωσιν;

ποίους;

ὥς οὐδὲν ἄρα ἐστὶν ἥδιον τοῦ ὑγιαίνειν, ἀλλὰ σφᾶς [583d] ἐλελήθει,
πρὶν κάμνειν, ἥδιστον ὄν.

μέμνημαι, ἔφη.

οὐκοῦν καὶ τῶν περιωδυνία τινὶ ἐχομένων ἀκούεις λεγόντων ὥς
οὐδὲν ἥδιον τοῦ παύσασθαι ὀδυνώμενον;

ἀκούω.

καὶ ἐν ἄλλοις γε οἶμαι πολλοῖς τοιούτοις αἰσθάνη γιγνομένους τοὺς
ἀνθρώπους, ἐν οἷς, ὅταν λυπῶνται, τὸ μὴ λυπεῖσθαι καὶ τὴν ἡσυχίαν
τοῦ τοιούτου ἐγκωμιάζουσιν ὥς ἥδιστον, οὐ τὸ χαίρειν.

τοῦτο γάρ, ἔφη, τότε ἡδὺ ἴσως καὶ ἀγαπητὸν γίγνεται, ἡσυχία. [583e]

καὶ ὅταν παύσῃται ἄρα, εἶπον, χαίρων τις, ἢ τῆς ἡδονῆς ἡσυχία
λυπηρὸν ἔσται.

ἴσως, ἔφη.

ὁ μεταξὺ ἄρα νυνδὴ ἀμφοτέρων ἔφαμεν εἶναι, τὴν ἡσυχίαν, τοῦτό
ποτε ἀμφοτέρα ἔσται, λύπη τε καὶ ἡδονή.

ἔοικεν.

ἢ καὶ δυνατόν τὸ μηδέτερα ὃν ἀμφοτέρα γίνεσθαι;

οὐ μοι δοκεῖ.

καὶ μὴν τό γε ἡδὺ ἐν ψυχῇ γιγνόμενον καὶ τὸ λυπηρὸν κίνησις τις

ἀμφοτέρω ἐστόν: ἢ οὐ;

ναί. [584a]

τὸ δὲ μήτε λυπηρὸν μήτε ἡδὺ οὐχὶ ἡσυχία μέντοι καὶ ἐν μέσῳ
τούτοις ἐφάνη ἄρτι;

ἐφάνη γάρ.

πῶς οὖν ὀρθῶς ἔστι τὸ μὴ ἀλγεῖν ἡδὺ ἡγεῖσθαι ἢ τὸ μὴ χαίρειν
ἀνιαρόν;

οὐδαμῶς.

οὐκ ἔστιν ἄρα τοῦτο, ἀλλὰ φαίνεται, ἦν δ' ἐγώ, παρὰ τὸ ἀλγεῖν
ἡδὺ καὶ παρὰ τὸ ἡδὺ ἀλγεῖν τότε ἡ ἡσυχία, καὶ οὐδὲν ὑγιὲς τούτων
τῶν φαντασμάτων πρὸς ἡδονῆς ἀλήθειαν, ἀλλὰ γοητεία τις.

ὥς γοῦν ὁ λόγος, ἔφη, σημαίνει. [584b]

ιδε τοίνυν, ἔφην ἐγώ, ἡδονάς, αἱ οὐκ ἐκ λυπῶν εἰσίν, ἵνα μὴ πολλάκις
οἰηθῆς ἐν τῷ παρόντι οὕτω τοῦτο πεφυκέναι, ἡδονὴν μὲν παῦλαν
λύπης εἶναι, λύπην δὲ ἡδονῆς.

ποῦ δὴ, ἔφη, καὶ ποίας λέγεις;

πολλαὶ μὲν, εἶπον, καὶ ἄλλαι, μάλιστα δ' εἰ 'θέλεις ἐννοῆσαι τὰς περὶ
τὰς ὁσμάς ἡδονάς. αὗται γὰρ οὐ προλυπηθέντι ἐξαίφνης ἀμήχανοι τὸ
μέγεθος γίνονται, παυσάμεναί τε λύπην οὐδεμίαν καταλείπουσιν.

ἀληθέστατα, ἔφη. [584c]

μὴ ἄρα πειθόμεθα καθαρὰν ἡδονὴν εἶναι τὴν λύπης ἀπαλλαγὴν,
μηδὲ λύπην τὴν ἡδονῆς.

μὴ γάρ.

ἀλλὰ μέντοι, εἶπον, αἱ γε διὰ τοῦ σώματος ἐπὶ τὴν ψυχὴν τείνουσαι
καὶ λεγόμεναι ἡδοναί, σχεδὸν αἱ πλεῖσταί τε καὶ μέγιστα, τούτου τοῦ
εἶδους εἰσὶ, λυπῶν τινες ἀπαλλαγαί.

εἰσὶ γάρ.

οὐκοῦν καὶ αἱ πρὸ μελλόντων τούτων ἐκ προσδοκίας γιγνόμεναι
προησθήσεις τε καὶ προλυπήσεις κατὰ ταῦτα ἔχουσιν;

κατὰ ταῦτά. [584d]

οἷσθ' οὖν, ἦν δ' ἐγώ, οἷαί εἰσιν καὶ ᾧ μάλιστα ἐοίκασιν;

τῷ; ἔφη.

νομίζεις τι, εἶπον, ἐν τῇ φύσει εἶναι τὸ μὲν ἄνω, τὸ δὲ κάτω, τὸ δὲ
μέσον;

ἔγωγε.

οἶε οὖν ἂν τινα ἐκ τοῦ κάτω φερόμενον πρὸς μέσον ἄλλο τι οἶεσθαι
ἢ ἄνω φέρεσθαι; καὶ ἐν μέσῳ στάντα, ἀφορῶντα ὅθεν ἐνήνεκται,
ἄλλοθί που ἂν ἡγεῖσθαι εἶναι ἢ ἐν τῷ ἄνω, μὴ ἑωρακότα τὸ ἀληθῶς
ἄνω;

μὰ Δί', οὐκ ἔγωγε, ἔφη, ἄλλως οἶμαι οἰηθῆναι ἂν τὸν τοιοῦτον.
[584e]

ἀλλ' εἰ πάλιν γ', ἔφην, φέροιτο, κάτω τ' ἂν οἴοιτο φέρεσθαι καὶ
ἀληθῆ οἴοιτο;

πῶς γὰρ οὐ;

οὐκοῦν ταῦτα πάσχοι ἂν πάντα διὰ τὸ μὴ ἔμπειρος εἶναι τοῦ
ἀληθινῶς ἄνω τε ὄντος καὶ ἐν μέσῳ καὶ κάτω;

δῆλον δή.

θαυμάζοις ἂν οὖν εἰ καὶ οἱ ἄπειροι ἀληθείας περὶ πολλῶν τε ἄλλων
μὴ ὑγιεῖς δόξας ἔχουσιν, πρὸς τε ἡδονὴν καὶ λύπην καὶ τὸ μεταξὺ
τούτων οὕτω διάκεινται, ὥστε, ὅταν μὲν ἐπὶ τὸ [585a] λυπηρὸν
φέρωνται, ἀληθῆ τε οἶονται καὶ τῷ ὄντι λυποῦνται, ὅταν δὲ ἀπὸ
λύπης ἐπὶ τὸ μεταξύ, σφόδρα μὲν οἶονται πρὸς πληρώσει τε καὶ
ἡδονῇ γίγνεσθαι, ὥσπερ πρὸς μέλαν φαιὸν ἀποσκοποῦντες ἀπειρίᾳ
λευκοῦ, καὶ πρὸς τὸ ἄλυπον οὕτω λύπην ἀφορῶντες ἀπειρίᾳ ἡδονῆς
ἀπατῶνται;

μὰ Δία, ἣ δ' ὅς, οὐκ ἂν θαυμάσαιμι, ἀλλὰ πολὺ μᾶλλον, εἰ μὴ οὕτως ἔχει.

ὥδέ γ' οὖν, εἶπον, ἐννόει· οὐχὶ πεῖνα καὶ δίψα καὶ τὰ [585b] τοιαῦτα κενώσεις τινές εἰσιν τῆς περὶ τὸ σῶμα ἕξεως;

τί μῆν;

ἄγνοια δὲ καὶ ἀφροσύνη ἄρ' οὐ κενότης ἐστὶ γῆς περὶ ψυχὴν αὖ ἕξεως;

μάλα γε.

οὐκοῦν πληροῖτ' ἂν ὅ τε τροφῆς μεταλαμβάνων καὶ ὁ νοῦν ἴσχων;

πῶς δ' οὐ;

πλήρωσις δὲ ἀληθεστέρα τοῦ ἥττον ἢ τοῦ μᾶλλον ὄντος;

δῆλον ὅτι τοῦ μᾶλλον.

πότερα οὖν ἡγῇ τὰ γένη μᾶλλον καθαρᾶς οὐσίας μετέχειν, τὰ οἶον σίτου τε καὶ ποτοῦ καὶ ὄψου καὶ συμπάσης τροφῆς, ἢ τὸ δόξης τε ἀληθοῦς εἶδος καὶ ἐπιστήμης καὶ νοῦ καὶ [585c] συλλήβδην αὖ πάσης ἀρετῆς; ὥδε δὲ κρῖνε· τὸ τοῦ ἀεὶ ὁμοίου ἐχόμενον καὶ ἀθανάτου καὶ ἀληθείας, καὶ αὐτὸ τοιοῦτον ὄν καὶ ἐν τοιούτῳ γιγνόμενον, μᾶλλον εἶναί σοι δοκεῖ, ἢ τὸ μηδέποτε ὁμοίου καὶ θνητοῦ, καὶ αὐτὸ τοιοῦτον καὶ ἐν τοιούτῳ γιγνόμενον;

πολύ, ἔφη, διαφέρει τὸ τοῦ ἀεὶ ὁμοίου.

ἢ οὖν ἀεὶ ὁμοίου οὐσία οὐσίας τι μᾶλλον ἢ ἐπιστήμης μετέχει;

οὐδαμῶς.

τί δ'; ἀληθείας;

οὐδὲ τοῦτο.

εἰ δὲ ἀληθείας ἥττον, οὐ καὶ οὐσίας;

ἀνάγκη. [585d]

οὐκοῦν ὅλως τὰ περὶ τὴν τοῦ σώματος θεραπείαν γένη γῶν γενῶν αὐτῶν περὶ τὴν τῆς ψυχῆς θεραπείαν ἤττον ἀληθείας τε καὶ οὐσίας μετέχει;

πολύ γε.

σῶμα δὲ αὐτὸ ψυχῆς οὐκ οἶει οὕτως;

ἔγωγε.

οὐκοῦν τὸ τῶν μᾶλλον ὄντων πληρούμενον καὶ αὐτὸ μᾶλλον ὄντως μᾶλλον πληροῦται ἢ τὸ τῶν ἥττον ὄντων καὶ αὐτὸ ἥττον ὄν;

πῶς γὰρ οὐ;

εἰ ἄρα τὸ πληροῦσθαι τῶν φύσει προσηκόντων ἡδὺ ἐστὶ, τὸ τῷ ὄντι καὶ τῶν ὄντων πληρούμενον μᾶλλον μᾶλλον [585e] ὄντως τε καὶ ἀληθεστέρως χαίρειν ἂν ποιοῖ ἡδονῇ ἀληθεῖ, τὸ δὲ τῶν ἥττον ὄντων μεταλαμβάνον ἥττον τε ἂν ἀληθῶς καὶ βεβαίως πληροῖτο καὶ ἀπιστοτέρας ἂν ἡδονῆς καὶ ἥττον ἀληθοῦς μεταλαμβάνοι.

ἀναγκαιότατα, ἔφη. [586a]

οἱ ἄρα φρονήσεως καὶ ἀρετῆς ἄπειροι, εὐωχίαις δὲ καὶ τοῖς τοιούτοις ἀεὶ συνόντες, κάτω, ὡς ἔοικεν, καὶ μέχρι πάλιν πρὸς τὸ μεταξὺ φέρονται τε καὶ ταύτῃ πλανῶνται διὰ βίου, ὑπερβάντες δὲ τοῦτο πρὸς τὸ ἀληθῶς ἄνω οὔτε ἀνέβλεψαν πώποτε οὔτε ἠνέχθησαν, οὐδὲ τοῦ ὄντος τῷ ὄντι ἐπληρώθησαν, οὐδὲ βεβαίου τε καὶ καθαρᾶς ἡδονῆς ἐγεύσαντο, ἀλλὰ βοσκημάτων δίκην κάτω ἀεὶ βλέποντες καὶ κεκυφότες εἰς γῆν καὶ εἰς τραπέζας βόσκονται χορταζόμενοι καὶ ὀχεύοντες, [586b] καὶ ἔνεκα τῆς τούτων πλεονεξίας λακτίζοντες καὶ κυρίττοντες ἀλλήλους σιδηροῖς κέρασι τε καὶ ὀπλαῖς ἀποκτεινύασι δι' ἀπληστίαν, ἅτε οὐχὶ τοῖς οὗσιν οὐδὲ τὸ ὄν οὐδὲ τὸ στέγον ἐαυτῶν πιμπλάντες.

παντελῶς, ἔφη ὁ Γλαύκων, τὸν τῶν πολλῶν, ὃ Σώκρατες, χρησμοδεῖς βίον.

ἄρ' οὖν οὐκ ἀνάγκη καὶ ἡδοναῖς συνεῖναι μεμειγμέναις λύπαις, εἰδώλοις τῆς ἀληθοῦς ἡδονῆς καὶ ἐσκιαγραφημέναις, [586c] ὑπὸ τῆς

παρ' ἀλλήλας θέσεως ἀποχραιομέναις, ὥστε σφοδροὺς ἑκατέρας φαίνεσθαι, καὶ ἔρωτας ἑαυτῶν λυττῶντας τοῖς ἄφροσιν ἐντίκτειν καὶ περιμαχήτους εἶναι, ὥσπερ τὸ τῆς Ἑλένης εἶδωλον ὑπὸ τῶν ἐν Τροίᾳ Στησίχορός φησι γενέσθαι περιμάχητον ἀγνοίᾳ τοῦ ἀληθοῦς;

πολλὴ ἀνάγκη, ἔφη, τοιοῦτόν τι αὐτὸ εἶναι.

τί δέ; περὶ τὸ θυμοειδὲς οὐχ ἕτερα τοιαῦτα ἀνάγκη γίνεσθαι, ὃς ἂν αὐτὸ τοῦτο διαπράττεται ἢ φθόνῳ διὰ φιλοτιμίαν ἢ βία διὰ φιλονικίαν ἢ θυμῷ διὰ δυσκολίαν, [586d] πλησμονὴν τιμῆς τε καὶ νίκης καὶ θυμοῦ διώκων ἄνευ λογισμοῦ τε καὶ νοῦ;

τοιαῦτα, ἦ δ' ὅς, ἀνάγκη καὶ περὶ τοῦτο εἶναι.

τί οὖν, ἦν δ' ἐγώ; θαρροῦντες λέγωμεν ὅτι καὶ περὶ τὸ φιλοκερδὲς καὶ τὸ φιλόνικον ὅσαι ἐπιθυμίαι εἰσὶν, αἱ μὲν ἂν τῇ ἐπιστήμῃ καὶ λόγῳ ἐπόμεναι καὶ μετὰ τούτων τὰς ἡδονὰς διώκουσαι, ἃς ἂν τὸ φρόνιμον ἐξηγῇται, λαμβάνωσι, τὰς ἀληθεστάτας τε λήψονται, ὡς οἶόν τε αὐταῖς ἀληθεῖς [586e] λαβεῖν, ἅτε ἀληθεία ἐπομένων, καὶ τὰς ἑαυτῶν οἰκείας, εἴπερ τὸ βέλτιστον ἐκάστω, τοῦτο καὶ οἰκειότατον;

ἀλλὰ μὴν, ἔφη, οἰκειότατόν γε.

τῷ φιλοσόφῳ ἄρα ἐπομένης ἀπάσης τῆς ψυχῆς καὶ μὴ στασιαζούσης ἐκάστω τῷ μέρει ὑπάρχει εἷς τε ἅλλα τὰ ἑαυτοῦ πράττειν καὶ δικαίῳ εἶναι, καὶ δὴ καὶ τὰς ἡδονὰς τὰς ἑαυτοῦ ἕκαστον καὶ τὰς βελτίστας καὶ εἰς τὸ δυνατόν τὰς [587a] ἀληθεστάτας καρποῦσθαι.

κομιδῇ μὲν οὖν.

ὅταν δὲ ἄρα τῶν ἐτέρων τι κρατήσῃ, ὑπάρχει αὐτῷ μήτε τὴν ἑαυτοῦ ἡδονὴν ἐξευρίσκειν, τὰ τε ἄλλ' ἀναγκάζειν ἄλλοτρίαν καὶ μὴ ἀληθῆ ἡδονὴν διώκειν.

οὕτως, ἔφη.

οὐκοῦν ἂ πλεῖστον φιλοσοφίας τε καὶ λόγου ἀφέστηκεν, μάλιστ' ἂν τοιαῦτα ἐξεργάζεται;

πολύ γε.

πλεῖστον δὲ λόγου ἀφίσταται οὐχ ὅπερ νόμου τε καὶ τάξεως;

δῆλον δῆ.

ἐφάνησαν δὲ πλεῖστον ἀφεστῶσαι οὐχ αἱ ἐρωτικάι τε [587b] καὶ τυραννικαὶ ἐπιθυμίαι;

πολύ γε.

ἐλάχιστον δὲ αἱ βασιλικάι τε καὶ κόσμιαί;

ναί.

πλεῖστον δὴ οἶμαι ἀληθοῦς ἡδονῆς καὶ οἰκείας ὁ τύραννος ἀφεστήξει, ὁ δὲ ὀλίγιστον.

ἀνάγκη.

καὶ ἀηδέστατα ἄρα, εἶπον, ὁ τύραννος βιώσεται, ὁ δὲ βασιλεὺς ἥδιστα.

πολλὴ ἀνάγκη.

οἷσθ' οὖν, ἦν δ' ἐγώ, ὅσῳ ἀηδέστερον ζῇ τύραννος βασιλέως;

ἂν εἴπῃς, ἔφη.

τριῶν ἡδονῶν, ὡς ἔοικεν, οὐσῶν, μιᾶς μὲν γνησίας, δυοῖν [587c] δὲ νόθαιν, τῶν νόθων εἰς τὸ ἐπέκεινα ὑπερβάς ὁ τύραννος, φυγῶν νόμον τε καὶ λόγον, δούλαις τισὶ δορυφόροις ἡδοναῖς συνοικεῖ, καὶ ὁπόσῳ ἐλαττοῦται οὐδὲ πάνυ ῥάδιον εἰπεῖν, πλὴν ἴσως ᾧδε.

πῶς; ἔφη.

ἀπὸ τοῦ ὀλιγαρχικοῦ τρίτος που ὁ τύραννος ἀφειστήκει: ἐν μέσῳ γὰρ αὐτῶν ὁ δημοτικὸς ἦν.

ναί.

οὐκοῦν καὶ ἡδονῆς τρίτῳ εἰδῶλῳ πρὸς ἀλήθειαν ἀπ' ἐκείνου συνοικοῖ ἄν, εἰ τὰ πρόσθεν ἀληθῆ;

οὕτω.

ὁ δέ γε ὀλιγαρχικὸς ἀπὸ τοῦ βασιλικοῦ αὖ τρίτος, ἐὰν [587d] εἰς ταῦτόν ἀριστοκρατικὸν καὶ βασιλικὸν τιθῶμεν.

τρίτος γάρ.

τριπλασίου ἄρα, ἦν δ' ἐγώ, τριπλάσιον ἀριθμῷ ἀληθοῦς ἡδονῆς ἀφέστηκεν τύραννος.

φαίνεται.

ἐπίπεδον ἄρ', ἔφην, ὥς ἔοικεν, τὸ εἶδωλον κατὰ τὸν τοῦ μήκους ἀριθμὸν ἡδονῆς τυραννικῆς ἂν εἴη.

κομιδῇ γε.

κατὰ δὲ δύναμιν καὶ τρίτην αὖξιν δῆλον δὴ ἀπόστασιν ὅσην ἀφεστηκῶς γίγνεται.

δῆλον, ἔφη, τῷ γε λογιστικῷ.

οὐκοῦν ἐάν τις μεταστρέψας ἀληθεία ἡδονῆς τὸν βασιλέα [587e] τοῦ τυράννου ἀφεστηκότα λέγῃ ὅσον ἀφέστηκεν, ἐννεακαικεκοσικαιεπτακοσιοπλασιᾶκις ἥδιον αὐτὸν ζῶντα εὐρήσει τελειωθείσῃ τῇ πολλαπλασιώσει, τὸν δὲ τύραννον ἀνιαιρότερον τῇ αὐτῇ ταύτῃ ἀποστάσει.

ἀμηχανον, ἔφη, λογισμὸν καταπεφόρηκας τῆς διαφορότητος [588a] τοῖν ἀνδροῖν, τοῦ τε δικαίου καὶ τοῦ ἀδίκου, πρὸς ἡδονήν τε καὶ λύπην.

καὶ μέντοι καὶ ἀληθῆ καὶ προσήκοντά γε, ἦν δ' ἐγώ, βίοις ἀριθμόν, εἴπερ αὐτοῖς προσήκουσιν ἡμέραι καὶ νύκτες καὶ μῆνες καὶ ἐνιαυτοί.

ἀλλὰ μὴν, ἔφη, προσήκουσιν.

οὐκοῦν εἰ τοσοῦτον ἡδονῇ νικᾷ ὁ ἀγαθός τε καὶ δίκαιος τὸν κακόν τε καὶ ἄδικον, ἀμηχάνω δὴ ὅσῳ πλείονι νικήσει εὐσχημοσύνη τε βίου καὶ κάλλει καὶ ἀρετῇ;

ἀμηχάνω μέντοι νῇ Δία, ἔφη. [588b]

εἶεν δή, εἶπον: ἐπειδὴ ἐνταῦθα λόγου γεγόναμεν, ἀναλάβωμεν τὰ

πρῶτα λεχθέντα, δι' ἃ δεῦρ' ἤκομεν. ἦν δέ που λεγόμενον λυσιτελεῖν ἀδικεῖν τῷ τελέως μὲν ἀδίκῳ, δοξαζομένῳ δὲ δικαίῳ: ἢ οὐχ οὕτως ἐλέχθη;

οὕτω μὲν οὖν.

νῦν δὴ, ἔφη, αὐτῷ διαλεγώμεθα, ἐπειδὴ διωμολογησάμεθα τό τε ἀδικεῖν καὶ τὸ δίκαια πράττειν ἦν ἐκάτερον ἔχει δύναμιν.

πῶς; ἔφη.

εἰκόνα πλάσαντες τῆς ψυχῆς λόγῳ, ἵνα εἰδῇ ὁ ἐκεῖνα λέγων οἷα ἔλεγεν. [588c]

ποῖαν τινά; ἢ δ' ὅς.

τῶν τοιούτων τινά, ἦν δ' ἐγώ, οἷαι μυθολογοῦνται παλαιαὶ γενέσθαι φύσεις, ἢ τε Χιμαίρας καὶ ἡ Σκύλλης καὶ Κερβέρου, καὶ ἄλλαι τινὲς συχναὶ λέγονται συμπεφυκυῖαι ιδέαι πολλαὶ εἰς ἓν γενέσθαι.

λέγονται γάρ, ἔφη.

πλάττε τοίνυν μίαν μὲν ιδέαν θηρίου ποικίλου καὶ πολυκεφάλου, ἡμέρων δὲ θηρίων ἔχοντος κεφαλὰς κύκλῳ καὶ ἀγρίων, καὶ δυνατοῦ μεταβάλλειν καὶ φύειν ἐξ αὐτοῦ πάντα ταῦτα. [588d]

δεινοῦ πλάστου, ἔφη, τὸ ἔργον: ὅμως δέ, ἐπειδὴ εὐπλαστότερον κηροῦ καὶ τῶν τοιούτων λόγος, πεπλάσθω.

μίαν δὴ τοίνυν ἄλλην ιδέαν λέοντος, μίαν δὲ ἀνθρώπου: πολὺ δὲ μέγιστον ἔστω τὸ πρῶτον καὶ δεύτερον τὸ δεύτερον.

ταῦτα, ἔφη, ῥάω, καὶ πέπλασται.

σύνναπτε τοίνυν αὐτὰ εἰς ἓν τρία ὄντα, ὥστε πῃ συμπεφυκέναι ἀλλήλοις.

συνῆπται, ἔφη.

περίπλασον δὴ αὐτοῖς ἔξωθεν ἑνὸς εἰκόνα, τὴν τοῦ ἀνθρώπου, ὥστε τῷ μὴ δυναμένῳ τὰ ἐντὸς ὁρᾶν, ἀλλὰ τὸ [588e] ἔξω μόνον ἔλυτρον ὁρῶντι, ἓν ζῶον φαίνεσθαι, ἄνθρωπον.

περιπέλασται, ἔφη.

λέγωμεν δὴ τῷ λέγοντι ὡς λυσιτελεῖ τούτῳ ἀδικεῖν τῷ ἀνθρώπῳ, δίκαια δὲ πράττειν οὐ συμφέρει, ὅτι οὐδὲν ἄλλο φησὶν ἢ λυσιτελεῖν αὐτῷ τὸ παντοδαπὸν θηρίον εὐωχοῦντι ποιεῖν ἰσχυρὸν καὶ τὸν λέοντα καὶ τὰ περὶ τὸν λέοντα, τὸν [589a] δὲ ἄνθρωπον λιμοκτονεῖν καὶ ποιεῖν ἀσθενῆ, ὥστε ἔλκεσθαι ὅπῃ ἂν ἐκείνων ὁπότερον ἄγῃ, καὶ μηδὲν ἕτερον ἐτέρῳ συνεθίζειν μηδὲ φίλον ποιεῖν, ἀλλ' ἐὰν αὐτὰ ἐν αὐτοῖς δάκνεσθαι τε καὶ μαχόμενα ἐσθίειν ἄλληλα.

παντάπασι γάρ, ἔφη, ταῦτ' ἂν λέγοι ὁ τὸ ἀδικεῖν ἐπαινῶν.

οὐκοῦν αὖ ὁ τὰ δίκαια λέγων λυσιτελεῖν φαίῃ ἂν δεῖν ταῦτα πράττειν καὶ ταῦτα λέγειν, ὅθεν τοῦ ἀνθρώπου ὁ ἐντὸς [589b] ἄνθρωπος ἔσται ἐγκρατέστατος, καὶ τοῦ πολυκεφάλου θρέμματος ἐπιμελήσεται ὥσπερ γεωργός, τὰ μὲν ἡμερα τρέφων καὶ τιθασεύων, τὰ δὲ ἄγρια ἀποκωλύων φύεσθαι, σύμμαχον ποιησάμενος τὴν τοῦ λέοντος φύσιν, καὶ κοινῇ πάντων κηδόμενος, φίλα ποιησάμενος ἀλλήλοις τε καὶ αὐτῷ, οὕτω θρέψει;

κομιδῇ γὰρ αὖ λέγει ταῦτα ὁ τὸ δίκαιον ἐπαινῶν.

κατὰ πάντα τρόπον δὴ ὁ μὲν τὰ δίκαια ἐγκωμιάζων ἀληθῆ [589c] ἂν λέγοι, ὁ δὲ τὰ ἄδικα ψεύδοιτο. πρὸς τε γὰρ ἡδονὴν καὶ πρὸς εὐδοξίαν καὶ ὠφελίαν σκοπούμεν ὁ μὲν ἐπαινέτης τοῦ δικαίου ἀληθεύει, ὁ δὲ ψέκτης οὐδὲν ὑγιὲς οὐδ' εἰδὼς ψέγει ὅτι ψέγει.

οὐ μοι δοκεῖ, ἦ δ' ὅς, οὐδαμῇ γε.

πείθωμεν τοίνυν αὐτὸν πρῶτος-οὐ γὰρ ἐκὼν ἀμαρτάνει -ἐρωτῶντες: ὦ μακάριε, οὐ καὶ τὰ καλὰ καὶ αἰσχροὶ νόμιμα διὰ τὰ τοιαῦτ' ἂν φαῖμεν γεγονέναι: τὰ μὲν καλὰ τὰ ὑπὸ [589d] τῷ ἀνθρώπῳ, μᾶλλον δὲ ἴσως τὰ ὑπὸ τῷ θεῷ τὰ θηριώδη ποιοῦντα τῆς φύσεως, αἰσχροὶ δὲ τὰ ὑπὸ τῷ ἀγρίῳ τὸ ἡμερον δουλούμενα; συμφήσει: ἦ πῶς;

εἰάν μοι, ἔφη, πείθεται.

ἔστιν οὖν, εἶπον, ὅτῳ λυσιτελεῖ ἐκ τούτου τοῦ λόγου χρυσίον λαμβάνειν ἀδίκως, εἴπερ τοιόνδε τι γίγνεται, λαμβάνων τὸ χρυσίον ἅμα καταδουλοῦται τὸ βέλτιστον ἑαυτοῦ [589e] τῷ μοχθηροτάτῳ; ἦ

εἰ μὲν λαβὼν χρυσίον ὑὸν ἢ θυγατέρα ἐδουλοῦτο, καὶ ταῦτ' εἰς ἀγρίων τε καὶ κακῶν ἀνδρῶν, οὐκ ἂν αὐτῷ ἐλυσιτέλει οὐδ' ἂν πάμπλου ἐπὶ τούτῳ λαμβάνειν, εἰ δὲ τὸ ἑαυτοῦ θεϊότατον ὑπὸ τῷ ἀθεωτάτῳ τε καὶ μιαιωτάτῳ δουλοῦται καὶ μηδὲν ἐλεεῖ, οὐκ ἄρα ἄθλιός ἐστι καὶ πολὺ [590a] ἐπὶ δειντέρῳ ὀλέθρῳ χρυσὸν δωροδοκεῖ ἢ Ἐριφύλῃ ἐπὶ τῇ τοῦ ἀνδρὸς ψυχῇ τὸν ὄρμον δεξαμένη;

πολὺ μέντοι, ἣ δ' ὅς ὁ Γλαῦκων: ἐγὼ γάρ σοι ὑπὲρ ἐκείνου ἀποκρinoῦμαι.

οὐκοῦν καὶ τὸ ἀκολασταίνειν οἶει διὰ τοιαῦτα πάλαι ψέγεσθαι, ὅτι ἀνίεται ἐν τῷ τοιούτῳ τὸ δεινόν, τὸ μέγα ἐκεῖνο καὶ πολυειδὲς θρέμμα, πέρα τοῦ δέοντος;

δῆλον, ἔφη.

ἦ δ' αὐθάδεια καὶ δυσκολία ψέγεται οὐχ ὅταν τὸ λεοντῶδές [590b] τε καὶ ὀφεῶδες αὐξήται καὶ συντείνηται ἀναρμόστως;

πάνυ μὲν οὖν.

τρυφή δὲ καὶ μαλθακία οὐκ ἐπὶ τῇ αὐτοῦ τούτου χαλάσει τε καὶ ἀνέσει ψέγεται, ὅταν ἐν αὐτῷ δειλίαν ἐμποιῇ;

τί μῆν;

κολακεία δὲ καὶ ἀνελευθερία οὐχ ὅταν τις τὸ αὐτὸ τοῦτο, τὸ θυμοειδές, ὑπὸ τῷ ὀχλώδει θηρίῳ ποιῇ καὶ ἔνεκα χρημάτων καὶ τῆς ἐκείνου ἀπληστίας προπηλακιζόμενον ἐθίζῃ ἐκ νέου ἀντὶ λέοντος πίθηκον γίνεσθαι; [590c]

καὶ μάλα, ἔφη.

βαναυσία δὲ καὶ χειροτεχνία διὰ τί οἶει ὄνειδος φέρει; ἢ δι' ἄλλο τι φήσομεν ἢ ὅταν τις ἀσθενὲς φύσει ἔχῃ τὸ τοῦ βελτίστου εἶδος, ὥστε μὴ ἂν δύνασθαι ἄρχειν τῶν ἐν αὐτῷ θρεμμάτων, ἀλλὰ θεραπεύειν ἐκεῖνα, καὶ τὰ θωπεύματα αὐτῶν μόνον δύνηται μαθάνειν;

ἔοικεν, ἔφη.

οὐκοῦν ἵνα καὶ ὁ τοιοῦτος ὑπὸ ὁμοίου ἄρχηται οἷουπερ ὁ βέλτιστος,

δοῦλον αὐτόν φαμεν δεῖν εἶναι ἐκείνου τοῦ βελτίστου [590d] καὶ ἔχοντος ἐν αὐτῷ τὸ θεῖον ἄρχον, οὐκ ἐπὶ βλάβῃ τῇ τοῦ δούλου οἰόμενοι δεῖν ἄρχεσθαι αὐτόν, ὥσπερ Θρασύμαχος ᾤετο τοὺς ἀρχομένους, ἀλλ' ὥς ἄμεινον ὄν παντὶ ὑπὸ θεοῦ καὶ φρονίμου ἄρχεσθαι, μάλιστα μὲν οἰκεῖον ἔχοντος ἐν αὐτῷ, εἰ δὲ μὴ, ἔξωθεν ἐφεστῶτος, ἵνα εἰς δύναμιν πάντες ὅμοιοι ᾧμεν καὶ φίλοι, τῷ αὐτῷ κυβερνώμενοι;

καὶ ὀρθῶς γ', ἔφη. [590e]

δηλοῖ δέ γε, ἦν δ' ἐγώ, καὶ ὁ νόμος ὅτι τοιοῦτον βούλεται, πᾶσι τοῖς ἐν τῇ πόλει σύμμαχος ὢν: καὶ ἡ τῶν παίδων ἀρχή, τὸ μὴ ἑᾶν ἐλευθέρους εἶναι, ἕως ἂν ἐν αὐτοῖς ὥσπερ ἐν πόλει πολιτείαν καταστήσωμεν, καὶ τὸ βέλτιστον [591a] θεραπεύσαντες τῷ παρ' ἡμῖν τοιούτῳ ἀντικαταστήσωμεν φύλακα ὅμοιον καὶ ἄρχοντα ἐν αὐτῷ, καὶ τότε δὴ ἐλευθερον ἀφίμεν.

δηλοῖ γάρ, ἦ δ' ὅς.

πῇ δὴ οὖν φήσομεν, ὦ Γλαῦκων, καὶ κατὰ τίνα λόγον λυσιτελεῖν ἀδικεῖν, ἢ ἀκολασταίνειν ἢ τι αἰσχρὸν ποιεῖν, ἐξ ὧν πονηρότερος μὲν ἔσται, πλείω δὲ χρήματα ἢ ἄλλην τινὰ δύναμιν κεκτήσεται;

οὐδαμῇ, ἦ δ' ὅς.

πῇ δ' ἀδικοῦντα λανθάνειν καὶ μὴ διδόναι δίκην λυσιτελεῖν; [591b] ἢ οὐχὶ ὁ μὲν λανθάνων ἔτι πονηρότερος γίγνεται, τοῦ δὲ μὴ λανθάνοντος καὶ κολαζομένου τὸ μὲν θηριῶδες κοιμίζεται καὶ ἡμεροῦται, τὸ δὲ ἡμερον ἐλευθεροῦται, καὶ ὅλη ἡ ψυχὴ εἰς τὴν βελτίστην φύσιν καθισταμένη τιμιωτέραν ἔξιν λαμβάνει, σωφροσύνην τε καὶ δικαιοσύνην μετὰ φρονήσεως κτωμένη, ἢ σῶμα ἰσχύν τε καὶ κάλλος μετὰ ὑγιείας λαμβάνον, τοσοῦτῳ ὅσῳ περ ψυχὴ σώματος τιμιωτέρα;

παντάπασι μὲν οὖν, ἔφη. [591c]

οὐκοῦν ὁ γε νοῦν ἔχων πάντα τὰ αὐτοῦ εἰς τοῦτο συντείνας βιώσεται, πρῶτον μὲν τὰ μαθήματα τιμῶν, ἃ τοιαύτην αὐτοῦ τὴν ψυχὴν ἀπεργάζεται, τὰ δὲ ἄλλα ἀτιμάζων;

δῆλον, ἔφη.

ἔπειτά γ', εἶπον, τὴν τοῦ σώματος ἔξιν καὶ τροφήν οὐχ ὅπως τῇ θηριώδει καὶ ἀλόγῳ ἡδονῇ ἐπιτρέψας ἐνταῦθα τετραμμένος ζήσκει, ἀλλ' οὐδὲ πρὸς ὑγίειαν βλέπων, οὐδὲ τοῦτο πρεσβεύων, ὅπως ἰσχυρὸς ἢ ὑγιής ἢ καλὸς ἔσται, ἐὰν μὴ [591d] καὶ σωφρονήσκειν μέλλῃ ἀπ' αὐτῶν, ἀλλ' αἰεὶ τὴν ἐν τῷ σώματι ἁρμονίαν τῆς ἐν τῇ ψυχῇ ἕνεκα συμφωνίας ἁρμοττόμενος φανέται.

παντάπασι μὲν οὖν, ἔφη, ἐάνπερ μέλλῃ τῇ ἀληθείᾳ μουσικὸς εἶναι.

οὐκοῦν, εἶπον, καὶ τὴν ἐν τῇ τῶν χρημάτων κτήσει σύνταξιν τε καὶ συμφωνίαν; καὶ τὸν ὄγκον τοῦ πλήθους οὐκ ἐκπληττόμενος ὑπὸ τοῦ τῶν πολλῶν μακαρισμοῦ ἄπειρον αὐξήσει, ἀπέραντα κακὰ ἔχων;

οὐκ οἶομαι, ἔφη. [591e]

ἀλλ' ἀποβλέπων γε, εἶπον, πρὸς τὴν ἐν αὐτῷ πολιτείαν, καὶ φυλάττων μὴ τι παρακινήσῃ αὐτοῦ τῶν ἐκεῖ διὰ πλῆθος οὐσίας ἢ δι' ὀλιγότητα, οὕτως κυβερνῶν προσθήσει καὶ ἀναλώσει τῆς οὐσίας καθ' ὅσον ἂν οἴσῃ τ' ἤ.

κομιδῇ μὲν οὖν, ἔφη. [592a]

ἀλλὰ μὴν καὶ τιμὰς γε, εἰς ταῦτόν ἀποβλέπων, τῶν μὲν μεθέξει καὶ γεύσεται ἐκὼν, ὅς ἂν ἡγῆται ἀμείνω αὐτόν ποιήσκειν, ὅς δ' ἂν λύσειν τὴν ὑπάρχουσαν ἔξιν, φεύζεται ἰδίᾳ καὶ δημοσίᾳ.

οὐκ ἄρα, ἔφη, τά γε πολιτικὰ ἐθέλῃσει πράττειν, ἐάνπερ τούτου κήδηται.

νῆ τὸν κύνα, ἦν δ' ἐγώ, ἐν γε τῇ ἑαυτοῦ πόλει καὶ μάλα, οὐ μέντοι ἴσως ἐν γε τῇ πατρίδι, ἐὰν μὴ θεία τις συμβῇ τύχη.

μανθάνω, ἔφη: ἐν ἣ νῦν διήλθομεν οἰκίζοντες πόλει λέγεις, τῇ ἐν λόγοις κειμένῃ, ἐπεὶ γῆς γε οὐδαμοῦ οἶμαι [592b] αὐτὴν εἶναι.

ἀλλ', ἦν δ' ἐγώ, ἐν οὐρανῷ ἴσως παράδειγμα ἀνάκειται τῷ βουλομένῳ ὁρᾶν καὶ ὁρῶντι ἑαυτόν κατοικίζειν. διαφέρει δὲ οὐδὲν εἴτε που ἔστιν εἴτε ἔσται: τὰ γὰρ ταύτης μόνης ἂν πράξειεν, ἄλλης δὲ οὐδεμιᾶς.

εἰκός γ', ἔφη.

Πολιτεία Ι

Σωκράτης, Γλαύκων

[595a] καὶ μήν, ἦν δ' ἐγώ, πολλὰ μὲν καὶ ἄλλα περὶ αὐτῆς ἐννοῶ, ὥς παντὸς ἄρα μᾶλλον ὀρθῶς ᾠκίζομεν τὴν πόλιν, οὐχ ἥκιστα δὲ ἐνθυμηθεὶς περὶ ποιήσεως λέγω.

τὸ ποῖον; ἔφη.

τὸ μηδαμῇ παραδέχεσθαι αὐτῆς ὅση μιμητική: παντὸς γὰρ μᾶλλον οὐ παραδεκτέα νῦν καὶ ἐναργέστερον, ὥς ἐμοὶ δοκεῖ, φαίνεται, ἐπειδὴ χωρὶς ἕκαστα διήρηται τὰ τῆς ψυχῆς [595b] εἶδη.

πῶς λέγεις;

ὥς μὲν πρὸς ὑμᾶς εἰρησθαι-οὐ γάρ μου κατερεῖτε πρὸς τοὺς τῆς τραγωδίας ποιητὰς καὶ τοὺς ἄλλους ἅπαντας τοὺς μιμητικούς-λώβη ἔοικεν εἶναι πάντα τὰ τοιαῦτα τῆς τῶν ἀκουόντων διανοίας, ὅσοι μὴ ἔχουσι φάρμακον τὸ εἰδέναι αὐτὰ οἷα τυγχάνει ὄντα.

πῇ δὴ, ἔφη, διανοούμενος λέγεις;

ῥητέον, ἦν δ' ἐγώ: καίτοι φιλία γέ τίς με καὶ αἰδῶς ἐκ παιδὸς ἔχουσα περὶ Ὀμήρου ἀποκωλύει λέγειν. ἔοικε μὲν [595c] γὰρ τῶν καλῶν ἀπάντων τούτων τῶν τραγικῶν πρῶτος διδάσκαλός τε καὶ ἡγεμὼν γενέσθαι. ἀλλ' οὐ γὰρ πρό γε τῆς ἀληθείας τιμητέος ἀνὴρ, ἀλλ', ὃ λέγω, ῥητέον.

πάνυ μὲν οὖν, ἔφη.

ἄκουε δὴ, μᾶλλον δὲ ἀποκρίνου.

Ἐρώτα.

μίμησιν ὅλως ἔχοις ἂν μοι εἰπεῖν ὅτι ποτ' ἐστίν; οὐδὲ γάρ τοι αὐτὸς πάνυ τι συννοῶ τί βούλεται εἶναι.

ἦ που ἄρ', ἔφη, ἐγὼ συννοήσω.

οὐδέν γε, ἦν δ' ἐγώ, ἄτοπον, ἐπεὶ πολλὰ τοι ὀξύτερον [596a]

βλεπόντων ἀμβλύτερον ὁρῶντες πρότεροι εἶδον.

ἔστιν, ἔφη, οὕτως· ἀλλὰ σοῦ παρόντος οὐδ' ἂν προθυμηθῆναι οἷός τε εἶην εἰπεῖν, εἴ τί μοι καταφαίνεται, ἀλλ' αὐτὸς ὄρα.

βούλει οὖν ἐνθένδε ἀρξώμεθα ἐπισκοποῦντες, ἐκ τῆς εἰωθυίας μεθόδου; εἶδος γάρ πού τι ἐν ἑκαστον εἰώθαμεν τίθεσθαι περὶ ἑκαστα τὰ πολλά, οἷς ταὐτὸν ὄνομα ἐπιφέρομεν. ἢ οὐ μανθάνεις;

μανθάνω.

θῶμεν δὴ καὶ νῦν ὅτι βούλει τῶν πολλῶν. οἷον, εἰ [596b] ‘θέλεις, πολλαὶ πού εἰσι κλῖναι καὶ τράπεζαι.

πῶς δ' οὐ;

ἀλλὰ ιδέαι γέ που περὶ ταῦτα τὰ σκεύη δύο, μία μὲν κλίνης, μία δὲ τραπέζης.

ναί.

οὐκοῦν καὶ εἰώθαμεν λέγειν ὅτι ὁ δημιουργὸς ἐκατέρου τοῦ σκεύους πρὸς τὴν ιδέαν βλέπων οὕτω ποιεῖ ὁ μὲν τὰς κλῖνας, ὁ δὲ τὰς τραπέζας, αἷς ἡμεῖς χρώμεθα, καὶ ἄλλα κατὰ ταῦτά; οὐ γάρ που τὴν γε ιδέαν αὐτὴν δημιουργεῖ οὐδεὶς τῶν δημιουργῶν· πῶς γάρ;

οὐδαμῶς.

ἀλλ' ὄρα δὴ καὶ τόνδε τίνα καλεῖς τὸν δημιουργόν. [596c]

τὸν ποῖον;

ὅς πάντα ποιεῖ, ὅσαπερ εἷς ἑκαστος τῶν χειροτεχνῶν.

δεινόν τινα λέγεις καὶ θαυμαστὸν ἄνδρα.

οὐπω γε, ἀλλὰ τάχα μάλλον φήσεις. ὁ αὐτὸς γὰρ οὗτος χειροτέχνης οὐ μόνον πάντα οἷός τε σκεύη ποιῆσαι, ἀλλὰ καὶ τὰ ἐκ τῆς γῆς φυόμενα ἅπαντα ποιεῖ καὶ ζῶα πάντα ἐργάζεται, τά τε ἄλλα καὶ ἑαυτόν, καὶ πρὸς τούτοις γῆν καὶ οὐρανὸν καὶ θεοὺς καὶ πάντα τὰ ἐν οὐρανῷ καὶ τὰ ἐν Ἄιδου ὑπὸ γῆς ἅπαντα ἐργάζεται. [596d] πάνυ θαυμαστόν, ἔφη, λέγεις σοφιστήν.

ἀπιστεῖς; ἦν δ' ἐγώ. καί μοι εἶπέ, τὸ παράπαν οὐκ ἂν σοι δοκεῖ εἶναι τοιοῦτος δημιουργός, ἢ τινὶ μὲν τρόπῳ γενέσθαι ἂν τούτων ἀπάντων ποιητής, τινὶ δὲ οὐκ ἂν; ἢ οὐκ αἰσθάνη ὅτι κἂν αὐτὸς οἷός τ' εἴης πάντα ταῦτα ποιῆσαι τρόπῳ γέ τινι;

καὶ τίς, ἔφη, ὁ τρόπος οὗτος;

οὐ χαλεπός, ἦν δ' ἐγώ, ἀλλὰ πολλαχῇ καὶ ταχὺ δημιουργούμενος, τάχιστα δέ που, εἰ 'θέλεις λαβὼν κάτοπτρον [596e] περιφέρειν πανταχῇ: ταχὺ μὲν ἥλιον ποιήσεις καὶ τὰ ἐν τῷ οὐρανῷ, ταχὺ δὲ γῆν, ταχὺ δὲ σαυτόν τε καὶ τᾶλλα ζῶα καὶ σκεύη καὶ φυτὰ καὶ πάντα ὅσα νυνδὴ ἐλέγετο.

ναί, ἔφη, φαινόμενα, οὐ μέντοι ὄντα γέ που τῇ ἀληθείᾳ.

καλῶς, ἦν δ' ἐγώ, καὶ εἰς δέον ἔρχη τῷ λόγῳ. τῶν τοιούτων γὰρ οἶμαι δημιουργῶν καὶ ὁ ζωγράφος ἐστίν. ἦ γάρ;

πῶς γὰρ οὐ;

ἀλλὰ φήσεις οὐκ ἀληθῇ οἶμαι αὐτὸν ποιεῖν ἂ ποιεῖ. καίτοι τρόπῳ γέ τινι καὶ ὁ ζωγράφος κλίνην ποιεῖ: ἦ οὐ;

ναί, ἔφη, φαινομένην γε καὶ οὗτος. [597a]

τί δὲ ὁ κλινοποιός; οὐκ ἄρτι μέντοι ἔλεγες ὅτι οὐ τὸ εἶδος ποιεῖ, ὃ δὴ φαμεν εἶναι ὃ ἐστὶ κλίνη, ἀλλὰ κλίνην τινά;

ἔλεγον γάρ.

οὐκοῦν εἰ μὴ ὃ ἐστὶν ποιεῖ, οὐκ ἂν τὸ ὄν ποιοῖ, ἀλλὰ τι τοιοῦτον οἷον τὸ ὄν, ὄν δὲ οὐ: τελέως δὲ εἶναι ὄν τὸ τοῦ κλινουργοῦ ἔργον ἢ ἄλλου τινὸς χειροτέχνου εἴ τις φαίη, κινδυνεύει οὐκ ἂν ἀληθῇ λέγειν;

οὐκουν, ἔφη, ὥς γ' ἂν δόξειεν τοῖς περὶ τοὺς τοιούσδε λόγους διατρίβουσιν.

μηδὲν ἄρα θαυμάζωμεν εἰ καὶ τοῦτο ἀμυδρόν τι τυγχάνει ὄν πρὸς ἀλήθειαν. [597b]

μὴ γάρ.

βούλει οὖν, ἔφην, ἐπ' αὐτῶν τούτων ζητήσωμεν τὸν μιμητὴν τοῦτον, τίς ποτ' ἐστίν;

εἰ βούλει, ἔφη.

οὐκοῦν τριταὶ τινες κλίνει αὐταὶ γίνονται: μία μὲν ἢ ἐν τῇ φύσει οὔσα, ἣν φαῖμεν ἄν, ὥς ἐγῶμαι, θεὸν ἐργάσασθαι. ἢ τίν' ἄλλον;

οὐδένα, οἶμαι.

μία δέ γε ἦν ὁ τέκτων.

ναί, ἔφη.

μία δέ ἦν ὁ ζωγράφος. ἦ γάρ;

ἔστω.

ζωγράφος δὴ, κλινοποιός, θεός, τρεῖς οὗτοι ἐπιστάται τρισὶν εἶδεσι κλινῶν.

ναὶ τρεῖς. [597c]

ὁ μὲν δὴ θεός, εἴτε οὐκ ἐβούλετο, εἴτε τις ἀνάγκη ἐπὶν μὴ πλέον ἢ μίαν ἐν τῇ φύσει ἀπεργάσασθαι αὐτὸν κλίνην, οὕτως ἐποίησεν μίαν μόνον αὐτὴν ἐκείνην ὃ ἔστιν κλίνη: δύο δὲ τοιαῦται ἢ πλείους οὔτε ἐφυτεύθησαν ὑπὸ τοῦ θεοῦ οὔτε μὴ φυῶσιν.

πῶς δὴ; ἔφη.

ὅτι, ἦν δ' ἐγώ, εἰ δύο μόνας ποιήσειεν, πάλιν ἂν μία ἀναφανείη ἥς ἐκεῖναι ἂν αὐτὰ ἀμφοτέραι τὸ εἶδος ἔχουσιν, καὶ εἶη ἂν ὃ ἔστιν κλίνη ἐκεῖνη ἀλλ' οὐχ αἱ δύο.

ὁρθῶς, ἔφη. [597d]

ταῦτα δὴ οἶμαι εἰδὼς ὁ θεός, βουλόμενος εἶναι ὄντως κλίνης ποιητὴς ὄντως οὔσης, ἀλλὰ μὴ κλίνης τινὸς μηδὲ κλινοποιός τις, μίαν φύσει αὐτὴν ἔφυσεν.

ἔοικεν.

βούλει οὖν τοῦτον μὲν φυτουργὸν τούτου προσαγορεύωμεν, ἢ τι

τοιούτον;

δίκαιον γοῦν, ἔφη, ἐπειδήπερ φύσει γε καὶ τοῦτο καὶ τᾶλλα πάντα πεποίηκεν.

τί δὲ τὸν τέκτονα; ἄρ' οὐ δημιουργὸν κλίνης;

ναί.

ἦ καὶ τὸν ζωγράφον δημιουργὸν καὶ ποιητὴν τοῦ τοιούτου;

οὐδαμῶς.

ἀλλὰ τί αὐτὸν κλίνης φήσεις εἶναι; [597e]

τοῦτο, ἦ δ' ὅς, ἔμοιγε δοκεῖ μετριώτατ' ἂν προσαγορεύεσθαι, μιμητῆς οὗ ἐκεῖνοι δημιουργοί.

εἶεν, ἦν δ' ἐγώ: τὸν τοῦ τρίτου ἄρα γεννήματος ἀπὸ τῆς φύσεως μιμητὴν καλεῖς;

πάνυ μὲν οὔν, ἔφη.

τοῦτ' ἄρα ἔσται καὶ ὁ τραγωδοποιός, εἴπερ μιμητῆς ἐστί, τρίτος τις ἀπὸ βασιλέως καὶ τῆς ἀληθείας πεφυκώς, καὶ πάντες οἱ ἄλλοι μιμηταί.

κινδυνεύει.

τὸν μὲν δὴ μιμητὴν ὁμολογήκαμεν. εἰπὲ δέ μοι περὶ [598a] τοῦ ζωγράφου τόδε: πότερα ἐκεῖνο αὐτὸ τὸ ἐν τῇ φύσει ἕκαστον δοκεῖ σοι ἐπιχειρεῖν μιμεῖσθαι ἢ τὰ τῶν δημιουργῶν ἔργα;

τὰ τῶν δημιουργῶν, ἔφη.

ἄρα οἷα ἔστιν ἢ οἷα φαίνεται; τοῦτο γὰρ ἔτι διόρισον.

πῶς λέγεις; ἔφη.

ὥδε: κλίνη, ἐάντε ἐκ πλαγίου αὐτὴν θεᾷ ἐάντε καταντικρὺ ἢ ὀπιοῦν, μή τι διαφέρει αὐτὴ ἐαυτῆς, ἢ διαφέρει μὲν οὐδέν, φαίνεται δὲ ἀλλοία; καὶ τᾶλλα ὡσαύτως;

οὕτως, ἔφη: φαίνεται, διαφέρει δ' οὐδέν. [598b]

τοῦτο δὴ αὐτὸ σκόπει: πρὸς πότερον ἢ γραφικὴ πεποιήται περὶ ἑκάστου; πότερα πρὸς τὸ ὄν, ὥς ἔχει, μιμήσασθαι, ἢ πρὸς τὸ φαινόμενον, ὥς φαίνεται, φαντάσματος ἢ ἀληθείας οὕσα μίμησις;

φαντάσματος, ἔφη.

πόρρω ἄρα που τοῦ ἀληθοῦς ἢ μιμητικὴ ἐστὶν καί, ὥς ἔοικεν, διὰ τοῦτο πάντα ἀπεργάζεται, ὅτι σμικρόν τι ἐκάστου ἐφάπτεται, καὶ τοῦτο εἰδῶλον. οἷον ὁ ζωγράφος, φαμέν, ζωγραφήσει ἡμῖν σκυτοτόμον, τέκτονα, τοὺς ἄλλους δημιουργούς, [598c] περὶ οὐδενὸς τούτων ἐπαίῳ τῶν τεχνῶν: ἀλλ' ὅμως παῖδάς γε καὶ ἄφρονας ἀνθρώπους, εἰ ἀγαθὸς εἴη ζωγράφος, γράψας ἂν τέκτονα καὶ πόρρωθεν ἐπιδεικνὺς ἐξαπατᾷ ἂν τῷ δοκεῖν ὥς ἀληθῶς τέκτονα εἶναι.

τί δ' οὐ;

ἀλλὰ γὰρ οἶμαι ὧ φίλε, τόδε δεῖ περὶ πάντων τῶν τοιούτων διανοεῖσθαι: ἐπειδὴ τις ἡμῖν ἀπαγγέλλῃ περὶ του, ὥς ἐνέτυχεν ἀνθρώπῳ πάσας ἐπισταμένῳ τὰς δημιουργίας καὶ τᾶλλα πάντα ὅσα εἰς ἑκάστος οἶδεν, οὐδὲν ὅτι οὐχὶ [598d] ἀκριβέστερον ὅτουοῦν ἐπισταμένῳ, ὑπολαμβάνειν δεῖ τῷ τοιούτῳ ὅτι εὐήθης τις ἄνθρωπος, καί, ὥς ἔοικεν, ἐντυχὼν γόητί τινι καὶ μιμητῇ ἐξηπατήθῃ, ὥστε ἔδοξεν αὐτῷ πάσσοφος εἶναι, διὰ τὸ αὐτὸς μὴ οἶός τ' εἶναι ἐπιστήμην καὶ ἀνεπισημοσύνην καὶ μίμησιν ἐξετάσαι.

ἀληθέστατα, ἔφη.

οὐκοῦν, ἦν δ' ἐγώ, μετὰ τοῦτο ἐπισκεπτέον τήν τε τραγωδίαν καὶ τὸν ἡγεμόνα αὐτῆς Ὅμηρον, ἐπειδὴ τινων [598e] ἀκούομεν ὅτι οὗτοι πάσας μὲν τέχνας ἐπίστανται, πάντα δὲ τὰ ἀνθρώπεια τὰ πρὸς ἀρετὴν καὶ κακίαν, καὶ τά γε θεῖα: ἀνάγκη γὰρ τὸν ἀγαθὸν ποιητὴν, εἰ μέλλει περὶ ὧν ἂν ποιῇ καλῶς ποιήσῃ, εἰδότα ἄρα ποιεῖν, ἢ μὴ οἶόν τε εἶναι ποιεῖν. δεῖ δὴ ἐπισκέψασθαι πότερον μιμηταῖς τούτοις οὗτοι ἐντυχόντες ἐξηπάτηνται καὶ τὰ ἔργα αὐτῶν ὁρῶντες [599a] οὐκ αἰσθάνονται τριττὰ ἀπέχοντα τοῦ ὄντος καὶ ῥάδια ποιεῖν μὴ εἰδότε τὴν ἀλήθειαν-φαντάσματα γὰρ ἀλλ' οὐκ ὄντα ποιοῦσιν-ἢ τι καὶ

λέγουσιν καὶ τῷ ὄντι οἱ ἀγαθοὶ ποιηταὶ ἴσασιν περὶ ὧν δοκοῦσιν τοῖς πολλοῖς εὖ λέγειν.

πάνυ μὲν οὖν, ἔφη, ἐξεταστέον.

οἶε οὖν, εἴ τις ἀμφοτέρωθεν δύναται ποιεῖν, τό τε μιμηθῆσόμενον καὶ τὸ εἰδῶλον, ἐπὶ τῇ τῶν εἰδῶλων δημιουργίᾳ ἑαυτὸν ἀφεῖναι ἂν σπουδάζειν καὶ τοῦτο προστήσασθαι τοῦ [599b] ἑαυτοῦ βίου ὡς βέλτιστον ἔχοντα;

οὐκ ἔγωγε.

ἀλλ' εἴπερ γε οἶμαι ἐπιστήμων εἴη τῇ ἀληθείᾳ τούτων πέρι ἅπερ καὶ μιμεῖται, πολὺ πρότερον ἐν τοῖς ἔργοις ἂν σπουδάσειεν ἢ ἐπὶ τοῖς μιμήμασι, καὶ πειρῶτο ἂν πολλὰ καὶ καλὰ ἔργα ἑαυτοῦ καταλιπεῖν μνημεῖα, καὶ εἶναι προθυμοῖτ' ἂν μᾶλλον ὁ ἐγκωμιαζόμενος ἢ ὁ ἐγκωμιάζων.

οἶμαι, ἔφη: οὐ γὰρ ἐξ ἴσου ἢ τε τιμὴ καὶ ἡ ὠφελία.

τῶν μὲν τοίνυν ἄλλων πέρι μὴ ἀπαιτῶμεν λόγον Ὅμηρον [599c] ἢ ἄλλον ὄντιν' οὖν τῶν ποιητῶν, ἐρωτῶντες εἰ ἱατρικὸς ἦν τις αὐτῶν ἀλλὰ μὴ μιμητὴς μόνον ἱατρικῶν λόγων, τίνας ὑγιεῖς ποιητὴς τις τῶν παλαιῶν ἢ τῶν νέων λέγεται πεποιηκέναι, ὥσπερ Ἀσκληπιός, ἢ τίνας μαθητὰς ἱατρικῆς κατελίπετο, ὥσπερ ἐκεῖνος τοὺς ἐκγόνους, μὴδ' αὖ περὶ τὰς ἄλλας τέχνας αὐτοὺς ἐρωτῶμεν, ἀλλ' ἐῷμεν: περὶ δὲ ὧν μεγίστων τε καὶ καλλίστων ἐπιχειρεῖ λέγειν Ὅμηρος, πολέμων τε πέρι καὶ στρατηγιῶν καὶ διοικήσεων πόλεων, καὶ [599d] παιδείας πέρι ἀνθρώπου, δίκαιόν που ἐρωτᾷν αὐτὸν πυνθανομένους: ὦ φίλε Ὅμηρε, εἴπερ μὴ τρίτος ἀπὸ τῆς ἀληθείας εἰ ἀρετῆς πέρι, εἰδῶλου δημιουργός, ὃν δὴ μιμητὴν ὠρισάμεθα, ἀλλὰ καὶ δεύτερος, καὶ οἷός τε ἦσθα γινώσκειν ποῖα ἐπιτηδεύματα βελτίους ἢ χείρους ἀνθρώπους ποιεῖ ἰδίᾳ καὶ δημοσίᾳ, λέγε ἡμῖν τίς τῶν πόλεων διὰ σέ βέλτιον ὤκησεν, ὥσπερ διὰ Λυκοῦργον Λακεδαιμόνων καὶ δι' ἄλλους πολλοὺς [599e] πολλὰ μεγάλα τε καὶ σμικραί; σὲ δὲ τίς αἰτιᾶται πόλις νομοθέτην ἀγαθὸν γεγονέναι καὶ σφᾶς ὠφεληκέναι; Χαράνδαν μὲν γὰρ Ἰταλία καὶ Σικελία, καὶ ἡμεῖς Σόλων· σὲ δὲ τίς; ἔξει τινὰ εἰπεῖν;

οὐκ οἶμαι, ἔφη ὁ Γλαύκων· οὐκ οὐκ λέγεται γε οὐδ' ὑπ' αὐτῶν Ὀμηριδῶν. [600a]

ἀλλὰ δὴ τις πόλεμος ἐπὶ Ὀμήρου ὑπ' ἐκείνου ἄρχοντος ἢ συμβουλευόντος εὖ πολεμηθεὶς μνημονεύεται;

οὐδεὶς.

ἀλλ' οἷα δὴ εἰς τὰ ἔργα σοφοῦ ἀνδρὸς πολλὰ ἐπίνοια καὶ εὐμήχανοι εἰς τέχνας ἢ τινες ἄλλας πράξεις λέγονται, ὥσπερ αὖ Θάλεώ τε πέρι τοῦ Μιλησίου καὶ Ἀναχάρσιος τοῦ Σκύθου;

οὐδαμῶς τοιοῦτον οὐδέν.

ἀλλὰ δὴ εἰ μὴ δημοσίᾳ, ἰδίᾳ τισὶν ἡγεμῶν παιδείας αὐτὸς ζῶν λέγεται Ὅμηρος γενέσθαι, οἱ ἐκείνον ἡγάπων ἐπὶ [600b] συνουσίᾳ καὶ τοῖς ὑστέροις ὁδὸν τινα παρέδωκαν βίου Ὀμηρικῆν, ὥσπερ Πυθαγόρας αὐτὸς τε διαφερόντως ἐπὶ τούτῳ ἡγαπήθη, καὶ οἱ ὕστεροι ἔτι καὶ νῦν Πυθαγόρειον τρόπον ἐπονομάζοντες τοῦ βίου διαφανεῖς πη δοκοῦσιν εἶναι ἐν τοῖς ἄλλοις;

οὐδ' αὖ, ἔφη, τοιοῦτον οὐδέν λέγεται. ὁ γὰρ Κρεώφυλος, ὃ Σώκρατες, ἴσως, ὁ τοῦ Ὀμήρου ἐταῖρος, τοῦ ὀνόματος ἂν γελοιότερος ἔτι πρὸς παιδείαν φανείη, εἰ τὰ λεγόμενα περὶ Ὀμήρου ἀληθῆ. λέγεται γὰρ ὡς πολλή τις ἀμέλεια περὶ [600c] αὐτὸν ἦν ἐπ' αὐτοῦ ἐκείνου, ὅτε ἔζη.

λέγεται γὰρ οὖν, ἦν δ' ἐγώ. ἀλλ' οἶει, ὃ Γλαύκων, εἰ τῷ ὄντι οἷός τ' ἦν παιδεύειν ἀνθρώπους καὶ βελτίους ἀπεργάζεσθαι Ὅμηρος, ἅτε περὶ τούτων οὐ μιμεῖσθαι ἀλλὰ γινώσκειν δυνάμενος, οὐκ ἄρ' ἂν πολλοὺς ἐταῖρους ἐποίησας καὶ ἐτιμᾶτο καὶ ἡγαπᾶτο ὑπ' αὐτῶν, ἀλλὰ Πρωταγόρας μὲν ἄρα ὁ Ἀβδηρίτης καὶ Πρόδικος ὁ Κεῖος καὶ ἄλλοι πάμπολλοι δύνανται τοῖς ἐφ' ἑαυτῶν παριστάναι ἰδίᾳ συγγιγνόμενοι [600d] ὥς οὔτε οἰκίαν οὔτε πόλιν τὴν αὐτῶν διοικεῖν οἷοί τ' ἔσονται, ἐὰν μὴ σφεῖς αὐτῶν ἐπιστατήσωσιν τῆς παιδείας, καὶ ἐπὶ ταύτῃ τῇ σοφίᾳ οὕτω σφόδρα φιλοῦνται, ὥστε μόνον οὐκ ἐπὶ ταῖς κεφαλαῖς περιφέρουσιν αὐτοὺς οἱ ἐταῖροι· Ὅμηρον δ' ἄρα οἱ ἐπ' ἐκείνου, εἴπερ οἷός τ' ἦν πρὸς ἀρετὴν ὀνῆσαι ἀνθρώπους, ἢ Ἡσίοδον ῥαψωδεῖν ἂν περιόντας εἶων, καὶ οὐχὶ μᾶλλον ἂν αὐτῶν ἀντείχοντο

ἢ τοῦ χρυσοῦ καὶ [600e] ἠνάγκαζον παρὰ σφίσιν οἴκοι εἶναι, ἢ εἰ μὴ ἔπειθον, αὐτοὶ ἂν ἐπαιδαγώγουν ὅπῃ ἤσαν, ἕως ἱκανῶς παιδείας μεταλάβοιεν;

παντάπασιν, ἔφη, δοκεῖς μοι, ὦ Σώκρατες, ἀληθῆ λέγειν.

οὐκοῦν τιθῶμεν ἀπὸ Ὀμήρου ἀρξαμένους πάντας τοὺς ποιητικοὺς μιμητὰς εἰδώλων ἀρετῆς εἶναι καὶ τῶν ἄλλων περὶ ὧν ποιοῦσιν, τῆς δὲ ἀληθείας οὐχ ἄπτεσθαι, ἀλλ' ὥσπερ νυνδὴ ἐλέγομεν, ὁ ζωγράφος σκυτοτόμον ποιήσει δοκοῦντα [601a] εἶναι, αὐτός τε οὐκ ἐπαῖων περὶ σκυτοτομίας καὶ τοῖς μὴ ἐπαῖουσιν, ἐκ τῶν χρωμάτων δὲ καὶ σχημάτων θεωροῦσιν;

πάνυ μὲν οὖν.

οὕτω δὴ οἶμαι καὶ τὸν ποιητικὸν φήσομεν χρώματα ἅττα ἐκάστων τῶν τεχνῶν τοῖς ὀνόμασι καὶ ῥήμασιν ἐπιχρωματίζειν αὐτὸν οὐκ ἐπαῖοντα ἀλλ' ἢ μιμεῖσθαι, ὥστε ἐτέροις τοιούτοις ἐκ τῶν λόγων θεωροῦσι δοκεῖν, ἐάντε περὶ σκυτοτομίας τις λέγῃ ἐν μέτρῳ καὶ ῥυθμῷ καὶ ἀρμονίᾳ, πάνυ εὖ δοκεῖν λέγεσθαι, ἐάντε περὶ στρατηγίας ἐάντε περὶ ἄλλου [601b] ὅτουοῦν: οὕτω φύσει αὐτὰ ταῦτα μεγάλην τινὰ κήλησιν ἔχειν. ἐπεὶ γυμνωθέντα γε τῶν τῆς μουσικῆς χρωμάτων τὰ τῶν ποιητῶν, αὐτὰ ἐφ' αὐτῶν λεγόμενα, οἶμαί σε εἰδέναι οἷα φαίνεται. τεθέασαι γάρ που.

ἔγωγ', ἔφη.

οὐκοῦν, ἦν δ' ἐγώ, ἔοικεν τοῖς τῶν ὡραίων προσώποις, καλῶν δὲ μή, οἷα γίγνεται ἰδεῖν ὅταν αὐτὰ τὸ ἄνθος προλίπη;

παντάπασιν, ἦ δ' ὅς.

ἴθι δὴ, τόδε ἄθρει: ὁ τοῦ εἰδώλου ποιητής, ὁ μιμητής, φαμέν, τοῦ μὲν ὄντος οὐδὲν ἐπαῖει, τοῦ δὲ φαινομένου: οὐχ [601c] οὕτως;

ναί.

μὴ τοίνυν ἡμίσεως αὐτὸ καταλίπωμεν ῥηθέν, ἀλλ' ἱκανῶς ἴδωμεν.

λέγε, ἔφη.

ζωγράφος, φαμέν, ἡνίας τε γράψει καὶ χαλινόν;

ναί.

ποιήσει δέ γε σκυτοτόμος καὶ χαλκεύς;

πάνυ γε.

ἄρ' οὖν ἐπαΐει οἷας δεῖ τὰς ἡνίας εἶναι καὶ τὸν χαλινὸν ὁ γραφεύς; ἢ οὐδ' ὁ ποιήσας, ὃ τε χαλκεὺς καὶ ὁ σκυτεύς, ἀλλ' ἐκεῖνος ὅσπερ τούτοις ἐπίσταται χρῆσθαι, μόνος ὁ ἵππικός;

ἀληθέστατα.

ἄρ' οὖν οὐ περὶ πάντα οὕτω φήσομεν ἔχειν;

πῶς; [601d]

περὶ ἕκαστον ταύτας τινὰς τρεῖς τέχνας εἶναι, χρησομένην, ποιήσουσαν, μιμησομένην;

ναί.

οὐκοῦν ἀρετὴ καὶ κάλλος καὶ ὀρθότης ἐκάστου σκεύους καὶ ζώου καὶ πράξεως οὐ πρὸς ἄλλο τι ἢ τὴν χρεῖαν ἐστίν, πρὸς ἣν ἂν ἕκαστον ᾗ πεποιημένον ἢ πεφυκός;

οὕτως.

πολλὴ ἄρα ἀνάγκη τὸν χρώμενον ἐκάστῳ ἐμπειρότατόν τε εἶναι καὶ ἄγγελον γίνεσθαι τῷ ποιητῇ οἷα ἀγαθὰ ἢ κακὰ ποιεῖ ἐν τῇ χρεῖᾳ ᾧ χρῆται: οἷον αὐλητῆς που αὐλοποιῶ [601e] ἐξαγγέλλει περὶ τῶν αὐλῶν, οἱ ἂν ὑπηρετῶσιν ἐν τῷ αὐλεῖν, καὶ ἐπιτάξει οἷους δεῖ ποιεῖν, ὁ δ' ὑπηρετήσῃ.

πῶς δ' οὔ;

οὐκοῦν ὁ μὲν εἰδὼς ἐξαγγέλλει περὶ χρηστῶν καὶ πονηρῶν αὐλῶν, ὁ δὲ πιστεύων ποιήσει;

ναί.

τοῦ αὐτοῦ ἄρα σκεύους ὁ μὲν ποιητῆς πίστιν ὀρθὴν ἔξει περὶ

κάλλους τε καὶ πονηρίας, συνὼν τῷ εἰδότι καὶ ἀναγκαζόμενος [602a]
ἀκούειν παρὰ τοῦ εἰδότος, ὁ δὲ χρώμενος ἐπιστήμην.

πάνυ γε.

ὁ δὲ μιμητὴς πότερον ἐκ τοῦ χρῆσθαι ἐπιστήμην ἔξει περὶ ὧν ἂν
γράφῃ, εἴτε καλὰ καὶ ὀρθὰ εἴτε μή, ἢ δόξαν ὀρθὴν διὰ τὸ ἐξ ἀνάγκης
συνεῖναι τῷ εἰδότι καὶ ἐπιτάττεσθαι οἷα χρὴ γράφειν;

οὐδέτερα.

οὔτε ἄρα εἴσεται οὔτε ὀρθὰ δοξάσει ὁ μιμητὴς περὶ ὧν ἂν μιμῆται
πρὸς κάλλος ἢ πονηρίαν.

οὐκ ἔοικεν.

χαρίεις ἂν εἴη ὁ ἐν τῇ ποιήσει μιμητικὸς πρὸς σοφίαν περὶ ὧν ἂν
ποιῇ.

οὐ πάνυ. [602b]

ἀλλ' οὖν δὴ ὅμως γε μιμήσεται, οὐκ εἰδὼς περὶ ἐκάστου ὅπῃ
πονηρὸν ἢ χρηστὸν: ἀλλ', ὥς ἔοικεν, οἷον φαίνεται καλὸν εἶναι τοῖς
πολλοῖς τε καὶ μηδὲν εἰδόσιν, τοῦτο μιμήσεται.

τί γὰρ ἄλλο;

ταῦτα μὲν δὴ, ὥς γε φαίνεται, ἐπεικῶς ἡμῖν διωμολόγηται, τὸν τε
μιμητικὸν μηδὲν εἰδέναι ἄξιον λόγου περὶ ὧν μιμεῖται, ἀλλ' εἶναι
παιδιάν τινα καὶ οὐ σπουδὴν τὴν μίμησιν, τοὺς τε τῆς τραγικῆς
ποιήσεως ἀπτομένους ἐν ἱαμβείοις καὶ ἐν ἔπεσι πάντας εἶναι
μιμητικοὺς ὥς οἷόν τε μάλιστα.

πάνυ μὲν οὖν. [602c]

πρὸς Διός, ἦν δ' ἐγώ, τὸ δὲ δὴ μιμεῖσθαι τοῦτο οὐ περὶ τρίτον μὲν τί
ἐστὶν ἀπὸ τῆς ἀληθείας; ἦ γάρ;

ναί.

πρὸς δὲ δὴ ποῖόν τί ἐστὶν τῶν τοῦ ἀνθρώπου ἔχον τὴν δύναμιν ἣν
ἔχει;

τοῦ ποίου τινὸς πέρι λέγεις;

τοῦ τοιοῦδε: ταῦτόν που ἡμῖν μέγεθος ἐγγύθεν τε καὶ πόρρωθεν διὰ τῆς ὄψεως οὐκ ἴσον φαίνεται.

οὐ γάρ.

καὶ ταῦτὰ καμπύλα τε καὶ εὐθέα ἐν ὕδατι τε θεωμένοις καὶ ἔξω, καὶ κοῦλά τε δὴ καὶ ἐξέχοντα διὰ τὴν περὶ τὰ χρώματα αὐτῶν πλάνην τῆς ὄψεως, καὶ πᾶσά τις ταραχὴ δῆλη [602d] ἡμῖν ἐνοῦσα αὕτη ἐν τῇ ψυχῇ: ὧ δὴ ἡμῶν τῷ παθήματι τῆς φύσεως ἢ σκιαγραφία ἐπιθεμένη γοητείας οὐδὲν ἀπολείπει, καὶ ἡ θαναματοποιία καὶ αἱ ἄλλαι πολλαὶ τοιαῦται μηχαναί.

ἀληθῆ.

ἄρ' οὖν οὐ τὸ μετρεῖν καὶ ἀριθμεῖν καὶ ἰστάναι βοήθειαι χαριέσταται πρὸς αὐτὰ ἐφάνησαν, ὥστε μὴ ἄρχειν ἐν ἡμῖν τὸ φαινόμενον μεῖζον ἢ ἔλαττον ἢ πλέον ἢ βαρύτερον, ἀλλὰ τὸ λογισάμενον καὶ μετρήσαν ἢ καὶ στήσαν;

πῶς γὰρ οὐ; [602e]

ἀλλὰ μὴν τοῦτό γε τοῦ λογιστικοῦ ἂν εἴη τοῦ ἐν ψυχῇ ἔργον.

τούτου γὰρ οὖν.

τούτῳ δὲ πολλάκις μετρήσαντι καὶ σημαίνουντι μείζω ἅττα εἶναι ἢ ἐλάττω ἕτερα ἐτέρων ἢ ἴσα τάναντία φαίνεται ἅμα περὶ ταῦτά.

ναί.

οὐκοῦν ἔφαμεν τῷ αὐτῷ ἅμα περὶ ταῦτὰ ἐναντία δοξάζειν ἀδύνατον εἶναι;

καὶ ὀρθῶς γ' ἔφαμεν. [603a]

τὸ παρὰ τὰ μέτρα ἄρα δοξάζον τῆς ψυχῆς τῷ κατὰ τὰ μέτρα οὐκ ἂν εἴη ταῦτόν.

οὐ γὰρ οὖν.

ἀλλὰ μὴν τὸ μέτρῳ γε καὶ λογισμῷ πιστεῦον βέλτιστον ἂν εἴη τῆς ψυχῆς.

τί μὴν;

τὸ ἄρα τούτῳ ἐναντιούμενον τῶν φαύλων ἂν τι εἴη ἐν ἡμῖν.

ἀνάγκη.

τοῦτο τοίνυν διομολογήσασθαι βουλόμενος ἔλεγον ὅτι ἡ γραφικὴ καὶ ὅλως ἡ μιμητικὴ πόρρῳ μὲν τῆς ἀληθείας ὄντι τὸ αὐτῆς ἔργον ἀπεργάζεται, πόρρῳ δ' αὖ φρονήσεως ὄντι τῷ [603b] ἐν ἡμῖν προσομιλεῖ τε καὶ ἐταίρα καὶ φίλη ἐστὶν ἐπ' οὐδενὶ ὕγει οὐδ' ἀληθεῖ.

παντάπασιν, ἥ δ' ὅς.

φαύλη ἄρα φαύλῳ συγγιγνομένη φαῦλα γεννᾷ ἡ μιμητικὴ.

ἔοικεν.

πότερον, ἦν δ' ἐγώ, ἡ κατὰ τὴν ὄψιν μόνον, ἢ καὶ κατὰ τὴν ἀκοήν, ἦν δὴ ποίησιν ὀνομάζομεν;

εἰκός γ', ἔφη, καὶ ταύτην.

μὴ τοίνυν, ἦν δ' ἐγώ, τῷ εἰκότι μόνον πιστεύσωμεν ἐκ τῆς γραφικῆς, ἀλλὰ καὶ ἐπ' αὐτὸ αὖ ἔλθωμεν τῆς διανοίας [603c] τοῦτο ᾧ προσομιλεῖ ἡ τῆς ποιήσεως μιμητικὴ, καὶ ἴδωμεν φαῦλον ἢ σπουδαῖόν ἐστιν.

ἀλλὰ χρή.

ᾧδε δὴ προθόμεθα: πράττοντας, φαμέν, ἀνθρώπους μιμεῖται ἡ μιμητικὴ βιαίους ἢ ἐκουσίας πράξεις, καὶ ἐκ τοῦ πράττειν ἢ εὖ οἰομένους ἢ κακῶς πεπραγέναι, καὶ ἐν τούτοις δὴ πᾶσιν ἢ λυπουμενούς ἢ χαίροντας. μὴ τι ἄλλο ἦν παρὰ ταῦτα;

οὐδέν.

ἄρ' οὖν ἐν ἅπασιν τούτοις ὁμονοητικῶς ἄνθρωπος διάκειται; [603d] ἢ ὥσπερ κατὰ τὴν ὄψιν ἐστασίαζεν καὶ ἐναντίας εἶχεν ἐν ἑαυτῷ δόξας ἅμα περὶ τῶν αὐτῶν, οὕτω καὶ ἐν ταῖς πράξεσι στασιάζει τε καὶ

μάχεται αὐτὸς αὐτῷ; ἀναμινθήσκομαι δὲ ὅτι τοῦτό γε νῦν οὐδὲν δεῖ ἡμᾶς διομολογεῖσθαι: ἐν γὰρ τοῖς ἄνω λόγοις ἱκανῶς πάντα ταῦτα διομολογησάμεθα, ὅτι μυρίων τοιούτων ἐναντιωμάτων ἅμα γιγνομένων ἡ ψυχὴ γέμει ἡμῶν.

ὁρθῶς, ἔφη.

ὁρθῶς γάρ, ἦν δ' ἐγώ: ἀλλ' ὁ τότε ἀπελίπομεν, νῦν μοι [603e] δοκεῖ ἀναγκαῖον εἶναι διεξελθεῖν.

τὸ ποῖον; ἔφη.

ἀνὴρ, ἦν δ' ἐγώ, ἐπιεικὴς τοιαῦσδε τύχης μετασχών, ὕον ἀπολέσας ἢ τι ἄλλο ὧν περὶ πλείστου ποιεῖται, ἐλέγομέν που καὶ τότε ὅτι ῥᾶστα οἶσει τῶν ἄλλων.

πάνυ γε.

νῦν δέ γε τόδ' ἐπισκεψώμεθα, πότερον οὐδὲν ἀχθέσεται, ἢ τοῦτο μὲν ἀδύνατον, μετριάσει δέ πως πρὸς λύπην.

οὕτω μᾶλλον, ἔφη, τό γε ἀληθές. [604a]

τόδε νῦν μοι περὶ αὐτοῦ εἰπέ: πότερον μᾶλλον αὐτὸν οἶει τῇ λύπῃ μαχεῖσθαι τε καὶ ἀντιτείνειν, ὅταν ὁράται ὑπὸ τῶν ὁμοίων, ἢ ὅταν ἐν ἐρημίᾳ μόνος αὐτὸς καθ' αὐτὸν γίγνηται;

πολύ που, ἔφη, διοίσει, ὅταν ὁράται.

μονωθεὶς δέ γε οἶμαι πολλὰ μὲν τολμήσει φθέγγασθαι, ἃ εἴ τις αὐτοῦ ἀκούοι αἰσχύνοιτ' ἄν, πολλὰ δὲ ποιήσει, ἃ οὐκ ἂν δέξαιτό τινα ἰδεῖν δρῶντα.

οὕτως ἔχει, ἔφη.

οὐκοῦν τὸ μὲν ἀντιτείνειν διακελευόμενον λόγος καὶ νόμος [604b] ἐστίν, τὸ δὲ ἔλκον ἐπὶ τὰς λύπας αὐτὸ τὸ πάθος;

ἀληθεῖ.

ἐναντίας δὲ ἀγωγῆς γιγνομένης ἐν τῷ ἀνθρώπῳ περὶ τὸ αὐτὸ ἅμα, δύο φαμὲν αὐτῷ ἀναγκαῖον εἶναι.

πῶς δ' οὐ;

οὐκοῦν τὸ μὲν ἕτερον τῷ νόμῳ ἔτοιμον πείθεσθαι, ἧ ὁ νόμος ἐξηγεῖται;

πῶς;

λέγει που ὁ νόμος ὅτι κάλλιστον ὅτι μάλιστα ἡσυχίαν ἄγειν ἐν ταῖς συμφοραῖς καὶ μὴ ἀγανακτεῖν, ὥς οὔτε δήλου ὄντος τοῦ ἀγαθοῦ τε καὶ κακοῦ τῶν τοιούτων, οὔτε εἰς τὸ πρόσθεν οὐδὲν προβαῖνον τῷ χαλεπῶς φέροντι, οὔτε τι τῶν [604c] ἀνθρωπίνων ἄξιον ὄν μεγάλης σπουδῆς, ὃ τε δεῖ ἐν αὐτοῖς ὅτι τάχιστα παραγίγνεσθαι ἡμῖν, τούτῳ ἐμποδῶν γιγνόμενον τὸ λυπεῖσθαι.

τίνι, ἧ δ' ὅς, λέγεις;

τῷ βουλευέσθαι, ἦν δ' ἐγώ, περὶ τὸ γεγονὸς καὶ ὥσπερ ἐν πτώσει κύβων πρὸς τὰ πεπτωκότα τίθεσθαι τὰ αὐτοῦ πράγματα, ὅπῃ ὁ λόγος αἰρεῖ βέλτιστ' ἂν ἔχειν, ἀλλὰ μὴ προσπταίσαντας καθάπερ παῖδας ἐχομένους τοῦ πληγέντος ἐν τῷ βοᾷν διατρίβειν, ἀλλ' αἰεὶ ἐθίζειν τὴν ψυχὴν ὅτι [604d] τάχιστα γίγνεσθαι πρὸς τὸ ἰᾶσθαι τε καὶ ἐπανορθοῦν τὸ πεσόν τε καὶ νοσῆσαν, ἱατρικῇ θρηνηδίαν ἀφανίζοντα.

ὀρθότατα γοῦν ἂν τις, ἔφη, πρὸς τὰς τύχας οὕτω προσφέροιτο.

οὐκοῦν, φαμέν, τὸ μὲν βέλτιστον τούτῳ τῷ λογισμῷ ἐθέλει ἔπεσθαι.

δῆλον δῆ.

τὸ δὲ πρὸς τὰς ἀναμνήσεις τε τοῦ πάθους καὶ πρὸς τοὺς ὀδυρμούς ἄγον καὶ ἀπλήστως ἔχον αὐτῶν ἄρ' οὐκ ἀλόγιστόν τε φήσομεν εἶναι καὶ ἄργον καὶ δειλίας φίλον;

φήσομεν μὲν οὖν. [604e]

οὐκοῦν τὸ μὲν πολλὴν μίμησιν καὶ ποικίλῃν ἔχει, τὸ ἀγανακτικόν, τὸ δὲ φρόνιμόν τε καὶ ἡσύχιον ἦθος, παραπλήσιον ὄν αἰεὶ αὐτὸ αὐτῷ, οὔτε ῥάδιον μιμήσασθαι οὔτε μιμουμένου εὐπετεὲς καταμαθεῖν, ἄλλως τε καὶ πανηγύρει καὶ παντοδαποῖς ἀνθρώποις εἰς θεάτρα συλλεγομένοις: ἀλλοτρίου γάρ που πάθους ἢ μίμησις αὐτοῖς

γίνεται. [605a]

παντάπασι μὲν οὖν.

ὁ δὴ μιμητικὸς ποιητὴς δῆλον ὅτι οὐ πρὸς τὸ τοιοῦτον τῆς ψυχῆς πέφυκέ τε καὶ ἡ σοφία αὐτοῦ τούτῳ ἀρέσκειν πέπηγεν, εἰ μέλλει εὐδοκιμήσειν ἐν τοῖς πολλοῖς, ἀλλὰ πρὸς τὸ ἀγανακτητικόν τε καὶ ποικίλον ἦθος διὰ τὸ εὐμίμητον εἶναι.

δῆλον.

οὐκοῦν δικαίως ἂν αὐτοῦ ἤδη ἐπιλαμβανοίμεθα, καὶ τιθεῖμεν ἀντίστροφον αὐτὸν τῷ ζωγράφῳ: καὶ γὰρ τῷ φαῦλα ποιεῖν πρὸς ἀλήθειαν ἔοικεν αὐτῷ, καὶ τῷ πρὸς ἕτερον τοιοῦτον [605b] ὁμιλεῖν τῆς ψυχῆς ἀλλὰ μὴ πρὸς τὸ βέλτιστον, καὶ ταύτη ὁμοίωται. καὶ οὕτως ἤδη ἂν ἐν δίκῃ οὐ παραδεχοίμεθα εἰς μέλλουσιν εὐνομεῖσθαι πόλιν, ὅτι τοῦτο ἐγείρει τῆς ψυχῆς καὶ τρέφει καὶ ἰσχυρὸν ποιῶν ἀπόλλυσι τὸ λογιστικόν, ὥσπερ ἐν πόλει ὅταν τις μοχθηροὺς ἐγκρατεῖς ποιῶν παραδιδῷ τὴν πόλιν, τοὺς δὲ χαριεστέρους φθείρῃ: ταῦτόν καὶ τὸν μιμητικὸν ποιητὴν φήσομεν κακὴν πολιτείαν ἰδίᾳ ἐκάστου τῇ ψυχῇ ἐμποιεῖν, τῷ ἀνοήτῳ αὐτῆς [605c] χαριζόμενον καὶ οὔτε τὰ μείζω οὔτε τὰ ἐλάττω διαγιγνώσκοντι, ἀλλὰ τὰ αὐτὰ τοτὲ μὲν μεγάλα ἡγουμένῳ, τοτὲ δὲ σμικρά, εἶδωλα εἰδωλοποιοῦντα, τοῦ δὲ ἀληθοῦς πόρρω πάνυ ἀφεστῶτα.

πάνυ μὲν οὖν.

οὐ μέντοι πῶ τό γε μέγιστον κατηγορήκαμεν αὐτῆς. τὸ γὰρ καὶ τοὺς ἐπιεικεῖς ἱκανὴν εἶναι λωβᾶσθαι, ἐκτὸς πάνυ τινῶν ὀλίγων, πάνδεινόν που.

τί δ' οὐ μέλλει, εἴπερ γε δρᾷ αὐτό;

ἀκούων σκόπει. οἱ γὰρ που βέλτιστοι ἡμῶν ἀκροώμενοι Ὅμηρου ἢ ἄλλου τινὸς τῶν τραγωδοποιῶν μιμουμένου [605d] τινὰ τῶν ἡρώων ἐν πένθει ὄντα καὶ μακρὰν ῥῆσιν ἀποτείνοντα ἐν τοῖς ὀδυρμοῖς ἢ καὶ ᾄδοντάς τε καὶ κοπτομένους, οἷσθ' ὅτι χαίρομέν τε καὶ ἐνδόντες ἡμᾶς αὐτοὺς ἐπόμεθα συμπάσχοντες καὶ σπουδάζοντες ἐπαινοῦμεν ὥς ἀγαθὸν ποιητὴν, ὃς ἂν ἡμᾶς ὅτι μάλιστα οὕτω διαθῇ.

οἶδα: πῶς δ' οὐ;

ὅταν δὲ οἰκεῖόν τινι ἡμῶν κῆδος γένηται, ἐννοεῖς αὖ ὅτι ἐπὶ τῷ ἐναντίῳ καλλωπιζόμεθα, ἂν δυνώμεθα ἡσυχίαν ἄγειν [605e] καὶ καρτερεῖν, ὥς τοῦτο μὲν ἀνδρὸς ὄν, ἐκεῖνο δὲ γυναικός, ὃ τότε ἐπηνοῦμεν.

ἐννοῶ, ἔφη.

ἦ καλῶς οὖν, ἦν δ' ἐγώ, οὗτος ὁ ἔπαινος ἔχει, τὸ ὀρῶντα τοιοῦτον ἄνδρα, οἷον ἑαυτὸν τις μὴ ἀξιοῖ εἶναι ἀλλ' αἰσχύνοιτο ἄν, μὴ βδελύττεσθαι ἀλλὰ χαίρειν τε καὶ ἐπαινεῖν;

οὐ μὰ τὸν Δί', ἔφη, οὐκ εὐλόγῳ ἔοικεν. [606a]

ναί, ἦν δ' ἐγώ, εἰ ἐκείνη γ' αὐτὸ σκοποίης.

πῆ;

εἰ ἐνθυμοῖο ὅτι τὸ βίᾳ κατεχόμενον τότε ἐν ταῖς οἰκείαις συμφοραῖς καὶ πεπεινηκὸς τοῦ δακρῦσαί τε καὶ ἀποδύρασθαι ἱκανῶς καὶ ἀποπλησθῆναι, φύσει ὃν τοιοῦτον οἷον τούτων ἐπιθυμεῖν, τότε ἔστιν τοῦτο τὸ ὑπὸ τῶν ποιητῶν πιμπλάμενον καὶ χαῖρον: τὸ δὲ φύσει βέλτιστον ἡμῶν, ἅτε οὐχ ἱκανῶς πεπαιδευμένον λόγῳ οὐδὲ ἔθει, ἀνίησιν τὴν φυλακὴν τοῦ [606b] θρηνώδους τούτου, ἅτε ἀλλότρια πάθη θεωροῦν καὶ ἑαυτῷ οὐδὲν αἰσχρὸν ὃν εἰ ἄλλος ἀνὴρ ἀγαθὸς φάσκων εἶναι ἀκαίρως πενθεῖ, τοῦτον ἐπαινεῖν καὶ ἐλεεῖν, ἀλλ' ἐκεῖνο κερδαίνειν ἡγεῖται, τὴν ἡδονήν, καὶ οὐκ ἂν δέξαιτο αὐτῆς στερηθῆναι καταφρονήσας ὅλου τοῦ ποιήματος. λογίζεσθαι γὰρ οἶμαι ὀλίγοις τισὶν μέτεστιν ὅτι ἀπολαύειν ἀνάγκη ἀπὸ τῶν ἀλλοτρίων εἰς τὰ οἰκεῖα: θρέψαντα γὰρ ἐν ἐκείνοις ἰσχυρὸν τὸ ἐλεῖνδον οὐ ῥάδιον ἐν τοῖς αὐτοῦ πάθεσι κατέχειν. [606c] ἀληθέστατα, ἔφη.

ἄρ' οὖν οὐχ ὁ αὐτὸς λόγος καὶ περὶ τοῦ γελοίου; ὅτι, ἂν αὐτὸς αἰσχύνοιο γελωτοποιῶν, ἐν μιμήσει δὲ κωμωδικῇ ἢ καὶ ἰδίᾳ ἀκούων σφόδρα χαρῆς καὶ μὴ μισῆς ὥς πονηρά, ταῦτόν ποιεῖς ὅπερ ἐν τοῖς ἐλέοις; ὃ γὰρ τῷ λόγῳ αὖ κατεῖχες ἐν σαυτῷ βουλόμενον γελωτοποιεῖν, φοβούμενος δόξαν βωμολοχίας, τότε αὖ ἀνείεις, καὶ ἐκεῖ νεανικὸν ποιήσας ἔλαθες πολλάκις ἐν τοῖς οἰκείοις ἐξενεχθεῖς

ὥστε κωμωδοποιὸς γενέσθαι.

καὶ μάλα, ἔφη. [606d]

καὶ περὶ ἀφροδισίων δὴ καὶ θυμοῦ καὶ περὶ πάντων τῶν ἐπιθυμητικῶν τε καὶ λυπηρῶν καὶ ἡδέων ἐν τῇ ψυχῇ, ἃ δὴ φαμεν πάσῃ πράξει ἡμῖν ἔπεσθαι, ὅτι τοιαῦτα ἡμᾶς ἡ ποιητικὴ μίμησις ἐργάζεται: τρέφει γὰρ ταῦτα ἄρδουσα, δέον αὐχμεῖν, καὶ ἄρχοντα ἡμῖν καθίστησιν, δέον ἄρχεσθαι αὐτὰ ἵνα βελτίους τε καὶ εὐδαιμονέστεροι ἀντὶ χειρόνων καὶ ἀθλιωτέρων γινώμεθα.

οὐκ ἔχω ἄλλως φάναι, ἦ δ' ὅς. [606e]

οὐκοῦν, εἶπον, ὦ Γλαῦκων, ὅταν Ὀμήρου ἐπαινέταις ἐντύχης λέγουσιν ὡς τὴν Ἑλλάδα πεπαίδευκεν οὗτος ὁ ποιητὴς καὶ πρὸς διοίκησιν τε καὶ παιδείαν τῶν ἀνθρωπίνων πραγμάτων ἄξιος ἀναλαβόντι μανθάνειν τε καὶ κατὰ τοῦτον τὸν ποιητὴν πάντα τὸν αὐτοῦ βίον κατασκευασάμενον ζῆν, [607a] φιλεῖν μὲν χρὴ καὶ ἀσπάζεσθαι ὡς ὄντας βελτίστους εἰς ὅσον δύνανται, καὶ συγχωρεῖν Ὅμηρον ποιητικώτατον εἶναι καὶ πρῶτον τῶν τραγωδοποιῶν, εἰδέναι δὲ ὅτι ὅσον μόνον ὕμνους θεοῖς καὶ ἐγκώμια τοῖς ἀγαθοῖς ποιήσεως παραδεκτέον εἰς πόλιν: εἰ δὲ τὴν ἡδυσμένην Μοῦσαν παραδέξῃ ἐν μέλεσιν ἢ ἔπεσιν, ἡδονὴ σοι καὶ λύπη ἐν τῇ πόλει βασιλεύσεται ἀντὶ νόμου τε καὶ τοῦ κοινῇ ἀεὶ δόξαντος εἶναι βελτίστου λόγου.

ἀληθέστατα, ἔφη. [607b]

ταῦτα δὴ, ἔφην, ἀπολελογήσθω ἡμῖν ἀναμνησθεῖσιν περὶ ποιήσεως, ὅτι εἰκότως ἄρα τότε αὐτὴν ἐκ τῆς πόλεως ἀπεστέλλομεν τοιαύτην οὕσαν: ὁ γὰρ λόγος ἡμᾶς ἦρει. προσείπωμεν δὲ αὐτῇ, μὴ καὶ τινα σκληρότητα ἡμῶν καὶ ἀγροικίαν καταγνῶ, ὅτι παλαιὰ μὲν τις διαφορὰ φιλοσοφία τε καὶ ποιητικὴ: καὶ γὰρ ἡ ““λακέρυζα πρὸς δεσπότην κύων” ἐκεῖνη ““κραυγάζουσα” Unknown” καὶ ““μέγας ἐν ἀφρόνων κενεαγορίαισι”“ [607c] καὶ ὁ ““τῶν διασόφων ὄχλος κρατῶν”“ καὶ οἱ ““λεπτῶς μεριμνῶντες”“, ὅτι ἄρα ““πένονται”“, καὶ ἄλλα μυρία σημεῖα παλαιᾶς ἐναντιώσεως τούτων. ὅμως δὲ εἰρήσθω ὅτι ἡμεῖς γε, εἴ τινα ἔχοι λόγον εἰπεῖν ἢ πρὸς ἡδονὴν ποιητικὴ καὶ ἡ μίμησις, ὡς χρὴ αὐτὴν εἶναι ἐν πόλει εὐνομουμένη, ἄσμενοι ἂν καταδεχοίμεθα, ὡς σύνισμέν γε ἡμῖν αὐτοῖς κηλουμένοις ὑπ’ αὐτῆς:

ἀλλὰ γὰρ τὸ δοκοῦν ἀληθὲς οὐχ ὅσιον προδιδόναι. ἦ γάρ, ὦ φίλε, οὐ κηλῇ ὑπ' αὐτῆς [607d] καὶ σύ, καὶ μάλιστα ὅταν δι' Ὀμήρου θεωρῇς αὐτήν;

πολύ γε.

οὐκοῦν δικαία ἐστὶν οὕτω κατιέναι, ἀπολογησαμένη ἐν μέλει ἢ τινι ἄλλῳ μέτρῳ;

πάνυ μὲν οὖν.

δοῖμεν δέ γε που ἂν καὶ τοῖς προστάταις αὐτῆς, ὅσοι μὴ ποιητικοί, φιλοποιοῦνται δέ, ἄνευ μέτρου λόγον ὑπὲρ αὐτῆς εἰπεῖν, ὥς οὐ μόνον ἠδεῖα ἀλλὰ καὶ ὠφελίμη πρὸς τὰς πολιτείας καὶ τὸν βίον τὸν ἀνθρώπινόν ἐστιν· καὶ εὖμενῶς ἀκουσόμεθα. [607e] κερδανοῦμεν γάρ που ἐὰν μὴ μόνον ἠδεῖα φανῇ ἀλλὰ καὶ ὠφελίμη.

πῶς δ' οὐ μέλλομεν, ἔφη, κερδαίνειν;

εἰ δέ γε μή, ὦ φίλε ἐταῖρε, ὥσπερ οἱ ποτέ του ἐρασθέντες, ἐὰν ἠγῆσωνται μὴ ὠφέλιμον εἶναι τὸν ἔρωτα, βία μὲν, ὅμως δὲ ἀπέχονται, καὶ ἡμεῖς οὕτως, διὰ τὸν ἐγγεγονότα μὲν ἔρωτα τῆς τοιαύτης ποιήσεως ὑπὸ τῆς τῶν καλῶν πολιτειῶν [608a] τροφῆς, εὖνοι μὲν ἐσόμεθα φανῆναι αὐτήν ὥς βελτίστην καὶ ἀληθεστάτην, ἕως δ' ἂν μὴ οἷα τ' ἦ ἀπολογήσασθαι, ἀκροασόμεθ' αὐτῆς ἐπ' αὐτὴν ἡμῖν αὐτοῖς τοῦτον τὸν λόγον, ὃν λέγομεν, καὶ ταύτην τὴν ἐπωδὴν, εὐλαβούμενοι πάλιν ἐμπεσεῖν εἰς τὸν παιδικόν τε καὶ τὸν τῶν πολλῶν ἔρωτα. ἄσόμεθα δ' οὖν ὥς οὐ σπουδαστέον ἐπὶ τῇ τοιαύτῃ ποιήσει ὥς ἀληθείας τε ἀπτομένη καὶ σπουδαία, ἀλλ' εὐλαβητέον [608b] αὐτήν ὃν τῷ ἀκροωμένῳ, περὶ τῆς ἐν αὐτῷ πολιτείας δεδιότι, καὶ νομιστέα ἅπερ εἰρήκαμεν περὶ ποιήσεως.

παντάπασι, ἦ δ' ὅς, σύμφημι.

μέγας γάρ, ἔφην, ὁ ἀγών, ὦ φίλε Γλαύκων, μέγας, οὐχ ὅσος δοκεῖ, τὸ χρηστὸν ἢ κακὸν γενέσθαι, ὥστε οὔτε τιμὴ ἐπαρθέντα οὔτε χρήμασι οὔτε ἀρχῇ οὐδεμιᾷ οὐδέ γε ποιητικῇ ἄξιον ἀμελῆσαι δικαιοσύνης τε καὶ τῆς ἄλλης ἀρετῆς.

σύμφημί σοι, ἔφη, ἐξ ὧν διεληλύθαμεν· οἶμαι δὲ καὶ ἄλλον ὄντιν οὖν.

[608c]

καὶ μὴν, ἦν δ' ἐγώ, τά γε μέγιστα ἐπίχειρα ἀρετῆς καὶ προκείμενα ἄθλα οὐ διεληλύθαμεν.

ἀμήχανόν τι, ἔφη, λέγεις μέγεθος, εἰ τῶν εἰρημένων μείζω ἐστὶν ἄλλα.

τί δ' ἄν, ἦν δ' ἐγώ, ἔν γε ὀλίγῳ χρόνῳ μέγα γένοιτο; πᾶς γὰρ οὗτός γε ὁ ἐκ παιδὸς μέχρι πρεσβύτου χρόνος πρὸς πάντα ὀλίγος πού τις ἂν εἴη.

οὐδὲν μὲν οὖν, ἔφη.

τί οὖν; οἶει ἀθανάτῳ πράγματι ὑπὲρ τοσούτου δεῖν [608d] χρόνου ἐσπουδακέναι, ἀλλ' οὐχ ὑπὲρ τοῦ παντός;

οἶμαι ἔγωγ', ἔφη; ἀλλὰ τί τοῦτο λέγεις;

οὐκ ἦσθησαι, ἦν δ' ἐγώ, ὅτι ἀθάνατος ἡμῶν ἡ ψυχὴ καὶ οὐδέποτε ἀπόλλυται;

καὶ ὃς ἐμβλέψας μοι καὶ θαυμάσας εἶπε: μὰ Δί', οὐκ ἔγωγε: σὺ δὲ τοῦτ' ἔχεις λέγειν;

εἰ μὴ ἀδικῶ γ', ἔφην. οἶμαι δὲ καὶ σὺ: οὐδὲν γὰρ χαλεπόν.

ἔμοιγ', ἔφη: σοῦ δ' ἂν ἡδέως ἀκούσαιμι τὸ οὐ χαλεπὸν τοῦτο.

ἀκούοις ἄν, ἦν δ' ἐγώ.

λέγε μόνον, ἔφη.

ἀγαθόν τι, εἶπον, καὶ κακὸν καλεῖς;

ἔγωγε. [608e]

ἄρ' οὖν ὥσπερ ἐγὼ περὶ αὐτῶν διανοῇ;

τὸ ποῖον;

τὸ μὲν ἀπολλύον καὶ διαφθεῖρον πᾶν τὸ κακὸν εἶναι, τὸ δὲ σῶζον καὶ ὠφελοῦν τὸ ἀγαθόν.

ἔγωγ', ἔφη.

τί δέ; κακὸν ἐκάστω τι καὶ ἀγαθὸν λέγεις; οἷον ὀφθαλμοῖς [609a] ὀφθαλμίαν καὶ σύμπαντι τῷ σώματι νόσον, σίτω τε ἐρυσίβην, σηπεδόνα τε ξύλοις, χαλκῷ δὲ καὶ σιδήρῳ ἰόν, καί, ὅπερ λέγω, σχεδὸν πᾶσι σύμφυτον ἐκάστω κακὸν τε καὶ νόσημα;

ἔγωγ', ἔφη.

οὐκοῦν ὅταν τῷ τι τούτων προσγένηται, πονηρόν τε ποιεῖ ὃ προσεγένετο, καὶ τελευτῶν ὅλον διέλυσεν καὶ ἀπώλεσεν;

πῶς γὰρ οὐ;

τὸ σύμφυτον ἄρα κακὸν ἐκάστου καὶ ἡ πονηρία ἕκαστον ἀπόλλυσιν, ἢ εἰ μὴ τοῦτο ἀπολεῖ, οὐκ ἂν ἄλλο γε αὐτὸ ἔτι [609b] διαφθείρειεν. οὐ γὰρ τό γε ἀγαθὸν μὴ ποτέ τι ἀπολέσῃ, οὐδὲ αὖ τὸ μήτε κακὸν μήτε ἀγαθόν.

πῶς γὰρ ἂν; ἔφη.

ἐὰν ἄρα τι εὐρίσκωμεν τῶν ὄντων, ὃ ἔστι μὲν κακὸν ὃ ποιεῖ αὐτὸ μοχθηρόν, τοῦτο μέντοι οὐχ οἷόν τε αὐτὸ λύειν ἀπολλύον, οὐκ ἤδη εἰσόμεθα ὅτι τοῦ πεφυκότος οὕτως ὄλεθρος οὐκ ἦν;

οὕτως, ἔφη, εἰκός.

τί οὖν; ἦν δ' ἐγώ: ψυχῇ ἄρ' οὐκ ἔστιν ὃ ποιεῖ αὐτὴν αὐτὴν κακὴν;

καὶ μάλα, ἔφη: ἃ νυνδὴ διῆμεν πάντα, ἀδικία τε καὶ [609c] ἀκολασία καὶ δειλία καὶ ἀμαθία.

ἢ οὖν τι τούτων αὐτὴν διαλύει τε καὶ ἀπόλλυσι; καὶ ἐννόει μὴ ἐξαπατηθῶμεν οἰηθέντες τὸν ἄδικον ἄνθρωπον καὶ ἀνόητον, ὅταν ληφθῇ ἀδικῶν, τότε ἀπολωλέναι ὑπὸ τῆς ἀδικίας, πονηρίας οὔσης ψυχῆς. ἀλλ' ὧδε ποίει: ὥσπερ σῶμα ἢ σώματος πονηρία νόσος οὔσα τήκει καὶ διόλλυσι καὶ ἄγει εἰς τὸ μηδὲ σῶμα εἶναι, καὶ ἃ νυνδὴ ἐλέγομεν [609d] ἅπαντα ὑπὸ τῆς οἰκείας κακίας, τῷ προσκαθῆσθαι καὶ ἐνεῖναι διαφθειρούσης, εἰς τὸ μὴ εἶναι ἀφικνεῖται-οὐχ οὕτω;

ναί.

ἴθι δῆ, καὶ ψυχὴν κατὰ τὸν αὐτὸν τρόπον σκόπει. ἄρα ἐνοῦσα ἐν αὐτῇ ἀδικία καὶ ἡ ἄλλη κακία τῷ ἐνεῖναι καὶ προσκαθῆσθαι φθείρει αὐτὴν καὶ μαραίνει, ἕως ἂν εἰς θάνατον ἀγαθοῦσα τοῦ σώματος χωρίσῃ;

οὐδαμῶς, ἔφη, τοῦτό γε.

ἀλλὰ μέντοι ἐκεῖνό γε ἄλογον, ἦν δ' ἐγώ, τὴν μὲν ἄλλου πονηρίαν ἀπολλύναι τι, τὴν δὲ αὐτοῦ μή.

ἄλογον. [609e]

ἐννόει γάρ, ἦν δ' ἐγώ, ὃ Γλαῦκων, ὅτι οὐδ' ὑπὸ τῆς τῶν σιτίων πονηρίας, ἢ ἂν ἡ αὐτῶν ἐκείνων, εἴτε παλαιότης εἴτε σαπρότης εἴτε ἡτισοῦν οὖσα, οὐκ οἰόμεθα δεῖν σῶμα ἀπόλλυσθαι: ἀλλ' ἐὰν μὲν ἐμποιῇ ἡ αὐτῶν πονηρία τῶν σιτίων τῷ σώματι σώματος μοχθηρίαν, φήσομεν αὐτὸ δι' ἐκεῖνα ὑπὸ τῆς αὐτοῦ κακίας νόσου οὔσης ἀπολωλέναι: ὑπὸ [610a] δὲ σιτίων πονηρίας ἄλλων ὄντων ἄλλο ὄν τὸ σῶμα, ὑπ' ἄλλοτρίου κακοῦ μὴ ἐμποιήσαντος τὸ ἔμφυτον κακόν, οὐδέποτε ἀξιόσομεν διαφθεῖρεσθαι.

ὀρθότατ' αὖ, ἔφη, λέγεις.

κατὰ τὸν αὐτὸν τοίνυν λόγον, ἦν δ' ἐγώ, ἐὰν μὴ σώματος πονηρία ψυχῇ ψυχῆς πονηρίαν ἐμποιῇ, μὴ ποτε ἀξιῶμεν ὑπὸ ἄλλοτρίου κακοῦ ἄνευ τῆς ἰδίας πονηρίας ψυχὴν ἀπόλλυσθαι, τῷ ἐτέρου κακῷ ἕτερον.

ἔχει γάρ, ἔφη, λόγον.

ἡ τοίνυν ταῦτα ἐξελέγξωμεν ὅτι οὐ καλῶς λέγομεν, ἢ [610b] ἕως ἂν ἡ ἀνέλεγκτα, μὴ ποτε φῶμεν ὑπὸ πυρετοῦ μηδ' αὖ ὑπ' ἄλλης νόσου μηδ' αὖ ὑπὸ σφαγῆς, μηδ' εἴ τις ὅτι σμικρότατα ὅλον τὸ σῶμα κατατέμει, ἔνεκα τούτων μηδὲν μᾶλλον ποτε ψυχὴν ἀπόλλυσθαι, πρὶν ἂν τις ἀποδείξῃ ὥς διὰ ταῦτα τὰ παθήματα τοῦ σώματος αὐτὴ ἐκεῖνη ἀδικωτέρα καὶ ἀνοσιωτέρα γίνεταί: ἄλλοτρίου δὲ κακοῦ ἐν ἄλλῳ γιγνομένου, τοῦ δὲ ἰδίου ἐκάστῳ μὴ ἐγγιγνομένου, [610c] μήτε ψυχὴν μήτε ἄλλο μηδὲν ἐῷμεν φάναι τινὰ ἀπόλλυσθαι.

ἀλλὰ μέντοι, ἔφη, τοῦτό γε οὐδεὶς ποτε δείξει, ὥς τῶν

ἀποθνήσκοντων ἀδικώτεροι αἱ ψυχαὶ διὰ τὸν θάνατον γίνονται.

ἐὰν δέ γέ τις, ἔφην ἐγώ, ὁμόσε τῷ λόγῳ τολμᾷ ἰέναι καὶ λέγειν ὡς πονηρότερος καὶ ἀδικώτερος γίγνεται ὁ ἀποθνήσκων, ἵνα δὴ μὴ ἀναγκάζεται ἀθανάτους τὰς ψυχὰς ὁμολογεῖν, ἀξιόσομέν που, εἰ ἀληθῆ λέγει ὁ ταῦτα λέγων, τὴν ἀδικίαν εἶναι θανάσιμον τῷ ἔχοντι ὥσπερ νόσον, καὶ ὑπ' [610d] αὐτοῦ, τοῦ ἀποκτεινύντος τῇ ἐαυτοῦ φύσει, ἀποθνήσκειν τοὺς λαμβάνοντας αὐτό, τοὺς μὲν μάλιστα θᾶπτον, τοὺς δ' ἥττον σχολαίτερον, ἀλλὰ μὴ ὥσπερ νῦν διὰ τοῦτο ὑπ' ἄλλων δίκην ἐπιτιθέντων ἀποθνήσκουσιν οἱ ἄδικοι.

μὰ Δί', ἥ δ' ὅς, οὐκ ἄρα πάνδεινον φανεῖται ἡ ἀδικία, εἰ θανάσιμον ἔσται τῷ λαμβάνοντι-ἀπαλλαγὴ γὰρ ἂν εἴη κακῶν-ἀλλὰ μᾶλλον οἶμαι αὐτὴν φανήσεσθαι πᾶν τοῦναντίον [610e] τοὺς ἄλλους ἀποκτεινῶσαν, εἵπερ οἶόν τε, τὸν δ' ἔχοντα καὶ μάλα ζωτικὸν παρέχουσιν, καὶ πρὸς γ' ἔτι τῷ ζωτικῷ ἄγρυπνον: οὕτω πόρρω που, ὡς ἔοικεν, ἐσκήνηται τοῦ θανάσιμος εἶναι.

καλῶς, ἦν δ' ἐγώ, λέγεις. ὁπότε γὰρ δὴ μὴ ἱκανὴ ἦ γε οἰκεία πονηρία καὶ τὸ οἰκεῖον κακὸν ἀποκτεῖναι καὶ ἀπολέσαι ψυχὴν, σχολῇ τό γε ἐπ' ἄλλου ὀλέθρῳ τεταγμένον κακὸν ψυχὴν ἢ τι ἄλλο ἀπολεῖ, πλὴν ἐφ' ᾧ τέτακται.

σχολῇ γ', ἔφη, ὥς γε τὸ εἰκός.

οὐκοῦν ὁπότε μὴδ' ὑφ' ἐνὸς ἀπόλλυται κακοῦ, μήτε [611a] οἰκείου μήτε ἀλλοτρίου, δηλὸν ὅτι ἀνάγκη αὐτὸ ἀεὶ ὄν εἶναι: εἰ δ' ἀεὶ ὄν, ἀθάνατον.

ἀνάγκη, ἔφη.

τοῦτο μὲν τοίνυν, ἦν δ' ἐγώ, οὕτως ἐχέτω: εἰ δ' ἔχει, ἐννοεῖς ὅτι ἀεὶ ἂν εἶεν αἱ αὐταί. οὔτε γὰρ ἂν που ἐλάττους γένοιτο μηδεμιᾶς ἀπολλυμένης, οὔτε αὖ πλείους: εἰ γὰρ ὅτιοῦν τῶν ἀθανάτων πλέον γίγνοιτο, οἶσθ' ὅτι ἐκ τοῦ θνητοῦ ἂν γίγνοιτο καὶ πάντα ἂν εἴη τελευτῶντα ἀθάνατα.

ἀληθῆ λέγεις.

ἀλλ', ἦν δ' ἐγώ, μήτε τοῦτο οἰώμεθα-ὁ γὰρ λόγος οὐκ [611b] ἐάσει-

μήτε γε αὖ τῇ ἀληθεστάτῃ φύσει τοιοῦτον εἶναι ψυχὴν, ὥστε πολλῆς ποικιλίας καὶ ἀνομοιότητός τε καὶ διαφορᾶς γέμειν αὐτὸ πρὸς αὐτό.

πῶς λέγεις; ἔφη.

οὐ ῥάδιον, ἦν δ' ἐγώ, αἰδίδιον εἶναι σύνθετόν τε ἐκ πολλῶν καὶ μὴ τῇ καλλίστῃ κεκρημένον συνθέσει, ὥς νῦν ἡμῖν ἐφάνη ἡ ψυχὴ.

οὕκουν εἰκός γε.

ὅτι μὲν τοίνυν ἀθάνατον ψυχὴ, καὶ ὁ ἄρτι λόγος καὶ οἱ ἄλλοι ἀναγκάσειαν ἄν: οἷον δ' ἐστὶν τῇ ἀληθείᾳ, οὐ λελωβημένον [611c] δεῖ αὐτὸ θεάσασθαι ὑπὸ τε τῆς τοῦ σώματος κοινωνίας καὶ ἄλλων κακῶν, ὥσπερ νῦν ἡμεῖς θεώμεθα, ἀλλ' οἷόν ἐστιν καθαρὸν γιγνόμενον, τοιοῦτον ἱκανῶς λογισμῷ διαθεατέον, καὶ πολὺ γε κάλλιον αὐτὸ εὐρήσει καὶ ἐναργέστερον δικαιοσύνας τε καὶ ἀδικίας διόψεται καὶ πάντα ἃ νῦν διήλθομεν. νῦν δὲ εἵπομεν μὲν ἀληθῆ περὶ αὐτοῦ, οἷον ἐν τῷ παρόντι φαίνεται: τεθεάμεθα μέντοι διακείμενον αὐτό, ὥσπερ οἱ τὸν [611d] θαλάττιον Γλαῦκον ὀρῶντες οὐκ ἂν ἔτι ῥαδίως αὐτοῦ ἴδοιεν τὴν ἀρχαίαν φύσιν, ὑπὸ τοῦ τά τε παλαιὰ τοῦ σώματος μέρη τὰ μὲν ἐκκεκλάσθαι, τὰ δὲ συντετριῖσθαι καὶ πάντως λελωβῆσθαι ὑπὸ τῶν κυμάτων, ἄλλα δὲ προσπεφυκέναι, ὄστρεά τε καὶ φυκία καὶ πέτρας, ὥστε παντὶ μᾶλλον θηρίῳ εἰκέναι ἢ οἷος ἦν φύσει, οὕτω καὶ τὴν ψυχὴν ἡμεῖς θεώμεθα διακειμένην ὑπὸ μυρίων κακῶν. ἀλλὰ δεῖ, ὦ Γλαῦκων, ἐκεῖσε βλέπειν.

ποῖ; ἦ δ' ὅς. [611e]

εἰς τὴν φιλοσοφίαν αὐτῆς, καὶ ἐννοεῖν ὧν ἅπτεται καὶ οἷων ἐφίεται ὁμιλιῶν, ὥς συγγενῆς οὕσα τῷ τε θείῳ καὶ ἀθανάτῳ καὶ τῷ αἰεὶ ὄντι, καὶ οἷα ἂν γένοιτο τῷ τοιούτῳ πᾶσα ἐπισπομένη καὶ ὑπὸ ταύτης τῆς ὁρμῆς ἐκκομισθεῖσα ἐκ τοῦ πόντου ἐν ᾧ νῦν ἐστίν, καὶ περικρουσθεῖσα πέτρας [612a] τε καὶ ὄστρεα ἃ νῦν αὐτῇ, ἅτε γῆν ἐστιωμένην, γεηρὰ καὶ πετρώδη πολλὰ καὶ ἄγρια περιπέφυκεν ὑπὸ τῶν εὐδαιμόνων λεγομένων ἐστιάσεων. καὶ τότε ἂν τις ἴδοι αὐτῆς τὴν ἀληθῆ φύσιν, εἴτε πολυειδῆς εἴτε μονοειδής, εἴτε ὅπῃ ἔχει καὶ ὅπως: νῦν δὲ τὰ ἐν τῷ ἀνθρωπίνῳ βίῳ πάθη τε καὶ εἶδη, ὥς ἐγὼμαι, ἐπιεικῶς αὐτῆς διεληλύθαμεν.

παντάπασι μὲν οὖν, ἔφη.

οὐκοῦν, ἦν δ' ἐγώ, τά τε ἄλλα ἀπελυσάμεθα ἐν τῷ λόγῳ, [612b] καὶ οὐ τοὺς μισθοὺς οὐδὲ τὰς δόξας δικαιοσύνης ἐπηνέκαμεν, ὥσπερ Ἡσίοδόν τε καὶ Ὅμηρον ὑμεῖς ἔφατε, ἀλλ' αὐτὸ δικαιοσύνην αὐτῇ ψυχῇ ἄριστον ἡΐρομεν, καὶ ποιητέον εἶναι αὐτῇ τὰ δίκαια, ἐάντ' ἔχη τὸν Γύγου δακτύλιον, ἐάντε μή, καὶ πρὸς τοιοῦτῳ δακτυλίῳ τὴν Ἄιδος κυνῆν;

ἀληθέστατα, ἔφη, λέγεις.

ἄρ' οὖν, ἦν δ' ἐγώ, ὦ Γλαύκων, νῦν ἤδη ἀνεπίφθονόν ἐστιν πρὸς ἐκείνοις καὶ τοὺς μισθοὺς τῇ δικαιοσύνῃ καὶ τῇ [612c] ἄλλῃ ἀρετῇ ἀποδοῦναι, ὅσους τε καὶ οἷους τῇ ψυχῇ παρέχει παρ' ἀνθρώπων τε καὶ θεῶν, ζῶντός τε ἔτι τοῦ ἀνθρώπου καὶ ἐπειδὰν τελευτήσῃ;

παντάπασι μὲν οὖν, ἦ δ' ὅς.

ἄρ' οὖν ἀποδώσετε μοι ἃ ἐδανείσασθε ἐν τῷ λόγῳ;

τί μάλιστα;

ἔδωκα ὑμῖν τὸν δίκαιον δοκεῖν ἄδικον εἶναι καὶ τὸν ἄδικον δίκαιον: ὑμεῖς γὰρ ἡτέισθε, καὶ εἰ μὴ δυνατόν εἴη ταῦτα λανθάνειν καὶ θεοὺς καὶ ἀνθρώπους, ὅμως δοτέον εἶναι τοῦ λόγου ἕνεκα, ἵνα αὐτὴ δικαιοσύνη πρὸς ἀδικίαν αὐτὴν [612d] κριθείη. ἢ οὐ μνημονεύεις;

ἀδικοίην μεντᾶν, ἔφη, εἰ μή.

ἐπειδὴ τοίνυν, ἦν δ' ἐγώ, κεκριμένα εἰσί, πάλιν ἀπαιτῶ ὑπὲρ δικαιοσύνης, ὥσπερ ἔχει δόξης καὶ παρὰ θεῶν καὶ παρ' ἀνθρώπων, καὶ ἡμᾶς ὁμολογεῖν περὶ αὐτῆς δοκεῖσθαι οὕτω, ἵνα καὶ τὰ νικητήρια κομίσηται, ἀπὸ τοῦ δοκεῖν κτωμένα ἃ δίδωσι τοῖς ἔχουσιν αὐτήν, ἐπειδὴ καὶ τὰ ἀπὸ τοῦ εἶναι ἀγαθὰ διδοῦσα ἐφάνη καὶ οὐκ ἐξαπατῶσα τοὺς τῷ ὄντι λαμβάνοντας αὐτήν. [612e]

δίκαια, ἔφη, αἰτῇ.

οὐκοῦν, ἦν δ' ἐγώ, πρῶτον μὲν τοῦτο ἀποδώσετε, ὅτι θεοὺς γε οὐ λανθάνει ἐκάτερος αὐτῶν οἷός ἐστιν;

ἀποδώσομεν, ἔφη.

εἰ δὲ μὴ λανθάνετον, ὁ μὲν θεοφιλὴς ἂν εἴη, ὁ δὲ θεομισῆς, ὥσπερ καὶ κατ' ἀρχὰς ὠμολογοῦμεν.

ἔστι ταῦτα.

τῷ δὲ θεοφιλεῖ οὐχ ὁμολογήσομεν, ὅσα γε ἀπὸ θεῶν [613a] γίγνεται, πάντα γίγνεσθαι ὡς οἷόν τε ἄριστα, εἰ μὴ τι ἀναγκαῖον αὐτῷ κακὸν ἐκ προτέρας ἀμαρτίας ὑπῆρχεν;

πάνυ μὲν οὖν.

οὕτως ἄρα ὑποληπτέον περὶ τοῦ δικαίου ἀνδρός, ἐάντ' ἐν πενίᾳ γίγνηται ἐάντ' ἐν νόσοις ἢ τινι ἄλλῳ τῶν δοκούντων κακῶν, ὡς τούτῳ ταῦτα εἰς ἀγαθόν τι τελευτήσῃ ζῶντι ἢ καὶ ἀποθανόντι. οὐ γὰρ δὴ ὑπὸ γε θεῶν ποτε ἀμελεῖται ὅς ἂν προθυμεῖσθαι ἐθέλῃ δίκαιος γίγνεσθαι καὶ ἐπιτηδεύων [613b] ἀρετὴν εἰς ὅσον δυνατὸν ἀνθρώπῳ ὁμοιοῦσθαι θεῷ.

εἰκός γ', ἔφη, τὸν τοιοῦτον μὴ ἀμελεῖσθαι ὑπὸ τοῦ ὁμοίου.

οὐκοῦν περὶ τοῦ ἀδίκου τάναντία τούτων δεῖ διανοεῖσθαι;

σφόδρα γε.

τὰ μὲν δὴ παρὰ θεῶν τοιαῦτ' ἄττ' ἂν εἴη νικητήρια τῷ δικαίῳ.

κατὰ γοῦν ἐμὴν δόξαν, ἔφη.

τί δέ, ἦν δ' ἐγώ, παρ' ἀνθρώπων; ἄρ' οὐχ ὧδε ἔχει, εἰ δεῖ τὸ ὄν τιθέναί; οὐχ οἱ μὲν δεινοί τε καὶ ἄδικοι δρῶσιν ὅπερ οἱ δρομῆς ὅσοι ἂν θέωσιν εὖ ἀπὸ τῶν κάτω, ἀπὸ δὲ τῶν ἄνω μή; τὸ μὲν πρῶτον ὀξέως ἀποπηδῶσιν, τελευτῶντες [613c] δὲ καταγέλαστοι γίνονται, τὰ ὅτα ἐπὶ τῶν ὤμων ἔχοντες καὶ ἀστεφάνωτοι ἀποτρέχοντες: οἱ δὲ τῇ ἀληθείᾳ δρομικοὶ εἰς τέλος ἐλθόντες τά τε ἄθλα λαμβάνουσιν καὶ στεφανοῦνται. οὐχ οὕτω καὶ περὶ τῶν δικαίων τὸ πολὺ συμβαίνει; πρὸς τὸ τέλος ἐκάστης πράξεως καὶ ὁμιλίας καὶ τοῦ βίου εὐδοκимоῦσί τε καὶ τὰ ἄθλα παρὰ τῶν ἀνθρώπων φέρονται;

καὶ μάλα.

ἀνέξῃ ἄρα λέγοντος ἐμοῦ περὶ τούτων ἅπερ αὐτὸς ἔλεγε [613d] περὶ τῶν ἀδίκων; ἐρῶ γὰρ δὴ ὅτι οἱ μὲν δίκαιοι, ἐπειδὴν πρεσβύτεροι γένωνται, ἐν τῇ αὐτῶν πόλει ἄρχουσιν τε ἂν βούλωνται τὰς ἀρχάς, γαμοῦσί τε ὁπόθεν ἂν βούλωνται, ἐκδιδόασιν τε εἰς οὓς ἂν ἐθέλωσι· καὶ πάντα ἃ σὺ περὶ ἐκείνων, ἐγὼ νῦν λέγω περὶ τῶνδε. καὶ αὖ καὶ περὶ τῶν ἀδίκων, ὅτι οἱ πολλοὶ αὐτῶν, καὶ ἐὰν νέοι ὄντες λάθωσιν, ἐπὶ τέλους τοῦ δρόμου αἰρεθέντες καταγέλαστοί εἰσιν καὶ γέροντες γιγνόμενοι ἄθλιοι προπηλακίζονται ὑπὸ ξένων τε [613e] καὶ ἀστῶν, μαστιγούμενοι καὶ ἃ ἄγροικα ἔφησθα σὺ εἶναι, ἀληθεῖ λέγων-εἵτα στρεβλώσονται καὶ ἐκκαυθήσονται- πάντα ἐκεῖνα οἴου καὶ ἐμοῦ ἀκηκοέναι ὡς πάσχουσιν. ἀλλ' ὃ λέγω, ὅρα εἰ ἀνέξῃ.

καὶ πάνυ, ἔφη· δίκαια γὰρ λέγεις.

ἃ μὲν τοίνυν, ἦν δ' ἐγώ, ζῶντι τῷ δικαίῳ παρὰ θεῶν τε [614a] καὶ ἀνθρώπων ἄθλα τε καὶ μισθοὶ καὶ δῶρα γίγνεται πρὸς ἐκείνοις τοῖς ἀγαθοῖς οἷς αὐτὴ παρείχετο ἡ δικαιοσύνη, τοιαῦτ' ἂν εἴη.

καὶ μάλ', ἔφη, καλὰ τε καὶ βέβαια.

ταῦτα τοίνυν, ἦν δ' ἐγώ, οὐδέν ἐστι πλήθει οὐδὲ μεγέθει πρὸς ἐκεῖνα ἃ τελευτήσαντα ἐκάτερον περιμένει· χρὴ δ' αὐτὰ ἀκοῦσαι, ἵνα τελέως ἐκάτερος αὐτῶν ἀπειλήφῃ τὰ ὑπὸ τοῦ λόγου ὀφειλόμενα ἀκοῦσαι. [614b]

λέγοις ἄν, ἔφη, ὥς οὐ πολλὰ ἄλλ' ἥδιον ἀκούοντι.

ὅπως ἂν ἦ καὶ ἐκεῖ ἀνέκπληκτος ὑπὸ πλούτων τε καὶ τῶν τοιούτων κακῶν, καὶ μὴ ἐμπεσὼν εἰς τυραννίδας καὶ ἄλλας τοιαύτας πράξεις πολλά μὲν ἐργάσεται καὶ ἀνήκεστα κακά, ἔτι δὲ αὐτὸς μείζω πάθῃ, ἀλλὰ γνῶ τὸν μέσον ἀεὶ τῶν τοιούτων βίον αἰρεῖσθαι καὶ φεύγειν τὰ ὑπερβάλλοντα ἐκατέρωσε καὶ ἐν τῷδε τῷ βίῳ κατὰ τὸ δυνατὸν καὶ ἐν παντὶ τῷ ἔπειτα: οὕτω γὰρ [619b] εὐδαιμονέστατος γίγνεται ἄνθρωπος.

καὶ δὴ οὖν καὶ τότε ὁ ἐκεῖθεν ἄγγελος ἡγγελλε τὸν μὲν προφήτην οὕτως εἰπεῖν: “καὶ τελευταίῳ ἐπιόντι, ζῆν νῶ ἐλομένῳ, συντόνως ζῶντι κεῖται βίος ἀγαπητός, οὐ κακός. μήτε ὁ ἄρχων αἰρέσεως ἀμελείτω μήτε ὁ τελευτῶν ἀθυμείτω.”

εἰπόντος δὲ ταῦτα τὸν πρῶτον λαχόντα ἔφη εὐθὺς ἐπιόντα τὴν μεγίστην τυραννίδα ἐλέσθαι, καὶ ὑπὸ ἀφροσύνης τε καὶ λαιμαργίας οὐ πάντα ἱκανῶς ἀνασκεψάμενον ἐλέσθαι, ἀλλ’ [619c] αὐτὸν λαθεῖν ἐνοῦσαν εἰμαρμένην παίδων αὐτοῦ βρώσεις καὶ ἄλλα κακά: ἐπειδὴ δὲ κατὰ σχολὴν σκέψασθαι, κόπτεσθαι τε καὶ ὀδύρεσθαι τὴν αἵρεσιν, οὐκ ἐμμένοντα τοῖς προρρηθεῖσιν ὑπὸ τοῦ προφήτου: οὐ γὰρ ἑαυτὸν αἰτιάσθαι τῶν κακῶν, ἀλλὰ τύχην τε καὶ δαίμονας καὶ πάντα μᾶλλον ἂνθ’ ἑαυτοῦ. εἶναι δὲ αὐτὸν τῶν ἐκ τοῦ οὐρανοῦ ἡκόντων, ἐν τεταγμένη πολιτείᾳ ἐν τῷ προτέρῳ βίῳ βεβιωκότα, ἔθει [619d] ἄνευ φιλοσοφίας ἀρετῆς μετεिल्φότα. ὥς δὲ καὶ εἰπεῖν, οὐκ ἐλάττους εἶναι ἐν τοῖς τοιούτοις ἀλίσκομένους τοὺς ἐκ τοῦ οὐρανοῦ ἦκοντας, ἅτε πόνων ἀγυμνάστους: τῶν δ’ ἐκ τῆς γῆς τοὺς πολλούς, ἅτε αὐτοὺς τε πεπονηκότας ἄλλους τε ἑωρακότας, οὐκ ἐξ ἐπιδρομῆς τὰς αἰρέσεις ποιεῖσθαι. διὸ δὴ καὶ μεταβολὴν τῶν κακῶν καὶ τῶν ἀγαθῶν ταῖς πολλαῖς τῶν ψυχῶν γίνεσθαι καὶ διὰ τὴν τοῦ κλήρου τύχην: ἐπεὶ εἴ τις ἀεὶ, ὅποτε εἰς τὸν ἐνθάδε βίον ἀφικνοῖτο, ὑγιῶς φιλοσοφοῖ [619e] καὶ ὁ κληρὸς αὐτῷ τῆς αἰρέσεως μὴ ἐν τελευταίοις πίπτει, κινδυνεύει ἐκ τῶν ἐκεῖθεν ἀπαγγελλομένων οὐ μόνον ἐνθάδε εὐδαιμονεῖν ἄν, ἀλλὰ καὶ τὴν ἐνθένδε ἐκείσε καὶ δεῦρο πάλιν πορείαν οὐκ ἂν χθονίαν καὶ τραχεῖαν πορεύεσθαι, ἀλλὰ λείαν τε καὶ οὐρανίαν.

ταύτην γὰρ δὴ ἔφη τὴν θεὰν ἀξίαν εἶναι ἰδεῖν, ὥς ἕκασται [620a] αἱ ψυχαὶ ἡροῦντο τοὺς βίους: ἐλαινὴν τε γὰρ ἰδεῖν εἶναι καὶ γελοίαν καὶ θαυμασίαν. κατὰ συνήθειαν γὰρ τοῦ προτέρου βίου τὰ πολλὰ αἰρεῖσθαι. ἰδεῖν μὲν γὰρ ψυχὴν ἔφη τὴν ποτε Ὀρφέως γενομένην

κύκνου βίον αἰρουμένην, μίσει τοῦ γυναικείου γένους διὰ τὸν ὑπ' ἐκείνων θάνατον οὐκ ἐθέλουσαν ἐν γυναικὶ γεννηθεῖσαν γενέσθαι: ἰδεῖν δὲ τὴν Θαμύρου ἀηδόνης ἐλομένην: ἰδεῖν δὲ καὶ κύκνον μεταβάλλοντα εἰς ἀνθρωπίνου βίου αἵρεσιν, καὶ ἄλλα ζῷα μουσικὰ ὡσαύτως. [620b] εἰκοστὴν δὲ λαχοῦσαν ψυχὴν ἐλέσθαι λέοντος βίον: εἶναι δὲ τὴν Αἴαντος τοῦ Τελαμωνίου, φεύγουσαν ἄνθρωπον γενέσθαι, μεμνημένην τῆς τῶν ὄπλων κρίσεως. τὴν δ' ἐπὶ τούτῳ Ἀγαμέμνωνος: ἔχθρα δὲ καὶ ταύτην τοῦ ἀνθρωπίνου γένους διὰ τὰ πάθη ἀετοῦ διαλλάξαι βίον. ἐν μέσοις δὲ λαχοῦσαν τὴν Ἀταλάντης ψυχὴν, κατιδοῦσαν μεγάλας τιμὰς ἀθλητοῦ ἀνδρός, οὐ δύνασθαι παρελθεῖν, ἀλλὰ λαβεῖν. μετὰ [620c] δὲ ταύτην ἰδεῖν τὴν Ἐπειοῦ τοῦ Πανοπέως εἰς τεχνικῆς γυναικὸς ἰοῦσαν φύσιν: πόρρω δ' ἐν ὑστάτοις ἰδεῖν τὴν τοῦ γελωτοποιοῦ Θερσίτου πίθηκον ἐνδυομένην. κατὰ τύχην δὲ τὴν Ὀδυσσέως λαχοῦσαν πασῶν ὑστάτην αἵρησομένην ἰέναι, μνήμη δὲ τῶν προτέρων πόνων φιλοτιμίας λεωφοικυῖαν ζητεῖν περιουῶσαν χρόνον πολὺν βίον ἀνδρὸς ἰδιώτου ἀπράγμονος, καὶ μόγις εὐρεῖν κείμενόν που καὶ παρημελημένον [620d] ὑπὸ τῶν ἄλλων, καὶ εἰπεῖν ἰδοῦσαν ὅτι τὰ αὐτὰ ἂν ἔπραξεν καὶ πρώτη λαχοῦσα, καὶ ἀσμένην ἐλέσθαι. καὶ ἐκ τῶν ἄλλων δὴ θηρίων ὡσαύτως εἰς ἀνθρώπους ἰέναι καὶ εἰς ἄλληλα, τὰ μὲν ἄδικα εἰς τὰ ἄγρια, τὰ δὲ δίκαια εἰς τὰ ἡμερα μεταβάλλοντα, καὶ πάσας μεῖξεις μείγνυσθαι.

ἐπειδὴ δ' οὖν πάσας τὰς ψυχὰς τοὺς βίους ἡρῆσθαι, ὥσπερ ἔλαχον ἐν τάξει προσιέναι πρὸς τὴν Λάχεσιν: ἐκείνην δ' ἐκάστῳ ὃν εἴλετο δαίμονα, τοῦτον φύλακα συμπέμπειν [620e] τοῦ βίου καὶ ἀποπληρωτὴν τῶν αἵρεθέντων. ὃν πρῶτον μὲν ἄγειν αὐτὴν πρὸς τὴν Κλωθὴν ὑπὸ τὴν ἐκείνης χεῖρά τε καὶ ἐπιστροφὴν τῆς τοῦ ἀτράκτου δίνης, κυροῦντα ἦν λαχὼν εἴλετο μοῖραν: ταύτης δ' ἐφασάμενον αὐτῇς ἐπὶ τὴν τῆς Ἀτρώπου ἄγειν νῆσιν, ἀμετάστροφα τὰ ἐπικλωσθέντα ποιοῦντα: ἐντεῦθεν δὲ δὴ ἀμεταστρεπτὶ ὑπὸ τὸν τῆς [621a] ἀνάγκης ἰέναι θρόνον, καὶ δι' ἐκείνου διεξεληθόντα, ἐπειδὴ καὶ οἱ ἄλλοι διήλθον, πορεύεσθαι ἅπαντας εἰς τὸ τῆς Λήθης πεδῖον διὰ καύματός τε καὶ πνίγους δεινοῦ: καὶ γὰρ εἶναι αὐτὸ κενὸν δένδρων τε καὶ ὅσα γῆ φύει. σκηναῖσθαι οὖν σφᾶς ἤδη ἐσπέρας γιγνομένης παρὰ τὸν Ἀμέλητα ποταμόν, οὗ τὸ ὕδωρ ἀγγεῖον οὐδὲν στέγειν. μέτρον μὲν οὖν τι τοῦ ὕδατος πᾶσιν ἀναγκαῖον εἶναι πιεῖν, τοὺς δὲ

φρονήσει μὴ σφζομένους πλέον πίνειν τοῦ μέτρου: τὸν δὲ αἰεὶ πίνοντα [621b] πάντων ἐπιλανθάνεσθαι. ἐπειδὴ δὲ κοιμηθῆναι καὶ μέσας νύκτας γενέσθαι, βροντὴν τε καὶ σεισμὸν γενέσθαι, καὶ ἐντεῦθεν ἐξαπίνης ἄλλον ἄλλη φέρεσθαι ἄνω εἰς τὴν γένεσιν, ἄττοντας ὥσπερ ἀστέρας. αὐτὸς δὲ τοῦ μὲν ὕδατος κωλυθῆναι πιεῖν: ὅπη μέντοι καὶ ὅπως εἰς τὸ σῶμα ἀφίκοιτο, οὐκ εἰδέναι, ἀλλ' ἐξαίφνης ἀναβλέψας ἰδεῖν ἔωθεν αὐτὸν κείμενον ἐπὶ τῇ πυρᾷ.

καὶ οὕτως, ὃ Γλαύκων, μῦθος ἐσώθη καὶ οὐκ ἀπώλετο, [621c] καὶ ἡμᾶς ἂν σώσειεν, ἂν πειθώμεθα αὐτῷ, καὶ τὸν τῆς Λήθης ποταμὸν εὖ διαβησόμεθα καὶ τὴν ψυχὴν οὐ μίανθησόμεθα. ἀλλ' ἂν ἐμοὶ πειθώμεθα, νομίζοντες ἀθάνατον ψυχὴν καὶ δυνατὴν πάντα μὲν κακὰ ἀνέχεσθαι, πάντα δὲ ἀγαθὰ, τῆς ἄνω ὁδοῦ αἰεὶ ἐξόμεθα καὶ δικαιοσύνην μετὰ φρονήσεως παντὶ τρόπῳ ἐπιτηδεύσομεν, ἵνα καὶ ἡμῖν αὐτοῖς φίλοι ᾤμεν καὶ τοῖς θεοῖς, αὐτοῦ τε μένοντες ἐνθάδε, καὶ ἐπειδὴ τὰ ἅθλα [621d] αὐτῆς κομιζώμεθα, ὥσπερ οἱ νικηφόροι περιαιρούμενοι, καὶ ἐνθάδε καὶ ἐν τῇ χιλιέτει πορεῖα, ἣν διεληλύθαμεν, εὖ πράττωμεν.

λέγοις ἄν.

Φαῖδρος

καὶ μὴν, ὃ Σώκρατες, προσήκουσα γέ σοι ἡ ἀκοή· ὁ γάρ τοι λόγος ἦν, περὶ ὃν διετρίβομεν, οὐκ οἶδ' ὄντινα τρόπον ἐρωτικός. γέγραφε γὰρ δὴ ὁ Λυσίας πειρώμενόν τινα τῶν καλῶν, οὐχ ὑπ' ἐραστοῦ δέ, ἀλλ' αὐτὸ δὴ τοῦτο καὶ κεκόμψευται· λέγει γὰρ ὡς χαριστέον μὴ ἐρῶντι μᾶλλον ἢ ἐρῶντι.

Σωκράτης

ὦ γενναῖος. εἴθε γράψειεν ὡς χρή πένητι μᾶλλον ἢ πλουσίῳ, καὶ πρεσβυτέρῳ ἢ νεωτέρῳ, καὶ ὅσα ἄλλα [227d] ἐμοί τε πρόσεστι καὶ τοῖς πολλοῖς ἡμῶν· ἢ γὰρ ἂν ἀστεῖοι καὶ δημωφελεῖς εἶεν οἱ λόγοι.

ἐγὼ γ' οὖν οὕτως ἐπιτεθύμηκα ἀκοῦσαι, ὥστ' ἐὰν βαδίζων ποιῇ τὸν περίπατον Μέγαράδε καὶ κατὰ Ἡρόδικον προσβὰς τῷ τείχει πάλιν ἀπίης, οὐ μή σου ἀπολειφθῶ.

Φαῖδρος

πῶς λέγεις, ὦ βέλτιστε Σώκρατες; οἶει με, ἃ [228a] Λυσίας ἐν πολλῷ χρόνῳ κατὰ σχολὴν συνέθηκε, δεινότατος ὢν τῶν νῦν γράφειν, ταῦτα ιδιώτην ὄντα ἀπομνημονεύσειν ἀξίως ἐκείνου; πολλοῦ γε δέω· καίτοι ἐβουλόμην γ' ἂν μᾶλλον ἢ μοι πολὺ χρυσίον γενέσθαι.

Σωκράτης

ὦ Φαῖδρε, εἰ ἐγὼ Φαῖδρον ἀγνοῶ, καὶ ἐμαυτοῦ ἐπιλέλησμαι. ἀλλὰ γὰρ οὐδέτερά ἐστι τούτων· εὖ οἶδα ὅτι Λυσίου λόγον ἀκούων ἐκεῖνος οὐ μόνον ἅπαξ ἤκουσεν, ἀλλὰ πολλάκις ἐπαναλαμβάνων ἐκέλευεν οἱ λέγειν, ὁ δὲ ἐπέιθετο [228b] προθύμως. τῷ δὲ οὐδὲ ταῦτα ἦν ἱκανά, ἀλλὰ τελευτῶν παραλαβὼν τὸ βιβλίον ἃ μάλιστα ἐπεθύμει ἐπεσκόπει, καὶ τοῦτο δρῶν ἐξ ἑωθινοῦ καθήμενος ἀπειπὼν εἰς περίπατον ἦει, ὡς μὲν ἐγὼ οἶμαι, νῆ τὸν κύνα, ἐξεπιστάμενος τὸν λόγον, εἰ μὴ πάνυ τι ἦν μακρός. ἐπορεύετο δ' ἐκτὸς τείχους ἵνα μελετῶ. ἀπαντήσας δὲ τῷ νοσοῦντι περὶ λόγων ἀκοήν, ἰδὼν μὲν, ἰδὼν, ἦσθη ὅτι ἔξοι τὸν συγκορυβαντιῶντα, [228c] καὶ προάγειν ἐκέλευε. δεομένου δὲ λέγειν τοῦ τῶν λόγων ἐραστοῦ, ἐθρύπτετο ὡς δὴ οὐκ ἐπιθυμῶν λέγειν· τελευτῶν δὲ ἔμελλε καὶ εἰ μὴ τις ἐκὼν ἀκούοι βία ἐρεῖν. σὺ οὖν, ὦ Φαῖδρε, αὐτοῦ δεήθητι ὅπερ τάχα πάντως ποιήσει νῦν ἤδη ποιεῖν.

Φαῖδρος

ἐμοὶ ὡς ἀληθῶς πολὺν κράτιστόν ἐστιν οὕτως ὅπως δύναμαι λέγειν, ὡς μοι δοκεῖς σὺ οὐδαμῶς με ἀφήσειν πρὶν ἂν εἴπω ἁμῶς γέ πως.

Σωκράτης

πάνυ γάρ σοι ἀληθῆ δοκῶ.

[228d] Φαῖδρος

οὕτωςι τοίνυν ποιήσω. τῷ ὄντι γάρ, ὦ Σώκρατες, παντὸς μᾶλλον τὰ γε ῥήματα οὐκ ἐξέμαθον· τὴν μέντοι διάνοιαν σχεδὸν ἀπάντων, οἷς ἔφη διαφέρειν τὰ τοῦ ἐρῶντος ἢ τὰ τοῦ μή, ἐν κεφαλαίοις ἕκαστον ἐφεξῆς δίδειμι, ἀρξάμενος ἀπὸ τοῦ πρώτου.

Σωκράτης

δείξας γε πρῶτον, ὦ φιλότης, τί ἄρα ἐν τῇ ἀριστερᾷ ἔχεις ὑπὸ τῷ ἱματίῳ· τοπάξω γάρ σε ἔχειν τὸν λόγον αὐτόν. εἰ δὲ τοῦτό ἐστιν, οὕτωςι διανοοῦ περὶ ἐμοῦ, ὡς [228e] ἐγὼ σε πάνυ μὲν φιλῶ,

παρόντος δὲ καὶ Λυσίου, ἐμαυτὸν σοι ἐμμελετᾶν παρέχειν οὐ πάνυ δέδοκται. ἀλλ' ἴθι, δείκνυε.

Φαῖδρος

παῦε. ἐκκέκρουκάς με ἐλπίδος, ὦ Σώκρατες, ἣν εἶχον ἐν σοὶ ὡς ἐγγυμνασόμενος. ἀλλὰ ποῦ δὴ βούλει καθιζόμενοι ἀναγνῶμεν;

[229a] Σωκράτης

δεῦρ' ἐκτραπόμενοι κατὰ τὸν Ἴλισσὸν ἴωμεν, εἴτα ὅπου ἂν δόξη ἐν ἡσυχίᾳ καθιζησόμεθα.

Φαῖδρος

εἰς καιρὸν, ὡς ἔοικεν, ἀνυπόδητος ὢν ἔτυχον· σὺ μὲν γὰρ δὴ αἰεὶ ῥᾶστον οὖν ἡμῖν κατὰ τὸ ὑδάτιον βρέχουσι τοὺς πόδας ἰέναι, καὶ οὐκ ἀηδές, ἄλλως τε καὶ τήνδε τὴν ὥραν τοῦ ἔτους τε καὶ τῆς ἡμέρας.

Σωκράτης

πρόαγε δὴ, καὶ σκόπει ἅμα ὅπου καθιζησόμεθα.

Φαῖδρος

ὁρᾷς οὖν ἐκείνην τὴν ὑψηλοτάτην πλάτανον;

Σωκράτης

τί μήν;

[229b] Φαῖδρος

ἐκεῖ σκία τ' ἐστὶν καὶ πνεῦμα μέτριον, καὶ πόα καθιζεσθαι ἢ ἂν βουλώμεθα κατακλινῆναι.

Σωκράτης

προάγοις ἄν.

Φαῖδρος

εἰπέ μοι, ὦ Σώκρατες, οὐκ ἐνθένδε μέντοι ποθὲν ἀπὸ τοῦ Ἴλισσοῦ λέγεται ὁ Βορέας τὴν Ὠρεΐθυιαν ἀρπάσαι;

Σωκράτης

λέγεται γάρ.

Φαῖδρος

ἄρ' οὖν ἐνθένδε; χαρίεντα γοῦν καὶ καθαρὰ καὶ διαφανῆ τὰ ὑδάτια φαίνεται, καὶ ἐπιτήδεια κόραις παίζειν παρ' αὐτά.

[229c] Σωκράτης

οὐκ, ἀλλὰ κάτωθεν ὅσον δύο ἢ τρία στάδια, ἧ πρὸς τὸ ἐν Ἀγρας διαβαίνομεν· καὶ πού τίς ἐστὶ βωμὸς αὐτόθι Βορέου.

Φαῖδρος

οὐ πάνυ νενόηκα· ἀλλ' εἰπέ πρὸς Διός, ὦ Σώκρατες, σὺ τοῦτο τὸ μυθολόγημα πεῖθῃ ἀληθές εἶναι;

Σωκράτης

ἀλλ' εἰ ἀπιστοίην, ὥσπερ οἱ σοφοί, οὐκ ἂν ἄτοπος εἶην, εἴτα σοφιζόμενος φαίην αὐτὴν πνεῦμα Βορέου κατὰ τῶν πλησίον πετρῶν σὺν Φαρμακείᾳ παίζουσιν ὥσαι, καὶ οὕτω δὴ τελευτήσασαν λεχθῆναι ὑπὸ τοῦ Βορέου ἀνάρπαστον [229d] γεγονέναι — ἢ ἐξ Ἀρείου πάγου· λέγεται γὰρ αὐτὴ καὶ οὗτος ὁ λόγος, ὡς ἐκεῖθεν ἀλλ' οὐκ ἐνθένδε ἤρπασθη. ἐγὼ δέ, ὦ Φαῖδρε, ἄλλως μὲν τὰ τοιαῦτα χαρίεντα ἡγοῦμαι, λίαν δὲ δεινοῦ καὶ ἐπιπόνου καὶ οὐ πάνυ εὐτυχοῦς ἀνδρός, κατ' ἄλλο μὲν οὐδέν, ὅτι δ' αὐτῷ ἀνάγκη μετὰ τοῦτο τὸ τῶν Ἱπποκενταύρων εἶδος ἐπανορθοῦσθαι, καὶ αὖθις τὸ τῆς Χιμαίρας, καὶ ἐπιρρεῖ δὲ ὄχλος τοιούτων Γοργόνων καὶ Πηγάσων καὶ [229e] ἄλλων ἀμηχάνων πλήθη τε καὶ ἀτοπίαι τερατολόγων τινῶν φύσεων· αἷς εἴ τις ἀπιστῶν προσβιβᾷ κατὰ τὸ εἰκὸς ἕκαστον, ἅτε ἀγροίκῳ τινὶ σοφία χρώμενος, πολλῆς αὐτῷ σχολῆς δεήσει. ἐμοὶ δὲ πρὸς αὐτὰ οὐδαμῶς ἐστὶ σχολή· τὸ δὲ αἴτιον, ὦ φίλε, τούτου τόδε. οὐ δύναμαί πω κατὰ τὸ Δελφικὸν γράμμα γινῶναι ἐμαυτόν· γελοῖον δὴ μοι φαίνεται [230a] τοῦτο εἶναι ἀγνοοῦντα τὰ ἀλλότρια σκοπεῖν. ὅθεν δὴ χαίρειν ἐάσας ταῦτα, πειθόμενος δὲ τῷ νομιζομένῳ περὶ αὐτῶν, ὃ νυνδὴ ἔλεγον, σκοπῶ οὐ ταῦτα ἀλλ' ἐμαυτόν, εἴτε τι θηρίον ὃν τυγχάνω Τυφῶνος πολυπλοκώτερον καὶ μᾶλλον ἐπιτεθυμμένον, εἴτε ἡμερώτερόν τε καὶ ἀπλούστερον ζῶον, θείας τινὸς καὶ ἀτύφου μοίρας φύσει μετέχον. ἀτάρ, ὦ ἐταῖρε, μεταξὺ τῶν λόγων, ἅρ' οὐ τόδε ἦν τὸ δένδρον ἐφ' ὅπερ ἦγες ἡμᾶς;

[230b] Φαῖδρος

τοῦτο μὲν οὖν αὐτό.

Σωκράτης

νῆ τὴν Ἥραν, καλὴ γε ἡ καταγωγὴ. ἢ τε γὰρ πλάτανος αὕτη μάλ' ἀμφιλαφὴς τε καὶ ὑψηλή, τοῦ τε ἄγνου τὸ ὕψος καὶ τὸ σύσκιον πάγκαλον, καὶ ὡς ἀκμὴν ἔχει τῆς ἄνθης, ὡς ἂν εὐωδέστατον παρέχοι τὸν τόπον· ἢ τε αὖ πηγὴ χαριεστάτη ὑπὸ τῆς πλατάνου ῥεῖ μάλα ψυχροῦ ὕδατος, ὥστε γε τῷ ποδὶ τεκμήρασθαι. Νυμφῶν τέ τινων καὶ Ἀχελφού ἱερὸν ἀπὸ τῶν κορῶν τε καὶ ἀγαλμάτων ἔοικεν εἶναι. [230c] εἰ δ' αὖ βούλει, τὸ εὖπνουν τοῦ τόπου ὡς ἀγαπητὸν καὶ σφόδρα ἡδύ· θερινόν τε καὶ λιγυρὸν ὑπηγεῖ τῷ τῶν τεττίγων χορῷ. πάντων δὲ κομψότατον τὸ τῆς πόας, ὅτι ἐν ἡρέμα προσάντει ἱκανὴ πέφυκε κατακλινέντι τὴν κεφαλὴν παγκάλως ἔχειν. ὥστε ἄριστά σοι ἐξενάγεται, ὦ φίλε Φαῖδρε.

Φαῖδρος

σὺ δέ γε, ὦ θαυμάσιε, ἀτοπώτατός τις φαίνεται. ἀτεχνῶς γάρ, ὃ λέγεις, ξεναγούμενῳ τινὶ καὶ οὐκ ἐπιχωρίῳ [230d] ἔοικας· οὕτως ἐκ τοῦ ἄστεος οὐτ' εἰς τὴν ὑπερορίαν ἀποδημεῖς, οὐτ' ἔξω τείχους ἔμοιγε δοκεῖς τὸ παράπαν ἐξίεναι.

Σωκράτης

συγγίγνωσκέ μοι, ὦ ἄριστε. φιλομαθὴς γάρ εἰμι· τὰ μὲν οὖν χωρία καὶ τὰ δένδρα οὐδέν μ' ἐθέλει διδάσκειν, οἱ δ' ἐν τῷ ἄστει ἄνθρωποι. σὺ μέντοι δοκεῖς μοι τῆς ἐμῆς ἐξόδου τὸ φάρμακον ἠύρηκέναι. ὥσπερ γὰρ οἱ τὰ πεινῶντα θρέμματα θαλλὸν ἢ τινα καρπὸν προσείοντες ἄγουσιν, σὺ ἐμοὶ λόγους οὕτω προτείνων ἐν βιβλίοις τὴν τε [230e] Ἀττικὴν φαίνεται περιάξειν ἅπασαν καὶ ὅποι ἂν ἄλλοσε βούλῃ. νῦν δ' οὖν ἐν τῷ παρόντι δεῦρ' ἀφικόμενος ἐγὼ μὲν μοι δοκῶ κατακεῖσεσθαι, σὺ δ' ἐν ὁποίῳ σχήματι οἶε ῥᾶστα ἀναγνώσεσθαι, τοῦθ' ἐλόμενος ἀναγίγνωσκε.

Φαῖδρος

ἄκουε δὴ.

περὶ μὲν τῶν ἐμῶν πραγμάτων ἐπίστασαι, καὶ ὥς νομίζω συμφέρειν ἡμῖν γενομένων τούτων ἀκήκοας· ἀξιῶ δὲ μὴ διὰ [231a] τοῦτο ἀτυχεῖναι ὧν δέομαι, ὅτι οὐκ ἐραστής ὢν σου τυγχάνω. ὥς ἐκείνοις μὲν τότε μεταμέλει ὧν ἂν εὖ ποιήσωσιν, ἐπειδὰν τῆς ἐπιθυμίας παύσωνται· τοῖς δὲ οὐκ ἔστι χρόνος ἐν ᾧ μεταγνῶναι προσήκει. οὐ γὰρ ὑπ' ἀνάγκης ἄλλ' ἐκόντες, ὥς ἂν ἄριστα περὶ τῶν οἰκείων βουλευσάιντο, πρὸς τὴν δύναμιν τὴν αὐτῶν εὖ ποιοῦσιν. ἔτι δὲ οἱ μὲν ἐρῶντες σκοποῦσιν ἅ τε κακῶς διέθεντο τῶν αὐτῶν διὰ τὸν ἔρωτα καὶ ἃ πεποιήκασιν εὖ, καὶ ὃν εἶχον πόνον προστιθέντες [231b] ἡγοῦνται πάλαι τὴν ἀξίαν ἀποδεδωκέναι χάριν τοῖς ἐρωμένοις· τοῖς δὲ μὴ ἐρῶσιν οὔτε τὴν τῶν οἰκείων ἀμέλειαν διὰ τοῦτο ἔστιν προφασίζεσθαι, οὔτε τοὺς παρεληλυθότας πόνους ὑπολογίζεσθαι, οὔτε τὰς πρὸς τοὺς προσήκοντας διαφορὰς αἰτιάσασθαι· ὥστε περιηρημένων τοσοῦτον κακῶν οὐδὲν ὑπολείπεται ἀλλ' ἢ ποιεῖν προθύμως ὅτι ἂν αὐτοῖς οἴωνται πράξαντες χαριεῖσθαι. ἔτι δὲ εἰ διὰ τοῦτο ἄξιον [231c] τοὺς ἐρῶντας περὶ πολλοῦ ποιεῖσθαι, ὅτι τούτους μάλιστα φασιν φιλεῖν ὧν ἂν ἐρῶσιν, καὶ ἔτοιμοί εἰσι καὶ ἐκ τῶν λόγων καὶ ἐκ τῶν ἔργων τοῖς ἄλλοις ἀπεχθανόμενοι τοῖς ἐρωμένοις χαρίζεσθαι, ῥάδιον γινῶναι, εἰ ἀληθὴ λέγουσιν, ὅτι ὅσων ἂν ὕστερον ἐρασθῶσιν, ἐκείνους αὐτῶν περὶ πλείονος ποιήσονται, καὶ δῆλον ὅτι,

ἐὰν ἐκείνοις δοκῇ, καὶ τούτους κακῶς ποιήσουσιν. καίτοι πῶς εἰκός ἐστι τοιοῦτον πρᾶγμα προέσθαι [231d] τοιαύτην ἔχοντι συμφοράν, ἣν οὐδ' ἂν ἐπιχειρήσειεν οὐδεὶς ἔμπειρος ὢν ἀποτρέπειν; καὶ γὰρ αὐτοὶ ὁμολογοῦσι νοσεῖν μᾶλλον ἢ σωφρονεῖν, καὶ εἰδέναι ὅτι κακῶς φρονοῦσιν, ἀλλ' οὐ δύνασθαι αὐτῶν κρατεῖν· ὥστε πῶς ἂν εὖ φρονήσαντες ταῦτα καλῶς ἔχειν ἡγήσαιντο περὶ ὧν οὕτω διακείμενοι βουλευόνται; καὶ μὲν δὴ εἰ μὲν ἐκ τῶν ἐρώντων τὸν βέλτιστον αἰροῖο, ἐξ ὀλίγων ἂν σοι ἡ ἔκλεξις εἴη· εἰ δ' ἐκ τῶν ἄλλων τὸν σαυτῷ ἐπιτηδειότατον, ἐκ πολλῶν· ὥστε πολὺ [231e] πλείων ἐλπίς ἐν τοῖς πολλοῖς ὄντα τυχεῖν τὸν ἄξιον τῆς σῆς φιλίας. εἰ τοίνυν τὸν νόμον τὸν καθεστηκότα δέδοικας, μὴ πυθομένων τῶν ἀνθρώπων ὄνειδός σοι γένηται, εἰκός ἐστι [232a] τοὺς μὲν ἐρώντας, οὕτως ἂν οἰομένους καὶ ὑπὸ τῶν ἄλλων ζηλοῦσθαι ὥσπερ αὐτοὺς ὑφ' αὐτῶν, ἐπαρθῆναι τῷ λέγειν καὶ φιλοτιμουμένους ἐπιδείκνυσθαι πρὸς ἅπαντας ὅτι οὐκ ἄλλως αὐτοῖς πεπόνηται· τοὺς δὲ μὴ ἐρώντας, κρείττους αὐτῶν ὄντας, τὸ βέλτιστον ἀντὶ τῆς δόξης τῆς παρὰ τῶν ἀνθρώπων αἰρεῖσθαι. ἔτι δὲ τοὺς μὲν ἐρώντας πολλοὺς ἀνάγκη πυθέσθαι καὶ ἰδεῖν ἀκολουθοῦντας τοῖς ἐρωμένοις καὶ ἔργον τοῦτο ποιουμένους, ὥστε ὅταν ὀφθῶσι διαλεγόμενοι [232b] ἀλλήλοις, τότε αὐτοὺς οἶονται ἢ γεγενημένης ἢ μελλούσης ἔσεσθαι τῆς ἐπιθυμίας συνεῖναι· τοὺς δὲ μὴ ἐρώντας οὐδ' αἰτιάσθαι διὰ τὴν συνουσίαν ἐπιχειροῦσιν, εἰδότες ὅτι ἀναγκαῖόν ἐστιν ἢ διὰ φιλίαν τῷ διαλέγεσθαι ἢ δι' ἄλλην τινὰ ἡδονήν. καὶ μὲν δὴ εἰ σοι δέος παρέστηκεν ἡγουμένῳ χαλεπὸν εἶναι φιλίαν συμμένειν, καὶ ἄλλῳ μὲν τρόπῳ διαφορᾶς γενομένης κοινὴν <ἂν> ἀμφοτέροις καταστήναι τὴν [232c] συμφοράν, προεμένου δέ σου ἃ περὶ πλείστου ποιῇ μεγάλην ἂν σοι βλάβην ἂν γενέσθαι, εἰκότως ἂν τοὺς ἐρώντας μᾶλλον ἂν φοβοῖο· πολλὰ γὰρ αὐτοὺς ἐστι τὰ λυποῦντα, καὶ πάντ' ἐπὶ τῇ αὐτῶν βλάβῃ νομίζουσι γίνεσθαι. διόπερ καὶ τὰς πρὸς τοὺς ἄλλους τῶν ἐρωμένων συνουσίας ἀποτρέπουσιν, φοβούμενοι τοὺς μὲν οὐσίαν κεκτημένους μὴ χρήμασιν αὐτοὺς υπερβάλλονται, τοὺς δὲ πεπαιδευμένους μὴ συνέσει κρείττους γένωνται· τῶν δὲ ἄλλο τι κεκτημένων [232d] ἀγαθὸν τὴν δύναμιν ἐκάστου φυλάττονται. πείσαντες μὲν οὖν ἀπεχθέσθαι σε τούτοις εἰς ἐρημίαν φίλων καθιστᾶσιν, ἐὰν δὲ τὸ σεαυτοῦ σκοπῶν ἄμεινον ἐκείνων φρονῆς, ἥξεις αὐτοῖς εἰς διαφοράν· ὅσοι δὲ μὴ ἐρώντες ἔτυχον, ἀλλὰ δι' ἀρετὴν ἔπραξαν ὧν ἐδέοντο, οὐκ ἂν τοῖς συνοῦσι φθονοῖεν, ἀλλὰ

τοὺς μὴ ἐθέλοντας μισοῖεν, ἡγούμενοι ὑπ' ἐκείνων μὲν ὑπερορᾶσθαι, ὑπὸ τῶν συνόντων δὲ ὠφελεῖσθαι, ὥστε πολὺ [232e] πλείων ἐλπίς φιλίαν αὐτοῖς ἐκ τοῦ πράγματος ἢ ἔχθραν γενέσθαι.

καὶ μὲν δὴ τῶν μὲν ἐρώντων πολλοὶ πρότερον τοῦ σώματος ἐπεθύμησαν ἢ τὸν τρόπον ἐγνώσαν καὶ τῶν ἄλλων οἰκείων ἔμπειροι ἐγένοντο, ὥστε ἄδηλον αὐτοῖς εἰ ἔτι τότε βουλήσονται φίλοι εἶναι, ἐπειδὴ τῆς ἐπιθυμίας παύσονται· [233a] τοῖς δὲ μὴ ἐρῶσιν, οἱ καὶ πρότερον ἀλλήλοις φίλοι ὄντες ταῦτα ἔπραζαν, οὐκ ἐξ ὧν ἂν εὖ πάθωσι ταῦτα εἰκὸς ἐλάττω τὴν φιλίαν αὐτοῖς ποιῆσαι, ἀλλὰ ταῦτα μνημεῖα καταλειφθῆναι τῶν μελλόντων ἔσεσθαι. καὶ μὲν δὴ βελτιονί σοι προσήκει γενέσθαι ἐμοὶ πειθομένῳ ἢ ἐραστῇ. ἐκεῖνοι μὲν γὰρ καὶ παρὰ τὸ βέλτιστον τά τε λεγόμενα καὶ τὰ πραττόμενα ἐπαινοῦσιν, τὰ μὲν δεδιότες μὴ ἀπέχθωνται, τὰ δὲ [233b] καὶ αὐτοὶ χειρὸν διὰ τὴν ἐπιθυμίαν γινώσκοντες. τοιαῦτα γὰρ ὁ ἔρως ἐπιδείκνυται· δυστυχοῦντας μὲν, ἃ μὴ λύπην τοῖς ἄλλοις παρέχει, ἀνιὰρὰ ποιεῖ νομίζειν· εὐτυχοῦντας δὲ καὶ τὰ μὴ ἡδονῆς ἄξια παρ' ἐκείνων ἐπαίνου ἀναγκάζει τυγχάνειν· ὥστε πολὺ μᾶλλον ἐλεεῖν τοῖς ἐρωμένοις ἢ ζηλοῦν αὐτοὺς προσήκει. ἐὰν δέ μοι πείθῃ, πρῶτον μὲν οὐ τὴν παροῦσαν ἡδονὴν θεραπεύων συνέσομαί σοι, ἀλλὰ καὶ [233c] τὴν μέλλουσαν ὠφελίαν ἔσεσθαι, οὐχ ὑπ' ἔρωτος ἡττώμενος ἀλλ' ἐμαυτοῦ κρατῶν, οὐδὲ διὰ σμικρὰ ἰσχυρὰν ἔχθραν ἀναιρούμενος ἀλλὰ διὰ μεγάλην βραδέως ὀλίγην ὀργὴν ποιούμενος, τῶν μὲν ἀκουσίῳ συγγνώμην ἔχων, τὰ δὲ ἐκούσια πειρώμενος ἀποτρέπειν· ταῦτα γὰρ ἐστὶ φιλίας πολὺν χρόνον ἐσομένης τεκμήρια. εἰ δ' ἄρα σοι τοῦτο παρέστηκεν, ὥς οὐχ οἷόν τε ἰσχυρὰν φιλίαν γενέσθαι ἐὰν μὴ τις ἐρῶν τυγχάνῃ, [233d] ἐνθυμεῖσθαι χρὴ ὅτι οὐτ' ἂν τοὺς ὑεῖς περὶ πολλοῦ ἐποιοῦμεθα οὐτ' ἂν τοὺς πατέρας καὶ τὰς μητέρας, οὐτ' ἂν πιστοὺς φίλους ἐκεκήμεθα, οἱ οὐκ ἐξ ἐπιθυμίας τοιαύτης γεγόνασιν ἀλλ' ἐξ ἐτέρων ἐπιτηδευμάτων.

ἔτι δὲ εἰ χρὴ τοῖς δεομένοις μάλιστα χαρίζεσθαι, προσήκει καὶ τοῖς ἄλλοις μὴ τοὺς βελτίστους ἀλλὰ τοὺς ἀπορωτάτους εὖ ποιεῖν· μεγίστων γὰρ ἀπαλλαγέντες κακῶν πλείστην χάριν αὐτοῖς εἰσονται. καὶ μὲν δὴ καὶ ἐν ταῖς [233e] ἰδίαις δαπάναις οὐ τοὺς φίλους ἄξιον παρακαλεῖν, ἀλλὰ τοὺς προσαιτοῦντας καὶ τοὺς δεομένους πλησμονῆς· ἐκεῖνοι γὰρ καὶ ἀγαπήσουσιν καὶ ἀκολουθήσουσιν καὶ ἐπὶ τὰς θύρας ἥξουσιν καὶ μάλιστα ἡσθήσονται καὶ οὐκ ἐλαχίστην χάριν εἰσονται καὶ πολλὰ ἀγαθὰ αὐτοῖς εὐξονται. ἀλλ' ἴσως προσήκει

οὐ τοῖς σφόδρα δεομένοις χαρίζεσθαι, ἀλλὰ τοῖς μάλιστα ἀποδοῦναι χάριν δυναμένοις· οὐδὲ τοῖς προσαιτοῦσι [234a] μόνον, ἀλλὰ τοῖς τοῦ πράγματος ἀξίοις· οὐδὲ ὅσοι τῆς σῆς ὥρας ἀπολαύσονται, ἀλλ' οἵτινες πρεσβυτέρῳ γενομένῳ τῶν σφετέρων ἀγαθῶν μεταδώσουσιν· οὐδὲ οἱ διαπραζάμενοι πρὸς τοὺς ἄλλους φιλοτιμήσονται, ἀλλ' οἵτινες αἰσχυρόμενοι πρὸς ἅπαντας σιωπήσονται· οὐδὲ τοῖς ὀλίγον χρόνον σπουδάζουσιν, ἀλλὰ τοῖς ὁμοίως διὰ παντὸς τοῦ βίου φίλοις ἐσομένοις· οὐδὲ οἵτινες παυόμενοι τῆς ἐπιθυμίας ἔχθρας πρόφασιν ζητήσουσιν, ἀλλ' οἱ παυσαμένου τῆς ὥρας τότε [234b] τὴν αὐτῶν ἀρετὴν ἐπιδείξονται. σὺ οὖν τῶν τε εἰρημένων μέμνησο καὶ ἐκεῖνο ἐνθυμοῦ, ὅτι τοὺς μὲν ἐρῶντας οἱ φίλοι νουθετοῦσιν ὥς ὄντος κακοῦ τοῦ ἐπιτηδεύματος, τοῖς δὲ μὴ ἐρῶσιν οὐδεὶς πώποτε τῶν οἰκείων ἐμέμψατο ὥς διὰ τοῦτο κακῶς βουλευομένοις περὶ ἑαυτῶν. ἴσως ἂν οὖν ἔροίό με εἰ ἅπασιν σοι παραινῶ τοῖς μὴ ἐρῶσι χαρίζεσθαι. ἐγὼ μὲν οἶμαι οὐδ' ἂν τὸν ἐρῶντα πρὸς ἅπαντάς σε κελεύειν τοὺς ἐρῶντας ταύτην ἔχειν τὴν [234c] διάνοιαν. οὔτε γὰρ τῷ λαμβάνοντι χάριτος ἴσης ἄξιον, οὔτε σοὶ βουλομένῳ τοὺς ἄλλους λανθάνειν ὁμοίως δυνατόν· δεῖ δὲ βλάβην μὲν ἀπ' αὐτοῦ μηδεμίαν, ὠφελίαν δὲ ἀμφοῖν γίνεσθαι. ἐγὼ μὲν οὖν ἱκανά μοι νομίζω τὰ εἰρημένα· εἰ δ' ἔτι <τι> σὺ ποθεῖς, ἡγούμενος παραλελειφθαι, ἐρώτα.

Φαῖδρος

τί σοι φαίνεται, ὦ Σώκρατες, ὁ λόγος; οὐχ ὑπερφυῶς τά τε ἄλλα καὶ τοῖς ὀνόμασιν εἰρησθαι;

[234d] Σωκράτης

δαιμονίως μὲν οὖν, ὦ ἐταῖρε, ὥστε με ἐκπλαγῆναι. καὶ τοῦτο ἐγὼ ἔπαθον διὰ σέ, ὦ Φαῖδρε, πρὸς σέ ἀποβλέπων, ὅτι ἐμοὶ ἐδόκει γάνυσθαι ὑπὸ τοῦ λόγου μεταξὺ ἀναγιγνώσκων· ἡγούμενος γὰρ σέ μᾶλλον ἢ ἐμέ ἐπαῖειν περὶ τῶν τοιούτων σοὶ εἰπόμην, καὶ ἐπόμενος συνεβάκχευσα μετὰ σοῦ τῆς θείας κεφαλῆς.

Φαῖδρος

εἶεν· οὕτω δὴ δοκεῖ παίζειν;

Σωκράτης

δοκῶ γάρ σοι παίζειν καὶ οὐχὶ ἐσπουδακέναι;

[234e] Φαῖδρος

μηδαμῶς, ὦ Σώκρατες, ἀλλ' ὥς ἀληθῶς εἶπε πρὸς Διὸς φίλιον, οἶει ἂν τινα ἔχειν εἰπεῖν ἄλλον τῶν Ἑλλήνων ἕτερα τούτων μείζω καὶ πλείω περὶ τοῦ αὐτοῦ πράγματος;

Σωκράτης

τί δέ; καὶ ταύτη δεῖ ὑπ' ἐμοῦ τε καὶ σοῦ τὸν λόγον ἐπαινεθῆναι, ὥς τὰ δέοντα εἰρηκότος τοῦ ποιητοῦ, ἀλλ' οὐκ ἐκείνη μόνον, ὅτι σαφῆ καὶ στρογγύλα, καὶ ἀκριβῶς ἕκαστα τῶν ὀνομάτων ἀποτετόρνενται; εἰ γὰρ δεῖ, συγχωρητέον χάριν σὴν, ἐπεὶ ἐμέ γε ἔλαθεν ὑπὸ τῆς ἐμῆς [235a] οὐδενίας· τῷ γὰρ ῥητορικῶ αὐτοῦ μόνῳ τὸν νοῦν προσεῖχον, τοῦτο δὲ οὐδ' <ἂν> αὐτὸν ᾧμην Λυσίαν οἶεσθαι ἰκανὸν εἶναι. καὶ οὖν μοι ἔδοξεν, ὦ Φαῖδρε, εἰ μὴ τι σὺ ἄλλο λέγεις, δις καὶ τρίς τὰ αὐτὰ εἰρηκέσαι, ὥς οὐ πάνυ εὐπορῶν τοῦ πολλὰ λέγειν περὶ τοῦ αὐτοῦ, ἢ ἴσως οὐδὲν αὐτῷ μέλον τοῦ τοιούτου· καὶ ἐφαίνετο δὴ μοι νεανιεύεσθαι ἐπιδεικνύμενος ὥς οἷός τε ὢν ταῦτα ἑτέρως τε καὶ ἑτέρως λέγων ἀμφοτέρως εἰπεῖν ἄριστα.

[235b] Φαῖδρος

οὐδὲν λέγεις, ὦ Σώκρατες· αὐτὸ γὰρ τοῦτο καὶ μάλιστα ὁ λόγος ἔχει. τῶν γὰρ ἐνόντων ἀξίως ῥηθῆναι ἐν τῷ πράγματι οὐδὲν παραλέλοιπεν, ὥστε παρὰ τὰ ἐκείνῳ εἰρημένα μηδὲν' <ἂν> ποτε δύνασθαι εἰπεῖν ἄλλα πλείω καὶ πλείονος ἄξια.

Σωκράτης

τοῦτο ἐγὼ σοι οὐκέτι οἷός τ' ἔσομαι πιθέσθαι· παλαιοὶ γὰρ καὶ σοφοὶ ἄνδρες τε καὶ γυναῖκες περὶ αὐτῶν εἰρηκότες καὶ γεγραφότες ἐξελέγξουσί με, ἐάν σοι χαριζόμενος συγχωρῶ.

[235c] Φαῖδρος

τίνες οὗτοι; καὶ ποῦ σὺ βελτίω τούτων ἀκήκοας;

Σωκράτης

νῦν μὲν οὕτως οὐκ ἔχω εἰπεῖν· δῆλον δὲ ὅτι τινῶν ἀκήκοα, ἢ που Σαφροῦς τῆς καλῆς ἢ Ἀνακρέοντος τοῦ σοφοῦ ἢ καὶ συγγραφέων τινῶν. πόθεν δὴ τεκμαιρόμενος λέγω; πληρὲς πῶς, ὦ δαιμόνιε, τὸ στήθος ἔχων αἰσθάνομαι παρὰ ταῦτα ἂν ἔχειν εἰπεῖν ἕτερα μὴ χεῖρα. ὅτι μὲν οὖν παρὰ γε ἐμαυτοῦ οὐδὲν αὐτῶν ἐννενόηκα, εὖ οἶδα, συνειδῶς ἐμαυτῷ ἀμαθίαν· λείπεται δὴ οἷμαι ἐξ ἄλλοτρίων ποθὲν [235d] ναμάτων διὰ τῆς ἀκοῆς πεπληρωσθῆαι με δίκην ἀγγείου. ὑπὸ δὲ νωθείας αὖ καὶ αὐτὸ τοῦτο ἐπιέλησμαι, ὅπως τε καὶ ὄντινων ἦκουσα.

Φαῖδρος

ἀλλ', ὦ γενναιοτάτε, κάλλιστα εἴρηκας. σὺ γὰρ ἐμοὶ ὄντινων μὲν καὶ ὅπως ἦκουσας μηδ' ἂν κελεύω εἴπης, τοῦτο δὲ αὐτὸ ὃ λέγεις ποιήσον· τῶν ἐν τῷ βιβλίῳ βελτίω τε καὶ μὴ ἐλάττω ἕτερα ὑπέσχησαι

εἰπεῖν τούτων ἀπεχόμενος, καί σοι ἐγώ, ὥσπερ οἱ ἐννέα ἄρχοντες, ὑπὶσχυοῦμαι χρυσὴν εἰκόνα ἰσομέτρητον εἰς Δελφοὺς ἀναθήσειν, οὐ [235e] μόνον ἐμαυτοῦ ἀλλὰ καὶ σὴν.

Σωκράτης

φίλτατος εἶ καὶ ὡς ἀληθῶς χρυσοῦς, ὦ Φαῖδρε, εἴ με οἶει λέγειν ὡς Λυσίας τοῦ παντὸς ἡμάρτηκεν, καὶ οἷόν τε δὴ παρὰ πάντα ταῦτα ἄλλα εἰπεῖν· τοῦτο δὲ οἶμαι οὐδ' ἂν τὸν φαυλότατον παθεῖν συγγραφέα. αὐτίκα περὶ οὗ ὁ λόγος, τίνα οἶει λέγοντα ὡς χρή μὴ ἐρῶντι μᾶλλον ἢ ἐρῶντι χαρίζεσθαι, παρέντα τοῦ μὲν τὸ φρόνιμον ἐγκωμιάζειν,

[236a] τοῦ δὲ τὸ ἄφρον ψέγειν, ἀναγκαῖα γοῦν ὄντα, εἴτ' ἄλλ' ἅττα ἕξιν λέγειν; ἀλλ' οἶμαι τὰ μὲν τοιαῦτα ἐατέα καὶ συγγνωστέα λέγοντι· καὶ τῶν μὲν τοιούτων οὐ τὴν εὕρεσιν ἀλλὰ τὴν διάθεσιν ἐπαινέτεον, τῶν δὲ μὴ ἀναγκαίων τε καὶ χαλεπῶν εὐρεῖν πρὸς τῇ διαθέσει καὶ τὴν εὕρεσιν.

Φαῖδρος

συγχωρῶ ὃ λέγεις· μετρίως γάρ μοι δοκεῖς εἰρηκέναι. ποιήσω οὖν καὶ ἐγὼ οὕτως· τὸ μὲν τὸν ἐρῶντα [236b] τοῦ μὴ ἐρῶντος μᾶλλον νοσεῖν δώσω σοι ὑποτίθεσθαι, τῶν δὲ λοιπῶν ἕτερα πλείω καὶ πλείονος ἄξια εἰπὼν τῶνδε [Λυσίου] παρὰ τὸ Κυψελιδῶν ἀνάθημα σφυρήλατος ἐν Ὀλυμπίᾳ στάθῃτι.

Σωκράτης

ἐσπούδακας, ὦ Φαῖδρε, ὅτι σου τῶν παιδικῶν ἐπελαβόμην ἐρεσχηλῶν σε, καὶ οἶει δὴ με ὡς ἀληθῶς ἐπιχειρήσειν εἰπεῖν παρὰ τὴν ἐκείνου σοφίαν ἕτερόν τι ποικιλώτερον;

Φαῖδρος

περὶ μὲν τούτου, ὦ φίλε, εἰς τὰς ὁμοίας λαβὰς [236c] ἐλήλυθας. ῥητέον μὲν γάρ σοι παντὸς μᾶλλον οὕτως ὅπως οἷός τε εἶ, ἵνα μὴ τὸ τῶν κωμῶδων φορτικὸν πρᾶγμα ἀναγκαζώμεθα ποιεῖν ἀνταποδιδόντες ἀλλήλοις [εὐλαβήθητι], καὶ μὴ βούλου με ἀναγκάσαι λέγειν ἐκεῖνο τὸ “εἰ ἐγώ, ὦ Σώκρατες, Σωκράτην ἀγνοῶ, καὶ ἐμαυτοῦ ἐπιλέλυσμαι,” καὶ ὅτι “ἐπεθύμει μὲν λέγειν, ἐθρύπτετο δέ·” ἀλλὰ διανοήθητι ὅτι ἐντεῦθεν οὐκ ἄπιμεν πρὶν ἂν σὺ εὔτης ἢ ἐφησθα ἐν τῷ στήθει ἔχειν. ἐσμέν δὲ μόνω ἐν ἐρημίᾳ, [236d] ἰσχυρότερος δ' ἐγὼ καὶ νεώτερος, ἐκ δὲ ἀπάντων τούτων “σύνες ὃ τοι λέγω,” καὶ μηδαμῶς πρὸς βίαν βουλευθῆς μᾶλλον ἢ ἐκὼν λέγειν.

Σωκράτης

ἀλλ', ὦ μακάριε Φαῖδρε, γελοῖος ἔσομαι παρ' ἀγαθὸν ποιητὴν
ιδιώτης αὐτοσχεδιάζων περὶ τῶν αὐτῶν.

Φαῖδρος

οἷσθ' ὥς ἔχει· παῦσαι πρὸς με καλλωπιζόμενος· σχεδὸν γὰρ ἔχω ὁ
εἰπὼν ἀναγκάσω σε λέγειν.

Σωκράτης

μηδαμῶς τοίνυν εἴπης.

Φαῖδρος

οὐκ, ἀλλὰ καὶ δὴ λέγω· ὁ δέ μοι λόγος ὄρκος ἔσται. ὁμνυμι γάρ σοι
— τίνα μέντοι, τίνα θεῶν; ἢ βούλει [236e] τὴν πλάτανον ταυτηνί; —
ἢ μὴν, ἐάν μοι μὴ εἴπης τὸν λόγον ἐναντίον αὐτῆς ταύτης, μηδέποτε
σοι ἕτερον λόγον μηδένα μηδενὸς μήτε ἐπιδείξειν μήτε ἐξαγγελεῖν.

Σωκράτης

βαβαῖ, ὦ μιαρέ, ὥς εὖ ἀνηῦρες τὴν ἀνάγκην ἀνδρὶ φιλολόγῳ ποιεῖν ὁ
ἂν κελεύης.

Φαῖδρος

τί δῆτα ἔχων στρέφῃ;

Σωκράτης

οὐδὲν ἔτι, ἐπειδὴ σύ γε ταῦτα ὁμώμοκας. πῶς γὰρ ἂν οἷός τ' εἶην
τοιαύτης θοίνης ἀπέχεσθαι;

[237a] **Φαῖδρος**

λέγε δῆ.

Σωκράτης

οἷσθ' οὖν ὥς ποιήσω;

Φαῖδρος

τοῦ πέρι;

Σωκράτης

ἐγκαλυψάμενος ἐρῶ, ἵν' ὅτι τάχιστα διαδράμω τὸν λόγον καὶ μὴ
βλέπων πρὸς σέ ὑπ' αἰσχύνης διαπορῶμαι.

Φαῖδρος

λέγε μόνον, τὰ δ' ἄλλα ὅπως βούλει ποίει.

Σωκράτης

ἄγετε δῆ, ὦ Μοῦσαι, εἴτε δι' ᾧδης εἶδος λίγειαί, εἴτε διὰ γένος
μουσικὸν τὸ Λιγύων ταύτην ἔσχετ' ἐπωνυμίαν, “ξύμ μοι λάβεσθε”
τοῦ μύθου, ὃν με ἀναγκάζει ὁ βέλτιστος οὐτοσί λέγειν, ἵν' ὁ ἐταῖρος
αὐτοῦ, καὶ πρότερον [237b] δοκῶν τούτῳ σοφὸς εἶναι, νῦν ἔτι
μᾶλλον δόξη.

ἦν οὕτω δὴ παῖς, μᾶλλον δὲ μεираκίσκος, μάλα καλός· τούτῳ δὲ ἦσαν ἐρασταὶ πάνυ πολλοί. εἷς δὲ τις αὐτῶν αἰμύλος ἦν, ὃς οὐδενὸς ἤττον ἐρῶν ἐπεπείκει τὸν παῖδα ὥς οὐκ ἐρώῃ. καὶ ποτε αὐτὸν αἰτῶν ἔπειθεν τοῦτ' αὐτό, ὥς μὴ ἐρῶντι πρὸ τοῦ ἐρῶντος δέοι χαρίζεσθαι, ἔλεγεν τε ὧδε —

περὶ παντός, ὃ παῖ, μία ἀρχὴ τοῖς μέλλουσι καλῶς [237c] βουλευέσθαι· εἰδέναι δεῖ περὶ οὗ ἂν ἡ ἢ βουλή, ἡ παντός ἀμαρτάνειν ἀνάγκη. τοὺς δὲ πολλοὺς λέληθεν ὅτι οὐκ ἴσασι τὴν οὐσίαν ἐκάστου. ὥς οὖν εἰδότες οὐ διομολογοῦνται ἐν ἀρχῇ τῆς σκέψεως, προελθόντες δὲ τὸ εἰκὸς ἀποδιδοῶσιν· οὔτε γὰρ ἑαυτοῖς οὔτε ἀλλήλοις ὁμολογοῦσιν. ἐγὼ οὖν καὶ σὺ μὴ πάθωμεν ὃ ἄλλοις ἐπιτιμῶμεν, ἀλλ' ἐπειδὴ σοὶ καὶ ἐμοὶ ὁ λόγος πρόκειται πότερα ἐρῶντι ἡ μὴ μᾶλλον εἰς φιλίαν ἰτέον, περὶ ἔρωτος οἷόν τ' ἔστι καὶ ἡν ἔχει δύναμιν, [237d] ὁμολογία θέμενοι ὅρον, εἰς τοῦτο ἀποβλέποντες καὶ ἀναφέροντες τὴν σκέψιν ποιῶμεθα εἴτε ὠφελίαν εἴτε βλάβην παρέχει. ὅτι μὲν οὖν δὴ ἐπιθυμία τις ὁ ἔρως, ἅπαντι δηλον· ὅτι δ' αὖ καὶ μὴ ἐρῶντες ἐπιθυμοῦσι τῶν καλῶν, ἴσμεν. τῷ δὴ τὸν ἐρῶντά τε καὶ μὴ κρινοῦμεν; δεῖ αὖ νοῆσαι ὅτι ἡμῶν ἐν ἐκάστῳ δύο τινεῖς ἐστων ἰδέα ἄρχοντε καὶ ἄγοντε, οἷν ἐπόμεθα ἡ ἂν ἄγητον, ἡ μὲν ἔμφυτος οὕσα ἐπιθυμία ἡδονῶν, ἄλλη δὲ ἐπὶ κτήτος δόξα, ἐφιεμένη τοῦ ἀρίστου. τούτῳ δὲ ἐν ἡμῖν τοτὲ μὲν ὁμονοεῖτον, [237e] ἔστι δὲ ὅτε στασιάζετον· καὶ τοτὲ μὲν ἡ ἐτέρα, ἄλλοτε δὲ ἡ ἐτέρα κρατεῖ. δόξης μὲν οὖν ἐπὶ τὸ ἄριστον λόγῳ ἀγούσης καὶ κρατούσης τῷ κράτει σωφροσύνη ὄνομα· [238a] ἐπιθυμίας δὲ ἀλόγως ἐλκούσης ἐπὶ ἡδονᾶς καὶ ἀρξάσης ἐν ἡμῖν τῇ ἀρχῇ ὕβρις ἐπωνομάσθη. ὕβρις δὲ δὴ πολυώνυμον — πολυμελὲς γὰρ καὶ πολυμερές — καὶ τούτων τῶν ἰδεῶν ἐκπρεπὴς ἡ ἂν τύχη γενομένη, τὴν αὐτῆς ἐπωνυμίαν ὀνομαζόμενον τὸν ἔχοντα παρέχεται, οὔτε τινὰ καλὴν οὔτ' ἐπαξίαν κεκτηῖσθαι. περὶ μὲν γὰρ ἐδωδὴν κρατοῦσα τοῦ λόγου τε τοῦ ἀρίστου καὶ τῶν ἄλλων ἐπιθυμιῶν ἐπιθυμία [238b] γαστριμαργία τε καὶ τὸν ἔχοντα ταῦτόν τοῦτο κεκλημένον παρέξεται· περὶ δ' αὖ μέθας τυραννέουσα, τὸν κεκτημένον ταύτῃ ἄγουσα, δῆλον οὗ τεύξεται προσρήματος· καὶ τᾶλλα δὴ τὰ τούτων ἀδελφὰ καὶ ἀδελφῶν ἐπιθυμιῶν ὀνόματα τῆς αἰεὶ δυναστευούσης ἡ προσήκει καλεῖσθαι πρόδηλον. ἥς δ' ἕνεκα πάντα τὰ πρόσθεν εἴρηται, σχεδὸν μὲν ἡδὴ φανερόν, λεχθὲν δὲ ἡ μὴ λεχθὲν πάντως σαφέστερον· ἡ γὰρ ἄνευ λόγου δόξης ἐπὶ τὸ ὀρθὸν ὁρμώσης κρατήσασα ἐπιθυμία [238c] πρὸς

ἡδονὴν ἀχθεῖσα κάλλους, καὶ ὑπὸ αὐτῶν ἑαυτῆς συγγενῶν ἐπιθυμιῶν ἐπὶ σωμάτων κάλλος ἐρρώμενως ῥωσθεῖσα νικήσασα ἀγωγῇ, ἀπ' αὐτῆς τῆς ῥώμης ἐπωνυμίαν λαβοῦσα, ἔρωσ ἐκλήθη. ἀτάρ, ὦ φίλε Φαῖδρε, δοκῶ τι σοί, ὥσπερ ἑμαντῶ, θεῖον πάθος πεπονθέναι;

Φαῖδρος

πάνυ μὲν οὖν, ὦ Σώκρατες, παρὰ τὸ εἰωθὸς εὐροιά τίς σε εἴληφεν.

Σωκράτης

σιγῇ τοίνυν μου ἄκουε. τῷ ὄντι γὰρ θεῖος ἔοικεν [238d] ὁ τόπος εἶναι, ὥστε ἐὰν ἄρα πολλάκις νυμφόληπτος προϊόντος τοῦ λόγου γένωμαι, μὴ θαυμάσης· τὰ νῦν γὰρ οὐκέτι πόρρῳ διθυράμβων φθέγγομαι.

Φαῖδρος

ἀληθέστατα λέγεις.

Σωκράτης

τούτων μέντοι σὺ αἴτιος. ἀλλὰ τὰ λοιπὰ ἄκουε· ἴσως γὰρ καὶ ἀποτράποιτο τὸ ἐπιόν. ταῦτα μὲν οὖν θεῷ μελήσει, ἡμῖν δὲ πρὸς τὸν παῖδα πάλιν τῷ λόγῳ ἰτέον.

εἶεν, ὦ φέριστε· ὁ μὲν δὴ τυγχάνει ὃν περὶ οὗ βουλευτέον, εἴρηταί τε καὶ ὤριστα, βλέποντες δὲ δὴ πρὸς αὐτὸ [238e] τὰ λοιπὰ λέγωμεν τίς ὠφελία ἢ βλάβη ἀπὸ τε ἐρῶντος καὶ μὴ τῷ χαριζομένῳ ἐξ εἰκότος συμβήσεται. τῷ δὴ ὑπὸ ἐπιθυμίας ἀρχομένῳ δουλεύοντί τε ἡδονῇ ἀνάγκη που τὸν ἐρώμενον ὡς ἡδιστον ἑαυτῷ παρασκευάζειν· νοσοῦντι δὲ πᾶν ἡδὺ τὸ μὴ ἀντιτεῖνον, κρεῖττον δὲ καὶ ἴσον ἐχθρόν. [239a] οὔτε δὴ κρεῖττω οὔτε ἰσούμενον ἐκὼν ἐραστῆς παιδικὰ ἀνέξεται, ἥττω δὲ καὶ ὑποδεέστερον αἰεὶ ἀπεργάζεται· ἥττων δὲ ἀμαθὴς σοφοῦ, δειλὸς ἀνδρείου, ἀδύνατος εἰπεῖν ῥητορικοῦ, βραδὺς ἀγχίνου. τοσοῦτων κακῶν καὶ ἔτι πλειόνων κατὰ τὴν διάνοιαν ἐραστὴν ἐρωμένῳ ἀνάγκη γιγνομένων τε καὶ φύσει ἐνόντων [τῶν] μὲν ἡδεσθαι, τὰ δὲ παρασκευάζειν, ἢ στέρεσθαι τοῦ παραυτίκα ἡδέος. φθονερὸν δὲ ἀνάγκη [239b] εἶναι, καὶ πολλῶν μὲν ἄλλων συνουσιῶν ἀπείργοντα καὶ ὠφελίμων ὅθεν ἂν μάλιστα ἄνιρ γίνοιτο, μεγάλης αἰτίον εἶναι βλάβης, μεγίστης δὲ τῆς ὅθεν ἂν φρονιμώτατος εἴη. τοῦτο δὲ ἡ θεία φιλοσοφία τυγχάνει ὃν, ἧς ἐραστὴν παιδικὰ ἀνάγκη πόρρῳθεν εἴργειν, περίφοβον ὄντα τοῦ καταφρονηθῆναι· τὰ τε ἄλλα μηχανᾶσθαι ὅπως ἂν ἥ πάντα ἀγνοῶν καὶ πάντα ἀποβλέπων εἰς τὸν ἐραστήν, οἷος ὢν τῷ μὲν ἡδιστος, ἑαυτῷ δὲ βλαβερώτατος ἂν

εἴη. τὰ μὲν οὖν κατὰ [239c] διάνοιαν ἐπίτροπός τε καὶ κοινωνὸς οὐδαμῇ λυσιτελεῖς ἀνὴρ ἔχων ἔρωτα.

τὴν δὲ τοῦ σώματος ἔξιν τε καὶ θεραπείαν οἷαν τε καὶ ὡς θεραπεύσει οὗ ἂν γένηται κύριος, ὃς ἡδὺν πρὸ ἀγαθοῦ ἠνάγκασται διώκειν, δεῖ μετὰ ταῦτα ἰδεῖν. ὀφθῆσεται δὴ μαλθακὸν τινα καὶ οὐ στερεὸν διώκων, οὐδ' ἐν ἡλίῳ καθαρῷ τεθραμμένον ἀλλὰ ὑπὸ συμμιγεί σκιᾷ, πόνων μὲν ἀνδρείων καὶ ἰδρώτων ξηρῶν ἄπειρον, ἔμπειρον δὲ ἀπαλῆς καὶ ἀνάνδρου [239d] διαίτης, ἀλλοτριῶσι χρώμασι καὶ κόσμοις χήτει οἰκείων κοσμούμενον, ὅσα τε ἄλλα τούτοις ἔπεται πάντα ἐπιτηδεύοντα, ἃ δὴλα καὶ οὐκ ἄξιον περαιτέρω προβαίνειν, ἀλλὰ ἐν κεφάλαιον ὀρισσαμένους ἐπ' ἄλλο ἰέναι· τὸ γὰρ τοιοῦτον σῶμα ἐν πολέμῳ τε καὶ ἄλλαις χρεῖαις ὅσαι μεγάλαί οἱ μὲν ἐχθροὶ θαρρόουσιν, οἱ δὲ φίλοι καὶ αὐτοὶ οἱ ἐρασταὶ φοβοῦνται.

τοῦτο μὲν οὖν ὡς δῆλον ἐατέον, τὸ δ' ἐφεξῆς ρητέον, [239e] τίνα ἡμῖν ὠφελίαν ἢ τίνα βλάβην περὶ τὴν κτῆσιν ἢ τοῦ ἐρῶντος ὁμιλία τε καὶ ἐπιτροπεία παρέξεται. σαφὲς δὴ τοῦτο γε παντὶ μὲν, μάλιστα δὲ τῷ ἐραστῇ, ὅτι τῶν φιλτάτων τε καὶ εὐνουστάτων καὶ θειοτάτων κτημάτων ὀρφανὸν πρὸ παντὸς εὖζαιτ' ἂν εἶναι τὸν ἐρώμενον· πατρὸς γὰρ καὶ μητρὸς καὶ συγγενῶν καὶ φίλων στέρεσθαι ἂν αὐτὸν δέξαιτο, [240a] διακωλυτὰς καὶ ἐπιτιμητὰς ἡγούμενος τῆς ἡδίστης πρὸς αὐτὸν ὁμιλίας. ἀλλὰ μὴν οὐσίαν γ' ἔχοντα χρυσοῦ ἢ τινος ἄλλης κτήσεως οὔτε εὐάλωτον ὁμοίως οὔτε ἀλόντα εὐμεταχείριστον ἡγήσεται· ἐξ ὧν πᾶσα ἀνάγκη ἐραστὴν παιδικοῖς φθονεῖν μὲν οὐσίαν κεκτημένοις, ἀπολλυμένης δὲ χαίρειν. ἔτι τοίνυν ἄγαμον, ἄπαιδα, ἄοικον ὅτι πλεῖστον χρόνον παιδικὰ ἐραστής εὖζαιτ' ἂν γενέσθαι, τὸ αὐτοῦ γλυκὺ ὡς πλεῖστον χρόνον καρποῦσθαι ἐπιθυμῶν.

ἔστι μὲν δὴ καὶ ἄλλα κακά, ἀλλά τις δαίμων ἔμειξε τοῖς [240b] πλείστοις ἐν τῷ παραυτίκῳ ἡδονήν, οἷον κόλακι, δεινῷ θηρίῳ καὶ βλάβῃ μεγάλῃ, ὅμως ἐπέμειξεν ἢ φύσις ἡδονήν τινα οὐκ ἄμουσον, καὶ τις ἐταίραν ὡς βλαβερὸν ψέξειεν ἄν, καὶ ἄλλα πολλὰ τῶν τοιουτοτρόπων θρεμμάτων τε καὶ ἐπιτηδευμάτων, οἷς τό γε καθ' ἡμέραν ἡδίστοισιν εἶναι ὑπάρχει· παιδικοῖς δὲ ἐραστής πρὸς τῷ βλαβερῷ καὶ εἰς τὸ συνημερεύειν πάντων [240c] ἀηδέστατον. ἥλικα γὰρ δὴ καὶ ὁ παλαιὸς λόγος τέρπειν τὸν ἥλικα — ἢ γὰρ οἶμαι χρόνον ἰσότης ἐπ' ἴσας ἡδονὰς ἄγουσα δι' ὁμοιότητα φιλίαν παρέχεται — ἀλλ' ὅμως κόρον γε καὶ ἢ τούτων συνουσία ἔχει. καὶ μὴν τό γε ἀναγκαῖον αὐτὸ βαρὺ παντὶ περὶ πᾶν λέγεται· ὃ δὴ πρὸς τῇ ἀνομοιότητι

μάλιστα ἐραστής πρὸς παιδικὰ ἔχει. νεωτέρῳ γὰρ πρεσβύτερος συνὼν οὐθ' ἡμέρας οὔτε νυκτὸς ἐκὼν ἀπολείπεται, ἀλλ' ὑπ' [240d] ἀνάγκης τε καὶ οἴστρου ἐλαύνεται, ὃς ἐκείνῳ μὲν ἡδονὰς αἰεὶ διδοὺς ἄγει, ὀρῶντι, ἀκούοντι, ἀπτομένῳ, καὶ πᾶσαν αἴσθησιν αἰσθανομένῳ τοῦ ἐρωμένου, ὥστε μεθ' ἡδονῆς ἀραρότως αὐτῷ ὑπηρετεῖν· τῷ δὲ δὴ ἐρωμένῳ ποῖον παραμύθιον ἢ τίνας ἡδονὰς διδοὺς ποιήσει τὸν ἴσον χρόνον συνόντα μὴ οὐχὶ ἐπ' ἔσχατον ἐλθεῖν ἀηδίας — ὀρῶντι μὲν ὄψιν πρεσβυτέραν καὶ οὐκ ἐν ὥρᾳ, ἐπομένων δὲ τῶν ἄλλων ταύτῃ, ἃ καὶ λόγῳ [240e] ἐστὶν ἀκούειν οὐκ ἐπιτερπές, μὴ ὅτι δὴ ἔργῳ ἀνάγκης αἰεὶ προσκειμένης μεταχειρίζεσθαι, φυλακάς τε δὴ καχυποτόπους φυλαττομένῳ διὰ παντὸς καὶ πρὸς ἅπαντας, ἀκαίρους τε ἐπαίνους καὶ ὑπερβάλλοντας ἀκούοντι, ὥς δ' αὐτῶς ψόγους νήφοντος μὲν οὐκ ἀνεκτοῦς, εἰς δὲ μέθην ἰόντος πρὸς τῷ μὴ ἀνεκτῷ ἐπαισχεῖς, παρρησία κατακορεῖ καὶ ἀναπεπταμένη χρωμένου; καὶ ἐρῶν μὲν βλαβερὸς τε καὶ ἀηδής, λήξας δὲ τοῦ ἐρωτος εἰς τὸν ἔπειτα χρόνον ἄπιστος, εἰς ὃν πολλὰ καὶ μετὰ πολλῶν ὀρκῶν τε καὶ δεήσεων ὑπισχνούμενος μόγις [241a] κατεῖχε τὴν γ' ἐν τῷ τότε συνουσίαν ἐπίπονον οὖσαν φέρειν δι' ἐλπίδα ἀγαθῶν. τότε δὴ δέον ἐκτίνειν, μεταβαλὼν ἄλλον ἄρχοντα ἐν αὐτῷ καὶ προστάτην, νοῦν καὶ σωφροσύνην ἀντ' ἐρωτος καὶ μανίας, ἄλλος γεγωνὼς λέληθεν τὰ παιδικά. καὶ ὁ μὲν αὐτὸν χάριν ἀπαιτεῖ τῶν τότε, ὑπομιμνήσκων τὰ πραχθέντα καὶ λεχθέντα, ὥς τῷ αὐτῷ διαλεγόμενος· ὁ δὲ ὑπ' αἰσχύνης οὔτε εἰπεῖν τολμᾷ ὅτι ἄλλος γέγονεν, οὐθ' ὅπως τὰ τῆς προτέρας ἀνοήτου ἀρχῆς ὀρκωμόσιά τε καὶ ὑποσχέσεις [241b] ἐμπεδώσῃ ἔχει, νοῦν ἤδη ἐσχηκὼς καὶ σεσωφρονηκὼς, ἵνα μὴ πράττων ταῦτα τῷ πρόσθεν ὁμοίος τε ἐκείνῳ καὶ ὁ αὐτὸς πάλιν γένηται. φυγὰς δὴ γίνεταί ἐκ τούτων, καὶ ἀπεστερηκὼς ὑπ' ἀνάγκης ὁ πρὶν ἐραστής, ὁστράκου μεταπεσόντος, ἵεται φυγῇ μεταβαλὼν· ὁ δὲ ἀναγκάζεται διώκειν ἀγανακτῶν καὶ ἐπιθεάζων, ἡγνοηκὼς τὸ ἅπαν ἐξ ἀρχῆς, ὅτι οὐκ ἄρα ἔδει ποτὲ ἐρῶντι καὶ ὑπ' ἀνάγκης ἀνοήτῳ χαρίζεσθαι, [241c] ἀλλὰ πολὺ μᾶλλον μὴ ἐρῶντι καὶ νοῦν ἔχοντι· εἰ δὲ μή, ἀναγκαῖον εἶη ἐνδοῦναι αὐτὸν ἀπίστῳ, δυσκόλῳ, φθονερῷ, ἀηδεῖ, βλαβερῷ μὲν πρὸς οὐσίαν, βλαβερῷ δὲ πρὸς τὴν τοῦ σώματος ἕξιν, πολὺ δὲ βλαβερωτάτῳ πρὸς τὴν τῆς ψυχῆς παίδευσιν, ἧς οὔτε ἀνθρώποις οὔτε θεοῖς τῇ ἀληθείᾳ τιμιώτερον οὔτε ἔστιν οὔτε ποτὲ ἔσται. ταῦτά τε οὖν χρή, ὧ παῖ, συννοεῖν, καὶ εἰδέναι τὴν ἐραστοῦ φιλίαν ὅτι οὐ μετ' εὐνοίας γίνεταί, ἀλλὰ σιτίου τρόπον,

χάριν πλησμονῆς, [241d] ὥς λύκοι ἄρνas ἀγαπῶσιν, ὥς παῖδα φιλοῦσιν ἐρασταί.

τοῦτ' ἐκεῖνο, ὦ Φαῖδρε. οὐκέτ' ἂν τὸ πέρα ἀκούσῃς ἐμοῦ λέγοντος, ἀλλ' ἤδη σοι τέλος ἐχέτω ὁ λόγος.

Φαῖδρος

καίτοι ὦμην γε μεσοῦν αὐτόν, καὶ ἐρεῖν τὰ ἴσα περὶ τοῦ μὴ ἐρῶντος, ὥς δεῖ ἐκεῖνῳ χαρίζεσθαι μᾶλλον, λέγων ὅσα αὖ ἔχει ἀγαθὰ· νῦν δὲ δῆ, ὦ Σώκρατες, τί ἀποπαύη;

[241e] Σωκράτης

οὐκ ἦσθου, ὦ μακάριε, ὅτι ἤδη ἔπη φθέγγομαι ἀλλ' οὐκέτι διθυράμβους, καὶ ταῦτα ψέγων; ἐὰν δ' ἐπαινεῖν τὸν ἕτερον ἄρξωμαι, τί με οἶε ποιήσῃς; ἄρ' οἴσθ' ὅτι ὑπὸ τῶν Νυμφῶν, αἷς με σὺ προύβαλες ἐκ προνοίας, σαφῶς ἐνθουσιάσω; λέγω οὖν ἐνὶ λόγῳ ὅτι ὅσα τὸν ἕτερον λελοιδορήκαμεν, τῷ ἐτέρῳ τάναντία τούτων ἀγαθὰ πρόσσεστιν. καὶ τί δεῖ μακροῦ λόγου; περὶ γὰρ ἀμφοῖν ἰκανῶς εἴρηται. καὶ οὕτω δὴ ὁ μῦθος ὅτι πάσχειν προσήκει αὐτῷ, τοῦτο [242a] πείσεται· κἀγὼ τὸν ποταμὸν τοῦτον διαβὰς ἀπέρχομαι πρὶν ὑπὸ σοῦ τι μεῖζον ἀναγκασθῆναι.

Φαῖδρος

μήπω γε, ὦ Σώκρατες, πρὶν ἂν τὸ καῦμα παρέλθῃ. ἢ οὐχ ὀρᾷς ὥς σχεδὸν ἤδη μεσημβρία ἴσταται ἢ δὴ καλουμένη σταθερά; ἀλλὰ περιμείναντες καὶ ἅμα περὶ τῶν εἰρημένων διαλεχθέντες, τάχα ἐπειδὰν ἀποψυχῇ ἵμεν.

Σωκράτης

θεῖός γ' εἶ περὶ τοὺς λόγους, ὦ Φαῖδρε, καὶ ἀτεχνῶς θαυμάσιος. οἶμαι γὰρ ἐγὼ τῶν ἐπὶ τοῦ σοῦ βίου γεγονότων [242b] λόγων μηδένα πλείους ἢ σὲ πεποιηκέναι γεγενῆσθαι ἤτοι αὐτόν λέγοντα ἢ ἄλλους ἐνὶ γέ τῳ τρόπῳ προσαναγκάζοντα — Σιμμίαν Θηβαῖον ἐξαιρῶ λόγου· τῶν δὲ ἄλλων πάμπολυ κρατεῖς — καὶ νῦν αὖ δοκεῖς αἰτίος μοι γεγενῆσθαι λόγῳ τινὶ ρηθῆναι.

Φαῖδρος

οὐ πόλεμόν γε ἀγγέλλεις. ἀλλὰ πῶς δὴ καὶ τίνι τούτῳ;

Σωκράτης

ἡνίκ' ἔμελλον, ὦγαθέ, τὸν ποταμὸν διαβαίνειν, τὸ δαιμόνιον τε καὶ τὸ εἰωθὸς σημεῖόν μοι γίγνεσθαι ἐγένετο [242c] — ἀεὶ δέ με ἐπίσχει ὃ ἂν μέλλω πράττειν — καὶ τίνα φωνὴν ἔδοξα αὐτόθεν ἀκοῦσαι, ἢ με οὐκ ἐᾶ ἀπιέναι πρὶν ἂν ἀφοσιώσωμαι, ὥς δὴ τι ἡμαρτηκότα εἰς τὸ

θεῖον. εἰμὶ δὴ οὖν μάντις μέν, οὐ πάνυ δὲ σπουδαῖος, ἀλλ' ὥσπερ οἱ
τὰ γράμματα φαῦλοι, ὅσον μὲν ἐμαυτῷ μόνον ἱκανός· σαφῶς οὖν
ἤδη μανθάνω τὸ ἀμάρτημα. ὥς δὴ τοι, ὦ ἐταῖρε, μαντικόν γέ τι καὶ ἡ
ψυχή· ἐμὲ γὰρ ἔθραξε μὲν τι καὶ πάλαι λέγοντα τὸν λόγον, καὶ πως
ἐδυσσωπούμην κατ' Ἴβυκον, μὴ τι παρὰ θεοῖς
[242d] ἀμβλακὼν τιμὰν πρὸς ἀνθρώπων ἀμείψω·
νῦν δ' ἦσθημαι τὸ ἀμάρτημα.

Φαῖδρος

λέγεις δὲ δὴ τί;

Σωκράτης

δεινόν, ὦ Φαῖδρε, δεινὸν λόγον αὐτός τε ἐκόμισας ἐμέ τε ἠνάγκασας
εἰπεῖν.

Φαῖδρος

πῶς δὴ;

Σωκράτης

εὐήθη καὶ ὑπὸ τι ἀσεβῇ· οὗ τίς ἂν εἴη δεινότερος;

Φαῖδρος

οὐδεῖς, εἴ γε σὺ ἀληθῆ λέγεις.

Σωκράτης

τί οὖν; τὸν ἔρωτα οὐκ Ἀφροδίτης καὶ θεόν τινα ἡγῇ;

Φαῖδρος

λέγεται γε δὴ.

Σωκράτης

οὐ τι ὑπὸ γε Λυσίου, οὐδὲ ὑπὸ τοῦ σοῦ λόγου, ὅς[242e] διὰ τοῦ ἐμοῦ
στόματος καταφαρμακευθέντος ὑπὸ σοῦ ἐλέχθη. εἰ δ' ἔστιν, ὥσπερ
οὖν ἔστι, θεὸς ἢ τι θεῖον ὃ Ἔρως, οὐδὲν ἂν κακὸν εἴη, τῷ δὲ λόγῳ τῷ
νυνδὴ περὶ αὐτοῦ εἰπέτην ὡς τοιούτου ὄντος· ταύτη τε οὖν
ἡμαρτανέτην περὶ τὸν ἔρωτα, ἔτι τε ἡ εὐήθεια αὐτοῖν πάνυ ἀστεία, τὸ
μηδὲν ὑγιὲς λέγοντε [243a] μηδὲ ἀληθὲς σεμνύνεσθαι ὡς τι ὄντε, εἰ
ἄρα ἀνθρωπίσκους τινὰς ἐξαπατήσαντε εὐδοκιμήσετεν ἐν αὐτοῖς.
ἐμοὶ μὲν οὖν, ὦ φίλε, καθήρασθαι ἀνάγκη· ἔστιν δὲ τοῖς
ἀμαρτάνουσι περὶ μυθολογίαν καθαρθὸς ἀρχαῖος, ὃν Ὅμηρος μὲν
οὐκ ἦσθετο, Στησίχορος δέ. τῶν γὰρ ὁμμάτων στερηθεὶς διὰ τὴν
Ἑλένης κακηγορίαν οὐκ ἠγνόησεν ὥσπερ Ὅμηρος, ἀλλ' ἄτε
μουσικὸς ὢν ἔγνω τὴν αἰτίαν, καὶ ποιεῖ εὐθὺς —

οὐκ ἔστ' ἔτυμος λόγος οὗτος,

οὐδ' ἔβας ἐν νηυσὶν εὐσέλμοις,
[243b] οὐδ' ἵκεο Πέργαμα Τροίας·

καὶ ποιήσας δὴ πᾶσαν τὴν καλουμένην Παλινωδίαν παραχρῆμα ἀνέβλεψεν. ἐγὼ οὖν σοφώτερος ἐκείνων γενήσομαι κατ' αὐτό γε τοῦτο· πρὶν γάρ τι παθεῖν διὰ τὴν τοῦ Ἑρωτος κακηγορίαν πειράσομαι αὐτῷ ἀποδοῦναι τὴν παλινωδίαν, γυμνῇ τῇ κεφαλῇ καὶ οὐχ ὥσπερ τότε ὑπ' αἰσχύνης ἐγκεκαλυμμένος.

Φαῖδρος

τουτωνί, ὦ Σώκρατες, οὐκ ἔστιν ἄττ' ἂν ἐμοὶ εἴπες ἡδίω.

[243c] **Σωκράτης**

καὶ γάρ, ὠγαθὲ Φαῖδρε, ἐννοεῖς ὡς ἀναιδῶς εἴρησθον τῷ λόγῳ, οὗτός τε καὶ ὁ ἐκ τοῦ βιβλίου ῥηθεῖς. εἰ γὰρ ἀκούων τις τύχοι ἡμῶν γεννάδας καὶ πρῶος τὸ ἦθος, ἐτέρου δὲ τοιούτου ἐρῶν ἢ καὶ πρότερόν ποτε ἐρασθεῖς, λεγόντων ὡς διὰ σμικρὰ μεγάλας ἔχθρας οἱ ἐρασταὶ ἀναιροῦνται καὶ ἔχουσι πρὸς τὰ παιδικὰ φθονερῶς τε καὶ βλαβερῶς, πῶς οὐκ ἂν οἶε αὐτὸν ἡγεῖσθαι ἀκούειν ἐν ναύταις που τεθραμμένων καὶ οὐδένα ἐλεύθερον ἔρωτα ἐωρακότων, πολλοῦ δ' ἂν δεῖν [243d] ἡμῖν ὁμολογεῖν ἃ ψέγομεν τὸν ἔρωτα;

Φαῖδρος

ἴσως νῆ Δί', ὦ Σώκρατες.

Σωκράτης

τοῦτόν γε τοῖνυν ἔγωγε αἰσχυνόμενος, καὶ αὐτὸν τὸν ἔρωτα δεδιώς, ἐπιθυμῶ ποτίμῳ λόγῳ οἶον ἀλμυρὰν ἀκοὴν ἀποκλύσασθαι· συμβουλεύω δὲ καὶ Λυσία ὅτι τάχιστα γράψαι ὡς χρή ἐραστῇ μᾶλλον ἢ μὴ ἐρῶντι ἐκ τῶν ὁμοίων χαρίζεσθαι.

Φαῖδρος

ἀλλ' εὖ ἴσθι ὅτι ἔξει τοῦθ' οὕτω· σοῦ γὰρ εἰπόντος τὸν τοῦ ἐραστοῦ ἔπαινον, πᾶσα ἀνάγκη Λυσίαν ὑπ' ἐμοῦ
[243e] ἀναγκασθῆναι γράψαι αὖ περὶ τοῦ αὐτοῦ λόγον.

Σωκράτης

τοῦτο μὲν πιστεύω, ἕωσπερ ἂν ἦς ὅς εἴ.

Φαῖδρος

λέγε τοῖνυν θαρρῶν.

Σωκράτης

ποῦ δὴ μοι ὁ παῖς πρὸς ὃν ἔλεγον; ἵνα καὶ τοῦτο ἀκούσῃ, καὶ μὴ ἀνήκοος ὢν φθάσῃ χαρισάμενος τῷ μὴ ἐρῶντι.

Φαῖδρος

οὗτος παρά σοι μάλα πλησίον ἀεὶ πάρεστιν, ὅταν σὺ βούλῃ.

Σωκράτης

οὕτως τοῖνυν, ὦ παῖ καλέ, ἐννόησον, ὥς ὁ μὲν [244a] πρότερος ἦν λόγος Φαῖδρου τοῦ Πυθοκλέους, Μυρρίνουσίου ἀνδρός· ὃν δὲ μέλλω λέγειν, Στησιχόρου τοῦ Εὐφήμου, Ἱμεραίου. λεκτέος δὲ ὧδε, ὅτι οὐκ ἔστ' ἔτυμος λόγος ὃς ἂν παρόντος ἐραστοῦ τῷ μὴ ἐρῶντι μᾶλλον φῇ δεῖν χαρίζεσθαι, διότι δὴ ὁ μὲν μαίνεται, ὁ δὲ σωφρονεῖ. εἰ μὲν γὰρ ἦν ἀπλοῦν τὸ μανίαν κακὸν εἶναι, καλῶς ἂν ἐλέγετο· νῦν δὲ τὰ μέγιστα τῶν ἀγαθῶν ἡμῖν γίγνεται διὰ μανίας, θεία μέντοι δόσει διδομένης. ἥ τε γὰρ δὴ ἐν Δελφοῖς προφητὶς αἶ τ' ἐν [244b] Δωδώνῃ ἰέρειαί μανεῖσαι μὲν πολλὰ δὴ καὶ καλὰ ἰδία τε καὶ δημοσία τὴν Ἑλλάδα ἡργάσαντο, σωφρονοῦσαι δὲ βραχέα ἢ οὐδέν· καὶ ἐὰν δὴ λέγωμεν Σίβυλλάν τε καὶ ἄλλους, ὅσοι μαντικῇ χρώμενοι ἐνθέῳ πολλὰ δὴ πολλοῖς προλέγοντες εἰς τὸ μέλλον ὥρθωσαν, μηκύνοιμεν ἂν δῆλα παντὶ λέγοντες. τόδε μὴν ἄξιον ἐπιμαρτύρασθαι, ὅτι καὶ τῶν παλαιῶν οἱ τὰ ὀνόματα τιθέμενοι οὐκ αἰσχρὸν ἡγοῦντο οὐδὲ ὄνειδος μανίαν· [244c] οὐ γὰρ ἂν τῇ καλλίστῃ τέχνῃ, ἥ τὸ μέλλον κρίνεται, αὐτὸ τοῦτο τοῦνομα ἐμπλέκοντες μανικὴν ἐκάλεσαν. ἀλλ' ὥς καλοῦ ὄντος, ὅταν θεία μοῖρα γίγνηται, οὕτω νομίσαντες ἔθεντο, οἱ δὲ νῦν ἀπειροκάλως τὸ ταῦ ἐπεμβάλλοντες μαντικὴν ἐκάλεσαν. ἐπεὶ καὶ τὴν γε τῶν ἐμφρόνων, ζήτησιν τοῦ μέλλοντος διὰ τε ὀρνίθων ποιουμένων καὶ τῶν ἄλλων σημείων, ἅτ' ἐκ διανοίας ποριζομένων ἀνθρωπίνῃ οἰήσει νοῦν τε καὶ ἱστορίαν, οἰονοῖστικὴν ἐπωνόμασαν, [244d] ἦν νῦν οἰωνιστικὴν τῷ ὦ σεμνύνοντες οἱ νέοι καλοῦσιν· ὅσῳ δὴ οὖν τελεώτερον καὶ ἐντιμότερον μαντικὴ οἰωνιστικῆς, τό τε ὄνομα τοῦ ὀνόματος ἔργον τ' ἔργου, τόσῳ κάλλιον μαρτυροῦσιν οἱ παλαιοὶ μανίαν σωφροσύνης τὴν ἐκ θεοῦ τῆς παρ' ἀνθρώπων γιγνομένης. ἀλλὰ μὴν νόσων γε καὶ πόνων τῶν μεγίστων, ἃ δὴ παλαιῶν ἐκ μηνιμάτων ποθὲν ἐν τισι τῶν γενῶν ἢ μανία ἐγγενομένη καὶ προφητεύσασα, οἷς ἔδει [244e] ἀπαλλαγὴν ἠῦρετο, καταφυγοῦσα πρὸς θεῶν εὐχάς τε καὶ λατρείας, ὅθεν δὴ καθαρμῶν τε καὶ τελετῶν τυχοῦσα ἐξάντη ἐποίησε τὸν [ἐαυτῆς] ἔχοντα πρὸς τε τὸν παρόντα καὶ τὸν ἔπειτα χρόνον, λύσιν τῷ ὀρθῶς μανέντι τε καὶ κατασχομένῳ [245a] τῶν παρόντων κακῶν εὐρομένη. τρίτῃ δὲ ἀπὸ Μουσῶν κατοκωχὴ τε καὶ μανία, λαβοῦσα ἀπαλὴν καὶ ἄβατον ψυχὴν, ἐγείρουσα καὶ ἐκβακχεύουσα κατὰ τε ὠδὰς καὶ κατὰ τὴν ἄλλην

ποίησιν, μυρία τῶν παλαιῶν ἔργα κοσμοῦσα τοὺς ἐπιγιγνομένους παιδεύει· ὃς δ' ἂν ἄνευ μανίας Μουσῶν ἐπὶ ποιητικὰς θύρας ἀφίκηται, πεισθεις ὡς ἄρα ἐκ τέχνης ἱκανὸς ποιητὴς ἐσόμενος, ἀτελὴς αὐτός τε καὶ ἡ ποίησις ὑπὸ τῆς τῶν μαινομένων ἢ τοῦ σωφρονοῦντος ἠφανίσθη.

[245b] τοσαῦτα μὲν σοι καὶ ἔτι πλείω ἔχω μανίας γιγνομένης ἀπὸ θεῶν λέγειν καλὰ ἔργα. ὥστε τοῦτό γε αὐτὸ μὴ φοβώμεθα, μηδὲ τις ἡμᾶς λόγος θορυβεῖτω δεδιττόμενος ὡς πρὸ τοῦ κεκινημένου τὸν σῶφρονα δεῖ προαιρεῖσθαι φίλον· ἀλλὰ τόδε πρὸς ἐκείνῳ δείξας φερέσθω τὰ νικητήρια, ὡς οὐκ ἐπ' ὠφελίᾳ ὁ ἔρως τῷ ἐρῶντι καὶ τῷ ἐρωμένῳ ἐκ θεῶν ἐπιπέμπεται. ἡμῖν δὲ ἀποδεικτέον αὖ τοῦναντίον, ὡς ἐπ' εὐτυχίᾳ τῇ μεγίστῃ [245c] παρὰ θεῶν ἡ τοιαύτη μανία δίδοται· ἡ δὲ δὴ ἀπόδειξις ἔσται δεινοῖς μὲν ἄπιστος, σοφοῖς δὲ πιστή. δεῖ οὖν πρῶτον ψυχῆς φύσεως περὶ θείας τε καὶ ἀνθρωπίνης ἰδόντα πάθη τε καὶ ἔργα τάληθές νοῆσαι· ἀρχὴ δὲ ἀποδείξεως ἦδε. ψυχὴ πᾶσα ἀθάνατος. τὸ γὰρ ἀεικίνητον ἀθάνατον· τὸ δ' ἄλλο κινεῖται καὶ ὑπ' ἄλλου κινούμενον, παῦλαν ἔχον κινήσεως, παῦλαν ἔχει ζωῆς. μόνον δὴ τὸ αὐτὸ κινεῖται, ἅτε οὐκ ἀπολείπον ἐαυτό, οὔποτε λήγει κινούμενον, ἀλλὰ καὶ τοῖς ἄλλοις ὅσα κινεῖται τοῦτο πηγὴ καὶ ἀρχὴ κινήσεως.

[245d] ἀρχὴ δὲ ἀγένητον. ἐξ ἀρχῆς γὰρ ἀνάγκη πᾶν τὸ γιγνόμενον γίνεσθαι, αὐτὴν δὲ μὴδ' ἐξ ἐνός· εἰ γὰρ ἔκ του ἀρχὴ γίγνοιτο, οὐκ ἂν ἔτι ἀρχὴ γίγνοιτο. ἐπειδὴ δὲ ἀγένητόν ἐστιν, καὶ ἀδιάφθορον αὐτὸ ἀνάγκη εἶναι. ἀρχῆς γὰρ δὴ ἀπολομένης οὔτε αὐτὴ ποτε ἔκ του οὔτε ἄλλο ἐξ ἐκείνης γενήσεται, εἴπερ ἐξ ἀρχῆς δεῖ τὰ πάντα γίνεσθαι. οὕτω δὴ κινήσεως μὲν ἀρχὴ τὸ αὐτὸ αὐτὸ κινεῖται. τοῦτο δὲ οὐτ' ἀπόλλυσθαι οὔτε γίνεσθαι δυνατόν, ἢ πάντα τε οὐρανὸν [245e] πᾶσάν τε γῆν εἰς ἓν συμπεσοῦσαν στῆναι καὶ μήποτε αὐθις ἔχειν ὅθεν κινήθέντα γενήσεται. ἀθανάτου δὲ πεφασμένου τοῦ ὑφ' ἐαυτοῦ κινουμένου, ψυχῆς οὐσίαν τε καὶ λόγον τοῦτον αὐτόν τις λέγων οὐκ αἰσχυνεῖται. πᾶν γὰρ σῶμα, ᾧ μὲν ἐξωθεν τὸ κινεῖσθαι, ἄψυχον, ᾧ δὲ ἐνδοθεν αὐτῷ ἐξ αὐτοῦ, ἔμψυχον, ὡς ταύτης οὔσης φύσεως ψυχῆς· εἰ δ' ἐστιν τοῦτο οὕτως ἔχον, μὴ ἄλλο τι εἶναι τὸ αὐτὸ ἐαυτὸ [246a] κινεῖται ἢ ψυχὴν, ἐξ ἀνάγκης ἀγένητόν τε καὶ ἀθάνατον ψυχὴ ἂν εἴη. περὶ μὲν οὖν ἀθανασίας αὐτῆς ἱκανῶς· περὶ δὲ τῆς ιδέας αὐτῆς ὧδε λεκτέον. οἷον μὲν ἐστι, πάντῃ πάντως θείας εἶναι καὶ μακρὰς διηγέσεως, ᾧ δὲ ἔοικεν, ἀνθρωπίνης τε καὶ ἐλάττονος· ταύτῃ οὖν

λέγωμεν. εἰκέτω δὴ συμφύτῳ δυνάμει ὑποπτέρου ζεύγους τε καὶ ἡνίοχου. θεῶν μὲν οὖν ἵπποι τε καὶ ἡνίοχοι πάντες αὐτοὶ τε ἀγαθοὶ καὶ ἐξ ἀγαθῶν, [246b] τὸ δὲ τῶν ἄλλων μέμικται. καὶ πρῶτον μὲν ἡμῶν ὁ ἄρχων συνωρίδος ἡνιοχεῖ, εἴτα τῶν ἵππων ὁ μὲν αὐτῷ καλὸς τε καὶ ἀγαθὸς καὶ ἐκ τοιούτων, ὁ δ' ἐξ ἐναντίων τε καὶ ἐναντίος· χαλεπὴ δὴ καὶ δύσκολος ἐξ ἀνάγκης ἢ περὶ ἡμᾶς ἡνίοχησις. πῆ δὴ οὖν θνητόν τε καὶ ἀθάνατον ζῶον ἐκλήθη πειρατέον εἰπεῖν. ψυχὴ πᾶσα παντὸς ἐπιμελεῖται τοῦ ἀψύχου, πάντα δὲ οὐρανὸν περιπολεῖ, ἄλλοτ' ἐν ἄλλοις εἶδεσι γιγνομένη. τελέα [246c] μὲν οὖν οὐσα καὶ ἐπτερωμένη μετεωροπορεῖ τε καὶ πάντα τὸν κόσμον διοικεῖ, ἡ δὲ πτερορρύθισα φέρεται ἕως ἂν στερεοῦ τιнос ἀντιλάβηται, οὗ κατοικισθεῖσα, σῶμα γήινον λαβοῦσα, αὐτὸ αὐτὸ δοκοῦν κινεῖν διὰ τὴν ἐκείνης δύναμιν, ζῶον τὸ σύμπαν ἐκλήθη, ψυχὴ καὶ σῶμα παγέν, θνητόν τ' ἔσχεν ἐπωνυμίαν· ἀθάνατον δὲ οὐδ' ἐξ ἑνὸς λόγου λελογισμένου, ἀλλὰ πλάττομεν οὔτε ἰδόντες οὔτε ἱκανῶς νοήσαντες [246d] θεόν, ἀθάνατόν τι ζῶον, ἔχον μὲν ψυχὴν, ἔχον δὲ σῶμα, τὸν αἰεὶ δὲ χρόνον ταῦτα συμπεφυκότα. ἀλλὰ ταῦτα μὲν δὴ, ὅπῃ τῷ θεῷ φίλον, ταῦτ' ἔχετο τε καὶ λεγέσθω· τὴν δὲ αἰτίαν τῆς τῶν πετρῶν ἀποβολῆς, δι' ἣν ψυχῆς ἀπορρέει, λάβωμεν. ἔστι δέ τις τοιάδε. πέφυκεν ἡ πτεροῦ δύναμις τὸ ἐμβριθεὶς ἄγειν ἄνω μετεωρίζουσα ἢ τὸ τῶν θεῶν γένος οἰκεῖ, κεκοινώνηκε δὲ πῃ μάλιστα τῶν περὶ τὸ σῶμα τοῦ θεοῦ [ψυχῇ], τὸ δὲ θεῖον [246e] καλόν, σοφόν, ἀγαθόν, καὶ πᾶν ὅτι τοιοῦτον· τούτοις δὴ τρέφεται τε καὶ αὔξεται μάλιστα γε τὸ τῆς ψυχῆς πτέρωμα, αἰσχυρῷ δὲ καὶ κακῷ καὶ τοῖς ἐναντίοις φθίνει τε καὶ διόλλυται. ὁ μὲν δὴ μέγας ἡγεμὼν ἐν οὐρανῷ Ζεὺς, ἐλαύνων πτηνὸν ἄρμα, πρῶτος πορεύεται, διακοσμῶν πάντα καὶ ἐπιμελούμενος· τῷ δ' ἔπεται στρατιὰ θεῶν τε καὶ δαιμόνων, [247a] κατὰ ἑνδεκα μέρη κεκοσμημένη. μένει γὰρ Ἑστία ἐν θεῶν οἴκῳ μόνῃ· τῶν δὲ ἄλλων ὅσοι ἐν τῷ τῶν δώδεκα ἀριθμῷ τεταγμένοι θεοὶ ἄρχοντες ἡγοῦνται κατὰ τάξιν ἣν ἕκαστος ἐτάχθη. πολλοὶ μὲν οὖν καὶ μακάριοι θεαὶ τε καὶ διέξοδοι ἐντὸς οὐρανοῦ, ἃς θεῶν γένος εὐδαιμόνων ἐπιστρέφεται πράττων ἕκαστος αὐτῶν τὸ αὐτοῦ, ἔπεται δὲ ὁ αἰεὶ ἐθέλων τε καὶ δυνάμενος· φθόνος γὰρ ἔξω θεοῦ χοροῦ ἴσταται. ὅταν δὲ δὴ πρὸς δαῖτα καὶ ἐπὶ θοίνῃν ἴωσιν, ἄκραν ἐπὶ τὴν [247b] ὑπουράνιον ἀψίδα πορεύονται πρὸς ἄναντες, ἢ δὴ τὰ μὲν θεῶν ὀχήματα ἰσορρόπως εὐήνια ὄντα ῥαδίως πορεύεται, τὰ δὲ ἄλλα μόγις· βρίθει γὰρ ὁ τῆς κάκης ἵππος μετέχων, ἐπὶ τὴν γῆν ῥέπων τε καὶ βαρύνων ὃ μὴ καλῶς

τὸν δὲ ὑπερουράνιον τόπον οὔτε τις ὕμνησέ ποω τῶν τῆδε ποιητῆς οὔτε ποτὲ ὑμνήσει κατ' ἀξίαν. ἔχει δὲ ὧδε — τολμητέον γὰρ οὖν τό γε ἀληθὲς εἰπεῖν, ἄλλως τε καὶ περὶ ἀληθείας λέγοντα — ἡ γὰρ ἀχρώματός τε καὶ ἀσχημάτιστος καὶ ἀναφῆς οὐσία ὄντως οὐσα, ψυχῆς κυβερνήτη μόνῳ θεατῇ νῶ, περὶ ἣν τὸ τῆς ἀληθοῦς ἐπιστήμης γένος, τοῦτον ἔχει [247d] τὸν τόπον. ἅτ' οὖν θεοῦ διάνοια νῶ τε καὶ ἐπιστήμη ἀκηράτῳ τρεφομένη, καὶ ἀπάσης ψυχῆς ὅση ἂν μέλη τὸ προσήκον δέξασθαι, ἰδοῦσα διὰ χρόνου τὸ ὄν ἀγαπᾷ τε καὶ θεωροῦσα τάληθ' ἰδέσθαι καὶ εὐπαθεῖ, ἕως ἂν κύκλῳ ἡ περιφορά εἰς ταὐτὸν περιενέγκῃ. ἐν δὲ τῇ περιόδῳ καθορᾷ μὲν αὐτὴν δικαιοσύνην, καθορᾷ δὲ σωφροσύνην, καθορᾷ δὲ ἐπιστήμην, οὐχ ἥ γένεσις πρόσεστιν, οὐδ' ἡ ἐστὶν που ἐτέρα [247e] ἐν ἐτέρῳ οὐσα ὧν ἡμεῖς νῦν ὄντων καλοῦμεν, ἀλλὰ τὴν ἐν τῷ ὃ ἐστὶν ὄν ὄντως ἐπιστήμην οὐσαν· καὶ τᾶλλα ὡσαύτως τὰ ὄντα ὄντως θεασαμένη καὶ ἐστιαθεῖσα, δῶσα πάλιν εἰς τὸ εἶσω τοῦ οὐρανοῦ, οἴκαδε ἦλθεν.

ἐλθούσης δὲ αὐτῆς ὁ ἡνίοχος πρὸς τὴν φάτνην τοὺς ἵππους στήσας παρέβαλεν ἀμβροσίαν τε καὶ ἐπ' αὐτῇ νέκταρ ἐπότισεν.

ἔστι δὴ οὖν δεῦρο ὁ πᾶς ἥκων λόγος περὶ τῆς τετάρτης μανίας — ἦν
ὅταν τὸ τῆδέ τις ὁρῶν κάλλος, τοῦ ἀληθοῦς ἀναμιμνησκόμενος,

ἀδυνατῶν δέ, ὄρνιθος δίκην βλέπων ἄνω, τῶν κάτω δὲ ἀμελῶν,

αὐτὸ διὰ τῆς ἐναργεστάτης αἰσθήσεως τῶν ἡμετέρων στίλβον
ἐναργέστατα. ὅψις γὰρ ἡμῖν ὀξυτάτη τῶν διὰ τοῦ σώματος ἔρχεται

αισθήσεων, ἣ φρόνησις οὐχ ὁράται — δεινούς γὰρ ἂν παρείχεν ἔρωτας, εἴ τι τοιοῦτον ἑαυτῆς ἐναργὲς εἶδωλον παρείχετο εἰς ὅπιν ἰόν — καὶ τᾶλλα ὅσα ἐραστά· νῦν δὲ κάλλος μόνον ταύτην ἔσχε μοῖραν, ὥστ' ἐκφανέστατον εἶναι [250e] καὶ ἐρασμιώτατον. ὁ μὲν οὖν μὴ νεοτελὴς ἢ διεφθαρμένος οὐκ ὀξέως ἐνθένδε ἐκείσε φέρεται πρὸς αὐτὸ τὸ κάλλος, θεώμενος αὐτοῦ τὴν τῆδε ἐπωνυμίαν, ὥστ' οὐ σέβεται προσορῶν, ἀλλ' ἠδονῇ παραδοὺς τετράποδος νόμον βαίνειν ἐπιχειρεῖ καὶ παιδοσπορεῖν, καὶ ὕβρει προσομιλῶν οὐ δέδοικεν [251a] οὐδ' αἰσχύνεται παρὰ φύσιν ἠδονὴν διώκων· ὁ δὲ ἀρτιτελής, ὁ τῶν τότε πολυθεάμων, ὅταν θεοειδὲς πρόσωπον ἴδῃ κάλλος εὖ μεμιμημένον ἢ τινα σώματος ιδέαν, πρῶτον μὲν ἐφριξε καὶ τι τῶν τότε ὑπῆλθεν αὐτὸν δειμάτων, εἶτα προσορῶν ὡς θεὸν σέβεται, καὶ εἰ μὴ ἐδεδίδει τὴν τῆς σφόδρα μανίας δόξαν, θύοι ἂν ὡς ἀγάλματι καὶ θεῷ τοῖς παιδικοῖς. ἰδόντα δ' αὐτὸν οἶον ἐκ τῆς φρίκης μεταβολή τε [251b] καὶ ἰδρῶς καὶ θερμότης ἀήθης λαμβάνει· δεξάμενος γὰρ τοῦ κάλλους τὴν ἀπορρόην διὰ τῶν ὀμμάτων ἐθερμάνθη ἢ ἡ τοῦ πτεροῦ φύσις ἄρδεται, θερμανθέντος δὲ ἐτάκη τὰ περὶ τὴν ἔκφυσιν, ἃ πάλοι ὑπὸ σκληρότητος συμμεμυκτά εἶργε μὴ βλαστάνειν, ἐπιρρύνεισης δὲ τῆς τροφῆς ὥδησέ τε καὶ ὥρμησε φύεσθαι ἀπὸ τῆς ῥίξης ὁ τοῦ πτεροῦ καυλὸς ὑπὸ πᾶν τὸ τῆς ψυχῆς εἶδος· πᾶσα γὰρ ἦν τὸ πάλοι πτερωτή.

[251c] ζεῖ οὖν ἐν τούτῳ ὅλη καὶ ἀνακηκίει, καὶ ὅπερ τὸ τῶν ὀδοντοφυούντων πάθος περὶ τοὺς ὀδόντας γίγνεται ὅταν ἄρτι φύωσιν, κνησίς τε καὶ ἀγανάκτησις περὶ τὰ οὖλα, ταῦτόν δὴ πέπονθεν ἢ τοῦ πτεροφυεῖν ἀρχομένου ψυχῇ· ζεῖ τε καὶ ἀγανακτεῖ καὶ γαργαλίζεται φύουσα τὰ πτερά. ὅταν μὲν οὖν βλέπουσα πρὸς τὸ τοῦ παιδὸς κάλλος, ἐκείθεν μέρη ἐπιόντα καὶ ῥέοντ' — ἃ δὴ διὰ ταῦτα ἵμερος καλεῖται — δεχομένη [τὸν ἵμερον] ἄρδεται τε καὶ θερμαίνεται, λωφᾷ τε τῆς ὀδύνης [251d] καὶ γέγηθεν· ὅταν δὲ χωρὶς γένηται καὶ αὐχμήσῃ, τὰ τῶν διεξόδων στόματα ἢ τὸ πτερόν ὀρμᾷ, συναυαινόμενα μύσαντα ἀποκλῆι τὴν βλάστην τοῦ πτεροῦ, ἢ δ' ἐντὸς μετὰ τοῦ ἡμέρου ἀποκεκλημένη, πηδῶσα οἶον τὰ σφύζοντα, τῇ διεξόδῳ ἐγχρίει ἐκάστη τῇ καθ' αὐτήν, ὥστε πᾶσα κεντουμένη κύκλῳ ἢ ψυχῇ οἰστρεῖ καὶ ὀδυνᾶται, μνήμην δ' αὖ ἔχουσα τοῦ καλοῦ γέγηθεν. ἐκ δὲ ἀμφοτέρων μεμειγμένων ἀδημονεῖ τε τῇ ἀτοπίᾳ τοῦ πάθους καὶ ἀποροῦσα λυττᾷ, καὶ ἐμμανὴς [251e] οὕσα οὔτε νυκτὸς δύναται καθεύδειν οὔτε μεθ' ἡμέραν οὐ ἂν ἢ μένειν, θεῖ δὲ ποθοῦσα

ὅπου ἂν οἴηται ὄψεσθαι τὸν ἔχοντα τὸ κάλλος· ἰδοῦσα δὲ καὶ ἐποχετευσαμένη ἥμερον ἔλυσεν μὲν τὰ τότε συμπεφραγμένα, ἀναπνοὴν δὲ λαβοῦσα κέντρων τε καὶ ὠδίνων ἔληξεν, ἡδονὴν δ' αὖ ταύτην γλυκυτάτην ἐν τῷ [252a] παρόντι καρποῦται. ὅθεν δὴ ἐκοῦσα εἶναι οὐκ ἀπολείπεται, οὐδὲ τινα τοῦ καλοῦ περὶ πλείονος ποιεῖται, ἀλλὰ μητέρων τε καὶ ἀδελφῶν καὶ ἐταίρων πάντων λέλυσται, καὶ οὐσίας δι' ἀμέλειαν ἀπολλυμένης παρ' οὐδὲν τίθεται, νομίμων δὲ καὶ εὐσχημόνων, οἷς πρὸ τοῦ ἐκαλλωπίζετο, πάντων καταφρονήσασα δουλεύειν ἐτοίμη καὶ κοιμᾶσθαι ὅπου ἂν ἔᾳ τις ἐγγυτάτω τοῦ πόθου· πρὸς γὰρ τῷ σέβεσθαι τὸν τὸ κάλλος [252b] ἔχοντα ἱατρὸν ἠΐρηκε μόνον τῶν μεγίστων πόνων. τοῦτο δὲ τὸ πάθος, ὃ παῖ καλέ, πρὸς ὃν δὴ μοι ὁ λόγος, ἄνθρωποι μὲν ἔρωτα ὀνομάζουσιν, θεοὶ δὲ ὁ καλοῦσιν ἀκούσας εἰκότως διὰ νεότητα γελάσῃ. λέγουσι δὲ οἱμαί τινες Ὀμηριδῶν ἐκ τῶν ἀποθέτων ἐπῶν δύο ἔπη εἰς τὸν ἔρωτα, ὧν τὸ ἕτερον ὑβριστικὸν πάνυ καὶ οὐ σφόδρα τι ἔμμετρον· ὕμνοισι δὲ ὧδε

[252c] τὸν δ' ἦτοι θνητοὶ μὲν ἔρωτα καλοῦσι ποτηνόν,
ἀθάνατοι δὲ Πτέρωτα, διὰ πτεροφύτον' ἀνάγκην.

τούτοις δὴ ἔξεστι μὲν πείθεσθαι, ἔξεστιν δὲ μή· ὅμως δὲ ἡ γε αἰτία καὶ τὸ πάθος τῶν ἐρώντων τοῦτο ἐκεῖνο τυγχάνει ὄν.
τῶν μὲν οὖν Διὸς ὀπαδῶν ὁ ληφθεὶς ἐμβριθέστερον δύναται φέρειν τὸ τοῦ πτερονύμου ἄχθος· ὅσοι δὲ Ἀρεῶς τε θεραπευταὶ καὶ μετ' ἐκείνου περιεπόλουν, ὅταν ὑπ' Ἑρωτος ἀλῶσι καὶ τι οἰηθῶσιν ἀδικεῖσθαι ὑπὸ τοῦ ἐρωμένου, φονικοὶ καὶ ἔτοιμοι καθιερεῦν αὐτούς τε καὶ τὰ παιδικά.

[252d] καὶ οὕτω καθ' ἕκαστον θεόν, οὗ ἕκαστος ἦν χορευτής, ἐκεῖνον τιμῶν τε καὶ μιμούμενος εἰς τὸ δυνατόν ζη, ἕως ἂν ἡ ἀδιάφθορος καὶ τὴν τῆδε πρώτην γένεσιν βιοτεύῃ, καὶ τούτῳ τῷ τρόπῳ πρὸς τε τοὺς ἐρωμένους καὶ τοὺς ἄλλους ὁμιλεῖ τε καὶ προσφέρεται. τὸν τε οὖν ἔρωτα τῶν καλῶν πρὸς τρόπου ἐκλέγεται ἕκαστος, καὶ ὥς θεὸν αὐτὸν ἐκεῖνον ὄντα ἑαυτῷ οἶον ἄγαλμα τεκταίνεται τε καὶ κατακοσμεῖ, ὥς [252e] τιμήσων τε καὶ ὀργιάσων. οἱ μὲν δὴ οὖν Διὸς δῖόν τινα εἶναι ζητοῦσι τὴν ψυχὴν τὸν ὑφ' αὐτῶν ἐρώμενον· σκοποῦσιν οὖν εἰ φιλόσοφός τε καὶ ἡγεμονικὸς τὴν φύσιν, καὶ ὅταν αὐτὸν εὐρόντες ἐρασθῶσι, πᾶν ποιοῦσιν ὅπως

τοιούτος ἔσται. ἐὰν οὖν μὴ πρότερον ἐμβεβῶσι τῷ ἐπιτηδεύματι, τότε ἐπιχειρήσαντες μανθάνουσί τε ὅθεν ἂν τι δύνωνται καὶ αὐτοὶ μετέρχονται, ἰχνεύοντες δὲ παρ' ἑαυτῶν ἀνευρίσκειν [253a] τὴν τοῦ σφετέρου θεοῦ φύσιν εὐποροῦσι διὰ τὸ συντόνως ἠναγκάσθαι πρὸς τὸν θεὸν βλέπειν, καὶ ἐφαπτόμενοι αὐτοῦ τῇ μνήμῃ ἐνθουσιῶντες ἐξ ἐκείνου λαμβάνουσι τὰ ἔθη καὶ τὰ ἐπιτηδεύματα, καθ' ὅσον δυνατόν θεοῦ ἀνθρώπῳ μετασχεῖν· καὶ τούτων δὴ τὸν ἐρώμενον αἰτιώμενοι ἔτι τε μᾶλλον ἀγαπῶσι, κἂν ἐκ Διὸς ἀρύτωσιν ὥσπερ αἱ βάκχαι, ἐπὶ τὴν τοῦ ἐρωμένου ψυχὴν ἐπαντλοῦντες ποιοῦσιν ὡς δυνατόν [253b] ὁμοιότατον τῷ σφετέρῳ θεῷ. ὅσοι δ' αὖ μεθ' Ἑρας εἶποντο, βασιλικὸν ζητοῦσι, καὶ εὐρόντες περὶ τοῦτον πάντα δρῶσιν τὰ αὐτά. οἱ δὲ Απόλλωνός τε καὶ ἐκάστου τῶν θεῶν οὕτω κατὰ τὸν θεὸν ἰόντες ζητοῦσι τὸν σφέτερον παῖδα πεφυκέναι, καὶ ὅταν κτήσωνται, μιμούμενοι αὐτοῖ τε καὶ τὰ παιδικὰ πείθοντες καὶ ῥυθμίζοντες εἰς τὸ ἐκείνου ἐπιτήδευμα καὶ ἰδέαν ἄγουσιν, ὅση ἐκάστῳ δύναμις, οὐ φθόνῳ οὐδ' ἀνελευθέρῳ δυσμενείᾳ χρώμενοι πρὸς τὰ παιδικὰ, ἀλλ' εἰς ὁμοιότητα [253c] αὐτοῖς καὶ τῷ θεῷ ὃν ἂν τιμῶσι πᾶσαν πάντως ὅτι μάλιστα πειρώμενοι ἄγειν οὕτω ποιοῦσι. προθυμία μὲν οὖν τῶν ὡς ἀληθῶς ἐρώντων καὶ τελετῇ, ἐὰν γε διαπράξωνται ὃ προθυμοῦνται ἢ λέγω, οὕτω καλῇ τε καὶ εὐδαιμονικῇ ὑπὸ τοῦ δι' ἔρωτα μανέντος φίλου τῷ φιληθέντι γίγνεται, ἐὰν αἰρεθῇ· ἀλίσκεται δὲ δὴ ὁ αἰρεθεὶς τοιῷδε τρόπῳ.

Φαῖδρος

συνεύχομαί σοι, ὦ Σώκρατες, εἵπερ ἄμεινον ταῦθ' [257c] ἡμῖν εἶναι, ταῦτα γίγνεσθαι. τὸν λόγον δέ σου πάλαι θαυμάσας ἔχω, ὅσῳ καλλίῳ τοῦ προτέρου ἀπηργάσω· ὥστε ὁκνῶ μὴ μοι ὁ Λυσίας ταπεινὸς φανῇ, ἐὰν ἄρα καὶ ἐθέλῃσῃ πρὸς αὐτὸν ἄλλον ἀντιπαρεῖναι. καὶ γάρ τις αὐτόν, ὦ θαυμάσιε, ἑναγχος τῶν πολιτικῶν τοῦτ' αὐτὸ λαιδορῶν ὠνειδίζε, καὶ διὰ πάσης τῆς λαιδορίας ἐκάλει λογογράφον· τάχ' οὖν ἂν ὑπὸ φιλοτιμίας ἐπίσχοι ἡμῖν ἂν τοῦ γράφειν.

Σωκράτης

γελοῖόν γ', ὦ νεανία, τὸ δόγμα λέγεις, καὶ τοῦ [257d] ἐταίρου συχνὸν διαμαρτάνεις, εἰ αὐτὸν οὕτως ἡγῇ τινα ψοφοδεᾶ. ἴσως δὲ καὶ τὸν λαιδορούμενον αὐτῷ οἶε ὠνειδίζοντα λέγειν ἃ ἔλεγεν.

Φαῖδρος

ἐφαίνετο γάρ, ὦ Σώκρατες· καὶ σύνοισθά που καὶ αὐτὸς ὅτι οἱ μέγιστον δυνάμενοί τε καὶ σεμνότατοι ἐν ταῖς πόλεσιν αἰσχύνονται λόγους τε γράφειν καὶ καταλείπειν συγγράμματα ἑαυτῶν, δόξαν φοβούμενοι τοῦ ἔπειτα χρόνου, μὴ σοφισταὶ καλῶνται.

Σωκράτης

γλυκὺς ἀγκῶν, ὦ Φαῖδρε, λέληθέν σε ὅτι ἀπὸ τοῦ [257e] μακροῦ ἀγκῶνος τοῦ κατὰ Νεῖλον ἐκλήθη· καὶ πρὸς τῷ ἀγκῶνι λανθάνει σε ὅτι οἱ μέγιστον φρονοῦντες τῶν πολιτικῶν μάλιστα ἐρῶσι λογογραφίας τε καὶ καταλείψεως συγγραμμάτων, οἳ γε καὶ ἐπειδὴν τινα γράφωσι λόγον, οὕτως ἀγαπῶσι τοὺς ἐπαινέτας, ὥστε προσπαραγράφουσι πρώτους οἳ ἂν ἐκασταχοῦ ἐπαινῶσιν αὐτούς.

Φαῖδρος

πῶς λέγεις τοῦτο; οὐ γὰρ μανθάνω.

[258a] Σωκράτης

οὐ μανθάνεις ὅτι ἐν ἀρχῇ ἀνδρὸς πολιτικοῦ [συγγράμματι] πρῶτος ὁ ἐπαινέτης γέγραπται.

Φαῖδρος

πῶς;

Σωκράτης

“ἔδοξέ” πού φησιν “τῇ βουλῇ” ἢ “τῷ δήμῳ” ἢ ἀμφοτέροις, καὶ “ὅς <καὶ ὅς> εἶπεν” — τὸν αὐτὸν δὴ λέγων μάλα σεμνῶς καὶ ἐγκωμιάζων ὁ συγγραφεὺς — ἔπειτα λέγει δὴ μετὰ τοῦτο, ἐπιδεικνύμενος τοῖς ἐπαινέταις τὴν ἑαυτοῦ σοφίαν, ἐνίστε πάνυ

μακρὸν ποιησάμενος σύγγραμμα· ἢ σοι ἄλλο τι φαίνεται τὸ τοιοῦτον
ἢ λόγος συγγεγραμμένος;

[258b] **Φαῖδρος**

οὐκ ἔμοιγε.

Σωκράτης

οὐκοῦν ἐάν μὲν οὗτος ἐμμένῃ, γεγηθὼς ἀπέρχεται ἐκ τοῦ θεάτρου ὁ
ποιητής· ἐάν δὲ ἐξαλειφθῇ καὶ ἄμοιρος γένηται λογογραφίας τε καὶ
τοῦ ἄξιος εἶναι συγγράφειν, πενθεῖ αὐτός τε καὶ οἱ ἐταῖροι.

Φαῖδρος

καὶ μάλα.

Σωκράτης

δῆλόν γε ὅτι οὐχ ὥς ὑπερφρονοῦντες τοῦ ἐπιτηδεύματος, ἀλλ' ὥς
τεθουμακότες.

Φαῖδρος

πάνυ μὲν οὖν.

Σωκράτης

τί δέ; ὅταν ἱκανὸς γένηται ῥήτωρ ἢ βασιλεύς, ὥστε [258c] λαβὼν τὴν
Λυκούργου ἢ Σόλωνος ἢ Δαρείου δύναμιν ἀθάνατος γενέσθαι
λογογράφος ἐν πόλει, ἅρ' οὐκ ἰσόθεον ἡγεῖται αὐτός τε αὐτὸν ἔτι
ζῶν, καὶ οἱ ἔπειτα γιγνώμενοι ταῦτά ταῦτα περὶ αὐτοῦ νομίζουσι,
θεώμενοι αὐτοῦ τὰ συγγράμματα;

Φαῖδρος

καὶ μάλα.

Σωκράτης

οἶετινὰ οὖν τῶν τοιούτων, ὅστις καὶ ὁπωστιοῦν δύσνους Λυσία,
ὄνειδίζειν αὐτὸ τοῦτο ὅτι συγγράφει;

Φαῖδρος

οὐκ οὐν εἰκός γε ἐξ ὧν σὺ λέγεις· καὶ γὰρ ἂν τῇ ἑαυτοῦ ἐπιθυμίᾳ, ὥς
ἔοικεν, ὄνειδίζοι.

[258d] **Σωκράτης**

τοῦτο μὲν ἄρα παντὶ δῆλον, ὅτι οὐκ αἰσχρὸν αὐτό γε τὸ γράφειν
λόγους.

Φαῖδρος

τί γάρ;

Σωκράτης

ἀλλ' ἐκεῖνο οἶμαι αἰσχρὸν ἤδη, τὸ μὴ καλῶς λέγειν τε καὶ γράφειν
ἀλλ' αἰσχροῶς τε καὶ κακῶς.

Φαῖδρος

δῆλον δή.

Σωκράτης

τίς οὖν ὁ τρόπος τοῦ καλῶς τε καὶ μὴ γράφειν; δεόμεθά τι, ὦ Φαῖδρε, Λυσίαν τε περὶ τούτων ἐξετάσαι καὶ ἄλλον ὅστις πώποτε τι γέγραφεν ἢ γράψει, εἴτε πολιτικὸν σύγγραμμα εἴτε ιδιωτικόν, ἐν μέτρῳ ὥς ποιητὴς ἢ ἄνευ μέτρου ὥς ιδιώτης.

PARMENIDES

Κέφαλος.

[126a] **Κέφαλος:** ἐπειδὴ Ἀθήναζε οἴκοθεν ἐκ Κλαζομενῶν ἀφικόμεθα, κατ' ἀγορὰν ἐνετύχομεν Ἀδειμάντῳ τε καὶ Γλαύκωνι: καὶ μου λαβόμενος τῆς χειρὸς ὁ Ἀδείμαντος, Χαῖρ', ἔφη, ὦ Κέφαλε, καὶ εἴ του δέη τῶν τῆδε ὧν ἡμεῖς δυνατοί, φράζε.

ἀλλὰ μὲν δῆ, εἶπον ἐγώ, πάρειμί γε ἐπ' αὐτὸ τοῦτο, δεησόμενος ὑμῶν.

λέγοις ἄν, ἔφη, τὴν δέησιν. [126b]

καὶ ἐγὼ εἶπον: τῷ ἀδελφῷ ὑμῶν τῷ ὁμομητρίῳ τί ἦν ὄνομα; οὐ γὰρ μέμνημαι. παῖς δέ που ἦν, ὅτε τὸ πρότερον ἐπεδήμησα δεῦρο ἐκ Κλαζομενῶν: πολὺς δὲ ἤδη χρόνος ἐξ ἐκείνου. τῷ μὲν γὰρ πατρί, δοκῶ, Πυριλάμπης ὄνομα.

πάνυ γε, ἔφη.

αὐτῷ δέ γε;

Ἀντιφῶν. ἀλλὰ τί μάλιστα πυνθάνη;

οἶδε, εἶπον ἐγώ, πολῖταί τ' ἐμοί εἰσι, μάλα φιλόσοφοι, ἀκηκόασί τε ὅτι οὗτος ὁ Ἀντιφῶν Πυθοδώρῳ τινὶ Ζήνωνος [126c] ἐταίρῳ πολλὰ ἐντετύχηκε, καὶ τοὺς λόγους, οὓς ποτε Σωκράτης καὶ Ζήνων καὶ Παρμενίδης διελέχθησαν, πολλάκις ἀκούσας τοῦ Πυθοδώρου ἀπομνημονεύει.

ἄληθῆ, ἔφη, λέγεις.

τούτων τοίνυν, εἶπον, δεόμεθα διακοῦσαι.

ἀλλ' οὐ χαλεπόν, ἔφη: μειράκιον γὰρ ὧν αὐτοὺς εὖ μάλα διεμελέτησεν, ἐπεὶ νῦν γε κατὰ τὸν πάππον τε καὶ ὁμώνυμον πρὸς ἵπικῃ τὰ πολλὰ διατρίβει. ἀλλ' εἰ δεῖ, ἴωμεν παρ' αὐτόν: ἄρτι γὰρ ἐνθένδε οἴκαδε οἴχεται, οἰκεῖ δὲ ἐγγὺς ἐν Μελίτῃ. [127a]

ταῦτα εἰπόντες ἐβαδίζομεν, καὶ κατελάβομεν τὸν Ἀντιφῶντα οἴκοι, χαλινόν τινα χαλκεῖ ἐκδιδόντα σκευάσαι: ἐπειδὴ δὲ ἐκείνου ἀπηλλάγη οἱ τε ἀδελφοὶ ἔλεγον αὐτῷ ὧν ἔνεκα παρεῖμεν, ἀνεγνώρισέν τέ με ἐκ τῆς προτέρας ἐπιδημίας καί με ἡσπάζετο, καὶ δεομένων ἡμῶν διελθεῖν τοὺς λόγους, τὸ μὲν πρῶτον ὥκνει πολὺ γὰρ ἔφη ἔργον εἶναι ἔπειτα μέντοι διηγείτο. ἔφη δὲ δὴ ὁ Ἀντιφῶν λέγειν τὸν Πυθόδωρον ὅτι ἀφίκοντό ποτε εἰς Παναθήναια τὰ μεγάλα [127b] Ζήνων τε καὶ Παρμενίδης. τὸν μὲν οὖν Παρμενίδην εὖ μάλα ἤδη πρεσβύτην εἶναι, σφόδρα πολίον, καλὸν δὲ κάγαθὸν τὴν ὄψιν, περὶ ἔτη μάλιστα πέντε καὶ ἐξήκοντα: Ζήνωνα δὲ ἐγγὺς τῶν τετταράκοντα τότε εἶναι, εὐμήκη δὲ καὶ χαρίεντα ἰδεῖν, καὶ λέγεσθαι αὐτὸν παιδικὰ τοῦ Παρμενίδου γεγονέναι. καταλύειν δὲ αὐτοὺς ἔφη παρὰ τῷ [127c] Πυθοδώρῳ ἐκτὸς τείχους ἐν Κεραμεικῷ: οἱ δὴ καὶ ἀφικέσθαι τὸν τε Σωκράτη καὶ ἄλλους τινὰς μετ' αὐτοῦ πολλοὺς, ἐπιθυμοῦντας ἀκοῦσαι τῶν τοῦ Ζήωνος γραμμάτων τότε γὰρ αὐτὰ πρῶτον ὑπ' ἐκείνων κομισθῆναι Σωκράτη δὲ εἶναι τότε σφόδρα νέον. ἀναγιγνώσκειν οὖν αὐτοῖς τὸν Ζήωνα αὐτόν, τὸν δὲ Παρμενίδην τυχεῖν ἔξω ὄντα: καὶ εἶναι πάνυ βραχὺ ἔτι λοιπὸν τῶν λόγων ἀναγιγνωσκομένων, ἥνικα [127d] αὐτός τε ἐπεισελθεῖν ἔφη ὁ Πυθόδωρος ἔξωθεν καὶ τὸν Παρμενίδην μετ' αὐτοῦ καὶ Ἀριστοτέλην τὸν τῶν τριάκοντα γενόμενον, καὶ σμίκρ' ἅττα ἔτι ἐπακοῦσαι τῶν γραμμάτων: οὐ μὴν αὐτός γε, ἀλλὰ καὶ πρότερον ἀκηκοέναι τοῦ Ζήωνος.

τὸν οὖν Σωκράτη ἀκούσαντα πάλιν τε κελεῦσαι τὴν πρώτην ὑπόθεσιν τοῦ πρώτου λόγου ἀναγνῶναι, καὶ ἀναγνωσθείσης, [127e] πῶς, φάναι, ὦ Ζήνων, τοῦτο λέγεις; εἰ πολλὰ ἐστὶ τὰ ὄντα, ὥς ἄρα δεῖ αὐτὰ ὅμοια τε εἶναι καὶ ἀνόμοια, τοῦτο δὲ δὴ ἀδύνατον: οὔτε γὰρ τὰ ἀνόμοια ὅμοια οὔτε τὰ ὅμοια ἀνόμοια οἷόν τε εἶναι; οὐχ οὕτω λέγεις;

οὕτω, φάναι τὸν Ζήωνα.

οὐκοῦν εἰ ἀδύνατον τά τε ἀνόμοια ὅμοια εἶναι καὶ τὰ ὅμοια ἀνόμοια, ἀδύνατον δὴ καὶ πολλὰ εἶναι; εἰ γὰρ πολλὰ εἶη, πάσχοι ἂν τὰ ἀδύνατα. ἄρα τοῦτό ἐστιν ὃ βούλονταί σου οἱ λόγοι, οὐκ ἄλλο τι ἢ διαμάχεσθαι παρὰ πάντα τὰ λεγόμενα ὥς οὐ πολλὰ ἐστὶ; καὶ τούτου αὐτοῦ οἶε σοι τεκμήριον εἶναι ἕκαστον τῶν λόγων, ὥστε καὶ ἡγῆ

τοσαῦτα τεκμήρια παρέχεσθαι, ὅσουσπερ λόγους γέγραφας, ὥς οὐκ [128a]ἔστι πολλά; οὕτω λέγεις, ἢ ἐγὼ οὐκ ὀρθῶς καταμανθάνω;

οὐκ, ἀλλὰ, φάναι τὸν Ζήνωνα, καλῶς συνήκας ὅλον τὸ γράμμα ὁ βούλεται.

μανθάνω, εἰπεῖν τὸν Σωκράτη, ὃ Παρμενίδη, ὅτι Ζήνων ὅδε οὐ μόνον τῇ ἄλλῃ σου φιλίᾳ βούλεται ὠκειῶσθαι, ἀλλὰ καὶ τῷ συγγράμματι. ταῦτόν γὰρ γέγραφε τρόπον τινὰ ὅπερ σύ, μεταβάλλων δὲ ἡμᾶς πειρᾶται ἐξαπατᾶν ὥς ἕτερόν τι λέγων. σὺ μὲν γὰρ ἐν τοῖς ποιήμασιν ἐν φῆς εἶναι τὸ [128b]πᾶν, καὶ τούτων τεκμήρια παρέχῃ καλῶς τε καὶ εὖ: ὅδε δὲ αὖ οὐ πολλά φησιν εἶναι, τεκμήρια δὲ καὶ αὐτὸς πάμπολλα καὶ παμμεγέθη παρέχεται. τὸ οὖν τὸν μὲν ἐν φάναι, τὸν δὲ μὴ πολλά, καὶ οὕτως ἐκάτερον λέγειν ὥστε μηδὲν τῶν αὐτῶν εἰρηκεῖναι δοκεῖν σχεδόν τι λέγοντας ταῦτά, ὑπὲρ ἡμᾶς τοὺς ἄλλους φαίνεται ὑμῖν τὰ εἰρημένα εἰρηῆσθαι.

ναί, φάναι τὸν Ζήνωνα, ὃ Σώκρατες. σὺ δ' οὖν τὴν ἀλήθειαν τοῦ γράμματος οὐ πανταχοῦ ἦσθησαι. καίτοι [128c] ὥσπερ γε αἱ Λάκαιναι σκύλακες εὖ μεταθεῖς τε καὶ ἰχνεύεις τὰ λεχθέντα: ἀλλὰ πρῶτον μὲν σε τοῦτο λανθάνει, ὅτι οὐ παντάπασιν οὕτω σεμνύνεται τὸ γράμμα, ὥστε ἅπερ σὺ λέγεις διανοηθὲν γραφῆναι, τοὺς ἀνθρώπους δὲ ἐπικρυπτόμενον ὥς τι μέγα διαπραττόμενον: ἀλλὰ σὺ μὲν εἶπες τῶν συμβεβηκότων τι, ἔστι δὲ τό γε ἀληθὲς βοήθειά τις ταῦτα [τὰ γράμματα} } τῷ Παρμενίδου λόγῳ πρὸς τοὺς ἐπιχειροῦντας [128d]αὐτὸν κωμῳδεῖν ὥς εἰ ἐν ἔστι, πολλά καὶ γελοῖα συμβαίνει πάσχειν τῷ λόγῳ καὶ ἐναντία αὐτῷ. ἀντιλέγει δὴ οὖν τοῦτο τὸ γράμμα πρὸς τοὺς τὰ πολλά λέγοντας, καὶ ἀνταποδίδωσι ταῦτά καὶ πλείω, τοῦτο βουλόμενον δηλοῦν, ὥς ἔτι γελοϊότερα πάσχοι ἂν αὐτῶν ἢ ὑπόθεσις, εἰ πολλά ἐστίν, ἢ ἡ τοῦ ἐν εἶναι, εἴ τις ἱκανῶς ἐπεξίῃ. διὰ τοιαύτην δὴ φιλονικίαν ὑπὸ νέου ὄντος ἐμοῦ ἐγράφη, καὶ τις αὐτὸ ἔκλεψε γραφέν, ὥστε οὐδὲ βουλευῆσθαι ἐξέγενετο εἴτ' [128e]ἐξοιστέον αὐτὸ εἰς τὸ φῶς εἶτε μή. ταύτῃ οὖν σε λανθάνει, ὃ Σώκρατες, ὅτι οὐχ ὑπὸ νέου φιλονικίας οἶε αὐτὸ γεγράφθαι, ἀλλ' ὑπὸ πρεσβυτέρου φιλοτιμίας: ἐπεὶ, ὅπερ γ' εἶπον, οὐ κακῶς ἀπήκασας.

ἀλλ' ἀποδέχομαι, φάναι τὸν Σωκράτη, καὶ ἡγοῦμαι ὥς λέγεις ἔχειν.

τόδε δέ μοι εἶπέ: οὐ νομίζεις εἶναι αὐτὸ καθ' [129a]αὐτὸ εἶδος τι ὁμοιότητος, καὶ τῷ τοιούτῳ αὐτὸ ἄλλο τι ἐναντίον, ὃ ἔστιν ἀνόμοιον: τούτοις δὲ δυοῖν ὄντιν καὶ ἐμὲ καὶ σὲ καὶ τὰλλα ἃ δὴ πολλὰ καλοῦμεν μεταλαμβάνειν; καὶ τὰ μὲν τῆς ὁμοιότητος μεταλαμβάνοντα ὅμοια γίνεσθαι ταύτη τε καὶ κατὰ τοσοῦτον ὅσον ἂν μεταλάβῃ, τὰ δὲ τῆς ἀνομοιότητος ἀνόμοια, τὰ δὲ ἀμφοτέρων ἀμφοτέρα; εἰ δὲ καὶ πάντα ἐναντίων ὄντων ἀμφοτέρων μεταλαμβάνει, καὶ ἔστι τῷ μετέχειν ἀμφοῖν ὁμοιά τε καὶ ἀνόμοια αὐτὰ [129b]αὐτοῖς, τί θαυμαστόν; εἰ μὲν γὰρ αὐτὰ τὰ ὁμοιά τις ἀπέφαινε ἀνόμοια γινόμενα ἢ τὰ ἀνόμοια ὅμοια, τέρας ἂν οἶμαι ᾗν: εἰ δὲ τὰ τούτων μετέχοντα ἀμφοτέρων ἀμφοτέρα ἀποφαίνει πεπονθότα, οὐδὲν ἔμοιγε, ὦ Ζήνων, ἄτοπον δοκεῖ, οὐδέ γε εἰ ἐν ἅπαντα ἀποφαίνει τις τῷ μετέχειν τοῦ ἐνὸς καὶ ταῦτα ταῦτα πολλὰ τῷ πλήθους αὐτὸ μετέχειν. ἀλλ' εἰ ὃ ἔστιν ἓν, αὐτὸ τοῦτο πολλὰ ἀποδείξει καὶ αὐτὸ τὰ πολλὰ δὴ [129c] ἓν, τοῦτο ἤδη θαυμάσομαι. καὶ περὶ τῶν ἄλλων ἀπάντων ὡσαύτως: εἰ μὲν αὐτὰ τὰ γένη τε καὶ εἶδη ἐν αὐτοῖς ἀποφαίνοι τὰναντία ταῦτα πάθη πάσχοντα, ἄξιον θαυμάζειν: εἰ δ' ἐμὲ ἓν τις ἀποδείξει ὄντα καὶ πολλὰ, τί θαυμαστόν, λέγων, ὅταν μὲν βούληται πολλὰ ἀποφῆναι, ὡς ἕτερα μὲν τὰ ἐπὶ δεξιὰ μου ἔστιν, ἕτερα δὲ τὰ ἐπ' ἀριστερά, καὶ ἕτερα μὲν τὰ πρόσθεν, ἕτερα δὲ τὰ ὀπίσθεν, καὶ ἄνω καὶ κάτω ὡσαύτως πλήθους γὰρ οἶμαι μετέχω ὅταν δὲ ἓν, ἐρεῖ ὡς [129d]ἐπτά ἡμῶν ὄντων εἰς ἐγὼ εἰμι ἄνθρωπος μετέχων καὶ τοῦ ἐνός: ὥστε ἀληθῆ ἀποφαίνει ἀμφοτέρα. ἐὰν οὖν τις τοιαῦτα ἐπιχειρῇ πολλὰ καὶ ἓν ταῦτόν ἀποφαίνειν, λίθους καὶ ξύλα καὶ τὰ τοιαῦτα, τί φήσομεν αὐτὸν πολλὰ καὶ ἓν ἀποδεικνύναι, οὐ τὸ ἓν πολλὰ οὐδὲ τὰ πολλὰ ἓν, οὐδέ τι θαυμαστόν λέγειν, ἀλλ' ἅπερ ἂν πάντες ὁμολογοῖμεν: ἐὰν δὲ τις ὢν νυνδὴ ἐγὼ ἔλεγον πρῶτον μὲν διαιρῆται χωρὶς αὐτὰ καθ' αὐτὰ τὰ εἶδη, οἷον ὁμοιότητά τε καὶ ἀνομοιότητα καὶ πλῆθος [129e]καὶ τὸ ἓν καὶ στάσιν καὶ κίνησιν καὶ πάντα τὰ τοιαῦτα, εἴτα ἐν ἑαυτοῖς ταῦτα δυνάμενα συγκεράννυσθαι καὶ διακρίνεσθαι ἀποφαίνει, ἀγαίμην ἂν ἐγωγ', ἔφη, θαυμαστῶς, ὦ Ζήνων. ταῦτα δὲ ἀνδρείως μὲν πάνυ ἡγοῦμαι πεπραγματεῦσθαι: πολὺ μεντὰν ὧδε μᾶλλον, ὡς λέγω, ἀγασθεῖν εἰ τις ἔχοι τὴν αὐτὴν ταύτην ἀπορίαν ἐν αὐτοῖς τοῖς εἶδεσι [130a]παντοδαπῶς πλεκομένην, ὥσπερ ἐν τοῖς ὀρωμένοις διήλθετε, οὕτως καὶ ἐν τοῖς λογισμῷ λαμβανομένοις ἐπιδείξει.

λέγοντος δὴ, ἔφη ὁ Πυθόδωρος, τοῦ Σωκράτους ταῦτα αὐτὸς μὲν <ἄν> οἶσθαι ἐφ' ἐκάστου ἄχθεσθαι τὸν τε Παρμενίδην καὶ τὸν Ζήνωνα, τοὺς δὲ πάνυ τε αὐτῷ προσέχειν τὸν νοῦν καὶ θαμὰ εἰς ἀλλήλους βλέποντας μειδιᾶν ὡς ἀγαμένους τὸν Σωκράτη. ὅπερ οὖν καὶ παυσάμενου αὐτοῦ εἰπεῖν τὸν Παρμενίδην: ὦ Σώκρατες, φάναι, ὡς ἄξιός εἰ [130b] ἄγασθαι τῆς ὁρμῆς τῆς ἐπὶ τοὺς λόγους. καὶ μοι εἰπέ, αὐτὸς σὺ οὕτω διήρησαι ὡς λέγεις, χωρὶς μὲν εἶδη αὐτὰ ἅττα, χωρὶς δὲ τὰ τούτων αὐτὸ μετέχοντα; καὶ τί σοι δοκεῖ εἶναι αὐτὴ ὁμοιότης χωρὶς ἧς ἡμεῖς ὁμοιότητος ἔχομεν, καὶ ἐν δὴ καὶ πολλὰ καὶ πάντα ὅσα νυνδὴ Ζήνωνος ἤκουες;

ἔμοιγε, φάναι τὸν Σωκράτη.

ἦ καὶ τὰ τοιαῦτα, εἰπεῖν τὸν Παρμενίδην, οἷον δικαίου τι εἶδος αὐτὸ καθ' αὐτὸ καὶ καλοῦ καὶ ἀγαθοῦ καὶ πάντων αὐτῶν τοιούτων;

ναί, φάναι. [130c]

τί δ', ἀνθρώπου εἶδος χωρὶς ἡμῶν καὶ τῶν οἷοι ἡμεῖς ἐσμεν πάντων, αὐτό τι εἶδος ἀνθρώπου ἢ πυρὸς ἢ καὶ ὕδατος;

ἐν ἀπορίᾳ, φάναι, πολλάκις δὴ, ὦ Παρμενίδη, περὶ αὐτῶν γέγονα, πότερα χρὴ φάναι ὥσπερ περὶ ἐκείνων ἢ ἄλλως.

ἦ καὶ περὶ τῶνδε, ὦ Σώκρατες, ἃ καὶ γελοῖα δόξειεν ἂν εἶναι, οἷον θριξὶ καὶ πηλὸς καὶ ρύπος ἢ ἄλλο τι ἀτιμωτάτον τε καὶ φαυλότατον, ἀπορεῖς εἶτε χρὴ φάναι καὶ τούτων [130d] ἐκάστου εἶδος εἶναι χωρὶς, ὃν ἄλλο αὐτῶν <τι> ἡμεῖς μεταχειριζόμεθα, εἶτε καὶ μή;

οὐδαμῶς, φάναι τὸν Σωκράτη, ἀλλὰ ταῦτα μὲν γε ἅπερ ὀρώμεν, ταῦτα καὶ εἶναι: εἶδος δὲ τι αὐτῶν οἰηθῆναι εἶναι μὴ λίαν ἢ ἄτοπον. ἦδη μέντοι ποτὲ με καὶ ἔθραξε μή τι ἢ περὶ πάντων ταυτὸν: ἔπειτα ὅταν ταύτῃ στῶ, φεύγων οἴχομαι, δείσας μή ποτε εἰς τινα βυθὸν φλυαρίας ἐμπεσὼν διαφθαρῶ: ἐκεῖσε δ' οὖν ἀφικόμενος, εἰς ἃ νυνδὴ ἐλέγομεν εἶδη ἔχειν, περὶ ἐκεῖναπραγματευόμενος διατρίβω. [130e]

νέος γὰρ εἶ ἔτι, φάναι τὸν Παρμενίδην, ὦ Σώκρατες, καὶ οὐπω σου ἀντείληπται φιλοσοφία ὡς ἔτι ἀντιλήψεται κατ' ἐμὴν δόξαν, ὅτε οὐδὲν αὐτῶν ἀτιμάσεις: νῦν δὲ ἔτι πρὸς ἀνθρώπων ἀποβλέπεις δόξας διὰ τὴν ἡλικίαν. τόδε δ' οὖν μοι εἰπέ. δοκεῖ σοι, ὡς φῆς, εἶναι εἶδη

ἅπτα, ὧν τάδε τὰ ἄλλα μεταλαμβάνοντα τὰς ἐπωνυμίας αὐτῶν ἴσχειν, οἷον [131a] ὁμοιότητος μὲν μεταλαμβάνοντα ὅμοια, μεγέθους δὲ μεγάλα, κάλλους δὲ καὶ δικαιοσύνης δίκαιά τε καὶ καλὰ γίνεσθαι;

πάνυ γε, φάναι τὸν Σωκράτη.

οὐκοῦν ἦτοι ὅλου τοῦ εἶδους ἢ μέρους ἕκαστον τὸ μεταλαμβάνον μεταλαμβάνει; ἢ ἄλλη τις ἂν μετάληψις χωρὶς τούτων γένοιτο;

καὶ πῶς ἂν; εἶπεν.

πότερον οὖν δοκεῖ σοι ὅλον τὸ εἶδος ἐν ἐκάστῳ εἶναι τῶν πολλῶν ἐν ὧν, ἢ πῶς;

τί γὰρ κωλύει, φάναι τὸν Σωκράτη, ὃ Παρμενίδη, [ἐν εἶναι]; [131b]

ἐν ἄρα ὧν καὶ ταῦτὸν ἐν πολλοῖς καὶ χωρὶς οὗσιν ὅλον ἅμα ἐνέσται, καὶ οὕτως αὐτὸ αὐτοῦ χωρὶς ἂν εἴη.

οὐκ ἂν, εἴ γε, φάναι, οἷον [εἰ] ἡμέρα [εἴη] μία καὶ ἡ αὐτὴ οὕσα πολλαχοῦ ἅμα ἐστὶ καὶ οὐδέν τι μᾶλλον αὐτὴ αὐτῆς χωρὶς ἐστίν, εἰ οὕτω καὶ ἕκαστον τῶν εἰδῶν ἐν ἐν πᾶσιν ἅμα ταῦτὸν εἴη.

ἡδέως γε, φάναι, ὃ Σώκρατες, ἐν ταῦτὸν ἅμα πολλαχοῦ ποιεῖς, οἷον εἰ ἰστίῳ καταπετάσας πολλοὺς ἀνθρώπους φαίης ἐν ἐπὶ πολλοῖς εἶναι ὅλον: ἢ οὐ τὸ τοιοῦτον ἡγῇ λέγειν; [131c]

ἴσως, φάναι.

ἢ οὖν ὅλον ἐφ' ἐκάστῳ τὸ ἰστίον εἴη ἂν, ἢ μέρος αὐτοῦ ἄλλο ἐπ' ἄλλῳ;

μέρος.

μεριστὰ ἄρα, φάναι, ὃ Σώκρατες, ἔστιν αὐτὰ τὰ εἶδη, καὶ τὰ μετέχοντα αὐτῶν μέρους ἂν μετέχοι, καὶ οὐκέτι ἐν ἐκάστῳ ὅλον, ἀλλὰ μέρος ἐκάστου ἂν εἴη.

φαίνεται οὕτω γε.

ἢ οὖν ἐθελήσεις, ὃ Σώκρατες, φάναι τὸ ἐν εἶδος ἡμῖν τῇ ἀληθείᾳ μερίζεσθαι, καὶ ἔτι ἐν ἔσται;

οὐδαμῶς, εἰπεῖν.

ὄρα γάρ, φάναι: εἰ αὐτὸ τὸ μέγεθος μεριεῖς καὶ ἕκαστον [131d] τῶν πολλῶν μεγάλων μεγέθους μέρος μικροτέρῳ αὐτοῦ τοῦ μεγέθους μέγα ἔσται, ἄρα οὐκ ἄλογον φανεῖται;

πάνυ γ', ἔφη.

τί δέ; τοῦ ἴσου μέρος ἕκαστον μικρὸν ἀπολαβόν τι ἔξει ὃ ἐλάττονι ὄντι αὐτοῦ τοῦ ἴσου τὸ ἔχον ἴσον τῷ ἔσται;

ἀδύνατον.

ἀλλὰ τοῦ μικροῦ μέρος τις ἡμῶν ἔξει, τούτου δὲ αὐτοῦ τὸ μικρὸν μεῖζον ἔσται ἅτε μέρους ἑαυτοῦ ὄντος, καὶ οὕτω δὴ αὐτὸ τὸ μικρὸν μεῖζον ἔσται: ὃ δ' ἂν προστεθῇ τὸ [131e] ἀφαιρεθέν, τοῦτο μικρότερον ἔσται ἀλλ' οὐ μεῖζον ἢ πρίν.

οὐκ ἂν γένοιτο, φάναι, τοῦτό γε.

τίνα οὖν τρόπον, εἰπεῖν, ὃ Σώκρατες, τῶν εἰδῶν σοι τὰ ἄλλα μεταλήψεται, μήτε κατὰ μέρη μήτε κατὰ ὅλα μεταλαμβάνειν δυνάμενα;

οὐ μὰ τὸν Δία, φάναι, οὐ μοι δοκεῖ εὐκόλον εἶναι τὸ τοιοῦτον οὐδαμῶς διορίσασθαι.

τί δὲ δῆ; πρὸς τόδε πῶς ἔχεις;

τὸ ποῖον; [132a]

οἶμαί σε ἐκ τοῦ τοιοῦδε ἐν ἕκαστον εἶδος οἶεσθαι εἶναι: ὅταν πόλλ' ἅττα μεγάλα σοι δόξη εἶναι, μία τις ἴσως δοκεῖ ἰδέα ἢ αὐτὴ εἶναι ἐπὶ πάντα ἰδόντι, ὅθεν ἐν τὸ μέγα ἡγῇ εἶναι.

ἀληθῆ λέγεις, φάναι.

τί δ' αὐτὸ τὸ μέγα καὶ τᾶλλα τὰ μεγάλα, ἐὰν ὡσαύτως τῇ ψυχῇ ἐπὶ πάντα ἴδῃς, οὐχὶ ἐν τι αὖ μέγα φανεῖται, ὃ ταῦτα πάντα μεγάλα φαίνεσθαι;

ἔοικεν.

ἄλλο ἄρα εἶδος μεγέθους ἀναφανήσεται, παρ' αὐτό τε τὸ μέγεθος γεγονὸς καὶ τὰ μετέχοντα αὐτοῦ: καὶ ἐπὶ τούτοις αὖ [132b] πᾶσιν ἕτερον, ὃ ταῦτα πάντα μεγάλα ἔσται: καὶ οὐκέτι δὴ ἓν ἕκαστόν σοι τῶν εἰδῶν ἔσται, ἀλλὰ ἅπειρα τὸ πλῆθος.

ἀλλά, φάναι, ὦ Παρμενίδη, τὸν Σωκράτη, μὴ τῶν εἰδῶν ἕκαστον ἢ τούτων νόημα, καὶ οὐδαμοῦ αὐτῷ προσήκη ἐγγίγνεσθαι ἄλλοθι ἢ ἐν ψυχᾷς: οὕτω γὰρ ἂν ἓν γε ἕκαστον εἴη καὶ οὐκ ἂν ἔτι πάσχοι ἃ νυνδὴ ἐλέγετο.

τί οὖν; φάναι, ἓν ἕκαστόν ἐστι τῶν νοημάτων, νόημα δὲ οὐδενός;

ἀλλ' ἀδύνατον, εἰπεῖν.

ἀλλὰ τινός;

ναί. [132c]

ὄντος ἢ οὐκ ὄντος;

ὄντος.

οὐχ ἑνός τινος, ὃ ἐπὶ πᾶσιν ἐκεῖνο τὸ νόημα ἐπὶ νοεῖ, μίαν τινὰ οὕσαν ιδέαν;

ναί.

εἴτα οὐκ εἶδος ἔσται τοῦτο τὸ νοούμενον ἓν εἶναι, ἀεὶ ὃν τὸ αὐτὸ ἐπὶ πᾶσιν;

ἀνάγκη αὖ φαίνεται.

τί δὲ δῆ; εἰπεῖν τὸν Παρμενίδην, οὐκ ἀνάγκη ἢ τᾶλλα φῆς τῶν εἰδῶν μετέχειν ἢ δοκεῖ σοι ἐκ νοημάτων ἕκαστον εἶναι καὶ πάντα νοεῖν, ἢ νοήματα ὄντα ἀνόητα εἶναι; ἀλλ' οὐδὲ τοῦτο, φάναι, ἔχει λόγον, ἀλλ', ὦ Παρμενίδη, [132d] μάλιστα ἔμοιγε καταφαίνεται ὧδε ἔχειν: τὰ μὲν εἶδη ταῦτα ὥσπερ παραδείγματα ἐστάναι ἐν τῇ φύσει, τὰ δὲ ἄλλα τούτοις εἰσὶν καὶ εἶναι ὁμοιώματα, καὶ ἡ μέθεξις αὕτη τοῖς ἄλλοις γίγνεσθαι τῶν εἰδῶν οὐκ ἄλλη τις ἢ εἰκασθῆναι αὐτοῖς.

εἰ οὖν τι, ἔφη, ἔοικεν τῷ εἶδει, οἷόν τε ἐκεῖνο τὸ εἶδος μὴ ὅμοιον

εἶναι τῷ εἰκασθέντι, καθ' ὅσον αὐτῷ ἀφωμοιώθη; ἢ ἔστι τις μηχανὴ τὸ ὅμοιον μὴ ὁμοίῳ ὅμοιον εἶναι;

οὐκ ἔστι.

τὸ δὲ ὅμοιον τῷ ὁμοίῳ ἄρ' οὐ μεγάλη ἀνάγκη ἐνὸς τοῦ [132e]αὐτοῦ [εἶδους] μετέχειν;

ἀνάγκη.

οὗ δ' ἂν τὰ ὅμοια μετέχοντα ὅμοια ᾗ, οὐκ ἐκεῖνο ἔσται αὐτὸ τὸ εἶδος;

παντάπασι μὲν οὖν.

οὐκ ἄρα οἷόν τέ τι τῷ εἶδει ὅμοιον εἶναι, οὐδὲ τὸ εἶδος ἄλλω: εἰ δὲ μή, παρὰ τὸ εἶδος ἀεὶ ἄλλο ἀναφανήσεται εἶδος, [133a]καὶ ἂν ἐκεῖνό τῳ ὅμοιον ᾗ, ἕτερον αὖ, καὶ οὐδέποτε παύσεται ἀεὶ καινὸν εἶδος γιγνόμενον, ἐὰν τὸ εἶδος τῷ ἑαυτοῦ μετέχοντι ὅμοιον γίγνηται.

ἀληθέστατα λέγεις.

οὐκ ἄρα ὁμοιότητι τᾶλλα τῶν εἰδῶν μεταλαμβάνει, ἀλλὰ τι ἄλλο δεῖ ζητεῖν ὃ μεταλαμβάνει.

ἔοικεν.

ὁρᾷς οὖν, φάναι, ὃ Σώκρατες, ὅση ἡ ἀπορία ἐάν τις ὡς εἶδη ὄντα αὐτὰ καθ' αὐτὰ διορίζεται;

καὶ μάλα.

εὖ τοίνυν ἴσθι, φάναι, ὅτι ὡς ἔπος εἰπεῖν οὐδέπω ἅπτη [133b]αὐτῆς ὅση ἐστὶν ἡ ἀπορία, εἰ ἐν εἶδος ἕκαστον τῶν ὄντων ἀεὶ τι ἀφοριζόμενος θήσεις.

πῶς δῆ; εἰπεῖν.

πολλὰ μὲν καὶ ἄλλα, φάναι, μέγιστον δὲ τόδε. εἴ τις φαίη μηδὲ προσήκειν αὐτὰ γινώσκεσθαι ὄντα τοιαῦτα οἷα φαμεν δεῖν εἶναι τὰ εἶδη, τῷ ταῦτα λέγοντι οὐκ ἂν ἔχοι τις ἐνδείξασθαι ὅτι ψεύδεται, εἰ μὴ πολλῶν μὲν τύχοι ἔμπειρος ὢν ὁ ἀμφισβητῶν καὶ μὴ ἀφυῆς,

ἐθέλοι δὲ πάνυ πολλὰ καὶ πόρρωθεν πραγματευομένου τοῦ ἐνδεικνυμένου ἐπεσθαι, ἀλλ' [133c] ἀπίθανος εἶη ὁ ἄγνωστα ἀναγκάζων αὐτὰ εἶναι.

πῇ δὴ, ὦ Παρμενίδη; φάναι τὸν Σωκράτη.

ὅτι, ὦ Σώκρατες, οἶμαι ἂν καὶ σὲ καὶ ἄλλον, ὅστις αὐτήν τινα καθ' αὐτήν ἐκάστου οὐσίαν τίθεται εἶναι, ὁμολογήσαι ἂν πρῶτον μὲν μηδεμίαν αὐτῶν εἶναι ἐν ἡμῖν.

πῶς γὰρ ἂν αὐτὴ καθ' αὐτήν ἔτι εἶη; φάναι τὸν Σωκράτη.

καλῶς λέγεις, εἰπεῖν.

οὐκοῦν καὶ ὅσαι τῶν ἰδεῶν πρὸς ἀλλήλας εἰσὶν αἱ εἰσιν, αὐταὶ πρὸς αὐτάς τὴν οὐσίαν ἔχουσιν, ἀλλ' οὐ πρὸς τὰ παρ' [133d] ἡμῖν εἴτε ὁμοιώματα εἴτε ὅπῃ δὴ τις αὐτὰ τίθεται, ὧν ἡμεῖς μετέχοντες εἶναι ἕκαστα ἐπονομαζόμεθα: τὰ δὲ παρ' ἡμῖν ταῦτα ὁμώνυμα ὄντα ἐκείνοις αὐτὰ αὖ πρὸς αὐτὰ ἐστὶν ἀλλ' οὐ πρὸς τὰ εἶδη, καὶ ἐαυτῶν ἀλλ' οὐκ ἐκείνων ὅσα αὖ ὀνομάζεται οὕτως.

πῶς λέγεις; φάναι τὸν Σωκράτη.

οἶον, φάναι τὸν Παρμενίδην, εἴ τις ἡμῶν του δεσπότης ἢ δοῦλός ἐστιν, οὐκ αὐτοῦ δεσπότης δῆπου, ὃ ἔστι δεσπότης, [133e] ἐκείνου δοῦλός ἐστιν, οὐδὲ αὐτοῦ δούλου, ὃ ἔστι δοῦλος, δεσπότης ὁ δεσπότης, ἀλλ' ἄνθρωπος ὢν ἀνθρώπου ἀμφοτέρω ταῦτ' ἐστίν: αὐτὴ δὲ δεσποτεία αὐτῆς δουλείας ἐστὶν ὃ ἐστὶ, καὶ δουλεία ὡσαύτως αὐτὴ δουλεία αὐτῆς δεσποτείας, ἀλλ' οὐ τὰ ἐν ἡμῖν πρὸς ἐκεῖνα τὴν δύναμιν ἔχει οὐδὲ ἐκεῖνα πρὸς ἡμᾶς, ἀλλ', ὃ λέγω, αὐτὰ αὐτῶν καὶ πρὸς αὐτὰ ἐκεῖνά τέ ἐστι, καὶ [134a] τὰ παρ' ἡμῖν ὡσαύτως πρὸς αὐτά. ἢ οὐ μανθάνεις ὃ λέγω;

πάνυ γ', εἰπεῖν τὸν Σωκράτη, μανθάνω.

οὐκοῦν καὶ ἐπιστήμη, φάναι, αὐτὴ μὲν ὃ ἔστι ἐπιστήμη τῆς ὃ ἐστὶν ἀλήθεια αὐτῆς ἂν ἐκείνης εἶη ἐπιστήμη;

πάνυ γε.

ἐκάστη δὲ αὖ τῶν ἐπιστημῶν, ἢ ἐστὶν, ἐκάστου τῶν ὄντων, ὃ ἐστὶν,

εἴη ἂν ἐπιστήμη: ἢ οὐ;

ναί.

ἢ δὲ παρ' ἡμῖν ἐπιστήμη οὐ τῆς παρ' ἡμῖν ἂν ἀληθείας εἴη, καὶ αὖ ἐκάστη ἢ παρ' ἡμῖν ἐπιστήμη τῶν παρ' ἡμῖν [134b] ὄντων ἐκάστου ἂν ἐπιστήμη συμβαίνοι εἶναι;

ἀνάγκη.

ἀλλὰ μὴν αὐτά γε τὰ εἶδη, ὥς ὁμολογεῖς, οὔτε ἔχομεν οὔτε παρ' ἡμῖν οἷόν τε εἶναι.

οὐ γὰρ οὖν.

γινώσκεται δέ γέ που ὑπ' αὐτοῦ τοῦ εἶδους τοῦ τῆς ἐπιστήμης αὐτὰ τὰ γένη ἃ ἔστιν ἕκαστα;

ναί.

ὅ γε ἡμεῖς οὐκ ἔχομεν.

οὐ γάρ.

οὐκ ἄρα ὑπὸ γε ἡμῶν γινώσκεται τῶν εἰδῶν οὐδέν, ἐπειδὴ αὐτῆς ἐπιστήμης οὐ μετέχομεν.

οὐκ ἔοικεν.

ἄγνωστον ἄρα ἡμῖν καὶ αὐτὸ τὸ καλὸν ὃ ἔστι καὶ [134c] τὸ ἀγαθὸν καὶ πάντα ἃ δὴ ὥς ιδέας αὐτὰς οὔσας ὑπολαμβάνομεν.

κινδυνεύει.

ὄρα δὴ ἔτι τούτου δεινότερον τόδε.

τὸ ποῖον;

φαίης ἂν που, εἵπερ ἔστιν αὐτό τι γένος ἐπιστήμης, πολὺ αὐτὸ ἀκριβέστερον εἶναι ἢ τὴν παρ' ἡμῖν ἐπιστήμην, καὶ κάλλος καὶ τᾶλλα πάντα οὕτω.

ναί.

οὐκοῦν εἴπερ τι ἄλλο αὐτῆς ἐπιστήμης μετέχει, οὐκ ἂν τινα μᾶλλον ἢ θεὸν φαίης ἔχειν τὴν ἀκριβεστάτην ἐπιστήμην;

ἀνάγκη. [134d]

ἄρ' οὖν οἷός τε αὖ ἔσται ὁ θεὸς τὰ παρ' ἡμῖν γινώσκειν αὐτὴν ἐπιστήμην ἔχων;

τί γὰρ οὐ;

ὅτι, ἔφη ὁ Παρμενίδης, ὠμολόγηται ἡμῖν, ὃ Σώκρατες, μήτε ἐκεῖνα τὰ εἶδη πρὸς τὰ παρ' ἡμῖν τὴν δύναμιν ἔχειν ἢν ἔχει, μήτε τὰ παρ' ἡμῖν πρὸς ἐκεῖνα, ἀλλ' αὐτὰ πρὸς αὐτὰ ἐκάτερα.

ὠμολόγηται γάρ.

οὐκοῦν εἰ παρὰ τῷ θεῷ αὕτη ἐστὶν ἡ ἀκριβεστάτη δεσποτεία καὶ αὕτη ἡ ἀκριβεστάτη ἐπιστήμη, οὐτ' ἂν ἡ δεσποτεία ἢ ἐκείνων ἡμῶν ποτὲ ἂν δεσπόσειεν, οὐτ' ἂν [134e]ἐπιστήμη ἡμᾶς γνοίη οὐδέ τι ἄλλο τῶν παρ' ἡμῖν, ἀλλὰ ὁμοίως ἡμεῖς τε ἐκείνων οὐκ ἄρχομεν τῇ παρ' ἡμῖν ἀρχῇ οὐδὲ γινώσκομεν τοῦ θείου οὐδὲν τῇ ἡμετέρᾳ ἐπιστήμῃ, ἐκεῖνοί τε αὖ κατὰ τὸν αὐτὸν λόγον οὔτε δεσπόται ἡμῶν εἰσὶν οὔτε γινώσκουσι τὰ ἀνθρώπεια πράγματα θεοὶ ὄντες.

ἀλλὰ μὴ λῖαν, ἔφη, <ῆ> θαυμαστὸς ὁ λόγος, εἴ τις τὸν θεὸν ἀποστερήσει τοῦ εἰδέναι.

ταῦτα μέντοι, ὃ Σώκρατες, ἔφη ὁ Παρμενίδης, καὶ ἔτι [135a]ἄλλα πρὸς τούτοις πάνυ πολλὰ ἀναγκαῖον ἔχειν τὰ εἶδη, εἰ εἰσὶν αὗται αἱ ιδέαι τῶν ὄντων καὶ ὀριεῖται τις αὐτὸ τι ἕκαστον εἶδος· ὥστε ἀπορεῖν τε τὸν ἀκούοντα καὶ ἀμφισβητεῖν ὡς οὔτε ἔστι ταῦτα, εἴ τε ὅτι μάλιστα εἴη, πολλὴ ἀνάγκη αὐτὰ εἶναι τῇ ἀνθρωπίνῃ φύσει ἄγνωστα, καὶ ταῦτα λέγοντα δοκεῖν τε τι λέγειν καί, ὃ ἄρτι ἐλέγομεν, θαυμαστῶς ὡς δυσανάπειστον εἶναι. καὶ ἀνδρὸς πάνυ μὲν εὐφυοῦς τοῦ δυνησομένου μαθεῖν ὡς ἔστι γένος τι ἑκάστου καὶ οὐσία αὐτῇ [135b]καθ' αὐτήν, ἔτι δὲ θαυμαστοτέρου τοῦ εὐρήσοντος καὶ ἄλλον δυνησομένου διδάξαι ταῦτα πάντα ἱκανῶς διευκρινησάμενον. συγχωρῶ σοι, ἔφη, ὃ Παρμενίδη, ὁ Σωκράτης· πάνυ γάρ μοι κατὰ νοῦν λέγεις.

ἀλλὰ μέντοι, εἶπεν ὁ Παρμενίδης, εἴ γέ τις δῆ, ὦ Σώκρατες, αὐτὸ μὴ ἐάσει εἶδη τῶν ὄντων εἶναι, εἰς πάντα τὰ νυνδὴ καὶ ἄλλα τοιαῦτα ἀποβλέψας, μηδὲ τι ὀριεῖται εἶδος ἐνὸς ἐκάστου, οὐδὲ ὅποι τρέψει τὴν διάνοιαν ἕξει, μὴ ἔων [135c] ἰδέαν τῶν ὄντων ἐκάστου τὴν αὐτὴν ἀεὶ εἶναι, καὶ οὕτως τὴν τοῦ διαλέγεσθαι δύναμιν παντάπασι διαφθερεῖ. τοῦ τοιούτου μὲν οὖν μοι δοκεῖς καὶ μᾶλλον ἡσθῆσθαι.

ἀληθῆ λέγεις, φάναι.

τί οὖν ποιήσεις φιλοσοφίας πέρι; πῇ τρέψη ἀγνοουμένων τούτων;

οὐ πάνυ μοι δοκῶ καθορᾶν ἔν γε τῷ παρόντι.

πρῶ γάρ, εἰπεῖν, πρὶν γυμνασθῆναι, ὦ Σώκρατες, ὀρίζεσθαι ἐπιχειρεῖς καλόν τέ τι καὶ δίκαιον καὶ ἀγαθὸν καὶ ἓν [135d] ἕκαστον τῶν εἰδῶν. ἐνενόησα γὰρ καὶ πρῶην σου ἀκούων διαλεγόμενου ἐνθάδε Ἀριστοτέλει τῷδε. καλὴ μὲν οὖν καὶ θεία, εὖ ἴσθι, ἡ ὁρμὴ ἦν ὁρμᾶς ἐπὶ τοὺς λόγους: ἔλκυσσον δὲ σαυτὸν καὶ γύμνασαι μᾶλλον διὰ τῆς δοκούσης ἀχρήστου εἶναι καὶ καλουμένης ὑπὸ τῶν πολλῶν ἀδολεσχίας, ἕως ἔτι νέος εἶ: εἰ δὲ μή, σὲ διαφεύζεται ἡ ἀλήθεια.

τίς οὖν ὁ τρόπος, φάναι, ὦ Παρμενίδη, τῆς γυμνασίας;

οὗτος, εἶπεν, ὄνπερ ἤκουσας Ζήνωνος. πλὴν τοῦτό γέ [135e] σου καὶ πρὸς τοῦτον ἡγάσθην εἰπόντος, ὅτι οὐκ εἷας ἐν τοῖς ὀρωμένοις οὐδὲ περὶ ταῦτα τὴν πλάνην ἐπισκοπεῖν, ἀλλὰ περὶ ἐκεῖνα ἃ μάλιστα τις ἂν λόγῳ λάβοι καὶ εἶδη ἂν ἡγήσαιο εἶναι.

δοκεῖ γάρ μοι, ἔφη, ταύτη γε οὐδὲν χαλεπὸν εἶναι καὶ ὅμοια καὶ ἀνόμοια καὶ ἄλλο ὅτιοῦν τὰ ὄντα πάσχοντα ἀποφαίνειν.

καὶ καλῶς γ', ἔφη. χρὴ δὲ καὶ τόδε ἔτι πρὸς τοῦτ' ποιεῖν, μὴ μόνον εἰ ἔστιν ἕκαστον ὑποτιθέμενον σκοπεῖν τὰ [136a] συμβαίνοντα ἐκ τῆς ὑποθέσεως, ἀλλὰ καὶ εἰ μὴ ἔστι τὸ αὐτὸ τοῦτο ὑποτίθεσθαι, εἰ βούλει μᾶλλον γυμνασθῆναι.

πῶς λέγεις; φάναι.

οἶον, ἔφη, εἰ βούλει, περὶ ταύτης τῆς ὑποθέσεως ἦν Ζήνων ὑπέθετο, εἰ πολλὰ ἔστι, τί χρὴ συμβαίνειν καὶ αὐτοῖς τοῖς πολλοῖς πρὸς αὐτὰ

καὶ πρὸς τὸ ἐν καὶ τῷ ἐνὶ πρός τε αὐτὸ καὶ πρὸς τὰ πολλά: καὶ αὖ εἰ μὴ ἐστὶ πολλά, πάλιν σκοπεῖν τί συμβήσεται καὶ τῷ ἐνὶ καὶ τοῖς πολλοῖς καὶ πρὸς [136b] αὐτὰ καὶ πρὸς ἄλληλα: καὶ αὖθις αὖ ἐὰν ὑποθῇ εἰ ἔστιν ὁμοιότης ἢ εἰ μὴ ἔστιν, τί ἐφ' ἐκατέρας τῆς ὑποθέσεως συμβήσεται καὶ αὐτοῖς τοῖς ὑποτεθεῖσιν καὶ τοῖς ἄλλοις καὶ πρὸς αὐτὰ καὶ πρὸς ἄλληλα. καὶ περὶ ἀνομοίου ὁ αὐτὸς λόγος καὶ περὶ κινήσεως καὶ περὶ στάσεως καὶ περὶ γενέσεως καὶ φθορᾶς καὶ περὶ αὐτοῦ τοῦ εἶναι καὶ τοῦ μὴ εἶναι: καὶ ἐνὶ λόγῳ, περὶ ὅτου ἂν αἰεὶ ὑποθῇ ὡς ὄντος καὶ ὡς οὐκ ὄντος καὶ ὅτιοῦν ἄλλο πάθος ἀσχοντος, δεῖ σκοπεῖν τὰ συμβαίνοντα [136c] πρὸς αὐτὸ καὶ πρὸς ἐν ἕκαστον τῶν ἄλλων, ὅτι ἂν προέλῃ, καὶ πρὸς πλείω καὶ πρὸς σύμπαντα ὡσαύτως: καὶ τᾶλλα αὖ πρὸς αὐτά τε καὶ πρὸς ἄλλο ὅτι ἂν προαιρῇ αἰεὶ, ἐάντε ὡς ὄν ὑποθῇ ὁ ὑπετίθεσο, ἄντε ὡς μὴ ὄν, εἰ μέλλεις τελέως γυμνασάμενος κυρίως διόψεσθαι τὸ ἀληθές.

ἀμήχανόν γ' ἔφη, λέγεις, ὦ Παρμενίδη, πραγματείαν, καὶ οὐ σφόδρα μανθάνω. ἀλλὰ μοι τί οὐ διηλθες αὐτὸς ὑποθέμενός τι, ἵνα μᾶλλον καταμάθω; [136d]

πολὺ ἔργον, φάναι, ὦ Σώκρατες, προστάττεις ὡς τηλικῶδε.

ἀλλὰ σύ, εἰπεῖν τὸν Σωκράτη, Ζήνων, τί οὐ διηλθες ἡμῖν;

καὶ τὸν Ζήωνα ἔφη γελάσαντα φάναι: αὐτοῦ, ὦ Σώκρατες, δεώμεθα Παρμενίδου: μὴ γὰρ οὐ φαῦλον ἢ ὁ λέγει. ἢ οὐχ ὀρᾶς ὅσον ἔργον προστάττεις; εἰ μὲν οὖν πλείους ἤμεν, οὐκ ἂν ἄξιον ἦν δεῖσθαι: ἀπρεπῇ γὰρ τὰ τοιαῦτα πολλῶν ἐναντίον λέγειν ἄλλως τε καὶ τηλικούτῳ: [136e] ἀγνοοῦσιν γὰρ οἱ πολλοὶ ὅτι ἄνευ ταύτης τῆς διὰ πάντων διεξόδου τε καὶ πλάνης ἀδύνατον ἐντυχόντα τῷ ἀληθεῖ νοῦν σχεῖν. ἐγὼ μὲν οὖν, ὦ Παρμενίδη, Σωκράτει συνδέομαι, ἵνα καὶ αὐτὸς διακούσω διὰ χρόνου.

ταῦτα δὴ εἰπόντος τοῦ Ζήωνος, ἔφη ὁ Ἀντιφῶν φάναι τὸν Πυθόδωρον, αὐτόν τε δεῖσθαι τοῦ Παρμενίδου καὶ τὸν Ἀριστοτέλη καὶ τοὺς ἄλλους, ἐνδείξασθαι ὁ λέγοι καὶ μὴ ἄλλως ποιεῖν. τὸν οὖν Παρμενίδην: ἀνάγκη, φάναι, πείθεσθαι. καίτοι δοκῶ μοι τὸ τοῦ Ἰβυκείου ἵππου πεπονθέναι, [137a] ὃ ἐκεῖνος ἀθλητῇ ὄντι καὶ πρεσβυτέρῳ, ὑφ' ἄρματι μέλλοντι ἀγωνιεῖσθαι καὶ δι' ἐμπειρίαν

τρέμοντι τὸ μέλλον, ἑαυτὸν ἀπεικάζων ἄκων ἔφη καὶ αὐτὸς οὕτω
πρεσβύτης ὦν εἰς τὸν ἔρωτα ἀναγκάζεσθαι ἰέναι: καὶ γὰρ μοι δοκῶ
μεμνημένος μάλα φοβεῖσθαι πῶς χρή τηλικόνδε ὄντα διανεῦσαι
τοιοῦτόν τε καὶ τοσοῦτον πέλαγος λόγων: ὅμως δὲ δεῖ γὰρ
χαρίζεσθαι, ἐπειδὴ καί, ὃ Ζήνων λέγει, αὐτοὶ ἐσμεν. πόθεν οὖν δὴ
[137b] ἄρξόμεθα καὶ τί πρῶτον ὑποθησόμεθα; ἢ βούλεσθε, ἐπειδήπερ
δοκεῖ πραγματειώδη παιδιὰν παίζειν, ἀπ' ἑμαυτοῦ ἄρξωμαι καὶ τῆς
ἑμαυτοῦ ὑποθέσεως, περὶ τοῦ ἐνὸς αὐτοῦ ὑποθέμενος, εἴτε ἓν ἐστὶν
εἴτε μὴ ἓν, τί χρή συμβαίνειν;

πάνυ μὲν οὖν, φάναι τὸν Ζήωνα.

τίς οὖν, εἰπεῖν, μοὶ ἀποκρινεῖται; ἢ ὁ νεώτατος; ἥκιστα γὰρ ἂν
πολυπραγμονοῖ, καὶ ἃ οἶεται μάλιστα ἂν ἀποκρίνοιτο: καὶ ἅμα ἐμοὶ
ἀνάπαυλα ἂν εἴη ἢ ἐκείνου ἀπόκρισις. [137c]

ἔτοιμός σοι, ὦ Παρμενίδη, φάναι, τοῦτο, τὸν Ἀριστοτέλη: ἐμὲ γὰρ
λέγεις τὸν νεώτατον λέγων. ἀλλὰ ἐρώτα ὥς ἀποκρινουμένου.

εἶεν δὴ, φάναι: εἰ ἓν ἐστὶν, ἄλλο τι οὐκ ἂν εἴη πολλὰ τὸ ἓν;

πῶς γὰρ ἂν;

οὔτε ἄρα μέρος αὐτοῦ οὔτε ὅλον αὐτὸ δεῖ εἶναι.

τί δὴ;

τὸ μέρος που ὅλου μέρος ἐστίν.

ναί.

τί δὲ τὸ ὅλον; οὐχὶ οὗ ἂν μέρος μηδὲν ἀπῇ ὅλον ἂν εἴη;

πάνυ γε.

ἀμφοτέρως ἄρα τὸ ἓν ἐκ μερῶν ἂν εἴη, ὅλον τε ὄν καὶ μέρη ἔχον.

ἀνάγκη.

ἀμφοτέρως ἂν ἄρα [137d] οὕτως τὸ ἓν πολλὰ εἴη ἀλλ' οὐχ ἓν.

ἀληθῆ.

δεῖ δέ γε μὴ πολλὰ ἄλλ' ἐν αὐτὸ εἶναι.

δεῖ.

οὐτ' ἄρα ὅλον ἔσται οὔτε μέρη ἔξει, εἰ ἐν ἔσται τὸ ἓν.

οὐ γάρ.

οὐκοῦν εἰ μηδὲν ἔχει μέρος, οὐτ' ἂν ἀρχὴν οὔτε τελευτὴν οὔτε μέσον ἔχοι· μέρη γὰρ ἂν ἦδη αὐτοῦ τὰ τοιαῦτα εἴη.

ὀρθῶς.

καὶ μὴν τελευτὴ γε καὶ ἀρχὴ πέρας ἐκάστου.

πῶς δ' οὐ;

ἄπειρον ἄρα τὸ ἓν, εἰ μήτε ἀρχὴν μήτε τελευτὴν ἔχει.

ἄπειρον.

καὶ ἄνευ σχήματος ἄρα· οὔτε γὰρ [137e]στρογγύλου οὔτε εὐθέος μετέχει.

πῶς;

στρογγύλον γέ πού ἐστι τοῦτο οὗ ἂν τὰ ἔσχατα πανταχῇ ἀπὸ τοῦ μέσου ἴσον ἀπέχη.

ναί.

καὶ μὴν εὐθὺ γε, οὗ ἂν τὸ μέσον ἀμφοῖν τοῖν ἐσχάτοις ἐπίπροσθεν ᾗ.

οὕτως.

οὐκοῦν μέρη ἂν ἔχοι τὸ ἓν καὶ πολλὰ ἂν εἴη, εἴτε εὐθέος σχήματος εἴτε περιφεροῦς μετέχοι.

πάνυ μὲν οὖν.

οὔτε ἄρα εὐθὺ οὔτε [138a]περιφερές ἐστίν, ἐπείπερ οὐδὲ μέρη ἔχει.

ὀρθῶς.

καὶ μὴν τοιοῦτόν γε ὃν οὐδαμοῦ ἂν εἴη: οὔτε γὰρ ἐν ἄλλῳ οὔτε ἐν ἑαυτῷ εἴη.

πῶς δὴ;

ἐν ἄλλῳ μὲν ὃν κύκλῳ που ἂν περιέχοιτο ὑπ' ἐκείνου ἐν ᾧ ἐνείη, καὶ πολλαχοῦ ἂν αὐτοῦ ἄπτοιτο πολλοῖς: τοῦ δὲ ἐνός τε καὶ ἀμεροῦς καὶ κύκλου μὴ μετέχοντος ἀδύνατον πολλαχῇ κύκλῳ ἄπτεσθαι.

ἀδύνατον.

ἀλλὰ μὴν αὐτό γε ἐν ἑαυτῷ ὃν καὶ ἐαυτῷ εἴη περιέχον οὐκ ἄλλο ἢ αὐτό, εἴπερ καὶ ἐν [138b]ἐαυτῷ εἴη: ἐν τῷ γάρ τι εἶναι μὴ περιέχοντι ἀδύνατον.

ἀδύνατον γάρ.

οὐκοῦν ἕτερον μὲν ἂν τι εἴη αὐτὸ τὸ περιέχον, ἕτερον δὲ τὸ περιεχόμενον: οὐ γὰρ ὅλον γε ἅμφω ταῦτόν ἅμα πείσεται καὶ ποιήσει: καὶ οὕτω τὸ ἐν οὐκ ἂν εἴη ἔτι ἐν ἀλλὰ δύο.

οὐ γὰρ οὖν.

οὐκ ἄρα ἐστὶν που τὸ ἐν, μήτε ἐν αὐτῷ μήτε ἐν ἄλλῳ ἐνόν.

οὐκ ἔστιν.

ὅρα δὴ, οὕτως ἔχον εἰ οἷόν τέ ἐστιν ἐστάναι ἢ κινεῖσθαι.

τί δὴ γὰρ οὐ;

ὅτι κινούμενόν γε ἢ φέροιτο ἢ [138c] ἀλλοιοῖτο ἂν: αὗται γὰρ μόναι κινήσεις.

ναί.

ἀλλοιούμενον δὲ τὸ ἐν ἑαυτοῦ ἀδύνατόν που ἐν ἔτι εἶναι.

ἀδύνατον.

οὐκ ἄρα κατ' ἀλλοίωσίν γε κινεῖται.

οὐ φαίνεται.

ἀλλ' ἄρα τῷ φέρεσθαι;

ἴσως.

καὶ μὴν εἰ φέροιτο τὸ ἓν, ἦτοι ἐν τῷ αὐτῷ ἂν περιφέροιτο κύκλῳ ἢ μεταλλάττοι χώραν ἑτέραν ἐξ ἑτέρας.

ἀνάγκη.

οὐκοῦν κύκλῳ μὲν περιφερόμενον ἐπὶ μέσου βεβηκέναι ἀνάγκη, καὶ τὰ περὶ τὸ μέσον φερόμενα ἄλλα μέρη ἔχειν ἑαυτοῦ: ὃ δὲ [138d]μήτε μέσου μήτε μερῶν προσήκει, τίς μηχανὴ τοῦτο κύκλῳ ποτ' ἐπὶ τοῦ μέσου ἐνεχθῆναι;

οὐδεμία.

ἀλλὰ δὴ χώραν ἀμείβον ἄλλοτ' ἄλλοθι γίγνεται καὶ οὕτω κινεῖται;

εἴπερ γε δῆ.

οὐκοῦν εἶναι μὲν που ἓν τινι αὐτῷ ἀδύνατον ἐφάνη;

ναί.

ἄρ' οὖν γίγνεσθαι ἔτι ἀδυνατώτερον;

οὐκ ἐννοῶ ὅπῃ.

εἰ ἓν τῷ τι γίγνεται, οὐκ ἀνάγκη μήτε πῶ ἐν ἐκείνῳ εἶναι ἔτι ἐγγιγνόμενον, μήτ' ἔτι ἔξω ἐκείνου παντάπασιν, εἴπερ ἤδη ἐγγίγνεται;

ἀνάγκη.

εἰ ἄρα τι [138e]ἄλλο πείσεται τοῦτο, ἐκεῖνο ἂν μόνον πάσχοι οὗ μέρη εἶη: τὸ μὲν γὰρ ἂν τι αὐτοῦ ἤδη ἐν ἐκείνῳ, τὸ δὲ ἔξω εἶη ἅμα: τὸ δὲ μὴ ἔχον μέρη οὐχ οἷόν τέ που ἔσται τρόπῳ οὐδενὶ ὅλον ἅμα μήτε ἐντὸς εἶναι τινος μήτε ἔξω.

ἀληθῆ.

οὗ δὲ μήτε μέρη εἰσὶ μήτε ὅλον τυγχάνει ὅν, οὐ πολὺ ἔτι ἀδυνατώτερον ἐγγίγνεσθαι που, μήτε κατὰ μέρη μήτε κατὰ ὅλον

ἐγγιγνόμενον;

φαίνεται.

οὐτ' ἄρα ποι ἰὸν καὶ ἔν [139a] τῷ γιγνόμενον χώραν ἀλλάττει, οὐτ' ἐν τῷ αὐτῷ περιφερόμενον οὔτε ἀλλοιούμενον.

οὐκ ἔοικε.

κατὰ πᾶσαν ἄρα κίνησιν τὸ ἐν ἀκίνητον.

ἀκίνητον.

ἀλλὰ μὴν καὶ εἶναι γέ φαμεν ἐν τινι αὐτὸ ἀδύνατον.

φαμὲν γάρ.

οὐδ' ἄρα ποτὲ ἐν τῷ αὐτῷ ἐστίν.

τί δή;

ὅτι ἤδη ἂν ἐν ἐκείνῳ εἴη ἐν ᾧ τῷ αὐτῷ ἐστίν.

πάνυ μὲν οὖν.

ἀλλ' οὔτε ἐν αὐτῷ οὔτε ἐν ἄλλῳ οἷόν τε ἦν αὐτῷ ἐνεῖναι.

οὐ γὰρ οὖν.

οὐδέποτε ἄρα ἐστὶ τὸ ἐν ἐν τῷ αὐτῷ.

οὐκ ἔοικεν.

[139b] ἀλλὰ μὴν τό γε μηδέποτε ἐν τῷ αὐτῷ ὄν οὔτε ἡσυχίαν ἄγει οὔθ' ἔστηκεν.

οὐ γὰρ οἷόν τε.

τὸ ἐν ἄρα, ὡς ἔοικεν, οὔτε ἔστηκεν οὔτε κινεῖται.

οὔκουν δὴ φαίνεται γέ.

οὐδὲ μὴν ταυτόν γε οὔτε ἐτέρῳ οὔτε ἑαυτῷ ἔσται, οὐδ' αὖ ἕτερον οὔτε αὐτοῦ οὔτε ἐτέρου ἂν εἴη.

πῇ δή;

ἕτερον μὲν που ἑαυτοῦ ὃν ἐνὸς ἕτερον ἂν εἶη καὶ οὐκ ἂν εἶη ἓν.

ἀληθῆ.

καὶ μὴν ταυτόν γε ἑτέρῳ ὃν ἐκεῖνο ἂν εἶη, αὐτὸ [139c] δ' οὐκ ἂν εἶη:
ὥστε οὐδ' ἂν οὕτως εἶη ὅπερ ἔστιν, ἓν, ἀλλ' ἕτερον ἐνός.

οὐ γὰρ οὖν.

ταυτόν μὲν ἄρα ἑτέρῳ ἢ ἕτερον ἑαυτοῦ οὐκ ἔσται.

οὐ γάρ.

ἕτερον δέ γε ἑτέρου οὐκ ἔσται, ἕως ἂν ᾗ ἓν: οὐ γὰρ ἐνὶ προσήκει
ἑτέρῳ τινὸς εἶναι, ἀλλὰ μόνῳ ἑτέρῳ ἑτέρου, ἄλλῳ δὲ οὐδενί.

ὀρθῶς.

τῷ μὲν ἄρα ἓν εἶναι οὐκ ἔσται ἕτερον: ἢ οἶει;

οὐ δῆτα.

ἀλλὰ μὴν εἰ μὴ τούτῳ, οὐχ ἑαυτῷ ἔσται, εἰ δὲ μὴ αὐτῷ, οὐδὲ αὐτό:
αὐτὸ δὲ μηδαμῇ ὃν ἕτερον οὐδενὸς ἔσται [139d] ἕτερον.

ὀρθῶς.

οὐδὲ μὴν ταυτόν γε ἑαυτῷ ἔσται.

πῶς δ' οὔ;

οὐχ ἥπερ τοῦ ἐνὸς φύσις, αὕτη δῆπου καὶ τοῦ ταυτοῦ.

τί δῆ;

ὅτι οὐκ, ἐπειδὴν ταυτόν γένηται τῷ τι, ἓν γίγνεται.

ἀλλὰ τί μήν;

τοῖς πολλοῖς ταυτόν γενόμενον πολλὰ ἀνάγκη γίγνεσθαι ἀλλ' οὐχ ἓν.

ἀληθῆ.

ἀλλ' εἰ τὸ ἐν καὶ τὸ ταὐτὸν μηδαμῇ διαφέρει, ὅποτε τι ταὐτὸν ἐγίγνετο, ἀεὶ ἂν ἐν ἐγίγνετο, καὶ ὅποτε ἔν, ταὐτόν. [139e]

πάνυ γε.

εἰ ἄρα τὸ ἐν ἑαυτῷ ταὐτὸν ἔσται, οὐχ ἐν ἑαυτῷ ἔσται: καὶ οὕτω ἐν ὄν οὐχ ἐν ἔσται. ἀλλὰ μὴν τοῦτό γε ἀδύνατον: ἀδύνατον ἄρα καὶ τῷ ἐνὶ ἡ ἑτέρου ἕτερον εἶναι ἢ ἑαυτῷ ταὐτόν.

ἀδύνατον.

οὕτω δὴ ἕτερόν γε ἢ ταὐτὸν τὸ ἐν οὔτ' ἂν αὐτῷ οὔτ' ἂν ἐτέρῳ εἴη.

οὐ γὰρ οὖν.

οὐδὲ μὴν ὅμοιον τινι ἔσται οὐδ' ἀνόμοιον οὔτε αὐτῷ οὔτε ἐτέρῳ.

τί δὴ;

ὅτι τὸ ταὐτόν που πεπονθὸς ὅμοιον.

ναί.

τοῦ δέ γε ἐνὸς χωρὶς ἐφάνη τὴν φύσιν τὸ ταὐτόν. [140a]

ἐφάνη γάρ.

ἀλλὰ μὴν εἴ τι πέπονθε χωρὶς τοῦ ἐν εἶναι τὸ ἐν, πλείω ἂν εἶναι πεπόνθοι ἢ ἐν, τοῦτο δὲ ἀδύνατον.

ναί.

οὐδαμῶς ἔστιν ἄρα ταὐτὸν πεπονθὸς εἶναι τὸ ἐν οὔτε ἄλλῳ οὔτε ἑαυτῷ.

οὐ φαίνεται.

οὐδὲ ὅμοιον ἄρα δυνατὸν αὐτὸ εἶναι οὔτε ἄλλῳ οὔτε ἑαυτῷ.

οὐκ ἔοικεν.

οὐδὲ μὴν ἕτερόν γε πέπονθεν εἶναι τὸ ἐν: καὶ γὰρ οὕτω πλείω ἂν πεπόνθοι εἶναι ἢ ἐν.

πλείω γάρ.

τό γε μὴν ἕτερον πεπονθὸς ἢ ἑαυτοῦ ἢ ἄλλου ἀνόμοιον ἂν εἴη ἢ ἑαυτῷ [140b] ἢ ἄλλῳ, εἴπερ τὸ ταῦτόν πεπονθὸς ὁμοιον.

ὀρθῶς.

τὸ δέ γε ἓν, ὡς ἔοικεν, οὐδαμῶς ἕτερον πεπονθὸς οὐδαμῶς ἀνόμοιον ἐστὶν οὔτε αὐτῷ οὔτε ἐτέρῳ.

οὐ γὰρ οὖν.

οὔτε ἄρα ὁμοιον οὔτε ἀνόμοιον οὔθ' ἐτέρῳ οὔτε ἑαυτῷ ἂν εἴη τὸ ἓν.

οὐ φαίνεται.

καὶ μὴν τοιοῦτόν γε ὃν οὔτε ἴσον οὔτε ἄνισον ἔσται οὔτε ἑαυτῷ οὔτε ἄλλῳ.

πῇ;

ἴσον μὲν ὃν τῶν αὐτῶν μέτρων ἔσται ἐκείνῳ ᾧ ἂν ἴσον ᾗ.

ναί.

μειζον δέ που [140c] ἢ ἔλαττον ὃν, οἷς μὲν ἂν σύμμετρον ᾗ, τῶν μὲν ἐλαττόνων πλείω μέτρα ἔξει, τῶν δὲ μειζόνων ἐλάττω.

ναί.

οἷς δ' ἂν μὴ σύμμετρον, τῶν μὲν σμικροτέρων, τῶν δὲ μειζόνων μέτρων ἔσται.

πῶς γὰρ οὐ;

οὐκοῦν ἀδύνατον τὸ μὴ μετέχον τοῦ αὐτοῦ ἢ μέτρων τῶν αὐτῶν εἶναι ἢ ἄλλων ὄντινωνοῦν τῶν αὐτῶν;

ἀδύνατον.

ἴσον μὲν ἄρα οὔτ' ἂν ἑαυτῷ οὔτε ἄλλῳ εἴη μὴ τῶν αὐτῶν μέτρων ὃν.

οὐκουν φαίνεται γε.

ἀλλὰ μὴν πλειόνων γε μέτρων ὃν ἢ ἐλαττόνων, ὅσων περ μέτρων, τοσούτων καὶ μερῶν ἂν εἴη· καὶ [140d] οὕτω αὖ οὐκέτι ἓν ἔσται ἀλλὰ τοσαῦτα ὅσα περ καὶ τὰ μέτρα. ὀρθῶς.

εἰ δέ γε ἐνὸς μέτρου εἴη, ἴσον ἂν γίγνοιτο τῷ μέτρῳ· τοῦτο δὲ ἀδύνατον ἐφάνη, ἴσον τῷ αὐτὸ εἶναι.

ἐφάνη γάρ.

οὔτε ἄρα ἐνὸς μέτρου μετέχον οὔτε πολλῶν οὔτε ὀλίγων, οὔτε τὸ παράπαν τοῦ αὐτοῦ μετέχον, οὔτε ἑαυτῷ ποτε, ὥς ἔοικεν, ἔσται ἴσον οὔτε ἄλλω· οὔτε αὖ μείζον οὐδὲ ἔλαττον οὔτε ἑαυτοῦ οὔτε ἑτέρου.

παντάπασι μὲν οὖν οὕτω. [140e]

τί δέ; πρεσβύτερον ἢ νεώτερον ἢ τὴν αὐτὴν ἡλικίαν ἔχειν τὸ ἓν δοκεῖ τῷ δυνατόν εἶναι;

τί δὴ γὰρ οὐ;

ὅτι που ἡλικίαν μὲν τὴν αὐτὴν ἔχον ἢ αὐτῷ ἢ ἄλλῳ ἰσότητος χρόνου καὶ ὁμοιότητος μεθέξει, ὧν ἐλέγομεν οὐ μετεῖναι τῷ ἐνί, οὔτε ὁμοιότητος οὔτε ἰσότητος. ἐλέγομεν γὰρ οὖν.

καὶ μὴν καὶ ὅτι ἀνομοιοτήτος τε καὶ ἀνισότητος οὐ μετέχει, καὶ τοῦτο ἐλέγομεν.

πάνυ μὲν οὖν. πῶς οὖν [141a] οἷόν τε ἔσται τινὸς ἢ πρεσβύτερον ἢ νεώτερον εἶναι ἢ τὴν αὐτὴν ἡλικίαν ἔχειν τῷ τοιοῦτον ὄν;

οὐδαμῶς.

οὐκ ἄρα ἂν εἴη νεώτερόν γε οὐδὲ πρεσβύτερον οὐδὲ τὴν αὐτὴν ἡλικίαν ἔχον τὸ ἓν οὔτε αὐτῷ οὔτε ἄλλῳ.

οὐ φαίνεται.

ἄρ' οὖν οὐδὲ ἐν χρόνῳ τὸ παράπαν δύναιτο ἂν εἶναι τὸ ἓν, εἰ τοιοῦτον εἴη; ἢ οὐκ ἀνάγκη, ἐάν τι ἦ ἐν χρόνῳ, ἀεὶ αὐτὸ αὐτοῦ πρεσβύτερον γίγνεσθαι; ἀνάγκη.

οὐκοῦν τό γε πρεσβύτερον ἀεὶ νεωτέρου πρεσβύτερον;

τί μὴν; [141b]

τὸ πρεσβύτερον ἄρα ἑαυτοῦ γιγνόμενον καὶ νεώτερον ἑαυτοῦ ἅμα γίγνεται, εἴπερ μέλλει ἔχειν ὅτου πρεσβύτερον γίγνηται.

πῶς λέγεις;

ὧδε: διάφορον ἕτερον ἐτέρου οὐδὲν δεῖ γίνεσθαι ἤδη ὄντος διαφοροῦ, ἀλλὰ τοῦ μὲν ἤδη ὄντος ἤδη εἶναι, τοῦ δὲ γεγονότος γεγονέναι, τοῦ δὲ μέλλοντος μέλλειν, τοῦ δὲ γιγνομένου οὔτε γεγονέναι οὔτε μέλλειν οὔτε εἶναι πῶ διάφορον, ἀλλὰ γίνεσθαι καὶ ἄλλως [141c] οὐκ εἶναι.

ἀνάγκη γὰρ δή.

ἀλλὰ μὴν τό γε πρεσβύτερον διαφορότης νεωτέρου ἐστὶν καὶ οὐδενὸς ἄλλου.

ἔστι γάρ.

τὸ ἄρα πρεσβύτερον ἑαυτοῦ γιγνόμενον ἀνάγκη καὶ νεώτερον ἅμα ἑαυτοῦ γίνεσθαι.

ἔοικεν.

ἀλλὰ μὴν καὶ μήτε πλείω ἑαυτοῦ γίνεσθαι χρόνον μήτε ἐλάττω, ἀλλὰ τὸν ἴσον χρόνον καὶ γίνεσθαι ἑαυτῷ καὶ εἶναι καὶ γεγονέναι καὶ μέλλειν ἔσεσθαι.

ἀνάγκη γὰρ οὖν καὶ ταῦτα.

ἀνάγκη ἄρα ἐστίν, ὥς ἔοικεν, ὅσα γε ἐν χρόνῳ ἐστὶν [141d] καὶ μετέχει τοῦ τοιούτου, ἕκαστον αὐτῶν τὴν αὐτὴν τε αὐτὸ αὐτῷ ἡλικίαν ἔχειν καὶ πρεσβύτερόν τε αὐτοῦ ἅμα καὶ νεώτερον γίνεσθαι.

κινδυνεύει.

ἀλλὰ μὴν τῷ γε ἐνὶ τῶν τοιούτων παθημάτων οὐδὲν μετῆν.

οὐ γὰρ μετῆν.

οὐδὲ ἄρα χρόνου αὐτῷ μέτεστιν, οὐδ' ἐστὶν ἐν τινι χρόνῳ.

οὐκ οὖν δὴ, ὥς γε ὁ λόγος αἰρεῖ.

τί οὖν; τὸ ἦν καὶ τὸ γέγονε καὶ τὸ ἐγίγνετο οὐ χρόνου μέθεξιν δοκεῖ σημαίνειν τοῦ ποτὲ γεγονότος;

καὶ μάλα.

[141e] τί δέ; τὸ ἔσται καὶ τὸ γενήσεται καὶ τὸ γενηθήσεται οὐ τοῦ ἔπειτα [τοῦ μέλλοντος];

ναί.

τὸ δὲ δὴ ἔστι καὶ τὸ γίγνεται οὐ τοῦ νῦν παρόντος;

πάνυ μὲν οὖν.

εἰ ἄρα τὸ ἐν μηδαμῇ μηδενὸς μετέχει χρόνου, οὔτε ποτὲ γέγονεν οὔτ' ἐγίγνετο οὔτ' ἦν ποτέ, οὔτε νῦν γέγονεν οὔτε γίγνεται οὔτε ἔστιν, οὔτ' ἔπειτα γενήσεται οὔτε γενηθήσεται οὔτε ἔσται.

ἀληθέστατα.

ἔστιν οὖν οὐσίας ὅπως ἂν τι μετάσχοι ἄλλως ἢ κατὰ τούτων τι;

οὐκ ἔστιν.

οὐδαμῶς ἄρα τὸ ἐν οὐσίας μετέχει.

οὐκ ἔοικεν.

οὐδαμῶς ἄρα ἔστι τὸ ἐν.

οὐ φαίνεται.

οὐδ' ἄρα οὕτως ἔστιν ὥστε ἐν εἶναι: εἴη γὰρ ἂν ἡδὴ ὄν καὶ οὐσίας μετέχον: ἀλλ' ὥς ἔοικεν, τὸ ἐν οὔτε ἐν ἔστιν οὔτε ἔστιν, εἰ δεῖ τῷ [142a] τοιῷδε λόγῳ πιστεύειν.

κινδυνεύει.

ὁ δὲ μὴ ἔστι, τούτῳ τῷ μὴ ὄντι εἴη ἂν τι αὐτῷ ἢ αὐτοῦ;

καὶ πῶς;

οὐδ' ἄρα ὄνομα ἔστιν αὐτῷ οὐδὲ λόγος οὐδέ τις ἐπιστήμη οὐδὲ αἴσθησις οὐδὲ δόξα.

οὐ φαίνεται.

οὐδ' ὀνομάζεται ἄρα οὐδὲ λέγεται οὐδὲ δοξάζεται οὐδὲ γινώσκεται, οὐδέ τι τῶν ὄντων αὐτοῦ αἰσθάνεται.

οὐκ ἔοικεν.

ἢ δυνατόν οὖν περὶ τὸ ἐν ταῦτα οὕτως ἔχειν;

οὐκ οἶμαι δοκεῖ. [142b]

βούλει οὖν ἐπὶ τὴν ὑπόθεσιν πάλιν ἐξ ἀρχῆς ἐπανέλθωμεν, ἐάν τι ἡμῖν ἐπανιοῦσιν ἄλλοιον φανῇ;

πάνυ μὲν οὖν βούλομαι.

οὐκοῦν ἐν εἰ ἔστιν, φαμέν, τὰ συμβαίνοντα περὶ αὐτοῦ, ποῖά ποτε τυγχάνει ὄντα, διομολογητέα ταῦτα: οὐχ οὕτω;

ναί.

ὄρα δὴ ἐξ ἀρχῆς. ἐν εἰ ἔστιν, ἄρα οἷόν τε αὐτὸ εἶναι μὲν, οὐσίας δὲ μὴ μετέχειν;

οὐχ οἷόν τε.

οὐκοῦν καὶ ἡ οὐσία τοῦ ἐνὸς εἴη ἂν οὐ ταὐτὸν οὔσα τῷ ἐνί: οὐ γὰρ ἂν ἐκείνη ἦν ἐκείνου οὐσία, οὐδ' ἂν [142c] ἐκεῖνο, τὸ ἐν, ἐκείνης μετεῖχεν, ἀλλ' ὅμοιον ἂν ἦν λέγειν ἐν τε εἶναι καὶ ἐν ἔν. νῦν δὲ οὐχ αὕτη ἐστὶν ἡ ὑπόθεσις, εἰ ἐν ἔν, τί χρὴ συμβαίνειν, ἀλλ' εἰ ἐν ἔστιν: οὐχ οὕτω;

πάνυ μὲν οὖν.

οὐκοῦν ὥς ἄλλο τι σημαῖνον τὸ ἔστι τοῦ ἐν;

ἀνάγκη.

ἄρα οὖν ἄλλο ἢ ὅτι οὐσίας μετέχει τὸ ἐν, τοῦτ' ἂν εἴη τὸ λεγόμενον, ἐπειδάν τις συλλήβδην εἴπῃ ὅτι ἐν ἔστιν;

πάνυ γε.

πάλιν δὴ λέγωμεν, ἐν εἰ ἔστιν, τί συμβήσεται. σκόπει οὖν εἰ οὐκ ἀνάγκη ταύτην τὴν ὑπόθεσιν τοιοῦτον ὄν τὸ ἐν σημαίνειν, οἷον [142d]μέρη ἔχειν;

πῶς;

ᾧδε: εἰ τὸ ἔστι τοῦ ἐνὸς ὄντος λέγεται καὶ τὸ ἐν τοῦ ὄντος ἐνός, ἔστι δὲ οὐ τὸ αὐτὸ ἢ τε οὐσία καὶ τὸ ἔν, τοῦ αὐτοῦ δὲ ἐκείνου οὐ ὑπεθέμεθα, τοῦ ἐνὸς ὄντος, ἄρα οὐκ ἀνάγκη τὸ μὲν ὅλον ἐν ὄν εἶναι αὐτό, τούτου δὲ γίνεσθαι μόρια τό τε ἐν καὶ τὸ εἶναι;

ἀνάγκη.

πότερον οὖν ἐκάτερον τῶν μορίων τούτων μόριον μόνον προσερούμεν, ἢ τοῦ ὅλου μόριον τό γε μόριον προσρητέον;

τοῦ ὅλου.

καὶ ὅλον ἄρα ἐστί, ὃ ἂν ἐν ᾗ, καὶ μόριον ἔχει.

πάνυ γε.

τί οὖν; τῶν μορίων ἐκάτερον [142e]τούτων τοῦ ἐνὸς ὄντος, τό τε ἐν καὶ τὸ ὄν, ἄρα ἀπολείπεσθον ἢ τὸ ἐν τοῦ εἶναι μορίου ἢ τὸ ὄν τοῦ ἐνὸς μορίου; οὐκ ἂν εἴη.

πάλιν ἄρα καὶ τῶν μορίων ἐκάτερον τό τε ἐν ἴσχει καὶ τὸ ὄν, καὶ γίγνεται τὸ ἐλάχιστον ἐκ δυοῖν αὐτῶν μορίων τὸ μόριον, καὶ κατὰ τὸν αὐτὸν λόγον οὕτως αἰεὶ, ὅτι περ ἂν μόριον γένηται, τούτῳ τῷ μορίῳ αἰεὶ ἴσχει: τό τε γὰρ ἐν τὸ ὄν αἰεὶ ἴσχει καὶ τὸ ὄν τὸ ἐν: ὥστε ἀνάγκη [143a]δύ' αἰεὶ γιγνόμενον μηδέποτε ἐν εἶναι. παντάπασιν μὲν οὖν.

οὐκοῦν ἄπειρον ἂν τὸ πληθὸς οὕτω τὸ ἐν ὄν εἴη;

ἔοικεν.

ἴθι δὴ καὶ τῇδε ἔτι.

πῇ;

ουσίας φαμέν μετέχειν τὸ ἓν, διὸ ἔστιν;

ναί.

καὶ διὰ ταῦτα δὴ τὸ ἓν ὄν πολλὰ ἐφάνη.

οὕτω.

τί δέ; αὐτὸ τὸ ἓν, ὃ δὴ φαμεν ουσίας μετέχειν, ἐὰν αὐτὸ τῇ διανοίᾳ μόνον καθ' αὐτὸ λάβωμεν ἄνευ τούτου οὗ φαμεν μετέχειν, ἄρα γε ἓν μόνον φανήσεται ἢ καὶ πολλὰ τὸ αὐτὸ τοῦτο;

ἓν, οἶμαι ἔγωγε.

[143b]ἴδωμεν δὴ: ἄλλο τι ἕτερον μὲν ἀνάγκη τὴν ουσίαν αὐτοῦ εἶναι, ἕτερον δὲ αὐτό, εἴπερ μὴ ουσία τὸ ἓν, ἀλλ' ὥς ἓν ουσίας μετέσχευ.

ἀνάγκη.

ουκοῦν εἰ ἕτερον μὲν ἢ ουσία, ἕτερον δὲ τὸ ἓν, οὔτε τῷ ἓν τὸ ἓν τῆς ουσίας ἕτερον οὔτε τῷ ουσία εἶναι ἢ ουσία τοῦ ἐνὸς ἄλλο, ἀλλὰ τῷ ἐτέρῳ τε καὶ ἄλλῳ ἕτερα ἀλλήλων.

πάνυ μὲν οὖν.

ὥστε οὐ ταυτόν ἐστιν οὔτε τῷ ἐνὶ οὔτε τῇ ουσίᾳ τὸ ἕτερον.

πῶς γάρ; [143c]

τί οὖν; ἐὰν προελώμεθα αὐτῶν εἴτε βούλει τὴν ουσίαν καὶ τὸ ἕτερον εἴτε τὴν ουσίαν καὶ τὸ ἓν εἴτε τὸ ἓν καὶ τὸ ἕτερον, ἄρ' οὐκ ἐν ἐκάστη τῇ προαιρέσει προαιρούμεθά τινε ὧ ὀρθῶς ἔχει καλεῖσθαι ἀμφοτέρῳ;

πῶς;

ὥδε: ἔστιν ουσίαν εἰπεῖν;

ἔστιν.

καὶ αὐθις εἰπεῖν ἓν;

καὶ τοῦτο.

ἄρ' οὖν οὐχ ἑκάτερον αὐτοῖν εἴρηται;

ναί.

τί δ' ὅταν εἴπω οὐσία τε καὶ ἓν, ἄρα οὐκ ἀμφοτέρω;

πάνυ γε.

οὐκοῦν καὶ ἐὰν οὐσία τε καὶ ἕτερον ἢ ἕτερόν τε καὶ ἓν, καὶ οὕτω πανταχῶς ἐφ' ἑκάστου ἄμφω λέγω;

ναί.

[143d] ὦ δ' ἂν ἄμφω ὀρθῶς προσαγορευέσθον, ἄρα οἷόν τε ἄμφω μὲν αὐτῷ εἶναι, δύο δὲ μή;

οὐχ οἷόν τε.

ὦ δ' ἂν δύο ἦτον, ἔστι τις μηχανὴ μὴ οὐχ ἑκάτερον αὐτοῖν ἓν εἶναι;

οὐδεμία.

τούτων ἄρα ἐπείπερ σύνδυο ἕκαστα συμβαίνει εἶναι, καὶ ἓν ἂν εἴη ἕκαστον.

φαίνεται.

εἰ δὲ ἓν ἕκαστον αὐτῶν ἐστι, συντεθέντος ἐνὸς ὁποιοῦσιν ἡτινιοῦν συζυγία οὐ τρία γίγνεται τὰ πάντα;

ναί.

τρία δὲ οὐ περιττὰ καὶ δύο ἄρτια;

πῶς δ' οὔ;

τί δέ; δυοῖν ὄντοιν οὐκ [143e] ἀνάγκη εἶναι καὶ δίς, καὶ τριῶν ὄντων τρίς, εἴπερ ὑπάρχει τῷ τε δύο τὸ δίς ἓν καὶ τῷ τρία τὸ τρίς ἓν;

ἀνάγκη.

δυοῖν δὲ ὄντοιν καὶ δίς οὐκ ἀνάγκη δύο δίς εἶναι; καὶ τριῶν καὶ τρίς οὐκ ἀνάγκη αὖ τρία τρίς εἶναι;

πῶς δ' οὐ;

τί δέ; τριῶν ὄντων καὶ δις ὄντων καὶ δυοῖν ὄντοι καὶ τρις ὄντοι οὐκ ἀνάγκη τε τρία δις εἶναι καὶ δύο τρίς;

πολλή γε.

ἄρτιά τε ἄρα ἀρτιάκις ἂν εἴη καὶ [144a]περιττὰ περιττάκις καὶ ἄρτια περιττάκις καὶ περιττὰ ἀρτιάκις.

ἔστιν οὕτω.

εἰ οὖν ταῦτα οὕτως ἔχει, οἶει τινὰ ἀριθμὸν ὑπολείπεσθαι ὃν οὐκ ἀνάγκη εἶναι;

οὐδαμῶς γε.

εἰ ἄρα ἔστιν ἓν, ἀνάγκη καὶ ἀριθμὸν εἶναι.

ἀνάγκη.

ἀλλὰ μὴν ἀριθμοῦ γε ὄντος πολλὰ ἂν εἴη καὶ πλῆθος ἄπειρον τῶν ὄντων: ἢ οὐκ ἄπειρος ἀριθμὸς πλήθει καὶ μετέχων οὐσίας γίγνεται;

καὶ πάνυ γε.

οὐκοῦν εἰ πᾶς ἀριθμὸς οὐσίας μετέχει, καὶ τὸ μόνιον ἕκαστον τοῦ ἀριθμοῦ μετέχει ἂν αὐτῆς;

ναί. [144b]

ἐπὶ πάντα ἄρα πολλὰ ὄντα ἢ οὐσία νενέμηται καὶ οὐδενὸς ἀποστατεῖ τῶν ὄντων, οὔτε τοῦ σμικροτάτου οὔτε τοῦ μεγίστου; ἢ τοῦτο μὲν καὶ ἄλογον ἐρέσθαι; πῶς γὰρ ἂν δὴ οὐσία γε τῶν ὄντων του ἀποστατοῖ;

οὐδαμῶς.

κατακεκερμάτισται ἄρα ὥς οἶόν τε σμικρότατα καὶ μέγιστα καὶ πανταχῶς ὄντα, καὶ μεμέρισται πάντων μάλιστα, καὶ ἔστι [144c] μέρη ἀπέραντα τῆς οὐσίας.

ἔχει οὕτω.

πλεῖστα ἄρα ἐστὶ τὰ μέρη αὐτῆς.

πλεῖστα μέντοι.

τί οὖν; ἔστι τι αὐτῶν ὃ ἔστι μὲν μέρος τῆς οὐσίας, οὐδὲν μέντοι μέρος;

καὶ πῶς ἂν [τοῖ] τοῦτο γένοιτο;

ἀλλ' εἴπερ γε οἶμαι ἔστιν, ἀνάγκη αὐτὸ αἰεὶ, ἕωσπερ ἂν ἦ, ἔν γέ τι εἶναι, μηδὲν δὲ ἀδύνατον.

ἀνάγκη.

πρὸς ἅπαντι ἄρα [ἐκάστω] τῷ τῆς οὐσίας μέρει πρόσεστιν τὸ ἓν, οὐκ ἀπολειπόμενον οὔτε σμικροτέρου οὔτε μείζονος μέρους οὔτε ἄλλου οὐδενός.

οὕτω.

ἄρα οὖν ἓν [144d]ὸν πολλαχοῦ ἅμα ὅλον ἐστί; τοῦτο ἄθρει.

ἀλλ' ἄθρῳ καὶ ὁρῶ ὅτι ἀδύνατον.

μεμερισμένον ἄρα, εἴπερ μὴ ὅλον: ἄλλως γάρ που οὐδαμῶς ἅμα ἅπασι τοῖς τῆς οὐσίας μέρεσιν παρέσται ἢ μεμερισμένον.

ναί.

καὶ μὴν τό γε μεριστὸν πολλὴ ἀνάγκη εἶναι τοσαῦτα ὅσαπερ μέρη.

ἀνάγκη.

οὐκ ἄρα ἀληθῆ ἄρτι ἐλέγομεν λέγοντες ὡς πλεῖστα μέρη ἢ οὐσία νενεμημένη εἴη. οὐδὲ γὰρ πλείω τοῦ ἐνὸς νενέμηται, ἀλλ' [144e]ῖσα, ὡς ἔοικε, τῷ ἐνί: οὔτε γὰρ τὸ ὄν τοῦ ἐνὸς ἀπολείπεται οὔτε τὸ ἐν τοῦ ὄντος, ἀλλ' ἐξισοῦσθον δύο ὄντε αἰεὶ παρὰ πάντα.

παντάπασιν οὕτω φαίνεται.

τὸ ἓν ἄρα αὐτὸ κεκερματισμένον ὑπὸ τῆς οὐσίας πολλά τε καὶ ἅπειρα τὸ πληθὸς ἐστιν.

φαίνεται.

οὐ μόνον ἄρα τὸ ὄν ἐν πολλὰ ἐστίν, ἀλλὰ καὶ αὐτὸ τὸ ἐν ὑπὸ τοῦ ὄντος διανενημεμένον πολλὰ ἀνάγκη εἶναι.

παντάπασι μὲν οὖν.

καὶ μὴν ὅτι γε ὅλου τὰ μόρια μόρια, πεπερασμένον ἂν εἴη κατὰ τὸ ὅλον τὸ ἐν: ἢ οὐ περιέχεται ὑπὸ τοῦ ὅλου τὰ [145a]μόρια;

ἀνάγκη.

ἀλλὰ μὴν τό γε περιέχον πέρας ἂν εἴη.

πῶς δ' οὐ;

τὸ ἐν ἄρα ὄν ἐν τέ ἐστί που καὶ πολλὰ, καὶ ὅλον καὶ μόρια, καὶ πεπερασμένον καὶ ἄπειρον πλήθει.

φαίνεται.

ἄρ' οὖν οὐκ, ἐπεὶ πεπερασμένον, καὶ ἔσχατα ἔχον;

ἀνάγκη.

τί δέ; εἰ ὅλον, οὐ καὶ ἀρχὴν ἂν ἔχοι καὶ μέσον καὶ τελευτήν; ἢ οἷόν τέ τι ὅλον εἶναι ἄνευ τριῶν τούτων; κἂν του ἐν ὁτιοῦν αὐτῶν ἀποστατῇ, ἐθελήσει ἔτι ὅλον εἶναι;

οὐκ ἐθελήσει.

καὶ ἀρχὴν δὴ, ὡς ἔοικεν, καὶ [145b]τελευτήν καὶ μέσον ἔχοι ἂν τὸ ἐν.

ἔχοι.

ἀλλὰ μὴν τό γε μέσον ἴσον τῶν ἐσχάτων ἀπέχει: οὐ γὰρ ἂν ἄλλως μέσον εἴη.

οὐ γάρ.

καὶ σχήματος δὴ τινος, ὡς ἔοικε, τοιοῦτον ὄν μετέχοι ἂν τὸ ἐν, ἥτοι εὐθέος ἢ στρογγύλου ἢ τινος μεικτοῦ ἐξ ἀμφοῖν.

μετέχοι γὰρ ἄν.

ἄρ' οὖν οὕτως ἔχον οὐκ αὐτό τε ἐν ἑαυτῷ ἔσται καὶ ἐν ἄλλῳ;

πῶς;

τῶν μερῶν που ἕκαστον ἐν τῷ ὅλῳ ἐστὶ καὶ οὐδὲν ἐκτὸς τοῦ ὅλου.

οὕτω.

πάντα δὲ τὰ μέρη ὑπὸ τοῦ [145c] ὅλου περιέχεται;

ναί.

καὶ μὴν τά γε πάντα μέρη τὰ αὐτοῦ τὸ ἓν ἐστὶ, καὶ οὔτε τι πλεόν οὔτε ἔλαττον ἢ πάντα.

οὐ γάρ.

οὐκοῦν καὶ τὸ ὅλον τὸ ἓν ἐστίν;

πῶς δ' οὔ;

εἰ ἄρα πάντα τὰ μέρη ἐν ὅλῳ τυγχάνει ὄντα, ἔστι δὲ τά τε πάντα τὸ ἓν καὶ αὐτὸ τὸ ὅλον, περιέχεται δὲ ὑπὸ τοῦ ὅλου τὰ πάντα, ὑπὸ τοῦ ἐνὸς ἂν περιέχοιτο τὸ ἓν, καὶ οὕτως ἂν ἦδη τὸ ἓν αὐτὸ ἐν ἑαυτῷ εἴη.

φαίνεται.

ἀλλὰ μέντοι τό γε ὅλον αὖ οὐκ ἐν τοῖς μέρεσιν ἐστίν, οὔτε ἐν πᾶσιν οὔτε [145d] ἐν τινί. εἰ γὰρ ἐν πᾶσιν, ἀνάγκη καὶ ἐν ἐνί: ἐν τινὶ γὰρ ἐνὶ μὴ ὄν οὐκ ἂν ἔτι που δύναίτο ἓν γε ἅπασιν εἶναι: εἰ δὲ τοῦτο μὲν τὸ ἐν τῶν ἀπάντων ἐστί, τὸ δὲ ὅλον ἐν τούτῳ μὴ ἐνὶ, πῶς ἔτι ἓν γε τοῖς πᾶσιν ἐνέσται;

οὐδαμῶς.

οὐδὲ μὴν ἐν τισὶ τῶν μερῶν: εἰ γὰρ ἐν τισὶ τὸ ὅλον εἴη, τὸ πλεόν ἂν ἐν τῷ ἐλάττονι εἴη, ὃ ἐστὶν ἀδύνατον.

ἀδύνατον γάρ.

μὴ ὄν δ' ἐν πλέοσιν μὴ δ' ἐν ἐνὶ μὴ δ' ἐν ἅπασιν τοῖς μέρεσιν τὸ ὅλον

οὐκ ἀνάγκη ἐν ἐτέρῳ τινὶ εἶναι ἢ μηδαμοῦ [145e] ἔτι εἶναι;

ἀνάγκη.

οὐκοῦν μηδαμοῦ μὲν ὃν οὐδὲν ἂν εἴη, ὅλον δὲ ὄν, ἐπειδὴ οὐκ ἐν αὐτῷ ἐστίν, ἀνάγκη ἐν ἄλλῳ εἶναι;

πάνυ γε.

ἦι μὲν ἄρα τὸ ἐν ὅλον, ἐν ἄλλῳ ἐστίν: ἦ δὲ τὰ πάντα μέρη ὄντα τυγχάνει, αὐτὸ ἐν ἑαυτῷ: καὶ οὕτω τὸ ἐν ἀνάγκη αὐτό τε ἐν ἑαυτῷ εἶναι καὶ ἐν ἐτέρῳ.

ἀνάγκη.

οὕτω δὴ πεφυκὸς τὸ ἐν ἄρ' οὐκ ἀνάγκη καὶ κινεῖσθαι καὶ ἐστάναι;

πῆ;

ἔστηκε μὲν που, εἵπερ αὐτὸ ἐν ἑαυτῷ [146a] ἐστίν: ἐν γὰρ ἐνὶ ὃν καὶ ἐκ τούτου μὴ μεταβαῖνον ἐν τῷ αὐτῷ ἂν εἴη, ἐν ἑαυτῷ.

ἔστι γάρ.

τὸ δέ γε ἐν τῷ αὐτῷ ἀεὶ ὃν ἐστὸς δῆπου ἀνάγκη ἀεὶ εἶναι.

πάνυ γε.

τί δέ; τὸ ἐν ἐτέρῳ ἀεὶ ὃν οὐ τὸ ἐναντίον ἀνάγκη μηδέποτε ἐν ταύτῳ εἶναι, μηδέποτε δὲ ὃν ἐν τῷ αὐτῷ μηδὲ ἐστάναι, μὴ ἐστὸς δὲ κινεῖσθαι;

οὕτως.

ἀνάγκη ἄρα τὸ ἔν, αὐτό τε ἐν ἑαυτῷ ἀεὶ ὃν καὶ ἐν ἐτέρῳ, ἀεὶ κινεῖσθαι τε καὶ ἐστάναι.

φαίνεται.

καὶ μὴν ταυτόν γε δεῖ εἶναι αὐτὸ ἑαυτῷ καὶ ἕτερον [146b] ἑαυτοῦ, καὶ τοῖς ἄλλοις ὡσαύτως ταυτόν τε καὶ ἕτερον εἶναι, εἵπερ καὶ τὰ πρόσθεν πέπονθεν.

πῶς;

πᾶν που πρὸς ἅπαν ὧδε ἔχει, ἢ ταυτόν ἐστιν ἢ ἕτερον: ἢ ἐὰν μὴ ταυτόν ἢ μὴδ' ἕτερον, μέρος ἂν εἴη τούτου πρὸς ὃ οὕτως ἔχει, ἢ ὡς πρὸς μέρος ὅλον ἂν εἴη.

φαίνεται.

ἄρ' οὖν τὸ ἐν αὐτὸ αὐτοῦ μέρος ἐστίν;

οὐδαμῶς.

οὐδ' ἄρα ὡς πρὸς μέρος αὐτὸ αὐτοῦ ὅλον ἂν εἴη, πρὸς ἑαυτὸ μέρος ὄν.

οὐ γὰρ οἷόν [146c] τε.

ἀλλ' ἄρα ἕτερόν ἐστιν ἐνὸς τὸ ἓν;

οὐ δῆτα.

οὐδ' ἄρα ἑαυτοῦ γε ἕτερον ἂν εἴη.

οὐ μέντοι.

εἰ οὖν μήτε ἕτερον μήτε ὅλον μήτε μέρος αὐτὸ πρὸς ἑαυτό ἐστιν, οὐκ ἀνάγκη ἤδη ταυτόν εἶναι αὐτὸ ἑαυτῷ;

ἀνάγκη.

τί δέ; τὸ ἐτέρωθι ὄν αὐτὸ ἑαυτοῦ ἐν τῷ αὐτῷ ὄντος ἑαυτῷ οὐκ ἀνάγκη αὐτὸ ἑαυτοῦ ἕτερον εἶναι, εἴπερ καὶ ἐτέρωθι ἔσται;

ἔμοιγε δοκεῖ.

οὕτω μὴν ἐφάνη ἔχον τὸ ἓν, αὐτό τε ἐν ἑαυτῷ ὄν ἅμα καὶ ἐν ἐτέρῳ.

ἐφάνη γάρ.

ἕτερον ἄρα, ὡς ἔοικεν, [146d]εἴη ταύτη ἂν ἑαυτοῦ τὸ ἓν.

ἔοικεν.

τί οὖν; εἰ τοῦ τι ἕτερόν ἐστιν, οὐχ ἐτέρου ὄντος ἕτερον ἔσται;

ανάγκη.

οὐκοῦν ὅσα μὴ ἓν ἐστίν, ἅπανθ' ἕτερα τοῦ ενός, καὶ τὸ ἓν τῶν μὴ ἓν;
πῶς δ' οὐ;

ἕτερον ἄρα ἂν εἴη τὸ ἓν τῶν ἄλλων.

ἕτερον.

ὅρα δὴ: αὐτό τε ταὐτὸν καὶ τὸ ἕτερον ἄρ' οὐκ ἐναντία ἀλλήλοις;

πῶς δ' οὐ;

ἢ οὖν ἐθελήσει ταὐτὸν ἐν τῷ ἐτέρῳ ἢ τὸ ἕτερον ἐν ταὐτῷ ποτε εἶναι;
οὐκ ἐθελήσει.

εἰ ἄρα τὸ ἕτερον ἐν τῷ αὐτῷ μηδέποτε ἔσται, οὐδὲν ἔστι τῶν ὄντων
ἐν ᾧ ἐστὶν τὸ ἕτερον χρόνον οὐδένα: [146e]εἰ γὰρ ὄντινοῦν εἴη ἓν
τῷ, ἐκεῖνον ἂν τὸν χρόνον ἐν ταὐτῷ εἴη τὸ ἕτερον. οὐχ οὕτως;

οὕτως.

ἐπειδὴ δ' οὐδέποτε ἐν τῷ αὐτῷ ἐστίν, οὐδέποτε ἓν τινὶ τῶν ὄντων ἂν
εἴη τὸ ἕτερον.

ἀληθῆ.

οὐτ' ἄρα ἐν τοῖς μὴ ἓν οὔτε ἐν τῷ ἐνὶ ἐνείῃ ἂν τὸ ἕτερον.

οὐ γὰρ οὖν.

οὐκ ἄρα τῷ ἐτέρῳ γ' ἂν εἴη τὸ ἓν τῶν μὴ ἓν οὐδὲ τὰ μὴ ἓν τοῦ ενός
ἕτερα.

οὐ γάρ.

οὐδὲ μὴν ἑαυτοῖς γε ἕτερ' ἂν εἴη ἀλλήλων, μὴ μετέχοντα [147a]τοῦ
ἐτέρου.

πῶς γάρ;

εἰ δὲ μήτε αὐτοῖς ἕτερά ἐστι μήτε τῷ ἐτέρῳ, οὐ πάντῃ ἤδη ἂν

ἐκφεύγοι τὸ μὴ ἕτερα εἶναι ἀλλήλων;

ἐκφεύγοι.

ἀλλὰ μὴν οὐδὲ τοῦ ἐνός γε μετέχει τὰ μὴ ἓν: οὐ γὰρ ἂν μὴ ἓν ἦν, ἀλλὰ πῃ ἂν ἓν ἦν.

ἀληθῆ.

οὐδ' ἂν ἀριθμὸς εἴη ἄρα τὰ μὴ ἓν: οὐδὲ γὰρ ἂν οὕτω μὴ ἓν ἦν παντάπασιν, ἀριθμὸν γε ἔχοντα.

οὐ γὰρ οὖν.

τί δέ; τὰ μὴ ἓν τοῦ ἐνός ἄρα μόρια ἐστίν; ἢ καὶν οὕτω μετεῖχε τοῦ ἐνός τὰ μὴ ἓν;

μετεῖχεν.

εἰ ἄρα πάντη τὸ μὲν ἓν ἐστι, [147b]τὰ δὲ μὴ ἓν, οὐτ' ἂν μόριον τῶν μὴ ἓν τὸ ἓν εἴη οὔτε ὅλον ὡς μορίων: οὔτε αὖ τὰ μὴ ἓν τοῦ ἐνός μόρια, οὔτε ὅλα ὡς μορίῳ τῷ ἐνί.

οὐ γάρ.

ἀλλὰ μὴν ἔφαμεν τὰ μήτε μόρια μήτε ὅλα μήτε ἕτερα ἀλλήλων ταυτὰ ἔσεσθαι ἀλλήλοις.

ἔφαμεν γάρ.

φῶμεν ἄρα καὶ τὸ ἓν πρὸς τὰ μὴ ἓν οὕτως ἔχον τὸ αὐτὸ εἶναι αὐτοῖς;

φῶμεν.

τὸ ἓν ἄρα, ὡς ἔοικεν, ἕτερόν τε τῶν ἄλλων ἐστὶν καὶ ἑαυτοῦ καὶ ταυτὸν ἐκείνοις τε καὶ ἑαυτῷ.

κινδυνεύει φαίνεσθαι ἐκ γε τοῦ λόγου. [147c]

ἄρ' οὖν καὶ ὁμοίον τε καὶ ἀνόμοιον ἑαυτῷ τε καὶ τοῖς ἄλλοις;

ἴσως.

ἐπειδὴ γοῦν ἕτερον τῶν ἄλλων ἐφάνη, καὶ τᾶλλα που ἕτερα ἂν ἐκείνου εἴη.

τί μήν;

οὐκοῦν οὕτως ἕτερον τῶν ἄλλων, ὥσπερ καὶ τᾶλλα ἐκείνου, καὶ οὔτε μᾶλλον οὔτε ἥττον;

τί γὰρ ἄν;

εἰ ἄρα μήτε μᾶλλον μήτε ἥττον, ὁμοίως.

ναί.

οὐκοῦν ἢ ἕτερον εἶναι πέπονθεν τῶν ἄλλων καὶ τᾶλλα ἐκείνου ὡσαύτως, ταύτη ταυτόν ἂν πεπονθότα εἶεν τό τε ἐν τοῖς ἄλλοις καὶ τᾶλλα τῷ ἐνί.

[147d] πῶς λέγεις;

ὧδε: ἕκαστον τῶν ὀνομάτων οὐκ ἐπὶ τινι καλεῖς;

ἔγωγε.

τί οὖν; τὸ αὐτὸ ὄνομα εἴποις ἂν πλεονάκεις ἢ ἅπαξ;

ἔγωγε.

πότερον οὖν ἐὰν μὲν ἅπαξ εἴπῃς, ἐκεῖνο προσαγορεύεις οὐπὲρ ἐστὶ τοῦνομα, ἐὰν δὲ πολλάκις, οὐκ ἐκεῖνο; ἢ ἐάντε ἅπαξ ἐάντε πολλάκις ταυτόν ὄνομα φθέγγῃ, πολλὴ ἀνάγκη σε ταυτόν καὶ λέγειν ἀεὶ;

τί μήν;

οὐκοῦν καὶ τὸ ἕτερον ὀνομά ἐστιν ἐπὶ τινι;

πάνυ γε.

[147e] ὅταν ἄρα αὐτὸ φθέγγῃ, ἐάντε ἅπαξ ἐάντε πολλάκις, οὐκ ἐπ' ἄλλῳ οὐδὲ ἄλλο τι ὀνομάζεις ἢ ἐκεῖνο οὐπὲρ ἦν ὄνομα.

ἀνάγκη.

ὅταν δὴ λέγωμεν ὅτι ἕτερον μὲν τᾶλλα τοῦ ἐνός, ἕτερον δὲ τὸ ἐν τῶν ἄλλων, δις τὸ ἕτερον εἰπόντες οὐδέν τι μᾶλλον ἐπ' ἄλλῃ, ἀλλ' ἐπ' ἐκείνῃ τῇ φύσει αὐτὸ ἀεὶ λέγομεν ἥσπερ ἦν τοῦνομα.

πάνυ μὲν οὖν.

ἥι ἄρα ἕτερον τῶν [148a] ἄλλων τὸ ἐν καὶ τᾶλλα τοῦ ἐνός, κατ' αὐτὸ τὸ ἕτερον πεπονθέναι οὐκ ἄλλο ἀλλὰ τὸ αὐτὸ ἂν πεπονθὸς εἴη τὸ ἐν τοῖς ἄλλοις: τὸ δέ που ταῦτὸν πεπονθὸς ὅμοιον: οὐχί;

ναί.

ἥι δὴ τὸ ἐν ἕτερον τῶν ἄλλων πέπονθεν εἶναι, κατ' αὐτὸ τοῦτο ἅπαν ἅπασιν ὅμοιον ἂν εἴη: ἅπαν γὰρ ἀπάντων ἕτερόν ἐστιν.

ἔοικεν.

ἀλλὰ μὴν τό γε ὅμοιον τῷ ἀνομοίῳ ἐναντίον.

ναί.

οὐκοῦν καὶ τὸ ἕτερον τῷ ταύτῳ.

καὶ τοῦτο.

ἀλλὰ μὴν καὶ τοῦτό γ' ἐφάνη, ὥς ἄρα τὸ ἐν τοῖς [148b] ἄλλοις ταῦτόν.

ἐφάνη γάρ.

τοῦναντίον δέ γε πάθος ἐστὶ τὸ εἶναι ταῦτὸν τοῖς ἄλλοις τῷ ἕτερον εἶναι τῶν ἄλλων.

πάνυ γε.

ἥι γε μὴν ἕτερον, ὅμοιον ἐφάνη.

ναί.

ἥι ἄρα ταῦτόν, ἀνόμοιον ἔσται κατὰ τοῦναντίον πάθος τῷ ὁμοιοῦντι πάθει. ὁμοίου δέ που τὸ ἕτερον;

ναί.

ἀνομιώσει ἄρα τὸ ταυτόν, ἢ οὐκ ἐναντίον ἔσται τῷ ἐτέρῳ.

[148c] ἔοικεν.

ὅμοιον ἄρα καὶ ἀνόμοιον ἔσται τὸ ἐν τοῖς ἄλλοις, ἢ μὲν ἕτερον, ὅμοιον, ἢ δὲ ταυτόν, ἀνόμοιον.

ἔχει γὰρ οὖν δῆ, ὡς ἔοικεν, καὶ τοιοῦτον λόγον.

καὶ γὰρ τόνδε ἔχει.

τίνα;

ἢι ταυτόν πέπονθε, μὴ ἀλλοῖον πεπονθέναι, μὴ ἀλλοῖον δὲ πεπονθὸς μὴ ἀνόμοιον, μὴ ἀνόμοιον δὲ ὅμοιον εἶναι: ἢ δ' ἄλλο πέπονθεν, ἀλλοῖον, ἀλλοῖον δὲ ὃν ἀνόμοιον εἶναι.

ἀληθῆ λέγεις.

ταυτόν τε ἄρα ὃν τὸ ἐν τοῖς ἄλλοις καὶ ὅτι ἕτερόν ἐστι, κατ' ἀμφοτέρα καὶ κατὰ ἐκάτερον, ὅμοιον [148d]τε ἂν εἴη καὶ ἀνόμοιον τοῖς ἄλλοις.

πάνυ γε.

οὐκοῦν καὶ ἑαυτῷ ὡσαύτως, ἐπείπερ ἕτερόν τε ἑαυτοῦ καὶ ταυτόν ἑαυτῷ ἐφάνη, κατ' ἀμφοτέρα καὶ κατὰ ἐκάτερον ὅμοιον τε καὶ ἀνόμοιον φανήσεται;

ἀνάγκη.

τί δὲ δῆ; περὶ τοῦ ἅπτεσθαι τὸ ἐν αὐτοῦ καὶ τῶν ἄλλων καὶ τοῦ μὴ ἅπτεσθαι πέρι πῶς ἔχει, σκόπει.

σκοπῶ.

αὐτὸ γὰρ που ἐν ἑαυτῷ ὅλῳ τὸ ἐν ἐφάνη ὃν.

ὀρθῶς.

οὐκοῦν καὶ ἐν τοῖς ἄλλοις τὸ ἕν;

ναί.

ἦι μὲν ἄρα ἐν τοῖς ἄλλοις, [148e]τῶν ἄλλων ἄπτοιτο ἄν: ἥ δὲ αὐτὸ ἐν ἑαυτῷ, τῶν μὲν ἄλλων ἀπείργοιτο ἄπτεσθαι, αὐτὸ δὲ αὐτοῦ ἄπτοιτο ἄν ἐν ἑαυτῷ ὄν.

φαίνεται.

οὕτω μὲν δὴ ἄπτοιτο ἄν τὸ ἐν αὐτοῦ τε καὶ τῶν ἄλλων.

ἄπτοιτο.

τί δὲ τῇδε; ἄρ' οὐ πᾶν τὸ μέλλον ἄψεσθαί τινος ἐφεξῆς δεῖ κεῖσθαι ἐκείνῳ οὗ μέλλει ἄπτεσθαι, ταύτην τὴν ἔδραν κατέχον ἢ ἄν μετ' ἐκείνην ἢ [ἔδρα] ἢ ἄν κέηται, ἄπτεται;

ἀνάγκη.

καὶ τὸ ἐν ἄρα εἰ μέλλει αὐτὸ αὐτοῦ ἄψεσθαι, ἐφεξῆς δεῖ εὐθὺς μετὰ ἑαυτὸ κεῖσθαι, τὴν ἐχομένην χώραν κατέχον ἐκείνης ἐν ἣ αὐτό ἐστιν.

δεῖ γὰρ οὖν.

οὐκοῦν δύο μὲν ὄν τὸ ἐν ποιήσειεν [149a]ἄν ταῦτα καὶ ἐν δυοῖν χώραιν ἅμα γένοιτο: ἕως δ' ἄν ἡ ἔν, οὐκ ἐθελήσῃ;

οὐ γὰρ οὖν.

ἢ αὐτὴ ἄρα ἀνάγκη τῷ ἐνὶ μῆτε δύο εἶναι μῆτε ἄπτεσθαι αὐτῷ αὐτοῦ.

ἢ αὐτή.

ἀλλ' οὐδὲ μὴν τῶν ἄλλων ἄψεται.

τί δῆ;

ὅτι, φαμέν, τὸ μέλλον ἄψεσθαι χωρὶς ὄν ἐφεξῆς δεῖ ἐκείνῳ εἶναι οὗ μέλλει ἄψεσθαι, τρίτον δὲ αὐτῶν ἐν μέσῳ μηδὲν εἶναι.

ἀληθῆ.

δύο ἄρα δεῖ τὸ ὀλίγιστον εἶναι, εἰ μέλλει ἅψις εἶναι.

δεῖ.

ἐὰν δὲ τοῖν δυοῖν ὅροιν τρίτον προσγένηται ἐξῆς, αὐτὰ [149b] μὲν τρία ἔσται, αἱ δὲ ἄψεις δύο.

ναί.

καὶ οὕτω δὴ αἰὲν ἐνὸς προσγιγνομένου μία καὶ ἄψις προσγίγνεται, καὶ συμβαίνει τὰς ἄψεις τοῦ πλήθους τῶν ἀριθμῶν μιᾷ ἐλάττους εἶναι. ὅ γὰρ τὰ πρῶτα δύο ἐπλεονέκτησεν τῶν ἄψεων εἰς τὸ πλείω εἶναι τὸν ἀριθμὸν ἢ τὰς ἄψεις, τῷ ἴσῳ τούτῳ καὶ ὁ ἔπειτα ἀριθμὸς πᾶς πασῶν τῶν ἄψεων πλεονεκτεῖ· ἥδη [149c] γὰρ τὸ λοιπὸν ἅμα ἐν τε τῷ ἀριθμῷ προσγίγνεται καὶ μία ἄψις ταῖς ἄψεσιν.

ὁρθῶς.

ὅσα ἄρα ἐστὶν τὰ ὄντα τὸν ἀριθμόν, αἰὲν μιᾷ αἱ ἄψεις ἐλάττους εἰσὶν αὐτῶν.

ἀληθῆ.

εἰ δέ γε ἐν μόνον ἐστίν, δυὰς δὲ μὴ ἔστιν, ἄψις οὐκ ἂν εἴη.

πῶς γάρ;

οὐκ οὖν, φαμέν, τὰ ἄλλα τοῦ ἐνὸς οὔτε ἐν ἐστὶν οὔτε μετέχει αὐτοῦ, εἴπερ ἄλλα ἐστίν.

οὐ γάρ.

οὐκ ἄρα ἐνεστὶν ἀριθμὸς ἐν τοῖς ἄλλοις, ἐνὸς μὴ ἐνόντος ἐν αὐτοῖς.

πῶς γάρ;

οὐτ' ἄρα ἐν ἐστὶ τὰ ἄλλα οὔτε δύο οὔτε [149d] ἄλλου ἀριθμοῦ ἔχοντα ὄνομα οὐδέν.

οὐ.

τὸ ἐν ἄρα μόνον ἐστὶν ἐν, καὶ δυὰς οὐκ ἂν εἴη.

οὐ φαίνεται.

ἄψις ἄρα οὐκ ἔστιν δυοῖν μὴ ὄντων.

οὐκ ἔστιν.

οὐτ' ἄρα τὸ ἐν τῶν ἄλλων ἄπτεται οὔτε τὰ ἄλλα τοῦ ἐνός, ἐπείπερ ἄψις οὐκ ἔστιν.

οὐ γὰρ οὖν.

οὕτω δὴ κατὰ πάντα ταῦτα τὸ ἐν τῶν τε ἄλλων καὶ ἑαυτοῦ ἄπτεται τε καὶ οὐχ ἄπτεται.

ἔοικεν.

ἄρ' οὖν καὶ ἴσον ἐστὶ καὶ ἄνισον αὐτῷ τε καὶ τοῖς ἄλλοις;

πῶς;

εἰ μείζον εἶη τὸ ἐν ἢ τᾶλλα ἢ ἔλαττον, [149e]ἢ αὖ τὰ ἄλλα τοῦ ἐνός μείζω ἢ ἐλάττω, ἄρα οὐκ ἂν τῷ μὲν ἐν εἶναι τὸ ἐν καὶ τᾶλλα ἄλλα τοῦ ἐνός οὔτε τι μείζω οὔτε τι ἐλάττω ἂν εἶη ἀλλήλων αὐταῖς γε ταύταις ταῖς οὐσίαις; ἀλλ' εἰ μὲν πρὸς τῷ τοιαῦτα εἶναι ἐκάτερα ἰσότητα ἔχοιεν, ἴσα ἂν εἶη πρὸς ἀλλήλα: εἰ δὲ τὰ μὲν μέγεθος, τὸ δὲ σμικρότητα, ἢ καὶ μέγεθος μὲν τὸ ἐν, σμικρότητα δὲ τᾶλλα, ὁποτέρῳ μὲν τῷ εἶδει μέγεθος προσείη, μείζον ἂν εἶη, ὃ δὲ σμικρότης, ἔλαττον;

ἀνάγκη.

οὐκοῦν ἐστόν γε τινε τούτῳ εἶδη, τό τε μέγεθος καὶ ἡ σμικρότης; οὐ γὰρ ἂν που μὴ ὄντε γε ἐναντίῳ τε ἀλλήλοιν εἶτην καὶ ἐν τοῖς [150a]οὔσιν ἐγγιγνοίσθην.

πῶς γὰρ ἄν;

εἰ ἄρα ἐν τῷ ἐνὶ σμικρότης ἐγγίγνεται, ἦτοι ἐν ὅλῳ ἂν ἢ ἐν μέρει αὐτοῦ ἐνείη.

ἀνάγκη.

τί δ' εἰ ἐν ὅλῳ ἐγγίγνοιτο; οὐχὶ ἢ ἐξ ἴσου ἂν τῷ ἐνὶ δι' ὅλου αὐτοῦ τεταμένη εἶη ἢ περιέχουσα αὐτό;

δῆλον δὴ.

ἄρ' οὖν οὐκ ἐξ ἴσου μὲν οὕσα ἡ σμικρότης τῷ ἐνὶ ἴσῃ ἂν αὐτῷ εἴη, περιέχουσα δὲ μείζων;

πῶς δ' οὔ;

δυνατὸν οὖν σμικρότητα ἴσην τῷ εἶναι ἢ μείζω τινός, καὶ πράττειν τὰ μεγέθους τε καὶ ἰσότητος, ἀλλὰ [150b] μὴ τὰ ἐαυτῆς;

ἀδύνατον.

ἐν μὲν ὅλῳ ἄρα τῷ ἐνὶ οὐκ ἂν εἴη σμικρότης, ἀλλ' εἴπερ, ἐν μέρει.

ναί.

οὐδέ γε ἐν παντὶ αὖ τῷ μέρει: εἰ δὲ μή, ταῦτα ποιήσει ἅπερ πρὸς τὸ ὅλον: ἴση ἔσται ἢ μείζων τοῦ μέρους ἐν ᾧ ἂν ἀεὶ ἐνῇ.

ἀνάγκη.

οὐδενὶ ποτε ἄρα ἐνέσται τῶν ὄντων σμικρότης, μήτ' ἐν μέρει μήτ' ἐν ὅλῳ ἐγγιγνομένη: οὐδέ τι ἔσται σμικρὸν πλὴν αὐτῆς σμικρότητος.

οὐκ ἔοικεν.

οὐδ' ἄρα μέγεθος ἐνέσται ἐν αὐτῷ: μείζων γὰρ ἂν τι εἴη ἄλλο καὶ [150c] πλὴν αὐτοῦ μεγέθους, ἐκεῖνο ἐν ᾧ τὸ μέγεθος ἐνεῖη, καὶ ταῦτα σμικροῦ αὐτῷ οὐκ ὄντος, οὗ ἀνάγκη ὑπερέχειν, εἴανπερ ἦ μέγα: τοῦτο δὲ ἀδύνατον, ἐπειδὴ σμικρότης οὐδαμοῦ ἐνι.

ἀληθῆ.

ἀλλὰ μὴν αὐτὸ μέγεθος οὐκ ἄλλου μείζων ἢ αὐτῆς σμικρότητος, οὐδὲ σμικρότης ἄλλου ἔλαττον ἢ αὐτοῦ μεγέθους.

οὐ γάρ.

οὔτε ἄρα τὰ ἄλλα μείζω τοῦ ἐνὸς οὐδὲ ἐλάττω, μήτε μέγεθος μήτε σμικρότητα ἔχοντα, οὔτε [150d] αὐτῷ τούτῳ πρὸς τὸ ἐν ἔχετον τὴν δύναμιν τὴν τοῦ ὑπερέχειν καὶ ὑπερέχεσθαι, ἀλλὰ πρὸς ἀλλήλῳ, οὔτε αὖ τὸ ἐν τούτοις οὐδὲ τῶν ἄλλων μείζων ἂν οὐδ' ἔλαττον εἴη, μήτε μέγεθος μήτε σμικρότητα ἔχον.

οὐκουν φαίνεται γε.

ἄρ' οὖν, εἰ μήτε μείζον μήτε ἔλαττον τὸ ἐν τῶν ἄλλων, ἀνάγκη αὐτὸ ἐκείνων μήτε ὑπερέχειν μήτε ὑπερέχεσθαι;

ἀνάγκη.

οὐκοῦν τό γε μήτε ὑπερέχον μήτε ὑπερεχόμενον πολλῇ ἀνάγκη ἐξ ἴσου εἶναι, ἐξ ἴσου δὲ ὄν ἴσον εἶναι.

πῶς γὰρ [150e]οὔ;

καὶ μὴν καὶ αὐτό γε τὸ ἐν πρὸς ἑαυτὸ οὕτως ἂν ἔχοι: μήτε μέγεθος ἐν ἑαυτῷ μήτε σμικρότητα ἔχον οὔτ' ἂν ὑπερέχοιτο οὔτ' ἂν ὑπερέχοι ἑαυτοῦ, ἀλλ' ἐξ ἴσου ὄν ἴσον ἂν εἴη ἑαυτῷ.

πάνυ μὲν οὖν.

τὸ ἐν ἄρα ἑαυτῷ τε καὶ τοῖς ἄλλοις ἴσον ἂν εἴη.

φαίνεται.

καὶ μὴν αὐτό γε ἐν ἑαυτῷ ὄν καὶ περὶ ἑαυτὸ ἂν εἴη ἔξωθεν, καὶ περιέχον μὲν μείζον [151a]ἂν ἑαυτοῦ εἴη, περιεχόμενον δὲ ἔλαττον, καὶ οὕτω μείζον ἂν καὶ ἔλαττον εἴη αὐτὸ ἑαυτοῦ τὸ ἐν.

εἴη γὰρ ἂν.

οὐκοῦν καὶ τόδε ἀνάγκη, μηδὲν εἶναι ἐκτὸς τοῦ ἐνός τε καὶ τῶν ἄλλων;

πῶς γὰρ οὔ;

ἀλλὰ μὴν καὶ εἶναί που δεῖ τό γε ὄν ἀεί.

ναί.

οὐκοῦν τό γε ἐν τῷ ὄν ἐν μείζονι ἔσται ἔλαττον ὄν; οὐ γὰρ ἂν ἄλλως ἕτερον ἐν ἐτέρῳ εἴη.

οὐ γάρ.

ἐπειδὴ δὲ οὐδὲν ἕτερον ἔστι χωρὶς τῶν ἄλλων καὶ τοῦ ἐνός, δεῖ δὲ

αὐτὰ ἐν τῷ εἶναι, οὐκ ἀνάγκη ἤδη ἐν ἀλλήλοις εἶναι, τὰ τε ἄλλα ἐν τῷ ἐνὶ καὶ τὸ ἐν ἐν τοῖς ἄλλοις, [151b]ῇ μηδαμοῦ εἶναι;

φαίνεται.

ὅτι μὲν ἄρα τὸ ἐν ἐν τοῖς ἄλλοις ἔνεστι, μείζω ἂν εἴη τὰ ἄλλα τοῦ ἐνός, περιέχοντα αὐτό, τὸ δὲ ἐν ἔλαττον τῶν ἄλλων, περιεχόμενον: ὅτι δὲ τὰ ἄλλα ἐν τῷ ἐνί, τὸ ἐν τῶν ἄλλων κατὰ τὸν αὐτὸν λόγον μείζον ἂν εἴη, τὰ δὲ ἄλλα τοῦ ἐνός ἐλάττω.

ἔοικεν.

τὸ ἐν ἄρα ἴσον τε καὶ μείζον καὶ ἔλαττόν ἐστιν αὐτό τε αὐτοῦ καὶ τῶν ἄλλων.

φαίνεται.

καὶ μὴν εἶπερ μείζον καὶ ἔλαττον καὶ ἴσον, ἴσων ἂν εἴη μέτρων καὶ πλειόνων καὶ ἐλαττόνων [151c] αὐτῷ καὶ τοῖς ἄλλοις, ἐπειδὴ δὲ μέτρων, καὶ μερῶν.

πῶς δ' οὐ;

ἴσων μὲν ἄρα μέτρων ὄν καὶ πλειόνων καὶ ἐλαττόνων, καὶ ἀριθμῷ ἔλαττον ἂν καὶ πλέον εἴη αὐτό τε αὐτοῦ καὶ τῶν ἄλλων καὶ ἴσον αὐτῷ τε καὶ τοῖς ἄλλοις κατὰ ταυτά.

πῶς;

ὥνπερ μείζον ἐστι, πλειόνων που καὶ μέτρων ἂν εἴη αὐτῶν, ὅσων δὲ μέτρων, καὶ μερῶν: καὶ ὥν ἔλαττον, ὡσαύτως: καὶ οἷς ἴσον, κατὰ ταυτά.

οὕτως.

οὐκοῦν ἑαυτοῦ μείζον καὶ ἔλαττον ὄν καὶ ἴσον ἴσων ἂν εἴη [151d]μέτρων καὶ πλειόνων καὶ ἐλαττόνων αὐτῷ, ἐπειδὴ δὲ μέτρων, καὶ μερῶν;

πῶς δ' οὐ;

ἴσων μὲν ἄρα μερῶν ὄν αὐτῷ ἴσον ἂν τὸ πλῆθος αὐτῷ εἴη, πλειόνων

δὲ πλεον, ἐλαττόνων δὲ ἔλαττον τὸν ἀριθμὸν αὐτοῦ.

φαίνεται.

οὐκοῦν καὶ πρὸς τᾶλλα ὡσαύτως ἔξει τὸ ἓν; ὅτι μὲν μεῖζον αὐτῶν φαίνεται, ἀνάγκη πλεον εἶναι καὶ τὸν ἀριθμὸν αὐτῶν: ὅτι δὲ σμικρότερον, ἔλαττον: ὅτι δὲ ἴσον μεγέθει, ἴσον καὶ τὸ πλῆθος εἶναι τοῖς ἄλλοις;

ἀνάγκη.

οὕτω δὴ αὖ, ὥς [151e]ἔοικε, τὸ ἓν καὶ ἴσον καὶ πλεον καὶ ἔλαττον τὸν ἀριθμὸν αὐτό τε αὐτοῦ ἔσται καὶ τῶν ἄλλων.

ἔσται.

ἄρ' οὖν καὶ χρόνου μετέχει τὸ ἓν, καὶ ἐστὶ τε καὶ γίγνεται νεώτερόν τε καὶ πρεσβύτερον αὐτό τε ἑαυτοῦ καὶ τῶν ἄλλων, καὶ οὔτε νεώτερον οὔτε πρεσβύτερον οὔτε ἑαυτοῦ οὔτε τῶν ἄλλων, χρόνου μετέχον;

πῶς;

εἶναι μὲν πού αὐτῷ ὑπάρχει, εἴπερ ἓν ἔστιν.

ναί.

τὸ δὲ εἶναι ἄλλο τί ἐστίν ἢ μέθεξις οὐσίας μετὰ χρόνου τοῦ παρόντος, ὥσπερ [152a]τὸ ἦν μετὰ τοῦ παρεληλυθότος καὶ αὖ τὸ ἔσται μετὰ τοῦ μέλλοντος οὐσίας ἐστὶ κοινωνία;

ἔστι γάρ.

μετέχει μὲν ἄρα χρόνου, εἴπερ καὶ τοῦ εἶναι.

πάνυ γε.

οὐκοῦν πορευομένου τοῦ χρόνου;

ναί.

ἀεὶ ἄρα πρεσβύτερον γίγνεται ἑαυτοῦ, εἴπερ προέρχεται κατὰ χρόνον.

ἀνάγκη.

ἄρ' οὖν μεμνήμεθα ὅτι νεωτέρου γιγνομένου τὸ πρεσβύτερον πρεσβύτερον γίγνεται;

μεμνήμεθα.

οὐκοῦν ἐπειδὴ πρεσβύτερον ἑαυτοῦ γίγνεται τὸ ἔν, νεωτέρου ἂν γιγνομένου ἑαυτοῦ πρεσβύτερον [152b]γίγνοιτο;

ἀνάγκη.

γίγνεται μὲν δὴ νεώτερόν τε καὶ πρεσβύτερον αὐτοῦ οὕτω.

ναί.

ἔστι δὲ πρεσβύτερον ἄρ' οὐχ ὅταν κατὰ τὸν νῦν χρόνον ἢ γιγνόμενον τὸν μεταξὺ τοῦ ἦν τε καὶ ἔσται; οὐ γάρ που πορευόμενόν γε ἐκ τοῦ ποτὲ εἰς τὸ ἔπειτα ὑπερβήσεται τὸ νῦν.

οὐ γάρ.

ἄρ' οὖν οὐκ ἐπίσχει τότε τοῦ γίγνεσθαι πρεσβύτερον, ἐπειδὴν [152c] τῷ νῦν ἐντύχη, καὶ οὐ γίγνεται, ἀλλ' ἔστι τότε ἤδη πρεσβύτερον; προῖον γὰρ οὐκ ἂν ποτε ληφθεῖν ὑπὸ τοῦ νῦν. τὸ γὰρ προῖον οὕτως ἔχει ὥς ἀμφοτέρων ἐφάπτεσθαι, τοῦ τε νῦν καὶ τοῦ ἔπειτα, τοῦ μὲν νῦν ἀφιέμενον, τοῦ δ' ἔπειτα ἐπιλαμβανόμενον, μεταξὺ ἀμφοτέρων γιγνόμενον, τοῦ τε ἔπειτα καὶ τοῦ νῦν.

ἀληθῆ.

εἰ δέ γε ἀνάγκη μὴ παρελθεῖν τὸ νῦν πᾶν τὸ γιγνόμενον, ἐπειδὴν κατὰ τοῦτο ἦ, [152d]ἐπίσχει ἀεὶ τοῦ γίγνεσθαι καὶ ἔστι τότε τοῦτο ὅτι ἂν τύχη γιγνόμενον.

φαίνεται.

καὶ τὸ ἔν ἄρα, ὅταν πρεσβύτερον γιγνόμενον ἐντύχη τῷ νῦν, ἐπέσχευ τοῦ γίγνεσθαι καὶ ἔστι τότε πρεσβύτερον.

πάνυ μὲν οὖν.

οὐκοῦν οὐ̣περ ἐγίγνετο πρεσβύτερον, τούτου καὶ ἔστιν· ἐγίγνετο δὲ αὐτοῦ;

ναί.

ἔστι δὲ τὸ πρεσβύτερον νεωτέρου πρεσβύτερον;

ἔστιν.

καὶ νεώτερον ἄρα τότε αὐτοῦ ἐστὶ τὸ ἓν, ὅταν πρεσβύτερον γιγνόμενον ἐντύχη τῷ νῦν.

ἀνάγκη.

τό γε μὴν [152e]νῦν ἀεὶ πάρεστι τῷ ἐνὶ διὰ παντὸς τοῦ εἶναι· ἔστι γὰρ ἀεὶ νῦν ὅτανπερ ἦ.

πῶς γὰρ οὐ̣;

ἀεὶ ἄρα ἐστὶ τε καὶ γίγνεται πρεσβύτερον ἑαυτοῦ καὶ νεώτερον τὸ ἓν.

ἔοικεν.

πλείω δὲ χρόνον αὐτὸ ἑαυτοῦ ἔστιν ἢ γίγνεται, ἢ τὸν ἴσον;

τὸν ἴσον.

ἀλλὰ μὴν τὸν γε ἴσον χρόνον ἢ γιγνόμενον ἢ ὄν τὴν αὐτὴν ἡλικίαν ἔχει.

πῶς δ' οὐ̣;

τὸ δὲ τὴν αὐτὴν ἡλικίαν ἔχον οὔτε πρεσβύτερον οὔτε νεωτερόν ἐστιν.

οὐ γάρ.

τὸ ἓν ἄρα τὸν ἴσον χρόνον αὐτὸ ἑαυτῷ καὶ γιγνόμενον καὶ ὄν οὔτε νεώτερον οὔτε πρεσβύτερον ἑαυτοῦ ἐστὶν οὐδὲ γίγνεται.

οὐ μοι δοκεῖ.

τί δέ; τῶν ἄλλων;

οὐκ ἔχω λέγειν. [153a]

τόδε γε μὴν ἔχεις λέγειν, ὅτι τὰ ἄλλα τοῦ ἐνός, εἴπερ ἑτερά ἐστιν, ἀλλὰ μὴ ἕτερον, πλείω ἐστὶν ἐνός: ἕτερον μὲν γὰρ ὃν ἐν ἅν ἦν, ἕτερα δὲ ὄντα πλείω ἐνός ἐστι καὶ πλῆθος ἅν ἔχοι.

ἔχοι γὰρ ἅν.

πλῆθος δὲ ὃν ἀριθμοῦ πλείονος ἅν μετέχοι ἢ τοῦ ἐνός.

πῶς δ' οὐ;

τί οὖν; ἀριθμοῦ φήσομεν τὰ πλείω γίνεσθαι τε καὶ γεγονέναι πρότερον, ἢ τὰ ἐλάττω;

τὰ ἐλάττω.

τὸ ὀλίγιστον ἄρα πρῶτον: τοῦτο [153b]δ' ἐστὶ τὸ ἐν. ἢ γάρ;

ναί.

πάντων ἄρα τὸ ἐν πρῶτον γέγονε τῶν ἀριθμὸν ἐχόντων: ἔχει δὲ καὶ τᾶλλα πάντα ἀριθμόν, εἴπερ ἄλλα καὶ μὴ ἄλλο ἐστίν.

ἔχει γάρ.

πρῶτον δέ γε οἶμαι γεγονὸς πρότερον γέγονε, τὰ δὲ ἄλλα ὕστερον, τὰ δ' ὕστερον γεγονότα νεώτερα τοῦ πρότερον γεγονότος: καὶ οὕτως ἅν εἴη τᾶλλα νεώτερα τοῦ ἐνός, τὸ δὲ ἐν πρεσβύτερον τῶν ἄλλων.

εἴη γὰρ ἅν.

τί δὲ τόδε; ἄρ' ἅν εἴη τὸ ἐν παρὰ φύσιν τὴν αὐτοῦ [153c] γεγονός, ἢ ἀδύνατον;

ἀδύνατον.

ἀλλὰ μὴν μέρη γε ἔχον ἐφάνη τὸ ἐν, εἰ δὲ μέρη, καὶ ἀρχὴν καὶ τελευτὴν καὶ μέσον.

ναί.

οὐκοῦν πάντων πρῶτον ἀρχὴ γίγνεται, καὶ αὐτοῦ τοῦ ἐνός καὶ

ἐκάστου τῶν ἄλλων, καὶ μετὰ τὴν ἀρχὴν καὶ τᾶλλα πάντα μέχρι τοῦ τέλους; τί μήν;

καὶ μὴν μόριά γε φήσομεν ταῦτ' εἶναι πάντα τᾶλλα τοῦ ὅλου τε καὶ ἐνός, αὐτὸ δὲ ἐκεῖνο ἅμα τῇ τελευτῇ γεγονέναι ἓν τε καὶ ὅλον.

φήσομεν γάρ.

τελευτὴ δέ γε οἶμαι ὕστατον γίγνεται, τούτῳ [153d]δ' ἅμα τὸ ἐν πέφυκε γίνεσθαι: ὥστ' εἴπερ ἀνάγκη αὐτὸ τὸ ἐν μὴ παρὰ φύσιν γίνεσθαι, ἅμα τελευτῇ ἂν γεγονὸς ὕστατον ἂν τῶν ἄλλων πεφυκὸς εἴη γίνεσθαι.

φαίνεται.

νεώτερον ἄρα τῶν ἄλλων τὸ ἓν ἐστί, τὰ δ' ἄλλα τοῦ ἐνός πρεσβύτερα.

οὕτως αὖ μοι φαίνεται.

τί δὲ δῆ; ἀρχὴν ἢ ἄλλο μέρος ὅτιοῦν τοῦ ἐνός ἢ ἄλλου ὅτουοῦν, ἐάνπερ μέρος ἢ ἄλλὰ μὴ μέρη, οὐκ ἀναγκαῖον ἓν εἶναι, μέρος γε ὄν;

ἀνάγκη.

οὐκοῦν τὸ ἐν ἅμα τε τῷ πρώτῳ γιγνομένῳ γίγνοιτ' ἂν καὶ [153e]ἅμα τῷ δευτέρῳ, καὶ οὐδενὸς ἀπολείπεται τῶν ἄλλων γιγνομένων, ὅτιπερ ἂν προσγίγνηται ὁταροῦν, ἕως ἂν πρὸς τὸ ἐσχατὸν διελθὼν ὅλον ἐν γένηται, οὔτε μέσου οὔτε πρώτου οὔτε ἐσχάτου οὔτε ἄλλου οὐδενὸς ἀπολείφθην ἐν τῇ γενέσει.

ἀληθῆ.

πᾶσιν ἄρα τοῖς ἄλλοις τὴν αὐτὴν ἡλικίαν ἴσχει τὸ ἓν: ὥστ' εἰ μὴ παρὰ φύσιν πέφυκεν αὐτὸ τὸ ἓν, οὔτε πρότερον οὔτε ὕστερον τῶν ἄλλων γεγονὸς ἂν εἴη, ἀλλ' ἅμα. [154a]καὶ κατὰ τοῦτον τὸν λόγον τὸ ἐν τῶν ἄλλων οὔτε πρεσβύτερον οὔτε νεώτερον ἂν εἴη, οὐδὲ τᾶλλα τοῦ ἐνός: κατὰ δὲ τὸν πρόσθεν πρεσβυτερόν τε καὶ νεώτερον, καὶ τᾶλλα ἐκείνου ὡσαύτως.

πάνυ μὲν οὖν.

ἔστι μὲν δὴ οὕτως ἔχον τε καὶ γεγονός. ἀλλὰ τί αὖ περὶ τοῦ γίγνεσθαι αὐτὸ πρεσβύτερόν τε καὶ νεώτερον τῶν ἄλλων καὶ τᾶλλα τοῦ ἐνός, καὶ μήτε νεώτερον μήτε πρεσβύτερον γίγνεσθαι; ἄρα ὥσπερ περὶ τοῦ εἶναι, οὕτω καὶ περὶ τοῦ γίγνεσθαι ἔχει, ἢ ἐτέρως;

οὐκ [154b]ἔχω λέγειν.

ἀλλ' ἐγὼ τοσόνδε γε: εἰ καὶ ἔστιν πρεσβύτερον ἕτερον ἐτέρου, γίγνεσθαι γε αὐτὸ πρεσβύτερον ἔτι ἢ ὥς τὸ πρῶτον εὐθύς γενόμενον διήνεγκε τῇ ἡλικίᾳ οὐκ ἂν ἔτι δύναίτο, οὐδ' αὖ τὸ νεώτερον ὃν ἔτι νεώτερον γίγνεσθαι: ἀνίστοις γὰρ ἴσα προστιθέμενα, χρόνῳ τε καὶ ἄλλῳ ὁπωσοῦν, ἴσῳ ποιεῖ διαφέρειν ἀεὶ ὅσῳπερ ἂν τὸ πρῶτον διενέγκῃ.

πῶς γὰρ οὐ;

οὐκ ἄρα τό γε ὃν τοῦ [ἐνός] ὄντος γίγνεται [154c] ἂν ποτε πρεσβύτερον οὐδὲ νεώτερον, εἴπερ ἴσῳ διαφέρει ἀεὶ τὴν ἡλικίαν: ἀλλ' ἔστι καὶ γέγονε πρεσβύτερον, τὸ δὲ νεώτερον, γίγνεται δ' οὐ.

ἀληθῆ.

καὶ τὸ ἐν ἄρα ὃν τῶν ἄλλων ὄντων οὔτε πρεσβύτερόν ποτε οὔτε νεώτερον γίγνεται.

οὐ γὰρ οὖν.

ὅρα δὲ εἰ τῇδε πρεσβύτερα καὶ νεώτερα γίγνεται.

πῇ δὴ;

ἦι τό τε ἐν τῶν ἄλλων ἐφάνη πρεσβύτερον καὶ τᾶλλα τοῦ ἐνός.

τί οὖν;

ὅταν τὸ ἐν τῶν ἄλλων πρεσβύτερον ᾦ, πλείῳ που χρόνον γέγονεν ἢ τὰ [154d]ἄλλα.

ναί.

πάλιν δὴ σκόπει: ἐὰν πλέονι καὶ ἐλάττονι χρόνῳ προστιθῶμεν τὸν ἴσον χρόνον, ἄρα τῷ ἴσῳ μορίῳ διοίσει τὸ πλεόν τοῦ ἐλάττονος ἢ

σμικροτέρῳ;

σμικροτέρῳ.

οὐκ ἄρα ἔσται, ὅτιπερ τὸ πρῶτον ἦν πρὸς τᾶλλα ἡλικία διαφέρων τὸ ἓν, τοῦτο καὶ εἰς τὸ ἔπειτα, ἀλλὰ ἴσον λαμβάνον χρόνον τοῖς ἄλλοις ἔλαττον ἀεὶ τῇ ἡλικίᾳ διοίσει αὐτῶν ἢ πρότερον· ἢ οὐ;

ναί.

οὐκοῦν τό γε ἔλαττον διαφέρων [154e] ἡλικία πρὸς τι ἢ πρότερον νεώτερον γίγνοιτ' ἂν ἢ ἐν τῷ πρόσθεν πρὸς ἐκεῖνα πρὸς ᾧ ἦν πρεσβύτερον πρότερον;

νεώτερον.

εἰ δὲ ἐκεῖνο νεώτερον, οὐκ ἐκεῖνα αὖ τὰ ἄλλα πρὸς τὸ ἐν πρεσβύτερα ἢ πρότερον;

πάνυ γε.

τὸ μὲν νεώτερον ἄρα γεγονὸς πρεσβύτερον γίγνεται πρὸς τὸ πρότερον γεγονὸς τε καὶ πρεσβύτερον ὄν, ἔστι δὲ οὐδέποτε πρεσβύτερον, ἀλλὰ γίγνεται ἀεὶ ἐκείνου πρεσβύτερον· ἐκεῖνο μὲν γὰρ ἐπὶ τὸ νεώτερον ἐπιδίδωσιν, τὸ δ' ἐπὶ τὸ πρεσβύτερον. [155a] τὸ δ' αὖ πρεσβύτερον τοῦ νεωτέρου νεώτερον γίγνεται ὡσαύτως. ἰόντε γὰρ αὐτοῖν εἰς τὸ ἐναντίον τὸ ἐναντίον ἀλλήλοιν γίνεσθον, τὸ μὲν νεώτερον πρεσβύτερον τοῦ πρεσβυτέρου, τὸ δὲ πρεσβύτερον νεώτερον τοῦ νεωτέρου· γενέσθαι δὲ οὐκ ἂν οἶω τε εἴτην. εἰ γὰρ γένοιτο, οὐκ ἂν ἔτι γίγνοιτο, ἀλλ' εἶεν ἄν. νῦν δὲ γίνονται μὲν πρεσβύτερα ἀλλήλων καὶ νεώτερα· τὸ μὲν ἐν τῶν ἄλλων νεώτερον γίγνεται, ὅτι πρεσβύτερον ἐφάνη ὄν καὶ πρότερον [155b] γεγονός, τὰ δὲ ἄλλα τοῦ ἐνὸς πρεσβύτερα, ὅτι ὕστερα γέγονε. κατὰ δὲ τὸν αὐτὸν λόγον καὶ τᾶλλα οὕτω πρὸς τὸ ἐν ἴσχει, ἐπειδήπερ αὐτοῦ πρεσβύτερα ἐφάνη καὶ πρότερα γεγονότα. φαίνεται γὰρ οὖν οὕτως.

οὐκοῦν ἢ μὲν οὐδὲν ἕτερον ἐτέρου πρεσβύτερον γίγνεται οὐδὲ νεώτερον, κατὰ τὸ ἴσῳ ἀριθμῷ ἀλλήλων ἀεὶ διαφέρειν, οὔτε τὸ ἐν τῶν ἄλλων πρεσβύτερον γίγνοιτ' ἂν οὐδὲ νεώτερον, οὔτε τᾶλλα τοῦ ἐνός· ἢ δὲ ἄλλῳ ἀεὶ μορίῳ διαφέρειν ἀνάγκη [155c] τὰ πρότερα τῶν

υστέρων γενόμενα καὶ τὰ ὕστερα τῶν προτέρων, ταύτη δὴ ἀνάγκη
πρεσβύτερά τε καὶ νεώτερα ἀλλήλων γίνεσθαι τὰ τε ἄλλα τοῦ ἐνὸς
καὶ τὸ ἐν τῶν ἄλλων;

πάνυ μὲν οὖν.

κατὰ δὴ πάντα ταῦτα τὸ ἐν αὐτό τε αὐτοῦ καὶ τῶν ἄλλων
πρεσβύτερον καὶ νεώτερον ἔστι τε καὶ γίγνεται, καὶ οὔτε
πρεσβύτερον οὔτε νεώτερον οὐτ' ἔστιν οὔτε γίγνεται οὔτε αὐτοῦ
οὔτε τῶν ἄλλων.

παντελῶς μὲν οὖν.

ἐπειδὴ δὲ χρόνου μετέχει τὸ ἐν καὶ τοῦ [155d]πρεσβύτερόν τε καὶ
νεώτερον γίνεσθαι, ἄρ' οὐκ ἀνάγκη καὶ τοῦ ποτὲ μετέχειν καὶ τοῦ
ἔπειτα καὶ τοῦ νῦν, εἴπερ χρόνου μετέχει;

ἀνάγκη.

ἦν ἄρα τὸ ἐν καὶ ἔστι καὶ ἔσται καὶ ἐγίγνετο καὶ γίγνεται καὶ
γενήσεται.

τί μὴν;

καὶ εἴη ἂν τι ἐκεῖνῳ καὶ ἐκεῖνου, καὶ ἦν καὶ ἔστιν καὶ ἔσται.

πάνυ γε.

καὶ ἐπιστήμη δὴ εἴη ἂν αὐτοῦ καὶ δόξα καὶ αἴσθησις, εἴπερ καὶ νῦν
ἡμεῖς περὶ αὐτοῦ πάντα ταῦτα πράττομεν.

ὀρθῶς λέγεις.

καὶ ὄνομα δὴ καὶ λόγος ἔστιν αὐτῷ, καὶ [155e]ὀνομάζεται καὶ
λέγεται: καὶ ὅσαπερ καὶ περὶ τὰ ἄλλα τῶν τοιούτων τυγχάνει ὄντα,
καὶ περὶ τὸ ἐν ἔστιν.

παντελῶς μὲν οὖν ἔχει οὕτως.

ἔτι δὴ τὸ τρίτον λέγωμεν. τὸ ἐν εἰ ἔστιν οἶον διεληλύθαμεν, ἄρ' οὐκ
ἀνάγκη αὐτό, ἐν τε ὄν καὶ πολλὰ καὶ μῆτε ἐν μῆτε πολλὰ καὶ μετέχον
χρόνου, ὅτι μὲν ἔστιν ἐν, οὐσίας μετέχειν ποτέ, ὅτι δ' οὐκ ἔστι, μὴ

μετέχειν αὐ ποτε οὐσίας;

ἀνάγκη.

ἄρ' οὖν, ὅτε μετέχει, οἷόν τε ἔσται τότε μὴ μετέχειν, ἢ ὅτε μὴ μετέχει, μετέχειν;

οὐχ οἷόν τε.

ἐν ἄλλῳ ἄρα χρόνῳ μετέχει καὶ ἐν ἄλλῳ οὐ μετέχει: οὕτω γὰρ ἂν μόνως τοῦ αὐτοῦ μετέχοι τε καὶ οὐ μετέχοι.

[156a]ὀρθῶς.

οὐκοῦν ἔστι καὶ οὗτος χρόνος, ὅτε μεταλαμβάνει τοῦ εἶναι καὶ ὅτε ἀπαλλάττεται αὐτοῦ; ἢ πῶς οἷόν τε ἔσται τοτὲ μὲν ἔχειν τὸ αὐτό, τοτὲ δὲ μὴ ἔχειν, ἐὰν μὴ ποτε καὶ λαμβάνῃ αὐτὸ καὶ ἀφίῃ;

οὐδαμῶς.

τὸ δὴ οὐσίας μεταλαμβάνειν ἄρά γε οὐ γίγνεσθαι καλεῖς;

ἔγωγε.

τὸ δὲ ἀπαλλάττεσθαι οὐσίας ἄρα οὐκ ἀπόλλυσθαι;

καὶ πάνυ γε. τὸ ἐν δὴ, ὥς ἔοικε, λαμβάνον τε καὶ ἀφιέν οὐσίαν γίγνεται [156b]τε καὶ ἀπόλλυται.

ἀνάγκη.

ἐν δὲ καὶ πολλὰ ὄν καὶ γιγνόμενον καὶ ἀπολλύμενον ἄρ' οὐχ, ὅταν μὲν γίγνηται ἓν, τὸ πολλὰ εἶναι ἀπόλλυται, ὅταν δὲ πολλὰ, τὸ ἓν εἶναι ἀπόλλυται;

πάνυ γε.

ἐν δὲ γιγνόμενον καὶ πολλὰ ἄρ' οὐκ ἀνάγκη διακρίνεσθαι τε καὶ συγκρίνεσθαι;

πολλή γε.

καὶ μὴν ἀνόμοιόν γε καὶ ὅμοιον ὅταν γίγνηται, ὁμοιοῦσθαί τε καὶ

ἀνομοιοῦσθαι;

ναί.

καὶ ὅταν μείζον καὶ ἔλαττον καὶ ἴσον, αὐξάνεσθαι τε καὶ φθίνειν καὶ ἰσοῦσθαι;

οὕτως. [156c]

ὅταν δὲ κινούμενόν τε ἴσθηται καὶ ὅταν ἐστὸς ἐπὶ τὸ κινεῖσθαι μεταβάλλῃ, δεῖ δῆπου αὐτό γε μὴδ' ἐν ἐνὶ χρόνῳ εἶναι.

πῶς δῆ;

ἐστὸς τε πρότερον ὕστερον κινεῖσθαι καὶ πρότερον κινούμενον ὕστερον ἐστάναι, ἄνευ μὲν τοῦ μεταβάλλειν οὐχ οἷόν τε ἔσται ταῦτα πάσχειν.

πῶς γάρ;

χρόνος δέ γε οὐδεὶς ἔστιν, ἐν ᾧ τι οἷόν τε ἅμα μήτε κινεῖσθαι μήτε ἐστάναι.

οὐ γὰρ οὖν.

ἀλλ' οὐδὲ μὴν μεταβάλλει ἄνευ τοῦ μεταβάλλειν.

οὐκ εἰκός.

πότ' οὖν μεταβάλλει; οὔτε γὰρ ἐστὸς ὄν οὔτε κινούμενον μεταβάλλει, οὔτε ἐν [156d]χρόνῳ ὄν.

οὐ γὰρ οὖν.

ἄρ' οὖν ἔστι τὸ ἄτοπον τοῦτο, ἐν ᾧ τότε ἂν εἴη, ὅτε μεταβάλλει;

τὸ ποῖον δῆ;

τὸ ἐξαίφνης. τὸ γὰρ ἐξαίφνης τοιόνδε τι ἔοικε σημαίνειν, ὥς ἐξ ἐκείνου μεταβάλλον εἰς ἐκάτερον. οὐ γὰρ ἔκ γε τοῦ ἐστάναι ἐστῶτος ἔτι μεταβάλλει, οὐδ' ἐκ τῆς κινήσεως κινουμένης ἔτι μεταβάλλει: ἀλλὰ ἡ ἐξαίφνης αὕτη φύσις ἄτοπός τις ἐγκάθηται μεταξὺ τῆς κινήσεώς τε καὶ στάσεως, [156e]ἐν χρόνῳ οὐδενὶ οὔσα, καὶ εἰς

ταύτην δὴ καὶ ἐκ ταύτης τό τε κινούμενον μεταβάλλει ἐπὶ τὸ ἐστάναι καὶ τὸ ἐστὸς ἐπὶ τὸ κινεῖσθαι.

κινδυνεύει.

καὶ τὸ ἐν δὴ, εἴπερ ἔστηκέ τε καὶ κινεῖται, μεταβάλλοι ἂν ἐφ' ἑκάτερα μόνως γὰρ ἂν οὕτως ἀμφοτέρω ποιοῖ μεταβάλλον δ' ἐξαίφνης μεταβάλλει, καὶ ὅτε μεταβάλλει, ἐν οὐδενὶ χρόνῳ ἂν εἴη, οὐδὲ κινεῖται ἂν τότε, οὐδ' ἂν σταίη.

οὐ γάρ.

ἄρ' οὖν οὕτω καὶ πρὸς τὰς ἄλλας μεταβολὰς ἔχει, ὅταν ἐκ τοῦ εἶναι εἰς τὸ ἀπόλλυσθαι [157a]μεταβάλλῃ ἢ ἐκ τοῦ μὴ εἶναι εἰς τὸ γίνεσθαι, μεταξύ τινων τότε γίνεσθαι κινήσεων τε καὶ στάσεων, καὶ οὔτε ἔστι τότε οὔτε οὐκ ἔστι, οὔτε γίνεσθαι οὔτε ἀπόλλυται;

ἔοικε γοῦν.

κατὰ δὴ τὸν αὐτὸν λόγον καὶ ἐξ ἐνὸς ἐπὶ πολλὰ ἰὸν καὶ ἐκ πολλῶν ἐφ' ἑν οὔτε ἑν ἔστιν οὔτε πολλά, οὔτε διακρίνεται οὔτε συγκρίνεται. καὶ ἐξ ὁμοίου ἐπὶ ἀνόμοιον καὶ ἐξ ἀνομοίου ἐπὶ ὁμοιον ἰὸν οὔτε ὁμοιον οὔτε ἀνόμοιον, οὔτε ὁμοιούμενον οὔτε ἀνομοιούμενον: καὶ [157b]ἐκ σμικροῦ ἐπὶ μέγα καὶ ἐπὶ ἴσον καὶ εἰς τὰ ἐναντία ἰὸν οὔτε σμικρὸν οὔτε μέγα οὔτε ἴσον, οὔτε αὐξανόμενον οὔτε φθίνον οὔτε ἰσούμενον εἴη ἂν.

οὐκ ἔοικε.

ταῦτα δὴ τὰ παθήματα πάντ' ἂν πάσχοι τὸ ἑν, εἰ ἔστιν.

πῶς δ' οὔ;

τί δὲ τοῖς ἄλλοις προσήκοι ἂν πάσχειν, ἑν εἰ ἔστιν, ἄρα οὐ σκεπτέον; σκεπτέον.

λέγωμεν δὴ, ἑν εἰ ἔστι, τᾶλλα τοῦ ἐνὸς τί χρή πεπονθέναι;

λέγωμεν.

οὐκοῦν ἐπείπερ ἄλλα τοῦ ἐνός ἔστιν, οὔτε τὸ ἑν ἔστι τᾶλλα: οὐ

[157c] γὰρ ἂν ἄλλα τοῦ ἐνὸς ᾗν.

ὀρθῶς.

οὐδὲ μὴν στέρεταιί γε παντάπασι τοῦ ἐνὸς τᾷλλα, ἀλλὰ μετέχει πη.

πῇ δῆ;

ὅτι που τὰ ἄλλα τοῦ ἐνὸς μόρια ἔχοντα ἄλλα ἐστίν· εἰ γὰρ μόρια μὴ ἔχοι, παντελῶς ἂν ἓν εἴη.

ὀρθῶς.

μόρια δέ γε, φαμέν, τούτου ἐστὶν ὃ ἂν ὅλον ᾗ.

φαμέν γάρ.

ἀλλὰ μὴν τό γε ὅλον ἓν ἐκ πολλῶν ἀνάγκη εἶναι, οὗ ἔσται μόρια τὰ μόρια· ἕκαστον γὰρ τῶν μορίων οὐ πολλῶν μόριον χρή εἶναι, ἀλλὰ ὅλου.

πῶς τοῦτο;

εἴ τι πολλῶν μόριον εἴη, [157d]ἐν οἷς αὐτὸ εἴη, ἑαυτοῦ τε δήπου μόριον ἔσται, ὃ ἐστὶν ἀδύνατον, καὶ τῶν ἄλλων δὴ ἐνὸς ἐκάστου, εἴπερ καὶ πάντων. ἐνὸς γὰρ μὴ ὄν μόριον, πλὴν τούτου τῶν ἄλλων ἔσται, καὶ οὕτως ἐνὸς ἐκάστου οὐκ ἔσται μόριον, μὴ ὄν δὲ μόριον ἐκάστου οὐδενὸς τῶν πολλῶν ἔσται. μηδενὸς δὲ ὄν πάντων τούτων τι εἶναι, ὧν οὐδενὸς οὐδέν ἐστι, καὶ μόριον καὶ ἄλλο ὅτιοῦν ἀδύνατον [εἶναι].

φαίνεταιί γε δῆ.

οὐκ ἄρα τῶν πολλῶν οὐδὲ πάντων τὸ μόριον μόριον, ἀλλὰ μιᾶς τινὸς ιδέας καὶ [157e]ἐνός τινος ὃ καλοῦμεν ὅλον, ἐξ ἀπάντων ἓν τέλειον γεγονός, τούτου μόριον ἂν τὸ μόριον εἴη.

παντάπασι μὲν οὖν.

εἰ ἄρα τᾷλλα μόρια ἔχει, καὶν τοῦ ὅλου τε καὶ ἐνὸς μετέχει.

πάνυ γε.

ἐν ἅρᾳ ὅλον τέλειον μόρια ἔχον ἀνάγκη εἶναι τᾶλλα τοῦ ἐνός.

ἀνάγκη.

καὶ μὴν καὶ περὶ τοῦ μορίου γε ἐκάστου ὁ αὐτὸς λόγος: καὶ γὰρ τοῦτο ἀνάγκη μετέχειν [158a]τοῦ ἐνός. εἰ γὰρ ἕκαστον αὐτῶν μόριόν ἐστι, τό γε ἕκαστον εἶναι ἐν δήπου σημαίνει, ἀφωρισμένον μὲν τῶν ἄλλων, καθ' αὐτὸ δὲ ὄν, εἵπερ ἕκαστον ἔσται.

ὁρθῶς.

μετέχου δέ γε ἂν τοῦ ἐνός δηλον ὅτι ἄλλο ὄν ἢ ἐν: οὐ γὰρ ἂν μετεῖχεν, ἀλλ' ἦν ἂν αὐτὸ ἐν. νῦν δὲ ἐνὶ μὲν εἶναι πλὴν αὐτῷ τῷ ἐνὶ ἀδύνατόν που.

ἀδύνατον.

μετέχειν δέ γε τοῦ ἐνός ἀνάγκη τῷ τε ὅλῳ καὶ τῷ μορίῳ. τὸ μὲν γὰρ ἐν ὅλον ἔσται, οὗ μόρια τὰ μόρια: τὸ δ' αὖ ἕκαστον ἐν μόριον τοῦ ὅλου, ὃ ἂν ἦ [158b]μόριον ὅλου.

οὕτως.

οὐκοῦν ἕτερα ὄντα τοῦ ἐνός μεθέξει τὰ μετέχοντα αὐτοῦ;

πῶς δ' οὐ;

τὰ δ' ἕτερα τοῦ ἐνός πολλά που ἂν εἴη: εἰ γὰρ μήτε ἐν μήτε ἐνός πλείω εἴη τᾶλλα τοῦ ἐνός, οὐδὲν ἂν εἴη.

οὐ γὰρ οὖν.

ἐπεὶ δέ γε πλείω ἐνός ἐστι τὰ τε τοῦ ἐνός μορίου καὶ τὰ τοῦ ἐνός ὅλου μετέχοντα, οὐκ ἀνάγκη ἤδη πλήθει ἁπειρα εἶναι αὐτὰ γε ἐκεῖνα τὰ μεταλαμβάνοντα τοῦ ἐνός;

πῶς;

ὥδε ἴδωμεν. ἄλλο τι οὐχ ἐν ὄντα οὐδὲ μετέχοντα τοῦ ἐνός τότε, ὅτε μεταλαμβάνει αὐτοῦ, μεταλαμβάνει;

δηλα δὴ.

[158c] οὐκοῦν πλήθη ὄντα, ἐν οἷς τὸ ἓν οὐκ ἓν;

πλήθη μέντοι.

τί οὖν; εἰ ἐθέλοισμεν τῇ διανοίᾳ τῶν τοιούτων ἀφελεῖν ὥς οἱοί τε ἔσμεν ὅτι ὀλίγιστον, οὐκ ἀνάγκη καὶ τὸ ἀφαιρεθὲν ἐκεῖνο, εἶπερ τοῦ ἐνὸς μὴ μετέχει, πλήθος εἶναι καὶ οὐχ ἓν;

ἀνάγκη.

οὐκοῦν οὕτως ἀεὶ σκοποῦντες αὐτὴν καθ' αὐτὴν τὴν ἐτέραν φύσιν τοῦ εἶδους ὅσον ἂν αὐτῆς ἀεὶ ὀρῶμεν ἄπειρον ἔσται πλήθει;

παντάπασι μὲν οὖν.

καὶ μὴν ἐπειδὴν γε [158d] ἐν ἑκαστον μόνιον μόνιον γένηται, πέρας ἤδη ἔχει πρὸς ἄλληλα καὶ πρὸς τὸ ὅλον, καὶ τὸ ὅλον πρὸς τὰ μέρη.

κομιδῇ μὲν οὖν.

τοῖς ἄλλοις δὴ τοῦ ἐνὸς συμβαίνει ἐκ μὲν τοῦ ἐνὸς καὶ ἐξ ἑαυτῶν κοινωνησάντων, ὥς ἔοικεν, ἕτερόν τι γίνεσθαι ἐν ἑαυτοῖς, ὃ δὴ πέρας παρέσχε πρὸς ἄλληλα: ἡ δ' ἑαυτῶν φύσις καθ' ἑαυτὰ ἀπειρίαν.

φαίνεται.

οὕτω δὴ τὰ ἄλλα τοῦ ἐνὸς καὶ ὅλα καὶ κατὰ μέρη ἀπειρά τέ ἐστι καὶ πέρατος μετέχει.

πάνυ γε. [158e]

οὐκοῦν καὶ ὁμοιά τε καὶ ἀνόμοια ἀλλήλοις τε καὶ ἑαυτοῖς;

πῇ δῆ;

ἥ μὲν που ἀπειρά ἐστι κατὰ τὴν ἑαυτῶν φύσιν πάντα, ταῦτόν πεπονθότα ἂν εἴη ταύτη.

πάνυ γε.

καὶ μὴν ἥ γε ἅπαντα πέρατος μετέχει, καὶ ταύτη πάντ' ἂν εἴη ταῦτόν πεπονθότα.

πῶς δ' οὐ;

ἥι δέ γε πεπερασμένα τε εἶναι καὶ ἄπειρα πέπονθεν, ἐναντία πάθῃ ἀλλήλοις ὄντα ταῦτα τὰ [159a]πάθῃ πέπονθεν.

ναί.

τὰ δ' ἐναντία γε ὡς οἷόν τε ἀνομοιότατα.

τί μήν;

κατὰ μὲν ἄρα ἐκάτερον τὸ πάθος ὅμοια ἂν εἴῃ αὐτά τε αὐτοῖς καὶ ἀλλήλοις, κατὰ δ' ἀμφοτέρω ἀμφοτέρως ἐναντιώτατά τε καὶ ἀνομοιότατα.

κινδυνεύει.

οὕτω δὴ τὰ ἄλλα αὐτά τε αὐτοῖς καὶ ἀλλήλοις ὅμοιά τε καὶ ἀνόμοια ἂν εἴῃ.

οὕτως.

καὶ ταῦτά δὴ καὶ ἕτερα ἀλλήλων, καὶ κινούμενα καὶ ἐστῶτα, καὶ πάντα τὰ ἐναντία πάθῃ οὐκέτι χαλεπῶς εὐρήσομεν πεπονθότα τᾶλλα τοῦ ἐνός, ἐπεὶ περ καὶ [159b]ταῦτα ἐφάνη πεπονθότα.

ὀρθῶς λέγεις.

οὐκοῦν, εἰ ταῦτα μὲν ἤδη ἐῷμεν ὡς φανερά, ἐπισκοποῖμεν δὲ πάλιν ἐν εἰ ἔστιν, ἄρα καὶ οὐχ οὕτως ἔχει τὰ ἄλλα τοῦ ἐνός ἢ οὕτω μόνον;

πάνυ μὲν οὖν.

λέγωμεν δὴ ἐξ ἀρχῆς ἐν εἰ ἔστι, τί χρὴ τὰ ἄλλα τοῦ ἐνός πεπονθέναι.

λέγωμεν γάρ.

ἄρ' οὖν οὐ χωρὶς μὲν τὸ ἐν τῶν ἄλλων, χωρὶς δὲ τᾶλλα τοῦ ἐνός εἶναι;

τί δή;

ὅτι που οὐκ ἔστι παρὰ ταῦτα ἕτερον, ὃ ἄλλο μὲν ἔστι τοῦ ἐνός, ἄλλο

δὲ τῶν ἄλλων: [159c] πάντα γὰρ εἴρηται, ὅταν ῥηθῇ τό τε ἓν καὶ
τάλλα.

πάντα γάρ.

οὐκ ἄρα ἐτ' ἔστιν ἕτερον τούτων, ἐν ᾧ τό τε ἓν ἂν εἴη τῷ αὐτῷ καὶ
τάλλα.

οὐ γάρ.

οὐδέποτε ἄρα ἐν ταύτῳ ἐστι τὸ ἓν καὶ τάλλα.

οὐκ ἔοικεν.

χωρὶς ἄρα;

ναί.

οὐδὲ μὴν μόρια γε ἔχειν φαμὲν τὸ ὡς ἀληθῶς ἓν.

πῶς γάρ;

οὔτ' ἄρα ὅλον εἴη ἂν τὸ ἓν ἐν τοῖς ἄλλοις οὔτε μόρια αὐτοῦ, εἰ χωρὶς
τέ ἐστι τῶν ἄλλων καὶ μόρια μὴ ἔχει.

πῶς [159d] γάρ;

οὐδενὶ ἄρα τρόπῳ μετέχῃ ἂν τάλλα τοῦ ἑνός, μήτε κατὰ μόνιον τι
αὐτοῦ μήτε κατὰ ὅλον μετέχοντα.

οὐκ ἔοικεν.

οὐδαμῇ ἄρα ἐν tāllá ἐστιν, οὐδ' ἔχει ἐν ἑαυτοῖς ἓν οὐδέν.

οὐ γὰρ οὖν.

οὐδ' ἄρα πολλά ἐστι tāllá: ἐν γὰρ ἂν ἦν ἕκαστον αὐτῶν μόνιον τοῦ
ὅλου, εἰ πολλὰ ἦν: νῦν δὲ οὔτε ἓν οὔτε πολλὰ οὔτε ὅλον οὔτε μόρια
ἐστι tāllá τοῦ ἑνός, ἐπειδὴ αὐτοῦ οὐδαμῇ μετέχει.

ὀρθῶς.

οὐδ' ἄρα δύο οὐδὲ τρία οὔτε αὐτά ἐστι τὰ ἄλλα οὔτε ἔνεστιν ἐν

αὐτοῖς, [159e]εἶπερ τοῦ ἐνὸς πανταχῇ στέρεται.

οὕτως.

οὐδὲ ὅμοια ἄρα καὶ ἀνόμοια οὔτε αὐτά ἐστι τῷ ἐνὶ τὰ ἄλλα, οὔτε ἔνεστιν ἐν αὐτοῖς ὁμοιότης καὶ ἀνομοιότης: εἰ γὰρ ὅμοια καὶ ἀνόμοια αὐτὰ εἴη ἢ ἔχοι ἐν ἑαυτοῖς ὁμοιότητα καὶ ἀνομοιότητα, δύο που εἶδη ἐναντία ἀλλήλοις ἔχοι ἂν ἐν ἑαυτοῖς τὰ ἄλλα τοῦ ἐνός.

φαίνεται.

ἦν δέ γε ἀδύνατον δυοῖν τινοῖν μετέχειν ἢ μὴδ' ἐνός μετέχει.

ἀδύνατον.

οὔτ' ἄρα ὅμοια οὔτ' ἀνόμοιά ἐστιν οὔτ' ἀμφοτέρα τᾶλλα. [160a]ὅμοια μὲν γὰρ ἂν ὄντα ἢ ἀνόμοια ἐνός ἂν τοῦ ἑτέρου εἶδους μετέχοι, ἀμφοτέρα δὲ ὄντα δυοῖν τοῖν ἐναντίοις: ταῦτα δὲ ἀδύνατον ἐφάνη.

ἀληθῆ.

οὐδ' ἄρα τὰ αὐτὰ οὐδ' ἕτερα, οὐδὲ κινούμενα οὐδὲ ἐστῶτα, οὐδὲ γιγνώμενα οὐδὲ ἀπολλύμενα, οὐδὲ μείζω οὐδὲ ἐλάττω οὐδὲ ἴσα: οὐδὲ ἄλλο οὐδὲν πέπονθε τῶν τοιούτων: εἰ γὰρ τι τοιοῦτον πεπονθέναι ὑπομένει τὰ ἄλλα, καὶ ἐνός καὶ δυοῖν καὶ τριῶν καὶ περιττοῦ καὶ ἀρτίου μεθέξει, ὧν αὐτοῖς ἀδύνατον [160b]ἐφάνη μετέχειν τοῦ ἐνός γε πάντη πάντως στερομένοις.

ἀληθέστατα.

οὕτω δὴ ἐν εἰ ἔστιν, πάντα τέ ἐστι τὸ ἐν καὶ οὐδὲ ἐν ἐστι καὶ πρὸς ἑαυτὸ καὶ πρὸς τὰ ἄλλα ὡσαύτως.

παντελῶς μὲν οὖν.

εἶεν: εἰ δὲ δὴ μὴ ἔστι τὸ ἐν, τί χρὴ συμβαίνειν ἄρ' οὐ σκεπτέον μετὰ τοῦτο;

σκεπτέον γάρ.

τίς οὖν ἂν εἴη αὕτη ἢ ὑπόθεσις, εἰ ἐν μὴ ἔστιν; ἄρα τι διαφέρει τῆσδε,

εἰ μὴ ἔν μὴ ἔστιν;

διαφέρει μέντοι.

διαφέρει μόνον, ἢ καὶ πᾶν [160c] τοῦναντίον ἐστὶν εἰπεῖν εἰ μὴ ἔν μὴ ἔστι τοῦ εἰ ἔν μὴ ἔστιν;

πᾶν τοῦναντίον.

τί δ' εἴ τις λέγοι εἰ μέγεθος μὴ ἔστιν ἢ σμικρότης μὴ ἔστιν ἢ τι ἄλλο τῶν τοιούτων, ἄρα ἐφ' ἐκάστου ἂν δηλοῖ ὅτι ἕτερόν τι λέγοι τὸ μὴ ὄν;

πάνυ γε.

οὐκοῦν καὶ νῦν δηλοῖ ὅτι ἕτερον λέγει τῶν ἄλλων τὸ μὴ ὄν, ὅταν εἴπῃ ἔν εἰ μὴ ἔστι, καὶ ἴσμεν ὃ λέγει;

ἴσμεν.

πρῶτον μὲν ἄρα γνωστόν τι λέγει, ἔπειτα ἕτερον τῶν ἄλλων, ὅταν εἴπῃ ἔν, εἴτε τὸ εἶναι αὐτῷ προσθεῖς εἴτε [160d] τὸ μὴ εἶναι: οὐδὲν <γάρ> ἥττον γινώσκεται, τί τὸ λεγόμενον μὴ εἶναι, καὶ ὅτι διάφορον τῶν ἄλλων. ἢ οὐ;

ἀνάγκη.

ὥδε ἄρα λεκτέον ἐξ ἀρχῆς, ἔν εἰ μὴ ἔστι, τί χρὴ εἶναι. πρῶτον μὲν οὖν αὐτῷ τοῦτο ὑπάρχειν δεῖ, ὥς ἔοικεν, εἶναι αὐτοῦ ἐπιστήμην, ἢ μὴδὲ ὅτι λέγεται γινώσκεσθαι, ὅταν τις εἴπῃ ἔν εἰ μὴ ἔστιν.

ἀληθῆ.

οὐκοῦν καὶ τὰ ἄλλα ἕτερα αὐτοῦ εἶναι, ἢ μὴδὲ ἐκεῖνο ἕτερον τῶν ἄλλων λέγεσθαι;

πάνυ γε.

καὶ ἑτεροιοῦτης ἄρα ἐστὶν αὐτῷ πρὸς τῇ ἐπιστήμῃ. [160e]οὐ γὰρ τὴν τῶν ἄλλων ἑτεροιοῦτητα λέγει, ὅταν τὸ ἔν ἕτερον τῶν ἄλλων λέγῃ, ἀλλὰ τὴν ἐκείνου.

φαίνεται.

καὶ μὴν τοῦ γε ἐκείνου καὶ τοῦ τινὸς καὶ τούτου καὶ τούτῳ καὶ τούτων καὶ πάντων τῶν τοιούτων μετέχει τὸ μὴ ὂν ἓν: οὐ γὰρ ἂν τὸ ἓν ἐλέγετο οὐδ' ἂν τοῦ ἐνὸς ἕτερα, οὐδ' ἐκείνῳ ἂν τι ἦν οὐδ' ἐκείνου, οὐδ' ἂν τι ἐλέγετο, εἰ μήτε τοῦ τινὸς αὐτῷ μετῆν μήτε τῶν ἄλλων τούτων.

ὁρθῶς.

εἶναι μὲν δὴ τῷ ἐνὶ οὐχ οἷόν τε, εἴπερ γε μὴ ἔστι, μετέχειν δὲ πολλῶν οὐδὲν [161a]κωλύει, ἀλλὰ καὶ ἀνάγκη, εἴπερ τό γε ἓν ἐκεῖνο καὶ μὴ ἄλλο μὴ ἔστιν. εἰ μέντοι μήτε τὸ ἓν μήτ' ἐκεῖνο μὴ ἔσται, ἀλλὰ περὶ ἄλλου τοῦ ὁ λόγος, οὐδὲ φθέγγεσθαι δεῖ οὐδέν: εἰ δὲ τὸ ἓν ἐκεῖνο καὶ μὴ ἄλλο ὑπόκειται μὴ εἶναι, καὶ τοῦ ἐκείνου καὶ ἄλλων πολλῶν ἀνάγκη αὐτῷ μετεῖναι.

καὶ πάνυ γε.

καὶ ἀνομοιότης ἄρα ἐστὶν αὐτῷ πρὸς τὰ ἄλλα: τὰ γὰρ ἄλλα τοῦ ἐνὸς ἕτερα ὄντα ἑτεροῖα καὶ εἴη ἂν.

ναί.

τὰ δ' ἑτεροῖα οὐκ ἄλλοῖα;

πῶς δ' οὐ;

τὰ δ' ἄλλοῖα οὐκ [161b]ἀνόμοια;

ἀνόμοια μὲν οὖν.

οὐκοῦν εἴπερ τῷ ἐνὶ ἀνόμοιά ἐστι, δῆλον ὅτι ἀνομοίῳ τὰ γε ἀνόμοια ἀνόμοια ἂν εἴη.

δῆλον.

εἴη δὴ ἂν καὶ τῷ ἐνὶ ἀνομοιότης, πρὸς ἣν τὰ ἄλλα ἀνόμοια αὐτῷ ἐστίν.

ἔοικεν.

εἰ δὲ δὴ τῶν ἄλλων ἀνομοιότης ἔστιν αὐτῷ, ἄρ' οὐκ ἀνάγκη ἑαυτοῦ
ὁμοιότητα αὐτῷ εἶναι;

πῶς;

εἰ ἐνὸς ἀνομοιότης ἔστι τῷ ἐνί, οὐκ ἂν που περὶ τοῦ τοιούτου ὁ
λόγος εἴη οἷου τοῦ ἐνός, οὐδ' ἂν ἡ ὑπόθεσις εἴη περὶ ἐνός, ἀλλὰ περὶ
ἄλλου ἢ ἐνός.

πάνυ [161c] γε.

οὐ δεῖ δέ γε.

οὐ δῆτα.

δεῖ ἄρα ὁμοιότητα τῷ ἐνὶ αὐτοῦ ἑαυτῷ εἶναι.

δεῖ.

καὶ μὴν οὐδ' αὖ ἴσον γ' ἐστὶ τοῖς ἄλλοις: εἰ γὰρ εἴη ἴσον, εἴη τε ἂν
ἤδη καὶ ὅμοιον ἂν εἴη αὐτοῖς κατὰ τὴν ἰσότητα. ταῦτα δ' ἀμφοτέρω
ἀδύνατα, εἵπερ μὴ ἔστιν ἓν.

ἀδύνατα.

ἐπειδὴ δὲ οὐκ ἔστι τοῖς ἄλλοις ἴσον, ἄρα οὐκ ἀνάγκη καὶ τᾶλλα
ἐκεῖνῳ μὴ ἴσα εἶναι;

ἀνάγκη.

τὰ δὲ μὴ ἴσα οὐκ ἄνισα;

ναί.

τὰ δὲ ἄνισα οὐ τῷ ἀνίσῳ ἄνισα;

πῶς δ' οὔ;

καὶ ἀνισότητος δὴ μετέχει τὸ ἓν, [161d]πρὸς ἣν τᾶλλα αὐτῷ ἔστιν
ἄνισα;

μετέχει.

ἀλλὰ μέντοι ἀνισότητός γε ἔστι μέγεθός τε καὶ σμικρότης.

ἔστι γάρ.

ἔστιν ἄρα καὶ μέγεθός τε καὶ σμικρότης τῷ τοιούτῳ ἐνί;

κινδυνεύει.

μέγεθος μὴν καὶ σμικρότης ἀεὶ ἀφέστατον ἀλλήλοιν.

πάνυ γε.

μεταξὺ ἄρα τι αὐτοῖν ἀεὶ ἔστιν.

ἔστιν.

ἔχεις οὖν τι ἄλλο εἰπεῖν μεταξὺ αὐτοῖν ἢ ἰσότητα;

οὐκ, ἀλλὰ τοῦτο.

ὅτῳ ἄρα ἔστι μέγεθος καὶ σμικρότης, ἔστι καὶ ἰσότης αὐτῷ μεταξὺ τούτοις οὕσα.

[161e]φαίνεται.

τῷ δὴ ἐνὶ μὴ ὄντι, ὡς ἔοικε, καὶ ἰσότητος ἂν μετεῖη καὶ μεγέθους καὶ σμικρότητος.

ἔοικεν.

καὶ μὴν καὶ οὐσίας γε δεῖ αὐτὸ μετέχειν πη.

πῶς δὴ;

ἔχειν αὐτὸ δεῖ οὕτως ὡς λέγομεν: εἰ γὰρ μὴ οὕτως ἔχει, οὐκ ἂν ἀληθῆ λέγοιμεν ἡμεῖς λέγοντες τὸ ἐν μὴ εἶναι: εἰ δὲ ἀληθῆ, δῆλον ὅτι ὄντα αὐτὰ λέγομεν. ἢ οὐχ οὕτως;

οὕτω μὲν οὖν.

ἐπειδὴ δέ φαμεν ἀληθῆ λέγειν, ἀνάγκη [162a]ἡμῖν φάναι καὶ ὄντα λέγειν.

ἀνάγκη.

ἔστιν ἄρα, ὡς ἔοικε, τὸ ἐν οὐκ ὄν: εἰ γὰρ μὴ ἔσται μὴ ὄν, ἀλλὰ πῃ τοῦ εἶναι ἀνήσει πρὸς τὸ μὴ εἶναι, εὐθὺς ἔσται ὄν.

παντάπασι μὲν οὖν.

δεῖ ἄρα αὐτὸ δεσμὸν ἔχειν τοῦ μὴ εἶναι τὸ εἶναι μὴ ὄν, εἰ μέλλει μὴ εἶναι, ὁμοίως ὥσπερ τὸ ὄν τὸ μὴ ὄν ἔχειν μὴ εἶναι, ἵνα τελέως αὐτὸ [εἶναι] ἦ: οὕτως γὰρ ἂν τό τε ὄν μάλιστα ἂν εἴη καὶ τὸ μὴ ὄν οὐκ ἂν εἴη, μετέχοντα τὸ μὲν ὄν οὐσίας τοῦ εἶναι ὄν, μὴ οὐσίας δὲ τοῦ <μὴ> εἶναι μὴ [162b] ὄν, εἰ μέλλει τελέως εἶναι, τὸ δὲ μὴ ὄν μὴ οὐσίας μὲν τοῦ μὴ εἶναι [μὴ] ὄν, οὐσίας δὲ τοῦ εἶναι μὴ ὄν, εἰ καὶ τὸ μὴ ὄν αὐτὸ τελέως μὴ ἔσται.

ἀληθέστατα.

οὐκοῦν ἐπείπερ τῷ τε ὄντι τοῦ μὴ εἶναι καὶ τῷ μὴ ὄντι τοῦ εἶναι μέτεστι, καὶ τῷ ἐνί, ἐπειδὴ οὐκ ἔστι, τοῦ εἶναι ἀνάγκη μετεῖναι εἰς τὸ μὴ εἶναι.

ἀνάγκη.

καὶ οὐσία δὴ φαίνεται τῷ ἐνί, εἰ μὴ ἔστιν.

φαίνεται.

καὶ μὴ οὐσία ἄρα, εἵπερ μὴ ἔστιν.

πῶς δ' οὐ;

οἷόν τε οὖν τὸ ἔχον πῶς μὴ ἔχειν οὕτω, μὴ μεταβάλλον ἐκ ταύτης τῆς ἕξεως;

οὐχ οἷόν τε.

παῖν ἄρα τὸ τοιοῦτον [162c] μεταβολὴν σημαίνει, ὃ ἂν οὕτω τε καὶ μὴ οὕτως ἔχη.

πῶς δ' οὐ;

μεταβολὴ δὲ κίνησις: ἢ τί φήσομεν;

κίνησις.

οὐκοῦν τὸ ἐν ὄν τε καὶ οὐκ ὄν ἐφάνη;

ναί.

οὕτως ἄρα καὶ οὐχ οὕτως ἔχον φαίνεται.

ἔοικεν.

καὶ κινούμενον ἄρα τὸ οὐκ ὄν ἐν πέφανται, ἐπείπερ καὶ μεταβολὴν ἐκ τοῦ εἶναι ἐπὶ τὸ μὴ εἶναι ἔχον.

κινδυνεύει.

ἀλλὰ μὴν εἰ μηδαμοῦ γέ ἐστι τῶν ὄντων, ὥς οὐκ ἔστιν εἴπερ μὴ ἔστιν, οὐδ' ἂν μεθίσταιτό ποθέν ποι.

πῶς γάρ;

οὐκ ἄρα τῷ γε [162d]μεταβαίνειν κινοῖτ' ἂν.

οὐ γάρ.

οὐδὲ μὴν ἐν τῷ αὐτῷ ἂν στρέφοιτο: ταῦτοῦ γὰρ οὐδαμοῦ ἄπτεται. ὄν γὰρ ἐστὶ τὸ ταυτόν: τὸ δὲ μὴ ὄν ἐν τῷ τῶν ὄντων ἀδύνατον εἶναι.

ἀδύνατον γάρ.

οὐκ ἄρα τὸ ἐν γε μὴ ὄν στρέφεσθαι ἂν δύναιτο ἐν ἐκείνῳ ἐν ᾧ μὴ ἔστιν.

οὐ γὰρ οὖν.

οὐδὲ μὴν ἀλλοιοῦταί που τὸ ἐν ἑαυτοῦ, οὔτε τὸ ὄν οὔτε τὸ μὴ ὄν: οὐ γὰρ ἂν ἦν ὁ λόγος ἔτι περὶ τοῦ ενός, εἴπερ ἡλλοιοῦτο αὐτὸ ἑαυτοῦ, ἀλλὰ περὶ ἄλλου τινός.

ὀρθῶς.

εἰ δὲ μήτ' ἀλλοιοῦται μήτε ἐν ταῦτῳ στρέφεται μήτε μεταβαίνει, ἄρ' [162e]ἂν πη ἔτι κινοῖτο;

πῶς γάρ;

τό γε μὴν ἀκίνητον ἀνάγκη ἡσυχίαν ἄγειν, τὸ δὲ ἡσυχάζον ἐστάναι.

ἀνάγκη.

τὸ ἐν ἄρα, ὡς ἔοικεν, οὐκ ὄν ἔστηκε τε καὶ κινεῖται.

ἔοικεν.

καὶ μὴν εἴπερ γε κινεῖται, μεγάλη ἀνάγκη αὐτῷ ἀλλοιοῦσθαι:
[163a] ὅπη γὰρ ἂν τι κινήθῃ, κατὰ τοσοῦτον οὐκέθ' ὡσαύτως ἔχει ὡς
εἶχεν, ἀλλ' ἐτέρως.

οὕτως.

κινούμενον δὴ τὸ ἐν καὶ ἀλλοιοῦται.

ναί.

καὶ μὴν μηδαμῇ γε κινούμενον οὐδαμῇ ἂν ἀλλοιοῖτο.

οὐ γάρ.

ἦι μὲν ἄρα κινεῖται τὸ οὐκ ὄν ἐν, ἀλλοιοῦται: ἦ δὲ μὴ κινεῖται, οὐκ
ἀλλοιοῦται.

οὐ γάρ.

τὸ ἐν ἄρα μὴ ὄν ἀλλοιοῦταί τε καὶ οὐκ ἀλλοιοῦται.

φαίνεται.

τὸ δ' ἀλλοιούμενον ἄρ' οὐκ ἀνάγκη γίνεσθαι μὲν ἕτερον ἢ
πρότερον, ἀπόλλυσθαι δὲ ἐκ τῆς [163b] προτέρας ἕξεως: τὸ δὲ μὴ
ἀλλοιούμενον μήτε γίνεσθαι μήτε ἀπόλλυσθαι;

ἀνάγκη.

καὶ τὸ ἐν ἄρα μὴ ὄν ἀλλοιούμενον μὲν γίγνεται τε καὶ ἀπόλλυται, μὴ
ἀλλοιούμενον δὲ οὔτε γίγνεται οὔτε ἀπόλλυται: καὶ οὕτω τὸ ἐν μὴ ὄν
γίγνεται τε καὶ ἀπόλλυται, καὶ οὔτε γίγνεται οὔτ' ἀπόλλυται.

οὐ γὰρ οὖν.

αὐθις δὴ ἐπὶ τὴν ἀρχὴν ἴωμεν πάλιν ὁψόμενοι εἰ ταῦτα ἡμῖν φανεῖται ἄπερ καὶ νῦν ἢ ἕτερα.

ἀλλὰ χρή.

οὐκοῦν [163c] ἐν εἰ μὴ ἔστι, φαμέν, τί χρή περὶ αὐτοῦ συμβαίνειν;

ναί.

τὸ δὲ μὴ ἔστιν ὅταν λέγωμεν, ἄρα μὴ τι ἄλλο σημαίνει ἢ οὐσίας ἀπουσίαν τούτῳ ᾧ ἂν φῶμεν μὴ εἶναι;

οὐδὲν ἄλλο.

πότερον οὖν, ὅταν φῶμεν μὴ εἶναί τι, πὼς οὐκ εἶναί φαμεν αὐτό, πὼς δὲ εἶναι; ἢ τοῦτο τὸ μὴ ἔστι λεγόμενον ἀπλῶς σημαίνει ὅτι οὐδαμῶς οὐδαμῇ ἔστιν οὐδέ πη μετέχει οὐσίας τό γε μὴ ὄν;

ἀπλούστατα μὲν οὖν.

οὔτε ἄρα εἶναι δύναίτο ἂν τὸ μὴ ὄν οὔτε ἄλλως οὐδαμῶς [163d] οὐσίας μετέχειν.

οὐ γάρ.

τὸ δὲ γίγνεσθαι καὶ τὸ ἀπόλλυσθαι μὴ τι ἄλλο ἦν ἢ τὸ μὲν οὐσίας μεταλαμβάνειν, τὸ δ' ἀπολλύναι οὐσίαν;

οὐδὲν ἄλλο.

ᾧ δέ γε μηδὲν τούτου μέτεστιν, οὔτ' ἂν λαμβάνοι οὔτ' ἀπολλύοι αὐτό.

πῶς γάρ;

τῷ ἐνὶ ἄρα, ἐπειδὴ οὐδαμῇ ἔστιν, οὔτε ἐκτέον οὔτε ἀπαλλακτέον οὔτε μεταληπτέον οὐσίας οὐδαμῶς.

εἰκός.

οὔτε ἄρα ἀπόλλυται τὸ μὴ ὄν ἐν οὔτε γίγνεται, ἐπεὶ περ οὐδαμῇ μετέχει οὐσίας.

οὐ φαίνεται.

οὐδ' ἄρ' [163e]ἀλλοιοῦται οὐδαμῇ: ἥδη γὰρ ἂν γίγνοιτό τε καὶ ἀπολλύοιτο τοῦτο πάσχον.

ἀληθῆ.

εἰ δὲ μὴ ἀλλοιοῦται, οὐκ ἀνάγκη μηδὲ κινεῖσθαι;

ἀνάγκη.

οὐδὲ μὴν ἐστάναι φήσομεν τὸ μηδαμοῦ ὄν: τὸ γὰρ ἐστὸς ἐν τῷ αὐτῷ τινι δεῖ ἀεὶ εἶναι.

τῷ αὐτῷ: πῶς γὰρ οὐ;

οὕτω δὲ αὖ τὸ μὴ ὄν μήτε ποτὲ ἐστάναι μήτε κινεῖσθαι λέγωμεν.

μὴ γὰρ οὖν.

ἀλλὰ μὴν οὐδ' ἔστι γε αὐτῷ τι τῶν ὄντων: ἥδη γὰρ ἂν τούτου [164a]μετέχον [ὄντος] οὐσίας μετέχῃ.

δῆλον.

οὔτε ἄρα μέγεθος οὔτε σμικρότης οὔτε ἰσότης αὐτῷ ἔστιν.

οὐ γάρ.

οὐδὲ μὴν ὁμοιότης γε οὐδὲ ἑτεροιοότης οὔτε πρὸς αὐτὸ οὔτε πρὸς ἄλλα εἴη ἂν αὐτῷ.

οὐ φαίνεται.

τί δέ; ἄλλα ἔσθ' ὅπως ἂν εἴη αὐτῷ, εἰ μηδὲν αὐτῷ δεῖ εἶναι;

οὐκ ἔστιν.

οὔτε ἄρα ὅμοια οὔτε ἀνόμοια οὔτε ταῦτα οὐθ' ἑτέρα ἔστιν αὐτῷ τὰ ἄλλα.

οὐ γάρ.

τί δέ; τὸ ἐκείνου ἢ τὸ ἐκείνῳ ἢ τὸ τί ἢ τὸ τοῦτο ἢ τὸ τούτου ἢ ἄλλου

ἢ ἄλλω ἢ ποτὲ ἢ [164b]ἔπειτα ἢ νῦν ἢ ἐπιστήμη ἢ δόξα ἢ αἰσθησις ἢ λόγος ἢ ὄνομα ἢ ἄλλο ὅτιοῦν τῶν ὄντων περὶ τὸ μὴ ὄν ἔσται;

οὐκ ἔσται.

οὕτω δὴ ἐν οὐκ ὄν οὐκ ἔχει πως οὐδαμῇ.

οὐκουν δὴ ἔοικέν γε οὐδαμῇ ἔχειν.

ἔτι δὴ λέγωμεν, ἐν εἰ μὴ ἔστι, τᾶλλα τί χρή πεπονθέναι.

λέγωμεν γάρ.

ἄλλα μὲν που δεῖ αὐτὰ εἶναι: εἰ γὰρ μηδὲ ἄλλα ἐστίν, οὐκ ἂν περὶ τῶν ἄλλων λέγοιτο.

οὕτω.

εἰ δὲ περὶ τῶν ἄλλων ὁ λόγος, τά γε ἄλλα ἕτερά ἐστιν. ἢ οὐκ ἐπὶ τῷ αὐτῷ καλεῖς τό τε ἄλλο καὶ τὸ [164c] ἕτερον;

ἔγωγε.

ἕτερον δέ γέ πού φαμεν τὸ ἕτερον εἶναι ἐτέρου, καὶ τὸ ἄλλο δὴ ἄλλο εἶναι ἄλλου;

ναί.

καὶ τοῖς ἄλλοις ἄρα, εἰ μέλλει ἄλλα εἶναι, ἔστι τι οὗ ἄλλα ἔσται.

ἀνάγκη.

τί δὴ οὖν ἂν εἴη; τοῦ μὲν γὰρ ἐνὸς οὐκ ἔσται ἄλλα, μὴ ὄντος γε.

οὐ γάρ.

ἀλλήλων ἄρα ἐστί: τοῦτο γὰρ αὐτοῖς ἔτι λείπεται, ἢ μηδενὸς εἶναι ἄλλοις.

ὀρθῶς.

κατὰ πλήθη ἄρα ἕκαστα ἀλλήλων ἄλλα ἐστί: κατὰ ἓν γὰρ οὐκ ἂν οἶά τε εἴη, μὴ ὄντος ἐνός. ἀλλ' ἕκαστος, ὥς [164d]ἔοικεν, ὁ ὄγκος αὐτῶν

ἄπειρός ἐστι πλήθει, κἂν τὸ σμικρότατον δοκοῦν εἶναι λάβῃ τις, ὥσπερ ὄναρ ἐν ὕπνῳ φαίνεται ἐξαίφνης ἀντὶ ἐνὸς δόξαντος εἶναι πολλὰ καὶ ἀντὶ σμικροτάτου παμμέγεθες πρὸς τὰ κερματιζόμενα ἐξ αὐτοῦ.

ὀρθότατα.

τοιούτων δὴ ὄγκων ἄλλα ἀλλήλων ἂν εἴη τᾶλλα, εἰ ἐνὸς μὴ ὄντος ἄλλα ἐστίν.

κομιδῇ μὲν οὖν.

οὐκοῦν πολλοὶ ὄγκοι ἔσονται, εἴς ἕκαστος φαινόμενος, ὦν δὲ οὐ, εἴπερ ἐν μὴ ἔσται;

οὕτω.

καὶ ἀριθμὸς δὲ εἶναι αὐτῶν [164e]δόξει, εἴπερ καὶ ἐν ἑκάστων, πολλῶν ὄντων.

πάνυ γε.

καὶ τὰ μὲν δὴ ἄρτια, τὰ δὲ περιττὰ ἐν αὐτοῖς ὄντα οὐκ ἀληθῶς φαίνεται, εἴπερ ἐν μὴ ἔσται.

οὐ γὰρ οὖν.

καὶ μὴν καὶ σμικρότατόν γε, φαμέν, δόξει ἐν αὐτοῖς ἐνεῖναι: φαίνεται δὲ τοῦτο πολλὰ καὶ μεγάλα πρὸς ἕκαστον τῶν [165a]πολλῶν ὡς σμικρῶν ὄντων.

πῶς δ' οὐ;

καὶ ἴσος μὴν τοῖς πολλοῖς καὶ σμικροῖς ἕκαστος ὄγκος δοξασθήσεται εἶναι: οὐ γὰρ ἂν μετέβαινεν ἐκ μείζονος εἰς ἕλαττον φαινόμενος, πρὶν εἰς τὸ μεταξὺ δόξειεν ἐλθεῖν, τοῦτο δ' εἴη ἂν φάντασμα ἰσότητος.

εἰκός.

οὐκοῦν καὶ πρὸς ἄλλον ὄγκον πέρας ἔχων, αὐτός γε πρὸς αὐτὸν οὔτε ἀρχὴν οὔτε πέρας οὔτε μέσον ἔχων;

πῇ δή;

ὅτι ἀεὶ αὐτῶν ὅταν τίς τι λάβῃ τῇ διανοίᾳ ὥς τι τούτων ὄν, πρό τε τῆς ἀρχῆς ἄλλη [165b] ἀεὶ φαίνεται ἀρχή, μετὰ τε τὴν τελευταίαν ἐτέρα ὑπολειπομένη τελευτή, ἔν τε τῷ μέσῳ ἄλλα μεσαίτερα τοῦ μέσου, σμικρότερα δέ, διὰ τὸ μὴ δύνασθαι ἐνὸς αὐτῶν ἐκάστου λαμβάνεσθαι, ἅτε οὐκ ὄντος τοῦ ἐνός.

ἀληθέστατα.

θρύπτεσθαι δὴ οἶμαι κερματιζόμενον ἀνάγκῃ πᾶν τὸ ὄν, ὃ ἂν τις λάβῃ τῇ διανοίᾳ: ὄγκος γάρ που ἄνευ ἐνὸς ἀεὶ λαμβάνοιτ' ἄν.

πάνυ μὲν οὖν.

οὐκοῦν τό γε τοιοῦτον πόρρωθεν μὲν [165c] ὀρῶντι καὶ ἀμβλὺ ἐν φαίνεσθαι ἀνάγκῃ, ἐγγύθεν δὲ καὶ ὀξὺ νοοῦντι πλήθει ἁπειρον ἐν ἑκαστον φανῆναι, εἴπερ στέρεται τοῦ ἐνός μὴ ὄντος;

ἀναγκαιότατον μὲν οὖν.

οὕτω δὴ ἁπειρά τε καὶ πέρας ἔχοντα καὶ ἐν καὶ πολλὰ ἑκαστα τᾶλλα δεῖ φαίνεσθαι, ἐν εἰ μὴ ἔστιν, τᾶλλα δὲ τοῦ ἐνός.

δεῖ γάρ.

οὐκοῦν καὶ ὁμοιά τε καὶ ἀνόμοια δόξει εἶναι;

πῇ δή;

οἶον ἐσκιαγραφημένα ἀποστάντι μὲν ἐν πάντα φαινόμενα ταῦτ' ὅν φαίνεσθαι πεπονθέναι καὶ ὁμοια εἶναι.

πάνυ [165d] γε.

προσελθόντι δέ γε πολλὰ καὶ ἕτερα καὶ τῷ τοῦ ἐτέρου φαντάσματος ἑτεροῖα καὶ ἀνόμοια ἑαυτοῖς.

οὕτω.

καὶ ὁμοίους δὴ καὶ ἀνομοίους τοὺς ὄγκους αὐτούς τε αὐτοῖς ἀνάγκῃ φαίνεσθαι καὶ ἀλλήλοις.

πάνυ μὲν οὖν.

οὐκοῦν καὶ τοὺς αὐτοὺς καὶ ἑτέρους ἀλλήλων, καὶ ἀπομένους καὶ χωρὶς ἑαυτῶν, καὶ κινουμένους πάσας κινήσεις καὶ ἐστῶτας πάντη, καὶ γιγνομένους καὶ ἀπολλυμένους καὶ μηδέτερα, καὶ πάντα που τὰ τοιαῦτα, ἃ διελθεῖν εὐπετεῖς ἤδη ἡμῖν, εἰ ἐνὸς [165e]μὴ ὄντος πολλὰ ἔστιν.

ἀληθέστατα μὲν οὖν.

ἔτι δὴ ἅπαξ ἐλθόντες πάλιν ἐπὶ τὴν ἀρχὴν εἴπωμεν, ἔν εἰ μὴ ἔστι, τᾶλλα δὲ τοῦ ἐνός, τί χρὴ εἶναι.

εἴπωμεν γὰρ οὖν.

οὐκοῦν ἐν μὲν οὐκ ἔσται τᾶλλα.

πῶς γάρ;

οὐδὲ μὴν πολλὰ γε: ἐν γὰρ πολλοῖς οὕσιν ἐνείη ἂν καὶ ἔν. εἰ γὰρ μηδὲν αὐτῶν ἐστὶν ἔν, ἅπαντα οὐδὲν ἐστίν, ὥστε οὐδ' ἂν πολλὰ εἴη.

ἀληθῆ.

μὴ ἐνόντος δὲ ἐνός ἐν τοῖς ἄλλοις, οὔτε πολλὰ οὔτε ἓν ἐστὶ τᾶλλα.

οὐ γάρ.

οὐδέ [166a]γε φαίνεται ἐν οὐδὲ πολλὰ.

τί δῆ;

ὅτι τᾶλλα τῶν μὴ ὄντων οὐδενὶ οὐδαμῇ οὐδαμῶς οὐδεμίαν κοινωνίαν ἔχει, οὐδέ τι τῶν μὴ ὄντων παρὰ τῶν ἄλλων τῷ ἐστίν: οὐδὲν γὰρ μέρος ἐστὶ τοῖς μὴ οὕσιν.

ἀληθῆ.

οὐδ' ἄρα δόξα τοῦ μὴ ὄντος παρὰ τοῖς ἄλλοις ἐστὶν οὐδέ τι φάντασμα, οὐδέ δοξάζεται οὐδαμῇ οὐδαμῶς τὸ μὴ ὄν ἐπὶ τῶν ἄλλων.

οὐ γὰρ οὖν.

ἐν ἄρα εἰ μὴ ἔστιν, οὐδὲ δοξάζεται τι τῶν [166b] ἄλλων ἐν εἶναι οὐδὲ πολλά: ἄνευ γὰρ ἐνὸς πολλὰ δοξάσαι ἀδύνατον.

ἀδύνατον γάρ.

ἐν ἄρα εἰ μὴ ἔστι, τᾶλλα οὔτε ἔστιν οὔτε δοξάζεται ἐν οὐδὲ πολλά.

οὐκ ἔοικεν.

οὐδ' ἄρα ὅμοια οὐδὲ ἀνόμοια.

οὐ γάρ.

οὐδὲ μὴν τὰ αὐτά γε οὐδ' ἕτερα, οὐδὲ ἀπτόμενα οὐδὲ χωρίς, οὐδὲ ἄλλα ὅσα ἐν τοῖς πρόσθεν διήλθομεν ὡς φαινόμενα αὐτά, τούτων οὔτε τι ἔστιν οὔτε φαίνεται τᾶλλα, ἐν εἰ μὴ ἔστιν.

ἀληθῆ.

οὐκοῦν καὶ [166c] συλλήβδην εἰ εἵπομεν, ἐν εἰ μὴ ἔστιν, οὐδέν ἔστιν, ὀρθῶς ἂν εἵπομεν;

παντάπασι μὲν οὖν.

εἰρήσθω τοίνυν τοῦτό τε καὶ ὅτι, ὡς ἔοικεν, ἐν εἴτ' ἔστιν εἴτε μὴ ἔστιν, αὐτό τε καὶ τᾶλλα καὶ πρὸς αὐτὰ καὶ πρὸς ἄλληλα πάντα πάντως ἐστὶ τε καὶ οὐκ ἔστι καὶ φαίνεται τε καὶ οὐ φαίνεται.

ἀληθέστατα.

THEAETETUS

Εὐκλείδης

ἄρτι, ὦ Τερψίων, ἢ πάλαι ἐξ ἀγροῦ;

Τερψίων

ἐπιεικῶς πάλαι. καὶ σέ γε ἐζήτουν κατ' ἀγορὰν καὶ ἐθαύμαζον ὅτι οὐχ οἷός τ' ἦ εὐρεῖν.

Εὐκλείδης

οὐ γὰρ ἦ κατὰ πόλιν.

Τερψίων

ποῦ μήν;

Εὐκλείδης

εἰς λιμένα καταβαίνων Θεαιτήτῳ ἐνέτυχον φερομένῳ ἐκ Κορίνθου ἀπὸ τοῦ στρατοπέδου Ἀθήναζε.

Τερψίων

ζῶντι ἢ τετελευτηκότι;

[142b] Εὐκλείδης

ζῶντι καὶ μάλα μόλις: χαλεπῶς μὲν γὰρ ἔχει καὶ ὑπὸ τραυμάτων

τινῶν, μᾶλλον μὴν αὐτὸν αἶρεῖ τὸ γεγονὸς νόσημα ἐν τῷ στρατεύματι.

Τερψίων

μῶν ἢ δυσεντερία;

Εὐκλείδης

ναί.

Τερψίων

οἷον ἄνδρα λέγεις ἐν κινδύνῳ εἶναι.

Εὐκλείδης

καλὸν τε καὶ ἀγαθόν, ὦ Τερψίων, ἐπεὶ τοι καὶ νῦν ἤκουόν τινων μάλα ἐγκωμιαζόντων αὐτὸν περὶ τὴν μάχην.

Τερψίων

καὶ οὐδέν γ' ἄτοπον, ἀλλὰ πολὺ θαυμαστότερον εἰ [142c] μὴ τοιοῦτος ᾗν. ἀτὰρ πῶς οὐκ αὐτοῦ Μεγαροῖ κατέλυεν;

Εὐκλείδης

ἠπεύγετο οἴκαδε: ἐπεὶ ἔγωγ' ἐδεόμην καὶ συνεβούλευον, ἀλλ' οὐκ ἠθελεν. καὶ δῆτα προπέμψας αὐτόν, ἀπιὼν πάλιν ἀνεμνήσθην καὶ ἐθαύμασα Σωκράτους ὡς μαντικῶς ἄλλα τε δὴ εἶπε καὶ περὶ τούτου. δοκεῖ γάρ μοι ὀλίγον πρὸ τοῦ θανάτου ἐντυχεῖν αὐτῷ μειρακίῳ ὄντι,

καὶ συγγενόμενός τε καὶ διαλεχθεὶς πάνυ ἀγασθῆναι αὐτοῦ τὴν φύσιν. καὶ μοι ἐλθόντι Ἀθήναζε τοὺς τε λόγους οὕς διελέχθη [142d] αὐτῷ διηγήσατο καὶ μάλα ἀξιόους ἀκοῆς, εἶπέ τε ὅτι πᾶσα ἀνάγκη εἴη τοῦτον ἐλλόγιμον γενέσθαι, εἴπερ εἰς ἡλικίαν ἔλθοι.

Τερψίων

καὶ ἀληθῇ γε, ὥς ἔοικεν, εἶπεν. ἀτὰρ τίνες ἦσαν οἱ λόγοι; ἔχεις ἂν διηγήσασθαι;

Εὐκλείδης

οὐ μὰ τὸν Δία, οὐκουν οὕτω γε ἀπὸ στόματος: [143a] ἀλλ' ἐγραψάμην μὲν τότε εὐθὺς οἴκαδ' ἐλθὼν ὑπομνήματα, ὕστερον δὲ κατὰ σχολὴν ἀναμνησκόμενος ἔγραφον, καὶ ὁσάκις Ἀθήναζε ἀφικοίμην, ἐπανηρώτων τὸν Σωκράτη ὃ μὴ ἐμεμνήμην, καὶ δεῦρο ἐλθὼν ἐπνηροθούμην: ὥστε μοι σχεδὸν τι πᾶς ὁ λόγος γέγραπται.

Τερψίων

ἀληθῇ: ἤκουσά σου καὶ πρότερον, καὶ μέντοι ἀεὶ μέλλων κελεύσειν ἐπιδειῖξαι διατέτριφα δεῦρο. ἀλλὰ τί κωλύει νῦν ἡμᾶς διελθεῖν; πάντως ἔγωγε καὶ ἀναπαύσασθαι δέομαι ὥς ἐξ ἀγροῦ ἦκων.

[143b] Εὐκλείδης

ἀλλὰ μὲν δὴ καὶ αὐτὸς μέχρι Ἑρινοῦ Θεαίτητον προύπεμψα, ὥστε οὐκ ἂν ἀηδῶς ἀναπαυοίμην. ἀλλ' ἴωμεν, καὶ ἡμῖν ἅμα ἀναπαυόμενοις ὁ παῖς ἀναγνώσεται.

Τερψίων

ὀρθῶς λέγεις.

Εὐκλείδης

τὸ μὲν δὴ βιβλίον, ὃ Τερψίων, τουτί: ἐγραψάμην δὲ δὴ οὕτωςι τὸν λόγον, οὐκ ἐμοὶ Σωκράτη διηγούμενον ὡς διηγείτο, ἀλλὰ διαλεγόμενον οἷς ἔφη διαλεχθῆναι. ἔφη δὲ τῷ τε γεωμέτρῃ Θεοδώρῳ καὶ τῷ Θεαιτήτῳ. ἵνα οὖν ἐν τῇ [143c] γραφῇ μὴ παρέχοιεν πράγματα αἱ μεταξὺ τῶν λόγων διηγήσεις περὶ αὐτοῦ τε ὁπότε λέγοι ὁ Σωκράτης, οἷον “καὶ ἐγὼ ἔφην” ἢ “καὶ ἐγὼ εἶπον,” ἢ αὖ περὶ τοῦ ἀποκρινομένου ὅτι “συνέφη” ἢ “οὐχ ὡμολόγει,” τούτων ἕνεκα ὡς αὐτὸν αὐτοῖς διαλεγόμενον ἔγραψα, ἐξελὼν τὰ τοιαῦτα.

Τερψίων

καὶ οὐδέν γε ἀπὸ τρόπου, ὦ Εὐκλείδη.

Εὐκλείδης

ἀλλά, παῖ, λαβὲ τὸ βιβλίον καὶ λέγε.

[143d] Σωκράτης

εἰ μὲν τῶν ἐν Κυρήνῃ μᾶλλον ἐκηδόμην, ὦ Θεόδωρε, τὰ ἐκεῖ ἂν σε καὶ περὶ ἐκείνων ἀνηρώτων, εἴ τινες αὐτόθι περὶ γεωμετρίαν ἢ τινα ἄλλην φιλοσοφίαν εἰσὶ τῶν νέων ἐπιμέλειαν ποιούμενοι: νῦν δὲ ἥττον γὰρ ἐκείνους ἢ τούσδε φιλῶ, καὶ μᾶλλον ἐπιθυμῶ εἰδέναι τίνες ἡμῖν τῶν νέων ἐπίδοξοι γενέσθαι ἐπιεικεῖς. ταῦτα δὴ αὐτός τε σκοπῶ καθ’ ὅσον δύναμαι, καὶ τοὺς ἄλλους ἐρωτῶ οἷς ἂν ὀρῶ τοὺς νέους ἐθέλοντας συγγίγνεσθαι. σοὶ δὲ οὐκ ὀλίγιστοι πλησιάζουσιν, [143e] καὶ δικαίως: ἄξιός γάρ τά τε ἄλλα καὶ γεωμετρίας ἕνεκα. εἰ δὲ οὖν τινι ἐνέτυχες ἀξίῳ λόγῳ, ἡδέως ἂν πυθοίμην.

Θεόδωρος

καὶ μὴν, ὦ Σώκρατες, ἐμοὶ τε εἰπεῖν καὶ σοὶ ἀκοῦσαι πάνν ἄξιον οἶω ὑμῖν τῶν πολιτῶν μειρακίῳ ἐντετύχηκα. καὶ εἰ μὲν ἦν καλός, ἐφοβούμην ἂν σφόδρα λέγειν, μὴ καὶ τῷ δόξῳ ἐν ἐπιθυμίᾳ αὐτοῦ εἶναι. νῦν δέ — καὶ μὴ μοι ἄχθου — οὐκ ἔστι καλός, προσέεικε δὲ σοὶ τὴν τε σιμότητα καὶ τὸ ἔξω τῶν ὁμμάτων: ἦττον δὲ ἢ σὺ ταῦτ' ἔχει. [144a] ἀδεῶς δὴ λέγω. εὖ γὰρ ἴσθι ὅτι ὢν δὴ πώποτε ἐνέτυχον — καὶ πάνν πολλοῖς πεπλησίακα — οὐδένα πῶ ἡσθόμην οὕτῳ θαυμαστώδῳ εὖ πεφυκότα. τὸ γὰρ εὐμαθῇ ὄντα ὡς ἄλλῳ χαλεπὸν πρᾶον αὐτὸ εἶναι διαφερόντως, καὶ ἐπὶ τούτοις ἀνδρεῖον παρ' ὄντινούν, ἐγὼ μὲν οὐτ' ἂν ὥομην γενέσθαι οὔτε ὁρῶ γιγνόμενον: ἀλλ' οἱ τε ὀξεῖς ὥσπερ οὗτος καὶ ἀγχίνοι καὶ μνήμονες ὡς τὰ πολλὰ καὶ πρὸς τὰς ὀργὰς ὀξύρροποι εἰσι, καὶ ἄττοντες φέρονται ὥσπερ τὰ ἀνερμάτιστα [144b] πλοῖα, καὶ μανικώτεροι ἢ ἀνδρειότεροι φύονται, οἱ τε αὐτὸ ἐμβριθέστεροι νωθοὶ πῶς ἀπαντῶσι πρὸς τὰς μαθήσεις καὶ λήθης γέμοντες. ὁ δὲ οὕτῳ λείως τε καὶ ἀπταιστώως καὶ ἀνυσίμως ἔρχεται ἐπὶ τὰς μαθήσεις τε καὶ ζητήσεις μετὰ πολλῆς πρᾶότητος, οἷον ἐλαίου ρεῦμα ἀποφητὶ ρέοντος, ὥστε θαυμάσαι τὸ τηλικούτον ὄντα οὕτως ταῦτα διαπράττεσθαι.

Σωκράτης

εὖ ἀγγέλλεις. τίνας δὲ καὶ ἔστι τῶν πολιτῶν;

Θεόδωρος

ἀκήκοα μὲν τοῦνομα, μνημονεύω δὲ οὔ. ἀλλὰ [144c] γὰρ ἔστι τῶνδε τῶν προσιόντων ὁ ἐν τῷ μέσῳ: ἄρτι γὰρ ἐν τῷ ἔξω δρόμῳ ἡλείφοντο ἐταῖροί τέ τινες οὗτοι αὐτοῦ καὶ αὐτός, νῦν δὲ μοι δοκοῦσιν ἀλειψάμενοι δεῦρο ἰέναι. ἀλλὰ σκόπει εἰ γινώσκεις αὐτόν.

Σωκράτης

γινώσκω: ὁ τοῦ Σουινῶς Εὐφρονίου ἐστίν, καὶ πάνυ γε, ὦ φίλε, ἄνδρὸς οἷον καὶ σὺ τοῦτον διηγῇ, καὶ ἄλλως εὐδοκίμου, καὶ μέντοι καὶ οὐσίαν μάλα πολλὴν κατέλιπεν. τὸ δ' ὄνομα οὐκ οἶδα τοῦ μεираκίου.

[144d] Θεόδωρος

Θεαίτητος, ὦ Σώκρατες, τό γε ὄνομα: τὴν μέντοι οὐσίαν δοκοῦσί μοι ἐπίτροποί τινες διεφθαρκέναι. ἀλλ' ὅμως καὶ πρὸς τὴν τῶν χρημάτων ἐλευθεριότητα θαυμαστός, ὦ Σώκρατες.

Σωκράτης

γεννικὸν λέγεις τὸν ἄνδρα. καὶ μοι κέλευε αὐτὸν ἐνθάδε παρακαθίζεσθαι.

Θεόδωρος

ἔσται ταῦτα. Θεαίτητε, δεῦρο παρὰ Σωκράτη.

Σωκράτης

πάνυ μὲν οὖν, ὦ Θεαίτητε, ἵνα καὶ γὰρ ἐμαυτὸν ἀνασκέψωμαι ποῖον τι ἔχω τὸ πρόσωπον: φησὶν γὰρ Θεόδωρος [144e] ἔχειν με σοὶ ὅμοιον. ἀτὰρ εἰ νῦν ἐχόντοιν ἑκατέρου λύραν ἔφη αὐτὰς ἡρμόσθαι ὁμοίως, πότερον εὐθὺς ἂν ἐπιστεύομεν ἢ ἐπεσκεψάμεθ' ἂν εἰ μουσικὸς ὢν λέγει;

Θεαίτητος

ἐπεσκεψάμεθ' ἄν.

Σωκράτης

οὐκοῦν τοιοῦτον μὲν εὐρόντες ἐπειθόμεθ' ἄν, ἄμουσον δέ,
ἠπιστοῦμεν;

Θεαίτητος

ἀληθῆ.

Σωκράτης

νῦν δέ γ', οἶμαι, εἴ τι μέλει ἡμῖν τῆς τῶν προσώπων [145a]
ὁμοιότητος, σκεπτέον εἰ γραφικὸς ὢν λέγει ἢ οὐ.

Θεαίτητος

δοκεῖ μοι.

Σωκράτης

ἢ οὖν ζωγραφικὸς Θεόδωρος;

Θεαίτητος

οὐχ, ὅσον γέ με εἰδέναι.

Σωκράτης

ἄρ' οὐδὲ γεωμετρικός;

Θεαίτητος

πάντως δήπου, ὦ Σώκρατες.

Σωκράτης

ἤ καὶ ἀστρονομικὸς καὶ λογιστικὸς τε καὶ μουσικὸς καὶ ὅσα παιδείας ἔχεται;

Θεαίτητος

ἔμοιγε δοκεῖ.

Σωκράτης

εἰ μὲν ἄρα ἡμᾶς τοῦ σώματός τι ὁμοίους φησὶν εἶναι ἐπαινῶν πῃ ἢ ψέγων, οὐ πάνυ αὐτῷ ἄξιον τὸν νοῦν προσέχειν.

Θεαίτητος

ἴσως οὔ.

[145b] Σωκράτης

τί δ' εἰ ποτέρου τὴν ψυχὴν ἐπαινοῖ πρὸς ἀρετὴν τε καὶ σοφίαν; ἄρ' οὐκ ἄξιον τῷ μὲν ἀκούσαντι προθυμεῖσθαι ἀνασκέψασθαι τὸν ἐπαινεθέντα, τῷ δὲ προθύμως ἑαυτὸν ἐπιδεικνύναι;

Θεαίτητος

πάνυ μὲν οὖν, ὦ Σώκρατες.

Σωκράτης

ὦρα τοίνυν, ὦ φίλε Θεαίτητε, σοὶ μὲν ἐπιδεικνύναι, ἐμοὶ δὲ σκοπεῖσθαι: ὥς εὖ ἴσθι ὅτι Θεόδωρος πολλοὺς δὴ πρὸς με ἐπαινέσας ξένους τε καὶ ἀστοὺς οὐδένα πω ἐπήνεσεν ὥς σὲ νυνδὴ.

Θεαίτητος

εὖ ἂν ἔχοι, ὦ Σώκρατες: ἀλλ' ὅρα μὴ παίζων [145c] ἔλεγεν.

Σωκράτης

οὐχ οὗτος ὁ τρόπος Θεοδώρου: ἀλλὰ μὴ ἀναδύου τὰ ὁμολογημένα σκηπτόμενος παίζοντα λέγειν τόνδε, ἵνα μὴ καὶ ἀναγκασθῇ μαρτυρεῖν — πάντως γὰρ οὐδεὶς ἐπισκῆψεν αὐτῷ — ἀλλὰ θαρρῶν ἔμμενε τῇ ὁμολογίᾳ.

Θεαίτητος

ἀλλὰ χρὴ ταῦτα ποιεῖν, εἰ σοὶ δοκεῖ.

Σωκράτης

λέγε δὴ μοι: μανθάνεις που παρὰ Θεοδώρου γεωμετρίας ἅττα;

Θεαίτητος

ἔγωγε.

[145d] Σωκράτης

καὶ τῶν περὶ ἀστρονομίαν τε καὶ ἁρμονίας καὶ λογισμούς;

Θεαίτητος

προθυμοῦμαί γε δῆ.

Σωκράτης

καὶ γὰρ ἐγώ, ὦ παῖ, παρὰ τε τούτου καὶ παρ' ἄλλων οὕς ἂν οἶωμαί τι τούτων ἐπαίΐειν. ἀλλ' ὅμως τὰ μὲν ἄλλα ἔχω περὶ αὐτὰ μετρίως, μικρὸν δέ τι ἀπορῶ ὃ μετὰ σοῦ τε καὶ τῶνδε σκεπτέον. καὶ μοι λέγε: ἄρ' οὐ τὸ μανθάνειν ἐστὶν τὸ σοφώτερον γίγνεσθαι περὶ ὃ μανθάνει τις;

Θεαίτητος

πῶς γὰρ οὐ;

Σωκράτης

σοφία δέ γ' οἶμαι σοφοὶ οἱ σοφοί.

Θεαίτητος

ναί.

[145e] Σωκράτης

τοῦτο δὲ μὲν διαφέρει τι ἐπιστήμης;

Θεαίτητος

τὸ ποῖον;

Σωκράτης

ἢ σοφία. ἢ οὐχ ἅπερ ἐπιστήμονες ταῦτα καὶ σοφοί;

Θεαίτητος

τί μῆν;

Σωκράτης

ταὐτὸν ἄρα ἐπιστήμη καὶ σοφία;

Θεαίτητος

ναί.

Σωκράτης

τοῦτ' αὐτὸ τοίνυν ἐστὶν ὁ ἀπορῶ καὶ οὐ δύναμαι λαβεῖν ἱκανῶς παρ' ἑμαυτῶ, ἐπιστήμη ὅτι ποτὲ τυγχάνει ὄν. [146a] ἄρ' οὖν δὴ ἔχομεν λέγειν αὐτό; τί φατέ; τίς ἂν ἡμῶν πρῶτος εἴποι; ὁ δὲ ἁμαρτῶν, καὶ ὃς ἂν αἰεὶ ἁμαρτάνῃ, καθεδεῖται, ὥσπερ φασὶν οἱ παῖδες οἱ σφαιρίζοντες, ὄνος: ὃς δ' ἂν περιγένῃται ἀναμάρτητος, βασιλεύσει ἡμῶν καὶ ἐπιτάξει ὅτι ἂν βούληται ἀποκρίνεσθαι. τί σιγᾶτε; οὐ τί που, ὦ Θεόδωρε, ἐγὼ ὑπὸ φιλολογίας ἀγροικίζομαι, προθυμούμενος ἡμᾶς ποιῆσαι διαλέγεσθαι καὶ φίλους τε καὶ προσηγόρους ἀλλήλοις γίνεσθαι;

[146b] Θεόδωρος

ἥκιστα μὲν, ὦ Σώκρατες, τὸ τοιοῦτον ἂν εἴη ἄγροικον, ἀλλὰ τῶν
μειρακίων τι κέλευέ σοι ἀποκρίνεσθαι: ἐγὼ μὲν γὰρ ἀήθης τῆς
τοιαύτης διαλέκτου, καὶ οὐδ' αὖ συνεθίζεσθαι ἡλικίαν ἔχω. τοῖσδε δὲ
πρέποι τε ἂν τοῦτο καὶ πολὺ πλέον ἐπιδιδόειν: τῷ γὰρ ὄντι ἡ νεότης
εἰς πᾶν ἐπίδοσιν ἔχει. ἀλλ', ὥσπερ ἦρξω, μὴ ἀφίεσο τοῦ Θεαιτήτου
ἀλλ' ἐρώτα.

Σωκράτης

ἀκούεις δὴ, ὦ Θεαίτητε, ἃ λέγει Θεόδωρος, ᾧ [146c] ἀπειθεῖν, ὥς
ἐγὼ οἶμαι, οὔτε σὺ ἐθελήσεις, οὔτε θέμις περὶ τὰ τοιαῦτα ἀνδρὶ σοφῷ
ἐπιτάττοντι νεώτερον ἀπειθεῖν. ἀλλ' εὖ καὶ γενναίως εἰπέ: τί σοι
δοκεῖ εἶναι ἐπιστήμη;

Θεαίτητος

ἀλλὰ χρή, ὦ Σώκρατες, ἐπειδὴ περ ὑμεῖς κελεύετε. πάντως γάρ, ἂν τι
καὶ ἀμάρτω, ἐπανορθώσετε.

Σωκράτης

πάνυ μὲν οὖν, ἄνπερ γε οἰοί τε ὦμεν.

Θεαίτητος

δοκεῖ τοίνυν μοι καὶ ἃ παρὰ Θεοδώρου ἂν τις μάθοι ἐπιστῆμαι εἶναι,
γεωμετρία τε καὶ ἄς νυνδὴ σὺ διήλθες, [146d] καὶ αὖ σκυτοτομική τε
καὶ αἱ τῶν ἄλλων δημιουργῶν τέχναι, πᾶσαί τε καὶ ἐκάστη τούτων,
οὐκ ἄλλο τι ἢ ἐπιστήμη εἶναι.

Σωκράτης

γενναίως γε καὶ φιλοδώρως, ὦ φίλε, ἐν αἰτηθεῖς πολλά δίδως καὶ ποικίλα ἀντὶ ἀπλοῦ.

Θεαίτητος

πῶς τί τοῦτο λέγεις, ὦ Σώκρατες;

Σωκράτης

ἴσως μὲν οὐδέν· ὁ μέντοι οἶμαι, φράσω. ὅταν λέγῃς σκυτικήν, μή τι ἄλλο φράζεις ἢ ἐπιστήμην ὑποδημάτων ἐργασίας;

Θεαίτητος

οὐδέν.

[146e] Σωκράτης

τί δ' ὅταν τεκτονικήν; μή τι ἄλλο ἢ ἐπιστήμην τῆς τῶν ξυλίνων σκευῶν ἐργασίας;

Θεαίτητος

οὐδὲ τοῦτο.

Σωκράτης

οὐκοῦν ἐν ἀμφοῖν, οὗ ἑκατέρα ἐπιστήμη, τοῦτο ὀρίζεις;

Θεαίτητος

ναί.

Σωκράτης

τὸ δέ γ' ἐρωτηθέν, ὃ Θεαίτητε, οὐ τοῦτο ἦν, τίνων ἡ ἐπιστήμη, οὐδὲ ὁπόσαι τινές: οὐ γὰρ ἀριθμῆσαι αὐτάς βουλόμενοι ἠρόμεθα ἀλλὰ γνῶναι ἐπιστήμην αὐτὸ ὅτι ποτ' ἐστίν. ἢ οὐδὲν λέγω;

Θεαίτητος

πάνυ μὲν οὖν ὀρθῶς.

[147a] Σωκράτης

σκέψαι δὴ καὶ τόδε. εἴ τις ἡμᾶς τῶν φαύλων τι καὶ προχείρων ἔροιτο, οἷον περὶ πηλοῦ ὅτι ποτ' ἐστίν, εἰ ἀποκριναίμεθα αὐτῷ πηλὸς ὁ τῶν χυτρέων καὶ πηλὸς ὁ τῶν ἱπνοπλαθῶν καὶ πηλὸς ὁ τῶν πλινθουργῶν, οὐκ ἂν γελοῖοι εἴμεν;

Θεαίτητος

ἴσως.

Σωκράτης

πρῶτον μὲν γέ που οἰόμενοι συνιέναι ἐκ τῆς ἡμετέρας ἀποκρίσεως τὸν ἐρωτῶντα, ὅταν εἴπωμεν πηλός, εἴτε ὁ τῶν [147b] κοροπλαθῶν προσθέντες εἴτε ἄλλων ὠντινωνοῦν δημιουργῶν. ἢ οἶει τίς τι συνήσιν τινος ὄνομα, ὃ μὴ οἶδεν τί ἐστίν;

Θεαίτητος

οὐδαμῶς.

Σωκράτης

οὐδ' ἄρα ἐπιστήμην ὑποδημάτων συνήσιν ὁ ἐπιστήμην μὴ εἰδώς.

Θεαίτητος

οὐ γάρ.

Σωκράτης

σκυτικὴν ἄρα οὐ συνήσιν ὅς ἂν ἐπιστήμην ἀγνοῇ, οὐδέ τινα ἄλλην τέχνην.

Θεαίτητος

ἔστιν οὕτως.

Σωκράτης

γελοία ἄρα ἢ ἀπόκρισις τῷ ἐρωτηθέντι ἐπιστήμη τί ἐστιν, ὅταν ἀποκρίνηται τέχνης τινὸς ὄνομα. τινὸς γὰρ [147c] ἐπιστήμην ἀποκρίνεται οὐ τοῦτ' ἐρωτηθεῖς.

Θεαίτητος

ἔοικεν.

Σωκράτης

ἔπειτά γέ που ἐξὸν φαύλως καὶ βραχέως ἀποκρίνασθαι περιέρχεται ἀπέραντον ὁδόν. οἷον καὶ ἐν τῇ τοῦ πηλοῦ ἐρωτήσει φαῦλόν που καὶ ἀπλοῦν εἰπεῖν ὅτι γῇ ὑγρῷ φυραθεῖσα πηλὸς ἂν εἴη, τὸ δ' ὅτου ἐᾷν χαίρειν.

Θεαίτητος

ῥαδιον, ὦ Σώκρατες, νῦν γε οὕτω φαίνεται: ἀτὰρ κινδυνεύεις ἐρωτᾶν οἷον καὶ αὐτοῖς ἡμῖν ἔναγχος εἰσῆλθε [147d] διαλεγόμενοις, ἐμοί τε καὶ τῷ σῷ ὁμωνύμῳ τούτῳ Σωκράτει.

Σωκράτης

τὸ ποῖον δὴ, ὦ Θεαίτητε;

Θεαίτητος

περὶ δυνάμεών τι ἡμῖν Θεόδωρος ὅδε ἔγραφε, τῆς τε τρίποδος πέρι καὶ πεντέποδος [ἀποφαίνων] ὅτι μήκει οὐ σύμμετροι τῇ ποδιαίᾳ, καὶ οὕτω κατὰ μίαν ἐκάστην προαιρούμενος μέχρι τῆς ἑπτακαιδεκάποδος: ἐν δὲ ταύτῃ πως ἐνέσχετο. ἡμῖν οὖν εἰσῆλθέ τι τοιοῦτον, ἐπειδὴ ἄπειροι τὸ πλῆθος αἱ δυνάμεις ἐφαίνοντο, πειραθῆναι συλλαβεῖν εἰς ἓν, ὅτῳ πάσας [147e] ταύτας προσσαγορεύσομεν τὰς δυνάμεις.

Σωκράτης

ἦ καὶ ἡῤετέ τι τοιοῦτον;

Θεαίτητος

ἔμοιγε δοκοῦμεν: σκόπει δὲ καὶ σύ.

Σωκράτης

λέγε.

Θεαίτητος

τὸν ἀριθμὸν πάντα δίχα διελάβομεν: τὸν μὲν δυνάμενον ἴσον ἰσάκις γίνεσθαι τῷ τετραγώνῳ τὸ σχῆμα ἀπεικάσαντες τετράγωνόν τε καὶ ἰσόπλευρον προσείπομεν.

Σωκράτης

καὶ εὖ γε.

Θεαίτητος

τὸν τοίνυν μεταξὺ τούτου, ὧν καὶ τὰ τρία καὶ [148a] τὰ πέντε καὶ πᾶς ὃς ἀδύνατος ἴσος ἰσάκις γενέσθαι, ἀλλ' ἢ πλείων ἐλαττονάκις ἢ ἐλάττων πλεονάκις γίγνεται, μείζων δὲ καὶ ἐλάττων ἀεὶ πλευρὰ αὐτὸν περιλαμβάνει, τῷ προμήκει αὐτῷ σχήματι ἀπεικάσαντες προμήκη ἀριθμὸν ἐκαλέσαμεν.

Σωκράτης

κάλλιστα. ἀλλὰ τί τὸ μετὰ τοῦτο;

Θεαίτητος

ὅσαι μὲν γραμμαὶ τὸν ἰσόπλευρον καὶ ἐπίπεδον ἀριθμὸν τετραγωνίζουσι, μῆκος ὠρισάμεθα, ὅσαι δὲ τὸν ἑτερομήκη, [148b] δυνάμεις, ὡς μήκει μὲν οὐ συμμετρους ἐκείναις, τοῖς δ' ἐπιπέδοις ἃ δύνανται. καὶ περὶ τὰ στερεὰ ἄλλο τοιοῦτον.

Σωκράτης

ἄριστά γ' ἀνθρώπων, ὦ παῖδες· ὥστε μοι δοκεῖ ὁ Θεόδωρος οὐκ ἔνοχος τοῖς ψευδομαρτυρίαις ἔσσεσθαι.

Θεαίτητος

καὶ μὴν, ὦ Σώκρατες, ὅ γε ἐρωτᾷς περὶ ἐπιστήμης οὐκ ἂν δυναίμην ἀποκρίνασθαι ὥσπερ περὶ τοῦ μήκους τε καὶ τῆς δυνάμεως. καίτοι σύ γέ μοι δοκεῖς τοιοῦτόν τι ζητεῖν· ὥστε πάλιν αὖ φαίνεται ψευδὴς ὁ Θεόδωρος.

[148c] Σωκράτης

τί δέ; εἴ σε πρὸς δρόμον ἐπαινῶν μηδενὶ οὕτω δρομικῷ ἔφη τῶν νέων ἐντετυχηκέναι, εἴτα διαθέων τοῦ ἀκμάζοντος καὶ ταχίστου ἡττήθης, ἥττόν τι ἂν οἶε ἀληθῆ τόνδ' ἐπαινέσαι;

Θεαίτητος

οὐκ ἔγωγε.

Σωκράτης

ἀλλὰ τὴν ἐπιστήμην, ὥσπερ νυνδὴ ἐγὼ ἔλεγον, σμικρὸν τι οἶε εἶναι ἐξευρεῖν καὶ οὐ τῶν πάντη ἄκρων;

Θεαίτητος

νῆ τὸν Δί' ἔγωγε καὶ μάλα γε τῶν ἀκροτάτων.

Σωκράτης

θάρρει τοίνυν περὶ σαντῶ καὶ τί οἴου Θεόδωρον [148d] λέγειν, προθυμήθητι δὲ παντὶ τρόπῳ τῶν τε ἄλλων πέρι καὶ ἐπιστήμης λαβεῖν λόγον τί ποτε τυγχάνει ὄν.

Θεαίτητος

προθυμίας μὲν ἔνεκα, ὃ Σώκρατες, φανεῖται.

Σωκράτης

ἴθι δὴ — καλῶς γὰρ ἄρτι ὑφηγήσω — πειρῶ μιμούμενος τὴν περὶ τῶν δυνάμεων ἀπόκρισιν, ὥσπερ ταύτας πολλὰς οὔσας ἐνὶ εἴδει περιέλαβες, οὕτω καὶ τὰς πολλὰς ἐπιστήμας ἐνὶ λόγῳ προσειπεῖν.

[148e] Θεαίτητος

ἀλλ' εὖ ἴσθι, ὃ Σώκρατες, πολλάκις δὴ αὐτὸ ἐπεχείρησα σκέψασθαι, ἀκούων τὰς παρὰ σοῦ ἀποφερομένας ἐρωτήσεις. ἀλλὰ γὰρ οὔτ' αὐτὸς δύναμαι πεῖσαι ἑμαυτὸν ὥς ἱκανῶς τι λέγω οὔτ' ἄλλου ἀκοῦσαι λέγοντος οὕτως ὥς σὺ διακελεύῃ, οὐ μὲν δὴ αὖ οὐδ' ἀπαλλαγῆναι τοῦ μέλιν.

Σωκράτης

ὠδίνεις γάρ, ὃ φίλε Θεαίτητε, διὰ τὸ μὴ κενὸς ἀλλ' ἐγκύμων εἶναι.

Θεαίτητος

οὐκ οἶδα, ὦ Σώκρατες: ὁ μέντοι πέπονθα λέγω.

[149a] Σωκράτης

εἶτα, ὦ καταγέλαστε, οὐκ ἀκήκοας ὥς ἐγὼ εἰμι υἱὸς μαίης μάλα γενναίας τε καὶ βλοσυρᾶς, Φαιναρέτης;

Θεαίτητος

ἤδη τοῦτό γε ἤκουσα.

Σωκράτης

ἄρα καὶ ὅτι ἐπιτηδεύω τὴν αὐτὴν τέχνην ἀκήκοας;

Θεαίτητος

οὐδαμῶς.

Σωκράτης

ἀλλ' εἴ ἴσθ' ὅτι: μὴ μέντοι μου κατείπης πρὸς τοὺς ἄλλους. λέληθα γάρ, ὦ ἐταῖρε, ταύτην ἔχων τὴν τέχνην: οἱ δέ, ἅτε οὐκ εἰδότες, τοῦτο μὲν οὐ λέγουσι περὶ ἐμοῦ, ὅτι δὲ ἀτοπώτατός εἰμι καὶ ποιῶ τοὺς ἀνθρώπους ἀπορεῖν. ἢ καὶ τοῦτο ἀκήκοας;

[149b] Θεαίτητος

ἔγωγε.

Σωκράτης

εἶπω οὖν σοι τὸ αἴτιον;

Θεαίτητος

πάνυ μὲν οὖν.

Σωκράτης

ἐννόησον δὴ τὸ περὶ τὰς μαίιας ἅπαν ὥς ἔχει, καὶ ῥᾶον μαθήσῃ ὁ βούλομαι. οἴσθα γάρ που ὥς οὐδεμία αὐτῶν ἔτι αὐτὴ κυῖσκομένη τε καὶ τίκτουσα ἄλλας μαιεύεται, ἀλλ' αἱ ἥδη ἀδύνατοι τίκτειν.

Θεαίτητος

πάνυ μὲν οὖν.

Σωκράτης

αἰτίαν δέ γε τούτου φασὶν εἶναι τὴν Ἄρτεμιν, ὅτι ἄλοχος οὔσα τὴν λοχείαν εἵληχε. στερίφαις μὲν οὖν ἄρα [149c] οὐκ ἔδωκε μαιεύεσθαι, ὅτι ἡ ἀνθρωπίνη φύσις ἀσθενεστέρα ἢ λαβεῖν τέχνην ὣν ἂν ἦ ἄπειρος· ταῖς δὲ δι' ἡλικίαν ἀτόκοις προσέταξε τιμῶσα τὴν αὐτῆς ὁμοιότητα.

Θεαίτητος

εἰκός.

Σωκράτης

οὐκοῦν καὶ τόδε εἰκός τε καὶ ἀναγκαῖον, τὰς κυούσας καὶ μὴ
γιγνώσκεσθαι μᾶλλον ὑπὸ τῶν μαιῶν ἢ τῶν ἄλλων;

Θεαίτητος

πάνυ γε.

Σωκράτης

καὶ μὴν καὶ διδοῦσαί γε αἱ μαῖαι φαρμάκια καὶ [149d] ἐπάδουσαι
δύνανται ἐγείρειν τε τὰς ὠδῖνας καὶ μαλθακωτέρας ἂν βούλονται
ποιεῖν, καὶ τίκτειν τε δὴ τὰς δυστοκούσας, καὶ ἐὰν ἴνέον ὄντ' δόξῃ
ἀμβλίσκειν, ἀμβλίσκουσιν;

Θεαίτητος

ἔστι ταῦτα.

Σωκράτης

ἄρ' οὖν ἔτι καὶ τόδε αὐτῶν ἦσθησαι, ὅτι καὶ προμνήστριαί εἰσι
δεινόταται, ὥς πάσσοφοι οὔσαι περὶ τοῦ γινῶναι ποίαν χρή ποίῳ
ἀνδρὶ συνοῦσαν ὡς ἀρίστους παῖδας τίκτειν;

Θεαίτητος

οὐ πάνυ τοῦτο οἶδα.

Σωκράτης

ἀλλ' ἴσθ' ὅτι ἐπὶ τούτῳ μεῖζον φρονοῦσιν ἢ ἐπὶ [149e] τῇ

ὁμφαλητομία. ἐννόει γάρ: τῆς αὐτῆς ἢ ἄλλης οἶει τέχνης εἶναι
θεραπείαν τε καὶ συγκομιδὴν τῶν ἐκ γῆς καρπῶν καὶ αὖ τὸ
γινώσκειν εἰς ποίαν γῆν ποῖον φυτόν τε καὶ σπέρμα καταβλητέον;

Θεαίτητος

οὐκ, ἀλλὰ τῆς αὐτῆς.

Σωκράτης

εἰς γυναῖκα δέ, ὦ φίλε, ἄλλην μὲν οἶει τοῦ τοιούτου, ἄλλην δὲ
συγκομιδῆς;

Θεαίτητος

οὕκουν εἰκός γε.

[150a] Σωκράτης

οὐ γάρ. ἀλλὰ διὰ τὴν ἄδικόν τε καὶ ἄτεχνον συναγωγὴν ἀνδρὸς καὶ
γυναικός, ἥ δὴ προαγωγή ὄνομα, φεύγουσι καὶ τὴν προμνηστικὴν
ἅτε σεμναὶ οὔσαι αἱ μαῖαι, φοβούμεναι μὴ εἰς ἐκείνην τὴν αἰτίαν διὰ
ταύτην ἐμπέσωσιν: ἐπεὶ ταῖς γε ὄντως μαίαις μόναις που προσήκει
καὶ προμνήσασθαι ὀρθῶς.

Θεαίτητος

φαίνεται.

Σωκράτης

τὸ μὲν τοίνυν τῶν μαιῶν τοσοῦτον, ἔλαττον δὲ τοῦ ἐμοῦ δράματος. οὐ γὰρ πρόσεστι γυναιξὶν ἐνίοτε μὲν [150b] εἰδῶλα τίκτειν, ἔστι δ' ὅτε ἀληθινά, τοῦτο δὲ μὴ ῥάδιον εἶναι διαγνῶναι. εἰ γὰρ προσῆν, μέγιστον τε καὶ κάλλιστον ἔργον ἦν ἂν ταῖς μαίαις τὸ κρίνειν τὸ ἀληθές τε καὶ μὴ: ἢ οὐκ οἶει;

Θεαίτητος

ἔγωγε.

Σωκράτης

τῇ δέ γ' ἐμῇ τέχνῃ τῆς μαιεύσεως τὰ μὲν ἄλλα ὑπάρχει ὅσα ἐκείναις, διαφέρει δὲ τῷ τε ἄνδρας ἀλλὰ μὴ γυναικας μαιεύεσθαι καὶ τῷ τὰς ψυχὰς αὐτῶν τικτούσας ἐπισκοπεῖν ἀλλὰ μὴ τὰ σώματα. μέγιστον δὲ τοῦτ' ἐνὶ [150c] τῇ ἡμετέρᾳ τέχνῃ, βασανίζειν δυνατόν εἶναι παντὶ τρόπῳ πότερον εἰδῶλον καὶ ψεῦδος ἀποτίκτει τοῦ νέου ἢ διάνοια ἢ γόνιμόν τε καὶ ἀληθές. ἐπεὶ τόδε γε καὶ ἐμοὶ ὑπάρχει ὅπερ ταῖς μαίαις: ἄγονός εἰμι σοφίας, καὶ ὅπερ ἤδη πολλοὶ μοι ὠνείδισαν, ὥς τοὺς μὲν ἄλλους ἐρωτῶ, αὐτὸς δὲ οὐδὲν ἀποφαίνομαι περὶ οὐδενὸς διὰ τὸ μηδὲν ἔχειν σοφόν, ἀληθές ὠνείδιζουσιν. τὸ δὲ αἴτιον τούτου τόδε: μαιεύεσθαι με ὁ θεὸς ἀναγκάζει, γεννᾶν δὲ ἀπεκώλυσεν. εἰμι δὴ οὖν αὐτὸς [150d] μὲν οὐ πάνυ τι σοφός, οὐδέ τί μοι ἔστιν εὕρημα τοιοῦτον γεγονὸς τῆς ἐμῆς ψυχῆς ἔκγονον: οἱ δ' ἐμοὶ συγγιγνόμενοι τὸ μὲν πρῶτον φαίνονται ἔνιοι μὲν καὶ πάνυ ἀμαθεῖς, πάντες δὲ προϋούσης τῆς συνουσίας, οἷσπερ ἂν ὁ θεὸς παρείκη, θαυμαστὸν ὅσον ἐπιδιδόντες, ὥς αὐτοῖς τε καὶ τοῖς ἄλλοις δοκοῦσι: καὶ τοῦτο ἐναργές ὅτι παρ' ἐμοῦ οὐδὲν πώποτε μαθόντες, ἀλλ' αὐτοὶ παρ' αὐτῶν πολλὰ καὶ καλὰ εὐρόντες τε καὶ τεκόντες. τῆς μέντοι μαιείας ὁ θεός τε καὶ ἐγὼ [150e] αἴτιος. ὧδε δὲ δῆλον: πολλοὶ ἤδη τοῦτο ἀγνοήσαντες καὶ ἑαυτοὺς αἰτιασάμενοι, ἐμοῦ δὲ καταφρονήσαντες, ἢ αὐτοὶ ἢ ὑπ' ἄλλων πεισθέντες ἀπῆλθον πρωαίτερον τοῦ δέοντος, ἀπελθόντες δὲ τὰ τε λοιπὰ ἐξήμβλωσαν διὰ πονηρὰν συνουσίαν καὶ τὰ ὑπ' ἐμοῦ μαιευθέντα κακῶς τρέφοντες ἀπώλεσαν, ψευδῇ καὶ εἰδῶλα περὶ πλείονος ποιησάμενοι τοῦ ἀληθοῦς, τελευτῶντες δ'

αὐτοῖς τε καὶ τοῖς ἄλλοις [151a] ἔδοξαν ἀμαθεῖς εἶναι. ὦν εἷς γέγονεν Ἀριστείδης ὁ Λυσιμάχου καὶ ἄλλοι πάνυ πολλοί: οὓς, ὅταν πάλιν ἔλθωσι δεόμενοι τῆς ἐμῆς συνουσίας καὶ θαυμαστὰ δρῶντες, ἐνίοις μὲν τὸ γιγνόμενόν μοι δαιμόνιον ἀποκωλύει συνεῖναι, ἐνίοις δὲ ἔἴ, καὶ πάλιν οὗτοι ἐπιδιδόασιν. πάσχουσι δὲ δὴ οἱ ἐμοὶ συγγιγνόμενοι καὶ τοῦτο ταῦτόν ταῖς τικτούσαις: ὠδίνουσι γὰρ καὶ ἀπορίας ἐμπίμπλονται νύκτας τε καὶ ἡμέρας πολὺ μᾶλλον ἢ ‘κεῖναι: ταύτην δὲ τὴν ὠδῖνα ἐγείρειν τε καὶ [151b] ἀποπαύειν ἢ ἐμὴ τέχνη δύναται. καὶ οὗτοι μὲν δὴ οὕτως. ἐνίοις δέ, ὦ Θεαίτητε, οἱ ἂν μοι μὴ δόξωσί πως ἐγκύμονες εἶναι, γνοὺς ὅτι οὐδὲν ἐμοῦ δέονται, πάνυ εὐμενῶς προμνῶμαι καί, σὺν θεῷ εἰπεῖν, πάνυ ἱκανῶς τοπάζω οἷς ἂν συγγενόμενοι ὄναιτο: ὦν πολλοὺς μὲν δὴ ἐξέδωκα προδίκῳ, πολλοὺς δὲ ἄλλοις σοφοῖς τε καὶ θεσπεσίοις ἀνδράσι. ταῦτα δὴ σοι, ὦ ἄριστε, ἔνεκα τοῦδε ἐμήκυνα: ὑποπεύω σε, ὥσπερ καὶ αὐτὸς οἶει, ὠδίνειν τι κυοῦντα ἔνδον. προσφέρου οὖν [151c] πρὸς με ὡς πρὸς μαίας ὑὸν καὶ αὐτὸν μαιευτικόν, καὶ ἃ ἂν ἐρωτῶ προθυμοῦ ὅπως οἷός τ’ εἶ οὕτως ἀποκρίνασθαι: καὶ ἐὰν ἄρα σκοπούμενός τι ὦν ἂν λέγῃς ἡγήσωμαι εἰδῶλον καὶ μὴ ἀληθές, εἴτα ὑπεξαιρῶμαι καὶ ἀποβάλλω, μὴ ἀγρίαινε ὥσπερ αἱ πρωτοτόκοι περὶ τὰ παιδία. πολλοὶ γὰρ ἤδη, ὦ θαυμάσιε, πρὸς με οὕτω διετέθησαν, ὥστε ἀτεχνῶς δάκνειν ἔτοιμοι εἶναι, ἐπειδάν τινα λῆρον αὐτῶν ἀφαιρῶμαι, καὶ οὐκ οἶονταί με εὐνοίᾳ τοῦτο ποιεῖν, πόρρῳ ὄντες τοῦ εἰδέναι ὅτι [151d] οὐδεὶς θεὸς δύσνους ἀνθρώποις, οὐδ’ ἐγὼ δυσνοία τοιοῦτον οὐδὲν δρῶ, ἀλλὰ μοι ψευδός τε συγχωρῆσαι καὶ ἀληθὲς ἀφανίσαι οὐδαμῶς θέμις. πάλιν δὴ οὖν ἐξ ἀρχῆς, ὦ Θεαίτητε, ὅτι ποτ’ ἐστὶν ἐπιστήμη, πειρῶ λέγειν: ὡς δ’ οὐχ οἷός τ’ εἶ, μηδέποτε εἵπης. ἐὰν γὰρ θεὸς ἐθέλῃ καὶ ἀνδρίξῃ, οἷός τ’ ἔσῃ.

Θεαίτητος

Θεαίτητος

ἐὰν μὲν, ὦ Σώκρατες, τὸ δοκοῦν πρὸς τὴν νῦν [154d] ἐρώτησιν ἀποκρίνωμαι, ὅτι οὐκ ἔστιν: ἐὰν δὲ πρὸς τὴν προτέραν, φυλάττων μὴ ἐναντία εἶπω, ὅτι ἔστιν.

[155b] Σωκράτης

ἄρ' οὖν οὐ καὶ τρίτον, ὃ μὴ πρότερον ἦν, ὕστερον ἀλλὰ τοῦτο εἶναι ἄνευ τοῦ γενέσθαι καὶ γίγνεσθαι ἀδύνατον;

Θεαίτητος

δοκεῖ γε δή.

Σωκράτης

ταῦτα δὴ, οἶομαι, ὁμολογήματα τρία μάχεται αὐτὰ αὐτοῖς ἐν τῇ ἡμετέρᾳ ψυχῇ, ὅταν τὰ περὶ τῶν ἀστραγάλων λέγωμεν, ἢ ὅταν φῶμεν ἐμὲ τηλικόνδε ὄντα, μήτε αὐξηθέντα μήτε τούναντίον παθόντα, ἐν ἐνιαυτῷ σοῦ τοῦ νέου νῦν μὲν μείζω εἶναι, ὕστερον δὲ ἐλάττω, μηδὲν τοῦ ἐμοῦ ὄγκου [155c] ἀφαιρεθέντος ἀλλὰ σοῦ αὐξηθέντος. εἰμὶ γὰρ δὴ ὕστερον ὃ πρότερον οὐκ ἦ, οὐ γενόμενος: ἄνευ γὰρ τοῦ γίγνεσθαι γενέσθαι ἀδύνατον, μηδὲν δὲ ἀπολλὺς τοῦ ὄγκου οὐκ ἂν ποτε ἐγινόμην ἐλάττων. καὶ ἄλλα δὴ μυρία ἐπὶ μυρίοις οὕτως ἔχει, εἴπερ καὶ ταῦτα παραδεξόμεθα. ἔπει γὰρ που, ὦ Θεαίτητε: δοκεῖς γοῦν μοι οὐκ ἄπειρος τῶν τοιούτων εἶναι.

Θεαίτητος

καὶ νῆ τοὺς θεοὺς γε, ὦ Σώκρατες, ὑπερφυῶς ὥς θαυμάζω τί ποτ' ἐστὶ ταῦτα, καὶ ἐνίστε ὥς ἀληθῶς βλέπων εἰς αὐτὰ σκοτοδινῶ.

[155d] Σωκράτης

Θεόδωρος γάρ, ὦ φίλε, φαίνεται οὐ κακῶς τοπάζειν περὶ τῆς φύσεώς σου. μάλα γὰρ φιλοσόφου τοῦτο τὸ πάθος, τὸ θαυμάζειν: οὐ γὰρ ἄλλη ἀρχὴ φιλοσοφίας ἢ αὕτη, καὶ ἔοικεν ὁ τὴν Ἥριν Θάυμαντος ἔκγονον φήσας οὐ κακῶς γενεαλογεῖν. ἀλλὰ πότερον μανθάνεις ἤδη δι' ὃ ταῦτα τοιαῦτ' ἐστὶν ἐξ ὧν τὸν Πρωταγόραν φαμὲν λέγειν, ἢ οὐπω;

Θεαίτητος

οὐπω μοι δοκῶ.

Σωκράτης

Σωκράτης

ἀλλ' ἄθρει ἐάν πως ἀποτελεσθῇ. βούλεται γὰρ δὴ λέγειν ὡς ταῦτα πάντα μὲν ὥσπερ λέγομεν κινεῖται, τάχος δὲ καὶ βραδυτῆς ἐνὶ τῇ κινήσει αὐτῶν. ὅσον μὲν οὖν βραδύ, ἐν τῷ αὐτῷ καὶ πρὸς τὰ πλησιάζοντα τὴν [156d] κίνησιν ἴσχει καὶ οὕτω δὴ γεννᾷ, τὰ δὲ γεννώμενα οὕτω δὴ θάπτω ἐστίν. φέρεται γὰρ καὶ ἐν φορᾷ αὐτῶν ἡ κίνησις πέφυκεν. ἐπειδὴ οὖν ὅμμα καὶ ἄλλο τι τῶν τούτων συμμέτρων πλησιάσαν γεννήσῃ τὴν λευκότητά τε καὶ αἰσθησιν αὐτῇ σύμφυτον, ἃ οὐκ ἂν ποτε ἐγένετο ἐκατέρου ἐκείνων πρὸς ἄλλο ἐλθόντος, τότε δὴ μεταξὺ φερομένων τῆς μὲν [156e] ὥσεως πρὸς τῶν ὀφθαλμῶν, τῆς δὲ λευκότητος πρὸς τοῦ συναποτίκτοντος τὸ χρῶμα, ὁ μὲν ὀφθαλμὸς ἄρα ὥσεως ἔμπλεως ἐγένετο καὶ ὁρᾷ δὴ τότε καὶ ἐγένετο οὐ τι ὅψις ἀλλ' ὀφθαλμὸς ὀρῶν, τὸ δὲ συγγενήσαν τὸ χρῶμα λευκότητος περιεπλήσθη καὶ ἐγένετο οὐ λευκότης αὖ ἀλλὰ λευκόν, εἴτε ξύλον εἴτε λίθος εἴτε ὀτρωοῦν συνέβη χρῆμα χρωσθῆναι τῷ τοιούτῳ χρώματι. καὶ τᾶλλα δὴ οὕτω, σκληρὸν καὶ θερμὸν καὶ πάντα, τὸν αὐτὸν τρόπον ὑποληπτέον, αὐτὸ μὲν καθ' [157a] αὐτὸ μῆδὲν εἶναι, ὃ δὴ καὶ τότε ἐλέγομεν, ἐν δὲ τῇ πρὸς ἄλληλα ὁμιλίᾳ πάντα γίνεσθαι καὶ παντοῖα ἀπὸ τῆς κινήσεως, ἐπεὶ καὶ τὸ ποιοῦν εἶναι τι καὶ τὸ πάσχον αὐτῶν ἐπὶ ἐνὸς νοῆσαι, ὥς φασιν, οὐκ εἶναι παγίως. οὔτε γὰρ ποιοῦν ἐστὶ τι πρὶν ἂν τῷ πάσχοντι συνέλθῃ, οὔτε πάσχον πρὶν ἂν τῷ ποιοῦντι: τὸ τέ τινα συνελθὼν καὶ ποιοῦν ἄλλῳ αὖ προσπεσὼν πάσχον ἀνεφάνη. ὥστε ἐξ ἀπάντων τούτων, ὅπερ ἐξ ἀρχῆς ἐλέγομεν, οὐδὲν εἶναι ἐν αὐτῷ καθ' αὐτό, ἀλλὰ [157b] τινα ἀεὶ γίνεσθαι, τὸ δ' εἶναι πανταχόθεν ἐξαιρετέον, οὐχ ὅτι ἡμεῖς πολλὰ καὶ ἄρτι ἠναγκάσμεθα ὑπὸ συνηθείας καὶ ἀνεπιστημοσύνης χρῆσθαι

αὐτῷ. τὸ δ' οὐ δεῖ, ὥς ὁ τῶν σοφῶν λόγος, οὔτε τι συγχωρεῖν οὔτε του οὔτ' ἐμοῦ οὔτε τόδε οὔτ' ἐκεῖνο οὔτε ἄλλο οὐδὲν ὄνομα ὅτι ἂν ἰστῇ, ἀλλὰ κατὰ φύσιν φθέγγεσθαι γιγνόμενα καὶ ποιούμενα καὶ ἀπολλύμενα καὶ ἀλλοιούμενα: ὥς ἐάν τί τις στήσῃ τῷ λόγῳ, εὐέλεγκτος ὁ τοῦτο ποιῶν. δεῖ δὲ καὶ κατὰ μέρος οὕτω λέγειν καὶ περὶ πολλῶν ἀθροισθέντων, ὃ δὴ ἀθροίσματι [157c] ἄνθρωπὸν τε τίθενται καὶ λίθον καὶ ἕκαστον ζῷόν τε καὶ εἶδος. ταῦτα δὴ, ὦ Θεαίτητε, ἄρ' ἡδέα δοκεῖ σοι εἶναι, καὶ γεύοιο ἂν αὐτῶν ὥς ἀρεσκόντων;

Θεαίτητος

οὐκ οἶδα ἔγωγε, ὦ Σώκρατες: καὶ γὰρ οὐδὲ περὶ σοῦ δύναμαι κατανοῆσαι πότερα δοκοῦντά σοι λέγεις αὐτὰ ἢ ἐμοῦ ἀποπειρᾶ.

Σωκράτης

οὐ μνημονεύεις, ὦ φίλε, ὅτι ἐγὼ μὲν οὔτ' οἶδα οὔτε ποιῶμαι τῶν τοιούτων οὐδὲν ἐμόν, ἀλλ' εἰμὶ αὐτῶν ἄγνοος, σὲ δὲ μαιεύομαι καὶ τούτου ἔνεκα ἐπάδω τε καὶ παρατίθημι [157d] ἐκάστων τῶν σοφῶν ἀπογεύσασθαι, ἕως ἂν εἰς φῶς τὸ σὸν δόγμα συνεξαγάγω: ἐξαχθέντος δὲ τότε ἤδη σκέψομαι εἴτ' ἀνεμιαῖον εἴτε γόνιμον ἀναφανήσεται. ἀλλὰ θαρρῶν καὶ καρτερῶν εὔ καὶ ἀνδρείως ἀποκρίνου ἃ ἂν φαίνεται σοι περὶ ὧν ἂν ἐρωτῶ.

Θεαίτητος

ἐρώτα δὴ.

Σωκράτης

λέγε τοῖνυν πάλιν εἴ σοι ἀρέσκει τὸ μή τι εἶναι ἀλλὰ γίγνεσθαι ἀεὶ ἀγαθὸν καὶ καλὸν καὶ πάντα ἃ ἄρτι διῆμεν.

Θεαίτητος

ἀλλ' ἔμοιγε, ἐπειδὴ σοῦ ἀκούω οὕτω διεξιόντος, θαυμασίως φαίνεται ὥς ἔχειν λόγον καὶ ὑποληπτέον ἥπερ διελήλυθας.

[157e] Σωκράτης

μὴ τοίνυν ἀπολίπωμεν ὅσον ἐλλεῖπον αὐτοῦ. λείπεται δὲ ἐνυπνίων τε πέρι καὶ νόσων τῶν τε ἄλλων καὶ μανίας, ὅσα τε παρακούειν ἢ παρορᾶν ἢ τι ἄλλο παραισθάνεσθαι λέγεται. οἶσθα γάρ που ὅτι ἐν πᾶσι τούτοις ὁμολογουμένως ἐλέγχεσθαι δοκεῖ ὃν ἄρτι διῆμεν λόγον, [158a] ὥς παντὸς μᾶλλον ἡμῖν ψευδεῖς αἰσθήσεις ἐν αὐτοῖς γιγνομένας, καὶ πολλοῦ δεῖ τὰ φαινόμενα ἐκάστω ταῦτα καὶ εἶναι, ἀλλὰ πᾶν τούναντίον οὐδὲν ὧν φαίνεται εἶναι.

Θεαίτητος

ἀληθέστατα λέγεις, ὦ Σώκρατες.

Σωκράτης

τίς δὴ οὖν, ὦ παῖ, λείπεται λόγος τῷ τὴν αἴσθησιν ἐπιστήμην τιθεμένῳ καὶ τὰ φαινόμενα ἐκάστω ταῦτα καὶ εἶναι τούτῳ ᾧ φαίνεται;

Θεαίτητος

ἐγὼ μὲν, ὦ Σώκρατες, ὁκνῶ εἰπεῖν ὅτι οὐκ ἔχω τί λέγω, διότι μοι νυνδὴ ἐπέπληξας εἰπόντι αὐτό. ἐπεὶ ὥς [158b] ἀληθῶς γε οὐκ ἄν δυναίμην ἀμφισβητῆσαι ὥς οἱ μαινόμενοι ἢ [οἱ] ὄνειρώττοντες οὐ ψευδῇ δοξάζουσιν, ὅταν οἱ μὲν θεοὶ αὐτῶν οἶωνται εἶναι, οἱ δὲ πτηνοὶ τε καὶ ὥς πετόμενοι ἐν τῷ ὕπνῳ διανοῶνται.

Σωκράτης

ἄρ' οὖν οὐδὲ τὸ τοιόνδε ἀμφισβήτημα ἐννοεῖς περὶ αὐτῶν, μάλιστα
δὲ περὶ τοῦ ὄναρ τε καὶ ὕπαρ;

Θεαίτητος

τὸ ποῖον;

Σωκράτης

ὁ πολλάκις σε οἶμαι ἀκηκοέναι ἐρωτώντων, τί ἂν τις ἔχοι τεκμήριον
ἀποδειξαι, εἴ τις ἔροιτο νῦν οὕτως ἐν τῷ παρόντι πότερον
καθεύδομεν καὶ πάντα ἃ διανοούμεθα ὀνειρώττομεν, [158c] ἢ
ἐγρηγόραμεν τε καὶ ὕπαρ ἀλλήλοις διαλεγόμεθα.

Θεαίτητος

καὶ μήν, ὦ Σώκρατες, ἄπορόν γε ὅτῳ χρή ἐπιδειξαι τεκμηρίῳ: πάντα
γὰρ ὥσπερ ἀντίστροφα τὰ αὐτὰ παρακολουθεῖ. ἃ τε γὰρ νυνὶ
διειλέγεσθαι οὐδὲν κωλύει καὶ ἐν τῷ ὕπνῳ δοκεῖν ἀλλήλοις
διαλέγεσθαι: καὶ ὅταν δὴ ὄναρ ὀνειράτα δοκῶμεν διηγεῖσθαι, ἄτοπος
ἢ ὁμοιότης τούτων ἐκείνοις.

Σωκράτης

ὁρᾷς οὖν ὅτι τό γε ἀμφισβητῆσαι οὐ χαλεπόν, ὅτε [158d] καὶ
πότερόν ἐστιν ὕπαρ ἢ ὄναρ ἀμφισβητεῖται, καὶ δὴ ἴσου ὄντος τοῦ
χρόνου ὃν καθεύδομεν ὧ ἐγρηγόραμεν, ἐν ἑκατέρῳ διαμάχεται ἡμῶν
ἢ ψυχὴ τὰ αἰεὶ παρόντα δόγματα παντὸς μᾶλλον εἶναι ἀληθῆ, ὥστε
ἴσον μὲν χρόνον τάδε φαμέν ὄντα εἶναι, ἴσον δὲ ἐκεῖνα, καὶ ὁμοίως
ἐφ' ἑκατέρῳ δισχυριζόμεθα.

Θεαίτητος

παντάπασι μὲν οὖν.

Σωκράτης

οὐκοῦν καὶ περὶ νόσων τε καὶ μανιῶν ὁ αὐτὸς λόγος, πλὴν τοῦ χρόνου ὅτι οὐχὶ ἴσος;

Θεαίτητος

ὀρθῶς.

Σωκράτης

τί οὖν; πλήθει χρόνου καὶ ὀλιγότητι τὸ ἀληθὲς ὀρισθήσεται;

[158e] Θεαίτητος

γελοῖον μεντὰν εἶη πολλαχῆ.

Σωκράτης

ἀλλὰ τι ἄλλο ἔχεις σαφὲς ἐνδείξασθαι ὅποῖα τούτων τῶν δοξασμάτων ἀληθῆ;

Θεαίτητος

οὐ μοι δοκῶ.

Σωκράτης

ἐμοῦ τοίνυν ἄκουε οἷα περὶ αὐτῶν ἂν λέγοιεν οἱ τὰ ἀεὶ δοκοῦντα ὀριζόμενοι τῷ δοκοῦντι εἶναι ἀληθῆ. λέγουσι δέ, ὥς ἐγὼ οἶμαι, οὕτως ἐρωτῶντες: “ὦ Θεαίτητε, ὃ ἂν ἕτερον ἢ παντάπασιν, μή πῆ τινα δύναμιν τὴν αὐτὴν ἔξει τῷ ἐτέρῳ; καὶ μὴ ὑπολάβωμεν τῇ μὲν ταῦτόν εἶναι ὃ ἐρωτῶμεν τῇ δὲ ἕτερον, ἀλλ’ ὅλως ἕτερον.”

[159a] Θεαίτητος

ἀδύνατον τοίνυν ταῦτόν τι ἔχειν ἢ ἐν δυνάμει ἢ ἐν ἄλλῳ ὅτῳ, ὅταν ἢ κομιδῇ ἕτερον.

Σωκράτης

ἄρ’ οὖν οὐ καὶ ἀνόμοιον ἀναγκαῖον τὸ τοιοῦτον ὁμολογεῖν;

Θεαίτητος

ἔμοιγε δοκεῖ.

Σωκράτης

εἰ ἄρα τι συμβαίνει ὁμοίον τῷ γίνεσθαι ἢ ἀνόμοιον, εἴτε ἐαυτῷ εἴτε ἄλλῳ, ὁμοιούμενον μὲν ταῦτόν φήσομεν γίνεσθαι, ἀνομοιούμενον δὲ ἕτερον;

Θεαίτητος

ἀνάγκη.

Σωκράτης

οὐκοῦν πρόσθεν ἐλέγομεν ὡς πολλὰ μὲν εἶη τὰ ποιοῦντα καὶ ἄπειρα,
ὡσαύτως δέ γε τὰ πάσχοντα;

Θεαίτητος

ναί.

Σωκράτης

καὶ μὴν ὅτι γε ἄλλο ἄλλῳ συμμειγνύμενον καὶ ἄλλῳ οὐ ταῦτ' ἀλλ'
ἕτερα γεννήσει;

[159b] Θεαίτητος

πάνυ μὲν οὖν.

Σωκράτης

λέγωμεν δὴ ἐμέ τε καὶ σέ καὶ τᾶλλα ἤδη κατὰ τὸν αὐτὸν λόγον,
Σωκράτη ὑγιαίνοντα καὶ Σωκράτη αὖ ἄσθενοντα. πότερον ὅμοιον
τοῦτ' ἐκείνῳ ἢ ἀνόμοιον φήσομεν;

Θεαίτητος

ἄρα τὸν ἄσθενοντα Σωκράτη, ὅλον τοῦτο λέγεις ὅλῳ ἐκείνῳ, τῷ
ὕγιαίνοντι Σωκράτει;

Σωκράτης

κάλλιστα ὑπέλαβες: αὐτὸ τοῦτο λέγω.

Θεαίτητος

ἀνόμοιον δῆπου.

Σωκράτης

καὶ ἕτερον ἄρα οὕτως ὥσπερ ἀνόμοιον;

Θεαίτητος

ἀνάγκη.

[159c] Σωκράτης

καὶ καθεύδοντα δὴ καὶ πάντα ἃ νυνδὴ διήλθομεν, ὡσαύτως φήσεις;

Θεαίτητος

ἔγωγε.

Σωκράτης

ἕκαστον δὴ τῶν πεφυκότων τι ποιεῖν, ἄλλο τι, ὅταν μὲν λάβῃ ὑγιαίνοντα Σωκράτη, ὡς ἑτέρῳ μοι χρήσεται, ὅταν δὲ ἀσθενοῦντα, ὡς ἑτέρῳ;

Θεαίτητος

τί δ' οὐ μέλλει;

Σωκράτης

καὶ ἕτερα δὴ ἐφ' ἑκατέρου γεννήσομεν ἐγώ τε ὁ πάσχων καὶ ἐκεῖνο
τὸ ποιοῦν;

Θεαίτητος

τί μήν;

Σωκράτης

ὅταν δὴ οἶνον πίνω ὑγιαίνων, ἡδύς μοι φαίνεται καὶ γλυκύς;

Θεαίτητος

ναί.

Σωκράτης

ἐγέννησε γὰρ δὴ ἐκ τῶν προωμολογημένων τό τε [159d] ποιοῦν καὶ
τὸ πάσχον γλυκύτητά τε καὶ αἰσθῆσιν, ἅμα φερόμενα ἀμφότερα, καὶ
ἢ μὲν αἰσθησις πρὸς τοῦ πάσχοντος οὔσα αἰσθανομένην τὴν γλῶτταν
ἀπηργάσατο, ἢ δὲ γλυκύτης πρὸς τοῦ οἶνου περὶ αὐτὸν φερομένη
γλυκὺν τὸν οἶνον τῇ ὑγιαίνουσῃ γλώττῃ ἐποίησεν καὶ εἶναι καὶ
φαίνεσθαι.

Θεαίτητος

πάνυ μὲν οὖν τὰ πρότερα ἡμῖν οὕτως ὁμολόγητο.

Σωκράτης

ὅταν δὲ ἀσθενοῦντα, ἄλλο τι πρῶτον μὲν τῇ ἀληθείᾳ οὐ τὸν αὐτὸν ἔλαβεν; ἀνομοίῳ γὰρ δὴ προσῆλθεν.

Θεαίτητος

ναί.

[159e] Σωκράτης

ἕτερα δὴ αὖ ἐγεννησάτην ὃ τε τοιοῦτος Σωκράτης καὶ ἡ τοῦ οἴνου πόσις, περὶ μὲν τὴν γλῶτταν αἴσθησιν πικρότητος, περὶ δὲ τὸν οἶνον γιγνομένην καὶ φερομένην πικρότητα, καὶ τὸν μὲν οὐ πικρότητα ἀλλὰ πικρόν, ἐμὲ δὲ οὐκ αἴσθησιν ἀλλ' αἰσθανόμενον;

Θεαίτητος

κομιδῇ μὲν οὖν.

Σωκράτης

οὐκ οὐν ἐγὼ τε οὐδὲν ἄλλο ποτὲ γενήσομαι οὕτως αἰσθανόμενος: τοῦ γὰρ ἄλλου ἄλλη αἴσθησις, καὶ ἄλλοιον [160a] καὶ ἄλλον ποιεῖ τὸν αἰσθανόμενον: οὗτ' ἐκεῖνο τὸ ποιοῦν ἐμὲ μήποτ' ἄλλω συνελθὼν ταῦτόν γενησάν τοιοῦτον γένηται: ἀπὸ γὰρ ἄλλου ἄλλο γεννήσαν ἄλλοιον γενήσεται.

Θεαίτητος

ἔστι ταῦτα.

Σωκράτης

οὐδὲ μὴν ἔγωγε ἑμαυτῷ τοιοῦτος, ἐκεῖνό τε ἑαυτῷ τοιοῦτον γενήσεται.

Θεαίτητος

οὐ γὰρ οὖν.

Σωκράτης

ἀνάγκη δέ γε ἐμέ τε τινὸς γίγνεσθαι, ὅταν αἰσθανόμενος γίγνομαι: αἰσθανόμενον γάρ, μηδενὸς δὲ αἰσθανόμενον, [160b] ἀδύνατον γίγνεσθαι: ἐκεῖνό τε τινὶ γίγνεσθαι, ὅταν γλυκὺ ἢ πικρὸν ἢ τι τοιοῦτον γίγνηται: γλυκὺ γάρ, μηδενὶ δὲ γλυκὺ ἀδύνατον γενέσθαι.

Θεαίτητος

παντάπασι μὲν οὖν.

Σωκράτης

λείπεται δὴ οἶμαι ἡμῖν ἀλλήλοις, εἴτ' ἐσμέν, εἶναι, εἴτε γιγνώμεθα, γίγνεσθαι, ἐπεὶ περ ἡμῶν ἡ ἀνάγκη τὴν οὐσίαν συνδεῖ μὲν, συνδεῖ δὲ οὐδενὶ τῶν ἄλλων οὐδ' αὖ ἡμῖν αὐτοῖς. ἀλλήλοις δὴ λείπεται συνδεδέσθαι. ὥστε εἴτε τις εἶναι τι ὀνομάζει, τινὶ εἶναι ἢ τινὸς ἢ πρὸς τι ρητέον αὐτῷ, εἴτε γίγνεσθαι: αὐτὸ δὲ ἐφ' αὐτοῦ τι ἢ ὄν ἢ γιγνόμενον οὔτε [160c] αὐτῷ λεκτέον οὔτ' ἄλλου λέγοντος ἀποδεκτέον, ὥς ὁ λόγος ὃν διεληλύθαμεν σημαίνει.

Θεαίτητος

παντάπασι μὲν οὖν, ὦ Σώκρατες.

Σωκράτης

οὐκοῦν ὅτε δὴ τὸ ἐμὲ ποιοῦν ἐμοὶ ἐστὶν καὶ οὐκ ἄλλω, ἐγὼ καὶ αἰσθάνομαι αὐτοῦ, ἄλλος δ' οὐ;

Θεαίτητος

πῶς γὰρ οὐ;

Σωκράτης

ἀληθὲς ἄρα ἐμοὶ ἢ ἐμῇ αἴσθησις — τῆς γὰρ ἐμῆς οὐσίας ἀεὶ ἐστὶν — καὶ ἐγὼ κριτὴς κατὰ τὸν Πρωταγόραν τῶν τε ὄντων ἐμοὶ ὥς ἔστι, καὶ τῶν μὴ ὄντων ὥς οὐκ ἔστιν.

Θεαίτητος

ἔοικεν.

[160d] Σωκράτης

πῶς ἂν οὖν ἀψευδὲς ὦν καὶ μὴ παίων τῇ διανοίᾳ περὶ τὰ ὄντα ἢ γιγνόμενα οὐκ ἐπιστήμων ἂν εἶην ὥνπερ αἰσθητής;

Θεαίτητος

οὐδαμῶς ὅπως οὐ.

Σωκράτης

παγκάλως ἄρα σοι εἴρηται ὅτι ἐπιστήμη οὐκ ἄλλο τί ἐστίν ἢ αἴσθησις, καὶ εἰς ταὐτὸν συμπέπτωκεν, κατὰ μὲν Ὅμηρον καὶ Ἡράκλειτον καὶ πᾶν τὸ τοιοῦτον φύλον οἷον ῥεύματα κινεῖσθαι τὰ πάντα, κατὰ δὲ Πρωταγόραν τὸν σοφώτατον πάντων χρημάτων ἄνθρωπον μέτρον εἶναι, κατὰ [160e] δὲ Θεαίτητον τούτων οὕτως ἐχόντων αἴσθησιν ἐπιστήμην γίνεσθαι. ἦ γάρ, ὦ Θεαίτητε; φῶμεν τοῦτο σὸν μὲν εἶναι οἷον νεογενὲς παιδίον, ἐμὸν δὲ μαίευμα; ἢ πῶς λέγεις;

Θεαίτητος

οὕτως ἀνάγκη, ὦ Σώκρατες.

Σωκράτης

τοῦτο μὲν δὴ, ὡς ἔοικεν, μόλις ποτὲ ἐγεννήσαμεν, ὅτι δὴ ποτε τυγχάνει ὄν. μετὰ δὲ τὸν τόκον τὰ ἀμφιδρόμια αὐτοῦ ὡς ἀληθῶς ἐν κύκλῳ περιθρεκτέον τῷ λόγῳ, σκοπομένους μὴ λάθῃ ἡμᾶς οὐκ ἄξιον ὄν τροφῆς τὸ γινόμενον, [161a] ἀλλὰ ἀνεμιαῖόν τε καὶ ψεῦδος. ἢ σὺ οἶει πάντως δεῖν τό γε σὸν τρέφειν καὶ μὴ ἀποτιθέναι, ἢ καὶ ἀνέξῃ ἐλεγχόμενον ὁρῶν, καὶ οὐ σφόδρα χαλεπανεῖς ἐάν τις σοῦ ὡς πρωτοτόκου αὐτὸ ὑφαιρῇ;

Θεόδωρος

ἀνέξεται, ὦ Σώκρατες, Θεαίτητος: οὐδαμῶς γὰρ δύσκολος. ἀλλὰ πρὸς θεῶν εἰπὲ ἦ αὖ οὐχ οὕτως ἔχει;

Σωκράτης

φιλόλογός γ' εἶ ἀτεχνῶς καὶ χρηστός, ὦ Θεόδωρε, ὅτι με οἶει λόγων

τινὰ εἶναι θύλακον καὶ ῥαδίως ἐξελόντα [161b] ἐρεῖν ὥς οὐκ αὖ ἔχει οὕτω ταῦτα: τὸ δὲ γινόμενον οὐκ ἐννοεῖς, ὅτι οὐδεὶς τῶν λόγων ἐξέρχεται παρ' ἐμοῦ ἀλλ' ἀεὶ παρὰ τοῦ ἐμοὶ προσδιαλεγομένου, ἐγὼ δὲ οὐδὲν ἐπίσταμαι πλέον πλὴν βραχέος, ὅσον λόγον παρ' ἐτέρου σοφοῦ λαβεῖν καὶ ἀποδέξασθαι μετρίως. καὶ νῦν τοῦτο παρὰ τοῦδε πειράσομαι, οὐ τι αὐτὸς εἶπεῖν.

Θεόδωρος

σὺ κάλλιον, ὦ Σώκρατες, λέγεις: καὶ ποίει οὕτως.

Σωκράτης

οἶσθ' οὖν, ὦ Θεόδωρε, ὃ θαυμάζω τοῦ ἐταίρου σου Πρωταγόρου;

[161c] Θεόδωρος

τὸ ποῖον;

Σωκράτης

τὰ μὲν ἄλλα μοι πάνυ ἡδέως εἶρηκεν, ὥς τὸ δοκοῦν ἐκάστω τοῦτο καὶ ἔστιν: τὴν δ' ἀρχὴν τοῦ λόγου τεθαύμακα, ὅτι οὐκ εἶπεν ἀρχόμενος τῆς Ἀληθείας ὅτι “πάντων χρημάτων μέτρον ἐστὶν ὅς” ἢ “κυνοκέφαλος” ἢ τι ἄλλο ἀτοπώτερον τῶν ἐχόντων αἰσθήσιν, ἵνα μεγαλοπρεπῶς καὶ πάνυ καταφρονητικῶς ἤρξατο ἡμῖν λέγειν, ἐνδεικνύμενος ὅτι ἡμεῖς μὲν αὐτὸν ὥσπερ θεὸν ἐθαυμάζομεν ἐπὶ σοφίᾳ, ὃ δ' ἄρα [161d] ἐτύγχανεν ὦν εἰς φρόνησιν οὐδὲν βελτίων βατράχου γυρίνου, μὴ ὅτι ἄλλου του ἀνθρώπων. ἢ πῶς λέγωμεν, ὦ Θεόδωρε; εἰ γὰρ δὴ ἐκάστω ἀληθὲς ἔσται ὃ ἂν δι' αἰσθήσεως δοξάζῃ, καὶ μῆτε τὸ ἄλλου πάθος ἄλλος βέλτιον διακρινεῖ, μῆτε τὴν δόξαν κυριώτερος ἔσται ἐπισκέψασθαι ἕτερος τὴν ἐτέρου ὀρθὴν ἢ ψευδῆς, ἀλλ' ὃ πολλάκις εἶρηται, αὐτὸς τὰ αὐτοῦ ἕκαστος μόνος

δοξάσει, ταῦτα δὲ πάντα ὀρθὰ καὶ ἀληθῆ, τί δὴ ποτε, ὦ ἐταῖρε, Πρωταγόρας μὲν σοφός, ὥστε καὶ ἄλλων [161e] διδάσκαλος ἀξιοῦσθαι δικαίως μετὰ μεγάλων μισθῶν, ἡμεῖς δὲ ἀμαθέστεροί τε καὶ φοιτητέον ἡμῖν ἦν παρ' ἐκείνων, μέτρῳ ὄντι αὐτῷ ἐκάστῳ τῆς αὐτοῦ σοφίας; ταῦτα πῶς μὴ φῶμεν δημούμενον λέγειν τὸν Πρωταγόραν; τὸ δὲ δὴ ἐμόν τε καὶ τῆς ἐμῆς τέχνης τῆς μαιευτικῆς σιγῷ ὅσον γέλωτα ὀφλισκάνομεν, οἶμαι δὲ καὶ σύμπασα ἢ τοῦ διαλέγεσθαι πραγματεία. τὸ γὰρ ἐπισκοπεῖν καὶ ἐπιχειρεῖν ἐλέγχειν τὰς ἀλλήλων φαντασίας τε καὶ δόξας, ὀρθὰς ἐκάστου οὔσας, οὐ μακρὰ [162a] μὲν καὶ διωλύγιος φλυαρία, εἰ ἀληθῆς ἡ Ἀλήθεια Πρωταγόρου ἀλλὰ μὴ παίζουσα ἐκ τοῦ ἀδύτου τῆς βίβλου ἐφθέγγατο;

Θεόδωρος

ὦ Σώκρατες, φίλος ἀνὴρ, ὥσπερ σὺ νυνδὴ εἶπες. οὐκ ἂν οὖν δεξαίμην δι' ἐμοῦ ὁμολογοῦντος ἐλέγχεσθαι Πρωταγόραν, οὐδ' αὖ σοὶ παρὰ δόξαν ἀντιτείνειν. τὸν οὖν Θεαίτητον πάλιν λαβέ: πάντως καὶ νυνδὴ μάλ' ἐμμελῶς σοὶ ἐφαίνετο ὑπακούειν.

[162b] Σωκράτης

ἄρα κἂν εἰς Λακεδαιμόνα ἐλθὼν, ὦ Θεόδωρε, πρὸς τὰς παλαιίστρας ἀξιοῖς ἂν ἄλλους θεώμενος γυμνούς, ἐνίους φαύλους, αὐτὸς μὴ ἀντεπιδεικνύναι τὸ εἶδος παραποδύμενος;

Θεόδωρος

ἀλλὰ τί μὴν δοκεῖς, εἴπερ μέλλοιέν μοι ἐπιτρέψειν καὶ πείσεσθαι; ὥσπερ νῦν οἶμαι ὑμᾶς πείσειν ἐμὲ μὲν εἴαν θεᾶσθαι καὶ μὴ ἔλκειν πρὸς τὸ γυμνάσιον σκληρὸν ἤδη ὄντα, τῷ δὲ δὴ νεωτέρῳ τε καὶ ὑγροτέρῳ ὄντι προσπαλαίειν.

Σωκράτης

ἀλλ' εἰ οὕτως, ὦ Θεόδωρε, σοὶ φίλον, οὐδ' ἐμοὶ [162c] ἐχθρόν, φασὶν οἱ παροιμιαζόμενοι. πάλιν δὴ οὖν ἐπὶ τὸν σοφὸν Θεαίτητον ἰτέον. λέγε δὴ, ὦ Θεαίτητε, πρῶτον μὲν ἃ νυνδὴ διήλθομεν, ἄρα οὐ σὺ θαυμάζεις εἰ ἐξαίφνης οὕτως ἀναφανήσῃ μηδὲν χείρων εἰς σοφίαν ὅτουοῦν ἀνθρώπων ἢ καὶ θεῶν; ἢ ἥττον τι οἶσι τὸ Πρωταγόρειον μέτρον εἰς θεοὺς ἢ εἰς ἀνθρώπους λέγεσθαι;

Θεαίτητος

μὰ Δί' οὐκ ἔγωγε· καὶ ὅπερ γε ἐρωτᾷς, πάννυ θαυμάζω. ἡνίκα γὰρ διήμην ὃν τρόπον λέγοιεν τὸ δοκοῦν [162d] ἐκάστῳ τοῦτο καὶ εἶναι τῷ δοκοῦντι, πάννυ μοι εὖ ἐφαίνετο λέγεσθαι· νῦν δὲ τοῦναντίον τάχα μεταπέπτωκεν.

Σωκράτης

νέος γὰρ εἶ, ὦ φίλε παῖ· τῆς οὖν δημηγορίας ὀξέως ὑπακούεις καὶ πείθῃ. πρὸς γὰρ ταῦτα ἐρεῖ Πρωταγόρας ἢ τις ἄλλος ὑπὲρ αὐτοῦ: “ὦ γενναῖοι παῖδες τε καὶ γέροντες, δημηγορεῖτε συγκαθεζόμενοι, θεοὺς τε εἰς τὸ μέσον ἄγοντες, [162e] οὓς ἐγὼ ἔκ τε τοῦ λέγειν καὶ τοῦ γράφειν περὶ αὐτῶν ὥς εἰσὶν ἢ ὥς οὐκ εἰσὶν, ἐξαιρῶ, καὶ ἃ οἱ πολλοὶ ἂν ἀποδέχοντο ἀκούοντες, λέγετε ταῦτα, ὥς δεινὸν εἰ μηδὲν διοίσει εἰς σοφίαν ἕκαστος τῶν ἀνθρώπων βοσκήματος ὅτουοῦν: ἀπόδειξιν δὲ καὶ ἀνάγκην οὐδ' ἡντινοῦν λέγετε ἀλλὰ τῷ εἰκότι χρῆσθε, ὧς εἰ ἐθέλοι Θεόδωρος ἢ ἄλλος τις τῶν γεωμετρῶν χρώμενος γεωμετρεῖν, ἄξιός οὐδ' ἐνὸς μόνου ἂν εἴῃ. σκοπεῖτε οὖν σύ τε καὶ Θεόδωρος εἰ ἀποδέξεσθε πιθανολογία τε καὶ εἰκόσι [163a] περὶ τηλικούτων λεγομένους λόγους.”

Θεαίτητος

ἀλλ' οὐ δίκαιον, ὦ Σώκρατες, οὔτε σὺ οὔτε ἂν ἡμεῖς φαῖμεν.

Σωκράτης

ἄλλη δὴ σκεπτέον, ὥς ἔοικεν, ὥς ὅ τε σὸς καὶ ὁ Θεοδώρου λόγος.

Θεαίτητος

πάνυ μὲν οὖν ἄλλη.

Σωκράτης

τῇδε δὴ σκοπῶμεν εἰ ἄρα ἐστὶν ἐπιστήμη τε καὶ αἴσθησις ταὐτὸν ἢ ἕτερον. εἰς γὰρ τοῦτό που πᾶς ὁ λόγος ἡμῖν ἔτεινεν, καὶ τούτου χάριν τὰ πολλὰ καὶ ἄτοπα ταῦτα ἐκινήσαμεν. οὐ γάρ;

Θεαίτητος

παντάπασι μὲν οὖν.

[163b] Σωκράτης

ἢ οὖν ὁμολογήσομεν, ἃ τῷ ὁρᾶν αἰσθανόμεθα ἢ τῷ ἀκούειν, πάντα ταῦτα ἅμα καὶ ἐπίστασθαι; οἷον τῶν βαρβάρων πρὶν μαθεῖν τὴν φωνὴν πότερον οὐ φήσομεν ἀκούειν ὅταν φθέγγωνται, ἢ ἀκούειν τε καὶ ἐπίστασθαι ἃ λέγουσι; καὶ αὖ γράμματα μὴ ἐπιστάμενοι, βλέποντες εἰς αὐτὰ πότερον οὐχ ὁρᾶν ἢ ἐπίστασθαι εἴπερ ὁρῶμεν δισχυριούμεθα;

Θεαίτητος

αὐτό γε, ὦ Σώκρατες, τοῦτο αὐτῶν, ὅπερ ὁρῶμέν τε καὶ ἀκούομεν, ἐπίστασθαι φήσομεν: τῶν μὲν γὰρ τὸ σχῆμα καὶ τὸ χρῶμα ὁρᾶν τε

καὶ ἐπίστασθαι, τῶν δὲ τὴν [163c] ὀξύτητα καὶ βαρύτητα ἀκούειν τε ἅμα καὶ εἰδέναι: ἃ δὲ οἱ τε γραμματισταὶ περὶ αὐτῶν καὶ οἱ ἐρμηνῆς διδάσκουσιν, οὔτε αἰσθάνεσθαι τῷ ὁρᾶν ἢ ἀκούειν οὔτε ἐπίστασθαι.

Σωκράτης

ἄριστά γ', ὦ Θεαίτητε, καὶ οὐκ ἄξιόν σοι πρὸς ταῦτα ἀμφισβητῆσαι, ἵνα καὶ αὐξάνῃ. ἀλλ' ὅρα δὴ καὶ τόδε ἄλλο προσίόν, καὶ σκόπει πῇ αὐτὸ διωσόμεθα.

Θεαίτητος

τὸ ποῖον δή;

[163d] Σωκράτης

τὸ τοιόνδε: εἴ τις ἔροιτο: “ἄρα δυνατόν ὅτου τις ἐπιστήμων γένοιτό ποτε, ἔτι ἔχοντα μνήμην αὐτοῦ τούτου καὶ σφζόμενον, τότε ὅτε μέμνηται μὴ ἐπίστασθαι αὐτὸ τοῦτο ὃ μέμνηται;” μακρολογῶ δέ, ὥς ἔοικε, βουλόμενος ἐρέσθαι εἰ μαθὼν τίς τι μεμνημένος μὴ οἶδε.

Θεαίτητος

καὶ πῶς, ὦ Σώκρατες; τέρας γὰρ ἂν εἴη ὃ λέγεις.

Σωκράτης

μὴ οὖν ἐγὼ ληρῶ; σκόπει δέ. ἄρα τὸ ὁρᾶν οὐκ αἰσθάνεσθαι λέγεις καὶ τὴν ὄψιν αἰσθῆσιν;

Θεαίτητος

ἔγωγε.

[163e] Σωκράτης

οὐκοῦν ὁ ἰδὼν τι ἐπιστήμων ἐκείνου γέγονεν ὃ εἶδεν κατὰ τὸν ἄρτι λόγον;

Θεαίτητος

ναί.

Σωκράτης

τί δέ; μνήμην οὐ λέγεις μέντοι τι;

Θεαίτητος

ναί.

Σωκράτης

πότερον οὐδενὸς ἢ τινός;

Θεαίτητος

τινὸς δήπου.

Σωκράτης

οὐκοῦν ὧν ἔμαθε καὶ ὧν ἥσθετο, τοιουτωνί τινων;

Θεαίτητος

τί μήν;

Σωκράτης

ὁ δὴ εἶδε τις, μέμνηταί που ἐνίστε;

Θεαίτητος

μέμνηται.

Σωκράτης

ἦ καὶ μύσας; ἢ τοῦτο δράσας ἐπελάθετο;

Θεαίτητος

ἀλλὰ δεινόν, ὦ Σώκρατες, τοῦτό γε φάναι.

[164a] Σωκράτης

δεῖ γε μέντοι, εἰ σώσομεν τὸν πρόσθε λόγον: εἰ δὲ μή, οἴχεται.

Θεαίτητος

καὶ ἐγώ, νῆ τὸν Δία, ὑποπτεύω, οὐ μὴν ἱκανῶς γε συννοῶ: ἀλλ' εἰπὲ
πῇ.

Σωκράτης

τῆδε: ὁ μὲν ὁρῶν ἐπιστήμων, φαμέν, τούτου γέγονεν οὐ̣περ ὁρῶν:
ὅψις γὰρ καὶ αἴσθησις καὶ ἐπιστήμη ταὐτὸν ὠμολόγηται.

Θεαίτητος

πάνυ γε.

Σωκράτης

ὁ δέ γε ὁρῶν καὶ ἐπιστήμων γεγονῶς οὐ̣ ἐώρα, ἐὰν μύση, μέμνηται
μέν, οὐ̣χ ὁρᾷ δὲ αὐτό. ἦ γάρ;

Θεαίτητος

ναί.

[164b] Σωκράτης

τὸ δέ γε «οὐ̣χ ὁρᾷ» «οὐ̣κ ἐπίσταται» ἐστιν, εἴπερ καὶ τὸ “ὁρᾷ”
“ἐπίσταται.”

Θεαίτητος

ἀληθῆ.

Σωκράτης

συμβαίνει ἄρα, οὐ̣ τις ἐπιστήμων ἐγένετο, ἔτι μεμνημένον αὐτὸν μὴ
ἐπίστασθαι, ἐπειδὴ οὐ̣χ ὁρᾷ: ὁ τέρας ἔφαμεν ἂν εἶναι εἰ γίγνωιτο.

Θεαίτητος

ἀληθέστατα λέγεις.

Σωκράτης

τῶν ἀδυνάτων δὴ τι συμβαίνειν φαίνεται ἐάν τις ἐπιστήμην καὶ αἴσθησιν ταυτὸν φῇ εἶναι.

Θεαίτητος

ἔοικεν.

Σωκράτης

ἄλλο ἄρα ἐκάτερον φατέον.

Θεαίτητος

κινδυνεύει.

[164c] Σωκράτης

τί οὖν δῆτ' ἂν εἴη ἐπιστήμη; πάλιν ἐξ ἀρχῆς, ὥς ἔοικεν, λεκτέον.
καίτοι τί ποτε μέλλομεν, ὦ Θεαίτητε, δρᾶν;

Θεαίτητος

τίνος πέρι;

Σωκράτης

φαινόμεθά μοι ἀλεκτρυόνης ἀγεννοῦς δίκην πρὶν νενικηκέναι ἀποπηδήσαντες ἀπὸ τοῦ λόγου ἄδειν.

Θεαίτητος

πῶς δῆ;

Σωκράτης

ἀντιλογικῶς εἰκόκαμεν πρὸς τὰς τῶν ὀνομάτων ὁμολογίας ἀνομολογησάμενοι καὶ τοιούτῳ τινὶ περιγενόμενοι τοῦ λόγου ἀγαπᾶν, καὶ οὐ φάσκοντες ἀγωνισταὶ ἀλλὰ φιλόσοφοι [164d] εἶναι λανθάνομεν ταῦτά ἐκείνοις τοῖς δεινοῖς ἀνδράσιν ποιοῦντες.

Θεαίτητος

οὕτῳ μαθάνω ὅπως λέγεις.

Σωκράτης

ἀλλ' ἐγὼ πειράσομαι δηλῶσαι περὶ αὐτῶν ὃ γε δὴ νοῶ. ἡρόμεθα γὰρ δὴ εἰ μαθὼν καὶ μεμνημένος τίς τι μὴ ἐπίσταται, καὶ τὸν ἰδόντα καὶ μύσαντα μεμνημένον ὁρῶντα δὲ οὐ ἀποδείξαντες, οὐκ εἰδότα ἀπεδείξαμεν καὶ ἅμα μεμνημένον: τοῦτο δ' εἶναι ἀδύνατον. καὶ οὕτῳ δὴ μῦθος ἀπώλετο ὁ Πρωταγόρειος, καὶ ὁ σὸς ἅμα ὁ τῆς ἐπιστήμης καὶ αἰσθήσεως ὅτι ταῦτόν ἐστιν.

[164e] Θεαίτητος

φαίνεται.

Σωκράτης

οὐ τι ἄν, οἶμαι, ὃ φίλε, εἴπερ γε ὁ πατήρ τοῦ ἑτέρου μύθου ἔζη, ἀλλὰ πολλὰ ἂν ἤμυνε: νῦν δὲ ὀρφανὸν αὐτὸν ἡμεῖς προπηλακίζομεν. καὶ γὰρ οὐδ’ οἱ ἐπίτροποι, οὓς Πρωταγόρας κατέλιπεν, βοηθεῖν ἐθέλουσιν, ὧν Θεόδωρος εἷς ὅδε. ἀλλὰ δὴ αὐτοὶ κινδυνεύσομεν τοῦ δικαίου ἔνεκ’ αὐτῷ βοηθεῖν.

Θεόδωρος

οὐ γὰρ ἐγώ, ὦ Σώκρατες, ἀλλὰ μάλλον Καλλίας [165a] ὁ Ἴππονίκου τῶν ἐκείνου ἐπίτροπος: ἡμεῖς δέ πως θᾶττον ἐκ τῶν ψιλῶν λόγων πρὸς τὴν γεωμετρίαν ἀπενεύσαμεν. χάριν γε μέντοι σοὶ ἔξομεν ἐὰν αὐτῷ βοηθῇς.

Σωκράτης

καλῶς λέγεις, ὦ Θεόδωρε. σκέψαι οὖν τὴν γ’ ἐμὴν βοήθειαν. τῶν γὰρ ἄρτι δεινότερα ἂν τις ὁμολογήσειεν μὴ προσέχων τοῖς ῥήμασι τὸν νοῦν, ἢ τὸ πολὺ εἰθίσμεθα φάναι τε καὶ ἀπαρνεῖσθαι. σοὶ λέγω ὅπη, ἢ Θεαιτήτῳ.

Θεόδωρος

εἰς τὸ κοινὸν μὲν οὖν, ἀποκρινέσθω δὲ ὁ νεώτερος: [165b] σφαλεῖς γὰρ ἦττον ἀσχημονήσει.

Σωκράτης

λέγω δὴ τὸ δεινότατον ἐρώτημα, ἔστι δὲ οἶμαι τοιόνδε τι: “ἄρα οἷόν

τε τὸν αὐτὸν εἰδότα τι τοῦτο ὃ οἶδεν μὴ εἰδέναι;”

Θεόδωρος

τί δὴ οὖν ἀποκρινόμεθα, ὦ Θεαίτητε;

Θεαίτητος

ἀδύνατόν που, οἶμαι ἔγωγε.

Σωκράτης

οὐκ, εἰ τὸ ὁρᾶν γε ἐπίστασθαι θήσεις. τί γὰρ χρήσι ἀφύκτω ἐρωτήματι, τὸ λεγόμενον ἐν φρέατι συσχόμενος, ὅταν ἐρωτᾷ ἀνέκπληκτος ἀνὴρ, καταλαβὼν τῇ χειρὶ [165c] σοῦ τὸν ἕτερον ὀφθαλμόν, εἰ ὁρᾷς τὸ ἱμάτιον τῷ κατειλημμένῳ;

Θεαίτητος

οὐ φήσω οἶμαι τούτῳ γε, τῷ μέντοι ἐτέρῳ.

Σωκράτης

οὐκοῦν ὁρᾷς τε καὶ οὐχ ὁρᾷς ἅμα ταυτόν;

Θεαίτητος

οὕτω γέ πως.

Σωκράτης

οὐδὲν ἐγώ, φήσει, τοῦτο οὔτε τάττω οὔτ' ἠρόμην τὸ ὅπως, ἀλλ' εἰ ὁ ἐπίστασαι, τοῦτο καὶ οὐκ ἐπίστασαι. νῦν δὲ ὁ οὐχ ὀρθῶς ὀρῶν φαίνει. ὠμολογηκῶς δὲ τυγχάνεις τὸ ὀρᾶν ἐπίστασθαι καὶ τὸ μὴ ὀρᾶν μὴ ἐπίστασθαι. ἐξ οὗν τούτων λογίζου τί σοι συμβαίνει.

[165d] Θεαίτητος

ἀλλὰ λογίζομαι ὅτι τάναντία οἷς ὑπεθέμην.

Σωκράτης

ἴσως δέ γ', ὦ θαυμάσιε, πλείω ἂν τοιαῦτ' ἔπαθες εἴ τίς σε προσηρώτα εἰ ἐπίστασθαι ἔστι μὲν ὀξύ, ἔστι δὲ ἀμβλύ, καὶ ἐγγύθεν μὲν ἐπίστασθαι, πόρρωθεν δὲ μὴ, καὶ σφόδρα καὶ ἡρέμα τὸ αὐτό, καὶ ἄλλα μυρία, ἃ ἐλλοχῶν ἂν πελταστικὸς ἀνὴρ μισθοφόρος ἐν λόγοις ἐρόμενος, ἥνίκ' ἐπιστήμην καὶ αἴσθησιν ταῦτόν ἔθου, ἐμβαλὼν ἂν εἰς τὸ ἀκούειν καὶ ὁσφραίνεσθαι καὶ τὰς τοιαύτας αἰσθήσεις, ἤλεγχεν [165e] ἂν ἐπέχων καὶ οὐκ ἀνιεῖς πρὶν θαυμάσας τὴν πολυάρατον σοφίαν συνεποδίσθης ὑπ' αὐτοῦ, οὗ δὴ σε χειρωσάμενός τε καὶ συνδήσας ἤδη ἂν τότε ἐλύτρου χρημάτων ὅσων σοί τε κακείνῳ ἐδόκει. τίν' οὗν δὴ ὁ Πρωταγόρας, φαίης ἂν ἴσως, λόγον ἐπίκουρον τοῖς αὐτοῦ ἐρεῖ; ἄλλο τι πειρώμεθα λέγειν;

Θεαίτητος

πάνυ μὲν οὔν.

Σωκράτης

ταῦτά τε δὴ πάντα ὅσα ἡμεῖς ἐπαμύνοντες αὐτῷ [166a] λέγομεν, καὶ ὁμόσε οἶμαι χωρήσεται καταφρονῶν ἡμῶν καὶ λέγων: “οὗτος δὴ ὁ Σωκράτης ὁ χρηστός, ἐπειδὴ αὐτῷ παιδίον τι ἐρωτηθὲν ἔδεισεν εἰ οἷόν τε τὸν αὐτὸν τὸ αὐτὸ μεμνησθαι ἅμα καὶ μὴ εἰδέναι, καὶ δεῖσαν

συγγενῇ ἑαυτῆς χρηστῇ ἐποίησε δοξάσαι ἕτερα τοιαῦτα, ἃ δὴ τινες τὰ φαντάσματα ὑπὸ ἀπειρίας ἀληθῆ καλοῦσιν, ἐγὼ δὲ βελτίω μὲν τὰ ἕτερα τῶν ἐτέρων, ἀληθέστερα δὲ οὐδέν. καὶ τοὺς σοφοὺς, ὧ φίλε Σώκρατες, πολλοῦ δέω βατράχους λέγειν, ἀλλὰ κατὰ μὲν σώματα ἱατροὺς λέγω, κατὰ δὲ φυτὰ γεωργούς. φημί γὰρ καὶ τούτους τοῖς φυτοῖς ἀντὶ πονηρῶν [167c] αἰσθήσεων, ὅταν τι αὐτῶν ἀσθενῇ, χρηστὰς καὶ ὑγιεινὰς αἰσθήσεις τε καὶ ἀληθεῖς ἐμποιεῖν, τοὺς δὲ γε σοφοὺς τε καὶ ἀγαθοὺς ῥήτορας ταῖς πόλεσι τὰ χρηστὰ ἀντὶ τῶν πονηρῶν δίκαια δοκεῖν εἶναι ποιεῖν. ἐπεὶ οἷά γ' ἂν ἐκάστη πόλει δίκαια καὶ καλὰ δοκῇ, ταῦτα καὶ εἶναι αὐτῇ, ἕως ἂν αὐτὰ νομίζῃ: ἀλλ' ὁ σοφὸς ἀντὶ πονηρῶν ὄντων αὐτοῖς ἐκάστων χρηστὰ ἐποίησεν εἶναι καὶ δοκεῖν. κατὰ δὲ τὸν αὐτὸν λόγον καὶ ὁ σοφιστὴς τοὺς παιδευομένους οὕτω δυνάμενος παιδαγωγεῖν σοφός τε [167d] καὶ ἄξιος πολλῶν χρημάτων τοῖς παιδευθεῖσιν. καὶ οὕτω σοφώτεροί τέ εἰσιν ἕτεροι ἐτέρων καὶ οὐδεὶς ψευδῇ δοξάζει, καὶ σοί, ἔάντε βούλῃ ἔάντε μὴ, ἀνεκτέον ὄντι μέτρω: σφάζεται γὰρ ἐν τούτοις ὁ λόγος οὗτος. ὧ σὺ εἰ μὲν ἔχεις ἐξ ἀρχῆς ἀμφισβητεῖν, ἀμφισβήτει λόγῳ ἀντιδιεξελθόν: εἰ δὲ δι' ἐρωτήσεων βούλει, δι' ἐρωτήσεων: οὐδὲ γὰρ τοῦτο φευκτέον, ἀλλὰ πάντων μάλιστα διωκτέον τῷ νοῦν ἔχοντι. ποίει [167e] μέντοι οὕτως: μὴ ἀδίκει ἐν τῷ ἐρωτᾷ. καὶ γὰρ πολλὴ ἀλογία ἀρετῆς φάσκοντα ἐπιμελεῖσθαι μηδὲν ἀλλ' ἢ ἀδικοῦντα ἐν λόγοις διατελεῖν. ἀδικεῖν δ' ἐστὶν ἐν τῷ τοιούτῳ, ὅταν τις μὴ χωρὶς μὲν ὡς ἀγωνιζόμενος τὰς διατριβὰς ποιῆται, χωρὶς δὲ διαλεγόμενος, καὶ ἐν μὲν τῷ παίξῃ τε καὶ σφάλῃ καθ' ὅσον ἂν δύνηται, ἐν δὲ τῷ διαλέγεσθαι σπουδάζῃ τε καὶ ἐπανορθοῖ τὸν προσδιαλεγόμενον, ἐκεῖνα μόνον αὐτῷ ἐνδεικνύμενος [168a] τὰ σφάλματα, ἃ αὐτὸς ὑφ' ἑαυτοῦ καὶ τῶν προτέρων συνουσιῶν παρεκέκρουστο. ἂν μὲν γὰρ οὕτω ποιῇς, ἑαυτοὺς αἰτιάσονται οἱ προσδιατρίβοντές σοι τῆς αὐτῶν ταραχῆς καὶ ἀπορίας ἀλλ' οὐ σέ, καὶ σέ μὲν διώξονται καὶ φιλήσουσιν, αὐτοὺς δὲ μισήσουσι καὶ φεύξονται ἀφ' ἑαυτῶν εἰς φιλοσοφίαν, ἴν' ἄλλοι γενόμενοι ἀπαλλαγῶσι τῶν οἱ πρότερον ἦσαν: ἐὰν δὲ τὰναντία τούτων ὁρᾷς ὥσπερ οἱ πολλοί, τὰναντία συμβήσεται σοι καὶ τοὺς συνόντας ἀντὶ φιλοσόφων [168b] μισοῦντας τοῦτο τὸ πρᾶγμα ἀποφανεῖς ἐπειδὰν πρεσβύτεροι γένωνται. ἐὰν οὖν ἐμοὶ πεῖθῃ, ὃ καὶ πρότερον ἐρρήθῃ, οὐ δυσμενῶς οὐδὲ μαχητικῶς ἀλλ' ἴλεω τῇ διανοίᾳ συγκαθεῖς ὡς ἀληθῶς σκέψῃ τί ποτε λέγομεν, κινεῖσθαι τε ἀποφαινόμενοι τὰ πάντα, τό τε δοκοῦν ἐκάστῳ τοῦτο

ὦ Θεόδωρε, τῷ ἐταίρῳ σου εἰς βοήθειαν προσηρξάμην κατ' ἐμὴν
δύναμιν σμικρὰ ἀπὸ σμικρῶν· εἰ δ' αὐτὸς ἔξῃ, μεγαλειότερον ἂν τοῖς
αὐτοῦ ἐβοήθησεν.

Θεόδωρος

παίζεις, ὦ Σώκρατες· πάνυ γὰρ νεανικῶς τῷ ἀνδρὶ βεβοήθηκας.

Σωκράτης

εὖ λέγεις, ὦ ἐταῖρε. καὶ μοι εἶπέ· ἐνενόησάς που λέγοντος ἄρτι τοῦ
Πρωταγόρου καὶ ὀνειδίζοντος ἡμῖν ὅτι [168d] πρὸς παιδίον τοὺς
λόγους ποιούμενοι τῷ τοῦ παιδὸς φόβῳ ἀγωνιζοίμεθα εἰς τὰ ἑαυτοῦ,
καὶ χαριεντισμόν τινα ἀποκαλῶν, ἀποσεμνύνων δὲ τὸ πάντων
μέτρον, σπουδάσαι ἡμᾶς διεκελεύσατο περὶ τὸν αὐτοῦ λόγον;

Θεόδωρος

πῶς γὰρ οὐκ ἐνενόησα, ὦ Σώκρατες;

Σωκράτης

τί οὖν; κελεύεις πείθεσθαι αὐτῷ;

Θεόδωρος

σφόδρα γε.

Σωκράτης

ὁρᾷς οὖν ὅτι τάδε πάντα πλὴν σοῦ παιδιά ἐστίν. εἰ οὖν πεισόμεθα τῷ ἀνδρί, ἐμὲ καὶ σὲ δεῖ ἐρωτῶντάς τε καὶ [168e] ἀποκρινομένους ἀλλήλοις σπουδάσαι αὐτοῦ περὶ τὸν λόγον, ἵνα μὴ τοῦτό γε ἔχη ἐγκαλεῖν, ὥς παίζοντες πρὸς μεϊράκια διεσκεψάμεθ' αὐτοῦ τὸν λόγον.

Θεόδωρος

τί δ'; οὐ πολλῶν τοι Θεαίτητος μεγάλους πώγωνας ἔχόντων ἄμεινον ἂν ἐπακολουθήσειε λόγῳ διερευνωμένῳ;

Σωκράτης

ἀλλ' οὐ τι σοῦ γε, ὦ Θεόδωρε, ἄμεινον. μὴ οὖν οἴου ἐμὲ μὲν τῷ σῷ ἐταίρῳ τετελευτηκότι δεῖν παντὶ τρόπῳ [169a] ἐπαμύνειν, σὲ δὲ μηδενί. ἀλλ' ἴθι, ὦ ἄριστε, ὀλίγον ἐπίσπου, μέχρι τούτου αὐτοῦ ἕως ἂν εἰδῶμεν εἴτε ἄρα σὲ δεῖ διαγραμμάτων πέρι μέτρον εἶναι, εἴτε πάντες ὁμοίως σοὶ ἱκανοὶ ἑαυτοῖς εἷς τε ἀστρονομίαν καὶ τᾶλλα ὧν δὴ σὺ πέρι αἰτίαν ἔχεις διαφέρειν.

Θεόδωρος

οὐ ῥάδιον, ὦ Σώκρατες, σοὶ παρακαθήμενον μὴ διδόναι λόγον, ἀλλ' ἐγὼ ἄρτι παρελήρησα φάσκων σε ἐπιτρέψειν μοι μὴ ἀποδύεσθαι, καὶ οὐχὶ ἀναγκάσειν καθάπερ Λακεδαιμόνιοι: σὺ δέ μοι δοκεῖς πρὸς τὸν Σκίρωνα μᾶλλον [169b] τείνειν. Λακεδαιμόνιοι μὲν γὰρ ἀπιέναι ἢ ἀποδύεσθαι κελεύουσι, σὺ δὲ κατ' Ἀνταῖον τί μοι μᾶλλον δοκεῖς τὸ δρᾶμα δρᾶν: τὸν γὰρ προσελθόντα οὐκ ἀνίης πρὶν <ἂν> ἀναγκάσης ἀποδύσας ἐν τοῖς λόγοις προσπαλαῖσαι.

Σωκράτης

ἄριστα γε, ὦ Θεόδωρε, τὴν νόσον μου ἀπήκασας· ἰσχυρικώτερος μέντοι ἐγὼ ἐκείνων. μυριοὶ γὰρ ἤδη μοι Ἡρακλέες τε καὶ Θησέες ἐντυχόντες καρτεροὶ πρὸς τὸ λέγειν μάλ' εὖ συγκεκόφασιν, ἀλλ' ἐγὼ οὐδὲν τι μᾶλλον ἀφίσταμαι· [169c] οὕτω τις ἔρωσ δεινὸς ἐνδέδυκε τῆς περὶ ταῦτα γυμνασίας. μὴ οὖν μηδὲ σὺ φθονήσης προσανατριψάμενος σαυτόν τε ἅμα καὶ ἐμέ ὄνῃσαι.

Θεόδωρος

οὐδὲν ἔτι ἀντιλέγω, ἀλλ' ἄγε ὅπη 'θέλεις· πάντως τὴν περὶ ταῦτα εἰμαρμένην ἦν <ἄν> σὺ ἐπικλώσης δεῖ ἀνατλήναι ἐλεγχόμενον. οὐ μέντοι περαιτέρω γε ὧν προτίθεσαι οἷός τ' ἔσομαι παρασχεῖν ἑμαυτόν σοι.

Σωκράτης

ἀλλ' ἄρκεῖ καὶ μέχρι τούτων. καί μοι πάνυ τήρει τὸ τοιόνδε, μή που παιδικόν τι λάθωμεν εἶδος τῶν λόγων [169d] ποιούμενοι, καὶ τις πάλιν ἡμῖν αὐτὸ ὀνειδίσει.

Θεόδωρος

ἀλλὰ δὴ πειράσομαί γε καθ' ὅσον ἂν δύνωμαι.

Σωκράτης

τοῦδε τοίνυν πρῶτον πάλιν ἀντιλαβώμεθα οὗπερ τὸ πρότερον, καὶ ἴδωμεν ὀρθῶς ἢ οὐκ ὀρθῶς ἐδυσχεραίνομεν ἐπιτιμῶντες τῷ λόγῳ ὅτι αὐτάρκη ἕκαστον εἰς φρόνησιν ἐποίει, καὶ ἡμῖν συνεχώρησεν ὁ Πρωταγόρας περὶ τε τοῦ ἀμείνονος καὶ χείρονος διαφέρειν τινάς, οὓς δὴ καὶ εἶναι σοφούς. οὐχί;

Θεόδωρος

ναί.

Σωκράτης

εἰ μὲν τοίνυν αὐτὸς παρὼν ὁμολόγει ἀλλὰ μὴ ἡμεῖς [169e]
βοηθοῦντες ὑπὲρ αὐτοῦ συνεχωρήσαμεν, οὐδὲν ἂν πάλιν ἔδει
ἐπαναλαβόντας βεβαιοῦσθαι: νῦν δὲ τάχ' ἂν τις ἡμᾶς ἀκύρους τιθείη
τῆς ὑπὲρ ἐκείνου ὁμολογίας. διὸ καλλιόνως ἔχει σαφέστερον περὶ
τούτου αὐτοῦ διομολογήσασθαι: οὐ γάρ τι σμικρὸν παραλλάττει
οὕτως ἔχον ἢ ἄλλως.

Θεόδωρος

λέγεις ἀληθῆ.

Σωκράτης

μὴ τοίνυν δι' ἄλλων ἀλλ' ἐκ τοῦ ἐκείνου λόγου ὥς [170a] διὰ
βραχυτάτων λάβωμεν τὴν ὁμολογίαν.

Θεόδωρος

πῶς;

Σωκράτης

οὕτωςί: τὸ δοκοῦν ἐκάστῳ τοῦτο καὶ εἶναί φησί που ὃ δοκεῖ;

Θεόδωρος

φησὶ γὰρ οὖν.

Σωκράτης

οὐκοῦν, ὦ Πρωταγόρα, καὶ ἡμεῖς ἄνθρωποι, μᾶλλον δὲ πάντων ἀνθρώπων δόξας λέγομεν, καὶ φαμέν οὐδένα ὄντινα οὐ τὰ μὲν αὐτὸν ἡγεῖσθαι τῶν ἄλλων σοφώτερον, τὰ δὲ ἄλλους ἑαυτοῦ, καὶ ἔν γε τοῖς μεγίστοις κινδύνοις, ὅταν ἐν στρατείαις ἢ νόσοις ἢ ἐν θαλάττῃ χειμάζονται, ὥσπερ πρὸς θεοὺς ἔχειν τοὺς ἐν ἐκάστοις ἄρχοντας, σωτῆρας σφῶν [170b] προσδοκῶντας, οὐκ ἄλλῳ τῷ διαφέροντας ἢ τῷ εἰδέναι: καὶ πάντα που μεστὰ τῶν ἀνθρώπων ζητούντων διδασκάλους τε καὶ ἄρχοντας ἑαυτῶν τε καὶ τῶν ἄλλων ζώων τῶν τε ἐργασιῶν, οἰομένων τε αὖ ἱκανῶν μὲν διδάσκειν, ἱκανῶν δὲ ἄρχειν εἶναι. καὶ ἐν τούτοις ἅπασιν τί ἄλλο φήσομεν ἢ αὐτοὺς τοὺς ἀνθρώπους ἡγεῖσθαι σοφίαν καὶ ἀμαθίαν εἶναι παρὰ σφίσιν;

Θεόδωρος

οὐδὲν ἄλλο.

Σωκράτης

οὐκοῦν τὴν μὲν σοφίαν ἀληθῆ διάνοιαν ἡγοῦνται, τὴν δὲ ἀμαθίαν ψευδῆ δόξαν;

[170c] Θεόδωρος

τί μῆν;

Σωκράτης

τί οὖν, ὦ Πρωταγόρα, χρησόμεθα τῷ λόγῳ; πότερον ἀληθῆ φῶμεν

ἀεὶ τοὺς ἀνθρώπους δοξάζειν, ἢ τοτὲ μὲν ἀληθῆ, τοτὲ δὲ ψευδῆ; ἐξ ἀμφοτέρων γάρ που συμβαίνει μὴ ἀεὶ ἀληθῆ ἀλλ' ἀμφοτέρα αὐτοὺς δοξάζειν. σκόπει γάρ, ὦ Θεόδωρε, εἰ ἐθέλοι ἄν τις τῶν ἀμφὶ Πρωταγόραν ἢ σὺ αὐτὸς διαμάχεσθαι ὥς οὐδεὶς ἡγεῖται ἕτερος ἕτερον ἀμαθῆ τε εἶναι καὶ ψευδῆ δοξάζειν.

Θεόδωρος

ἀλλ' ἄπιστον, ὦ Σώκρατες.

[170d] Σωκράτης

καὶ μὴν εἰς τοῦτο γε ἀνάγκης ὁ λόγος ἦκει ὁ πάντων χρημάτων μέτρον ἄνθρωπον λέγων.

Θεόδωρος

πῶς δῆ;

Σωκράτης

ὅταν σὺ κρίνας τι παρὰ σαυτῷ πρὸς με ἀποφαίνῃ περί τινος δόξαν, σοὶ μὲν δὴ τοῦτο κατὰ τὸν ἐκείνου λόγον ἀληθὲς ἔστω, ἡμῖν δὲ δὴ τοῖς ἄλλοις περὶ τῆς σῆς κρίσεως πότερον οὐκ ἔστιν κριταῖς γενέσθαι, ἢ ἀεὶ σὲ κρίνομεν ἀληθῆ δοξάζειν; ἢ μυρίοι ἐκάστοτέ σοι μάχονται ἀντιδοξάζοντες, ἡγούμενοι ψευδῆ κρίνειν τε καὶ οἶσθαι;

[170e] Θεόδωρος

νῆ τὸν Δία, ὦ Σώκρατες, μάλα μυρίοι δῆτα, φησὶν Ὅμηρος, οἳ γέ μοι τὰ ἐξ ἀνθρώπων πράγματα παρέχουσιν.

Σωκράτης

τί οὖν; βούλει λέγωμεν ὥς σὺ τότε σαυτῷ μὲν ἀληθῆ δοξάζεις, τοῖς δὲ μυρίοις ψευδῇ;

Θεόδωρος

ἔοικεν ἔκ γε τοῦ λόγου ἀνάγκη εἶναι.

Σωκράτης

τί δὲ αὐτῷ Πρωταγόρα; ἄρ' οὐχὶ ἀνάγκη, εἰ μὲν μηδὲ αὐτὸς ᾤετο μέτρον εἶναι ἄνθρωπον μηδὲ οἱ πολλοί, ὥσπερ οὐδὲ οἴονται, μηδενὶ δὴ εἶναι ταύτην τὴν ἀλήθειαν [171a] ἣν ἐκεῖνος ἔγραψεν; εἰ δὲ αὐτὸς μὲν ᾤετο, τὸ δὲ πλῆθος μὴ συνοίεται, οἴσθ' ὅτι πρῶτον μὲν ὅσῳ πλείους οἷς μὴ δοκεῖ ἢ οἷς δοκεῖ, τοσοῦτον μᾶλλον οὐκ ἔστιν ἢ ἔστιν.

Θεόδωρος

ἀνάγκη, εἵπερ γε καθ' ἐκάστην δόξαν ἔσται καὶ οὐκ ἔσται.

Σωκράτης

ἔπειτά γε τοῦτ' ἔχει κομψότατον: ἐκεῖνος μὲν περὶ τῆς αὐτοῦ οἰήσεως τὴν τῶν ἀντιδοξαζόντων οἴησιν, ἣ ἐκεῖνον ἡγοῦνται ψεύδεσθαι, συγχωρεῖ που ἀληθῆ εἶναι ὁμολογῶν τὰ ὄντα δοξάζειν ἅπαντας.

Θεόδωρος

πάνυ μὲν οὖν.

[171b] Σωκράτης

οὐκοῦν τὴν αὐτοῦ ἂν ψευδῇ συγχωροῖ, εἰ τὴν τῶν ἡγουμένων αὐτὸν
ψεύδεσθαι ὁμολογεῖ ἀληθῆ εἶναι;

Θεόδωρος

ἀνάγκη.

Σωκράτης

οἱ δέ γ' ἄλλοι οὐ συγχωροῦσιν ἑαυτοῖς ψεύδεσθαι;

Θεόδωρος

οὐ γὰρ οὖν.

Σωκράτης

ὁ δέ γ' αὖ ὁμολογεῖ καὶ ταύτην ἀληθῆ τὴν δόξαν ἐξ ᾧ γέγραφεν.

Θεόδωρος

φαίνεται.

Σωκράτης

ἐξ ἀπάντων ἄρα ἀπὸ Πρωταγόρου ἀρξαμένων ἀμφισβητήσεται,
μᾶλλον δὲ ὑπὸ γε ἐκείνου ὁμολογήσεται, ὅταν τῷ τάναντία λέγοντι
συγχωρῇ ἀληθῆ αὐτὸν δοξάζειν, [171c] τότε καὶ ὁ Πρωταγόρας
αὐτὸς συγχωρήσεται μήτε κύνα μήτε τὸν ἐπιτυχόντα ἄνθρωπον
μέτρον εἶναι μηδὲ περὶ ἐνὸς οὗ ἂν μὴ μάθη. οὐχ οὕτως;

Θεόδωρος

οὕτως.

Σωκράτης

οὐκοῦν ἐπειδὴ ἀμφισβητεῖται ὑπὸ πάντων, οὐδενὶ ἂν εἴη ἡ Πρωταγόρου Ἀλήθεια ἀληθής, οὔτε τινὶ ἄλλῳ οὔτ' αὐτῷ ἐκείνῳ.

Θεόδωρος

ἄγαν, ὦ Σώκρατες, τὸν ἐταῖρόν μου καταθέομεν.

Σωκράτης

ἀλλά τοι, ὦ φίλε, ἄδηλον εἰ καὶ παραθέομεν τὸ ὀρθόν. εἰκός γε ἄρα ἐκεῖνον πρεσβύτερον ὄντα σοφώτερον [171d] ἡμῶν εἶναι: καὶ εἰ αὐτίκα ἐντεῦθεν ἀνακύψει μέχρι τοῦ αὐχένος, πολλὰ ἂν ἐμέ τε ἐλέγξας ληροῦντα, ὥς τὸ εἰκός, καὶ σὲ ὁμολογοῦντα, καταδύς ἂν οἴχοιτο ἀποτρέχων. ἀλλ' ἡμῖν ἀνάγκη οἶμαι χρῆσθαι ἡμῖν αὐτοῖς ὅποιοί τινές ἐσμεν, καὶ τὰ δοκοῦντα ἀεὶ ταῦτα λέγειν. καὶ δῆτα καὶ νῦν ἄλλο τι φῶμεν ὁμολογεῖν ἂν τοῦτό γε ὄντινοῦν, τὸ εἶναι σοφώτερον ἕτερον ἐτέρου, εἶναι δὲ καὶ ἀμαθέστερον;

Θεόδωρος

ἐμοὶ γοῦν δοκεῖ.

Σωκράτης

ἦ καὶ ταύτῃ ἂν μάλιστα ἴστασθαι τὸν λόγον, ἦ [171e] ἡμεῖς

ὑπεγράψαμεν βοηθοῦντες Πρωταγόρα, ὥς τὰ μὲν πολλὰ ἢ δοκεῖ, ταύτη καὶ ἔστιν ἐκάστω, θερμά, ξηρά, γλυκέα, πάντα ὅσα τοῦ τύπου τούτου: εἰ δέ που ἔν τισι συγχωρήσεται διαφέρειν ἄλλον ἄλλου, περὶ τὰ ὑγιεινὰ καὶ νοσώδη ἐθελῆσαι ἂν φάναι μὴ πᾶν γύναιον καὶ παιδίον, καὶ θηρίον δέ, ἰκανὸν εἶναι ἰᾶσθαι αὐτὸ γιγνώσκον ἑαυτῷ τὸ ὑγιεινόν, ἀλλὰ ἐνταῦθα δὴ ἄλλον ἄλλου διαφέρειν, εἴπερ που;

Θεόδωρος

ἔμοιγε δοκεῖ οὕτως.

[172a] Σωκράτης

οὐκοῦν καὶ περὶ πολιτικῶν, καλὰ μὲν καὶ αἰσχυρὰ καὶ δίκαια καὶ ἄδिका καὶ ὅσια καὶ μὴ, οἷα ἂν ἐκάστη πόλις οἰηθεῖσα θῆται νόμιμα αὐτῇ, ταῦτα καὶ εἶναι τῇ ἀληθείᾳ ἐκάστη, καὶ ἐν τούτοις μὲν οὐδὲν σοφώτερον οὔτε ιδιώτην ιδιώτου οὔτε πόλιν πόλεως εἶναι: ἐν δὲ τῷ συμφέροντα ἑαυτῇ ἢ μὴ συμφέροντα τίθεσθαι, ἐνταῦθ', εἴπερ που, αὗ ὁμολογήσει σύμβουλόν τε συμβούλου διαφέρειν καὶ πόλεως δόξαν ἑτέραν ἑτέρας πρὸς ἀλήθειαν, καὶ οὐκ ἂν πάνυ τολμήσειε [172b] φῆσαι, ἃ ἂν θῆται πόλις συμφέροντα οἰηθεῖσα αὐτῇ, παντὸς μᾶλλον ταῦτα καὶ συνοίσειν: ἀλλ' ἐκεῖ οὗ λέγω, ἐν τοῖς δικαίοις καὶ ἀδίκτοις καὶ ὀσίτοις καὶ ἀνοσίτοις, ἐθέλουσιν ἰσχυρίζεσθαι ὥς οὐκ ἔστι φύσει αὐτῶν οὐδὲν οὐσίαν ἑαυτοῦ ἔχον, ἀλλὰ τὸ κοινῇ δόξαν τοῦτο γίγνεται ἀληθὲς τότε, ὅταν δόξη καὶ ὅσον ἂν δοκῇ χρόνον. καὶ ὅσοι γε ἂν μὴ παντάπασιν τὸν Πρωταγόρου λόγον λέγωσιν, ὧδέ πως τὴν σοφίαν ἄγουσι. λόγος δὲ ἡμᾶς, ὦ Θεόδωρε, ἐκ λόγου μείζων ἐξ ἐλάττωτος [172c] καταλαμβάνει.

Θεόδωρος

οὐκοῦν σχολὴν ἄγομεν, ὦ Σώκρατες;

Σωκράτης

φαινόμεθα. καὶ πολλάκις μὲν γε δὴ, ὦ δαιμόνιε, καὶ ἄλλοτε κατενόησα, ἀτὰρ καὶ νῦν, ὥς εἰκότως οἱ ἐν ταῖς φιλοσοφίαις πολὺν χρόνον διατρίψαντες εἰς τὰ δικαστήρια ἰόντες γελοῖοι φαίνονται ῥήτορες.

Θεόδωρος

πῶς δὴ οὖν λέγεις;

Σωκράτης

κινδυνεύουσιν οἱ ἐν δικαστηρίοις καὶ τοῖς τοιούτοις ἐκ νέων κυλινδούμενοι πρὸς τοὺς ἐν φιλοσοφίᾳ καὶ τῇ [172d] τοιᾷδε διατριβῇ τεθραμμένους ὥς οἰκέται πρὸς ἐλευθέρους τεθράφθαι.

Θεόδωρος

πῇ δὴ;

Σωκράτης

ἦι τοῖς μὲν τοῦτο ὃ σὺ εἶπες ἀεὶ πάρεστι, σχολή, καὶ τοὺς λόγους ἐν εἰρήνῃ ἐπὶ σχολῇς ποιοῦνται: ὥσπερ ἡμεῖς νυνὶ τρίτον ἤδη λόγον ἐκ λόγου μεταλαμβάνομεν, οὕτω κάκεῖνοι, ἐὰν αὐτοὺς ὁ ἐπελθὼν τοῦ προκειμένου μᾶλλον καθάπερ ἡμᾶς ἀρέσῃ: καὶ διὰ μακρῶν ἢ βραχέων μέλει οὐδὲν λέγειν, ἂν μόνον τύχωσι τοῦ ὄντος: οἱ δὲ ἐν ἀσχολίᾳ [172e] τε ἀεὶ λέγουσι — κατεπεῖγαι γὰρ ὕδωρ ῥέον — καὶ οὐκ ἐγχωρεῖ περὶ οὗ ἂν ἐπιθυμήσωσι τοὺς λόγους ποιεῖσθαι, ἀλλ' ἀνάγκην ἔχων ὁ ἀντίδικος ἐφέστηκεν καὶ ὑπογραφὴν παραναγιγνωσκομένην ὧν ἐκτὸς οὐ ῥητέον [ἦν ἀντωμοσίαν καλοῦσιν]: οἱ δὲ λόγοι ἀεὶ περὶ ὁμοδούλου πρὸς δεσπότην

καθήμενον, ἐν χειρί τινα δίκην ἔχοντα, καὶ οἱ ἀγῶνες οὐδέποτε τὴν ἄλλως ἄλλ' αἰεὶ τὴν περὶ αὐτοῦ, πολλάκις δὲ καὶ περὶ ψυχῆς [173a] ὁ δρόμος: ὥστ' ἐξ ἀπάντων τούτων ἔντονοι καὶ δριμεῖς γίνονται, ἐπιστάμενοι τὸν δεσπότην λόγῳ τε θωπεῦσαι καὶ ἔργῳ ὑπελθεῖν, σμικροὶ δὲ καὶ οὐκ ὀρθοὶ τὰς ψυχὰς. τὴν γὰρ αὔξην καὶ τὸ εὐθύ τε καὶ τὸ ἐλευθέριον ἢ ἐκ νέων δουλεία ἀφήρηται, ἀναγκάζουσα πράττειν σκολιά, μεγάλους κινδύνους καὶ φόβους ἔτι ἀπαλαῖς ψυχαῖς ἐπιβάλλουσα, οὓς οὐ δυνάμενοι μετὰ τοῦ δικαίου καὶ ἀληθοῦς ὑποφέρειν, εὐθύς ἐπὶ τὸ ψεῦδος τε καὶ τὸ ἀλλήλους ἀνταδικεῖν τρεπόμενοι [173b] πολλὰ κάμπτονται καὶ συγκλῶνται, ὥσθ' ὑγιὲς οὐδὲν ἔχοντες τῆς διανοίας εἰς ἄνδρας ἐκ μεираκίων τελευτῶσι, δεινοὶ τε καὶ σοφοὶ γεγονότες, ὡς οἴονται. καὶ οὗτοι μὲν δὴ τοιοῦτοι, ὃ Θεόδωρε: τοὺς δὲ τοῦ ἡμετέρου χοροῦ πότερον βούλει διελθόντες ἢ ἐάσαντες πάλιν ἐπὶ τὸν λόγον τρεπώμεθα, ἵνα μὴ καί, ὃ νυνδὴ ἐλέγομεν, λίαν πολὺ τῇ ἐλευθερίᾳ καὶ μεταλήψει τῶν λόγων καταχρώμεθα;

Θεόδωρος

μηδαμῶς, ὃ Σώκρατες, ἀλλὰ διελθόντες. πάνυ [173c] γὰρ εὖ τοῦτο εἴρηκας, ὅτι οὐχ ἡμεῖς οἱ ἐν τῷ τοιῷδε χορεύοντες τῶν λόγων ὑπηρεταί, ἀλλ' οἱ λόγοι ἡμέτεροι ὥσπερ οἰκέται, καὶ ἕκαστος αὐτῶν περιμένει ἀποτελεσθῆναι ὅταν ἡμῖν δοκῇ: οὔτε γὰρ δικαστῆς οὔτε θεατῆς ὥσπερ ποιηταῖς ἐπιτιμήσων τε καὶ ἄρξων ἐπιστατεῖ παρ' ἡμῖν.

Σωκράτης

λέγωμεν δὴ, ὡς ἔοικεν, ἐπεὶ σοί γε δοκεῖ, περὶ τῶν κορυφαίων: τί γὰρ ἂν τις τοὺς γε φαύλως διατρίβοντας ἐν φιλοσοφίᾳ λέγοι; οὗτοι δὲ που ἐκ νέων πρῶτον μὲν εἰς [173d] ἀγορὰν οὐκ ἴσασι τὴν ὁδόν, οὐδὲ ὅπου δικαστήριον ἢ βουλευτήριον ἢ τι κοινὸν ἄλλο τῆς πόλεως συνέδριον: νόμους δὲ καὶ ψηφίσματα λεγόμενα ἢ γεγραμμένα οὔτε ὁρῶσιν οὔτε ἀκούουσι: σπουδαὶ δὲ ἐταιριῶν ἐπ' ἀρχὰς καὶ σύνοδοι καὶ δεῖπνα καὶ σὺν αὐλητρίσι κῶμοι, οὐδὲ ὄναρ πράττειν

προσίσταται αὐτοῖς. εὖ δὲ ἢ κακῶς τις γέγονεν ἐν πόλει, ἢ τί τῷ κακόν ἐστιν ἐκ προγόνων γεγονὸς ἢ πρὸς ἀνδρῶν ἢ γυναικῶν, μᾶλλον αὐτὸν λέληθεν ἢ οἱ τῆς θαλάττης λεγόμενοι [173e] χόες. καὶ ταῦτα πάντ’ οὐδ’ ὅτι οὐκ οἶδεν, οἶδεν: οὐδὲ γὰρ αὐτῶν ἀπέχεται τοῦ εὐδοκιμεῖν χάριν, ἀλλὰ τῷ ὄντι τὸ σῶμα μόνον ἐν τῇ πόλει κεῖται αὐτοῦ καὶ ἐπιδημεῖ, ἡ δὲ διάνοια, ταῦτα πάντα ἡγησαμένη σμικρὰ καὶ οὐδέν, ἀτιμάσασα πανταχῇ πέτεται κατὰ Πίνδαρον “τὰς τε γὰς ὑπένερθε” καὶ τὰ ἐπίπεδα γεωμετροῦσα, “οὐρανοῦ θ’ ὕπερ” ἀστρονομοῦσα, [174a] καὶ πᾶσαν πάντῃ φύσιν ἐρευνωμένη τῶν ὄντων ἐκάστου ὅλου, εἰς τῶν ἐγγύς οὐδὲν αὐτὴν συγκαθιεῖσα.

Θεόδωρος

πῶς τοῦτο λέγεις, ὦ Σώκρατες;

Σωκράτης

ὥσπερ καὶ Θαλῆν ἀστρονομοῦντα, ὦ Θεόδωρε, καὶ ἄνω βλέποντα, πεσόντα εἰς φρέαρ, Θοῤῥτά τις ἐμμελῆς καὶ χαρίεσσα θεραπαινὶς ἀποσκῶψαι λέγεται ὥς τὰ μὲν ἐν οὐρανῷ προθυμοῖτο εἰδέναι, τὰ δ’ ἔμπροσθεν αὐτοῦ καὶ παρὰ πόδας λανθάνοι αὐτόν. ταῦτὸν δὲ ἀρκεῖ σκῶμμα ἐπὶ πάντας [174b] ὅσοι ἐν φιλοσοφίᾳ διάγουσι. τῷ γὰρ ὄντι τὸν τοιοῦτον ὁ μὲν πλησίον καὶ ὁ γείτων λέληθεν, οὐ μόνον ὅτι πράττει, ἀλλ’ ὀλίγου καὶ εἰ ἄνθρωπός ἐστιν ἢ τι ἄλλο θρέμμα: τί δέ ποτ’ ἐστὶν ἄνθρωπος καὶ τί τῇ τοιαύτῃ φύσει προσήκει διάφορον τῶν ἄλλων ποιεῖν ἢ πάσχειν, ζητεῖ τε καὶ πράγματ’ ἔχει διερευνώμενος. μανθάνεις γάρ που, ὦ Θεόδωρε: ἢ οὐ;

Θεόδωρος

ἔγωγε: καὶ ἀληθῆ λέγεις.

Σωκράτης

τοιγάρτοι, ὦ φίλε, ἰδίᾳ τε συγγιγνόμενος ὁ τοιοῦτος [174c] ἐκάστῳ καὶ δημοσίᾳ, ὅπερ ἀρχόμενος ἔλεγον, ὅταν ἐν δικαστηρίῳ ἢ που ἄλλοθι ἀναγκασθῇ περὶ τῶν παρὰ πόδας καὶ τῶν ἐν ὀφθαλμοῖς διαλέγεσθαι, γέλωτα παρέχει οὐ μόνον Θράτταις ἀλλὰ καὶ τῷ ἄλλῳ ὄχλῳ, εἰς φρέατά τε καὶ πᾶσαν ἀπορίαν ἐμπίπτων ὑπὸ ἀπειρίας, καὶ ἡ ἀσχημοσύνη δεινὴ, δόξαν ἀβελτερίας παρεχομένη: ἐν τε γὰρ ταῖς λαιδορίαις ἴδιον ἔχει οὐδὲν οὐδένα λαιδορεῖν, ἅτ' οὐκ εἰδὼς κακὸν οὐδὲν οὐδενὸς ἐκ τοῦ μὴ μεμελετηκέναι: ἀπορῶν [174d] οὖν γελοῖος φαίνεται. ἐν τε τοῖς ἐπαίνοις καὶ ταῖς τῶν ἄλλων μεγαλαυχίαις οὐ προσποιήτως ἀλλὰ τῷ ὄντι γελῶν ἐνδηλὸς γιγνόμενος ληρώδης δοκεῖ εἶναι. τύραννόν τε γὰρ ἢ βασιλέα ἐγκωμιαζόμενον, ἓνα τῶν νομέων, οἷον συβώτην ἢ ποιμένα ἢ τινα βουκόλον, ἡγεῖται ἀκούειν εὐδαιμονιζόμενον πολὺ βδάλλοντα: δυσκολώτερον δὲ ἐκείνων ζῶον καὶ ἐπιβουλότερον ποιμαίνειν τε καὶ βδάλλειν νομίζει αὐτούς, ἄγροικον δὲ καὶ ἀπαίδευτον ὑπὸ ἀσχορίας οὐδὲν ἤττον τῶν [174e] νομέων τὸν τοιοῦτον ἀναγκαῖον γίνεσθαι, σηκὸν ἐν ὄρει τὸ τεῖχος περιβεβλημένον. γῆς δὲ ὅταν μυρία πλέθρα ἢ ἔτι πλείω ἀκούσῃ ὥς τις ἄρα κεκτημένος θαυμαστὰ πλήθει κέκτηται, πάνσμικρα δοκεῖ ἀκούειν εἰς ἅπασαν εἰσθῶς τὴν γῆν βλέπειν. τὰ δὲ δὴ γένη ὑμνούντων, ὥς γενναῖός τις ἐπὶ τὰ πάππους πλουσίους ἔχων ἀποφῆναι, παντάπασιν ἀμβλὺ καὶ ἐπὶ σμικρὸν ὁρώντων ἡγεῖται τὸν ἔπαινον, ὑπὸ [175a] ἀπαιδευσίας οὐ δυναμένων εἰς τὸ πᾶν αἰεὶ βλέπειν οὐδὲ λογίζεσθαι ὅτι πάππων καὶ προγόνων μυριάδες ἐκάστῳ γεγόνασιν ἀναρίθμητοι, ἐν αἷς πλούσιοι καὶ πτωχοὶ καὶ βασιλῆς καὶ δοῦλοι βάρβαροί τε καὶ Ἑλλήνες πολλάκις μυριοὶ γεγόνασιν ὁπποῦν: ἀλλ' ἐπὶ πέντε καὶ εἴκοσι καταλόγῳ προγόνων σεμνυνομένων καὶ ἀναφερόντων εἰς Ἡρακλέα τὸν Ἀμφιτρύωνος ἄτοπα αὐτῷ καταφαίνεται τῆς σμικρολογίας, ὅτι [175b] δὲ ὁ ἀπ' Ἀμφιτρύωνος εἰς τὸ ἄνω πεντεκαεικοστός τοιοῦτος ἦν οἷα συνέβαινε αὐτῷ τύχῃ, καὶ ὁ πεντηκοστός ἀπ' αὐτοῦ, γελᾷ οὐ δυναμένων λογίζεσθαι τε καὶ χαυνότητα ἀνοήτου ψυχῆς ἀπαλλάττειν. ἐν ἅπασι δὴ τούτοις ὁ τοιοῦτος ὑπὸ τῶν πολλῶν καταγελᾶται, τὰ μὲν ὑπερηφάνως ἔχων, ὥς δοκεῖ, τὰ δ' ἐν ποσὶν ἀγνοῶν τε καὶ ἐν ἐκάστοις ἀπορῶν.

παντάπασι τὰ γιγνόμενα λέγεις, ὦ Σώκρατες.

Σωκράτης

ὅταν δέ γέ τινα αὐτός, ὦ φίλε, ἐλκύσῃ ἄνω, καὶ [175c] ἐθελήσῃ τις αὐτῷ ἐκβῆναι ἐκ τοῦ “τί ἐγὼ σέ ἀδικῶ ἢ σὺ ἐμέ”; εἰς σκέψιν αὐτῆς δικαιοσύνης τε καὶ ἀδικίας, τί τε ἐκάτερον αὐτοῖν καὶ τί τῶν πάντων ἢ ἀλλήλων διαφέρετον, ἢ ἐκ τοῦ “εἰ βασιλεὺς εὐδαίμων,” “κεκτημένος τ’ αὖ χρυσίον,” βασιλείας πέρι καὶ ἀνθρωπίνης ὅλως εὐδαιμονίας καὶ ἀθλιότητος ἐπὶ σκέψιν, ποίῳ τέ τινε ἐστὸν καὶ τίνα τρόπον ἀνθρώπου φύσει προσήκει τὸ μὲν κτήσασθαι αὐτοῖν, τὸ δὲ ἀποφυγεῖν — περὶ τούτων ἀπάντων ὅταν αὖ δέῃ λόγον [175d] διδόναι τὸν σμικρὸν ἐκεῖνον τὴν ψυχὴν καὶ δριμὺν καὶ δικανικόν, πάλιν αὖ τὰ ἀντίστροφα ἀποδίδωσιν: εἰλιγγίων τε ἀπὸ ὑψηλοῦ κρεμασθεῖς καὶ βλέπων μετέωρος ἄνωθεν ὑπὸ ἀηθείας ἀδημονῶν τε καὶ ἀπορῶν καὶ βατταρίζων γέλωτα Θράτταις μὲν οὐ παρέχει οὐδ’ ἄλλω ἀπαιδεύτῃ οὐδενί, οὐ γὰρ αἰσθάνονται, τοῖς δ’ ἐναντίως ἢ ὡς ἀνδραπόδοις τραφεῖσι πᾶσιν. οὗτος δὲ ἐκατέρου τρόπος, ὦ Θεόδωρε, ὁ [175e] μὲν τῷ ὄντι ἐν ἐλευθερίᾳ τε καὶ σχολῇ τεθραμμένον, ὃν δὲ φιλόσοφον καλεῖς, ὃ ἄνεμέσητον εὐήθει δοκεῖν καὶ οὐδενὶ εἶναι ὅταν εἰς δουρικὰ ἐμπέσῃ διακονήματα, οἷον στρωματόδεσμον μὴ ἐπισταμένου συσκευάσασθαι μηδὲ ὄψον ἡδῦναι ἢ θῶπας λόγους: ὁ δ’ αὖ τὰ μὲν τοιαῦτα πάντα δυναμένου τορῶς τε καὶ ὀξέως διακονεῖν, ἀναβάλλεσθαι δὲ οὐκ ἐπισταμένου ἐπιδέξια ἐλευθερίως οὐδέ γ’ ἁρμονίαν λόγων [176a] λαβόντος ὀρθῶς ὑμῆσαι θεῶν τε καὶ ἀνδρῶν εὐδαιμόνων βίον [ἀληθῆ].

Θεόδωρος

εἰ πάντας, ὦ Σώκρατες, πείθοις ἃ λέγεις ὥσπερ ἐμέ, πλείων ἂν εἰρήνῃ καὶ κακὰ ἐλάττω κατ’ ἀνθρώπους εἴη.

Σωκράτης

ἀλλ' οὐτ' ἀπολέσθαι τὰ κακὰ δυνατόν, ὦ Θεόδωρε — ὑπεναντίον γάρ τι τῷ ἀγαθῷ ἀεὶ εἶναι ἀνάγκη — οὐτ' ἐν θεοῖς αὐτὰ ἰδρῦσθαι, τὴν δὲ θνητὴν φύσιν καὶ τόνδε τὸν τόπον περιπολεῖ ἐξ ἀνάγκης. διὸ καὶ πειρᾶσθαι χρὴ ἐνθένδε [176b] ἐκεῖσε φεύγειν ὅτι τάχιστα. φυγὴ δὲ ὁμοίωσις θεῷ κατὰ τὸ δυνατόν: ὁμοίωσις δὲ δίκαιον καὶ ὅσιον μετὰ φρονήσεως γενέσθαι. ἀλλὰ γάρ, ὦ ἄριστε, οὐ πάνυ τι ῥάδιον πεῖσαι ὥς ἄρα οὐχ ὧν ἔνεκα οἱ πολλοὶ φασὶ δεῖν πονηρίαν μὲν φεύγειν, ἀρετὴν δὲ διώκειν, τούτων χάριν τὸ μὲν ἐπιτηδευτέον, τὸ δ' οὐ, ἵνα δὴ μὴ κακὸς καὶ ἵνα ἀγαθὸς δοκῇ εἶναι: ταῦτα μὲν γάρ ἐστιν ὁ λεγόμενος γραῶν ὕθλος, ὥς ἐμοὶ φαίνεται: τὸ δὲ ἀληθὲς ὧδε λέγωμεν. θεὸς οὐδαμῇ [176c] οὐδαμῶς ἄδικος, ἀλλ' ὥς οἷόν τε δικαιοτάτος, καὶ οὐκ ἔστιν αὐτῷ ὁμοιότερον οὐδὲν ἢ ὅς ἂν ἡμῶν αὖ γένηται ὅτι δικαιοτάτος. περὶ τοῦτο καὶ ἡ ὥς ἀληθῶς δεινότης ἀνδρὸς καὶ οὐδενία τε καὶ ἀνανδρία. ἡ μὲν γὰρ τούτου γνῶσις σοφία καὶ ἀρετὴ ἀληθινή, ἡ δὲ ἄγνοια ἀμαθία καὶ κακία ἐναργής: αἱ δ' ἄλλαι δεινότητές τε δοκοῦσαι καὶ σοφαί ἐν μὲν πολιτικαῖς δυναστείαις γιγνόμεναι φορτικαί, ἐν δὲ τέχναις [176d] βάνανσοι. τῷ οὖν ἀδικοῦντι καὶ ἀνόσια λέγοντι ἢ πράττοντι μακρῷ ἄριστ' ἔχει τὸ μὴ συγχωρεῖν δεινῷ ὑπὸ πανουργίας εἶναι: ἀγάλλονται γὰρ τῷ ὀνειδίζει καὶ οἷονται ἀκούειν ὅτι οὐ λῆροί εἰσι, γῆς ἄλλως ἄχθη, ἀλλ' ἄνδρες οἷους δεῖ ἐν πόλει τοὺς σωθησομένους. λεκτέον οὖν ἀληθές, ὅτι τοσοῦτῳ μᾶλλον εἰσιν οἷοι οὐκ οἷονται, ὅτι οὐχὶ οἷονται: ἀγνοοῦσι γὰρ ζημίαν ἀδικίας, ὃ δεῖ ἥκιστα ἀγνοεῖν. οὐ γάρ ἐστιν ἢν δοκοῦσιν, πληγαί τε καὶ θάνατοι, ὧν ἐνίστε πάσχουσιν [176e] οὐδὲν ἀδικοῦντες, ἀλλὰ ἦν ἀδύνατον ἐκφυγεῖν.

Θεόδωρος

τίνα δὴ λέγεις;

Σωκράτης

παραδειγμάτων, ὦ φίλε, ἐν τῷ ὄντι ἐστώτων, τοῦ μὲν θείου εὐδαιμονεστάτου, τοῦ δὲ ἀθέου ἀθλιωτάτου, οὐχ ὁρῶντες ὅτι οὕτως ἔχει, ὑπὸ ἡλιθιότητός τε καὶ τῆς ἐσχάτης [177a] ἀνοίας λανθάνουσι

τῷ μὲν ὁμοιούμενοι διὰ τὰς ἀδίκους πράξεις, τῷ δὲ ἀνομοιούμενοι. οὐδ' ἂν τίνουσι δίκην ζῶντες τὸν εἰκότα βίον ὃ ὁμοιοῦνται: ἐὰν δ' εἴπωμεν ὅτι, ἂν μὴ ἀπαλλαγῶσι τῆς δεινότητος, καὶ τελευτήσαντας αὐτοὺς ἐκεῖνος μὲν ὁ τῶν κακῶν καθαρὸς τόπος οὐ δέξεται, ἐνθάδε δὲ τὴν αὐτοῖς ὁμοιότητα τῆς διαγωγῆς ἀεὶ ἔξουσιν, κακοὶ κακοῖς συνόντες, ταῦτα δὴ καὶ παντάπασιν ὡς δεινοὶ καὶ πανοῦργοι ἀνοήτων τινῶν ἀκούσονται.

Θεόδωρος

καὶ μάλα δὴ, ὦ Σώκρατες.

[177b] Σωκράτης

οἶδά τοι, ὦ ἐταῖρε. ἐν μέντοι τι αὐτοῖς συμβέβηκεν: ὅταν ἰδίᾳ λόγον δέῃ δοῦναί τε καὶ δέξασθαι περὶ ὧν ψέγουσι, καὶ ἐθελήσωσιν ἀνδρικῶς πολὺν χρόνον ὑπομεῖναι καὶ μὴ ἀνάνδρως φυγεῖν, τότε ἀτόπως, ὦ δαιμόνιε, τελευτῶντες οὐκ ἀρέσκουσιν αὐτοὶ αὐτοῖς περὶ ὧν λέγουσι, καὶ ἡ ῥητορική ἐκείνη πως ἀπομαραίνεται, ὥστε παίδων μηδὲν δοκεῖν διαφέρειν. περὶ μὲν οὖν τούτων, ἐπειδὴ καὶ πάρεργα τυγχάνει λεγόμενα, ἀποστῶμεν — εἰ δὲ μή, πλείω [177c] ἀεὶ ἐπιρρέοντα καταχώσει ἡμῶν τὸν ἐξ ἀρχῆς λόγον — ἐπὶ δὲ τὰ ἔμπροσθεν ἴωμεν, εἰ καὶ σοὶ δοκεῖ.

Θεόδωρος

ἐμοὶ μὲν τὰ τοιαῦτα, ὦ Σώκρατες, οὐκ ἀηδέστερα ἀκούειν: ῥάω γὰρ τηλικῶδε ὄντι ἐπακολουθεῖν. εἰ μὲντοι δοκεῖ, πάλιν ἐπανιώμεν.

Σωκράτης

οὐκοῦν ἐνταῦθά που ἦμεν τοῦ λόγου, ἐν ᾧ ἔφαμεν τοὺς τὴν φερομένην οὐσίαν λέγοντας, καὶ τὸ ἀεὶ δοκοῦν ἐκάστω τοῦτο καὶ

εἶναι τούτῳ ᾧ δοκεῖ, ἐν μὲν τοῖς ἄλλοις ἐθέλειν δισχυρίζεσθαι καὶ οὐχ ἥκιστα περὶ τὰ δίκαια, ὥς [177d] παντὸς μᾶλλον ἢ ἂν θῆται πόλις δόξαντα αὐτῇ, ταῦτα καὶ ἔστι δίκαια τῇ θεμένῃ, ἕωσπερ ἂν κέηται: περὶ δὲ τὰγαθὰ οὐδένα ἀνδρεῖον ἔθ' οὕτως εἶναι ὥστε τολμᾶν διαμάχεσθαι ὅτι καὶ ἢ ἂν ὠφέλιμα οἰηθεῖσα πόλις ἐαυτῇ θῆται, καὶ ἔστι τοσοῦτον χρόνον ὅσον ἂν κέηται ὠφέλιμα, πλὴν εἴ τις τὸ ὄνομα λέγοι: τοῦτο δέ που σκῶμ' ἂν εἴη πρὸς ὃ λέγομεν. ἢ οὐχί;

Θεόδωρος

πάνυ γε.

[177e] Σωκράτης

μὴ γὰρ λεγέτω τὸ ὄνομα, ἀλλὰ τὸ πρᾶγμα τὸ ὀνομαζόμενον θεωρεῖτω.

Θεόδωρος

μὴ γάρ.

Σωκράτης

ἀλλ' ὃ ἂν τοῦτο ὀνομάζῃ, τούτου δήπου στοχάζεται νομοθετουμένη, καὶ πάντας τοὺς νόμους, καθ' ὅσον οἶεταί τε καὶ δύναται, ὥς ὠφελιμωτάτους ἐαυτῇ τίθεται: ἢ πρὸς ἄλλο τι βλέπουσα νομοθετεῖται;

[178a] Θεόδωρος

οὐδαμῶς.

Σωκράτης

ἢ οὖν καὶ τυγχάνει ἀεὶ, ἢ πολλὰ καὶ διαμαρτάνει ἐκάστη;

Θεόδωρος

οἶμαι ἔγωγε καὶ ἀμαρτάνειν.

Σωκράτης

ἔτι τοίνυν ἐνθένδε ἂν μᾶλλον πᾶς τις ὁμολογήσειεν ταῦτα ταῦτα, εἰ περὶ παντός τις τοῦ εἶδους ἐρωτῶῃ ἐν ᾧ καὶ τὸ ὠφέλιμον τυγχάνει ὄν: ἔστι δέ που καὶ περὶ τὸν μέλλοντα χρόνον. ὅταν γὰρ νομοθετώμεθα, ὡς ἐσομένους ὠφελίμους τοὺς νόμους τιθέμεθα εἰς τὸν ἔπειτα χρόνον: τοῦτο δὲ «μέλλον» ὀρθῶς ἂν λέγοιμεν.

[178b] Θεόδωρος

πάνυ γε.

Σωκράτης

ἴθι δῆ, οὕτως ἐρωτῶμεν Πρωταγόραν ἢ ἄλλον τινὰ τῶν ἐκείνῳ τὰ αὐτὰ λεγόντων: “πάντων μέτρον ἄνθρωπός ἐστιν,” ὡς φατέ, ᾧ Πρωταγόρα, λευκῶν βαρέων κούφων, οὐδενὸς ὅτου οὐ τῶν τοιούτων: ἔχων γὰρ αὐτῶν τὸ κριτήριον ἐν αὐτῷ, οἶα πάσχει τοιαῦτα οἴομενος, ἀληθῆ τε οἶται αὐτῷ καὶ ὄντα. οὐχ οὕτω;

Θεόδωρος

οὕτω.

Σωκράτης

ἢ καὶ τῶν μελλόντων ἔσεσθαι, φήσομεν, ὦ Πρωταγόρα, [178c] ἔχει τὸ κριτήριον ἐν αὐτῷ, καὶ οἷα ἂν οἰηθῇ ἔσεσθαι, ταῦτα καὶ γίγνεται ἐκεῖνῳ τῷ οἰηθέντι; οἷον θερμῇ: ἄρ' ὅταν τις οἰηθῇ ιδιώτης αὐτὸν πυρετὸν λήψεσθαι καὶ ἔσεσθαι ταύτην τὴν θερμότητα, καὶ ἕτερος, ἰατρὸς δέ, ἀντοιηθῇ, κατὰ τὴν ποτέρου δόξαν φῶμεν τὸ μέλλον ἀποβήσεσθαι, ἢ κατὰ τὴν ἀμφοτέρων, καὶ τῷ μὲν ἱατρῷ οὐ θερμὸς οὐδὲ πυρέττων γενήσεται, ἑαυτῷ δὲ ἀμφοτέρα;

Θεόδωρος

γελοῖον μεντὰν εἶη.

Σωκράτης

ἀλλ' οἶμαι περὶ οἴνου γλυκύτητος καὶ αὐστηρότητος [178d] μελλούσης ἔσεσθαι ἢ τοῦ γεωργοῦ δόξα ἄλλ' οὐχ ἢ τοῦ κιθαριστοῦ κυρία.

Θεόδωρος

τί μήν;

Σωκράτης

οὐδ' ἂν αὖ περὶ ἀναρμόστου τε καὶ εὐαρμόστου ἐσομένου παιδοτρίβης ἂν βέλτιον δοξάσειεν μουσικοῦ, ὃ καὶ ἔπειτα αὐτῷ τῷ παιδοτρίβῃ δόξει εὐάρμοστον εἶναι.

Θεόδωρος

οὐδαμῶς.

Σωκράτης

οὐκοῦν καὶ τοῦ μέλλοντος ἐστιάσεσθαι μὴ μαγειρικοῦ ὄντος, σκευαζομένης θοίνης, ἀκυροτέρα ἢ κρίσις τῆς τοῦ ὀψοποιοῦ περὶ τῆς ἐσομένης ἡδονῆς. περὶ μὲν γὰρ τοῦ [178e] ἤδη ὄντος ἐκάστω ἡδέος ἢ γεγονότος μηδὲν πω τῷ λόγῳ διαμαχώμεθα, ἀλλὰ περὶ τοῦ μέλλοντος ἐκάστω καὶ δόξειν καὶ ἔσεσθαι πότερον αὐτὸς αὐτῷ ἄριστος κριτής, ἢ σύ, ὦ Πρωταγόρα, τό γε περὶ λόγους πιθανὸν ἐκάστω ἡμῶν ἐσόμενον εἰς δικαστήριον βέλτιον ἂν προδοξάσαις ἢ τῶν ιδιωτῶν ὅστισοῦν;

Θεόδωρος

καὶ μάλα, ὦ Σώκρατες, τοῦτό γε σφόδρα ὑπισχνεῖτο πάντων διαφέρειν αὐτός.

Σωκράτης

νῆ Δία, ὦ μέλε: ἢ οὐδεὶς γ' ἂν αὐτῷ διελέγετο [179a] διδοὺς πολὺ ἀργύριον, εἰ μὴ τοὺς συνόντας ἔπειθεν ὅτι καὶ τὸ μέλλον ἔσεσθαι τε καὶ δόξειν οὔτε μάντις οὔτε τις ἄλλος ἄμεινον κρίνειεν ἂν ἢ αὐτός [αὐτῷ].

Θεόδωρος

ἀληθέστατα.

Σωκράτης

οὐκοῦν καὶ αἱ νομοθεσίαι καὶ τὸ ὠφέλιμον περὶ τὸ μέλλον ἐστί, καὶ πᾶς ἂν ὁμολογοῖ νομοθετουμένην πόλιν πολλάκις ἀνάγκην εἶναι τοῦ ὠφελιμωτάτου ἀποτυγχάνειν;

Θεόδωρος

μάλα γε.

Σωκράτης

μετρίως ἄρα ἡμῖν πρὸς τὸν διδάσκαλόν σου εἰρήσεται [179b] ὅτι ἀνάγκη αὐτῷ ὁμολογεῖν σοφώτερόν τε ἄλλον ἄλλου εἶναι καὶ τὸν μὲν τοιοῦτον μέτρον εἶναι, ἐμοὶ δὲ τῷ ἀνεπιστήμονι μηδὲ ὅπωςτιοῦν ἀνάγκην εἶναι μέτρῳ γίγνεσθαι, ὥς ἄρτι με ἠνάγκαζεν ὁ ὑπὲρ ἐκείνου λόγος, εἴτ' ἐβουλόμην εἶτε μή, τοιοῦτον εἶναι.

Θεόδωρος

ἐκείνη μοι δοκεῖ, ὦ Σώκρατες, μάλιστα ἀλίσκεσθαι ὁ λόγος, ἀλίσκόμενος καὶ ταύτη, ἥ τὰς τῶν ἄλλων δόξας κυρίας ποιεῖ, αὗται δὲ ἐφάνησαν τοὺς ἐκείνου λόγους οὐδαμῇ ἀληθεῖς ἡγούμεναι.

[179c] Σωκράτης

πολλαχῇ, ὦ Θεόδωρε, καὶ ἄλλῃ ἂν τό γε τοιοῦτον ἀλοίῃ μὴ πᾶσαν παντὸς ἀληθῆ δόξαν εἶναι: περὶ δὲ τὸ παρὸν ἐκάστῳ πάθος, ἐξ ὧν αἱ αἰσθήσεις καὶ αἱ κατὰ ταύτας δόξαι γίνονται, χαλεπώτερον ἐλεῖν ὥς οὐκ ἀληθεῖς. ἴσως δὲ οὐδὲν λέγω: ἀνάλωτοι γάρ, εἰ ἔτυχον, εἰσίν, καὶ οἱ φάσκοντες αὐτὰς ἐναργεῖς τε εἶναι καὶ ἐπιστήμας τάχα ἂν ὄντα λέγοιεν, καὶ Θεαίτητος ὅδε οὐκ ἀπὸ σκοποῦ εἴρηκεν [179d] αἰσθησιν καὶ ἐπιστήμην ταυτὸν θέμενος. προσιτέον οὖν ἐγγυτέρω, ὥς ὁ ὑπὲρ Πρωταγόρου λόγος ἐπέταττε, καὶ σκεπτέον τὴν φερομένην ταύτην οὐσίαν διακρούοντα εἶτε ὑγιὲς εἶτε σαθρὸν φθέγγεται: μάχῃ δ' οὖν περὶ αὐτῆς οὐ φαύλῃ οὐδ' ὀλίγοις γέγονεν.

Θεόδωρος

πολλοῦ καὶ δεῖ φαύλη εἶναι, ἀλλὰ περὶ μὲν τὴν Ἰωνίαν καὶ ἐπιδίδωσι
πάμπολυ. οἱ γὰρ τοῦ Ἡρακλείτου ἐταῖροι χορηγοῦσι τούτου τοῦ
λόγου μάλα ἐρρώμενως.

Σωκράτης

τῷ τοι, ὦ φίλε Θεόδωρε, μᾶλλον σκεπτέον καὶ ἐξ [179e] ἀρχῆς,
ὥσπερ αὐτοὶ ὑποτείνονται.

Θεόδωρος

παντάπασι μὲν οὖν. καὶ γάρ, ὦ Σώκρατες, περὶ τούτων τῶν
Ἡρακλειτείων ἢ, ὥσπερ σὺ λέγεις, Ὀμηρείων καὶ ἔτι παλαιότερων,
αὐτοῖς μὲν τοῖς περὶ τὴν Ἑφεσον, ὅσοι προσποιοῦνται ἔμπειροι,
οὐδὲν μᾶλλον οἶόν τε διαλεχθῆναι ἢ τοῖς οἰστρωσιν. ἀτεχνῶς γὰρ
κατὰ τὰ συγγράμματα φέρονται, τὸ δ' ἐπιμεῖναι ἐπὶ λόγῳ καὶ
ἐρωτήματι καὶ ἡσυχίῳς [180a] ἐν μέρει ἀποκρίνασθαι καὶ ἐρέσθαι
ἤττον αὐτοῖς ἔνι ἢ τὸ μηδέν: μᾶλλον δὲ ὑπερβάλλει τὸ οὐδ' οὐδὲν
πρὸς τὸ μηδὲ σμικρὸν ἐνεῖναι τοῖς ἀνδράσιν ἡσυχίας. ἀλλ' ἂν τινὰ τι
ἔρη, ὥσπερ ἐκ φαρέτρας ῥηματίσκια αἰνιγματώδη ἀνασπῶντες
ἀποτοξεύουσι, κἂν τούτου ζητῆς λόγον λαβεῖν τί εἴρηκεν, ἐτέρῳ
πεπλήξῃ καινῶς μετωνομασμένῳ. περανεῖς δὲ οὐδέποτε οὐδὲν πρὸς
οὐδένα αὐτῶν: οὐδέ γε ἐκεῖνοι αὐτοὶ πρὸς ἀλλήλους, ἀλλ' εὖ πάνυ
φυλάττουσι τὸ μηδέν βέβαιον ἔαν εἶναι [180b] μήτ' ἐν λόγῳ μήτ' ἐν
ταῖς αὐτῶν ψυχαῖς, ἡγούμενοι, ὥς ἐμοὶ δοκεῖ, αὐτὸ στάσιμον εἶναι:
τούτῳ δὲ πάνυ πολεμοῦσιν, καὶ καθ' ὅσον δύνανται πανταχόθεν
ἐκβάλλουσιν.

Σωκράτης

ἴσως, ὦ Θεόδωρε, τοὺς ἄνδρας μαχομένους ἐώρακας, εἰρηνεύουσιν
δὲ οὐ συγγέγονας: οὐ γὰρ σοὶ ἐταῖροί εἰσιν. ἀλλ' οἶμαι τὰ τοιαῦτα
τοῖς μαθηταῖς ἐπὶ σχολῆς φράζουσιν, οὓς ἂν βούλωνται ὁμοίους
αὐτοῖς ποιῆσαι.

Θεόδωρος

ποίοις μαθηταῖς, ὃ δαιμόνιε; οὐδὲ γίγνεται τῶν [180c] τοιούτων ἕτερος ἑτέρου μαθητῆς, ἀλλ' αὐτόματοι ἀναφύονται ὁπόθεν ἂν τύχη ἕκαστος αὐτῶν ἐνθουσιάσας, καὶ τὸν ἕτερον ὁ ἕτερος οὐδὲν ἡγεῖται εἰδέναι. παρὰ μὲν οὖν τούτων, ὅπερ ἦα ἐρῶν, οὐκ ἂν ποτε λάβοις λόγον οὔτε ἐκόντων οὔτε ἀκόντων: αὐτοὺς δὲ δεῖ παραλαβόντας ὥσπερ πρόβλημα ἐπισκοπεῖσθαι.

Σωκράτης

καὶ μετρίως γε λέγεις. τὸ δὲ δὴ πρόβλημα ἄλλο τι παρειλήφαμεν παρὰ μὲν τῶν ἀρχαίων μετὰ ποιήσεως [180d] ἐπικρυπτομένων τοὺς πολλοὺς, ὡς ἡ γένεσις τῶν ἄλλων πάντων Ὡκεανός τε καὶ Τηθύς ῥεύματα <όντα> τυγχάνει καὶ οὐδὲν ἔστηκε, παρὰ δὲ τῶν ὑστέρων ἅτε σοφωτέρων ἀναφανδὸν ἀποδεικνυμένων, ἵνα καὶ οἱ σκυτοτόμοι αὐτῶν τὴν σοφίαν μάθωσιν ἀκούσαντες καὶ παύσωνται ἡλιθίως οἰόμενοι τὰ μὲν ἐστάναι, τὰ δὲ κινεῖσθαι τῶν ὄντων, μαθόντες δὲ ὅτι πάντα κινεῖται τιμῶσιν αὐτοὺς; ὀλίγου δὲ ἐπελαθόμεν, ὃ Θεόδωρε, ὅτι ἄλλοι αὖ τὰναντία τούτοις ἀπεφήναντο,

[180e] †οἷον ἀκίνητον τελέθει τῷ παντὶ ὄνομα εἶναι†

παρμενιδες, λινε 98 ἐδ. μυλλαξή.καὶ ἄλλα ὅσα Μέλισσοί τε καὶ Παρμενίδαι ἐναντιούμενοι πᾶσι τούτοις δισχυρίζονται, ὡς ἔν τε πάντα ἐστὶ καὶ ἔστηκεν αὐτὸ ἐν αὐτῷ οὐκ ἔχον χώραν ἐν ἣ κινεῖται. τούτοις οὖν, ὃ ἐταῖρε, πᾶσι τί χρῆσόμεθα; κατὰ σμικρὸν γὰρ προϊόντες λελήθαμεν ἀμφοτέρων εἰς τὸ μέσον πεπτωκότες, καὶ ἂν μή [181a] πη ἀμυνόμενοι διαφύγωμεν, δίκην δώσομεν ὥσπερ οἱ ἐν ταῖς παλαιίστραις διὰ γραμμῆς παίζοντες, ὅταν ὑπ' ἀμφοτέρων ληφθέντες ἔλκωνται εἰς τὰναντία. δοκεῖ οὖν μοι τοὺς ἑτέρους πρότερον σκεπτέον, ἐφ' οὔσπερ ὠρμήσαμεν, τοὺς ῥέοντας, καὶ ἐὰν μὲν τι

φαίνονται λέγοντες, συνέλξομεν μετ' αὐτῶν ἡμᾶς αὐτούς, τοὺς ἑτέρους ἐκφυγεῖν πειρώμενοι: ἐὰν δὲ οἱ τοῦ ὅλου στασιῶται ἀληθέστερα λέγειν δοκῶσι, φευξόμεθα παρ' [181b] αὐτοὺς ἀπ' αὐτῶν τὰ ἀκίνητα κινούντων. ἀμφοτέρω δ' ἂν φανῶσι μηδὲν μέτριον λέγοντες, γελοῖοι ἐσόμεθα ἡγούμενοι ἡμᾶς μὲν τι λέγειν φαύλους ὄντας, παμπαλαίους δὲ καὶ πασσόφους ἄνδρας ἀποδεδοκιμακότες. ὅρα οὖν, ὦ Θεόδωρε, εἰ λυσιτελεῖ εἰς τοσοῦτον προῖέναι κίνδυνον.

Θεόδωρος

οὐδὲν μὲν οὖν ἀνεκτόν, ὦ Σώκρατες, μὴ οὐ διασκέψασθαι τί λέγουσιν ἑκάτεροι τῶν ἀνδρῶν.

Σωκράτης

σκεπτόεν ἂν εἴη σοῦ γε οὕτω προθυμουμένου. δοκεῖ [181c] οὖν μοι ἀρχὴ εἶναι τῆς σκέψεως κινήσεως πέρι, ποῖόν τι ποτε ἄρα λέγοντές φασι τὰ πάντα κινεῖσθαι. βούλομαι δὲ λέγειν τὸ τοιόνδε: πότερον ἔν τι εἶδος αὐτῆς λέγουσιν ἢ, ὥσπερ ἐμοὶ φαίνεται, δύο; μὴ μέντοι μόνον ἐμοὶ δοκεῖτω, ἀλλὰ συμμετέχε καὶ σύ, ἵνα κοινῇ πάσχωμεν ἂν τι καὶ δέη. καὶ μοι λέγε: ἄρα κινεῖσθαι καλεῖς ὅταν τι χώραν ἐκ χώρας μεταβάλλῃ ἢ καὶ ἐν τῷ αὐτῷ στρέφηται;

Θεόδωρος

ἔγωγε.

Σωκράτης

τοῦτο μὲν τοίνυν ἔν ἔστω εἶδος. ὅταν δὲ ἢ μὲν ἐν [181d] τῷ αὐτῷ, γηράσκη δέ, ἢ μέλαν ἐκ λευκοῦ ἢ σκληρὸν ἐκ μαλακοῦ γίγνηται, ἢ τινα ἄλλην ἀλλοίωσιν ἀλλοιῶται, ἄρα οὐκ ἄξιον ἕτερον εἶδος φάναι κινήσεως;

Θεόδωρος

[ἔμοιγε δοκεῖ] ἀναγκαῖον μὲν οὖν.

Σωκράτης

δύο δὴ λέγω τούτῳ εἶδει κινήσεως, ἀλλοίωσιν, τὴν δὲ φοράν.

Θεόδωρος

ὀρθῶς γε λέγων.

Σωκράτης

τοῦτο τοίνυν οὕτῳ διελόμενοι διαλεγόμεθα ἤδη τοῖς τὰ πάντα φάσκουσιν κινεῖσθαι καὶ ἐρωτῶμεν: πότερον πᾶν [181e] φατε ἀμφοτέρως κινεῖσθαι, φερόμενόν τε καὶ ἀλλοιούμενον, ἢ τὸ μὲν τι ἀμφοτέρως, τὸ δ' ἐτέρως;

Θεόδωρος

ἀλλὰ μὰ Δί' ἔγωγε οὐκ ἔχω εἰπεῖν: οἶμαι δ' ἂν φάναι ἀμφοτέρως.

Σωκράτης

εἰ δέ γε μή, ὦ ἐταῖρε, κινούμενά τε αὐτοῖς καὶ ἐστῶτα φανεῖται, καὶ οὐδὲν μᾶλλον ὀρθῶς ἔξει εἰπεῖν ὅτι κινεῖται τὰ πάντα ἢ ὅτι ἔστηκεν.

Θεόδωρος

ἀληθέστατα λέγεις.

Σωκράτης

οὐκοῦν ἐπειδὴ κινεῖσθαι αὐτὰ δεῖ, τὸ δὲ μὴ κινεῖσθαι [182a] μὴ ἐνεῖναι μηδενί, πάντα δὴ πᾶσαν κίνησιν ἀεὶ κινεῖται.

Θεόδωρος

ἀνάγκη.

Σωκράτης

σκόπει δὴ μοι τόδε αὐτῶν: τῆς θερμότητος ἢ λευκότητος ἢ ὅτουοῦν γένεσιν οὐχ οὕτω πως ἐλέγομεν φάναι αὐτούς, φέρεσθαι ἕκαστον τούτων ἅμα αἰσθήσει μεταξὺ τοῦ ποιοῦντός τε καὶ πάσχοντος, καὶ τὸ μὲν πάσχον αἰσθητικὸν ἀλλ’ οὐκ αἰσθησιν [ἔτι] γίγνεσθαι, τὸ δὲ ποιοῦν ποιόν τι ἀλλ’ οὐ ποιότητα; ἴσως οὖν ἡ “ποιότης” ἅμα ἀλλόκοτόν τε φαίνεται ὄνομα καὶ οὐ μανθάνεις ἀθρόον λεγόμενον: κατὰ [182b] μέρη οὖν ἄκουε. τὸ γὰρ ποιοῦν οὔτε θερμότης οὔτε λευκότης, θερμὸν δὲ καὶ λευκὸν γίγνεται, καὶ τᾶλλα οὕτω: μέμνησαι γάρ που ἐν τοῖς πρόσθεν ὅτι οὕτως ἐλέγομεν, ἐν μηδὲν αὐτὸ καθ’ αὐτὸ εἶναι, μηδ’ αὖ τὸ ποιοῦν ἢ πάσχον, ἀλλ’ ἐξ ἀμφοτέρων πρὸς ἄλληλα συγγιγνομένων τὰς αἰσθήσεις καὶ τὰ αἰσθητὰ ἀποτίκτοντα τὰ μὲν ποι’ ἅττα γίγνεσθαι, τὰ δὲ αἰσθανόμενα.

Θεόδωρος

μέμνημαι: πῶς δ’ οὔ;

[182c] Σωκράτης

τὰ μὲν τοίνυν ἄλλα χαίρειν ἐάσωμεν, εἴτε ἄλλως εἴτε οὕτως
λέγουσιν: οὗ δ' ἔνεκα λέγομεν, τοῦτο μόνον φυλάττωμεν,
ἐρωτῶντες: Κινεῖται καὶ ῥεῖ, ὥς φατε, τὰ πάντα; ἢ γάρ;

Θεόδωρος

ναί.

Σωκράτης

οὐκοῦν ἀμφοτέρας ἅς διειλόμεθα κινήσεις, φερόμενά τε καὶ
ἀλλοιούμενα;

Θεόδωρος

πῶς δ' οὐ; εἴπερ γε δὴ τελέως κινῆσεται.

Σωκράτης

εἰ μὲν τοίνυν ἐφέρετο μόνον, ἡλλοιοῦτο δὲ μή, εἵχομεν ἄν που εἰπεῖν
οἷα ἅττα ῥεῖ τὰ φερόμενα: ἢ πῶς λέγομεν;

Θεόδωρος

οὕτως.

[182d] Σωκράτης

ἐπειδὴ δὲ οὐδὲ τοῦτο μένει, τὸ λευκὸν ῥεῖν τὸ ῥέον, ἀλλὰ
μεταβάλλει, ὥστε καὶ αὐτοῦ τούτου εἶναι ῥοήν, τῆς λευκότητος, καὶ
μεταβολὴν εἰς ἄλλην χροάν, ἵνα μὴ ἀλῶ ταύτη μένον, ἅρά ποτε οἶόν

τέ τι προσειπεῖν χρῶμα, ὥστε καὶ ὀρθῶς προσαγορεύειν;

Θεόδωρος

καὶ τίς μηχανή, ὃ Σώκρατες; ἢ ἄλλο γέ τι τῶν τοιούτων, εἴπερ ἀεὶ λέγοντος ὑπεξέρχεται ἅτε δὴ ῥέον;

Σωκράτης

τί δὲ περὶ αἰσθήσεως ἐροῦμεν ὅποιασοῦν, οἷον τῆς [182e] τοῦ ὀραῖν ἢ ἀκούειν; μένειν ποτὲ ἐν αὐτῷ τῷ ὀραῖν ἢ ἀκούειν;

Θεόδωρος

οὐκουν δεῖ γε, εἴπερ πάντα κινεῖται.

Σωκράτης

οὔτε ἄρα ὀραῖν προσρητέον τι μᾶλλον ἢ μὴ ὀραῖν, οὐδέ τιν' ἄλλην αἴσθησιν μᾶλλον ἢ μή, πάντων γε πάντως κινουμένων.

Θεόδωρος

οὐ γὰρ οὔν.

Σωκράτης

καὶ μὴν αἴσθησίς γε ἐπιστήμη, ὥς ἔφαμεν ἐγώ τε καὶ Θεαίτητος.

Θεόδωρος

ἦν ταῦτα.

Σωκράτης

οὐδὲν ἄρα ἐπιστήμην μάλλον ἢ μὴ ἐπιστήμην ἀπεκρινάμεθα ἐρωτώμενοι ὅτι ἐστὶν ἐπιστήμη.

[183a] Θεόδωρος

εὐοίκατε.

Σωκράτης

καλὸν ἂν ἡμῖν συμβαίνοι τὸ ἐπανόρθωμα τῆς ἀποκρίσεως, προθυμηθεῖσιν ἀποδείξαι ὅτι πάντα κινεῖται, ἵνα δὴ ἐκείνη ἡ ἀπόκρισις ὀρθὴ φανῇ. τὸ δ', ὥς ἔοικεν, ἐφάνη, εἰ πάντα κινεῖται, πᾶσα ἀπόκρισις, περὶ ὅτου ἂν τις ἀποκρίνηται, ὁμοίως ὀρθὴ εἶναι, οὕτω τ' ἔχειν φάναι καὶ μὴ οὕτω, εἰ δὲ βούλει, γίγνεσθαι, ἵνα μὴ στήσωμεν αὐτοὺς τῷ λόγῳ.

Θεόδωρος

ὀρθῶς λέγεις.

Σωκράτης

πλὴν γε, ὦ Θεόδωρε, ὅτι “οὕτω” τε εἶπον καὶ “οὐχ οὕτω.” δεῖ δὲ οὐδὲ τοῦτο <τὸ> “οὕτω” λέγειν — οὐδὲ [183b] γὰρ ἂν ἔτι κινοῖτο <τὸ> “οὕτω” — οὐδ' αὖ “μὴ οὕτω” — οὐδὲ γὰρ τοῦτο κίνησις — ἀλλὰ τιν' ἄλλην φωνὴν θετέον τοῖς τὸν λόγον τοῦτον λέγουσιν, ὥς νῦν γε πρὸς τὴν αὐτῶν ὑπόθεσιν οὐκ ἔχουσι ῥήματα, εἰ μὴ ἄρα τὸ “οὐδ' οὕτως” μάλιστα [δ' οὕτως] ἂν αὐτοῖς ἀρμόττοι, ἅπειρον

λεγόμενον.

Θεόδωρος

οἰκειοτάτη γοῦν διάλεκτος αὕτη αὐτοῖς.

Σωκράτης

οὐκοῦν, ὦ Θεόδωρε, τοῦ τε σοῦ ἐταίρου ἀπηλλάγμεθα, καὶ οὐπω συγχωροῦμεν αὐτῷ πάντ' ἄνδρα πάντων [183c] χρημάτων μέτρον εἶναι, ἂν μὴ φρόνιμός τις ᾗ· ἐπιστήμην τε αἴσθησιν οὐ συγχωρησόμεθα κατὰ γε τὴν τοῦ πάντα κινεῖσθαι μέθοδον, [ἦ] εἰ μὴ [τί] πως ἄλλως Θεαίτητος ὁδε λέγει.

Θεόδωρος

ἄριστ' εἴρηκας, ὦ Σώκρατες· τούτων γὰρ περανθέντων καὶ ἐμὲ ἔδει ἀπηλλάχθαι σοι ἀποκρινόμενον κατὰ τὰς συνθήκας, ἐπειδὴ τὸ περὶ τοῦ Πρωταγόρου λόγου τέλος σχοίη.

Θεαίτητος

μὴ πρὶν γ' ἂν, ὦ Θεόδωρε, Σωκράτης τε καὶ σὺ [183d] τοὺς φάσκοντας αὐτὸ πᾶν ἐστάναι διέλθῃτε, ὥσπερ ἄρτι προύθεσθε.

Θεόδωρος

νέος ὢν, ὦ Θεαίτητε, τοὺς πρεσβυτέρους ἀδικεῖν διδάσκεις ὁμολογίας παραβαίνοντας· ἀλλὰ παρασκευάζου ὅπως τῶν ἐπιλοίπων Σωκράτει δώσεις λόγον.

Θεαίτητος

εάνπερ γε βούληται. ἥδιστα μεντᾶν ἤκουσα περὶ ὧν λέγω.

Θεόδωρος

«Ἴππéας εἰς πεδίον» προκαλῆ Σωκράτη εἰς λόγους προκαλούμενος:
ἐρώτα οὖν καὶ ἀκούση.

Σωκράτης

ἀλλά μοι δοκῶ, ὦ Θεόδωρε, περὶ γε ὧν κελεύει [183e] Θεαίτητος οὐ
πείσεσθαι αὐτῷ.

Θεόδωρος

τί δὴ οὖν οὐ πείσεσθαι;

Σωκράτης

μέλισσον μὲν καὶ τοὺς ἄλλους, οἳ ἐν ἐστὸς λέγουσι τὸ πᾶν,
αἰσχυρόμενος μὴ φορτικῶς σκοπῶμεν, ἥττον αἰσχύνομαι ἢ ἓνα ὄντα
Παρμενίδην. Παρμενίδης δέ μοι φαίνεται, τὸ τοῦ Ὀμήρου, “αἰδοῖός
τέ μοι” εἶναι ἅμα “δεινός τε.” συμπροσέμειξα γὰρ δὴ τῷ ἀνδρὶ πάνυ
νέος πάνυ πρεσβύτη, [184a] καὶ μοι ἐφάνη βάθος τι ἔχειν παντάπασι
γενναῖον. φοβοῦμαι οὖν μὴ οὔτε τὰ λεγόμενα συνιῶμεν, τί τε
διανοούμενος εἶπε πολὺ πλέον λειπώμεθα, καὶ τὸ μέγιστον, οὗ ἕνεκα
ὁ λόγος ὥρμηται, ἐπιστήμης περὶ τί ποτ’ ἐστίν, ἄσκεπτον γένηται
ὑπὸ τῶν ἐπεισκωμαζόντων λόγων, εἴ τις αὐτοῖς πείσεται: ἄλλως τε
καὶ ὄν νῦν ἐγείρομεν πλήθει ἀμήχανον, εἴτε τις ἐν παρέργῳ
σκέψεται, ἀνάξι’ ἂν πάθοι, εἴτε ἱκανῶς, μηκυνόμενος τὸ τῆς
ἐπιστήμης ἀφανιεῖ. δεῖ δὲ οὐδέτερα, ἀλλὰ Θεαίτητον [184b] ὧν κυεῖ
περὶ ἐπιστήμης πειρᾶσθαι ἡμᾶς τῇ μαιευτικῇ τέχνῃ ἀπολῦσαι.

Θεόδωρος

ἀλλὰ χρή, εἰ δοκεῖ, οὕτω ποιεῖν.

Σωκράτης

ἔτι τοίνυν, ὦ Θεαίτητε, τοσόνδε περὶ τῶν εἰρημένων ἐπίσκεψαι.
αἴσθησιν γὰρ δὴ ἐπιστήμην ἀπεκρίνω: ἦ γάρ;

Θεαίτητος

ναί.

Σωκράτης

εἰ οὖν τίς σε ᾧδ' ἐρωτῶη: “τῷ τὰ λευκὰ καὶ μέλανα ὁρᾷ ἄνθρωπος
καὶ τῷ τὰ ὀξεᾶ καὶ βαρέα ἀκούει;” εἴποις ἂν οἶμαι “ὄμμασί τε καὶ
ὠσίν.”

Θεαίτητος

ἔγωγε.

[184c] Σωκράτης

τὸ δὲ εὐχερὲς τῶν ὀνομάτων τε καὶ ῥημάτων καὶ μὴ δι' ἀκριβείας
ἐξεταζόμενον τὰ μὲν πολλὰ οὐκ ἀγεννές, ἀλλὰ μᾶλλον τὸ τούτου
ἐναντίον ἀνελεύθερον, ἔστι δὲ ὅτε ἀναγκαῖον, οἷον καὶ νῦν ἀνάγκη
ἐπιλαβέσθαι τῆς ἀποκρίσεως ἣν ἀποκρίνη, ἥ οὐκ ὀρθή. σκόπει γάρ:
ἀπόκρισις ποτέρα ὀρθοτέρα, ᾧ ὁρῶμεν τοῦτο εἶναι ὀφθαλμούς, ἥ δι'
οὗ ὁρῶμεν, καὶ ᾧ ἀκούομεν ὦτα, ἥ δι' οὗ ἀκούομεν;

Θεαίτητος

δι' ὧν ἕκαστα αἰσθανόμεθα, ἔμοιγε δοκεῖ, ὦ Σώκρατες, μᾶλλον ἢ οἷς.

[184d] Σωκράτης

δεινὸν γάρ που, ὦ παῖ, εἰ πολλαί τινες ἐν ἡμῖν ὥσπερ ἐν δουρείοις ἵπποις αἰσθήσεις ἐγκάθηνται, ἀλλὰ μὴ εἰς μίαν τινὰ ιδέαν, εἴτε ψυχὴν εἴτε ὅτι δεῖ καλεῖν, πάντα ταῦτα συντείνει, ἥ διὰ τούτων οἶον ὀργάνων αἰσθανόμεθα ὅσα αἰσθητά.

Θεαίτητος

ἀλλὰ μοι δοκεῖ οὕτω μᾶλλον ἢ ἐκείνως.

Σωκράτης

τοῦδὲ τοι ἔνεκα αὐτά σοι διακριβοῦμαι, εἴ τινη ἡμῶν αὐτῶν τῷ αὐτῷ διὰ μὲν ὀφθαλμῶν ἐφικνούμεθα λευκῶν τε [184e] καὶ μελάνων, διὰ δὲ τῶν ἄλλων ἐτέρων αὖ τινῶν: καὶ ἕξεις ἐρωτώμενος πάντα τὰ τοιαῦτα εἰς τὸ σῶμα ἀναφέρειν; ἴσως δὲ βέλτιον σὲ λέγειν αὐτὰ ἀποκρινόμενον μᾶλλον ἢ ἐμὲ ὑπὲρ σοῦ πολυπραγμονεῖν. καί μοι λέγε: θερμὰ καὶ σκληρὰ καὶ κοῦφα καὶ γλυκέα δι' ὧν αἰσθάνη, ἄρα οὐ τοῦ σώματος ἕκαστα τίθης; ἢ ἄλλου τινός;

Θεαίτητος

οὐδενὸς ἄλλου.

Σωκράτης

ἥ καὶ ἐθελήσεις ὁμολογεῖν ἃ δι' ἐτέρας δυνάμεως [185a] αἰσθάνη,
ἀδύνατον εἶναι δι' ἄλλης ταῦτ' αἰσθέσθαι, οἷον ἃ δι' ἀκοῆς, δι'
ὄψεως, ἢ ἃ δι' ὄψεως, δι' ἀκοῆς;

Θεαίτητος

πῶς γὰρ οὐκ ἐθελήσω;

Σωκράτης

εἴ τι ἄρα περὶ ἀμφοτέρων διανοῇ, οὐκ ἂν διὰ γε τοῦ ἐτέρου ὀργάνου,
οὐδ' αὖ διὰ τοῦ ἐτέρου περὶ ἀμφοτέρων αἰσθάνοι' ἄν.

Θεαίτητος

οὐ γὰρ οὐν.

Σωκράτης

περὶ δὴ φωνῆς καὶ περὶ χροῆς πρῶτον μὲν αὐτὸ τοῦτο περὶ
ἀμφοτέρων ἡ διανοῇ, ὅτι ἀμφοτέρω ἐστόν;

Θεαίτητος

ἔγωγε.

Σωκράτης

οὐκοῦν καὶ ὅτι ἐκάτερον ἐκατέρου μὲν ἕτερον, ἐαυτῷ δὲ ταῦτόν;

[185b] Θεαίτητος

τί μήν;

Σωκράτης

καὶ ὅτι ἀμφοτέρω δύο, ἐκάτερον δὲ ἓν;

Θεαίτητος

καὶ τοῦτο.

Σωκράτης

οὐκοῦν καὶ εἴτε ἀνομοίω εἴτε ὁμοίω ἀλλήλοιν, δυνατὸς εἶ
ἐπισκέψασθαι;

Θεαίτητος

ἴσως.

Σωκράτης

ταῦτα δὴ πάντα διὰ τίνος περὶ αὐτοῖν διανοῇ; οὔτε γὰρ δι' ἀκοῆς
οὔτε δι' ὄψεως οἷόν τε τὸ κοινὸν λαμβάνειν περὶ αὐτῶν. ἔτι δὲ καὶ
τόδε τεκμήριον περὶ οὗ λέγομεν: εἰ γὰρ δυνατόν εἴη ἀμφοτέρω
σκέψασθαι ἅρ' ἐστὸν ἀλμυρῶ ἢ οὐ, [185c] οἷσθ' ὅτι ἕξεις εἰπεῖν ὃ
ἐπισκέψη, καὶ τοῦτο οὔτε ὄψις οὔτε ἀκοή φαίνεται, ἀλλὰ τι ἄλλο.

Θεαίτητος

τί δ' οὐ μέλλει, ἥ γε διὰ τῆς γλώττης δύναμις;

Σωκράτης

καλῶς λέγεις. ἡ δὲ δὴ διὰ τίνος δύναμις τό τ' ἐπὶ πᾶσι κοινὸν καὶ τὸ ἐπὶ τούτοις δηλοῖ σοι, ὅ τὸ “ἔστιν” ἐπονομάζεις καὶ τὸ “οὐκ ἔστι” καὶ ἃ νυνδὴ ἠρωτῶμεν περὶ αὐτῶν; τούτοις πᾶσι ποῖα ἀποδώσεις ὄργανα δι' ὧν αἰσθάνεται ἡμῶν τὸ αἰσθανόμενον ἕκαστα;

Θεαίτητος

οὐσίαν λέγεις καὶ τὸ μὴ εἶναι, καὶ ὁμοιότητα καὶ ἀνομοιότητα, καὶ τὸ ταυτόν τε καὶ [τὸ] ἕτερον, ἔτι δὲ [185d] ἓν τε καὶ τὸν ἄλλον ἀριθμὸν περὶ αὐτῶν. δῆλον δὲ ὅτι καὶ ἄρτιόν τε καὶ περιττὸν ἐρωτᾷς, καὶ τᾶλλα ὅσα τούτοις ἔπεται, διὰ τίνος ποτὲ τῶν τοῦ σώματος τῇ ψυχῇ αἰσθανόμεθα.

Σωκράτης

ὑπέρευ, ὦ Θεαίτητε, ἀκολουθεῖς, καὶ ἔστιν ἃ ἐρωτῶ αὐτὰ ταῦτα.

Θεαίτητος

ἀλλὰ μὰ Δία, ὦ Σώκρατες, ἔγωγε οὐκ ἂν ἔχοιμι εἰπεῖν, πλὴν γ' ὅτι μοι δοκεῖ τὴν ἀρχὴν οὐδ' εἶναι τοιοῦτον οὐδὲν τούτοις ὄργανον ἴδιον ὥσπερ ἐκείνοις, ἀλλ' [185e] αὐτὴ δι' αὐτῆς ἡ ψυχὴ τὰ κοινὰ μοι φαίνεται περὶ πάντων ἐπισκοπεῖν.

Σωκράτης

καλὸς γὰρ εἶ, ὦ Θεαίτητε, καὶ οὐχ, ὥς ἔλεγε Θεόδωρος, αἰσchrός: ὁ γὰρ καλῶς λέγων καλός τε καὶ ἀγαθός. πρὸς δὲ τῷ καλῷ εὖ ἐποίησάς με μάλα συχνοῦ λόγου ἀπαλλάξας, εἰ φαίνεται σοι τὰ μὲν αὐτὴ δι' αὐτῆς ἡ ψυχὴ ἐπισκοπεῖν, τὰ δὲ διὰ τῶν τοῦ σώματος δυνάμεων.

τοῦτο γὰρ ἦν ὃ καὶ αὐτῷ μοι ἐδόκει, ἐβουλόμην δὲ καὶ σοὶ δόξαι.

[186a] Θεαίτητος

ἀλλὰ μὴν φαίνεται γε.

Σωκράτης

ποτέρων οὖν τίθης τὴν οὐσίαν; τοῦτο γὰρ μάλιστα ἐπὶ πάντων
παρέπεται.

Θεαίτητος

ἐγὼ μὲν ὦν αὐτὴ ἢ ψυχὴ καθ' αὐτὴν ἐπορέγεται.

Σωκράτης

ἦ καὶ τὸ ὅμοιον καὶ τὸ ἀνόμοιον καὶ τὸ ταῦτόν καὶ ἕτερον;

Θεαίτητος

ναί.

Σωκράτης

τί δέ; καλὸν καὶ αἰσχρὸν καὶ ἀγαθὸν καὶ κακόν;

Θεαίτητος

καὶ τούτων μοι δοκεῖ ἐν τοῖς μάλιστα πρὸς ἄλληλα σκοπεῖσθαι τὴν οὐσίαν, ἀναλογιζομένη ἐν ἑαυτῇ τὰ [186b] γεγονότα καὶ τὰ παρόντα πρὸς τὰ μέλλοντα.

Σωκράτης

ἔχε δὴ: ἄλλο τι τοῦ μὲν σκληροῦ τὴν σκληρότητα διὰ τῆς ἐπαφῆς αἰσθήσεται, καὶ τοῦ μαλακοῦ τὴν μαλακότητα ὡσαύτως;

Θεαίτητος

ναί.

Σωκράτης

τὴν δέ γε οὐσίαν καὶ ὅτι ἐστὸν καὶ τὴν ἐναντιότητα πρὸς ἀλλήλω καὶ τὴν οὐσίαν αὖ τῆς ἐναντιότητος αὐτὴ ἢ ψυχὴ ἐπανιοῦσα καὶ συμβάλλουσα πρὸς ἄλληλα κρίνειν πειρᾶται ἡμῖν.

Θεαίτητος

πάνυ μὲν οὖν.

Σωκράτης

οὐκοῦν τὰ μὲν εὐθὺς γενομένοις πάρεστι φύσει [186c] αἰσθάνεσθαι ἀνθρώποις τε καὶ θηρίοις, ὅσα διὰ τοῦ σώματος παθήματα ἐπὶ τὴν ψυχὴν τείνει· τὰ δὲ περὶ τούτων ἀναλογίσματα πρὸς τε οὐσίαν καὶ ὠφέλειαν μόγις καὶ ἐν χρόνῳ διὰ πολλῶν πραγμάτων καὶ παιδείας παραγίγνεται οἷς ἂν καὶ παραγίγνηται;

Θεαίτητος

παντάπασι μὲν οὖν.

Σωκράτης

οἷόν τε οὖν ἀληθείας τυχεῖν, ὃ μὴδὲ οὐσίας;

Θεαίτητος

ἀδύνατον.

Σωκράτης

οὐ δὲ ἀληθείας τις ἀτυχήσει, ποτὲ τούτου ἐπιστήμων ἔσται;

[186d] Θεαίτητος

καὶ πῶς ἄν, ὦ Σώκρατες;

Σωκράτης

ἐν μὲν ἄρα τοῖς παθήμασιν οὐκ ἔνι ἐπιστήμη, ἐν δὲ τῷ περὶ ἐκείνων συλλογισμῷ: οὐσίας γὰρ καὶ ἀληθείας ἐνταῦθα μὲν, ὥς ἔοικε, δυνατόν ἄψασθαι, ἐκεῖ δὲ ἀδύνατον.

Θεαίτητος

φαίνεται.

Σωκράτης

ἦ οὖν ταῦτόν ἐκείνό τε καὶ τοῦτο καλεῖς, τοσαύτας διαφορὰς ἔχοντε;

Θεαίτητος

οὐκ οὐν δὴ δίκαιόν γε.

Σωκράτης

τί οὖν δὴ ἐκείνῳ ἀποδίδως ὄνομα, τῷ ὁρᾶν ἀκούειν ὁσφραίνεσθαι ψύχεσθαι θερμαίνεισθαι;

[186e] Θεαίτητος

αἰσθάνεσθαι ἔγωγε: τί γὰρ ἄλλο;

Σωκράτης

σύμπαν ἄρ' αὐτὸ καλεῖς αἰσθησιν;

Θεαίτητος

ἀνάγκη.

Σωκράτης

ᾧ γε, φαμέν, οὐ μέτεστιν ἀληθείας ἄψασθαι: οὐδὲ γὰρ οὐσίας.

Θεαίτητος

οὐ γὰρ οὐν.

Σωκράτης

οὐδ' ἄρ' ἐπιστήμης.

Θεαίτητος

οὐ γάρ.

Σωκράτης

οὐκ ἄρ' ἂν εἴη ποτέ, ᾧ Θεαίτητε, αἰσθησίς τε καὶ ἐπιστήμη ταυτόν.

Θεαίτητος

οὐ φαίνεται, ὦ Σώκρατες. καὶ μάλιστα γε νῦν καταφανέστατον γέγονεν ἄλλο ὃν αἰσθήσεως ἐπιστήμη.

[187a] Σωκράτης

ἀλλ' οὐ τι μὲν δὴ τούτου γε ἔνεκα ἤρχόμεθα διαλεγόμενοι, ἵνα εὖρωμεν τί ποτ' οὐκ ἔστ' ἐπιστήμη, ἀλλὰ τί ἔστιν. ὅμως δὲ τοσοῦτόν γε προβεβήκαμεν, ὥστε μὴ ζητεῖν αὐτὴν ἐν αἰσθήσει τὸ παράπαν ἀλλ' ἐν ἐκείνῳ τῷ ὀνόματι, ὅτι ποτ' ἔχει ἢ ψυχὴ, ὅταν αὐτὴ καθ' αὐτὴν πραγματεύηται περὶ τὰ ὄντα.

Θεαίτητος

ἀλλὰ μὴν τοῦτό γε καλεῖται, ὦ Σώκρατες, ὡς ἐγῶμαι, δοξάζειν.

Σωκράτης

ὀρθῶς γὰρ οἶει, ὦ φίλε. καὶ ὅρα δὴ νῦν πάλιν ἐξ [187b] ἀρχῆς, πάντα τὰ πρόσθεν ἐξαλείψας, εἴ τι μᾶλλον καθορᾷς, ἐπειδὴ ἐνταῦθα προελήλυθας. καὶ λέγε αὖθις τί ποτ' ἔστιν ἐπιστήμη.

Θεαίτητος

δόξαν μὲν πᾶσαν εἶπεῖν, ὦ Σώκρατες, ἀδύνατον, ἐπειδὴ καὶ ψευδὴς ἐστὶ δόξα: κινδυνεύει δὲ ἡ ἀληθὴς δόξα ἐπιστήμη εἶναι, καί μοι τοῦτο ἀποκεκρίσθω. ἐὰν γὰρ μὴ φανῇ προϊούσιν ὥσπερ τὸ νῦν, ἄλλο τι πειρασόμεθα λέγειν.

Σωκράτης

οὕτω μέντοι χρή, ὦ Θεαίτητε, λέγειν προθύμως μᾶλλον, ἢ ὡς τὸ

πρῶτον ὥκνεις ἀποκρίνεσθαι. ἐὰν γὰρ [187c] οὕτω δρῶμεν, δυοῖν θάτερα, ἢ εὐρήσομεν ἐφ' ὃ ἐρχόμεθα, ἢ ἥττον οἰησόμεθα εἰδέναι ὃ μηδαμῇ ἴσμεν: καίτοι οὐκ ἂν εἴη μεμπτὸς μισθὸς ὁ τοιοῦτος. καὶ δὴ καὶ νῦν τί φήεις; δυοῖν ὄντοιν ιδέαιν δόξης, τοῦ μὲν ἀληθινοῦ, ψευδοῦς δὲ τοῦ ἐτέρου, τὴν ἀληθῆ δόξαν ἐπιστήμην ὀρίζει;

Θεαίτητος

ἔγωγε: τοῦτο γὰρ αὖ νῦν μοι φαίνεται.

Σωκράτης

ἄρ' οὖν ἐτ' ἄξιον περὶ δόξης ἀναλαβεῖν πάλιν —

Θεαίτητος

τὸ ποῖον δὴ λέγεις;

[187d] Σωκράτης

θράττει μέ πως νῦν τε καὶ ἄλλοτε δὴ πολλάκις, ὥστ' ἐν ἀπορίᾳ πολλῇ πρὸς ἑμαυτὸν καὶ πρὸς ἄλλον γεγονέναι, οὐκ ἔχοντα εἰπεῖν τί ποτ' ἐστὶ τοῦτο τὸ πάθος παρ' ἡμῖν καὶ τίνα τρόπον ἐγγιγνόμενον.

Θεαίτητος

τὸ ποῖον δὴ;

Σωκράτης

τὸ δοξάζειν τινὰ ψευδῆ. σκοπῶ δὴ καὶ νῦν ἔτι διστάζων, πότερον

εάσωμεν αὐτὸ ἢ ἐπισκεψώμεθα ἄλλον τρόπον ἢ ὀλίγον πρότερον.

Θεαίτητος

τί μήν, ὦ Σώκρατες, εἴπερ γε καὶ ὀπητιοῦν φαίνεται δεῖν; ἄρτι γὰρ οὐ κακῶς γε σὺ καὶ Θεόδωρος ἐλέγετε σχολῆς πέρι, ὥς οὐδὲν ἐν τοῖς τοιοῖσδε κατεπείγει.

[187e] Σωκράτης

ὀρθῶς ὑπέμνησας: ἴσως γὰρ οὐκ ἀπὸ καιροῦ πάλιν ὥσπερ ἵχνος μετελθεῖν. κρεῖττον γάρ που σμικρὸν εὖ ἢ πολὺ μὴ ἱκανῶς περᾶναι.

Θεαίτητος

τί μήν;

Σωκράτης

πῶς οὖν; τί δὴ καὶ λέγομεν; ψευδῇ φαμεν ἐκάστοτε εἶναι δόξαν, καὶ τινα ἡμῶν δοξάζειν ψευδῇ, τὸν δ' αὖ ἀληθῇ, ὥς φύσει οὕτως ἐχόντων;

Θεαίτητος

φαμὲν γὰρ δή.

[188a] Σωκράτης

οὐκοῦν τόδε γ' ἔσθ' ἡμῖν περὶ πάντα καὶ καθ' ἕκαστον, ἥτοι εἰδέναι ἢ μὴ εἰδέναι; μανθάνειν γὰρ καὶ ἐπιμανθάνεσθαι μεταξὺ τούτων ὥς

ὄντα χαίρειν λέγω ἐν τῷ παρόντι: νῦν γὰρ ἡμῖν πρὸς λόγον ἐστὶν οὐδέν.

Θεαίτητος

ἀλλὰ μήν, ὦ Σώκρατες, ἄλλο γ' οὐδέν λείπεται περὶ ἕκαστον πλὴν εἰδέναι ἢ μὴ εἰδέναι.

Σωκράτης

οὐκοῦν ἤδη ἀνάγκη τὸν δοξάζοντα δοξάζειν ἢ ὧν τι οἶδεν ἢ μὴ οἶδεν;

Θεαίτητος

ἀνάγκη.

Σωκράτης

καὶ μὴν εἰδότα γε μὴ εἰδέναι τὸ αὐτὸ ἢ μὴ εἰδότα [188b] εἰδέναι ἀδύνατον.

Θεαίτητος

πῶς δ' οὔ;

Σωκράτης

ἄρ' οὖν ὁ τὰ ψευδῇ δοξάζων, ὃ οἶδε, ταῦτα οἶεται οὐ ταῦτα εἶναι ἀλλὰ ἕτερα ἅττα ὧν οἶδε, καὶ ἀμφοτέρω εἰδὼς ἀγνοεῖ αὐτὸ ἀμφοτέρω;

Θεαίτητος

ἀλλ' ἀδύνατον, ὦ Σώκρατες.

Σωκράτης

ἀλλ' ἄρα, ἃ μὴ οἶδεν, ἡγεῖται αὐτὰ εἶναι ἕτερα ἅττα ὧν μὴ οἶδε, καὶ τοῦτ' ἔστι τῷ μῆτε Θεαίτητον μῆτε Σωκράτη εἰδóτι εἰς τὴν διάνοιαν λαβεῖν ὥς ὁ Σωκράτης Θεαίτητος ἢ [ὁ] Θεαίτητος Σωκράτης;

[188c] Θεαίτητος

καὶ πῶς ἄν;

Σωκράτης

ἀλλ' οὐ μὴν, ἃ γέ τις οἶδεν, οἶεταί που ἃ μὴ οἶδεν αὐτὰ εἶναι, οὐδ' αὖ ἃ μὴ οἶδεν, ἃ οἶδεν.

Θεαίτητος

τέρας γὰρ ἔσται.

Σωκράτης

πῶς οὖν ἂν ἔτι ψευδῇ δοξάσειεν; ἐκτὸς γὰρ τούτων ἀδύνατόν που δοξάζειν, ἐπέιπερ πάντ' ἢ ἴσμεν ἢ οὐκ ἴσμεν, ἐν δὲ τούτοις οὐδαμοῦ φαίνεται δυνατόν ψευδῇ δοξάσαι.

Θεαίτητος

ἀληθέστατα.

Σωκράτης

ἄρ' οὖν οὐ ταύτη σκεπτέον ὃ ζητοῦμεν, κατὰ τὸ [188d] εἰδέναι καὶ μὴ εἰδέναι ἰόντας, ἀλλὰ κατὰ τὸ εἶναι καὶ μὴ;

Θεαίτητος

πῶς λέγεις;

Σωκράτης

μὴ ἀπλοῦν ἢ ὅτι ὃ τὰ μὴ ὄντα περὶ ὁτιοῦν δοξάζων οὐκ ἔσθ' ὥς οὐ ψευδῇ δοξάσει, κἄν ὁπωσοῦν ἄλλως τὰ τῆς διανοίας ἔχῃ.

Θεαίτητος

εἰκός γ' αὖ, ὦ Σώκρατες.

Σωκράτης

πῶς οὖν; τί ἐροῦμεν, ὦ Θεαίτητε, ἐάν τις ἡμᾶς ἀνακρίνῃ: “δυνατὸν δὲ ὁτιοῦν ὃ λέγεται, καὶ τις ἀνθρώπων τὸ μὴ ὄν δοξάσει, εἴτε περὶ τῶν ὄντων του εἴτε αὐτὸ καθ' αὐτό;” καὶ ἡμεῖς δὴ, ὥς ἔοικεν, πρὸς ταῦτα φήσομεν: “ὅταν [188e] γε μὴ ἀληθῇ οἴηται οἰόμενος;” ἢ πῶς ἐροῦμεν;

Θεαίτητος

οὕτως.

Σωκράτης

ἢ οὖν καὶ ἄλλοθί που τὸ τοιοῦτόν ἐστιν;

Θεαίτητος

τὸ ποῖον;

Σωκράτης

εἴ τις ὁρᾷ μέν τι, ὁρᾷ δὲ οὐδέν.

Θεαίτητος

καὶ πῶς;

Σωκράτης

ἀλλὰ μὴν εἰ ἔν γέ τι ὁρᾷ, τῶν ὄντων τι ὁρᾷ. ἢ σὺ οἶει ποτὲ τὸ ἔν ἐν τοῖς μὴ οὖσιν εἶναι;

Θεαίτητος

οὐκ ἔγωγε.

Σωκράτης

ὁ ἄρα ἔν γέ τι ὁρῶν ὄν τι ὁρᾷ.

Θεαίτητος

φαίνεται.

[189a] Σωκράτης

καὶ ὁ ἄρα τι ἀκούων ἔν γέ τι ἀκούει καὶ ὄν [ἀκούει].

Θεαίτητος

ναί.

Σωκράτης

καὶ ὁ ἀπτόμενος δὴ τοῦ ἐνός γέ τοῦ ἄπτεται καὶ ὄντος, εἴπερ ἐνός;

Θεαίτητος

καὶ τοῦτο.

Σωκράτης

ὁ δὲ δὴ δοξάζων οὐχ ἔν γέ τι δοξάζει;

Θεαίτητος

ἀνάγκη.

Σωκράτης

ὁ δ' ἔν τι δοξάζων οὐκ ὄν τι;

Θεαίτητος

συγχωρῶ.

Σωκράτης

ὁ ἄρα μὴ ὄν δοξάζων οὐδὲν δοξάζει.

Θεαίτητος

οὐ φαίνεται.

Σωκράτης

ἀλλὰ μὴν ὅ γε μηδὲν δοξάζων τὸ παράπαν οὐδὲ δοξάζει.

Θεαίτητος

δῆλον, ὥς ἔοικεν.

[189b] Σωκράτης

οὐκ ἄρα οἷόν τε τὸ μὴ ὄν δοξάζειν, οὔτε περὶ τῶν ὄντων οὔτε αὐτὸ καθ' αὐτό.

Θεαίτητος

οὐ φαίνεται.

Σωκράτης

ἄλλο τι ἄρ' ἐστὶ τὸ ψευδῇ δοξάζειν τοῦ τὰ μὴ ὄντα δοξάζειν.

Θεαίτητος

ἄλλο ἔοικεν.

Σωκράτης

οὔτ' ἄρ' οὕτως οὔτε ὡς ὀλίγον πρότερον ἐσκοποῦμεν, ψευδῆς ἐστὶ δόξα ἐν ἡμῖν.

Θεαίτητος

οὐ γὰρ οὖν δῆ.

Σωκράτης

ἀλλ' ἄρα ὧδε γιγνόμενον τοῦτο προσαγορεύομεν;

Θεαίτητος

πῶς;

Σωκράτης

ἀλλοδοξίαν τινὰ οὐσαν ψευδῇ φαμεν εἶναι δόξαν, [189c] ὅταν τις <τι> τῶν ὄντων ἄλλο αὖ τῶν ὄντων ἀνταλλαζάμενος τῇ διανοίᾳ φῇ εἶναι. οὕτω γὰρ ὃν μὲν ἀεὶ δοξάζει, ἕτερον δὲ ἀνθ' ἐτέρου, καὶ ἀμαρτάνων οὗ ἐσκόπει δικαίως ἢ καλοῖτο ψευδῇ δοξάζων.

Θεαίτητος

ὀρθότατά μοι νῦν δοκεῖς εἰρηκέναι. ὅταν γάρ τις ἀντὶ καλοῦ αἰσχροῦ
ἢ ἀντὶ αἰσχροῦ καλὸν δοξάζῃ, τότε ὡς ἀληθῶς δοξάζει ψευδῇ.

Σωκράτης

δῆλος εἶ, ὦ Θεαίτητε, καταφρονῶν μου καὶ οὐ δεδιώς.

Θεαίτητος

τί μάλιστα;

Σωκράτης

οὐκ ἂν οἶμαι σοὶ δοκῶ τοῦ ἀληθῶς ψευδοῦς ἀντιλαβέσθαι, [189d]
ἐρόμενος εἰ οἷόν τε ταχὺ βραδέως ἢ κοῦφον βαρέως ἢ ἄλλο τι
ἐναντίον μὴ κατὰ τὴν αὐτοῦ φύσιν ἀλλὰ κατὰ τὴν τοῦ ἐναντίου
γίγνεσθαι ἐαυτῷ ἐναντίως. τοῦτο μὲν οὖν, ἵνα μὴ μάτην θαρρήσης,
ἀφήμι. ἀρέσκει δέ, ὡς φῆς, τὸ τὰ ψευδῇ δοξάζειν ἀλλοδοξεῖν εἶναι;

Θεαίτητος

ἔμοιγε.

Σωκράτης

ἔστιν ἄρα κατὰ τὴν σὴν δόξαν ἕτερόν τι ὡς ἕτερον καὶ μὴ ὡς ἐκεῖνο
τῇ διανοίᾳ τίθεσθαι.

Θεαίτητος

ἔστι μέντοι.

[189e] Σωκράτης

ὅταν οὖν τοῦθ' ἡ διάνοιά του δρᾷ, οὐ καὶ ἀνάγκη αὐτὴν ἥτοι
ἀμφοτέρω ἢ τὸ ἕτερον διανοεῖσθαι;

Θεαίτητος

ἀνάγκη μὲν οὖν: ἥτοι ἅμα γε ἢ ἐν μέρει.

Σωκράτης

κάλλιστα. τὸ δὲ διανοεῖσθαι ἄρ' ὅπερ ἐγὼ καλεῖς;

Θεαίτητος

τί καλῶν;

Σωκράτης

λόγον ὃν αὐτὴ πρὸς αὐτὴν ἡ ψυχὴ διεξέρχεται περὶ ὧν ἂν σκοπῇ. ὥς
γε μὴ εἰδῶς σοι ἀποφαίνομαι. τοῦτο γάρ μοι ἰνδάλλεται διανοουμένη
οὐκ ἄλλο τι ἢ διαλέγεσθαι, αὐτὴ [190a] ἑαυτὴν ἐρωτᾷσα καὶ
ἀποκρινομένη, καὶ φάσκουσα καὶ οὐ φάσκουσα. ὅταν δὲ ὀρίσασα,
εἴτε βραδύτερον εἴτε καὶ ὀξύτερον ἐπάξασα, τὸ αὐτὸ ἤδη φῇ καὶ μὴ
διστάζῃ, δόξαν ταύτην τίθεμεν αὐτῆς. ὥστ' ἔγωγε τὸ δοξάζειν λέγειν
καλῶ καὶ τὴν δόξαν λόγον εἰρημένον, οὐ μέντοι πρὸς ἄλλον οὐδὲ
φωνῇ, ἀλλὰ σιγῇ πρὸς αὐτόν: σὺ δὲ τί;

Θεαίτητος

κἀγώ.

Σωκράτης

ὅταν ἄρα τις τὸ ἕτερον ἕτερον δοξάζῃ, καὶ φησὶν, ὥς ἔοικε, τὸ ἕτερον ἕτερον εἶναι πρὸς ἑαυτόν.

[190b] Θεαίτητος

τί μήν;

Σωκράτης

ἀναμιμνήσκου δὴ εἰ πώποτ' εἶπες πρὸς σεαυτὸν ὅτι παντὸς μᾶλλον τό τοι καλὸν αἰσχροὺν ἐστὶν ἢ τὸ ἄδικον δίκαιον. ἢ καί, τὸ πάντων κεφάλαιον, σκόπει εἴ ποτ' ἐπεχείρησας σεαυτὸν πείθειν ὥς παντὸς μᾶλλον τὸ ἕτερον ἕτερόν ἐστιν, ἢ πᾶν τοῦναντίον οὐδ' ἐν ὕπνῳ πώποτε ἐτόλμης εἰπεῖν πρὸς σεαυτὸν ὥς παντάπασιν ἄρα τὰ περιττὰ ἄρτιά ἐστιν ἢ τι ἄλλο τοιοῦτον.

Θεαίτητος

ἀληθῆ λέγεις.

[190c] Σωκράτης

ἄλλον δέ τινα οἶε ὑγιαίνοντα ἢ μαινόμενον τολμῆσαι σπουδῇ πρὸς ἑαυτὸν εἰπεῖν ἀναπειθοντα αὐτὸν ὥς ἀνάγκη τὸν βοῦν ἵππον εἶναι ἢ τὰ δύο ἓν;

Θεαίτητος

μὰ Δί' οὐκ ἔγωγε.

Σωκράτης

οὐκοῦν εἰ τὸ λέγειν πρὸς ἑαυτὸν δοξάζειν ἐστίν, οὐδεὶς ἀμφοτέρᾳ γε λέγων καὶ δοξάζων [καὶ] ἐφαπτόμενος ἀμφοῖν τῇ ψυχῇ εἴποι ἂν καὶ δοξάσειεν ὥς τὸ ἕτερον ἕτερόν ἐστιν. ἐατέον δὲ καὶ σοὶ τὸ ῥῆμα [περὶ τοῦ ἐτέρου]: λέγω [190d] γὰρ αὐτὸ τῇδε, μηδένα δοξάζειν ὥς τὸ αἰσχροὺν καλὸν ἢ ἄλλο τι τῶν τοιούτων.

Θεαίτητος

ἀλλ', ὦ Σώκρατες, ἐῷ τε καὶ μοι δοκεῖ ὥς λέγεις.

Σωκράτης

ἄμφω μὲν ἄρα δοξάζοντα ἀδύνατον τό γε ἕτερον ἕτερον δοξάζειν.

Θεαίτητος

ἔοικεν.

Σωκράτης

ἀλλὰ μὴν τὸ ἕτερόν γε μόνον δοξάζων, τὸ δὲ ἕτερον μηδαμῇ, οὐδέποτε δοξάσει τὸ ἕτερον ἕτερον εἶναι.

Θεαίτητος

ἀληθῆ λέγεις: ἀναγκάζοιτο γὰρ ἂν ἐφάπτεσθαι καὶ οὗ μὴ δοξάζει.

Σωκράτης

οὐτ' ἄρ' ἀμφοτέρα οὔτε τὸ ἕτερον δοξάζοντι ἐγχωρεῖ [190e] ἀλλοδοξεῖν. ὥστ' εἴ τις ὀριεῖται δόξαν εἶναι ψευδῇ τὸ ἑτεροδοξεῖν, οὐδὲν ἂν λέγοι: οὔτε γὰρ ταύτη οὔτε κατὰ τὰ πρότερα φαίνεται ψευδῆς ἐν ἡμῖν οὔσα δόξα.

Θεαίτητος

οὐκ ἔοικεν.

Σωκράτης

ἀλλὰ μέντοι, ὦ Θεαίτητε, εἰ τοῦτο μὴ φανήσεται ὄν, πολλὰ ἀναγκασθησόμεθα ὁμολογεῖν καὶ ἄτοπα.

Θεαίτητος

τὰ ποῖα δῆ;

Σωκράτης

οὐκ ἐρῶ σοι πρὶν ἂν πανταχῇ πειραθῶ σκοπῶν. αἰσχυνοίμην γὰρ ἂν ὑπὲρ ἡμῶν, ἐν ᾧ ἀποροῦμεν, ἀναγκαζομένων [191a] ὁμολογεῖν οἷα λέγω. ἀλλ' ἐὰν εὕρωμεν καὶ ἐλεύθεροι γενώμεθα, τότε ἤδη περὶ τῶν ἄλλων ἐροῦμεν ὡς πασχόντων αὐτὰ ἐκτὸς τοῦ γελοίου ἐστῶτες: ἐὰν δὲ πάντῃ ἀπορήσωμεν, ταπεινωθέντες οἶμαι τῷ λόγῳ παρέξομεν ὡς ναυτιῶντες πατεῖν τε καὶ χρῆσθαι ὅτι ἂν βούληται. ἥ οὖν ἔτι πόρον τινὰ εὐρίσκω τοῦ ζητήματος ἡμῖν, ἄκουε.

Θεαίτητος

λέγε μόνον.

Σωκράτης

οὐ φήσω ἡμᾶς ὀρθῶς ὁμολογήσαι, ἤνικα ὠμολογήσαμεν ἅ τις οἶδεν, ἀδύνατον δοξάσαι ἃ μὴ οἶδεν εἶναι αὐτὰ [191b] καὶ ψευσθῆναι: ἀλλὰ πῃ δυνατόν.

Θεαίτητος

ἄρα λέγεις ὃ καὶ ἐγὼ τότε ὑπώπτευσα, ἤνικ' αὐτὸ ἔφαμεν τοιοῦτον εἶναι, ὅτι ἐνίστ' ἐγὼ γινώσκων Σωκράτη, πόρρωθεν δὲ ὀρῶν ἄλλον ὄν οὐ γινώσκω, φήθην εἶναι Σωκράτη ὃν οἶδα; γίγνεται γὰρ δὴ ἐν τῷ τοιούτῳ οἷον λέγεις.

Σωκράτης

οὐκοῦν ἀπέστημεν αὐτοῦ, ὅτι ἃ ἴσμεν ἐποίει ἡμᾶς εἰδότας μὴ εἰδέναι;

Θεαίτητος

πάνυ μὲν οὖν.

Σωκράτης

μὴ γὰρ οὕτω τιθῶμεν, ἀλλ' ὧδε: ἴσως πῃ ἡμῖν [191c] συγχωρήσεται, ἴσως δὲ ἀντιτενεῖ. ἀλλὰ γὰρ ἐν τοιούτῳ ἐχόμεθα, ἐν ᾧ ἀνάγκη πάντα μεταστρέφοντα λόγον βασανίζειν. σκόπει οὖν εἰ τί λέγω. ἄρα ἔστιν μὴ εἰδόμενα τι πρότερον ὕστερον μαθεῖν;

Θεαίτητος

ἔστι μέντοι.

Σωκράτης

οὐκοῦν καὶ αὐθις ἕτερον καὶ ἕτερον;

Θεαίτητος

τί δ' οὐ;

Σωκράτης

θὲς δὴ μοι λόγου ἔνεκα ἐν ταῖς ψυχαῖς ἡμῶν ἐνὸν κήρινον ἐκμαγεῖον, τῷ μὲν μεῖζον, τῷ δ' ἔλαττον, καὶ τῷ μὲν καθαρωτέρου κηροῦ, τῷ δὲ κοπρωδεστέρου, καὶ σκληροτέρου, [191d] ἐνίοις δὲ ὑγροτέρου, ἔστι δ' οἷς μετρίως ἔχοντος.

Θεαίτητος

τίθημι.

Σωκράτης

δῶρον τοίνυν αὐτὸ φῶμεν εἶναι τῆς τῶν Μουσῶν μητρὸς Μνημοσύνης, καὶ εἰς τοῦτο ὅτι ἂν βουλευθῶμεν μνημονεῦσαι ὧν ἂν ἴδωμεν ἢ ἀκούσωμεν ἢ αὐτοὶ ἐννοήσωμεν, ὑπέχοντας αὐτὸ ταῖς αἰσθήσεσι καὶ ἐννοίαις, ἀποτυποῦσθαι, ὥσπερ δακτυλίων σημεῖα ἐνσημαινομένους: καὶ ὁ μὲν ἂν ἐκμαγῇ, μνημονεύειν τε καὶ ἐπίστασθαι ἕως ἂν ἐνῇ τὸ εἶδωλον αὐτοῦ: ὁ δ' ἂν ἐξαλειφθῇ ἢ μὴ οἶόν τε γένηται [191e] ἐκμαγῆναι, ἐπιλελῆσθαι τε καὶ μὴ ἐπίστασθαι.

Θεαίτητος

ἔστω οὕτως.

Σωκράτης

ὁ τοίνυν ἐπιστάμενος μὲν αὐτά, σκοπῶν δέ τι ὧν ὁρᾷ ἢ ἀκούει, ἄθρει εἰ ἄρα τοιῷδε τρόπῳ ψευδῇ ἂν δοξάσαι.

Θεαίτητος

ποιῶ δὴ τινι;

Σωκράτης

ἂ οἶδεν, οἰηθεὶς εἶναι τοτὲ μὲν ἂ οἶδε, τοτὲ δὲ ἂ μή. ταῦτα γὰρ ἐν τοῖς πρόσθεν οὐ καλῶς ὡμολογήσαμεν ὁμολογοῦντες ἀδύνατα.

Θεαίτητος

νῦν δὲ πῶς λέγεις;

[192a] Σωκράτης

δεῖ ὥδε λέγεσθαι περὶ αὐτῶν ἐξ ἀρχῆς διοριζομένους ὅτι ὁ μὲν τις οἶδεν, σχὼν αὐτοῦ μνημεῖον ἐν τῇ ψυχῇ, αἰσθάνεται δὲ αὐτὸ μή, οἰηθῆναι ἕτερόν τι ὧν οἶδεν, ἔχοντα καὶ ἐκείνου τύπον, αἰσθανόμενον δὲ μή, ἀδύνατον. καὶ ὁ γε οἶδεν αὖ, οἰηθῆναι εἶναι ὁ μὴ οἶδε μὴδ' ἔχει αὐτοῦ σφραγίδα: καὶ ὁ μὴ οἶδεν, ὁ μὴ οἶδεν αὖ: καὶ ὁ μὴ οἶδεν, ὁ οἶδε: καὶ ὁ αἰσθάνεται γε, ἕτερόν τι ὧν αἰσθάνεται οἰηθῆναι εἶναι: καὶ ὁ αἰσθάνεται, ὧν τι μὴ αἰσθάνεται: καὶ [192b] ὁ μὴ αἰσθάνεται, ὧν μὴ αἰσθάνεται: καὶ ὁ μὴ αἰσθάνεται, ὧν αἰσθάνεται. καὶ ἔτι γε αὖ καὶ ὁ οἶδε καὶ αἰσθάνεται καὶ ἔχει τὸ σημεῖον κατὰ τὴν αἴσθησιν, οἰηθῆναι αὖ ἕτερόν τι ὧν οἶδε καὶ

αἰσθάνεται καὶ ἔχει αὖ καὶ ἐκείνου τὸ σημεῖον κατὰ τὴν αἴσθησιν, ἀδυνατώτερον ἔτι ἐκείνων, εἰ οἷόν τε. καὶ ὁ οἶδε καὶ [ὁ] αἰσθάνεται ἔχων τὸ μνημεῖον ὀρθῶς, ὁ οἶδεν οἰηθῆναι ἀδύνατον: καὶ ὁ οἶδε καὶ αἰσθάνεται ἔχων [192c] κατὰ ταῦτά, ὁ αἰσθάνεται: καὶ ὁ αὖ μὴ οἶδε μὴδὲ αἰσθάνεται, ὁ μὴ οἶδε μὴδὲ αἰσθάνεται: καὶ ὁ μὴ οἶδε μὴδὲ αἰσθάνεται, ὁ μὴ οἶδε: καὶ ὁ μὴ οἶδε μὴδὲ αἰσθάνεται, ὁ μὴ αἰσθάνεται: πάντα ταῦτα ὑπερβάλλει ἀδυναμία τοῦ ἐν αὐτοῖς ψευδῇ τινα δοξάσαι. λείπεται δὴ ἐν τοῖς τοιοῖσδε, εἴπερ που ἄλλοθι, τὸ τοιοῦτον γενέσθαι.

Θεαίτητος

ἐν τίσι δὴ; ἐὰν ἄρα ἐξ αὐτῶν τι μᾶλλον μάθω: νῦν μὲν γὰρ οὐχ ἔπομαι.

Σωκράτης

ἐν οἷς οἶδεν, οἰηθῆναι αὐτὰ ἕτερ' ἅττα εἶναι ὧν οἶδε καὶ αἰσθάνεται: ἢ ὧν μὴ οἶδεν, αἰσθάνεται δέ: ἢ ὧν [192d] οἶδε καὶ αἰσθάνεται, ὧν οἶδεν αὖ καὶ αἰσθάνεται.

Θεαίτητος

νῦν πολὺ πλεόν ἀπελείφθην ἢ τότε.

Σωκράτης

ὧδε δὴ ἀνάπαλιν ἄκουε. ἐγὼ εἰδὼς Θεόδωρον καὶ ἐν ἐμαυτῷ μεμνημένος οἷός ἐστι, καὶ Θεαίτητον κατὰ ταῦτά, ἄλλο τι ἐνίστε μὲν ὁρῶ αὐτούς, ἐνίστε δὲ οὐ, καὶ ἄπτομαί ποτ' αὐτῶν, τοτὲ δ' οὐ, καὶ ἀκούω ἢ τινα ἄλλην αἴσθησιν αἰσθάνομαι, τοτὲ δ' αἴσθησιν μὲν οὐδεμίαν ἔχω περὶ ὑμῶν, μέμνημαι δὲ ὑμᾶς οὐδὲν ἥττον καὶ ἐπίσταμαι αὐτὸς ἐν ἐμαυτῷ;

[192e] Θεαίτητος

πάνυ μὲν οὖν.

Σωκράτης

τοῦτο τοίνυν πρῶτον μάθε ὣν βούλομαι δηλῶσαι, ὅτι ἔστι μὲν ἃ οἶδε
μὴ αἰσθάνεσθαι, ἔστιν δὲ αἰσθάνεσθαι.

Θεαίτητος

ἀληθῆ.

Σωκράτης

οὐκοῦν καὶ ἃ μὴ οἶδε, πολλάκις μὲν ἔστι μὴδὲ αἰσθάνεσθαι, πολλάκις
δὲ αἰσθάνεσθαι μόνον;

Θεαίτητος

ἔστι καὶ τοῦτο.

Σωκράτης

ιδὲ δὴ ἐάν τι μᾶλλον νῦν ἐπίσπῃ. Σωκράτης [193a] εἰ γινώσκει
Θεόδωρον καὶ Θεαίτητον, ὁρᾷ δὲ μὴδέτερον, μὴδὲ ἄλλη αἴσθησις
αὐτῷ πάρεστι περὶ αὐτῶν, οὐκ ἂν ποτε ἐν ἑαυτῷ δοξάσειεν ὥς ὁ
Θεαίτητός ἐστι Θεόδωρος. λέγω τί ἢ οὐδέν;

Θεαίτητος

ναί, ἀληθῆ γε.

Σωκράτης

τοῦτο μὲν τοίνυν ἐκείνων πρῶτον ἦν ὧν ἔλεγον.

Θεαίτητος

ἦν γάρ.

Σωκράτης

δεύτερον τοίνυν, ὅτι τὸν μὲν γινώσκων ὑμῶν, τὸν δὲ μὴ γινώσκων, αἰσθανόμενος δὲ μηδέτερον, οὐκ ἂν ποτε αὖ οἰηθείην ὃν οἶδα εἶναι ὃν μὴ οἶδα.

Θεαίτητος

ὀρθῶς.

[193b] Σωκράτης

τρίτον δέ, μηδέτερον γινώσκων μηδὲ αἰσθανόμενος οὐκ ἂν οἰηθείην ὃν μὴ οἶδα ἕτερόν τιν' εἶναι ὧν μὴ οἶδα. καὶ τᾶλλα τὰ πρότερα πάνθ' ἐξῆς νόμιζε πάλιν ἀκηκοέναι, ἐν οἷς οὐδέποτε' ἐγὼ περὶ σοῦ καὶ Θεοδώρου τὰ ψευδῆ δοξάσω, οὔτε γινώσκων οὔτε ἀγνοῶν ἄμφω, οὔτε τὸν μὲν, τὸν δ' οὐ γινώσκων: καὶ περὶ αἰσθήσεων κατὰ ταῦτά, εἰ ἄρα ἔπη.

Θεαίτητος

ἔπομαι.

Σωκράτης

λείπεται τοίνυν τὰ ψευδῇ δοξάσαι ἐν τῷδε, ὅταν γινώσκων σὲ καὶ Θεόδωρον, καὶ ἔχων ἐν ἐκείνῳ τῷ κηρίνῳ [193c] ὥσπερ δακτυλίων σφῶν ἀμφοῖν τὰ σημεῖα, διὰ μακροῦ καὶ μὴ ἱκανῶς ὁρῶν ἄμφω προθυμηθῶ, τὸ οἰκεῖον ἐκατέρου σημεῖον ἀποδοὺς τῇ οἰκείᾳ ὄψει, ἐμβιβάσας προσαρμόσαι εἰς τὸ ἑαυτῆς ἵχνος, ἵνα γένηται ἀναγνώρισις, εἴτα τούτων ἀποτυχὼν καὶ ὥσπερ οἱ ἔμπαλιν ὑποδούμενοι παραλλάξας προσβάλω τὴν ἐκατέρου ὄψιν πρὸς τὸ ἀλλότριον σημεῖον, ἢ καὶ οἷα τὰ ἐν τοῖς κατόπτροις τῆς ὄψεως πάθη, δεξιὰ εἰς [193d] ἀριστερὰ μεταρρέουσας, ταῦτόν παθὼν διαμάρτω: τότε δὴ συμβαίνει ἢ ἑτεροδοξία καὶ τὸ ψευδῇ δοξάζειν.

Θεαίτητος

ἔοικε γάρ, ὦ Σώκρατες. θαυμασίως ὥς λέγεις τὸ τῆς δόξης πάθος.

Σωκράτης

ἔτι τοίνυν καὶ ὅταν ἀμφοτέρους γινώσκων τὸν μὲν πρὸς τῷ γινώσκειν αἰσθάνωμαι, τὸν δὲ μὴ, τὴν δὲ γνῶσιν τοῦ ἐτέρου μὴ κατὰ τὴν αἴσθησιν ἔχω, ὃ ἐν τοῖς πρόσθεν οὕτως ἔλεγον καὶ μου τότε οὐκ ἐμάνθανες.

Θεαίτητος

οὐ γὰρ οὔν.

Σωκράτης

τοῦτο μὴν ἔλεγον, ὅτι γινώσκων τὸν ἕτερον καὶ [193e] αἰσθανόμενος, καὶ τὴν γνῶσιν κατὰ τὴν αἴσθησιν αὐτοῦ ἔχων, οὐδέποτε οἰήσεται εἶναι αὐτὸν ἕτερόν τινα ὃν γινώσκει τε καὶ αἰσθάνεται καὶ τὴν γνῶσιν αὐτὸς καὶ ἐκείνου ἔχει κατὰ τὴν αἴσθησιν. ἦν γὰρ τοῦτο;

Θεαίτητος

ναί.

Σωκράτης

παρελείπετο δέ γέ που τὸ νῦν λεγόμενον, ἐν ᾧ δὴ φαμεν τὴν ψευδῇ δόξαν γίνεσθαι τὸ ἄμφω γινώσκοντα [194a] καὶ ἄμφω ὁρῶντα ἢ τινα ἄλλην αἴσθησιν ἔχοντα ἀμφοῖν τὸ σημείω μὴ κατὰ τὴν αὐτοῦ αἴσθησιν ἐκάτερον ἔχειν, ἀλλ' οἷον τοξότην φαῦλον ἰέντα παραλλάξαι τοῦ σκοποῦ καὶ ἀμαρτεῖν, ὃ δὴ καὶ ψεῦδος ἄρα ὠνόμασται.

Θεαίτητος

εἰκότως γε.

Σωκράτης

καὶ ὅταν τοίνυν τῷ μὲν παρῇ αἴσθησις τῶν σημείων, τῷ δὲ μή, τὸ δὲ τῆς ἀπούσης αἰσθήσεως τῇ παρουσίᾳ προσαρμόσῃ, πάντῃ ταύτῃ ψεύδεται ἢ διάνοια. καὶ ἐνὶ λόγῳ, περὶ ὧν μὲν μὴ οἶδέ τις μὴδ' ἐπήσθετο πώποτε, οὐκ ἔστιν, [194b] ὡς ἔοικεν, οὔτε ψεύδεσθαι οὔτε ψευδῆς δόξα, εἴ τι νῦν ἡμεῖς ὑγιὲς λέγομεν: περὶ δὲ ὧν ἴσμεν τε καὶ αἰσθανόμεθα, ἐν αὐτοῖς τούτοις στρέφεται καὶ ἐλίττεται ἢ δόξα ψευδῆς καὶ ἀληθῆς γιγνομένη, καταντικρὺ μὲν καὶ κατὰ τὸ εὐθὺ τὰ οἰκεῖα συνάγουσα ἀποτυπώματα καὶ τύπους ἀληθῆς, εἰς πλάγια δὲ

καὶ σκολιὰ ψευδής.

Θεαίτητος

οὐκοῦν καλῶς, ὦ Σώκρατες, λέγεται;

[194c] Σωκράτης

ἔτι τοίνυν καὶ τάδε ἀκούσας μᾶλλον αὐτὸ ἐρεῖς. τὸ μὲν γὰρ τάληθές
δοξάζειν καλόν, τὸ δὲ ψεύδεσθαι αἰσχρόν.

Θεαίτητος

πῶς δ' οὔ;

Σωκράτης

ταῦτα τοίνυν φασὶν ἐνθένδε γίνεσθαι. ὅταν μὲν ὁ κηρός του ἐν τῇ
ψυχῇ βαθύς τε καὶ πολὺς καὶ λεῖος καὶ μετρίως ὠργανσμένος ᾗ, τὰ
ἰόντα διὰ τῶν αἰσθήσεων, ἐνσημαινόμενα εἰς τοῦτο τὸ τῆς ψυχῆς
“κέαρ,” ὃ ἔφη Ὅμηρος αἰνιττόμενος τὴν τοῦ κηροῦ ὁμοιότητα, τότε
μὲν καὶ τούτοις [194d] καθαρὰ τὰ σημεῖα ἐγγιγνόμενα καὶ ἱκανῶς
τοῦ βάθους ἔχοντα πολυχρόνιά τε γίνεται καὶ εἰσὶν οἱ τοιοῦτοι
πρῶτον μὲν εὐμαθεῖς, ἔπειτα μνήμονες, εἴτα οὐ παραλλάττουσι τῶν
αἰσθήσεων τὰ σημεῖα ἀλλὰ δοξάζουσιν ἀληθῆ. σαφῆ γὰρ καὶ ἐν
εὐρυχωρίᾳ ὄντα ταχὺ διανέμουσιν ἐπὶ τὰ αὐτῶν ἕκαστα ἐκμαγεῖα, ἃ
δὴ ὄντα καλεῖται, καὶ σοφοὶ δὴ οὗτοι καλοῦνται. ἢ οὐ δοκεῖ σοι;

Θεαίτητος

ὑπερφυῶς μὲν οὖν.

[194e] Σωκράτης

ὅταν τοίνυν λάσιόν του τὸ κέαρ ἦ, ὃ δὴ ἐπήνεσεν ὁ πάσσοφος ποιητής, ἢ ὅταν κοπρῶδες καὶ μὴ καθαροῦ τοῦ κηροῦ, ἢ ὑγρὸν σφόδρα ἢ σκληρόν, ὧν μὲν ὑγρὸν εὐμαθεῖς μὲν, ἐπιλήσμονες δὲ γίνονται, ὧν δὲ σκληρόν, τάναντία. οἱ δὲ δὴ λάσιον καὶ τραχὺ λιθῶδές τι ἢ γῆς ἢ κόπρου συμμιγείσης ἔμπλεων ἔχοντες ἀσαφεῖ τὰ ἐκμαγεῖα ἴσχουσιν. ἀσαφεῖ δὲ καὶ οἱ τὰ σκληρά: βάθος γὰρ οὐκ ἔνι. ἀσαφεῖ [195a] δὲ καὶ οἱ τὰ ὑγρά: ὑπὸ γὰρ τοῦ συγγεῖσθαι ταχὺ γίνεταί ἀμυδρά. ἐὰν δὲ πρὸς πᾶσι τούτοις ἐπ' ἀλλήλων συμπεπτωκότα ἦ ὑπὸ στενοχωρίας, ἐὰν του σμικρὸν ἦ τὸ ψυχάριον, ἔτι ἀσαφέστερα ἐκείνων. πάντες οὖν οὗτοι γίνονται οἷοι δοξάζειν ψευδῇ. ὅταν γάρ τι ὀρῶσιν ἢ ἀκούωσιν ἢ ἐπινοῶσιν, ἕκαστα ἀπονέμειν ταχὺ ἐκάστοις οὐ δυνάμενοι βραδεῖς τέ εἰσι καὶ ἀλλοτριονομοῦντες παρορῶσί τε καὶ παρακούουσι καὶ παρανοοῦσι πλεῖστα, καὶ καλοῦνται αὖ οὗτοι ἐψευσμένοι τε δὴ τῶν ὄντων καὶ ἀμαθεῖς.

[195b] Θεαίτητος

ὀρθότατα ἀνθρώπων λέγεις, ὦ Σώκρατες.

Σωκράτης

φῶμεν ἄρα ἐν ἡμῖν ψευδεῖς δόξας εἶναι;

Θεαίτητος

σφόδρα γε.

Σωκράτης

καὶ ἀληθεῖς δὴ;

Θεαίτητος

καὶ ἀληθεῖς.

Σωκράτης

ἤδη οὖν οἰόμεθα ἱκανῶς ὁμολογήσθαι ὅτι παντὸς μᾶλλον ἐστὸν ἀμφοτέρω τούτῳ τὸ δόξα;

Θεαίτητος

ὑπερφυῶς μὲν οὖν.

Σωκράτης

δεινόν τε, ὦ Θεαίτητε, ὥς ἀληθῶς κινδυνεύει καὶ ἀηδὲς εἶναι ἀνὴρ ἀδολέσχης.

Θεαίτητος

τί δέ; πρὸς τί τοῦτ' εἶπες;

[195c] Σωκράτης

τὴν ἐμαυτοῦ δυσμαθίαν δυσχεράνας καὶ ὥς ἀληθῶς ἀδολεσχίαν. τί γὰρ ἂν τις ἄλλο θεῖτο ὄνομα, ὅταν ἄνω κάτω τοὺς λόγους ἔλκη τις ὑπὸ νωθείας οὐ δυνάμενος πεισθῆναι, καὶ ἢ δυσαπάλλακτος ἀφ' ἐκάστου λόγου;

Θεαίτητος

σὺ δὲ δὴ τί δυσχεραίνεις;

Σωκράτης

οὐ δυσχεραίνω μόνον ἀλλὰ καὶ δέδοικα ὅτι ἀποκρινοῦμαι ἂν τις ἔρηταί με: “ὦ Σώκρατες, ἡŷρηκας δὴ ψευδῇ δόξαν, ὅτι οὔτε ἐν ταῖς αἰσθήσεσιν ἐστι πρὸς ἀλλήλας οὔτ’ [195d] ἐν ταῖς διανοαῖς ἀλλ’ ἐν τῇ συνάψει αἰσθήσεως πρὸς διάνοιαν;” φήσω δὲ ἐγὼ οἶμαι καλλωπιζόμενος ὥς τι ἡŷρηκότων ἡμῶν καλόν.

Θεαίτητος

ἔμοιγε δοκεῖ, ὦ Σώκρατες, οὐκ αἰσχρὸν εἶναι τὸ νῦν ἀποδεδειγμένον.

Σωκράτης

«οὐκοῦν», φησί, «λέγεις ὅτι αὖ τὸν ἄνθρωπον ὃν διανοοῦμεθα μόνον, ὁρῶμεν δ’ οὔ, ἵππον οὐκ ἂν ποτε οἰηθείμεν εἶναι, ὃν αὖ οὔτε ὁρῶμεν οὔτε ἀπτόμεθα, διανοοῦμεθα δὲ μόνον καὶ ἄλλ’ οὐδὲν αἰσθανόμεθα περὶ αὐτοῦ;» ταῦτα οἶμαι φήσω λέγειν.

Θεαίτητος

καὶ ὀρθῶς γε.

[195e] Σωκράτης

«τί οὖν», φησί, «τὰ ἔνδεκα ἃ μὴδὲν ἄλλο ἢ διανοεῖται τις, ἄλλο τι ἐκ τούτου τοῦ λόγου οὐκ ἂν ποτε οἰηθείη δώδεκα εἶναι ἃ μόνον αὖ διανοεῖται;» ἴθι οὖν δὴ, σὺ ἀποκρίνου.

Θεαίτητος

ἀλλ' ἀποκρινοῦμαι ὅτι ὁρῶν μὲν ἄν τις ἢ ἐφαπτόμενος οἰηθεῖη τὰ ἔνδεκα δώδεκα εἶναι, ἃ μέντοι ἐν τῇ διανοίᾳ ἔχει, οὐκ ἄν ποτε περὶ αὐτῶν ταῦτα δοξάσειεν οὕτως.

Σωκράτης

τί οὖν; οἶει τινὰ πώποτε αὐτὸν ἐν αὐτῷ πέντε καὶ [196a] ἐπτά, λέγω δὲ μὴ ἀνθρώπους ἐπτά καὶ πέντε προθέμενον σκοπεῖν μηδ' ἄλλο τοιοῦτον, ἀλλ' αὐτὰ πέντε καὶ ἐπτά, ἃ φαμεν ἐκεῖ μνημεῖα ἐν τῷ ἐκμαγεῖω εἶναι καὶ ψευδῇ ἐν αὐτοῖς οὐκ εἶναι δοξάσαι, ταῦτα αὐτὰ εἴ τις ἀνθρώπων ἤδη πώποτε ἐσκέψατο λέγων πρὸς αὐτὸν καὶ ἐρωτῶν πόσα ποτ' ἐστίν, καὶ ὁ μὲν τις εἶπεν οἰηθεῖς ἔνδεκα αὐτὰ εἶναι, ὁ δὲ δώδεκα, ἢ πάντες λέγουσί τε καὶ οἴονται δώδεκα αὐτὰ εἶναι;

[196b] Θεαίτητος

οὐ μὰ τὸν Δία, ἀλλὰ πολλοὶ δὴ καὶ ἔνδεκα: ἐὰν δέ γε ἐν πλείονι ἀριθμῷ τις σκοπῇται, μᾶλλον σφάλλεται. οἶμαι γάρ σε περὶ παντὸς [μᾶλλον] ἀριθμοῦ λέγειν.

Σωκράτης

ὁρθῶς γὰρ οἶει: καὶ ἐνθυμοῦ μή τι τότε γίγνεται ἄλλο ἢ αὐτὰ τὰ δώδεκα τὰ ἐν τῷ ἐκμαγεῖω ἔνδεκα οἰηθῆναι.

Θεαίτητος

ἔοικέ γε.

Σωκράτης

οὐκοῦν εἰς τοὺς πρώτους πάλιν ἀνήκει λόγους; ὁ γὰρ τοῦτο παθὼν, ὃ οἶδεν, ἕτερον αὐτὸ οἶεται εἶναι ὧν αὐτὸ οἶδεν, ὃ ἔφαμεν ἀδύνατον, καὶ τούτῳ αὐτῷ ἠναγκάζομεν μὴ εἶναι [196c] ψευδῇ δόξαν, ἵνα μὴ τὰ αὐτὰ ὃ αὐτὸς ἀναγκάζεται εἰδὼς μὴ εἰδέναι ἅμα.

Θεαίτητος

ἀληθέστατα.

Σωκράτης

οὐκοῦν ἄλλ' ὅτιοῦν δεῖ ἀποφαίνειν τὸ τὰ ψευδῇ δοξάζειν ἢ διανοίας πρὸς αἴσθησιν παραλλαγὴν. εἰ γὰρ τοῦτ' ἦν, οὐκ ἂν ποτε ἐν αὐτοῖς τοῖς διανοήμασιν ἐψευδόμεθα. νῦν δὲ ἥτοι οὐκ ἔστι ψευδὴς δόξα, ἢ ἃ τις οἶδεν, οἷόν τε μὴ εἰδέναι. καὶ τούτων πότερα αἰρῇ;

Θεαίτητος

ἄπορον αἵρεσιν προτίθης, ὦ Σώκρατες.

[196d] Σωκράτης

ἀλλὰ μέντοι ἀμφοτέρᾳ γε κινδυνεύει ὁ λόγος οὐκ ἐάσειν. ὅμως δέ — πάντα γὰρ τολμητέον — τί εἰ ἐπιχειρήσαιμεν ἀναισχυντεῖν;

Θεαίτητος

πῶς;

Σωκράτης

ἐθελήσαντες εἰπεῖν ποῖόν τί ποτ' ἐστὶ τὸ ἐπίστασθαι.

Θεαίτητος

καὶ τί τοῦτο ἀναίσχυντον;

Σωκράτης

ἔοικας οὐκ ἐννοεῖν ὅτι πᾶς ἡμῖν ἐξ ἀρχῆς ὁ λόγος ζήτησις γέγονεν ἐπιστήμης ὥς οὐκ εἰδόσι τί ποτ' ἐστίν.

Θεαίτητος

ἐννοῶ μὲν οὖν.

Σωκράτης

ἔπειτ' οὐκ ἀναιδὲς δοκεῖ μὴ εἰδότας ἐπιστήμην ἀποφαίνεσθαι τὸ ἐπίστασθαι οἷόν ἐστιν; ἀλλὰ γάρ, ὦ [196e] Θεαίτητε, πάλαι ἐσμέν ἀνάπλεω τοῦ μὴ καθαρῶς διαλέγεσθαι. μυριάκις γὰρ εἰρήκαμεν τὸ “γινώσκουμεν” καὶ “οὐ γινώσκουμεν,” καὶ “ἐπιστάμεθα” καὶ “οὐκ ἐπιστάμεθα,” ὥς τι συνιέντες ἀλλήλων ἐν ᾧ ἔτι ἐπιστήμην ἀγνοοῦμεν: εἰ δὲ βούλει, καὶ νῦν ἐν τῷ παρόντι κεχρήμεθ' αὖ τῷ “ἀγνοεῖν” τε καὶ “συνιέναι,” ὥς προσῆκον αὐτοῖς χρῆσθαι εἴπερ στερόμεθα ἐπιστήμης.

Θεαίτητος

ἀλλὰ τίνα τρόπον διαλέξῃ, ὦ Σώκρατες, τούτων ἀπεχόμενος;

[197a] Σωκράτης

οὐδένα ὧν γε ὅς εἰμί, εἰ μέντοι ἢ ἀντιλογικός· οἷος ἀνὴρ εἰ καὶ νῦν παρῆν, τούτων τ' ἂν ἔφη ἀπέχεσθαι καὶ ἡμῖν σφόδρ' ἂν ἃ ἐγὼ λέγω ἐπέπληττεν. ἐπειδὴ οὖν ἐσμεν φαῦλοι, βούλει τολμήσω εἰπεῖν οἷόν ἐστι τὸ ἐπίστασθαι; φαίνεται γάρ μοι προὔργου τι ἂν γενέσθαι.

Θεαίτητος

τόλμα τοίνυν νῆ Δία. τούτων δὲ μὴ ἀπεχομένῳ σοι ἔσται πολλή συγγνώμη.

Σωκράτης

ἀκήκοας οὖν ὃ νῦν λέγουσιν τὸ ἐπίστασθαι;

Θεαίτητος

ἴσως· οὐ μέντοι ἔν γε τῷ παρόντι μνημονεύω.

[197b] Σωκράτης

ἐπιστήμης που ἕξιν φασὶν αὐτὸ εἶναι.

Θεαίτητος

ἀληθῆ.

Σωκράτης

ἡμεῖς τοίνυν σμικρὸν μεταθώμεθα καὶ εἵπωμεν ἐπιστήμης κτῆσιν.

Θεαίτητος

τί οὖν δὴ φήσεις τοῦτο ἐκείνου διαφέρειν;

Σωκράτης

ἴσως μὲν οὐδέν· ὁ δ' οὖν δοκεῖ ἀκούσας συνδοκίμαζε.

Θεαίτητος

ἐάνπερ γε οἷός τ' ᾧ.

Σωκράτης

οὐ τοίνυν μοι ταῦτόν φαίνεται τῷ κεκτηῖσθαι τὸ ἔχειν. οἷον ἱμάτιον
πριάμενός τις καὶ ἐγκρατὴς ὢν μὴ φορῶν, ἔχειν μὲν οὐκ ἂν αὐτόν
αὐτό, κεκτηῖσθαι γε μὴν φαῖμεν.

Θεαίτητος

ὀρθῶς γε.

[197c] Σωκράτης

ὄρα δὴ καὶ ἐπιστήμην εἰ δυνατόν οὕτω κεκτημένον μὴ ἔχειν, ἀλλ'
ὥσπερ εἴ τις ὄρνιθας ἀγρίας, περιστερὰς ἢ τι ἄλλο, θηρεύσας οἴκοι
κατασκευασάμενος περιστερεῶνα τρέφοι, τρόπον μὲν [γάρ] ἂν πού
τινα φαῖμεν αὐτόν αὐτὰς ἀεὶ ἔχειν, ὅτι δὴ κέκτηται. ἦ γάρ;

Θεαίτητος

ναί.

Σωκράτης

τρόπον δέ γ' ἄλλον οὐδεμίαν ἔχειν, ἀλλὰ δύναμιν μὲν αὐτῷ περὶ αὐτάς παραγεγονέναι, ἐπειδὴ ἐν οἰκείῳ περιβόλῳ ὑποχειρίους ἐποίησατο, λαβεῖν καὶ σχεῖν ἐπειδὴν [197d] βούληται, θηρευσαμένῳ ἦν ἂν ἀεὶ ἐθέλῃ, καὶ πάλιν ἀφιέναι, καὶ τοῦτο ἐξεῖναι ποιεῖν ὅποσάκις ἂν δοκῇ αὐτῷ.

Θεαίτητος

ἔστι ταῦτα.

Σωκράτης

πάλιν δὴ, ὥσπερ ἐν τοῖς πρόσθεν κήρινόν τι ἐν ταῖς ψυχαῖς κατεσκευάζομεν οὐκ οἶδ' ὅτι πλάσμα, νῦν αὖ ἐν ἐκάστη ψυχῇ ποιήσωμεν περιστερεῶνά τινα παντοδαπῶν ὀρνίθων, τὰς μὲν κατ' ἀγέλας οὐσας χωρὶς τῶν ἄλλων, τὰς δὲ κατ' ὀλίγας, ἐνίας δὲ μόνας διὰ πασῶν ὅπῃ ἂν τύχωσι πετομένας.

[197e] Θεαίτητος

πεποιήσθω δὴ. ἀλλὰ τί τοῦντεῦθεν;

Σωκράτης

παιδίων μὲν ὄντων φάναι χρὴ εἶναι τοῦτο τὸ ἀγγεῖον κενόν, ἀντὶ δὲ τῶν ὀρνίθων ἐπιστήμας νοῆσαι: ἦν δ' ἂν ἐπιστήμην κτησάμενος καθείρξῃ εἰς τὸν περίβολον, φάναι αὐτὸν μεμαθηκέναι ἢ ηὔρηκέναι τὸ πρᾶγμα οὗ ἦν αὕτη ἡ ἐπιστήμη, καὶ τὸ ἐπίστασθαι τοῦτ' εἶναι.

Θεαίτητος

ἔστω.

[198a] Σωκράτης

τὸ τοίνυν πάλιν ἦν ἂν βούληται τῶν ἐπιστημῶν θηρεύειν καὶ λαβόντα ἴσχειν καὶ αὖθις ἀφιέναι σκόπει τίνων δεῖται ὀνομάτων, εἴτε τῶν αὐτῶν ὧν τὸ πρῶτον ὅτε ἐκτᾶτο εἴτε ἐτέρων. μαθήσῃ δ' ἐνθένδε σαφέστερον τί λέγω. ἀριθμητικὴν μὲν γὰρ λέγεις τέχνην;

Θεαίτητος

ναί.

Σωκράτης

ταύτην δὴ ὑπόλαβε θήραν ἐπιστημῶν ἀρτίου τε καὶ περιττοῦ παντός.

Θεαίτητος

ὑπολαμβάνω.

Σωκράτης

ταύτη δὴ οἶμαι τῇ τέχνῃ αὐτός τε ὑποχειρίους τὰς [198b] ἐπιστήμας τῶν ἀριθμῶν ἔχει καὶ ἄλλω παραδίδωσιν ὁ παραδιδούς.

Θεαίτητος

ναί.

Σωκράτης

καὶ καλοῦμέν γε παραδιδόντα μὲν διδάσκειν, παραλαμβάνοντα δὲ μανθάνειν, ἔχοντα δὲ δὴ τῷ κεκτῆσθαι ἐν τῷ περιστερεῶνι ἐκείνῳ ἐπίστασθαι.

Θεαίτητος

πάνυ μὲν οὖν.

Σωκράτης

τῷ δὲ δὴ ἐντεῦθεν ἤδη πρόσσχες τὸν νοῦν. ἀριθμητικὸς γὰρ ὢν τελέως ἄλλο τι πάντας ἀριθμοὺς ἐπίσταται; πάντων γὰρ ἀριθμῶν εἰσιν αὐτῷ ἐν τῇ ψυχῇ ἐπιστῆμαι.

Θεαίτητος

τί μήν;

[198c] Σωκράτης

ἢ οὖν ὁ τοιοῦτος ἀριθμοὶ ἂν ποτέ τι ἢ αὐτὸς πρὸς αὐτὸν αὐτὰ ἢ ἄλλο τι τῶν ἔξω ὅσα ἔχει ἀριθμόν;

Θεαίτητος

πῶς γὰρ οὔ;

Σωκράτης

τὸ δὲ ἀριθμεῖν γε οὐκ ἄλλο τι θήσομεν τοῦ σκοπεῖσθαι πόσος τις ἀριθμὸς τυγχάνει ὧν.

Θεαίτητος

οὕτως.

Σωκράτης

ὁ ἄρα ἐπίσταται, σκοπούμενος φαίνεται ὡς οὐκ εἰδώς, ὃν ὁμολογήκαμεν ἅπαντα ἀριθμὸν εἰδέναι. ἀκούεις γάρ που τὰς τοιαύτας ἀμφισβητήσεις.

Θεαίτητος

ἔγωγε.

[198d] Σωκράτης

οὐκοῦν ἡμεῖς ἀπεικάζοντες τῇ τῶν περιστερῶν κτήσει τε καὶ θήρᾳ ἐροῦμεν ὅτι διττὴ ἦν ἡ θήρα, ἡ μὲν πρὶν ἐκτῆσθαι τοῦ κεκτῆσθαι ἔνεκα, ἡ δὲ κεκτημένῳ τοῦ λαβεῖν καὶ ἔχειν ἐν ταῖς χερσὶν ἂ πάλαι ἐκέκτητο. οὕτως δὲ καὶ ὧν πάλαι ἐπιστῆμαι ἦσαν αὐτῷ μαθόντι καὶ ἠπίστατο αὐτά, πάλιν ἔστι καταμανθάνειν ταῦτα ταῦτα ἀναλαμβάνοντα τὴν ἐπιστήμην ἐκάστου καὶ ἴσχοντα, ἣν ἐκέκτητο μὲν πάλαι, πρόχειρον δ' οὐκ εἶχε τῇ διανοίᾳ;

Θεαίτητος

ἀληθῆ.

[198e] Σωκράτης

τοῦτο δὴ ἄρτι ἡρώτων, ὅπως χρηὶ τοῖς ὀνόμασι χρώμενον λέγειν περὶ αὐτῶν, ὅταν ἀριθμήσων ἢ ὁ ἀριθμητικὸς ἢ τι ἀναγνωσόμενος ὁ γραμματικὸς, ὥς ἐπιστάμενος ἄρα ἐν τῷ τοιούτῳ πάλιν ἔρχεται μαθησόμενος παρ' ἑαυτοῦ ἃ ἐπίσταται;

Θεαίτητος

ἀλλ' ἄτοπον, ὦ Σώκρατες.

Σωκράτης

ἀλλ' ἃ οὐκ ἐπίσταται φῶμεν αὐτὸν ἀναγνώσεσθαι [199a] καὶ ἀριθμήσειν, δεδοκότες αὐτῷ πάντα μὲν γράμματα πάντα δὲ ἀριθμὸν ἐπίστασθαι;

Θεαίτητος

ἀλλὰ καὶ τοῦτ' ἄλογον.

Σωκράτης

βούλει οὖν λέγωμεν ὅτι τῶν μὲν ὀνομάτων οὐδὲν ἡμῖν μέλει, ὅπη τις χαίρει ἔλκων τὸ ἐπίστασθαι καὶ μανθάνειν, ἐπειδὴ δὲ ὠρισάμεθα ἕτερον μὲν τι τὸ κεκτῆσθαι τὴν ἐπιστήμην, ἕτερον δὲ τὸ ἔχειν, ὃ μὲν τις ἔκτηται μὴ κεκτῆσθαι ἀδύνατόν φαμεν εἶναι, ὥστε οὐδέποτε συμβαίνει ὃ τις οἶδεν μὴ εἰδέναι, ψευδῇ μέντοι δόξαν οἶόν τ' εἶναι περὶ αὐτοῦ λαβεῖν; [199b] μὴ γὰρ ἔχειν τὴν ἐπιστήμην τούτου οἶόν τε, ἀλλ' ἐτέραν ἀντ' ἐκείνης, ὅταν θηρεύων τινὰ πού ποτ' ἐπιστήμην διαπετομένων ἀνθ' ἐτέρας ἐτέραν ἀμαρτῶν λάβῃ, τότε ἄρα τὰ ἔνδεκα δώδεκα ᾠήθη εἶναι, τὴν τῶν ἔνδεκα ἐπιστήμην ἀντὶ τῆς τῶν δώδεκα λαβὼν τὴν ἐν ἑαυτῷ οἶον φάτταν ἀντὶ περιστεραῖς.

Θεαίτητος

ἔχει γὰρ οὖν λόγον.

Σωκράτης

ὅταν δέ γε ἦν ἐπιχειρεῖ λαβεῖν λάβη, ἀψευδεῖν τε καὶ τὰ ὄντα δοξάζειν τότε, καὶ οὕτω δὴ εἶναι ἀληθῆ τε καὶ [199c] ψευδῆ δόξαν, καὶ ὧν ἐν τοῖς πρόσθεν ἐδυσχεραίνομεν οὐδὲν ἐμποδὼν γίγνεσθαι; ἴσως οὖν μοι συμφήσεις; ἢ πῶς ποιήσεις;

Θεαίτητος

οὕτως.

Σωκράτης

καὶ γὰρ τοῦ μὲν ἃ ἐπίστανται μὴ ἐπίστασθαι ἀπηλλάγμεθα: ἃ γὰρ κεκτήμεθα μὴ κεκτήσθαι οὐδαμοῦ ἔτι συμβαίνει, οὔτε ψευσθεῖσί τινος οὔτε μή. δεινότερον μέντοι πάθος ἄλλο παραφαίνεσθαι μοι δοκεῖ.

Θεαίτητος

τὸ ποῖον;

Σωκράτης

εἰ ἢ τῶν ἐπιστημῶν μεταλλαγὴ ψευδὴς γενήσεται ποτε δόξα.

Θεαίτητος

πῶς δὴ;

[199d] Σωκράτης

πρῶτον μὲν τό τινας ἔχοντα ἐπιστήμην τοῦτο αὐτὸ ἀγνοεῖν, μὴ ἀγνωμοσύνη ἀλλὰ τῇ ἑαυτοῦ ἐπιστήμῃ: ἔπειτα ἕτερον αὖ τοῦτο δοξάζειν, τὸ δ' ἕτερον τοῦτο, πῶς οὐ πολλὰ ἀλογία, ἐπιστήμης παραγενομένης γινῶναι μὲν τὴν ψυχὴν μηδέν, ἀγνοῆσαι δὲ πάντα; ἐκ γὰρ τούτου τοῦ λόγου κωλύει οὐδὲν καὶ ἄγνοιαν παραγενομένην γινῶναι τι ποιῆσαι καὶ τυφλότητα ἰδεῖν, εἴπερ καὶ ἐπιστήμη ἀγνοῆσαί ποτέ τινα ποιήσει.

[199e] Θεαίτητος

ἴσως γάρ, ὦ Σώκρατες, οὐ καλῶς τὰς ὀρνιθας ἐτίθεμεν ἐπιστήμας μόνον τιθέντες, ἔδει δὲ καὶ ἀνεπιστημοσύνας τιθέναι ὁμοῦ συνδιαπετομένας ἐν τῇ ψυχῇ, καὶ τὸν θηρεύοντα τοτὲ μὲν ἐπιστήμην λαμβάνοντα, τοτὲ δ' ἀνεπιστημοσύνην τοῦ αὐτοῦ περὶ ψευδῆ μὲν δοξάζειν τῇ ἀνεπιστημοσύνῃ, ἀληθῆ δὲ τῇ ἐπιστήμῃ.

Σωκράτης

οὐ ῥᾶδιδόν γε, ὦ Θεαίτητε, μὴ ἐπαινεῖν σε: ὁ μέντοι εἶπες πάλιν ἐπίσκεισαι. ἔστω μὲν γὰρ ὡς λέγεις: ὁ δὲ δὴ τὴν [200a] ἀνεπιστημοσύνην λαβὼν ψευδῆ μὲν, φῆς, δοξάσει. ἦ γάρ;

Θεαίτητος

ναί.

Σωκράτης

οὐ δῆπου καὶ ἡγήσεται γε ψευδῇ δοξάζειν.

Θεαίτητος

πῶς γάρ;

Σωκράτης

ἀλλ' ἀληθῆ γε, καὶ ὥς εἰδὼς διακείσεται περὶ ὧν ἔψευσται.

Θεαίτητος

τί μήν;

Σωκράτης

ἐπιστήμην ἄρα οἰήσεται τεθηρευκῶς ἔχειν ἀλλ' οὐκ ἀνεπιστημοσύνην.

Θεαίτητος

δῆλον.

Σωκράτης

οὐκοῦν μακρὰν περιελθόντες πάλιν ἐπὶ τὴν πρώτην πάρεσμεν ἀπορίαν. ὁ γὰρ ἐλεγκτικὸς ἐκεῖνος γελάσας φήσει: [200b] “πότερον,” ὦ βέλτιστοι, “ἀμφοτέρας τις εἰδὼς, ἐπιστήμην τε καὶ ἀνεπιστημοσύνην, ἣν οἶδεν, ἐτέραν αὐτὴν οἶεται τινα εἶναι ὧν οἶδεν; ἢ οὐδετέραν [αὐτὴν] εἰδὼς, ἣν μὴ οἶδε, δοξάζει ἐτέραν ὧν οὐκ οἶδεν;

ἢ τὴν μὲν εἰδώς, τὴν δ' οὐ, ἢν οἶδεν, ἢν μὴ οἶδεν; ἢ ἢν μὴ οἶδεν, ἢν οἶδεν ἡγεῖται; ἢ πάλιν αὖ μοι ἐρεῖτε ὅτι τῶν ἐπιστημῶν καὶ ἀνεπιστημοσυνῶν εἰσὶν αὖ ἐπιστῆμαι, ἃς ὁ κεκτημένος ἐν ἑτέροις τισὶ γελοίοις [200c] περιστρεῶσιν ἢ κηρίνοις πλάσμασι καθείρξας, ἕωσπερ ἂν κεκτῇται ἐπίσταται, καὶ ἐὰν μὴ προχείρους ἔχη ἐν τῇ ψυχῇ; καὶ οὕτω δὴ ἀναγκασθήσεσθε εἰς ταὐτὸν περιτρέχειν μυριάκις οὐδὲν πλέον ποιοῦντες;" τί πρὸς ταῦτα, ὦ Θεαίτητε, ἀποκρινόμεθα;

Θεαίτητος

ἀλλὰ μὰ Δί', ὦ Σώκρατες, ἔγωγε οὐκ ἔχω τί χρὴ λέγειν.

Σωκράτης

ἄρ' οὖν ἡμῖν, ὦ παῖ, καλῶς ὁ λόγος ἐπιπλήττει καὶ ἐνδείκνυται ὅτι οὐκ ὀρθῶς ψευδῇ δόξαν προτέραν ζητοῦμεν [200d] ἐπιστήμης, ἐκείνην ἀφέντες; τὸ δ' ἐστὶν ἀδύνατον γινῶναι πρὶν ἂν τις ἐπιστήμην ἱκανῶς λάβῃ τί ποτ' ἐστίν.

Θεαίτητος

ἀνάγκη, ὦ Σώκρατες, ἐν τῷ παρόντι ὥς λέγεις οἶεσθαι.

Σωκράτης

τί οὖν τις ἐρεῖ πάλιν ἐξ ἀρχῆς ἐπιστήμην; οὐ γάρ που ἀπεροῦμέν γε πω;

Θεαίτητος

ἥκιστα, ἐάνπερ μὴ σύ γε ἀπαγορεύῃς.

Σωκράτης

λέγε δῆ, τί ἂν αὐτὸ μάλιστα εἰπόντες ἦκιστ' ἂν ἡμῖν αὐτοῖς ἐναντιωθεῖμεν;

[200e] Θεαίτητος

ὅπερ ἐπεχειροῦμεν, ὃ Σώκρατες, ἐν τῷ πρόσθεν: οὐ γὰρ ἔχω ἔγωγε ἄλλο οὐδέν.

Σωκράτης

τὸ ποῖον;

Θεαίτητος

τὴν ἀληθῆ δόξαν ἐπιστήμην εἶναι. ἀναμάρτητόν γέ πού ἐστιν τὸ δοξάζειν ἀληθῆ, καὶ τὰ ὑπ' αὐτοῦ γιγνόμενα πάντα καλὰ καὶ ἀγαθὰ γίγνεται.

Σωκράτης

ὁ τὸν ποταμὸν καθηγούμενος, ὃ Θεαίτητε, ἔφη ἄρα δείξειν αὐτό: καὶ τοῦτο ἐὰν ἰόντες ἐρευνῶμεν, τάχ' ἂν [201a] ἐμπόδιον γενόμενον αὐτὸ φήνειεν τὸ ζητούμενον, μένουσι δὲ δῆλον οὐδέν.

Θεαίτητος

ὀρθῶς λέγεις: ἀλλ' ἴωμέν γε καὶ σκοπῶμεν.

Σωκράτης

οὐκοῦν τοῦτό γε βραχείας σκέψεως· τέχνη γάρ σοι ὅλη σημαίνει μὴ εἶναι ἐπιστήμην αὐτό.

Θεαίτητος

πῶς δὴ; καὶ τίς αὕτη;

Σωκράτης

ἢ τῶν μεγίστων εἰς σοφίαν, οὓς δὴ καλοῦσιν ῥήτοράς τε καὶ δικανικούς. οὗτοι γάρ που τῇ ἐαυτῶν τέχνῃ πείθουσιν οὐ διδάσκοντες ἀλλὰ δοξάζειν ποιοῦντες ἃ ἂν βούλωνται. ἢ σὺ οἶε δεινούς τινας οὕτω διδασκάλους εἶναι, [201b] ὥστε οἷς μὴ παρεγένοντό τινες ἀποστερουμένοις χρήματα ἢ τι ἄλλο βιαζομένοις, τούτοις δύνασθαι πρὸς ὕδωρ σμικρὸν διδάξαι ἱκανῶς τῶν γενομένων τὴν ἀλήθειαν;

Θεαίτητος

οὐδαμῶς ἔγωγε οἶμαι, ἀλλὰ πεῖσαι μέν.

Σωκράτης

τὸ πεῖσαι δ' οὐχὶ δοξάσαι λέγεις ποιῆσαι;

Θεαίτητος

τί μήν;

Σωκράτης

οὐκοῦν ὅταν δικαίως πεισθῶσιν δικασταὶ περὶ ὧν ἰδόντι μόνον ἔστιν εἰδέναι, ἄλλως δὲ μή, ταῦτα τότε ἐξ [201c] ἀκοῆς κρίνοντες, ἀληθῆ δόξαν λαβόντες, ἄνευ ἐπιστήμης ἔκριναν, ὀρθὰ πεισθέντες, εἴπερ εὖ ἐδίκασαν;

Θεαίτητος

παντάπασι μὲν οὖν.

Σωκράτης

οὐκ ἄν, ὦ φίλε, εἴ γε ταῦτόν ἦν δόξα τε ἀληθὴς †καὶ δικαστήρια† καὶ ἐπιστήμη, ὀρθὰ ποτ' ἂν δικαστὴς ἄκρος ἐδόξαζεν ἄνευ ἐπιστήμης: νῦν δὲ ἔοικεν ἄλλο τι ἐκότερον εἶναι.

Θεαίτητος

ὁ γε ἐγώ, ὦ Σώκρατες, εἰπόντος τοῦ ἀκούσας ἐπελελήσμεν, νῦν δ' ἐννοῶ: ἔφη δὲ τὴν μὲν μετὰ λόγου [201d] ἀληθῆ δόξαν ἐπιστήμην εἶναι, τὴν δὲ ἄλογον ἐκτὸς ἐπιστήμης: καὶ ὧν μὲν μή ἐστι λόγος, οὐκ ἐπισητὰ εἶναι, οὕτωςι καὶ ὀνομάζων, ἃ δ' ἔχει, ἐπισητά.

Σωκράτης

ἦ καλῶς λέγεις. τὰ δὲ δὴ ἐπισητὰ ταῦτα καὶ μὴ πῇ διήρει, λέγε, εἰ ἄρα κατὰ ταῦτα σύ τε κἀγὼ ἀκηκόαμεν.

Θεαίτητος

ἀλλ' οὐκ οἶδα εἰ ἐξευρήσω: λέγοντος μεντὰν ἐτέρου, ὥς ἐγὼμαι, ἀκολουθήσαιμ' ἄν.

Σωκράτης

ἄκουε δὴ ὄναρ ἀντὶ ὀνείρατος. ἐγὼ γὰρ αὖ ἐδόκουν [201e] ἀκούειν τινῶν ὅτι τὰ μὲν πρῶτα οἶονπερὶ στοιχεῖα, ἐξ ὧν ἡμεῖς τε συγκείμεθα καὶ τᾶλλα, λόγον οὐκ ἔχει. αὐτὸ γὰρ καθ' αὐτὸ ἕκαστον ὀνομάσαι μόνον εἶη, προσειπεῖν δὲ οὐδὲν ἄλλο δυνατόν, οὔθ' ὥς ἔστιν, οὔθ' ὥς οὐκ ἔστιν: ἤδη γὰρ [202a] ἂν οὐσίαν ἢ μὴ οὐσίαν αὐτῷ προστίθεσθαι, δεῖν δὲ οὐδὲν προσφέρειν, εἴπερ αὐτὸ ἐκεῖνο μόνον τις ἐρεῖ. ἐπεὶ οὐδὲ τὸ “αὐτὸ” οὐδὲ τὸ “ἐκεῖνο” οὐδὲ τὸ “ἕκαστον” οὐδὲ τὸ “μόνον” οὐδὲ “τοῦτο” προσοιστέον οὐδ' ἄλλα πολλὰ τοιαῦτα: ταῦτα μὲν γὰρ περιτρέχοντα πᾶσι προσφέρεσθαι, ἕτερα ὄντα ἐκείνων οἷς προστίθεται, δεῖν δέ, εἴπερ ἦν δυνατόν αὐτὸ λέγεσθαι καὶ εἶχεν οἰκεῖον αὐτοῦ λόγον, ἄνευ τῶν ἄλλων ἀπάντων λέγεσθαι. νῦν δὲ ἀδύνατον εἶναι [202b] ὅτιοῦν τῶν πρώτων ῥηθῆναι λόγῳ: οὐ γὰρ εἶναι αὐτῷ ἀλλ' ἢ ὀνομάζεσθαι μόνον — ὄνομα γὰρ μόνον ἔχειν — τὰ δὲ ἐκ τούτων ἤδη συγκείμενα, ὥσπερ αὐτὰ πέπλεκται, οὕτω καὶ τὰ ὀνόματα αὐτῶν συμπλακέντα λόγον γεγονέναι: ὀνομάτων γὰρ συμπλοκὴν εἶναι λόγου οὐσίαν. οὕτω δὴ τὰ μὲν στοιχεῖα ἄλογα καὶ ἄγνωστα εἶναι, αἰσθητὰ δέ: τὰς δὲ συλλαβὰς γνωστάς τε καὶ ῥητὰς καὶ ἀληθεῖ δόξῃ δοξαστάς. ὅταν μὲν οὖν ἄνευ λόγου τὴν ἀληθεῖ δόξαν τινός τις λάβῃ, [202c] ἀληθεύειν μὲν αὐτοῦ τὴν ψυχὴν περὶ αὐτό, γινώσκειν δ' οὐ: τὸν γὰρ μὴ δυνάμενον δοῦναί τε καὶ δέξασθαι λόγον ἀνεπιστήμονα εἶναι περὶ τούτου: προσλαβόντα δὲ λόγον δυνατόν τε ταῦτα πάντα γεγονέναι καὶ τελείως πρὸς ἐπιστήμην ἔχειν. οὕτως σὺ τὸ ἐνύπνιον ἢ ἄλλως ἀκήκοας;

Θεαίτητος

οὕτω μὲν οὖν παντάπασιν.

Σωκράτης

ἀρέσκει οὖν σε καὶ τίθεσαι ταύτη, δόξαν ἀληθεῖ μετὰ λόγου ἐπιστήμην εἶναι;

Θεαίτητος

κομιδῇ μὲν οὖν.

[202d] Σωκράτης

ἄρ', ὦ Θεαίτητε, νῦν οὕτω τῇδε τῇ ἡμέρᾳ εἰλήφαμεν ὃ πάλαι καὶ πολλοὶ τῶν σοφῶν ζητοῦντες πρὶν εὐρεῖν κατεγήρασαν;

Θεαίτητος

ἐμοὶ γοῦν δοκεῖ, ὦ Σώκρατες, καλῶς λέγεσθαι τὸ νῦν ῥηθέν.

Σωκράτης

καὶ εἰκός γε αὐτὸ τοῦτο οὕτως ἔχειν: τίς γὰρ ἂν καὶ ἔτι ἐπιστήμη εἴη χωρὶς τοῦ λόγου τε καὶ ὀρθῆς δόξης; ἐν μέντοι τί με τῶν ῥηθέντων ἀπαρέσκει.

Θεαίτητος

τὸ ποῖον δὴ;

Σωκράτης

ὃ καὶ δοκεῖ λέγεσθαι κομψότατα, ὥς τὰ μὲν [202e] στοιχεῖα ἄγνωστα, τὸ δὲ τῶν συλλαβῶν γένος γνωστόν.

Θεαίτητος

οὐκοῦν ὀρθῶς;

Σωκράτης

ιστέον δὴ: ὥσπερ γὰρ ὁμήρους ἔχομεν τοῦ λόγου τὰ παραδείγματα
οἷς χρώμενος εἶπε πάντα ταῦτα.

Θεαίτητος

ποῖα δὴ;

Σωκράτης

τὰ τῶν γραμμάτων στοιχεῖά τε καὶ συλλαβάς. ἢ οἶει ἄλλοσέ ποι
βλέποντα ταῦτα εἰπεῖν τὸν εἰπόντα ἃ λέγομεν;

Θεαίτητος

οὐκ, ἀλλ' εἰς ταῦτα.

[203a] Σωκράτης

βασανίζωμεν δὴ αὐτὰ ἀναλαμβάνοντες, μᾶλλον δὲ ἡμᾶς αὐτοὺς,
οὕτως ἢ οὐχ οὕτως γράμματα ἐμάθομεν. φέρε πρῶτον: ἄρ' αἱ μὲν
συλλαβαὶ λόγον ἔχουσι, τὰ δὲ στοιχεῖα ἄλογα;

Θεαίτητος

ἴσως.

Σωκράτης

πάνυ μὲν οὖν καὶ ἐμοὶ φαίνεται. Σωκράτους γοῦν εἴ τις ἔροιτο τὴν
πρώτην συλλαβὴν οὕτωςί: “ὦ Θεαίτητε, λέγε τί ἐστὶ ΣΩ”; τί
ἀποκρινῇ;

Θεαίτητος

ὅτι σῖγμα καὶ ὦ.

Σωκράτης

οὐκοῦν τοῦτον ἔχεις λόγον τῆς συλλαβῆς;

Θεαίτητος

ἔγωγε.

[203b] Σωκράτης

ἴθι δὴ, οὕτως εἰπὲ καὶ τὸν τοῦ σῖγμα λόγον.

Θεαίτητος

καὶ πῶς τοῦ στοιχείου τις ἐρεῖ στοιχεῖα; καὶ γὰρ δὴ, ὦ Σώκρατες, τό
τε σῖγμα τῶν ἀφώνων ἐστί, ψόφος τις μόνον, οἷον συριπτούσης τῆς
γλώττης: τοῦ δ’ αὖ βῆτα οὔτε φωνὴ οὔτε ψόφος, οὐδὲ τῶν πλείστων
στοιχείων. ὥστε πάνυ εὖ ἔχει τὸ λέγεσθαι αὐτὰ ἄλογα, ὧν γε τὰ
ἐναργέστατα αὐτὰ τὰ ἐπτὰ φωνὴν μόνον ἔχει, λόγον δὲ οὐδ’
ὄντινοῦν.

Σωκράτης

τουτί μὲν ἄρα, ὦ ἑταῖρε, κατωρθώκαμεν περὶ ἐπιστήμης.

Θεαίτητος

φαινόμεθα.

[203c] Σωκράτης

τί δέ; τὸ μὴ γνωστὸν εἶναι τὸ στοιχεῖον ἀλλὰ τὴν συλλαβὴν ἄρ' ὀρθῶς ἀποδεδείγμεθα;

Θεαίτητος

εἰκός γε.

Σωκράτης

φέρε δὴ, τὴν συλλαβὴν πότερον λέγομεν τὰ ἀμφοτέρω στοιχεῖα, καὶ ἐὰν πλείω ἢ ἢ δύο, τὰ πάντα, ἢ μίαν τινὰ ιδέαν γεγονυῖαν συντεθέντων αὐτῶν;

Θεαίτητος

τὰ ἅπαντα ἔμοιγε δοκοῦμεν.

Σωκράτης

ὄρα δὴ ἐπὶ δυοῖν, σῖγμα καὶ ὦ. ἀμφοτέρω ἐστὶν ἡ πρώτη συλλαβὴ τοῦ ἑμοῦ ὀνόματος. ἄλλο τι ὃ γινώσκων αὐτὴν τὰ ἀμφοτέρω γινώσκει;

[203d] Θεαίτητος

τί μήν;

Σωκράτης

τὸ σῆγμα καὶ τὸ ὧ ἄρα γινώσκει.

Θεαίτητος

ναί.

Σωκράτης

τί δ’; ἐκάτερον ἄρ’ ἀγνοεῖ καὶ οὐδέτερον εἰδὼς ἀμφοτέρω γινώσκει;

Θεαίτητος

ἀλλὰ δεινὸν καὶ ἄλογον, ὧ Σώκρατες.

Σωκράτης

ἀλλὰ μέντοι εἴ γε ἀνάγκη ἐκάτερον γινώσκειν, εἴπερ ἀμφοτέρω τις γινώσεται, προγινώσκειν τὰ στοιχεῖα ἅπαντα ἀνάγκη τῷ μέλλοντί ποτε γινώσεσθαι συλλαβὴν, καὶ οὕτως ἡμῖν ὁ καλὸς λόγος ἀποδεδρακὼς οἰχίσεται.

[203e] Θεαίτητος

καὶ μάλα γε ἐξαίφνης.

Σωκράτης

οὐ γὰρ καλῶς αὐτὸν φυλάττομεν. χρῆν γὰρ ἴσως τὴν συλλαβὴν τίθεσθαι μὴ τὰ στοιχεῖα ἀλλ' ἐξ ἐκείνων ἓν τι γεγονὸς εἶδος, ἰδέαν μίαν αὐτὸ αὐτοῦ ἔχον, ἕτερον δὲ τῶν στοιχείων.

Θεαίτητος

πάνυ μὲν οὖν· καὶ τάχα γ' ἂν μᾶλλον οὕτως ἢ 'κείνως ἔχοι.

Σωκράτης

σκεπτέον καὶ οὐ προδοτέον οὕτως ἀνάνδρως μέγαν τε καὶ σεμνὸν λόγον.

Θεαίτητος

οὐ γὰρ οὖν.

[204a] Σωκράτης

ἐχέτω δὴ ὥς νῦν φαμεν, μία ἰδέα ἐξ ἐκάστων τῶν συναρμοττόντων στοιχείων γιγνομένη ἢ συλλαβή, ὁμοίως ἓν τε γράμμασι καὶ ἐν τοῖς ἄλλοις ἅπασι.

Θεαίτητος

πάνυ μὲν οὖν.

Σωκράτης

οὐκοῦν μέρη αὐτῆς οὐ δεῖ εἶναι.

Θεαίτητος

τί δή;

Σωκράτης

ὅτι οὐ ἂν ἦ μέρη, τὸ ὅλον ἀνάγκη τὰ πάντα μέρη εἶναι. ἢ καὶ τὸ ὅλον ἐκ τῶν μερῶν λέγεις γεγονὸς ἐν τι εἶδος ἕτερον τῶν πάντων μερῶν;

Θεαίτητος

ἔγωγε.

Σωκράτης

τὸ δὲ δὴ πᾶν καὶ τὸ ὅλον πότερον ταυτὸν καλεῖς ἢ [204b] ἕτερον ἐκότερον;

Θεαίτητος

ἔχω μὲν οὐδὲν σαφές, ὅτι δὲ κελεύεις προθύμως ἀποκρίνασθαι, παρακινδυνεύων λέγω ὅτι ἕτερον.

Σωκράτης

ἢ μὲν προθυμία, ὦ Θεαίτητε, ὀρθή: εἰ δὲ καὶ ἡ ἀπόκρισις, σκεπτέον.

Θεαίτητος

δεῖ γε δή.

Σωκράτης

οὐκοῦν διαφέρει ἂν τὸ ὅλον τοῦ παντός, ὡς ὁ νῦν λόγος;

Θεαίτητος

ναί.

Σωκράτης

τί δὲ δή; τὰ πάντα καὶ τὸ πᾶν ἔσθ' ὅτι διαφέρει; οἷον ἐπειδὴν λέγωμεν ἓν, δύο, τρία, τέτταρα, πέντε, ἕξ, καὶ [204c] ἐὰν δις τρία ἢ τρις δύο ἢ τέτταρά τε καὶ δύο ἢ τρία καὶ δύο καὶ ἓν, πότερον ἐν πᾶσι τούτοις τὸ αὐτὸ ἢ ἕτερον λέγομεν;

Θεαίτητος

τὸ αὐτό.

Σωκράτης

ἄρ' ἄλλο τι ἢ ἕξ;

Θεαίτητος

οὐδέν.

Σωκράτης

οὐκοῦν ἐφ’ ἐκάστης λέξεως πάντα ἔξ ειρήκαμεν;

Θεαίτητος

ναί.

Σωκράτης

πᾶν δ’ οὐδὲν λέγομεν τὰ πάντα λέγοντες;

Θεαίτητος

ἀνάγκη.

Σωκράτης

ἢ ἄλλο τι ἢ τὰ ἔξ;

Θεαίτητος

οὐδέν.

[204d] Σωκράτης

ταὐτὸν ἄρα ἔν γε τοῖς ὅσα ἔξ ἀριθμοῦ ἐστι τό τε πᾶν
προσαγορεύομεν καὶ τὰ ἅπαντα;

Θεαίτητος

φαίνεται.

Σωκράτης

ὥδε δὴ περὶ αὐτῶν λέγωμεν. ὁ τοῦ πλέθρου ἀριθμὸς καὶ τὸ πλέθρον
ταυτόν: ἢ γάρ;

Θεαίτητος

ναί.

Σωκράτης

καὶ ὁ τοῦ σταδίου δὴ ὡσαύτως.

Θεαίτητος

ναί.

Σωκράτης

καὶ μὴν καὶ ὁ τοῦ στρατοπέδου γε καὶ τὸ στρατόπεδον, καὶ πάντα τὰ
τοιαῦτα ὁμοίως; ὁ γὰρ ἀριθμὸς πᾶς τὸ ὄν πᾶν ἕκαστον αὐτῶν ἐστίν.

Θεαίτητος

ναί.

[204e] Σωκράτης

ὁ δὲ ἐκάστων ἀριθμὸς μὲν ἄλλο τι ἢ μέρη ἐστίν;

Θεαίτητος

οὐδέν.

Σωκράτης

ὅσα ἄρα ἔχει μέρη, ἐκ μερῶν ἂν εἴη;

Θεαίτητος

φαίνεται.

Σωκράτης

τὰ δέ γε πάντα μέρη τὸ πᾶν εἶναι ὁμολόγηται, εἵπερ καὶ ὁ πᾶς ἀριθμὸς τὸ πᾶν ἔσται.

Θεαίτητος

οὕτως.

Σωκράτης

τὸ ὅλον ἄρ' οὐκ ἔστιν ἐκ μερῶν. πᾶν γὰρ ἂν εἴη τὰ πάντα ὄν μέρη.

Θεαίτητος

οὐκ ἔοικεν.

Σωκράτης

μέρος δ' ἔσθ' ὅτου ἄλλου ἐστὶν ὅπερ ἐστὶν ἢ τοῦ ὅλου;

Θεαίτητος

τοῦ παντός γε.

[205a] Σωκράτης

ἀνδρικῶς γε, ὦ Θεαίτητε, μάχη. τὸ πᾶν δὲ οὐχ ὅταν μηδὲν ἀπῇ, αὐτὸ τοῦτο πᾶν ἐστίν;

Θεαίτητος

ἀνάγκη.

Σωκράτης

ὅλον δὲ οὐ ταὐτὸν τοῦτο ἔσται, οὔ ἂν μηδαμῇ μηδὲν ἀποστατῇ; οὔ δ' ἂν ἀποστατῇ, οὔτε ὅλον οὔτε πᾶν, ἅμα γενόμενον ἐκ τοῦ αὐτοῦ τὸ αὐτό;

Θεαίτητος

δοκεῖ μοι νῦν οὐδὲν διαφέρειν πᾶν τε καὶ ὅλον.

Σωκράτης

οὐκοῦν ἐλέγομεν ὅτι οὔ ἂν μέρη ᾖ, τὸ ὅλον τε καὶ πᾶν τὰ πάντα μέρη ἔσται;

Θεαίτητος

πάνυ γε.

Σωκράτης

πάλιν δή, ὅπερ ἄρτι ἐπεχείρουν, οὐκ, εἴπερ ἡ [205b] συλλαβὴ μὴ τὰ στοιχεῖα ἐστίν, ἀνάγκη αὐτὴν μὴ ὡς μέρη ἔχειν ἐαυτῆς τὰ στοιχεῖα, ἢ ταὐτὸν οὖσαν αὐτοῖς ὁμοίως ἐκείνοις γνωστὴν εἶναι;

Θεαίτητος

οὕτως.

Σωκράτης

οὐκοῦν τοῦτο ἵνα μὴ γένηται, ἕτερον αὐτῶν αὐτὴν ἐθέμεθα;

Θεαίτητος

ναί.

Σωκράτης

τί δ’; εἰ μὴ τὰ στοιχεῖα συλλαβῆς μέρη ἐστίν, ἔχεις ἄλλ’ ἅττα εἰπεῖν ἃ μέρη μὲν ἐστὶ συλλαβῆς, οὐ μόντοι στοιχεῖα γ’ ἐκείνης;

Θεαίτητος

οὐδαμῶς. εἰ γάρ, ὦ Σώκρατες, μόρι’ ἅττ’ αὐτῆς συγχωροίην, γελοῖόν

που τὰ στοιχεῖα ἀφέντα ἐπ’ ἄλλα ἰέναι.

[205c] Σωκράτης

παντάπασι δῆ, ὦ Θεαίτητε, κατὰ τὸν νῦν λόγον μία τις ἰδέα ἀμέριστος συλλαβὴ ἂν εἴη.

Θεαίτητος

ἔοικεν.

Σωκράτης

μέμνησαι οὖν, ὦ φίλε, ὅτι ὀλίγον ἐν τῷ πρόσθεν ἀπεδεχόμεθα ἡγούμενοι εὖ λέγεσθαι ὅτι τῶν πρώτων οὐκ εἶη λόγος ἐξ ὧν τὰλλα σύγκειται, διότι αὐτὸ καθ’ αὐτὸ ἕκαστον εἶη ἀσύνθετον, καὶ οὐδὲ τὸ “εἶναι” περὶ αὐτοῦ ὀρθῶς ἔχοι προσφέροντα εἰπεῖν, οὐδὲ “τοῦτο,” ὥς ἕτερα καὶ ἀλλότρια λεγόμενα, καὶ αὕτη δὴ ἡ αἰτία ἄλογόν τε καὶ ἄγνωστον αὐτὸ ποιοῖ;

Θεαίτητος

μέμνημαι.

[205d] Σωκράτης

ἢ οὖν ἄλλη τις ἢ αὕτη ἡ αἰτία τοῦ μονοειδές τε καὶ ἀμέριστον αὐτὸ εἶναι; ἐγὼ μὲν γὰρ οὐχ ὁρῶ ἄλλην.

Θεαίτητος

οὐ γὰρ οὖν δὴ φαίνεται.

Σωκράτης

οὐκοῦν εἰς ταῦτόν ἐμπέπτωκεν ἡ συλλαβὴ εἶδος ἐκείνω, εἴπερ μέρη τε μὴ ἔχει καὶ μία ἐστὶν ἰδέα;

Θεαίτητος

παντάπασι μὲν οὖν.

Σωκράτης

εἰ μὲν ἄρα πολλὰ στοιχεῖα ἡ συλλαβὴ ἐστὶν καὶ ὅλον τι, μέρη δ' αὐτῆς ταῦτα, ὁμοίως αἷ τε συλλαβαὶ γνωσταὶ καὶ ῥηταὶ καὶ τὰ στοιχεῖα, ἐπείπερ τὰ πάντα μέρη τῷ ὅλῳ ταῦτόν ἐφάνη.

[205e] Θεαίτητος

καὶ μάλα.

Σωκράτης

εἰ δέ γε ἔν τε καὶ ἀμερές, ὁμοίως μὲν συλλαβή, ὡσαύτως δὲ στοιχεῖον ἄλογόν τε καὶ ἄγνωστον: ἡ γὰρ αὐτὴ αἰτία ποιήσει αὐτὰ τοιαῦτα.

Θεαίτητος

οὐκ ἔχω ἄλλως εἰπεῖν.

Σωκράτης

τοῦτο μὲν ἄρα μὴ ἀποδεχόμεθα, ὅς ἂν λέγῃ συλλαβὴν μὲν γνωστὸν καὶ ῥητόν, στοιχεῖον δὲ τὸνναντίον.

Θεαίτητος

μὴ γάρ, εἴπερ τῷ λόγῳ πειθόμεθα.

[206a] Σωκράτης

τί δ' αὖ; τὸνναντίον λέγοντος ἄρ' οὐ μᾶλλον ἂν ἀποδέξαιο ἐξ ὧν αὐτὸς σύννοισθα σανατῶ ἐν τῇ τῶν γραμμάτων μαθήσει;

Θεαίτητος

τὸ ποῖον;

Σωκράτης

ὥς οὐδὲν ἄλλο μανθάνων διετέλεσας ἢ τὰ στοιχεῖα ἐν τε τῇ ὄψει διαγιγνώσκειν πειρώμενος καὶ ἐν τῇ ἀκοῇ αὐτὸ καθ' αὐτὸ ἕκαστον, ἵνα μὴ ἡ θέσις σε ταράττοι λεγομένων τε καὶ γραφομένων.

Θεαίτητος

ἀληθέστατα λέγεις.

Σωκράτης

ἐν δὲ κιθαριστοῦ τελέως μεμαθηκέναι μὲν ἄλλο τι [206b] ἦν ἢ τὸ τῷ φθόγγῳ ἐκάστῳ δύνασθαι ἐπακολουθεῖν, ποίας χορδῆς εἶη: ἃ δὲ

στοιχεῖα πᾶς ἂν ὁμολογήσειε μουσικῆς λέγεσθαι;

Θεαίτητος

οὐδὲν ἄλλο.

Σωκράτης

ὦν μὲν ἄρ' αὐτοὶ ἔμπειροὶ ἐσμεν στοιχείων καὶ συλλαβῶν, εἰ δεῖ ἀπὸ τούτων τεκμαίρεσθαι καὶ εἰς τὰ ἄλλα, πολὺ τὸ τῶν στοιχείων γένος ἐναργεστέραν τε τὴν γνῶσιν ἔχειν φήσομεν καὶ κυριωτέραν τῆς συλλαβῆς πρὸς τὸ λαβεῖν τελέως ἕκαστον μάθημα, καὶ ἐάν τις φῇ συλλαβὴν μὲν γνωστόν, ἄγνωστον δὲ πεφυκέναι στοιχεῖον, ἐκόντα ἢ ἄκοντα παίζειν ἡγησόμεθ' αὐτόν.

Θεαίτητος

κομιδῇ μὲν οὖν.

[206c] Σωκράτης

ἀλλὰ δὴ τούτου μὲν ἔτι καὶ ἄλλαι φανεῖεν ἀποδείξεις, ὥς ἐμοὶ δοκεῖ: τὸ δὲ προκείμενον μὴ ἐπιλαθώμεθα δι' αὐτὰ ἰδεῖν, ὅτι δὴ ποτε καὶ λέγεται τὸ μετὰ δόξης ἀληθοῦς λόγον προσγενόμενον τὴν τελεωτάτην ἐπιστήμην γεγενέναι.

Θεαίτητος

οὐκοῦν χρή ὁρᾶν.

Σωκράτης

φέρει δὴ, τί ποτε βούλεται τὸν λόγον ἡμῖν σημαίνειν; τριῶν γὰρ ἓν τί μοι δοκεῖ λέγειν.

Θεαίτητος

τίνων δὴ;

[206d] Σωκράτης

τὸ μὲν πρῶτον εἶη ἂν τὸ τὴν αὐτοῦ διάνοιαν ἐμφανῆ ποιεῖν διὰ φωνῆς μετὰ ῥημάτων τε καὶ ὀνομάτων, ὥσπερ εἰς κάτοπτρον ἢ ὕδωρ τὴν δόξαν ἐκτυπούμενον εἰς τὴν διὰ τοῦ στόματος ῥοήν. ἢ οὐ δοκεῖ σοι τὸ τοιοῦτον λόγος εἶναι;

Θεαίτητος

ἔμοιγε. τὸν γοῦν αὐτὸ δρῶντα λέγειν φαμέν.

Σωκράτης

οὐκοῦν αὖ τοῦτό γε πᾶς ποιεῖν δυνατὸς θᾶπτον ἢ σχολαίτερον, τὸ ἐνδείξασθαι τί δοκεῖ περὶ ἐκάστου αὐτῷ, ὃ μὴ ἐνεδὸς ἢ κωφὸς ἀπ' ἀρχῆς; καὶ οὕτως ὅσοι τι ὀρθὸν [206e] δοξάζουσι, πάντες αὐτὸ μετὰ λόγου φανοῦνται ἔχοντες, καὶ οὐδαμοῦ ἔτι ὀρθὴ δόξα χωρὶς ἐπιστήμης γενήσεται.

Θεαίτητος

ἀληθῆ.

Σωκράτης

μη τοίνυν ραδίως καταγιγνώσκωμεν τὸ μηδὲν εἰρηκέναι τὸν ἀποφηνάμενον ἐπιστήμην ὃ νῦν σκοποῦμεν. ἴσως γὰρ ὁ λέγων οὐ τοῦτο ἔλεγεν, ἀλλὰ τὸ ἐρωτηθέντα τί ἕκαστον δυνατὸν εἶναι τὴν ἀπόκρισιν διὰ τῶν στοιχείων [207a] ἀποδοῦναι τῷ ἐρομένῳ.

Θεαίτητος

οἶον τί λέγεις, ὦ Σώκρατες;

Σωκράτης

οἶον καὶ Ἡσίοδος περὶ ἀμάξης λέγει τὸ “ἐκατὸν δέ τε δούραθ’ ἀμάξης.” ἃ ἐγὼ μὲν οὐκ ἂν δυναίμην εἰπεῖν, οἶμαι δὲ οὐδὲ σύ: ἀλλ’ ἀγαπῶμεν ἂν ἐρωτηθέντες ὅτι ἐστὶν ἄμαξα, εἰ ἔχοιμεν εἰπεῖν τροχοί, ἄξων, ὑπερτερία, ἄντυγες, ζυγόν.

Θεαίτητος

πάνυ μὲν οὔν.

Σωκράτης

ὁ δέ γε ἴσως οἶοιτ’ ἂν ἡμᾶς, ὥσπερ ἂν τὸ σὸν ὄνομα ἐρωτηθέντας καὶ ἀποκρινομένους κατὰ συλλαβήν, [207b] γελοίους εἶναι, ὀρθῶς μὲν δοξάζοντας καὶ λέγοντας ἃ λέγομεν, οἰομένους δὲ γραμματικούς εἶναι καὶ ἔχειν τε καὶ λέγειν γραμματικῶς τὸν τοῦ Θεαιτήτου ὀνόματος λόγον: τὸ δ’ οὐκ εἶναι ἐπιστημόνως οὐδὲν λέγειν, πρὶν ἂν διὰ τῶν στοιχείων μετὰ τῆς ἀληθοῦς δόξης ἕκαστον περαίνει τις, ὅπερ καὶ ἐν τοῖς πρόσθε που ἐρρήθη.

Θεαίτητος

ἐρρήθη γάρ.

Σωκράτης

οὕτω τοίνυν καὶ περὶ ἀμάξης ἡμᾶς μὲν ὀρθὴν ἔχειν δόξαν, τὸν δὲ διὰ τῶν ἑκατὸν ἐκείνων δυνάμενον διελθεῖν [207c] αὐτῆς τὴν οὐσίαν, προσλαβόντα τοῦτο, λόγον τε προσειληφέναι τῇ ἀληθεῖ δόξῃ καὶ ἀντὶ δοξαστικοῦ τεχνικόν τε καὶ ἐπιστήμονα περὶ ἀμάξης οὐσίας γεγονέναι, διὰ στοιχείων τὸ ὅλον περάναντα.

Θεαίτητος

οὐκοῦν εὖ δοκεῖ σοι, ὦ Σώκρατες;

Σωκράτης

εἰ σοί, ὦ ἐταῖρε, δοκεῖ, καὶ ἀποδέχῃ τὴν διὰ στοιχείου διέξοδον περὶ ἐκάστου λόγον εἶναι, τὴν δὲ κατὰ συλλαβὰς ἢ καὶ κατὰ μεῖζον ἔτι ἀλογίαν, τοῦτό μοι λέγε, [207d] ἵν' αὐτὸ ἐπισκοπῶμεν.

Θεαίτητος

ἀλλὰ πάνυ ἀποδέχομαι.

Σωκράτης

πότερον ἡγούμενος ἐπιστήμονα εἶναι ὄντινοῦν ὅτουοῦν, ὅταν τὸ αὐτὸ τότε μὲν τοῦ αὐτοῦ δοκῇ αὐτῷ εἶναι, τότε δὲ ἐτέρου, ἢ καὶ ὅταν τοῦ αὐτοῦ τότε μὲν ἕτερον, τότε δὲ ἕτερον δοξάζῃ;

Θεαίτητος

μὰ Δί' οὐκ ἔγωγε.

Σωκράτης

εἶτα ἀμνημονεῖς ἐν τῇ τῶν γραμμάτων μαθήσει κατ' ἀρχὰς σαυτόν τε
καὶ τοὺς ἄλλους δρῶντας αὐτά;

Θεαίτητος

ἄρα λέγεις τῆς αὐτῆς συλλαβῆς τοτὲ μὲν ἕτερον, [207e] τοτὲ δὲ
ἕτερον ἡγουμένους γράμμα, καὶ τὸ αὐτὸ τοτὲ μὲν εἰς τὴν
προσέκουσαν, τοτὲ δὲ εἰς ἄλλην τιθέντας συλλαβὴν;

Σωκράτης

ταῦτα λέγω.

Θεαίτητος

μὰ Δί' οὐ τοίνυν ἀμνημονῶ, οὐδέ γέ πω ἡγοῦμαι ἐπίστασθαι τοὺς
οὕτως ἔχοντας.

Σωκράτης

τί οὖν; ὅταν ἐν τῷ τοιούτῳ καιρῷ “Θεαίτητον” γράφων τις θῇτα καὶ
εἷ οἴηταί τε δεῖν γράφειν καὶ γράψῃ, [208a] καὶ αὖ “Θεόδωρον”
ἐπιχειρῶν γράφειν ταῦ καὶ εἷ οἴηταί τε δεῖν γράφειν καὶ γράψῃ, ἄρ'
ἐπίστασθαι φήσομεν αὐτὸν τὴν πρώτην τῶν ὑμετέρων ὀνομάτων
συλλαβὴν;

Θεαίτητος

ἀλλ' ἄρτι ὁμολογήσαμεν τὸν οὕτως ἔχοντα μήπω εἰδέναι.

Σωκράτης

κωλύει οὖν τι καὶ περὶ τὴν δευτέραν συλλαβὴν καὶ τρίτην καὶ τετάρτην οὕτως ἔχειν τὸν αὐτόν;

Θεαίτητος

οὐδέν γε.

Σωκράτης

ἄρ' οὖν τότε τὴν διὰ στοιχείου διέξοδον ἔχων γράψει “Θεαίτητον” μετὰ ὀρθῆς δόξης, ὅταν ἐξῆς γράφῃ;

Θεαίτητος

δῆλον δή.

[208b] Σωκράτης

οὐκοῦν ἐτι ἀνεπιστήμων ὢν, ὀρθὰ δὲ δοξάζων, ὥς φαμεν;

Θεαίτητος

ναί.

Σωκράτης

λόγον γε ἔχων μετὰ ὀρθῆς δόξης. τὴν γὰρ διὰ τοῦ στοιχείου ὁδὸν ἔχων ἔγραφεν, ἣν δὲ λόγον ὠμολογήσαμεν.

Θεαίτητος

ἀληθῆ.

Σωκράτης

ἔστιν ἄρα, ὦ ἑταῖρε, μετὰ λόγου ὀρθὴ δόξα, ἣν οὐπω δεῖ ἐπιστήμην καλεῖν.

Θεαίτητος

κινδυνεύει.

Σωκράτης

ὄναρ δὴ, ὡς ἔοικεν, ἐπλουτήσαμεν οἰθθέντες ἔχειν τὸν ἀληθέστατον ἐπιστήμης λόγον. ἢ μήπω κατηγορῶμεν; [208c] ἴσως γὰρ οὐ τοῦτό τις αὐτὸν ὀριεῖται, ἀλλὰ τὸ λοιπὸν εἶδος τῶν τριῶν, ὧν ἓν γέ τι ἔφαμεν λόγον θήσεσθαι τὸν ἐπιστήμην ὀριζόμενον δόξαν εἶναι ὀρθὴν μετὰ λόγου.

Θεαίτητος

ὀρθῶς ὑπέμνησας; ἔτι γὰρ ἐν λοιπόν. τὸ μὲν γὰρ ἦν διανοίας ἐν φωνῇ ὥσπερ εἶδωλον, τὸ δ' ἄρτι λεχθὲν διὰ στοιχείου ὁδοῦ ἐπὶ τὸ ὅλον: τὸ δὲ δὴ τρίτον τί λέγεις;

Σωκράτης

ὅπερ ἂν οἱ πολλοὶ εἴποιεν, τὸ ἔχειν τι σημεῖον εἰπεῖν ὃ τῶν ἀπάντων διαφέρει τὸ ἐρωτηθέν.

Θεαίτητος

οἷον τίνα τίνος ἔχεις μοι λόγον εἰπεῖν;

[208d] Σωκράτης

οἷον, εἰ βούλει, ἡλίου πέρι ἱκανὸν οἶμαί σοι εἶναι ἀποδέξασθαι, ὅτι τὸ λαμπρότατόν ἐστι τῶν κατὰ τὸν οὐρανὸν ἰόντων περὶ γῆν.

Θεαίτητος

πάνυ μὲν οὖν.

Σωκράτης

λαβέ δὴ οὗ χάριν εἴρηται. ἔστι δὲ ὅπερ ἄρτι ἐλέγομεν, ὥς ἄρα τὴν διαφορὰν ἐκάστου ἂν λαμβάνης ἢ τῶν ἄλλων διαφέρει, λόγον, ὥς φασί τινες, λήψῃ: ἕως δ' ἂν κοινοῦ τινος ἐφάπτη, ἐκείνων πέρι σοι ἔσται ὁ λόγος ὧν ἂν ἡ κοινότης ᾖ.

[208e] Θεαίτητος

μανθάνω: καί μοι δοκεῖ καλῶς ἔχειν λόγον τὸ τοιοῦτον καλεῖν.

Σωκράτης

ὅς δ' ἂν μετ' ὀρθῆς δόξης περὶ ὅτουοῦν τῶν ὄντων τὴν διαφορὰν τῶν ἄλλων προσλάβῃ, αὐτοῦ ἐπιστήμων γεγονῶς ἔσται οὗ πρότερον ἦν

δοξαστής.

Θεαίτητος

φαμέν γε μὴν οὕτω.

Σωκράτης

νῦν δῆτα, ὦ Θεαίτητε, παντάπασιν ἔγωγε, ἐπειδὴ ἐγγὺς ὥσπερ σκιαγραφήματος γέγονα τοῦ λεγομένου, συνίημι οὐδὲ σμικρόν: ἕως δὲ ἀφειστήκη πόρρωθεν, ἐφαίνεται τί μοι λέγεσθαι.

Θεαίτητος

πῶς τί τοῦτο;

[209a] Σωκράτης

φράσω, ἐὰν οἷός τε γένωμαι. ὀρθὴν ἔγωγε ἔχων δόξαν περὶ σοῦ, ἐὰν μὲν προσλάβω τὸν σὸν λόγον, γινώσκω δὴ σε, εἰ δὲ μή, δοξάζω μόνον.

Θεαίτητος

ναί.

Σωκράτης

λόγος δέ γε ἦν ἡ τῆς σῆς διαφορότητος ἐρμηνεία.

Θεαίτητος

οὕτως.

Σωκράτης

ήνικ' οὖν ἐδόξαζον μόνον, ἄλλο τι ᾧ τῶν ἄλλων διαφέρεις, τούτων οὐδενὸς ἡπτόμην τῇ διανοίᾳ;

Θεαίτητος

οὐκ ἔοικε.

Σωκράτης

τῶν κοινῶν τι ἄρα διανοοῦμην, ὧν οὐδὲν σὺ μᾶλλον ἢ τις ἄλλος ἔχει.

[209b] Θεαίτητος

ἀνάγκη.

Σωκράτης

φέρε δὴ πρὸς Διός: πῶς ποτε ἐν τῷ τοιούτῳ σὲ μᾶλλον ἐδόξαζον ἢ ἄλλον ὄντινουν; θεὸς γάρ με διανοοῦμενον ὡς ἔστιν οὗτος Θεαίτητος, ὃς ἂν ἦ τε ἄνθρωπος καὶ ἔχη ῥῖνα καὶ ὀφθαλμοὺς καὶ στόμα καὶ οὕτω δὴ ἐν ἑκαστῷ τῶν μελῶν. αὕτη οὖν ἡ διάνοια ἔσθ' ὅτι μᾶλλον ποιήσει με Θεαίτητον ἢ Θεόδωρον διανοεῖσθαι, ἢ τῶν λεγομένων Μυσῶν τὸν ἔσχατον;

Θεαίτητος

τί γάρ;

Σωκράτης

ἀλλ' ἐὰν δὴ μὴ μόνον τὸν ἔχοντα ρῖνα καὶ ὀφθαλμοὺς [209c] διανοηθῶ, ἀλλὰ καὶ τὸν σιμόν τε καὶ ἐξόφθαλμον, μή τι σὲ αὖ μᾶλλον δοξάσω ἢ ἐμαυτὸν ἢ ὅσοι τοιοῦτοι;

Θεαίτητος

οὐδέν.

Σωκράτης

ἀλλ' οὐ πρότερόν γε, οἶμαι, Θεαίτητος ἐν ἐμοὶ δοξασθήσεται, πρὶν ἂν ἡ σιμότης αὕτη τῶν ἄλλων σιμοτήτων ὣν ἐγὼ ἐώρακα διάφορόν τι μνημεῖον παρ' ἐμοὶ ἐνσημηναμένη κατάθῃται — καὶ τᾶλλα οὕτω ἐξ ὧν εἶ σύ — ἢ με, καὶ ἐὰν αὖριον ἀπαντήσω, ἀναμνήσκει καὶ ποιήσει ὀρθὰ δοξάζειν περὶ σοῦ.

Θεαίτητος

ἀληθέστατα.

[209d] Σωκράτης

περὶ τὴν διαφορότητα ἄρα καὶ ἡ ὀρθὴ δόξα ἂν εἴη ἐκάστου πέρι.

Θεαίτητος

φαίνεται γε.

Σωκράτης

τὸ οὖν προσλαβεῖν λόγον τῇ ὀρθῇ δόξει τί ἂν ἔτι εἴη; εἰ μὲν γὰρ προσδοξάσαι λέγει ἢ διαφέρει τι τῶν ἄλλων, πάνυ γελοία γίγνεται ἡ ἐπίταξις.

Θεαίτητος

πῶς;

Σωκράτης

ὦν ὀρθὴν δόξαν ἔχομεν ἢ τῶν ἄλλων διαφέρει, τούτων προσλαβεῖν κελεύει ἡμᾶς ὀρθὴν δόξαν ἢ τῶν ἄλλων διαφέρει. καὶ οὕτως ἡ μὲν σκυτάλης ἢ ὑπέρου ἢ ὅτου δὴ [209e] λέγεται περιτροπὴ πρὸς ταύτην τὴν ἐπίταξιν οὐδὲν ἂν λέγοι, τυφλοῦ δὲ παρακέλευσις ἂν καλοῖτο δικαιοτέρον: τὸ γάρ, ἃ ἔχομεν, ταῦτα προσλαβεῖν κελεύειν, ἵνα μάθωμεν ἃ δοξάζομεν, πάνυ γενναίως ἔοικεν ἐσκοτωμένῳ.

Θεαίτητος

εἰπεὶ δὴ τί νυνδὴ ὥς ἐρῶν ἐπύθου;

Σωκράτης

εἰ τὸ λόγον, ὃ παῖ, προσλαβεῖν γινῶναι κελεύει, ἀλλὰ μὴ δοξάσαι τὴν διαφορότητα, ἥδὺ χρῆμ' ἂν εἴη τοῦ καλλίστου τῶν περὶ ἐπιστήμης λόγου. τὸ γὰρ γινῶναι [210a] ἐπιστήμην που λαβεῖν ἐστίν: ἢ γάρ;

Θεαίτητος

ναί.

a]

Σωκράτης

οὐκοῦν ἐρωτηθεῖς, ὡς ἔοικε, τί ἐστὶν ἐπιστήμη, ἀποκρινεῖται ὅτι δόξα ὀρθὴ μετὰ ἐπιστήμης διαφορότητος. λόγου γὰρ πρόσληψις τοῦτ' ἂν εἴη κατ' ἐκεῖνον.

Θεαίτητος

ἔοικεν.

Σωκράτης

καὶ παντάπασί γε εὗθες, ζητούντων ἡμῶν ἐπιστήμην, δόξαν φάναι ὀρθὴν εἶναι μετ' ἐπιστήμης εἴτε διαφορότητος εἴτε ὁτουοῦν. οὔτε ἄρα αἴσθησις, ὧ Θεαίτητε, οὔτε [210b] δόξα ἀληθοῦς οὔτε μετ' ἀληθοῦς δόξης λόγος προσγιγνόμενος ἐπιστήμη ἂν εἴη.

Θεαίτητος

οὐκ ἔοικεν.

Σωκράτης

ἦ οὖν ἔτι κυοῦμέν τι καὶ ὠδίνομεν, ὧ φίλε, περὶ ἐπιστήμης, ἣ πάντα ἐκτετόκαμεν;

Θεαίτητος

καὶ ναὶ μὰ Δί' ἔγωγε πλείω ἢ ὅσα εἶχον ἐν ἐμαυτῷ διὰ σέ ἐῖρηκα.

Σωκράτης

οὐκοῦν ταῦτα μὲν πάντα ἢ μαιευτικὴ ἡμῖν τέχνη ἀνεμιαῖα φησι
γεγενῆσθαι καὶ οὐκ ἄξια τροφῆς;

Θεαίτητος

παντάπασι μὲν οὖν.

Σωκράτης

ἐὰν τοίνυν ἄλλων μετὰ ταῦτα ἐγκύμων ἐπιχειρῆς [210c] γίγνεσθαι, ὃ
Θεαίτητε, ἐάντε γίγνη, βελτιόνων ἔση πλήρης διὰ τὴν νῦν ἐξέτασιν,
ἐάντε κενὸς ᾗς, ἥττον ἔση βαρὺς τοῖς συνοῦσι καὶ ἡμερώτερος
σωφρόνως οὐκ οἰόμενος εἰδέναι ἢ μὴ οἶσθα. τοσοῦτον γὰρ μόνον ἢ
ἐμὴ τέχνη δύναται, πλεον δὲ οὐδέν, οὐδέ τι οἶδα ὧν οἱ ἄλλοι, ὅσοι
μεγάλοι καὶ θαυμάσιοι ἄνδρες εἰσὶ τε καὶ γεγόνασιν: τὴν δὲ μαιεῖαν
ταύτην ἐγὼ τε καὶ ἡ μήτηρ ἐκ θεοῦ ἐλάχομεν, ἢ μὲν τῶν γυναικῶν,
[210d] ἐγὼ δὲ τῶν νέων τε καὶ γενναίων καὶ ὅσοι καλοί. νῦν μὲν οὖν
ἀπαντητέον μοι εἰς τὴν τοῦ βασιλέως στοὰν ἐπὶ τὴν Μελήτου
γραφὴν ἣν με γέγραπται: ἔωθεν δέ, ὃ Θεόδωρε, δεῦρο πάλιν
ἀπαντῶμεν.

[406α]

Σωκράτης

Κλειτοφῶντα τὸν Ἀριστωνόμου τις ἡμῖν διηγείτο ἔναγχος, ὅτι Λυσία διαλεγόμενος τὰς μὲν μετὰ Σωκράτους διατριβὰς ψέγοι, τὴν Θρασυμάχου δὲ συνουσίαν ὑπερεπαινοῖ.

Κλειτόφων

ὅστις, ὦ Σώκρατες, οὐκ ὀρθῶς ἀπεμνημόνευέ σοι τοὺς ἐμοὶ περὶ σοῦ γενομένους λόγους πρὸς Λυσίαν: τὰ μὲν γὰρ ἔγωγε οὐκ ἐπήνουν σε, τὰ δὲ καὶ ἐπήνουν. ἐπεὶ δὲ δηλὸς εἶ μεμφόμενος μὲν μοι, προσποιούμενος δὲ μηδὲν φροντίζειν, ἥδιστ' ἂν σοι διεξέλθοιμι αὐτοὺς αὐτός, ἐπειδὴ καὶ μόνω τυγχάνομεν ὄντε, ἵνα ἡττόν με ἡγῇ πρὸς σέ φαύλως ἔχειν. νῦν γὰρ ἴσως οὐκ ὀρθῶς ἀκήκοας, ὥστε φαίνη πρὸς ἐμέ ἔχειν τραχυτέρως τοῦ δέοντος: εἰ δέ μοι δίδως παρρησίαν, ἥδιστα ἂν δεξαίμην καὶ ἐθέλω λέγειν. [407α]

Σωκράτης

ἀλλ' αἰσχρὸν μὴν σοῦ γε ὠφελεῖν με προθυμουμένου μὴ ὑπομένειν: δηλὸν γὰρ ὥς γνούς ὅπῃ χεῖρων εἰμὶ καὶ βελτίων, τὰ μὲν ἀσκήσω καὶ διώξομαι, τὰ δὲ φεύξομαι κατὰ κράτος.

Κλειτόφων

Ἑρμοκράτης

καὶ μὲν δῆ, καθάπερ εἶπεν Τίμαιος ὁδε, ὦ Σώκρατες, οὔτε

ἐλλείψομεν προθυμίας οὐδέν οὔτε ἔστιν οὐδεμία πρόφασις ἡμῖν τοῦ μὴ δρᾶν ταῦτα: ὥστε καὶ χθές, εὐθὺς ἐνθένδε ἐπειδὴ παρὰ Κριτίαν πρὸς τὸν ξενῶνα οὗ καὶ καταλύομεν ἀφικόμεθα, καὶ ἔτι πρότερον καθ' ὁδὸν αὐτὰ ταῦτ' ἐσκοποῦμεν.

[20δ] ὁδε οὖν ἡμῖν λόγον εἰσηγήσατο ἐκ παλαιᾶς ἀκοῆς: ὃν καὶ νῦν λέγε, ὦ Κριτία, τῷδε, ἵνα συνδοκιμάσῃ πρὸς τὴν ἐπίταξιν εἴτ' ἐπιτήδειος εἴτε ἀνεπιτήδειος ἐστί.

Κριτίας

ταῦτα χρή δρᾶν, εἰ καὶ τῷ τρίτῳ κοινωνῶ Τιμαίῳ συνδοκεῖ.

Τίμαιος

δοκεῖ μὴν.

Κριτίας

ἄκουε δὴ, ὦ Σώκρατες, λόγου μάλα μὲν ἀτόπου, παντάπασί γε μὴν ἀληθοῦς, ὡς ὁ τῶν ἐπτὰ σοφώτατος

[20ε] Σόλων ποτ' ἔφη. ἦν μὲν οὖν οἰκεῖος καὶ σφόδρα φίλος ἡμῖν Δρωπίδου τοῦ προπάππου, καθάπερ λέγει πολλαχοῦ καὶ αὐτὸς ἐν τῇ ποιήσει: πρὸς δὲ Κριτίαν τὸν ἡμέτερον πάππον εἶπεν, ὡς ἀπεμνημόνευεν αὐτὸς πρὸς ἡμᾶς ὁ γέρων, ὅτι μεγάλα καὶ θαυμαστὰ τῆσδ' εἶη παλαιὰ ἔργα τῆς πόλεως ὑπὸ χρόνου καὶ φθορᾶς ἀνθρώπων ἠφανισμένα, πάντων δὲ ἐν μέγιστον,

[21α] οὗ νῦν ἐπιμνησθεῖσιν πρέπον ἂν ἡμῖν εἶη σοί τε ἀποδοῦναι χάριν καὶ τὴν θεὸν ἅμα ἐν τῇ πανηγύρει δικαίως τε καὶ ἀληθῶς οἷόνπερ ὑμνοῦντας ἐγκωμιάζειν.

Σωκράτης

εὖ λέγεις. ἀλλὰ δὴ ποῖον ἔργον τοῦτο Κριτίας οὐ λεγόμενον μὲν, ὡς δὲ πραχθὲν ὄντως ὑπὸ τῆσδε τῆς πόλεως ἀρχαῖον διηγεῖτο κατὰ τὴν Σόλωνος ἀκοήν;

Κριτίας

ἐγὼ φράσω, παλαιὸν ἀκηκοὺς λόγον οὐ νέου ἀνδρός. ἦν μὲν γὰρ δὴ τότε Κριτίας, ὡς ἔφη, σχεδὸν ἐγγὺς

[21β] ἤδη τῶν ἐνενήκοντα ἐτῶν, ἐγὼ δὲ πη μάλιστα δεκέτης: ἡ δὲ

Κουρεῶτις ἡμῖν οὔσα ἐτύγγανεν Ἀπατουρίων. Τὸ δὴ τῆς ἐορτῆς σύνηθες ἐκάστοτε καὶ τότε συνέβη τοῖς παισίν: ἄθλα γὰρ ἡμῖν οἱ πατέρες ἔθεσαν ῥαψωδίας. πολλῶν μὲν οὖν δὴ καὶ πολλὰ ἐλέχθη ποιητῶν ποιήματα, ἅτε δὲ νέα κατ' ἐκεῖνον τὸν χρόνον ὄντα τὰ Σόλωνος πολλοὶ τῶν παίδων ἥσαμεν. εἶπεν οὖν τις τῶν φρατέρων, εἴτε δὴ δοκοῦν αὐτῷ τότε εἴτε καὶ χάριν τινὰ τῷ Κριτίᾳ φέρων, δοκεῖν οἱ τὰ τε

[21γ] ἄλλα σοφώτατον γεγονέναι Σόλωνα καὶ κατὰ τὴν ποίησιν αὐτῶν ποιητῶν πάντων ἐλευθεριώτατον. ὁ δὲ γέρων — σφόδρα γὰρ οὖν μέμνημαι — μάλα τε ἥσθη καὶ διαμειδιάσας εἶπεν: “εἵγε, ὦ Ἀμύνανδρε, μὴ παρέργῳ τῇ ποιήσει κατεχρήσατο, ἀλλ' ἐσπουδάκει καθάπερ ἄλλοι, τὸν τε λόγον ὃν ἀπ' Αἰγύπτου δεῦρο ἠνέγκατο ἀπετέλεσεν, καὶ μὴ διὰ τὰς στάσεις ὑπὸ κακῶν τε ἄλλων ὅσα ἡῦρεν ἐνθάδε ἤκων ἠναγκάσθη

[21δ] καταμελῆσαι, κατὰ γε ἐμὴν δόξαν οὔτε Ἡσίοδος οὔτε Ὅμηρος οὔτε ἄλλος οὐδεὶς ποιητῆς εὐδοκιμώτερος ἐγένετο ἂν ποτε αὐτοῦ” “τις δ' ἦν ὁ λόγος,” ἡ δ' ὅς, “ὦ Κριτία,” “ἡ περὶ μεγίστης,” ἔφη, “καὶ ὀνομαστοτάτης πασῶν δικαιοτά' ἂν πράξεως οὔσης, ἣν ἦδε ἡ πόλις ἔπραξε μὲν, διὰ δὲ χρόνον καὶ φθορὰν τῶν ἐργασαμένων οὐ διήρκεσε δεῦρο ὁ λόγος.” “λέγε ἐξ ἀρχῆς,” ἡ δ' ὅς, “τι τε καὶ πῶς καὶ παρὰ τίνων ὡς ἀληθῆ διακηκοῶς ἔλεγεν ὁ Σόλων.”

[21ε] “ἔστιν τις κατ' Αἴγυπτον,” ἡ δ' ὅς, “ἐν τῷ Δέλτα, περὶ ὃν κατὰ κορυφὴν σχίζεται τὸ τοῦ Νείλου ῥεῦμα Σαῖτικὸς ἐπικαλούμενος νομός, τούτου δὲ τοῦ νομοῦ μεγίστη πόλις Σαῖς — ὅθεν δὴ καὶ Ἄμασις ἦν ὁ βασιλεύς — οἷς τῆς πόλεως θεὸς ἀρχηγός τις ἐστίν±, Αἰγυπτιστὶ μὲν τοῦνομα Νηίθ, Ἑλληνιστὶ δε, ὡς ὁ ἐκείνων λόγος, Ἀθηνᾶ: μάλα δὲ φιλαθῆναι οἱ καὶ τινὰ τρόπον οἰκεῖοι τῶνδ' εἶναι φασιν. οἱ δὲ Σόλων ἔφη πορευθεὶς σφόδρα τε γενέσθαι παρ' αὐτοῖς ἐντιμος,

[22α] καὶ δὴ καὶ τὰ παλαιὰ ἀνερωτῶν ποτε τοὺς μάλιστα περὶ ταῦτα τῶν ἱερέων ἐμπείρους, σχεδὸν οὔτε αὐτὸν οὔτε ἄλλον Ἑλληνα οὐδένα οὐδὲν ὡς ἔπος εἰπεῖν εἰδότα περὶ τῶν τοιούτων ἀνευρεῖν. καὶ ποτε προαγαγεῖν βουλευθεὶς αὐτοὺς περὶ τῶν ἀρχαίων εἰς λόγους, τῶν τῇδε τὰ ἀρχαιότατα λέγειν ἐπιχειρεῖν, περὶ Φορωνέως τε τοῦ πρώτου

λεχθέντος καὶ Νιόβης, καὶ μετὰ τὸν κατακλυσμὸν αὐτὸν περὶ Δευκαλίωνος

[22β] καὶ Πύρρας ὡς διεγένοντο μυθολογεῖν, καὶ τοὺς ἐξ αὐτῶν γενεαλογεῖν, καὶ τὰ τῶν ἐτῶν ὅσα ἦν οἷς ἔλεγεν πειρᾶσθαι διαμνημονεύων τοὺς χρόνους ἀριθμεῖν· καὶ τίνα εἰπεῖν τῶν ἱερέων εὖ μάλα παλαιόν· “ὦ Σόλων, Σόλων, Ἑλληνες αἰεὶ παῖδες ἐστέ, γέρον δὲ Ἑλλην οὐκ ἔστιν.” ἀκούσας οὖν, “πῶς τί τοῦτο λέγεις;” φάναι. “νέοι ἐστέ,” εἰπεῖν, “τὰς ψυχὰς πάντες· οὐδεμίαν γὰρ ἐν αὐταῖς ἔχετε δι’ ἀρχαίαν ἀκοὴν παλαιὰν δόξαν οὐδὲ μάθημα χρόνῳ πολὺν οὐδέν. Τὸ

[22δ] ἀληθές ἐστι τῶν περὶ γῆν κατ’ οὐρανὸν ἰόντων παράλλαξις καὶ διὰ μακρῶν χρόνων γιγνομένη τῶν ἐπὶ γῆς πυρὶ πολλῷ φθορά. τότε οὖν ὅσοι κατ’ ὄρη καὶ ἐν ὑψηλοῖς τόποις καὶ ἐν ξηροῖς οἰκοῦσιν μᾶλλον διόλλυνται τῶν ποταμοῖς καὶ θαλάττῃ προσοικούντων· ἡμῖν δὲ ὁ Νεῖλος εἰς τε τᾶλλα σωτήρ καὶ τότε ἐκ ταύτης τῆς ἀπορίας σώζει λυόμενος. ὅταν δ’ αὖ θεοὶ τὴν γῆν ὕδασιν καθαίροντες κατακλύζωσιν, οἱ μὲν ἐν τοῖς ὄρεσιν διασώζονται βουκόλοι νομῆς τε, οἱ δ’ ἐν ταῖς

[22ε] παρ’ ὑμῖν πόλεσιν εἰς τὴν θάλατταν ὑπὸ τῶν ποταμῶν φέρονται· κατὰ δὲ τήνδε χώραν οὔτε τότε οὔτε ἄλλοτε ἄνωθεν ἐπὶ τὰς ἀρούρας ὕδωρ ἐπιρρεῖ, τὸ δ’ ἐναντίον κάτωθεν πᾶν ἐπανέειναι πέφυκεν. ὅθεν καὶ δι’ ἃς αἰτίας τὰνθάδε σώζόμενα λέγεται παλαιότατα· τὸ δὲ ἀληθές, ἐν πᾶσιν τοῖς τόποις ὅπου μὴ χειμῶν ἐξαίσιος ἢ καῦμα ἀπείργει, πλέον,

[23α] τοτὲ δὲ ἔλαττον αἰεὶ γένος ἐστὶν ἀνθρώπων. ὅσα δὲ ἢ παρ’ ὑμῖν ἢ τῇδε ἢ καὶ κατ’ ἄλλον τόπον ὧν ἀκοῇ ἴσμεν, εἴ ποῦ τι καλὸν ἢ μέγα

γέγονεν ἢ καί τινα διαφοράν ἄλλην ἔχον, πάντα γεγραμμένα ἐκ παλαιοῦ τῇδ' ἐστὶν ἐν τοῖς ἱεροῖς καὶ σεσωσμένα: τὰ δὲ παρ' ὑμῖν καὶ τοῖς ἄλλοις ἄρτι κατεσκευασμένα ἐκάστοτε τυγχάνει γράμμασι καὶ ἅπασιν ὁπόσων πόλεις δέονται, καὶ πάλιν δι' εἰωθότων ἐτῶν ὥσπερ νόσημα ἦκει φερόμενον αὐτοῖς ῥεῦμα οὐράνιον καὶ τοὺς ἀγραμμάτους

[23β] τε καὶ ἀμούσους ἔλιπεν ὑμῶν, ὥστε πάλιν ἐξ ἀρχῆς οἷον νέοι γίνεσθε, οὐδὲν εἰδότες οὔτε τῶν τῇδε οὔτε τῶν παρ' ὑμῖν, ὅσα ἦν ἐν τοῖς παλαιοῖς χρόνοις. τὰ γοῦν νυνδὴ γενεαλογηθέντα, ὃ Σόλων, περὶ τῶν παρ' ὑμῖν ἃ διῆλθες, παίδων βραχὺ τι διαφέρει μύθων, οἱ πρῶτον μὲν ἓνα γῆς κατακλυσμὸν μέμνησθε πολλῶν ἔμπροσθεν γεγονότων, ἔτι δὲ τὸ κάλλιστον καὶ ἄριστον γένος ἐπ' ἀνθρώπους ἐν τῇ χώρᾳ παρ' ὑμῖν οὐκ ἴστε γεγονός, ἐξ ὧν σύ τε καὶ πᾶσα ἡ

[23γ] πόλις ἔστιν τὰ νῦν”

[23c] πόλις ἔστιν τὰ νῦν ὑμῶν, περιλειφθέντος ποτὲ σπέρματος βραχέος, ἀλλ' ὑμαῖς λέληθεν διὰ τὸ τοὺς περιγενομένους ἐπὶ πολλὰς γενεὰς γράμμασιν τελευταῖν ἀφώνους. ἦν γὰρ δὴ ποτε, ὃ Σόλων, ὑπὲρ τὴν μεγίστην φθορὰν ὕδασι καὶ νῦν Ἀθηναίων οὕσα πόλις ἀρίστη πρὸς τε τὸν πόλεμον καὶ κατὰ πάντα εὐνομοτάτη διαφερόντως: ἥ κάλλιστα ἔργα καὶ πολιτεῖα γενέσθαι λέγονται κάλλιστα πασῶν ὁπόσων ὑπὸ

[23d] τὸν οὐρανὸν ἡμεῖς ἀκοὴν παρεδεξάμεθα.’ ἀκούσας οὖν ὁ Σόλων ἔφη θαυμάσαι καὶ παῖσαν προθυμίαν σχεῖν δεόμενος τῶν ἱερέων πάντα δι' ἀκριβείας οἱ τὰ περὶ τῶν πάλαι πολιτῶν ἐξῆς διελθεῖν. τὸν οὖν ἱερέα φάναι: ‘φθόνος οὐδεὶς, ὃ Σόλων, ἀλλὰ σου τε ἕνεκα ἐρῶ καὶ τῆς πόλεως ὑμῶν, μάλιστα δὲ τῆς θεοῦ χάριν, ἡ τὴν τε ὑμετέραν καὶ τήνδε ἔλαχεν καὶ ἔθρεψεν καὶ ἐπαίδευσεν, προτέραν μὲν τὴν παρ’

ἐπράχθη: τὸ δ' ἀκριβὲς περὶ

[24a] πάντων ἐφεξῆς εἰς αὐθις κατὰ σχολὴν αὐτὰ τὰ γράμματα λαβόντες διέξιμεν. τοὺς μὲν οὖν νόμους σκόπει πρὸς τοὺς τηδε: πολλὰ γὰρ παραδείγματα τῶν τότε παρ' ὑμῖν ὄντων ἐνθάδε νῦν ἀνευρήσεις, πρῶτον μὲν τὸ τῶν ἱερέων γένος ἀπὸ τῶν ἄλλων χωρὶς ἀφωρισμένον, μετὰ δὲ τοῦτο τὸ τῶν δημιουργῶν, ὅτι καθ' αὐτὸ ἕκαστον ἄλλω δὲ οὐκ ἐπιμειγνύμενον δημιουργεῖ, τό τε τῶν νομέων καὶ τὸ τῶν θηρευτῶν τό τε

[24b] τῶν γεωργῶν. καὶ δὴ καὶ τὸ μάχιμον γένος ἦσθησαί που τηδε ἀπὸ πάντων τῶν γενῶν κεχωρισμένον, οἷς οὐδὲν ἄλλο πλὴν τὰ περὶ τὸν πόλεμον ὑπὸ τοῦ νόμου προσετάχθη μέλιν: ἔτι δὲ ἡ τῆς ὀπλίσεως αὐτῶν σχέσις ἀσπίδων καὶ δοράτων, οἷς ἡμεῖς πρῶτοι τῶν περὶ τὴν Ἀσίαν ὠπλίσαμεθα, τῆς θεοῦ καθάπερ ἐν ἐκείνοις τοῖς τόποις παρ' ὑμῖν πρῶτοις ἐνδειξαμένης. τὸ δ' αὖ περὶ τῆς φρονήσεως, ὁρᾷς που τὸν νόμον τηδε ὅσην ἐπιμέλειαν ἐποιήσατο εὐθὺς κατ' ἀρχὰς περὶ τε

[24c] τὸν κόσμον, ἅπαντα μέχρι μαντικῆς καὶ ἱατρικῆς πρὸς ὑγίειαν ἐκ τούτων θείων ὄντων εἰς τὰ ἀνθρώπινα ἀνευρών, ὅσα τε ἄλλα τούτοις ἔπεται μαθήματα πάντα κτησάμενος. ταύτην οὖν δὴ τότε σύμπασαν τὴν διακόσμησιν καὶ σύνταξιν ἡ θεὸς προτέρους ὑμᾶς διακοσμήσασα κατώκισεν, ἐκλεξαμένη τὸν τόπον ἐν ᾧ γεγένησθε, τὴν εὐκρασίαν τῶν ὥρων ἐν αὐτῷ κατιδούσα, ὅτι φρονιμωτάτους ἀνδρας οἷσι: ἄτε οὖν φιλοπόλεμός

[24d] τε καὶ φιλόσοφος ἡ θεὸς οὕσα τὸν προσφερεστάτους αὐτῇ μέλλοντα οἷσιν τόπον ἀνδρας, τοῦτον ἐκλεξαμένη πρῶτον κατώκισεν. ᾧ κεῖτε δὴ οὖν νόμοις τε τοιούτοις χρώμενοι καὶ ἔτι μᾶλλον εὐνομούμενοι πάσῃ τε παρὰ πάντας ἀνθρώπους ὑπερβεβληκότες ἀρετῇ, καθάπερ εἰκὸς γεννήματα καὶ παιδεύματα θεῶν ὄντας. πολλὰ μὲν οὖν ὑμῶν καὶ μεγάλα ἔργα τῆς πόλεως τηδε γεγραμμένα θαυμάζεται, πάντων μὴν

[24e] ἐν ὑπερέχει μεγέθει καὶ ἀρετῇ: λέγει γὰρ τὰ γεγραμμένα ὅσην ἡ πόλις ὑμῶν ἔπαυσεν ποτε δύναμιν ὕβρει πορευομένην ἅμα ἐπὶ πάσαν Εὐρώπην καὶ Ἀσίαν, ἔξωθεν ὀρμηθεῖσαν ἐκ τοῦ Ἀτλαντικοῦ

πελάγους. τότε γὰρ πορεύσιμον ἦν τὸ ἐκεῖ πέλαγος: νῆσον γὰρ πρὸ τοῦ στόματος εἶχεν ὃ καλεῖτε, ὡς φατε, ὑμεῖς Ἡρακλέους στήλας, ἡ δὲ νῆσος ἅμα Λιβύης ἦν καὶ Ἀσίας μείζων, ἐξ ἧς ἐπιβατὸν ἐπὶ τὰς ἄλλας νήσους τοῖς τότε ἐγίνετο πορευομένοις, ἐκ δὲ τῶν νήσων

[25a] ἐπὶ τὴν καταντικρὺ πάσαν ἤπειρον τὴν περὶ τὸν ἀληθινὸν ἐκείνον πόντον. τάδε μὲν γάρ, ὅσα ἐντὸς τοῦ στόματος οὐ λέγομεν, φαίνεται λιμὴν στενὸν τινα ἔχων εἰσπλουν: ἐκεῖνο δὲ πέλαγος ὄντως ἢ τε περιέχουσα αὐτὸ γῆ παντελῶς ἀληθῶς ὀρθότατ' ἂν λέγοιτο ἡπειρος. ἐν δὲ δὴ τῇ Ἀτλαντίδι νήσῳ ταύτῃ μεγάλη συνέστη καὶ θαυμαστὴ δύναμις βασιλέων, κρατούσα μὲν ἀπάσης τῆς νήσου, πολλῶν δὲ ἄλλων νήσων καὶ μερῶν τῆς ἡείρου: πρὸς δὲ τοῦτοις ἔτι τῶν ἐντὸς τηδε

[25b] Λιβύης μὲν ἦρχον μέχρι πρὸς Αἴγυπτον, τῆς δὲ Εὐρώπης μέχρι Τυρρηνίας. αὕτη δὴ πάσα συναθροισθεῖσα εἰς ἓν ἡ δύναμις τὸν τε παρ' ὑμῖν καὶ τὸν παρ' ἡμῖν καὶ τὸν ἐντὸς τοῦ στόματος πάντα τόπον μιᾷ ποτὲ ἐπεχείρησεν ὁρμῇ δουλοῦσθαι. τότε οὖν ὑμῶν, ὦ Σόλων, τῆς πόλεως ἡ δύναμις εἰς ἅπαντας ἀνθρώπους διαφανῆς ἀρετὴ τε καὶ ῥώμη ἐγένετο: πάντων γὰρ προσταῖσα εὐψυχία καὶ τέχναις ὅσαι κατὰ πόλεμον,

[25c] τὰ μὲν τῶν Ἑλλήνων ἡγουμένη, τὰ δ' αὐτὴ μονωθείσα ἐξ ἀνάγκης τῶν ἄλλων ἀποστάντων, ἐπὶ τοὺς ἐσχάτους ἀφικομένη κινδύνους, κρατήσασα μὲν τῶν ἐπιόντων τρόπαιον ἔστησεν, τοὺς δὲ μήπω δεδουλωμένους διεκώλυσεν δουλωθῆναι, τοὺς δ' ἄλλους, ὅσοι κατοικοῦμεν ἐντὸς ὄρων Ἡρακλείων, ἀφθόνως ἅπαντας ἡλευθέρωσεν. ὑστέρῳ δὲ χρόνῳ σεισμῶν ἐξαισίων καὶ κατακλυσμῶν γενομένων, μιᾷς

[25d] ἡμέρας καὶ νυκτὸς χαλεπῆς ἐπελθούσης, τό τε παρ' ὑμῖν μάχιμον πᾶν ἀθρόον ἔδω κατὰ γῆς, ἢ τε Ἀτλαντὶς νῆσος ὡσαύτως κατὰ τῆς θαλάττης δύσα ἠφανίσθη: διὸ καὶ νῦν ἄπορον καὶ ἀδιερεύνητον γέγονεν τοῦκεῖ πέλαγος, πηλοῦ κάρτα βραχέος ἐμποδῶν ὄντος, ὃν ἡ νῆσος ἰζομένη παρέσχετο.” τὰ μὲν δὴ ῥηθέντα, ὦ Σώκρατες, ὑπὸ τοῦ παλαιοῦ

[25e] Κριτίου κατ' ἀκοὴν τὴν Σόλωνος, ὡς συντόμως εἰπεῖν,

ἀκήκοας: λέγοντος δὲ δὴ χθὲς σου περὶ πολιτείας τε καὶ τῶν ἀνδρῶν οὓς ἔλεγες, ἐθαύμαζον ἀναμιμνησκόμενος αὐτὰ ἃ νῦν λέγω, κατανοῶν ὡς δαιμονίως ἔκ τινος τύχης οὐκ ἄπο σκοποῦ συνηνέχθης τὰ πολλὰ οἷς Σόλων εἶπεν. οὐ μὴν

[26a] ἐβουλήθην παραχρήμα εἰπεῖν: διὰ χρόνου γὰρ οὐχ ἱκανῶς ἐμεμνήμην. ἐνενόησα οὖν ὅτι χρεῶν εἴη με πρὸς ἑμαυτὸν πρῶτον ἱκανῶς πάντα ἀναλαβόντα λέγειν οὕτως. ὅθεν ταχὺ συνωμολόγησά σοι τὰ ἐπιταχθέντα χθές, ἡγούμενος, ὅπερ ἐν ἅπασι τοῖς τοιοῖσδε μέγιστον ἔργον, λόγον τινὰ πρέποντα τοῖς βουλήμασιν ὑποθέσθαι, τούτου μετρίως ἡμᾶς εὐπορήσειν. οὕτω δὴ, καθάπερ ὁδ' εἶπεν, χθές τε εὐθὺς ἐνθένδε ἀπιὼν

[26b] πρὸς τούσδε ἀνέφερον αὐτὰ ἀναμιμνησκόμενος, ἀπελθὼν τε σχεδὸν τι πάντα ἐπισκοπῶν τῆς νυκτὸς ἀνέλαβον. ὡς δὴ τοι, τὸ λεγόμενον, τὰ παίδων μαθήματα θαυμαστὸν ἔχει τι μνημεῖον. ἐγὼ γὰρ ἃ μὲν χθὲς ἤκουσα, οὐκ ἂν οἷδ' εἰ δυναίμην ἅπαντα ἐν μνήμῃ πάλιν λαβεῖν: ταῦτα δὲ ἃ ἀάπολυν χρόνον διακήκοα, παντάπασι θαυμάσαμεν ἂν εἴ τί με αὐτῶν διαπέφευγεν. ἦν μὲν οὖν μετὰ πολλῆς ἡδονῆς καὶ

[26c] παιδιᾶς τότε ἀκουόμενα, καὶ τοῦ πρεσβύτου προθύμως με διδάσκοντος, ἅτ' ἐμοῦ πολλάκις ἐπανερωτῶντος, ὥστε οἷον ἐγκαύματα ἀνεκπλύτου γραφῆς ἔμμονά μοι γέγονεν: καὶ δὴ καὶ τοῖσδε εὐθὺς ἔλεγον ἔωθεν αὐτὰ ταῦτα, ἵνα εὐποροῖεν λόγων μετ' ἐμοῦ. νῦν οὖν, οὐπὲρ ἔνεκα πάντα ταῦτα εἴρηται, λέγειν εἰμὶ ἔτοιμος, ὦ Σώκρατες, μὴ μόνον ἐν κεφαλαίοις ἀλλ' ὥσπερ ἤκουσα καθ' ἕκαστον: τοὺς δὲ πολίτας καὶ τὴν πόλιν ἣν χθὲς ἡμῖν ὡς ἐν μύθῳ διήεισθα σύ, νῦν μετενεγκόντες

[26d] ἐπὶ τάληθές δευρὸ θήσομεν ὡς ἐκείνην τήνδε οὔσαν, καὶ τοὺς πολίτας οὓς διενοοῦ φήσομεν ἐκείνους τοὺς ἀληθινούς εἶναι προγόνους ἡμῶν, οὓς ἔλεγεν ὁ ἱερεὺς. πάντως ἀρμόσουσι καὶ οὐκ ἀπασόμεθα λέγοντες αὐτοὺς εἶναι τοὺς ἐν τῷ τότε ὄντας χρόνῳ. κοινῇ δὲ διαλαμβάνοντες ἅπαντες πειρασόμεθα τὸ πρέπον εἰς δύναμιν οἷς ἐπέταξας ἀποδοῦναι. σκοπεῖν οὖν δὴ χρή, ὦ Σώκρατες, εἰ κατὰ νοῦν ὁ λόγος ἡμῖν

[26e] οὗτος, ἢ τίνα ἔτ' ἄλλον ἀντ' αὐτοῦ ζητητέον.

Σωκράτης

καὶ τίν' ἄν, ὦ Κριτία, μάλλον ἀντὶ τούτου μεταλάβοιμεν, ὃς τῇ τε παρουσίᾳ τῆς θεοῦ θυσίᾳ διὰ τὴν οἰκειότητ' ἂν πρέποι μάλιστα, τό τε μὴ πλασθέντα μῦθον ἀλλ' ἀληθινὸν λόγον εἶναι ἀμμεγά που. πῶς γὰρ καὶ πόθεν ἄλλους ἀνευρήσομεν ἀφέμενοι τούτων; οὐκ ἔστιν, ἀλλ' ἀγαθῇ τύχῃ χρὴ λέγειν μὲν ὑμᾶς, ἐμὲ δὲ ἀντὶ τῶν χθὲς λόγων νῦν

[27a] ἡσυχίαν ἄγοντα ἀντακούειν.

Κριτίας

σκόπει δὴ τὴν τῶν ξενίων σοὶ διάθεσιν, ὦ Σώκρατες, ἥ διέθεμεν. ἔδοξεν γὰρ ἡμῖν Τίμαιον μὲν, ἅτε ὄντα ἀστρονομικώτατον ἡμῶν καὶ περὶ φύσεως τοῦ παντὸς εἰδέναι μάλιστα ἔργον πεποιημένον, πρῶτον λέγειν ἀρχόμενον ἀπὸ τῆς τοῦ κόσμου γενέσεως, τελευτᾶν δὲ εἰς ἀνθρώπων φύσιν: ἐμὲ δὲ μετὰ τούτον, ὥς παρὰ μὲν τούτου δεδεγμένον ἀνθρώπους τῷ λόγῳ γεγονότας, παρὰ σοῦ δὲ πεπαιδευμένους διαφερόντως

[27b] αὐτῶν τίνας, κατὰ δὲ τὸν Σόλωνος λόγον τε καὶ νόμον εἰσαγαγόντα αὐτοὺς ὥς εἰς δικαστὰς ἡμᾶς ποιῆσαι πολίτας τῆς πόλεως τῆσδε ὥς ὄντας τοὺς τότε Ἀθηναίους, οὓς ἐμήνυσεν ἀφανεῖς ὄντας ἢ τῶν ἱερῶν γραμμάτων φήμη, τὰ λοιπὰ δὲ ὥς περὶ πολιτῶν καὶ Ἀθηναίων ὄντων ἤδη ποιεῖσθαι τοὺς λόγους.

Σωκράτης

τελέως τε καὶ λαμπρῶς ἔοικα ἀνταπολήψεσθαι τὴν τῶν λόγων ἐστίασιν. σὸν οὖν ἔργον λέγειν ἄν, ὦ Τίμαιε, τὸ μετὰ τούτο, ὥς ἔοικεν, εἴη καλέσαντα κατὰ νόμον θεοῦς.

[27c] Τίμαιος

ἀλλ', ὦ Σώκρατες, τούτο γε δὴ πάντες ὅσοι καὶ κατὰ βραχὺ σωφροσύνης μετέχουσιν, ἐπὶ παντὸς ὀρμῇ καὶ σμικροῦ καὶ μεγάλου πράγματος θεὸν αἰεὶ που καλοῦσιν: ἡμᾶς δὲ τοὺς περὶ τοῦ παντὸς λόγους ποιεῖσθαι πῃ μέλλοντας, ἢ γέγονεν ἢ καὶ ἀγενές ἐστιν, εἰ μὴ παντάπασι παραλλάττομεν, ἀνάγκη θεοῦς τε καὶ θεᾶς ἐπικαλουμένους εὐχεσθαι πάντα κατὰ νοῦν ἐκείνοις μὲν μάλιστα,

ἄριστα, ὦ Τίμαιε, παντάπασί τε ὡς κελεύεις ἀποδεκτέον· τὸ μὲν οὖν προοίμιον θαυμασίως ἀπεδεξάμεθά σου, τὸν δὲ δὴ νόμον ἡμῖν ἐφεξῆς πέραινε.

Τίμαιος

λέγωμεν δὴ δι' ἣντινα αἰτίαν γένεσιν καὶ τὸ πᾶν

[29e] τόδε ὁ συνιστὰς συνέστησεν. ἀγαθὸς ἦν, ἀγαθῷ⁺ δὲ οὐδεὶς περὶ οὐδενὸς οὐδέποτε ἐγγίγνεται φθόνος· τούτου δ' ἐκτὸς ὧν πάντα ὅτι μάλιστα ἐβουλήθη γενέσθαι παραπλήσια ἑαυτῷ. ταύτην δὴ γενέσεως καὶ κόσμου μάλιστ' ἂν τις ἀρχὴν κυριωτάτην

[30a] παρ' ἀνδρῶν φρονίμων ἀποδεχόμενος ὀρθότατα ἀποδέχοιτ' ἄν. βουλευθεῖς γὰρ ὁ θεὸς ἀγαθὰ μὲν πάντα, φλαῦρον δὲ μηδὲν εἶναι κατὰ δύναμιν, οὕτω δὴ πᾶν ὅσον ἦν ὁρατὸν παραλαβὼν οὐχ ἡσυχίαν ἄγον ἀλλὰ κινούμενον πλημμελῶς καὶ ἀτάκτως, εἰς τάξιν αὐτὸ ἤγαγεν ἐκ τῆς ἀταξίας, ἡγησάμενος ἐκεῖνο τούτου πάντως ἄμεινον. θέμις δ' οὕτ' ἦν οὕτ' ἔστιν τῷ ἀρίστῳ δρᾶν ἄλλο πλην τὸ κάλλιστον:

[30b] λογισάμενος οὖν ἠῦρισκεν ἐκ τῶν κατὰ φύσιν ὁρατῶν οὐδὲν ἀνόητον τοῦ νοῦν ἔχοντος ὅλον ὅλου κάλλιον ἔσεσθαι ποτε ἔργον, νοῦν δ' αὖ χωρὶς ψυχῆς ἀδύνατον παραγενέσθαι τῷ. διὰ δὴ τὸν λογισμὸν τόνδε νοῦν μὲν ἐν ψυχῇ, ψυχὴν δ' ἐν σώματι συνιστάς τὸ πᾶν συνετεκταίνοτο, ὅπως ὅτι κάλλιστον εἶη κατὰ φύσιν ἄριστόν τε ἔργον ἀπειργασμένος. οὕτως οὖν δὴ κατὰ λόγον τὸν εἰκότα δεῖ λέγειν τόνδε τὸν κόσμον ζῶν ἔμψυχον ἔνουν τε τῇ ἀληθείᾳ διὰ τὴν τοῦ θεοῦ

[30c] γενέσθαι πρόνοιαν. τούτου δ' ὑπάρχοντος αὐτὰ τούτοις ἐφεξῆς ἡμῖν λεκτέον, τίνι τῶν ζῶων αὐτὸν εἰς ὁμοιότητα ὁ συνιστάς συνέστησεν. τῶν μὲν οὖν ἐν μέρους εἶδει πεφυκότων μηδενὶ καταξιώσωμεν — ἀτελεῖ γὰρ εἰκόδς οὐδὲν ποτ' ἂν γένοιτο καλόν — οὐδ' ἔστιν ἄλλα ζῶα καθ' ἐν καὶ κατὰ γένη μόρια, τούτῳ πάντων ὁμοιώτατον αὐτὸν εἶναι τιθώμεν. τὰ γὰρ δὴ νοητὰ ζῶα πάντα ἐκεῖνο ἐν ἑαυτῷ περιλαβὼν ἔχει, καθάπερ ὁδε ὁ

[30d] κόσμος ἡμᾶς ὅσα τε ἄλλα θρέμματα συνέστηκεν ὁρατά. τῷ γὰρ τῶν νοουμένων καλλίστῳ καὶ κατὰ πάντα τελέῳ μάλιστα αὐτὸν ὁ θεὸς ὁμοιώσαι βουληθεὶς ζῶν ἐν ὁρατόν, πάνθ' ὅσα

[31a] αὐτοῦ κατὰ φύσιν συγγενὴ ζῶα ἐντὸς ἔχον ἑαυτοῦ, συνέστησε. πότερον οὖν ὀρθῶς ἓνα οὐρανὸν προσειρήκαμεν, ἢ πολλοὺς καὶ ἀπείρους λέγειν ἢν ὀρθότερον; ἓνα, εἵπερ κατὰ τὸ παράδειγμα δεδημιουργημένος ἔσται. τὸ γὰρ περιέχον πάντα ὁπόσα νοητὰ ζῶα μεθ' ἐτέρου δευτέρου οὐκ ἂν ποτ' εἶη: πάλιν γὰρ ἂν ἕτερον εἶναι τὸ περὶ ἐκείνῳ δέοι ζῶν, οὐ μέρος ἂν εἶτην ἐκείνῳ, καὶ οὐκ ἂν εἴη ἐκείνοιν ἄλλ' ἐκείνῳ τῷ περιέχοντι τόδ' ἂν ἀφωμοιωμένον λέγοιτο ὀρθότερον. ἵνα

[33b] αὐτὸν ἐτεκτῆνατο. σχῆμα δὲ ἔδωκεν αὐτῷ τὸ πρέπον καὶ τὸ συγγενές. τῷ δὲ τὰ πάντα ἐν αὐτῷ ζῶα περιέχειν μέλλοντι ζῶῳ πρέπον ἂν εἴη σχῆμα τὸ περιειληφὸς ἐν αὐτῷ πάντα ὁπόσα σχήματα: διὸ καὶ σφαιροειδές, ἐκ μέσου πάντῃ πρὸς τὰς τελευτὰς ἴσον ἀπέχον, κυκλοτερές αὐτὸ ἐτορνεύσατο, πάντων τελεώτατον ὁμοιότατόν τε αὐτὸ ἑαυτῷ σχημάτων, νομίσας μυρίῳ κάλλιον ὅμοιον ἀνομοίου. λείον δὲ δὴ κύκλῳ

[33c] πᾶν ἔξωθεν αὐτὸ ἀπηκριβούτο πολλῶν χάριν. ὀμμάτων τε γὰρ ἐπεδεῖτο οὐδέν, ὁρατὸν γὰρ οὐδὲν ὑπελείπετο ἔξωθεν, οὐδ' ἀκοῆς, οὐδὲ γὰρ ἀκουστόν: πνευμά τε οὐκ ἦν περιεστὸς δεόμενον ἀναπνοῆς, οὐδ' αὖ τινος ἐπιδεές ἦν ὀργάνου σχεῖν ὧ τὴν μὲν εἰς ἑαυτὸ τροφήν δέξοιτο, τὴν δὲ πρότερον ἐξικμασμένην ἀποπέμψοι πάλιν. ἀπῆει τε γὰρ οὐδὲν οὐδὲ προσήειν αὐτῷ ποθεν — οὐδὲ γὰρ ἦν — αὐτὸ γὰρ ἑαυτῷ τροφήν τὴν ἑαυτοῦ φθίσιν παρέχον καὶ πάντα ἐν ἑαυτῷ καὶ ὅφ'

[33d] ἑαυτοῦ πάσχον καὶ δρῶν ἐκ τέχνης γέγονεν: ἡγήσατο γὰρ αὐτὸ ὁ συνθείς αὐταρκες ὃν ἄμεινον ἔσεσθαι μᾶλλον ἢ προσδεῖς ἄλλων. χειρῶν δέ, αἷς οὔτε λαβεῖν οὔτε αὖ τινα ἀμύνασθαι χρεῖα τις ἦν, μάτην οὐκ ᾔετο δεῖν αὐτῷ προσάπτειν, οὐδὲ ποδῶν οὐδὲ ὅλως τῆς περὶ τὴν βάσιν

[34a] ὑπηρεσίας. κίνησιν γὰρ ἀπένειμεν αὐτῷ τὴν τοῦ σώματος οἰκείαν, τῶν ἐπτά τὴν περὶ νοῦν καὶ φρόνησιν μάλιστα οὔσαν: διὸ δὴ κατὰ ταῦτα ἐν τῷ αὐτῷ καὶ ἐν ἑαυτῷ περιαγαγὼν αὐτὸ ἐποίησε κύκλῳ κινεῖσθαι στρεφόμενον, τὰς δὲ ἐξ ἀπάσας κινήσεις ἀφείλεν καὶ ἀπλανές ἀπηργάσατο ἐκείνων. ἐπὶ δὲ τὴν περίοδον ταύτην ἅτ' οὐδὲν ποδῶν δέον ἀσκελές καὶ ἄπουν αὐτὸ ἐγέννησεν. οὗτος δὴ πάς ὄντος ἀεὶ λογισμὸς θεοῦ περὶ τὸν ποτὲ

[34b] ἐσόμενον θεὸν λογισθεὶς λείον καὶ ὁμαλὸν πανταχῇ τε ἐκ μέσου ἴσον καὶ ὅλον καὶ τέλειον ἐκ τελέων σωμάτων σῶμα ἐποίησεν: ψυχὴν δὲ εἰς τὸ μέσον αὐτοῦ θείας διὰ παντός τε ἔτεινεν καὶ ἐπὶ ἔξωθεν τὸ σῶμα αὐτῇ περιεκάλυπεν, καὶ κύκλῳ δὴ κύκλον στρεφόμενον οὐρανὸν ἕνα μόνον ἔρημον κατέστησεν, δι' ἀρετὴν δὲ

[34c] οὕτως ἐμηχανήσατο καὶ ὁ θεὸς νεωτέραν — οὐ γὰρ ἂν ἄρχεσθαι πρεσβύτερον ὑπὸ νεωτέρου συνέρξας εἶασεν — ἀλλὰ πῶς ἡμεῖς πολλὸ μετέχοντες τοῦ προστυχόντος τε καὶ εἰκῇ ταύτῃ πῃ καὶ λέγομεν, ὁ δὲ καὶ γενέσκει καὶ ἀρετῇ προτέραν καὶ πρεσβυτέραν ψυχὴν σώματος ὥς δεσπότην καὶ ἄρξουσιν ἄρξομένου

[35a] συνεστήσατο ἐκ τῶνδὲ τε καὶ τοιῷδε τρόπῳ. τῆς ἀμερίστου καὶ αἰὶ κατὰ ταῦτα ἐχούσης οὐσίας καὶ τῆς αὐτῆς περὶ τὰ σώματα γιγνομένης μεριστῆς τρίτον ἐξ ἀμφοῖν ἐν μέσῳ συνεκεράσατο οὐσίας εἶδος, τῆς τε ταύτου φύσεως [αὐτῆς] καὶ τῆς τοῦ ἑτέρου, καὶ κατὰ ταῦτα συνέστησεν ἐν μέσῳ τοῦ τε ἀμερούς αὐτῶν καὶ τοῦ κατὰ τὰ σώματα μεριστοῦ. καὶ τρία λαβὼν αὐτὰ ὄντα συνεκεράσατο εἰς μίαν πάντα ιδέαν, τὴν θατέρου φύσιν δύσμεικτον οὖσαν εἰς ταὐτὸν συναρμόττων βίᾳ.

[35b] μειγνὺς δὲ μετὰ τῆς οὐσίας καὶ ἐκ τριῶν ποιησάμενος ἓν, πάλιν ὅλον τοῦτο μοίρας ὅσας προσήκεν διένειμεν, ἐκάστην δὲ ἓκ τε ταύτου καὶ θατέρου καὶ τῆς οὐσίας μεμειγμένην. ἤρχετο δὲ διαιρεῖν ὥδε. μίαν ἀφείλεν τὸ πρῶτον ἀπὸ παντὸς μοῖραν, μετὰ δὲ ταύτην ἀφήρει διπλασίαν ταύτης, τὴν δ' αὖ τρίτην ἡμιολίαν μὲν τῆς δευτέρας, τριπλασίαν δὲ τῆς πρώτης, τετάρτην δὲ τῆς δευτέρας διπλὴν, πέμπτην δὲ τριπλὴν τῆς

[35c] τρίτης, τὴν δ' ἕκτην τῆς πρώτης ὀκταπλασίαν, ἐβδόμην δ' ἑπτακακαιοσιπλασίαν τῆς πρώτης· μετὰ δὲ ταῦτα συνεπληροῦτο

[36a] τὰ τε διπλάσια καὶ τριπλάσια διαστήματα, μοίρας ἔτι ἐκείθεν ἀποτέμνων καὶ τιθεὶς εἰς τὸ μεταξὺ τούτων, ὥστε ἐν ἐκάστῳ διαστήματι δύο εἶναι μεσότητος, τὴν μὲν ταύτῳ μέρει τῶν ἄκρων αὐτῶν ὑπερέχουσιν καὶ ὑπερεχομένην, τὴν δὲ ἴσῳ μὲν κατ' ἀριθμὸν ὑπερέχουσιν, ἴσῳ δὲ ὑπερεχομένην. ἡμιολίων δὲ διαστάσεων καὶ ἐπιτρίτων καὶ ἐπογδῶν γενομένων ἐκ τούτων τῶν δεσμῶν ἐν ταῖς πρόσθεν διαστάσεσιν,

[48a] οὖν ἡ τοῦδε τοῦ κόσμου γένεσις ἐξ ἀνάγκης τε καὶ νοῦ συστάσεως ἐγεννήθη· νοῦ δὲ ἀνάγκης ἄρχοντος τῷ πείθειν αὐτὴν τῶν γιγνομένων τὰ πλείστα ἐπὶ τὸ βέλτιστον ἄγειν, ταύτῃ κατὰ ταυτὰ τε δι' ἀνάγκης ἡττωμένης ὑπὸ πειθοῦς ἔμφορος οὕτω κατ' ἀρχὰς συνίστατο τόδε τὸ πᾶν. εἴ τις οὖν ἢ γέγονεν κατὰ ταῦτα ὄντως ἐρεῖ, μεικτέον καὶ τὸ τῆς πλανωμένης εἵδος αἰτίας, ἢ φέρειν ἐφέυκεν· ὧδε οὖν πάλιν

[48e] ἐπικαλεσάμενοι πάλιν ἀρχώμεθα λέγειν. ἡ δ' οὖν αὐθις ἀρχὴ περὶ τοῦ παντὸς ἔστω μειζόνως τῆς πρόσθεν διηρημένη: τότε μὲν γὰρ δύο εἶδη διειλόμεθα, νῦν δὲ τρίτον ἄλλο γένος ἡμῖν δηλωτέον. τὰ μὲν γὰρ δύο ἱκανὰ ἦν ἐπὶ τοῖς ἔμπροσθεν λεχθεῖσιν, ἓν μὲν ὡς παραδείγματος εἶδος ὑποτεθέν, νοητὸν καὶ ἀεὶ κατὰ ταῦτα ὄν, μίμημα δὲ

[49a] παραδείγματος δεύτερον, γένεσιν ἔχον καὶ ὁρατόν. τρίτον δὲ τότε μὲν οὐ διειλόμεθα, νομίσαντες τὰ δύο ἔξιν ἱκανῶς: νῦν δὲ ὁ λόγος ἔοικεν εἰσαναγκάζειν χαλεπὸν καὶ ἀμυδρὸν εἶδος ἐπιχειρεῖν λόγοις ἐμφανίσει. τίν' οὖν ἔχον δύναμιν καὶ φύσιν αὐτὸ ὑποληπτέον; τοιάνδε μάλιστα: πάσης εἶναι γενέσεως ὑποδοχὴν αὐτὴν οἶον τιθήνην. εἴρηται μὲν οὖν τάληθές, δεῖ δὲ ἐναργέστερον εἰπεῖν περὶ αὐτοῦ, χαλεπὸν

[49b] δὲ ἄλλως τε καὶ διότι προαπορηθῆναι περὶ πυρὸς καὶ τῶν μετὰ πυρὸς ἀναγκαίων τούτου χάριν: τούτων γὰρ εἰπεῖν ἕκαστον ὁποῖον ὄντως ὕδωρ χρὴ λέγειν μᾶλλον ἢ πῦρ, καὶ ὁποῖον ὅτιοῦν μᾶλλον ἢ καὶ ἅπαντα καθ' ἕκαστόν τε, οὕτως ὥστε τινὶ πιστῶ καὶ βεβαίῳ χρήσασθαι λόγῳ, χαλεπόν. πῶς οὖν δὴ τοῦτ' αὐτὸ καὶ πῇ καὶ τί περὶ αὐτῶν εἰκότως διαπορηθέντες ἂν λέγοιμεν; πρῶτον μὲν, ὃ δὴ νῦν ὕδωρ ὠνομάκαμεν, πηγνύμενον ὡς δοκούμεν λίθους καὶ γῆν γιγνόμενον

[50b] τί ποτ' ἐστί, μακρῷ πρὸς ἀλήθειαν ἀσφαλέστατον εἰπεῖν ὅτι χρυσός, τὸ δὲ τρίγωνον ὅσα τε ἄλλα σχήματα ἐνεγίγνετο, μηδέποτε λέγειν ταῦτα ὥς ὄντα, ἃ γε μεταξὺ τιθεμένου μεταπίπτει, ἀλλ' ἐὰν ἄρα καὶ τὸ τοιοῦτον μετ' ἀσφαλείας ἐθέλη δέχεσθαί τινος, ἀγαπᾶν. ὁ αὐτὸς δὲ λόγος καὶ περὶ τῆς τὰ πάντα δεχομένης σώματα φύσεως.

ταὐτὸν αὐτὴν αἰεὶ προσρητέον· ἐκ γὰρ τῆς ἑαυτῆς τὸ παράπαν οὐκ ἐξίσταται δυνάμεως — δέχεται τε γὰρ αἰεὶ τὰ πάντα, καὶ

[50c] μορφήν οὐδεμίαν ποτὲ οὐδενὶ τῶν εἰσιόντων ὁμοίαν εἴληφεν οὐδαμῇ οὐδαμῶς· ἐκμαγεῖον γὰρ φύσει παντὶ κεῖται, κινούμενόν τε καὶ διασχηματιζόμενον ὑπὸ τῶν εἰσιόντων, φαίνεται δὲ δι’ ἐκεῖνα ἄλλοτε ἄλλοιον — τὰ δὲ εἰσιόντα καὶ ἐξιόντα τῶν ὄντων αἰεὶ μιμήματα, τυπωθέντα ἀπ’ αὐτῶν τρόπον τινὰ δύσφραστον καὶ θαυμαστόν, ὃν εἰς αὐθις μέτιμεν. ἐν δ’ οὖν τῷ παρόντι χρὴ γένη διανοηθῆναι τριττά, τὸ μὲν

[51a] ταὐτὸν οὖν καὶ τῷ τὰ τῶν πάντων αἰεὶ τε ὄντων κατὰ πᾶν ἑαυτοῦ πολλάκις ἀφομοιώματα καλῶς μέλλοντι δέχεσθαι πάντων ἐκτὸς αὐτῷ προσήκει πεφυκέναι τῶν εἰδῶν. διὸ δὴ τὴν τοῦ γεγονότος ὁρατοῦ καὶ πάντως αἰσθητοῦ μητέρα καὶ ὑποδοχὴν μήτε γῆν μήτε ἀέρα μήτε πῦρ μήτε ὕδωρ λέγωμεν, μήτε ὅσα ἐκ τούτων μήτε ἐξ ὧν ταῦτα γέγονεν· ἀλλ’ ἀνόρατον εἰδὸς τι καὶ ἄμορφον, πανδεχές, μεταλαμβάνον

[51b] δὲ ἀπορώτατά πη τοῦ νοητοῦ καὶ δυσαλωτότατον αὐτὸ

λέγοντες οὐ ψευδόμεθα. καθ' ὅσον δ' ἐκ τῶν προειρημένων δυνατόν ἐφικνεῖσθαι τῆς φύσεως αὐτοῦ, τηδ' ἂν τις ὀρθότατα λέγοι: πῦρ μὲν ἐκάστοτε αὐτοῦ τὸ πεπυρωμένον μέρος φαίνεσθαι, τὸ δὲ ὑγρανθὲν ὕδωρ, γῆν τε καὶ ἀέρα καθ' ὅσον ἂν μιμήματα τούτων δέχεται. λόγῳ δὲ δὴ μᾶλλον τὸ τοιόνδε διοριζομένους περὶ αὐτῶν διασκεπτέον: ἄρα ἔστιν τι πῦρ αὐτὸ ἐφ' ἑαυτοῦ καὶ πάντα περὶ ὧν ἀεὶ λέγομεν οὕτως

[51c] αὐτὰ καθ' αὐτὰ ὄντα ἕκαστα, ἢ ταῦτα ἅπερ καὶ βλέπομεν, ὅσα τε ἄλλα διὰ τοῦ σώματος αἰσθανόμεθα, μόνα ἐστὶν τοιαύτην ἔχοντα ἀλήθειαν, ἄλλα δὲ οὐκ ἔστι παρὰ ταῦτα οὐδαμῇ οὐδαμῶς, ἀλλὰ μάτην ἐκάστοτε εἶναί τί φαμεν εἶδος ἐκάστου νοητόν, τὸ δ' οὐδὲν ἄρ' ἦν πλὴν λόγος; οὔτε οὖν δὴ τὸ παρὸν ἄκριτον καὶ ἀδίκαστον ἀφέντα ἄξιον φάναι δισχυριζόμενον ἔχειν οὕτως, οὔτ' ἐπὶ λόγου μήκει πάρεργον

[51d] ἄλλο μῆκος ἐπεμβλητέον: εἰ δέ τις ὅρος ὀρισθεὶς μέγας διὰ βραχέων φανείη, τοῦτο μάλιστα ἐγκαιριώτατον γένοιτ' ἂν. ὥδε οὖν τήν γ' ἐμὴν αὐτὸς τίθεμαι ψήφον. εἰ μὲν νοῦς καὶ δόξα ἀληθῆς ἐστον δύο γένη, παντάπασιν εἶναι καθ' αὐτὰ ταῦτα, ἀναίσθητα ὑφ' ἡμῶν εἶδη, νοούμενα μόνον: εἰ δ', ὥς τισιν φαίνεται, δόξα ἀληθῆς νοῦ διαφέρει τὸ μηδὲν, πάνθ' ὁπόσ' αὐτὸ διὰ τοῦ σώματος αἰσθανόμεθα θετέον βεβαιότατα.

[51e] δύο δὴ λεκτέον ἐκείνω, διότι χωρὶς γεγόνатов ἀνομοίως τε ἔχετον. τὸ μὲν γὰρ αὐτῶν διὰ διδαχῆς, τὸ δ' ὑπὸ πειθούς ἡμῖν ἐγγίγνεται: καὶ τὸ μὲν ἀεὶ+ μετ' ἀληθοῦς+ λόγου+, τὸ δὲ ἄλογον+: καὶ τὸ μὲν ἀκίνητον+ πειθοί+, τὸ δὲ μεταπειστόν+: καὶ τοῦ μὲν πάντα ἄνδρα μετέχειν φατέον, νοῦ δὲ θεοῦς, ἀνθρώπων δὲ γένος βραχύ τι. τούτων δὲ οὕτως ἐχόντων

[52a] ὁμολογητέον ἔν μὲν εἶναι τὸ κατὰ ταῦτα εἶδος ἔχον, ἀγέννητον καὶ ἀνώλεθρον, οὔτε εἰς ἑαυτὸ εἰσδεχόμενον ἄλλο ἄλλοθεν οὔτε αὐτὸ εἰς ἄλλο ποι ἰόν, ἀόρατον δὲ καὶ ἄλλως ἀναίσθητον, τοῦτο ὃ δὴ νόησις εἴληχεν ἐπισκοπεῖν: τὸ δὲ ὁμώνυμον ὁμοῖόν τε ἐκείνῳ δεύτερον, αἰσθητόν, γεννητόν, πεφορημένον ἀεὶ, γιγνόμενόν τε ἔν τινι τόπῳ καὶ πάλιν ἐκεῖθεν ἀπολλύμενον, δόξῃ μετ' αἰσθήσεως περιληπτόν: τρίτον δὲ αὐτὸ γένος ὃν τὸ τῆς χώρας ἀεὶ, φθορὰν οὐ προσδεχόμενον,

[52b] ἔδραν δὲ παρέχον ὅσα ἔχει γένεσιν πάσιν, αὐτὸ δὲ μετ' ἀναισθησίας ἀπτόν λογισμῷ τινι νόθῳ, μόγις πιστόν, πρὸς ὃ δὴ καὶ ὄνειροπολοῦμεν βλέποντες καὶ φαμεν ἀναγκαῖον εἶναί που τὸ ὄν ἅπαν ἔν τινι τόπῳ καὶ κατέχον χώραν τινά, τὸ δὲ μήτ' ἐν γῇ μήτε που κατ' οὐρανὸν οὐδὲν εἶναι. ταῦτα δὴ πάντα καὶ τούτων ἄλλα ἀδελφὰ καὶ περὶ τὴν ἄπνυν καὶ ἀληθῶς φύσιν ὑπάρχουσιν ὑπὸ ταύτης τῆς ὄνειρώξεως

[52c] οὐ δυνατοὶ γιγνώμεθα ἐγερθέντες διοριζόμενοι τὰληθὲς λέγειν, ὥς εἰκόνι μὲν, ἐπεὶπερ οὐδ' αὐτὸ τοῦτο ἐφ' ᾧ γέγονεν ἑαυτῆς ἐστίν, ἐτέρου δὲ τινος ἀεὶ φέρεται φάντασμα, διὰ ταῦτα ἐν ἐτέρῳ προσήκει τινὶ γίγνεσθαι, οὐσίας ἀμωσγέπως ἀντεχομένην, ἢ μηδὲν τὸ παράπαν αὐτὴν εἶναι, τῷ δὲ ὄντως ὄντι βοηθὸς ὁ δι' ἀκριβείας ἀληθὲς λόγος, ὥς ἔως ἂν τι τὸ μὲν ἄλλο ἦ, τὸ δὲ ἄλλο, οὐδέτερον ἐν οὐδετέρῳ ποτὲ γενόμενον

[52d] ἐν ἅμα ταῦτόν καὶ δύο γενήσεσθον. οὗτος μὲν οὖν δὴ παρὰ τῆς ἐμῆς ψήφου λογισθεὶς ἐν κεφαλαίῳ δεδόσθω λόγος, ὃν τε καὶ χώραν καὶ γένεσιν εἶναι, τρία τριχῇ, καὶ πρὶν οὐρανὸν γενέσθαι: τὴν δὲ δὴ γενέσεως τιθήνην ὑγραينوμένην καὶ πυρουμένην καὶ τὰς γῆς τε καὶ ἀέρος μορφὰς δεχομένην, καὶ ὅσα ἄλλα τούτοις πάθῃ συνέπεται

[52e] πάσχουσιν, παντοδαπὴν μὲν ἰδεῖν φαίνεσθαι, διὰ δὲ τὸ μῆθ' ὁμοίων δυνάμεων μήτε ἰσορρόπων ἐμπίμπλασθαι κατ' οὐδὲν αὐτῆς ἰσορροπεῖν, ἀλλ' ἀνωμάλως πάντῃ ταλαντομένην σειέσθαι μὲν ὑπ' ἐκείνων αὐτὴν, κινουμένην δ' αὖ πάλιν ἐκεῖνα σειεῖν: τὰ δὲ κινούμενα ἄλλα ἄλλοσε ἀεὶ φέρεσθαι διακρινόμενα, ὥσπερ τὰ ὑπὸ τῶν πλοκάνων τε καὶ ὀργάνων τῶν περὶ τὴν τοῦ σίτου κάθαρσιν σειόμενα καὶ

[53a] ἀνικμώμενα τὰ μὲν πυκνὰ καὶ βαρέα ἄλλη, τὰ δὲ μανὰ καὶ κούφα εἰς ἑτέραν ἵζει φερόμενα ἔδραν: τότε οὕτω τὰ τέτταρα γένῃ σειόμενα ὑπὸ τῆς δεξαμενῆς, κινουμένης αὐτῆς οἶον ὀργάνου σεισμὸν παρέχοντος, τὰ μὲν ἀνομοιότατα πλείστον αὐτὰ ἀφ' αὐτῶν ὀρίζειν, τὰ δὲ ὁμοιότατα μάλιστα εἰς ταῦτόν συνωθεῖν, διὸ δὴ καὶ χώραν ταῦτα ἄλλα ἄλλην ἴσχειν, πρὶν καὶ τὸ πᾶν ἐξ αὐτῶν διακοσμηθὲν γενέσθαι. καὶ τὸ μὲν δὴ πρὸ τούτου πάντα ταῦτ' εἶχεν ἀλόγως καὶ ἀμέτρως:

[53b] ὅτε δ' ἐπεχειρεῖτο κοσμεῖσθαι τὸ πᾶν, πῦρ πρῶτον καὶ ὕδωρ καὶ γῆν καὶ ἀέρα, ἵχνη μὲν ἔχοντα αὐτῶν ἅττα, παντάπασί γε μὴν διακείμενα ὥσπερ εἰκὸς ἔχειν ἅπαν ὅταν ἀπῇ τινος θεός, οὕτω δὴ τότε πεφυκότα ταῦτα πρῶτον διεσχηματίσατο εἶδεσί τε καὶ ἀριθμοῖς. τὸ δὲ ἢ δυνατόν ὡς κάλλιστα ἄριστα τε ἐξ οὐχ οὕτως ἐχόντων τὸν θεὸν αὐτὰ συνιστάναι, παρὰ πάντα ἡμῖν ὡς ἀεὶ τοῦτο λεγόμενον ὑπαρχέτω: νῦν δ' οὖν τὴν διάταξιν αὐτῶν ἐπιχειρητέον ἐκάστων καὶ γένεσιν

[53c] ἀήθει λόγῳ πρὸς ὑμᾶς δηλοῦν, ἀλλὰ γὰρ ἐπεὶ μετέχετε τῶν κατὰ παιδευσιν ὁδῶν δι' ὧν ἐνδείκνυσθαι τὰ λεγόμενα ἀνάγκη, συνέψεσθε. πρῶτον μὲν δὴ πῦρ καὶ γῆ καὶ ὕδωρ καὶ ἀήρ ὅτι σώματά ἐστι, δηλὸν που καὶ παντί: τὸ δὲ τοῦ σώματος εἶδος πᾶν καὶ βάθος ἔχει. τὸ δὲ βάθος αὐτὰ πάντα ἀνάγκη τὴν ἐπίπεδον περιεληφέναι φύσιν: ἡ δὲ ὀρθὴ τῆς ἐπιπέδου βάσεως ἐκ τριγώνων συνέστηκεν. τὰ δὲ τρίγωνα πάντα ἐκ δυοῖν ἄρχεται

[53d] τριγώνοιν, μίαν μὲν ὀρθὴν ἔχοντος ἐκατέρου γωνίαν, τὰς δὲ ὀξείας: ὧν τὸ μὲν ἕτερον ἐκατέρωθεν ἔχει μέρος γωνίας ὀρθῆς πλευραῖς ἴσαις διηρημένης, τὸ δ' ἕτερον ἀνίσοις ἄνισα μέρη νενεμημένης. ταύτην δὴ πυρὸς ἀρχὴν καὶ τῶν ἄλλων σωμάτων ὑποτιθέμεθα κατὰ τὸν μετ' ἀνάγκης εἰκότα λόγον πορευόμενοι: τὰς δ' ἔτι τούτων ἀρχὰς ἄνωθεν θεὸς οἶδεν καὶ ἀνδρῶν ὃς ἂν ἐκείνῳ φίλος ἦ. δεῖ δὴ λέγειν ποῖα

[53e] κάλλιστα σώματα γένοιν' ἂν τέτταρα, ἀνόμοια μὲν ἑαυτοῖς, δυνατὰ δὲ ἐξ ἀλλήλων αὐτῶν ἅττα διαλυόμενα γίγνεσθαι: τούτου γὰρ τυχόντες ἔχομεν τὴν ἀλήθειαν γενέσεως περὶ γῆς τε καὶ πυρὸς τῶν τε ἀνὰ λόγον ἐν μέσῳ. τόδε γὰρ οὐδενὶ συγχωρησόμεθα, καλλίω τούτων ὁρώμενα σώματα εἶναι που καθ' ἐν γένος ἕκαστον ὄν. τοῦτ' οὖν προθυμητέον, τὰ διαφέροντα κάλλει σωμάτων τέτταρα γένη συναρμόσασθαι καὶ φάναι τὴν τούτων ἡμᾶς φύσιν ἱκανῶς εἰληφέναι.

[54a] τοῖν δὴ δυοῖν τριγώνοιν τὸ μὲν ἰσοσκελεὲς μίαν εἴληχεν φύσιν, τὸ δὲ πρόμηκες ἀπεράντους: προαιρετέον οὖν αὖ τῶν ἀπείρων τὸ κάλλιστον, εἰ μέλλομεν ἄρξασθαι κατὰ τρόπον. ἂν οὖν τις ἔχη κάλλιον ἐκλεξάμενος εἰπεῖν εἰς τὴν τούτων σύστασιν, ἐκεῖνος οὐκ ἐχθρὸς ὧν ἀλλὰ φίλος κρατεῖ: τιθέμεθα δ' οὖν τῶν πολλῶν τριγώνων

[54b] διότι δέ, λόγος πλείων: ἀλλὰ τῷ τουτο ἐλέγξαντι καὶ ἀνευρόντι δὴ οὕτως ἔχον κεῖται φίλια τὰ ἄθλα. προηγήσθω δὴ δύο τρίγωνα ἐξ ὧν τό τε τοῦ πυρὸς καὶ τὰ τῶν ἄλλων σώματα μεμηχάνηται, τὸ μὲν ἰσοσκελές, τὸ δὲ τριπλὴν κατὰ δύναμιν ἔχον τῆς ἐλάττονος τὴν μείζω πλευρὰν ἀεί. τὸ δὴ πρόσθεν ἀσαφῶς ῥηθὲν νῦν μᾶλλον διοριστέον. τὰ γὰρ τέτταρα γένη δι' ἀλλήλων εἰς ἀλλήλα ἐφαίνετο πάντα γένεσιν ἔχειν, οὐκ ὀρθῶς φανταζόμενα: γίγνεται μὲν γὰρ ἐκ

[54c] τῶν τριγώνων ὧν προηγήμεθα γένη τέτταρα, τρία μὲν ἐξ ἑνὸς τοῦ τὰς πλευρὰς ἀνίσους ἔχοντος, τὸ δὲ τέταρτον ἓν μόνον ἐκ τοῦ ἰσοσκελοῦς τριγώνου συναρμοσθέν. οὐκ οὖν δυνατὰ πάντα εἰς ἀλλήλα διαλυόμενα ἐκ πολλῶν σμικρῶν ὀλίγα μεγάλα καὶ τούναντίον γίνεσθαι, τὰ δὲ τρία οἷον τε: ἐκ γὰρ ἑνὸς ἅπαντα πεφυκότα λυθέντων τε τῶν μειζόνων πολλὰ σμικρὰ ἐκ τῶν αὐτῶν συστήσεται, δεχόμενα τὰ προσήκοντα ἑαυτοῖς σχήματα, καὶ σμικρὰ ὅταν αὐτὰ πολλὰ κατὰ

[54d] τὰ τρίγωνα διασπαρῇ, γενόμενος εἰς ἀριθμὸς ἑνὸς ὄγκου μέγα ἀποτελέσειεν ἂν ἄλλο εἶδος ἓν. ταῦτα μὲν οὖν λελέχθω περὶ τῆς εἰς ἀλλήλα γενέσεως: οἷον δὲ ἕκαστον αὐτῶν γέγονεν εἶδος καὶ ἐξ ὧν συμπεσόντων ἀριθμῶν, λέγειν ἂν ἐπόμενον εἴη. ἄρξει δὴ τό τε πρῶτον εἶδος καὶ σμικρότατον συνιστάμενον, στοιχείον δ' αὐτοῦ τὸ τὴν ὑποτείνουσαν τῆς ἐλάττονος πλευρὰς διπλασίαν ἔχον μήκει: σύνδυο δὲ τοιούτων κατὰ διάμετρον συντιθεμένων καὶ τρεῖς τούτου

[54e] γενομένου, τὰς διαμέτρους καὶ τὰς βραχείας πλευρὰς εἰς ταῦτόν ὡς κέντρον ἔρεισάντων, ἓν ἰσόπλευρον τρίγωνον ἐξ ἑξ τὸν ἀριθμὸν ὄντων γέγονεν. τρίγωνα δὲ ἰσόπλευρα συνιστάμενα τέτταρα κατὰ σύντριες ἐπιπέδους γωνίας μίαν στερεὰν

[55a] γωνίαν ποιεῖ, τῆς ἀμβλυτάτης τῶν ἐπιπέδων γωνιῶν ἐφεξῆς γεγонуῖαν: τοιούτων δὲ ἀποτελεσθεισῶν τεττάρων πρῶτον εἶδος στερεόν, ὅλου περιφεροῦς διανεμητικὸν εἰς ἴσα μέρη καὶ ὅμοια, συνίσταται. δεύτερον δὲ ἐκ μὲν τῶν αὐτῶν τριγώνων, κατὰ δὲ ἰσόπλευρα τρίγωνα ὀκτὼ συστάντων, μίαν ἀπεργασαμένων στερεὰν

γωνίαν ἐκ τεττάρων ἐπιπέδων: καὶ γενομένων ἕξ τοιούτων τὸ δεύτερον αὐτῷ σώμα οὕτως ἔσχεν τέλος. τὸ δὲ τρίτον ἐκ δις ἑξήκοντα τῶν στοιχείων συμπαγόντων,

[55b] στερεῶν δὲ γωνιῶν δώδεκα, ὑπὸ πέντε ἐπιπέδων τριγώνων ἰσοπλεύρων περιεχομένης ἐκάστης, εἴκοσι βάσεις ἔχον ἰσοπλεύρους τριγώνους γέγονεν. καὶ τὸ μὲν ἕτερον ἀπήλλακτο τῶν στοιχείων ταῦτα γεννήσαν, τὸ δὲ ἰσοσκελὲς τρίγωνον ἐγέννα τὴν τοῦ τετάρτου φύσιν, κατὰ τέτταρα συνιστάμενον, εἰς τὸ κέντρον τὰς ὀρθὰς γωνίας συνάγον, ἐν ἰσόπλευρον τετράγωνον ἀπεργασάμενον: ἕξ δὲ τοιαῦτα

[55c] συμπαγόντα γωνίας ὁκτὼ στερεὰς ἀπετέλεσεν, κατὰ τρεῖς ἐπιπέδους ὀρθὰς συναρμοσθείσης ἐκάστης: τὸ δὲ σχῆμα τοῦ συστάντος σώματος γέγονεν κυβικόν, ἕξ ἐπιπέδους τετραγώνους ἰσοπλεύρους βάσεις ἔχον. ἔτι δὲ οὕσης συστάσεως μιᾷ πέμπτῃς, ἐπὶ τὸ πᾶν ὁ θεὸς αὐτῇ κατεχρήσατο ἐκεῖνο διαζωγραφῶν. ἃ δὴ τις εἰ πάντα λογιζόμενος ἐμμελῶς ἀποροῖ πότερον ἀπείρους χρὴ κόσμους εἶναι λέγειν ἢ πέρας ἔχοντας, τὸ μὲν

[55d] ἀπείρους ἡγήσαιτ' ἂν ὄντως ἀπείρου τινὸς εἶναι δόγμα ὧν ἔμπειρον χρεῶν εἶναι, πότερον δὲ ἓνα ἢ πέντε αὐτοὺς ἀληθεία πεφυκότας λέγειν ποτὲ προσήκει, μᾶλλον ἂν ταύτῃ στὰς εἰκότως διαπορήσαι. τὸ μὲν οὖν δὴ παρ' ἡμῶν ἓνα αὐτὸν κατὰ τὸν εἰκότα λόγον πεφυκότα μηνύει θεόν, ἄλλος δὲ εἰς ἄλλα πη βλέψας ἕτερα δοξάσει. καὶ τοῦτον μὲν μεθετέον, τὰ δὲ γεγονότα νῦν τῷ λόγῳ γένῃ διανείμωμεν εἰς πῦρ καὶ γῆν καὶ ὕδωρ καὶ ἀέρα. γῆ μὲν δὴ τὸ κυβικὸν εἶδος δώμεν:

[55e] ἀκίνητοτάτῃ γὰρ τῶν τεττάρων γενῶν γῆ καὶ τῶν σωμάτων πλαστικωτάτῃ, μάλιστα δὲ ἀνάγκη γεγονέναι τοιούτον τὸ τὰς βάσεις ἀσφαλεστάτας ἔχον: βάσις δὲ ἢ τε τῶν κατ' ἀρχὰς τριγώνων ὑποτεθέντων ἀσφαλεστέρα κατὰ φύσιν ἢ τῶν ἴσων πλευρῶν τῆς τῶν ἀνίσων, τό τε ἕξ ἐκατέρου συντεθὲν ἐπίπεδον ἰσόπλευρον ἰσοπλεύρου τετράγωνον τριγώνου κατὰ τε μέρη καὶ καθ' ὅλον στασιμωτέρως ἕξ ἀνάγκης βέβηκεν. Διὸ

[56a] γῆ μὲν τοῦτο ἀπονέμοντες τὸν εἰκότα λόγον διασφύζομεν, ὕδατι δ' αὖ τῶν λοιπῶν τὸ δυσκίνητότατον εἶδος, τὸ δ' εὐκίνητότατον

πυρί, τὸ δὲ μέσον ἀέρι: καὶ τὸ μὲν σμικρότατον σῶμα πυρί, τὸ δ' αὖ μέγιστον ὕδατι, τὸ δὲ μέσον ἀέρι: καὶ τὸ μὲν ὀξύτατον αὖ πυρί, τὸ δὲ δεύτερον ἀέρι, τὸ δὲ τρίτον ὕδατι. ταυτ' οὖν δὴ πάντα, τὸ μὲν ἔχον ὀλιγίστας βάσεις εὐκίνητότατον ἀνάγκη πεφυκέναι, τμητικώτατόν τε

[56b] καὶ ὀξύτατον ὃν πάντα πάντων, ἔτι τε ἐλαφρότατον, ἐξ ὀλιγίστων συνεστὸς τῶν αὐτῶν μερῶν: τὸ δὲ δεύτερον δευτέρως τὰ αὐτὰ ταυτ' ἔχειν, τρίτως δὲ τὸ τρίτον. ἔστω δὴ κατὰ τὸν ὀρθὸν λόγον καὶ κατὰ τὸν εἰκότα τὸ μὲν τῆς πυραμίδος στερεὸν γεγονὸς εἶδος πυρὸς στοιχείον καὶ σπέρμα: τὸ δὲ δεύτερον κατὰ γένεσιν εἰπωμεν ἀέρος, τὸ δὲ τρίτον ὕδατος. πάντα οὖν δὴ ταῦτα δεῖ διανοεῖσθαι σμικρὰ οὕτως, ὥς καθ'

[56c] ἐν ἑκάστῳ μὲν τοῦ γένους ἐκάστου διὰ σμικρότητα οὐδὲν ὁρώμενον ὑφ' ἡμῶν, συναθροισθέντων δὲ πολλῶν τοὺς ὄγκους αὐτῶν ὁράσθαι: καὶ δὴ καὶ τὸ τῶν ἀναλογιῶν περὶ τε τὰ πλήθη καὶ τὰς κινήσεις καὶ τὰς ἄλλας δυνάμεις πανταχῇ τὸν θεόν, ὅπηπερ ἢ τῆς ἀνάγκης ἐκούσα πεισθεῖσά τε φύσις ὑπεῖκεν, ταύτῃ πάντῃ δι' ἀκριβείας ἀποτελεσθεῖσιν ὑπ' αὐτοῦ συνηρμῶσθαι ταῦτα ἀνὰ λόγον. ἐκ δὴ πάντων ὥνπερ τὰ γένη προειρήκαμεν ὧδ' ἂν κατὰ

[56d] τὸ εἶκος μάλιστ' ἂν ἔχοι. γῆ μὲν συντυγχάνουσα πυρὶ διαλυθεῖσά τε ὑπὸ τῆς ὀξύτητος αὐτοῦ φέροιτ' ἂν, εἴτ' ἐν αὐτῷ πυρὶ λυθεῖσα εἴτ' ἐν ἀέρος εἴτ' ἐν ὕδατος ὄγκῳ τύχοι, μέχριπερ ἂν αὐτῆς πῃ συντυχόντα τὰ μέρη, πάλιν συναρμοσθέντα αὐτὰ αὐτοῖς, γῆ γένοιτο — οὐ γὰρ εἰς ἄλλο γε εἶδος ἔλθοι ποτ' ἂν — ὕδωρ δὲ ὑπὸ πυρὸς μερισθέν, εἴτε καὶ ὑπ' ἀέρος, ἐγχωρεῖ γίγνεσθαι συστάντα ἐν μὲν πυρὸς σῶμα, δύο

[56e] δὲ ἀέρος: τὰ δὲ ἀέρος τμήματα ἐξ ἐνὸς μέρους διαλυθέντος δύο ἂν γενοίσθην σώματα πυρός. καὶ πάλιν, ὅταν ἀέρι πῦρ ὕδασιν τε ἢ τινι γῇ περιλαμβανόμενον ἐν πολλοῖς ὀλίγον, κινούμενον ἐν φερομένοις, μαχόμενον καὶ νικηθὲν καταθραυσθῇ, δύο πυρὸς σώματα εἰς ἓν συνίστασθον εἶδος ἀέρος: καὶ κρατηθέντος ἀέρος κερματισθέντος τε ἐκ δυοῖν ὅλοιν καὶ ἡμίσεος ὕδατος εἶδος ἐν ὅλον ἔσται συμπαγές. ὧδε γὰρ δὴ λογισώμεθα αὐτὰ πάλιν, ὥς ὅταν ἐν πυρὶ λαμβανόμενον τῶν

[57a] ἄλλων ὑπ' αὐτοῦ τι γένος τῇ τῶν γωνιῶν καὶ κατὰ τὰς πλευρὰς ὀξύτητι τέμνηται, συστάν μὲν εἰς τὴν ἐκείνου φύσιν πέπνυται τεμνόμενον — τὸ γὰρ ὅμοιον καὶ ταὐτὸν αὐτῷ γένος ἕκαστον οὔτε τινὰ μεταβολὴν ἐμπουῆσαι δυνατόν οὔτε τι παθεῖν ὑπὸ τοῦ κατὰ ταῦτα ὁμοίως τε ἔχοντος — ἕως δ' ἂν εἰς ἄλλο τι γιγνόμενον ἦντον ὃν κρεῖττονι μάχεται, λυόμενον οὐ παύεται. τὰ τε αὖ σμικρότερα ὅταν ἐν τοῖς μείζουσιν πολλοῖς περιλαμβανόμενα

[57b] ὀλίγα διαθραυόμενα κατασβεννύηται, συνίστασθαι μὲν ἐθέλοντα εἰς τὴν τοῦ κρατούντος ιδεάν πέπνυται κατασβεννύμενα γίγνεται τε ἐκ πυρὸς ἀήρ, ἐξ ἀέρος ὕδωρ: ἐὰν δ' εἰς ταῦτα ἤ καὶ τῶν ἄλλων τι συνιδὸν γενῶν μάχεται, λυόμενα οὐ παύεται, πρὶν ἢ παντάπασιν ὠθούμενα καὶ διαλυθέντα ἐκφύγῃ πρὸς τὸ συγγενές, ἢ νικηθέντα, ἐν ἐκ πολλῶν ὁμοίων τῷ κρατήσαντι γενόμενον, αὐτοῦ σύνοικον μείνῃ. Καὶ

[57c] δὴ καὶ κατὰ ταῦτα τὰ παθήματα διαμείβεται τὰς χώρας ἅπαντα: διέστηκεν μὲν γὰρ τοῦ γένους ἕκαστου τὰ πλήθη κατὰ τόπον ἴδιον διὰ τὴν τῆς δεχομένης κίνησιν, τὰ δὲ ἀνομοιούμενα ἕκαστοτε ἑαυτοῖς, ἄλλοις δὲ ὁμοιούμενα, φέρεται διὰ τὸν σεισμὸν πρὸς τὸν ἐκείνων οἷς ἂν ὁμοιωθῇ τόπον. ὅσα μὲν οὖν ἄκρατα καὶ πρῶτα σώματα διὰ τοιούτων αἰτιῶν γέγονεν: τὸ δ' ἐν τοῖς εἶδεσιν αὐτῶν ἕτερα ἐμπεφυκέναι γένη τὴν ἐκατέρου τῶν στοιχείων αἰτιατέον σύστασιν,

[57d] μὴ μόνον ἐν ἐκατέραν μέγεθος ἔχον τὸ τρίγωνον φυτεύσαι κατ' ἀρχάς, ἀλλ' ἐλάττω τε καὶ μείζω, τὸν ἀριθμὸν δὲ ἔχοντα τοσοῦτον ὅσαπερ ἂν ἦ τὰν τοῖς εἶδεσιν γένη. διὸ δὴ συμμειγνύμενα αὐτὰ τε πρὸς αὐτὰ καὶ πρὸς ἄλληλα τὴν ποικιλίαν ἐστὶν ἄπειρα: ἥς δὴ δεῖ θεωροῦς γίνεσθαι τοὺς μέλλοντας περὶ φύσεως εἰκότι λόγῳ χρῆσεσθαι. κινήσεως οὖν στάσεώς τε πέρι, τίνα τρόπον καὶ μεθ' ὧντινων γίνεσθον, εἰ μή τις διομολογήσεται, πόλλ' ἂν εἴη

[57e] ἐμποδὼν τῷ κατόπισθεν λογισμῷ. τὰ μὲν οὖν ἤδη περὶ αὐτῶν εἴρηται, πρὸς δ' ἐκείνοις ἔτι τάδε, ἐν μὲν ὁμαλότητι μηδέποτε ἐθέλειν κίνησιν ἐνεῖναι. τὸ γὰρ κινησόμενον ἄνευ τοῦ κινήσοντος ἢ τὸ κινήσον ἄνευ τοῦ κινησομένου χαλεπὸν, μᾶλλον δὲ ἀδύνατον, εἶναι: κίνησις δὲ οὐκ ἔστιν τούτων ἀπόντων, ταῦτα δὲ ὁμαλὰ εἶναι

ποτε αδύνατον. οὕτω δὴ στάσιν μὲν ἐν ὁμαλότητι, κίνησιν δὲ εἰς ἀνωμαλότητα ἀεὶ

[58a] τιθώμεν: αἰτία δὲ ἀνισότης αὐτῆς τῆς ἀνωμάλου φύσεως. ἀνισότητος δὲ γένεσιν μὲν διεληλύθαμεν: πῶς δὲ ποτε οὐ κατὰ γένη διαχωρισθέντα ἕκαστα πέπαιται τῆς δι' ἀλλήλων κινήσεως καὶ φορᾶς, οὐκ εἶπομεν. ὥδε οὖν πάλιν ἐροῦμεν. ἢ τοῦ παντὸς περιόδου, ἐπειδὴ συμπεριέλαβεν τὰ γένη, κυκλοτερῆς οὕσα καὶ πρὸς αὐτὴν πεφυκυῖα βούλεσθαι συνιέναι, σφίγγει πάντα καὶ κενὴν χώραν οὐδεμίαν ἐκλείπεσθαι. Διὸ

[58b] δὴ πῦρ μὲν εἰς ἅπαντα διελήλυθε μάλιστα, ἀήρ δὲ δεύτερον, ὥς λεπτότητι δεύτερον ἔφυ, καὶ τᾶλλα ταύτη: τὰ γὰρ ἐκ μεγίστων μερῶν γεγονότα μεγίστην κενότητα ἐν τῇ συστάσει παραλέλοιπεν, τὰ δὲ σμικρότατα ἐλαχίστην. ἢ δὴ τῆς πηλύσεως σύνοδος τὰ σμικρὰ εἰς τὰ τῶν μεγάλων διάκενα συνωθεῖ. σμικρῶν οὖν παρὰ μεγάλα τιθεμένων καὶ τῶν ἐλαττόνων τὰ μείζονα διακρινόντων, τῶν δὲ μειζόνων ἐκεῖνα συγκρινόντων, πάντ' ἄνω κάτω μεταφέρεται πρὸς τοὺς ἑαυτῶν τόπους:

[58c] μεταβάλλον γὰρ τὸ μέγεθος ἕκαστον καὶ τὴν τόπων μεταβάλλει στάσιν. οὕτω δὴ διὰ ταυτὰ τε ἢ τῆς ἀνωμαλότητος διασφωζομένη γένεσις ἀεὶ τὴν ἀεὶ κίνησιν τούτων οὕσαν ἐσομένην τε ἐνδελεχῶς παρέχεται. μετὰ δὴ ταῦτα δεῖ νοεῖν ὅτι πυρὸς τε γένη πολλὰ γέγονεν, οἷον φλόξ τό τε ἀπὸ τῆς φλογὸς ἀπῖόν, ὃ κάει μὲν οὐ, φῶς δὲ τοῖς ὀμμασιν παρέχει, τό τε φλογὸς ἀποσβεσθείσης ἐν

[58e] δὲ ἐκ μεγάλων καὶ ὁμαλῶν στασιμώτερον μὲν ἐκείνου καὶ βαρὺ πεπηγὸς ὑπὸ ὁμαλότητός ἐστιν, ὑπὸ δὲ πυρὸς εἰσιόντος καὶ

[59b] ὅσα χυτὰ προσείπομεν ὕδατα, τὸ μὲν ἐκ λεπτοτάτων καὶ ὁμαλωτάτων πυκνότατον γιγνόμενον, μονοειδὲς γένος, στίλβοντι καὶ ξανθῷ χρώματι κοινωθέν, τιμαλφέστατον κτήμα χρυσὸς ἡθημένος διὰ πέτρας ἐπάγη· χρυσοῦ δὲ ὄζος, διὰ πυκνότητα σκληρότατον ὄν καὶ μελανθέν, ἀδάμας ἐκλήθη. τὸ δ' ἐγγὺς μὲν χρυσοῦ τῶν μερῶν, εἶδη δὲ πλείονα ἐνὸς ἔχον, πυκνότητι δέ, τῇ μὲν χρυσοῦ πυκνότερον ὄν, καὶ γῆς μόριον ὀλίγον καὶ λεπτὸν μετασχόν, ὥστε σκληρότερον εἶναι, τῷ

[72e] τὸ δ' ἐξῆς δὴ τούτοιςιν κατὰ ταῦτὰ μεταδιωκτέον: ἦν δὲ τὸ τοῦ σώματος ἐπίλοιπον ἢ γέγονεν. ἐκ δὴ λογισμοῦ τοιούδε συνίστασθαι μάλιστ' ἂν αὐτὸ πάντων πρέποι. τὴν ἐσομένην ἐν ἡμῖν ποτῶν καὶ ἐδεστῶν ἀκολασίαν ἥδεσαν οἱ συντιθέντες ἡμῶν τὸ γένος, καὶ ὅτι τοῦ μετρίου καὶ ἀναγκαίου διὰ μαργότητα πολλῷ χρησοίμεθα πλέονι: ἵν' οὖν μὴ φθορὰ διὰ νόσους ὀξεῖα γίγνοιτο καὶ ἀτελὲς τὸ γένος εὐθύς

[73b] τὸ δὲ ὁστῶν καὶ σαρκῶν καὶ τῆς τοιαύτης φύσεως περὶ πάσης ὥδε ἔσχεν. τούτοις σύμπασιν ἀρχὴ μὲν ἡ τοῦ μυελοῦ γένεσις: οἱ γὰρ τοῦ βίου δεσμοί, τῆς ψυχῆς τῷ σώματι συνδουμένης, ἐν τούτῳ διαδόμενοι κατερρίζουν τὸ θνητὸν γένος: αὐτὸς δὲ ὁ μυελὸς γέγονεν ἐξ ἄλλων. τῶν γὰρ τριγώνων ὅσα πρῶτα ἀστραβῇ καὶ λεία ὄντα πῦρ τε καὶ ὕδωρ καὶ ἀέρα καὶ γῆν δι' ἀκριβείας μάλιστα ἦν παρασχεῖν δυνατά, ταῦτα ὁ θεὸς ἀπὸ τῶν ἑαυτῶν ἕκαστα γενῶν χωρὶς

[73c] ἀποκρίνων, μειγνὺς δὲ ἀλλήλοις σύμμετρα, πανσπερμίαν παντὶ θνητῷ γένει μηχανώμενος, τὸν μυελὸν ἐξ αὐτῶν ἀπηργάσατο, καὶ μετὰ ταῦτα δὴ φυτεύων ἐν αὐτῷ κατέδει τὰ τῶν ψυχῶν γένη,

[106a] Τίμαιος

ὥς ἄσμενος, ὃ Σώκρατες, οἷον ἐκ μακρᾶς ἀναπεπαυμένος ὁδοῦ, νῦν οὕτως ἐκ τῆς τοῦ λόγου διαπορείας ἀγαπητῶς ἀπήλλαγμαi. τῷ δὲ πρὶν μὲν πάλαι ποτ' ἔργω, νῦν δὲ λόγοις ἄρτι θεῶ γεγονότι προσεύχομαι, τῶν ῥηθέντων ὅσα μὲν ἐρρήθη μετρίως, σωτηρίαν ἡμῖν αὐτὸν αὐτῶν

[106b] διδόναι, παρὰ μέλος δὲ εἴ τι περὶ αὐτῶν ἄκοντες εἵπομεν, δίκην τὴν πρέπουσαν ἐπιτιθέναι. δίκη δὲ ὀρθὴ τὸν πλημμελοῦντα ἐμμελῇ ποιεῖν: ἴν' οὖν τὸ λοιπὸν τοὺς περὶ θεῶν γενέσεως ὀρθῶς λέγωμεν λόγους, φάρμακον ἡμῖν αὐτὸν τελεώτατον καὶ ἄριστον φαρμάκων ἐπιστήμην εὐχόμεθα διδόναι, προσευξάμενοι δὲ παραδίδομεν κατὰ τὰς ὁμολογίας Κριτία τὸν ἐξῆς λόγον.

Κριτίας

ἀλλ', ὦ Τίμαιε, δέχομαι μὲν, ᾧ δὲ καὶ σὺ κατ'

[106c] ἀρχὰς ἐχρήσω, συγγνώμην αἰτούμενος ὥς περὶ μεγάλων μέλλων λέγειν, ταῦτόν καὶ νῦν ἐγὼ τοῦτο παραιτοῦμαι,

[107a] μειζόνως δὲ αὐτοῦ τυχεῖν ἔτι μᾶλλον ἀξιῶ περὶ τῶν μελλόντων ῥηθήσεσθαι. καίτοι σχεδὸν μὲν οἶδα παραίτησιν εὖ μάλα φιλότιμον καὶ τοῦ δέοντος ἀγροικότεραν μέλλων παραιτεῖσθαι, ῥητέον δὲ ὅμως. ὥς μὲν γὰρ οὐκ εὖ τὰ παρὰ σοῦ λεχθέντα εἴρηται, τίς ἂν ἐπιχειρήσειεν ἔμφρων λέγειν; ὅτι δὲ τὰ ῥηθησόμενα πλείονος συγγνώμης δεῖται χαλεπώτερα ὄντα, τοῦτο πειρατέον πῇ διδάξαι. περὶ θεῶν γάρ, ὦ Τίμαιε, λέγοντά τι πρὸς ἀνθρώπους δοκεῖν ἱκανῶς

[107b] λέγειν ῥᾶον ἢ περὶ θνητῶν πρὸς ἡμᾶς. ἡ γὰρ ἀπειρία καὶ σφόδρα ἄγνοια τῶν ἀκουόντων περὶ ὧν ἂν οὕτως ἔχωσιν πολλήν

εὐπορίαν παρέχεσθον τῷ μέλλοντι λέγειν τι περὶ αὐτῶν: περὶ δὲ δὴ θεῶν ἴσμεν ὡς ἔχομεν. ἵνα δὲ σαφέστερον ὁ λέγω δηλώσω, τῇδὲ μοι συνεπίσπεσθε. μίμησιν μὲν γὰρ δὴ καὶ ἀπεικασίαν τὰ παρὰ πάντων ἡμῶν ῥηθέντα χρεῶν που γενέσθαι: τὴν δὲ τῶν γραφέων εἰδωλοποιίαν περὶ τὰ θεῖα τε καὶ τὰ ἀνθρώπινα σώματα γιγνομένην

[107c] ἴδωμεν ῥαστώνης τε πέρι καὶ χαλεπότητος πρὸς τὸ τοῖς ὀρῶσιν δοκεῖν ἀποχρώντως μεμιῆσθαι, καὶ κατοψόμεθα ὅτι γῆν μὲν καὶ ὄρη καὶ ποταμοὺς καὶ ὕλην οὐρανόν τε σύμπαντα καὶ τὰ περὶ αὐτὸν ὄντα καὶ ἰόντα πρῶτον μὲν ἀγαπῶμεν ἂν τίς τι καὶ βραχὺ πρὸς ὁμοιότητα αὐτῶν ἀπομιμεῖσθαι δυνατὸς ἦ, πρὸς δὲ τοῦτοις, ἅτε οὐδὲν εἰδότες ἀκριβὲς περὶ τῶν τοιούτων, οὔτε ἐξετάζομεν οὔτε ἐλέγχομεν τὰ γεγραμμένα,

[107d] σκιαγραφία δὲ ἀσαφεῖ καὶ ἀπατηλῷ χρώμεθα περὶ αὐτά: τὰ δὲ ἡμέτερα ὁπότεν τις ἐπιχειρῇ σώματα ἀπεικάζειν, ὁξέως αἰσθανόμενοι τὸ παραλειπόμενον διὰ τὴν αἰεὶ σύνοικον κατανόησιν χαλεποὶ κριταὶ γιγνόμεθα τῷ μὴ πάσας πάντως τὰς ὁμοιότητας ἀποδιδόντι. ταῦτόν δὴ καὶ κατὰ τοὺς λόγους ἰδεῖν δεῖ γιγνόμενον, ὅτι τὰ μὲν οὐράνια καὶ θεῖα ἀγαπῶμεν καὶ σμικρῶς εἰκότα λεγόμενα, τὰ δὲ θνητὰ καὶ ἀνθρώπινα ἀκριβῶς ἐξετάζομεν. ἐκ δὲ τοῦ παραχρῆμα

[107e] νῦν λεγόμενα, τὸ πρόπον ἂν μὴ δυνώμεθα πάντως ἀποδιδόναι, συγγιγνώσκειν χρεῶν: οὐ γὰρ ὡς ῥάδια τὰ θνητὰ ἀλλ' ὡς χαλεπὰ πρὸς δόξαν ὄντα ἀπεικάζειν δεῖ διανοεῖσθαι.

[108a] ταῦτα δὴ βουλόμενος ὑμᾶς ὑπομνησαι, καὶ τὸ τῆς συγγνώμης οὐκ ἔλαττον ἀλλὰ μείζον αἰτῶν περὶ τῶν μελλόντων ῥηθήσεσθαι, πάντα ταῦτα εἴρηκα, ὃ Σώκρατες. εἰ δὴ δικαίως αἰτεῖν φαίνομαι τὴν δωρεάν, ἐκόντες δίδοτε.

Σωκράτης

τί δ' οὐ μέλλομεν, ὦ Κριτία, δίδοναι; καὶ πρὸς γε ἔτι τρίτῳ δεδόσθω ταῦτόν τοῦτο Ἑρμοκράτει παρ' ἡμῶν. δῆλον γὰρ ὡς ὀλίγον ὕστερον, ὅταν αὐτὸν δέῃ λέγειν,

[108b] παραιτήσεται καθάπερ ὑμεῖς: ἴν' οὖν ἐτέραν ἀρχὴν ἐκπορίζηται καὶ μὴ τὴν αὐτὴν ἀναγκασθῇ λέγειν, ὡς ὑπαρχούσης

αὐτῷ συγγνώμης εἰς τότε οὕτω λεγέτω. προλέγω γε μὴν, ὦ φίλε Κριτία, σοὶ τὴν τοῦ θεάτρου διάνοιαν, ὅτι θαυμαστῶς ὁ πρότερος ἠυδοκίμηκεν ἐν αὐτῷ ποιητής, ὥστε τῆς συγγνώμης δεήσει τινός σοι παμπόλλης, εἰ μέλλεις αὐτὰ δυνατός γενέσθαι παραλαβεῖν.

Ερμοκράτης ταῦτόν μὴν, ὦ Σώκρατες, κάμοι παραγγέλλεις ὅπερ

[108c] τῷδε. ἀλλὰ γὰρ ἀθυμοῦντες+ ἄνδρες+ οὕπω+ τρόπαιον ἔστησαν+, ὦ Κριτία: προῖεναι τε οὖν ἐπὶ τὸν λόγον ἀνδρείως χρή, καὶ τὸν Παίωνα τε καὶ τὰς μούσας ἐπικαλούμενον τοὺς παλαιοὺς πολίτας ἀγαθοὺς ὄντας ἀναφαίνειν τε καὶ ὑμνεῖν.

Κριτίας

ὦ φίλε Ερμόκρατες, τῆς ὑστέρας τεταγμένος, ἐπίπροσθεν ἔχων ἄλλον, ἔτι θαρρεῖς. τοῦτο μὲν οὖν οἷόν ἐστιν, αὐτό σοι τάχα δηλώσει: παραμυθουμένῳ δ' οὖν καὶ [108d] παραθαρρύνοντί σοι πειστέον, καὶ πρὸς οἷς θεοῖς εἵπες τοὺς τε ἄλλους κλητέον καὶ δὴ καὶ τὰ μάλιστα Μνημοσύνην. σχεδὸν γὰρ τὰ μέγιστα ἡμῖν τῶν λόγων ἐν ταύτῃ τῇ θεῷ πάντ' ἐστίν: μνησθέντες γὰρ ἱκανῶς καὶ ἀπαγγεῖλαντες τὰ ποτε ῥηθέντα ὑπὸ τῶν ἱερέων καὶ δεῦρο ὑπὸ Σόλωνος κομισθέντα σχεδὸν οἶδ' ὅτι τῷδε τῷ θεάτρῳ δόξομεν τὰ προσήκοντα μετρίως ἀποτετελεκέναι. τοῦτ' οὖν αὐτ' ἤδη δραστέον, καὶ μελλητέον οὐδὲν ἔτι.

[108e] πάντων δὴ πρῶτον μνησθῶμεν ὅτι τὸ κεφάλαιον ἦν ἑνακισχίλια ἔτη, ἀφ' οὗ γεγωνὸς ἐμηνύθη πόλεμος τοῖς θ' ὑπὲρ Ἡρακλείας στήλας ἔξω κατοικοῦσιν καὶ τοῖς ἐντὸς πᾶσιν: ὃν δεῖ νῦν διαπεραίνειν. τῶν μὲν οὖν ἦδε ἡ πόλις ἄρξασα καὶ πάντα τὸν πόλεμον διαπολεμήσασα ἐλέγετο, τῶν δ' οἱ τῆς Ἀτλαντίδος νήσου βασιλῆς, ἦν δὴ Λιβύης καὶ Ἀσίας μεῖζω νῆσον οὖσαν ἔφαμεν εἶναι ποτε, νῦν δὲ ὑπὸ σεισμῶν δῦσαν ἄπορον πηλὸν τοῖς ἐνθένδε ἐκπλέουσιν

[109a] ἐπὶ τὸ πᾶν πέλαγος, ὥστε μηκέτι πορεύεσθαι, κωλυτὴν παρασχεῖν. τὰ μὲν δὴ πολλὰ ἔθνη βάρβαρα, καὶ ὅσα Ἑλλήνων ἦν γένη τότε, καθ' ἕκαστα ἢ τοῦ λόγου διέξοδος οἷον ἀνειλλομένη τὸ προστυχὸν ἑκασταχοῦ δηλώσει: τὸ δὲ Ἀθηναίων τε τῶν τότε καὶ τῶν ἐναντίων, οἷς διεπολέμησαν, ἀνάγκη κατ' ἀρχὰς διελθεῖν πρῶτα, τὴν

τε δύναμιν ἐκατέρων καὶ τὰς πολιτείας. αὐτῶν δὲ τούτων τὰ τῆδε ἔμπροσθεν προτιμητέον εἶπεῖν.

[109b] θεοὶ γὰρ ἅπασαν γῆν ποτε κατὰ τοὺς τόπους διελάγχανον — οὐ κατ' ἔριν: οὐ γὰρ ἂν ὀρθὸν ἔχοι λόγον θεοὺς ἀγνοεῖν τὰ πρέποντα ἐκάστοις αὐτῶν, οὐδ' αὖ γινώσκοντας τὸ μᾶλλον ἄλλοις προσῆκον τοῦτο ἐτέρους αὐτοῖς δι' ἐρίδων ἐπιχειρεῖν κτᾶσθαι — δίκης δὴ κλήροις τὸ φίλον λαγχάνοντες κατῴκιζον τὰς χώρας, καὶ κατοικίσαντες, οἷον νομῆς ποίμνια, κτήματα καὶ θρέμματα ἑαυτῶν ἡμᾶς ἔτρεφον, πλὴν οὐ σώμασι

[109c] σώματα βιαζόμενοι, καθάπερ ποιμένες κτήνη πληγῇ νέμοντες, ἀλλ' ἢ μάλιστα εὖστροφον ζῶον, ἐκ πρύμνης ἀπευθύνοντες, οἷον οἶακι πειθοῖ ψυχῆς ἐφαπτόμενοι κατὰ τὴν αὐτῶν διάνοιαν, οὕτως ἄγοντες τὸ θνητὸν πᾶν ἐκυβέρνων. ἄλλοι μὲν οὖν κατ' ἄλλους τόπους κληρουχήσαντες θεῶν ἐκεῖνα ἐκόσμου, Ἦφαιστος δὲ κοινὴν καὶ Ἀθηνᾶ φύσιν ἔχοντες, ἅμα μὲν ἀδελφὴν ἐκ ταύτου πατρός, ἅμα δὲ φιλοσοφία φιλοτεχνία τε ἐπὶ τὰ αὐτὰ ἐλθόντες, οὕτω μίαν ἄμφο λῆξιν τήνδε τὴν χώραν εἰλήχατον ὥς οἰκεῖαν καὶ πρόσφορον ἀρετῇ

[109d] καὶ φρονήσει πεφυκυῖαν, ἄνδρας δὲ ἀγαθοὺς ἐμποιήσαντες αὐτόχθονας ἐπὶ νοῦν ἔθεσαν τὴν τῆς πολιτείας τάξιν: ὧν τὰ μὲν ὀνόματα σέσσωται, τὰ δὲ ἔργα διὰ τὰς τῶν παραλαμβανόντων φθορὰς καὶ τὰ μήκη τῶν χρόνων ἠφανίσθη. τὸ γὰρ περιλειπόμενον αἰεὶ γένος, ὥσπερ καὶ πρόσθεν ἐρρήθη, κατελείπετο ὄρειον καὶ ἀγράμματον, τῶν ἐν τῇ χώρᾳ δυναστῶν τὰ ὀνόματα ἀκηκοὺς μόνον καὶ βραχέα πρὸς αὐτοῖς τῶν ἔργων. τὰ μὲν οὖν ὀνόματα τοῖς ἐκγόνοις ἐτίθεντο

[109e] ἀγαπῶντες, τὰς δὲ ἀρετὰς καὶ τοὺς νόμους τῶν ἔμπροσθεν οὐκ εἰδότες, εἰ μὴ σκοτεινὰς περὶ ἐκάστων τινὰς ἀκοάς, ἐν ἀπορίᾳ δὲ τῶν ἀναγκαίων ἐπὶ πολλὰς γενεὰς ὄντες αὐτοὶ

[110a] καὶ παῖδες, πρὸς οἷς ἠπόρουν τὸν νοῦν ἔχοντες, τούτων περὶ καὶ τοὺς λόγους ποιούμενοι, τῶν ἐν τοῖς πρόσθεν καὶ πάλαι ποτὲ γεγονότων ἡμέλουν. μυθολογία γὰρ ἀναζητήσις τε τῶν παλαιῶν μετὰ σχολῆς ἅμ' ἐπὶ τὰς πόλεις ἔρχεσθον, ὅταν ἱδητόν τις ἤδη τοῦ βίου τἀναγκαῖα κατεσκευασμένα, πρὶν δὲ οὐ. ταύτῃ δὴ τὰ τῶν παλαιῶν ὀνόματα ἄνευ τῶν ἔργων διασέσσωται. λέγω δὲ αὐτὰ τεκμαιρόμενος

ὅτι Κέκροπός τε καὶ Ερεχθέως καὶ Εριχθονίου καὶ Ερυσίχθονος

[110b] τῶν τε ἄλλων τὰ πλεῖστα ὅσα περ καὶ Θησέως τῶν ἄνω περὶ τῶν ὀνομάτων ἐκάστων ἀπομνημονεύεται, τούτων ἐκείνους τὰ πολλὰ ἐπονομάζοντας τοὺς ἱερέας Σόλων ἔφη τὸν τότε διηγέισθαι πόλεμον, καὶ τὰ τῶν γυναικῶν κατὰ τὰ αὐτά. καὶ δὴ καὶ τὸ τῆς θεοῦ σχῆμα καὶ ἄγαλμα, ὥς κοινὰ τότε ἦν τὰ ἐπιτηδεύματα ταῖς τε γυναιξὶ καὶ τοῖς ἀνδράσι τὰ περὶ τὸν πόλεμον, οὕτω κατ' ἐκείνον τὸν νόμον ὀπλισμένην τὴν θεὸν ἀνάθημα εἶναι τοῖς τότε, ἐνδειγμα ὅτι πάνθ'

[110c] ὅσα σύννομα ζῶα θήλεα καὶ ὅσα ἄρρενα, τὴν προσήκουσαν ἀρετὴν ἐκάστω γένει πᾶν κοινῇ δυνατὸν ἐπιτηδεύειν πέφυκεν. ὣκει δὲ δὴ τότε ἐν τῇδε τῇ χώρᾳ τὰ μὲν ἄλλα ἔθνη τῶν πολιτῶν περὶ τὰς δημιουργίας ὄντα καὶ τὴν ἐκ τῆς γῆς τροφήν, τὸ δὲ μάχιμον ὑπ' ἀνδρῶν θείων κατ' ἀρχὰς ἀφορισθὲν ὥκει χωρὶς, πάντα εἰς τροφήν καὶ παιδευσιν τὰ προσήκοντα ἔχον, ἴδιον μὲν αὐτῶν οὐδείς οὐδὲν κεκτημένος,

[110d] ἅπαντα δὲ πάντων κοινὰ νομίζοντες αὐτῶν, πέρα δὲ ἱκανῆς τροφῆς οὐδὲν ἀξιοῦντες παρὰ τῶν ἄλλων δέχεσθαι πολιτῶν, καὶ πάντα δὴ τὰ χθὲς λεχθέντα ἐπιτηδεύματα ἐπιτηδεύοντες, ὅσα περὶ τῶν ὑποτεθέντων ἐρρήθη φυλάκων. καὶ δὴ καὶ τὸ περὶ τῆς χώρας ἡμῶν πιθανὸν καὶ ἀληθὲς ἐλέγετο, πρῶτον μὲν τοὺς ὄρους αὐτὴν ἐν τῷ τότε ἔχειν ἀφορισμένους πρὸς τὸν Ἰσθμὸν καὶ τὸ κατὰ τὴν ἄλλην ἡπειρον μέχρι τοῦ

[110e] Κιθαιρῶνος καὶ Πάρνηθος τῶν ἄκρων, καταβαίνειν δὲ τοὺς ὄρους ἐν δεξιᾷ τὴν Ὠρωπίαν ἔχοντας, ἐν ἀριστερᾷ δὲ πρὸς θαλάττης ἀφορίζοντας τὸν Ἀσωπὸν: ἀρετῇ δὲ πᾶσαν γῆν ὑπὸ τῆς ἐνθάδε ὑπερβάλλεσθαι, διὸ καὶ δυνατὴν εἶναι τότε τρέφειν τὴν χώραν στρατόπεδον πολλὸν τῶν περὶ γῆν ἀργὸν ἔργων. μέγα δὲ τεκμήριον ἀρετῆς: τὸ γὰρ νῦν αὐτῆς λείψανον ἐνάμιλλόν ἐστι πρὸς ἡντινοῦν τῷ πάμφορον εὐκαρπὸν

[111a] τε εἶναι καὶ τοῖς ζῴοις πᾶσιν εὐβοτον. τότε δὲ πρὸς τῷ κάλλει καὶ παμπλήθει ταῦτα ἔφερεν. πῶς οὖν δὴ τοῦτο πιστόν, καὶ κατὰ τί λείψανον τῆς τότε γῆς ὀρθῶς ἂν λέγοιτο; πᾶσα ἀπὸ τῆς ἄλλης ἡπείρου μακρὰ προτείνουσα εἰς τὸ πέλαγος οἷον ἄκρα κεῖται: τὸ δὴ

τῆς θαλάττης ἀγγεῖον περὶ αὐτὴν τυγχάνει πᾶν ἀγχιβαθὲς ὄν. πολλῶν οὖν γεγονότων καὶ μεγάλων κατακλυσμῶν ἐν τοῖς ἐνακισχιλίοις ἔτεσι — τοσαῦτα γὰρ πρὸς τὸν νῦν ἀπ’ ἐκείνου τοῦ χρόνου

[111b] γέγονεν ἔτη — τὸ τῆς γῆς ἐν τούτοις τοῖς χρόνοις καὶ πάθουσιν ἐκ τῶν ὑψηλῶν ἀπορρέον οὔτε χῶμα, ὥς ἐν ἄλλοις τόποις, προχοῖ λόγου ἄξιον αἰεὶ τε κύκλῳ περιρρέον εἰς βάθος ἀφανίζεται: λείπεται δὴ, καθάπερ ἐν ταῖς σμικραῖς νήσοις, πρὸς τὰ τότε τὰ νῦν οἷον νοσήσαντος σώματος ὅστ᾽, περιερρυηκυίας τῆς γῆς ὅση πείρα καὶ μαλακίη, τοῦ λεπτοῦ σώματος τῆς χώρας μόνου λειφθέντος. τότε δὲ ἀκέραιος

[111c] οὕσα τὰ τε ὄρη γηλόφους ὑψηλοὺς εἶχε, καὶ τὰ φελλέως νῦν ὀνομασθέντα+ πεδία+ πλήρη γῆς πείρας ἐκέκτητο, καὶ πολλὴν ἐν τοῖς ὄρεσιν ὕλην εἶχεν, ἥς καὶ νῦν ἔτι φανερά τεκμήρια: τῶν γὰρ ὀρῶν ἔστιν ἃ νῦν μὲν ἔχει μελίτταις μόναις τροφήν, χρόνος δ’ οὐ πάμπολυς ὅτε δένδρων ἑαυτόθεν εἰς οἰκοδομήσεις τὰς μεγίστας ἐρεψίμων τμηθέντων στεγάσματ’ ἐστὶν ἔτι σᾶ. πολλὰ δ’ ἦν ἄλλ’ ἡμερὰ ὑψηλὰ δένδρα, νομὴν δὲ βοσκήμασιν ἀμήχανον ἔφερον. καὶ δὴ καὶ

[111d] τὸ κατ’ ἐνιαυτὸν ὕδωρ ἐκαρποῦτ’ ἐκ Διός, οὐχ ὥς νῦν ἀπολλῦσα ῥέον ἀπὸ ψιλῆς τῆς γῆς εἰς θάλατταν, ἀλλὰ πολλὴν ἔχουσα καὶ εἰς αὐτὴν καταδεχομένη, τῇ κεραμίδι στεγούσῃ γῇ διαταμιευομένη, τὸ καταποθὲν ἐκ τῶν ὑψηλῶν ὕδωρ εἰς τὰ κοῖλα ἀφιεῖσα κατὰ πάντας τοὺς τόπους παρείχετο ἄφθονα κρηνῶν καὶ ποταμῶν νάματα, ὧν καὶ νῦν ἔτι ἐπὶ ταῖς πηγαῖς πρότερον οὖσαις ἱερὰ λελειμμένα ἐστὶν σημεῖα ὅτι περὶ αὐτῆς ἀληθῆ λέγεται τὰ νῦν.

[111e] τὰ μὲν οὖν τῆς ἄλλης χώρας φύσει τε οὕτως εἶχε, καὶ διεκεκόσμητο ὥς εἰκὸς ὑπὸ γεωργῶν μὲν ἀληθινῶν καὶ πραττόντων αὐτὸ τοῦτο, φιλοκάλων δὲ καὶ εὐφυῶν, γῆν δὲ ἀρίστην καὶ ὕδωρ ἀφθονώτατον ἐχόντων καὶ ὑπὲρ τῆς γῆς ὥρας μετριώτατα κεκραμένας: τὸ δ’ ἄστυ κατωκισμένον ὧδ’ ἦν ἐν τῷ τότε χρόνῳ. πρῶτον μὲν τὸ τῆς ἀκροπόλεως εἶχε

[112a] τότε οὐχ ὥς τὰ νῦν ἔχει. νῦν μὲν γὰρ μία γενομένη νῦξ ὑγρὰ διαφερόντως γῆς αὐτὴν ψιλὴν περιτήξασα πεποίηκε, σεισμῶν ἅμα

καὶ πρὸ τῆς ἐπὶ Δευκαλίωνος φθορᾶς τρίτου πρότερον ὕδατος ἐξαίσιου γενομένου: τὸ δὲ πρὶν ἐν ἑτέρῳ χρόνῳ μέγεθος μὲν ἦν πρὸς τὸν Ἡριδανὸν καὶ τὸν Ἴλισον ἀποβεβηκυῖα καὶ περιειληφυῖα ἐντὸς τὴν Πύκνα καὶ τὸν Λυκαβηττὸν ὄρον ἐκ τοῦ καταντικρὺ τῆς Πυκνὸς ἔχουσα, γεώδης δ' ἦν πᾶσα καὶ πλὴν ὀλίγον ἐπίπεδος ἄνωθεν.

[112b] ὥκειτο δὲ τὰ μὲν ἔξωθεν, ὑπ' αὐτὰ τὰ πλάγια αὐτῆς, ὑπὸ τῶν δημιουργῶν καὶ τῶν γεωργῶν ὅσοι πλησίον ἐγεώργουν: τὰ δ' ἐπάνω τὸ μάχιμον αὐτὸ καθ' αὐτὸ μόνον γένος περὶ τὸ τῆς Ἀθηνᾶς Ἡφαίστου τε ἱερὸν κατωκίηκειν, οἷον μιᾶς οἰκίας κῆπον ἐνὶ περιβόλῳ προσπεριβεβλημένοι. τὰ γὰρ πρόσβορρα αὐτῆς ὥκουν οἰκίας κοινὰς καὶ συσσίτια χειμερινὰ κατασκευασάμενοι, καὶ πάντα ὅσα πρέποντ' ἦν τῇ κοινῇ

[112c] πολιτεία δι' οἰκοδομήσεων ὑπάρχειν αὐτῶν καὶ τῶν ἱερῶν, ἄνευ χρυσοῦ καὶ ἀργύρου — τούτοις γὰρ οὐδὲν οὐδαμῶς προσεχρῶντο, ἀλλὰ τὸ μέσον ὑπερηφανίας καὶ ἀνελευθερίας μεταδιώκοντες κοσμίας ὠκοδομοῦντο οἰκῆσεις, ἐν αἷς αὐτοὶ τε καὶ ἐκγόνων ἐκγονοὶ καταγερῶντες ἄλλοις ὁμοίοις τὰς αὐτὰς ἀεὶ παρεδίδοσαν — τὰ δὲ πρὸς νότου, κήπους καὶ γυμνάσια συσσίτια τε ἀνέντες οἷα θέρους, κατεχρῶντο ἐπὶ ταῦτα αὐτοῖς. κρήνη δ' ἦν μία κατὰ τὸν τῆς νῦν ἀκροπόλεως τόπον, ἥς

[112d] ἀποσβεσθείσης ὑπὸ τῶν σεισμῶν τὰ νῦν νάματα μικρὰ κύκλῳ καταλέλειπται, τοῖς δὲ τότε πᾶσιν παρεῖχεν ἄφθονον ῥεῦμα, εὐκράς οὔσα πρὸς χειμῶνά τε καὶ θέρος. τούτῳ δὴ κατῴκουν τῷ σχήματι, τῶν μὲν αὐτῶν πολιτῶν φύλακες, τῶν δὲ ἄλλων Ἑλλήνων ἡγεμόνες ἐκόντων, πλῆθος δὲ διαφυλάττοντες ὅτι μάλιστα ταῦτ' αὐτῶν εἶναι πρὸς τὸν ἀεὶ χρόνον ἀνδρῶν καὶ γυναικῶν, τὸ δυνατόν πολεμεῖν ἤδη καὶ τὸ ἔτι, περὶ δύο

[112e] μάλιστα ὄντας μυριάδας. οὗτοι μὲν οὖν δὴ τοιοῦτοί τε ὄντες αὐτοὶ καὶ τινα τοιοῦτον ἀεὶ τρόπον τὴν τε αὐτῶν καὶ τὴν Ἑλλάδα δίκη διοικοῦντες, ἐπὶ+ πᾶσαν+ Εὐρώπην καὶ Ἀσίαν+ κατὰ τε σωμάτων κάλλη καὶ κατὰ τὴν τῶν ψυχῶν παντοίαν ἀρετὴν ἐλλόγιοι +’ τε ἦσαν καὶ ὀνομαστότατοι πάντων τῶν τότε: τὰ δὲ δὴ τῶν ἀντιπολεμησάντων αὐτοῖς οἷα ἦν ὥς τε ἀπ' ἀρχῆς ἐγένετο, μνήμης ἂν μὴ στερηθῶμεν ὧν ἔτι παῖδες ὄντες ἠκούσαμεν, εἰς τὸ μέσον αὐτὰ

[113a] τὸ δ' ἔτι βραχὺ πρὸ τοῦ λόγου δεῖ δηλῶσαι, μὴ πολλάκις ἀκούοντες Ἑλληνικὰ βαρβάρων ἀνδρῶν ὀνόματα θαυμάζετε: τὸ γὰρ αἴτιον αὐτῶν πεύσεσθε. Σόλων, ἅτ' ἐπινοῶν εἰς τὴν αὐτοῦ ποίησιν καταχρήσασθαι τῷ λόγῳ, διαπυνθανόμενος τὴν τῶν ὀνομάτων δύναμιν, ἠῦρεν τοὺς τε Αἰγυπτίους τοὺς πρώτους ἐκείνους αὐτὰ γραψαμένους εἰς τὴν αὐτῶν φωνὴν μετενηνοχότας, αὐτὸς τε αὖ πάλιν ἐκάστου τὴν διάνοιαν ὀνόματος

[113b] ἀναλαμβάνων εἰς τὴν ἡμετέραν ἄγων φωνὴν ἀπεγράφετο: καὶ ταῦτά γε δὴ τὰ γράμματα παρὰ τῷ πάππῳ τ' ἦν καὶ ἔτ' ἐστὶν παρ' ἐμοὶ νῦν, διαμεμελέτηταί τε ὑπ' ἐμοῦ παιδὸς ὄντος. ἂν οὖν ἀκούητε τοιαῦτα οἷα καὶ τῇδε ὀνόματα, μηδὲν ὑμῖν ἔστω θαῦμα: τὸ γὰρ αἴτιον αὐτῶν ἔχετε. μακροῦ δὲ δὴ λόγου τοιαύδε τις ἦν ἀρχὴ τότε. καθάπερ ἐν τοῖς πρόσθεν ἐλέχθη περὶ τῆς τῶν θεῶν λήξεως, ὅτι κατενείμαντο γῆν πᾶσαν ἔνθα μὲν μείζους

ἄρ' οὖν, ὦ Θεόδωρε, οὐ ξένον ἀλλὰ τινὰ θεὸν ἄγων κατὰ τὸν Ὅμηρου λόγον λέληθας; ὅς φησιν ἄλλους [216b] τε θεοὺς τοῖς ἀνθρώποις ὅποσοι μετέχουσιν αἰδοῦς δικαίας, καὶ δὴ καὶ τὸν ξένιον οὐχ ἥκιστα θεὸν συνοπαδὸν γιγνόμενον ὕβρεις τε καὶ εὐνομίας τῶν ἀνθρώπων καθορᾶν. τάχ' οὖν ἂν καὶ σοὶ τις οὗτος τῶν κρειττόνων συνέποιτο, φαύλους ἡμᾶς ὄντας ἐν τοῖς λόγοις ἐποψόμενός τε καὶ ἐλέγξων, θεὸς ὢν τις ἐλεγκτικός.

Θεόδωρος

οὐχ οὗτος ὁ τρόπος, ὦ Σώκρατες, τοῦ ξένου, ἀλλὰ μετριώτερος τῶν περὶ τὰς ἔριδας ἐσπουδακότων. καί μοι δοκεῖ θεὸς μὲν ἀνὴρ οὐδαμῶς εἶναι, θεῖος μὴν: πάντας [216c] γὰρ ἐγὼ τοὺς φιλοσόφους τοιούτους προσαγορεύω.

Σωκράτης

καὶ καλῶς γε, ὦ φίλε. τοῦτο μέντοι κινδυνεύει τὸ γένος οὐ πολὺ τι ῥᾶον ὥς ἔπος εἰπεῖν εἶναι διακρίνειν ἢ τὸ τοῦ θεοῦ: πάνυ γὰρ ἄνδρες οὗτοι παντοῖοι φανταζόμενοι διὰ τὴν τῶν ἄλλων ἄγνοιαν “ἐπιστροφῶσι πόλησσημ. οδ. 17.485-7,” οἱ μὴ πλαστῶς ἀλλ' ὄντως φιλόσοφοι, καθορῶντες ὑπόθεν τὸν τῶν κάτω βίον, καὶ τοῖς μὲν δοκοῦσιν εἶναι τοῦ μηδενὸς [τίμιοι], τοῖς δ' ἄξιοι τοῦ παντός: καὶ τότε μὲν πολιτικοὶ [216d] φαντάζονται, τότε δὲ σοφισταί, τότε δ'

ἔστιν οἷς δόξαν παράσχοιנט' ἂν ὡς παντάπασιν ἔχοντες μανικῶς. τοῦ μέντοι ξένου ἡμῖν ἡδέως ἂν πυνθανοίμην, εἰ φίλον αὐτῷ, τί ταῦθ' [217a] οἱ περὶ τὸν ἐκεῖ τόπον ἡγοῦντο καὶ ὠνόμαζον.

Θεόδωρος

τὰ ποῖα δῆ;

Σωκράτης

σοφιστὴν, πολιτικόν, φιλόσοφον.

Θεόδωρος

τί δὲ μάλιστα καὶ τὸ ποῖόν τι περὶ αὐτῶν διαπορηθεὶς ἐρέσθαι διανοήθη;

Σωκράτης

τόδε: πότερον ἐν πάντα ταῦτα ἐνόμιζον ἢ δύο, ἢ καθάπερ τὰ ὀνόματα τρία, τρία καὶ τὰ γένη διαιρούμενοι καθ' ἐν ὄνομα [γένος] ἐκάστω προσήπτον;

Θεόδωρος

ἀλλ' οὐδεὶς, ὡς ἐγὼμαι, φθόνος αὐτῷ διελθεῖν αὐτά: ἢ πῶς, ὦ ξένε, λέγωμεν;

[217b] **Ξένος**

οὕτως, ὦ Θεόδωρε. φθόνος μὲν γὰρ οὐδεὶς οὐδὲ χαλεπὸν εἶπεῖν ὅτι γε τρί' ἡγοῦντο: καθ' ἕκαστον μὴν διορίσασθαι σαφῶς τί ποτ' ἔστιν, οὐ μικρὸν οὐδὲ ῥᾶδιον ἔργον.

Θεόδωρος

καὶ μὲν δὴ κατὰ τύχην γε, ὦ Σώκρατες, λόγων ἐπελάβου παραπλησίων ὧν καὶ πρὶν ἡμᾶς δεῦρ' ἐλθεῖν διερωτῶντες αὐτὸν ἐτυγχάνομεν, ὁ δὲ ταῦτα ἅπερ πρὸς σέ νῦν καὶ τότε ἐσκήπτετο πρὸς ἡμᾶς: ἐπεὶ διακηκοέναι γέ φησιν ἱκανῶς καὶ οὐκ ἀμνημονεῖν.

[217c] **Σωκράτης**

μη τοίνυν, ὦ ξένε, ἡμῶν τήν γε πρώτην αἰτησάντων χάριν ἀπαρνηθεῖς γένη, τοσόνδε δ' ἡμῖν φράζε. πότερον εἴωθας ἥδιον αὐτὸς ἐπὶ σαυτοῦ μακρῷ λόγῳ διεξιέναι λέγων τοῦτο ὃ ἂν ἐνδείξασθαι τῷ βουλευθῆς, ἢ δι' ἐρωτήσεων, οἷόν ποτε καὶ Παρμενίδῃ χρωμένῳ καὶ διεξιόντι λόγους παγκάλους παρεγενόμην ἐγὼ νέος ὢν, ἐκείνου μάλα δὴ τότε ὄντος πρεσβύτου;

[217d] **Ξένος**

τῷ μὲν, ὦ Σώκρατες, ἀλύπως τε καὶ εὐηνίως προσδιαλεγομένῳ ῥᾶον οὕτω, τὸ πρὸς ἄλλον: εἰ δὲ μή, τὸ καθ' αὐτόν.

Σωκράτης

ἔξεστι τοίνυν τῶν παρόντων ὃν ἂν βουλευθῆς ἐκλέξασθαι, πάντες γὰρ ὑπακούσονται σοι πράως: συμβούλῳ μὴν ἐμοὶ χρώμενος τῶν νέων τινὰ αἰρήσῃ, Θεαίτητον τόνδε, ἢ καὶ τῶν ἄλλων εἴ τίς σοι κατὰ νοῦν.

Ξένος

ὦ Σώκρατες, αἰδῶς τίς μ' ἔχει τὸ νῦν πρῶτον συγγενόμενον ὑμῖν μὴ κατὰ σμικρὸν ἔπος πρὸς ἔπος ποιεῖσθαι [217e] τὴν συνουσίαν, ἀλλ' ἐκτείναντα ἀπομηκύνειν λόγον συχνὸν κατ' ἐμαυτόν, εἴτε καὶ πρὸς ἕτερον, οἷον ἐπίδειξιν ποιούμενον: τῷ γὰρ ὄντι τὸ νῦν ῥηθὲν οὐχ ὅσον ὧδε ἐρωτηθὲν ἐλπίσειεν ἂν αὐτὸ εἶναι τις, ἀλλὰ τυγχάνει λόγου παμμήκους ὄν. τὸ δὲ αὖ σοὶ μὴ χαρίζεσθαι καὶ τοῖσδε, ἄλλως τε καὶ σοῦ λέξαντος ὥς εἶπες, ἄξενόν τι καταφαίνεται μοι καὶ [218a] ἄγριον. ἐπεὶ Θεαίτητόν γε τὸν προσδιαλεγόμενον εἶναι δέχομαι παντάπασιν ἐξ ὧν αὐτὸς τε πρότερον διείλεγμα καὶ σὺ τὰ νῦν μοι διακελεύῃ.

Θεαίτητος

δρᾷ τοίνυν, ὦ ξένε, οὕτω καὶ καθάπερ εἶπε **Σωκράτης** πᾶσιν κεχαρισμένος ἔσῃ.

Ξένος

κινδυνεύει πρὸς μὲν ταῦτα οὐδὲν ἔτι λεκτέον εἶναι, Θεαίτητε: πρὸς δὲ σὲ ἤδη τὸ μετὰ τοῦτο, ὥς ἔοικε, γίγνοιτο ἂν ὁ λόγος. ἂν δ' ἄρα τι

τῷ μήκει πονῶν ἄχθη, μὴ ἐμὲ αἰτιασθαι τούτων, ἀλλὰ τούσδε τοὺς
σοὺς ἐταίρους.

[218b] Θεαίτητος

ἀλλ' οἶμαι μὲν δὴ νῦν οὕτως οὐκ ἀπερεῖν: ἂν δ' ἄρα τι τοιοῦτον
γίγνηται, καὶ τόνδε παραληψόμεθα Σωκράτη, τὸν Σωκράτους μὲν
ὁμώνυμον, ἐμὸν δὲ ἡλικιώτην καὶ συγγυμναστήν, ᾧ συνδιαπονεῖν
μετ' ἐμοῦ τὰ πολλὰ οὐκ ἄηθες.

Ξένος

εὖ λέγεις, καὶ ταῦτα μὲν ἰδίᾳ βουλευσὴ προϊόντος τοῦ λόγου: κοινῇ
δὲ μετ' ἐμοῦ σοι συσκεπτέον ἀρχομένῳ πρῶτον, ὥς ἐμοὶ φαίνεται,
νῦν ἀπὸ τοῦ σοφιστοῦ, ζητοῦντι [218c] καὶ ἐμφανίζοντι λόγῳ τί ποτ'
ἔστι. νῦν γὰρ δὴ σύ τε κἀγὼ τούτου πέρι τοῦνομα μόνον ἔχομεν
κοινῇ, τὸ δὲ ἔργον ἐφ' ᾧ καλοῦμεν ἑκάτερος τάχ' ἂν ἰδίᾳ παρ' ἡμῖν
αὐτοῖς ἔχοιμεν: δεῖ δὲ ἀεὶ παντὸς πέρι τὸ πρᾶγμα αὐτὸ μᾶλλον διὰ
λόγων ἢ τοῦνομα μόνον συνωμολογηθῆαι χωρὶς λόγου. τὸ δὲ φῶλον
ὃ νῦν ἐπινόοῦμεν ζητεῖν οὐ πάντων ῥᾶστον συλλαβεῖν τί ποτ' ἔστιν,
ὁ σοφιστής: ὅσα δ' αὖ τῶν μεγάλων δεῖ διαπονεῖσθαι καλῶς, περὶ
τῶν τοιούτων δέδοκται πᾶσιν καὶ πάλαι [218d] τὸ πρότερον ἐν
σμικροῖς καὶ ῥάοσιν αὐτὰ δεῖν μελετᾶν, πρὶν ἐν αὐτοῖς τοῖς
μεγίστοις. νῦν οὖν, ὦ Θεαίτητε, ἔγωγε καὶ νῦν οὕτω συμβουλευώ,
χαλεπὸν καὶ δυσθήρευτον ἡγησαμένοις εἶναι τὸ τοῦ σοφιστοῦ γένος
πρότερον ἐν ἄλλῳ ῥάονι τὴν μέθοδον αὐτοῦ προμελετᾶν, εἰ μὴ σύ
ποθεν εὐπετεστέραν ἔχεις εἰπεῖν ἄλλην ὁδόν.

Θεαίτητος

ἀλλ' οὐκ ἔχω.

Ξένος

βούλει δῆτα περὶ τίνος τῶν φαύλων μετιόντες πειραθῶμεν
παράδειγμα αὐτὸ θέσθαι τοῦ μείζονος;

[218e] Θεαίτητος

ναί.

Ξένος

τί δῆτα προταξαίμεθ' ἂν εὐγνωστον μὲν καὶ σμικρόν, λόγον δὲ μηδενὸς ἐλάττονα ἔχον τῶν μειζόνων; οἷον ἀσπαλιευτῆς: ἄρ' οὐ πᾶσί τε γνῶριμον καὶ σπουδῆς οὐ πάνυ τι πολλῆς τινος ἐπάξιον;

Θεαίτητος

οὕτως.

[219a] Ξένος

μέθοδον μὴν αὐτὸν ἐλπίζω καὶ λόγον οὐκ ἀνεπιτήδειον ἡμῖν ἔχειν πρὸς ὃ βουλόμεθα.

Θεαίτητος

καλῶς ἂν ἔχοι.

Ξένος

φέρε δῆ, τῇδε ἀρχώμεθα αὐτοῦ. καί μοι λέγε: πότερον ὥς τεχνίτην αὐτὸν ἢ τινα ἄτεχνον, ἄλλην δὲ δύναμιν ἔχοντα θήσομεν;

Θεαίτητος

ἥκιστα γε ἄτεχνον.

Ξένος

ἀλλὰ μὴν τῶν γε τεχνῶν πασῶν σχεδὸν εἶδη δύο.

Θεαίτητος

πῶς;

Ξένος

γεωργία μὲν καὶ ὅση περὶ τὸ θνητὸν πᾶν σῶμα θεραπεία, τό τε αὖ περὶ τὸ σύνθετον καὶ πλαστόν, ὃ δὲ [219b] σκεῦος ὠνομάκαμεν, ἢ τε μιμητική, σύμπαντα ταῦτα δικαιοτάτ' ἂν ἐνὶ προσαγορεύοιτ' ἂν ὀνόματι.

Θεαίτητος

πῶς καὶ τίνι;

Ξένος

πάν ὅπερ ἂν μὴ πρότερόν τις ὄν ὕστερον εἰς οὐσίαν ἄγῃ, τὸν μὲν ἄγοντα ποιεῖν, τὸ δὲ ἀγόμενον ποιεῖσθαι πού φαμεν.

Θεαίτητος

ὀρθῶς.

Ξένος

τὰ δέ γε νυνδὴ <ᾗ> διήλθομεν ἅπαντα εἶχεν εἰς τοῦτο τὴν αὐτῶν δύναμιν.

Θεαίτητος

εἶχε γὰρ οὖν.

Ξένος

ποιητικὴν τοίνυν αὐτὰ συγκεφαλαιωσάμενοι προσεῖπωμεν.

[219c] Θεαίτητος

ἔστω.

Ξένος

τὸ δὴ μαθηματικὸν αὖ μετὰ τοῦτο εἶδος ὅλον καὶ τὸ τῆς γνωρίσεως τό τε χρηματιστικὸν καὶ ἀγωνιστικὸν καὶ θηρευτικόν, ἐπειδὴ δημιουργεῖ μὲν οὐδὲν τούτων, τὰ δὲ ὄντα καὶ γεγονότα τὰ μὲν χειροῦται λόγοις καὶ πράξεσι, τὰ δὲ τοῖς χειρουμένοις οὐκ ἐπιτρέπει, μάλιστα' ἂν που διὰ ταῦτα συνάπαντα τὰ μέρη τέχνη τις κτητικὴ λεχθεῖσα ἂν διαπρέψειεν.

Θεαίτητος

ναί: πρέπει γὰρ ἂν.

[219d] **Ξένος**

κτητικῆς δὴ καὶ ποιητικῆς συμπασῶν οὐσῶν τῶν τεχνῶν ἐν ποτέρᾳ τὴν ἀσπαλιευτικὴν, ὧ Θεαίτητε, τιθῶμεν;

Θεαίτητος

ἐν κτητικῇ που δῆλον.

Ξένος

κτητικῆς δὲ ἅρ' οὐ δύο εἶδη; τὸ μὲν ἐκόντων πρὸς ἐκόντας μεταβλητικὸν ὃν διὰ τε δωρεῶν καὶ μισθώσεων καὶ ἀγοράσεων, τὸ δὲ λοιπόν, ἢ κατ' ἔργα ἢ κατὰ λόγους χειρούμενον σύμπαν, χειρωτικὸν ἂν εἴη;

Θεαίτητος

φαίνεται γοῦν ἐκ τῶν εἰρημένων.

Ξένος

τί δέ; τὴν χειρωτικὴν ἅρ' οὐ διχῇ τμητέον;

Θεαίτητος

πῇ;

[219e] **Ξένος**

τὸ μὲν ἀναφανδὸν ὅλον ἀγωνιστικὸν θέντας, τὸ δὲ κρυφαῖον αὐτῆς πᾶν θηρευτικόν.

Θεαίτητος

ναί.

Ξένος

τὴν δέ γε μὴν θηρευτικὴν ἄλογον τὸ μὴ οὐ τέμνειν διχῇ.

Θεαίτητος

λέγε ὅπη.

Ξένος

τὸ μὲν ἀψύχου γένους διελομένους, τὸ δ' ἐμψύχου.

Θεαίτητος

τί μήν; εἵπερ ἔστον γε ἄμφω.

[220a] Ξένος

πῶς δὲ οὐκ ἔστον; καὶ δεῖ γε ἡμᾶς τὸ μὲν τῶν ἀψύχων, ἀνώνυμον ὄν πλην κατ' ἓνια τῆς κολυμβητικῆς ἅττα μέρη καὶ τοιαῦτ' ἄλλα βραχέα, χαίρειν ἔᾶσαι, τὸ δέ, τῶν ἐμψύχων ζώων οὔσαν θήραν, προσειπεῖν ζωοθηρικὴν.

Θεαίτητος

ἔστω.

Ξένος

ζωοθηρικῆς δὲ ἄρ' οὐ διπλοῦν εἶδος ἂν λέγοιτο ἐν δίκῃ, τὸ μὲν πεζοῦ γένους, πολλοῖς εἶδεσι καὶ ὀνόμασι διηρημένον, πεζοθηρικόν, τὸ δ' ἕτερον νευστικοῦ ζώου πᾶν ἐνυγροθηρικόν;

Θεαίτητος

πάνυ γε.

[220b] Ξένος

νευστικοῦ μὴν τὸ μὲν πτηνὸν φύλον ὀρώμεν, τὸ δὲ ἔνυδρον;

Θεαίτητος

πῶς δ' οὔ;

Ξένος

καὶ τοῦ πτηνοῦ μὴν γένους πᾶσα ἡμῖν ἢ θήρα λέγεται πού τις ὀρνιθευτική.

Θεαίτητος

λέγεται γὰρ οὖν.

Ξένος

τοῦ δὲ ἐνύδρου σχεδὸν τὸ σύνολον ἀλιευτική.

Θεαίτητος

ναί.

Ξένος

τί δέ; ταύτην αὖ τὴν θήραν ἄρ' οὐκ ἂν κατὰ μέγιστα μέρη δύο διέλοιμεν;

Θεαίτητος

κατὰ ποῖα;

Ξένος

καθ' ἃ τὸ μὲν ἔρκεσιν αὐτόθεν ποιεῖται τὴν θήραν, τὸ δὲ πληγῇ.

Θεαίτητος

πῶς λέγεις, καὶ πῇ διαιρούμενος ἐκάτερον;

[220c] **Ξένος**

τὸ μὲν, ὅτι πᾶν ὅσον ἂν ἔνεκα κωλύσεως εἴργῃ τι περιέχον, ἔρκος εἰκὸς ὀνομάζειν.

Θεαίτητος

πάνυ μὲν οὖν.

Ξένος

κύρτους δὴ καὶ δίκτυα καὶ βρόχους καὶ πόρκους καὶ τὰ τοιαῦτα μῶν ἄλλο τι πλην ἔρκη χρὴ προσαγορεύειν;

Θεαίτητος

οὐδέν.

Ξένος

τοῦτο μὲν ἄρα ἐρκοθηρικὸν τῆς ἄγρας τὸ μέρος φήσομεν ἢ τι τοιοῦτον.

Θεαίτητος

ναί.

Ξένος

τὸ δὲ ἀγκίστροις καὶ τριόδουσι πληγῇ γιγνόμενον [220d] ἕτερον μὲν ἐκείνου, πληκτικὴν δέ τινα θήραν ἡμᾶς προσειπεῖν ἐνὶ λόγῳ νῦν χρεών: ἢ τί τις ἂν, ὦ Θεαίτητε, εἴποι κάλλιον;

Θεαίτητος

ἀμελῶμεν τοῦ ὀνόματος: ἀρκεῖ γὰρ καὶ τοῦτο.

Ξένος

τῆς τοίνυν πληκτικῆς τὸ μὲν νυκτερινὸν οἶμαι πρὸς πυρὸς φῶς γιγνόμενον ὑπ' αὐτῶν τῶν περὶ τὴν θήραν πυρευτικὴν ῥηθῆναι συμβέβηκεν.

Θεαίτητος

πάνυ γε.

Ξένος

τὸ δέ γε μεθήμερινόν, ὥς ἐχόντων ἐν ἄκροις ἄγκιστρα καὶ τῶν τριοδόντων, πᾶν ἀγκιστρευτικόν.

[220e] Θεαίτητος

λέγεται γὰρ οὕν.

Ξένος

τοῦ τοίνυν ἀγκιστρευτικοῦ τῆς πληκτικῆς τὸ μὲν ἄνωθεν εἰς τὸ κάτω γιγνόμενον διὰ τὸ τοῖς τριόδουσιν οὕτω μάλιστα χρῆσθαι τριοδοντία τις οἶμαι κέκληται.

Θεαίτητος

φασὶ γοῦν τινές.

Ξένος

τὸ δέ γε λοιπόν ἐστιν ἐν ἔτι μόνον ὡς εἶπεῖν εἶδος.

Θεαίτητος

τὸ ποῖον;

Ξένος

τὸ τῆς ἐναντίας ταύτη πληγῆς, ἀγκίστρω τε γιγνόμενον καὶ τῶν ἰχθύων οὐχ ἧ τις ἂν τύχη τοῦ σώματος, ὥσπερ [221a] τοῖς τριόδουσιν, ἀλλὰ περὶ τὴν κεφαλὴν καὶ τὸ στόμα τοῦ θηρευθέντος ἐκάστοτε, καὶ κάτωθεν εἰς τοῦναντίον ἄνω ράβδοις καὶ καλάμοις ἀνασπώμενον: οὗ τί φήσομεν, ὦ Θεαίτητε, δεῖν τοῦνομα λέγεσθαι;

Θεαίτητος

δοκῶ μὲν, ὅπερ ἄρτι προουθέμεθα δεῖν ἐξευρεῖν, τοῦτ' αὐτὸ νῦν ἀποτετελέσθαι.

Ξένος

νῦν ἄρα τῆς ἀσπαλιευτικῆς πέρι σύ τε κἀγὼ [221b] συνωμολογήκαμεν οὐ μόνον τοῦνομα, ἀλλὰ καὶ τὸν λόγον περὶ αὐτὸ τοῦργον εἰλήφαμεν ἱκανῶς. συμπάσης γὰρ τέχνης τὸ μὲν ἥμισυ μέρος κτητικὸν ἦν, κτητικοῦ δὲ χειρωτικόν, χειρωτικοῦ δὲ θηρευτικόν, τοῦ δὲ θηρευτικοῦ ζωοθηρικόν, ζωοθηρικοῦ δὲ ἐνυγροθηρικόν, ἐνυγροθηρικοῦ δὲ τὸ κάτωθεν τμήμα ὅλον ἀλιευτικόν, ἀλιευτικῆς δὲ πληκτικόν, πληκτικῆς δὲ ἀγκιστρευτικόν: τούτου δὲ τὸ περὶ τὴν κάτωθεν [221c] ἄνω πληγὴν ἀνασπωμένην, ἀπ' αὐτῆς τῆς πράξεως ἀφομοιωθὲν τοῦνομα, ἢ νῦν ἀσπαλιευτικὴ ζητηθεῖσα ἐπὶ κλην γέγονεν.

Θεαίτητος

παντάπασι μὲν οὖν τοῦτό γε ἱκανῶς δεδήλωται.

Ξένος

φέρει δὴ, κατὰ τοῦτο τὸ παράδειγμα καὶ τὸν σοφιστὴν ἐπιχειρῶμεν εὐρεῖν ὅτι ποτ' ἔστιν.

Θεαίτητος

κομιδῇ μὲν οὖν.

Ξένος

καὶ μὴν ἐκεῖνό γ' ἦν τὸ ζήτημα πρῶτον, πότερον ιδιώτην ἢ τινα τέχνην ἔχοντα θετέον εἶναι τὸν ἀσπαλιευτήν.

Θεαίτητος

ναί.

[221d] Ξένος

καὶ νῦν δὴ τοῦτον ιδιώτην θήσομεν, ὃ Θεαίτητε, ἢ παντάπασιν ὡς ἀληθῶς σοφιστήν;

Θεαίτητος

οὐδαμῶς ιδιώτην: μανθάνω γὰρ ὃ λέγεις, ὡς παντὸς δεῖ τοιοῦτος εἶναι τό γε ὄνομα τοῦτο ἔχων.

Ξένος

ἀλλά τινα τέχνην αὐτὸν ἡμῖν ἔχοντα, ὡς ἔοικε, θετέον.

Θεαίτητος

τίνα ποτ' οὖν δὴ ταύτην;

Ξένος

ἄρ' ὃ πρὸς θεῶν ἡγνοήκαμεν τάνδρὸς τὸν ἄνδρα ὄντα συγγενῇ;

Θεαίτητος

τίνα τοῦ;

Ξένος

τὸν ἀσπαλιευτὴν τοῦ σοφιστοῦ.

Θεαίτητος

πῆ;

Ξένος

θηρευτά τινε καταφαίνεσθον ἄμφω μοι.

[221e] **Θεαίτητος**

τίνος θήρας ἄτερος; τὸν μὲν γὰρ ἕτερον εἵπομεν.

Ξένος

δίχα που νυνδὴ διείλομεν τὴν ἄγραν πᾶσαν, νευστικοῦ μέρους, τὸ δὲ πεζοῦ τέμνοντες.

Θεαίτητος

ναί.

Ξένος

καὶ τὸ μὲν διήλθομεν, ὅσον περὶ τὰ νευστικὰ τῶν ἐνύδρων: τὸ δὲ πεζὸν εἴασαμεν ἄσχιστον, εἰπόντες ὅτι πολυειδὲς εἶη.

[222a] **Θεαίτητος**

πάνυ γε.

Ξένος

μέχρι μὲν τοίνυν ἐνταῦθα ὁ σοφιστὴς καὶ [ὁ] ἀσπαλιευτὴς ἅμα ἀπὸ τῆς κτητικῆς τέχνης πορεύεσθον.

Θεαίτητος

εὐοίκατον γοῦν.

Ξένος

ἐκτρέπεσθον δέ γε ἀπὸ τῆς ζωοθηρικῆς, ὁ μὲν ἐπὶ θάλατταν ποῦ καὶ ποταμούς καὶ λίμνας, τὰ ἐν τούτοις ζῶα θηρευσόμενος.

Θεαίτητος

τί μῆν;

Ξένος

ὁ δέ γε ἐπὶ [τὴν] γῆν καὶ ποταμούς ἐτέρους αὖ τινας, πλούτου καὶ νεότητος οἷον λειμῶνας ἀφθόνους, τὰν τούτοις θρέμματα χειρυσόμενος.

[222b] Θεαίτητος

πῶς λέγεις;

Ξένος

τῆς πεζῆς θήρας γίνεσθον δύο μεγίστω τινὲ μέρει.

Θεαίτητος

ποῖον ἐκότερον;

Ξένος

τὸ μὲν τῶν ἡμέρων, τὸ δὲ τῶν ἀγρίων.

Θεαίτητος

εἴτ' ἔστι τις θήρα τῶν ἡμέρων;

Ξένος

εἵπερ γέ ἐστιν ἄνθρωπος ἡμερον ζῶον. θὲς δὲ ὅπη χαίρεις, εἴτε μηδὲν τιθεῖς ἡμερον, εἴτε ἄλλο μὲν ἡμερόν τι, τὸν δὲ ἄνθρωπον ἄγριον, εἴτε ἡμερον μὲν λέγεις αὖ τὸν ἄνθρωπον, ἀνθρώπων δὲ μηδεμίαν ἡγῆ θήραν: τούτων ὁπότερ' ἂν ἡγῇ φίλον εἰρῆσθαί σοι, τοῦτο ἡμῖν διόρισον.

[222c] Θεαίτητος

ἀλλ' ἡμᾶς τε ἡμερον, ὦ ξένε, ἡγοῦμαι ζῶον, θήραν τε ἀνθρώπων εἶναι λέγω.

Ξένος

διττὴν τοίνυν καὶ τὴν ἡμεροθηρικὴν εἶπωμεν.

Θεαίτητος

κατὰ τί λέγοντες;

Ξένος

τὴν μὲν ληστικὴν καὶ ἀνδραποδιστικὴν καὶ τυραννικὴν καὶ σύμπασαν τὴν πολεμικὴν, ἐν πάντα, βίαιον θήραν, ὀρισάμενοι.

Θεαίτητος

καλῶς.

Ξένος

τὴν δέ γε δικανικὴν καὶ δημηγορικὴν καὶ προσομιλητικὴν, ἐν αὐτῷ τὸ σύνολον, πιθανουργικὴν τινὰ μίαν [222d] τέχνην προσειπόντες.

Θεαίτητος

ὀρθῶς.

Ξένος

τῆς δὴ πιθανουργικῆς διττὰ λέγωμεν γένη.

Θεαίτητος

ποῖα;

Ξένος

τὸ μὲν ἕτερον ἰδίᾳ, τὸ δὲ δημοσίᾳ γιγνόμενον.

Θεαίτητος

γίγνεσθον γὰρ οὖν εἶδος ἐκάτερον.

Ξένος

οὐκοῦν αὖ τῆς ἰδιοθηρευτικῆς τὸ μὲν μισθαρνητικόν ἐστιν, τὸ δὲ δωροφορικόν;

Θεαίτητος

οὐ μανθάνω.

Ξένος

τῇ τῶν ἐρώντων θήρᾳ τὸν νοῦν, ὥς ἔοικας, οὕτω προσέσχεες.

Θεαίτητος

τοῦ πέρι;

[222e] Ξένος

ὅτι τοῖς θηρευθεῖσι δῶρα προσεπιδιδόασιν.

Θεαίτητος

ἀληθέστατα λέγεις.

Ξένος

τοῦτο μὲν τοίνυν ἐρωτικῆς τέχνης ἔστω εἶδος.

Θεαίτητος

πάνυ γε.

Ξένος

τοῦ δέ γε μισθαρνητικοῦ τὸ μὲν προσομιλοῦν διὰ χάριτος καὶ παντάπασι δι' ἡδονῆς τὸ δέλεαρ πεποιημένον καὶ τὸν μισθὸν πραττόμενον τροφήν ἑαυτῷ μόνον κολακικὴν, ὥς [223a] ἐγῶμαι, πάντες φαῖμεν ἂν <ἦ> ἡδυντικὴν τινα τέχνην εἶναι.

Θεαίτητος

πῶς γὰρ οὐ;

Ξένος

τὸ δὲ ἐπαγγελλόμενον μὲν ὡς ἀρετῆς ἕνεκα τὰς ὁμιλίας ποιούμενον, μισθὸν δὲ νόμισμα πραττόμενον, ἄρα οὐ τοῦτο τὸ γένος ἐτέρῳ προσειπεῖν ἄξιον ὀνόματι;

Θεαίτητος

πῶς γὰρ οὐ;

Ξένος

τίνι δὴ τούτῳ; πειρῶ λέγειν.

Θεαίτητος

δῆλον δὴ: τὸν γὰρ σοφιστὴν μοι δοκοῦμεν ἀνηυρηκέναι. τοῦτ' οὖν ἔγωγε εἰπὼν τὸ προσῆκον ὄνομ' ἂν ἡγοῦμαι καλεῖν αὐτόν.

[223b] Ξένος

κατὰ δὴ τὸν νῦν, ὃ Θεαίτητε, λόγον, ὡς ἔοικεν, ἡ τέχνης οἰκειωτικῆς, <χειρωτικῆς>, [κτητικῆς,] θηρευτικῆς, ζωοθηρίας, [πεζοθηρίας,] χερσαίας, [ήμεροθηρικῆς,] ἀνθρωποθηρίας, <πιθανοθηρίας>, ἰδιοθηρίας, [μισθαρνικῆς,] νομισματοπωλικῆς, δοξοπαιδευτικῆς, νέων πλουσίων καὶ ἐνδόξων γιγνομένη θήρα προσρητέον, ὡς ὁ νῦν λόγος ἡμῖν συμβαίνει, σοφιστική.

Θεαίτητος

παντάπασι μὲν οὖν.

[223c] Ξένος

ἔτι δὲ καὶ τῇδε ἴδωμεν: οὐ γάρ τι φαύλης μέτοχόν ἐστι τέχνης τὸ νῦν ζητούμενον, ἀλλ' εὖ μάλα ποικίλης. καὶ γὰρ οὖν ἐν τοῖς πρόσθεν εἰρημένοις φάντασμα παρέχεται μὴ τοῦτο ὃ νῦν αὐτὸ ἡμεῖς φαμεν ἀλλ' ἕτερον εἶναι τι γένος.

Θεαίτητος

πῇ δὴ;

Ξένος

τὸ τῆς κτητικῆς τέχνης διπλοῦν ἦν εἶδος που, τὸ μὲν θηρευτικὸν μέρος ἔχον, τὸ δὲ ἀλλακτικόν.

Θεαίτητος

ἦν γὰρ οὖν.

Ξένος

τῆς τοίνυν ἀλλακτικῆς δύο εἶδη λέγωμεν, τὸ μὲν δωρητικόν, τὸ δὲ ἕτερον ἀγοραστικόν;

Θεαίτητος

εἰρήσθω.

Ξένος

καὶ μὴν αὖ φήσομεν ἀγοραστικὴν διχῇ τέμεσθαι.

[223d] Θεαίτητος

πῇ;

Ξένος

τὴν μὲν τῶν αὐτουργῶν αὐτοπωλικὴν διαιρουμένην, τὴν δὲ τὰ ἀλλότρια ἔργα μεταβαλλομένην μεταβλητικὴν.

Θεαίτητος

πάνυ γε.

Ξένος

τί δέ; τῆς μεταβλητικῆς οὐχ ἢ μὲν κατὰ πόλιν ἀλλαγὴ, σχεδὸν αὐτῆς ἡμῖς μέρος ὄν, καπηλικὴ προσαγορεύεται;

Θεαίτητος

ναί.

Ξένος

τὸ δέ γε ἐξ ἄλλης εἰς ἄλλην πόλιν διαλλάττον ὦνῃ καὶ πράσει ἐμπορικῇ;

Θεαίτητος

τί δ' οὐ;

[223e] **Ξένος**

Θεαίτητος

πῶς τοῦτο λέγεις;

Ξένος

Θεαίτητος

ἀληθέστατα λέγεις.

[224b] **Ξένος**

Ξένος

τεχνοπωλικὸν μὴν τό γε περὶ ἄλλα ἂν ἀρμόττοι: τὸ δὲ περὶ ταῦτα σὺ προθυμήθητι λέγειν ὄνομα.

Θεαίτητος

Θεαίτητος

μάλα γε.

Ξένος

τρίτον δέ γ' οἶμαί σε, κἂν εἴ τις αὐτοῦ καθιδρυμένος ἐν πόλει, τὰ μὲν ὀνούμενος, τὰ δὲ καὶ τεκταινόμενος αὐτὸς μαθήματα περὶ τὰ αὐτὰ ταῦτα καὶ πωλῶν, ἐκ τούτου τὸ ζῆν προυτάξατο, καλεῖν οὐδὲν ἄλλο πλὴν ὅπερ νυνδὴ.

Θεαίτητος

Ξένος

τοῦ δὲ ἀντιλογικοῦ τὸ μὲν ὅσον περὶ τὰ συμβόλαια [225c] ἀμφισβητεῖται μὲν, εἰκῇ δὲ καὶ ἀτέχνως περὶ αὐτὸ πράττεται, ταῦτα θετέον μὲν εἶδος, ἐπεὶ περ αὐτὸ διέγνωκεν ὡς ἕτερον ὃν ὁ λόγος, ἀτὰρ ἐπωνυμίας οὐθ' ὑπὸ τῶν ἔμπροσθεν ἔτυχεν οὔτε νῦν ὑφ' ἡμῶν τυχεῖν ἄξιον.

Θεαίτητος

ἀληθῆ: κατὰ σμικρὰ γὰρ λίαν καὶ παντοδαπὰ διήρηται.

Ξένος

Θεαίτητος

κομιδῇ μὲν οὖν.

Ξένος

Ξένος

πᾶσα ἡ τοιαύτη διάκρισις, ὥς ἐγὼ συννοῶ, λέγεται παρὰ πάντων καθαρμός τις.

Θεαίτητος

Θεαίτητος

μάλα γε.

Ξένος

παντάπασι μὲν οὖν, ὦ Θεαίτητε. ἀλλὰ γὰρ τῇ τῶν λόγων μεθόδῳ σπογγιστικῆς ἢ φαρμακοποσίας οὐδὲν ἦττον οὐδέ τι μᾶλλον τυγχάνει μέλον εἰ τὸ μὲν σμικρὰ, τὸ δὲ μεγάλα ἡμᾶς ὠφελεῖ καθαῖρον. τοῦ

Θεαίτητος

οὐδ' αὖ πρὸς τοῦτο ἔχω τί χρή με ἀποκρίνασθαι.

Ξένος

Ξένος

ἀλλ' αἴσχος ἄλλο τι πλὴν τὸ τῆς ἀμετρίας πανταχοῦ δυσειδὲς ἐνὸν γένος;

[228b] **Θεαίτητος**

Ξένος

τί δέ; ἐν ψυχῇ δόξας ἐπιθυμίαις καὶ θυμὸν ἡδοναῖς καὶ λόγον λύπαις καὶ πάντα ἀλλήλοις ταῦτα τῶν φλαύρως ἐχόντων οὐκ ἠσθήμεθα διαφερόμενα;

Θεαίτητος

καὶ σφόδρα γε.

Ξένος

συγγενῇ γε μὴν ἐξ ἀνάγκης σύμπαντα γέγονεν.

Θεαίτητος

πῶς γὰρ οὐ;

Ξένος

στάσιν ἄρα καὶ νόσον τῆς ψυχῆς πονηρίαν λέγοντες ὀρθῶς ἐροῦμεν.

Θεαίτητος

ὀρθότατα μὲν οὖν.

[228c] **Ξένος**

Θεαίτητος

δῆλον ὥς ὑπὸ ἀμετρίας.

Ξένος

ἀλλὰ μὴν ψυχὴν γε ἴσμεν ἄκουσαν πᾶσαν πᾶν ἀγνοοῦσαν.

Θεαίτητος

Θεαίτητος

πάνυ μὲν οὖν.

Ξένος

ψυχὴν ἄρα ἀνόητον αἰσχροὺς καὶ ἄμετρον θετέον.

Θεαίτητος

ἔοικεν.

Ξένος

ἔστι δὴ δύο ταῦτα, ὥς φαίνεται, κακῶν ἐν αὐτῇ γένη, τὸ μὲν πονηρία καλούμενον ὑπὸ τῶν πολλῶν, νόσος αὐτῆς σαφέστατα ὄν.

Θεαίτητος

ναί.

Ξένος

τὸ δέ γε ἄγνοια μὲν καλοῦσι, κακίαν δὲ αὐτὸ ἐν ψυχῇ μόνον γιγνόμενον οὐκ ἐθέλουσιν ὁμολογεῖν.

[228e] **Θεαίτητος**

κομιδῇ συγχωρητέον, ὃ νυνδὴ λέξαντος ἡμφεγνόησά σου, τὸ δύο

Ξένος

οὐκοῦν ἔν γε σώματι περὶ δύο παθήματε τούτῳ δύο τέχνα τινὲ ἐγενέσθην;

Θεαίτητος

τίνε τούτῳ;

[229a] **Ξένος**

περὶ μὲν αἷσχος γυμναστική, περὶ δὲ νόσον ἰατρική.

Θεαίτητος

φαίνεσθον.

Ξένος

οὐκοῦν καὶ περὶ μὲν ὕβριν καὶ ἀδικίαν καὶ δειλίαν ἢ κολαστικὴ πέφυκε τεχνῶν μάλιστα δὴ πασῶν προσήκουσα Δίκη.

Θεαίτητος

τὸ γοῦν εἰκός, ὥς εἶπεῖν κατὰ τὴν ἀνθρωπίνην δόξαν.

Ξένος

τί δέ; περὶ σύμπασαν ἀγνοίαν μὲν ἄλλην τινὰ ἢ διδασκαλικὴν ὀρθότερον εἴποι τις ἄν;

Θεαίτητος

οὐδεμίαν.

[229b] **Ξένος**

φέρε δὴ: διδασκαλικῆς δὲ ἄρα ἐν μόνον γένος φατέον [εἶναι] ἢ πλειώ, δύο δὲ τινε αὐτῆς εἶναι μεγίστῳ; σκόπει.

Θεαίτητος

σκοπῶ.

Ξένος

καί μοι δοκοῦμεν τῇδε ἄν πη τάχιστα εὐρεῖν.

Θεαίτητος

πῇ;

Ξένος

τὴν ἄγνοιαν ἰδόντες εἴ πη κατὰ μέσον αὐτῆς τομὴν ἔχει τινά. διπλῇ γὰρ αὕτη γιγνομένη δῆλον ὅτι καὶ τὴν διδασκαλικὴν δύο ἀναγκάζει μόρια ἔχειν, ἐν ἐφ' ἐνὶ [γένει] τῶν αὐτῆς ἐκατέρω.

Θεαίτητος

τί οὖν; καταφανές πῇ σοι τὸ νῦν ζητούμενον;

[229c] Ξένος

ἀγνοίας γοῦν μέγα τί μοι δοκῶ καὶ χαλεπὸν ἀφωρισμένον ὁρᾶν εἶδος, πᾶσι τοῖς ἄλλοις αὐτῆς ἀντίσταθμον μέρεσιν.

Θεαίτητος

ποῖον δῆ;

Ξένος

τὸ μὴ κατειδότα τι δοκεῖν εἰδέναι: δι' οὗ κινδυνεύει πάντα ὅσα διανοία σφαλλόμεθα γίνεσθαι πᾶσιν.

Θεαίτητος

ἀληθῆ.

Ξένος

καὶ δὴ καὶ τούτῳ γε οἶμαι μόνῳ τῆς ἀγνοίας ἀμαθίαν τοῦνομα προσρηθῆναι.

Θεαίτητος

πάνυ γε.

Ξένος

τί δὲ δὴ τῷ τῆς διδασκαλικῆς ἄρα μέρει τῷ τοῦτο ἀπαλλάττοντι λεκτέον;

[229d] Θεαίτητος

οἶμαι μὲν [οὖν], ὦ ξένε, τὸ μὲν ἄλλο δημιουργικὰς διδασκαλίας, τοῦτο δὲ ἐνθάδε γε παιδείαν δι' ἡμῶν κεκληῖσθαι.

Ξένος

καὶ γὰρ σχεδόν, ὦ Θεαίτητε, ἐν πᾶσιν Ἑλλήσιν. ἀλλὰ γὰρ ἡμῖν ἔτι καὶ τοῦτο σκεπτέον, ἅρ' ἄτομον ἤδη ἐστὶ πᾶν ἢ τινα ἔχον διαίρεσιν ἀξίαν ἐπωνυμίας.

Θεαίτητος

οὐκοῦν χρή σκοπεῖν.

Ξένος

δοκεῖ τοίνυν μοι καὶ τοῦτο ἔτι πη σχίζεσθαι.

Θεαίτητος

κατὰ τί;

[229e] Ξένος

τῆς ἐν τοῖς λόγοις διδασκαλικῆς ἢ μὲν τραχυτέρα τις ἔοικεν ὁδὸς εἶναι, τὸ δ' ἕτερον αὐτῆς μόριον λειότερον.

Θεαίτητος

τὸ ποῖον δὴ τούτων ἐκάτερον λέγομεν;

Ξένος

τὸ μὲν ἀρχαιοπρεπές τι πάτριον, ὃ πρὸς τοὺς ὑεῖς μάλιστ' ἐχρῶντό τε

καὶ ἔτι πολλοὶ χρῶνται τὰ νῦν, ὅταν [230a] αὐτοῖς ἐξαμαρτάνωσί τι, τὰ μὲν χαλεπαίνοντες, τὰ δὲ μαλθακωτέως παραμυθούμενοι: τὸ δ' οὖν σύμπαν αὐτὸ ὀρθότατα εἶποι τις ἂν νουθετητικὴν.

Θεαίτητος

ἔστιν οὕτως.

Ξένος

τὸ δέ γε, εἵξασί τινες αὖ λόγον ἑαυτοῖς δόντες ἡγήσασθαι πᾶσαν ἀκούσιον ἀμαθίαν εἶναι, καὶ μαθεῖν οὐδέν ποτ' ἂν ἐθέλειν τὸν οἰόμενον εἶναι σοφὸν τούτων ὧν οἶοιτο πέρι δεινὸς εἶναι, μετὰ δὲ πολλοῦ πόνου τὸ νουθετητικὸν εἶδος τῆς παιδείας σμικρὸν ἀνύτειν.

Θεαίτητος

ὀρθῶς γε νομίζοντες.

[230b] Ξένος

τῷ τοι ταύτης τῆς δόξης ἐπὶ ἐκβολὴν ἄλλῳ τρόπῳ στέλλονται.

Θεαίτητος

τίني δῆ;

Ξένος

διερωτῶσιν ὧν ἂν οἴηταί τις τι πέρι λέγειν λέγων μηδέν: εἴθ' ἅτε πλανωμένων τὰς δόξας ῥαδίως ἐξετάζουσι, καὶ συνάγοντες δὴ τοῖς λόγοις εἰς ταῦτόν τιθέασι παρ' ἀλλήλας, τιθέντες δὲ ἐπιδεικνύουσιν αὐτὰς αὐταῖς ἅμα περὶ τῶν αὐτῶν πρὸς τὰ αὐτὰ κατὰ ταῦτ' ἐναντίας. οἱ δ' ὀρῶντες ἑαυτοῖς μὲν χαλεπαίνουσι, πρὸς δὲ τοὺς ἄλλους ἡμεροῦνται, [230c] καὶ τούτῳ δὴ τῷ τρόπῳ τῶν περὶ αὐτοὺς μεγάλων καὶ σκληρῶν δοξῶν ἀπαλλάττονται πασῶν [τε] ἀπαλλαγῶν ἀκούειν τε ἡδίστην καὶ τῷ πάσχοντι βεβαιότατα γιγνομένην. νομίζοντες γάρ, ὦ παῖ φίλε, οἱ καθαίροντες αὐτούς, ὥσπερ οἱ περὶ τὰ σώματα ἰατροὶ νενομίκασι μὴ πρότερον ἂν τῆς προσφερομένης τροφῆς ἀπολαύειν δύνασθαι σῶμα, πρὶν ἂν τὰ ἐμποδίζοντα ἐντός τις ἐκβάλῃ, ταῦτόν καὶ περὶ ψυχῆς διανοήθησαν ἐκεῖνοι, μὴ πρότερον

αὐτὴν ἔξειν τῶν προσφερομένων μαθημάτων [230d] ὄνησιν, πρὶν ἂν ἐλέγχων τις τὸν ἐλεγχόμενον εἰς αἰσχύνην καταστήσας, τὰς τοῖς μαθήμασιν ἐμποδίους δόξας ἐξελὼν, καθαρὸν ἀποφήνη καὶ ταῦτα ἡγούμενον ἅπερ οἶδεν εἰδέναι μόνα, πλείω δὲ μή.

Θεαίτητος

βελτίστη γοῦν καὶ σωφρονεστάτη τῶν ἔξεων αὕτη.

Ξένος

διὰ ταῦτα δὴ πάντα ἡμῖν, ὦ Θεαίτητε, καὶ τὸν ἔλεγχον λεκτέον ὥς ἄρα μεγίστη καὶ κυριωτάτη τῶν καθάρσεων ἐστι, καὶ τὸν ἀνέλεγκτον αὖ νομιστέον, ἂν καὶ τυγχάνη [230e] βασιλεὺς ὁ μέγας ὢν, τὰ μέγιστα ἀκάθαρτον ὄντα, ἀπαίδευτόν τε καὶ αἰσχρὸν γεγονέναι ταῦτα ἃ καθαρώτατον καὶ κάλλιστον ἔπρεπε τὸν ὄντως ἐσόμενον εὐδαίμονα εἶναι.

Θεαίτητος

παντάπασι μὲν οὖν.

Ξένος

τί δέ; τοὺς ταύτη χρωμένους τῇ τέχνῃ τίνας [231a] φήσομεν; ἐγὼ μὲν γὰρ φοβοῦμαι σοφιστὰς φάναι.

Θεαίτητος

τί δή;

Ξένος

μὴ μεῖζον αὐτοῖς προσάπτωμεν γέρας.

Θεαίτητος

ἀλλὰ μὴν προσέοικέ γε τοιούτῳ τινὶ τὰ νῦν εἰρημένα.

Ξένος

καὶ γὰρ κυνὶ λύκος, ἀγριώτατον ἡμερωτάτῳ. τὸν δὲ ἀσφαλῆ δεῖ πάντων μάλιστα περὶ τὰς ὁμοιότητας ἀεὶ ποιεῖσθαι τὴν φυλακὴν:

ὀλισθηρότατον γὰρ τὸ γένος. ὅμως δὲ ἔστω: οὐ γὰρ περὶ σμικρῶν ὄρων τὴν ἀμφισβήτησιν οἶομαι [231b] γενήσεσθαι τότε ὅποταν ἱκανῶς φυλάττωσιν.

Θεαίτητος

οὕκουν τό γε εἰκός.

Ξένος

ἔστω δὴ διακριτικῆς τέχνης καθαρτική, καθαρτικῆς δὲ τὸ περὶ ψυχὴν μέρος ἀφωρίσθω, τούτου δὲ διδασκαλική, διδασκαλικῆς δὲ παιδευτική: τῆς δὲ παιδευτικῆς ὁ περὶ τὴν μάταιον δοξοσοφίαν γιγνόμενος ἔλεγχος ἐν τῷ νῦν λόγῳ παραφανέντι μηδὲν ἄλλ' ἡμῖν εἶναι λεγέσθω πλήν ἢ γένει γενναία σοφιστική.

Θεαίτητος

λεγέσθω μὲν: ἀπορῶ δὲ ἔγωγε ἤδη διὰ τὸ πολλὰ [231c] πεφάνθαι, τί χρή ποτε ὡς ἀληθῆ λέγοντα καὶ δισχυριζόμενον εἰπεῖν ὄντως εἶναι τὸν σοφιστήν.

Ξένος

εἰκότως γε σὺ ἀπορῶν. ἀλλὰ τοι κάκεῖνον ἡγεῖσθαι χρή νῦν ἤδη σφόδρα ἀπορεῖν ὅπῃ ποτὲ ἔτι διαδύσεται τὸν λόγον: ὀρθὴ γὰρ ἡ παροιμία, τὸ τὰς ἀπάσας μὴ ῥάδιον εἶναι διαφεύγειν. νῦν οὖν καὶ μάλιστα ἐπιθετέον αὐτῷ.

Θεαίτητος

καλῶς λέγεις.

Ξένος

πρῶτον δὴ στάντες οἷον ἐξαναπνεύσωμεν, καὶ πρὸς [231d] ἡμᾶς αὐτοὺς διαλογισώμεθα ἅμα ἀναπαυόμενοι, φέρε, ὅποσα ἡμῖν ὁ σοφιστὴς πέφανται. δοκῶ μὲν γάρ, τὸ πρῶτον ἡυρέθη νέων καὶ πλουσίων ἐμμισθος θηρευτής.

Θεαίτητος

ναί.

Ξένος

τὸ δέ γε δεύτερον ἔμπορός τις περὶ τὰ τῆς ψυχῆς μαθήματα.

Θεαίτητος

πάνυ γε.

Ξένος

τρίτον δὲ ἄρα οὐ περὶ αὐτὰ ταῦτα κάπηλος ἀνεφάνη;

Θεαίτητος

ναί, καὶ τέταρτόν γε αὐτοπώλης περὶ τὰ μαθήματα ἡμῖν <ἦν>.

Ξένος

ὀρθῶς ἐμνημόνευσας. πέμπτον δ' ἐγὼ πειράσομαι [231e]
μνημονεύειν: τῆς γὰρ ἀγωνιστικῆς περὶ λόγους ἦν τις ἀθλητής, τὴν
ἐριστικὴν τέχνην ἀφωρισμένους.

Θεαίτητος

ἦν γὰρ οὖν.

Ξένος

τό γε μὴν ἔκτον ἀμφισβητήσιμον μὲν, ὅμως δ' ἔθεμεν αὐτῷ
συγχωρήσαντες δοξῶν ἐμποδίων μαθήμασιν περὶ ψυχὴν καθαρτὴν
αὐτὸν εἶναι.

Θεαίτητος

παντάπασι μὲν οὖν.

[232a] **Ξένος**

ἄρ' οὖν ἐννοεῖς, ὅταν ἐπιστήμων τις πολλῶν φαίνεται, μιᾶς δὲ
τέχνης ὀνόματι προσαγορεύεται, τὸ φάντασμα τοῦτο ὥς οὐκ ἔσθ'
υἱές, ἀλλὰ δῆλον ὥς ὁ πάσχων αὐτὸ πρὸς τινὰ τέχνην οὐ δύναται

κατιδεῖν ἐκεῖνο αὐτῆς εἰς ὃ πάντα τὰ μαθήματα ταῦτα βλέπει, διὸ καὶ πολλοῖς ὀνόμασιν ἀνθ' ἑνὸς τὸν ἔχοντα αὐτὰ προσαγορεύει;

Θεαίτητος

κινδυνεύει τοῦτο ταύτη πη μάλιστα πεφυκέναι.

[232b] Ξένος

μὴ τοίνυν ἡμεῖς γε αὐτὸ ἐν τῇ ζητήσῃ δι' ἀργίαν πάσχωμεν, ἀλλ' ἀναλάβωμεν <ἐν> πρῶτον τῶν περὶ τὸν σοφιστὴν εἰρημένων. ἐν γάρ τί μοι μάλιστα κατεφάνη αὐτὸν μηνῦον.

Θεαίτητος

τὸ ποῖον;

Ξένος

ἀντιλογικὸν αὐτὸν ἔφαμεν εἶναί που.

Θεαίτητος

ναί.

Ξένος

τί δ'; οὐ καὶ τῶν ἄλλων αὐτοῦ τούτου διδάσκαλον γίγνεσθαι;

Θεαίτητος

τί μήν;

Ξένος

σκοπῶμεν δὴ, περὶ τίνος ἄρα καὶ φασιν οἱ τοιοῦτοι ποιεῖν ἀντιλογικούς. ἡ δὲ σκέψις ἡμῖν ἐξ ἀρχῆς ἔστω τῇδε [232c] πη. φέρε, περὶ τῶν θείων, ὅς' ἀφανῆ τοῖς πολλοῖς, ἄρ' ἱκανοὺς ποιοῦσι τοῦτο δρᾶν;

Θεαίτητος

λέγεται γοῦν δὴ περὶ αὐτῶν ταῦτα.

Ξένος

τί δ' ὅσα φανερά γῆς τε καὶ οὐρανοῦ καὶ τῶν περὶ τὰ τοιαῦτα;

Θεαίτητος

τί γάρ;

Ξένος

ἀλλὰ μὴν ἔν γε ταῖς ἰδίαις συνουσίαις, ὁπότεν γενέσεώς τε καὶ οὐσίας πέρι κατὰ πάντων λέγῃται τι, σύνισμεν ὥς αὐτοὶ τε ἀντειπεῖν δεινοὶ τοὺς τε ἄλλους ὅτι ποιοῦσιν ἅπερ αὐτοὶ δυνατοῦς;

Θεαίτητος

παντάπασί γε.

[232d] Ξένος

τί δ' αὖ περὶ νόμων καὶ συμπάντων τῶν πολιτικῶν, ἅρ' οὐχ ὑπὸ σκνοῦνται ποιεῖν ἀμφισβητητικούς;

Θεαίτητος

οὐδεὶς γὰρ ἂν αὐτοῖς ὥς ἔπος εἰπεῖν διελέγετο μὴ τοῦτο ὑπὸ σκνομένοις.

Ξένος

τά γε μὴν περὶ πασῶν τε καὶ κατὰ μίαν ἐκάστην τέχνην, ἃ δεῖ πρὸς ἕκαστον αὐτὸν τὸν δημιουργὸν ἀντειπεῖν, δεδημοσιωμένα που καταβέβληται γεγραμμένα τῷ βουλομένῳ μαθεῖν.

Θεαίτητος

τὰ Πρωταγόρειά μοι φαίνει περί τε πάλης καὶ [232e] τῶν ἄλλων τεχνῶν εἰρηκέναι.

Ξένος

καὶ πολλῶν γε, ὧ μακάριε, ἐτέρων. ἀτὰρ δὴ τὸ τῆς ἀντιλογικῆς τέχνης ἅρ' οὐκ ἔν κεφαλαίῳ περὶ πάντων πρὸς ἀμφισβήτησιν ἱκανή

τις δύνάμις ἔοικ' εἶναι;

Θεαίτητος

φαίνεται γοῦν δὴ σχεδὸν οὐδέν ὑπολιπεῖν.

Ξένος

σὺ δὴ πρὸς θεῶν, ὦ παῖ, δυνατὸν ἡγῇ τοῦτο; τάχα γὰρ ἂν ὑμεῖς μὲν ὀξύτερον οἱ νέοι πρὸς αὐτὸ βλέποιτε, ἡμεῖς δὲ ἀμβλύτερον.

[233a] Θεαίτητος

τὸ ποῖον, καὶ πρὸς τί μάλιστα λέγεις; οὐ γάρ που κατανοῶ τὸ νῦν ἐρωτώμενον.

Ξένος

εἰ πάντα ἐπίστασθαί τινα ἀνθρώπων ἐστὶ δυνατόν.

Θεαίτητος

μακάριον μεντὰν ἡμῶν, ὦ ξένε, ἦν τὸ γένος.

Ξένος

πῶς οὖν ἂν ποτέ τις πρὸς γε τὸν ἐπιστάμενον αὐτὸς ἀνεπιστήμων ὢν δύναιτ' ἂν ὑγιές τι λέγων ἀντειπεῖν;

Θεαίτητος

οὐδαμῶς.

Ξένος

τί ποτ' οὖν ἂν εἴη τὸ τῆς σοφιστικῆς δυνάμεως θαῦμα;

Θεαίτητος

τοῦ δὴ πέρι;

[233b] Ξένος

καθ' ὅντινα τρόπον ποτὲ δυνατοὶ τοῖς νέοις δόξαν παρασκευάζειν ὥς

εἰςὶ πάντα πάντων αὐτοὶ σοφώτατοι. δῆλον γὰρ ὡς εἰ μήτε ἀντέλεγον ὀρθῶς μήτε ἐκείνοις ἐφαίνοντο, φαινόμενοί τε εἰ μηδὲν αὖ μᾶλλον ἐδόκουν διὰ τὴν ἀμφισβήτησιν εἶναι φρόνιμοι, τὸ σὸν δὴ τοῦτο, σχολῇ ποτ' ἂν αὐτοῖς τις χρήματα διδούς ἤθελεν ἂν τούτων αὐτῶν μαθητῆς γίγνεσθαι.

Θεαίτητος

σχολῇ μεντᾶν.

Ξένος

νῦν δέ γ' ἐθέλουσιν;

Θεαίτητος

καὶ μάλα.

[233c] Ξένος

δοκοῦσι γὰρ οἶμαι πρὸς ταῦτα ἐπιστημόνως ἔχειν αὐτοὶ πρὸς ἅπερ ἀντιλέγουσιν.

Θεαίτητος

πῶς γὰρ οὔ;

Ξένος

δρῶσι δέ γε τοῦτο πρὸς ἅπαντα, φαμέν;

Θεαίτητος

ναί.

Ξένος

πάντα ἄρα σοφοὶ τοῖς μαθηταῖς φαίνονται.

Θεαίτητος

τί μήν;

Ξένος

οὐκ ὄντες γε: ἀδύνατον γὰρ τοῦτό γε ἐφάνη.

Θεαίτητος

πῶς γὰρ οὐκ ἀδύνατον;

Ξένος

δοξαστικὴν ἄρα τινὰ περὶ πάντων ἐπιστήμην ὁ σοφιστὴς ἡμῖν ἀλλ’
οὐκ ἀλήθειαν ἔχων ἀναπέφανται.

[233d] Θεαίτητος

παντάπασι μὲν οὖν, καὶ κινδυνεύει γε τὸ νῦν εἰρημένον ὀρθότατα
περὶ αὐτῶν εἰρῆσθαι.

Ξένος

λάβωμεν τοίνυν σαφέστερόν τι παράδειγμα περὶ τούτων.

Θεαίτητος

τὸ ποῖον δὴ;

Ξένος

τόδε. καὶ μοι πειρᾷ προσέχων τὸν νοῦν εὖ μάλα ἀποκρίνασθαι.

Θεαίτητος

τὸ ποῖον;

Ξένος

εἴ τις φαίη μὴ λέγειν μηδ’ ἀντιλέγειν, ἀλλὰ ποιεῖν καὶ δρᾶν μιᾷ τέχνῃ
συνάπαντα ἐπίστασθαι πράγματα —

[233e] Θεαίτητος

πῶς πάντα εἶπες;

Ξένος

τὴν ἀρχὴν τοῦ ῥηθέντος σύ γ’ ἡμῖν εὐθύς ἀγνοεῖς: τὰ γὰρ σύμπαντα,

ὥς ἔοικας, οὐ μανθάνεις.

Θεαίτητος

οὐ γὰρ οὖν.

Ξένος

λέγω τοίνυν σέ καὶ ἐμέ τῶν πάντων καὶ πρὸς ἡμῖν τᾶλλα ζῶα καὶ δένδρα.

Θεαίτητος

πῶς λέγεις;

Ξένος

εἴ τις ἐμέ καὶ σέ καὶ τᾶλλα φυτὰ πάντα ποιήσιν φαίη —

[234a] **Θεαίτητος**

τίνα δὴ λέγων τὴν ποιήσιν; οὐ γὰρ δὴ γεωργόν γε ἐρεῖς τινα: καὶ γὰρ ζῶων αὐτὸν εἶπες ποιητήν.

Ξένος

φημί, καὶ πρὸς γε θαλάττης καὶ γῆς καὶ οὐρανοῦ καὶ θεῶν καὶ τῶν ἄλλων συμπάντων: καὶ τοίνυν καὶ ταχὺ ποιήσας αὐτῶν ἕκαστα πάνυ σμικροῦ νομίσματος ἀποδίδεται.

Θεαίτητος

παιδιὰν λέγεις τινά.

Ξένος

τί δέ; τὴν τοῦ λέγοντος ὅτι πάντα οἶδε καὶ ταῦτα ἕτερον ἂν διδάξειεν ὀλίγου καὶ ἐν ὀλίγῳ χρόνῳ, μῶν οὐ παιδιὰν νομιστέον;

Θεαίτητος

πάντως που.

[234b] **Ξένος**

παιδιάς δὲ ἔχεις ἢ τι τεχνικώτερον ἢ καὶ χαριέστερον εἶδος ἢ τὸ μιμητικόν;

Θεαίτητος

οὐδαμῶς: πάμπολυ γὰρ εἴρηκας εἶδος εἰς ἓν πάντα συλλαβὼν καὶ σχεδὸν ποικιλώτατον.

Ξένος

οὐκοῦν τὸν γ' ὑπίσχνούμενον δυνατόν εἶναι μιᾷ τέχνῃ πάντα ποιεῖν γινώσκομέν που τοῦτο, ὅτι μιμήματα καὶ ὁμώνυμα τῶν ὄντων ἀπεργαζόμενος τῇ γραφικῇ τέχνῃ δυνατός ἔσται τοὺς ἀνοήτους τῶν νέων παίδων, πόρρωθεν τὰ γεγραμμένα ἐπιδεικνύς, λανθάνειν ὥς ὅτι περ ἂν βουληθῇ δρᾶν, τοῦτο ἱκανώτατος ὢν ἀποτελεῖν ἔργῳ.

[234c] Θεαίτητος

πῶς γὰρ οὐ;

Ξένος

τί δὲ δῆ; περὶ τοὺς λόγους ἄρ' οὐ προσδοκῶμεν εἶναί τινα ἄλλην τέχνην, ἢ αὖ δυνατόν <ὄν> [αὖ] τυγχάνει τοὺς νέους καὶ ἔτι πόρρω τῶν πραγμάτων τῆς ἀληθείας ἀφεστῶτας διὰ τῶν ὥτων τοῖς λόγοις γοητεύειν, δεικνύοντας εἰδῶλα λεγόμενα περὶ πάντων, ὥστε ποιεῖν ἀληθῆ δοκεῖν λέγεσθαι καὶ τὸν λέγοντα δὴ σοφώτατον πάντων ἅπαντ' εἶναι;

[234d] Θεαίτητος

τί γὰρ οὐκ ἂν εἴη ἄλλη τις τοιαύτη τέχνη;

Ξένος

τοὺς πολλοὺς οὖν, ὧ Θεαίτητε, τῶν τότε ἀκουόντων ἄρ' οὐκ ἀνάγκη χρόνου τε ἐπελθόντος αὐτοῖς ἱκανοῦ καὶ προῖούσης ἡλικίας τοῖς τε οὖσι προσπίπτοντας ἐγγύθεν καὶ διὰ παθημάτων ἀναγκαζομένους ἐναργῶς ἐφάπτεσθαι τῶν ὄντων, μεταβάλλειν τὰς τότε γενομένας δόξας, ὥστε σμικρὰ μὲν φαίνεσθαι τὰ μεγάλα, χαλεπὰ δὲ τὰ ῥάδια, καὶ πάντα [234e] πάντῃ ἀνατετράφθαι τὰ ἐν τοῖς λόγοις φαντάσματα

ὑπὸ τῶν ἐν ταῖς πράξεσιν ἔργων παραγενομένων;

Θεαίτητος

ὥς γοῦν ἐμοὶ τηλικῶδε ὄντι κρῖναι. οἶμαι δὲ καὶ ἐμὲ τῶν ἔτι πόρρωθεν ἀφεστηκότων εἶναι.

Ξένος

τοιγαροῦν ἡμεῖς σε οἶδε πάντες πειρασόμεθα καὶ νῦν πειρώμεθα ὥς ἐγγύτατα ἄνευ τῶν παθημάτων προσάγειν. περὶ δ' οὖν τοῦ σοφιστοῦ τόδε μοι λέγε: πότερον ἤδη τοῦτο [235a] σαφές, ὅτι τῶν γοήτων ἐστί τις, μιμητὴς ὢν τῶν ὄντων, ἢ διστάζομεν ἔτι μὴ περὶ ὅσων περ ἀντιλέγειν δοκεῖ δυνατός εἶναι, περὶ τοσούτων καὶ τὰς ἐπιστήμας ἀληθῶς ἔχων τυγχάνει;

Θεαίτητος

καὶ πῶς ἄν, ὦ ξένε; ἀλλὰ σχεδὸν ἤδη σαφές ἐκ τῶν εἰρημένων, ὅτι τῶν τῆς παιδιᾶς μετεχόντων ἐστί τις †μερῶν† εἷς.

Ξένος

γόητα μὲν δὴ καὶ μιμητὴν ἄρα θετέον αὐτόν τινα.

Θεαίτητος

πῶς γὰρ οὐ θετέον;

Ξένος

ἄγε δὴ, νῦν ἡμέτερον ἔργον ἤδη τὸν θῆρα μηκέτ' [235b] ἀνεῖναι: σχεδὸν γὰρ αὐτὸν περιειλήφαμεν ἐν ἀμφιβληστροικῶ τινι τῶν ἐν τοῖς λόγοις περὶ τὰ τοιαῦτα ὀργάνων, ὥστε οὐκέτ' ἐκφεύξεται τόδε γε.

Θεαίτητος

τὸ ποῖον;

Ξένος

τὸ μὴ οὐ τοῦ γένους εἶναι τοῦ τῶν θαυματοποιῶν τις εἷς.

Θεαίτητος

κάμοι τοῦτό γε οὕτω περὶ αὐτοῦ συνδοκεῖ.

Ξένος

δέδοκται τοίνυν ὅτι τάχιστα διαιρεῖν τὴν εἰδωλοποικὴν τέχνην, καὶ καταβάντας εἰς αὐτήν, ἐὰν μὲν ἡμᾶς εὐθύς ὁ σοφιστὴς ὑπομείνη, συλλαβεῖν αὐτὸν κατὰ τὰ ἐπεσταλμένα [235c] ὑπὸ τοῦ βασιλικοῦ λόγου, κάκείνῳ παραδόντας ἀποφῆναι τὴν ἄγραν: ἐὰν δ' ἄρα κατὰ μέρη τῆς μιμητικῆς δύηται πῃ, συνακολουθεῖν αὐτῷ διαιροῦντας ἀεὶ τὴν ὑποδεχομένην αὐτὸν μοῖραν, ἕωσπερ ἂν ληφθῇ. πάντως οὔτε οὗτος οὔτε ἄλλο γένος οὐδὲν μὴ ποτε ἐκφυγὸν ἐπεύξεται τὴν τῶν οὕτω δυναμένων μετιέναι καθ' ἕκαστά τε καὶ ἐπὶ πάντα μέθοδον.

Θεαίτητος

λέγεις εὖ, καὶ ταῦτα ταύτῃ ποιητέον.

Ξένος

κατὰ δὴ τὸν παρεληλυθότα τρόπον τῆς διαιρέσεως [235d] ἔγωγέ μοι καὶ νῦν φαίνομαι δύο καθορᾶν εἶδη τῆς μιμητικῆς: τὴν δὲ ζητουμένην ιδέαν, ἐν ὁποτέρῳ ποθ' ἡμῖν οὔσα τυγχάνει, καταμαθεῖν οὐδέπω μοι δοκῶ νῦν δυνατὸς εἶναι.

Θεαίτητος

σὺ δ' ἄλλ' εἰπὲ πρῶτον καὶ δῖελε ἡμῖν τίνα τῶ δύο λέγεις.

Ξένος

μίαν μὲν τὴν εἰκαστικὴν ὁρῶν ἐν αὐτῇ τέχνῃ. ἔστι δ' αὕτη μάλιστα ὁπότεν κατὰ τὰς τοῦ παραδείγματος συμμετρίας τις ἐν μήκει καὶ πλάτει καὶ βάθει, καὶ πρὸς [235e] τούτοις ἔτι χρώματα ἀποδιδούς τὰ προσήκοντα ἐκάστοις, τὴν τοῦ μιμήματος γένεσιν ἀπεργάζεται.

Θεαίτητος

τί δ'; οὐ πάντες οἱ μιμούμενοί τι τοῦτ' ἐπιχειροῦσι δρᾶν;

Ξένος

οὐκ οὖν ὅσοι γε τῶν μεγάλων πού τι πλάττουσιν ἔργων ἢ γράφουσιν. εἰ γὰρ ἀποδιδόϊεν τὴν τῶν καλῶν ἀληθινὴν συμμετρίαν, οἷσθ' ὅτι σμικρότερα μὲν τοῦ δέοντος [236a] τὰ ἄνω, μείζω δὲ τὰ κάτω φαίνοιτ' ἂν διὰ τὸ τὰ μὲν πόρρωθεν, τὰ δ' ἐγγύθεν ὑφ' ἡμῶν ὀρᾶσθαι.

Θεαίτητος

πάνυ μὲν οὖν.

Ξένος

ἄρ' οὖν οὐ χαίρειν τὸ ἀληθὲς ἐάσαντες οἱ δημιουργοὶ νῦν οὐ τὰς οὐσας συμμετρίας ἀλλὰ τὰς δοξούσας εἶναι καλὰς τοῖς εἰδώλοις ἐναπεργάζονται;

Θεαίτητος

παντάπασί γε.

Ξένος

τὸ μὲν ἄρα ἕτερον οὐ δίκαιον, εἰκὸς γε ὄν, εἰκόνα καλεῖν;

Θεαίτητος

ναί.

[236b] Ξένος

καὶ τῆς γε μιμητικῆς τὸ ἐπὶ τούτῳ μέρος κλητέον ὅπερ εἵπομεν ἐν τῷ πρόσθεν, εἰκαστικὴν;

Θεαίτητος

κλητέον.

Ξένος

τί δέ; τὸ φαινόμενον μὲν διὰ τὴν οὐκ ἐκ καλοῦ θεᾶν εἰκέναι τῷ καλῷ, δύναμιν δὲ εἴ τις λάβοι τὰ τηλικαῦτα ἱκανῶς ὁρᾶν, μηδ' εἰκὸς ᾧ φησιν εἰκέναι, τί καλοῦμεν; ἄρ' οὐκ, ἐπεὶ φαίνεται μὲν, εἵκει δὲ οὐ, φάντασμα;

Θεαίτητος

τί μήν;

Ξένος

οὐκοῦν πάμπλου καὶ κατὰ τὴν ζωγραφίαν τοῦτο τὸ [236c] μέρος ἐστὶ καὶ κατὰ σύμπασαν μιμητικὴν;

Θεαίτητος

πῶς δ' οὔ;

Ξένος

τὴν δὴ φάντασμα ἄλλ' οὐκ εἰκόνα ἀπεργαζομένην τέχνην ἄρ' οὐ φανταστικὴν ὀρθότατ' ἂν προσαγορεύοιμεν;

Θεαίτητος

πολύ γε.

Ξένος

τούτῳ τοίνυν τῷ δύο ἔλεγον εἶδη τῆς εἰδωλοποιικῆς, εἰκαστικὴν καὶ φανταστικὴν.

Θεαίτητος

ὀρθῶς.

Ξένος

ὁ δέ γε καὶ τότε ἡμφεγνόουν, <έν> ποτέρα τὸν σοφιστὴν θετέον, οὐδὲ νῦν πῶς δύναμαι θεάσασθαι σαφῶς, [236d] ἄλλ' ὄντως θαυμαστὸς ἀνὴρ καὶ κατιδεῖν παγχάλεπος, ἐπεὶ καὶ νῦν μάλα εὖ καὶ κομψῶς εἰς ἅπορον εἶδος διερευνήσασθαι καταπέφευγεν.

Θεαίτητος

ἔοικεν.

Ξένος

ἄρ' οὖν αὐτὸ γινώσκων σύμφης, ἢ σε οἶον ῥύμη τις ὑπὸ τοῦ λόγου
συνειθισμένον συνεπεσπάσατο πρὸς τὸ ταχὺ συμφῆσαι;

Θεαίτητος

πῶς καὶ πρὸς τί τοῦτο εἴρηκας;

Ξένος

ὄντως, ὦ μακάριε, ἐσμέν ἐν παντάπασι χαλεπῇ [236e] σκέψει. τὸ γὰρ
φαίνεσθαι τοῦτο καὶ τὸ δοκεῖν, εἶναι δὲ μὴ, καὶ τὸ λέγειν μὲν ἄττα,
ἀληθῆ δὲ μὴ, πάντα ταῦτά ἐστι μεστὰ ἀπορίας ἀεὶ ἐν τῷ πρόσθεν
χρόνῳ καὶ νῦν. ὅπως γὰρ εἰπόντα χρὴ ψευδῇ λέγειν ἢ δοξάζειν ὄντως
εἶναι, καὶ τοῦτο φθεγξάμενον ἐναντιολογία μὴ συνέχεσθαι,
παντάπασιν, ὦ [237a] Θεαίτητε, χαλεπόν.

Θεαίτητος

τί δῆ;

Ξένος

τετόλμηκεν ὁ λόγος οὗτος ὑποθέσθαι τὸ μὴ ὄν εἶναι: ψεῦδος γὰρ οὐκ
ἂν ἄλλως ἐγίγνετο ὄν. Παρμενίδης δὲ ὁ μέγας, ὦ παῖ, παισὶν ἡμῖν
οὕσιν ἀρχόμενός τε καὶ διὰ τέλους τοῦτο ἀπεμαρτύρατο, πεζῇ τε ὧδε
ἐκάστοτε λέγων καὶ μετὰ μέτρων —

οὐ γὰρ μήποτε τοῦτο δαμῇ, φησὶν, εἶναι μὴ ἐόντα: ἀλλὰ σὺ τῆσδ'
ἀφ' ὁδοῦ διζήμενος εἴργε νόημα.

παρμενιδες φρ. 7.1 [237b] παρ' ἐκείνου τε οὖν μαρτυρεῖται, καὶ
μάλιστα γε δὴ πάντων ὁ λόγος αὐτὸς ἂν δηλώσειε μέτρια
βασανισθεῖς. τοῦτο οὖν αὐτὸ πρῶτον θεασώμεθα, εἰ μὴ τί σοι
διαφέρει.

Θεαίτητος

τὸ μὲν ἐμὸν ὅπη βούλει τίθεσο, τὸν δὲ λόγον ἢ βέλτιστα διέξεισι
σκοπῶν αὐτός τε ἴθι καμὲ κατὰ ταύτην τὴν ὁδὸν ἄγε.

Ξένος

ἀλλὰ χρή δρᾶν ταῦτα. καί μοι λέγε: τὸ μηδαμῶς ὄν τολμῶμέν που φθέγγεσθαι;

Θεαίτητος

πῶς γὰρ οὐ;

Ξένος

μὴ τοίνυν ἔριδος ἔνεκα μηδὲ παιδιᾶς, ἀλλ' εἰ σπουδῇ [237c] δέοι συννοήσαντά τινα ἀποκρίνασθαι τῶν ἀκροατῶν ποῖ χρή τοῦνομ' ἐπιφέρειν τοῦτο, τὸ μὴ ὄν, τί δοκοῦμεν ἂν εἰς τί καὶ ἐπὶ ποῖον αὐτόν τε καταχρήσασθαι καὶ τῷ πυνθανομένῳ δεικνύναι;

Θεαίτητος

χαλεπὸν ἥρου καὶ σχεδὸν εἰπεῖν οἷω γε ἐμοὶ παντάπασιν ἄπορον.

Ξένος

ἀλλ' οὖν τοῦτό γε δῆλον, ὅτι τῶν ὄντων ἐπὶ <τι> τὸ μὴ ὄν οὐκ οἰστέον.

Θεαίτητος

πῶς γὰρ ἂν;

Ξένος

οὐκοῦν ἐπείπερ οὐκ ἐπὶ τὸ ὄν, οὐδ' ἐπὶ τὸ τί φέρων ὀρθῶς ἂν τις φέροι.

Θεαίτητος

πῶς δή;

[237d] **Ξένος**

καὶ τοῦτο ἡμῖν που φανερόν, ὥς καὶ τὸ “τί” τοῦτο [ῥῆμα] ἐπ' ὄντι λέγομεν ἐκάστοτε: μόνον γὰρ αὐτὸ λέγειν, ὥσπερ γυμνὸν καὶ ἀπληρωμένον ἀπὸ τῶν ὄντων ἀπάντων, ἀδύνατον: ἧ γάρ;

Θεαίτητος

ἀδύνατον.

Ξένος

ἄρα τηῖδε σκοπῶν σύμφης, ὥς ἀνάγκη τόν τι λέγοντα ἔν γέ τι λέγειν;

Θεαίτητος

οὕτως.

Ξένος

ένος γὰρ δὴ τό γε “τὶ” φήσεις σημεῖον εἶναι, τὸ δὲ “τινὲ” δυοῖν, τὸ δὲ “τινὲς” πολλῶν.

Θεαίτητος

πῶς γὰρ οὐ;

[237e] Ξένος

τὸν δὲ δὴ μὴ τι λέγοντα ἀναγκαιότατον, ὥς ἔοικε, παντάπασι μηδὲν λέγειν.

Θεαίτητος

ἀναγκαιότατον μὲν οὖν.

Ξένος

ἄρ’ οὖν οὐδὲ τοῦτο συγχωρητέον, τὸ τὸν τοιοῦτον λέγειν μὲν [τι], λέγειν μέντοι μηδέν, ἀλλ’ οὐδὲ λέγειν φατέον, ὅς γ’ ἂν ἐπιχειρῇ μὴ ὄν φθέγγεσθαι;

Θεαίτητος

τέλος γοῦν ἂν ἀπορίας ὁ λόγος ἔχοι.

[238a] Ξένος

μήπω μέγ’ εἵπης: ἔτι γάρ, ὦ μακάριε, ἔστι, καὶ ταῦτά γε τῶν ἀποριῶν ἡ μεγίστη καὶ πρώτη. περὶ γὰρ αὐτὴν αὐτοῦ τὴν ἀρχὴν οὔσα τυγχάνει.

Θεαίτητος

πῶς φής; λέγε καὶ μηδὲν ἀποκνήσης.

Ξένος

τῷ μὲν ὄντι που προσγένοιτ' ἂν τι τῶν ὄντων ἕτερον.

Θεαίτητος

πῶς γὰρ οὐ;

Ξένος

μὴ ὄντι δέ τι τῶν ὄντων ἄρά ποτε προσγίγνεσθαι φήσομεν δυνατόν εἶναι;

Θεαίτητος

καὶ πῶς;

Ξένος

ἀριθμὸν δὴ τὸν σύμπαντα τῶν ὄντων τίθεμεν.

[238b] Θεαίτητος

εἴπερ γε καὶ ἄλλο τι θετέον ὥς ὄν.

Ξένος

μὴ τοίνυν μηδ' ἐπιχειρῶμεν ἀριθμοῦ μήτε πλῆθος μήτε ἐν πρὸς τὸ μὴ ὄν προσφέρειν.

Θεαίτητος

οὐκουν ἂν ὀρθῶς γε, ὥς ἔοικεν, ἐπιχειροῖμεν, ὥς φησιν ὁ λόγος.

Ξένος

πῶς οὖν ἂν ἡ διὰ τοῦ στόματος φθέγγαιτο ἂν τις ἡ καὶ τῇ διανοίᾳ τὸ παράπαν λάβοι τὰ μὴ ὄντα ἢ τὸ μὴ ὄν χωρὶς ἀριθμοῦ;

Θεαίτητος

λέγε πῃ;

Ξένος

μὴ ὄντα μὲν ἐπειδὰν λέγωμεν, ἄρα οὐ πλῆθος [238c] ἐπιχειροῦμεν ἀριθμοῦ προστιθέναι;

Θεαίτητος

τί μήν;

Ξένος

μὴ ὄν δέ, ἄρα οὐ τὸ ἐν αὐτῷ;

Θεαίτητος

σαφέστατά γε.

Ξένος

καὶ μὴν οὔτε δίκαιόν γε οὔτε ὀρθόν φαμεν ὄν ἐπιχειρεῖν μὴ ὄντι προσαρμόττειν.

Θεαίτητος

λέγεις ἀληθέστατα.

Ξένος

συννοεῖς οὖν ὥς οὔτε φθέγξασθαι δυνατόν ὀρθῶς οὔτ' εἰπεῖν οὔτε διανοηθῆναι τὸ μὴ ὄν αὐτὸ καθ' αὐτό, ἀλλ' ἔστιν ἀδιανόητόν τε καὶ ἄρρητον καὶ ἀφθεγκτον καὶ ἄλογον;

Θεαίτητος

παντάπασι μὲν οὖν.

[238d] **Ξένος**

ἄρ' οὖν ἐψευσάμην ἄρτι λέγων τὴν μεγίστην ἀπορίαν ἐρεῖν αὐτοῦ περί, τὸ δέ ἐτι μείζω τινὰ λέγειν ἄλλην ἔχομεν;

Θεαίτητος

τίνα δῆ;

Ξένος

ὃ θαυμάσιε, οὐκ ἐννοεῖς αὐτοῖς τοῖς λεχθεῖσιν ὅτι καὶ τὸν ἐλέγχοντα εἰς ἀπορίαν καθίστησι τὸ μὴ ὄν οὕτως, ὥστε, ὅποταν αὐτὸ ἐπιχειρῇ τις ἐλέγχειν, ἐναντία αὐτὸν αὐτῷ περὶ ἐκεῖνο ἀναγκάζεσθαι λέγειν;

Θεαίτητος

πῶς φῆς; εἰπέ ἔτι σαφέστερον.

Ξένος

οὐδὲν δεῖ τὸ σαφέστερον ἐν ἐμοὶ σκοπεῖν. ἐγὼ μὲν [238e] γὰρ ὑποθέμενος οὔτε ἐνὸς οὔτε τῶν πολλῶν τὸ μὴ ὄν δεῖν μετέχειν, ἄρτι τε καὶ νῦν οὕτως ἐν αὐτὸ εἴρηκα: τὸ μὴ ὄν γὰρ φημί. συνίης τοι.

Θεαίτητος

ναί.

Ξένος

καὶ μὴν αὖ καὶ σμικρὸν ἔμπροσθεν ἄφθεγκτόν τε αὐτὸ καὶ ἄρρήτον καὶ ἄλογον ἔφην εἶναι. συνέπη;

Θεαίτητος

συνέπομαι. πῶς γὰρ οὔ;

Ξένος

οὐκοῦν τό γε εἶναι προσάπτειν πειρώμενος ἐναντία [239a] τοῖς πρόσθεν ἔλεγον;

Θεαίτητος

φαίνη.

Ξένος

τί δέ; τοῦτο προσάπτων οὐχ ὥς ἐνὶ διελεγόμην;

Θεαίτητος

ναί.

Ξένος

καὶ μὴν ἄλογόν γε λέγων καὶ ἄρρητον καὶ ἄφθεγκτον ὥς γε πρὸς ἓν τὸν λόγον ἐποιοῦμην.

Θεαίτητος

πῶς δ' οὐ;

Ξένος

φαιμέν δέ γε δεῖν, εἴπερ ὀρθῶς τις λέξει, μήτε ὥς ἓν μήτε ὥς πολλὰ διορίζειν αὐτό, μηδὲ τὸ παράπαν αὐτὸ καλεῖν: ἐνὸς γὰρ εἶδει καὶ κατὰ ταύτην ἂν τὴν πρόσρησιν προσαγορεύοιτο.

Θεαίτητος

παντάπασί γε.

[239b] Ξένος

τὸν μὲν τοίνυν ἐμέ γε τί τις ἂν λέγοι; καὶ γὰρ πάλαι καὶ τὰ νῦν ἡττημένον ἂν εὔροι περὶ τὸν τοῦ μὴ ὄντος ἔλεγχον. ὥστε ἐν ἑμοιγε λέγοντι, καθάπερ εἶπον, μὴ σκοπῶμεν τὴν ὀρθολογίαν περὶ τὸ μὴ ὄν, ἀλλ' εἶα δὴ νῦν ἐν σοὶ σκεψώμεθα.

Θεαίτητος

πῶς φήεις;

Ξένος

ἴθι ἡμῖν εὖ καὶ γενναίως, ἅτε νέος ὢν, ὅτι μάλιστα δύνασαι συντείνας πειράσθῃ, μήτε οὐσίαν μήτε τὸ ἓν μήτε πλῆθος ἀριθμοῦ προστιθεὶς τῷ μὴ ὄντι, κατὰ τὸ ὀρθὸν φθέγγασθαί τι περὶ αὐτοῦ.

[239c] Θεαίτητος

πολλὴ μεντᾶν με καὶ ἄτοπος ἔχοι προθυμία τῆς ἐπιχειρήσεως, εἰ σέ

τοιαῦθ' ὁρῶν πάσχοντα αὐτὸς ἐπιχειροῖην.

Ξένος

ἀλλ' εἰ δοκεῖ, σὲ μὲν καὶ ἐμὲ χαίρειν ἐῷμεν: ἕως δ' ἂν τινι δυναμένῳ δρᾶν τοῦτο ἐντυγχάνωμεν, μέχρι τούτου λέγωμεν ὡς παντὸς μᾶλλον πανούργως εἰς ἄπορον ὁ σοφιστὴς τόπον καταδέδυκεν.

Θεαίτητος

καὶ μάλα δὴ φαίνεται.

Ξένος

τοιγαροῦν εἴ τινα φήσομεν αὐτὸν ἔχειν φανταστικὴν [239d] τέχνην, ῥαδίως ἐκ ταύτης τῆς χρείας τῶν λόγων ἀντιλαμβανόμενος ἡμῶν εἰς τοῦναντίον ἀποστρέψει τοὺς λόγους, ὅταν εἰδωλοποιὸν αὐτὸν καλῶμεν, ἀνερωτῶν τί ποτε τὸ παράπαν εἶδωλον λέγομεν. σκοπεῖν οὖν, ὃ Θεαίτητε, χρὴ τί τις τῷ νεανία πρὸς τὸ ἐρωτώμενον ἀποκρινεῖται.

Θεαίτητος

φανερὸς, ὃ Θεαίτητε, εἴ σοφιστὴν οὐχ ἑωρακώς.

Θεαίτητος

τί δὴ;

Ξένος

δόξει σοι μύειν ἢ παντάπασιν οὐκ ἔχειν ὄμματα.

Θεαίτητος

πῶς;

Ξένος

τὴν ἀπόκρισιν ὅταν οὕτως αὐτῷ διδῶς ἂν ἐν κατόπτροις ἢ πλάσμασι λέγῃς τι, καταγελάσεταιί σου τῶν λόγων, ὅταν ὡς βλέποντι λέγῃς αὐτῷ, προσποιούμενος οὔτε κάτοπτρα [240a] οὔτε ὕδατα γινώσκειν οὔτε τὸ παράπαν ὄψιν, τὸ δ' ἐκ τῶν λόγων ἐρωτήσει σε μόνον.

Θεαίτητος

ποῖον;

Ξένος

τὸ διὰ πάντων τούτων ἃ πολλὰ εἰπὼν ἠξίωσας ἐνὶ προσειπεῖν ὀνόματι φθεγξάμενος εἰδωλον ἐπὶ πᾶσιν ὡς ἐν ὄν. λέγε οὖν καὶ ἀμύνου μηδὲν ὑποχωρῶν τὸν ἄνδρα.

Θεαίτητος

τί δῆτα, ὦ ξέने, εἰδωλον ἂν φαῖμεν εἶναι πλὴν γε τὸ πρὸς τἀληθινὸν ἀφωμοιωμένον ἕτερον τοιοῦτον;

Ξένος

ἕτερον δὲ λέγεις τοιοῦτον ἀληθινόν, ἢ ἐπὶ τίνι τὸ [240b] τοιοῦτον εἶπες;

Θεαίτητος

οὐδαμῶς ἀληθινόν γε, ἀλλ' εἰκὸς μὲν.

Ξένος

ἄρα τὸ ἀληθινὸν ὄντως ὄν λέγων;

Θεαίτητος

οὕτως.

Ξένος

τί δέ; τὸ μὴ ἀληθινὸν ἄρ' ἐναντίον ἀληθοῦς;

Θεαίτητος

τί μήν;

Ξένος

οὐκ ὄντως [οὐκ] ὄν ἄρα λέγεις τὸ εὐικός, εἴπερ αὐτό γε μὴ ἀληθινὸν ἐρεῖς.

Θεαίτητος

ἀλλ' ἔστι γε μὴν πως.

Ξένος

οὐκ οὐν ἀληθῶς γε, φῆς.

Θεαίτητος

οὐ γὰρ οὐν: πλήν γ' εἰκὼν ὄντως.

Ξένος

οὐκ ὄν ἄρα [οὐκ] ὄντως ἐστὶν ὄντως ἢν λέγομεν εἰκόνα;

[240c] Θεαίτητος

κινδυνεύει τοιαύτην τινὰ πεπλέχθαι συμπλοκὴν τὸ μὴ ὄν τῷ ὄντι, καὶ μάλα ἄτοπον.

Ξένος

πῶς γὰρ οὐκ ἄτοπον; ὁρᾷς γοῦν ὅτι καὶ νῦν διὰ τῆς ἐπαλλάξεως ταύτης ὁ πολυκέφαλος σοφιστὴς ἠνάγκακεν ἡμᾶς τὸ μὴ ὄν οὐχ ἐκόντας ὁμολογεῖν εἶναί πως.

Θεαίτητος

ὁρῶ καὶ μάλα.

Ξένος

τί δὲ δῆ; τὴν τέχνην αὐτοῦ τίνα ἀφορίσαντες ἡμῖν αὐτοῖς συμφωνεῖν οἴοι τε ἐσόμεθα;

Θεαίτητος

πῇ καὶ τὸ ποῖόν τι φοβούμενος οὕτω λέγεις;

[240d] **Ξένος**

ὅταν περὶ τὸ φάντασμα αὐτὸν ἀπατᾶν φῶμεν καὶ τὴν τέχνην εἶναί τινα ἀπατητικὴν αὐτοῦ, τότε πότερον ψευδῇ δοξάζειν τὴν ψυχὴν ἡμῶν φήσομεν ὑπὸ τῆς ἐκείνου τέχνης, ἢ τί ποτ' ἐροῦμεν;

Θεαίτητος

τοῦτο: τί γὰρ ἂν ἄλλο εἵπαιμεν;

Ξένος

ψευδῆς δ' αὖ δόξα ἔσται τάναντία τοῖς οὖσι δοξάζουσα, ἢ πῶς;

Θεαίτητος

οὕτως: τάναντία.

Ξένος

λέγεις ἄρα τὰ μὴ ὄντα δοξάζειν τὴν ψευδῇ δόξαν;

Θεαίτητος

ἀνάγκη.

[240e] **Ξένος**

πότερον μὴ εἶναι τὰ μὴ ὄντα δοξάζουσιν, ἢ πως εἶναι τὰ μηδαμῶς ὄντα;

Θεαίτητος

εἶναί πως τὰ μὴ ὄντα δεῖ γε, εἴπερ ψεύσεται ποτέ τίς τι καὶ κατὰ βραχύ.

Ξένος

τί δ'; οὐ καὶ μηδαμῶς εἶναι τὰ πάντως ὄντα δοξάζεται;

Θεαίτητος

ναί.

Ξένος

καὶ τοῦτο δὴ ψεῦδος;

Θεαίτητος

καὶ τοῦτο.

Ξένος

καὶ λόγος οἶμαι ψευδὴς οὕτω κατὰ ταῦτά νομισθήσεται [241a] τά τε ὄντα λέγων μὴ εἶναι καὶ τὰ μὴ ὄντα εἶναι.

Θεαίτητος

πῶς γὰρ ἂν ἄλλως τοιοῦτος γένοιτο;

Ξένος

σχεδὸν οὐδαμῶς: ἀλλὰ ταῦτα ὁ σοφιστὴς οὐ φήσκει. ἢ τίς μηχανὴ συγχωρεῖν τινα τῶν εἴς φρονούντων, ὅταν [ἄφθεγκτα καὶ ἄρρήτα καὶ ἄλογα καὶ ἀδιανόητα] προσδιωμολογημένα ἢ τὰ πρὸ τούτων ὁμολογηθέντα; μανθάνομεν, ὦ Θεαίτητε, ἃ λέγει;

Θεαίτητος

πῶς γὰρ οὐ μανθάνομεν ὅτι τάναντία φήσκει λέγειν ἡμᾶς τοῖς νυνδὴ, ψευδῇ τολμήσαντας εἰπεῖν ὥς ἔστιν [241b] ἐν δόξαις τε καὶ κατὰ λόγους; τῷ γὰρ μὴ ὄντι τὸ ὄν προσάπτειν ἡμᾶς πολλάκις ἀναγκάζεσθαι, διομολογησαμένους νυνδὴ τοῦτο εἶναι πάντων ἀδυνατώτατον.

Ξένος

ὀρθῶς ἀπεμνημόνευσας. ἀλλ' ὅρα δὴ [βουλευέσθαι] τί χρηῖ δρᾶν τοῦ σοφιστοῦ πέρι: τὰς γὰρ ἀντιλήψεις καὶ ἀπορίας, εἰάν αὐτὸν διερευνῶμεν ἐν τῇ τῶν ψευδουργῶν καὶ γοήτων τέχνῃ τιθέντες, ὁρᾷς ὥς εὐποροὶ καὶ πολλαί.

Θεαίτητος

καὶ μάλα.

Ξένος

μικρὸν μέρος τοίνυν αὐτῶν διεληλύθαμεν, οὐσῶν [241c] ὥς ἔπος εἶπεῖν ἀπεράντων.

Θεαίτητος

ἀδύνατόν γ' ἄν, ὥς ἔοικεν, εἴη τὸν σοφιστὴν ἐλεῖν, εἰ ταῦτα οὕτως ἔχει.

Ξένος

τί οὖν; οὕτως ἀποστησόμεθα νῦν μαλθακισθέντες;

Θεαίτητος

οὐκουν ἔγωγέ φημι δεῖν, εἰ καὶ κατὰ σμικρὸν οἰοί τ' ἐπιλαβέσθαι πη τάνδρός ἐσμεν.

Ξένος

ἔξεις οὖν συγγνώμην καὶ καθάπερ νῦν εἶπες ἀγαπήσεις ἐάν πη καὶ κατὰ βραχὺ παρασπασώμεθα οὕτως ἰσχυροῦ λόγου;

Θεαίτητος

πῶς γὰρ οὐχ ἔξω;

[241d] **Ξένος**

τόδε τοίνυν ἔτι μᾶλλον παραιτοῦμαί σε.

Θεαίτητος

τὸ ποῖον;

Ξένος

μή με οἶον πατραλοῖαν ὑπολάβης γίγνεσθαι τινα.

Θεαίτητος

τί δή;

Ξένος

τὸν τοῦ πατρὸς Παρμενίδου λόγον ἀναγκαῖον ἡμῖν ἀμυνομένοις ἔσται βασανίζειν, καὶ βιάζεσθαι τό τε μὴ ὄν ὥς ἔστι κατὰ τι καὶ τὸ ὄν αὖ πάλιν ὥς οὐκ ἔστι πη.

Θεαίτητος

φαίνεται τὸ τοιοῦτον διαμαχετέον ἐν τοῖς λόγοις.

Ξένος

πῶς γὰρ οὐ φαίνεται καὶ τὸ λεγόμενον δὴ τοῦτο τυφλῷ; [241e] τούτων γὰρ μήτ' ἐλεγχθέντων μήτε ὁμολογηθέντων σχολῇ ποτέ τις οἶός τε ἔσται περὶ λόγων ψευδῶν λέγων ἢ δόξης, εἴτε εἰδῶλων εἴτε εἰκόνων εἴτε μιμημάτων εἴτε φαντασμάτων αὐτῶν, ἢ καὶ περὶ τεχνῶν τῶν ὅσαι περὶ ταῦτά εἰσι, μὴ καταγέλαστος εἶναι τά <γ'> ἐναντία ἀναγκαζόμενος αὐτῷ λέγειν.

Θεαίτητος

ἀληθέστατα.

[242a] Ξένος

διὰ ταῦτα μέντοι τολμητέον ἐπιτίθεσθαι τῷ πατρικῷ λόγῳ νῦν, ἢ τὸ παράπαν ἐατέον, εἰ τοῦτό τις εἴργει δρᾶν ὄκνος.

Θεαίτητος

ἀλλ' ἡμᾶς τοῦτό γε μηδὲν μηδαμῇ εἴρξῃ.

Ξένος

τρίτον τοίνυν ἔτι σε σμικρόν τι παραιτήσομαι.

Θεαίτητος

λέγε μόνον.

Ξένος

εἰπόν που νυνδὴ λέγων ὥς πρὸς τὸν περὶ ταῦτ' ἔλεγχον αἰεὶ τε ἀπειρηκῶς ἐγὼ τυγχάνω καὶ δὴ καὶ τὰ νῦν.

Θεαίτητος

εἶπες.

Ξένος

φοβοῦμαι δὴ τὰ εἰρημένα, μή ποτε διὰ ταῦτά σοι μανικὸς εἶναι δόξω παρὰ πόδα μεταβαλὼν ἐμαυτὸν ἄνω καὶ [242b] κάτω. σὴν γὰρ δὴ χάριν ἐλέγχειν τὸν λόγον ἐπιθησόμεθα, ἐάνπερ ἐλέγχωμεν.

Θεαίτητος

ὥς τοίνυν ἔμοιγε μηδαμῇ δόξων μηδὲν πλημμελεῖν, ἂν ἐπὶ τὸν ἔλεγχον τοῦτον καὶ τὴν ἀπόδειξιν ἴης, θαρρῶν ἴθι τούτου γε ἔνεκα.

Ξένος

φέρε δὴ, τίνα ἀρχὴν τις ἂν ἄρξαιτο παρακινδυνευτικοῦ λόγου; δοκῶ μὲν γὰρ τήνδ', ὧ παῖ, τὴν ὁδὸν ἀναγκαιοτάτην ἡμῖν εἶναι τρέπεσθαι.

Θεαίτητος

ποῖαν δὴ;

Ξένος

τὰ δοκοῦντα νῦν ἐναργῶς ἔχειν ἐπισκέψασθαι πρῶτον [242c] μή πη τεταραγμένοι μὲν ὦμεν περὶ ταῦτα, ῥαδίως δ' ἀλλήλοις ὁμολογῶμεν ὡς εὐκρινῶς ἔχοντες.

Θεαίτητος

λέγε σαφέστερον ὃ λέγεις.

Ξένος

εὐκόλως μοι δοκεῖ Παρμενίδης ἡμῖν διειλέχθαι καὶ πᾶς ὅστις πώποτε ἐπὶ κρίσιν ὥρμησε τοῦ τὰ ὄντα διορίσασθαι πόσα τε καὶ ποῖά ἐστιν.

Θεαίτητος

πῆ;

Ξένος

μῦθόν τινα ἕκαστος φαίνεται μοι διηγεῖσθαι παισὶν ὡς οὖσιν ἡμῖν, ὁ μὲν ὡς τρία τὰ ὄντα, πολεμεῖ δὲ ἀλλήλοις [242d] ἐνίοτε αὐτῶν ἅττα πη, τοτὲ δὲ καὶ φίλα γιγνόμενα γάμους τε καὶ τόκους καὶ τροφὰς τῶν ἐκγόνων παρέχεται: δύο δὲ ἕτερος εἰπὼν, ὑγρὸν καὶ ξηρὸν ἢ θερμὸν καὶ ψυχρὸν, συνοικίζει τε αὐτὰ καὶ ἐκδίδωσι: τὸ δὲ παρ' ἡμῖν Ἑλεατικὸν ἔθνος, ἀπὸ Ξενοφάνους τε καὶ ἔτι πρόσθεν ἀρξάμενον, ὡς ἐνὸς ὄντος τῶν πάντων καλουμένων οὕτω διεξέρχεται τοῖς μύθοις. Ἰάδες δὲ καὶ Σικελαὶ τινες ὕστερον Μοῦσαι συνενόησαν ὅτι συμπλέκειν [242e] ἀσφαλέστατον ἀμφοτέρα καὶ λέγειν ὡς τὸ ὄν πολλά τε καὶ ἓν ἐστίν, ἔχθρα δὲ καὶ φιλία συνέχεται. διαφερόμενον γὰρ ἀεὶ συμφέρεται, φασὶν αἱ συντονώτεραι τῶν Μουσῶν: αἱ δὲ μαλακώτεραι τὸ μὲν ἀεὶ ταῦτα οὕτως ἔχειν ἐχάλασαν, ἐν μέρει δὲ τοτὲ μὲν ἓν εἶναι φασὶ τὸ πᾶν καὶ φίλον ὑπ' [243a] ἀφροδίτης, τοτὲ δὲ πολλὰ καὶ πολέμιον αὐτὸ αὐτῷ διὰ νεϊκός τι. ταῦτα δὲ πάντα εἰ μὲν ἀληθῶς τις ἢ μὴ τούτων εἴρηκε, χαλεπὸν καὶ πλημμελὲς οὕτω μεγάλα κλεινοῖς καὶ παλαιοῖς ἀνδράσιν ἐπιτιμᾶν: ἐκεῖνο δὲ ἀνεπίφθορον ἀποφήνασθαι —

Θεαίτητος

τὸ ποῖον;

Ξένος

ὅτι λίαν τῶν πολλῶν ἡμῶν ὑπεριδόντες ὀλιγώρησαν: οὐδὲν γὰρ φροντίσαντες εἴτ' ἐπακολουθοῦμεν αὐτοῖς λέγουσιν [243b] εἴτε ἀπολειπόμεθα, περαίνουσι τὸ σφέτερον αὐτῶν ἕκαστοι.

Θεαίτητος

πῶς λέγεις;

Ξένος

ὅταν τις αὐτῶν φθέγξῃται λέγων ὡς ἔστιν ἢ γέγονεν ἢ γίγνεται πολλὰ

ἢ ἐν ἢ δύο, καὶ θερμὸν αὖ ψυχρῷ συγκεραννύμενον, ἄλλοθι πη διακρίσεις καὶ συγκρίσεις ὑποτιθείς, τούτων, ὃ Θεαίτητε, ἐκάστοτε σύ τι πρὸς θεῶν συνίης ὅτι λέγουσιν; ἐγὼ μὲν γὰρ ὅτε μὲν ἦν νεώτερος, τοῦτό τε τὸ νῦν ἀπορούμενον ὁπότε τις εἶποι, τὸ μὴ ὄν, ἀκριβῶς ὥμην συνιέναι. νῦν δὲ ὁρᾷς ἵν' ἐσμὲν αὐτοῦ πέρι τῆς ἀπορίας.

[243c] **Θεαίτητος**

ὁρῶ.

Ξένος

τάχα τοίνυν ἴσως οὐχ ἦττον κατὰ τὸ ὄν ταῦτόν τοῦτο πάθος εἰληφότες ἐν τῇ ψυχῇ περὶ μὲν τοῦτο εὐπορεῖν φαμεν καὶ μανθάνειν ὁπότεν τις αὐτὸ φθέγγεται, περὶ δὲ θάτερον οὐ, πρὸς ἀμφοτέρα ὁμοίως ἔχοντες.

Θεαίτητος

ἴσως.

Ξένος

καὶ περὶ τῶν ἄλλων δὴ τῶν προειρημένων ἡμῖν ταῦτόν τοῦτο εἰρήσθω.

Θεαίτητος

πάνυ γε.

Ξένος

τῶν μὲν τοίνυν πολλῶν πέρι καὶ μετὰ τοῦτο σκεψόμεθ', [243d] ἂν δόξῃ, περὶ δὲ τοῦ μεγίστου τε καὶ ἀρχηγοῦ πρώτου νῦν σκεπτέον.

Θεαίτητος

τίνας δὴ λέγεις; ἢ δῆλον ὅτι τὸ ὄν φῆς πρῶτον δεῖν διερευνησασθαι τί ποθ' οἱ λέγοντες αὐτὸ δηλοῦν ἡγοῦνται;

Ξένος

κατὰ πόδα γε, ὦ Θεαίτητε, ὑπέλαβες. λέγω γὰρ δὴ ταύτη δεῖν ποιεῖσθαι τὴν μέθοδον ἡμᾶς, οἷον αὐτῶν παρόντων ἀναπυνθανομένων ὧδε: “φέρε, ὅπόσοι θερμὸν καὶ ψυχρὸν ἢ τινε δύο τοιούτῳ τὰ πάντ’ εἶναι φατε, τί ποτε [243e] ἄρα τοῦτ’ ἐπ’ ἀμφοῖν φθέγγεσθε, λέγοντες ἅμφω καὶ ἐκάτερον εἶναι; τί τὸ εἶναι τοῦτο ὑπολάβωμεν ὑμῶν; πότερον τρίτον παρὰ τὰ δύο ἐκεῖνα, καὶ τρία τὸ πᾶν ἀλλὰ μὴ δύο ἔτι καθ’ ὑμᾶς τιθῶμεν; οὐ γάρ που τοῖν γε δυοῖν καλοῦντες θάτερον ὃν ἀμφοτέρα ὁμοίως εἶναι λέγετε: σχεδὸν γὰρ ἂν ἀμφοτέρως ἔν, ἀλλ’ οὐ δύο εἶτην.”

Θεαίτητος

ἀληθῆ λέγεις.

Ξένος

“ἀλλ’ ἄρά γε τὰ ἅμφω βούλεσθε καλεῖν ὄν;”

Θεαίτητος

ἴσως.

[244a] Ξένος

“ἀλλ’, ὦ φίλοι,” φήσομεν, “κἂν οὕτω τὰ δύο λέγοιτ’ ἂν σαφέστατα ἔν.”

Θεαίτητος

ὀρθότατα εἶρηκας.

Ξένος

“ἐπειδὴ τοίνυν ἡμεῖς ἠπορήκαμεν, ὑμεῖς αὐτὰ ἡμῖν ἐμφανίζετε ἱκανῶς, τί ποτε βούλεσθε σημαίνειν ὅποταν ὃν φθέγγησθε. δηλον γὰρ ὡς ὑμεῖς μὲν ταῦτα πάλαι γινώσκετε, ἡμεῖς δὲ πρὸ τοῦ μὲν ᾧόμεθα, νῦν δ’ ἠπορήκαμεν. διδάσκετε οὖν πρῶτον τοῦτ’ αὐτὸ ἡμᾶς, ἵνα μὴ δοξάζωμεν μανθάνειν μὲν τὰ λεγόμενα παρ’ ὑμῶν, τὸ δὲ [244b] τούτου γίγνηται πᾶν τοῦναντίον.” ταῦτα δὴ λέγοντές τε καὶ ἀξιοῦντες παρὰ τε τούτων καὶ παρὰ τῶν ἄλλων ὅσοι πλεῖον ἑνὸς λέγουσι τὸ πᾶν εἶναι, μὴ, ὦ παῖ, τί πλημμελήσομεν;

Θεαίτητος

ἤκιστα γε.

Ξένος

τί δέ; παρὰ τῶν ἐν τὸ πᾶν λεγόντων ἄρ' οὐ πευστέον εἰς δύναμιν τί ποτε λέγουσι τὸ ὄν;

Θεαίτητος

πῶς γὰρ οὐ;

Ξένος

τόδε τοίνυν ἀποκρινέσθων. “ἔν πού φατε μόνον εἶναι;”—”φραμέν γάρ,” φήσουσιν. ἦ γάρ;

Θεαίτητος

ναί.

Ξένος

“τί δέ; ὄν καλεῖτέ τι;”

Θεαίτητος

ναί.

[244c] Ξένος

“πότερον ὅπερ ἓν, ἐπὶ τῷ αὐτῷ προσχρώμενοι δυοῖν ὀνόμασιν, ἢ πῶς;”

Θεαίτητος

τίς οὖν αὐτοῖς ἢ μετὰ τοῦτ', ὃ ξέने, ἀπόκρισις;

Ξένος

δῆλον, ὃ Θεαίτητε, ὅτι τῷ ταύτην τὴν ὑπόθεσιν ὑποθεμένῳ πρὸς τὸ νῦν ἐρωτηθὲν καὶ πρὸς ἄλλο δὲ ὅτιοῦν οὐ πάντων ῥᾶστον ἀποκρίνασθαι.

Θεαίτητος

πῶς;

Ξένος

τό τε δύο ὀνόματα ὁμολογεῖν εἶναι μηδέν θέμενον πλὴν ἐν καταγέλαστόν που.

Θεαίτητος

πῶς δ' οὔ;

Ξένος

καὶ τὸ παράπαν γε ἀποδέχεσθαί του λέγοντος ὥς [244d] ἔστιν ὄνομα τι, λόγον οὐκ ἂν ἔχον.

Θεαίτητος

πῆ;

Ξένος

τιθεῖς τε τοῦνομα τοῦ πράγματος ἕτερον δύο λέγει πού τινε.

Θεαίτητος

ναί.

Ξένος

καὶ μὴν ἂν ταυτόν γε αὐτῷ τιθῇ τοῦνομα, ἢ μηδενὸς ὄνομα ἀναγκασθήσεται λέγειν, εἰ δέ τις αὐτὸ φήσῃ, συμβήσεται τὸ ὄνομα ὀνόματος ὄνομα μόνον, ἄλλου δὲ οὐδενὸς ὄν.

Θεαίτητος

οὕτως.

Ξένος

καὶ τὸ ἐν γε, ἐνὸς ὄνομα ὄν καὶ τοῦ ὀνόματος αὐτὸ τὸ ἐν ὄν.

Θεαίτητος

ἀνάγκη.

Ξένος

τί δέ; τὸ ὅλον ἕτερον τοῦ ὄντος ἐνὸς ἢ ταὐτὸν φήσουσι τούτω;

[244e] **Θεαίτητος**

πῶς γὰρ οὐ φήσουσί τε καὶ φασίν;

Ξένος

εἰ τοίνυν ὅλον ἐστίν, ὥσπερ καὶ Παρμενίδης λέγει,

πάντοθεν εὐκύκλου σφαίρης ἐναλίγκιον ὄγκῳ, μεσσόθεν ἰσοπαλὲς πάντη: τὸ γὰρ οὔτε τι μείζον οὔτε τι βαιότερον πελέναι χρεόν ἐστι τῇ ἢ τῇ,

παρμενιδες φρ. 8.43 τοιοῦτόν γε ὄν τὸ ὄν μέσον τε καὶ ἔσχατα ἔχει, ταῦτα δὲ ἔχον πᾶσα ἀνάγκη μέρη ἔχειν: ἢ πῶς;

Θεαίτητος

οὕτως.

[245a] **Ξένος**

ἀλλὰ μὴν τό γε μεμερισμένον πάθος μὲν τοῦ ἐνὸς ἔχειν ἐπὶ τοῖς μέρεσι πᾶσιν οὐδὲν ἀποκωλύει, καὶ ταύτη δὴ πᾶν τε ὄν καὶ ὅλον ἐν εἶναι.

Θεαίτητος

τί δ' οὔ;

Ξένος

τὸ δὲ πεπονθὸς ταῦτα ἄρ' οὐκ ἀδύνατον αὐτό γε τὸ ἐν αὐτὸ εἶναι;

Θεαίτητος

πῶς;

Ξένος

ἀμερὲς δήπου δεῖ παντελῶς τό γε ἀληθῶς ἔν κατὰ τὸν ὀρθὸν λόγον εἰρησθαι.

Θεαίτητος

δεῖ γὰρ οὖν.

[245b] Ξένος

τὸ δέ γε τοιοῦτον ἐκ πολλῶν μερῶν ὃν οὐ συμφωνήσει τῷ [ὅλῳ] λόγῳ.

Θεαίτητος

μανθάνω.

Ξένος

πότερον δὴ πάθος ἔχον τὸ ὃν τοῦ ἐνὸς οὕτως ἔν τε ἔσται καὶ ὅλον, ἢ παντάπασι μὴ λέγωμεν ὅλον εἶναι τὸ ὃν;

Θεαίτητος

χαλεπὴν προβέβληκας αἵρεσιν.

Ξένος

ἀληθέστατα μέντοι λέγεις. πεπονθός τε γὰρ τὸ ὃν εἶναί πως οὐ ταῦτόν ὃν τῷ ἐνὶ φανεῖται, καὶ πλεόνα δὴ τὰ πάντα ἐνὸς ἔσται.

Θεαίτητος

ναί.

[245c] Ξένος

καὶ μὴν εἴαν γε τὸ ὃν ἢ μὴ ὅλον διὰ τὸ πεπονθέναι τὸ ὑπ' ἐκείνου πάθος, ἢ δὲ αὐτὸ τὸ ὅλον, ἐνδεές τὸ ὃν ἑαυτοῦ συμβαίνει.

Θεαίτητος

πάνυ γε.

Ξένος

καὶ κατὰ τοῦτον δὴ τὸν λόγον ἑαυτοῦ στερόμενον οὐκ ὄν ἔσται τὸ ὄν.

Θεαίτητος

οὕτως.

Ξένος

καὶ ἐνός γε αὖ πλείω τὰ πάντα γίνεται, τοῦ τε ὄντος καὶ τοῦ ὅλου χωρὶς ἰδίαν ἑκατέρου φύσιν εἰληφότος.

Θεαίτητος

ναί.

Ξένος

μὴ ὄντος δέ γε τὸ παράπαν τοῦ ὅλου, ταῦτά τε [245d] ταῦτα ὑπάρχει τῷ ὄντι, καὶ πρὸς τῷ μὴ εἶναι μηδ' ἂν γενέσθαι ποτὲ ὄν.

Θεαίτητος

τί δή;

Ξένος

τὸ γενόμενον ἀεὶ γέγονεν ὅλον: ὥστε οὔτε οὐσίαν οὔτε γένεσιν ὡς οὔσαν δεῖ προσαγορεύειν [τὸ ἐν ἧ] τὸ ὅλον ἐν τοῖς οὔσι μὴ τιθέντα.

Θεαίτητος

παντάπασιν ἔοικε ταῦθ' οὕτως ἔχειν.

Ξένος

καὶ μὴν οὐδ' ὅποσονοῦν τι δεῖ τὸ μὴ ὅλον εἶναι: ποσόν τι γὰρ ὄν, ὅπόσον ἂν ἧ, τοσοῦτον ὅλον ἀναγκαῖον αὐτὸ εἶναι.

Θεαίτητος

κομιδῇ γε.

Ξένος

καὶ τοίνυν ἄλλα μυρία ἀπεράντους ἀπορίας ἕκαστον [245e] εἰληφὸς φανεῖται τῷ τὸ ὄν εἶτε δύο τινὲ εἶτε ἓν μόνον εἶναι λέγοντι.

Θεαίτητος

δηλοῖ σχεδὸν καὶ τὰ νῦν ὑποφαίνοντα: συνάπτεται γὰρ ἕτερον ἐξ ἄλλου, μείζω καὶ χαλεπωτέραν φέρον περὶ τῶν ἔμπροσθεν ἀεὶ ῥηθέντων πλάνην.

Ξένος

τοὺς μὲν τοίνυν διακριβολουμένους ὄντος τε πέρι καὶ μή, πάντας μὲν οὐ διεληλύθαμεν, ὅμως δὲ ἱκανῶς ἐχέτω: τοὺς δὲ ἄλλως λέγοντας αὐτὴν θεατέον, ἵν' ἐκ πάντων ἴδωμεν [246a] ὅτι τὸ ὄν τοῦ μὴ ὄντος οὐδὲν εὐπορώτερον εἰπεῖν ὅτι ποτ' ἔστιν.

Θεαίτητος

οὐκοῦν πορεύεσθαι χρὴ καὶ ἐπὶ τούτους.

Ξένος

καὶ μὴν ἔοικέ γε ἐν αὐτοῖς οἷον γιγαντομαχία τις εἶναι διὰ τὴν ἀμφισβήτησιν περὶ τῆς οὐσίας πρὸς ἀλλήλους.

Θεαίτητος

πῶς;

Ξένος

οἱ μὲν εἰς γῆν ἐξ οὐρανοῦ καὶ τοῦ ἀοράτου πάντα ἔλκουσι, ταῖς χερσὶν ἀτεχνῶς πέτρας καὶ δρυὲς περιλαμβάνοντες. τῶν γὰρ τοιούτων ἐφαπτόμενοι πάντων δισχυρίζονται τοῦτο εἶναι μόνον ὃ παρέχει προσβολὴν καὶ ἐπαφὴν [246b] τινα, ταῦτόν σῶμα καὶ οὐσίαν ὀρίζόμενοι, τῶν δὲ ἄλλων εἴ τις <τι> φήσει μὴ σῶμα ἔχον εἶναι, καταφρονοῦντες τὸ παράπαν καὶ οὐδὲν ἐθέλοντες ἄλλο ἀκούειν.

Θεαίτητος

ἢ δεινούς εἴρηκας ἄνδρας: ἥδη γὰρ καὶ ἐγὼ τούτων συχνοῖς προσέτυχον.

Ξένος

τοιγαροῦν οἱ πρὸς αὐτοὺς ἀμφισβητοῦντες μάλα εὐλαβῶς ἄνωθεν ἐξ ἁοράτου ποθὲν ἀμύνονται, νοητὰ ἄττα καὶ ἀσώματα εἶδη βιαζόμενοι τὴν ἀληθινὴν οὐσίαν εἶναι: τὰ δὲ ἐκείνων σώματα καὶ τὴν λεγομένην ὑπ' αὐτῶν ἀλήθειαν [246c] κατὰ σμικρὰ διαθραύοντες ἐν τοῖς λόγοις γένεσιν ἀντ' οὐσίας φερομένην τινὰ προσαγορεύουσιν. ἐν μέσῳ δὲ περὶ ταῦτα ἄπλετος ἀμφοτέρων μάχη τις, ᾧ Θεαίτητε, ἀεὶ συνέστηκεν.

Θεαίτητος

ἀληθῆ.

Ξένος

παρ' ἀμφοῖν τοίνυν τοῖν γενοῖν κατὰ μέρος λάβωμεν λόγον ὑπὲρ ἧς τίθενται τῆς οὐσίας.

Θεαίτητος

πῶς οὖν δὴ ληψόμεθα;

Ξένος

παρὰ μὲν τῶν ἐν εἵδεσιν αὐτὴν τιθεμένων ῥᾶον, ἡμερώτεροι γάρ: παρὰ δὲ τῶν εἰς σῶμα πάντα ἐλκόντων [246d] βίᾳ χαλεπώτερον, ἴσως δὲ καὶ σχεδὸν ἀδύνατον. ἀλλ' ὧδέ μοι δεῖν δοκεῖ περὶ αὐτῶν δρᾶν.

Θεαίτητος

πῶς;

Ξένος

μάλιστα μὲν, εἴ πη δυνατόν ἦν, ἔργῳ βελτίους αὐτοὺς ποιεῖν: εἰ δὲ τοῦτο μὴ ἐγχωρεῖ, λόγῳ ποιῶμεν, ὑποτιθέμενοι νομιμώτερον αὐτοὺς ἢ νῦν ἐθέλοντας ἂν ἀποκρίνασθαι. τὸ γὰρ ὁμολογηθὲν παρὰ

βελτιόνων που κυριώτερον ἢ τὸ παρὰ χειρόνων: ἡμεῖς δὲ οὐ τούτων φροντίζομεν, ἀλλὰ τἀληθὲς ζητοῦμεν.

[246e] **Θεαίτητος**

ὀρθότατα.

Ξένος

κέλευε δὴ τοὺς βελτίους γεγονότας ἀποκρίνασθαί σοι, καὶ τὸ λεχθὲν παρ' αὐτῶν ἀφερμήνευε.

Θεαίτητος

ταῦτ' ἔσται.

Ξένος

λεγόντων δὴ θνητὸν ζῶον εἶ φασιν εἶναί τι.

Θεαίτητος

πῶς δ' οὐ;

Ξένος

τοῦτο δὲ οὐ σῶμα ἔμψυχον ὁμολογοῦσιν;

Θεαίτητος

πάνυ γε.

Ξένος

τιθέντες τι τῶν ὄντων ψυχὴν;

[247a] **Θεαίτητος**

ναί.

Ξένος

τί δέ; ψυχὴν οὐ τὴν μὲν δικαίαν, τὴν δὲ ἄδικόν φασιν εἶναι, καὶ τὴν μὲν φρόνιμον, τὴν δὲ ἄφρονα;

Θεαίτητος

τί μὴν;

Ξένος

ἀλλ' οὐ δικαιοσύνης ἔξει καὶ παρουσία τοιαύτην αὐτῶν ἐκάστην γίγνεσθαι, καὶ τῶν ἐναντίων τὴν ἐναντίαν;

Θεαίτητος

ναί, καὶ ταῦτα σύμφασιν.

Ξένος

ἀλλὰ μὴν τό γε δυνατόν τῳ παραγίγνεσθαι καὶ ἀπογίγνεσθαι πάντως εἶναι τι φήσουσιν.

Θεαίτητος

φασὶ μὲν οὖν.

[247b] Ξένος

οὔσης οὖν δικαιοσύνης καὶ φρονήσεως καὶ τῆς ἄλλης ἀρετῆς καὶ τῶν ἐναντίων, καὶ δὴ καὶ ψυχῆς ἐν ἧ ταῦτα ἐγγίγνεται, πότερον ὁρατὸν καὶ ἀπτὸν εἶναι φασὶ τι αὐτῶν ἢ πάντα ἀόρατα;

Θεαίτητος

σχεδὸν οὐδὲν τούτων γε ὁρατόν.

Ξένος

τί δὲ τῶν τοιούτων; μὲν σῶμά τι λέγουσιν ἴσχειν;

Θεαίτητος

τοῦτο οὐκέτι κατὰ ταῦτα ἀποκρίνονται πᾶν, ἀλλὰ τὴν μὲν ψυχὴν αὐτὴν δοκεῖν σφίσι σῶμά τι κεκτηῖσθαι, φρόνησιν δὲ καὶ τῶν ἄλλων ἕκαστον ὧν ἠρώτηκας, αἰσχύνονται [247c] τὸ τολμᾶν ἢ μηδὲν τῶν ὄντων αὐτὰ ὁμολογεῖν ἢ πάντ' εἶναι σώματα δυσχυρίζεσθαι.

Ξένος

σαφῶς γὰρ ἡμῖν, ὦ Θεαίτητε, βελτίους γεγόνασιν ἄνδρες: ἐπεὶ τούτων οὐδ' ἂν ἐν ἐπαισχυνθεῖεν οἱ γε αὐτῶν σπαρτοὶ τε καὶ αὐτόχθονες, ἀλλὰ διατείνονται ἂν πᾶν ὃ μὴ δυνατοὶ ταῖς χερσὶ συμπιέξουσιν εἰσὶν, ὥς ἄρα τοῦτο οὐδὲν τὸ παράπαν ἐστίν.

Θεαίτητος

σχεδὸν οἷα διανοοῦνται λέγεις.

Ξένος

πάλιν τοίνυν ἀνερωτῶμεν αὐτούς: εἰ γὰρ τι καὶ [247d] σμικρὸν ἐθέλουσι τῶν ὄντων συγχωρεῖν ἀσώματον, ἐξαρκεῖ. τὸ γὰρ ἐπὶ τε τούτοις ἅμα καὶ ἐπ' ἐκείνοις ὅσα ἔχει σῶμα συμφυὲς γεγονός, εἰς ὃ βλέποντες ἀμφοτέρωθεν εἶναι λέγουσι, τοῦτο αὐτοῖς ῥητέον. τάχ' οὖν ἴσως ἂν ἀποροῖεν: εἰ δὴ τι τοιοῦτον πεπόνθασι, σκόπει, προτεινομένων ἡμῶν, ἅρ' ἐθέλοιεν ἂν δέχεσθαι καὶ ὁμολογεῖν τοιόνδ' εἶναι τὸ ὄν.

Θεαίτητος

τὸ ποῖον δὴ; λέγε, καὶ τάχα εἰσόμεθα.

Ξένος

λέγω δὴ τὸ καὶ ὅποιανοῦν [τινα] κεκτημένον δύναμιν [247e] εἴτ' εἰς τὸ ποιεῖν ἕτερον ὅτιοῦν πεφυκὸς εἴτ' εἰς τὸ παθεῖν καὶ σμικρότατον ὑπὸ τοῦ φαυλοτάτου, κἂν εἰ μόνον εἰς ἅπαξ, πᾶν τοῦτο ὄντως εἶναι: τίθεμαι γὰρ ὅρον [ὀρίζεσθαι] τὰ ὄντα ὥς ἔστιν οὐκ ἄλλο τι πλὴν δύναμις.

Θεαίτητος

ἀλλ' ἐπέειπερ αὐτοὶ γε οὐκ ἔχουσιν ἐν τῷ παρόντι τούτου βέλτιον λέγειν, δέχονται τοῦτο.

Ξένος

καλῶς: ἴσως γὰρ ἂν εἰς ὕστερον ἡμῖν τε καὶ τούτοις [248a] ἕτερον ἂν

φανείη. πρὸς μὲν οὖν τούτους τοῦτο ἡμῖν ἐνταῦθα μενέτω
συνομολογηθέν.

Θεαίτητος

μένει.

Ξένος

πρὸς δὴ τοὺς ἐτέρους ἴωμεν, τοὺς τῶν εἰδῶν φίλους: σὺ δ' ἡμῖν καὶ
τὰ παρὰ τούτων ἀφερμήνευε.

Θεαίτητος

ταῦτ' ἔσται.

Ξένος

γένεσιν, τὴν δὲ οὐσίαν χωρὶς που διελόμενοι λέγετε; ἢ γάρ;

Θεαίτητος

ναί.

Ξένος

καὶ σώματι μὲν ἡμᾶς γενέσκει δι' αἰσθήσεως κοινωνεῖν, διὰ λογισμοῦ
δὲ ψυχῇ πρὸς τὴν ὄντως οὐσίαν, ἣν ἀεὶ κατὰ ταῦτα ὡσαύτως ἔχειν
φατέ, γενεσιν δὲ ἄλλοτε ἄλλως.

[248b] Θεαίτητος

φαμὲν γὰρ οὖν.

Ξένος

τὸ δὲ δὴ κοινωνεῖν, ὃ πάντων ἄριστοι, τί τοῦθ' ὑμᾶς ἐπ' ἀμφοῖν
λέγειν φῶμεν; ἄρ' οὐ τὸ νυνδὴ παρ' ἡμῶν ῥηθέν;

Θεαίτητος

τὸ ποῖον;

Ξένος

πάθημα ἢ ποίημα ἐκ δυνάμεώς τινος ἀπὸ τῶν πρὸς ἄλληλα
συνιόντων γιγνόμενον. τάχ' οὖν, ὦ Θεαίτητε, αὐτῶν τὴν πρὸς ταῦτα
ἀπόκρισιν σὺ μὲν οὐ κατακούεις, ἐγὼ δὲ ἴσως διὰ συνήθειαν.

Θεαίτητος

τίν' οὖν δὴ λέγουσι λόγον;

[248c] **Ξένος**

οὐ συγχωροῦσιν ἡμῖν τὸ νυνδὴ ῥηθὲν πρὸς τοὺς γηγενεῖς οὐσίας
πέρι.

Θεαίτητος

τὸ ποῖον;

Ξένος

ικανὸν ἔθεμεν ὅρον που τῶν ὄντων, ὅταν τῷ παρῇ ἢ τοῦ πάσχειν ἢ
δρᾶν καὶ πρὸς τὸ σμικρότατον δύναμις;

Θεαίτητος

ναί.

Ξένος

πρὸς δὴ ταῦτα τόδε λέγουσιν, ὅτι γενέσκει μὲν μέτεστι τοῦ πάσχειν
καὶ ποιεῖν δυνάμεως, πρὸς δὲ οὐσίαν τούτων οὐδετέρου τὴν δύναμιν
ἀρμόττειν φασίν.

Θεαίτητος

οὐκοῦν λέγουσί τι;

Ξένος

πρὸς ὃ γε λεκτέον ἡμῖν ὅτι δεόμεθα παρ' αὐτῶν [248d] ἔτι πυθέσθαι
σαφέστερον εἰ προσομολογοῦσι τὴν μὲν ψυχὴν γινώσκειν, τὴν δ'
οὐσίαν γινώσκεσθαι.

Θεαίτητος

φασὶ μὴν τοῦτό γε.

Ξένος

τί δέ; τὸ γινώσκειν ἢ τὸ γινώσκεσθαι φατε ποῖημα ἢ πάθος ἢ ἀμφοτέρων; ἢ τὸ μὲν πάθημα, τὸ δὲ θάτερον; ἢ παντάπασι οὐδέτερον οὐδετέρου τούτων μεταλαμβάνειν;

Θεαίτητος

δῆλον ὡς οὐδέτερον οὐδετέρου: τάναντία γὰρ ἂν τοῖς ἔμπροσθεν λέγοιεν.

Ξένος

μανθάνω: τόδε γε, ὡς τὸ γινώσκειν εἴπερ ἔσται [248e] ποιεῖν τι, τὸ γινωσκόμενον ἀναγκαῖον αὐτῷ συμβαίνει πάσχειν. τὴν οὐσίαν δὲ κατὰ τὸν λόγον τοῦτον γινωσκομένην ὑπὸ τῆς γνώσεως, καθ' ὅσον γινώσκεται, κατὰ τοσοῦτον κινεῖσθαι διὰ τὸ πάσχειν, ὃ δὴ φάμεν οὐκ ἂν γενέσθαι περὶ τὸ ἡρεμοῦν.

Θεαίτητος

ὀρθῶς.

Ξένος

τί δὲ πρὸς Διός; ὡς ἀληθῶς κίνησιν καὶ ζωὴν καὶ ψυχὴν καὶ φρόνησιν ἢ ῥαδίως πεισθησόμεθα τῷ παντελῶς [249a] ὄντι μὴ παρεῖναι, μηδὲ ζῆν αὐτὸ μηδὲ φρονεῖν, ἀλλὰ σεμνὸν καὶ ἅγιον, νοῦν οὐκ ἔχον, ἀκίνητον ἐστὸς εἶναι;

Θεαίτητος

δεινὸν μεντᾶν, ὦ ξένε, λόγον συγχωροῖμεν.

Ξένος

ἀλλὰ νοῦν μὲν ἔχειν, ζωὴν δὲ μὴ φῶμεν;

Θεαίτητος

καὶ πῶς;

Ξένος

ἀλλὰ ταῦτα μὲν ἀμφοτέρω ἐνόντ' αὐτῷ λέγομεν, οὐ μὴν ἐν ψυχῇ γε φήσομεν αὐτὸ ἔχειν αὐτά;

Θεαίτητος

καὶ τίς ἂν ἕτερον ἔχοι τρόπον;

Ξένος

ἀλλὰ διὰ τοῦ νοῦν μὲν καὶ ζωῆν καὶ ψυχὴν <ἔχειν>, ἀκίνητον μέντοι τὸ παράπαν ἔμψυχον ὄν ἐστάναι;

[249b] **Θεαίτητος**

πάντα ἔμοιγε ἄλογα ταῦτ' εἶναι φαίνεται.

Ξένος

καὶ τὸ κινούμενον δὴ καὶ κίνησιν συγχωρητέον ὡς ὄντα.

Θεαίτητος

πῶς δ' οὐ;

Ξένος

συμβαίνει δ' οὖν, ὃ Θεαίτητε, ἀκινήτων τε ὄντων νοῦν μηδενὶ περὶ μηδενὸς εἶναι μηδαμοῦ.

Θεαίτητος

κομιδῇ μὲν οὖν.

Ξένος

καὶ μὴν εἰάν τις φερόμενα καὶ κινούμενα πάντ' εἶναι συγχωρῶμεν, καὶ τούτῳ τῷ λόγῳ ταῦτόν τοῦτο ἐκ τῶν ὄντων ἐξαιρήσομεν.

Θεαίτητος

πῶς;

Ξένος

τὸ κατὰ ταῦτα καὶ ὡσαύτως καὶ περὶ τὸ αὐτὸ δοκεῖ [249c] σοι χωρὶς
στάσεως γενέσθαι ποτ' ἄν;

Θεαίτητος

οὐδαμῶς.

Ξένος

τί δ'; ἄνευ τούτων νοῦν καθορᾷς ὄντα ἢ γενόμενον ἂν καὶ ὅπου οὖν;

Θεαίτητος

ἥκιστα.

Ξένος

καὶ μὴν πρὸς γε τοῦτον παντὶ λόγῳ μαχετέον, ὃς ἂν ἐπιστήμην ἢ
φρόνησιν ἢ νοῦν ἀφανίζων ἰσχυρίζεται περὶ τινος ὀπιοῦν.

Θεαίτητος

σφόδρα γε.

Ξένος

τῷ δὴ φιλοσόφῳ καὶ ταῦτα μάλιστα τιμῶντι πᾶσα, ὥς ἔοικεν, ἀνάγκη
διὰ ταῦτα μήτε τῶν ἐν ἢ καὶ τὰ πολλὰ [249d] εἶδη λεγόντων τὸ πᾶν
ἐστηκὸς ἀποδέχεσθαι, τῶν τε αὖ πανταχῇ τὸ ὄν κινούντων μηδὲ τὸ
παράπαν ἀκούειν, ἀλλὰ κατὰ τὴν τῶν παιδων εὐχὴν, ὅσα ἀκίνητα καὶ
κεκίνημένα, τὸ ὄν τε καὶ τὸ πᾶν συναμφοτέρα λέγειν.

Θεαίτητος

ἀληθέστατα.

Ξένος

τί οὖν; ἄρ' οὐκ ἐπεικῶς ἤδη φαινόμεθα περιειληφέναι τῷ λόγῳ τὸ
ὄν;

Θεαίτητος

πάνυ μὲν οὖν.

Ξένος

βαβαί ἡμέντ' ἂν ἄρα, ὦ Θεαίτητε, ὥς μοι δοκοῦμεν νῦν αὐτοῦ γνῶσεσθαι πέρι τὴν ἀπορίαν τῆς σκέψεως.

[249e] Θεαίτητος

πῶς αὖ καὶ τί τοῦτ' εἴρηκας;

Ξένος

ὦ μακάριε, οὐκ ἐννοεῖς ὅτι νῦν ἐσμεν ἐν ἀγνοίᾳ τῇ πλείστη περὶ αὐτοῦ, φαινόμεθα δέ τι λέγειν ἡμῖν αὐτοῖς;

Θεαίτητος

ἐμοὶ γοῦν: ὅπῃ δ' αὖ λελήθαμεν οὕτως ἔχοντες, οὐ πάνυ συνήμι.

Ξένος

σκόπει δὴ σαφέστερον εἰ τὰ νῦν συνομολογοῦντες [250a] δικαίως ἂν ἐπερωτηθεῖμεν ἅπερ αὐτοὶ τότε ἠρωτῶμεν τοὺς λέγοντας εἶναι τὸ πᾶν θερμὸν καὶ ψυχρόν.

Θεαίτητος

ποῖα; ὑπόμνησόν με.

Ξένος

πάνυ μὲν οὖν: καὶ πειράσομαί γε δρᾶν τοῦτο ἐρωτῶν σὲ καθάπερ ἐκείνους τότε, ἵνα ἅμα τι καὶ προΐωμεν.

Θεαίτητος

ὀρθῶς.

Ξένος

εἶεν δὴ, κίνησιν καὶ στάσιν ἅρ' οὐκ ἐναντιώτατα λέγεις ἀλλήλοις;

Θεαίτητος

πῶς γὰρ οὐ;

Ξένος

καὶ μὴν εἶναι γε ὁμοίως φῆς ἀμφοτέρα αὐτὰ καὶ ἐκάτερον;

[250b] Θεαίτητος

φημὶ γὰρ οὐν.

Ξένος

ἄρα κινεῖσθαι λέγων ἀμφοτέρα καὶ ἐκάτερον, ὅταν εἶναι συγχωρῆς;

Θεαίτητος

οὐδαμῶς.

Ξένος

ἀλλ' ἐστάναι σημαίνεις λέγων αὐτὰ ἀμφοτέρα εἶναι;

Θεαίτητος

καὶ πῶς;

Ξένος

τρίτον ἄρα τι παρὰ ταῦτα τὸ ὄν ἐν τῇ ψυχῇ τιθείς, ὥς ὑπ' ἐκείνου τὴν τε στάσιν καὶ τὴν κίνησιν περιεχομένην, συλλαβὼν καὶ ἀπιδὼν αὐτῶν πρὸς τὴν τῆς οὐσίας κοινωνίαν, οὕτως εἶναι προσεῖπας ἀμφοτέρα;

[250c] Θεαίτητος

κινδυνεύομεν ὥς ἀληθῶς τρίτον ἀπομαντεύεσθαι τι τὸ ὄν, ὅταν κίνησιν καὶ στάσιν εἶναι λέγωμεν.

Ξένος

οὐκ ἄρα κίνησις καὶ στάσις ἐστὶ συναμφοτέρον τὸ ὄν ἀλλ' ἕτερον δὴ τι τούτων.

Θεαίτητος

ἔοικεν.

Ξένος

κατὰ τὴν αὐτοῦ φύσιν ἄρα τὸ ὄν οὔτε ἔστηκεν οὔτε κινεῖται.

Θεαίτητος

σχεδόν.

Ξένος

ποῖ δὴ χρὴ τὴν διάνοιαν ἔτι τρέπειν τὸν βουλόμενον ἐναργές τι περὶ αὐτοῦ παρ' ἑαυτῷ βεβαιώσασθαι;

Θεαίτητος

ποῖ γάρ;

Ξένος

οἶμαι μὲν οὐδαμῶσε ἔτι ῥάδιον. εἰ γάρ τι μὴ [250d] κινεῖται, πῶς οὐχ ἔστηκεν; ἢ τὸ μηδαμῶς ἐστὸς πῶς οὐκ αὖ κινεῖται; τὸ δὲ ὄν ἡμῖν νῦν ἐκτὸς τούτων ἀμφοτέρων ἀναπέφανται. ἢ δυνατόν οὖν τοῦτο;

Θεαίτητος

πάντων μὲν οὖν ἀδυνατώτατον.

Ξένος

τόδε τοίνυν μνησθῆναι δίκαιον ἐπὶ τούτοις.

Θεαίτητος

τὸ ποῖον;

Ξένος

ὅτι τοῦ μὴ ὄντος ἐρωτηθέντες τοῦνομα ἐφ' ὅτι ποτὲ δεῖ φέρειν, πάση συνεσχόμεθα ἀπορίᾳ. μέμνησαι;

Θεαίτητος

πῶς γὰρ οὐ;

[250e] **Ξένος**

μῶν οὖν ἐν ἐλάττονί τινι νῦν ἐσμεν ἀπορία περὶ τὸ ὄν;

Θεαίτητος

ἐμοὶ μέν, ὦ ξένε, εἰ δυνατόν εἰπεῖν, ἐν πλείονι φαινόμεθα.

Ξένος

τοῦτο μὲν τοίνυν ἐνταῦθα κείσθω διηπορημένον: ἐπειδὴ δὲ ἐξ ἴσου τό τε ὄν καὶ τὸ μὴ ὄν ἀπορίας μετειλήφατον, νῦν ἐλπίς ἤδη καθάπερ ἂν αὐτῶν θάτερον εἴτε ἀμυδρότερον εἴτε σαφέστερον ἀναφαίνεται, καὶ θάτερον οὕτως [251a] ἀναφαίνεσθαι: καὶ ἐὰν αὖ μὴδέτερον ἰδεῖν δυνάμεθα, τὸν γοῦν λόγον ὅπηπερ ἂν οἰοί τε ὦμεν εὐπρεπέστατα διωσόμεθα οὕτως ἀμφοῖν ἅμα.

Θεαίτητος

καλῶς.

Ξένος

λέγωμεν δὴ καθ' ὄντινά ποτε τρόπον πολλοῖς ὀνόμασι ταὐτὸν τοῦτο ἐκάστοτε προσαγορεύομεν.

Θεαίτητος

οἶον δὴ τί; παράδειγμα εἰπέ.

Ξένος

λέγομεν ἄνθρωπον δήπου πόλλ' ἄττα ἐπονομάζοντες, τὰ τε χρώματα ἐπιφέροντες αὐτῷ καὶ τὰ σχήματα καὶ μεγέθη καὶ κακίας καὶ ἀρετάς, ἐν οἷς πᾶσι καὶ ἑτέροις μυρίοις οὐ μόνον [251b] ἄνθρωπον αὐτὸν εἶναι φαμεν, ἀλλὰ καὶ ἀγαθὸν καὶ ἕτερα ἅπειρα, καὶ τᾶλλα δὴ κατὰ τὸν αὐτὸν λόγον οὕτως ἐν ἑκαστον ὑποθέμενοι πάλιν αὐτὸ πολλὰ καὶ πολλοῖς ὀνόμασι λέγομεν.

Θεαίτητος

ἀληθῆ λέγεις.

Ξένος

ὅθεν γε οἶμαι τοῖς τε νέοις καὶ τῶν γερόντων τοῖς ὀψιμαθέσι θοίνην παρεσκευάκαμεν: εὐθὺς γὰρ ἀντιλαβέσθαι παντὶ πρόχειρον ὥς ἀδύνατον τά τε πολλὰ ἐν καὶ τὸ ἐν πολλὰ εἶναι, καὶ δήπου χαίρουσιν οὐκ ἐὼντες ἀγαθὸν λέγειν [251c] ἄνθρωπον, ἀλλὰ τὸ μὲν ἀγαθὸν ἀγαθόν, τὸν δὲ ἄνθρωπον ἄνθρωπον. ἐντυγχάνεις γάρ, ὦ Θεαίτητε, ὥς ἐγὼμαι, πολλάκις τὰ τοιαῦτα ἐσπουδακόσιν, ἐνίστε πρεσβυτέροις ἀνθρώποις, καὶ ὑπὸ πενίας τῆς περὶ φρόνησιν κτήσεως τὰ τοιαῦτα τεθυμακόσι, καὶ δὴ τι καὶ πάσσοφον οἰομένοις τοῦτο αὐτὸ ἀνηυρηκέναι.

Θεαίτητος

πάνυ μὲν οὖν.

Ξένος

ἵνα τοίνυν πρὸς ἅπαντας ἡμῖν ὁ λόγος ἦ τοὺς [251d] πώποτε περὶ οὐσίας καὶ ὅτιοῦν διαλεχθέντας, ἔστω καὶ πρὸς τούτους καὶ πρὸς τοὺς ἄλλους, ὅσοις ἔμπροσθεν διειλέγμεθα, τὰ νῦν ὥς ἐν ἐρωτήσει λεχθησόμενα.

Θεαίτητος

τὰ ποῖα δὴ;

Ξένος

πότερον μήτε τὴν οὐσίαν κινήσει καὶ στάσει προσάπτωμεν μήτε ἄλλο ἄλλῳ μηδὲν μηδενί, ἀλλ' ὥς ἄμεικτα ὄντα καὶ ἀδύνατον μεταλαμβάνειν ἀλλήλων οὕτως αὐτὰ ἐν τοῖς παρ' ἡμῖν λόγοις τιθῶμεν; ἢ πάντα εἰς ταῦτόν συναγάγωμεν ὥς δυνατὰ ἐπικοινωνεῖν ἀλλήλοις; ἢ τὰ μὲν, τὰ δὲ μή; τούτων, [251e] ὦ Θεαίτητε, τί ποτ' ἂν αὐτοὺς προαιρεῖσθαι φήσομεν;

Θεαίτητος

ἐγὼ μὲν ὑπὲρ αὐτῶν οὐδὲν ἔχω πρὸς ταῦτα ἀποκρίνασθαι.

Ξένος

τί οὖν οὐ καθ' ἓν ἀποκρινόμενος ἐφ' ἐκάστου τὰ συμβαίνοντα ἐσκεψώ;

Θεαίτητος

καλῶς λέγεις.

Ξένος

καὶ τιθῶμέν γε αὐτοὺς λέγειν, εἰ βούλει, πρῶτον μηδενὶ μηδὲν μηδεμίαν δύναμιν ἔχειν κοινωνίας εἰς μηδέν. οὐκοῦν κίνησίς τε καὶ στάσις οὐδαμῇ μεθέξετον οὐσίας;

[252a] **Θεαίτητος**

οὐ γὰρ οὖν.

Ξένος

τί δέ; ἔσται πότερον αὐτῶν οὐσίας μὴ προσκοινωνοῦν;

Θεαίτητος

οὐκ ἔσται.

Ξένος

ταχὺ δὴ ταύτη γε τῇ συνομολογίᾳ πάντα ἀνάστατα γέγονεν, ὥς ἔοικεν, ἅμα τε τῶν τὸ πᾶν κινούντων καὶ τῶν ὥς ἐν ἰσάντων καὶ ὅσοι κατ' εἶδη τὰ ὄντα κατὰ ταῦτά ὡσαύτως ἔχοντα εἶναί φασιν ἀεί: πάντες γὰρ οὗτοι τό γε εἶναι προσάπτουσιν, οἱ μὲν ὄντως κινεῖσθαι λέγοντες, οἱ δὲ ὄντως ἐστηκότ' εἶναι.

Θεαίτητος

κομιδῇ μὲν οὖν.

[252b] **Ξένος**

καὶ μὴν καὶ ὅσοι τοτὲ μὲν συντιθέασι τὰ πάντα, τοτὲ δὲ διαιροῦσιν, εἴτε εἰς ἓν καὶ ἐξ ἑνὸς ἄπειρα εἴτε εἰς πέρας ἔχοντα στοιχεῖα διαιρούμενοι καὶ ἐκ τούτων συντιθέντες, ὁμοίως μὲν ἐὰν ἐν μέρει τοῦτο τιθῶσι γιγνόμενον, ὁμοίως δὲ καὶ ἐὰν ἀεὶ, κατὰ πάντα ταῦτα λέγοιεν ἂν οὐδέν, εἴπερ μηδεμία ἔστι σύμμεξις.

Θεαίτητος

ὀρθῶς.

Ξένος

ἔτι τοίνυν ἂν αὐτοὶ πάντων καταγελαστότατα μετίοιεν τὸν λόγον οἱ μηδὲν ἑδόντες κοινωνία παθήματος ἑτέρου θάτερον προσαγορεύειν.

[252c] Θεαίτητος

πῶς;

Ξένος

τῷ τε “εἶναί” που περὶ πάντα ἀναγκάζονται χρῆσθαι καὶ τῷ “χωρὶς” καὶ τῷ “τῶν ἄλλων” καὶ τῷ “καθ’ αὐτὸ” καὶ μυρίοις ἑτέροις, ὧν ἀκρατεῖς ὄντες εἴργεσθαι καὶ μὴ συνάπτειν ἐν τοῖς λόγοις οὐκ ἄλλων δέονται τῶν ἐξελεγξόντων, ἀλλὰ τὸ λεγόμενον οἰκοθεν τὸν πολέμιον καὶ ἐναντιωσόμενον ἔχοντες, ἐντὸς ὑποφθεγγόμενον ὥσπερ τὸν ἄτοπον Εὐρυκλέα περιφέροντες ἀεὶ πορεύονται.

[252d] Θεαίτητος

κομιδῇ λέγεις ὁμοίον τε καὶ ἀληθές.

Ξένος

τί δ’, ἂν πάντα ἀλλήλοις ἐῷμεν δύναμιν ἔχειν ἐπικοινωνίας;

Θεαίτητος

τοῦτο μὲν οἷός τε κἀγὼ διαλύειν.

Ξένος

πῶς;

Θεαίτητος

ὅτι κίνησίς τε αὐτὴ παντάπασιν ἴσταιτ' ἂν καὶ στάσις αὖ πάλιν αὐτὴ κινεῖτο, εἴπερ ἐπιγιγνοῖσθην ἐπ' ἀλλήλοιιν.

Ξένος

ἀλλὰ μὴν τοῦτό γέ που ταῖς μεγίσταις ἀνάγκαις ἀδύνατον, κίνησιν τε ἴστασθαι καὶ στάσιν κινεῖσθαι;

Θεαίτητος

πῶς γὰρ οὐ;

Ξένος

τὸ τρίτον δὴ μόνον λοιπόν.

Θεαίτητος

ναί.

[252e] Ξένος

καὶ μὴν ἔν γε τι τούτων ἀναγκαῖον, ἢ πάντα ἢ μηδὲν ἢ τὰ μὲν ἐθέλειν, τὰ δὲ μὴ συμμείγνυσθαι.

Θεαίτητος

πῶς γὰρ οὐ;

Ξένος

καὶ μὴν τὰ γε δύο ἀδύνατον ἡυρέθη.

Θεαίτητος

ναί.

Ξένος

παῖς ἄρα ὁ βουλόμενος ὀρθῶς ἀποκρίνεσθαι τὸ λοιπὸν τῶν τριῶν θήσει.

Θεαίτητος

κομιδῇ μὲν οὖν.

Ξένος

ὅτε δὴ τὰ μὲν ἐθέλει τοῦτο δρᾶν, τὰ δ' οὐ, σχεδὸν [253a] οἷον τὰ γράμματα πεπονθότ' ἂν εἴη. καὶ γὰρ ἐκείνων τὰ μὲν ἀναρμοστεῖ που πρὸς ἄλληλα, τὰ δὲ συναρμόττει.

Θεαίτητος

πῶς δ' οὐ;

Ξένος

τὰ δέ γε φωνήεντα διαφερόντως τῶν ἄλλων οἷον δεσμὸς διὰ πάντων κεχώρηκεν, ὥστε ἄνευ τινὸς αὐτῶν ἀδύνατον ἀρμόττειν καὶ τῶν ἄλλων ἕτερον ἐτέρῳ.

Θεαίτητος

καὶ μάλα γε.

Ξένος

παῖς οὖν οἶδεν ὅποῖα ὅποῖοις δυνατὰ κοινωνεῖν, ἢ τέχνης δεῖ τῷ μέλλοντι δρᾶν ἱκανῶς αὐτό;

Θεαίτητος

τέχνης.

Ξένος

ποίας;

Θεαίτητος

τῆς γραμματικῆς.

[253b] Ξένος

τί δέ; περὶ τοὺς τῶν ὀξέων καὶ βαρέων φθόγγους ἄρ' οὐχ οὕτως; ὁ

μὲν τοὺς συγκεραννυμένους τε καὶ μὴ τέχνην ἔχων γινώσκειν μουσικός, ὁ δὲ μὴ συνιεῖς ἄμουσος;

Θεαίτητος

οὕτως.

Ξένος

καὶ κατὰ τῶν ἄλλων δὴ τεχνῶν καὶ ἀτεχνιῶν τοιαῦτα εὐρήσομεν ἕτερα.

Θεαίτητος

πῶς δ' οὐ;

Ξένος

τί δ'; ἐπειδὴ καὶ τὰ γένη πρὸς ἄλληλα κατὰ ταῦτὰ μείξεως ἔχειν ὁμολογήκαμεν, ἄρ' οὐ μετ' ἐπιστήμης τινὸς ἀναγκαῖον διὰ τῶν λόγων πορεύεσθαι τὸν ὀρθῶς μέλλοντα δείξειν ποῖα ποίοις συμφωνεῖ τῶν γενῶν καὶ ποῖα ἄλληλα [253c] οὐ δέχεται; καὶ δὴ καὶ διὰ πάντων εἰ συνέχοντ' ἅττ' αὐτ' ἐστίν, ὥστε συμμείγνυσθαι δυνατὰ εἶναι, καὶ πάλιν ἐν ταῖς διαιρέσεσιν, εἰ δι' ὅλων ἕτερα τῆς διαιρέσεως αἷτια;

Θεαίτητος

πῶς γὰρ οὐκ ἐπιστήμης δεῖ, καὶ σχεδόν γε ἴσως τῆς μεγίστης;

Ξένος

τίν' οὖν αὖ [νῦν] προσερούμεν, ὦ Θεαίτητε, ταύτην; ἢ πρὸς Διὸς ἐλάθομεν εἰς τὴν τῶν ἐλευθέρων ἐμπεσόντες ἐπιστήμην, καὶ κινδυνεύομεν ζητοῦντες τὸν σοφιστὴν πρότερον ἀνηυρηκέναι τὸν φιλόσοφον;

Θεαίτητος

πῶς λέγεις;

[253d] Ξένος

τὸ κατὰ γένη διαιρεῖσθαι καὶ μήτε ταὐτὸν εἶδος ἕτερον ἡγήσασθαι

μήτε ἕτερον ὃν ταὐτὸν μὼν οὐ τῆς διαλεκτικῆς φήσομεν ἐπιστήμης εἶναι;

Θεαίτητος

ναί, φήσομεν.

Ξένος

οὐκοῦν ὅ γε τοῦτο δυνατὸς δρᾶν μίαν ιδέαν διὰ πολλῶν, ἐνὸς ἐκάστου κειμένου χωρὶς, πάντη διατεταμένην ἱκανῶς διαισθάνεται, καὶ πολλὰς ἐτέρας ἀλλήλων ὑπὸ μιᾶς ἔξωθεν περιεχομένας, καὶ μίαν αὖ δι' ὅλων πολλῶν ἐν ἐνὶ συνημμένην, καὶ πολλὰς χωρὶς πάντη διωρισμένας: τοῦτο δ' [253e] ἔστιν, ἥ τε κοινωνεῖν ἕκαστα δύναται καὶ ὅπῃ μή, διακρίνειν κατὰ γένος ἐπίστασθαι.

Θεαίτητος

παντάπασι μὲν οὖν.

Ξένος

ἀλλὰ μὴν τό γε διαλεκτικὸν οὐκ ἄλλω δώσεις, ὥς ἐγῶμαι, πλὴν τῷ καθαρῶς τε καὶ δικαίως φιλοσοφοῦντι.

Θεαίτητος

πῶς γὰρ ἂν ἄλλω δοίῃ τις;

Ξένος

τὸν μὲν δὴ φιλόσοφον ἐν τοιούτῳ τινὶ τόπῳ καὶ νῦν καὶ ἔπειτα ἀνευρήσομεν ἐὰν ζητῶμεν, ἰδεῖν μὲν χαλεπὸν [254a] ἐναργῶς καὶ τοῦτον, ἕτερον μὴν τρόπον ἢ τε τοῦ σοφιστοῦ χαλεπότης ἢ τε τούτου.

Θεαίτητος

πῶς;

Ξένος

ὁ μὲν ἀποδιδράσκων εἰς τὴν τοῦ μὴ ὄντος σκοτεινότητα, τριβῇ

προσαπτόμενος αὐτῆς, διὰ τὸ σκοτεινὸν τοῦ τόπου κατανοῆσαι χαλεπός: ἦ γάρ;

Θεαίτητος

ἔοικεν.

Ξένος

ὁ δέ γε φιλόσοφος, τῇ τοῦ ὄντος ἀεὶ διὰ λογισμῶν προσκείμενος ἰδέα, διὰ τὸ λαμπρὸν αὐτῆς χώρας οὐδαμῶς εὐπετῆς ὀφθῆναι: τὰ γὰρ τῆς τῶν πολλῶν ψυχῆς ὄμματα [254b] καρτερεῖν πρὸς τὸ θεῖον ἀφορῶντα ἀδύνατα.

Θεαίτητος

καὶ ταῦτα εἰκὸς οὐχ ἥττον ἐκείνων οὕτως ἔχειν.

Ξένος

οὐκοῦν περὶ μὲν τούτου καὶ τάχα ἐπισκεψόμεθα σαφέστερον, ἂν ἔτι βουλομένοις ἡμῖν ἦ: περὶ δὲ τοῦ σοφιστοῦ που δῆλον ὥς οὐκ ἀνετέον πρὶν ἂν ἱκανῶς αὐτὸν θεασώμεθα.

Θεαίτητος

καλῶς εἶπες.

Ξένος

ὅτ' οὖν δὴ τὰ μὲν ἡμῖν τῶν γενῶν ὁμολόγηται κοινωνεῖν ἐθέλειν ἀλλήλοις, τὰ δὲ μή, καὶ τὰ μὲν ἐπ' ὀλίγον, τὰ δ' ἐπὶ πολλά, τὰ δὲ καὶ διὰ πάντων οὐδὲν κωλύειν τοῖς [254c] πᾶσι κεκοινωνηκέναι, τὸ δὴ μετὰ τοῦτο συνεπισπώμεθα τῷ λόγῳ τῇδε σκοποῦντες, μὴ περὶ πάντων τῶν εἰδῶν, ἵνα μὴ ταραττώμεθα ἐν πολλοῖς, ἀλλὰ προελόμενοι τῶν μεγίστων λεγομένων ἅττα, πρῶτον μὲν ποῖα ἕκαστά ἐστιν, ἔπειτα κοινωνίας ἀλλήλων πῶς ἔχει δυνάμεως, ἵνα τό τε ὄν καὶ μὴ ὄν εἰ μὴ πάσῃ σαφηνεῖα δυνάμεθα λαβεῖν, ἀλλ' οὖν λόγου γε ἐνδεεῖς μηδὲν γινώμεθα περὶ αὐτῶν, καθ' ὅσον ὁ τρόπος ἐνδέχεται τῆς νῦν σκέψεως, ἐὰν ἄρα ἡμῖν πῃ [254d] παρειακάθῃ τὸ μὴ ὄν λέγουσιν ὥς ἔστιν ὄντως μὴ ὄν ἀθρόοις ἀπαλλάττειν.

Θεαίτητος

οὐκοῦν χρή.

Ξένος

μέγιστα μὴν τῶν γενῶν ἃ νυνδὴ διήμμεν τό τε ὄν αὐτὸ καὶ στάσις καὶ κίνησις.

Θεαίτητος

πολύ γε.

Ξένος

καὶ μὴν τῷ γε δύο φαμὲν αὐτοῖν ἀμείκτω πρὸς ἀλλήλω.

Θεαίτητος

σφόδρα γε.

Ξένος

τὸ δέ γε ὄν μεικτὸν ἀμφοῖν: ἐστὸν γὰρ ἄμφω που.

Θεαίτητος

πῶς δ' οὐ;

Ξένος

τρία δὴ γίγνεται ταῦτα.

Θεαίτητος

τί μήν;

Ξένος

οὐκοῦν αὐτῶν ἕκαστον τοῖν μὲν δυοῖν ἕτερόν ἐστιν, αὐτὸ δ' ἑαυτῷ ταυτόν.

[254e] **Θεαίτητος**

οὕτως.

Ξένος

τί ποτ' αὖ νῦν οὕτως εἰρήκαμεν τό τε ταὐτὸν καὶ θάτερον; πότερα δύο γένη τινὲ αὐτῷ, τῶν μὲν τριῶν ἄλλω, συμμειγνυμένω μὴν ἐκείνοις ἐξ ἀνάγκης αἰεὶ, καὶ περὶ πέντε ἄλλ' οὐ περὶ τριῶν ὥς ὄντων αὐτῶν σκεπτέον, ἢ τό τε ταὐτὸν [255a] τοῦτο καὶ θάτερον ὥς ἐκείνων τι προσαγορεύοντες λανθάνομεν ἡμᾶς αὐτούς;

Θεαίτητος

ἴσως.

Ξένος

ἀλλ' οὐ τι μὴν κίνησις γε καὶ στάσις οὐθ' ἕτερον οὔτε ταὐτόν ἐστι.

Θεαίτητος

πῶς;

Ξένος

ὅτιπερ ἂν κοινῇ προσείπωμεν κίνησιν καὶ στάσιν, τοῦτο οὐδέτερον αὐτοῖν οἷόν τε εἶναι.

Θεαίτητος

τί δή;

Ξένος

κίνησις τε στήσεται καὶ στάσις αὖ κινηθήσεται: περὶ γὰρ ἀμφοτέρα θάτερον ὁποτερονοῦν γιγνόμενον αὐτοῖν ἀναγκάσει μεταβάλλειν αὖ θάτερον ἐπὶ τὸναντίον τῆς αὐτοῦ [255b] φύσεως, ἅτε μετασχὼν τοῦ ἐναντίου.

Θεαίτητος

κομιδῇ γε.

Ξένος

μετέχεται μὴν ἄμφω ταύτου καὶ θατέρου.

Θεαίτητος

ναί.

Ξένος

μὴ τοίνυν λέγωμεν κίνησιν γ' εἶναι ταῦτον ἢ θάτερον, μηδ' αὖ
στάσιν.

Θεαίτητος

μὴ γάρ.

Ξένος

ἀλλ' ἄρα τὸ ὄν καὶ τὸ ταῦτον ὥς ἓν τι διανοητέον ἡμῖν;

Θεαίτητος

ἴσως.

Ξένος

ἀλλ' εἰ τὸ ὄν καὶ τὸ ταῦτον μηδὲν διάφορον σημαίνεται, κίνησιν αὖ
πάλιν καὶ στάσιν ἀμφοτέρω εἶναι λέγοντες [255c] ἀμφοτέρω οὕτως
αὐτὰ ταῦτον ὥς ὄντα προσερούμεν.

Θεαίτητος

ἀλλὰ μὴν τοῦτό γε ἀδύνατον.

Ξένος

ἀδύνατον ἄρα ταῦτον καὶ τὸ ὄν ἓν εἶναι.

Θεαίτητος

σχεδόν.

Ξένος

τέταρτον δὴ πρὸς τοῖς τρισὶν εἵδεσιν τὸ ταῦτον τιθώμεν;

Θεαίτητος

πάνυ μὲν οὖν.

Ξένος

τί δέ; τὸ θάτερον ἄρα ἡμῖν λεκτέον πέμπτον; ἢ τοῦτο καὶ τὸ ὄν ὥς
δύ' ἅττα ὀνόματα ἐφ' ἐνὶ γένει διανοεῖσθαι δεῖ;

Θεαίτητος

τάχ' ἄν.

Ξένος

ἀλλ' οἴμαί σε συγχωρεῖν τῶν ὄντων τὰ μὲν αὐτὰ καθ' αὐτά, τὰ δὲ
πρὸς ἄλλα ἀεὶ λέγεσθαι.

Θεαίτητος

τί δ' οὐ;

[255d] Ξένος

τὸ δέ γ' ἕτερον ἀεὶ πρὸς ἕτερον: ἢ γάρ;

Θεαίτητος

οὕτως.

Ξένος

οὐκ ἄν, εἴ γε τὸ ὄν καὶ τὸ θάτερον μὴ πάμπολυ διεφερέτην: ἀλλ'
εἵπερ θάτερον ἀμφοῖν μετεῖχε τοῖν εἰδοῖν ὥσπερ τὸ ὄν, ἦν ἂν ποτέ τι
καὶ τῶν ἐτέρων ἕτερον οὐ πρὸς ἕτερον: νῦν δὲ ἀτεχνῶς ἡμῖν ὅτιπερ
ἂν ἕτερον ἦ, συμβέβηκεν ἐξ ἀνάγκης ἐτέρου τοῦτο ὅπερ ἐστὶν εἶναι.

Θεαίτητος

λέγεις καθάπερ ἔχει.

Ξένος

πέμπτον δὴ τὴν θατέρου φύσιν λεκτέον ἐν τοῖς [255e] εἵδεσιν οὖσαν,

ἐν οἷς προαιρούμεθα.

Θεαίτητος

ναί.

Ξένος

καὶ διὰ πάντων γε αὐτὴν αὐτῶν φήσομεν εἶναι διεληλυθυῖαν· ἐν ἑκαστον γὰρ ἕτερον εἶναι τῶν ἄλλων οὐ διὰ τὴν αὐτοῦ φύσιν, ἀλλὰ διὰ τὸ μετέχειν τῆς ιδέας τῆς θατέρου.

Θεαίτητος

κομιδῇ μὲν οὖν.

Ξένος

ὧδε δὴ λέγωμεν ἐπὶ τῶν πέντε καθ' ἓν ἀναλαμβάνοντες.

Θεαίτητος

πῶς;

Ξένος

πρῶτον μὲν κίνησιν, ὥς ἔστι παντάπασιν ἕτερον στάσεως. ἢ πῶς λέγομεν;

Θεαίτητος

οὕτως.

Ξένος

οὐ στάσις ἄρ' ἐστίν.

Θεαίτητος

οὐδαμῶς.

[256a] **Ξένος**

ἔστι δέ γε διὰ τὸ μετέχειν τοῦ ὄντος.

Θεαίτητος

ἔστιν.

Ξένος

αὐθις δὴ πάλιν ἡ κίνησις ἕτερον ταύτου ἔστιν.

Θεαίτητος

σχεδόν.

Ξένος

οὐ ταὐτὸν ἄρα ἐστίν.

Θεαίτητος

οὐ γὰρ οὖν.

Ξένος

ἀλλὰ μὴν αὕτη γ' ἦν ταὐτὸν διὰ τὸ μετέχειν αὐτὸ πάντ' αὐτοῦ.

Θεαίτητος

καὶ μάλα.

Ξένος

τὴν κίνησιν δὴ ταὐτόν τ' εἶναι καὶ μὴ ταὐτὸν ὁμολογητέον καὶ οὐ
δυσχεραντέον. οὐ γὰρ ὅταν εἴπωμεν αὐτὴν ταὐτόν καὶ μὴ ταὐτόν,
ὁμοίως εἰρήκαμεν, ἀλλ' ὅποταν μὲν [256b] ταὐτόν, διὰ τὴν μέθεξιν
ταύτου πρὸς ἑαυτὴν οὕτω λέγομεν, ὅταν δὲ μὴ ταὐτόν, διὰ τὴν
κοινωνίαν αὐτῷ θατέρου, δι' ἣν ἀποχωριζομένη ταύτου γέγονεν οὐκ
ἐκεῖνο ἀλλ' ἕτερον, ὥστε ὀρθῶς αὐτὸ λέγεται πάλιν οὐ ταὐτόν.

Θεαίτητος

πάνυ μὲν οὖν.

Ξένος

οὐκοῦν κἂν εἴ πη μετελάμβανεν αὐτὴ κίνησις στάσεως, οὐδὲν ἂν

ἄτοπον ἦν στάσιμον αὐτὴν προσαγορεύειν;

Θεαίτητος

ὀρθότατά γε, εἴπερ τῶν γενῶν συγχωρησόμεθα τὰ μὲν ἀλλήλοις ἐθέλγειν μίγνυσθαι, τὰ δὲ μή.

[256c] **Ξένος**

καὶ μὴν ἐπὶ γε τὴν τούτου πρότερον ἀπόδειξιν ἢ τῶν νῦν ἀφικόμεθα, ἐλέγχοντες ὥς ἔστι κατὰ φύσιν ταύτη.

Θεαίτητος

πῶς γὰρ οὐ;

Ξένος

λέγωμεν δὴ πάλιν: ἡ κίνησις ἐστὶν ἕτερον τοῦ ἐτέρου, καθάπερ ταυτοῦ τε ἦν ἄλλο καὶ τῆς στάσεως;

Θεαίτητος

ἀναγκαῖον.

Ξένος

οὐχ ἕτερον ἄρ' ἐστὶ πῃ καὶ ἕτερον κατὰ τὸν νυνδὴ λόγον.

Θεαίτητος

ἀληθῆ.

Ξένος

τί οὖν δὴ τὸ μετὰ τοῦτο; ἄρ' αὖ τῶν μὲν τριῶν ἕτερον αὐτὴν φήσομεν εἶναι, τοῦ δὲ τετάρτου μὴ φῶμεν, [256d] ὁμολογήσαντες αὐτὰ εἶναι πέντε, περὶ ὧν καὶ ἐν οἷς προυθέμεθα σκοπεῖν;

Θεαίτητος

καὶ πῶς; ἀδύνατον γὰρ συγχωρεῖν ἐλάττω τὸν ἀριθμὸν τοῦ νυνδὴ φανέντος.

Ξένος

ἀδεῶς ἄρα τὴν κίνησιν ἕτερον εἶναι τοῦ ὄντος διαμαχόμενοι λέγωμεν;

Θεαίτητος

ἀδεέστατα μὲν οὖν.

Ξένος

οὐκοῦν δὴ σαφῶς ἡ κίνησις ὄντως οὐκ ὄν ἐστι καὶ ὄν, ἐπείπερ τοῦ ὄντος μετέχει;

Θεαίτητος

σαφέστατά γε.

Ξένος

ἔστιν ἄρα ἐξ ἀνάγκης τὸ μὴ ὄν ἐπὶ τε κινήσεως εἶναι καὶ κατὰ πάντα τὰ γένη: κατὰ πάντα γὰρ ἡ θατέρου [256e] φύσις ἕτερον ἀπεργαζομένη τοῦ ὄντος ἕκαστον οὐκ ὄν ποιεῖ, καὶ σύμπαντα δὴ κατὰ ταυτὰ οὕτως οὐκ ὄντα ὀρθῶς ἐροῦμεν, καὶ πάλιν, ὅτι μετέχει τοῦ ὄντος, εἶναί τε καὶ ὄντα.

Θεαίτητος

κινδυνεύει.

Ξένος

περὶ ἕκαστον ἄρα τῶν εἰδῶν πολὺ μὲν ἐστι τὸ ὄν, ἄπειρον δὲ πλήθει τὸ μὴ ὄν.

Θεαίτητος

ἔοικεν.

[257a] Ξένος

οὐκοῦν καὶ τὸ ὄν αὐτὸ τῶν ἄλλων ἕτερον εἶναι λεκτέον.

Θεαίτητος

ανάγκη.

Ξένος

καὶ τὸ ὄν ἄρ' ἡμῖν, ὅσαπέρ ἐστι τὰ ἄλλα, κατὰ τοσαῦτα οὐκ ἔστιν: ἐκεῖνα γὰρ οὐκ ὄν ἐν μὲν αὐτό ἐστιν, ἀπέραντα δὲ τὸν ἀριθμὸν τᾶλλα οὐκ ἔστιν αὖ.

Θεαίτητος

σχεδὸν οὕτως.

Ξένος

οὐκοῦν δὴ καὶ ταῦτα οὐ δυσχεραντέον, ἐπείπερ ἔχει κοινωνίαν ἀλλήλοις ἢ τῶν γενῶν φύσις. εἰ δέ τις ταῦτα μὴ συγχωρεῖ, πείσας ἡμῶν τοὺς ἔμπροσθεν λόγους οὕτω πειθέτω τὰ μετὰ ταῦτα.

Θεαίτητος

δικαιότατα εἴρηκας.

[257b] Ξένος

ἴδωμεν δὴ καὶ τόδε.

Θεαίτητος

τὸ ποῖον;

Ξένος

ὅποτεν τὸ μὴ ὄν λέγωμεν, ὥς ἔοικεν, οὐκ ἐναντίον τι λέγομεν τοῦ ὄντος ἀλλ' ἕτερον μόνον.

Θεαίτητος

πῶς;

Ξένος

οἶον ὅταν εἰπωμέν τι μὴ μέγα, τότε μᾶλλον τί σοι φαινόμεθα τὸ

σμικρὸν ἢ τὸ ἴσον δηλοῦν τῷ ῥήματι;

Θεαίτητος

καὶ πῶς;

Ξένος

οὐκ ἄρ', ἐναντίον ὅταν ἀπόφασις λέγεται σημαίνειν, συγχωρησόμεθα, τοσοῦτον δὲ μόνον, ὅτι τῶν ἄλλων τί μηνύει [257c] τὸ μὴ καὶ τὸ οὐ προτιθέμενα τῶν ἐπιόντων ὀνομάτων, μᾶλλον δὲ τῶν πραγμάτων περὶ ἅττ' ἂν κέηται τὰ ἐπιφθεγγόμενα ὕστερον τῆς ἀποφάσεως ὀνόματα.

Θεαίτητος

παντάπασι μὲν οὖν.

Ξένος

τόδε δὲ διανοηθῶμεν, εἰ καὶ σοὶ συνδοκεῖ.

Θεαίτητος

τὸ ποῖον;

Ξένος

ἢ θατέρου μοι φύσις φαίνεται κατακεκερματίσθαι καθάπερ ἐπιστήμη.

Θεαίτητος

πῶς;

Ξένος

μία μὲν ἐστὶ που καὶ ἐκείνη, τὸ δ' ἐπὶ τῷ γιγνόμενον μέρος αὐτῆς ἕκαστον ἀφορισθὲν ἐπωνυμίαν ἵσχει τινὰ [257d] ἑαυτῆς ἰδίαν: διὸ πολλὰ τέχνηαι τ' εἰσὶ λεγόμεναι καὶ ἐπιστῆμαι.

Θεαίτητος

πάνυ μὲν οὖν.

Ξένος

οὐκοῦν καὶ τὰ τῆς θατέρου φύσεως μόρια μιᾶς οὔσης ταὐτὸν πέπονθε τοῦτο.

Θεαίτητος

τάχ' ἄν: ἀλλ' ὅπη δὴ λέγωμεν;

Ξένος

ἔστι τῷ καλῷ τι θατέρου μόριον ἀντιτιθέμενον;

Θεαίτητος

ἔστιν.

Ξένος

τοῦτ' οὖν ἀνώνυμον ἐροῦμεν ἢ τιν' ἔχον ἐπωνυμίαν;

Θεαίτητος

ἔχον: ὁ γὰρ μὴ καλὸν ἐκάστοτε φθεγγόμεθα, τοῦτο οὐκ ἄλλου τινὸς ἑτερόν ἐστιν ἢ τῆς τοῦ καλοῦ φύσεως.

Ξένος

ἴθι νυν τόδε μοι λέγε.

[257e] Θεαίτητος

τὸ ποῖον;

Ξένος

ἄλλο τι τῶν ὄντων τινὸς ἐνὸς γένους ἀφορισθὲν καὶ πρὸς τι τῶν ὄντων αὖ πάλιν ἀντιτεθὲν οὕτω συμβέβηκεν εἶναι τὸ μὴ καλόν;

Θεαίτητος

οὕτως.

Ξένος

ὄντος δὴ πρὸς ὃν ἀντίθεσις, ὥς ἔοικ', εἶναί τις συμβαίνει τὸ μὴ καλόν.

Θεαίτητος

ὀρθότατα.

Ξένος

τί οὖν; κατὰ τοῦτον τὸν λόγον ἄρα μᾶλλον μὲν τὸ καλὸν ἡμῖν ἐστὶ τῶν ὄντων, ἥττον δὲ τὸ μὴ καλόν;

Θεαίτητος

οὐδέν.

[258a] Ξένος

ὁμοίως ἄρα τὸ μὴ μέγα καὶ τὸ μέγα αὐτὸ εἶναι λεκτέον;

Θεαίτητος

ὁμοίως.

Ξένος

οὐκοῦν καὶ τὸ μὴ δίκαιον τῷ δικαίῳ κατὰ ταῦτα θετέον πρὸς τὸ μηδέν τι μᾶλλον εἶναι θάτερον θατέρου;

Θεαίτητος

τί μήν;

Ξένος

καὶ τᾶλλα δὴ ταύτη λέξομεν, ἐπείπερ ἡ θατέρου φύσις ἐφάνη τῶν ὄντων οὕσα, ἐκείνης δὲ οὕσης ἀνάγκη δὴ καὶ τὰ μόρια αὐτῆς μηδενὸς ἥττον ὄντα τιθέναι.

Θεαίτητος

πῶς γὰρ οὐ;

Ξένος

οὐκοῦν, ὡς ἔοικεν, ἡ τῆς θατέρου μορίου φύσεως [258b] καὶ τῆς τοῦ ὄντος πρὸς ἄλληλα ἀντικειμένων ἀντίθεσις οὐδὲν ἦττον, εἰ θέμις εἰπεῖν, αὐτοῦ τοῦ ὄντος οὐσία ἐστίν, οὐκ ἐναντίον ἐκείνῳ σημαίνουσα ἀλλὰ τοσοῦτον μόνον, ἕτερον ἐκείνου.

Θεαίτητος

σαφέστατά γε.

Ξένος

τίν' οὖν αὐτὴν προσεείπωμεν;

Θεαίτητος

δῆλον ὅτι τὸ μὴ ὄν, ὃ διὰ τὸν σοφιστὴν ἐζητοῦμεν, αὐτό ἐστι τοῦτο.

Ξένος

πότερον οὖν, ὥσπερ εἶπες, ἔστιν οὐδενὸς τῶν ἄλλων οὐσίας ἐλλειπόμενον, καὶ δεῖ θαρρόντα ἤδη λέγειν ὅτι τὸ μὴ ὄν βεβαίως ἐστὶ τὴν αὐτοῦ φύσιν ἔχον, ὥσπερ τὸ μέγα [258c] ἦν μέγα καὶ τὸ καλὸν ἦν καλὸν καὶ τὸ μὴ μέγα <μὴ μέγα> καὶ τὸ μὴ καλὸν <μὴ καλόν>, οὕτω δὲ καὶ τὸ μὴ ὄν κατὰ ταῦτόν ἦν τε καὶ ἔστι μὴ ὄν, ἐνάριθμον τῶν πολλῶν ὄντων εἶδος ἓν; ἢ τίνα ἔτι πρὸς αὐτό, ὦ Θεαίτητε, ἀπιστίαν ἔχομεν;

Θεαίτητος

οὐδεμίαν.

Ξένος

οἶσθ' οὖν ὅτι Παρμενίδη μακροτέρως τῆς ἀπορρήσεως ἠπιστήκαμεν;

Θεαίτητος

τί δή;

Ξένος

πλεῖον ἢ ‘κεῖνος ἀπεῖπε σκοπεῖν, ἡμεῖς εἰς τὸ πρόσθεν ἔτι ζητήσαντες ἀπεδείξαμεν αὐτῷ.

Θεαίτητος

πῶς;

[258d] **Ξένος**

ὅτι ὁ μὲν πού φησιν —

οὐ γὰρ μήποτε τοῦτο δαμῆ, εἶναι μὴ ὄντα, ἀλλὰ σὺ τῆσδ’ ἀφ’ ὁδοῦ διζήσιος εἶργε νόημα.

παρμενιδες 7.1

Θεαίτητος

λέγει γὰρ οὖν οὕτως.

Ξένος

ἡμεῖς δέ γε οὐ μόνον τὰ μὴ ὄντα ὡς ἔστιν ἀπεδείξαμεν, ἀλλὰ καὶ τὸ εἶδος ὃ τυγχάνει ὄν τοῦ μὴ ὄντος ἀπεφηνάμεθα: τὴν γὰρ θατέρου φύσιν ἀποδείξαντες οὕσαν [258e] τε καὶ κατακεκερματισμένην ἐπὶ πάντα τὰ ὄντα πρὸς ἄλληλα, τὸ πρὸς τὸ ὄν ἕκαστον μόριον αὐτῆς ἀντιτιθέμενον ἐτολμήσαμεν εἰπεῖν ὡς αὐτὸ τοῦτό ἐστιν ὄντως τὸ μὴ ὄν.

Θεαίτητος

καὶ παντάπασί γε, ὦ ξέने, ἀληθέστατά μοι δοκοῦμεν εἰρηκέναι.

Ξένος

μὴ τοίνυν ἡμᾶς εἶπη τις ὅτι τούναντίον τοῦ ὄντος τὸ μὴ ὄν ἀποφαινόμενοι τολμῶμεν λέγειν ὡς ἔστιν. ἡμεῖς γὰρ περὶ μὲν ἐναντίου τινὸς αὐτῷ χαίρειν πάλαι λέγομεν, [259a] εἴτ’ ἔστιν εἴτε μὴ, λόγον ἔχον ἢ καὶ παντάπασιν ἄλογον: ὁ δὲ νῦν εἰρήκαμεν εἶναι τὸ μὴ ὄν, ἢ πεισάτω τις ὡς οὐ καλῶς λέγομεν ἐλέγξας, ἢ μέχριτερ ἂν ἀδυνατῇ, λεκτέον καὶ ἐκείνῳ καθάπερ ἡμεῖς λέγομεν, ὅτι συμμείγνυται τε ἀλλήλοις τὰ γένη καὶ τό τε ὄν καὶ θάτερον διὰ

πάντων καὶ δι' ἀλλήλων διεληλυθότε τὸ μὲν ἕτερον μετασχὼν τοῦ ὄντος ἔστι μὲν διὰ ταύτην τὴν μέθεξιν, οὐ μὴν ἐκεῖνό γε οὐ μετέσχευ ἀλλ' ἕτερον, ἕτερον δὲ τοῦ ὄντος ὃν ἔστι σαφέστατα [259b] ἐξ ἀνάγκης εἶναι μὴ ὄν: τὸ δὲ ὄν αὖ θατέρου μετείληφός ἕτερον τῶν ἄλλων ἂν εἴη γενῶν, ἕτερον δ' ἐκείνων ἀπάντων ὃν οὐκ ἔστιν ἕκαστον αὐτῶν οὐδὲ σύμπαντα τὰ ἄλλα πλὴν αὐτό, ὥστε τὸ ὄν ἀναμφισβητήτως αὖ μυρία ἐπὶ μυρίοις οὐκ ἔστι, καὶ τᾶλλα δὴ καθ' ἕκαστον οὕτω καὶ σύμπαντα πολλαχῇ μὲν ἔστι, πολλαχῇ δ' οὐκ ἔστιν.

Θεαίτητος

ἀληθῆ.

Ξένος

καὶ ταύταις δὴ ταῖς ἐναντιώσεσιν εἴτε ἀπιστεῖ τις, σκεπτέον αὐτῷ καὶ λεκτέον βέλτιόν τι τῶν νῦν εἰρημένων: [259c] εἴτε ὥς τι χαλεπὸν κατανενοηκῶς χαίρει τοτὲ μὲν ἐπὶ θάτερα τοτὲ δ' ἐπὶ θάτερα τοὺς λόγους ἔλκων, οὐκ ἄξια πολλῆς σπουδῆς ἐσπούδακεν, ὥς οἱ νῦν λόγοι φασί. τοῦτο μὲν γὰρ οὔτε τι κομψὸν οὔτε χαλεπὸν εὐρεῖν, ἐκεῖνο δ' ἤδη καὶ χαλεπὸν ἅμα καὶ καλόν.

Θεαίτητος

τὸ ποῖον;

Ξένος

ὁ καὶ πρόσθεν εἴρηται, τὸ ταῦτα ἐάσαντα ὥς †δυνατὰ† τοῖς λεγομένοις οἷόν τ' εἶναι καθ' ἕκαστον ἐλέγχοντα ἐπακολουθεῖν, ὅταν τέ τις ἕτερον ὃν πῃ ταῦτόν [259d] εἶναι φῇ καὶ ὅταν ταῦτόν ὃν ἕτερον, ἐκείνη καὶ κατ' ἐκεῖνο ὃ φησι τούτων πεπονθέναι πότερον. τὸ δὲ ταῦτόν ἕτερον ἀποφαίνειν ἀμῆ γέ πῃ καὶ τὸ θάτερον ταῦτόν καὶ τὸ μέγα σμικρὸν καὶ τὸ ὅμοιον ἀνόμοιον, καὶ χαίρειν οὕτω τάναντία ἀεὶ προφέροντα ἐν τοῖς λόγοις, οὔτε τις ἔλεγχος οὗτος ἀληθινὸς ἄρτι τε τῶν ὄντων τινὸς ἐφαπτομένου δῆλος νεογενῆς ὢν.

Θεαίτητος

κομιδῇ μὲν οὖν.

Ξένος

καὶ γάρ, ὦγαθέ, τό γε πᾶν ἀπὸ παντὸς ἐπιχειρεῖν [259e] ἀποχωρίζειν ἄλλως τε οὐκ ἐμμελὲς καὶ δὴ καὶ παντάπασιν ἀμούσου τινὸς καὶ ἀφιλοσόφου.

Θεαίτητος

τί δή;

Ξένος

τελεωτάτη πάντων λόγων ἐστὶν ἀφάνισις τὸ διαλύειν ἕκαστον ἀπὸ πάντων: διὰ γὰρ τὴν ἀλλήλων τῶν εἰδῶν συμπλοκὴν ὁ λόγος γέγονεν ἡμῖν.

Θεαίτητος

ἀληθῆ.

[260a] Ξένος

σκόπει τοίνυν ὥς ἐν καιρῷ νυνδὴ τοῖς τοιούτοις διεμαχόμεθα καὶ προσηναγκάζομεν ἑᾶν ἕτερον ἐτέρῳ μείγνυσθαι.

Θεαίτητος

πρὸς δὴ τί;

Ξένος

πρὸς τὸ τὸν λόγον ἡμῖν τῶν ὄντων ἔν τι γενῶν εἶναι. τούτου γὰρ στερηθέντες, τὸ μὲν μέγιστον, φιλοσοφίας ἂν στερηθεῖμεν: ἔτι δ' ἐν τῷ παρόντι δεῖ λόγον ἡμᾶς διομολογήσασθαι τί ποτ' ἔστιν, εἰ δὲ ἀφηρέθημεν αὐτὸ μηδ' εἶναι τὸ παράπαν, οὐδὲν ἂν ἔτι που λέγειν οἴοι τ' ἡμεν. [260b] ἀφηρέθημεν δ' ἄν, εἰ συνεχωρήσαμεν μηδεμίαν εἶναι μεῖζιν μηδενὶ πρὸς μηδέν.

Θεαίτητος

ὀρθῶς τοῦτό γε: λόγον δὲ δι' ὅτι νῦν διομολογητέον οὐκ ἔμαθον.

Ξένος

ἀλλ' ἴσως τῇδ' ἐπόμενος ῥᾷστ' ἂν μάθοις.

Θεαίτητος

πῇ;

Ξένος

τὸ μὲν δὴ μὴ ὄν ἡμῖν ἔν τι τῶν ἄλλων γένος ὄν ἀνεφάνη, κατὰ πάντα τὰ ὄντα διεσπαρμένον.

Θεαίτητος

οὕτως.

Ξένος

οὐκοῦν τὸ μετὰ τοῦτο σκεπτέον εἰ δόξη τε καὶ λόγῳ μείγνυται.

Θεαίτητος

τί δῆ;

[260c] **Ξένος**

μὴ μειγνυμένου μὲν αὐτοῦ τούτοις ἀναγκαῖον ἀληθῆ πάντ' εἶναι, μειγνυμένου δὲ δόξα τε ψευδὴς γίγνεται καὶ λόγος: τὸ γὰρ τὰ μὴ ὄντα δοξάζειν ἢ λέγειν, τοῦτ' ἔστι που τὸ ψεῦδος ἐν διανοίᾳ τε καὶ λόγοις γιγνόμενον.

Θεαίτητος

οὕτως.

Ξένος

ὄντος δέ γε ψεύδους ἔστιν ἀπάτη.

Θεαίτητος

ναί.

Ξένος

καὶ μὴν ἀπάτης οὔσης εἰδώλων τε καὶ εἰκόνων ἤδη καὶ φαντασίας πάντα ἀνάγκη μεστὰ εἶναι.

Θεαίτητος

πῶς γὰρ οὐ;

Ξένος

τὸν δέ γε σοφιστὴν ἔφαμεν ἐν τούτῳ που τῷ τόπῳ [260d] καταπεφευγῆναι μὲν, ἔξαρνον δὲ γεγονέναι τὸ παράπαν μὴδ' εἶναι ψεῦδος: τὸ γὰρ μὴ ὄν οὔτε διανοεῖσθαι τίνα οὔτε λέγειν: οὐσίας γὰρ οὐδὲν οὐδαμῇ τὸ μὴ ὄν μετέχειν.

Θεαίτητος

ἦν ταῦτα.

Ξένος

νῦν δέ γε τοῦτο μὲν ἐφάνη μετέχον τοῦ ὄντος, ὥστε ταύτη μὲν ἴσως οὐκ ἂν μάχοιτο ἔτι: τάχα δ' ἂν φαίη τῶν εἰδῶν τὰ μὲν μετέχειν τοῦ μὴ ὄντος, τὰ δ' οὐ, καὶ λόγον δὴ καὶ δόξαν εἶναι τῶν οὐ μετεχόντων, ὥστε τὴν εἰδωλοποιικὴν καὶ φανταστικὴν, ἐν ἧ φάμεν αὐτὸν εἶναι, [260e] διαμάχοιτ' ἂν πάλιν ὡς παντάπασιν οὐκ ἔστιν, ἐπειδὴ δόξα καὶ λόγος οὐ κοινωνεῖ τοῦ μὴ ὄντος: ψεῦδος γὰρ τὸ παράπαν οὐκ εἶναι ταύτης μὴ συνισταμένης τῆς κοινωνίας. διὰ ταῦτ' οὖν λόγον πρῶτον καὶ δόξαν καὶ φαντασίαν διερευνητέον ὅτι ποτ' ἔστιν, ἵνα φανέντων καὶ τὴν κοινωνίαν αὐτῶν τῷ [261a] μὴ ὄντι κατίδωμεν, κατιδόντες δὲ τὸ ψεῦδος ὄν ἀποδείξωμεν, ἀποδείξαντες δὲ τὸν σοφιστὴν εἰς αὐτὸ ἐνδήσωμεν, εἴπερ ἔνοχός ἐστιν, ἢ καὶ ἀπολύσαντες ἐν ἄλλῳ γένει ζητῶμεν.

Θεαίτητος

κομιδῇ δέ γε, ὦ ξένε, ἔοικεν ἀληθὲς εἶναι τὸ περὶ τὸν σοφιστὴν κατ' ἀρχὰς λεχθέν, ὅτι δυσσήρευτον εἶη τὸ γένος. φαίνεται γὰρ οὖν προβλημάτων γέμειν, ὧν ἐπειδάν τι προβάλῃ, τοῦτο πρότερον ἀναγκαῖον διαμάχεσθαι πρὶν ἐπ' αὐτὸν ἐκείνον ἀφικέσθαι. νῦν γὰρ

μόγις μὲν τὸ μὴ ὄν ὥς οὐκ ἔστι προβληθὲν διεπεράσαμεν, ἕτερον δὲ [261b] προβέβληται, καὶ δεῖ δὴ ψεῦδος ὥς ἔστι καὶ περὶ λόγον καὶ περὶ δόξαν ἀποδείξαι, καὶ μετὰ τοῦτο ἴσως ἕτερον, καὶ ἔτ' ἄλλο μετ' ἐκεῖνο: καὶ πέρας, ὥς ἔοικεν, οὐδὲν φανήσεται ποτε.

Ξένος

θαρρῆν, ὦ Θεαίτητε, χρὴ τὸν καὶ σμικρόν τι δυνάμενον εἰς τὸ πρόσθεν αἰεὶ προϊέναι. τί γὰρ ὃ γ' ἀθυμῶν ἐν τούτοις δράσειεν ἂν ἐν ἄλλοις, ἢ μηδὲν ἐν ἐκείνοις ἀνύτων ἢ καὶ πάλιν εἰς τοῦπισθεν ἀπωσθεῖς; σχολῇ που, τὸ κατὰ [261c] τὴν παροιμίαν λεγόμενον, ὃ γε τοιοῦτος ἂν ποτε ἔλοι πόλιν. νῦν δ' ἐπεὶ ὠγαθέ, τοῦτο ὃ λέγεις διαπεπέρανται, τό τοι μέγιστον ἡμῖν τεῖχος ἡρημένον ἂν εἴη, τὰ δ' ἄλλα ἤδη ῥάω καὶ σμικρότερα.

Θεαίτητος

καλῶς εἶπες.

Ξένος

λόγον δὴ πρῶτον καὶ δόξαν, καθάπερ ἐρρήθη νυνδὴ, λάβωμεν, ἵνα ἐναργέστερον ἀπολογισώμεθα πότερον αὐτῶν ἅπτεται τὸ μὴ ὄν ἢ παντάπασιν ἀληθῆ μὲν ἐστὶν ἀμφοτέρα ταῦτα, ψεῦδος δὲ οὐδέποτε οὐδέτερον.

Θεαίτητος

ὀρθῶς.

[261d] Ξένος

φέρε δὴ, καθάπερ περὶ τῶν εἰδῶν καὶ τῶν γραμμάτων ἐλέγομεν, περὶ τῶν ὀνομάτων πάλιν ὥσαύτως ἐπισκεψώμεθα. φαίνεται γάρ πη ταύτη τὸ νῦν ζητούμενον.

Θεαίτητος

τὸ ποῖον οὖν δὴ περὶ τῶν ὀνομάτων ὑπακουστέον;

Ξένος

εἴτε πάντα ἀλλήλοις συναρμόττει εἴτε μηδέν, εἴτε τὰ μὲν ἐθέλει, τὰ δὲ μή.

Θεαίτητος

δῆλον τοῦτό γε, ὅτι τὰ μὲν ἐθέλει, τὰ δ' οὐ.

Ξένος

τὸ τοιόνδε λέγεις ἴσως, ὅτι τὰ μὲν ἐφεξῆς λεγόμενα [261e] καὶ δηλοῦντά τι συναρμόττει, τὰ δὲ τῇ συνεχείᾳ μηδέν σημαίνοντα ἀναρμοστεῖ.

Θεαίτητος

πῶς τί τοῦτ' εἶπας;

Ξένος

ὅπερ ᾠήθην ὑπολαβόντα σε προσομολογεῖν. ἔστι γὰρ ἡμῖν που τῶν τῇ φωνῇ περὶ τὴν οὐσίαν δηλωμάτων διττὸν γένος.

Θεαίτητος

πῶς;

[262a] **Ξένος**

τὸ μὲν ὀνόματα, τὸ δὲ ῥήματα κληθέν.

Θεαίτητος

εἰπὲ ἐκάτερον.

Ξένος

τὸ μὲν ἐπὶ ταῖς πράξεσιν ὃν δῆλωμα ῥῆμά που λέγομεν.

Θεαίτητος

ναί.

Ξένος

τὸ δέ γ' ἐπ' αὐτοῖς τοῖς ἐκείνας πράττουσι σημείον τῆς φωνῆς ἐπιτεθὲν ὄνομα.

Θεαίτητος

κομιδῇ μὲν οὖν.

Ξένος

οὐκοῦν ἐξ ὀνομάτων μὲν μόνων συνεχῶς λεγομένων οὐκ ἔστι ποτὲ λόγος, οὐδ' αὖ ῥημάτων χωρὶς ὀνομάτων λεχθέντων.

Θεαίτητος

ταῦτ' οὐκ ἔμαθον.

[262b] **Ξένος**

δῆλον γὰρ ὡς πρὸς ἕτερόν τι βλέπων ἄρτι συνωμολόγεις· ἐπεὶ τοῦτ' αὐτὸ ἐβουλόμην εἰπεῖν, ὅτι συνεχῶς ὧδε λεγόμενα ταῦτα οὐκ ἔστι λόγος.

Θεαίτητος

πῶς;

Ξένος

οἶον “βαδίζει” “τρέχει” “καθεύδει,” καὶ τᾶλλα ὅσα πράξεις σημαίνει ῥήματα, κὰν πάντα τις ἐφεξῆς αὐτ' εἶπη, λόγον οὐδέν τι μᾶλλον ἀπεργάζεται.

Θεαίτητος

πῶς γάρ;

Ξένος

οὐκοῦν καὶ πάλιν ὅταν λέγῃται “λέων” “ἔλαφος” “ἵππος,” ὅσα τε ὀνόματα τῶν τὰς πράξεις αὐτῶν πραττόντων [262c] ὀνομάσθῃ, καὶ κατὰ ταύτην δὴ τὴν συνέχειαν οὐδεὶς πῶς συνέστη λόγος: οὐδεμίαν γὰρ οὔτε οὕτως οὔτ’ ἐκείνως πρᾶξιν οὐδ’ ἀπραξίαν οὐδὲ οὐσίαν ὄντος οὐδὲ μὴ ὄντος δηλοῖ τὰ φωνηθέντα, πρὶν ἂν τις τοῖς ὀνόμασι τὰ ῥήματα κεράσῃ. τότε δ’ ἤρμος ἐγένετο καὶ λόγος ἐγένετο εὐθὺς ἡ πρώτη συμπλοκή, σχεδὸν τῶν λόγων ὁ πρῶτός τε καὶ σμικρότατος.

Θεαίτητος

πῶς ἄρ’ ὥδε λέγεις;

Ξένος

ὅταν εἴπῃ τις: “ἄνθρωπος μανθάνει,” λόγον εἶναι φῆς τοῦτον ἐλάχιστόν τε καὶ πρῶτον;

[262d] **Θεαίτητος**

ἔγωγε.

Ξένος

δηλοῖ γὰρ ἤδη πούποτε περὶ τῶν ὄντων ἢ γιγνομένων ἢ γεγονότων ἢ μελλόντων, καὶ οὐκ ὀνομάζει μόνον ἀλλὰ τι περαίνει, συμπλέκων τὰ ῥήματα τοῖς ὀνόμασι. διὸ λέγειν τε αὐτὸν ἀλλ’ οὐ μόνον ὀνομάζειν εἵπομεν, καὶ δὴ καὶ τῷ πλέγματι τούτῳ τὸ ὄνομα ἐφθεγξάμεθα λόγον.

Θεαίτητος

ὀρθῶς.

Ξένος

οὕτω δὴ καθάπερ τὰ πράγματα τὰ μὲν ἀλλήλοις ἤρμοσσαν, τὰ δ’ οὔ, καὶ περὶ τὰ τῆς φωνῆς αὐτῶν σημεία τὰ μὲν [262e] οὐχ ἀρμόττει, τὰ δὲ ἀρμόττοντα αὐτῶν λόγον ἀπηργάσατο.

Θεαίτητος

παντάπασι μὲν οὖν.

Ξένος

ἔτι δὴ σμικρὸν τόδε.

Θεαίτητος

τὸ ποῖον;

Ξένος

λόγον ἀναγκαῖον, ὅτανπερ ἦ, τινὸς εἶναι λόγον, μὴ δὲ τινὸς ἀδύνατον.

Θεαίτητος

οὕτως.

Ξένος

οὐκοῦν καὶ ποιόν τινα αὐτὸν εἶναι δεῖ;

Θεαίτητος

πῶς δ' οὔ;

Ξένος

προσέχωμεν δὴ τὸν νοῦν ἡμῖν αὐτοῖς.

Θεαίτητος

δεῖ γοῦν.

Ξένος

λέξω τοίνυν σοι λόγον συνθεῖς πρᾶγμα πράξει δι' ὀνόματος καὶ ῥήματος: ὅτου δ' ἂν ὁ λόγος ἦ, σύ μοι φράζεις.

[263a] **Θεαίτητος**

ταῦτ' ἔσται κατὰ δύναμιν.

Ξένος

“Θεαίτητος κάθεται.” μὼν μὴ μακρὸς ὁ λόγος;

Θεαίτητος

οὐκ, ἀλλὰ μέτριος.

Ξένος

σὸν ἔργον δὴ φράζειν περὶ οὗ τ’ ἐστὶ καὶ ὅτου.

Θεαίτητος

δῆλον ὅτι περὶ ἐμοῦ τε καὶ ἐμός.

Ξένος

τί δὲ ὅδ’ αὖ;

Θεαίτητος

ποῖος;

Ξένος

“Θεαίτητος, ὃ νῦν ἐγὼ διαλέγομαι, πέτεται.”

Θεαίτητος

καὶ τοῦτον οὐδ’ ἂν εἷς ἄλλως εἴποι πλὴν ἐμόν τε καὶ περὶ ἐμοῦ.

Ξένος

ποιὸν δέ γέ τινά φαμεν ἀναγκαῖον ἕκαστον εἶναι τῶν λόγων.

[263b] **Θεαίτητος**

ναί.

Ξένος

τούτων δὴ ποιὸν τινα ἐκάτερον φατέον εἶναι;

Θεαίτητος

τὸν μὲν ψευδῆ που, τὸν δὲ ἀληθῆ.

Ξένος

λέγει δὲ αὐτῶν ὁ μὲν ἀληθῆς τὰ ὄντα ὡς ἔστιν περὶ σοῦ.

Θεαίτητος

τί μήν;

Ξένος

ὁ δὲ δὴ ψευδὴς ἕτερα τῶν ὄντων.

Θεαίτητος

ναί.

Ξένος

τὰ μὴ ὄντ' ἄρα ὡς ὄντα λέγει.

Θεαίτητος

σχεδόν.

Ξένος

ὄντων δέ γε ὄντα ἕτερα περὶ σοῦ. πολλὰ μὲν γὰρ ἔφαμεν ὄντα περὶ ἑκάστον εἶναι που, πολλὰ δὲ οὐκ ὄντα.

Θεαίτητος

κομιδῇ μὲν οὖν.

[263c] **Ξένος**

ὄν ὕστερον δὴ λόγον εἴρηκα περὶ σοῦ, πρῶτον μὲν, ἐξ ὧν ὠρισάμεθα τί ποτ' ἔστι λόγος, ἀναγκαιότατον αὐτὸν ἓνα τῶν βραχυτάτων εἶναι.

Θεαίτητος

νυνδὴ γοῦν ταύτη συνωμολογήσαμεν.

Ξένος

ἔπειτα δέ γε τινός.

Θεαίτητος

οὕτως.

Ξένος

εἰ δὲ μὴ ἔστιν σός, οὐκ ἄλλου γε οὐδενός.

Θεαίτητος

πῶς γάρ;

Ξένος

μηδενός <δέ> γε ὦν οὐδ' ἂν λόγος εἴη τὸ παράπαν· ἀπεφίναμεν γὰρ ὅτι τῶν ἀδυνάτων ἦν λόγον ὄντα μηδενός εἶναι λόγον.

Θεαίτητος

ὀρθότατα.

[263d] **Ξένος**

περὶ δὴ σοῦ λεγόμενα, <λεγόμενα> μέντοι θάτερα ὥς τὰ αὐτὰ καὶ μὴ ὄντα ὥς ὄντα, παντάπασιν [ὥς] ἔοικεν ἢ τοιαύτη σύνθεσις ἔκ τε ῥημάτων γιγνομένη καὶ ὀνομάτων ὄντως τε καὶ ἀληθῶς γίγνεσθαι λόγος ψευδής.

Θεαίτητος

ἀληθέστατα μὲν οὖν.

Ξένος

τί δὲ δὴ; διάνοιά τε καὶ δόξα καὶ φαντασία, μῶν οὐκ ἤδη δῆλον ὅτι ταῦτά γε ψευδῇ τε καὶ ἀληθῇ πάνθ' ἡμῶν ἐν ταῖς ψυχαῖς ἐγγίγνεται;

Θεαίτητος

πῶς;

Ξένος

ὧδ' εἴση ῥᾶον, ἂν πρῶτον λάβῃς αὐτὰ τί ποτ' ἔστιν [263e] καὶ τί διαφέρουσιν ἕκαστα ἀλλήλων.

Θεαίτητος

δίδου μόνον.

Ξένος

οὐκοῦν διάνοια μὲν καὶ λόγος ταυτόν: πλήν ὁ μὲν ἐντὸς τῆς ψυχῆς πρὸς αὐτὴν διάλογος ἄνευ φωνῆς γιγνόμενος τοῦτ' αὐτὸ ἡμῖν ἐπωνομάσθη, διάνοια;

Θεαίτητος

πάνυ μὲν οὖν.

Ξένος

τὸ δέ γ' ἀπ' ἐκείνης ρεῦμα διὰ τοῦ στόματος ἰὸν μετὰ φθόγγου κέκληται λόγος;

Θεαίτητος

ἀληθῆ.

Ξένος

καὶ μὴν ἐν λόγοις γε αὖ ἴσμεν ἐνὸν —

Θεαίτητος

τὸ ποῖον;

Ξένος

φάσιν τε καὶ ἀπόφασιν.

Θεαίτητος

ἴσμεν.

[264a] **Ξένος**

ὅταν οὖν τοῦτο ἐν ψυχῇ κατὰ διάνοιαν ἐγγίγνηται μετὰ σιγῆς, πλὴν δόξης ἔχεις ὅτι προσείπης αὐτό;

Θεαίτητος

καὶ πῶς;

Ξένος

τί δ' ὅταν μὴ καθ' αὐτὸ ἀλλὰ δι' αἰσθήσεως παρῇ τι, τὸ τοιοῦτον αὐτὸ πάθος ἄρ' οἷόν τε ὀρθῶς εἰπεῖν ἕτερόν τι πλὴν φαντασίαν;

Θεαίτητος

οὐδέν.

Ξένος

οὐκοῦν ἐπεὶπερ λόγος ἀληθὴς ἦν καὶ ψευδής, τούτων δ' ἐφάνη διάνοια μὲν αὐτῆς πρὸς ἑαυτὴν ψυχῆς διάλογος, [264b] δόξα δὲ διανοίας ἀποτελεύτησις, “φαίνεται” δὲ ὁ λέγομεν σύμμειξις αἰσθήσεως καὶ δόξης, ἀνάγκη δὴ καὶ τούτων τῷ λόγῳ συγγενῶν ὄντων ψευδῇ [τε] αὐτῶν ἓν καὶ ἐνίστε εἶναι.

Θεαίτητος

πῶς δ' οὐ;

Ξένος

κατανοεῖς οὖν ὅτι πρότερον ἠύρεθη ψευδὴς δόξα καὶ λόγος ἢ κατὰ τὴν προσδοκίαν ἦν ἐφοβήθημεν ἄρτι, μὴ παντάπασιν ἀνήνυτον ἔργον ἐπιβαλλοίμεθα ζητοῦντες αὐτό;

Θεαίτητος

κατανοῶ.

Ξένος

μὴ τοίνυν μὴδ' εἰς τὰ λοιπὰ ἀθυμῶμεν. ἐπεὶδὴ [264c] γὰρ πέφανται ταῦτα, τῶν ἔμπροσθεν ἀναμνησθῶμεν κατ' εἶδη διαιρέσεων.

Θεαίτητος

ποίων δὴ;

Ξένος

διειλόμεθα τῆς εἰδωλοποιικῆς εἶδη δύο, τὴν μὲν εἰκαστικὴν, τὴν δὲ φανταστικὴν.

Θεαίτητος

ναί.

Ξένος

καὶ τὸν σοφιστὴν εἵπομεν ὥς ἀποροῖμεν εἰς ὅποτέραν θήσομεν.

Θεαίτητος

ἦν ταῦτα.

Ξένος

καὶ τοῦθ' ἡμῶν ἀπορουμένων ἔτι μείζων κατεχύθη σκοτοδινία, φανέντος τοῦ λόγου τοῦ πᾶσιν ἀμφισβητοῦντος ὥς οὔτε εἰκὼν οὔτε εἶδωλον οὔτε φάντασμ' εἶη τὸ παράπαν [264d] οὐδὲν διὰ τὸ μηδαμῶς μηδέποτε μηδαμοῦ ψεῦδος εἶναι.

Θεαίτητος

λέγεις ἀληθῆ.

Ξένος

νῦν δέ γ' ἐπειδὴ πέφανται μὲν λόγος, πέφανται δ' οὔσα δόξα ψευδής, ἐγχωρεῖ δὴ μιμήματα τῶν ὄντων εἶναι καὶ τέχνην ἐκ ταύτης γίνεσθαι τῆς διαθέσεως ἀπατητικὴν.

Θεαίτητος

ἐγχωρεῖ.

Ξένος

καὶ μὴν ὅτι γ' ἦν ὁ σοφιστὴς τούτων πότερον, διωμολογημένον ἡμῖν ἐν τοῖς πρόσθεν ἦν.

Θεαίτητος

ναί.

Ξένος

πάλιν τοίνυν ἐπιχειρῶμεν, σχίζοντες διχῇ τὸ [264e] προτεθὲν γένος, πορεύεσθαι κατὰ τοῦπὶ δεξιὰ ἀεὶ μέρος τοῦ τμηθέντος, ἐχόμενοι τῆς τοῦ σοφιστοῦ κοινωνίας, ἕως ἂν αὐτοῦ τὰ κοινὰ πάντα περιελόντες, τὴν οἰκείαν λιπόντες [265a] φύσιν ἐπιδείξωμεν μάλιστα μὲν ἡμῖν αὐτοῖς, ἔπειτα καὶ τοῖς ἐγγυτάτῳ γένει τῆς τοιαύτης μεθόδου πεφυκόσιν.

Θεαίτητος

ὀρθῶς.

Ξένος

οὐκοῦν τότε μὲν ἡρχόμεθα ποιητικὴν καὶ κτητικὴν τέχνην διαιρούμενοι;

Θεαίτητος

ναί.

Ξένος

καὶ τῆς κτητικῆς ἐν θηρευτικῇ καὶ ἀγωνίᾳ καὶ ἐμπορικῇ καὶ τισιν ἐν τοιούτοις εἵδεσιν ἐφαντάζεσθ' ἡμῖν;

Θεαίτητος

πάνυ μὲν οὖν.

Ξένος

νῦν δέ γ' ἐπειδὴ μιμητικὴ περιείληφεν αὐτὸν τέχνη, δῆλον ὥς αὐτὴν τὴν ποιητικὴν δίχα διαιρετέον πρῶτην. [265b] ἡ γὰρ που μίμησις ποιήσις τίς ἐστίν, εἰδῶλων μέντοι, φαμέν, ἀλλ' οὐκ αὐτῶν ἐκάστων:

ἢ γάρ;

Θεαίτητος

παντάπασι μὲν οὖν.

Ξένος

ποιητικῆς δὴ πρῶτον δύ' ἔστω μέρη.

Θεαίτητος

ποίω;

Ξένος

τὸ μὲν θεῖον, τὸ δ' ἀνθρώπινον.

Θεαίτητος

οὕτω μεμάθηκα.

Ξένος

ποιητικὴν, εἴπερ μεμνήμεθα τὰ κατ' ἀρχὰς λεχθέντα, πᾶσαν ἔφαμεν εἶναι δύναμιν ἣτις ἂν αἰτία γίγνηται τοῖς μὴ πρότερον οὖσιν ὕστερον γίγνεσθαι.

Θεαίτητος

μεμνήμεθα.

[265c] Ξένος

ζῶα δὴ πάντα θνητά, καὶ δὴ καὶ φυτὰ ὅσα τ' ἐπὶ γῆς ἐκ σπερμάτων καὶ ριζῶν φύεται, καὶ ὅσα ἄψυχα ἐν γῇ συνίσταται σώματα τηκτὰ καὶ ἄτηκτα, μὼν ἄλλου τινὸς ἢ θεοῦ δημιουργοῦντος φήσομεν ὕστερον γίγνεσθαι πρότερον οὐκ ὄντα; ἢ τῷ τῶν πολλῶν δόγματι καὶ ῥήματι χρώμενοι —

Θεαίτητος

ποίῳ τῷ;

Ξένος

τὴν φύσιν αὐτὰ γεννᾶν ἀπὸ τινος αἰτίας αὐτομάτης καὶ ἄνευ διανοίας
φυοῦσης, ἢ μετὰ λόγου τε καὶ ἐπιστήμης θείας ἀπὸ θεοῦ γιγνομένης;

[265d] Θεαίτητος

ἐγὼ μὲν ἴσως διὰ τὴν ἡλικίαν πολλάκις ἀμφοτέρω μεταδοξάζω· νῦν
μὴν βλέπων εἰς σέ καὶ ὑπολαμβάνων οἶεσθαί σε κατὰ γε θεὸν αὐτὰ
γίγνεσθαι, ταύτη καὶ αὐτὸς νενόμικα.

Ξένος

καλῶς γε, ὦ Θεαίτητε. καὶ εἰ μὲν γέ σε ἡγοῦμεθα τῶν εἰς τὸν ἔπειτ'
<ἄν> χρόνον ἄλλως πῶς δοξαζόντων εἶναι, νῦν ἂν τῷ λόγῳ μετὰ
πειθοῦς ἀναγκαίως ἐπεχειροῦμεν ποιεῖν ὁμολογεῖν· ἐπειδὴ δέ σου
καταμανθάνω τὴν φύσιν, ὅτι καὶ [265e] ἄνευ τῶν παρ' ἡμῶν λόγων
αὕτη πρόσεισιν ἐφ' ἅπερ νῦν ἔλκεσθαι φῆς, ἐάσω· χρόνος γὰρ ἐκ
περιττοῦ γίγνοιτ' ἄν. ἀλλὰ θήσω τὰ μὲν φύσει λεγόμενα ποιεῖσθαι
θεία τέχνη, τὰ δ' ἐκ τούτων ὑπ' ἀνθρώπων συνιστάμενα ἀνθρωπίνη,
καὶ κατὰ τοῦτον δὴ τὸν λόγον δύο ποιητικῆς γένη, τὸ μὲν
ἀνθρώπινον εἶναι, τὸ δὲ θεῖον.

Θεαίτητος

ὀρθῶς.

Ξένος

τέμνε δὴ δυοῖν οὔσαιν δίχα ἑκατέραν αὖθις.

Θεαίτητος

πῶς;

[266a] Ξένος

οἷον τότε μὲν κατὰ πλάτος τέμνων τὴν ποιητικὴν πᾶσαν, νῦν δὲ αὖ
κατὰ μῆκος.

Θεαίτητος

τετμήσθω.

Ξένος

τέτταρα μὴν αὐτῆς οὕτω τὰ πάντα μέρη γίγνεται, δύο μὲν τὰ πρὸς ἡμῶν, ἀνθρώπεια, δύο δ' αὖ τὰ πρὸς θεῶν, θεῖα.

Θεαίτητος

ναί.

Ξένος

τὰ δέ γ' ὥς ἐτέρως αὖ διηρημένα, μέρος μὲν ἐν ἅφ' ἐκατέρας τῆς μερίδος αὐτοποιητικόν, τὸ δ' ὑπολοίπω σχεδὸν μάλιστ' ἂν λεγοίσθην εἰδωλοποικῶ: καὶ κατὰ ταῦτα δὴ πάλιν ἡ ποιητικὴ διχῆ διαιρεῖται.

[266b] Θεαίτητος

λέγε ὅπῃ ἐκατέρα αὐθις.

Ξένος

ἡμεῖς μὲν που καὶ τᾶλλα ζῶα καὶ ἐξ ὧν τὰ πεφυκότ' ἐστίν, πῦρ καὶ ὕδωρ καὶ τὰ τούτων ἀδελφά, θεοῦ γεννήματα πάντα ἴσμεν αὐτὰ ἀπειργασμένα ἕκαστα: ἢ πῶς;

Θεαίτητος

οὕτως.

Ξένος

τούτων δέ γε ἐκάστων εἶδωλα ἄλλ' οὐκ αὐτὰ παρέπεται, δαιμονία καὶ ταῦτα μηχανῇ γεγονότα.

Θεαίτητος

ποῖα;

Ξένος

τά τε ἐν τοῖς ὕπνοις καὶ ὅσα μεθ' ἡμέραν φαντάσματα αὐτοφυῆ λέγεται, σκιά μὲν ὅταν ἐν τῷ πυρὶ σκότος [266c] ἐγγίγνηται, διπλοῦν δὲ ἥνικ' ἂν φῶς οἰκεῖόν τε καὶ ἀλλότριον περὶ τὰ λαμπρὰ καὶ λεῖα εἰς ἐν συνελθὼν τῆς ἔμπροσθεν εἰωθυίας ὅψεως ἐναντίαν αἴσθησιν παρέχον εἶδος ἀπεργάζεται.

Θεαίτητος

δύο γὰρ οὖν ἐστὶ ταῦτα θείας ἔργα ποιήσεως, αὐτό τε καὶ τὸ παρακολουθοῦν εἶδωλον ἐκάστω.

Ξένος

τί δὲ τὴν ἡμετέραν τέχνην; ἄρ' οὐκ αὐτὴν μὲν οἰκίαν οἰκοδομικῇ φήσομεν ποιεῖν, γραφικῇ δέ τιν' ἑτέραν, οἷον ὄναρ ἀνθρώπινον ἐργηγορόσιν ἀπειργασμένην;

[266d] Θεαίτητος

πάνυ μὲν οὖν.

Ξένος

οὐκοῦν καὶ τᾶλλα οὕτω κατὰ δύο διττὰ ἔργα τῆς ἡμετέρας αὐ ποιητικῆς πράξεως, τὸ μὲν αὐτό, φαμέν, [αὐτουργική], τὸ δὲ εἶδωλον [εἰδωλοποιική].

Θεαίτητος

νῦν μᾶλλον ἔμαθον, καὶ τίθημι δύο διχῇ ποιητικῆς εἶδει: θείαν μὲν καὶ ἀνθρωπίνην κατὰ θάτερον τμήμα, κατὰ δὲ θάτερον τὸ μὲν αὐτῶν ὄν, τὸ δὲ ὁμοιωμάτων τινῶν γέννημα.

Ξένος

τῆς τοίνυν εἰδωλουργικῆς ἀναμνησθῶμεν ὅτι τὸ μὲν εἰκαστικόν, τὸ δὲ φανταστικὸν ἔμελλεν εἶναι γένος, εἰ τὸ [266e] ψεῦδος ὄντως ὄν ψεῦδος καὶ τῶν ὄντων ἐν τι φανείῃ πεφυκός.

Θεαίτητος

ἦν γὰρ οὖν.

Ξένος

οὐκοῦν ἐφάνη τε καὶ διὰ ταῦτα δὴ καταριθμήσομεν αὐτὸ νῦν ἀναμφισβητήτως εἶδη δύο;

Θεαίτητος

ναί.

[267a] Ξένος

τὸ τοίνυν φανταστικὸν αὖθις διορίζωμεν δίχα.

Θεαίτητος

πῆ;

Ξένος

τὸ μὲν δι' ὀργάνων γιγνόμενον, τὸ δὲ αὐτοῦ παρέχοντος ἑαυτὸν ὄργανον τοῦ ποιοῦντος τὸ φάντασμα.

Θεαίτητος

πῶς φήεις;

Ξένος

ὅταν οἶμαι τὸ σὸν σχῆμά τις τῷ ἑαυτοῦ χρώμενος σώματι προσόμοιον ἢ φωνὴν φωνῇ φαίνεσθαι ποιῇ, μίμησις τοῦτο τῆς φανταστικῆς μάλιστα κέκληται πού.

Θεαίτητος

ναί.

Ξένος

μιμητικὸν δὴ τοῦτο αὐτῆς προσειπόντες ἀπονειμώμεθα: τὸ δ' ἄλλο πᾶν ἀφῶμεν μαλακισθέντες καὶ παρέντες [267b] ἐτέρῳ συναγαγεῖν τε εἰς ἓν καὶ πρέπουσαν ἐπωνυμίαν ἀποδοῦναι τιν' αὐτῷ.

Θεαίτητος

νενεμήσθω, τὸ δὲ μεθείσθω.

Ξένος

καὶ μὴν καὶ τοῦτο ἔτι διπλοῦν, ὦ Θεαίτητε, ἄξιον ἡγεῖσθαι: δι' ἃ δέ, σκόπει.

Θεαίτητος

λέγε.

Ξένος

τῶν μιμουμένων οἱ μὲν εἰδότες ὃ μιμοῦνται τοῦτο πράττουσιν, οἱ δ' οὐκ εἰδότες. καίτοι τίνα μείζω διαίρεσιν ἀγνωσίας τε καὶ γνώσεως θήσομεν;

Θεαίτητος

οὐδεμίαν.

Ξένος

οὐκοῦν τό γε ἄρτι λεχθὲν εἰδόντων ἦν μίμημα; τὸ γὰρ σὸν σχῆμα καὶ σὲ γινώσκων ἂν τις μιμήσαιο.

[267c] Θεαίτητος

πῶς δ' οὔ;

Ξένος

τί δὲ δικαιοσύνης τὸ σχῆμα καὶ ὅλης συλλήβδην ἀρετῆς; ἄρ' οὐκ ἀγνοοῦντες μὲν, δοξάζοντες δέ πη, σφόδρα ἐπιχειροῦσιν πολλοὶ τὸ δοκοῦν σφίσιν τοῦτο ὡς ἐνὸν αὐτοῖς προθυμεῖσθαι φαίνεσθαι ποιεῖν, ὅτι μάλιστα ἔργοις τε καὶ λόγοις μιμούμενοι;

Θεαίτητος

καὶ πάνυ γε πολλοί.

Ξένος

μῶν οὖν πάντες ἀποτυγχάνουσι τοῦ δοκεῖν εἶναι δίκαιοι μηδαμῶς ὄντες; ἢ τούτου πᾶν τοῦναντίον;

Θεαίτητος

πᾶν.

[267d] Ξένος

μιμητὴν δὴ τοῦτόν γε ἕτερον ἐκείνου λεκτέον οἶμαι, τὸν ἀγνοοῦντα τοῦ γινώσκοντος.

Θεαίτητος

ναί.

Ξένος

πόθεν οὖν ὄνομα ἐκατέρῳ τις αὐτῶν λήπεται πρέπον; ἢ δῆλον δὴ χαλεπὸν ὄν, διότι τῆς τῶν γενῶν κατ' εἶδη διαιρέσεως παλαιά τις, ὥς ἔοικεν, ἀργία τοῖς ἔμπροσθεν καὶ ἀσύννους παρῆν, ὥστε μηδ' ἐπιχειρεῖν μηδένα διαιρεῖσθαι: καθὸ δὴ τῶν ὀνομάτων ἀνάγκη μὴ σφόδρα εὐπορεῖν. ὅμως δέ, κἂν εἰ τολμηρότερον εἰρῆσθαι, διαγνώσεως ἕνεκα τὴν [267e] μὲν μετὰ δόξης μίμησιν δοξομιμητικὴν προσείπωμεν, τὴν δὲ μετ' ἐπιστήμης ἱστορικὴν τινα μίμησιν.

Θεαίτητος

ἔστω.

Ξένος

θατέρῳ τοίνυν χρηστέον: ὁ γὰρ σοφιστὴς οὐκ ἐν τοῖς εἰδόσιν ἦν ἀλλ' ἐν τοῖς μιμουμένοις δῆ.

Θεαίτητος

καὶ μάλα.

Ξένος

τὸν δοξομιμητὴν δὴ σκοπώμεθα ὥσπερ σίδηρον, εἴτε ὑγιὲς εἴτε διπλόην ἔτ' ἔχων τινὰ ἐστὶν ἐν αὐτῷ.

Θεαίτητος

σκοπῶμεν.

Ξένος

ἔχει τοίνυν καὶ μάλα συχνήν. ὁ μὲν γὰρ εὐήθης [268a] αὐτῶν ἐστίν, οἰόμενος εἰδέναι ταῦτα ἃ δοξάζει· τὸ δὲ θατέρου σχῆμα διὰ τὴν ἐν τοῖς λόγοις κυλίνδρῳ ἔχει πολλὴν ὑποψίαν καὶ φόβον ὥς ἀγνοεῖ ταῦτα ἃ πρὸς τοὺς ἄλλους ὥς εἰδὼς ἐσχημάτισται.

Θεαίτητος

πάνυ μὲν οὖν ἔστιν ἑκατέρου γένος ὧν εἴρηκας.

Ξένος

οὐκοῦν τὸν μὲν ἀπλοῦν μιμητὴν τινα, τὸν δὲ εἰρωνικὸν μιμητὴν θήσομεν;

Θεαίτητος

εἰκὸς γοῦν.

Ξένος

τούτου δ' αὖ τὸ γένος ἐν ἧ δύο φῶμεν;

Θεαίτητος

ὄρα σύ.

[268b] Ξένος

σκοπῶ, καὶ μοι διττῶ καταφαίνεσθόν τινε· τὸν μὲν δημοσίᾳ τε καὶ μακροῖς λόγοις πρὸς πλήθη δυνατὸν εἰρωνεύεσθαι καθορῶ, τὸν δὲ ἰδίᾳ τε καὶ βραχέσι λόγοις ἀναγκάζοντα τὸν προσδιαλεγόμενον ἐναντιολογεῖν αὐτὸν αὐτῷ.

Θεαίτητος

λέγεις ὀρθότατα.

Ξένος

τίνα οὖν ἀποφαινόμεθα τὸν μακρολογώτερον εἶναι; πότερα πολιτικὸν ἢ δημολογικόν;

Θεαίτητος

δημολογικόν.

Ξένος

τί δὲ τὸν ἕτερον ἐροῦμεν; σοφὸν ἢ σοφιστικόν;

Θεαίτητος

τὸ μὲν που σοφὸν ἀδύνατον, ἐπεὶπερ οὐκ εἰδότα [268c] αὐτὸν ἔθεμεν: μιμητὴς δ' ὢν τοῦ σοφοῦ δῆλον ὅτι παρωνύμιον αὐτοῦ τι λήγεται, καὶ σχεδὸν ἤδη μεμάθηκα ὅτι τοῦτον δεῖ προσειπεῖν ἀληθῶς αὐτὸν ἐκεῖνον τὸν παντάπασιν ὄντως σοφιστήν.

Ξένος

οὐκοῦν συνδήσομεν αὐτοῦ, καθάπερ ἔμπροσθεν, τοῦνομα συμπλέξαντες ἀπὸ τελευτῆς ἐπ' ἀρχήν;

Θεαίτητος

πάνυ μὲν οὖν.

Ξένος

τὸ δὴ τῆς ἐναντιοποιολογικῆς εἰρωνικοῦ μέρους τῆς δοξαστικῆς μιμητικόν, τοῦ φανταστικοῦ γένους ἀπὸ τῆς [268d] εἰδωλοποιικῆς οὐ θεῖον ἀλλ' ἀνθρωπικὸν τῆς ποιήσεως ἀφωρισμένον ἐν λόγοις τὸ θαυματοποιικὸν μόριον, “ταύτης τῆς γενεᾶς τε καὶ αἵματος” ὃς ἂν φῇ τὸν ὄντως σοφιστήν εἶναι, τάληθέστατα, ὥς ἔοικεν, ἐρεῖ.

Θεαίτητος

παντάπασι μὲν οὖν.

STATESMAN

Σωκράτης, Θεόδωρος, Ξένος, Σωκράτης ὁ Νεώτερος.

257a Σωκράτης: ἡ πολλὴν χάριν ὀφείλω σοι τῆς Θεαιτήτου γνωρίσεως, ὦ Θεόδωρε, ἅμα καὶ τῆς τοῦ ξένου.

Θεόδωρος: τάχα δέ [γε]}, ὦ Σώκρατες, ὀφειλήσεις ταύτης τριπλασίαν: ἐπειδὴν τὸν τε πολιτικὸν ἀπεργάσωνταί σοι καὶ τὸν φιλόσοφον.

Σωκράτης: εἶεν: οὕτω τοῦτο, ὦ φίλε Θεόδωρε, φήσομεν ἀκηκοότες εἶναι τοῦ περὶ λογισμοὺς καὶ τὰ γεωμετρικὰ κρατίστου; 257b

Θεόδωρος: πῶς, ὦ Σώκρατες;

Σωκράτης: τῶν ἀνδρῶν ἕκαστον θέντος τῆς ἴσης ἀξίας, οἱ τῇ τιμῇ πλεόν ἀλλήλων ἀφεστᾶσιν ἢ κατὰ τὴν ἀναλογίαν τὴν τῆς ὑμετέρας τέχνης.

Θεόδωρος: εὖ γε νῆ τὸν ἡμέτερον θεόν, ὦ Σώκρατες, τὸν Ἄμμωνα, καὶ δικαίως, καὶ πάνυ μὲν οὖν μνημονικῶς ἐπέπληξάς μοι τὸ περὶ τοὺς λογισμοὺς ἀμάρτημα. καὶ σὲ μὲν ἀντὶ τούτων εἰς αὐθις μέτειμι: σὺ δ' ἡμῖν, ὦ ξέने, μηδαμῶς ἀποκάμης χαριζόμενος, ἀλλ' ἐξῆς, εἴτε τὸν πολιτικὸν ἄνδρα 257c πρότερον εἴτε τὸν φιλόσοφον προαιρῇ, προελόμενος διέξελθε.

Ξένος: ταῦτ', ὦ Θεόδωρε, ποιητέον: ἐπεὶ περ ἅπαξ γε ἐγκεχειρήκαμεν, [καὶ] οὐκ ἀποστατέον πρὶν ἂν αὐτῶν πρὸς τὸ τέλος ἔλθωμεν. ἀλλὰ γὰρ περὶ Θεαιτήτου τοῦδε τί χρὴ δρᾶν με;

Θεόδωρος: τοῦ πέρι;

Ξένος: διαναπαύσωμεν αὐτὸν μεταλαβόντες αὐτοῦ τὸν συγγυμναστήν τόνδε Σωκράτη; ἢ πῶς συμβουλευεῖς;

Θεόδωρος: καθάπερ εἶπες, μεταλάμβανε: νέω γὰρ ὄντε ῥᾶον οἴσετον πάντα πόνον ἀναπαυομένω. 257d

Σωκράτης: καὶ μὴν κινδυνεύετον, ὦ ξέने, ἅμφω ποθὲν ἐμοὶ

συγγένειαν ἔχειν τινά. τὸν μὲν γε οὖν ὑμεῖς κατὰ τὴν τοῦ προσώπου φύσιν ὅμοιον ἐμοὶ φαίνεσθαι φατε, τοῦ δ' ἡμῖν ἢ 258a κλῆσις ὁμώνυμος οὕσα καὶ ἡ πρόσρησις παρέχεται τινα οἰκειότητα. δεῖ δὴ τοὺς γε συγγενεῖς ἡμᾶς ἀεὶ προθύμως διὰ λόγων ἀναγνωρίζειν. Θεαιτήτῳ μὲν οὖν αὐτός τε συνέμειξα χθὲς διὰ λόγων καὶ νῦν ἀκήκοα ἀποκρινομένου, Σωκράτους δὲ οὐδέτερα: δεῖ δὲ σκέψασθαι καὶ τοῦτον. ἐμοὶ μὲν οὖν εἰς αὐθις, σοὶ δὲ νῦν ἀποκρινέσθω.

Ξένος: ταῦτ' ἔσται. ὦ Σώκρατες, ἀκούεις δὴ Σωκράτους;

Νεώτερος Σωκράτης: ναί.

Ξένος: συγχωρεῖς οὖν οἷς λέγει;

Νεώτερος Σωκράτης: πάνυ μὲν οὖν. 258b

Ξένος: οὐ τὰ σὰ κωλύειν φαίνεται, δεῖ δὲ ἴσως ἔτι ἥττον τὰμὰ διακωλύειν. ἀλλὰ δὴ μετὰ τὸν σοφιστὴν ἀναγκαῖον, ὥς ἐμοὶ φαίνεται, πολιτικὸν [τὸν ἄνδρα]} διαζητεῖν νῶν: καί μοι λέγε πότερον τῶν ἐπιστημόνων τιν' ἡμῖν καὶ τοῦτον θετέον, ἢ πῶς;

Νεώτερος Σωκράτης: οὕτως.

Ξένος: τὰς ἐπιστήμας ἄρα διαληπτέον, ὥσπερ ἡνίκα τὸν πρότερον ἐσκοποῦμεν;

Νεώτερος Σωκράτης: τάχ' ἄν.

Ξένος: οὐ μὲν δὴ κατὰ ταυτόν γε, ὦ Σώκρατες, φαίνεται μοι τμήμα.

Νεώτερος Σωκράτης: τί μήν; 258c

Ξένος: κατ' ἄλλο.

Νεώτερος Σωκράτης: ἔοικέν γε.

Ξένος: τὴν οὖν πολιτικὴν ἀτραπὸν πῇ τις ἀνευρήσει; δεῖ γὰρ αὐτὴν ἀνευρεῖν, καὶ χωρὶς ἀφελόντας ἀπὸ τῶν ἄλλων ιδέαν αὐτῇ μίαν ἐπισφραγίσασθαι, καὶ ταῖς ἄλλαις ἐκτροπαῖς ἐν ἄλλο εἶδος ἐπισημναμένους πάσας τὰς ἐπιστήμας ὥς οὕσας δύο εἶδη διανοηθῆναι τὴν ψυχὴν ἡμῶν ποιῆσαι.

Νεώτερος Σωκράτης: τοῦτ' ἤδη σὸν οἶμαι τὸ ἔργον, ὦ ξένε, ἀλλ' οὐκ ἐμὸν γίγνεται. 258d

Ξένος: δεῖ γε μὴν, ὦ Σώκρατες, αὐτὸ εἶναι καὶ σόν, ὅταν ἐμφανὲς ἡμῖν γένηται.

Νεώτερος Σωκράτης: καλῶς εἶπες.

Ξένος: ἄρ' οὖν οὐκ ἀριθμητικὴ μὲν καὶ τινες ἕτεραι ταύτῃ συγγενεῖς τέχναι ψιλὰι τῶν πράξεων εἰσι, τὸ δὲ γινῶναι παρέσχοντο μόνον;

Νεώτερος Σωκράτης: ἔστιν οὕτως.

Ξένος: αἱ δέ γε περὶ τεκτονικὴν αὖ καὶ σύμπασαν χειρουργίαν ὥσπερ ἐν ταῖς πράξεσιν ἐνοῦσαν σύμφυτον τὴν 258e ἐπιστήμην κέκτηνται, καὶ συναποτελοῦσι τὰ γινόμενα ὑπ' αὐτῶν σώματα πρότερον οὐκ ὄντα.

Νεώτερος Σωκράτης: τί μὴν;

Ξένος: ταύτῃ τοίνυν συμπάσας ἐπιστήμας διαίρει, τὴν μὲν πρακτικὴν προσειπών, τὴν δὲ μόνον γνωστικὴν.

Νεώτερος Σωκράτης: ἔστω σοι ταῦθ' ὥς μιᾶς ἐπιστήμης τῆς ὅλης εἶδη δύο.

Ξένος: πότερον οὖν τὸν πολιτικὸν καὶ βασιλέα καὶ δεσπότην καὶ ἔτ' οἰκονόμον θήσομεν ὥς ἐν πάντα ταῦτα προσαγορεύοντες, ἢ τοσαύτας τέχνας αὐτὰς εἶναι φῶμεν ὅσαπερ ὀνόματα ἐρρήθη; μᾶλλον δέ μοι δεῦρο ἔπου.

Νεώτερος Σωκράτης: πῃ; 259a

Ξένος: τῇδε. εἴ τῷ τις τῶν δημοσιευόντων ἱατρῶν ἱκανὸς συμβουλευεῖν ἰδιωτέων αὐτός, ἄρ' οὐκ ἀναγκαῖον αὐτῷ προσαγορεύεσθαι τοῦνομα τῆς τέχνης ταῦτόν ὅπερ ὃ συμβουλεύει;

Νεώτερος Σωκράτης: ναί.

Ξένος: τί δ'; ὅστις βασιλεύοντι χώρας ἀνδρὶ παραινεῖν δεινὸς ἰδιώτης ὢν αὐτός, ἄρ' οὐ φήσομεν ἔχειν αὐτὸν τὴν ἐπιστήμην ἣν ἔδει

τὸν ἄρχοντα αὐτὸν κεκτηῖσθαι;

Νεώτερος Σωκράτης: φήσομεν. 259b

Ξένος: ἀλλὰ μὴν ἢ γε ἀληθινοῦ βασιλέως βασιλική;

Νεώτερος Σωκράτης: ναί.

Ξένος: ταύτην δὲ ὁ κεκτημένος οὐκ, ἄντε ἄρχων ἄντε ιδιώτης ὢν τυγχάνη, πάντως κατὰ γε τὴν τέχνην αὐτὴν βασιλικὸς ὀρθῶς προσρηθήσεται;

Νεώτερος Σωκράτης: δίκαιον γοῦν.

Ξένος: καὶ μὴν οἰκονόμος γε καὶ δεσπότης ταυτόν.

Νεώτερος Σωκράτης: τί μὴν;

Ξένος: τί δέ; μεγάλης σχῆμα οἰκήσεως ἢ σμικρᾶς αὖ πόλεως ὄγκος μῶν τι πρὸς ἀρχὴν διοίσειτον;

Νεώτερος Σωκράτης: οὐδέν. 259c

Ξένος: οὐκοῦν, ὃ νυνδὴ διεσκοπούμεθα, φανερόν ὥς ἐπιστήμη μία περὶ πάντ' ἐστὶ ταῦτα: ταύτην δὲ εἴτε βασιλικὴν εἴτε πολιτικὴν εἴτε οἰκονομικὴν τις ὀνομάζει, μηδὲν αὐτῷ διαφερώμεθα.

Νεώτερος Σωκράτης: τί γάρ;

Ξένος: ἀλλὰ μὴν τόδε γε δῆλον, ὥς βασιλεὺς ἅπας χερσὶ καὶ σύμπαντι τῷ σώματι σμίκρ' ἅττα εἰς τὸ κατέχειν τὴν ἀρχὴν δύναται πρὸς τὴν τῆς ψυχῆς σύνεσιν καὶ ῥώμην.

Νεώτερος Σωκράτης: δῆλον.

Ξένος: τῆς δὴ γνωστικῆς μᾶλλον ἢ τῆς χειροτεχνικῆς καὶ 259d ὅλως πρακτικῆς βούλει τὸν βασιλέα φῶμεν οἰκειότερον εἶναι;

Νεώτερος Σωκράτης: τί μὴν;

Ξένος: τὴν ἄρα πολιτικὴν καὶ πολιτικὸν καὶ βασιλικὴν καὶ βασιλικὸν εἰς ταυτὸν ὥς ἐν πάντα ταῦτα συνθήσομεν;

Νεώτερος Σωκράτης: δῆλον.

Ξένος: οὐκοῦν πορευοίμεθ' ἂν ἐξῆς, εἰ μετὰ ταῦτα τὴν γνωστικὴν διοριζοίμεθα;

Νεώτερος Σωκράτης: πάνυ γε.

Ξένος: πρόσεχε δὴ τὸν νοῦν ἂν ἄρα ἐν αὐτῇ τινα διαφυὴν κατανοήσωμεν.

Νεώτερος Σωκράτης: φράζε ποίαν. 259e

Ξένος: τοιάνδε. λογιστικὴ πού τις ἡμῖν ἦν τέχνη.

Νεώτερος Σωκράτης: ναί.

Ξένος: τῶν γνωστικῶν γε οἶμαι παντάπασι τεχνῶν.

Νεώτερος Σωκράτης: πῶς δ' οὐ;

Ξένος: γνούσῃ δὴ λογιστικῇ τὴν ἐν τοῖς ἀριθμοῖς διαφορὰν μῶν τι πλεον ἔργον δώσομεν ἢ τὰ γνωσθέντα κρίναι;

Νεώτερος Σωκράτης: τί μήν;

Ξένος: καὶ γὰρ ἀρχιτέκτων γε πᾶς οὐκ αὐτὸς ἐργατικὸς ἀλλ' ἐργατῶν ἄρχων.

Νεώτερος Σωκράτης: ναί.

Ξένος: παρεχόμενός γέ που γνῶσιν ἀλλ' οὐ χειρουργίαν.

Νεώτερος Σωκράτης: οὕτως. 260a

Ξένος: δικαίως δὴ μετέχειν ἂν λέγοιτο τῆς γνωστικῆς ἐπιστήμης.

Νεώτερος Σωκράτης: πάνυ γε.

Ξένος: τοῦτ' ὁ δὲ γε οἶμαι προσήκει κρίναντι μὴ τέλος ἔχειν μηδ' ἀπηλλάχθαι, καθάπερ ὁ λογιστὴς ἀπήλλακτο, προστάττειν δὲ ἐκάστοις τῶν ἐργατῶν τό γε πρόσφορον ἕως ἂν ἀπεργάσωνται τὸ προσταχθέν.

Νεώτερος Σωκράτης: ὀρθῶς.

Ξένος: οὐκοῦν γνωστικάι μὲν αἱ τε τοιαῦται σύμπασαι καὶ ὁπόσαι συνέπονται τῇ λογιστικῇ, κρίσει δὲ καὶ ἐπιτάξει 260b διαφέρετον ἀλλήλοιν τούτω τῷ γένει;

Νεώτερος Σωκράτης: φαίνεσθον.

Ξένος: ἄρ' οὖν συμπάσης τῆς γνωστικῆς εἰ τὸ μὲν ἐπιτακτικὸν μέρος, τὸ δὲ κριτικὸν διαιρούμενοι προσείπομεν, ἐμμελῶς ἂν φαῖμεν διηρῆσθαι;

Νεώτερος Σωκράτης: κατὰ γε τὴν ἐμὴν δόξαν.

Ξένος: ἀλλὰ μὴν τοῖς γε κοινῇ τι πράττουσιν ἀγαπητὸν ὁμονοεῖν.

Νεώτερος Σωκράτης: πῶς δ' οὐ;

Ξένος: τούτου τοίνυν μέχριπερ ἂν αὐτοὶ κοινωνῶμεν, ἐατέον τὰ γε τῶν ἄλλων δοξάσματα χαίρειν.

Νεώτερος Σωκράτης: τί μὴν; 260c

Ξένος: φέρε δὴ, τούτοις τοῖν τέχναις ἡμῖν τὸν βασιλικὸν ἐν ποτέρᾳ θετέον; ἄρ' ἐν τῇ κριτικῇ, καθάπερ τινὰ θεατὴν, ἢ μᾶλλον τῆς ἐπιτακτικῆς ὥς ὄντα αὐτὸν τέχνης θήσομεν, δεσπόζοντά γε;

Νεώτερος Σωκράτης: πῶς γὰρ οὐ μᾶλλον;

Ξένος: τὴν ἐπιτακτικὴν δὴ τέχνην πάλιν ἂν εἴη θεατέον εἴ πη διέστηκεν. καὶ μοι δοκεῖ τῇδὲ πη, καθάπερ ἡ τῶν καπῆλων τέχνη τῆς τῶν αὐτοπωλῶν διώρισταί τε τέχνης, καὶ 260d τὸ βασιλικὸν γένος ἔοικεν ἀπὸ τοῦ τῶν κηρυκῶν γένους ἀφωρίσθαι.

Νεώτερος Σωκράτης: πῶς;

Ξένος: πωληθέντα που πρότερον ἔργα ἀλλότρια παραδεχόμενοι δεύτερον πωλοῦσι πάλιν οἱ κάπηλοι.

Νεώτερος Σωκράτης: πάνυ μὲν οὖν.

Ξένος: οὐκοῦν καὶ τὸ κηρυκικὸν φύλον ἐπιταχθέντ' ἀλλότρια

νοήματα παραδεχόμενον αὐτὸ δεύτερον ἐπιτάττει πάλιν ἐτέροις.

Νεώτερος Σωκράτης: ἀληθέστατα.

Ξένος: τί οὖν; εἰς ταὐτὸν μείζομεν βασιλικὴν ἐρμηνευτικῇ, 260e κελευστικῇ, μαντικῇ, κηρυκικῇ, καὶ πολλαῖς ἐτέραις τούτων τέχναις συγγενέσιν, αἱ σύμπασαι τό γ' ἐπιτάττειν ἔχουσιν; ἢ βούλει, καθάπερ ἠκάζομεν νυνδὴ, καὶ τοῦνομα παρεικάσωμεν, ἐπειδὴ καὶ σχεδὸν ἀνώνυμον ὄν τυγχάνει τὸ τῶν αὐτεπιτακτῶν γένος, καὶ ταύτη ταῦτα διελώμεθα, τὸ μὲν τῶν βασιλέων γένος εἰς τὴν αὐτεπιτακτικὴν θέντες, τοῦ δὲ ἄλλου παντὸς ἀμελήσαντες, ὄνομα ἕτερον αὐτοῖς παραχωρήσαντες θέσθαι τινά; τοῦ γὰρ ἄρχοντος ἔνεκα ἡμῖν ἡ μέθοδος ἦν 261a ἀλλ' οὐχὶ τοῦ ἐναντίου.

Νεώτερος Σωκράτης: πάνυ μὲν οὖν.

Ξένος: οὐκοῦν ἐπειδὴ τοῦτο μετρίως ἀφέστηκεν ἀπ' ἐκείνων, ἀλλοτριότητι διορισθὲν πρὸς οἰκειότητα, τοῦτο αὐτὸ πάλιν αὐ̐ διαιρεῖν ἀναγκαῖον, εἴ τινα τομὴν ἔτι ἔχομεν ὑπέικουσιν ἐν τούτῳ;

Νεώτερος Σωκράτης: πάνυ γε.

Ξένος: καὶ μὴν φαινόμεθα ἔχειν: ἀλλ' ἐπακολουθῶν σύντεμνε.

Νεώτερος Σωκράτης: πῃ;

Ξένος: πάντας ὁπόσους ἂν ἄρχοντας διανοηθῶμεν ἐπιτάξει 261b προσχρωμένους ἄρ' οὐχ εὐρήσομεν γενέσεώς τινος ἔνεκα προστάττοντας;

Νεώτερος Σωκράτης: πῶς δ' οὔ;

Ξένος: καὶ μὴν τά γε γινόμενα πάντα δίχα διαλαβεῖν οὐ παντάπασι χαλεπὸν.

Νεώτερος Σωκράτης: πῃ;

Ξένος: τὰ μὲν ἄψυχα αὐτῶν ἐστὶ που συμπάντων, τὰ δ' ἔμψυχα.

Νεώτερος Σωκράτης: ναί.

Ξένος: τούτοις δέ γε αὐτοῖς τὸ τοῦ γνωστικοῦ μέρος ἐπιτακτικὸν ὄν,

εἴπερ βουλόμεθα τέμνειν, τεμοῦμεν.

Νεώτερος Σωκράτης: κατὰ τί;

Ξένος: τὸ μὲν ἐπὶ ταῖς τῶν ἀψύχων γενέσεσιν αὐτοῦ τάττοντες, 261c
τὸ δ' ἐπὶ <ταῖς> τῶν ἐμψύχων: καὶ πᾶν οὕτως ἤδη διαιρήσεται δίχα.

Νεώτερος Σωκράτης: παντάπασί γε.

Ξένος: τὸ μὲν τοίνυν αὐτῶν παραλίπωμεν, τὸ δ' ἀναλάβωμεν,
ἀναλαβόντες δὲ μερισώμεθα εἰς δύο τὸ σύμπαν.

Νεώτερος Σωκράτης: λέγεις δ' αὐτοῖν ἀναληπτέον εἶναι πότερον;

Ξένος: πάντως που τὸ περὶ τὰ ζῶα ἐπιτακτικόν. οὐ γὰρ δὴ τό γε τῆς
βασιλικῆς ἐπιστήμης ἐστὶ ποτε τῶν ἀψύχων ἐπιστατοῦν, οἷον
ἀρχιτεκτονικόν, ἀλλὰ γενναιότερον, ἐν τοῖς 261d ζώοις καὶ περὶ αὐτὰ
ταῦτα τὴν δύναμιν ἀεὶ κεκτημένον.

Νεώτερος Σωκράτης: ὀρθῶς.

Ξένος: τὴν γε μὴν τῶν ζώων γένεσιν καὶ τροφὴν τὴν μὲν τις ἂν ἴδοι
μονοτροφίαν οὔσαν, τὴν δὲ κοινήν τῶν ἐν ταῖς ἀγέλαις θρεμμάτων
ἐπιμέλειαν.

Νεώτερος Σωκράτης: ὀρθῶς.

Ξένος: ἀλλ' οὐ μὴν τόν γε πολιτικὸν εὐρήσομεν ἰδιοτρόφον, ὥσπερ
βοηλάτην ἢ τινα ἵπποκόμον, ἀλλ' ἵπποφορβῶ τε καὶ βουφορβῶ
μᾶλλον προσεοικότα.

Νεώτερος Σωκράτης: φαίνεται γε δὴ ῥηθὲν νῦν. 261e

Ξένος: πότερον οὖν τῆς ζωοτροφίας τὴν τῶν συμπόλλων κοινήν
τροφὴν ἀγγελαιοτροφίαν ἢ κοινοτροφικὴν τινα ὀνομάζομεν;

Νεώτερος Σωκράτης: ὁπότερον ἂν ἐν τῷ λόγῳ συμβαίη.

Ξένος: καλῶς γε, ὃ Σώκρατες: κἂν διαφυλάξης τὸ μὴ σπουδάζειν ἐπὶ
τοῖς ὀνόμασιν, πλουσιώτερος εἰς τὸ γῆρας ἀναφανήσῃ φρονήσεως.
νῦν δὲ τοῦτο μὲν, καθάπερ διακελεύῃ, ποιητέον: τὴν δὲ
ἀγγελαιοτροφικὴν ἄρ' ἐννοεῖς πῇ 262a τις δίδυμον ἀποφίνας τὸ

ζητούμενον ἐν διπλασίοισι τὰ νῦν ἐν τοῖς ἡμίσεσιν εἰς τότε ποιήσει
ζητεῖσθαι;

Νεώτερος Σωκράτης: προθυμήσομαι. καί μοι δοκεῖ τῶν μὲν
ἀνθρώπων ἑτέρα τις εἶναι, τῶν δ' αὖ θηρίων ἄλλη τροφή.

Ξένος: παντάπασί γε προθυμότατα καὶ ἀνδρειότατα διήρησαι: μὴ
μέντοι τοῦτό γε εἰς αὐθις κατὰ δύναμιν πάσχωμεν.

Νεώτερος Σωκράτης: τὸ ποῖον;

Ξένος: μὴ σμικρὸν μόριον ἐν πρὸς μέγала καὶ πολλὰ 262b
ἀφαιρῶμεν, μηδὲ εἶδους χωρίς: ἀλλὰ τὸ μέρος ἅμα εἶδος ἐχέτω.
κάλλιστον μὲν γὰρ ἀπὸ τῶν ἄλλων εὐθὺς διαχωρίζειν τὸ ζητούμενον,
ἂν ὀρθῶς ἔχη, καθάπερ ὀλίγον σὺ πρότερον οἰηθεὶς ἔχειν τὴν
διαίρεσιν ἐπέσπευσας τὸν λόγον, ἰδὼν ἐπ' ἀνθρώπους πορευόμενον:
ἀλλὰ γάρ, ὦ φίλε, λεπτοურγεῖν οὐκ ἀσφαλές, διὰ μέσων δὲ
ἀσφαλέστερον ἰέναι τέμνοντας, καὶ μᾶλλον ιδέαις ἂν τις
προστυγχάνοι. τοῦτο δὲ διαφέρει τὸ 262c πᾶν πρὸς τὰς ζητήσεις.

Νεώτερος Σωκράτης: πῶς, ὦ ξέने, λέγεις τοῦτο;

Ξένος: πειρατέον ἔτι σαφέστερον φράζειν εὐνοία τῆς σῆς φύσεως, ὃ
Σώκρατες. ἐν τῷ μὲν οὖν παρεστηκότι τὰ νῦν δηλῶσαι μηδὲν ἐνδεῶς
ἀδύνατον: ἐπιχειρητέον δέ τι καὶ σμικρῷ πλέον αὐτὸ προαγαγεῖν εἰς
τὸ πρόσθεν σαφηνείας ἕνεκα.

Νεώτερος Σωκράτης: ποῖον οὖν δὴ φράζεις διαιρουμένους ἡμᾶς
οὐκ ὀρθῶς ἄρτι δρᾶν;

Ξένος: τοιόνδε, οἷον εἴ τις τὰνθρώπινον ἐπιχειρήσας δίχα 262d
διελέσθαι γένος διαιροῖ καθάπερ οἱ πολλοὶ τῶν ἐνθάδε διανέμουσι,
τὸ μὲν Ἑλληνικὸν ὥς ἐν ἀπὸ πάντων ἀφαιροῦντες χωρίς, σύμπασι δὲ
τοῖς ἄλλοις γένεσιν, ἀπείροις οὖσι καὶ ἀμείκτοις καὶ ἀσυμφώνοις

Νεώτερος Σωκράτης: ὀρθότατα: ἀλλὰ γὰρ τοῦτο αὐτό, ὃ ξένε, πῶς ἂν τις γένος καὶ μέρος ἐναργέστερον γνοίῃ, ὥς οὐ ταῦτόν ἐστιν ἀλλ' ἕτερον ἀλλήλοιν;

Ξένος: ὃ βέλτιστε ἀνδρῶν, οὐ φαῦλον προστάτεις, Σώκρατες. ἡμεῖς μὲν καὶ νῦν μακροτέραν τοῦ δέοντος ἀπὸ τοῦ προτεθέντος λόγου πεπλανήμεθα, σὺ δὲ ἔτι πλέον ἡμᾶς κελεύεις πλανηθῆναι. νῦν μὲν οὖν, ὥσπερ εἰκός, ἐπανίωμεν 263b πάλιν: ταῦτα δὲ εἰς αὖθις κατὰ σχολὴν καθάπερ ἰχνεύοντες μέτιμεν. οὐ μὴν ἀλλὰ τοῦτό γε αὖ παντάπασι φύλαξαι, μή ποτε παρ' ἐμοῦ δόξης αὐτὸ ἐναργῶς διωρισμένον ἀκηκοέναι.

Νεώτερος Σωκράτης: τὸ ποῖον;

Ξένος: εἰδός τε καὶ μέρος ἕτερον ἀλλήλων εἶναι.

Νεώτερος Σωκράτης: τί μήν;

Ξένος: ὥς εἶδος μὲν ὅταν ᾗ του, καὶ μέρος αὐτὸ ἀναγκαῖον εἶναι τοῦ πράγματος ὅτουπερ ἂν εἶδος λέγεται: μέρος δὲ εἶδος οὐδεμία ἀνάγκη. ταύτη με ἢ 'κεῖνη μᾶλλον, ὃ Σώκρατες, ἀεὶ φάθι λέγειν.

Νεώτερος Σωκράτης: ταῦτ' ἔσται. 263c

Ξένος: φράσον δὴ μοι τὸ μετὰ τοῦτο.

Νεώτερος Σωκράτης: ποῖον;

Ξένος: τὸ τῆς ἀποπλανήσεως ὁπόθεν ἡμᾶς δεῦρ' ἤγαγεν. οἶμαι μὲν γὰρ μάλιστα, ὅθεν ἐρωτηθεὶς σὺ τὴν ἀγγελαιοτροφίαν ὅπῃ διαιρετέον εἶπες μάλα προθύμως δύ' εἶναι ζώων γένη, τὸ μὲν ἀνθρώπινον, ἕτερον δὲ τῶν ἄλλων συμπάντων θηρίων ἓν.

Νεώτερος Σωκράτης: ἀληθῆ.

Ξένος: καὶ ἔμοιγε δὴ τότε' ἐφάνης μέρος ἀφαιρῶν ἡγεῖσθαι

καταλιπεῖν τὸ λοιπὸν αὐτῷ πάντων γένος ἓν, ὅτι πᾶσι ταῦτον 263d ἐπονομάζειν ἔσχατος ὄνομα, θηρία καλέσας.

Νεώτερος Σωκράτης: ἦν καὶ ταῦτα οὕτως.

Ξένος: τὸ δέ γε, ὦ πάντων ἀνδρειότατε, τάχ' ἂν, εἴ που φρόνιμόν ἐστὶ τι ζῷον ἕτερον, οἷον δοκεῖ τὸ τῶν γεράνων, ἢ τι τοιοῦτον ἄλλο, ὃ κατὰ ταῦτα ἴσως διονομάζει καθάπερ καὶ σύ, γεράνους μὲν ἓν γένος ἀντιτιθὲν τοῖς ἄλλοις ζώοις καὶ σεμνῦνον αὐτὸ ἑαυτό, τὰ δὲ ἄλλα μετὰ τῶν ἀνθρώπων συλλαβὸν εἰς ταῦτ' οὐδὲν ἄλλο πλὴν ἴσως θηρία προσείποι. 263e πειραθῶμεν οὖν ἡμεῖς ἐξευλαβεῖσθαι πάνθ' ὅποσα τοιαῦτα.

Νεώτερος Σωκράτης: πῶς;

Ξένος: μὴ πᾶν τὸ τῶν ζώων γένος διαιρούμενοι, ἵνα ἡττον αὐτὰ πάσχωμεν.

Νεώτερος Σωκράτης: οὐδὲν γὰρ δεῖ.

Ξένος: καὶ γὰρ οὖν καὶ τότε ἡμαρτάνετο ταύτη.

Νεώτερος Σωκράτης: τί δή;

Ξένος: τῆς γνωστικῆς ὅσον ἐπιτακτικὸν ἡμῖν μέρος ἦν που τοῦ ζωοτροφικοῦ γένους, ἀγελαίων μὴν ζώων. ἢ γάρ;

Νεώτερος Σωκράτης: ναί. 264a

Ξένος: διήρητο τοίνυν ἤδη καὶ τότε σύμπαν τὸ ζῷον τῷ τιθασῶ καὶ ἀγρίῳ. τὰ μὲν γὰρ ἔχοντα τιθασεύεσθαι φύσιν ἡμεῖς προσείρηται, τὰ δὲ μὴ θέλοντα ἄγρια.

Νεώτερος Σωκράτης: καλῶς.

Ξένος: ἦν δέ γε θηρεύομεν ἐπιστήμην, ἐν τοῖς ἡμέροις ἦν τε καὶ ἔστιν, ἐπὶ τοῖς ἀγελαίοις μὴν ζητητέα θρέμμασιν.

Νεώτερος Σωκράτης: ναί.

Ξένος: μὴ τοίνυν διαιρώμεθα ὥσπερ τότε πρὸς ἅπαντα ἀποβλέψαντες, μηδὲ σπεύσαντες, ἵνα δὴ ταχὺ γενώμεθα 264b πρὸς

τῇ πολιτικῇ. πεποίηκε γὰρ ἡμᾶς καὶ νῦν παθεῖν τὸ κατὰ τὴν παροιμίαν πάθος.

Νεώτερος Σωκράτης: ποῖον;

Ξένος: οὐχ ἡσύχους εὖ διαιροῦντας ἡνυκέναι βραδύτερον.

Νεώτερος Σωκράτης: καὶ καλῶς γε, ὦ ξέने, πεποίηκε.

Ξένος: ταῦτ' ἔστω. πάλιν δ' οὖν ἐξ ἀρχῆς τὴν κοινοτροφικὴν πειρώμεθα διαιρεῖν: ἴσως γὰρ καὶ τοῦτο ὃ σὺ προθυμῇ διαπεραινόμενος ὁ λόγος αὐτός σοι κάλλιον μηνύσει. καί μοι φράζε.

Νεώτερος Σωκράτης: ποῖον δῆ;

Ξένος: τόδε, εἴ τινων πολλάκις ἄρα διακήκοας: οὐ γὰρ δὴ 264c προστυχῆς γε αὐτὸς οἶδ' ὅτι γέγονας ταῖς ἐν τῷ Νείλῳ τιθασειαῖς τῶν ἰχθύων καὶ τῶν ἐν ταῖς βασιλικαῖς λίμναις. ἐν μὲν γὰρ κρήναις τάχ' ἂν ἴσως εἴης ἡσθημένος.

Νεώτερος Σωκράτης: πάνυ μὲν οὖν καὶ ταῦτα τεθέαμαι κάκεῖνα πολλῶν ἀκήκοα.

Ξένος: καὶ μὴν χηνοβοτίας γε καὶ γερανοβοτίας, εἰ καὶ μὴ πεπλάνησαι περὶ τὰ Θετταλικά πεδία, πέπυσαι γοῦν καὶ πιστεύεις εἶναι.

Νεώτερος Σωκράτης: τί μήν; 264d

Ξένος: τοῦδ' ἕνεκά τοι πάντα ἠρώτησα ταῦτα, διότι τῆς τῶν ἀγελαίων τροφῆς ἔστι μὲν ἔνυδρον, ἔστι δὲ καὶ ξηροβατικόν.

Νεώτερος Σωκράτης: ἔστι γὰρ οὖν.

Ξένος: ἄρ' οὖν καὶ σοὶ συνδοκεῖ ταύτη δεῖν διχάζειν τὴν κοινοτροφικὴν ἐπιστήμην, ἐφ' ἑκατέρῳ τούτων τὸ μέρος αὐτῆς ἐπινέμοντας ἑκάτερον, τὸ μὲν ἔτερον ὑγροτροφικὸν ὀνομάζοντα, τὸ δ' ἔτερον ξηροτροφικόν;

Νεώτερος Σωκράτης: ἔμοιγε.

Ξένος: καὶ μὴν καὶ τὸ βασιλικὸν οὕτως οὐ ζητήσομεν 264e ὁποτέρας

ἐστὶ τῆς τέχνης· δῆλον [δὴ] γὰρ παντί.

Νεώτερος Σωκράτης: πῶς δ' οὐ;

Ξένος: πᾶς μὲν δὴ τό γε ξηροτροφικὸν τῆς ἀγγελαιοτροφίας διέλοιτ' ἂν φύλον.

Νεώτερος Σωκράτης: πῶς;

Ξένος: τῷ πτηνῷ τε καὶ πεζῷ διορισάμενος.

Νεώτερος Σωκράτης: ἀληθέστατα.

Ξένος: τί δέ; τὸ πολιτικὸν ἢ περὶ τὸ πεζὸν ζηητέον; ἢ οὐκ οἶει καὶ τὸν ἀφρονέστατον ὥς ἔπος εἰπεῖν δοξάζειν οὕτως;

Νεώτερος Σωκράτης: ἔγωγε.

Ξένος: τὴν δὲ πεζονομικὴν, καθάπερ ἄρτι τὸν ἀριθμόν, δεῖ τεμνομένην δίχα ἀποφαίνειν.

Νεώτερος Σωκράτης: δῆλον. 265a

Ξένος: καὶ μὴν ἐφ' ὃ γε μέρος ὥρμηκεν ἡμῖν ὁ λόγος, ἐπ' ἐκεῖνο δύο τινὲ καθορᾶν ὁδῶ τεταμένα φαίνεται, τὴν μὲν θάπτω, πρὸς μέγα μέρος σμικρὸν διαιρουμένην, τὴν δέ, ὅπερ ἐν τῷ πρόσθεν ἐλέγομεν ὅτι δεῖ μεσοτομεῖν ὥς μάλιστα, τοῦτ' ἔχουσιν μᾶλλον, μακροτέραν γε μὴν. ἔξεστιν οὖν ὁποτέραν ἂν βουλευθῶμεν, ταύτην πορευθῆναι.

Νεώτερος Σωκράτης: τί δέ; ἀμφοτέρας ἀδύνατον;

Ξένος: ἅμα γ', ὃ θαυμαστέ· ἐν μέρει γε μὴν δῆλον ὅτι δυνατόν. 265b

Νεώτερος Σωκράτης: ἐν μέρει τοίνυν ἔγωγε ἀμφοτέρας αἰροῦμαι.

Ξένος: ῥάδιον, ἐπειδὴ τὸ λοιπὸν βραχύ· κατ' ἀρχὰς μὴν καὶ μεσοῦσιν ἅμα τῆς πορείας χαλεπὸν ἂν ἦν ἡμῖν τὸ πρόσταγμα. νῦν δ', ἐπειδὴ δοκεῖ ταύτῃ, τὴν μακροτέραν πρότερον ἴωμεν· νεαλέστεροι γὰρ ὄντες ῥᾶον αὐτὴν πορευσόμεθα. τὴν δὲ δὴ διαίρεσιν ὅρα.

Νεώτερος Σωκράτης: λέγε.

Ξένος: τὰ πεζὰ ἡμῖν τῶν ἡμέρων, ὅσαπερ ἀγελαῖα, διηρημένα ἐστὶ

φύσει δίχα.

Νεώτερος Σωκράτης: τίνι;

Ξένος: τῷ τῶν μὲν τὴν γένεσιν ἄκερων εἶναι, τῶν δὲ κερασφόρον.
265c

Νεώτερος Σωκράτης: φαίνεται.

Ξένος: τὴν δὴ πεζονομικὴν διελὼν ἀπόδος ἑκατέρῳ τῷ μέρει λόγῳ χρώμενος. ἂν γὰρ ὀνομάζειν αὐτὰ βουλευθῆς, ἔσται σοι περιπεπλεγμένον μᾶλλον τοῦ δέοντος.

Νεώτερος Σωκράτης: πῶς οὖν χρή λέγειν;

Ξένος: ὧδε: τῆς πεζονομικῆς ἐπιστήμης δίχα διαιρεθείσης τὸ μόριον θάτερον ἐπὶ τῷ κερασφόρῳ μέρει τῷ τῆς ἀγέλης ἐπιτετάχθαι, τὸ δὲ ἕτερον ἐπὶ τῷ τῆς ἀκεράτου. 265d

Νεώτερος Σωκράτης: ταῦτ' ἔστω ταύτη λεχθέντα: πάντως γὰρ ἱκανῶς δεδήλωται.

Ξένος: καὶ μὴν ὃ γε βασιλεὺς ἡμῖν αὖ καταφανὴς ὅτι κολοβὸν ἀγέλην τινὰ κεράτων νομεύει.

Νεώτερος Σωκράτης: πῶς γὰρ οὐ δηλός;

Ξένος: ταύτην τοίνυν καταθραύσαντες τὸ γιγνόμενον αὐτῷ πειρώμεθα ἀποδοῦναι.

Νεώτερος Σωκράτης: πάνυ γε.

Ξένος: πότερον οὖν βούλει τῷ σχιστῷ τε καὶ τῷ καλουμένῳ μώνυχι διαιρεῖν αὐτὴν ἢ τῇ κοινογονίᾳ τε καὶ ἰδιογονίᾳ; μανθάνεις γάρ που.

Νεώτερος Σωκράτης: τὸ ποῖον; 265e

Ξένος: ὅτι τὸ μὲν τῶν ἵππων καὶ ὄνων πέφυκεν ἐξ ἀλλήλων γεννᾶν.

Νεώτερος Σωκράτης: ναί.

Ξένος: τὸ δέ γε λοιπὸν ἔτι τῆς λείας ἀγέλης τῶν ἡμέρων ἀμιγῆς γένει πρὸς ἄλληλα.

Νεώτερος Σωκράτης: πῶς δ' οὐ;

Ξένος: τί δ'; ὁ πολιτικὸς ἄρ' ἐπιμέλειαν ἔχειν φαίνεται πότερα κοινογενοῦς φύσεως ἢ τινος ἰδιογενοῦς;

Νεώτερος Σωκράτης: δῆλον ὅτι τῆς ἀμείκτου.

Ξένος: ταύτην δὴ δεῖ καθάπερ τὰ ἔμπροσθεν, ὥς ἔοικεν, ἡμᾶς δίχα διαστελλεῖν.

Νεώτερος Σωκράτης: δεῖ γὰρ οὖν. 266a

Ξένος: καὶ μὴν τό γε ζῶον, ὅσον ἡμερον καὶ ἀγελαῖον, σχεδὸν πλήν γενοῖν δυοῖν πᾶν ἤδη κατακεκερμάτισται. τὸ γὰρ τῶν κυνῶν οὐκ ἐπάξιον καταριθμεῖν γένος ὥς ἐν ἀγελαίοις θρέμμασιν.

Νεώτερος Σωκράτης: οὐ γὰρ οὖν. ἀλλὰ τίνι δὴ τὸ δύο διαιροῦμεν;

Ξένος: ὥπερ καὶ δίκαιόν γε Θεαίτητόν τε καὶ σὲ διανέμειν, ἐπειδὴ καὶ γεωμετρίας ἄπτεσθον.

Νεώτερος Σωκράτης: τῷ;

Ξένος: τῇ διαμέτρῳ δήπου καὶ πάλιν τῇ τῆς διαμέτρου διαμέτρῳ.

Νεώτερος Σωκράτης: πῶς εἶπες; 266b

Ξένος: ἡ φύσις, ἣν τὸ γένος ἡμῶν τῶν ἀνθρώπων κέκτεται, μὴν ἄλλως πῶς εἰς τὴν πορείαν πέφυκεν ἢ καθάπερ ἡ διάμετρος ἡ δυνάμει δίπους;

Νεώτερος Σωκράτης: οὐκ ἄλλως.

Ξένος: καὶ μὴν ἢ γε τοῦ λοιποῦ γένους πάλιν ἐστὶ κατὰ δύναμιν αὖ τῆς ἡμετέρας δυνάμεως διάμετρος, εἴπερ δυοῖν γέ ἐστι ποδοῖν δις πεφυκυῖα.

Νεώτερος Σωκράτης: πῶς δ' οὐκ ἔστι; καὶ δὴ καὶ σχεδὸν ὁ βούλει δηλοῦν μανθάνω.

Ξένος: πρὸς δὴ τούτοις ἕτερον αὖ τι τῶν πρὸς γέλωτα 266c εὐδοκιμησάντων ἄν, ὃ Σώκρατες, ἄρα καθορῶμεν ἡμῖν γεγονὸς ἐν

τοῖς διηρημένοις;

Νεώτερος Σωκράτης: τὸ ποῖον;

Ξένος: τάνθρώπινον ἡμῶν ἅμα γένος συνειληχὸς καὶ συνδεδραμηκὸς γένει τῷ τῶν ὄντων γενναιοτάτῳ καὶ ἅμα εὐχερεστάτῳ.

Νεώτερος Σωκράτης: καθορῶ καὶ μάλ' ἀτόπως συμβαῖνον.

Ξένος: τί δ'; οὐκ εἰκὸς ὕστατα ἀφικνεῖσθαι τὰ βραδύτατα;

Νεώτερος Σωκράτης: ναί, τοῦτό γε.

Ξένος: τόδε δὲ οὐκ ἐννοοῦμεν, ὥς ἔτι γελοióτερος ὁ βασιλεὺς φαίνεται μετὰ τῆς ἀγέλης συνδιαθέων καὶ σύνδρομα 266d πεπορευμένος τῷ τῶν ἀνδρῶν αὖ πρὸς τὸν εὐχερῆ βίον ἄριστα γεγυμνασμένῳ;

Νεώτερος Σωκράτης: παντάπασι μὲν οὖν.

Ξένος: νῦν γάρ, ὦ Σώκρατες, ἐκεῖνό ἐστι καταφανὲς μᾶλλον τὸ ῥηθὲν τότε' ἐν τῇ περὶ τὸν σοφιστὴν ζητήσῃ.

Νεώτερος Σωκράτης: τὸ ποῖον;

Ξένος: ὅτι τῇ τοιαύτῃ μεθόδῳ τῶν λόγων οὔτε σεμνοτέρου μᾶλλον ἐμέλησεν ἢ μή, τὸν τε σμικρότερον οὐδὲν ἡτίμακε πρὸ τοῦ μείζονος, αἰεὶ δὲ καθ' αὐτὴν περαίνει τάληθέστατον.

Νεώτερος Σωκράτης: ἔοικεν.

Ξένος: οὐκοῦν μετὰ τοῦτο, ἵνα μή με φθῆς ἐρωτήσας τὴν 266e βραχυτέραν ὁδὸν ἣτις τότε ἦν ἐπὶ τὸν τοῦ βασιλέως ὅρον, αὐτός σοι πρότερον ἔλθω;

Νεώτερος Σωκράτης: σφόδρα γε.

Ξένος: λέγω δὴ δεῖν τότε εὐθὺς τὸ πεζὸν τῷ δίποδι πρὸς τὸ τετράπου γένος διανεῖμαι, κατιδόντα δὲ τάνθρώπινον ἔτι μόνῳ τῷ πτηνῷ συνειληχὸς τὴν δίποδα ἀγέλην πάλιν τῷ ψιλῷ καὶ τῷ πτεροφυεῖ τέμνειν, τμηθείσης δὲ αὐτῆς καὶ τότε' ἤδη τῆς

ἀνθρωπονομικῆς δηλωθείσης τέχνης, φέροντα τὸν πολιτικὸν καὶ βασιλικὸν οἶον ἡνίοχον εἰς αὐτὴν ἐνστήσαντα, παραδοῦναι τὰς τῆς πόλεως ἡνίας ὡς οἰκείας καὶ αὐτῷ ταύτης οὔσης τῆς ἐπιστήμης. 267a

Νεώτερος Σωκράτης: καλῶς καὶ καθαπερεὶ χρέος ἀπέδωκάς μοι τὸν λόγον, προσθεῖς τὴν ἐκτροπὴν οἶον τόκον καὶ ἀναπληρώσας αὐτόν.

Ξένος: φέρε δὴ καὶ συνείρωμεν ἐπανελθόντες ἐπὶ τὴν ἀρχὴν μέχρι τῆς τελευταίας τὸν λόγον τοῦ ὀνόματος τῆς τοῦ πολιτικοῦ τέχνης.

Νεώτερος Σωκράτης: πάνυ μὲν οὖν.

Ξένος: τῆς γνωστικῆς τοίνυν ἐπιστήμης ἡμῖν ἦν κατ' ἀρχὰς μέρος ἐπιτακτικόν: τοῦτου δὲ ἀπεικασθὲν τὸ μόριον αὐτεπιτακτικόν 267b ἐρρήθη. ζωοτροφικὴ δὲ πάλιν αὐτεπιτακτικῆς οὐ τὸ σμικρότατον τῶν γενῶν ἀπεσχίζετο: καὶ ζωοτροφικῆς εἶδος ἀγγελαιοτροφικόν, ἀγγελαιοτροφικοῦ δ' αὖ πεζονομικόν: τοῦ δὲ πεζονομικοῦ μάλιστα ἀπετέμενετο τέχνη τῆς ἀκεράτου φύσεως θρεπτική. ταύτης δ' αὖ τὸ μέρος οὐκ ἔλαττον τριπλοῦν συμπλέκειν ἀναγκαῖον, ἂν εἰς ἓν τις αὐτὸ ὄνομα συναγαγεῖν βουληθῇ, γενέσεως ἀμείκτου νομευτικὴν ἐπιστήμην προσαγορεύων. 267c τὸ δ' ἀπὸ τοῦτου τμήμα, ἐπὶ ποίμνῃ δίποδι μέρος ἀνθρωπονομικὸν ἔτι λειφθὲν μόνον, τοῦτ' αὐτὸ ἐστὶν ἤδη τὸ ζητηθέν, ἅμα βασιλικὸν ταυτόν κληθὲν καὶ πολιτικόν.

Νεώτερος Σωκράτης: παντάπασιν μὲν οὖν.

Ξένος: ἄρα γ', ὦ Σώκρατες, ἀληθῶς ἡμῖν τοῦτο καθάπερ σὺ νῦν εἴρηκας οὕτως ἐστὶ καὶ πεπραγμένον;

Νεώτερος Σωκράτης: τὸ ποῖον δὴ;

Ξένος: τὸ παντάπασιν ἱκανῶς εἰρῆσθαι τὸ προτεθέν; ἢ τοῦτ' αὐτὸ καὶ μάλιστα ἡ ζήτησις ἐλλείπει, τὸ τὸν λόγον 267d εἰρῆσθαι μὲν πως, οὐ μὴν παντάπασί γε τελέως ἀπειργάσθαι;

Νεώτερος Σωκράτης: πῶς εἴπεις;

Ξένος: ἐγὼ νῦν πειράσομαι τοῦτ' αὐτὸ ὁ διανοοῦμαι νῦν ἔτι μᾶλλον δηλῶσαι.

Νεώτερος Σωκράτης: λέγοις ἄν.

Ξένος: οὐκοῦν τῶν νομευτικῶν ἡμῖν πολλῶν φανεισῶν ἄρτι τεχνῶν μία τις ἦν ἡ πολιτικὴ καὶ μιᾶς τινος ἀγέλης ἐπιμέλεια;

Νεώτερος Σωκράτης: ναί.

Ξένος: ταύτην δέ γε διώριζεν ὁ λόγος οὐχ ἵππων εἶναι τροφὸν οὐδ' ἄλλων θηρίων, ἀλλ' ἀνθρώπων κοινοτροφικὴν ἐπιστήμην.

Νεώτερος Σωκράτης: οὕτως. 267e

Ξένος: τὸ δὴ τῶν νομέων πάντων διάφορον καὶ τὸ τῶν βασιλέων θεασώμεθα.

Νεώτερος Σωκράτης: τὸ ποῖον;

Ξένος: εἴ τις τῶν ἄλλων τῶ, τέχνης ἄλλης ὄνομα ἔχων, κοινῇ τῆς ἀγέλης σύντροφος εἶναι φησι καὶ προσποιεῖται.

Νεώτερος Σωκράτης: πῶς φῆς;

Ξένος: οἷον οἱ ἔμποροι καὶ γεωργοὶ καὶ σιτουργοὶ πάντες, καὶ πρὸς τούτοις γυμναστὰι καὶ τὸ τῶν ἱατρῶν γένος, οἷσθ' ὅτι τοῖς περὶ τὰ ἀνθρώπινα νομεῦσιν, οὓς πολιτικοὺς ἐκαλέσαμεν, 268a παντάπασι τῷ λόγῳ διαμάχονται ἂν οὗτοι σύμπαντες, ὥς σφεῖς τῆς τροφῆς ἐπιμελοῦνται τῆς ἀνθρωπίνης, οὐ μόνον ἀγελαίων ἀνθρώπων ἀλλὰ καὶ τῆς τῶν ἀρχόντων αὐτῶν;

Νεώτερος Σωκράτης: οὐκοῦν ὀρθῶς ἂν λέγοιεν;

Ξένος: ἴσως. καὶ τοῦτο μὲν ἐπισκεψόμεθα, τόδε δὲ ἴσμεν, ὅτι βουκόλῳ γε οὐδεὶς ἀμφισβητήσει περὶ τούτων οὐδενός, ἀλλ' αὐτὸς τῆς ἀγέλης τροφὸς ὁ βουφορβός, αὐτὸς ἱατρός, αὐτὸς οἷον νυμφευτὴς καὶ περὶ τοὺς τῶν γιγνομένων τόκους 268b καὶ λοχείας μόνος ἐπιστήμων τῆς μαιευτικῆς. ἔτι τοίνυν παιδιᾶς καὶ μουσικῆς ἐφ' ὅσον αὐτοῦ τὰ θρέμματα φύσει μετείληφεν, οὐκ ἄλλος κρείττων παραμυθεῖσθαι καὶ κηλῶν πραῦναι, μετὰ τε ὀργάνων καὶ ψιλῷ τῷ στόματι τὴν τῆς αὐτοῦ ποίμνης ἄριστα μεταχειριζόμενος μουσικὴν. καὶ δὴ καὶ τῶν ἄλλων περὶ νομέων ὁ αὐτὸς τρόπος. ἥ γάρ;

Νεώτερος Σωκράτης: ὀρθότατα.

Ξένος: πῶς οὖν ἡμῖν ὁ λόγος ὀρθὸς φανεῖται καὶ ἀκέραιος 268c ὁ περὶ τοῦ βασιλέως, ὅταν αὐτὸν νομέα καὶ τροφὸν ἀγέλης ἀνθρωπίνης θῶμεν μόνον ἐκκρίνοντες μυρίων ἄλλων ἀμφισβητούντων;

Νεώτερος Σωκράτης: οὐδαμῶς.

Ξένος: οὐκοῦν ὀρθῶς ὀλίγον ἔμπροσθεν ἐφοβήθημεν ὑποπτεύσαντες μὴ λέγοντες μὲν τι τυγχάνοιμεν σχῆμα βασιλικόν, οὐ μὴν ἀπειργασμένοι γε εἶμέν πω δι' ἀκριβείας τὸν πολιτικόν, ἕως ἂν τοὺς περικεχυμένους αὐτῷ καὶ τῆς συννομῆς αὐτῷ ἀντιποιουμένους περιελόντες καὶ χωρίσαντες ἀπ' ἐκείνων καθαρὸν μόνον αὐτὸν ἀποφήνωμεν; 268d

Νεώτερος Σωκράτης: ὀρθότατα μὲν οὖν.

Ξένος: τοῦτο τοίνυν, ὦ Σώκρατες, ἡμῖν ποιητέον, εἰ μὴ μέλλομεν ἐπὶ τῷ τέλει καταισχυῖναι τὸν λόγον.

Νεώτερος Σωκράτης: ἀλλὰ μὴν οὐδαμῶς τοῦτό γε δραστέον.

Ξένος: πάλιν τοίνυν ἐξ ἄλλης ἀρχῆς δεῖ καθ' ἑτέραν ὁδὸν πορευθῆναι τινα.

Νεώτερος Σωκράτης: ποίαν δῆ;

Ξένος: σχεδὸν παιδιὰν ἐγκερασασμένους: συχνῶ γὰρ μέρει δεῖ μεγάλου μύθου προσχρήσασθαι, καὶ τὸ λοιπὸν δῆ, καθάπερ 268e ἐν τοῖς πρόσθεν, μέρος αἰεὶ μέρους ἀφαιρουμένους ἐπ' ἄκρον ἀφικνεῖσθαι τὸ ζητούμενον. οὐκοῦν χρῆ;

Νεώτερος Σωκράτης: πάνυ μὲν οὖν.

Ξένος: ἀλλὰ δὴ τῷ μύθῳ μου πάνυ πρόσεχε τὸν νοῦν, καθάπερ οἱ παῖδες: πάντως οὐ πολλὰ ἐκφεύγεις παιδιὰς ἔτη.

Νεώτερος Σωκράτης: λέγοις ἄν.

Ξένος: ἦν τοίνυν καὶ ἔτι ἔσται τῶν πάλαι λεχθέντων πολλά τε ἄλλα καὶ δὴ καὶ τὸ περὶ τὴν Ἀτρέως τε καὶ Θυέστου λεχθεῖσαν ἔριν

φάσμα. ἀκήκοας γάρ που καὶ ἀπομνημονεύεις ὃ φασὶ γενέσθαι τότε.

Νεώτερος Σωκράτης: τὸ περὶ τῆς χρυσεῖς ἀρνὸς ἴσως σημεῖον φράζεις. 269a

Ξένος: οὐδαμῶς, ἀλλὰ τὸ περὶ τῆς μεταβολῆς δύσεώς τε καὶ ἀνατολῆς ἡλίου καὶ τῶν ἄλλων ἄστρον, ὡς ἄρα ὅθεν μὲν ἀνατέλλει νῦν εἰς τοῦτον τότε τὸν τόπον ἐδύετο, ἀνέτελλε δ' ἐκ τοῦ ἐναντίου, τότε δὲ δὴ μαρτυρήσας ἄρα ὁ θεὸς Ἀτρεΐ μετέβαλεν αὐτὸ ἐπὶ τὸ νῦν σχῆμα.

Νεώτερος Σωκράτης: λέγεται γὰρ οὖν δὴ καὶ τοῦτο.

Ξένος: καὶ μὴν αὖ καὶ τὴν γε βασιλείαν ἣν ἤρξε Κρόνος πολλῶν ἀκηκόαμεν. 269b

Νεώτερος Σωκράτης: πλείστων μὲν οὖν.

Ξένος: τί δέ; τὸ τοὺς ἔμπροσθεν φύεσθαι γηγενεῖς καὶ μὴ ἐξ ἀλλήλων γεννᾶσθαι;

Νεώτερος Σωκράτης: καὶ τοῦτο ἐν τῶν πάλαι λεχθέντων.

Ξένος: ταῦτα τοίνυν ἔστι μὲν σύμπαντα ἐκ ταύτου πάθους, καὶ πρὸς τούτοις ἕτερα μυρία καὶ τούτων ἔτι θαυμαστότερα, διὰ δὲ χρόνου πληθὸς τὰ μὲν αὐτῶν ἀπέσβηκε, τὰ δὲ διεσπαρμένα εἴρηται χωρὶς ἕκαστα ἀπ' ἀλλήλων. ὃ δ' ἐστὶν πᾶσι 269c τούτοις αἴτιον τὸ πάθος οὐδεὶς εἴρηκεν, νῦν δὲ δὴ λεκτέον: εἰς γὰρ τὴν τοῦ βασιλέως ἀπόδειξιν πρέψει ῥηθέν.

Νεώτερος Σωκράτης: κάλλιστ' εἶπες, καὶ λέγε μηδὲν ἐλλείπων.

Ξένος: ἀκούοις ἄν. τὸ γὰρ πᾶν τόδε τοτὲ μὲν αὐτὸς ὁ θεὸς συμποδηγεῖ πορευόμενον καὶ συγκυκλεῖ, τοτὲ δὲ ἀνῆκεν, ὅταν αἱ περίοδοι τοῦ προσήκοντος αὐτῷ μέτρον εἰλήφωσιν ἤδη χρόνου, τὸ δὲ πάλιν αὐτόματον εἰς τὰναντία περιάγεται, 269d ζῶον ὃν καὶ φρόνησιν εἰληχὸς ἐκ τοῦ συναρμόσαντος αὐτὸ κατ' ἀρχάς. τοῦτο δὲ αὐτῷ τὸ ἀνάπαλιν ἰέναι διὰ τὸδ' ἐξ ἀνάγκης ἔμφυτον γέγονε.

Νεώτερος Σωκράτης: διὰ τὸ ποῖον δῆ;

Ξένος: τὸ κατὰ ταυτὰ καὶ ὡσαύτως ἔχειν αἰεὶ καὶ ταυτὸν εἶναι τοῖς πάντων θειοτάτοις προσήκει μόνοις, σώματος δὲ φύσις οὐ ταύτης τῆς τάξεως. ὃν δὲ οὐρανὸν καὶ κόσμον ἐπωνομάκαμεν, πολλῶν μὲν καὶ μακαρίων παρὰ τοῦ γεννήσαντος μετεῖληφεν, ἀτὰρ οὖν δὴ κεκοινώνηκέ γε 269e καὶ σώματος: ὅθεν αὐτῷ μεταβολῆς ἀμοίρῳ γίνεσθαι διὰ παντὸς ἀδύνατον, κατὰ δυνάμιν γε μὴν ὅτι μάλιστα ἐν τῷ αὐτῷ κατὰ ταυτὰ μίαν φορὰν κινεῖται: διὸ τὴν ἀνακύκλησιν εἴληχεν, ὅτι σμικροτάτην τῆς αὐτοῦ κινήσεως παράλλαξιν. αὐτὸ δὲ ἑαυτὸ στρέφειν αἰεὶ σχεδὸν οὐδενὶ δυνατόν πλην τῷ τῶν κινουμένων αὐτῶν πάντων ἡγουμένῳ: κινεῖν δὲ τούτῳ τότε μὲν ἄλλως, αὐθις δὲ ἐναντίως οὐ θέμις. ἐκ πάντων δὴ τούτων τὸν κόσμον μήτε αὐτὸν χρὴ φάναι στρέφειν ἑαυτὸν αἰεὶ, μήτ' αὖ ὅλον αἰεὶ ὑπὸ θεοῦ στρέφεσθαι διττὰς καὶ ἐναντίας 270a περιαγωγάς, μήτ' αὖ δύο τινὲ θεῶ φρονοῦντε ἑαυτοῖς ἐναντία στρέφειν αὐτόν, ἀλλ' ὅπερ ἄρτι ἐρρήθη καὶ μόνον λοιπόν, τότε μὲν ὑπ' ἄλλης συμποδηγεῖσθαι θείας αἰτίας, τὸ ζῆν πάλιν ἐπικτώμενον καὶ λαμβάνοντα ἀθανασίαν ἐπισκευαστὴν παρὰ τοῦ δημιουργοῦ, τότε δ' ὅταν ἀνεθῇ, δι' ἑαυτοῦ αὐτὸν ἰέναι, κατὰ καιρὸν ἀφεθέντα τοιοῦτον, ὥστε ἀνάπαλιν πορεύεσθαι πολλὰς περιόδων μυριάδας διὰ δὴ τὸ μέγιστον ὃν καὶ ἰσορροπώτατον ἐπὶ μικροτάτου βαῖνον ποδὸς ἰέναι. 270b

Νεώτερος Σωκράτης: φαίνεται γοῦν δὴ καὶ μάλα εἰκότως εἰρῆσθαι πάνθ' ὅσα διελέλυθας.

Ξένος: λογισάμενοι δὴ συννοήσωμεν τὸ πάθος ἐκ τῶν νῦν λεχθέντων, ὃ πάντων ἔφαμεν εἶναι τῶν θαυμαστῶν αἴτιον. ἔστι γὰρ οὖν δὴ τοῦτ' αὐτό.

Νεώτερος Σωκράτης: τὸ ποῖον;

Ξένος: τὸ τὴν τοῦ παντὸς φορὰν τότε μὲν ἐφ' ἧ νῦν κυκλεῖται φέρεσθαι, τότε δ' ἐπὶ τὰναντία.

Νεώτερος Σωκράτης: πῶς δὴ;

Ξένος: ταύτην τὴν μεταβολὴν ἡγεῖσθαι δεῖ τῶν περὶ τὸν 270c οὐρανὸν γιγνομένων τροπῶν πασῶν εἶναι μεγίστην καὶ τελεωτάτην τροπὴν.

Νεώτερος Σωκράτης: ἔοικε γοῦν.

Ξένος: μεγίστας τοίνυν καὶ μεταβολὰς χρή νομίζειν γίνεσθαι τότε τοῖς ἐντὸς ἡμῖν οἰκοῦσιν αὐτοῦ.

Νεώτερος Σωκράτης: καὶ τοῦτο εἰκός.

Ξένος: μεταβολὰς δὲ μεγάλας καὶ πολλὰς καὶ παντοίας συμφερομένας ἄρ' οὐκ ἴσμεν τὴν τῶν ζώων φύσιν ὅτι χαλεπῶς ἀνέχεται;

Νεώτερος Σωκράτης: πῶς δ' οὐ;

Ξένος: φθοραὶ τοίνυν ἐξ ἀνάγκης τότε μέγισται συμβαίνουσι τῶν τε ἄλλων ζώων, καὶ δὴ καὶ τὸ τῶν ἀνθρώπων 270d γένος ὀλίγον τι περιλείπεται: περὶ δὲ τούτους ἄλλα τε παθήματα πολλὰ καὶ θαυμαστὰ καὶ καινὰ συμπίπτει, μέγιστον δὲ τόδε καὶ συνεπόμενον τῇ τοῦ παντὸς ἀνειλιξεί τότε, ὅταν ἡ τῆς νῦν καθεστηκυίας ἐναντία γίγνηται τροπή.

Νεώτερος Σωκράτης: τὸ ποῖον;

Ξένος: ἦν ἡλικίαν ἕκαστον εἶχε τῶν ζώων, αὕτη πρῶτον μὲν ἔσται πάντων, καὶ ἐπαύσατο πᾶν ὅσον ἦν θνητὸν ἐπὶ τὸ γεραίτερον ἰδεῖν πορευόμενον, μεταβάλλον δὲ πάλιν ἐπὶ 270e τοῦναντίον οἷον νεώτερον καὶ ἀπαλότερον ἐφύετο: καὶ τῶν μὲν πρεσβυτέρων αἱ λευκαὶ τρίχες ἐμελαίνοντο, τῶν δ' αὖ γενειώνων αἱ παρειαὶ λεαινόμεναι πάλιν ἐπὶ τὴν παρελθοῦσαν ὥραν ἕκαστον καθίστασαν, τῶν δὲ ἡβώντων τὰ σώματα λεαινόμενα καὶ σμικρότερα καθ' ἡμέραν καὶ νύκτα ἐκάστην γιγνόμενα πάλιν εἰς τὴν τοῦ νεογενοῦς παιδὸς φύσιν ἀπῆει, κατὰ τε τὴν ψυχὴν καὶ κατὰ τὸ σῶμα ἀφομοιούμενα: τὸ δ' ἐντεῦθεν ἤδη μαραινόμενα κομιδῇ τὸ ἀμπαν ἐξηφανίζετο. τῶν δ' αὖ βιαίως τελευτώντων ἐν τῷ τότε χρόνῳ τὸ τοῦ νεκροῦ σῶμα τὰ αὐτὰ ταῦτα πάσχον παθήματα διὰ 271a τάχους ἄδηλον ἐν ὀλίγαις ἡμέραις διεφθείρετο.

Νεώτερος Σωκράτης: γένεσις δὲ δὴ τίς τότε ἦν, ὧ ξέने, ζώων; καὶ τίνα τρόπον ἐξ ἀλλήλων ἐγεννῶντο;

Ξένος: δῆλον, ὧ Σώκρατες, ὅτι τὸ μὲν ἐξ ἀλλήλων οὐκ ἦν ἐν τῇ τότε

φύσει γεννώμενον, τὸ δὲ γηγενὲς εἶναι ποτε γένος λεχθὲν τοῦτ' ἦν τὸ κατ' ἐκεῖνον τὸν χρόνον ἐκ γῆς πάλιν ἀναστρεφόμενον, ἀπεμνημονεύετο δὲ ὑπὸ τῶν ἡμετέρων προγόνων τῶν πρώτων, οἱ τελευτώσῃ μὲν τῇ προτέρᾳ 271b περιφορᾷ τὸν ἐξῆς χρόνον ἐγεινόνουν, τῇσδε δὲ κατ' ἀρχὰς ἐφύοντο: τούτων γὰρ οὗτοι κήρυκες ἐγένονθ' ἡμῖν τῶν λόγων, οἱ νῦν ὑπὸ πολλῶν οὐκ ὀρθῶς ἀπιστοῦνται. τὸ γὰρ ἐντεῦθεν οἶμαι χρὴ συννοεῖν. ἐπόμενον γάρ ἐστι τῷ τοὺς πρεσβύτας ἐπὶ τὴν τοῦ παιδὸς ἰέναι φύσιν, ἐκ τῶν τετελευτηκότων αὖ, κειμένων δὲ ἐν γῇ, πάλιν ἐκεῖ συνισταμένους καὶ ἀναβιωσκομένους, ἔπασθαι τῇ τροπῇ συνανακυκλουμένης εἰς τάναντία τῆς γενέσεως, καὶ γηγενεῖς δὴ κατὰ τοῦτον τὸν 271c λόγον ἐξ ἀνάγκης φυομένους, οὕτως ἔχειν τοῦνομα καὶ τὸν λόγον, ὅσους μὴ θεὸς αὐτῶν εἰς ἄλλην μοῖραν ἐκόμισεν.

Νεώτερος Σωκράτης: κοιμῶν μὲν οὖν τοῦτό γε ἔπεται τοῖς ἔμπροσθεν. ἀλλὰ δὴ τὸν βίον ὃν ἐπὶ τῆς Κρόνου φῆς εἶναι δυνάμεως, πότερον ἐν ἐκείναις ἦν ταῖς τροπαῖς ἢ ἐν ταῖσδε; τὴν μὲν γὰρ τῶν ἄστρον τε καὶ ἡλίου μεταβολὴν δηλὸν ὥς ἐν ἐκατέραις συμπίπτει ταῖς τροπαῖς γίνεσθαι.

Ξένος: καλῶς τῷ λόγῳ συμπαρηκολούθηκας. ὁ δ' ἥρου 271d περὶ τοῦ πάντα αὐτόματα γίνεσθαι τοῖς ἀνθρώποις, ἥκιστα τῆς νῦν ἐστὶ καθεστηκυίας φορᾶς, ἀλλ' ἦν καὶ τοῦτο τῆς ἔμπροσθεν. τότε γὰρ αὐτῆς πρῶτον τῆς κυκλήσεως ἤρχεν ἐπιμελούμενος ὅλης ὁ θεός, ὥς δ' αὖ κατὰ τόπους ταῦτόν τοῦτο, ὑπὸ θεῶν ἀρχόντων πάντ' ἦν τὰ τοῦ κόσμου μέρη διειλημμένα: καὶ δὴ καὶ τὰ ζῶα κατὰ γένη καὶ ἀγέλας οἶον νομῆς θεῖοι διειλήφεσαν δαίμονες, αὐτάρκης εἰς πάντα ἕκαστος ἐκάστοις 271e ὧν οἷς αὐτὸς ἔνεμεν, ὥστε οὗτ' ἄγριον ἦν οὐδὲν οὔτε ἀλλήλων ἐδωδαί, πόλεμός τε οὐκ ἐνῆν οὐδὲ στάσις τὸ παράπαν: ἄλλα θ' ὅσα τῆς τοιαύτης ἐστὶ κατακοσμήσεως ἐπόμενα, μυρία ἂν εἴη λέγειν. τὸ δ' οὖν τῶν ἀνθρώπων λεχθὲν αὐτομάτου πέρι βίου διὰ τὸ τοιόνδε εἴρηται. θεὸς ἔνεμεν αὐτοὺς αὐτὸς ἐπιστατῶν, καθάπερ νῦν ἄνθρωποι, ζῶον ὃν ἕτερον θειότερον, ἄλλα γένη φαυλότερα αὐτῶν νομεύουσι: νέμοντος δὲ ἐκείνου πολιτεῖαί τε οὐκ ἦσαν οὐδὲ κτήσεις 272a γυναικῶν καὶ παίδων: ἐκ γῆς γὰρ ἀνεβίωσκοντο πάντες, οὐδὲν μεμνημένοι τῶν πρόσθεν: ἀλλὰ τὰ μὲν τοιαῦτα ἀπὴν πάντα, καρποὺς δὲ ἀφθόνους εἶχον ἀπὸ τε δένδρων καὶ πολλῆς ὕλης

Νεώτερος Σωκράτης: οὐδαμῶς.

Ξένος: βούλει δῆτα ἐγὼ σοι τρόπον τινὰ διακρίνω;

Νεώτερος Σωκράτης: πάνυ μὲν οὖν.

Ξένος: εἰ μὲν τοίνυν οἱ τρόφιμοι τοῦ Κρόνου, παρούσης αὐτοῖς οὕτω πολλῆς σχολῆς καὶ δυνάμεως πρὸς τὸ μὴ μόνον ἀνθρώποις ἀλλὰ καὶ θηρίοις διὰ λόγων δύνασθαι συγγίγνεσθαι, 272c κατεχρῶντο τούτοις σύμπασιν ἐπὶ φιλοσοφίαν, μετὰ τε θηρίων καὶ μετ' ἀλλήλων ὁμιλοῦντες, καὶ πυνθανόμενοι παρὰ πάσης φύσεως εἴ τινα τις ἰδίαν δύναμιν ἔχουσα ἦσθετό τι διάφορον τῶν ἄλλων εἰς συναγυρμὸν φρονήσεως, εὐκριτον ὅτι τῶν νῦν οἱ τότε μυρίῳ πρὸς εὐδαιμονίαν διέφερον: εἰ δ' ἐμπιμπλάμενοι σίτων ἄδην καὶ ποτῶν διελέγοντο πρὸς ἀλλήλους καὶ τὰ θηρία [μύθους] οἷα δὲ καὶ τὰ νῦν περὶ αὐτῶν 272d λέγονται, καὶ τοῦτο, ὥς γε κατὰ τὴν ἐμὴν δόξαν ἀποφύνασθαι, καὶ μάλ' εὐκριτον. ὅμως δ' οὖν ταῦτα μὲν ἀφῶμεν, ἕως ἄν ἡμῖν μηνυτὴς τις ἱκανὸς φανῇ, ποτέρως οἱ τότε τὰς ἐπιθυμίας εἶχον περὶ τε ἐπιστημῶν καὶ τῆς τῶν λόγων χρείας: οὗ δ' ἕνεκα τὸν μῦθον ἠγείραμεν, τοῦτο λεκτέον, ἵνα τὸ μετὰ τοῦτο εἰς τὸ πρόσθεν περαίνωμεν. ἐπειδὴ γὰρ πάντων τούτων χρόνος ἐτελεώθη καὶ μεταβολὴν ἔδει γίγνεσθαι καὶ 272e δὴ καὶ τὸ γήινον ἤδη πᾶν ἀνήλωτο γένος, πάσας ἐκάστης τῆς ψυχῆς τὰς γενέσεις ἀποδεδωκυίας, ὅσα ἦν ἐκάστη προσταχθὲν τοσαῦτα εἰς γῆν σπέρματα πεσοῦσης, τότε δὲ τοῦ παντὸς ὁ μὲν κυβερνήτης, οἷον πηδαλίων οἶακος ἀφέμενος, εἰς τὴν αὐτοῦ περιωπὴν ἀπέστη, τὸν δὲ δὴ κόσμον πάλιν ἀνέστρεφεν εἰμαρμένη τε καὶ σύμφυτος ἐπιθυμία. πάντες οὖν οἱ κατὰ τοὺς τόπους συνάρχοντες τῷ μεγίστῳ δαίμονι θεοί, γνόντες ἤδη τὸ γιγνόμενον, ἀφίεσαν αὐτὰ τὰ μέρη τοῦ 273a κόσμου τῆς αὐτῶν ἐπιμελείας: ὁ δὲ μεταστρεφόμενος καὶ

Νεώτερος Σωκράτης: τίτι;

Ξένος: τῷ βιαίῳ τε καὶ ἐκουσίῳ.

Νεώτερος Σωκράτης: τί δὴ; 276e

Ξένος: καὶ ταύτη που τὸ πρότερον ἀμαρτάνοντες εὐηθέστερα τοῦ δέοντος εἰς ταῦτὸν βασιλέα καὶ τύραννον συνέθεμεν, ἀνομοιοτάτους ὄντας αὐτούς τε καὶ τὸν τῆς ἀρχῆς ἑκατέρου τρόπον.

Νεώτερος Σωκράτης: ἀληθῆ.

Ξένος: νῦν δέ γε πάλιν ἐπανορθούμενοι, καθάπερ εἶπον, τὴν ἀνθρωπίνην ἐπιμελητικὴν δίχα διαιρώμεθα, τῷ βιαίῳ τε καὶ ἐκουσίῳ;

Νεώτερος Σωκράτης: πάνυ μὲν οὖν.

Ξένος: καὶ τὴν μὲν γέ που τῶν βιαίων τυραννικὴν, τὴν δὲ ἐκούσιον καὶ ἐκουσίων διπόδων ἀγγελαιοκομικὴν ζῶων προσειπόντες πολιτικὴν, τὸν ἔχοντα αὐτὴν τέχνην ταύτην καὶ ἐπιμέλειαν ὄντως ὄντα βασιλέα καὶ πολιτικὸν ἀποφαινόμεθα; 277a

Νεώτερος Σωκράτης: καὶ κινδυνεύει γε, ὦ ξένε, τελέως ἂν ἡμῖν οὕτως ἔχειν ἢ περὶ τὸν πολιτικὸν ἀπόδειξις.

Ξένος: καλῶς ἂν, ὦ Σώκρατες, ἡμῖν ἔχοι. δεῖ δὲ μὴ σοὶ μόνῳ ταῦτα, ἀλλὰ κάμοι μετὰ σοῦ κοινῇ συνδοκεῖν. νῦν δὲ κατὰ γε τὴν ἐμὴν οὐπω φαίνεται τέλος ὁ βασιλεὺς ἡμῖν σχῆμα ἔχειν, ἀλλὰ καθάπερ ἀνδριαντοποιοὶ παρὰ καιρὸν ἐνίοτε σπεύδοντες πλείω καὶ μείζω τοῦ δέοντος ἕκαστα τῶν 277b ἔργων ἐπεμβαλλόμενοι βραδύνουσι, καὶ νῦν ἡμεῖς, ἵνα δὴ πρὸς τῷ ταχὺ καὶ μεγαλοπρεπῶς δηλώσαιμεν τὸ τῆς ἔμπροσθεν ἀμάρτημα διεξόδου, τῷ βασιλεῖ νομίσαντες πρέπειν μεγάλα παραδείγματα ποιεῖσθαι, θαυμαστὸν ὄγκον ἀράμενοι τοῦ μύθου, μείζονι τοῦ δέοντος ἠναγκάσθημεν αὐτοῦ μέρος προσκρῆσθαι: διὸ μακροτέραν τὴν ἀπόδειξιν πεποιήκαμεν καὶ πάντως τῷ μύθῳ τέλος οὐκ ἐπέθεμεν, ἀλλ' ἀτεχνῶς ὁ 277c λόγος ἡμῖν ὥσπερ ζῶον τὴν ἔξωθεν μὲν περιγραφὴν ἔοικεν ἱκανῶς ἔχειν, τὴν δὲ οἷον τοῖς φαρμάκοις καὶ τῇ συγκράσει τῶν χρωμάτων ἐνάργειαν οὐκ ἀπειληφέναι πω. γραφῆς δὲ καὶ συμπάσης χειρουργίας λέξει καὶ λόγῳ δηλοῦν πᾶν ζῶον μᾶλλον πρέπει τοῖς δυναμένοις ἔπεσθαι: τοῖς δ' ἄλλοις διὰ χειρουργιῶν.

Νεώτερος Σωκράτης: τοῦτο μὲν ὀρθῶς: ὅπῃ δὲ ἡμῖν οὐπω φῆς ἱκανῶς εἰρησθαι δήλωσον. 277d

Ξένος: χαλεπόν, ὦ δαιμόνιε, μὴ παραδείγμασι χρώμενον ἱκανῶς ἐνδείκνυσθαι τι τῶν μειζόνων. κινδυνεύει γὰρ ἡμῶν ἕκαστος οἷον ὄναρ εἰδῶς ἅπαντα πάντ' αὐτὸν πάλιν ὥσπερ ὕπαρ ἄγνοεῖν.

Νεώτερος Σωκράτης: πῶς τοῦτ' εἶπες;

Ξένος: καὶ μάλ' ἀτόπως ἔοικά γε ἐν τῷ παρόντι κινήσας τὸ περὶ τῆς ἐπιστήμης πάθος ἐν ἡμῖν.

Νεώτερος Σωκράτης: τί δή;

Ξένος: παραδείγματος, ὦ μακάριε, αὐ μοι καὶ τὸ παράδειγμα αὐτὸ δεδέηκεν. 277e

Νεώτερος Σωκράτης: τί οὖν; λέγε μηδὲν ἐμοῦ γε ἔνεκα ἀποκνῶν.

Ξένος: λεκτέον ἐπειδὴ καὶ σύ γε ἔτοιμος ἀκολουθεῖν. τοὺς γάρ που παῖδας ἴσμεν, ὅταν ἄρτι γραμμάτων ἔμπειροι γίνωνται

Νεώτερος Σωκράτης: τὸ ποῖον;

Ξένος: ὅτι τῶν στοιχείων ἕκαστον ἐν ταῖς βραχυτάταις καὶ ῥάσταις τῶν συλλαβῶν ἱκανῶς διαισθάνονται, καὶ τάληθῆ φράζειν περὶ ἐκεῖνα δυνατοὶ γίνονται. 278a

Νεώτερος Σωκράτης: πῶς γὰρ οὐ;

Ξένος: ταῦτά δέ γε ταῦτα ἐν ἄλλαις ἀμφιγνοοῦντες πάλιν δόξῃ τε ψεύδονται καὶ λόγῳ.

Νεώτερος Σωκράτης: πάνυ μὲν οὖν.

Ξένος: ἄρ' οὖν οὐχ ὧδε ῥᾶστον καὶ κάλλιστον ἐπάγειν αὐτοὺς ἐπὶ τὰ μήπω γινωσκόμενα;

Νεώτερος Σωκράτης: πῶς;

Ξένος: ἀνάγειν πρῶτον ἐπ' ἐκεῖνα ἐν οἷς ταῦτά ταῦτα ὀρθῶς ἐδόξαζον, ἀναγαγόντας δὲ τιθέναι παρὰ τὰ μήπω 278b γινωσκόμενα, καὶ παραβάλλοντας ἐνδεικνύειν τὴν αὐτὴν ὁμοιότητα καὶ φύσιν ἐν ἀμφοτέραις οὕσαν ταῖς συμπλοκαῖς, μέχρι περ ἂν πᾶσι τοῖς ἀγνοουμένοις τὰ δοξαζόμενα ἀληθῶς παρατιθέμενα δειχθῇ, δειχθέντα δέ, παραδείγματα οὕτω γινόμενα, ποιήσῃ τῶν στοιχείων ἕκαστον πάντων ἐν πάσαις ταῖς συλλαβαῖς τὸ μὲν ἕτερον ὡς τῶν ἄλλων ἕτερον ὄν, τὸ 278c δὲ ταῦτὸν ὡς ταῦτὸν ἀεὶ κατὰ ταῦτά ἐαυτῷ προσαγορεύεσθαι.

Νεώτερος Σωκράτης: παντάπασιν μὲν οὖν.

Ξένος: οὐκοῦν τοῦτο μὲν ἱκανῶς συνειλήφαμεν, ὅτι παραδείγματός γ' ἐστὶ τότε γένεσις, ὅπότεν ὄν ταῦτὸν ἐν ἐτέρῳ διεσπασμένῳ δοξαζόμενον ὀρθῶς καὶ συναχθὲν περὶ ἑκάτερον ὡς συνάμφῳ μίαν

ἀληθῆ δόξαν ἀποτελεῖ;

Νεώτερος Σωκράτης: φαίνεται.

Ξένος: θαυμάζοιμεν ἂν οὖν εἰ ταῦτόν τοῦτο ἡμῶν ἢ ψυχῇ 278d φύσει περὶ τὰ τῶν πάντων στοιχεῖα πεπονθυῖα τοτὲ μὲν ὑπ' ἀληθείας περὶ ἓν ἕκαστον ἓν τισι συνίσταται, τοτὲ δὲ περὶ ἅπαντα ἓν ἑτέροις αὖ φέρεται, καὶ τὰ μὲν αὐτῶν ἀμῆ γέ πη τῶν συγκράσεων ὀρθῶς δοξάζει, μετατιθέμενα δ' εἰς τὰς τῶν πραγμάτων μακρὰς καὶ μὴ ῥαδίουσιν συλλαβὰς ταῦτα ταῦτα πάλιν ἀγνοεῖ;

Νεώτερος Σωκράτης: καὶ θαυμαστόν γε οὐδέν.

Ξένος: πῶς γάρ, ὦ φίλε, δύναίτο ἂν τις ἀρχόμενος ἀπὸ 278e δόξης ψευδοῦς ἐπὶ τι τῆς ἀληθείας καὶ μικρὸν μέρος ἀφικόμενος κτήσασθαι φρόνησιν;

Νεώτερος Σωκράτης: σχεδὸν οὐδαμῶς.

Ξένος: οὐκοῦν ταῦτα εἰ ταύτῃ πέφυκεν, οὐδέν δὴ πλημμελοῖμεν ἂν ἐγὼ τε καὶ σὺ πρῶτον μὲν ἐπιχειρήσαντες ὅλου παραδείγματος ἰδεῖν τὴν φύσιν ἓν σμικρῷ κατὰ μέρος ἄλλῳ παραδείγματι, μετὰ δὲ ταῦτα μέλλοντες, ἐπὶ τὸ τοῦ βασιλέως μέγιστον ὄν ταῦτόν εἶδος ἀπ' ἐλαττόνων φέροντές ποθεν, διὰ παραδείγματος ἐπιχειρεῖν αὖ τὴν τῶν κατὰ πόλιν θεραπείαν τέχνην γνωρίζειν, ἵνα ὕπαρ ἂντ' ὀνειράτος ἡμῖν γίγνηται;

Νεώτερος Σωκράτης: πάννυ μὲν οὖν ὀρθῶς. 279a

Ξένος: πάλιν δὴ τὸν ἔμπροσθε λόγον ἀναληπτέον, ὥς ἐπειδὴ τῷ βασιλικῷ γένει τῆς περὶ τὰς πόλεις ἐπιμελείας ἀμφισβητοῦσι μυριοί, δεῖ δὴ πάντας ἀποχωρίζειν τούτους καὶ μόνον ἐκεῖνον λείπειν καὶ πρὸς τοῦτο δὴ παραδείγματος ἔφαμεν δεῖν τινος ἡμῖν.

Νεώτερος Σωκράτης: καὶ μάλα.

Ξένος: τί δῆτα παράδειγμά τις ἂν, ἔχον τὴν αὐτὴν πολιτικὴν πραγματείαν, σμικρότατον παραθέμενος ἱκανῶς ἂν εὗροι τὸ 279b ζητούμενον; βούλει πρὸς Διός, ὦ Σώκρατες, εἰ μὴ τι πρόχειρον ἕτερον ἔχομεν, ἀλλ' οὖν τὴν γε ὑφαντικὴν προελώμεθα; καὶ ταύτην,

εἰ δοκεῖ, μὴ πᾶσαν; ἀποχρήσει γὰρ ἴσως ἡ περὶ τὰ ἐκ τῶν ἐρίων ὑφάσματα: τάχα γὰρ ἂν ἡμῖν καὶ τοῦτο τὸ μέρος αὐτῆς μαρτυρήσειε προαιρεθὲν ὃ βουλόμεθα.

Νεώτερος Σωκράτης: τί γὰρ οὐ;

Ξένος: τί δῆτα οὐ, καθάπερ ἐν τοῖς ἔμπροσθε τέμνοντες μέρη μερῶν ἕκαστον διηρούμεθα, καὶ νῦν περὶ ὑφαντικὴν 279c ταῦτόν τοιτ' ἐδράσαμεν, καὶ κατὰ δύναμιν ὅτι μάλιστα διὰ βραχέων ταχὺ πάντ' ἐπελθόντες πάλιν ἤλθομεν ἐπὶ τὸ νῦν χρήσιμον;

Νεώτερος Σωκράτης: πῶς λέγεις;

Ξένος: αὐτὴν τὴν διέξοδον ἀπόκρισίν σοι ποιήσομαι.

Νεώτερος Σωκράτης: κάλλιστ' εἶπες.

Ξένος: ἔστι τοίνυν πάντα ἡμῖν ὅποσα δημιουργοῦμεν καὶ κτῶμεθα, τὰ μὲν ἔνεκα τοῦ ποιεῖν τι, τὰ δὲ τοῦ μὴ πάσχειν ἀμυντήρια: καὶ τῶν ἀμυντηρίων τὰ μὲν ἀλεξιφάρμακα καὶ 279d θεῖα καὶ ἀνθρώπινα, τὰ δὲ προβλήματα: τῶν δὲ προβλημάτων τὰ μὲν πρὸς τὸν πόλεμον ὀπλίσματα, τὰ δὲ φράγματα: καὶ τῶν φραγμάτων τὰ μὲν παραπετάσματα, τὰ δὲ πρὸς χειμῶνας καὶ καύματα ἀλεξητήρια: τῶν δὲ ἀλεξητηρίων τὰ μὲν στεγάσματα, τὰ δὲ σκεπάσματα: καὶ τῶν σκεπασμάτων ὑποπετάσματα μὲν ἄλλα, περικαλύμματα δὲ ἕτερα: περικαλυμμάτων δὲ τὰ μὲν ὀλόσχιστα, σύνθετα δὲ ἕτερα: τῶν δὲ συνθέτων 279e τὰ μὲν τρητά, τὰ δὲ ἄνευ τρήσεως συνδετά: καὶ τῶν ἀτρήτων τὰ μὲν νεύρινα φυτῶν ἐκ γῆς, τὰ δὲ τρίχινα: τῶν δὲ τριχίνων τὰ μὲν ὕδασι καὶ γῇ κολλητά, τὰ δὲ αὐτὰ αὐτοῖς συνδετά. τούτοισι δὴ τοῖς ἐκ τῶν ἑαυτοῖς συνδουμένων ἐργασθεῖσιν ἀμυντηρίοις καὶ σκεπάσμασι τὸ μὲν ὄνομα ἰματία ἐκαλέσαμεν: τὴν δὲ τῶν ἰματίων μάλιστα ἐπιμελουμένην 280a τέχνην, ὥσπερ τότε τὴν τῆς πόλεως πολιτικὴν εἵπομεν, οὕτω καὶ νῦν ταύτην προσείπωμεν ἀπ' αὐτοῦ τοῦ πράγματος ἰματιουργικὴν; φῶμεν δὲ καὶ ὑφαντικὴν, ὅσον ἐπὶ τῇ τῶν ἰματίων ἐργασίᾳ μέγιστον ἦν μόριον, μηδὲν διαφέρειν πλὴν ὀνόματι ταύτης τῆς ἰματιουργικῆς, καθάπερ κάκεῖ τότε τὴν βασιλικὴν τῆς πολιτικῆς;

Νεώτερος Σωκράτης: ὀρθότατά γε.

Ξένος: τὸ μετὰ τοῦτο δὴ συλλογισώμεθα ὅτι τὴν ἱματίων 280b ὑφαντικὴν οὕτω ῥηθεῖσάν τις τάχ' ἂν ἱκανῶς εἰρησθαι δόξειεν, μὴ δυνάμενος συννοεῖν ὅτι τῶν μὲν ἐγγὺς συνεργῶν οὕτω διώρισται, πολλῶν δὲ ἐτέρων συγγενῶν ἀπεμερίσθη.

Νεώτερος Σωκράτης: ποίων, εἰπέ, συγγενῶν;

Ξένος: οὐχ ἔσπου τοῖς λεχθεῖσιν, ὥς φαίνει: πάλιν οὖν ἔοικεν ἐπανιτέον ἀρχόμενον ἀπὸ τελευτῆς. εἰ γὰρ συννοεῖς τὴν οἰκειότητα, τὴν μὲν διετέμομεν ἀπ' αὐτῆς νυνδὴ, τὴν τῶν στρωμάτων σύνθεσιν περιβολῇ χωρίζοντες καὶ ὑποβολῇ.

Νεώτερος Σωκράτης: μαθάνω. 280c

Ξένος: καὶ μὴν τὴν ἐκ τῶν λίνων καὶ σπάρτων καὶ πάντων ὅποσα φυτῶν ἄρτι νεῦρα κατὰ λόγον εἶπομεν, δημιουργίαν πᾶσαν ἀφείλομεν: τὴν τε αὖ πηλητικὴν ἀφωρισάμεθα καὶ τὴν τρήσει καὶ ῥαφῇ χρωμένην σύνθεσιν, ἧς ἡ πλείστη σκυτοτομική.

Νεώτερος Σωκράτης: πάνυ μὲν οὖν.

Ξένος: καὶ τοίνυν τὴν τῶν ὀλοσχίστων σκεπασμάτων θεραπείαν δερματοουργικὴν καὶ τὰς τῶν στεγασμάτων, ὅσαι τε ἐν οἰκοδομικῇ καὶ ὅλη τεκτονικῇ καὶ ἐν ἄλλαις τέχναις ῥευμάτων 280d στεκτικαὶ γίνονται, συμπάσας ἀφείλομεν, ὅσαι τε περὶ τὰς κλοπὰς καὶ τὰς βία πράξεις διακωλυτικὰ ἔργα παρέχονται τέχναι φραγμάτων, περὶ τε γένεσιν ἐπιθηματοουργίας οὗσαι καὶ τὰς τῶν θυρωμάτων πῆξεις, γομφωτικῆς ἀπονεμηθεῖσαι μόρια τέχνης: τὴν τε ὀπλοποιικὴν ἀπετεμόμεθα, μεγάλης καὶ παντοίας τῆς προβληματουργικῆς τμήμα οὗσαν δυνάμεως: 280e καὶ δὴ καὶ τὴν μαγευτικὴν τὴν περὶ τὰ ἀλεξιφάρμακα κατ' ἀρχὰς εὐθὺς διωρισάμεθα σύμπασαν, καὶ λελοίπαμεν, ὥς δόξαιμεν ἂν, αὐτὴν τὴν ζητηθεῖσαν ἀμυντικὴν χειμώνων, ἐρεοῦ προβλήματος ἐργαστικὴν, ὄνομα δὲ ὑφαντικὴν λεχθεῖσαν.

Νεώτερος Σωκράτης: ἔοικε γὰρ οὖν.

Ξένος: ἀλλ' οὐκ ἔστι πῶς τέλεον, ὃ παῖ, τοῦτο λελεγμένον. ὁ γὰρ ἐν ἀρχῇ τῆς τῶν ἱματίων ἐργασίας ἀπτόμενος τοῦναντίον 281a ὑφὶ δρᾶν φαίνεται.

Νεώτερος Σωκράτης: πῶς;

Ξένος: τὸ μὲν τῆς ὑφῆς συμπλοκή τίς ἐστί που.

Νεώτερος Σωκράτης: ναί.

Ξένος: τὸ δέ γε τῶν συνεστώτων καὶ συμπεπιλημένων διαλυτική.

Νεώτερος Σωκράτης: τὸ ποῖον δῆ;

Ξένος: τὸ τῆς τοῦ ξαίνοντος τέχνης ἔργον. ἢ τὴν ξαντικὴν τολμήσομεν ὑφαντικὴν καὶ τὸν ξάντην ὥς ὄντα ὑφάντην καλεῖν;

Νεώτερος Σωκράτης: οὐδαμῶς.

Ξένος: καὶ μὴν τὴν γε αὖ στήμονος ἐργαστικὴν καὶ κρόκης εἴ τις ὑφαντικὴν προσαγορεύει, παράδοξόν τε καὶ ψεῦδος 281b ὄνομα λέγει.

Νεώτερος Σωκράτης: πῶς γὰρ οὐ;

Ξένος: τί δέ; κναφευτικὴν σύμπασαν καὶ τὴν ἀκεστικὴν πότερα μηδεμίαν ἐπιμέλειαν μηδέ τινα θεραπείαν ἐσθῆτος θῶμεν, ἢ καὶ ταύτας πάσας ὥς ὑφαντικὰς λέξομεν;

Νεώτερος Σωκράτης: οὐδαμῶς.

Ξένος: ἀλλὰ μὴν τῆς γε θεραπείας ἀμφισβητήσουσιν αὗται σύμπασαι καὶ τῆς γενέσεως τῆς τῶν ἱματίων τῇ τῆς ὑφαντικῆς δυνάμει, μέγιστον μὲν μέρος ἐκείνη διδοῦσαι, μεγάλα δὲ καὶ σφίσιν αὐταῖς ἀπονέμουςαι. 281c

Νεώτερος Σωκράτης: πάνυ γε.

Ξένος: πρὸς τοίνυν ταύταις ἔτι τὰς τῶν ἐργαλείων δημιουργοὺς τέχνας, δι' ὧν ἀποτελεῖται τὰ τῆς ὑφῆς ἔργα, δοκεῖν χρή τό γε συναιτίας εἶναι προσποιήσασθαι παντὸς ὑφάσματος.

Νεώτερος Σωκράτης: ὀρθότατα.

Ξένος: πότερον οὖν ἡμῖν ὁ περὶ τῆς ὑφαντικῆς λόγος, οὗ προειλόμεθα μέρους, ἱκανῶς ἔσται διωρισμένος, ἐὰν ἄρ' αὐτὴν τῶν

ἐπιμελειῶν ὅποσαι περὶ τὴν ἐρεᾶν ἐσθῆτα, εἰς τὴν 281d καλλίστην καὶ μεγίστην πασῶν τιθῶμεν: ἢ λέγοιμεν μὲν ἄν τι ἀληθές, οὐ μὴν σαφές γε οὐδὲ τέλεον, πρὶν ἂν καὶ ταύτας αὐτῆς πάσας περιέλωμεν;

Νεώτερος Σωκράτης: ὀρθῶς.

Ξένος: οὐκοῦν μετὰ ταῦτα ποιητέον ὃ λέγομεν, ἵν' ἐφεξῆς ἡμῖν ὁ λόγος ᾖ;

Νεώτερος Σωκράτης: πῶς δ' οὔ;

Ξένος: πρῶτον μὲν τοίνυν δύο τέχνας οὔσας περὶ πάντα τὰ δρώμενα θεασώμεθα.

Νεώτερος Σωκράτης: τίνας;

Ξένος: τὴν μὲν γενέσεως οὔσαν συναιτίον, τὴν δ' αὐτὴν αἰτίαν.

Νεώτερος Σωκράτης: πῶς; 281e

Ξένος: ὅσαι μὲν τὸ πρᾶγμα αὐτὸ μὴ δημιουργοῦσι, ταῖς δὲ δημιουργούσαις ὄργανα παρασκευάζουσιν, ὧν μὴ παραγενομένων οὐκ ἂν ποτε ἐργασθῇ τὸ προστεταγμένον ἐκάστη τῶν τεχνῶν, ταύτας μὲν συναιτίους, τὰς δὲ αὐτὸ τὸ πρᾶγμα ἀπεργαζομένας αἰτίας.

Νεώτερος Σωκράτης: ἔχει γοῦν λόγον.

Ξένος: μετὰ τοῦτο δὴ τὰς μὲν περὶ τε ἀτράκτους καὶ κερκίδας καὶ ὅποσα ἄλλα ὄργανα τῆς περὶ τὰ ἀμφιέσματα γενέσεως κοινωνεῖ, πάσας συναιτίους εἵπωμεν, τὰς δὲ αὐτὰ θεραπευούσας καὶ δημιουργούσας αἰτίας;

Νεώτερος Σωκράτης: ὀρθότατα. 282a

Ξένος: τῶν αἰτιῶν δὴ πλυντικὴν μὲν καὶ ἀκεστικὴν καὶ πᾶσαν τὴν περὶ ταῦτα θεραπευτικὴν, πολλῆς οὔσης τῆς κοσμητικῆς, τούνταῦθα αὐτῆς μόριον εἰκὸς μάλιστα περιλαμβάνειν ὀνομάζοντας πᾶν τῇ τέχνῃ τῇ κναφευτικῇ.

Νεώτερος Σωκράτης: καλῶς.

Ξένος: καὶ μὴν ξαντικὴ γε καὶ νηστικὴ καὶ πάντα αὖ τὰ περὶ τὴν

ποίησιν αὐτὴν τῆς ἐσθῆτος ἧς λέγομεν μέρη, μία τίς ἐστι τέχνη τῶν ὑπὸ πάντων λεγομένων, ἡ ταλασιουργική.

Νεώτερος Σωκράτης: πῶς γὰρ οὐ; 282b

Ξένος: τῆς δὴ ταλασιουργικῆς δύο τμήματά ἐστων, καὶ τούτοις ἐκάτερον ἅμα δυοῖν πεφύκατον τέχναι μέρη.

Νεώτερος Σωκράτης: πῶς;

Ξένος: τὸ μὲν ξαντικὸν καὶ τὸ τῆς κερκιστικῆς ἥμισυ καὶ ὅσα τὰ συγκείμενα ἀπ' ἀλλήλων ἀφίστησι, πᾶν τοῦτο ὡς ἐν φράζειν τῆς τε ταλασιουργίας αὐτῆς ἐστὶ που, καὶ μεγάλα τινὲ κατὰ πάντα ἡμῖν ἦσθαι τέχνα, ἡ συγκριτική τε καὶ διακριτική.

Νεώτερος Σωκράτης: ναί.

Ξένος: τῆς τοίνυν διακριτικῆς ἢ τε ξαντικῆ καὶ τὰ νυνδὴ 282c ῥηθέντα ἅπαντά ἐστιν: ἡ γὰρ ἐν ἐρίοις τε καὶ στήμοσι διακριτική, κερκίδι μὲν ἄλλον τρόπον γιγνομένη, χερσὶ δὲ ἕτερον, ἔσχευεν ὅσα ἀρτίως ὀνόματα ἐρρήθη.

Νεώτερος Σωκράτης: πάνυ μὲν οὖν.

Ξένος: αὐθις δὴ πάλιν συγκριτικῆς μόνον ἅμα καὶ ταλασιουργίας ἐν αὐτῇ γιγνόμενον λάβωμεν: ὅσα δὲ τῆς διακριτικῆς ἦν αὐτόθι, μεθιδώμεν σύμπαντα, δίχα τέμνοντες τὴν ταλασιουργίαν διακριτικῶς τε καὶ συγκριτικῶς τμήματι.

Νεώτερος Σωκράτης: διηρήσθω.

Ξένος: τὸ συγκριτικὸν τοίνυν αὖ σοι καὶ ταλασιουργικὸν 282d ἅμα μόνον, ὃ Σώκρατες, διαιρετέον, εἴπερ ἱκανῶς μέλλομεν τὴν προρηθεῖσαν ὑφαντικὴν αἰρήσειν.

Νεώτερος Σωκράτης: οὐκοῦν χρή.

Ξένος: χρή μὲν οὖν: καὶ λέγωμέν γε αὐτῆς τὸ μὲν εἶναι στρεπτικόν, τὸ δὲ συμπλεκτικόν.

Νεώτερος Σωκράτης: ἄρ' οὖν μανθάνω; δοκεῖς γάρ μοι τὸ περὶ τὴν

τοῦ στήμονος ἐργασίαν λέγειν στρεπτικόν.

Ξένος: οὐ μόνον γε, ἀλλὰ καὶ κρόκης: ἢ γένεσιν ἄστροφόν τινα αὐτῆς εὐρήσομεν;

Νεώτερος Σωκράτης: οὐδαμῶς. 282e

Ξένος: διόρισαι δὴ καὶ τούτοις ἐκάτερον: ἴσως γὰρ ὁ διορισμὸς ἔγκαιρος ἂν σοι γένοιτο.

Νεώτερος Σωκράτης: πῃ;

Ξένος: τῇδε: τῶν περὶ ξαντικὴν ἔργων μηχανθέν τε καὶ σχὸν πλάτος λέγομεν εἶναι κατάγμά τι;

Νεώτερος Σωκράτης: ναί.

Ξένος: τούτου δὴ τὸ μὲν ἀτράκτω τε στραφέν καὶ στερεὸν νῆμα γενόμενον στήμονα μὲν φάθι τὸ νῆμα, τὴν δὲ ἀπευθύνουσιν αὐτὸ τέχνην εἶναι στημονονητικὴν.

Νεώτερος Σωκράτης: ὀρθῶς.

Ξένος: ὅσα δέ γε αὖ τὴν μὲν συστροφὴν χαλὴν λαμβάνει, τῇ δὲ τοῦ στήμονος ἐμπλέξει πρὸς τὴν τῆς γνώψεως ὀλκὴν ἐμμέτρως τὴν μαλακότητα ἴσχει, ταῦτ' ἄρα κρόκην μὲν τὰ νηθέντα, τὴν δὲ ἐπιτεταγμένην αὐτοῖς εἶναι τέχνην τὴν 283a κροκονητικὴν φῶμεν.

Νεώτερος Σωκράτης: ὀρθότατα.

Ξένος: καὶ μὴν τό γε τῆς ὑφαντικῆς μέρος ὃ προυθέμεθα, παντί που δῆλον ἤδη. τὸ γὰρ συγκριτικῆς τῆς ἐν ταλασιουργίᾳ μόριον ὅταν εὐθυπλοκία κρόκης καὶ στήμονος ἀπεργάζεται πλέγμα, τὸ μὲν πλεχθὲν σύμπαν ἐσθῆτα ἐρεᾶν, τὴν δ' ἐπὶ τούτῳ τέχνην οὖσαν προσαγορεύομεν ὑφαντικὴν.

Νεώτερος Σωκράτης: ὀρθότατα. 283b

Ξένος: εἶεν: τί δὴ ποτε οὖν οὐκ εὐθὺς ἀπεκρινάμεθα πλεκτικὴν εἶναι κρόκης καὶ στήμονος ὑφαντικὴν, ἀλλὰ περιήλθομεν ἐν κύκλῳ πάμπολλα διοριζόμενοι μάτην;

Νεώτερος Σωκράτης: οὐκουν ἔμοιγε, ὦ ξένε, μάτην οὐδέν τῶν ῥηθέντων ἔδοξε ῥηθῆναι.

Ξένος: καὶ θαυμαστόν γε οὐδέν: ἀλλὰ τάχ' ἂν, ὦ μακάριε, δόξειε. πρὸς δὴ τὸ νόσημα τὸ τοιοῦτον, ἂν ἄρα πολλάκις ὕστερον ἐπὶ θαυμαστόν γάρ οὐδένλόγον ἄκουσόν τινα 283c προσήκοντα περὶ πάντων τῶν τοιούτων ῥηθῆναι.

Νεώτερος Σωκράτης: λέγε μόνον.

Ξένος: πρῶτον τοίνυν ἴδωμεν πᾶσαν τὴν τε ὑπερβολὴν καὶ τὴν ἔλλειψιν, ἵνα κατὰ λόγον ἐπαινῶμεν καὶ ψέγωμεν τὰ μακρότερα τοῦ δέοντος ἐκάστοτε λεγόμενα καὶ τὰναντία περὶ τὰς τοιάσδε διατριβάς.

Νεώτερος Σωκράτης: οὐκοῦν χρή.

Ξένος: περὶ δὴ τούτων αὐτῶν ὁ λόγος ἡμῖν οἶμαι γιγνόμενος ὀρθῶς ἂν γίγνοιτο.

Νεώτερος Σωκράτης: τίνων;

Ξένος: μήκους τε πέρι καὶ βραχύτητος καὶ πάσης ὑπεροχῆς 283d τε καὶ ἐλλείψεως: ἡ γάρ που μετρητικὴ περὶ πάντ' ἐστὶ ταῦτα.

Νεώτερος Σωκράτης: ναί.

Ξένος: διέλωμεν τοίνυν αὐτὴν δύο μέρη: δεῖ γὰρ δὴ πρὸς ὃ νῦν σπεύδομεν.

Νεώτερος Σωκράτης: λέγοις ἂν τὴν διαίρεσιν ὅπη.

Ξένος: τῆδε: τὸ μὲν κατὰ τὴν πρὸς ἄλληλα μεγέθους καὶ σμικρότητος κοινωνίαν, τὸ δὲ [τὸ] κατὰ τὴν τῆς γενέσεως ἀναγκαίαν οὐσίαν.

Νεώτερος Σωκράτης: πῶς λέγεις;

Ξένος: ἄρ' οὐ κατὰ φύσιν δοκεῖ σοι τὸ μείζον μηδενὸς ἑτέρου δεῖν μείζον λέγειν ἢ τοῦ ἐλάττονος, καὶ τοῦλαττον αὖ 283e τοῦ μείζονος ἔλαττον, ἄλλου δὲ μηδενός;

Νεώτερος Σωκράτης: ἔμοιγε.

Ξένος: τί δέ; τὸ τὴν τοῦ μετρίου φύσιν ὑπερβάλλον καὶ ὑπερβαλλόμενον ὑπ' αὐτῆς ἐν λόγοις εἶτε καὶ ἐν ἔργοις ἄρ' οὐκ αὖ λέξομεν ὡς ὄντως γιγνόμενον, ἐν ᾧ καὶ διαφέρουσι μάλιστα ἡμῶν οἱ τε κακοὶ καὶ [οἱ] ἀγαθοί;

Νεώτερος Σωκράτης: φαίνεται.

Ξένος: διττὰς ἄρα ταύτας οὐσίας καὶ κρίσεις τοῦ μεγάλου καὶ τοῦ μικροῦ θετέον, ἀλλ' οὐχ ὡς ἔφαμεν ἄρτι πρὸς ἄλληλα μόνον δεῖν, ἀλλ' ὥσπερ νῦν εἴρηται μᾶλλον τὴν μὲν πρὸς ἄλληλα λεκτέον, τὴν δ' αὖ πρὸς τὸ μέτριον: οὗ δὲ ἔνεκα, μαθεῖν ἄρ' ἂν βουλοίμεθα;

Νεώτερος Σωκράτης: τί μὴν; 284a

Ξένος: εἰ πρὸς μὴδὲν ἕτερον τὴν τοῦ μείζονος ἐάσει τις φύσιν ἢ πρὸς τοῦλαττον, οὐκ ἔσται ποτὲ πρὸς τὸ μέτριον: ἦ γάρ;

Νεώτερος Σωκράτης: οὕτως.

Ξένος: οὐκοῦν τὰς τέχνας τε αὐτὰς καὶ τᾶργα αὐτῶν σύμπαντα διολοῦμεν τούτῳ τῷ λόγῳ, καὶ δὴ καὶ τὴν ζητουμένην νῦν πολιτικὴν καὶ τὴν ῥηθεῖσαν ὑφαντικὴν ἀφανιοῦμεν; ἅπασαι γὰρ αἱ τοιαῦται που τὸ τοῦ μετρίου πλεόν καὶ ἔλαττον οὐχ ὡς οὐκ ὄν ἀλλ' ὡς ὄν χαλεπὸν περὶ τὰς πράξεις 284b παραφυλάττουσι, καὶ τούτῳ δὴ τῷ τρόπῳ τὸ μέτρον σφύζουσαι πάντα ἀγαθὰ καὶ καλὰ ἀπεργάζονται.

Νεώτερος Σωκράτης: τί μὴν;

Ξένος: οὐκοῦν ἂν τὴν πολιτικὴν ἀφανίσωμεν, ἄπορος ἡμῖν ἢ μετὰ τοῦτο ἔσται ζήτησις τῆς βασιλικῆς ἐπιστήμης;

Νεώτερος Σωκράτης: καὶ μάλα.

Ξένος: πότερον οὖν, καθάπερ ἐν τῷ σοφιστῇ προσηναγκάσαμεν εἶναι τὸ μὴ ὄν, ἐπειδὴ κατὰ τοῦτο διέφυγεν ἡμᾶς ὁ λόγος, οὕτω καὶ νῦν τὸ πλεόν αὖ καὶ ἔλαττον μετρητὰ προσαναγκαστέον γίγνεσθαι μὴ πρὸς ἄλληλα μόνον ἀλλὰ καὶ 284c πρὸς τὴν τοῦ μετρίου γένεσιν; οὐ γὰρ δὴ δυνατόν γε οὔτε πολιτικὸν οὐτ' ἄλλον τινὰ τῶν περὶ τὰς πράξεις ἐπιστήμονα ἀναμφισβητήτως γεγονέναι τούτου μὴ συνομολογηθέντος.

Νεώτερος Σωκράτης: οὐκοῦν καὶ νῦν ὅτι μάλιστα χρή ταυτὸν ποιεῖν.

Ξένος: πλέον, ὦ Σώκρατες, ἔτι τοῦτο τὸ ἔργον ἢ ‘κεῖνο καίτοι κάκεινου γε μεμνήμεθα τὸ μήκος ὅσον ἦνάλλ’ ὑποτίθεσθαι μὲν τὸ τοιόνδε περὶ αὐτῶν καὶ μάλα δίκαιον.

Νεώτερος Σωκράτης: τὸ ποῖον; 284d

Ξένος: ὥς ποτε δεήσει τοῦ νῦν λεχθέντος πρὸς τὴν περὶ αὐτὸ τὰκριβὲς ἀπόδειξιν. ὅτι δὲ πρὸς τὰ νῦν καλῶς καὶ ἱκανῶς δείκνυται, δοκεῖ μοι βοηθεῖν μεγαλοπρεπῶς ἡμῖν οὗτος ὁ λόγος, ὥς ἄρα ἡγητέον ὁμοίως τὰς τέχνας πάσας εἶναι, μεῖζόν τε ἅμα καὶ ἔλαττον μετρεῖσθαι μὴ πρὸς ἄλληλα μόνον ἀλλὰ καὶ πρὸς τὴν τοῦ μετρίου γένεσιν. τούτου τε γὰρ ὄντος ἐκεῖνα ἔστι, κάκεινων οὐσῶν ἔστι καὶ τοῦτο, μὴ δὲ ὄντος ποτέρου τούτων οὐδέτερον αὐτῶν ἔσται ποτέ. 284e

Νεώτερος Σωκράτης: τοῦτο μὲν ὀρθῶς; ἀλλὰ τί δὴ τὸ μετὰ τοῦτο;

Ξένος: δῆλον ὅτι διαιροῖμεν ἂν τὴν μετρητικὴν, καθάπερ ἐρρήθη, ταύτῃ δίχα τέμνοντες, ἐν μὲν τιθέντες αὐτῆς μόριον συμπάσας τέχνας ὁπόσαι τὸν ἀριθμὸν καὶ μήκη καὶ βάθη καὶ πλάτη καὶ ταχυτήτας πρὸς τοῦναντίον μετροῦσιν, τὸ δὲ ἕτερον, ὁπόσαι πρὸς τὸ μέτριον καὶ τὸ πρέπον καὶ τὸν καιρὸν καὶ τὸ δέον καὶ πάνθ’ ὁπόσα εἰς τὸ μέσον ἀπωκίσθη τῶν ἐσχάτων.

Νεώτερος Σωκράτης: καὶ μέγα γε ἑκάτερον τμήμα εἶπες, καὶ πολὺ διαφέρον ἀλλήλοιιν.

Ξένος: ὁ γὰρ ἐνίστε, ὦ Σώκρατες, οἰόμενοι δὴ τι σοφὸν 285a φράζειν πολλοὶ τῶν κομψῶν λέγουσιν, ὥς ἄρα μετρητικὴ περὶ πάντ’ ἔστι τὰ γιγνόμενα, τοῦτ’ αὐτὸ τὸ νῦν λεχθὲν ὃν τυγχάνει. μετρήσεως μὲν γὰρ δὴ τίνα τρόπον πάνθ’ ὁπόσα ἔντεχνα μετεῖληφεν: διὰ δὲ τὸ μὴ κατ’ εἶδη συνειθίσθαι σκοπεῖν διαιρουμένους ταυτὰ τε τοσοῦτον διαφέροντα συμβάλλουσιν εὐθὺς εἰς ταυτὸν ὅμοια νομίσαντες, καὶ τοῦναντίον αὖ τούτου δρῶσιν ἕτερα οὐ κατὰ μέρη διαιροῦντες, δέον, ὅταν 285b μὲν τὴν τῶν πολλῶν τις πρότερον αἰσθηταὶ κοινωνίαν, μὴ προαφίστασθαι πρὶν ἂν ἐν αὐτῇ τὰς διαφορὰς ἴδῃ πάσας ὁπόσαιπερ

ἐν εἶδεσι κεῖνται, τὰς δὲ αὖ παντοδαπὰς ἀνομοιότητας, ὅταν ἐν πλήθεσιν ὀφθῶσιν, μὴ δυνατὸν εἶναι δυσωπούμενον παύεσθαι πρὶν ἂν σύμπαντα τὰ οἰκεῖα ἐντὸς μιᾶς ὁμοιότητος ἔρξας γένους τινὸς οὐσίᾳ περιβάληται. ταῦτα μὲν οὖν ἱκανῶς περὶ τε τούτων καὶ περὶ τῶν ἐλλείψεων καὶ ὑπερβολῶν εἰρήσθω: φυλάττωμεν δὲ μόνον ὅτι δύο γένη 285c περὶ αὐτὰ ἐξηύρηται τῆς μετρητικῆς, καὶ ἃ φαμεν αὐτ' εἶναι μεμνόμεθα.

Νεώτερος Σωκράτης: μεμνησόμεθα.

Ξένος: μετὰ τοῦτον δὴ τὸν λόγον ἕτερον προσδεξώμεθα περὶ αὐτῶν τε τῶν ζητούμενων καὶ περὶ πάσης τῆς ἐν τοῖς τοιοῖσδε λόγοις διατριβῆς.

Νεώτερος Σωκράτης: τὸ ποῖον;

Ξένος: εἴ τις ἀνέροιτο ἡμᾶς τὴν περὶ γράμματα συνουσίαν τῶν μανθανόντων, ὁπότεν τις ὁτιοῦν ὄνομα ἐρωτηθῇ τίνων ἐστὶ γραμμάτων, πότερον αὐτῷ τότε φῶμεν γίνεσθαι τὴν 285d ζήτησιν ἐνὸς ἕνεκα μᾶλλον τοῦ προβληθέντος ἢ τοῦ περὶ πάντα τὰ προβαλλόμενα γραμματικωτέρῳ γίνεσθαι;

Νεώτερος Σωκράτης: δῆλον ὅτι τοῦ περὶ ἅπαντα.

Ξένος: τί δ' αὖ νῦν ἡμῖν ἢ περὶ τοῦ πολιτικοῦ ζήτησις; ἕνεκα αὐτοῦ τούτου προβέβληται μᾶλλον ἢ τοῦ περὶ πάντα διαλεκτικωτέροις γίνεσθαι;

Νεώτερος Σωκράτης: καὶ τοῦτο δῆλον ὅτι τοῦ περὶ πάντα.

Ξένος: ἢ που τὸν τῆς ὑφαντικῆς γε λόγον αὐτῆς ταύτης ἕνεκα θηρεύειν οὐδεὶς ἂν ἐθελήσειεν νοῦν ἔχων: ἀλλ' οἶμαι τοὺς πλείστους λέληθεν ὅτι τοῖς μὲν τῶν ὄντων ῥαδίως 285e καταμαθεῖν αἰσθηταί τινες ὁμοιοτήτες πεφύκασιν, ἃς οὐδὲν χαλεπὸν δηλοῦν, ὅταν αὐτῶν τις βουληθῇ τῷ λόγον αἰτοῦντι περὶ τοῦ μὴ μετὰ πραγμάτων ἀλλὰ χωρὶς λόγου ῥαδίως ἐνδείξασθαι: τοῖς δ' αὖ μεγίστοις οὔσι καὶ τιμιωτάτοις 286a οὐκ ἔστιν εἰδῶλον οὐδὲν πρὸς τοὺς ἀνθρώπους εἰργασμένον ἐναργῶς, οὗ δειχθέντος τὴν τοῦ πυνθανομένου ψυχὴν ὁ βουλόμενος ἀποπληρῶσαι, πρὸς τῶν αἰσθήσεων τινα προσαρμόττων, ἱκανῶς πληρώσει. διὸ δεῖ μελετᾶν λόγον ἐκάστου δυνατὸν εἶναι

δοῦναι καὶ δέξασθαι: τὰ γὰρ ἀσώματα, κάλλιστα ὄντα καὶ μέγιστα, λόγῳ μόνον ἄλλω δὲ οὐδενὶ σαφῶς δείκνυται, τούτων δὲ ἔνεκα πάντ' ἐστὶ τὰ νῦν λεγόμενα. ῥάων 286b δ' ἐν τοῖς ἐλάττωσιν ἡ μελέτη παντὸς πέρι μᾶλλον ἢ περὶ τὰ μείζω.

Νεώτερος Σωκράτης: κάλλιστ' εἶπες.

Ξένος: ὦν τοίνυν χάριν ἅπανθ' ἡμῖν ταῦτ' ἐρρήθη περὶ τούτων, μνησθῶμεν.

Νεώτερος Σωκράτης: τίνων;

Ξένος: ταύτης τε οὐχ ἥκιστα αὐτῆς ἔνεκα τῆς δυσχερείας ἣν περὶ τὴν μακρολογίαν τὴν περὶ τὴν ὑφαντικὴν ἀπεδεξάμεθα δυσχερῶς, καὶ τὴν περὶ τὴν τοῦ παντὸς ἀνείλιξιν καὶ τὴν τοῦ σοφιστοῦ πέρι τῆς τοῦ μὴ ὄντος οὐσίας, ἐννοοῦντες ὡς ἔσχε μῆκος πλεον, καὶ ἐπὶ τούτοις δὴ πᾶσιν ἐπεπλήξαμεν 286c ἡμῖν αὐτοῖς, δείσαντες μὴ περίεργα ἅμα καὶ μακρὰ λέγοιμεν. ἴν' οὖν εἰς αὐθις μηδὲν πάσχωμεν τοιοῦτον, τούτων ἔνεκα πάντων τὰ πρόσθε νῶν εἰρησθαι φάθι.

Νεώτερος Σωκράτης: ταῦτ' ἔσται. λέγε ἐξῆς μόνον.

Ξένος: λέγω τοίνυν ὅτι χρὴ δὴ μεμνημένους ἐμὲ καὶ σὲ τῶν νῦν εἰρημένων τόν τε ψόγον ἐκάστοτε καὶ ἔπαινον ποιεῖσθαι βραχύτητος ἅμα καὶ μήκους ὧν ἂν αἰεὶ πέρι λέγωμεν, μὴ πρὸς ἄλληλα τὰ μήκη κρίνοντες ἀλλὰ κατὰ τὸ 286d τῆς μετρητικῆς μέρος ὃ τότε ἔφαμεν δεῖν μεμνησθαι, πρὸς τὸ πρέπον.

Νεώτερος Σωκράτης: ὀρθῶς.

Ξένος: οὐ τοίνυν οὐδὲ πρὸς τοῦτο πάντα. οὔτε γὰρ πρὸς τὴν ἡδονὴν μήκους ἀρμόττοντος οὐδὲν προσδεησόμεθα, πλὴν εἰ πάρεργόν τι: τό τε αὖ πρὸς τὴν τοῦ προβληθέντος ζήτησιν, ὡς ἂν ῥᾶστα καὶ τάχιστα εὖροιμεν, δεύτερον ἀλλ' οὐ πρῶτον ὁ λόγος ἀγαπᾶν παραγγέλλει, πολὺ δὲ μάλιστα καὶ πρῶτον τὴν μέθοδον αὐτὴν τιμᾶν τοῦ κατ' εἶδη δυνατόν εἶναι διαιρεῖν, 286e καὶ δὴ καὶ λόγον, ἅντε παμμήκης λεχθεὶς τὸν ἀκούσαντα εὐρετικώτερον ἀπεργάζεται, τοῦτον σπουδάζειν καὶ τῷ μήκει μηδὲν ἀγανακτεῖν, ἅντ' αὖ βραχύτερος, ὡσαύτως: ἔτι δ' αὖ πρὸς τούτοις τὸν περὶ τὰς τοιάσδε συνουσίας ψέγοντα λόγων μήκη καὶ τὰς ἐν κύκλῳ περιόδους οὐκ

ἀποδεχόμενον, ὅτι χρή τὸν τοιοῦτον μὴ [πάνυ] ταχὺ μηδ' εὐθὺς οὕτω μεθίεναι ψέξαντα 287a μόνον ὡς μακρὰ τὰ λεχθέντα, ἀλλὰ καὶ προσαποφαίνειν οἶεσθαι δεῖν ὡς βραχύτερα ἂν γενόμενα τοὺς συνόντας ἀπηργάζετο διαλεκτικωτέρους καὶ τῆς τῶν ὄντων λόγῳ δηλώσεως εὐρετικωτέρους, τῶν δὲ ἄλλων καὶ πρὸς ἄλλ' ἅττα ψόγων καὶ ἐπαίνων μηδὲν φροντίζειν μηδὲ τὸ παράπαν ἀκούειν δοκεῖν τῶν τοιούτων λόγων. καὶ τούτων μὲν ἄλλις, εἰ καὶ σοὶ ταύτη συνδοκεῖ: πρὸς δὲ δὴ τὸν πολιτικὸν 287b ἴωμεν πάλιν, τῆς προρρηθείσης ὑφαντικῆς αὐτῷ φέροντες τὸ παράδειγμα.

Νεώτερος Σωκράτης: καλῶς εἶπες, καὶ ποιῶμεν ἃ λέγεις.

Ξένος: οὐκοῦν ἀπὸ γε τῶν πολλῶν ὁ βασιλεὺς ὅσαι σύννομοι, μᾶλλον δὲ ἀπὸ πασῶν τῶν περὶ τὰς ἀγέλας διακεχώρισται: λοιπαὶ δέ, φαμέν, αἱ κατὰ πόλιν αὐτὴν τῶν τε συναιτίων καὶ τῶν αἰτίων, ἃς πρώτας ἀπ' ἀλλήλων διαιρετέον.

Νεώτερος Σωκράτης: ὀρθῶς.

Ξένος: οἷσθ' οὖν ὅτι χαλεπὸν αὐτὰς τεμεῖν δίχα; τὸ δ' 287c αἴτιον, ὡς οἶμαι, προῖοῦσιν οὐχ ἦττον ἔσται καταφανές.

Νεώτερος Σωκράτης: οὐκοῦν χρή δρᾶν οὕτως.

Ξένος: κατὰ μέλη τοίνυν αὐτὰς οἷον ἱερεῖον διαιρώμεθα, ἐπειδὴ δίχα ἀδυνατοῦμεν. δεῖ γὰρ εἰς τὸν ἐγγύτατα ὅτι μάλιστα τέμνειν ἀριθμὸν αἰεί.

Νεώτερος Σωκράτης: πῶς οὖν ποιῶμεν τὰ νῦν;

Ξένος: ὥσπερ ἔμπροσθεν, ὁπόσαι παρείχοντο ὄργανα περὶ τὴν ὑφαντικὴν, πάσας δῆπου τότε ἐτίθεμεν ὡς συναιτίους.

Νεώτερος Σωκράτης: ναί.

Ξένος: καὶ νῦν δὴ ταῦτόν μὲν τοῦτο, ἔτι δὲ μᾶλλον ἢ τόθ' 287d ἡμῖν ποιητέον. ὅσαι γὰρ σμικρὸν ἢ μέγα τι δημιουργοῦσι κατὰ πόλιν ὄργανον, θετέον ἀπάσας ταύτας ὡς οὐσας συναιτίους. ἄνευ γὰρ τούτων οὐκ ἂν ποτε γένοιτο πόλις οὐδὲ πολιτικὴ, τούτων δ' αὖ βασιλικῆς ἔργον τέχνης οὐδέν που θήσομεν.

Νεώτερος Σωκράτης: οὐ γάρ.

Ξένος: καὶ μὲν δὴ χαλεπὸν ἐπιχειροῦμεν δρᾶν ἀποχωρίζοντες τοῦτο ἀπὸ τῶν ἄλλων τὸ γένος: ὅτι γὰρ οὖν τῶν ὄντων ἔστιν ὥς ἐνός γε τινος ὄργανον εἰπόντα δοκεῖν εἰρηκέναι 287e τι πιθανόν. ὅμως δὲ ἕτερον αὖ τῶν ἐν πόλει κτημάτων εἶπωμεν τόδε.

Νεώτερος Σωκράτης: τὸ ποῖον;

Ξένος: ὥς οὐκ ἔστι ταύτην τὴν δύναμιν ἔχον. οὐ γὰρ ἐπὶ γενέσεως αἰτία πηγνυται, καθάπερ ὄργανον, ἀλλ' ἔνεκα τοῦ δημιουργηθέντος σωτηρίας.

Νεώτερος Σωκράτης: τὸ ποῖον;

Ξένος: τοῦτο ὃ δὴ ξηροῖς καὶ ὑγροῖς καὶ ἐμπύροις καὶ ἀπύροις παντοδαπὸν εἶδος ἐργασθὲν ἀγγεῖον [ὃ δὴ] μιᾷ κλήσει προσφθεγγόμεθα, καὶ μάλα γε συχνὸν εἶδος καὶ τῇ ζητουμένῃ 288a γε, ὥς οἶμαι, προσῆκον οὐδὲν ἀτεχνῶς ἐπιστήμη.

Νεώτερος Σωκράτης: πῶς γὰρ οὐ;

Ξένος: τούτων δὴ τρίτον ἕτερον εἶδος κτημάτων πάμπολυ κατοπτέον πεζὸν καὶ ἔνυδρον καὶ πολυπλανὲς καὶ ἀπλανὲς καὶ τίμιον καὶ ἄτιμον, ἐν δὲ ὄνομα ἔχον, διότι πᾶν ἔνεκά τινος ἐφέδρας ἐστί, θάκος ἀεὶ τι γιγνώμενον.

Νεώτερος Σωκράτης: τὸ ποῖον;

Ξένος: ὄχημα αὐτό που λέγομεν, οὐ πάνυ πολιτικῆς ἔργον, ἀλλὰ μᾶλλον πολὺ τεκτονικῆς καὶ κεραμικῆς καὶ χαλκοτυπικῆς.

Νεώτερος Σωκράτης: μανθάνω. 288b

Ξένος: τί δὲ τέταρτον; ἄρ' ἕτερον εἶναι τούτων λεκτέον, ἐν ᾧ τὰ πλεῖστά ἐστι τῶν πάλαι ῥηθέντων, ἐσθῆς τε σύμπασα καὶ τῶν ὅπλων τὸ πολὺ καὶ τείχη πάντα θ' ὅσα γήινα περιβλήματα καὶ λίθινα, καὶ μυρία ἕτερα; προβολῆς δὲ ἔνεκα συμπάντων αὐτῶν εἰργασμένων δικαιοῦτατ' ἂν ὅλον προσαγορεύοιτο πρόβλημα, καὶ πολλῶ μᾶλλον τέχνης οἰκοδομικῆς ἔργον καὶ ὑφαντικῆς τὸ πλεῖστον νομίζοιτ' ἂν ὀρθότερον ἢ πολιτικῆς.

Νεώτερος Σωκράτης: πάνυ μὲν οὖν. 288c

Ξένος: πέμπτον δὲ ἄρ' ἂν ἐθέλοιμεν τὸ περὶ τὸν κόσμον καὶ γραφικὴν θεῖναι καὶ ὅσα ταύτῃ προσχρώμενα καὶ μουσικῇ μιμήματα τελεῖται, πρὸς τὰς ἡδονὰς μόνον ἡμῶν ἀπειργασμένα, δικαίως δ' ἂν ὀνόματι περιληφθέντα ἐνί;

Νεώτερος Σωκράτης: ποίῳ;

Ξένος: παίγνιόν πού τι λέγεται.

Νεώτερος Σωκράτης: τί μήν;

Ξένος: τοῦτο τοίνυν τούτοις ἐν ὄνομα ἅπασι πρέψει προσαγορευθέν: οὐ γὰρ σπουδῆς οὐδὲν αὐτῶν χάριν, ἀλλὰ παιδιᾶς ἕνεκα πάντα δρᾶται. 288d

Νεώτερος Σωκράτης: καὶ τοῦτο σχεδόν τι μανθάνω.

Ξένος: τὸ δὲ πᾶσιν τούτοις σώματα παρέχον, ἐξ ὧν καὶ ἐν οἷς δημιουργοῦσιν ὁπόσαι τῶν τεχνῶν νῦν εἴρηγται, παντοδαπὸν εἶδος πολλῶν ἐτέρων τεχνῶν ἔκγονον ὄν, ἄρ' οὐχ ἔκτον θήσομεν;

Νεώτερος Σωκράτης: τὸ ποῖον δὴ λέγεις;

Ξένος: χρυσόν τε καὶ ἄργυρον καὶ πάνθ' ὁπόσα μεταλλεύεται καὶ ὅσα δρυοτομικὴ καὶ κουρὰ σύμπασα τέμνουσα παρέχει τεκτονικῇ καὶ πλεκτικῇ: καὶ ἔτι φλοιοστικὴ φυτῶν 288e τε καὶ ἐμψύχων δέρματα σωμάτων περιαιροῦσα σκυτοτομικὴ, καὶ ὅσαι περὶ τὰ τοιαῦτά εἰσιν τέχναι, καὶ φελλῶν καὶ βύβλων καὶ δεσμῶν ἐργαστικαὶ παρέσχον δημιουργεῖν σύνθετα ἐκ μὴ συντιθεμένων εἶδη γενῶν. ἐν δὲ αὐτὸ προσαγορευόμεν πᾶν τὸ πρωτογενὲς ἀνθρώποις κτῆμα καὶ ἀσύνθετον καὶ βασιλικῆς ἐπιστήμης οὐδαμῶς ἔργον ὄν.

Νεώτερος Σωκράτης: καλῶς.

Ξένος: τὴν δὴ τῆς τροφῆς κτῆσιν, καὶ ὅσα εἰς τὸ σῶμα συγκαταμειγνύμενα ἑαυτῶν μέρεσι μέρη σώματος εἰς τὸ 289a θεραπεῦσαί τινα δύναμιν εἴληχε, λεκτέον ἔβδομον ὀνομάσαντας αὐτὸ σύμπαν ἡμῶν εἶναι τροφόν, εἰ μὴ τι κάλλιον ἔχομεν ἄλλο θέσθαι: γεωργικῇ δὲ καὶ θηρευτικῇ καὶ γυμναστικῇ καὶ ἰατρικῇ καὶ

μαγειρικῇ πᾶν ὑποτιθέντες ὀρθότερον ἀποδώσομεν ἢ τῇ πολιτικῇ.

Νεώτερος Σωκράτης: πῶς γὰρ οὐ;

Ξένος: σχεδὸν τοίνυν ὅσα ἔχεται κτήσεως, πλὴν τῶν ἡμέρων ζώων, ἐν τούτοις ἐπτὰ οἶμαι γένεσιν εἰρησθαι. σκόπει δέ: ἦν γὰρ δικαιοτάτα μὲν ἂν τεθὲν κατ' ἀρχὰς τὸ 289b πρωτογενὲς εἶδος, μετὰ δὲ τοῦτο ὄργανον, ἀγγεῖον, ὄχημα, πρόβλημα, παίγνιον, θρέμμα. <ᾱ> παραλείπομεν δέ, εἴ τι μὴ μέγα λέληθεν, εἷς τι τούτων δυνατὸν ἀρμόττειν, οἷον ἡ τοῦ νομίσματος ἰδέα καὶ σφραγίδων καὶ παντὸς χαρακτῆρος. γένος τε γὰρ ἐν αὐτοῖς ταῦτα οὐδὲν ἔχει μέγα σύννομον, ἀλλὰ τὰ μὲν εἰς κόσμον, τὰ δὲ εἰς ὄργανα βία μὲν, ὅμως δὲ πάντως ἐλκόμενα συμφωνήσει. τὰ δὲ περὶ ζώων κτῆσιν τῶν ἡμέρων, πλὴν δούλων, ἢ 289c πρότερον ἀγγελαιοτροφικὴ διαμερισθεῖσα πάντ' εἰληφυῖα ἀναφανεῖται.

Νεώτερος Σωκράτης: πάνυ μὲν οὖν.

Ξένος: τὸ δὲ δὴ δούλων καὶ πάντων ὑπηρετῶν λοιπόν, ἐν οἷς που καὶ μαντεύομαι τοὺς περὶ αὐτὸ τὸ πλέγμα ἀμφισβητοῦντας τῷ βασιλεῖ καταφανεῖς γενήσεσθαι, καθάπερ τοῖς ὑφάνταις τότε τοὺς περὶ τὸ νήθειν τε καὶ ξαίνειν καὶ ὅσα ἄλλα εἶπομεν. οἱ δὲ ἄλλοι πάντες, ὡς συναίτιοι λεχθέντες, ἅμα τοῖς ἔργοις τοῖς νυνδὴ ῥηθεῖσιν ἀνήλκωνται καὶ ἀπεχωρίσθησαν 289d ἀπὸ βασιλικῆς τε καὶ πολιτικῆς πράξεως.

Νεώτερος Σωκράτης: εὐοίκασι γοῦν.

Ξένος: ἴθι δὴ σκεψώμεθα τοὺς λοιποὺς προσελθόντες ἐγγύθεν, ἵνα αὐτοὺς εἰδῶμεν βεβαίότερον.

Νεώτερος Σωκράτης: οὐκοῦν χρή.

Ξένος: τοὺς μὲν δὴ μεγίστους ὑπηρέτας, ὡς ἐνθένδε ἰδεῖν, τούναντίον ἔχοντας εὐρίσκομεν οἷς ὑπωπτεύσαμεν ἐπιτήδευμα καὶ πάθος.

Νεώτερος Σωκράτης: τίνας;

Ξένος: τοὺς ὠνητούς τε καὶ τῷ τρόπῳ τούτῳ κητούς: οὓς 289e ἀναμφισβητήτως δούλους ἔχομεν εἰπεῖν; ἥκιστα βασιλικῆς

μεταποιουμένους τέχνης.

Νεώτερος Σωκράτης: πῶς δ' οὐ;

Ξένος: τί δέ; τῶν ἐλευθέρων ὅσοι τοῖς νυνδὴ ῥηθεῖσιν εἰς ὑπηρετικὴν ἐκόντες αὐτοὺς τάττουσι, τὰ τε γεωργίας καὶ τὰ τῶν ἄλλων τεχνῶν ἔργα διακομίζοντες ἐπ' ἀλλήλους καὶ ἀνισοῦντες, οἱ μὲν κατ' ἀγοράς, οἱ δὲ πόλιν ἐκ πόλεως ἀλλάττοντες κατὰ θάλατταν καὶ πεζῇ, νόμισμά τε πρὸς τὰ ἄλλα καὶ αὐτὸ πρὸς αὐτὸ διαμείβοντες, οὓς ἀργυραμοιβοὺς τε 290a καὶ ἐμποροὺς καὶ ναυκλήρους καὶ καπήλους ἐπωνομάκαμεν, μὴ τῆς πολιτικῆς ἀμφισβητήσουσί τι;

Νεώτερος Σωκράτης: τάχ' ἂν ἴσως τῆς γε τῶν ἐμπορευτικῶν.

Ξένος: ἀλλ' οὐ μὴν οὓς γε ὁρῶμεν μισθωτοὺς καὶ θήτας πᾶσιν ἐτοιμότατα ὑπηρετοῦντας, μὴ ποτε βασιλικῆς μεταποιουμένους εὖρωμεν.

Νεώτερος Σωκράτης: πῶς γάρ;

Ξένος: τί δὲ ἄρα τοὺς τὰ τοιαύδε διακονοῦντας ἡμῖν ἐκάστοτε;

Νεώτερος Σωκράτης: τὰ ποῖα εἶπες καὶ τίνας; 290b

Ξένος: ὦν τὸ κηρυκικὸν ἔθνος, ὅσοι τε περὶ γράμματα σοφοὶ γίνονται πολλάκις ὑπηρετήσαντες, καὶ πόλλ' ἄττα ἕτερα περὶ τὰς ἀρχὰς διαπνεῖσθαι τινες ἕτεροι πάνδεινοι, τί τούτους αὖ λέξομεν;

Νεώτερος Σωκράτης: ὅπερ εἶπες νῦν, ὑπηρετάς, ἀλλ' οὐκ αὐτοὺς ἐν ταῖς πόλεσιν ἄρχοντας.

Ξένος: ἀλλὰ οὐ μὴν οἶμαί γε ἐνύπνιον ἰδὼν εἶπον ταύτη πη φανήσεσθαι τοὺς διαφερόντως ἀμφισβητοῦντας τῆς πολιτικῆς. καίτοι σφόδρα γε ἄτοπον ἂν εἶναι δόξειε τὸ ζητεῖν 290c τούτους ἐν ὑπηρετικῇ μοίρᾳ τινί.

Νεώτερος Σωκράτης: κομιδῇ μὲν οὖν.

Ξένος: ἔτι δὴ προσμείζομεν ἐγγύτερον ἐπὶ τοὺς μήπω βεβασανισμένους. εἰσὶ δὲ οἳ τε περὶ μαντικὴν ἔχοντές τινος ἐπιστήμης διακόνου μόριον: ἐρμηνευταὶ γάρ που νομίζονται παρὰ

θεῶν ἀνθρώποις.

Νεώτερος Σωκράτης: ναί.

Ξένος: καὶ μὴν καὶ τὸ τῶν ἱερέων αὖ γένος, ὥς τὸ νόμιμόν φησι, παρὰ μὲν ἡμῶν δωρεὰς θεοῖς διὰ θυσιῶν ἐπιστημόν 290d ἐστὶ κατὰ νοῦν ἐκεῖνοις δωρεῖσθαι, παρὰ δὲ ἐκείνων ἡμῖν εὐχαῖς κτήσιν ἀγαθῶν αἰτήσασθαι: ταῦτα δὲ διακόνου τέχνης ἐστὶ που μόρια ἀμφοτέρω.

Νεώτερος Σωκράτης: φαίνεται γοῦν.

Ξένος: ἤδη τοίνυν μοι δοκοῦμεν οἷόν γε τινος ἵχνους ἐφ' ὃ πορευόμεθα προσάπτεσθαι. τὸ γὰρ δὴ τῶν ἱερέων σχῆμα καὶ τὸ τῶν μάντεων εὖ μάλα φρονήματος πληροῦται καὶ δόξαν σεμνὴν λαμβάνει διὰ τὸ μέγεθος τῶν ἐγχειρημάτων, ὥστε περὶ μὲν Αἴγυπτον οὐδ' ἕξεσι βασιλέα χωρὶς ἱερατικῆς 290e ἄρχειν, ἀλλ' ἐὰν ἄρα καὶ τύχη πρότερον ἐξ ἄλλου γένους βιασάμενος, ὕστερον ἀναγκαῖον εἰς τοῦτο εἰστελεῖσθαι αὐτὸν τὸ γένος: ἔτι δὲ καὶ τῶν Ἑλλήνων πολλαχοῦ ταῖς μεγίσταις ἀρχαῖς τὰ μέγιστα τῶν περὶ τὰ τοιαῦτα θύματα εὖροι τις ἂν προσταττόμενα θύειν. καὶ δὴ καὶ παρ' ὑμῖν οὐχ ἥκιστα δηλὸν ὃ λέγω: τῷ γὰρ λαχόντι βασιλεῖ φασιν τῇδε τὰ σεμνότατα καὶ μάλιστα πάτρια τῶν ἀρχαίων θυσιῶν ἀποδεδόσθαι.

Νεώτερος Σωκράτης: καὶ πάνυ γε. 291a

Ξένος: τούτους τε τοίνυν τοὺς κληρωτοὺς βασιλέας ἅμα καὶ ἱερέας, καὶ ὑπηρέτας αὐτῶν καὶ τινα ἕτερον ἀμπολὺν ὄχλον σκεπτέον, ὃς ἄρτι κατάδηλος νῦν ἡμῖν γέγονεν ἀποχωρισθέντων τῶν ἔμπροσθεν.

Νεώτερος Σωκράτης: τίνας δ' αὐτοὺς καὶ λέγεις;

Ξένος: καὶ μάλα τινὰς ἀτόπους.

Νεώτερος Σωκράτης: τί δή;

Ξένος: ἀμφυλὸν τι γένος αὐτῶν, ὥς γε ἄρτι σκοπούμεν φαίνεται. πολλοὶ μὲν γὰρ λέουσι τῶν ἀνδρῶν εἷξαι καὶ Κενταύροις 291b καὶ τοιούτοις ἑτέροις, ἀμπολλοὶ δὲ Σατύροις καὶ τοῖς ἀσθενέσι καὶ πολυτρόποις θηρίοις: ταχὺ δὲ μεταλλάττουσι τὰς τε ἰδέας καὶ τὴν

δύναμιν εἰς ἀλλήλους. καὶ μέντοι μοι νῦν, ὦ Σώκρατες, ἄρτι δοκῶ κατανενοηκέναι τοὺς ἄνδρας.

Νεώτερος Σωκράτης: λέγοις ἄν: ἔοικας γὰρ ἄτοπὸν τι καθορᾶν.

Ξένος: ναί: τὸ γὰρ ἄτοπον ἐξ ἀγνοίας πᾶσι συμβαίνει. καὶ γὰρ δὴ καὶ νῦν αὐτὸς τοῦτ' ἔπαθον: ἐξαίφνης ἡμφεγνόησα 291c κατιδὼν τὸν περὶ τὰ τῶν πόλεων πράγματα χορόν.

Νεώτερος Σωκράτης: ποῖον;

Ξένος: τὸν πάντων τῶν σοφιστῶν μέγιστον γόητα καὶ ταύτης τῆς τέχνης ἐμπειρότατον: ὃν ἀπὸ τῶν ὄντως ὄντων πολιτικῶν καὶ βασιλικῶν καίπερ παγγάλεπον ὄντα ἀφαιρεῖν ἀφαιρετέον, εἰ μέλλομεν ἰδεῖν ἐναργῶς τὸ ζητούμενον.

Νεώτερος Σωκράτης: ἀλλὰ μὴν τοῦτό γε οὐκ ἀνετέον.

Ξένος: οὐκουν δὴ κατὰ γε τὴν ἐμήν. καὶ μοι φράζε τόδε.

Νεώτερος Σωκράτης: τὸ ποῖον; 291d

Ξένος: ἄρ' οὐ μοναρχία τῶν πολιτικῶν ἡμῖν ἀρχῶν ἐστὶ μία;

Νεώτερος Σωκράτης: ναί.

Ξένος: καὶ μετὰ μοναρχίαν εἴποι τις ἂν οἶμαι τὴν ὑπὸ τῶν ὀλίγων δυναστείαν.

Νεώτερος Σωκράτης: πῶς δ' οὐ;

Ξένος: τρίτον δὲ σχῆμα πολιτείας οὐχ ἡ τοῦ πλήθους ἀρχή, δημοκρατία τοῦνομα κληθεῖσα;

Νεώτερος Σωκράτης: καὶ πάνυ γε.

Ξένος: τρεῖς δ' οὕσαι μὲν οὐ πέντε τρόπον τινὰ γίνονται, δὴ ἐξ ἑαυτῶν ἄλλα πρὸς αὐταῖς ὀνόματα τίκτουσαι;

Νεώτερος Σωκράτης: ποῖα δὴ; 291e

Ξένος: πρὸς τὸ βίαιόν που καὶ ἐκούσιον ἀποσκοποῦντες νῦν καὶ πενίαν καὶ πλοῦτον καὶ νόμον καὶ ἀνομίαν ἐν αὐταῖς γιγνόμενα

διπλὴν ἑκατέραν τοῖν δυοῖν διαιροῦντες μοναρχίαν μὲν προσαγορεύουσιν ὥς δύο παρεχομένην εἶδη δυοῖν ὀνόμασι, τυραννίδι, τὸ δὲ βασιλικῇ.

Νεώτερος Σωκράτης: τί μήν;

Ξένος: τὴν δὲ ὑπ' ὀλίγων γε ἐκάστοτε κρατηθεῖσαν πόλιν ἀριστοκρατία καὶ ὀλιγαρχία.

Νεώτερος Σωκράτης: καὶ πάνυ γε.

Ξένος: δημοκρατίας γε μήν, ἐάντ' οὖν βιαίως ἐάντε ἐκουσίως 292a τῶν τὰς οὐσίας ἐχόντων τὸ πλῆθος ἄρχῃ, καὶ ἐάντε τοὺς νόμους ἀκριβῶς φυλάττον ἐάντε μή, πάντως τοῦνομα οὐδεὶς αὐτῆς εἴωθε μεταλλάττειν.

Νεώτερος Σωκράτης: ἀληθῆ.

Ξένος: τί οὖν; οἰόμεθά τινα τούτων τῶν πολιτειῶν ὀρθὴν εἶναι τούτοις τοῖς ὄροις ὀρισθεῖσαν, ἐνὶ καὶ ὀλίγοις καὶ πολλοῖς, καὶ πλούτῳ καὶ πενίᾳ, καὶ τῷ βιαίῳ καὶ ἐκουσίῳ, καὶ μετὰ γραμμάτων καὶ ἄνευ νόμων συμβαίνουσιν γίνεσθαι;

Νεώτερος Σωκράτης: τί γὰρ δὴ καὶ κωλύει; 292b

Ξένος: σκόπει δὴ σαφέστερον τῇδε ἐπόμενος.

Νεώτερος Σωκράτης: πῇ;

Ξένος: τῷ ῥηθέντι κατὰ πρώτας πότερον ἐμμενοῦμεν ἢ διαφωνήσομεν;

Νεώτερος Σωκράτης: τῷ δὴ ποίῳ λέγεις;

Ξένος: τὴν βασιλικὴν ἀρχὴν τῶν ἐπιστημῶν εἶναί τινα ἔφαμεν, οἶμαι.

Νεώτερος Σωκράτης: ναί.

Ξένος: καὶ τούτων γε οὐχ ἀπασῶν, ἀλλὰ κριτικὴν δήπου τινὰ καὶ ἐπιστατικὴν ἐκ τῶν ἄλλων προειλόμεθα.

Νεώτερος Σωκράτης: ναί.

Ξένος: κάκ τῆς ἐπιστατικῆς τὴν μὲν ἐπ' ἀψύχοις ἔργοις, 292c τὴν δ' ἐπὶ ζώοις· καὶ κατὰ τοῦτον δὴ τὸν τρόπον μερίζοντες δεῦρ' αἰεὶ προελγλύθαμεν, ἐπιστήμης οὐκ ἐπιλανθανόμενοι, τὸ δ' ἥτις οὐχ ἱκανῶς πω δυνάμενοι διακριβώσασθαι.

Νεώτερος Σωκράτης: λέγεις ὀρθῶς.

Ξένος: τοῦτ' αὐτὸ τοίνυν ἄρ' ἐννοοῦμεν, ὅτι τὸν ὅρον οὐκ ὀλίγους οὐδὲ πολλούς, οὐδὲ τὸ ἐκούσιον οὐδὲ τὸ ἀκούσιον, οὐδὲ πενίαν οὐδὲ πλοῦτον γίγνεσθαι περὶ αὐτῶν χρεῶν, ἀλλὰ τινα ἐπιστήμην, εἴπερ ἀκολουθήσομεν τοῖς πρόσθεν; 292d

Νεώτερος Σωκράτης: ἀλλὰ μὴν τοῦτό γε ἀδύνατον μὴ ποιεῖν.

Ξένος: ἐξ ἀνάγκης δὴ νῦν τοῦτο οὕτω σκεπτέον, ἐν τίνι ποτὲ τούτων ἐπιστήμη συμβαίνει γίγνεσθαι περὶ ἀνθρώπων ἀρχῆς, σχεδὸν τῆς χαλεπωτάτης καὶ μεγίστης κτήσασθαι. δεῖ γὰρ ἰδεῖν αὐτήν, ἵνα θεασώμεθα τίνας ἀφαιρετέον ἀπὸ τοῦ φρονίμου βασιλέως, οἱ προσποιοῦνται μὲν εἶναι πολιτικοὶ καὶ πείθουσι πολλούς, εἰσὶ δὲ οὐδαμῶς.

Νεώτερος Σωκράτης: δεῖ γὰρ δὴ ποιεῖν τοῦτο, ὥς ὁ λόγος ἡμῖν προεῖρηκεν. 292e

Ξένος: μὲν οὖν δοκεῖ πληθὺς γε ἐν πόλει ταύτην τὴν ἐπιστήμην δυνατόν εἶναι κτήσασθαι;

Νεώτερος Σωκράτης: καὶ πῶς;

Ξένος: ἀλλ' ἄρα ἐν χιλιάνδρῳ πόλει δυνατόν ἑκατόν τινας ἢ καὶ πεντήκοντα αὐτήν ἱκανῶς κτήσασθαι;

Νεώτερος Σωκράτης: ῥάστη μεντὰν οὕτω γ' εἴη πασῶν τῶν τεχνῶν· ἴσμεν γὰρ ὅτι χιλίων ἀνδρῶν ἅκροι πεττευταὶ τοσοῦτοι πρὸς τοὺς ἐν τοῖς ἄλλοις Ἑλλήσιν οὐκ ἂν γένοιτό ποτε, μὴ τι δὴ βασιλῆς γε. δεῖ γὰρ δὴ τὸν γε τὴν βασιλικὴν ἔχοντα ἐπιστήμην, ἂν τ' ἄρχῃ καὶ ἂν μὴ, κατὰ τὸν ἔμπροσθε 293a λόγον ὅμως βασιλικὸν προσαγορεύεσθαι.

Ξένος: καλῶς ἀπεμνημόνευσας. ἐπόμενον δὲ οἶμαι τούτῳ τὴν μὲν ὀρθὴν ἀρχὴν περὶ ἓνα τινὰ καὶ δύο καὶ παντάπασιν ὀλίγους δεῖ ζητεῖν, ὅταν ὀρθὴ γίγνηται.

Νεώτερος Σωκράτης: τί μήν;

Ξένος: τούτους δέ γε, ἐάντε ἐκόντων ἄντ' ἀκόντων ἄρχωσιν, ἐάντε κατὰ γράμματα ἐάντε ἄνευ γραμμάτων, καὶ ἐὰν πλουτοῦντες ἢ πενόμενοι, νομιστέον, ὥσπερ νῦν ἡγούμεθα, κατὰ τέχνην ἡντινοῦν ἀρχὴν ἄρχοντας. τοὺς ἰατροὺς 293b δὲ οὐχ ἡκιστα νενομίκαμεν, ἐάντε ἐκόντας ἐάντε ἄκοντας ἡμᾶς ἰῶνται, τέμνοντες ἢ κάοντες ἢ τινα ἄλλην ἀλγηδόνα προσάπτοντες, καὶ ἐὰν κατὰ γράμματα ἢ χωρὶς γραμμάτων, καὶ ἐὰν πένητες ὄντες ἢ πλούσιοι, πάντως οὐδὲν ἥττον ἰατροὺς φάμεν, ἥσπερ ἂν ἐπιστατοῦντες τέχνη, καθαίροντες εἴτε ἄλλως ἰσχυαίνοντες εἴτε καὶ αὐξάνοντες, ἂν μόνον ἐπ' ἀγαθῷ τῷ τῶν σωμάτων, βελτίῳ ποιοῦντες ἐκ χειρόνων, 293c σφύζωσιν οἱ θεραπεύοντες ἕκαστοι τὰ θεραπευόμενα: ταύτη θήσομεν, ὥς οἶμαι, καὶ οὐκ ἄλλη, τοῦτον ὅρον ὀρθὸν εἶναι μόνον ἰατρικῆς καὶ ἄλλης ἡστινOSOῦν ἀρχῆς.

Νεώτερος Σωκράτης: κομιδῇ μὲν οὖν.

Ξένος: ἀναγκαῖον δὴ καὶ πολιτειῶν, ὥς ἔοικε, ταύτην ὀρθὴν διαφερόντως εἶναι καὶ μόνην πολιτείαν, ἐν ἣ τις ἂν εὕρισκοι τοὺς ἄρχοντας ἀληθῶς ἐπιστήμονας καὶ οὐ δοκοῦντας μόνον, ἐάντε κατὰ νόμους ἐάντε ἄνευ νόμων ἄρχωσι, καὶ ἐκόντων ἢ 293d ἀκόντων, καὶ πενόμενοι ἢ πλουτοῦντες, τούτων ὑπολογιστέον οὐδὲν οὐδαμῶς εἶναι κατ' οὐδεμίαν ὀρθότητα.

Νεώτερος Σωκράτης: καλῶς.

Ξένος: καὶ ἐάντε γε ἀποκτεινόντες τινὰς ἢ καὶ ἐκβάλλοντες καθαίρωσιν ἐπ' ἀγαθῷ τὴν πόλιν, εἴτε καὶ ἀποικίας οἷον σμήνην μελιττῶν ἐκπέμποντές ποι σμικροτέραν ποιῶσιν, ἢ τινὰς ἐπεισαγόμενοί ποθεν ἄλλους ἐξωθεν πολίτας ποιοῦντες αὐτὴν αὐξωσιν, ἥσπερ ἂν ἐπιστήμη καὶ τῷ δικαίῳ προσχρώμενοι σφύζοντες ἐκ χείρονος βελτίῳ ποιῶσι κατὰ δύναμιν, 293e ταύτην τότε καὶ κατὰ τοὺς τοιοῦτους ὅρους ἡμῖν μόνην ὀρθὴν πολιτείαν εἶναι ῥητέον: ὅσας δ' ἄλλας λέγομεν, οὐ γνησίας οὐδ' ὄντως οὐσας

λεκτέον, ἀλλὰ μεμιμημένας ταύτην, ἃς μὲν ὡς εὐνόμους λέγομεν, ἐπὶ τὰ καλλίω, τὰς δὲ ἄλλας ἐπὶ τὰ αἰσχίονα [μεμιμῆσθαι].

Νεώτερος Σωκράτης: τὰ μὲν ἄλλα, ὃ ξένη, μετρίως ἔοικεν εἰρησθαι: τὸ δὲ καὶ ἄνευ νόμων δεῖν ἄρχειν χαλεπώτερον ἀκούειν ἐρρήθη.

Ξένος: μικρόν γε ἔφθης με ἐρόμενος, ὦ Σώκρατες. ἔμελλον 294a γάρ σε διερωτήσῃν ταῦτα πότερον ἀποδέχῃ πάντα, ἢ τι καὶ δυσχεραίνεις τῶν λεχθέντων: νῦν δ' ἤδη φανερόν ὅτι τοῦτο βουλησόμεθα τὸ περὶ τῆς τῶν ἄνευ νόμων ἀρχόντων ὀρθότητος διελεῖν ἡμᾶς.

Νεώτερος Σωκράτης: πῶς γὰρ οὐ;

Ξένος: τρόπον τινὰ μέντοι δηλὸν ὅτι τῆς βασιλικῆς ἐστὶν ἡ νομοθετική: τὸ δ' ἄριστον οὐ τοὺς νόμους ἐστὶν ἰσχύειν ἀλλ' ἄνδρα τὸν μετὰ φρονήσεως βασιλικόν. οἶσθ' ὅπη;

Νεώτερος Σωκράτης: πῇ δὴ λέγεις;

Ξένος: ὅτι νόμος οὐκ ἂν ποτε δύναίτο τό τε ἄριστον καὶ 294b τὸ δικαιοῦτατον ἀκριβῶς πᾶσιν ἅμα περιλαβὼν τὸ βέλτιστον ἐπιτάττειν: αἱ γὰρ ἀνομοιότητες τῶν τε ἀνθρώπων καὶ τῶν πράξεων καὶ τὸ μηδέποτε μηδὲν ὡς ἔπος εἰπεῖν ἡσυχίαν ἄγειν τῶν ἀνθρωπίνων οὐδὲν ἐῷσιν ἀπλοῦν ἐν οὐδενὶ περὶ ἀπάντων καὶ ἐπὶ πάντα τὸν χρόνον ἀποφαίνεσθαι τέχνην οὐδ' ἡντινοῦν. ταῦτα δὲ συγχωροῦμέν που;

Νεώτερος Σωκράτης: τί μήν;

Ξένος: τὸν δέ γε νόμον ὀρῶμεν σχεδὸν ἐπ' αὐτὸ τοῦτο 294c συντείνοντα, ὥσπερ τινὰ ἄνθρωπον αὐθάδη καὶ ἀμαθῆ καὶ μηδένα μηδὲν ἐῷντα ποιεῖν παρὰ τὴν ἑαυτοῦ τάξιν, μηδ' ἐπερωτᾶν μηδένα, μηδ' ἂν τι νέον ἄρα τῷ συμβαίνει βέλτιον παρὰ τὸν λόγον ὃν αὐτὸς ἐπέταξεν.

Νεώτερος Σωκράτης: ἀληθῆ: ποιεῖ γὰρ ἀτεχνῶς καθάπερ εἰρηκας νῦν ὁ νόμος ἡμῖν ἐκάστοις.

Ξένος: οὐκοῦν ἀδύνατον εὖ ἔχειν πρὸς τὰ μηδέποτε ἀπλᾶ τὸ διὰ

παντὸς γιγνόμενον ἀπλοῦν;

Νεώτερος Σωκράτης: κινδυνεύει.

Ξένος: διὰ τί δὴ ποτ' οὖν ἀναγκαῖον νομοθετεῖν, ἐπειδὴ περ 294d οὐκ ὀρθότατον ὁ νόμος; ἀνευρετέον τούτου τὴν αἰτίαν.

Νεώτερος Σωκράτης: τί μὴν;

Ξένος: οὐκοῦν καὶ παρ' ὑμῖν εἰσὶ τινες οἷαι καὶ ἐν ἄλλαις πόλεσιν ἀθρόων ἀνθρώπων ἀσκήσεις, εἴτε πρὸς δρόμον εἴτε πρὸς ἄλλο τι, φιλονικίας ἕνεκα;

Νεώτερος Σωκράτης: καὶ πάνυ γε πολλάί.

Ξένος: φέρε νῦν ἀναλάβωμεν πάλιν μνήμη τὰς τῶν τέχνη γυμναζόντων ἐπιτάξεις ἐν ταῖς τοιαύταις ἀρχαῖς.

Νεώτερος Σωκράτης: τὸ ποῖον;

Ξένος: ὅτι λεπτουργεῖν οὐκ ἐγχωρεῖν ἡγοῦνται καθ' ἓνα ἕκαστον, τῷ σώματι τὸ προσήκον ἐκάστω προστάττοντες, 294e ἀλλὰ παχύτερον οἶονται δεῖν ὥς ἐπὶ τὸ πολὺ καὶ ἐπὶ πολλοὺς τὴν τοῦ λυσιτελοῦντος τοῖς σώμασι ποιεῖσθαι τάξιν.

Νεώτερος Σωκράτης: καλῶς.

Ξένος: διὸ δὴ γε καὶ ἴσους πόνους νῦν διδόντες ἀθρόοις ἅμα μὲν ἐξορμῶσιν, ἅμα δὲ καὶ καταπαύουσι δρόμου καὶ πάλης καὶ πάντων τῶν κατὰ τὰ σώματα πόνων.

Νεώτερος Σωκράτης: ἔστι ταῦτα.

Ξένος: καὶ τὸν νομοθέτην τοίνυν ἡγώμεθα, τὸν ταῖσιν ἀγέλαις ἐπιστατήσοντα τοῦ δικαίου περὶ καὶ τῶν πρὸς ἀλλήλους 295a συμβολαίων, μὴ ποθ' ἱκανὸν γενήσεσθαι πᾶσιν ἀθρόοις προστάττοντα ἀκριβῶς ἐνὶ ἐκάστω τὸ προσήκον ἀποδιδόναι.

Νεώτερος Σωκράτης: τὸ γοῦν εἰκός.

Ξένος: ἀλλὰ τὸ τοῖς πολλοῖς γε οἶμαι καὶ ὥς ἐπὶ τὸ πολὺ καὶ πῶς οὕτως παχυτέρως ἐκάστοις τὸν νόμον θήσει, καὶ ἐν γράμμασιν

ἀποδιδούς καὶ ἐν ἀγραμμάτοις, πατρίοις δὲ ἔθεσι νομοθετῶν.

Νεώτερος Σωκράτης: ὀρθῶς.

Ξένος: ὀρθῶς μέντοι. πῶς γὰρ ἂν τις ἱκανὸς γένοιτ' ἂν 295b ποτε, ὃ Σώκρατες, ὥστε διὰ βίου ἀεὶ παρακαθήμενος ἐκάστῳ δι' ἀκριβείας προστάττειν τὸ προσήκον; ἐπεὶ τοῦτ' ἂν δυνατὸς ὦν, ὥς οἶμαι, τῶν τὴν βασιλικὴν ὀφτισσοῦν ὄντως ἐπιστήμην εἰληφότων σχολῇ ποτ' ἂν ἐαυτῷ θεῖτ' ἐμποδίσματα γράφων τοὺς λεχθέντας τούτους νόμους.

Νεώτερος Σωκράτης: ἐκ τῶν νῦν γοῦν, ὃ ξέने, εἰρημένων.

Ξένος: μᾶλλον δέ γε, ὃ βέλτιστε, ἐκ τῶν μελλόντων ρηθήσεσθαι.

Νεώτερος Σωκράτης: τίνων δῆ;

Ξένος: τῶν τοιῶνδε. εἵπωμεν γὰρ δὴ πρὸς γε ἡμᾶς αὐτοὺς 295c ἱατρὸν μέλλοντα ἢ καὶ τινα γυμναστικὸν ἀποδημεῖν καὶ ἀπέσεσθαι τῶν θεραπευομένων συχνόν, ὥς οἶοιτο, χρόνον, μὴ μνημονεύσειν οἰηθέντα τὰ προσταχθέντα τοὺς γυμναζομένους ἢ τοὺς κάμνοντας, ὑπομνήματα γράφειν ἂν ἐθέλειν αὐτοῖς, ἢ πῶς;

Νεώτερος Σωκράτης: οὕτως.

Ξένος: τί δ' εἰ παρὰ δόξαν ἐλάττω χρόνον ἀποδημήσας ἔλθοι πάλιν; ἄρ' οὐκ ἂν παρ' ἐκεῖνα τὰ γράμματα τολμήσειεν ἄλλ' ὑποθέσθαι, συμβαινόντων ἄλλων βελτιόνων τοῖς κάμνουσι 295d διὰ πνεύματα ἢ τι καὶ ἄλλο παρὰ τὴν ἐλπίδα τῶν ἐκ Διὸς ἐτέρως πῶς τῶν εἰωθότων γενόμενα, καρτερῶν δ' ἂν ἡγοῖτο δεῖν μὴ ἐκβαίνειν ἀρχαῖά ποτε νομοθετηθέντα μήτε αὐτὸν προστάττοντα ἄλλα μήτε τὸν κάμνοντα ἕτερα τολμῶντα παρὰ τὰ γραφέντα δρᾶν, ὥς ταῦτα ὄντα ἱατρικὰ καὶ ὑγιεινά, τὰ δὲ ἐτέρως γιγνόμενα νοσώδη τε καὶ οὐκ ἔντεχνα: ἢ πᾶν τὸ τοιοῦτον ἐν γε ἐπιστήμῃ συμβαῖνον καὶ 295e ἀληθεῖ τέχνῃ περὶ ἅπαντα παντάπασι γέλως ἂν ὁ μέγιστος γίγνοιτο τῶν τοιούτων νομοθετημάτων;

Νεώτερος Σωκράτης: παντάπασι μὲν οὖν.

Ξένος: τῷ δὲ τὰ δίκαια δὴ καὶ ἄδικα καὶ καλὰ καὶ αἰσχροὶ καὶ ἀγαθὰ καὶ κακὰ γράψαντι καὶ ἄγραφα νομοθετήσαντι ταῖς τῶν ἀνθρώπων

ἀγέλαις, ὅποσαι κατὰ πόλιν ἐν ἐκάσταις νομεύονται κατὰ τοὺς τῶν γραψάντων νόμους, ἂν ὁ μετὰ τέχνης γράψας ἢ τις ἕτερος ὅμοιος ἀφίκηται, μὴ ἐξέστω δὴ 296a παρὰ ταῦτα ἕτερα προστάττειν; ἢ καὶ τοῦτο τὸ ἀπόρρημα οὐδὲν ἦττον ἂν ἐκείνου τῇ ἀληθείᾳ γελοῖον φαίνοιτο;

Νεώτερος Σωκράτης: τί μήν;

Ξένος: οἴσθ' οὖν ἐπὶ τῷ τοιούτῳ λόγον τὸν παρὰ τῶν πολλῶν λεγόμενον;

Νεώτερος Σωκράτης: οὐκ ἐννοῶ νῦν γ' οὕτως.

Ξένος: καὶ μὴν εὐπρεπής. φασὶ γὰρ δὴ δεῖν, εἴ τις γινώσκει παρὰ τοὺς τῶν ἔμπροσθεν βελτίους νόμους, νομοθετεῖν τὴν ἑαυτοῦ πόλιν ἕκαστον πείσαντα, ἄλλως δὲ μή.

Νεώτερος Σωκράτης: τί οὖν; οὐκ ὀρθῶς; 296b

Ξένος: ἴσως. ἂν δ' οὖν μὴ πείθων τις βιάζεται τὸ βέλτιον, ἀπόκριναι, τί τοῦνομα τῆς βίας ἔσται; μὴ μέντοι πω, περὶ δὲ τῶν ἔμπροσθεν πρότερον.

Νεώτερος Σωκράτης: ποῖον δὴ λέγεις;

Ξένος: ἂν τις ἄρα μὴ πείθων τὸν ἰατρευόμενον, ἔχων δὲ ὀρθῶς τὴν τέχνην, παρὰ τὰ γεγραμμένα τὸ βέλτιον ἀναγκάζῃ δρᾶν παῖδα ἢ τινα ἄνδρα ἢ καὶ γυναῖκα, τί τοῦνομα τῆς βίας ἔσται ταύτης; ἄρ' οὐ πᾶν μᾶλλον ἢ τὸ παρὰ τὴν τέχνην λεγόμενον ἀμάρτημα τὸ νοσῶδες; καὶ πάντα ὀρθῶς 296c εἰπεῖν ἔστι πρότερον τῷ βιασθέντι περὶ τὸ τοιοῦτον πλὴν ὅτι νοσῶδη καὶ ἄτεχνα πέπονθεν ὑπὸ τῶν βιασαμένων ἰατρῶν;

Νεώτερος Σωκράτης: ἀληθέστατα λέγεις.

Ξένος: τί δὲ ἡμῖν δὴ τὸ παρὰ τὴν πολιτικὴν τέχνην ἀμάρτημα λεγόμενόν ἐστιν; ἄρ' οὐ τὸ αἰσχροὺ καὶ [τὸ] κακὸν καὶ ἄδικον;

Νεώτερος Σωκράτης: παντάπασί γε.

Ξένος: τῶν δὴ βιασθέντων παρὰ τὰ γεγραμμένα καὶ πάτρια δρᾶν

ἕτερα δικαιότερα καὶ ἀμείνω καὶ καλλίω τῶν ἔμπροσθεν, 296d φέρε, τὸν τῶν τοιούτων αὐτὸν ψόγον περὶ τῆς τοιαύτης βίας, ἄρ', εἰ μέλλει μὴ καταγελαστότατος εἶναι πάντων, πάντ' αὐτῷ μᾶλλον λεκτέον ἐκάστοτε πλὴν ὥς αἰσχρὰ καὶ ἄδικα καὶ κακὰ πεπόνθασιν οἱ βιασθέντες ὑπὸ τῶν βιασαμένων;

Νεώτερος Σωκράτης: ἀληθέστατα λέγεις.

Ξένος: ἀλλ' ἄρα ἐὰν μὲν πλούσιος ὁ βιασάμενος ᾗ, δίκαια, ἂν δ' ἄρα πένης, ἄδικα τὰ βιασθέντα ἐστίν; ἢ καὶ πείσας καὶ μὴ πείσας τις, πλούσιος ἢ πένης, ἢ κατὰ γράμματα ἢ 296e παρὰ γράμματα, δρᾷ [μὴ σύμφορα ἢ] σύμφορα, τοῦτον δεῖ καὶ περὶ ταῦτα τὸν ὅρον εἶναι τόν γε ἀληθινώτατον ὀρθῆς πόλεως διοικήσεως, ὃν ὁ σοφὸς καὶ ἀγαθὸς ἀνὴρ διοικήσει τὸ τῶν ἀρχομένων; ὥσπερ ὁ κυβερνήτης τὸ τῆς νεῶς καὶ 297a ναυτῶν ἀεὶ συμφέρον παραφυλάττων, οὐ γράμματα τιθεῖς ἀλλὰ τὴν τέχνην νόμον παρεχόμενος, σφῶζει τοὺς συνναύτας, οὕτω καὶ κατὰ τὸν αὐτὸν τρόπον τοῦτον παρὰ τῶν οὕτως ἄρχειν δυναμένων ὀρθῇ γίγνοιτ' ἂν πολιτεία, τὴν τῆς τέχνης ῥώμην τῶν νόμων παρεχομένων κρείττω; καὶ πάντα ποιοῦσι τοῖς ἔμπροσιν ἄρχουσιν οὐκ ἔστιν ἀμάρτημα, μέχρι περ ἂν 297b ἐν μέγα φυλάττωσι, τὸ μετὰ νοῦ καὶ τέχνης δικαιότατον ἀεὶ διανέμοντες τοῖς ἐν τῇ πόλει σφῶζειν τε αὐτοὺς οἷοί τε ὧσιν καὶ ἀμείνους ἐκ χειρόνων ἀποτελεῖν κατὰ τὸ δυνατόν;

Νεώτερος Σωκράτης: οὐκ ἔστ' ἀντειπεῖν παρά γε ἂ νῦν εἴρηται.

Ξένος: καὶ μὴν πρὸς ἐκεῖνα οὐδὲ ἀντιρρητέον.

Νεώτερος Σωκράτης: τὰ ποῖα εἶπες;

Ξένος: ὥς οὐκ ἂν ποτε πλῆθος οὐδ' ὦντινωνοῦν τὴν τοιαύτην λαβὸν ἐπιστήμην οἷόν τ' ἂν γένοιτο μετὰ νοῦ διοικεῖν 297c πόλιν, ἀλλὰ περὶ σμικρὸν τι καὶ ὀλίγον καὶ τὸ ἐν ἐστὶ ζητητέον τὴν μίαν ἐκείνην πολιτείαν τὴν ὀρθήν, τὰς δ' ἄλλας μιμήματα θετέον, ὥσπερ καὶ ὀλίγον πρότερον ἐρρήθη, τὰς μὲν ἐπὶ τὰ καλλίονα, τὰς δ' ἐπὶ τὰ αἰσχίω μιμουμένας ταύτην.

Νεώτερος Σωκράτης: πῶς τί τοῦτ' εἴρηκας; οὐδὲ γὰρ ἄρτι δῆθεν κατέμαθον τὸ περὶ τῶν μιμημάτων.

Ξένος: καὶ μὴν οὐ φαῦλόν γε, ἂν κινήσας τις τοῦτον τὸν λόγον αὐτοῦ καταβάλλῃ καὶ μὴ διελθὼν ἐνδείξῃται τὸ νῦν 297d γιγνόμενον ἀμάρτημα περὶ αὐτό.

Νεώτερος Σωκράτης: ποῖον δῆ;

Ξένος: τοιόνδε τι δεῖ γε ζητεῖν, οὐ πάνυ σύνηθες οὐδὲ ῥάδιον ἰδεῖν: ὅμως μὴν πειρώμεθα λαβεῖν αὐτό. φέρε γάρ: ὀρθῆς ἡμῖν μόνης οὔσης ταύτης τῆς πολιτείας ἦν εἰρήκαμεν, οἷσθ' ὅτι τὰς ἄλλας δεῖ τοῖς ταύτης συγγράμμασι χρωμένας οὕτω σφῶζεσθαι, δρώσας τὸ νῦν ἐπαινούμενον, καίπερ οὐκ ὀρθότατον ὄν;

Νεώτερος Σωκράτης: τὸ ποῖον; 297e

Ξένος: τὸ παρὰ τοὺς νόμους μηδὲν μηδένα τολμᾶν ποιεῖν τῶν ἐν τῇ πόλει, τὸν τολμῶντα δὲ θανάτῳ ζημιοῦσθαι καὶ πᾶσι τοῖς ἐσχάτοις. καὶ τοῦτ' ἔστιν ὀρθότατα καὶ κάλλιστ' ἔχον ὡς δεύτερον, ἐπειδὴν τὸ πρῶτόν τις μεταθῇ τὸ νυνδὴ ῥηθέν: ὃ δὲ τρόπον γεγονός ἐστι τοῦτο ὃ δὴ δεύτερον ἐφήσαμεν, διαπερανώμεθα. ἦ γάρ;

Νεώτερος Σωκράτης: πάνυ μὲν οὖν.

Ξένος: εἰς δὴ τὰς εἰκόνας ἐπανίωμεν πάλιν, αἷς ἀναγκαῖον ἀπεικάζειν ἀεὶ τοὺς βασιλικοὺς ἄρχοντας.

Νεώτερος Σωκράτης: ποίας;

Ξένος: τὸν γενναῖον κυβερνήτην καὶ τὸν ἐτέρων πολλῶν ἀντάξιον ἱατρόν. κατίδωμεν γὰρ δὴ τι σχῆμα ἐν τούτοις αὐτοῖς πλασάμενοι.

Νεώτερος Σωκράτης: ποῖόν τι; 298a

Ξένος: τοιόνδε: οἷον εἰ πάντες περὶ αὐτῶν διανοηθεῖμεν ὅτι δεινότατα ὑπ' αὐτῶν πάσχομεν. ὃν μὲν γὰρ ἂν ἐθελήσωσιν ἡμῶν τούτων ἐκάτεροι σφῶζειν, ὁμοίως δὴ σφῶζουσιν, ὃν δ' ἂν λωβᾶσθαι βουληθῶσιν, λωβῶνται τέμνοντες καὶ κάοντες καὶ προστάττοντες ἀναλώματα φέρειν παρ' ἑαυτοὺς οἷον φόρους, ὧν σμικρὰ μὲν εἰς τὸν κάμνοντα καὶ οὐδὲν ἀναλίσκουσιν, τοῖς δ' ἄλλοις αὐτοῖ τε καὶ οἱ οἰκέται χρῶνται: καὶ 298b δὴ καὶ τελευτῶντες ἢ παρὰ συγγενῶν ἢ παρὰ τινῶν ἐχθρῶν τοῦ κάμνοντος χρήματα μισθὸν λαμβάνοντες

Νεώτερος Σωκράτης: κομιδῇ γε εἰρηκας ἄτοπα.

Ξένος: κατ' ἐνιαυτὸν δέ γε ἄρχοντας καθίστασθαι τοῦ πλήθους, εἴτε ἐκ τῶν πλουσίων εἴτε ἐκ τοῦ δήμου παντός, ὃς ἂν κληρούμενος λαγχάνῃ: τοὺς δὲ καταστάντας ἄρχοντας ἄρχειν κατὰ τὰ γράμματα κυβερνῶντας τὰς ναῦς καὶ τοὺς κάμνοντας ἰωμένους.

Νεώτερος Σωκράτης: ταῦτ' ἔτι χαλεπώτερα.

Ξένος: θεῶ δὴ καὶ τὸ μετὰ ταῦτα ἐπόμενον. ἐπειδὴν γὰρ δὴ τῶν ἀρχόντων ἐκάστοις ὁ ἐνιαυτὸς ἐξέλθῃ, δεήσει δικαστήρια καθίσαντας ἀνδρῶν, ἢ τῶν πλουσίων ἐκ προκρίσεως ἢ 299a σύμπαντος αὖ τοῦ δήμου τοὺς λαχόντας, εἰς τούτους εἰσάγειν τοὺς ἄρξαντας καὶ εὐθύνειν, κατηγορεῖν δὲ τὸν βουλόμενον ὡς οὐ κατὰ τὰ γράμματα τὸν ἐνιαυτὸν ἐκυβέρνησε τὰς ναῦς οὐδὲ κατὰ τὰ παλαιὰ τῶν προγόνων ἔθῃ: ταῦτα δὲ ταῦτα καὶ περὶ τῶν τοὺς κάμνοντας ἰωμένων: ὧν δ' ἂν καταψηφισθῇ τιμᾶν ὅτι χρὴ παθεῖν αὐτῶν τινας ἢ

Νεώτερος Σωκράτης: οὐκοῦν ὁ γ' ἐθέλων καὶ ἐκὼν ἐν τοῖς τοιούτοις 299b ἄρχειν δικαιοτάτ' ἂν ὅτιοῦν πάσχοι καὶ ἀποτίνῃ.

Νεώτερος Σωκράτης: δῆλον ὅτι πᾶσαι τε αἱ τέχναι παντελῶς ἂν ἀπόλουντο ἡμῖν, καὶ οὐδ' εἰς αὐθις γένοιτ' ἂν ποτε διὰ τὸν ἀποκωλύοντα τοῦτον ζητεῖν νόμον: ὥστε ὁ βίος, ὦν καὶ νῦν χαλεπός, εἰς τὸν χρόνον ἐκεῖνον ἀβίωτος γίγνοιτ' ἂν τὸ παράπαν. 300a

Ξένος: τί δὲ τόδε; εἰ κατὰ συγγράμματα μὲν ἀναγκάζοιμεν ἕκαστον γίνεσθαι τῶν εἰρημένων καὶ τοῖς συγγράμμασιν ἡμῶν ἐπιστατεῖν τὸν χειροτονηθέντα ἢ λαχόντα ἐκ τύχης, οὗτος δὲ μηδὲν φροντίζων

Νεώτερος Σωκράτης: ἀληθέστατά [γε} }. 300b

Ξένος: παρὰ γὰρ οἶμαι τοὺς νόμους τοὺς ἐκ πείρας πολλῆς κειμένους καὶ τινων συμβούλων ἕκαστα χαριέντως συμβουλευσάντων καὶ πεισάντων θέσθαι τὸ πλῆθος, ὁ παρὰ ταῦτα τολμῶν δρᾶν, ἀμαρτήματος ἀμάρτημα πολλαπλάσιον ἀπεργαζόμενος, ἀνατρέποι πᾶσαν ἂν πρᾶξιν ἔτι μειζόνως τῶν συγγραμμάτων.

Νεώτερος Σωκράτης: πῶς δ' οὐ μέλλει; 300c

Ξένος: διὰ ταῦτα δὴ τοῖς περὶ ὅτουσιν νόμους καὶ συγγράμματα τιθεμένοις δεύτερος πλοῦς τὸ παρὰ ταῦτα μήτε ἓνα μήτε πλῆθος μηδὲν μηδέποτε ἔαν δρᾶν μηδ' ὅτιοῦν.

Νεώτερος Σωκράτης: ὀρθῶς.

Ξένος: οὐκοῦν μιμήματα μὲν ἂν ἐκάστων ταῦτα εἴη τῆς ἀληθείας, τὰ παρὰ τῶν εἰδόντων εἰς δύναμιν εἶναι γεγραμμένα;

Νεώτερος Σωκράτης: πῶς δ' οὐ;

Ξένος: καὶ μὴν τὸν γε εἰδότα ἔφαμεν, τὸν ὄντως πολιτικόν, εἰ μεμνήμεθα, ποιήσῃ τῇ τέχνῃ πολλὰ εἰς τὴν αὐτοῦ πρᾶξιν τῶν γραμμάτων οὐδὲν φροντίζοντα, ὁπόταν ἄλλ' αὐτῷ 300d βελτίω δόξῃ παρὰ τὰ γεγραμμένα ὑφ' αὐτοῦ καὶ ἐπεσταλμένα ἀποῦσιν τισιν.

Νεώτερος Σωκράτης: ἔφαμεν γάρ.

Ξένος: οὐκοῦν ἀνὴρ ὅστισοῦν εἷς ἢ πλῆθος ὁτιοῦν, οἷς ἂν νόμοι κείμενοι τυγχάνωσι, παρὰ ταῦτα ὅτι ἂν ἐπιχειρήσωσι ποιεῖν ὥς βέλτιον ἕτερον ὄν, ταῦτόν δρῶσι κατὰ δύναμιν ὅπερ ὁ ἀληθινὸς ἐκεῖνος;

Νεώτερος Σωκράτης: πάνυ μὲν οὖν.

Ξένος: ἄρ' οὖν εἰ μὲν ἀνεπιστήμονες ὄντες τὸ τοιοῦτον δρῶεν, μιμῆσθαι μὲν ἂν ἐπιχειροῖεν τὸ ἀληθές, μιμοῖντ' ἂν 300e μέντοι παγκάκως; εἰ δ' ἔντεχνοι, τοῦτο οὐκ ἔστιν ἔτι μίμημα ἀλλ' αὐτὸ τὸ ἀληθέστατον ἐκεῖνο;

Νεώτερος Σωκράτης: πάντως που.

Ξένος: καὶ μὴν ἔμπροσθὲ γε ὠμολογημένον ἡμῖν κεῖται μηδὲν πλῆθος μηδ' ἡντινοῦν δυνατὸν εἶναι λαβεῖν τέχνην.

Νεώτερος Σωκράτης: κεῖται γὰρ οὖν.

Ξένος: οὐκοῦν εἰ μὲν ἔστι βασιλική τις τέχνη, τὸ τῶν πλουσίων πλῆθος καὶ ὁ σύμπας δῆμος οὐκ ἂν ποτε λάβοι τὴν πολιτικὴν ταύτην ἐπιστήμην.

Νεώτερος Σωκράτης: πῶς γὰρ ἂν;

Ξένος: δεῖ δὴ τὰς τοιαύτας γε ὥς ἔοικε πολιτείας, εἰ μέλλουσι 301a καλῶς τὴν ἀληθινὴν ἐκείνην τὴν τοῦ ἐνὸς μετὰ τέχνης ἄρχοντος πολιτείαν εἰς δύναμιν μιμήσεσθαι, μηδέποτε κειμένων αὐτοῖς τῶν νόμων μηδὲν ποιεῖν παρὰ τὰ γεγραμμένα καὶ πάτρια ἔθη. **Νεώτερος Σωκράτης:**

κάλλιστ' εἴρηκας.

Ξένος: ὅταν ἄρα οἱ πλούσιοι ταύτην μιμῶνται, τότε ἀριστοκρατίαν καλοῦμεν τὴν τοιαύτην πολιτείαν: ὁπότεν δὲ τῶν νόμων μὴ φροντίζωσιν, ὀλιγαρχίαν.

Νεώτερος Σωκράτης: κινδυνεύει.

Ξένος: καὶ μὴν ὁπότεν αὖθις εἷς ἄρχη κατὰ νόμους, μιμούμενος 301b τὸν ἐπιστήμονα, βασιλέα καλοῦμεν, οὐ διορίζοντες ὀνόματι τὸν μετ' ἐπιστήμης ἢ δόξης κατὰ νόμους μοναρχοῦντα.

Νεώτερος Σωκράτης: κινδυνεύομεν.

Ξένος: οὐκοῦν κἂν τις ἄρα ἐπιστήμων ὄντως ὢν εἷς ἄρχη, πάντως τό γε ὄνομα ταῦτόν βασιλεὺς καὶ οὐδὲν ἕτερον προσρηθήσεται: δι' ἃ δὴ τὰ πέντε ὀνόματα τῶν νῦν λεγομένων πολιτειῶν ἐν μόνον γέγονεν.

Νεώτερος Σωκράτης: ἔοικε γοῦν.

Ξένος: τί δ' ὅταν μήτε κατὰ νόμους μήτε κατὰ ἔθη πράττη 301c τις εἷς ἄρχων, προσποιῆται δὲ ὥσπερ ὁ ἐπιστήμων ὡς ἄρα παρὰ τὰ γεγραμμένα τό γε βέλτιστον ποιητέον, ἧ δέ τις ἐπιθυμία καὶ ἄγνοια τούτου τοῦ μιμήματος ἡγουμένη, μὴν οὐ τότε τὸν τοιοῦτον ἕκαστον τύραννον κλητέον;

Νεώτερος Σωκράτης: τί μήν;

Ξένος: οὕτω δὴ τύραννός τε γέγονε, φαμέν, καὶ βασιλεὺς καὶ ὀλιγαρχία καὶ ἀριστοκρατία καὶ δημοκρατία, δυσχερανάντων τῶν ἀνθρώπων τὸν ἕνα ἐκείνον μόναρχον, καὶ ἀπιστησάντων μηδένα τῆς τοιαύτης ἀρχῆς ἄξιον ἂν γενέσθαι ποτέ, 301d ὥστε ἐθέλειν καὶ δυνατόν εἶναι μετ' ἀρετῆς καὶ ἐπιστήμης ἄρχοντα τὰ δίκαια καὶ ὅσια διανέμειν ὀρθῶς πᾶσιν, λωβᾶσθαι δὲ καὶ ἀποκτεινύναι καὶ κακοῦν ὃν ἂν βουληθῇ ἐκάστοτε ἡμῶν: ἐπεὶ γενόμενόν γ' ἂν οἶον λέγομεν ἀγαπᾶσθαι τε ἂν καὶ οἰκεῖν διακυβερνῶντα εὐδαιμόνως ὀρθῇ ἀκριβῶς μόνον πολιτείαν.

Νεώτερος Σωκράτης: πῶς δ' οὐ;

Ξένος: νῦν δὲ γε ὁπότε οὐκ ἔστι γιγνόμενος, ὡς δὴ 301e φαμεν, ἐν

ταῖς πόλεσι βασιλεὺς οἷος ἐν σμήνεσιν ἐμφύεται, τό τε σῶμα εὐθὺς καὶ τὴν ψυχὴν διαφέρων εἷς, δεῖ δὴ συνελθόντας συγγράμματα γράφειν, ὥς ἔοικεν, μεταθέοντας τὰ τῆς ἀληθεστάτης πολιτείας ἔχνη.

Νεώτερος Σωκράτης: κινδυνεύει.

Ξένος: θαυμάζομεν δῆτα, ὃ Σώκρατες, ἐν ταῖς τοιαύταις πολιτείαις ὅσα συμβαίνει γίνεσθαι κακὰ καὶ ὅσα συμβήσεται, τοιαύτης τῆς κρηπίδος ὑποκειμένης αὐταῖς, τῆς κατὰ γράμματα καὶ ἔθνη μὴ μετὰ ἐπιστήμης πραττούσης τὰς 302a πράξεις, <ἧ> ἑτέρα προσχρωμένη παντὶ κατάδηλος ὥς πάντ' ἂν διολέσειε τὰ ταύτη γινόμενα; ἢ ἐκεῖνο ἡμῖν θαυμαστόν μᾶλλον, ὥς ἰσχυρόν τι πόλις ἐστὶ φύσει; πάσχουσαι γὰρ δὴ τοιαῦτα αἱ πόλεις νῦν χρόνον ἀπέραντον, ὅμως ἔνιαί τινες αὐτῶν μόνιμοί τέ εἰσι καὶ οὐκ ἀνατρέπονται: πολλαὶ μὲν ἐνίστε καὶ καθάπερ πλοῖα καταδύμεναι διόλλυνται καὶ διολώλασι καὶ ἔτι διολοῦνται διὰ τὴν τῶν κυβερνητῶν καὶ ναυτῶν μοχθηρίαν τῶν περὶ τὰ μέγιστα μεγίστην ἄγνοϊαν 302b εἰληφότων, οἱ περὶ τὰ πολιτικὰ κατ' οὐδὲν γινώσκοντες ἡγοῦνται κατὰ πάντα σαφέστατα πασῶν ἐπιστημῶν ταύτην εἰληφέναι.

Νεώτερος Σωκράτης: ἀληθέστατα.

Ξένος: τίς οὖν δὴ τῶν οὐκ ὀρθῶν πολιτειῶν τούτων ἥκιστα χαλεπὴ συζῆν, πασῶν χαλεπῶν οὐσῶν, καὶ τίς βαρυτάτη; δεῖ τι κατιδεῖν ἡμᾶς, καίπερ πρὸς γε τὸ νῦν προτεθὲν ἡμῖν πάρεργον λεγόμενον; οὐ μὲν ἀλλ' εἷς γε τὸ ὅλον ἴσως ἅπανθ' ἔνεκα τοῦ τοιούτου πάντες δρῶμεν χάριν.

Νεώτερος Σωκράτης: δεῖ: πῶς δ' οὐ; 302c

Ξένος: τὴν αὐτὴν τοίνυν φάθι τριῶν οὐσῶν χαλεπὴν διαφερόντως γίνεσθαι καὶ ῥάστην.

Νεώτερος Σωκράτης: πῶς φήεις;

Ξένος: οὐκ ἄλλως, πλὴν μοναρχίαν φημί καὶ ὀλίγων ἀρχὴν καὶ πολλῶν, εἶναι τρεῖς ταύτας ἡμῖν λεγομένας τοῦ νῦν ἐπικεχυμένου λόγου κατ' ἀρχάς.

Νεώτερος Σωκράτης: ἦσαν γὰρ οὖν.

Ξένος: ταύτας τοίνυν δίχα τέμνοντες μίαν ἐκάστην ἐξ ποιῶμεν, τὴν ὀρθὴν χωρὶς ἀποκρίναντες τούτων ἐβδόμην.

Νεώτερος Σωκράτης: πῶς; 302d

Ξένος: ἐκ μὲν τῆς μοναρχίας βασιλικὴν καὶ τυραννικὴν, ἐκ δ' αὖ τῶν μὴ πολλῶν τὴν τε εὐώνυμον ἔφαμεν [εἶναι] ἀριστοκρατίαν καὶ ὀλιγαρχίαν· ἐκ δ' αὖ τῶν πολλῶν τότε μὲν ἀπλὴν ἐπονομάζοντες ἐτίθεμεν δημοκρατίαν, νῦν δ' αὖ καὶ ταύτην ἡμῖν θετέον ἐστὶ διπλὴν.

Νεώτερος Σωκράτης: πῶς δὴ; καὶ τίνι διαιροῦντες ταύτην;

Ξένος: οὐδὲν διαφέροντι τῶν ἄλλων, οὐδ' εἰ τοῦνομα ἤδη 302e διπλοῦν ἐστὶ ταύτης; ἀλλὰ τό γε κατὰ νόμους ἄρχειν καὶ παρανόμως ἐστὶ καὶ ταύτη καὶ ταῖς ἄλλαις.

Νεώτερος Σωκράτης: ἔστι γὰρ οὖν.

Ξένος: τότε μὲν τοίνυν τὴν ὀρθὴν ζητοῦσι τοῦτο τὸ τμήμα οὐκ ἦν χρήσιμον, ὥς ἐν τοῖς πρόσθεν ἀπεδείξαμεν· ἐπειδὴ δὲ ἐξείλομεν ἐκείνην, τὰς δ' ἄλλας ἔθεμεν ἀναγκαίως, ἐν ταύταις δὴ τὸ παράνομον καὶ ἔννομον ἐκάστην διχοτομεῖ τούτων.

Νεώτερος Σωκράτης: ἔοικεν τούτου νῦν ῥηθέντος τοῦ λόγου.

Ξένος: μοναρχία τοίνυν ζευχθεῖσα μὲν ἐν γράμμασιν ἀγαθοῖς, οὓς νόμους λέγομεν, ἀρίστη πασῶν τῶν ἔξ· ἄνομος δὲ χαλεπὴ καὶ βαρυντάτη συννοικῆσαι. 303a

Νεώτερος Σωκράτης: κινδυνεύει.

Ξένος: τὴν δέ γε τῶν μὴ πολλῶν, ὥσπερ ἑνὸς καὶ πλήθους τὸ ὀλίγον μέσον, οὕτως ἡγησώμεθα μέσην ἐπ' ἀμφοτέρα· τὴν δ' αὖ τοῦ πλήθους κατὰ πάντα ἀσθενὴ καὶ μηδὲν μήτε ἀγαθὸν μήτε κακὸν μέγα δυναμένην ὥς πρὸς τὰς ἄλλας διὰ τὸ τὰς ἀρχὰς ἐν ταύτῃ διανεμεῖσθαι κατὰ σμικρὰ εἰς πολλούς. διὸ γέγονε πασῶν μὲν νομίμων τῶν πολιτειῶν οὓσων τούτων χειρίστη, παρανόμων δὲ οὓσων συμπασῶν βελτίστη: 303b καὶ ἀκολάστον μὲν πασῶν οὓσων ἐν δημοκρατίᾳ νικᾷ ζῆν, κοσμίω δ' οὓσων ἥκιστα ἐν ταύτῃ βιωτέον, ἐν τῇ πρώτῃ δὲ πολὺ πρῶτόν τε καὶ ἄριστον, πλὴν τῆς ἐβδόμης:

πασῶν γὰρ ἐκείνην γε ἐκκριτέον, οἷον θεὸν ἐξ ἀνθρώπων, ἐκ τῶν ἄλλων πολιτειῶν.

Νεώτερος Σωκράτης: φαίνεται ταῦθ' οὕτω συμβαίνειν τε καὶ γίνεσθαι, καὶ ποιητέον ἥπερ λέγεις.

Ξένος: οὐκοῦν δὴ καὶ τοὺς κοινωνοὺς τούτων τῶν πολιτειῶν 303c πασῶν πλην τῆς ἐπιστήμονος ἀφαιρετέον ὥς οὐκ ὄντας πολιτικούς ἀλλὰ στασιαστικούς, καὶ εἰδώλων μεγίστων προστάτας ὄντας καὶ αὐτοὺς εἶναι τοιούτους, μεγίστους δὲ ὄντας μιμητὰς καὶ γόητας μεγίστους γίνεσθαι τῶν σοφιστῶν σοφιστάς.

Νεώτερος Σωκράτης: κινδυνεύει τοῦτο εἰς τοὺς πολιτικούς λεγομένους περιστράφθαι τὸ ῥῆμα ὀρθότατα.

Ξένος: εἶεν: τοῦτο μὲν ἀτεχνῶς ἡμῖν ὥσπερ δρᾶμα, καθάπερ ἐρρήθη νυνδὴ Κενταυρικὸν ὀραῖσθαι καὶ Σατυρικόν τινα 303d θίασον, ὃν δὴ χωριστέον ἀπὸ πολιτικῆς εἴῃ τέχνης: νῦν δ' οὕτω πάνυ μόγις ἐχωρίσθη.

Νεώτερος Σωκράτης: φαίνεται.

Ξένος: τούτου δέ γ' ἕτερον ἔτι χαλεπώτερον λείπεται τῷ συγγενές τε ὁμοῦ τ' εἶναι μᾶλλον τῷ βασιλικῷ γένει καὶ δυσκαταμαθητότερον: καὶ μοι φαινόμεθα τοῖς τὸν χρυσὸν καθαίρουσι πάθος ὅμοιον πεπονθέναι.

Νεώτερος Σωκράτης: πῶς;

Ξένος: Γῆν που καὶ λίθους καὶ πόλλ' ἄττα ἕτερα ἀποκρίνουσι καὶ ἐκεῖνοι πρῶτον οἱ δημιουργοί: μετὰ δὲ ταῦτα 303e λείπεται συμμεμειγμένα τὰ συγγενῇ τοῦ χρυσοῦ τίμια καὶ πυρὶ μόνον ἀφαιρετά, χαλκὸς καὶ ἄργυρος, ἔστι δ' ὅτε καὶ ἀδάμας, <ᾗ> μετὰ βασάνων ταῖς ἐψήσεσι μόγις ἀφαιρεθέντα τὸν λεγόμενον ἀκήρατον χρυσὸν εἶασεν ἡμᾶς ἰδεῖν αὐτὸν μόνον ἐφ' ἑαυτοῦ.

Νεώτερος Σωκράτης: λέγεται γὰρ οὖν δὴ ταῦτα οὕτω γίνεσθαι.

Ξένος: κατὰ τὸν αὐτὸν τοίνυν λόγον ἔοικε καὶ νῦν ἡμῖν τὰ μὲν ἕτερα καὶ ὅποσα ἀλλότρια καὶ τὰ μὴ φίλα πολιτικῆς ἐπιστήμης

Νεώτερος Σωκράτης: δῆλον ὅτι τοῦτό πη δρᾶν πειρατέον.

Ξένος: πείρας μὲν τοίνυν ἔνεκα φανερὸς ἔσται· διὰ δὲ μουσικῆς αὐτὸν ἐγχειρητέον δηλῶσαι. καὶ μοι λέγε.

Νεώτερος Σωκράτης: τὸ ποῖον; 304b

Ξένος: μουσικῆς ἔστι πού τις ἡμῖν μάθησις, καὶ ὅλως τῶν περὶ χειροτεχνίας ἐπιστημῶν;

Νεώτερος Σωκράτης: ἔστιν.

Ξένος: τί δέ; τὸ δ' αὖ τούτων ἡντινοῦν εἴτε δεῖ μαθάνειν ἡμᾶς εἴτε μὴ, πότερα φήσομεν ἐπιστήμην αὖ καὶ ταύτην εἶναι τινα περὶ αὐτὰ ταῦτα, ἢ πῶς;

Νεώτερος Σωκράτης: οὕτως, εἶναι φήσομεν.

Ξένος: οὐκοῦν ἐτέραν ὁμολογήσομεν ἐκείνων εἶναι ταύτην;

Νεώτερος Σωκράτης: ναί.

Ξένος: πότερα δὲ αὐτῶν οὐδεμίαν ἄρχειν δεῖν ἄλλην ἄλλης, 304c ἢ ἐκείνας ταύτης, ἢ ταύτην δεῖν ἐπιτροπεύουσιν ἄρχειν συμπασῶν τῶν ἄλλων;

Νεώτερος Σωκράτης: ταύτην ἐκείνων.

Ξένος: <τὴν> εἰ δεῖ μαθάνειν ἢ μὴ τῆς μαθηνομένης καὶ διδασκούσης ἄρα σύ γε ἀποφαίνειν δεῖν ἡμῖν ἄρχειν;

Νεώτερος Σωκράτης: σφόδρα γε.

Ξένος: καὶ τὴν εἰ δεῖ πείθειν ἄρα ἢ μὴ τῆς δυναμένης πείθειν;

Νεώτερος Σωκράτης: πῶς δ' οὐ;

Ξένος: εἶεν: τίνι τὸ πειστικὸν οὖν ἀποδώσομεν ἐπιστήμη 304d
πλήθους τε καὶ ὄχλου διὰ μυθολογίας ἀλλὰ μὴ διὰ διδαχῆς;

Νεώτερος Σωκράτης: φανερόν οἶμαι καὶ τοῦτο ῥητορικῇ δοτέον ὄν.

Ξένος: τὸ δ' εἴτε διὰ πειθοῦς εἴτε καὶ διὰ τινος βίας δεῖ πράττειν

Νεώτερος Σωκράτης: τῇ τῆς πειστικῆς ἀρχούσῃ καὶ λεκτικῇ.

Ξένος: εἴη δ' ἂν οὐκ ἄλλη τις, ὥς οἶμαι, πλὴν ἢ τοῦ πολιτικοῦ

Νεώτερος Σωκράτης: κάλλιστ' εἴρηκας.

Ξένος: καὶ τοῦτο μὲν ἔοικε ταχὺ κεχωρίσθαι πολιτικῆς τὸ 304e

Νεώτερος Σωκράτης: ναί.

Ξένος: τί δὲ περὶ τῆς τοιαῦδ' αὖ δυνάμεως διανοητέον;

Νεώτερος Σωκράτης: ποίας;

Ξένος: τῆς ὥς πολεμητέον ἐκάστοις οἷς ἂν προελώμεθα πολεμεῖν,

Νεώτερος Σωκράτης: καὶ πῶς ἂν ἄτεχνον διανοηθεῖμεν, ἣν γε ἡ
στρατηγικὴ καὶ πᾶσα ἡ πολεμικὴ πρᾶξις πράττει;

Ξένος: τὴν δὲ εἴτε πολεμητέον εἴτε διὰ φιλίας ἀπαλλακτέον οἶαν τε

Ξένος: οὐκοῦν ἄρχουσιν ταύτης αὐτὴν ἀποφανόμεθα, εἴπερ τοῖς

Νεώτερος Σωκράτης: φημί.

Ξένος: τίν' οὖν ποτε καὶ ἐπιχειρήσομεν οὕτω δεινῆς καὶ μεγάλης τέχνης συμπάσης τῆς πολεμικῆς δεσπότιν ἀποφαίνεσθαι πλήν γε δὴ τὴν ὄντως οὖσαν βασιλικήν;

Νεώτερος Σωκράτης: οὐδεμίαν ἄλλην.

Ξένος: οὐκ ἄρα πολιτικὴν θήσομεν, ὑπηρετικὴν γε οὖσαν, τὴν τῶν στρατηγῶν ἐπιστήμην.

Νεώτερος Σωκράτης: οὐκ εἰκός. 305b

Ξένος: ἴθι δὴ, καὶ τὴν τῶν δικαστῶν τῶν ὀρθῶς δικαζόντων θεασώμεθα δύναμιν.

Νεώτερος Σωκράτης: πάνυ μὲν οὖν.

Ξένος: ἄρ' οὖν ἐπὶ πλέον τι δύναται τοῦ περὶ τὰ συμβόλαια πάνθ' ὅποσα κεῖται νόμιμα παρὰ νομοθέτου βασιλέως παραλαβοῦσα, κρίνειν εἰς ἐκεῖνα σκοποῦσα τὰ τε δίκαια ταχθέντ' εἶναι καὶ ἄδिका, τὴν αὐτῆς ἰδίαν ἀρετὴν παρεχομένη τοῦ μήθ' ὑπὸ τινων δώρων μήθ' ὑπὸ φόβων μήτε οἴκτων μήθ' 305c ὑπὸ τινος ἄλλης ἔχθρας μηδὲ φιλίας ἡττηθεῖσα παρὰ τὴν τοῦ νομοθέτου τάξιν ἐθέλειν ἂν τἀλλήλων ἐγκλήματα διαιρεῖν;

Νεώτερος Σωκράτης: οὐκ, ἀλλὰ σχεδὸν ὅσον εἴρηκας ταύτης ἐστὶ τῆς δυνάμεως ἔργον.

Ξένος: καὶ τὴν τῶν δικαστῶν ἄρα ῥώμην ἀνευρίσκομεν οὐ βασιλικὴν οὖσαν ἀλλὰ νόμων φύλακα καὶ ὑπηρετὴν ἐκείνης.

Νεώτερος Σωκράτης: ἔοικέν γε.

Ξένος: τόδε δὴ κατανοητέον ἰδόντι συναπάσας τὰς ἐπιστήμας αἱ εἴρηνται, ὅτι πολιτικὴ γε αὐτῶν οὐδεμία ἀνεφάνη. 305d τὴν γὰρ ὄντως οὖσαν βασιλικὴν οὐκ αὐτὴν δεῖ πράττειν ἀλλ' ἄρχειν τῶν δυναμένων πράττειν, γινώσκουσιν τὴν ἀρχὴν τε καὶ ὁρμὴν τῶν μεγίστων ἐν ταῖς πόλεσιν ἐγκαίριας τε πέρι καὶ ἀκαίριας, τὰς δ' ἄλλας τὰ προσταχθέντα δρᾶν.

Νεώτερος Σωκράτης: ὀρθῶς.

Ξένος: διὰ ταῦτα ἄρα ἃς μὲν ἄρτι διεληλύθαμεν, οὐτ' ἀλλήλων οὐθ' αὐτῶν ἄρχουσαι, περὶ δέ τινα ἰδίαν αὐτῆς οὔσα ἐκάστη πρᾶξιν, κατὰ τὴν ιδιότητα τῶν πράξεων τοῦνομα δικαίως εἴληφεν ἴδιον. 305e

Νεώτερος Σωκράτης: εἵξασι γοῦν.

Ξένος: τὴν δὲ πασῶν τε τούτων ἄρχουσαν καὶ τῶν νόμων καὶ συμπάντων τῶν κατὰ πόλιν ἐπιμελουμένην καὶ πάντα συνυφαίνουσαν ὀρθότατα, τοῦ κοινοῦ τῇ κλήσει περιλαβόντες τὴν δύναμιν αὐτῆς, προσαγορεύοιμεν δικαιοτάτ' ἄν, ὥς ἔοικε, πολιτικὴν.

Νεώτερος Σωκράτης: παντάπασι μὲν οὖν.

Ξένος: οὐκοῦν δὴ καὶ κατὰ τὸ τῆς ὑφαντικῆς παράδειγμα βουλοίμεθ' ἂν ἐπεξελεθεῖν αὐτὴν νῦν, ὅτε καὶ πάντα τὰ γένη τὰ κατὰ πόλιν δῆλα ἡμῖν γέγονε;

Νεώτερος Σωκράτης: καὶ σφόδρα γε. 306a

Ξένος: τὴν δὴ βασιλικὴν συμπλοκὴν, ὥς ἔοικε, λεκτέον ποία τέ ἐστι καὶ τίνι τρόπῳ συμπλέκουσα ποῖον ἡμῖν ὕφασμα ἀποδίδωσιν.

Νεώτερος Σωκράτης: δῆλον.

Ξένος: ἧ χαλεπὸν ἐνδείξασθαι πρᾶγμα ἀναγκαῖον ἄρα γέγονεν, ὥς φαίνεται.

Νεώτερος Σωκράτης: πάντως γε μὴν ῥητέον.

Ξένος: τὸ γὰρ ἀρετῆς μέρος ἀρετῆς εἶδει διάφορον εἶναί τινα τρόπον τοῖς περὶ λόγους ἀμφισβητητικοῖς καὶ μάλ' εὐεπίθετον πρὸς τὰς τῶν πολλῶν δόξας.

Νεώτερος Σωκράτης: οὐκ ἔμαθον.

Ξένος: ἀλλ' ὧδε πάλιν. ἀνδρείαν γὰρ οἶμαί σε ἡγεῖσθαι 306b μέρος ἐν ἀρετῇ ἡμῖν εἶναι.

Νεώτερος Σωκράτης: πάνυ γε.

Ξένος: καὶ μὴν σωφροσύνην γε ἀνδρείας μὲν ἕτερον, ἐν δ' οὖν καὶ τοῦτο μόνιον ἦς κακεῖνο.

Νεώτερος Σωκράτης: ναί.

Ξένος: τούτων δὴ περί θυμαστόν τινα λόγον ἀποφαίνεσθαι τολμητέον.

Νεώτερος Σωκράτης: ποῖον;

Ξένος: ὥς ἐστὸν κατὰ δὴ τινα τρόπον εὖ μάλα πρὸς ἀλλήλας ἔχθραν καὶ στάσιν ἐναντίαν ἔχοντε ἐν πολλοῖς τῶν ὄντων.

Νεώτερος Σωκράτης: πῶς λέγεις;

Ξένος: οὐκ εἰωθότα λόγον οὐδαμῶς: πάντα γὰρ οὖν δὴ 306c ἀλλήλοις τά γε τῆς ἀρετῆς μόρια λέγεταιί που φίλια.

Νεώτερος Σωκράτης: ναί.

Ξένος: σκοπῶμεν δὴ προσσχόντες τὸν νοῦν εὖ μάλα πότερον οὕτως ἀπλοῦν ἐστὶ τοῦτο, ἢ παντὸς μᾶλλον αὐτῶν ἔχει διαφορὰν τοῖς συγγενέσιν ἔς τι;

Νεώτερος Σωκράτης: ναί, λόγοις ἂν πῇ σκεπτέον.

Ξένος: ἐν τοῖς σύμπασι χρή ζητεῖν ὅσα καλὰ μὲν λέγομεν, εἰς δύο δὲ αὐτὰ τίθεμεν ἐναντία ἀλλήλων εἶδη.

Νεώτερος Σωκράτης: λέγ' ἔτι σαφέστερον.

Ξένος: ὁξύτητα καὶ τάχος, εἴτε κατὰ σώματα εἴτ' ἐν 306d ψυχαῖς εἴτε κατὰ φωνῆς φορὰν, εἴτε αὐτῶν τούτων εἴτε ἐν εἰδώλοις ὄντων, ὅποσα μουσικὴ μιμουμένη καὶ ἔτι γραφικὴ μιμήματα παρέχεται, τούτων τινὸς ἐπαινέτης εἴτε αὐτὸς πώποτε γέγονας εἴτε ἄλλου παρὼν ἐπαινοῦντος ἡσθῆσαι;

Νεώτερος Σωκράτης: τί μήν;

Ξένος: ἡ καὶ μνήμην ἔχεις ὄντινα τρόπον αὐτὸ δρῶσιν ἐν ἐκάστοις τούτων;

Νεώτερος Σωκράτης: οὐδαμῶς.

Ξένος: ἄρ' οὖν δυνατὸς αὐτὸ ἂν γενοίμην, ὥσπερ καὶ διανοοῦμαι,

διὰ λόγων ἐνδείξασθαι σοι; 306e

Νεώτερος Σωκράτης: τί δ' οὐ;

Ξένος: ῥάδιον ἔοικας ἡγεῖσθαι τὸ τοιοῦτον: σκοπώμεθα δ' οὖν αὐτὸ ἐν τοῖς ὑπεναντίοις γένεσι. τῶν γὰρ δὴ πράξεων ἐν πολλαῖς καὶ πολλάκις ἐκάστοτε τάχος καὶ σφοδρότητα καὶ ὀξύτητα διανοήσεώς τε καὶ σώματος, ἔτι δὲ καὶ φωνῆς, ὅταν ἀγασθῶμεν, λέγομεν αὐτὸ ἐπαινοῦντες μῖα χρώμενοι προσήρσει τῇ τῆς ἀνδρείας.

Νεώτερος Σωκράτης: πῶς;

Ξένος: ὅξυ καὶ ἀνδρεῖον πρῶτόν πού φαμεν, καὶ ταχὺ καὶ ἀνδρικόν, καὶ σφοδρὸν ὡσαύτως: καὶ πάντως ἐπιφέροντες τοῦνομα ὃ λέγω κοινὸν πάσαις ταῖς φύσεσι ταύταις ἐπαινοῦμεν αὐτάς.

Νεώτερος Σωκράτης: ναί. 307a

Ξένος: τί δέ; τὸ τῆς ἡρεμαίας αὖ γενέσεως εἶδος ἄρ' οὐ πολλάκις ἐπηνέκαμεν ἐν πολλαῖς τῶν πράξεων;

Νεώτερος Σωκράτης: καὶ σφόδρα γε.

Ξένος: μὲν οὖν οὐ τάναντία λέγοντες ἢ περὶ ἐκείνων τοῦτο φθεγγόμεθα;

Νεώτερος Σωκράτης: πῶς;

Ξένος: ὥς ἡσυχαιᾶ πού φαμεν ἐκάστοτε καὶ σωφρονικά, περὶ τε διάνοιαν πραττόμενα ἀγασθέντες καὶ κατὰ τὰς πράξεις αὖ βραδέα καὶ μαλακά, καὶ ἔτι περὶ φωνὰς γιγνόμενα λεῖα καὶ βαρέα, καὶ πᾶσαν ῥυθμικὴν κίνησιν καὶ ὅλην 307b μοῦσαν ἐν καιρῷ βραδυτῇτι προσχρωμένην, οὐ τὸ τῆς ἀνδρείας ἀλλὰ τὸ τῆς κοσμιότητος ὄνομα ἐπιφέρομεν αὐτοῖς σύμπασιν.

Νεώτερος Σωκράτης: ἀληθέστατα.

Ξένος: καὶ μὴν ὁπότεν αὖ γε ἀμφοτέρα γίγνηται ταῦθ' ἡμῖν ἄκαιρα, μεταβάλλοντες ἐκάτερα αὐτῶν ψέγομεν ἐπὶ τάναντία πάλιν ἀπονέμοντες τοῖς ὀνόμασιν.

Νεώτερος Σωκράτης: πῶς;

Ξένος: ὁξύτερα μὲν αὐτὰ γιγνόμενα τοῦ καιροῦ καὶ θάττω καὶ σκληρότερα φαινόμενα [καὶ] ὕβριστικά καὶ μανικὰ λέγοντες, 307c τὰ δὲ βαρύτερα καὶ βραδύτερα καὶ μαλακώτερα δειλὰ καὶ βλακικά: καὶ σχεδὸν ὥς τὸ πολὺ ταῦτά τε καὶ τὴν σὺφρονα φύσιν καὶ τὴν ἀνδρείαν τὴν τῶν ἐναντιῶν, οἷον πολεμίαν διαλαχούσας στάσιν ἰδέας, οὐτ' ἀλλήλαις μειγνυμένας ἐφευρίσκομεν ἐν ταῖς περὶ τὰ τοιαῦτα πράξεσιν, ἔτι τε τοὺς ἐν ταῖς ψυχαῖς αὐτὰς ἴσχοντας διαφορομένους ἀλλήλοις ὁψόμεθα ἐὰν μεταδιώκωμεν.

Νεώτερος Σωκράτης: ποῦ δὴ λέγεις;

Ξένος: ἐν πᾶσί τε δὴ τούτοις οἷς νῦν εἵπομεν, ὥς εἰκός 307d τε ἐν ἑτέροις πολλοῖς. κατὰ γὰρ οἶμαι τὴν αὐτῶν ἑκατέροις συγγένειαν τὰ μὲν ἐπαινοῦντες ὥς οἰκεῖα σφέτερα, τὰ δὲ τῶν διαφορῶν ψέγοντες ὥς ἀλλότρια, πολλὴν εἰς ἔχθραν ἀλλήλοις καὶ πολλῶν πέρι καθίστανται.

Νεώτερος Σωκράτης: κινδυνεύουσιν.

Ξένος: παιδιὰ τοίνυν αὕτη γέ τις ἢ διαφορὰ τούτων ἐστὶ τῶν εἰδῶν: περὶ δὲ τὰ μέγιστα νόσος συμβαίνει πασῶν ἐχθίστη γίγνεσθαι ταῖς πόλεσιν.

Νεώτερος Σωκράτης: περὶ δὴ ποῖα φῆς; 307e

Ξένος: περὶ ὅλην, ὥς γε εἰκός, τὴν τοῦ ζῆν παρασκευήν. οἱ μὲν γὰρ δὴ διαφερόντως ὄντες κόσμιοι τὸν ἡσυχον ἀεὶ βίον ἔτοιμοι ζῆν, αὐτοὶ καθ' αὐτοὺς μόνοι τὰ σφέτερα αὐτῶν πράττοντες, οἴκοι τε αὖ πρὸς ἅπαντας οὕτως ὁμιλοῦντες, καὶ πρὸς τὰς ἐξωθεν πόλεις ὡσαύτως ἔτοιμοι πάντα ὄντες τρόπον τινὰ ἄγειν εἰρήνην: καὶ διὰ τὸν ἔρωτα δὴ τοῦτον ἀκαιρότερον ὄντα ἢ χρῆ, ὅταν ἂ βούλονται πράττωσιν, ἔλαθον αὐτοὶ τε ἀπολέμῳ ἴσχοντες καὶ τοὺς νέους ὡσαύτως διατιθέντες, ὄντες τε ἀεὶ τῶν ἐπιτιθεμένων, ἐξ ὧν οὐκ ἐν πολλοῖς ἔτεσιν αὐτοὶ καὶ παῖδες καὶ σύμπασα ἢ 308a πόλις ἀντ' ἐλευθέρων πολλάκις ἔλαθον αὐτοὺς γενόμενοι δοῦλοι.

Νεώτερος Σωκράτης: χαλεπὸν εἶπες καὶ δεινὸν πάθος.

Ξένος: τί δ' οἱ πρὸς τὴν ἀνδρείαν μᾶλλον ῥέποντες; ἄρ' οὐκ ἐπὶ πόλεμον ἀεὶ τινα τὰς αὐτῶν συντείνοντες πόλεις διὰ τὴν τοῦ τοιούτου βίου σφοδροτέραν τοῦ δέοντος ἐπιθυμίαν εἰς ἔχθραν πολλοῖς καὶ δυνατοῖς καταστάντες ἢ πάμπαν διώλεσαν ἢ δούλας αὐτὰ καὶ ὑποχειρίους τοῖς ἐχθροῖς ὑπέθεσαν τὰς αὐτῶν πατρίδας; 308b

Νεώτερος Σωκράτης: ἔστι καὶ ταῦτα.

Ξένος: πῶς οὖν μὴ φῶμεν ἐν τούτοις ἀμφοτέρω ταῦτα τὰ γένη πολλὴν πρὸς ἀλλήλα ἀεὶ καὶ τὴν μεγίστην ἴσχειν ἔχθραν καὶ στάσιν;

Νεώτερος Σωκράτης: οὐδαμῶς ὥς οὐ φήσομεν.

Ξένος: οὐκοῦν ὅπερ ἐπεσκοποῦμεν κατ' ἀρχὰς ἀνηυρήκαμεν, ὅτι μόρια ἀρετῆς οὐ σμικρὰ ἀλλήλοις διαφέρεσθον φύσει καὶ δὴ καὶ τοὺς ἴσχοντας δρᾶτον τὸ αὐτὸ τοῦτο;

Νεώτερος Σωκράτης: κινδυνεύετον.

Ξένος: τότε τοῖνυν αὐτὰ λάβωμεν.

Νεώτερος Σωκράτης: τὸ ποῖον; 308c

Ξένος: εἴ τίς που τῶν συνθετικῶν ἐπιστημῶν πρᾶγμα ὅτιοῦν τῶν αὐτῆς ἔργων, κἂν εἰ τὸ φαυλότατον, ἐκοῦσα ἐκ μοχθηρῶν καὶ χρηστῶν τινων συνίστησιν, ἢ πᾶσα ἐπιστήμη πανταχοῦ τὰ μὲν μοχθηρὰ εἰς δύναμιν ἀποβάλλει, τὰ δὲ ἐπιτήδεια καὶ [τὰ] χρηστὰ ἔλαβεν, ἐκ τούτων δὲ καὶ ὁμοίων καὶ ἀνομοίων ὄντων, πάντα εἰς ἓν αὐτὰ συνάγουσα, μίαν τινα δύναμιν καὶ ἰδέαν δημιουργεῖ.

Νεώτερος Σωκράτης: τί μὴν; 308d

Ξένος: οὐδ' ἄρα ἢ κατὰ φύσιν ἀληθῶς οὐσα ἡμῖν πολιτικὴ μή ποτε ἐκ χρηστῶν καὶ κακῶν ἀνθρώπων ἐκοῦσα εἶναι συστήσεται πόλιν τινά, ἀλλ' εὐδὴλον ὅτι παιδιᾷ πρῶτον βασανιεῖ, μετὰ δὲ τὴν βάσανον αὐτὴ τοῖς δυναμένοις παιδεύειν καὶ ὑπηρετεῖν πρὸς τοῦτ' αὐτὸ παραδώσει, προστάττουσα καὶ ἐπιστατοῦσα αὐτῇ, καθάπερ ὑφαντικῇ τοῖς τε ξαίνουσι καὶ τοῖς τᾶλλα προπαρασκευάζουσιν ὅσα πρὸς τὴν πλέξιν αὐτῆς συμπαρακολουθοῦσα προστάττει καὶ ἐπιστατεῖ, τοιαῦτα 308e ἐκάστοις ἐνδεικνύσα τὰ ἔργα ἀποτελεῖν οἷα ἂν

ἐπιτήδεια ἡγῆται πρὸς τὴν αὐτῆς εἶναι συμπλοκὴν.

Νεώτερος Σωκράτης: πάνυ μὲν οὖν.

Ξένος: ταῦτόν δὴ μοι τοῦθ' ἡ βασιλικὴ φαίνεται πᾶσι τοῖς κατὰ νόμον παιδευταῖς καὶ τροφεῦσιν, τὴν τῆς ἐπιστατικῆς αὐτῇ δύναμιν ἔχουσα, οὐκ ἐπιτρέψειν ἀσκεῖν ὅτι μὴ τις πρὸς τὴν αὐτῆς σύγκρασιν ἀπεργαζόμενος ἥθός τι πρέπον ἀποτελεῖ, ταῦτα δὲ μόνον παρακελεύεσθαι παιδεύειν: καὶ τοὺς μὲν μὴ δυναμένους κοινωνεῖν ἥθους ἀνδρείου καὶ σώφρονος ὅσα τε ἄλλα ἐστὶ τείνοντα πρὸς ἀρετὴν, ἀλλ' εἰς 309a ἀθεότητα καὶ ὕβριν καὶ ἀδικίαν ὑπὸ κακῆς βίᾳ φύσεως ἀπωθουμένους, θανάτοις τε ἐκβάλλει καὶ φυγαῖς καὶ ταῖς μεγίσταις κολάζουσα ἀτιμίαις.

Νεώτερος Σωκράτης: λέγεται γοῦν πῶς οὕτως.

Ξένος: τοὺς δὲ ἐν ἀμαθίᾳ τε αὖ καὶ ταπεινότητι πολλῇ κυλινδουμένους εἰς τὸ δουλικὸν ὑποζεύγνυσι γένος.

Νεώτερος Σωκράτης: ὀρθότατα.

Ξένος: τοὺς λοιποὺς τοίνυν, ὅσων αἱ φύσεις ἐπὶ τὸ γενναῖον 309b ἱκαναὶ παιδείας τυγχάνουσαι καθίστασθαι καὶ δέξασθαι μετὰ τέχνης σύμμειζιν πρὸς ἀλλήλας, τούτων τὰς μὲν ἐπὶ τὴν ἀνδρείαν μᾶλλον συντεινούσας, οἷον στημονοφυῆς νομίσας' αὐτῶν εἶναι τὸ στερεὸν ἥθος, τὰς δὲ ἐπὶ τὸ κόσμιον πίνοντες καὶ μαλακῶ καὶ κατὰ τὴν εἰκόνα κροκῶδει διανήματι προσχρωμένους, ἐναντία δὲ τεινούσας ἀλλήλαις, πεिरᾶται τοιόνδε τινὰ τρόπον συνδεῖν καὶ συμπλέκειν.

Νεώτερος Σωκράτης: ποῖον δὴ; 309c

Ξένος: πρῶτον μὲν κατὰ τὸ συγγενὲς τὸ ἀειγενὲς ὄν τῆς ψυχῆς αὐτῶν μέρος θεῖον συναρμοσμένην δεσμῶ, μετὰ δὲ τὸ θεῖον τὸ ζῳογενὲς αὐτῶν αὐθις ἀνθρωπίνους.

Νεώτερος Σωκράτης: πῶς τοῦτ' εἶπες αὖ;

Ξένος: τὴν τῶν καλῶν καὶ δικαίων πέρι καὶ ἀγαθῶν καὶ τῶν τούτοις ἐναντίων ὄντως οὐσαν ἀληθῆ δόξαν μετὰ βεβαιώσεως, ὅποταν ἐν [ταῖς] ψυχαῖς ἐγγίγνηται, θεῖαν φημὶ ἐν δαιμονίῳ γίγνεσθαι γένει.

Νεώτερος Σωκράτης: πρέπει γοῦν οὕτω. 309d

Ξένος: τὸν δὴ πολιτικὸν καὶ τὸν ἀγαθὸν νομοθέτην ἄρ' ἴσμεν ὅτι προσήκει μόνον δυνατὸν εἶναι τῇ τῆς βασιλικῆς μούσῃ τοῦτο αὐτὸ ἐμποιεῖν τοῖς ὀρθῶς μεταλαβοῦσι παιδείας, οὓς ἐλέγομεν νυνδῆ;

Νεώτερος Σωκράτης: τὸ γοῦν εἰκός.

Ξένος: ὅς δ' ἂν δρᾶν γε, ὃ Σώκρατες, ἀδυνατῇ τὸ τοιοῦτον, μηδέποτε τοῖς νῦν ζητούμενοις ὀνόμασιν αὐτὸν προσαγορεύομεν.

Νεώτερος Σωκράτης: ὀρθότατα.

Ξένος: τί οὖν; ἀνδρεία ψυχὴ λαμβανομένη τῆς τοιαύτης 309e ἀληθείας ἄρ' οὐχ ἡμεροῦται καὶ τῶν δικαίων μάλιστα οὕτω κοινωνεῖν ἂν ἐθέλησειεν, μὴ μεταλαβοῦσα δὲ ἀποκλινεῖ μᾶλλον πρὸς θηριώδη τινὰ φύσιν;

Νεώτερος Σωκράτης: πῶς δ' οὔ;

Ξένος: τί δὲ τὸ τῆς κοσμίας φύσεως; ἄρ' οὐ τούτων μὲν μεταλαβὼν τῶν δοξῶν ὄντως σῶφρον καὶ φρόνιμον, ὥς γε ἐν πολιτείᾳ, γίγνεται, μὴ κοινωνῆσαν δὲ ὧν λέγομεν ἐπονείδιστόν τινα εὐηθείας δικαιοτάτα λαμβάνει φήμην;

Νεώτερος Σωκράτης: πάνυ μὲν οὖν.

Ξένος: οὐκοῦν συμπλοκὴν καὶ δεσμὸν τοῦτον τοῖς μὲν κακοῖς πρὸς σφᾶς αὐτοὺς καὶ τοῖς ἀγαθοῖς πρὸς τοὺς κακοὺς μηδέποτε μόνιμον φῶμεν γίνεσθαι, μηδέ τινα ἐπιστήμην αὐτῷ σπουδῇ πρὸς τοὺς τοιούτους ἂν χρῆσθαι ποτε;

Νεώτερος Σωκράτης: πῶς γάρ; 310a

Ξένος: τοῖς δ' εὐγενέσι γενομένοις τε ἐξ ἀρχῆς ἦθεσι θρεφθεῖσί τε κατὰ φύσιν μόνοις διὰ νόμων ἐμφύεσθαι, καὶ ἐπὶ τούτοις δὴ τοῦτ' εἶναι τέχνη φάρμακον, καὶ καθάπερ εἶπομεν τοῦτον θειότερον εἶναι τὸν σύνδεσμον ἀρετῆς μερῶν φύσεως ἀνομοίων καὶ ἐπὶ τὰ ἐναντία φερομένων.

Νεώτερος Σωκράτης: ἀληθέστατα.

Ξένος: τοὺς μὴν λοιποὺς, ὄντας ἀνθρωπίνους δεσμούς, ὑπάρχοντος τούτου τοῦ θείου σχεδὸν οὐδὲν χαλεπὸν οὔτε ἐννοεῖν οὔτε ἐννοήσαντα ἀποτελεῖν. 310b

Νεώτερος Σωκράτης: πῶς δὴ, καὶ τίνας;

Ξένος: τοὺς τῶν ἐπιγαμιῶν καὶ παιδῶν κοινωνήσεων καὶ τῶν περὶ τὰς ἰδίας ἐκδόσεις καὶ γάμους. οἱ γὰρ πολλοὶ τὰ περὶ ταῦτα οὐκ ὀρθῶς συνδοῦνται πρὸς τὴν τῶν παιδῶν γέννησιν.

Νεώτερος Σωκράτης: τί δὴ;

Ξένος: τὰ μὲν πλούτου καὶ δυνάμεων ἐν τοῖς τοιούτοις διώγματα τί καὶ τις ἂν ὥς ἄξια λόγου σπουδάζοι μεμφόμενος;

Νεώτερος Σωκράτης: οὐδέν.

Ξένος: μᾶλλον δέ γε δίκαιον τῶν περὶ τὰ γένη ποιουμένων 310c ἐπιμέλειαν τούτων πέρι λέγειν, εἴ τι μὴ κατὰ τρόπον πράττουσιν.

Νεώτερος Σωκράτης: εἰκὸς γὰρ οὔν.

Ξένος: πράττουσι μὲν δὴ οὐδ' ἐξ ἑνὸς ὀρθοῦ λόγου, τὴν ἐν τῷ παραχρῆμα διώκοντες ῥαστώνην καὶ τῷ τοὺς μὲν προσομοίους αὐτοῖς ἀσπάζεσθαι, τοὺς δ' ἀνομοίους μὴ στέργειν, πλεῖστον τῇ δυσχερείᾳ μέρος ἀπονέμοντες.

Νεώτερος Σωκράτης: πῶς;

Ξένος: οἱ μὲν που κόσμιοι τὸ σφέτερον αὐτῶν ἦθος ζητοῦσι, καὶ κατὰ δύναμιν γαμοῦσί τε παρὰ τούτων καὶ τὰς 310d ἐκδιδομένας παρ' αὐτῶν εἰς τούτους ἐκπέμπουσι πάλιν: ὥς δ' αὕτως τὸ περὶ τὴν ἀνδρείαν γένος δρᾷ, τὴν αὐτοῦ μεταδιῶκον φύσιν, δεόν ποιεῖν ἀμφοτέρα τὰ γένη τούτων τὸναντίον ἅπαν.

Νεώτερος Σωκράτης: πῶς, καὶ διὰ τί;

Ξένος: διότι πέφυκεν ἀνδρεία τε ἐν πολλαῖς γενέσεσιν ἄμεικτος γεννωμένη σῶφρονι φύσει κατὰ μὲν ἀρχὰς ἀκμάζειν ῥώμη, τελευτῶσα δὲ ἐξανθεῖν παντάπασι μανίαις.

Νεώτερος Σωκράτης: εικός.

Ξένος: ἡ δὲ αἰδοῦς γε αὖ λίαν πλήρης ψυχὴ καὶ ἀκέραστος 310e τόλμης ἀνδρείας, ἐπὶ δὲ γενεᾷς πολλὰς οὕτω γεννηθεῖσα, νωθεστέρα φύεσθαι τοῦ καιροῦ καὶ ἀποτελεωτῶσα δὴ παντάπασι ἀναπηροῦσθαι.

Νεώτερος Σωκράτης: καὶ τοῦτ' εικός οὕτω συμβαίνειν.

Ξένος: τούτους δὴ τοὺς δεσμοὺς ἔλεγον ὅτι χαλεπὸν οὐδὲν συνδεῖν ὑπάρξαντος τοῦ περὶ τὰ καλὰ κάγαθὰ μίαν ἔχειν ἀμφοτέρα τὰ γένη δόξαν. τοῦτο γὰρ ἐν καὶ ὅλον ἐστὶ βασιλικῆς συνυφάνσεως ἔργον, μηδέποτε ἔαν ἀφίστασθαι σῶφρονα ἀπὸ τῶν ἀνδρείων ἦθη, συγκερκίζοντα δὲ ὁμοδοξίαις καὶ τιμαῖς καὶ ἀτιμίαις καὶ δόξαις καὶ ὁμηρεῖων ἐκδόσεσιν εἰς ἀλλήλους, λεῖον καὶ τὸ λεγόμενον εὐήτριον 311a ὕφασμα συνάγοντα ἐξ αὐτῶν, τὰς ἐν ταῖς πόλεσιν ἀρχὰς ἀεὶ κοινῇ τούτοις ἐπιτρέπειν.

Νεώτερος Σωκράτης: πῶς;

Ξένος: οὗ μὲν ἂν ἐνὸς ἄρχοντος χρεῖα συμβαίνει, τὸν ταῦτα ἀμφοτέρα ἔχοντα αἰρούμενον ἐπιστάτην: οὗ δ' ἂν πλειόνων, τούτων μέρος ἑκατέρων συμμειγνύντα. τὰ μὲν γὰρ σωφρόνων ἀρχόντων ἦθη σφόδρα μὲν εὐλαβῇ καὶ δίκαια καὶ σωτήρια, δριμύτητος δὲ καὶ τινος ἱταμότητος ὀξείας καὶ πρακτικῆς ἐνδεῖται.

Νεώτερος Σωκράτης: δοκεῖ γοῦν δὴ καὶ τάδε. 311b

Ξένος: τὰ δ' ἀνδρεῖά γε αὖ πρὸς μὲν τὸ δίκαιον καὶ εὐλαβὲς ἐκείνων ἐπιδεέστερα, τὸ δὲ ἐν ταῖς πράξεσι ἱταμὸν διαφερόντως ἴσχει. πάντα δὲ καλῶς γίνεσθαι τὰ περὶ τὰς πόλεις ἰδία καὶ δημοσία τούτοις μὴ παραγενομένοις ἀμφοῖν ἀδύνατον.

Νεώτερος Σωκράτης: πῶς γὰρ οὗ;

Ξένος: τοῦτο δὴ τέλος ὕφασματος εὐθυπλοκία συμπλακὲν γίνεσθαι φῶμεν πολιτικῆς πράξεως τὸ τῶν ἀνδρείων καὶ σωφρόνων ἀνθρώπων ἦθος, ὅποταν ὁμονοία καὶ φιλία κοινὸν 311c συναγαγοῦσα αὐτῶν τὸν βίον ἢ βασιλικὴ τέχνη, πάντων μεγαλοπρεπέστατον ὕφασμάτων καὶ ἄριστον ἀποτελέσασα [ὥστ'

εἶναι κοινόν] τοὺς τ' ἄλλους ἐν ταῖς πόλεσι πάντας δούλους καὶ ἐλευθέρους ἀμπίσχουσα, συνέχῃ τούτῳ τῷ πλέγματι, καὶ καθ' ὅσον εὐδαίμονι προσήκει γίνεσθαι πόλει τούτου μηδαμῇ μηδὲν ἐλλείπουσα ἄρχῃ τε καὶ ἐπιστατῇ.

Νεώτερος Σωκράτης: κάλλιστα αὖ τὸν βασιλικὸν ἀπετέλεσας ἄνδρα ἡμῖν, ὦ ξένε, καὶ τὸν πολιτικόν.

PHILEBUS

Σωκράτης, Πρώταρχος, Φίληβος.

Σωκράτης: δέχη δὴ τοῦτον τὸν νῦν διδόμενον, ὦ Πρώταρχε, λόγον;

Πρώταρχος: ἀνάγκη δέχεσθαι: Φίληβος γὰρ ἡμῖν ὁ καλὸς ἀπείρηκεν.

Σωκράτης: δεῖ δὴ περὶ αὐτῶν τρόπῳ παντὶ τάληθές πη περανθῆναι; **11d**

Πρώταρχος: δεῖ γὰρ οὖν.

Σωκράτης: ἴθι δὴ, πρὸς τούτοις διομολογησώμεθα καὶ τόδε.

Πρώταρχος: τὸ ποῖον;

Σωκράτης: ὥς νῦν ἡμῶν ἑκάτερος ἕξιν ψυχῆς καὶ διάθεσιν ἀποφαίνειν τινὰ ἐπιχειρήσει τὴν δυναμένην ἀνθρώποις πᾶσι τὸν βίον εὐδαίμονα παρέχειν. ἄρ' οὐχ οὕτως;

Πρόταρχος: οὕτω μὲν οὖν.

Σωκράτης: οὐκοῦν ὑμεῖς μὲν τὴν τοῦ χαίρειν, ἡμεῖς δ' αὖ τὴν τοῦ φρονεῖν;

Πρόταρχος: ἔστι ταῦτα.

Σωκράτης: τί δ' ἂν ἄλλη τις κρείττων τούτων φανῇ; μὴν οὐκ, 11e
ἂν μὲν ἡδονῇ μᾶλλον φαίνεται συγγενής, ἡττώμεθα μὲν ἀμφοτέρω
τοῦ ταῦτα ἔχοντος βεβαίως βίου, κρατεῖ δὲ ὁ τῆς 12a ἡδονῆς τὸν τῆς
φρονήσεως;

Πρόταρχος: ναί.

Σωκράτης: ἂν δέ γε φρονήσῃ, νικᾷ μὲν φρόνησις τὴν ἡδονήν, ἡ δὲ
ἡττᾷται; ταῦθ' οὕτως ὁμολογούμενά φατε, ἢ πῶς;

Πρόταρχος: ἐμοὶ γοῦν δοκεῖ.

Σωκράτης: τί δὲ Φιλήβω; τί φής;

Φίληβος: ἐμοὶ μὲν πάντως νικᾷ ἡδονὴ δοκεῖ καὶ δόξει: σὺ δέ,
Πρόταρχε, αὐτὸς γνώσῃ.

Πρόταρχος: παραδούς, ὦ Φίληβε, ἡμῖν τὸν λόγον οὐκ ἂν ἔτι κύριος
εἷς τῆς πρὸς Σωκράτη ὁμολογίας ἢ καὶ τούναντίον. 12b

Φίληβος: ἀληθῆ λέγεις; ἀλλὰ γὰρ ἀφοσιοῦμαι καὶ μαρτύρομαι νῦν
αὐτὴν τὴν θεόν.

Πρόταρχος: καὶ ἡμεῖς σοι τούτων γε αὐτῶν συμμάρτυρες ἂν εἴμεν,
ὥς ταῦτα ἔλεγες ἃ λέγεις. ἀλλὰ δὴ τὰ μετὰ ταῦτα ἐξῆς, ὦ Σώκρατες,
ὅμως καὶ μετὰ Φιλήβου ἐκόντος ἢ ὅπως ἂν ἐθέλῃ πειρώμεθα
περαίνειν.

Σωκράτης: πειρατέον, ἀπ' αὐτῆς δὴ τῆς θεοῦ, ἣν ὁδε Ἀφροδίτην
μὲν λέγεσθαί φησι, τὸ δ' ἀληθέστατον αὐτῆς ὄνομα ἡδονὴν εἶναι.

Πρόταρχος: ὀρθότατα. 12c

Σωκράτης: τὸ δ' ἐμὸν δέος, ὦ Πρόταρχε, ἀεὶ πρὸς τὰ τῶν θεῶν
ὀνόματα οὐκ ἔστι κατ' ἄνθρωπον, ἀλλὰ πέρα τοῦ μεγίστου φόβου.

καὶ νῦν τὴν μὲν Ἀφροδίτην, ὅπῃ ἐκείνη φύλον, ταύτῃ προσαγορεύω: τὴν δὲ ἡδονὴν οἶδα ὡς ἔστι ποικίλον, καὶ ὅπερ εἶπον, ἀπ' ἐκείνης ἡμᾶς ἀρχομένους ἐνθυμεῖσθαι δεῖ καὶ σκοπεῖν ἥντινα φύσιν ἔχει. ἔστι γάρ, ἀκούειν μὲν οὕτως ἀπλῶς, ἐν τι, μορφὰς δὲ δήπου παντοίας εἵληφε καὶ τινα τρόπον ἀνομοίους ἀλλήλαις. ἰδὲ γάρ: ἡδεσθαι μὲν φαμεν 12d τὸν ἀκολασταίνοντα ἄνθρωπον, ἡδεσθαι δὲ καὶ τὸν σωφρονοῦντα αὐτῷ τῷ σωφρονεῖν: ἡδεσθαι δ' αὖ καὶ τὸν ἀνοηταίνοντα καὶ ἀνοήτων δοξῶν καὶ ἐλπίδων μεστόν, ἡδεσθαι δ' αὖ τὸν φρονοῦντα αὐτῷ τῷ φρονεῖν: καὶ τούτων τῶν ἡδονῶν ἑκατέρας πῶς ἂν τις ὁμοίας ἀλλήλαις εἶναι λέγων οὐκ ἀνόητος φαίνοιτο ἐνδίκως;

Πρόταρχος: εἰσὶ μὲν γὰρ ἀπ' ἐναντίων, ὧ Σώκρατες, αὗται πραγμάτων, οὐ μὴν αὐταὶ γε ἀλλήλαις ἐναντίαι. πῶς γὰρ 12e ἡδονῇ γε ἡδονὴ { {π|μῇ}} οὐχ ὁμοιότατον ἂν εἴη, τοῦτο αὐτὸ ἑαυτῷ, πάντων χρημάτων;

Σωκράτης: καὶ γὰρ χρῶμα, ὧ δαιμόνιε, χρώματι: κατὰ γε αὐτὸ τοῦτο οὐδὲν διοίσει τὸ χρῶμα εἶναι πᾶν, τό γε μὴν μέλαν τῷ λευκῷ πάντες γινώσκομεν ὡς πρὸς τῷ διάφορον εἶναι καὶ ἐναντιώτατον ὃν τυγχάνει. καὶ δὴ καὶ σχῆμα σχήματι κατὰ ταυτόν: γένει μὲν ἔστι πᾶν ἓν, τὰ δὲ μέρη τοῖς μέρεσιν 13a αὐτοῦ τὰ μὲν ἐναντιώτατα ἀλλήλοις, τὰ δὲ διαφορότῃ ἔχοντα μυρίαν που τυγχάνει, καὶ πολλὰ ἕτερα οὕτως ἔχονθ' εὐρήσομεν. ὥστε τούτῳ γε τῷ λόγῳ μὴ πίστευε, τῷ πάντα τὰ ἐναντιώτατα ἐν ποιοῦντι. φοβοῦμαι δὲ μή τινας ἡδονὰς ἡδοναῖς εὐρήσομεν ἐναντίας.

Πρόταρχος: ἴσως: ἀλλὰ τί τοῦθ' ἡμῶν βλάβει τὸν λόγον;

Σωκράτης: ὅτι προσαγορεύεις αὐτὰ ἀνόμοια ὄντα ἑτέρῳ, φήσομεν, ὀνόματι: λέγεις γὰρ ἀγαθὰ πάντ' εἶναι τὰ ἡδέα. τὸ μὲν οὖν μὴ οὐχὶ ἡδέα εἶναι τὰ ἡδέα λόγος οὐδεὶς ἀμφισβητεῖ: 13b κακὰ δ' ὄντα αὐτῶν τὰ πολλὰ καὶ ἀγαθὰ δέ, ὡς ἡμεῖς φαμέν, ὅμως πάντα σὺ προσαγορεύεις ἀγαθὰ αὐτά, ὁμολογῶν ἀνόμοια εἶναι, τῷ λόγῳ εἰ τίς σε προσαναγκάζοι. τί οὖν δὴ ταυτόν ἐν ταῖς κακαῖς ὁμοίως καὶ ἐν ἀγαθαῖς ἐνὸν πάσας ἡδονὰς ἀγαθὸν εἶναι προσαγορεύεις;

Πρόταρχος: πῶς λέγεις, ὧ Σώκρατες; οἶει γάρ τινα συγχωρήσεσθαι,

θέμενον ἡδονὴν εἶναι τὰγαθόν, εἴτα ἀνέξεσθαί σου 13c λέγοντος τὰς μὲν εἶναι τινὰς ἀγαθὰς ἡδονάς, τὰς δὲ τινὰς ἐτέρας αὐτῶν κακάς;

Σωκράτης: ἀλλ' οὖν ἀνομοίους γε φήσεις αὐτὰς ἀλλήλαις εἶναι καὶ τινὰς ἐναντίας.

Πρώταρχος: οὔτι καθ' ὅσον γε ἡδοναί.

Σωκράτης: πάλιν εἰς τὸν αὐτὸν φερόμεθα λόγον, ὦ Πρώταρχε, οὐδ' ἄρα ἡδονὴν ἡδονῆς διάφορον, ἀλλὰ πάσας ὁμοίας εἶναι φήσομεν, καὶ τὰ παραδείγματα ἡμᾶς τὰ νυνδὴ λεχθέντα οὐδὲν τιτρώσκει, πεισόμεθα δὲ καὶ ἐροῦμεν ἅπερ οἱ πάντων 13d φαυλότατοί τε καὶ περὶ λόγους ἅμα νέοι.

Πρώταρχος: τὰ ποῖα δὴ λέγεις;

Σωκράτης: ὅτι σε μιμούμενος ἐγὼ καὶ ἀμυνόμενος ἐὰν τολμῶ λέγειν ὡς τὸ ἀνομοιότατόν ἐστι τῷ ἀνομοιοτάτῳ πάντων ὁμοιότατον, ἔξω τὰ αὐτὰ σοὶ λέγειν, καὶ φανούμεθα γε νεώτεροι τοῦ δέοντος, καὶ ὁ λόγος ἡμῖν ἐκπεσὼν οἰχίσεται. πάλιν οὖν αὐτὸν ἀνακρουώμεθα, καὶ τάχ' ἂν ἰόντες εἰς τὰς ὁμοίας ἴσως ἂν πῶς ἀλλήλοις συγχωρήσαιμεν. 13e

Πρώταρχος: λέγε πῶς;

Σωκράτης: ἐμὲ θές ὑπὸ σοῦ πάλιν ἐρωτώμενον, ὦ Πρώταρχε.

Πρώταρχος: τὸ ποῖον δὴ;

Σωκράτης: φρόνησίς τε καὶ ἐπιστήμη καὶ νοῦς καὶ πάνθ' ὅποσα δὴ κατ' ἀρχὰς ἐγὼ θέμενος εἶπον ἀγαθὰ, διερωτώμενος ὅτι ποτ' ἐστὶν ἀγαθόν, ἅρ' οὐ ταῦτόν πείσονται τοῦτο ὅπερ ὁ σὸς λόγος;

Πρώταρχος: πῶς;

Σωκράτης: πολλάι τε αἱ συνάπασαι ἐπιστήμαι δόξουσιν εἶναι καὶ ἀνόμοιοι τινες αὐτῶν ἀλλήλαις; εἰ δὲ καὶ ἐναντία πη 14a γίνονται τινες, ἄρα ἄξιος ἂν εἶην τοῦ διαλέγεσθαι νῦν, εἰ φοβηθεὶς τοῦτο αὐτὸ μηδεμίαν ἀνόμοιον φαῖν ἐπιστήμην ἐπιστήμη γίνεσθαι, κἄπειθ' ἡμῖν οὕτως ὁ λόγος ὥσπερ μῦθος ἀπολόμενος οἴχοιτο, αὐτοὶ δὲ σφζοίμεθα ἐπὶ τινος ἀλογίας;

Πρώταρχος: ἀλλ' οὐ μὴν δεῖ τοῦτο γενέσθαι, πλὴν τοῦ σωθῆναι. τό γε μὴν μοι ἴσον τοῦ σοῦ τε καὶ ἐμοῦ λόγου ἀρέσκει: πολλαὶ μὲν ἡδοναὶ καὶ ἀνόμοιοι γιγνέσθων, πολλαὶ δὲ ἐπιστῆμαι καὶ διάφοροι.
14b

Σωκράτης: τὴν τοίνυν διαφορότητα, ὦ Πρώταρχε, [τοῦ ἀγαθοῦ] τοῦ τ' ἐμοῦ καὶ τοῦ σοῦ μὴ ἀποκρυπτόμενοι, κατατιθέντες δὲ εἰς τὸ μέσον, τολμῶμεν, ἂν πῃ ἐλεγχόμενοι μὴνύσωσι πότερον ἡδονὴν τάγαθόν δεῖ λέγειν ἢ φρόνησιν ἢ τι τρίτον ἄλλο εἶναι. νῦν γὰρ οὐ δήπου πρὸς γε αὐτὸ τοῦτο φιλονικοῦμεν, ὅπως ἀγὼ τίθεμαι, ταῦτ' ἔσται τὰ νικῶντα, ἢ ταῦθ' ἃ σύ, τῷ δ' ἀληθεστάτῳ δεῖ που συμμαχεῖν ἡμᾶς ἄμφω.

Πρώταρχος: δεῖ γὰρ οὖν. 14c

Σωκράτης: τοῦτον τοίνυν τὸν λόγον ἔτι μᾶλλον δι' ὁμολογίας βεβαιωσώμεθα.

Πρώταρχος: τὸν ποῖον δή;

Σωκράτης: τὸν πᾶσι παρέχοντα ἀνθρώποις πράγματα ἐκοῦσί τε καὶ ἄκουσιν ἐνίοις καὶ ἐνίοτε.

Πρώταρχος: λέγε σαφέστερον.

Σωκράτης: τὸν νυνδὴ παραπεσόντα λέγω, φύσει πῶς πεφυκότα θαυμαστόν. ἐν γὰρ δὴ τὰ πολλὰ εἶναι καὶ τὸ ἐν πολλὰ θαυμαστόν λεχθέν, καὶ ῥάδιον ἀμφισβητῆσαι τῷ τούτων ὁποτερονοῦν τιθεμένῳ.

Πρώταρχος: ἄρ' οὖν λέγεις ὅταν τις ἐμὲ φῇ Πρώταρχον ἓνα 14d γεγονότα φύσει πολλοὺς εἶναι πάλιν τοὺς ἐμὲ καὶ ἐναντίους ἀλλήλοις, μέγαν καὶ σμικρὸν τιθέμενος καὶ βαρὺν καὶ κοῦφον τὸν αὐτὸν καὶ ἄλλα μυρία;

Σωκράτης: σὺ μὲν, ὦ Πρώταρχε, εἵρηκας τὰ δεδημευμένα τῶν θαυμαστῶν περὶ τὸ ἐν καὶ πολλὰ, συγκεχωρημένα δὲ ὥς ἔπος εἰπεῖν ὑπὸ πάντων ἤδη μὴ δεῖν τῶν τοιούτων ἄπτεσθαι, παιδαριώδη καὶ ῥάδια καὶ σφόδρα τοῖς λόγοις ἐμπόδια ὑπολαμβάνόντων γίγνεσθαι, ἐπεὶ μὴδὲ τὰ τοιάδε, ὅταν τις 14e ἐκάστου τὰ μέλη τε καὶ ἅμα μέρη διελὼν τῷ λόγῳ, πάντα ταῦτα τὸ ἐν ἐκείνῳ εἶναι διομολογησάμενος,

ἐλέγχῃ καταγελῶν ὅτι τέρατα διηνάγκασται φάναι, τό τε ἐν ὧς πολλά ἐστί καὶ ἄπειρα, καὶ τὰ πολλὰ ὧς ἐν μόνον.

Πρόταρχος: σὺ δὲ δὴ ποῖα, ὃ Σώκρατες, ἕτερα λέγεις, ἃ μήπω συγκεχωρημένα δεδήμευται περὶ τὸν αὐτὸν τοῦτον λόγον; 15a

Σωκράτης: ὁπότεν, ὃ παῖ, τὸ ἐν μὴ τῶν γιγνομένων τε καὶ ἀπολλυμένων τις τιθῆται, καθάπερ ἄρτίως ἡμεῖς εἵπομεν. ἐνταυθοῖ μὲν γὰρ καὶ τὸ τοιοῦτον ἐν, ὅπερ εἵπομεν νυνδὴ, συγκεχώρηται τὸ μὴ δεῖν ἐλέγχειν: ὅταν δὲ τις ἓνα ἄνθρωπον ἐπιχειρῇ τίθεσθαι καὶ βούν ἓνα καὶ τὸ καλὸν ἐν καὶ τὸ ἀγαθὸν ἐν, περὶ τούτων τῶν ἐνάδων καὶ τῶν τοιούτων ἢ πολλὴ σπουδὴ μετὰ διαιρέσεως ἀμφισβήτησις γίγνεται.

Πρόταρχος: πῶς; 15b

Σωκράτης: πρῶτον μὲν εἴ τινας δεῖ τοιαύτας εἶναι μονάδας ὑπολαμβάνειν ἀληθῶς οὕσας: εἶτα πῶς αὖ ταύτας, μίαν ἐκάστην οὕσαν ἀεὶ τὴν αὐτὴν καὶ μήτε γένεσιν μήτε ὄλεθρον προσδεχομένην, ὅμως εἶναι βεβαιότατα μίαν ταύτην; μετὰ δὲ τοῦτ' ἐν τοῖς γιγνομένοις αὖ καὶ ἀπείροις εἴτε διεσπασμένην καὶ πολλὰ γεγονυῖαν θετέον, εἴθ' ὅλην αὐτὴν αὐτῆς χωρίς, ὃ δὴ πάντων ἀδυνατώτατον φαίνοιτ' ἂν, ταῦτόν καὶ ἐν ἅμα ἐν ἐνί τε καὶ πολλοῖς γίνεσθαι. ταῦτ' ἔστι τὰ 15c περὶ τὰ τοιαῦτα ἐν καὶ πολλὰ, ἀλλ' οὐκ ἐκεῖνα, ὃ Πρόταρχε, ἀπάσης ἀπορίας αἷτια μὴ καλῶς ὁμολογηθέντα καὶ εὐπορίας [ἂν] αὖ καλῶς.

Πρόταρχος: οὐκοῦν χρὴ τοῦθ' ἡμᾶς, ὃ Σώκρατες, ἐν τῷ νῦν πρῶτον διαπονήσασθαι;

Σωκράτης: ὧς γοῦν ἐγὼ φαίην ἂν.

Πρόταρχος: καὶ πάντας τοίνυν ἡμᾶς ὑπόλαβε συγχωρεῖν σοι τούσδε τὰ τοιαῦτα: Φίληβον δ' ἴσως κράτιστον ἐν τῷ νῦν ἐπερωτῶντα μὴ κινεῖν εὖ κείμενον. 15d

Σωκράτης: εἶεν: πόθεν οὖν τις ταύτης ἄρξῃται πολλῆς οὔσης καὶ παντοίας περὶ τὰ ἀμφισβητούμενα μάχης; ἄρ' ἐνθένδε;

Πρόταρχος: πόθεν;

Σωκράτης: φαμέν που ταῦτόν ἐν καὶ πολλὰ ὑπὸ λόγων γιγνόμενα περιτρέχειν πάντη καθ' ἕκαστον τῶν λεγομένων ἀεὶ, καὶ πάλαι καὶ νῦν. καὶ τοῦτο οὔτε μὴ παύσῃται ποτε οὔτε ἤρξατο νῦν, ἀλλ' ἔστι τὸ τοιοῦτον, ὥς ἐμοὶ φαίνεται, τῶν λόγων αὐτῶν ἀθάνατόν τι καὶ ἀγήρων πάθος ἐν ἡμῖν: ὁ δὲ πρῶτον αὐτοῦ γευσάμενος ἐκάστοτε τῶν νέων, ἡσθεὶς ὥς 15e τινὰ σοφίας ἡύρηκώς θησαυρόν, ὑφ' ἡδονῆς ἐνθουσιᾷ τε καὶ πάντα κινεῖ λόγον ἄσμενος, τοτὲ μὲν ἐπὶ θάτερα κυκλῶν καὶ συμφύρων εἰς ἓν, τοτὲ δὲ πάλιν ἀνειλίττων καὶ διαμερίζων, εἰς ἀπορίαν αὐτὸν μὲν πρῶτον καὶ μάλιστα καταβάλλων, δεύτερον δ' ἀεὶ τὸν ἐχόμενον, ἅντε νεώτερος ἅντε πρεσβύτερος ἅντε ἥλιξ ὢν τυγχάνη, φειδόμενος οὔτε πατρὸς οὔτε μητρὸς 16a οὔτε ἄλλου τῶν ἀκουόντων οὐδενός, ὀλίγου δὲ καὶ τῶν ἄλλων ζώων, οὐ μόνον τῶν ἀνθρώπων, ἐπεὶ βαρβάρων γε οὐδενός ἂν φείσαιοτο, εἶπερ μόνον ἐρμηνέα ποθὲν ἔχοι.

Πρόταρχος: ἄρ', ὦ Σώκρατες, οὐχ ὀρθῶς ἡμῶν τὸ πλῆθος, ὅτι νέοι πάντες ἐσμέν, καὶ οὐ φοβῆ μὴ σοι μετὰ Φιλήβου συνεπιθώμεθα, ἐὰν ἡμᾶς λοιδορῇς; ὅμως δὲ μανθάνομεν γὰρ ὁ λέγεις, εἴ τις τρόπος ἔστι καὶ μηχανὴ τὴν μὲν τοιαύτην ταραχὴν ἡμῖν ἔξω τοῦ λόγου εὐμενῶς πως ἀπελθεῖν, ὁδὸν δέ 16b τινὰ καλλίω ταύτης ἐπὶ τὸν λόγον ἀνευρεῖν, σύ τε προθυμοῦ τοῦτο καὶ ἡμεῖς συνακολουθήσομεν εἰς δύναμιν: οὐ γὰρ σμικρὸς ὁ παρὼν λόγος, ὦ Σώκρατες.

Σωκράτης: οὐ γὰρ οὖν, ὦ παῖδες, ὥς φησιν ὑμᾶς προσαγορεύων Φίληβος. οὐ μὴν ἔστι καλλίων ὁδὸς οὐδ' ἂν γένοιτο ἥς ἐγὼ ἐραστής μὲν εἰμι ἀεὶ, πολλάκις δέ με ἤδη διαφυγοῦσα ἔρημον καὶ ἄπορον κατέστησεν.

Πρόταρχος: τίς αὕτη; λεγέσθω μόνον. 16c

Σωκράτης: ἦν δηλῶσαι μὲν οὐ πάνυ χαλεπόν, χρῆσθαι δὲ παγχάλεπον: πάντα γὰρ ὅσα τέχνης ἐχόμενα ἀνηυρέθη πώποτε διὰ ταύτης φανερά γεγόνη. σκόπει δὲ ἦν λέγω.

Πρόταρχος: λέγε μόνον.

Σωκράτης: θεῶν μὲν εἰς ἀνθρώπους δόσις, ὥς γε καταφαίνεται ἐμοί, ποθὲν ἐκ θεῶν ἐρρίφη διὰ τινος Προμηθέως ἅμα φανοτάτω τινὶ πυρί: καὶ οἱ μὲν παλαιοί, κρείττονες ἡμῶν καὶ ἐγγυτέρω θεῶν οἰκοῦντες,

ταύτην φήμην παρέδосαν, ὡς ἐξ ἑνὸς μὲν καὶ πολλῶν ὄντων τῶν ἀεὶ λεγομένων εἶναι, πέρας δὲ καὶ ἀπειρίαν ἐν αὐτοῖς σύμφυτον ἐχόντων. δεῖν 16d οὖν ἡμᾶς τούτων οὕτω διακεκοσμημένων ἀεὶ μίαν ιδέαν περὶ παντὸς ἐκάστοτε θεμένους ζητεῖν εὐρήσειν γὰρ ἐνοῦσαν ἂν οὖν μεταλάβωμεν, μετὰ μίαν δύο, εἴ πως εἰσὶ, σκοπεῖν, εἰ δὲ μή, τρεῖς ἢ τινα ἄλλον ἀριθμόν, καὶ τῶν ἐν ἐκείνων ἕκαστον πάλιν ὡσαύτως, μέχρι περ ἂν τὸ κατ' ἀρχᾶς ἐν μὴ ὅτι ἐν καὶ πολλὰ καὶ ἄπειρά ἐστι μόνον ἴδη τις, ἀλλὰ καὶ ὅποσα: τὴν δὲ τοῦ ἀπείρου ιδέαν πρὸς τὸ πλῆθος μὴ προσφέρειν πρὶν ἂν τις τὸν ἀριθμόν αὐτοῦ πάντα κατὶδῇ τὸν 16e μετὰ τοῦ ἀπείρου τε καὶ τοῦ ἐνός, τότε δ' ἤδη τὸ ἐν ἕκαστον τῶν πάντων εἰς τὸ ἄπειρον μεθέντα χαίρειν ἔαν. οἱ μὲν οὖν θεοί, ὅπερ εἶπον, οὕτως ἡμῖν παρέδосαν σκοπεῖν καὶ μανθάνειν καὶ διδάσκειν ἀλλήλους: οἱ δὲ νῦν τῶν ἀνθρώπων 17a σοφοὶ ἐν μὲν, ὅπως ἂν τύχωσι, καὶ πολλὰ θᾶττον καὶ βραδύτερον ποιοῦσι τοῦ δέοντος, μετὰ δὲ τὸ ἐν ἄπειρα εὐθύς, τὰ δὲ μέσα αὐτοὺς ἐκφεύγειοῖς διακεχώρισται τό τε διαλεκτικῶς πάλιν καὶ τὸ ἐριστικῶς ἡμᾶς ποιεῖσθαι πρὸς ἀλλήλους τοὺς λόγους.

Πρόταρχος: τὰ μὲν πως, ὦ Σώκρατες, δοκῶ σου μανθάνειν, τὰ δὲ ἔτι σαφέστερον δέομαι ἃ λέγεις ἀκοῦσαι.

Σωκράτης: σαφές μὲν, ὦ Πρόταρχε, ἐστὶν ἐν τοῖς γράμμασιν ὁ λέγω, καὶ λάμβαν' αὐτὸ ἐν τούτοις οἷσπερ καὶ 17b πεπαίδευσαι.

Πρόταρχος: πῶς;

Σωκράτης: φωνὴ μὲν ἡμῖν ἐστὶ πού μία διὰ τοῦ στόματος ἰοῦσα, καὶ ἄπειρος αὐτὴ πλήθει, πάντων τε καὶ ἐκάστου.

Πρόταρχος: τί μὲν;

Σωκράτης: καὶ οὐδὲν ἑτέρω γε τούτων ἐσμέν πω σοφοί, οὔτε ὅτι τὸ ἄπειρον αὐτῆς ἴσμεν οὔθ' ὅτι τὸ ἐν: ἀλλ' ὅτι πόσα τ' ἐστὶ καὶ ὅποια, τοῦτό ἐστι τὸ γραμματικὸν ἕκαστον ποιοῦν ἡμῶν.

Πρόταρχος: ἀληθέστατα.

Σωκράτης: καὶ μὲν καὶ τὸ μουσικὸν ὃ τυγχάνει ποιοῦν, τοῦτ' ἔστι ταυτόν.

Πρώταρχος: πῶς; 17c

Σωκράτης: φωνή μὲν που καὶ τὸ κατ' ἐκείνην τὴν τέχνην ἐστὶ μία ἐν αὐτῇ.

Πρώταρχος: πῶς δ' οὐ;

Σωκράτης: δύο δὲ θῶμεν βαρὺ καὶ ὀξύ, καὶ τρίτον ὁμότονον. ἢ πῶς;

Πρώταρχος: οὕτως.

Σωκράτης: ἀλλ' οὐπω σοφὸς ἂν εἴης τὴν μουσικὴν εἰδὼς ταῦτα μόνον, μὴ δὲ εἰδὼς ὥς γ' ἔπος εἰπεῖν εἰς ταῦτα οὐδενὸς ἄξιος ἔσῃ.

Πρώταρχος: οὐ γὰρ οὖν.

Σωκράτης: ἀλλ', ὦ φίλε, ἐπειδὴν λάβης τὰ διαστήματα ὅποσα ἐστὶ τὸν ἀριθμὸν τῆς φωνῆς ὀξύτητός τε πέρι καὶ βαρύτητος, 17d καὶ ὅποια, καὶ τοὺς ὅρους τῶν διαστημάτων, καὶ τὰ ἐκ τούτων ὅσα συστήματα γέγονεν ἅ κατιδόντες οἱ πρόσθεν παρέδοσαν ἡμῖν τοῖς ἐπομένοις ἐκείνοις καλεῖν αὐτὰ ἀρμονίας, ἔν τε ταῖς κινήσεσιν αὐτῶ τοῦ σώματος ἕτερα τοιαῦτα ἐνόντα πάθη γιγνόμενα, ἃ δὴ δι' ἀριθμῶν μετρηθέντα δεῖν αὐτῶ φασι ρυθμοὺς καὶ μέτρα ἐπονομάζειν, καὶ ἅμα ἐννοεῖν ὥς οὕτω δεῖ περὶ παντὸς ἐνὸς καὶ πολλῶν σκοπεῖν ὅταν αὐτὰ 17e τε λάβης οὕτω, τότε ἐγένου σοφός, ὅταν τε ἄλλο τῶν ἐν ὀτιοῦν ταύτῃ σκοπούμενος ἔλῃς, οὕτως ἔμφρων περὶ τοῦτο γεγονόςας: τὸ δ' ἄπειρόν σε ἐκάστων καὶ ἐν ἐκάστοις πλῆθος ἄπειρον ἐκάστοτε ποιεῖ τοῦ φρονεῖν καὶ οὐκ ἐλλόγιμον οὐδ' ἐνάρημον, ἅτ' οὐκ εἰς ἀριθμὸν οὐδένα ἐν οὐδενὶ πώποτε ἀπιδόντα.

Πρώταρχος: κάλλιστα, ὦ Φίληβε, ἔμοιγε τὰ νῦν λεγόμενα εἰρηκέναι φαίνεται Σωκράτης. 18a

Φίληβος: κάμοι ταῦτά γε αὐτά: ἀλλὰ τί δὴ ποτε πρὸς ἡμᾶς ὁ λόγος οὕτως νῦν εἴρηται καὶ τί ποτε βουλόμενος;

Σωκράτης: ὀρθῶς μέντοι τοῦθ' ἡμᾶς, ὦ Πρώταρχε, ἠρώτηκε Φίληβος.

Πρώταρχος: πάνυ μὲν οὖν, καὶ ἀποκρίνου γε αὐτῷ.

Σωκράτης: δράσω ταῦτα διελθὼν σμικρὸν ἔτι περὶ αὐτῶν τούτων. ὥσπερ γὰρ ἔν ὅτιοῦν εἴ τις ποτε λάβοι, τοῦτον, ὥς φαμεν, οὐκ ἐπ' ἀπείρου φύσιν δεῖ βλέπειν εὐθύς ἀλλ' ἐπὶ τινα ἀριθμὸν, οὕτω καὶ τὸ ἐναντίον ὅταν τις τὸ ἄπειρον 18b ἀναγκασθῇ πρῶτον λαμβάνειν, μὴ ἐπὶ τὸ ἐν εὐθύς, ἀλλ' [ἐπ'] ἀριθμὸν αὖ τινα πληθὸς ἕκαστον ἔχοντά τι κατανοεῖν, τελευτᾶν τε ἐκ πάντων εἰς ἓν. πάλιν δὲ ἐν τοῖς γράμμασι τὸ νῦν λεγόμενον λάβωμεν.

Πρώταρχος: πῶς;

Σωκράτης: ἐπειδὴ φωνὴν ἄπειρον κατενόησεν εἴτε τις θεὸς εἴτε καὶ θεῖος ἄνθρωπος ὡς λόγος ἐν Αἰγύπτῳ Θεῦθ τινα τοῦτον γενέσθαι λέγων, ὃς πρῶτος τὰ φωνήεντα ἐν τῷ ἀπείρῳ κατενόησεν οὐχ ἔν ὄντα ἀλλὰ πλείω, καὶ πάλιν 18c ἕτερα φωνῆς μὲν οὐ, φθόγγου δὲ μετέχοντά τινος, ἀριθμὸν δὲ τινα καὶ τούτων εἶναι, τρίτον δὲ εἶδος γραμμάτων διεστήσατο τὰ νῦν λεγόμενα ἄφωνα ἡμῖν: τὸ μετὰ τοῦτο διήρει τὰ τε ἄφθογγα καὶ ἄφωνα μέχρι ἐνὸς ἐκάστου, καὶ τὰ φωνήεντα καὶ τὰ μέσα κατὰ τὸν αὐτὸν τρόπον, ἕως ἀριθμὸν αὐτῶν λαβὼν ἐνὶ τε ἐκάστῳ καὶ σύμπασι στοιχείῳ ἐπωνόμασε: καθορῶν δὲ ὡς οὐδεὶς ἡμῶν οὐδ' ἂν ἐν αὐτὸ καθ' αὐτὸ ἄνευ πάντων αὐτῶν μάθοι, τοῦτον τὸν δεσμὸν αὖ λογισάμενος ὡς 18d ὄντα ἓνα καὶ πάντα ταῦτα ἔν πως ποιοῦντα μίαν ἐπ' αὐτοῖς ὡς οὐσαν γραμματικὴν τέχνην ἐπεφθέγγετο προσειπὼν.

Φίληβος: ταῦτ' ἔτι σαφέστερον ἐκείνων αὐτά γε πρὸς ἄλληλα, ὦ Πρώταρχε, ἔμαθον: τὸ δ' αὐτὸ μοι τοῦ λόγου νῦν τε καὶ σμικρὸν ἔμπροσθεν ἐλλείπεται.

Σωκράτης: μὶν, ὦ Φίληβε, τὸ τί πρὸς ἔπος αὖ ταῦτ' ἐστίν;

Φίληβος: ναί, τοῦτ' ἔστιν ὃ πάλαι ζητοῦμεν ἐγὼ τε καὶ Πρώταρχος.

Σωκράτης: ἦ μὴν ἐπ' αὐτῷ γε ἤδη γεγονότες ζητεῖτε, ὡς φῆς, 18e πάλαι.

Φίληβος: πῶς;

Σωκράτης: ἄρ' οὐ περὶ φρονήσεως ἦν καὶ ἡδονῆς ἡμῖν ἐξ ἀρχῆς ὁ λόγος, ὁπότερον αὐτοῖν αἰρετέον;

Φίληβος: πῶς γάρ οὐ;

Σωκράτης: καὶ μὴν ἓν γε ἐκάτερον αὐτοῖν εἶναι φαμεν.

Φίληβος: πάνυ μὲν οὖν.

Σωκράτης: τοῦτ' αὐτὸ τοίνυν ἡμᾶς ὁ πρόσθεν λόγος ἀπαιτεῖ, πῶς ἔστιν ἓν καὶ πολλὰ αὐτῶν ἐκάτερον, καὶ πῶς μὴ ἄπειρα 19a εὐθύς, ἀλλὰ τινά ποτε ἀριθμὸν ἐκάτερον ἔμπροσθεν κέκτηται τοῦ ἄπειρα αὐτῶν ἕκαστα γεγονέναι;

Πρόταρχος: οὐκ εἰς φαῦλόν γε ἐρώτημα, ὃ Φίληβε, οὐκ οἶδ' ὄντινα τρόπον κύκλῳ πῶς περιαγαγὼν ἡμᾶς ἐμβέβληκε Σωκράτης. καὶ σκόπει δὴ πότερος ἡμῶν ἀποκρινεῖται τὸ νῦν ἐρωτώμενον. ἴσως δὴ γελοῖον τὸ ἐμὲ τοῦ λόγου διάδοχον παντελῶς ὑποστάντα διὰ τὸ μὴ δύνασθαι τὸ νῦν ἐρωτηθὲν ἀποκρίνασθαι σοὶ πάλιν τοῦτο προστάττειν: γελοιότερον 19b δ' οἶμαι πολὺ τὸ μηδέτερον ἡμῶν δύνασθαι. σκόπει δὴ τί δράσομεν. εἶδη γάρ μοι δοκεῖ νῦν ἐρωτᾶν ἡδονῆς ἡμᾶς Σωκράτης εἴτε ἔστιν εἴτε μὴ, καὶ ὅποσα ἐστὶ καὶ ὅποια: τῆς τ' αὖ φρονήσεως πέρι κατὰ ταῦτά ὡσαύτως.

Σωκράτης: ἀληθέστατα λέγεις, ὃ παῖ Καλλίου: μὴ γὰρ δυνάμενοι τοῦτο κατὰ παντὸς ἐνὸς καὶ ὁμοίου καὶ ταυτοῦ δρᾶν καὶ τοῦ ἐναντίου, ὥς ὁ παρελθὼν λόγος ἐμήνυσεν, οὐδεὶς εἰς οὐδὲν οὐδενὸς ἂν ἡμῶν οὐδέποτε γένοιτο ἄξιος. 19c

Πρόταρχος: σχεδὸν ἔοικεν οὕτως, ὃ Σώκρατες, ἔχειν. ἀλλὰ καλὸν μὲν τὸ σύμπαντα γινώσκειν τῷ σώφρονι, δεύτερος δ' εἶναι πλοῦς δοκεῖ μὴ λανθάνειν αὐτὸν αὐτόν. τί δὴ μοι τοῦτο εἴρηται τὰ νῦν; ἐγὼ σοι φράσω. σὺ τήνδε ἡμῖν τὴν συνουσίαν, ὃ Σώκρατες, ἐπέδωκας πᾶσι καὶ σεαυτὸν πρὸς τὸ διελέσθαι τί τῶν ἀνθρωπίνων κτημάτων ἄριστον. Φιλήβου γὰρ εἰπόντος ἡδονὴν καὶ τέρψιν καὶ χαρὰν καὶ πάνθ' ὅποσα τοιαῦτ' ἐστὶ, σὺ πρὸς αὐτὰ ἀντεῖπες ὥς οὐ ταῦτα 19d ἀλλ' ἐκεῖνα ἐστὶν ἃ πολλάκις ἡμᾶς αὐτοὺς ἀναμιμνήσκομεν ἐκόντες, ὀρθῶς δρῶντες, ἵν' ἐν μνήμῃ παρακείμενα ἐκάτερα βασανίζηται. φῆς δ', ὥς ἔοικε, σὺ τὸ προσρηθησόμενον ὀρθῶς ἄμεινον ἡδονῆς γε ἀγαθὸν εἶναι νοῦν, ἐπιστήμην, σύνεσιν, τέχνην καὶ πάντα αὖ τὰ τούτων συγγενή, <ᾗ> κτᾶσθαι δεῖν ἀλλ' οὐχὶ ἐκεῖνα. τούτων δὴ μετ' ἀμφισβητήσεως ἐκατέρων λεχθέντων ἡμεῖς σοι μετὰ παιδιᾶς

ἡπειλήσαμεν 19e ὥς οὐκ ἀφήσομεν οἴκαδέ σε πρὶν ἂν τούτων τῶν λόγων πέρας ἱκανὸν γένηται τι διορισθέντων, σὺ δὲ συνεχώρησας καὶ ἔδωκας εἰς ταῦθ' ἡμῖν σαυτόν, ἡμεῖς δὲ δὴ λέγομεν, καθάπερ οἱ παῖδες, ὅτι τῶν ὀρθῶς δοθέντων ἀφαίρεσις οὐκ ἔστι: παῦσαι δὴ τὸν τρόπον ἡμῖν ἀπαντῶν τοῦτον ἐπὶ τὰ νῦν λεγόμενα.

Σωκράτης: τίνα λέγεις; 20a

Πρόταρχος: εἰς ἀπορίαν ἐμβάλλων καὶ ἀνερωτῶν ὧν μὴ δυνάμεθ' ἂν ἱκανὴν ἀπόκρισιν ἐν τῷ παρόντι διδόναι σοι. μὴ γὰρ οἴωμεθα τέλος ἡμῖν εἶναι τῶν νῦν τὴν πάντων ἡμῶν ἀπορίαν, ἀλλ' εἰ δρᾶν τοῦθ' ἡμεῖς ἀδυνατοῦμεν, σοὶ δραστέον: ὑπέσχου γάρ. βουλεύου δὴ πρὸς ταῦτα αὐτὸς πότερον ἡδονῆς εἶδη σοι καὶ ἐπιστήμης διαιρετέον ἢ καὶ ἐατέον, εἴ πη καθ' ἕτερόν τινα τρόπον οἷός τ' εἶ καὶ βούλει δηλῶσαι πῶς ἄλλως τὰ νῦν ἀμφισβητούμενα παρ' ἡμῖν. 20b

Σωκράτης: δεινὸν μὲν τοίνυν ἔτι προσδοκᾷν οὐδὲν δεῖ τὸν ἐμέ, ἐπειδὴ τοῦθ' οὕτως εἴπεις: τὸ γὰρ εἰ βούλει ῥηθὲν λύει πάντα φόβον ἐκάστων πέρι. πρὸς δὲ αὐτὸς τοῖς μνήμην τινὰ δοκεῖ τίς μοι δεδωκέναι θεῶν ἡμῖν.

Πρόταρχος: πῶς δὴ καὶ τίνων;

Σωκράτης: λόγων ποτέ τινων πάλαι ἀκούσας ὄναρ ἢ καὶ ἐγρηγορῶς νῦν ἐννοῶ περὶ τε ἡδονῆς καὶ φρονήσεως, ὥς οὐδέτερον αὐτοῖν ἔστι τάγαθόν, ἀλλὰ ἄλλο τι τρίτον, ἕτερον μὲν τούτων, ἄμεινον δὲ ἀμφοῖν. καίτοι τοῦτό γε ἂν ἐναργῶς 20c ἡμῖν φανῇ νῦν, ἀπήλλακται μὲν ἡδονὴ τοῦ νικᾶν: τὸ γὰρ ἀγαθὸν οὐκ ἂν ἔτι ταῦτόν αὐτῇ γίγνοιτο. ἢ πῶς;

Πρόταρχος: οὕτως.

Σωκράτης: τῶν δέ γε εἰς τὴν διαίρεσιν εἰδὼν ἡδονῆς οὐδὲν ἔτι προσδεησόμεθα κατ' ἐμὴν δόξαν. προῖόν δ' ἔτι σαφέστερον δείξει.

Πρόταρχος: κάλλιστ' εἰπὼν οὕτω καὶ διαπέραινε.

Σωκράτης: μίκρ' ἅττα τοίνυν ἔμπροσθεν ἔτι διομολογησώμεθα.

Πρόταρχος: τὰ ποῖα; 20d

Σωκράτης: τὴν τὰγαθοῦ μοῖραν πότερον ἀνάγκη τέλεον ἢ μὴ τέλεον εἶναι;

Πρώταρχος: πάντων δήπου τελεώτατον, ὦ Σώκρατες.

Σωκράτης: τί δέ; ἱκανὸν τὰγαθόν;

Πρώταρχος: πῶς γὰρ οὐ; καὶ πάντων γε εἰς τοῦτο διαφέρειν τῶν ὄντων.

Σωκράτης: τόδε γε μήν, ὥς οἶμαι, περὶ αὐτοῦ ἀναγκαιότατον εἶναι λέγειν, ὥς πᾶν τὸ γιγνώσκον αὐτὸ θηρεύει καὶ ἐφίεται βουλόμενον ἐλεῖν καὶ περὶ αὐτὸ κτήσασθαι, καὶ τῶν ἄλλων οὐδὲν φροντίζει πλὴν τῶν ἀποτελουμένων ἅμα ἀγαθοῖς.

Πρώταρχος: οὐκ ἔστι τούτοις ἀντειπεῖν. 20e

Σωκράτης: σκοπῶμεν δὴ καὶ κρίνωμεν τόν τε ἡδονῆς καὶ τὸν φρονήσεως βίον ἰδόντες χωρὶς.

Πρώταρχος: πῶς εἶπες;

Σωκράτης: μήτε ἐν τῷ τῆς ἡδονῆς ἐνέστω φρόνησις μήτ' ἐν τῷ τῆς φρονήσεως ἡδονή. δεῖ γάρ, εἴπερ πότερον αὐτῶν ἔστ' ἀγαθόν, μηδὲν μηδενὸς ἔτι προσδεῖσθαι: δεόμενον δ' 21a ἂν φανῇ πότερον, οὐκ ἔστι που τοῦτ' ἔτι τὸ ὄντως ἡμῖν ἀγαθόν.

Πρώταρχος: πῶς γὰρ ἄν;

Σωκράτης: οὐκοῦν ἐν σοὶ πειρώμεθα βασανίζοντες ταῦτα;

Πρώταρχος: πάνυ μὲν οὖν.

Σωκράτης: ἀποκρίνου δῆ.

Πρώταρχος: λέγε.

Σωκράτης: δέξαι' ἄν, Πρώταρχε, σὺ ζῇν τὸν βίον ἅπαντα ἡδόμενος ἡδονὰς τὰς μεγίστας;

Πρώταρχος: τί δ' οὐ;

Σωκράτης: ἄρ' οὖν ἔτι τινὸς ἂν σοὶ προσδεῖν ἡγοῖο, εἰ τοῦτ' ἔχεις

παντελῶς;

Πρόταρχος: οὐδαμῶς.

Σωκράτης: ὄρα δὴ, τοῦ φρονεῖν καὶ τοῦ νοεῖν καὶ λογίζεσθαι 21b τὰ δέοντα καὶ ὅσα τούτων ἀδελφά, μὴν μὴ δέοι' ἄν τι;

Πρόταρχος: καὶ τί; πάντα γὰρ ἔχοιμ' ἄν που τὸ χαίρειν ἔχων.

Σωκράτης: οὐκοῦν οὕτω ζῶν ἀεὶ μὲν διὰ βίου ταῖς μεγίσταις ἡδοναῖς χαίροις ἄν;

Πρόταρχος: τί δ' οὐ;

Σωκράτης: νοῦν δέ γε καὶ μνήμην καὶ ἐπιστήμην καὶ δόξαν μὴ κεκτημένος ἀληθῆ, πρῶτον μὲν τοῦτο αὐτό, εἰ χαίρεις ἢ μὴ χαίρεις, ἀνάγκη δήπου σε ἀγνοεῖν, κενόν γε ὄντα πάσης φρονήσεως;

Πρόταρχος: ἀνάγκη. 21c

Σωκράτης: καὶ μὴν ὡσαύτως μνήμην μὴ κεκτημένον ἀνάγκη δήπου μὴδ' ὅτι ποτὲ ἔχαιρες μεμνήσθαι, τῆς τ' ἐν τῷ παραχρῆμα ἡδονῆς προσπιπτούσης μὴδ' ἠντινοῦν μνήμην ὑπομένειν: δόξαν δ' αὖ μὴ κεκτημένον ἀληθῆ μὴ δοξάζειν χαίρειν χαίροντα, λογισμοῦ δὲ στερόμενον μὴδ' εἰς τὸν ἔπειτα χρόνον ὡς χαιρήσεις δυνατόν εἶναι λογίζεσθαι, ζῆν δὲ οὐκ ἀνθρώπου βίον, ἀλλὰ τινος πλεύμονος ἢ τῶν ὅσα θαλάττια μετ' ὀστρεῖνων ἔμψυχά ἐστι σωμάτων. ἐστὶ ταῦτα, ἢ παρὰ 21d ταῦτα ἔχομεν ἄλλα διανοηθῆναι;

Πρόταρχος: καὶ πῶς;

Σωκράτης: ἄρ' οὖν αἰρετὸς ἡμῖν βίος ὁ τοιοῦτος;

Πρόταρχος: εἰς ἀφασίαν παντάπασί με, ὦ Σώκρατες, οὗτος ὁ λόγος ἐμβέβληκε τὰ νῦν.

Σωκράτης: μήπω τοίνυν μαλθακιζώμεθα, τὸν δὲ τοῦ νοῦ μεταλαβόντες αὖ βίον ἴδωμεν.

Πρόταρχος: τὸν ποῖον δὴ λέγεις;

Σωκράτης: εἴ τις δέξαιτ' ἄν αὖ ζῆν ἡμῶν φρόνησιν μὲν καὶ νοῦν καὶ

ἐπιστήμην καὶ μνήμην πᾶσαν πάντων κεκτημένος, 21e ἡδονῆς δὲ μετέχων μήτε μέγα μήτε σμικρόν, μηδ' αὖ λύπης, ἀλλὰ τὸ παράπαν ἀπαθὴς πάντων τῶν τοιούτων.

Πρόταρχος: οὐδέτερος ὁ βίος, ὦ Σώκρατες, ἔμοιγε τούτων αἰρετός, οὐδ' ἄλλω μὴ ποτε, ὡς ἐγῶμαι, φανῇ. 22a

Σωκράτης: τί δ' ὁ συναμφοτέρος, ὦ Πρόταρχε, ἐξ ἀμφοῖν συμμειχθεὶς κοινὸς γενόμενος;

Πρόταρχος: ἡδονῆς λέγεις καὶ νοῦ καὶ φρονήσεως;

Σωκράτης: οὕτω καὶ τῶν τοιούτων [λέγω] ἔγωγε.

Πρόταρχος: πᾶς δήπου τοῦτόν γε αἰρήσεται πρότερον ἢ 'κείνων ὀποτεροῦν, καὶ πρὸς τούτοις [γε] οὐχ ὁ μὲν, ὁ δ' οὔ.

Σωκράτης: μαρθάνομεν οὖν ὅτι νῦν ἡμῖν ἐστὶ τὸ συμβαῖνον ἐν τοῖς παροῦσι λόγοις;

Πρόταρχος: πάνν μὲν οὖν, ὅτι γε τρεῖς μὲν βίοι προυτέθησαν, 22b τοῖν δυοῖν δ' οὐδέτερος ἱκανὸς οὐδὲ αἰρετός οὔτε ἀνθρώπων οὔτε ζώων οὐδενί.

Σωκράτης: μὴν οὖν οὐκ ἤδη τούτων γε πέρι δῆλον ὡς οὐδέτερος αὐτοῖν εἶχε τὰγαθόν; ἦν γὰρ ἂν ἱκανὸς καὶ τέλος καὶ πᾶσι φυτοῖς καὶ ζώοις αἰρετός, οἷσπερ δυνατὸν ἦν οὕτως ἀεὶ διὰ βίου ζῆν: εἰ δέ τις ἄλλα ἡρεῖθ' ἡμῶν, παρὰ φύσιν ἂν τὴν τοῦ ἀληθῶς αἰρετοῦ ἐλάμβανεν ἄκων ἐξ ἀγνοίας ἢ τινος ἀνάγκης οὐκ εὐδαίμονος.

Πρόταρχος: ἔοικε γοῦν ταῦθ' οὕτως ἔχειν. 22c

Σωκράτης: ὡς μὲν τοίνυν τὴν γε Φιλήβου θεὸν οὐ δεῖ διανοεῖσθαι ταῦτόν καὶ τὰγαθόν, ἱκανῶς εἰρησθᾶί μοι δοκεῖ.

Φίληβος: οὐδὲ γὰρ ὁ σὸς νοῦς, ὦ Σώκρατες, ἔστι τὰγαθόν, ἀλλ' ἔξει που ταῦτ' ἐγκλήματα.

Σωκράτης: τάχ' ἂν, ὦ Φίληβε, ὅ γ' ἐμός: οὐ μέντοι τόν γε ἀληθινὸν ἅμα καὶ θεῖον οἶμαι νοῦν, ἀλλ' ἄλλως πως ἔχειν. τῶν μὲν οὖν νικητηρίων πρὸς τὸν κοινὸν βίον οὐκ ἀμφισβητῶ πω ὑπὲρ νοῦ, τῶν

δὲ δὴ δευτερείων ὁρᾶν καὶ σκοπεῖν χρή περὶ 22d τί δράσομεν: τάχα γὰρ ἂν τοῦ κοινοῦ τούτου βίου αἰτιώμεθ' ἂν ἐκάτερος ὁ μὲν τὸν νοῦν αἷτιον, ὁ δ' ἡδονὴν εἶναι, καὶ οὕτω τὸ μὲν ἀγαθὸν τούτων ἀμφοτέρων οὐδέτερον ἂν εἴη, τάχα δ' ἂν αἰτιὸν τις ὑπολάβοι πότερον αὐτῶν εἶναι. τούτου δὴ περὶ καὶ μᾶλλον ἔτι πρὸς Φίληβον διαμαχοίμην ἂν ὡς ἐν τῷ μεικτῷ τούτῳ βίῳ, ὅτι ποτ' ἔστι τοῦτο ὁ λαβὼν ὁ βίος οὗτος γέγονεν αἰρετὸς ἅμα καὶ ἀγαθός, οὐχ ἡδονὴ ἀλλὰ νοῦς τούτῳ συγγενέστερον καὶ ὁμοιότερόν ἐστι, καὶ κατὰ τοῦτον 22e τὸν λόγον οὕτ' ἂν τῶν πρωτείων οὐδ' αὖ τῶν δευτερείων ἡδονὴ μετὸν ἀληθῶς ἂν ποτε λέγοιτο: πορρωτέρω δ' ἔστι τῶν τριτείων, εἴ τι τῷ ἐμῷ νῷ δεῖ πιστεύειν ἡμᾶς τὰ νῦν.

Πρόταρχος: ἀλλὰ μὴν, ὦ Σώκρατες, ἔμοιγε δοκεῖ νῦν μὲν ἡδονή σοι πεπτωκέναι καθαπερεὶ πληγείσα ὑπὸ τῶν νυνδὴ λόγων: τῶν γὰρ νικητηρίων περὶ μαχομένη κεῖται. τὸν δὲ 23a νοῦν, ὡς ἔοικε, λεκτέον ὡς ἐμφρόνως οὐκ ἀντεποιεῖτο τῶν νικητηρίων: τὰ γὰρ αὐτ' ἔπαθεν ἂν. τῶν δὲ δὴ δευτερείων στερηθεῖσα ἡδονὴ παντάπασιν ἂν τινα καὶ ἀτιμίαν σχοίη πρὸς τῶν αὐτῆς ἐραστῶν: οὐδὲ γὰρ ἐκείνοις ἔτ' ἂν ὁμοίως φαίνοιτο καλή.

Σωκράτης: τί οὖν; οὐκ ἄμεινον αὐτὴν ἔαν ἤδη καὶ μὴ τὴν ἀκριβεστάτην αὐτῇ προσφέροντα βάσανον καὶ ἐξελέγχοντα λυπεῖν;

Πρόταρχος: οὐδὲν λέγεις, ὦ Σώκρατες. 23b

Σωκράτης: ἄρ' ὅτι τὸ ἀδύνατον εἶπον, λυπεῖν ἡδονήν;

Πρόταρχος: οὐ μόνον γε ἀλλ' ὅτι καὶ ἀγνοεῖς ὡς οὐδεὶς πῶ σε ἡμῶν μεθήσει πρὶν ἂν εἰς τέλος ἐπεξέλθῃς τούτων τῷ λόγῳ.

Σωκράτης: βαβαῖ ἄρα, ὦ Πρόταρχε, συχνοῦ μὲν λόγου τοῦ λοιποῦ, σχεδὸν δὲ οὐδὲ ῥαδίου πάνυ τι νῦν. καὶ γὰρ δὴ φαίνεται δεῖν ἄλλης μηχανῆς, ἐπὶ τὰ δευτερεῖα ὑπὲρ νοῦ πορευόμενον οἷον βέλη ἔχειν ἕτερα τῶν ἔμπροσθεν λόγων: ἔστι δὲ ἴσως ἕνια καὶ ταυτά. οὐκοῦν χρή;

Πρόταρχος: πῶς γὰρ οὐ; 23c

Σωκράτης: τὴν δέ γε ἀρχὴν αὐτοῦ διευλαβεῖσθαι πειρώμεθα τιθέμενοι.

Πρόταρχος: ποίαν δὴ λέγεις;

Σωκράτης: πάντα τὰ νῦν ὄντα ἐν τῷ παντὶ διχῇ διαλάβωμεν, μᾶλλον δ', εἰ βούλει, τριχῇ.

Πρόταρχος: καθ' ὅτι, φράζοις ἄν;

Σωκράτης: λάβωμεν ἅττα τῶν νυνδὴ λόγων.

Πρόταρχος: ποῖα;

Σωκράτης: τὸν θεὸν ἐλέγομέν που τὸ μὲν ἄπειρον δεῖξαι τῶν ὄντων, τὸ δὲ πέρας;

Πρόταρχος: πάνυ μὲν οὖν.

Σωκράτης: τούτω δὴ τῶν εἰδῶν τὰ δύο τιθώμεθα, τὸ δὲ τρίτον 23d ἐξ ἀμφοῖν τούτοις ἓν τι συμμισγόμενον. εἰμὶ δ', ὥς ἔοικεν, ἐγὼ γελοῖός τις ἄνθρωπος κατ' εἶδη διστάς καὶ συναριθμούμενος.

Πρόταρχος: τί φῆς, ὠγαθέ;

Σωκράτης: τετάρτου μοι γένους αὖ προσδεῖν φαίνεται.

Πρόταρχος: λέγε τίνας.

Σωκράτης: τῆς συμμείξεως τούτων πρὸς ἄλληλα τὴν αἰτίαν ὄρα, καὶ τίθει μοι πρὸς τρισὶν ἐκείνοις τέταρτον τοῦτο.

Πρόταρχος: μὲν οὖν σοι καὶ πέμπτου προσδεῖται διάκρισιν τίνος δυναμένου;

Σωκράτης: τάχ' ἄν: οὐ μὴν οἶμαί γε ἐν τῷ νῦν: ἂν δέ τι δέη, 23e συγγνώμη πού μοι σὺ μεταδιώκοντι πέμπτου [βίον].

Πρόταρχος: τί μὴν;

Σωκράτης: πρῶτον μὲν δὴ τῶν τεττάρων τὰ τρία διελόμενοι, τὰ δύο τούτων πειρώμεθα, πολλὰ ἐκάτερον ἐσχισμένον καὶ διεσπασμένον ἰδόντες, εἰς ἓν πάλιν ἐκάτερον συναγαγόντες, νοῆσαι πῇ ποτε ἦν αὐτῶν ἓν καὶ πολλὰ ἐκάτερον.

Πρόταρχος: εἴ μοι σαφέστερον ἔτι περὶ αὐτῶν εἴποις, τάχ' ἂν

Σωκράτης: λέγω τοίνυν τὰ δύο ἃ προτίθεται ταῦτ' εἶναι ἅπερ νυνδὴ, τὸ μὲν ἄπειρον, τὸ δὲ πέρας ἔχον· ὅτι δὲ τρόπον τινὰ τὸ ἄπειρον πόλλ' ἐστί, πειράσομαι φράζειν. τὸ δὲ πέρας ἔχον ἡμᾶς περιμενέτω.

Πρώταρχος: μένει.

Σωκράτης: σκέψαι δὴ. χαλεπὸν μὲν γὰρ καὶ ἀμφισβητήσιμον ὁ κελεύω σε σκοπεῖν, ὅμως δὲ σκόπει. θερμότερου καὶ ψυχροτέρου πέρι πρῶτον ὄρα πέρας εἴ ποτέ τι νοήσῃς ἄν, ἢ τὸ μᾶλλον τε καὶ ἥττον ἐν αὐτοῖς οἰκοῦν<τε> τοῖς γένεσιν, 24b ἕωσπερ ἂν ἐνοικῆτον, τέλος οὐκ ἂν ἐπιτρεψαίτην γίγνεσθαι· γενομένης γὰρ τελευτῆς καὶ αὐτὼ τετελευτήκατον.

Πρώταρχος: ἀληθέστατα λέγεις.

Σωκράτης: αἰεὶ δέ γε, φαμέν, ἐν τε τῷ θερμότερῳ καὶ ψυχροτέρῳ τὸ μᾶλλον τε καὶ ἥττον ἐνι.

Πρώταρχος: καὶ μάλα.

Σωκράτης: αἰεὶ τοίνυν ὁ λόγος ἡμῖν σημαίνει τούτῳ μὴ τέλος ἔχειν· ἀτελεῖ δ' ὄντε δήπου παντάπασιν ἀπείρῳ γίγνεσθον.

Πρώταρχος: καὶ σφόδρα γε, ὦ Σώκρατες.

Σωκράτης: ἀλλ' εὖ γε, ὦ φίλε Πρώταρχε, ὑπέλαβες καὶ 24c ἀνέμνησας ὅτι καὶ τὸ σφόδρα τοῦτο, ὃ σὺ νῦν ἐφθέγξω, καὶ τό γε ἡρέμα τὴν αὐτὴν δύναμιν ἔχετον τῷ μᾶλλον τε καὶ ἥττον· ὅπου γὰρ ἂν ἐνῆτον, οὐκ ἔατον εἶναι ποσὸν ἕκαστον, ἀλλ' αἰεὶ σφοδρότερον ἡσυχαιτέρου καὶ τούναντίον ἐκάσταις πράξεσιν ἐμποιοῦντε τὸ πλεόν καὶ τὸ ἔλαττον ἀπεργάζεσθον, τὸ δὲ ποσὸν ἀφανίζετον. ὁ γὰρ ἐλέχθη νυνδὴ, μὴ ἀφανίσαντε τὸ ποσόν, ἀλλ' εἰσάσαντε αὐτό τε καὶ τὸ μέτριον ἐν τῇ 24d τοῦ μᾶλλον καὶ ἥττον καὶ σφόδρα καὶ ἡρέμα ἔδρα ἐγγενέσθαι, αὐτὰ ἔρρει ταῦτα ἐκ τῆς αὐτῶν χώρας ἐν ἣ ἐνῆν. οὐ γὰρ ἔτι θερμότερον οὐδὲ ψυχρότερον εἴτην ἂν λαβόντε τὸ ποσόν· προχωρεῖ γὰρ καὶ οὐ μένει τό τε θερμότερον αἰεὶ καὶ τὸ ψυχρότερον ὡσαύτως, τὸ δὲ ποσὸν ἔσται καὶ προῖον ἐπαύσατο. κατὰ δὴ τοῦτον

τὸν λόγον ἄπειρον γίγνεται ἂν τὸ θερμότερον καὶ τοῦναντίον ἅμα.

Πρόταρχος: φαίνεται γοῦν, ὦ Σώκρατες: ἔστι δ', ὅπερ εἶπες, οὐ ῥάδια ταῦτα συνέπεσθαι. τὸ δὲ εἰς αὐθίς τε καὶ αὐθίς 24e ἴσως λεχθέντα τὸν τε ἐρωτῶντα καὶ τὸν ἐρωτώμενον ἱκανῶς ἂν συμφωνοῦντας ἀποφάναιεν.

Σωκράτης: ἀλλ' εὖ μὲν λέγεις καὶ πειρατέον οὕτω ποιεῖν. νῦν μέντοι ἄθρει τῆς τοῦ ἀπείρου φύσεως εἰ τοῦτο δεξόμεθα σημεῖον, ἵνα μὴ πάντ' ἐπεξιόντες μηκύνωμεν.

Πρόταρχος: τὸ ποῖον δὴ λέγεις;

Σωκράτης: ὅπως ἂν ἡμῖν φαίνεται μᾶλλον τε καὶ ἥττον γιγνόμενα καὶ τὸ σφόδρα καὶ ἡρέμα δεχόμενα καὶ τὸ λίαν καὶ ὅσα 25a τοιαῦτα πάντα, εἰς τὸ τοῦ ἀπείρου γένος ὡς εἰς ἓν δεῖ πάντα ταῦτα τιθέναι, κατὰ τὸν ἔμπροσθεν λόγον ὃν ἔφαμεν ὅσα διέσπασται καὶ διέσχισται συναγαγόντας χρῆναι κατὰ δύναμιν μίαν ἐπισημαίνεσθαι τίνα φύσιν, εἰ μέμνησαι.

Πρόταρχος: μέμνημαι.

Σωκράτης: οὐκοῦν τὰ μὴ δεχόμενα ταῦτα, τούτων δὲ τὰ ἐναντία πάντα δεχόμενα, πρῶτον μὲν τὸ ἴσον καὶ ἰσότητα, μετὰ δὲ τὸ ἴσον τὸ διπλάσιον καὶ πᾶν ὅτιπερ ἂν πρὸς ἀριθμὸν ἀριθμὸς 25b ἢ μέτρον ἢ πρὸς μέτρον, ταῦτα σύμπαντα εἰς τὸ πέρας ἀπολογιζόμενοι καλῶς ἂν δοκοῖμεν δρᾶν τοῦτο. ἢ πῶς σὺ φής;

Πρόταρχος: κάλλιστα γε, ὦ Σώκρατες.

Σωκράτης: εἶεν: τὸ δὲ τρίτον τὸ μεικτὸν ἐκ τούτων ἀμφοῖν τίνα ιδέαν φήσομεν ἔχειν;

Πρόταρχος: σὺ καὶ ἐμοὶ φράσεις, ὥς οἶμαι.

Σωκράτης: θεὸς μὲν οὖν, ἅνπερ γε ἐμαῖς εὐχαῖς ἐπήκοος γίγνηται τις θεῶν.

Πρόταρχος: εὖχου δὴ καὶ σκόπει.

Σωκράτης: σκοπῶ: καί μοι δοκεῖ τις, ὦ Πρόταρχε, αὐτῶν φίλος

ἡμῖν νυνδὴ γεγονέναι. 25c

Πρόταρχος: πῶς λέγεις τοῦτο καὶ τίνι τεκμηρίῳ χρῆ;

Σωκράτης: φράσω δῆλον ὅτι: σὺ δέ μοι συνακολούθησον τῷ λόγῳ.

Πρόταρχος: λέγε μόνον.

Σωκράτης: θερμότερον ἐφθεγγόμεθα νυνδὴ πού τι καὶ ψυχρότερον. ἢ γάρ;

Πρόταρχος: ναί.

Σωκράτης: πρόσθε δὴ ξηρότερον καὶ ὑγρότερον αὐτοῖς καὶ πλέον καὶ ἔλαττον καὶ θᾶπτον καὶ βραδύτερον καὶ μείζον καὶ σμικρότερον καὶ ὅποσα ἐν τῷ πρόσθεν τῆς τὸ μᾶλλον τε καὶ ἥττον δεχομένης ἐτίθεμεν εἰς ἓν φύσεως. 25d

Πρόταρχος: τῆς τοῦ ἀπείρου λέγεις;

Σωκράτης: ναί. συμμεῖγνυ δέ γε εἰς αὐτὴν τὸ μετὰ ταῦτα τὴν αὖ τοῦ πέρατος γένναν.

Πρόταρχος: ποίαν;

Σωκράτης: ἦν καὶ νυνδὴ, δέον ἡμᾶς καθάπερ τὴν τοῦ ἀπείρου συνηγάγομεν εἰς ἓν, οὕτω καὶ τὴν τοῦ περατοειδοῦς συναγαγεῖν, οὐ συνηγάγομεν. ἀλλ' ἴσως καὶ νῦν ταῦτόν δράσει, <εἰ> τούτων ἀμφοτέρων συναγομένων καταφανῆς κάκεινη γενήσεται.

Πρόταρχος: ποίαν καὶ πῶς λέγεις;

Σωκράτης: τὴν τοῦ ἴσου καὶ διπλασίου, καὶ ὁπόση παύει πρὸς 25e ἄλληλα τάναντία διαφόρως ἔχοντα, σύμμετρα δέ καὶ σύμφωνα ἐνθεῖσα ἀριθμὸν ἀπεργάζεται.

Πρόταρχος: μανθάνω: φαίνει γάρ μοι λέγειν μειγνὺς ταῦτα γενέσεις τινὰς ἐφ' ἑκάστων αὐτῶν συμβαίνειν.

Σωκράτης: ὀρθῶς γὰρ φαίνομαι.

Πρόταρχος: λέγε τοῖνον.

Σωκράτης: ἄρα οὐκ ἐν μὲν νόσοις ἢ τούτων ὀρθὴ κοινωνία τὴν ὑγιείας φύσιν ἐγέννησεν; 26a

Πρώταρχος: παντάπασι μὲν οὖν.

Σωκράτης: ἐν δὲ ὅξεϊ καὶ βαρεῖ καὶ ταχεῖ καὶ βραδεῖ, ἀπείροις οὖσιν, ἄρ' οὐ ταῦτά [ἐγγιγνόμενα] ταῦτα: ἅμα πέρας τε ἀπηργάσατο καὶ μουσικὴν σύμπασαν τελεώτατα συνεστήσατο;

Πρώταρχος: κάλλιστά γε.

Σωκράτης: καὶ μὴν ἐν γε χειμῶσιν καὶ πνίγεσιν ἐγγενομένη τὸ μὲν πολὺ λίαν καὶ ἄπειρον ἀφείλετο, τὸ δὲ ἔμμετρον καὶ ἅμα σύμμετρον ἀπηργάσατο.

Πρώταρχος: τί μὴν; 26b

Σωκράτης: οὐκοῦν ἐκ τούτων ὥραί τε καὶ ὅσα καλὰ πάντα ἡμῖν γέγονε, τῶν τε ἀπείρων καὶ τῶν πέρας ἔχόντων συμμειχθέντων;

Πρώταρχος: πῶς δ' οὔ;

Σωκράτης: καὶ ἄλλα γε δὴ μυρία ἐπιλείπω λέγων, οἷον μεθ' ὑγιείας κάλλος καὶ ἰσχύν, καὶ ἐν ψυχαῖς αὖ πάμπολλα ἕτερα καὶ πάγκαλα. ὕβριν γάρ που καὶ σύμπασαν πάντων πονηρίαν αὕτη κατιδοῦσα ἢ θεός, ὃ καλὲ Φίληβε, πέρας οὔτε ἡδονῶν οὐδὲν οὔτε πλησμονῶν ἐνὸν ἐν αὐτοῖς, νόμον καὶ τάξιν πέρας ἔχοντ' ἔθετο: καὶ σὺ μὲν ἀποκναῖσαι φῆς 26c αὐτήν, ἐγὼ δὲ τὸναντίον ἀποσιῶσαι λέγω. σοὶ δέ, ὦ Πρώταρχε, πῶς φαίνεται;

Πρώταρχος: καὶ μάλα, ὦ Σώκρατες, ἔμοιγε κατὰ νοῦν.

Σωκράτης: οὐκοῦν τὰ μὲν δὴ τρία ταῦτα εἴρηκα, εἰ συννοεῖς.

Πρώταρχος: ἀλλ' οἶμαι κατανοεῖν: ἐν μὲν γάρ μοι δοκεῖς τὸ ἄπειρον λέγειν, ἐν δὲ καὶ δεύτερον τὸ πέρας ἐν τοῖς οὔσι: τρίτον δὲ οὐ σφόδρα κατέχω τί βούλει φράζειν.

Σωκράτης: τὸ γὰρ πληθὸς σε, ὃ θαυμάσιε, ἐξέπληξε τῆς τοῦ τρίτου γενέσεως: καίτοι πολλὰ γε καὶ τὸ ἄπειρον παρέσχετο 26d γένη, ὅμως δ' ἐπισφραγισθέντα τῷ τοῦ μᾶλλον καὶ ἐναντίου γένει ἐν ἐφάνη.

Πρόταρχος: ἀληθῆ.

Σωκράτης: καὶ μὴν τό γε πέρας οὔτε πολλὰ εἶχεν, οὔτ' ἐδυσκολαίνομεν ὥς οὐκ ἦν ἐν φύσει.

Πρόταρχος: πῶς γὰρ ἄν;

Σωκράτης: οὐδαμῶς. ἀλλὰ τρίτον φάθι με λέγειν, ἐν τούτῳ τιθέντα τὸ τούτων ἔκγονον ἅπαν, γένεσιν εἰς οὐσίαν ἐκ τῶν μετὰ τοῦ πέρατος ἀπειρασμένων μέτρων.

Πρόταρχος: ἔμαθον. 26e

Σωκράτης: ἀλλὰ δὴ πρὸς τρισὶ τέταρτόν τι τότε ἔφαμεν εἶναι γένος σκεπτέον: κοινὴ δ' ἡ σκέψις. ὅρα γὰρ εἴ σοι δοκεῖ ἀναγκαῖον εἶναι πάντα τὰ γιγνόμενα διὰ τина αἰτίαν γίνεσθαι.

Πρόταρχος: ἔμοιγε: πῶς γὰρ ἂν χωρὶς τούτου γίνοιτο;

Σωκράτης: οὐκοῦν ἢ τοῦ ποιοῦντος φύσις οὐδὲν πλὴν ὀνόματι τῆς αἰτίας διαφέρει, τὸ δὲ ποιοῦν καὶ τὸ αἴτιον ὀρθῶς ἂν εἴη λεγόμενον ἓν;

Πρόταρχος: ὀρθῶς. 27a

Σωκράτης: καὶ μὴν τό γε ποιούμενον αὖ καὶ τὸ γιγνόμενον οὐδὲν πλὴν ὀνόματι, καθάπερ τὸ νυνδὴ, διαφέρον εὐρήσομεν. ἢ πῶς;

Πρόταρχος: οὕτως.

Σωκράτης: ἄρ' οὖν ἡγεῖται μὲν τὸ ποιοῦν ἀεὶ κατὰ φύσιν, τὸ δὲ ποιούμενον ἐπακολουθεῖ γιγνόμενον ἐκείνῳ;

Πρόταρχος: πάνυ γε.

Σωκράτης: ἄλλο ἄρα καὶ οὐ ταὐτὸν αἰτία τ' ἐστὶ καὶ τὸ δουλεῦον εἰς γένεσιν αἰτία.

Πρόταρχος: τί μήν;

Σωκράτης: οὐκοῦν τὰ μὲν γιγνόμενα καὶ ἐξ ὧν γίγνεται πάντα τὰ τρία παρέσχετο ἡμῖν γέννη;

Πρόταρχος: καὶ μάλα. 27b

Σωκράτης: τὸ δὲ δὴ πάντα ταῦτα δημιουργοῦν λέγομεν τέταρτον, τὴν αἰτίαν, ὡς ἱκανῶς ἕτερον ἐκείνων δεδηλωμένον;

Πρόταρχος: ἕτερον γὰρ οὖν.

Σωκράτης: ὁρθῶς μὴν ἔχει, διωρισμένων τῶν τεττάρων, ἐνὸς ἐκάστου μνήμης ἕνεκα ἐφεξῆς αὐτὰ καταριθμήσασθαι.

Πρόταρχος: τί μὴν;

Σωκράτης: πρῶτον μὲν τοίνυν ἄπειρον λέγω, δεύτερον δὲ πέρας, ἔπειτ' ἐκ τούτων τρίτον μεικτὴν καὶ γεγεννημένην οὐσίαν: τὴν δὲ τῆς μείξεως αἰτίαν καὶ γενέσεως τετάρτην 27c λέγων ἄρα μὴ πλημμελοῖν ἂν τι;

Πρόταρχος: καὶ πῶς;

Σωκράτης: φέρε δὴ, τὸ μετὰ τοῦθ' ἡμῖν τίς ὁ λόγος, καὶ τί ποτε βουλευθέντες εἰς ταῦτα ἀφικόμεθα; ἄρ' οὐ τόδε ἦν; δευτερεῖα ἐζητοῦμεν πότερον ἡδονῆς γίγναιτ' ἂν ἢ φρονήσεως. οὐχ οὕτως ἦν;

Πρόταρχος: οὕτω μὲν οὖν.

Σωκράτης: ἄρ' οὖν ἴσως νῦν, ἐπειδὴ ταῦτα οὕτω διειλόμεθα, κάλλιον ἂν καὶ τὴν κρίσιν ἐπιτελεσαίμεθα πρώτου περὶ καὶ δευτέρου, περὶ ὧν δὴ τὸ πρῶτον ἡμφεσβητήσαμεν;

Πρόταρχος: ἴσως. 27d

Σωκράτης: ἴθι δὴ: νικῶντα μὲν ἔθεμέν που τὸν μεικτὸν βίον ἡδονῆς τε καὶ φρονήσεως. ἦν οὕτως;

Πρόταρχος: ἦν.

Σωκράτης: οὐκοῦν τοῦτον μὲν τὸν βίον ὁρῶμέν που τίς τέ ἐστι καὶ ὁποίου γένους;

Πρόταρχος: πῶς γὰρ οὐ;

Σωκράτης: καὶ μέρος γ' αὐτὸν φήσομεν εἶναι τοῦ τρίτου οἶμαι

γένους: οὐ γὰρ [ὁ] δυοῖν τινοῖν ἐστὶ [μικτὸς ἐκεῖνος] ἀλλὰ συμπάντων τῶν ἀπείρων ὑπὸ τοῦ πέρατος δεδεμένων, ὥστε ὀρθῶς ὁ νικηφόρος οὗτος βίος μέρος ἐκείνου γίγνεται ἄν.

Πρώταρχος: ὀρθότατα μὲν οὖν. 27e

Σωκράτης: εἶεν: τί δὲ ὁ σός, ὦ Φίληβε, ἡδὺς καὶ ἄμεικτος ὢν; ἐν τίνι γένει τῶν εἰρημένων λεγόμενος ὀρθῶς ἂν ποτε λέγοιτο; ὧδε δ' ἀπόκριναί μοι πρὶν ἀποφύνασθαι.

Φίληβος: λέγε μόνον.

Σωκράτης: ἡδονὴ καὶ λύπη πέρας ἔχεται, ἢ τῶν τὸ μᾶλλον τε καὶ ἥττον δεχομένων ἐστών;

Φίληβος: ναί, τῶν τὸ μᾶλλον, ὦ Σώκρατες: οὐ γὰρ ἂν ἡδονὴ πᾶν ἀγαθὸν ᾗν, εἰ μὴ ἄπειρον ἐτύγχανε πεφυκὸς καὶ πλήθει καὶ τῷ μᾶλλον. 28a

Σωκράτης: οὐδέ γ' ἂν, ὦ Φίληβε, λύπη πᾶν κακόν: ὥστ' ἄλλο τι νῶν σκεπτέον ἢ τὴν τοῦ ἀπείρου φύσιν ὡς παρέχεται τι μέρος ταῖς ἡδοναῖς ἀγαθοῦ. τούτῳ δὴ σοι τῶν ἀπεράντων γε γένους ἔστων: φρόνησιν δὲ καὶ ἐπιστήμην καὶ νοῦν εἰς τί ποτε τῶν προειρημένων, ὦ Πρώταρχε τε καὶ Φίληβε, νῦν θέντες οὐκ ἂν ἀσεβοῖμεν; οὐ γάρ μοι δοκεῖ σμικρὸς ἡμῖν εἶναι ὁ κίνδυνος κατορθώσασι καὶ μὴ περὶ τὸ νῦν ἐρωτώμενον. 28b

Φίληβος: σεμνύνεις γάρ, ὦ Σώκρατες, τὸν σεαυτοῦ θεόν.

Σωκράτης: καὶ γὰρ σύ, ὦ ἐταῖρε, τὴν σαυτοῦ: τὸ δ' ἐρωτώμενον ὅμως ἡμῖν λεκτέον.

Πρώταρχος: ὀρθῶς τοι λέγει Σωκράτης, ὦ Φίληβε, καὶ αὐτῷ πειστέον.

Φίληβος: οὐκοῦν ὑπὲρ ἐμοῦ σύ, Πρώταρχε, προήρησαι λέγειν;

Πρώταρχος: πάνυ γε: νῦν μέντοι σχεδὸν ἀπορῶ, καὶ δέομαί γε, ὦ Σώκρατες, αὐτόν σε ἡμῖν γενέσθαι προφήτην, ἵνα μηδὲν ἡμεῖς σοι περὶ τὸν ἀγωνιστὴν ἐξαμαρτάνοντες παρὰ μέλος φθελγῶμεθά τι. 28c

Σωκράτης: πειστέον, ὦ Πρώταρχε: οὐδὲ γὰρ χαλεπὸν οὐδὲν ἐπιτάττεις. ἀλλ' ὄντως σε ἐγώ, καθάπερ εἶπε Φίληβος, σεμνύνων ἐν τῷ παίζειν ἐθορύβησα, νοῦν καὶ ἐπιστήμην ἐρόμενος ὁποίου γένους εἶεν;

Πρώταρχος: παντάπασί γε, ὦ Σώκρατες.

Σωκράτης: ἀλλὰ μὴν ῥάδιον: πάντες γὰρ συμφωνοῦσιν οἱ σοφοί, ἑαυτοὺς ὄντως σεμνύνοντες, ὥς νοῦς ἐστι βασιλεὺς ἡμῖν οὐρανοῦ τε καὶ γῆς, καὶ ἴσως εὖ λέγουσι. διὰ μακροτέρων δ', εἰ βούλει, τὴν σκέψιν αὐτοῦ τοῦ γένους ποιησώμεθα. 28d

Πρώταρχος: λέγ' ὅπως βούλει, μηδὲν μῆκος ἡμῖν ὑπολογιζόμενος, ὦ Σώκρατες, ὥς οὐκ ἀπεχθισόμενος.

Σωκράτης: καλῶς εἶπες. ἀρξώμεθα δέ πως ὧδε ἐπανερωτῶντες.

Πρώταρχος: πῶς;

Σωκράτης: πότερον, ὦ Πρώταρχε, τὰ σύμπαντα καὶ τόδε τὸ καλούμενον ὅλον ἐπιτροπεύειν φῶμεν τὴν τοῦ ἀλόγου καὶ εἰκῇ δύναμιν καὶ τὸ ὅπη ἔτυχεν, ἢ τάναντία, καθάπερ οἱ πρόσθεν ἡμῶν ἔλεγον, νοῦν καὶ φρόνησιν τινα θαυμαστήν συντάττουσαν διακυβεῖν; 28e

Πρώταρχος: οὐδὲν τῶν αὐτῶν, ὦ θαυμάσιε Σώκρατες: ὁ μὲν γὰρ σὺ νῦν λέγεις, οὐδὲ ὅσιον εἶναί μοι φαίνεται. τὸ δὲ νοῦν πάντα διακοσμεῖν αὐτὰ φάναι καὶ τῆς ὄψεως τοῦ κόσμου καὶ ἡλίου καὶ σελήνης καὶ ἀστέρων καὶ πάσης τῆς περιφορᾶς ἄξιον, καὶ οὐκ ἄλλως ἔγωγ' ἂν ποτε περὶ αὐτῶν εἴποιμι οὐδ' ἂν δοξάσαιμι.

Σωκράτης: βούλει δῆτά τι καὶ ἡμεῖς τοῖς ἐμπροσθεν ὁμολογούμενον 29a συμφήσωμεν ὥς ταῦθ' οὕτως ἔχει, καὶ μὴ μόνον οἰώμεθα δεῖν τὰλλότρια ἄνευ κινδύνου λέγειν, ἀλλὰ καὶ συγκινδυνεύωμεν καὶ μετέχωμεν τοῦ ψόγου, ὅταν ἀνὴρ δεινὸς φῇ ταῦτα μὴ οὕτως ἀλλ' ἀτάκτως ἔχειν;

Πρώταρχος: πῶς γὰρ οὐκ ἂν βουλοίμην;

Σωκράτης: ἴθι δῆ, τὸν ἐπιόντα περὶ τούτων νῦν ἡμῖν λόγον ἄθρει.

Πρόταρχος: λέγε μόνον.

Σωκράτης: τὰ περὶ τὴν τῶν σωμάτων φύσιν ἀπάντων τῶν ζώων, πῦρ καὶ ὕδωρ καὶ πνεῦμα καθορῶμέν που καὶ γῆν καθάπερ οἱ χειμαζόμενοι, φασίν, ἐνόντα ἐν τῇ συστάσει. 29b

Πρόταρχος: καὶ μάλα: χειμαζόμεθα γὰρ ὄντως ὑπ' ἀπορίας ἐν τοῖς νῦν λόγοις.

Σωκράτης: φέρε δὴ, περὶ ἐκάστου τῶν παρ' ἡμῖν λαβὲ τὸ τοιόνδε.

Πρόταρχος: ποῖον;

Σωκράτης: ὅτι μικρόν τε τούτων ἕκαστον παρ' ἡμῖν ἔνεστι καὶ φαῦλον καὶ οὐδαμῇ οὐδαμῶς εἰλικρινές ὃν καὶ τὴν δύναμιν οὐκ ἀξίαν τῆς φύσεως ἔχον. ἐν ἐνὶ δὲ λαβὼν περὶ πάντων νόει ταῦτόν. οἷον πῦρ ἔστι μὲν που παρ' ἡμῖν, ἔστι δ' ἐν τῷ παντί.

Πρόταρχος: τί μήν; 29c

Σωκράτης: οὐκοῦν σμικρόν μὲν τι τὸ παρ' ἡμῖν καὶ ἀσθενές καὶ φαῦλον, τὸ δ' ἐν τῷ παντί πλήθει τε θαυμαστόν καὶ κάλλει καὶ πάσῃ δυνάμει τῇ περὶ τὸ πῦρ οὔσῃ.

Πρόταρχος: καὶ μάλ' ἀληθές ὃ λέγεις.

Σωκράτης: τί δέ; τρέφεται καὶ γίγνεται ἐκ τούτου καὶ αὖξεται τὸ τοῦ παντός πῦρ ὑπὸ τοῦ παρ' ἡμῖν πυρός, ἢ τοῦναντίον ὑπ' ἐκείνου τό τ' ἐμὸν καὶ τὸ σὸν καὶ τὸ τῶν ἄλλων ζώων ἅπαντ' ἴσχει ταῦτα;

Πρόταρχος: τοῦτο μὲν οὐδ' ἀποκρίσεως ἄξιον ἐρωτᾷς. 29d

Σωκράτης: ὀρθῶς: ταῦτά γὰρ ἐρεῖς οἶμαι περὶ τε τῆς ἐν τοῖς ζώοις γῆς τῆς ἐνθάδε καὶ τῆς ἐν τῷ παντί, καὶ τῶν ἄλλων δὴ πάντων ὧσων ἠρώτησα ὀλίγον ἔμπροσθεν. οὕτως ἀποκρινῇ;

Πρόταρχος: τίς γὰρ ἀποκρινόμενος ἄλλως ὑγιαίνων ἂν ποτε φανείη;

Σωκράτης: σχεδὸν οὐδ' ὅστισοῦν: ἀλλὰ τὸ μετὰ τοῦτο ἐξῆς ἔπου. πάντα γὰρ ἡμεῖς ταῦτα τὰ νυνδὴ λεχθέντα ἄρ' οὐκ εἰς ἐν συγκείμενα ἰδόντες ἐπωνομάσαμεν σῶμα;

Πρόταρχος: τί μήν; 29e

Σωκράτης: ταὐτὸν δὴ λαβὲ καὶ περὶ τοῦδε ὃν κόσμον λέγομεν: { {π|
διὰ] τὸν αὐτὸν γὰρ τρόπον ἂν εἴη που σῶμα, σύνθετον ὃν ἐκ τῶν
αὐτῶν.

Πρόταρχος: ὀρθότατα λέγεις.

Σωκράτης: πότερον οὖν ἐκ τούτου τοῦ σώματος ὅλως τὸ παρ' ἡμῖν
σῶμα ἢ ἐκ τοῦ παρ' ἡμῖν τοῦτο τρέφεται τε καὶ ὅσα νυνδὴ περὶ
αὐτῶν εἶπομεν εἵληφέν τε καὶ ἔχει;

Πρόταρχος: καὶ τοῦθ' ἕτερον, ὃ Σώκρατες, οὐκ ἄξιον ἐρωτήσεως.
30a

Σωκράτης: τί δέ; τόδε ἄρα ἄξιον; ἢ πῶς ἐρεῖς;

Πρόταρχος: λέγε τὸ ποῖον.

Σωκράτης: τὸ παρ' ἡμῖν σῶμα ἄρ' οὐ ψυχὴν φήσομεν ἔχειν;

Πρόταρχος: δῆλον ὅτι φήσομεν.

Σωκράτης: πόθεν, ὃ φίλε Πρόταρχε, λαβόν, εἶπερ μὴ τό γε τοῦ
παντὸς σῶμα ἔμψυχον ὃν ἐτύγγανε, ταῦτά γε ἔχον τούτῳ καὶ ἔτι
πάντη καλλίονα;

Πρόταρχος: δῆλον ὡς οὐδαμῶθεν ἄλλοθεν, ὃ Σώκρατες.

Σωκράτης: οὐ γάρ που δοκοῦμέν γε, ὃ Πρόταρχε, τὰ τέτταρα
ἐκεῖνα, πέρας καὶ ἄπειρον καὶ κοινὸν καὶ τὸ τῆς αἰτίας γένος 30b ἐν
ἅπασιν τέταρτον ἐνόν, τοῦτο ἐν μὲν τοῖς παρ' ἡμῖν ψυχὴν τε παρέχον
καὶ σωμασκίαν ἐμποιοῦν καὶ πταίσαντος σώματος ἱατρικὴν καὶ ἐν
ἄλλοις ἄλλα συντιθέν καὶ ἀκούμενον πᾶσαν καὶ παντοίαν σοφίαν
ἐπικαλεῖσθαι, τῶν δ' αὐτῶν τούτων ὄντων ἐν ὅλῳ τε οὐρανῷ καὶ
κατὰ μεγάλα μέρη, καὶ προσέτι καλῶν καὶ εἰλικρινῶν, ἐν τούτοις δ'
οὐκ ἄρα μεμηχανῆσθαι τὴν τῶν καλλίστων καὶ τιμιωτάτων φύσιν.
30c

Πρόταρχος: ἀλλ' οὐδαμῶς τοῦτό γ' ἂν λόγον ἔχοι.

Σωκράτης: οὐκοῦν εἰ μὴ τοῦτο, μετ' ἐκείνου τοῦ λόγου ἂν ἐπόμενοι βέλτιον λέγοιμεν ὥς ἔστιν, ἃ πολλάκις εἰρήκαμεν, ἄπειρόν τε ἐν τῷ παντὶ πολὺ, καὶ πέρας ἱκανόν, καὶ τις ἐπ' αὐτοῖς αἰτία οὐ φαύλη, κοσμοῦσά τε καὶ συντάττουσα ἐνιαυτούς τε καὶ ὥρας καὶ μῆνας, σοφία καὶ νοῦς λεγομένη δικαιοτάτ' ἄν.

Πρώταρχος: δικαιοτάτα δῆτα.

Σωκράτης: σοφία μὴν καὶ νοῦς ἄνευ ψυχῆς οὐκ ἂν ποτε γενοίσθην.

Πρώταρχος: οὐ γὰρ οὖν. 30d

Σωκράτης: οὐκοῦν ἐν μὲν τῇ τοῦ Διὸς ἐρεῖς φύσει βασιλικὴν μὲν ψυχὴν, βασιλικὸν δὲ νοῦν ἐγγίγνεσθαι διὰ τὴν τῆς αἰτίας δύναμιν, ἐν δ' ἄλλοις ἄλλα καλὰ, καθ' ὅτι φίλον ἐκάστοις λέγεσθαι.

Πρώταρχος: μάλα γε.

Σωκράτης: τοῦτον δὴ τὸν λόγον ἡμᾶς μή τι μάτην δόξης, ὃ Πρώταρχε, εἰρηκέναι, ἀλλ' ἔστι τοῖς μὲν πάλαι ἀποφηναμένοις ὥς ἀεὶ τοῦ παντὸς νοῦς ἄρχει σύμμαχος ἐκείνοις.

Πρώταρχος: ἔστι γὰρ οὖν.

Σωκράτης: τῇ δέ γε ἐμῇ ζητήσῃ πεπορικῶς ἀπόκρισιν, ὅτι νοῦς 30e ἔστι γένους τῆς τοῦ πάντων αἰτίου λεχθέντος [τῶν τεττάρων, [ὧν] ἦν ἡμῖν ἐν τοῦτο]. ἔχεις γὰρ δήπου νῦν ἡμῶν ἤδη τὴν ἀπόκρισιν.

Πρώταρχος: ἔχω καὶ μάλα ἱκανῶς· καίτοι με ἀποκρινάμενος ἔλαθες.

Σωκράτης: ἀνάπαυλα γάρ, ὃ Πρώταρχε, τῆς σπουδῆς γίγνεται ἐνίστε ἢ παιδιά.

Πρώταρχος: καλῶς εἶπες. 31a

Σωκράτης: νῦν δήπου, ὃ ἐταῖρε, οὗ μὲν γένους ἔστι καὶ τίνα ποτὲ δύναμιν κέκτηται, σχεδὸν ἐπιεικῶς ἡμῖν τὰ νῦν δεδήλωται.

Πρώταρχος: πάνυ μὲν οὖν.

Σωκράτης: καὶ μὴν ἡδονῆς γε ὡσαύτως πάλαι τὸ γένος ἐφάνη.

Πρώταρχος: καὶ μάλα.

Σωκράτης: μεμνώμεθα δὴ καὶ ταῦτα περὶ ἀμφοῖν, ὅτι νοῦς μὲν αἰτίας ἦν συγγενὴς καὶ τούτου σχεδὸν τοῦ γένους, ἡδονὴ δὲ ἄπειρός τε αὐτὴ καὶ τοῦ μήτε ἀρχὴν μήτε μέσα μήτε τέλος ἐν αὐτῷ ἀφ' ἑαυτοῦ ἔχοντος μηδὲ ἔξοντός ποτε γένους. 31b

Πρώταρχος: μεμνησόμεθα: πῶς γὰρ οὐ;

Σωκράτης: δεῖ δὴ τὸ μετὰ τοῦτο, ἐν ᾧ τέ ἐστιν ἐκάτερον αὐτοῖν καὶ διὰ τί πάθος γίνεσθον ὁπόταν γίγησθον ἰδεῖν ἡμᾶς. πρῶτον τὴν ἡδονήν: ὥσπερ τὸ γένος αὐτῆς πρότερον ἐβασανίσαμεν, οὕτω καὶ ταῦτα πρότερα. λύπης δὲ αὐτῆς χωρὶς τὴν ἡδονὴν οὐκ ἂν ποτε δυναίμεθα ἱκανῶς βασανίσει.

Πρώταρχος: ἀλλ' εἰ ταύτη χρὴ πορεύεσθαι, ταύτη πορευόμεθα.

Σωκράτης: ἄρ' οὖν σοὶ καθάπερ ἐμοὶ φαίνεται τῆς γενέσεως αὐτῶν πέρι; 31c

Πρώταρχος: τὸ ποῖον;

Σωκράτης: ἐν τῷ κοινῷ μοι γένει ἅμα φαίνεσθον λύπη τε καὶ ἡδονὴ γίνεσθαι κατὰ φύσιν.

Πρώταρχος: κοινὸν δέ γε, ὦ φίλε Σώκρατες, ὑπομίμνησκε ἡμᾶς τί ποτε τῶν προειρημένων βούλει δηλοῦν.

Σωκράτης: ἔσται ταῦτ' εἰς δύναμιν, ὧς θαυμάσιε.

Πρώταρχος: καλῶς εἶπες.

Σωκράτης: κοινὸν τοίνυν ὑπακούωμεν ὃ δὴ τῶν τεττάρων τρίτον ἐλέγομεν.

Πρώταρχος: ὃ μετὰ τὸ ἄπειρον καὶ πέρας ἔλεγες, ἐν ᾧ καὶ ὑγίειαν, οἶμαι δὲ καὶ ἀρμονίαν, ἐτίθεσο; 31d

Σωκράτης: κάλλιστ' εἶπες. τὸν νοῦν δὲ ὅτι μάλιστ' ἤδη πρόσεχε.

Πρώταρχος: λέγε μόνον.

Σωκράτης: λέγω τοίνυν τῆς ἁρμονίας μὲν λυομένης ἡμῖν ἐν τοῖς ζώοις ἅμα λύσιν τῆς φύσεως καὶ γένεσιν ἀλγηδόνων ἐν τῷ τότε γίνεσθαι χρόνῳ.

Πρώταρχος: πάνυ λέγεις εἰκός.

Σωκράτης: πάλιν δὲ ἁρμοττομένης τε καὶ εἰς τὴν αὐτῆς φύσιν ἀπιούσης ἡδονὴν γίνεσθαι λεκτέον, εἰ δεῖ δι' ὀλίγων περὶ μεγίστων ὅτι τάχιστα ρηθῆναι. 31e

Πρώταρχος: οἶμαι μὲν σε ὀρθῶς λέγειν, ὦ Σώκρατες, ἐμφανέστερον δὲ ἔτι ταῦτα ταῦτα πειρώμεθα λέγειν.

Σωκράτης: οὐκοῦν τὰ δημόσια που καὶ περιφανῇ ῥᾶστον συννοεῖν;

Πρώταρχος: ποῖα;

Σωκράτης: πείνη μὲν που λύσις καὶ λύπη;

Πρώταρχος: ναί.

Σωκράτης: ἐδωδὴ δέ, πλήρωσις γιγνομένη πάλιν, ἡδονή;

Πρώταρχος: ναί.

Σωκράτης: δίψος δ' αὖ φθορὰ καὶ λύπη [καὶ λύσις], ἡ δὲ τοῦ 32a ὕγρου πάλιν τὸ ξηρανθὲν πληροῦσα δύναμις ἡδονή: διάκρισις δέ γ' αὖ καὶ διάλυσις ἢ παρὰ φύσιν, τοῦ πνίγους πάθη, λύπη, κατὰ φύσιν δὲ πάλιν ἀπόδοσις τε καὶ ψῦξις ἡδονή.

Πρώταρχος: πάνυ μὲν οὖν.

Σωκράτης: καὶ ῥίγους ἢ μὲν παρὰ φύσιν τοῦ ζῶου τῆς ὑγρότητος πῆξις λύπη: πάλιν δ' εἰς ταῦτὸν ἀπιόντων καὶ διακρινομένων ἢ κατὰ φύσιν ὁδὸς ἡδονή. καὶ ἐνὶ λόγῳ σκοπεῖ εἴ σοι μέτριος ὁ λόγος ὃς ἂν φῇ τὸ ἐκ τῆς ἀπειρίου καὶ 32b πέρατος κατὰ φύσιν ἐμψυχον γεγενῆσθαι εἶδος, ὅπερ ἔλεγον ἐν τῷ πρόσθεν, ὅταν μὲν τοῦτο φθειρῇται, τὴν μὲν φθορὰν λύπην εἶναι, τὴν δ' εἰς τὴν αὐτῶν οὐσίαν ὁδόν, ταύτην δὲ αὖ πάλιν τὴν ἀναχώρησιν πάντων ἡδονήν. **Πρώταρχος:**

ἔστω: δοκεῖ γάρ μοι τύπον γέ τινα ἔχειν.

Σωκράτης: τοῦτο μὲν τοίνυν ἐν εἶδος τιθώμεθα λύπης τε καὶ ἡδονῆς ἐν τούτοις τοῖς πάθεσιν ἑκατέροις;

Πρώταρχος: κείσθω.

Σωκράτης: τίθει τοίνυν αὐτῆς τῆς ψυχῆς κατὰ τὸ τούτων τῶν 32c παθημάτων προσδόκημα τὸ μὲν πρὸ τῶν ἡδέων ἐλπιζόμενον ἡδὺ καὶ θαρραλέον, τὸ δὲ πρὸ τῶν λυπηρῶν φοβερὸν καὶ ἀλγεινόν.

Πρώταρχος: ἔστι γὰρ οὖν τοῦθ' ἡδονῆς καὶ λύπης ἕτερον εἶδος, τὸ χωρὶς τοῦ σώματος αὐτῆς τῆς ψυχῆς διὰ προσδοκίας γιγνόμενον.

Σωκράτης: ὀρθῶς ὑπέλαβες. ἐν γὰρ τούτοις οἶμαι, κατὰ γε τὴν ἐμὴν δόξαν, εἰλικρινέσιν τε ἑκατέροις γιγνομένοις, ὥς δοκεῖ, καὶ ἀμείκτοις λύπης τε καὶ ἡδονῆς, ἐμφανὲς ἔσεσθαι 32d τὸ περὶ τὴν ἡδονήν, πότερον ὅλον ἐστὶ τὸ γένος ἀσπαστόν, ἢ τοῦτο μὲν ἐτέρῳ τινὶ τῶν προειρημένων δοτέον ἡμῖν γενῶν, ἡδονῇ δὲ καὶ λύπῃ, καθάπερ θερμῷ καὶ ψυχρῷ καὶ πᾶσι τοῖς τοιούτοις, τοτὲ μὲν ἀσπαστέον αὐτά, τοτὲ δὲ οὐκ ἀσπαστέον, ὥς ἀγαθὰ μὲν οὐκ ὄντα, ἐνίστε δὲ καὶ ἔνια δεχόμενα τὴν τῶν ἀγαθῶν ἔστιν ὅτε φύσιν.

Πρώταρχος: ὀρθότατα λέγεις, ὅτι ταύτη πῃ δεῖ διαπορηθῆναι τὸ νῦν μεταδιωκόμενον.

Σωκράτης: πρῶτον μὲν τοίνυν τόδε συνίδωμεν: [ὥς] εἶπερ 32e ὄντως ἔστι τὸ λεγόμενον, διαφθειρομένων μὲν αὐτῶν ἀλγηδῶν, ἀνασφζομένων δὲ ἡδονῇ, τῶν μήτε διαφθειρομένων μήτε ἀνασφζομένων ἐννοήσωμεν πέρι, τίνα ποτὲ ἔξιν δεῖ τότε ἐν ἑκάστοις εἶναι τοῖς ζώοις, ὅταν οὕτως ἴσχη. σφόδρα δὲ προσέχων τὸν νοῦν εἶπέ: ἄρα οὐ πᾶσα ἀνάγκη πᾶν ἐν τῷ τότε χρόνῳ ζῶον μήτε τι λυπεῖσθαι μήτε ἡδεσθαι μήτε μέγα μήτε σμικρόν;

Πρώταρχος: ἀνάγκη μὲν οὖν.

Σωκράτης: οὐκοῦν ἔστι τις τρίτη ἡμῶν ἢ τοιαύτη διάθεσις 33a παρά τε τὴν τοῦ χαίροντος καὶ παρὰ τὴν τοῦ λυπουμένου;

Πρώταρχος: τί μήν;

Σωκράτης: ἄγε δὴ τοίνυν, ταύτης προθυμοῦ μεμνήσθαι. πρὸς γὰρ

τὴν τῆς ἡδονῆς κρίσιν οὐ σμικρὸν μεμνησθαι ταύτην ἔσθ' ἡμῖν ἢ μή.
βραχὺ δέ τι περὶ αὐτῆς, εἰ βούλει, διαπεράνωμεν.

Πρώταρχος: λέγε ποῖον.

Σωκράτης: [τῷ] τὸν τοῦ φρονεῖν [έλομένῳ] βίον οἶσθ' ὥς τοῦτον
τὸν τρόπον οὐδὲν ἀποκωλύει ζῆν. 33b

Πρώταρχος: τὸν τοῦ μὴ χαίρειν μηδὲ λυπεῖσθαι λέγεις;

Σωκράτης: ἐρρήθη γάρ που τότε ἐν τῇ παραβολῇ τῶν βίων μηδὲν
δεῖν μήτε μέγα μήτε σμικρὸν χαίρειν τῷ τὸν τοῦ νοεῖν καὶ φρονεῖν
βίον έλομένῳ.

Πρώταρχος: καὶ μάλα οὕτως ἐρρήθη.

Σωκράτης: οὐκοῦν οὕτως ἂν ἐκείνῳ γε ὑπάρχοι: καὶ ἴσως οὐδὲν
ἄτοπον εἰ πάντων τῶν βίων ἐστὶ θειότατος.

Πρώταρχος: οὐκ οὐν εἰκός γε οὔτε χαίρειν θεοὺς οὔτε τὸ ἐναντίον.

Σωκράτης: πάνυ μὲν οὖν οὐκ εἰκός: ἄσχημον γοῦν αὐτῶν ἐκάτερον
γιγνόμενόν ἐστιν. ἀλλὰ δὴ τοῦτο μὲν ἔτι καὶ εἰς 33c αὐθις
ἐπισκεψόμεθα, ἐὰν πρὸς λόγον τι ἦ, καὶ τῷ νῷ πρὸς τὰ δευτερεῖα,
ἐὰν μὴ πρὸς τὰ πρωτεῖα δυνώμεθα προσθεῖναι, προσθήσομεν.

Πρώταρχος: ὀρθότατα λέγεις.

Σωκράτης: καὶ μὴν τό γε ἕτερον εἶδος τῶν ἡδονῶν, ὃ τῆς ψυχῆς
αὐτῆς ἔφαμεν εἶναι, διὰ μνήμης πᾶν ἐστὶ γεγονός.

Πρώταρχος: πῶς;

Σωκράτης: μνήμην, ὥς ἔοικεν, ὅτι ποτ' ἔστιν πρότερον ἀναληπτέον,
καὶ κινδυνεύει πάλιν ἔτι πρότερον αἰσθησιν μνήμης, εἰ μέλλει τὰ
περὶ ταῦθ' ἡμῖν κατὰ τρόπον φανερά πη γενήσεσθαι. 33d

Πρώταρχος: πῶς φής;

Σωκράτης: θεῶς τῶν περὶ τὸ σῶμα ἡμῶν ἐκάστοτε παθημάτων τὰ μὲν
ἐν τῷ σώματι κατασβεννύμενα πρὶν ἐπὶ τὴν ψυχὴν διεξελεθεῖν ἀπαθῆ
ἐκείνην ἔασαντα, τὰ δὲ δι' ἀμφοῖν ἰόντα καὶ τινα ὥσπερ σεισμόν

έντιθέντα ἰδίον τε καὶ κοινὸν ἐκατέρω.

Πρώταρχος: κείσθω.

Σωκράτης: τὰ μὲν δὴ μὴ δι' ἀμφοῖν ἰόντα ἐὰν τὴν ψυχὴν ἡμῶν φῶμεν λανθάνειν, τὰ δὲ δι' ἀμφοῖν μὴ λανθάνειν, ἄρ' ὀρθότατα ἐροῦμεν; 33e

Πρώταρχος: πῶς γὰρ οὐ;

Σωκράτης: τὸ τοίνυν λεληθέναι μηδαμῶς ὑπολάβης ὡς λέγω λήθης ἐνταῦθά που γένεσιν: ἔστι γὰρ λήθη μνήμης ἔξοδος, ἢ δ' ἐν τῷ λεγομένῳ νῦν οὐπω γέγονε. τοῦ δὴ μήτε ὄντος μήτε γεγονότος πῶ γίγνεσθαι φάναι τινὰ ἀποβολὴν ἄτοπον. ἦ γάρ;

Πρώταρχος: τί μήν;

Σωκράτης: τὰ τοίνυν ὀνόματα μετάβαλε μόνον.

Πρώταρχος: πῶς;

Σωκράτης: ἀντὶ μὲν τοῦ λεληθέναι τὴν ψυχὴν, ὅταν ἀπαθὴς αὕτη γίγνηται τῶν σεισμῶν τῶν τοῦ σώματος, ἦν νῦν λήθην 34a καλεῖς ἀναισθησίαν ἐπονόμασον.

Πρώταρχος: ἔμαθον.

Σωκράτης: τὸ δ' ἐν ἐνὶ πάθει τὴν ψυχὴν καὶ τὸ σῶμα κοινῇ γιγνόμενον κοινῇ καὶ κινεῖσθαι, ταύτην δ' αὖ τὴν κίνησιν ὀνομάζων αἴσθησιν οὐκ ἀπὸ τρόπου φθέγγοι' ἄν.

Πρώταρχος: ἀληθέστατα λέγεις.

Σωκράτης: οὐκοῦν ἤδη μανθάνομεν ὃ βουλόμεθα καλεῖν τὴν αἴσθησιν;

Πρώταρχος: τί μήν;

Σωκράτης: σωτηρίαν τοίνυν αἰσθήσεως τὴν μνήμην λέγων ὀρθῶς ἂν τις λέγοι κατὰ γὰρ τὴν ἐμὴν δόξαν. 34b

Πρώταρχος: ὀρθῶς γὰρ οὖν.

Σωκράτης: μνήμης δὲ ἀνάμνησιν ἄρ' οὐ διαφέρουσιν λέγομεν;

Πρώταρχος: ἴσως.

Σωκράτης: ἄρ' οὖν οὐ τόδε;

Πρώταρχος: τὸ ποῖον;

Σωκράτης: ὅταν ἂ μετὰ τοῦ σώματος ἔπασχεν ποθ' ἡ ψυχὴ, ταῦτ' ἄνευ τοῦ σώματος αὐτὴ ἐν ἑαυτῇ ὅτι μάλιστα ἀναλαμβάνη, τότε ἀναμιμνήσκεσθαι που λέγομεν. ἦ γάρ;

Πρώταρχος: πάνυ μὲν οὖν.

Σωκράτης: καὶ μὴν καὶ ὅταν ἀπολέσασα μνήμην εἴτ' αἰσθήσεως εἴτ' αὖ μαθήματος αὐτῆς ταύτην ἀναπολήσῃ πάλιν 34c αὐτὴ ἐν ἑαυτῇ, καὶ ταῦτα σύμπαντα ἀναμνήσεις [καὶ μνήμας] που λέγομεν.

Πρώταρχος: ὀρθῶς λέγεις.

Σωκράτης: οὐ δὴ χάριν ἅπαντ' εἴρηται ταῦτ', ἔστι τόδε.

Πρώταρχος: τὸ ποῖον;

Σωκράτης: ἵνα πῃ τὴν ψυχῆς ἡδονὴν χωρὶς σώματος ὅτι μάλιστα καὶ ἐναργέστατα λάβοιμεν, καὶ ἅμα ἐπιθυμίαν: διὰ γὰρ τούτων πως ταῦτα ἀμφοτέρω ἐοικεν δηλοῦσθαι.

Πρώταρχος: λέγομεν τοῖνυν, ὃ Σώκρατες, ἤδη τὸ μετὰ ταῦτα.

Σωκράτης: πολλὰ γε περὶ γένεσιν ἡδονῆς καὶ πᾶσαν [τὴν] 34d μορφήν αὐτῆς ἀναγκαῖον, ὥς ἔοικε, λέγοντας σκοπεῖν. καὶ γὰρ νῦν πρότερον ἔτι φαίνεται ληπτέον ἐπιθυμίαν εἶναι τί ποτ' ἔστι καὶ ποῦ γίγνεται.

Πρώταρχος: σκοπῶμεν τοῖνυν: οὐδὲν γὰρ ἀπολοῦμεν.

Σωκράτης: ἀπολοῦμεν μὲν οὖν <span style="color:#000080;" id="καὶ] ταῦτά γε, ὃ Πρώταρχε: εὐρόντες ὁ νῦν ζητοῦμεν, ἀπολοῦμεν τὴν περὶ αὐτὰ ταῦτα ἀπορίαν.

Πρώταρχος: ὀρθῶς ἡμύνω: τὸ δ' ἐφεξῆς τούτοις πειρώμεθα λέγειν.

Σωκράτης: οὐκοῦν νυνδὴ πείνην τε καὶ δίψος καὶ πολλὰ ἕτερα 34e
τοιαῦτα ἔφαμεν εἶναι τινας ἐπιθυμίας;

Πρώταρχος: σφόδρα γε.

Σωκράτης: πρὸς τί ποτε ἄρα ταῦτόν βλέψαντες οὕτω πολὺ
διαφέροντα ταῦθ' ἐνὶ προσαγορεύομεν ὀνόματι;

Πρώταρχος: μὰ Δί' οὐ ῥάδιον ἴσως εἰπεῖν, ὦ Σώκρατες, ἀλλ' ὅμως
λεκτέον.

Σωκράτης: ἐκεῖθεν δὴ ἐκ τῶν αὐτῶν πάλιν ἀναλάβωμεν.

Πρώταρχος: πόθεν δὴ;

Σωκράτης: διψῇ γέ που λέγομεν ἐκάστοτέ τι;

Πρώταρχος: πῶς δ' οὔ;

Σωκράτης: τοῦτο δέ γ' ἐστὶ κενοῦται;

Πρώταρχος: τί μήν;

Σωκράτης: ἄρ' οὖν τὸ δίψος ἐστὶν ἐπιθυμία;

Πρώταρχος: ναί, πώματός γε. 35a

Σωκράτης: πώματος, ἢ πληρώσεως πώματος;

Πρώταρχος: οἶμαι μὲν πληρώσεως.

Σωκράτης: ὁ κενούμενος ἡμῶν ἄρα, ὡς ἔοικεν, ἐπιθυμεῖ τῶν
ἐναντίων ἢ πάσχει: κενούμενος γὰρ ἐρᾷ πληροῦσθαι.

Πρώταρχος: σαφέστατά γε.

Σωκράτης: τί οὖν; ὁ τὸ πρῶτον κενούμενος ἔστιν ὀπόθεν εἴτ'
αἰσθήσει πληρώσεως ἐφάπτοιτ' ἂν εἴτε μνήμη, τούτου ὁ μήτ' ἐν τῷ
νῦν χρόνῳ πάσχει μήτ' ἐν τῷ πρόσθεν πώποτε ἔπαθεν;

Πρώταρχος: καὶ πῶς; 35b

Σωκράτης: ἀλλὰ μὴν ὅ γε ἐπιθυμῶν τινὸς ἐπιθυμεῖ, φαμέν.

Πρόταρχος: πῶς γὰρ οὐ;

Σωκράτης: οὐκ ἄρα ὅ γε πάσχει, τούτου ἐπιθυμεῖ. διψῇ γάρ, τοῦτο δὲ κένωσις: ὁ δ' ἐπιθυμεῖ πληρώσεως.

Πρόταρχος: ναί.

Σωκράτης: πληρώσεώς γ' ἄρα πῆ τι τῶν τοῦ διψῶντος ἂν ἐφάπτοιτο.

Πρόταρχος: ἀναγκαῖον.

Σωκράτης: τὸ μὲν δὴ σῶμα ἀδύνατον: κενοῦται γάρ που.

Πρόταρχος: ναί.

Σωκράτης: τὴν ψυχὴν ἄρα τῆς πληρώσεως ἐφάπτεσθαι λοιπόν, 35c τῇ μνήμῃ δῆλον ὅτι: τῷ γὰρ ἂν ἔτ' ἄλλω ἐφάψαιτο;

Πρόταρχος: σχεδὸν οὐδενί.

Σωκράτης: μανθάνομεν οὖν ὃ συμβέβηχ' ἡμῖν ἐκ τούτων τῶν λόγων;

Πρόταρχος: τὸ ποῖον;

Σωκράτης: σώματος ἐπιθυμίαν οὐ φησιν ἡμῖν οὗτος ὁ λόγος γίνεσθαι.

Πρόταρχος: πῶς;

Σωκράτης: ὅτι τοῖς ἐκείνου παθήμασιν ἐναντίαν ἀεὶ παντὸς ζώου μὴνύει τὴν ἐπιχείρησιν.

Πρόταρχος: καὶ μάλα.

Σωκράτης: ἢ δ' ὁρμή γε ἐπὶ τοῦναντίον ἄγουσα ἢ τὰ παθήματα δηλοῖ που μνήμην οὖσαν τῶν τοῖς παθήμασιν ἐναντίων.

Πρόταρχος: πάνυ γε. 35d

Σωκράτης: τὴν ἄρα ἐπάγουσαν ἐπὶ τὰ ἐπιθυμούμενα ἀποδείξας μνήμην ὁ λόγος ψυχῆς σύμπασαν τὴν τε ὁρμὴν καὶ ἐπιθυμίαν καὶ τὴν

ἀρχὴν τοῦ ζώου παντὸς ἀπέφηνεν.

Πρώταρχος: ὀρθότατα.

Σωκράτης: διψῆν ἄρα ἡμῶν τὸ σῶμα ἢ πεινῆν ἢ τι τῶν τοιούτων πάσχειν οὐδαμῇ ὁ λόγος αἰρεῖ.

Πρώταρχος: ἀληθέστατα.

Σωκράτης: ἔτι δὴ καὶ τόδε περὶ ταῦτα ταῦτα κατανοήσωμεν. βίου γὰρ εἰδὸς τί μοι φαίνεται βούλεσθαι δηλοῦν ὁ λόγος ἡμῖν ἐν τούτοις αὐτοῖς. 35e

Πρώταρχος: ἐν τίσι καὶ ποίου πέρι βίου φράζεις;

Σωκράτης: ἐν τῷ πληροῦσθαι καὶ κενοῦσθαι καὶ πᾶσιν ὅσα περὶ σωτηρίαν τέ ἐστι τῶν ζώων καὶ τὴν φθοράν, καὶ εἴ τις τούτων ἐν ἑκατέρῳ γιγνόμενος ἡμῶν ἀλγεῖ, τοτὲ δὲ χαίρει κατὰ τὰς μεταβολάς.

Πρώταρχος: ἔστι ταῦτα.

Σωκράτης: τί δ' ὅταν ἐν μέσῳ τούτων γίγνηται;

Πρώταρχος: πῶς ἐν μέσῳ;

Σωκράτης: διὰ μὲν τὸ πάθος ἀλγῆ, μεμνηται δὲ τῶν ἡδέων <ῶν> γενομένων παύοιτ' ἂν τῆς ἀλγηδόνης, πληρῶται δὲ μήπω: τί 36a τότε; φῶμεν ἢ μὴ φῶμεν αὐτὸν ἐν μέσῳ τῶν παθημάτων εἶναι;

Πρώταρχος: φῶμεν μὲν οὔν.

Σωκράτης: πότερον ἀλγοῦνθ' ὅλως ἢ χαίροντα;

Πρώταρχος: μὰ Δί', ἀλλὰ διπλῇ τινὶ λύπῃ λυπούμενον, κατὰ μὲν τὸ σῶμα ἐν τῷ παθήματι, κατὰ δὲ τὴν ψυχὴν προσδοκίας τινὶ πόθῳ.

Σωκράτης: πῶς, ὦ Πρώταρχε, τὸ διπλοῦν τῆς λύπης εἶπες; ἄρ' οὐκ ἔστι μὲν ὅτε τις ἡμῶν κενούμενος ἐν ἐλπίδι φανερᾷ τοῦ 36b πληρωθῆσεσθαι καθέστηκε, τοτὲ δὲ τὸναντίον ἀνελπίστως ἔχει;

Πρώταρχος: καὶ μάλα γε.

Σωκράτης: μῶν οὔν οὐχὶ ἐλπίζων μὲν πληρωθῆσεσθαι τῷ

μεμνησθαι δοκεῖ σοι χαίρειν, ἅμα δὲ κενούμενος ἐν τούτοις [τοῖς χρόνοις] ἀλγεῖν;

Πρώταρχος: ἀνάγκη.

Σωκράτης: τότε ἄρ' ἄνθρωπος καὶ τᾶλλα ζῶα λυπεῖται τε ἅμα καὶ χαίρει.

Πρώταρχος: κινδυνεύει.

Σωκράτης: τί δ' ὅταν ἀνελπίστως ἔχῃ κενούμενος τεύξεσθαι πληρώσεως; ἄρ' οὐ τότε τὸ διπλοῦν γίγνεται ἂν περὶ τὰς λύπας πάθος, ὃ σὺ νυνδὴ κατιδὼν ᾤθης ἀπλῶς εἶναι 36c διπλοῦν;

Πρώταρχος: ἀληθέστατα, ὦ Σώκρατες.

Σωκράτης: ταύτη δὴ τῇ σκέψει τούτων τῶν παθημάτων τόδε χρησώμεθα.

Πρώταρχος: τὸ ποῖον;

Σωκράτης: πότερον ἀληθεῖς ταύτας τὰς λύπας τε καὶ ἡδονὰς ἢ ψευδεῖς εἶναι λέξομεν; ἢ τὰς μὲν τινὰς ἀληθεῖς, τὰς δ' οὐ;

Πρώταρχος: πῶς δ', ὦ Σώκρατες, ἂν εἶεν ψευδεῖς ἡδοναὶ ἢ λῦπαι;

Σωκράτης: πῶς δέ, ὦ Πρώταρχε, φόβοι ἂν ἀληθεῖς ἢ ψευδεῖς, ἢ προσδοκίαι ἀληθεῖς ἢ μὴ, ἢ δόξαι ἀληθεῖς ἢ ψευδεῖς; 36d

Πρώταρχος: δόξας μὲν ἔγωγ' ἂν που συγχωροίην, τὰ δ' ἕτερα ταῦτ' οὐκ ἂν.

Σωκράτης: πῶς φῆς; λόγον μέντοι τινὰ κινδυνεύομεν οὐ πάνυ μικρὸν ἐπεγείρειν.

Πρώταρχος: ἀληθῆ λέγεις.

Σωκράτης: ἀλλ' εἰ πρὸς τὰ παρεληλυθότα, ὦ παῖ 'κείνου τάνδρός, προσήκοντα, τοῦτο σκεπτέον.

Πρώταρχος: ἴσως τοῦτό γε.

Σωκράτης: χαίρειν τοίνυν δεῖ λέγειν τοῖς ἄλλοις μήκεσιν ἢ καὶ

ότφοϋν τῶν παρὰ τὸ προσῆκον λεγομένων.

Πρώταρχος: ὀρθῶς. 36e

Σωκράτης: λέγε δὴ μοι: θαῦμα γάρ μέ γε ἔχει διὰ τέλους αἰεὶ περὶ τὰ αὐτὰ ἃ νυνδὴ προυθέμεθα ἀπορήματα. πῶς δὴ φῆς; ψευδεῖς, αἱ δ' ἀληθεῖς οὐκ εἰσὶν ἡδοναί;

Πρώταρχος: πῶς γὰρ ἄν;

Σωκράτης: οὔτε δὴ ὄναρ οὔθ' ὕπαρ, ὥς φῆς, [ἐστίν] οὔτ' ἐν μανίαις οὔτ' ἐν παραφροσύναις οὐδεὶς ἔσθ' ὅστις ποτὲ δοκεῖ μὲν χαίρειν, χαίρει δὲ οὐδαμῶς, οὐδ' αὖ δοκεῖ μὲν λυπεῖσθαι, λυπεῖται δ' οὔ.

Πρώταρχος: πάνθ' οὕτω ταῦτα, ὧ Σώκρατες, ἔχειν πάντες ὑπειλήφαμεν.

Σωκράτης: ἄρ' οὖν ὀρθῶς; ἢ σκεπτέον εἴτ' ὀρθῶς εἴτε μὴ ταῦτα λέγεται;

Πρώταρχος: σκεπτέον, ὥς γ' ἐγὼ φαίην ἄν. 37a

Σωκράτης: διορισώμεθα δὴ σαφέστερον ἔτι τὸ νυνδὴ λεγόμενον ἡδονῆς τε πέρι καὶ δόξης. ἔστιν γὰρ πού τι δοξάζειν ἡμῖν;

Πρώταρχος: ναί.

Σωκράτης: καὶ ἡδεσθαι;

Πρώταρχος: ναί.

Σωκράτης: καὶ μὴν καὶ τὸ δοξαζόμενόν ἐστί τι;

Πρώταρχος: πῶς δ' οὔ;

Σωκράτης: καὶ τό γε ὧ τὸ ἡδόμενον ἡδεται;

Πρώταρχος: καὶ πάνυ γε.

Σωκράτης: οὐκοῦν τὸ δοξάζον, ἅντε ὀρθῶς ἅντε μὴ ὀρθῶς δοξάζῃ, τό γε δοξάζειν ὄντως οὐδέποτε ἀπόλλυσιν. 37b

Πρώταρχος: πῶς γὰρ ἄν;

Σωκράτης: οὐκοῦν καὶ τὸ ἡδόμενον, ἄντε ὀρθῶς ἄντε μὴ ὀρθῶς ἥδηται, τό γε ὄντως ἥδεσθαι δῆλον ὥς οὐδέποτ' ἀπολεῖ.

Πρώταρχος: ναί, καὶ τοῦθ' οὕτως ἔχει.

Σωκράτης: ὅτω ποτὲ οὖν δὴ τρόπῳ δόξα ψευδῆς τε καὶ ἀληθῆς ἡμῖν φιλεῖ γίνεσθαι, τὸ δὲ τῆς ἡδονῆς μόνον ἀληθές, δοξάζειν δ' ὄντως καὶ χαίρειν ἀμφοτέρω ὁμοίως εἵληχεν <σκεπτέον>.

Πρώταρχος: σκεπτέον.

Σωκράτης: ἄρ' ὅτι δόξῃ μὲν ἐπιγίγνεσθον ψευδός τε καὶ 37c ἀληθές, καὶ ἐγένετο οὐ μόνον δόξα διὰ ταῦτα ἀλλὰ καὶ ποιά τις ἐκατέρω, σκεπτέον φῆς τοῦτ' εἶναι;

Πρώταρχος: ναί.

Σωκράτης: πρὸς δέ γε τούτοις, εἰ καὶ τὸ παράπαν ἡμῖν τὰ μὲν ἐστι ποί' ἅττα, ἡδονὴ δὲ καὶ λύπη μόνον ἅπερ ἐστί, ποιῶ τινε δὲ οὐ γίγνεσθον, καὶ ταῦθ' ἡμῖν διομολογητέον.

Πρώταρχος: δῆλον.

Σωκράτης: ἀλλ' οὐδὲν τοῦτό γε χαλεπὸν ἰδεῖν, ὅτι καὶ ποιῶ τινε: πάλαι γὰρ εἶπομεν ὅτι μεγάλαι τε καὶ σμικραὶ καὶ σφόδρα ἐκατέρω γίνονται, λῦπαί τε καὶ ἡδοναί. 37d

Πρώταρχος: παντάπασι μὲν οὖν.

Σωκράτης: ἂν δέ γε πονηρία τούτων, ὃ Πρώταρχε, προσγίγνηται τινι, πονηρὰν μὲν φήσομεν οὕτω γίνεσθαι δόξαν, πονηρὰν δὲ καὶ ἡδονήν;

Πρώταρχος: ἀλλὰ τί μὴν, ὃ Σώκρατες;

Σωκράτης: τί δ', ἂν ὀρθότης ἢ τοῦναντίον ὀρθότητι τινι τούτων προσγίγνηται; μὴν οὐκ ὀρθὴν μὲν δόξαν ἐροῦμεν, ἂν ὀρθότητα ἴσχη, ταῦτ' οὐκ ἡδονήν;

Πρώταρχος: ἀναγκαῖον. 37e

Σωκράτης: ἂν δέ γε ἀμαρτανόμενον τὸ δοξαζόμενον ᾗ, τὴν δόξαν

τότε ἀμαρτάνουσάν γε οὐκ ὀρθὴν ὁμολογητέον οὐδ' ὀρθῶς δοξάζουσιν;

Πρώταρχος: πῶς γὰρ ἄν;

Σωκράτης: τί δ', ἂν αὖ λύπην ἢ τινα ἡδονὴν περὶ τὸ ἐφ' ᾧ λυπεῖται ἢ τοῦναντίον ἀμαρτάνουσιν ἐφορῶμεν, ὀρθὴν ἢ χρηστὴν ἢ τι τῶν καλῶν ὀνομάτων αὐτῇ προσθήσομεν;

Πρώταρχος: ἀλλ' οὐχ οἷόν τε, εἴπερ ἀμαρτῆσεται γε ἡδονή.

Σωκράτης: καὶ μὴν ἔοικέν γε ἡδονὴ πολλάκις οὐ μετὰ δόξης ὀρθῆς ἀλλὰ μετὰ ψεύδους ἡμῖν γίνεσθαι.

Πρώταρχος: πῶς γὰρ οὐ; καὶ τὴν μὲν δόξαν γε, ᾧ Σώκρατες, 38a ἐν τῷ τοιοῦτῳ καὶ τότε λέγομεν ψευδῇ, τὴν δ' ἡδονὴν αὐτὴν οὐδεὶς ἂν ποτε προσείποι ψευδῇ.

Σωκράτης: ἀλλὰ προθύμως ἀμύνεις τῷ τῆς ἡδονῆς, ᾧ Πρώταρχε, λόγῳ τὰ νῦν.

Πρώταρχος: οὐδέν γε, ἀλλ' ἅπερ ἀκούω λέγω.

Σωκράτης: διαφέρει δ' ἡμῖν οὐδέν, ᾧ ἐταῖρε, ἢ μετὰ δόξης τε ὀρθῆς καὶ μετ' ἐπιστήμης ἡδονὴ τῆς μετὰ τοῦ ψεύδους καὶ ἀγνοίας πολλάκις ἐκάστοις ἡμῶν ἐγγιγνομένης; 38b

Πρώταρχος: εἰκὸς γοῦν μὴ σμικρὸν διαφέρειν.

Σωκράτης: τῆς δὴ διαφορᾶς αὐτοῖν ἐπὶ θεωρίαν ἔλθωμεν.

Πρώταρχος: ἄγ' ὅπη σοι φαίνεται.

Σωκράτης: τῇδε δὴ ἄγω.

Πρώταρχος: πῇ;

Σωκράτης: δόξα, φαμέν, ἡμῖν ἔστι μὲν ψευδῆς, ἔστι δὲ καὶ ἀληθής;

Πρώταρχος: ἔστιν.

Σωκράτης: ἔπεται μὴν ταύταις, ὃ νυνδὴ ἐλέγομεν, ἡδονὴ καὶ λύπη πολλάκις, ἀληθεῖ καὶ ψευδεῖ δόξῃ λέγω.

Πρόταρχος: πάνυ γε.

Σωκράτης: οὐκοῦν ἐκ μνήμης τε καὶ αἰσθήσεως δόξα ἡμῖν καὶ τὸ διαδοξάζειν ἐγχειρεῖν γίγνεθ' ἐκάστοτε; 38c

Πρόταρχος: καὶ μάλα.

Σωκράτης: ἄρ' οὖν ἡμᾶς ὧδε περὶ ταῦτα ἀναγκαῖον ἡγούμεθ' ἴσχειν;

Πρόταρχος: πῶς;

Σωκράτης: πολλάκις ἰδόντι τινὶ πόρρωθεν μὴ πάνυ σαφῶς τὰ καθορώμενα συμβαίνειν βούλεσθαι κρίνειν φαίης ἂν ταῦθ' ἅπερ ὀρθῶς;

Πρόταρχος: φαίην ἄν.

Σωκράτης: οὐκοῦν τὸ μετὰ τοῦτο αὐτὸς αὐτὸν οὕτως ἀνέροιτ' ἂν ὧδε;

Πρόταρχος: πῶς;

Σωκράτης: τί ποτ' ἄρ' ἔστι τὸ παρὰ τὴν πέτραν τοῦθ' ἐστάναι 38d φανταζόμενον ὑπὸ τινι δένδρῳ; ταῦτ' εἰπεῖν ἂν τις πρὸς ἑαυτὸν δοκεῖ σοι, τοιαῦτ' ἅττα κατιδὼν φαντασθέντα αὐτῷ ποτε;

Πρόταρχος: τί μήν;

Σωκράτης: ἄρ' οὖν μετὰ ταῦτα ὁ τοιοῦτος ὡς ἀποκρινόμενος ἂν πρὸς αὐτὸν εἴποι τοῦτο, ὡς ἔστιν ἄνθρωπος, ἐπιτυχῶς εἰπών;

Πρόταρχος: καὶ πάνυ γε.

Σωκράτης: καὶ παρενεχθεῖς γ' αὖ τάχ' ἂν ὡς ἔστι τινῶν ποιμένων ἔργον τὸ καθορώμενον ἄγαλμα προσείποι.

Πρόταρχος: μάλα γε. 38e

Σωκράτης: κἂν μὲν τίς γ' αὐτῷ παρῇ, τά τε πρὸς αὐτὸν ῥηθέντα ἐντείνας εἰς φωνὴν πρὸς τὸν παρόντα αὐτὰ ταῦτ' ἂν πάλιν φθέγγετο, καὶ λόγος δὴ γέγονεν οὕτως ὃ τότε δόξαν ἐκαλοῦμεν;

Πρώταρχος: τί μήν;

Σωκράτης: ἂν δ' ἄρα μόνος ἦ τοῦτο ταῦτόν πρὸς αὐτόν διανοούμενος, ἐνίστε καὶ πλείω χρόνον ἔχων ἐν αὐτῷ πορεύεται.

Πρώταρχος: πάνυ μὲν οὖν.

Σωκράτης: τί οὖν; ἄρα σοὶ φαίνεται τὸ περὶ τούτων ὅπερ ἐμοί;

Πρώταρχος: τὸ ποῖον;

Σωκράτης: δοκεῖ μοι τότε ἡμῶν ἡ ψυχὴ βιβλίῳ τινὶ προσεικέναι.

Πρώταρχος: πῶς; 39a

Σωκράτης: ἡ μνήμη ταῖς αἰσθήσεσι συμπίπτουσα εἰς ταῦτόν κάκεινα ἃ περὶ ταῦτ' ἐστὶ τὰ παθήματα φαίνονται μοι σχεδὸν οἷον γράφειν ἡμῶν ἐν ταῖς ψυχαῖς τότε λόγους; καὶ ὅταν μὲν ἀληθεῖ γράφῃ [τοῦτο τὸ πάθημα">[[Φίληβος#καὶ] ταῦτά γε, ὦ Πρώταρχε: εὐρόντες ὁ νῦν ζητοῦμεν, ἀπολοῦμεν τὴν περὶ αὐτὰ ταῦτα ἀπορίαν.

Πρόταρχος: πῶς γὰρ οὐ;

Σωκράτης: οὐκ ἄρα ὃ γε πάσχει, τούτου ἐπιθυμεῖ. διψῇ γάρ, τοῦτο δὲ κένωσις: ὁ δ' ἐπιθυμεῖ πληρώσεως.

Πρόταρχος: ναί.

Σωκράτης: πληρώσεώς γ' ἄρα πῇ τι τῶν τοῦ διψῶντος ἂν ἐφάπτοιτο.

Πρόταρχος: ἀναγκαῖον.

Σωκράτης: τὸ μὲν δὴ σῶμα ἀδύνατον: κενοῦται γάρ που.

Πρόταρχος: ναί.

Σωκράτης: τὴν ψυχὴν ἄρα τῆς πληρώσεως ἐφάπτεσθαι λοιπόν, 35c τῇ μνήμῃ δῆλον ὅτι: τῷ γὰρ ἂν ἔτ' ἄλλω ἐφάψαιτο;

Πρώταρχος: πῶς;

Σωκράτης: ὅτι τοῖς ἐκείνου παθήμασιν ἐναντίαν ἀεὶ παντὸς ζώου μηνύει τὴν ἐπιχείρησιν.

Πρώταρχος: καὶ μάλα.

Σωκράτης: ἡ δ' ὁρμή γε ἐπὶ τοῦναντίον ἄγουσα ἢ τὰ παθήματα δηλοῖ που μνήμην οὖσαν τῶν τοῖς παθήμασιν ἐναντίων.

Πρώταρχος: πάνυ γε. 35d

Σωκράτης: τὴν ἄρα ἐπάγουσαν ἐπὶ τὰ ἐπιθυμούμενα ἀποδείξας μνήμην ὁ λόγος ψυχῆς σύμπασαν τὴν τε ὁρμὴν καὶ ἐπιθυμίαν καὶ τὴν ἀρχὴν τοῦ ζώου παντὸς ἀπέφηνεν.

Πρώταρχος: ὀρθότατα.

Σωκράτης: διψῆν ἄρα ἡμῶν τὸ σῶμα ἢ πεινῆν ἢ τι τῶν τοιούτων πάσχειν οὐδαμῇ ὁ λόγος αἰρεῖ.

Πρώταρχος: ἀληθέστατα.

Σωκράτης: ἔτι δὴ καὶ τόδε περὶ ταῦτα ταῦτα κατανοήσωμεν. βίου γὰρ εἶδος τί μοι φαίνεται βούλεσθαι δηλοῦν ὁ λόγος ἡμῖν ἐν τούτοις αὐτοῖς. 35e

Πρώταρχος: ἐν τίσι καὶ ποίου πέρι βίου φράξεις;

Σωκράτης: ἐν τῷ πληροῦσθαι καὶ κενοῦσθαι καὶ πᾶσιν ὅσα περὶ σωτηρίαν τέ ἐστι τῶν ζώων καὶ τὴν φθοράν, καὶ εἴ τις τούτων ἐν ἑκατέρῳ γιγνόμενος ἡμῶν ἀλγεῖ, τοτὲ δὲ χαίρει κατὰ τὰς μεταβολάς.

Πρώταρχος: ἔστι ταῦτα.

Σωκράτης: τί δ' ὅταν ἐν μέσῳ τούτων γίγνηται;

Πρώταρχος: πῶς ἐν μέσῳ;

Σωκράτης: διὰ μὲν τὸ πάθος ἀλγῆ, μεμνήται δὲ τῶν ἡδέων <ῶν> γενομένων παύοιτ' ἂν τῆς ἀλγηδόνης, πληρῶται δὲ μήπω: τί 36a τότε; φῶμεν ἢ μὴ φῶμεν αὐτὸν ἐν μέσῳ τῶν παθημάτων εἶναι;

Πρώταρχος: φῶμεν μὲν οὖν.

Σωκράτης: πότερον ἀλγοῦνθ' ὅλως ἢ χαίροντα;

Πρώταρχος: μὰ Δί', ἀλλὰ διπλῇ τινὶ λύπῃ λυπούμενον, κατὰ μὲν τὸ σῶμα ἐν τῷ παθήματι, κατὰ δὲ τὴν ψυχὴν προσδοκίας τινὶ πόθῳ.

Σωκράτης: πῶς, ὦ Πρώταρχε, τὸ διπλοῦν τῆς λύπης εἶπες; ἄρ' οὐκ ἔστι μὲν ὅτε τις ἡμῶν κενούμενος ἐν ἐλπίδι φανερᾷ τοῦ 36b πληρωθήσεσθαι καθέστηκε, τοτὲ δὲ τοῦναντίον ἀνελπίστως ἔχει;

Πρώταρχος: καὶ μάλα γε.

Σωκράτης: μὲν οὖν οὐχὶ ἐλπίζων μὲν πληρωθήσεσθαι τῷ μεμνησθαι δοκεῖ σοι χαίρειν, ἅμα δὲ κενούμενος ἐν τούτοις [τοῖς χρόνοις] ἀλγεῖν;

Πρώταρχος: ἀνάγκη.

Σωκράτης: τότε ἄρ' ἄνθρωπος καὶ τᾶλλα ζῷα λυπεῖται τε ἅμα καὶ χαίρει.

Πρώταρχος: κινδυνεύει.

Σωκράτης: τί δ' ὅταν ἀνελπίστως ἔχῃ κενούμενος τεύξεσθαι πληρώσεως; ἄρ' οὐ τότε τὸ διπλοῦν γίγναιτ' ἂν περὶ τὰς λύπας πάθος, ὃ σὺ νυνδὴ κατιδὼν ῥήθης ἀπλῶς εἶναι 36c διπλοῦν;

Πρώταρχος: ἀληθέστατα, ὦ Σώκρατες.

Σωκράτης: ταύτη δὴ τῇ σκέψει τούτων τῶν παθημάτων τόδε χρῆσώμεθα.

Πρώταρχος: τὸ ποῖον;

Σωκράτης: πότερον ἀληθεῖς ταύτας τὰς λύπας τε καὶ ἡδονὰς ἢ ψευδεῖς εἶναι λέξομεν; ἢ τὰς μὲν τινας ἀληθεῖς, τὰς δ' οὐ;

Πρώταρχος: πῶς δ', ὦ Σώκρατες, ἂν εἶεν ψευδεῖς ἡδοναὶ ἢ λύπαι;

Σωκράτης: πῶς δέ, ὦ Πρώταρχε, φόβοι ἂν ἀληθεῖς ἢ ψευδεῖς, ἢ προσδοκίαι ἀληθεῖς ἢ μή, ἢ δόξαι ἀληθεῖς ἢ ψευδεῖς; 36d

Πρώταρχος: δόξας μὲν ἔγωγ' ἂν που συγχωροίην, τὰ δ' ἕτερα ταῦτ' οὐκ ἂν.

Σωκράτης: πῶς φῆς; λόγον μέντοι τινὰ κινδυνεύομεν οὐ πάνυ σμικρὸν ἐπεγείρειν.

Πρώταρχος: ἀληθῆ λέγεις.

Σωκράτης: ἀλλ' εἰ πρὸς τὰ παρεληλυθότα, ὦ παῖ 'κείνου τάνδρός, προσήκοντα, τοῦτο σκεπτέον.

Πρώταρχος: ἴσως τοῦτό γε.

Σωκράτης: χαίρειν τοίνυν δεῖ λέγειν τοῖς ἄλλοις μήκεσιν ἢ καὶ ὁτρωῖν τῶν παρὰ τὸ προσῆκον λεγομένων.

Πρώταρχος: ὀρθῶς. 36e

Σωκράτης: λέγε δὴ μοι: θαῦμα γάρ μέ γε ἔχει διὰ τέλους αἰεὶ περὶ τὰ αὐτὰ ἃ νυνδὴ προυθέμεθα ἀπορήματα. πῶς δὴ φῆς; ψευδεῖς, αἱ δ' ἀληθεῖς οὐκ εἰσὶν ἡδοναί;

Πρώταρχος: πῶς γὰρ ἂν;

Σωκράτης: οὔτε δὴ ὄναρ οὔθ' ὕπαρ, ὡς φῆς, [ἐστίν] οὔτ' ἐν μανίαις οὔτ' ἐν παραφροσύναις οὐδεὶς ἔσθ' ὅστις ποτὲ δοκεῖ μὲν χαίρειν, χαίρει δὲ οὐδαμῶς, οὐδ' αὖ δοκεῖ μὲν λυπεῖσθαι, λυπεῖται δ' οὔ.

Πρώταρχος: πάνθ' οὕτω ταῦτα, ὦ Σώκρατες, ἔχειν πάντες ὑπειλήφαμεν.

Σωκράτης: ἄρ' οὖν ὀρθῶς; ἢ σκεπτέον εἴτ' ὀρθῶς εἴτε μὴ ταῦτα λέγεται;

Πρώταρχος: σκεπτέον, ὥς γ' ἐγὼ φαίην ἄν. 37a

Σωκράτης: διορισώμεθα δὴ σαφέστερον ἔτι τὸ νυνδὴ λεγόμενον ἡδονῆς τε πέρι καὶ δόξης. ἔστιν γάρ που τι δοξάζειν ἡμῖν;

Πρώταρχος: ναί.

Σωκράτης: καὶ ἡδεσθαι;

Πρώταρχος: ναί.

Σωκράτης: καὶ μὴν καὶ τὸ δοξαζόμενόν ἐστὶ τι;

Πρώταρχος: πῶς δ' οὐ;

Σωκράτης: καὶ τό γε ὃ τὸ ἡδόμενον ἡδεται;

Πρώταρχος: καὶ πάνυ γε.

Σωκράτης: οὐκοῦν τὸ δοξάζον, ἅντε ὀρθῶς ἅντε μὴ ὀρθῶς δοξάζῃ, τό γε δοξάζειν ὄντως οὐδέποτε ἀπόλλυσιν. 37b

Πρώταρχος: πῶς γὰρ ἄν;

Σωκράτης: οὐκοῦν καὶ τὸ ἡδόμενον, ἅντε ὀρθῶς ἅντε μὴ ὀρθῶς ἡδῇται, τό γε ὄντως ἡδεσθαι δῆλον ὥς οὐδέποτε ἀπολεῖ.

Πρώταρχος: ναί, καὶ τοῦθ' οὕτως ἔχει.

Σωκράτης: ὅτω ποτὲ οὖν δὴ τρόπῳ δόξα ψευδῆς τε καὶ ἀληθῆς ἡμῖν φιλεῖ γίνεσθαι, τὸ δὲ τῆς ἡδονῆς μόνον ἀληθές, δοξάζειν δ' ὄντως καὶ χαίρειν ἀμφοτέρα ὁμοίως εἴληχεν <σκεπτέον>.

Πρώταρχος: σκεπτέον.

Σωκράτης: ἄρ' ὅτι δόξη μὲν ἐπιγίνεσθον ψευδός τε καὶ 37c ἀληθές, καὶ ἐγένετο οὐ μόνον δόξα διὰ ταῦτα ἀλλὰ καὶ ποιά τις ἑκάτερα, σκεπτέον φησὶ τοῦτ' εἶναι;

Πρώταρχος: ναί.

Σωκράτης: πρὸς δέ γε τούτοις, εἰ καὶ τὸ παράπαν ἡμῖν τὰ μὲν ἐστὶ ποί' ἄττα, ἡδονὴ δὲ καὶ λύπη μόνον ἅπερ ἐστὶ, ποιῶ τινε δὲ οὐ

γίγνεσθον, καὶ ταῦθ' ἡμῖν διομολογητέον.

Πρώταρχος: δῆλον.

Σωκράτης: ἀλλ' οὐδὲν τοῦτό γε χαλεπὸν ἰδεῖν, ὅτι καὶ ποιῶ τινε: πάλαι γὰρ εἶπομεν ὅτι μεγάλαι τε καὶ μικραὶ καὶ σφόδρα ἐκάτεραι γίνονται, λῦπαί τε καὶ ἡδοναί. 37d

Πρώταρχος: παντάπασι μὲν οὖν.

Σωκράτης: ἂν δέ γε πονηρία τούτων, ὧ Πρώταρχε, προσγίγνηται τινι, πονηρὰν μὲν φήσομεν οὕτω γίγνεσθαι δόξαν, πονηρὰν δὲ καὶ ἡδονήν;

Πρώταρχος: ἀλλὰ τί μὲν, ὦ Σώκρατες;

Σωκράτης: τί δ', ἂν ὀρθότης ἢ τοῦναντίον ὀρθότητι τινὶ τούτων προσγίγνηται; μὴν οὐκ ὀρθὴν μὲν δόξαν ἐροῦμεν, ἂν ὀρθότητα ἴσχη, ταῦτόν δὲ ἡδονήν;

Πρώταρχος: ἀναγκαῖον. 37e

Σωκράτης: ἂν δέ γε ἀμαρτανόμενον τὸ δοξαζόμενον ἦ, τὴν δόξαν τότε ἀμαρτάνουσάν γε οὐκ ὀρθὴν ὁμολογητέον οὐδ' ὀρθῶς δοξάζουσιν;

Πρώταρχος: πῶς γὰρ ἄν;

Σωκράτης: τί δ', ἂν αὖ λύπην ἢ τινα ἡδονὴν περὶ τὸ ἐφ' ᾧ λυπεῖται ἢ τοῦναντίον ἀμαρτάνουσιν ἐφορῶμεν, ὀρθὴν ἢ χρηστὴν ἢ τι τῶν καλῶν ὀνομάτων αὐτῇ προσθήσομεν;

Πρώταρχος: ἀλλ' οὐχ οἷόν τε, εἴπερ ἀμαρτήσεται γε ἡδονή.

Σωκράτης: καὶ μὴν ἔοικέν γε ἡδονὴ πολλάκις οὐ μετὰ δόξης ὀρθῆς ἀλλὰ μετὰ ψεύδους ἡμῖν γίγνεσθαι.

Πρώταρχος: πῶς γὰρ οὐ; καὶ τὴν μὲν δόξαν γε, ὦ Σώκρατες, 38a ἐν τῷ τοιοῦτῳ καὶ τότε λέγομεν ψευδῇ, τὴν δ' ἡδονὴν αὐτὴν οὐδεὶς ἂν ποτε προσείποι ψευδῇ.

Σωκράτης: ἀλλὰ προθύμως ἀμύνεις τῷ τῆς ἡδονῆς, ὦ Πρώταρχε,

λόγῳ τὰ νῦν.

Πρώταρχος: οὐδέν γε, ἀλλ' ἅπερ ἀκούω λέγω.

Σωκράτης: διαφέρει δ' ἡμῖν οὐδέν, ὃ ἐταῖρε, ἢ μετὰ δόξης τε ὀρθῆς καὶ μετ' ἐπιστήμης ἡδονὴ τῆς μετὰ τοῦ ψεύδους καὶ ἀγνοίας πολλάκις ἐκάστοις ἡμῶν ἐγγιγνομένης; 38b

Πρώταρχος: εἰκὸς γοῦν μὴ σμικρὸν διαφέρειν.

Σωκράτης: τῆς δὴ διαφορᾶς αὐτοῖν ἐπὶ θεωρίαν ἔλθωμεν.

Πρώταρχος: ἄγ' ὅπη σοι φαίνεται.

Σωκράτης: τῇδε δὴ ἄγω.

Πρώταρχος: πῇ;

Σωκράτης: δόξα, φαμέν, ἡμῖν ἔστι μὲν ψευδής, ἔστι δὲ καὶ ἀληθής;

Πρώταρχος: ἔστιν.

Σωκράτης: ἔπεται μὴν ταύταις, ὃ νυνδὴ ἐλέγομεν, ἡδονὴ καὶ λύπη πολλάκις, ἀληθεῖ καὶ ψευδεῖ δόξῃ λέγω.

Πρώταρχος: πάνυ γε.

Σωκράτης: οὐκοῦν ἐκ μνήμης τε καὶ αἰσθήσεως δόξα ἡμῖν καὶ τὸ διαδοξάζειν ἐγχειρεῖν γίγνεθ' ἐκάστοτε; 38c

Πρώταρχος: καὶ μάλα.

Σωκράτης: ἄρ' οὖν ἡμᾶς ὧδε περὶ ταῦτα ἀναγκαῖον ἡγούμεθ' ἵσχειν;

Πρώταρχος: πῶς;

Σωκράτης: πολλάκις ἰδόντι τινὶ πόρρωθεν μὴ πάνυ σαφῶς τὰ καθορώμενα συμβαίνειν βούλεσθαι κρίνειν φαίης ἂν ταῦθ' ἅπερ ὀρθῶς;

Πρώταρχος: φαίην ἄν.

Σωκράτης: οὐκοῦν τὸ μετὰ τοῦτο αὐτὸς αὐτὸν οὕτως ἀνέροιτ' ἂν ὤδε;

Πρώταρχος: πῶς;

Σωκράτης: τί ποτ' ἄρ' ἔστι τὸ παρὰ τὴν πέτραν τοῦθ' ἐστάναι 38d
φантаζόμενον ὑπὸ τινι δένδρῳ; ταῦτ' εἰπεῖν ἂν τις πρὸς ἑαυτὸν δοκεῖ
σοι, τοιαῦτ' ἅττα κατιδὼν φαντασθέντα αὐτῷ ποτε;

Πρώταρχος: τί μήν;

Σωκράτης: ἄρ' οὖν μετὰ ταῦτα ὁ τοιοῦτος ὡς ἀποκρινόμενος ἂν
πρὸς αὐτὸν εἴποι τοῦτο, ὡς ἔστιν ἄνθρωπος, ἐπιτυχῶς εἰπών;

Πρώταρχος: καὶ πάνυ γε.

Σωκράτης: καὶ παρενεχθεῖς γ' αὖ τάχ' ἂν ὡς ἔστι τινῶν ποιμένων
ἔργον τὸ καθορώμενον ἄγαλμα προσείποι.

Πρώταρχος: μάλα γε. 38e

Σωκράτης: κἂν μὲν τίς γ' αὐτῷ παρῇ, τά τε πρὸς αὐτὸν ῥηθέντα
ἐντείνας εἰς φωνὴν πρὸς τὸν παρόντα αὐτὰ ταῦτ' ἂν πάλιν φθέγγαιτο,
καὶ λόγος δὴ γέγονεν οὕτως ὃ τότε δόξαν ἐκαλοῦμεν;

Πρώταρχος: τί μήν;

Σωκράτης: ἂν δ' ἄρα μόνος ἦ τοῦτο ταῦτὸν πρὸς αὐτὸν
διανοούμενος, ἐνίστε καὶ πλείω χρόνον ἔχων ἐν αὐτῷ πορεύεται.

Πρώταρχος: πάνυ μὲν οὖν.

Σωκράτης: τί οὖν; ἄρα σοὶ φαίνεται τὸ περὶ τούτων ὅπερ ἐμοί;

Πρώταρχος: τὸ ποῖον;

Σωκράτης: δοκεῖ μοι τότε ἡμῶν ἡ ψυχὴ βιβλίῳ τινὶ προσεικέναι.

Πρώταρχος: πῶς; 39a

Σωκράτης: ἡ μνήμη ταῖς αἰσθήσεσι συμπίπτουσα εἰς ταῦτὸν
κάκεινα ἃ περὶ ταῦτ' ἐστὶ τὰ παθήματα φαίνονται μοι σχεδὸν οἷον
γράφειν ἡμῶν ἐν ταῖς ψυχαῖς τότε λόγους; καὶ ὅταν μὲν ἀληθῆ γράφῃ

[τοῦτο τὸ πάθημα|καὶ] ταῦτά γε, ὦ Πρώταρχε: εὐρόντες ὁ νῦν ζητοῦμεν, ἀπολοῦμεν τὴν περὶ αὐτὰ ταῦτα ἀπορίαν.

Πρώταρχος: ὀρθῶς ἡμύνω: τὸ δ' ἐφεξῆς τούτοις πειρώμεθα λέγειν.

Σωκράτης: οὐκοῦν νυνδὴ πείνην τε καὶ δίψος καὶ πολλὰ ἕτερα 34e τοιαῦτα ἔφαμεν εἶναι τινὰς ἐπιθυμίας;

Πρώταρχος: σφόδρα γε.

Σωκράτης: πρὸς τί ποτε ἄρα ταῦτὸν βλέψαντες οὕτω πολὺ διαφέροντα ταῦθ' ἐνὶ προσαγορευόμεν ὀνόματι;

Πρώταρχος: μὰ Δί' οὐ ράδιον ἴσως εἰπεῖν, ὦ Σώκρατες, ἀλλ' ὅμως λεκτέον.

Σωκράτης: ἐκεῖθεν δὴ ἐκ τῶν αὐτῶν πάλιν ἀναλάβωμεν.

Πρώταρχος: πόθεν δὴ;

Σωκράτης: διψῇ γέ που λέγομεν ἐκάστοτέ τι;

Πρώταρχος: πῶς δ' οὔ;

Σωκράτης: τοῦτο δέ γ' ἐστὶ κενοῦται;

Πρώταρχος: τί μὴν;

Σωκράτης: ἄρ' οὖν τὸ δίψος ἐστὶν ἐπιθυμία;

Πρώταρχος: ναί, πώματός γε. 35a

Σωκράτης: πώματος, ἢ πληρώσεως πώματος;

Πρώταρχος: οἶμαι μὲν πληρώσεως.

Σωκράτης: ὁ κενούμενος ἡμῶν ἄρα, ὡς ἔοικεν, ἐπιθυμεῖ τῶν ἐναντίων ἢ πάσχει: κενούμενος γὰρ ἐρᾷ πληροῦσθαι.

Πρώταρχος: σαφέστατά γε.

Σωκράτης: τί οὖν; ὁ τὸ πρῶτον κενούμενος ἔστιν ὁπόθεν εἴτ' αἰσθήσει πληρώσεως ἐφάπτοιτ' ἂν εἴτε μνήμη, τούτου ὁ μήτ' ἐν τῷ

νῦν χρόνῳ πάσχει μήτ' ἐν τῷ πρόσθεν πώποτε ἔπαθεν;

Πρώταρχος: καὶ πῶς; 35b

Σωκράτης: ἀλλὰ μὴν ὃ γε ἐπιθυμῶν τινὸς ἐπιθυμεῖ, φαμέν.

Πρώταρχος: πῶς γὰρ οὐ;

Σωκράτης: οὐκ ἄρα ὃ γε πάσχει, τούτου ἐπιθυμεῖ. διψῇ γάρ, τοῦτο δὲ κένωσις: ὃ δ' ἐπιθυμεῖ πληρώσεως.

Πρώταρχος: ναί.

Σωκράτης: πληρώσεώς γ' ἄρα πῆ τι τῶν τοῦ διψῶντος ἂν ἐφάπτοιτο.

Πρώταρχος: ἀναγκαῖον.

Σωκράτης: τὸ μὲν δὴ σῶμα ἀδύνατον: κενοῦται γάρ που.

Πρώταρχος: ναί.

Σωκράτης: τὴν ψυχὴν ἄρα τῆς πληρώσεως ἐφάπτεσθαι λοιπόν, 35c
τῇ μνήμῃ δῆλον ὅτι: τῷ γὰρ ἂν ἔτ' ἄλλῳ ἐφάψαιτο;

Πρώταρχος: σχεδὸν οὐδενί.

Σωκράτης: μανθάνομεν οὖν ὃ συμβέβηχ' ἡμῖν ἐκ τούτων τῶν λόγων;

Πρώταρχος: τὸ ποῖον;

Σωκράτης: σώματος ἐπιθυμίαν οὐ φησιν ἡμῖν οὗτος ὁ λόγος γίνεσθαι.

Πρώταρχος: πῶς;

Σωκράτης: ὅτι τοῖς ἐκείνου παθήμασιν ἐναντίαν ἀεὶ παντὸς ζῶου μηνύει τὴν ἐπιχείρησιν.

Πρώταρχος: καὶ μάλα.

Σωκράτης: ἢ δ' ὁρμή γε ἐπὶ τὸναντίον ἄγουσα ἢ τὰ παθήματα

δηλοῖ που μνήμην οὖσαν τῶν τοῖς παθήμασιν ἐναντίων.

Πρόταρχος: πάνυ γε. 35d

Σωκράτης: τὴν ἄρα ἐπάγουσαν ἐπὶ τὰ ἐπιθυμούμενα ἀποδείξας μνήμην ὁ λόγος ψυχῆς σύμπασαν τὴν τε ὁρμὴν καὶ ἐπιθυμίαν καὶ τὴν ἀρχὴν τοῦ ζώου παντὸς ἀπέφηνεν.

Πρόταρχος: ὀρθότατα.

Σωκράτης: διψῆν ἄρα ἡμῶν τὸ σῶμα ἢ πεινῆν ἢ τι τῶν τοιούτων πάσχειν οὐδαμῇ ὁ λόγος αἰρεῖ.

Πρόταρχος: ἀληθέστατα.

Σωκράτης: ἔτι δὴ καὶ τόδε περὶ ταῦτα ταῦτα κατανοήσωμεν. βίου γὰρ εἰδὸς τί μοι φαίνεται βούλεσθαι δηλοῦν ὁ λόγος ἡμῖν ἐν τούτοις αὐτοῖς. 35e

Πρόταρχος: ἐν τίσι καὶ ποίου πέρι βίου φράζεις;

Σωκράτης: ἐν τῷ πληροῦσθαι καὶ κενοῦσθαι καὶ πᾶσιν ὅσα περὶ σωτηρίαν τέ ἐστι τῶν ζώων καὶ τὴν φθοράν, καὶ εἴ τις τούτων ἐν ἑκατέρῳ γιγνόμενος ἡμῶν ἀλγεῖ, τοτὲ δὲ χαίρει κατὰ τὰς μεταβολάς.

Πρόταρχος: ἔστι ταῦτα.

Πρόταρχος: φῶμεν μὲν οὖν.

Σωκράτης: πότερον ἀλγοῦνθ' ὅλως ἢ χαίροντα;

Πρόταρχος: μὰ Δί', ἀλλὰ διπλῇ τινὶ λύπῃ λυπούμενον, κατὰ μὲν τὸ σῶμα ἐν τῷ παθήματι, κατὰ δὲ τὴν ψυχὴν προσδοκίας τινὶ πόθῳ.

Σωκράτης: πῶς, ὦ Πρόταρχε, τὸ διπλοῦν τῆς λύπης εἶπες; ἄρ' οὐκ

ἔστι μὲν ὅτε τις ἡμῶν κενούμενος ἐν ἐλπίδι φανερᾷ τοῦ 36b πληρωθήσεται καθέστηκε, τότε δὲ τὸναντίον ἀνελπίστως ἔχει;

Πρόταρχος: καὶ μάλα γε.

Σωκράτης: μὲν οὖν οὐχὶ ἐλπίζων μὲν πληρωθήσεται τῷ μεμνήσθαι δοκεῖ σοι χαίρειν, ἅμα δὲ κενούμενος ἐν τούτοις [τοῖς χρόνοις] ἀλγεῖν;

Πρόταρχος: ἀνάγκη.

Σωκράτης: τότε ἄρ' ἄνθρωπος καὶ τᾶλλα ζῷα λυπεῖται τε ἅμα καὶ χαίρει.

Πρόταρχος: κινδυνεύει.

Σωκράτης: τί δ' ὅταν ἀνελπίστως ἔχη κενούμενος τεύξεσθαι πληρώσεως; ἄρ' οὐ τότε τὸ διπλοῦν γίγνεται ἂν περὶ τὰς λύπας πάθος, ὃ σὺ νυνδὴ κατιδὼν ῥήθης ἀπλῶς εἶναι 36c διπλοῦν;

Πρόταρχος: ἀληθέστατα, ὦ Σώκρατες.

Σωκράτης: ταύτη δὴ τῇ σκέψει τούτων τῶν παθημάτων τόδε χρησώμεθα.

Πρόταρχος: τὸ ποῖον;

Σωκράτης: πότερον ἀληθεῖς ταύτας τὰς λύπας τε καὶ ἡδονὰς ἢ ψευδεῖς εἶναι λέξομεν; ἢ τὰς μὲν τινὰς ἀληθεῖς, τὰς δ' οὐ;

Πρόταρχος: πῶς δ', ὦ Σώκρατες, ἂν εἶεν ψευδεῖς ἡδοναὶ ἢ λύπαι;

Σωκράτης: πῶς δέ, ὦ Πρόταρχε, φόβοι ἂν ἀληθεῖς ἢ ψευδεῖς, ἢ προσδοκίαι ἀληθεῖς ἢ μή, ἢ δόξαι ἀληθεῖς ἢ ψευδεῖς; 36d

Πρόταρχος: δόξας μὲν ἔγωγ' ἂν που συγχωροίην, τὰ δ' ἕτερα ταῦτ' οὐκ ἂν.

Σωκράτης: πῶς φῆς; λόγον μέντοι τινὰ κινδυνεύομεν οὐ πάνυ μικρὸν ἐπεγείρειν.

Πρόταρχος: ἀληθῆ λέγεις.

Σωκράτης: ἀλλ' εἰ πρὸς τὰ παρεληλυθότα, ὧ παῖ 'κείνου τάνδρός, προσήκοντα, τοῦτο σκεπτέον.

Πρώταρχος: ἴσως τοῦτό γε.

Σωκράτης: χαίρειν τοίνυν δεῖ λέγειν τοῖς ἄλλοις μήκεσιν ἢ καὶ ὀτφοῦν τῶν παρὰ τὸ προσήκον λεγομένων.

Πρώταρχος: ὀρθῶς. 36e

Σωκράτης: λέγε δὴ μοι: θαῦμα γάρ μέ γε ἔχει διὰ τέλους αἰεὶ περὶ τὰ αὐτὰ ἃ νυνδὴ προυθέμεθα ἀπορήματα. πῶς δὴ φῆς; ψευδεῖς, αἱ δ' ἀληθεῖς οὐκ εἰσὶν ἡδοναί;

Πρώταρχος: πῶς γὰρ ἄν;

Σωκράτης: οὔτε δὴ ὄναρ οὔθ' ὕπαρ, ὥς φῆς, [ἐστίν] οὔτ' ἐν μανίαις οὔτ' ἐν παραφροσύναις οὐδεὶς ἔσθ' ὅστις ποτὲ δοκεῖ μὲν χαίρειν, χαίρει δὲ οὐδαμῶς, οὐδ' αὖ δοκεῖ μὲν λυπεῖσθαι, λυπεῖται δ' οὔ.

Πρώταρχος: ναί.

Σωκράτης: καὶ ἡδεσθαι;

Πρώταρχος: ναί.

Σωκράτης: καὶ μὴν καὶ τὸ δοξαζόμενόν ἐστὶ τι;

Πρώταρχος: πῶς δ' οὔ;

Σωκράτης: καὶ τό γε ὅ τὸ ἡδόμενον ἡδεται;

Πρώταρχος: καὶ πάνυ γε.

Σωκράτης: οὐκοῦν τὸ δοξάζον, ἅντε ὀρθῶς ἅντε μὴ ὀρθῶς δοξάζῃ, τό γε δοξάζειν ὄντως οὐδέποτε ἀπόλλυσιν. 37b

Πρώταρχος: πῶς γὰρ ἄν;

Σωκράτης: οὐκοῦν καὶ τὸ ἡδόμενον, ἅντε ὀρθῶς ἅντε μὴ ὀρθῶς ἥδηται, τό γε ὄντως ἥδεσθαι δῆλον ὥς οὐδέποτ' ἀπολεῖ.

Πρώταρχος: ναί, καὶ τοῦθ' οὕτως ἔχει.

Σωκράτης: ὅτῳ ποτὲ οὖν δὴ τρόπῳ δόξα ψευδῆς τε καὶ ἀληθῆς ἡμῖν φιλεῖ γίγνεσθαι, τὸ δὲ τῆς ἡδονῆς μόνον ἀληθές, δοξάζειν δ' ὄντως καὶ χαίρειν ἀμφοτέρω ὁμοίως εἴληγεν <σκεπτέον>.

Σωκράτης: ἂν δέ γε πονηρία τούτων, ὃ Πρώταρχε, προσγίγνηται τινι, πονηρὰν μὲν φήσομεν οὕτω γίγνεσθαι δόξαν, πονηρὰν δὲ καὶ ἡδονήν;

Πρώταρχος: ἀλλὰ τί μήν, ὃ Σώκρατες;

Σωκράτης: τί δ', ἂν ὀρθότης ἢ τοῦναντίον ὀρθότητι τινὶ τούτων προσγίγνηται; μῶν οὐκ ὀρθὴν μὲν δόξαν ἐροῦμεν, ἂν ὀρθότητα ἴσχη, ταῦτόν δὲ ἡδονήν;

Πρώταρχος: ἀναγκαῖον. 37e

Σωκράτης: ἂν δέ γε ἀμαρτανόμενον τὸ δοξαζόμενον ἦ, τὴν δόξαν τότε ἀμαρτάνουσάν γε οὐκ ὀρθὴν ὁμολογητέον οὐδ' ὀρθῶς δοξάζουσαν;

Πρώταρχος: πῶς γὰρ ἄν;

Σωκράτης: τί δ', ἂν αὖ λύπην ἢ τινα ἡδονὴν περὶ τὸ ἐφ' ᾧ λυπεῖται ἢ τοῦναντίον ἀμαρτάνουσαν ἐφορῶμεν, ὀρθὴν ἢ χρηστὴν ἢ τι τῶν καλῶν ὀνομάτων αὐτῇ προσθήσομεν;

Πρώταρχος: ἀλλ' οὐχ οἷόν τε, εἴπερ ἀμαρτήσεται γε ἡδονή.

Σωκράτης: καὶ μὴν ἔοικέν γε ἡδονὴ πολλάκις οὐ μετὰ δόξης ὀρθῆς ἀλλὰ μετὰ ψεύδους ἡμῖν γίνεσθαι.

Πρώταρχος: πῶς γὰρ οὐ; καὶ τὴν μὲν δόξαν γε, ᾧ Σώκρατες, 38a ἐν τῷ τοιούτῳ καὶ τότε λέγομεν ψευδῇ, τὴν δ' ἡδονὴν αὐτὴν οὐδεὶς ἂν ποτε προσείποι ψευδῇ.

Σωκράτης: ἀλλὰ προθύμως ἀμύνεις τῷ τῆς ἡδονῆς, ᾧ Πρώταρχε, λόγῳ τὰ νῦν.

Πρώταρχος: οὐδέν γε, ἀλλ' ἅπερ ἀκούω λέγω.

Σωκράτης: διαφέρει δ' ἡμῖν οὐδέν, ᾧ ἐταῖρε, ἢ μετὰ δόξης τε ὀρθῆς καὶ μετ' ἐπιστήμης ἡδονὴ τῆς μετὰ τοῦ ψεύδους καὶ ἀγνοίας πολλάκις ἐκάστοις ἡμῶν ἐγγιγνομένης; 38b

Πρώταρχος: εἰκὸς γοῦν μὴ σμικρὸν διαφέρειν.

Σωκράτης: τῆς δὴ διαφορᾶς αὐτοῖν ἐπὶ θεωρίαν ἔλθωμεν.

Πρώταρχος: ἄγ' ὅπη σοι φαίνεται.

Σωκράτης: τηδε δὴ ἄγω.

Πρόταρχος: πῃ;

Σωκράτης: δόξα, φαμέν, ἡμῖν ἔστι μὲν ψευδής, ἔστι δὲ καὶ ἀληθής;

Πρόταρχος: ἔστιν.

Σωκράτης: ἔπεται μὴν ταύταις, ὃ νυνδὴ ἐλέγομεν, ἡδονὴ καὶ λύπη πολλάκις, ἀληθεῖ καὶ ψευδεῖ δόξῃ λέγω.

Πρόταρχος: πάνυ γε.

Σωκράτης: οὐκοῦν ἐκ μνήμης τε καὶ αἰσθήσεως δόξα ἡμῖν καὶ τὸ διαδοξάζειν ἐγχειρεῖν γίγνεθ' ἐκάστοτε; 38c

Πρόταρχος: καὶ μάλα.

Σωκράτης: ἄρ' οὖν ἡμᾶς ὧδε περὶ ταῦτα ἀναγκαῖον ἡγούμεθ' ἴσχειν;

Πρόταρχος: πῶς;

Σωκράτης: πολλάκις ἰδόντι τινὶ πόρρωθεν μὴ πάνυ σαφῶς τὰ καθορώμενα συμβαίνειν βούλεσθαι κρίνειν φαίης ἂν ταῦθ' ἅπερ ὀρθῶς;

Πρόταρχος: φαίην ἂν.

Σωκράτης: οὐκοῦν τὸ μετὰ τοῦτο αὐτὸς αὐτὸν οὕτως ἀνέροιτ' ἂν ὧδε;

Πρόταρχος: πῶς;

Σωκράτης: τί ποτ' ἄρ' ἔστι τὸ παρὰ τὴν πέτραν τοῦθ' ἐστάναι 38d φανταζόμενον ὑπὸ τινι δένδρῳ; ταῦτ' εἰπεῖν ἂν τις πρὸς ἑαυτὸν δοκεῖ σοι, τοιαῦτ' ἅττα κατιδὼν φαντασθέντα αὐτῷ ποτε;

Πρόταρχος: τί μήν;

Σωκράτης: ἄρ' οὖν μετὰ ταῦτα ὁ τοιοῦτος ὡς ἀποκρινόμενος ἂν πρὸς αὐτὸν εἴποι τοῦτο, ὡς ἔστιν ἄνθρωπος, ἐπιτυχῶς εἰπών;

Πρόταρχος: καὶ πάνυ γε.

Σωκράτης: καὶ παρενεχθεῖς γ' αὖ τάχ' ἂν ὥς ἔστι τινῶν ποιμένων ἔργον τὸ καθορώμενον ἄγαλμα προσείποι.

Πρόταρχος: μάλα γε. 38e

Σωκράτης: κἂν μὲν τίς γ' αὐτῷ παρῇ, τά τε πρὸς αὐτὸν ῥηθέντα ἐντείνας εἰς φωνὴν πρὸς τὸν παρόντα αὐτὰ ταῦτ' ἂν πάλιν φθέγγετο, καὶ λόγος δὴ γέγονεν οὕτως ὃ τότε δόξαν ἐκαλοῦμεν;

Πρόταρχος: τί μήν;

Σωκράτης: ἂν δ' ἄρα μόνος ἦ τοῦτο ταῦτὸν πρὸς αὐτὸν διανοοούμενος, ἐνίστε καὶ πλείω χρόνον ἔχων ἐν αὐτῷ πορεύεται.

Πρόταρχος: πάνυ μὲν οὖν.

Σωκράτης: τί οὖν; ἄρα σοὶ φαίνεται τὸ περὶ τούτων ὅπερ ἐμοί;

Πρόταρχος: τὸ ποῖον;

Σωκράτης: δοκεῖ μοι τότε ἡμῶν ἡ ψυχὴ βιβλίῳ τινὶ προσεοικέναι.

Πρόταρχος: πῶς; 39a

Σωκράτης: ἡ μνήμη ταῖς αἰσθήσεσι συμπίπτουσα εἰς ταῦτὸν κάκεῖνα ἃ περὶ ταῦτ' ἐστὶ τὰ παθήματα φαίνονται μοι σχεδὸν οἷον γράφειν ἡμῶν ἐν ταῖς ψυχαῖς τότε λόγους; καὶ ὅταν μὲν ἀληθῆ γράφῃ [τοῦτο τὸ πάθημα]], δόξα τε ἀληθῆς καὶ λόγοι ἀπ' αὐτοῦ συμβαίνουσιν ἀληθεῖς ἐν ἡμῖν γινόμενοι: ψευδῇ δ' ὅταν ὁ τοιοῦτος παρ' ἡμῖν γραμματεὺς γράψῃ, τάναντία τοῖς ἀληθέσιν ἀπέβῃ. 39b

Πρόταρχος: πάνυ μὲν οὖν δοκεῖ μοι, καὶ ἀποδέχομαι τὰ ῥηθέντα οὕτως.

Σωκράτης: ἀποδέχου δὴ καὶ ἕτερον δημιουργὸν ἡμῶν ἐν ταῖς ψυχαῖς ἐν τῷ τότε χρόνῳ γινόμενον.

Πρόταρχος: τίνα;

Σωκράτης: ζωγράφον, ὃς μετὰ τὸν γραμματιστὴν τῶν λεγομένων εἰκόνας ἐν τῇ ψυχῇ τούτων γράφει.

Πρώταρχος: πῶς δὴ τοῦτον αὖ καὶ πότε λέγομεν;

Σωκράτης: ὅταν ἀπ' ὄψεως ἢ τινος ἄλλης αἰσθήσεως τὰ τότε δοξαζόμενα καὶ λεγόμενα ἀπαγαγόν τις τὰς τῶν δοξασθέντων 39c καὶ λεχθέντων εἰκόνας ἐν αὐτῷ ὁρᾷ πως. ἢ τοῦτο οὐκ ἔστι γιγνόμενον παρ' ἡμῖν;

Πρώταρχος: σφόδρα μὲν οὖν.

Σωκράτης: οὐκοῦν αἱ μὲν τῶν ἀληθῶν δοξῶν καὶ λόγων εἰκόνες ἀληθεῖς, αἱ δὲ τῶν ψευδῶν ψευδεῖς;

Πρώταρχος: παντάπασι.

Σωκράτης: εἰ δὴ ταῦτ' ὁρθῶς εἰρήκαμεν, ἔτι καὶ τότε ἐπὶ τούτοις σκεψόμεθα.

Πρώταρχος: τὸ ποῖον;

Σωκράτης: εἰ περὶ μὲν τῶν ὄντων καὶ τῶν γεγονότων ταῦτα ἡμῖν οὕτω πάσχειν ἀναγκαῖον, περὶ δὲ τῶν μελλόντων οὐ;

Πρώταρχος: περὶ ἀπάντων μὲν οὖν τῶν χρόνων ὡσαύτως. 39d

Σωκράτης: οὐκοῦν αἱ γε διὰ τῆς ψυχῆς αὐτῆς ἡδοναὶ καὶ λῦπαι ἐλέχθησαν ἐν τοῖς πρόσθεν ὡς πρὸ τῶν διὰ τοῦ σώματος ἡδονῶν καὶ λυπῶν προγίγνοιντ' ἄν, ὥσθ' ἡμῖν συμβαίνει τὸ προχαίρειν τε καὶ προλυπεῖσθαι περὶ τὸν μέλλοντα χρόνον εἶναι γιγνόμενον;

Πρώταρχος: ἀληθέστατα.

Σωκράτης: πότερον οὖν τὰ γράμματά τε καὶ ζωγραφήματα, ἃ σμικρῷ πρότερον ἐτίθεμεν ἐν ἡμῖν γίνεσθαι, περὶ μὲν τὸν 39e γεγονότα καὶ τὸν παρόντα χρόνον ἐστίν, περὶ δὲ τὸν μέλλοντα οὐκ ἔστιν;

Πρώταρχος: σφόδρα γε.

Σωκράτης: ἄρα σφόδρα λέγεις, ὅτι πάντ' ἐστὶ ταῦτα ἐλπίδες εἰς τὸν ἔπειτα χρόνον οὔσαι, ἡμεῖς δ' αὖ διὰ παντὸς τοῦ βίου ἀεὶ γέμομεν ἐλπίδων;

Πρόταρχος: παντάπασι μὲν οὖν.

Σωκράτης: ἄγε δὴ, πρὸς τοῖς νῦν εἰρημένοις καὶ τόδε ἀπόκριναι.

Πρόταρχος: τὸ ποῖον;

Σωκράτης: δίκαιος ἀνὴρ καὶ εὐσεβὴς καὶ ἀγαθὸς πάντως ἄρ' οὐ θεοφιλὴς ἐστίν;

Πρόταρχος: τί μήν;

Σωκράτης: τί δέ; ἄδικός τε καὶ παντάπασι κακὸς ἄρ' οὐ 40a
τοῦναντίον ἐκείνῳ;

Πρόταρχος: πῶς δ' οὔ;

Σωκράτης: πολλῶν μὴν ἐλπίδων, ὥς ἐλέγομεν ἄρτι, πᾶς ἄνθρωπος γέμει;

Πρόταρχος: τί δ' οὔ;

Σωκράτης: λόγοι μὴν εἰσιν ἐν ἐκάστοις ἡμῶν, ἃς ἐλπίδας ὀνομάζομεν;

Πρόταρχος: ναί.

Σωκράτης: καὶ δὴ καὶ τὰ φαντάσματα ἐξωγραφημένα: καὶ τις ὁρᾷ
πολλάκις ἑαυτῷ χρυσὸν γιγνόμενον ἄφθονον καὶ ἐπ' αὐτῷ πολλὰς
ἡδονάς: καὶ δὴ καὶ ἐνεξωγραφημένον αὐτὸν ἐφ' αὐτῷ χαίροντα
σφόδρα καθορᾷ. 40b

Πρόταρχος: τί δ' οὔ;

Σωκράτης: τούτων οὖν πότερα φῶμεν τοῖς μὲν ἀγαθοῖς ὥς τὸ πολὺ
τὰ γεγραμμένα παρατίθεσθαι ἀληθῆ διὰ τὸ θεοφιλεῖς εἶναι, τοῖς δὲ
κακοῖς ὥς αὖ <τὸ> πολὺ τοῦναντίον, ἢ μὴ φῶμεν;

Πρόταρχος: καὶ μάλα φατέον.

Σωκράτης: οὐκοῦν καὶ τοῖς κακοῖς ἡδοναί γε οὐδὲν ἥττον πάρεισιν
ἐξωγραφημένοι, ψευδεῖς δὲ αὐταί που.

Πρόταρχος: τί μήν; 40c

Σωκράτης: ψευδέσιν ἄρα ἡδοναῖς τὰ πολλὰ οἱ πονηροὶ χαίρουσιν, οἱ δ' ἄγαθοὶ τῶν ἀνθρώπων ἀληθέσιν.

Πρώταρχος: ἀναγκαιότατα λέγεις.

Σωκράτης: εἰσὶν δὴ κατὰ τοὺς νῦν λόγους ψευδεῖς ἐν ταῖς τῶν ἀνθρώπων ψυχαῖς ἡδοναί, μεμιμημέναι μέντοι τὰς ἀληθεῖς ἐπὶ τὰ γελοιότερα, καὶ λύπαι δὲ ὡσαύτως.

Πρώταρχος: εἰσίν.

Σωκράτης: οὐκοῦν ἦν δοξάζειν μὲν ὄντως ἀεὶ τῷ τὸ παράπαν δοξάζοντι, μὴ ἐπ' οὔσι δὲ μὴδ' ἐπὶ γεγονόσι μὴδὲ ἐπ' ἐσομένοις ἐνίετε.

Πρώταρχος: πάνυ γε. 40d

Σωκράτης: καὶ ταῦτά γε ἦν οἶμαι τὰ ἀπεργαζόμενα δόξαν ψευδῇ τότε καὶ τὸ ψευδῶς δοξάζειν. ἦ γάρ;

Πρώταρχος: ναί.

Σωκράτης: τί οὖν; οὐκ ἀνταποδοτέον ταῖς λύπαις τε καὶ ἡδοναῖς τὴν τούτων ἀντίστροφον ἔξιν ἐν ἐκείνοις;

Πρώταρχος: πῶς;

Σωκράτης: ὥς ἦν μὲν χαίρειν ὄντως ἀεὶ τῷ τὸ παράπαν ὁπωσοῦν καὶ εἰκῇ χαίροντι, μὴ μέντοι ἐπὶ τοῖς οὔσι μὴδ' ἐπὶ τοῖς γεγονόσιν ἐνίετε, πολλάκις δὲ καὶ ἴσως πλειστάκις ἐπὶ τοῖς μὴδὲ μέλλουσί ποτε γενήσεσθαι. 40e

Πρώταρχος: καὶ ταῦθ' οὕτως ἀναγκαῖον, ὃ Σώκρατες, ἔχειν.

Σωκράτης: οὐκοῦν ὁ αὐτὸς λόγος ἂν εἴη περὶ φόβων τε καὶ θυμῶν καὶ πάντων τῶν τοιούτων, ὥς ἔστι καὶ ψευδῇ πάντα τὰ τοιαῦτα ἐνίετε;

Πρώταρχος: πάνυ μὲν οὖν.

Σωκράτης: τί δέ; πονηρὰς δόξας καὶ χρηστὰς ἄλλως ἢ ψευδεῖς γιγνομένας ἔχομεν εἰπεῖν;

Πρόταρχος: οὐκ ἄλλως.

Σωκράτης: οὐδ' ἡδονάς γ' οἶμαι κατανοοῦμεν ὡς ἄλλον τινὰ τρόπον εἰσὶν πονηραὶ πλὴν τῷ ψευδεῖς εἶναι. 41a

Πρόταρχος: πάνυ μὲν οὖν τοῦναντίον, ὃ Σώκρατες, εἴρηκας. σχεδὸν γὰρ τῷ ψεύδει μὲν οὐ πάνυ πονηρὰς ἂν τις λύπας τε καὶ ἡδονὰς θείῃ, μεγάλη δὲ ἄλλη καὶ πολλῇ συμπιπτούσας πονηρίᾳ.

Σωκράτης: τὰς μὲν τοίνυν πονηρὰς ἡδονὰς καὶ διὰ πονηρίαν οὔσας τοιαύτας ὀλίγον ὕστερον ἐροῦμεν, ἂν ἔτι δοκῇ νῶν: τὰς δὲ ψευδεῖς κατ' ἄλλον τρόπον ἐν ἡμῖν πολλὰς καὶ πολλάκις 41b ἐνούσας τε καὶ ἐγγιγνομένας λεκτέον. τούτῳ γὰρ ἴσως χρῆσόμεθα πρὸς τὰς κρίσεις.

Πρόταρχος: πῶς γὰρ οὐκ; εἴπερ γε εἰσὶν.

Σωκράτης: ἀλλ', ὃ Πρόταρχε, εἰσὶν κατὰ γε τὴν ἐμήν. τοῦτο δὲ τὸ δόγμα ἕως ἂν κέηται παρ' ἡμῖν, ἀδύνατον ἀνέλεγκτον δήπου γίνεσθαι.

Πρόταρχος: καλῶς.

Σωκράτης: περιεστώμεθα δὴ καθάπερ ἀθληταὶ πρὸς τοῦτον αὖ τὸν λόγον.

Πρόταρχος: ἴωμεν.

Σωκράτης: ἀλλὰ μὴν εἵπομεν, εἴπερ μεμνήμεθα, ὀλίγον ἐν 41c τοῖς πρόσθεν, ὡς ὅταν αἱ λεγόμεναι ἐπιθυμίαι ἐν ἡμῖν ᾧσι, δίχα ἄρα τότε τὸ σῶμα καὶ χωρὶς τῆς ψυχῆς τοῖς παθήμασι διείληπται.

Πρόταρχος: μεμνήμεθα καὶ προερρήθη ταῦτα.

Σωκράτης: οὐκοῦν τὸ μὲν ἐπιθυμοῦν ἦν ἡ ψυχὴ τῶν τοῦ σώματος ἐναντίων ἕξεων, τὸ δὲ τὴν ἀλγηδόνα ἢ τινα διὰ πάθος ἡδονὴν τὸ σῶμα ἦν τὸ παρεχόμενον;

Πρόταρχος: ἦν γὰρ οὖν.

Σωκράτης: συλλογίζου δὴ τὸ γινόμενον ἐν τούτοις.

Πρόταρχος: λέγε. 41d

Σωκράτης: γίγνεται τοίνυν, όπόταν ἤ ταῦτα, ἅμα παρακεῖσθαι λύπας τε καὶ ἡδονάς, καὶ τούτων αἰσθήσεις ἅμα παρ' ἀλλήλας ἐναντίων οὐσῶν γίγνεσθαι, ὃ καὶ νυνδὴ ἐφάνη.

Πρώταρχος: φαίνεται γοῦν.

Σωκράτης: οὐκοῦν καὶ τόδε εἴρηται καὶ συνωμολογημένον ἡμῖν ἔμπροσθε κεῖται;

Πρώταρχος: τὸ ποῖον;

Σωκράτης: ὥς τὸ μᾶλλον τε καὶ ἥττον ἅμφω τούτῳ δέχεσθον, λύπη τε καὶ ἡδονή, καὶ ὅτι τῶν ἀπείρων εἴτην.

Πρώταρχος: εἴρηται. τί μήν;

Σωκράτης: τίς οὖν μηχανὴ ταῦτ' ὀρθῶς κρίνεσθαι; 41e

Πρώταρχος: πῇ δὴ καὶ πῶς;

Σωκράτης: εἰ τὸ βούλημα ἡμῖν τῆς κρίσεως τούτων ἐν τοιούτοις τισὶ διαγνῶναι βούλεται ἐκάστοτε τίς τούτων πρὸς ἀλλήλας μείζων καὶ τίς ἐλάττων καὶ τίς μᾶλλον καὶ τίς σφοδροτέρα, λύπη τε πρὸς ἡδονήν καὶ λύπη πρὸς λύπην καὶ ἡδονή πρὸς ἡδονήν.

Πρώταρχος: ἀλλ' ἔστι ταῦτά τε τοιαῦτα καὶ ἡ βούλησις τῆς κρίσεως αὕτη.

Σωκράτης: τί οὖν; ἐν μὲν ὅψει τὸ πόρρωθεν καὶ ἐγγύθεν ὁρᾶν 42a τὰ μεγέθη τὴν ἀλήθειαν ἀφανίζει καὶ ψευδῇ ποιεῖ δοξάζειν, ἐν λύπαις δ' ἅρα καὶ ἡδοναῖς οὐκ ἔστι ταῦτόν τοῦτο γιγνόμενον;

Πρώταρχος: πολὺ μὲν οὖν μᾶλλον, ὦ Σώκρατες.

Σωκράτης: ἐναντίον δὴ τὸ νῦν τῷ σμικρὸν ἔμπροσθε γέγονεν.

Πρώταρχος: τὸ ποῖον λέγεις;

Σωκράτης: τότε μὲν αἱ δόξαι ψευδεῖς τε καὶ ἀληθεῖς αὗται γιγνόμεναι τὰς λύπας τε καὶ ἡδονὰς ἅμα τοῦ παρ' αὐταῖς παθήματος ἀνεπίπλασαν. 42b

Πρόταρχος: ἀληθέστατα.

Σωκράτης: νῦν δέ γε αὐταὶ διὰ τὸ πόρρωθέν τε καὶ ἐγγύθεν ἐκάστοτε μεταβαλλόμεναι θεωρεῖσθαι, καὶ ἅμα τιθέμεναι παρ' ἀλλήλας, αἱ μὲν ἡδοναὶ παρὰ τὸ λυπηρὸν μείζους φαίνονται καὶ σφοδρότεραι, λῦπαι δ' αὖ διὰ τὸ παρ' ἡδονὰς τοῦναντίον ἐκείναις.

Πρόταρχος: ἀνάγκη γίγνεσθαι τὰ τοιαῦτα διὰ ταῦτα.

Σωκράτης: οὐκοῦν ὅσῳ μείζους τῶν οὐσῶν ἐκάτεραι καὶ ἐλάττους φαίνονται, τοῦτο ἀποτερόμενος ἐκατέρων τὸ φαινόμενον 42c ἀλλ' οὐκ ὄν, οὔτε αὐτὸ ὀρθῶς φαινόμενον ἐρεῖς, οὐδ' αὖ ποτε τὸ ἐπὶ τούτῳ μέρος τῆς ἡδονῆς καὶ λύπης γιγνόμενον ὀρθόν τε καὶ ἀληθές τολμήσεις λέγειν.

Πρόταρχος: οὐ γὰρ οὖν.

Σωκράτης: τούτων τοίνυν ἐξῆς ὀψόμεθα ἐὰν τῇδε ἀπαντῶμεν ἡδονὰς καὶ λύπας ψευδεῖς ἔτι μᾶλλον ἢ ταύτας φαινομένας τε καὶ οὔσας ἐν τοῖς ζώοις.

Πρόταρχος: ποίας δὴ καὶ πῶς λέγεις;

Σωκράτης: εἴρηται που πολλάκις ὅτι τῆς φύσεως ἐκάστων διαφθειρομένης μὲν συγκρίσεις καὶ διακρίσεις καὶ πληρώσεις 42d καὶ κενώσεις καὶ τισιν αὔξαις καὶ φθίσεις λῦπαί τε καὶ ἀλγηδόνες καὶ ὀδύνη καὶ πάνθ' ὅποσα τοιαῦτ' ὀνόματα ἔχει συμβαίνει γιγνόμενα.

Πρόταρχος: ναί, ταῦτα εἴρηται πολλάκις.

Σωκράτης: εἰς δέ γε τὴν αὐτῶν φύσιν ὅταν καθιστῇται, ταύτην αὖ τὴν κατάστασιν ἡδονὴν ἀπεδεξάμεθα παρ' ἡμῶν αὐτῶν.

Πρόταρχος: ὀρθῶς.

Σωκράτης: τί δ' ὅταν περὶ τὸ σῶμα μηδὲν τούτων γιγνόμενον ἡμῶν ᾗ;

Πρόταρχος: πότε δὲ τοῦτ' ἂν γένοιτο, ὦ Σώκρατες; 42e

Σωκράτης: οὐδὲν πρὸς λόγον ἐστίν, ὦ Πρώταρχε, ὃ σὺ νῦν ἤρου τὸ ἐρώτημα.

Πρώταρχος: τί δή;

Σωκράτης: διότι τὴν ἐμὴν ἐρώτησιν οὐ κωλύεις με διερέσθαι σε πάλιν.

Πρώταρχος: ποίαν;

Σωκράτης: εἰ δ' οὖν μὴ γίγνοιτο, ὦ Πρώταρχε, φήσω, τὸ τοιοῦτον, τί ποτε ἀναγκαῖον ἐξ αὐτοῦ συμβαίνειν ἡμῖν;

Πρώταρχος: μὴ κινουμένου τοῦ σώματος ἐφ' ἐκάτερα φῆς;

Σωκράτης: οὕτως.

Πρώταρχος: δῆλον δὴ τοῦτό γε, ὦ Σώκρατες, ὥς οὔτε ἡδονὴ γίγνοιτ' ἂν ἐν τῷ τοιούτῳ ποτὲ οὔτ' ἂν τις λύπη. 43a

Σωκράτης: κάλλιστ' εἶπες. ἀλλὰ γὰρ οἶμαι τόδε λέγεις, ὥς αἰεὶ τι τούτων ἀναγκαῖον ἡμῖν συμβαίνειν, ὥς οἱ σοφοὶ φασιν: αἰεὶ γὰρ ἅπαντα ἄνω τε καὶ κάτω ῥεῖ.

Πρώταρχος: λέγουσι γὰρ οὖν, καὶ δοκοῦσί γε οὐ φαύλως λέγειν.

Σωκράτης: πῶς γὰρ ἂν, μὴ φαῦλοί γε ὄντες; ἀλλὰ γὰρ ὑπεκστῆναι τὸν λόγον ἐπιφερόμενον τοῦτον βούλομαι. τῇδ' οὖν διανοοῦμαι φεύγειν, καὶ σύ μοι σύμφευγε.

Πρώταρχος: λέγε ὅπη.

Σωκράτης: ταῦτα μὲν τοίνυν οὕτως ἔστω, φῶμεν πρὸς τούτους: 43b σὺ δ' ἀπόκριναί ποτερον αἰεὶ πάντα, ὅποσα πάσχει τι τῶν ἐμψύχων, ταῦτ' αἰσθάνεται τὸ πάσχον, καὶ οὔτ' αὐξανόμενοι λανθάνομεν ἡμᾶς αὐτοὺς οὔτε τι τῶν τοιούτων οὐδὲν πάσχοντες, ἢ πᾶν τοῦναντίον.

Πρώταρχος: ἅπαν δῆπου τοῦναντίον: ὀλίγου γὰρ τά γε τοιαῦτα λέληθε πάνθ' ἡμᾶς.

Σωκράτης: οὐ τοίνυν καλῶς ἡμῖν εἴρηται τὸ νυνδὴ ῥηθέν, ὥς αἰ μεταβολαὶ κάτω τε καὶ ἄνω γιγνόμεναι λύπας τε καὶ ἡδονὰς

ἀπεργάζονται.

Πρόταρχος: τί μήν; 43c

Σωκράτης: ὅδ' ἔσται κάλλιον καὶ ἀνεπιληπτότερον τὸ λεγόμενον.

Πρόταρχος: πῶς;

Σωκράτης: ὥς αἱ μὲν μεγάλαι μεταβολαὶ λύπας τε καὶ ἡδονὰς ποιοῦσιν ἡμῖν, αἱ δ' αὖ μέτριά τε καὶ σμικραὶ τὸ παράπαν οὐδέτερα τούτων.

Πρόταρχος: ὀρθότερον οὕτως ἢ 'κείνως, ὃ Σώκρατες.

Σωκράτης: οὐκοῦν εἰ ταῦτα οὕτω, πάλιν ὁ νυνδὴ ῥηθεὶς βίος ἂν ἦκοι.

Πρόταρχος: ποῖος;

Σωκράτης: ὃν ἄλυπόν τε καὶ ἄνευ χαρμονῶν ἔφαμεν εἶναι.

Πρόταρχος: ἀληθέστατα λέγεις.

Σωκράτης: ἐκ δὴ τούτων τιθῶμεν τριτοὺς ἡμῖν βίους, ἓνα 43d μὲν ἡδύν, τὸν δ' αὖ λυπηρόν, τὸν δ' ἓνα μηδέτερα. ἢ πῶς ἂν φαίης σὺ περὶ τούτων;

Πρόταρχος: οὐκ ἄλλως ἔγωγε ἢ ταύτη, τρεῖς εἶναι τοὺς βίους.

Σωκράτης: οὐκοῦν οὐκ ἂν εἴη τὸ μὴ λυπεῖσθαι ποτε ταῦτόν τῳ χαίρειν;

Πρόταρχος: πῶς γὰρ ἂν;

Σωκράτης: ὁπότεν οὖν ἀκούσης ὥς ἡδιστον πάντων ἐστὶν ἀλύπως διατελεῖν τὸν βίον ἅπαντα, τί τόθ' ὑπολαμβάνεις λέγειν τὸν τοιοῦτον;

Πρόταρχος: ἡδὺ λέγειν φαίνεται ἔμοιγε οὗτος τὸ μὴ λυπεῖσθαι. 43e

Σωκράτης: τριῶν ὄντων οὖν ἡμῖν, ὧντινων βούλει, τίθει, καλλίσουσιν ἵνα ὀνόμασι χρώμεθα, τὸ μὲν χρυσόν, τὸ δ' ἄργυρον, τρίτον δὲ τὸ μηδέτερα τούτων.

Πρόταρχος: κείται.

Σωκράτης: τὸ δὴ μηδέτερα τούτων ἔσθ' ἡμῖν ὅπως θάτερα γένοιτο ἄν, χρυσὸς ἢ ἄργυρος;

Πρόταρχος: καὶ πῶς ἄν;

Σωκράτης: οὐδ' ἄρα ὁ μέσος βίος ἡδὺς ἢ λυπηρὸς λεγόμενος ὀρθῶς ἄν ποτε οὐτ' εἰ δοξάζοι τις, δοξάζεται, οὐτ' εἰ λέγοι, λεχθείη, κατὰ γε τὸν ὀρθὸν λόγον.

Πρόταρχος: πῶς γὰρ ἄν; 44a

Σωκράτης: ἀλλὰ μήν, ὦ ἑταῖρε, λεγόντων γε ταῦτα καὶ δοξαζόντων αἰσθανόμεθα.

Πρόταρχος: καὶ μάλα.

Σωκράτης: πότερον οὖν καὶ χαίρειν οἶονται τότε ὅταν μὴ λυπῶνται;

Πρόταρχος: φασὶ γοῦν.

Σωκράτης: οὐκοῦν οἶονται τότε χαίρειν: οὐ γὰρ ἄν ἔλεγόν που.

Πρόταρχος: κινδυνεύει.

Σωκράτης: ψευδῇ γε μὴν δοξάζουσι περὶ τοῦ χαίρειν, εἴπερ χωρὶς τοῦ μὴ λυπεῖσθαι καὶ τοῦ χαίρειν ἡ φύσις ἐκατέρου.

Πρόταρχος: καὶ μὴν χωρὶς γε ἦν.

Σωκράτης: πότερον οὖν αἰρώμεθα παρ' ἡμῖν ταῦτ' εἶναι, καθάπερ 44b ἄρτι, τρία, ἢ δύο μόνα, λύπην μὲν κακὸν τοῖς ἀνθρώποις, τὴν δ' ἀπαλλαγὴν τῶν λυπῶν, αὐτὸ τοῦτο ἀγαθὸν ὄν, ἡδὺν προσαγορεύεσθαι;

Πρόταρχος: πῶς δὴ νῦν τοῦτο, ὦ Σώκρατες, ἐρωτώμεθα ὑφ' ἡμῶν αὐτῶν; οὐ γὰρ μανθάνω.

Σωκράτης: ὄντως γὰρ τοὺς πολεμίους Φιλήβου τοῦδε, ὦ Πρόταρχε, οὐ μανθάνεις;

Πρόταρχος: λέγεις δὲ αὐτοὺς τίνας;

Σωκράτης: καὶ μάλα δεινούς λεγομένους τὰ περὶ φύσιν, οἱ τὸ παράπαν ἡδονὰς οὐ φασιν εἶναι.

Πρώταρχος: τί μήν; 44c

Σωκράτης: λυπῶν ταύτας εἶναι πάσας ἀποφυγὰς, ἃς νῦν οἱ περὶ Φίληβον ἡδονὰς ἐπονομάζουσιν.

Πρώταρχος: τούτοις οὖν ἡμᾶς πότερα πείθεσθαι συμβουλεύεις, ἢ πῶς, ὃ Σώκρατες;

Σωκράτης: οὐκ, ἀλλ' ὥσπερ μάντεσι προσχρῆσθαί τισι, μαντευομένοις οὐ τέχνη ἀλλὰ τινι δυσχερεΐᾳ φύσεως οὐκ ἀγεννοῦς λίαν μεμισηκότων τὴν τῆς ἡδονῆς δύναμιν καὶ νενομικῶτων οὐδὲν ὑγίης, ὥστε καὶ αὐτὸ τοῦτο αὐτῆς τὸ ἐπαγωγὸν γοήτευμα, 44d οὐχ ἡδονήν, εἶναι. τούτοις μὲν οὖν ταῦτα ἂν προσχρήσαιο, σκεψάμενος ἔτι καὶ τὰ ἄλλα αὐτῶν δυσχεράσματα: μετὰ δὲ ταῦτα αἱ γέ μοι δοκοῦσιν ἡδοναὶ ἀληθεῖς εἶναι πεύση, ἵνα ἐξ ἀμφοῖν τοῖν λόγοιν σκεψάμενοι τὴν δύναμιν αὐτῆς παραθώμεθα πρὸς τὴν κρίσιν.

Πρώταρχος: ὀρθῶς λέγεις.

Σωκράτης: μεταδιώκωμεν δὴ τούτους, ὥσπερ συμμάχους, κατὰ τὸ τῆς δυσχερεΐας αὐτῶν ἵχνος. οἶμαι γὰρ τοιόνδε τι λέγειν αὐτούς, ἀρχομένους ποθὲν ἄνωθεν, ὡς εἰ βουλευθεῖμεν ὅτουοῦν 44e εἰδους τὴν φύσιν ἰδεῖν, οἷον τὴν τοῦ σκληροῦ, πότερον εἰς τὰ σκληρότατα ἀποβλέποντες οὕτως ἂν μᾶλλον συννοήσαιμεν ἢ πρὸς τὰ πολλοστὰ σκληρότητι; δεῖ δὴ σε, ὦ Πρώταρχε, καθάπερ ἐμοί, καὶ τούτοις τοῖς δυσχερέσιν ἀποκρίνεσθαι.

Πρώταρχος: πάνυ μὲν οὖν, καὶ λέγω γε αὐτοῖς ὅτι πρὸς τὰ πρῶτα μεγέθει.

Σωκράτης: οὐκοῦν εἰ καὶ τὸ τῆς ἡδονῆς γένος ἰδεῖν ἦντινὰ ποτ' ἔχει φύσιν βουλευθεῖμεν, οὐκ εἰς τὰς πολλοστὰς ἡδονὰς 45a ἀποβλεπτέον, ἀλλ' εἰς τὰς ἀκροτάτας καὶ σφοδροτάτας λεγομένας.

Πρώταρχος: πᾶς ἂν σοι ταύτη συγχωροίη τὰ νῦν.

Σωκράτης: ἄρ' οὖν, αἱ πρόχειροί γε αἵπερ καὶ μέγισται τῶν ἡδονῶν,

ὁ λέγομεν πολλάκις, αἱ περὶ τὸ σῶμά εἰσιν αὗται;

Πρώταρχος: πῶς γὰρ οὐ;

Σωκράτης: πότερον οὖν καὶ μείζους εἰσὶ καὶ γίνονται περὶ τοὺς κάμνοντας ἐν ταῖς νόσοις ἢ περὶ ὑγιαίνοντας; εὐλαβηθῶμεν δὲ μὴ προπετῶς ἀποκρινόμενοι πταίσωμέν πη. τάχα γὰρ 45b ἴσως φαῖμεν ἂν περὶ ὑγιαίνοντας.

Πρώταρχος: εἰκός γε.

Σωκράτης: τί δ'; οὐχ αὗται τῶν ἡδονῶν ὑπερβάλλουσιν, ὧν ἂν καὶ ἐπιθυμίας μέγισται προγίνωνται;

Πρώταρχος: τοῦτο μὲν ἀληθές.

Σωκράτης: ἀλλ' οὐχ οἱ πυρέττοντες καὶ ἐν τοιούτοις νοσήμασιν ἐχόμενοι μᾶλλον διψῶσι καὶ ῥιγοῦσι καὶ πάντα ὅποσα διὰ τοῦ σώματος εἰώθασι πάσχειν, μᾶλλον τ' ἐνδεία συγγίνονται καὶ ἀποπληρουμένων μείζους ἡδονὰς ἴσχουσιν; ἢ τοῦτο οὐ φήσομεν ἀληθές εἶναι;

Πρώταρχος: πάνυ μὲν οὖν νῦν ῥηθὲν φαίνεται. 45c

Σωκράτης: τί οὖν; ὀρθῶς ἂν φανοίμεθα λέγοντες ὥς εἴ τις τὰς μεγίστας ἡδονὰς ἰδεῖν βούλοιο, οὐκ εἰς ὑγίειαν ἀλλ' εἰς νόσον ἰόντας δεῖ σκοπεῖν; ὅρα δὲ μή με ἡγῇ διανοούμενον ἐρωτᾶν σε εἰ πλείω χαίρουσιν οἱ σφόδρα νοσοῦντες τῶν ὑγιαίνόντων, ἀλλ' οἷου μέγεθός με ζητεῖν ἡδονῆς, καὶ τὸ σφόδρα περὶ τοῦ τοιούτου ποῦ ποτε γίνεταί ἐκάστοτε. νοῆσαι γὰρ δεῖ φάμεν ἥντινα φύσιν ἔχει καὶ τίνα λέγουσιν οἱ φάσκοντες μὴδ' εἶναι τὸ παράπαν αὐτήν. 45d

Πρώταρχος: ἀλλὰ σχεδὸν ἔπομαι τῷ λόγῳ σου.

Σωκράτης: τάχα, ὦ Πρώταρχε, οὐχ ἥττον δείξεις. ἀπόκριναι γάρ: ἐν ὕβρει μείζους ἡδονάσου πλείους λέγω, τῷ σφόδρα δὲ καὶ τῷ μᾶλλον ὑπερεχούσας ὁρᾶς ἢ ἐν τῷ σῶφρονι βίῳ; λέγε δὲ προσέχων τὸν νοῦν.

Πρώταρχος: ἀλλ' ἔμαθον ὃ λέγεις, καὶ πολὺ τὸ διαφέρον ὁρῶ. τοὺς μὲν γὰρ σῶφρονάς που καὶ ὁ παροιμαζόμενος 45e ἐπίσχει λόγος ἐκάστοτε, ὃ τὸ μὴδὲν ἄγαν παρακελευόμενος, ὃ πείθονται: τὸ δὲ τῶν

ἀφρόνων τε καὶ ὑβριστῶν μέχρι μανίας ἢ σφοδρὰ ἡδονὴ κατέχουσα περιβοήτους ἀπεργάζεται.

Σωκράτης: καλῶς· καὶ εἴ γε τοῦθ' οὕτως ἔχει, δῆλον ὥς ἔν τινι πονηρία ψυχῆς καὶ τοῦ σώματος, ἀλλ' οὐκ ἐν ἀρετῇ μέγισται μὲν ἡδοναί, μέγισται δὲ καὶ λύπαι γίνονται.

Πρώταρχος: πάνυ μὲν οὖν.

Σωκράτης: οὐκοῦν τούτων τινὰς προελόμενον δεῖ σκοπεῖσθαι τίνα ποτὲ τρόπον ἐχούσας ἐλέγομεν αὐτὰς εἶναι μεγίστας. 46a

Πρώταρχος: ἀνάγκη.

Σωκράτης: σκόπει δὴ τὰς τῶν τοιῶνδε νοσημάτων ἡδονάς, τίνα ποτὲ ἔχουσι τρόπον.

Πρώταρχος: ποίων;

Σωκράτης: τὰς τῶν ἀσχημόνων, ἃς οὐς εἵπομεν δυσχερεῖς μισοῦσι παντελῶς.

Πρώταρχος: ποίας;

Σωκράτης: οἷον τὰς τῆς ψώρας ἰάσεις τῷ τρίβειν καὶ ὅσα τοιαῦτα, οὐκ ἄλλης δεόμενα φαρμάξεως· τοῦτο γὰρ δὴ τὸ πάθος ἡμῖν, ὃ πρὸς θεῶν, τί ποτε φῶμεν ἐγγίγνεσθαι; πότερον ἡδονὴν ἢ λύπην;

Πρώταρχος: σύμμεικτον τοῦτό γ' ἄρ', ὃ Σώκρατες, ἔοικε γίγνεσθαι τι κακόν. 46b

Σωκράτης: οὐ μὲν δὴ Φιλήβου γε ἔνεκα παρεθέμην τὸν λόγον: ἀλλ' ἄνευ τούτων, ὦ Πρώταρχε, τῶν ἡδονῶν καὶ τῶν ταύταις ἐπομένων, ἂν μὴ κατοφθῶσι, σχεδὸν οὐκ ἂν ποτε δυναίμεθα διακρίνασθαι τὸ νῦν ζητούμενον.

Πρώταρχος: οὐκοῦν ἰτέον ἐπὶ τὰς τούτων συγγενεῖς.

Σωκράτης: τὰς ἐν τῇ μείξει κοινωνούσας λέγεις;

Πρώταρχος: πάνυ μὲν οὖν.

Σωκράτης: εἰσὶ τοίνυν μείξεις αἱ μὲν κατὰ τὸ σῶμα ἐν αὐτοῖς 46c τοῖς σώμασιν, αἱ δ' αὐτῆς τῆς ψυχῆς ἐν τῇ ψυχῇ: τὰς δ' αὖ τῆς ψυχῆς καὶ τοῦ σώματος ἀνευρήσομεν λύπας ἡδοναῖς μειχθείσας τοτὲ μὲν ἡδονὰς τὰ συναμφοτέρα, τοτὲ δὲ λύπας ἐπικαλουμένας.

Πρώταρχος: πῶς;

Σωκράτης: ὁπότεν ἐν τῇ καταστάσει τις ἢ τῇ διαφθορᾷ τάναντία ἅμα πάθῃ πάσχη, ποτὲ ῥιγῶν θέρηται καὶ θερμαινόμενος ἐνίστε ψύχεται, ζητῶν οἶμαι τὸ μὲν ἔχειν, τοῦ δὲ ἀπαλλάττεσθαι, τὸ δὴ λεγόμενον πικρῷ γλυκὺ μεμειγμένον, μετὰ 46d δυσασπαλλακτίας παρόν, ἀγανάκτησιν καὶ ὕστερον σύντασιν ἀγρίαν ποιεῖ.

Πρώταρχος: καὶ μάλα ἀληθὲς τὸ νῦν λεγόμενον.

Σωκράτης: οὐκοῦν αἱ τοιαῦται μείξεις αἱ μὲν ἐξ ἴσων εἰσὶ λυπῶν τε καὶ ἡδονῶν, αἱ δ' ἐκ τῶν ἐτέρων πλειόνων;

Πρώταρχος: πῶς γὰρ οὐ;

Σωκράτης: λέγε δὴ τὰς μὲν, ὅταν πλείους λῦπαι τῶν ἡδονῶν γίνωνται: τῆς ψώρας λεγομένας νυνδὴ ταύτας εἶναι καὶ τὰς τῶν γαργαλισμῶν ὁπότεν <ἐν τοῖς> ἐντὸς τὸ ζέον ἢ καὶ τὸ φλεγμαῖνον, τῇ τρίψει δὲ καὶ τῇ κνήσει μὴ ἐφικνῆται 46e τις, τὸ δ' ἐπιπολῆς μόνον διαχέῃ, τοτὲ φέροντες εἰς πῦρ αὐτὰ καὶ εἰς τοῦναντίον πυρίαις μεταβάλλοντες ἐνίστε ἀμηχάνους ἡδονὰς, τοτὲ δὲ τοῦναντίον τοῖς ἐντὸς πρὸς τὰ τῶν ἔξω, λύπας ἡδοναῖς συγκερασθείσας, εἰς ὁπότερ' ἂν ῥέψῃ, παρέσχοντο τῷ τὰ συγκεκριμένα βίᾳ διαχεῖν ἢ τὰ διακεκριμένα συγγεῖν 47a [καὶ] ὁμοῦ λύπας ἡδοναῖς παρατιθέναι.

Πρώταρχος: ἀληθέστατα.

Σωκράτης: οὐκοῦν ὁπότεν αὖ πλείων ἡδονὴ κατὰ <τὰ> τοιαῦτα πάντα συμμειχθῇ, τὸ μὲν ὑπομεμειγμένον τῆς λύπης γαργαλίζει τε καὶ ἡρέμα ἀγανακτεῖν ποιεῖ, τὸ δ' αὖ τῆς ἡδονῆς πολὺ πλεον ἐγκεχυμένον συντείνει τε καὶ ἐνίοτε πηδᾶν ποιεῖ, καὶ παντοῖα μὲν χρώματα, παντοῖα δὲ σχήματα, παντοῖα δὲ πνεύματα ἀπεργαζόμενον παῖσαν ἔκπληξιν καὶ βοᾶς μετὰ ἀφροσύνης ἐνεργάζεται; 47b

Πρώταρχος: μάλα γε.

Σωκράτης: καὶ λέγειν τε, ὃ ἐταῖρε, αὐτόν τε περὶ ἑαυτοῦ ποιεῖ καὶ ἄλλον ὡς ταύταις ταῖς ἡδοναῖς τερπόμενος οἷον ἀποθνήσκει: καὶ ταύτας γε δὴ παντάπασιν ἀεὶ μεταδιώκει τοσοῦτῳ μᾶλλον ὅσῳ ἂν ἀκολαστότερός τε καὶ ἀφρονέστερος ὢν τυγχάνῃ, καὶ καλεῖ δὴ μεγίστας ταύτας, καὶ τὸν ἐν αὐταῖς ὅτι μάλιστ' ἀεὶ ζῶντα εὐδαιμονέστατον καταριθμεῖται.

Πρώταρχος: πάντα, ὃ Σώκρατες, τὰ συμβαίνοντα πρὸς τῶν πολλῶν ἀνθρώπων εἰς δόξαν διεπέραντας. 47c

Σωκράτης: περὶ γε τῶν ἡδονῶν, ὃ Πρώταρχε, τῶν ἐν τοῖς κοινοῖς παθήμασιν αὐτοῦ τοῦ σώματος τῶν ἐπιπολῆς τε καὶ ἐντὸς κερασθέντων: περὶ δέ γ' ὧν ψυχὴ σῶματι τάναντία συμβάλλεται, λύπην τε ἅμα πρὸς ἡδονὴν καὶ ἡδονὴν πρὸς λύπην, ὥστ' εἰς μίαν ἀμφοτέρα κρᾶσιν ἰέναι, ταῦτα ἔμπροσθε μὲν διήλθομεν, ὡς, ὁπότεν {π|αὖ} κενῶται, πληρώσεως ἐπιθυμεῖ, καὶ ἐλπίζων μὲν χαίρει, κενούμενος δὲ ἀλγεῖ, ταῦτα δὲ τότε 47d μὲν οὐκ ἐμαρτυράμεθα, νῦν δὲ λέγομεν ὡς ψυχῆς πρὸς σῶμα διαφορομένης ἐν πασι τούτοις πλήθει ἀμηχάνοις οὗσι μεῖζις μία λύπης τε καὶ ἡδονῆς συμπίπτει γενομένη.

Πρώταρχος: κινδυνεύεις ὀρθότατα λέγειν.

Σωκράτης: ἔτι τοίνυν ἡμῖν τῶν μείξεων λύπης τε καὶ ἡδονῆς λοιπὴ μία.

Πρώταρχος: ποία, φῆς;

Σωκράτης: ἦν αὐτὴν τὴν ψυχὴν αὐτῇ πολλάκις λαμβάνειν

σύγκρασιν ἔφαμεν.

Πρώταρχος: πῶς οὖν δὴ τοῦτ' αὐτὸ λέγομεν; 47e

Σωκράτης: ὀργὴν καὶ φόβον καὶ πόθον καὶ θρήνον καὶ ἔρωτα καὶ ζῆλον καὶ φθόνον καὶ ὅσα τοιαῦτα, ἅρ' οὐκ αὐτῆς τῆς ψυχῆς τίθεται ταύτας λύπας τινάς;

Πρώταρχος: ἔγωγε.

Σωκράτης: οὐκοῦν αὐτὰς ἡδονῶν μεστὰς εὐρήσομεν ἀμηχάνων; ἢ δεόμεθα ὑπομιμνήσκεσθαι [τὸ <ἐν> τοῖς θυμοῖς καὶ ταῖς ὀργαῖς,] τὸ

ὅς τ' ἐφέηκε πολύφρονά περ χαλεπῆναι

ὅς τε πολὺν γλυκίων μέλιτος καταλειβομένοιο,

48a καὶ τὰς ἐν τοῖς θρήνοις καὶ πόθοις ἡδονὰς ἐν λύπαις οὔσας ἀναμεμειγμένας;

Πρώταρχος: οὐκ, ἀλλ' οὕτω ταῦτά γε καὶ οὐκ ἄλλως ἂν συμβαίνοι γιγνόμενα.

Σωκράτης: καὶ μὴν καὶ τὰς γε τραγικὰς θεωρήσεις, ὅταν ἅμα χαίροντες κλάωσι, μέμνησαι;

Πρώταρχος: τί δ' οὐ;

Σωκράτης: τὴν δ' ἐν ταῖς κωμωδίαις διάθεσιν ἡμῶν τῆς ψυχῆς, ἅρ' οἷσθ' ὥς ἔστι κἀν τούτοις μεῖζις λύπης τε καὶ ἡδονῆς;

Πρώταρχος: οὐ πάνυ κατανοῶ. 48b

Σωκράτης: παντάπασι γὰρ οὐ ῥάδιον, ὦ Πρώταρχε, ἐν τούτῳ συννοεῖν τὸ τοιοῦτον ἐκάστοτε πάθος.

Πρώταρχος: οὐκ οὖν ὥς γ' ἔοικεν ἐμοί.

Σωκράτης: λάβωμέν γε μὴν αὐτὸ τοσούτῳ μᾶλλον ὅσῳ σκοτεινότερόν ἐστιν, ἵνα καὶ ἐν ἄλλοις ῥᾶον καταμαθεῖν τις οἷός τ' ἢ μεῖζιν λύπης τε καὶ ἡδονῆς.

Πρώταρχος: λέγοις ἄν.

Σωκράτης: τό τοι νυνδὴ ῥηθὲν ὄνομα φθόνου πότερα λύπην τινὰ ψυχῆς θήσεις, ἢ πῶς;

Πρώταρχος: οὕτως.

Σωκράτης: ἀλλὰ μὴν ὁ φθονῶν γε ἐπὶ κακοῖς τοῖς τῶν πέλας ἡδόμενος ἀναφανήσεται. 48c

Πρώταρχος: σφόδρα γε.

Σωκράτης: κακὸν μὴν ἄγνοια καὶ ἦν δὴ λέγομεν ἀβελτέραν ἔξιν.

Πρώταρχος: τί μήν;

Σωκράτης: ἐκ δὴ τούτων ἰδὲ τὸ γελοῖον ἦντινα φύσιν ἔχει.

Πρώταρχος: λέγε μόνον.

Σωκράτης: ἔστιν δὴ πονηρία μὲν τις τὸ κεφάλαιον, ἑξέως τινος ἐπὶ κλην λεγομένη: τῆς δ' αὖ πάσης πονηρίας ἐστὶ τοῦναντίον πάθος ἔχον ἢ τὸ λεγόμενον ὑπὸ τῶν ἐν Δελφοῖς γραμμάτων.

Πρώταρχος: τὸ γινῶθι σαυτὸν λέγεις, ὦ Σώκρατες; 48d

Σωκράτης: ἔγωγε. τοῦναντίον μὴν ἐκείνω δῆλον ὅτι τὸ μηδαμῇ γινώσκειν αὐτὸν λεγόμενον ὑπὸ τοῦ γράμματος ἂν εἴη.

Πρώταρχος: τί μήν;

Σωκράτης: ὦ Πρώταρχε, πειρῶ δὲ αὐτὸ τοῦτο τριχῇ τέμνειν.

Πρώταρχος: πῇ φῆς; οὐ γὰρ μὴ δυνατὸς ὦ.

Σωκράτης: λέγεις δὴ δεῖν ἐμὲ τοῦτο διελέσθαι τὰ νῦν;

Πρώταρχος: λέγω, καὶ δέομαί γε πρὸς τῷ λέγειν.

Σωκράτης: ἄρ' οὖν οὐ τῶν ἀγνοούντων αὐτοὺς κατὰ τρία ἀνάγκη τοῦτο τὸ πάθος πάσχειν ἕκαστον;

Πρώταρχος: πῶς; 48e

Σωκράτης: πρῶτον μὲν κατὰ χρήματα, δοξάζειν εἶναι πλουσιώτερον

ἢ κατὰ τὴν αὐτῶν οὐσίαν.

Πρόταρχος: πολλοὶ γοῦν εἰσὶν τὸ τοιοῦτον πάθος ἔχοντες.

Σωκράτης: πλείους δέ γε οἱ μείζους καὶ καλλίους αὐτοὺς δοξάζουσι, καὶ πάντα ὅσα κατὰ τὸ σῶμα εἶναι διαφερόντως τῆς οὔσης αὐτοῖς ἀληθείας.

Πρόταρχος: πάνυ γε.

Σωκράτης: πολὺ δὲ πλείστοί γε οἶμαι περὶ τὸ τρίτον εἶδος τὸ τῶν ἐν ταῖς ψυχαῖς διημαρτήκασιν, ἀρετῇ δοξάζοντες βελτίους ἑαυτούς, οὐκ ὄντες.

Πρόταρχος: σφόδρα μὲν οὖν. 49a

Σωκράτης: τῶν ἀρετῶν δ' ἅρ' οὐ σοφίας πέρι τὸ πλῆθος πάντως ἀντεχόμενον μεστὸν ἐρίδων καὶ δοξοσοφίας ἐστὶ ψευδοῦς;

Πρόταρχος: πῶς δ' οὔ;

Σωκράτης: κακὸν μὲν δὴ πᾶν ἂν τις τὸ τοιοῦτον εἰπὼν ὀρθῶς ἂν εἴποι πάθος.

Πρόταρχος: σφόδρα γε.

Σωκράτης: τοῦτο τοίνυν ἔτι διαιρετέον, ὦ Πρόταρχε, δίχα, εἰ μέλλομεν τὸν παιδικὸν ἰδόντες φθόνον ἄτοπον ἡδονῆς καὶ λύπης ὄψεσθαι μεῖξιν. πῶς οὖν τέμνομεν δίχα, λέγεις; 49b πάντες ὅποσοι ταύτην τὴν ψευδῇ δόξαν περὶ ἑαυτῶν ἀνοήτως δοξάζουσι, καθάπερ ἀπάντων ἀνθρώπων, καὶ τούτων ἀναγκαιότατον ἔπεσθαι τοῖς μὲν ρώμην αὐτῶν καὶ δύναμιν, τοῖς δὲ οἶμαι τούναντίον.

Πρόταρχος: ἀνάγκη.

Σωκράτης: ταύτη τοίνυν διέλε, καὶ ὅσοι μὲν αὐτῶν εἰσι μετ' ἀσθενείας τοιοῦτοι καὶ ἀδύνατοι καταγελῶμενοι τιμωρεῖσθαι, γελοίους τούτους φάσκων εἶναι τάληθ' ἡ φθέγξη: τοὺς δὲ δυνατοὺς τιμωρεῖσθαι καὶ ἰσχυροὺς φοβεροὺς καὶ ἐχθροὺς 49c προσαγορεύων ὀρθότατον τούτων σαυτῷ λόγον ἀποδώσεις. ἄγνοια γὰρ ἢ μὲν τῶν ἰσχυρῶν ἐχθρά τε καὶ αἰσγρά βλαβερὰ γὰρ καὶ τοῖς πέλας αὐτῇ τε καὶ

ὅσαι εἰκόνες αὐτῆς εἰσιν ἡ δ' ἀσθενὴς ἡμῖν τὴν τῶν γελοίων εἵληξε
τάξιν τε καὶ φύσιν.

Πρόταρχος: ὀρθότατα λέγεις. ἀλλὰ γὰρ ἡ τῶν ἡδονῶν καὶ λυπῶν
μεῖξις ἐν τούτοις οὐπω μοι καταφανής.

Σωκράτης: τὴν τοίνυν τοῦ φθόνου λαβὲ δύναμιν πρῶτον.

Πρόταρχος: λέγε μόνον. 49d

Σωκράτης: λύπη τις ἄδικός ἐστί που καὶ ἡδονή;

Πρόταρχος: τοῦτο μὲν ἀνάγκη.

Σωκράτης: οὐκοῦν ἐπὶ μὲν τοῖς τῶν ἐχθρῶν κακοῖς οὐτ' ἄδικον οὔτε
φθονερόν ἐστι τὸ χαίρειν;

Πρόταρχος: τί μήν;

Σωκράτης: τὰ δέ γε τῶν φίλων ὀρῶντας ἔστιν ὅτε κακὰ μὴ
λυπεῖσθαι, χαίρειν δέ, ἄρα οὐκ ἄδικόν ἐστιν;

Πρόταρχος: πῶς δ' οὔ;

Σωκράτης: οὐκοῦν τὴν ἄγνοιαν εἵπομεν ὅτι κακὸν πᾶσιν;

Πρόταρχος: ὀρθῶς.

Σωκράτης: τὴν οὖν τῶν φίλων δοξοσοφίαν καὶ δοξοκαλίαν καὶ 49e
ὅσα νυνδὴ διήλθομεν, ἐν τρισὶν λέγοντες εἶδεσιν γίγνεσθαι, γελοῖα
μὲν ὀπόσα ἀσθενῇ, μισητὰ δ' ὀπόσα ἐρρωμένα, <φῶμεν> ἢ μὴ
φῶμεν ὅπερ εἶπον ἄρτι, τὴν τῶν φίλων ἕξιν ταύτην ὅταν ἔχη τις τὴν
ἀβλαβῇ τοῖς ἄλλοις, γελοῖαν εἶναι;

Πρόταρχος: πάνυ γε.

Σωκράτης: κακὸν δ' οὐχ ὁμολογοῦμεν αὐτὴν ἄγνοιάν γε οὐσαν
εἶναι;

Πρόταρχος: σφόδρα γε.

Σωκράτης: χαίρομεν δὲ ἢ λυπούμεθα, ὅταν ἐπ' αὐτῇ γελῶμεν; 50a

Πρώταρχος: δηλον ὅτι χαίρομεν.

Σωκράτης: ἡδονὴν δὲ ἐπὶ τοῖς τῶν φίλων κακοῖς, οὐ φθόνον ἔφαμεν εἶναι τὸν τοῦτ' ἀπεργαζόμενον;

Πρώταρχος: ἀνάγκη.

Σωκράτης: γελῶντας ἄρα ἡμᾶς ἐπὶ τοῖς τῶν φίλων γελοίοις φησὶν ὁ λόγος, κεραννύντας ἡδονὴν αὖ φθόνῳ, λύπη τὴν ἡδονὴν συγκεραννύναι: τὸν γὰρ φθόνον ὠμολογήσθαι λύπην ψυχῆς ἡμῖν πάλαι, τὸ δὲ γελᾶν ἡδονήν, ἅμα γίνεσθαι δὲ τούτῳ ἐν τούτοις τοῖς χρόνοις.

Πρώταρχος: ἀληθῆ. 50b

Σωκράτης: μηνύει δὴ νῦν ὁ λόγος ἡμῖν ἐν θρήνοις τε καὶ ἐν τραγωδίαις <καὶ κωμωδίαις>, μὴ τοῖς δράμασι μόνον ἀλλὰ καὶ τῇ τοῦ βίου συμπάσῃ τραγωδίᾳ καὶ κωμωδίᾳ, λύπας ἡδοναῖς ἅμα κεράννυσθαι, καὶ ἐν ἄλλοις δὴ μυρίοις.

Πρώταρχος: ἀδύνατον μὴ ὁμολογεῖν ταῦτα, ὦ Σώκρατες, εἰ καὶ τις φιλονικοῖ πάνυ πρὸς τὰναντία.

Σωκράτης: ὀργὴν μὴν καὶ πόθον καὶ θρήνον καὶ φόβον καὶ 50c ἔρωτα καὶ ζῆλον καὶ φθόνον προυθέμεθα καὶ ὅποσα τοιαῦτα, ἐν οἷς ἔφαμεν εὐρήσειν μειγνύμενα τὰ νῦν πολλακίς λεγόμενα. ἦ γάρ;

Πρώταρχος: ναί.

Σωκράτης: μαρθάνομεν οὖν ὅτι θρήνου πέρι καὶ φθόνου καὶ ὀργῆς πάντα ἐστὶ τὰ νυνδὴ διαπερανθέντα;

Πρώταρχος: πῶς γὰρ οὐ μαρθάνομεν;

Σωκράτης: οὐκοῦν πολλὰ ἔτι τὰ λοιπά;

Πρώταρχος: καὶ πάνυ γε.

Σωκράτης: διὰ δὴ τί μάλισθ' ὑπολαμβάνεις με δεῖξαι σοὶ τὴν ἐν τῇ κωμωδίᾳ μεῖζιν; ἄρ' οὐ πίστεως χάριν, ὅτι τὴν γε ἐν 50d τοῖς φόβοις καὶ ἔρωσι καὶ τοῖς ἄλλοις ῥάδιον κρᾶσιν ἐπιδείξαι: λαβόντα δὲ τοῦτο

παρὰ σαντῷ ἀφεῖναι με μηκέτι ἐπ' ἐκεῖνα ἰόντα δεῖν μηκύνειν τοὺς λόγους, ἀλλ' ἀπλῶς λαβεῖν τοῦτο, ὅτι καὶ σῶμα ἄνευ ψυχῆς καὶ ψυχὴ ἄνευ σώματος καὶ κοινῇ μετ' ἀλλήλων ἐν τοῖς παθήμασι μεστά ἐστὶ συγκεκραμένης ἡδονῆς λύπαις; νῦν οὖν λέγε πότερα ἀφίης με ἢ μέσας ποιήσεις νύκτας; εἰπὼν δὲ σμικρὰ οἶμαί σου τεύξεσθαι μεθεῖναι με: τούτων γὰρ ἀπάντων αὐριον 50e ἐθελήσω σοι λόγον δοῦναι, τὰ νῦν δὲ ἐπὶ τὰ λοιπὰ βούλομαι στέλλεσθαι πρὸς τὴν κρίσιν ἣν Φίληβος ἐπιτάττει.

Πρόταρχος: καλῶς εἶπες, ὦ Σώκρατες: ἀλλ' ὅσα λοιπὰ ἡμῖν διέξελθε ὅπῃ σοι φίλον.

Σωκράτης: κατὰ φύσιν τοίνυν μετὰ τὰς μειχθείσας ἡδονὰς ὑπὸ δῆ τινος ἀνάγκης ἐπὶ τὰς ἀμείκτους πορευοίμεθ' ἂν ἐν τῷ μέρει. 51a

Πρόταρχος: κάλλιστ' εἶπες.

Σωκράτης: ἐγὼ δὴ πειράσομαι μεταβαλὼν σημαίνειν ἡμῖν αὐτάς. τοῖς γὰρ φάσκουσι λυπῶν εἶναι παῦλαν πάσας τὰς ἡδονὰς οὐ πάνυ πῶς πείθουμαι, ἀλλ' ὅπερ εἶπον, μάρτυσι καταχρῶμαι πρὸς τὸ τινὰς ἡδονὰς εἶναι δοκούσας, οὐσας δ' οὐδαμῶς, καὶ μεγάλας ἐτέρας τινὰς ἅμα καὶ πολλὰς φαντασθείσας, εἶναι δ' αὐτάς συμπεφυρμένας ὁμοῦ λύπαις τε καὶ ἀναπαύσεσιν ὁδυνῶν τῶν μεγίστων περὶ τε σώματος καὶ ψυχῆς ἀπορίας. 51b

Πρόταρχος: ἀληθεῖς δ' αὖ τίνας, ὦ Σώκρατες, ὑπολαμβάνων ὀρθῶς τις διανοοῖτ' ἄν;

Σωκράτης: τὰς περὶ τε τὰ καλὰ λεγόμενα χρώματα καὶ περὶ τὰ σχήματα καὶ τῶν ὁσμῶν τὰς πλείστας καὶ τὰς τῶν φθόγγων καὶ ὅσα τὰς ἐνδείας ἀναισθήτους ἔχοντα καὶ ἀλύπους τὰς πληρώσεις αἰσθητὰς καὶ ἡδέας [καθαρὰς λυπῶν] παραδίδωσιν.

Πρόταρχος: πῶς δὴ ταῦτα, ὦ Σώκρατες, αὖ λέγομεν οὕτω;

Σωκράτης: πάνυ μὲν οὖν οὐκ εὐθὺς δῆλὰ ἐστὶν ἃ λέγω, πειρατέον 51c μὴν δηλοῦν. σχημάτων τε γὰρ κάλλος οὐχ ὅπερ ἂν ὑπολάβοιεν οἱ πολλοὶ πειρῶμαι νῦν λέγειν, ἢ ζώων ἢ τινων ζωγραφημάτων, ἀλλ' εὐθύ τι λέγω, φησὶν ὁ λόγος, καὶ περιφερὲς καὶ ἀπὸ τούτων δὴ τὰ τε τοῖς τórνοις γιγνόμενα ἐπίπεδά τε καὶ στερεὰ καὶ τὰ τοῖς κανόσι καὶ

γωνίαις, εἴ μου μανθάνεις. ταῦτα γὰρ οὐκ εἶναι πρὸς τι καλὰ λέγω, καθάπερ ἄλλα, ἀλλ' ἀεὶ καλὰ καθ' αὐτὰ πεφυκέναι καὶ τινας 51d ἡδονὰς οἰκείας ἔχειν, οὐδὲν ταῖς τῶν κινήσεων προσφερεῖς; καὶ χρώματα δὴ τοῦτον τὸν τύπον ἔχοντα [καλὰ καὶ ἡδονάς] ἀλλ' ἄρα μανθάνομεν, ἢ πῶς;

Πρόταρχος: πειρῶμαι μὲν, ὦ Σώκρατες; πειράθητι δὲ καὶ σὺ σαφέστερον ἔτι λέγειν.

Σωκράτης: λέγω δὴ ἡχὰς τῶν φθόγγων τὰς λείας καὶ λαμπράς, τὰς ἐν τι καθαρὸν ἰεῖσας μέλος, οὐ πρὸς ἕτερον καλὰς ἀλλ' αὐτὰς καθ' αὐτὰς εἶναι, καὶ τούτων συμφύτους ἡδονὰς ἐπομένους.

Πρόταρχος: ἔστι γὰρ οὗν καὶ τοῦτο. 51e

Σωκράτης: τὸ δὲ περὶ τὰς ὁσμάς ἦττον μὲν τούτων θεῖον γένος ἡδονῶν: τὸ δὲ μὴ συμμεμεῖχθαι ἐν αὐταῖς ἀναγκαίους λύπας, καὶ ὅπη τοῦτο καὶ ἐν ὅτῳ τυγχάνει γεγονὸς ἡμῖν, τοῦτ' ἐκείνοις τίθημι ἀντίστροφον ἅπαν. ἀλλ', εἰ κατανοεῖς, ταῦτα εἶδη δύο <ὧν> λέγομεν ἡδονῶν.

Πρόταρχος: κατανοῶ.

Σωκράτης: ἔτι δὴ τοίνυν τούτοις προσθῶμεν τὰς περὶ τὰ 52a μαθήματα ἡδονάς, εἰ ἄρα δοκοῦσιν ἡμῖν αὗται πείνας μὲν μὴ ἔχειν τοῦ μανθάνειν μηδὲ διὰ μαθημάτων πείνην ἀλγηδόνας ἐξ ἀρχῆς γιγνομένας.

Πρόταρχος: ἀλλ' οὕτω συνδοκεῖ.

Σωκράτης: τί δέ; μαθημάτων πληρωθεῖσιν ἐὰν ὕστερον ἀποβολαὶ διὰ τῆς λήθης γίνωνται, καθορᾷς τινας ἐν αὐταῖς ἀλγηδόνας;

Πρόταρχος: οὐ τι φύσει γε, ἀλλ' ἐν τισι λογισμοῖς τοῦ 52b παθήματος, ὅταν τις στερηθεῖς λυπηθῇ διὰ τὴν χρείαν.

Σωκράτης: καὶ μὴν, ὦ μακάριε, νῦν γε ἡμεῖς αὐτὰ τὰ τῆς φύσεως μόνον παθήματα χωρὶς τοῦ λογισμοῦ διαπεραίνομεν.

Πρόταρχος: ἀληθῆ τοίνυν λέγεις ὅτι χωρὶς λύπης ἡμῖν λήθη γίγνεται ἐκάστοτε ἐν τοῖς μαθήμασιν.

Σωκράτης: ταύτας τοίνυν τὰς τῶν μαθημάτων ἡδονὰς ἀμείκτους τε εἶναι λύπαις ῥητέον καὶ οὐδαμῶς τῶν πολλῶν ἀνθρώπων ἀλλὰ τῶν σφόδρα ὀλίγων.

Πρώταρχος: πῶς γὰρ οὐ ῥητέον; 52c

Σωκράτης: οὐκοῦν ὅτε μετρίως ἤδη διακεκρίμεθα χωρὶς τὰς τε καθαρὰς ἡδονὰς καὶ τὰς σχεδὸν ἀκαθάρτους ὀρθῶς ἂν λεχθείσας, προσθῶμεν τῷ λόγῳ ταῖς μὲν σφοδραῖς ἡδοναῖς ἀμετρίαν, ταῖς δὲ μὴ τοῦναντίον ἐμμετρίαν: καὶ <τὰς> τὸ μέγα καὶ τὸ σφοδρὸν αὐτὰς <δεχομένας>, καὶ πολλάκις καὶ ὀλιγάκις γιγνομένας τοιαύτας, τῆς τοῦ ἀπείρου γε ἐκείνου καὶ ἥττον καὶ μᾶλλον διὰ τε σώματος καὶ ψυχῆς φερομένου 52d [προς]θῶμεν αὐτὰς εἶναι γένους, τὰς δὲ μὴ τῶν ἐμμέτρων.

Πρώταρχος: ὀρθότατα λέγεις, ὦ Σώκρατες.

Σωκράτης: ἔτι τοίνυν πρὸς τούτοις μετὰ ταῦτα τόδε αὐτῶν διαθεατέον.

Πρώταρχος: τὸ ποῖον;

Σωκράτης: τί ποτε χρὴ φάναι πρὸς ἀλήθειαν εἶναι; τὸ καθαρὸν τε καὶ εἰλικρινὲς ἢ τὸ σφόδρα τε καὶ τὸ πολὺ καὶ τὸ μέγα καὶ τὸ ἱταμόν;

Πρώταρχος: τί ποτ' ἄρα, ὦ Σώκρατες, ἐρωτᾷς βουλόμενος;

Σωκράτης: μηδέν, ὦ Πρώταρχε, ἐπιλείπειν ἐλέγχων ἡδονῆς 52e τε καὶ ἐπιστήμης, εἰ τὸ μὲν ἄρ' αὐτῶν ἐκατέρου καθαρὸν ἐστί, τὸ δ' οὐ καθαρὸν, ἵνα καθαρὸν ἐκότερον ἰὸν εἰς τὴν κρίσιν ἐμοὶ καὶ σοὶ καὶ συνάπασι τοῖσδε ῥάῳ παρέχῃ τὴν κρίσιν.

Πρώταρχος: ὀρθότατα.

Σωκράτης: ἴθι δὴ, περὶ πάντων, ὅσα καθαρὰ γένη λέγομεν, οὕτως διανοηθῶμεν: προελόμενοι πρῶτον αὐτῶν ἓν τι σκοπῶμεν. 53a

Πρώταρχος: τί οὖν προελώμεθα;

Σωκράτης: τὸ λευκὸν ἐν τοῖς πρῶτον, εἰ βούλει, θεασώμεθα γένος.

Πρώταρχος: πάνυ μὲν οὖν.

Σωκράτης: πῶς οὖν ἂν λευκοῦ καὶ τίς καθαρότης ἡμῖν εἴη; πότερα τὸ μέγιστόν τε καὶ πλεῖστον ἢ τὸ ἀκρατέστατον, ἐν ᾧ χρώματος μηδεμία μοῖρα ἄλλη μηδενὸς ἐνείη;

Πρώταρχος: δῆλον ὅτι τὸ μάλιστ' εἰλικρινὲς ὄν.

Σωκράτης: ὀρθῶς. ἄρ' οὖν οὐ τοῦτο ἀληθέστατον, ᾧ Πρώταρχε, 53b καὶ ἅμα δὴ κάλλιστον τῶν λευκῶν πάντων θήσομεν, ἀλλ' οὐ τὸ πλεῖστον οὐδὲ τὸ μέγιστον;

Πρώταρχος: ὀρθότατά γε.

Σωκράτης: σμικρὸν ἄρα καθαρὸν λευκὸν μεμειγμένου πολλοῦ λευκοῦ λευκότερον ἅμα καὶ κάλλιον καὶ ἀληθέστερον ἐὰν φῶμεν γίνεσθαι, παντάπασιν ἐροῦμεν ὀρθῶς.

Πρώταρχος: ὀρθότατα μὲν οὖν.

Σωκράτης: τί οὖν; οὐ δήπου πολλῶν δεησόμεθα παραδειγμάτων τοιούτων ἐπὶ τὸν τῆς ἡδονῆς περί λόγον, ἀλλ' ἄρκεϊ νοεῖν ἡμῖν αὐτόθεν ὥς ἄρα καὶ σύμπασα ἡδονὴ σμικρὰ 53c μεγάλης καὶ ὀλίγη πολλῆς, καθαρὰ λύπης, ἡδίων καὶ ἀληθεστέρα καὶ καλλίων γίγνοιτ' ἄν.

Πρώταρχος: σφόδρα μὲν οὖν, καὶ τό γε παράδειγμα ἱκανόν.

Σωκράτης: τί δὲ τὸ τοιόνδε; ἄρα περὶ ἡδονῆς οὐκ ἀκηκόαμεν ὥς αἰ γένεσις ἐστίν, οὐσία δὲ οὐκ ἔστι τὸ παράπαν ἡδονῆς; κομποὶ γὰρ δή τινες αὖ τοῦτον τὸν λόγον ἐπιχειροῦσι μηνύειν ἡμῖν, οἷς δεῖ χάριν ἔχειν.

Πρώταρχος: τί δή;

Σωκράτης: διαπερανοῦμαί σοι τοῦτ' αὐτὸ ἐπανερωτῶν, ᾧ 53d Πρώταρχε φίλε.

Πρώταρχος: λέγε καὶ ἐρώτα μόνον.

Σωκράτης: ἐστὸν δὴ τινε δύο, τὸ μὲν αὐτὸ καθ' αὐτό, τὸ δ' αἰ

ἐφιέμενον ἄλλου.

Πρώταρχος: πῶς τούτω καὶ τίνε λέγεις;

Σωκράτης: τὸ μὲν σεμνότατον ἀεὶ πεφυκός, τὸ δ' ἐλλιπὲς ἐκείνου.

Πρώταρχος: λέγ' ἔτι σαφέστερον.

Σωκράτης: παιδικὰ που καλὰ καὶ ἀγαθὰ τεθεωρήκαμεν ἅμα καὶ ἑραστὰς ἀνδρείους αὐτῶν.

Πρώταρχος: σφόδρα γε.

Σωκράτης: τούτοις τοίνυν εἰκότα δυοῖν οὖσι δύο ἄλλα ζητεῖ 53e κατὰ πάνθ' ὅσα λέγομεν εἶναι.

Πρώταρχος: τὸ τρίτον ἔτ' ἐρῶ; λέγε σαφέστερον, ὦ Σώκρατες, ὅτι λέγεις.

Σωκράτης: οὐδέν τι ποικίλον, ὦ Πρώταρχε: ἀλλ' ὁ λόγος ἐρεσχηλεῖ νῶν, λέγει δ' ὅτι τὸ μὲν ἔνεκά του τῶν ὄντων ἔστ' αἰεὶ, τὸ δ' οὐ χάριν ἐκάστοτε τὸ τινὸς ἔνεκα γιγνόμενον ἀεὶ γίγνεται.

Πρώταρχος: μόγις ἔμαθον διὰ τὸ πολλάκις λεχθῆναι.

Σωκράτης: τάχα δ' ἴσως, ὦ παῖ, μᾶλλον μαθησόμεθα προελθόντος 54a τοῦ λόγου.

Πρώταρχος: τί γὰρ οὖ;

Σωκράτης: δύο δὴ τάδε ἕτερα λάβωμεν.

Πρώταρχος: ποῖα;

Σωκράτης: ἐν μὲν τι γένεσιν πάντων, τὴν δὲ οὐσίαν ἕτερον ἔν.

Πρώταρχος: δύο ἀποδέχομαί σου ταῦτα, οὐσίαν καὶ γένεσιν.

Σωκράτης: ὀρθότατα. πότερον οὖν τούτων ἔνεκα ποτέρου, τὴν γένεσιν οὐσίας ἔνεκα φῶμεν ἢ τὴν οὐσίαν εἶναι γενέσεως ἔνεκα;

Πρώταρχος: τοῦτο ὃ προσαγορεύεται οὐσία εἰ γενέσεως ἔνεκα τοῦτ' ἔστιν ὅπερ ἐστί, νῦν πυνθάνη;

Σωκράτης: φαίνομαι. 54b

Πρώταρχος: πρὸς θεῶν ἄρ' [ἂν] ἐπανερωτᾷς με τοιόνδε τι; λέγ', ὦ Πρώταρχε, μοί, πότερα πλοίων ναυπηγίαν ἔνεκα φῆς γίγνεσθαι μᾶλλον ἢ πλοῖα ἔνεκα ναυπηγίας, καὶ πάνθ' ὁπόσα τοιαῦτ' ἐστίν;

Σωκράτης: λέγω τοῦτ' αὐτό, ὦ Πρώταρχε.

Πρώταρχος: τί οὖν οὐκ αὐτὸς ἀπεκρίνω σαυτῷ, ὦ Σώκρατες;

Σωκράτης: οὐδὲν ὅτι οὐ: σὺ μέντοι τοῦ λόγου συμμετέχε.

Πρώταρχος: πάνυ μὲν οὖν. 54c

Σωκράτης: φημί δὴ γενέσεως μὲν ἔνεκα φάρμακά τε καὶ πάντα ὅργανα καὶ πᾶσαν ὕλην παρατίθεσθαι πᾶσιν, ἐκάστην δὲ γένεσιν ἄλλην ἄλλης οὐσίας τινὸς ἐκάστης ἔνεκα γίγνεσθαι, σύμπασαν δὲ γένεσιν οὐσίας ἔνεκα γίγνεσθαι συμπάσης.

Πρώταρχος: σαφέστατα μὲν οὖν.

Σωκράτης: οὐκοῦν ἡδονή γε, εἴπερ γένεσις ἐστίν, ἔνεκά τινος οὐσίας ἐξ ἀνάγκης γίγνεται ἂν.

Πρώταρχος: τί μήν;

Σωκράτης: τό γε μὴν οὐ ἔνεκα τὸ ἔνεκά του γιγνόμενον αἰεὶ γίγνεται ἂν, ἐν τῇ τοῦ ἀγαθοῦ μοίρᾳ ἐκεῖνό ἐστι: τὸ δὲ τινὸς ἔνεκα γιγνόμενον εἰς ἄλλην, ὦ ἄριστε, μοῖραν θετέον.

Πρώταρχος: ἀναγκαιότατον. 54d

Σωκράτης: ἄρ' οὖν ἡδονή γε εἴπερ γένεσις ἐστίν, εἰς ἄλλην ἢ τὴν τοῦ ἀγαθοῦ μοῖραν αὐτὴν τιθέντες ὀρθῶς θήσομεν;

Πρώταρχος: ὀρθότατα μὲν οὖν.

Σωκράτης: οὐκοῦν ὅπερ ἀρχόμενος εἶπον τούτου τοῦ λόγου, τῷ μηνύσαντι τῆς ἡδονῆς περὶ τὸ γένεσιν μὲν, οὐσίαν δὲ μηδ' ἡντινοῦν αὐτῆς εἶναι, χάριν ἔχειν δεῖ: δῆλον γὰρ ὅτι οὗτος τῶν φασκόντων ἡδονὴν ἀγαθὸν εἶναι καταγελᾷ.

Πρόταρχος: σφόδρα γε. 54e

Σωκράτης: καὶ μὴν αὐτὸς οὗτος ἐκάστοτε καὶ τῶν ἐν ταῖς γενέσεσιν ἀποτελουμένων καταγελάσεται.

Πρόταρχος: πῶς δὴ καὶ ποίων λέγεις;

Σωκράτης: τῶν ὅσοι ἐξιώμενοι ἢ πείνην ἢ δίψαν ἢ τι τῶν τοιούτων, ὅσα γενέσεις ἐξιάται, χαίρουσι διὰ τὴν γένεσιν ἅτε ἡδονῆς οὔσης αὐτῆς, καὶ φασὶ ζῆν οὐκ ἂν δέξασθαι μὴ διψῶντές τε καὶ πεινῶντες καὶ τᾶλλα ἃ τις ἂν εἴποι πάντα τὰ ἐπόμενα τοῖς τοιούτοις παθήμασι μὴ πάσχοντες. 55a

Πρόταρχος: εἰκότασι γοῦν.

Σωκράτης: οὐκοῦν τῷ γίγνεσθαι γε τοῦναντίον ἅπαντες τὸ φθείρεσθαι φαῖμεν ἄν.

Πρόταρχος: ἀναγκαῖον.

Σωκράτης: τὴν δὴ φθορὰν καὶ γένεσιν αἰροῖτ' ἂν τις τοῦθ' αἰρούμενος, ἀλλ' οὐ τὸν τρίτον ἐκεῖνον βίον, τὸν ἐν ᾧ μήτε χαίρειν μήτε λυπεῖσθαι, φρονεῖν δ' ἦν {π|δυνατὸν] ὡς οἶόν τε καθαρῶτατα.

Πρόταρχος: πολλή τις, ὡς ἔοικεν, ὃ Σώκρατες, ἀλογία συμβαίνει γίγνεσθαι, ἐάν τις τὴν ἡδονὴν ὡς ἀγαθὸν ἡμῖν τιθῇται.

Σωκράτης: πολλή, ἐπεὶ καὶ τῇδε ἔτι λέγωμεν.

Πρόταρχος: πῇ; 55b

Σωκράτης: πῶς οὐκ ἄλογόν ἐστι μὴδὲν ἀγαθὸν εἶναι μὴδὲ καλὸν μήτε ἐν σώμασι μήτ' ἐν πολλοῖς ἄλλοις πλὴν ἐν ψυχῇ, καὶ ἐνταῦθα ἡδονὴν μόνον, ἀνδρείαν δὲ ἢ σωφροσύνην ἢ νοῦν ἢ τι τῶν ἄλλων ὅσα ἀγαθὰ εἴληχε ψυχὴ, μὴδὲν τοιοῦτον εἶναι; πρὸς τούτοις δὲ ἔτι τὸν μὴ χαίροντα, ἀλγοῦντα δέ, ἀναγκάζεσθαι φάναι κακὸν εἶναι τότε ὅταν ἀλγῇ, κἂν ἢ ἄριστος πάντων, καὶ τὸν χαίροντα αὖ, ὅσῳ μᾶλλον χαίρει, 55c τότε ὅταν χαίρῃ, τοσοῦτω διαφέρειν πρὸς ἀρετήν.

Πρόταρχος: πάντ' ἐστὶ ταῦτα, ὃ Σώκρατες, ὡς δυνατόν ἀλογώτατα.

Σωκράτης: μὴ τοίνυν ἡδονῆς μὲν πάντως ἐξέτασιν πᾶσαν ἐπιχειρῶμεν ποιήσασθαι, νοῦ δὲ καὶ ἐπιστήμης οἷον φειδόμενοι σφόδρα φανῶμεν: γενναίως δέ, εἴ πῆ τι σαθρὸν ἔχει, πᾶν περικρούωμεν, ὥς ὅτι καθαρώτατόν ἐστ' αὐτῶν φύσει, τοῦτο κατιδόντες εἰς τὴν κρίσιν χρώμεθα τὴν κοινὴν τοῖς τε τούτων καὶ τοῖς τῆς ἡδονῆς μέρεσιν ἀληθεστάτοις.

Πρόταρχος: ὀρθῶς. 55d

Σωκράτης: οὐκοῦν ἡμῖν τὸ μὲν οἶμαι δημιουργικόν ἐστι τῆς περὶ τὰ μαθήματα ἐπιστήμης, τὸ δὲ περὶ παιδείαν καὶ τροφήν. ἢ πῶς;

Πρόταρχος: οὕτως.

Σωκράτης: ἐν δὴ ταῖς χειροτεχνικαῖς διανοηθῶμεν πρῶτα εἰ τὸ μὲν ἐπιστήμης αὐτῶν μᾶλλον ἐχόμενον, τὸ δ' ἥττον ἐνι, καὶ δεῖ τὰ μὲν ὡς καθαρώτατα νομίζειν, τὰ δ' ὡς ἀκαθαρότερα.

Πρόταρχος: οὐκοῦν χρή.

Σωκράτης: τὰς τοίνυν ἡγεμονικὰς διαληπτέον ἐκάστων αὐτῶν χωρίς;

Πρόταρχος: ποίας καὶ πῶς; 55e

Σωκράτης: οἷον πασῶν που τεχνῶν ἂν τις ἀριθμητικὴν χωρίζῃ καὶ μετρητικὴν καὶ στατικὴν, ὥς ἔπος εἰπεῖν φαῦλον τὸ καταλειπόμενον ἐκάστης ἂν γίγνοιτο.

Πρόταρχος: φαῦλον μὲν δή.

Σωκράτης: τὸ γοῦν μετὰ ταῦτ' εἰκάζειν λείποιτ' ἂν καὶ τὰς αἰσθήσεις καταμελετᾶν ἐμπειρία καὶ τινι τριβῇ, ταῖς τῆς στοχαστικῆς προσχρωμένους δυνάμεσιν ἃς πολλοὶ τέχνας 56a ἐπονομάζουσι, μελέτη καὶ πόνῳ τὴν ῥώμην ἀπειργασμένας.

Πρόταρχος: ἀναγκαιότατα λέγεις.

Σωκράτης: οὐκοῦν μεστὴ μὲν που μουσικὴ πρῶτον, τὸ σύμφωνον ἀρμόττουσα οὐ μέτρῳ ἀλλὰ μελέτης στοχασμῷ, καὶ σύμπασα αὐτῆς αὐλητικὴ, τὸ μέτρον ἐκάστης χορδῆς τῷ στοχάζεσθαι φερομένης

θηρεύουσα, ὥστε πολὺ μεμειγμένον ἔχειν τὸ μὴ σαφές, σμικρὸν δὲ τὸ βέβαιον.

Πρόταρχος: ἀληθέστατα. 56b

Σωκράτης: καὶ μὴν ἰατρικὴν τε καὶ γεωργίαν καὶ κυβερνητικὴν καὶ στρατηγικὴν ὡσαύτως εὐρήσομεν ἐχούσας.

Πρόταρχος: καὶ πάνυ γε.

Σωκράτης: τεκτονικὴν δὲ γε οἶμαι πλείστοις μέτροις τε καὶ ὀργάνοις χρωμένην τὰ πολλὴν ἀκρίβειαν αὐτῇ πορίζοντα τεχνικωτέραν τῶν πολλῶν ἐπιστημῶν παρέχεται.

Πρόταρχος: πῃ;

Σωκράτης: κατὰ τε ναυπηγίαν καὶ κατ' οἰκοδομίαν καὶ ἐν πολλοῖς ἄλλοις τῆς ξυλουργικῆς. κανόνι γὰρ οἶμαι καὶ 56c τὸν ὥφρη χρῆται καὶ διαβήτη καὶ στάθμη καὶ τινι προσαγωγῇ κεκομψευμένῳ.

Πρόταρχος: καὶ πάνυ γε, ὦ Σώκρατες, ὀρθῶς λέγεις.

Σωκράτης: θῶμεν τοίνυν διχῇ τὰς λεγομένας τέχνας, τὰς μὲν μουσικῇ συνεπομένας ἐν τοῖς ἔργοις ἐλάττονος ἀκριβείας μετισχούσας, τὰς δὲ τεκτονικῇ πλείονος.

Πρόταρχος: κείσθω.

Σωκράτης: τούτων δὲ ταύτας ἀκριβεστάτας εἶναι τέχνας, ὥς νυνδὴ πρῶτας εἵπομεν.

Πρόταρχος: ἀριθμητικὴν φαίνει μοι λέγειν καὶ ὅσας μετὰ ταύτης τέχνας ἐφθέγξω νυνδὴ. 56d

Σωκράτης: πάνυ μὲν οὖν. ἀλλ', ὦ Πρόταρχε, ἄρ' οὐ διττὰς αὖ καὶ ταύτας λεκτέον; ἢ πῶς;

Πρόταρχος: ποίας δὴ λέγεις;

Σωκράτης: ἀριθμητικὴν πρῶτον ἄρ' οὐκ ἄλλην μὲν τινα τὴν τῶν πολλῶν φατέον, ἄλλην δ' αὖ τὴν τῶν φιλοσοφούντων;

Πρόταρχος: πῃ ποτε διορισάμενος οὖν ἄλλην, τὴν δὲ ἄλλην θείη τις ἂν ἀριθμητικήν;

Σωκράτης: οὐ σμικρὸς ὅρος, ὦ Πρόταρχε. οἱ μὲν γάρ που μονάδας ἀνίσους καταριθμοῦνται τῶν περὶ ἀριθμόν, οἷον στρατόπεδα δύο καὶ βουῆς δύο καὶ δύο τὰ σμικρότατα ἢ καὶ 56e τὰ πάντων μέγιστα: οἱ δ' οὐκ ἂν ποτε αὐτοῖς συνακολουθήσειαν, εἰ μὴ μονάδα μονάδος ἐκάστης τῶν μυρίων μηδεμίαν ἄλλην ἄλλης διαφέρουσάν τις θήσει.

Πρόταρχος: καὶ μάλα εὖ λέγεις οὐ σμικρὰν διαφορὰν τῶν περὶ ἀριθμὸν τευταζόντων, ὥστε λόγον ἔχειν δύο' αὐτὰς εἶναι.

Σωκράτης: τί δέ; λογιστική καὶ μετρητική <ή> κατὰ τεκτονικὴν καὶ κατ' ἐμπορικὴν τῆς κατὰ φιλοσοφίαν γεωμετρίας τε καὶ 57a λογισμῶν καταμελετωμένων πότερον ὥς μία ἐκάτερα λεκτέον ἢ δύο τιθῶμεν;

Πρόταρχος: τῇ πρόσθεν ἐπόμενος ἔγωγ' ἂν δύο κατὰ τὴν ἐμὴν ψῆφον τιθείην ἐκάτεραν τούτων.

Σωκράτης: ὀρθῶς. οὐ δ' ἔνεκα ταῦτα προηνεγκάμεθα εἰς τὸ μέσον, ἅρα ἐννοεῖς;

Πρόταρχος: ἴσως, ἀλλὰ σὲ βουλοίμην ἂν ἀποφήνασθαι τὸ νῦν ἐρωτώμενον.

Σωκράτης: δοκεῖ τοίνυν ἔμοιγε οὗτος ὁ λόγος, οὐχ ἥττον ἢ ὅτε λέγειν αὐτὸν ἤρχόμεθα, ταῖς ἡδοναῖς ζητῶν ἀντίστροφον ἐνταῦθα προβεβληκέναι σκοπῶν ἅρα ἐστὶ τις ἑτέρα 57b ἄλλη καθαρωτέρα ἐπιστήμης ἐπιστήμη, καθάπερ ἡδονῆς ἡδονή.

Πρόταρχος: καὶ μάλα σαφές τοῦτό γε, ὅτι ταῦθ' ἔνεκα τούτων ἐπιχεαίρηκεν.

Σωκράτης: τί οὖν; ἄρ' οὐκ ἐν μὲν τοῖς ἔμπροσθεν ἐπ' ἄλλοις ἄλλην τέχνην οὔσαν ἀνηυρήκειν σαφεστέραν καὶ ἀσαφεστέραν ἄλλην ἄλλης;

Πρόταρχος: πάνυ μὲν οὖν.

Σωκράτης: ἐν τούτοις δὲ ἄρ' οὐ τίνα τέχνην ὥς ὁμώνυμον

φθεγξάμενος, εἰς δόξαν καταστήσας ὥς μιᾶς, πάλιν ὥς 57c δυοῖν ἐπανερωτᾷ τούτοις αὐτοῖς τὸ σαφές καὶ τὸ καθαρὸν περὶ ταῦτα πότερον ἢ τῶν φιλοσοφούντων ἢ μὴ φιλοσοφούντων ἀκριβέστερον ἔχει;

Πρώταρχος: καὶ μάλα δοκεῖ μοι τοῦτο διερωτᾶν.

Σωκράτης: τίς οὖν, ὦ Πρώταρχε, αὐτῷ δίδομεν ἀποκρισιν;

Πρώταρχος: ὦ Σώκρατες, εἰς θαυμαστὸν διαφορᾶς μέγεθος εἰς σαφήνειαν προεληλύθαμεν ἐπιστημῶν.

Σωκράτης: οὐκοῦν ἀποκρινόμεθα ῥᾶον;

Πρώταρχος: τί μήν; καὶ εἰρήσθω γε ὅτι πολὺ μὲν αὐταὶ τῶν ἄλλων τεχνῶν διαφέρουσι, τούτων δ' αὐτῶν αἱ περὶ τὴν 57d τῶν ὄντως φιλοσοφούντων ὁρμὴν ἀμήχανον ἀκριβεία καὶ ἀληθεία περὶ μέτρα τε καὶ ἀριθμοὺς διαφέρουσιν.

Σωκράτης: ἔστω ταῦτα κατὰ σέ, καὶ σοὶ δὴ πιστεύοντες θαρροῦντες ἀποκρινόμεθα τοῖς δεινοῖς περὶ λόγων ὀλκήν

Πρώταρχος: τὸ ποῖον;

Σωκράτης: ὥς εἰσὶ δύο ἀριθμητικαὶ καὶ δύο μετρητικαὶ καὶ ταύταις ἄλλαι τοιαῦται συνεπόμεναι συχναί, τὴν διδυμότητα ἔχουσαι ταύτην, ὀνόματος δὲ ἐνὸς κεκοινωμέναι. 57e

Πρώταρχος: διδῶμεν τύχη ἀγαθῇ τούτοις οὓς φης δεινοὺς εἶναι ταύτην τὴν ἀποκρισιν, ὦ Σώκρατες.

Σωκράτης: ταύτας οὖν λέγομεν ἐπιστήμας ἀκριβεῖς μάλιστ' εἶναι;

Πρώταρχος: πάνυ μὲν οὖν.

Σωκράτης: ἀλλ' ἡμᾶς, ὦ Πρώταρχε, ἀναίνοιτ' ἂν ἢ τοῦ διαλέγεσθαι δύναμις, εἴ τινα πρὸ αὐτῆς ἄλλην κρίναμεν.

Πρώταρχος: τίνα δὲ ταύτην αὖ δεῖ λέγειν; 58a

Σωκράτης: δῆλον ὅτι ἡ πᾶς ἂν τὴν γε νῦν λεγομένην γνοίη: τὴν γὰρ περὶ τὸ ὄν καὶ τὸ ὄντως καὶ τὸ κατὰ ταῦτόν ἀεὶ πεφυκὸς πάντως

ἐγωγε οἶμαι ἡγεῖσθαι σύμπαντας ὅσοις νοῦ καὶ σμικρὸν προσήρτηται μακρῷ ἀληθεστάτην εἶναι γινῶσιν. σὺ δὲ τί; πῶς τοῦτο, ὦ Πρώταρχε, διακρίνοις ἄν;

Πρώταρχος: ἤκουον μὲν ἐγωγε, ὦ Σώκρατες, ἐκάστοτε Γοργίου πολλάκις ὡς ἢ τοῦ πείθειν πολὺ διαφέρει πασῶν τεχνῶν 58b πάντα γὰρ ὑφ' αὐτῇ δοῦλα δι' ἐκόντων ἀλλ' οὐ διὰ βίας ποιοῖτο, καὶ μακρῷ ἀρίστη πασῶν εἴη τῶν τεχνῶννυν δ' οὔτε σοὶ οὔτε δὴ ἐκείνῳ βουλοίμην ἂν ἐναντία τίθεσθαι.

Σωκράτης: τὰ ὅπλα μοι δοκεῖς βουλευθεῖς εἰπεῖν αἰσχυνθεῖς ἀπολιπεῖν.

Πρώταρχος: ἔστω νῦν ταῦτα ταύτη ὅπη σοὶ δοκεῖ.

Σωκράτης: ἄρ' οὖν αἴτιος ἐγὼ τοῦ μὴ καλῶς ὑπολαβεῖν σε;

Πρώταρχος: τὸ ποῖον;

Σωκράτης: οὐκ, ὦ φίλε Πρώταρχε, τοῦτο ἐγωγε ἐζήτουν πω, 58c τίς τέχνη ἢ τίς ἐπιστήμη πασῶν διαφέρει τῷ μεγίστῃ καὶ ἀρίστῃ καὶ πλεῖστα ὠφελοῦσα ἡμᾶς, ἀλλὰ τίς ποτε τὸ σαφές καὶ τὰκριβές καὶ τὸ ἀληθέστατον ἐπισκοπεῖ, κἂν εἰ σμικρὰ καὶ σμικρὰ ὄνινᾶσα, τοῦτ' ἔστιν ὃ νῦν δὴ ζητοῦμεν. ἀλλ' ὅραοῦδὲ γὰρ ἀπεχθήσῃ Γοργία, τῇ μὲν ἐκείνου ὑπάρχειν τέχνη διδοὺς πρὸς χρεῖαν τοῖς ἀνθρώποις κρατεῖν, ἣ δ' εἶπον ἐγὼ νῦν πραγματεία, καθάπερ τοῦ λευκοῦ πέρι τότε ἔλεγον, κἂν εἰ σμικρόν, καθαρὸν δ' εἴη, τοῦ πολλοῦ 58d καὶ μὴ τοιούτου διαφέρειν, τούτῳ γ' αὐτῷ τῷ ἀληθεστάτῳ, καὶ νῦν δὴ σφόδρα διανοηθέντες καὶ ἱκανῶς διαλογισάμενοι, μήτ' εἰς τινὰς ὠφελίας ἐπιστημῶν βλέψαντες μήτε τινὰς εὐδοκίμιας, ἀλλ' εἰ τις πέφυκε τῆς ψυχῆς ἡμῶν δύναμις ἐρᾶν τε τοῦ ἀληθοῦς καὶ πάντα ἔνεκα τούτου πράττειν, ταύτην εἴπωμεν διεξερευνησάμενοι τὸ καθαρὸν νοῦ τε καὶ φρονήσεως εἰ ταύτην μάλιστα ἐκ τῶν εἰκότων ἐκτῆσθαι φαῖμεν ἂν ἢ τίνα ἑτέραν ταύτης κυριωτέραν ἡμῖν ζητητέον. 58e

Πρώταρχος: ἀλλὰ σκοπῶ, καὶ χαλεπὸν οἶμαι συγχωρῆσαί τινα ἄλλην ἐπιστήμην ἢ τέχνην τῆς ἀληθείας ἀντέχεσθαι μᾶλλον ἢ ταύτην.

Σωκράτης: ἄρ' οὖν ἐννοήσας τὸ τοιόνδε εἵρηκας ὃ λέγεις νῦν, ὥς αἱ πολλαὶ τέχναι, καὶ ὅσοι περὶ ταῦτα πεπόνηνται, 59a πρῶτον μὲν δόξαις χρῶνται καὶ τὰ περὶ δόξαν ζητοῦσι συντεταμένως; εἴ τε καὶ περὶ φύσεως ἡγεῖται τις ζητεῖν, οἷσθ' ὅτι τὰ περὶ τὸν κόσμον τόνδε, ὅπῃ τε γέγονεν καὶ ὅπῃ πάσχει τι καὶ ὅπῃ ποιεῖ, ταῦτα ζητεῖ διὰ βίου; φαίμεν ἂν ταῦτα, ἢ πῶς;

Πρώταρχος: οὕτως.

Σωκράτης: οὐκοῦν οὐ περὶ τὰ ὄντα ἀεὶ, περὶ δὲ τὰ γιγνόμενα καὶ γενησόμενα καὶ γεγονότα ἡμῶν ὁ τοιοῦτος ἀνήρηται τὸν πόνον;

Πρώταρχος: ἀληθέστατα.

Σωκράτης: τούτων οὖν τι σαφὲς ἂν φαίμεν τῇ ἀκριβεστάτῃ 59b ἀληθείᾳ γίνεσθαι, ὧν μήτε ἔσχε μηδὲν πώποτε κατὰ ταῦτα μήθ' ἔξει μήτε εἰς τὸ νῦν παρὸν ἔχει;

Πρώταρχος: καὶ πῶς;

Σωκράτης: περὶ οὖν τὰ μὴ κεκτημένα βεβαιότητα μηδ' ἡντινοῦν πῶς ἂν ποτε βέβαιον γίγνοιθ' ἡμῖν καὶ ὅτιοῦν;

Πρώταρχος: οἶμαι μὲν οὐδαμῶς.

Σωκράτης: οὐδ' ἄρα νοῦς οὐδέ τις ἐπιστήμη περὶ αὐτὰ ἐστὶν τὸ ἀληθέστατον ἔχουσα.

Πρώταρχος: οὐκ οὐν εἰκός γε.

Σωκράτης: τὸν μὲν δὴ σὲ καὶ ἐμὲ καὶ Γοργίαν καὶ Φίληβον χρὴ συχνὰ χαίρειν ἔαν, τόδε δὲ διαμαρτύρασθαι τῷ λόγῳ. 59c

Πρώταρχος: τὸ ποῖον;

Σωκράτης: ὥς ἢ περὶ ἐκεῖνα ἔσθ' ἡμῖν τό τε βέβαιον καὶ τὸ καθαρὸν καὶ ἀληθές καὶ ὃ δὴ λέγομεν εἰλικρινές, περὶ τὰ ἀεὶ κατὰ τὰ αὐτὰ ὡσαύτως ἀμεικτότατα ἔχοντα, ἢ { {π|δεύτερος} } ἐκείνων ὅτι μάλιστα ἐστὶ συγγενές· τὰ δ' ἄλλα πάντα δευτέρᾳ τε καὶ ὕστερα λεκτέον.

Πρώταρχος: ἀληθέστατα λέγεις.

Σωκράτης: τὰ δὴ τῶν ὀνομάτων περὶ τὰ τοιαῦτα κάλλιστα ἄρ' οὐ τοῖς καλλίστοις δικαιοτάτον ἀπονέμειν;

Πρόταρχος: εἰκός γε. 59d

Σωκράτης: οὐκοῦν νοῦς ἐστὶ καὶ φρόνησις ἃ γ' ἂν τις τιμήσειε μάλιστα ὀνόματα;

Πρόταρχος: ναί.

Σωκράτης: ταῦτ' ἄρα ἐν ταῖς περὶ τὸ ὄν ὄντως ἐννοίαις ἐστὶν ἀπηκριβωμένα ὀρθῶς κείμενα καλεῖσθαι.

Πρόταρχος: πάνυ μὲν οὖν.

Σωκράτης: καὶ μὴν ἃ γε εἰς τὴν κρίσιν ἐγὼ τότε παρεσχόμην οὐκ ἄλλ' ἐστὶν ἢ ταῦτα τὰ ὀνόματα.

Πρόταρχος: τί μὴν, ὦ Σώκρατες;

Σωκράτης: εἶεν. τὸ μὲν δὴ φρονήσεώς τε καὶ ἡδονῆς πέρι 59e πρὸς τὴν ἀλλήλων μεῖξιν εἴ τις φαίη καταπερεὶ δημιουργοῖς ἡμῖν ἐξ ὧν ἢ ἐν οἷς δεῖ δημιουργεῖν τι παρακεῖσθαι, καλῶς ἂν τῷ λόγῳ ἀπεικάζοι.

Πρόταρχος: καὶ μάλα.

Σωκράτης: τὸ δὴ μετὰ ταῦτα ἄρ' οὐ μειγνύναι ἐπιχειρητέον;

Πρόταρχος: τί μὴν;

Σωκράτης: οὐκοῦν τάδε προειποῦσι καὶ ἀναμνήσασιν ἡμᾶς αὐτοὺς ὀρθότερον ἂν ἔχοι;

Πρόταρχος: τὰ ποῖα;

Σωκράτης: ἃ καὶ πρότερον ἐμνήσθημεν: εἴ δ' ἡ παροιμία 60a δοκεῖ ἔχειν, τὸ καὶ δις καὶ τρίς τό γε καλῶς ἔχον ἐπαναπολεῖν τῷ λόγῳ δεῖν.

Πρόταρχος: τί μὴν;

Σωκράτης: φέρε δὴ πρὸς Διός: οἶμαι γὰρ οὕτωςί πως τὰ τότε λεχθέντα ῥηθῆναι.

Πρώταρχος: πῶς;

Σωκράτης: Φίληβός φησι τὴν ἡδονὴν σκοπὸν ὀρθὸν πᾶσι ζώοις γεγονέναι καὶ δεῖν πάντας τούτου στοχάζεσθαι, καὶ δὴ καὶ τὰγαθὸν τοῦτ' αὐτὸ εἶναι σύμπασι, καὶ δύο ὀνόματα, ἀγαθὸν καὶ ἡδύ, ἐνὶ τινὶ καὶ φύσει μιᾷ τούτῳ ὀρθῶς 60b τεθέντ' ἔχειν: Σωκράτης δ' ἐν μὲν οὖν φησι τοῦτ' εἶναι, δύο δὲ καθάπερ τὰ ὀνόματα, καὶ τό τε ἀγαθὸν καὶ ἡδὺ διάφορον ἀλλήλων φύσιν ἔχειν, μᾶλλον δὲ μέτοχον εἶναι τῆς τοῦ ἀγαθοῦ μοίρας τὴν φρόνησιν ἢ τὴν ἡδονήν. οὐ ταῦτ' ἔστιν τε καὶ ἦν τὰ τότε λεγόμενα, ὦ Πρώταρχε;

Πρώταρχος: σφόδρα μὲν οὖν.

Σωκράτης: οὐκοῦν καὶ τόδε καὶ τότε καὶ νῦν ἡμῖν ἄν συνομολογοῖτο;

Πρώταρχος: τὸ ποῖον;

Σωκράτης: τὴν τὰγαθοῦ διαφέρειν φύσιν τῷδε τῶν ἄλλων. 60c

Πρώταρχος: τίτι;

Σωκράτης: ὧι παρείη τοῦτ' αἰεὶ τῶν ζώων διὰ τέλους πάντως καὶ πάντῃ, μηδενὸς ἐτέρου ποτὲ ἔτι προσδεῖσθαι, τὸ δὲ ἱκανὸν τελεώτατον ἔχειν. οὐχ οὕτως;

Πρώταρχος: οὕτω μὲν οὖν.

Σωκράτης: οὐκοῦν τῷ λόγῳ ἐπειράθημεν χωρὶς ἐκάτερον ἐκατέρου θέντες εἰς τὸν βίον ἐκάστων, ἄμεικτον μὲν ἡδονὴν φρονήσει, φρόνησιν δὲ ὡσαύτως ἡδονῆς μηδὲ τὸ σμικρότατον ἔχουσιν;

Πρώταρχος: ἦν ταῦτα.

Σωκράτης: μὴν οὖν ἡμῖν αὐτῶν τότε πότερον ἱκανὸν ἔδοξεν 60d εἶναί τῳ;

Πρώταρχος: καὶ πῶς;

Σωκράτης: εἰ δέ γε παρηνέχθημέν τι τότε, νῦν ὅστισοῦν ἐπαναλαβὼν ὀρθότερον εἰπάτω, μνήμην καὶ φρόνησιν καὶ ἐπιστήμην

καὶ ἀληθῆ δόξαν τῆς αὐτῆς ιδέας τιθέμενος καὶ σκοπῶν εἴ τις ἄνευ τούτων δέξαιτ' ἂν οἱ καὶ ὅτιοῦν εἶναι ἢ καὶ γίνεσθαι, μὴ ὅτι δὴ γε ἡδονὴν εἶθ' ὥς πλείστην εἶθ' ὥς σφοδροτάτην, ἣν μήτε ἀληθῶς δοξάζοι χαίρειν μήτε τὸ παράπαν γινώσκοι τί ποτε πέπονθε πάθος μήτ' αὖ ὅτε μνήμην τοῦ πάθους μὴδ' ὄντινοῦν χρόνον ἔχοι. ταῦτά δὲ λεγέτω καὶ περὶ φρονήσεως, εἴ τις ἄνευ πάσης ἡδονῆς καὶ τῆς βραχυτάτης δέξαιτ' ἂν φρόνησιν ἔχειν μᾶλλον ἢ μετὰ τινων ἡδονῶν ἢ πάσας ἡδονὰς χωρὶς φρονήσεως μᾶλλον ἢ μετὰ φρονήσεως αὐτὸς.

Πρόταρχος: οὐκ ἔστιν, ὦ Σώκρατες, ἀλλ' οὐδὲν δεῖ ταῦτά γε πολλάκις ἐπερωτᾶν. 61a

Σωκράτης: οὐκοῦν τό γε τέλεον καὶ πᾶσιν αἰρετὸν καὶ τὸ παντάπασιν ἀγαθὸν οὐδέτερον ἂν τούτων εἴη;

Πρόταρχος: πῶς γὰρ ἄν;

Σωκράτης: τὸ τοίνυν ἀγαθὸν ἥτοι σαφῶς ἢ καὶ τίνα τύπον αὐτοῦ ληπτέον, ἴν', ὅπερ ἐλέγομεν, δευτερεῖα ὅτ' ὀφείλομεν ἔχωμεν.

Πρόταρχος: ὀρθότατα λέγεις.

Σωκράτης: οὐκοῦν ὁδὸν μὲν τίνα ἐπὶ τὰγαθὸν εἰλήφαμεν;

Πρόταρχος: τίνα;

Σωκράτης: καθάπερ εἴ τις τίνα ἄνθρωπον ζητῶν τὴν οἴκησιν 61b πρῶτον ὀρθῶς ἴν' οἰκεῖ πύθοιτο αὐτοῦ, μέγα τι δῆπου πρὸς τὴν εὔρεσιν ἂν ἔχοι τοῦ ζητούμενου.

Πρόταρχος: πῶς δ' οὕτως;

Σωκράτης: καὶ νῦν δὴ τις λόγος ἐμήνυσεν ἡμῖν, ὥσπερ καὶ κατ' ἀρχάς, μὴ ζητεῖν ἐν τῷ ἀμείκτῳ βίῳ τὰγαθὸν ἀλλ' ἐν τῷ μεικτῷ.

Πρόταρχος: πάνυ γε.

Σωκράτης: ἐλπὶς μὲν πλείων ἐν τῷ μειχθέντι καλῶς τὸ ζητούμενον ἔσεσθαι φανερώτερον ἢ ἐν τῷ μῇ;

Πρώταρχος: πολύ γε.

Σωκράτης: τοῖς δὴ θεοῖς, ὦ Πρώταρχε, εὐχόμενοι κεραννύωμεν, 61c εἴτε Διόνυσος εἴτε Ἥφαιστος εἴθ' ὅστις θεῶν ταύτην τὴν τιμὴν εἴληχε τῆς συγκράσεως.

Πρώταρχος: πάνυ μὲν οὖν.

Σωκράτης: καὶ μὴν καθάπερ ἡμῖν οἰνοχόοις τισὶ παρεστᾶσι κρῆναιμέλιτος μὲν ἂν ἀπεικάζοι τις τὴν τῆς ἡδονῆς, τὴν δὲ τῆς φρονήσεως νηφαντικὴν καὶ ἄοινον αὐστηροῦ καὶ ὑγιεινοῦ τινος ὕδατοςᾶς προθυμητέον ὥς κάλλιστα συμμειγνύναι.

Πρώταρχος: πῶς γὰρ οὐ; 61d

Σωκράτης: φέρε δὴ πρότερον: ἄρα πᾶσαν ἡδονὴν πάση φρονήσει μειγνύντες τοῦ καλῶς ἂν μάλιστα ἐπιτύχοιμεν;

Πρώταρχος: ἴσως.

Σωκράτης: ἀλλ' οὐκ ἀσφαλές. ἥ δὲ ἀκινδυνότερον ἂν μειγνύοιμεν, δόξαν μοι δοκῶ τινα ἀποφήνασθαι ἂν.

Πρώταρχος: λέγε τίνα.

Σωκράτης: ἦν ἡμῖν ἡδονή τε ἀληθῶς, ὥς οἴομεθα, μᾶλλον ἐτέρας ἄλλη καὶ δὴ καὶ τέχνη τέχνης ἀκριβεστέρα;

Πρώταρχος: πῶς γὰρ οὐ;

Σωκράτης: καὶ ἐπιστήμη δὴ ἐπιστήμης διάφορος, ἡ μὲν ἐπὶ 61e τὰ γιγνόμενα καὶ ἀπολλύμενα ἀποβλέπουσα, ἡ δ' ἐπὶ τὰ μήτε γιγνόμενα μήτε ἀπολλύμενα, κατὰ ταῦτα δὲ καὶ ὡσαύτως ὄντα ἀεὶ. ταύτην εἰς τὸ ἀληθές ἐπισκοποῦμενοι ἡγησάμεθα ἐκείνης ἀληθεστέραν εἶναι.

Πρώταρχος: πάνυ μὲν οὖν ὀρθῶς.

Σωκράτης: οὐκοῦν εἰ τάληθέστατα τμήματα ἑκατέρας ἴδοιμεν πρῶτον συμμείξαντες, ἄρα ἱκανὰ ταῦτα συγκεκραμένα τὸν ἀγαπητότατον βίον ἀπεργασάμενα παρέχειν ἡμῖν, ἥ τινος ἐτι προσδεόμεθα καὶ τῶν μὴ τοιούτων; 62a

Πρόταρχος: ἐμοὶ γοῦν δοκεῖ δρᾶν οὕτως.

Σωκράτης: ἔστω δὴ τις ἡμῖν φρονῶν ἄνθρωπος αὐτῆς περὶ δικαιοσύνης ὅτι ἔστιν, καὶ λόγον ἔχων ἐπόμενον τῷ νοεῖν, καὶ δὴ καὶ περὶ τῶν ἄλλων πάντων τῶν ὄντων ὡσαύτως διανοούμενος.

Πρόταρχος: ἔστω γὰρ οὖν.

Σωκράτης: ἄρ' οὖν οὗτος ἱκανῶς ἐπιστήμης ἔξει, κύκλου μὲν καὶ σφαίρας αὐτῆς τῆς θείας τὸν λόγον ἔχων, τὴν δὲ ἀνθρωπίνην ταύτην σφαῖραν καὶ τοὺς κύκλους τούτους ἀγνοῶν, 62b καὶ χρώμενος ἐν οἰκοδομῇ καὶ τοῖς ἄλλοις ὁμοίως κανόσι καὶ τοῖς κύκλοις;

Πρόταρχος: γελοῖαν διάθεσιν ἡμῶν, ὦ Σώκρατες, ἐν ταῖς θεαῖς οὕσαν μόνον ἐπιστήμῃς λέγομεν.

Σωκράτης: πῶς φήεις; ἢ τοῦ ψευδοῦς κανόνος ἅμα καὶ τοῦ κύκλου τὴν οὐ βέβαιον οὐδὲ καθαρὰν τέχνην ἐμβλητέον κοινῇ καὶ συγκρατέον;

Πρόταρχος: ἀναγκαῖον γάρ, εἰ μέλλει τις ἡμῶν καὶ τὴν ὁδὸν ἐκάστοτε ἐξευρήσῃν οἴκαδε. 62c

Σωκράτης: ἢ καὶ μουσικὴν, ἣν ὀλίγον ἔμπροσθεν ἔφαμεν στοχάσεως τε καὶ μιμήσεως μεστήν οὕσαν καθαρότητος ἐνδεῖν;

Πρόταρχος: ἀναγκαῖον φαίνεται ἔμοιγε, εἴπερ γε ἡμῶν ὁ βίος ἔσται καὶ ὅπως οὖν ποτε βίος.

Σωκράτης: βούλει δῆτα, ὥσπερ θυρωρὸς ὑπ' ὄχλου τις ὠθούμενος καὶ βιαζόμενος, ἡττηθεὶς ἀναπετάσας τὰς θύρας ἀφ' ὧν πάσας τὰς ἐπιστήμας εἰσερεῖν καὶ μείγνυσθαι ὁμοῦ καθαρᾷ τὴν ἐνδεεστέραν; 62d

Πρόταρχος: οὐκ οὖν ἔγωγε οἶδα, ὦ Σώκρατες, ὅτι τις ἂν βλάπτοιτο πάσας λαβὼν τὰς ἄλλας ἐπιστήμας, ἔχων τὰς πρώτας.

Σωκράτης: μεθ' ὧν δὴ τὰς συμπάσας ρεῖν εἰς τὴν τῆς Ὀμήρου καὶ μάλα ποιητικῆς μισγαγκείας ὑποδοχὴν;

Πρόταρχος: πάνυ μὲν οὖν.

Σωκράτης: μεθεῖνται: καὶ πάλιν ἐπὶ τὴν τῶν ἡδονῶν πηγὴν ἰτέον. ὥς γὰρ διανοήθημεν αὐτὰς μειγνύναι, τὰ τῶν ἀληθῶν μύρια πρῶτον, οὐκ ἐξεγένεθ' ἡμῖν, ἀλλὰ διὰ τὸ πᾶσαν ἀγαπᾶν ἐπιστήμην εἰς ταῦτον μεθεῖμεν ἀθρόας καὶ πρόσθεν 62e τῶν ἡδονῶν.

Πρόταρχος: ἀληθέστατα λέγεις.

Σωκράτης: ὦρα δὴ βουλεύεσθαι νῦν καὶ περὶ τῶν ἡδονῶν, πότερα καὶ ταύτας πάσας ἀθρόας ἀφετέον ἢ καὶ τούτων πρῶτας μεθετέον ἡμῖν ὅσαι ἀληθεῖς.

Πρόταρχος: πολὺ τι διαφέρει πρὸς γε ἀσφάλειαν πρῶτας τὰς ἀληθεῖς ἀφεῖναι.

Σωκράτης: μεθείσθων δὴ. τί δὲ μετὰ ταῦτα; ἄρ' οὐκ εἰ μὲν τινες ἀναγκαῖαι, καθάπερ ἐκεῖ, συμμεικτέον καὶ ταύτας;

Πρόταρχος: τί δ' οὐ; τὰς γε ἀναγκαίας δήπουθεν. 63a

Σωκράτης: εἰ δέ γε καί, καθάπερ τὰς τέχνας πάσας ἀβλαβές τε καὶ ὠφέλιμον ἦν ἐπίστασθαι διὰ βίου, καὶ νῦν δὴ ταῦτα λέγομεν περὶ τῶν ἡδονῶν, εἴπερ πάσας ἡδονὰς ἥδεσθαι διὰ βίου συμφέρον τε ἡμῖν ἐστὶ καὶ ἀβλαβές ἅπασιν, πάσας συγκρατέον.

Πρόταρχος: πῶς οὖν δὴ περὶ αὐτῶν τούτων λέγωμεν; καὶ πῶς ποιῶμεν;

Σωκράτης: οὐχ ἡμᾶς, ὦ Πρόταρχε, διερωτᾶν χρή, τὰς ἡδονὰς δὲ αὐτὰς καὶ τὰς φρονήσεις διαπυνθανομένους τὸ τοιόνδε ἀλλήλων πέρι. 63b

Πρόταρχος: τὸ ποῖον;

Σωκράτης: ὦ φίλοι, εἴτε ἡδονὰς ὑμᾶς χρή προσαγορεύειν εἴτε ἄλλω ὀτρωῦν ὀνόματι, μὴ οὐκ ἂν δέξαισθε οἰκεῖν μετὰ φρονήσεως πάσης ἢ χωρὶς τοῦ φρονεῖν; οἶμαι μὲν πρὸς ταῦτα τόδ' αὐτὰς ἀναγκαιότατον εἶναι λέγειν.

Πρόταρχος: τὸ ποῖον;

Σωκράτης: ὅτι καθάπερ ἔμπροσθεν ἐρρήθη, τὸ μόνον καὶ ἔρημον

εἰλικρινὲς εἶναι τι γένος οὔτε πάνυ τι δυνατόν οὔτ' 63c ὠφέλιμον: πάντων γε μὴν ἡγούμεθα γενῶν ἄριστον ἔν' ἀνθ' ἐνὸς συνοικεῖν ἡμῖν τὸ τοῦ γινώσκειν τὰλλά τε πάντα καὶ {{π|αὖ τὴν] αὐτὴν ἡμῶν τελέως εἰς δύναμιν ἐκάστην.

Πρόταρχος: καὶ καλῶς γε εἰρήκατε τὰ νῦν, φήσομεν.

Σωκράτης: ὀρθῶς. πάλιν τοίνυν μετὰ τοῦτο τὴν φρόνησιν καὶ τὸν νοῦν ἀνερωτητέον: ἄρ' ἡδονῶν τι προσδεῖσθε ἐν τῇ συγκράσει; φαῖμεν ἂν αὖ τὸν νοῦν τε καὶ τὴν φρόνησιν ἀνερωτῶντες. ποίων, φαῖεν ἂν ἴσως, ἡδονῶν;

Πρόταρχος: εἰκός. 63d

Σωκράτης: ὁ δέ γ' ἡμέτερος λόγος μετὰ τοῦτ' ἐστὶν ὅδε. πρὸς ταῖς ἀληθέσιν ἐκείναις ἡδοναῖς, φήσομεν, ἄρ' ἔτι προσδεῖσθ' ὑμῖν τὰς μεγίστας ἡδονὰς συνοίκους εἶναι καὶ τὰς σφοδροτάτας; καὶ πῶς, ὦ Σώκρατες, ἴσως φαῖεν ἂν, αἱ γ' ἐμποδίσματά τε μυρία ἡμῖν ἔχουσι, τὰς ψυχὰς ἐν αἷς οἰκοῦμεν ταραττοῦσαι διὰ μανίας {{π|ἡδονάς], καὶ γίνεσθαι 63e τε ἡμᾶς τὴν ἀρχὴν οὐκ ἐῷσι, τὰ τε γινόμενα ἡμῶν τέκνα ὥς τὸ πολὺ, δι' ἀμέλειαν λήθην ἐμποιοῦσαι, παντάπασι διαφθείρουσιν; ἀλλ' ἅς τε ἡδονὰς ἀληθεῖς καὶ καθαρὰς {{π|ᾶς] εἶπες, σχεδὸν οἰκείας ἡμῖν νόμιζε, καὶ πρὸς ταύταις τὰς μεθ' ὑγιείας καὶ τοῦ σωφρονεῖν, καὶ δὴ καὶ συμπάσης ἀρετῆς ὁπόσαι καθάπερ θεοῦ ὁπαδοὶ γινόμεναι αὐτῇ συνακολουθοῦσι πάντῃ, ταύτας μείγνυ: τὰς δ' αἰεὶ μετ' ἀφροσύνης καὶ τῆς ἄλλης κακίας ἐπομένας πολλή που ἄλογία τῷ νῷ μειγνύναι τὸν βουλόμενον ὅτι καλλίστην ἰδόντα καὶ ἀστασιαστοτάτην μεῖζιν 64a καὶ κρᾶσιν, ἐν ταύτῃ μαθεῖν πειρᾶσθαι τί ποτε ἔν τ' ἀνθρώπῳ καὶ τῷ παντὶ πέφυκεν ἀγαθὸν καὶ τίνα ἰδέαν αὐτὴν εἶναι ποτε μαντευτέον. ἄρ' οὐκ ἐμφρόνως ταῦτα καὶ ἐχόντως ἑαυτὸν τὸν νοῦν φήσομεν ὑπὲρ τε αὐτοῦ καὶ μνήμης καὶ δόξης ὀρθῆς ἀποκρίνασθαι τὰ νῦν ῥηθέντα;

Πρόταρχος: παντάπασι μὲν οὖν.

Σωκράτης: ἀλλὰ μὴν καὶ τόδε γε ἀναγκαῖον, καὶ οὐκ ἄλλως ἂν ποτε γένοιτο οὐδ' ἂν ἔν. 64b

Πρόταρχος: τὸ ποῖον;

Σωκράτης: ὦι μὴ μείζομεν ἀλήθειαν, οὐκ ἂν ποτε τοῦτο ἀληθῶς γίγνοιτο οὐδ' ἂν γενόμενον εἶη.

Πρώταρχος: πῶς γὰρ ἂν;

Σωκράτης: οὐδαμῶς. ἀλλ' εἴ τις οὖν ἐτι προσδεῖ τῇ συγκράσει ταύτῃ, λέγετε σὺ καὶ Φίληβος. ἐμοὶ μὲν γὰρ καθαπερεὶ κόσμος τις ἀσώματος ἄρξων καλῶς ἐμψύχου σώματος ὁ νῦν λόγος ἀπειργάσθαι φαίνεται.

Πρώταρχος: καὶ ἐμοὶ τοίνυν, ὦ Σώκρατες, οὕτω λέγε δεδόχθαι. 64c

Σωκράτης: ἄρ' οὖν ἐπὶ μὲν τοῖς τοῦ ἀγαθοῦ νῦν ἤδη προθύροις [καὶ] τῆς οἰκίσεως ἐφεστάναι [τῆς τοῦ τοιούτου] λέγοντες ἴσως ὀρθῶς ἂν τινα τρόπον φαῖμεν;

Πρώταρχος: ἐμοὶ γοῦν δοκεῖ.

Σωκράτης: τί δῆτα ἐν τῇ συμμείξει τιμιώτατον ἅμα καὶ μάλιστ' αἴτιον εἶναι δόξειεν ἂν ἡμῖν τοῦ πᾶσιν γεγονέναι προσφιλῆ τὴν τοιαύτην διάθεσιν; τοῦτο γὰρ ἰδόντες μετὰ τοῦτ' ἐπισκεψόμεθα εἴθ' ἡδονῇ εἴτε τῷ νῷ προσφυέστερον καὶ οἰκειότερον ἐν τῷ παντὶ συνέστηκεν. 64d

Πρώταρχος: ὀρθῶς: τοῦτο γὰρ εἰς τὴν κρίσιν ἡμῖν ἐστι συμφορώτατον.

Σωκράτης: καὶ μὴν καὶ συμπάσης γε μείξεως οὐ χαλεπὸν ἰδεῖν τὴν αἰτίαν, δι' ἣν ἢ παντὸς ἀξία γίνεταί ἡτισοῦν ἢ τὸ παράπαν οὐδενός.

Πρώταρχος: πῶς λέγεις;

Σωκράτης: οὐδεὶς που τοῦτο ἀνθρώπων ἀγνοεῖ.

Πρώταρχος: τὸ ποῖον;

Σωκράτης: ὅτι μέτρου καὶ τῆς συμμέτρου φύσεως μὴ τυχοῦσα ἡτισοῦν καὶ ὅπως οὖν σύγκρασις πᾶσα ἐξ ἀνάγκης ἀπόλλυσι τὰ τε κεραννύμενα καὶ πρώτην αὐτήν: οὐδὲ 64e γὰρ κρᾶσις ἀλλὰ τις ἄκρατος συμπεφορημένη ἀληθῶς ἢ τοιαύτη γίνεταί ἐκάστοτε ὄντως τοῖς κεκτημένοις συμφορά.

Πρώταρχος: ἀληθέστατα.

Σωκράτης: νῦν δὴ καταπέφευγεν ἡμῖν ἡ τοῦ ἀγαθοῦ δύναμις εἰς τὴν τοῦ καλοῦ φύσιν: μετριότης γὰρ καὶ συμμετρία κάλλος δῆπου καὶ ἀρετὴ πανταχοῦ συμβαίνει γίνεσθαι.

Πρώταρχος: πάνυ μὲν οὖν.

Σωκράτης: καὶ μὴν ἀλήθειάν γε ἔφαμεν αὐτοῖς ἐν τῇ κράσει μεμεῖχθαι.

Πρώταρχος: πάνυ γε. 65a

Σωκράτης: οὐκοῦν εἰ μὴ μιᾷ δυνάμεθα ἰδέα τὸ ἀγαθὸν θηρεῦσαι, σὺν τρισὶ λαβόντες, κάλλει καὶ συμμετρίᾳ καὶ ἀληθείᾳ, λέγωμεν ὡς τοῦτο οἶον ἐν ὀρθότατ' ἂν αἰτιασαίμεθ' ἂν τῶν ἐν τῇ συμμείξει, καὶ διὰ τοῦτο ὡς ἀγαθὸν ὃν τοιαύτην αὐτὴν γεγονέναι.

Πρώταρχος: ὀρθότατα μὲν οὖν.

Σωκράτης: ἤδη τοίνυν, ὦ Πρώταρχε, ἱκανὸς ἡμῖν γένοιτ' ἂν ὅστισοῦν κριτῆς ἡδονῆς τε πέρι καὶ φρονήσεως, ὁπότερον 65b αὐτοῖν τοῦ ἀρίστου συγγενέστερόν τε καὶ τιμιώτερον ἐν ἀνθρώποις τέ ἐστι καὶ θεοῖς.

Πρώταρχος: δῆλον μὲν, ὅμως δ' οὖν τῷ λόγῳ ἐπεξελθεῖν βέλτιον.

Σωκράτης: καθ' ἐν ἑκαστον τοίνυν τῶν τριῶν πρὸς τὴν ἡδονὴν καὶ τὸν νοῦν κρίνωμεν: δεῖ γὰρ ἰδεῖν ποτέρῳ <ὡς> μᾶλλον συγγενὲς ἑκαστον αὐτῶν ἀπονεμοῦμεν.

Πρώταρχος: κάλλους καὶ ἀληθείας καὶ μετριότητος πέρι λέγεις;

Σωκράτης: ναί. πρῶτον δέ γε ἀληθείας λαβοῦ, ὦ Πρώταρχε: 65c καὶ λαβόμενος βλέψας εἰς τρία, νοῦν καὶ ἀλήθειαν καὶ ἡδονήν, πολὺν ἐπισχὼν χρόνον ἀποκρίναι σαυτῷ πότερον ἡδονὴ συγγενέστερον ἢ νοῦς ἀληθείᾳ.

Πρώταρχος: τί δὲ χρόνου δεῖ; πολὺ γὰρ οἶμαι διαφέρετον. ἡδονὴ μὲν γὰρ ἀπάντων ἀλαζονίστατον, ὡς δὲ λόγος, καὶ ἐν ταῖς ἡδοναῖς ταῖς περὶ τὰ φροδίδια, αἱ δὴ μέγιστα δοκοῦσιν εἶναι, καὶ τὸ ἐπιорκεῖν

συγγνώμην εἴληφε παρὰ θεῶν, ὥς 65d καθάπερ παίδων τῶν ἡδονῶν νοῦν οὐδὲ τὸν ὀλίγιστον κεκτημένων: νοῦς δὲ ἦτοι ταῦτόν καὶ ἀλήθειά ἐστιν ἢ πάντων ὁμοιότατόν τε καὶ ἀληθέστατον.

Σωκράτης: οὐκοῦν τὸ μετὰ τοῦτο τὴν μετριότητα ὡσαύτως σκέψαι, πότερον ἡδονὴ φρονήσεως ἢ φρόνησις ἡδονῆς πλείω κέκτηται;

Πρώταρχος: εὐσκεπτόν γε καὶ ταύτην σκέψιν προβέβληκας: οἶμαι γὰρ ἡδονῆς μὲν καὶ περιχαρείας οὐδὲν τῶν ὄντων πεφυκὸς ἀμετρώτερον εὐρεῖν ἂν τινα, νοῦ δὲ καὶ ἐπιστήμης ἐμμετρώτερον οὐδ' ἂν ἔν ποτε. 65e

Σωκράτης: καλῶς εἴρηκας. ὅμως δ' ἔτι λέγε τὸ τρίτον. νοῦς ἡμῖν κάλλους μετείληφε πλεῖον ἢ τὸ τῆς ἡδονῆς γένος, ὥστε εἶναι καλλίω νοῦν ἡδονῆς, ἢ τοῦναντίον;

Πρώταρχος: ἀλλ' οὖν φρόνησιν μὲν καὶ νοῦν, ὃ Σώκρατες, οὐδεὶς πώποτε οὐθ' ὕπαρ οὐτ' ὄναρ αἰσχρὸν οὔτε εἶδεν οὔτε ἐπενόησεν οὐδαμῇ οὐδαμῶς οὔτε γιγνόμενον οὔτε ὄντα οὔτε ἐσόμενον.

Σωκράτης: ὀρθῶς.

Πρώταρχος: ἡδονὰς δέ γε που, καὶ ταῦτα σχεδὸν τὰς μεγίστας, ὅταν ἴδωμεν ἡδόμενον ὄντινοῦν, ἢ τὸ γελοῖον ἐπ' αὐταῖς ἢ τὸ β6a πάντων αἰσχιστον ἐπόμενον ὀρῶντες αὐτοί τε αἰσχυνόμεθα καὶ ἀφανίζοντες κρύπτομεν ὅτι μάλιστα, νυκτὶ πάντα τὰ τοιαῦτα διδόντες, ὥς φῶς οὐ δέον ὀρᾶν αὐτά.

Σωκράτης: πάντῃ δὴ φήσεις, ὃ Πρώταρχε, ὑπό τε ἀγγέλων πέμπων καὶ παροῦσι φράζων, ὥς ἡδονὴ κτῆμα οὐκ ἔστι πρῶτον οὐδ' αὖ δεύτερον, ἀλλὰ πρῶτον μὲν πῃ περὶ μέτρον καὶ τὸ μέτριον καὶ καίριον καὶ πάντα ὅποσα χρή τοιαῦτα νομίζειν, τὴν αἰδίων ἡρῆσθαι.

Πρώταρχος: φαίνεται γοῦν ἐκ τῶν νῦν λεγομένων. 66b

Σωκράτης: δεύτερον μὴν περὶ τὸ σύμμετρον καὶ καλὸν καὶ τὸ τέλειον καὶ ἰκανὸν καὶ πάνθ' ὅποσα τῆς γενεᾶς αὖ ταύτης ἐστίν.

Πρώταρχος: ἔοικε γοῦν.

Σωκράτης: τὸ τοίνυν τρίτον, ὥς ἡ ἐμὴ μαντεία, νοῦν καὶ φρόνησιν

τιθεῖς οὐκ ἄν μέγα τι τῆς ἀληθείας παρεξέλθοις.

Πρόταρχος: ἴσως.

Σωκράτης: ἄρ' οὖν οὐ τέταρτα, ἃ τῆς ψυχῆς αὐτῆς ἔθεμεν, ἐπιστήμας τε καὶ τέχνας καὶ δόξας ὀρθὰς λεχθείσας, ταῦτ' ὅς ἐστιν εἶναι τὰ πρὸς τοῖς τρισὶ τέταρτα, εἴπερ τοῦ ἀγαθοῦ γέ ἐστι μᾶλλον { {π|ῆ} τῆς ἡδονῆς συγγενῆ;

Πρόταρχος: τάχ' ἄν.

Σωκράτης:

πέμπτας τοίνυν, ἃς ἡδονὰς ἔθεμεν ἀλύπους ὀρισάμενοι, καθαρὰς ἐπονομάσαντες τῆς ψυχῆς αὐτῆς, ἐπιστήμας, τὰς δὲ αἰσθήσεσιν ἐπομένας;

Πρόταρχος: ἴσως.

Σωκράτης: ἕκτη δ' ἐν γενεᾷ, φησὶν Ὀρφεύς, καταπαύσατε κόσμον αἰοιδῆς: ἀτὰρ κινδυνεύει καὶ ὁ ἡμέτερος λόγος ἐν ἕκτη καταπεπαυμένος εἶναι κρίσει. τὸ δὴ μετὰ 66d ταῦθ' ἡμῖν οὐδὲν λοιπὸν πλὴν ὥσπερ κεφαλὴν ἀποδοῦναι τοῖς εἰρημένοις.

Πρόταρχος: οὐκοῦν χρή.

Σωκράτης: ἴθι δὴ, τὸ τρίτον τῷ σωτῆρι τὸν αὐτὸν διαμαρτυράμενοι λόγον ἐπεξέλθωμεν.

Πρόταρχος: ποῖον δὴ;

Σωκράτης: Φίληβος τὰγαθὸν ἐτίθετο ἡμῖν ἡδονὴν εἶναι πᾶσαν καὶ παντελεῖ.

Πρόταρχος: τὸ τρίτον, ὃ Σώκρατες, ὡς ἔοικας, ἔλεγες ἀρτίως τὸν ἐξ ἀρχῆς ἐπαναλαβεῖν δεῖν λόγον. 66e

Σωκράτης: ναί, τὸ δέ γε μετὰ τοῦτο ἀκούωμεν. ἐγὼ γὰρ δὴ κατιδὼν ἅπερ νυνδὴ διελήλυθα, καὶ δυσχεράνας τὸν Φιλήβου λόγον οὐ μόνον ἀλλὰ καὶ ἄλλων πολλάκις μυρίων, εἶπον ὡς ἡδονῆς γε νοῦς εἴη μακρῷ βέλτιόν τε καὶ ἄμεινον τῷ τῶν ἀνθρώπων βίῳ.

Πρόταρχος: ἦν ταῦτα.

Σωκράτης: ὑποπτεύων δέ γε καὶ ἄλλα εἶναι πολλὰ εἶπον ὥς εἰ φανείη τι τούτοις ἀμφοῖν βέλτιον, ὑπὲρ τῶν δευτερείων νῦν πρὸς ἡδονὴν συνδιαμαχοίμην, ἡδονὴ δὲ καὶ δευτερείων στερήσοιτο. 67a

Πρόταρχος: εἶπες γὰρ οὖν.

Σωκράτης: καὶ μετὰ ταῦτά γε πάντων ἱκανώτατα τούτοις οὐδέτερον ἱκανὸν ἐφάνη.

Πρόταρχος: ἀληθέστατα.

Σωκράτης: οὐκοῦν παντάπασιν ἐν τούτῳ τῷ λόγῳ καὶ νοῦς ἀπήλλακτο καὶ ἡδονὴ μὴ τοι τὰγαθόν γε αὐτὸ μηδ' ἕτερον αὐτοῖς εἶναι, στερομένοις αὐταρκειᾶς καὶ τῆς τοῦ ἱκανοῦ καὶ τελέου δυνάμεως;

Πρόταρχος: ὀρθότατα.

Σωκράτης: φανέντος δέ γε ἄλλου τρίτου κρείττονος τούτοις ἑκατέρου, μυρίῳ γ' αὖ νοῦς ἡδονῆς οἰκειότερον καὶ προσφυέστερον πέφανται νῦν τῇ τοῦ νικῶντος ιδέᾳ.

Πρόταρχος: πῶς γὰρ οὐ;

Σωκράτης: οὐκοῦν πέμπτον κατὰ τὴν κρίσιν, ἣν νῦν ὁ λόγος ἀπεφίγητο, γίγνεται ἂν ἡ τῆς ἡδονῆς δύναμις.

Πρόταρχος: ἔοικεν. 67b

Σωκράτης: πρῶτον δέ γε οὐδ' ἂν οἱ πάντες βόες τε καὶ ἵπποι καὶ τᾶλλα σύμπαντα θηρία φῶσι τῷ τὸ χαίρειν διώκειν: οἷς πιστεύοντες, ὥσπερ μάντις ὄρνισιν, οἱ πολλοὶ κρίνουσι τὰς ἡδονὰς εἰς τὸ ζῆν ἡμῖν εὖ κρατίστας εἶναι, καὶ τοὺς θηρίων ἔρωτας οἶονται κυρίους εἶναι μάρτυρας μᾶλλον ἢ τοὺς τῶν ἐν μούσῃ φιλοσόφῳ μεμαντευμένων ἐκάστοτε λόγων.

Πρόταρχος: ἀληθέστατα, ὦ Σώκρατες, εἰρήσθαί σοι νῦν ἤδη φαμέν ἅπαντες.

Σωκράτης: οὐκοῦν καὶ ἀφίετέ με;

Πρόταρχος: σμικρὸν ἔτι τὸ λοιπόν, ὦ Σώκρατες: οὐ γὰρ δήπου σύ γε ἀπερεῖς πρότερος ἡμῶν, ὑπομνήσω δέ σε τὰ λειπόμενα.

Ἀθηναῖος

θεὸς ἢ τις ἀνθρώπων ὑμῖν, ὃ ξένοι, εἵληφε τὴν αἰτίαν τῆς τῶν νόμων διαθέσεως;

Κλεινίας

θεός, ὃ ξένε, θεός, ὥς γε τὸ δικαιοτάτον εἶπεῖν: παρὰ μὲν ἡμῖν Ζεὺς, παρὰ δὲ Λακεδαιμονίοις, ὅθεν ὅδε ἐστίν, οἶμαι φάναι τούτους Ἀπόλλωνα. ἦ γάρ;

Μέγилλος

Ἀθηναῖος

μῶν οὖν καθ' Ὅμηρον λέγεις ὡς τοῦ Μίνω φοιτῶντος [624β] πρὸς τὴν τοῦ πατρὸς ἐκάστοτε συνουσίαν δι' ἐνάτου ἔτους καὶ κατὰ τὰς παρ' ἐκείνου φήμας ταῖς πόλεσιν ὑμῖν θέντος τοὺς νόμους;

Κλεινίας

λέγεται γὰρ οὕτω παρ' ἡμῖν: καὶ δὴ καὶ τὸν ἀδελφόν γε αὐτοῦ Ῥαδάμανθυν-ἀκούετε γὰρ τὸ ὄνομα-δικαιοτάτον [625α] γεγονέναι. τοῦτον οὖν φαῖμεν ἂν ἡμεῖς γε οἱ Κρηῖτες, ἐκ τοῦ τότε διανέμειν τὰ περὶ τὰς δίκας, ὀρθῶς τοῦτον τὸν ἔπαινον αὐτὸν εἵληφέναι.

Ἀθηναῖος

καὶ καλόν γε τὸ κλέος ὑεῖ τε Διὸς μάλα πρέπον. ἐπειδὴ δὲ ἐν τοιούτοις ἤθεσι τέθραφθε νομικοῖς σύ τε καὶ ὅδε, προσδοκῶ οὐκ ἂν ἀηδῶς περὶ τε πολιτείας τὰ νῦν καὶ νόμων τὴν διατριβήν, λέγοντάς τε καὶ ἀκούοντας ἅμα κατὰ [625β] τὴν πορείαν, ποιήσασθαι. πάντως δ' ἦ γε ἐκ Κνωσοῦ ὁδὸς εἰς τὸ τοῦ Διὸς ἄντρον καὶ ἱερόν, ὡς ἀκούομεν, ἱκανή, καὶ ἀνάπαυλαι κατὰ τὴν ὁδόν, ὡς εἰκός, πνίγους ὄντος τὰ νῦν,

ἐν τοῖς ὑψηλοῖς δένδρεσιν εἰσι σκιαραί, καὶ ταῖς ἡλικίαις πρέπον ἄν
ἡμῶν εἴη τὸ διαναπαύεσθαι πυκνὰ ἐν αὐταῖς, λόγοις τε ἀλλήλους
παραμυθουμένους τὴν ὁδὸν ἅπασαν οὕτω μετὰ ῥαστώνης
διαπερᾶναι.

Κλεινίας

καὶ μὴν ἔστιν γε, ὦ ξέने, προϊόντι κυπαρίττων τε [625ξ] ἐν τοῖς
ἄλσεσιν ὕψη καὶ κάλλη θαυμάσια, καὶ λειμῶνες ἐν οἷσιν
ἀναπαυόμενοι διατρίβοιμεν ἄν.

Ἀθηναῖος

ὀρθῶς λέγεις.

Κλεινίας

πάνυ μὲν οὖν· ἰδόντες δὲ μᾶλλον φήσομεν. ἀλλ' ἴωμεν ἀγαθῇ τύχῃ.

Ἀθηναῖος

ταῦτ' εἴη. καί μοι λέγε· κατὰ τί τὰ συσσίτιά τε ὑμῖν συντέταχεν ὁ
νόμος καὶ τὰ γυμνάσια καὶ τὴν τῶν ὅπλων ἑξίν;

Κλεινίας

οἶμαι μὲν, ὦ ξέने, καὶ παντὶ ῥάδιον ὑπολαβεῖν εἶναι τὰ γε ἡμέτερα.
τὴν γὰρ τῆς χώρας πάσης Κρήτης φύσιν [625δ] ὁρᾶτε ὥς οὐκ ἔστι,
καθάπερ ἢ τῶν Θετταλῶν, πεδιάς, διὸ δὴ καὶ τοῖς μὲν ἵπποις ἐκεῖνοι
χρῶνται μᾶλλον, δρόμοισιν δὲ ἡμεῖς· ἦδε γὰρ ἀνώμαλος αὖ καὶ πρὸς
τὴν τῶν πεζῶν δρόμων ἄσκησιν μᾶλλον σύμμετρος. ἐλαφρὰ δὴ τὰ
ὅπλα ἀναγκαῖον ἐν τῷ τοιοῦτῳ κεκτῆσθαι καὶ μὴ βάρος ἔχοντα θεῖν·
τῶν δὴ τόξων καὶ τοξευμάτων ἢ κουφότης ἀρμόττειν δοκεῖ. ταῦτ'
οὖν πρὸς τὸν πόλεμον ἡμῖν ἅπαντα ἐξήρτυται, [625ε] καὶ πάνθ' ὁ
νομοθέτης, ὥς γ' ἐμοὶ φαίνεται, πρὸς τοῦτο βλέπων συνετάττετο·
ἐπεὶ καὶ τὰ συσσίτια κινδυνεύει συναγαγεῖν, ὁρῶν ὥς πάντες ὅποταν
στρατεύωνται, τόθ' ὑπ' αὐτοῦ τοῦ πράγματος ἀναγκάζονται φυλακῆς
αὐτῶν ἕνεκα συσσιτεῖν τοῦτον τὸν χρόνον. ἄνοιαν δὴ μοι δοκεῖ
καταγνῶναι τῶν πολλῶν ὥς οὐ μανθανόντων ὅτι πόλεμος αἰεὶ πᾶσιν
διὰ βίου συνεχῆς ἐστὶ πρὸς ἀπάσας τὰς πόλεις· εἰ δὴ πολέμου γε

ὄντος φυλακῆς ἕνεκα δεῖ συσσιτεῖν καὶ τινας ἄρχοντας καὶ [626α] ἀρχομένους διακεκοσμημένους εἶναι φύλακας αὐτῶν, τοῦτο καὶ ἐν εἰρήνῃ δραστεόν. ἦν γὰρ καλοῦσιν οἱ πλεῖστοι τῶν ἀνθρώπων εἰρήνῃ, τοῦτ' εἶναι μόνον ὄνομα, τῷ δ' ἔργῳ πάσαις πρὸς πάσας τὰς πόλεις ἀεὶ πόλεμον ἀκήρυκτον κατὰ φύσιν εἶναι. καὶ σχεδὸν ἀνευρήσεις, οὕτω σκοπῶν, τὸν Κρητῶν νομοθέτην ὡς εἰς τὸν πόλεμον ἅπαντα δημοσίᾳ καὶ ἰδίᾳ τὰ νόμιμα ἡμῖν ἀποβλέπων συνετάξατο, καὶ κατὰ ταῦτα [626β] οὕτω φυλάττειν παρέδωκε τοὺς νόμους, ὡς τῶν ἄλλων οὐδενὸς οὐδὲν ὄφελος ὃν οὔτε κτημάτων οὔτ' ἐπιτηδευμάτων, ἂν μὴ τῷ πολέμῳ ἄρα κρατῇ τις, πάντα δὲ τὰ τῶν νικωμένων ἀγαθὰ τῶν νικόντων γίνεσθαι.

Ἀθηναῖος

καλῶς γε, ὃ ξένε, φαίνει μοι γεγυμνάσθαι πρὸς τὸ διειδέναι τὰ Κρητῶν νόμιμα. τόδε δέ μοι φράζε ἔτι σαφέστερον: ὃν γὰρ ὄρον ἔθου τῆς εὗ πολιτευομένης πόλεως, [626ζ] δοκεῖς μοι λέγειν οὕτω κεκοσμημένην οἰκεῖν δεῖν, ὥστε πολέμῳ νικᾷν τὰς ἄλλας πόλεις. ἦ γάρ;

Κλεινίας

πάνυ μὲν οὖν: οἶμαι δὲ καὶ τῷδε οὕτω συνδοκεῖν.

Μέγιλλος

πῶς γὰρ ἂν ἄλλως ἀποκρίναιτο, ὃ θεῖε, Λακεδαιμονίων γε ὅστισοῦν;

Ἀθηναῖος

πότερ' οὖν δὴ πόλεσι μὲν πρὸς πόλεις ὀρθὸν τοῦτ' ἐστί, κώμῃ δὲ πρὸς κώμην ἕτερον;

Κλεινίας

οὐδαμῶς.

Ἀθηναῖος

ἀλλὰ ταῦτόν;

Κλεινίας

ναί.

Ἀθηναῖος

τί δέ; πρὸς οἰκίαν οἰκία τῶν ἐν τῇ κόμῃ, καὶ πρὸς ἄνδρα ἀνδρὶ ἐνὶ πρὸς ἓνα, ταῦτόν ἐστι;

Κλεινίας

ταῦτόν. [626δ]

Ἀθηναῖος

αὐτῷ δὲ πρὸς αὐτὸν πότερον ὥς πολεμίῳ πρὸς πολέμιον διανοητέον; ἢ πῶς ἐτι λέγομεν;

Κλεινίας

ὦ ξέने Ἀθηναῖε-οὐ γάρ σε Ἀττικὸν ἐθέλοισι' ἂν προσαγορεύειν: δοκεῖς γάρ μοι τῆς θεοῦ ἐπωνυμίας ἄξιός εἶναι μᾶλλον ἐπονομάζεσθαι: τὸν γὰρ λόγον ἐπ' ἀρχὴν ὀρθῶς ἀναγαγὼν σαφέστερον ἐποίησας, ὥστε ῥᾶον ἀνευρήσεις ὅτι νυνδὴ ὑφ' ἡμῶν ὀρθῶς ἐρρήθη τὸ πολεμίους εἶναι πάντας πᾶσιν δημοσίᾳ τε, καὶ ἰδίᾳ ἐκάστους αὐτοὺς σφίσιν αὐτοῖς. [626ε]

Ἀθηναῖος

πῶς εἴρηκας, ὦ θαυμάσιε;

Κλεινίας

κάνταῦθα, ὦ ξέने, τὸ νικᾶν αὐτὸν αὐτὸν πασῶν νικῶν πρώτη τε καὶ ἀρίστη, τὸ δὲ ἡττᾶσθαι αὐτὸν ὑφ' ἑαυτοῦ πάντων αἰσχιστόν τε ἅμα καὶ κάκιστον. ταῦτα γὰρ ὥς πολέμου ἐν ἐκάστοις ἡμῶν ὄντος πρὸς ἡμᾶς αὐτοὺς σημαίνει.

Ἀθηναῖος

πάλιν τοίνυν τὸν λόγον ἀναστρέψωμεν. ἐπειδὴ γὰρ εἷς ἕκαστος ἡμῶν ὁ μὲν κρείττων αὐτοῦ, ὁ δὲ ἥττων [627α] ἐστί, πότερα φῶμεν οἰκίαν

τε καὶ κόμην καὶ πόλιν ἔχειν ταῦτόν τοῦτο ἐν αὐταῖς ἢ μὴ φῶμεν;

Κλεινίας

τὸ κρεῖττω τε ἑαυτῆς εἶναι λέγεις τινά, τὴν δ' ἤττω;

Ἀθηναῖος

ναί.

Κλεινίας

καὶ τοῦτο ὀρθῶς ἦρου: πάνν γὰρ ἔστι καὶ σφόδρα τὸ τοιοῦτον, οὐχ ἥκιστα ἐν ταῖς πόλεσιν. ἐν ὁπόσαις μὲν γὰρ οἱ ἀμείνονες νικῶσιν τὸ πλῆθος καὶ τοὺς χεῖρους, ὀρθῶς ἂν αὕτη κρεῖττων τε ἑαυτῆς λέγοιθ' ἢ πόλις, ἐπαινοῖτό τε ἂν δικαιοτάτα τῇ τοιαύτῃ νίκῃ: τοῦναντίον δέ, ὅπου τάναντία. [627β]

Ἀθηναῖος

τὸ μὲν τοῖνυν εἴ ποτέ ἐστίν που τὸ χεῖρον κρεῖττον τοῦ ἀμείνονος ἐάσωμεν-μακροτέρου γὰρ λόγου-τὸ δὲ ὑπὸ σοῦ λεγόμενον μανθάνω νῦν, ὥς ποτε πολῖται, συγγενεῖς καὶ τῆς αὐτῆς πόλεως γεγονότες, ἄδικοι καὶ πολλοὶ συνελθόντες, δικαίους ἐλάττους ὄντας βιάσονται δουλούμενοι, καὶ ὅταν μὲν κρατήσωσιν, ἤττων ἢ πόλις αὐτῆς ὀρθῶς αὕτη λέγοιτ' ἂν ἅμα καὶ κακή, ὅπου δ' ἂν ἠττῶνται, κρεῖττων τε καὶ ἀγαθή. [627ξ]

Κλεινίας

καὶ μάλα ἄτοπον, ὦ ξένε, τὸ νῦν λεγόμενον: ὅμως δὲ ὁμολογεῖν οὕτως ἀναγκαιοτάτον.

Ἀθηναῖος

ἔχε δὴ. καὶ τόδε πάλιν ἐπισκεψώμεθα: πολλοὶ ἀδελφοί που γένοιντ' ἂν ἐνὸς ἀνδρός τε καὶ μιᾶς ὑεῖς, καὶ δὴ καὶ θαυμαστὸν οὐδὲν τοὺς πλείους μὲν ἀδίκους αὐτῶν γίνεσθαι, τοὺς δὲ ἐλάττους δικαίους.

Κλεινίας

οὐ γὰρ οὖν.

Ἀθηναῖος

καὶ οὐκ ἂν εἶη γε πρόπον ἐμοὶ τε καὶ ὑμῖν τοῦτο θηρεύειν, ὅτι νικῶντων μὲν τῶν πονηρῶν ἢ τε οἰκία καὶ ἡ συγγένεια αὕτη πᾶσα ἡττων αὐτῆς λέγοιτ' ἂν, κρείττων δὲ [627δ] ἡττωμένων: οὐ γὰρ εὐσχημοσύνης τε καὶ ἀσχημοσύνης ῥημάτων ἔνεκα τὰ νῦν σκοπούμεθα πρὸς τὸν τῶν πολλῶν λόγον, ἀλλ' ὀρθότητός τε καὶ ἀμαρτίας πέρι νόμων, ἥτις ποτ' ἐστὶν φύσει.

Κλεινίας

ἀληθέστατα, ὦ ξένε, λέγεις.

Μέγилλος

καλῶς μὲν οὖν, ὥς γε ἐμοὶ συνδοκεῖν, τό γε τοσοῦτον, τὰ νῦν.

Ἀθηναῖος

ἴδωμεν δὴ καὶ τόδε: τούτοις τοῖς ἄρτι λεγομένοις ἀδελφοῖς γένοιτ' ἂν πού τις δικαστής;

Κλεινίας

πάνυ γε.

Ἀθηναῖος

πότερος οὖν ἀμείνων, ὅστις τοὺς μὲν ἀπολέσειεν [627ε] αὐτῶν ὅσοι κακοί, τοὺς δὲ βελτίους ἄρχειν αὐτοὺς αὐτῶν προστάζειεν, ἢ ὅδε ὃς ἂν τοὺς μὲν χρηστοὺς ἄρχειν, τοὺς χείρους δ' ἑάσας ζῆν ἄρχεσθαι ἐκόντας ποιήσειεν; τρίτον δέ που δικαστὴν πρὸς ἀρετὴν εἵπωμεν, εἴ τις εἶη τοιοῦτος ὅστις παραλαβὼν συγγένειαν μίαν διαφορομένην, μήτε ἀπολέσειεν [628α] μηδένα, διαλλάξας δὲ εἰς τὸν ἐπίλοιπον χρόνον, νόμους αὐτοῖς θεῖς, πρὸς ἀλλήλους παραφυλάττειν δύναιτο ὥστε εἶναι φίλους.

Κλεινίας

μακρῶ ἀμείνων γίγνοιτ' ἂν ὁ τοιοῦτος δικαστής τε καὶ νομοθέτης.

Ἀθηναῖος

καὶ μὴν τοῦναντίον γε ἢ πρὸς πόλεμον ἂν βλέπων αὐτοῖς τοὺς νόμους διανομοθετοῖ.

Κλεινίας

τοῦτο μὲν ἀληθές.

Ἀθηναῖος

τί δ' ὁ τὴν πόλιν συναρμόττων; πρὸς πόλεμον αὐτῆς ἂν τὸν ἔξωθεν βλέπων τὸν βίον κοσμοῖ μᾶλλον, [628β] ἢ πρὸς πόλεμον τὸν ἐν αὐτῇ γιγνόμενον ἐκάστοτε, ἢ δὴ καλεῖται στάσις; ὃν μάλιστα μὲν ἅπας ἂν βούλοιτο μήτε γενέσθαι ποτὲ ἐν ἑαυτοῦ πόλει γενόμενόν τε ὡς τάχιστα ἀπαλλάττεσθαι.

Κλεινίας

δῆλον ὅτι πρὸς τοῦτον.

Ἀθηναῖος

πότερα δὲ ἀπολομένων αὖ τῶν ἐτέρων εἰρήνην τῆς στάσεως γενέσθαι, νικησάντων δὲ ποτέρων, δέξαιτ' ἂν τις, μᾶλλον ἢ φιλίας τε καὶ εἰρήνης ὑπὸ διαλλαγῶν γενομένης, οὕτω τοῖς ἔξωθεν πολεμίοις προσέχειν ἀνάγκη εἶναι τὸν [628ξ] νοῦν;

Κλεινίας

οὕτω πᾶς ἂν ἐθέλοι πρότερον ἢ 'κείνως περὶ τὴν αὐτοῦ γίγνεσθαι πόλιν.

Ἀθηναῖος

οὐκοῦν καὶ νομοθέτης ὡσαύτως;

Κλεινίας

τί μὴν;

Ἀθηναῖος

ἄρα οὖν οὐ τοῦ ἀρίστου ἔνεκα πάντα ἂν τὰ νόμιμα τιθεῖν πᾶς;

Κλεινίας

πῶς δ' οὔ;

Ἀθηναῖος

τό γε μὴν ἄριστον οὔτε ὁ πόλεμος οὔτε ἡ στάσις, ἀπευκτὸν δὲ τὸ δεηθῆναι τούτων, εἰρήνη δὲ πρὸς ἀλλήλους ἅμα καὶ φιλοφροσύνη, καὶ δὴ καὶ τὸ νικᾶν, ὡς ἔοικεν, αὐτὴν [628δ] αὐτὴν πόλιν οὐκ ἦν τῶν ἀρίστων ἀλλὰ τῶν ἀναγκαίων: ὅμοιον ὡς εἰ κάμνον σῶμα ἱατρικῆς καθάρσεως τυχὸν ἡγοῖτό τις ἄριστα πράττειν τότε, τῷ δὲ μὴδὲ τὸ παράπαν δεηθέντι σώματι μὴδὲ προσέχοι τὸν νοῦν, ὡσαύτως δὲ καὶ πρὸς πόλεως εὐδαιμονίαν ἢ καὶ ἰδιώτου διανοοῦμενος οὕτω τις οὔτ' ἂν ποτε πολιτικὸς γένοιτο ὀρθῶς, πρὸς τὰ ἔξωθεν πολεμικὰ ἀποβλέπων μόνον καὶ πρῶτον, οὔτ' ἂν νομοθέτης ἀκριβής, εἰ μὴ χάριν εἰρήνης τὰ πολέμου νομοθετοῖ μᾶλλον [628ε] ἢ τῶν πολεμικῶν ἔνεκα τὰ τῆς εἰρήνης.

Κλεινίας

Ἀθηναῖος

Ἀθηναῖος

ἔοικεν δῆτα, ὦ ξένοι, χαλεπὸν εἶναι τὸ περὶ τὰς πολιτείας
ἀναμφισβητήτως ὁμοίως ἔργῳ καὶ λόγῳ γίνεσθαι: κινδυνεύει γάρ,
καθάπερ ἐν τοῖς σώμασιν, οὐ δυνατόν εἶναι προστάζειν τι πρὸς ἓν
σῶμα ἐν ἐπιτήδευμα, ἐν ᾧ οὐκ ἂν φανεῖν ταυτὸν τοῦτο τὰ μὲν

ὑμετέρας πόλεις πρώτας ἂν τις αἰτιῶτο καὶ [636ξ] ὅσαι τῶν ἄλλων

τῶν ἀρρένων φύσει εἰς κοινωνίαν ἰούσῃ τῆς γεννήσεως ἢ περὶ ταῦτα
ἡδονὴ κατὰ φύσιν ἀποδεδόσθαι δοκεῖ, ἀρρένων δὲ πρὸς ἄρρενας ἢ
θηλειῶν πρὸς θηλείας παρὰ φύσιν καὶ τῶν πρώτων τὸ τόλμημ' εἶναι
δι' ἀκράτειαν ἡδονῆς. πάντες δὲ δὴ Κρητῶν τὸν περὶ Γανυμήδη

παρὰ Διὸς αὐτοῖς οἱ νόμοι πεπιστευμένοι ἦσαν γεγονέναι, τοῦτον τὸν
μῦθον προστεθηκέναι κατὰ τοῦ Διός, ἵνα ἐπόμενοι δὴ τῷ θεῷ
καρπῶνται καὶ ταύτην τὴν ἡδονήν. τὸ μὲν οὖν τοῦ μύθου χαιρέτω,
νόμων δὲ πέρι διασκοπούμενων ἀνθρώπων ὀλίγου πᾶσά ἐστιν ἢ

πῶς οὖν δὴ λέγεις;

Ἀθηναῖος

δοκοῦσί μοι πάντες οἱ λόγῳ τι λαβόντες ἐπιτήδευμα, καὶ προθέμενοι ψέγειν αὐτὸ ἢ ἐπαινεῖν εὐθὺς ῥηθέν, οὐδαμῶς δρᾶν κατὰ τρόπον, ἀλλὰ ταῦτόν ποιεῖν οἷον εἰ δὴ τις, ἐπαινέσαντός τινος πυροὺς βρῶμα ὥς ἀγαθόν, εὐθὺς ψέγοι, μὴ διαπυθόμενος αὐτοῦ μήτε τὴν ἐργασίαν μήτε τὴν προσφοράν, ὄντινα τρόπον καὶ οἷστισι καὶ μεθ' ὧν καὶ ὅπως ἔχοντα καὶ ὅπως προσφέρειν ἔχουσιν. νῦν δὲ ταῦτόν μοι [638δ] δοκοῦμεν ἡμεῖς ἐν τοῖς λόγοις ποιεῖν: περὶ μέθης γὰρ ἀκούσαντες τοσοῦτον μόνον, εὐθὺς οἱ μὲν ψέγειν αὐτό, οἱ δ' ἐπαινεῖν, καὶ μάλα ἀτόπως. μάρτυσιν γὰρ καὶ ἐπαινέταις χρώμενοι ἐπαινοῦμεν ἑκάτεροι,

καὶ οἱ μὲν, ὅτι πολλοὺς παρεχόμεθα, ἀξιούμεν τι λέγειν κύριον, οἱ δέ, ὅτι τοὺς μὴ χρωμένους αὐτῷ ὀρῶμεν νικῶντας μαχομένους: ἀμφισβητεῖται δ' αὖ καὶ τοῦτο ἡμῖν. εἰ μὲν δὴ καὶ περὶ ἐκάστων [638ε] οὕτω καὶ τῶν ἄλλων νομίμων διεξιμεν, οὐκ ἂν ἔμοιγε κατὰ νοῦν εἶη, τρόπον δὲ ἄλλον, ὃν ἐμοὶ φαίνεται δεῖν, ἐθέλω λέγειν περὶ αὐτοῦ τούτου, τῆς μέθης, πειρώμενος ἂν ἄρα δύνωμαι τὴν περὶ πάντων τῶν τοιούτων ὀρθὴν μέθοδον ἡμῖν δηλοῦν, ἐπειδὴ καὶ μυρία ἐπὶ μυρίοις ἔθνη περὶ αὐτῶν ἀμφισβητοῦντα ὑμῖν πόλεσι δυοῖν τῷ λόγῳ διαμάχουτ' ἄν.

Μέγιλλος

καὶ μὴν εἴ τινα ἔχομεν ὀρθὴν σκέψιν τῶν τοιούτων, [639α] οὐκ ἀποκνητέον ἀκούειν.

Ἀθηναῖος

σκεψώμεθα δὴ πῃ τῇδε. φέρε, εἴ τις αἰγῶν τροφήν, καὶ τὸ ζῶον αὐτὸ κτῆμα ὥς ἔστιν καλόν, ἐπαινοῖ, ἄλλος δέ τις ἐωρακῶς αἶγας χωρὶς νεμομένας αἰπόλου ἐν ἐργασίμοις χωρίοις δρώσας κακὰ διαψέγοι, καὶ πᾶν θρέμμα ἄναρχον ἢ μετὰ κακῶν ἀρχόντων ἰδὼν οὕτω μέμφοιτο, τὸν τοῦ τοιούτου ψόγον ἡγούμεθα ὑγιὲς ἂν ποτε ψέξαι καὶ ὀτιοῦν;

Μέγιλλος

καὶ πῶς;

Ἀθηναῖος

χρηστὸς δὲ ἄρχων ἔσθ' ἡμῖν ἐν πλοίοις πότερον ἔαν [639β] τὴν ναυτικὴν ἔχη ἐπιστήμην μόνον, ἄντ' οὗν ναυτιᾶς ἄντε μή, ἢ πῶς ἂν λέγοιμεν;

Μέγιλλος

οὐδαμῶς, ἂν γε πρὸς τῇ τέχνῃ ἔχη καὶ τοῦτο τὸ πάθος ὃ λέγεις.

Ἀθηναῖος

τί δ' ἄρχων στρατοπέδων; ἄρ' ἔαν τὴν πολεμικὴν ἔχη ἐπιστήμην,

ικανὸς ἄρχειν, καὶ δειλὸς ὢν ἐν τοῖς δεινοῖς ὑπὸ μέθης τοῦ φόβου ναυτιᾷ;

Μέγилλος

καὶ πῶς;

Ἀθηναῖος

ἂν δὲ αὐτὸ μήτε ἔχῃ τὴν τέχνην δειλὸς τε ᾖ;

Μέγилλος

παντάπασιν τίνα πονηρὸν λέγεις, καὶ οὐδαμῶς ἀνδρῶν ἄρχοντα ἀλλὰ τινῶν σφόδρα γυναικῶν. [639ξ]

Ἀθηναῖος

τί δ' ἐπαινέτην ἢ ψέκτην κοινωνίας ἡστινοσοῦν ἢ πέφυκέν τε ἄρχων εἶναι μετ' ἐκείνου τε ὠφελιμὸς ἐστίν, ὃ δὲ μήτε ἐωρακῶς εἶη ποτ' ὀρθῶς αὐτὴν αὐτῇ κοινωνοῦσαν μετ' ἄρχοντος, ἀεὶ δὲ ἄναρχον ἢ μετὰ κακῶν ἀρχόντων συνοῦσαν; οἴομεθα δὴ ποτε τοὺς τοιοῦτους θεωροῦς τῶν τοιοῦτων κοινωνιῶν χρηστὸν τι ψέξειν ἢ ἐπαινέσεσθαι;

Μέγилλος

πῶς δ' ἂν, μηδέποτε γε ἰδόντας μηδὲ συγγενομένους [639δ] ὀρθῶς γενομένῳ μηδενὶ τῶν τοιοῦτων κοινωνημάτων;

Ἀθηναῖος

ἔχε δὴ: τῶν πολλῶν κοινωνιῶν συμπότας καὶ συμπόσια θεῖμεν ἂν μίαν τινὰ συνουσίαν εἶναι;

Μέγилλος

καὶ σφόδρα γε.

Ἀθηναῖος

ταύτην οὖν μὴν ὀρθῶς γιγνομένην ἤδη τις πῶποτε ἐθεάσατο; καὶ σφῶν μὲν ἀποκρίνασθαι ῥάδιον ὥς οὐδεπώποτε τὸ παράπαν-οὐ γὰρ ἐπιχώριον ὑμῖν τοῦτο οὐδὲ νόμιμον-ἐγὼ δὲ ἐντετύχηκά τε πολλαῖς

καὶ πολλαχοῦ, καὶ προσέτι πάσας ὡς ἔπος εἰπεῖν διηρώτηκα, καὶ σχεδὸν ὅλην [639ε] μὲν οὐδεμίαν ὀρθῶς γιγνομένην ἐώρακα οὐδὲ ἀκήκοα, μόρια δ' εἴ ποῦ σμικρὰ καὶ ὀλίγα, τὰ πολλὰ δὲ σύμπανθ' ὡς εἰπεῖν διημαρτημένα.

Κλεινίας

πῶς δὴ ταῦτα, ὦ ξέने, λέγεις; εἰπὲ ἔτι σαφέστερον: ἡμεῖς μὲν γάρ, ὅπερ εἶπες, ἀπειρία τῶν τοιούτων, οὐδὲ ἐντυγχάνοντες [640α] ἂν ἴσως εὐθὺς γε γνοῖμεν τό τε ὀρθὸν καὶ μὴ γιγνόμενον ἐν αὐτοῖς.

Ἀθηναῖος

εἰκὸς λέγεις: ἀλλ' ἐμοῦ φράζοντος πειρῶ μανθάνειν. τὸ μὲν γὰρ ἐν πάσαις τε συνόδοις, καὶ κοινωνίαις πράξεων ὠντινωνοῦν, ὡς ὀρθὸν πανταχοῦ ἐκάστοις ἄρχοντα εἶναι, μανθάνεις;

Κλεινίας

πῶς γὰρ οὐ;

Ἀθηναῖος

καὶ μὴν ἐλέγομεν νυνδὴ μαχομένων ὡς ἀνδρεῖον δεῖ τὸν ἄρχοντ' εἶναι.

Κλεινίας

πῶς δ' οὐ;

Ἀθηναῖος

ὁ μὴν ἀνδρεῖος τῶν δειλῶν ὑπὸ φόβων ἤττον τεθορύβηται. [640β]

Κλεινίας

καὶ τοῦτο οὕτως.

Ἀθηναῖος

εἰ δ' ἦν τις μηχανὴ μὴδὲν τὸ παράπαν δεδιότα μὴδὲ θορυβούμενον ἐπιστήσαι στρατοπέδῳ στρατηγόν, ἅρ' οὐ τοῦτ' ἂν παντὶ τρόπῳ ἐπράττομεν;

Κλεινίας

σφόδρα μὲν οὖν.

Ἀθηναῖος

νῦν δέ γε οὐ στρατοπέδου περὶ λέγομεν ἄρξοντος ἐν ἀνδρῶν ὁμιλίαις ἐχθρῶν ἐχθροῖς μετὰ πολέμου, φίλων δ' ἐν εἰρήνῃ πρὸς φίλους κοινωνησόντων φιλοφροσύνης.

Κλεινίας

ὀρθῶς. [640ξ]

Ἀθηναῖος

ἔστιν δέ γε ἡ τοιαύτη συνουσία, εἴπερ ἔσται μετὰ μέθης, οὐκ ἀθόρυβος. ἦ γάρ;

Κλεινίας

πῶς γάρ; ἀλλ' οἶμαι πᾶν τοῦναντίον.

Ἀθηναῖος

οὐκοῦν πρῶτον μὲν καὶ τούτοις ἄρχοντος δεῖ;

Κλεινίας

τί μήν; ὥς οὐδενί γε πράγματι.

Ἀθηναῖος

πότερον οὖν ἀθόρυβον, εἰ δυνατόν εἴη, τὸν τοιοῦτον ἄρχοντα ἐκπορίζεσθαι δεῖ;

Κλεινίας

πῶς γὰρ οὔ;

Ἀθηναῖος

καὶ μὴν περὶ γε συνουσίας, ὥς ἔοικεν, αὐτὸν φρόνιμον εἶναι δεῖ: γίγνεται γὰρ φύλαξ τῆς τε ὑπαρχούσης [640δ] φιλίας αὐτοῖς, καὶ ἔτι

πλείονος ἐπιμελητῆς ὅπως ἔσται διὰ τὴν τότε συνουσίαν.

Κλεινίας

ἀληθέστατα.

Ἀθηναῖος

οὐκοῦν νήφοντά τε καὶ σοφὸν ἄρχοντα μεθύνωνται δεῖ καθιστάναι, καὶ μὴ τοῦναντίον; μεθύνωνται γὰρ μεθύων καὶ νέος ἄρχων μὴ σοφός, εἰ μὴ κακὸν ἀπεργάσασαί τι μέγα, πολλῇ χρεῖτ' ἂν ἀγαθῇ τύχῃ.

Κλεινίας

παμπόλλῃ μὲν οὖν.

Ἀθηναῖος

οὐκοῦν εἰ μὲν γιγνομένων ὡς δυνατὸν ὀρθότατα τούτων ἐν ταῖς πόλεσι τῶν συνουσιῶν μέμφοιτό τις, ἐπικαλῶν [640ε] αὐτῷ τῷ πράγματι, τάχ' ἂν ὀρθῶς ἴσως μέμφοιτο: εἰ δὲ ἀμαρτανόμενον ὡς οἶόν τε μάλιστα ἐπιτήδευμά τις ὁρῶν λαιδορεῖ, πρῶτον μὲν δῆλον ὡς ἀγνοεῖ τοῦτ' αὐτὸ γιγνόμενον οὐκ ὀρθῶς, εἴθ' ὅτι πᾶν τούτῳ τῷ τρόπῳ φανεῖται πονηρόν, δεσπότου τε καὶ ἄρχοντος νήφοντος χωρὶς πραττόμενον. ἢ οὐ συννοεῖς τοῦθ', ὅτι μεθύων κυβερνήτης καὶ πᾶς παντὸς ἄρχων [641α] ἀνατρέπει πάντα εἴτε πλοῖα εἴτε ἄρματα εἴτε στρατόπεδον, εἴθ' ὅτι ποτ' εἴη τὸ κυβερνώμενον ὑπ' αὐτοῦ;

Κλεινίας

παντάπασιν τοῦτό γε ἀληθὲς εἴρηκας, ὃ ξένε: τοῦπι τῷδε δ' ἡμῖν λέγε, τί ποτε, ἂν γίγνηται τοῦτο ὀρθὸν τὸ περὶ τὰς πόσεις νόμιμον, ἀγαθὸν ἂν δράσειεν ἡμᾶς; οἶον, ὃ νυνδὴ ἐλέγομεν, εἰ στρατεύμα ὀρθῆς ἡγεμονίας τυγχάνοι, νίκη πολέμου τοῖς ἐπομένοις ἂν γίγνοιτο, οὐ σμικρὸν ἀγαθόν, καὶ [641β] τᾷλλ' οὕτω: συμποσίου δὲ ὀρθῶς παιδαγωγηθέντος τί μέγα ἰδιώταις ἢ τῇ πόλει γίγνοιτ' ἄν;

Ἀθηναῖος

τί δέ; παιδὸς ἑνὸς ἢ καὶ χοροῦ παιδαγωγηθέντος κατὰ τρόπον ἑνός, τί

μέγα τῇ πόλει φαῖμεν ἂν γίγνεσθαι; ἢ τοῦτο οὕτως ἐρωτηθέντες εἵπομεν ἂν ὥς ἐνὸς μὲν βραχὺ τι τῇ πόλει γίγνοιτ' ἂν ὄφελος, εἰ δ' ὅλως ἐρωτᾷς παιδεῖαν τῶν παιδευθέντων τί μέγα τὴν πόλιν ὀνίνησιν, οὐ χαλεπὸν εἰπεῖν ὅτι παιδευθέντες μὲν εὖ γίγνοιτ' ἂν ἄνδρες ἀγαθοί, γενόμενοι [641ξ] δὲ τοιοῦτοι τά τε ἄλλα πράττοιεν καλῶς, ἔτι δὲ κἂν νικῶεν τοὺς πολεμίους μαχόμενοι. παιδεία μὲν οὖν φέρει καὶ νίκην, νίκη δ' ἐνίοτε ἀπαιδευσίαν: πολλοὶ γὰρ ὑβριστότεροι διὰ πολέμων νίκας γενόμενοι μυρίων ἄλλων κακῶν δι' ὕβριν ἐνεπλήσθησαν, καὶ παιδεία μὲν οὐδεπώποτε γέγονεν Καδμεία, νῆκαι δὲ ἀνθρώποις πολλὰ δὴ τοιαῦτα γεγόνασιν τε καὶ ἔσονται.

Κλεινίας

δοκεῖς ἡμῖν, ὦ φίλε, τὴν ἐν τοῖς οἴνοις κοινὴν [641δ] διατριβὴν ὥς εἰς παιδείας μεγάλῃν μοῖραν τείνουσαν λέγειν, ἂν ὀρθῶς γίγηται.

Ἀθηναῖος

τί μήν;

Κλεινίας

ἔχοις ἂν οὖν τὸ μετὰ τοῦτ' εἰπεῖν ὥς ἔστιν τὸ νῦν εἰρημένον ἀληθές;

Ἀθηναῖος

τὸ μὲν ἀληθές, ὦ ξένε, δυσχυρίζεσθαι ταῦτα οὕτως ἔχειν, πολλῶν ἀμφισβητούντων, θεοῦ: εἰ δ' ὅπη ἐμοὶ φαίνεται δεῖ λέγειν, οὐδεὶς φθόνος, ἐπεὶ περ ὠρμήκαμέν γε τοὺς λόγους περὶ νόμων καὶ πολιτείας ποιεῖσθαι τὰ νῦν.

Κλεινίας

τοῦτ' αὐτὸ δὴ πειρώμεθα, τὸ σοὶ δοκοῦν περὶ τῶν [641ε] νῦν ἀμφισβητούμενων καταμαθεῖν.

Ἀθηναῖος

ἀλλὰ χρὴ ποιεῖν οὕτως, ὑμᾶς τε ἐπὶ τὸ μαθεῖν καὶ ἐμὲ ἐπὶ τὸ δηλῶσαι πειρώμενον ἀμῶς γέ πως, συντεῖναι, τὸν λόγον. πρῶτον δέ μου ἀκούσατε τὸ τοιόνδε. τὴν πόλιν ἅπαντες ἡμῶν Ἑλλήνες

ὑπολαμβάνουσιν ὡς φιλόλογός τέ ἐστι καὶ πολύλογος, Λακεδαιμόνα δὲ καὶ Κρήτην, τὴν μὲν βραχύλογον, τὴν δὲ πολύνοιαν μᾶλλον ἢ πολυλογίαν ἀσκοῦσαν: [642α] σκοπῶ δὴ μὴ δόξαν ὑμῖν παράσχωμαι περὶ σμικροῦ πολλὰ λέγειν, μέθης πέρι, σμικροῦ πράγματος, παμμήκη λόγον ἀνακαθαιρόμενος. τὸ δὲ ἢ κατὰ φύσιν αὐτοῦ διόρθωσις οὐκ ἂν δύναίτο ἄνευ μουσικῆς ὀρθότητός ποτε σαφὲς οὐδὲ ἱκανὸν ἐν τοῖς λόγοις ἀπολαβεῖν, μουσικὴ δὲ ἄνευ παιδείας τῆς πάσης οὐκ ἂν αὖ ποτε δύναίτο: ταῦτα δὲ παμπόλλων ἐστὶν λόγων. ὁρᾶτε οὖν τί ποιῶμεν εἰ ταῦτα μὲν ἐάσαιμεν ἐν τῷ [642β] παρόντι, μετεκβαῖμεν δ' εἰς ἕτερόν τινα νόμον πέρι λόγον.

Μέγилλος

ὦ ξένε Ἀθηναῖε, οὐκ οἶσθ' ἴσως ὅτι τυγχάνει ἡμῶν ἡ ἐστία τῆς πόλεως οὔσα ὑμῶν πρόξενος. ἴσως μὲν οὖν καὶ πᾶσιν τοῖς παισίν, ἐπειδὴν ἀκούσωσιν ὅτι τινός εἰσιν πόλεως πρόξενοι, ταύτη τις εὖνοια ἐκ νέων εὐθὺς ἐνδύεται ἑκαστον ἡμῶν τῶν προξένων τῇ πόλει, ὡς δευτέρᾳ οὔσῃ πατρίδι μετὰ τὴν αὐτοῦ πόλιν: καὶ δὴ καὶ ἐμοὶ νῦν ταῦτόν τοῦτο ἐγγέγονεν. ἀκούων γὰρ τῶν παίδων εὐθύς, [642ξ] εἴ τι μέμφοιντο ἢ καὶ ἐπαινοῖεν Λακεδαιμόνιοι Ἀθηναίους, ὡς “ἡ πόλις ὑμῶν, ὦ Μέγилλε,” ἔφασαν, “ἡμᾶς οὐ καλῶς ἢ καλῶς ἔρρεξε” -ταῦτα δὴ ἀκούων, καὶ μαχόμενος πρὸς αὐτὰ ὑπὲρ ὑμῶν ἀεὶ πρὸς τοὺς τὴν πόλιν εἰς ψόγον ἄγοντας, πᾶσαν εὖνοιαν ἔσχον, καὶ μοι νῦν ἢ τε φωνὴ προσφιλεῖς ὑμῶν, τό τε ὑπὸ πολλῶν λεγόμενον, ὡς ὅσοι Ἀθηναίων εἰσὶν ἀγαθοὶ διαφερόντως εἰσὶν τοιοῦτοι, δοκεῖ ἀληθέστατα λέγεσθαι: μόνοι γὰρ ἄνευ ἀνάγκης αὐτοφυῶς, θείᾳ μοίρᾳ [642δ] ἀληθῶς καὶ οὔτι πλαστῶς εἰσιν ἀγαθοί. θαρρῶν δὴ ἐμοῦ γε ἔνεκα λόγοις ἂν τοσαῦτα ὁπόσα σοι φίλον.

Κλεινίας

καὶ μὴν, ὦ ξένε, καὶ τὸν παρ' ἐμοῦ λόγον ἀκούσας τε καὶ ἀποδεξάμενος, θαρρῶν ὁπόσα βούλει λέγε. τῇδε γὰρ ἴσως ἀκήκοας ὡς Ἐπιμενίδης γέγονεν ἀνὴρ θεῖος, ὃς ἦν ἡμῖν οἰκεῖος, ἐλθὼν δὲ πρὸ τῶν Περσικῶν δέκα ἔτεσιν πρότερον παρ' ὑμᾶς κατὰ τὴν τοῦ θεοῦ μαντείαν, θυσίας τε ἐθύσατό [642ε] τινὰς ἃς ὁ θεὸς ἀνεῖλεν, καὶ δὴ καὶ φοβουμένων τὸν Περσικὸν Ἀθηναίων στόλον, εἶπεν ὅτι δέκα μὲν ἐτῶν οὐχ ἥξουσιν, ὅταν δὲ ἔλθωσιν, ἀπαλλαγῇσονται πράξαντες

οὐδὲν ὦν ἡλιπίζον, παθόντες τε ἢ δράσαντες πλείω κακά. τότε οὖν ἐξενώθησαν ὑμῖν οἱ πρόγονοι ἡμῶν, καὶ εὖνοιαν ἐκ τόσου ἔγωγε ὑμῖν καὶ [643α] οἱ ἡμέτεροι ἔχουσιν γονῆς.

Ἀθηναῖος

τὰ μὲν τοίνυν ὑμέτερα ἀκούειν, ὡς ἔοικεν, ἔτοιμ' ἂν εἴη: τὰ δ' ἐμὰ βούλεσθαι μὲν ἔτοιμα, δύνασθαι δὲ οὐ πάνυ ῥάδια, ὅμως δὲ πειρατέον. πρῶτον δὴ οὖν πρὸς τὸν λόγον ὀρισώμεθα παιδεῖαν τί ποτ' ἐστὶν καὶ τίνα δύναμιν ἔχει: διὰ γὰρ ταύτης φαμὲν ἰτέον εἶναι τὸν προκεχειρισμένον ἐν τῷ νῦν λόγον ὑφ' ἡμῶν, μέχριτερ ἂν πρὸς τὸν θεὸν ἀφίκηται.

Κλεινίας

πάνυ μὲν οὖν δρῶμεν ταῦτα, εἴπερ σοί γε ἡδύ. [643β]

Ἀθηναῖος

λέγοντος τοίνυν ἐμοῦ τί ποτε χρὴ φάναι παιδεῖαν εἶναι, σκέψασθε ἂν ἀρέσκη τὸ λεχθέν.

Κλεινίας

λέγοις ἄν.

Ἀθηναῖος

λέγω δὴ, καὶ φημι τὸν ὅτιοῦν ἀγαθὸν ἄνδρα μέλλοντα ἔσεσθαι τοῦτο αὐτὸ ἐκ παίδων εὐθὺς μελετᾶν δεῖν, παίζοντά τε καὶ σπουδάζοντα ἐν τοῖς τοῦ πράγματος ἐκάστοις προσήκουσιν. οἷον τὸν μέλλοντα ἀγαθὸν ἔσεσθαι γεωργὸν ἢ τίνα οἰκοδόμον, τὸν μὲν οἰκοδομοῦντά τι τῶν παιδείων [643ξ] οἰκοδομημάτων παίζειν χρή, τὸν δ' αὖ γεωργοῦντα, καὶ ὄργανα ἐκατέρῳ σμικρά, τῶν ἀληθινῶν μιμήματα, παρασκευάζειν τὸν τρέφοντα αὐτῶν ἐκάτερον, καὶ δὴ καὶ τῶν μαθημάτων ὅσα ἀναγκαῖα προμεμαθηκέναι προμανθάνειν, οἷον τέκτονα μετρεῖν ἢ σταθμᾶσθαι καὶ πολεμικὸν ἱππεύειν παίζοντα ἢ τι τῶν τοιούτων ἄλλο ποιοῦντα, καὶ πειρᾶσθαι διὰ τῶν παιδιῶν ἐκεῖσε τρέπειν τὰς ἡδονὰς καὶ ἐπιθυμίας τῶν παίδων, οἳ ἀφικομένους αὐτοὺς δεῖ τέλος ἔχειν. κεφάλαιον δὴ παιδείας [643δ] λέγομεν τὴν

ὀρθὴν τροφήν, ἢ τοῦ παίζοντος τὴν ψυχὴν εἰς ἔρωτα μάλιστα ἄξει
τούτου ὃ δεήσει γενόμενον ἄνδρ' αὐτὸν τέλειον εἶναι τῆς τοῦ
πράγματος ἀρετῆς: ὁρᾷτε οὖν εἰ μέχρι τούτου γε, ὅπερ εἶπον, ὑμῖν
ἀρέσκει τὸ λεχθέν.

Κλεινίας

πῶς γὰρ οὐ;

Ἀθηναῖος

μὴ τοίνυν μηδ' ὃ λέγομεν εἶναι παιδεῖαν ἀόριστον γένηται. νῦν γὰρ
ὄνειδίζοντες ἐπαινοῦντές θ' ἐκάστων τὰς τροφάς, λέγομεν ὡς τὸν
μὲν πεπαιδευμένον ἡμῶν ὄντα τινά, [643ε] τὸν δὲ ἀπαιδευτον ἐνίστε
εἷς τε καπηλείας καὶ ναυκληρίας καὶ ἄλλων τοιούτων μάλα
πεπαιδευμένων σφόδρα ἀνθρώπων: οὐ γὰρ ταῦτα ἡγουμένων, ὡς
ἔοικ', εἶναι παιδεῖαν ὃ νῦν λόγος ἂν εἴη, τὴν δὲ πρὸς ἀρετὴν ἐκ
παίδων παιδεῖαν, ποιοῦσαν ἐπιθυμητὴν τε καὶ ἐραστὴν τοῦ πολίτην
γενέσθαι τέλεον, ἄρχειν τε καὶ ἄρχεσθαι ἐπιστάμενον μετὰ δίκης.
ταύτην [644α] τὴν τροφήν ἀφορισάμενος ὃ λόγος οὗτος, ὡς ἐμοὶ
φαίνεται, νῦν βούλοιτ' ἂν μόνην παιδεῖαν προσαγορεύειν, τὴν δὲ εἰς
 χρήματα τείνουσαν ἢ τινα πρὸς ἰσχύν, ἢ καὶ πρὸς ἄλλην τινὰ σοφίαν
ἄνευ νοῦ καὶ δίκης, βάνουσόν τ' εἶναι καὶ ἀνελεύθερον καὶ οὐκ
ἀξίαν τὸ παράπαν παιδεῖαν καλεῖσθαι. ἡμεῖς δὴ μηδὲν ὀνόματι
διαφερώμεθ' αὐτοῖς, ἀλλ' ὃ νυνδὴ λόγος ἡμῖν ὁμολογηθεὶς μενέτω,
ὡς οἱ γε ὀρθῶς πεπαιδευμένοι σχεδὸν ἀγαθοὶ γίνονται, καὶ δεῖ δὴ
τὴν παιδεῖαν [644β] μηδαμοῦ ἀτιμάζειν, ὡς πρῶτον τῶν καλλίστων
τοῖς ἀρίστοις ἀνδράσιν παραγιγνόμενον: καὶ εἴ ποτε ἐξέρχεται,
δυνατὸν δ' ἐστὶν ἐπανορθοῦσθαι, τοῦτ' αἰεὶ δραστέον διὰ βίου παντὶ
κατὰ δύναμιν.

Κλεινίας

ὀρθῶς, καὶ συγχωροῦμεν ἃ λέγεις.

Ἀθηναῖος

καὶ μὴν πάλοι γε συνεχωρήσαμεν ὡς ἀγαθῶν μὲν ὄντων τῶν
δυναμένων ἄρχειν αὐτῶν, κακῶν δὲ τῶν μὴ.

Κλεινίας

λέγεις ὀρθότατα.

Ἀθηναῖος

σαφέστερον ἔτι τοίνυν ἀναλάβωμεν τοῦτ' αὐτὸ ὅτι [644ξ] ποτὲ λέγομεν. καί μοι δι' εἰκόνοσ ἀποδέξασθε ἐάν πως δυνατὸς ὑμῖν γένωμαι δηλῶσαι τὸ τοιοῦτον.

Κλεινίας

λέγε μόνον.

Ἀθηναῖος

οὐκοῦν ἓνα μὲν ἡμῶν ἕκαστον αὐτὸν τιθῶμεν;

Κλεινίας

ναί.

Ἀθηναῖος

δύο δὲ κεκτημένον ἐν αὐτῷ συμβούλῳ ἐναντίῳ τε καὶ ἄφρονε, ὃ προσαγορεύομεν ἡδονὴν καὶ λύπην;

Κλεινίας

ἔστι ταῦτα.

Ἀθηναῖος

πρὸς δὲ τούτοις ἀμφοῖν αὖ δόξας μελλόντων, οἷν κοινὸν μὲν ὄνομα ἐλπίς, ἴδιον δέ, φόβος μὲν ἢ πρὸ λύπης [644δ] ἐλπίς, θάρρος δὲ ἢ πρὸ τοῦ ἐναντίου: ἐπὶ δὲ πᾶσι τούτοις λογισμὸς ὅτι ποτ' αὐτῶν ἄμεινον ἢ χεῖρον, ὃς γενόμενος δόγμα πόλεως κοινὸν νόμος ἐπωνόμασται.

Κλεινίας

μόγισ μὲν πως ἐφέπομαι, λέγε μὴν τὸ μετὰ ταῦτα ὡς ἐπομένου.

Μέγилλος

καὶ ἐν ἐμοὶ μὴν ταῦτόν τοῦτο πάθος ἔνι.

Ἀθηναῖος

περὶ δὴ τούτων διανοηθῶμεν οὕτωςί. θαῦμα μὲν ἕκαστον ἡμῶν ἡγησώμεθα τῶν ζώων θεῖον, εἴτε ὡς παίγνιον ἐκείνων εἴτε ὡς σπουδῇ τινι συνεστηκός· οὐ γὰρ δὴ τοῦτό [644ε] γε γινώσκομεν, τόδε δὲ ἴσμεν, ὅτι ταῦτα τὰ πάθη ἐν ἡμῖν οἶον νεῦρα ἢ σμήρινθοί τινες ἐνοῦσαι σπῶσιν τε ἡμᾶς καὶ ἀλλήλαις ἀνθέλκουσιν ἐναντίαι οὔσαι ἐπ' ἐναντίας πράξεις, οὗ δὴ διωρισμένη ἀρετὴ καὶ κακία κεῖται. μᾶ γάρ φησιν ὁ λόγος δεῖν τῶν ἑλξεων συνεπόμενον ἀεὶ καὶ μηδαμῇ ἀπολειπόμενον ἐκείνης, ἀνθέλκειν τοῖς ἄλλοις νεύροις ἕκαστον, ταύτην [645α] δ' εἶναι τὴν τοῦ λογισμοῦ ἀγωγὴν χρυσοῦν καὶ ἱεράν, τῆς πόλεως κοινὸν νόμον ἐπικαλουμένην, ἄλλας δὲ σκληρὰς καὶ σιδηρὰς, τὴν δὲ μαλακὴν ἅτε χρυσοῦν οὔσαν, τὰς δὲ ἄλλας παντοδαποῖς εἶδεσιν ὁμοίας. δεῖν δὴ τῇ καλλίστῃ ἀγωγῇ τῇ τοῦ νόμου ἀεὶ συλλαμβάνειν· ἅτε γὰρ τοῦ λογισμοῦ καλοῦ μὲν ὄντος, πράου δὲ καὶ οὐ βιαίου, δεῖσθαι ὑπηρετῶν αὐτοῦ τὴν ἀγωγὴν, ὅπως ἂν ἐν ἡμῖν τὸ χρυσοῦν γένος νικᾷ τὰ ἄλλα [645β] γένη. καὶ οὕτω δὴ περὶ θαυμάτων ὡς ὄντων ἡμῶν ὁ μῦθος ἀρετῆς σεσωμένος ἂν εἴη, καὶ τὸ κρεῖττον ἑαυτοῦ καὶ ἥττω εἶναι τρόπον τινὰ φανερόν ἂν γίνοιτο μᾶλλον ὃ νοεῖ, καὶ ὅτι πόλιν καὶ ιδιώτην, τὸν μὲν λόγον ἀληθῆ λαβόντα ἐν ἑαυτῷ περὶ τῶν ἑλξεων τούτων, τούτῳ ἐπόμενον δεῖ ζῆν, πόλιν δὲ ἢ παρὰ θεῶν τινος ἢ παρὰ τούτου τοῦ γνόντος ταῦτα λόγον παραλαβοῦσαν, νόμον θεμένην, αὐτῇ τε ὁμιλεῖν καὶ ταῖς ἄλλαις πόλεσιν. οὕτω καὶ κακία δὴ καὶ ἀρετὴ [645ξ] σαφέστερον ἡμῖν διηρθρωμένον ἂν εἴη· ἐναργεστέρου δ' αὐτοῦ γενομένου καὶ παιδεία καὶ τᾶλλα ἐπιτηδεύματα ἴσως ἔσται μᾶλλον καταφανῆ, καὶ δὴ καὶ τὸ περὶ τῆς ἐν τοῖς οἴνοις διατριβῆς, ὃ δοξασθεῖν μὲν ἂν εἶναι φαύλου πέρι μῆκος πολὺ λόγων περιττὸν εἰρημένον, φανείη δὲ τάχ' ἂν ἴσως τοῦ μήκους γ' αὐτῶν οὐκ ἀπάξιον.

Κλεινίας

εὖ λέγεις, καὶ περαίνωμεν ὅτιπερ ἂν τῆς γε νῦν διατριβῆς ἄξιον γίγνηται. [645δ]

Ἀθηναῖος

λέγε δῆ: προσφέροντες τῷ θαύματι τούτῳ τὴν μέθην, ποῖόν τί ποτε αὐτὸ ἀπεργαζόμεθα;

Κλεινίας

πρὸς τί δὲ σκοπούμενος αὐτὸ ἐπανερωτᾷς;

Ἀθηναῖος

οὐδέν πω πρὸς ὅτι, τοῦτο δὲ ὅλως κοινωνῆσαν τούτῳ ποῖόν τι συμπίπτει γίνεσθαι. ἔτι δὲ σαφέστερον ὃ βούλομαι πειράσομαι φράζειν. ἐρωτῶ γὰρ τὸ τοιόνδε: ἄρα σφοδροτέρας τὰς ἡδονὰς καὶ λύπας καὶ θυμοὺς καὶ ἔρωτας ἢ τῶν οἴνων πόσις ἐπιτείνει;

Κλεινίας

πολύ γε. [645ε]

Ἀθηναῖος

τί δ' αὖ τὰς αἰσθήσεις καὶ μνήμας καὶ δόξας καὶ φρονήσεις; πότερον ὡσαύτως σφοδροτέρας; ἢ πάμπαν ἀπολείπει ταῦτα αὐτόν, ἂν κατακορῆς τις τῇ μέθῃ γίγνηται;

Κλεινίας

ναί, πάμπαν ἀπολείπει.

Ἀθηναῖος

οὐκοῦν εἰς ταῦτόν ἀφικνεῖται τὴν τῆς ψυχῆς ἕξιν τῇ τότε ὅτε νέος ᾔην παῖς;

Κλεινίας

τί μὴν;

Ἀθηναῖος

ἥκιστα δὴ τότε ἂν αὐτὸς αὐτοῦ γίγνοιτο ἐγκρατής. [646α]

Κλεινίας

ἥκιστα.

Ἀθηναῖος

ἄρ' οὖν πονηρότατος, φαμέν, ὁ τοιοῦτος;

Κλεινίας

πολύ γε.

Ἀθηναῖος

οὐ μόνον ἄρ', ὥς ἔοικεν, ὁ γέρων δις παῖς γίγνοιτ' ἄν, ἀλλὰ καὶ ὁ μεθυσθεὶς.

Κλεινίας

ἄριστα εἶπες, ὦ ξένε.

Ἀθηναῖος

τούτου δὴ τοῦ ἐπιτηδεύματος ἔσθ' ὅστις λόγος ἐπιχειρήσει πείθειν ἡμᾶς ὥς χρή γεύεσθαι καὶ μὴ φεύγειν παντὶ σθένει κατὰ τὸ δυνατόν;

Κλεινίας

ἔοικ' εἶναι: σὺ γοῦν φῆς καὶ ἔτοιμος ἦσθα νυνδὴ λέγειν. [646β]

Ἀθηναῖος

ἀληθῆ μέντοι μνημονεύεις: καὶ νῦν γ' εἴμ' ἔτοιμος, ἐπειδὴ περ σφώ γε ἐθελήσιν προθύμως ἔφατον ἀκούειν.

Κλεινίας

πῶς δ' οὐκ ἀκουσόμεθα; κἂν εἰ μηδενὸς ἄλλου χάριν, ἀλλὰ τοῦ θαυμαστοῦ τε καὶ ἀτόπου, εἰ δεῖ ἐκόντα ποτὲ ἄνθρωπον εἰς ἅπασαν φανυλότητα ἑαυτὸν ἐμβάλλειν.

Ἀθηναῖος

ψυχῆς λέγεις; ἦ γάρ;

Κλεινίας

ναί.

Ἀθηναῖος

τί δέ; σώματος, ὃ ἐταῖρε, εἰς πονηρίαν, λεπτότητά τε καὶ αἷσχος καὶ ἄδυναμίαν, θαυμάζοιμεν ἂν εἴ ποτέ τις [646ξ] ἐκὼν ἐπὶ τὸ τοιοῦτον ἀφικνεῖται;

Κλεινίας

πῶς γὰρ οὐ;

Ἀθηναῖος

τί οὖν; τοὺς εἰς τὰ ἰατρεῖα αὐτοὺς βαδίζοντας ἐπὶ φαρμακοποσίᾳ ἀγνοεῖν οἰόμεθα ὅτι μετ' ὀλίγον ὕστερον καὶ ἐπὶ πολλὰς ἡμέρας ἔξουσιν τοιοῦτον τὸ σῶμα, οἷον εἰ διὰ τέλους ἔχειν μέλλοιεν, ζῆν οὐκ ἂν δέξαιντο; ἢ τοὺς ἐπὶ τὰ γυμνάσια καὶ πόνους ἰόντας οὐκ ἴσμεν ὥς ἀσθενεῖς εἰς τὸ παραχρῆμα γίγνονται;

Κλεινίας

πάντα ταῦτα ἴσμεν.

Ἀθηναῖος

καὶ ὅτι τῆς μετὰ ταῦτα ὠφελίας ἔνεκα ἐκόντες πορεύονται; [646δ]

Κλεινίας

κάλλιστα.

Ἀθηναῖος

οὐκοῦν χρὴ καὶ τῶν ἄλλων ἐπιτηδευμάτων πέρι διανοεῖσθαι τὸν αὐτὸν τρόπον;

Κλεινίας

πάνυ γε.

Ἀθηναῖος

καὶ τῆς περὶ τὸν οἶνον ἄρα διατριβῆς ὡσαύτως διανοητέον, εἴπερ ἐνι τοῦτο ἐν τούτοις ὀρθῶς διανοηθῆναι.

Κλεινίας

πῶς δ' οὔ;

Ἀθηναῖος

ἂν ἄρα τινὰ ἡμῖν ὠφελίαν ἔχουσα φαίνεται μηδὲν τῆς περὶ τὸ σῶμα ἐλάττω, τῇ γε ἀρχῇ τὴν σωμασκήαν νικᾷ τῷ τὴν μὲν μετ' ἀλγηδόνων εἶναι, τὴν δὲ μή. [646ε]

Κλεινίας

ὀρθῶς λέγεις, θαυμάζοιμι δ' ἂν εἴ τι δυναίμεθα τοιοῦτον ἐν αὐτῷ καταμαθεῖν.

Ἀθηναῖος

τοῦτ' αὐτὸ δὴ νῦν, ὥς ἔοιχ', ἡμῖν ἤδη πειρατέον φράζειν. καί μοι λέγε: δύο φόβων εἶδη σχεδὸν ἐναντία δυνάμεθα κατανοῆσαι;

Κλεινίας

ποῖα δῆ;

Ἀθηναῖος

τὰ τοιάδε: φοβούμεθα μὲν πού τὰ κακά, προσδοκῶντες γενήσεσθαι.

Κλεινίας

ναί.

Ἀθηναῖος

φοβούμεθα δέ γε πολλάκις δόξαν, ἡγούμενοι δοξάζεσθαι κακοί, πράττοντες ἢ λέγοντές τι τῶν μὴ καλῶν: ὃν [647α] δὴ καὶ καλοῦμεν τὸν φόβον ἡμεῖς γε, οἶμαι δὲ καὶ πάντες, αἰσχύνην.

Κλεινίας

τί δ' οὐ;

Ἀθηναῖος

τούτους δὴ δύο ἔλεγον φόβους: ὧν ὁ ἕτερος ἐναντίος μὲν ταῖς ἀλγηδόσιν καὶ τοῖς ἄλλοις φόβοις, ἐναντίος δ' ἐστὶ ταῖς πλείσταις καὶ μεγίσταις ἡδοναῖς.

Κλεινίας

ὀρθότατα λέγεις.

Ἀθηναῖος

ἄρ' οὖν οὐ καὶ νομοθέτης, καὶ πᾶς οὐ καὶ σμικρὸν ὄφελος, τοῦτον τὸν φόβον ἐν τιμῇ μεγίστη σέβει, καὶ καλῶν αἰδῶ, τὸ τούτῳ θάρρος ἐναντίον ἀναίδειάν τε προσαγορεύει [647β] καὶ μέγιστον κακὸν ἰδίᾳ τε καὶ δημοσίᾳ πᾶσι νενόμικεν;

Κλεινίας

ὀρθῶς λέγεις.

Ἀθηναῖος

οὐκοῦν τὰ τ' ἄλλα πολλὰ καὶ μεγάλα ὁ φόβος ἡμᾶς οὗτος σφύζει, καὶ τὴν ἐν τῷ πολέμῳ νίκην καὶ σωτηρίαν ἐν πρὸς ἐν οὐδὲν οὕτως σφόδρα ἡμῖν ἀπεργάζεται; δύο γὰρ οὖν ἐστὸν τὰ τὴν νίκην ἀπεργαζόμενα, θάρρος μὲν πολεμίων, φίλων δὲ φόβος αἰσχύνης πέρι κακῆς.

Κλεινίας

ἔστι ταῦτα.

Ἀθηναῖος

ἄφοβον ἡμῶν ἄρα δεῖ γίνεσθαι καὶ φοβερὸν [647ξ] ἕκαστον: ὧν δ' ἑκάτερον ἔνεκα, διηρήμεθα.

Κλεινίας

πάνυ μὲν οὖν.

Ἀθηναῖος

καὶ μὴν ἄφοβόν γε ἕκαστον βουλευθέντες ποιεῖν φόβων πολλῶν
τινῶν, εἰς φόβον ἄγοντες αὐτὸν μετὰ νόμου, τοιοῦτον ἀπεργαζόμεθα.

Κλεινίας

φαινόμεθα.

Ἀθηναῖος

τί δ' ὅταν ἐπιχειρῶμέν τινα φοβερὸν ποιεῖν μετὰ δίκης; ἄρ' οὐκ
ἀναισχυντία συμβάλλοντας αὐτὸν καὶ προσγυμνάζοντας νικᾶν δεῖ
ποιεῖν διαμαχόμενον αὐτοῦ ταῖς ἡδοναῖς; ἢ τῇ μὲν δειλία τῇ ἐν αὐτῷ
προσμαχόμενον καὶ [647δ] νικῶντα αὐτὴν δεῖ τέλος οὕτω γίνεσθαι
πρὸς ἀνδρείαν, ἅπειρος δὲ δήπου καὶ ἀγύμναστος ὢν τῶν τοιούτων
ἀγώνων ὅστισοῦν οὐδ' ἂν ἡμισυς ἑαυτοῦ γένοιτο πρὸς ἀρετὴν,
σώφρων δὲ ἄρα τελέως ἔσται μὴ πολλαῖς ἡδοναῖς καὶ ἐπιθυμίαις
προτρεπούσαις ἀναισχυντεῖν καὶ ἀδικεῖν διαμεμαχημένος καὶ
νενικηκὼς μετὰ λόγου καὶ ἔργου καὶ τέχνης ἐν τε παιδιαῖς καὶ ἐν
σπουδαῖς, ἀλλ' ἀπαθὴς ὢν πάντων τῶν τοιούτων;

Κλεινίας

οὐκ οὐν τὸν γ' εἰκότα λόγον ἂν ἔχοι. [647ε]

Ἀθηναῖος

τί οὖν; φόβου φάρμακον ἔσθ' ὅστις θεὸς ἔδωκεν ἀνθρώποις, ὥστε
ὀπόσῃ πλέον ἂν ἐθέλῃ τις πίνειν αὐτοῦ, τοσούτῳ μᾶλλον αὐτὸν
νομίζειν καθ' ἐκάστην πόσιν δυστυχή γίνεσθαι, καὶ φοβεῖσθαι τὰ
παρόντα καὶ τὰ μέλλοντα αὐτῷ [648α] πάντα, καὶ τελευτῶντα εἰς
πᾶν δέος ἰέναι τὸν ἀνδρειότατον ἀνθρώπων, ἐκκοιμηθέντα δὲ καὶ τοῦ
πώματος ἀπαλλαγέντα πάλιν ἐκάστοτε τὸν αὐτὸν γίνεσθαι.

Κλεινίας

καὶ τί τοιοῦτον φαῖμεν ἂν, ὃ ξένη, ἐν ἀνθρώποις γεγονέναι πῶμα;

Ἀθηναῖος

οὐδέν: εἰ δ' οὖν ἐγένετό ποθεν, ἔσθ' ὅτι πρὸς ἀνδρείαν ἦν ἂν νομοθέτη χρήσιμον; οἷον τὸ τοιόνδε περὶ αὐτοῦ καὶ μάλα εἵχομεν ἂν αὐτῷ διαλέγεσθαι: φέρε, ὦ νομοθέτα, εἴτε Κρησὶν εἴθ' οἰστισινοῦν νομοθετεῖς, πρῶτον [648β] μὲν τῶν πολιτῶν ἅρ' ἂν δέξαιο βάσανον δυνατὸς εἶναι λαμβάνειν ἀνδρείας τε πέρι καὶ δειλίας;

Κλεινίας

φαίη που πᾶς ἂν δῆλον ὅτι.

Ἀθηναῖος

τί δέ; μετ' ἀσφαλείας καὶ ἄνευ κινδύνων μεγάλων ἢ μετὰ τῶν ἐναντίων;

Κλεινίας

καὶ τοῦτο μετὰ τῆς ἀσφαλείας συνομολογήσει πᾶς.

Ἀθηναῖος

χρῶο δ' ἂν εἰς τοὺς φόβους τούτους ἄγων καὶ ἐλέγχων ἐν τοῖς παθήμασιν, ὥστε ἀναγκάζειν ἄφοβον γίγνεσθαι, [648ξ] παρακελευόμενος καὶ νοουθετῶν καὶ τιμῶν, τὸν δὲ ἀτιμάζων, ὅστις σοι μὴ πείθοιτο εἶναι τοιοῦτος οἷον σὺ τάττοις ἐν πᾶσιν; καὶ γυμνασάμενον μὲν εὖ καὶ ἀνδρείως ἀζήμιον ἀπαλλάττοις ἂν, κακῶς δέ, ζημίαν ἐπιτιθεῖς; ἢ τὸ παράπαν οὐκ ἂν χρῶο, μηδὲν ἄλλο ἐγκαλῶν τῷ πάματι;

Κλεινίας

καὶ πῶς οὐκ ἂν χρῶτο, ὦ ξένε;

Ἀθηναῖος

γυμνασία γοῦν, ὦ φίλε, παρὰ τὰ νῦν θαυμαστὴ ῥαστώνης ἂν εἴη καθ' ἓνα καὶ κατ' ὀλίγους καὶ καθ' ὁπόσους [648δ] τις ἀεὶ βούλοιτο: καὶ εἴτε τις ἄρα μόνος ἐν ἐρημίᾳ, τὸ τῆς αἰσχύνης ἐπίπροσθεν ποιούμενος, πρὶν εὖ σχεῖν ἡγοούμενος ὀρᾶσθαι μὴ δεῖν, οὕτω πρὸς τοὺς φόβους γυμνάζοιτο, πῶμα μόνον ἀντὶ μυρίων πραγμάτων παρασκευαζόμενος, ὁρθῶς ἂν τι πράττοι, εἴτε τις ἑαυτῷ πιστεύων

φύσει καὶ μελέτῃ καλῶς παρεσκευάσθαι, μηδὲν ὀκνοῖ μετὰ συμποτῶν πλειόνων γυμναζόμενος ἐπιδείκνυσθαι τὴν ἐν τῇ τοῦ σώματος ἀναγκαίᾳ [648ε] διαφορᾷ δύναμιν ὑπερθέων καὶ κρατῶν, ὥστε ὑπ' ἀσχημοσύνης μηδὲ ἐν σφάλλεσθαι μέγα μηδ' ἀλλοιοῦσθαι δι' ἀρετὴν, πρὸς δὲ τὴν ἐσχάτην πόσιν ἀπαλλάττοιο πρὶν ἀφικνεῖσθαι, τὴν πάντων ἥτταν φοβούμενος ἀνθρώπων τοῦ σώματος.

Κλεινίας

ναί: σωφρονοῖ γὰρ <ἄν>, ὃ ξένε, καὶ ὁ τοιοῦτος οὕτω πράττων.
[649α]

Ἀθηναῖος

πάλιν δὴ πρὸς τὸν νομοθέτην λέγωμεν τάδε: εἶεν, ὃ νομοθέτα, τοῦ μὲν δὴ φόβου σχεδὸν οὔτε θεὸς ἔδωκεν ἀνθρώποις τοιοῦτον φάρμακον οὔτε αὐτοὶ μεμηχανήμεθα- τοὺς γὰρ γόητας οὐκ ἐν θοίνῃ λέγω-τῆς δὲ ἀφοβίας καὶ τοῦ λίαν θαρρεῖν καὶ ἀκαίρως ἂ μὴ χρή, πότερον ἔστιν πῶμα, ἢ πῶς λέγομεν;

Κλεινίας

ἔστιν, φήσει πού, τὸν οἶνον φράζων.

Ἀθηναῖος

ἦ καὶ τοῦναντίον ἔχει τοῦτο τῷ νυνδὴ λεγομένῳ; πίνοντα τὸν ἄνθρωπον αὐτὸν αὐτοῦ ποιεῖ πρῶτον ἵλεων εὐθύς [649β] μᾶλλον ἢ πρότερον, καὶ ὅποσῳ ἂν πλέον αὐτοῦ γεύηται, τοσοῦτῳ πλειόνων ἐλπίδων ἀγαθῶν πληροῦσθαι καὶ δυνάμεως εἰς δόξαν; καὶ τελευτῶν δὴ πάσης ὁ τοιοῦτος παρρησίας ὡς σοφὸς ὢν μεστοῦται καὶ ἐλευθερίας, πάσης δὲ ἀφοβίας, ὥστε εἰπεῖν τε ἀόκνως ὅτιοῦν, ὡσαύτως δὲ καὶ πράξαι; πᾶς ἡμῖν, οἶμαι, ταῦτ' ἂν συγχωροῖ.

Κλεινίας

τί μήν;

Ἀθηναῖος

ἀναμνησθῶμεν δὴ τόδε, ὅτι δύο' ἔφαμεν ἡμῶν ἐν ταῖς ψυχαῖς δεῖν

θεραπεύεσθαι, τὸ μὲν ὅπως ὅτι μάλιστα [649ξ] θαρρήσομεν, τὸ δὲ τοῦναντίον ὅτι μάλιστα φοβησόμεθα.

Κλεινίας

ἂ τῆς αἰδοῦς ἔλεγες, ὡς οἰόμεθα.

Ἀθηναῖος

καλῶς μνημονεύετε. ἐπεὶ δὲ τὴν τε ἀνδρείαν καὶ τὴν ἀφοβίαν ἐν τοῖς φόβοις δεῖ καταμελετᾶσθαι, σκεπτέον ἄρα τὸ ἐναντίον ἐν τοῖς ἐναντίοις θεραπεύεσθαι δέον ἂν εἴη.

Κλεινίας

τό γ' οὖν εἰκός.

Ἀθηναῖος

ἂ παθόντες ἄρα πεφύκαμεν διαφερόντως θαρραλέοι τ' εἶναι καὶ θρασεῖς, ἐν τούτοις δέον ἂν, ὡς ἔοικ', εἴη τὸ μελετᾶν ὡς ἥκιστα εἶναι ἀναισχύντους τε καὶ θρασύτητος [649δ] γέμοντας, φοβεροὺς δὲ εἰς τό τι τολμᾶν ἐκάστοτε λέγειν ἢ πάσχειν ἢ καὶ δρᾶν αἰσχρὸν ὅτιοῦν.

Κλεινίας

ἔοικεν.

Ἀθηναῖος

οὐκοῦν ταῦτά ἐστι πάντα ἐν οἷς ἐσμὲν τοιοῦτοι, θυμός, ἔρως, ὕβρις, ἀμαθία, φιλοκέρδεια, δειλία, καὶ ἔτι τοιάδε, πλοῦτος, κάλλος, ἰσχύς, καὶ πάνθ' ὅσα δι' ἡδονῆς αὖ μεθύσκοντα παράφρονas ποιεῖ; τούτων δὲ εὐτελεῖ τε καὶ ἀσινεστέραν πρῶτον μὲν πρὸς τὸ λαμβάνειν πείραν, εἴτα εἰς τὸ μελετᾶν, πλὴν τῆς ἐν οἴνῳ βασάνου καὶ παιδιᾶς, τίνα [649ε] ἔχομεν ἡδονὴν εἰπεῖν ἔμμετρον μᾶλλον, ἂν καὶ ὅπωςτιοῦν μετ' εὐλαβείας γίγνηται; σκοπῶμεν γὰρ δὴ: δυσκόλου ψυχῆς καὶ ἀγρίας, ἐξ ἧς ἀδικαίαι μυρίαί γίνονται, πότερον ἰόντα εἰς τὰ συμβόλαια πείραν λαμβάνειν, κινδυνεύοντα περὶ [650α] αὐτῶν, σφαλερώτερον, ἢ συγγενόμενον μετὰ τῆς τοῦ Διονύσου θεωρίας; ἢ πρὸς τάφροδίσια ἡττημένης τινὸς ψυχῆς βάσανον λαμβάνειν,

ἐπιτρέποντα αὐτοῦ θυγατέρας τε καὶ υἱεῖς καὶ γυναῖκας, οὕτως, ἐν τοῖς φιλτάτοις κινδυνεύσαντες, ἦθος ψυχῆς θεάσασθαι; καὶ μυρία δὴ λέγων οὐκ ἂν τίς ποτε ἀνύσειεν ὅσῳ διαφέρει τὸ μετὰ παιδιᾶς τὴν ἄλλως ἄνευ μισθοῦ ζημιώδους θεωρεῖν. καὶ δὴ καὶ τοῦτο μὲν αὐτὸ περὶ [650β] γε τούτων οὐτ' ἂν Κρήτας οὐτ' ἄλλους ἀνθρώπους οὐδένας οἰόμεθα ἀμφισβητῆσαι, μὴ οὐ πειρὰν τε ἀλλήλων ἐπιεικῆ ταύτην εἶναι, τό τε τῆς εὐτελείας καὶ ἀσφαλείας καὶ τάχους διαφέρειν πρὸς τὰς ἄλλας βασάνους.

Κλεινίας

ἀληθὲς τοῦτό γε.

Ἀθηναῖος

τοῦτο μὲν ἄρ' ἂν τῶν χρησιμωτάτων ἐν εἴῃ, τὸ γινῶναι τὰς φύσεις τε καὶ ἔξεις τῶν ψυχῶν, τῇ τέχνῃ ἐκείνῃ ἣς ἐστὶν ταῦτα θεραπεύειν: ἐστὶν δέ που, φαμέν, ὥς οἶμαι, πολιτικῆς. ἦ γάρ;

Κλεινίας

πάνυ μὲν οὔν.

Τόμος 2

[652α] Ἀθηναῖος

τὸ δὴ μετὰ τοῦτο, ὥς ἔοικε, σκεπτέον ἐκεῖνο περὶ αὐτῶν, πότερα τοῦτο μόνον ἀγαθὸν ἔχει, τὸ κατιδεῖν πῶς ἔχομεν τὰς φύσεις, ἢ καὶ τι μέγεθος ὠφελίας ἄξιον πολλῆς σπουδῆς ἔνεστ' ἐν τῇ κατ' ὀρθὸν χρεία τῆς ἐν οἴνῳ συνουσίας. τί οὖν δὴ λέγομεν; ἔνεσθ', ὥς ὁ λόγος ἔοικεν βούλεσθαι σημαίνειν: ὅπη δὲ καὶ ὅπως, ἀκούωμεν προσέχοντες [652β] τὸν νοῦν, μή πη παραποδισθῶμεν ὑπ' αὐτοῦ.

Κλεινίας

λέγ' οὖν.

Ἀθηναῖος

ἀναμνησθῆναι τοίνυν ἔγωγε πάλιν ἐπιθυμῶ τί ποτε [653α] λέγομεν ἡμῖν εἶναι τὴν ὀρθὴν παιδείαν. τούτου γάρ, ὥς γε ἐγὼ τοπάζω τὰ νῦν, ἔστιν ἐν τῷ ἐπιτηδεύματι τούτῳ καλῶς κατορθουμένῳ σωτηρία.

Κλεινίας

μέγα λέγεις.

Ἀθηναῖος

λέγω τοίνυν τῶν παίδων παιδικὴν εἶναι πρώτην αἴσθησιν ἡδονὴν καὶ λύπην, καὶ ἐν οἷς ἀρετὴ ψυχῇ καὶ κακία παραγίγνεται πρῶτον, ταῦτ' εἶναι, φρόνησιν δὲ καὶ ἀληθεῖς δόξας βεβαίους εὐτυχὲς ὅτῳ καὶ πρὸς τὸ γῆρας παρεγένετο: τέλος δ' οὖν ἔστ' ἄνθρωπος ταῦτα καὶ τὰ ἐν [653β] τούτοις πάντα κεκτημένος ἀγαθὰ. παιδείαν δὴ λέγω τὴν παραγιγνομένην πρῶτον παισὶν ἀρετὴν: ἡδονὴ δὴ καὶ φιλία καὶ λύπη καὶ μῖσος ἂν ὀρθῶς ἐν ψυχαῖς ἐγγίγνωνται μήπω δυναμένων λόγῳ λαμβάνειν, λαβόντων δὲ τὸν λόγον, συμφωνήσῃσι τῷ λόγῳ ὀρθῶς εἰθίσθαι ὑπὸ τῶν προσηκόντων ἐθῶν, αὕτη 'σθ' ἢ συμφωνία σύμπασα μὲν ἀρετὴ, τὸ δὲ περὶ τὰς ἡδονὰς καὶ λύπας τεθραμμένον αὐτῆς ὀρθῶς ὥστε [653ξ] μισεῖν μὲν ἃ χρὴ μισεῖν εὐθὺς ἐξ ἀρχῆς μέχρι τέλους, στέργειν δὲ ἃ χρὴ στέργειν, τοῦτ' αὐτὸ ἀποτεμὼν τῷ

λόγῳ καὶ παιδείαν προσαγορεύων, κατὰ γε τὴν ἐμὴν ὀρθῶς ἂν προσαγορεύοις.

Κλεινίας

καὶ γάρ, ὦ ξένε, ἡμῖν καὶ τὰ πρότερον ὀρθῶς σοὶ παιδείας πέρι καὶ τὰ νῦν εἰρῆσθαι δοκεῖ.

Ἀθηναῖος

καλῶς τοίνυν. τούτων γὰρ δὴ τῶν ὀρθῶς τεθραμμένων ἡδονῶν καὶ λυπῶν παιδείων οὐσῶν χαλᾷται τοῖς ἀνθρώποις καὶ διαφθείρεται κατὰ πολλὰ ἐν τῷ βίῳ, θεοὶ [653δ] δὲ οἰκτίραντες τὸ τῶν ἀνθρώπων ἐπίπονον πεφυκὸς γένος, ἀναπαύλας τε αὐτοῖς τῶν πόνων ἐτάξαντο τὰς τῶν ἐορτῶν ἀμοιβὰς τοῖς θεοῖς, καὶ μούσας Ἀπόλλωνά τε μουσηγέτην καὶ Διόνυσον συνεορταστὰς ἔδοσαν, ἵν' ἐπανορθῶνται, τὰς τε τροφὰς γενομένας ἐν ταῖς ἐορταῖς μετὰ θεῶν. ὁρᾷν ἂν χρὴ πρότερον ἀληθείης ἡμῖν κατὰ φύσιν ὁ λόγος ὑμνεῖται τὰ νῦν, ἢ πῶς. φησὶν δὲ τὸ νέον ἅπαν ὥς ἔπος εἰπεῖν τοῖς τε σώμασι καὶ ταῖς φωναῖς ἡσυχίαν ἄγειν οὐ δύνασθαι, [653ε] κινεῖσθαι δὲ ἀεὶ ζητεῖν καὶ φθέγγεσθαι, τὰ μὲν ἀλλόμενα καὶ σκιρτῶντα, οἷον ὀρχούμενα μεθ' ἡδονῆς καὶ προσπαίζοντα, τὰ δὲ φθεγγόμενα πάσας φωνάς. τὰ μὲν οὖν ἄλλα ζῶα οὐκ ἔχουσιν αἴσθησιν τῶν ἐν ταῖς κινήσεσιν τάξεων οὐδὲ ἀταξιῶν, οἷς δὴ ρυθμὸς ὄνομα καὶ ἀρμονία· ἡμῖν δὲ οὐς [654α] εἵπομεν τοὺς θεοὺς συγχορευτὰς δεδόσθαι, τούτους εἶναι καὶ τοὺς δεδωκότας τὴν ἔνρυθμόν τε καὶ ἐναρμόνιον αἴσθησιν μεθ' ἡδονῆς, ἣ δὴ κινεῖν τε ἡμᾶς καὶ χορηγεῖν ἡμῶν τούτους, ὥδαῖς τε καὶ ὀρχήσεσιν ἀλλήλοις συνείροντας, χοροὺς τε ὠνομακέναι παρὰ τὸ τῆς χαρᾶς ἔμφυτον ὄνομα. πρῶτον δὴ τοῦτο ἀποδεξώμεθα; θῶμεν παιδείαν εἶναι πρῶτην διὰ Μουσῶν τε καὶ Ἀπόλλωνος, ἢ πῶς;

Κλεινίας

οὕτως.

Ἀθηναῖος

οὐκοῦν ὁ μὲν ἀπαίδευτος ἀχόρευτος ἡμῖν ἔσται, τὸν [654β] δὲ πεπαιδευμένον ἱκανῶς κεχορευκότα θετέον;

Κλεινίας

τί μήν;

Ἀθηναῖος

χορεία γε μὴν ὄρχησίς τε καὶ ὥδῃ τὸ σύνολόν ἐστιν.

Κλεινίας

ἀναγκαῖον.

Ἀθηναῖος

Κλεινίας

Ἀθηναῖος

ἴδωμεν δὴ τί ποτ' ἐστὶ τὸ νῦν αὖ λεγόμενον.

Κλεινίας

τὸ ποῖον δῆ;

Ἀθηναῖος

“καλῶς ἄδει,” φαμέν, “καὶ καλῶς ὀρχεῖται”: πότερον [654ξ] “εἰ καὶ καλὰ ἄδει καὶ καλὰ ὀρχεῖται” προσθῶμεν ἢ μή;

Κλεινίας

προσθῶμεν.

Ἀθηναῖος

τί δ' ἂν τὰ καλά τε ἡγούμενος εἶναι καλὰ καὶ τὰ αἰσχρὰ αἰσχρὰ οὕτως αὐτοῖς χρήται; βέλτιον ὁ τοιοῦτος πεπαιδευμένος ἡμῖν ἔσται τὴν χορείαν τε καὶ μουσικὴν ἢ ὃς ἂν τῷ μὲν σώματι καὶ τῇ φωνῇ τὸ διανοηθὲν εἶναι καλὸν ἱκανῶς ὑπηρετεῖν δυνηθῇ ἐκάστοτε, χαίρη δὲ

Κλεινίας

πολὺ τὸ διαφέρον, ὦ ξένε, λέγεις τῆς παιδείας.

Ἀθηναῖος

οὐκοῦν εἰ μὲν τὸ καλὸν ῥᾶ τε καὶ ὀρχήσεως πέρι γινώσκομεν τρεῖς ὄντες, ἴσμεν καὶ τὸν πεπαιδευμένον τε καὶ ἀπαίδευτον ὀρθῶς: εἰ δὲ ἀγνοοῦμέν γε τοῦτο, οὐδ’ εἴ τις παιδείας ἐστὶν φυλακὴ καὶ ὅπου διαγινώσκειν ἂν ποτε [654ε] δυναίμεθα. ἄρ’ οὐχ οὕτως;

Κλεινίας

Ἀθηναῖος

εἶεν: τί δὲ δὴ τὸ καλὸν χρὴ φάναι σχῆμα ἢ μέλος εἶναί ποτε; φέρε, ἀνδρικῆς ψυχῆς ἐν πόνοις ἐχομένης καὶ [655α] δειλῆς ἐν τοῖς αὐτοῖς τε καὶ ἴσοις ἄρ’ ὅμοια τὰ τε σχήματα καὶ τὰ φθέγματα συμβαίνει γίνεσθαι;

Κλεινίας

καὶ πῶς, ὅτε γε μηδὲ τὰ χρώματα;

Ἀθηναῖος

καλῶς γε, ὦ ἐταῖρε. ἀλλ' ἐν γὰρ μουσικῇ καὶ σχήματα μὲν καὶ μέλη ἔνεστιν, περὶ ρυθμὸν καὶ ἁρμονίαν οὐσης τῆς μουσικῆς, ὥστε εὐρυθμον μὲν καὶ εὐἁρμοστον, εὐχρῶν δὲ μέλος ἢ σχῆμα οὐκ ἔστιν ἀπεικάσαντα, ὥσπερ οἱ χοροδιδάσκαλοι ἀπεικάζουσιν, ὀρθῶς φθέγγεσθαι: τὸ δὲ τοῦ δειλοῦ τε καὶ ἀνδρείου σχῆμα ἢ μέλος ἔστιν τε, καὶ [655β] ὀρθῶς προσαγορεύειν ἔχει τὰ μὲν τῶν ἀνδρείων καλά, τὰ τῶν δειλῶν δὲ αἰσχροῦ. καὶ ἵνα δὴ μὴ μακρολογία πολλή τις γίγνηται περὶ ταῦθ' ἡμῖν ἅπαντα, ἀπλῶς ἔστω τὰ μὲν ἀρετῆς ἐχόμενα ψυχῆς ἢ σώματος, εἴτε αὐτῆς εἴτε τινὸς εἰκόνοσ, σύμπαντα σχήματά τε καὶ μέλη καλά, τὰ δὲ κακίας αὖ, τούναντίον ἅπαν.

Κλεινίας

ὀρθῶς τε προκαλῇ καὶ ταῦθ' ἡμῖν οὕτως ἔχειν ἀποκεκρίσθω τὰ νῦν.

Ἀθηναῖος

ἔτι δὴ τόδε: πότερον ἅπαντες πάσαις χορείαις [655ξ] ὁμοίως χαίρομεν, ἢ πολλοῦ δεῖ;

Κλεινίας

Ἀθηναῖος

ὅπως; εἰ θεὸς ἡμῖν, ὡς ἔοικεν, ὃ φίλοι, δοίη τις συμφωνίαν, ὡς νῦν γε σχεδὸν ἀπάδομεν ἀπ' ἀλλήλων. ἐμοὶ γὰρ δὴ φαίνεται ταῦτα οὕτως ἀναγκαῖα, ὡς οὐδέ, ὃ φίλε Κλεινία, Κρήτη νῆσος σαφῶς: καὶ νομοθέτης ὢν ταύτην πειρώμενην ἂν τοὺς τε ποιητὰς ἀναγκάζειν φθέγγεσθαι καὶ πάντας τοὺς ἐν τῇ πόλει, ζημίαν τε ὀλίγου μεγίστην ἐπιτιθεῖν ἂν, εἴ τις ἐν τῇ χώρᾳ φθέγγαιτο ὡς εἰσὶν τινες [662ξ]

ἄνθρωποι ποτε πονηροὶ μὲν, ἡδέως δὲ ζῶντες, ἢ λυσιτελοῦντα μὲν ἄλλα ἐστὶ καὶ κερδαλέα, δικαιοτέρα δὲ ἄλλα, καὶ πόλλ' ἅττ' ἂν παρὰ τὰ νῦν λεγόμενα ὑπὸ τε Κρητῶν καὶ Λακεδαιμονίων, ὡς ἔοικε, καὶ δήπου καὶ τῶν ἄλλων ἀνθρώπων, διάφορα πείθοιμ' ἂν τοὺς πολίτας μοι φθέγγεσθαι. φέρε γάρ, ὦ πρὸς Διὸς τε καὶ Ἀπόλλωνος, ὦ ἄριστοι τῶν ἀνδρῶν, εἰ τοὺς νομοθετήσαντας ὑμῖν αὐτοὺς τούτους ἐροίμεθα θεοὺς: [662δ] “ἄρ' ὁ δικαιοτάτος ἐστὶν βίος ἡδιστος, ἢ δὴ ἔστίον τινα βίῳ, οἷν ὁ μὲν ἡδιστος ὢν τυγχάνει, δικαιοτάτος δ' ἕτερος;” εἰ δὴ δύο φαῖεν, ἐροίμεθ' ἂν ἴσως αὐτοὺς πάλιν, εἴπερ ὀρθῶς ἐπανερωτῶμεν: “ποτέρους δὲ εὐδαιμονεστέρους χρὴ λέγειν, τοὺς τὸν δικαιοτάτον ἢ τοὺς τὸν ἡδιστον διαβιοῦντας βίον;” εἰ μὲν δὴ φαῖεν τοὺς τὸν ἡδιστον, ἄτοπος αὐτῶν ὁ λόγος ἂν γίγνοιτο. βούλομαι δέ μοι μὴ ἐπὶ θεῶν λέγεσθαι τὸ [662ε] τοιοῦτον, ἀλλ' ἐπὶ πατέρων καὶ νομοθετῶν μᾶλλον, καὶ μοι τὰ ἔμπροσθεν ἠρωτημένα πατέρα τε καὶ νομοθέτην ἠρωτήσθω, ὁ δ' εἰπέτω ὡς ὁ ζῶν τὸν ἡδιστον βίον ἐστὶν μακαριώτατος: εἶτα μετὰ ταῦτα ἔγωγ' ἂν φαίην: “ὦ πάτερ, οὐχ ὡς εὐδαιμονέστατά με ἐβούλου ζῆν; ἀλλ' αἰεὶ διακελευόμενος οὐδὲν ἐπαύου ζῆν με ὡς δικαιοτάτα.” ταύτη μὲν οὖν ὁ τιθέμενος εἶτε νομοθέτης εἶτε καὶ πατὴρ ἄτοπος ἂν οἶμαι καὶ ἄπορος φαίνοιτο τοῦ συμφωνούντως ἑαυτῷ λέγειν: εἰ δ' αὖ τὸν δικαιοτάτον εὐδαιμονέστατον ἀποφαίνοιτο βίον εἶναι, ζητοῖ που πᾶς ἂν ὁ ἀκούων, οἶμαι, τί ποτ' ἐν αὐτῷ τὸ τῆς ἡδονῆς [663α] κρεῖττον ἀγαθὸν τε καὶ καλὸν ὁ νόμος ἐνὸν ἐπαινεῖ. τί γὰρ δὴ δικαίῳ χωριζόμενον ἡδονῆς ἀγαθὸν ἂν γίγνοιτο; φέρε, κλέος τε καὶ ἔπαινος πρὸς ἀνθρώπων τε καὶ θεῶν ἄρ' ἐστὶν ἀγαθὸν μὲν καὶ καλόν, ἀηδὲς δέ, δύσκλεια δὲ τὰναντία; ἥκιστα, ὦ φίλε νομοθέτα, φήσομεν. ἀλλὰ τὸ μῆτε τινὰ ἀδικεῖν μῆτε ὑπὸ τινος ἀδικεῖσθαι μὲν ἀηδὲς μὲν, ἀγαθὸν δὲ ἢ καλόν, τὰ δ' ἕτερα ἡδέα μὲν, αἰσχροὰ δὲ καὶ κακά;

Κλεινίας

καὶ πῶς;

Ἀθηναῖος

οὐκοῦν ὁ μὲν μὴ χωρίζων λόγος ἡδύ τε καὶ δίκαιον [663β] καὶ ἀγαθὸν τε καὶ καλὸν πιθανός γ', εἰ μὴδὲν ἕτερον, πρὸς τό τινα ἐθέλειν ζῆν τὸν ὅσιον καὶ δίκαιον βίον, ὥστε νομοθέτη γε αἰσχιστος

Κλεινίας

ἀναγκαῖόν που τὴν τῆς ἀμείνονος.

Ἀθηναῖος

Κλεινίας

συγχωρητέον ἂ λέγεις.

Ἀθηναῖος

πρῶτον μὲν τοίνυν ὁ Μουσῶν χορὸς ὁ παιδικὸς ὀρθότατ' ἂν εἰσίοι πρῶτος τὰ τοιαῦτα εἰς τὸ μέσον ἄσόμενος ἀπάσῃ σπουδῇ καὶ ὅλῃ τῇ πόλει, δεύτερος δὲ ὁ μέχρι τριάκοντα ἐτῶν, τὸν τε Παιᾶνα ἐπικαλούμενος μάρτυρα τῶν λεγομένων ἀληθείας πέρι καὶ τοῖς νέοις ἵλεων μετὰ πειθοῦς [664δ] γίγνεσθαι ἐπευχόμενος. δεῖ δὲ δὴ καὶ ἔτι τρίτους τοὺς ὑπὲρ τριάκοντα ἔτη μέχρι τῶν ἐξήκοντα γεγονότας ἄδειν: τοὺς δὲ μετὰ ταῦτα-οὐ γὰρ ἔτι δυνατοὶ φέρειν ὥδας-μυθολόγους περὶ τῶν αὐτῶν ἡθῶν διὰ θείας φήμης καταλελειφθαι.

Κλεινίας

λέγεις δέ, ὦ ξένε, τίνας τούτους τοὺς χοροὺς τοὺς τρίτους; οὐ γὰρ πάνυ συνίεμεν σαφῶς ὅτι ποτὲ βούλει φράζειν αὐτῶν πέρι.

Ἀθηναῖος

Ἀθηναῖος

εἵπομεν, εἰ μεμνήμεθα, κατ' ἀρχὰς τῶν λόγων, ὥς ἡ φύσις ἀπάντων τῶν νέων διάπυρος οὔσα ἡσυχίαν οὐχ οἶα τε ἄγειν οὔτε κατὰ τὸ σῶμα οὔτε κατὰ τὴν φωνὴν εἴη, φθέγγοιτο δ' αἰεὶ ἀτάκτως καὶ πηδῶ, τάξεως δ' αἰσθησιν τούτων ἀμφοτέρων, τῶν ἄλλων μὲν ζῶων οὐδὲν ἐφάπτοιτο, ἡ δὲ ἀνθρώπου φύσις ἔχοι μόνη τοῦτο: τῇ δὴ τῆς κινήσεως [665α] τάξει ρυθμὸς ὄνομα εἴη, τῇ δὲ αὖ τῆς φωνῆς, τοῦ τε ὀξέος ἅμα καὶ βαρέος συγκεραννυμένων, ἀρμονία ὄνομα προσαγορεύοιτο, χορεία δὲ τὸ συναμφοτέρον κληθείη. θεοὺς δὲ ἔφαμεν ἐλεοῦντας ἡμᾶς συγχορευτάς τε καὶ χορηγούς ἡμῖν δεδωκέναι τὸν τε Ἀπόλλωνα καὶ μούσας, καὶ δὴ καὶ τρίτον ἔφαμεν,

Κλεινίας

πῶς δ' οὐ μεμνήμεθα;

Ἀθηναῖος

Κλεινίας

πῶς δῆ; λέγε: μάλα γὰρ ἄτοπος γίγνοιτ' ἂν ὥς γε ἐξαίφνης ἀκούσαντι Διονύσου πρεσβυτῶν χορὸς, εἰ ἄρα οἱ ὑπὲρ τριάκοντα καὶ πεντήκοντα δὲ γεγονότες ἔτη μέχρι ἐξήκοντα αὐτῷ χορεύουσιν.

Κλεινίας

οὕτω μὲν οὖν.

Ἀθηναῖος

οὐκοῦν ἐν θεάτρῳ γε καὶ παντοίοις ἀνθρώποις ἄδειν ἐστὼς ὀρθὸς ἔτι μᾶλλον αἰσχύνοιτ' ἂν: καὶ ταῦτά γ' εἰ καθάπερ οἱ περὶ νίκης χοροὶ ἀγωνιζόμενοι πεφωνασκηκότες ἰσχυροὶ τε καὶ ἄσιτοι ἀναγκάζονται ἄδειν οἱ τοιοῦτοι, παντάπασιν που ἀηδῶς τε καὶ αἰσχυνηλῶς ἄδοντες ἀπροθύμως ἂν τοῦτ' ἐργάζοιντο; [666α]

Κλεινίας

Κλεινίας

πῶς γὰρ οὐ;

Ἀθηναῖος

τίς ἂν οὖν πρόποι θείοις ἀνδράσιν; ἄρ' ἂν ἡ τῶν χορῶν;

Κλεινίας

ἡμεῖς γοῦν, ὦ ξένε, καὶ οἶδε οὐκ ἄλλην ἂν τινα δυναίμεθα ᾠδὴν ἢ ἣν ἐν τοῖς χοροῖς ἐμάθομεν συνήθεις ἀδειν γενόμενοι.

Ἀθηναῖος

εἰκότως γε: ὄντως γὰρ οὐκ ἐπήβολοι γεγόνατε τῆς [666ε] καλλίστης ᾠδῆς. στρατοπέδου γὰρ πολιτείαν ἔχετε ἀλλ' οὐκ ἐν ἄστεσι κατωκηκότων, ἀλλ' οἷον ἀθρόους πῶλους ἐν ἀγέλῃ νεμομένους φορβάδας τοὺς νέους κέκτησθε: λαβὼν δ' ὑμῶν οὐδεὶς τὸν αὐτοῦ, παρὰ τῶν συννόμων σπάσας σφόδρα ἀγριαίνοντα καὶ ἀγανακτοῦντα, ἵπποκόμον τε ἐπέστησεν ἰδία καὶ παιδεύει ψήχων τε καὶ ἡμερῶν, καὶ πάντα προσήκοντα ἀποδιδούς τῇ παιδοτροφίᾳ ὅθεν οὐ μόνον ἀγαθὸς [667α] ἂν στρατιώτης εἴη, πόλιν δὲ καὶ ἄστη δυνάμενος διοικεῖν, ὃν δὴ κατ' ἀρχὰς εἵπομεν τῶν Τυρταίου πολεμικῶν εἶναι πολεμικώτερον, τέταρτον ἀρετῆς ἀλλ' οὐ πρῶτον τὴν ἀνδρείαν κτῆμα τιμῶντα ἀεὶ καὶ πανταχοῦ, ἰδιώταις τε καὶ συμπάσῃ πόλει.

Κλεινίας

οὐκ οἶδα ἡμῶν, ὦ ξένε, ὅπῃ πάλιν αὖ τοὺς νομοθέτας φαυλίζεις.

Ἀθηναῖος

οὐκ, ὦγαθέ, προσέχων τούτῳ τὸν νοῦν δρῶ τοῦτο, εἵπερ: ἀλλ' ὁ λόγος ὅπῃ φέρει, ταύτη πορευώμεθα, εἰ βούλεσθε. εἰ γὰρ ἔχομεν μουσαν τῆς τῶν χορῶν καλλίῳ καὶ [667β] τῆς ἐν τοῖς κοινοῖς θεάτροις, πειρώμεθα ἀποδοῦναι τούτοις οὓς φαμεν ἐκείνην μὲν αἰσχύνεσθαι, ζητεῖν δέ, ἥτις καλλίστη, ταύτης κοινωνεῖν.

Κλεινίας

πάνυ γε.

Ἀθηναῖος

οὐκοῦν πρῶτον μὲν δεῖ τόδε γε ὑπάρχειν ἅπασιν ὅσοις συμπαρέπεται τις χάρις, ἢ τοῦτο αὐτὸ μόνον αὐτοῦ τὸ σπουδαιότατον εἶναι, ἢ τινα ὀρθότητα, ἢ τὸ τρίτον ὠφελίαν; οἷον δὴ λέγω ἐδωδῆ μὲν καὶ πόσει καὶ συμπάσῃ τροφῇ παρέπεσθαι μὲν τὴν χάριν, ἣν ἡδονὴν ἂν προσείπομεν: ἦν [667ξ] δὲ ὀρθότητά τε καὶ ὠφελίαν, ὅπερ ὑγιεινὸν τῶν προσφερομένων λέγομεν ἐκάστοτε, τοῦτ' αὐτὸ εἶναι ἐν αὐτοῖς καὶ τὸ ὀρθότατον.

Κλεινίας

πάνυ μὲν οὖν.

Ἀθηναῖος

Κλεινίας

ἔστιν οὕτως.

Ἀθηναῖος

τί δὲ τῇ τῶν ὁμοίων ἐργασίᾳ ὅσαι τέχναι εἰκαστικάι; [667δ] ἄρ' οὐκ, ἂν τοῦτο ἐξεργάζωνται, τὸ μὲν ἡδονὴν ἐν αὐτοῖς γίγνεσθαι παρεπόμενον, ἐὰν γίγνηται, χάριν αὐτὸ δικαιοτάτον ἂν εἴη προσαγορεύειν;

Κλεινίας

καλῶς.

Ἀθηναῖος

οὐκοῦν ἡδονῇ κρίνεται ἂν μόνον ἐκεῖνο ὀρθῶς, ὃ μήτε τινὰ ὠφελίαν μήτε ἀλήθειαν μήτε ὁμοιότητα ἀπεργαζόμενον [667ε] παρέχεται, μηδ' αὖ γε βλάβην, ἀλλ' αὐτοῦ τούτου μόνου ἔνεκα γίγνοιτο τοῦ συμπαρεπομένου τοῖς ἄλλοις, τῆς χάριτος, ἣν δὴ κάλλιστα τις ὀνομάσαι ἂν ἡδονήν, ὅταν μηδὲν αὐτῇ τούτων ἐπακολουθῇ;

Κλεινίας

ἀβλαβῇ λέγεις ἡδονὴν μόνον.

Κλεινίας

ἀληθέστατα λέγεις.

Ἀθηναῖος

ἄρ' οὖν οὐ πᾶσαν μίμησιν φαῖμεν ἂν ἐκ τῶν νῦν λεγομένων ἥκιστα ἡδονῇ προσήκειν κρίνεσθαι καὶ δόξῃ μὴ [668α] ἀληθεῖ-καὶ δὴ καὶ πᾶσαν ἰσότητα: οὐ γὰρ εἴ τῳ δοκεῖ ἢ μὴ τις χαίρει τῷ, τό γε ἴσον ἴσον οὐδὲ τὸ σύμμετρον ἂν εἴη σύμμετρον ὅλως-ἀλλὰ τῷ ἀληθεῖ πάντων μάλιστα, ἥκιστα δὲ ὁτῶν ἄλλω;

Κλεινίας

παντάπασι μὲν οὖν.

Ἀθηναῖος

οὐκοῦν μουσικὴν γε πᾶσάν φαμεν εἰκαστικὴν τε εἶναι καὶ μιμητικὴν;

Κλεινίας

ἀληθέστατα.

Ἀθηναῖος

καὶ τούτοις δὴ τοῖς τὴν καλλίστην ᾠδὴν τε ζητοῦσι καὶ μοῦσαν ζητητέον, ὡς ἔοικεν, οὐχ ἥτις ἡδεῖα ἀλλ' ἥτις ὀρθή: μιμήσεως γὰρ ἦν, ὥς φαμεν, ὀρθότης, εἰ τὸ μιμηθὲν ὅσον τε καὶ οἶον ἦν ἀποτελοῖτο.

Κλεινίας

πῶς γὰρ οὐ;

Ἀθηναῖος

καὶ μὴν τοῦτό γε πᾶς ἂν ὁμολογοῖ περὶ τῆς μουσικῆς, ὅτι πάντα τὰ περὶ αὐτὴν ἐστὶν ποιήματα μίμησις τε [668ξ] καὶ ἀπεικασία: καὶ τοῦτό γε μὲν οὐκ ἂν σύμπαντες ὁμολογοῖεν ποιηταί τε καὶ ἀκροαταὶ καὶ ὑποκριταί;

Κλεινίας

Ἀθηναῖος

δεῖ δὴ καθ' ἑκάστον γε, ὡς ἔοικε, γινώσκειν τῶν ποιημάτων ὅτι ποτ' ἐστὶν τὸν μέλλοντα ἐν αὐτῷ μὴ ἀμαρτήσεσθαι: μὴ γὰρ γινώσκων τὴν οὐσίαν, τί ποτε βούλεται καὶ ὅτου ποτ' ἐστὶν εἰκὼν ὄντως, σχολῇ τὴν γε ὀρθότητα τῆς βουλήσεως ἢ καὶ ἀμαρτίαν αὐτοῦ διαγνώσεται.

Κλεινίας

Ἀθηναῖος

πάνυ μὲν οὖν.

Ἀθηναῖος

οὐκοῦν καὶ τὸ βεβαίως οἶσθαι ταῦθ' ἕξιν εἰκὸς [686α] αὐτοὺς καὶ χρόνον τιν' ἂν πολὺν μένειν, ἅτε κεκοινωνηκότας μὲν πολλῶν πόνων καὶ κινδύνων ἀλλήλοις, ὑπὸ γένους δὲ ἐνὸς τῶν βασιλέων ἀδελφῶν ὄντων διακεκοσμήσθαι, πρὸς τούτοις δ' ἔτι καὶ πολλοῖς μάντεσι κεκρημένους εἶναι τοῖς τε ἄλλοις καὶ τῷ Δελφικῷ Ἀπόλλωνι;

Μέγιλλος

πῶς δ' οὐκ εἰκός;

Ἀθηναῖος

ταῦτα δὴ τὰ μεγάλα οὕτως προσδοκώμενα διέπτατο, ὥς ἔοικε, τότε ταχύ, πλὴν ὅπερ εἵπομεν νυνδὴ σμικροῦ [686β] μέρους τοῦ περὶ τὸν ὑμέτερον τόπον, καὶ τοῦτο δὴ πρὸς τὰ δύο μέρη πολεμοῦν οὐ πώποτε πέπαυται μέχρι τὰ νῦν: ἐπεὶ γενομένη γε ἡ τότε διάνοια καὶ συμφωνήσασα εἰς ἓν, ἀνυπόστατον ἂν τινα δύναμιν ἔσχε κατὰ πόλεμον.

Μέγιλλος

πῶς γὰρ οὐ;

Ἀθηναῖος

πῶς οὖν καὶ πῇ διώλετο; ἄρ' οὐκ ἄξιον ἐπισκοπεῖν τηλικούτον καὶ τοιοῦτον σύστημα ἥτις ποτὲ τύχη διέφθειρε;

Μέγιλλος

Ἀθηναῖος

Μέγилλος

πάνυ μὲν οὖν.

Ἀθηναῖος

ἄρ' οὖν, ὦ θαυμάσιε, λελήθαμεν ἄνθρωποι πάντες, καὶ τὰ νῦν δὴ ἡμεῖς, οἰόμενοι μὲν ἐκάστοτέ τι καλὸν ὁρᾶν πρᾶγμα γενόμενον καὶ θαυμαστὰ ἂν ἐργασάμενον, εἴ τις ἄρα [686δ] ἠπιστήθη καλῶς αὐτῷ χρῆσθαι κατὰ τινα τρόπον, τὸ δὲ νῦν γε ἡμεῖς τάχ' ἂν ἴσως περὶ τοῦτο αὐτὸ οὐτ' ὀρθῶς διανοοίμεθα οὔτε κατὰ φύσιν, καὶ δὴ καὶ περὶ τὰ ἄλλα πάντες πάντα, περὶ ὧν ἂν οὕτω διανοηθῶσιν;

Μέγилλος

λέγεις δὲ δὴ τί, καὶ περὶ τίνος σοι φῶμεν μάλιστ' εἰρησθαι τοῦτον τὸν λόγον;

Ἀθηναῖος

ὦγαθέ, καὶ αὐτὸς ἐμαυτοῦ νυνδὴ κατεγέλασα. ἀποβλέψας γὰρ πρὸς τοῦτον τὸν στόλον οὗ περὶ διαλεγόμεθα, ἔδοξέ μοι πάγκαλός τε εἶναι καὶ θαυμαστὸν κτῆμα παραπeseῖν τοῖς Ἑλλησιν, ὅπερ εἶπον, εἴ τις ἄρα αὐτῷ τότε [686ε] καλῶς ἐχρήσατο.

Μέγилλος

οὐκοῦν εὖ καὶ ἐχόντως νοῦν σύ τε πάντα εἶπες καὶ ἐπηνέσαμεν ἡμεῖς;

Ἀθηναῖος

ἴσως: ἐννοῶ γε μὴν ὥς πᾶς, ὃς ἂν ἴδῃ τι μέγα καὶ δύναμιν ἔχον πολλήν καὶ ῥώμην, εὐθὺς ἔπαθε τοῦτο, ὥς εἶπερ ἐπίσταιτο ὁ κεκτημένος αὐτῷ χρῆσθαι τοιούτῳ τε ὄντι καὶ τηλικούτῳ, θαυμάστ' ἂν καὶ πολλὰ κατεργασάμενος εὐδαιμονοῖ. [687α]

Μέγилλος

οὐκοῦν ὀρθὸν καὶ τοῦτο; ἢ πῶς λέγεις;

Ἀθηναῖος

σκόπει δὴ ποῖ βλέπων ὁ τὸν ἔπαινον τοῦτον περὶ ἐκάστου τιθέμενος ὀρθῶς λέγει: πρῶτον δὲ περὶ αὐτοῦ τοῦ νῦν λεγομένου, πῶς, εἰ κατὰ τρόπον ἡπιστήθησαν τάξαι τὸ στρατόπεδον οἱ τότε διακοσμοῦντες, τοῦ καιροῦ πῶς ἂν ἔτυχον; ἄρ' οὐκ εἰ συνέστησάν τε ἀσφαλῶς αὐτὸ διέσωζόν τε εἰς τὸν ἀεὶ χρόνον, ὥστε αὐτούς τε ἐλευθέρους εἶναι καὶ ἄλλων ἄρχοντας ὧν βουλευθεῖεν, καὶ ὅλως ἐν ἀνθρώποις πᾶσι [687β] καὶ Ἑλλήσι καὶ βαρβάροις πράττειν ὅτι ἐπιθυμοῖεν αὐτοὶ τε καὶ οἱ ἔκγονοι; μὲν οὐ τούτων χάριν ἐπαινοῖεν ἄν;

Μέγилλος

πάνυ μὲν οὖν.

Ἀθηναῖος

Μέγилλος

Ἀθηναῖος

τοῖς περὶ τὴν μουσικὴν πρῶτον τὴν τότε, ἵνα ἐξ ἀρχῆς διέλθωμεν τὴν τοῦ ἐλευθέρου λῖαν ἐπίδοσιν βίου. διηρημένη γὰρ δὴ τότε ἦν ἡμῖν ἡ μουσικὴ κατὰ εἶδη τε [700β] ἐαυτῆς ἄττα καὶ σχήματα, καὶ τι ἦν εἶδος ᾠδῆς εὐχαὶ πρὸς θεοὺς, ὄνομα δὲ ὕμνοι ἐπεκαλοῦντο· καὶ τούτῳ δὴ τὸ ἐναντίον ἦν ᾠδῆς ἕτερον εἶδος-θρήνους δέ τις ἂν αὐτοὺς μάλιστα ἐκάλεσεν-καὶ παῖωνες ἕτερον, καὶ ἄλλο, Διονύσου γένεσις οἶμαι, διθύραμβος λεγόμενος. νόμους τε αὐτὸ τοῦτο τοῦνομα ἐκάλουν, ᾠδὴν ὥς τινα ἑτέραν· ἐπέλεγον δὲ κιθαρωδικούς. τούτων δὴ διατεταγμένων καὶ ἄλλων τινῶν, οὐκ ἐξῆν ἄλλο [700ξ] εἰς ἄλλο καταχρησθαι μέλους εἶδος· τὸ δὲ κῦρος τούτων γινῶναι τε καὶ ἅμα γνόντα δικάσαι, ζημιοῦν τε αὖ τὸν μὴ πειθόμενον, οὐ σῦριγξ ἦν οὐδέ τινες ἄμουσοι βοαὶ πλήθους, καθάπερ τὰ νῦν, οὐδ' αὖ κρότοι ἐπαίνους ἀποδιδόντες, ἀλλὰ τοῖς μὲν γεγονόσι περὶ παιδείουσιν δεδογμένον ἀκούειν ἦν αὐτοῖς μετὰ σιγῆς διὰ τέλους, παισὶ δὲ καὶ παιδαγωγοῖς καὶ τῷ πλείστῳ ὄχλῳ ράβδου κοσμούσης ἢ νουθέτησις ἐγίγνετο. [700δ] ταῦτ' οὖν οὕτω τεταγμένως ἤθελεν ἄρχεσθαι τῶν πολιτῶν τὸ πλῆθος, καὶ μὴ τολμᾶν κρίνειν διὰ θορύβου· μετὰ δὲ ταῦτα, προϊόντος τοῦ χρόνου, ἄρχοντες μὲν τῆς ἀμούσου παρανομίας ποιηταὶ ἐγίνοντο φύσει μὲν ποιητικοί, ἀγνώμονες δὲ περὶ τὸ δίκαιον τῆς Μούσης καὶ τὸ νόμιμον, βακχεύοντες καὶ μᾶλλον τοῦ δέοντος κατεχόμενοι ὑφ' ἡδονῆς, κεραννύντες δὲ θρήνους τε ὕμνους καὶ παῖωνας διθυράμβους, καὶ αὐλωδίας δὴ ταῖς κιθαρωδαῖς μιμούμενοι, καὶ πάντα εἰς πάντα συνάγοντες, [700ε] μουσικῆς ἄκοντες ὑπ' ἀνοίας καταψευδόμενοι ὥς ὀρθότητα μὲν οὐκ ἔχει οὐδ' ἡντινοῦν μουσικῇ, ἡδονῇ δὲ τῇ τοῦ χαίροντος, εἴτε βελτίων εἴτε χειρῶν ἂν εἴη τις, κρίνοιτο ὀρθότατα. τοιαῦτα δὴ ποιοῦντες ποιήματα, λόγους τε ἐπιλέγοντες τοιούτους, τοῖς πολλοῖς ἐνέθεσαν παρανομίαν εἰς τὴν μουσικὴν καὶ τόλμαν ὥς ἱκανοῖς οὖσιν κρίνειν· ὅθεν δὴ τὰ [701α] θεάτρα ἐξ ἀφώνων φωνήεντ' ἐγένοντο, ὥς ἐπαίοντα ἐν μούσαις τό τε καλὸν καὶ μὴ, καὶ ἀντὶ ἀριστοκρατίας ἐν αὐτῇ θεατροκρατία τις πονηρὰ γέγονεν. εἰ γὰρ δὴ καὶ δημοκρατία ἐν αὐτῇ τις μόνον ἐγένετο ἐλευθέρων ἀνδρῶν, οὐδὲν ἂν πάνυ γε δεινὸν ἦν τὸ γεγονός· νῦν δὲ ἥρξε μὲν ἡμῖν ἐκ μουσικῆς ἡ πάντων εἰς πάντα σοφίας δόξα καὶ παρανομία, συνεφέσπετο δὲ ἐλευθερία. ἄφοβοι γὰρ ἐγίνοντο ὥς εἰδότες, ἡ δὲ ἄδεια ἀναισχυντίαν ἐνέτεκεν· τὸ γὰρ τὴν τοῦ βελτίονος [701β] δόξαν μὴ φοβεῖσθαι διὰ θράσος, τοῦτ' αὐτὸ ἐστὶν σχεδὸν ἡ πονηρὰ ἀναισχυντία, διὰ δὴ τινος ἐλευθερίας λῖαν ἀποτετολμημένης.

Τόμος 4

[704α] Ἀθηναῖος

φέρει δὴ, τίνα δεῖ διανοηθῆναι ποτε τὴν πόλιν ἔσεσθαι; λέγω δὲ οὐτι τοῦνομα αὐτῆς ἐρωτῶν ὅτι ποτ' ἔστι τὰ νῦν, οὐδὲ εἰς τὸν ἔπειτα χρόνον ὅτι δεήσει καλεῖν αὐτήν- τοῦτο μὲν γὰρ τάχ' ἂν ἴσως καὶ ὁ κατοικισμὸς αὐτῆς ἢ τις τόπος, ἢ ποταμοῦ τινος ἢ κρήνης ἢ θεῶν ἐπωνυμία τῶν ἐν τῷ [704β] τόπῳ, προσθεῖη τὴν αὐτῶν φήμην καινῇ γενομένη τῇ πόλει- τόδε δὲ περὶ αὐτῆς ἐστὶν ὁ βουλόμενος μᾶλλον ἐπερωτῶ, πότερον ἐπιθαλαττίδιος ἔσται τις ἢ χερσαία.

Κλεινίας

σχεδόν, ὦ ξένε, ἀπέχει θαλάττης γε ἢ πόλις, ἥς πέρι τὰ νυνδὴ λεχθέντα ἡμῖν, εἰς τινὰς ὀγδοήκοντα σταδίους.

Ἀθηναῖος

τί δέ; λιμένες ἄρ' εἰσὶν κατὰ ταῦτα αὐτῆς, ἢ τὸ παράπαν ἀλίμενος;

Κλεινίας

εὐλίμενος μὲν οὖν ταύτῃ γε ὡς δυνατόν ἐστὶν μάλιστα, ὦ ξένε.
[704ξ]

Ἀθηναῖος

Κλεινίας

σχεδὸν οὐδενὸς ἐπιδεής.

Ἀθηναῖος

γείτων δὲ αὐτῆς πόλις ἄρ' ἔσται τις πλησίον;

πάνυ μὲν οὖν.

Ἀθηναῖος

οὐ τοίνυν ἀνιάτός γε ἂν εἴη πρὸς ἀρετῆς κτῆσιν. εἰ μὲν γὰρ

σχεδὸν ὅσον εὐλιμενωτέραν αὐτὴν φῆς εἶναι, ὅμως δὲ ἀγαπητὸν καὶ
τοῦτο. πρόσσοικος γὰρ θάλαττα χώρα τὸ μὲν παρ' ἐκάστην ἡμέραν

παλίμβολα καὶ ἄπιστα ταῖς ψυχαῖς ἐντίκτουσα, αὐτήν τε πρὸς αὐτὴν
τὴν πόλιν ἄπιστον καὶ ἄφιλον ποιεῖ καὶ πρὸς τοὺς ἄλλους ἀνθρώπους
ὡσαύτως. παραμύθιον δὲ δὴ πρὸς ταῦτα καὶ τὸ πάμφορος εἶναι

παρεχομένη, νομίσματος ἀργυροῦ καὶ χρυσοῦ πάλιν ἀντεμπίμπλαιτ'
ἂν, οὗ μείζον κακὸν ὡς ἔπος εἰπεῖν πόλει ἀνθ' ἑνὸς ἐν οὐδὲν ἂν

Κλεινίας

ἀλλὰ μεμνήμεθα, καὶ συγχωροῦμεν τότε λέγειν ἡμᾶς ὀρθῶς καὶ τὰ νῦν. [705ξ]

Ἀθηναῖος

τί δὲ δὴ; ναυπηγησίμης ὕλης ὁ τόπος ἡμῖν τῆς χώρας πῶς ἔχει;

Κλεινίας

οὐκ ἔστιν οὔτε τις ἐλάτη λόγου ἀξία οὔτ' αὖ πεύκη, κυπάριττός τε οὐ πολλή· πίτυν τ' αὖ καὶ πλάτανον ὀλίγην ἂν εὔροι τις, οἷς δὴ πρὸς τὰ τῶν ἐντὸς τῶν πλοίων μέρη ἀναγκαῖον τοῖς ναυπηγοῖς χρῆσθαι ἐκάστοτε.

Ἀθηναῖος

καὶ ταῦτα οὐκ ἂν κακῶς ἔχοι τῇ χώρᾳ τῆς φύσεως.

Κλεινίας

τί δὴ;

Ἀθηναῖος

μιμήσεις πονηρὰς μιμεῖσθαι τοὺς πολεμίους μὴ [705δ] ῥαδίως δύνασθαι τινα πόλιν ἀγαθόν.

Κλεινίας

εἰς δὴ τί τῶν εἰρημένων βλέψας εἶπες ὁ λέγεις;

Ἀθηναῖος

ὦ δαιμόνιε, φύλαττέ με εἰς τὸ κατ' ἀρχὰς εἰρημένον ἀποβλέπων, τὸ περὶ τῶν Κρητικῶν νόμων ὡς πρὸς ἓν τι βλέποιεν, καὶ δὴ καὶ τοῦτ' ἐλεγέτην αὐτὸ εἶναι σφῶ τὸ πρὸς τὸν πόλεμον, ἐγὼ δὲ ὑπολαβὼν εἶπον ὡς ὅτι μὲν εἰς ἀρετὴν ποι βλέποι τὰ τοιαῦτα νόμιμα κείμενα, καλῶς ἔχοι, τὸ δὲ ὅτι πρὸς μέρος ἀλλ' οὐ πρὸς πᾶσαν σχεδόν, οὐ [705ε] πάνυ συνεχώρουν· νῦν οὖν ὑμεῖς μοι τῆς παρούσης

Ὀδυσσεὺς γὰρ αὐτῷ λοιδορεῖ τὸν Ἀγαμέμνονα, τῶν Ἀχαιῶν τότε ὑπὸ τῶν Τρώων κατεχομένων τῇ μάχῃ, κελεύοντα τὰς ναῦς εἰς τὴν θάλατταν καθέλκειν, ὃ δὲ χαλεπαίνει τε αὐτῷ καὶ λέγει- [706ε] “ὃς κέλει πολέμοιο συνεσταότος καὶ αὐτῆς

σχεδὸν ἀδύνατον. ἀλλὰ μὲν, ὦ ξέने, τὴν γε περὶ Σαλαμῖνα ναυμαχίαν τῶν Ἑλλήνων πρὸς τοὺς βαρβάρους γενομένην ἡμεῖς γε οἱ Κρήτες τὴν Ἑλλάδα φαμέν σῶσαι.

Ἀθηναῖος

καὶ γὰρ οἱ πολλοὶ τῶν Ἑλλήνων τε καὶ βαρβάρων [707ξ] λέγουσι ταῦτα. ἡμεῖς δέ, ὦ φίλε, ἐγὼ τε καὶ ὁδε, Μέγιλλος, φαμέν τὴν πεζὴν μάχην τὴν ἐν Μαραθῶνι γενομένην καὶ ἐν Πλαταιαῖς, τὴν μὲν ἄρξαι τῆς σωτηρίας τοῖς Ἑλλησι, τὴν δὲ τέλος ἐπιθεῖναι, καὶ τὰς μὲν βελτίους τοὺς Ἑλληνας ποιῆσαι, τὰς δὲ οὐ βελτίους, ἴν' οὕτως λέγωμεν περὶ τῶν τότε συσσωσασῶν ἡμᾶς μαχῶν: πρὸς γὰρ τῇ περὶ Σαλαμῖνα τὴν περὶ τὸ Ἀρτεμίσιον σοι προσθήσω κατὰ θάλατταν μάχην. [707δ] ἀλλὰ γὰρ ἀποβλέποντες νῦν πρὸς πολιτείας ἀρετὴν, καὶ χώρας φύσιν σκοπούμεθα καὶ νόμων τάξιν, οὐ τὸ σῶζεσθαι τε καὶ εἶναι μόνον ἀνθρώποις τιμιώτατον ἡγούμενοι, καθάπερ οἱ πολλοί, τὸ δ' ὥς βελτίστους γίγνεσθαι τε καὶ εἶναι τοσοῦτον χρόνον ὅσον ἂν ᾧσιν: εἰρηται δ' ἡμῖν οἶμαι καὶ τοῦτο ἐν τοῖς πρόσθεν.

Κλεινίας

Ἀθηναῖος

λέγε δὴ τοίνυν τὸ τούτοις ἐξῆς: τίς ὁ κατοικιζόμενος ὑμῖν λεῶς ἔσται; πότερον ἐξ ἀπάσης Κρήτης ὁ ἐθέλων, ὥς ὄχλου τινὸς ἐν ταῖς πόλεσιν ἐκάσταις γεγενημένου πλείονος ἢ κατὰ τὴν ἐκ τῆς γῆς τροφήν; οὐ γάρ που τὸν βουλόμενόν γε Ἑλλήνων συνάγετε. καίτοι τινὰς ὑμῖν ἔκ τε Ἄργους ὁρῶ καὶ Αἰγίνης καὶ ἄλλοθεν τῶν Ἑλλήνων εἰς [708α] τὴν χώραν καταφικισμένους. τὸ δὲ δὴ παρὸν ἡμῖν λέγε πόθεν ἔσσεσθαι φῆς στρατόπεδον τῶν πολιτῶν τὰ νῦν;

ἔκ τε Κρήτης συμπάσης ἔοικεν γενήσεσθαι, καὶ τῶν ἄλλων δὲ Ἑλλήνων μάλιστά μοι φαίνονται τοὺς ἀπὸ Πελοποννήσου προσδέξασθαι συνοίκους. καὶ γὰρ ὁ νῦν δὴ λέγεις, ἀληθεὲς φράζεις, ὥς ἐξ Ἄργους εἰσίν, καὶ τό γε μάλιστ' εὐδοκιμοῦν τὰ νῦν ἐνθάδε γένος, τὸ Γορτυνικόν: ἐκ Γόρτυνος γὰρ τυγχάνει ἀπωκηκὸς ταύτης τῆς Πελοποννησιακῆς. Ἀθηναῖος

οὐ τοίνυν εὐκόλος ὁμοίως γίγνεται ἂν ὁ κατοικισμὸς ταῖς πόλεσιν, ὅταν μὴ τὸν τῶν ἐσμῶν γίγνηται τρόπον, ἐν γένος ἀπὸ μιᾶς ἰὸν χώρας οἰκίζηται, φίλον παρὰ φίλων, στενοχωρία τινὶ πολιορκηθὲν γῆς ἢ τισιν ἄλλοις τοιοῦτοις παθήμασιν ἀναγκασθέν. ἔστιν δ' ὅτε καὶ στάσεσιν βιαζόμενον ἀναγκάζοιτ' ἂν ἐτέρωσε ἀποξενοῦσθαι πόλεώς τι μόριον: ἦδη δέ ποτε καὶ συνάπασα πόλις τινῶν ἔφυγεν, ἄρδην κρεῖττονι κρατηθεῖσα πολέμῳ. ταῦτ' οὖν πάντ' ἐστὶ [708ξ] τῇ μὲν

ἔμελλον λέγειν ὥς οὐδεὶς ποτε ἀνθρώπων οὐδὲν νομοθετεῖ, τύχαι δὲ καὶ συμφοραὶ παντοῖαι πίπτουσαι παντοίως νομοθετοῦσι τὰ πάντα ἡμῖν. ἡ γὰρ πόλεμός τις βιασάμενος ἀνέτρεψε πολιτείας καὶ μετέβαλε νόμους, ἡ πενίας χαλεπῆς ἀπορία: πολλὰ δὲ καὶ νόσοι ἀναγκάζουσι καινοτομεῖν, λοιμῶν τε ἐμπιπτόντων, καὶ χρόνον ἐπὶ πολὺν ἐνιαυτῶν πολλῶν πολλακίς ἀκαιρίαι. ταῦτα δὴ πάντα προῖδῶν τις ἄξειεν ἂν εἰπεῖν ὅπερ ἐγὼ νυνδὴ, τὸ θνητὸν [709β] μὲν μηδένα νομοθετεῖν μηδέν, τύχας δ' εἶναι σχεδὸν ἅπαντα τὰ ἀνθρώπινα

πράγματα: τὸ δ' ἔστιν περί τε ναυτιλίαν καὶ κυβερνητικὴν καὶ ἱατρικὴν καὶ στρατηγικὴν πάντα ταῦτ' εἰπόντα δοκεῖν εὖ λέγειν, ἀλλὰ γὰρ ὁμοίως αὖ καὶ τόδε ἔστιν λέγοντα εὖ λέγειν ἐν τοῖς αὐτοῖς τούτοις.

Κλεινίας

τὸ ποῖον;

Ἀθηναῖος

ὥς θεὸς μὲν πάντα, καὶ μετὰ θεοῦ τύχη καὶ καιρὸς, τὰνθρώπινα διακυβερνῶσι σύμπαντα. ἡμερώτερον μὴν τρίτον [709ξ] συγχωρῆσαι τούτοις δεῖν ἔπεσθαι τέχνην: καιρῷ γὰρ χειμῶνος συλλαβέσθαι κυβερνητικὴν ἢ μή, μέγα πλεονέκτημα ἔγωγ' ἂν θείην. ἢ πῶς;

Κλεινίας

οὕτως.

Ἀθηναῖος

οὐκοῦν καὶ τοῖς ἄλλοις ὡσαύτως κατὰ τὸν αὐτὸν ἂν ἔχοι λόγον, καὶ δὴ καὶ νομοθεσίᾳ ταῦτόν τοῦτο δοτέον: τῶν ἄλλων συμπιπτόντων, ὅσα δεῖ χώρα συντυχεῖν, εἰ μέλλοι ποτὲ εὐδαιμόνως οἰκῆσειν, τὸν νομοθέτην ἀληθείας ἐχόμενον τῇ τοιαύτῃ παραπесеῖν ἐκάστοτε πόλει δεῖν.

Κλεινίας

ἀληθέστατα λέγεις. [709δ]

Ἀθηναῖος

οὐκοῦν ὃ γε πρὸς ἑκάστον τι τῶν εἰρημένων ἔχων τὴν τέχνην κἂν εὖξασθαι που δύναιτο ὀρθῶς, τί παρὸν αὐτῷ διὰ τύχης, τῆς τέχνης ἂν μόνον ἐπιδέοι;

Κλεινίας

πάνυ μὲν οὔν.

Ἀθηναῖος

οἱ τε ἄλλοι γε δὴ πάντες οἱ νυνδὴ ῥηθέντες, κελευόμενοι τὴν αὐτῶν
εὐχὴν εἰπεῖν, εἵποιεν ἄν. ἦ γάρ;

Κλεινίας

τί μήν;

Ἀθηναῖος

ταῦτόν δὴ καὶ νομοθέτης οἶμαι δράσειεν.

Κλεινίας

ἔγωγ' οἶμαι.

Ἀθηναῖος

“φέρε δὴ, νομοθέτα,” πρὸς αὐτὸν φῶμεν, “τί σοι [709ε] καὶ πῶς
πόλιν ἔχουσιν δῶμεν, ὃ λαβὼν ἔξεις ὥστ' ἐκ τῶν λοιπῶν αὐτὸς τὴν
πόλιν ἱκανῶς διοικῆσαι;”

Κλεινίας

τί μετὰ τοῦτ' εἰπεῖν ὀρθῶς ἔστιν ἄρα;

Ἀθηναῖος

τοῦ νομοθέτου φράζομεν τοῦτο, ἦ γάρ;

Κλεινίας

ναί.

Ἀθηναῖος

τόδε: “τυραννουμένην μοι δότε τὴν πόλιν,” φήσκει: “τύραννος δ'
ἔστω νέος καὶ μνήμων καὶ εὐμαθὴς καὶ ἀνδρεῖος καὶ μεγαλοπρεπὴς
φύσει: ὃ δὲ καὶ ἐν τοῖς πρόσθεν ἐλέγομεν δεῖν ἔπεσθαι σύμπασιν τοῖς
τῆς ἀρετῆς μέρεσι, καὶ νῦν τῇ [710α] τυραννουμένη ψυχῇ τοῦτο
συνεπέσθω, ἐὰν μέλλῃ τῶν ἄλλων ὑπαρχόντων ὄφελος εἶναι τι.”

Κλεινίας

σωφροσύνην μοι δοκεῖ φράζειν, ὦ Μέγιλλε, δεῖν εἶναι τὴν
συνεπομένην ὁ ξένος. ἦ γάρ;

Ἀθηναῖος

τὴν δημώδη γε, ὦ Κλεινία, καὶ οὐχ ἦν τις σεμνύνων ἂν λέγοι,
φρόνησιν προσαναγκάζων εἶναι τὸ σωφρονεῖν, ἀλλ' ὅπερ εὐθὺς
παισὶν καὶ θηρίοις, τοῖς μὲν ἀκρατῶς ἔχειν πρὸς τὰς ἡδονάς,
σύμφυτον ἐπανθεῖ, τοῖς δὲ ἐγκρατῶς: ὁ [710β] καὶ μονούμενον
ἔφαμεν τῶν πολλῶν ἀγαθῶν λεγομένων οὐκ ἄξιον εἶναι λόγου. ἔχετε
γὰρ ὁ λέγω που.

Κλεινίας

πάνυ μὲν οὖν.

Ἀθηναῖος

ταύτην τοίνυν ἡμῖν ὁ τύραννος τὴν φύσιν ἐχέτω πρὸς ἐκείναις ταῖς
φύσεσιν, εἰ μέλλει πόλις ὡς δυνατόν ἐστι τάχιστα καὶ ἄριστα σχήσειν
πολιτείαν ἣν λαβοῦσα εὐδαιμονέστατα διάξει. θάπτων γὰρ ταύτης
καὶ ἀμείνων πολιτείας διάθεσις οὐτ' ἔστιν οὐτ' ἂν ποτε γένοιτο.
[710ξ]

Κλεινίας

πῶς δὴ καὶ τίνι λόγῳ τοῦτο, ὦ ξέने, λέγων ἂν τις ὀρθῶς λέγειν αὐτὸν
πεῖθοι;

Ἀθηναῖος

ῥάδιόν που τοῦτό γε νοεῖν ἐστ', ὦ Κλεινία, κατὰ φύσιν ὡς ἔστι τοῦθ'
οὔτω.

Κλεινίας

πῶς λέγεις; εἰ τύραννος γένοιτο, φήης, νέος, σῶφρων, εὐμαθής,
μνήμων, ἀνδρεῖος, μεγαλοπρεπής;

Ἀθηναῖος

εὐτυχίης, πρόσθετος, μὴ κατ' ἄλλο, ἀλλὰ τὸ γενέσθαι τε ἐπ' αὐτοῦ νομοθέτην ἄξιον ἐπαίνου, καὶ τινα τύχην εἰς [710δ] ταῦτον ἀγαγεῖν αὐτῷ: γενομένου γὰρ τούτου, πάντα σχεδὸν ἀπείργασται τῷ θεῷ, ἅπερ ὅταν βουλευθῇ διαφερόντως εὖ πρᾶξαί τινα πόλιν. δεύτερον δέ, ἐάν ποτέ τινες δύο ἄρχοντες γίνωνται τοιοῦτοι, τρίτον δ' αὖ καὶ κατὰ λόγον ὡσαύτως χαλεπώτερον ὅσῳ πλείους, ὅσῳ δ' ἐναντίον, ἐναντίως.

Κλεινίας

ἐκ τυραννίδος ἀρίστην φῆς γενέσθαι πόλιν ἄν, ὡς φαίνει, μετὰ νομοθέτου γε ἄκρου καὶ τυράννου κοσμίου, καὶ ῥᾶστα τε καὶ τάχιστ' ἂν μεταβαλεῖν εἰς τοῦτο ἐκ τοῦ τοιούτου, [710ε] δεύτερον δὲ ἐξ ὀλιγαρχίας-ἢ πῶς λέγεις;-καὶ τὸ τρίτον ἐκ δημοκρατίας.

Ἀθηναῖος

οὐδαμῶς, ἀλλ' ἐκ τυραννίδος μὲν πρῶτον, δεύτερον δὲ ἐκ βασιλικῆς πολιτείας, τρίτον δὲ ἐκ τινος δημοκρατίας. τὸ δὲ τέταρτον, ὀλιγαρχία, τὴν τοῦ τοιούτου γένεσιν χαλεπώτατα δύναται ἂν προσδέξασθαι: πλεῖστοι γὰρ ἐν αὐτῇ δυνάσται γίνονται. λέγομεν δὴ ταῦτα γίνεσθαι τότε, ὅταν ἀληθὴς μὲν νομοθέτης γένηται φύσει, κοινὴ δὲ αὐτῷ τις συμβῇ ῥώμη πρὸς τοὺς ἐν τῇ πόλει μέγιστον δυναμένους: [711α] οὗ δ' ἂν τοῦτο ἀριθμῶ μὲν βραχύτατον, ἰσχυρότατον δέ, καθάπερ ἐν τυραννίδι, γένηται, ταύτῃ καὶ τότε τάχος καὶ ῥαστώνῃ τῆς μεταβολῆς γίνεσθαι φιλεῖ.

Κλεινίας

πῶς; οὐ γὰρ μανθάνομεν.

Ἀθηναῖος

καὶ μὴν εἴρηταί γ' ἡμῖν οὐχ ἅπαξ ἀλλ' οἶμαι πολλάκις: ὑμεῖς δὲ τάχα οὐδὲ τεθέασθε τυραννουμένην πόλιν.

Κλεινίας

οὐδέ γε ἐπιθυμητὴς ἔγωγ' εἰμὶ τοῦ θεάματος. [711β]

Ἀθηναῖος

καὶ μὴν τοῦτό γ' ἂν ἴδοις ἐν αὐτῇ τὸ νυνδὴ λεγόμενον.

Κλεινίας

τὸ ποῖον;

Ἀθηναῖος

οὐδὲν δεῖ πόνων οὐδέ τινος παμπόλλου χρόνου τῷ τυράνῳ μεταβαλεῖν βουλευθέντι πόλεως ἦθη, πορεύεσθαι δὲ αὐτὸν δεῖ πρῶτον ταῦτη, ὅπῃ περ ἂν ἐθελήσῃ, ἐάντε πρὸς ἀρετῆς ἐπιτηδεύματα, προτρέπεσθαι τοὺς πολίτας, ἐάντε ἐπὶ τοῦναντίον, αὐτὸν πρῶτον πάντα ὑπογράφοντα τῷ πράττειν, [711ξ] τὰ μὲν ἐπαινοῦντα καὶ τιμῶντα, τὰ δ' αὖ πρὸς ψόγον ἄγοντα, καὶ τὸν μὴ πειθόμενον ἀτιμάζοντα καθ' ἐκάστας τῶν πράξεων.

Κλεινίας

καὶ πῶς οἰόμεθα ταχὺ συνακολουθήσειν τοὺς ἄλλους πολίτας τῷ τὴν τοιαύτην πειθῶ καὶ ἅμα βίαν εἰληφότε;

Ἀθηναῖος

μηδεὶς ἡμᾶς πειθέτω, ὦ φίλοι, ἄλλῃ θάπτον καὶ ῥᾶον μεταβάλλειν ἂν ποτε πόλιν τοὺς νόμους ἢ τῇ τῶν δυναστευόντων ἡγεμονίᾳ, μηδὲ νῦν γε ἄλλῃ γίγνεσθαι μηδ' αὐθὶς ποτε γενήσεσθαι. καὶ γὰρ οὖν ἡμῖν οὐ τοῦτ' ἐστὶν [711δ] ἀδύνατον οὐδὲ χαλεπῶς ἂν γενόμενον: ἀλλὰ τόδ' ἐστὶ τὸ χαλεπὸν γενέσθαι, καὶ ὀλίγον δὴ τὸ γεγονὸς ἐν τῷ πολλῷ χρόνῳ, ὅταν δὲ συμβῇ, μυρία καὶ πάντ' ἐν πόλει ἀγαθὰ ἀπεργάζεται, ἐν ᾗ ποτ' ἂν ἐγγένηται.

Κλεινίας

τὸ ποῖον δὴ λέγεις;

Ἀθηναῖος

ὅταν ἔρως θεῖος τῶν σωφρόνων τε καὶ δικαίων ἐπιτηδευμάτων ἐγγένηται μεγάλαις τισὶν δυναστείαις, ἢ κατὰ μοναρχίαν δυναστευούσαις ἢ κατὰ πλούτων ὑπεροχὰς διαφερούσαις [711ε] ἢ γενῶν, ἢ τὴν Νέστορος ἐάν ποτέ τις ἐπανενέγκῃ φύσιν, ὃν τῇ τοῦ

λέγειν ῥώμη φασὶ πάντων διενεγκόντα ἀνθρώπων πλέον ἔτι τῷ σωφρονεῖν διαφέρειν. τοῦτ' οὖν ἐπὶ μὲν Τροίας, ὥς φασι, γέγονεν, ἐφ' ἡμῶν δὲ οὐδαμῶς, εἰ δ' οὖν γέγονεν ἢ καὶ γενήσεται τοιοῦτος ἢ νῦν ἡμῶν ἔστιν τις, μακαρίως μὲν αὐτὸς ζῇ, μακάριοι δὲ οἱ συνήκοοι τῶν ἐκ τοῦ σωφρονοῦντος στόματος ἰόντων λόγων. ὡσαύτως δὲ καὶ συμπάσης δυνάμεως ὁ αὐτὸς πέρι λόγος, ὥς ὅταν εἰς [712α] ταῦτὸν τῷ φρονεῖν τε καὶ σωφρονεῖν ἡ μεγίστη δύναμις ἐν ἀνθρώπῳ συμπέσῃ, τότε πολιτείας τῆς ἀρίστης καὶ νόμων τῶν τοιούτων φύεται γένεσις, ἄλλως δὲ οὐ μὴ ποτε γένηται. ταῦτα μὲν οὖν καθαπερεὶ μῦθός τις λεχθεὶς κεχρησμοδύσθω, καὶ ἐπιδεδείχθω τῇ μὲν χαλεπὸν ὄν τὸ πόλιν εὐνομον γίγνεσθαι, τῇ δ', εἴπερ γένοιτο ὁ λέγομεν, πάντων τάχιστόν τε καὶ ῥᾶστον μακρῷ.

Κλεινίας

πῶς; [712β]

Ἀθηναῖος

πειρώμεθα προσαρμόττοντες τῇ πόλει σοι, καθάπερ παῖδες πρεσβῦται, πλάττειν τῷ λόγῳ τοὺς νόμους.

Κλεινίας

ἴωμεν δὴ καὶ μὴ μέλλωμεν ἔτι.

Ἀθηναῖος

θεὸν δὴ πρὸς τὴν τῆς πόλεως κατασκευὴν ἐπικαλώμεθα: ὁ δὲ ἀκούσειέν τε, καὶ ἀκούσας ἴλεως εὐμενῆς τε ἡμῖν ἔλθοι συνδιακοσμήσων τὴν τε πόλιν καὶ τοὺς νόμους.

Κλεινίας

ἔλθοι γὰρ οὖν.

Ἀθηναῖος

ἀλλὰ τίνα δὴ ποτε πολιτείαν ἔχομεν ἐν νῷ τῇ [712ξ] πόλει προστάττειν;

Κλεινίας

οἷον δὴ τί λέγεις βουλευθεῖς; φράζ' ἔτι σαφέστερον. οἷον δημοκρατίαν τινὰ ἢ ὀλιγαρχίαν ἢ ἀριστοκρατίαν ἢ βασιλικήν; οὐ γὰρ δὴ τυραννίδα γέ που λέγοις ἄν, ὥς γ' ἡμεῖς ἄν οἰηθεῖμεν.

Ἀθηναῖος

φέρει δὴ τοίνυν, πότερος ὑμῶν ἀποκρίνασθαι πρότερος ἂν ἐθέλοι, τὴν οἴκοι πολιτείαν εἰπὼν τίς τούτων ἐστίν;

Μέγилλος

μῶν οὖν τὸν πρεσβύτερον ἐμὲ δικαιότερον εἰπεῖν πρότερον; [712δ]

Κλεινίας

ἴσως.

Μέγилλος

καὶ μὴν συννοῶν γε, ὃ ξένε, τὴν ἐν Λακεδαιμόνι πολιτείαν οὐκ ἔχω σοι φράζειν οὕτως ἥντινα προσαγορεύειν αὐτὴν δεῖ. καὶ γὰρ τυραννίδι δοκεῖ μοι προσεοικέναι-τὸ γὰρ τῶν ἐφόρων θαυμαστὸν ὥς τυραννικὸν ἐν αὐτῇ γέγονε -καὶ τις ἐνιότη μοι φαίνεται πασῶν τῶν πόλεων δημοκρατουμένη μάλιστ' εοικέναι. τὸ δ' αὖ μὴ φάναι ἀριστοκρατίαν [712ε] αὐτὴν εἶναι παντάπασιν ἄτοπον: καὶ μὲν δὴ βασιλεία γε διὰ βίου τ' ἐστὶν ἐν αὐτῇ καὶ ἀρχαιοτάτη πασῶν καὶ πρὸς πάντων ἀνθρώπων καὶ ἡμῶν αὐτῶν λεγομένη. ἐγὼ δὲ οὕτω νῦν ἐξαίφνης ἂν ἐρωτηθεῖς, ὄντως, ὅπερ εἶπον, οὐκ ἔχω διορισάμενος εἰπεῖν τίς τούτων ἐστὶν τῶν πολιτειῶν.

Κλεινίας

ταῦτόν σοι πάθος, ὃ Μέγилле, καταφαίνομαι πεπονθέναι: πάνυ γὰρ ἀπορῶ τὴν ἐν Κνωσῷ πολιτείαν τούτων τινὰ δυσχυριζόμενος εἰπεῖν.

Ἀθηναῖος

ὄντως γάρ, ὃ ἄριστοι, πολιτειῶν μετέχετε: ἅς δὲ ὠνομάκαμεν νῦν, οὐκ εἰσὶν πολιτεῖαι, πόλεων δὲ οἰκῆσεις [713α] δεσποζομένων τε καὶ

δουλευουσῶν μέρεσιν ἑαυτῶν τισι, τὸ τοῦ δεσπότου δὲ ἐκάστη
προσαγορεύεται κράτος. χρῆν δ' εἶπερ του τοιούτου τὴν πόλιν ἔδει
ἐπονομάζεσθαι, τὸ τοῦ ἀληθῶς τῶν τὸν νοῦν ἔχόντων δεσπόζοντος
θεοῦ ὄνομα λέγεσθαι.

Κλεινίας

τίς δ' ὁ θεός;

Ἀθηναῖος

ἄρ' οὖν μύθῳ σμικρά γ' ἔτι προσχρηστέον, εἰ μέλλομεν ἐμμελῶς πως
δηλῶσαι τὸ νῦν ἐρωτώμενον;

Κλεινίας

οὐκοῦν χρὴ ταύτη δρᾶν;

Ἀθηναῖος

πάνυ μὲν οὖν. τῶν γὰρ δὴ πόλεων ὧν ἔμπροσθε [713β] τὰς
συνοικήσεις διήλθομεν, ἔτι προτέρα τούτων πάμπολυ λέγεται τις
ἀρχή τε καὶ οἰκήσις γεγονέναι ἐπὶ Κρόνου μάλ' εὐδαίμων, ἥς μίμημα
ἔχουσά ἐστιν ἥτις τῶν νῦν ἄριστα οἰκεῖται.

Κλεινίας

σφόδρ' ἂν, ὥς ἔοικ', εἴη περὶ αὐτῆς δέον ἀκούειν.

Ἀθηναῖος

ἐμοὶ γοῦν φαίνεται: διὸ καὶ παρήγαγον αὐτὴν εἰς τὸ μέσον τοῖς
λόγοις.

Κλεινίας

ὀρθότατά γε δρῶν: καὶ τὸν γε ἐξῆς περαίνων ἂν [713ξ] μῦθον, εἶπερ
προσήκων ἐστίν, μάλ' ὀρθῶς ἂν ποιοίης.

Ἀθηναῖος

δραστέον ὥς λέγετε. φήμην τοίνυν παραδεδέγμεθα τῆς τῶν τότε
μακαρίας ζωῆς ὥς ἄφθονά τε καὶ αὐτόματα πάντ' εἶχεν. ἡ δὲ τούτων

αἰτία λέγεται τοιάδε τις. γινώσκων ὁ Κρόνος ἄρα, καθάπερ ἡμεῖς διεληλύθαμεν, ὡς ἀνθρωπεῖα φύσις οὐδεμία ἱκανὴ τὰ ἀνθρώπινα διοικοῦσα αὐτοκράτωρ πάντα, μὴ οὐχ ὕβρεώς τε καὶ ἀδικίας μεστοῦσθαι, ταῦτ' οὖν διανοούμενος ἐφίστη τότε βασιλέας τε καὶ [713δ] ἄρχοντας ταῖς πόλεσιν ἡμῶν, οὐκ ἀνθρώπους ἀλλὰ γένους θειότερου τε καὶ ἀμείνονος, δαίμονας, οἷον νῦν ἡμεῖς δρῶμεν τοῖς ποιμνίοις καὶ ὅσων ἡμεροὶ εἰσιν ἀγέλαι· οὐ βοῦς βοῶν οὐδὲ αἴγας αἰγῶν ἄρχοντας ποιοῦμεν αὐτοῖσι τινας, ἀλλ' ἡμεῖς αὐτῶν δεσπόζομεν, ἄμεινον ἐκείνων γένος. ταῦτόν δὴ καὶ ὁ θεὸς ἄρα καὶ φιλόανθρωπος ὢν, τὸ γένος ἄμεινον ἡμῶν ἐφίστη τὸ τῶν δαιμόνων, ὃ διὰ πολλῆς μὲν αὐτοῖς ῥαστώνης, [713ε] πολλῆς δ' ἡμῖν, ἐπιμελούμενον ἡμῶν, εἰρήνην τε καὶ αἰδῶ καὶ εὐνομίαν καὶ ἀφθονίαν δίκης παρεχόμενον, ἀστασίαστα καὶ εὐδαίμονα τὰ τῶν ἀνθρώπων ἀπηργάζετο γένη. λέγει δὴ καὶ νῦν οὗτος ὁ λόγος, ἀληθείᾳ χρώμενος, ὡς ὅσων ἂν πόλεων μὴ θεὸς ἀλλὰ τις ἄρχη θνητός, οὐκ ἔστιν κακῶν αὐτοῖς οὐδὲ πόνων ἀνάφυξις· ἀλλὰ μιμεῖσθαι δεῖν ἡμᾶς οἶεται πάση μηχανῇ τὸν ἐπὶ τοῦ Κρόνου λεγόμενον βίον, καὶ ὅσον ἐν ἡμῖν ἀθανασίας ἔνεστι, τούτῳ πειθομένους δημοσίᾳ [714α] καὶ ἰδίᾳ τάς τ' οἰκίσεις καὶ τὰς πόλεις διοικεῖν, τὴν τοῦ νοῦ διανομὴν ἐπονομάζοντας νόμον. εἰ δ' ἀνθρωπος εἷς ἢ ὀλιγαρχία τις, ἢ καὶ δημοκρατία ψυχὴν ἔχουσα ἡδονῶν καὶ ἐπιθυμιῶν ὀρεγομένην καὶ πληροῦσθαι τούτων δεομένην, στέγουσαν δὲ οὐδὲν ἀλλ' ἀνηνύτῳ καὶ ἀπλήστῳ κακῷ νοσήματι συνεχομένην, ἄρξει δὴ πόλεως ἢ τινος ιδιώτου καταπατήσας ὁ τοιοῦτος τοὺς νόμους, ὃ νυνδὴ ἐλέγομεν, οὐκ ἔστι σωτηρίας μηχανή. σκοπεῖν δὴ δεῖ τοῦτον τὸν λόγον ἡμᾶς, [714β] ὃ Κλεινία, πότερον αὐτῷ πεισόμεθα ἢ πῶς δράσομεν.

Κλεινίας

ἀνάγκη δήπου πείθεσθαι.

Ἀθηναῖος

ἐννοεῖς οὖν ὅτι νόμων εἶδη τινές φασιν εἶναι τοσαῦτα ὅσαπερ πολιτειῶν, πολιτειῶν δὲ ἄρτι διεληλύθαμεν ὅσα λέγουσιν οἱ πολλοί· μὴ δὴ φαύλου πέρι νομίσης εἶναι τὴν νῦν ἀμφισβήτησιν, περὶ δὲ τοῦ μεγίστου· τὸ γὰρ δίκαιον καὶ ἄδικον οἷ χρὴ βλέπειν, πάλιν ἡμῖν ἀμφισβητούμενον ἐλήλυθεν. οὔτε γὰρ πρὸς τὸν πόλεμον οὔτε πρὸς

ἀρετὴν [714ξ] ὅλην βλέπειν δεῖν φασὶ τοὺς νόμους, ἀλλ' ἥτις ἂν
καθεστηκυῖα ἢ πολιτεία, ταύτῃ ἰδεῖν τὸ συμφέρον, ὅπως ἄρξει τε ἀεὶ
καὶ μὴ καταλυθῇσεται, καὶ τὸν φύσει ὄρον τοῦ δικαίου λέγεσθαι
κάλλισθ' οὕτω.

Κλεινίας

πῶς;

Ἀθηναῖος

ὅτι τὸ τοῦ κρείττονος συμφέρον ἐστίν.

Κλεινίας

λέγ' ἔτι σαφέστερον.

Ἀθηναῖος

ᾧδε. τίθεται δῆπου, φασίν, τοὺς νόμους ἐν τῇ πόλει ἐκάστοτε τὸ
κρατοῦν. ἢ γάρ;

Κλεινίας

ἀληθῆ λέγεις. [714δ]

Ἀθηναῖος

ἄρ' οὖν οἶει, φασίν, ποτὲ δῆμον νικήσαντα, ἢ τινα πολιτείαν ἄλλην,
ἢ καὶ τύραννον, θήσεσθαι ἐκόντα πρὸς ἄλλο τι πρῶτον νόμους ἢ τὸ
συμφέρον ἑαυτῷ τῆς ἀρχῆς τοῦ μένειν;

Κλεινίας

πῶς γὰρ ἂν;

Ἀθηναῖος

οὐκοῦν καὶ ὅς ἂν ταῦτα τὰ τεθέντα παραβαίνη, κολάσει ὁ θέμενος ὡς
ἀδικοῦντα, δίκαια εἶναι ταῦτ' ἐπονομάζων;

Κλεινίας

ἔοικε γοῦν.

Ἀθηναῖος

ταῦτ' ἄρ' αἰεὶ καὶ οὕτω καὶ ταύτῃ τὸ δίκαιον ἂν ἔχοι.

Κλεινίας

φησὶ γοῦν οὗτος ὁ λόγος.

Ἀθηναῖος

ἔστι γὰρ τοῦτο ἐν ἐκείνων τῶν ἀξιωματῶν [714ε] ἀρχῆς περί.

Κλεινίας

ποίων δὴ;

Ἀθηναῖος

τῶν ἃ τότε ἐπεσκοποῦμεν, τίνας τίνων ἄρχειν δεῖ. καὶ ἐφάνη δὴ γονέας μὲν ἐκγόνων, νεωτέρων δὲ πρεσβυτέρους, γενναίους δὲ ἀγεννῶν, καὶ σύχν' ἅττα ἦν ἄλλ', εἰ μεμνήμεθα, καὶ ἐμπόδια ἕτερα ἑτέροισι: καὶ δὴ καὶ ἐν ἧν [715α] αὐτῶν τοῦτο, καὶ ἔφαμέν που κατὰ φύσιν τὸν Πίνδαρον ἄγειν δικαιοῦντα τὸ βιαϊότατον, ὥς φάναι.

Κλεινίας

ναί, ταῦτ' ἦν ἃ τότε ἐλέχθη.

Ἀθηναῖος

σκόπει δὴ ποτέροις τισὶν ἢ πόλις ἡμῖν ἐστὶν παραδοτέα. γέγονεν γὰρ δὴ μυριάκις ἤδη τὸ τοιοῦτον ἐν τισὶ πόλεσιν.

Κλεινίας

τὸ ποῖον;

Ἀθηναῖος

ἀρχῶν περιμαχίτων γενομένων, οἱ νικήσαντες τὰ τε πράγματα κατὰ τὴν πόλιν οὕτως ἐσφετέρισαν σφόδρα, ὥστε ἀρχῆς μὴδ' ὀτιοῦν

μεταδιδόναι τοῖς ἡττηθεῖσιν, μήτε αὐτοῖς μήτε ἐκγόνοις, παραφυλάττοντες δὲ ἀλλήλους ζῶσιν, [715β] ὅπως μὴ ποτέ τις εἰς ἀρχὴν ἀφικόμενος ἐπαναστῇ μεμνημένος τῶν ἔμπροσθεν γεγονότων κακῶν. ταύτας δὴπου φαμέν ἡμεῖς νῦν οὐτ' εἶναι πολιτείας, οὐτ' ὀρθοὺς νόμους ὅσοι μὴ συμπάσης τῆς πόλεως ἔνεκα τοῦ κοινοῦ ἐτέθησαν: οἱ δ' ἔνεκά τινων, στασιώτας ἀλλ' οὐ πολίτας τούτους φαμέν, καὶ τὰ τούτων δίκαια ἅ φασιν εἶναι, μάτην εἰρῆσθαι. λέγεται δὲ τοῦδ' ἔνεκα ταῦθ' ἡμῖν, ὥς ἡμεῖς τῇ σῇ πόλει ἀρχὰς οὐθ' ὅτι πλούσιός ἐστίν τις δώσομεν, οὐθ' ὅτι τῶν [715ξ] τοιούτων ἄλλο οὐδὲν κεκτημένος, ἰσχὺν ἢ μέγεθος ἢ τι γένος: ὃς δ' ἂν τοῖς τεθεῖσι νόμοις εὐπειθέστατός τε ἦ καὶ νικᾷ ταύτην τὴν νίκην ἐν τῇ πόλει, τούτῳ φαμέν καὶ τὴν τῶν θεῶν ὑπηρεσίαν δοτέον εἶναι τὴν μεγίστην τῷ πρώτῳ, καὶ δευτέραν τῷ τὰ δεύτερα κρατοῦντι, καὶ κατὰ λόγον οὕτῳ τοῖς ἐφεξῆς τὰ μετὰ ταῦθ' ἕκαστα ἀποδοτέον εἶναι. τοὺς δ' ἄρχοντας λεγομένους νῦν ὑπηρετάς τοις νόμοις ἐκάλεσα [715δ] οὗτοι καινοτομίας ὀνομάτων ἔνεκα, ἀλλ' ἡγοῦμαι παντὸς μᾶλλον εἶναι παρὰ τοῦτο σωτηρίαν τε πόλει καὶ τὸνναντίον. ἐν ἣ μὲν γὰρ ἂν ἀρχόμενος ἦ καὶ ἄκυρος νόμος, φθορὰν ὀρῶ τῇ τοιαύτῃ ἐτοίμῃν οὖσαν: ἐν ἣ δὲ ἂν δεσπότης τῶν ἀρχόντων, οἱ δὲ ἄρχοντες δοῦλοι τοῦ νόμου, σωτηρίαν καὶ πάντα ὅσα θεοὶ πόλεσιν ἔδοσαν ἀγαθὰ γινόμενα καθορῶ.

Κλεινίας

ναὶ μὰ Δία, ὦ ξένε: καθ' ἡλικίαν γὰρ ὁξὺ βλέπεις.

Ἀθηναῖος

νέος μὲν γὰρ ὢν πᾶς ἄνθρωπος τὰ τοιαῦτα ἀμβλύτατα [715ε] αὐτὸς αὐτοῦ ὀρᾷ, γέρων δὲ ὁξύτατα.

Κλεινίας

ἀληθέστατα.

Ἀθηναῖος

τί δὴ τὸ μετὰ ταῦτα; ἄρ' οὐχ ἦκοντας μὲν καὶ παρόντας θῶμεν τοὺς ἐποίκους, τὸν δ' ἐξῆς αὐτοῖς διαπεραντέον ἂν εἶη λόγον;

Κλεινίας

πῶς γὰρ οὐ;

Ἀθηναῖος

“ἄνδρες” τοῖνυν φῶμεν πρὸς αὐτοῦς, “ὁ μὲν δὴ θεός, ὥσπερ καὶ ὁ παλαιὸς λόγος, ἀρχὴν τε καὶ τελευτὴν καὶ [716α] μέσα τῶν ὄντων ἀπάντων ἔχων, εὐθεία περαίνει κατὰ φύσιν περιπορευόμενος: τῷ δὲ ἀεὶ συνέπεται δίκη τῶν ἀπολειπομένων τοῦ θείου νόμου τιμωρός, ἧς ὁ μὲν εὐδαιμονήσῃν μέλλων ἐχόμενος συνέπεται ταπεινός καὶ κεκοσμημένος, ὁ δὲ τις ἐξαρθεὶς ὑπὸ μεγαλαυχίας, ἢ χρήμασιν ἐπαιρόμενος ἢ τιμαῖς, ἢ καὶ σώματος εὐμορφίᾳ ἅμα νεότητι καὶ ἀνοίᾳ φλέγεται τὴν ψυχὴν μεθ’ ὕβρεως, ὥς οὔτε ἄρχοντος οὔτε τινὸς ἡγεμόνος δεόμενος, ἀλλὰ καὶ ἄλλοις ἱκανὸς ὢν ἡγεῖσθαι, [716β] καταλείπεται ἔρημος θεοῦ, καταλειφθεὶς δὲ καὶ ἐτι ἄλλους τοιοῦτους προσλαβὼν σκιρτᾷ ταράττων πάντα ἅμα, καὶ πολλοῖς τισιν ἔδοξεν εἶναι τις, μετὰ δὲ χρόνον οὐ πολὺν ὑποσχὼν τιμωρίαν οὐ μεμπτὴν τῇ δίκῃ ἑαυτὸν τε καὶ οἶκον καὶ πόλιν ἄρδην ἀνάστατον ἐποίησεν. πρὸς ταῦτ’ οὖν οὕτω διατεταγμένα τί χρὴ δρᾶν ἢ διανοεῖσθαι καὶ τί μὴ τὸν ἔμφρονα;”

Τόμος 5

[726α] Αθηναῖος

ἀκούοι δὴ πᾶς ὅσπερ νυνδὴ τὰ περὶ θεῶν τε ἤκουε καὶ τῶν φίλων προπατόρων: πάντων γὰρ τῶν αὐτοῦ κτημάτων μετὰ θεοὺς ψυχὴ θειότατον, οἰκειότατον ὄν. τὰ δ' αὐτοῦ διττὰ πάντ' ἐστὶ πᾶσιν. τὰ μὲν οὖν κρείττω καὶ ἀμείνω δεσπόζοντα, τὰ δὲ ἥττω καὶ χείρω δοῦλα: τῶν οὖν αὐτοῦ τὰ δεσπόζοντα ἀεὶ προτιμητέον τῶν δουλευόντων. οὕτω δὴ τὴν αὐτοῦ ψυχὴν [727α] μετὰ θεοὺς ὄντας δεσπότης καὶ τοὺς τούτοις ἐπομένους τιμᾶν δεῖν λέγων δευτέραν, ὀρθῶς παρακελεύομαι. τιμᾷ δ' ὥς ἔπος εἰπεῖν ἡμῶν οὐδεὶς ὀρθῶς, δοκεῖ δέ: θεῖον γὰρ ἀγαθὸν που τιμῇ, τῶν δὲ κακῶν οὐδὲν τίμιον, ὃ δ' ἡγούμενος ἢ τισι λόγοις ἢ δώροις αὐτὴν αὔξειν ἢ τισιν ὑπείξεσιν, μηδὲν βελτίω δὲ ἐκ χείρονος αὐτὴν ἀπεργαζόμενος, τιμᾶν μὲν δοκεῖ, δρᾷ δὲ τοῦτο οὐδαμῶς. αὐτίκα παῖς εὐθύς γενόμενος ἄνθρωπος πᾶς ἡγεῖται πάντα ἱκανὸς εἶναι γινώσκειν, [727β] καὶ τιμᾶν οἶεται ἐπαινῶν τὴν αὐτοῦ ψυχὴν, καὶ προθυμούμενος ἐπιτρέπει πράττειν ὅτι ἂν ἐθέλῃ, τὸ δὲ νῦν λεγόμενόν ἐστιν ὡς δρῶν ταῦτα βλάπτει καὶ οὐ τιμᾷ: δεῖ δέ, ὥς φαμεν, μετὰ γε θεοὺς δευτέραν. οὐδέ γε ὅταν ἄνθρωπος τῶν αὐτοῦ ἐκάστοτε ἀμαρτημάτων μὴ ἑαυτὸν αἴτιον ἡγῇται καὶ τῶν πλείστων κακῶν καὶ μεγίστων, ἀλλὰ ἄλλους, ἑαυτὸν δὲ ἀεὶ ἀναίτιον ἐξαιρῇ, τιμῶν τὴν αὐτοῦ ψυχὴν, ὡς δὴ δοκεῖ, ὃ δὲ [727ξ] πολλοῦ δεῖ δρᾶν τοῦτο: βλάπτει γάρ. οὐδ' ὁπότεν ἡδοναῖς παρὰ λόγον τὸν τοῦ νομοθέτου καὶ ἔπαινον χαρίζεται, τότε οὐδαμῶς τιμᾷ, ἀτιμάζει δὲ κακῶν καὶ μεταμελείας ἐμπιμπλὰς αὐτήν. οὐδέ γε ὁπότεν αὖ τάναντία τοὺς ἐπαινουμένους πόνους καὶ φόβους καὶ ἀλγηδόνας καὶ λύπας μὴ διαπονῇ καρτερῶν ἀλλὰ ὑπέικη, τότε οὐ τιμᾷ ὑπέικων: ἄτιμον γὰρ αὐτὴν ἀπεργάζεται δρῶν τὰ τοιαῦτα σύμπαντα. οὐδ' ὁπότεν [727δ] ἡγῇται τὸ ζῆν πάντως ἀγαθὸν εἶναι, τιμᾷ, ἀτιμάζει δ' αὐτήν καὶ τότε: τὰ γὰρ ἐν Αἰδοῦ πράγματα πάντα κακὰ ἡγουμένης τῆς ψυχῆς εἶναι, ὑπέικει καὶ οὐκ ἀντιτείνει διδάσκων τε καὶ ἐλέγχων ὡς οὐκ οἶδεν οὐδ' εἰ τάναντία ἐφύκεν μέγιστα εἶναι πάντων ἀγαθῶν ἡμῖν τὰ περὶ τοὺς θεοὺς τοὺς ἐκεῖ. οὐδὲ μὴν πρὸ ἀρετῆς ὁπότεν αὖ προτιμᾷ τις κάλλος, τοῦτ' ἐστὶν οὐχ ἕτερον ἢ ἡ τῆς ψυχῆς ὄντως καὶ πάντως ἀτιμία. ψυχῆς γὰρ σῶμα

έντιμότερον οὗτος ὁ λόγος φησὶν εἶναι, [727ε] ψευδόμενος: οὐδὲν γὰρ γηγενὲς Ὀλυμπίων έντιμότερον, ἀλλ' ὁ περὶ ψυχῆς ἄλλως δοξάζων ἀγνοεῖ ὡς θαυμαστοῦ τούτου κτήματος ἀμελεῖ. οὐδέ γε ὁπόταν χρήματά τις ἐρᾷ κτᾶσθαι [728α] μὴ καλῶς, ἢ μὴ δυσχερῶς φέρη κτώμενος, δώροις ἄρα τιμᾷ τότε τὴν αὐτοῦ ψυχὴν-παντὸς μὲν οὖν λείπει-τὸ γὰρ αὐτῆς τίμιον ἅμα καὶ καλὸν ἀποδίδεται σμικροῦ χρυσίου: πᾶς γὰρ ὁ τ' ἐπὶ γῆς καὶ ὑπὸ γῆς χρυσὸς ἀρετῆς οὐκ ἀντάξιος. ὡς δὲ εἰπεῖν συλλήβδην, ὃς ἅπερ ἂν νομοθέτης αἰσχροῖα εἶναι καὶ κακὰ διαριθμούμενος τάττη καὶ τοῦναντίον ἀγαθὰ καὶ καλὰ, τῶν μὲν ἀπέχεσθαι μὴ ἐθέλῃ πάσῃ μηχανῇ, τὰ δὲ ἐπιτηδεύειν σύμπασαν κατὰ δύναμιν, οὐκ οἶδεν ἐν [728β] τούτοις πᾶσιν πᾶς ἄνθρωπος ψυχὴν θειότατον ὄν ἀτιμώτατα καὶ κακοσχημονέστατα διατιθεῖς. τὴν γὰρ λεγομένην δίκην τῆς κακουργίας τὴν μεγίστην οὐδεὶς ὡς ἔπος εἰπεῖν λογίζεται, ἔστιν δ' ἡ μεγίστη τὸ ὁμοιοῦσθαι τοῖς οὗσιν κακοῖς ἀνδράσιν, ὁμοιούμενον δὲ τοὺς μὲν ἀγαθοὺς φεύγειν ἄνδρας καὶ λόγους καὶ ἀποσχίζεσθαι, τοῖς δὲ προσκολλᾶσθαι διώκοντα κατὰ τὰς συνουσίας: προσπεφυκότα δὲ τοῖς τοιοῦτοις ἀνάγκη ποιεῖν [728ζ] καὶ πάσχειν ἃ πεφύκασιν ἀλλήλους οἱ τοιοῦτοι ποιεῖν καὶ λέγειν. τοῦτο οὖν δὴ τὸ πάθος δίκη μὲν οὐκ ἔστιν-καλὸν γὰρ τό γε δίκαιον καὶ ἡ δίκη-τιμωρία δέ, ἀδικίας ἀκόλουθος πάθη, ἧς ὁ τε τυχὼν καὶ μὴ τυγχάνων ἄθλιος, ὁ μὲν οὐκ ἰατρευόμενος, ὁ δέ, ἵνα ἕτεροι πολλοὶ σφάζονται, ἀπολλύμενος. τιμὴ δ' ἔστιν ἡμῖν, ὡς τὸ ὅλον εἰπεῖν, τοῖς μὲν ἀμείνοσιν ἔπεσθαι, τὰ δὲ χεῖρονα, γενέσθαι δὲ βελτίῳ δυνατὰ, τοῦτ' αὐτὸ ὡς ἄριστα ἀποτελεῖν.

ψυχῆς οὖν ἀνθρώπῳ κτῆμα οὐκ ἔστιν εὐφυέστερον εἰς [728δ] τὸ φυγεῖν μὲν τὸ κακόν, ἰχνεῦσαι δὲ καὶ ἐλεῖν τὸ πάντων ἄριστον, καὶ ἐλόντα αὐτῷ κοινῇ συνοικεῖν τὸν ἐπίλοιπον βίον: διὸ δεύτερον ἐτάχθη τιμῇ, τὸ δὲ τρίτον-πᾶς ἂν τοῦτό γε νοήσειεν-τὴν τοῦ σώματος εἶναι κατὰ φύσιν τιμὴν: τὰς δ' αὖ τιμὰς δεῖ σκοπεῖν, καὶ τούτων τίνες ἀληθεῖς καὶ ὅσαι κίβδηλοι, τοῦτο δὲ νομοθέτου. μηνύειν δὴ μοι φαίνεται τάσδε καὶ τοιάσδε τινὰς αὐτὰς εἶναι, τίμιον εἶναι σῶμα οὐ τὸ καλὸν οὐδὲ ἰσχυρὸν οὐδὲ τάχος ἔχον οὐδὲ μέγα, οὐδέ [728ε] γε τὸ ὑγιεινόν-καίτοι πολλοῖς ἂν τοῦτό γε δοκοῖ-καὶ μὴν οὐδὲ τὰ τούτων γ' ἐναντία, τὰ δ' ἐν τῷ μέσῳ ἀπάσης ταύτης τῆς ἔξωθεν ἐφαπτόμενα σωφρονέστατα ἅμα τε ἀσφαλέστατα εἶναι μακροῖ: τὰ μὲν γὰρ χαύνους τὰς ψυχὰς καὶ θρασεῖας ποιεῖ, τὰ δὲ ταπεινάς τε καὶ

ἀνελευθέρους. ὥς δ' αὐτως ἢ τῶν χρημάτων καὶ κτημάτων κτήσις, καὶ τιμήσεως κατὰ τὸν αὐτὸν ρυθμὸν ἔχει: τὰ μὲν ὑπέρογκα γὰρ ἐκάστων [729α] τούτων ἔχθρας καὶ στάσεις ἀπεργάζεται ταῖς πόλεσιν καὶ ἰδίᾳ, τὰ δ' ἐλλείποντα δουλείας ὥς τὸ πολὺ. μὴ δὲ τις φιλοχρημονεῖτω παίδων γ' ἔνεκα, ἵνα ὅτι πλουσιωτάτους καταλίπη: οὔτε γὰρ ἐκείνοις οὔτε αὖ τῇ πόλει ἄμεινον. ἢ γὰρ τῶν νέων ἀκολάκευτος οὐσία, τῶν δ' ἀναγκαίων μὴ ἐνδεής, αὕτη πασῶν μουσικωτάτη τε καὶ ἀρίστη: συμφωνοῦσα γὰρ ἡμῖν καὶ συναρμόττουσα εἰς ἅπαντα ἄλυπον τὸν [729β] βίον ἀπεργάζεται. παισὶν δὲ αἰδῶ χρηὴ πολλήν, οὐ χρυσὸν καταλείπειν. οἴομεθα δὲ ἐπιπλήττοντες τοῖς νέοις ἀναισχυνοῦσιν τοῦτο καταλείψειν: τὸ δ' ἔστιν οὐκ ἐκ τοῦ νῦν παρακελεύματος τοῖς νέοις γιγνόμενον, ὃ παρακελεύονται λέγοντες ὥς δεῖ πάντα αἰσχύνεσθαι τὸν νέον. ὁ δὲ ἔμφρων νομοθέτης τοῖς πρεσβυτέροις ἂν μᾶλλον παρακελεύοιτο αἰσχύνεσθαι τοὺς νέους, καὶ πάντων μάλιστα εὐλαβεῖσθαι μὴ ποτέ τις αὐτὸν ἴδῃ τῶν νέων ἢ καὶ ἐπακούσῃ δρῶντα ἢ [729ξ] λέγοντά τι τῶν αἰσχυρῶν, ὥς ὅπου ἀναισχυνοῦσι γέροντες, ἀνάγκη καὶ νέους ἐνταῦθα εἶναι ἀναιδεστάτους: παιδεία γὰρ νέων διαφέρουσά ἐστιν ἅμα καὶ αὐτῶν οὐ τὸ νουθετεῖν, ἀλλ' ἅπερ ἂν ἄλλον νουθετῶν εἴποι τις, φαίνεσθαι ταῦτα αὐτὸν δρῶντα διὰ βίου. συγγένειαν δὲ καὶ ὁμογνίων θεῶν κοινωνίαν πᾶσαν ταῦτοῦ φύσιν αἵματος ἔχουσιν τιμῶν τις καὶ σεβόμενος, εὖνους ἂν γενεθλίους θεοὺς εἰς παίδων αὐτοῦ σπορὰν ἴσχοι κατὰ λόγον. καὶ μὴν τό γε φίλων καὶ ἐταίρων [729δ] πρὸς τὰς ἐν βίῳ ὁμιλίας εὐμενεῖς ἂν τις κτῶτο, μείζους μὲν καὶ σεμνοτέρας τὰς ἐκείνων ὑπηρεσίας εἰς αὐτὸν ἡγούμενος ἢ 'κεῖνοι, ἐλάττους δ' αὖ τὰς αὐτοῦ διανοοῦμενος εἰς τοὺς φίλους χάριτας αὐτῶν τῶν φίλων τε καὶ ἐταίρων. εἰς μὴν πόλιν καὶ πολίτας μακρῷ ἄριστος ὅστις πρὸ τοῦ Ὀλυμπίαισιν καὶ ἀπάντων ἀγώνων πολεμικῶν τε καὶ εἰρηνικῶν νικᾷν δέξαιτ' ἂν δόξῃ ὑπηρεσίας τῶν οἴκοι νόμων, ὥς [729ε] ὑπηρετηκῶς πάντων κάλλιστ' ἀνθρώπων αὐτοῖς ἐν τῷ βίῳ. πρὸς δ' αὖ τοὺς ξένους διανοητέον ὥς ἀγιώτατα συμβόλαια ὄντα: σχεδὸν γὰρ πάντ' ἐστὶ τὰ τῶν ξένων καὶ εἰς τοὺς ξένους ἀμαρτήματα παρὰ τὰ τῶν πολιτῶν εἰς θεὸν ἀνηρτημένα τιμωρὸν μᾶλλον. ἔρημος γὰρ ὢν ὁ ξένος ἐταίρων τε καὶ συγγενῶν ἐλεεινότερος ἀνθρώποις καὶ θεοῖς: ὁ δυνάμενος οὖν τιμωρεῖν μᾶλλον βοηθεῖ προθυμότερον, δύναται [730α] δὲ διαφερόντως ὁ ξένιος ἐκάστων δαίμων καὶ θεὸς τῷ ξενίῳ συνεπόμενοι Δίι. πολλῆς οὖν

τὰ μὲν οὖν περὶ γονέας τε καὶ ἑαυτὸν καὶ τὰ ἑαυτοῦ, περὶ πόλιν τε

πάντων δὲ ἀνθρώποις: ἥς ὁ γενήσασθαι μέλλων μακάριός τε καὶ
εὐδαίμων ἐξ ἀρχῆς εὐθὺς μέτοχος εἶη, ἵνα ὥς πλεῖστον χρόνον

δεύτερον, τὸν δὲ φθονοῦντα καὶ ἐκόντα μηδενὶ κοινωνὸν διὰ φιλίας
γιγνόμενον ἀγαθῶν [731α] τινῶν αὐτὸν μὲν ψέγειν, τὸ δὲ κτῆμα
μηδὲν μᾶλλον διὰ τὸν κεκτημένον ἀτιμάζειν, ἀλλὰ κτᾶσθαι κατὰ
δύναμιν. φιλονικεῖτω δὲ ἡμῖν πᾶς πρὸς ἀρετὴν ἀφθόνως. ὁ μὲν γὰρ
τοιοῦτος τὰς πόλεις αὖξει, ἀμιλλώμενος μὲν αὐτός, τοὺς ἄλλους δὲ

οὐ κολούων διαβολαῖς: ὁ δὲ φθονερός, τῇ τῶν ἄλλων διαβολῇ δεῖν οἰόμενος ὑπερέχειν, αὐτός τε ἤττον συντείνει πρὸς ἀρετὴν τὴν ἀληθῆ, τοὺς τε ἀνθαμιλλωμένους εἰς ἀθυμίαν καθίστησι τῷ ἀδίκως ψέγεσθαι, καὶ διὰ ταῦτα [731β] ἀγύμναστον τὴν πόλιν ὅλην εἰς ἄμιλλαν ἀρετῆς ποιῶν, σμικροτέραν αὐτὴν πρὸς εὐδοξίαν τὸ ἑαυτοῦ μέρος ἀπεργάζεται. θυμοειδῇ μὲν δὴ χρὴ πάντα ἄνδρα εἶναι, πρᾶον δὲ ὡς ὅτι μάλιστα. τὰ γὰρ τῶν ἄλλων χαλεπὰ καὶ δυσίατα ἢ καὶ τὸ παράπαν ἀνίατα ἀδικήματα οὐκ ἔστιν ἄλλως ἐκφυγεῖν ἢ μαχόμενον καὶ ἀμυνόμενον νικῶντα καὶ τῷ μηδὲν ἀνιέναι κολάζοντα, τοῦτο δὲ ἄνευ θυμοῦ γενναίου ψυχῇ πᾶσα [731ξ] ἀδύνατος δρᾶν. τὰ δ' αὖ τῶν ὅσοι ἀδικοῦσιν μὲν, ἰατὰ δέ, γινώσκειν χρὴ πρῶτον μὲν ὅτι πᾶς ὁ ἄδικος οὐχ ἐκὼν ἄδικος: τῶν γὰρ μεγίστων κακῶν οὐδεὶς οὐδαμοῦ οὐδὲν ἐκὼν κεκτηῖτο ἂν ποτε, πολὺ δὲ ἥκιστα ἐν τοῖς τῶν ἑαυτοῦ τιμιωτάτοις. ψυχῇ δ', ὡς εἴπομεν, ἀληθείᾳ γέ ἐστιν πᾶσιν τιμιώτατον: ἐν οὖν τῷ τιμιωτάτῳ τὸ μέγιστον κακὸν οὐδεὶς ἐκὼν μὴ ποτε λάβῃ καὶ ζῇ διὰ βίου κεκτημένος αὐτό. ἀλλὰ ἐλεεινὸς μὲν πάντως ὁ γε ἄδικος καὶ ὁ τὰ κακὰ ἔχων, ἐλεεῖν [731δ] δὲ τὸν μὲν ἰάσιμα ἔχοντα ἐγγωρεῖ καὶ ἀνείργοντα τὸν θυμὸν πραῦνειν καὶ μὴ ἀκραχολοῦντα γυναικείως πικραινόμενον διατελεῖν, τῷ δ' ἀκράτως καὶ ἀπαραμυθῆτως πλημμελεῖ καὶ κακῷ ἐφίεναι δεῖ τὴν ὀργήν: διὸ δὴ θυμοειδῇ πρέπει καὶ πρᾶόν φαμεν ἐκάστοτε εἶναι δεῖν τὸν ἀγαθόν.

πάντων δὲ μέγιστον κακὸν ἀνθρώποις τοῖς πολλοῖς ἔμφυτον ἐν ταῖς ψυχαῖς ἐστιν, οὗ πᾶς αὐτῷ συγγνώμην ἔχων [731ε] ἀποφυγὴν οὐδεμίαν μηχανᾶται: τοῦτο δ' ἔστιν ὁ λέγουσιν ὡς φίλος αὐτῷ πᾶς ἄνθρωπος φύσει τέ ἐστιν καὶ ὀρθῶς ἔχει τὸ δεῖν εἶναι τοιοῦτον. τὸ δὲ ἀληθείᾳ γε πάντων ἀμαρτημάτων διὰ τὴν σφόδρα ἑαυτοῦ φιλίαν αἴτιον ἐκάστῳ γίγνεται ἐκάστοτε. τυφλοῦται γὰρ περὶ τὸ φιλούμενον ὁ φιλῶν, ὥστε τὰ δίκαια καὶ τὰ ἀγαθὰ καὶ τὰ καλὰ κακῶς [732α] κρίνει, τὸ αὐτοῦ πρὸ τοῦ ἀληθοῦς ἀεὶ τιμᾶν δεῖν ἡγούμενος: οὔτε γὰρ ἑαυτὸν οὔτε τὰ ἑαυτοῦ χρὴ τὸν γε μέγαν ἄνδρα ἐσόμενον στέργειν, ἀλλὰ τὰ δίκαια, ἐάντε παρ' αὐτῷ ἐάντε παρ' ἄλλῳ μᾶλλον πραττόμενα τυγχάνῃ. ἐκ ταύτου δὲ ἀμαρτήματος τούτου καὶ τὴν ἀμαθίαν τὴν παρ' αὐτῷ δοκεῖν σοφίαν εἶναι γέγονε πᾶσιν: ὅθεν οὐκ εἰδότες ὡς ἔπος εἰπεῖν οὐδέν, οἰόμεθα τὰ πάντα εἰδέναι, οὐκ ἐπιτρέποντες δὲ [732β] ἄλλοις ἢ μὴ ἐπιστάμεθα πράττειν, ἀναγκαζόμεθα ἀμαρτάνειν αὐτοὶ πράττοντες. διὸ πάντα ἄνθρωπον

χρὴ φεύγειν τὸ σφόδρα φιλεῖν αὐτόν, τὸν δ' ἑαυτοῦ βελτίῳ διώκειν αἰεὶ, μηδεμίαν αἰσχύνην ἐπὶ τῷ τοιούτῳ πρόσθεν ποιούμενον.

ἃ δὲ σμικρότερα μὲν τούτων καὶ λεγόμενα πολλάκις ἐστίν, χρήσιμα δὲ τούτων οὐχ ἦττον, χρὴ λέγειν ἑαυτὸν ἀναμνησκοντα: ὥσπερ γάρ τινος ἀπορρέοντος αἰεὶ δεῖ τοῦναντίον ἐπιρρεῖν, ἀνάμνησις δ' ἐστὶν ἐπιρροή φρονήσεως ἀπολειπούσης. [732ξ] διὸ δὴ γελώτων τε εἵργεσθαι χρὴ τῶν ἐξαισίων καὶ δακρύων, παραγγέλλειν δὲ παντὶ πάντ' ἄνδρα, καὶ ὅλην περιχάρειαν πᾶσαν ἀποκρυπτόμενον καὶ περιωδυνίαν εὐσχημονεῖν πειρᾶσθαι, κατὰ τε εὐπραγίας ἱσταμένου τοῦ δαίμονος ἐκάστου, καὶ κατὰ τύχας οἷον πρὸς ὑψηλὰ καὶ ἀνάντη δαιμόνων ἀνθισταμένων τισὶν πράξειςιν, ἐλπίζειν δ' αἰεὶ τοῖς γε ἀγαθοῖσι τὸν θεὸν ἃ δωρεῖται πόνων μὲν ἐπιπιπτόντων [732δ] ἀντὶ μειζόνων ἐλάττους ποιήσιν τῶν τ' αὖ νῦν παρόντων ἐπὶ τὸ βέλτιον μεταβολάς, περὶ δὲ τὰ ἀγαθὰ τὰ ἐναντία τούτων αἰεὶ πάντ' αὐτοῖς παραγενήσεσθαι μετ' ἀγαθῆς τύχης. ταύταις δὴ ταῖς ἐλπίσιν ἕκαστον χρὴ ζῆν καὶ ταῖς ὑπομνήσεσι πάντων τῶν τοιούτων, μηδὲν φειδόμενον, ἀλλ' αἰεὶ κατὰ τε παιδίας καὶ σπουδὰς ἀναμνησκοντα ἕτερόν τε καὶ ἑαυτὸν σαφῶς.

νῦν οὖν δὴ περὶ μὲν ἐπιτηδευμάτων, οἷα χρὴ ἐπιτηδεύειν, [732ε] καὶ περὶ αὐτοῦ ἐκάστου, ποῖόν τινα χρεὼν εἶναι, λέλεκται σχεδὸν ὅσα θεῖά ἐστι, τὰ δὲ ἀνθρώπινα νῦν ἡμῖν οὐκ εἴρηται, δεῖ δέ: ἀνθρώποις γὰρ διαλεγόμεθα ἀλλ' οὐ θεοῖς. ἐστὶν δὴ φύσει ἀνθρώπειον μάλιστα ἡδοναὶ καὶ λῦπαι καὶ ἐπιθυμίαι, ἐξ ὧν ἀνάγκη τὸ θνητὸν πᾶν ζῶον ἀτεχνῶς οἷον ἐξηρτησθῆαι τε καὶ ἐκκρεμάμενον εἶναι σπουδαῖς ταῖς μεγίσταις: δεῖ δὴ τὸν κάλλιστον βίον ἐπαινεῖν, μὴ μόνον ὅτι τῷ [733α] σχήματι κρατεῖ πρὸς εὐδοξίαν, ἀλλὰ καὶ ὥς, ἂν τις ἐθέλῃ γεύεσθαι καὶ μὴ νέος ὧν φυγὰς ἀπ' αὐτοῦ γένηται, κρατεῖ καὶ τούτῳ ὃ πάντες ζητοῦμεν, τῷ χαίρειν πλείω, ἐλάττω δὲ λυπεῖσθαι παρὰ τὸν βίον ἅπαντα. ὥς δὲ ἔσται τοῦτο σαφές, ἂν γεύηται τις ὀρθῶς, ἐτοίμως καὶ σφόδρα φανήσεται. ἡ δὲ ὀρθότης τίς; τοῦτο ἤδη παρὰ τοῦ λόγου χρὴ λαμβάνοντα σκοπεῖν: εἴτε οὕτως ἡμῖν κατὰ φύσιν πέφυκεν εἴτε ἄλλως παρὰ φύσιν, βίον χρὴ παρὰ βίον ἡδίω καὶ λυπηρότερον ὧδε σκοπεῖν. ἡδονὴν βουλόμεθα ἡμῖν εἶναι, [733β] λύπην δὲ οὐθ' αἰρούμεθα οὔτε βουλόμεθα, τὸ δὲ μηδέτερον ἀντὶ μὲν ἡδονῆς οὐ βουλόμεθα, λύπης δὲ ἀλλάττεσθαι βουλόμεθα: λύπην δ' ἐλάττω μετὰ

μείζονος ἡδονῆς βουλόμεθα, ἡδονὴν δ' ἐλάττω μετὰ μείζονος λύπης οὐ βουλόμεθα, ἴσα δὲ ἀντὶ ἴσων ἐκάτερα τούτων οὐχ ὥς βουλόμεθα ἔχοιμεν ἂν διασαφεῖν. ταῦτα δὲ πάντα ἐστὶν πλήθει καὶ μεγέθει καὶ σφοδρότησιν ἰσότησιν τε, καὶ ὅσα ἐναντία ἐστὶν πᾶσι τοῖς τοιούτοις πρὸς βούλησιν, διαφέροντά τε καὶ μηδὲν [733ξ] διαφέροντα πρὸς αἵρεσιν ἐκάστων. οὕτω δὴ τούτων ἐξ ἀνάγκης διακεκοσμημένων, ἐν ᾧ μὲν βίῳ ἔνεστι πολλὰ ἐκάτερα καὶ μεγάλα καὶ σφοδρά, ὑπερβάλλει δὲ τὰ τῶν ἡδονῶν, βουλόμεθα, ἐν ᾧ δὲ τὰ ἐναντία, οὐ βουλόμεθα: καὶ αὖ ἐν ᾧ ὀλίγα ἐκάτερα καὶ σμικρὰ καὶ ἡρεμαῖα, ὑπερβάλλει δὲ τὰ λυπηρά, οὐ βουλόμεθα, ἐν ᾧ δὲ τὰναντία, βουλόμεθα. ἐν ᾧ δ' αὖ βίῳ ἰσορροπεῖ, καθάπερ ἐν τοῖς πρόσθεν δεῖ διανοεῖσθαι: τὸν ἰσορροπον βίον ὥς τῶν μὲν ὑπερβαλλόντων [733δ] τῷ φίλῳ ἡμῖν βουλόμεθα, τῶν δ' αὖ τοῖς ἐχθροῖς οὐ βουλόμεθα. πάντας δὴ δεῖ διανοεῖσθαι τοὺς βίους ἡμῶν ὥς ἐν τούτοις ἐνδεδεμένοι πεφυκάσιν, καὶ δεῖ διανοεῖσθαι ποίους φύσει βουλόμεθα: εἰ δέ τι παρὰ ταῦτα ἄρα φαμέν βούλεσθαι, διὰ τινα ἄγνοϊαν καὶ ἀπειρίαν τῶν ὄντων βίων αὐτὰ λέγομεν.

ταῦτα δ' ἐστὶ ψυχὴ καὶ σῶμα, ἃ χωρὶς γυμναστικῆς καὶ [743ε] τῆς ἄλλης παιδείας οὐκ ἂν ποτε γένοιτο ἄξια λόγου. διὸ δὴ χρημάτων ἐπιμέλειαν οὐχ ἅπαξ εἰρήκαμεν ὥς χρὴ τελευταῖον τιμᾶν: ὄντων γὰρ τριῶν τῶν ἀπάντων περὶ ἃ πᾶς ἄνθρωπος σπουδάζει, τελευταῖον καὶ τρίτον ἐστὶν ἡ τῶν χρημάτων ὀρθῶς σπουδαζομένη σπουδὴ, σώματος δὲ πέρι μέση, πρώτη δὲ ἡ τῆς ψυχῆς. καὶ δὴ καὶ νῦν ἦν διεξερχόμεθα πολιτείαν, εἰ μὲν τὰς τιμὰς οὕτω τάττεται, ὀρθῶς νενομοθέτηται: εἰ δέ τις τῶν προσταττομένων αὐτόθι νόμων [744α] σωφροσύνης ἔμπροσθεν ὑγίειαν ἐν τῇ πόλει φανεῖται ποιῶν τιμίαν, ἢ πλοῦτον ὑγείας καὶ τοῦ σωφρονεῖν, οὐκ ὀρθῶς ἀναφανεῖται τιθέμενος. τοῦτ' οὖν δὴ πολλάκις ἐπισημαίνεσθαι χρὴ τὸν νομοθέτην-τί τε βούλομαι; καὶ εἴ μοι συμβαίνει τοῦτο ἢ καὶ ἀποτυγχάνω τοῦ σκοποῦ;-καὶ οὕτω τάχ' ἂν ἴσως ἐκ τῆς νομοθεσίας αὐτός τε ἐκβαίνοι καὶ τοὺς ἄλλους ἀπαλλάττοι, κατ' ἄλλον δὲ τρόπον οὐδ' ἂν ἓνα ποτέ.

ὁ δὴ λαχὼν κεκτήσθω, φαμέν, τὸν κλῆρον ἐπὶ τούτοις [744β] οἷς εἰρήκαμεν. ἦν μὲν δὴ καλὸν καὶ τᾶλλα ἴσα πάντ' ἔχοντα ἓνα ἕκαστον ἐλθεῖν εἰς τὴν ἀποικίαν: ἐπειδὴ δὲ οὐ δυνατόν, ἀλλ' ὁ μὲν τις πλείω κεκτημένος ἀφίξεται χρήματα, ὁ δ' ἐλάττονα, δεῖ δὴ πολλῶν ἕνεκα, τῶν τε κατὰ πόλιν καιρῶν ἰσότητος ἕνεκα, τιμήματα ἄνισα γενέσθαι, ἵνα ἀρχαί τε καὶ εἰσφοραὶ καὶ διανομαί, τὴν τῆς ἀξίας ἐκάστοις τιμὴν μὴ κατ' ἀρετὴν μόνον τὴν τε προγόνων καὶ τὴν αὐτοῦ, [744ξ] μηδὲ κατὰ σωμάτων ἰσχύος καὶ εὐμορφίας, ἀλλὰ καὶ κατὰ πλούτου χρῆσιν καὶ πενίαν, τὰς τιμὰς τε καὶ ἀρχὰς ὥς ἰσαίτατα τῷ ἀνίσφω συμμέτρῳ δὲ ἀπολαμβάνοντες μὴ διαφέρωνται. τούτων χάριν τέτταρα μεγέθει τῆς οὐσίας τιμήματα ποιεῖσθαι χρεῶν, πρώτους καὶ δευτέρους καὶ τρίτους καὶ τετάρτους, ἢ τισιν ἄλλοις προσαγορευομένους ὀνόμασιν, ὅταν τε μένωσιν ἐν τῷ αὐτῷ τιμήματι καὶ ὅταν πλουσιώτεροι ἐκ πενήτων καὶ ἐκ πλουσίων πένητες γιγνόμενοι [744δ] μεταβαίνωσιν εἰς τὸ προσῆκον ἕκαστοι ἑαυτοῖσιν τίμημα.

τόδε δ' ἐπὶ τούτοις αὖ νόμου σχῆμα ἔγωγε ἂν τιθεῖν ὥς ἐπόμενον. δεῖ γὰρ ἐν πόλει που, φαμέν, τῇ τοῦ μεγίστου νοσήματος οὐ μεθεξούση, ὃ διάστασιν ἢ στάσιν ὀρθότερον ἂν εἴη κεκλησθαι, μήτε πενίαν τὴν χαλεπὴν ἐνεῖναι παρά τισιν τῶν πολιτῶν μήτε αὖ πλοῦτον, ὥς ἀμφοτέρων τικτόντων ταῦτα ἀμφοτέρα: νῦν οὖν ὅρον

τὸ δὴ μετὰ τοῦτο πρῶτον μὲν τὴν πόλιν ἰδρῦσθαι δεῖ τῆς χώρας ὅτι μάλιστα ἐν μέσῳ, καὶ τᾶλλα ὅσα πρόσφορα πόλει τῶν ὑπαρχόντων ἔχοντα τόπον ἐκλεξάμενον, ἃ νοῆσαι τε καὶ εἰπεῖν οὐδὲν χαλεπόν: μετὰ δὲ ταῦτα μέρη δώδεκα διελέσθαι, θέμενον Ἑστίας πρῶτον καὶ Διὸς καὶ Ἀθηνᾶς ἱερόν, ἀκρόπολιν ὀνομάζοντα, κύκλον περιβάλλοντα, ἀφ' [745ξ] οὗ τὰ δώδεκα μέρη τέμνειν τὴν τε πόλιν αὐτὴν καὶ πᾶσαν τὴν χώραν. ἴσα δὲ δεῖ γίνεσθαι τὰ δώδεκα μέρη τῷ τὰ μὲν ἀγαθῆς γῆς εἶναι σμικρά, τὰ δὲ χείρονος μεῖζω. κλήρους δὲ διελεῖν τετταράκοντα καὶ πεντακισχιλίους, τούτων τε αὖ δίχα τεμεῖν ἕκαστον καὶ συγκληρῶσαι δύο τμήματα, τοῦ τε ἐγγὺς καὶ τοῦ πόρρω μετέχοντα ἑκάτερον: τὸ πρὸς τῇ πόλει μέρος τῷ πρὸς τοῖς ἐσχάτοις εἶς κλῆρος, καὶ τὸ [745δ] δεύτερον ἀπὸ πόλεως τῷ ἀπ' ἐσχάτων δευτέρῳ, καὶ τᾶλλα οὕτως πάντα. μηχανᾶσθαι δὲ καὶ ἐν τοῖς δίχα τμήμασι τὸ νυνδὴ λεγόμενον φαυλότητός τε καὶ ἀρετῆς χώρας, ἐπανισουμένους τῷ πλήθει τε καὶ ὀλιγότητι τῆς διανομῆς. νείμασθαι δὲ δὴ καὶ τοὺς ἄνδρας δώδεκα μέρη, τὴν τῆς ἄλλης οὐσίας εἰς ἴσα ὅτι μάλιστα τὰ δώδεκα μέρη συνταξάμενον, ἀπογραφῆς πάντων γενομένης: καὶ δὴ καὶ μετὰ τοῦτο δώδεκα θεοῖς δώδεκα κλήρους θέντας, ἐπονομάσαι καὶ καθιερῶσαι [745ε] τὸ λαχὼν μέρος ἐκάστῳ τῷ θεῷ, καὶ φυλὴν αὐτὴν ἐπονομάσαι. τέμνειν δ' αὖ καὶ τὰ δώδεκα τῆς πόλεως τμήματα τὸν αὐτὸν τρόπον ὥνπερ καὶ τὴν ἄλλην χώραν

Τόμος 6

[751α] Ἀθηναῖος

ἀλλὰ μὴν μετὰ γε πάντα τὰ νῦν εἰρημένα σχεδὸν ἂν ἀρχῶν εἶέν σοι καταστάσεις τῇ πόλει.

Κλεινίας

ἔχει γὰρ οὖν οὕτω.

Ἀθηναῖος

δύο εἶδη ταῦτα περὶ πολιτείας κόσμον γιγνόμενα τυγχάνει, πρῶτον μὲν καταστάσεις ἀρχῶν τε καὶ ἀρξόντων, ὅσας τε αὐτὰς εἶναι δεῖ καὶ τρόπον ὄντινα καθισταμένας; ἔπειτα οὕτω δὴ τοὺς νόμους ταῖς ἀρχαῖς ἐκάσταις ἀποδοτέον, [751β] οὐστινάς τε αὖ καὶ ὅσους καὶ οἴους προσήκον ἂν ἐκάσταις εἴη. σμικρὸν δὲ ἐπισχόντες πρὸ τῆς αἰρέσεως, εἴπωμεν προσήκοντά τινα λόγον περὶ αὐτῆς ῥηθῆναι.

Κλεινίας

τίνα δὴ τοῦτον;

Ἀθηναῖος

τόνδε. παντὶ που δῆλον τὸ τοιοῦτον, ὅτι μεγάλου τῆς νομοθεσίας ὄντος ἔργου, τοῦ πόλιν εὖ παρεσκευασμένην ἀρχὰς ἀνεπιτηδείους ἐπιστῆσαι τοῖς εὖ κειμένοις νόμοις, οὐ μόνον οὐδὲν πλέον εὖ τεθέντων, οὐδ' ὅτι γέλως ἂν πάμπολυς [751ξ] συμβαίνοι, σχεδὸν δὲ βλάβαι καὶ λῶβαι πολὺ μέγιστα ταῖς πόλεσι γίγνιντ' ἂν ἐξ αὐτῶν.

Κλεινίας

πῶς γὰρ οὐ;

Ἀθηναῖος

τοῦτο τοίνυν νοήσωμέν σοι περὶ τῆς νῦν, ὦ φίλε, πολιτείας τε καὶ πόλεως συμβαῖνον. ὁρᾷς γὰρ ὅτι πρῶτον μὲν δεῖ τοὺς ὀρθῶς ἰόντας ἐπὶ τὰς τῶν ἀρχῶν δυνάμεις βάσανον ἱκανὴν αὐτοὺς τε καὶ γένος

Κλεινίας

σχεδὸν οὐκ ἂν ποτε.

Ἀθηναῖος

ἀλλὰ γὰρ ἀγῶνα προφάσεις φασὶν οὐ πάνυ δέχεσθαι: καὶ δὴ καὶ σοὶ τοῦτο νῦν καὶ ἐμοὶ ποιητέον, ἐπεὶ [751ε] σὺ μὲν δὴ τὴν πόλιν ὑπέστης τῷ Κρητῶν ἔθνει προθύμως κατοικεῖν δέκατος αὐτός, ὥς φῆς, τὰ νῦν, ἐγὼ δ' αὖ σοὶ [752α] συλλήψεσθαι κατὰ τὴν παροῦσαν ἡμῖν τὰ νῦν μυθολογίαν. οὐκ οὐν δήπου λέγων γε ἂν μῦθον ἀκέφαλον ἐκὼν καταλίποιμι: πλανώμενος γὰρ ἂν ἀπάντη τοιοῦτος ὢν ἄμορφος φαίνοιτο.

Κλεινίας

ἄριστ' εἴρηκας, ὦ ξένε.

Ἀθηναῖος

οὐ μόνον γε, ἀλλὰ καὶ δράσω κατὰ δύναμιν οὕτω.

Κλεινίας

πάνυ μὲν οὖν ποιῶμεν ἥπερ καὶ λέγομεν.

Ἀθηναῖος

ἔσται ταῦτ', ἂν θεὸς ἐθέλῃ καὶ γήρως ἐπικρατῶμεν τό γε τοσοῦτον.

Κλεινίας

ἀλλ' εἰκὸς ἐθέλειν.

Ἀθηναῖος

εἰκὸς γὰρ οὖν. ἐπόμενοι δὲ αὐτῷ λάβωμεν καὶ τόδε.

τίνα οὖν ἐπὶ τούτῳ πόρον καὶ λόγον ἀνευρίσκομεν;

Ἀθηναῖος

Κλεινίας

ὀρθότατα λέγεις.

Ἀθηναῖος

νῦν δὴ περὶ μὲν δικαστήρια ἡμῖν-ἃ δὴ φαμεν οὐθ' ὥς ἀρχὰς οὔτε ὥς μὴ ῥάδιον εἰπόντα ἀναμφισβητήτως εἰρηκέναι-περὶ μὲν ταῦτα οἷον περιγραφή τις ἔξωθεν περιγεγραμμένη τὰ μὲν εἴρηκεν, τὰ δ' ἀπολείπει σχεδόν: πρὸς γὰρ τέλει νομοθεσίας ἢ δικῶν ἀκριβῆς νόμων θέσις ἅμα καὶ διαίρεσις ὀρθότατα γίγνεται ἂν μακρῷ. ταύταις μὲν οὖν [768δ] εἰρήσθω πρὸς τῷ τέλει περιμένειν ἡμᾶς, αἱ δὲ περὶ τὰς ἄλλας ἀρχὰς καταστάσεις σχεδὸν τὴν πλείστην εὐλήφασιν νομοθεσίαν: τὸ δὲ ὅλον καὶ ἀκριβὲς περὶ ἐνός τε καὶ πάντων τῶν κατὰ πόλιν καὶ πολιτικὴν πᾶσαν διοικήσεων οὐκ ἔστιν γενέσθαι σαφές, πρὶν ἂν ἡ διέξοδος ἀπ' ἀρχῆς τὰ τε δευτέρα καὶ τὰ μέσα καὶ πάντα μέρη τὰ ἐαυτῆς ἀπολαβοῦσα πρὸς τέλος ἀφίκηται. νῦν μὴν ἐν τῷ παρόντι μέχρι τῆς τῶν [768ε] ἀρχόντων αἰρέσεως γενομένης τελευτὴ μὲν τῶν ἔμπροσθεν αὕτη γίγνεται ἂν ἰκανή, νόμων δὲ θέσεως ἀρχὴ καὶ ἀναβολῶν ἅμα καὶ ὄκνων οὐδὲν ἔτι δεομένη.

κάλλιστα, ὦ ξένε, διεμνημόνευσας, ἔλαβές τε τοῦ λόγου καιρὸν καὶ μάλ' ἐμοὶ δοκοῦντ' εἶναι σύμμετρον.

Ἀθηναῖος

εὖ λέγεις. ὦ παῖ, τοίνυν φῶμεν ἀγαθῶν πατέρων [773α] φύντι, τοὺς παρὰ τοῖς ἔμφορσιν εὐδόξους γάμους χρῆ γαμεῖν, οἳ σοι παραινοῖεν

ἂν μὴ φεύγειν τὸν τῶν πενήτων μηδὲ τὸν τῶν πλουσίων διώκειν
διαφερόντως γάμον, ἀλλ' ἐὰν τᾶλλα ισάξῃ, τὸν ὑποδεέστερον ἀεὶ
τιμῶντα εἰς τὴν κοινωνίαν συνιέναι. τῇ τε γὰρ πόλει σύμφορον ἂν
εἴη ταύτῃ ταῖς τε συνιούσαις ἐστίαις: τὸ γὰρ ὁμαλὸν καὶ σύμμετρον
ἀκράτου μυρίον διαφέρει πρὸς ἀρετὴν. κοσμίῳ τε πατέρων χρή
[773β] προθυμεῖσθαι γίγνεσθαι κηδεστὴν τὸν αὐτῷ συνειδόμενον
ἰταμώτερον ἅμα καὶ θάττον τοῦ δέοντος πρὸς πάσας τὰς πράξεις
φερόμενον: τὸν δ' ἐναντίως πεφυκότα ἐπὶ τὰναντία χρή κηδεύματα
πορεύεσθαι. καὶ κατὰ παντὸς εἰς ἔστω μῦθος γάμου: τὸν γὰρ τῇ
πόλει δεῖ συμφέροντα μνηστεύειν γάμον ἕκαστον, οὐ τὸν ἥδιστον
αὐτῷ. φέρεται δὲ πῶς πᾶς ἀεὶ κατὰ φύσιν πρὸς τὸν ὁμοιότατον αὐτῷ,
ὅθεν ἀνώμαλος ἢ [773ξ] πόλις ὅλη γίγνεται χρήμασιν τε καὶ τρόπων
ἡθεσιν: ἐξ ὧν ἂ μὴ βουλόμεθα συμβαίνειν ἡμῖν, καὶ μάλιστα
συμβαίνει ταῖς πλείσταις πόλεσι. ταῦτα δὴ διὰ λόγου μὲν νόμῳ
προστάττειν, μὴ γαμεῖν πλούσιον πλουσίῳ, μηδὲ πολλὰ δυνάμενον
πράττειν ἄλλου τοιούτου, θάττους δὲ ἡθεσι πρὸς βραδυτέρους καὶ
βραδυτέρους πρὸς θάττους ἀναγκάζειν τῇ τῶν γάμων κοινωνίᾳ
πορεύεσθαι, πρὸς τῷ γελοῖᾳ εἶναι θυμὸν ἂν ἐγείραι πολλοῖς: οὐ γὰρ
ῥᾷδιον ἐννοεῖν ὅτι πόλιν εἶναι [773δ] δεῖ δίκην κρατῆρος
κεκραμένην, οὗ μαινόμενος μὲν οἶνος ἐγκεχυμένος ζεῖ, κολαζόμενος
